Enrichment in spots: Myocardial infarction, susceptibility to

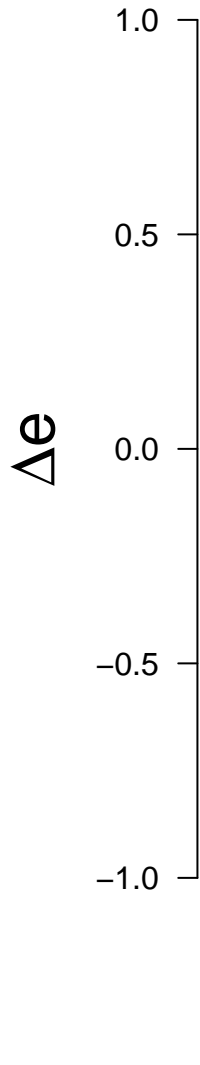

Expression of Myocardial infarction, susceptibility to in Spot A

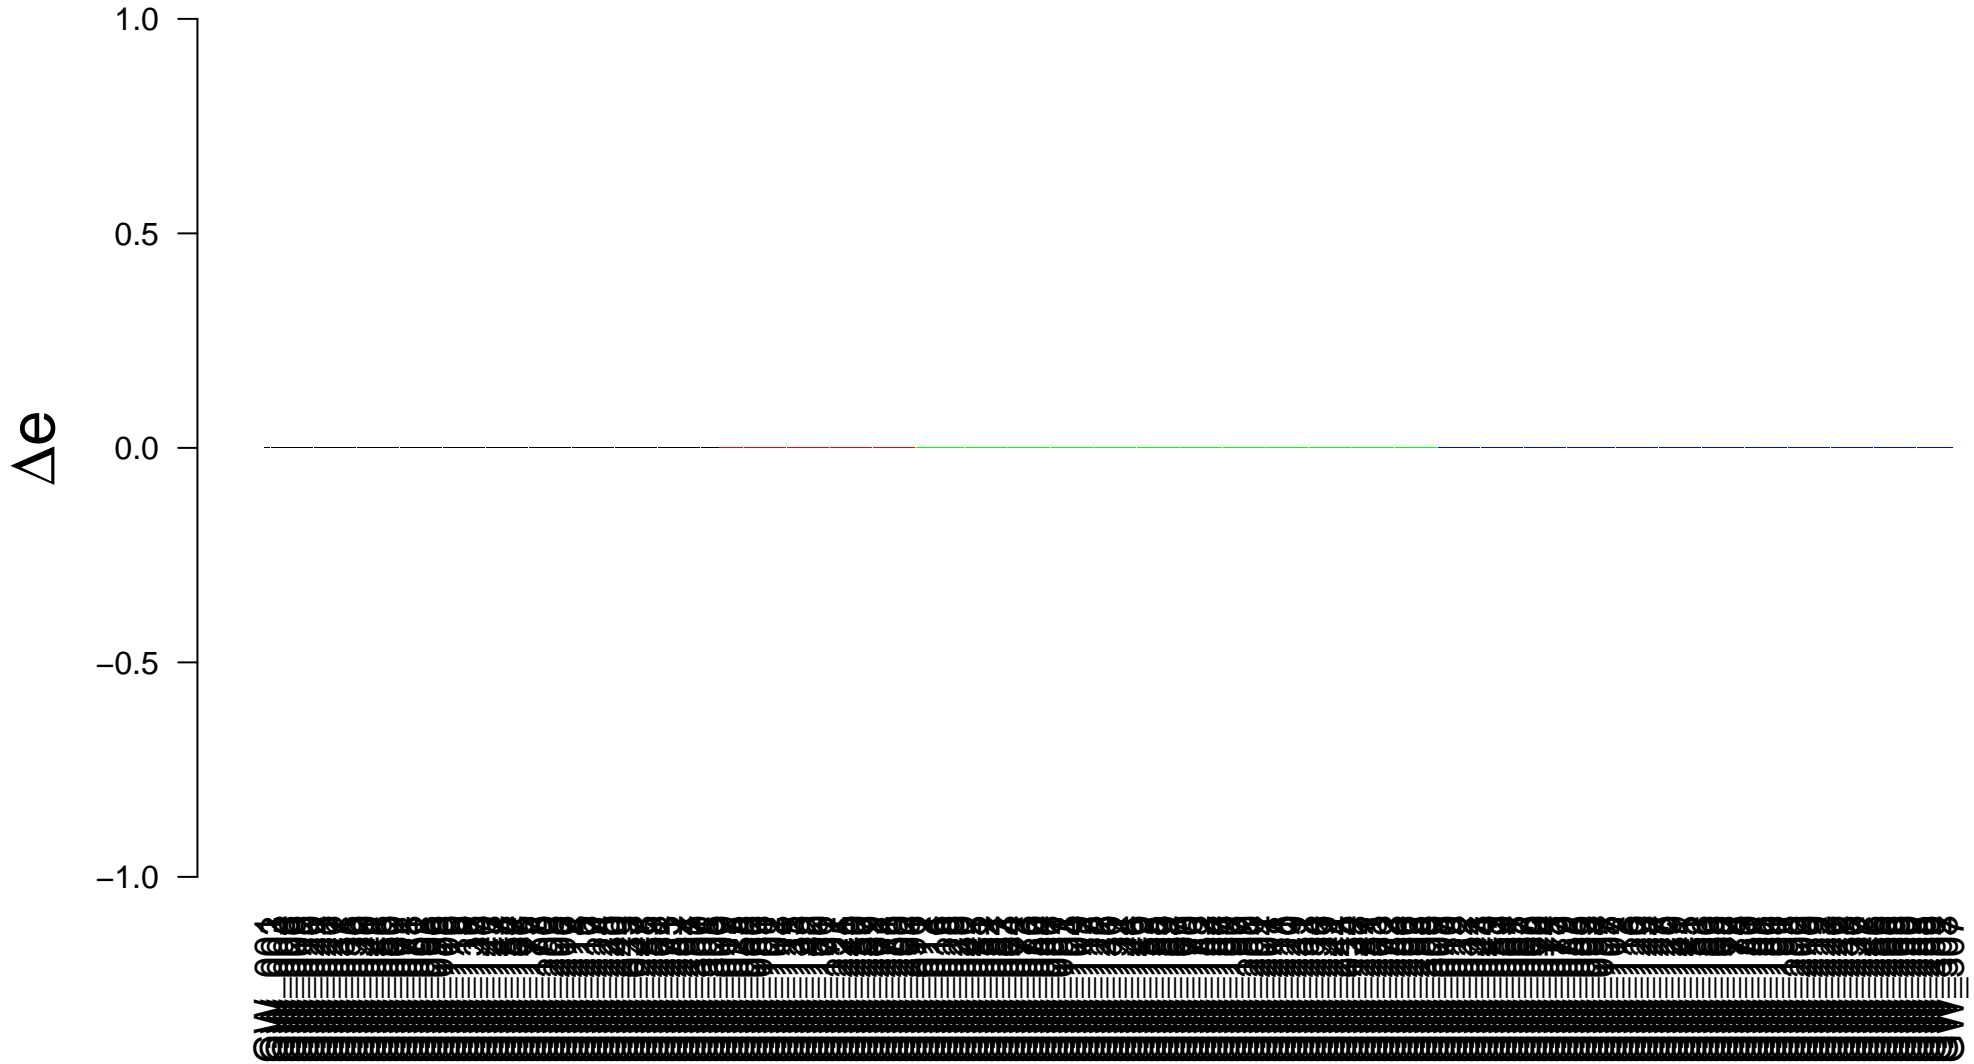

Expression of Myocardial infarction, susceptibility to in Spot B

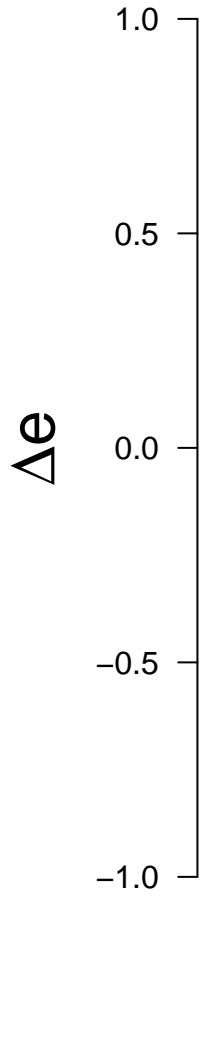

Expression of Myocardial infarction, susceptibility to in Spot C

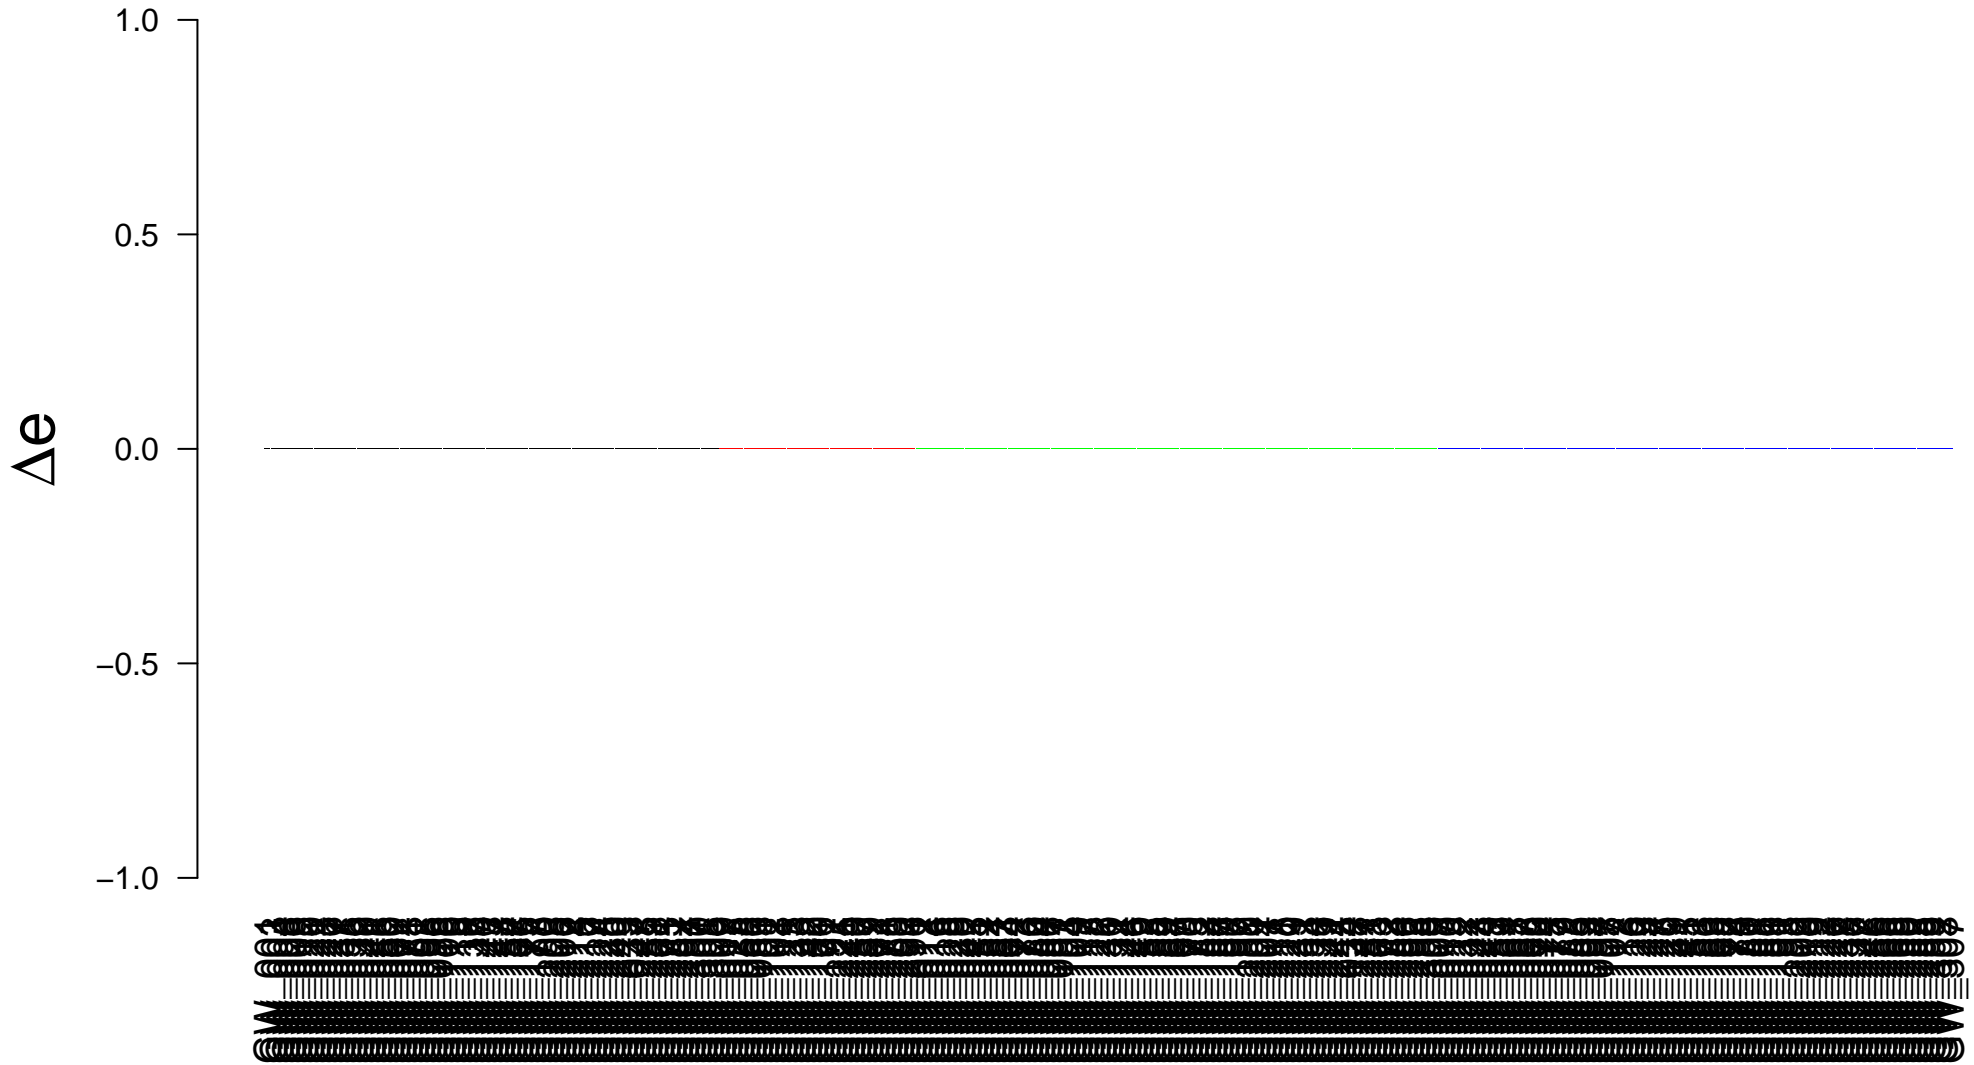

Expression of Myocardial infarction, susceptibility to in Spot D

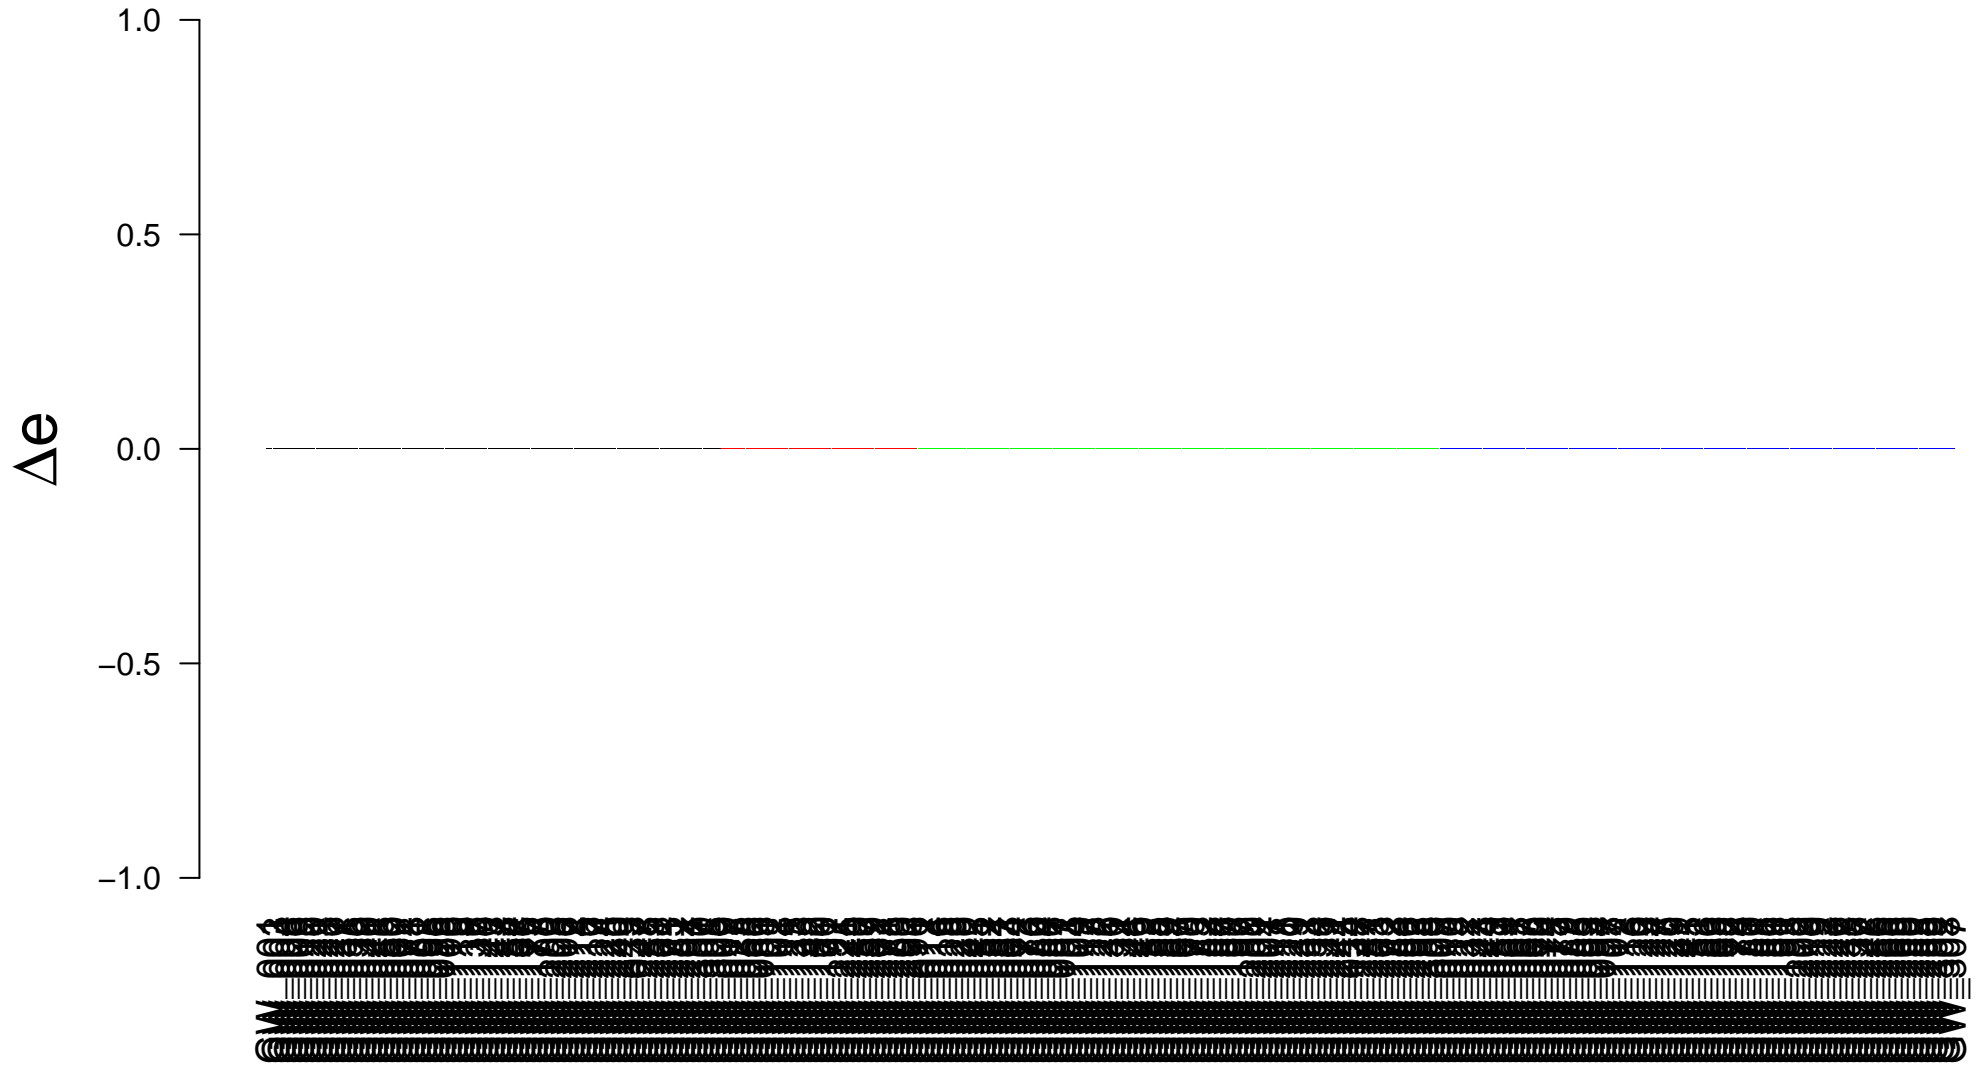

Expression of Myocardial infarction, susceptibility to in Spot E

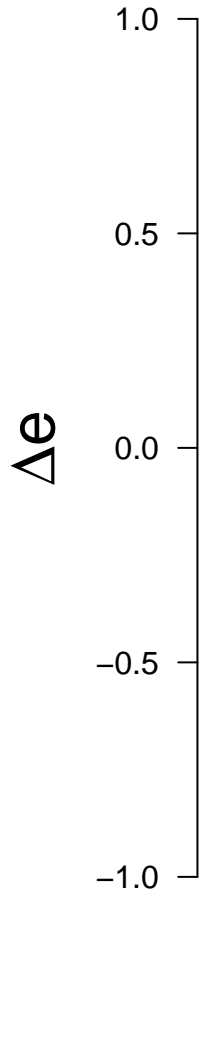

Expression of Myocardial infarction, susceptibility to in Spot F

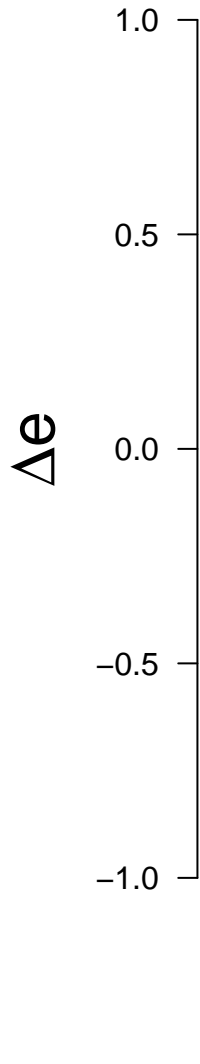

Expression of Myocardial infarction, susceptibility to in Spot G

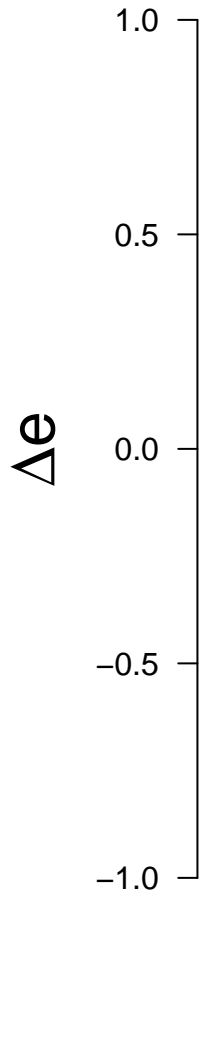

Expression of Myocardial infarction, susceptibility to in Spot H

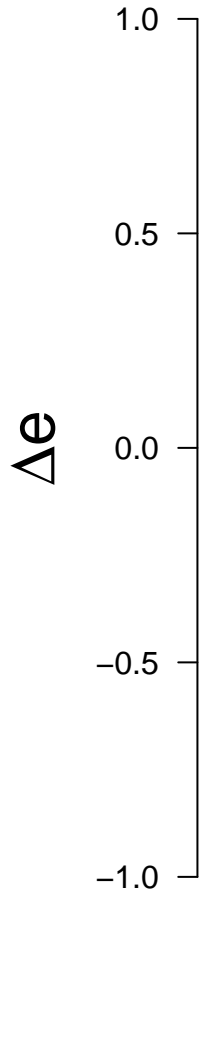

Expression of Myocardial infarction, susceptibility to in Spot I

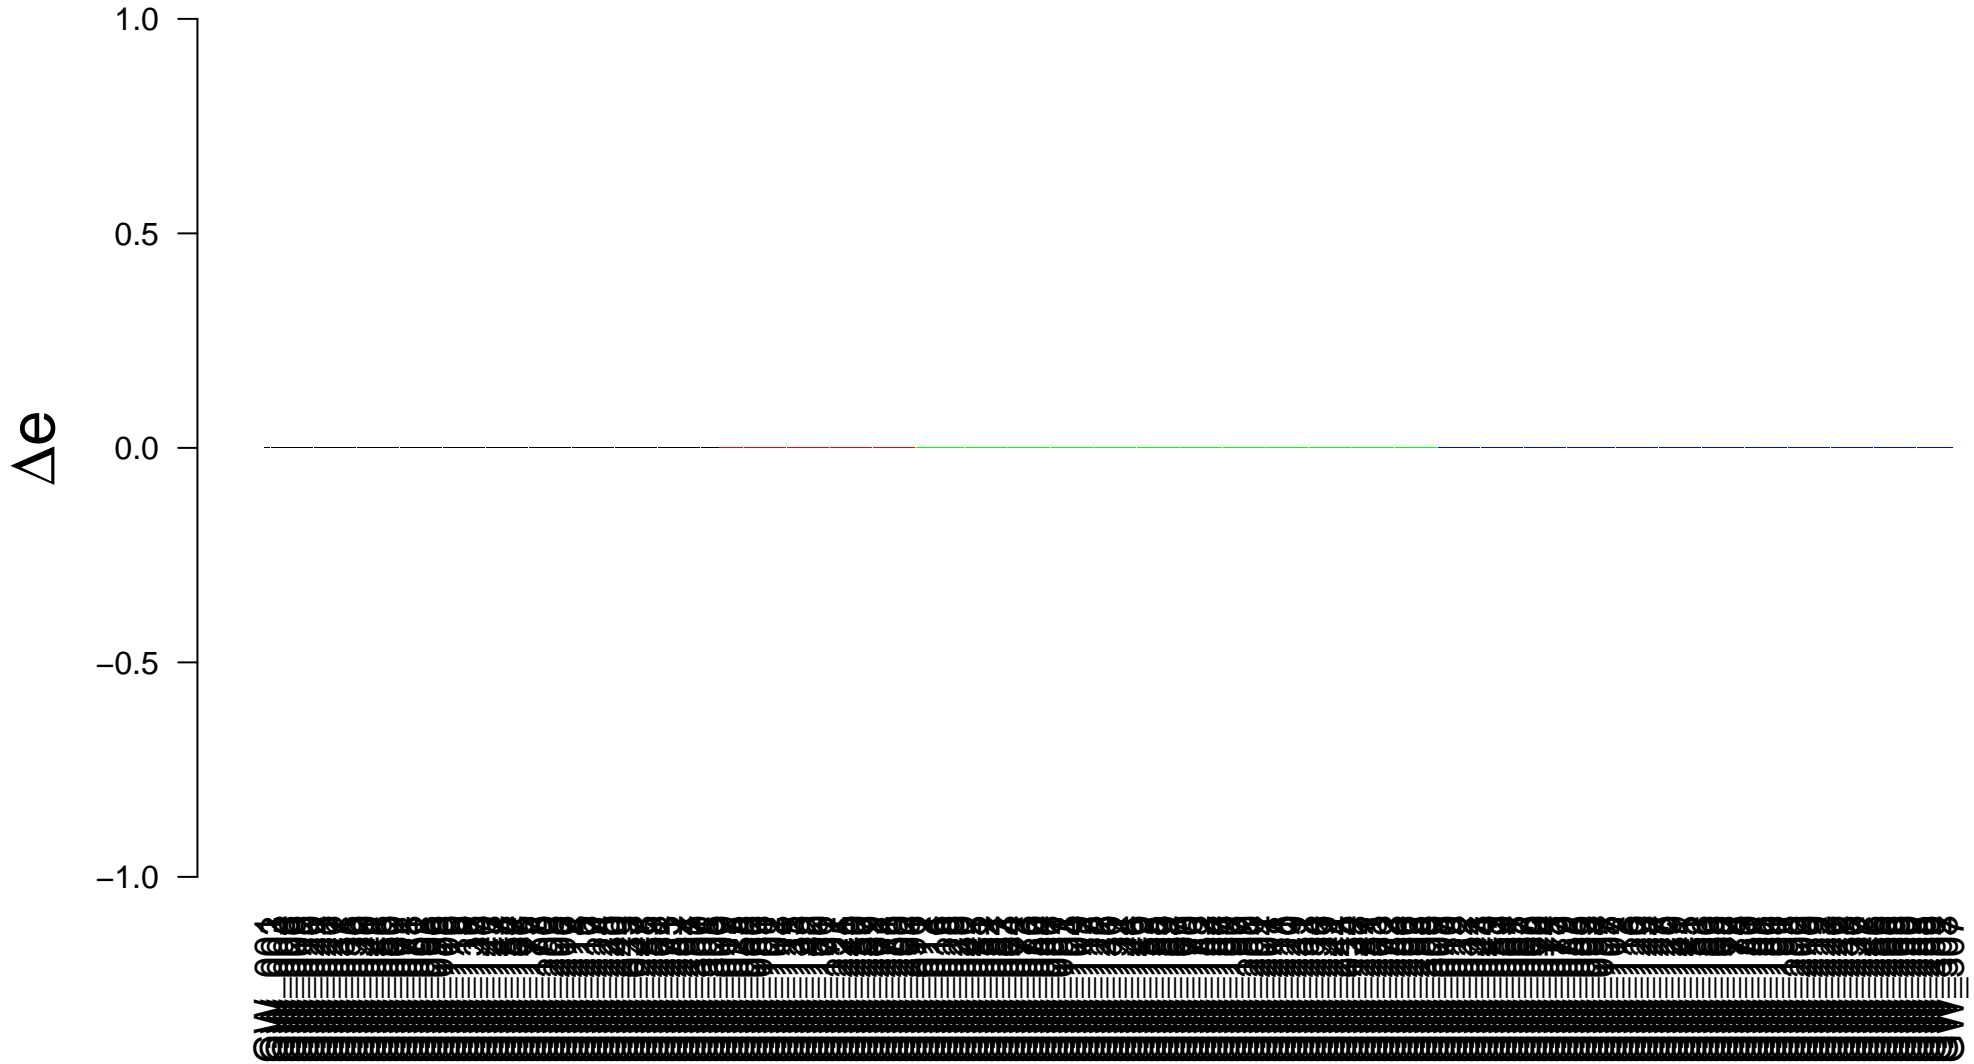

Expression of Myocardial infarction, susceptibility to in Spot J

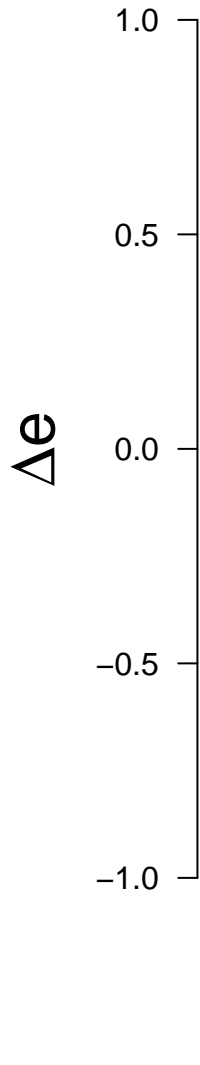

Expression of Myocardial infarction, susceptibility to in Spot K

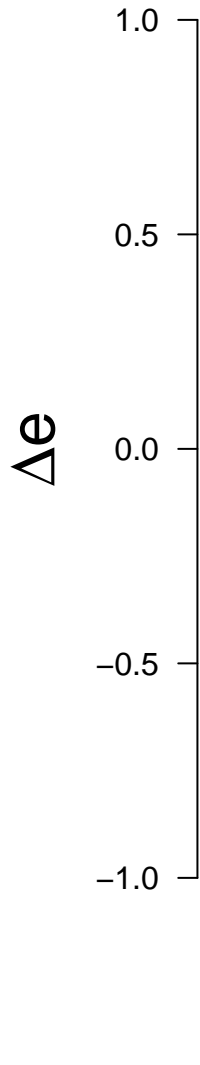

Expression of Myocardial infarction, susceptibility to in Spot L

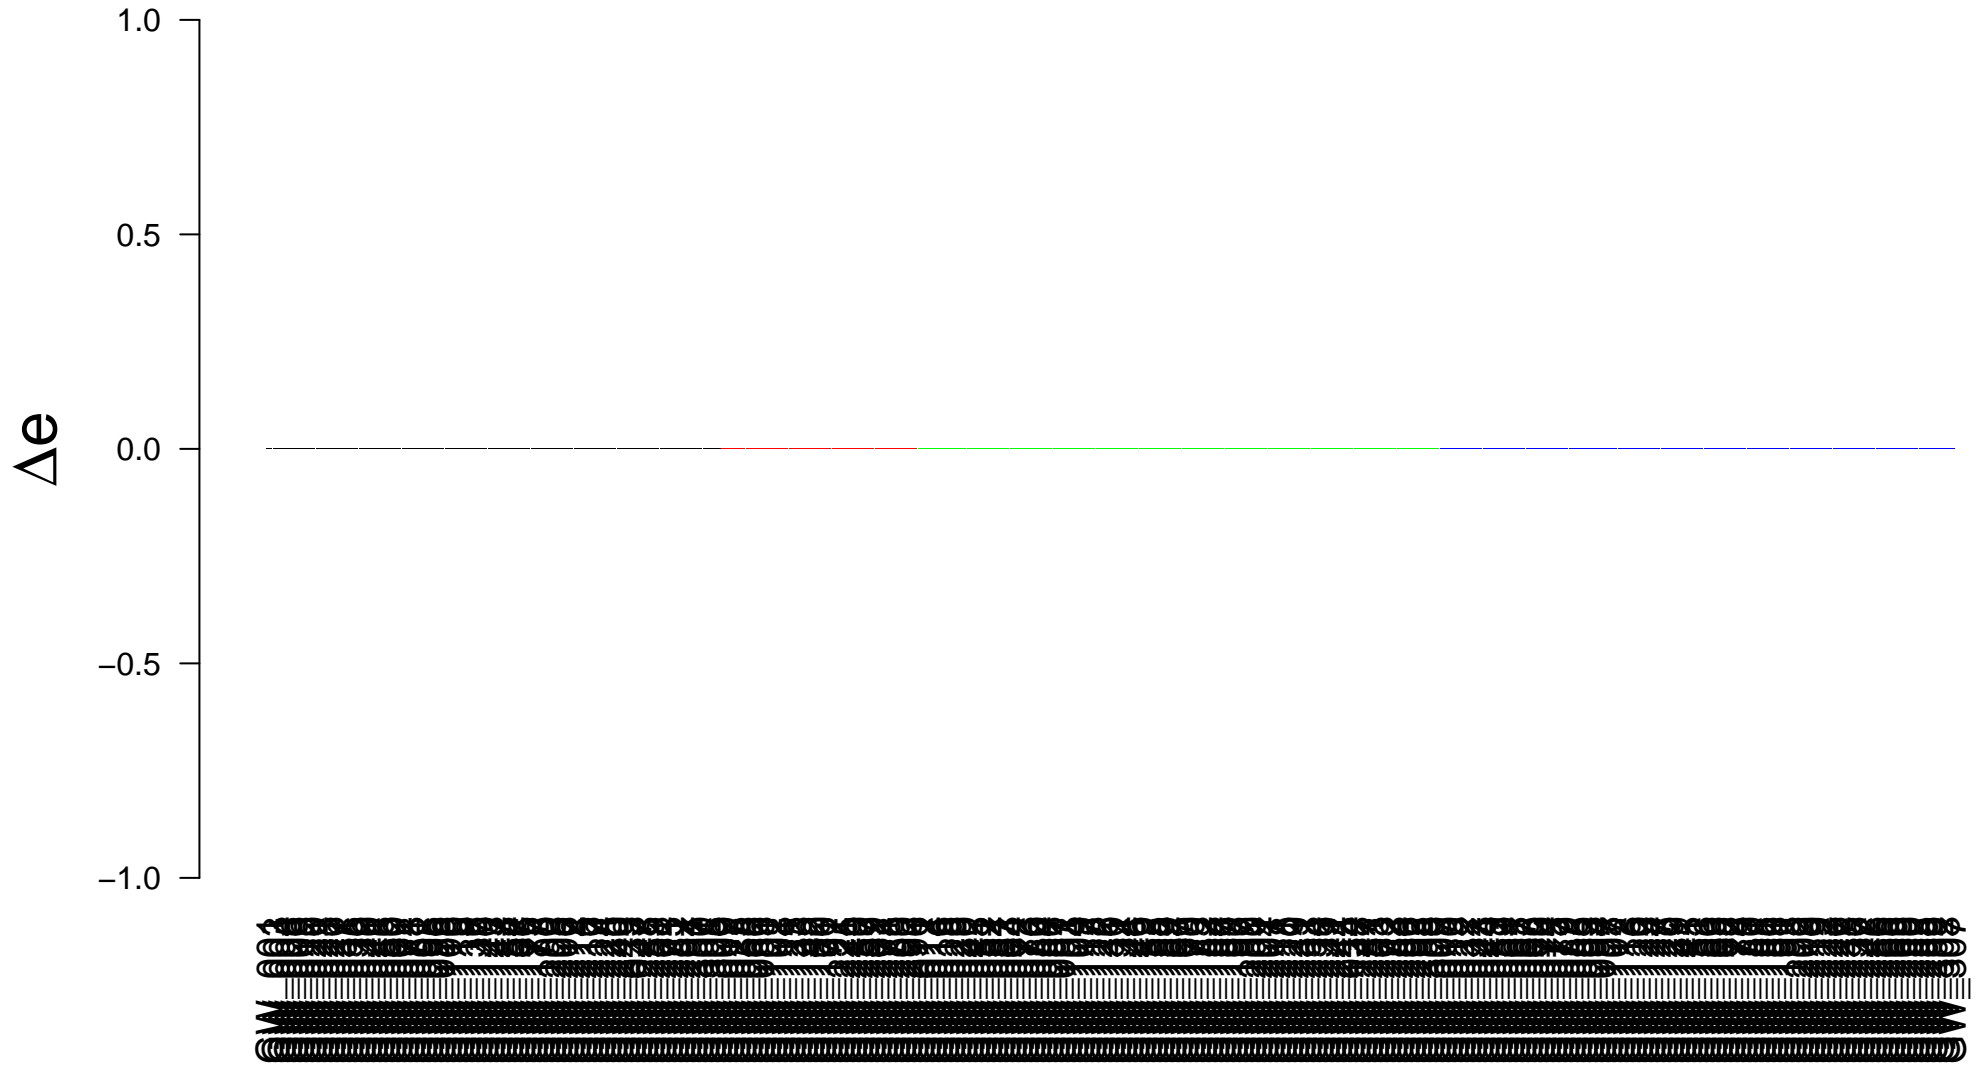

Expression of Myocardial infarction, susceptibility to in Spot M

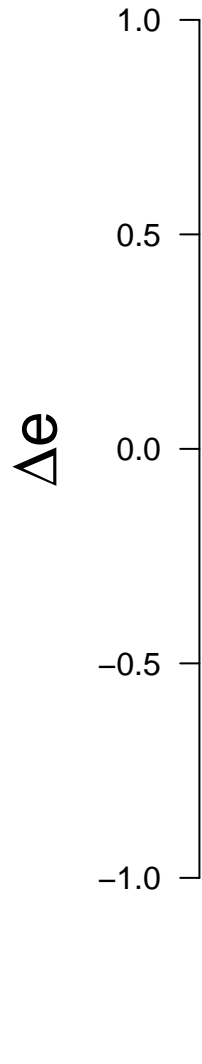

Expression of Myocardial infarction, susceptibility to in Spot N

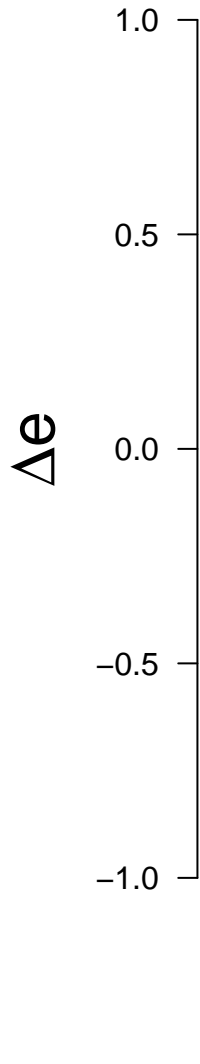

Expression of Myocardial infarction, susceptibility to in Spot O

Expression of Myocardial infarction, susceptibility to in Spot P

Expression of Myocardial infarction, susceptibility to in Spot Q

Expression of Myocardial infarction, susceptibility to in Spot R
