

DNA damage response, signal transduction by p53 class mediator

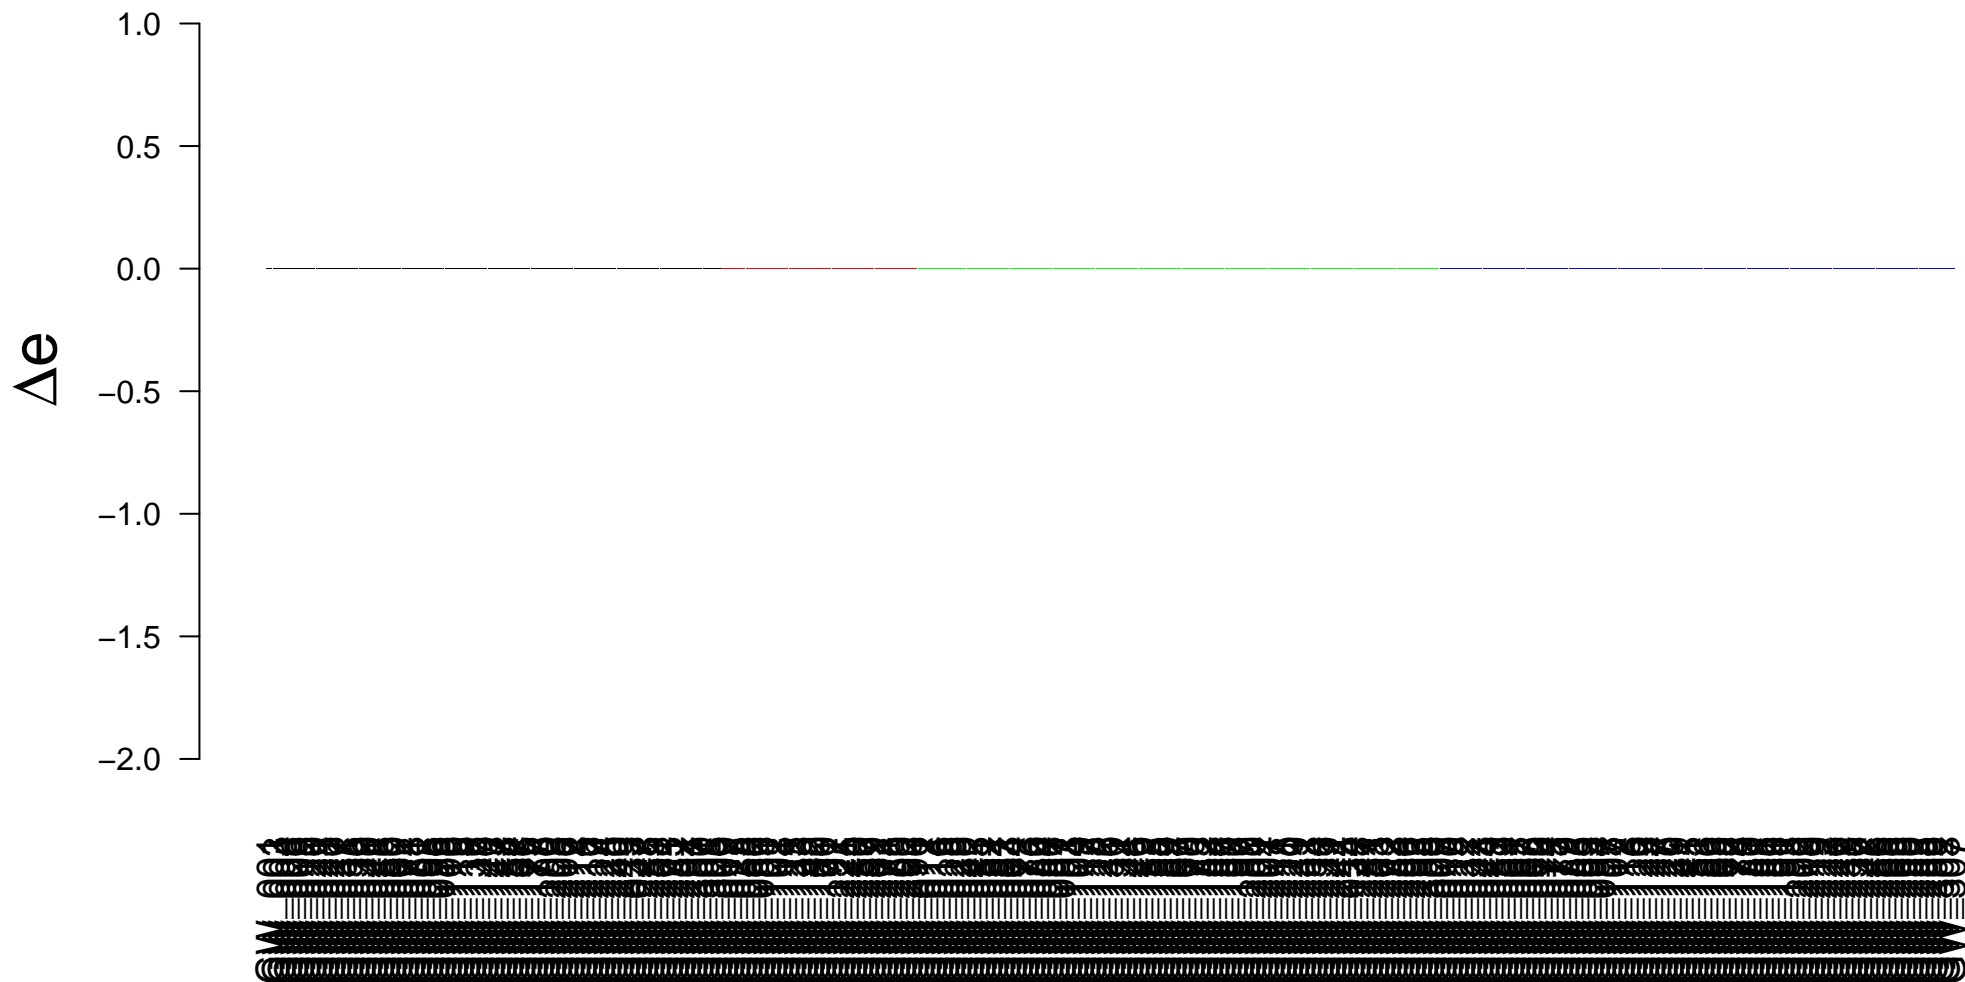

DNA damage response, signal transduction by p53 class mediator

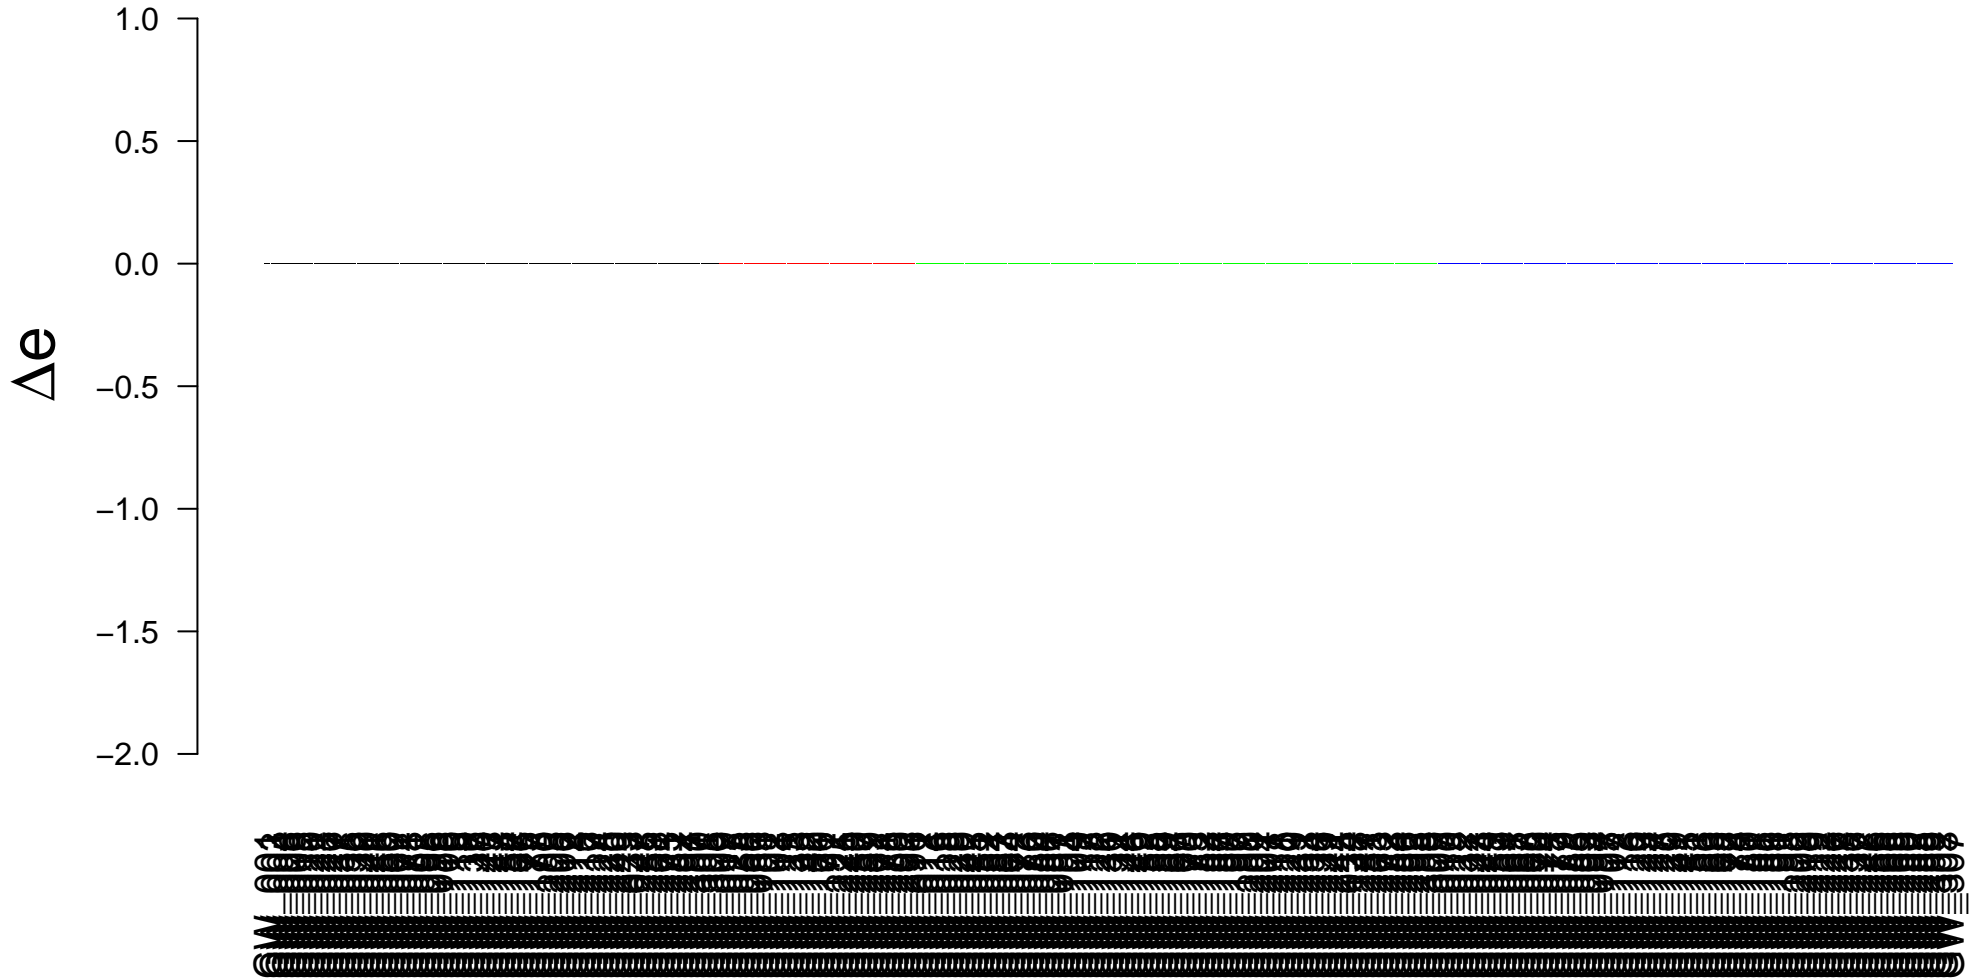

Enrichment in spots: DNA damage response, signal transduction by p53 class mediator

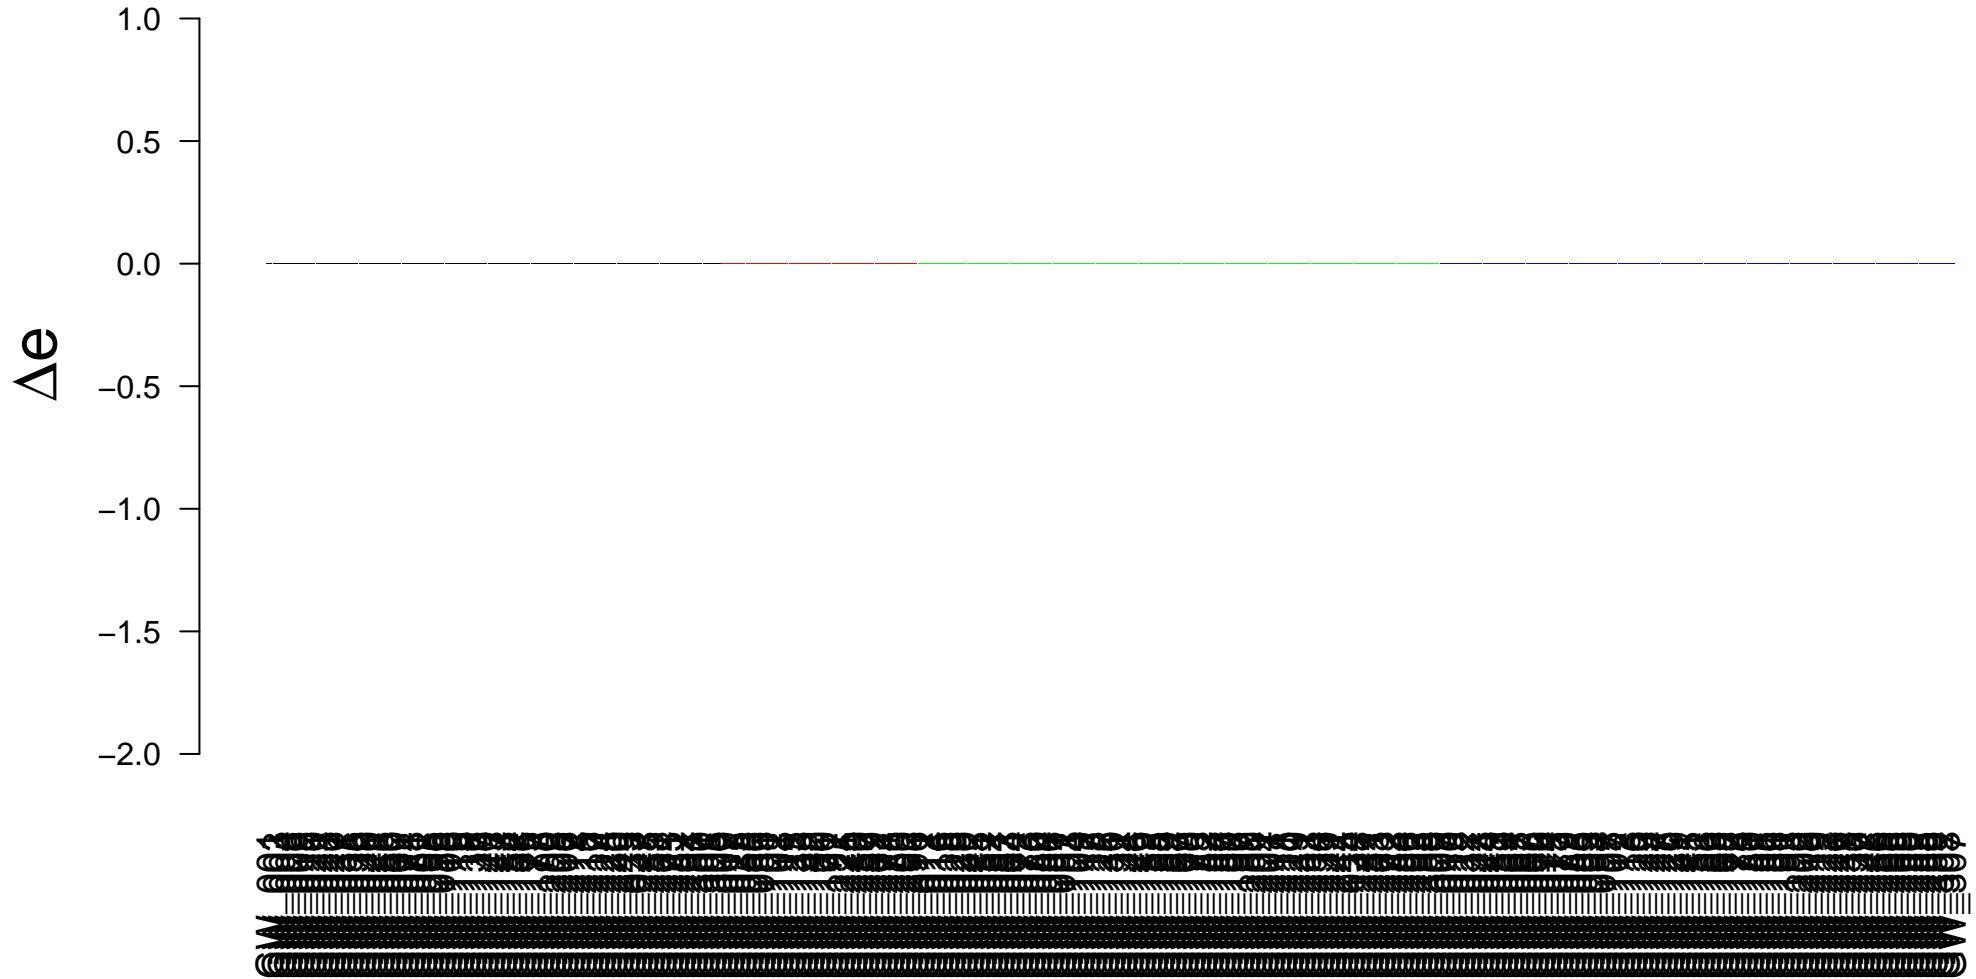

Expression of DNA damage response, signal transduction by p53 class mediator in Spot A

Expression of DNA damage response, signal transduction by p53 class mediator in Spot B

Expression of DNA damage response, signal transduction by p53 class mediator in Spot C

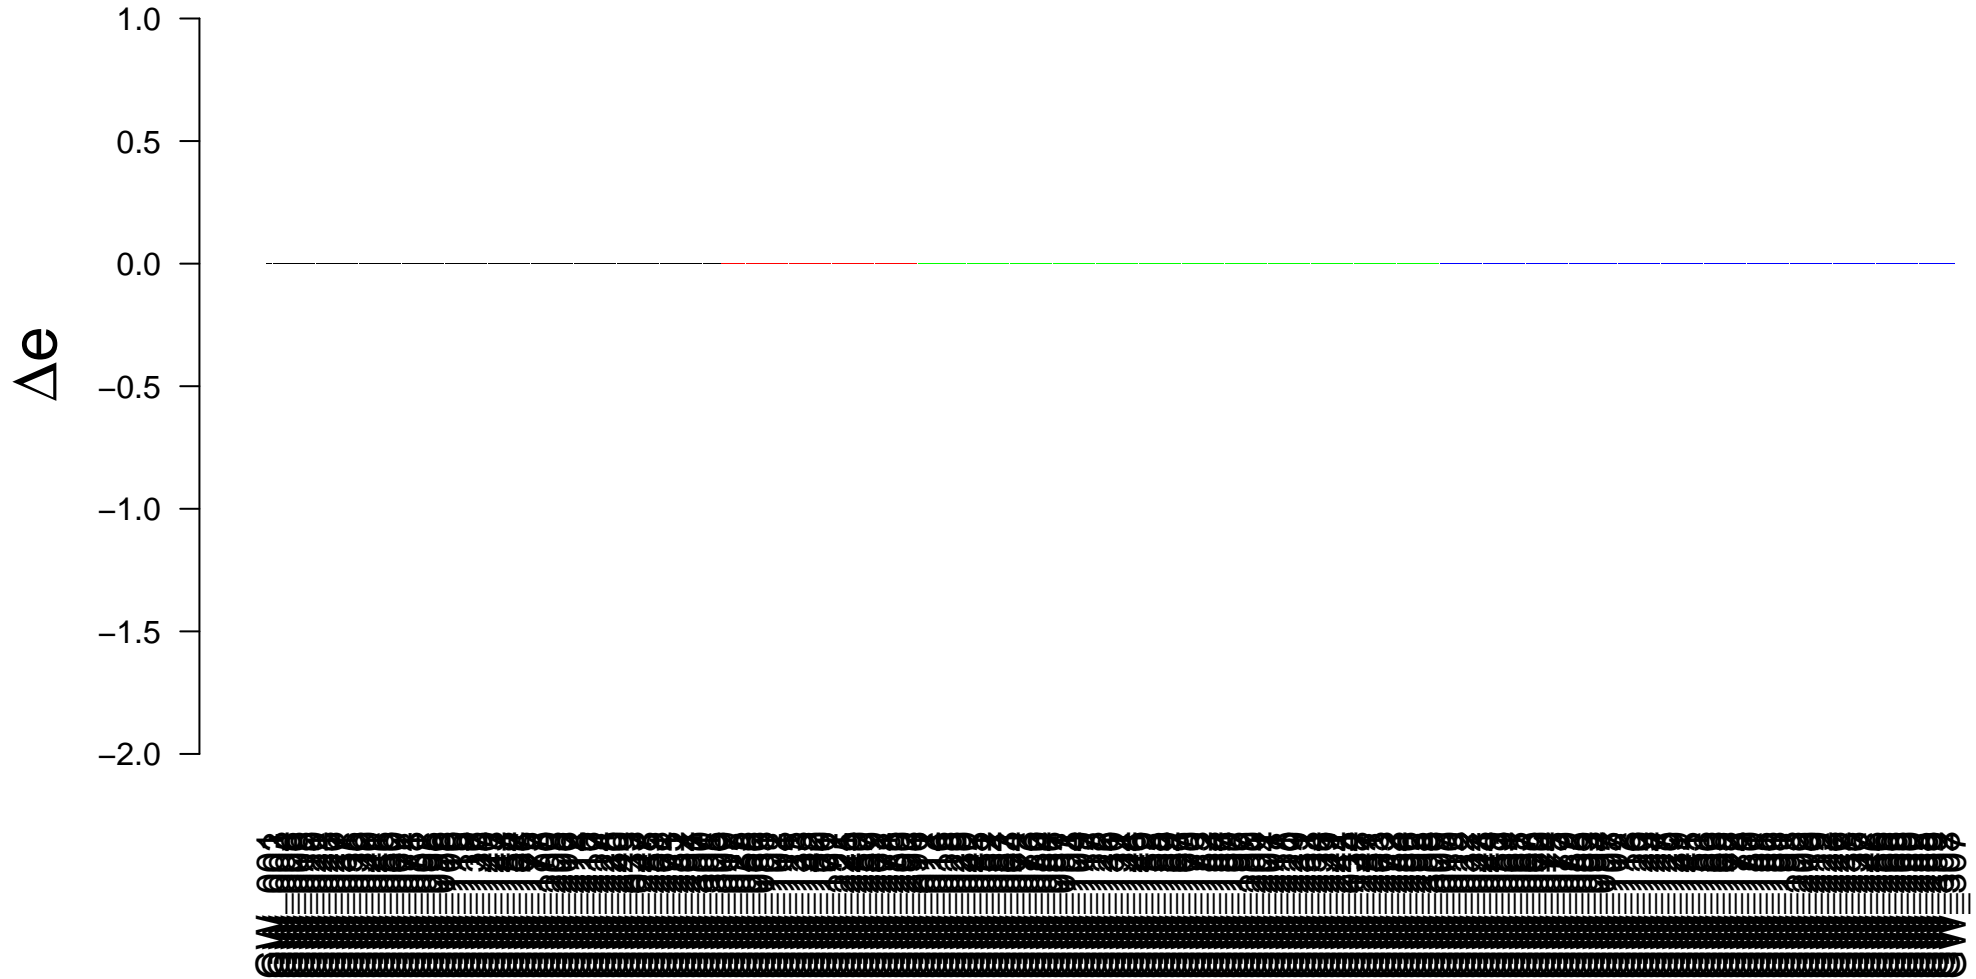

Expression of DNA damage response, signal transduction by p53 class mediator in Spot D

Expression of DNA damage response, signal transduction by p53 class mediator in Spot E

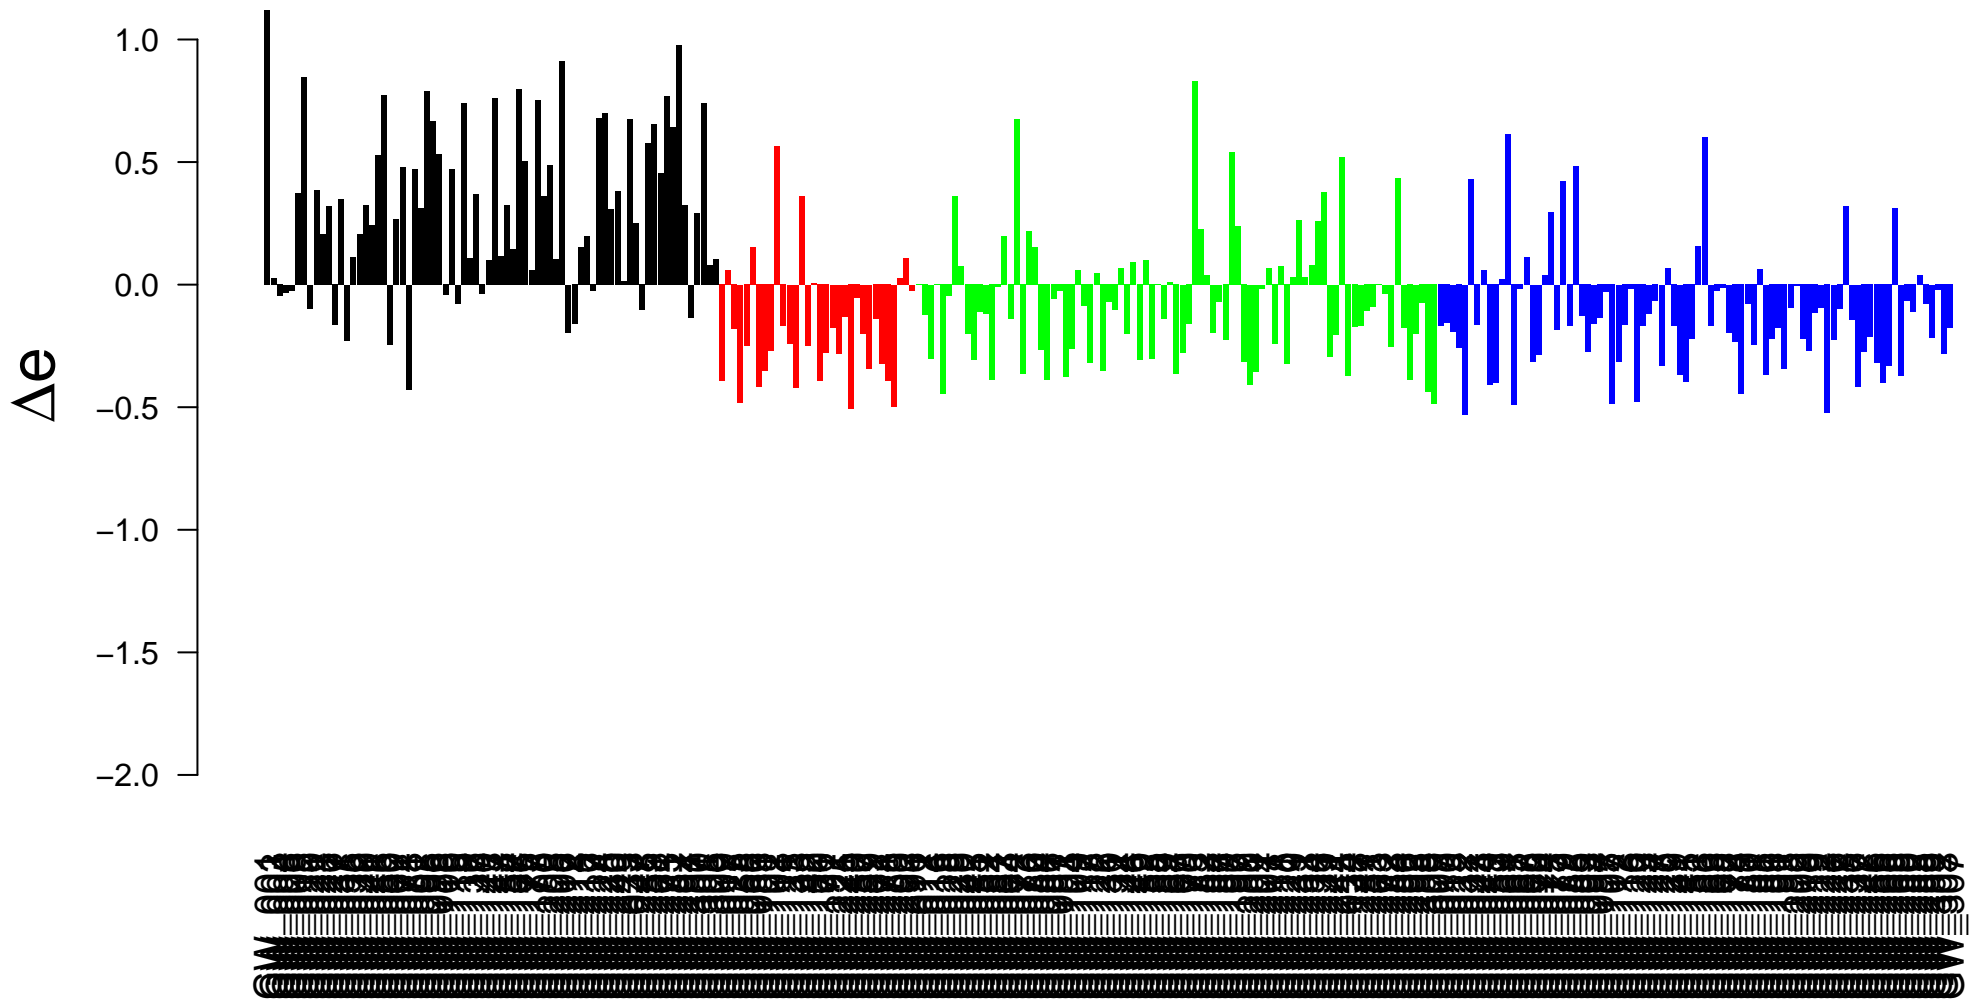

Expression of DNA damage response, signal transduction by p53 class mediator in Spot F

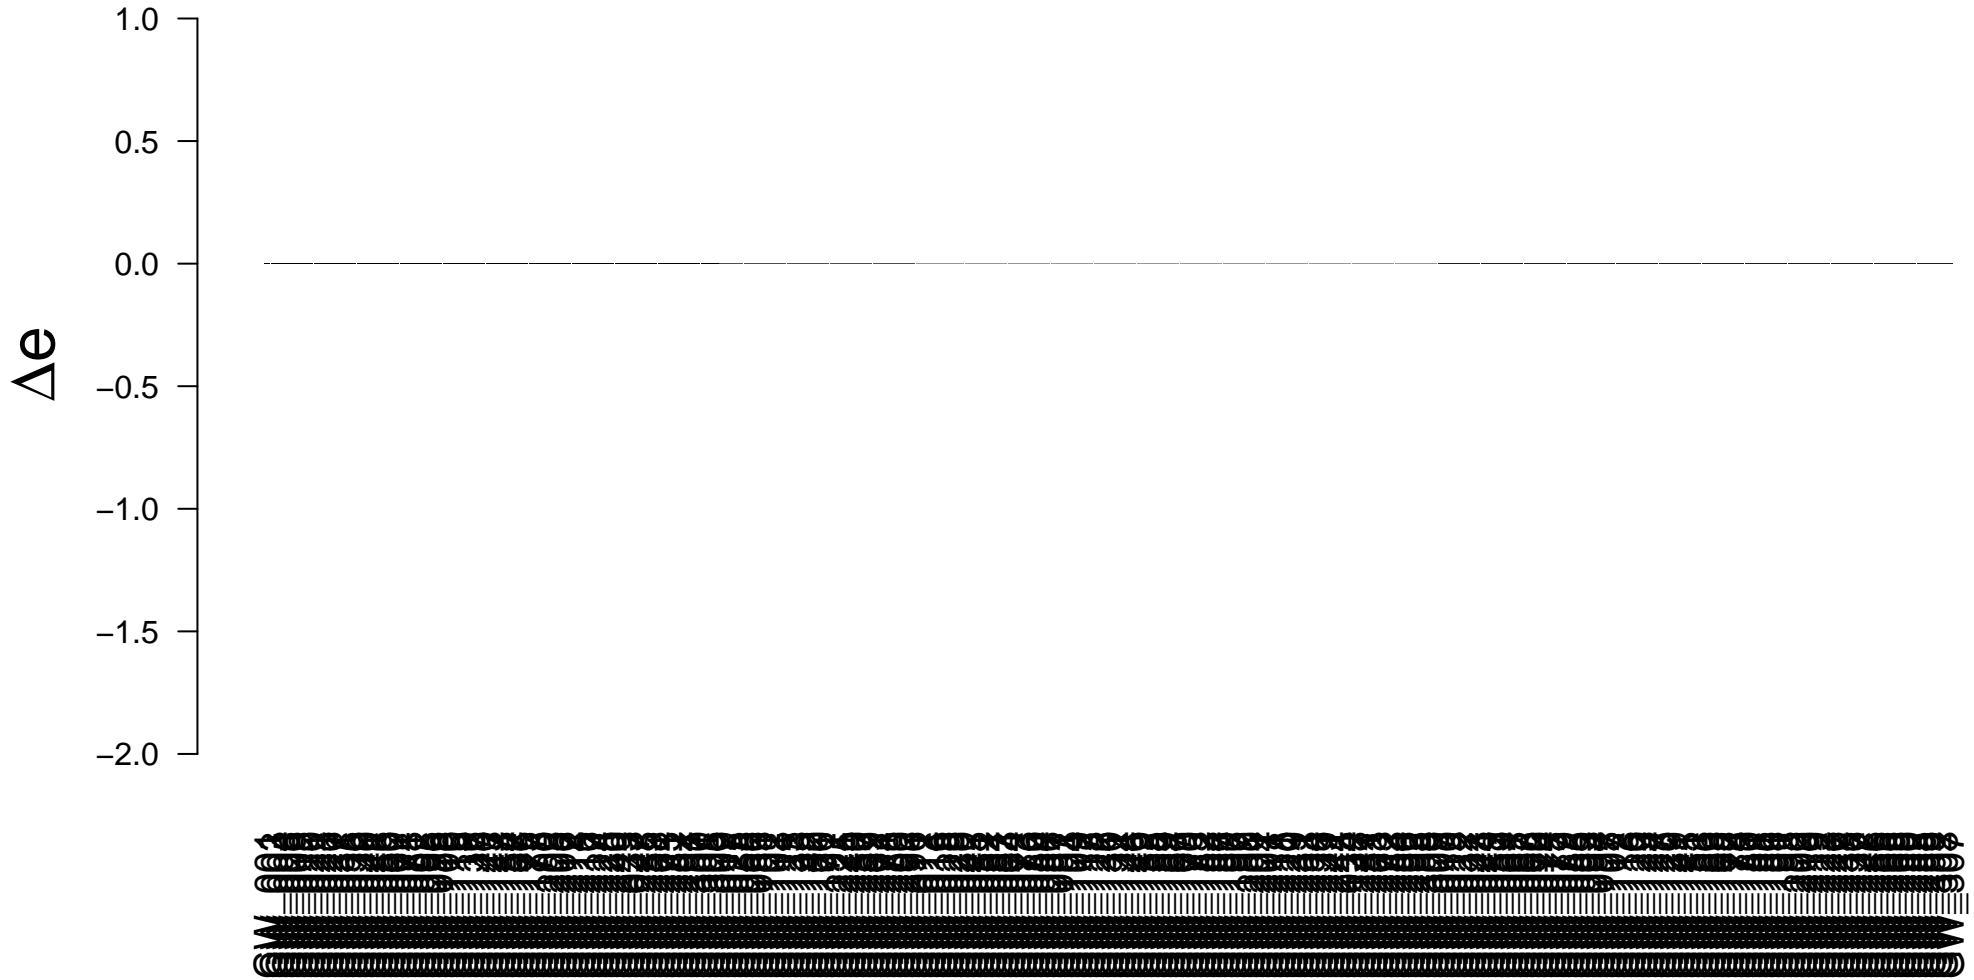

Expression of DNA damage response, signal transduction by p53 class mediator in Spot G

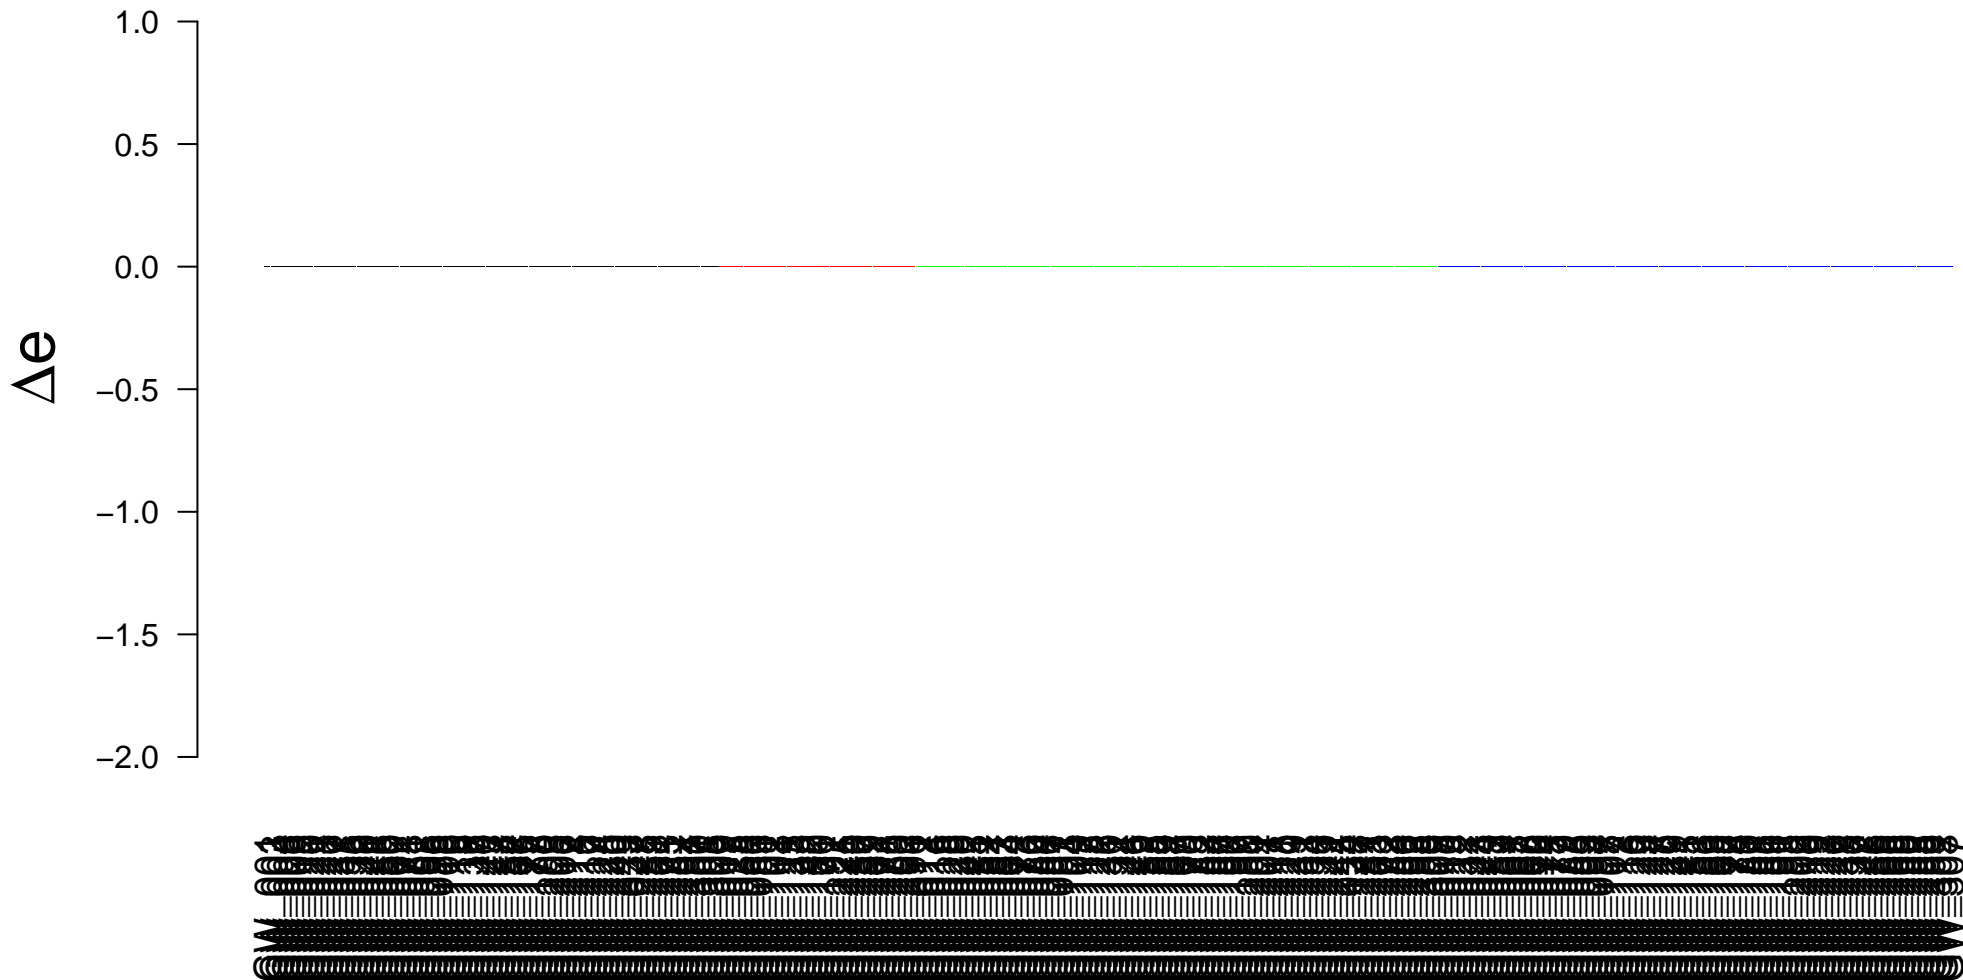

Expression of DNA damage response, signal transduction by p53 class mediator in Spot H

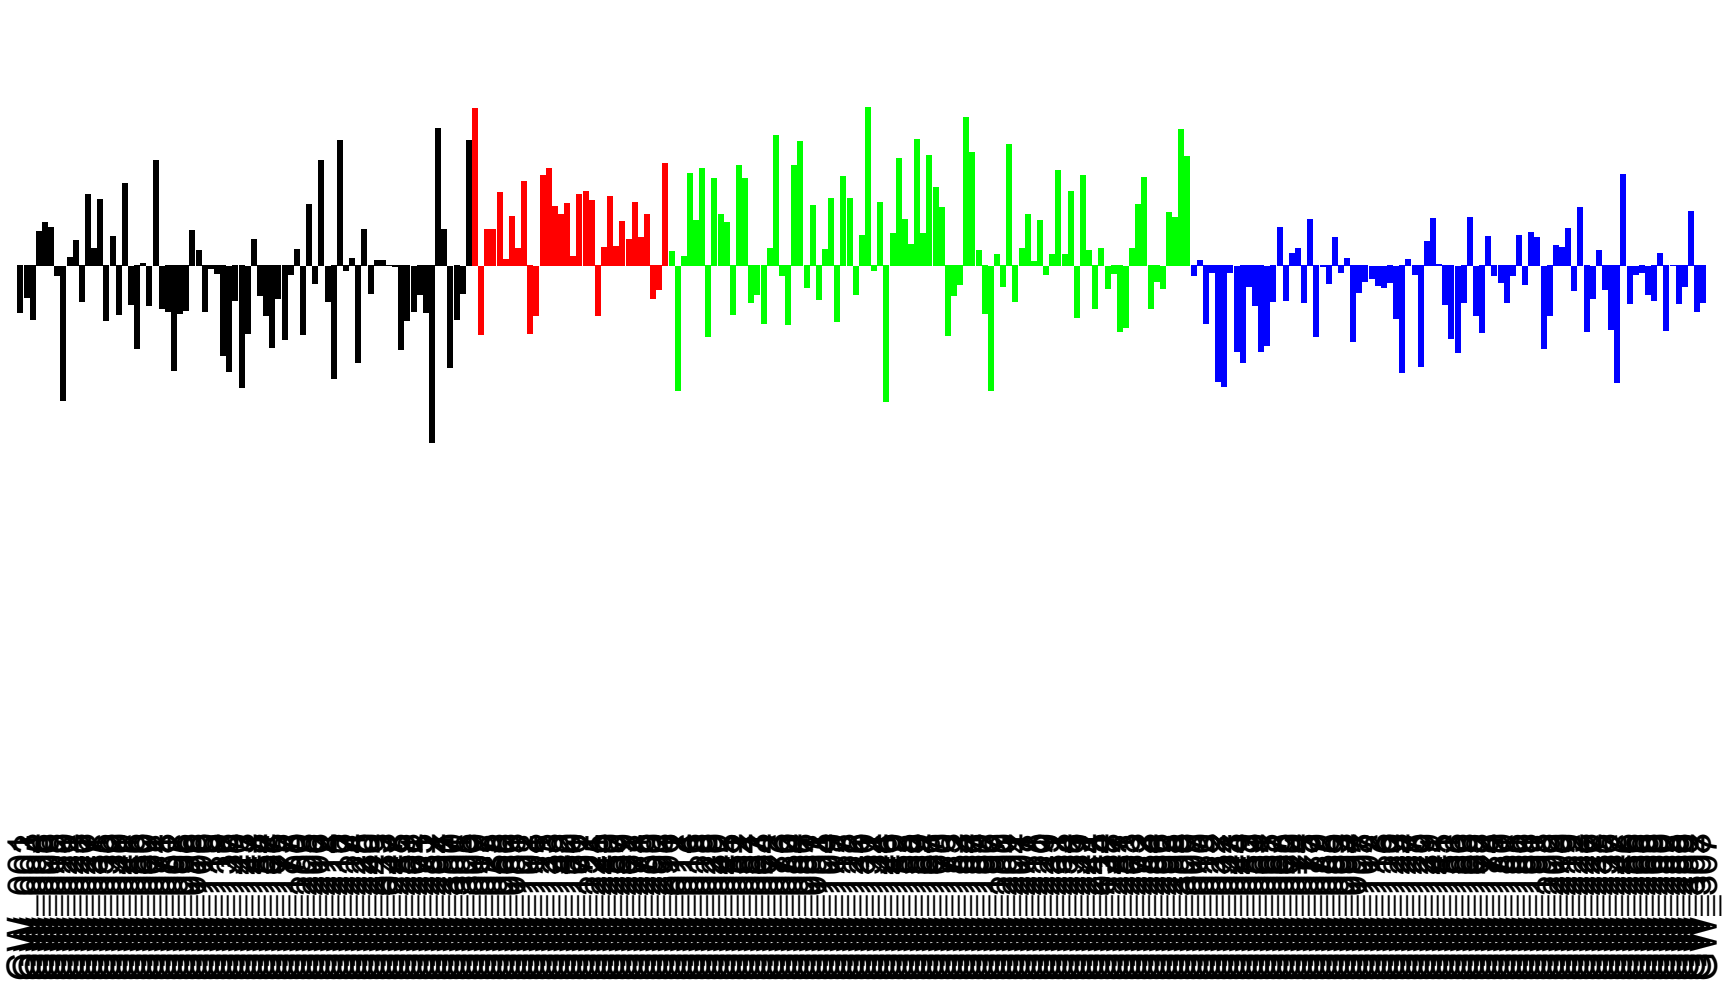

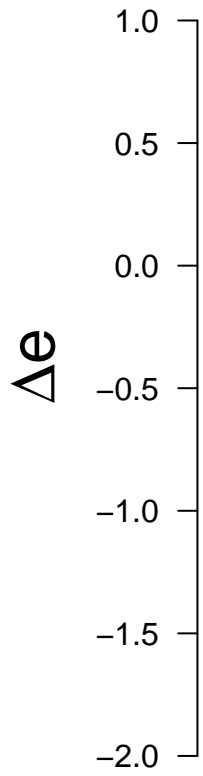

Expression of DNA damage response, signal transduction by p53 class mediator in Spot I

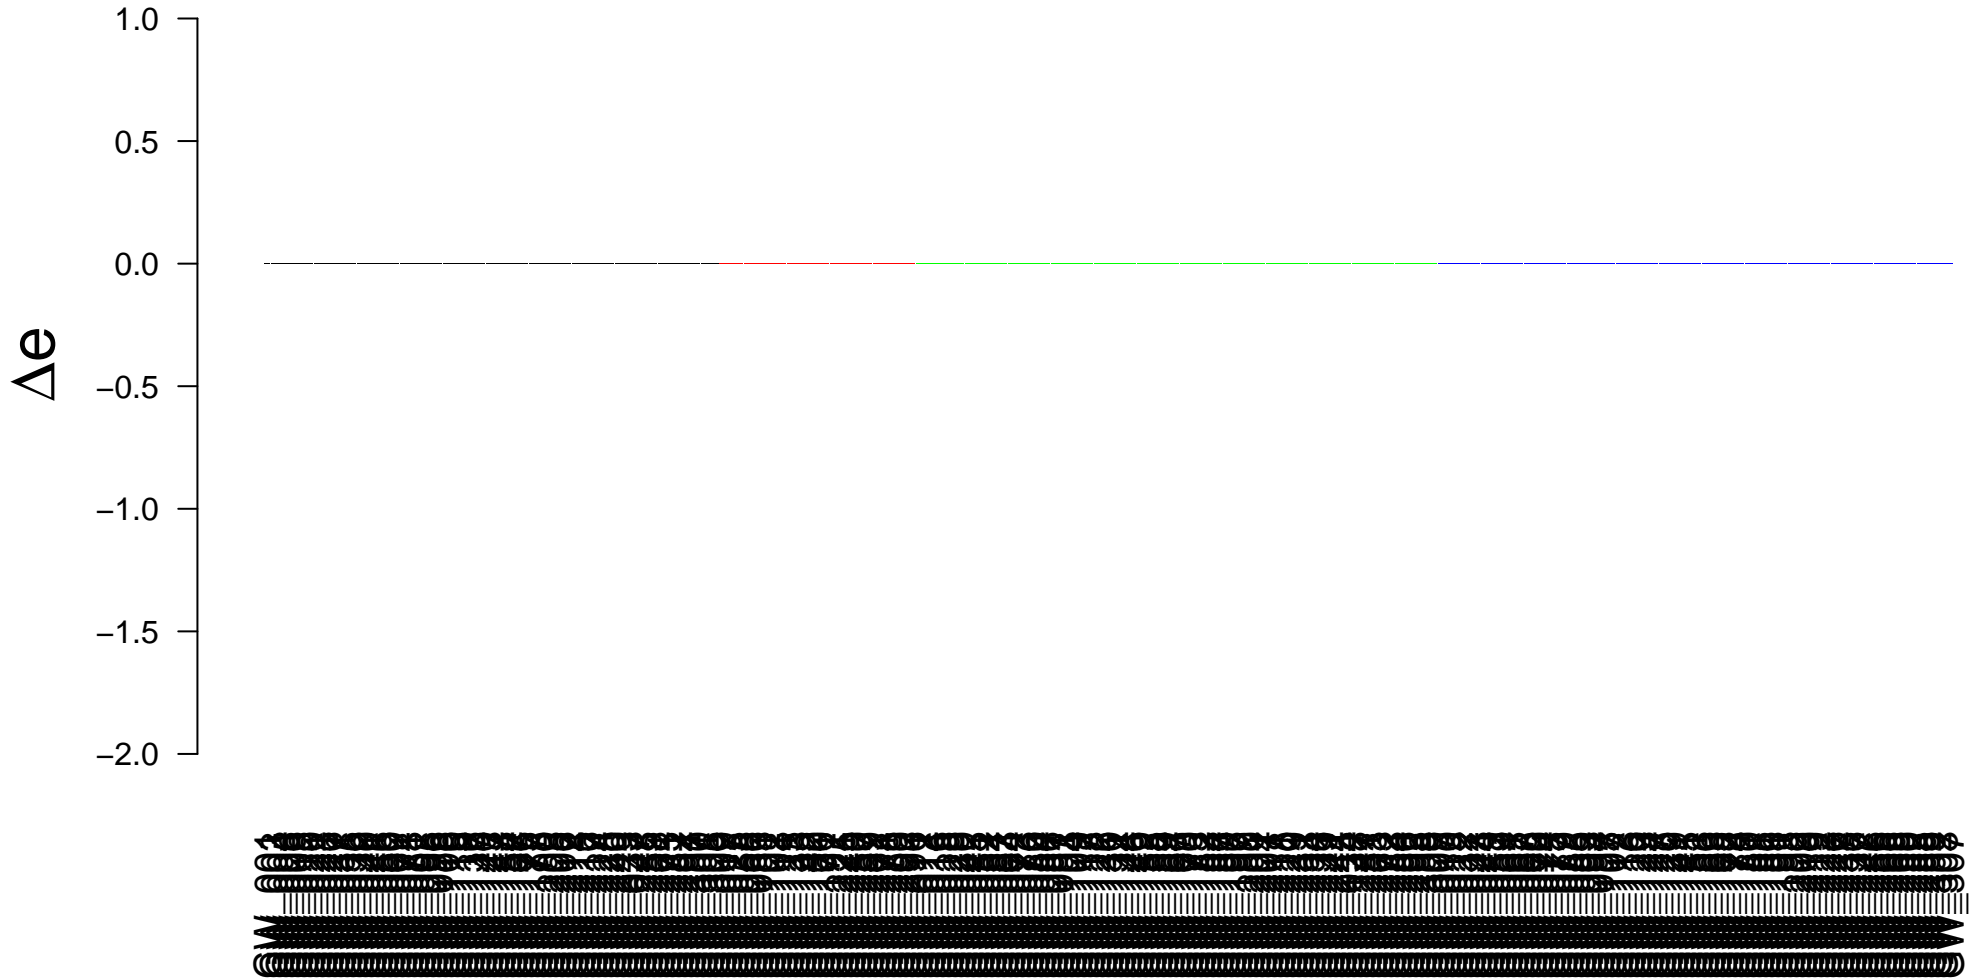

Expression of DNA damage response, signal transduction by p53 class mediator in Spot J

Expression of DNA damage response, signal transduction by p53 class mediator in Spot K

Expression of DNA damage response, signal transduction by p53 class mediator in Spot L

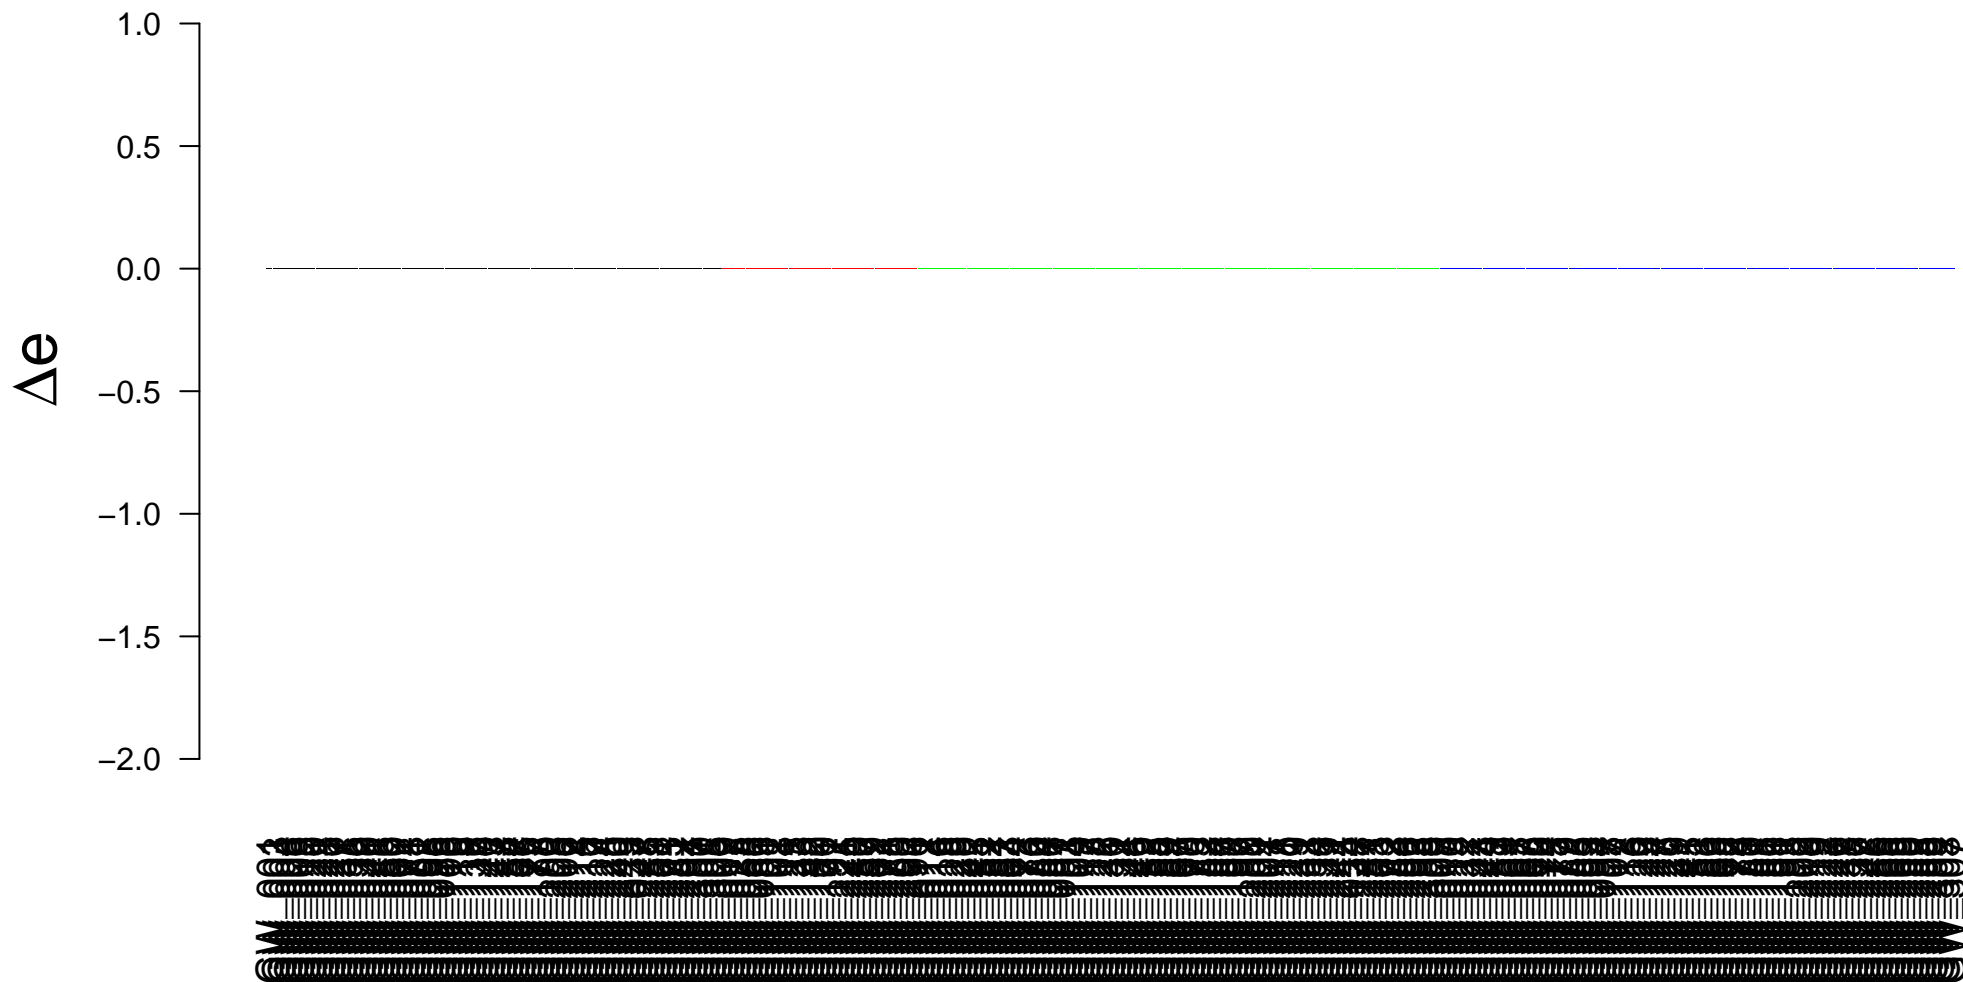

Expression of DNA damage response, signal transduction by p53 class mediator in Spot M
