

antigen processing and presentation of exogenous peptide antigen via MHC class I

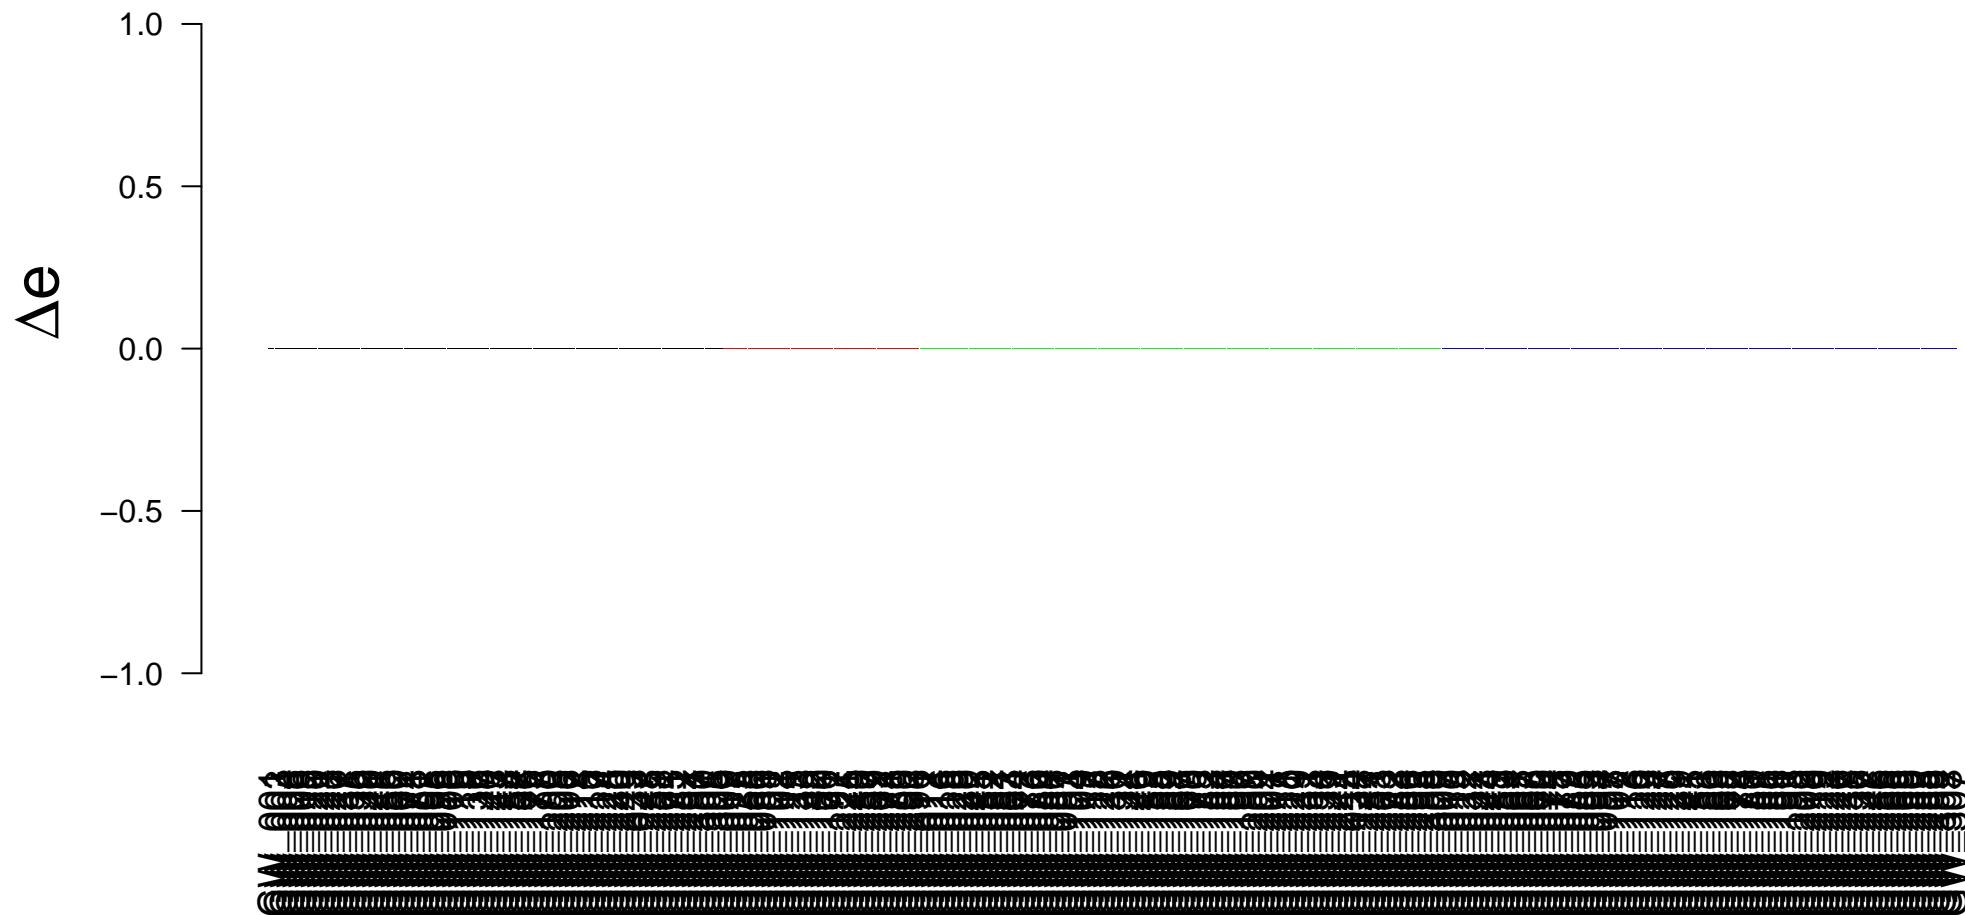

antigen processing and presentation of exogenous peptide antigen via MHC class I

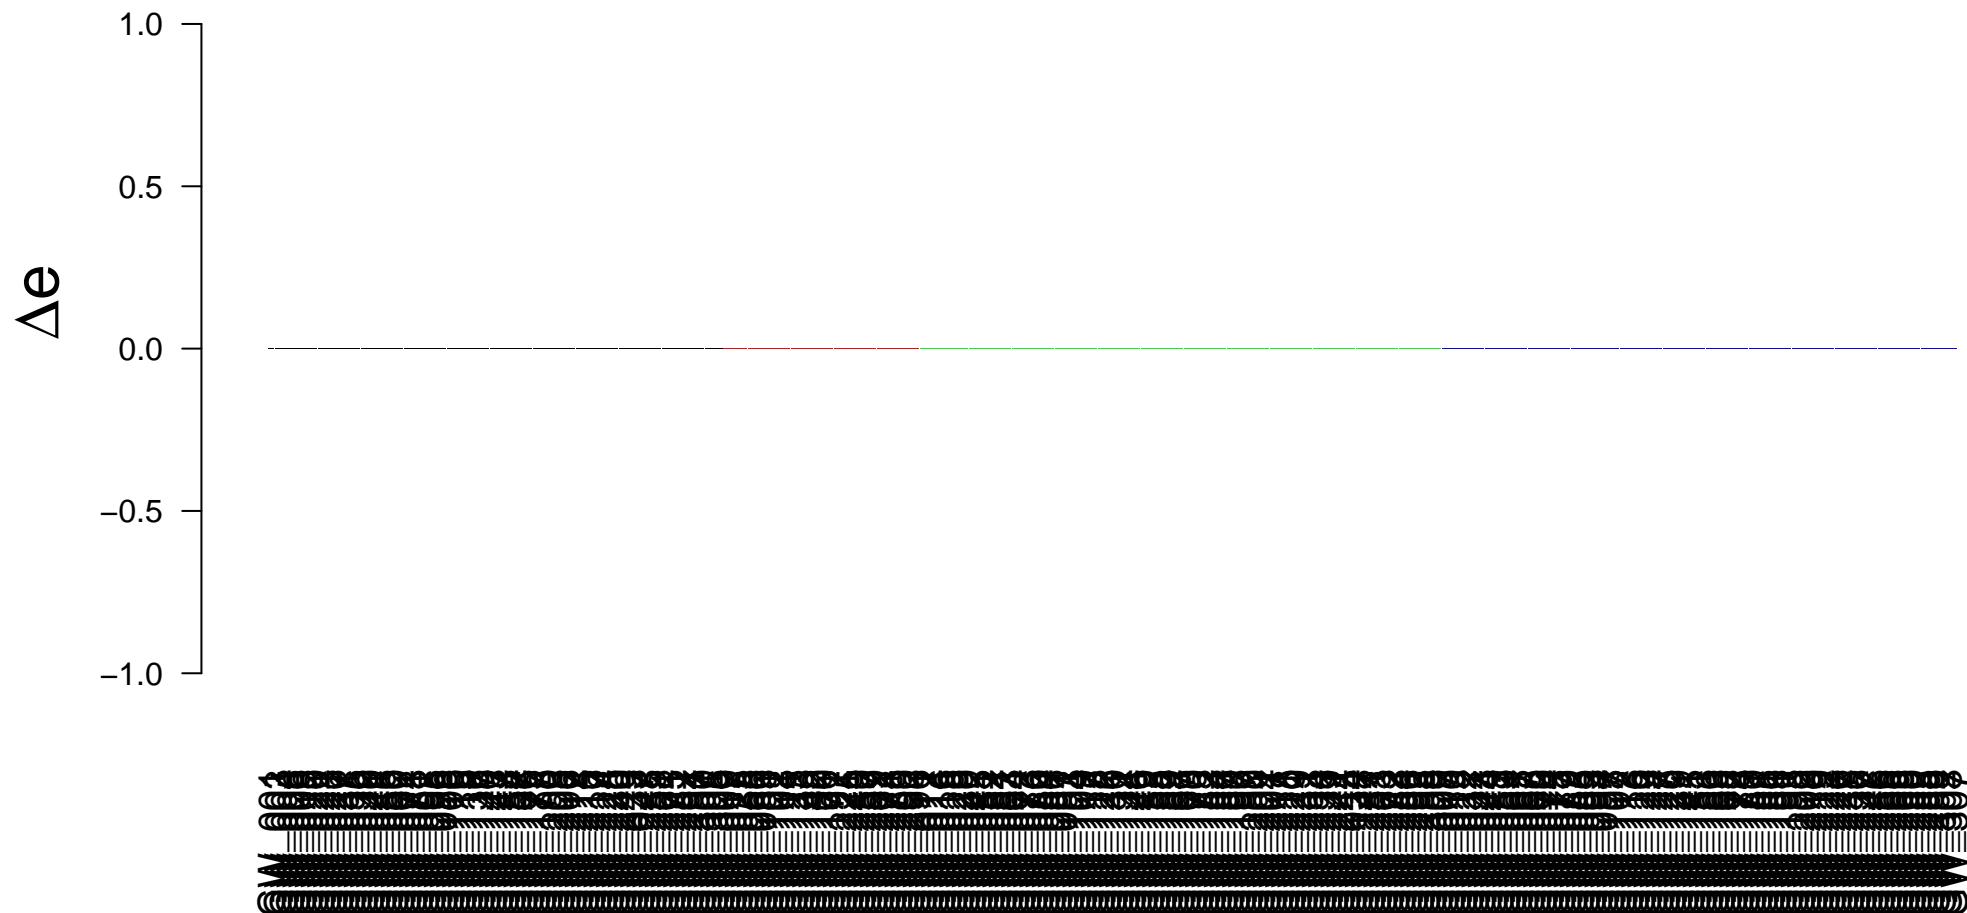

Enrichment in spots: antigen processing and presentation of exogenous peptide antigen via MHC class I

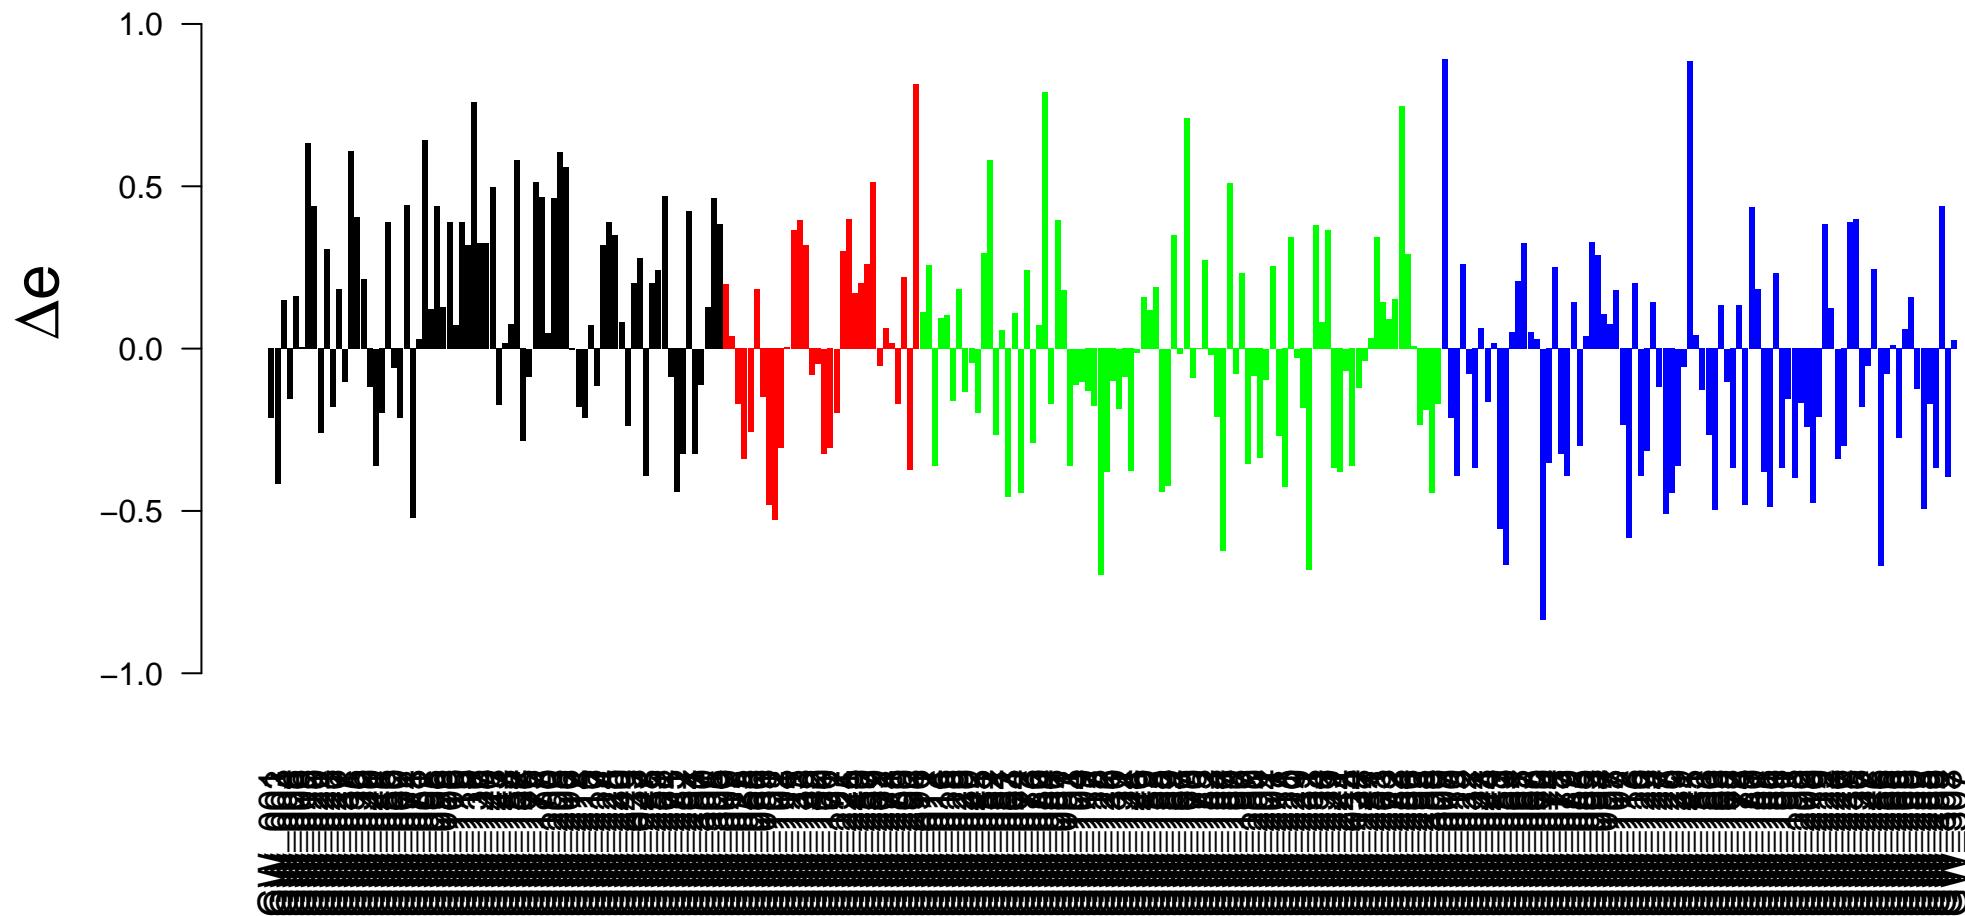

Expression of antigen processing and presentation of exogenous peptide antigen via MHC class I in Spot A

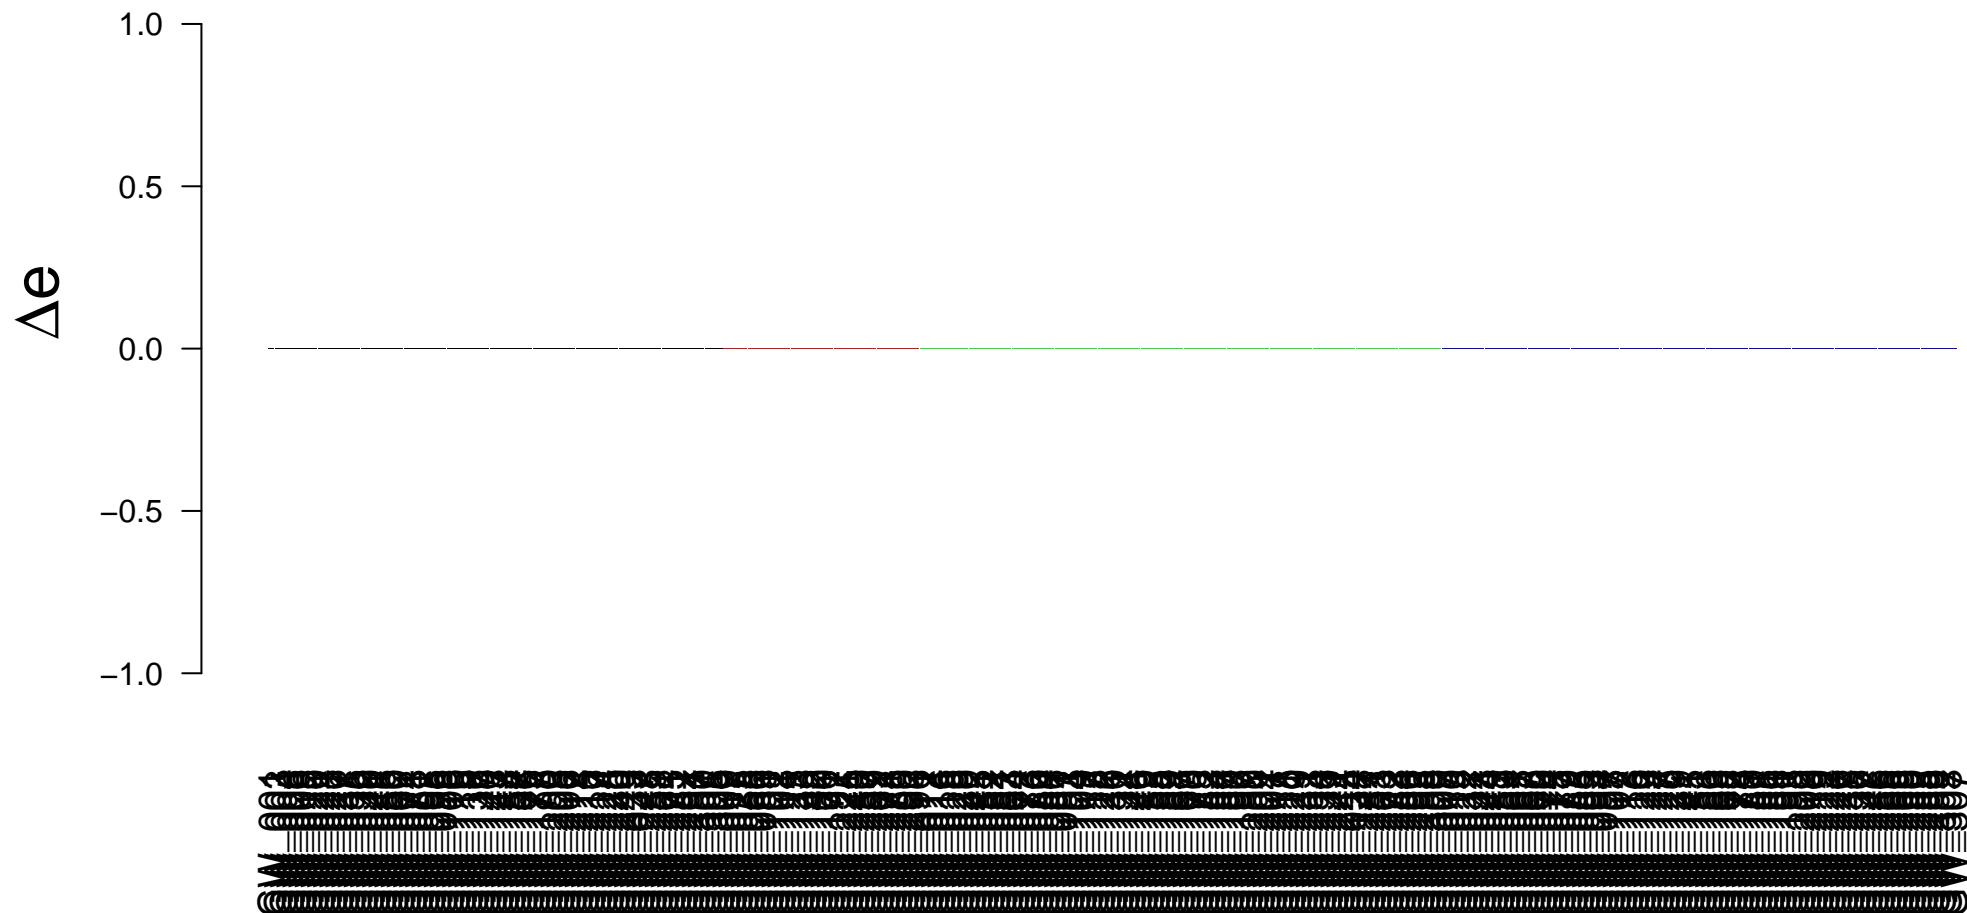

Expression of antigen processing and presentation of exogenous peptide antigen via MHC class I in Spot B

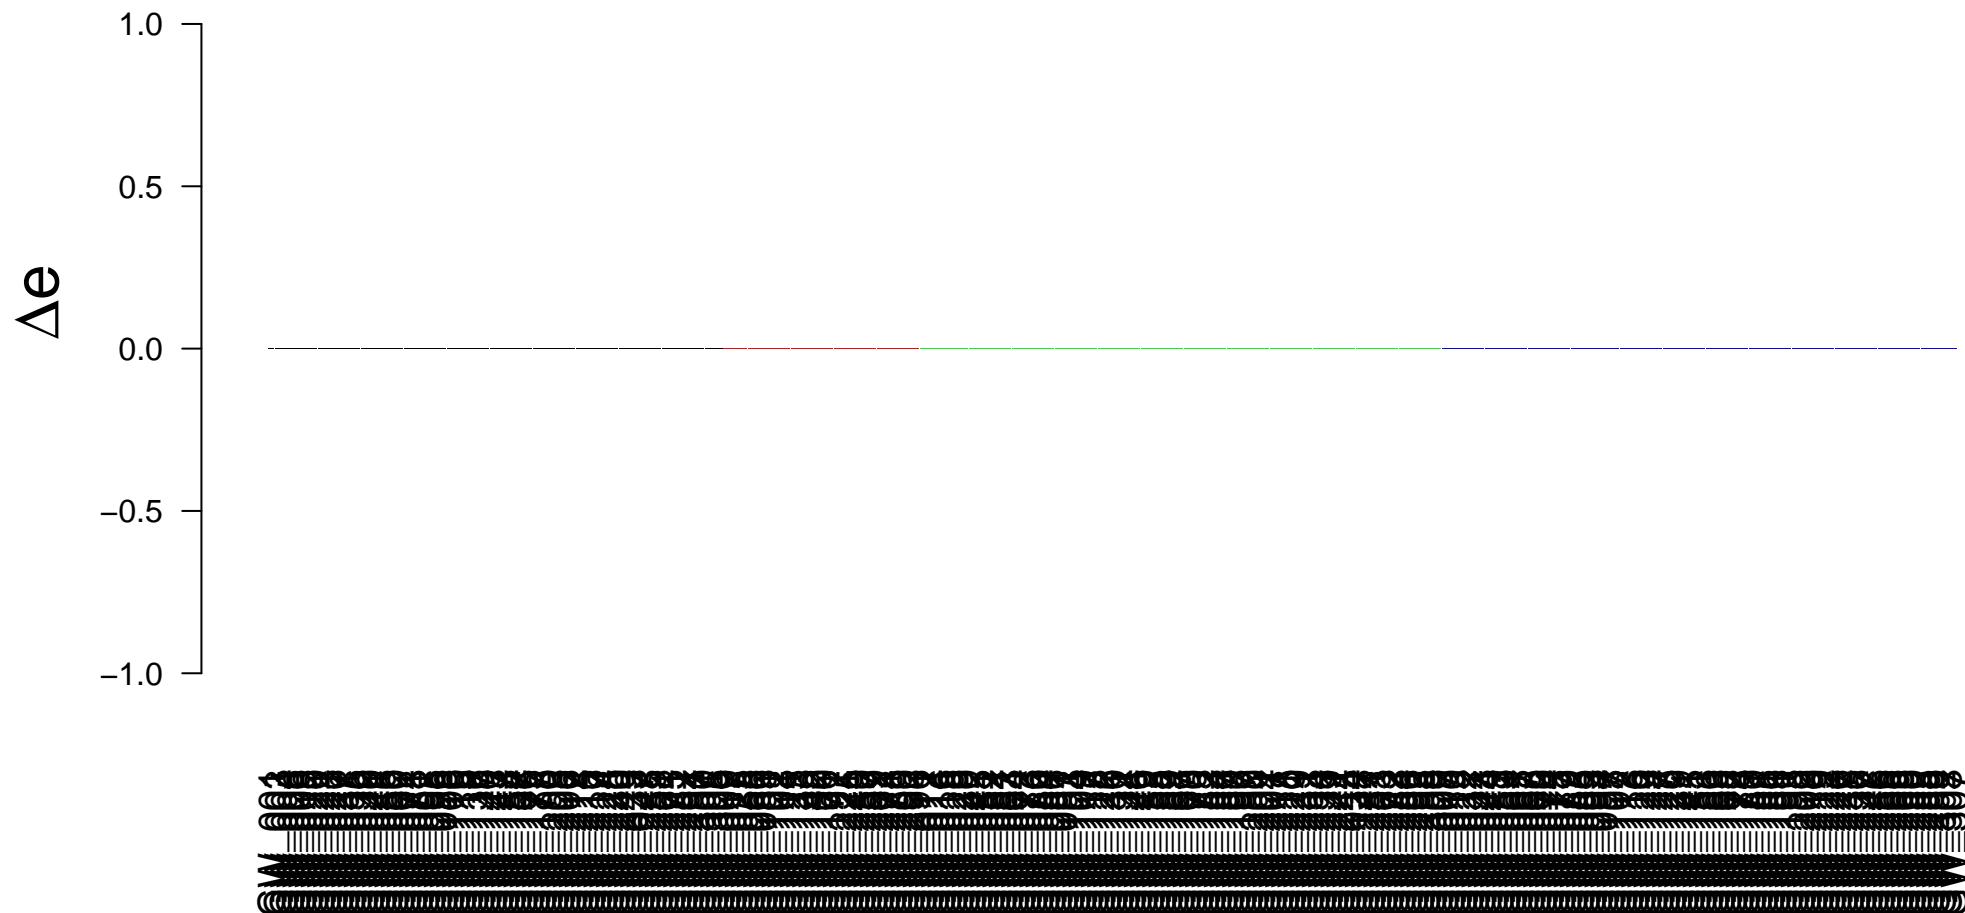

Expression of antigen processing and presentation of exogenous peptide antigen via MHC class I in Spot C

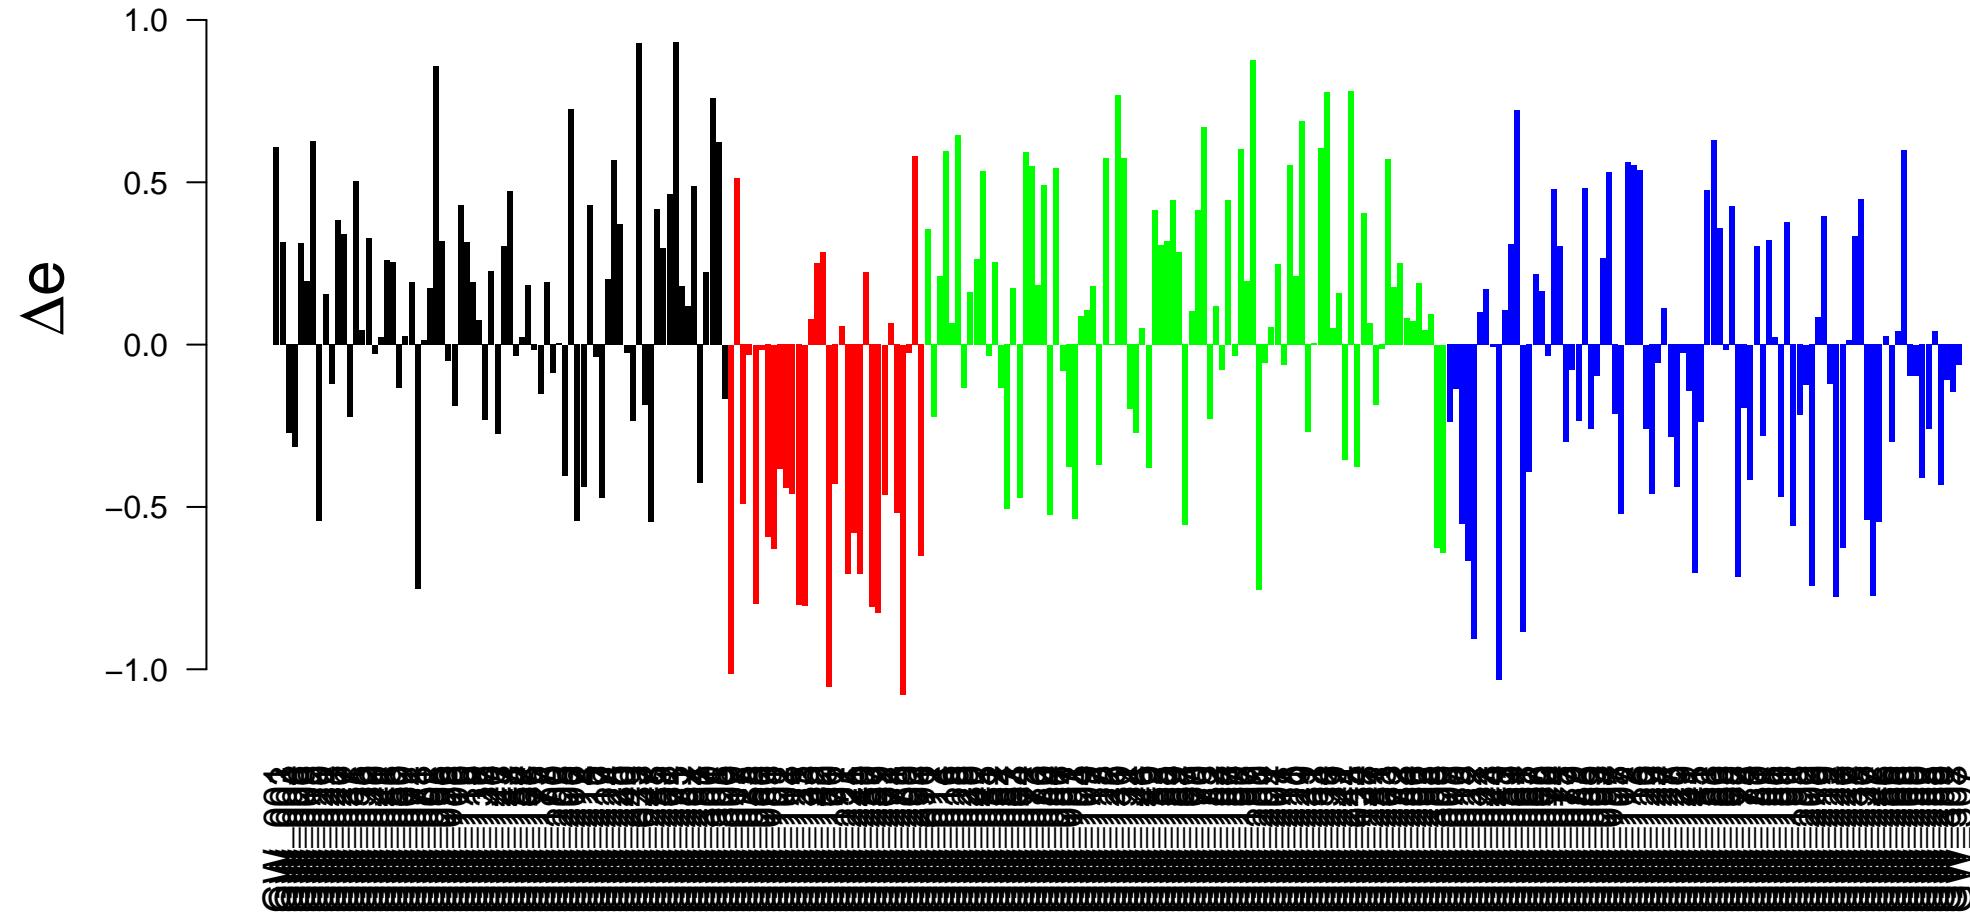

Expression of antigen processing and presentation of exogenous peptide antigen via MHC class I in Spot D

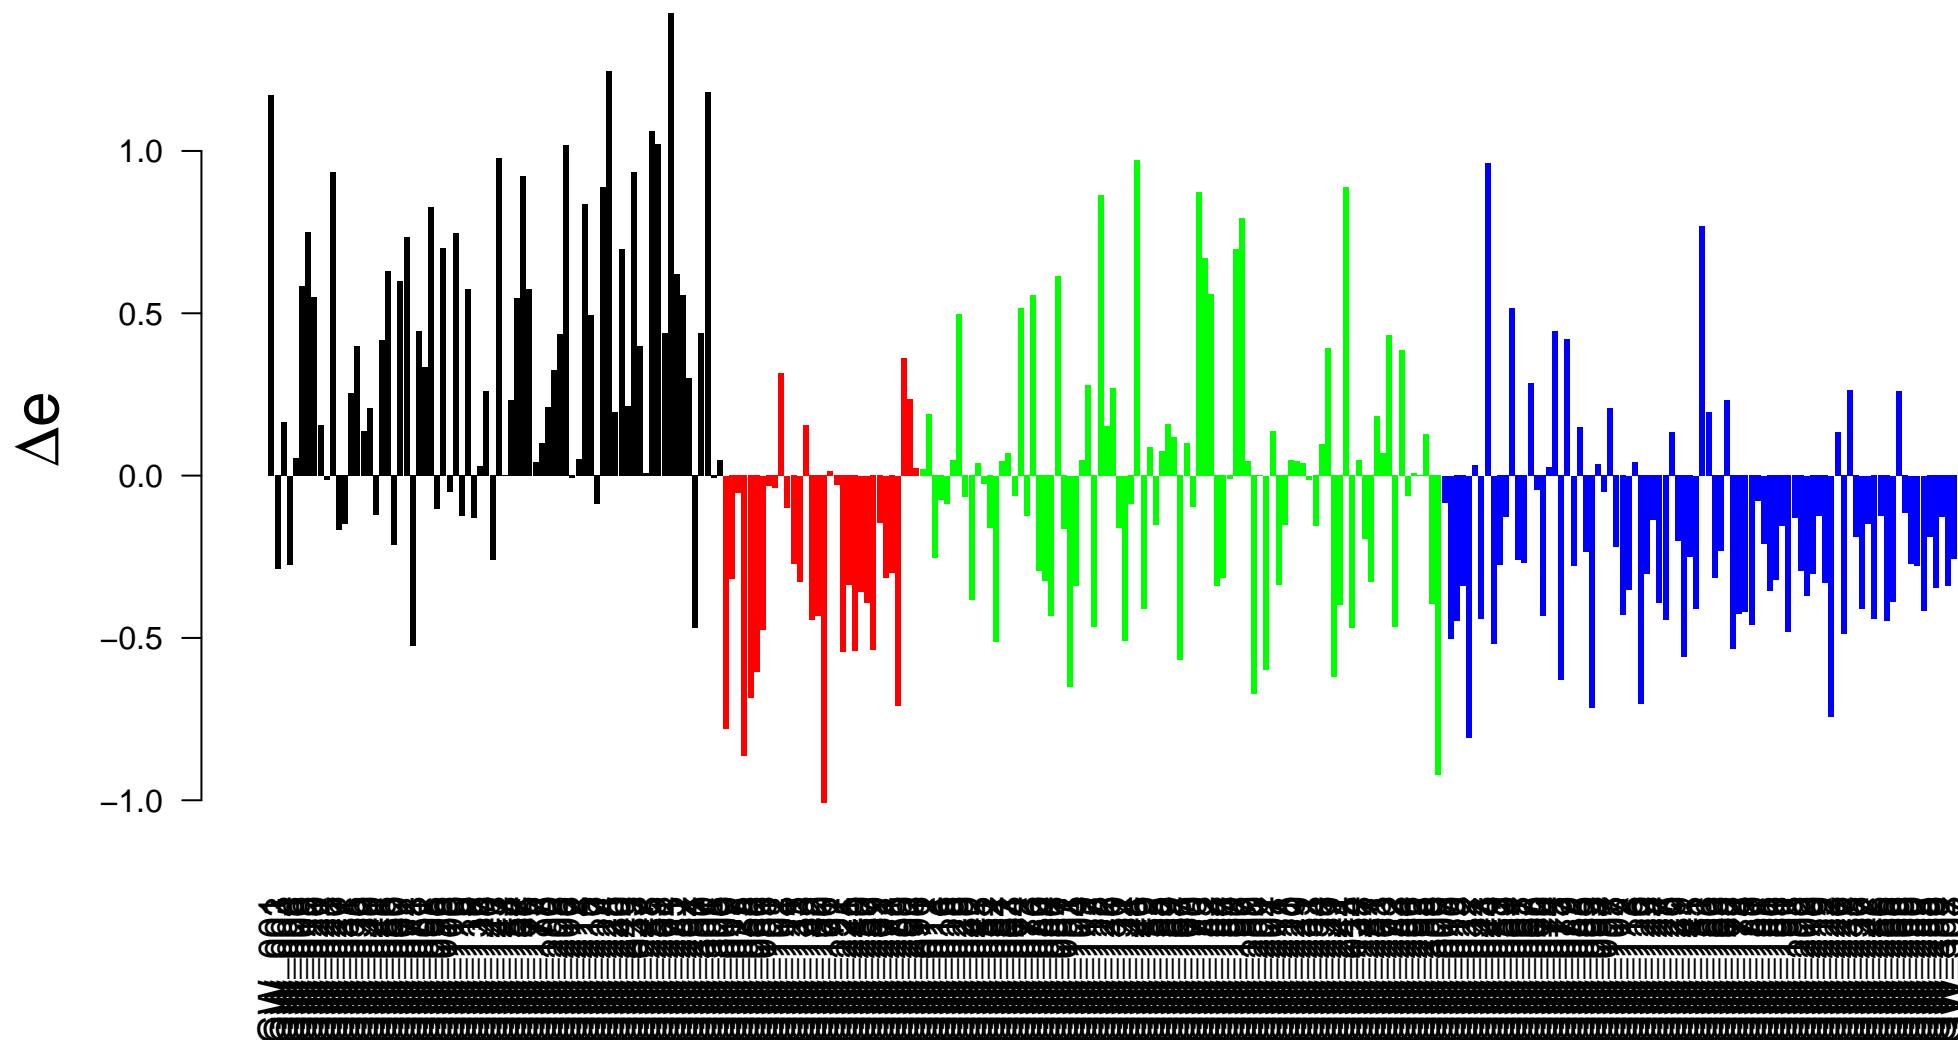

Expression of antigen processing and presentation of exogenous peptide antigen via MHC class I in Spot E

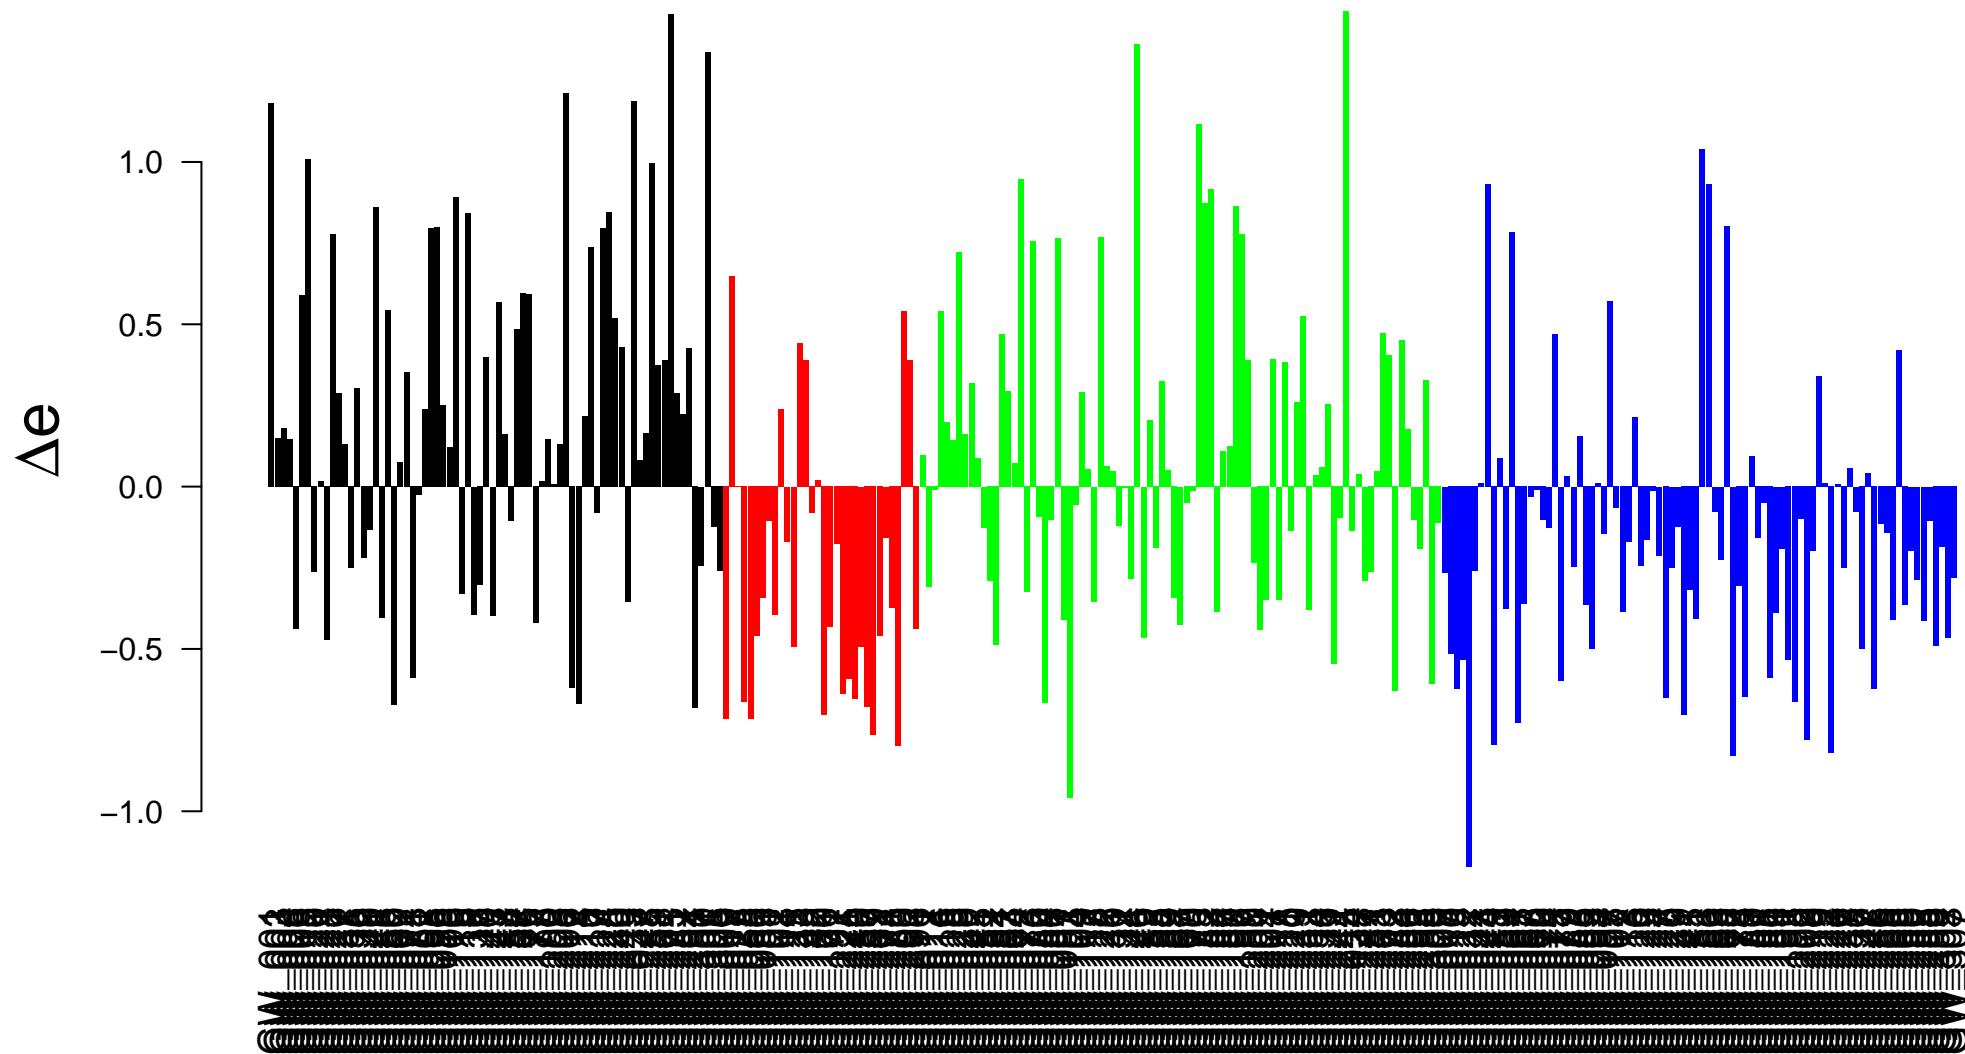

Expression of antigen processing and presentation of exogenous peptide antigen via MHC class I in Spot F

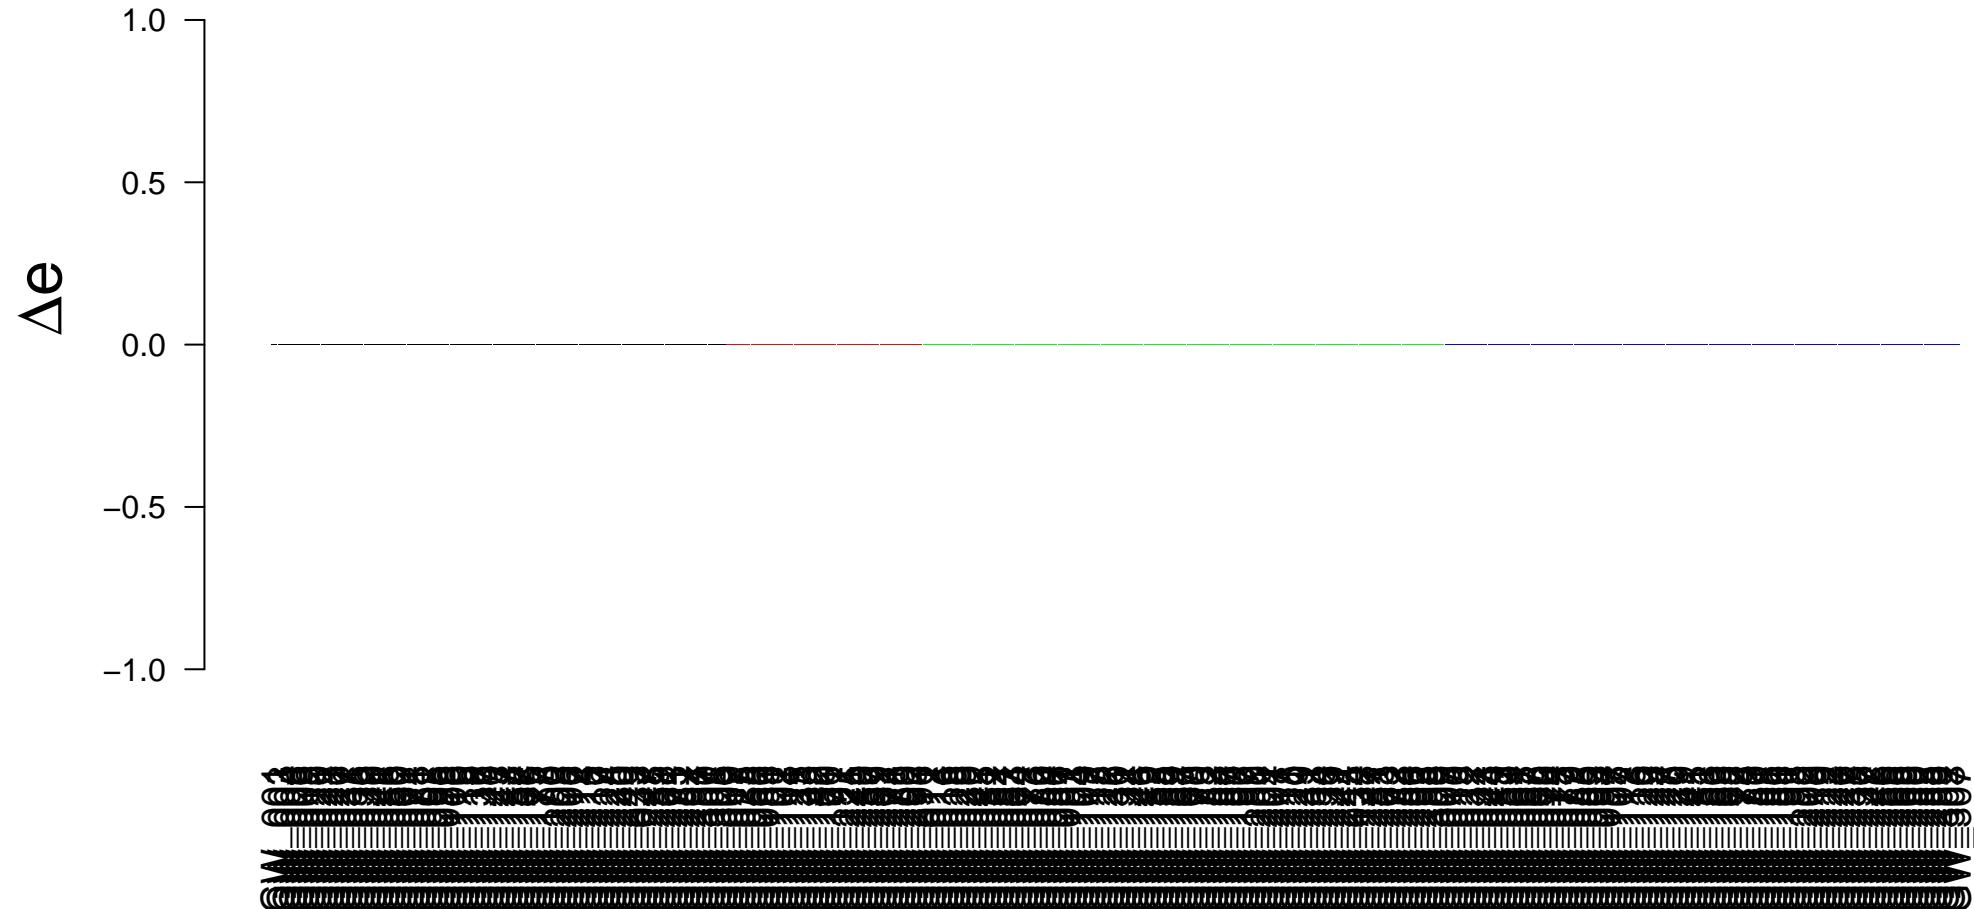

Expression of antigen processing and presentation of exogenous peptide antigen via MHC class I in Spot G

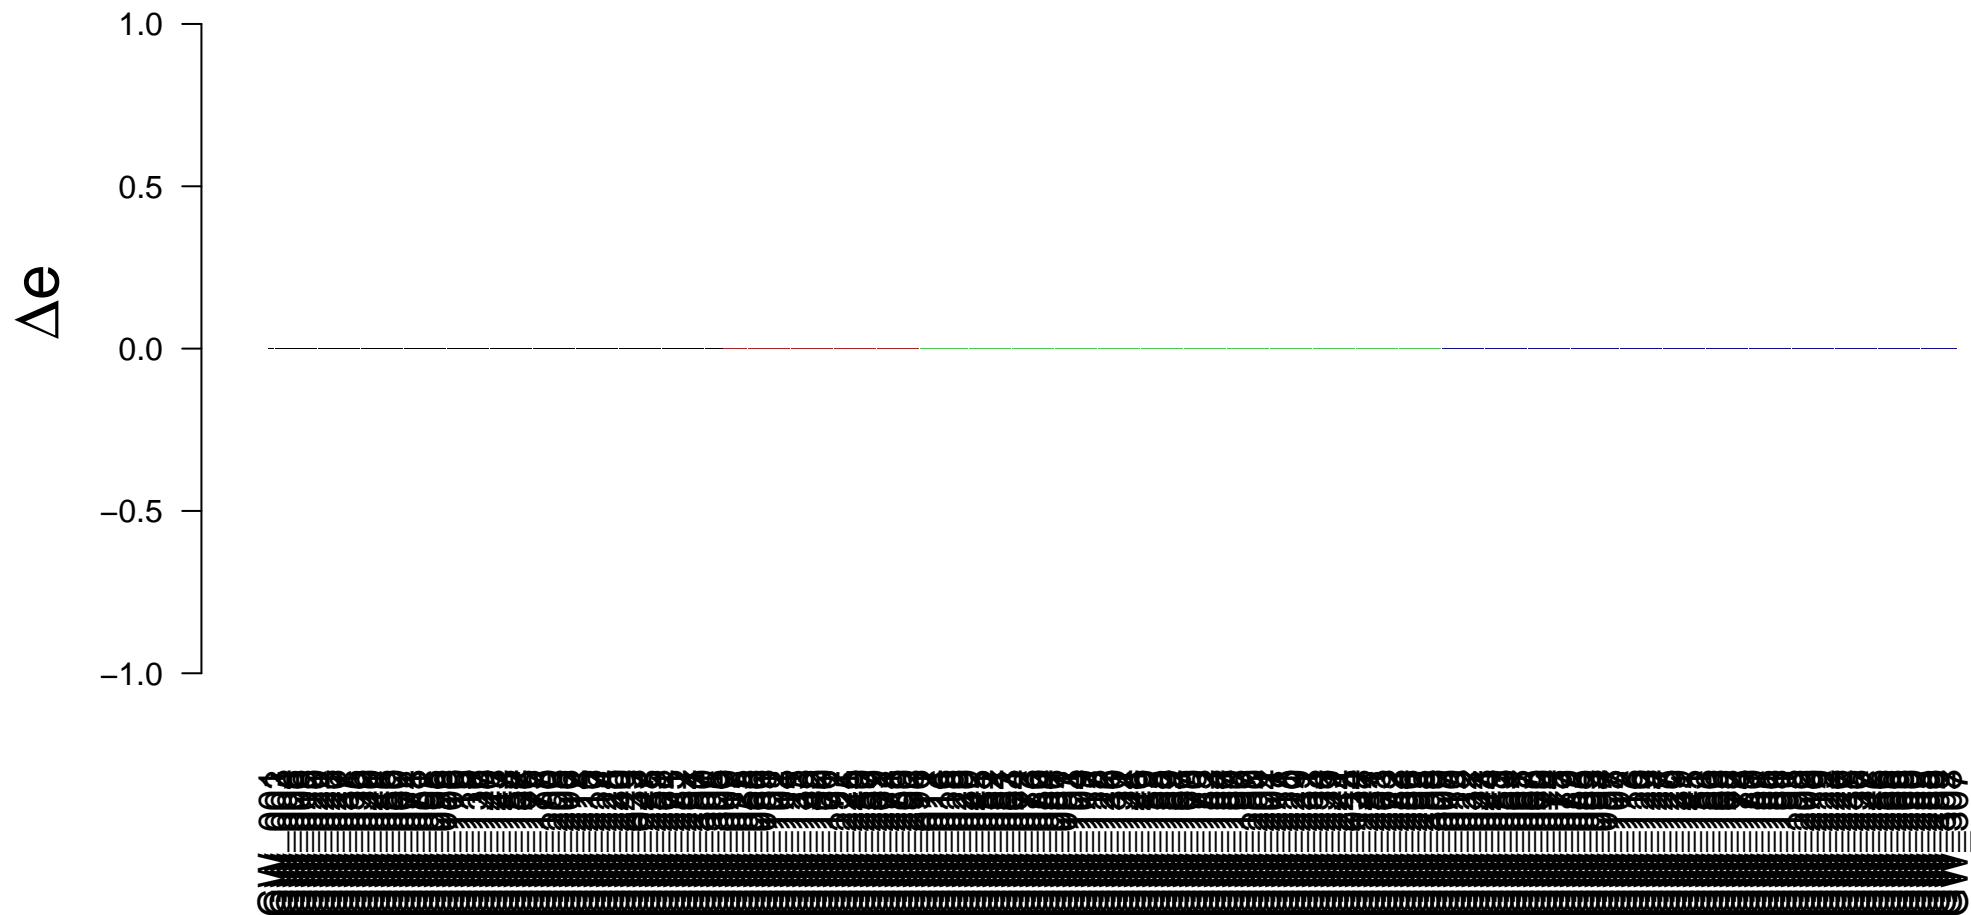

Expression of antigen processing and presentation of exogenous peptide antigen via MHC class I in Spot H

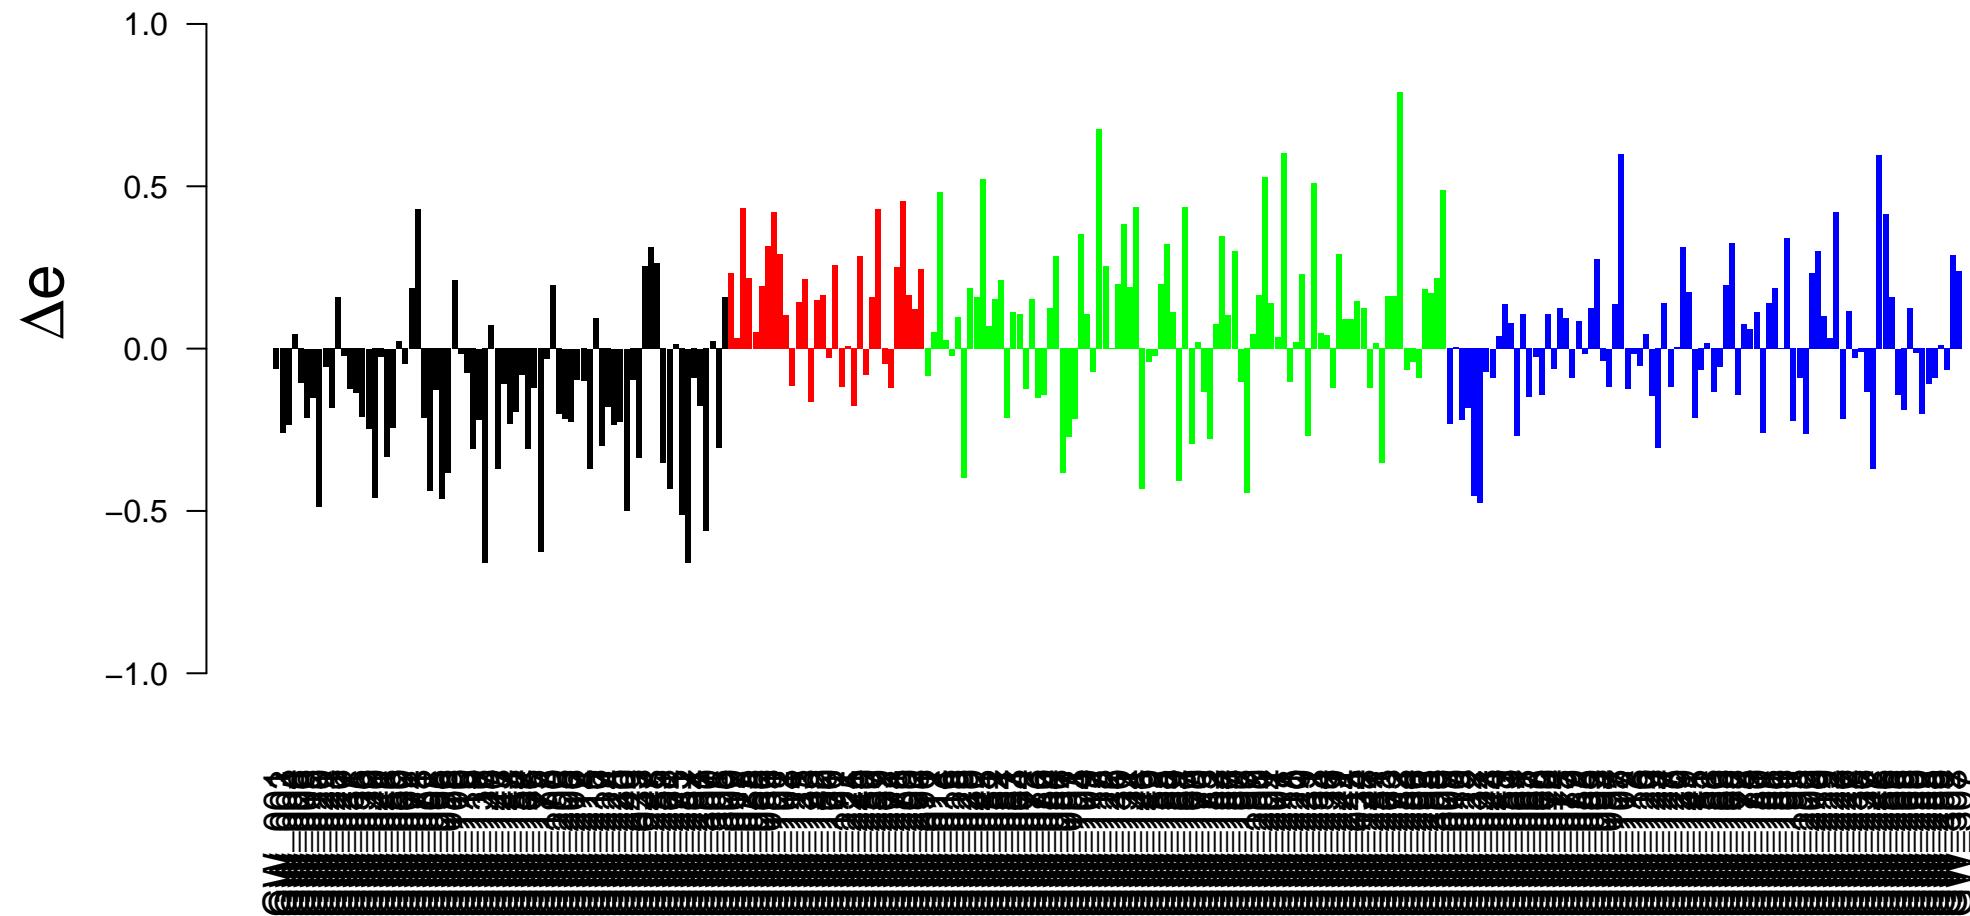

Expression of antigen processing and presentation of exogenous peptide antigen via MHC class I in Spot I

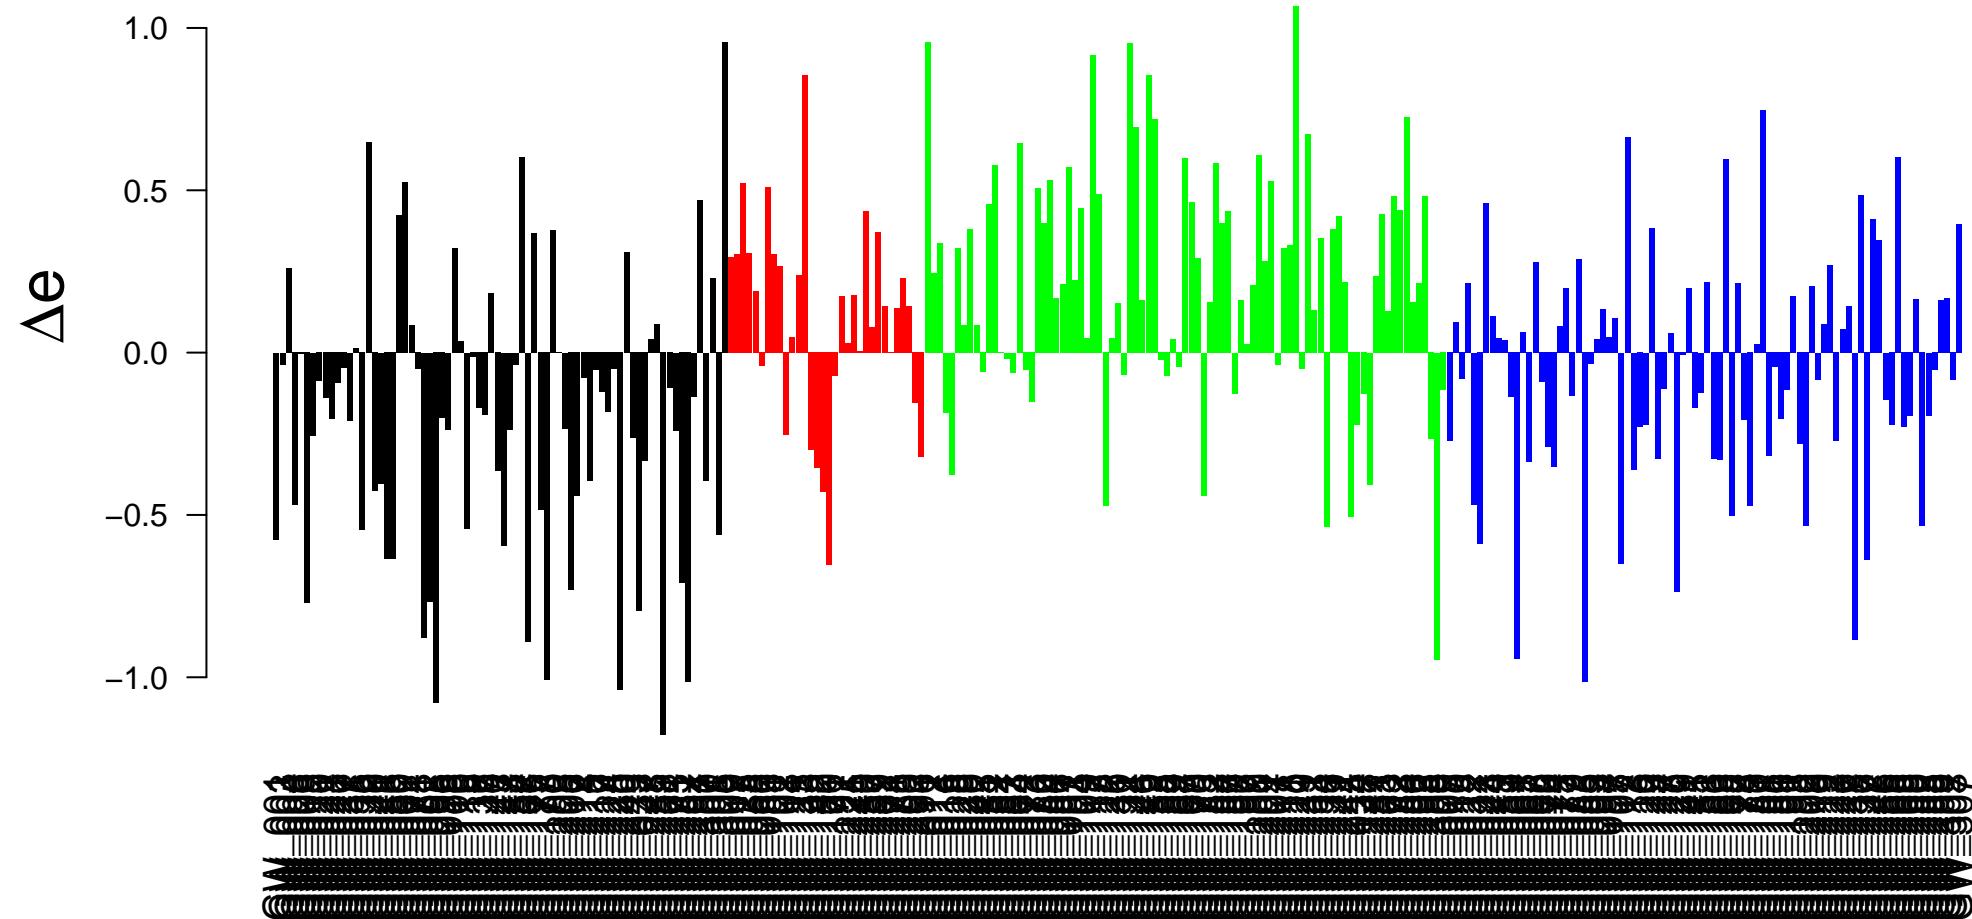

Expression of antigen processing and presentation of exogenous peptide antigen via MHC class I in Spot J

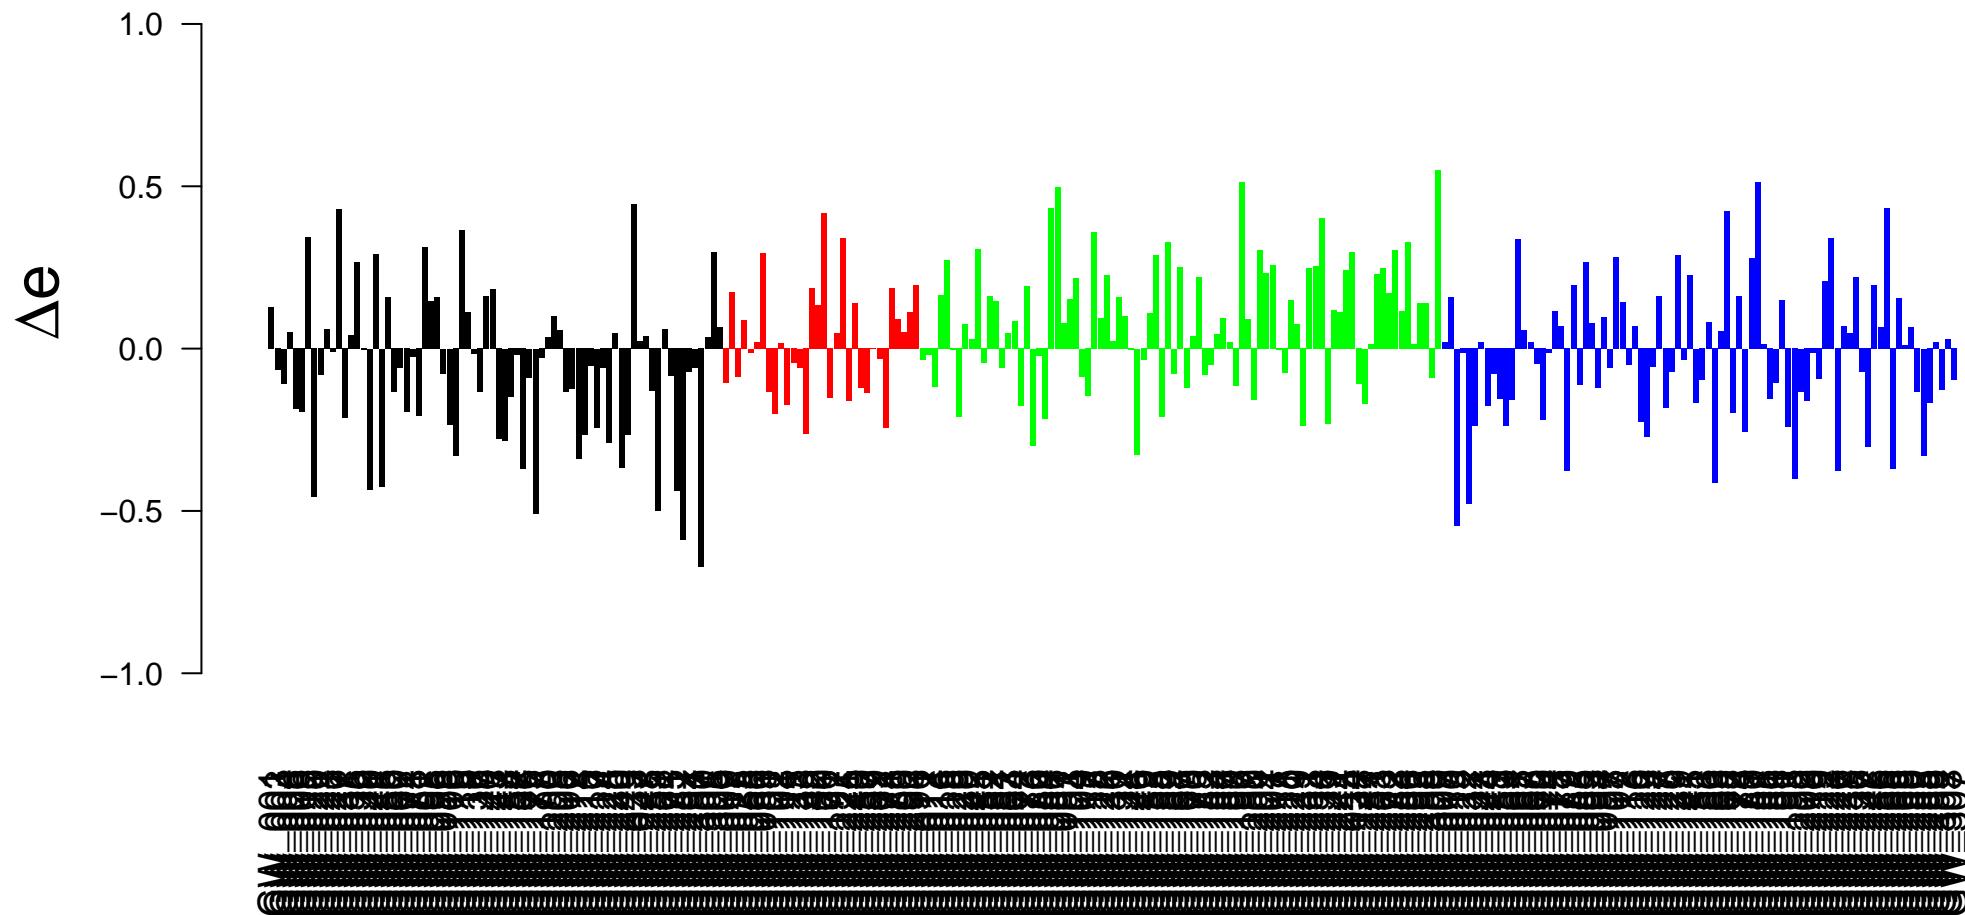

Expression of antigen processing and presentation of exogenous peptide antigen via MHC class I in Spot K

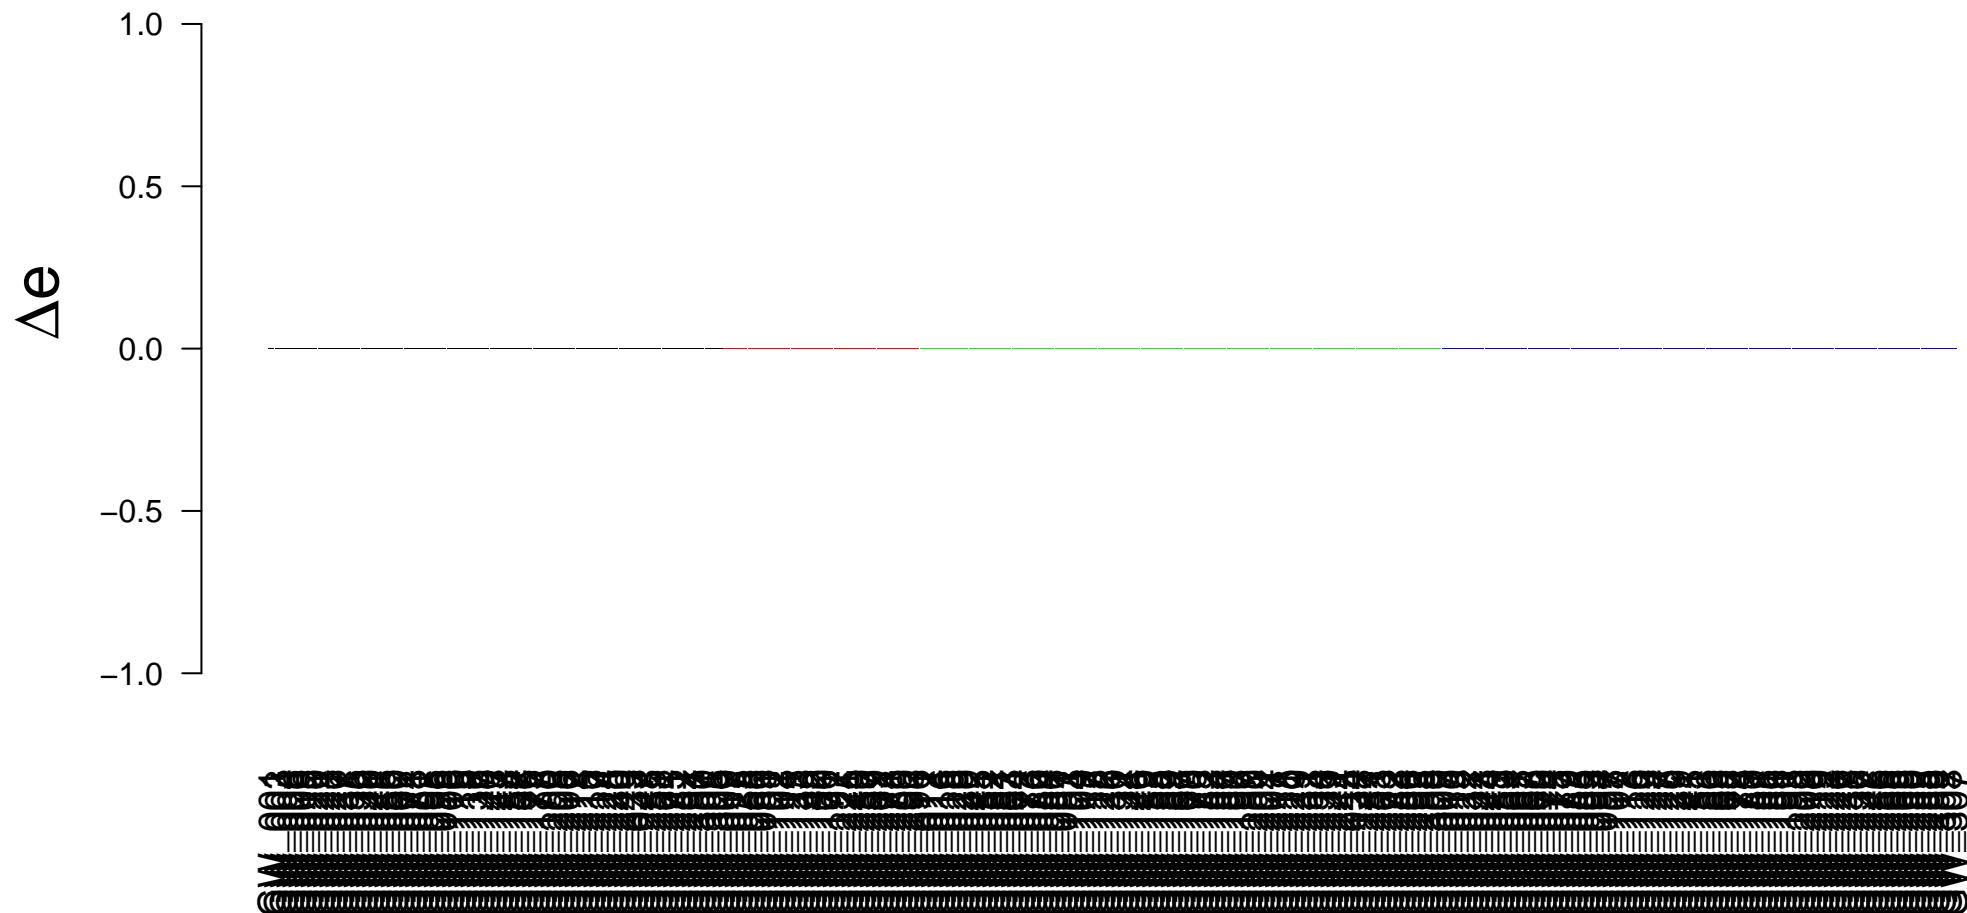

Expression of antigen processing and presentation of exogenous peptide antigen via MHC class I in Spot L

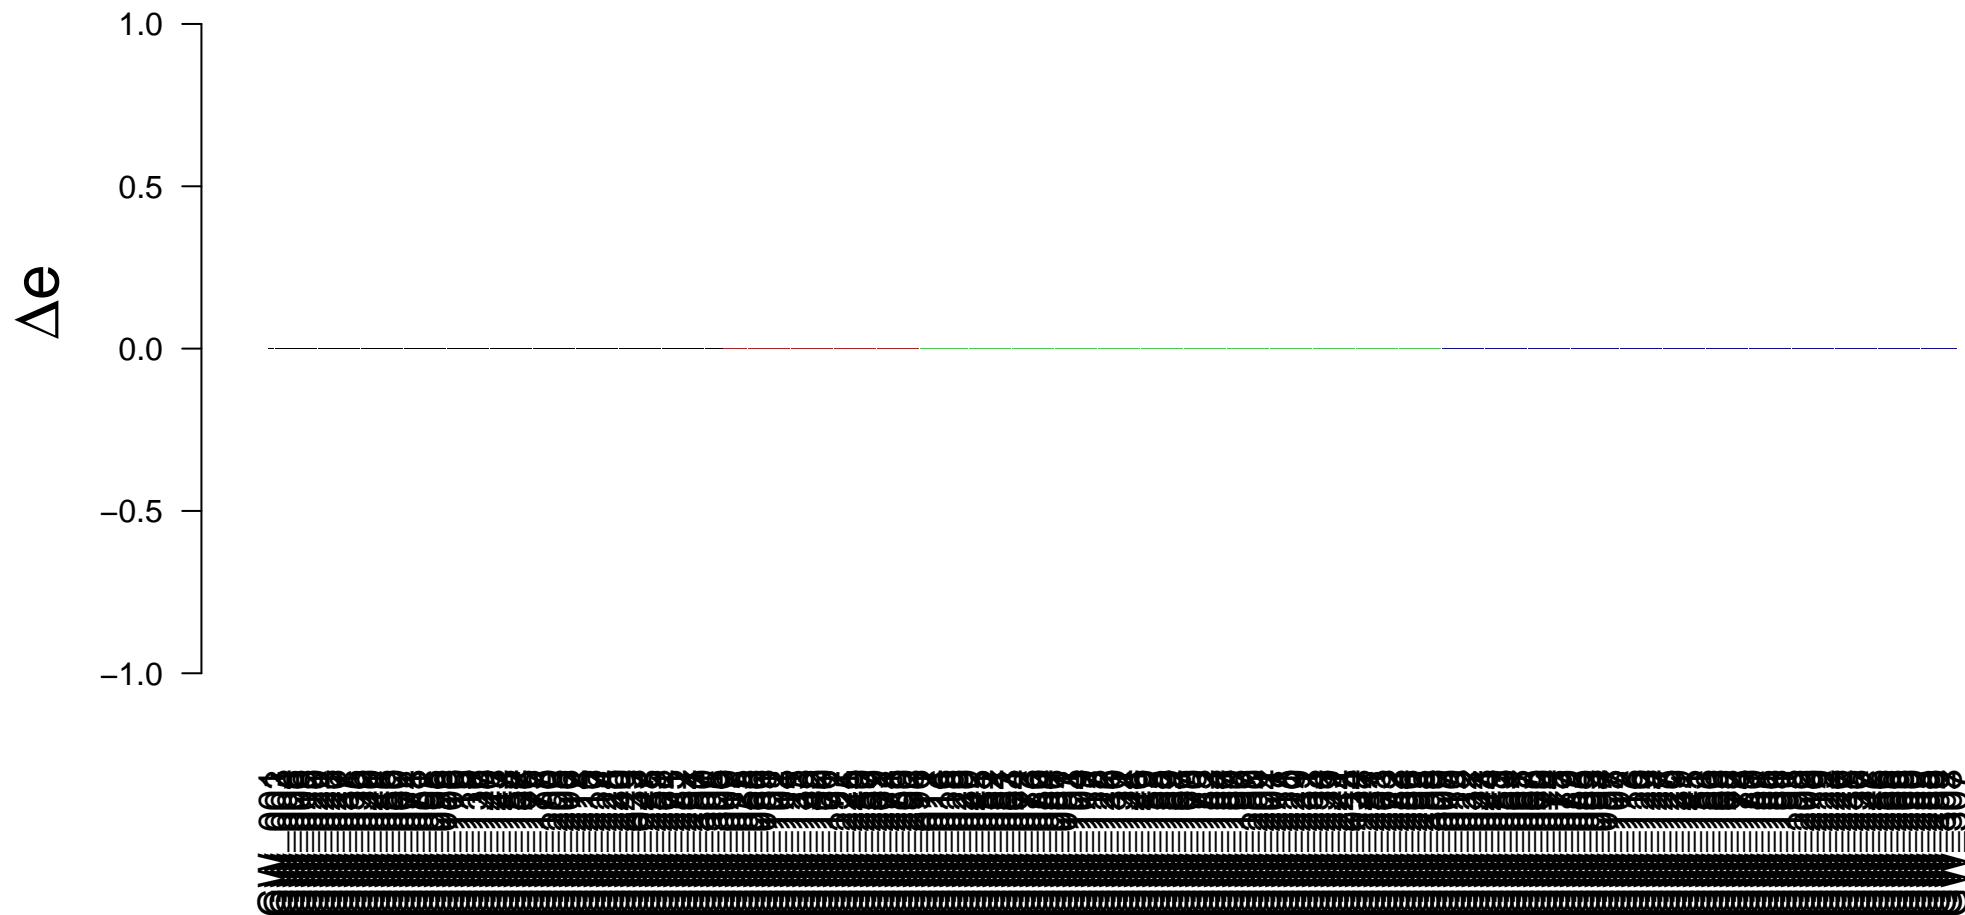

Expression of antigen processing and presentation of exogenous peptide antigen via MHC class I in Spot M

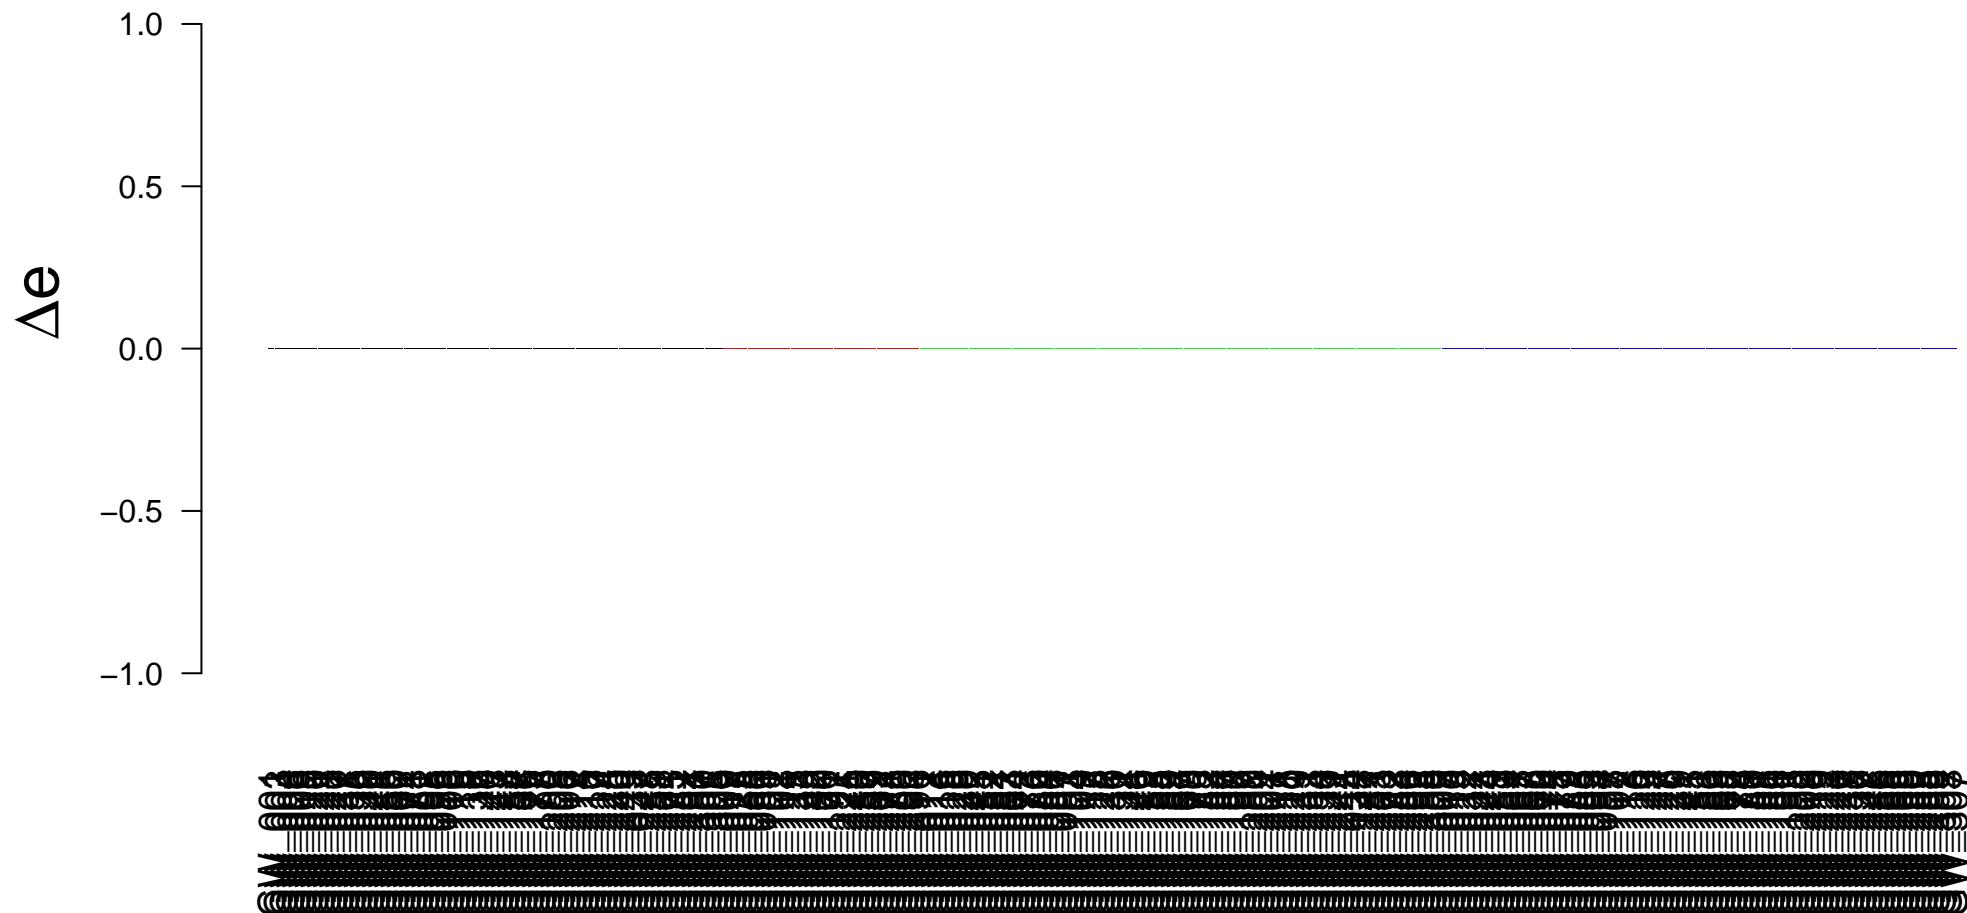

Expression of antigen processing and presentation of exogenous peptide antigen via MHC class I in Spot N

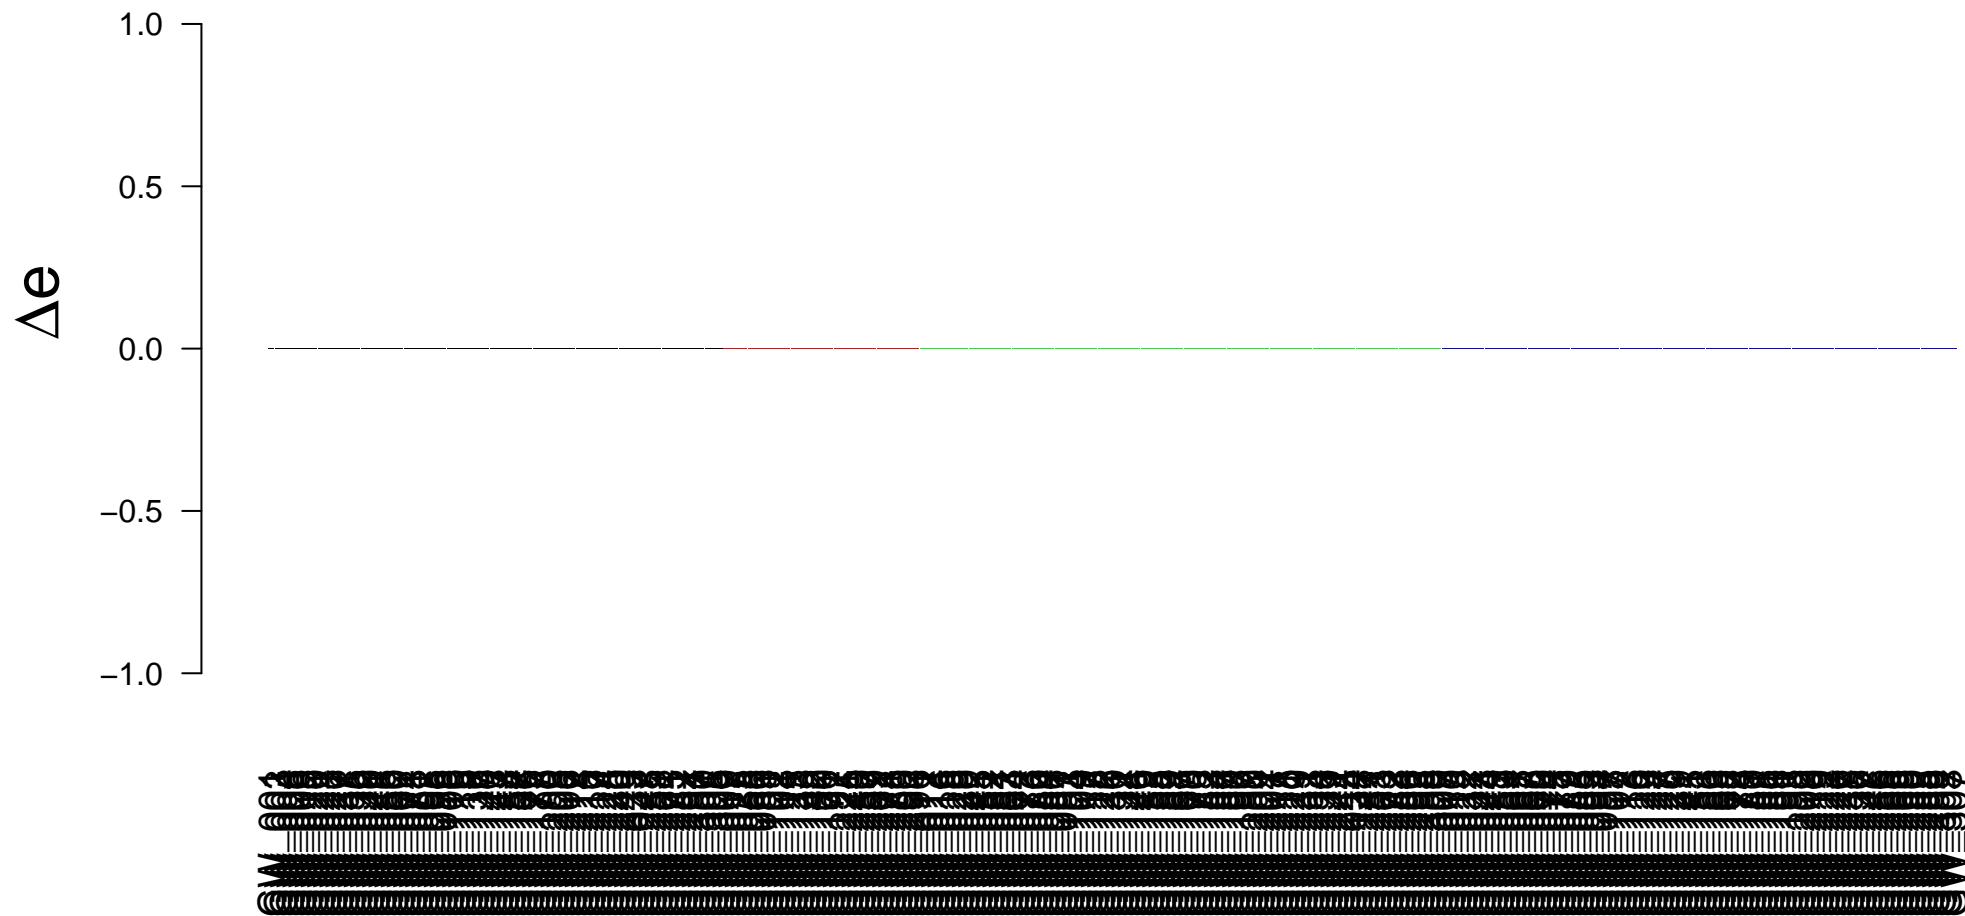

Expression of antigen processing and presentation of exogenous peptide antigen via MHC class I in Spot O

Expression of antigen processing and presentation of exogenous peptide antigen via MHC class I in Spot P

Expression of antigen processing and presentation of exogenous peptide antigen via MHC class I in Spot Q

Expression of antigen processing and presentation of exogenous peptide antigen via MHC class I in Spot R
