

actin filament-based movement

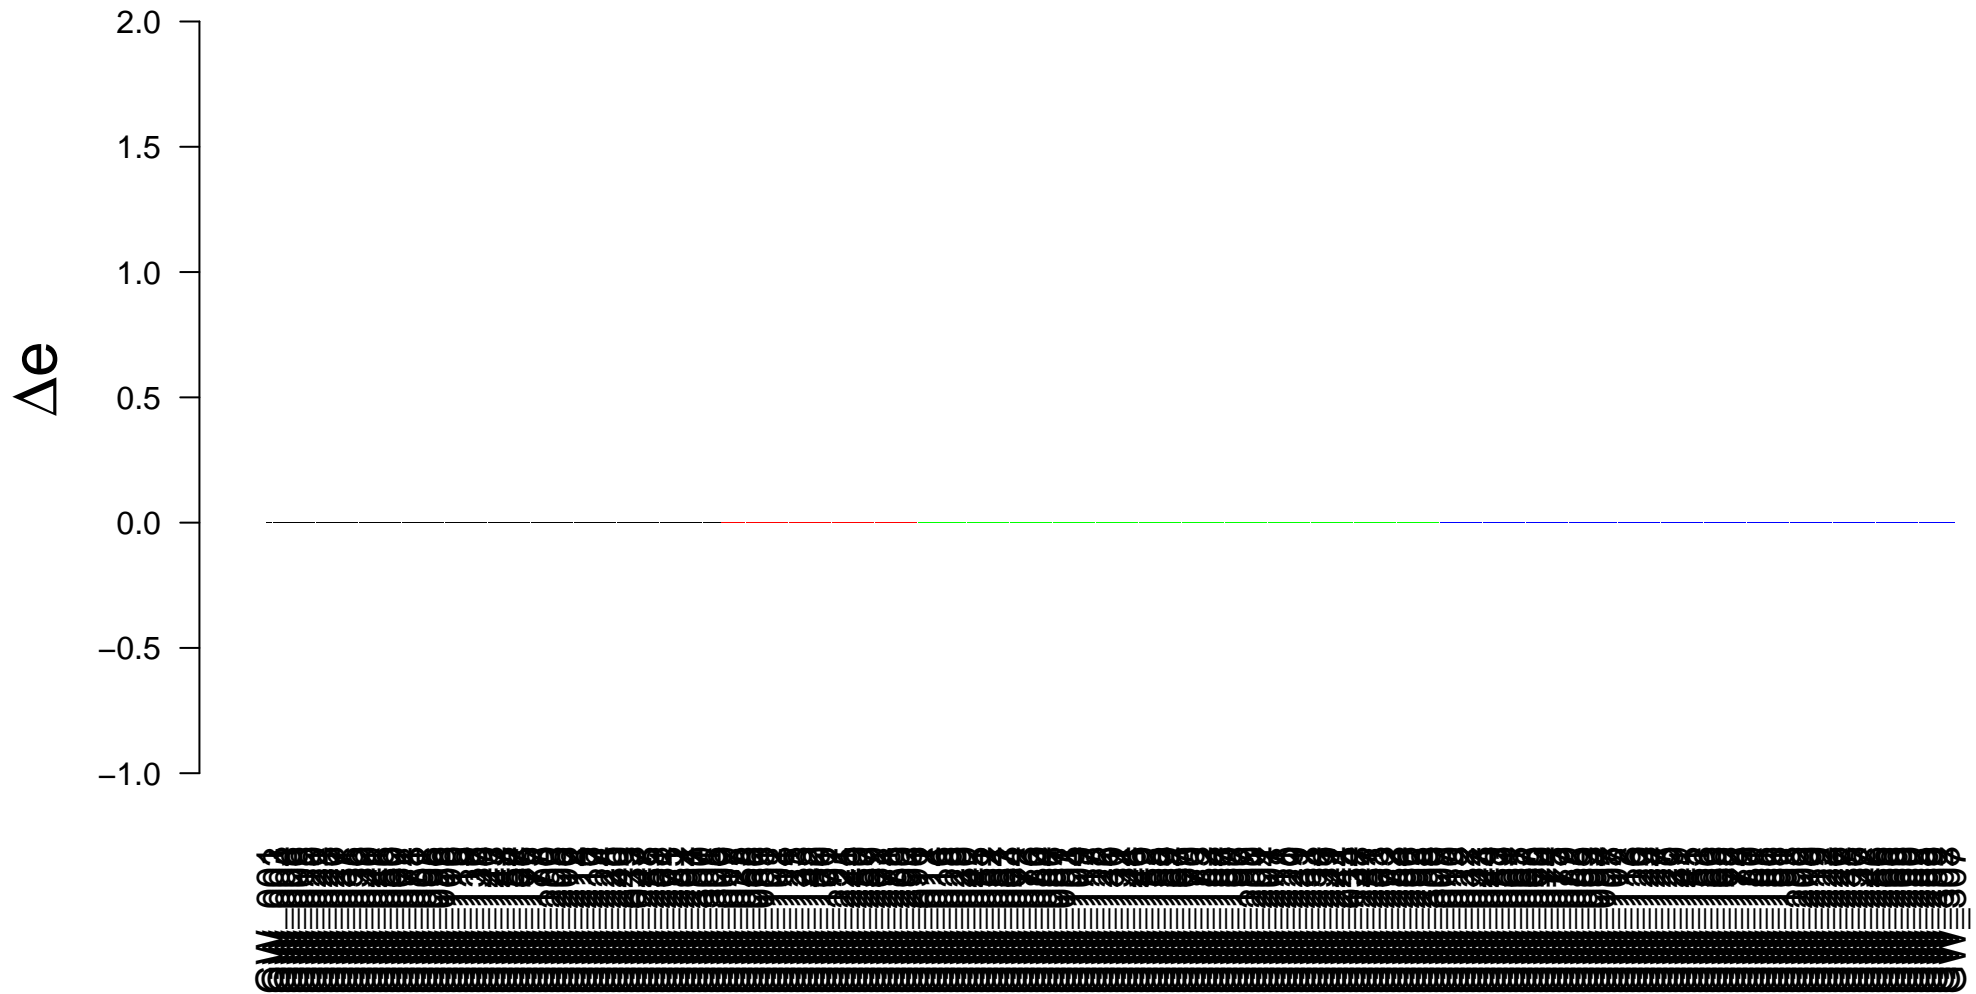

actin filament-based movement

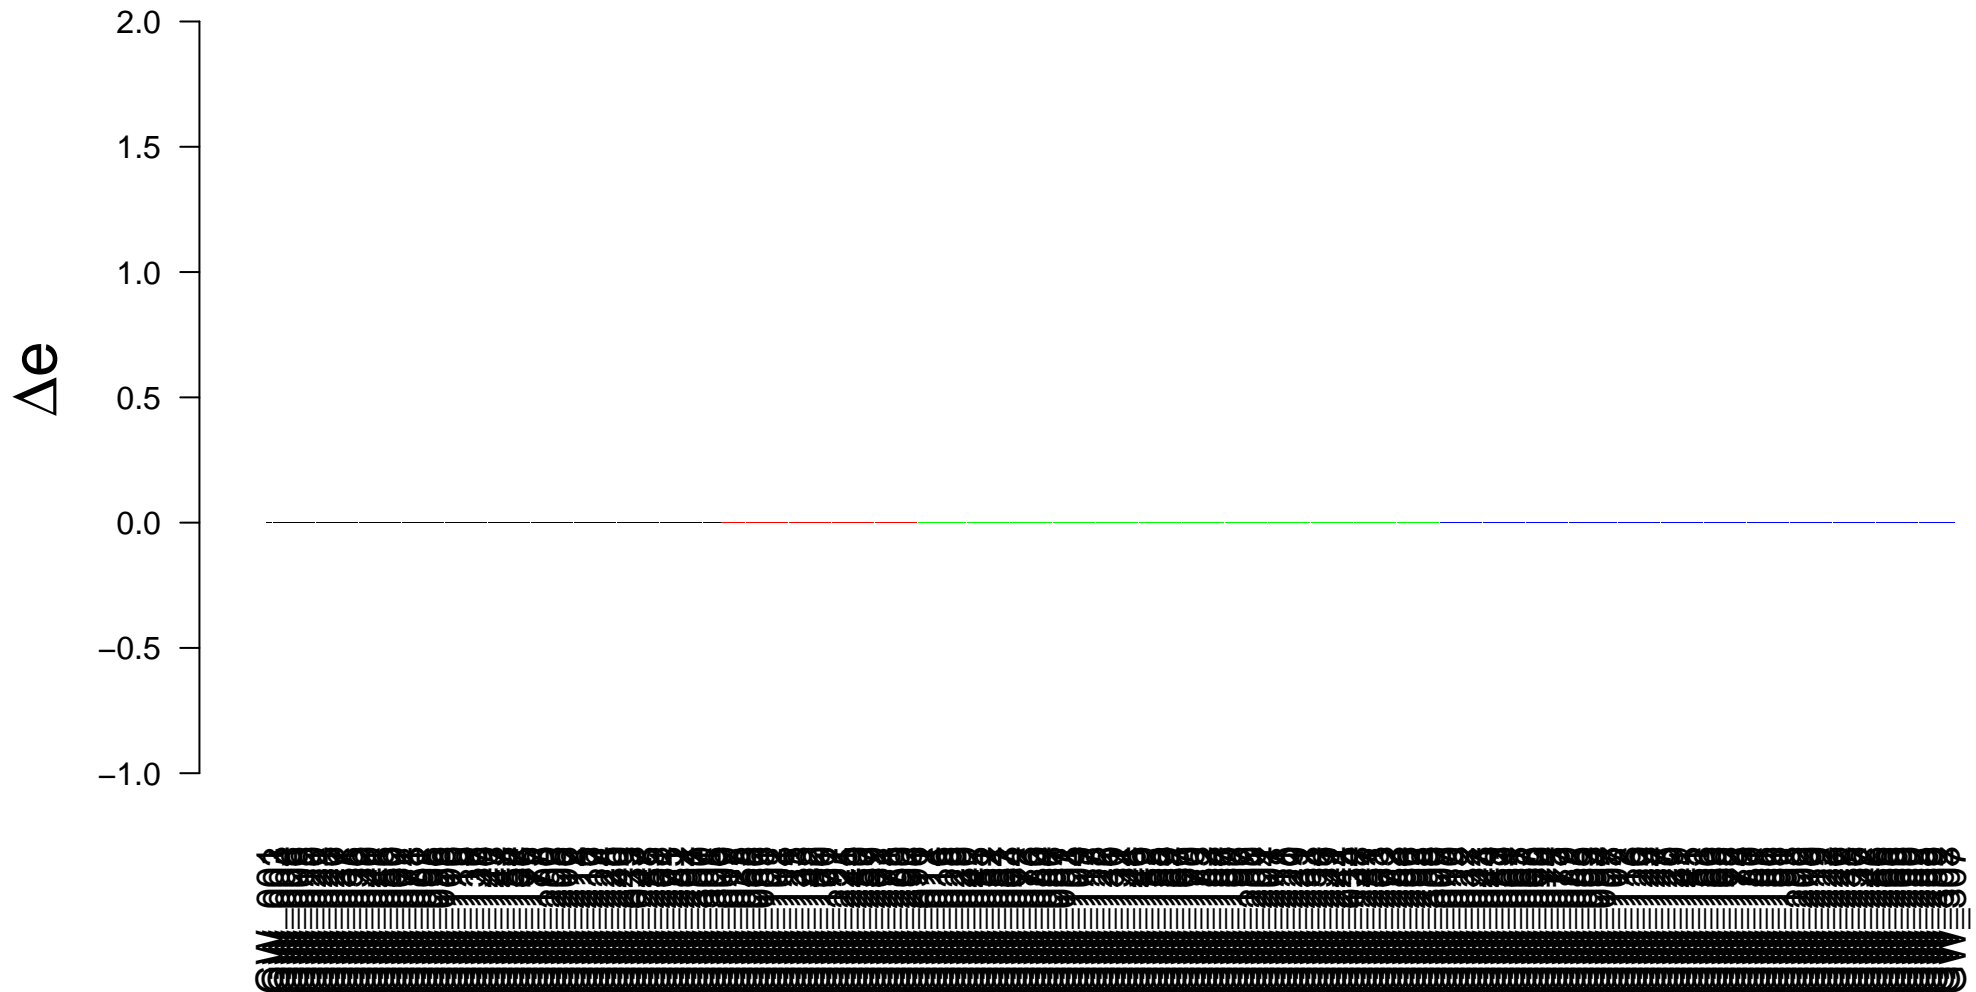

Enrichment in spots: actin filament-based movement

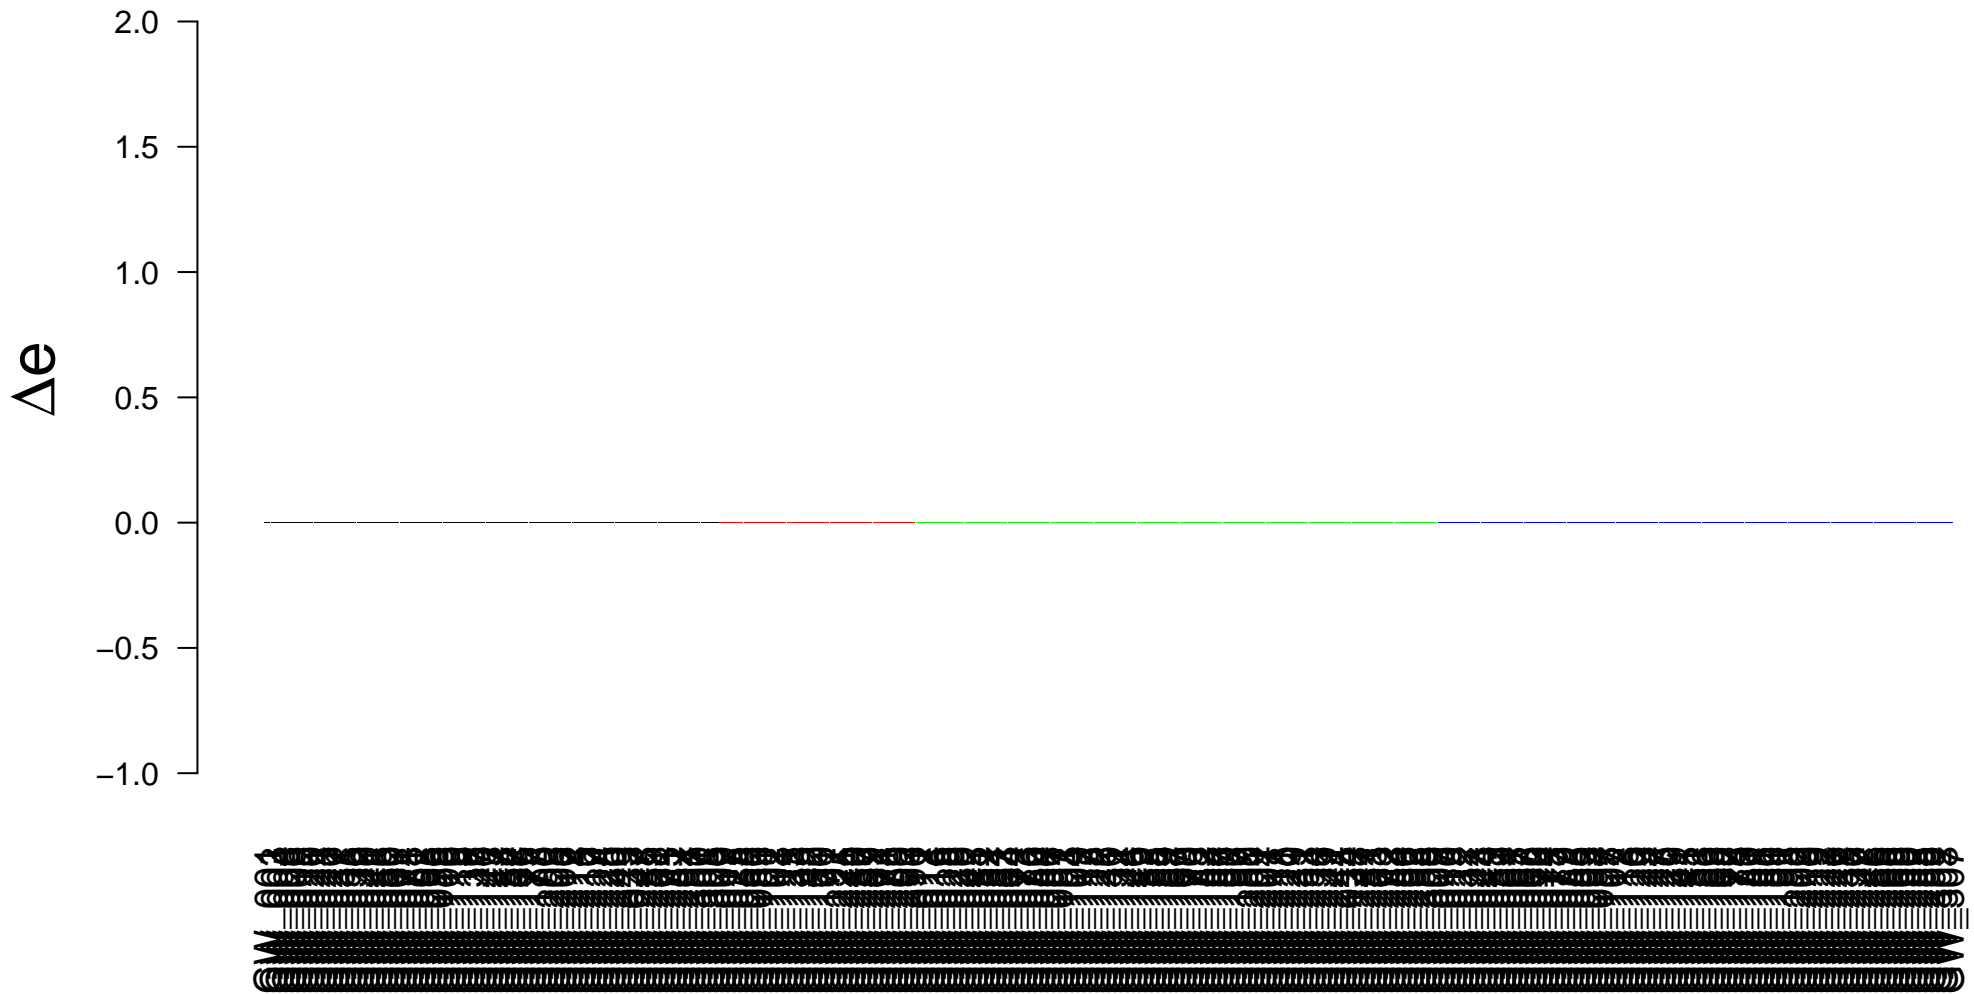

Expression of actin filament-based movement in Spot A

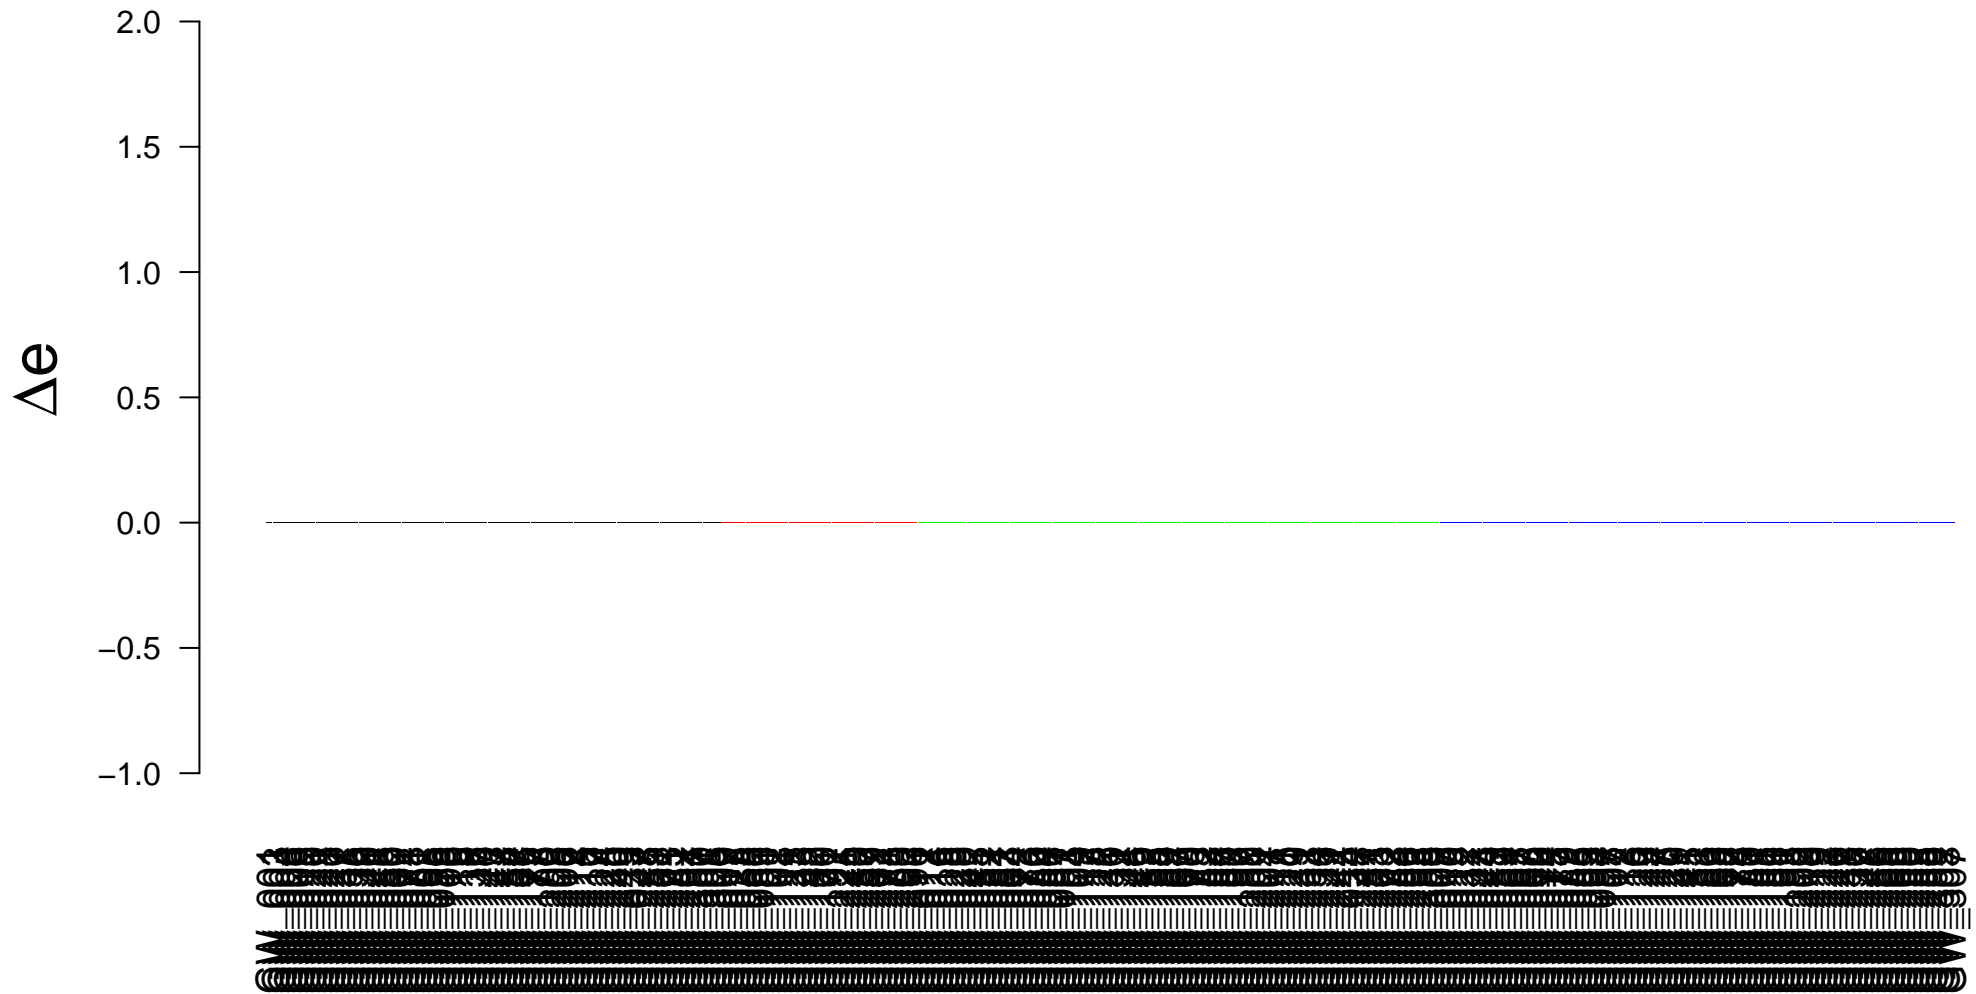

Expression of actin filament-based movement in Spot B

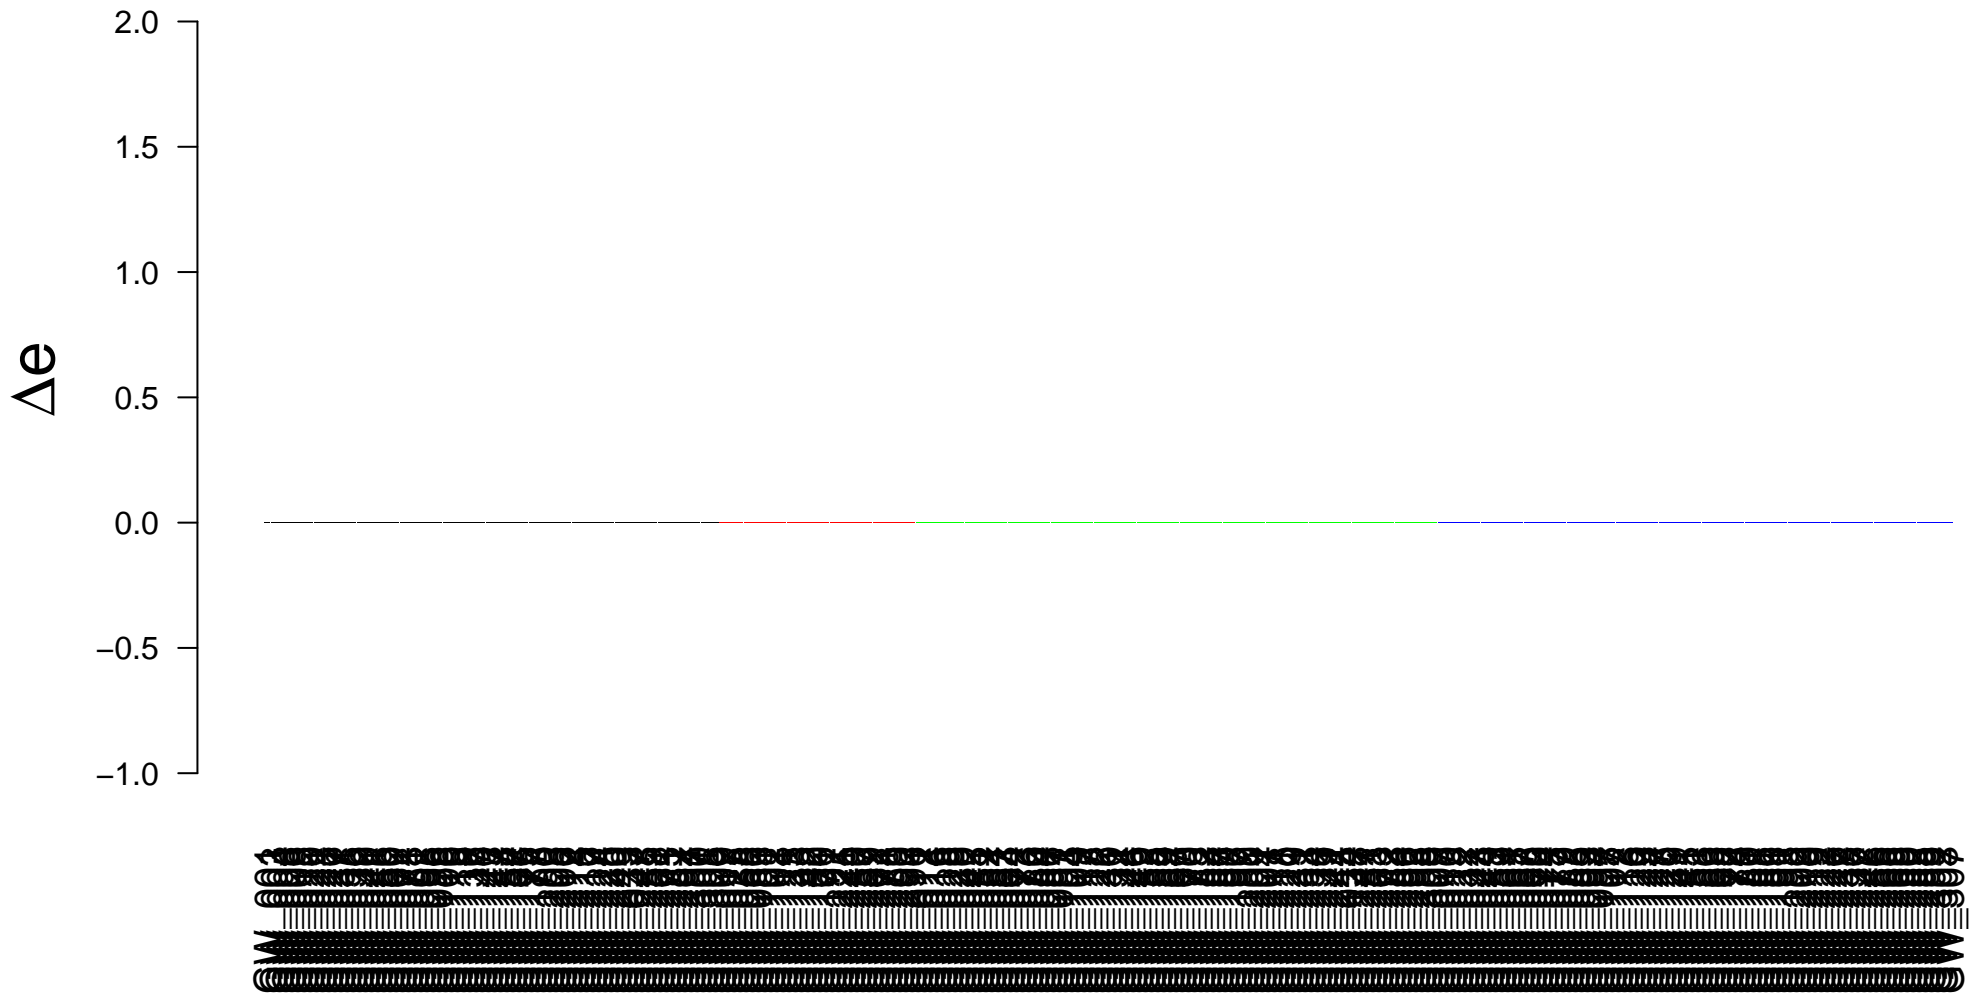

Expression of actin filament-based movement in Spot C

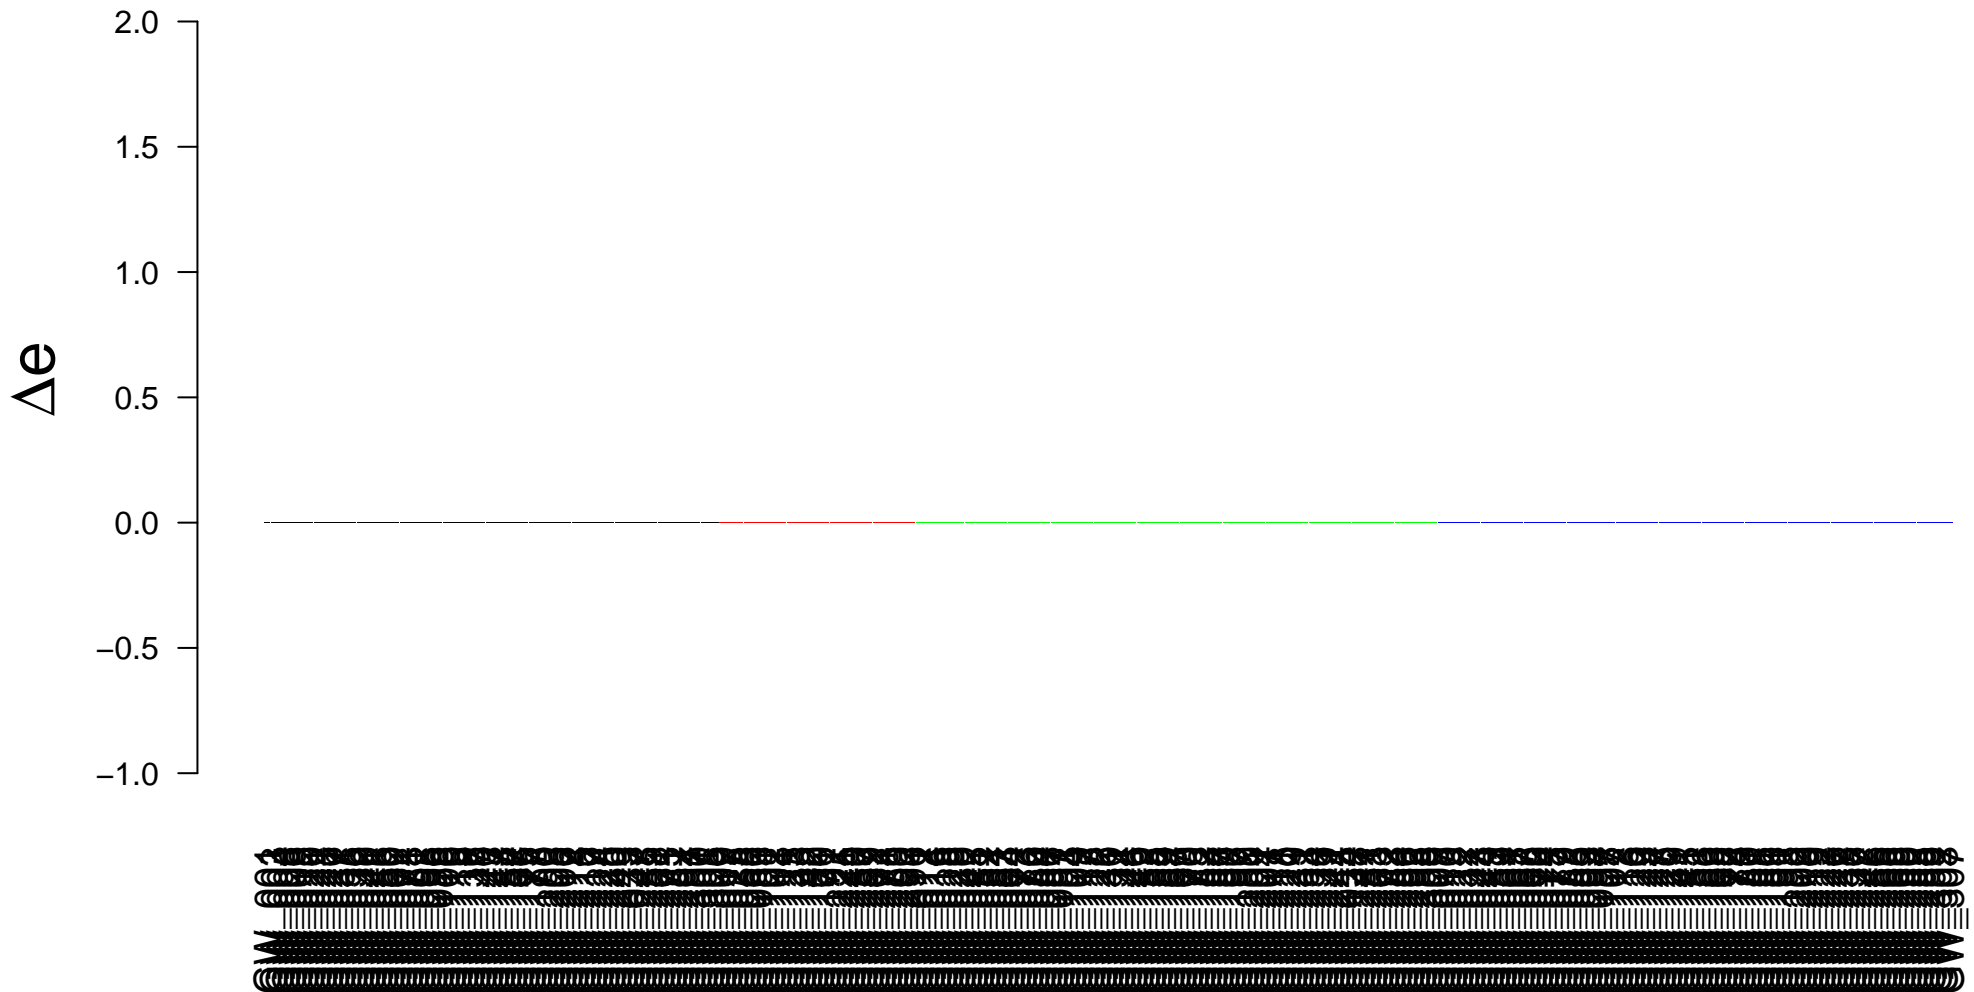

Expression of actin filament-based movement in Spot D

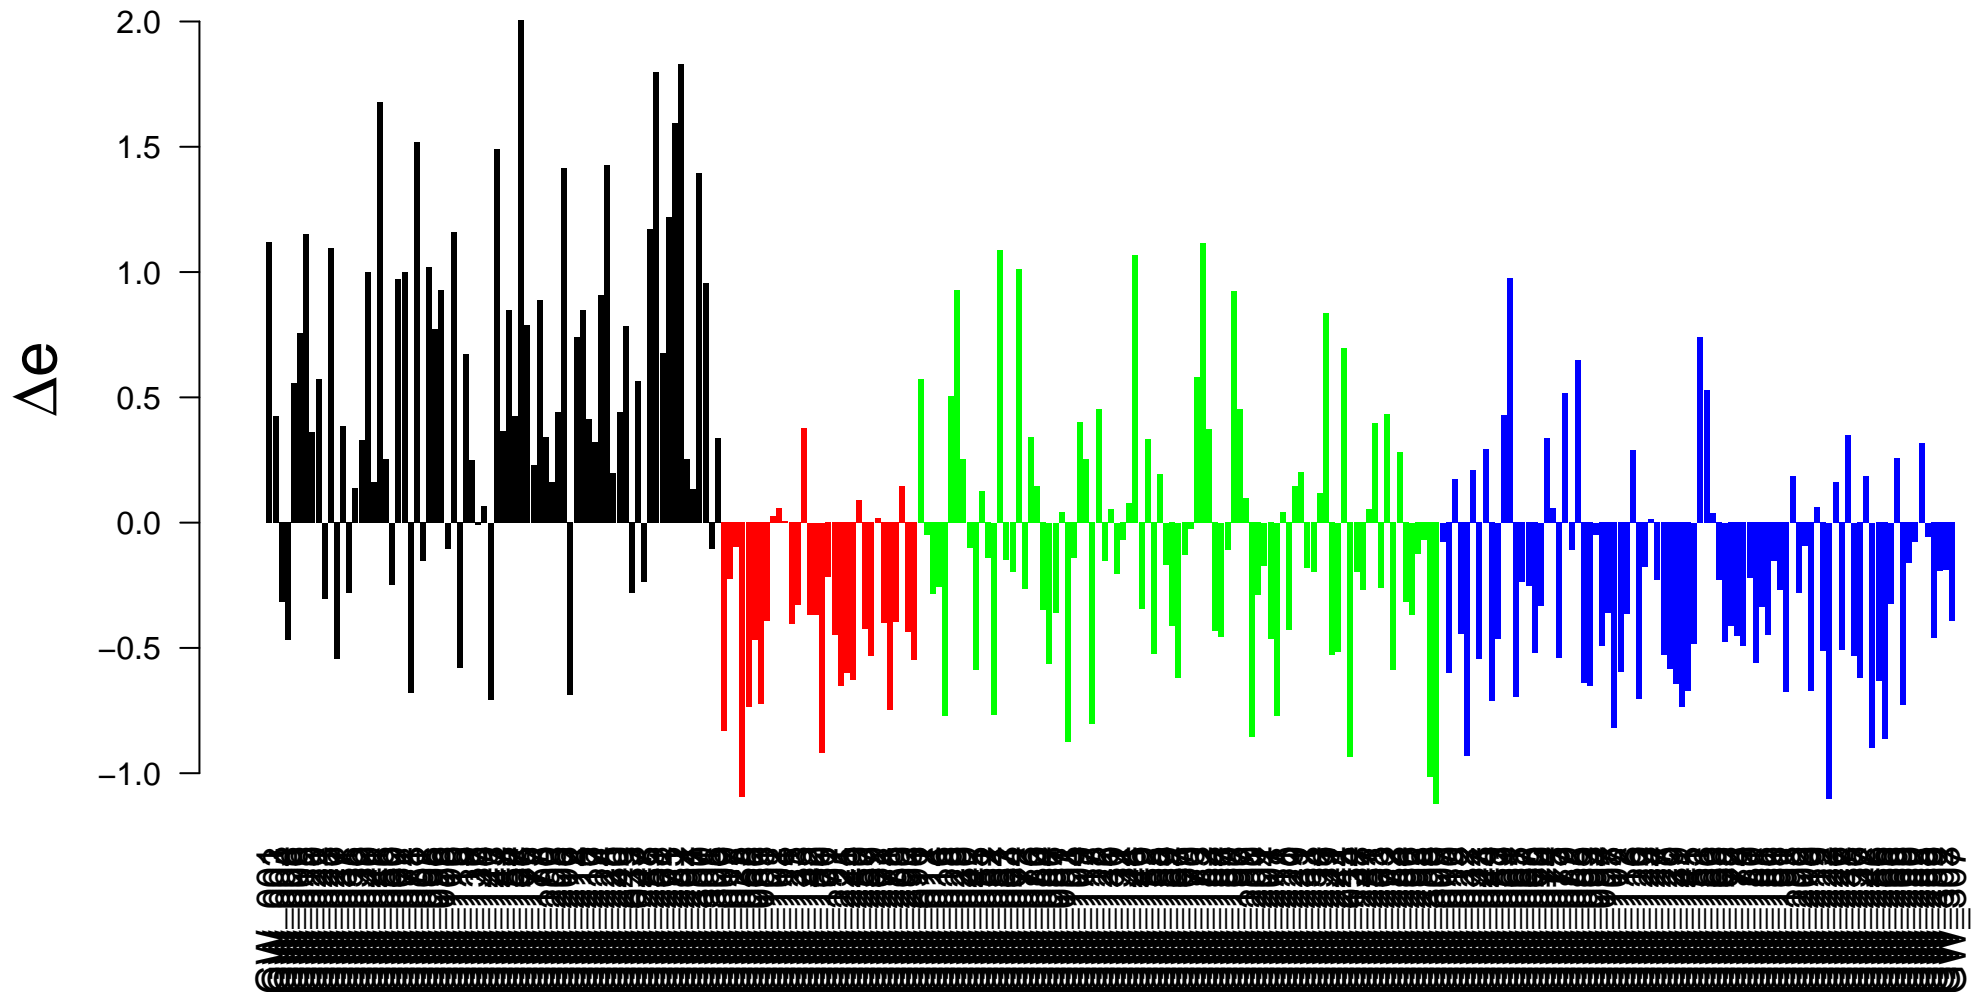

Expression of actin filament-based movement in Spot E

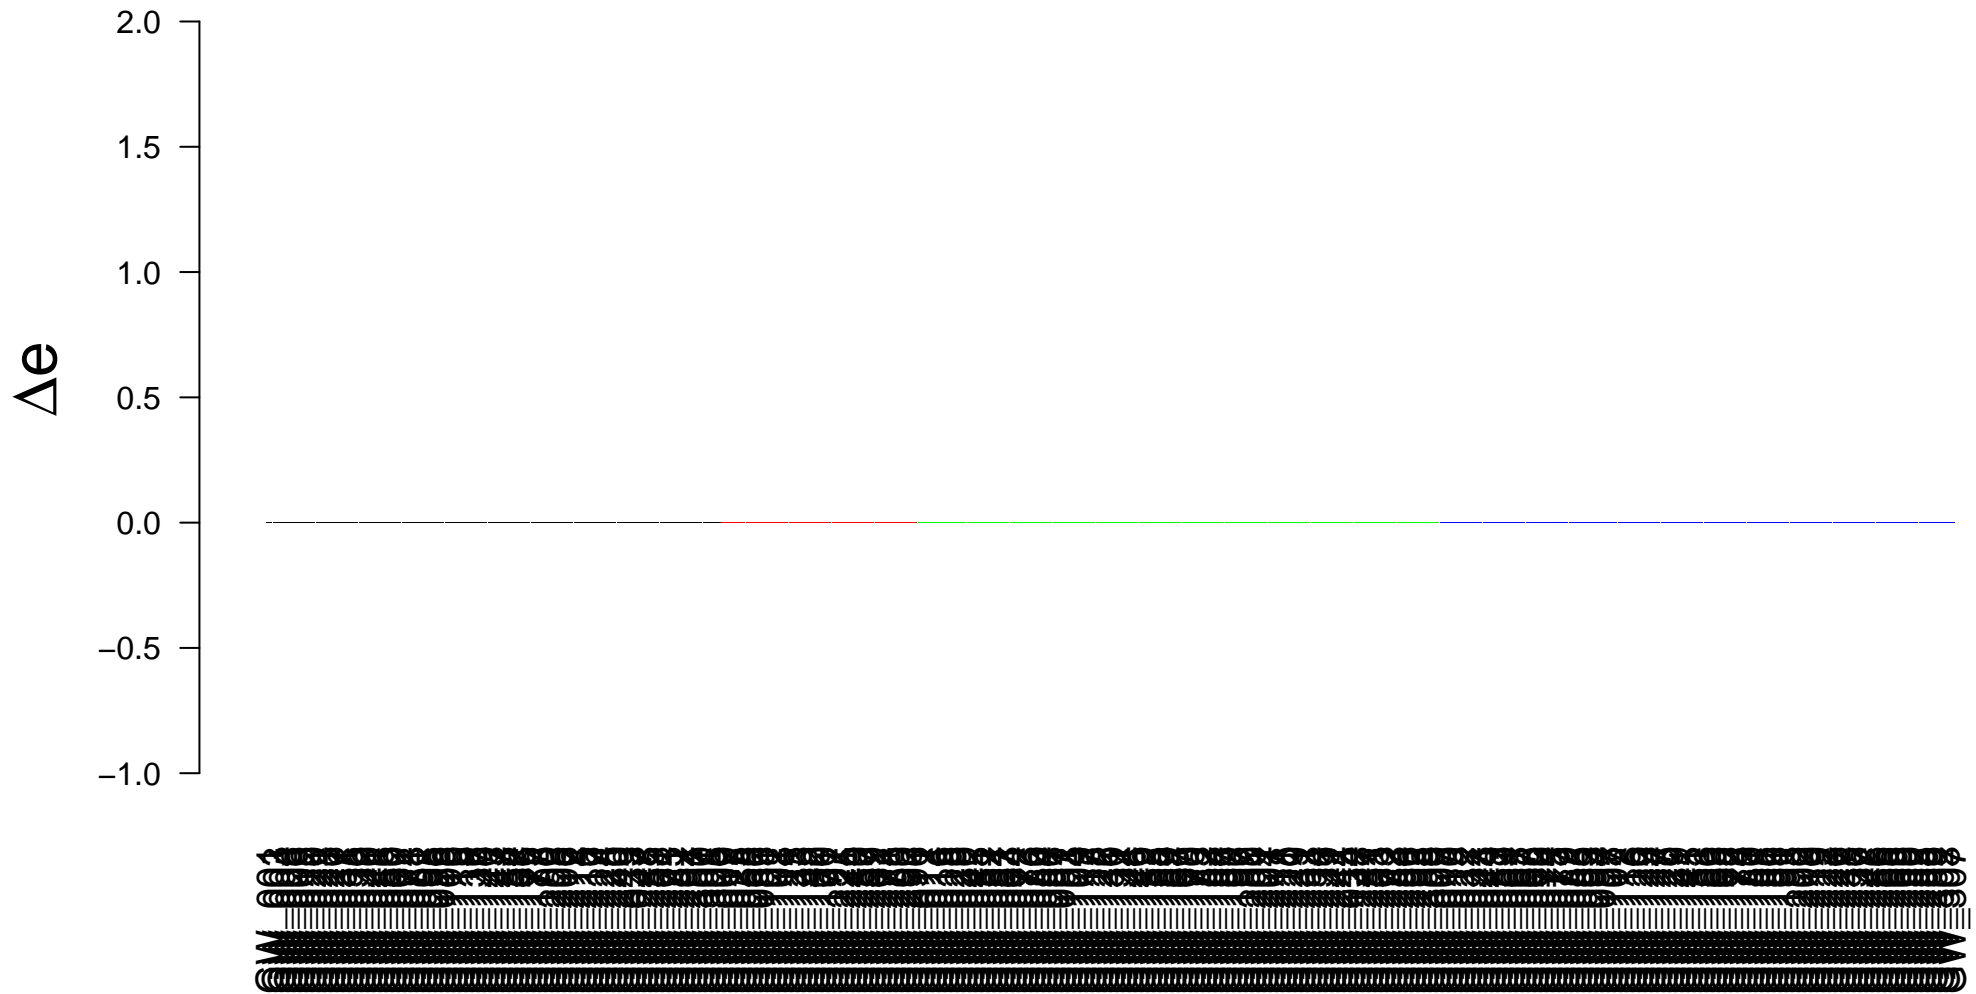

Expression of actin filament-based movement in Spot F

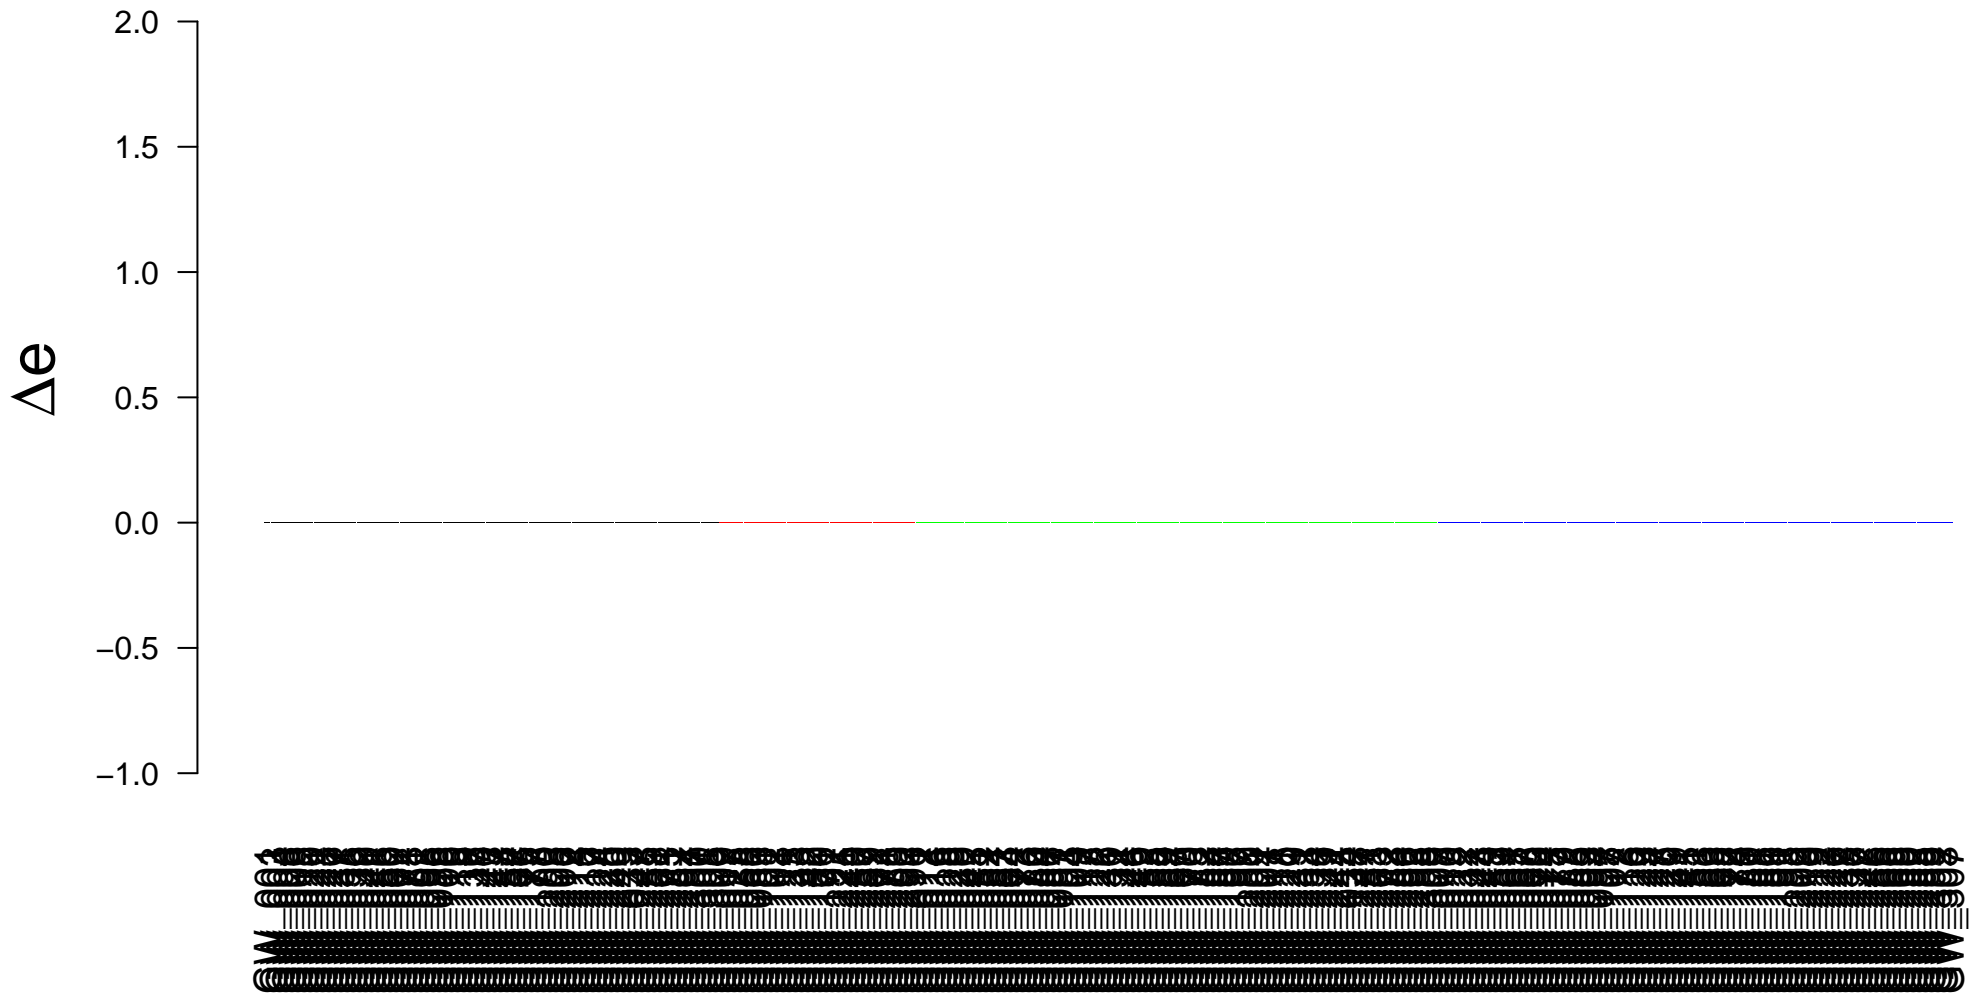

Expression of actin filament-based movement in Spot G

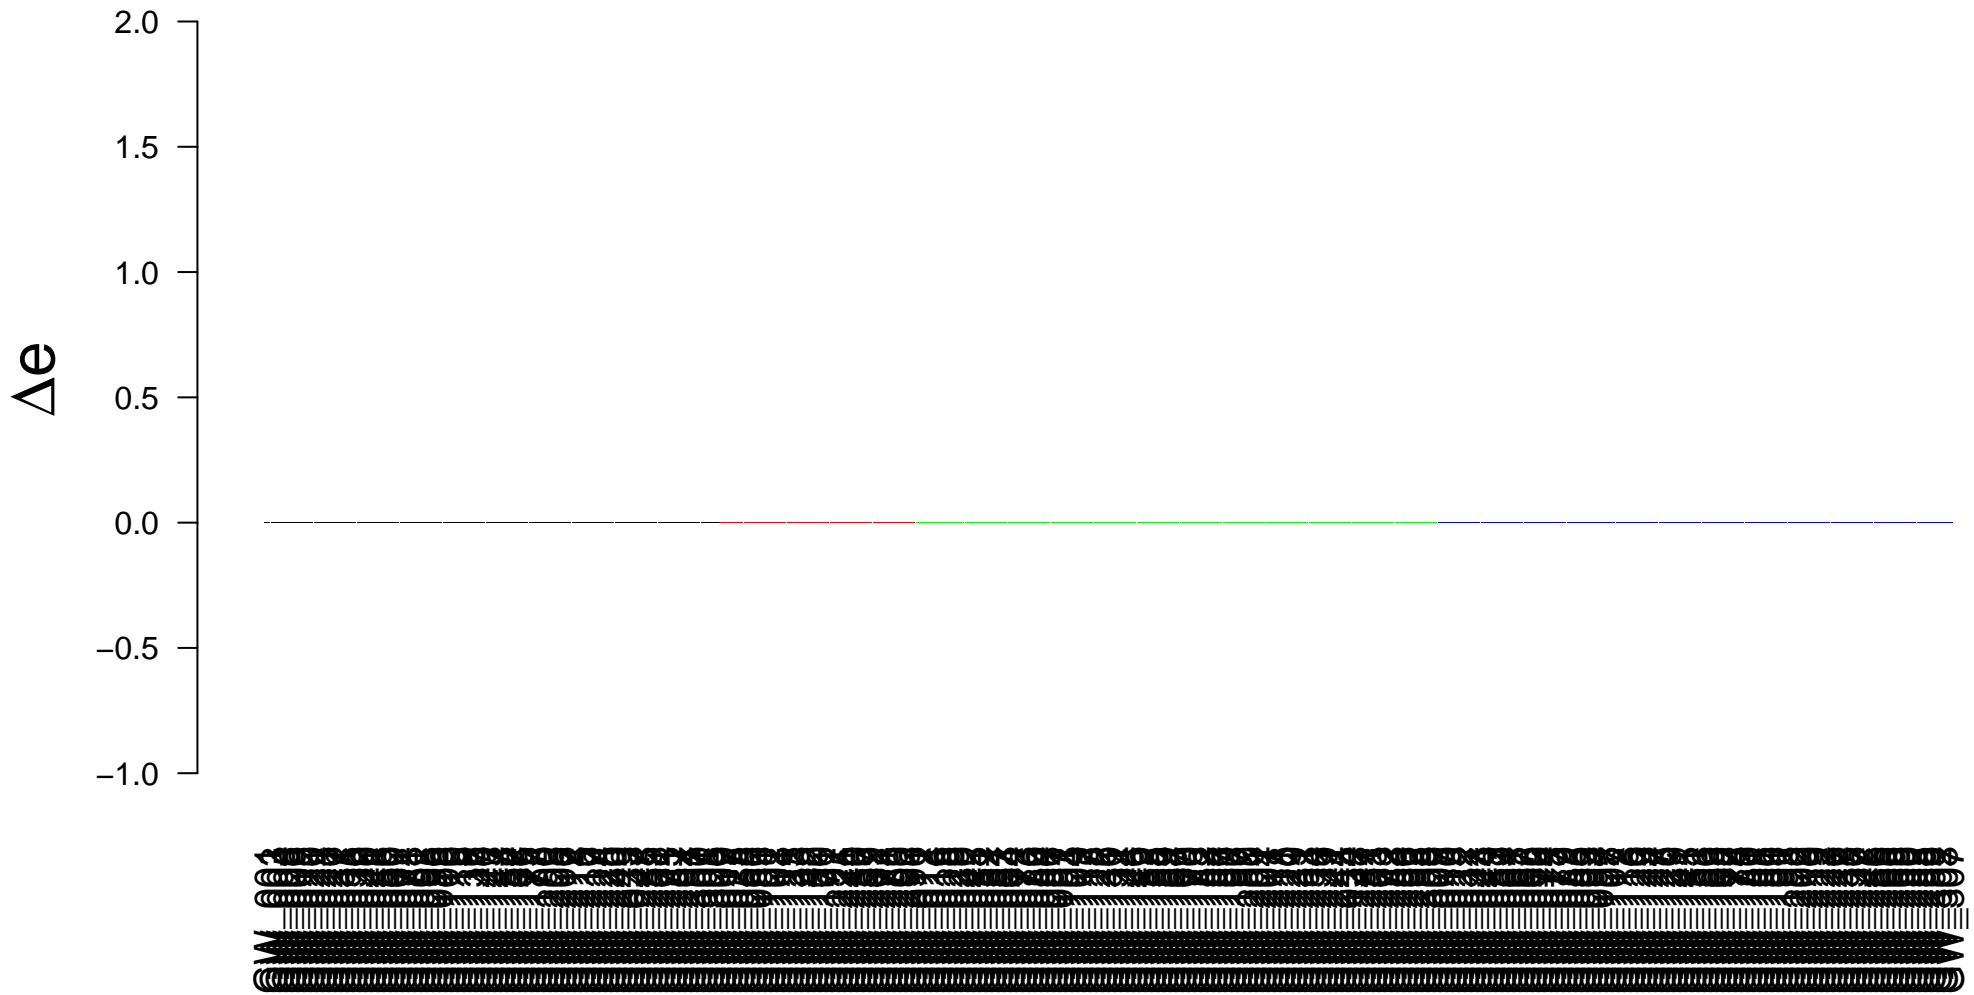

Expression of actin filament-based movement in Spot H

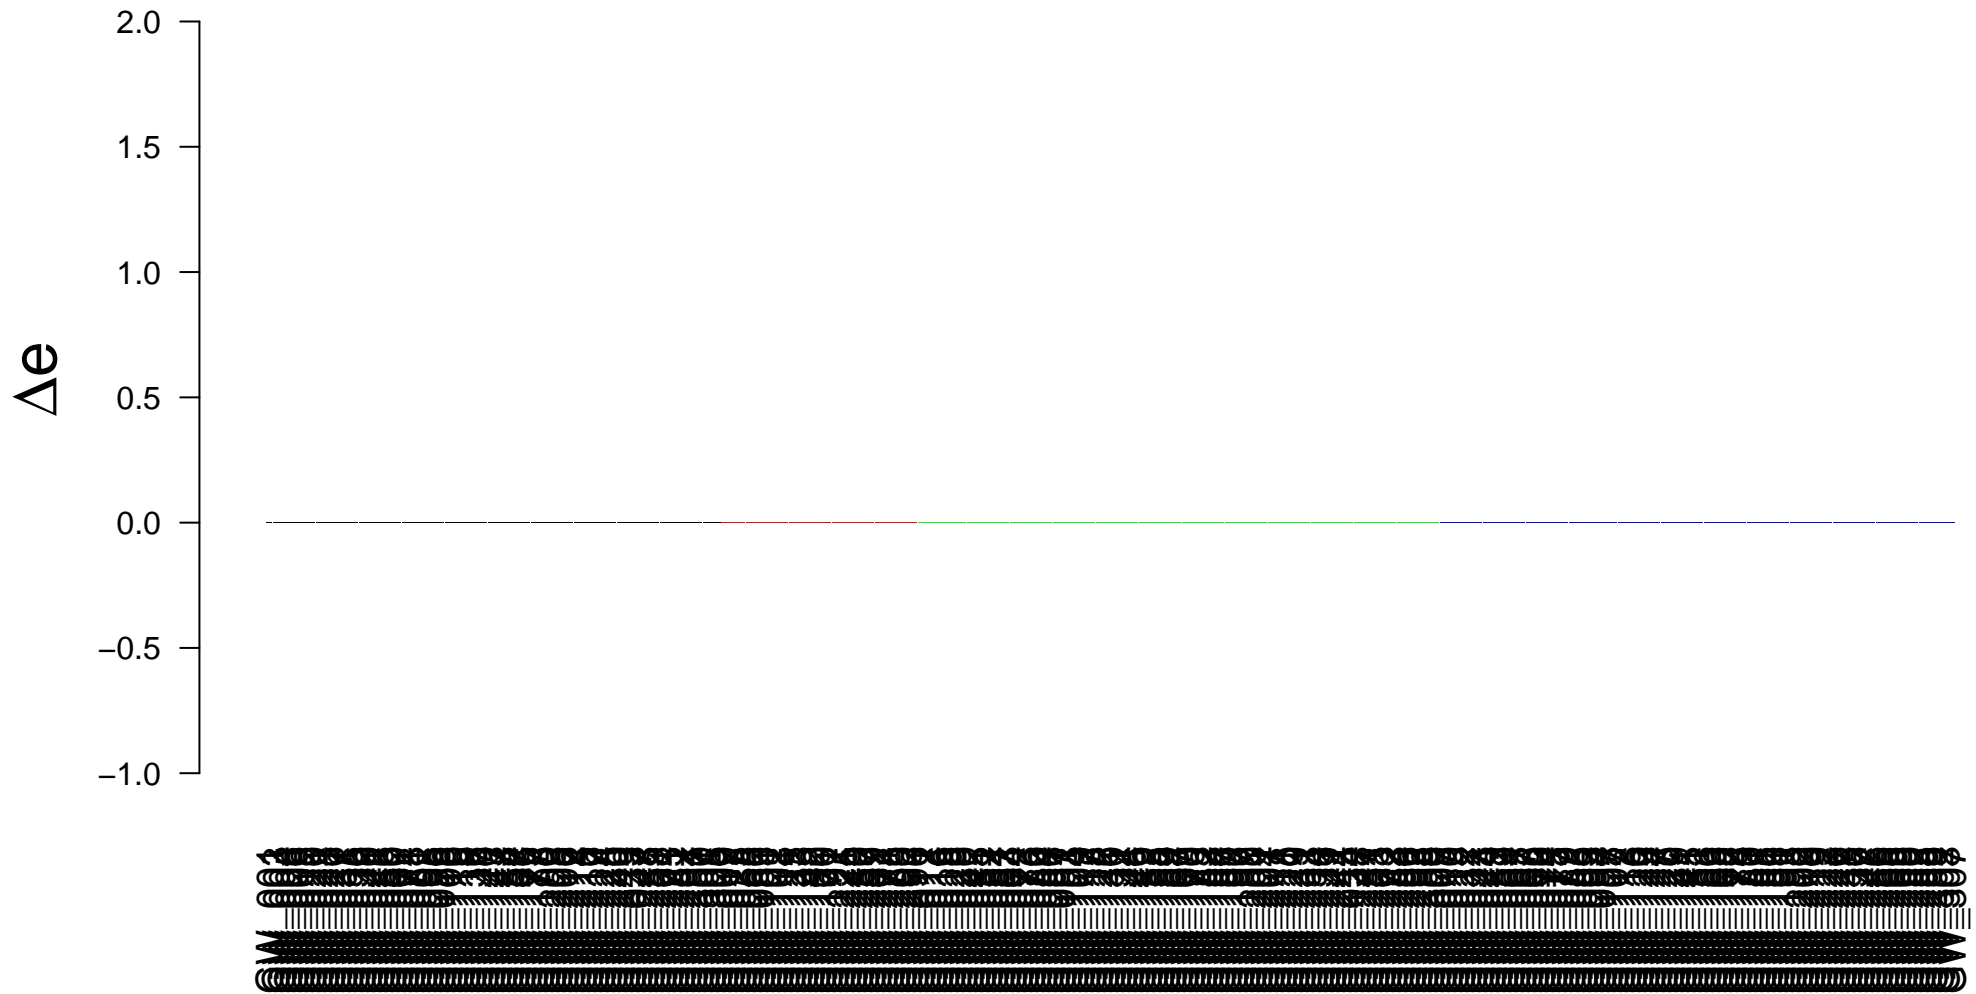

Expression of actin filament-based movement in Spot I

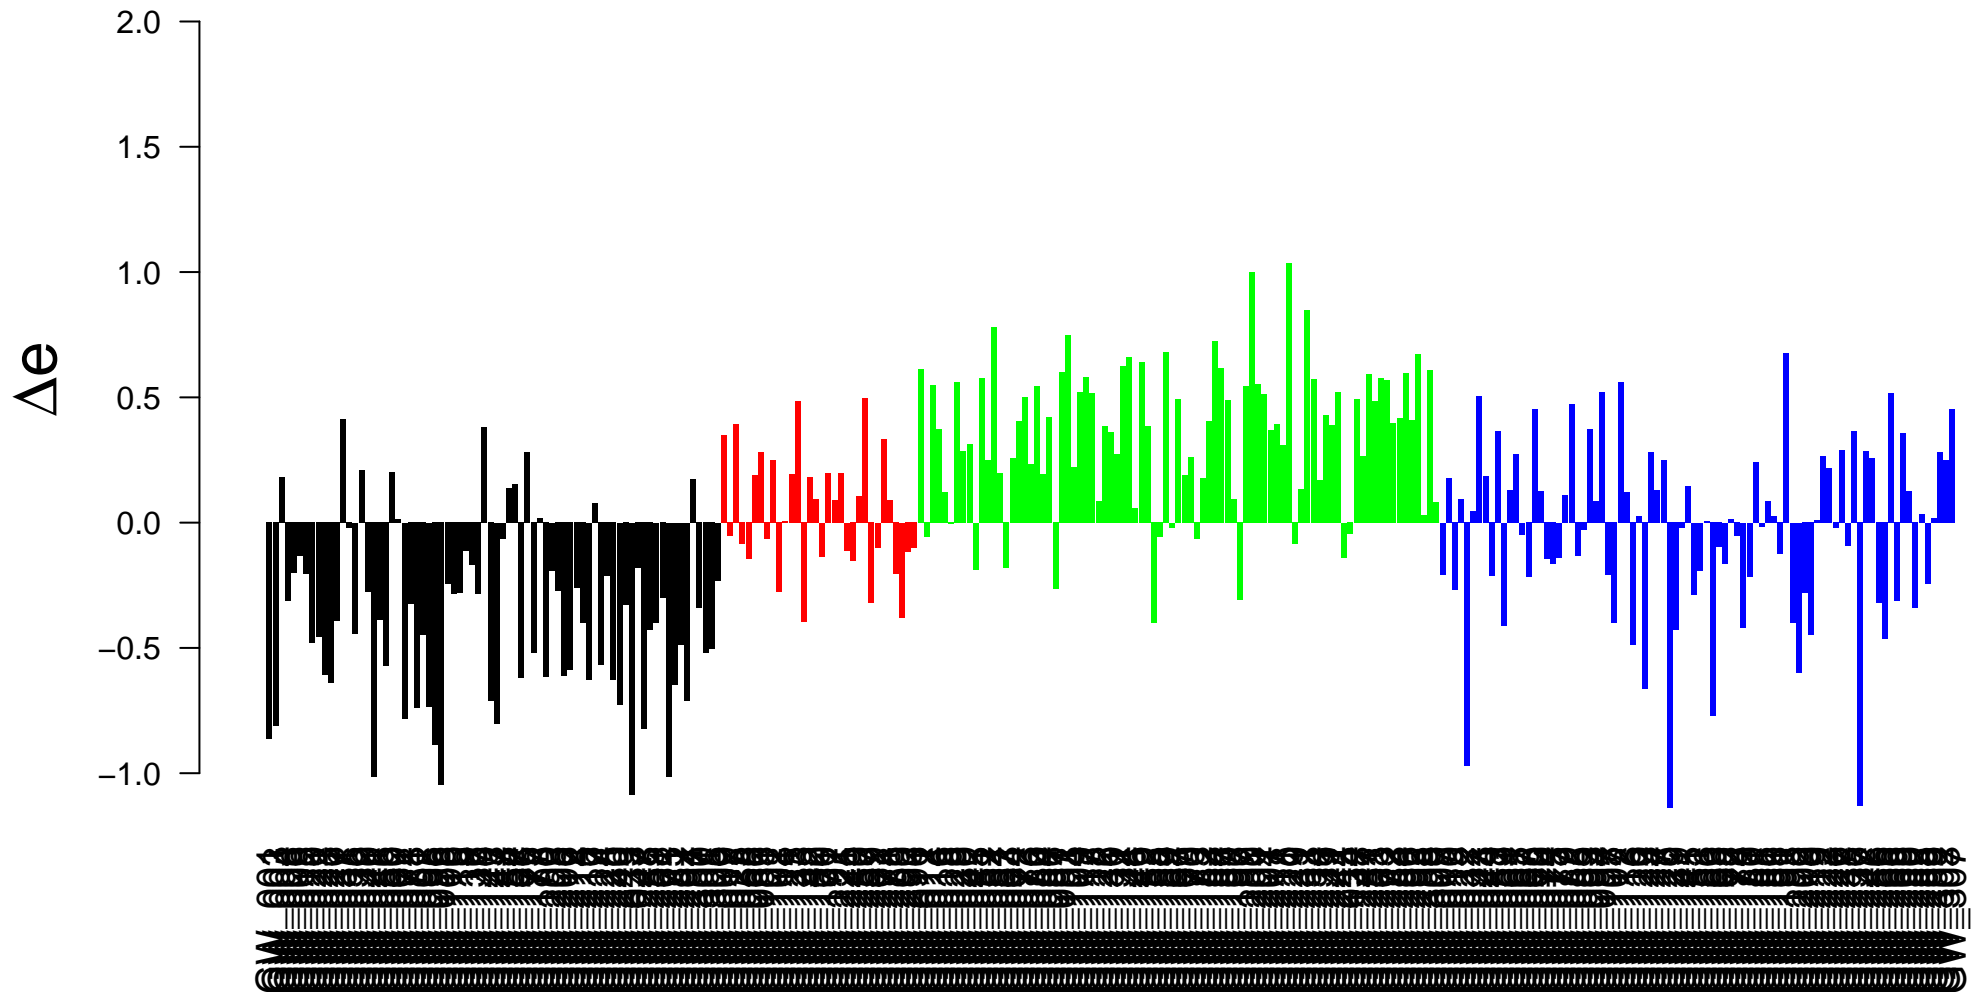

Expression of actin filament-based movement in Spot J

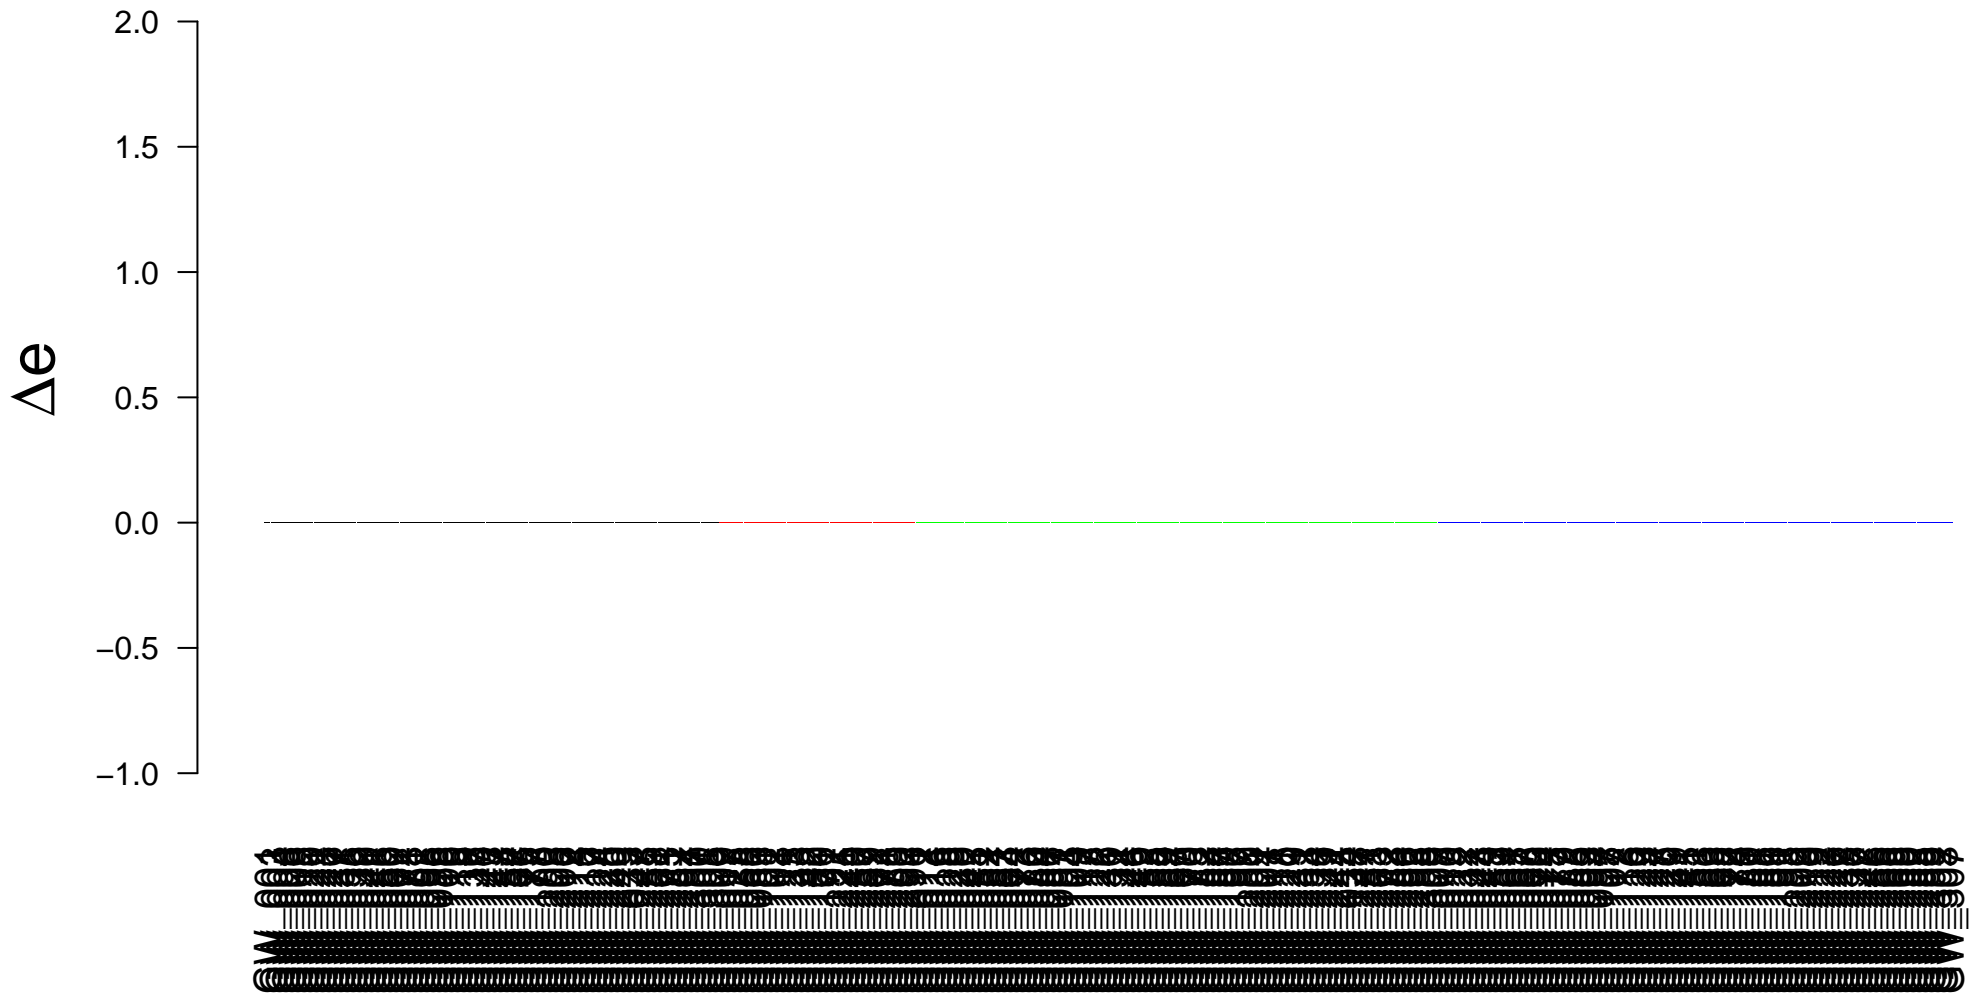

Expression of actin filament-based movement in Spot K

Expression of actin filament-based movement in Spot L

Expression of actin filament-based movement in Spot M

Expression of actin filament-based movement in Spot N
