

RNA polymerase II activating transcription factor binding

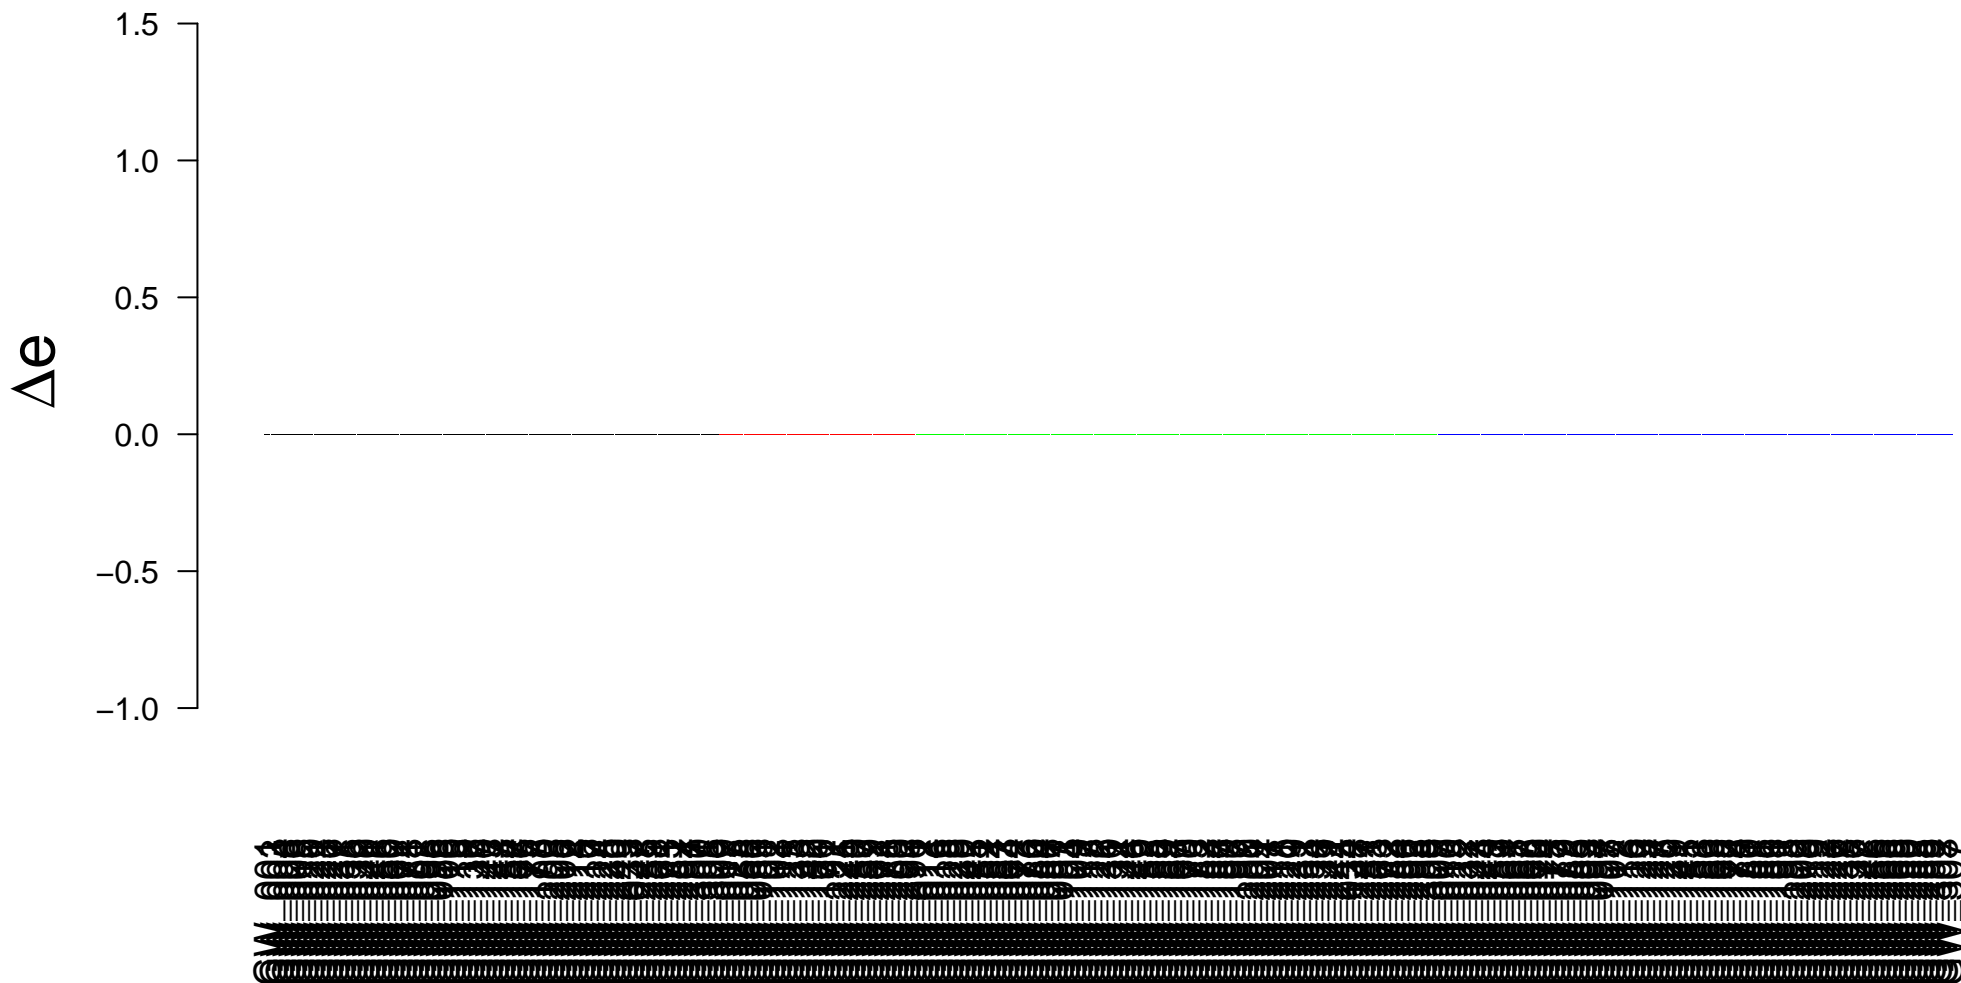

RNA polymerase II activating transcription factor binding

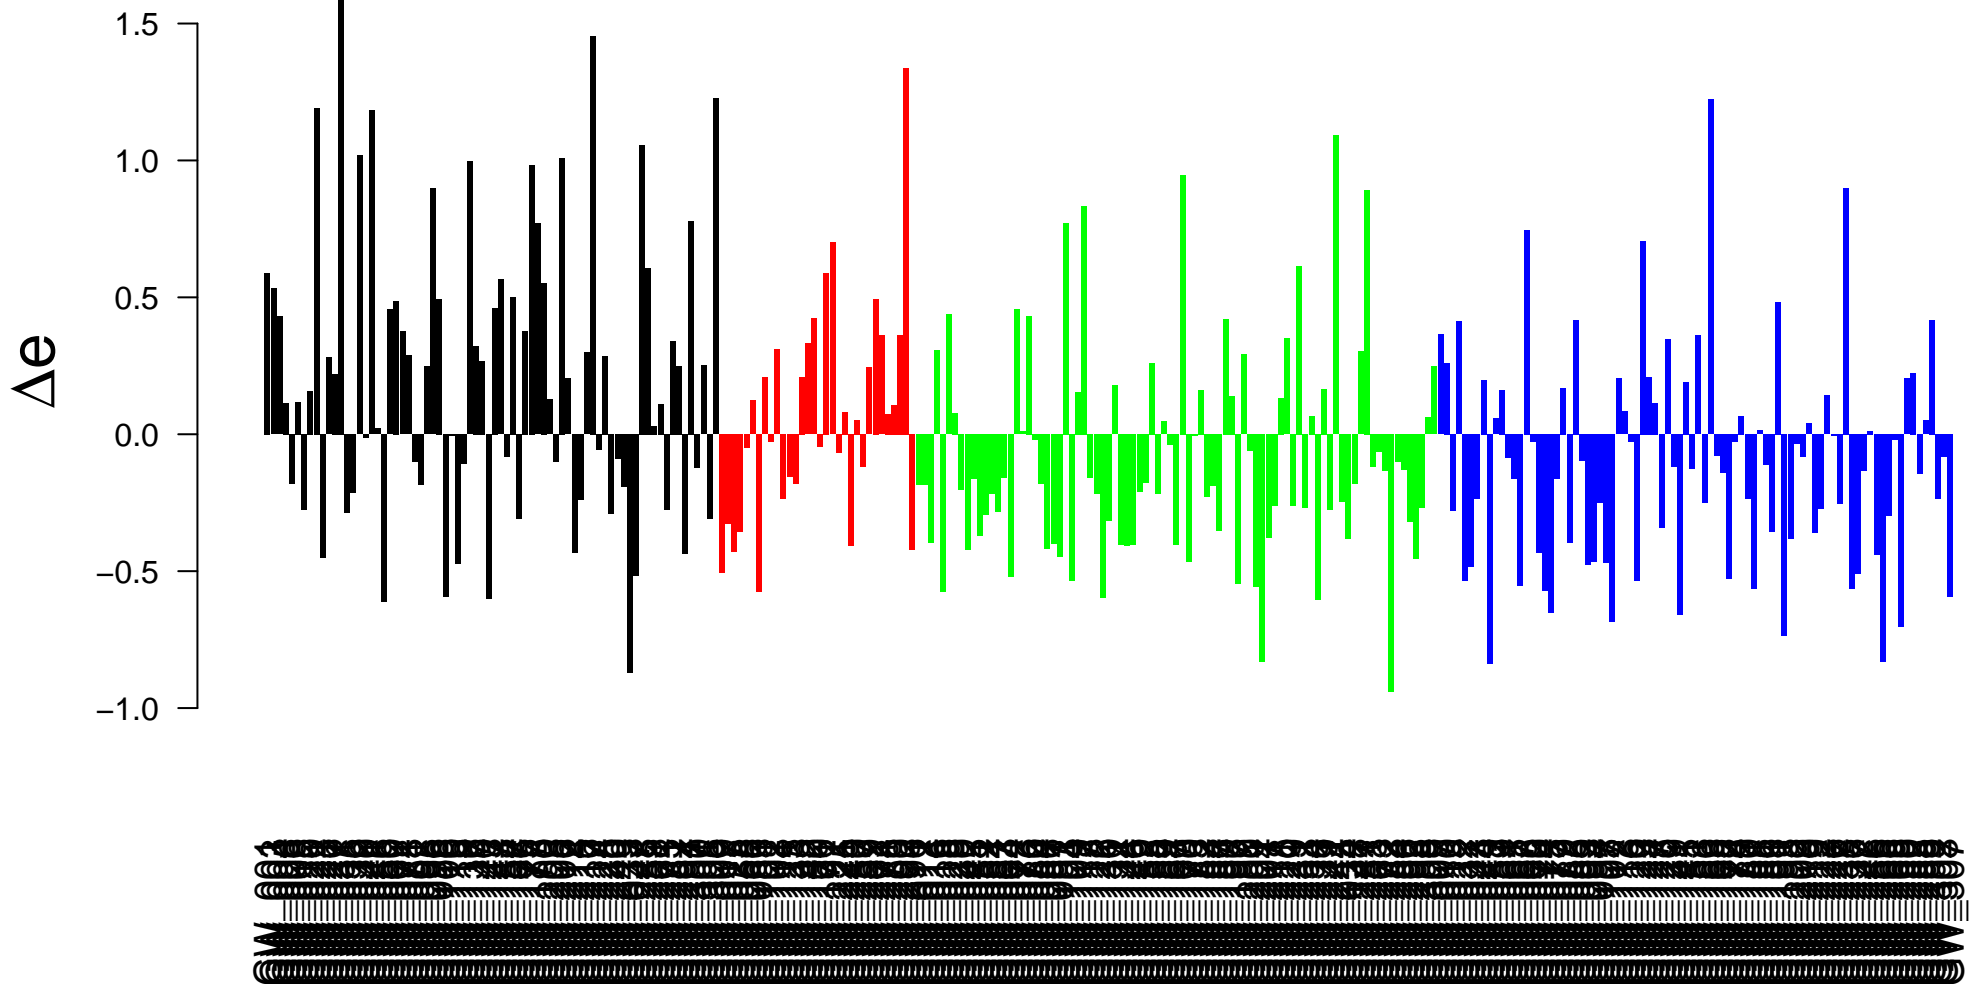

Enrichment in spots: RNA polymerase II activating transcription factor binding

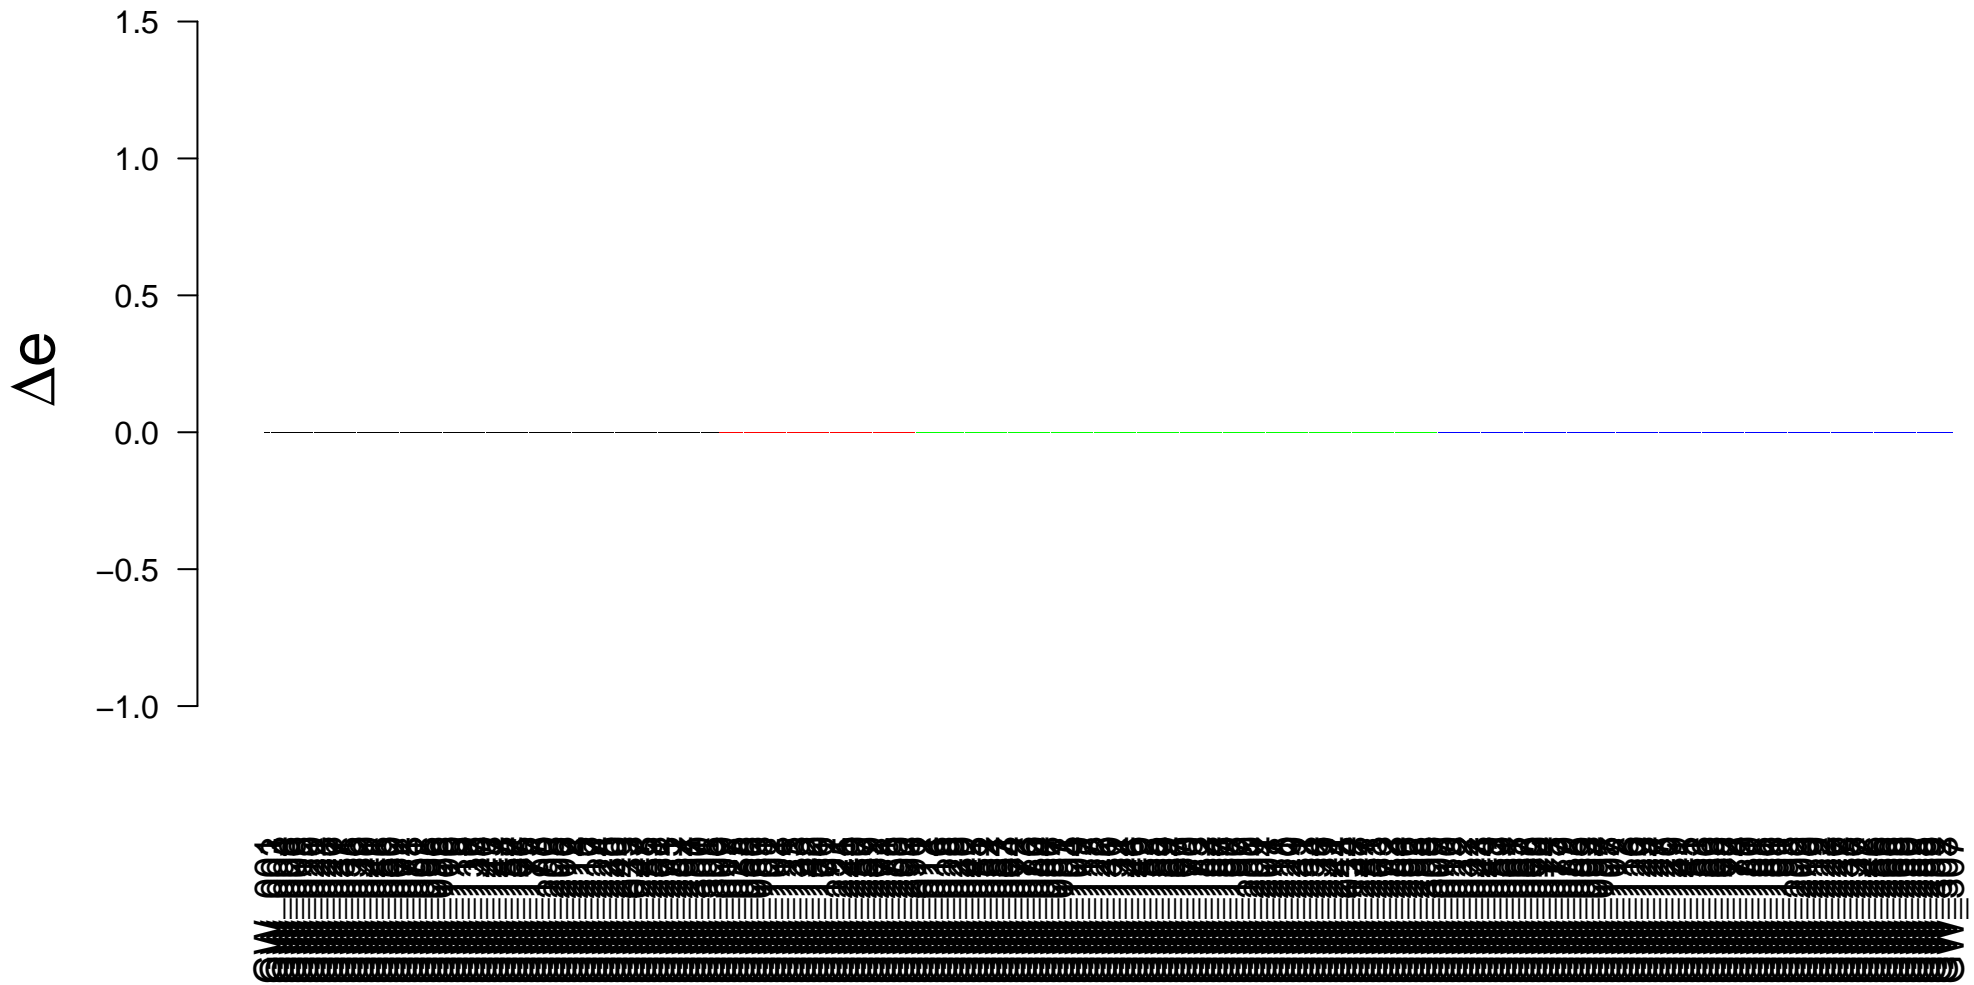

Expression of RNA polymerase II activating transcription factor binding in Spot A

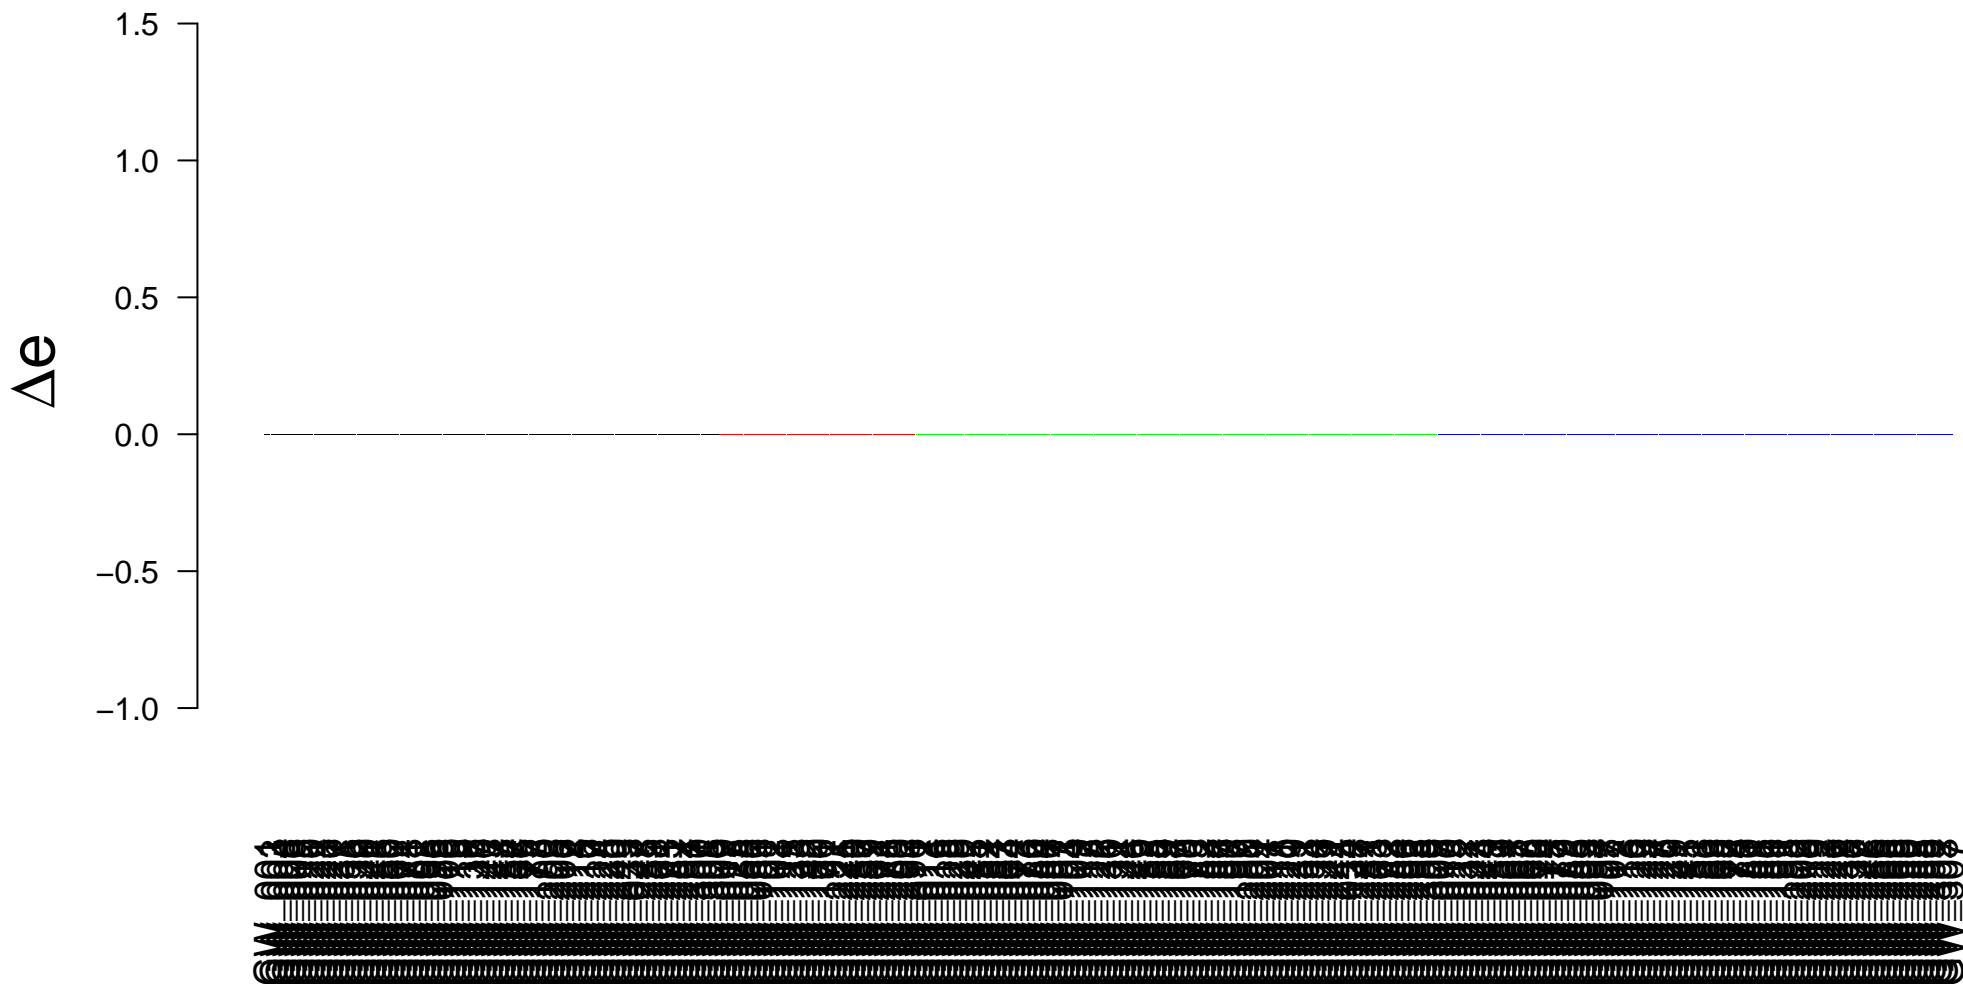

Expression of RNA polymerase II activating transcription factor binding in Spot B

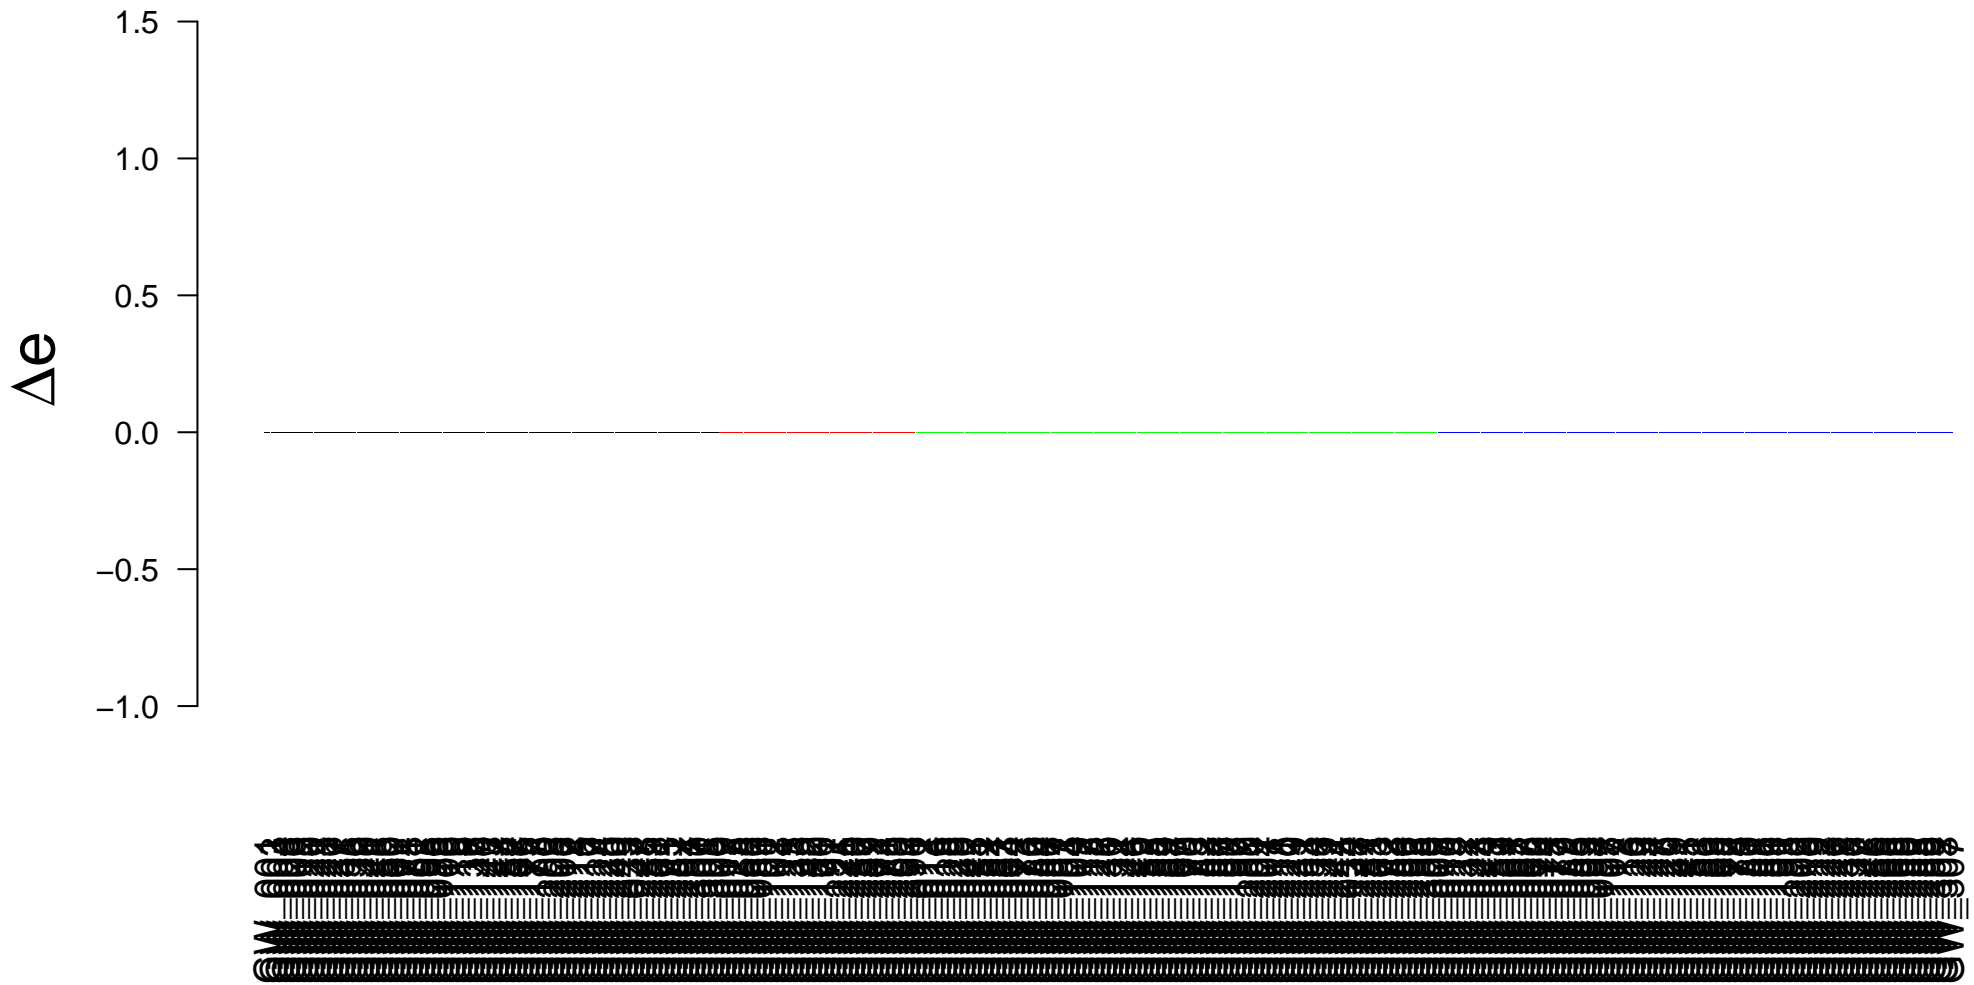

Expression of RNA polymerase II activating transcription factor binding in Spot C

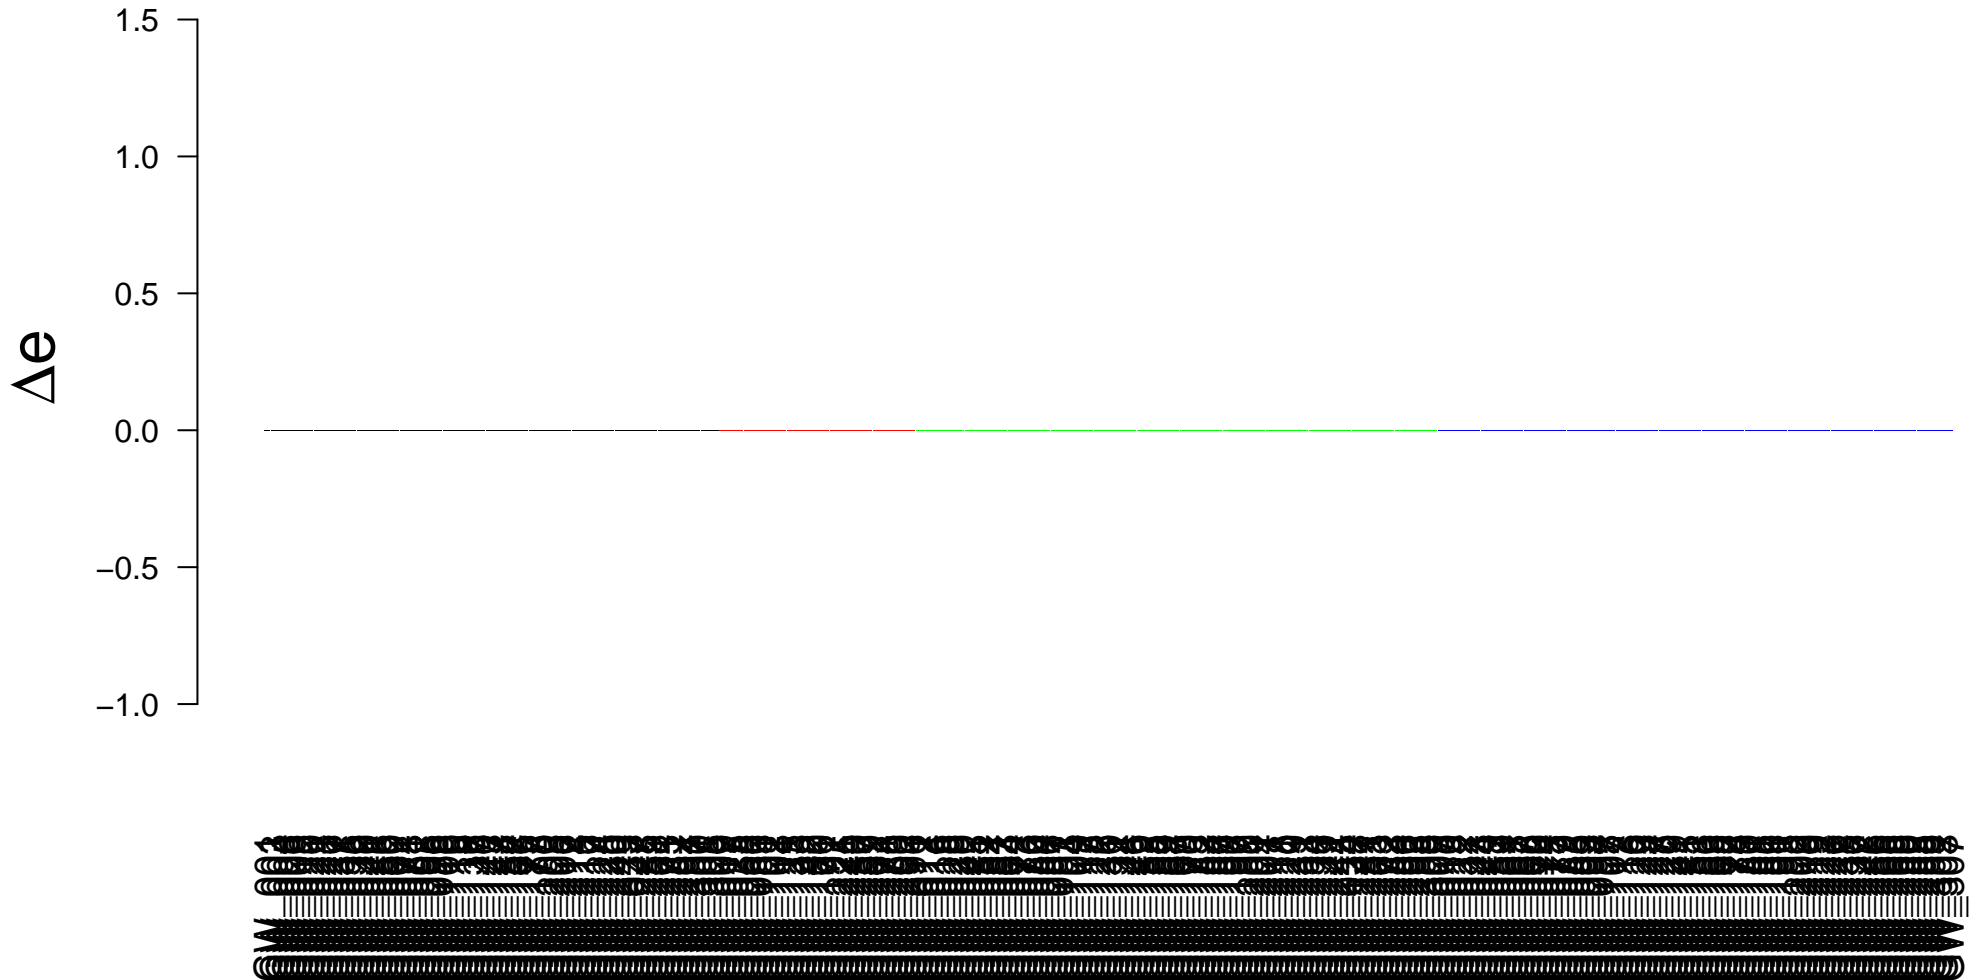

Expression of RNA polymerase II activating transcription factor binding in Spot D

Expression of RNA polymerase II activating transcription factor binding in Spot E

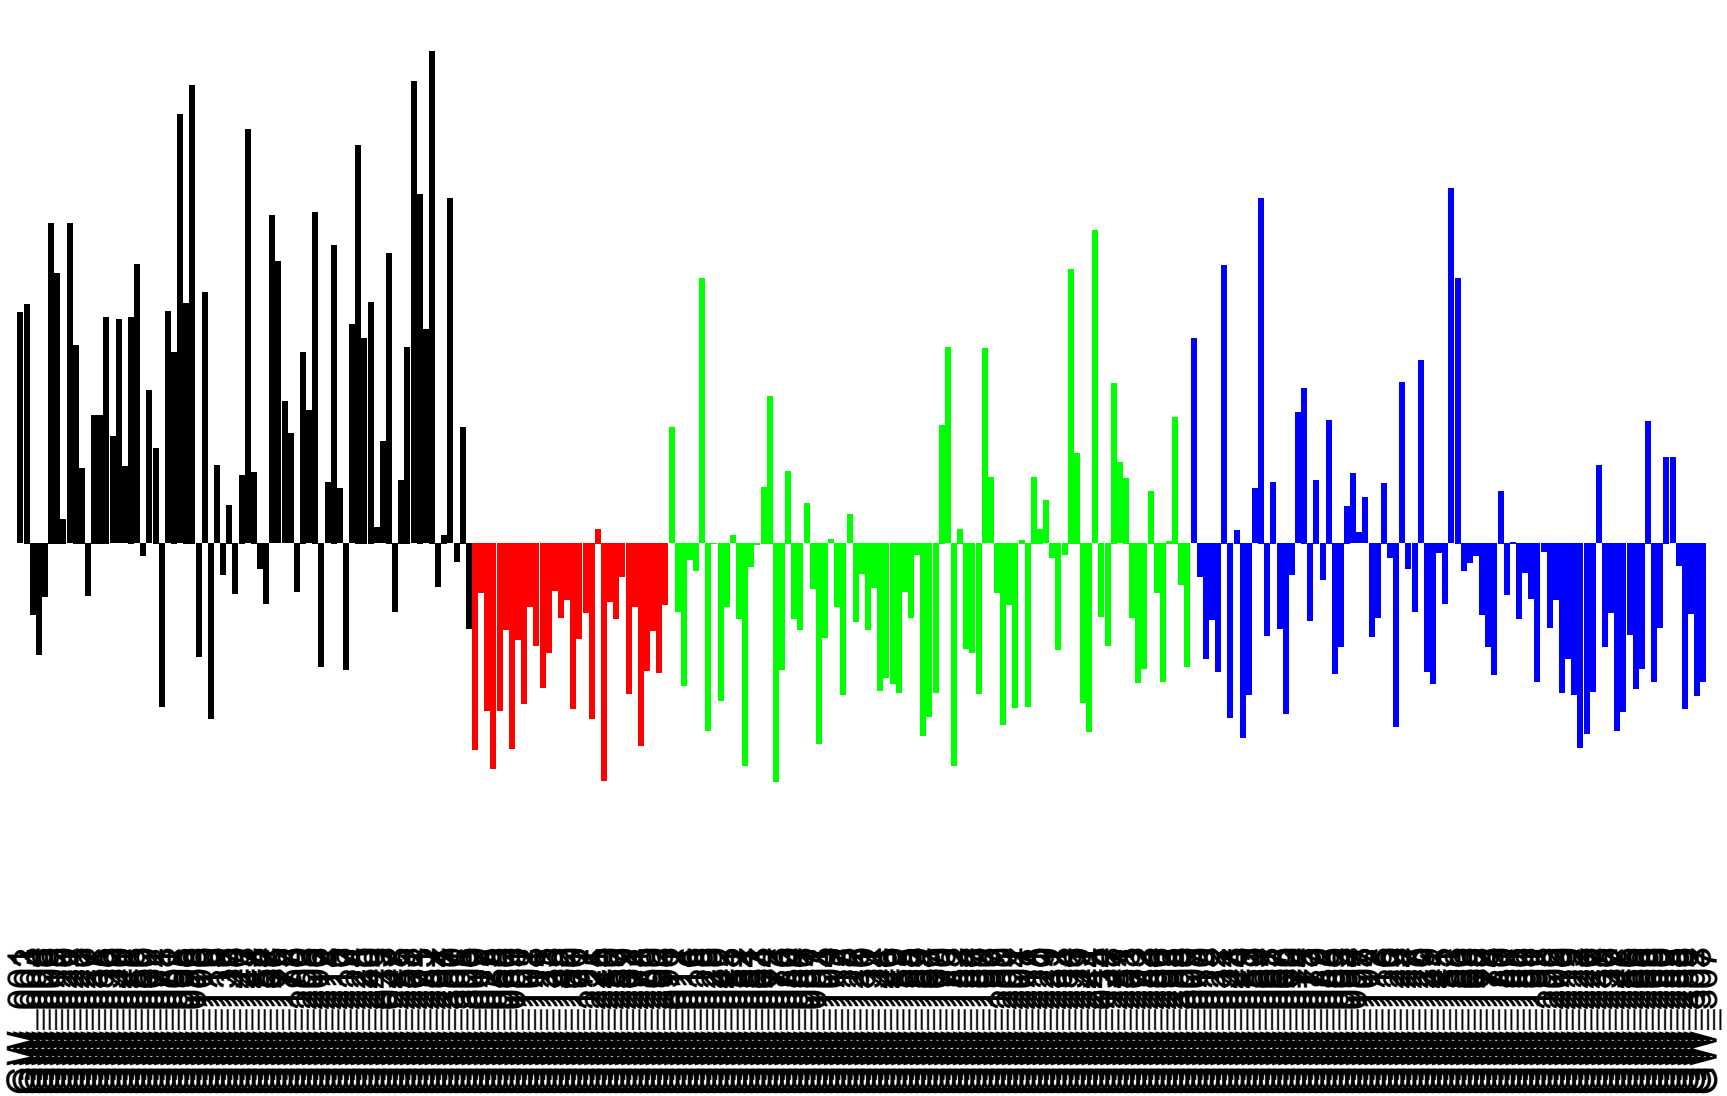

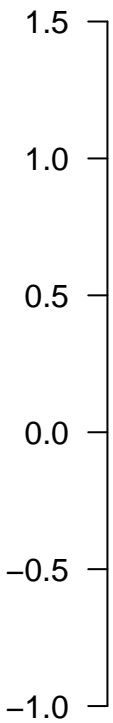

Expression of RNA polymerase II activating transcription factor binding in Spot F

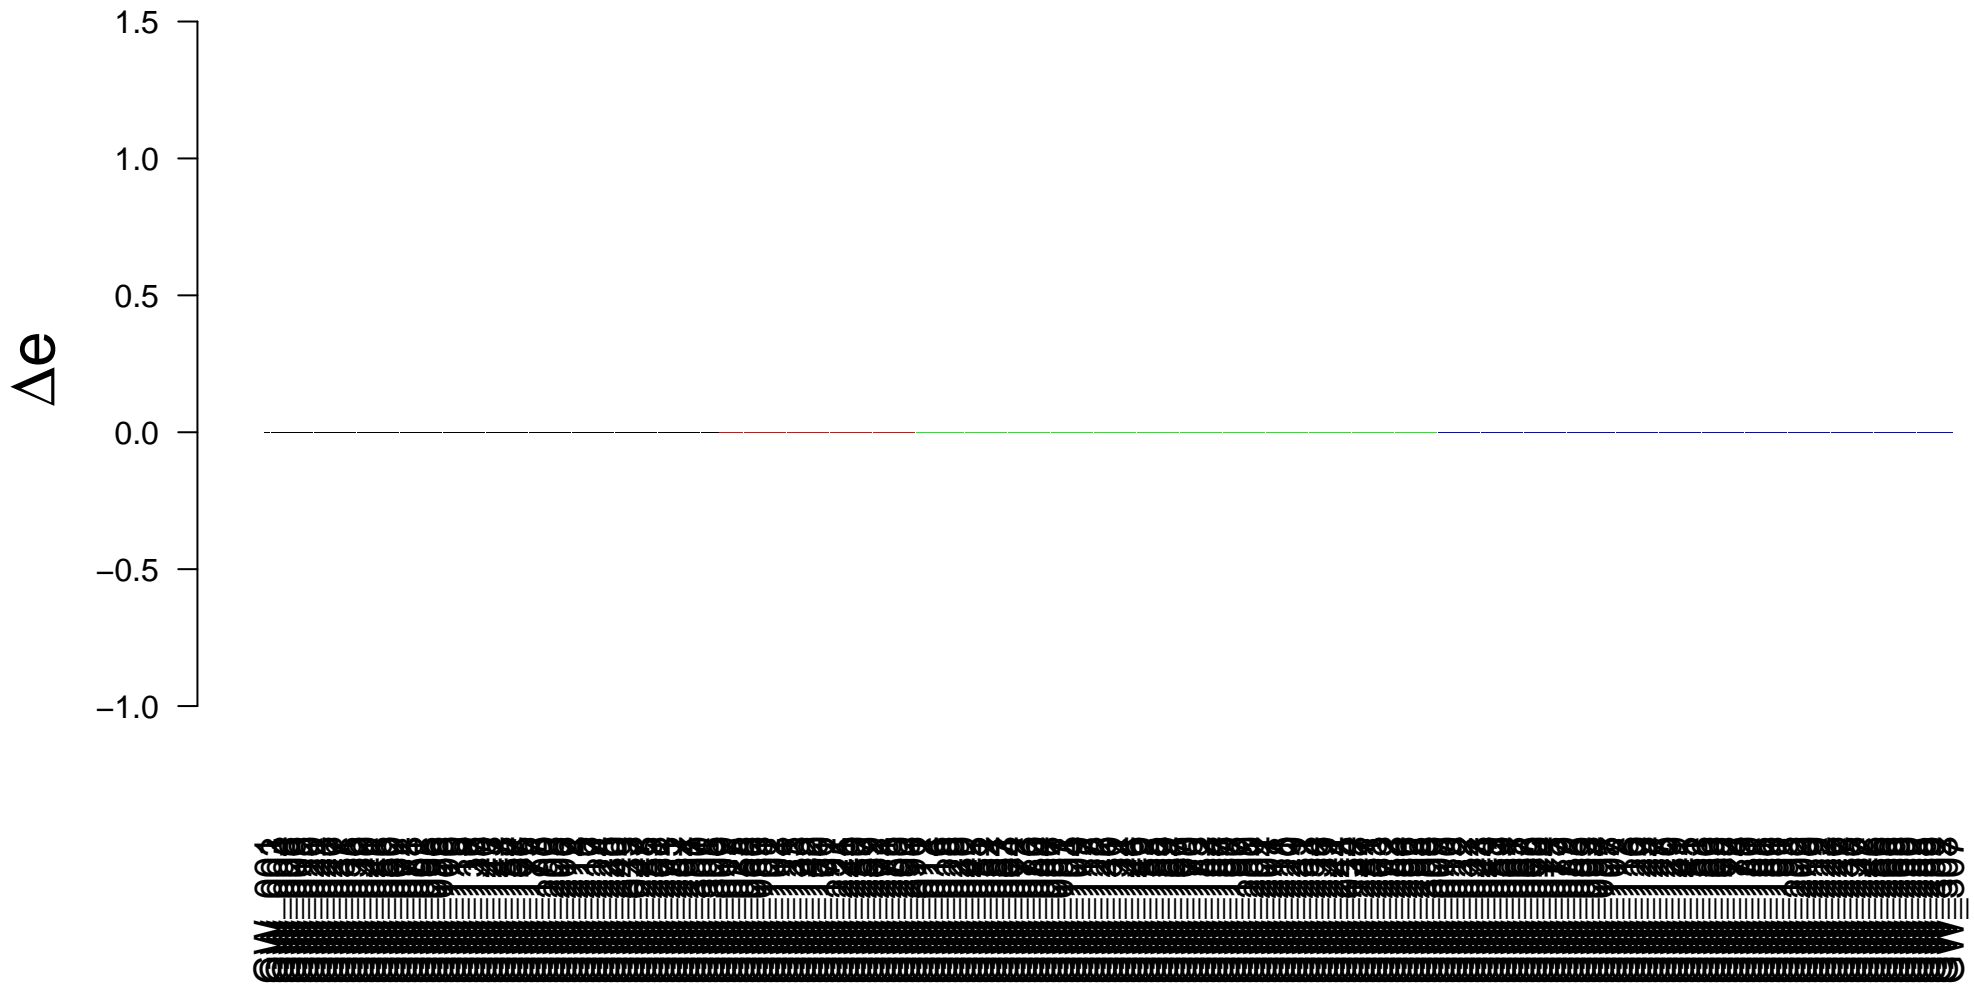

Expression of RNA polymerase II activating transcription factor binding in Spot G

Δe

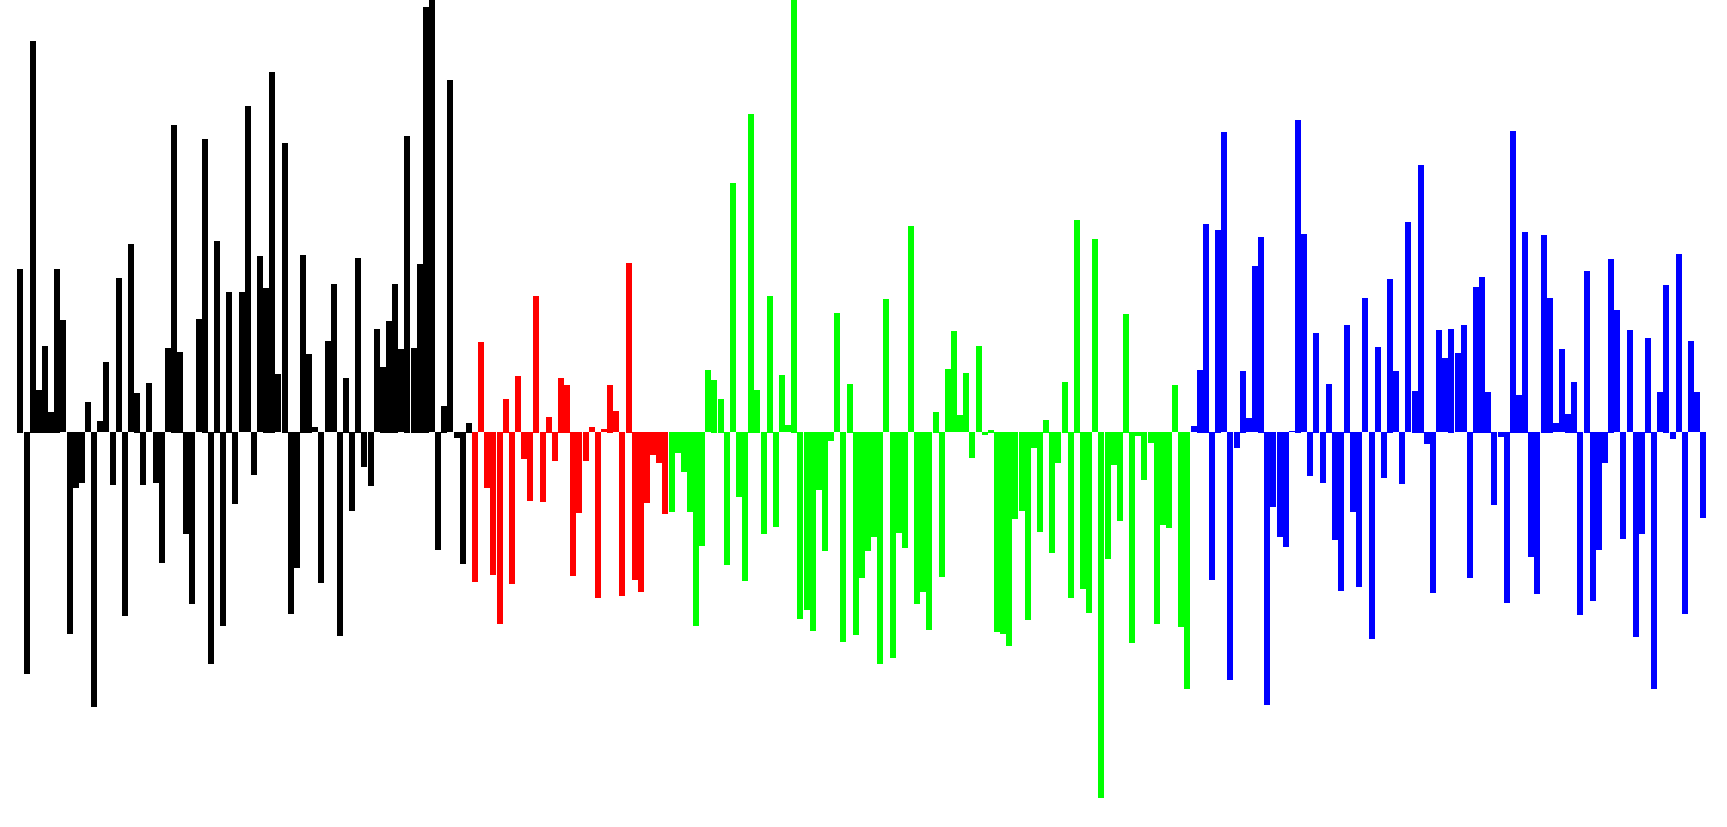

Expression of RNA polymerase II activating transcription factor binding in Spot H

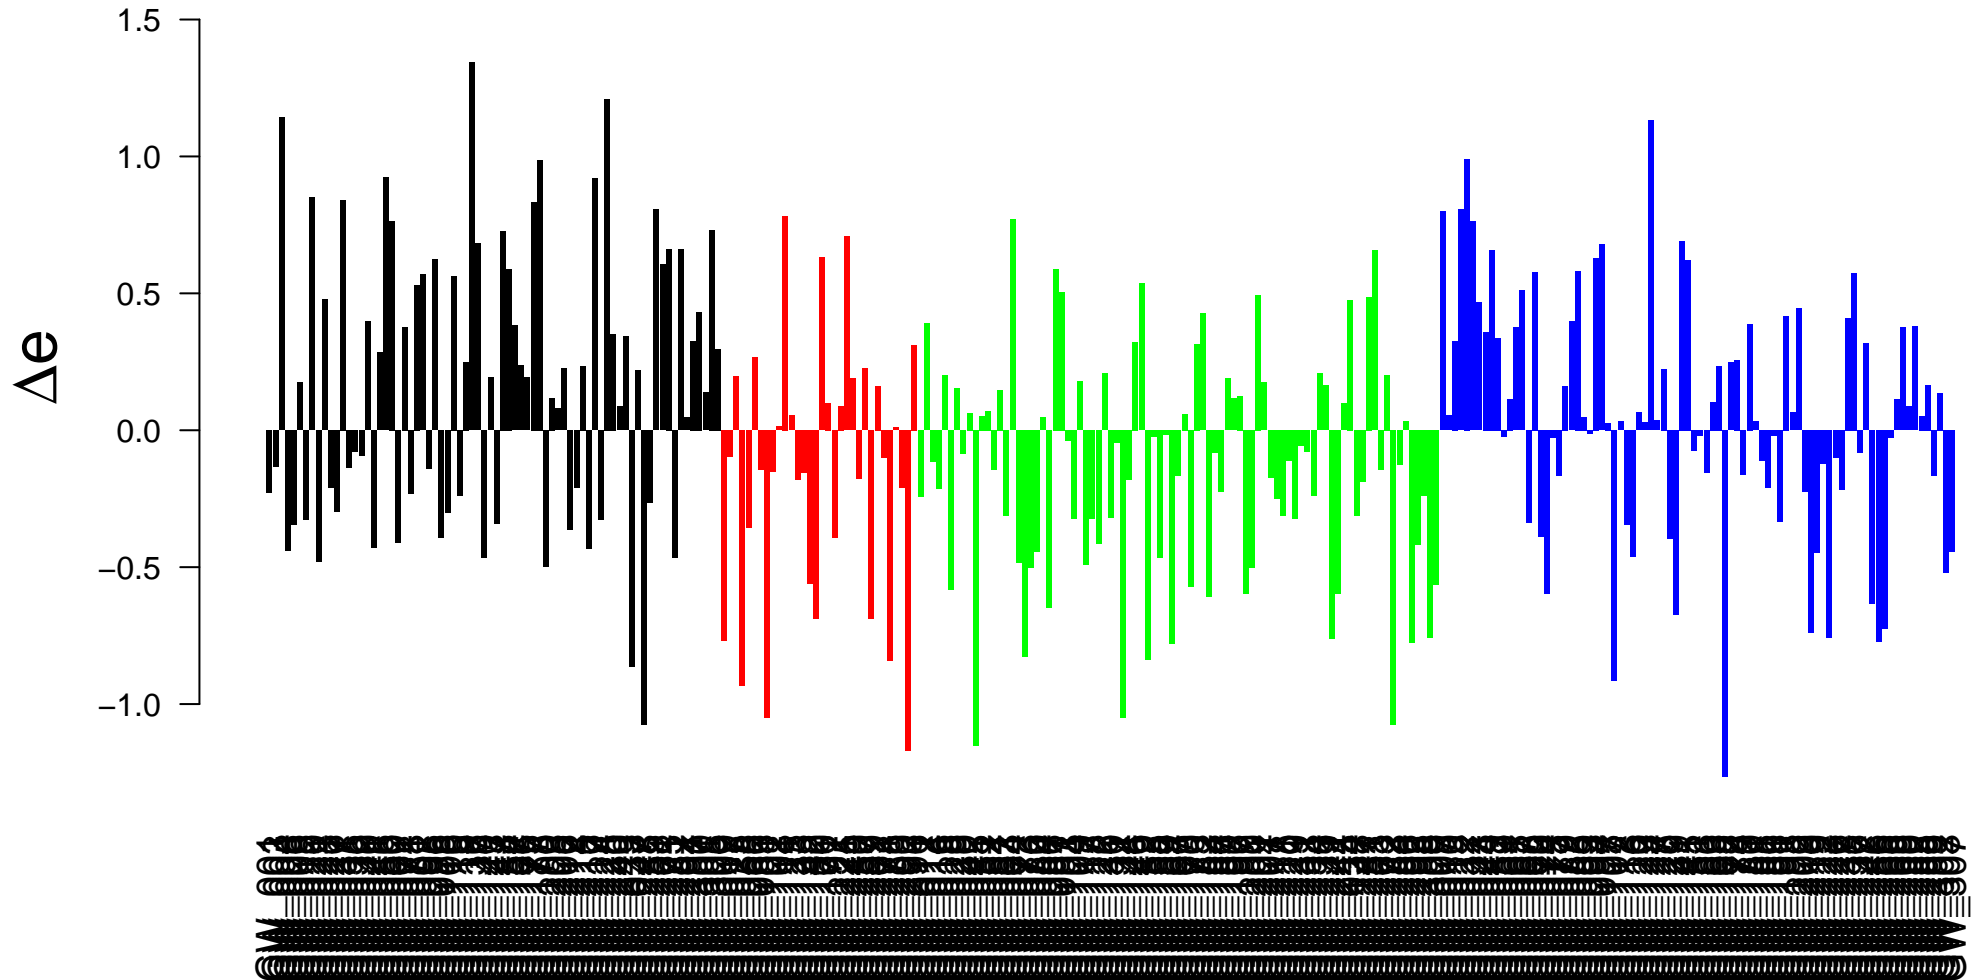

Expression of RNA polymerase II activating transcription factor binding in Spot I

Expression of RNA polymerase II activating transcription factor binding in Spot N

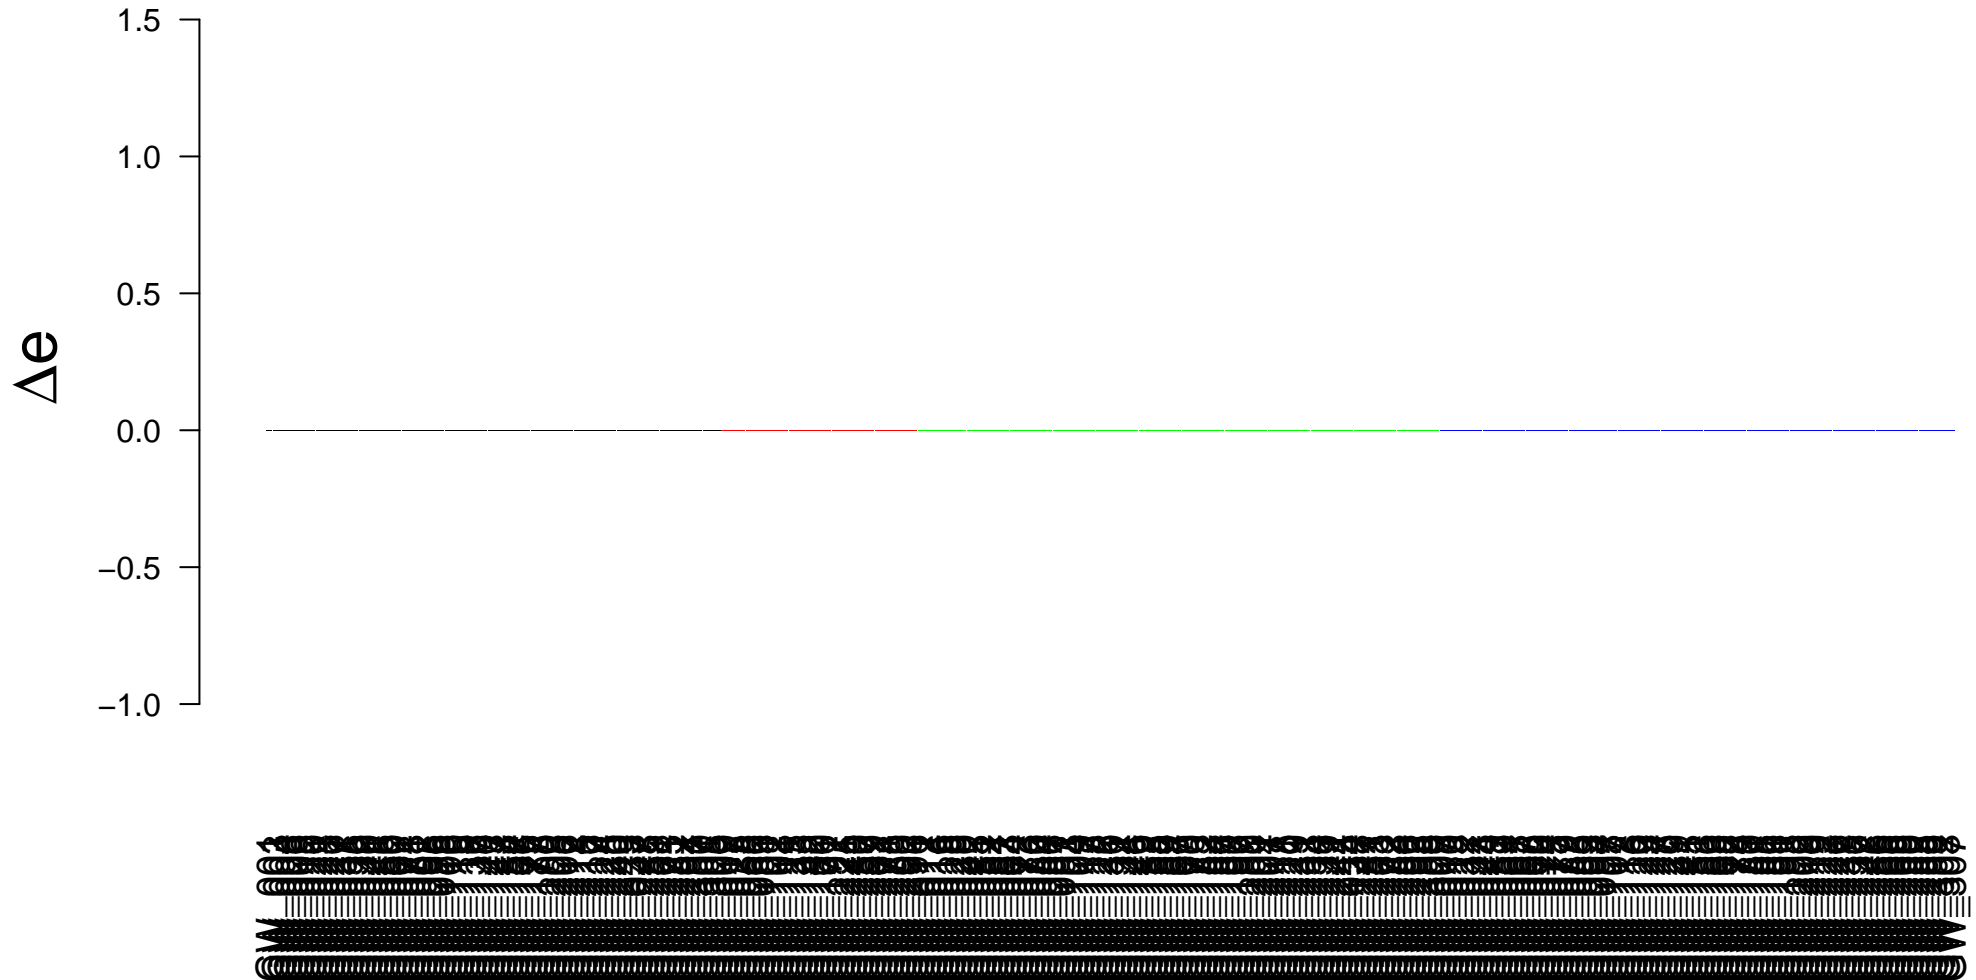

Expression of RNA polymerase II activating transcription factor binding in Spot O

Expression of RNA polymerase II activating transcription factor binding in Spot P

Expression of RNA polymerase II activating transcription factor binding in Spot Q

Expression of RNA polymerase II activating transcription factor binding in Spot R
