

G-protein alpha-subunit binding

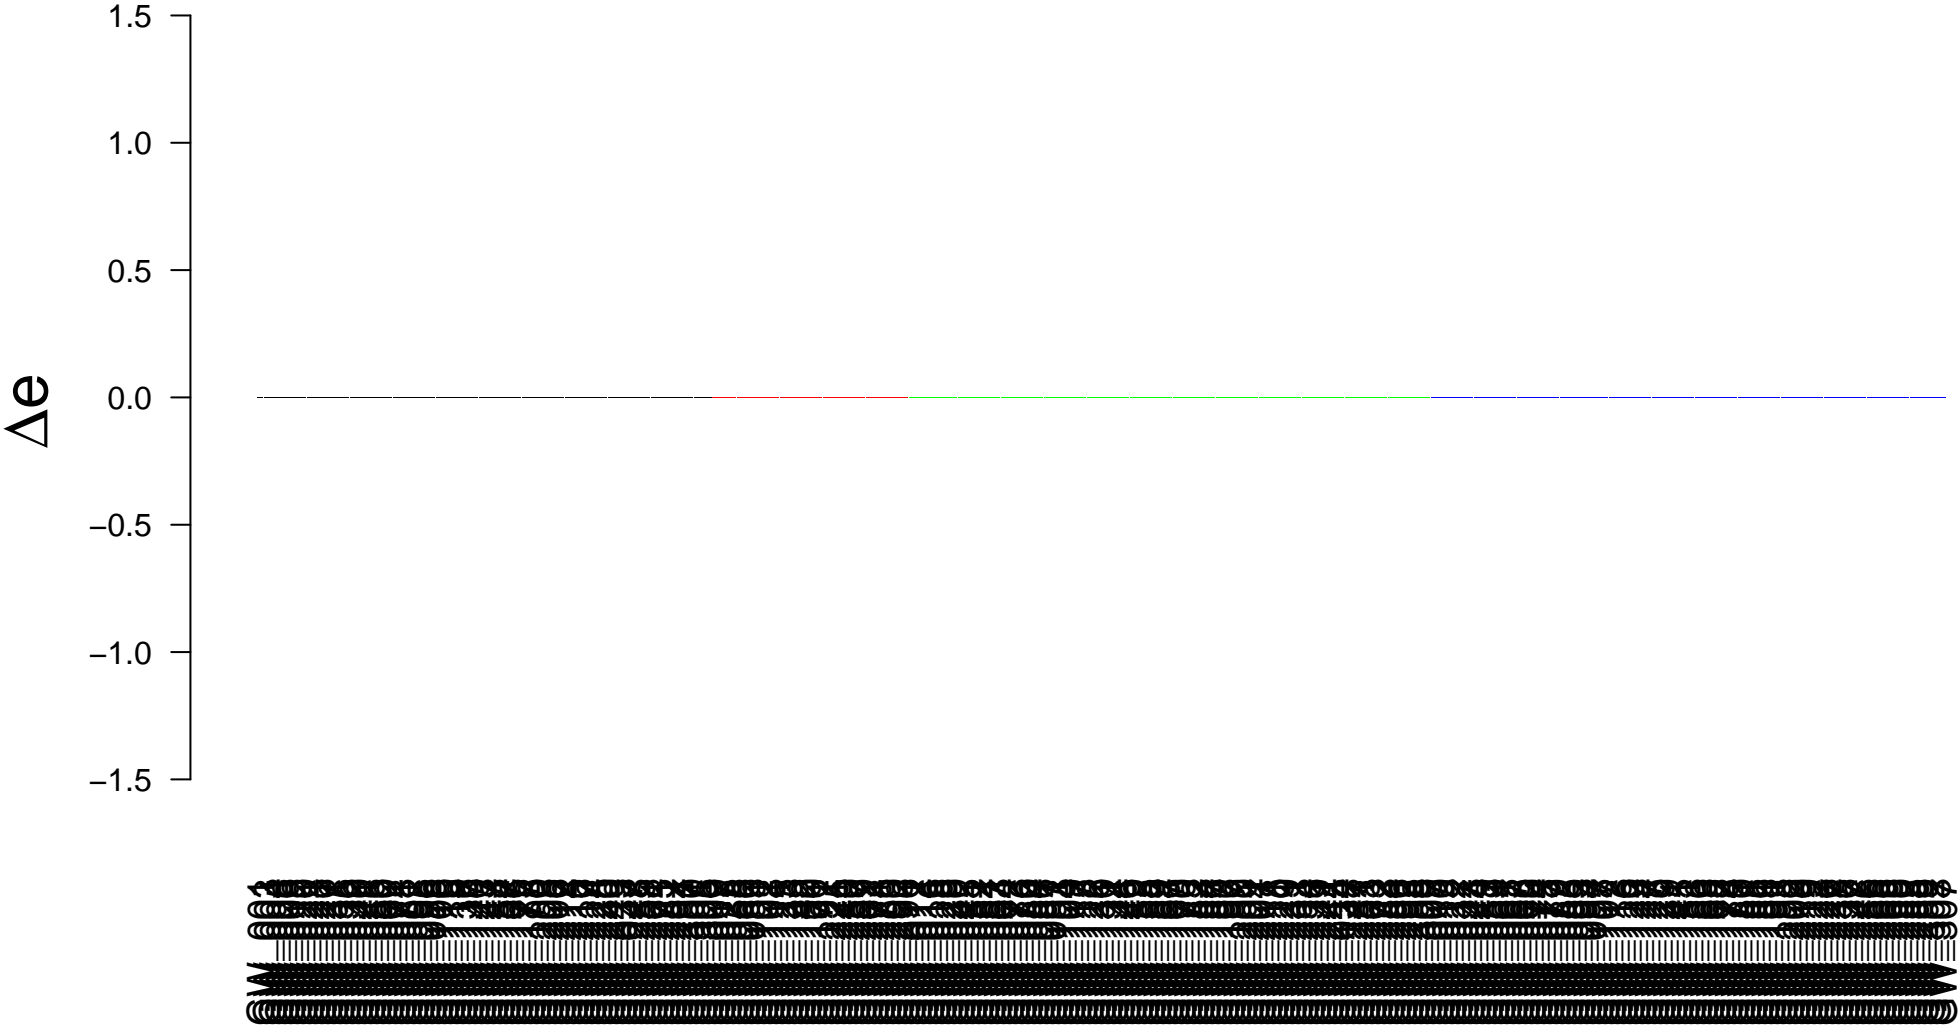

G-protein alpha-subunit binding

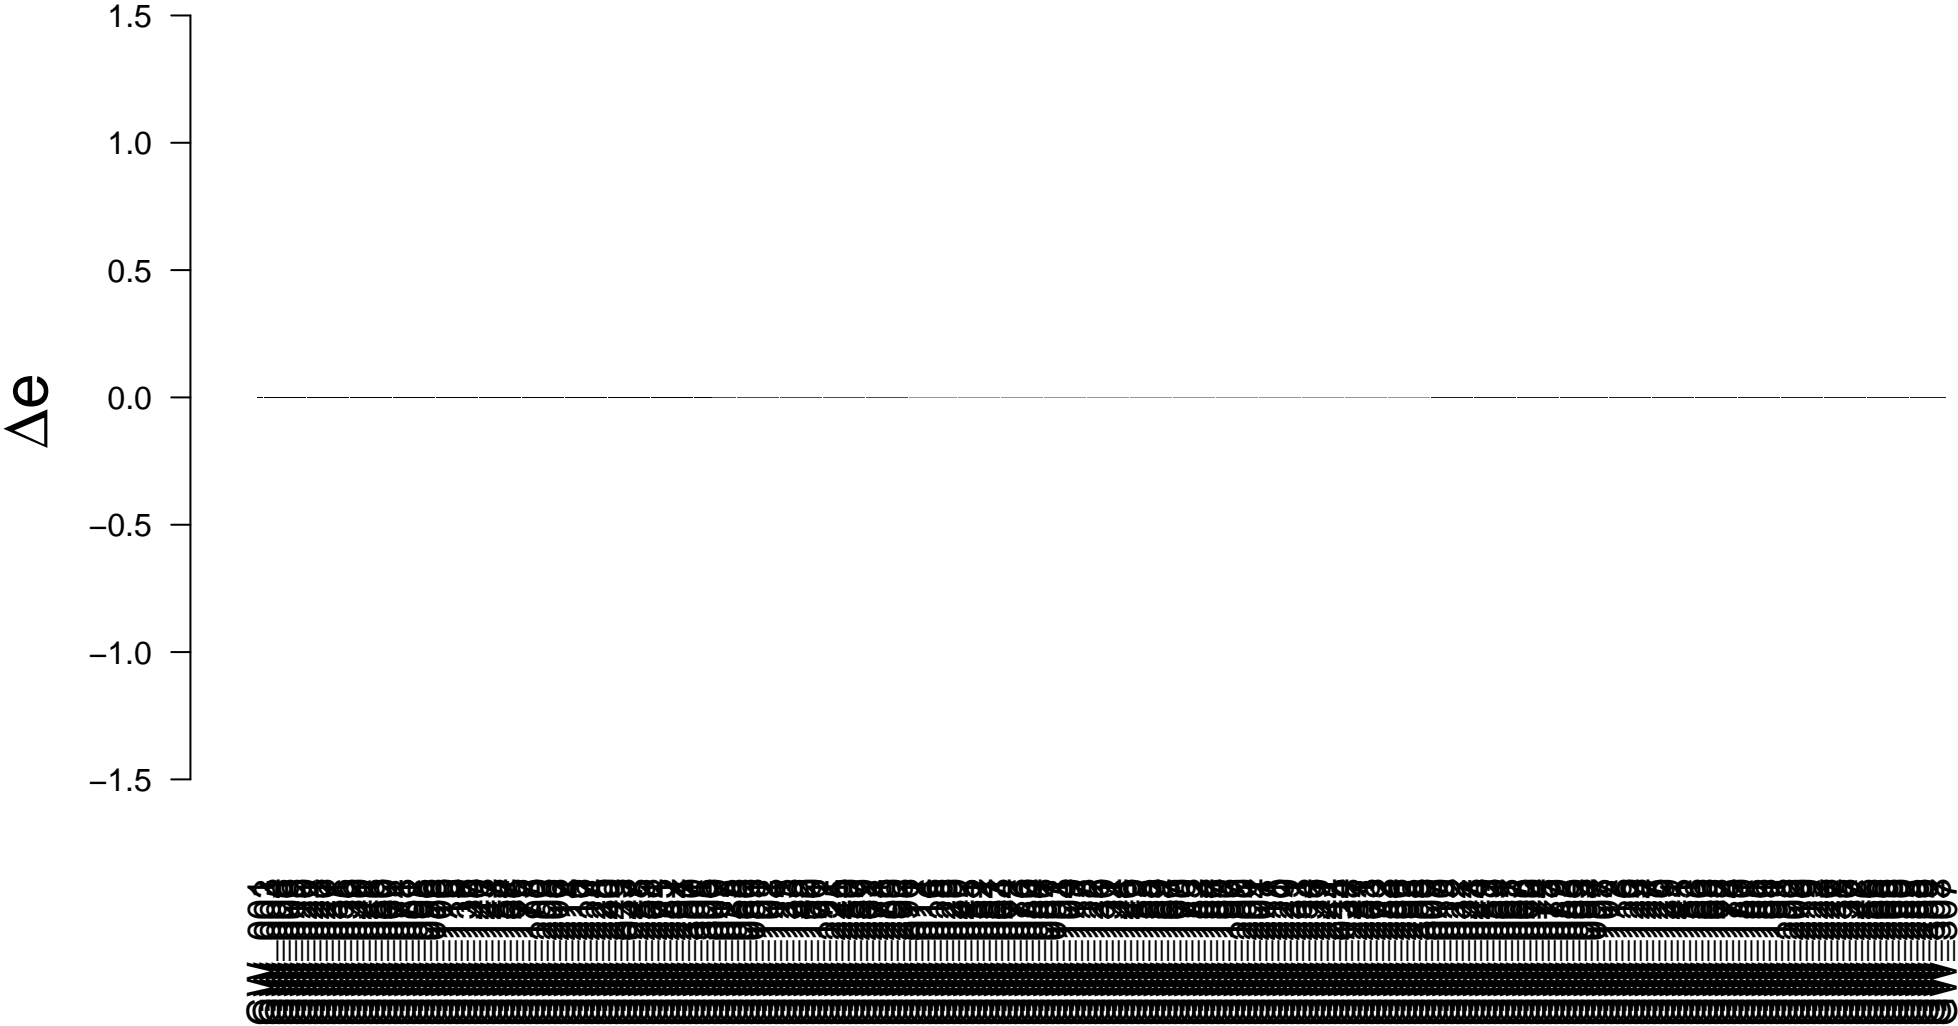

Enrichment in spots: G-protein alpha-subunit binding

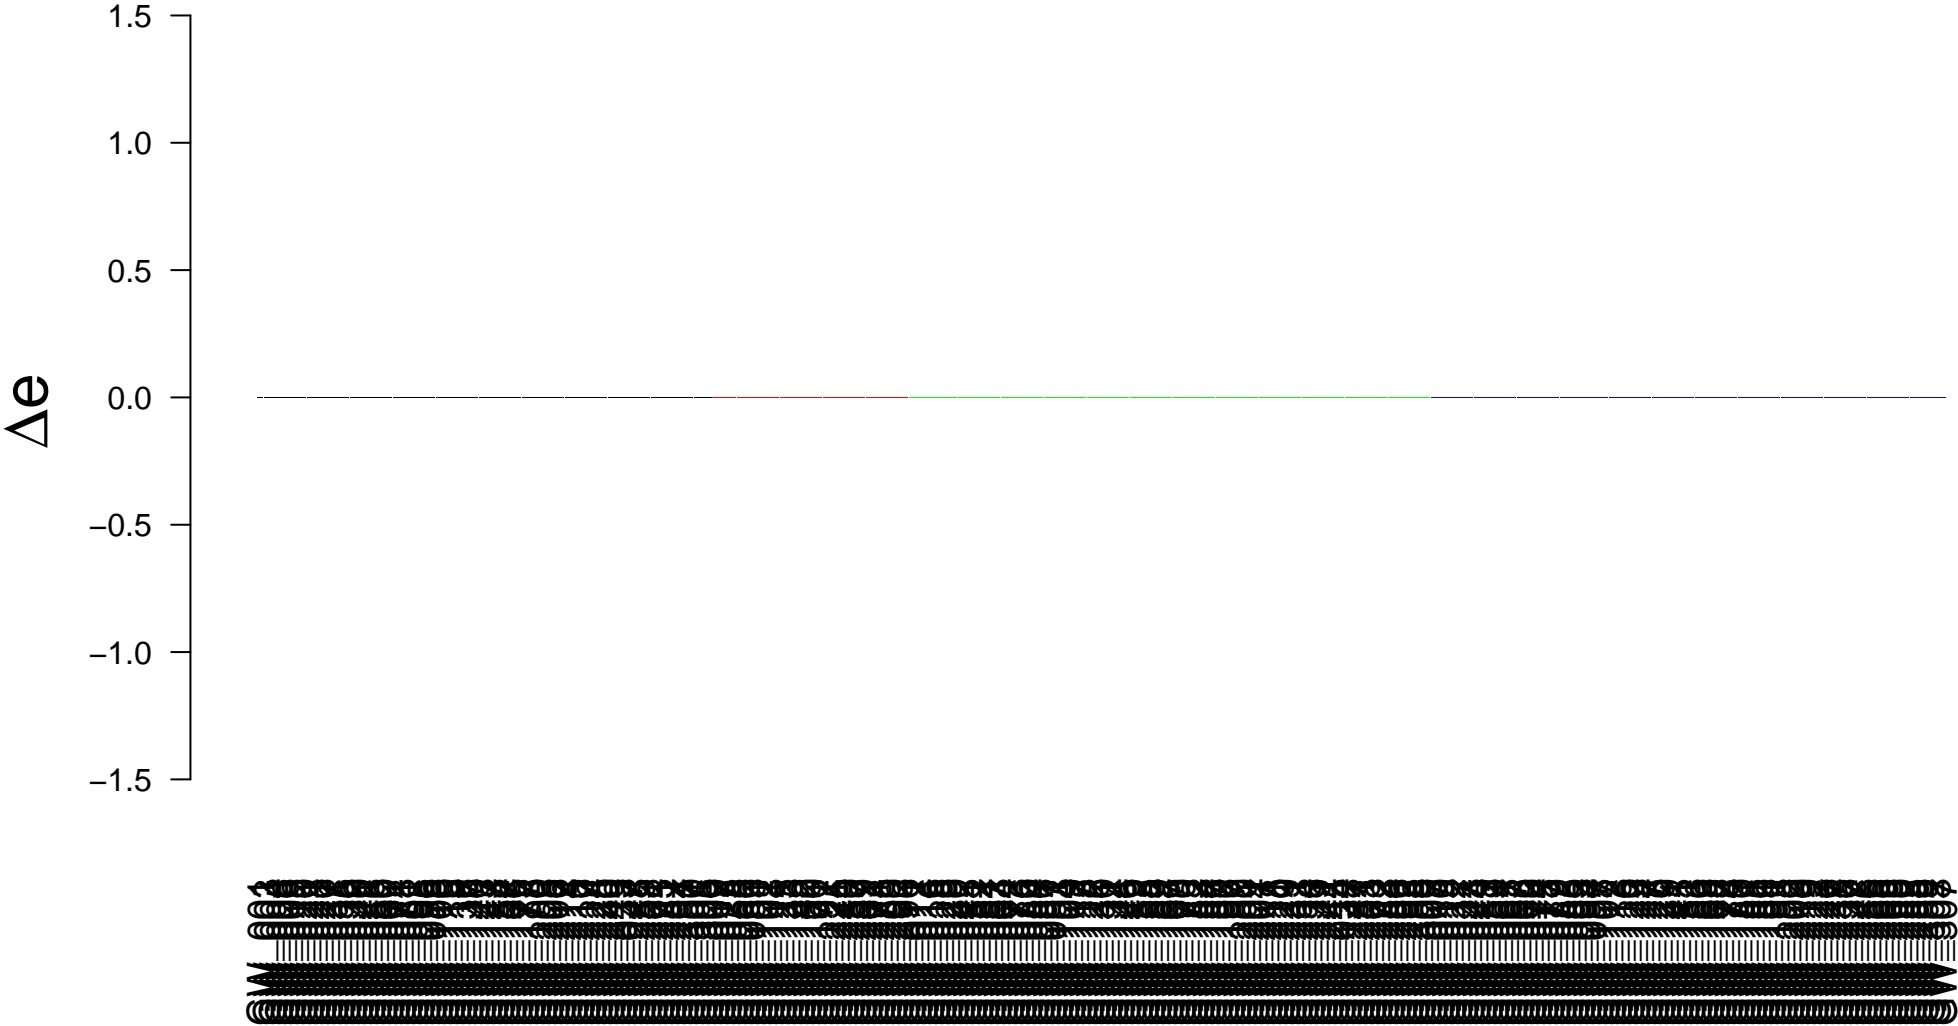

Expression of G-protein alpha-subunit binding in Spot A

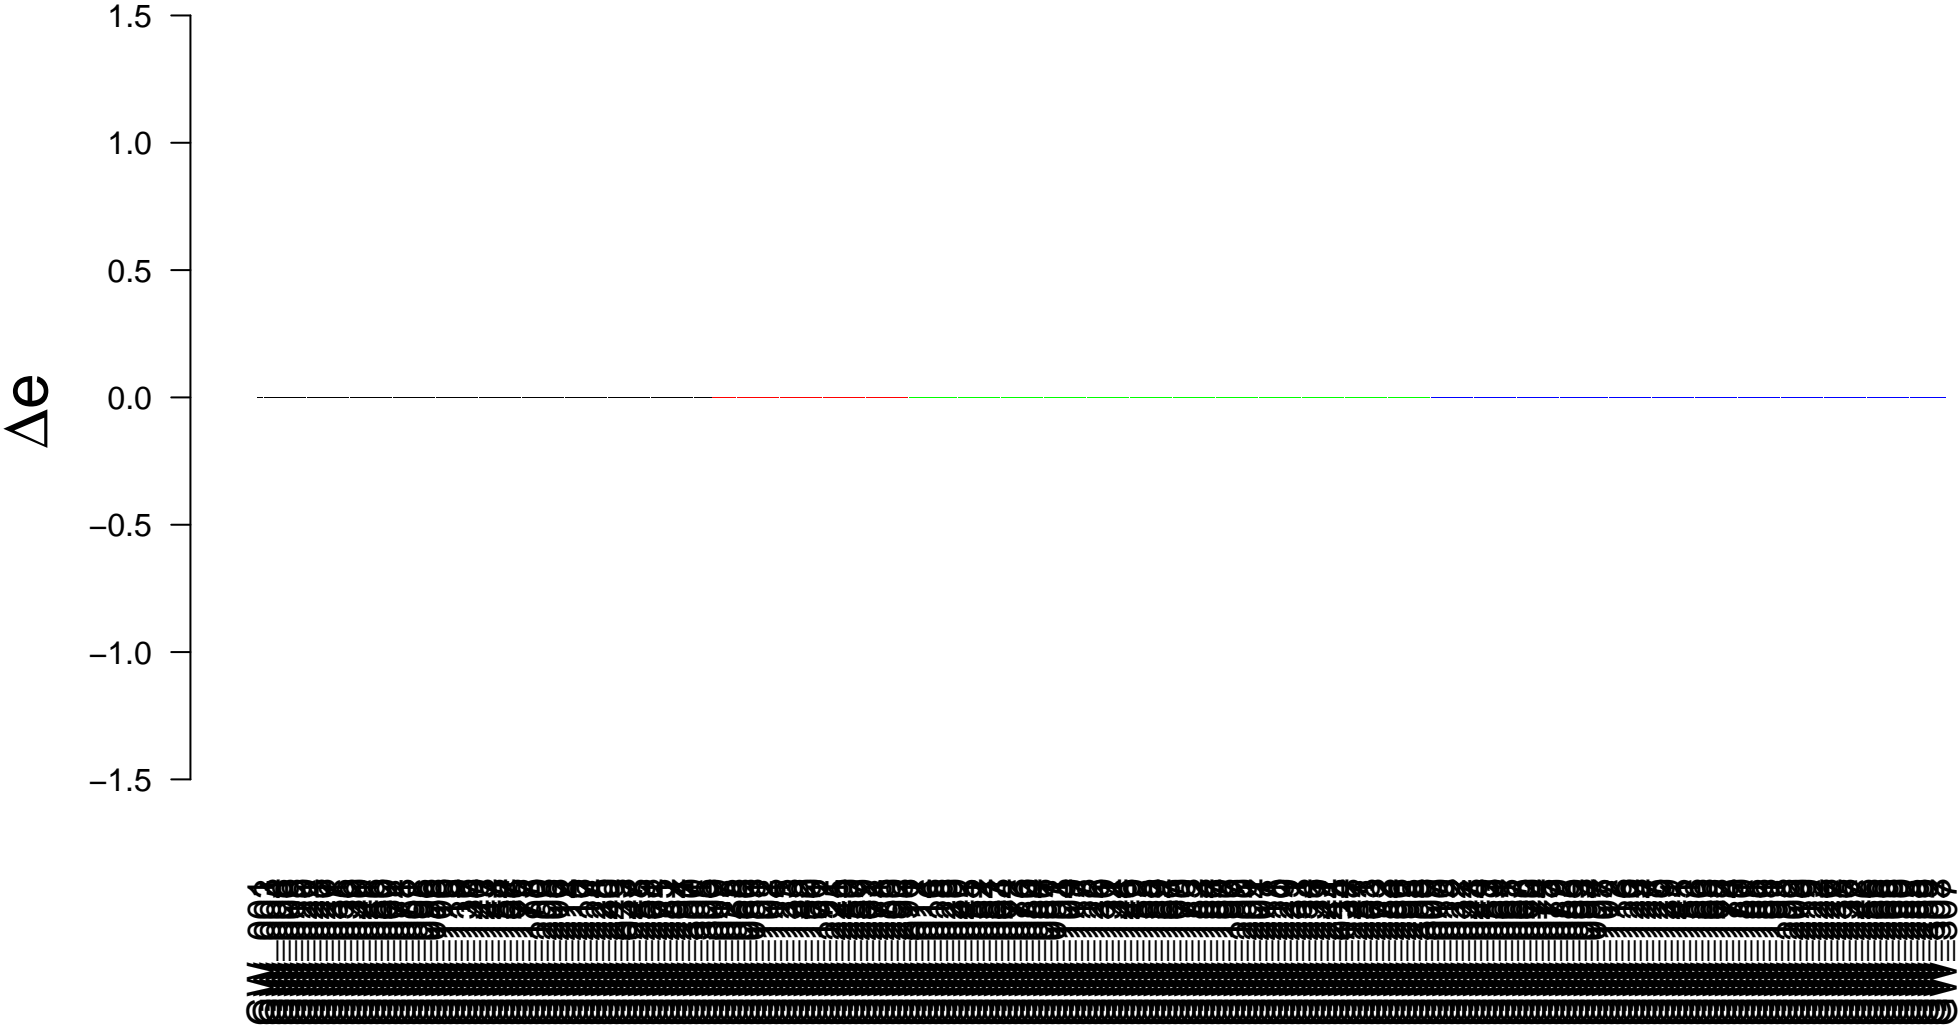

Expression of G-protein alpha-subunit binding in Spot B

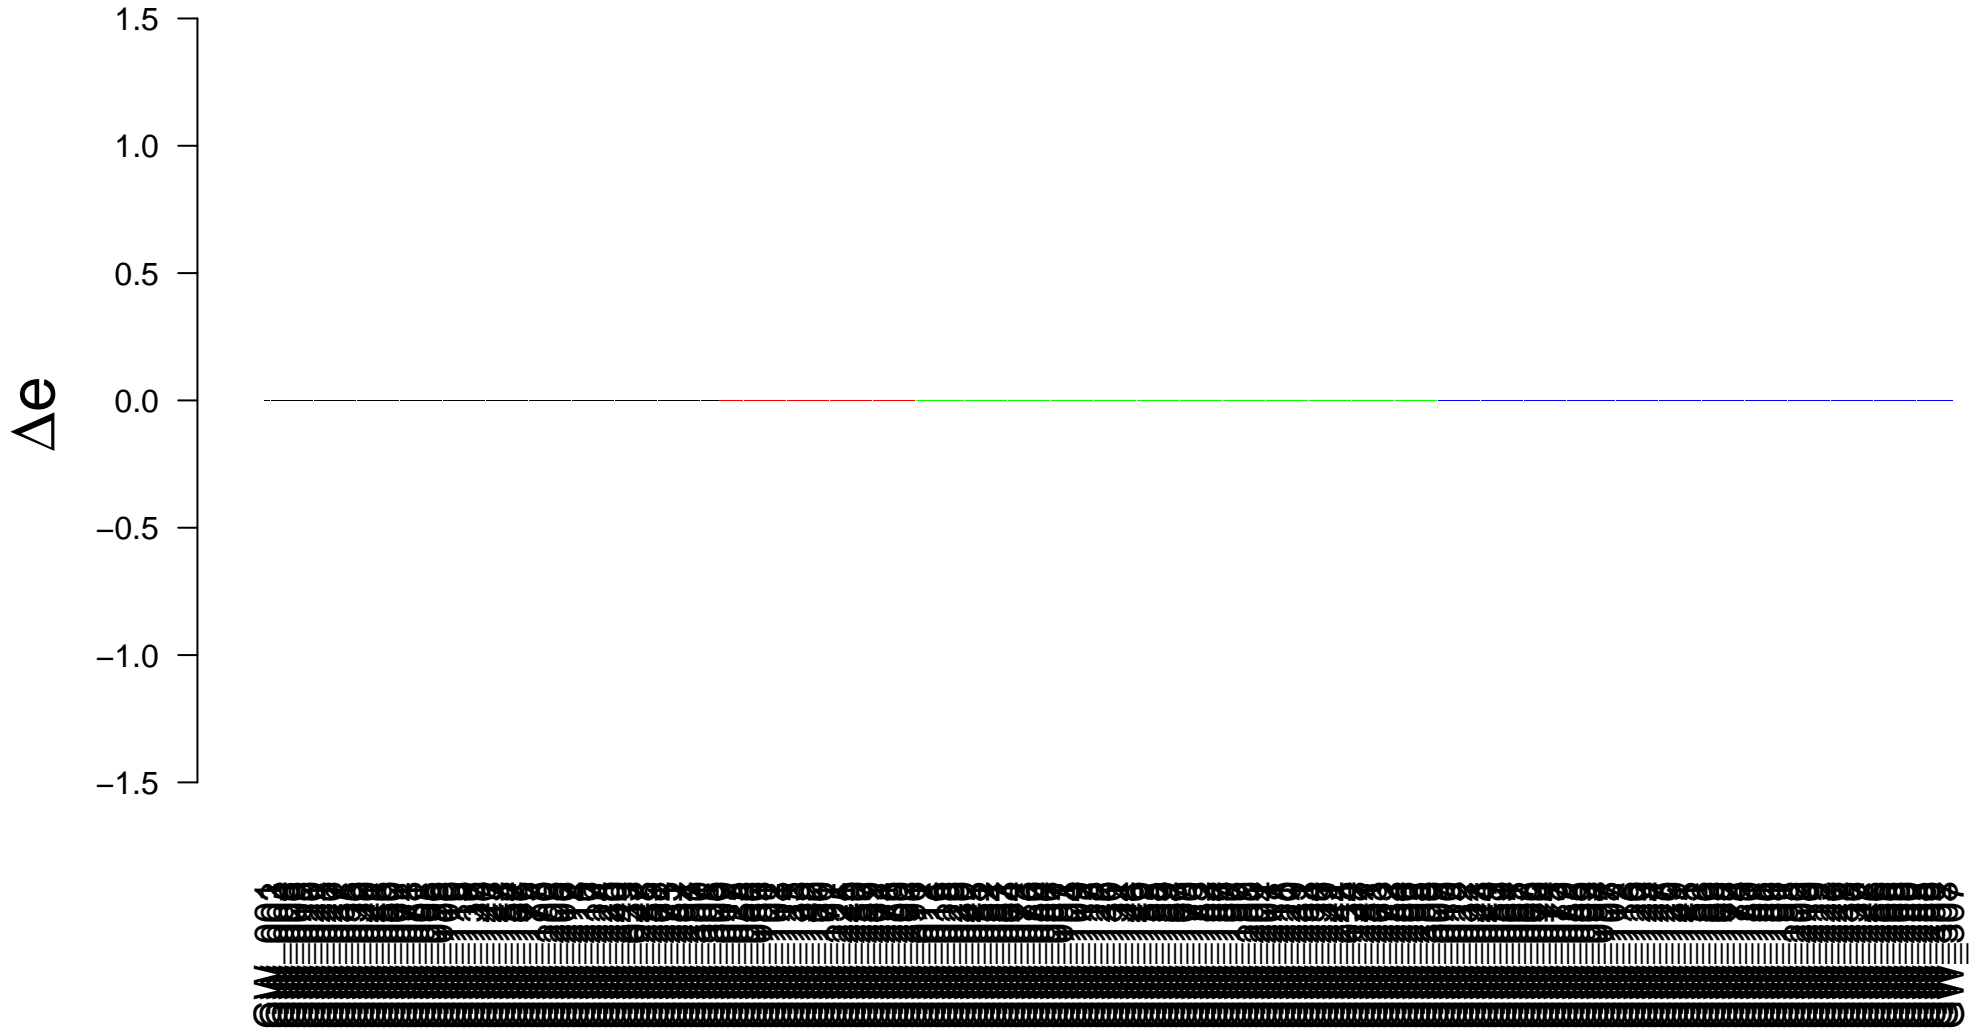

Expression of G-protein alpha-subunit binding in Spot C

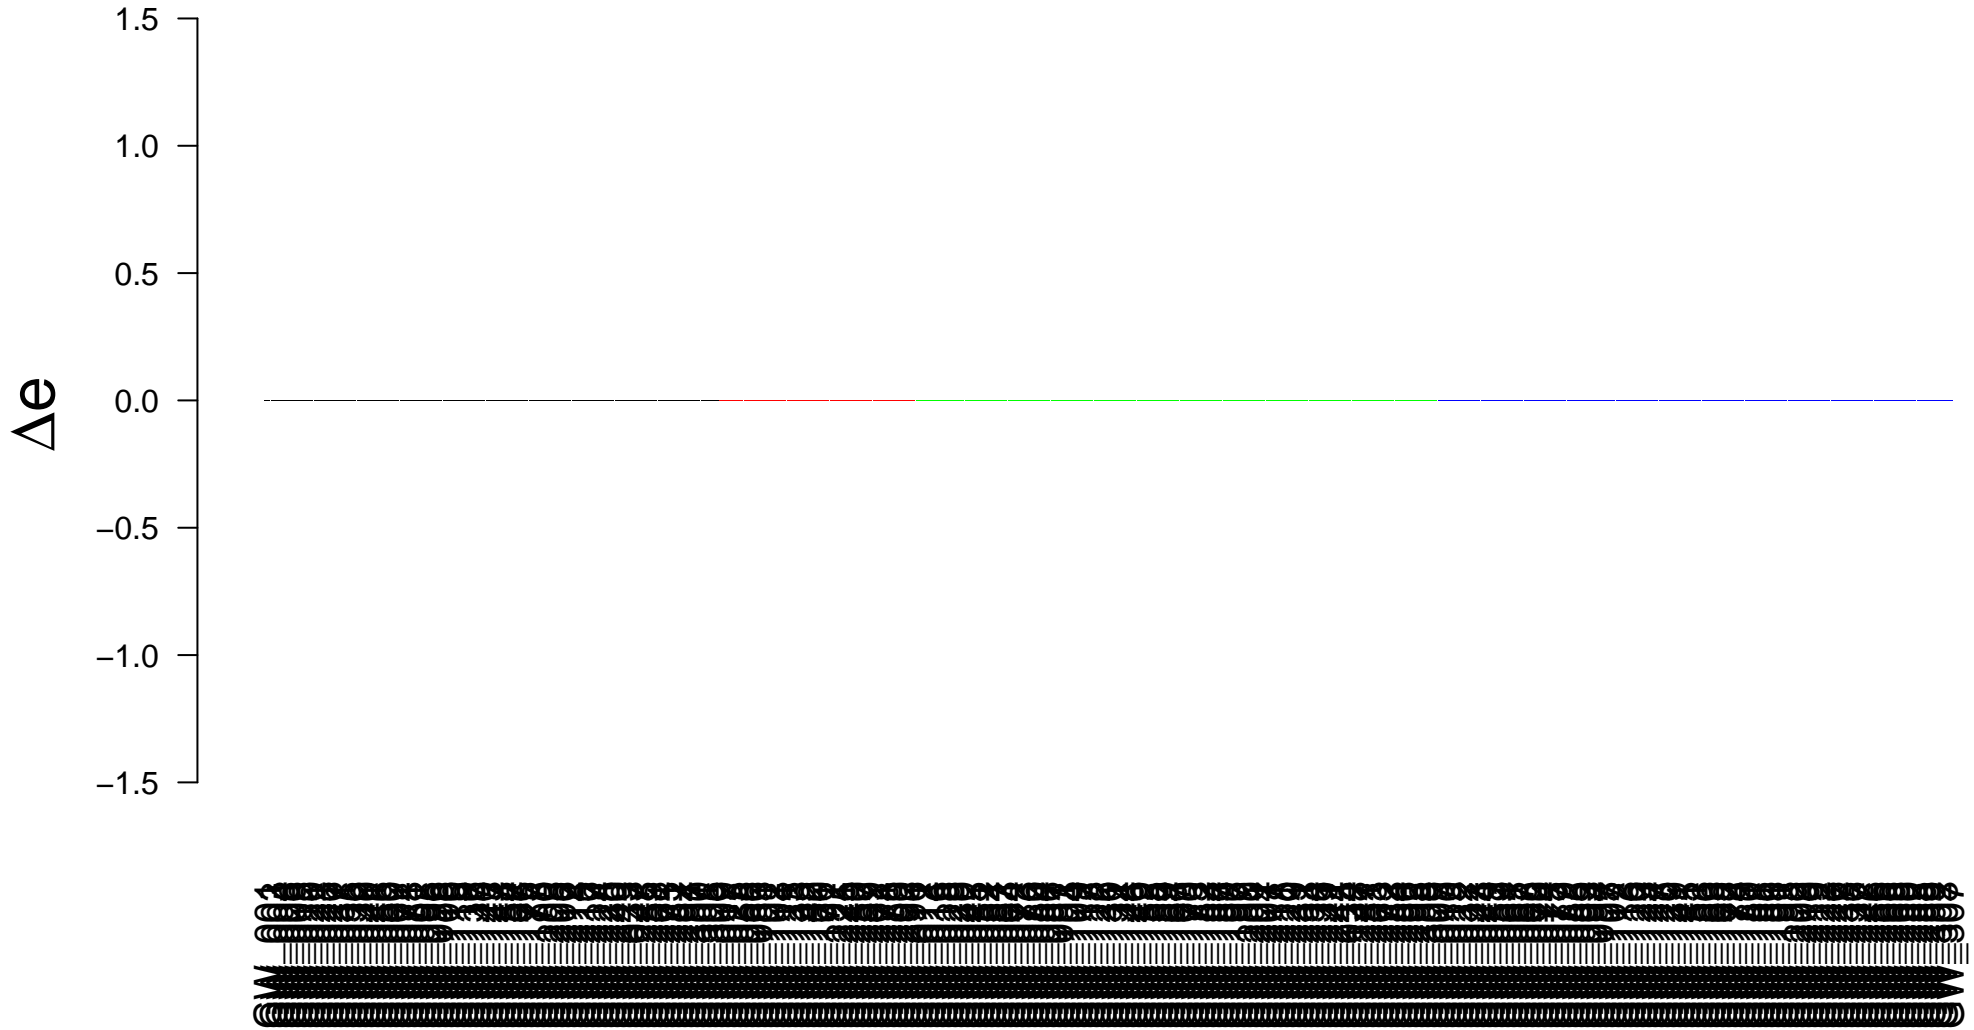

Expression of G-protein alpha-subunit binding in Spot D

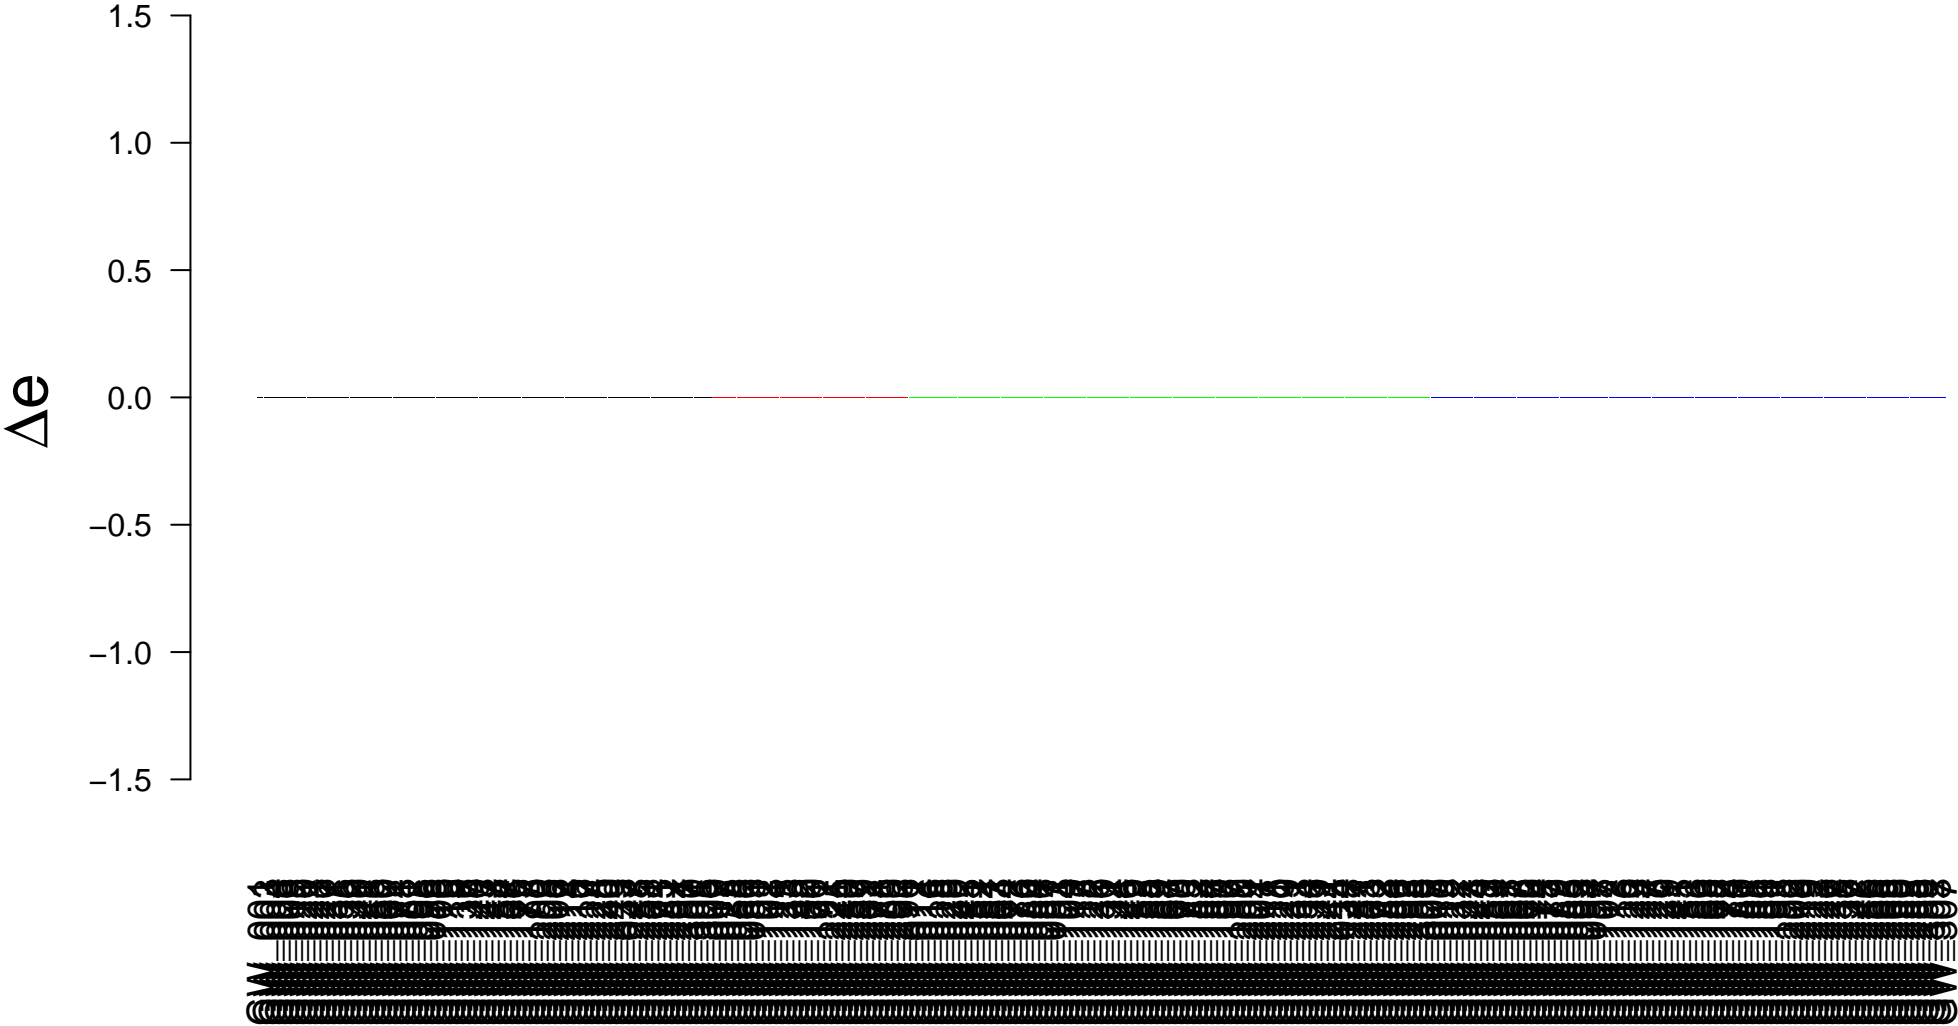

Expression of G-protein alpha-subunit binding in Spot E

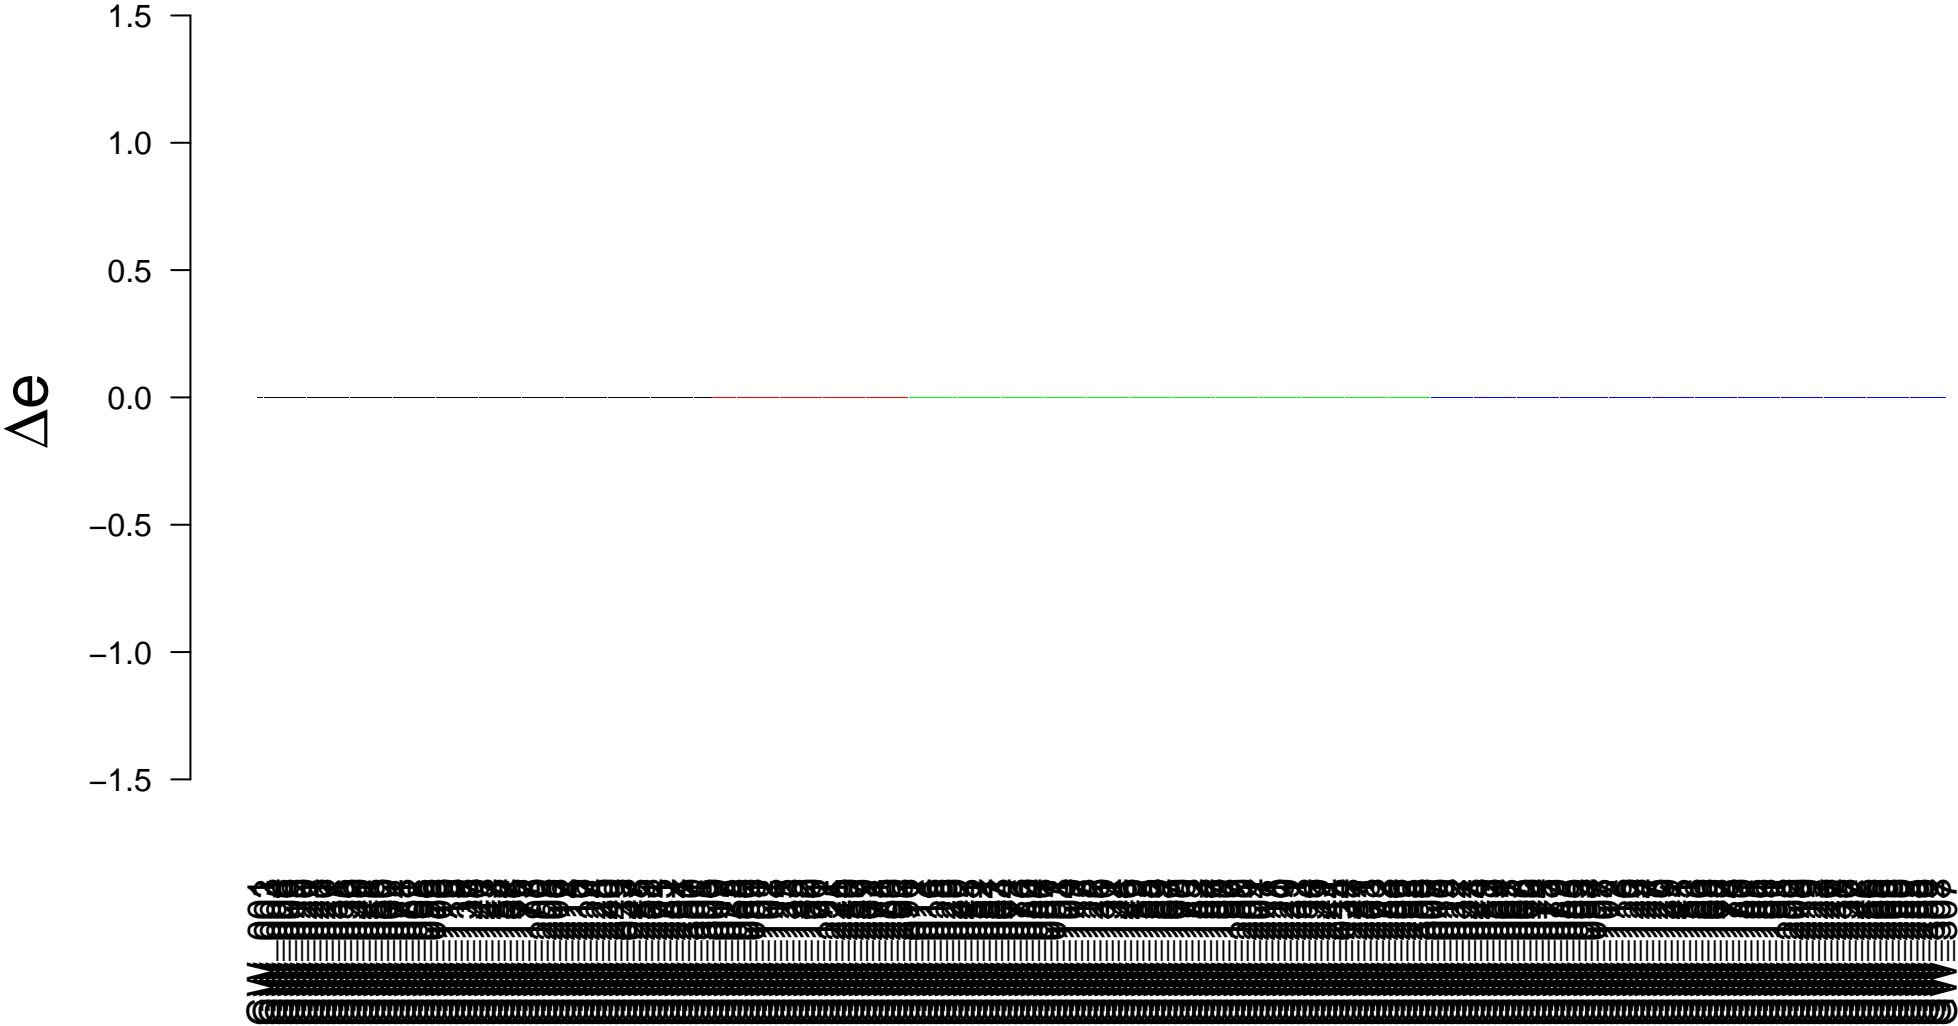

Expression of G-protein alpha-subunit binding in Spot F

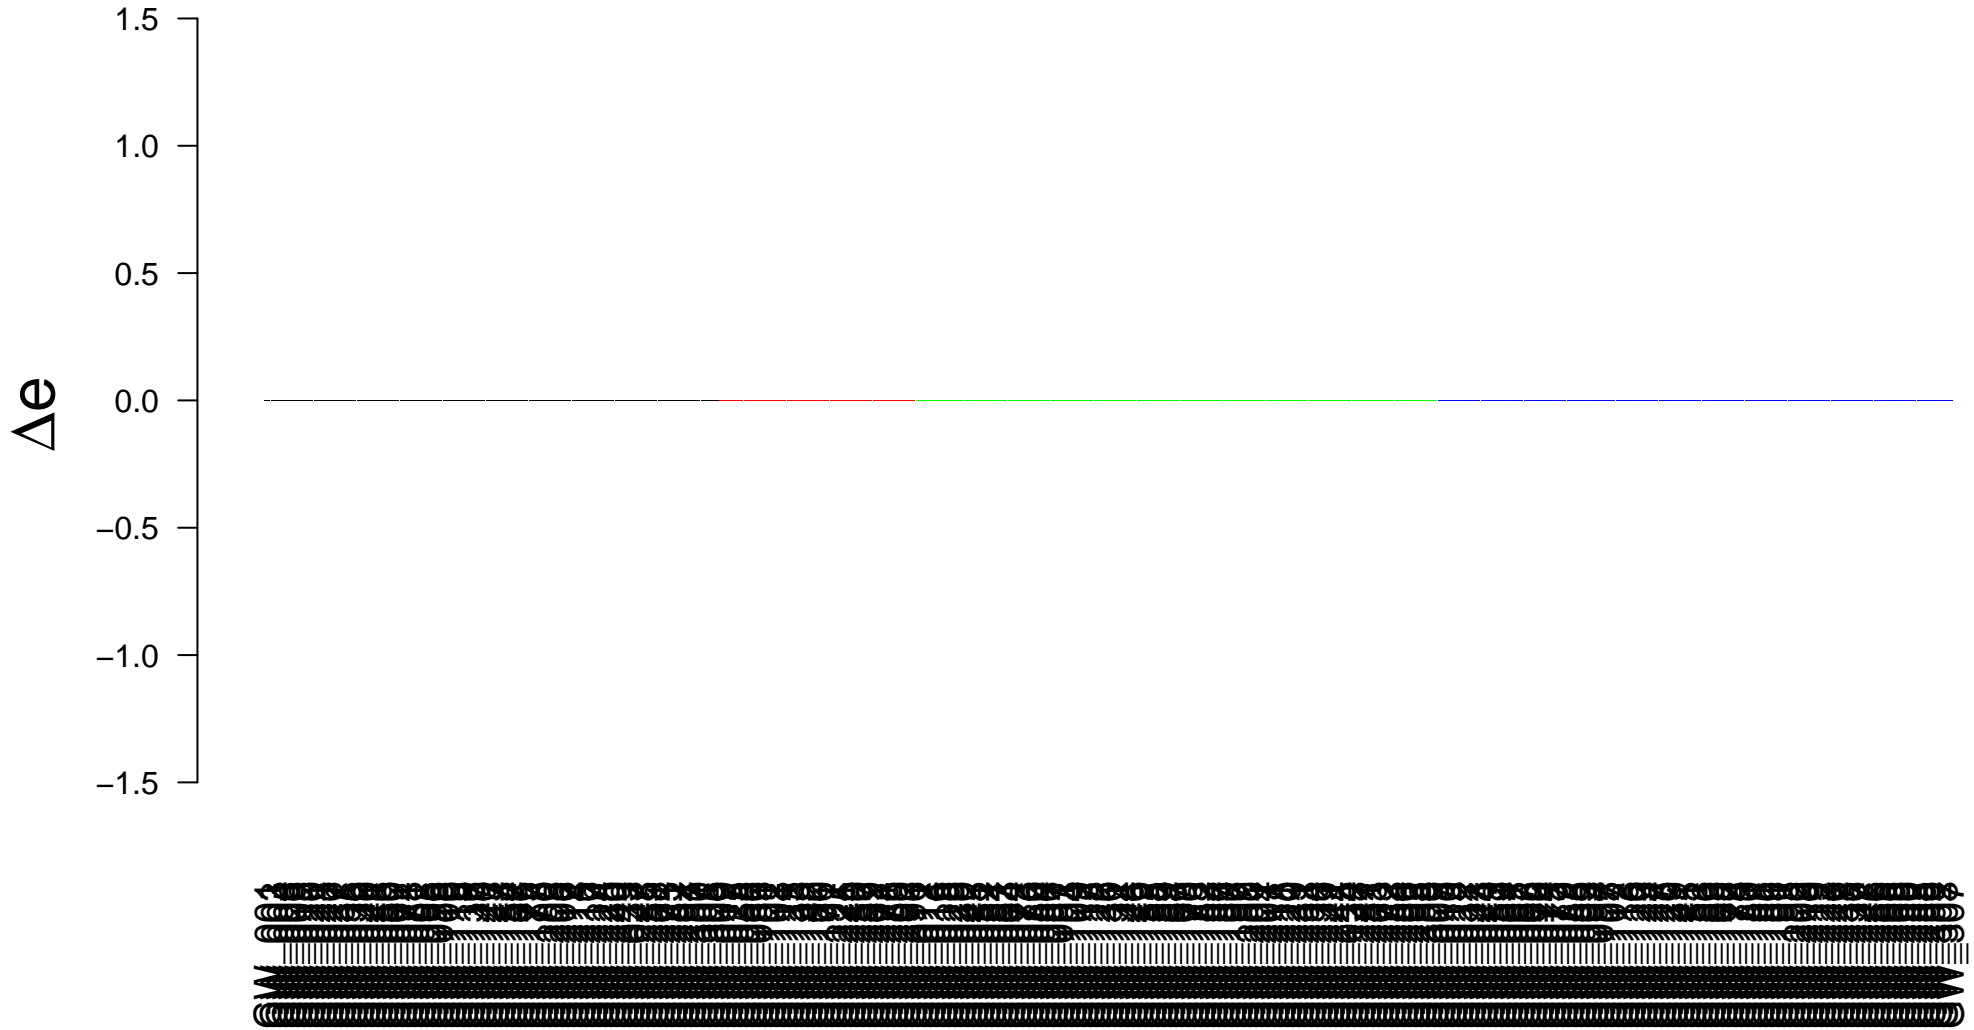

Expression of G-protein alpha-subunit binding in Spot G

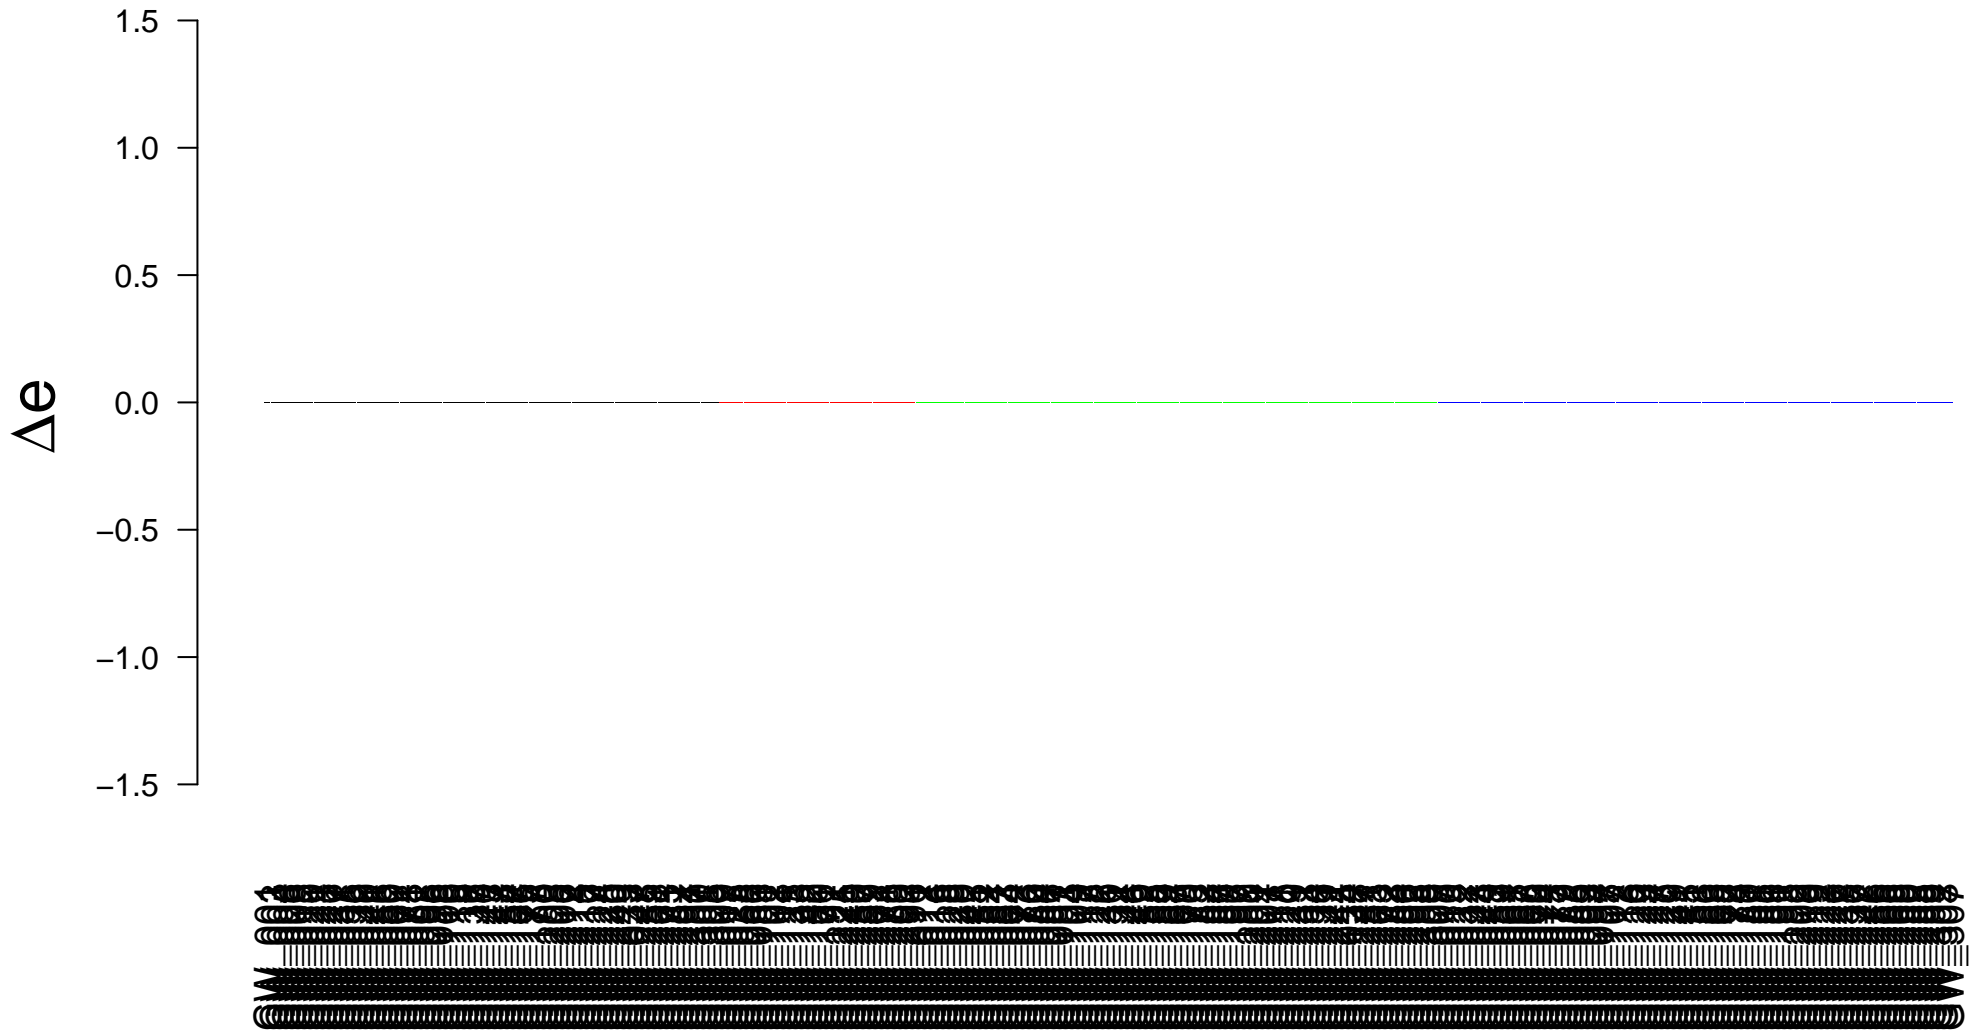

Expression of G-protein alpha-subunit binding in Spot H

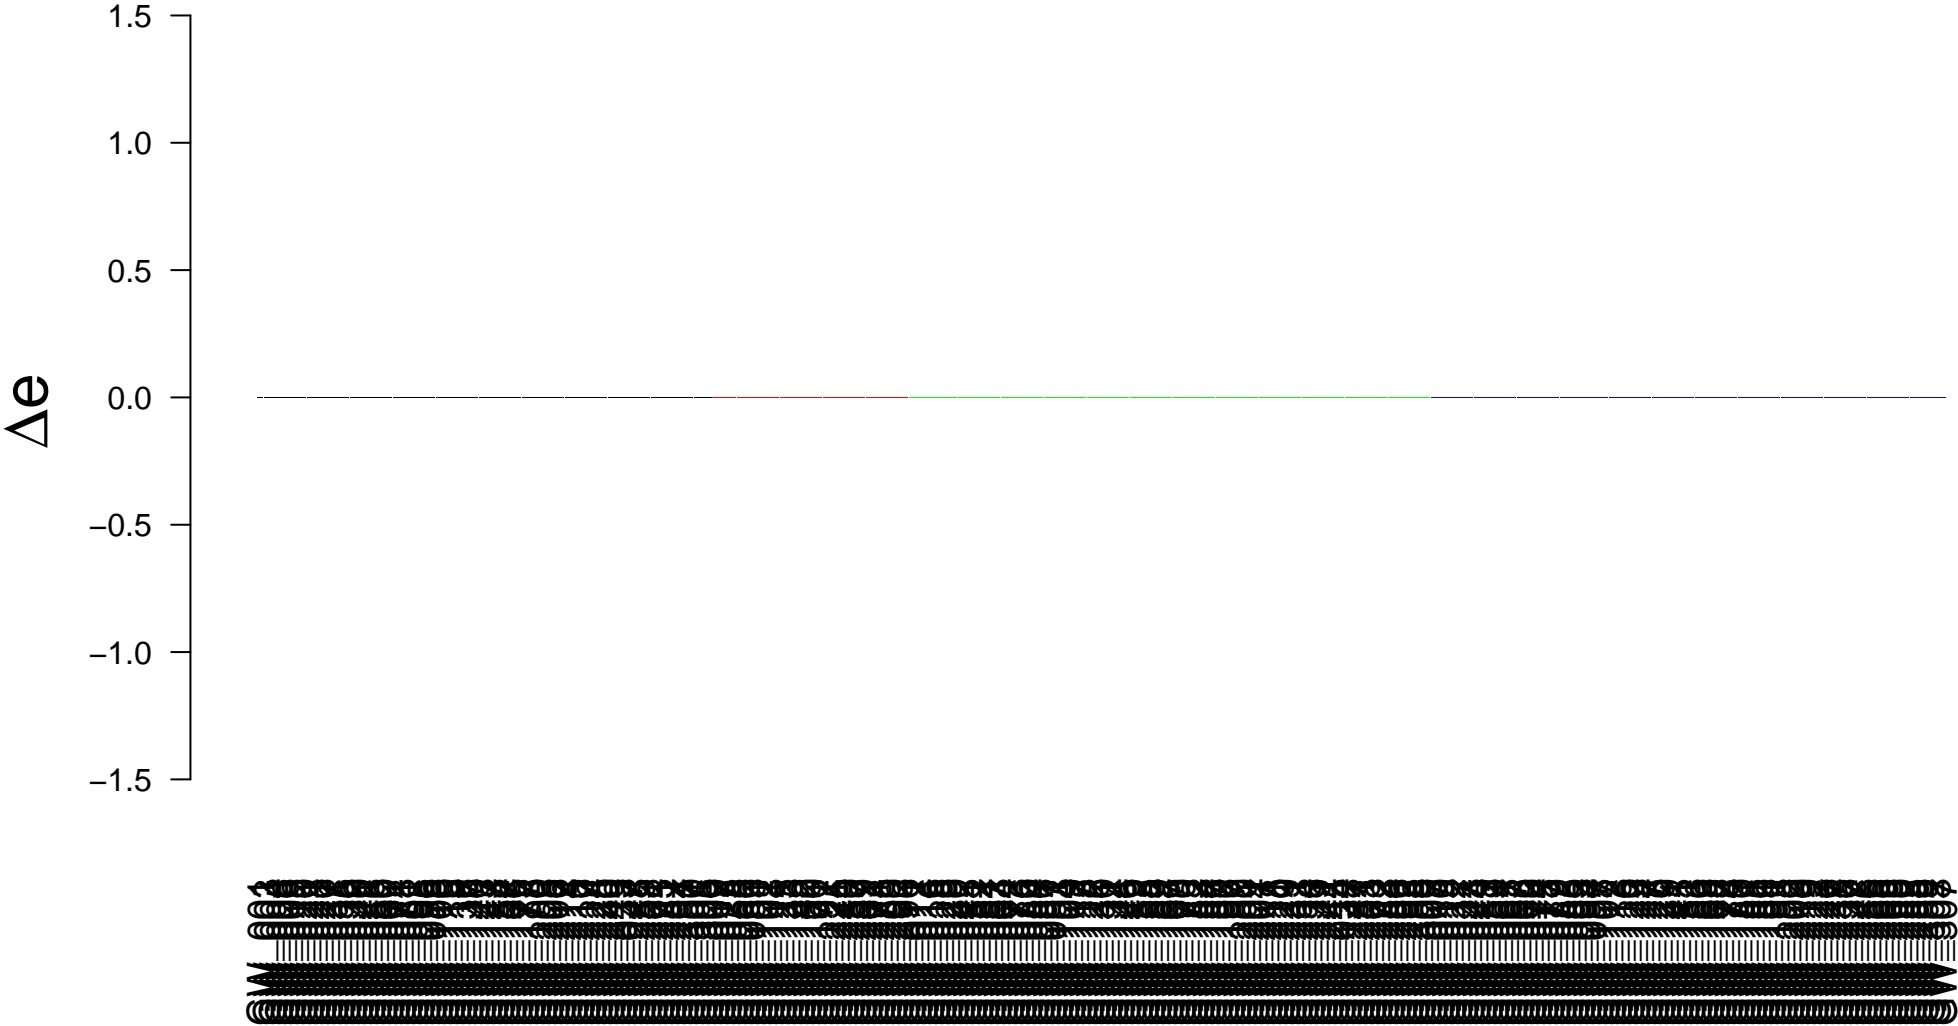

Expression of G-protein alpha-subunit binding in Spot I

Expression of G-protein alpha-subunit binding in Spot J

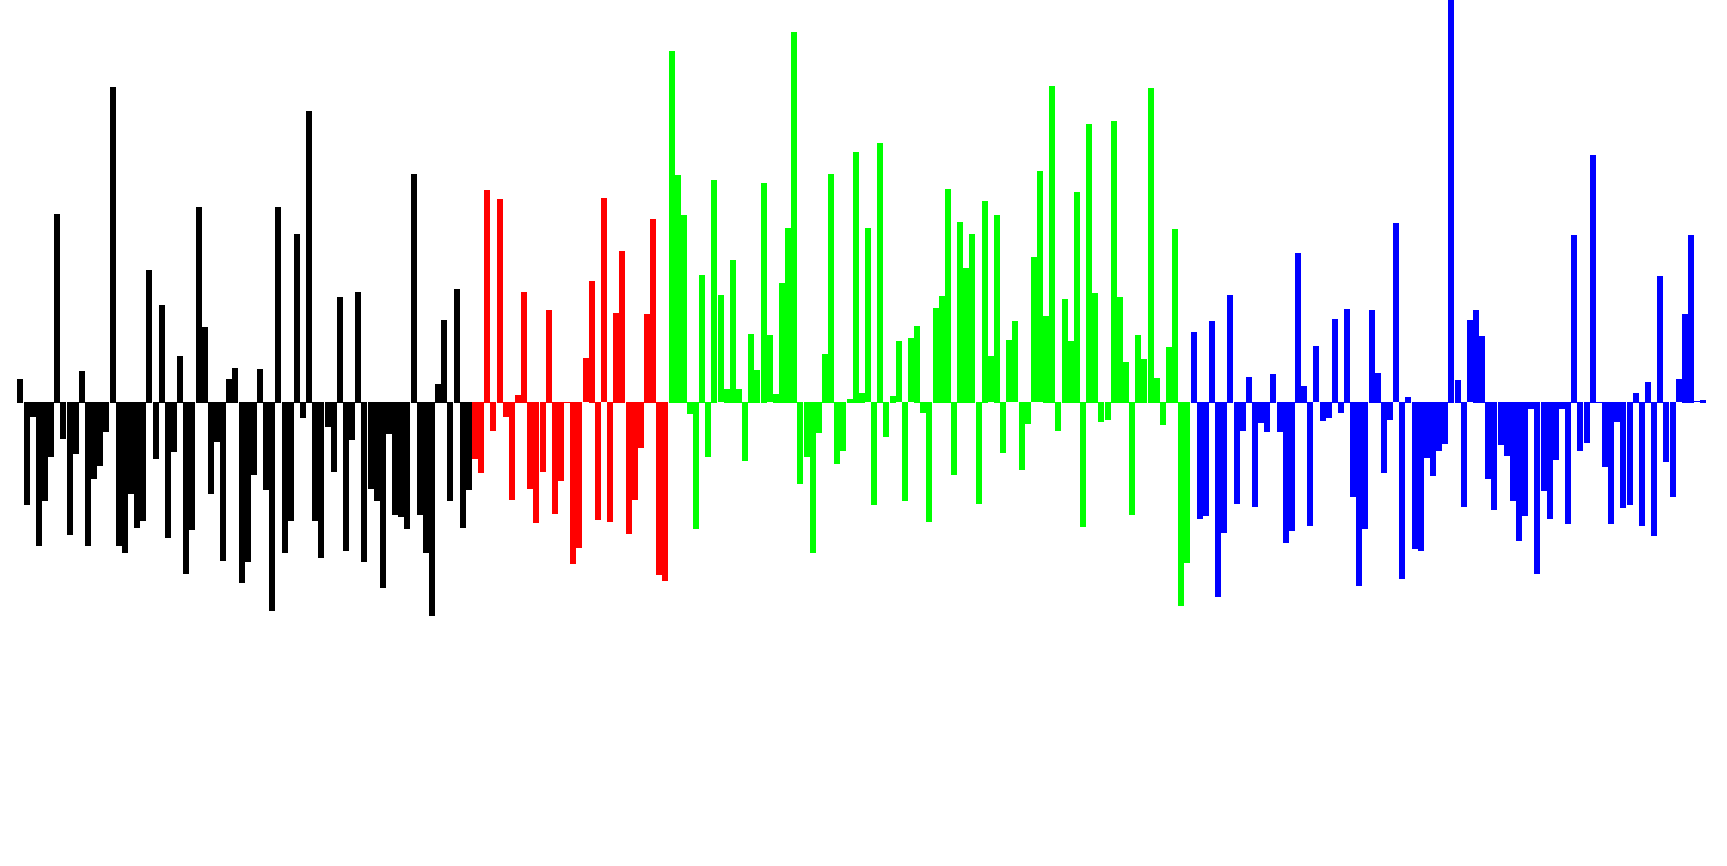

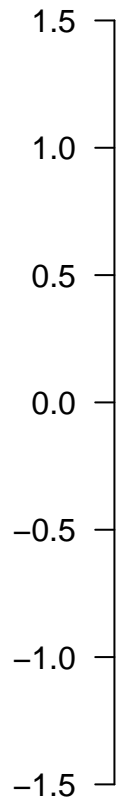

Expression of G-protein alpha-subunit binding in Spot K

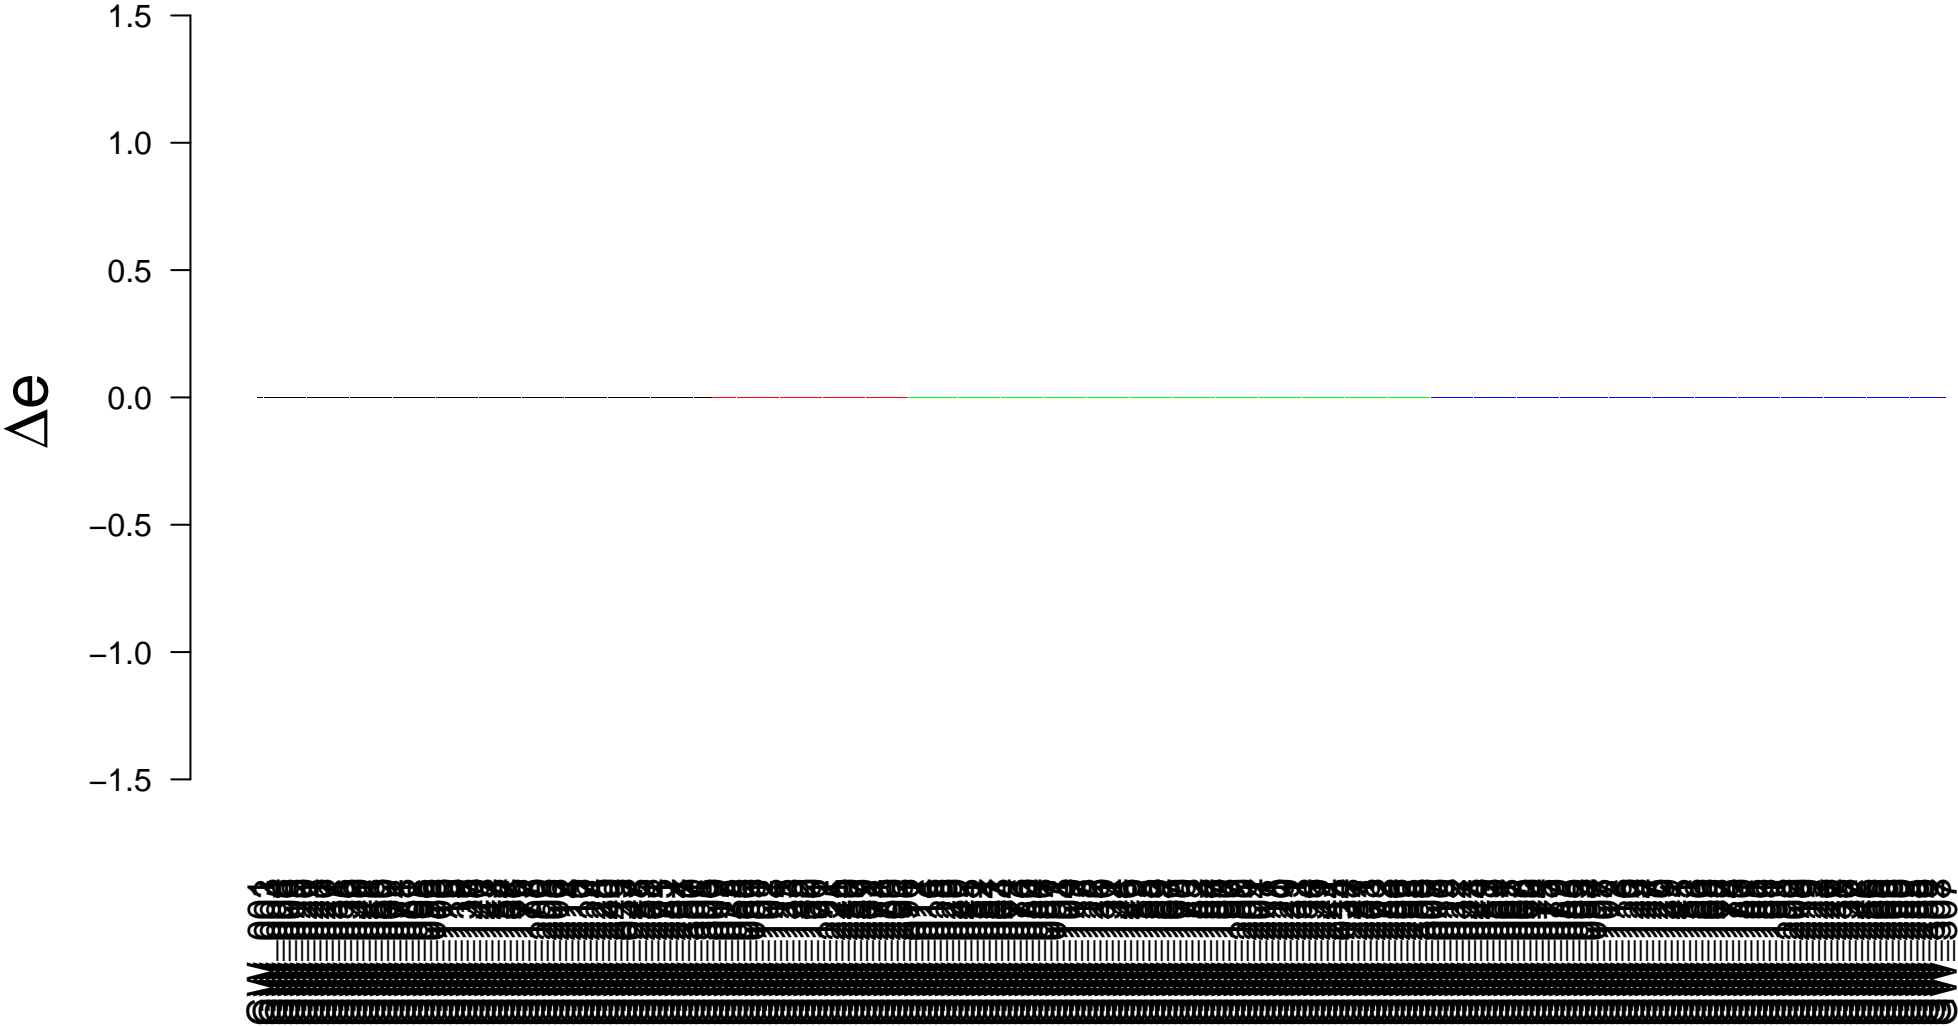

Expression of G-protein alpha-subunit binding in Spot L

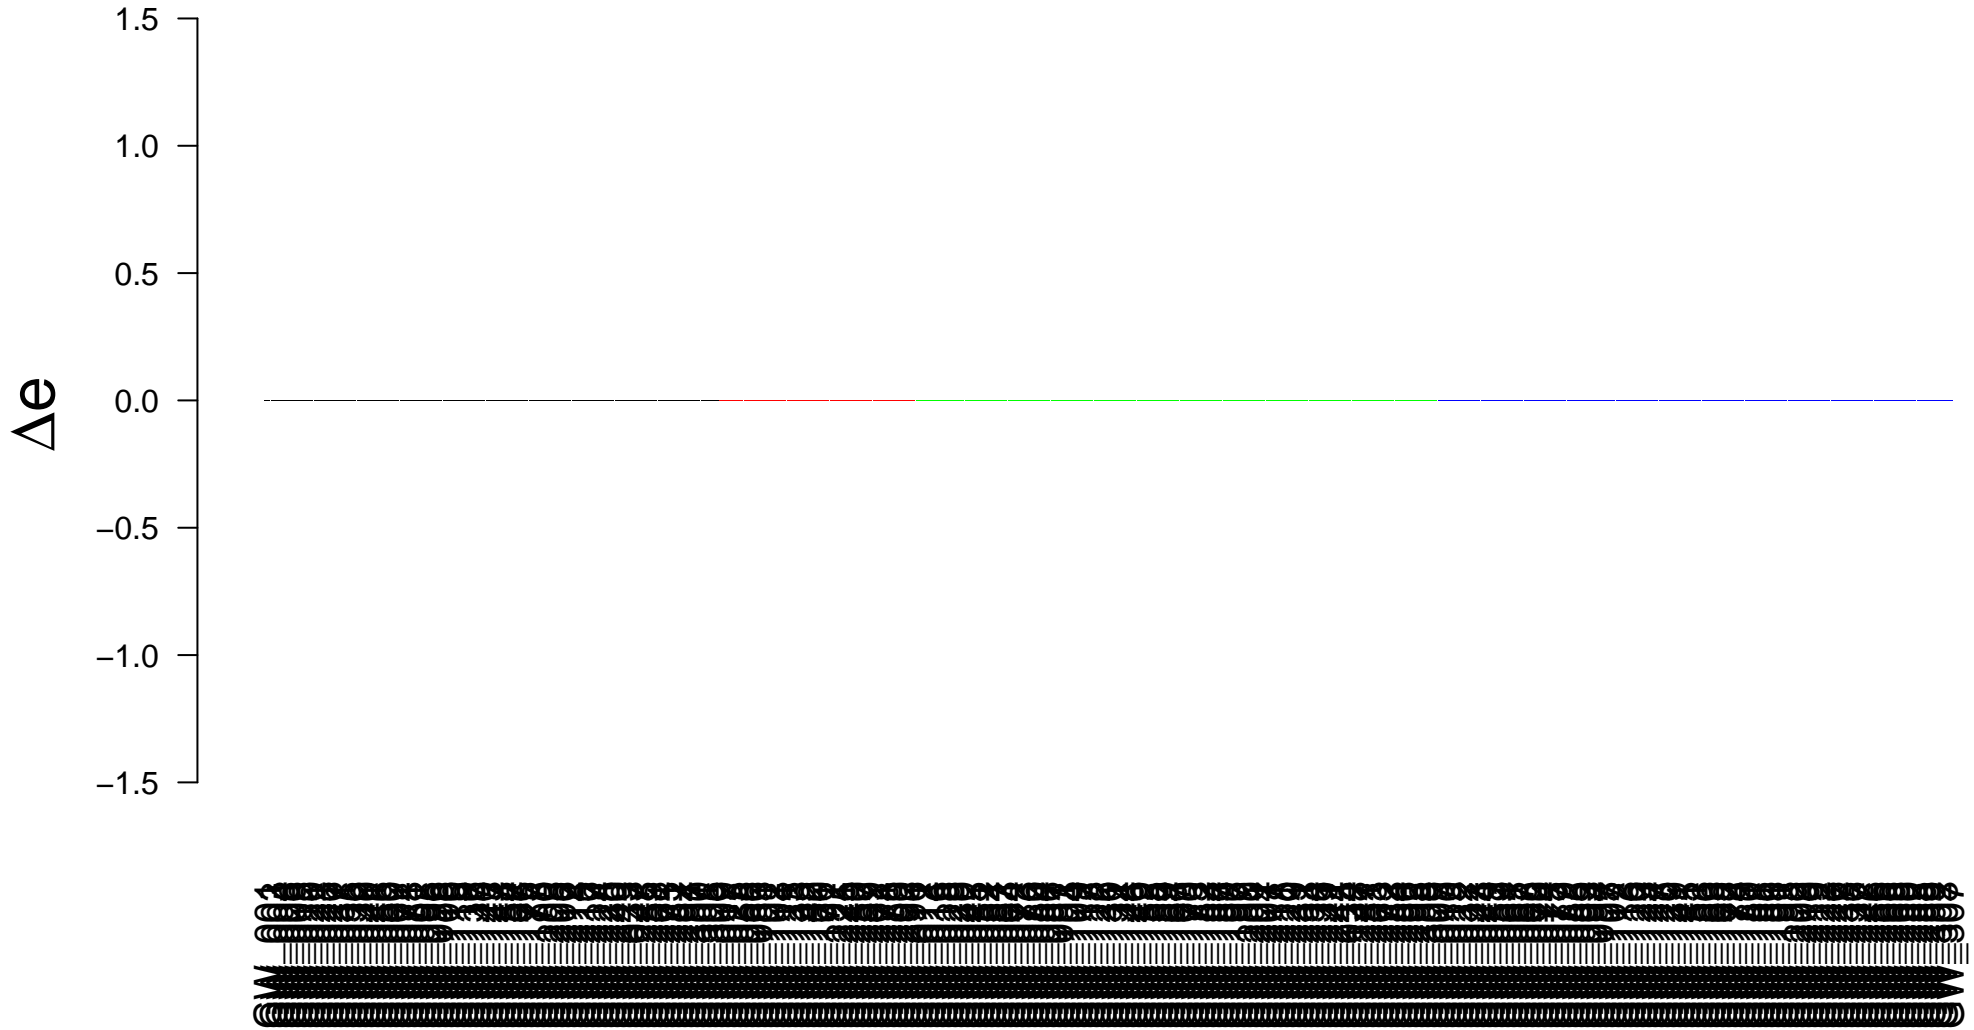

Δe

Expression of G-protein alpha-subunit binding in Spot M

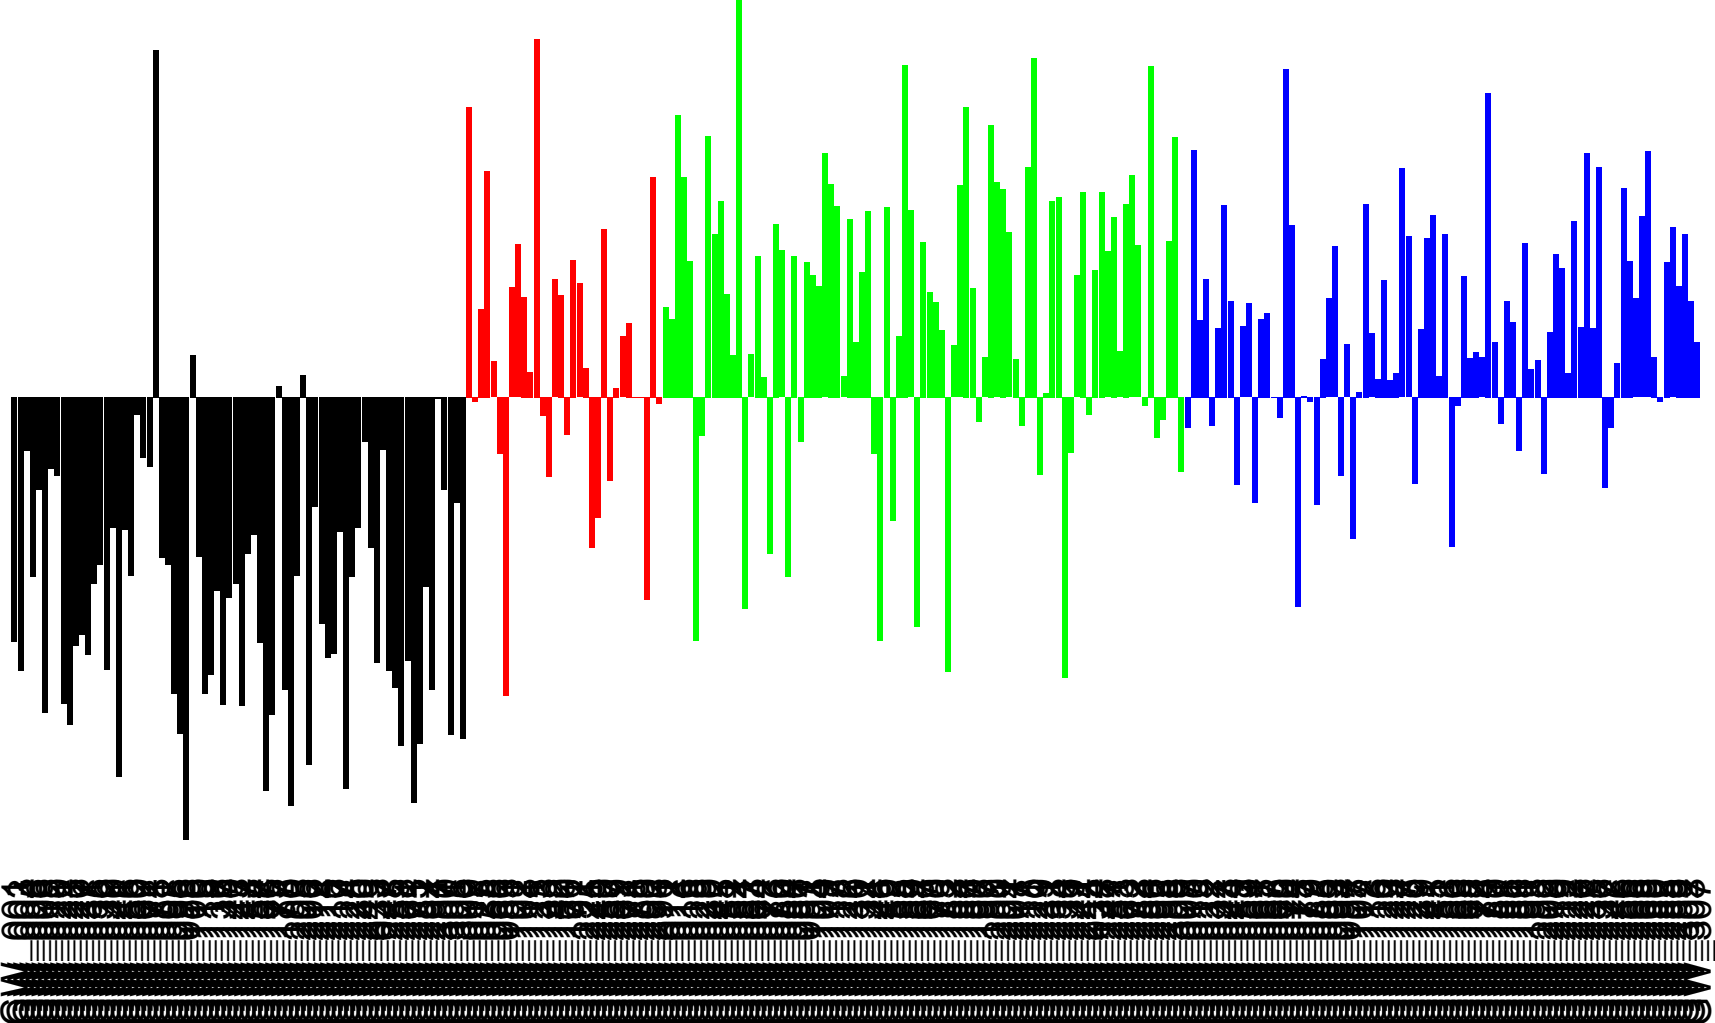

Expression of G-protein alpha-subunit binding in Spot N

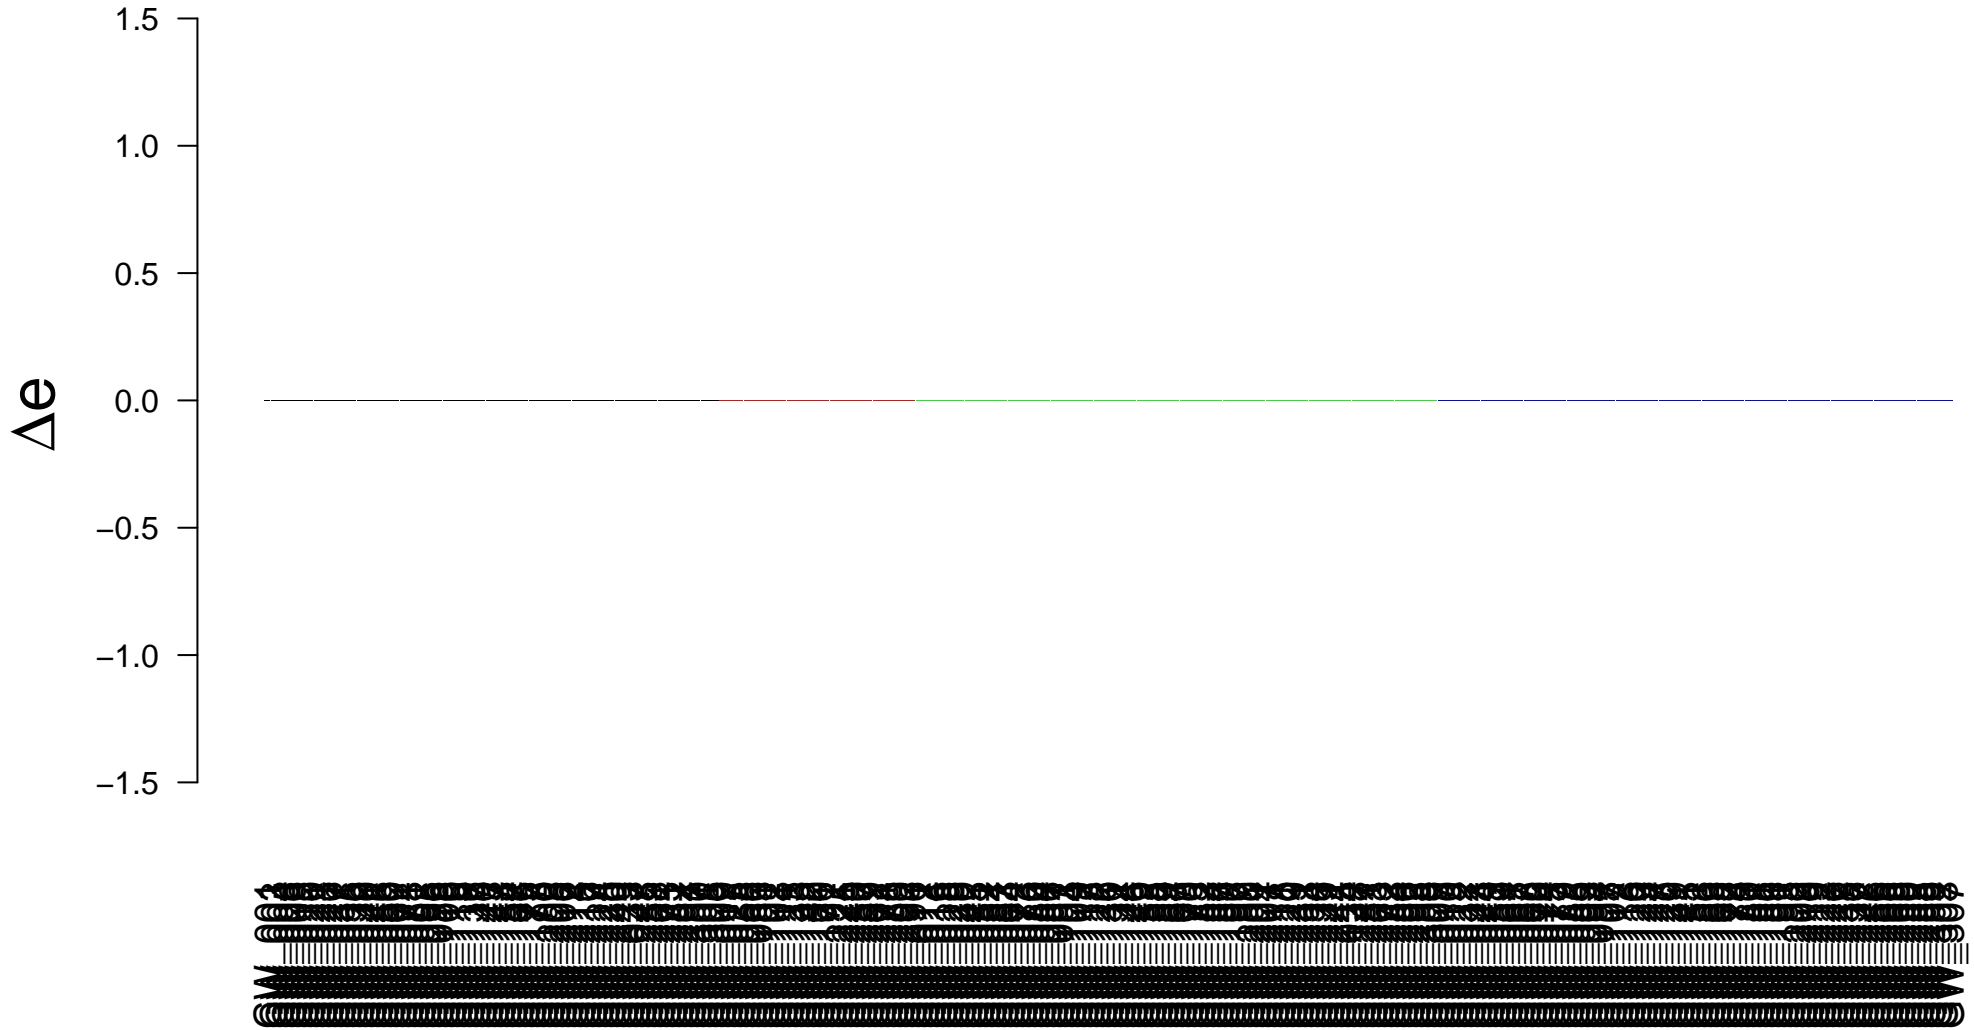

Expression of G-protein alpha-subunit binding in Spot O

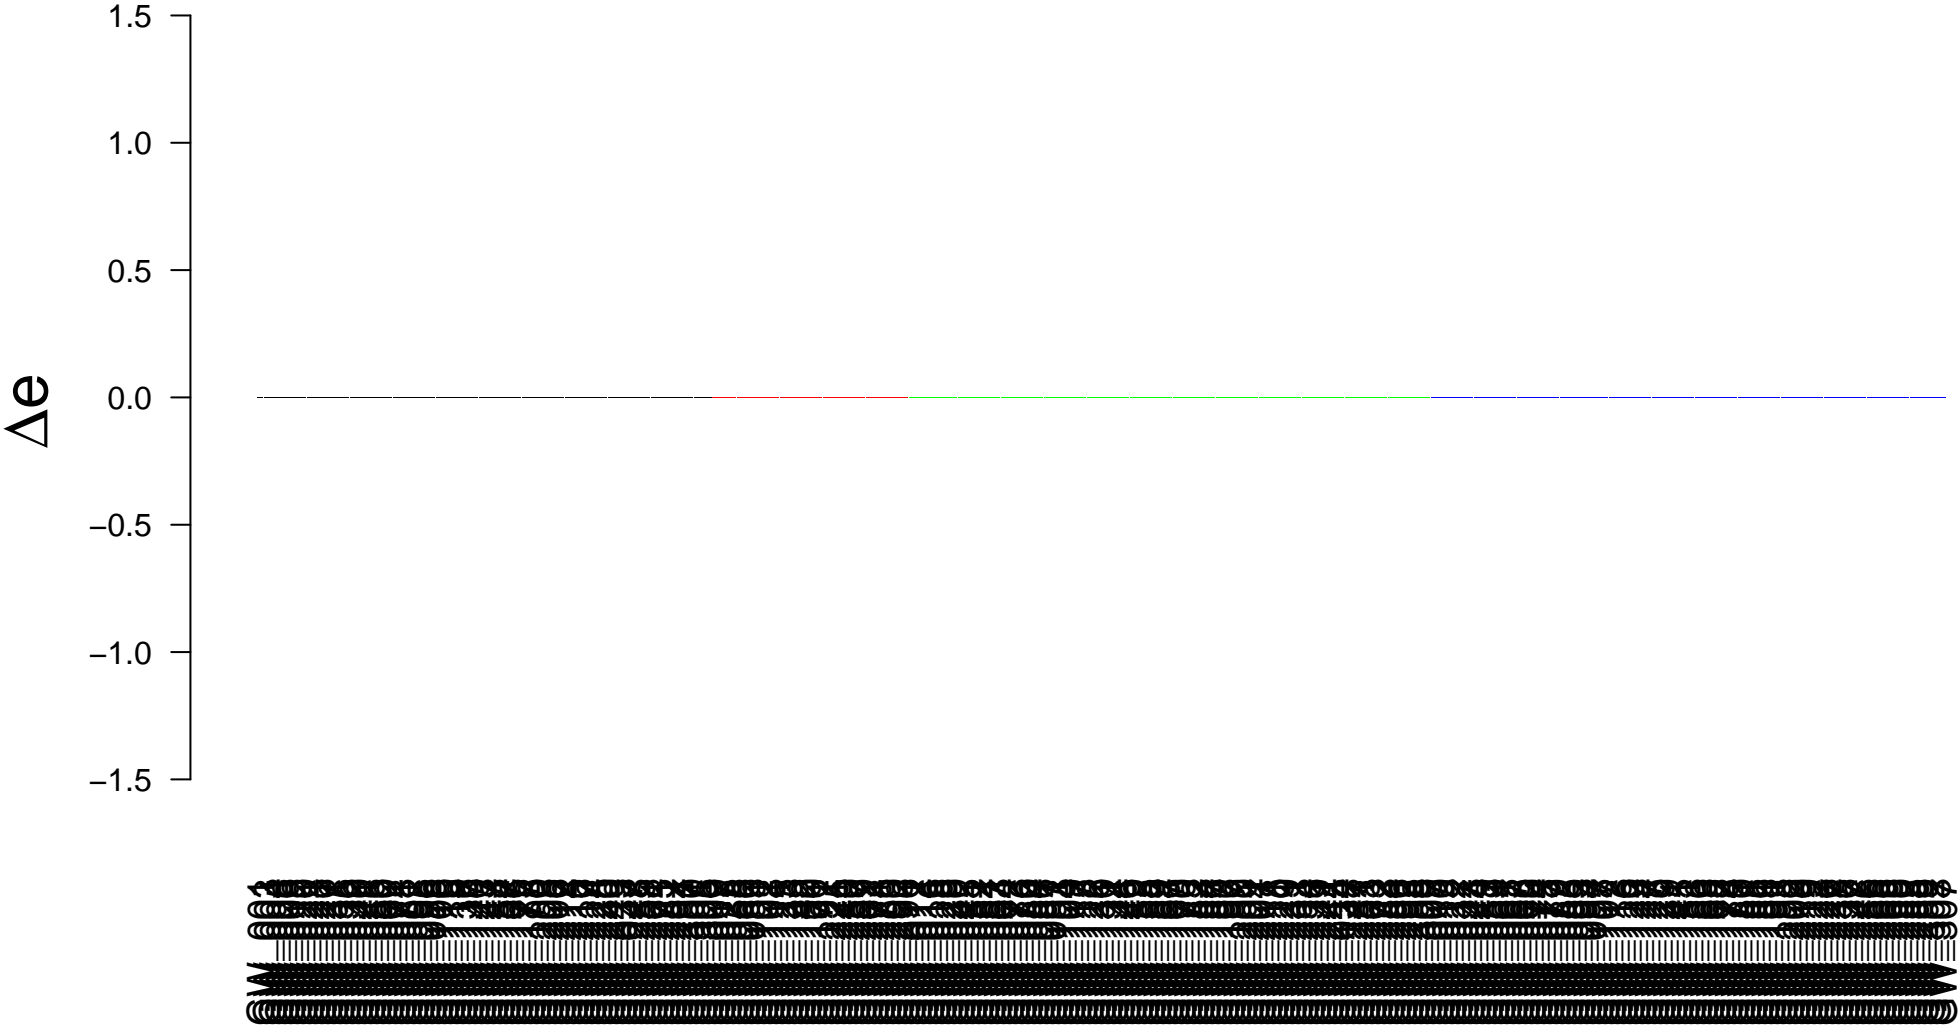

Δe

Expression of G-protein alpha-subunit binding in Spot P

Expression of G-protein alpha-subunit binding in Spot Q

Expression of G-protein alpha-subunit binding in Spot R
