

cell development

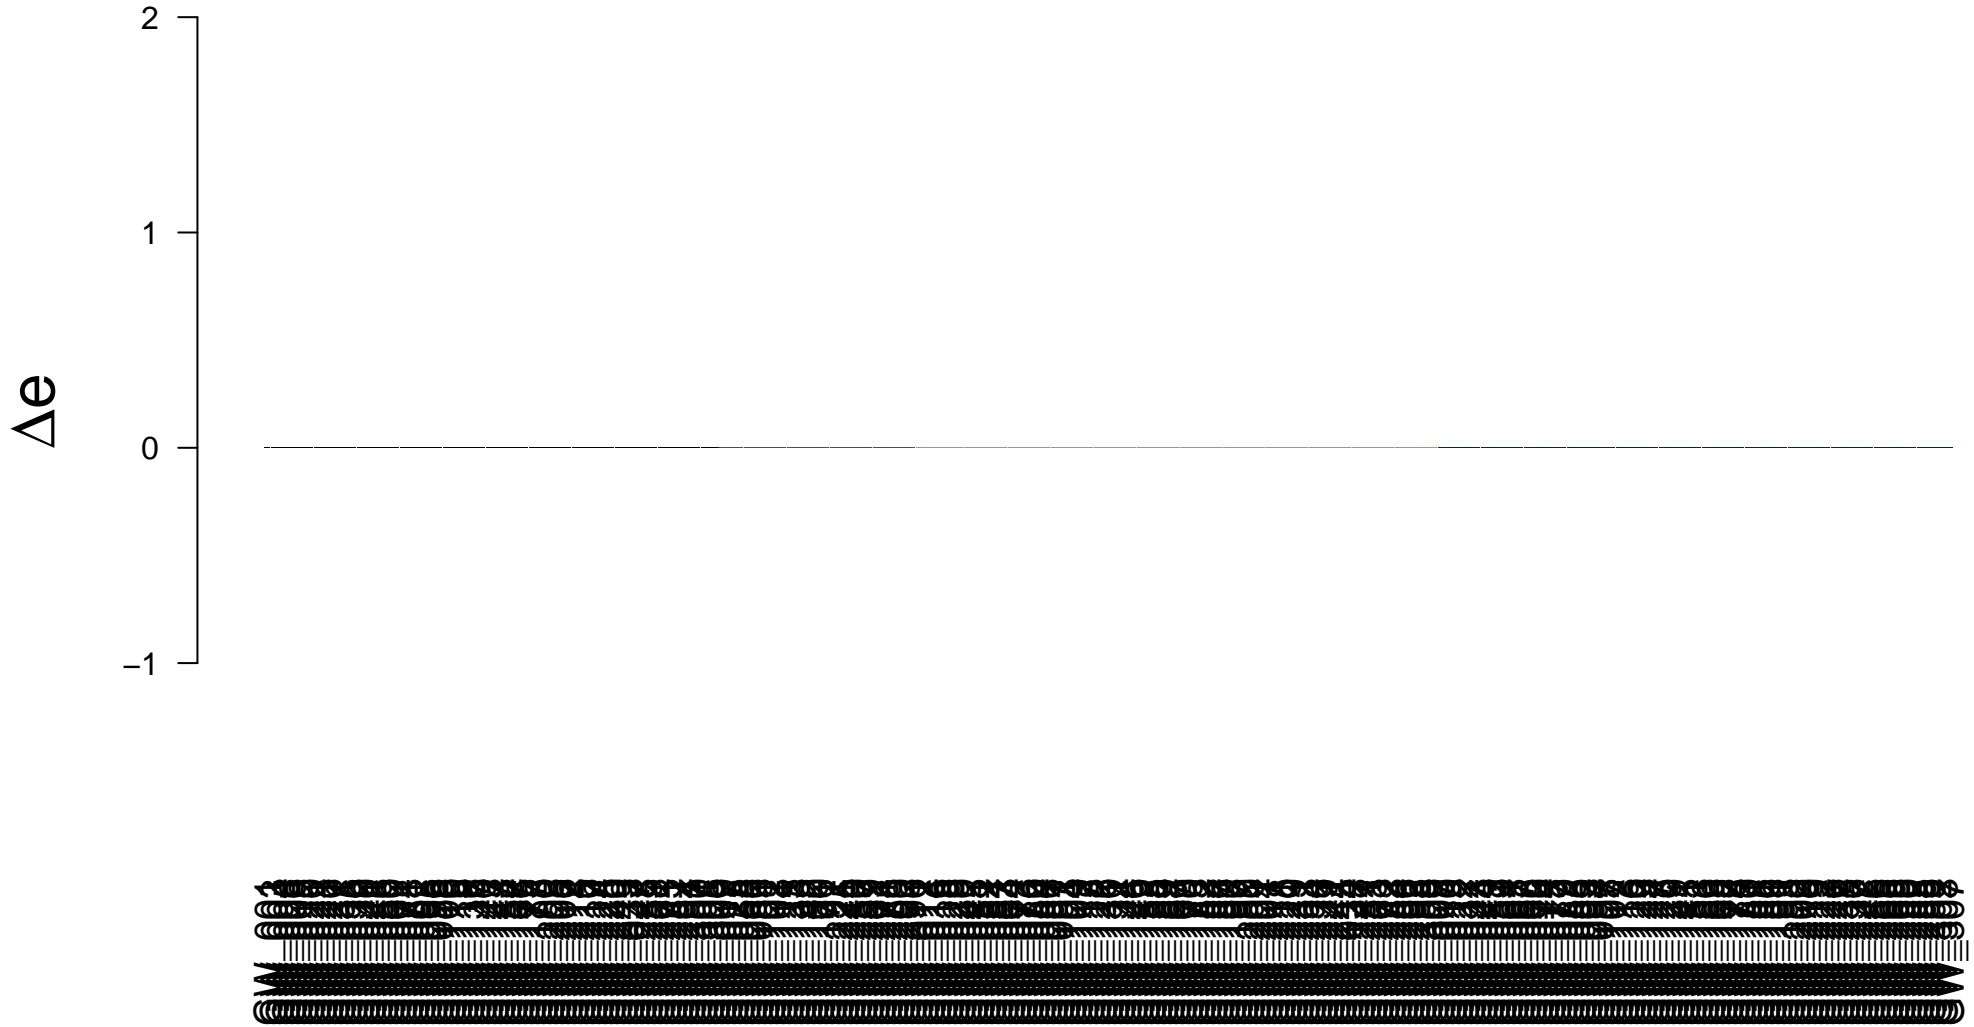

cell development

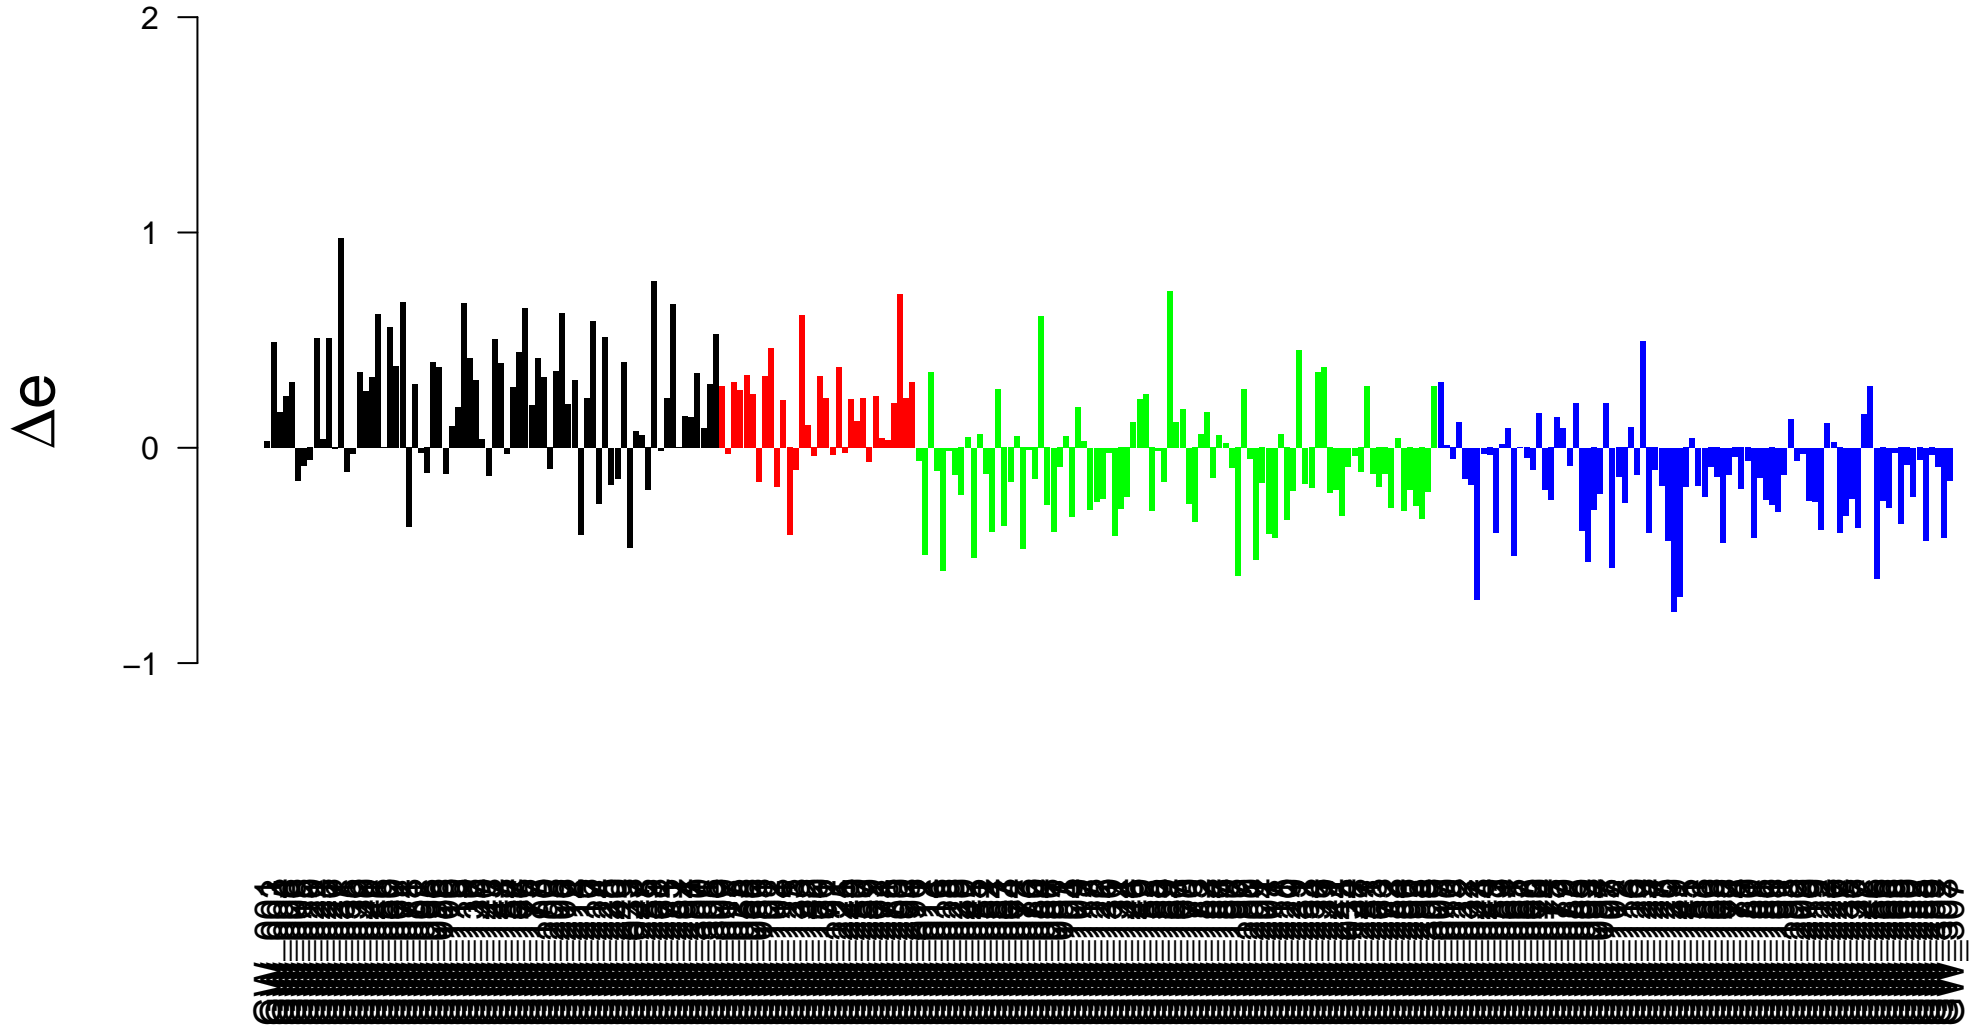

Enrichment in spots: cell development

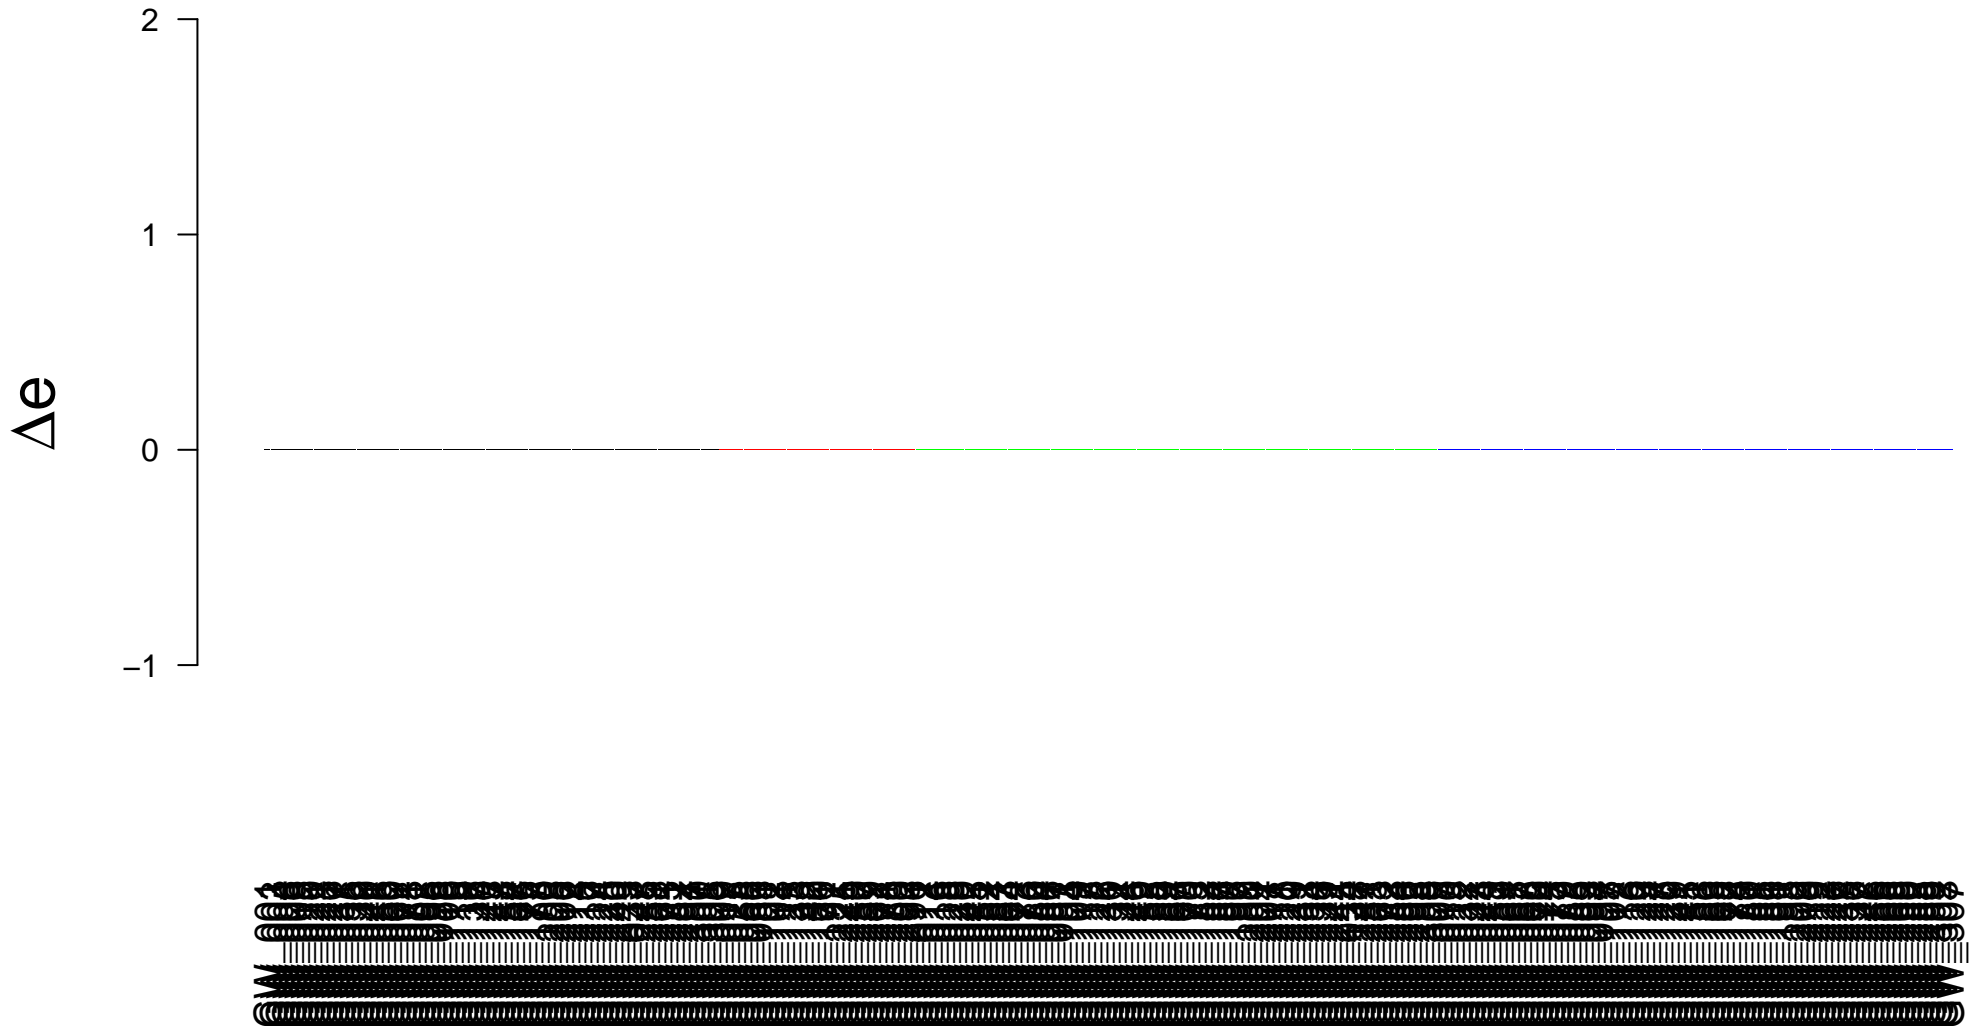

Expression of cell development in Spot A

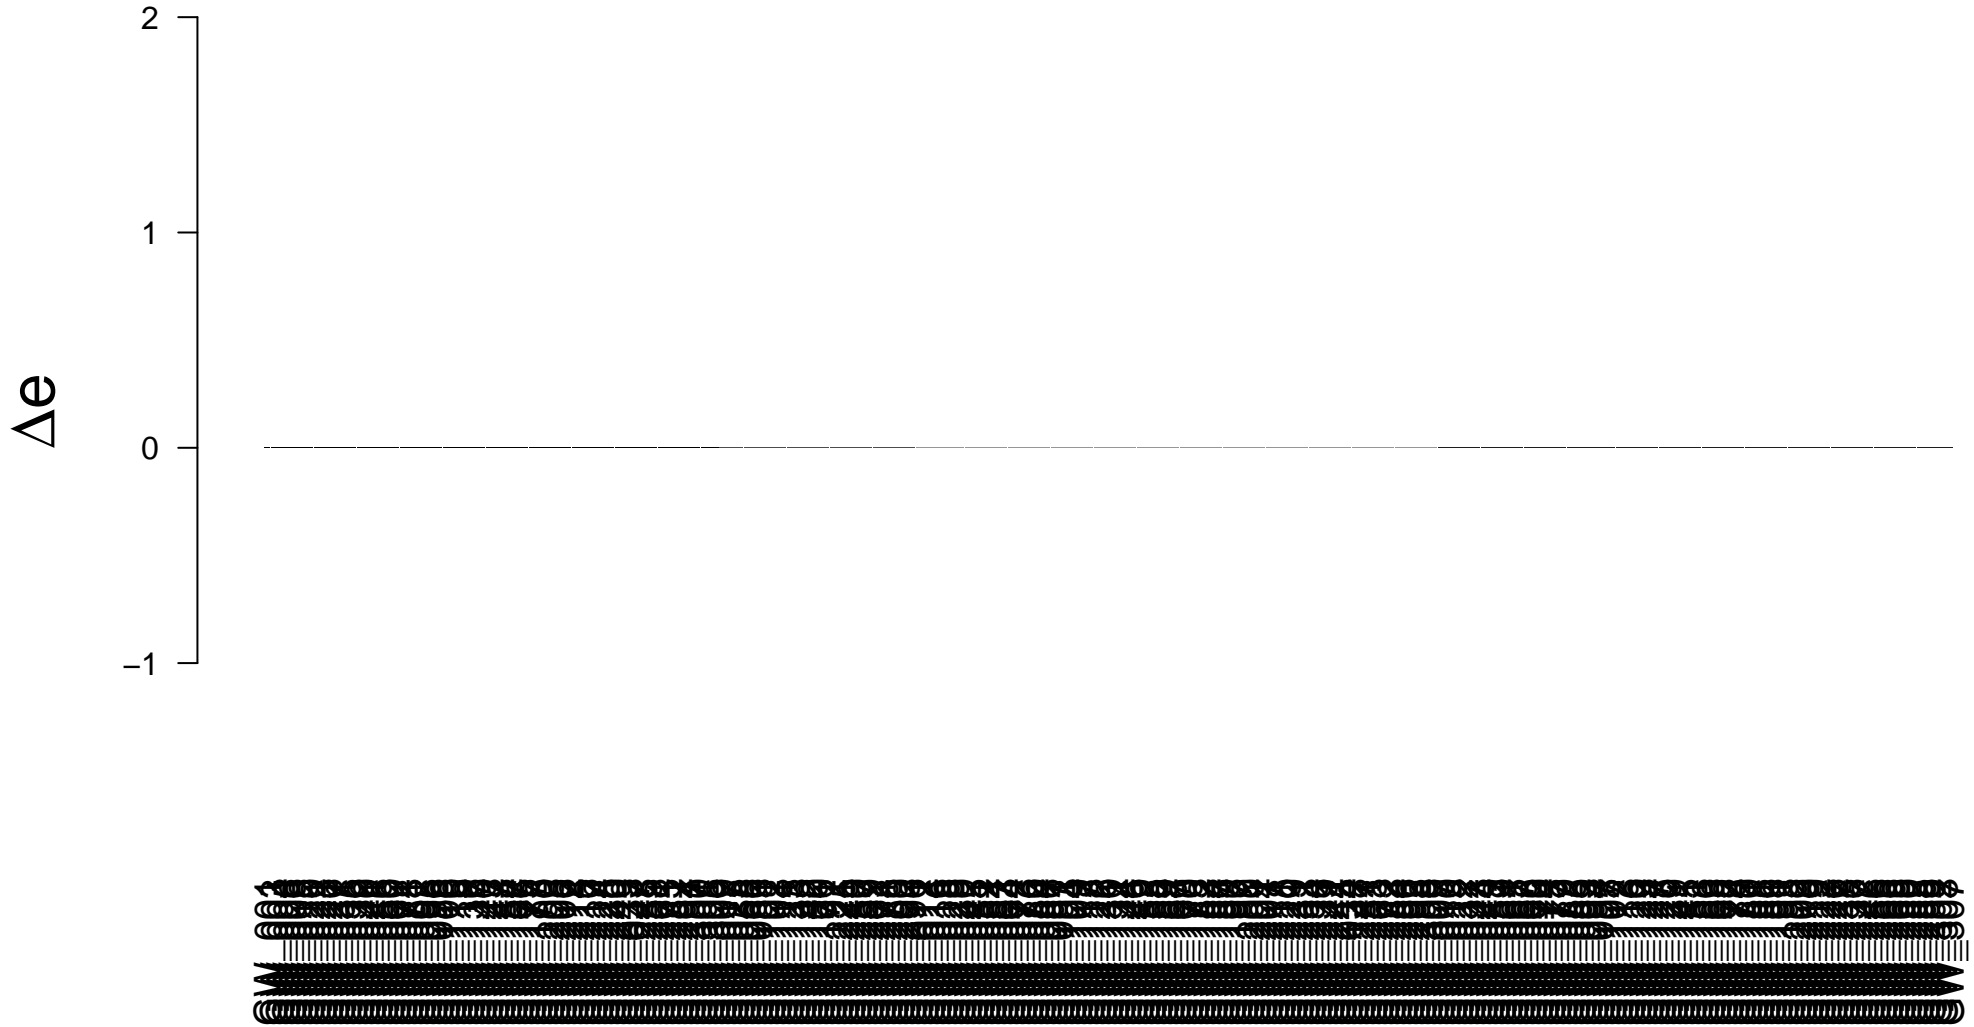

Expression of cell development in Spot B

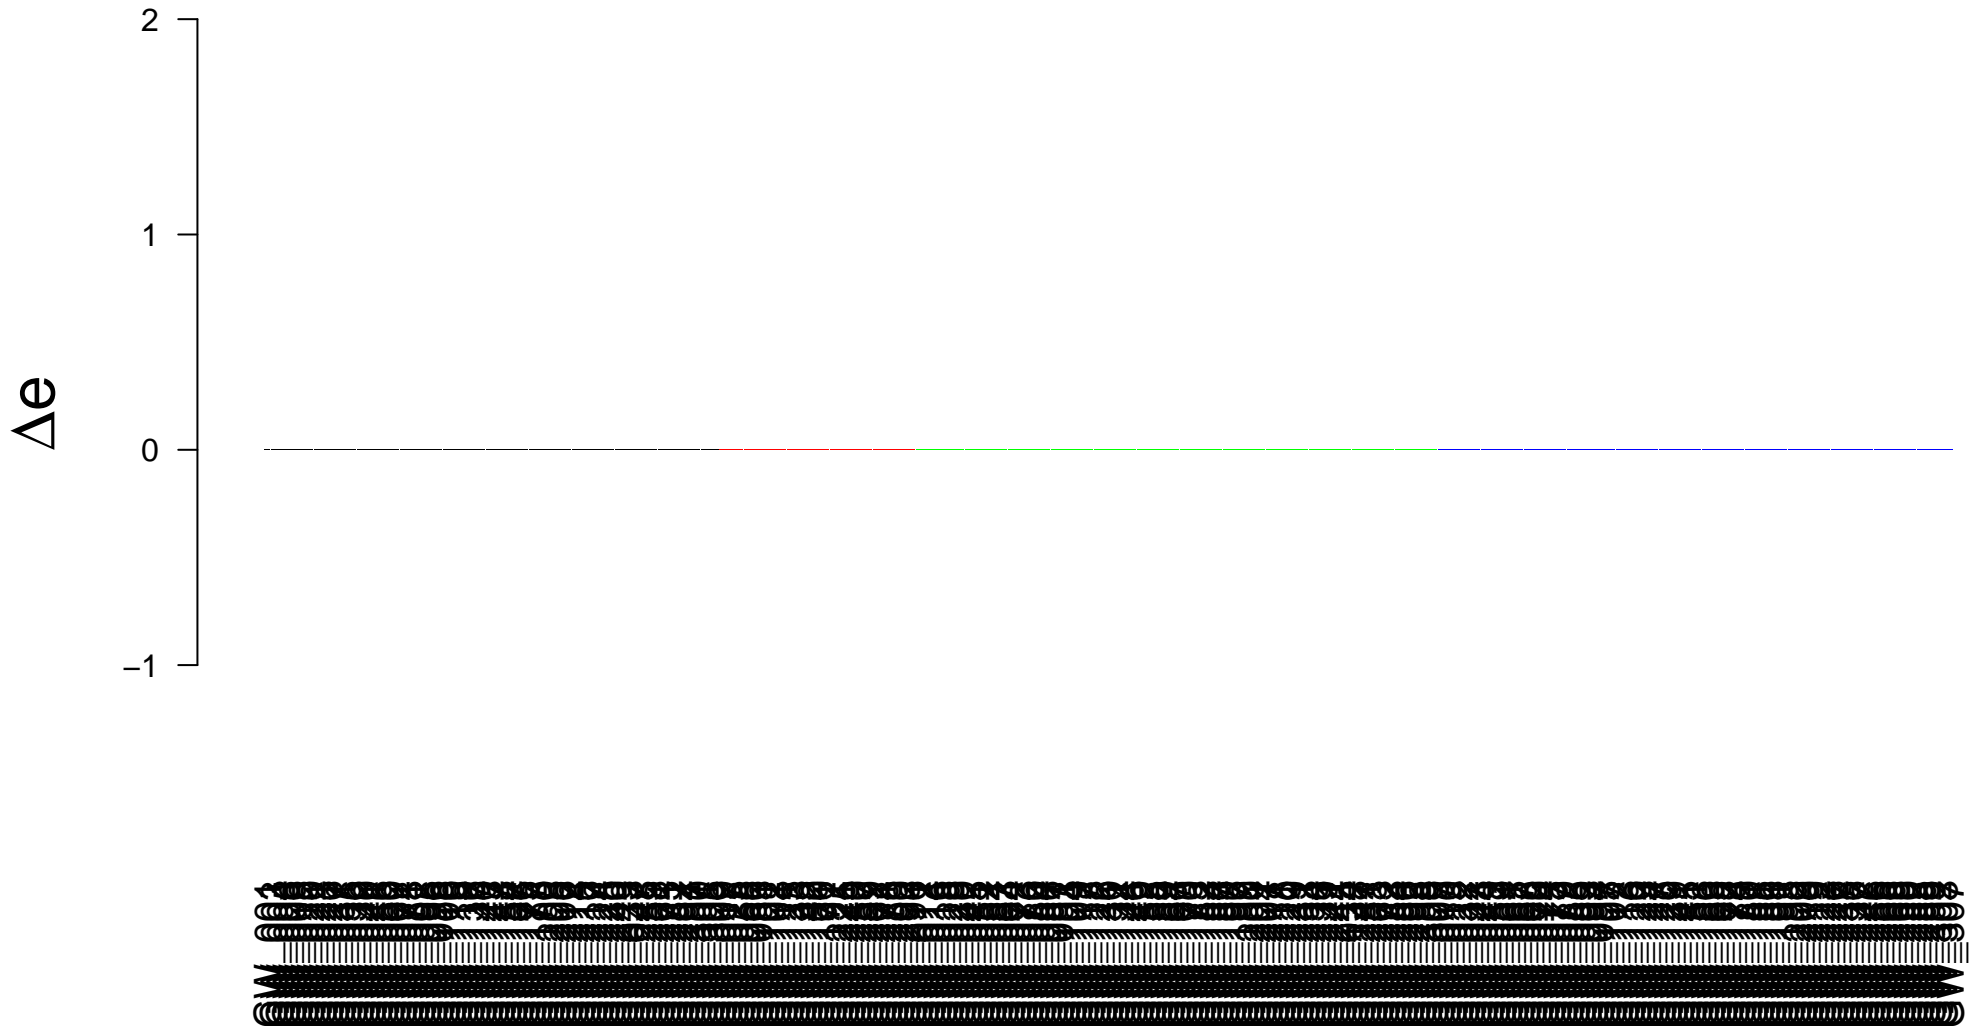

Expression of cell development in Spot C

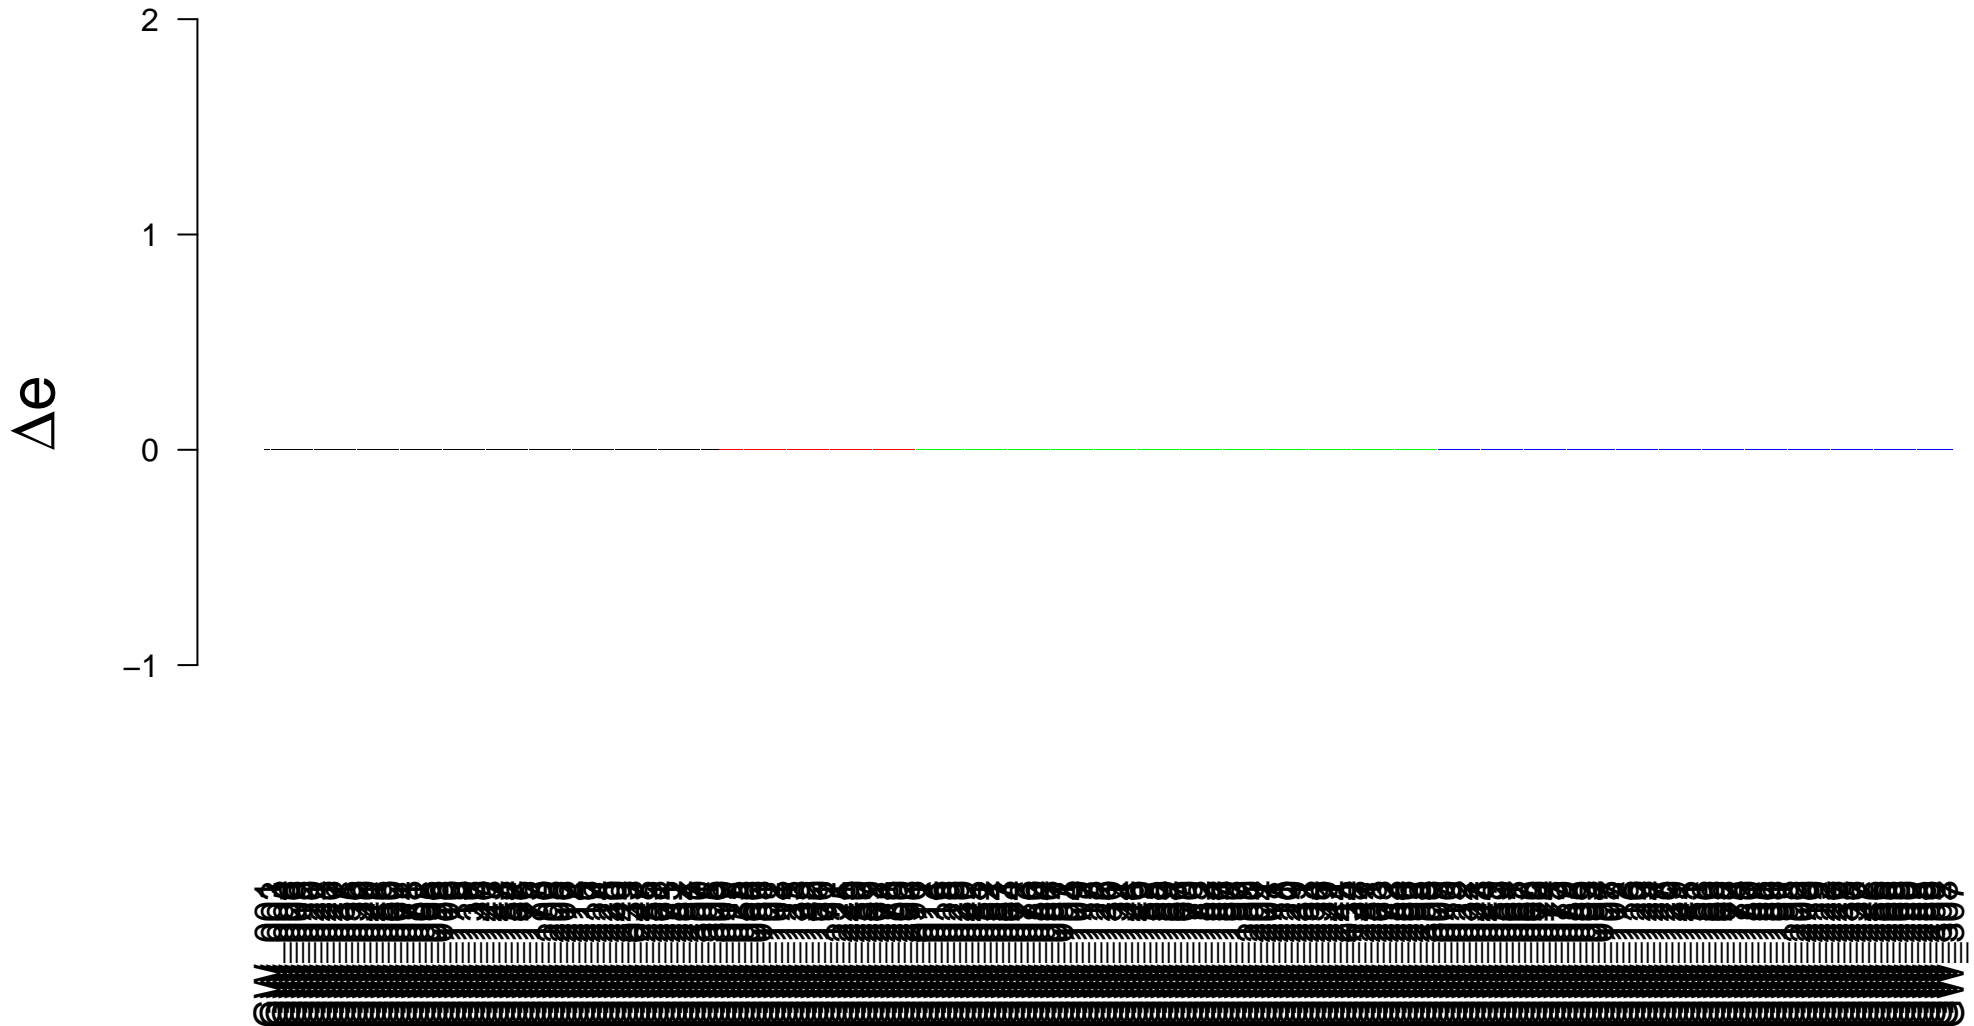

Expression of cell development in Spot D

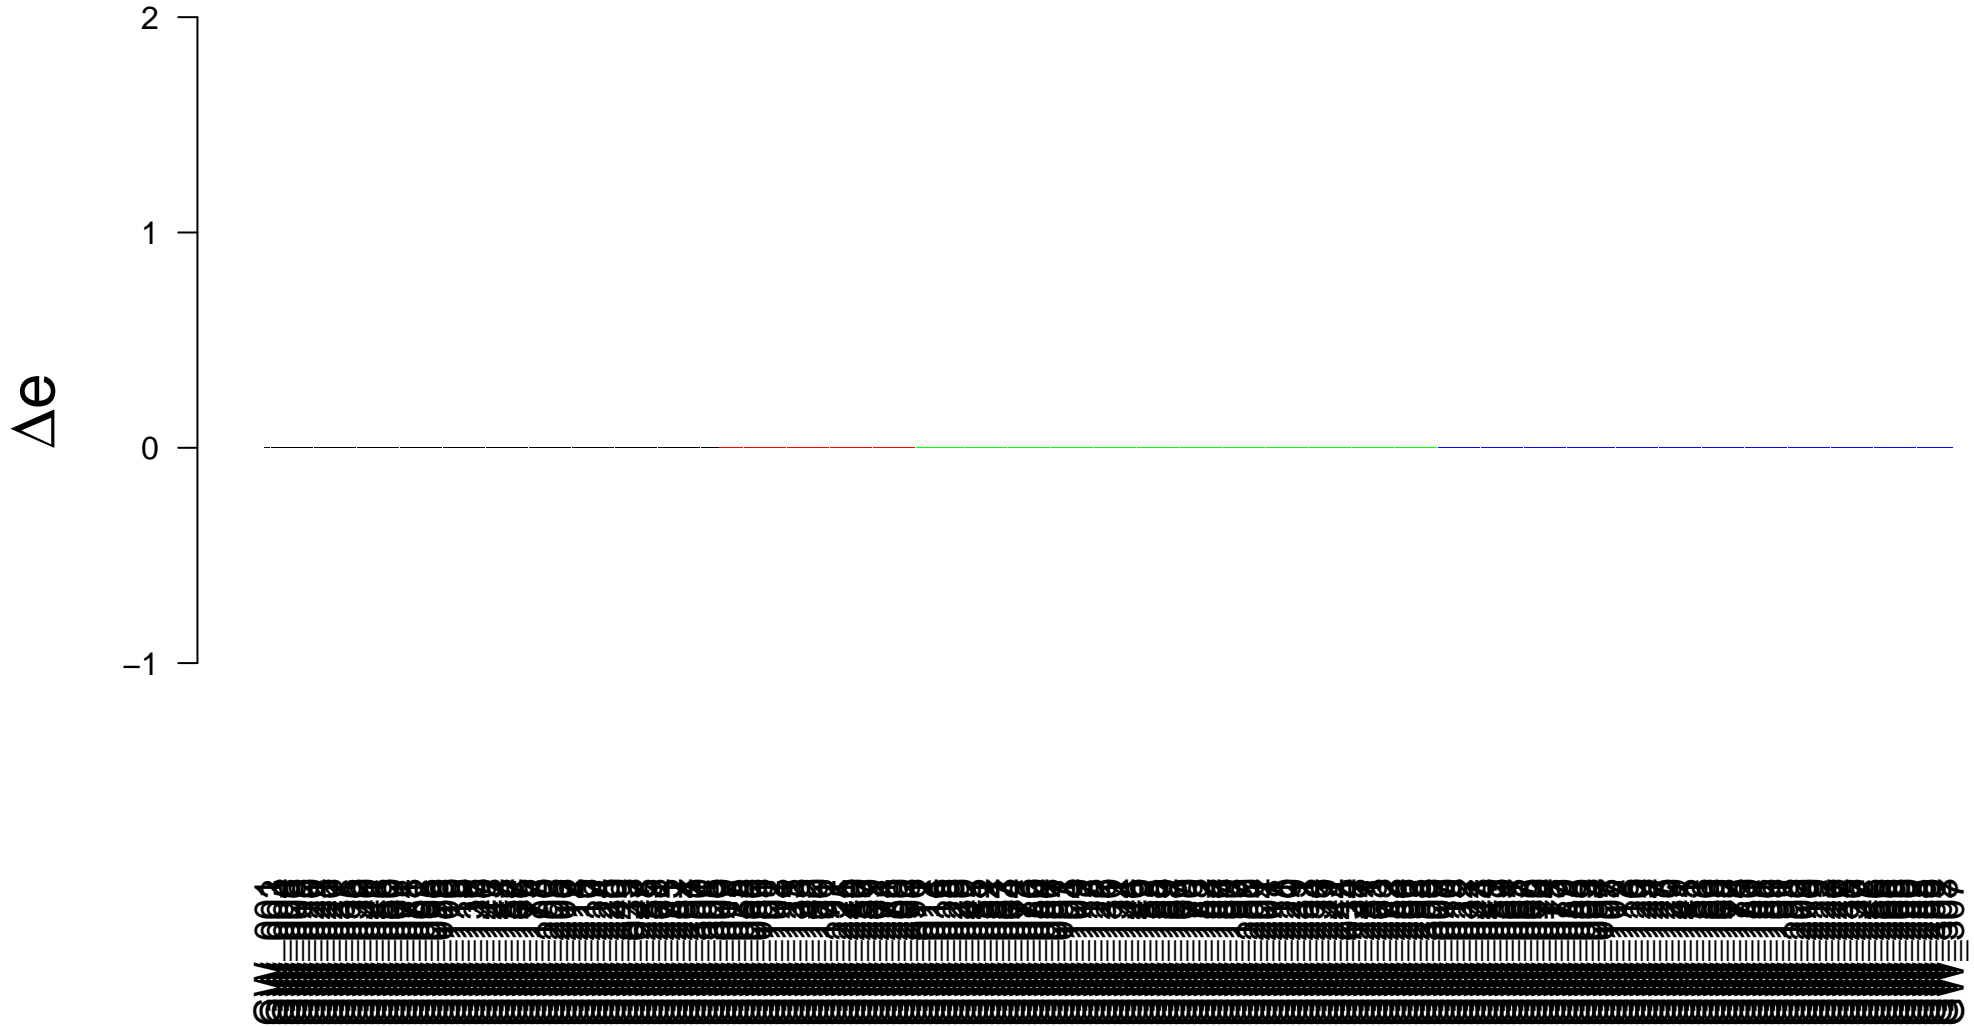

Expression of cell development in Spot E

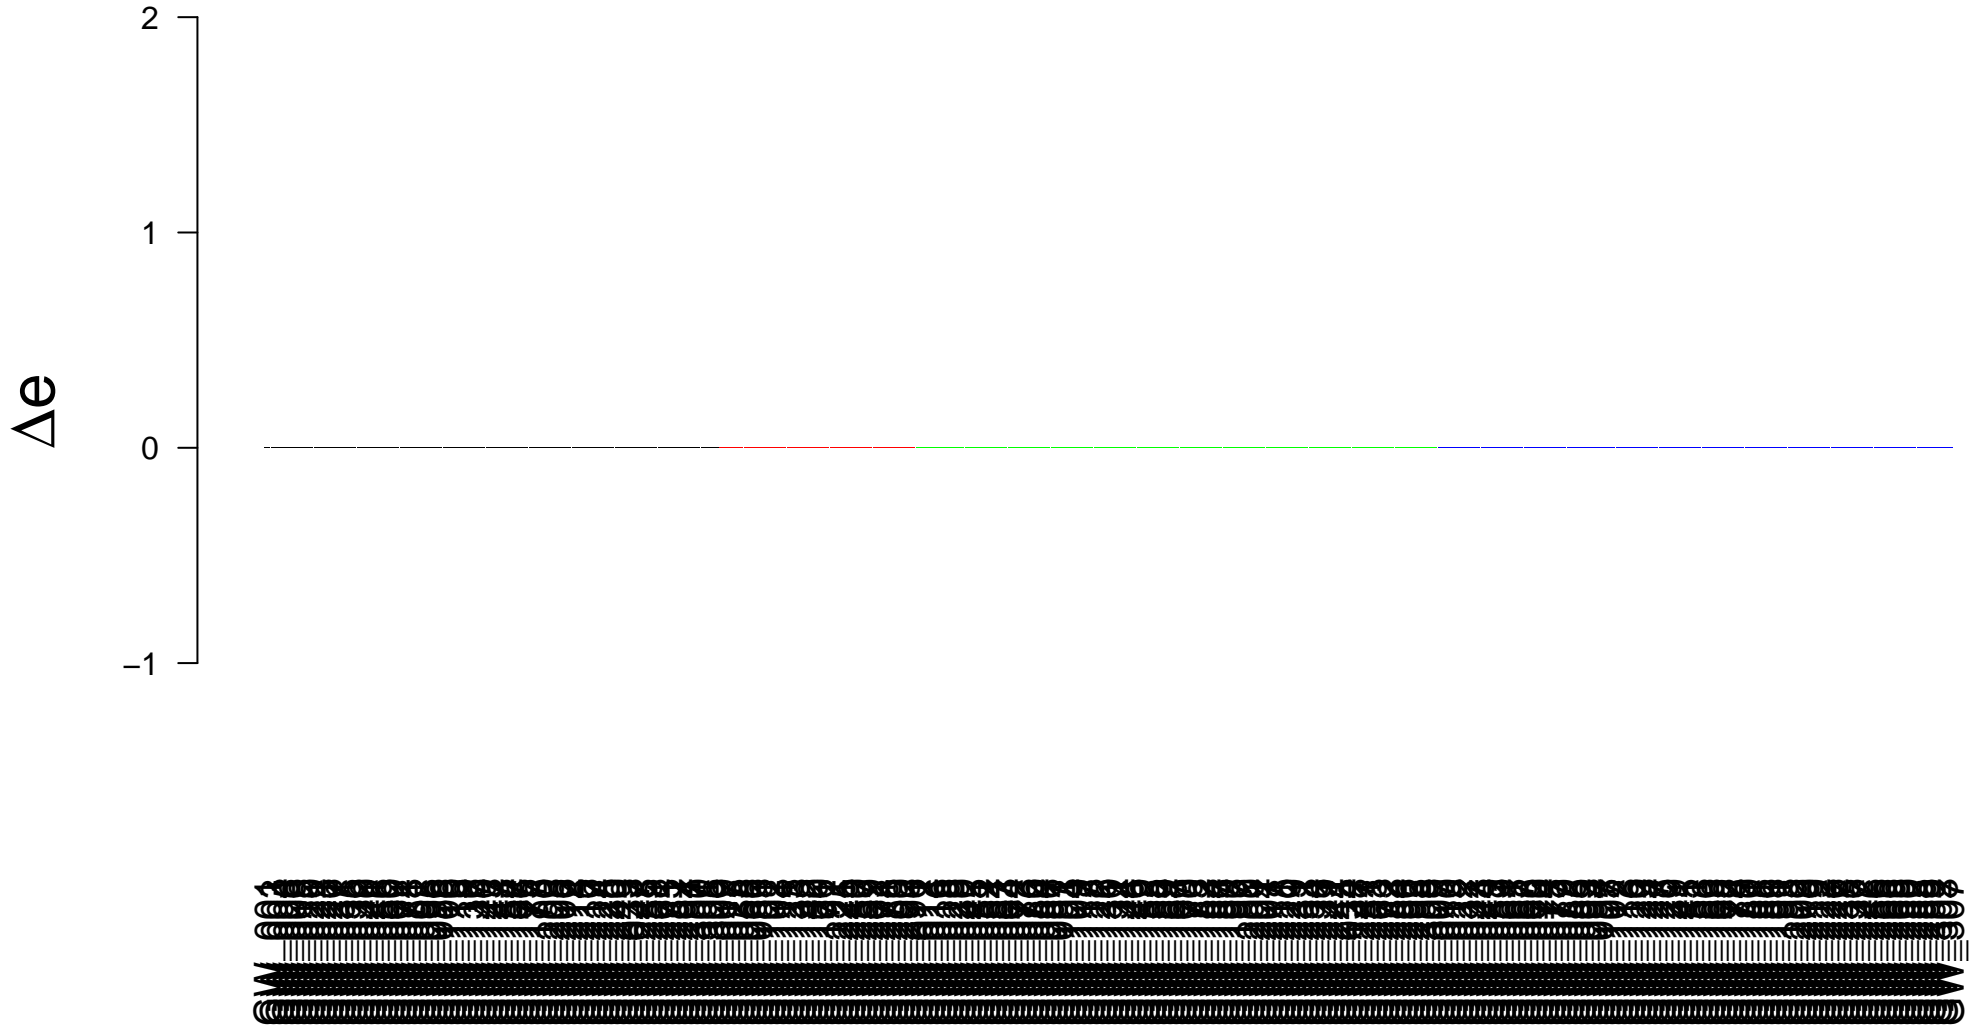

Expression of cell development in Spot F

Expression of cell development in Spot G

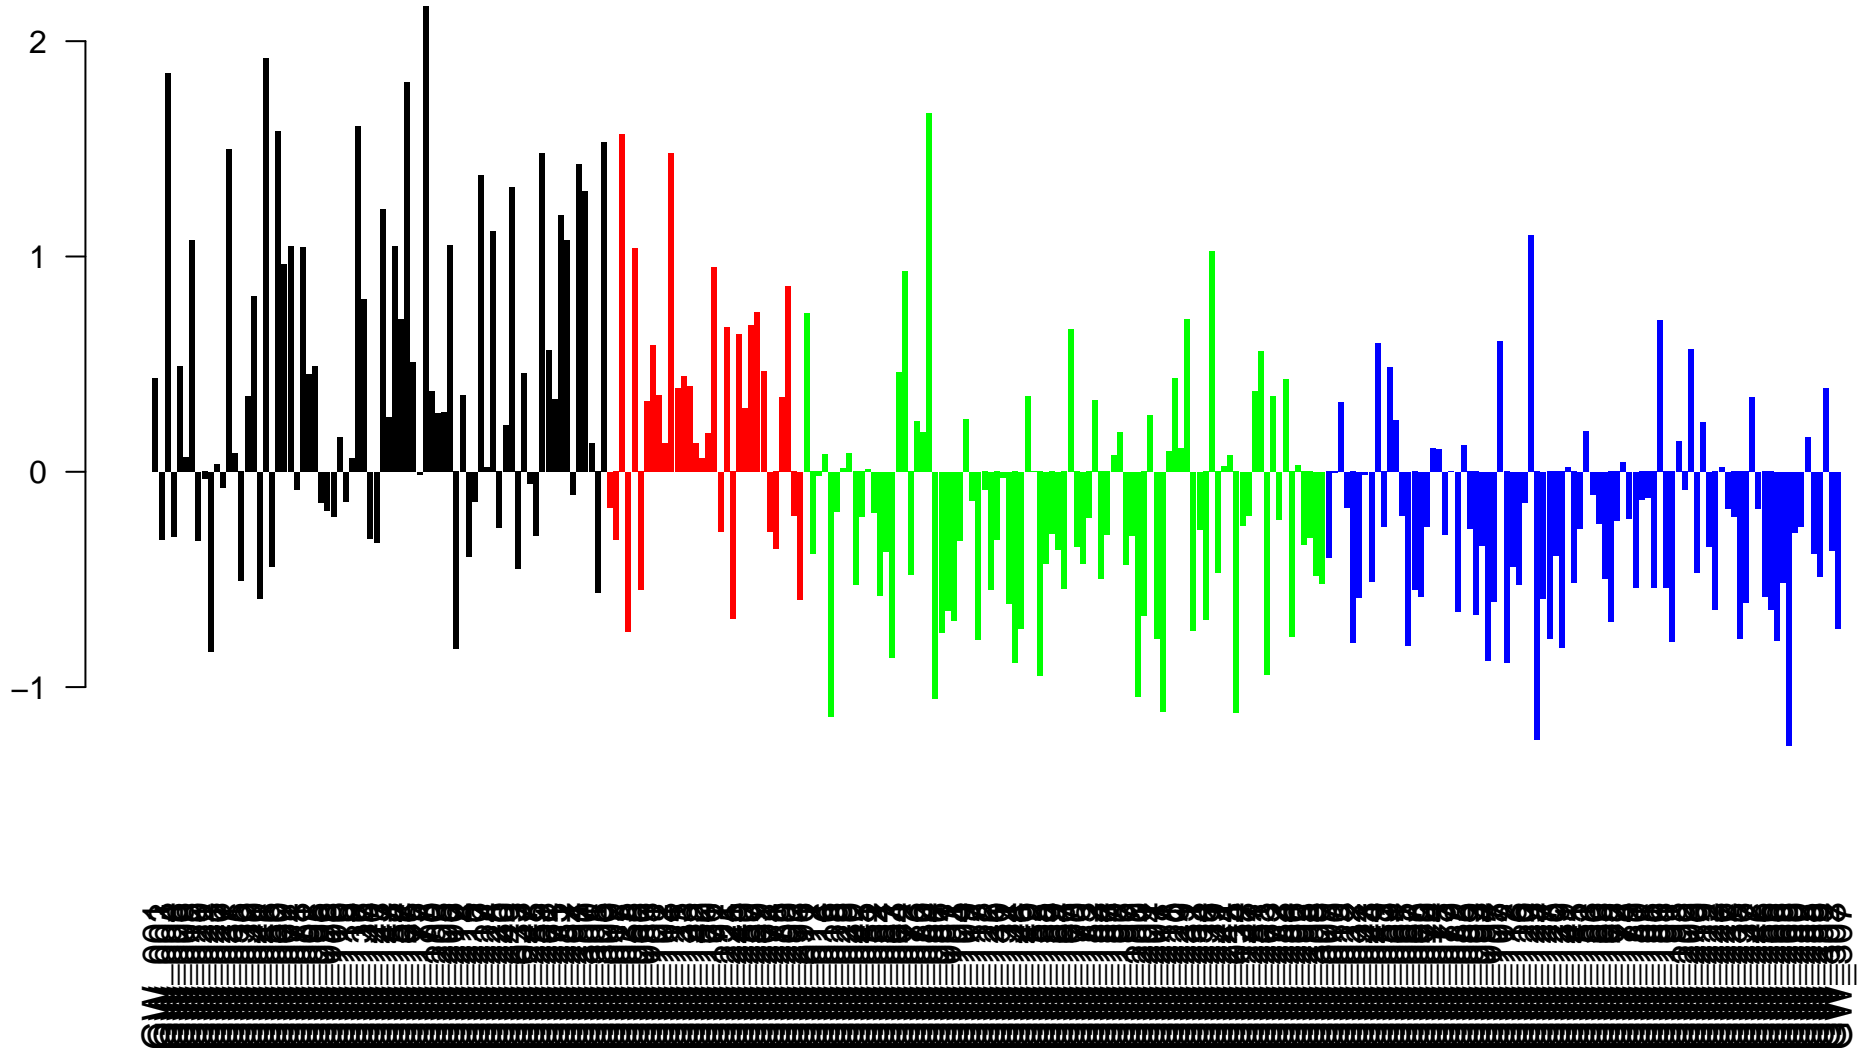

Expression of cell development in Spot H

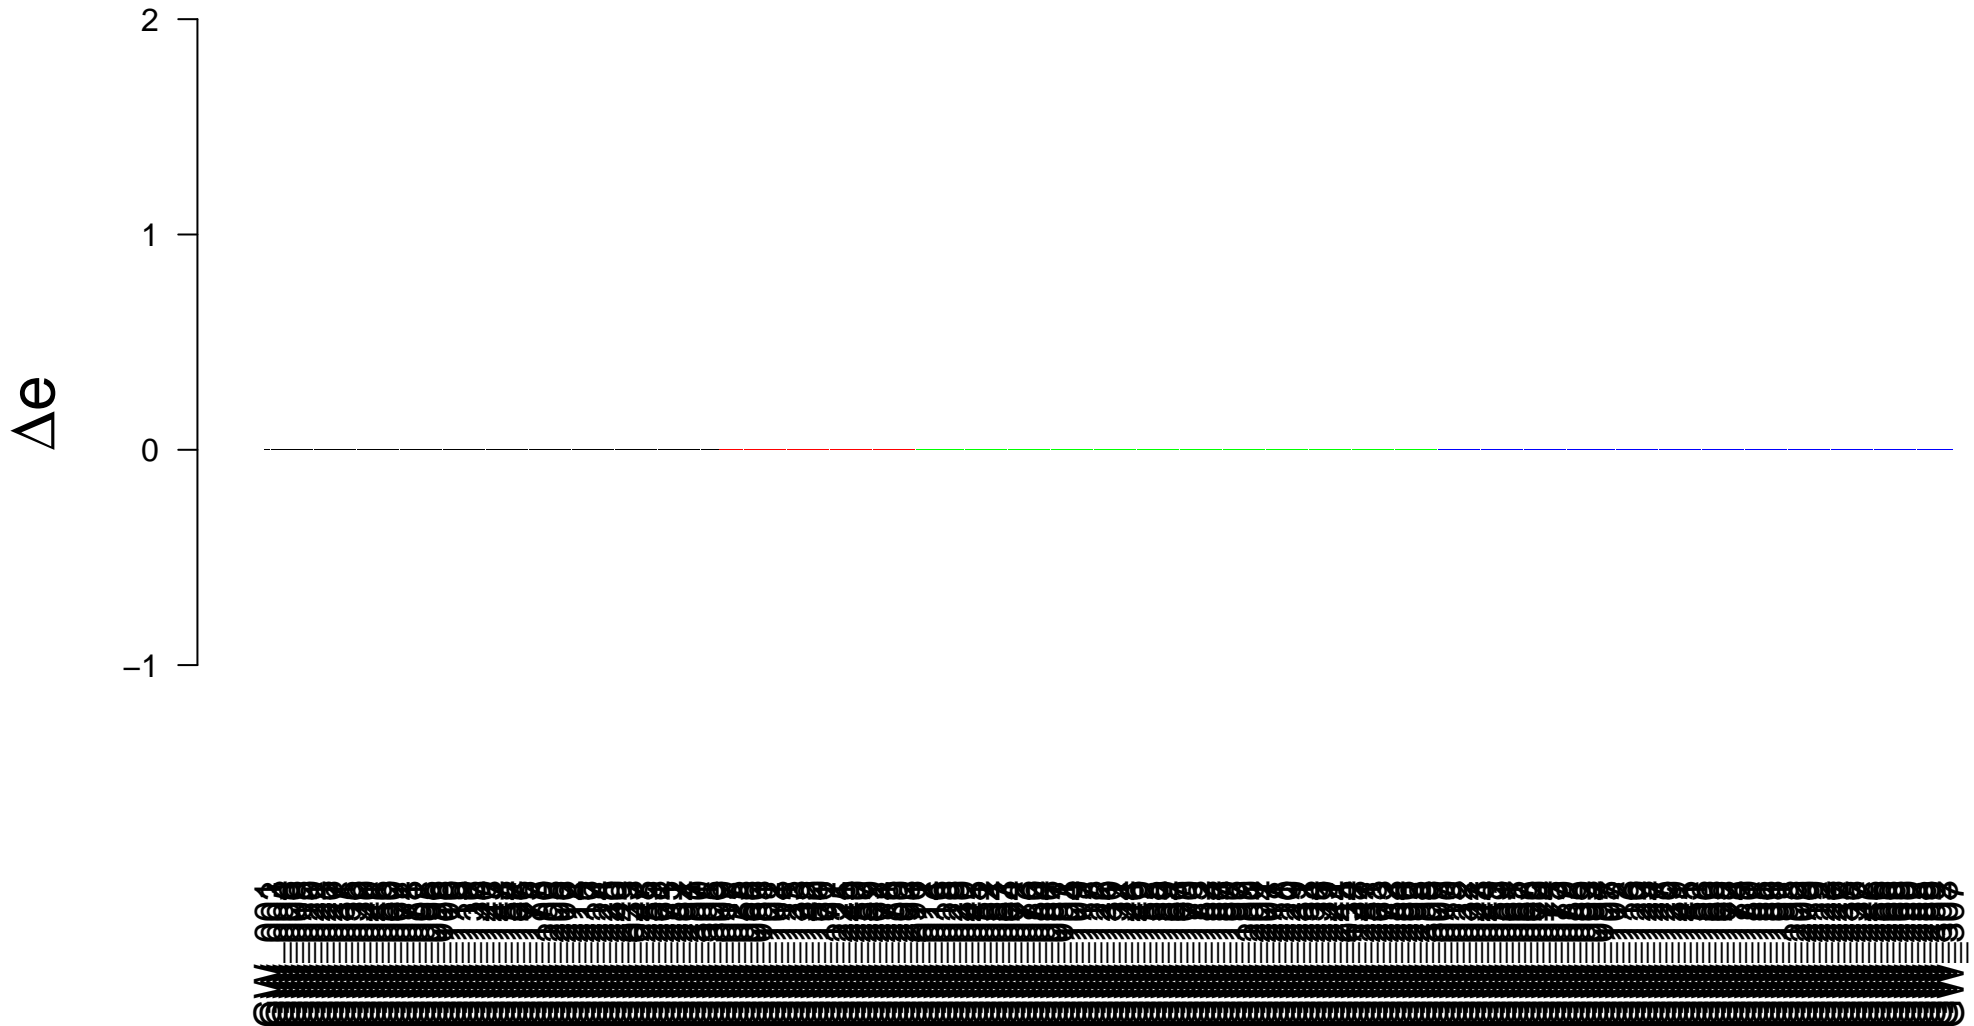

Expression of cell development in Spot I

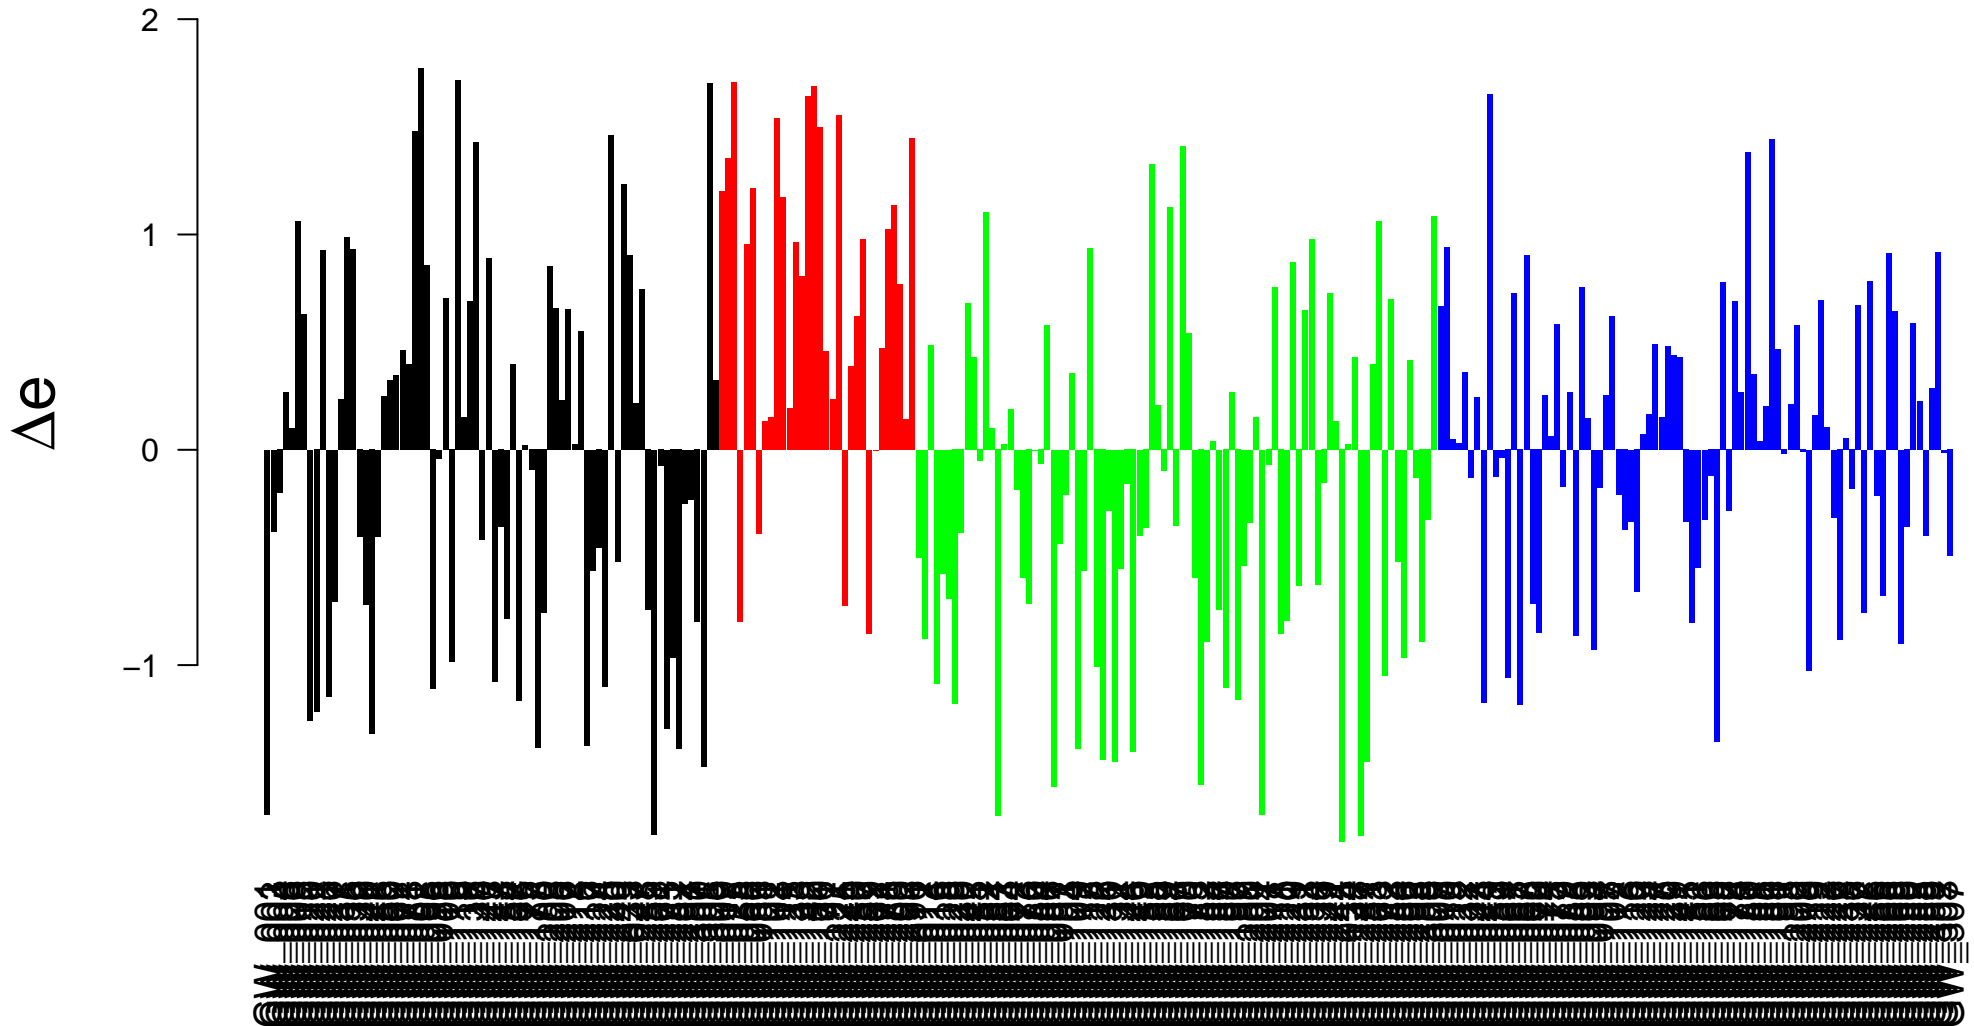

Δe

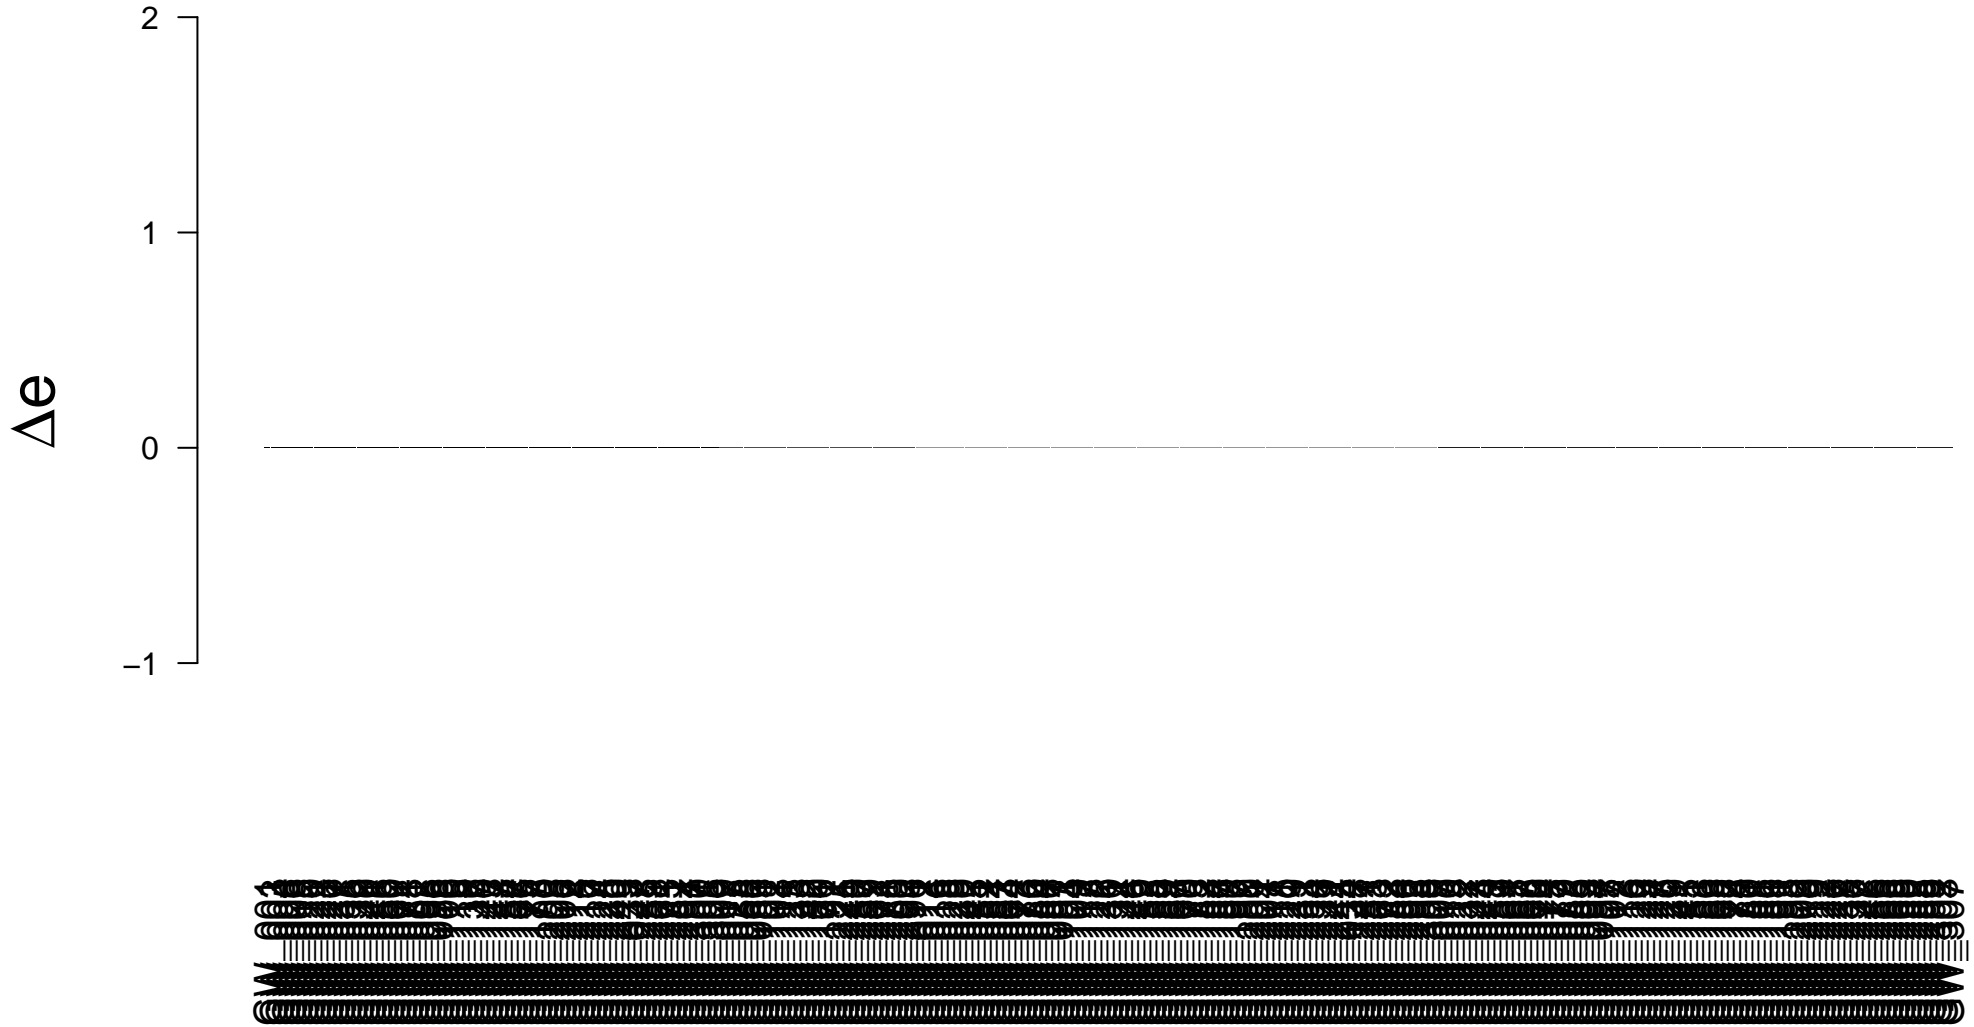

Expression of cell development in Spot J

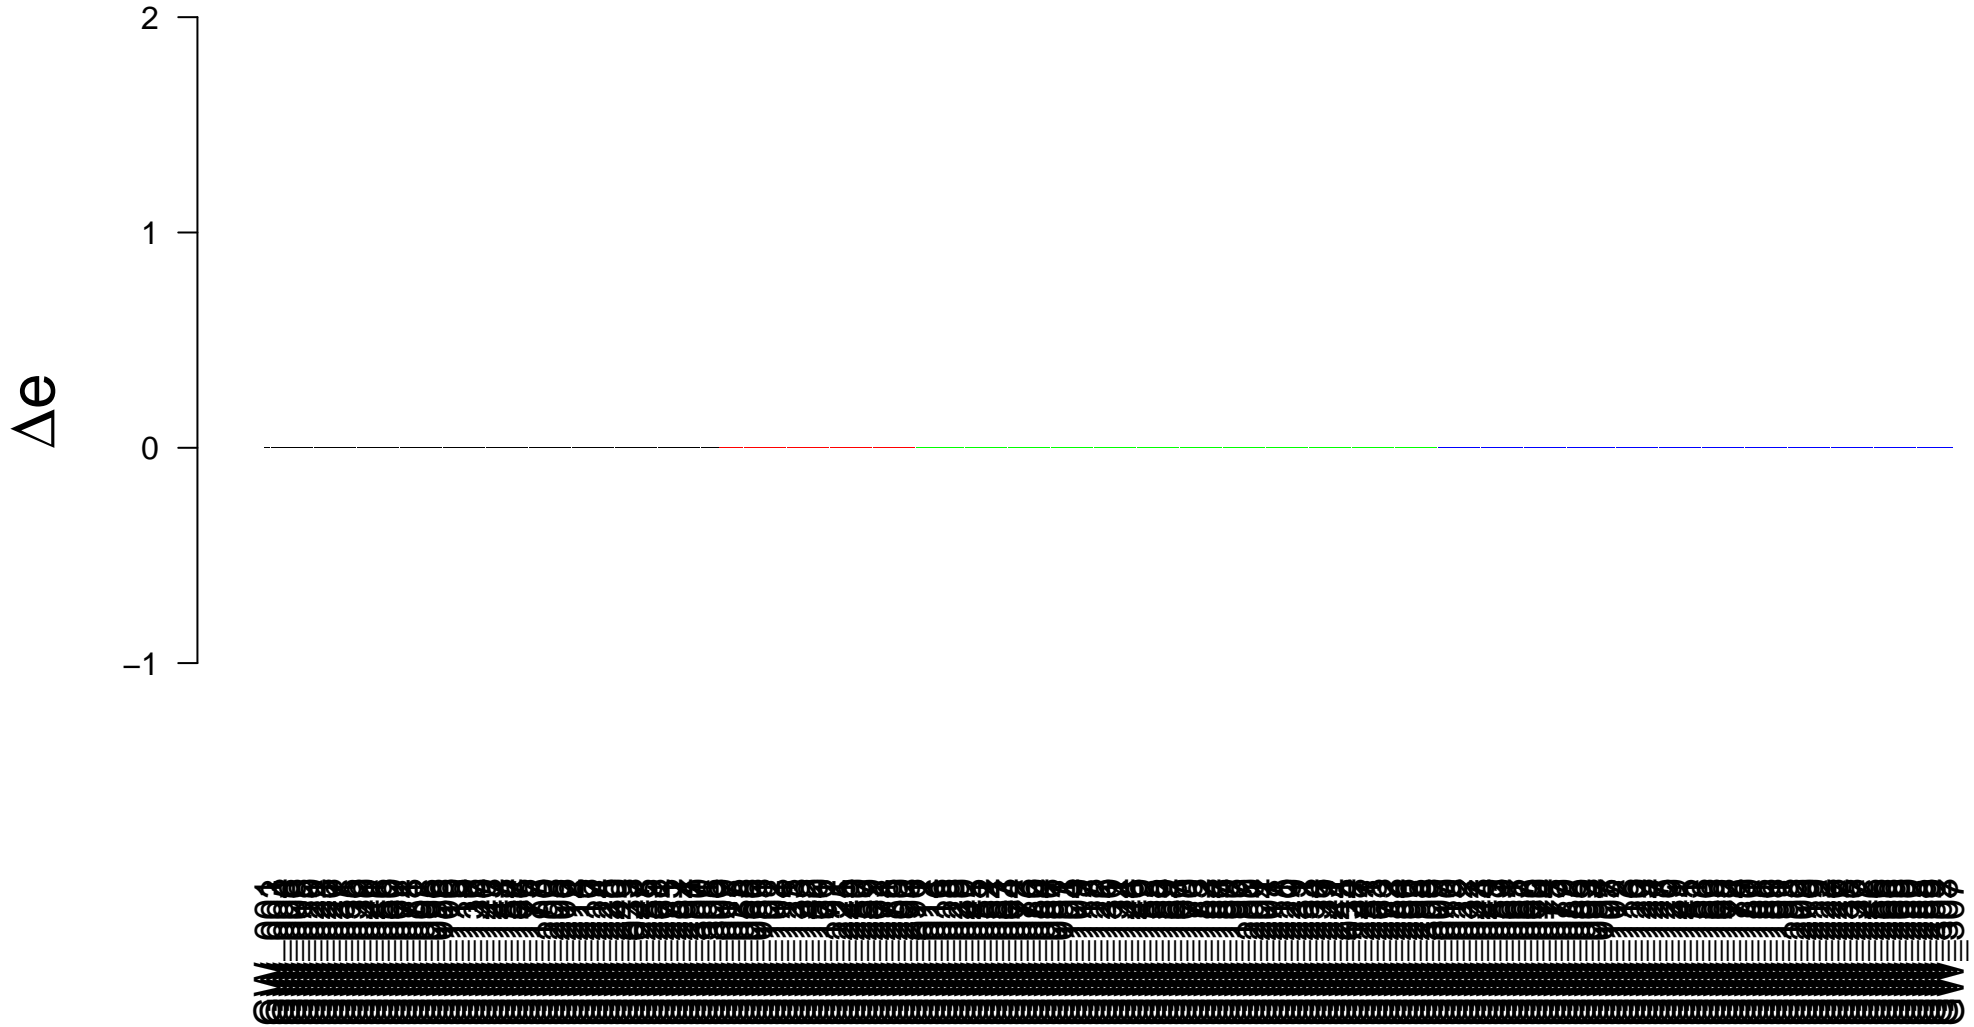

Expression of cell development in Spot K

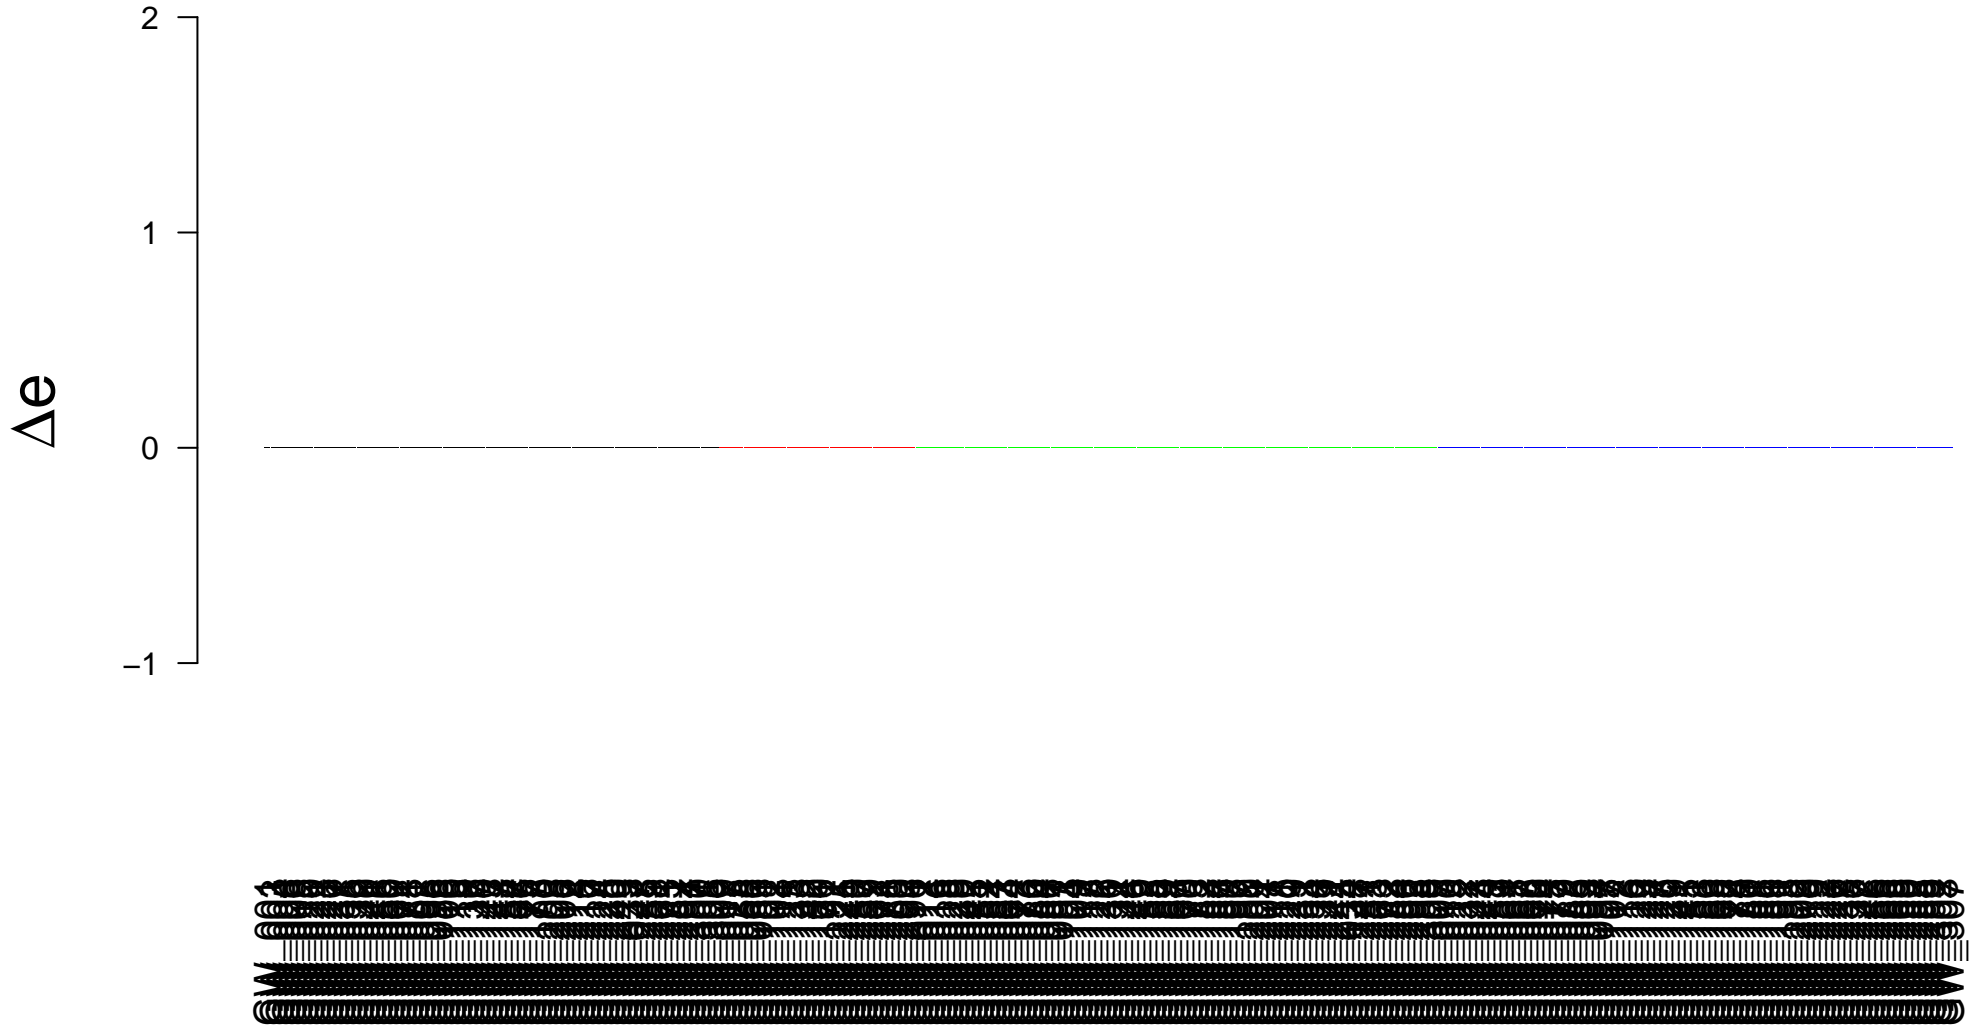

Expression of cell development in Spot L

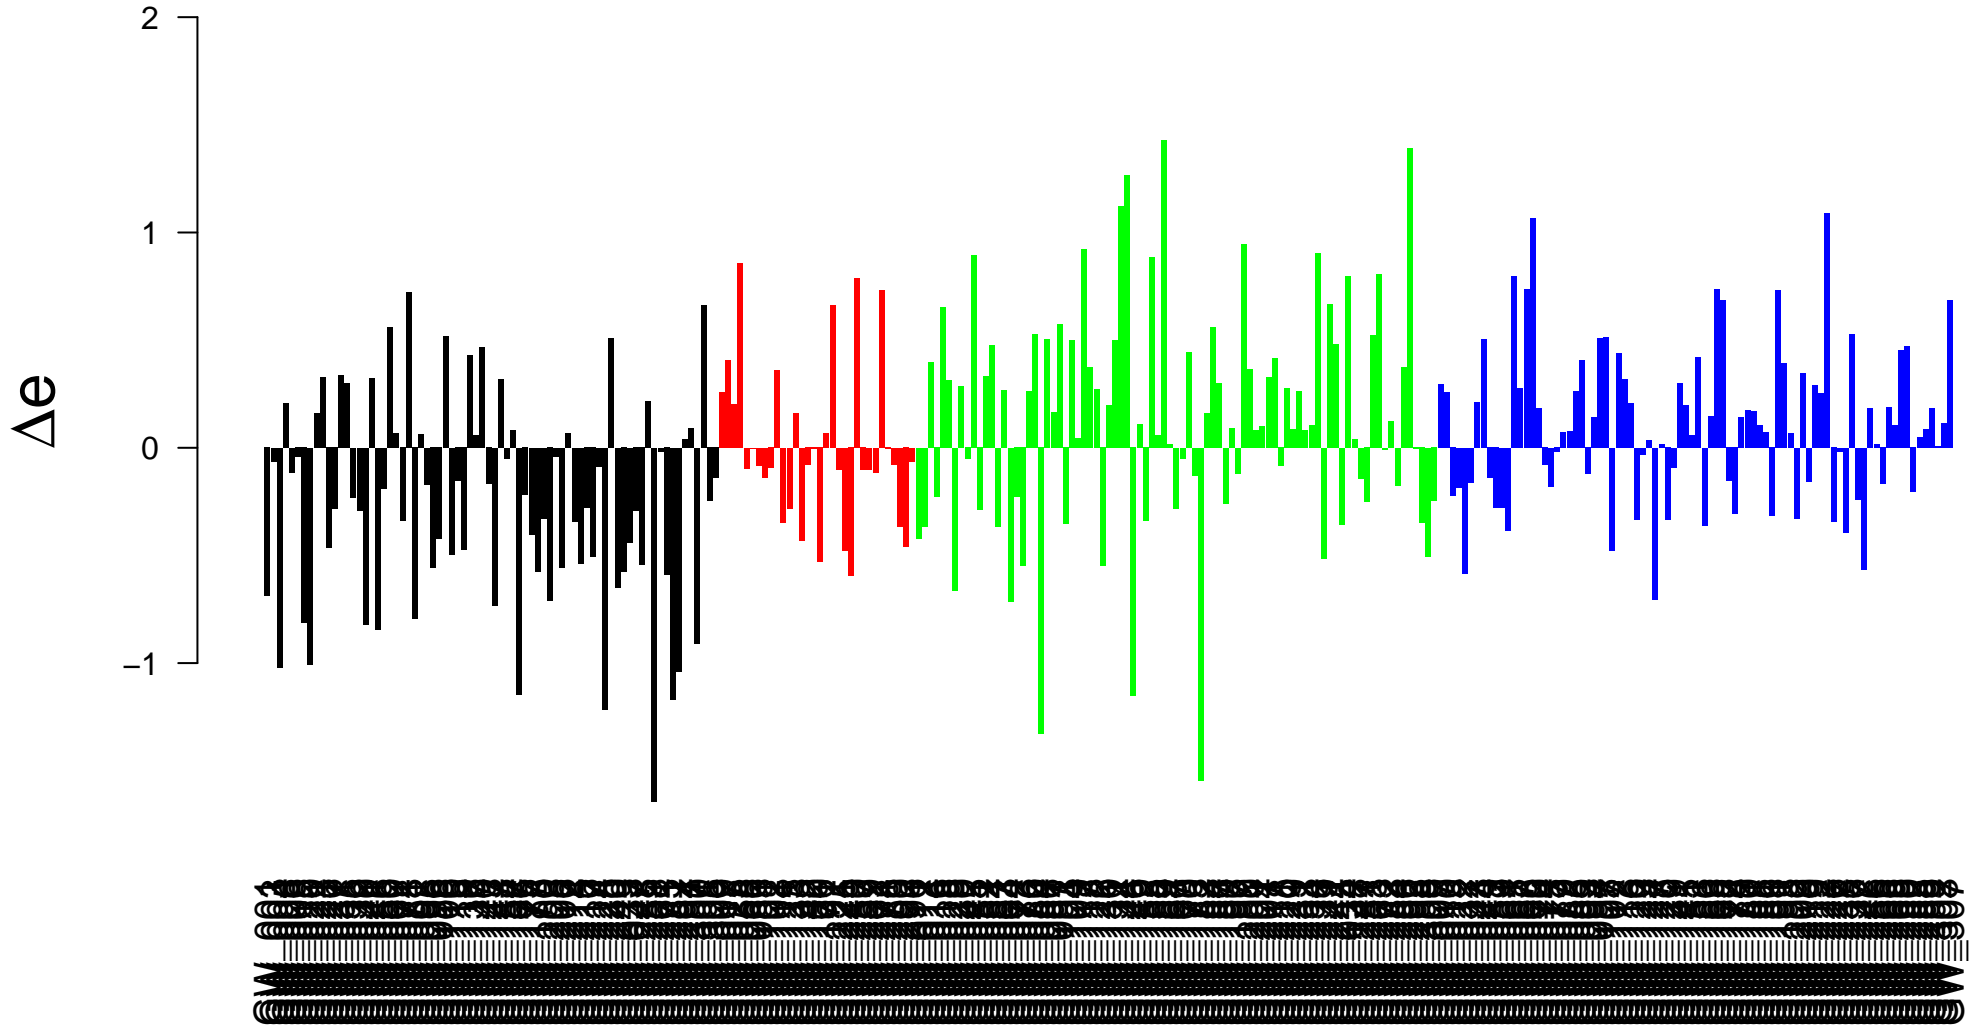

Expression of cell development in Spot M

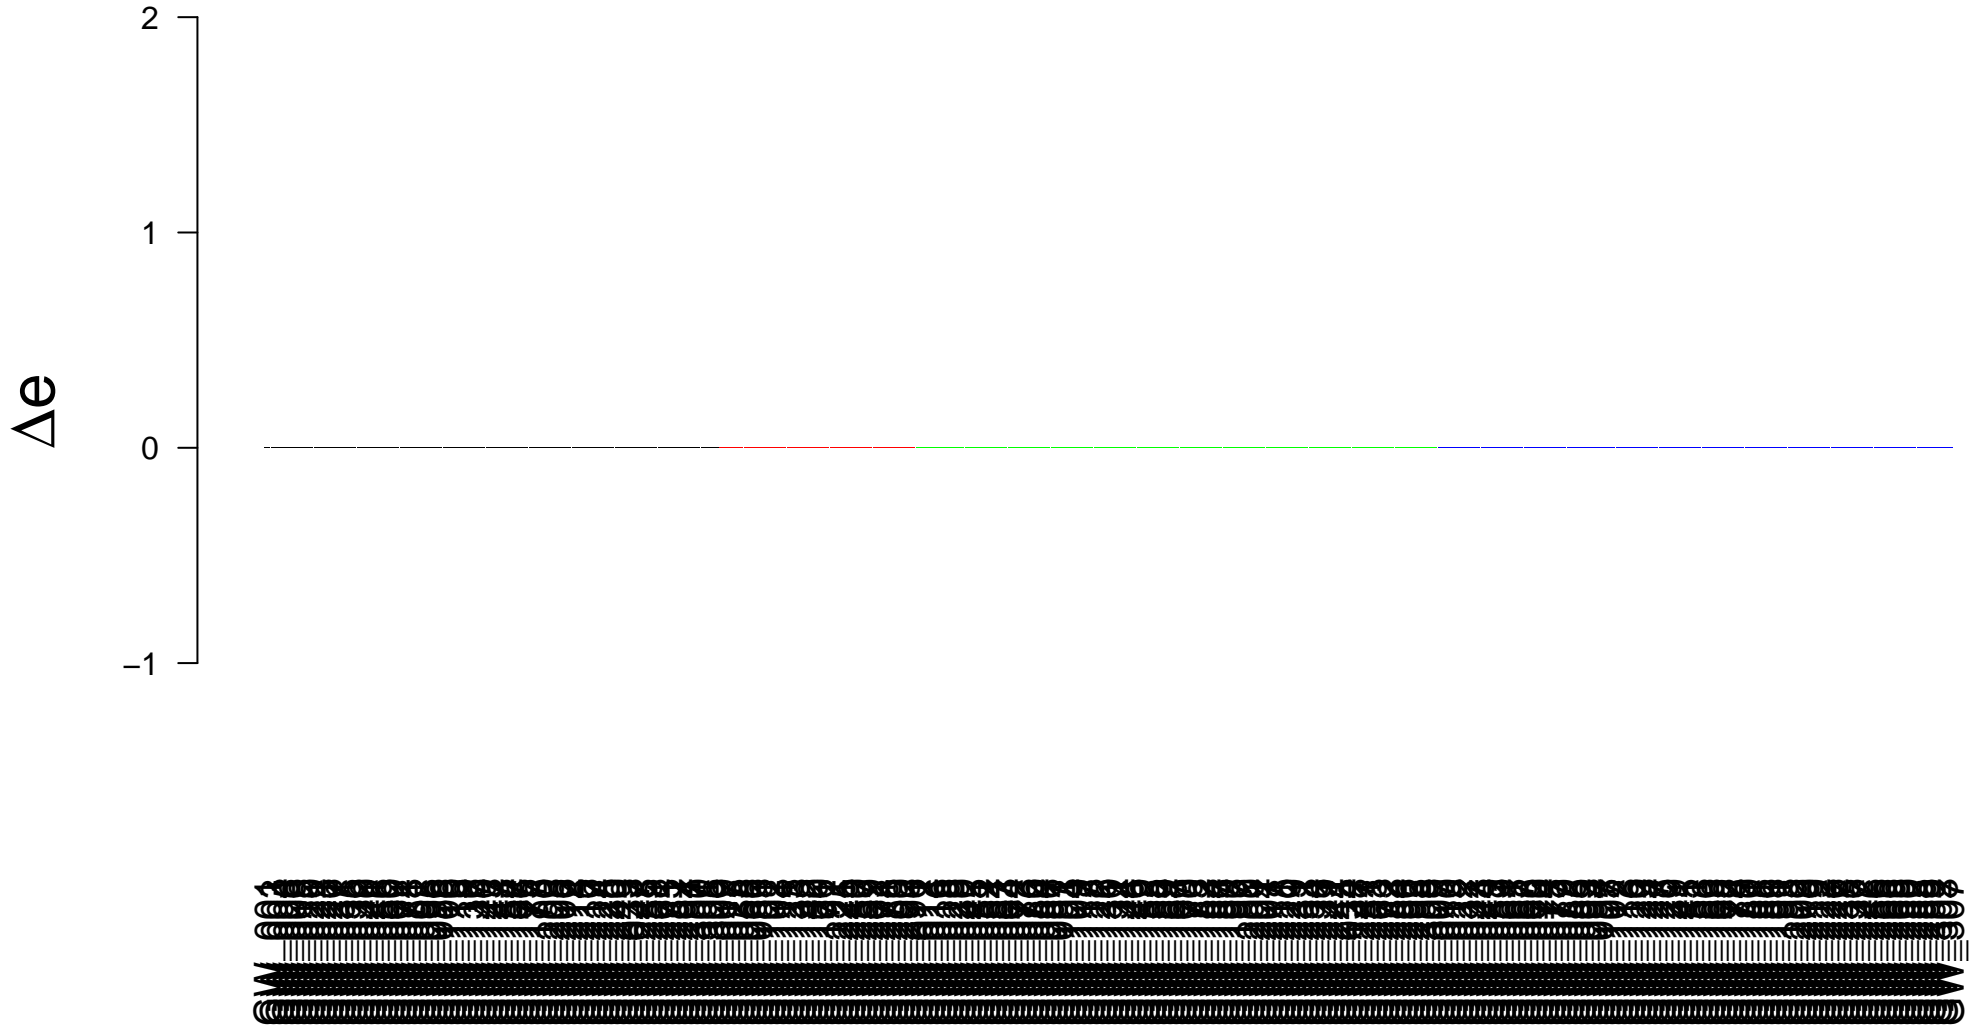

Expression of cell development in Spot N

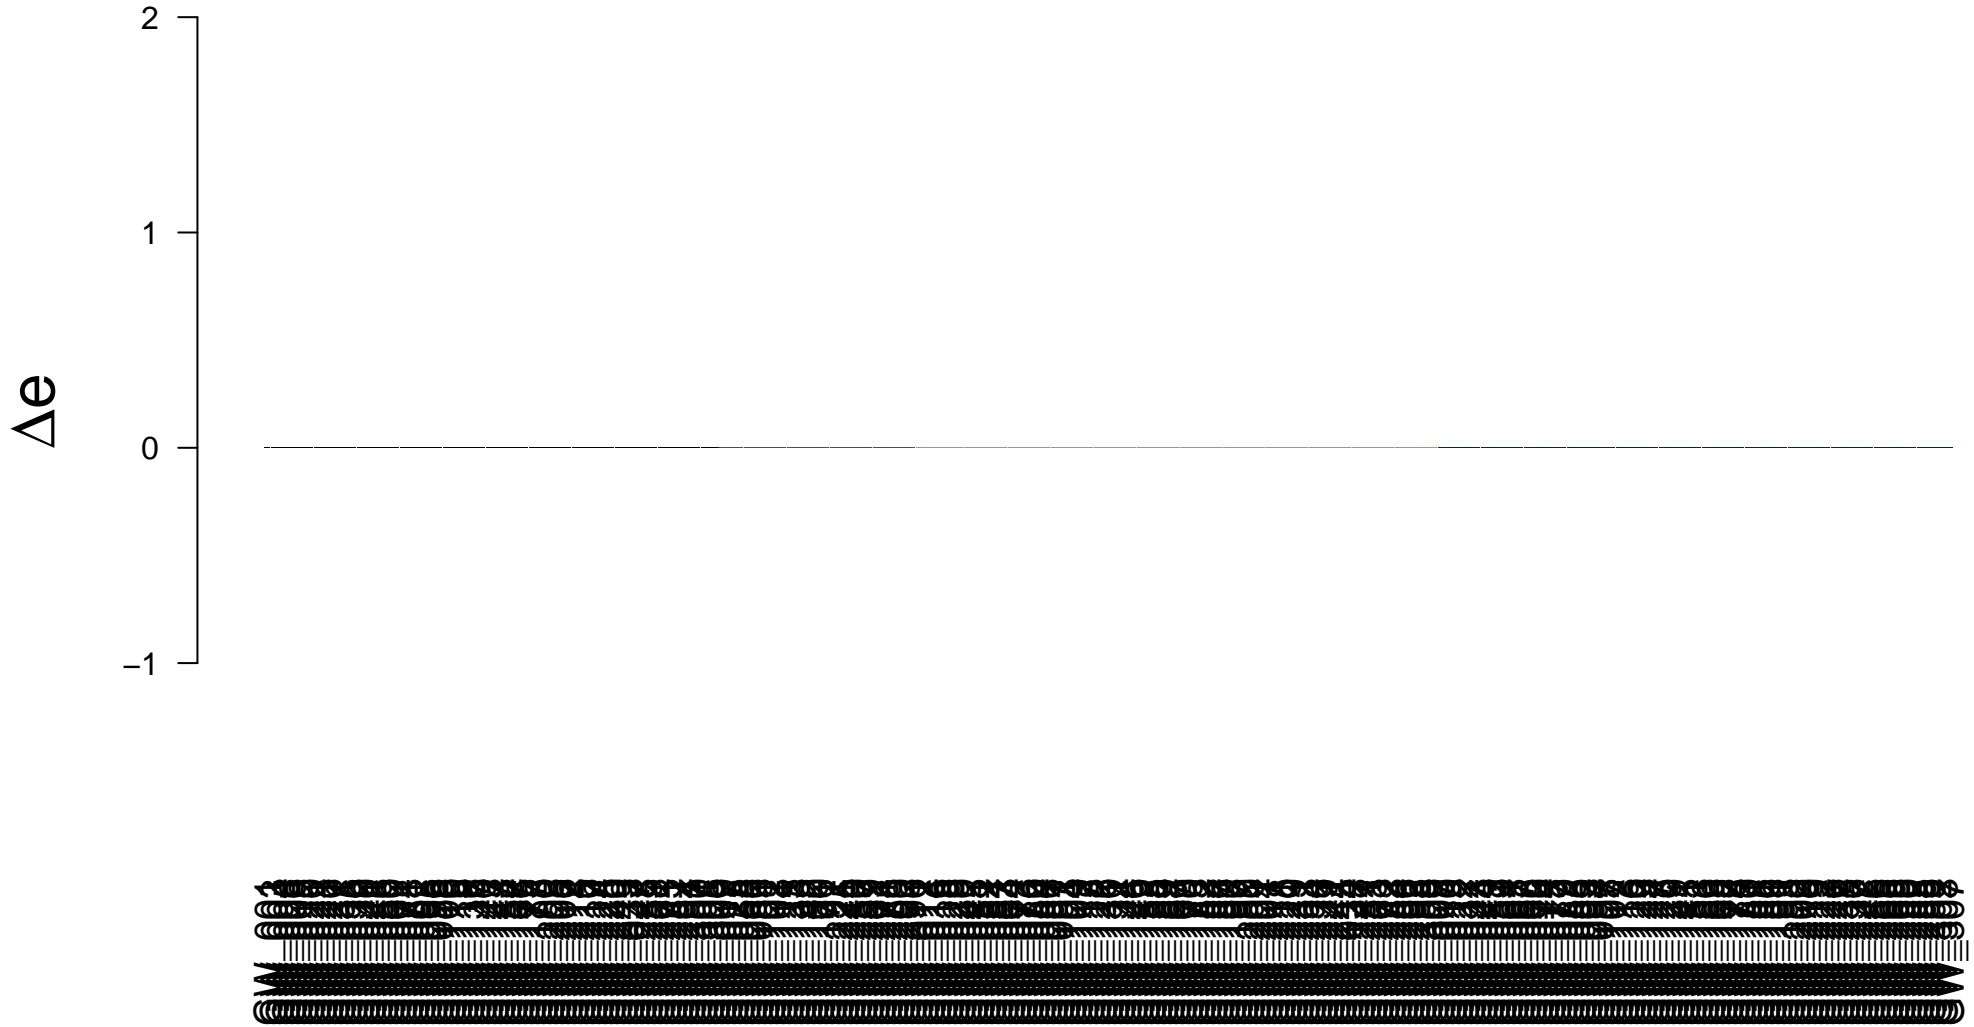

Expression of cell development in Spot O

Expression of cell development in Spot P

Expression of cell development in Spot Q

Expression of cell development in Spot R
