

NAD-dependent histone deacetylase activity (H3-K18 specific)

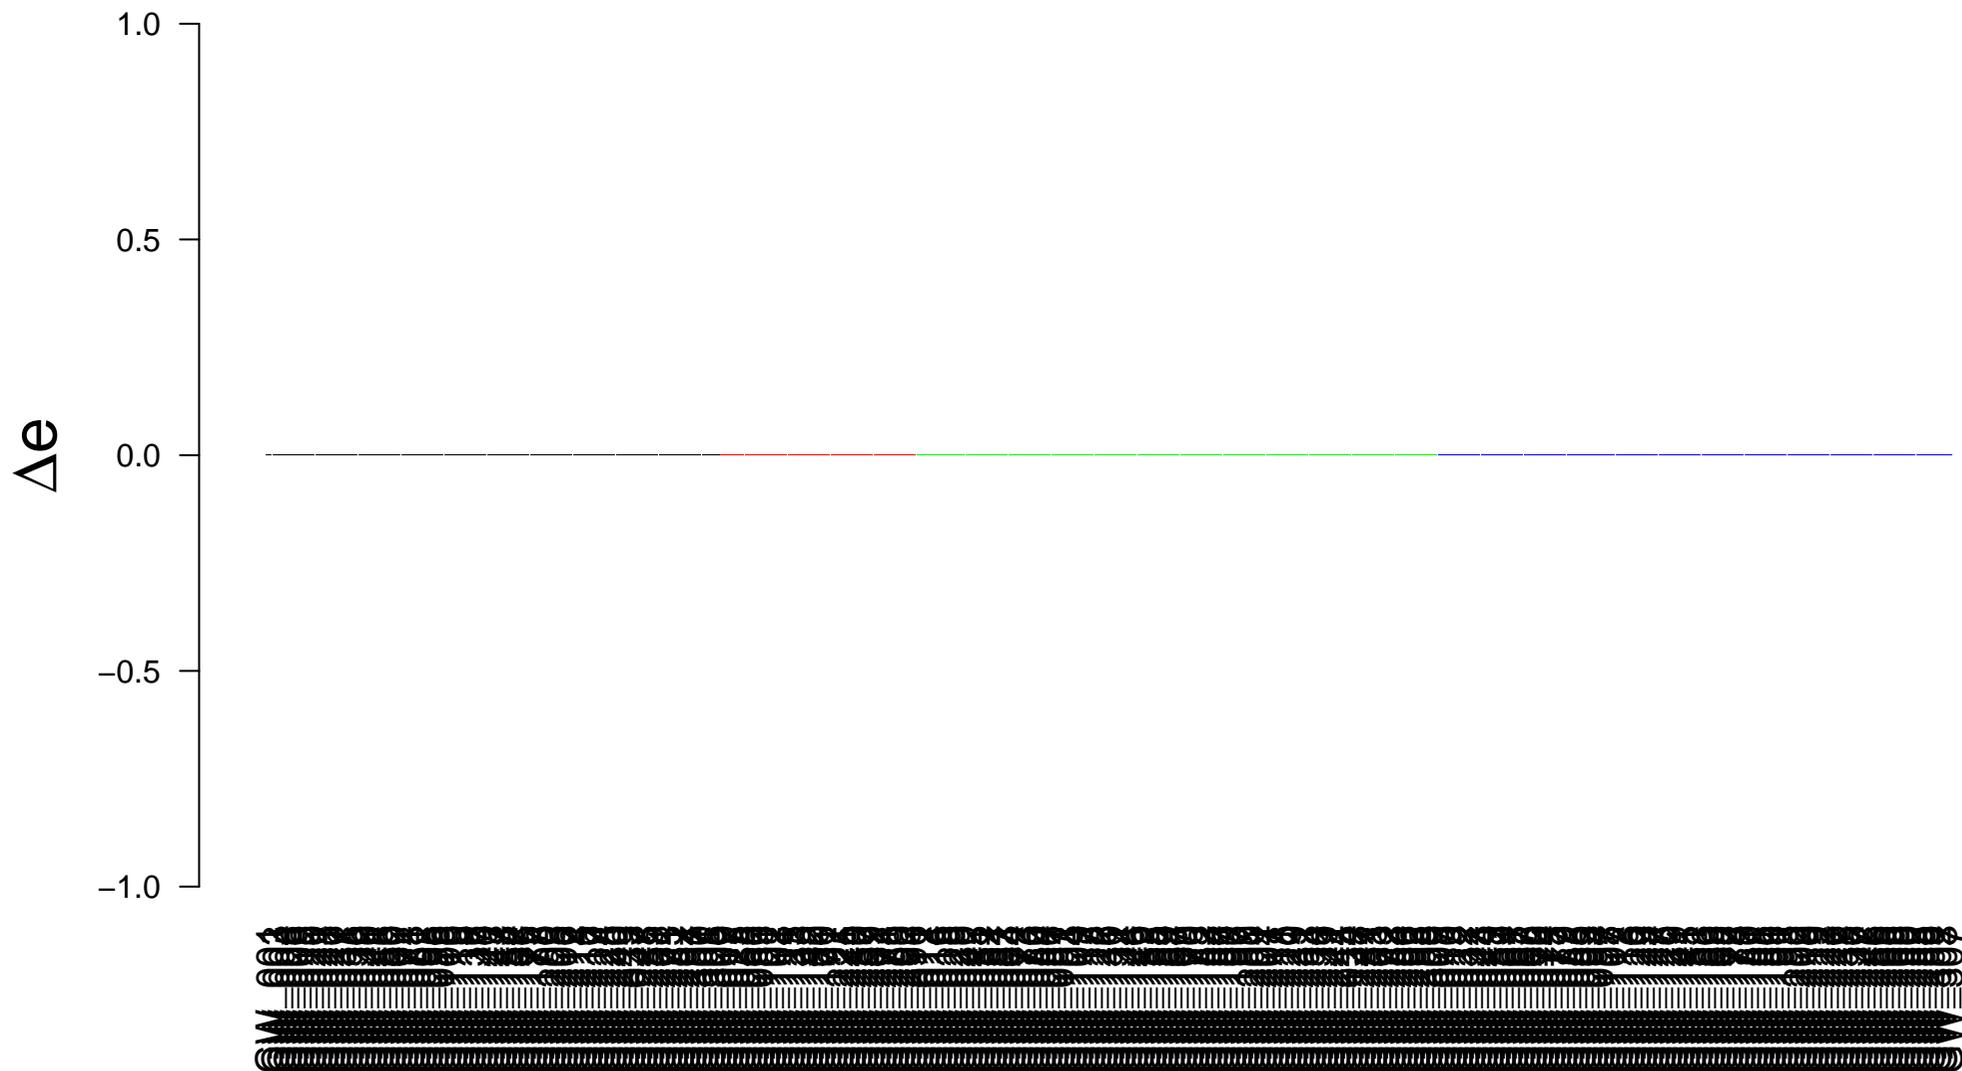

# NAD-dependent histone deacetylase activity (H3-K18 specific)

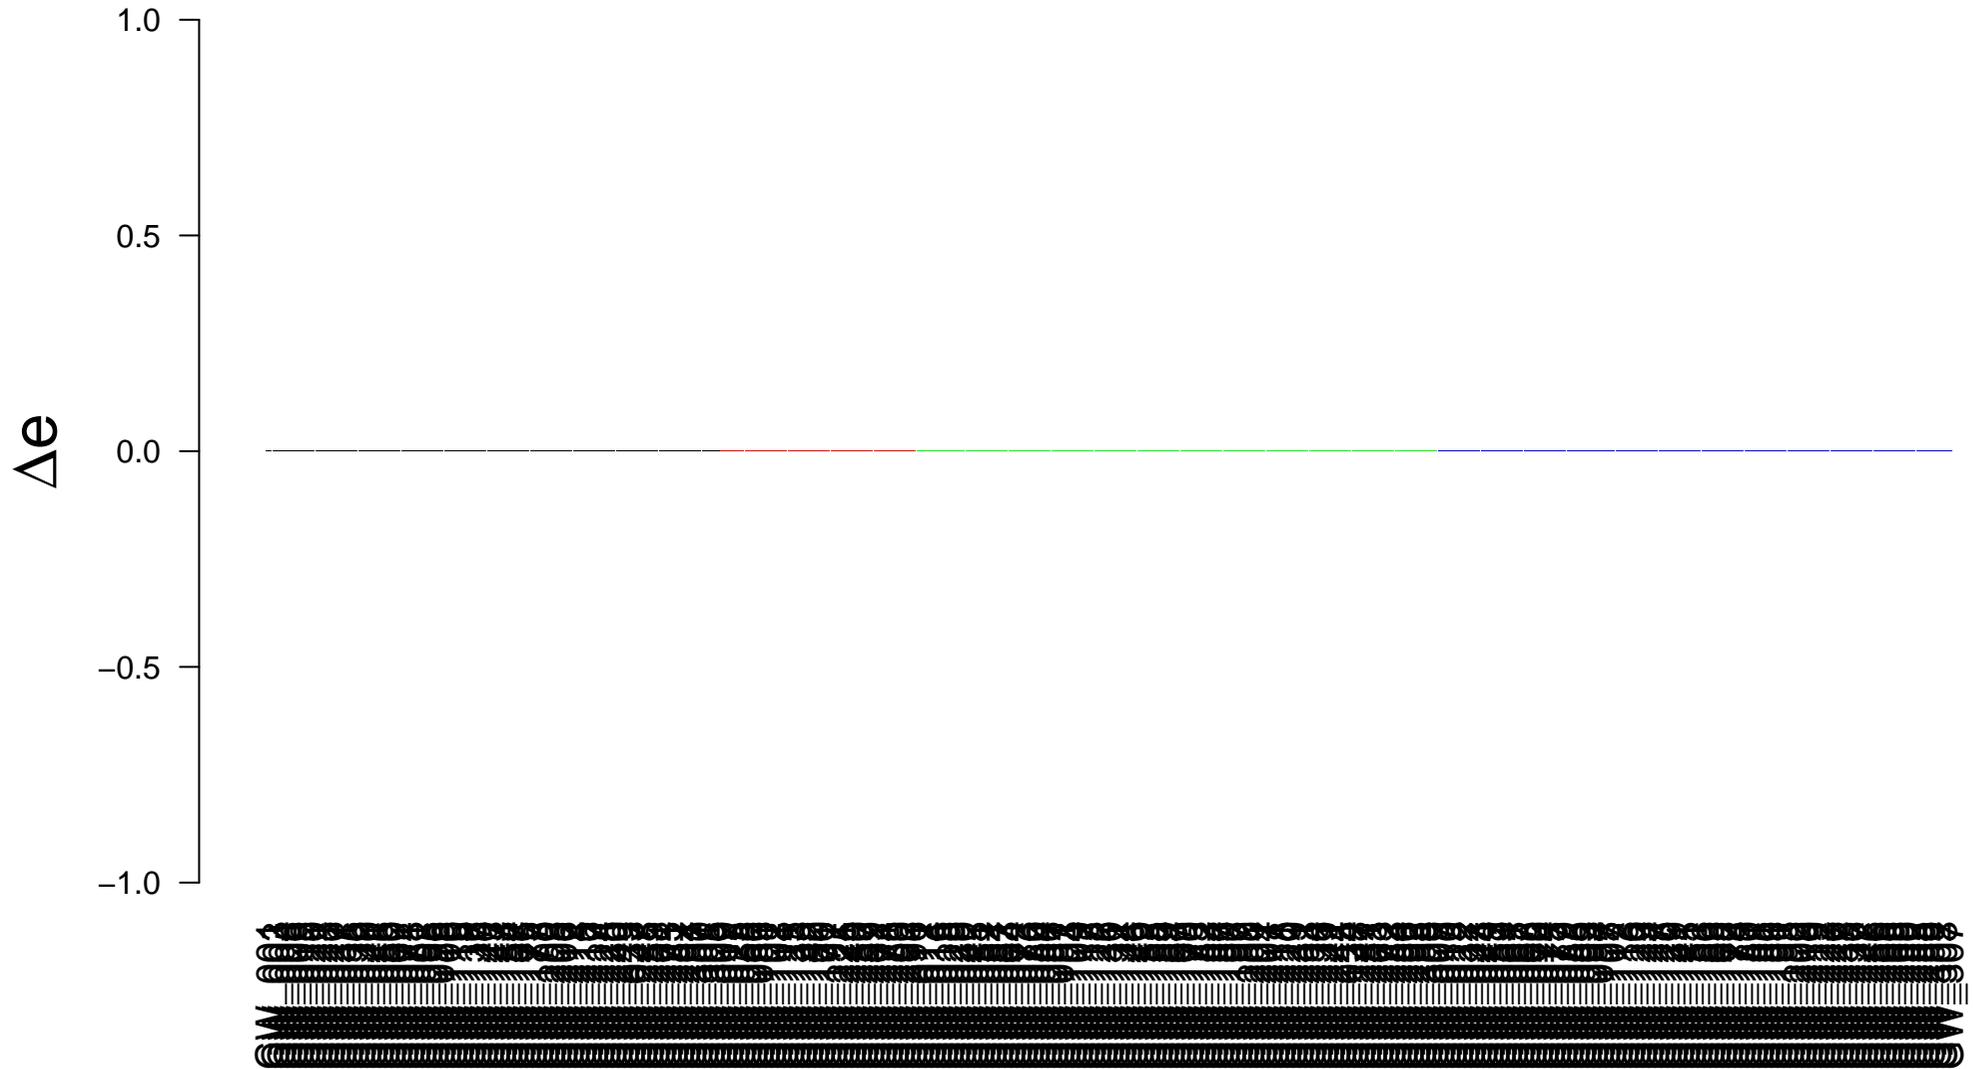

Enrichment in spots: NAD-dependent histone deacetylase activity (H3-K18 specific)

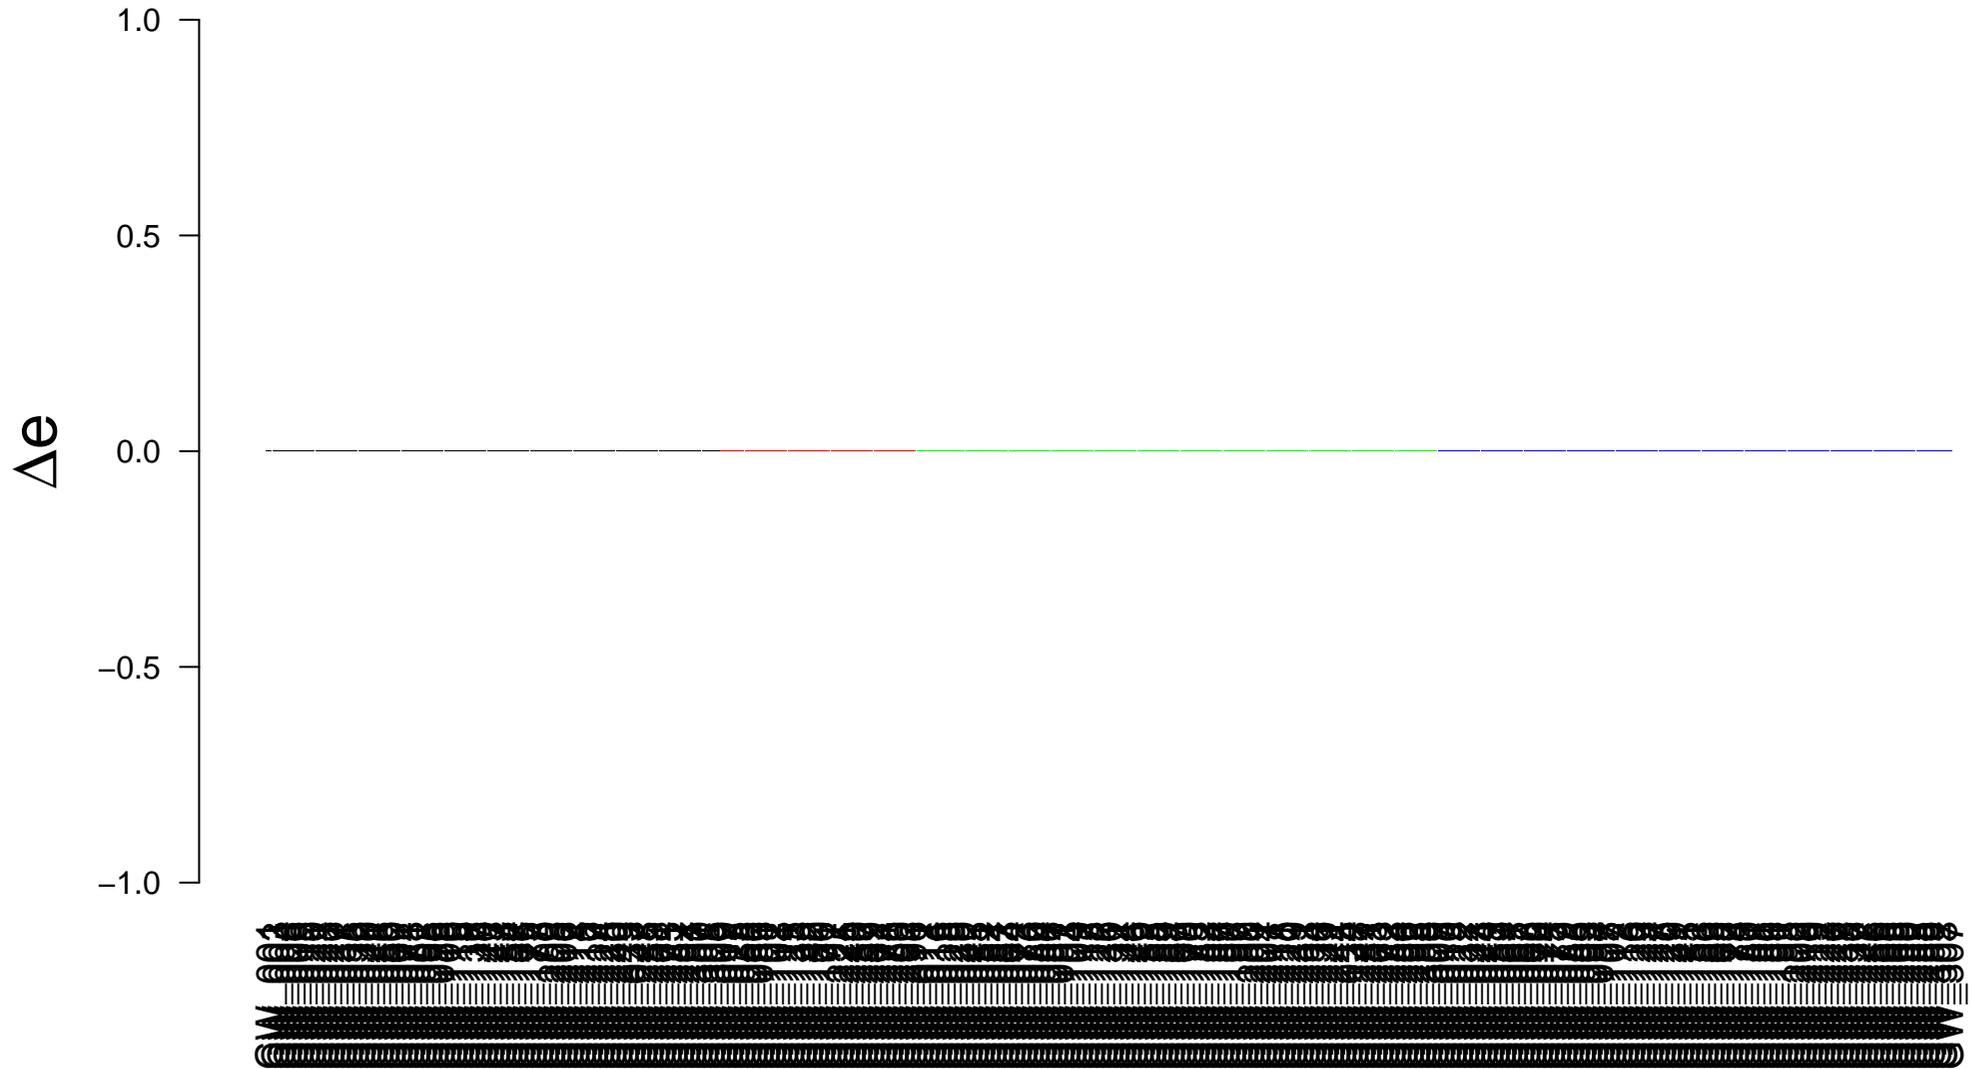

# Expression of NAD-dependent histone deacetylase activity (H3-K18 specific) in Spot A

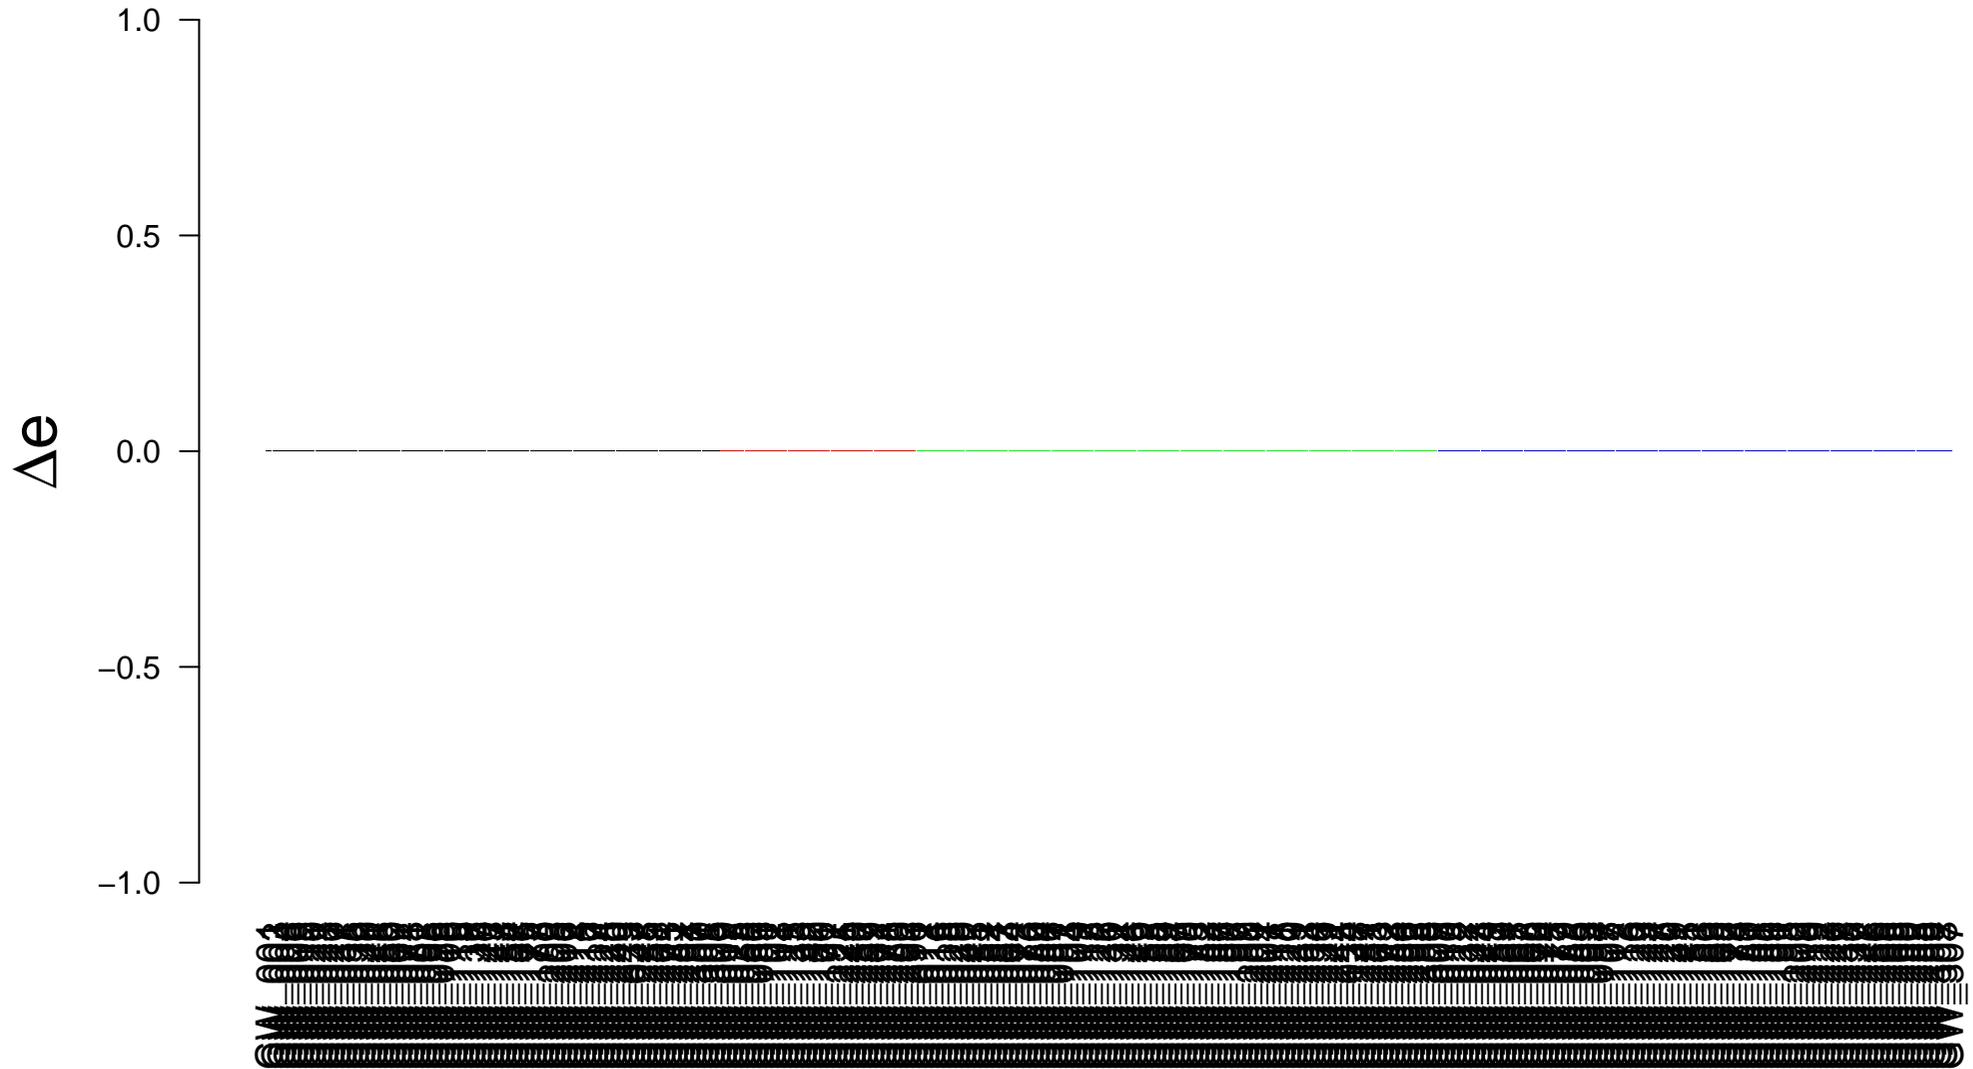

# Expression of NAD-dependent histone deacetylase activity (H3-K18 specific) in Spot B

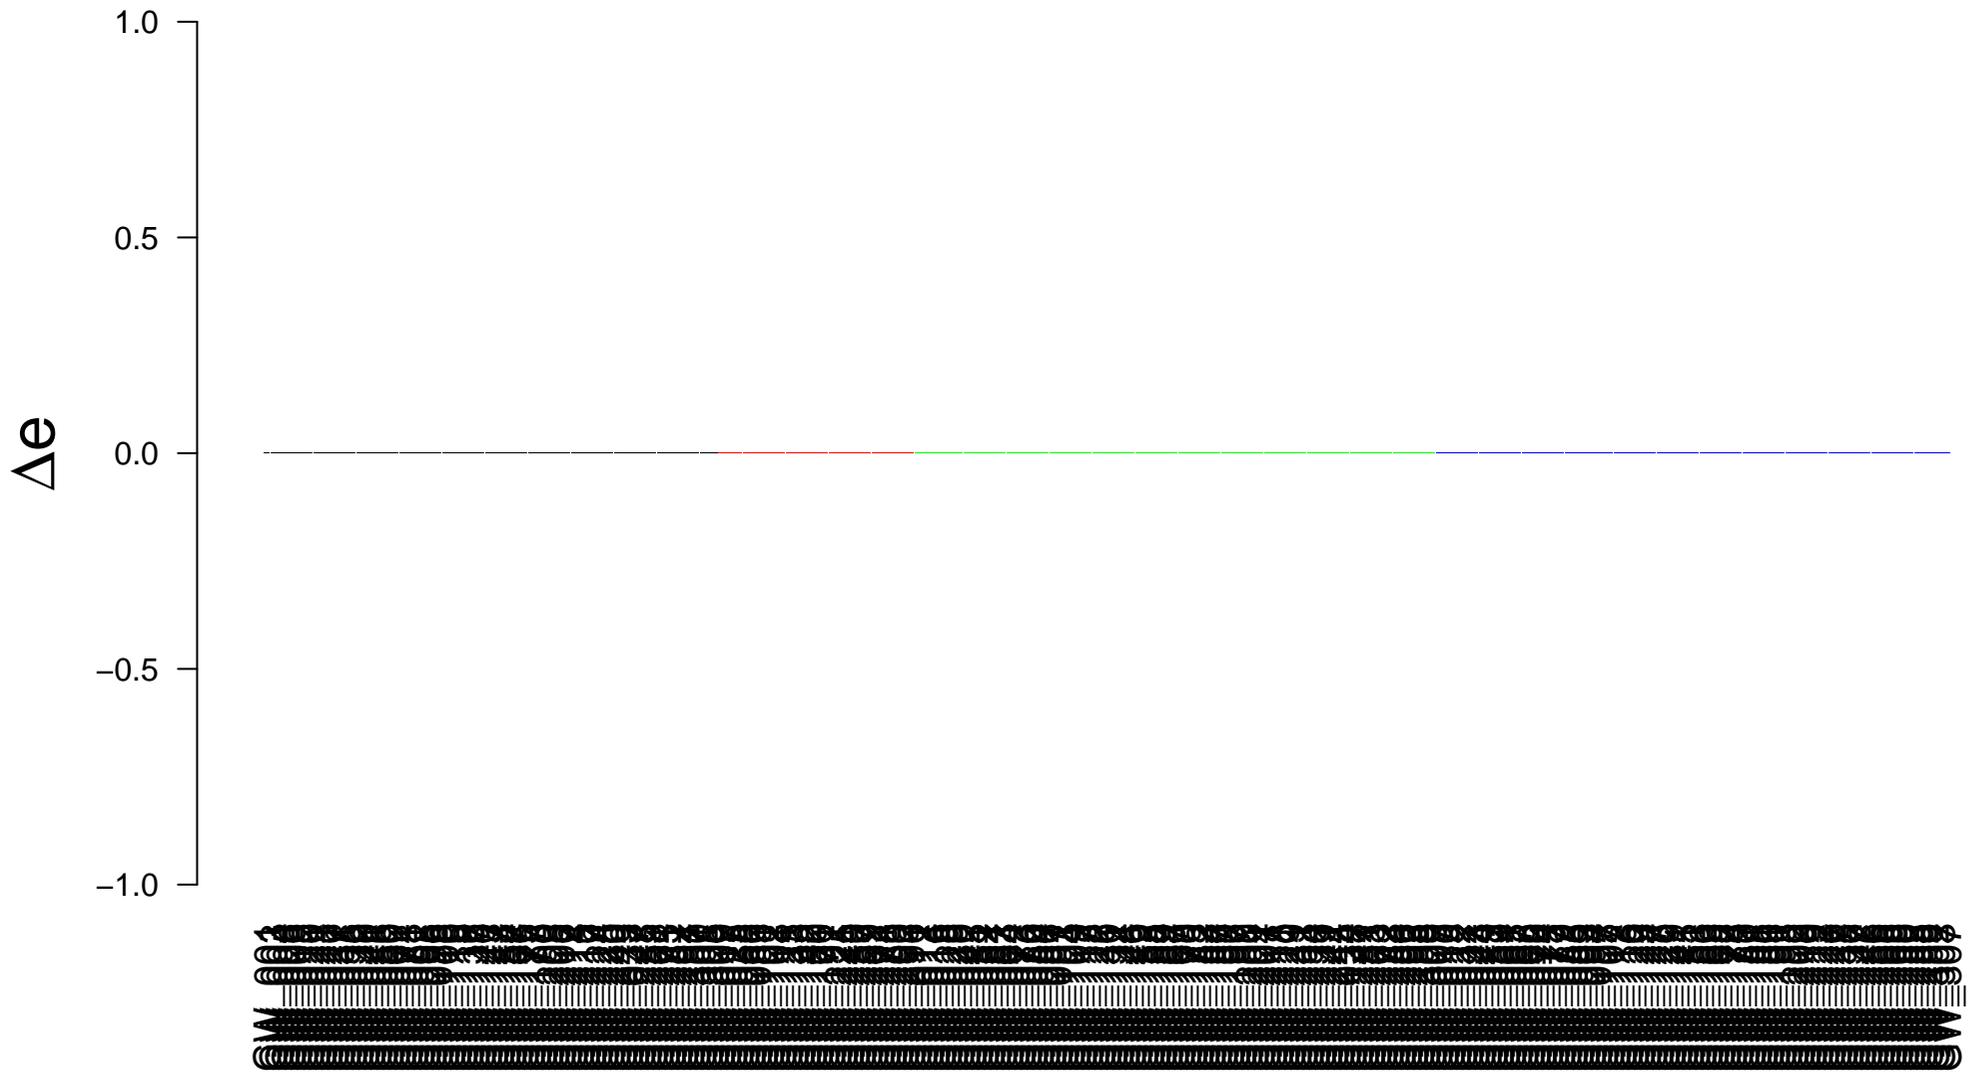

# Expression of NAD-dependent histone deacetylase activity (H3-K18 specific) in Spot C

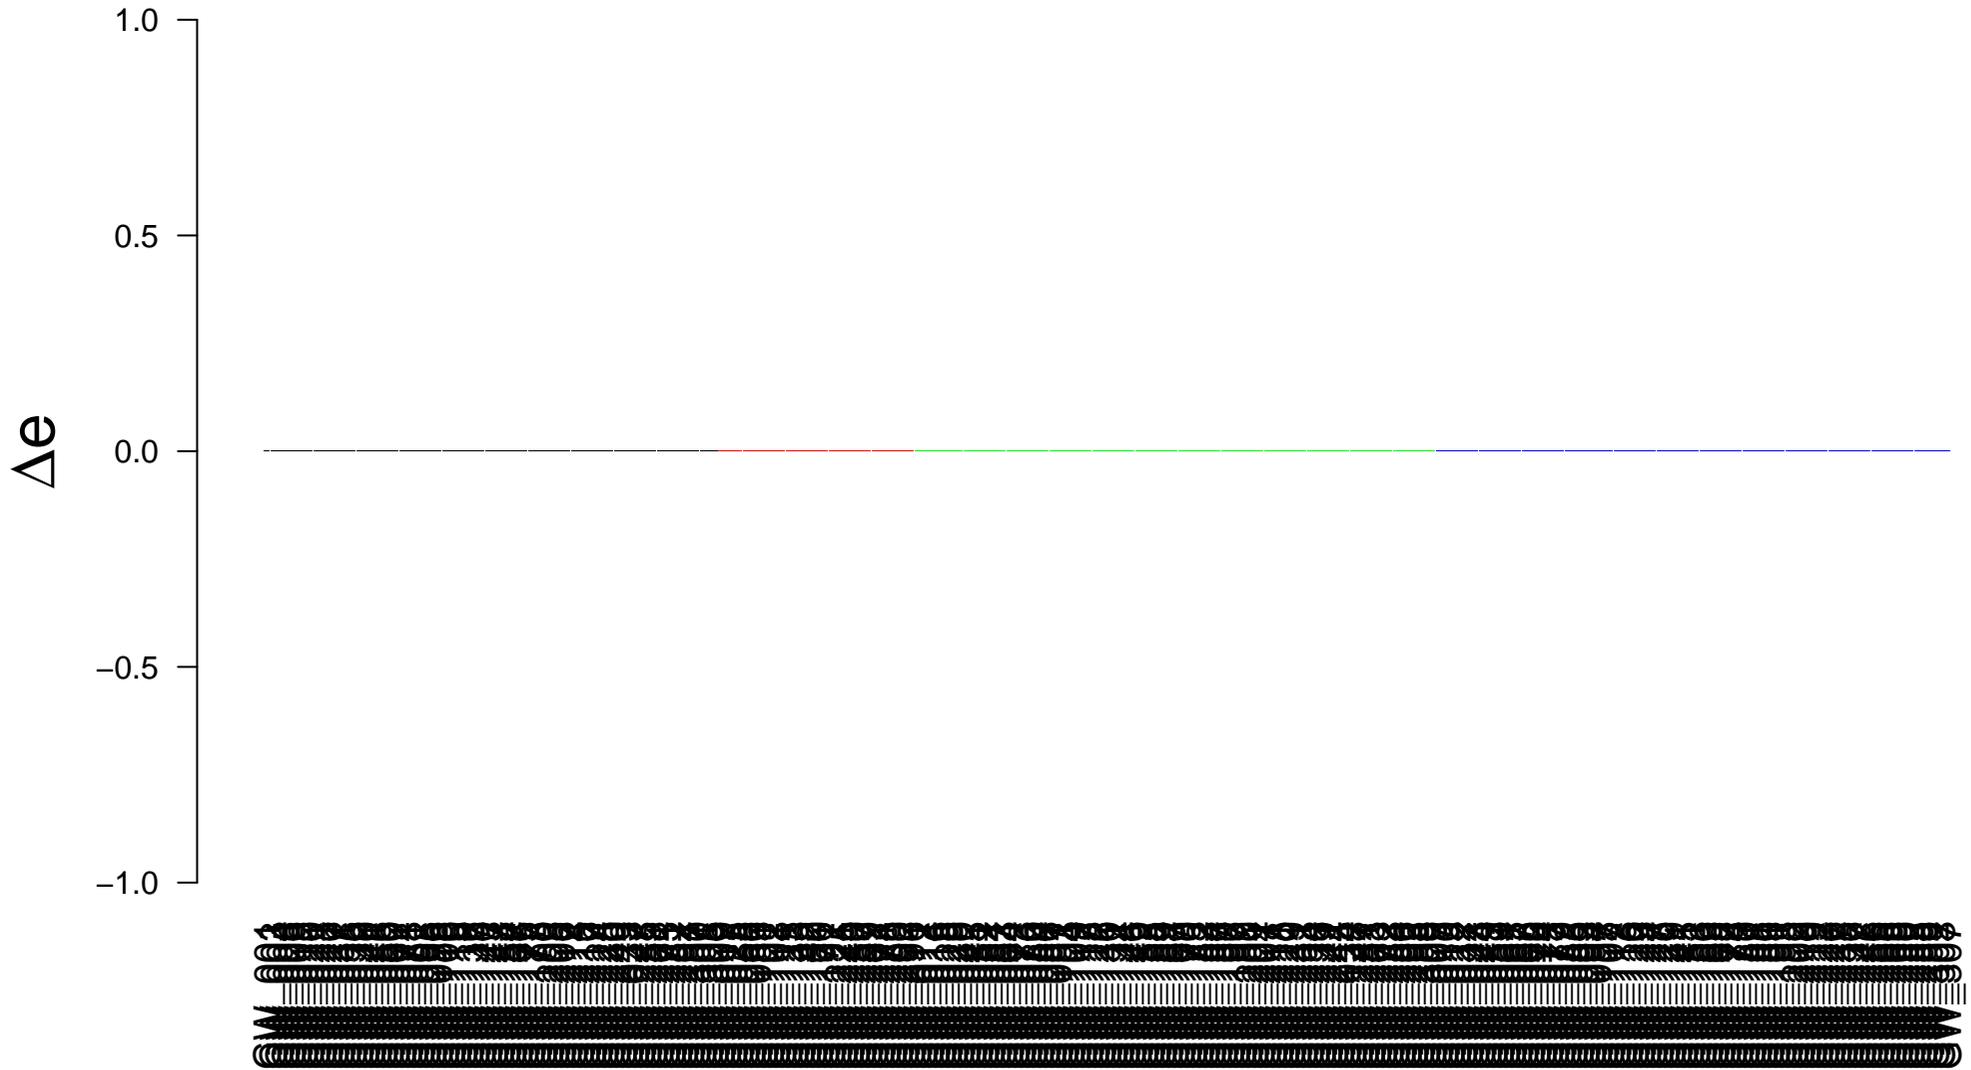

# Expression of NAD-dependent histone deacetylase activity (H3-K18 specific) in Spot D

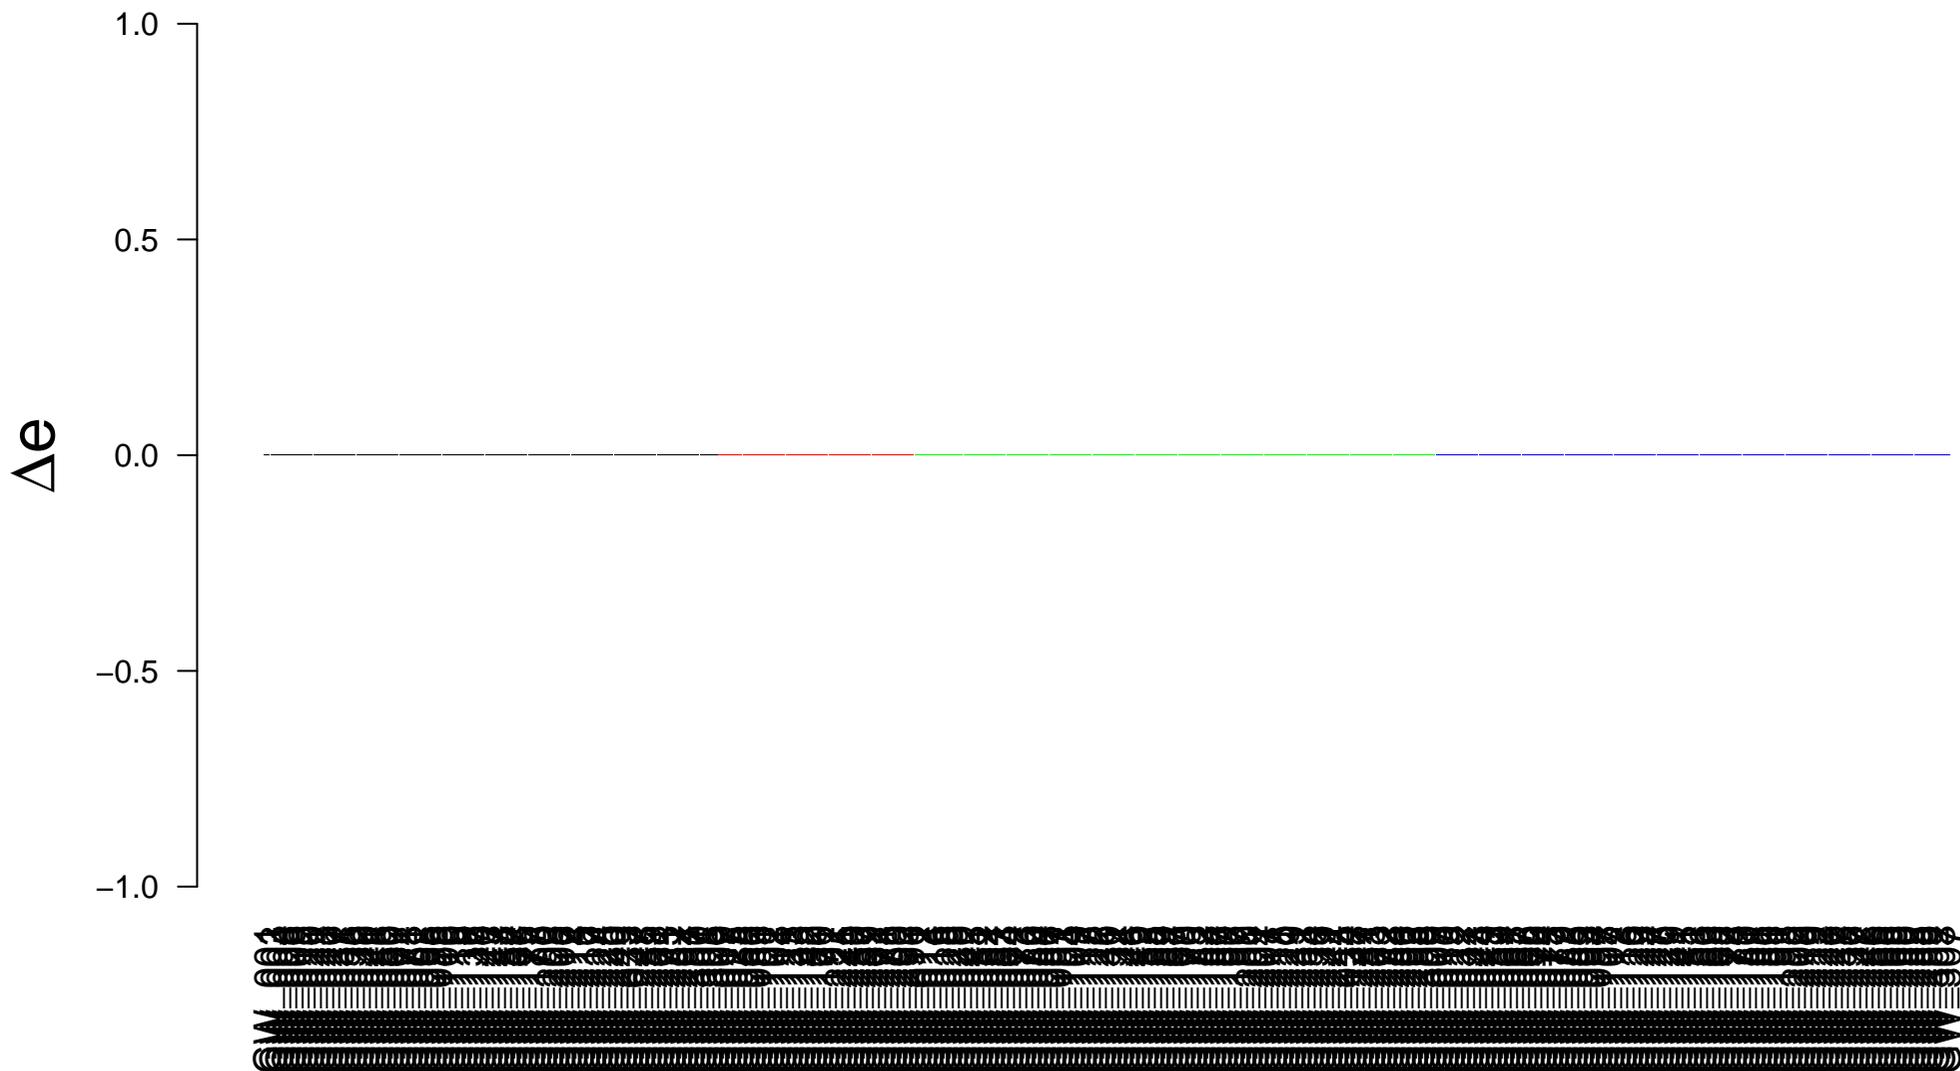

# Expression of NAD-dependent histone deacetylase activity (H3-K18 specific) in Spot E

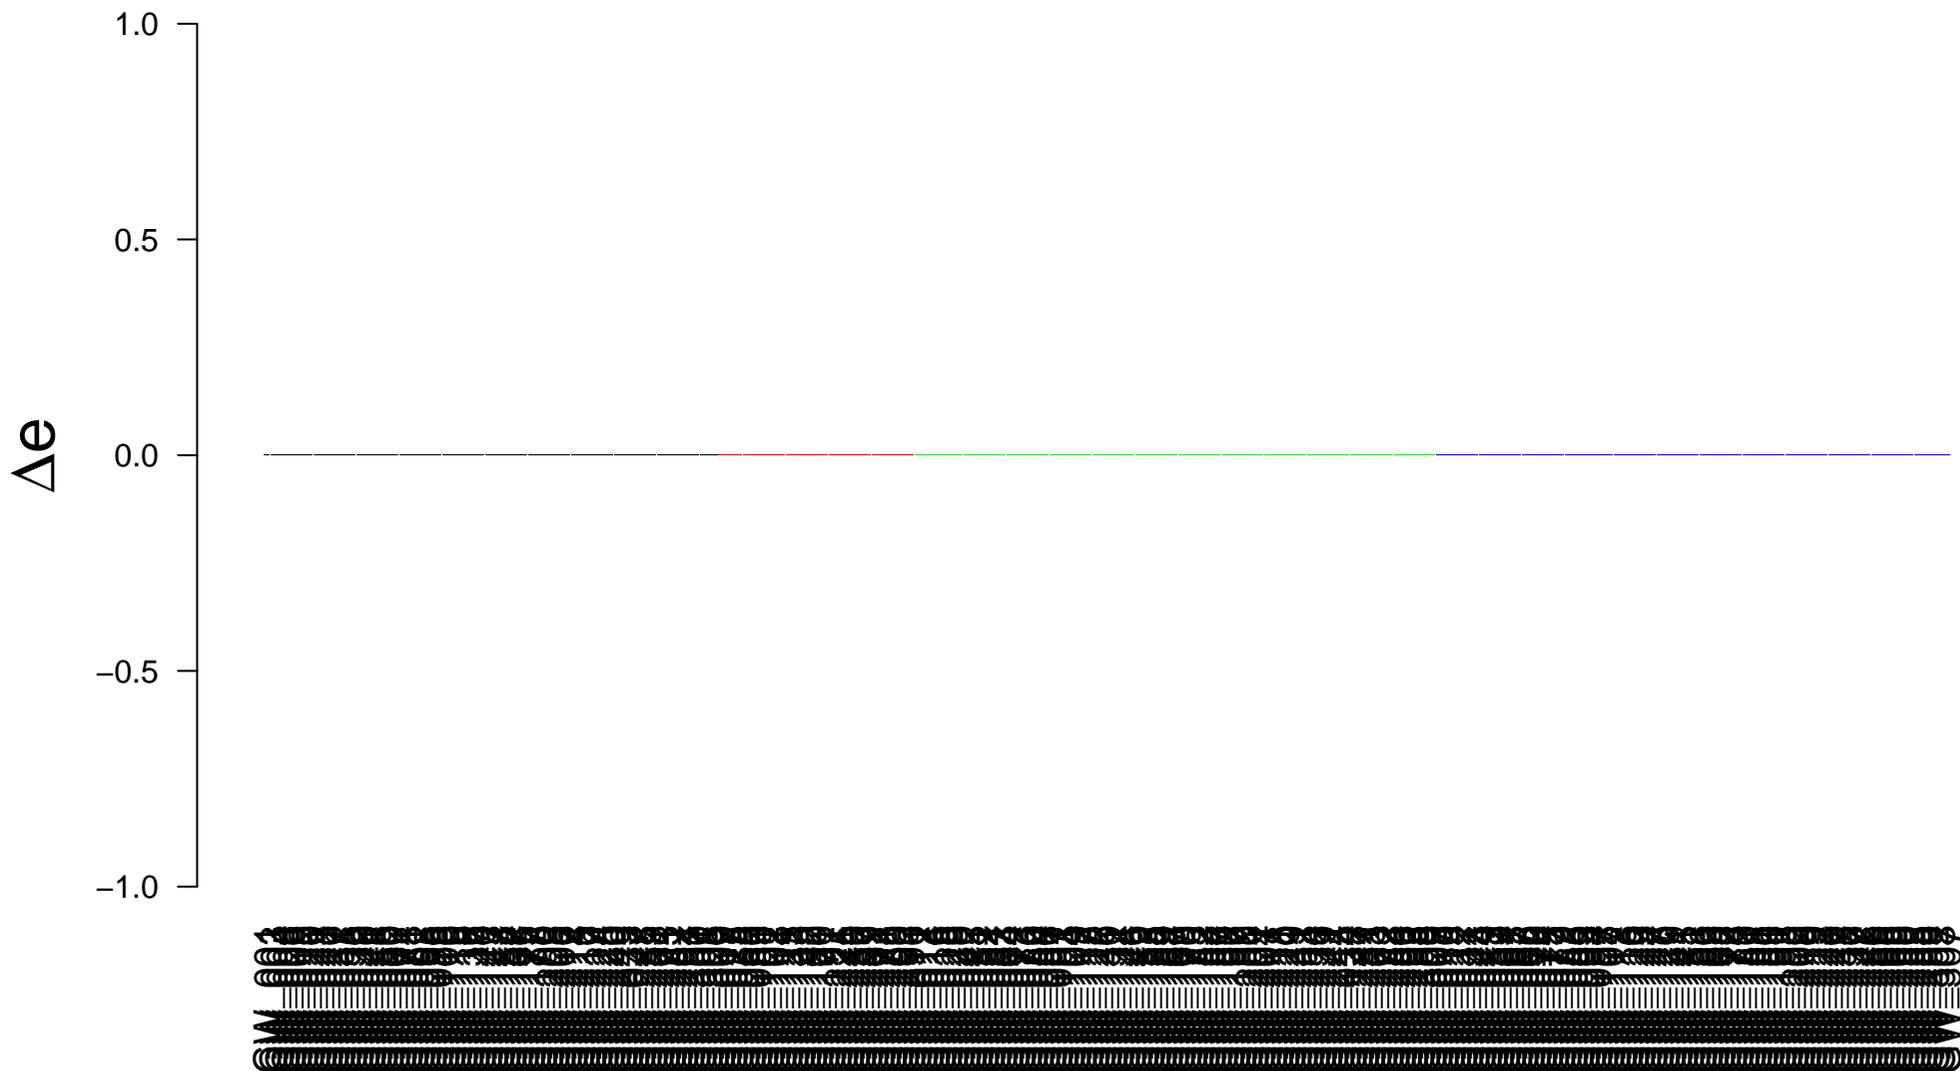

# Expression of NAD-dependent histone deacetylase activity (H3-K18 specific) in Spot F

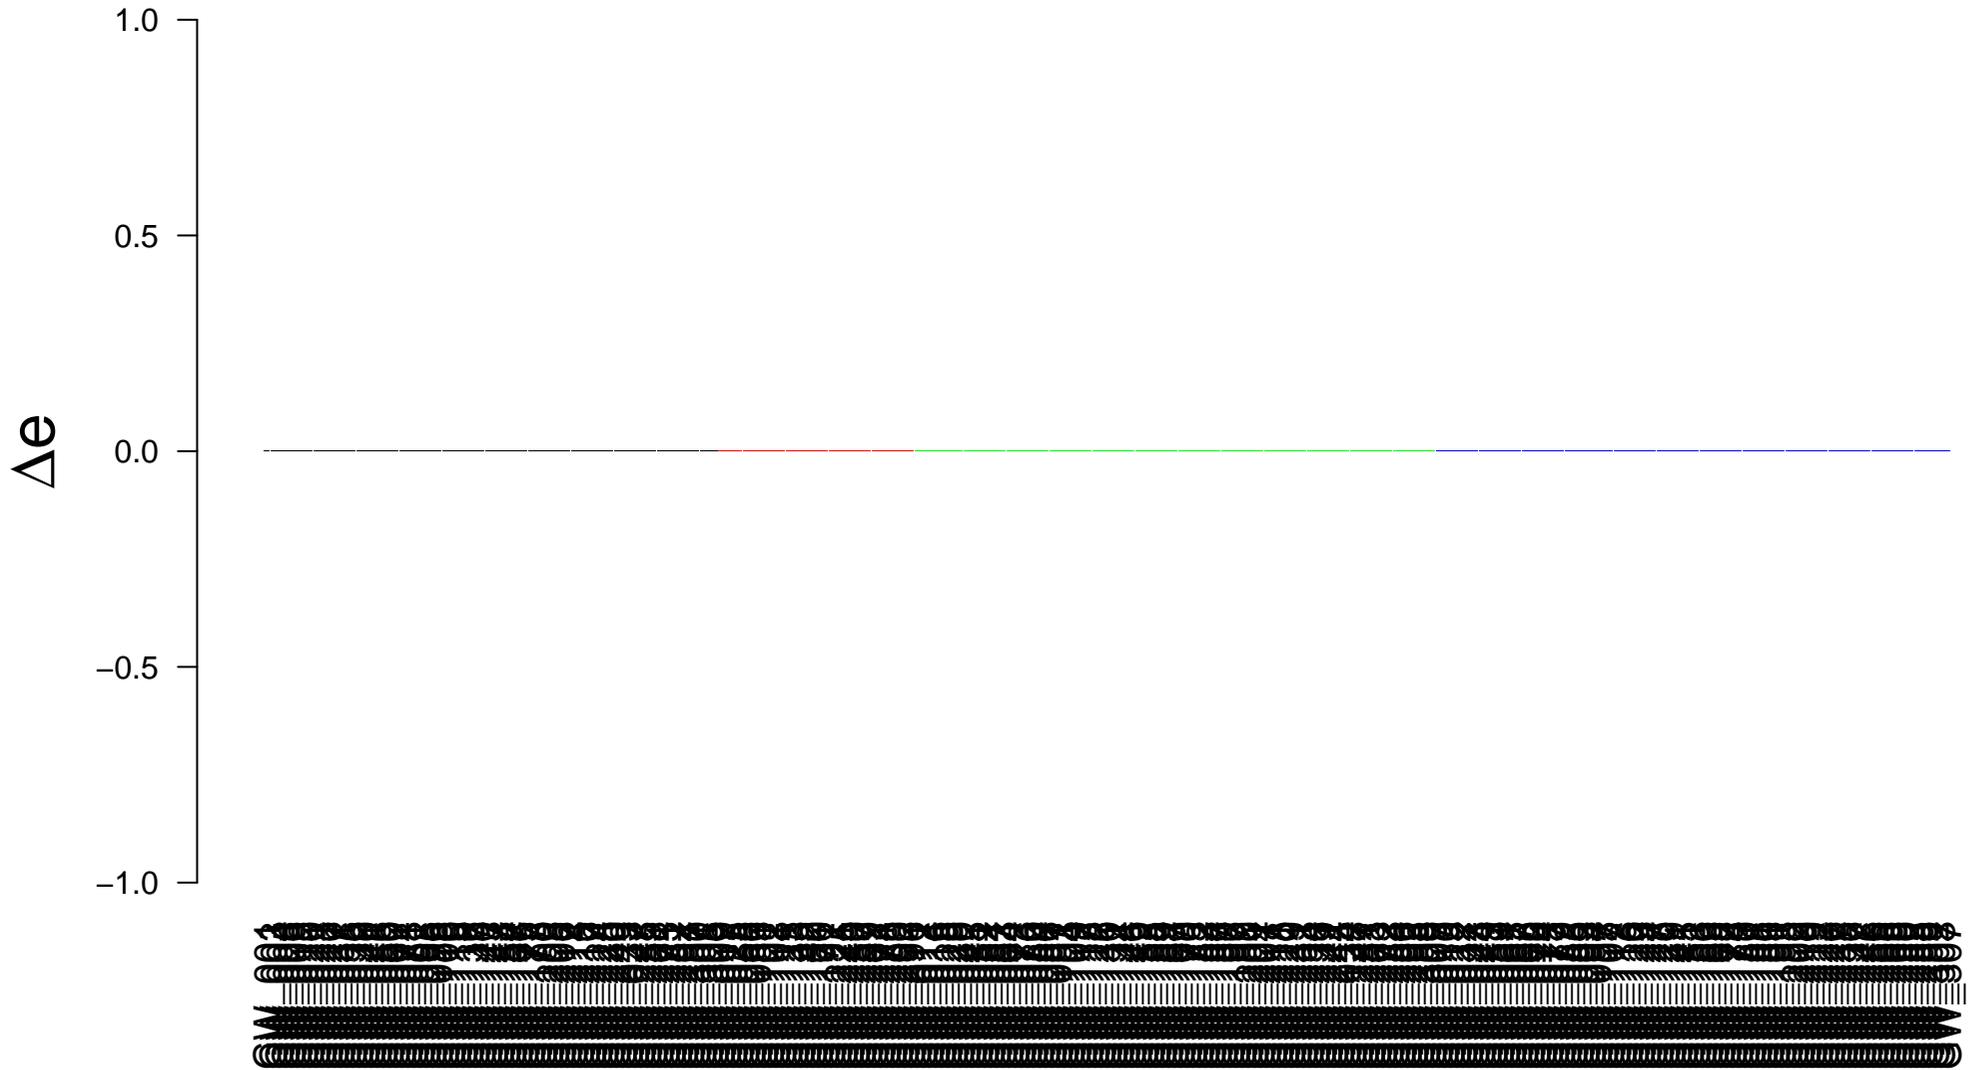

# Expression of NAD-dependent histone deacetylase activity (H3-K18 specific) in Spot G

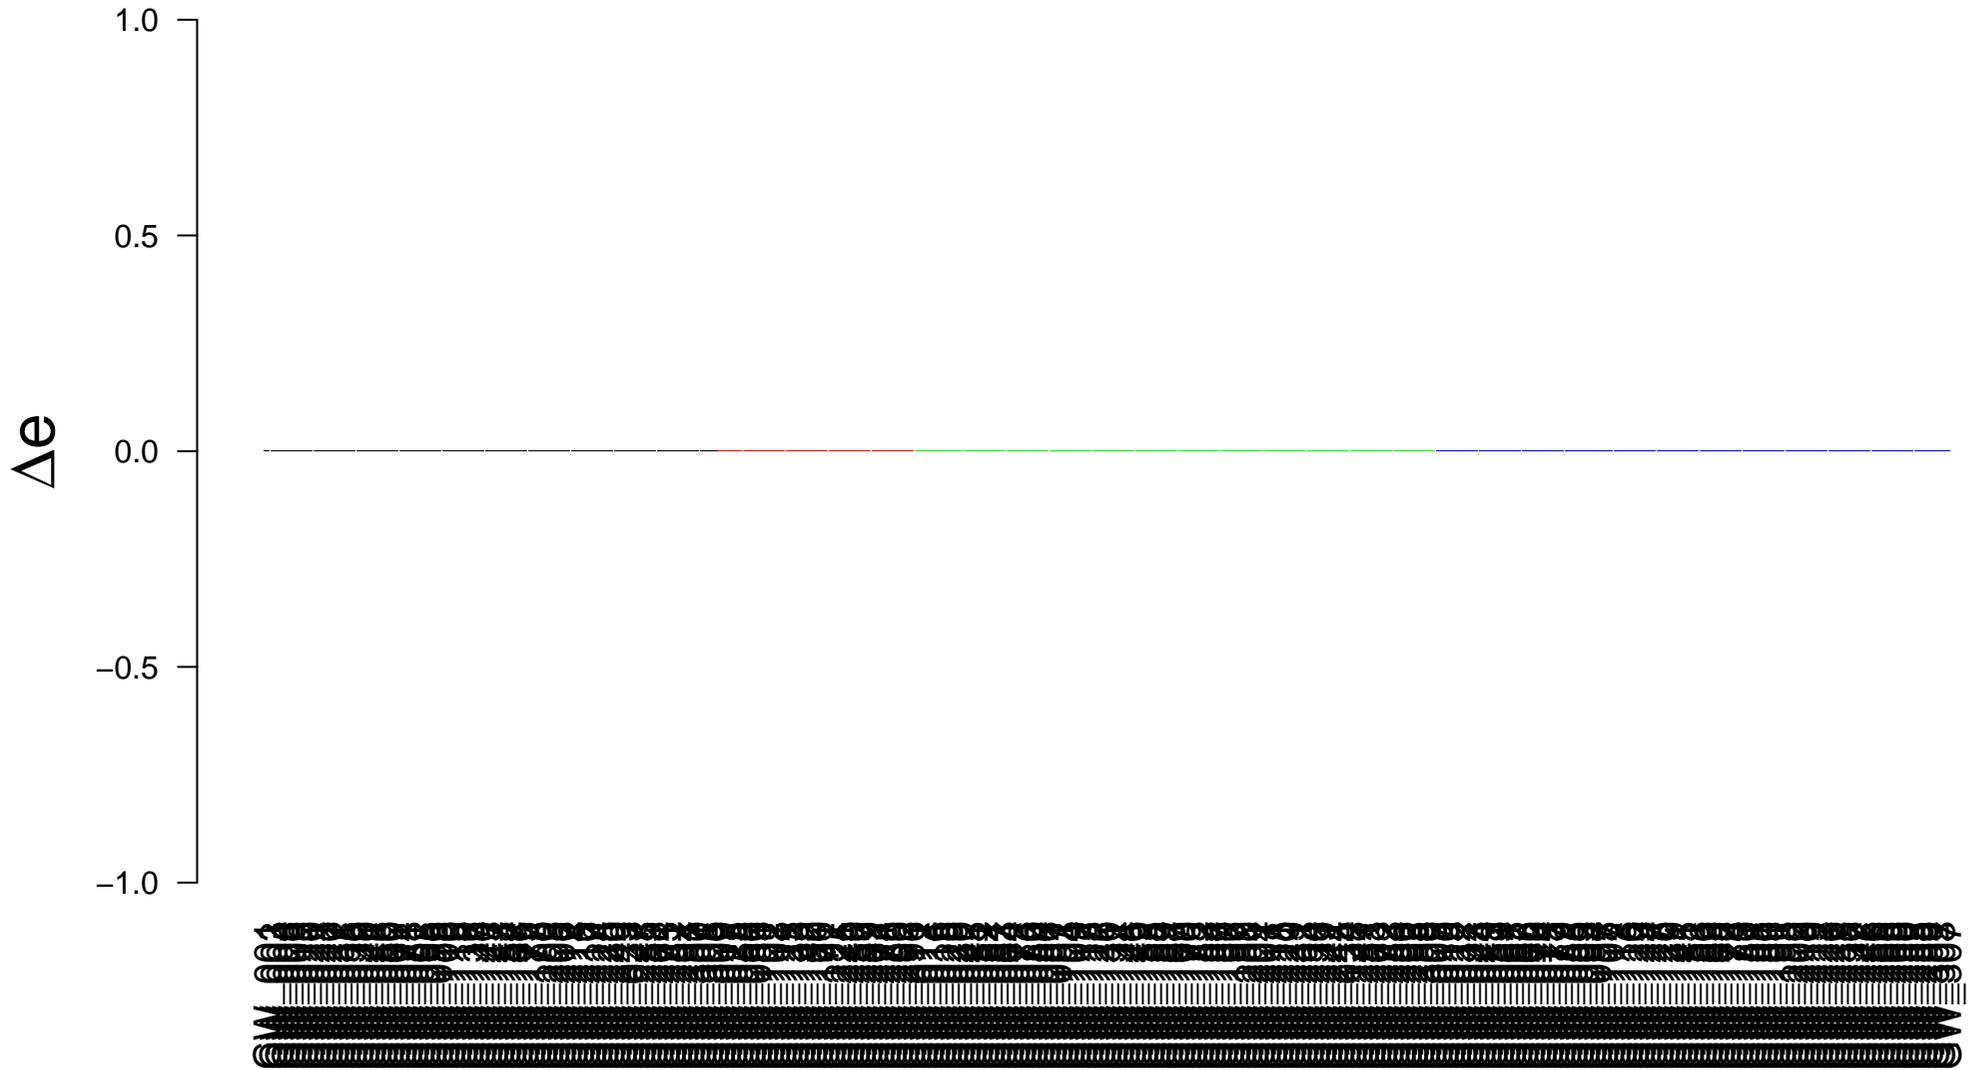

# Expression of NAD-dependent histone deacetylase activity (H3-K18 specific) in Spot H

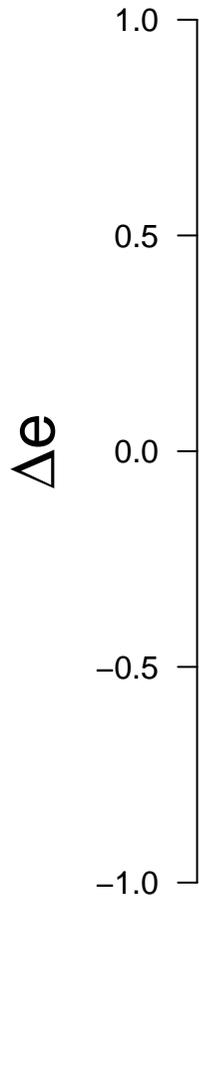

# Expression of NAD-dependent histone deacetylase activity (H3-K18 specific) in Spot I

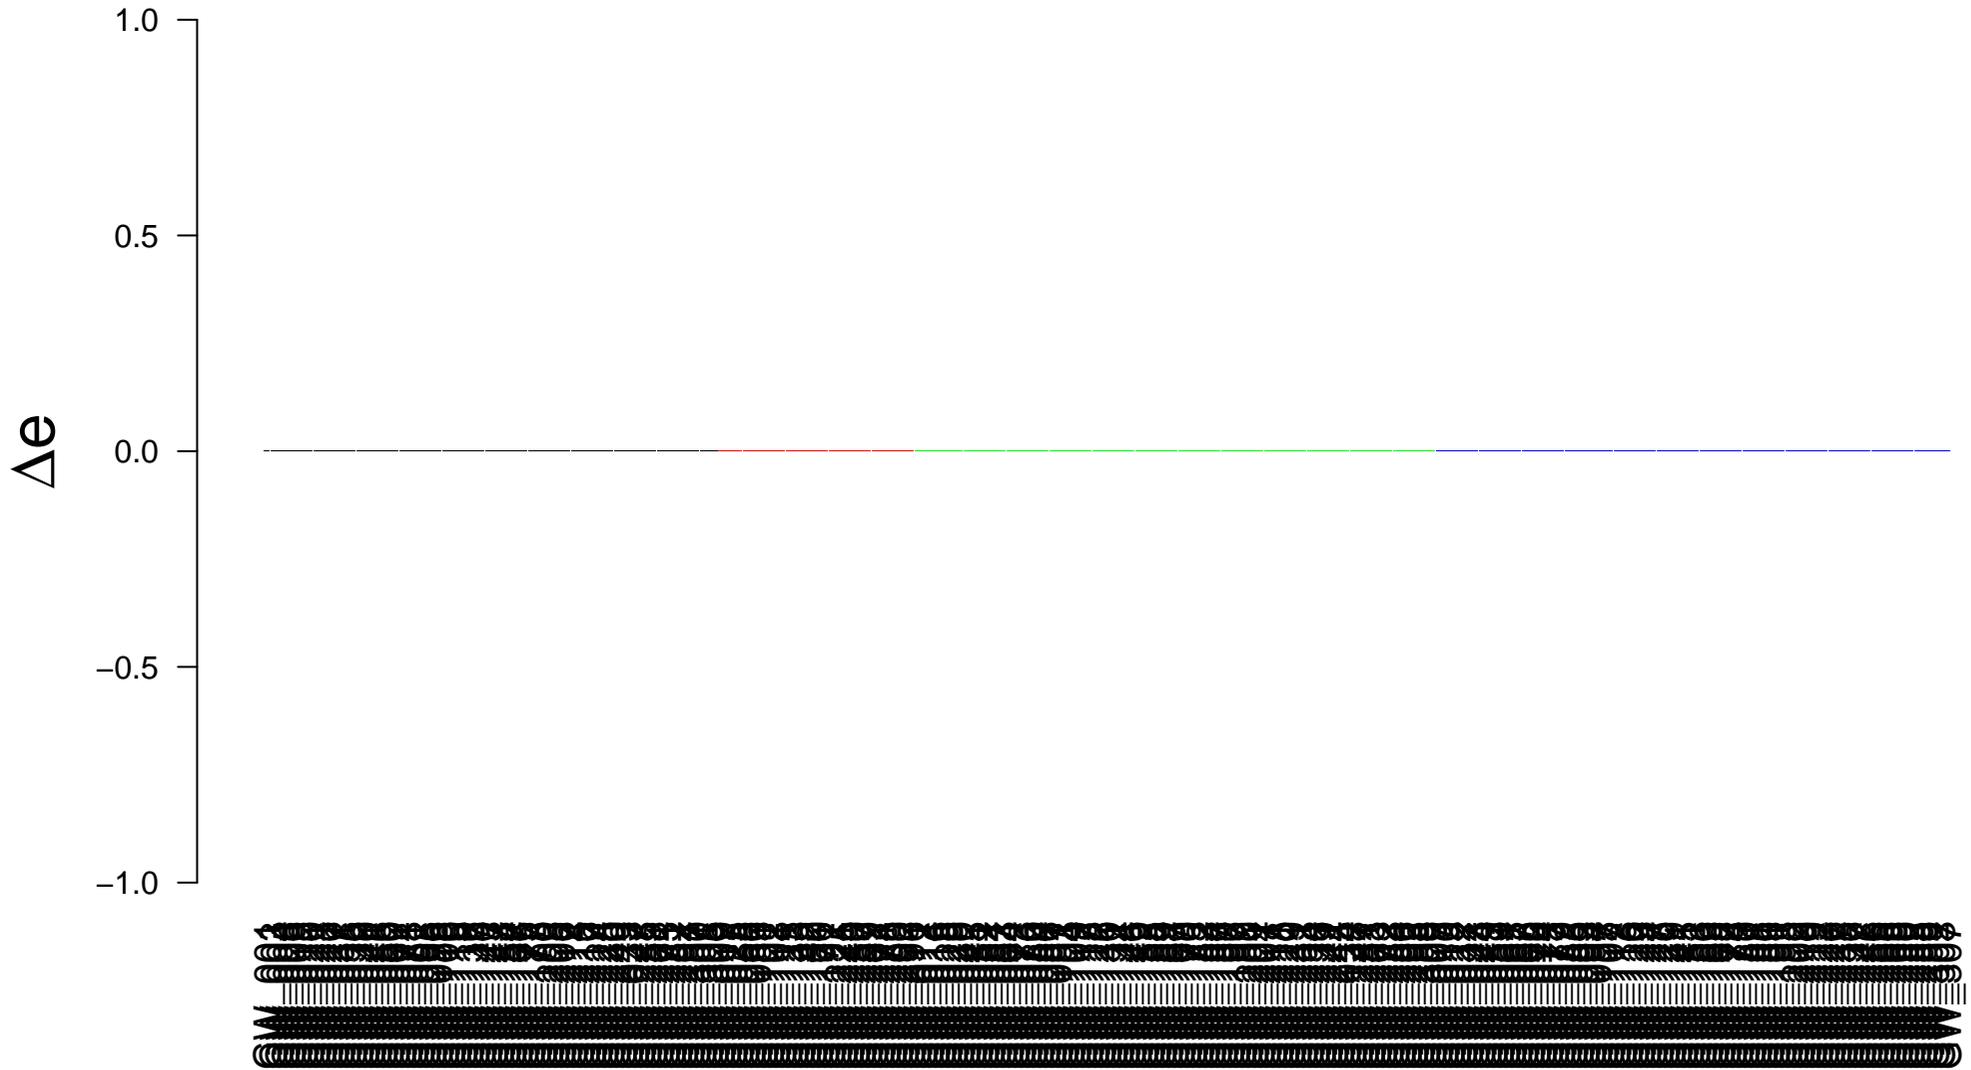

# Expression of NAD-dependent histone deacetylase activity (H3-K18 specific) in Spot J

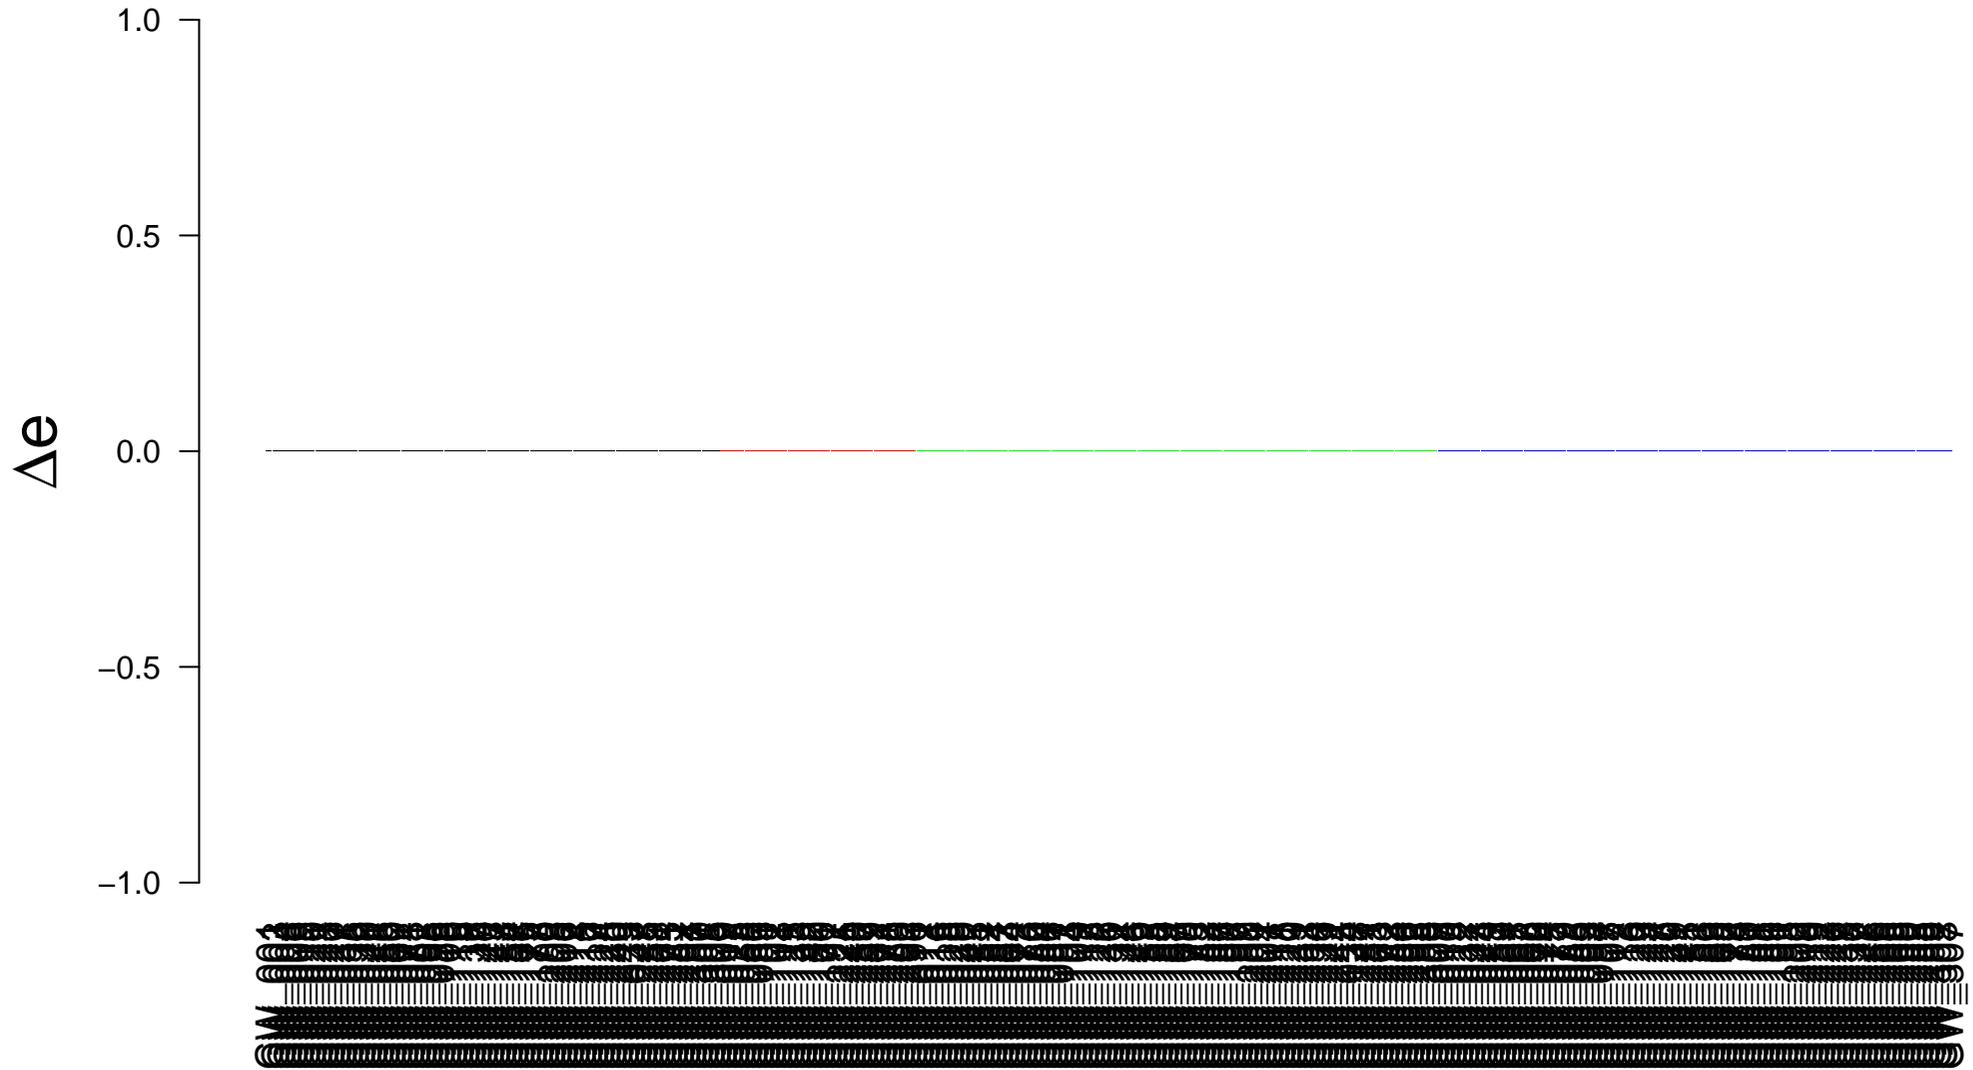

Expression of NAD-dependent histone deacetylase activity (H3-K18 specific) in Spot K

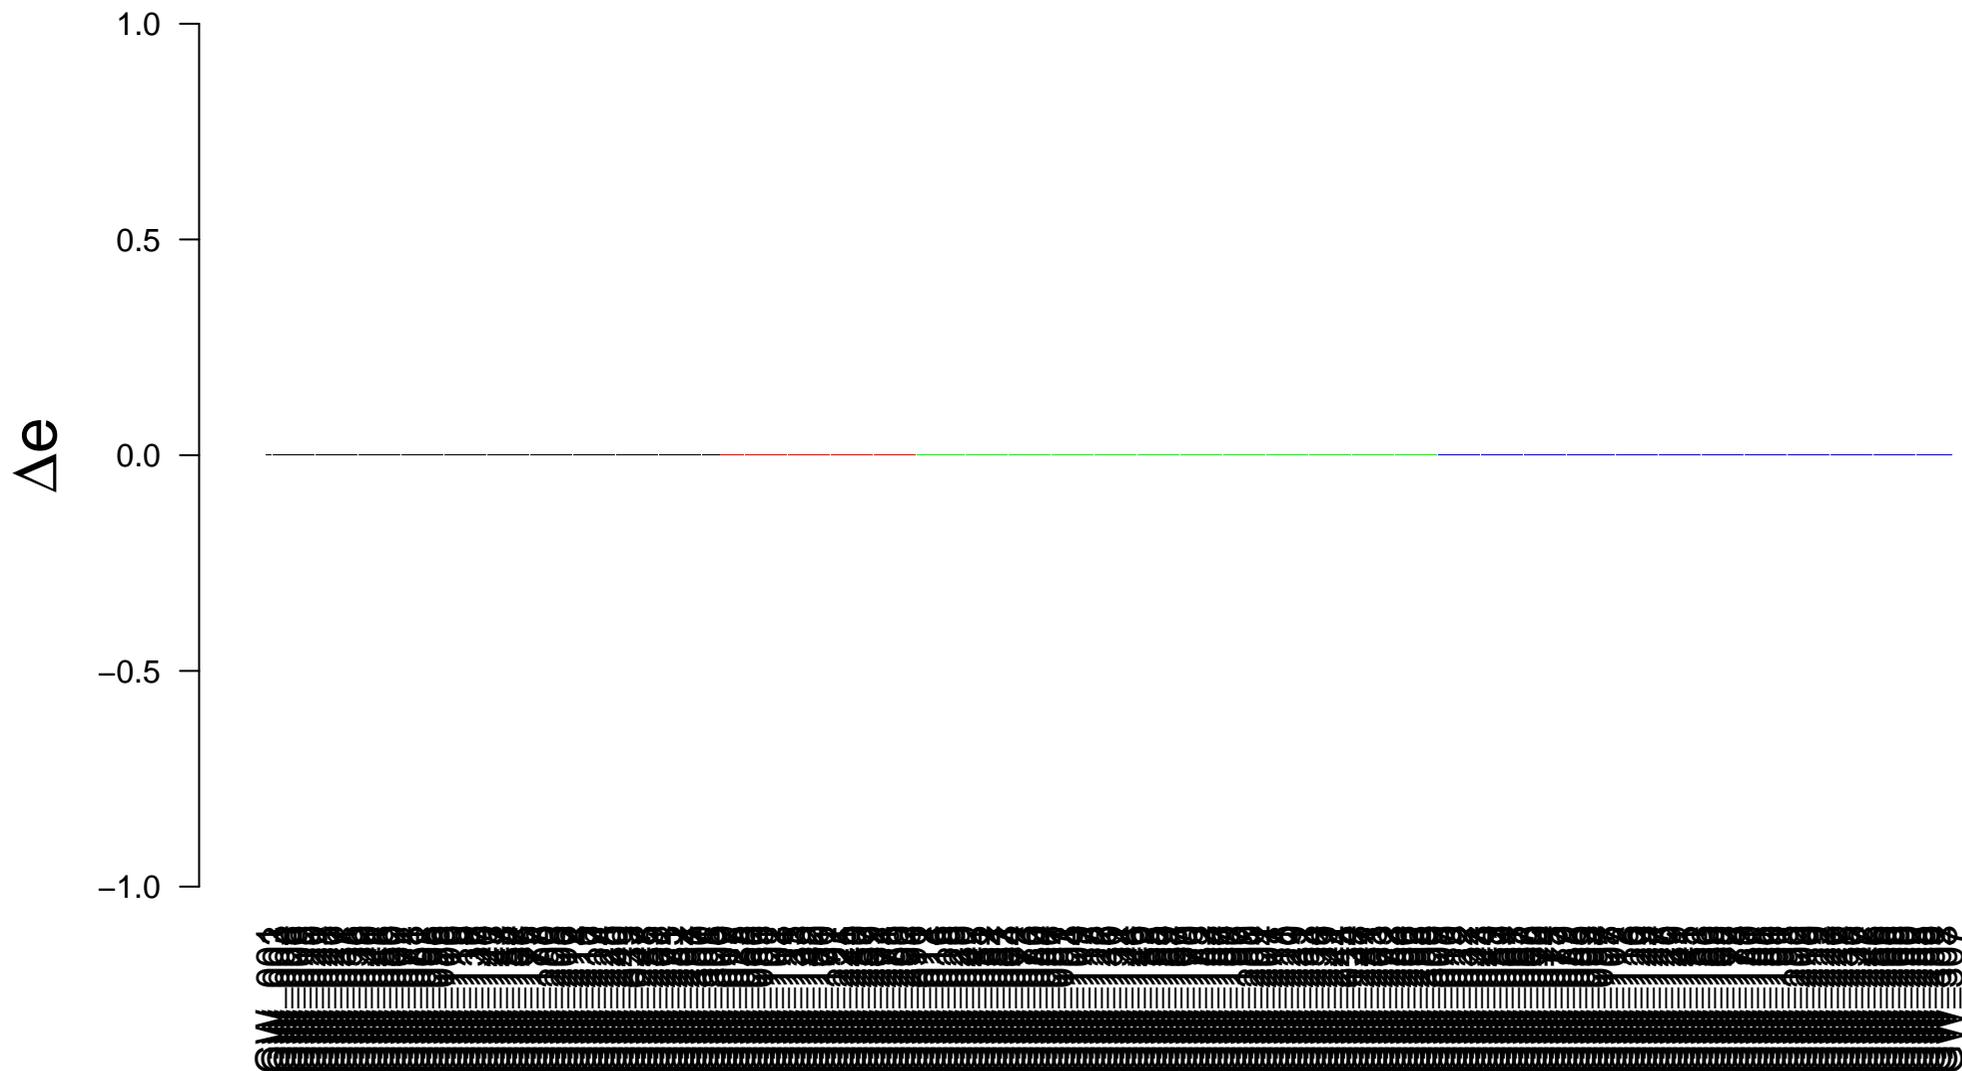

Expression of NAD-dependent histone deacetylase activity (H3-K18 specific) in Spot L

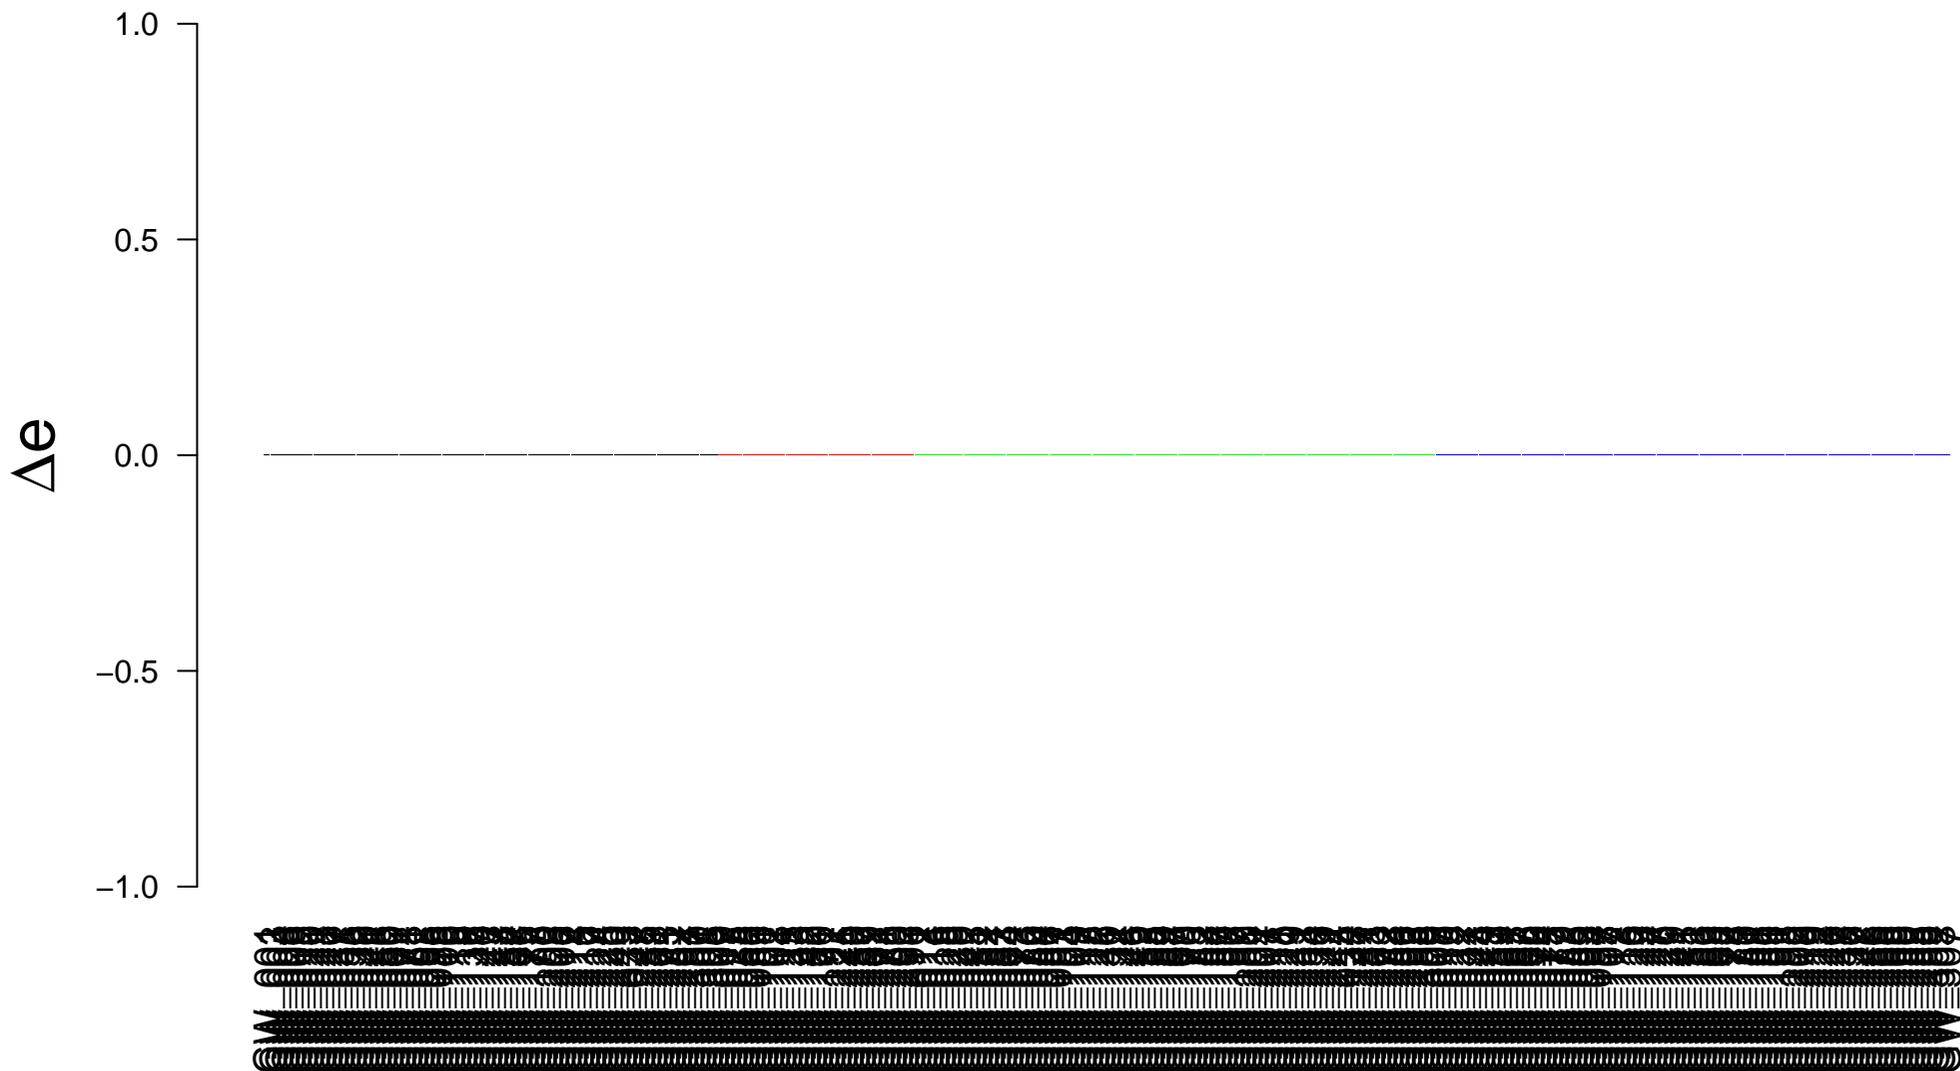

# Expression of NAD-dependent histone deacetylase activity (H3-K18 specific) in Spot M

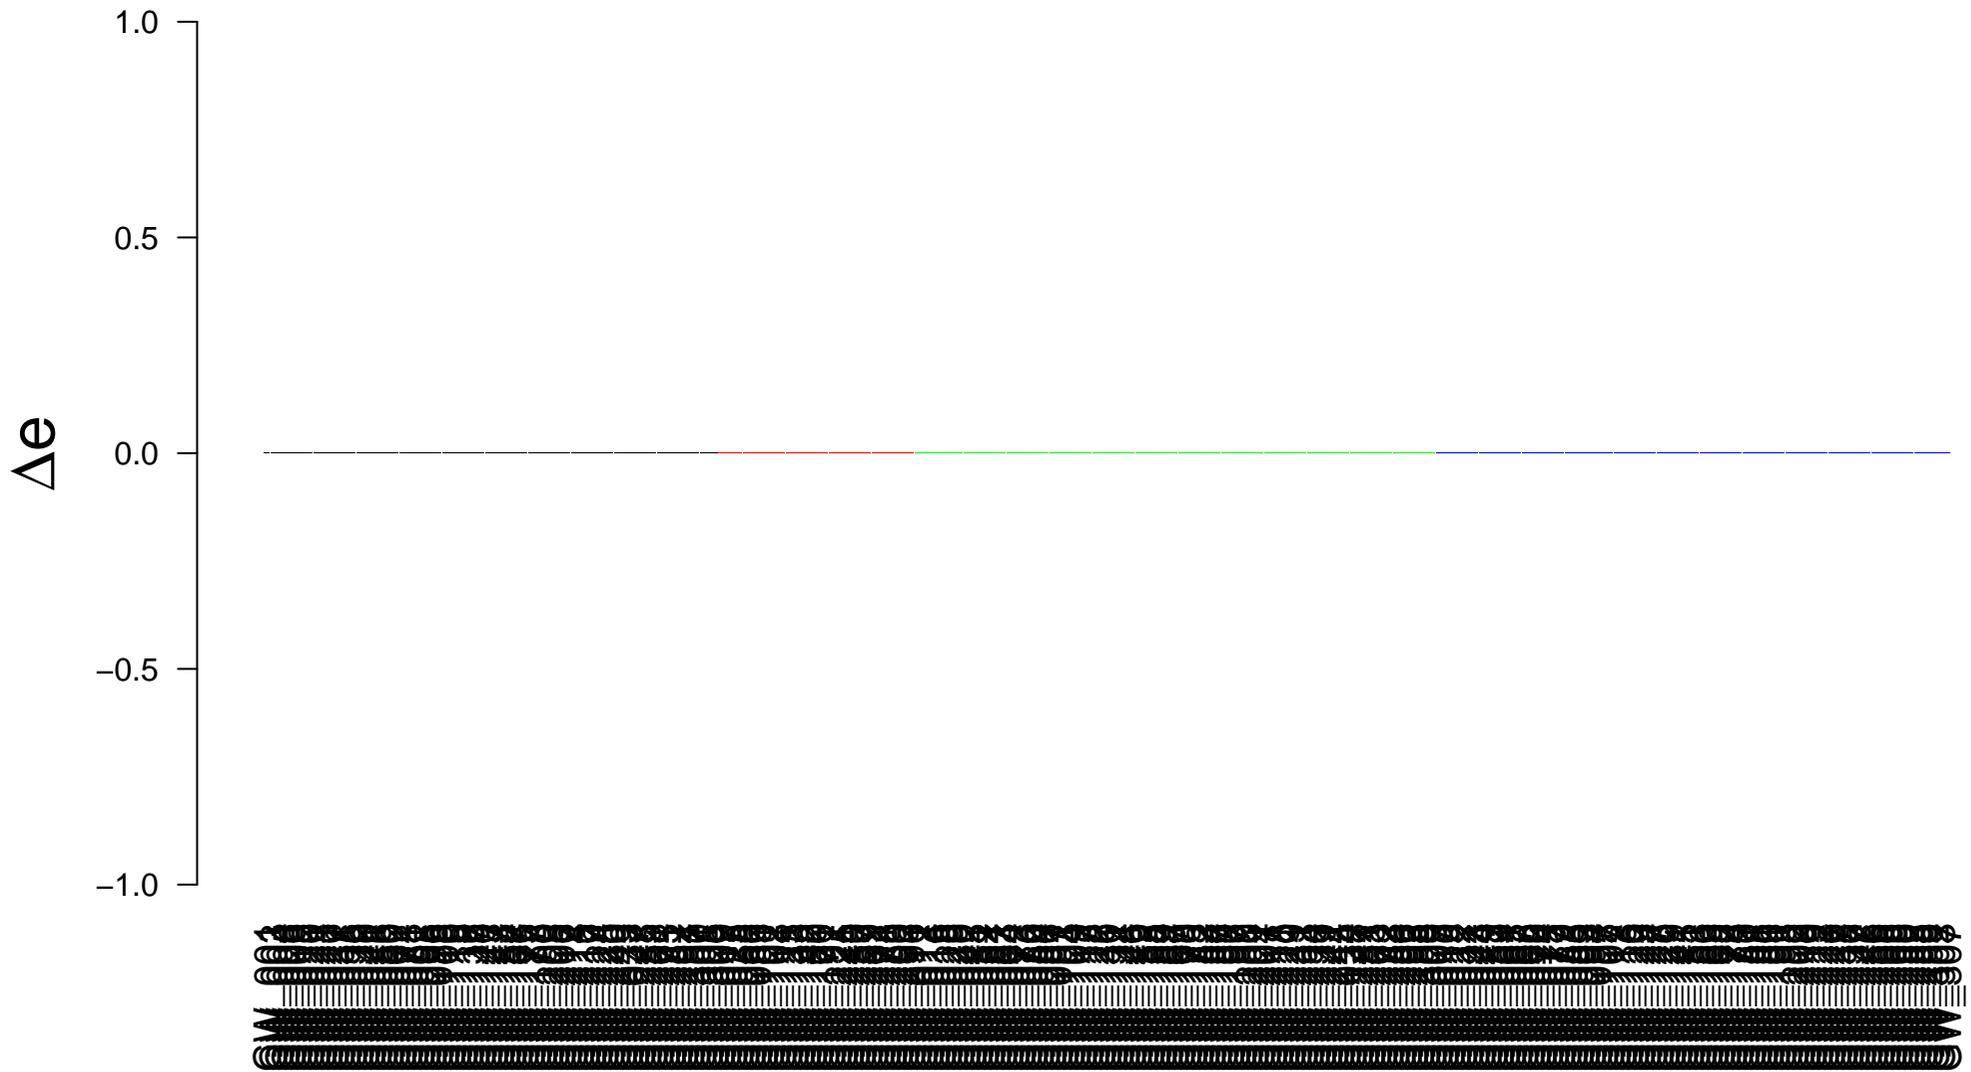

# Expression of NAD-dependent histone deacetylase activity (H3-K18 specific) in Spot N

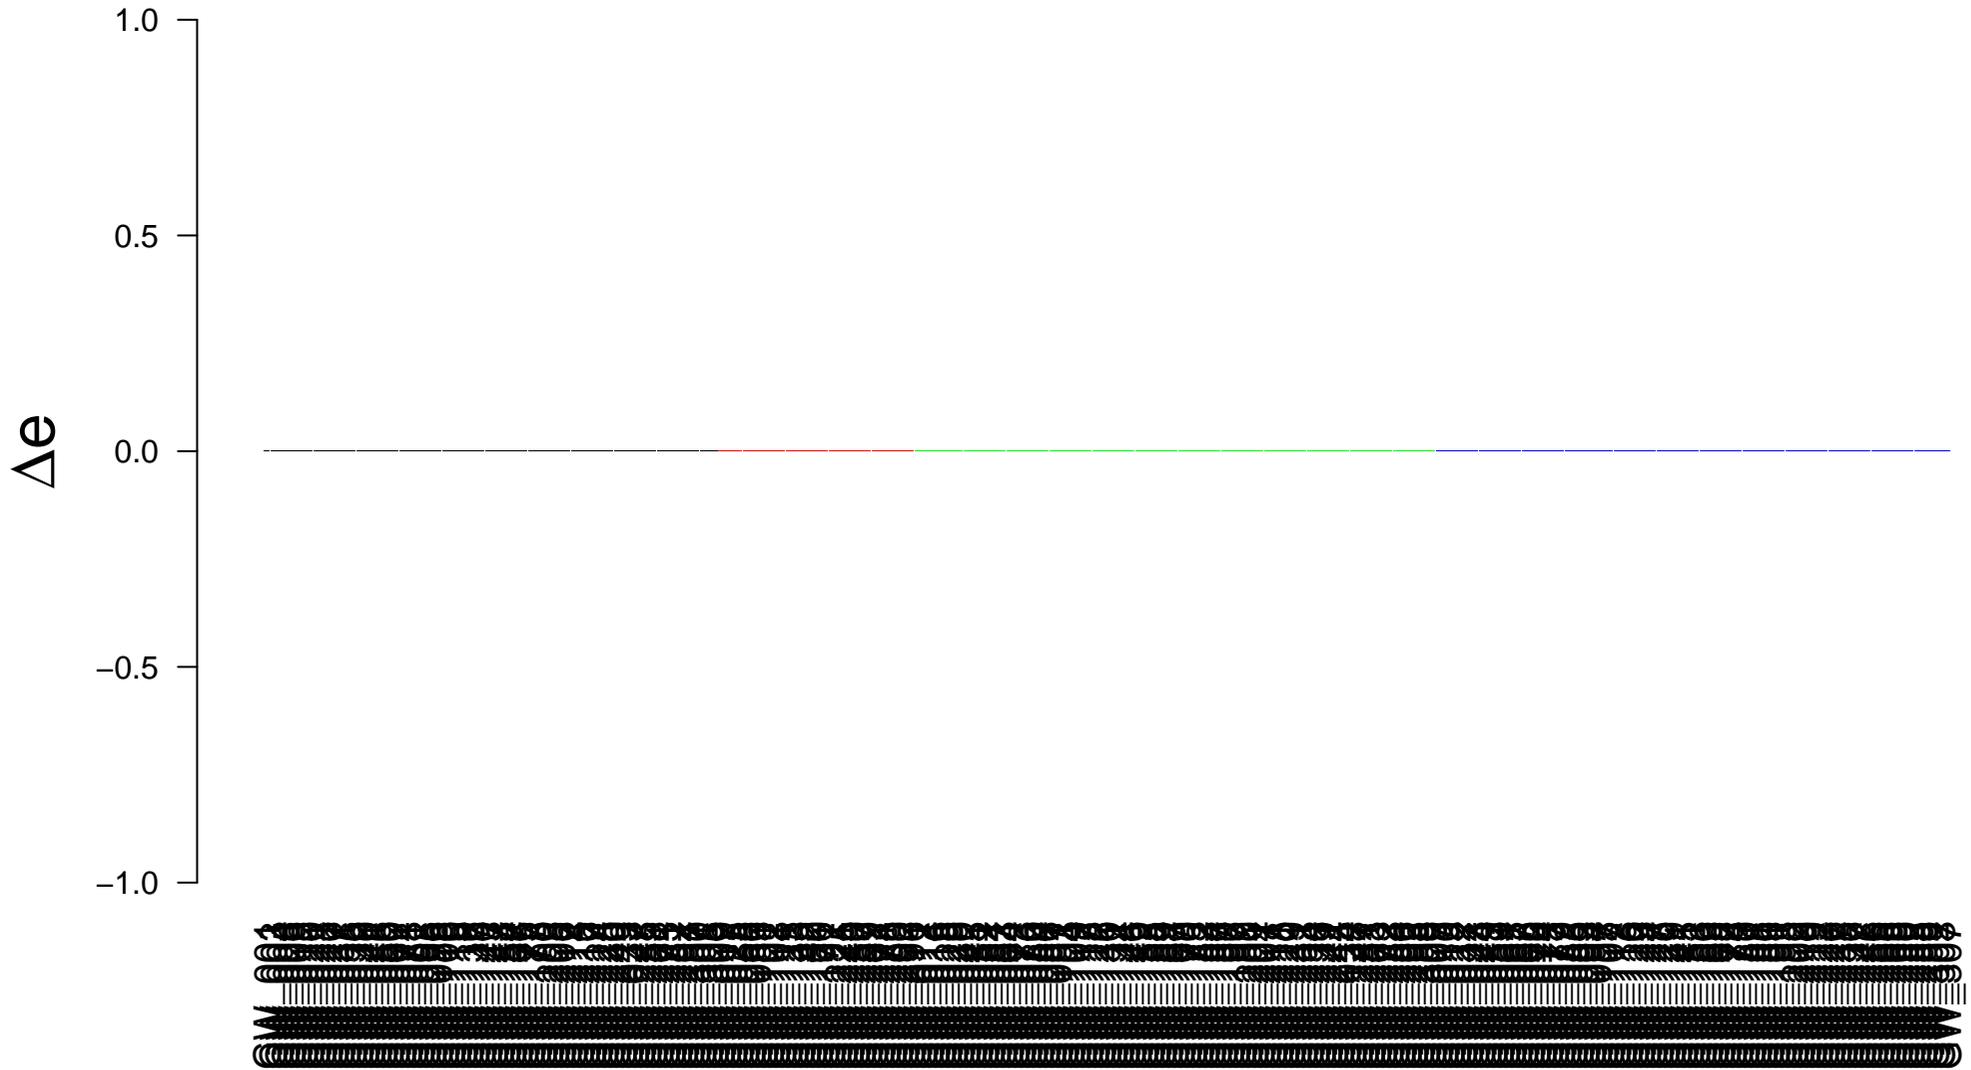

# Expression of NAD-dependent histone deacetylase activity (H3-K18 specific) in Spot O

# Expression of NAD-dependent histone deacetylase activity (H3-K18 specific) in Spot P

Expression of NAD-dependent histone deacetylase activity (H3-K18 specific) in Spot Q

# Expression of NAD-dependent histone deacetylase activity (H3-K18 specific) in Spot R
