

Fc-gamma receptor signaling pathway involved in phagocytosis

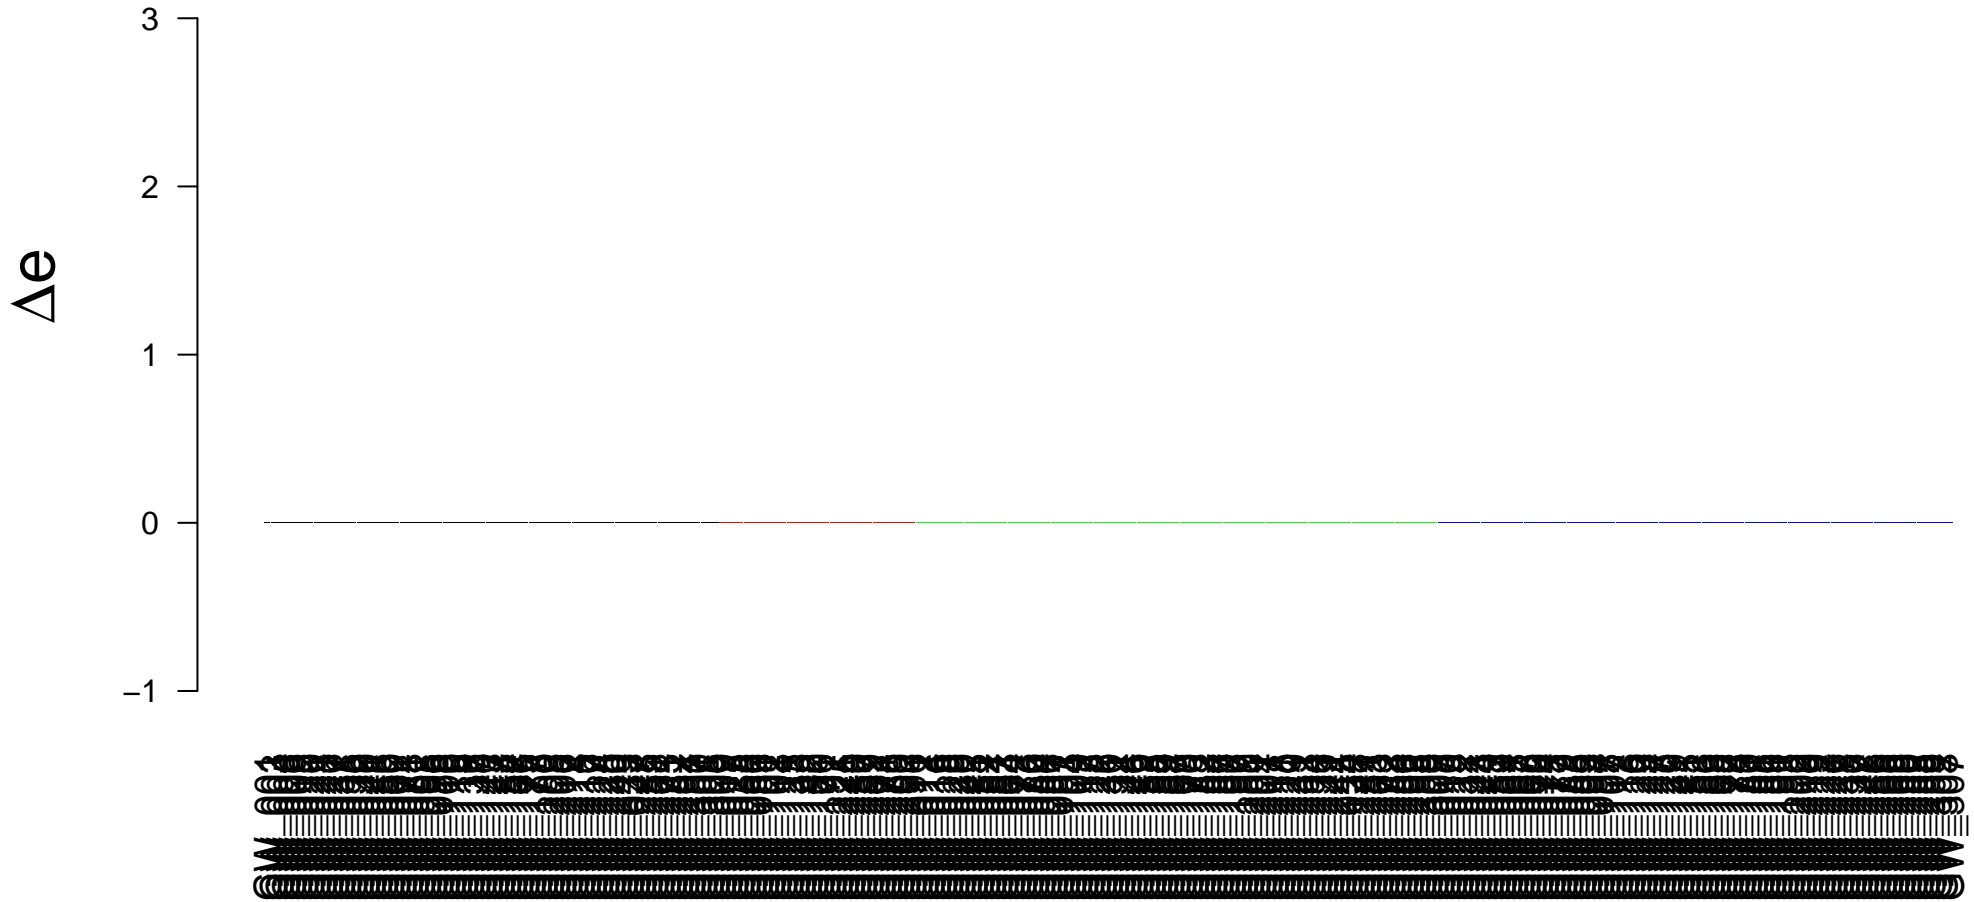

Fc-gamma receptor signaling pathway involved in phagocytosis

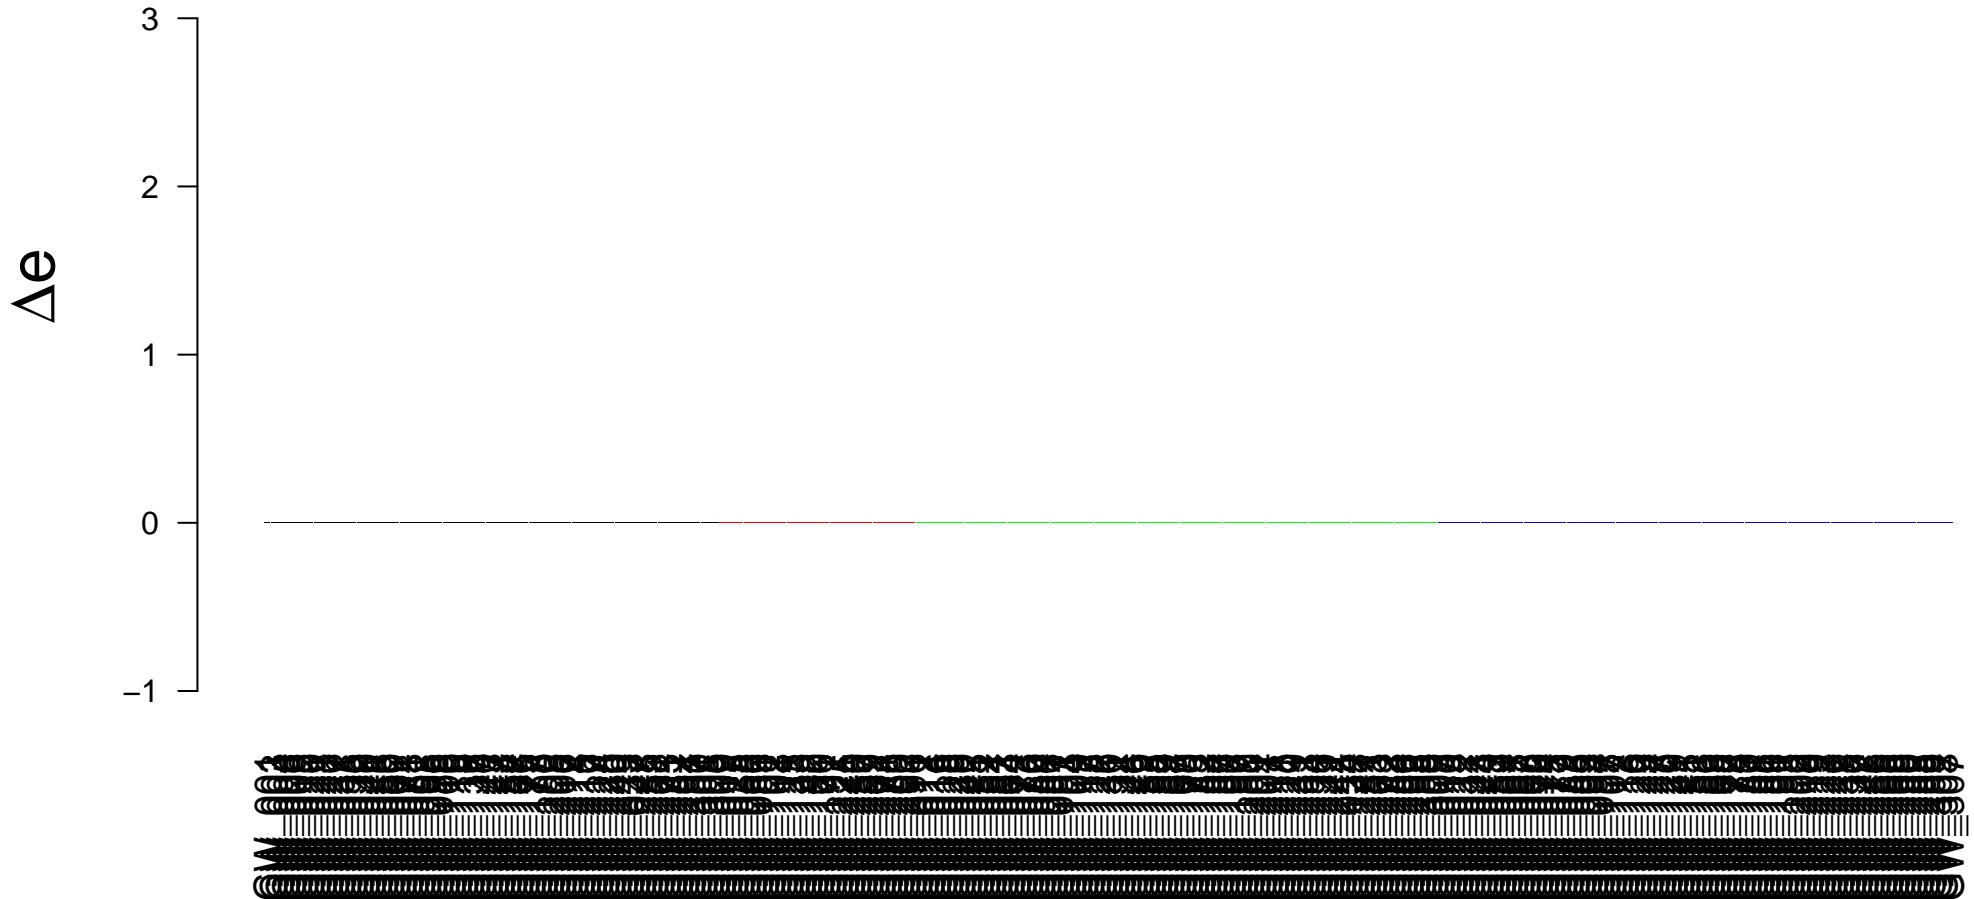

Enrichment in spots: Fc-gamma receptor signaling pathway involved in phagocytosis

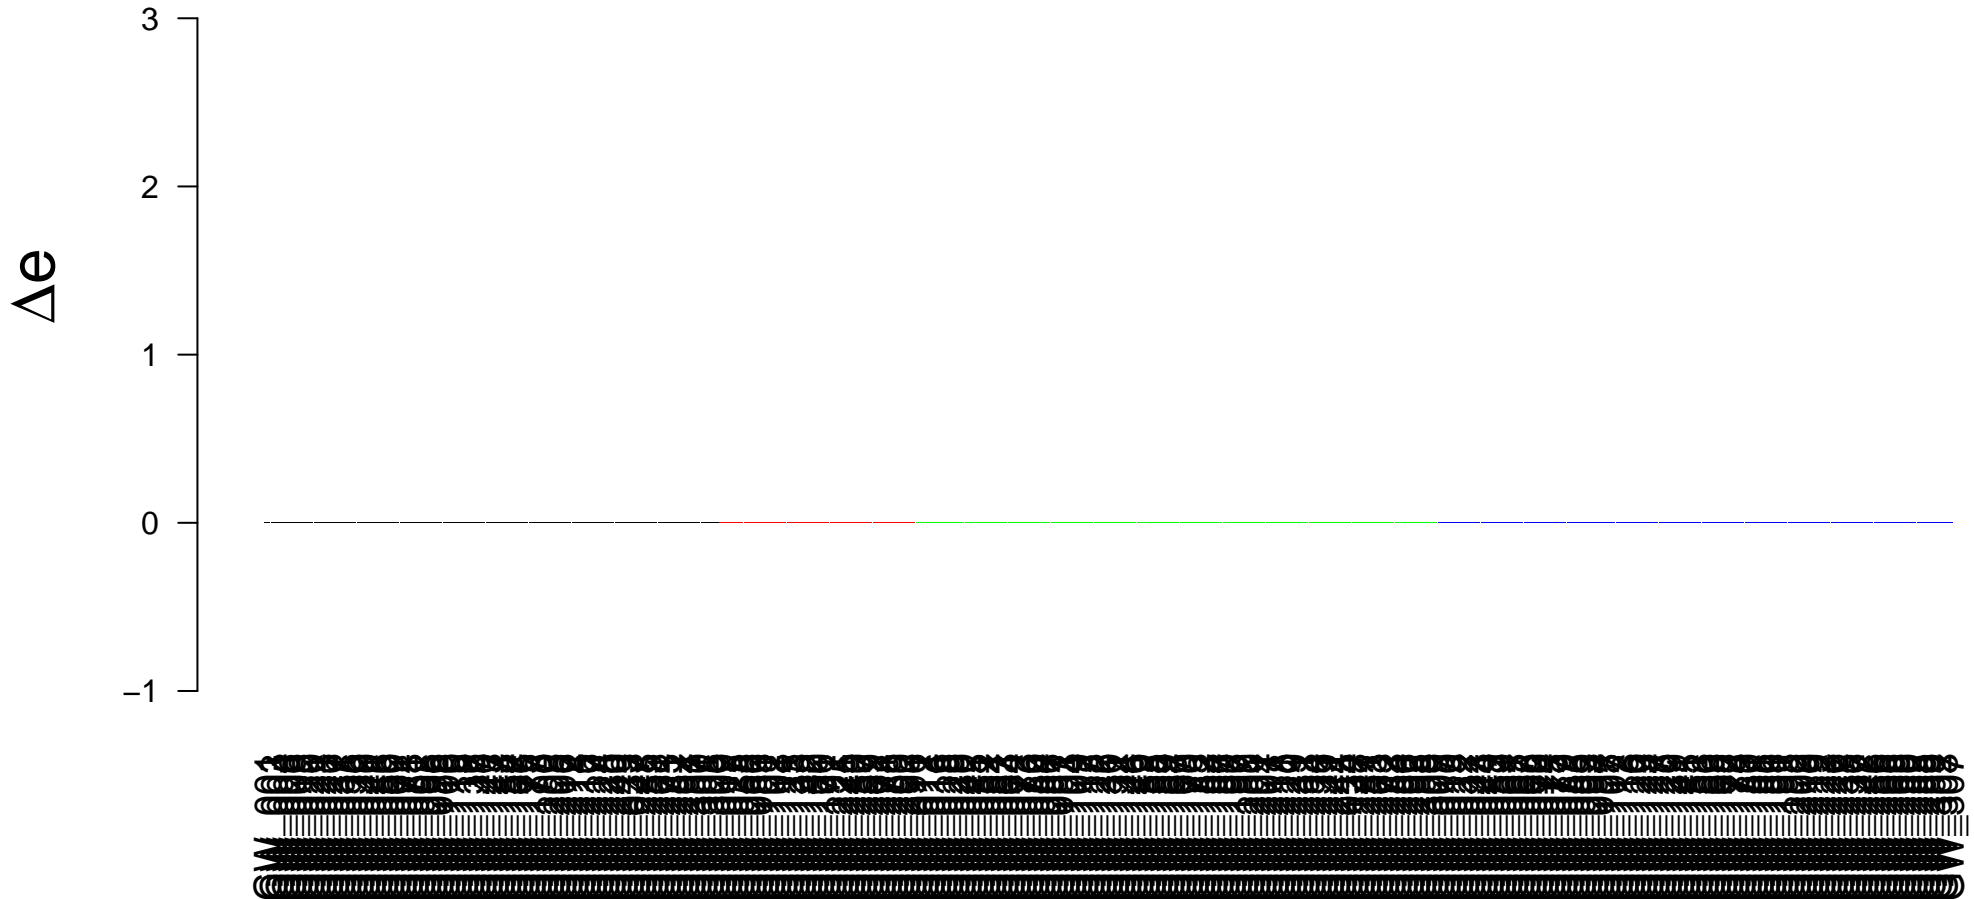

Expression of Fc-gamma receptor signaling pathway involved in phagocytosis in Spot A

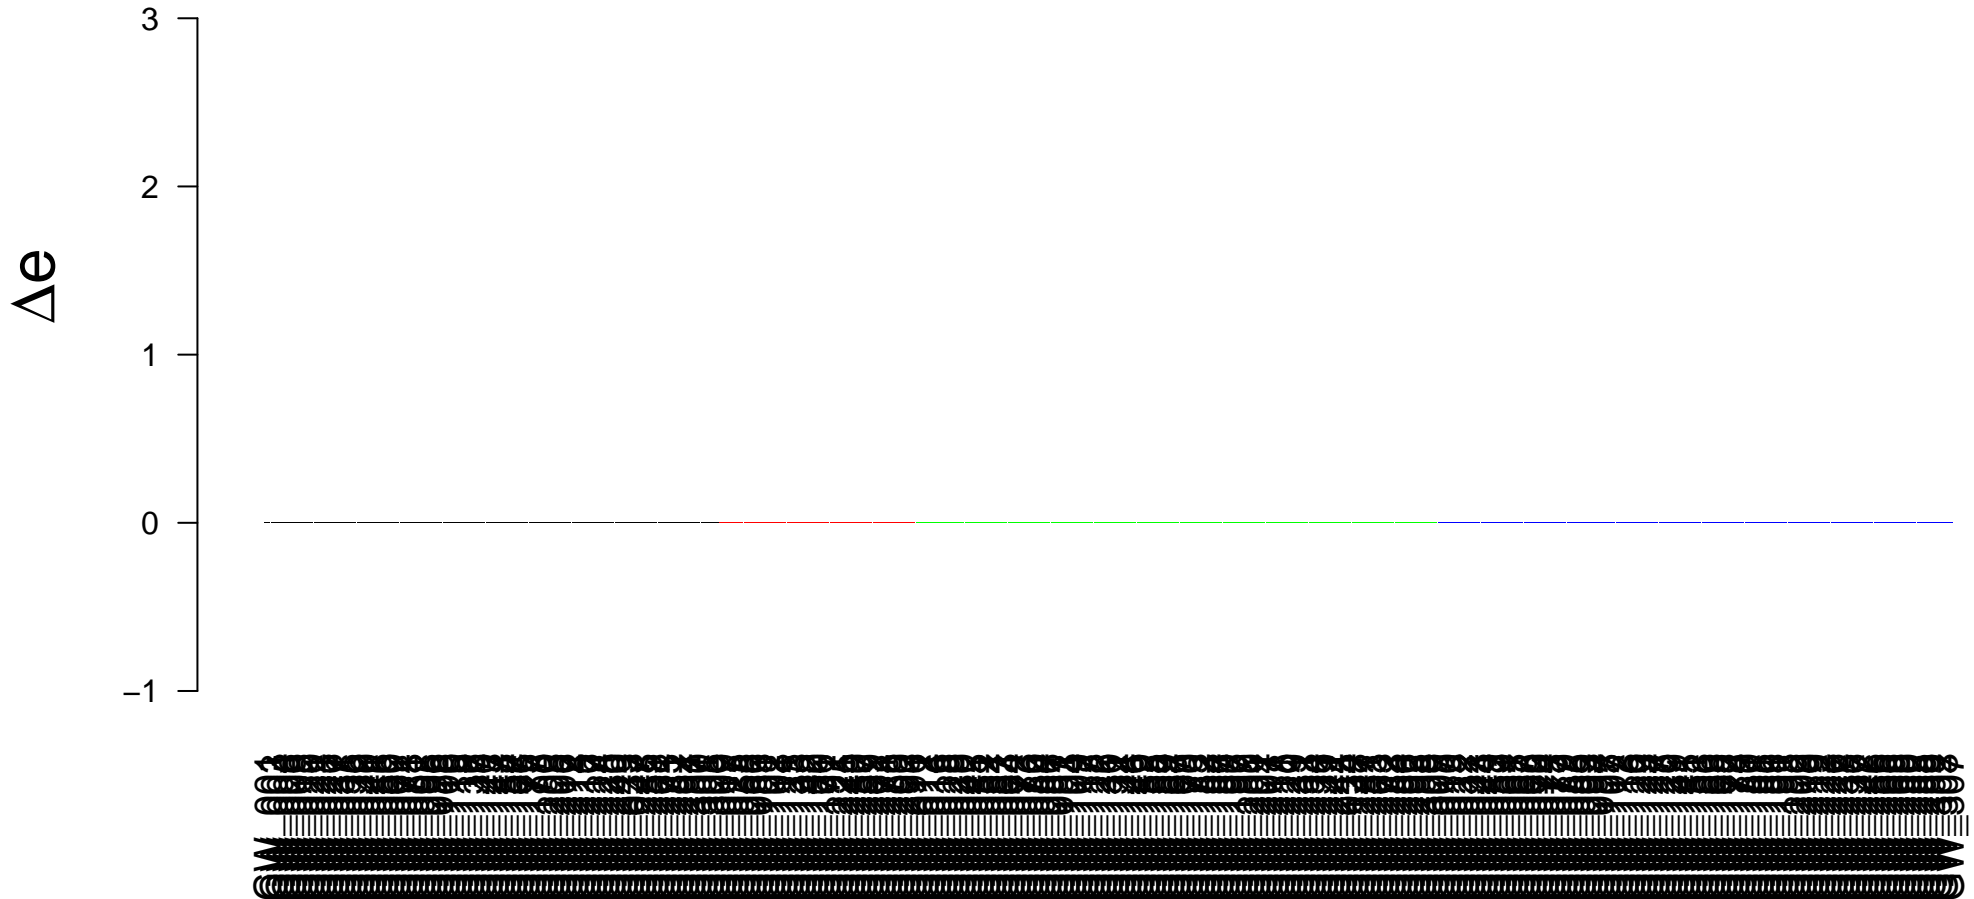

Expression of Fc-gamma receptor signaling pathway involved in phagocytosis in Spot B

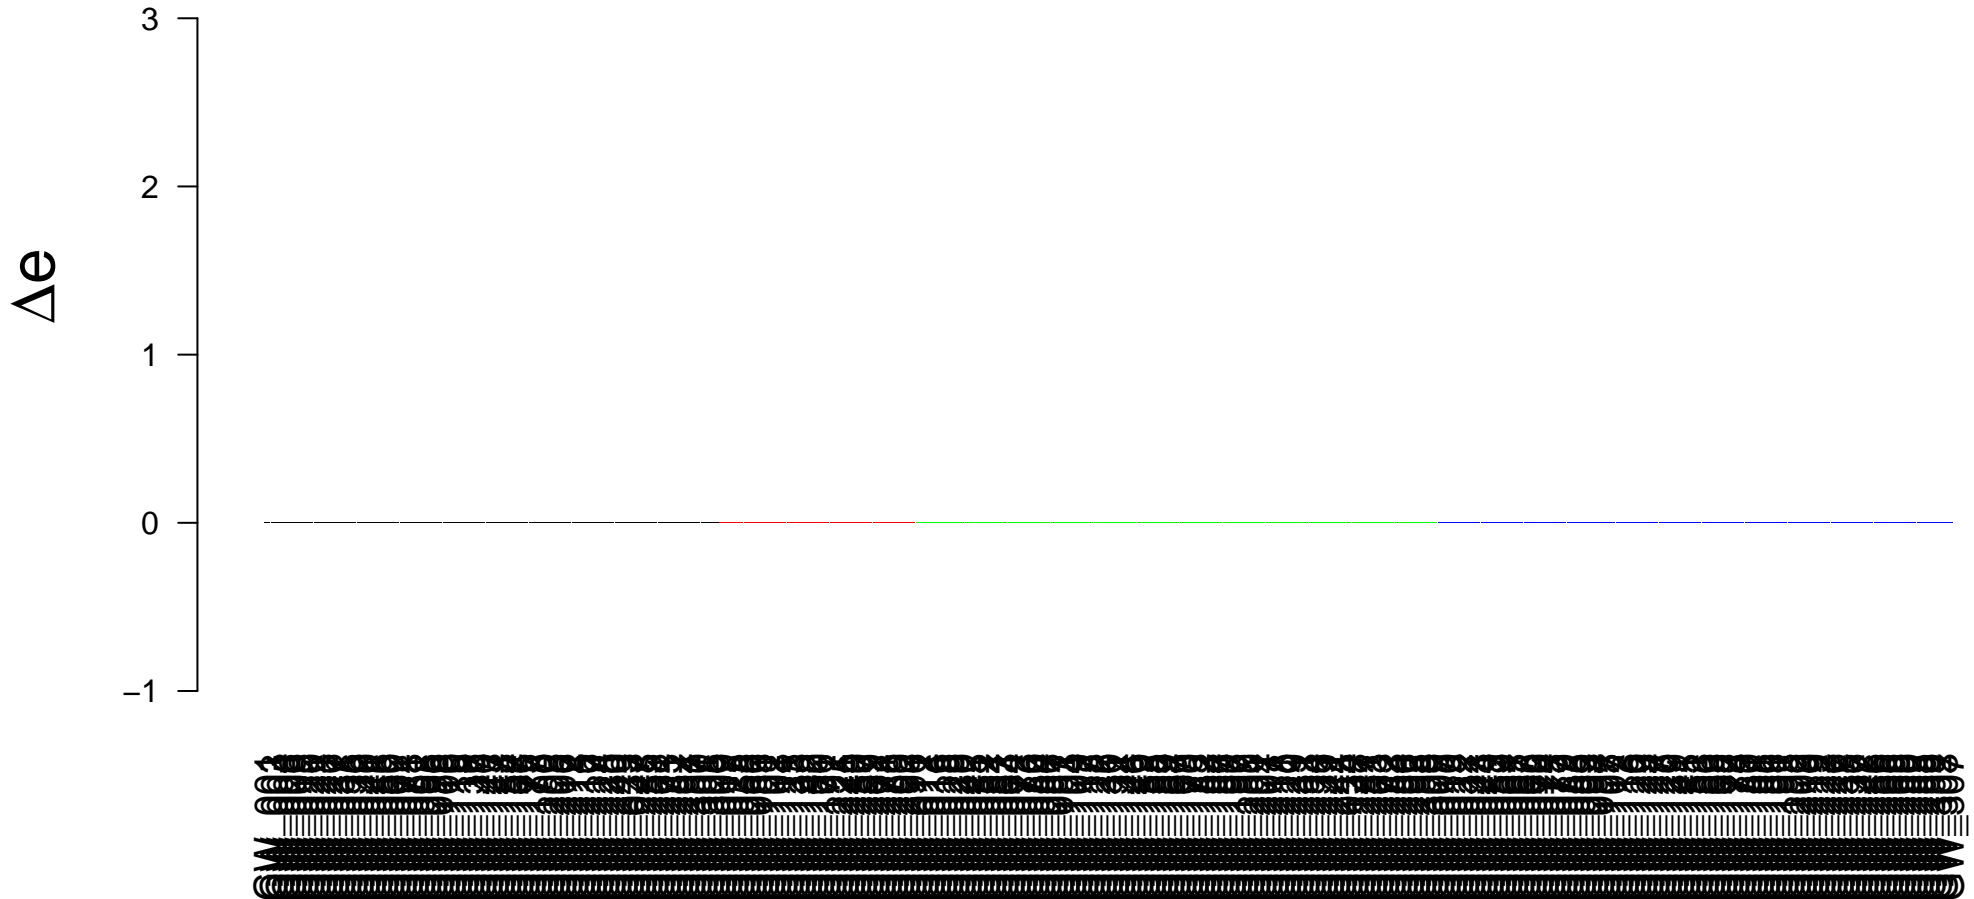

Expression of Fc-gamma receptor signaling pathway involved in phagocytosis in Spot C

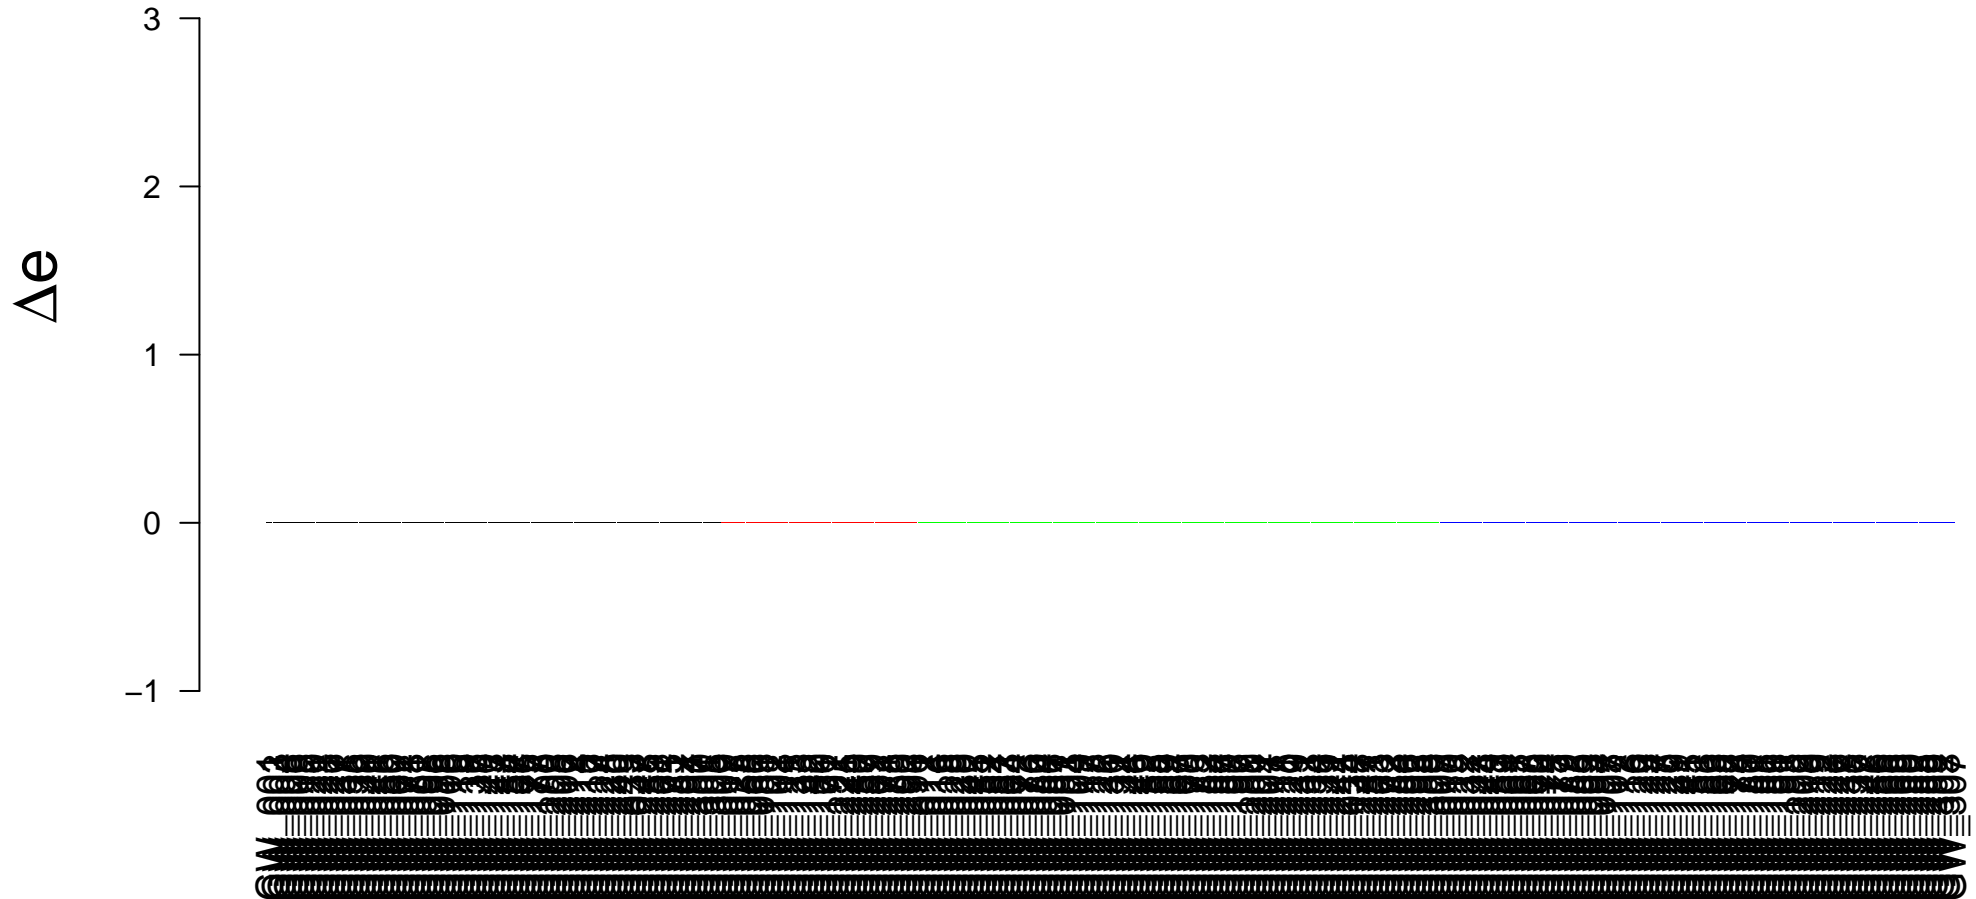

Expression of Fc-gamma receptor signaling pathway involved in phagocytosis in Spot D

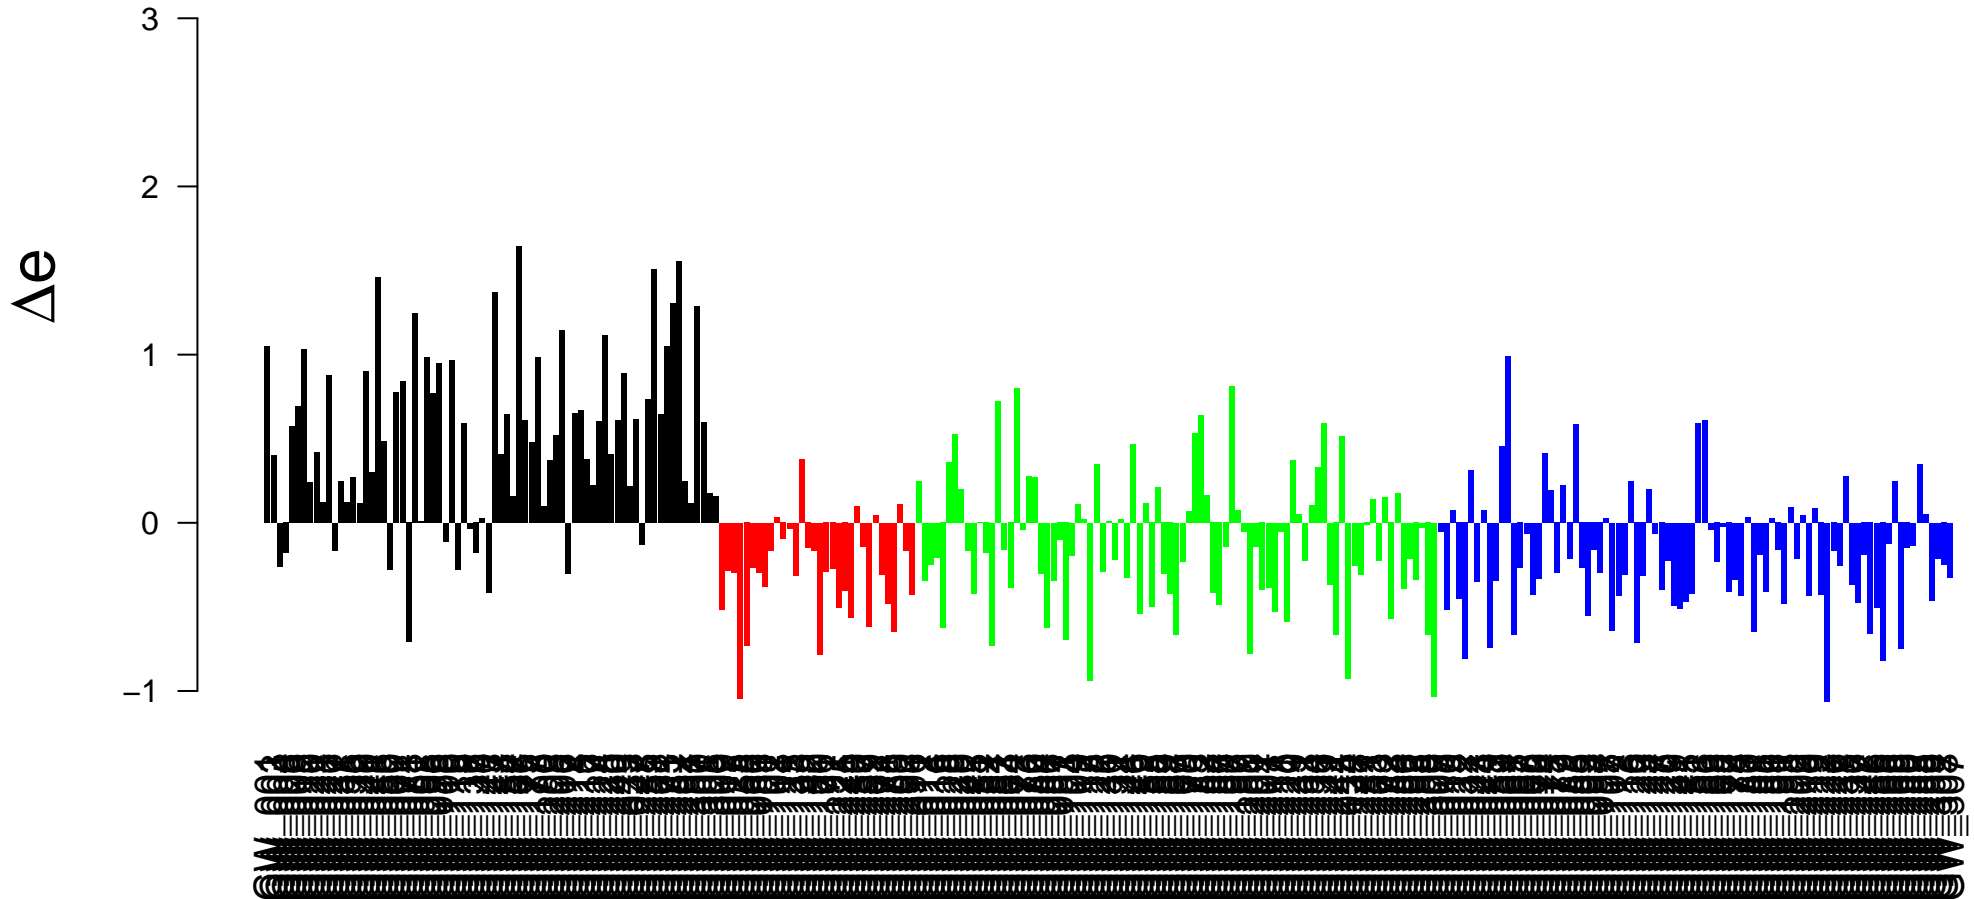

Expression of Fc-gamma receptor signaling pathway involved in phagocytosis in Spot E

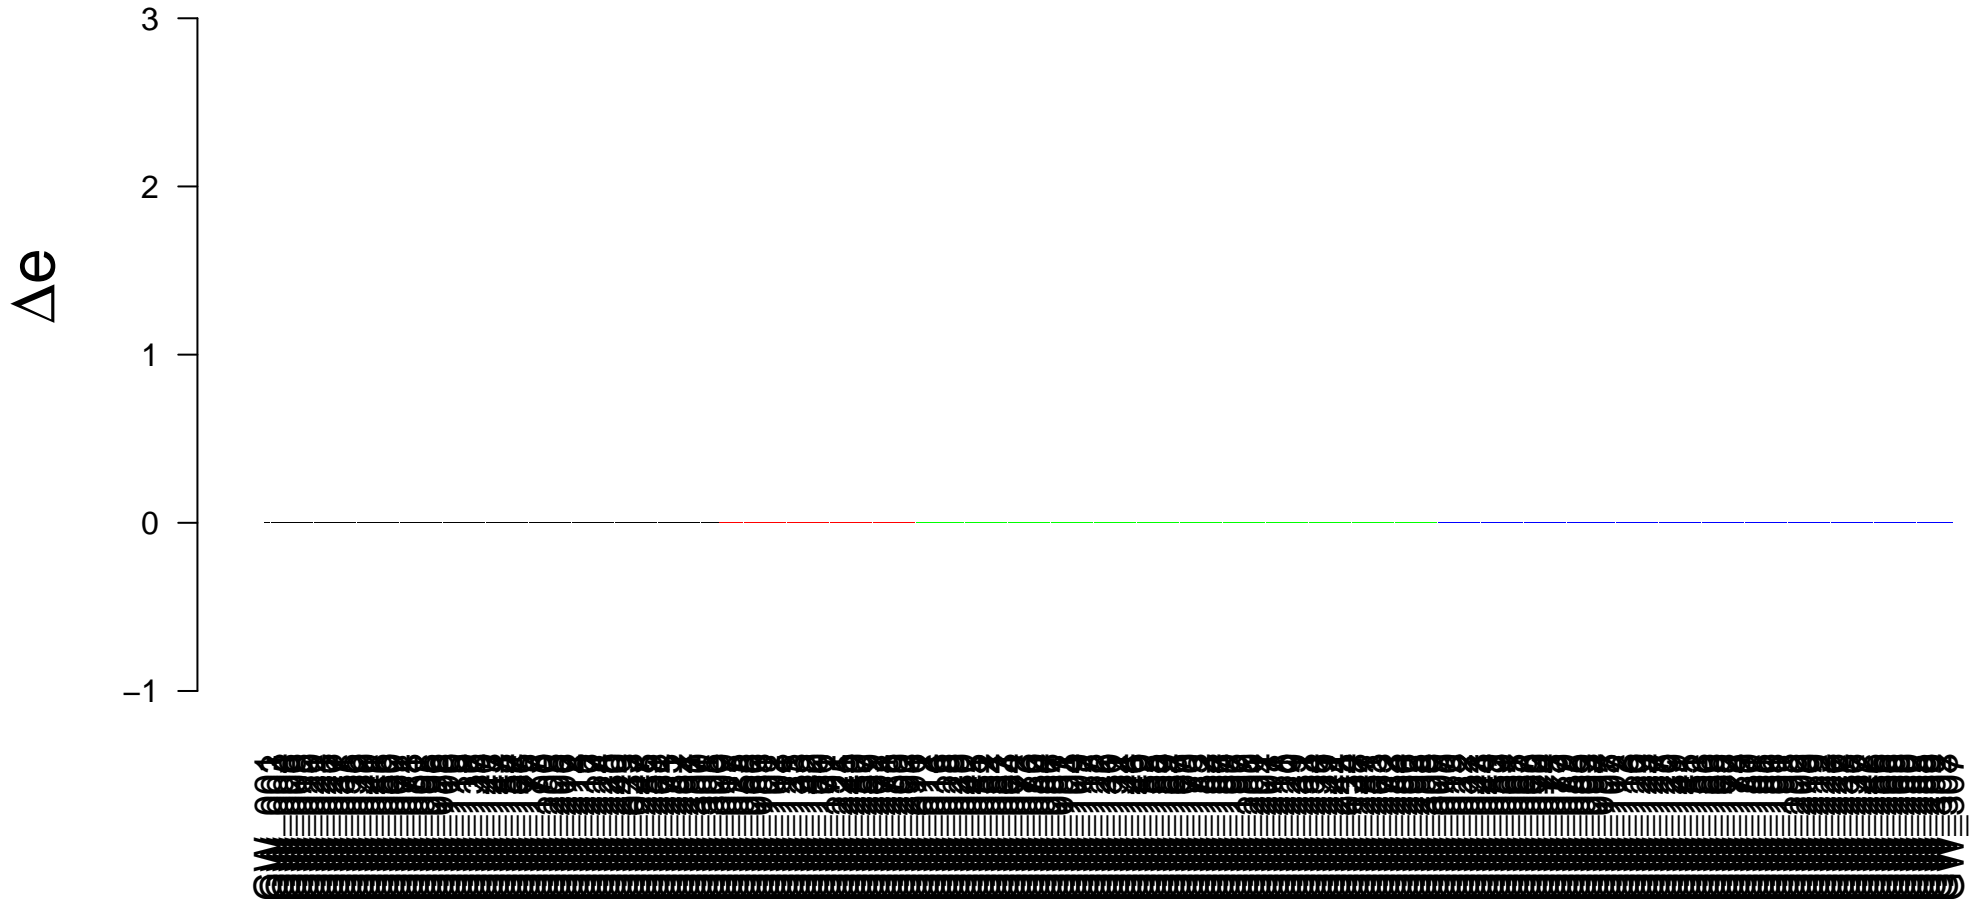

Expression of Fc-gamma receptor signaling pathway involved in phagocytosis in Spot F

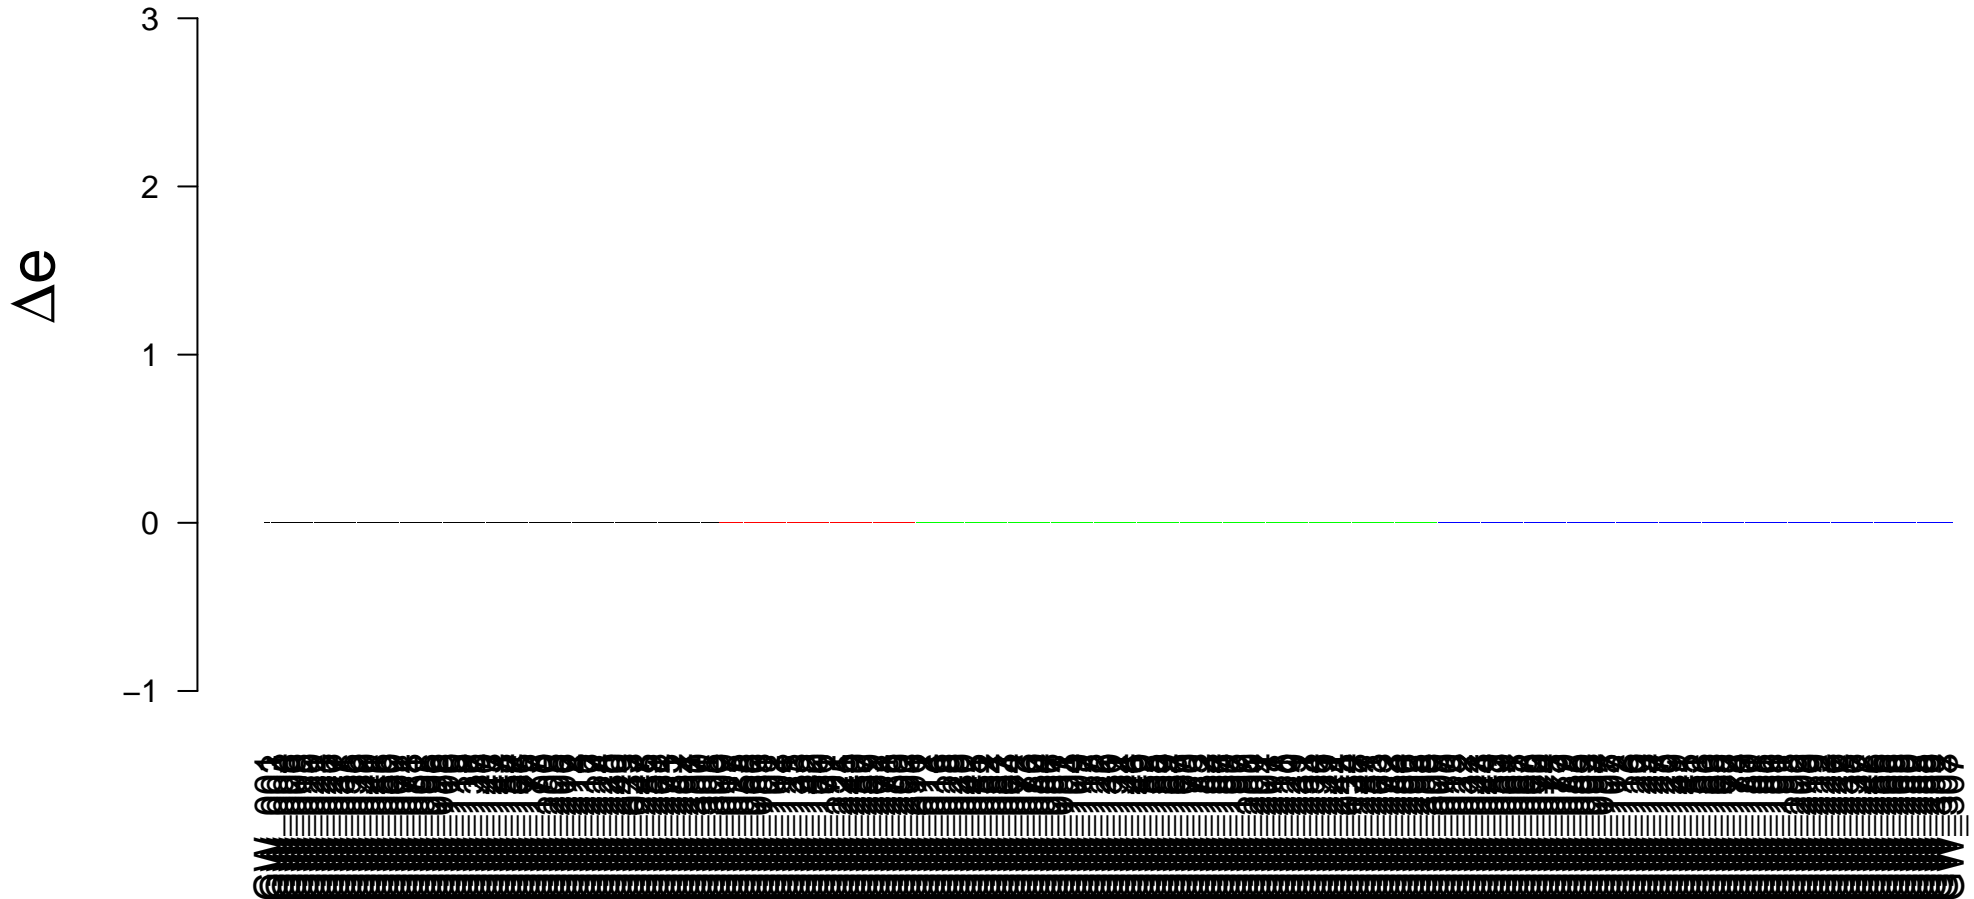

Expression of Fc-gamma receptor signaling pathway involved in phagocytosis in Spot G

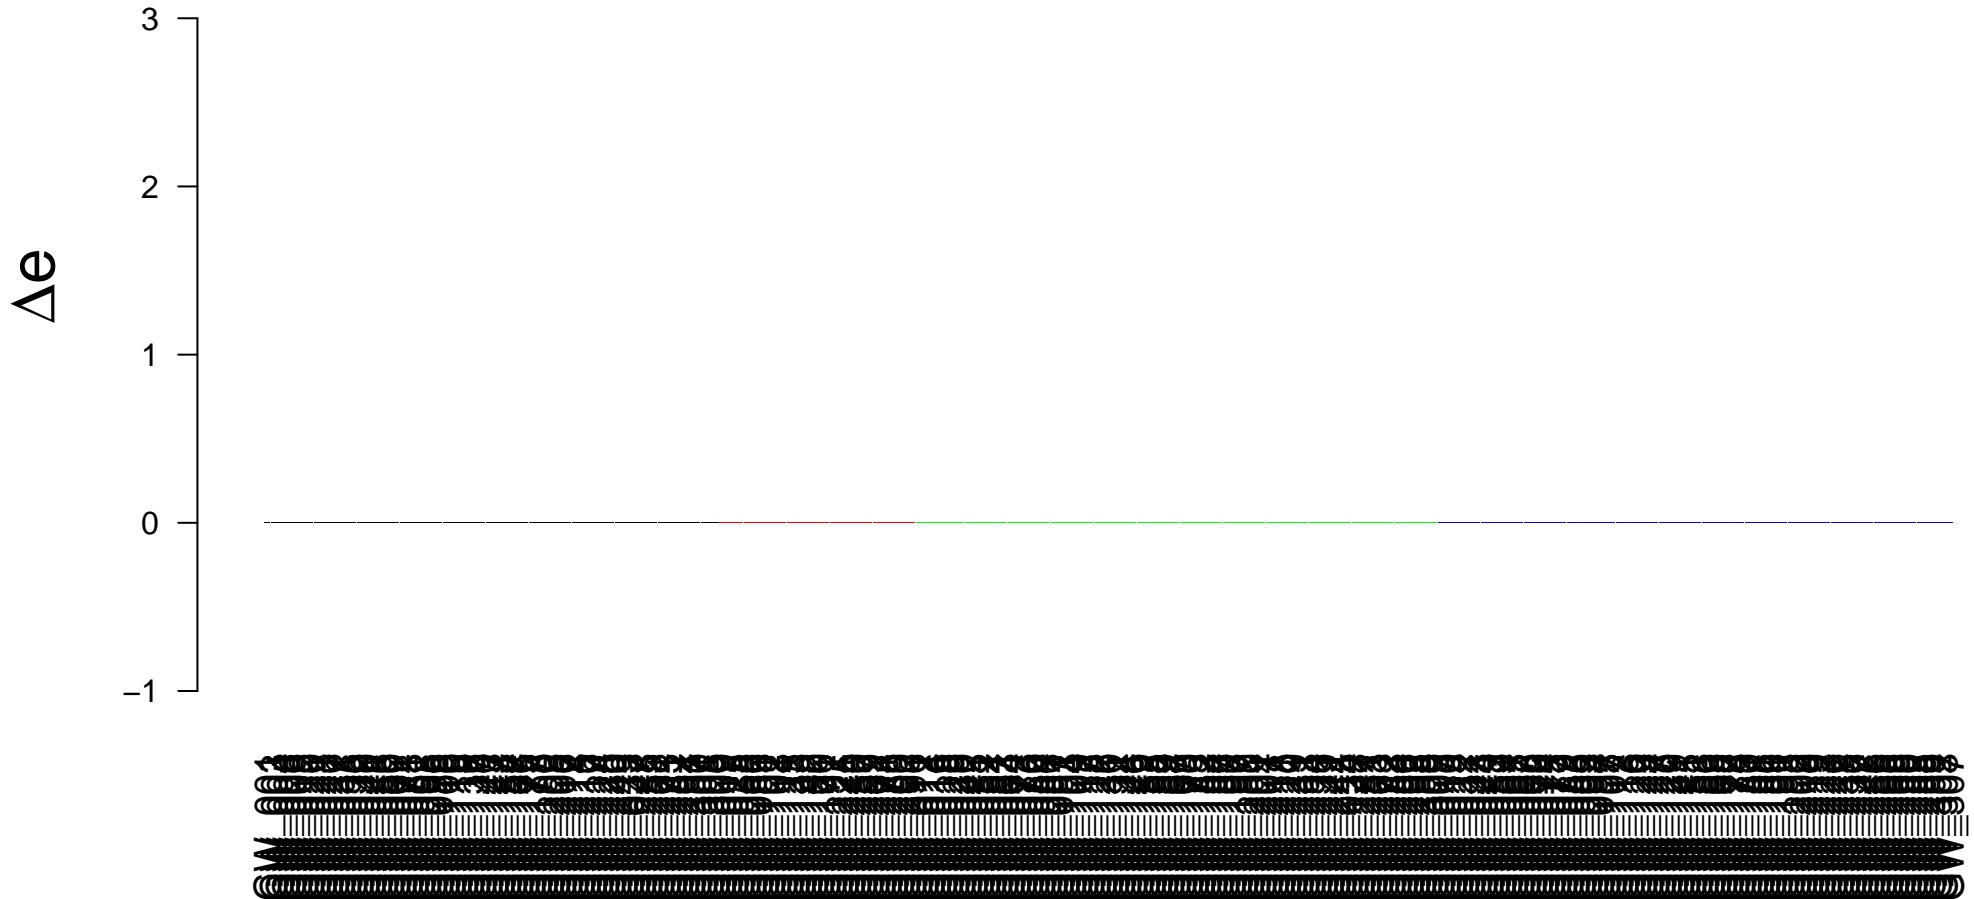

Expression of Fc-gamma receptor signaling pathway involved in phagocytosis in Spot H

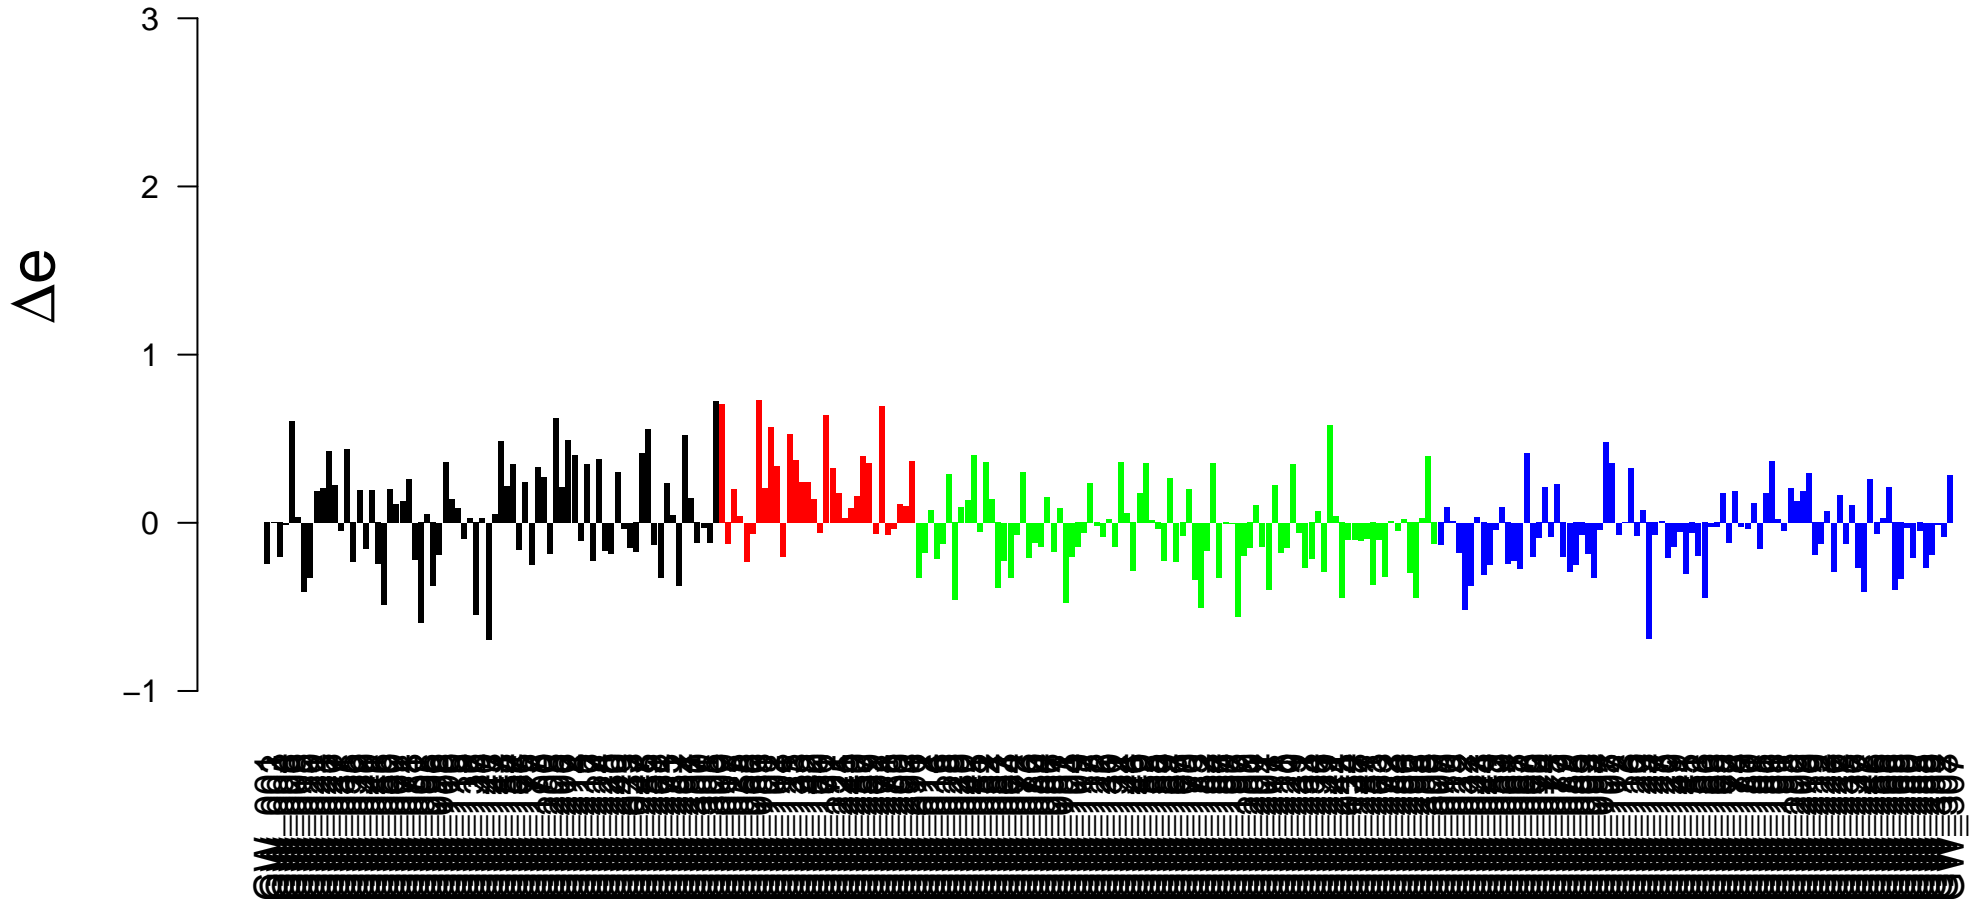

Expression of Fc-gamma receptor signaling pathway involved in phagocytosis in Spot I

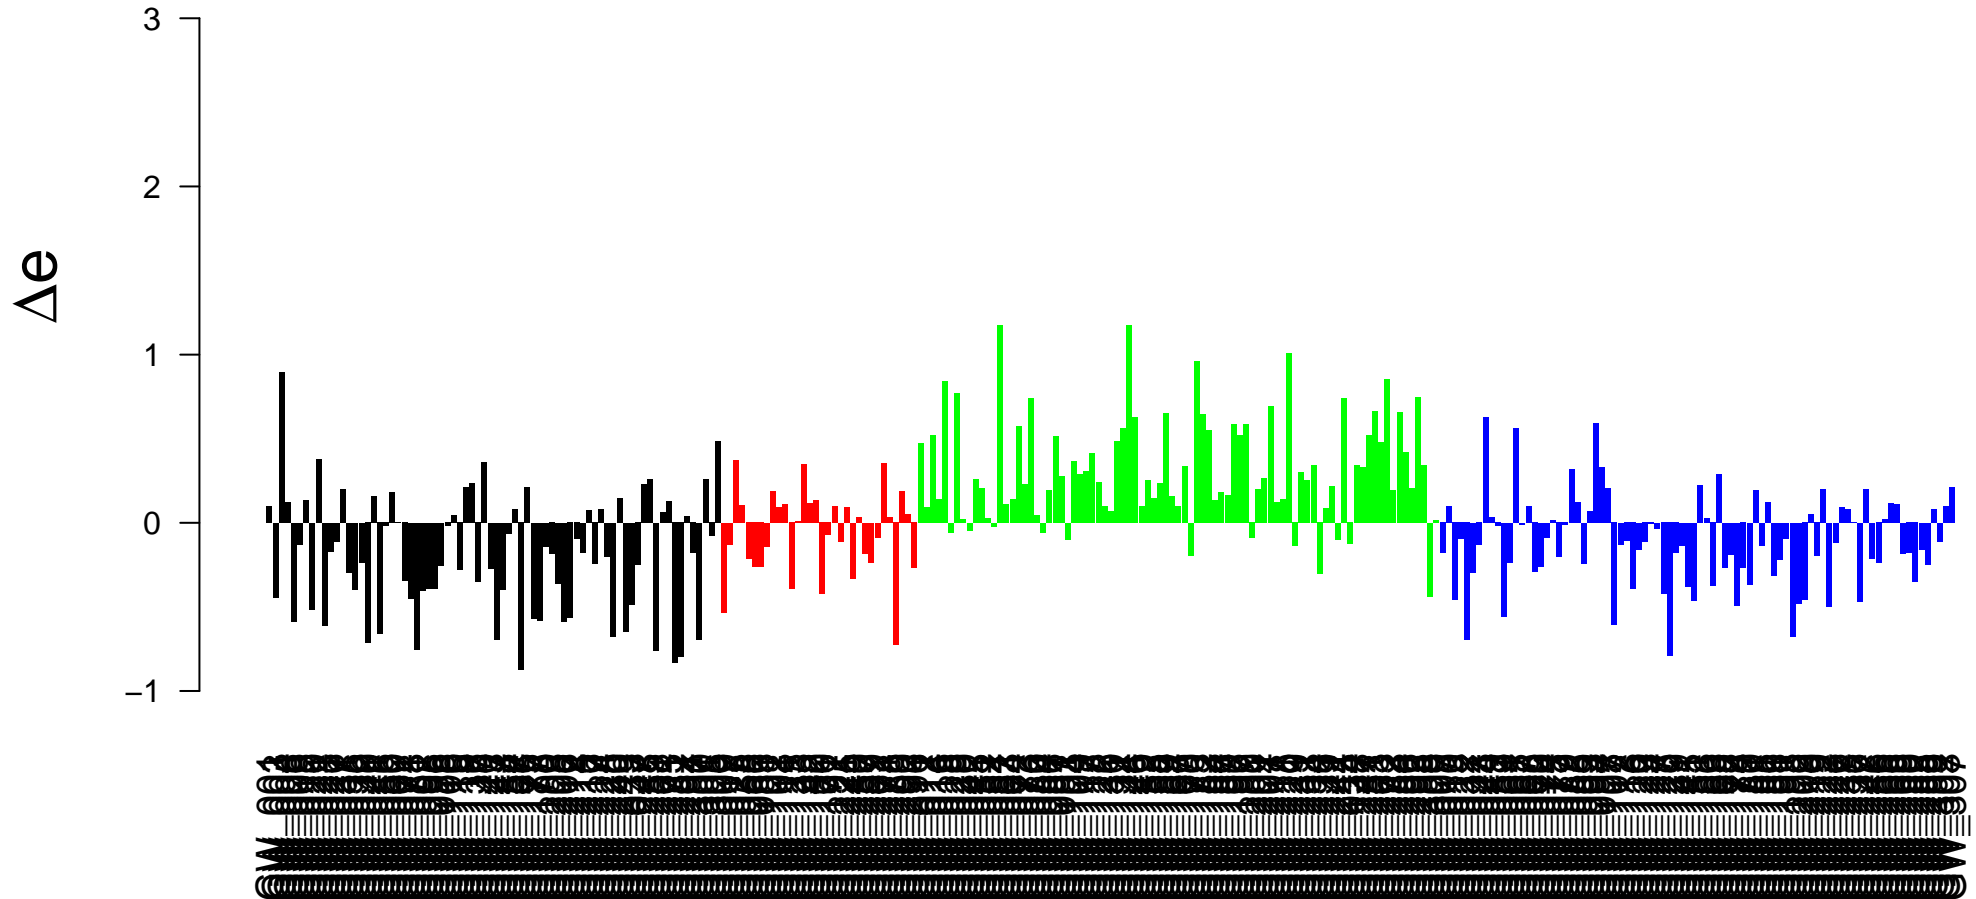

Expression of Fc-gamma receptor signaling pathway involved in phagocytosis in Spot J

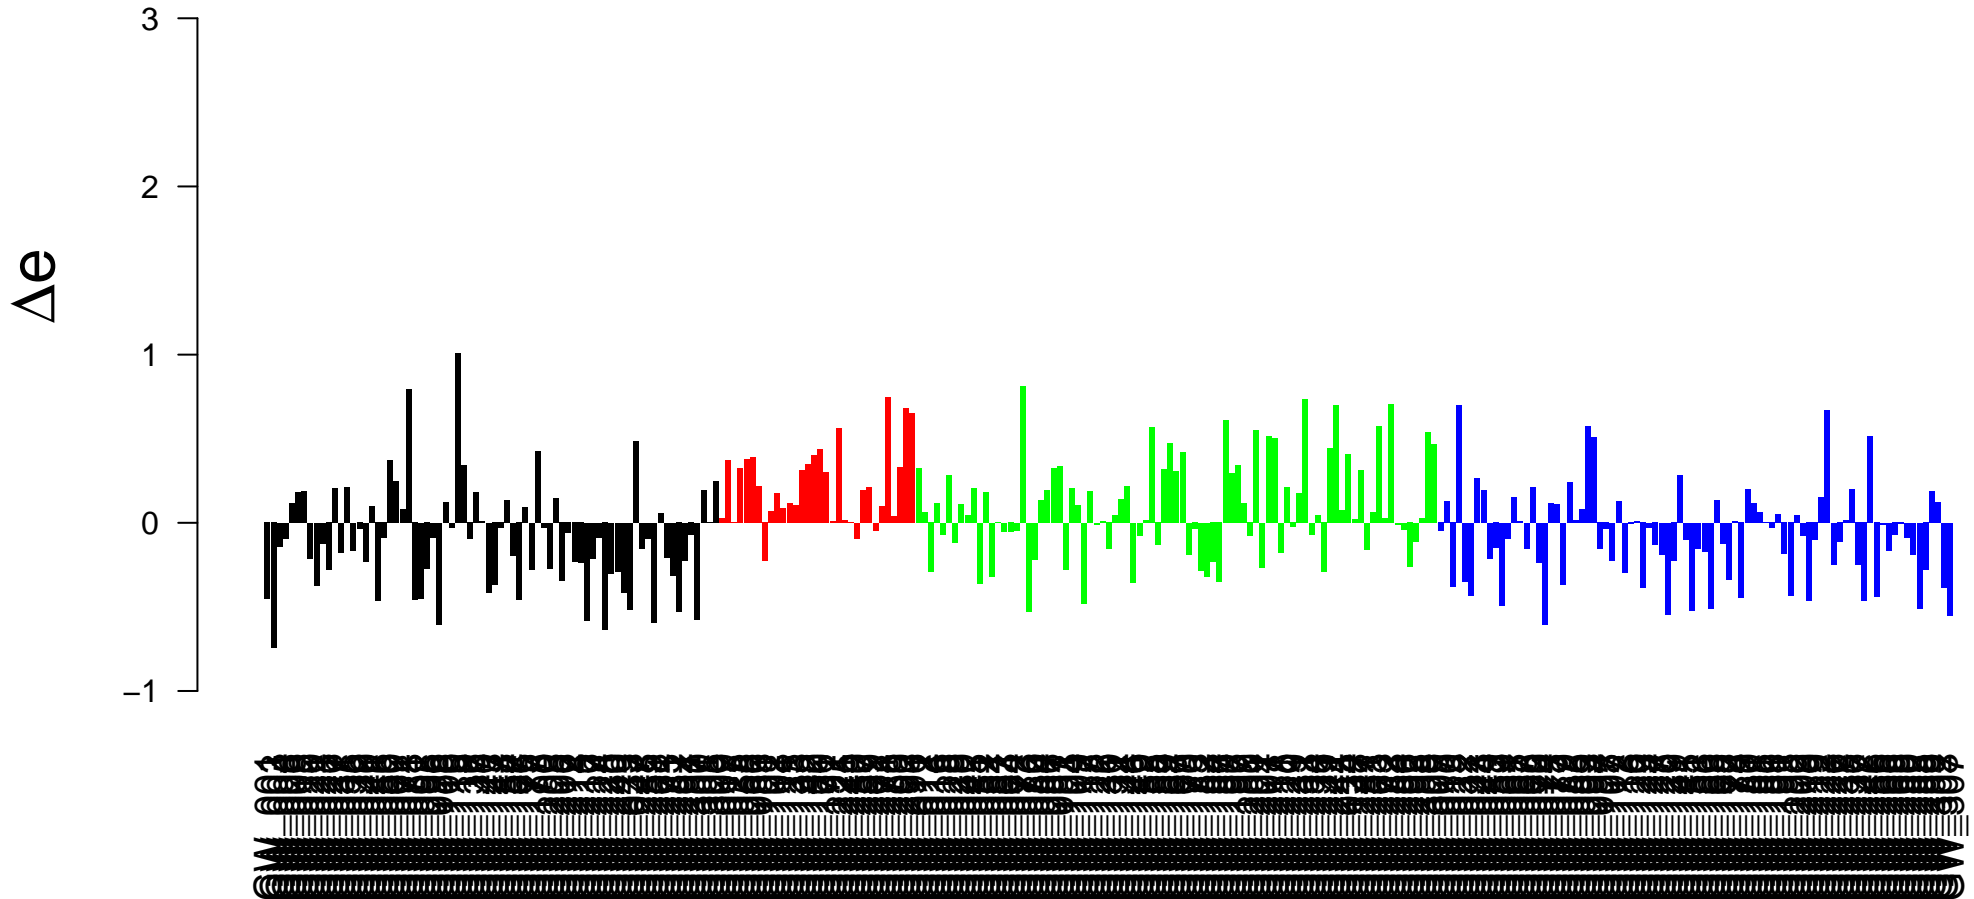

Expression of Fc-gamma receptor signaling pathway involved in phagocytosis in Spot K

Expression of Fc-gamma receptor signaling pathway involved in phagocytosis in Spot L

Expression of Fc-gamma receptor signaling pathway involved in phagocytosis in Spot M

Expression of Fc-gamma receptor signaling pathway involved in phagocytosis in Spot N
