

cardiovascular system development

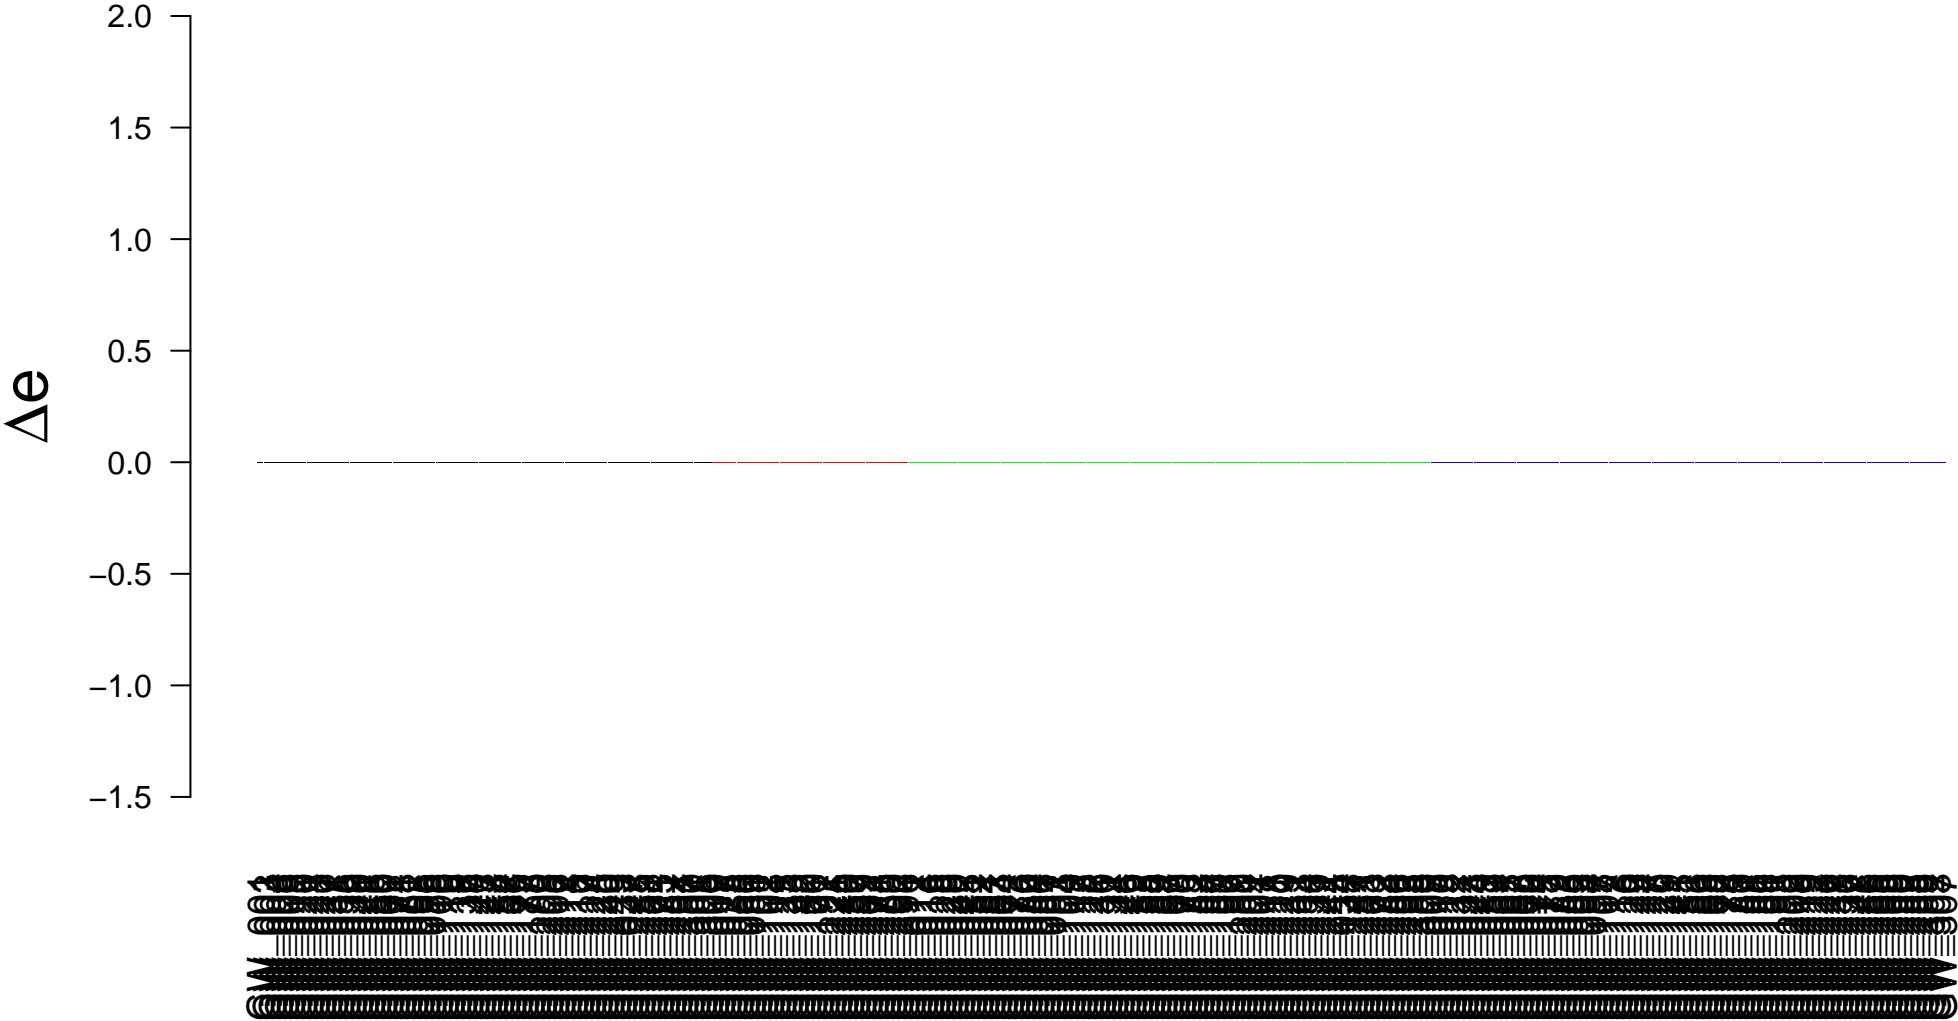

cardiovascular system development

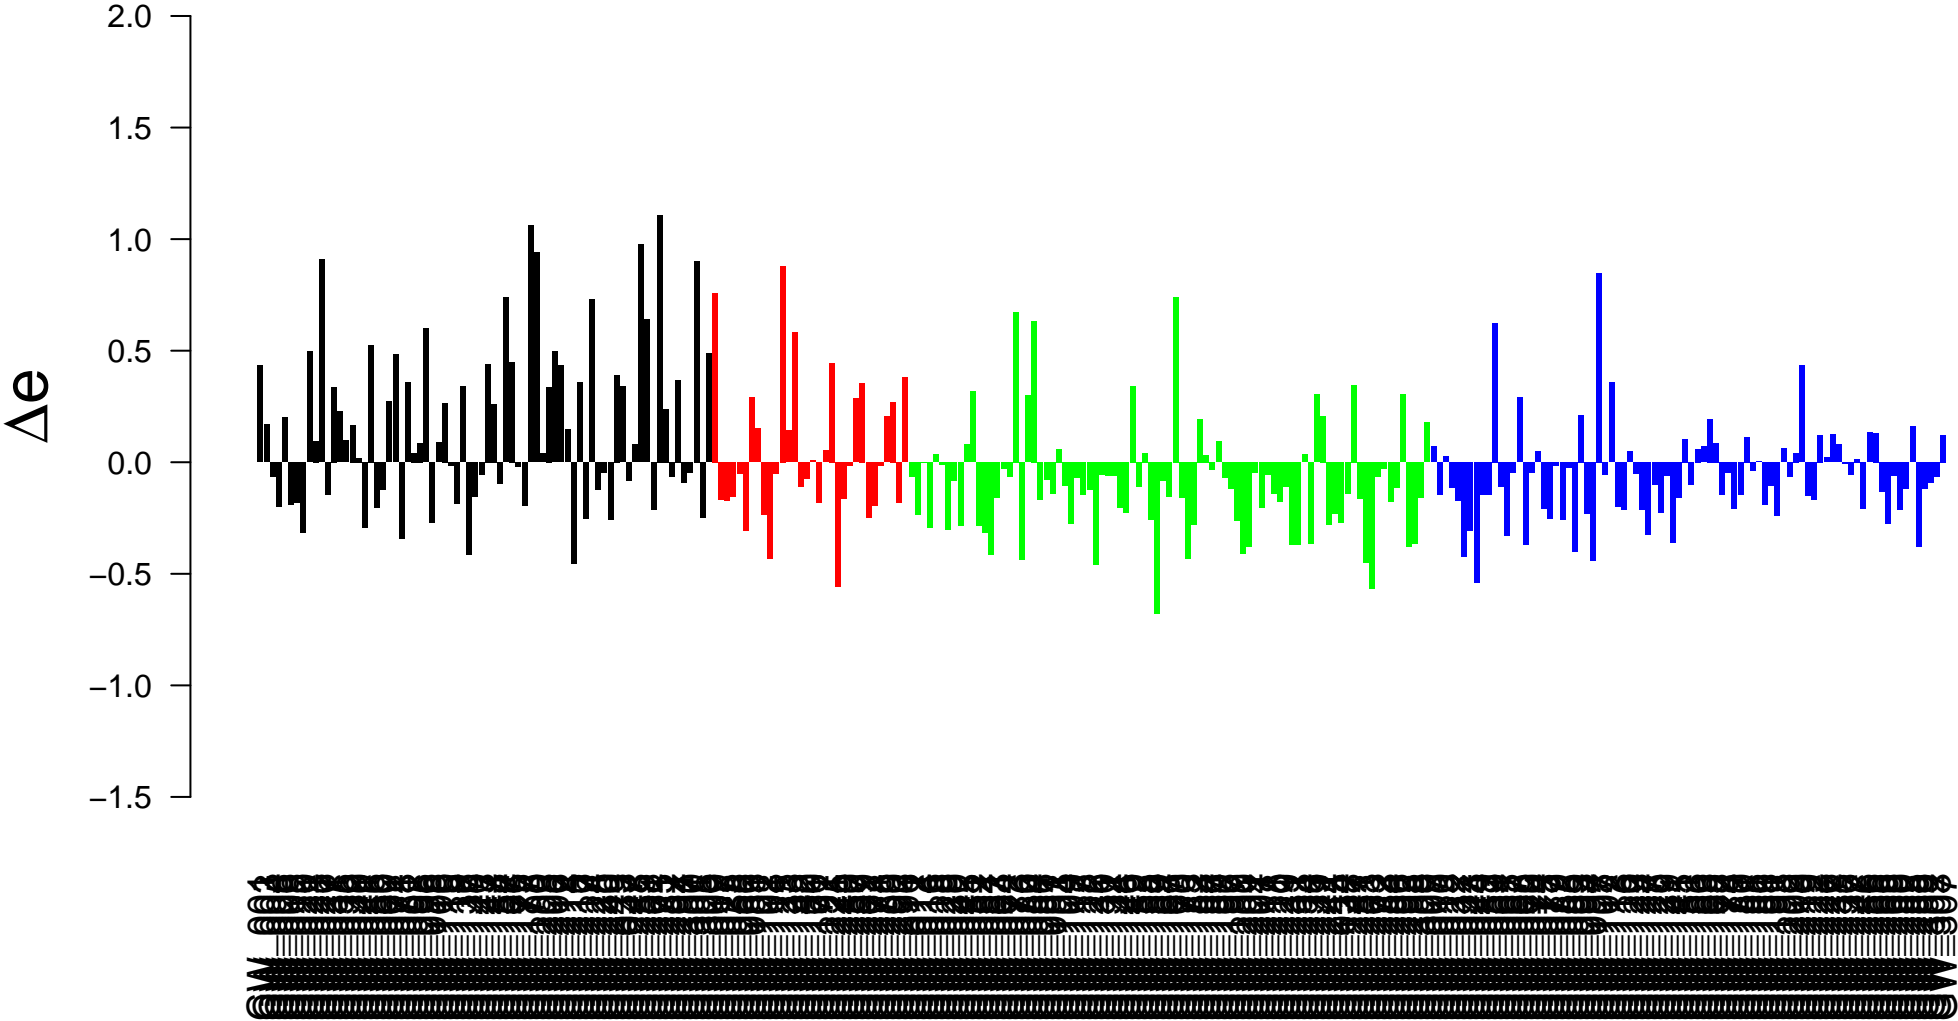

Enrichment in spots: cardiovascular system development

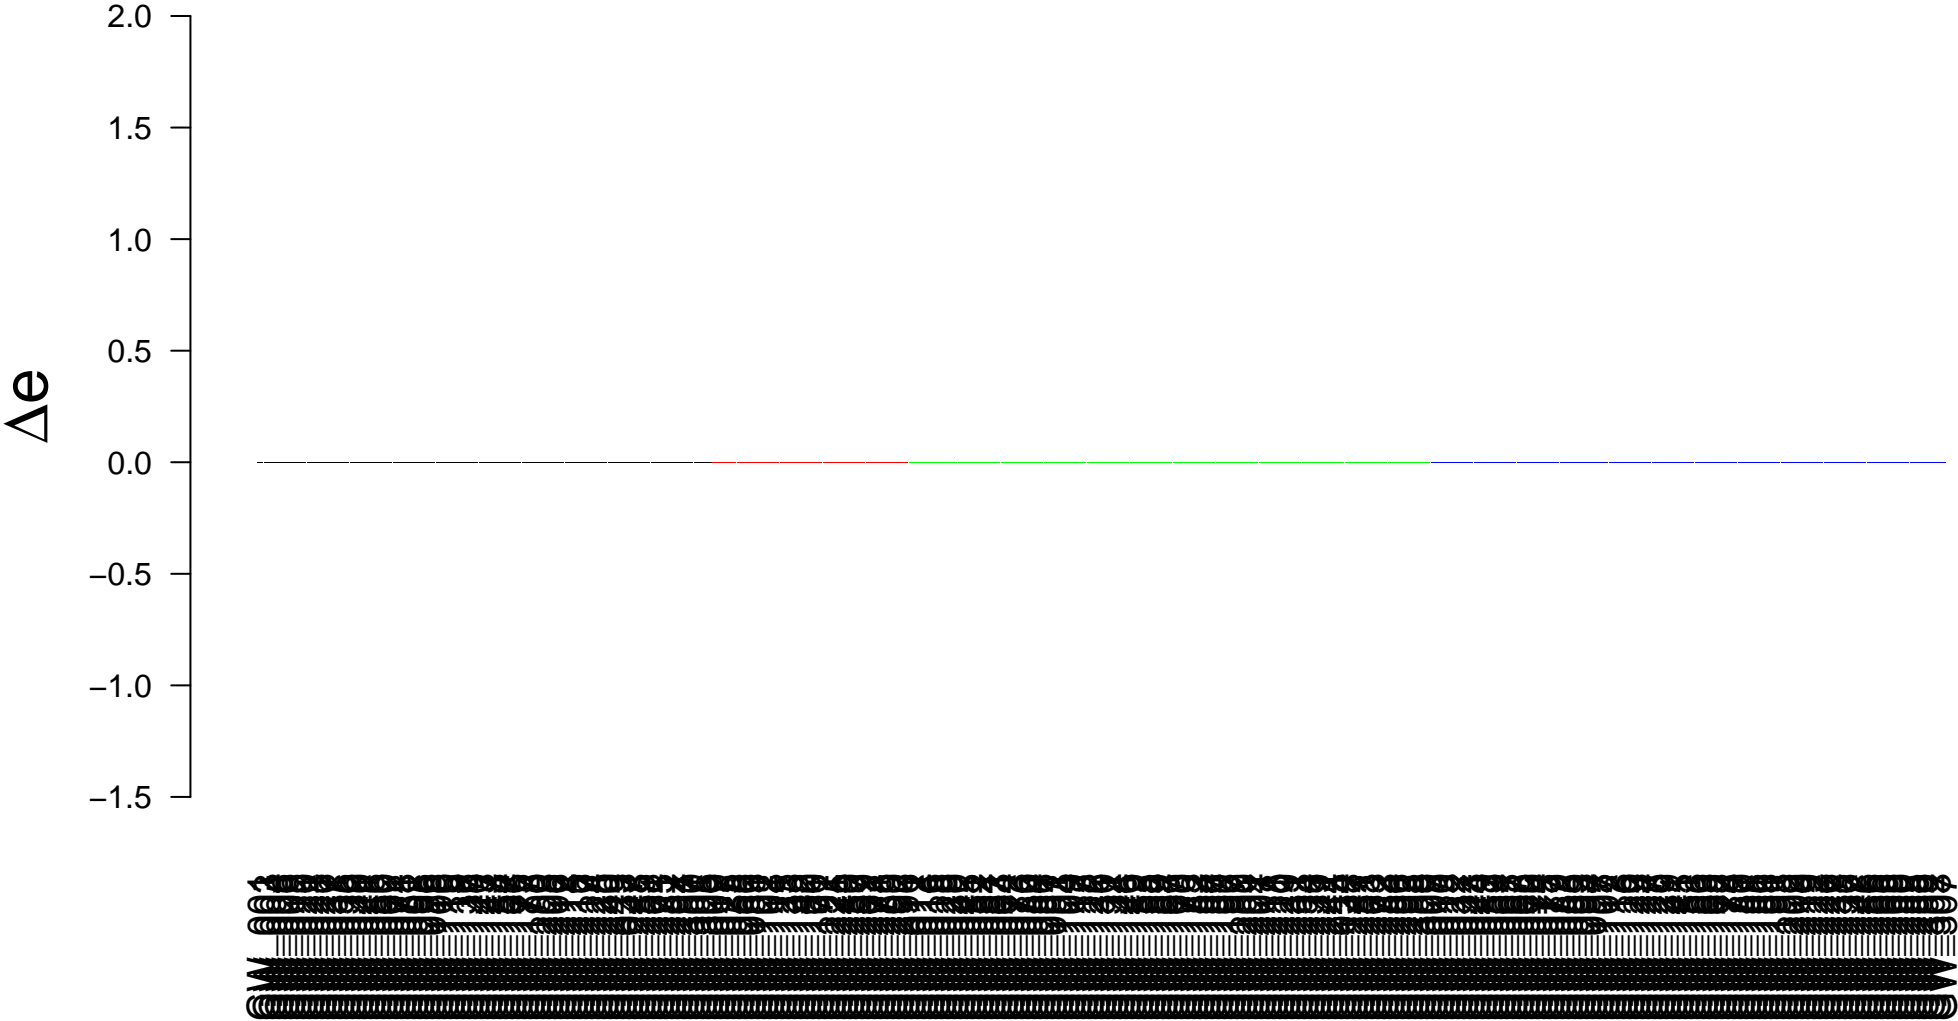

Expression of cardiovascular system development in Spot A

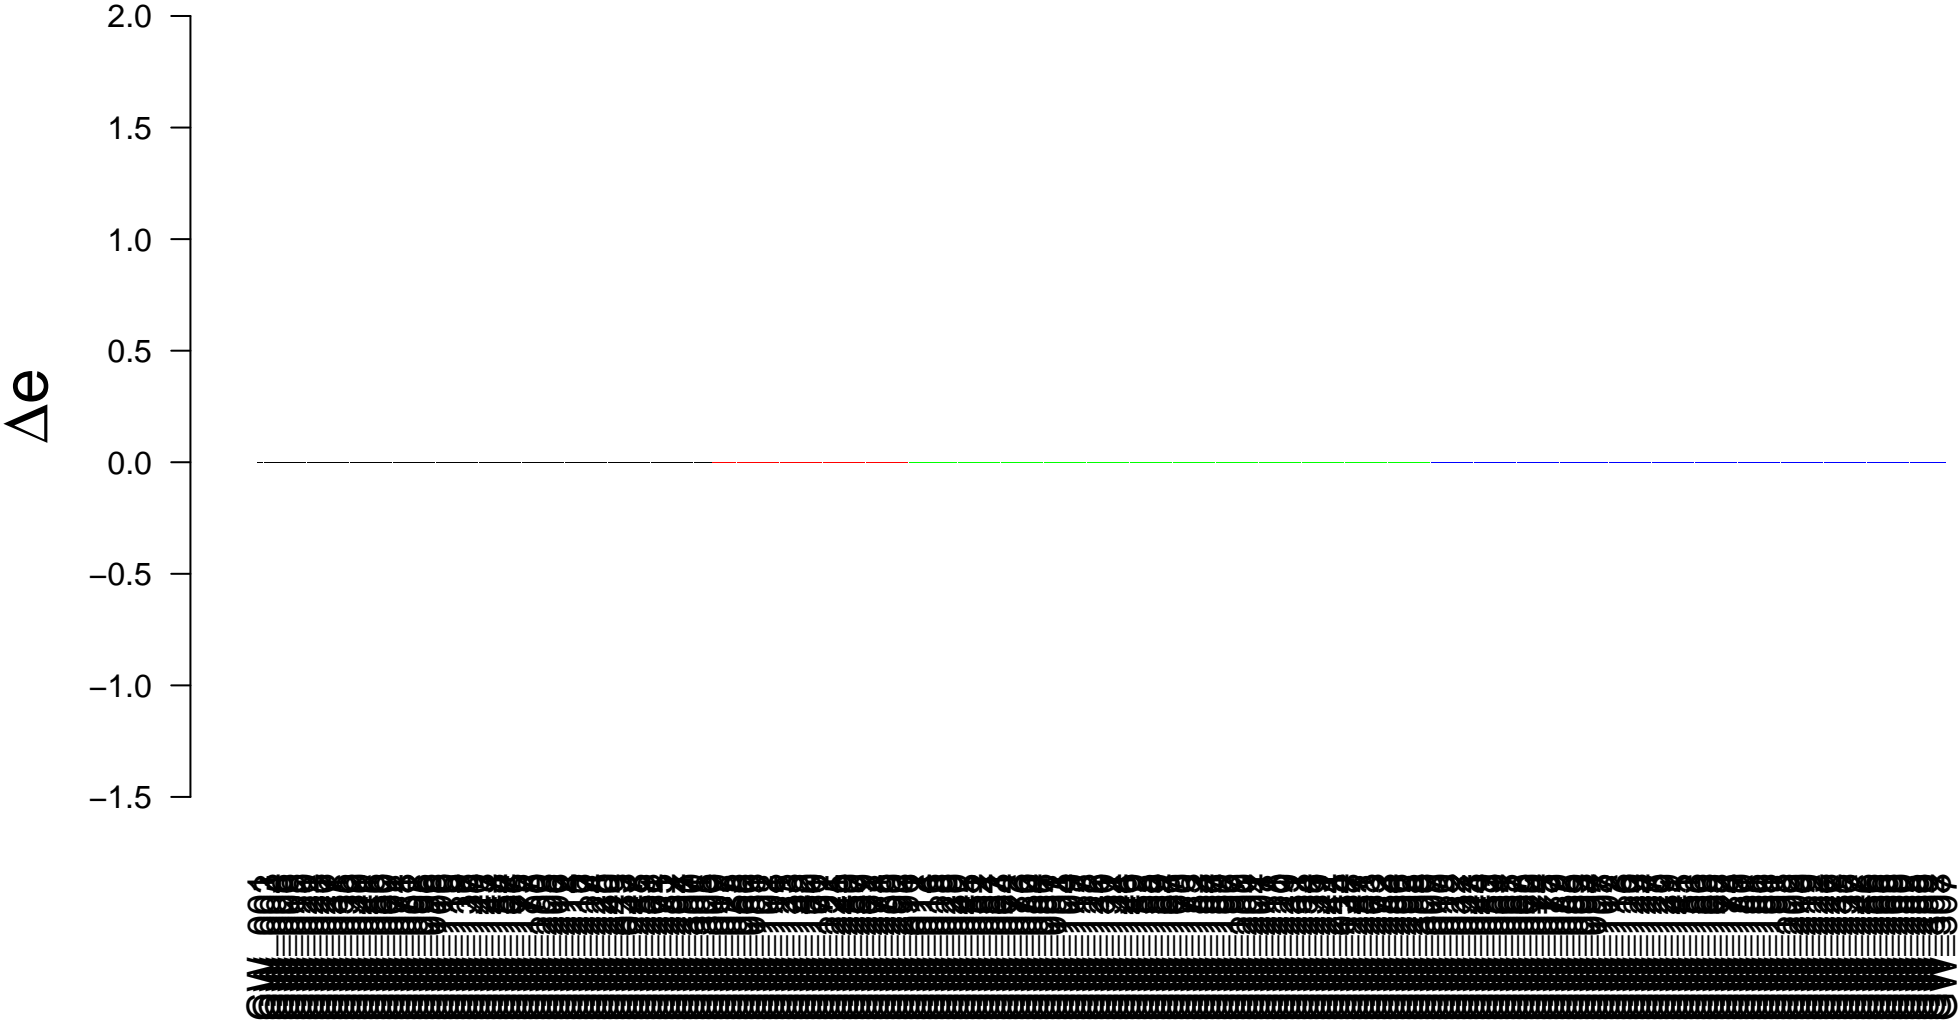

Expression of cardiovascular system development in Spot B

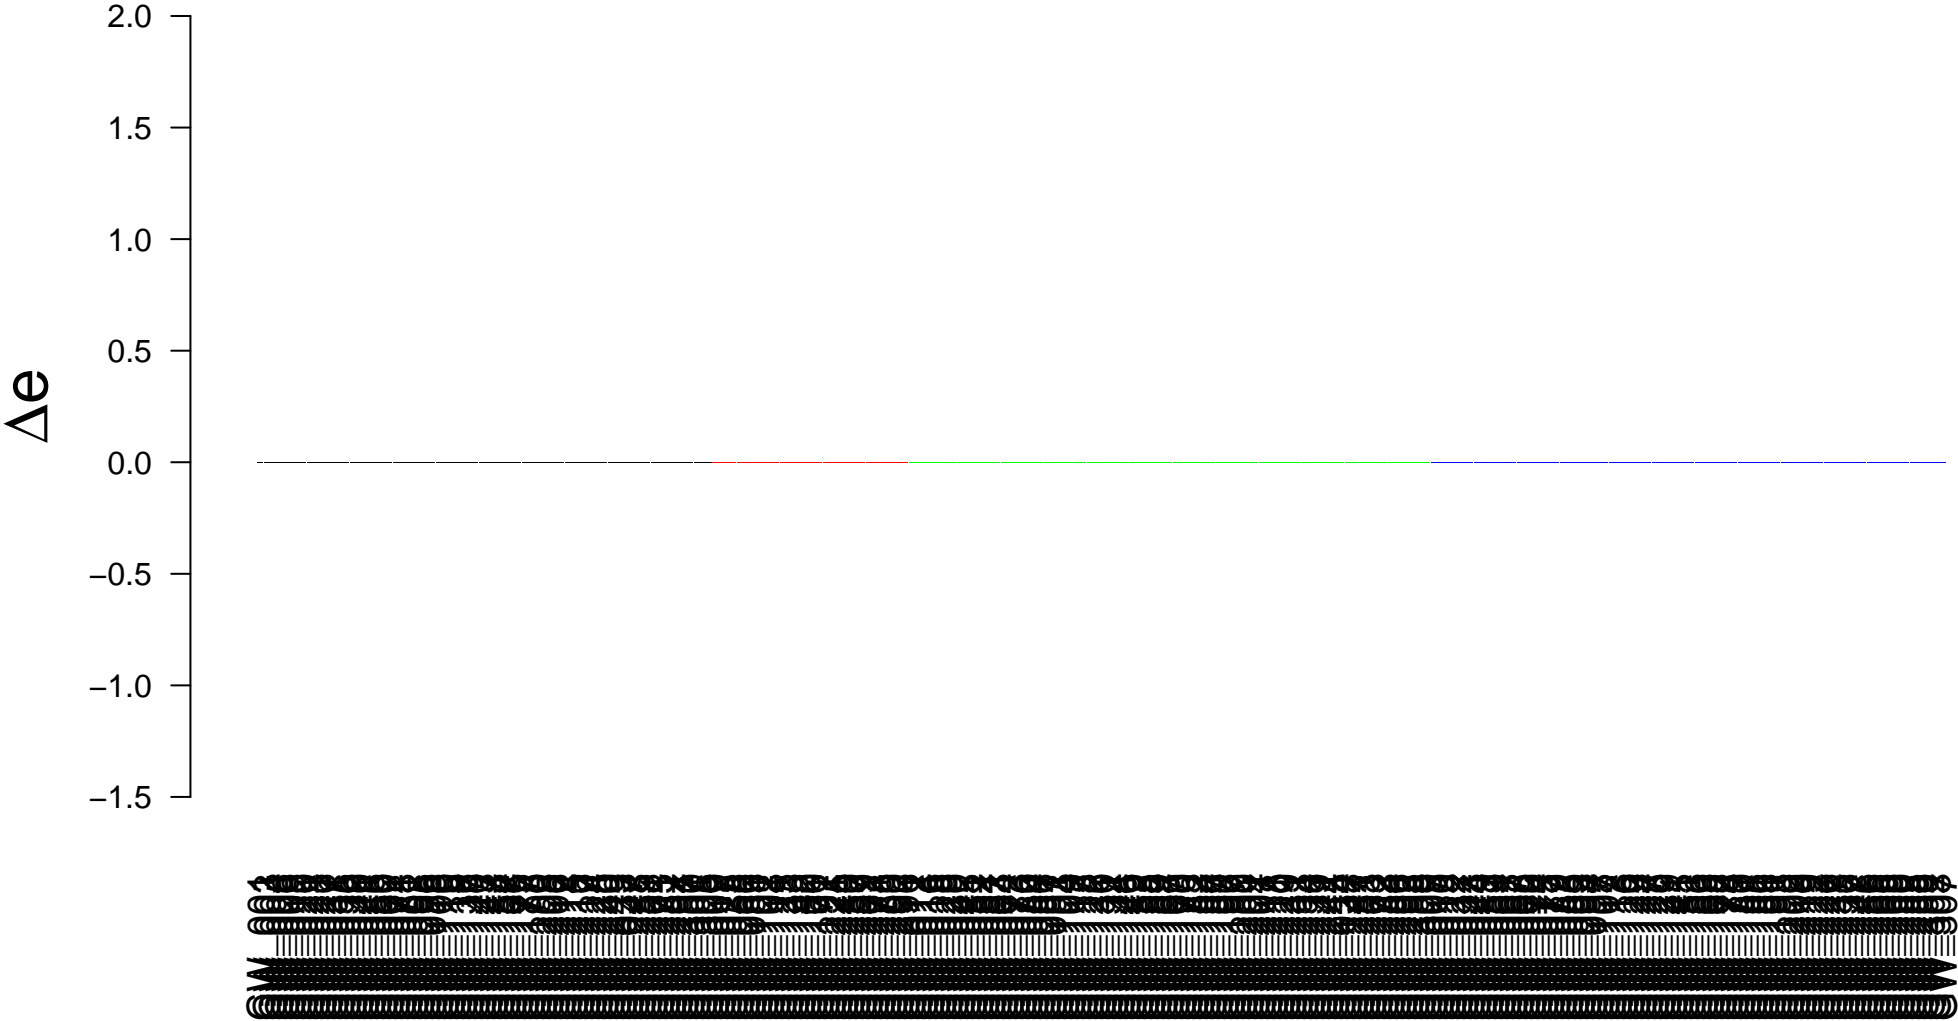

Expression of cardiovascular system development in Spot C

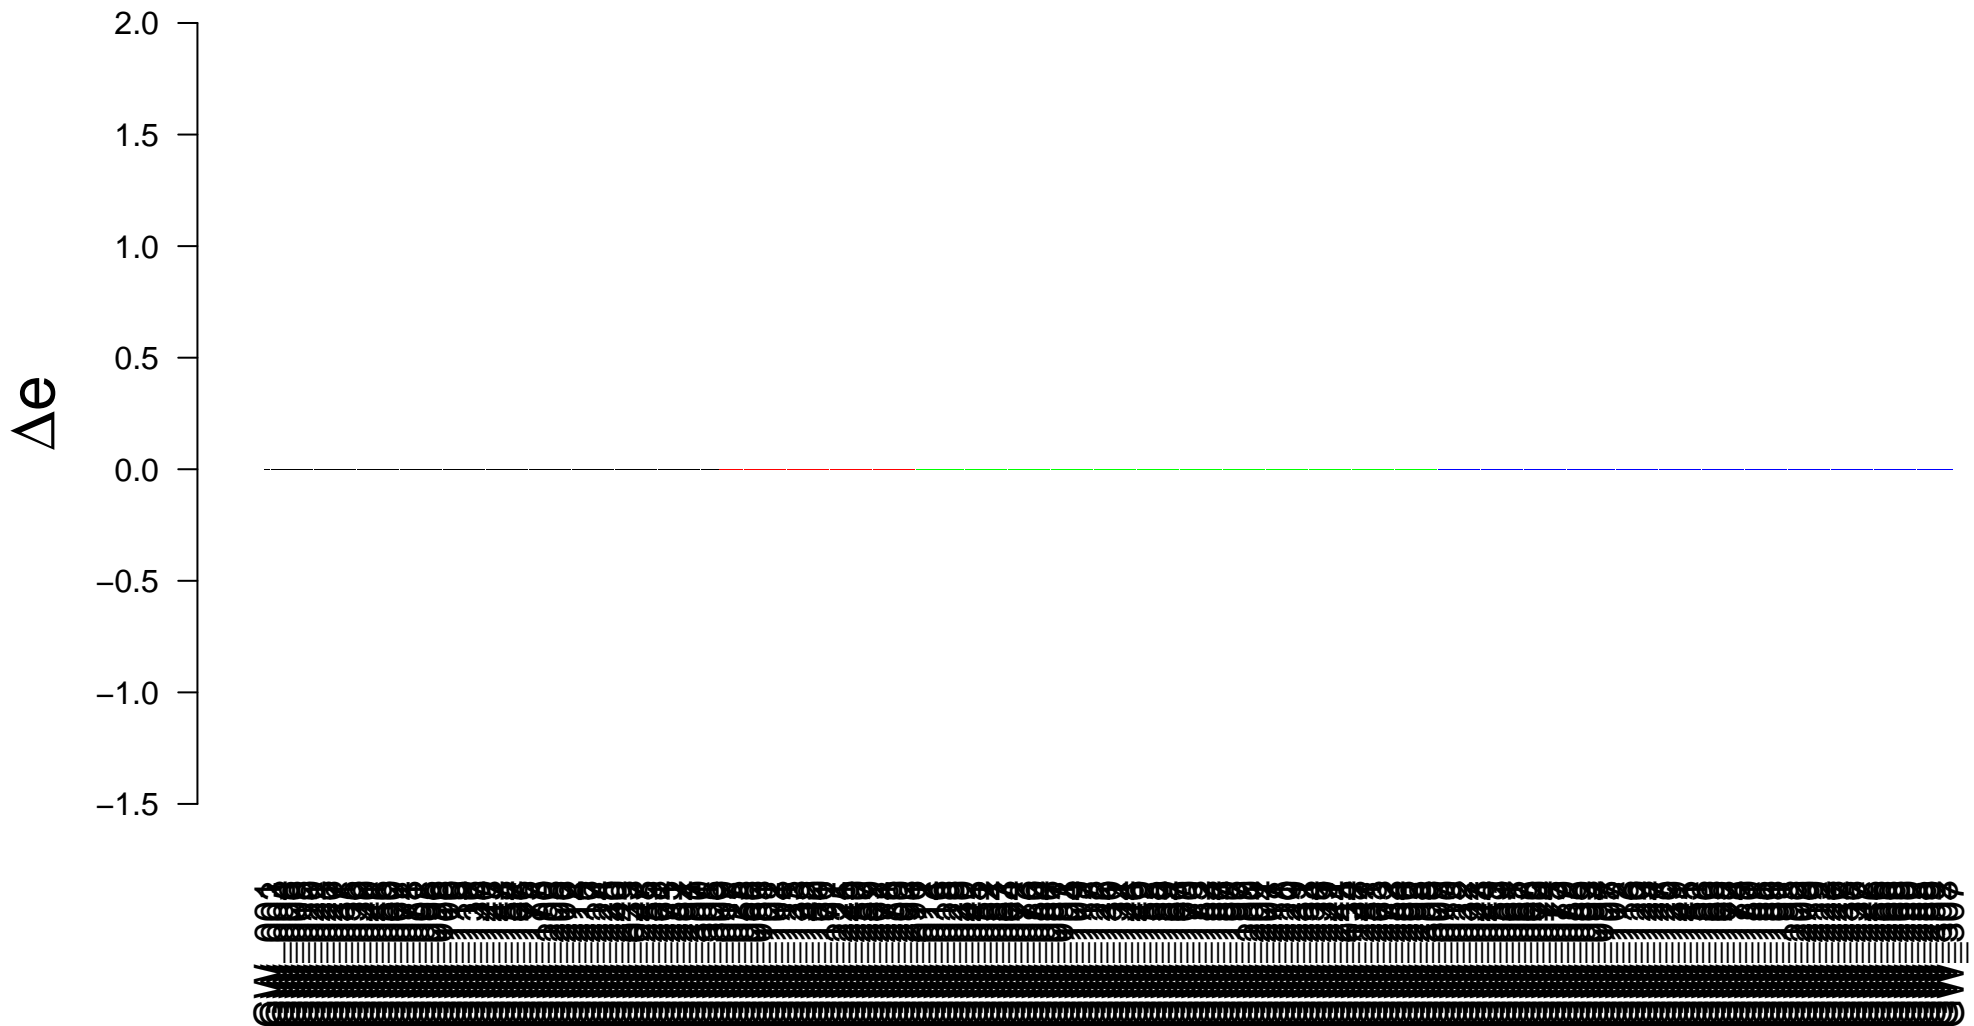

Expression of cardiovascular system development in Spot D

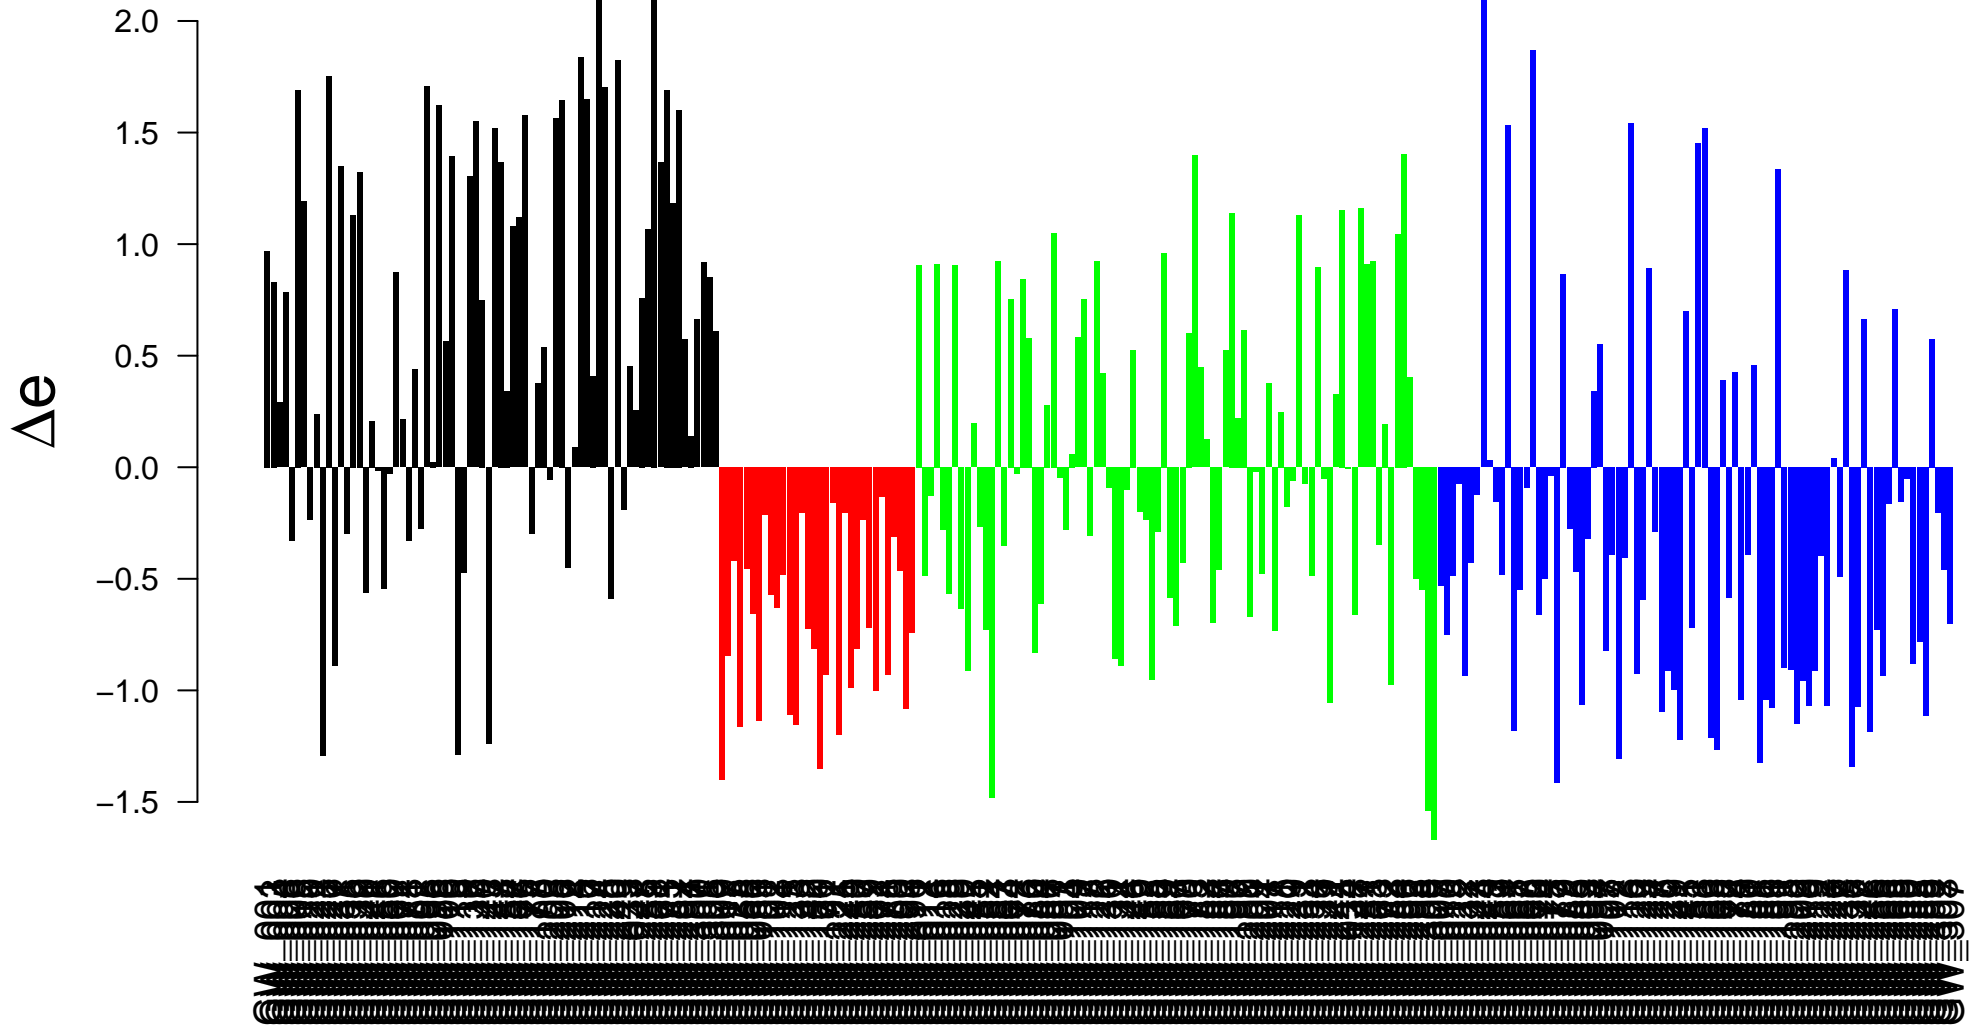

Expression of cardiovascular system development in Spot E

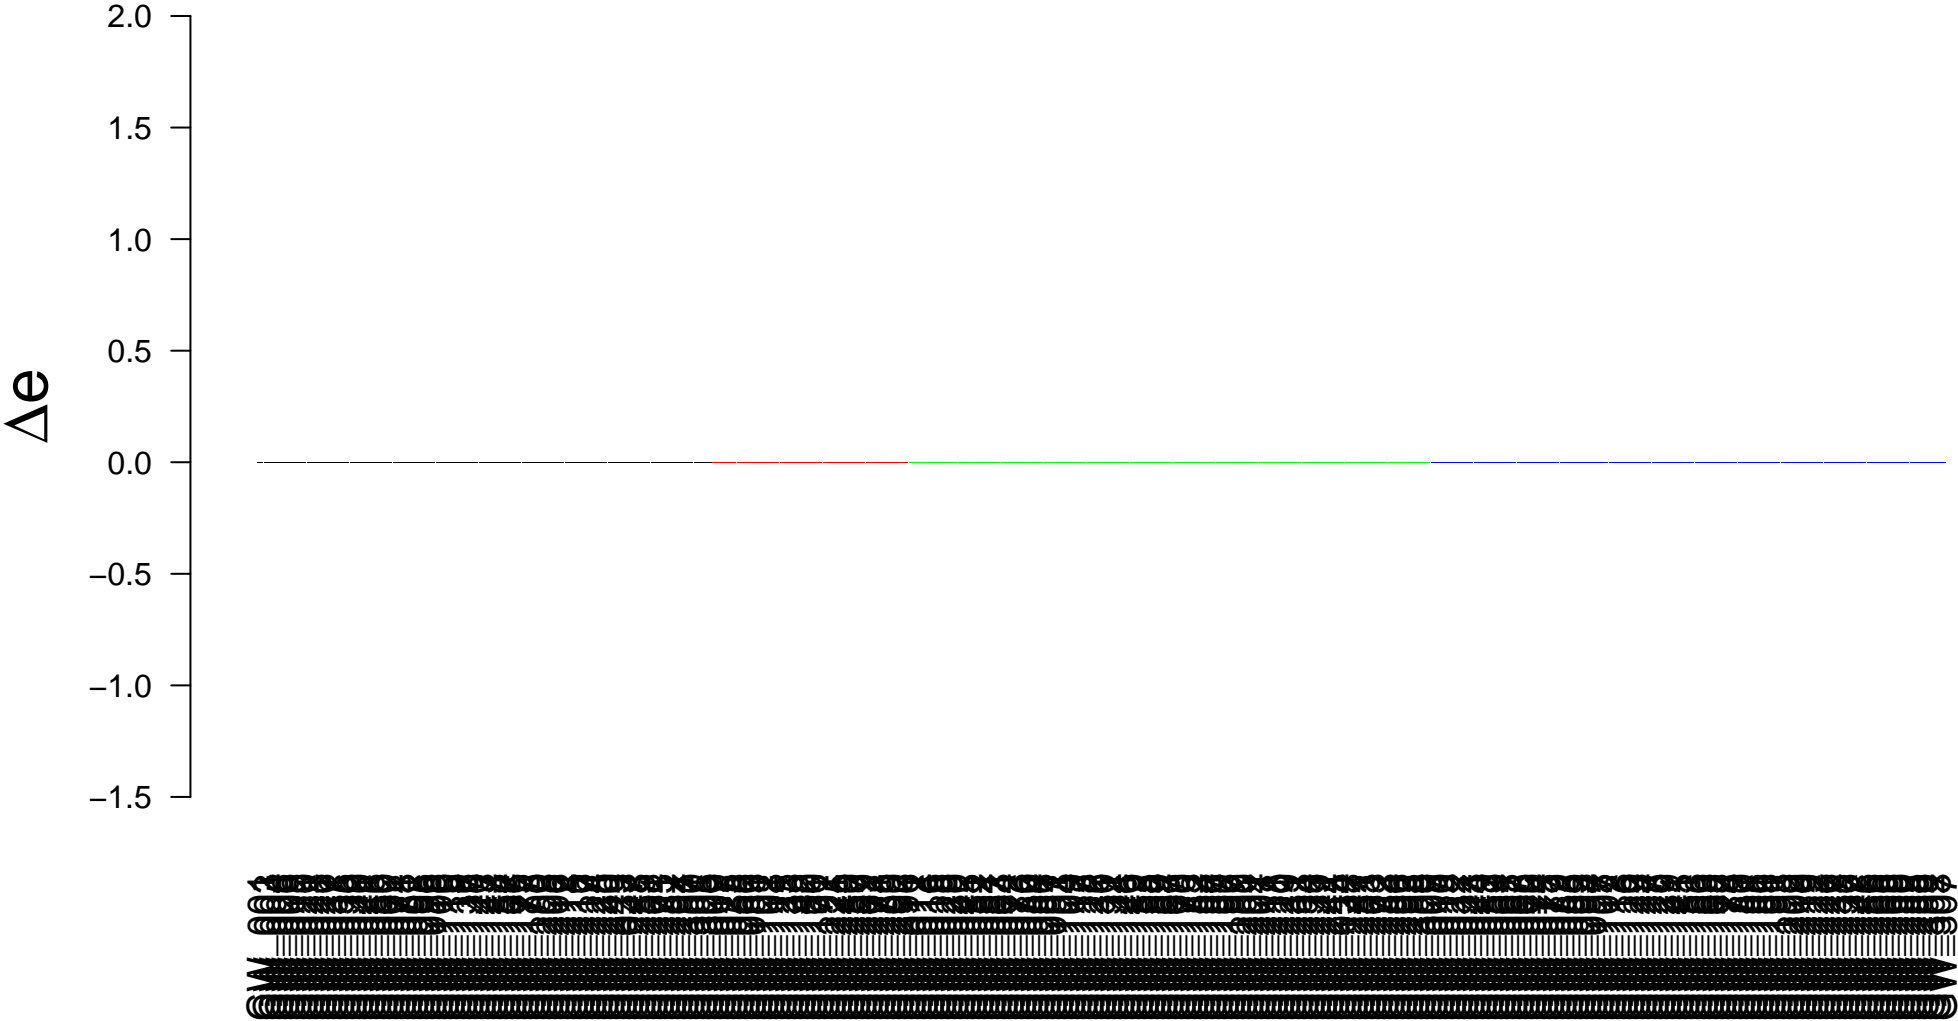

Expression of cardiovascular system development in Spot F

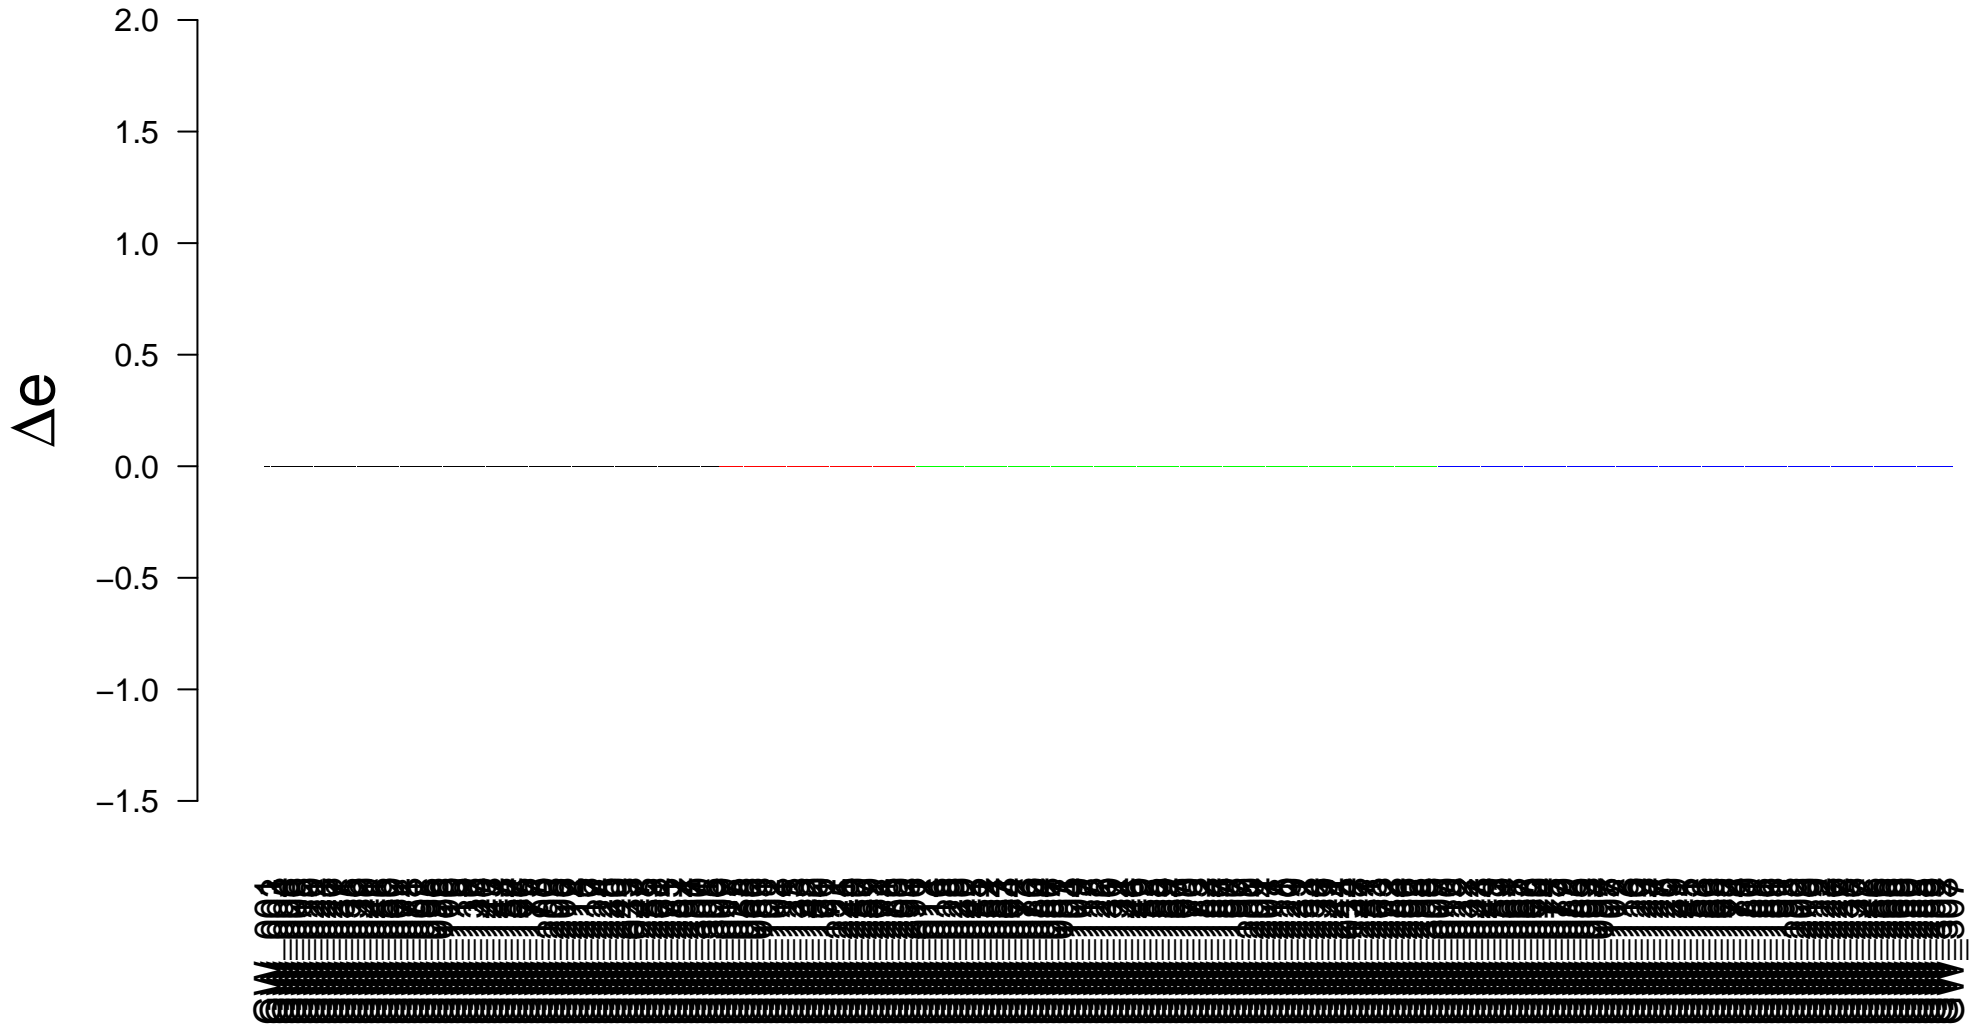

Expression of cardiovascular system development in Spot G

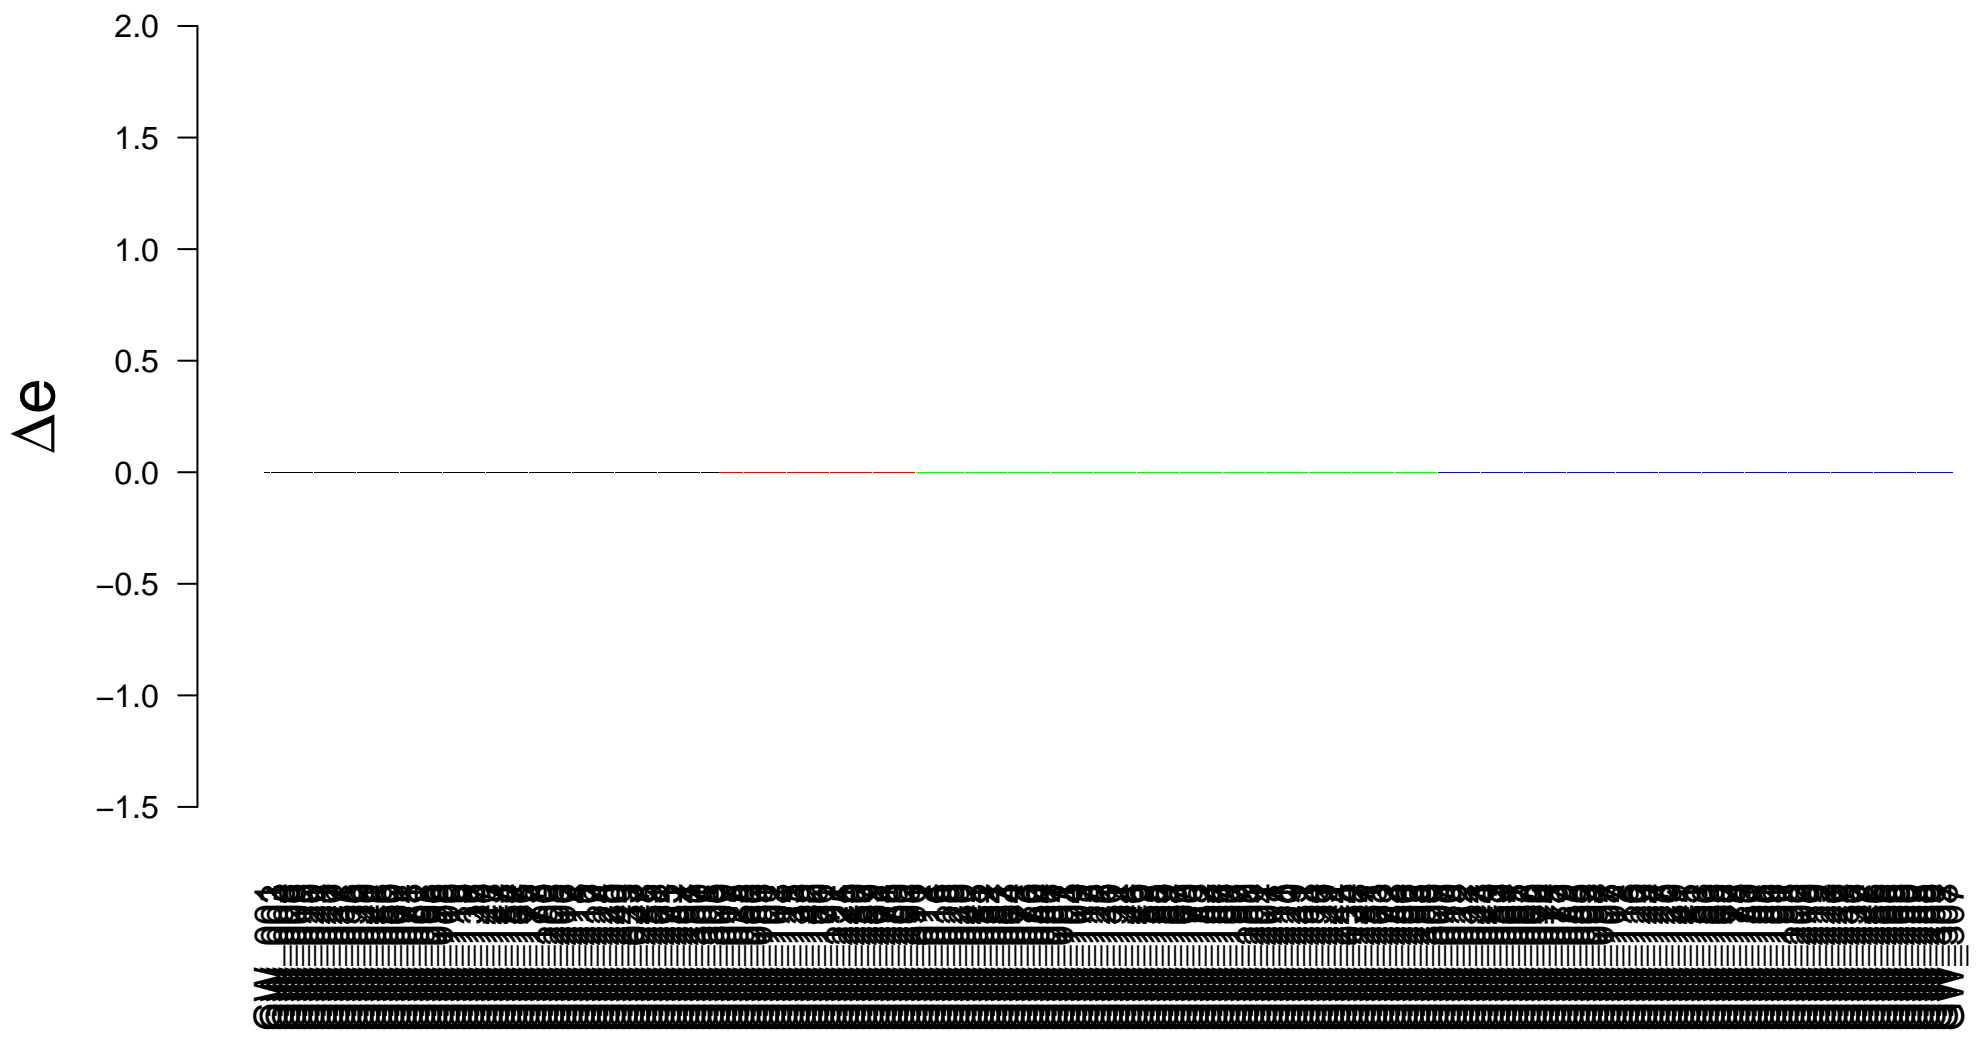

Expression of cardiovascular system development in Spot H

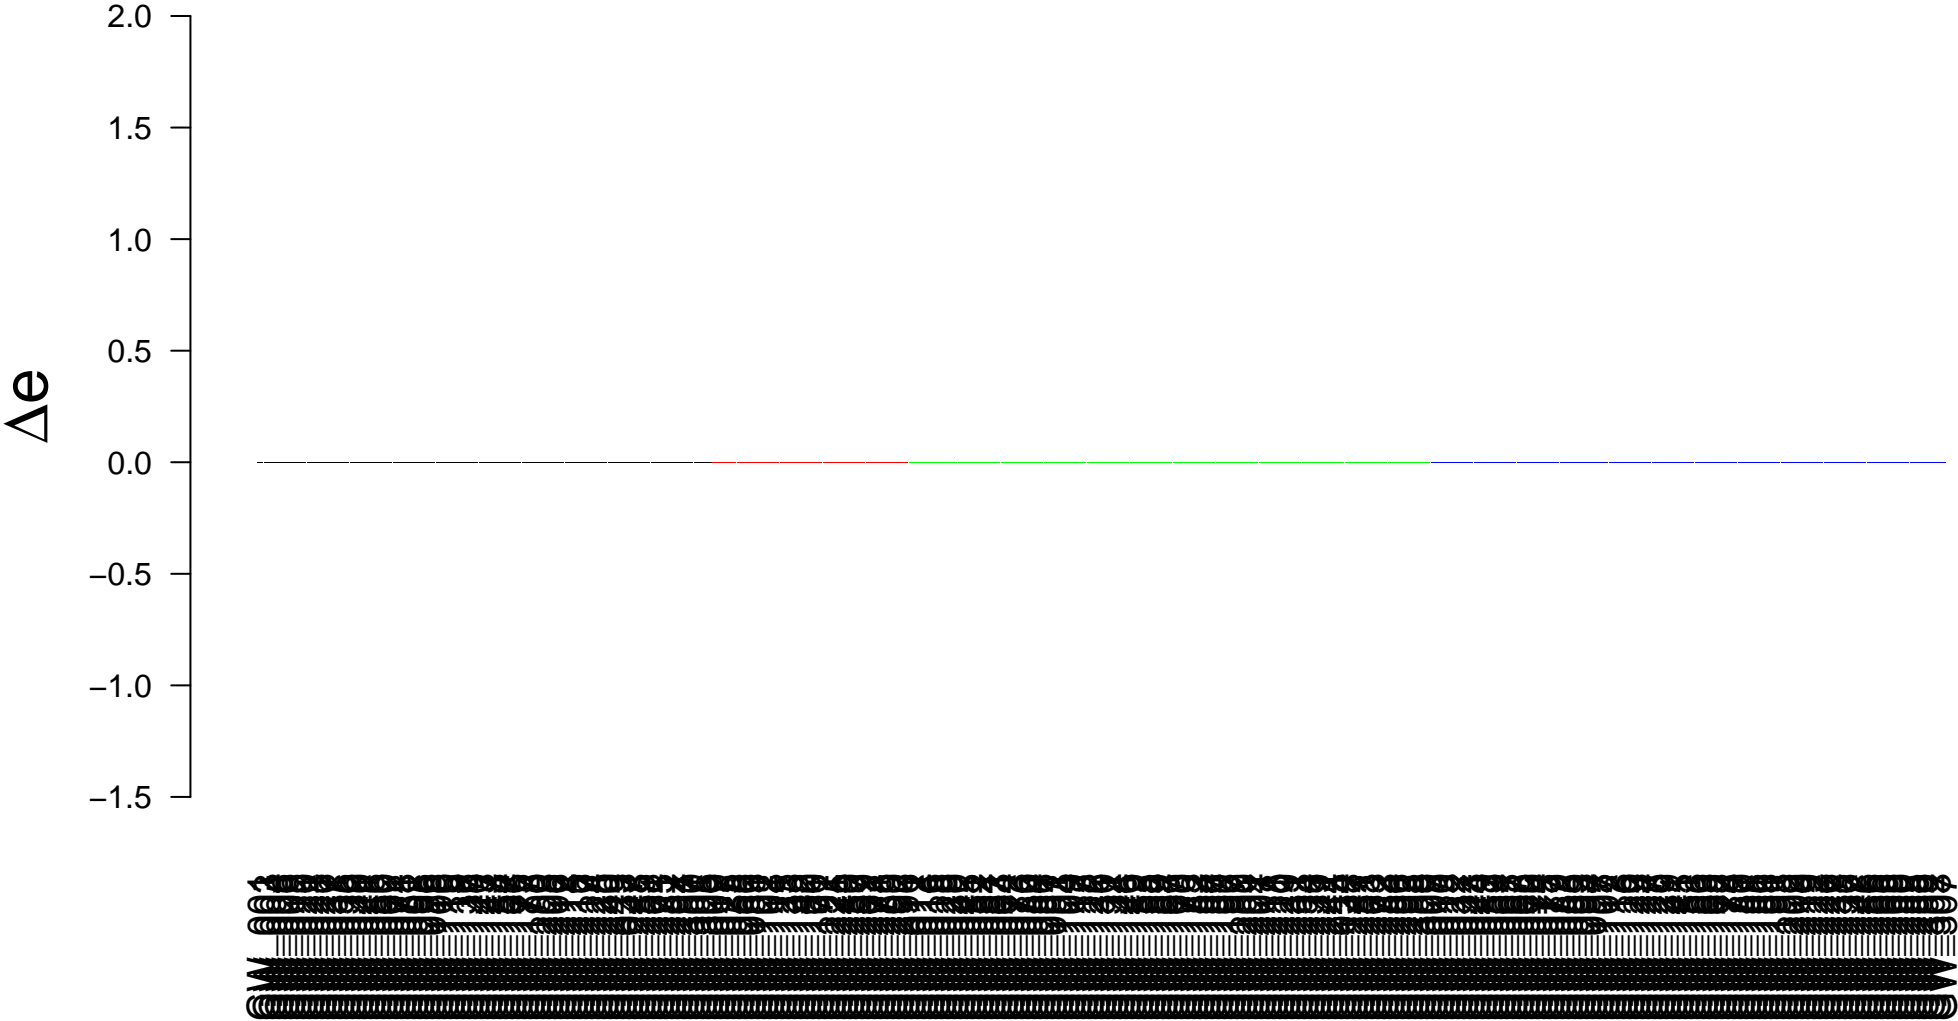

Expression of cardiovascular system development in Spot I

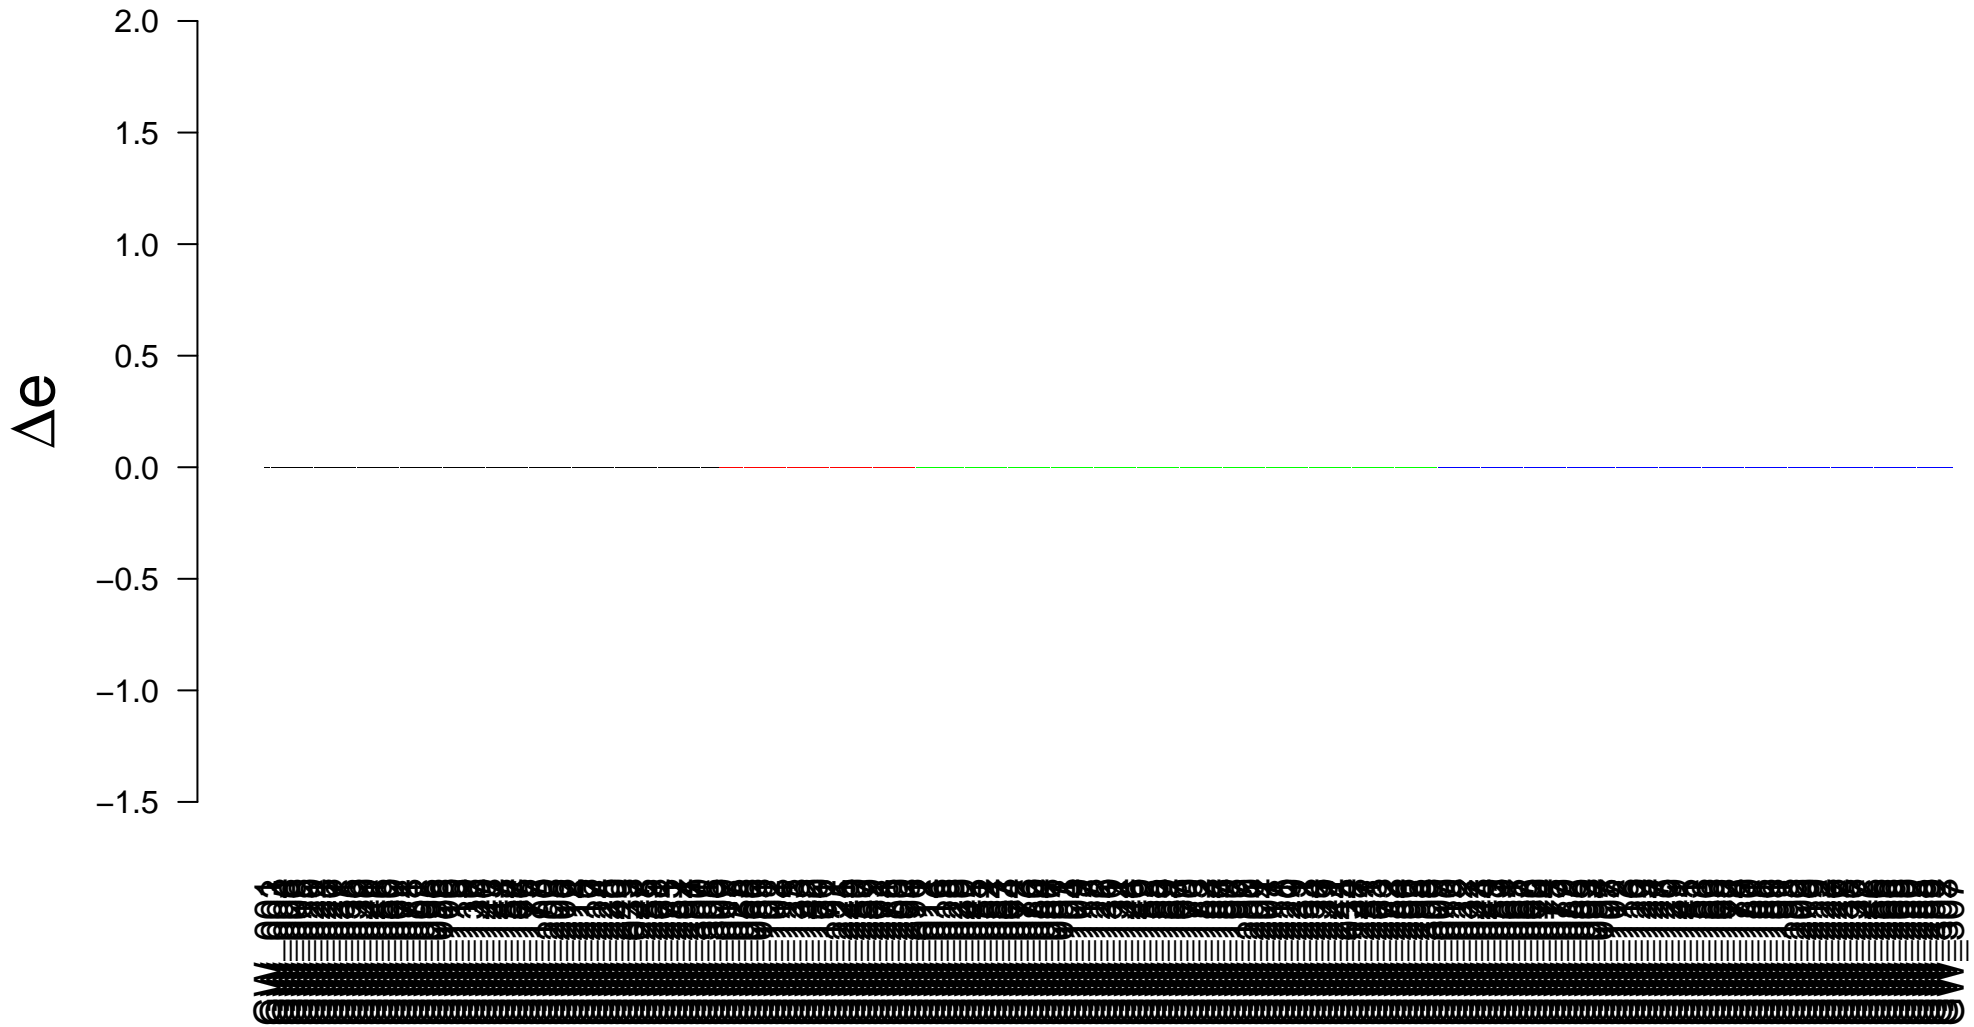

Expression of cardiovascular system development in Spot J

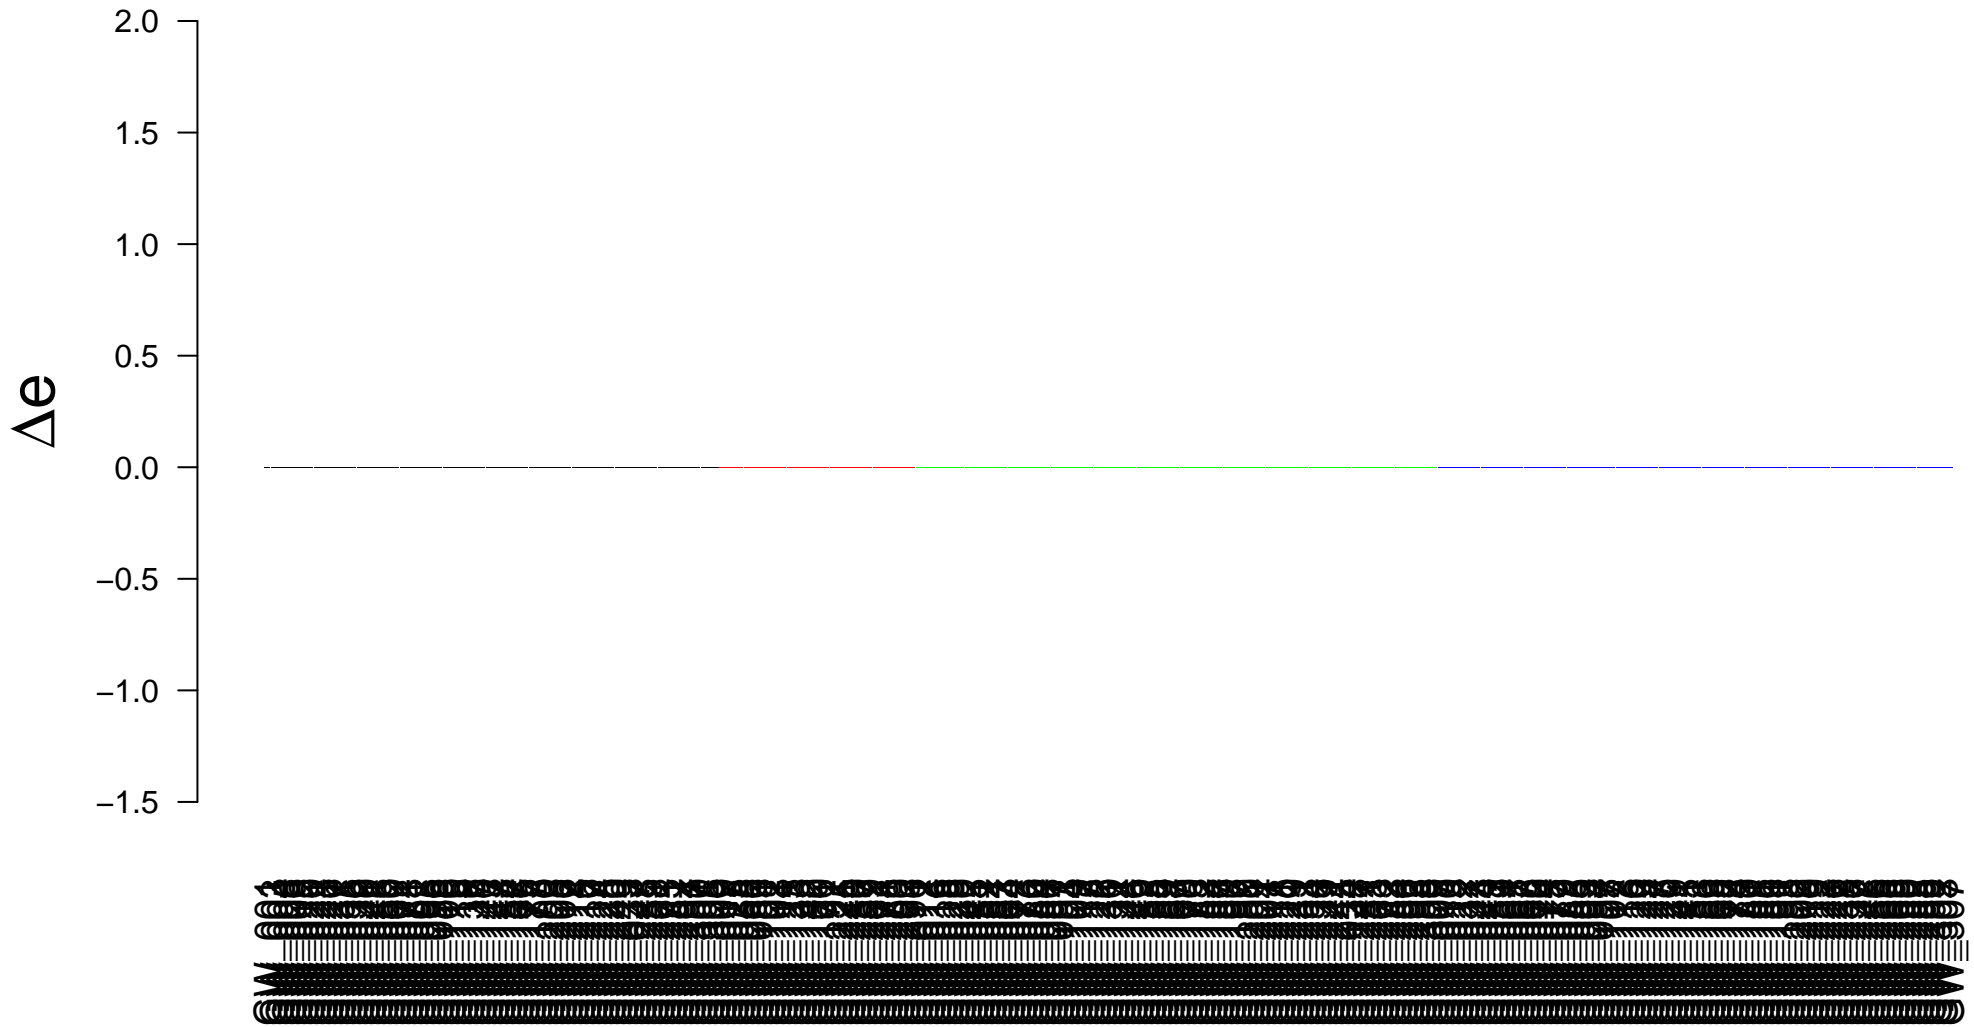

Expression of cardiovascular system development in Spot K

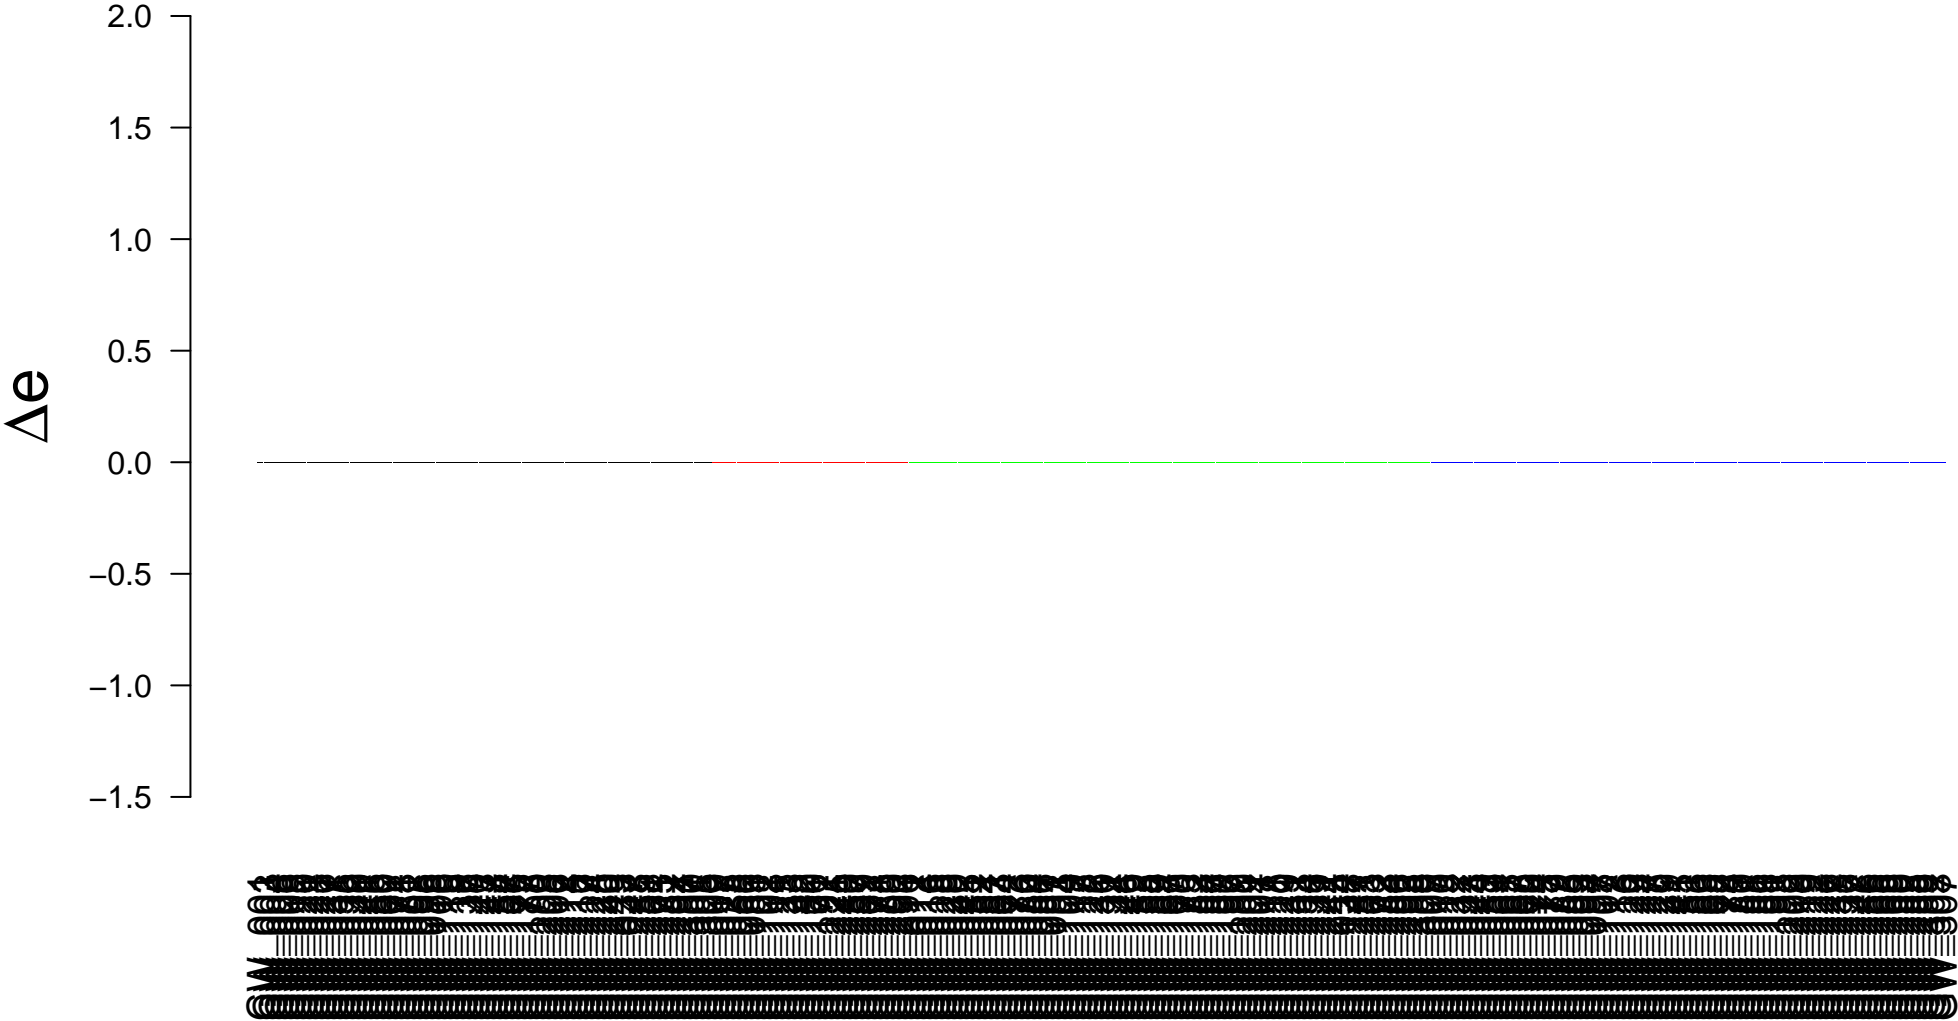

Expression of cardiovascular system development in Spot L

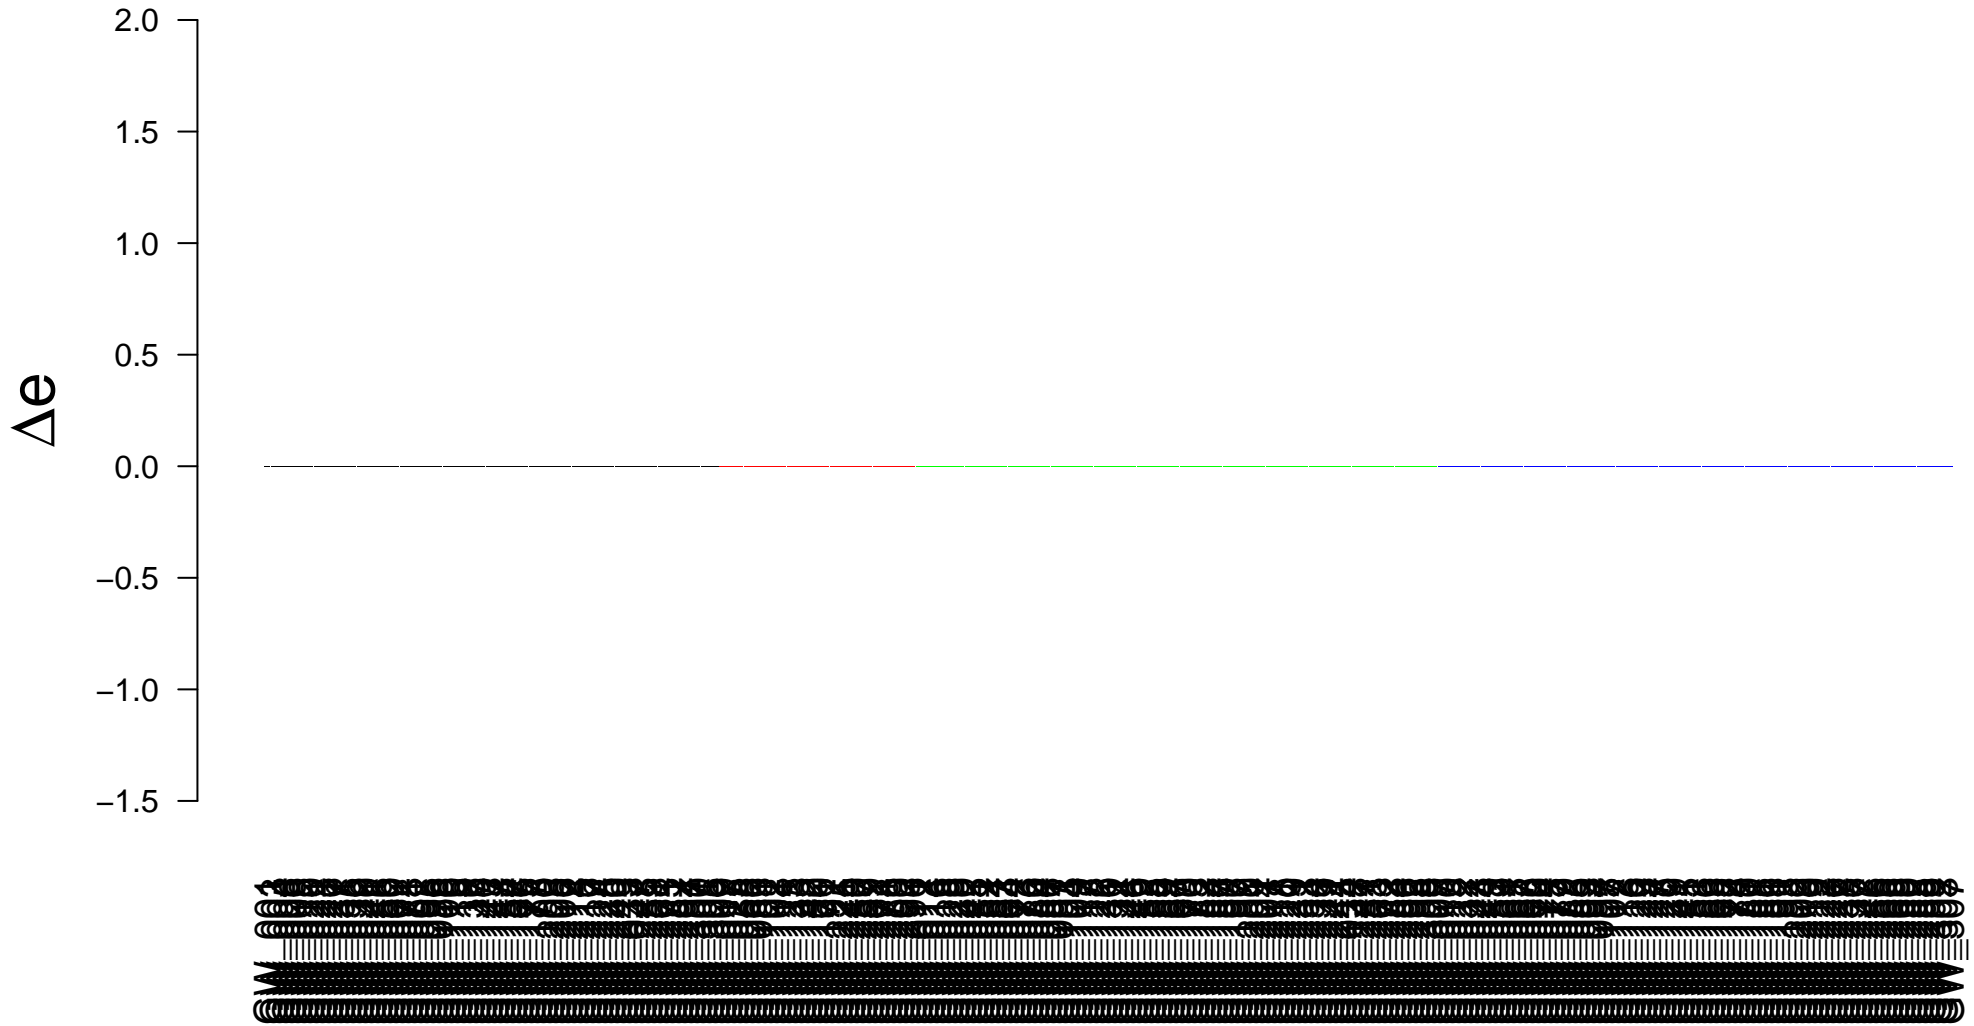

Expression of cardiovascular system development in Spot M

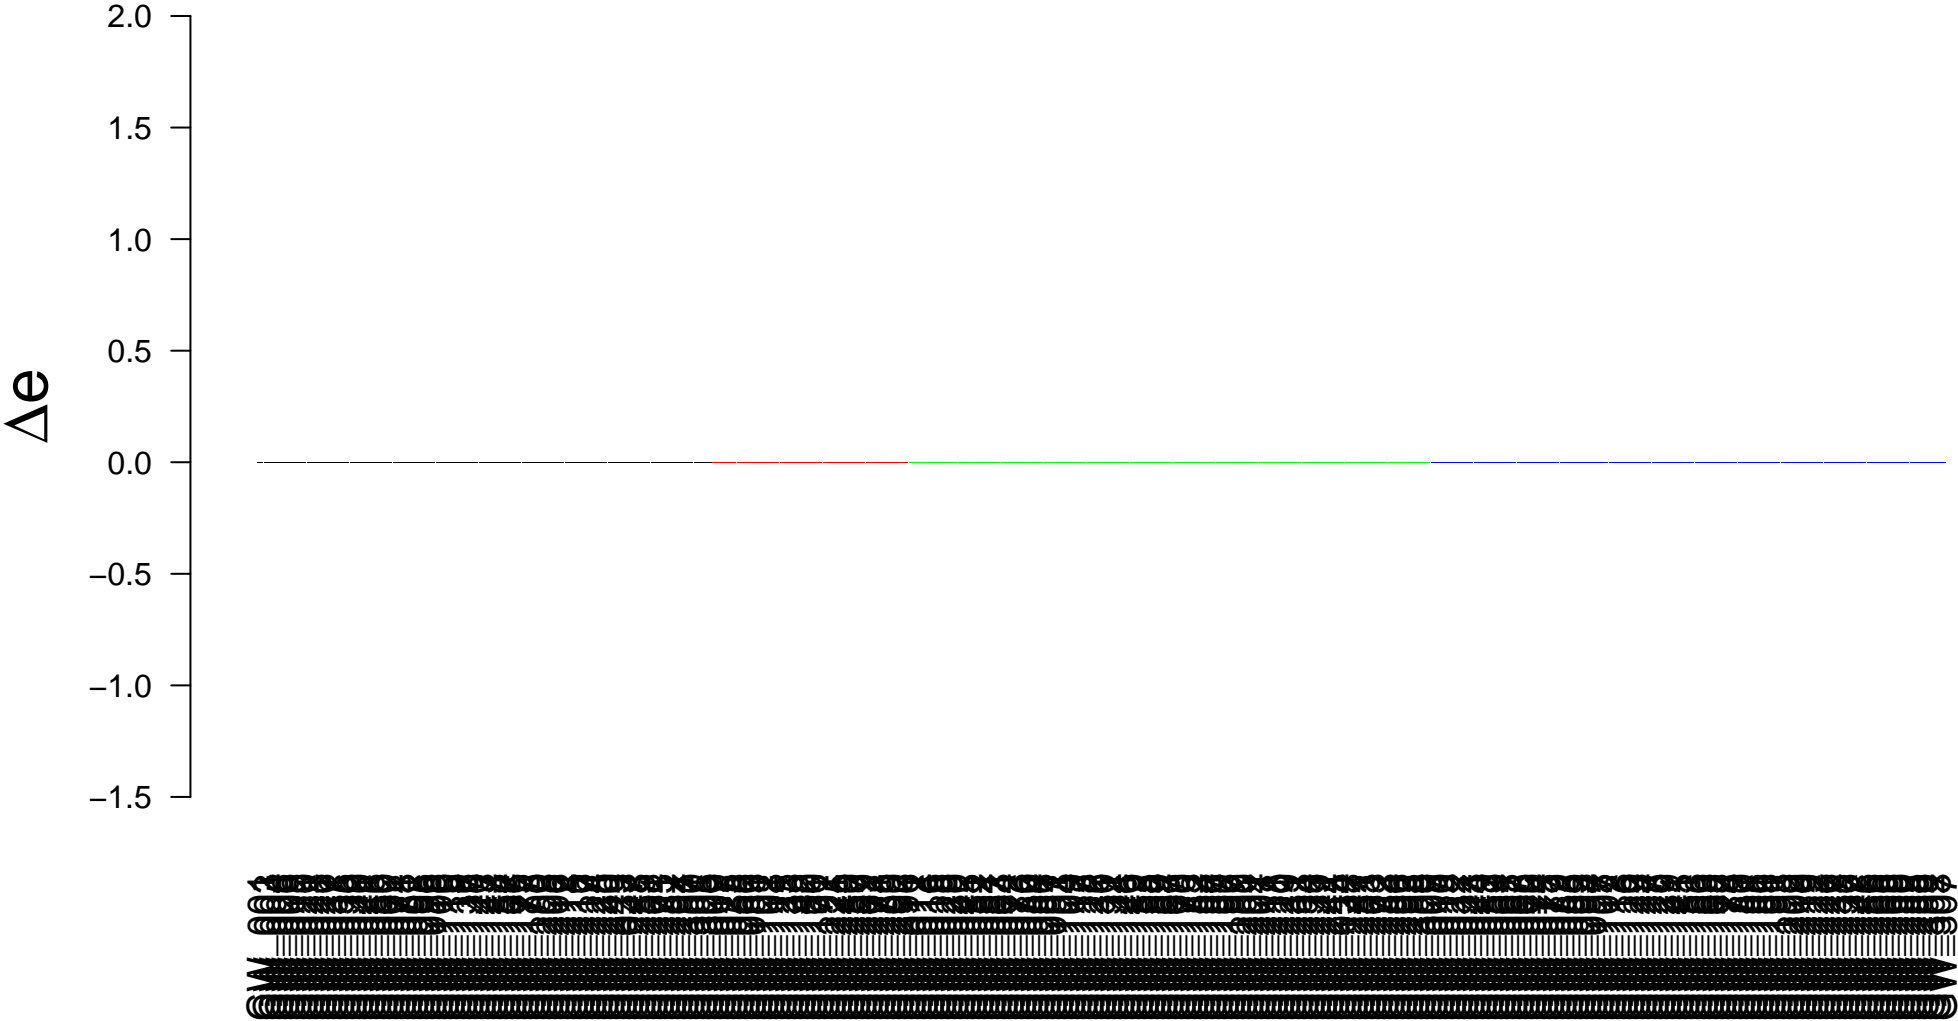

Expression of cardiovascular system development in Spot N

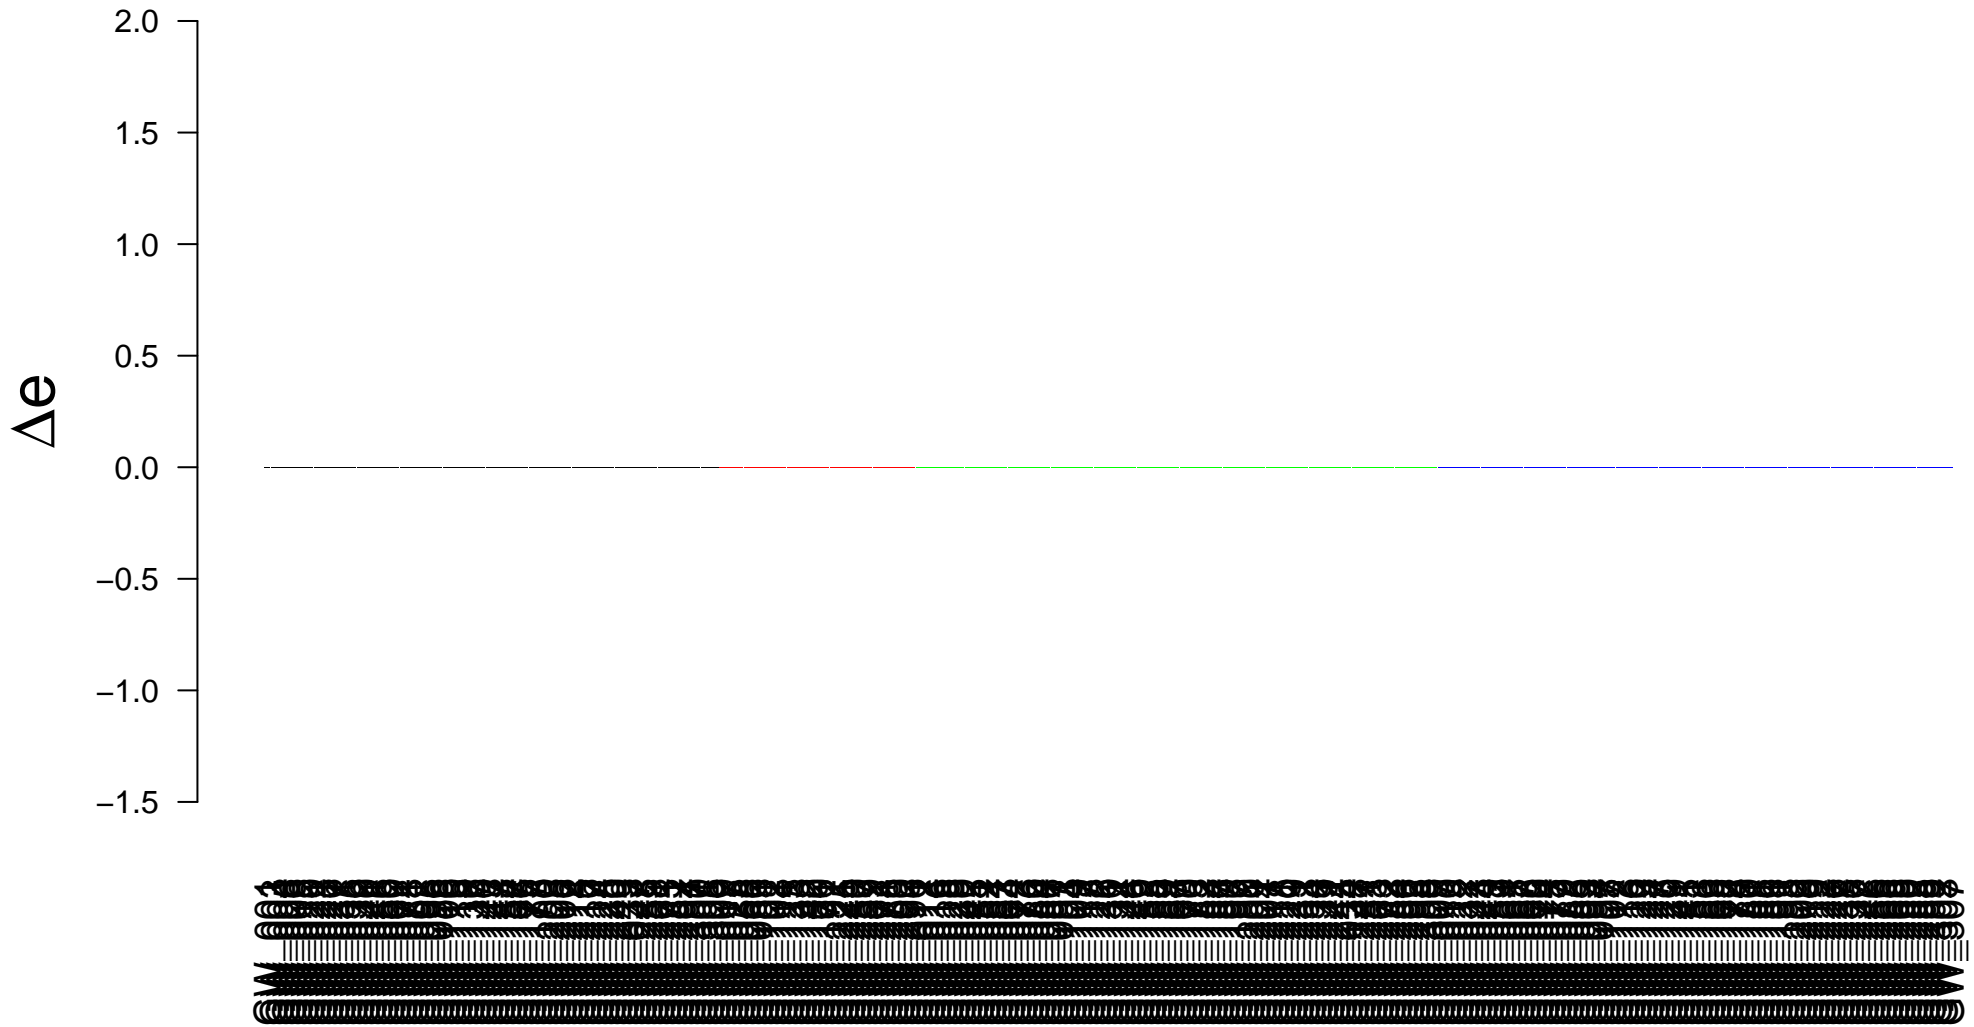

Expression of cardiovascular system development in Spot O

Expression of cardiovascular system development in Spot P

Expression of cardiovascular system development in Spot Q

Expression of cardiovascular system development in Spot R
