

# Inflammatory mediator regulation of

## all genes

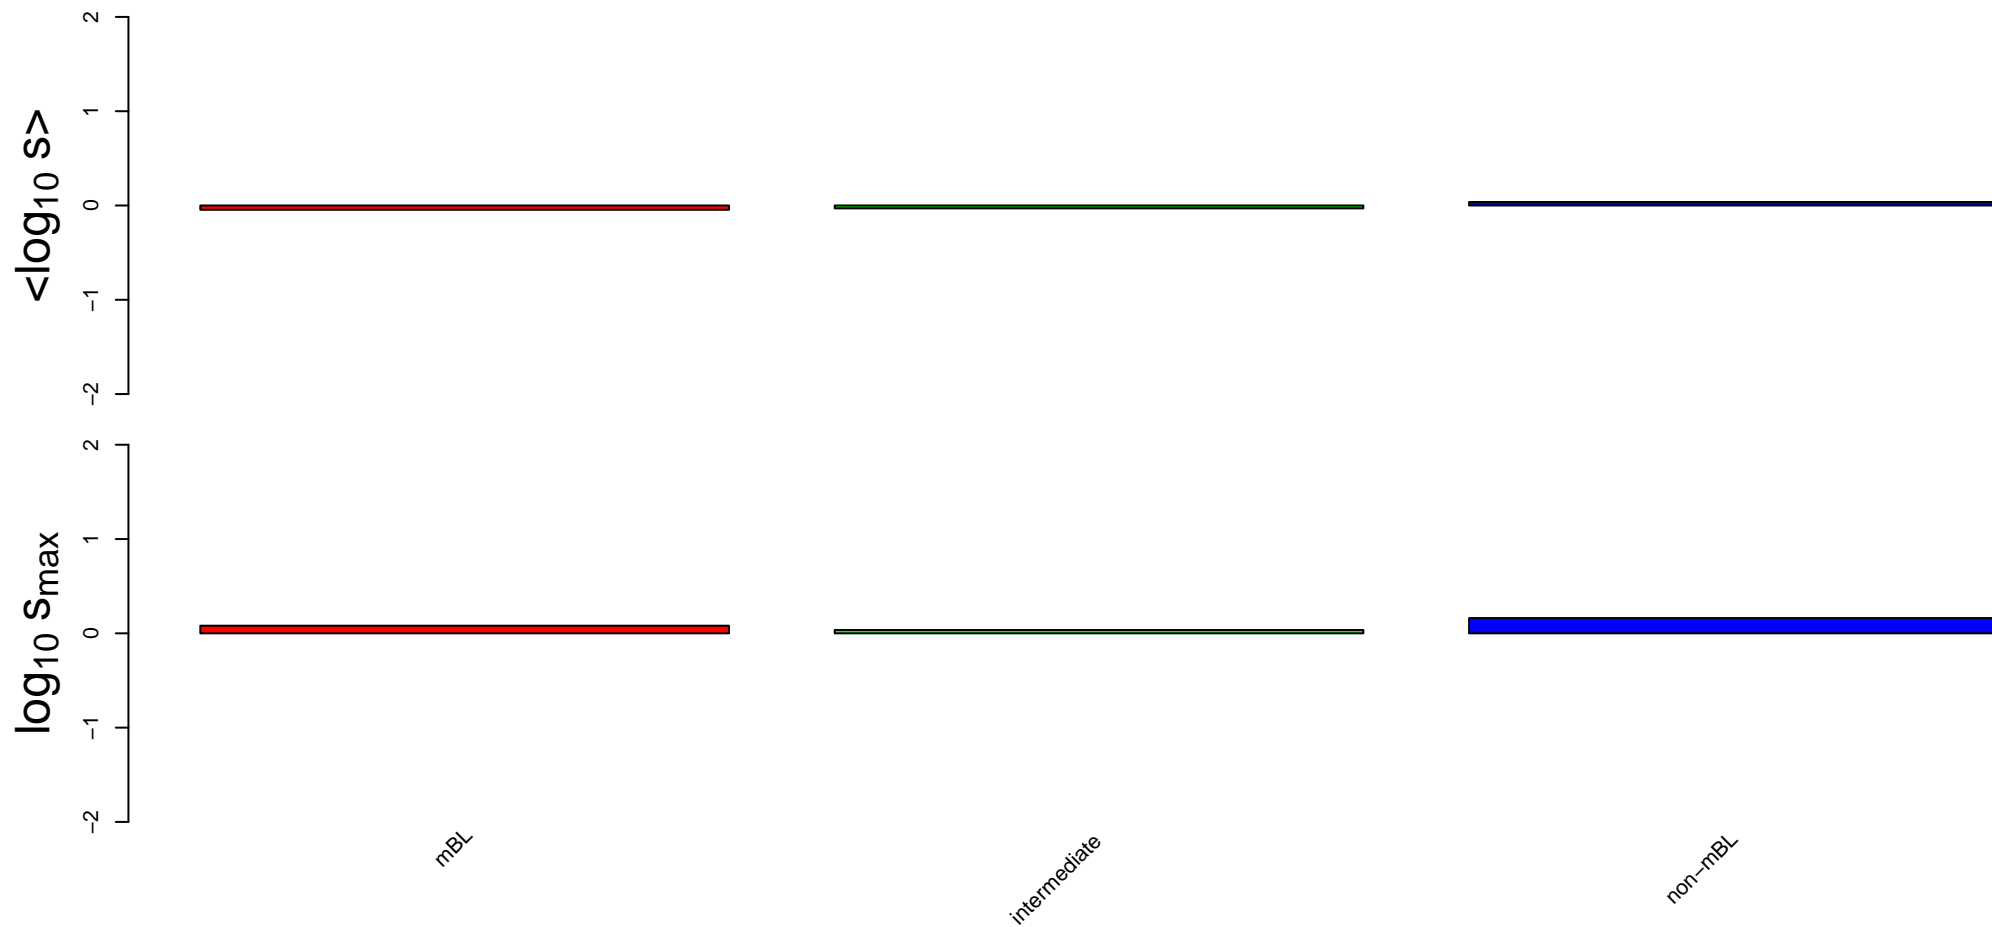

maximum = 9

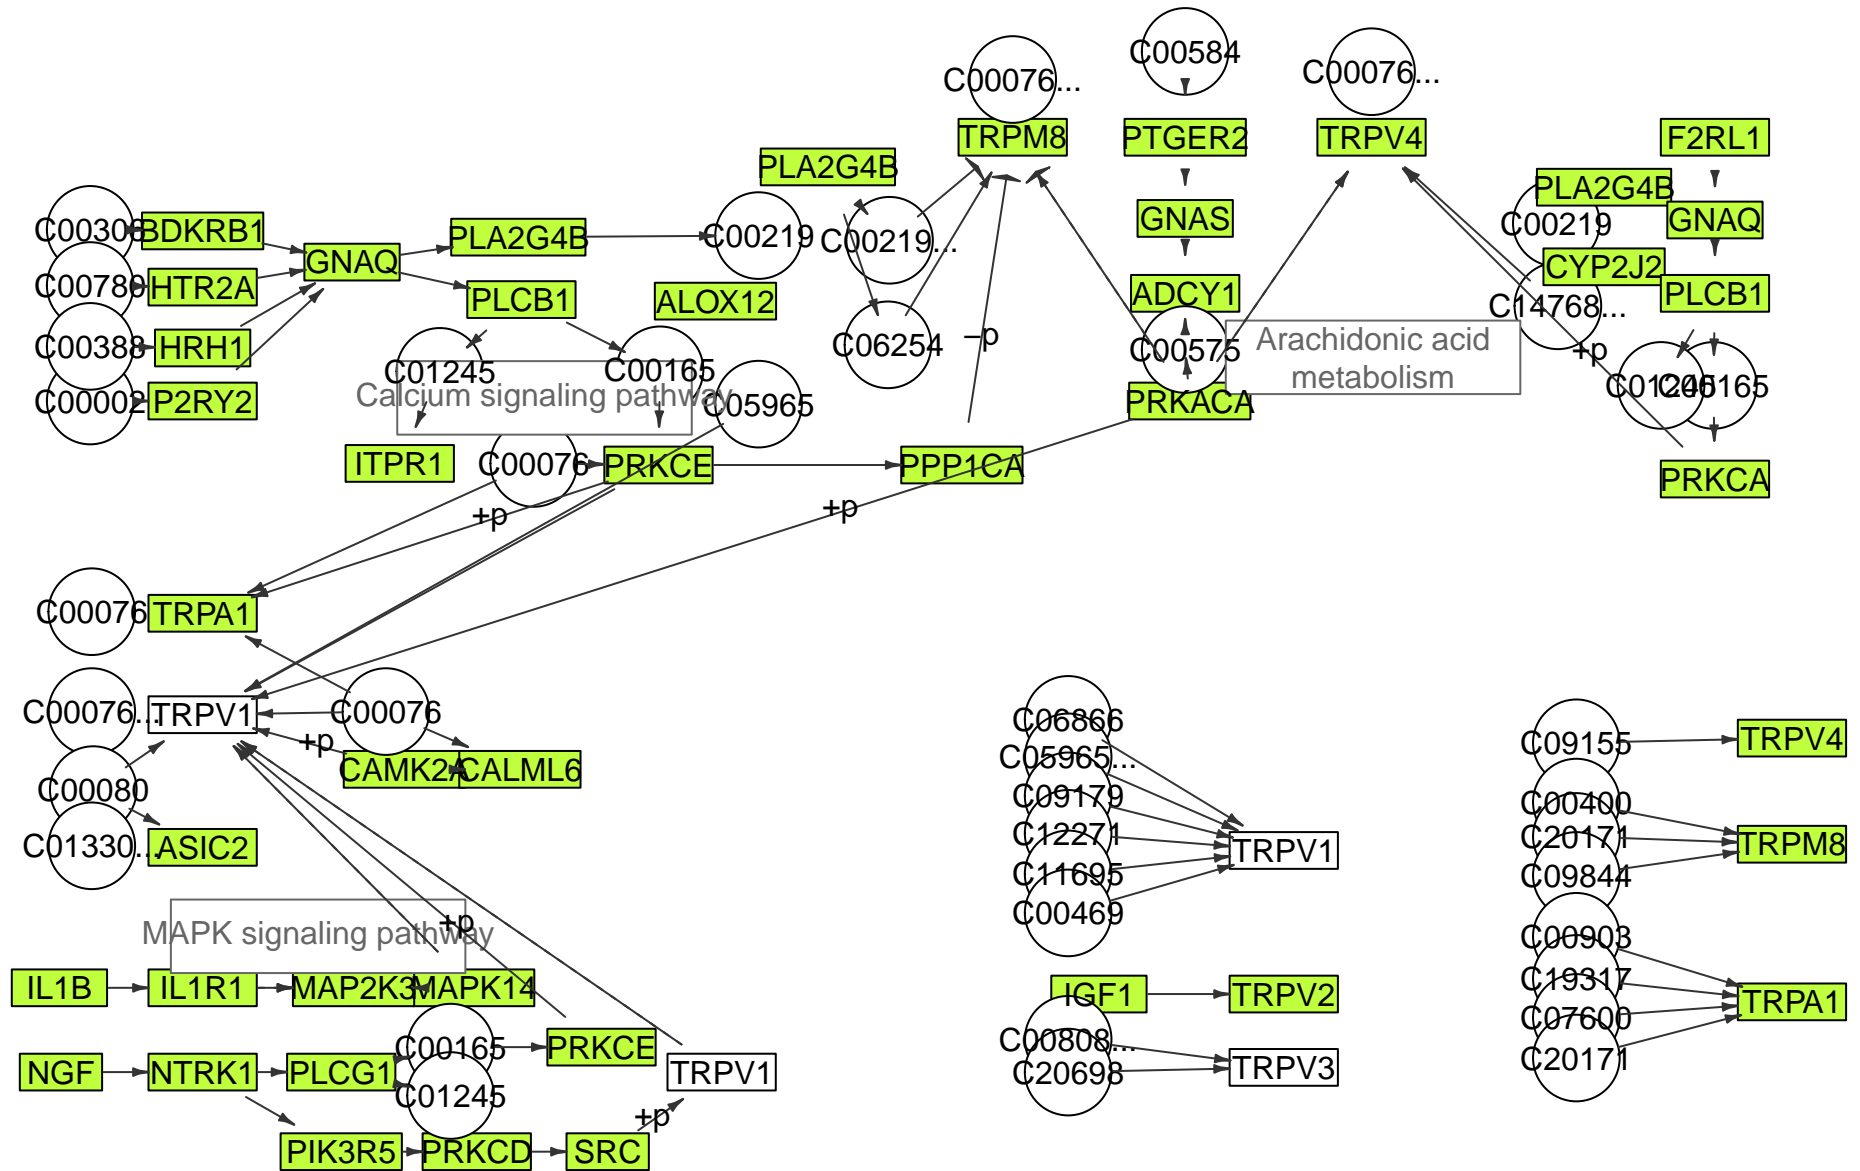

## sink node genes

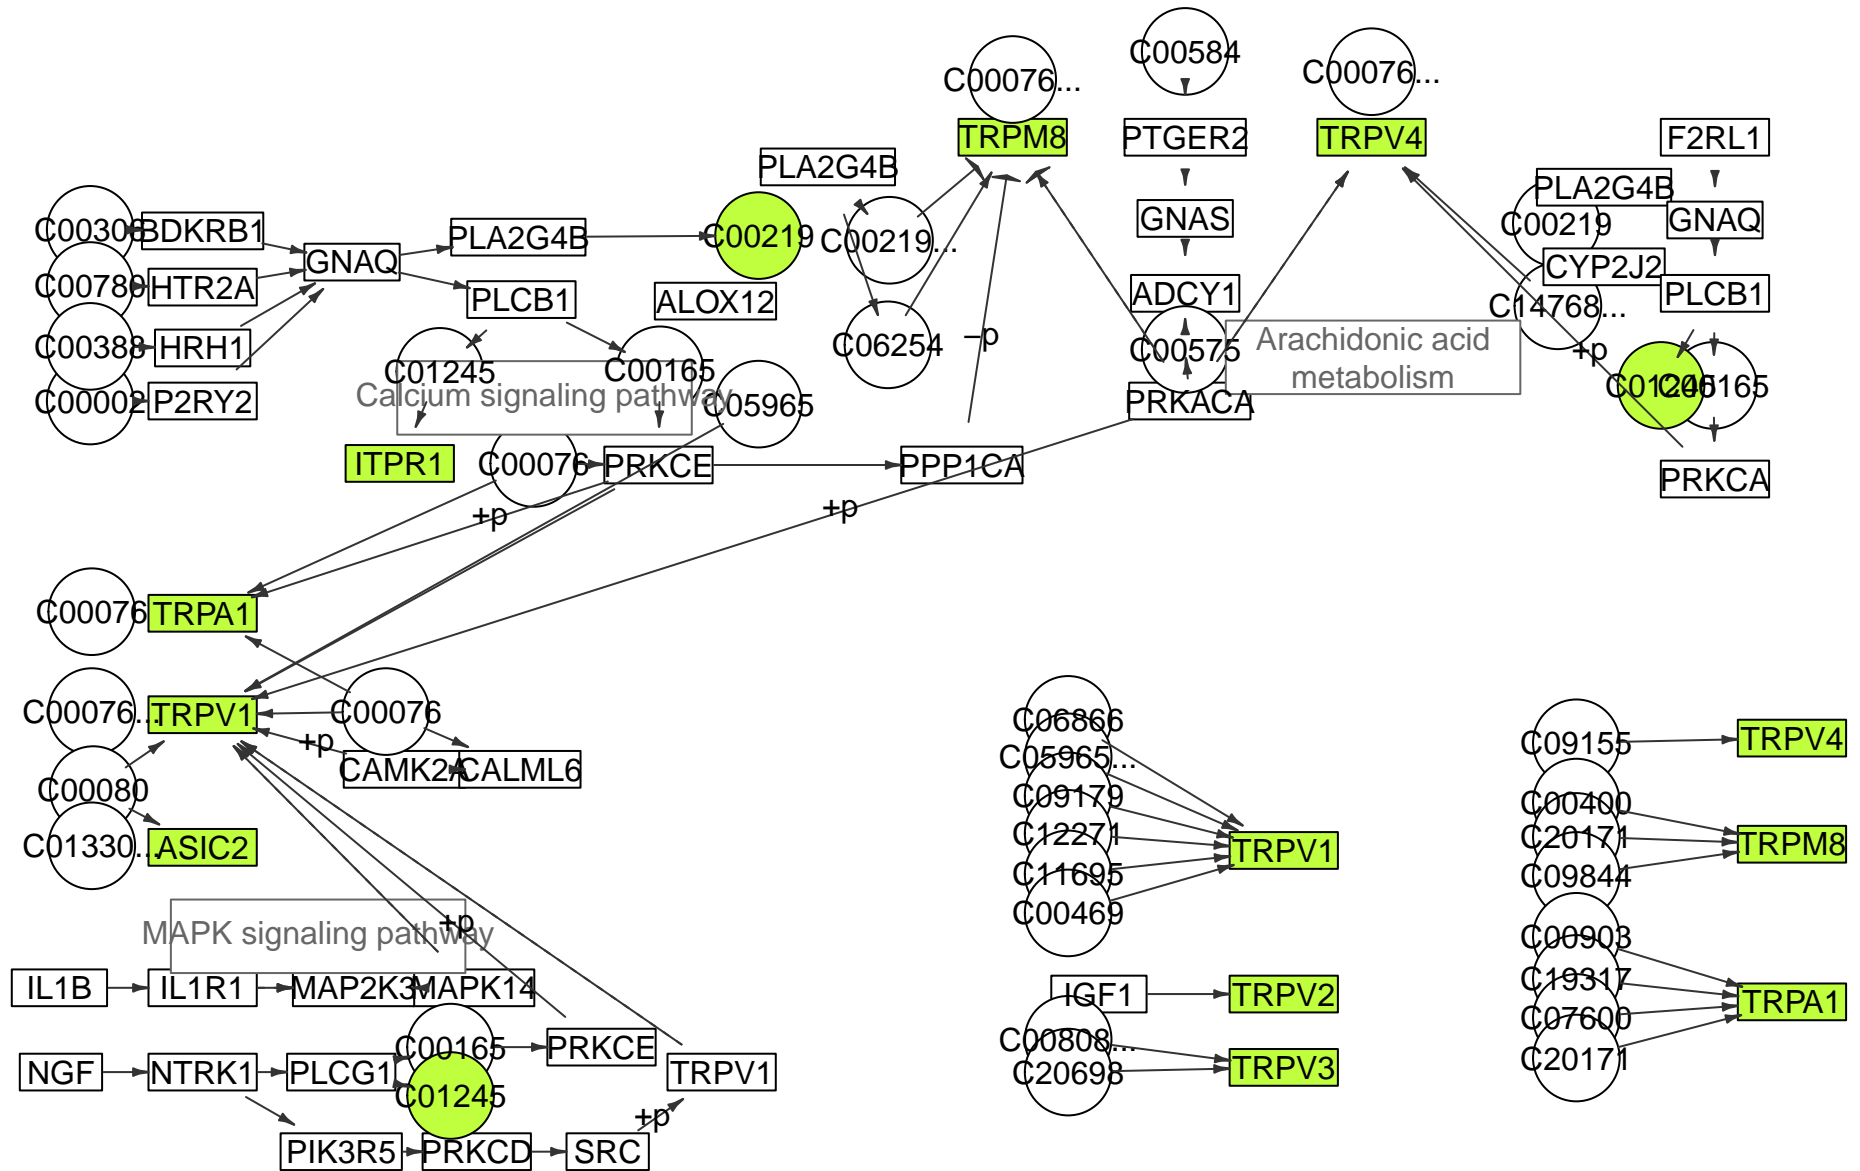

maximum = 3

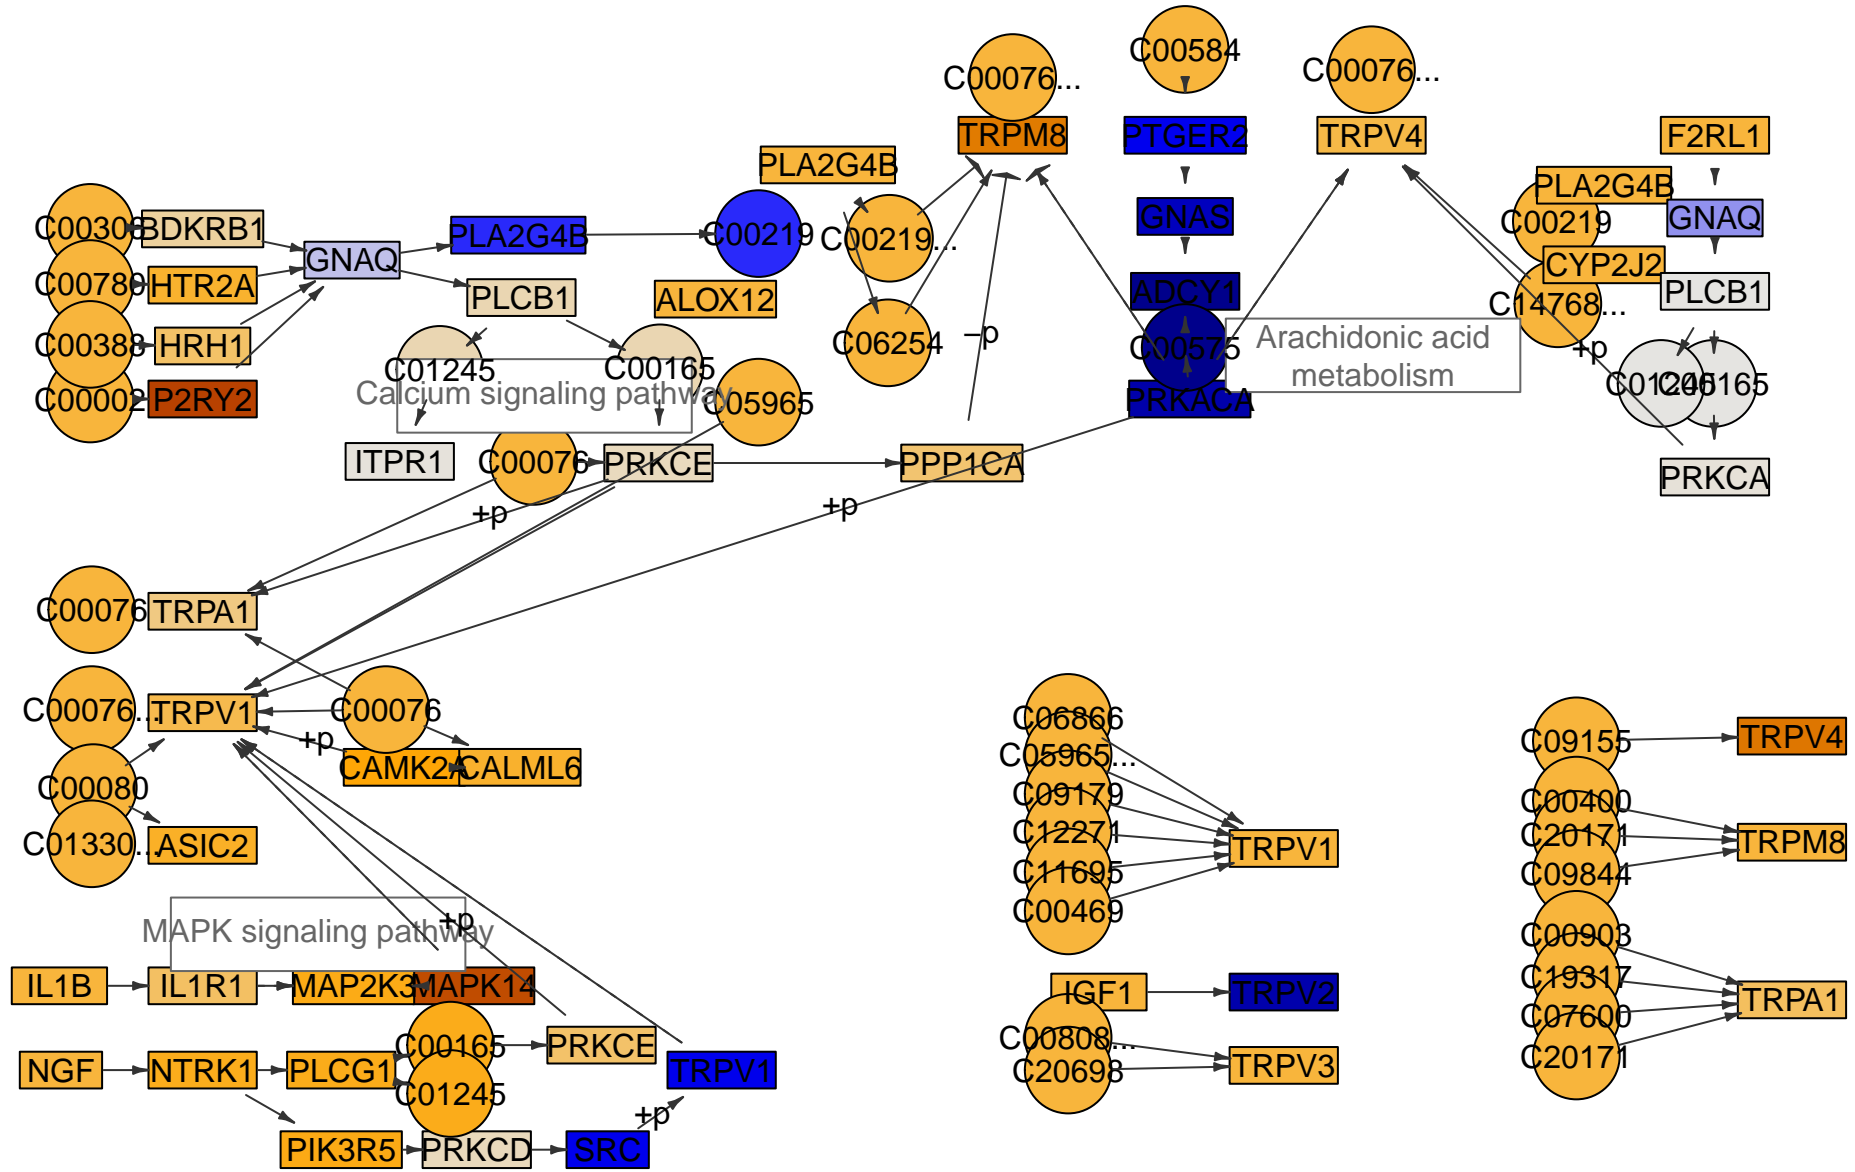

Inflammatory mediator regulation  
of TRP channels  
(genes with data)

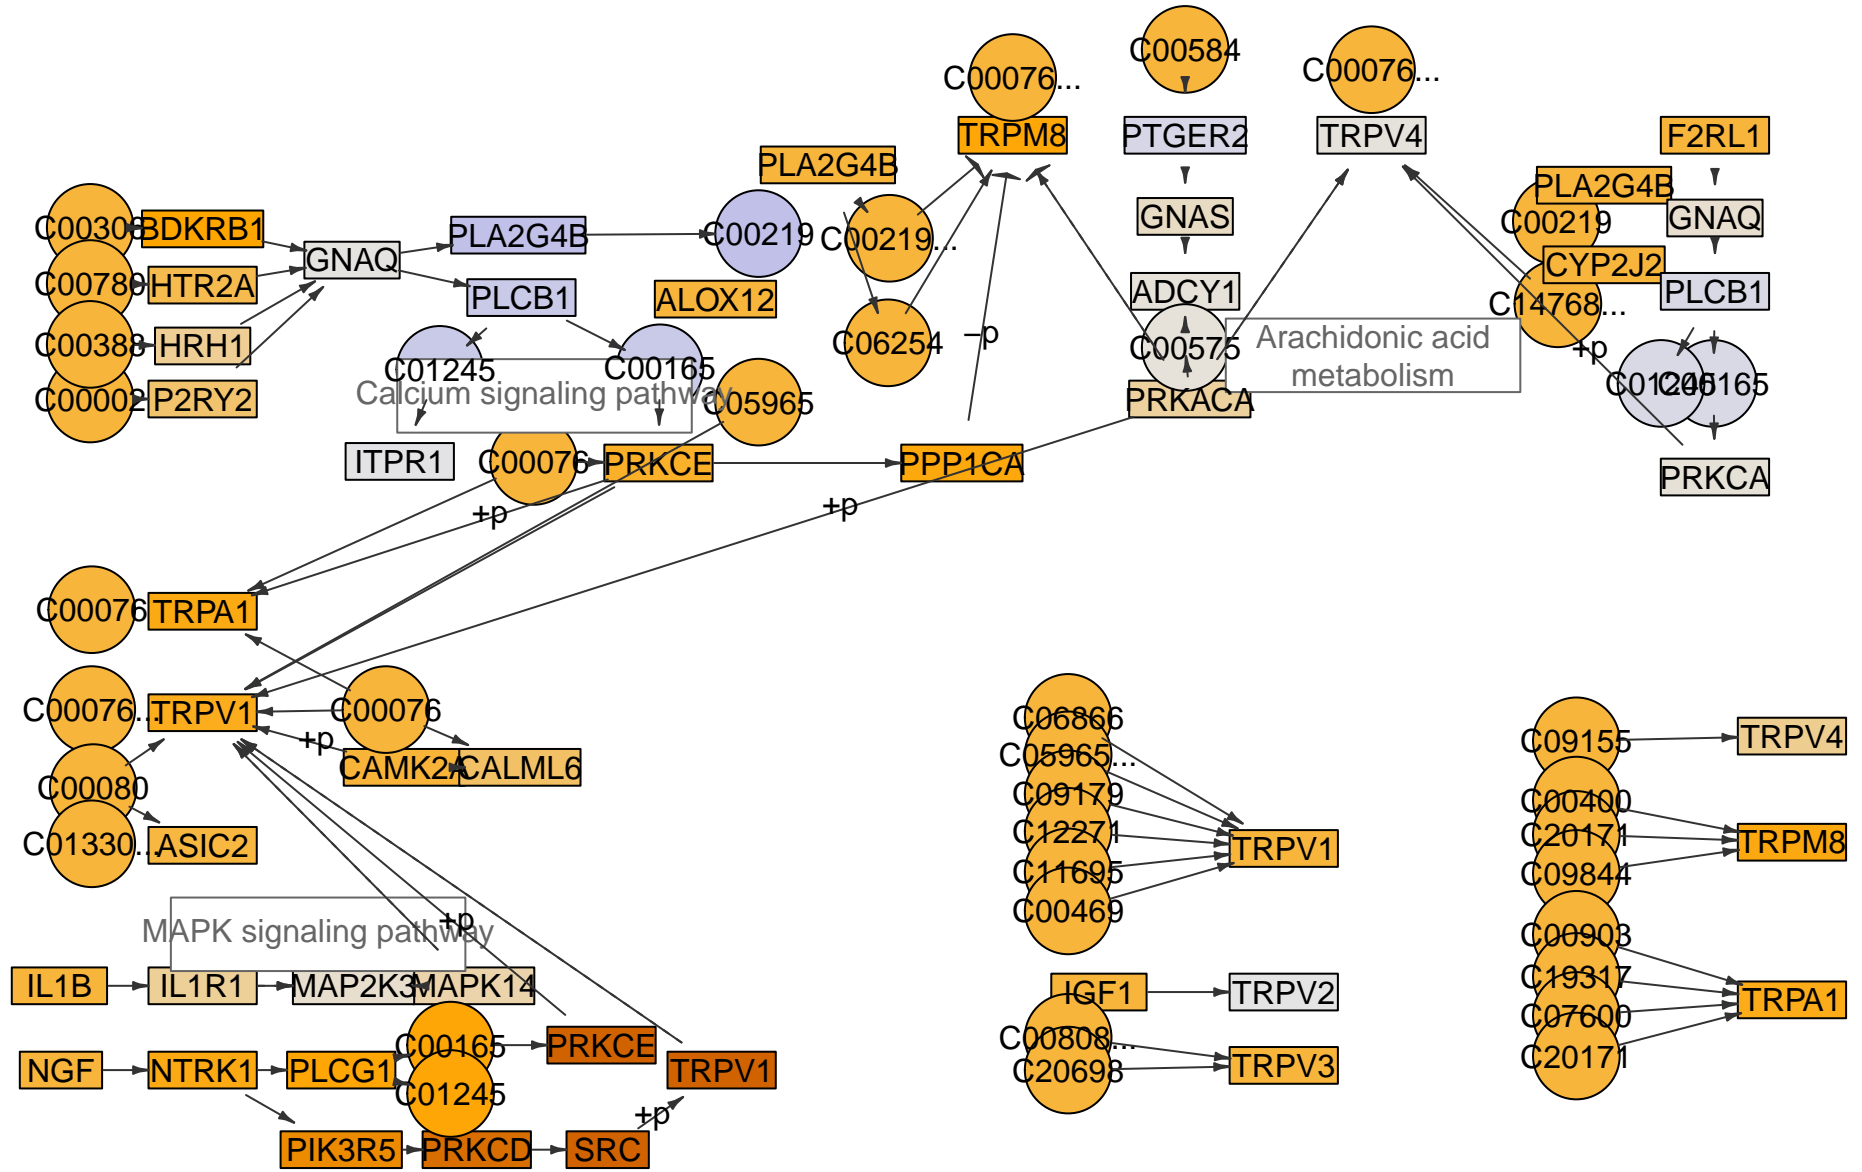

Inflammatory mediator regulation  
of TRP channels  
(sink nodes)

Inflammatory mediator regulation  
of TRP channels  
mBL

Inflammatory mediator regulation  
of TRP channels  
intermediate

Inflammatory mediator regulation  
of TRP channels  
non-mBL
