

# branching involved in mammary gland duct morphogenesis

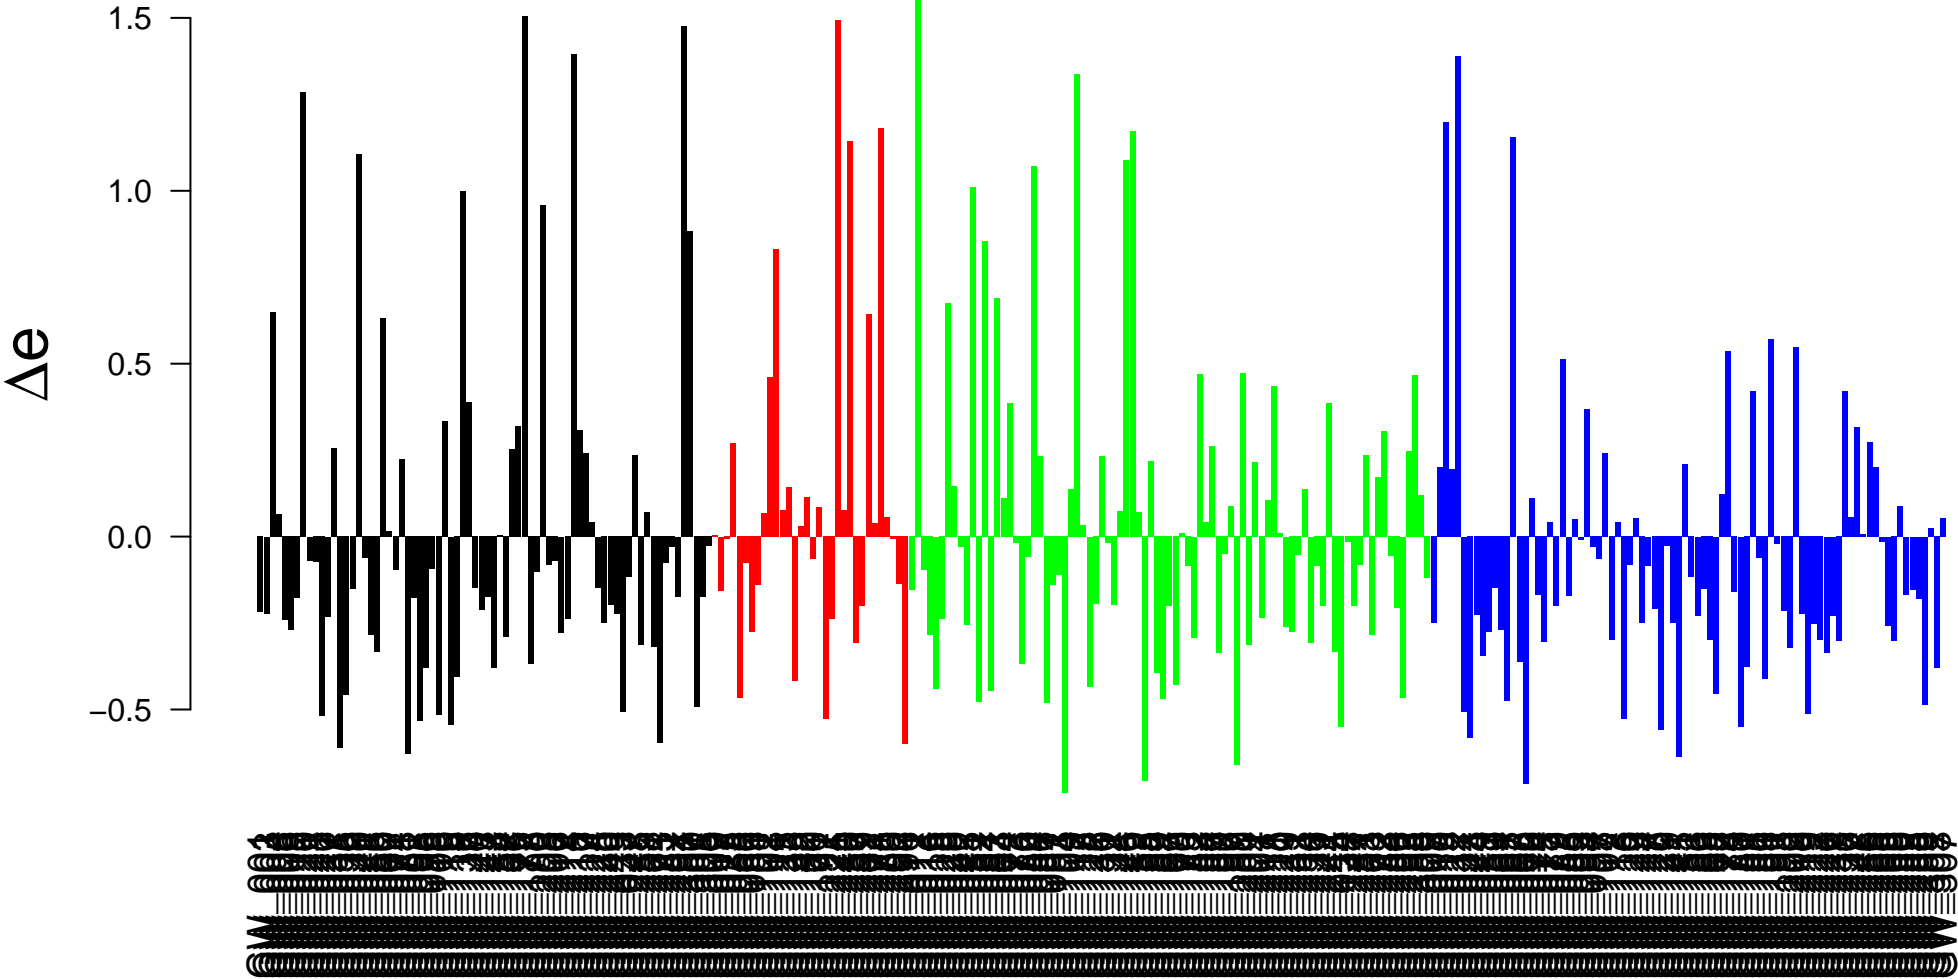

# branching involved in mammary gland duct morphogenesis

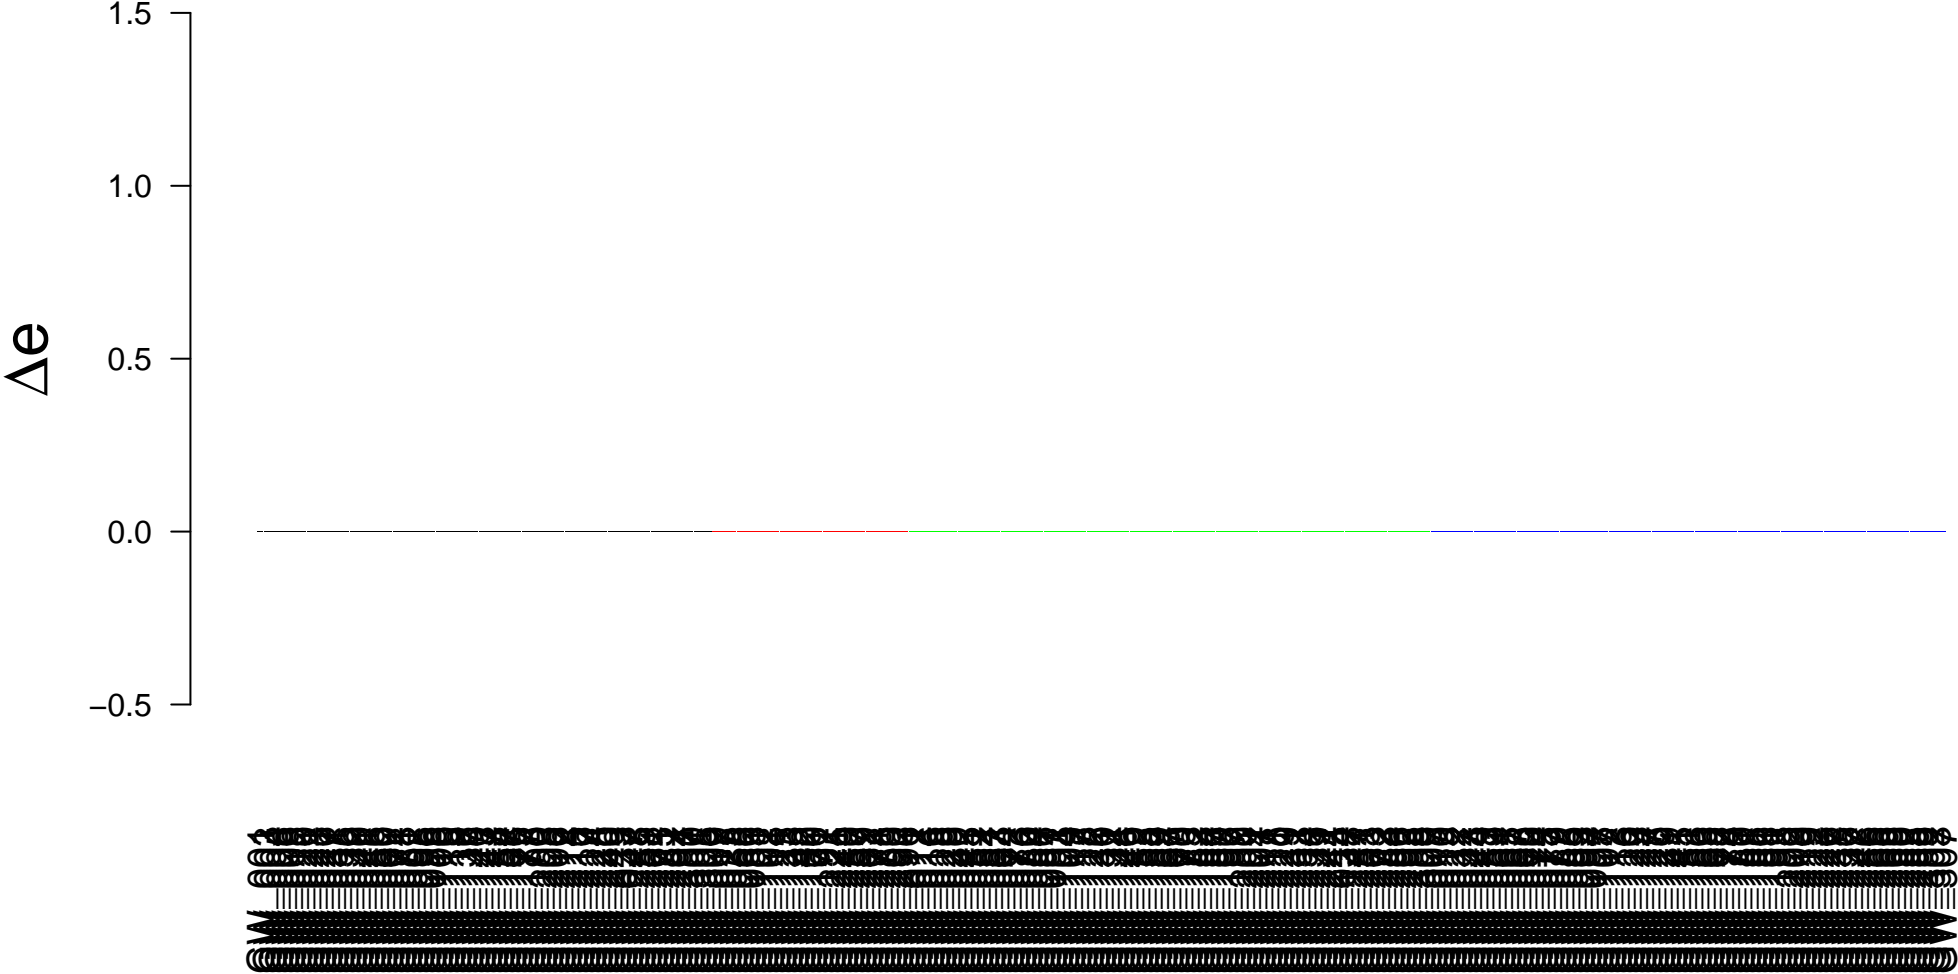

# Enrichment in spots: branching involved in mammary gland duct morphogenesis

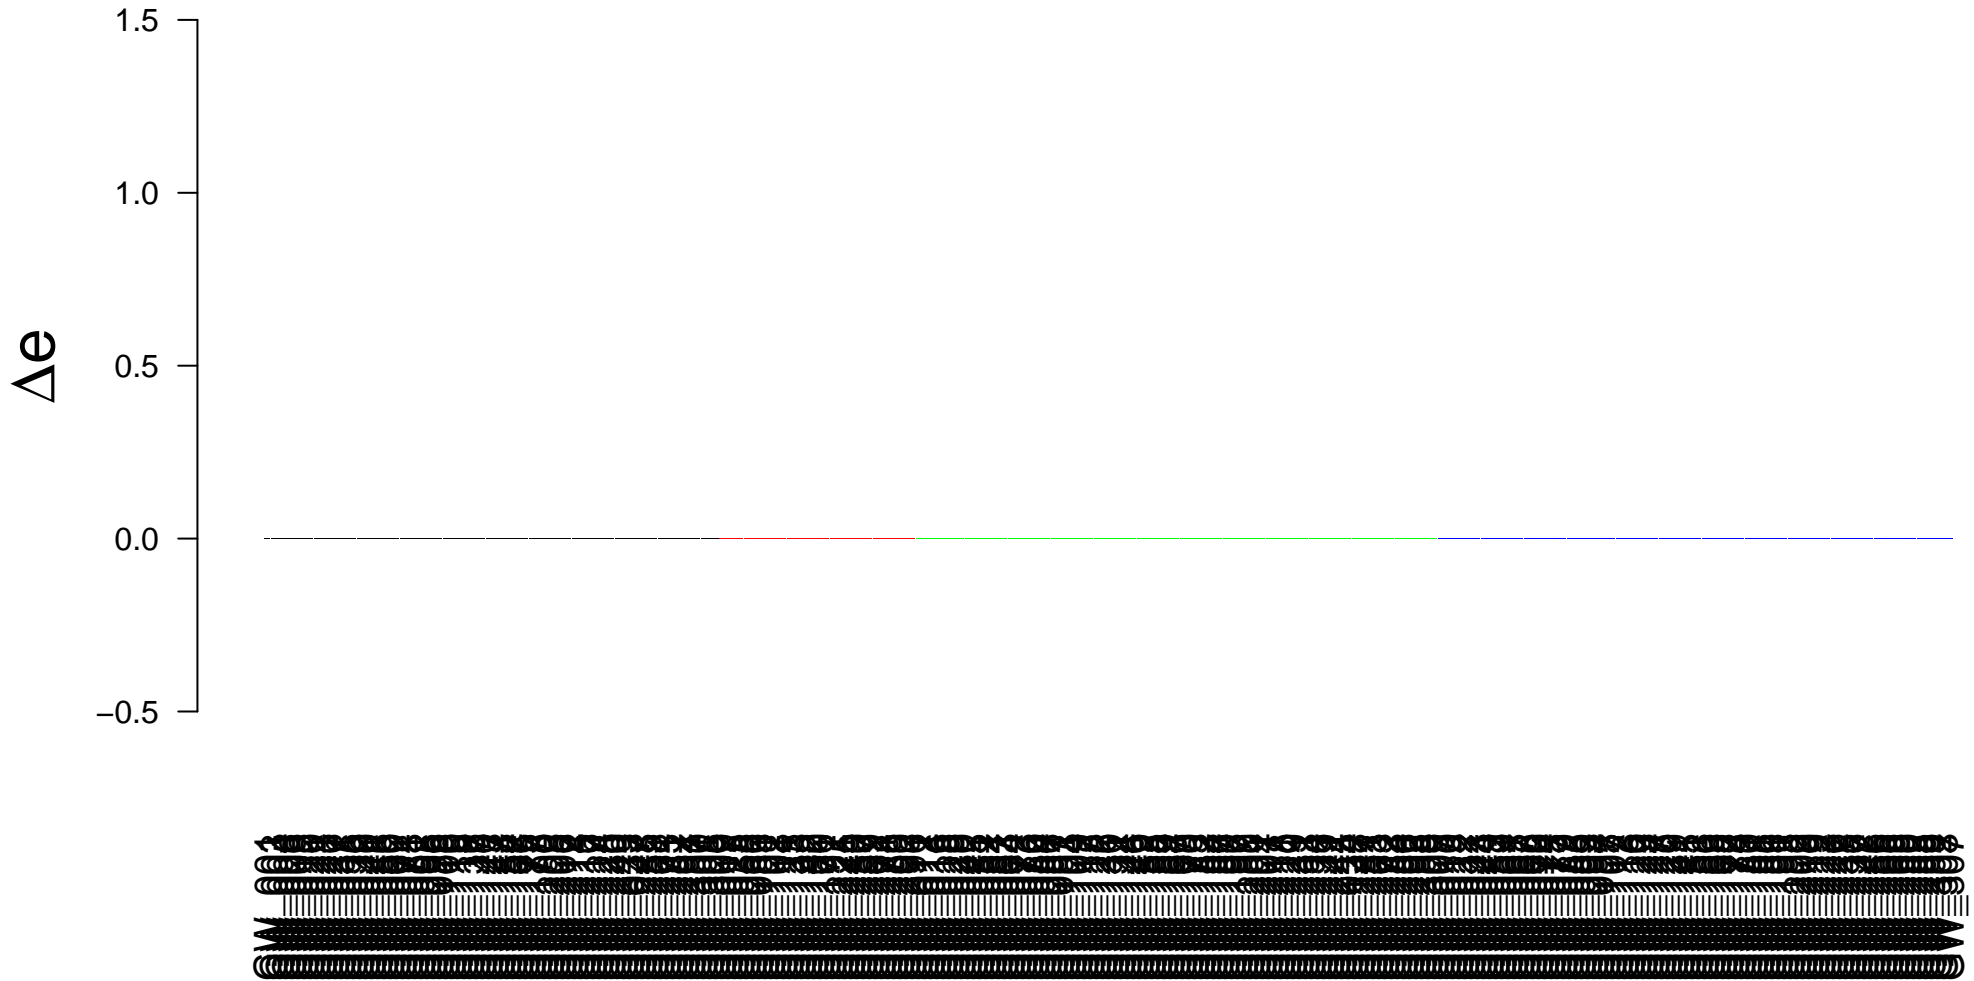

Expression of branching involved in mammary gland duct morphogenesis in Spot A

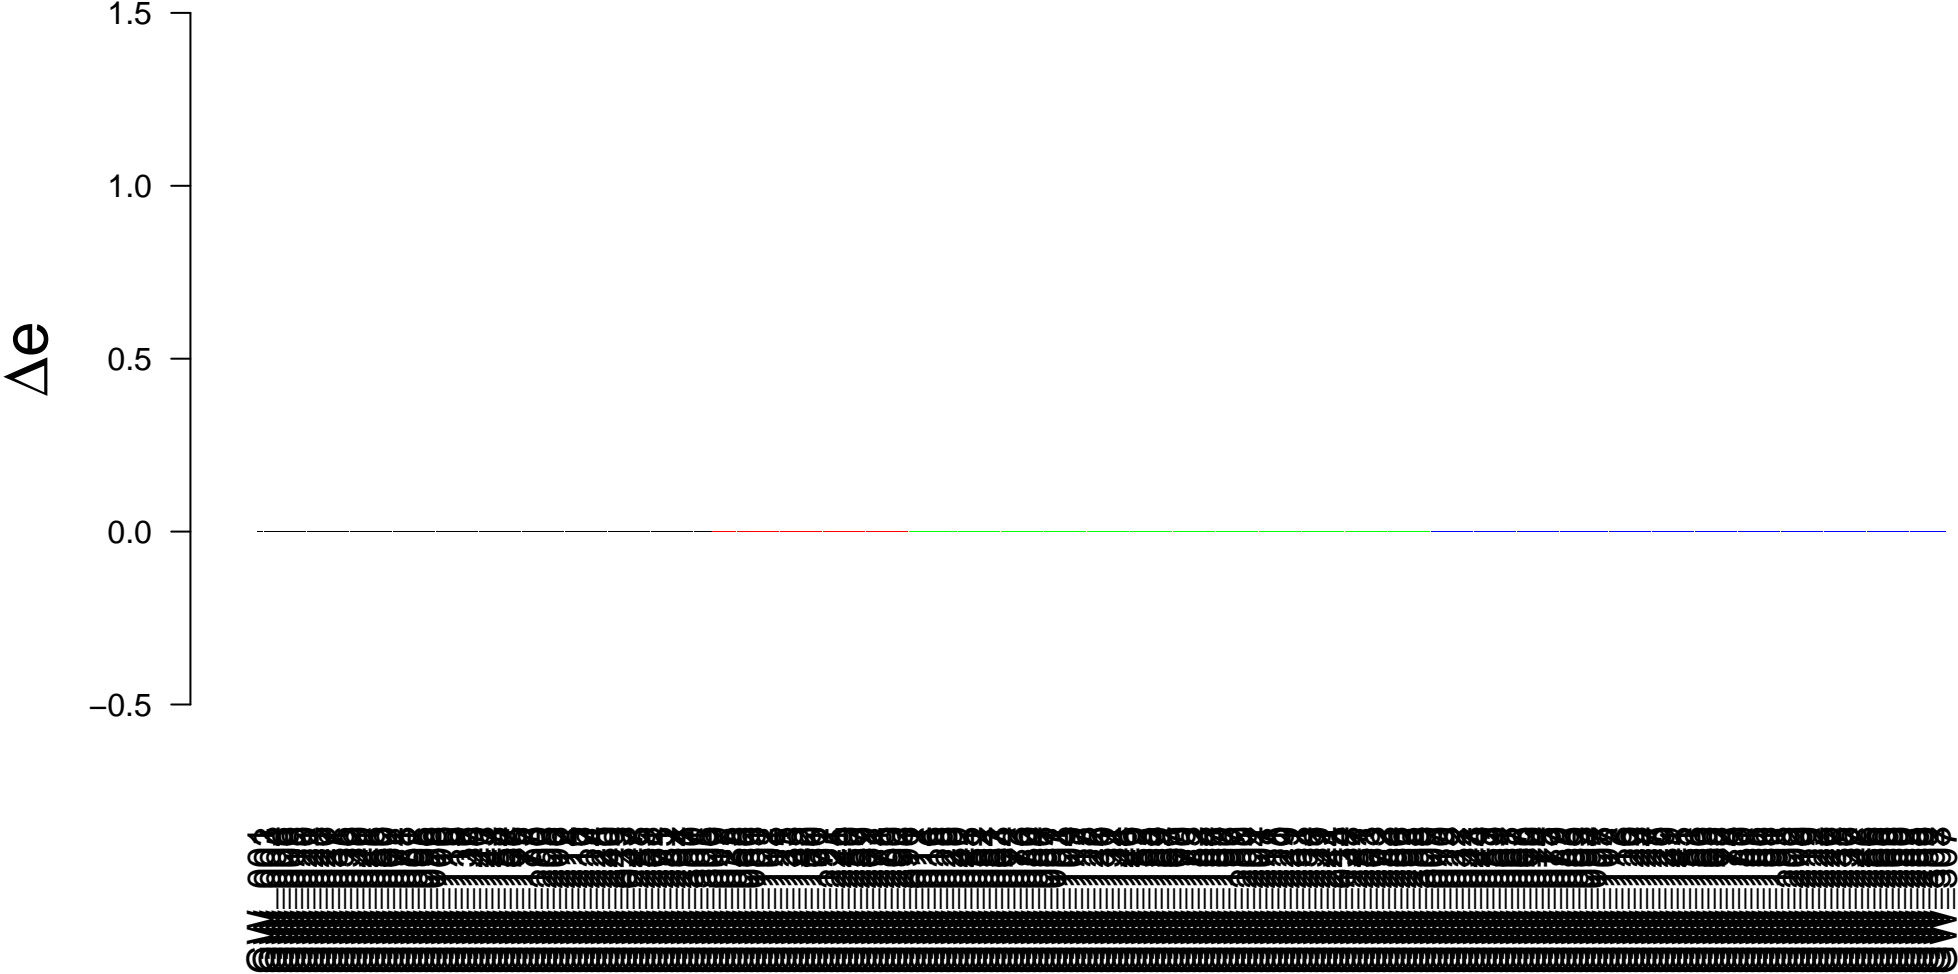

Expression of branching involved in mammary gland duct morphogenesis in Spot B

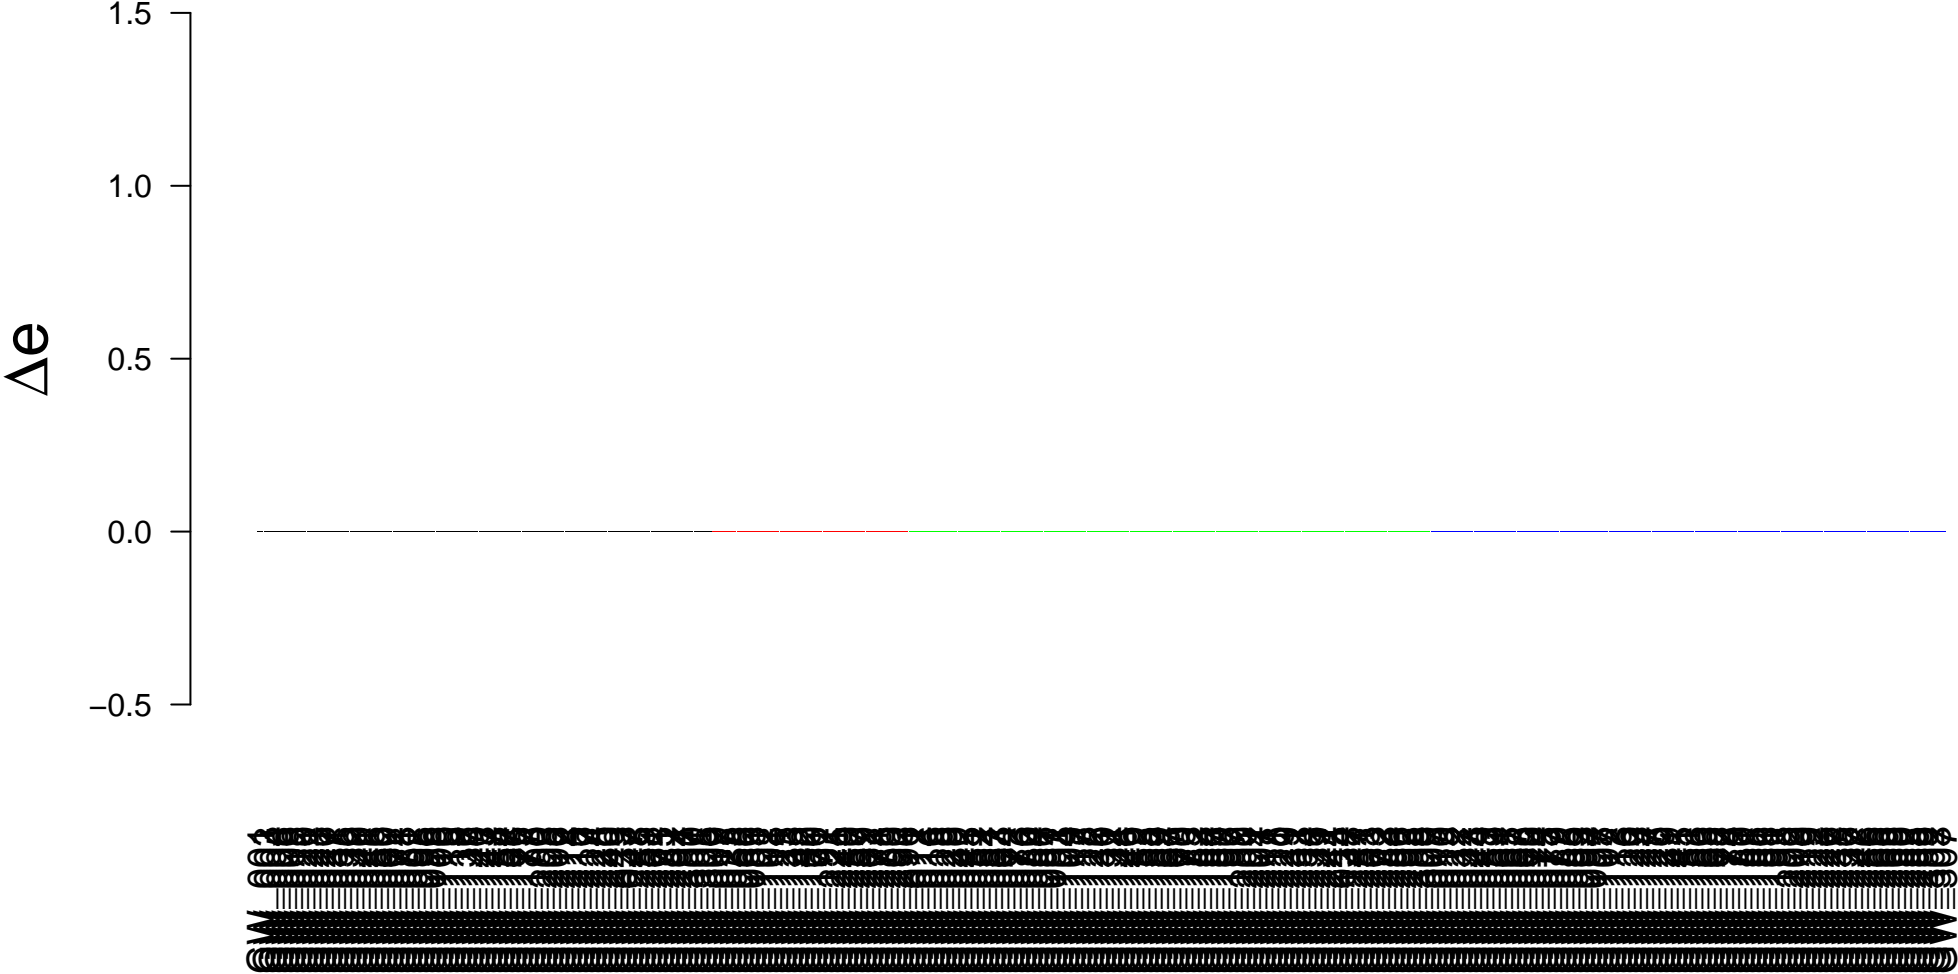

# Expression of branching involved in mammary gland duct morphogenesis in Spot C

Expression of branching involved in mammary gland duct morphogenesis in Spot D

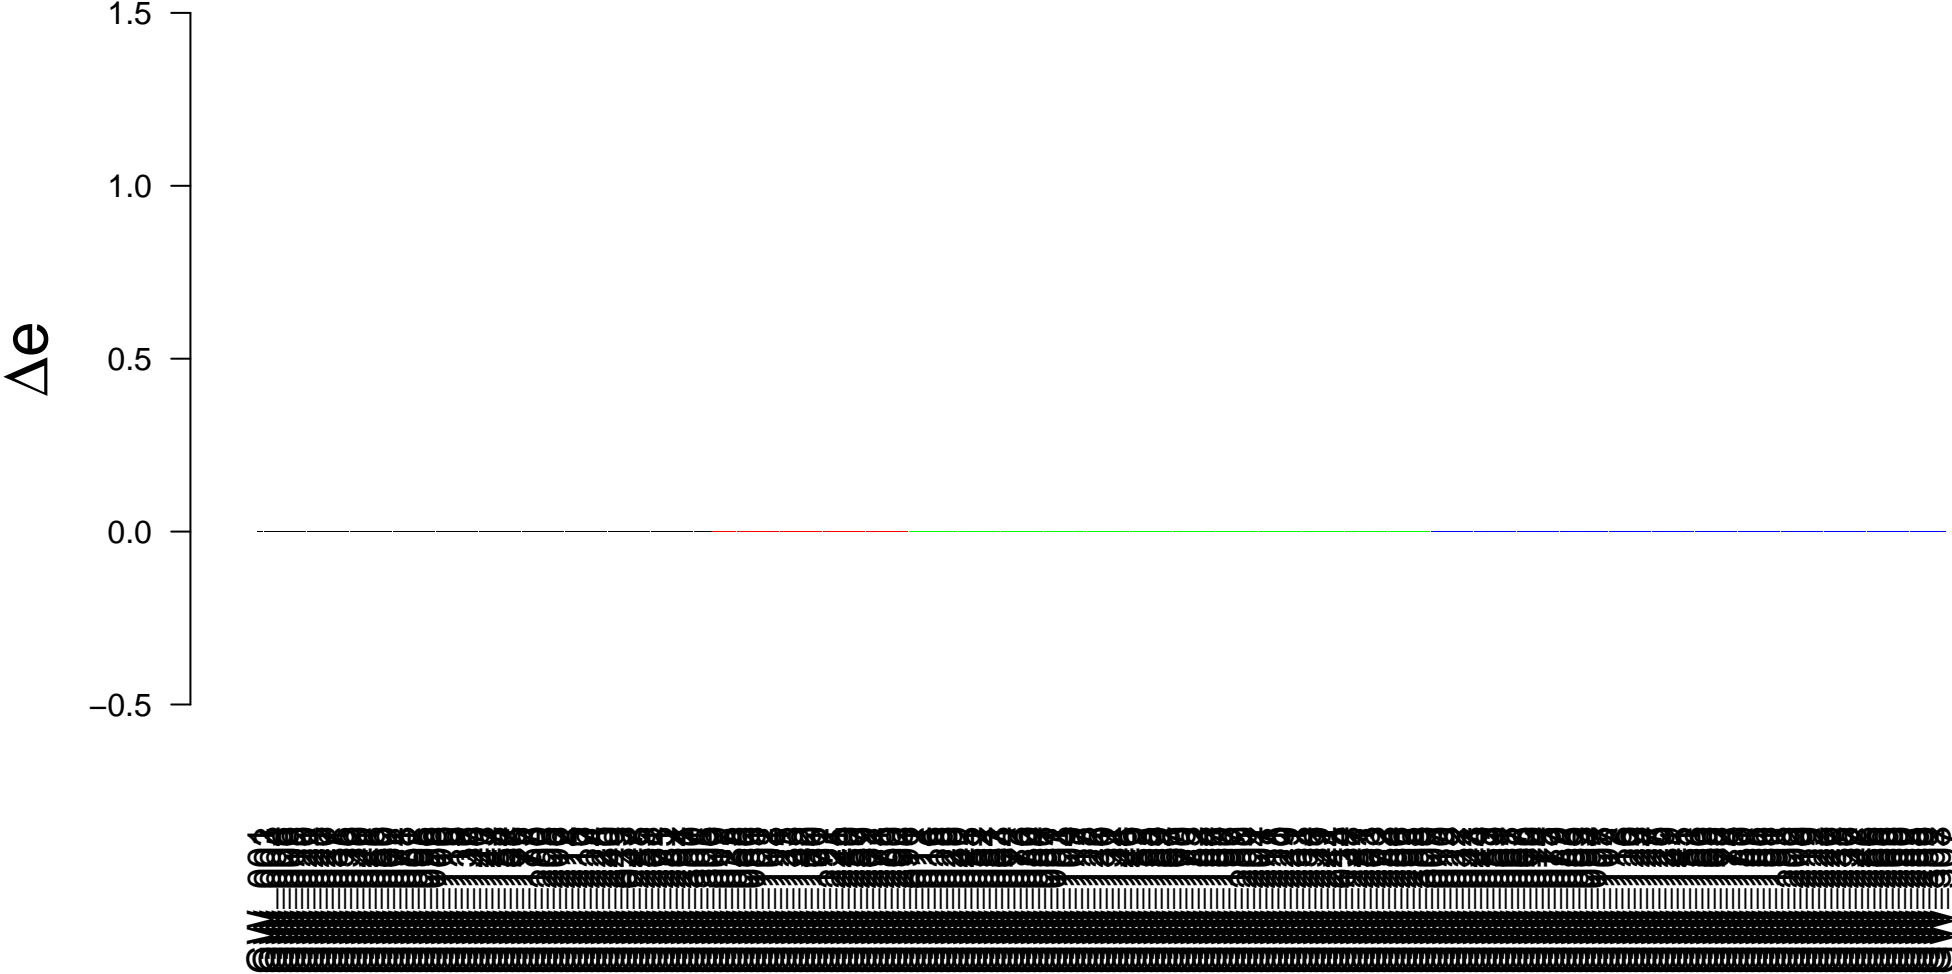

Expression of branching involved in mammary gland duct morphogenesis in Spot E

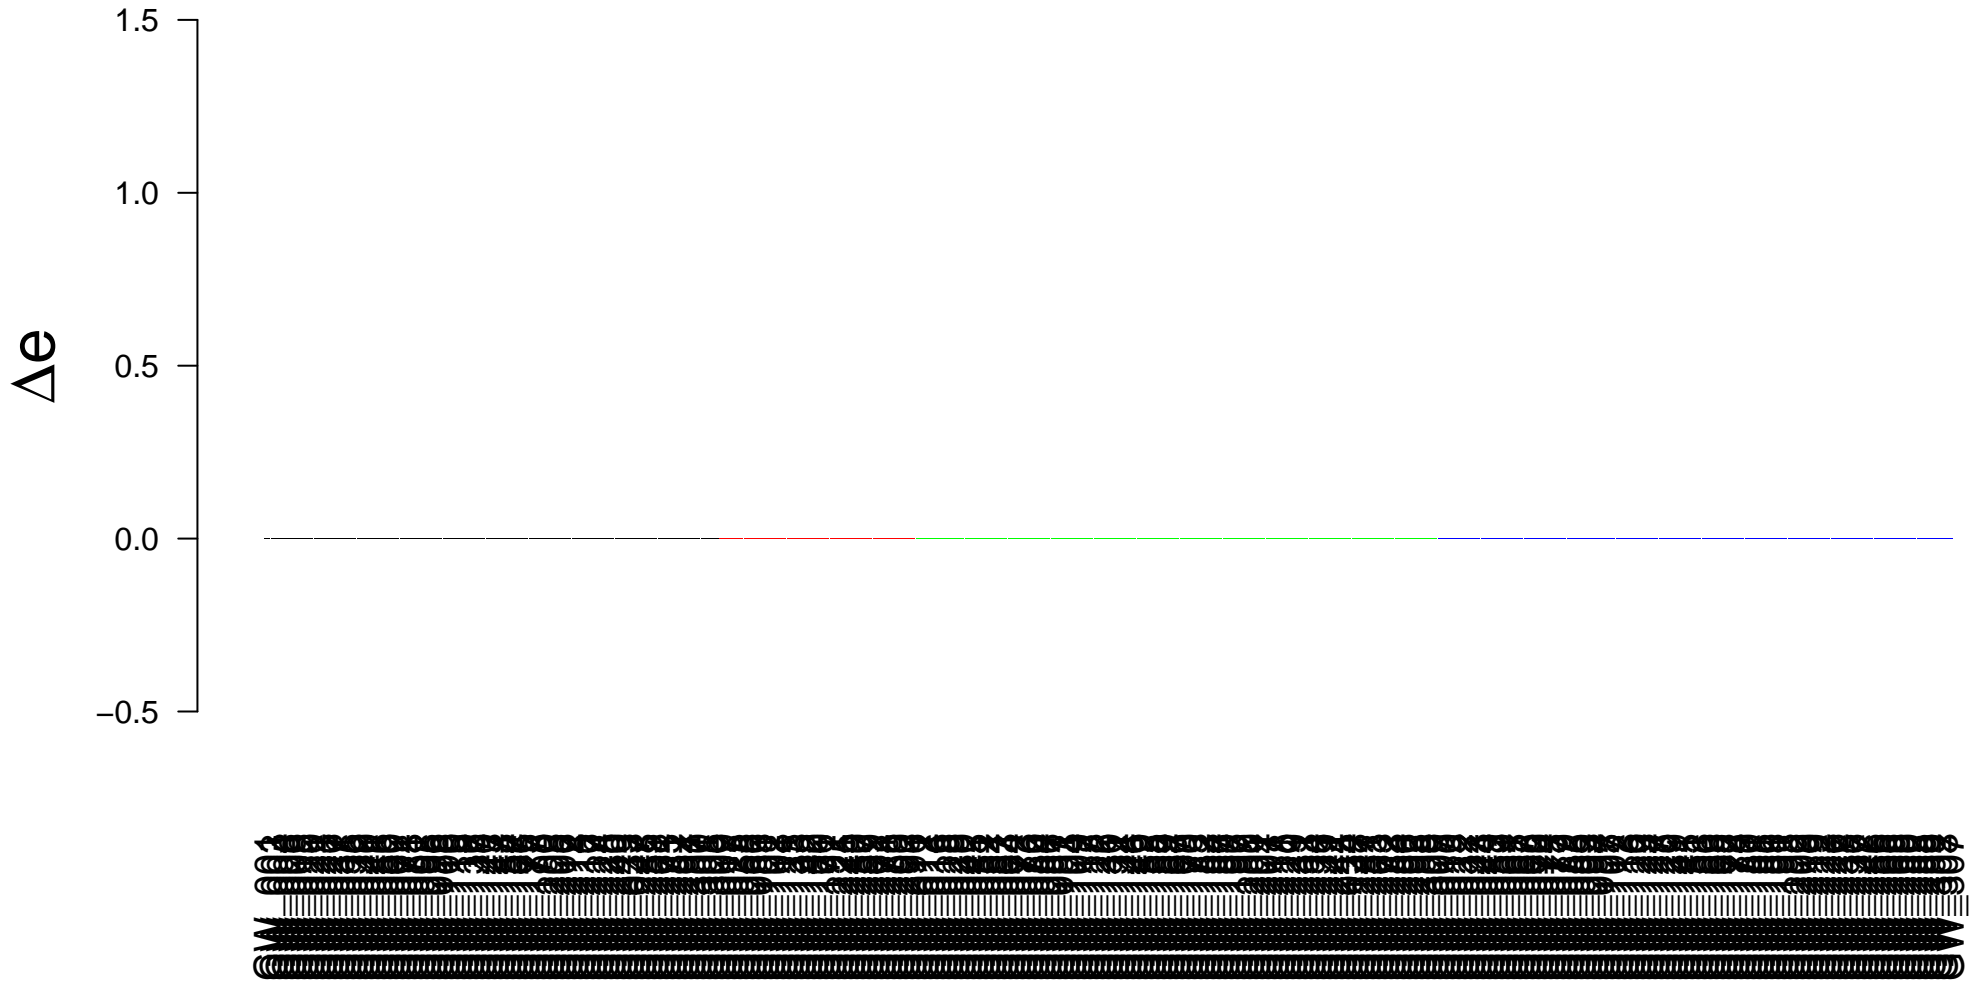

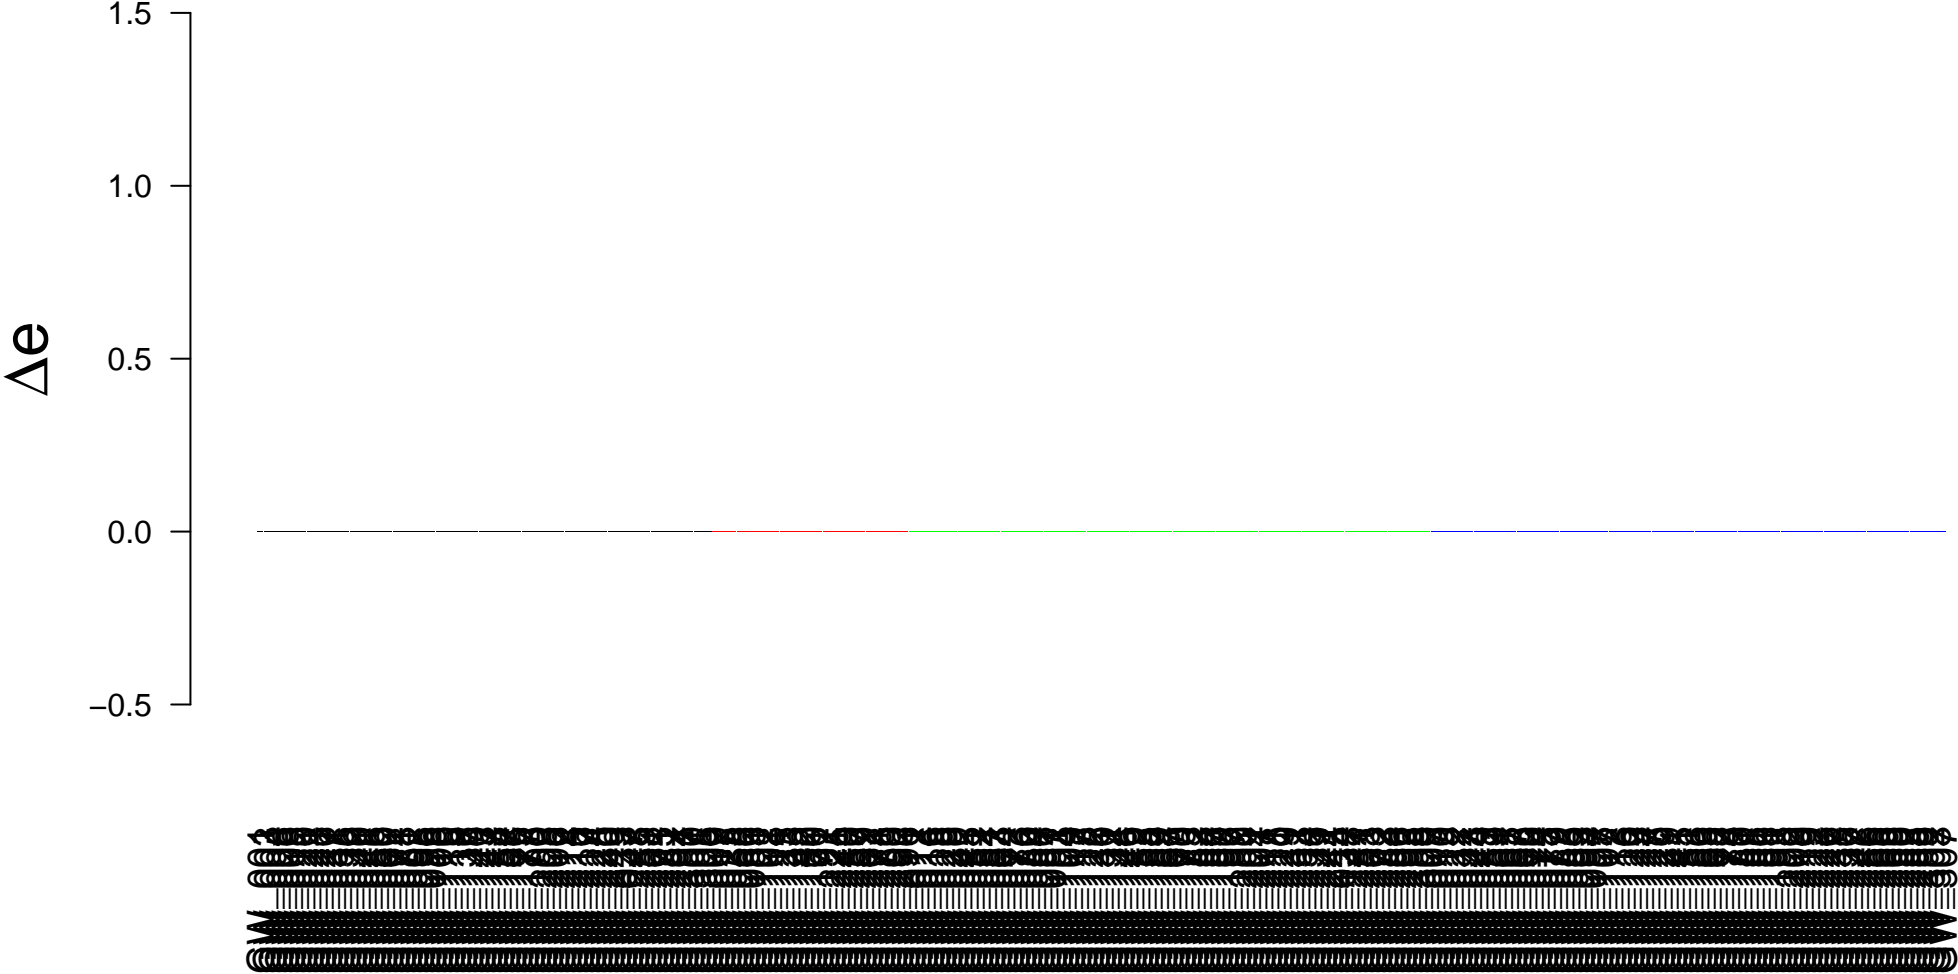

Expression of branching involved in mammary gland duct morphogenesis in Spot F

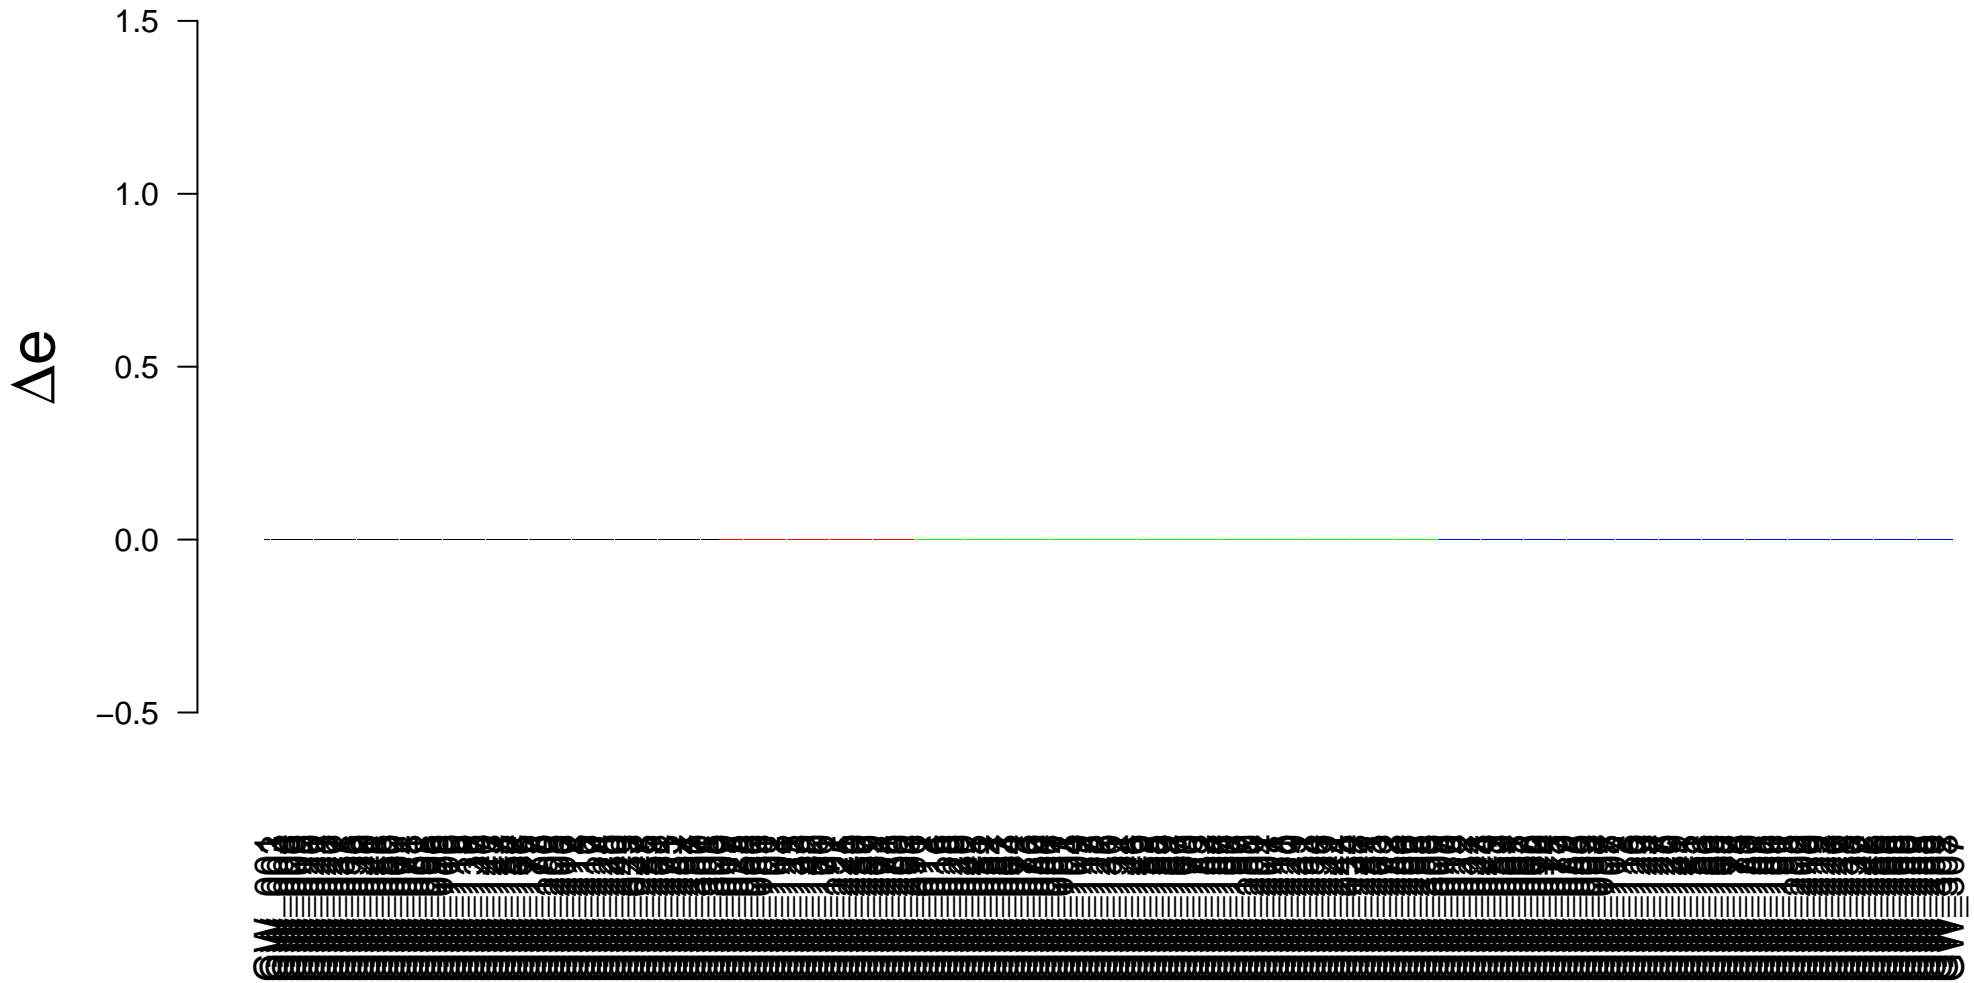

# Expression of branching involved in mammary gland duct morphogenesis in Spot G

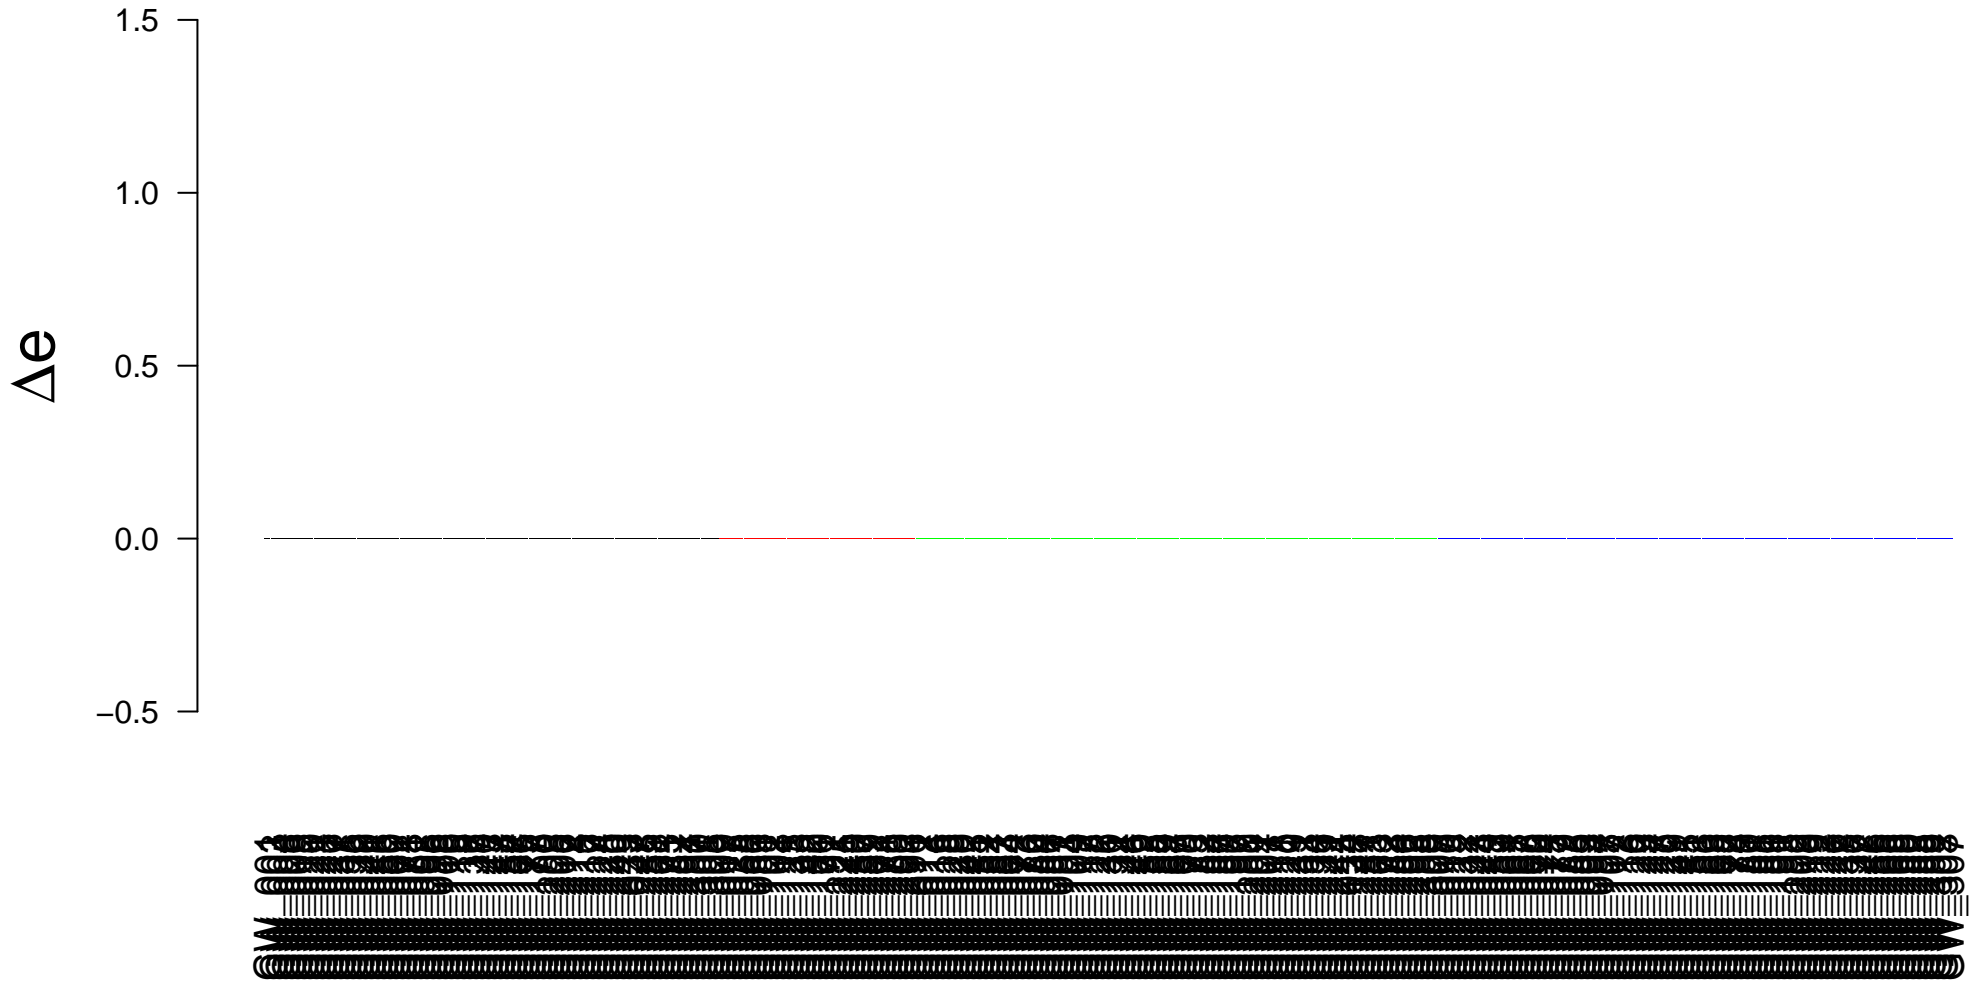

Expression of branching involved in mammary gland duct morphogenesis in Spot H

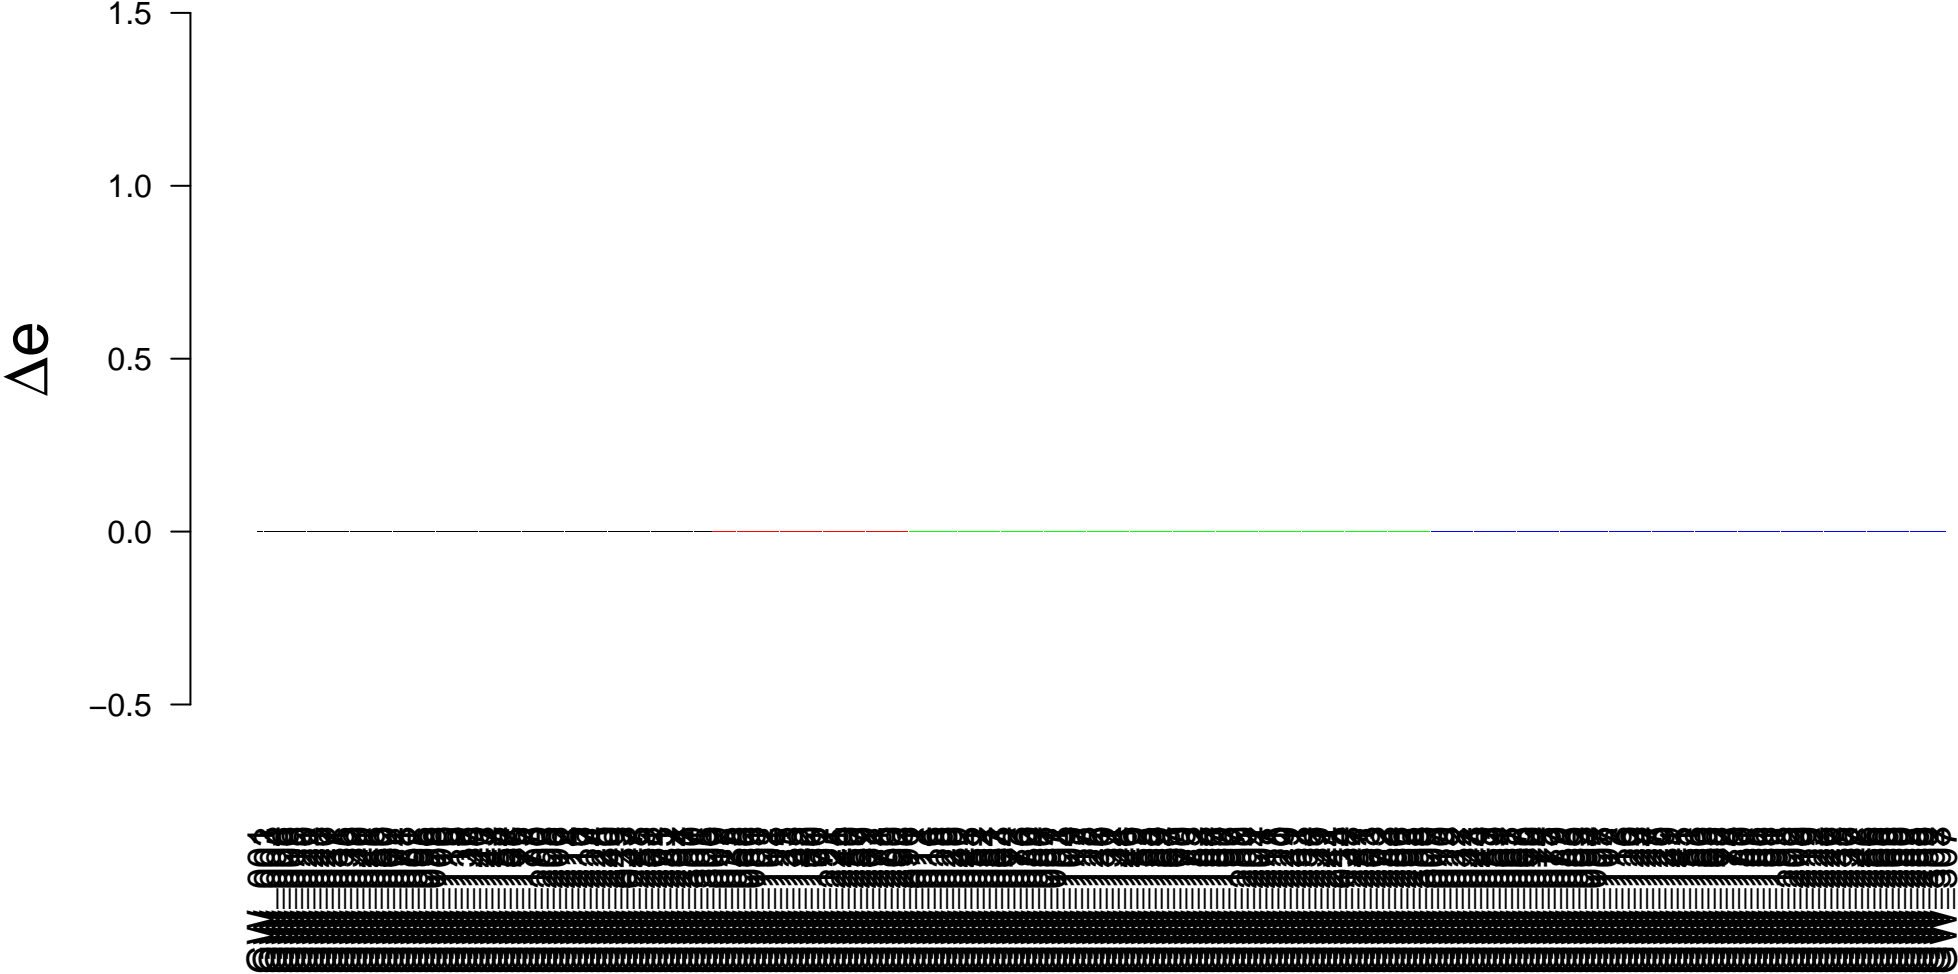

# Expression of branching involved in mammary gland duct morphogenesis in Spot I

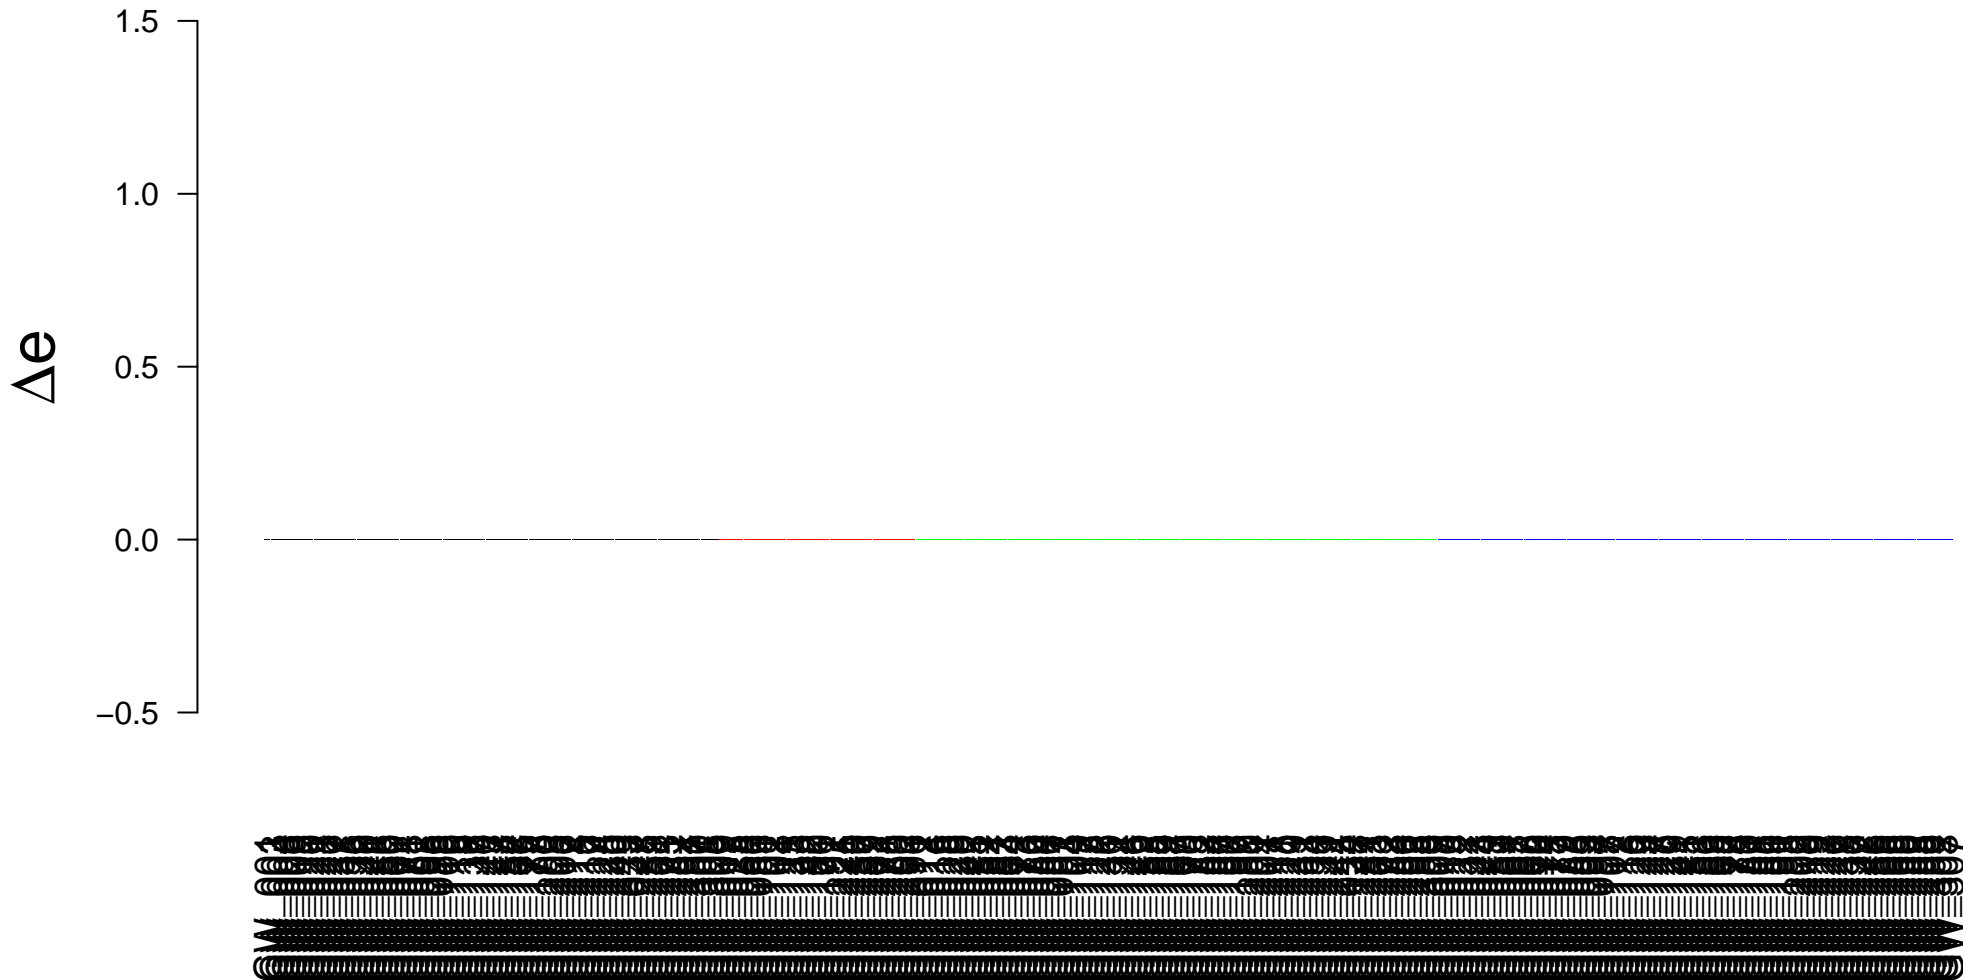

# Expression of branching involved in mammary gland duct morphogenesis in Spot J

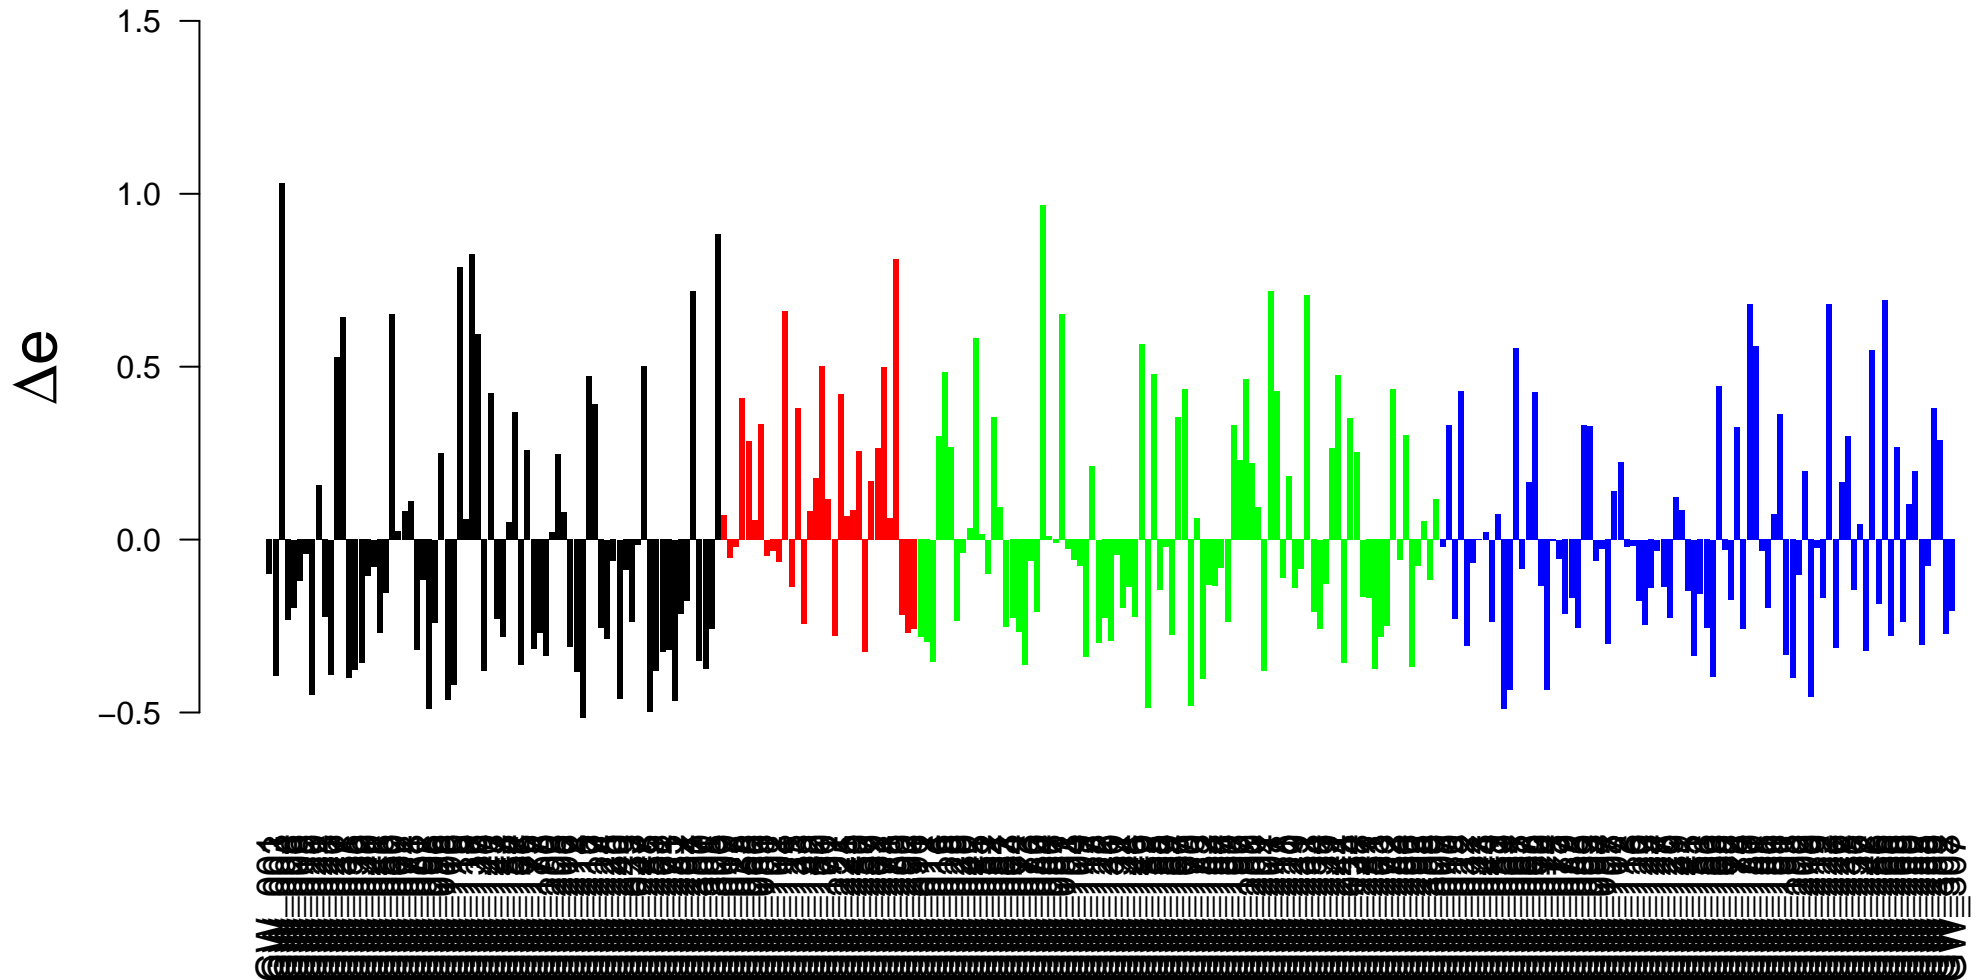

Expression of branching involved in mammary gland duct morphogenesis in Spot K

# Expression of branching involved in mammary gland duct morphogenesis in Spot L

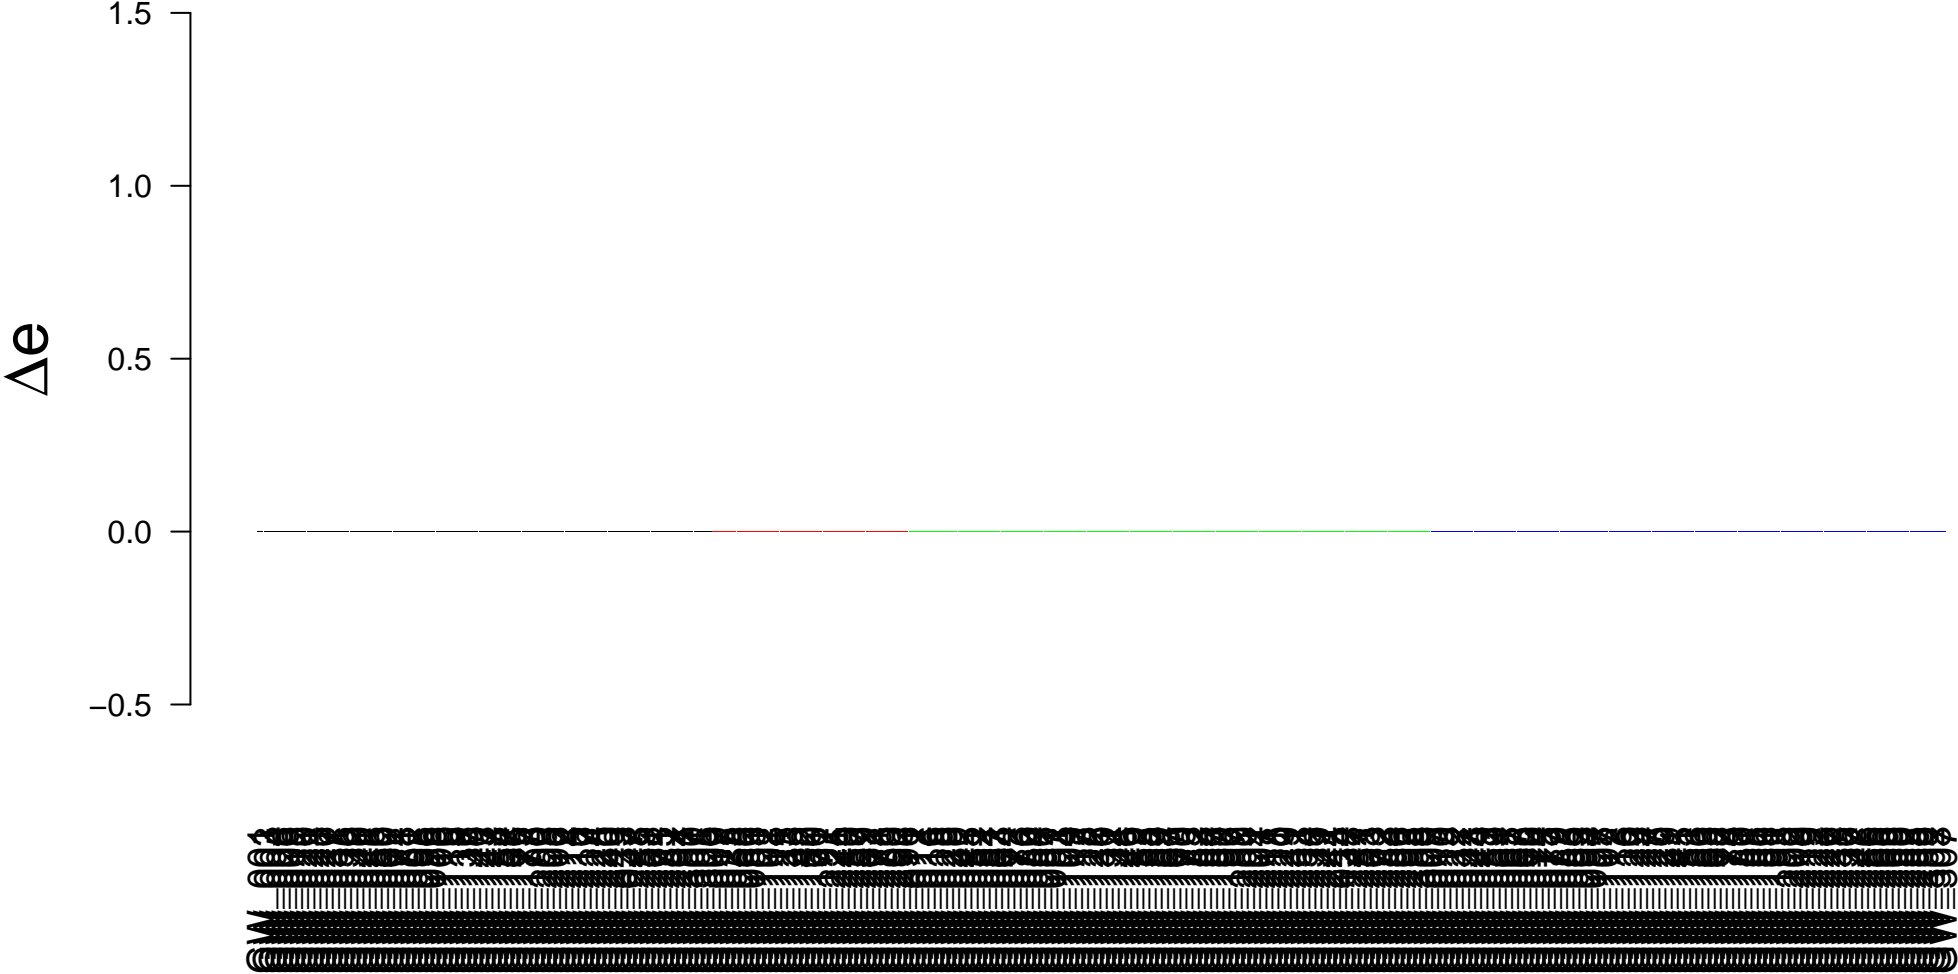

# Expression of branching involved in mammary gland duct morphogenesis in Spot M

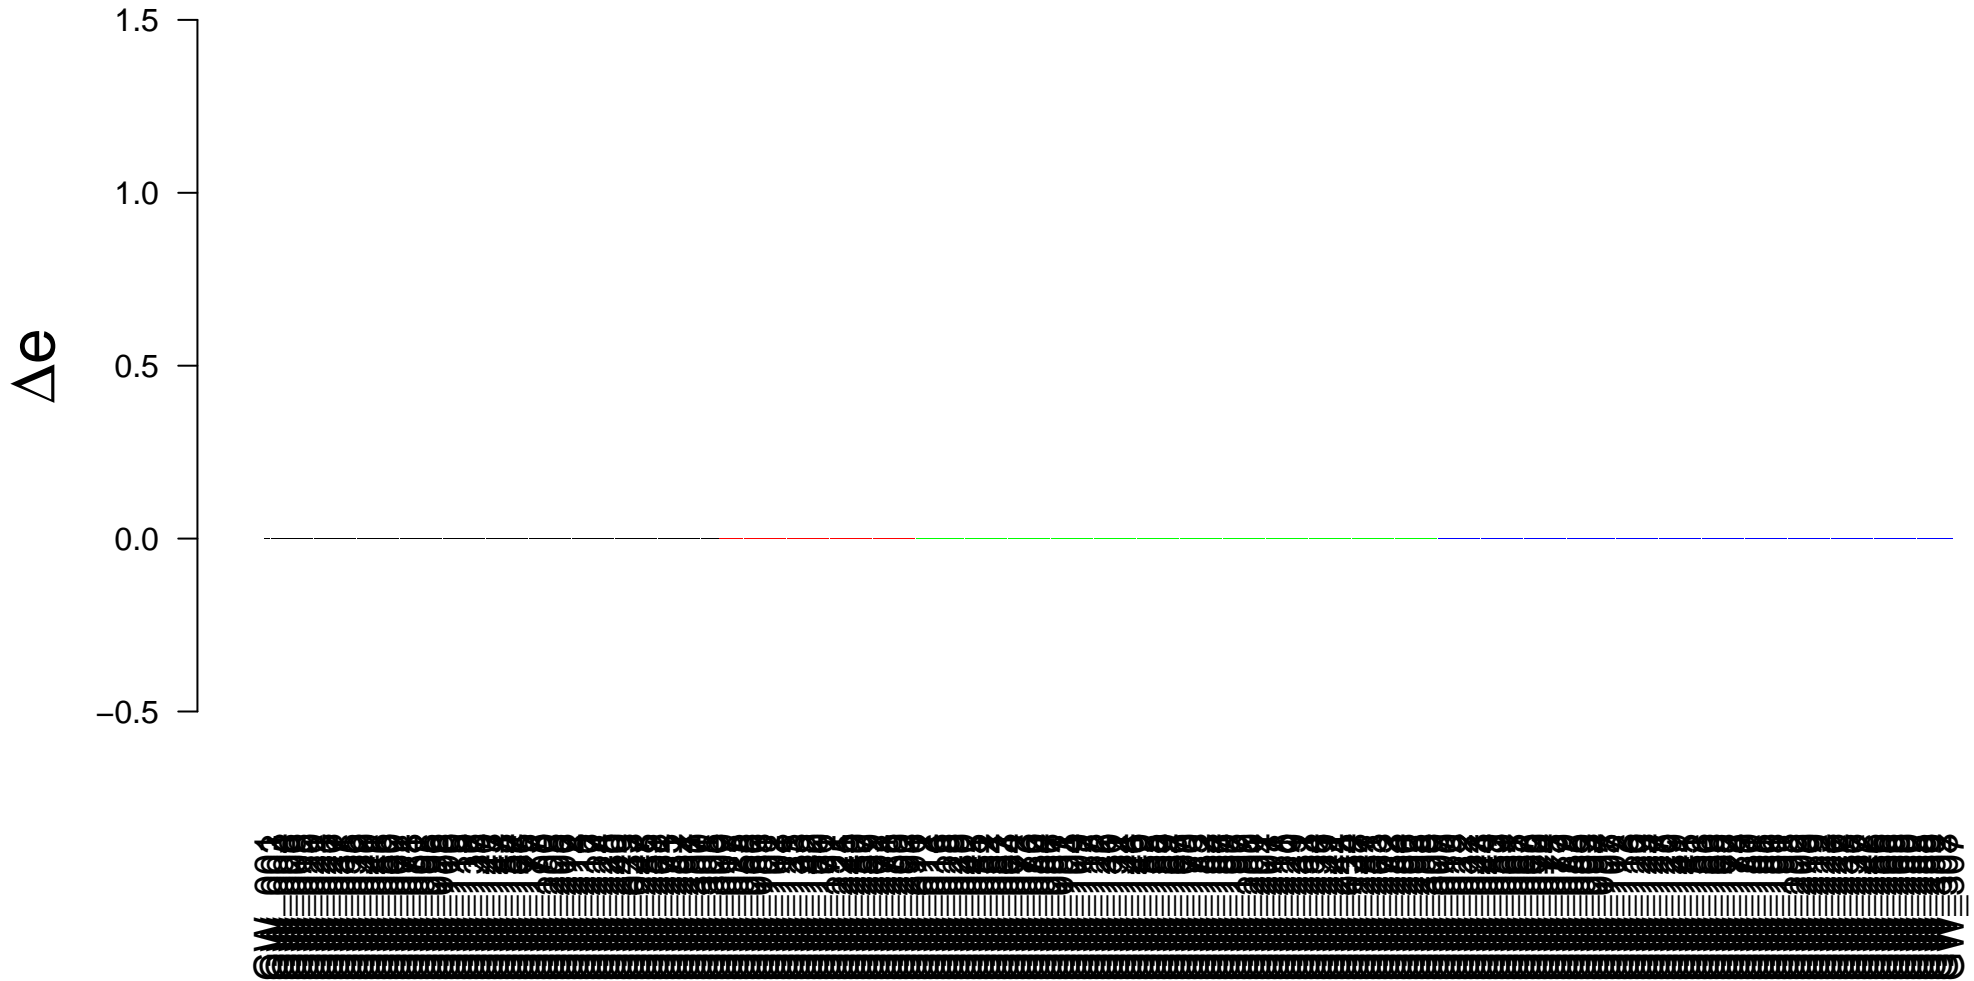

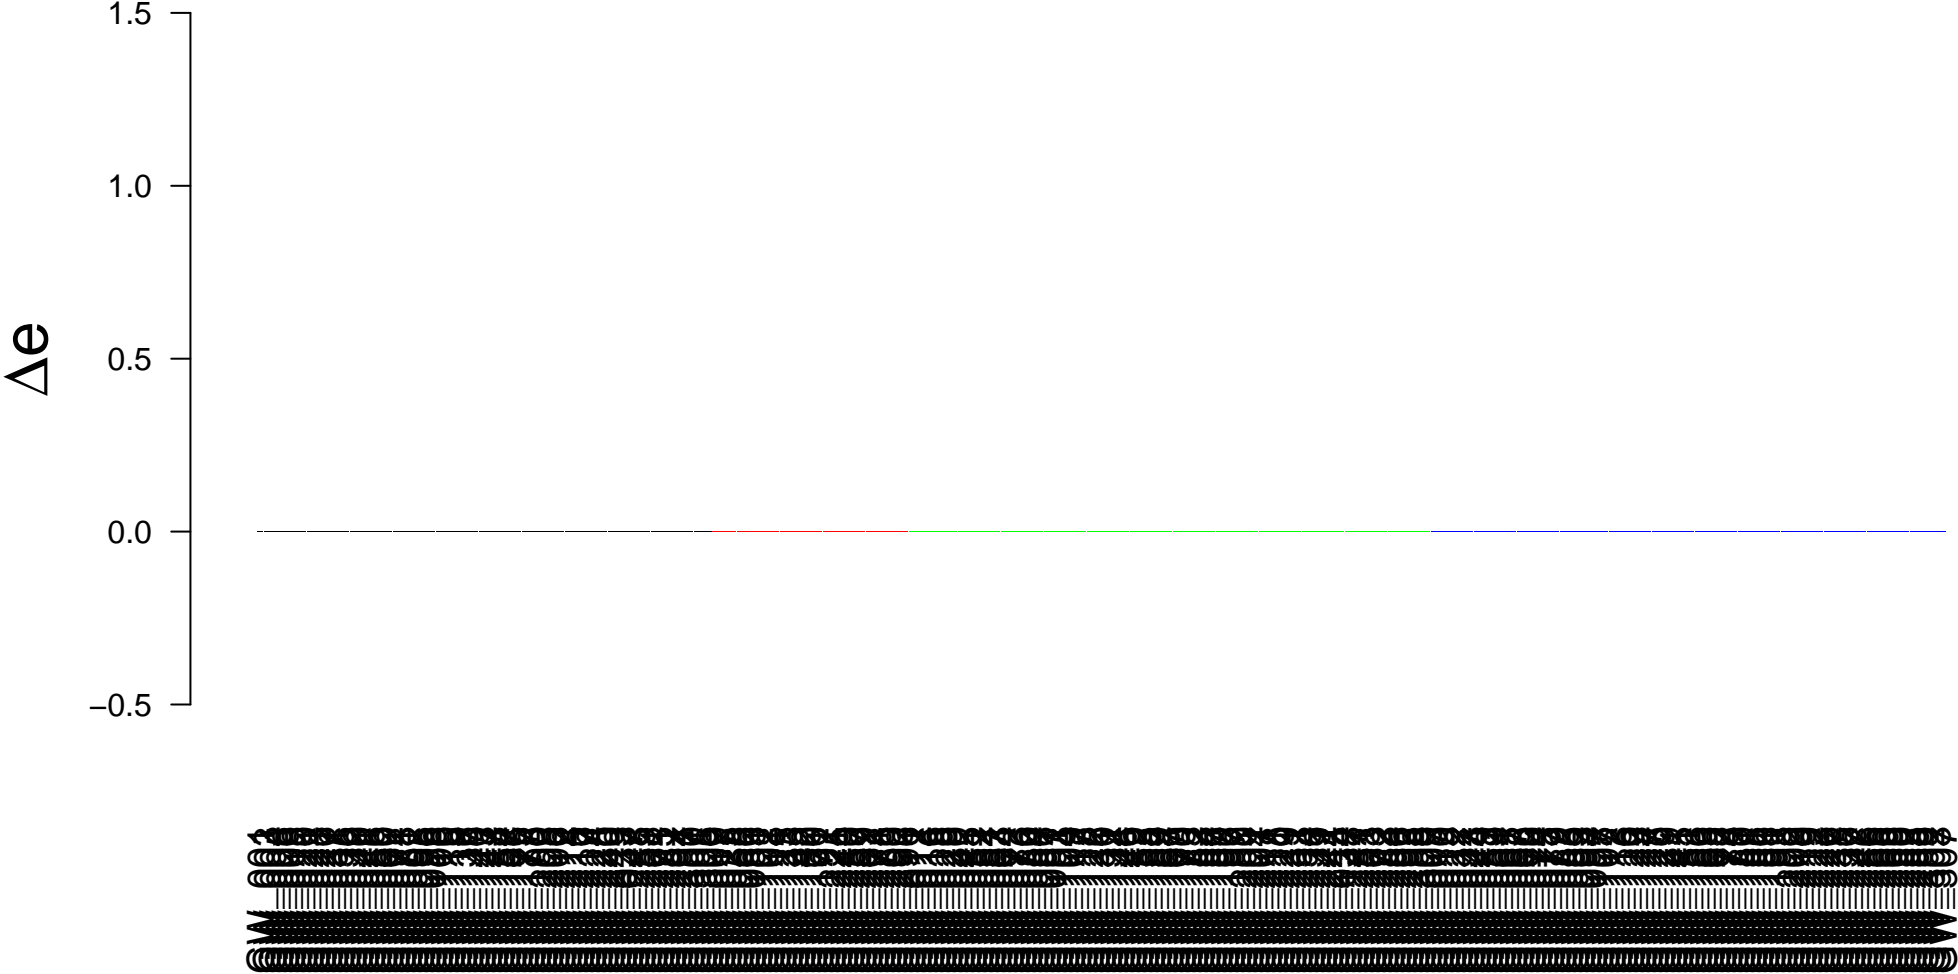

Expression of branching involved in mammary gland duct morphogenesis in Spot N

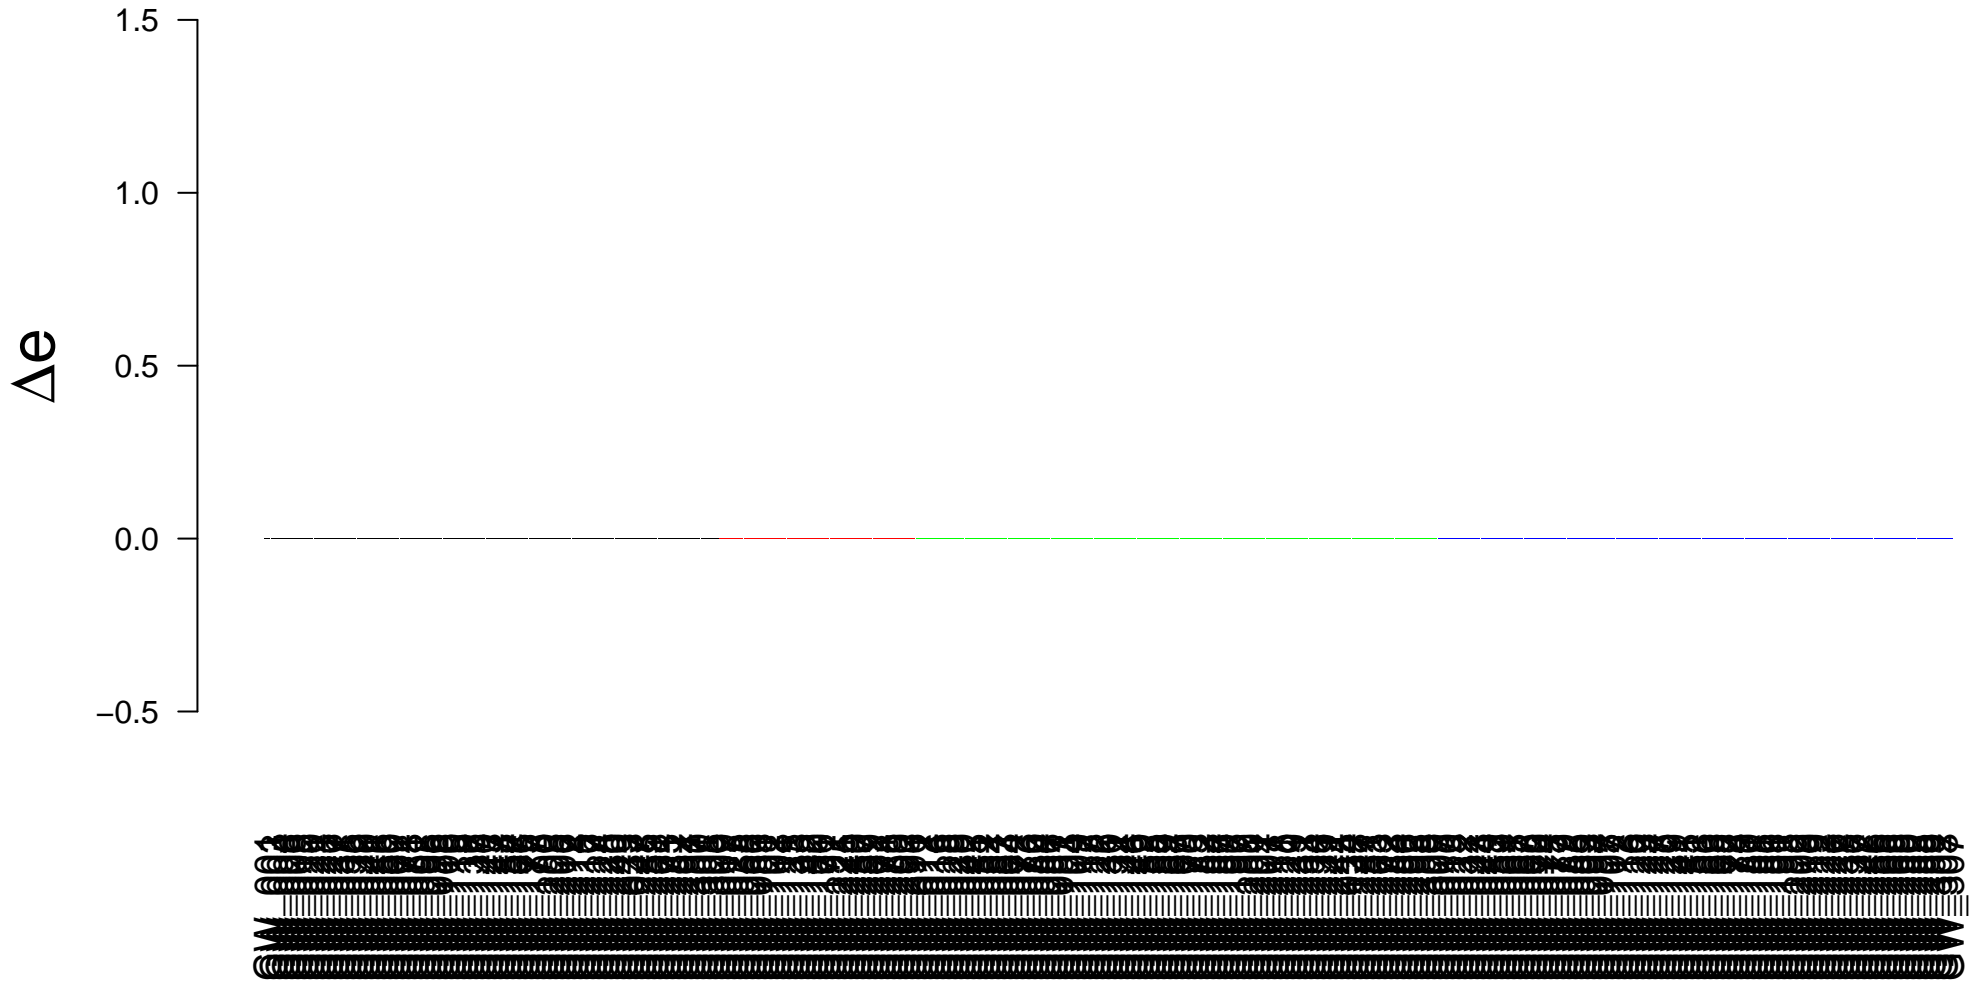

# Expression of branching involved in mammary gland duct morphogenesis in Spot O

Expression of branching involved in mammary gland duct morphogenesis in Spot P

# Expression of branching involved in mammary gland duct morphogenesis in Spot Q

Expression of branching involved in mammary gland duct morphogenesis in Spot R
