

calcium channel regulator activity

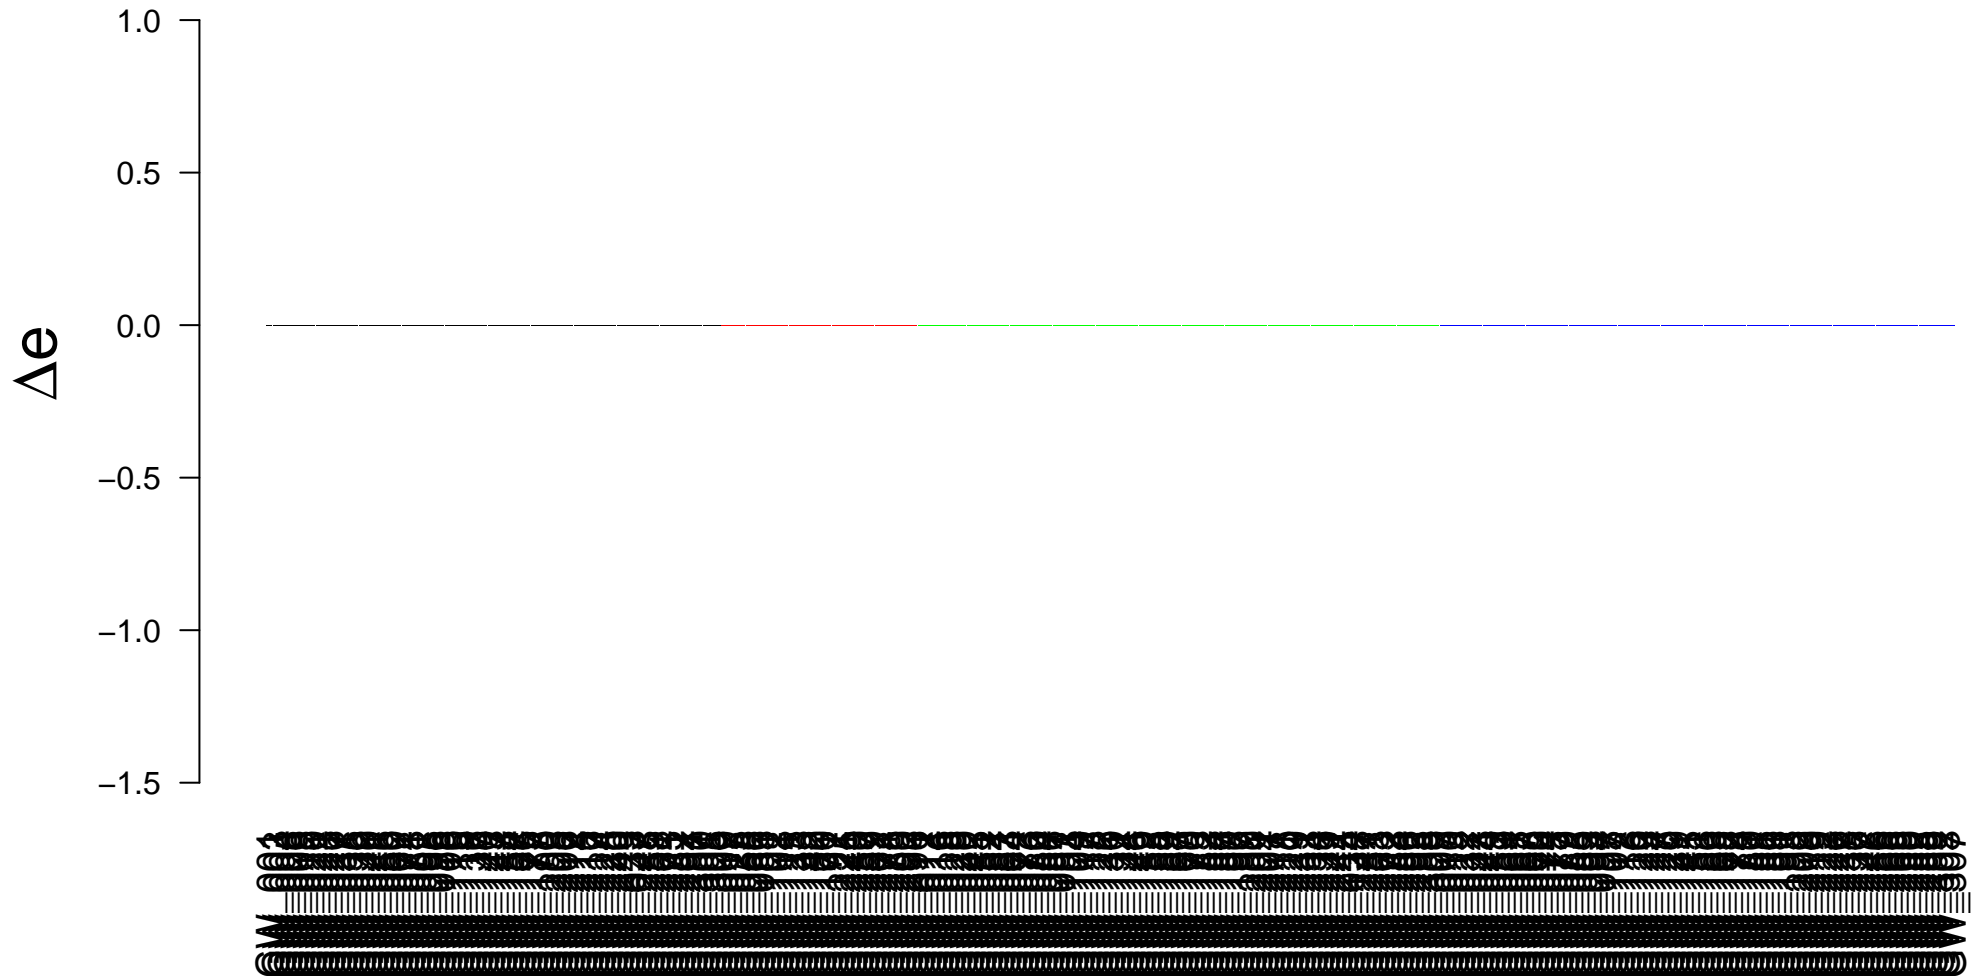

calcium channel regulator activity

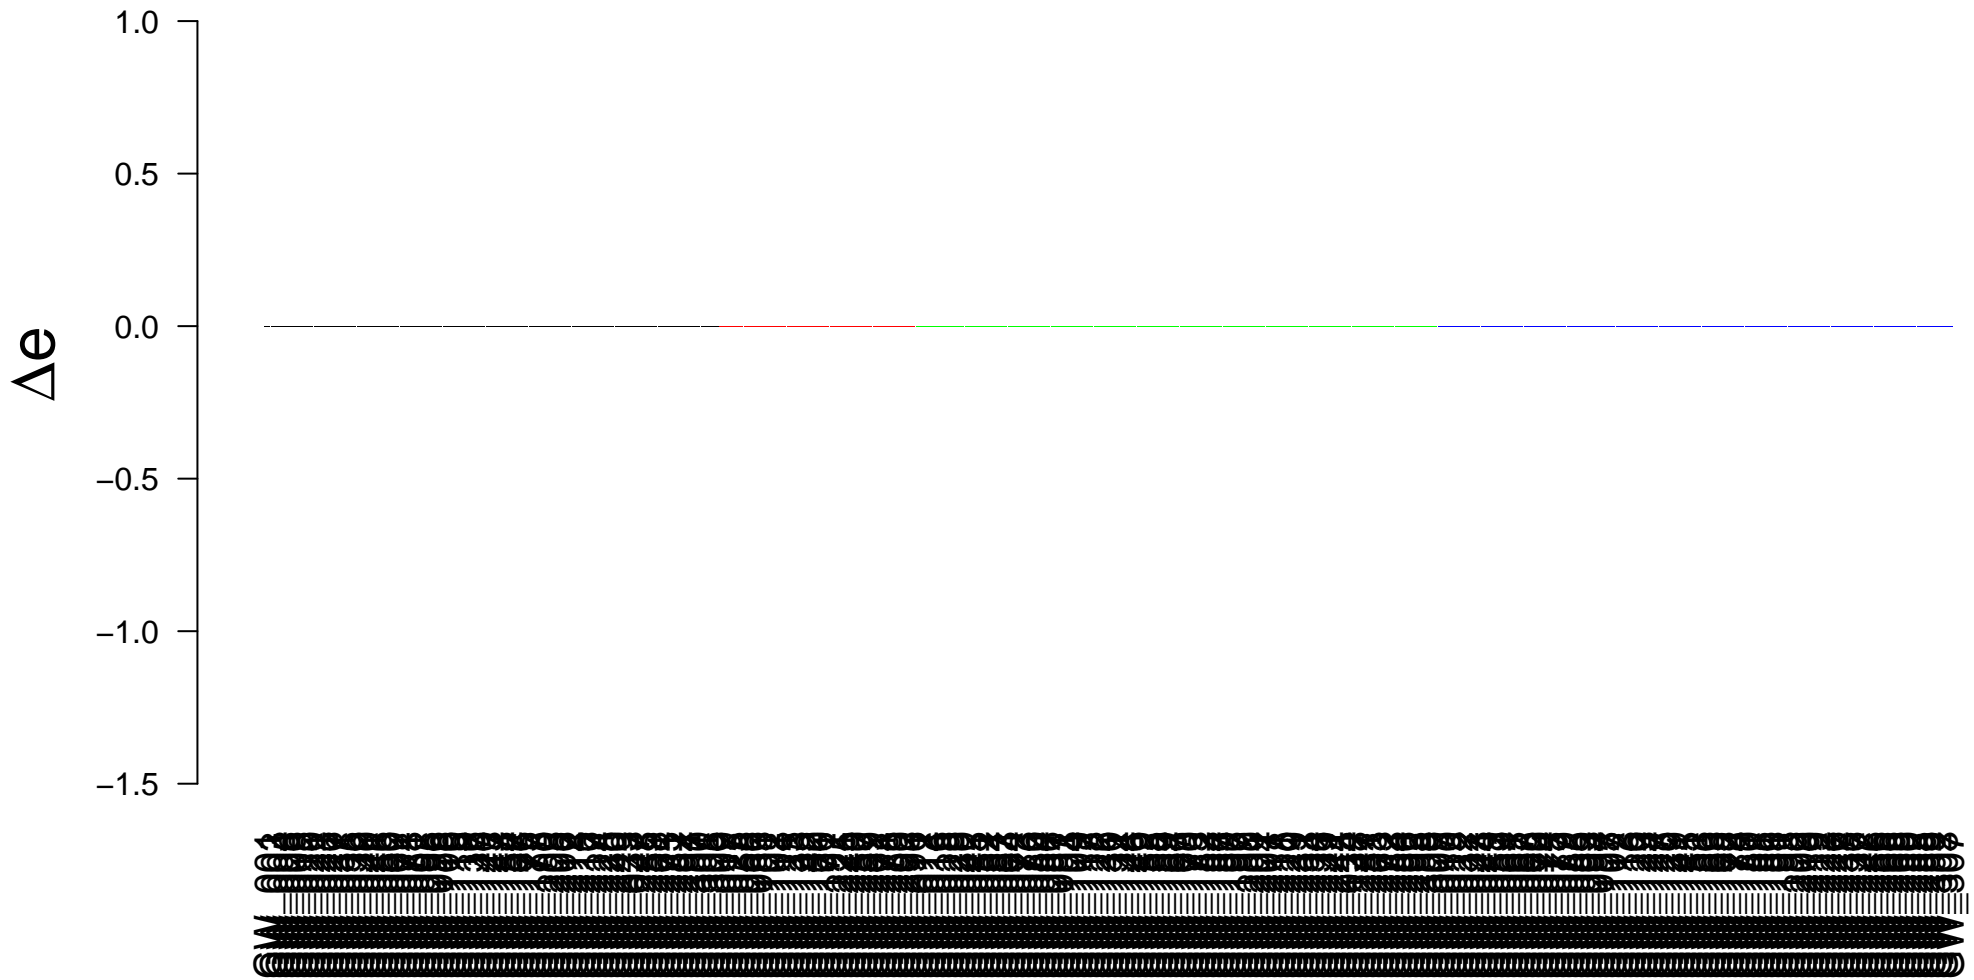

Enrichment in spots: calcium channel regulator activity

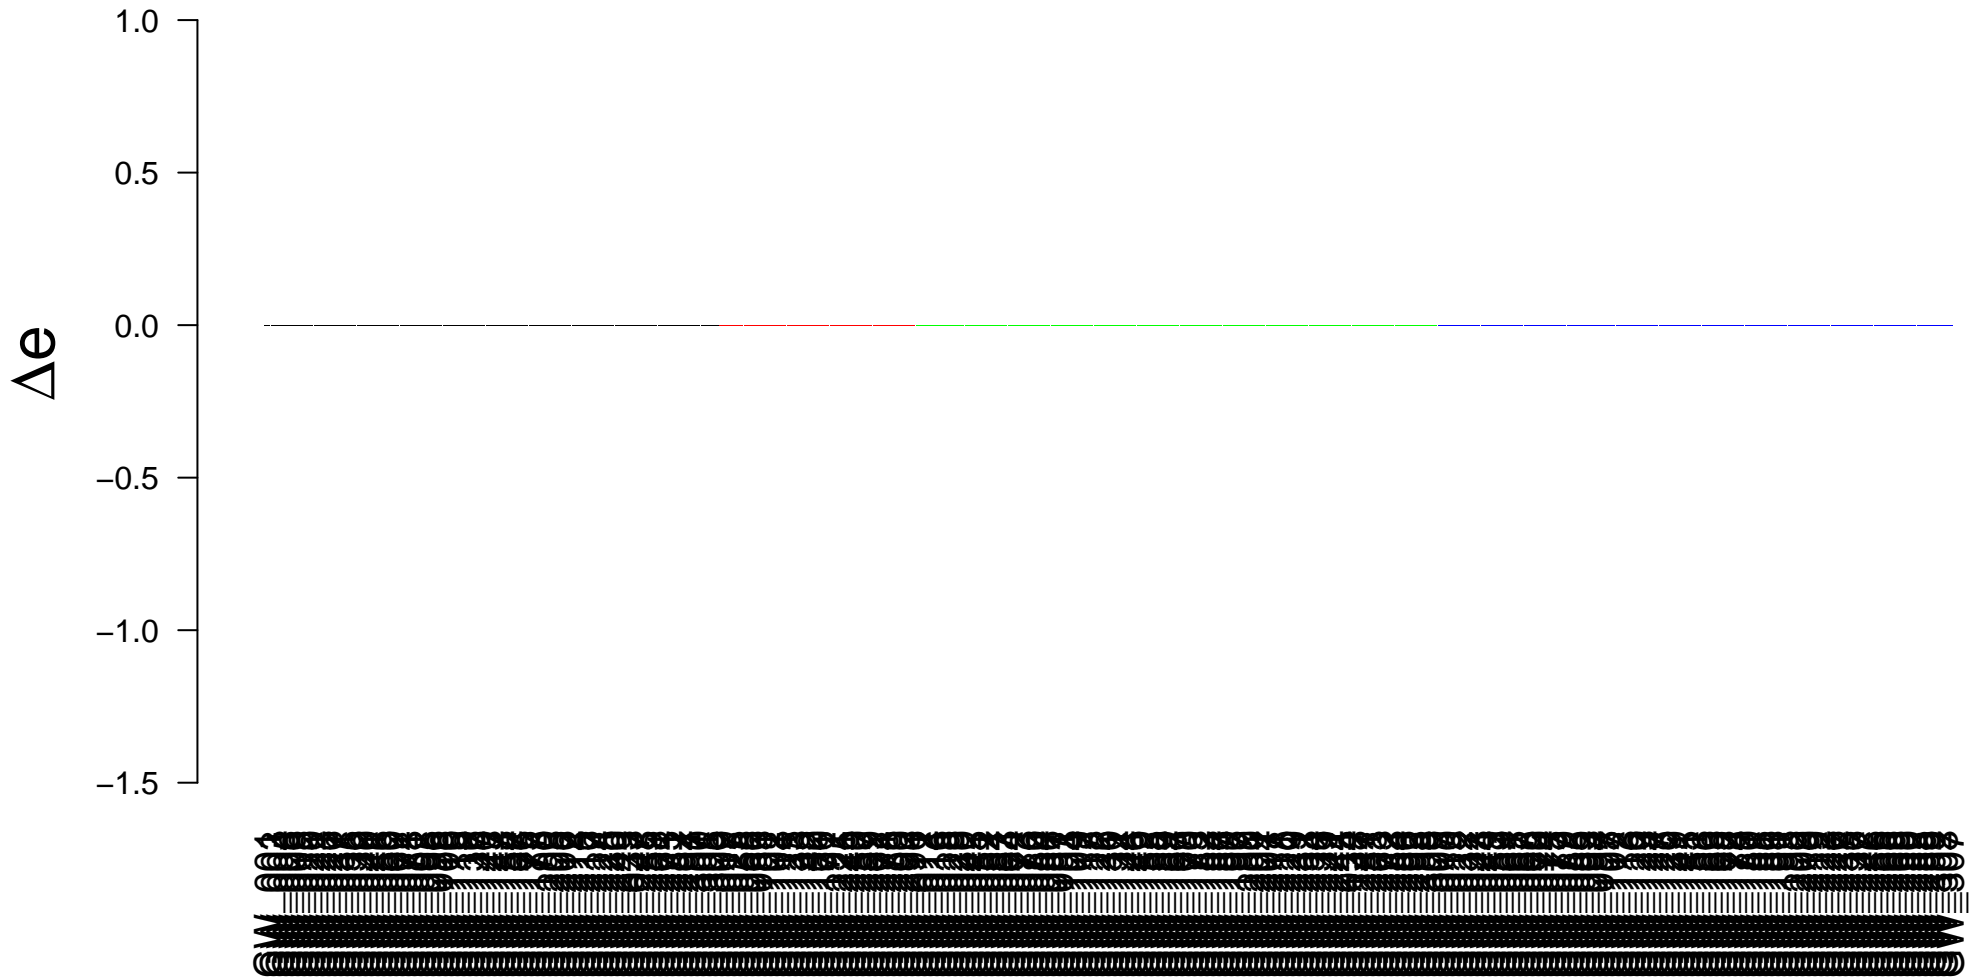

Expression of calcium channel regulator activity in Spot A

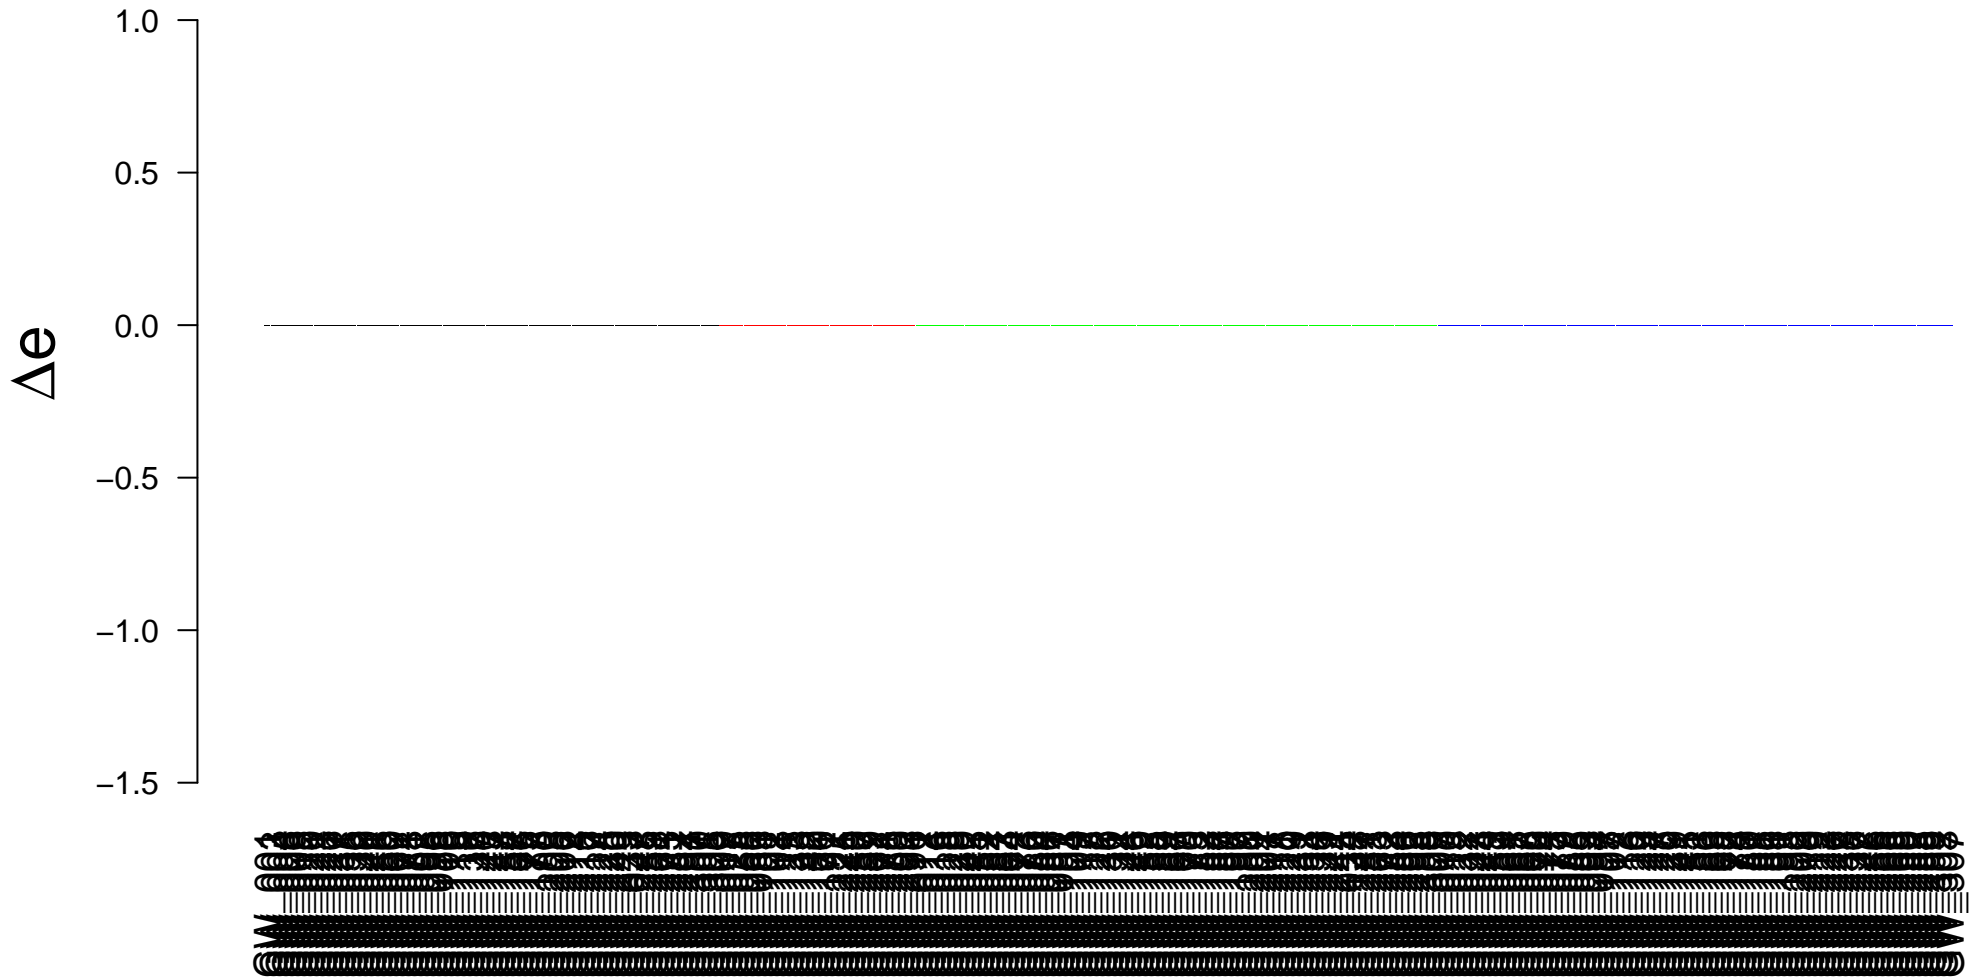

Expression of calcium channel regulator activity in Spot B

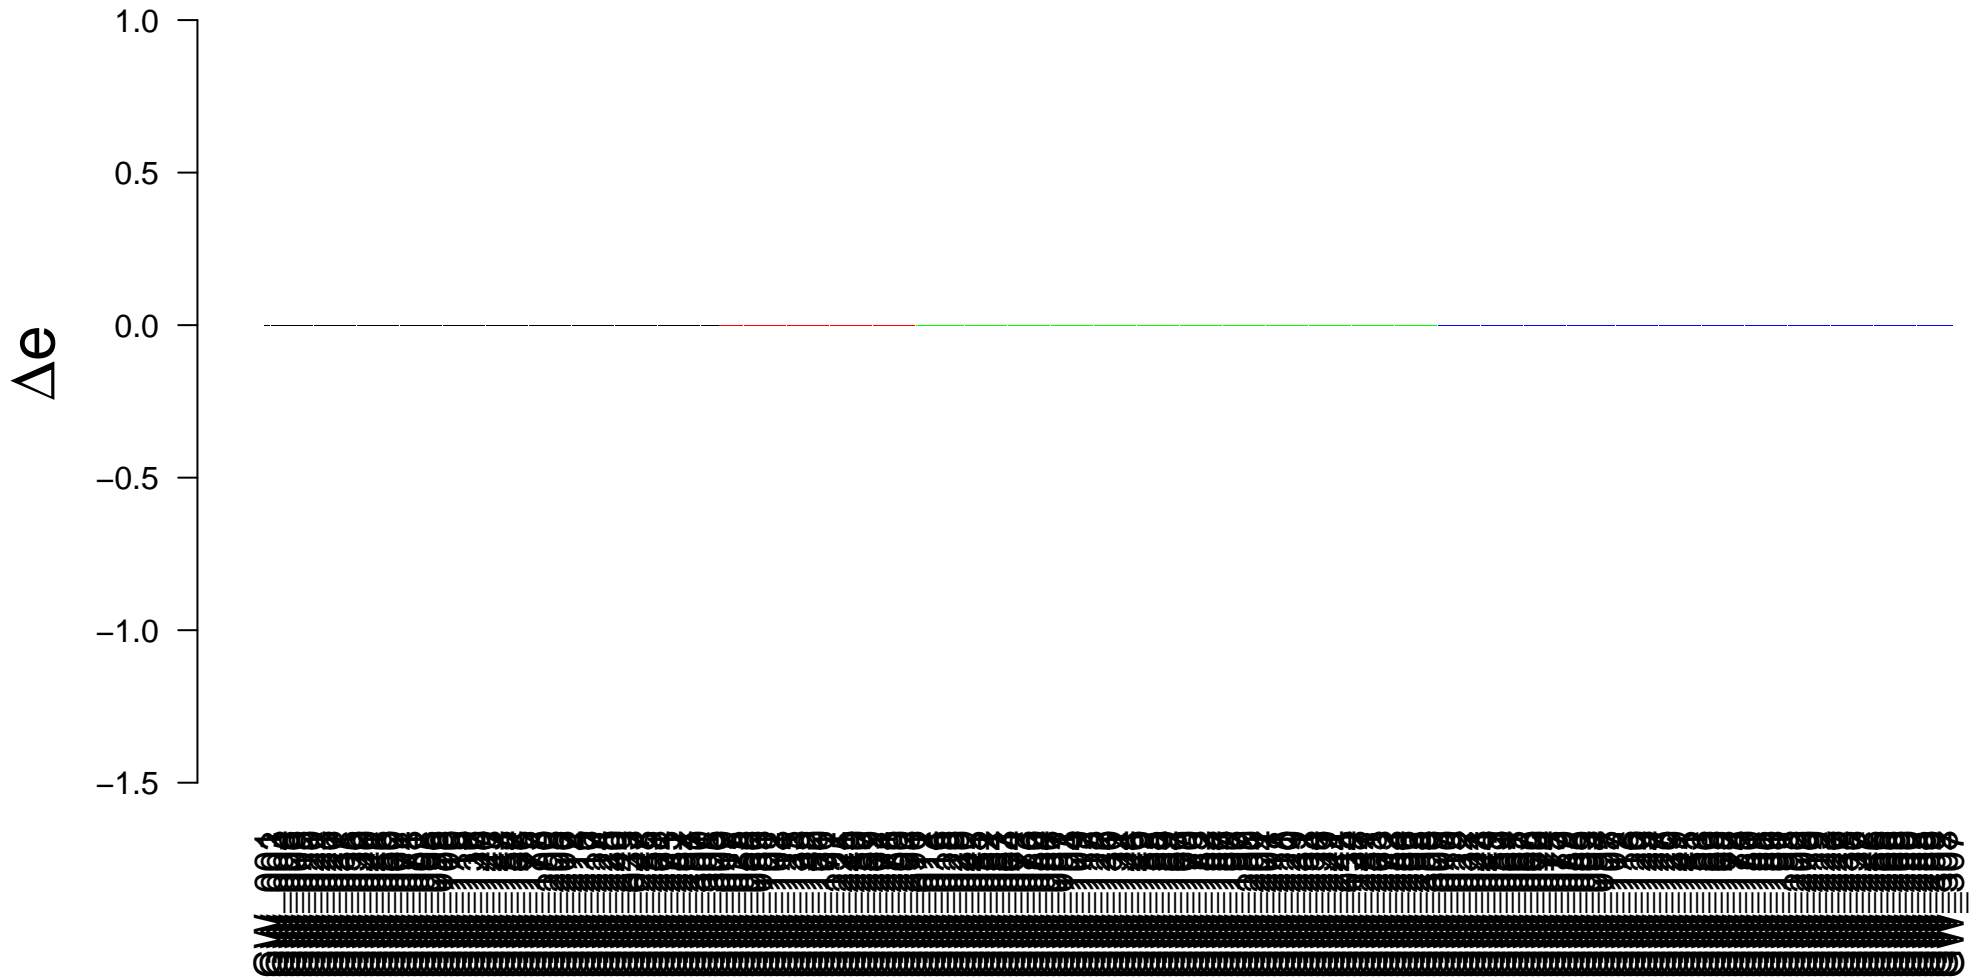

Expression of calcium channel regulator activity in Spot C

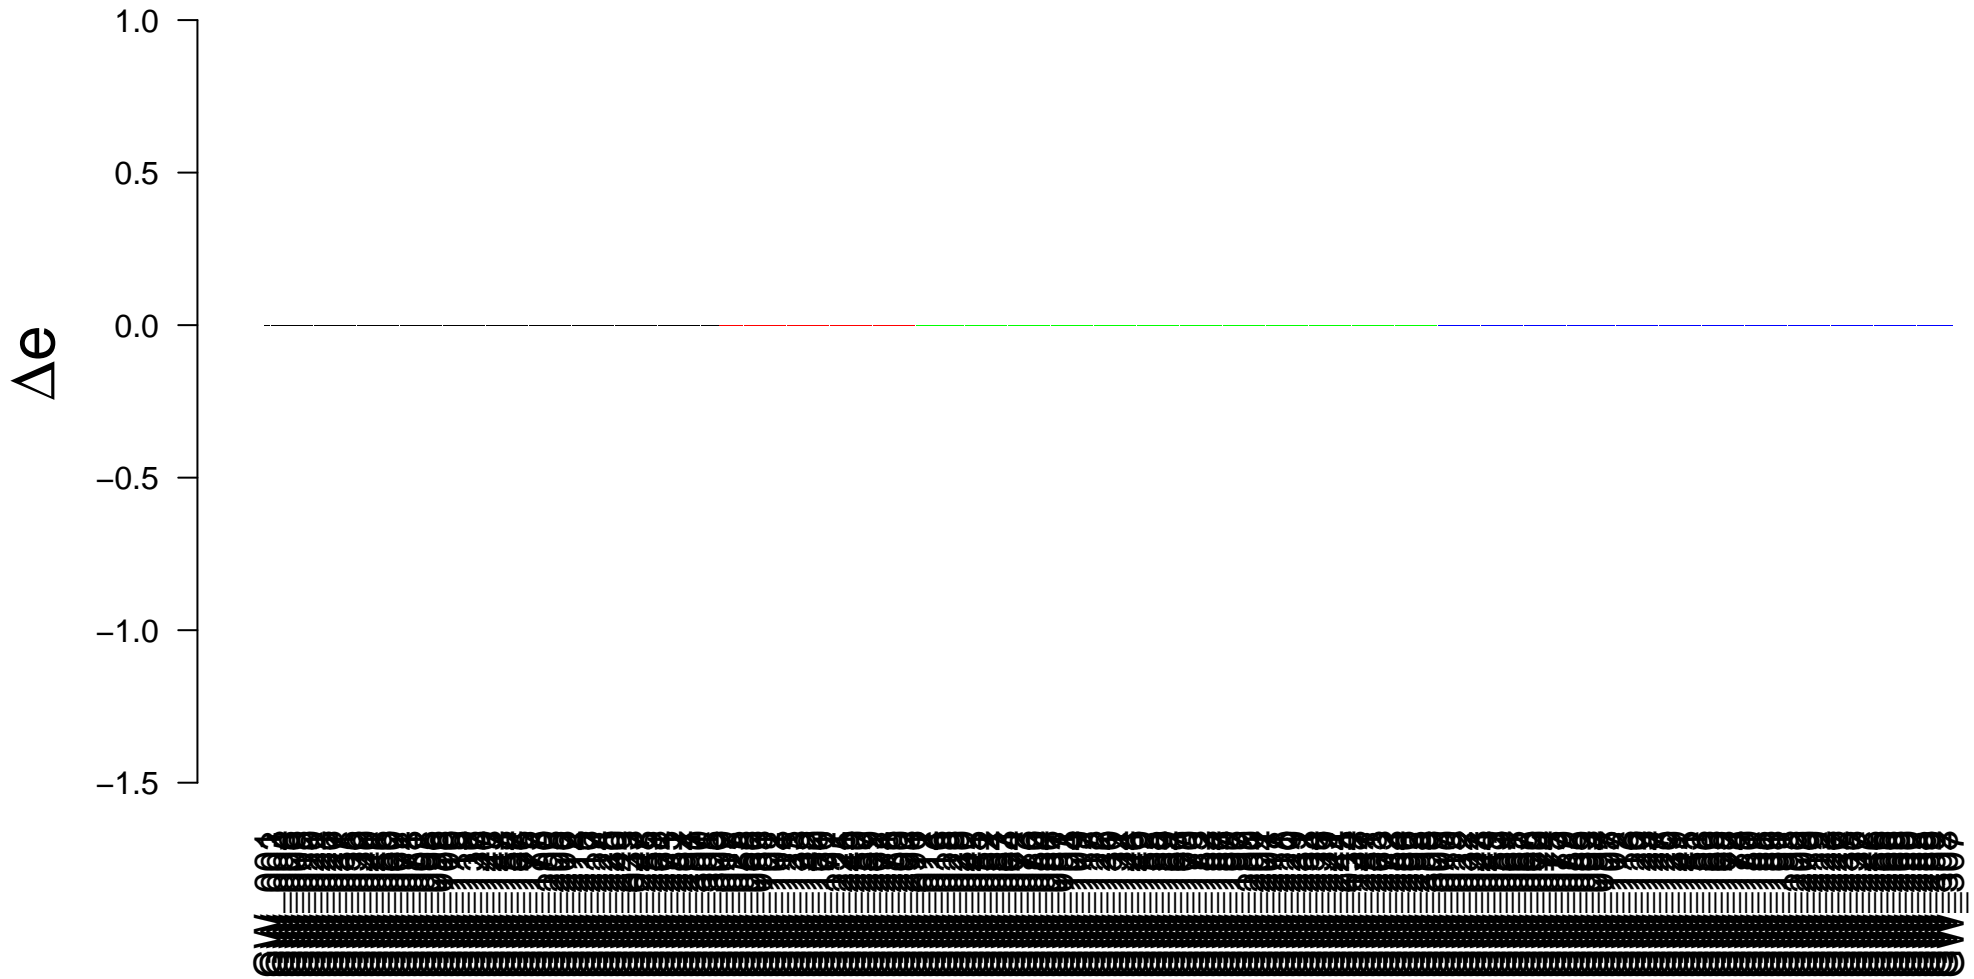

Expression of calcium channel regulator activity in Spot D

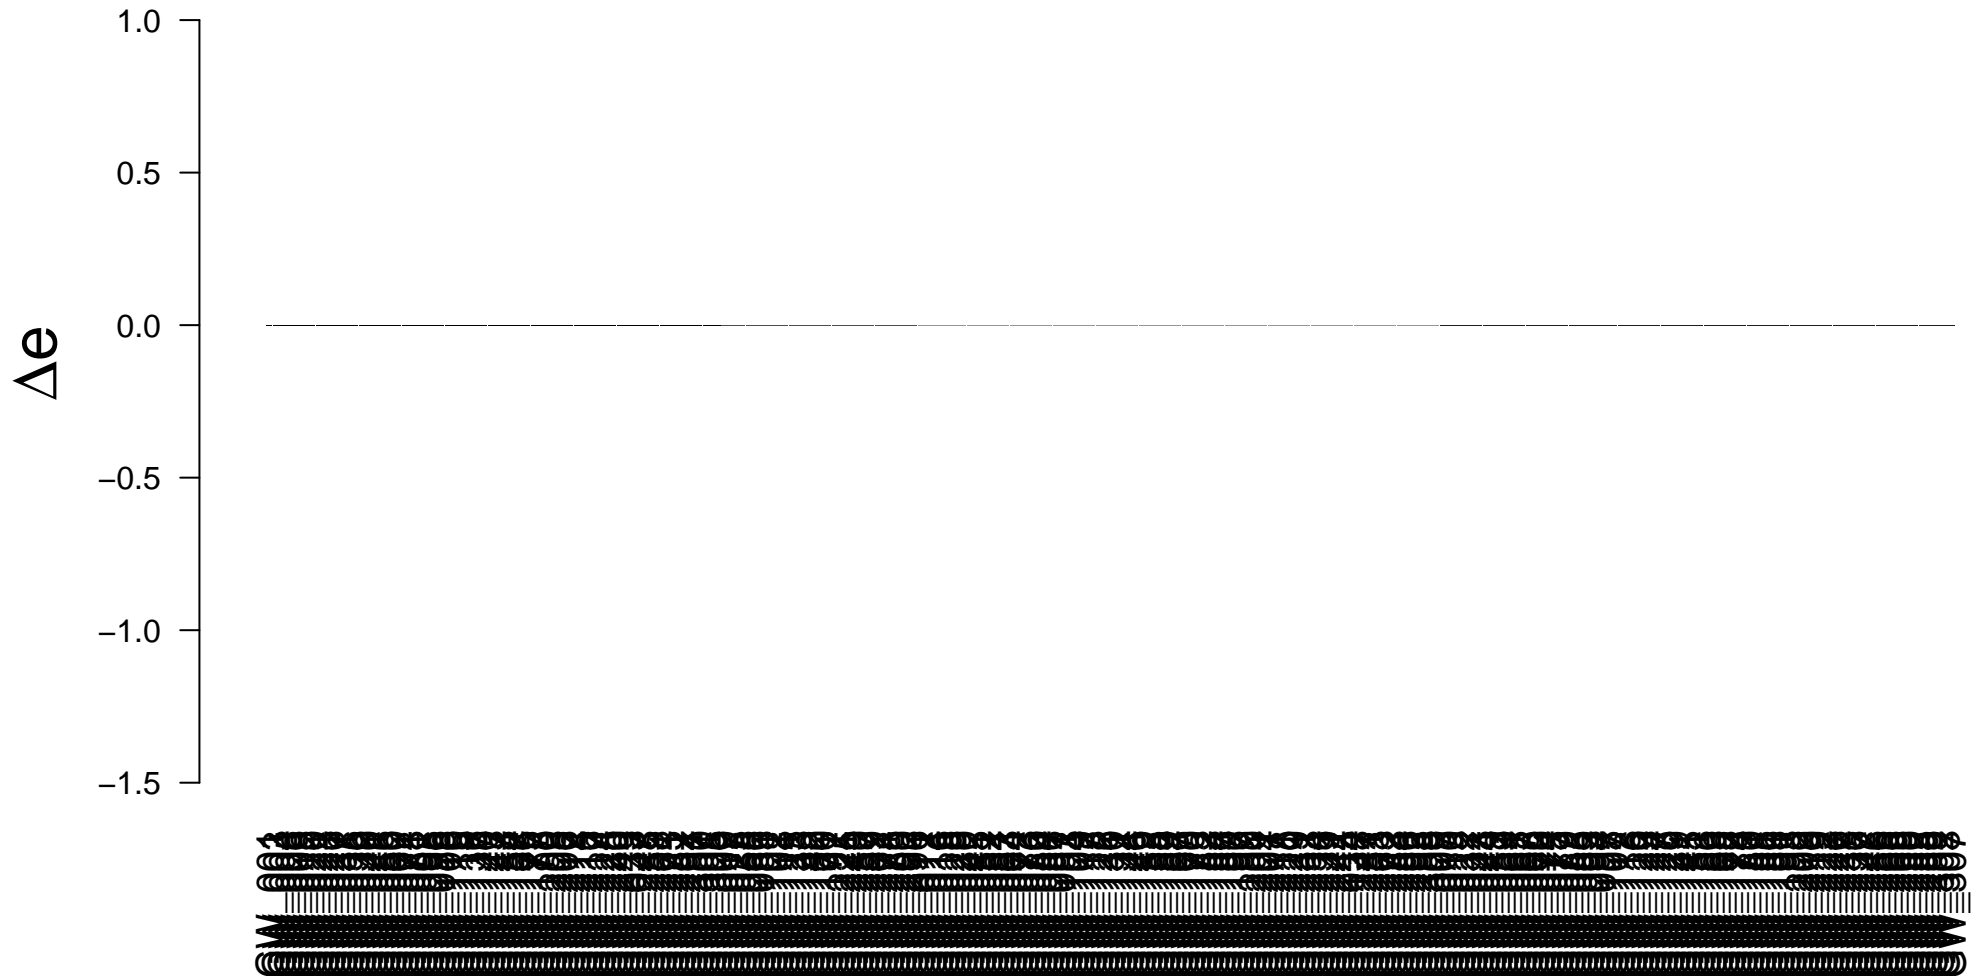

Expression of calcium channel regulator activity in Spot E

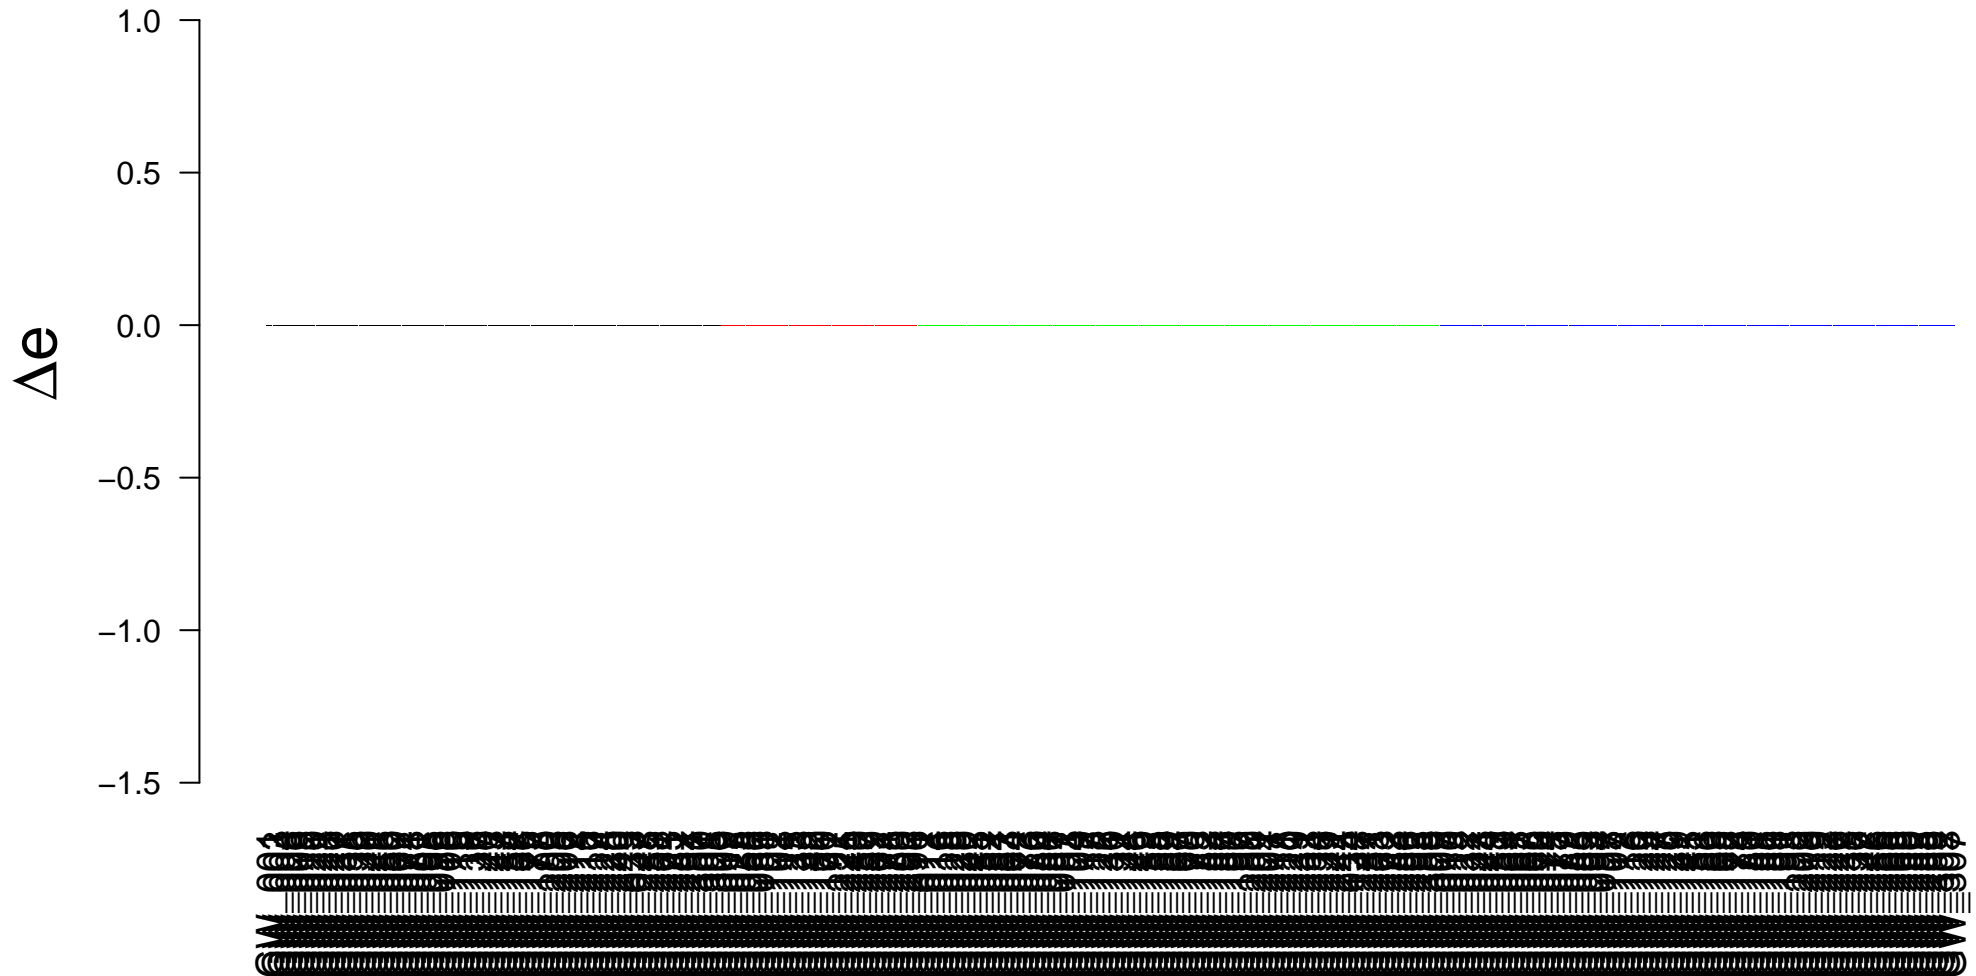

Expression of calcium channel regulator activity in Spot F

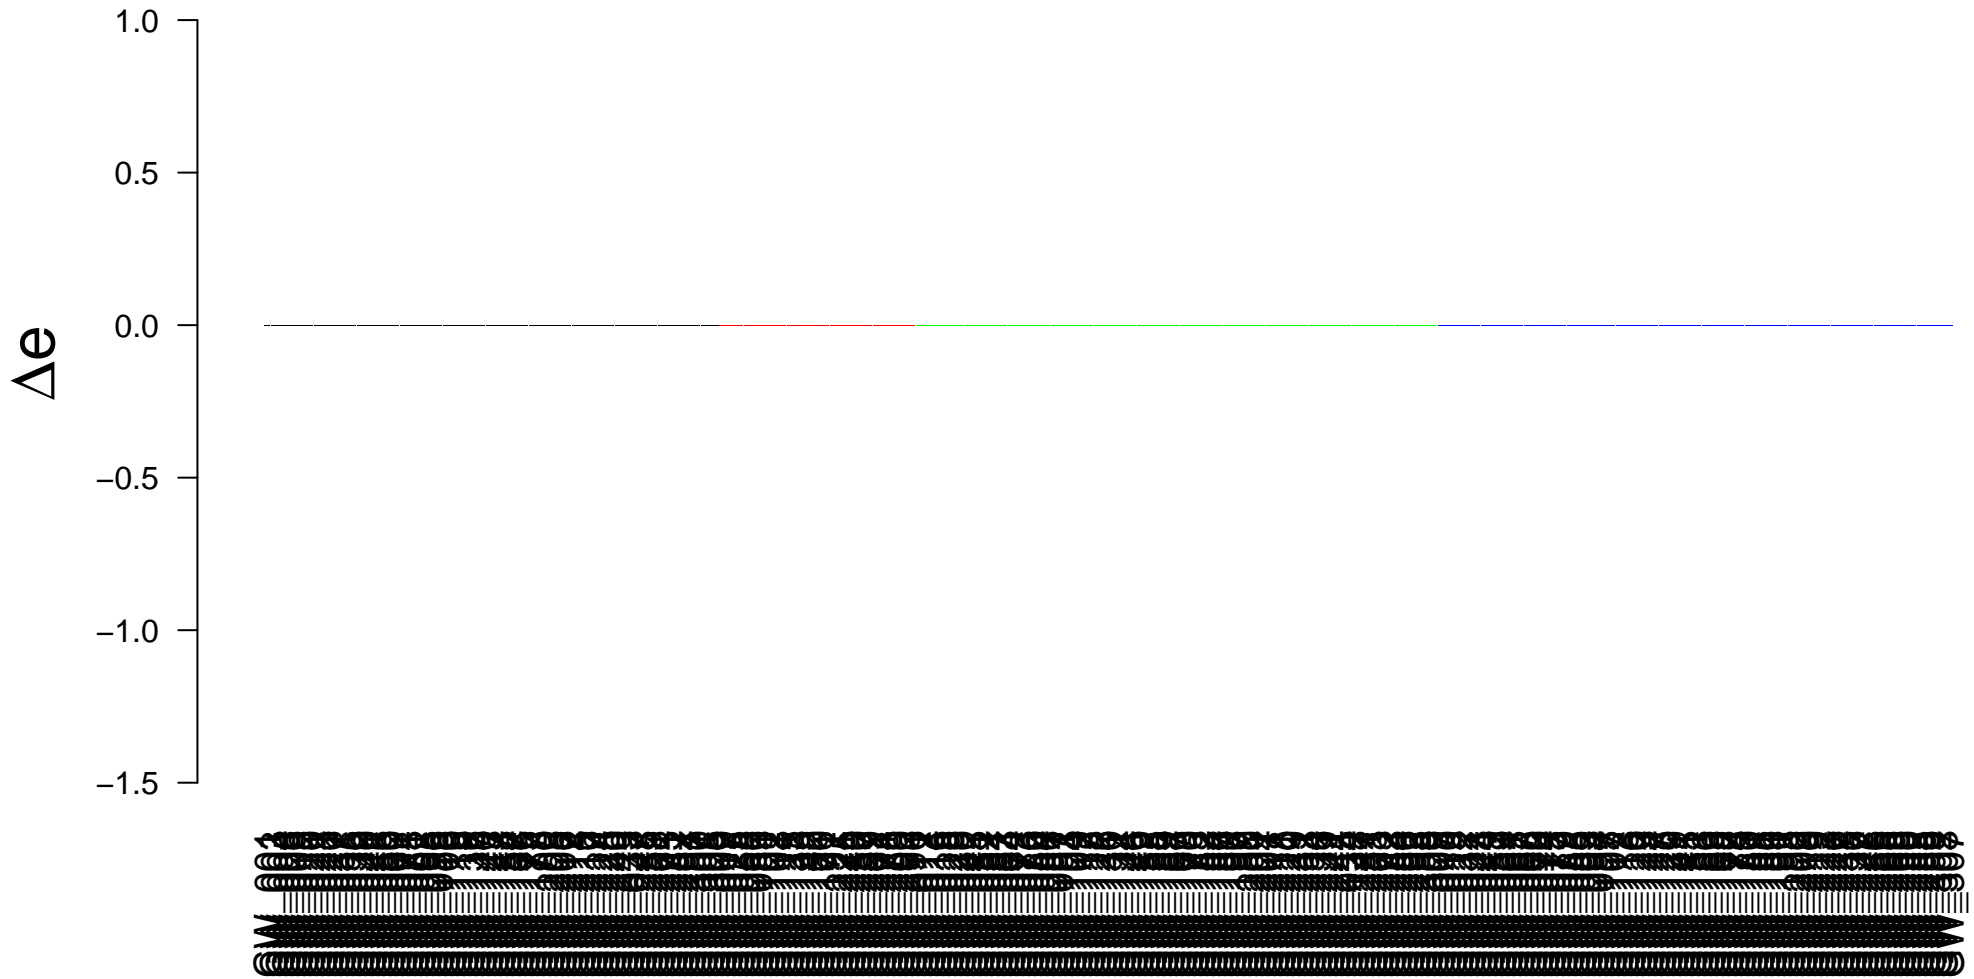

Expression of calcium channel regulator activity in Spot G

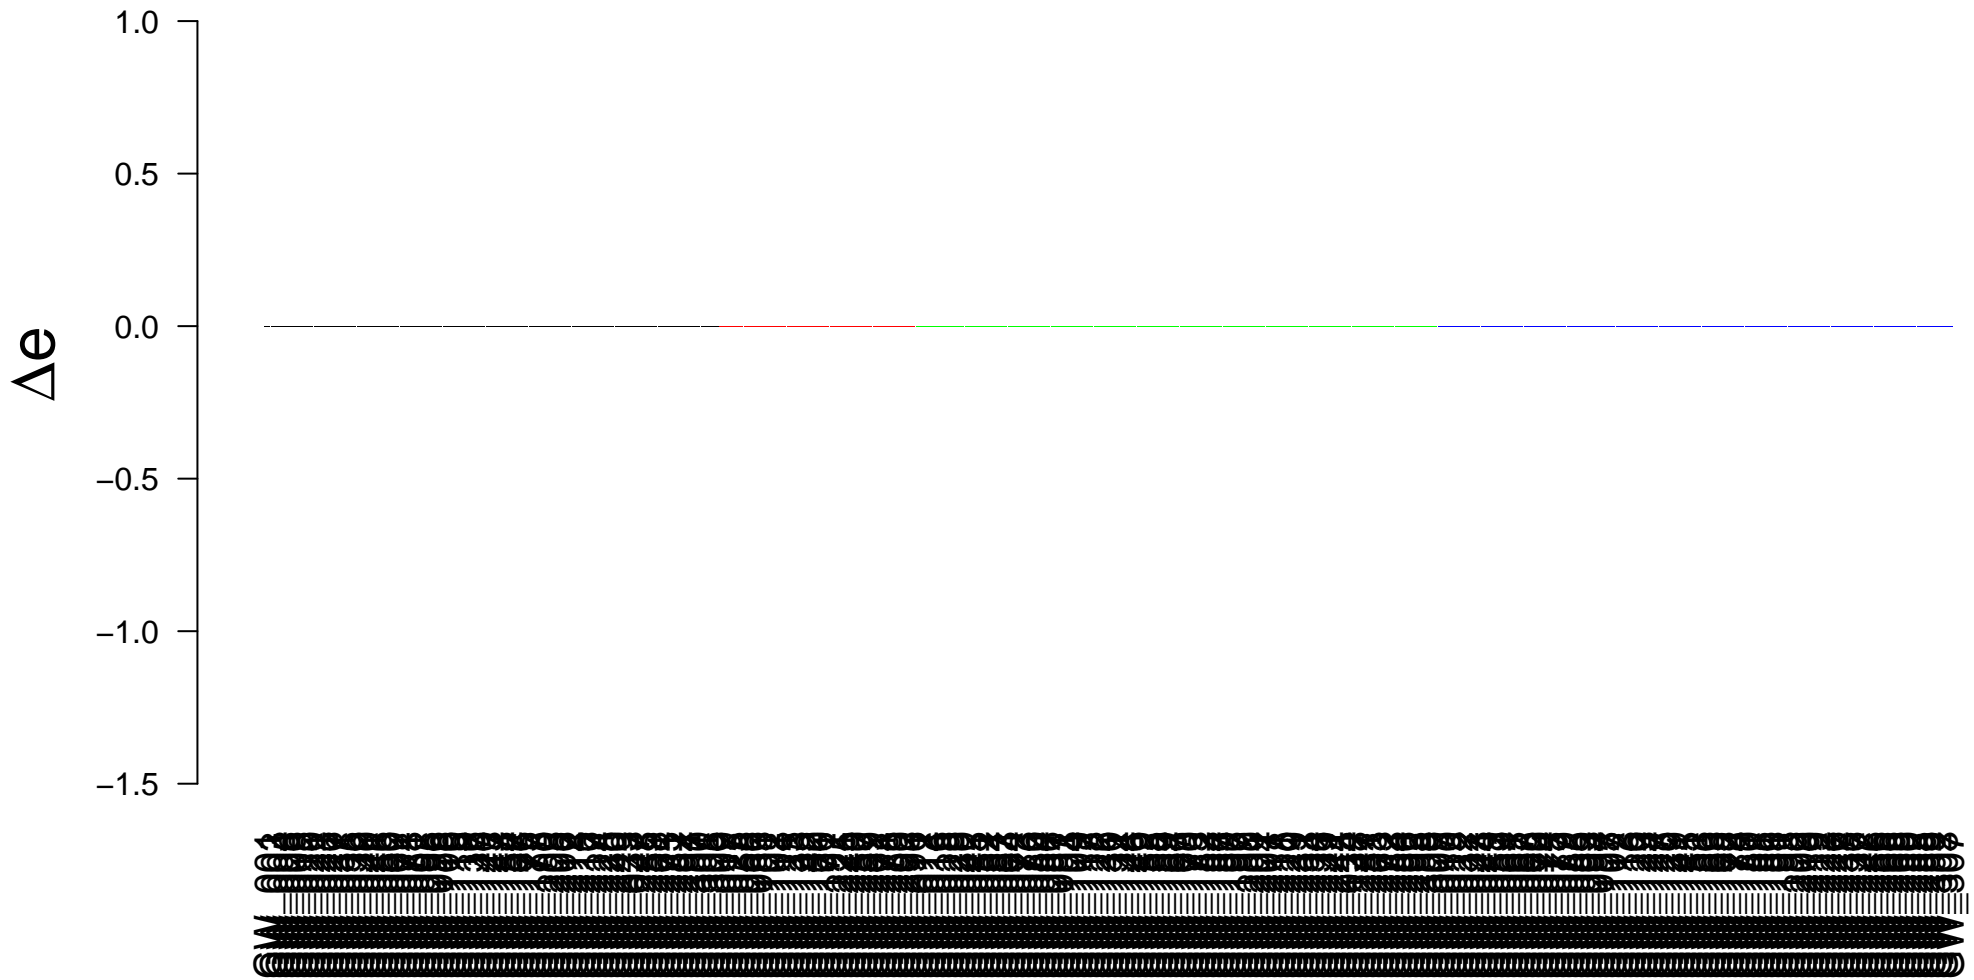

Expression of calcium channel regulator activity in Spot H

Expression of calcium channel regulator activity in Spot I

Expression of calcium channel regulator activity in Spot J

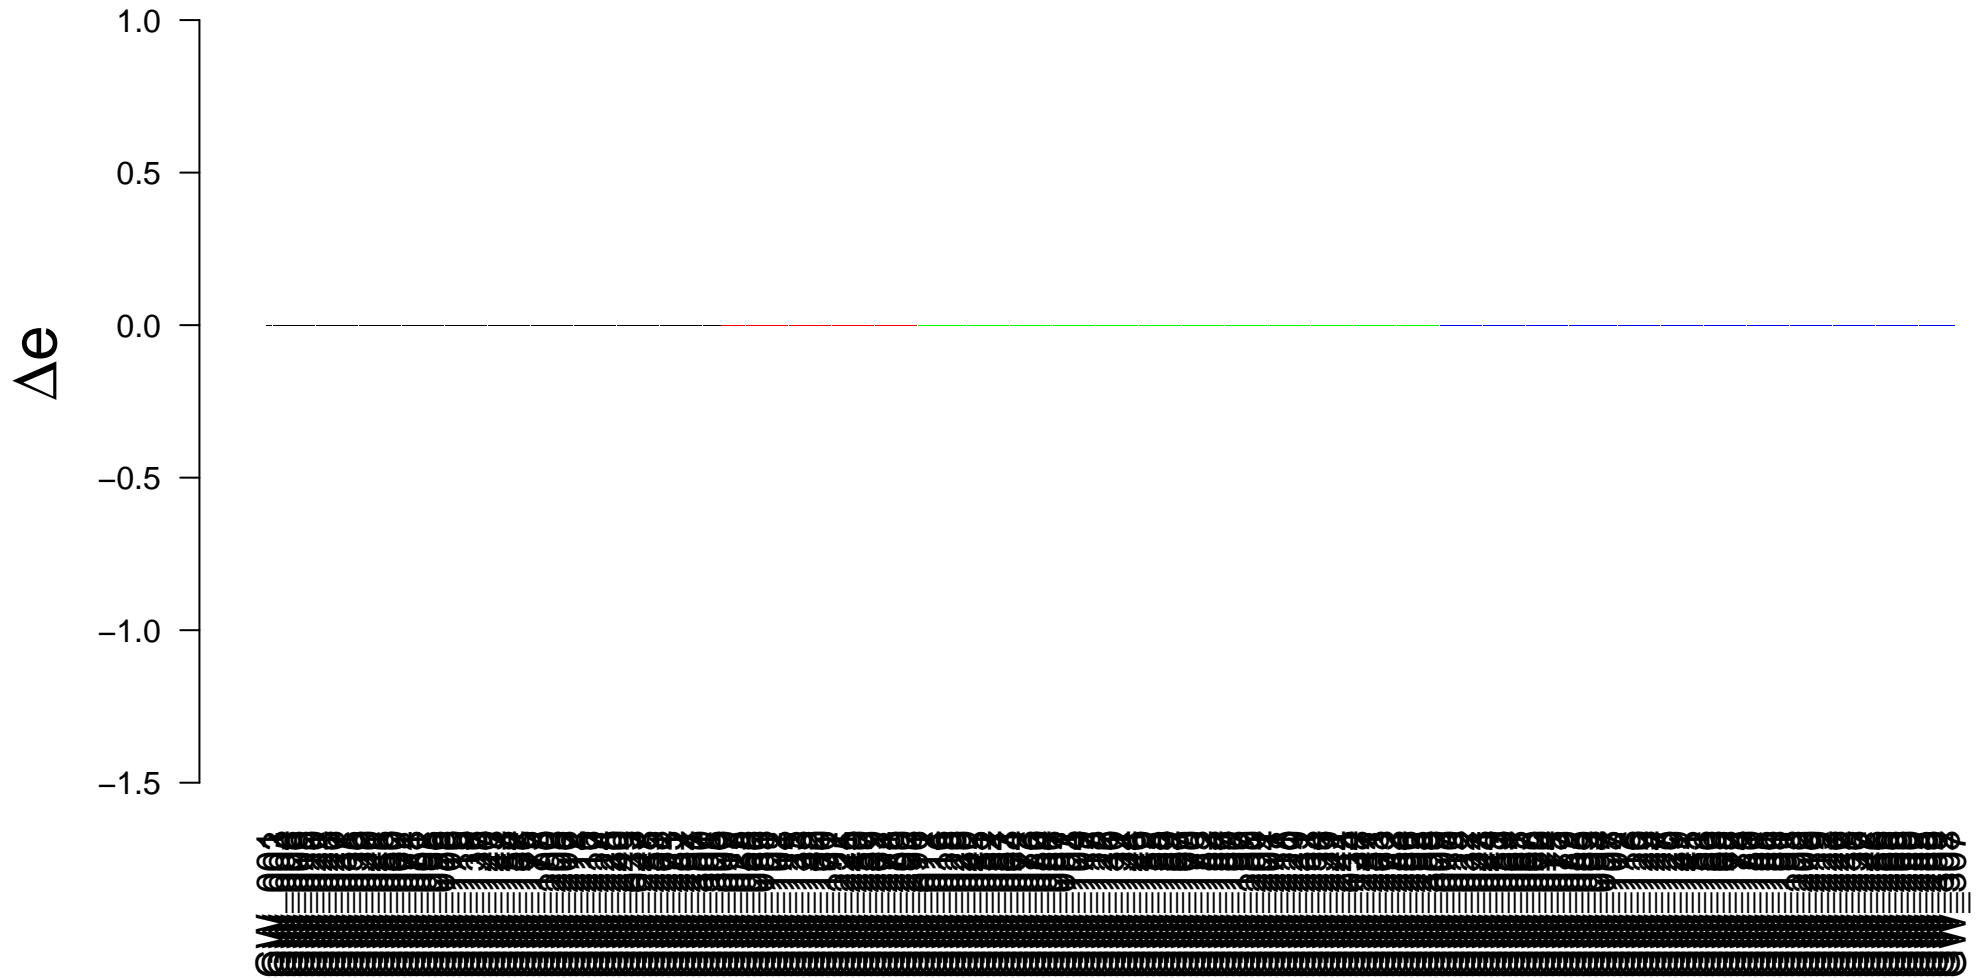

Expression of calcium channel regulator activity in Spot K
