

RNA polymerase II transcription coactivator activity

RNA polymerase II transcription coactivator activity

Enrichment in spots: RNA polymerase II transcription coactivator activity

Expression of RNA polymerase II transcription coactivator activity in Spot A

Expression of RNA polymerase II transcription coactivator activity in Spot B

Expression of RNA polymerase II transcription coactivator activity in Spot C

Expression of RNA polymerase II transcription coactivator activity in Spot D

Expression of RNA polymerase II transcription coactivator activity in Spot E

Expression of RNA polymerase II transcription coactivator activity in Spot F

Expression of RNA polymerase II transcription coactivator activity in Spot G

Expression of RNA polymerase II transcription coactivator activity in Spot H

Expression of RNA polymerase II transcription coactivator activity in Spot I

Expression of RNA polymerase II transcription coactivator activity in Spot J

Expression of RNA polymerase II transcription coactivator activity in Spot K

Expression of RNA polymerase II transcription coactivator activity in Spot L

Expression of RNA polymerase II transcription coactivator activity in Spot M

Expression of RNA polymerase II transcription coactivator activity in Spot N
