

antigen processing and presentation of exogenous peptide antigen via MHC class I, TAP-dependent

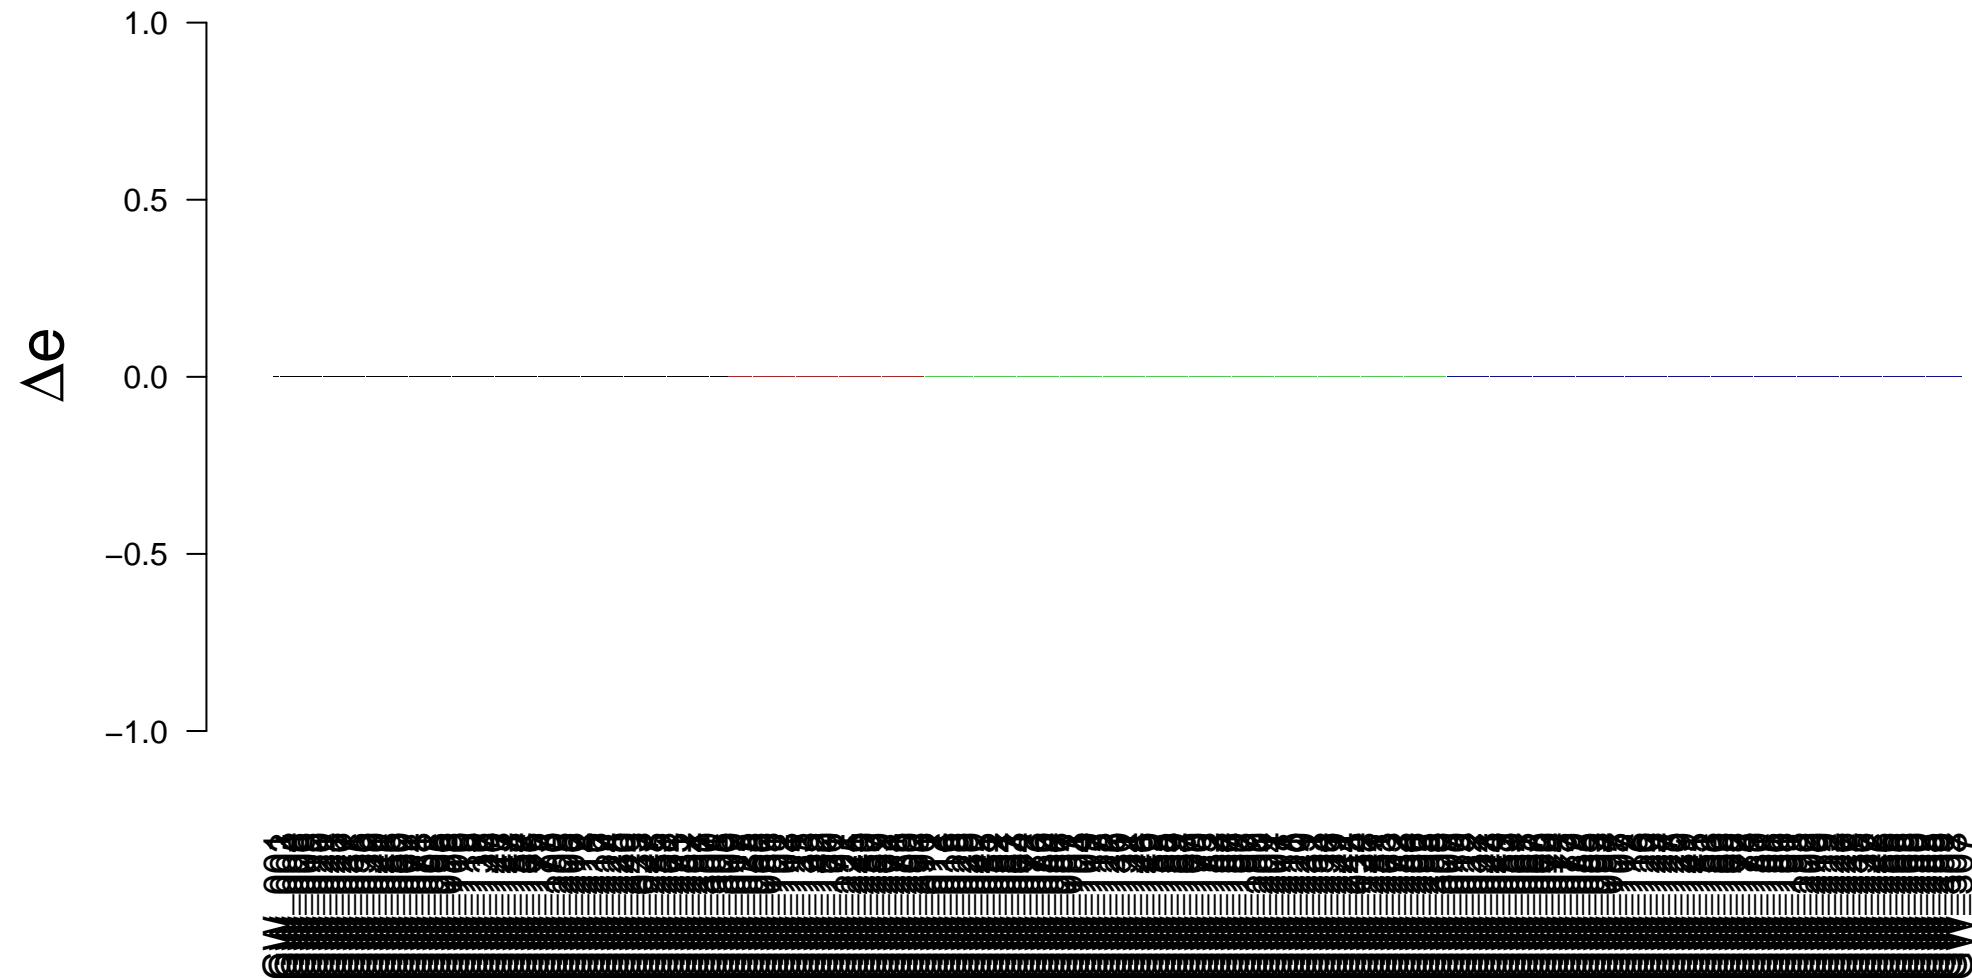

antigen processing and presentation of exogenous peptide antigen via MHC class I, TAP-dependent

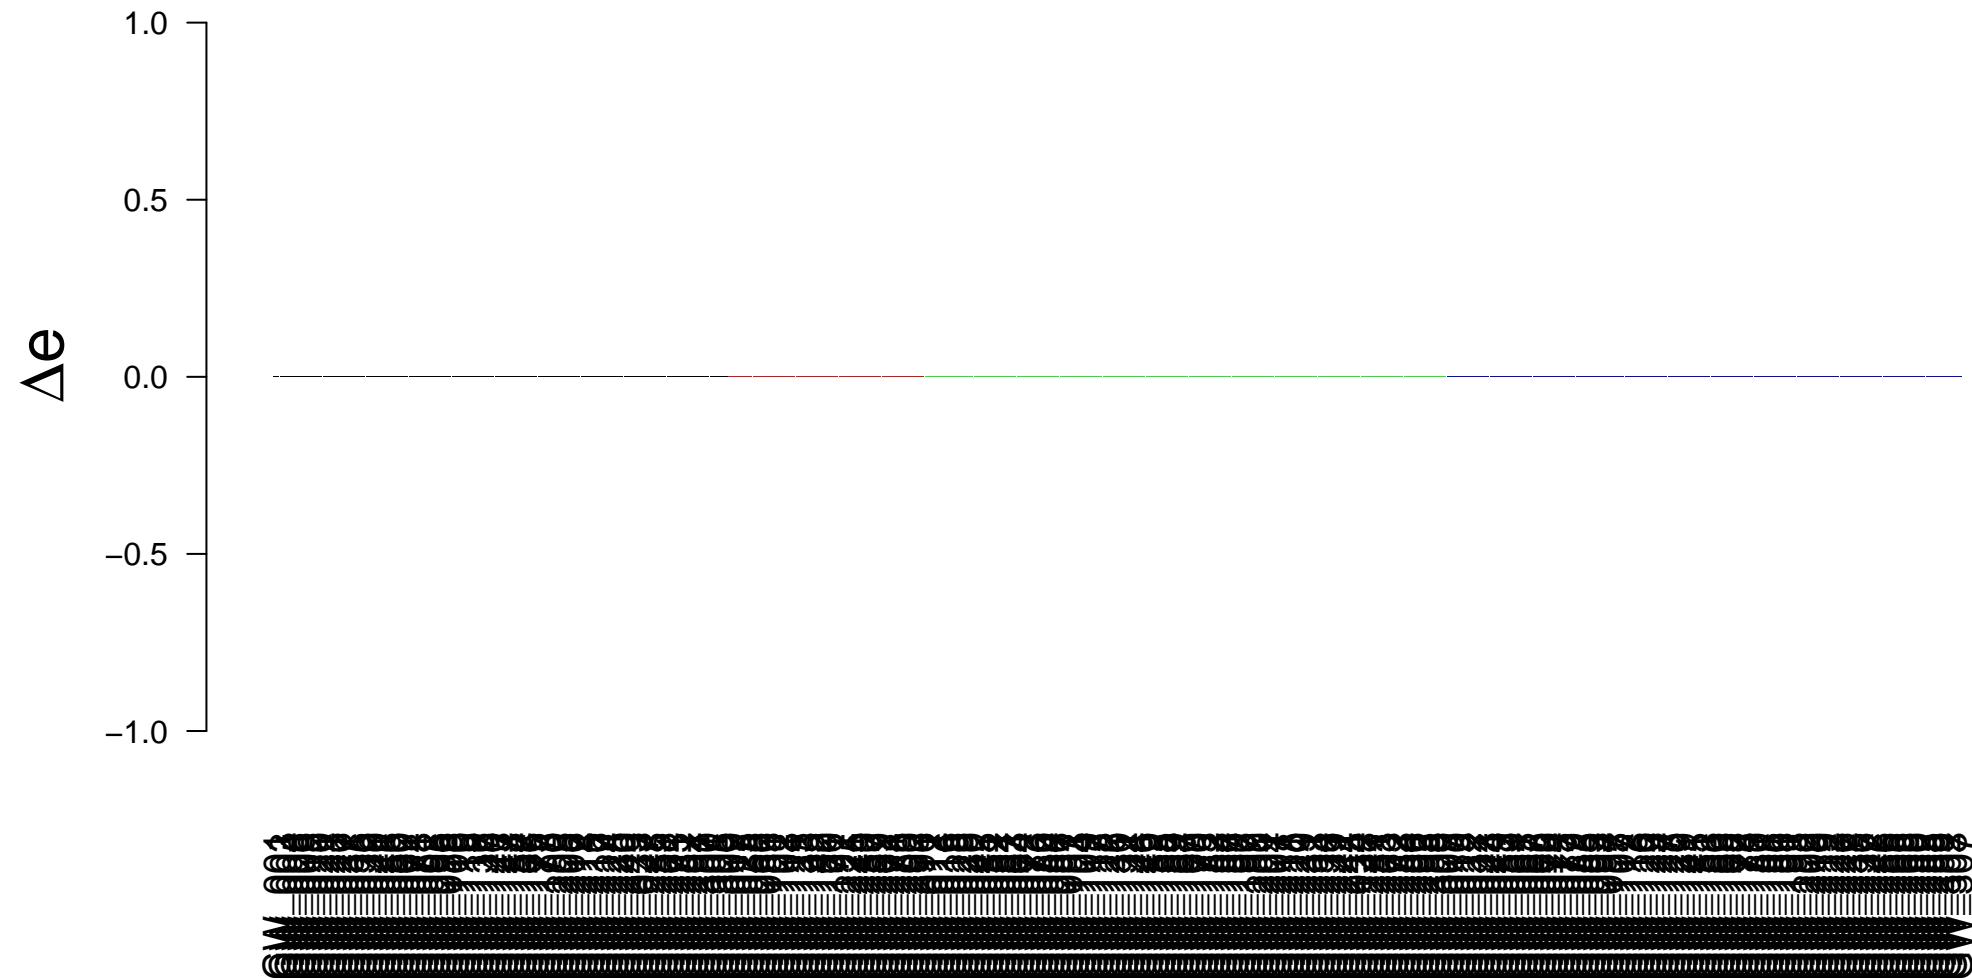

Enrichment in spots: antigen processing and presentation of exogenous peptide antigen via MHC class I, TAP-dependent

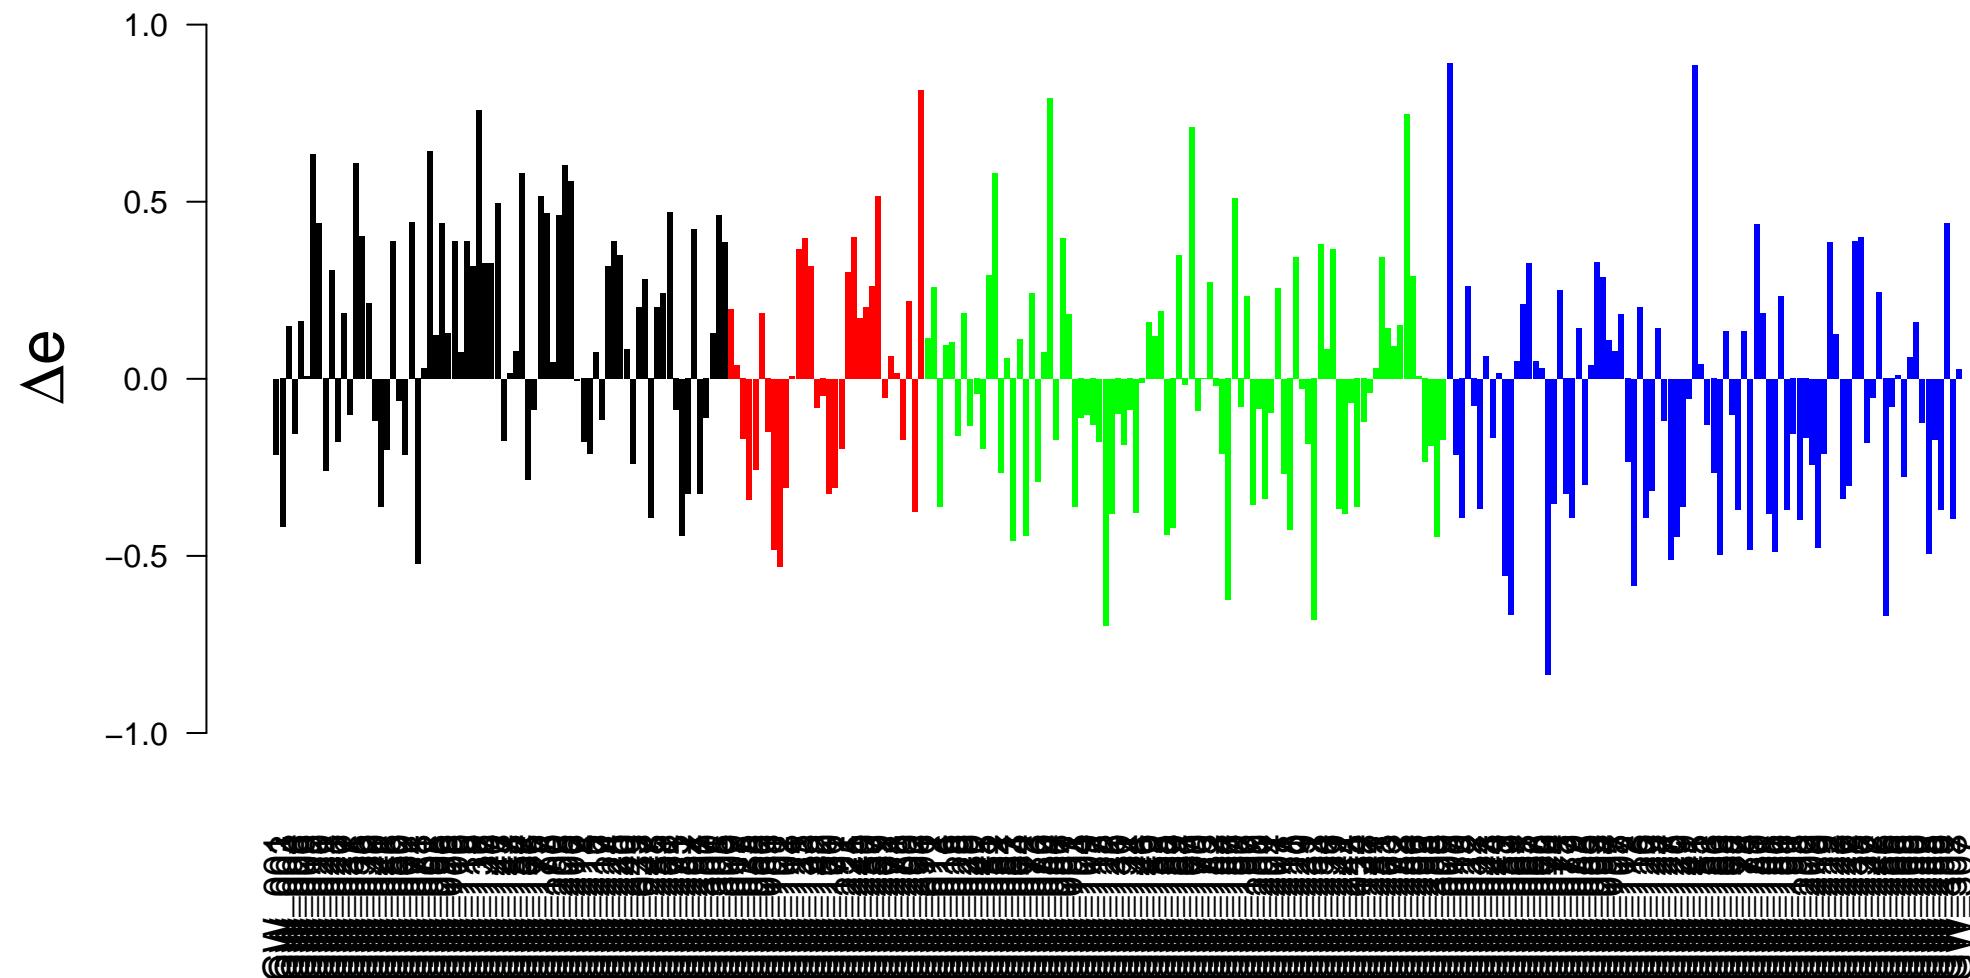

**Expression of antigen processing and presentation of exogenous peptide antigen via MHC class I, TAP-dependent in Spot A**

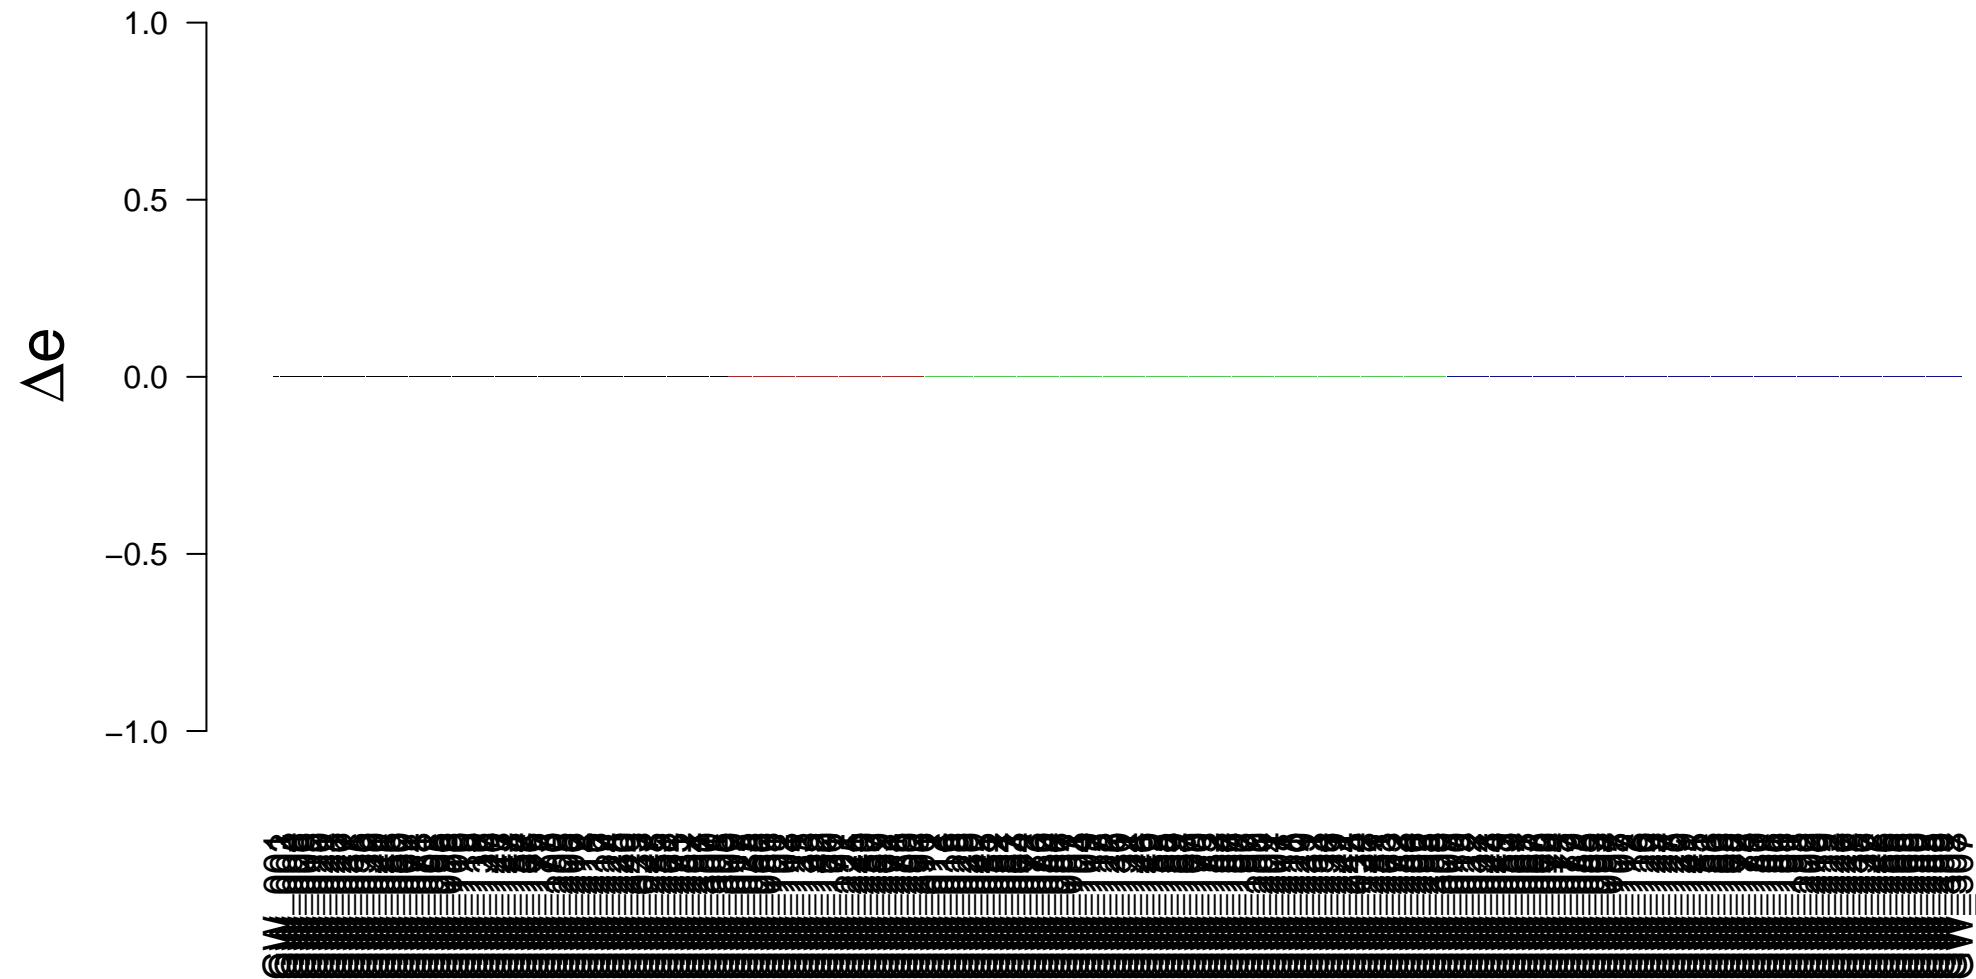

**Expression of antigen processing and presentation of exogenous peptide antigen via MHC class I, TAP-dependent in Spot B**

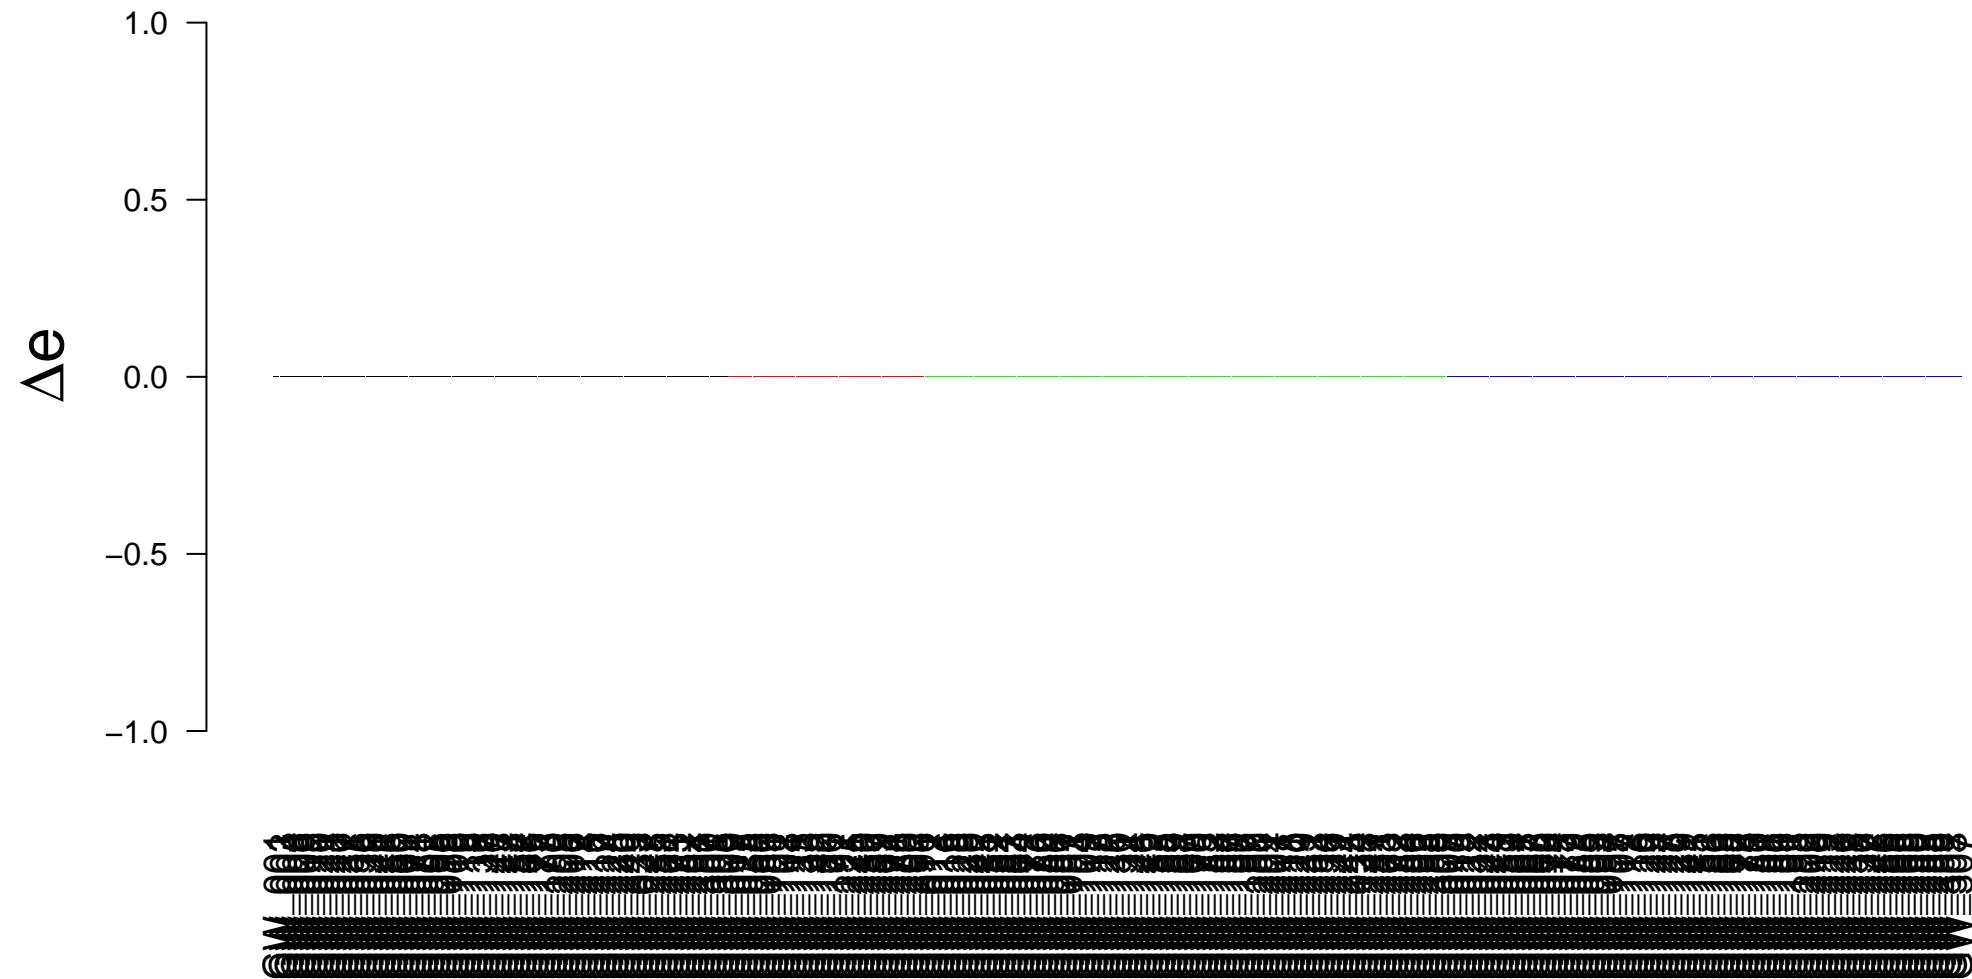

# Expression of antigen processing and presentation of exogenous peptide antigen via MHC class I, TAP-dependent in Spot C

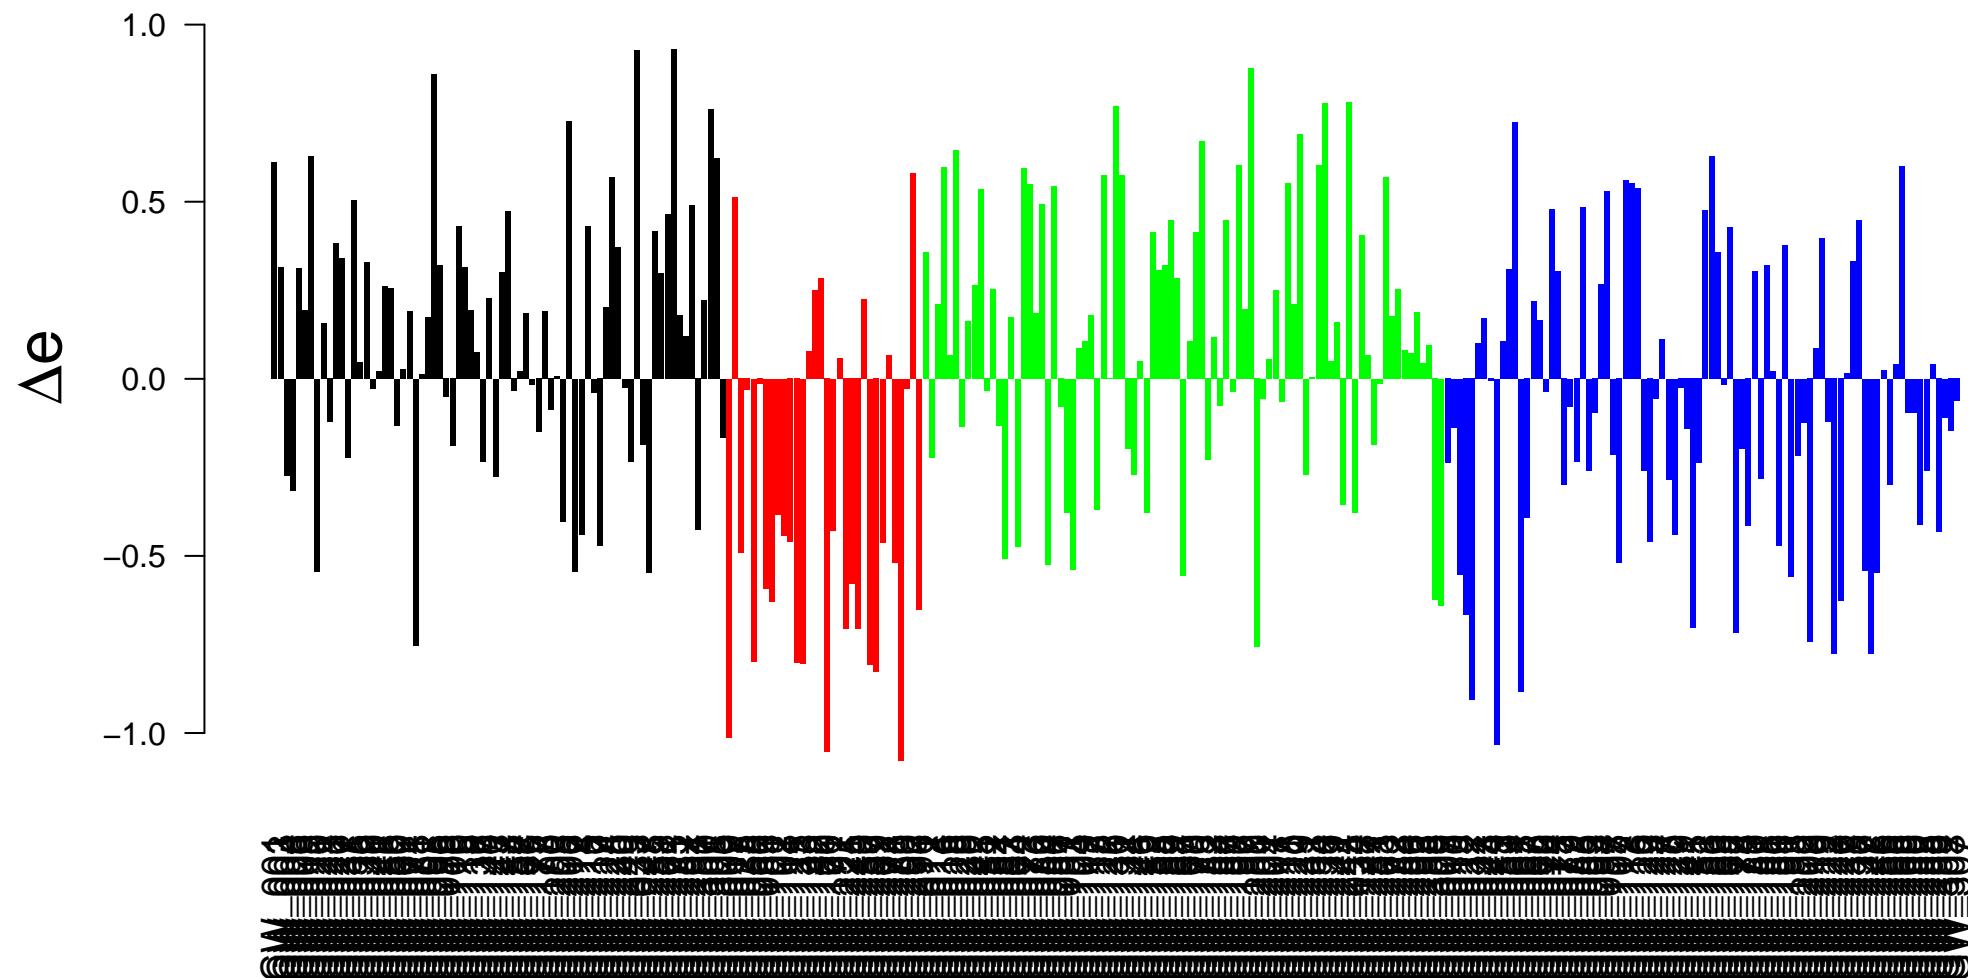

**Expression of antigen processing and presentation of exogenous peptide antigen via MHC class I, TAP-dependent in Spot D**

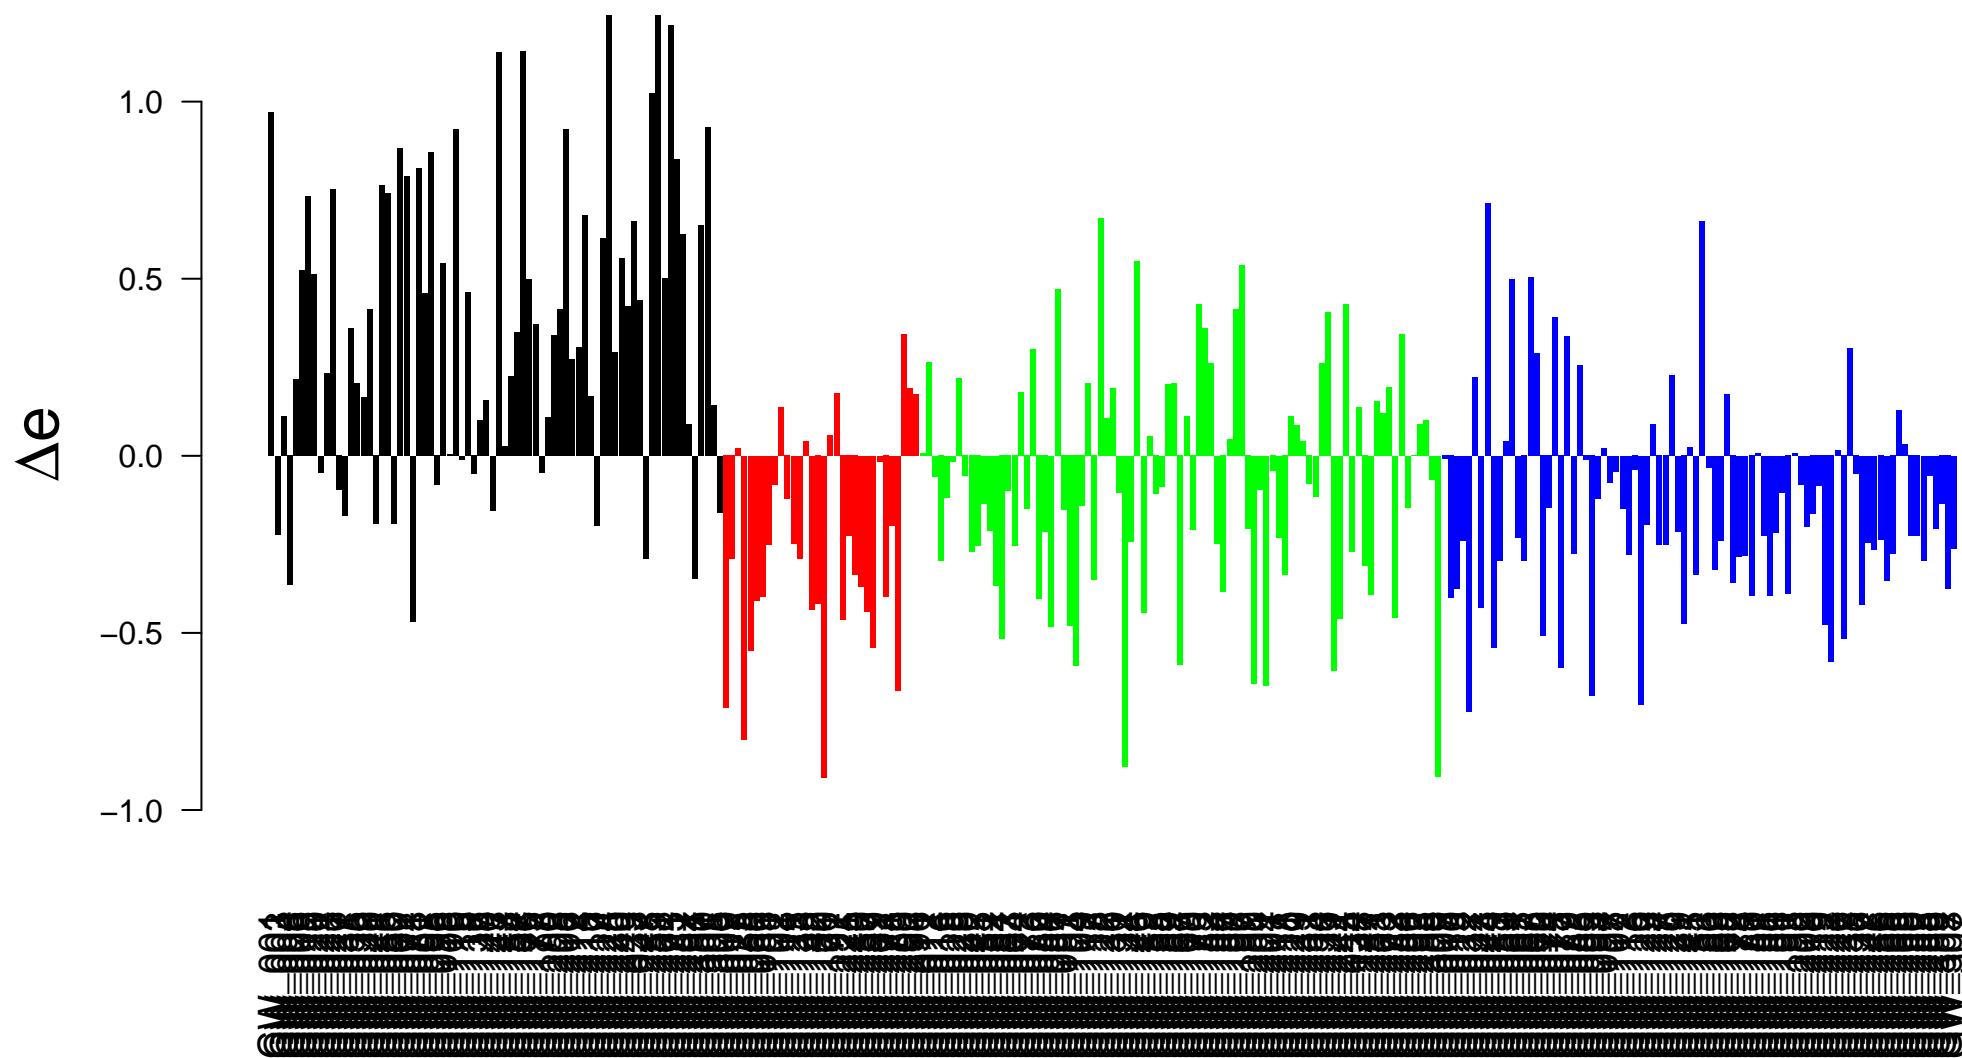

**Expression of antigen processing and presentation of exogenous peptide antigen via MHC class I, TAP-dependent in Spot E**

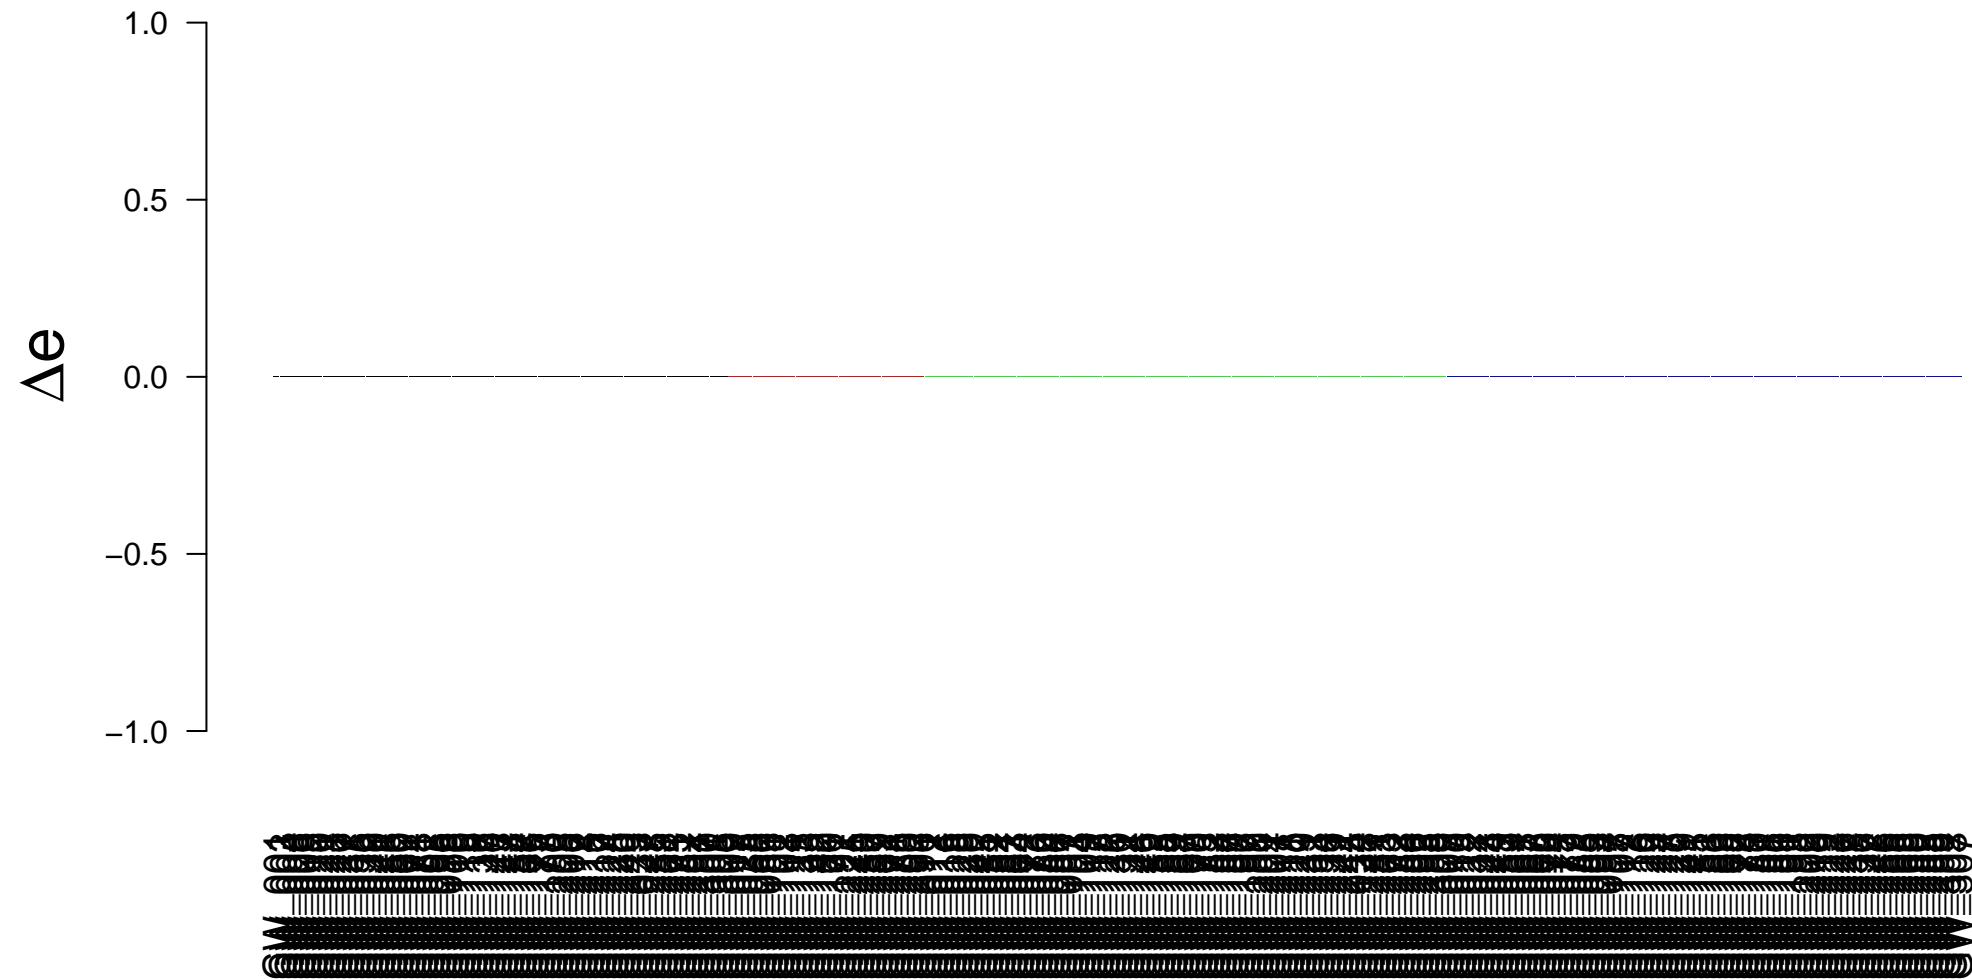

# Expression of antigen processing and presentation of exogenous peptide antigen via MHC class I, TAP-dependent in Spot F

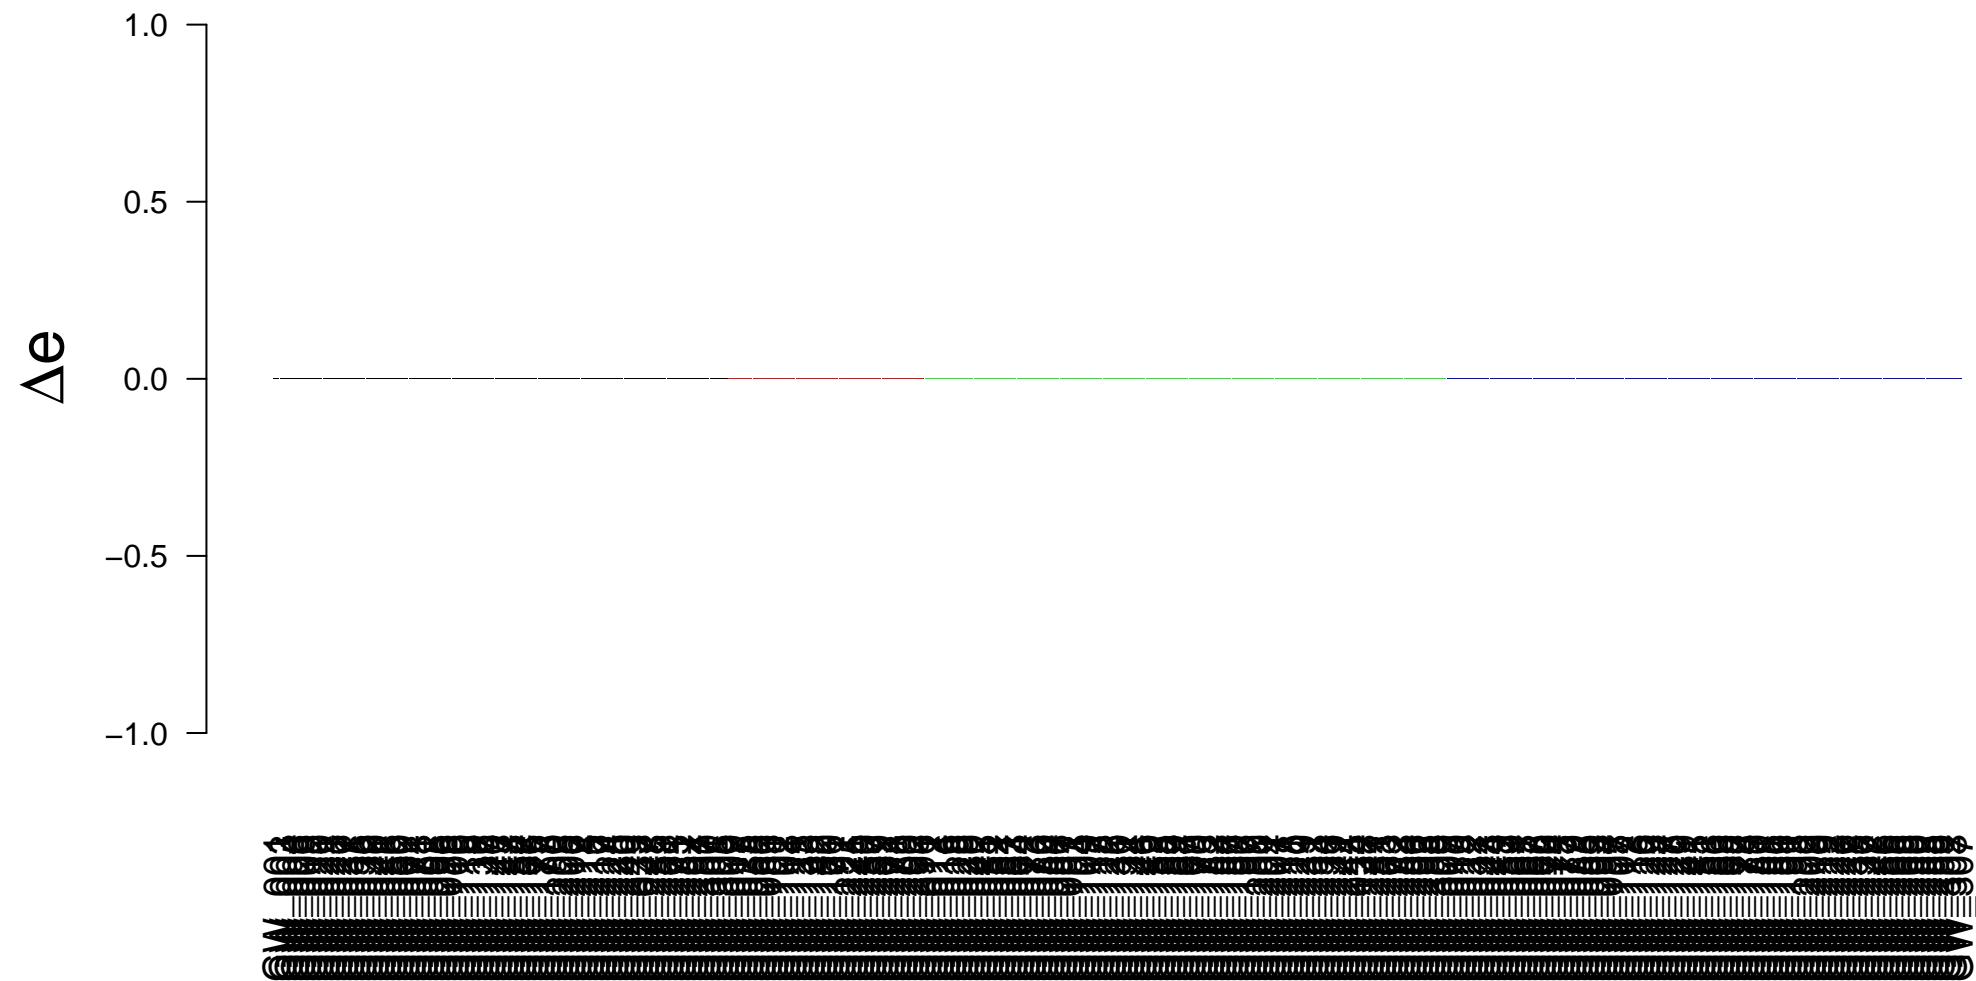

# Expression of antigen processing and presentation of exogenous peptide antigen via MHC class I, TAP-dependent in Spot G

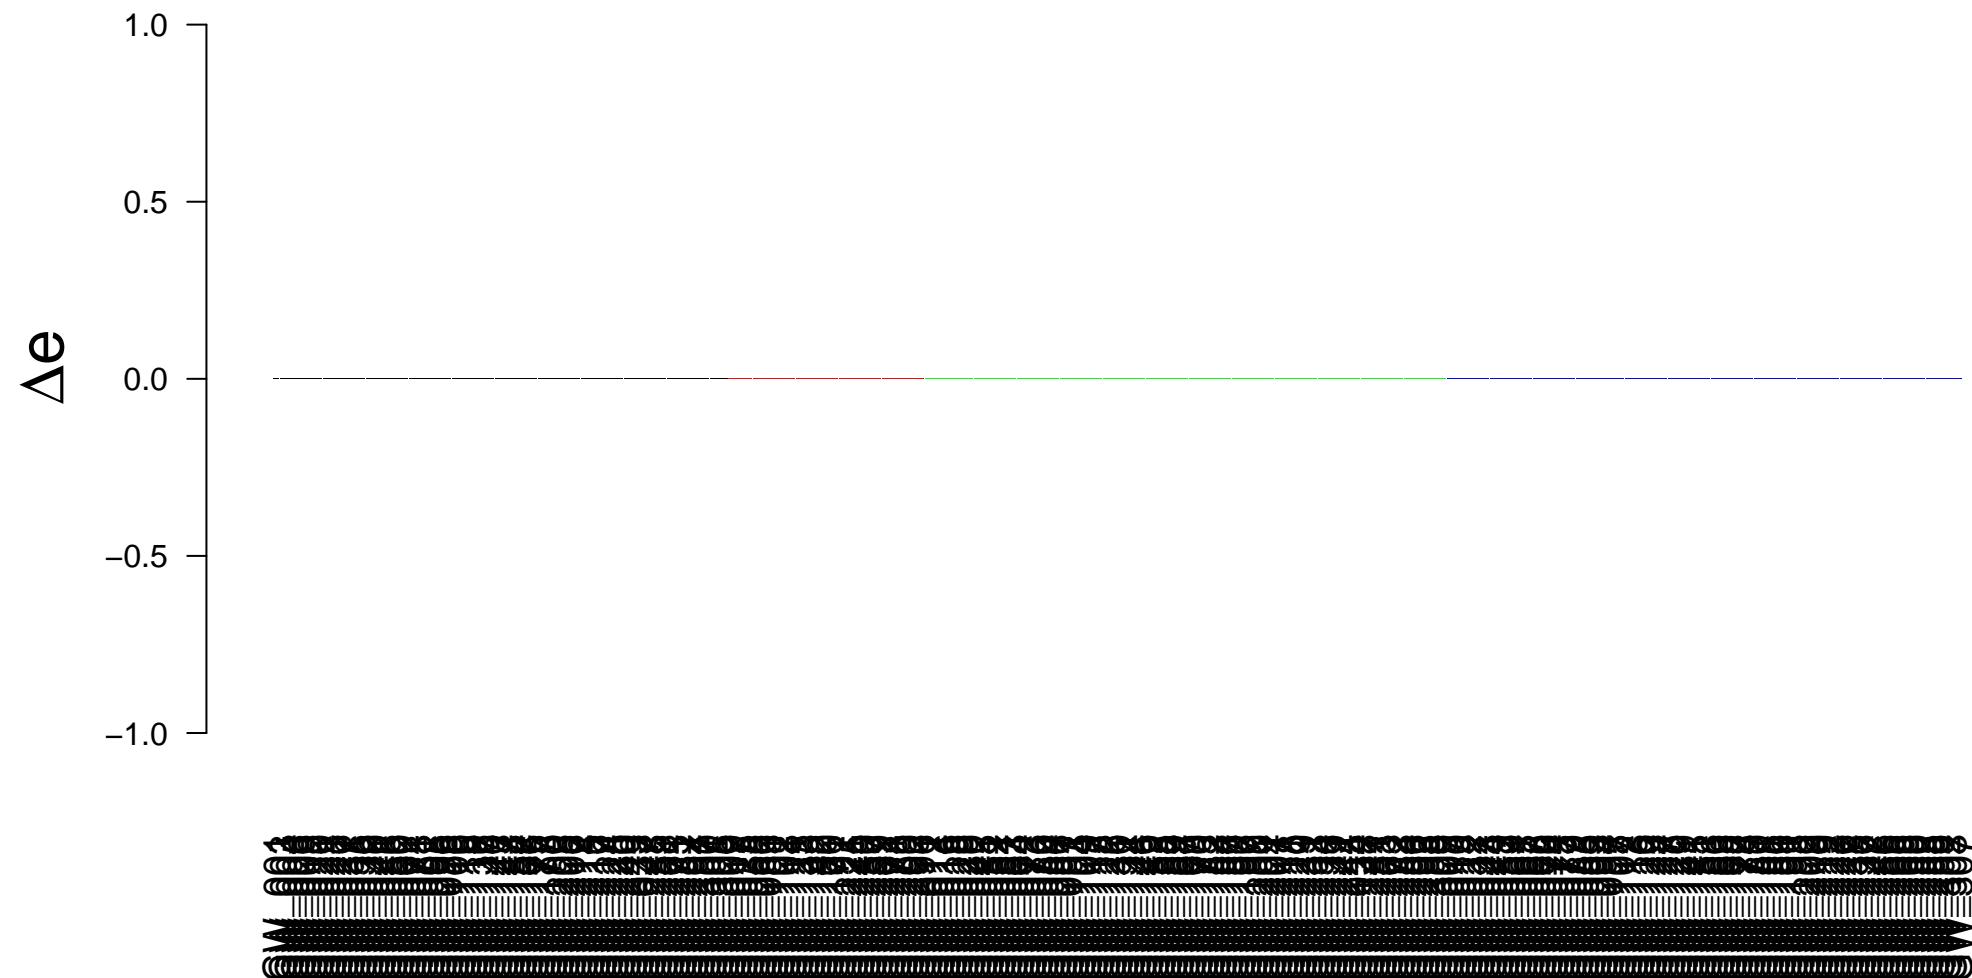

**Expression of antigen processing and presentation of exogenous peptide antigen via MHC class I, TAP-dependent in Spot H**

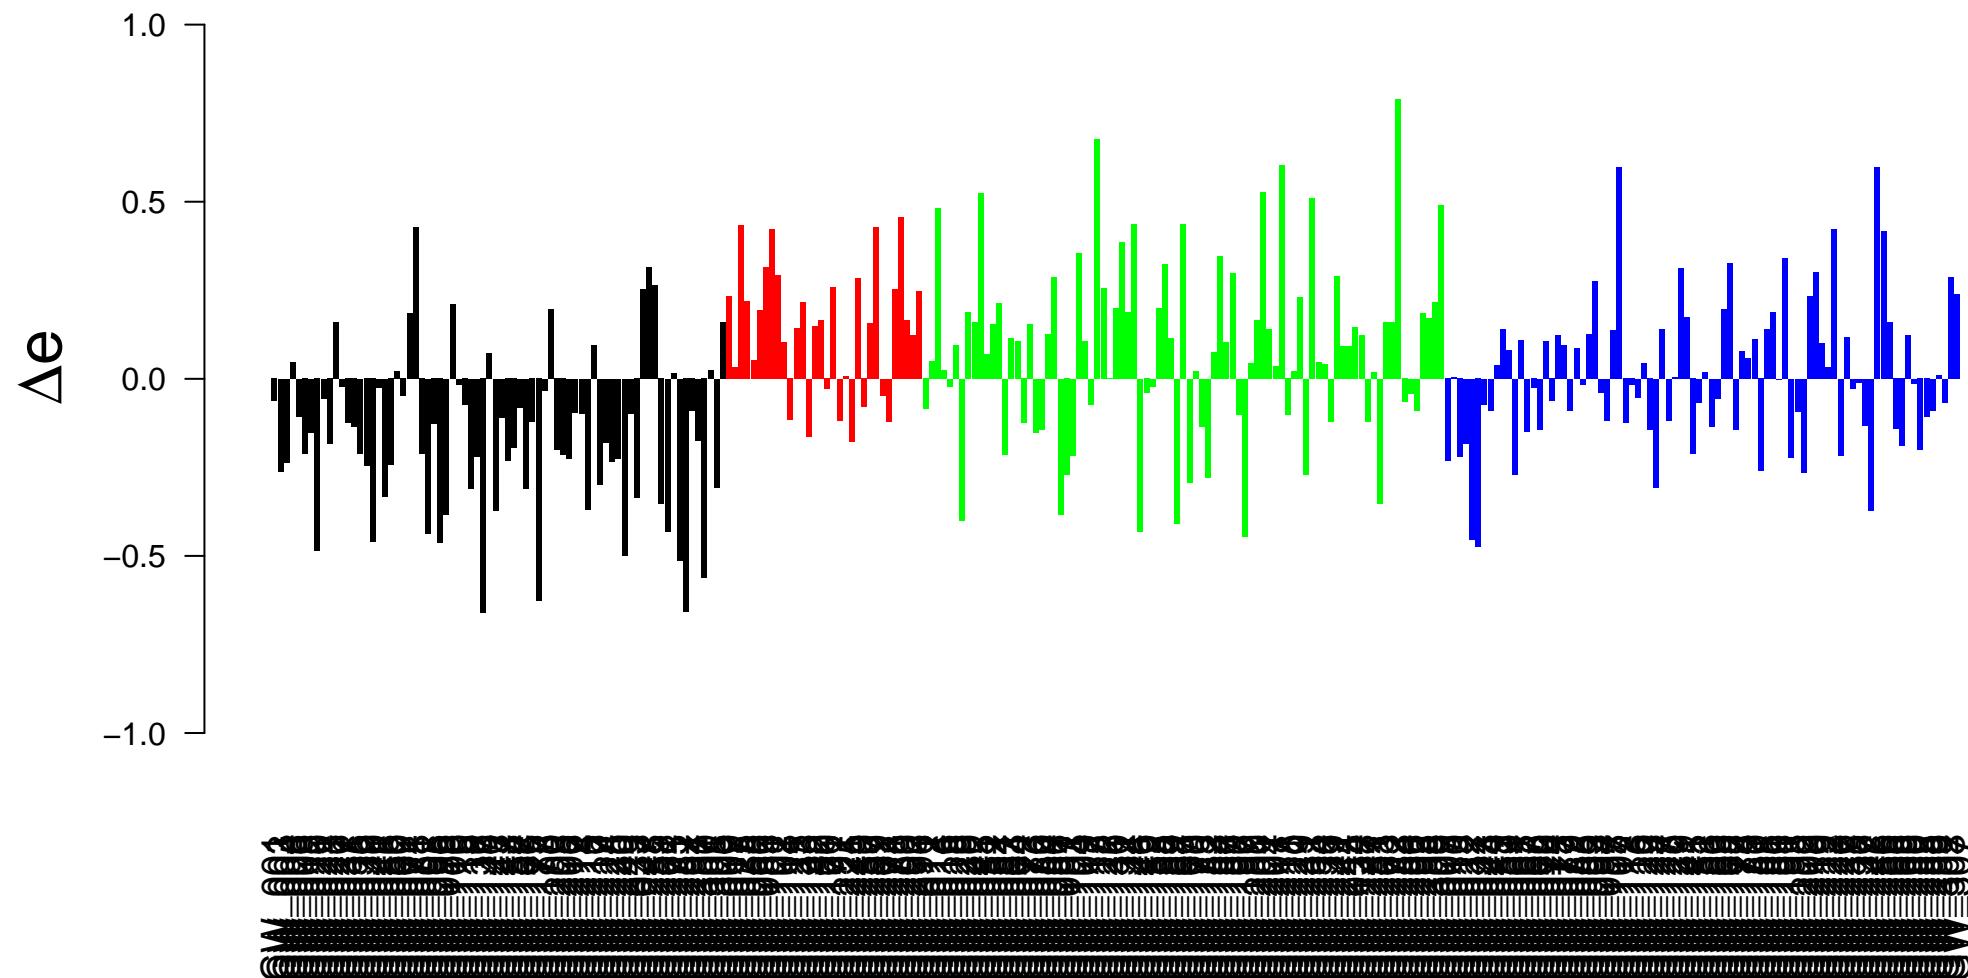

Expression of antigen processing and presentation of exogenous peptide antigen via MHC class I, TAP-dependent in Spot I

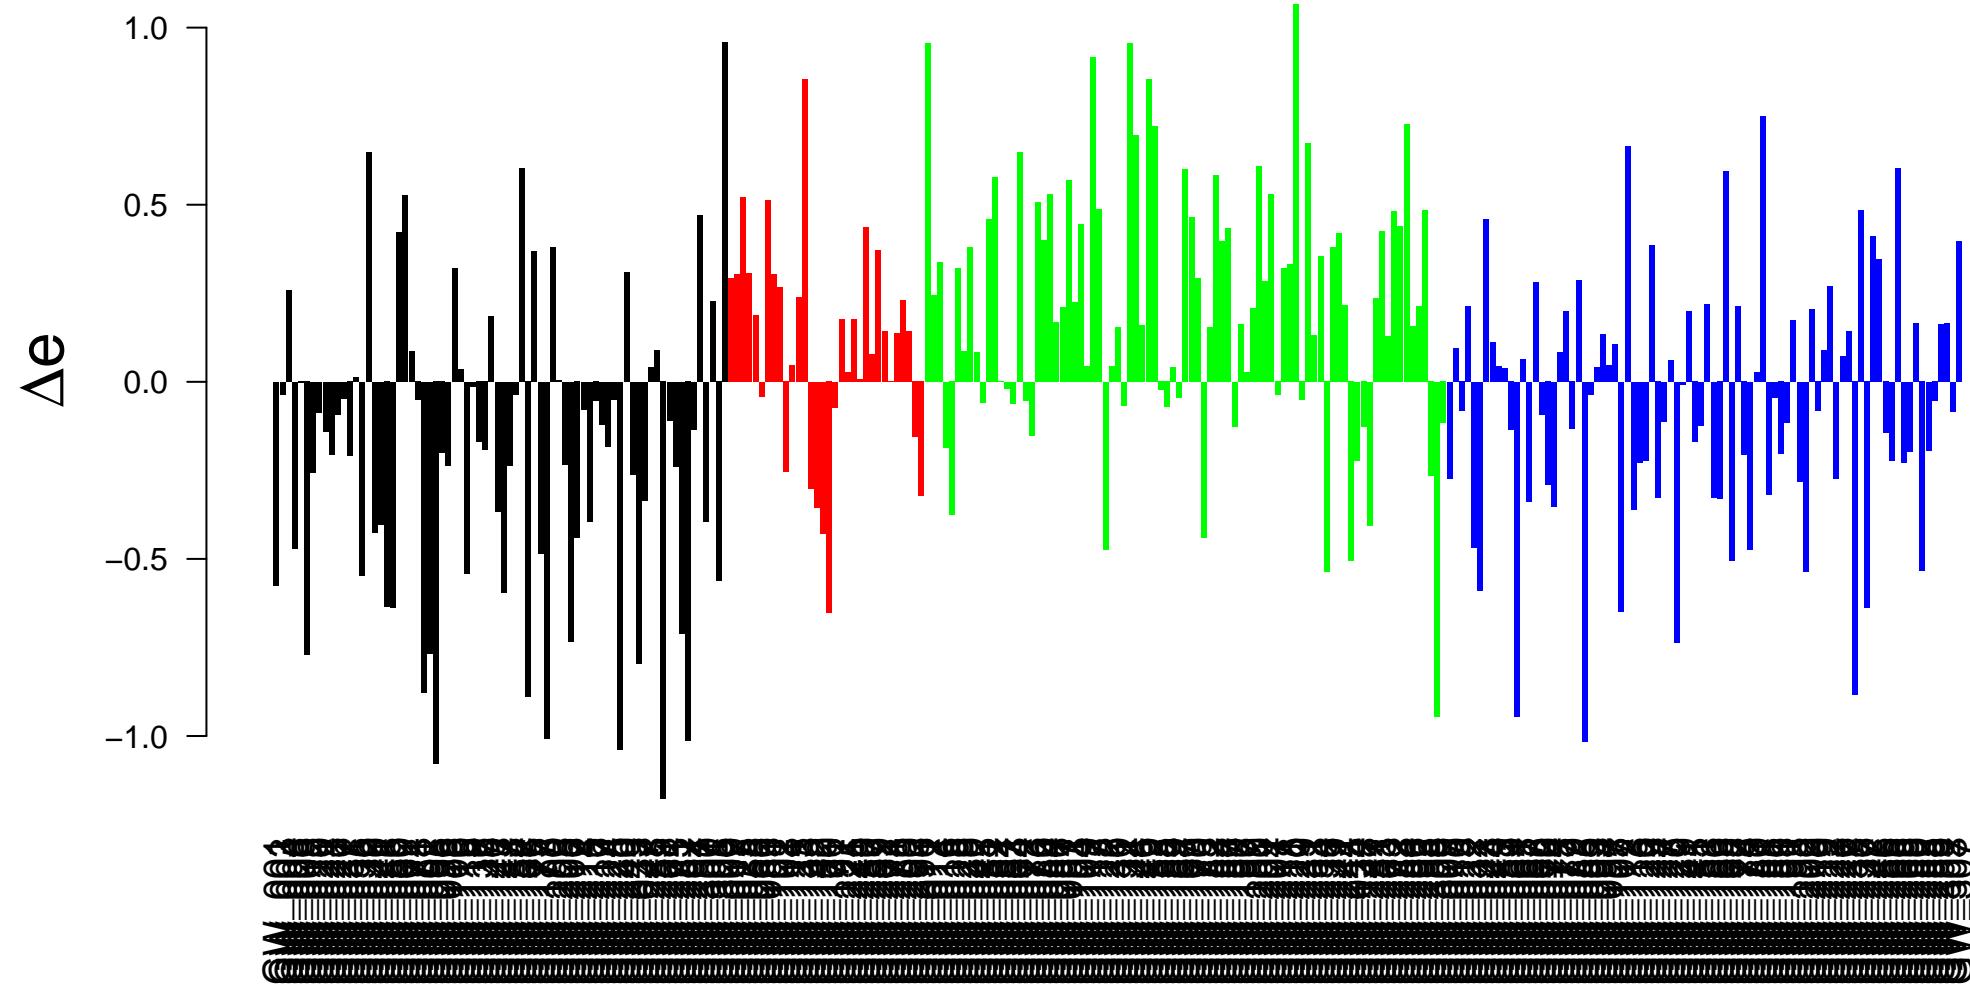

**Expression of antigen processing and presentation of exogenous peptide antigen via MHC class I, TAP-dependent in Spot J**

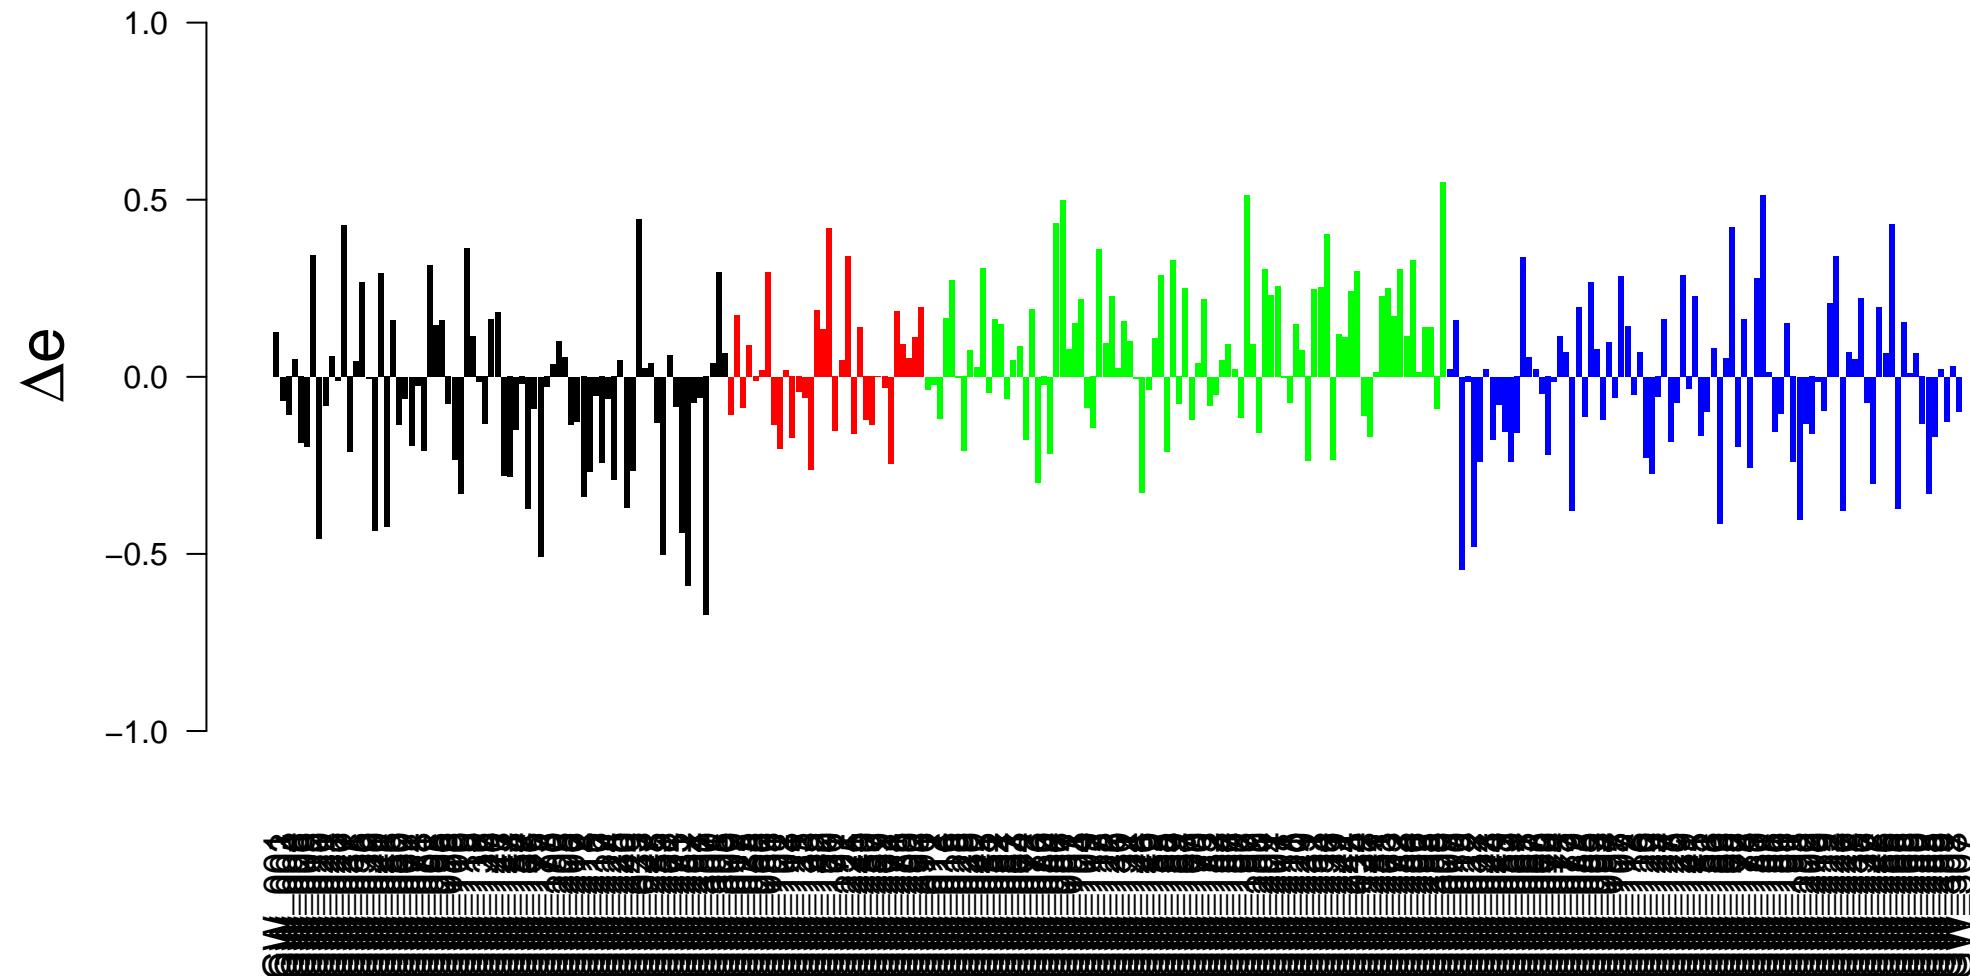

# Expression of antigen processing and presentation of exogenous peptide antigen via MHC class I, TAP-dependent in Spot K

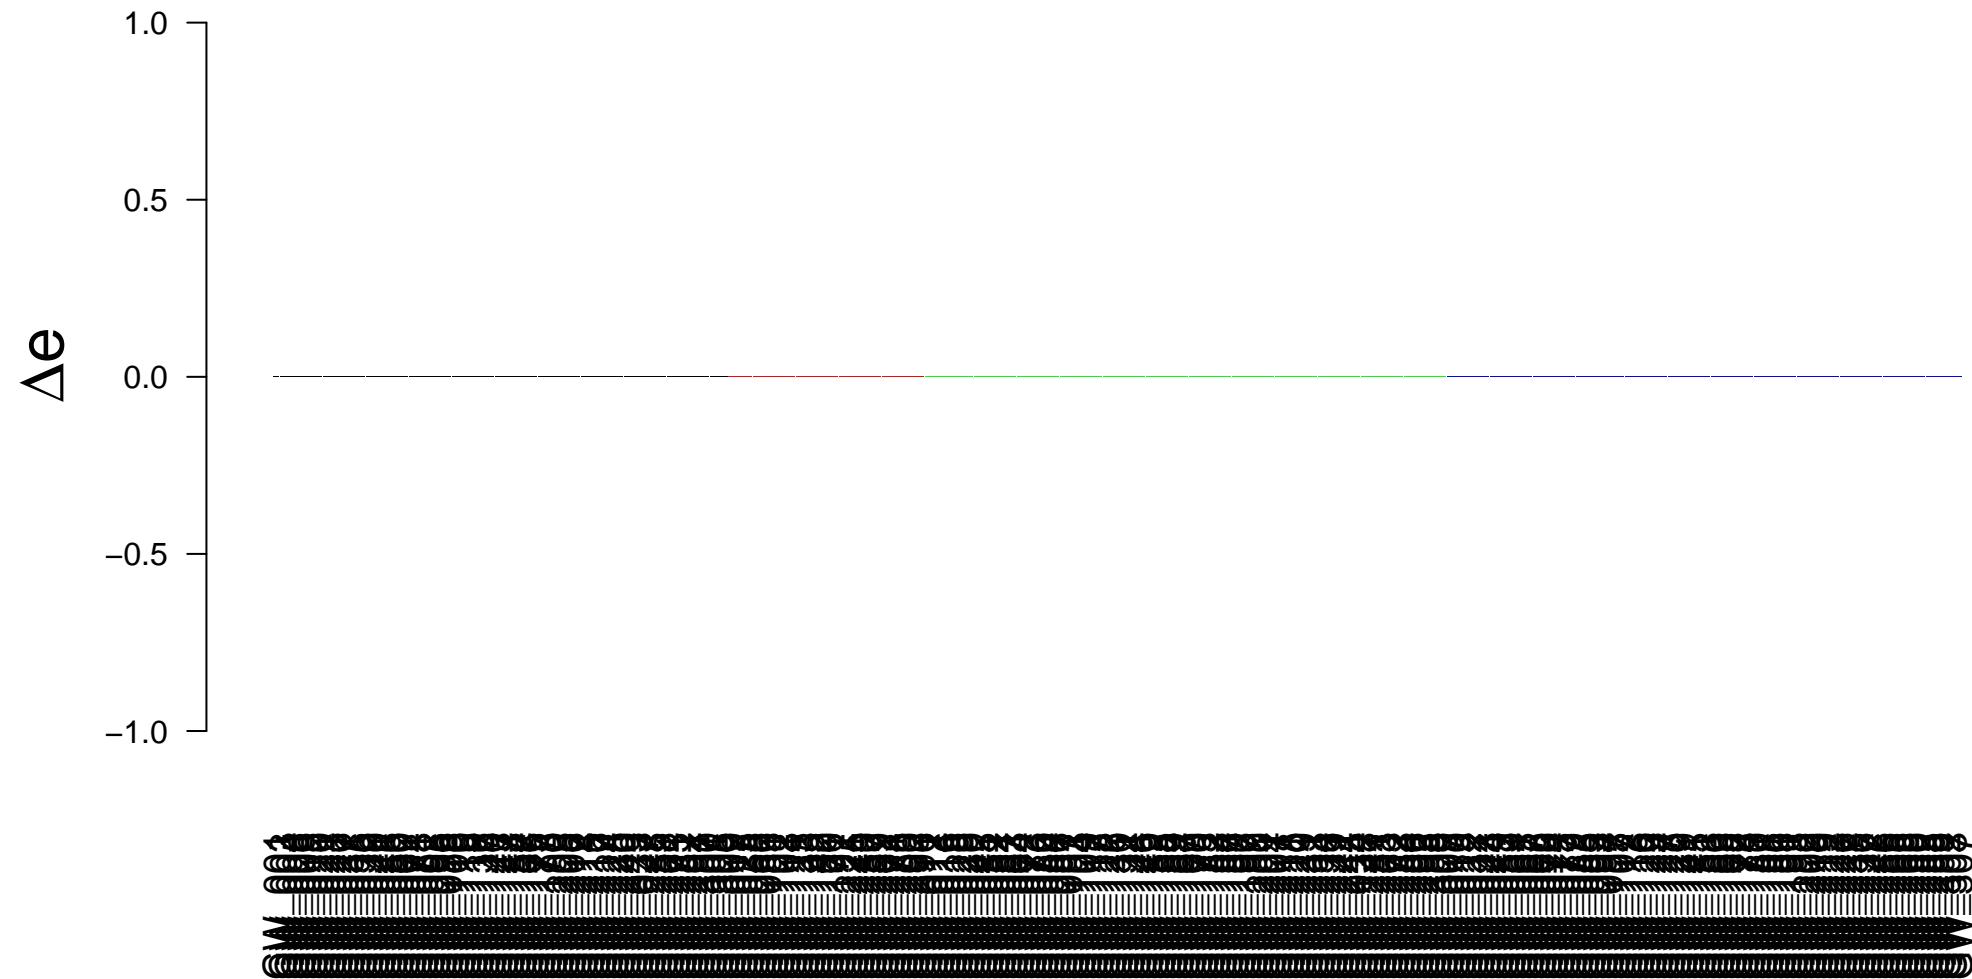

Expression of antigen processing and presentation of exogenous peptide antigen via MHC class I, TAP-dependent in Spot L

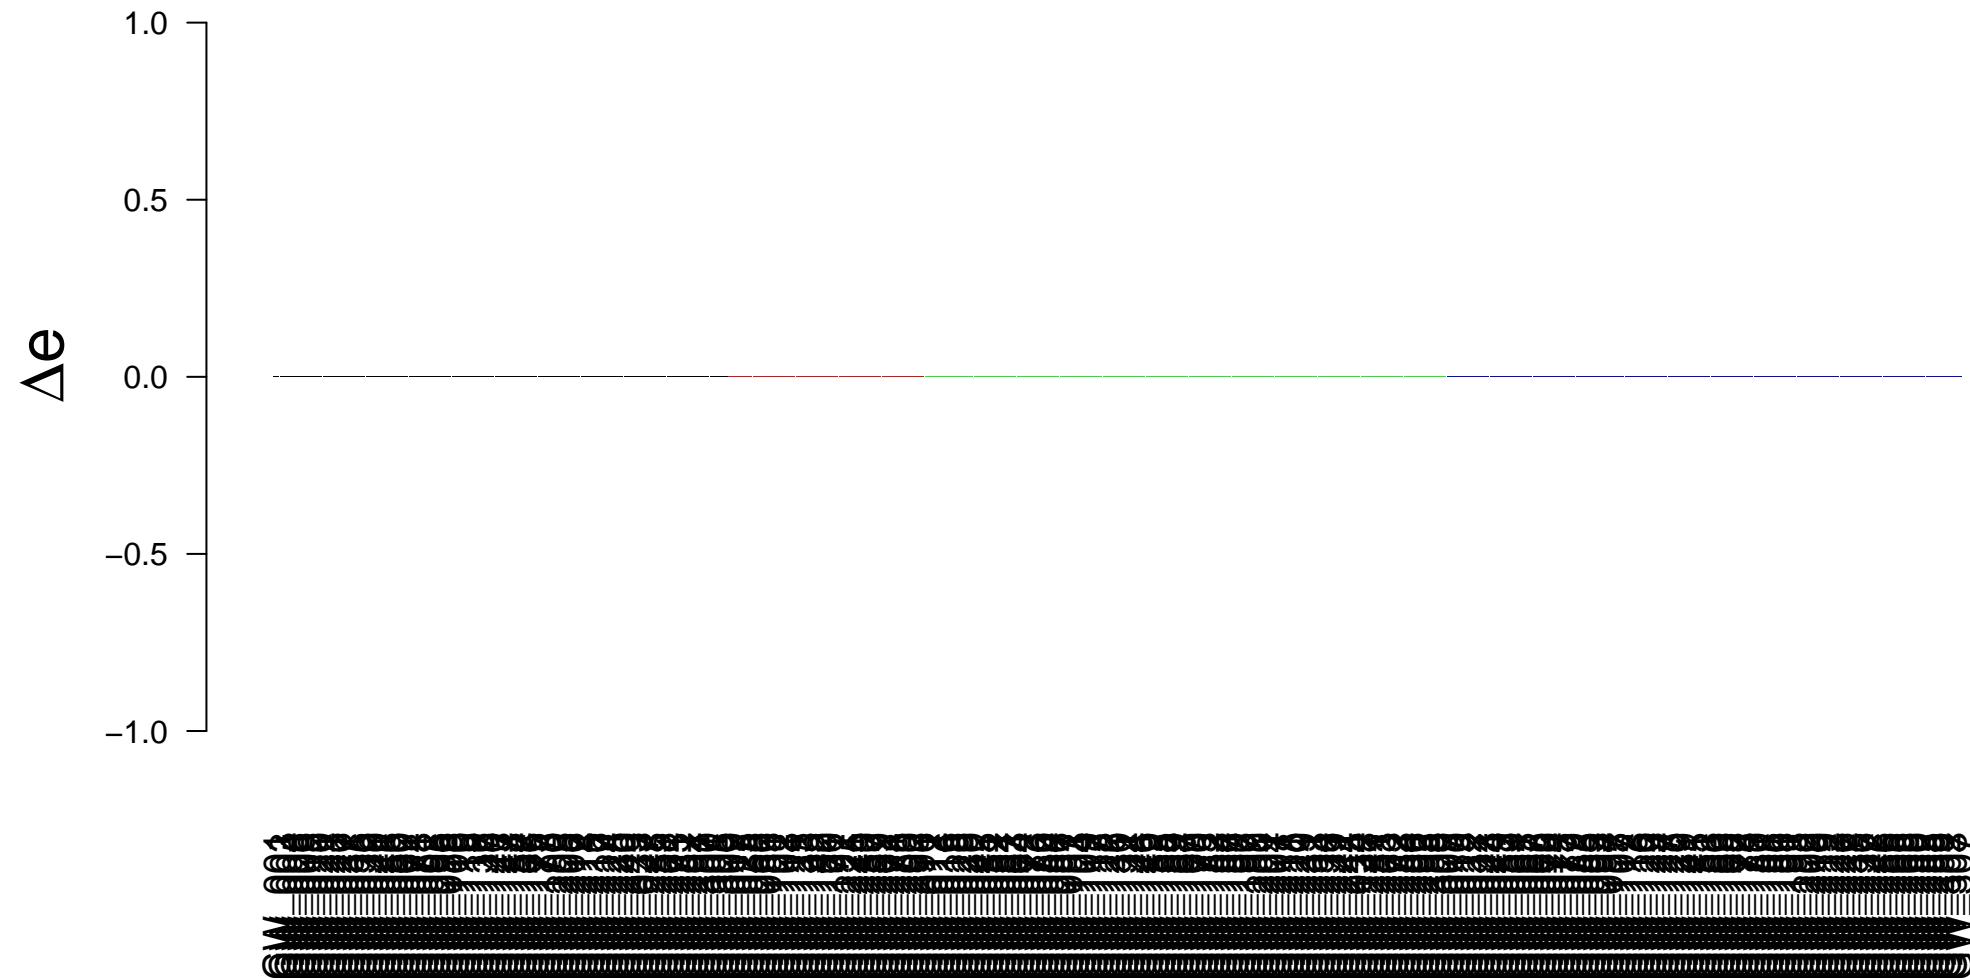

Expression of antigen processing and presentation of exogenous peptide antigen via MHC class I, TAP-dependent in Spot M

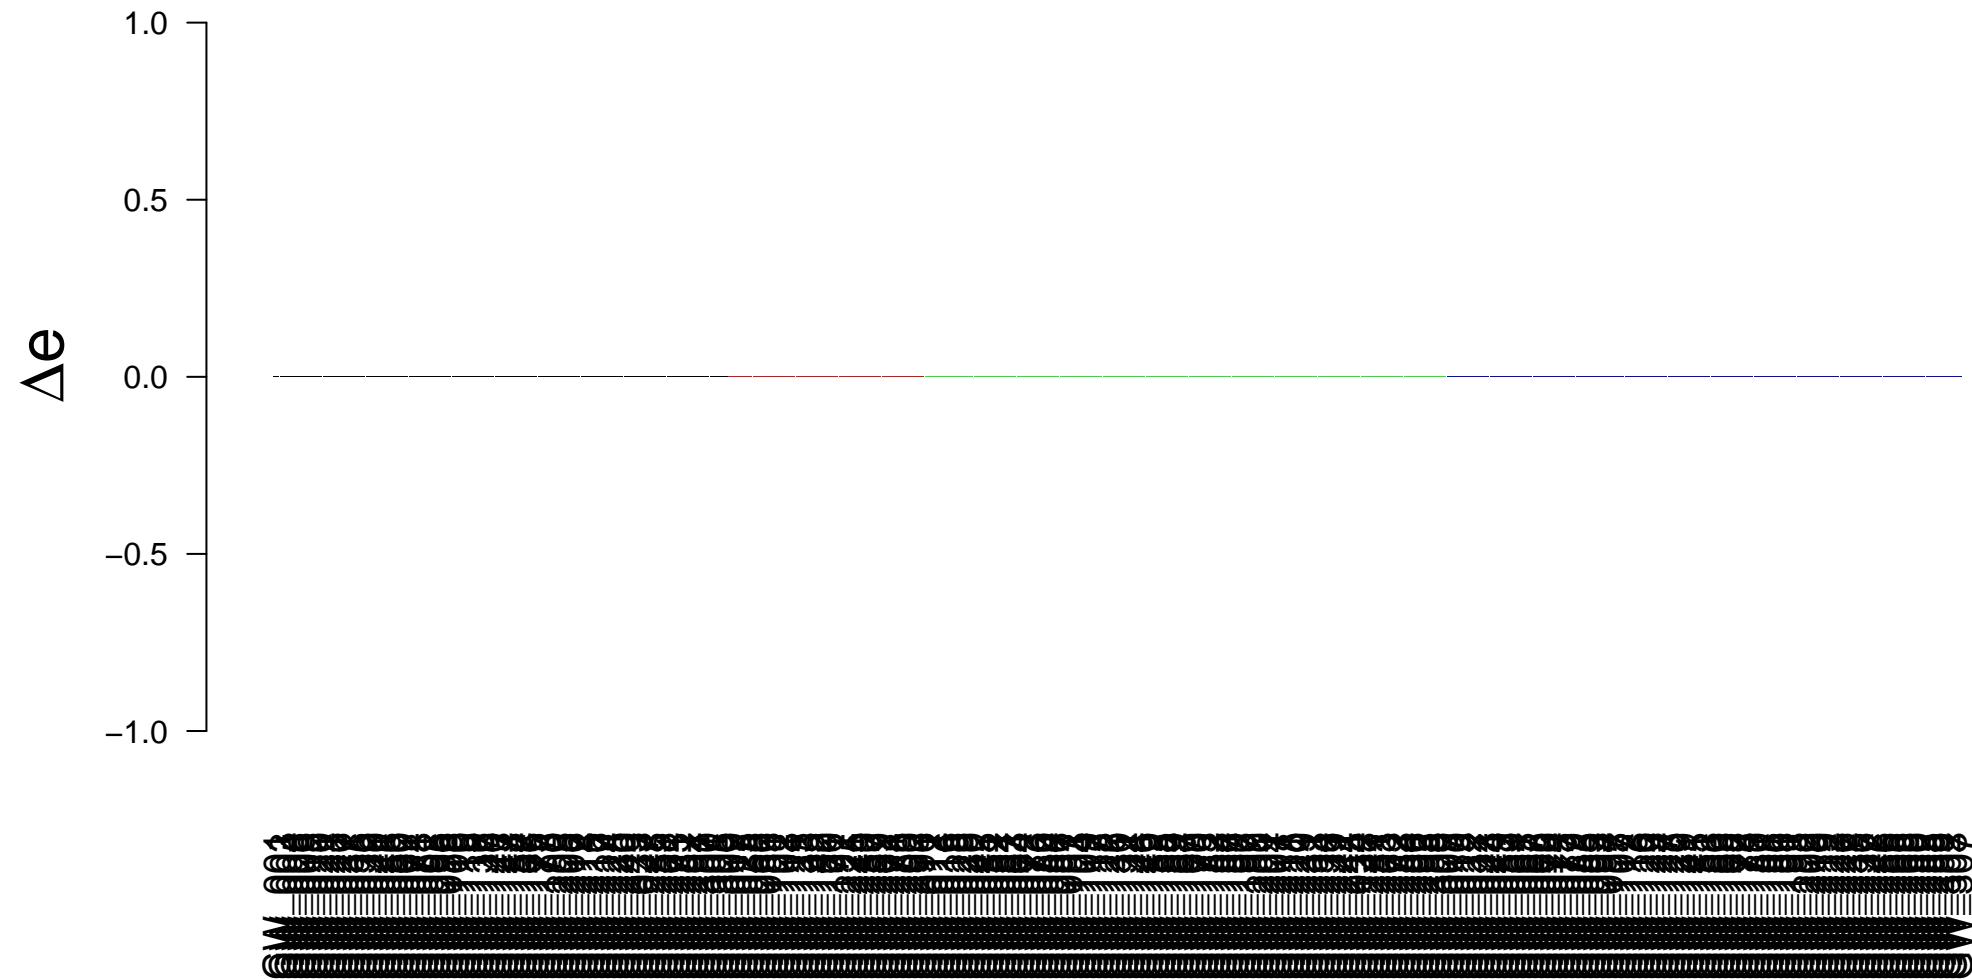

**Expression of antigen processing and presentation of exogenous peptide antigen via MHC class I, TAP-dependent in Spot N**

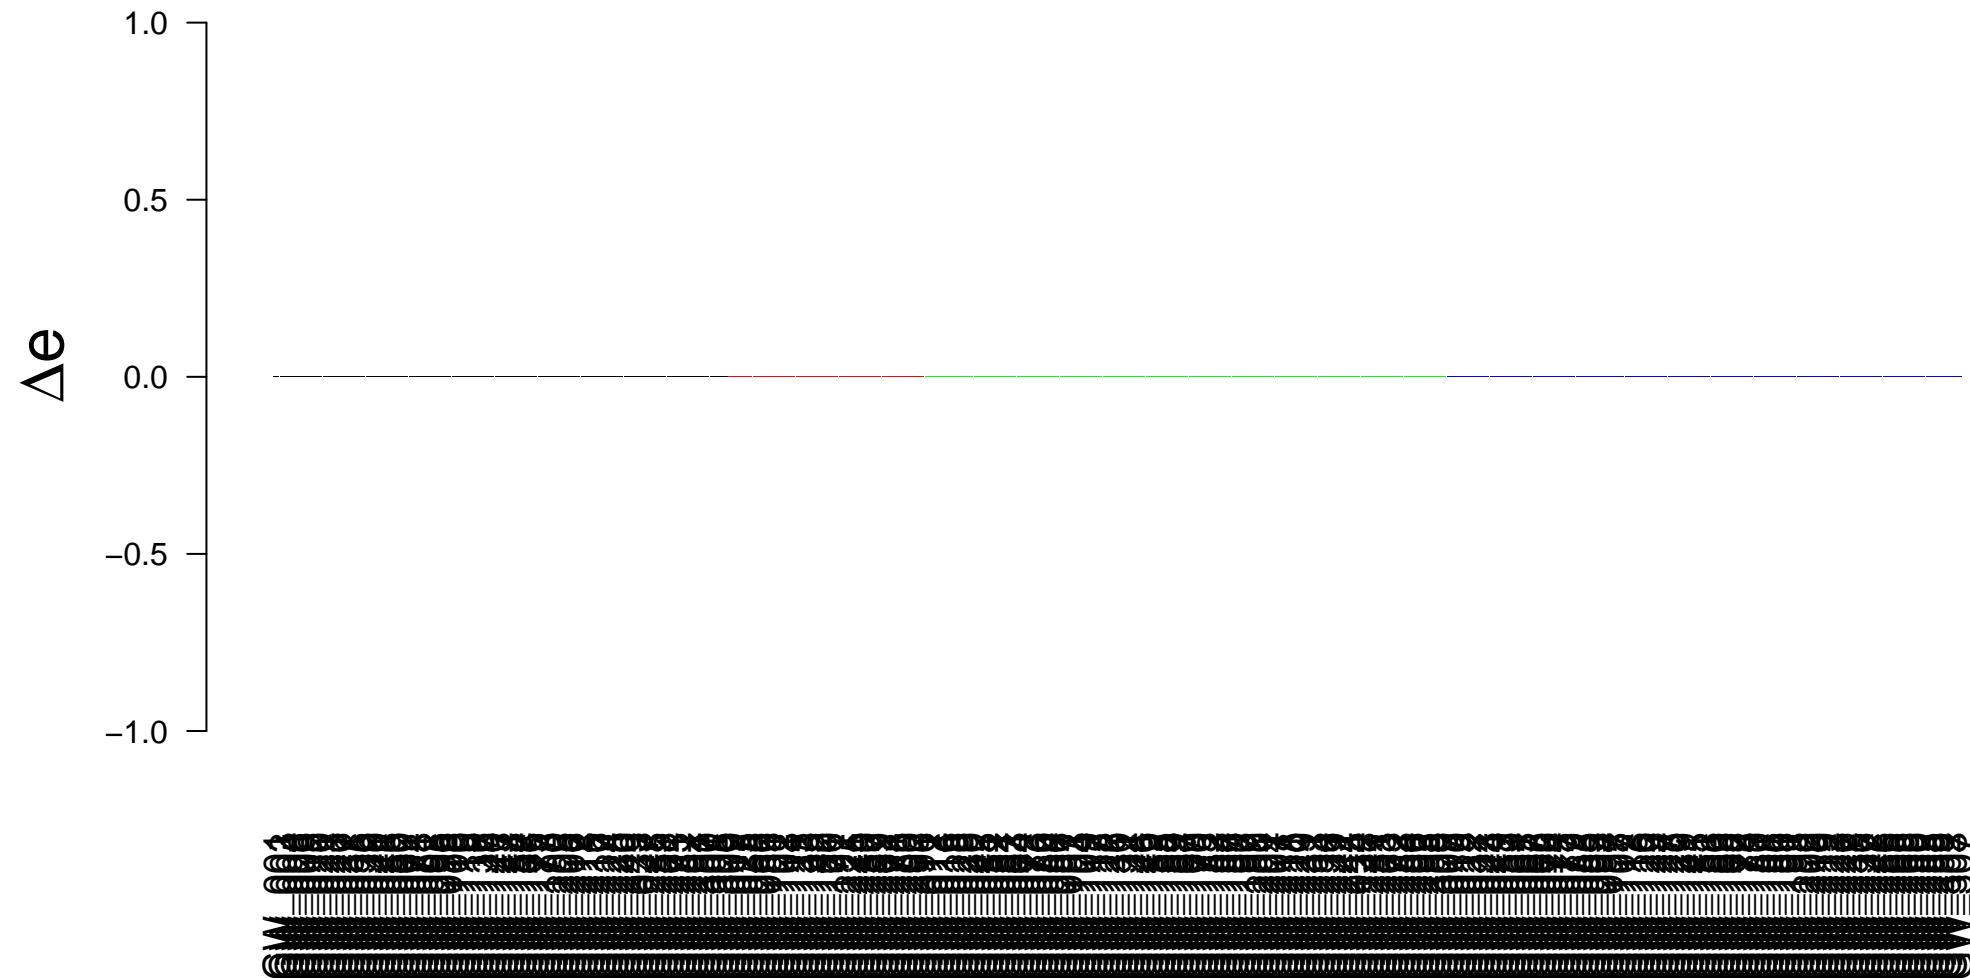

**Expression of antigen processing and presentation of exogenous peptide antigen via MHC class I, TAP-dependent in Spot O**

**Expression of antigen processing and presentation of exogenous peptide antigen via MHC class I, TAP-dependent in Spot P**

**Expression of antigen processing and presentation of exogenous peptide antigen via MHC class I, TAP-dependent in Spot Q**

# Expression of antigen processing and presentation of exogenous peptide antigen via MHC class I, TAP-dependent in Spot R
