

cell fate determination

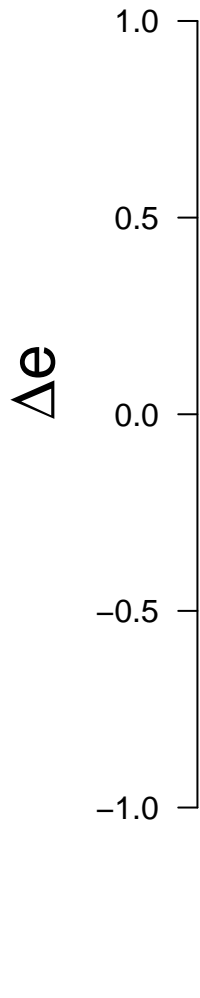

cell fate determination

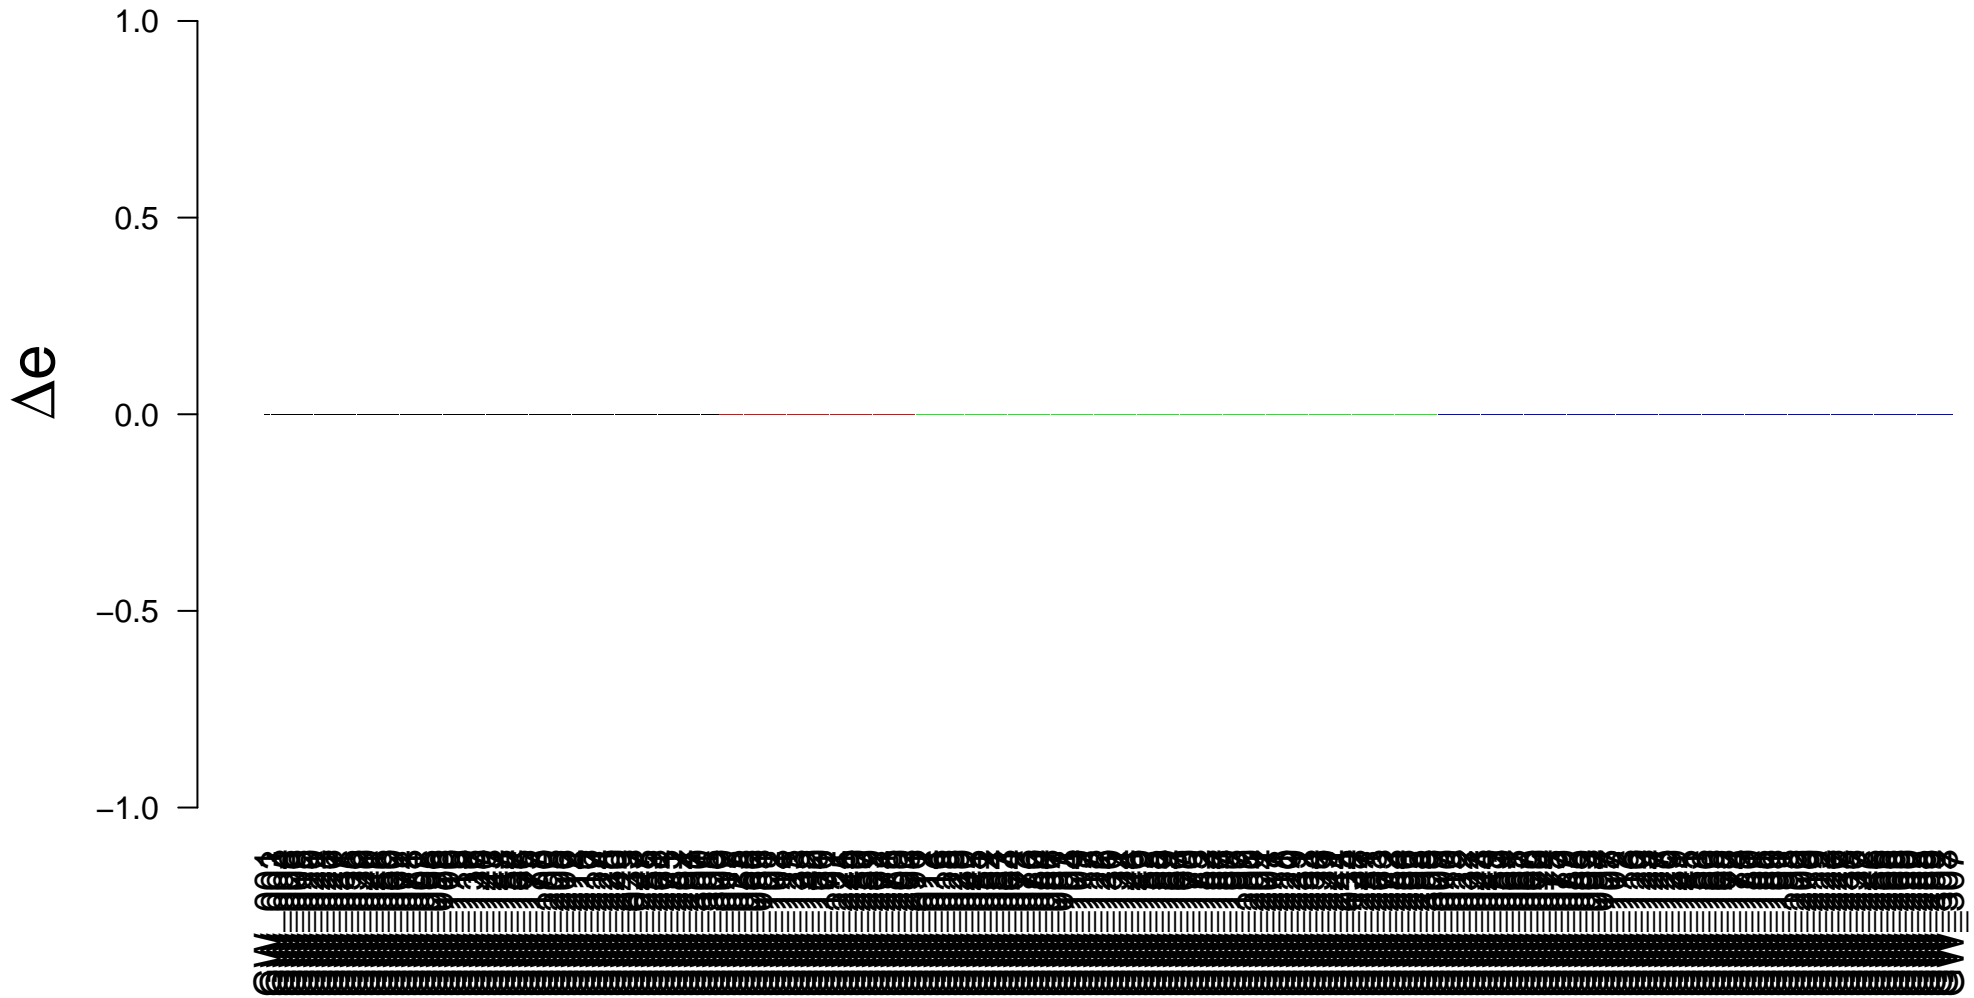

Enrichment in spots: cell fate determination

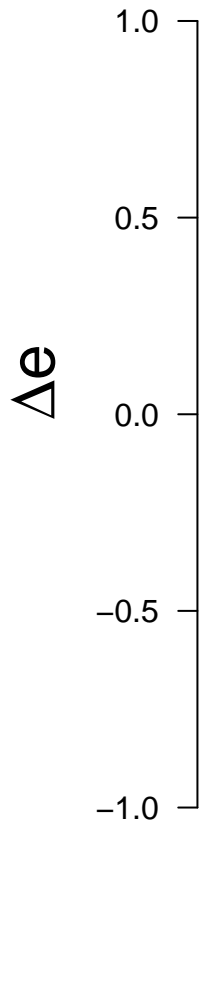

Expression of cell fate determination in Spot A

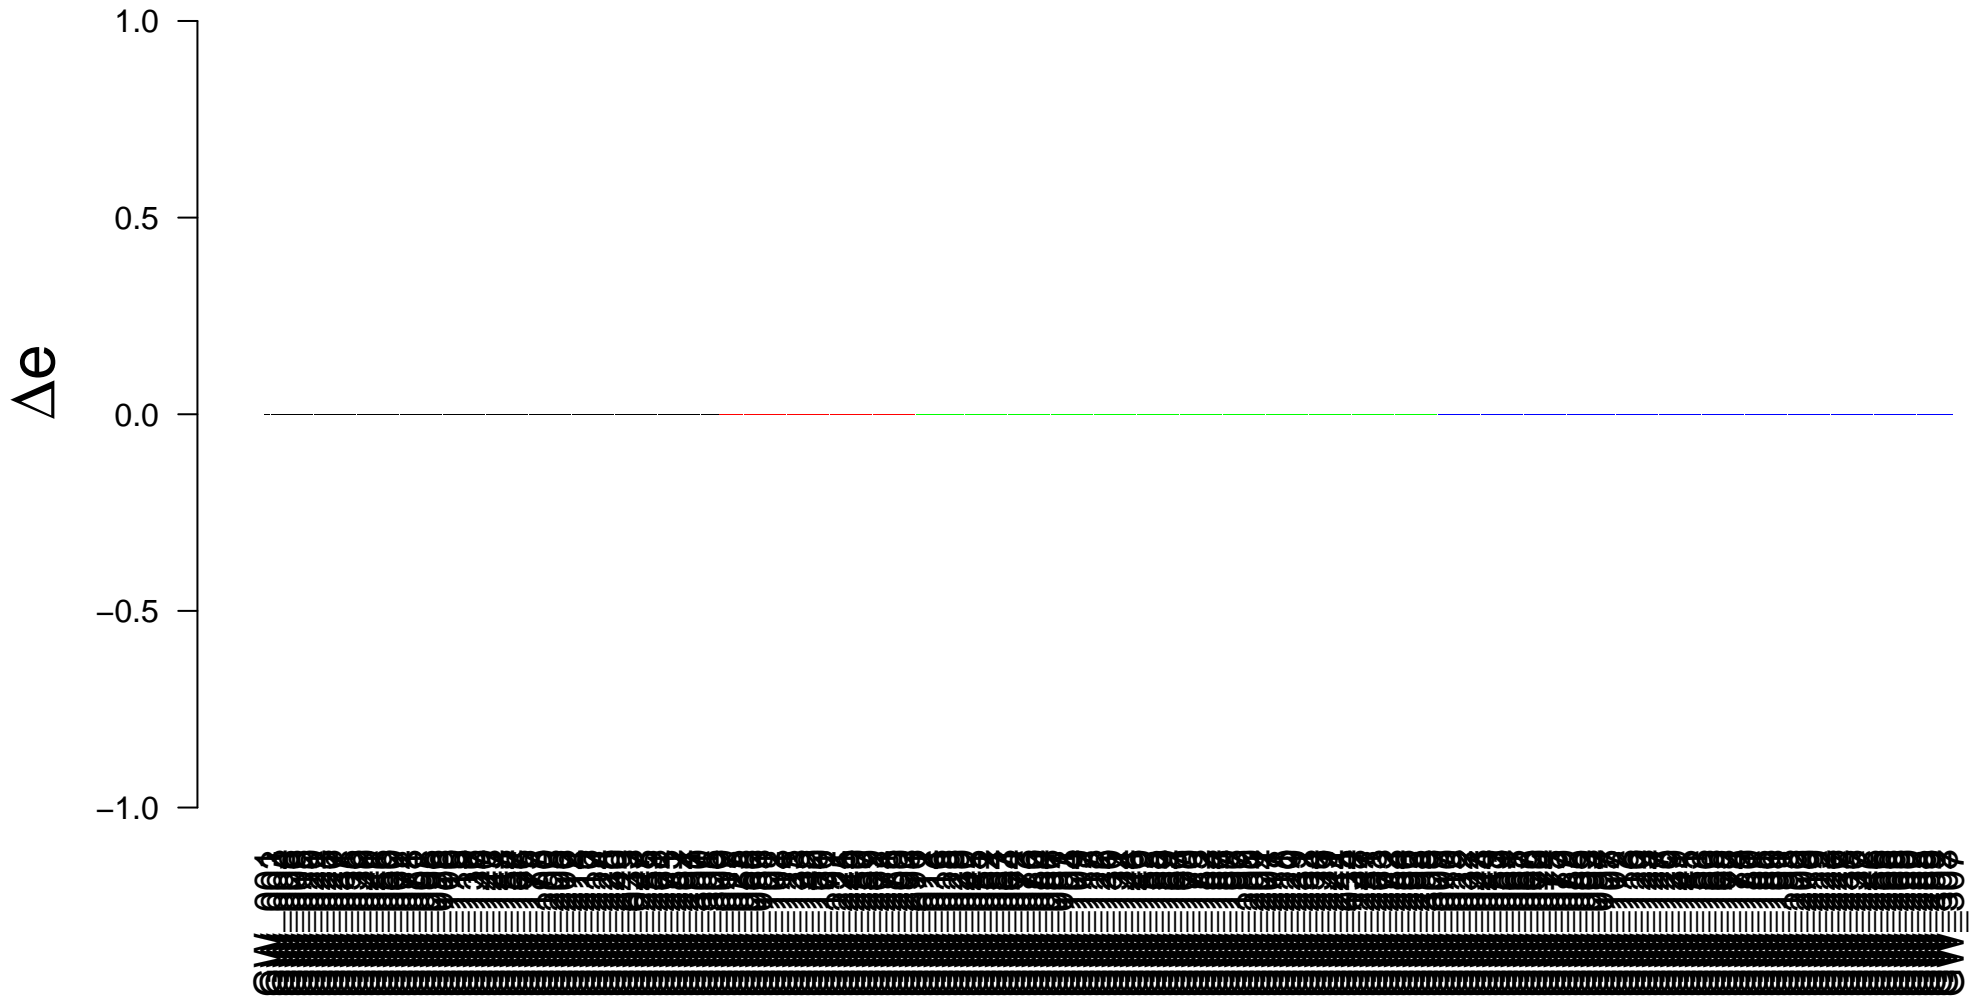

Expression of cell fate determination in Spot B

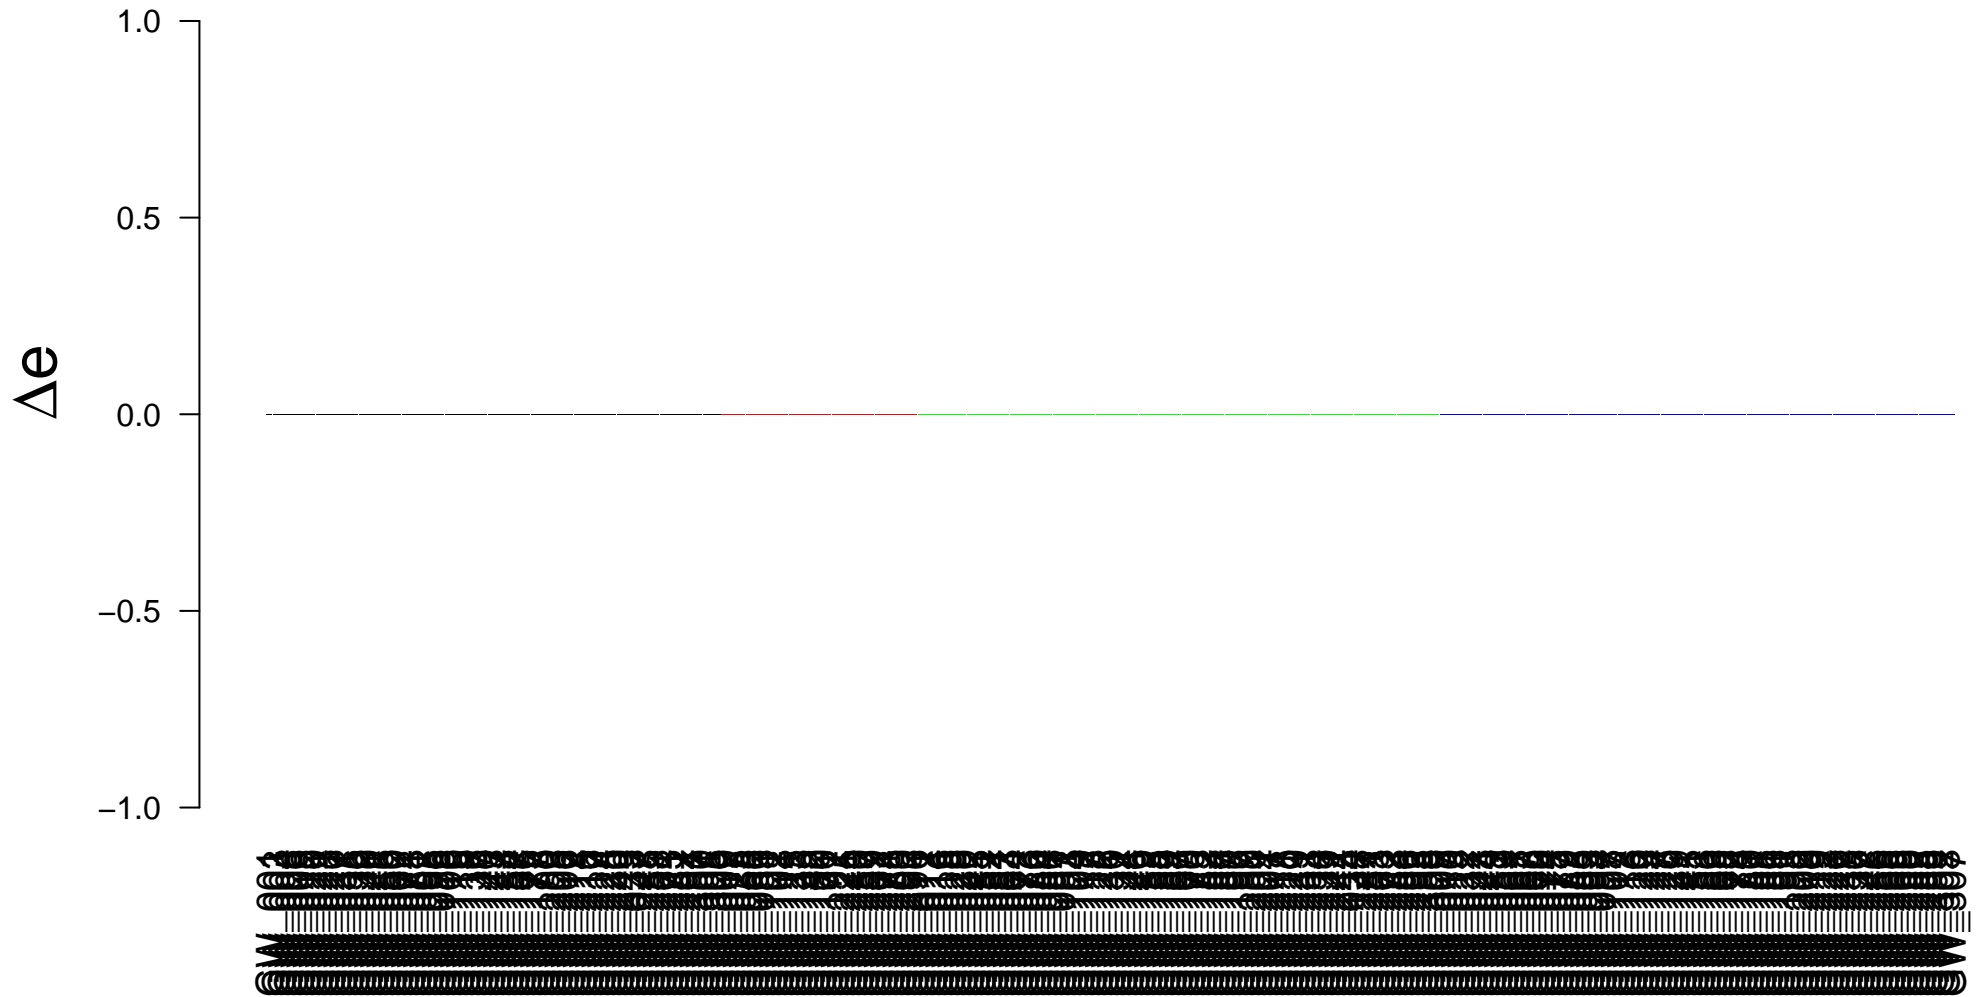

Expression of cell fate determination in Spot C

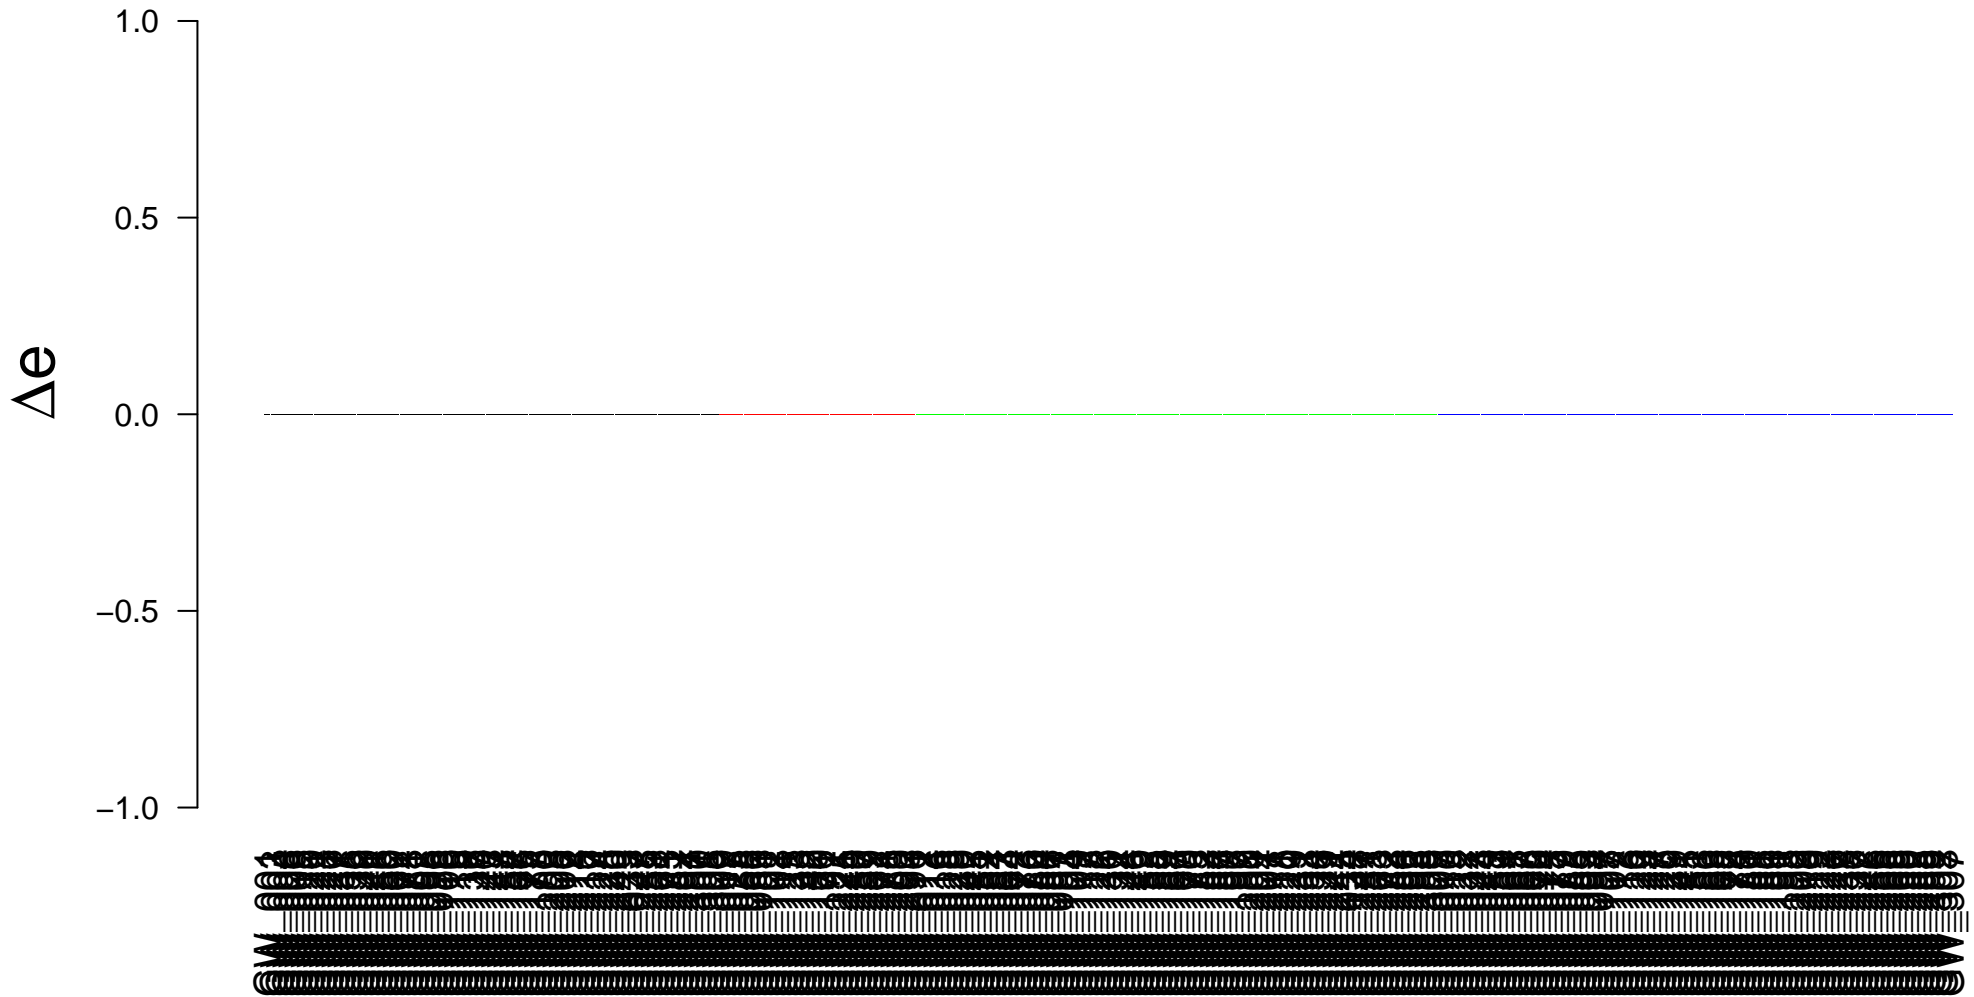

Expression of cell fate determination in Spot D

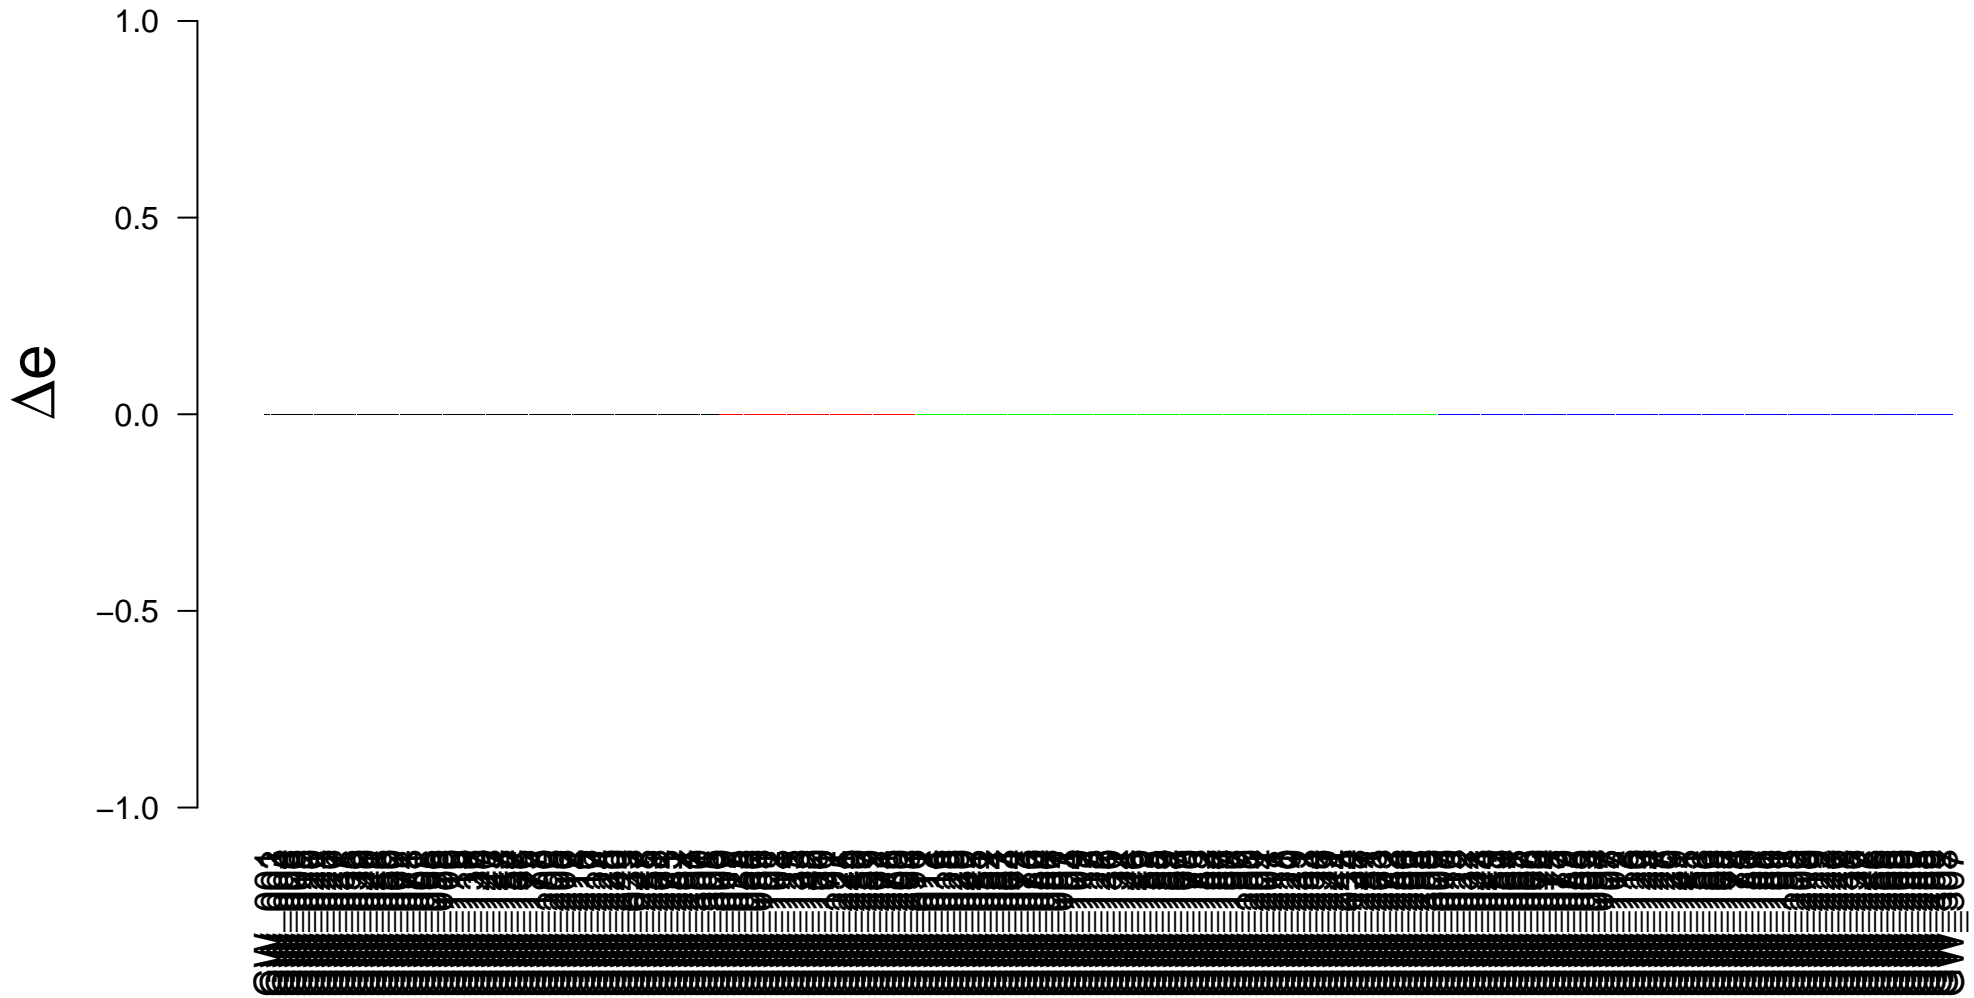

Expression of cell fate determination in Spot E

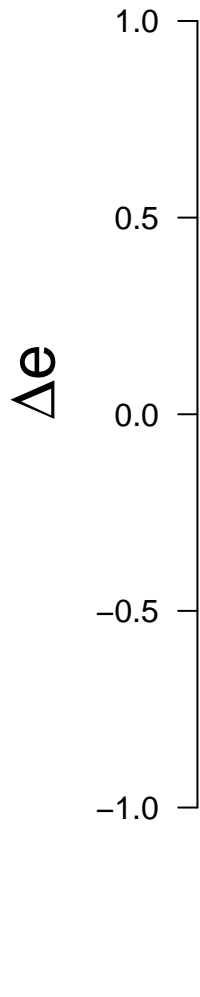

Expression of cell fate determination in Spot F

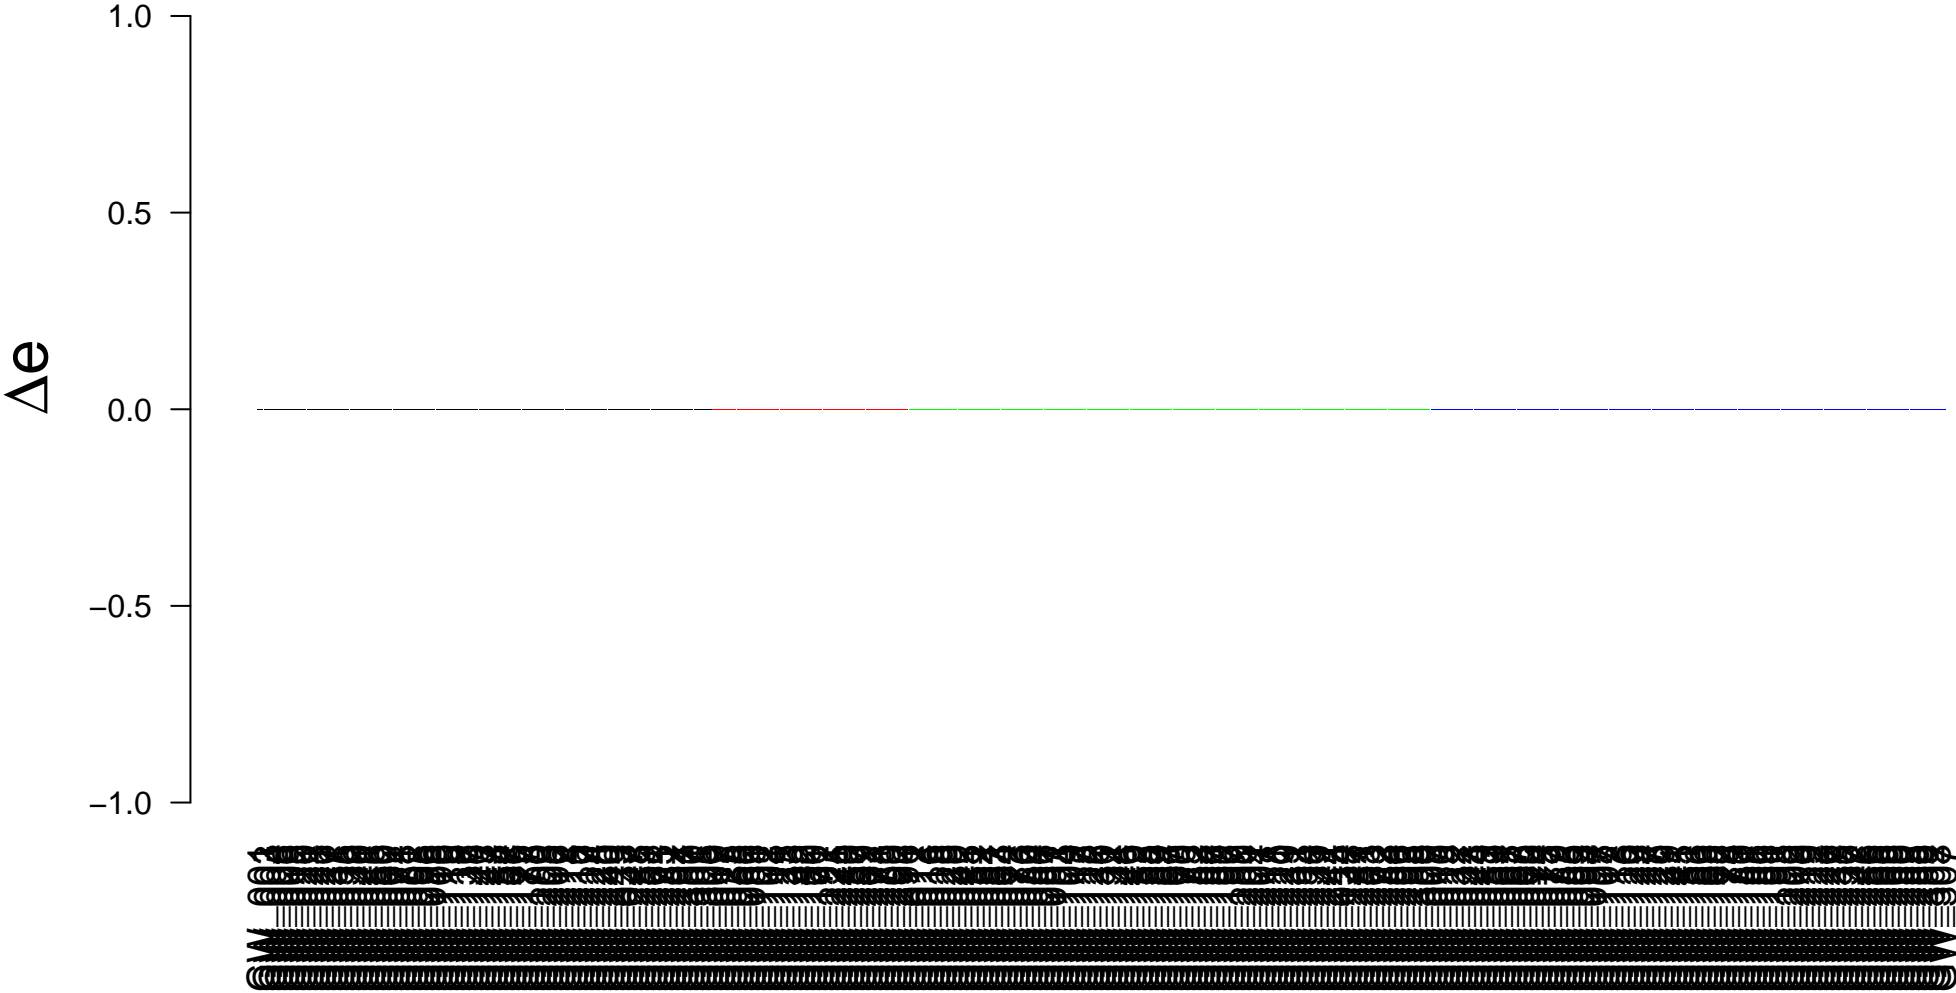

Expression of cell fate determination in Spot G

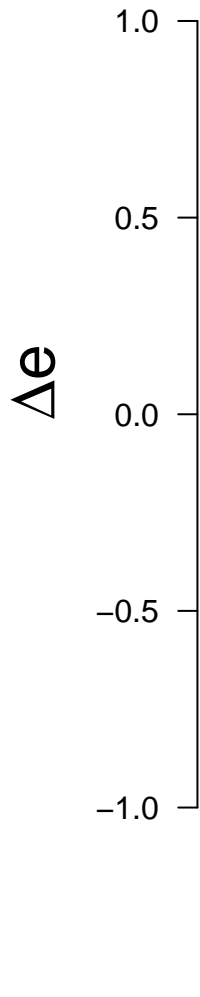

Expression of cell fate determination in Spot H

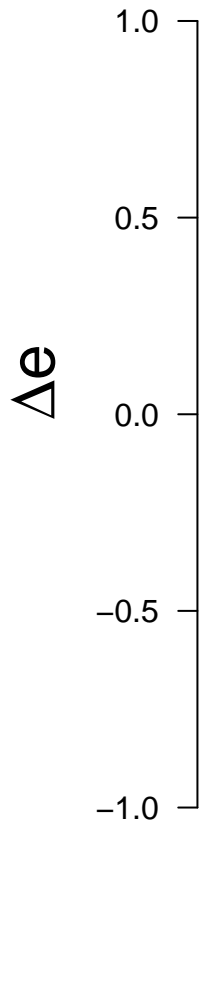

Expression of cell fate determination in Spot I

Expression of cell fate determination in Spot J

Expression of cell fate determination in Spot K

Expression of cell fate determination in Spot L
