

# RNA polymerase II transcription cofactor activity

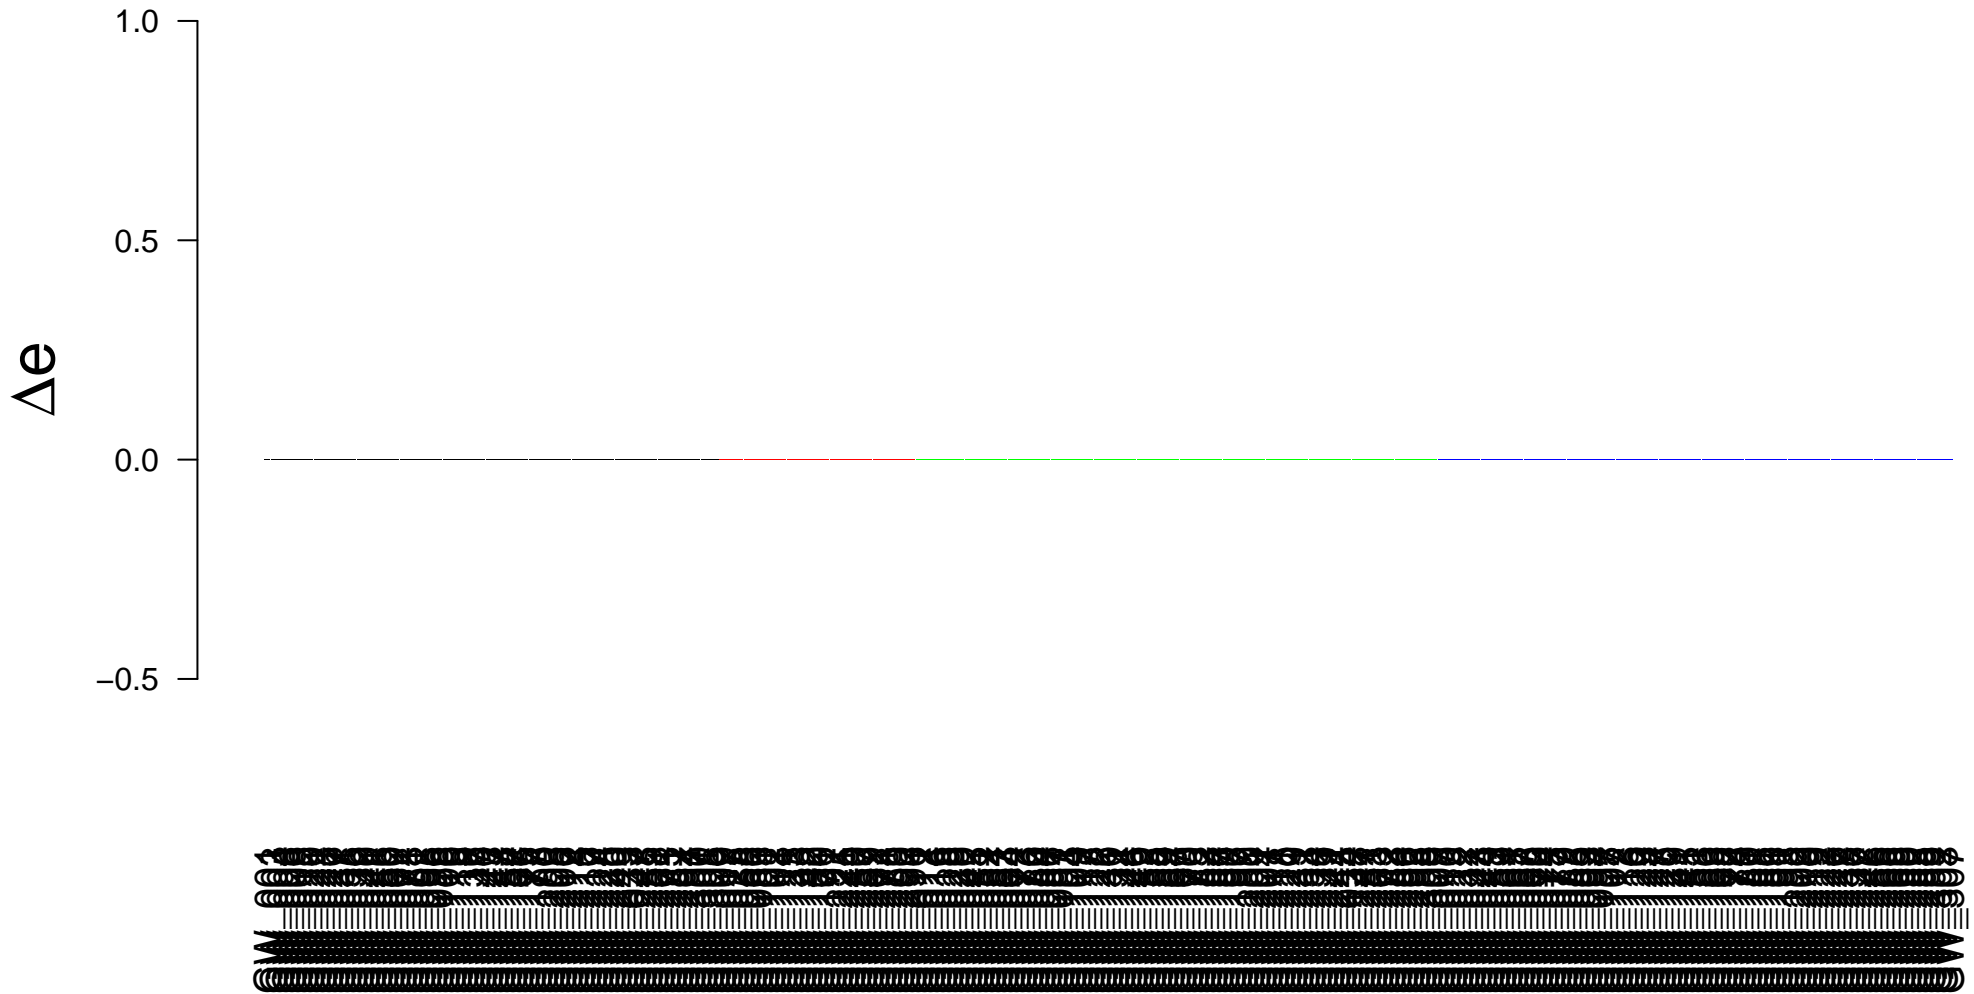

RNA polymerase II transcription cofactor activity

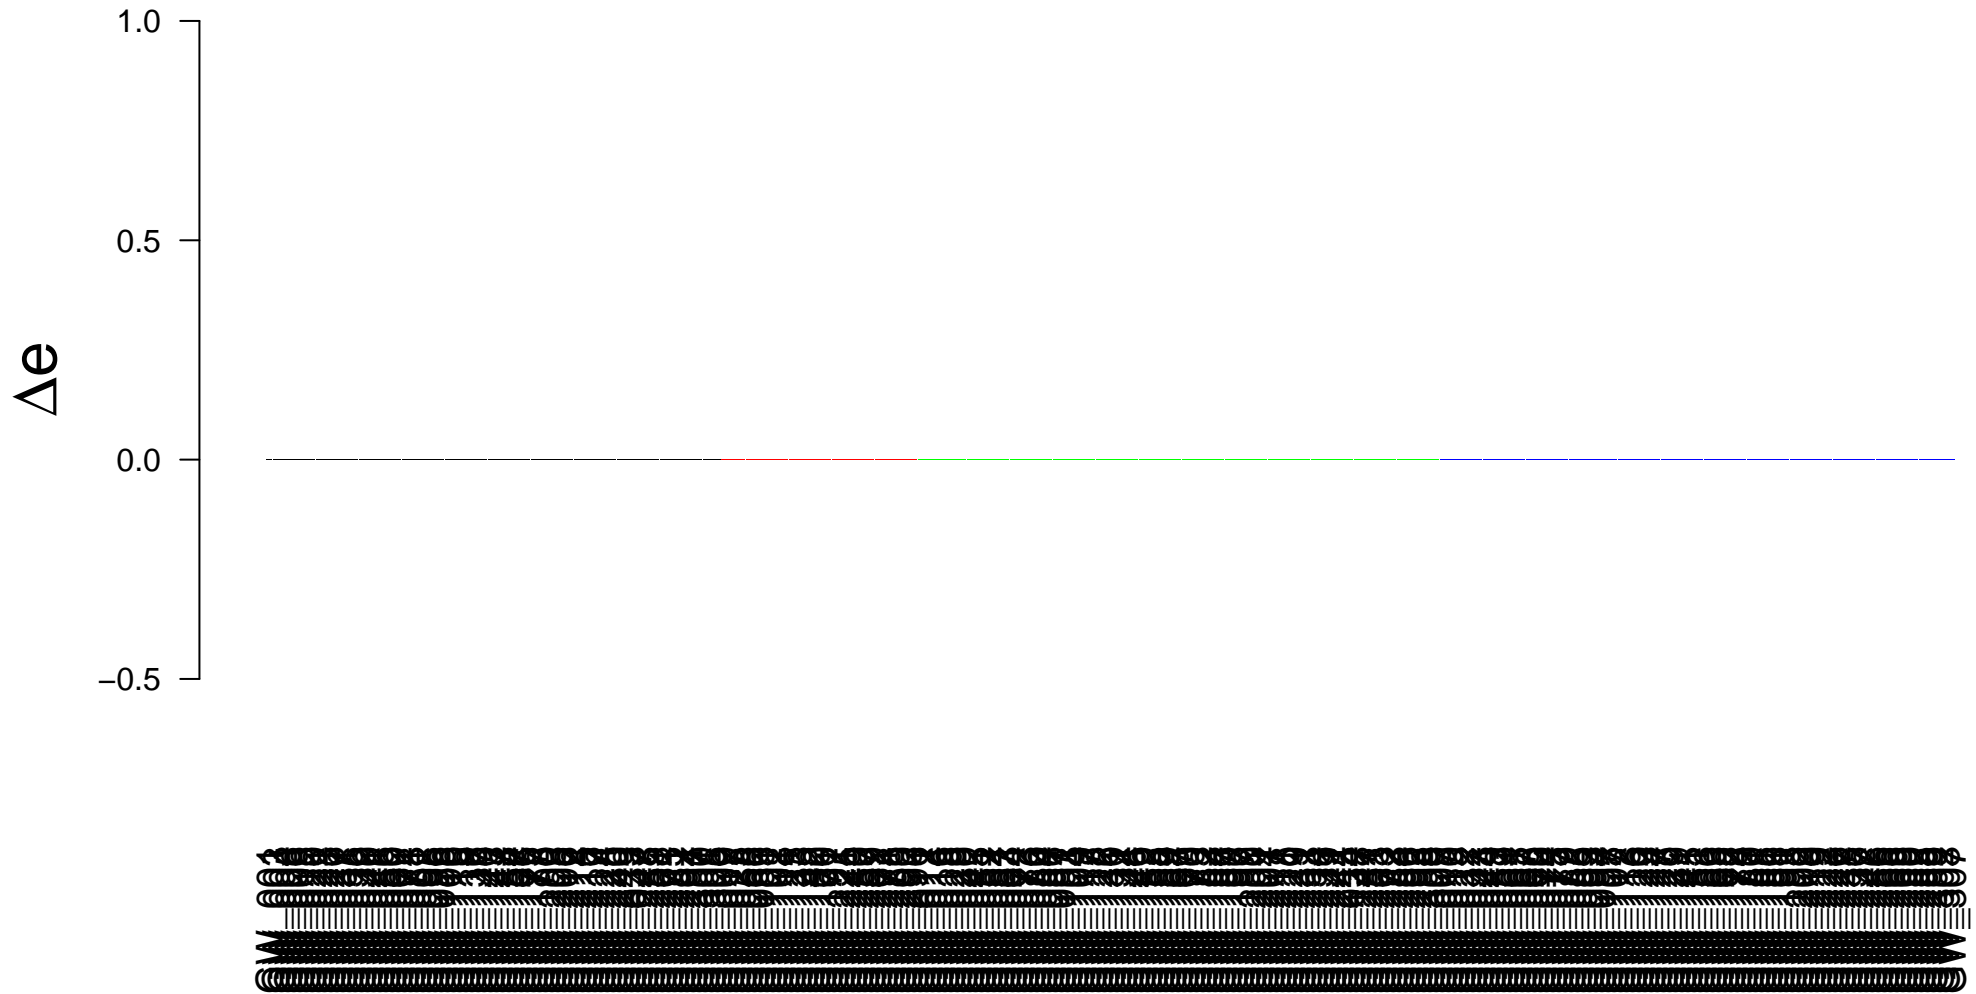

# Enrichment in spots: RNA polymerase II transcription cofactor activity

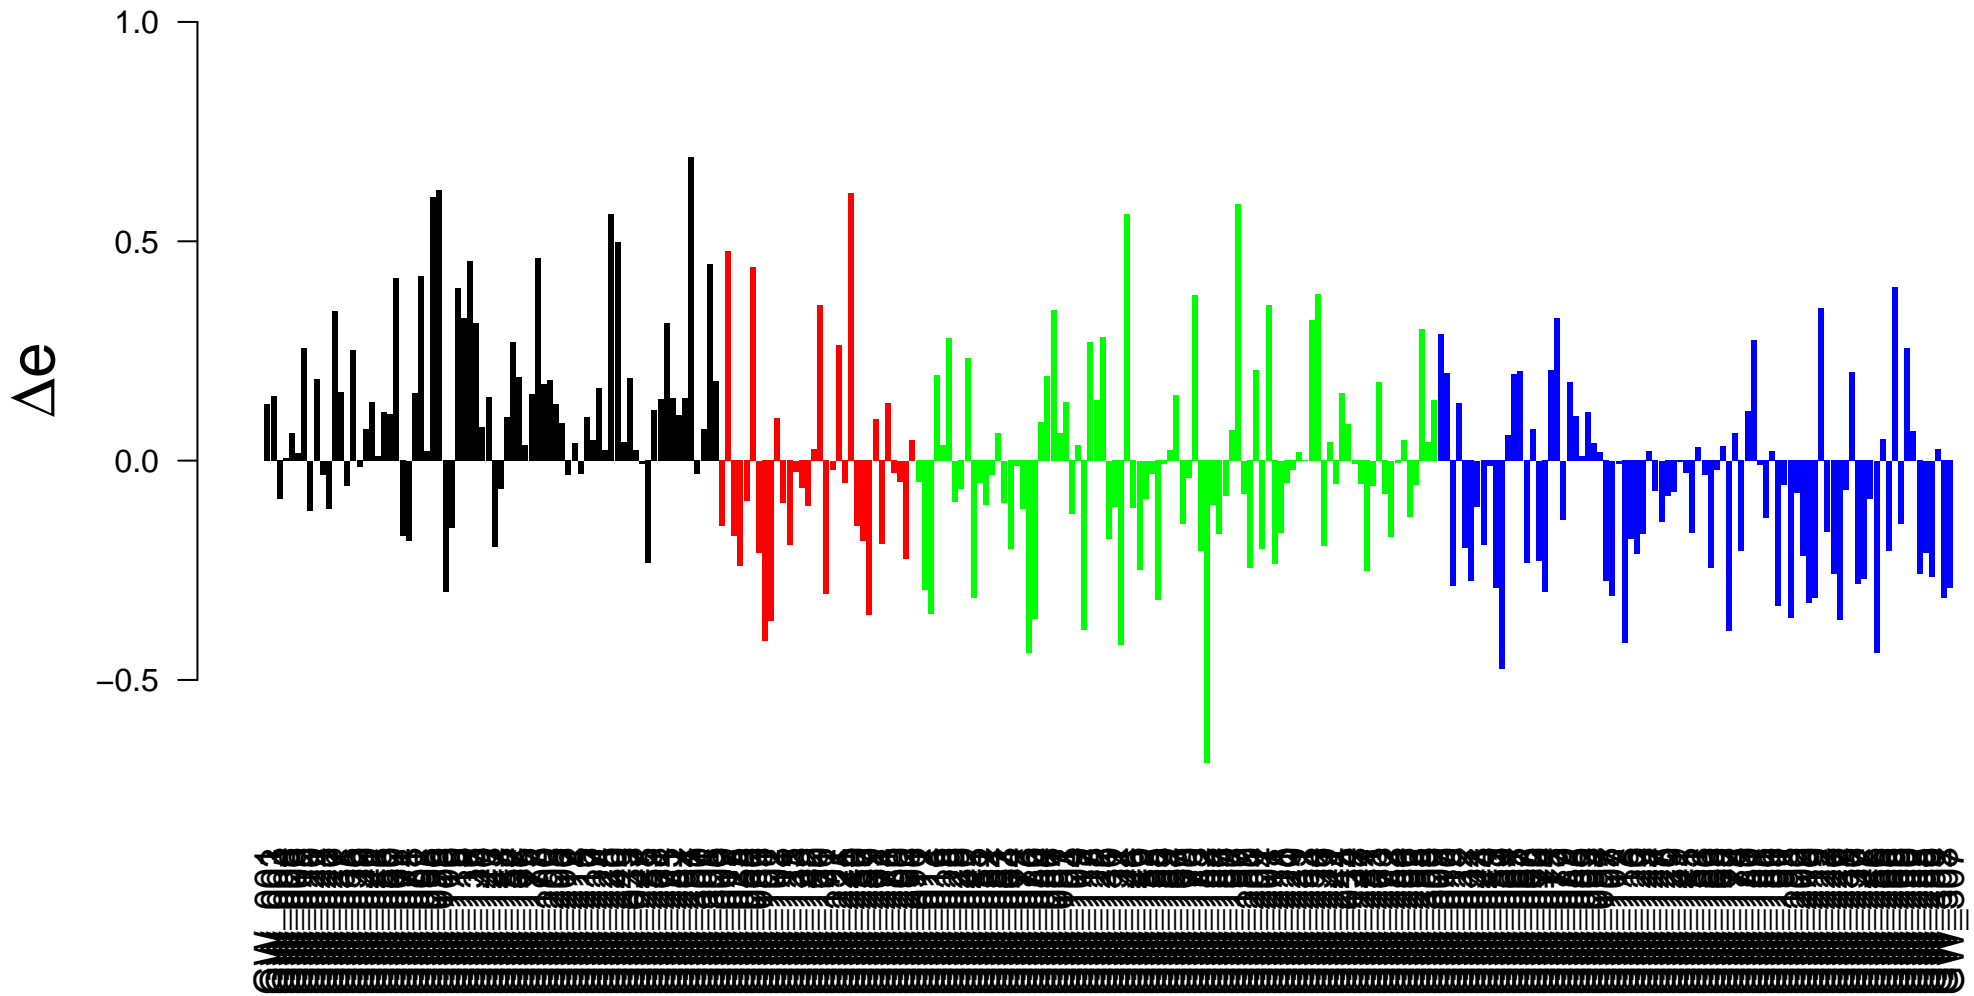

# Expression of RNA polymerase II transcription cofactor activity in Spot A

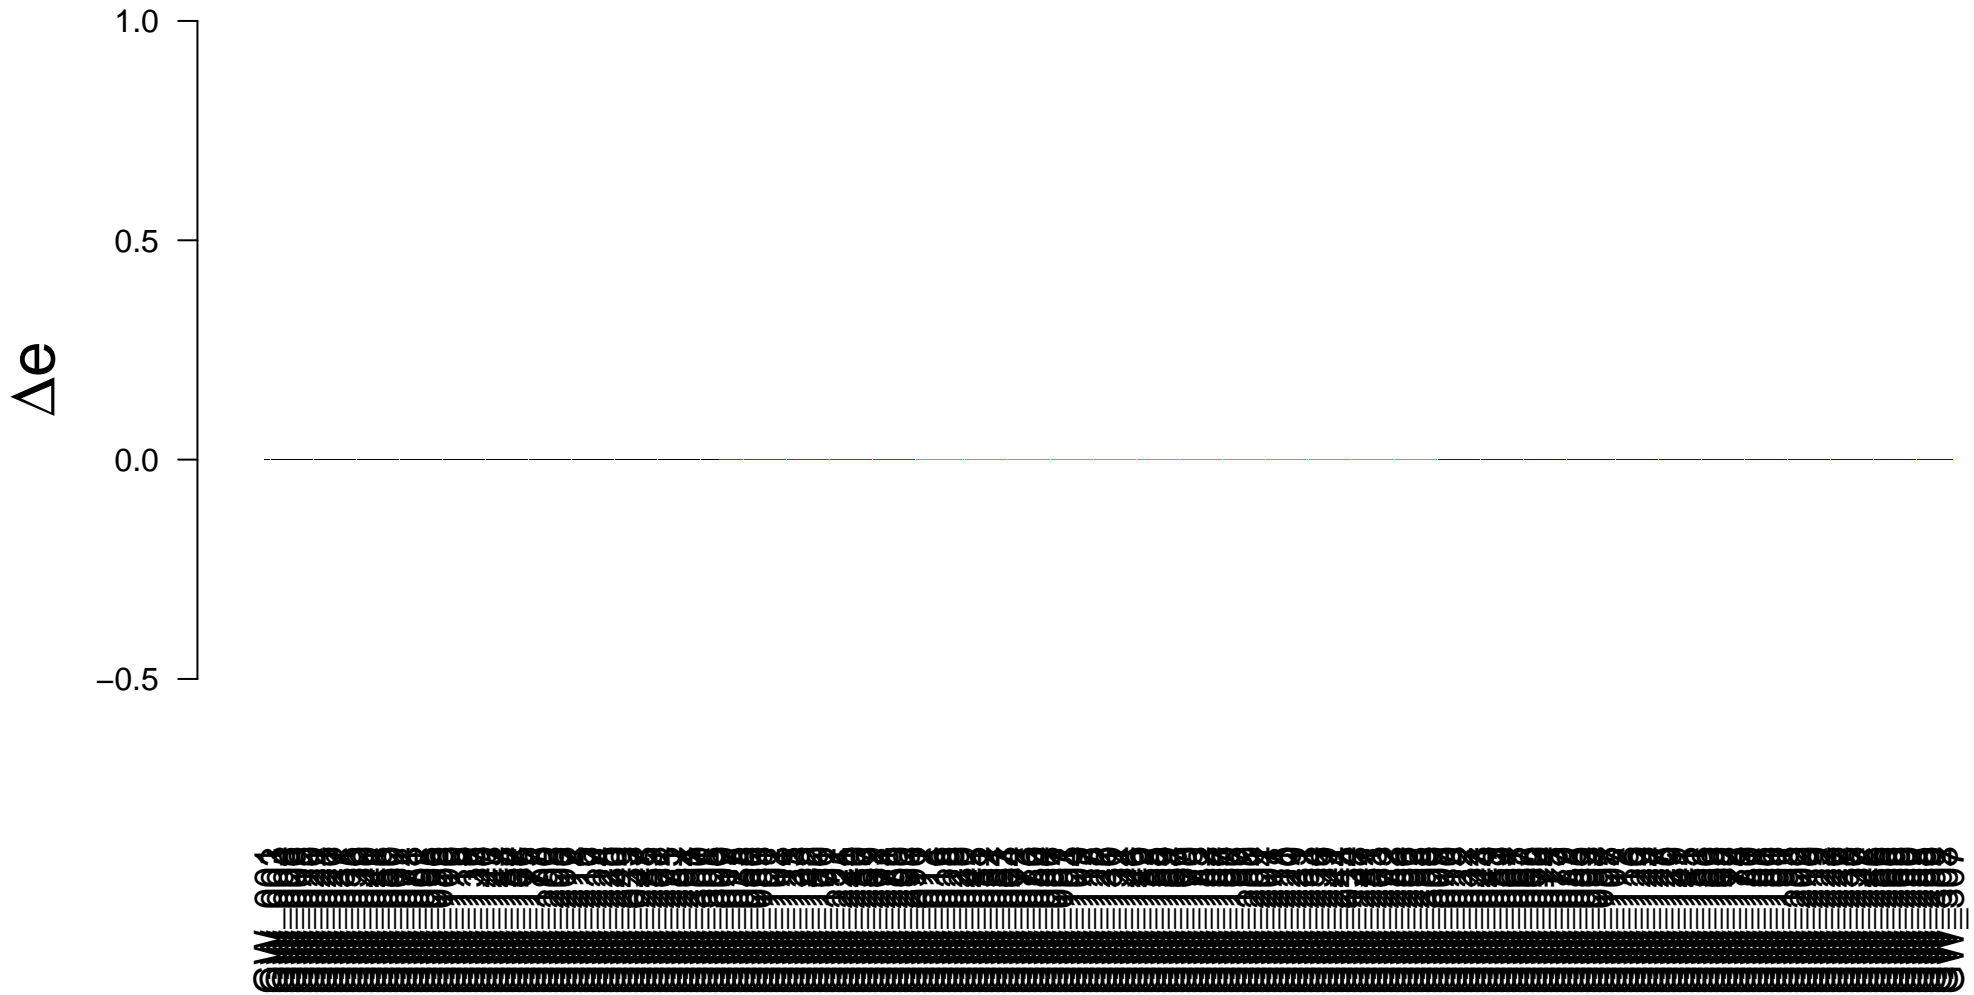

# Expression of RNA polymerase II transcription cofactor activity in Spot B

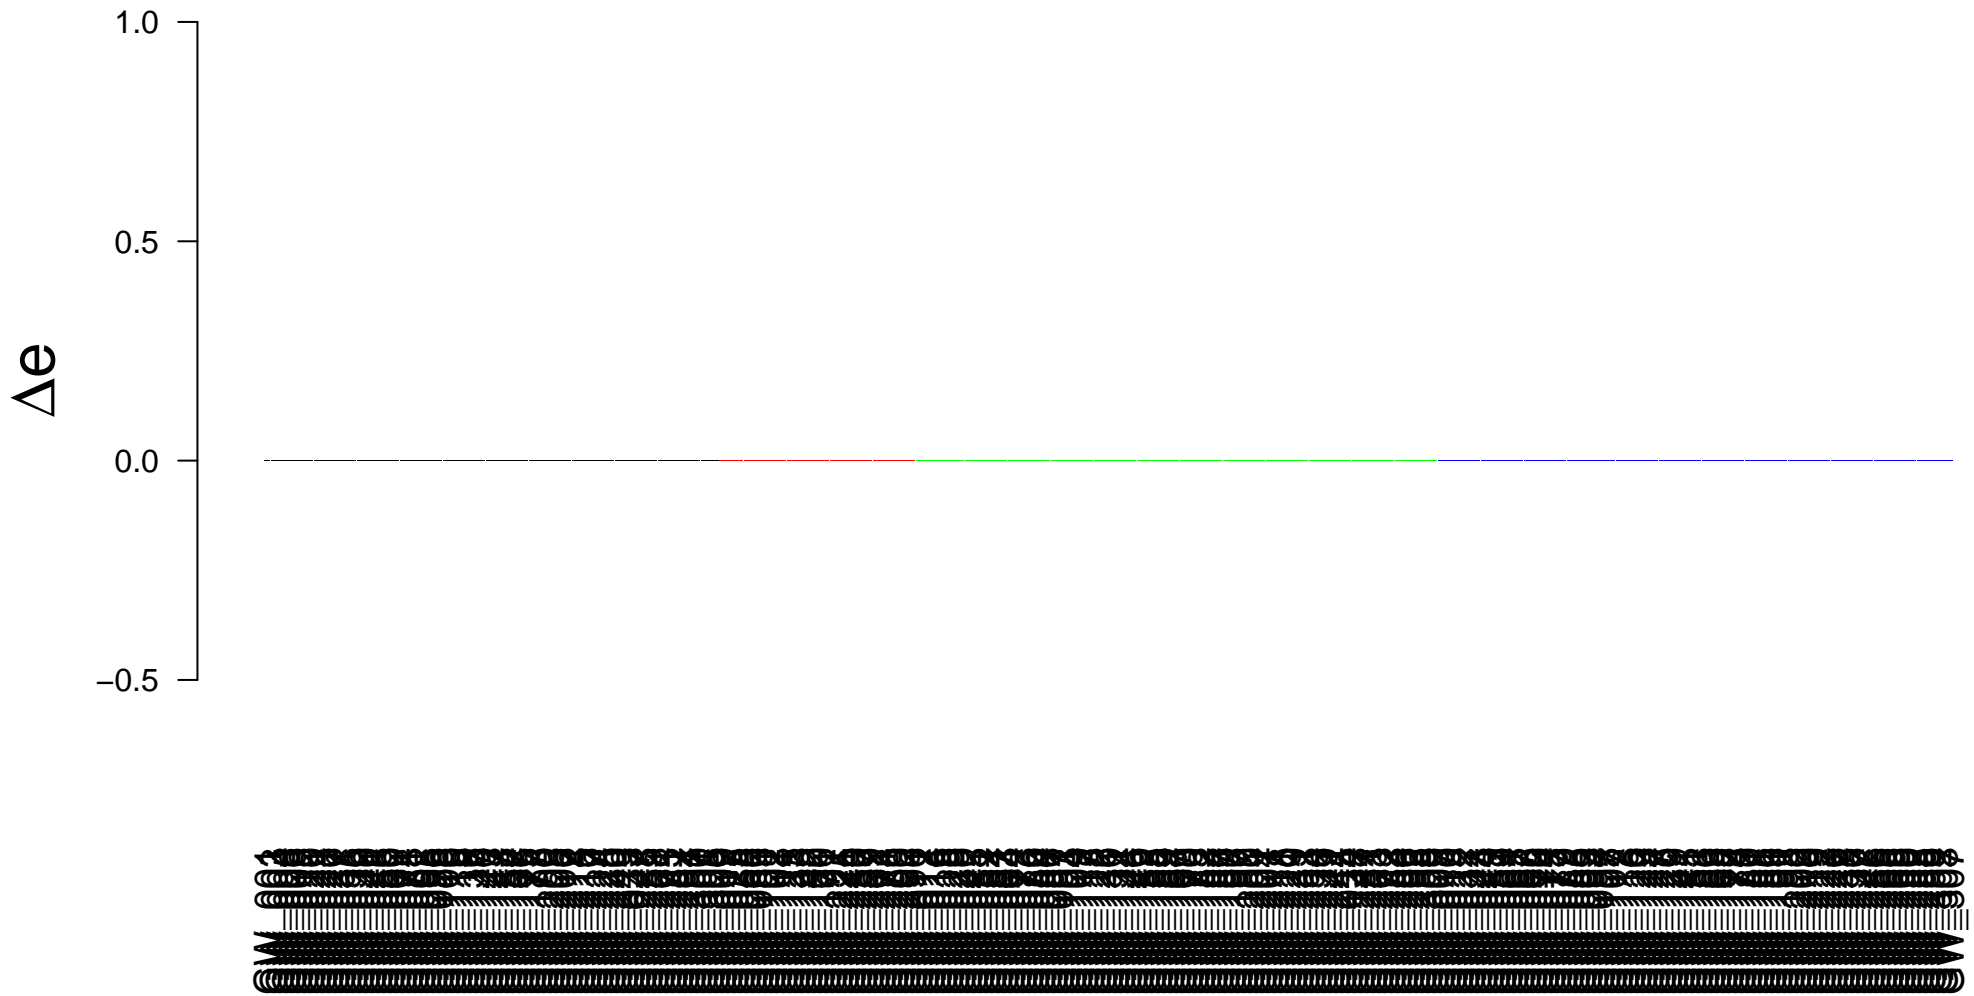

# Expression of RNA polymerase II transcription cofactor activity in Spot C

# Expression of RNA polymerase II transcription cofactor activity in Spot D

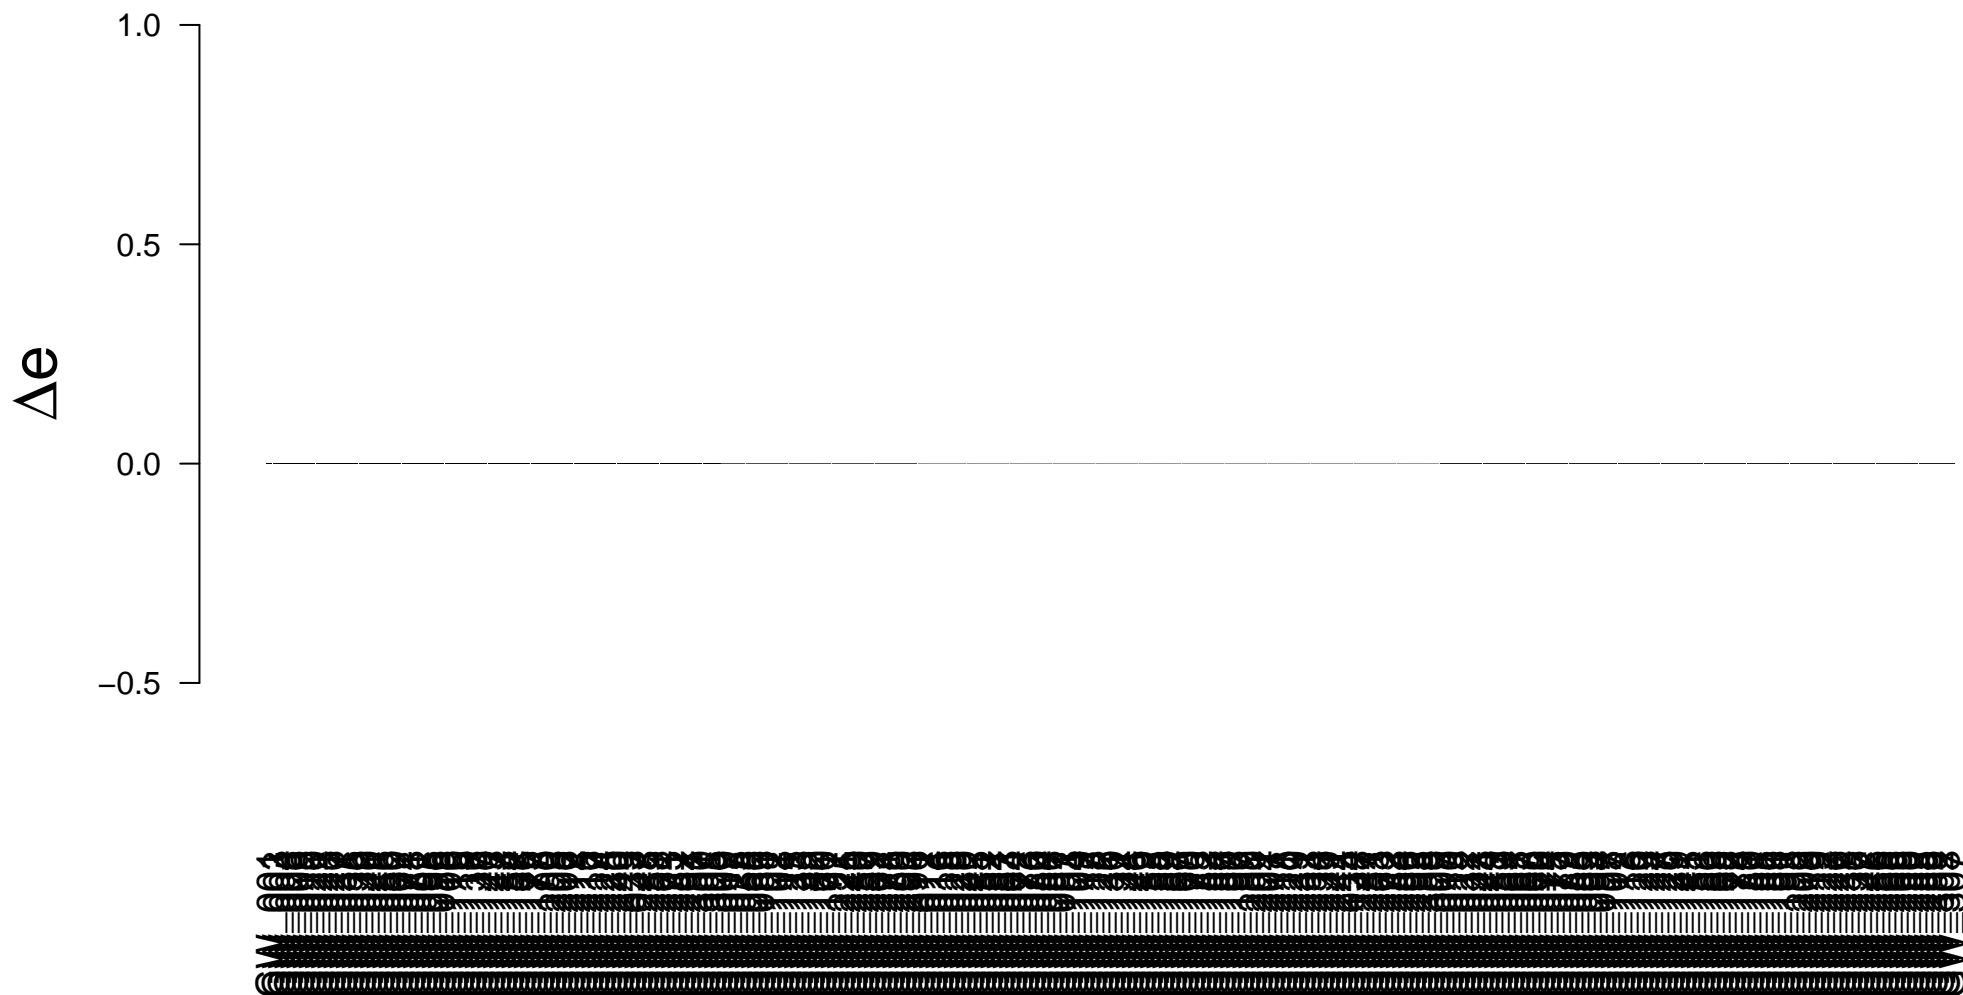

# Expression of RNA polymerase II transcription cofactor activity in Spot E

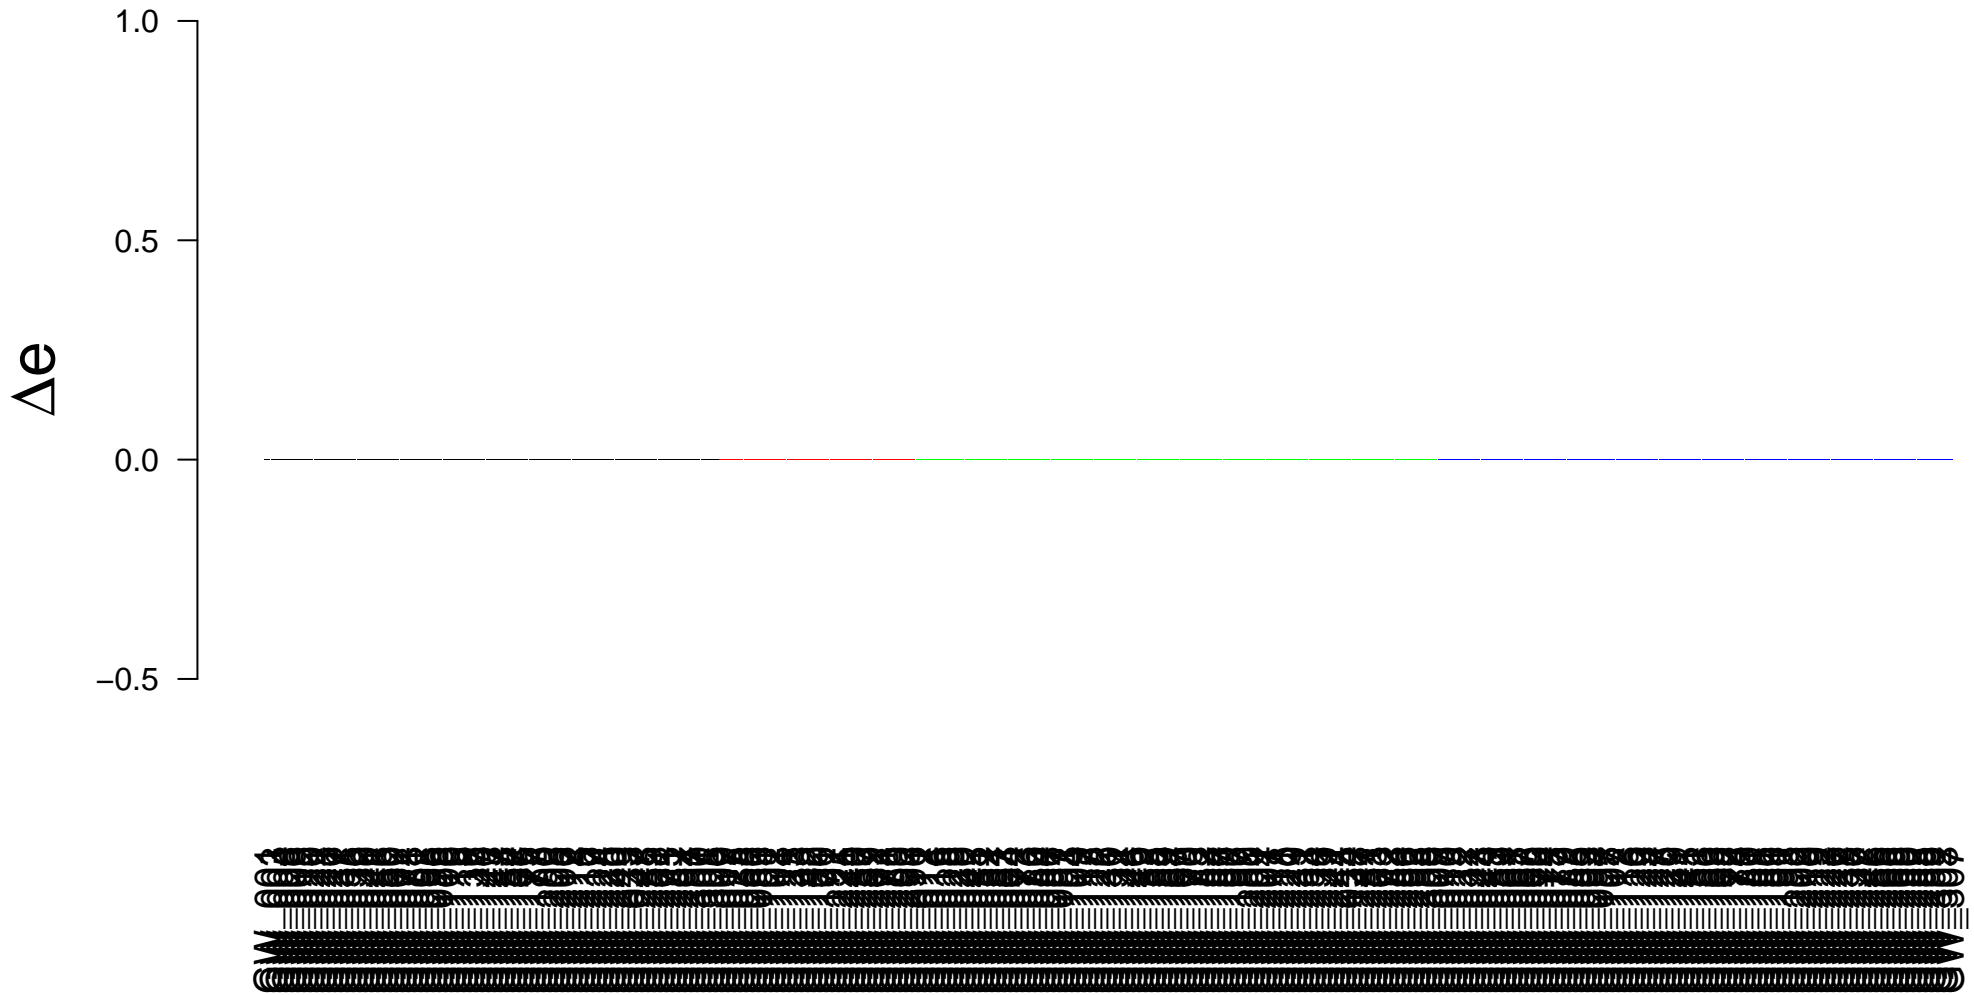

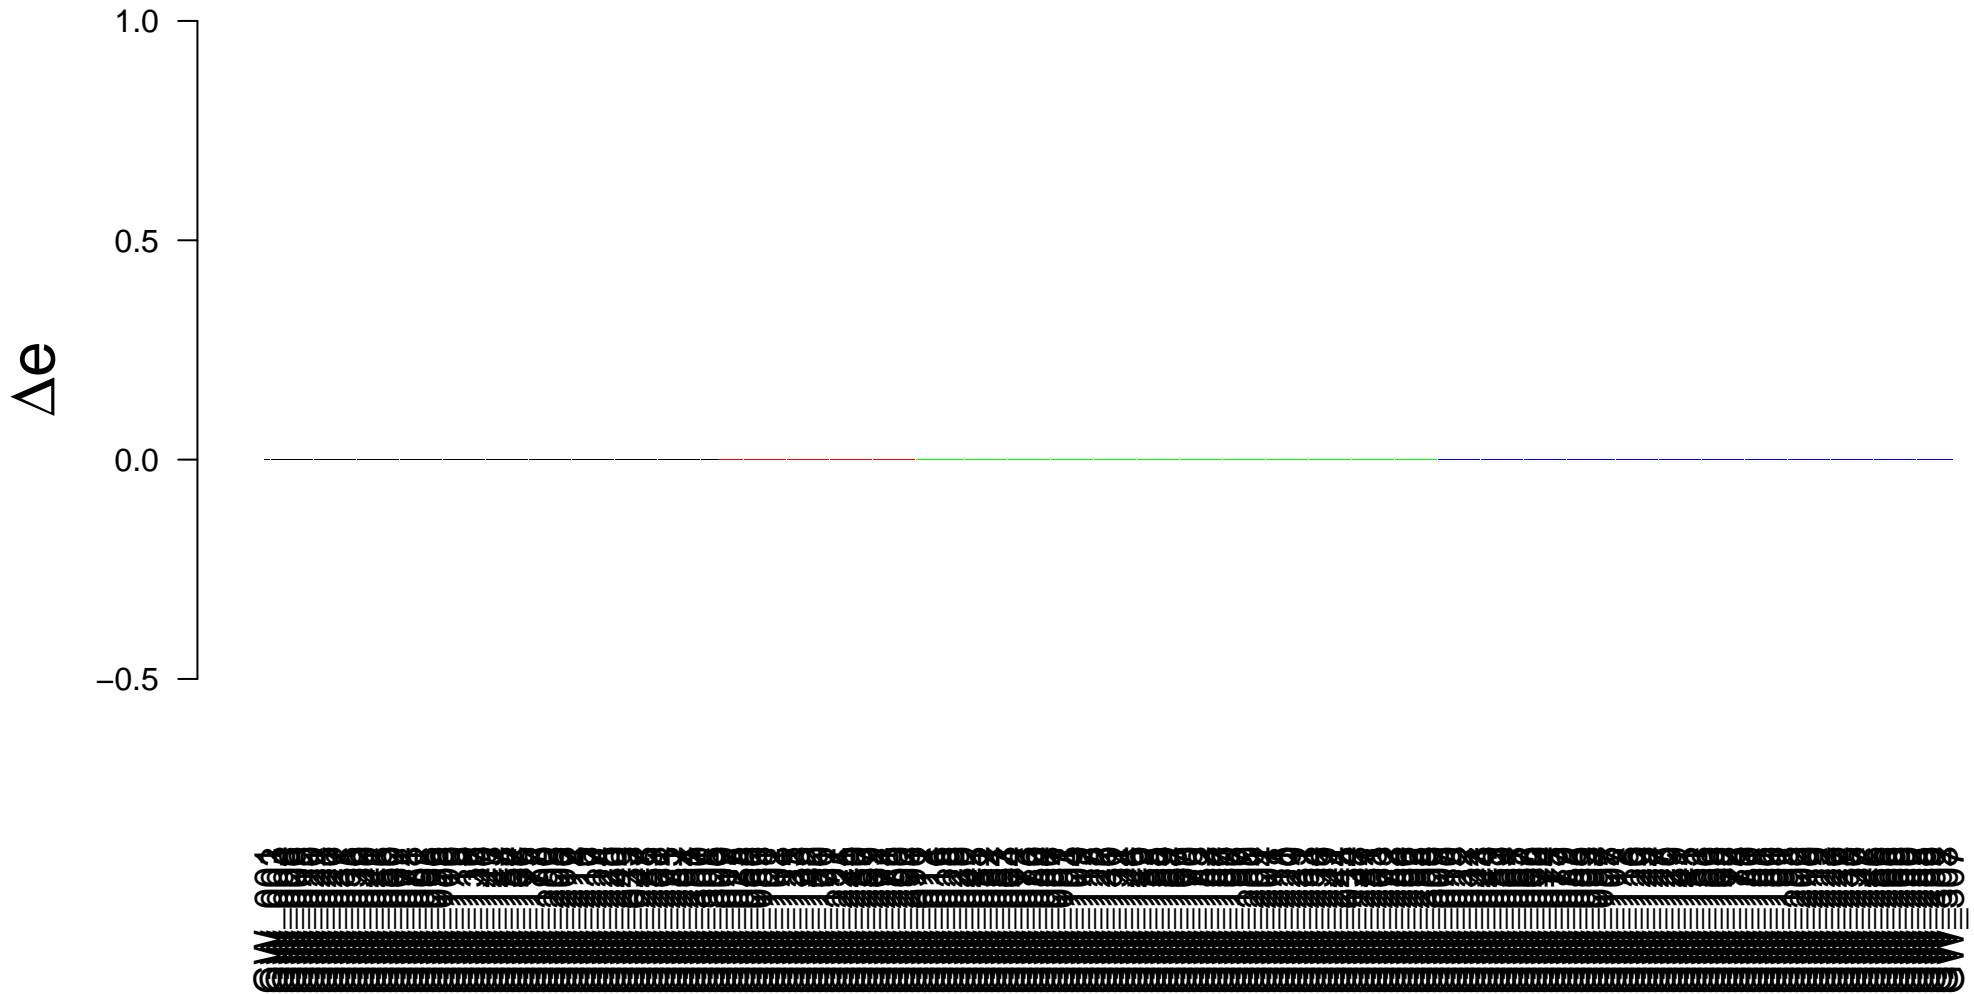

# Expression of RNA polymerase II transcription cofactor activity in Spot F

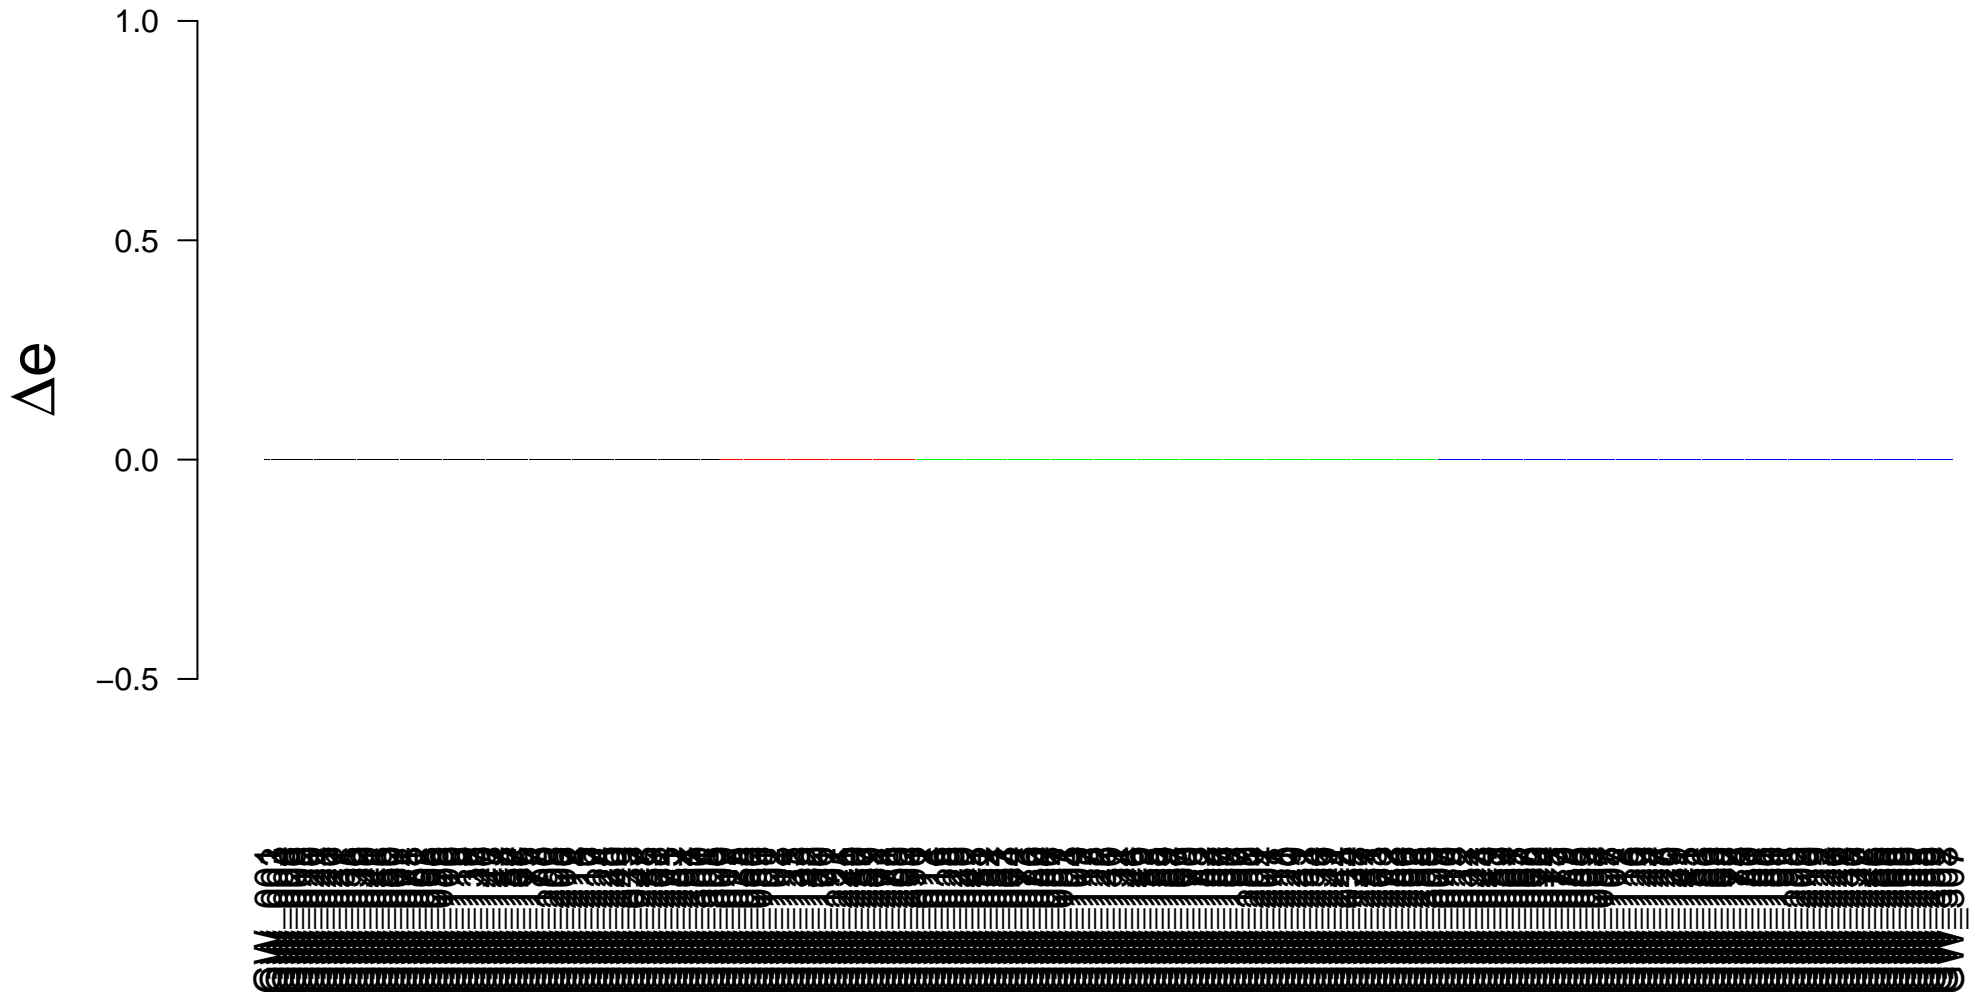

# Expression of RNA polymerase II transcription cofactor activity in Spot G

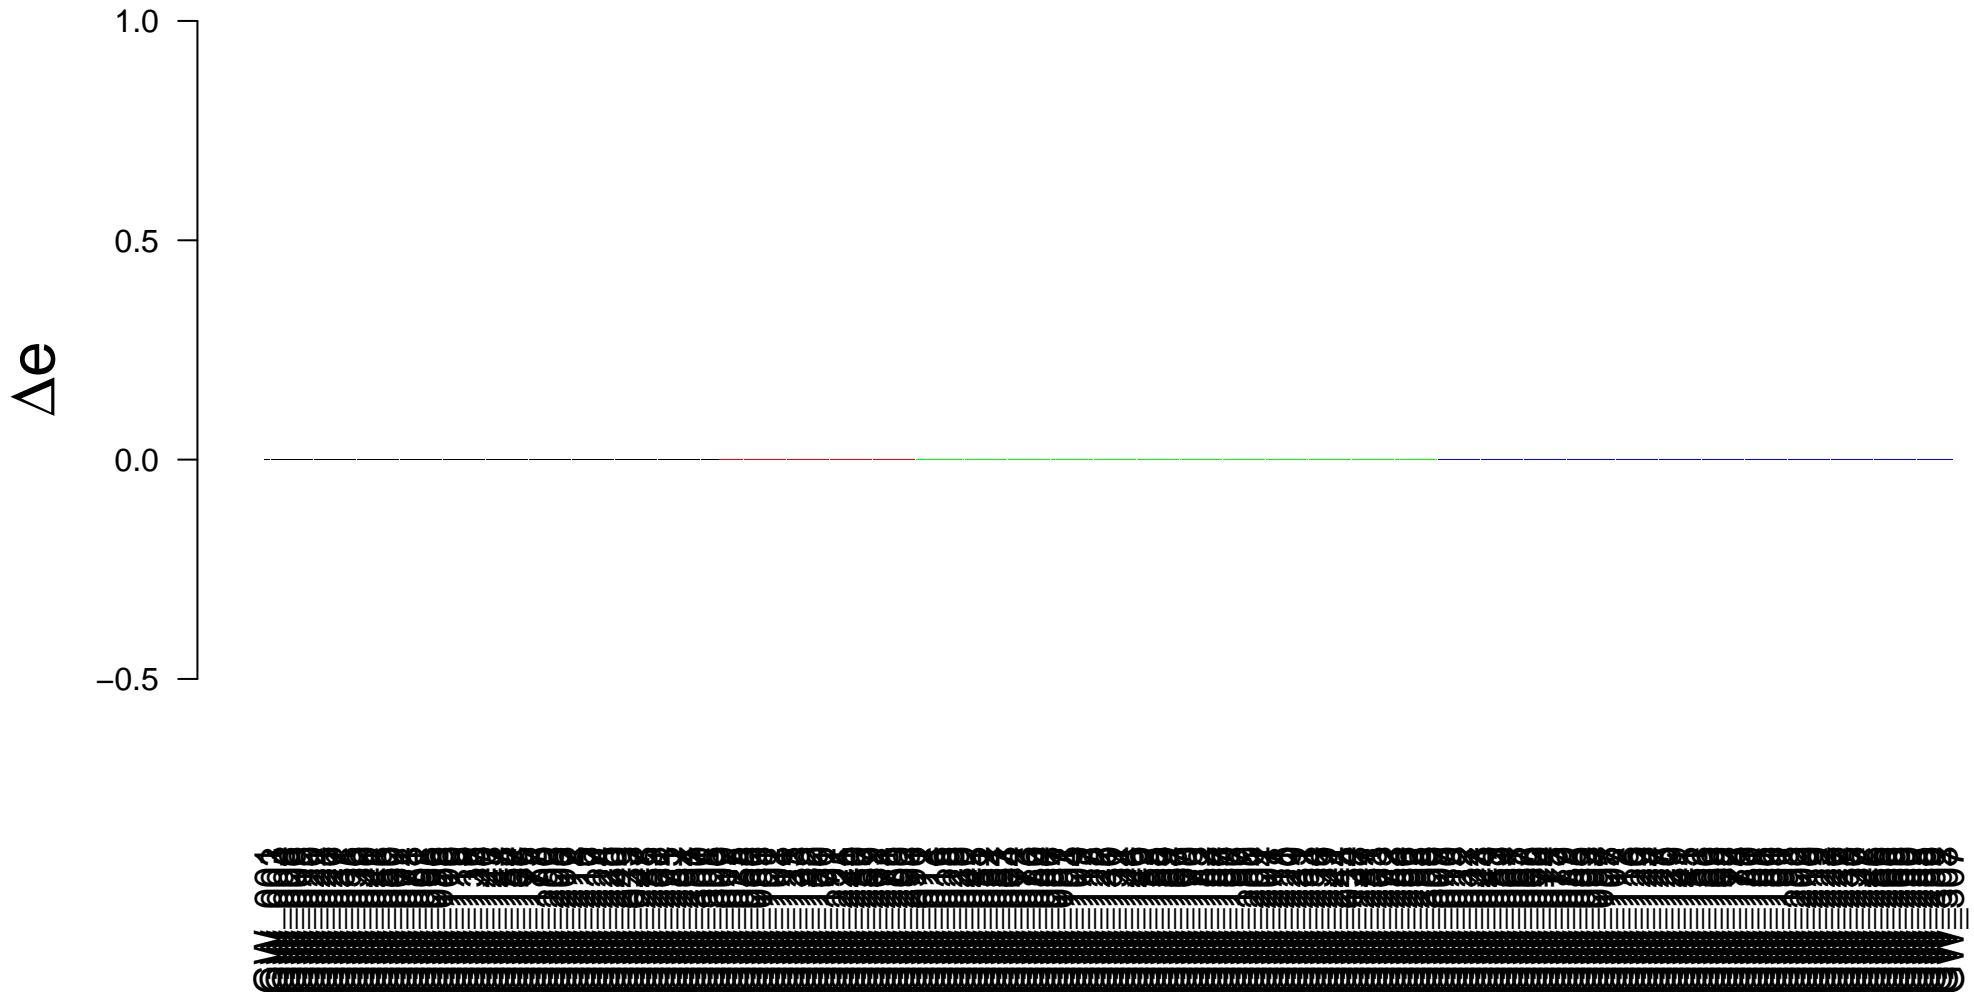

# Expression of RNA polymerase II transcription cofactor activity in Spot H

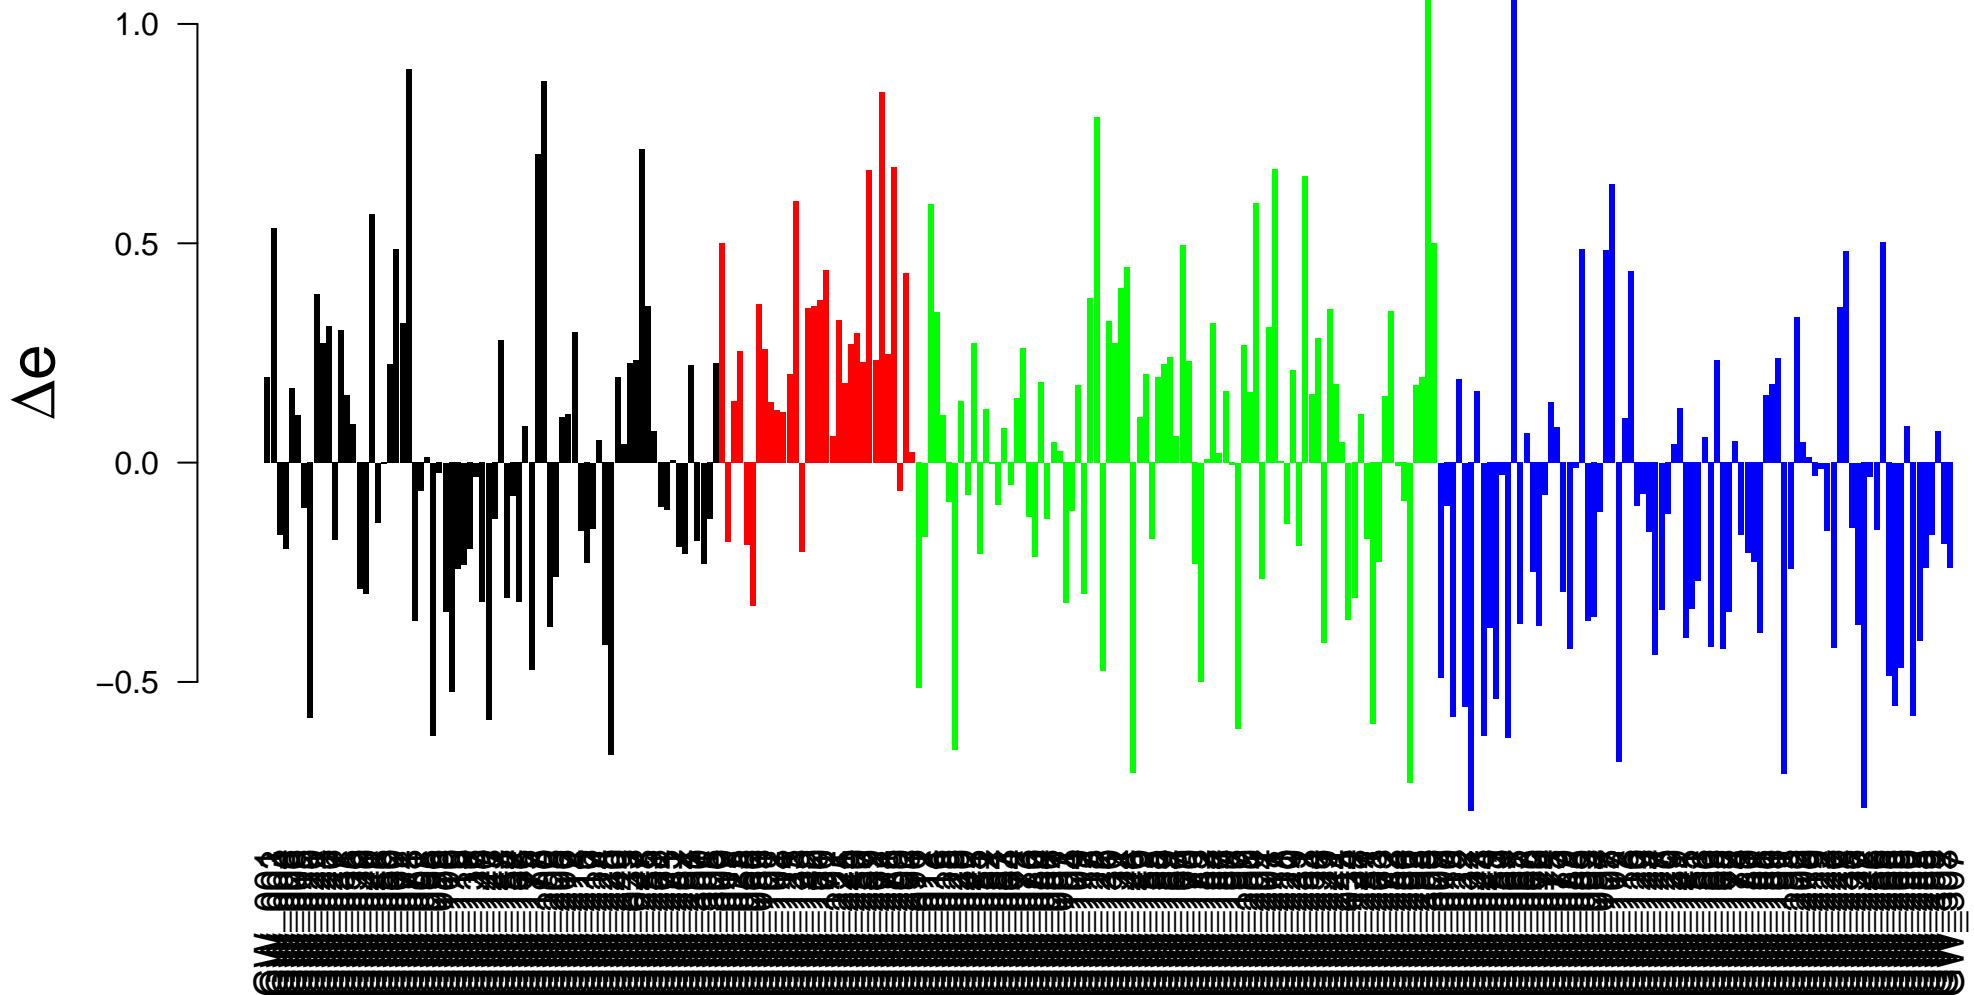

# Expression of RNA polymerase II transcription cofactor activity in Spot I

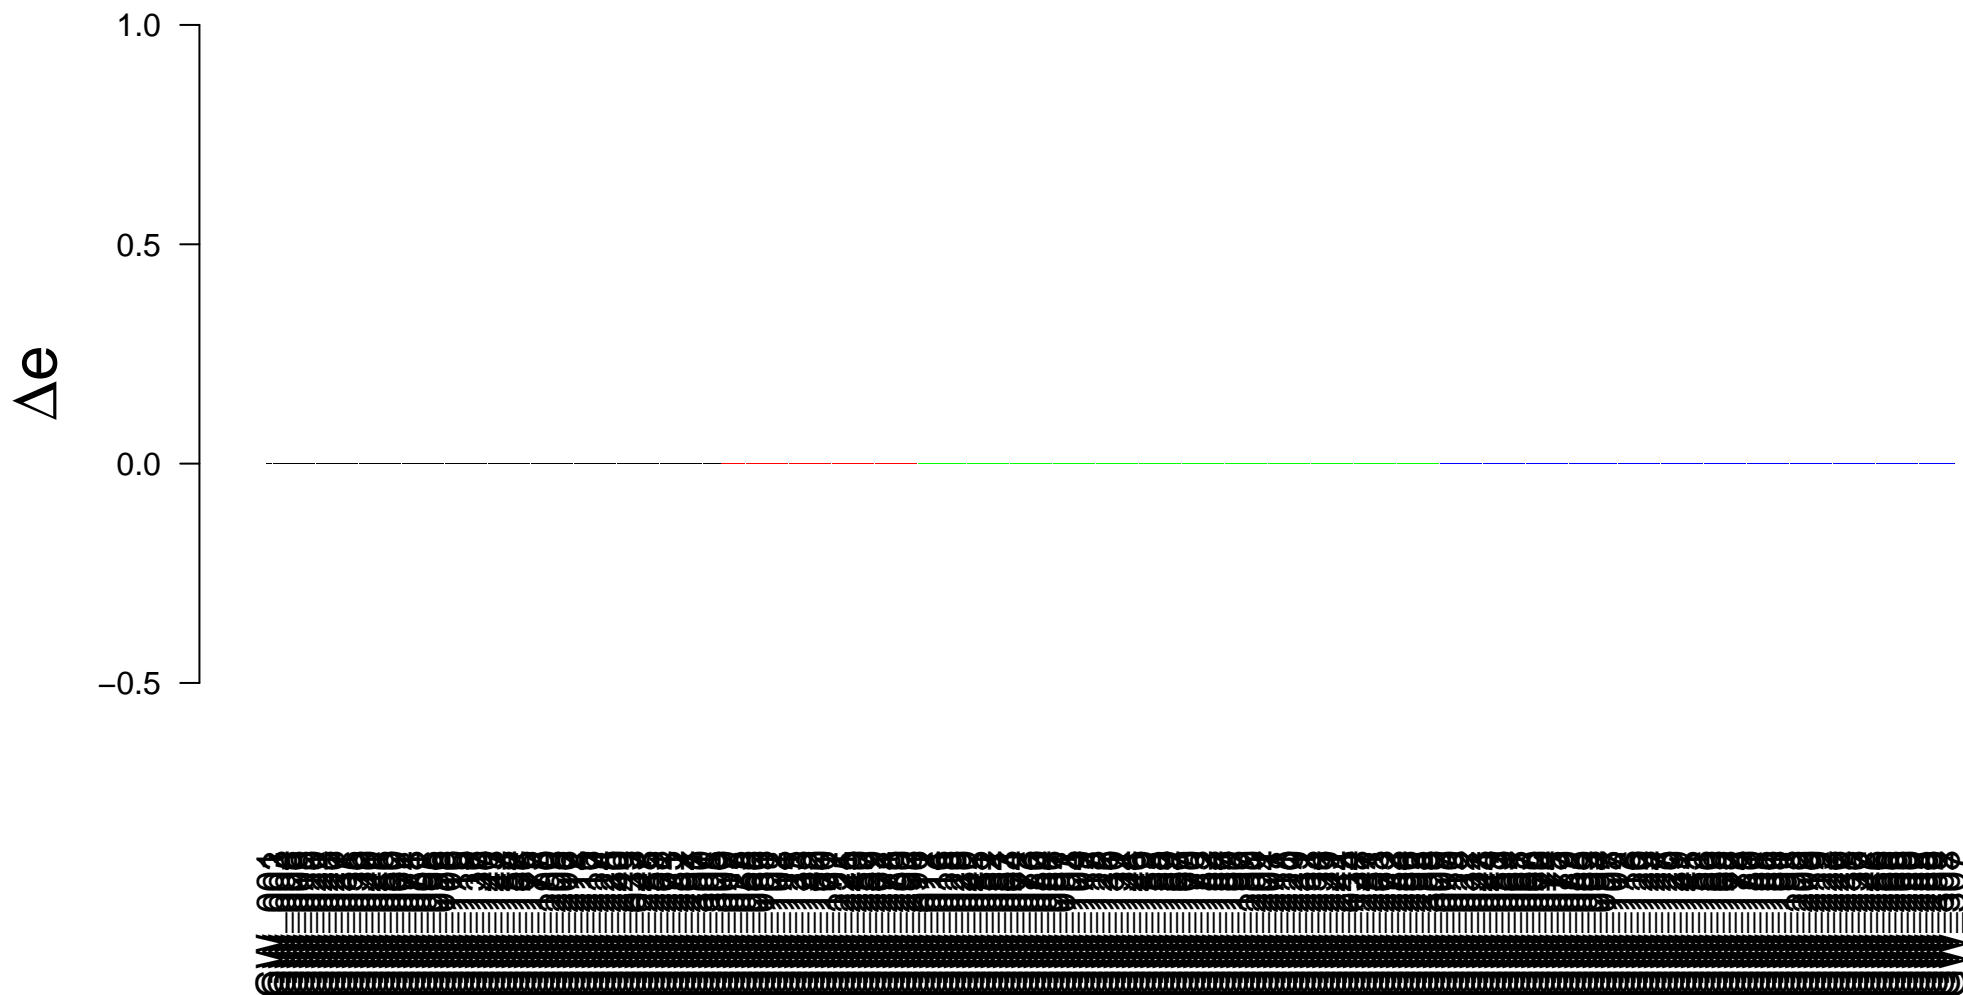

# Expression of RNA polymerase II transcription cofactor activity in Spot J

# Expression of RNA polymerase II transcription cofactor activity in Spot K

# Expression of RNA polymerase II transcription cofactor activity in Spot L

# Expression of RNA polymerase II transcription cofactor activity in Spot M
