

central nervous system neuron differentiation

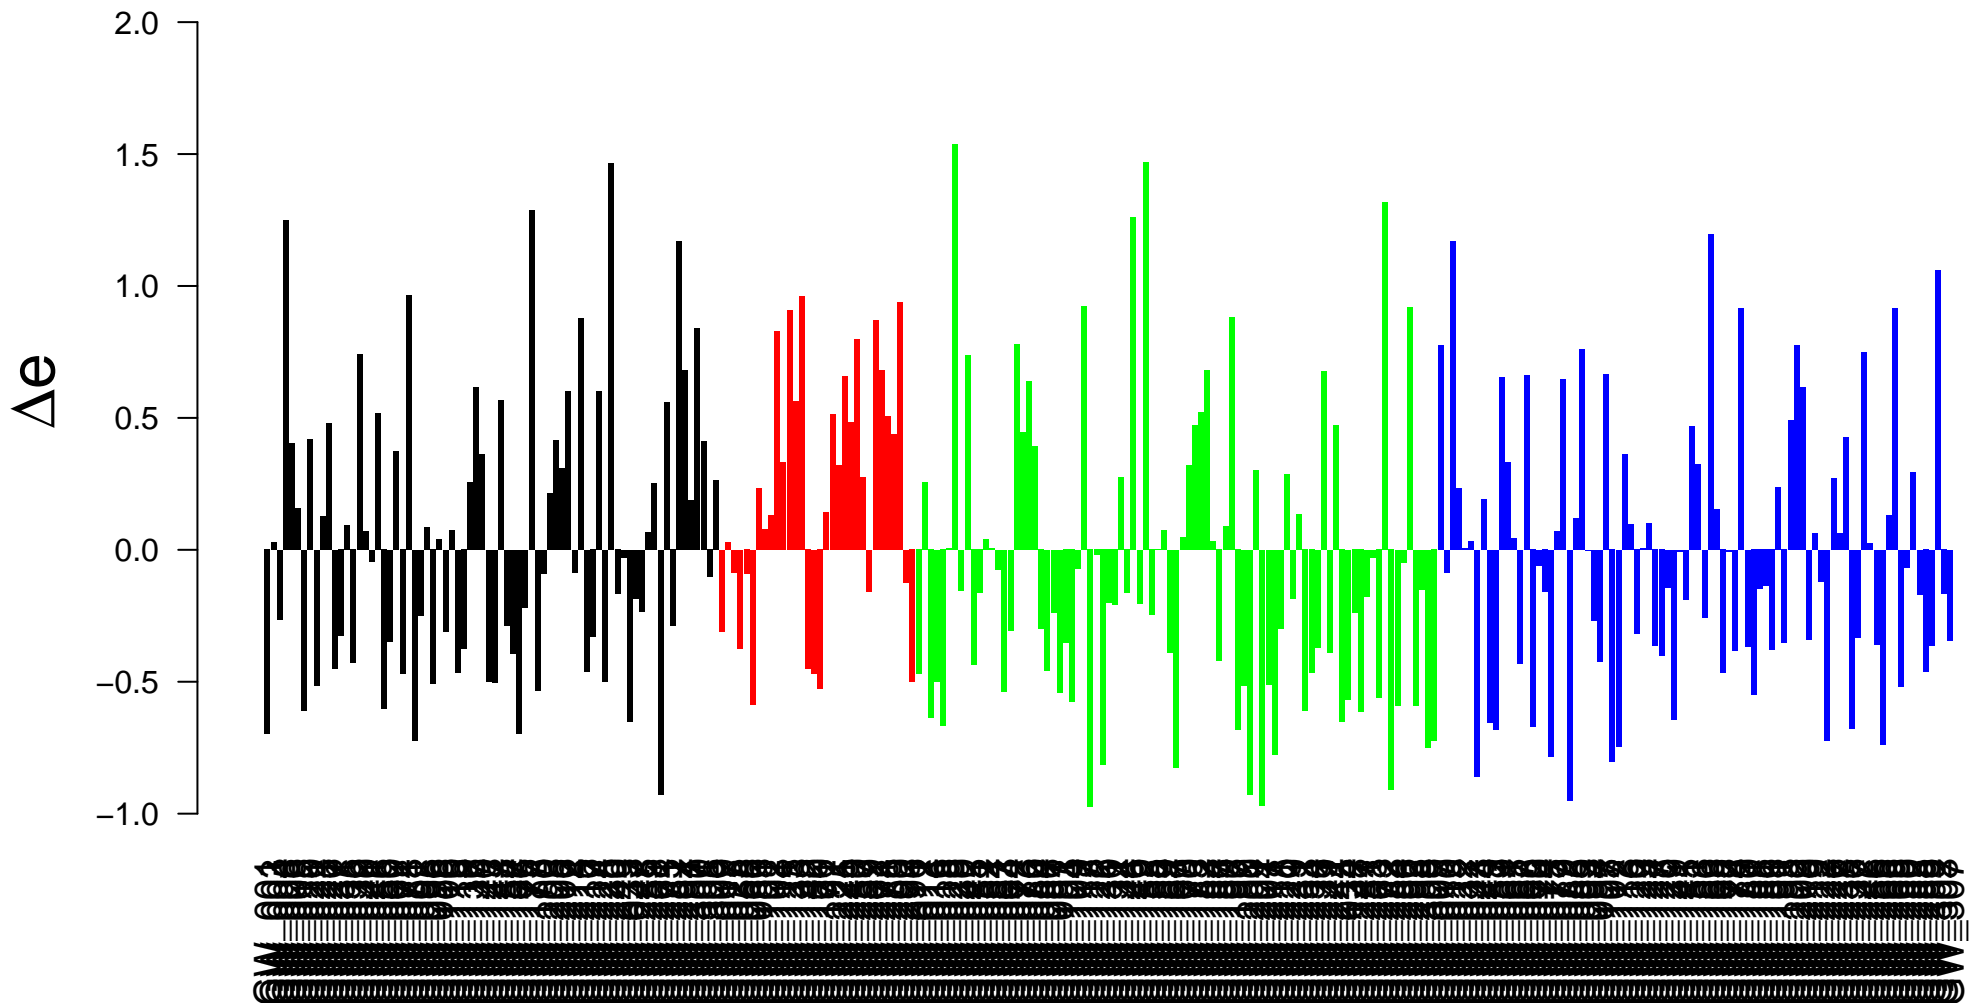

central nervous system neuron differentiation

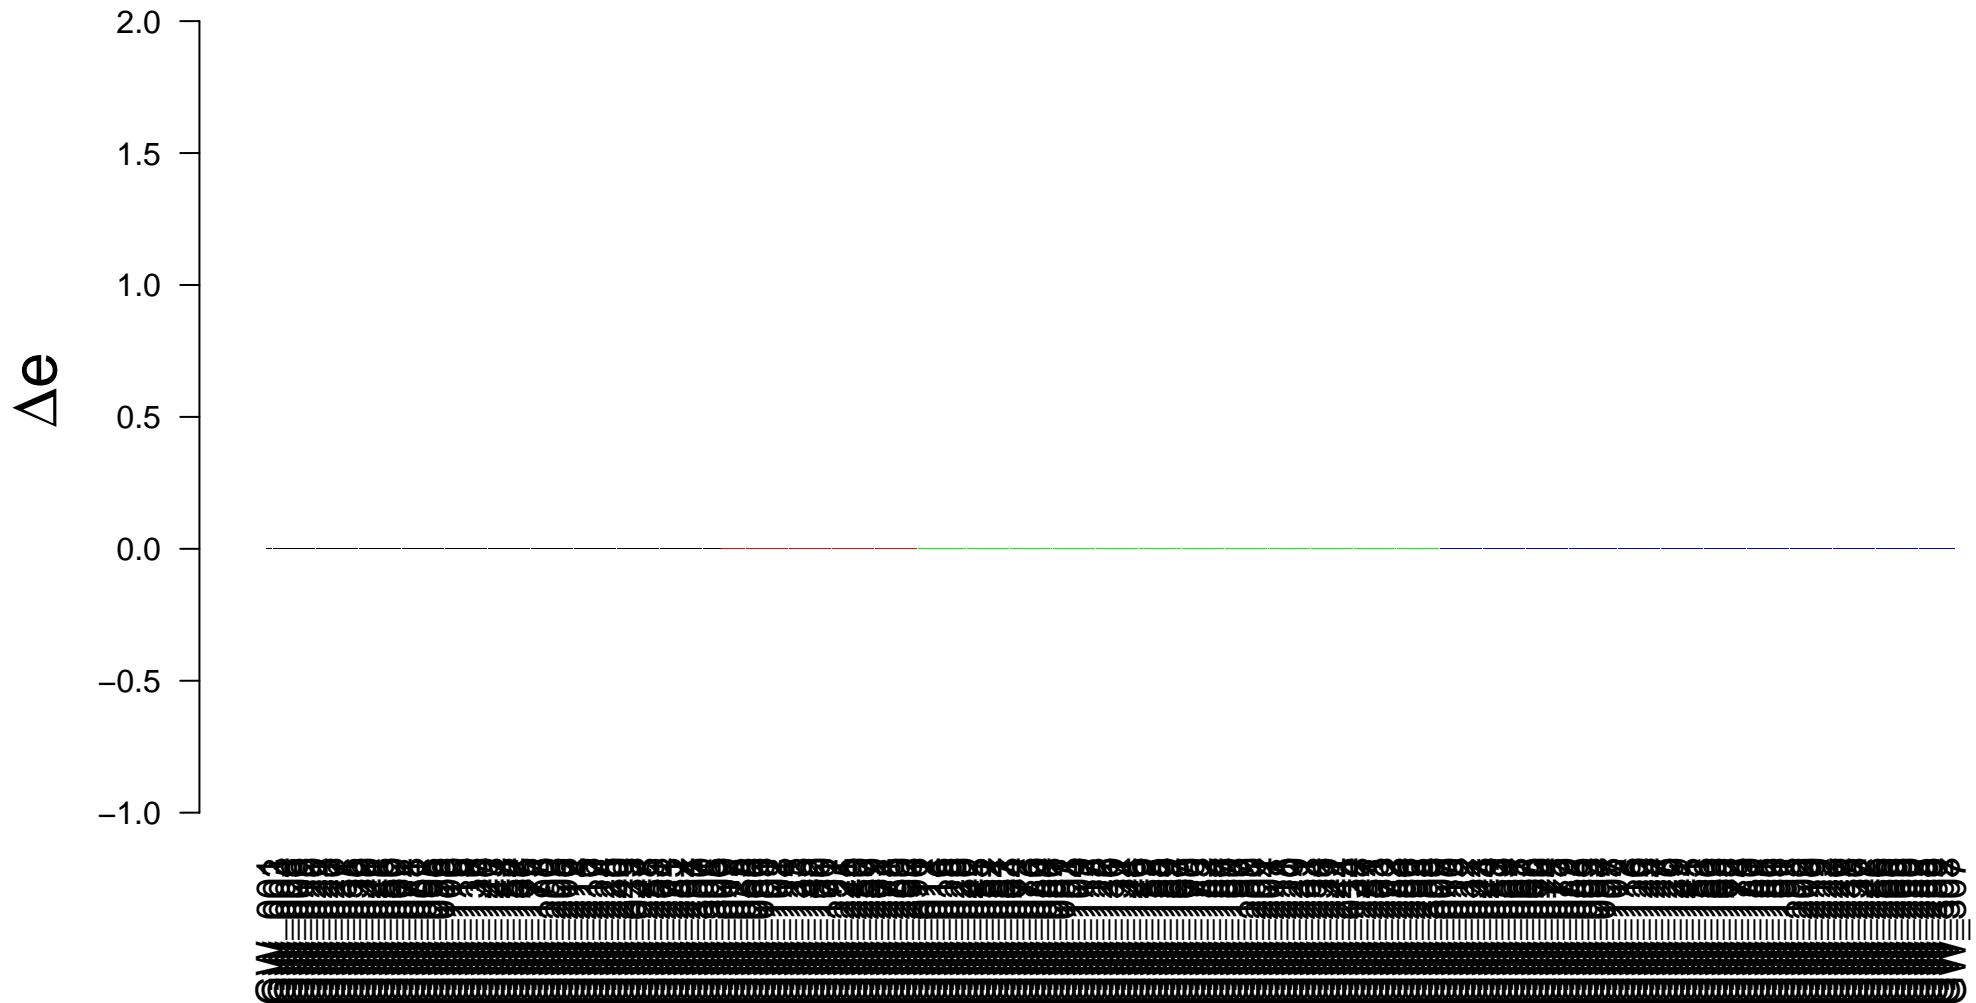

Enrichment in spots: central nervous system neuron differentiation

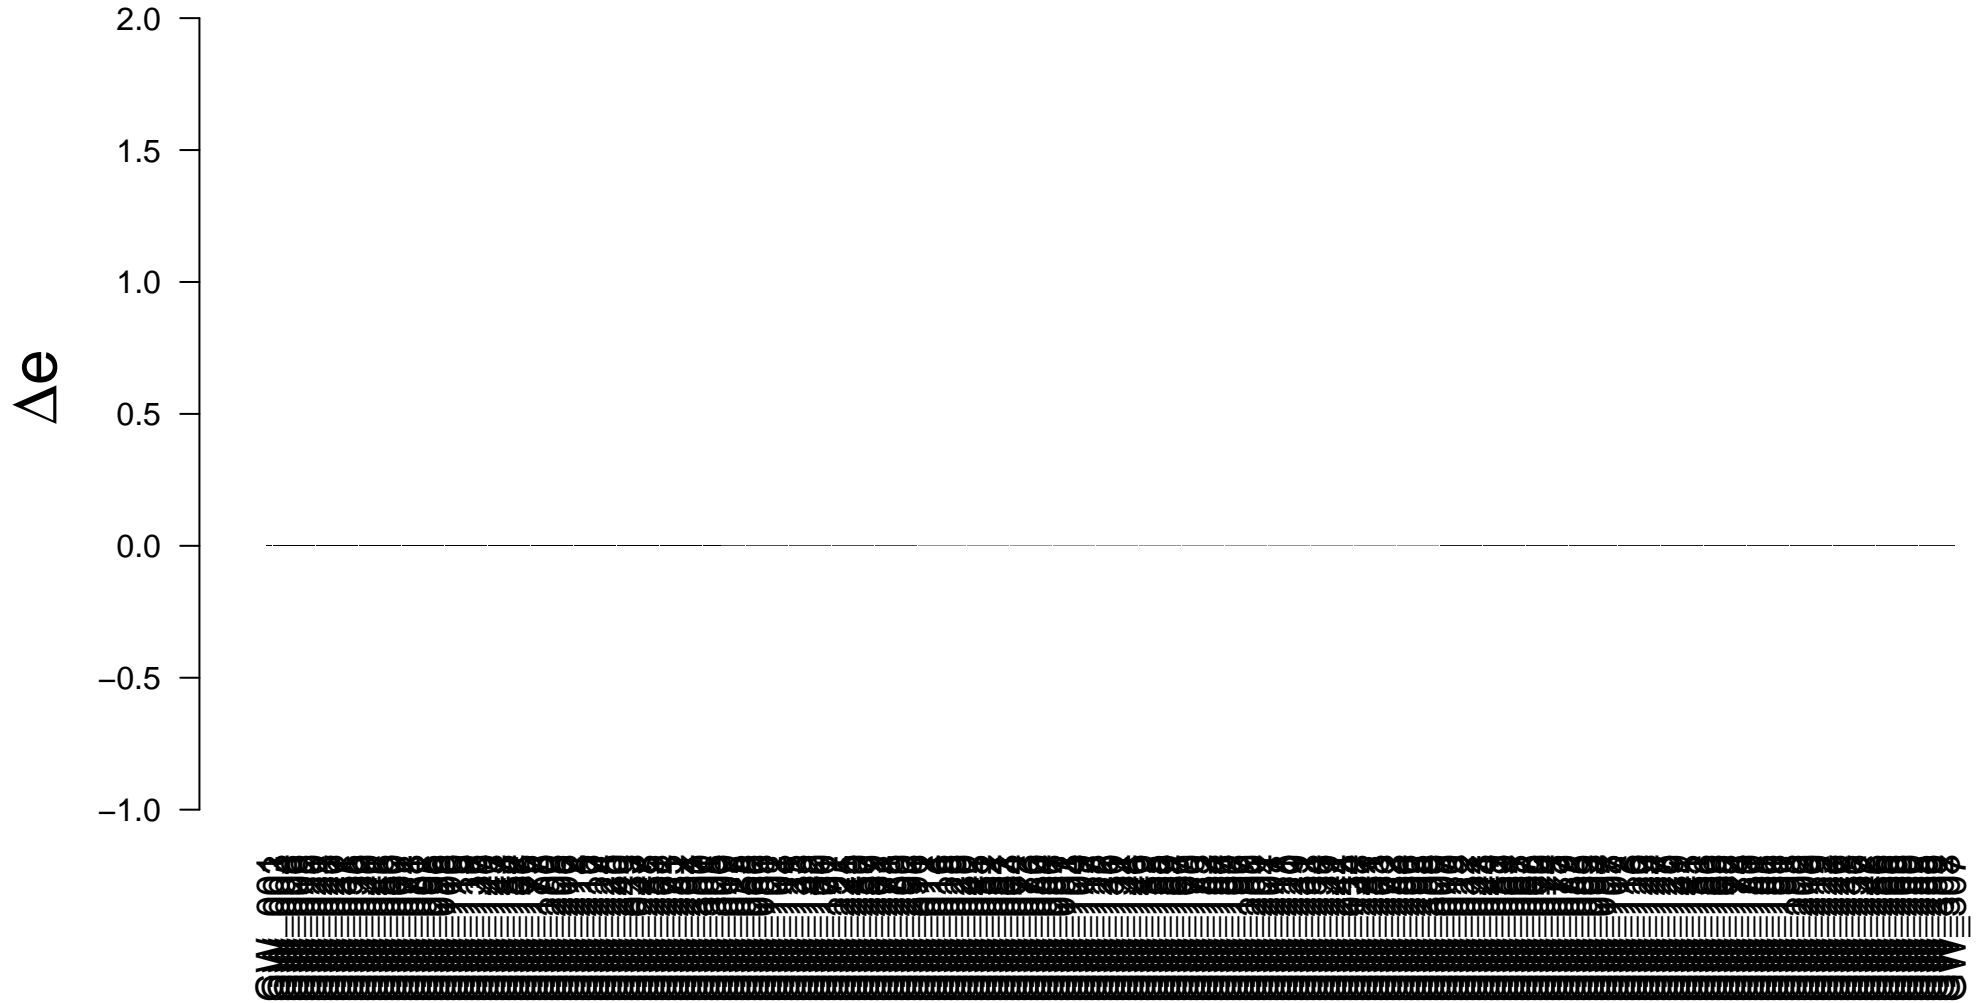

Expression of central nervous system neuron differentiation in Spot A

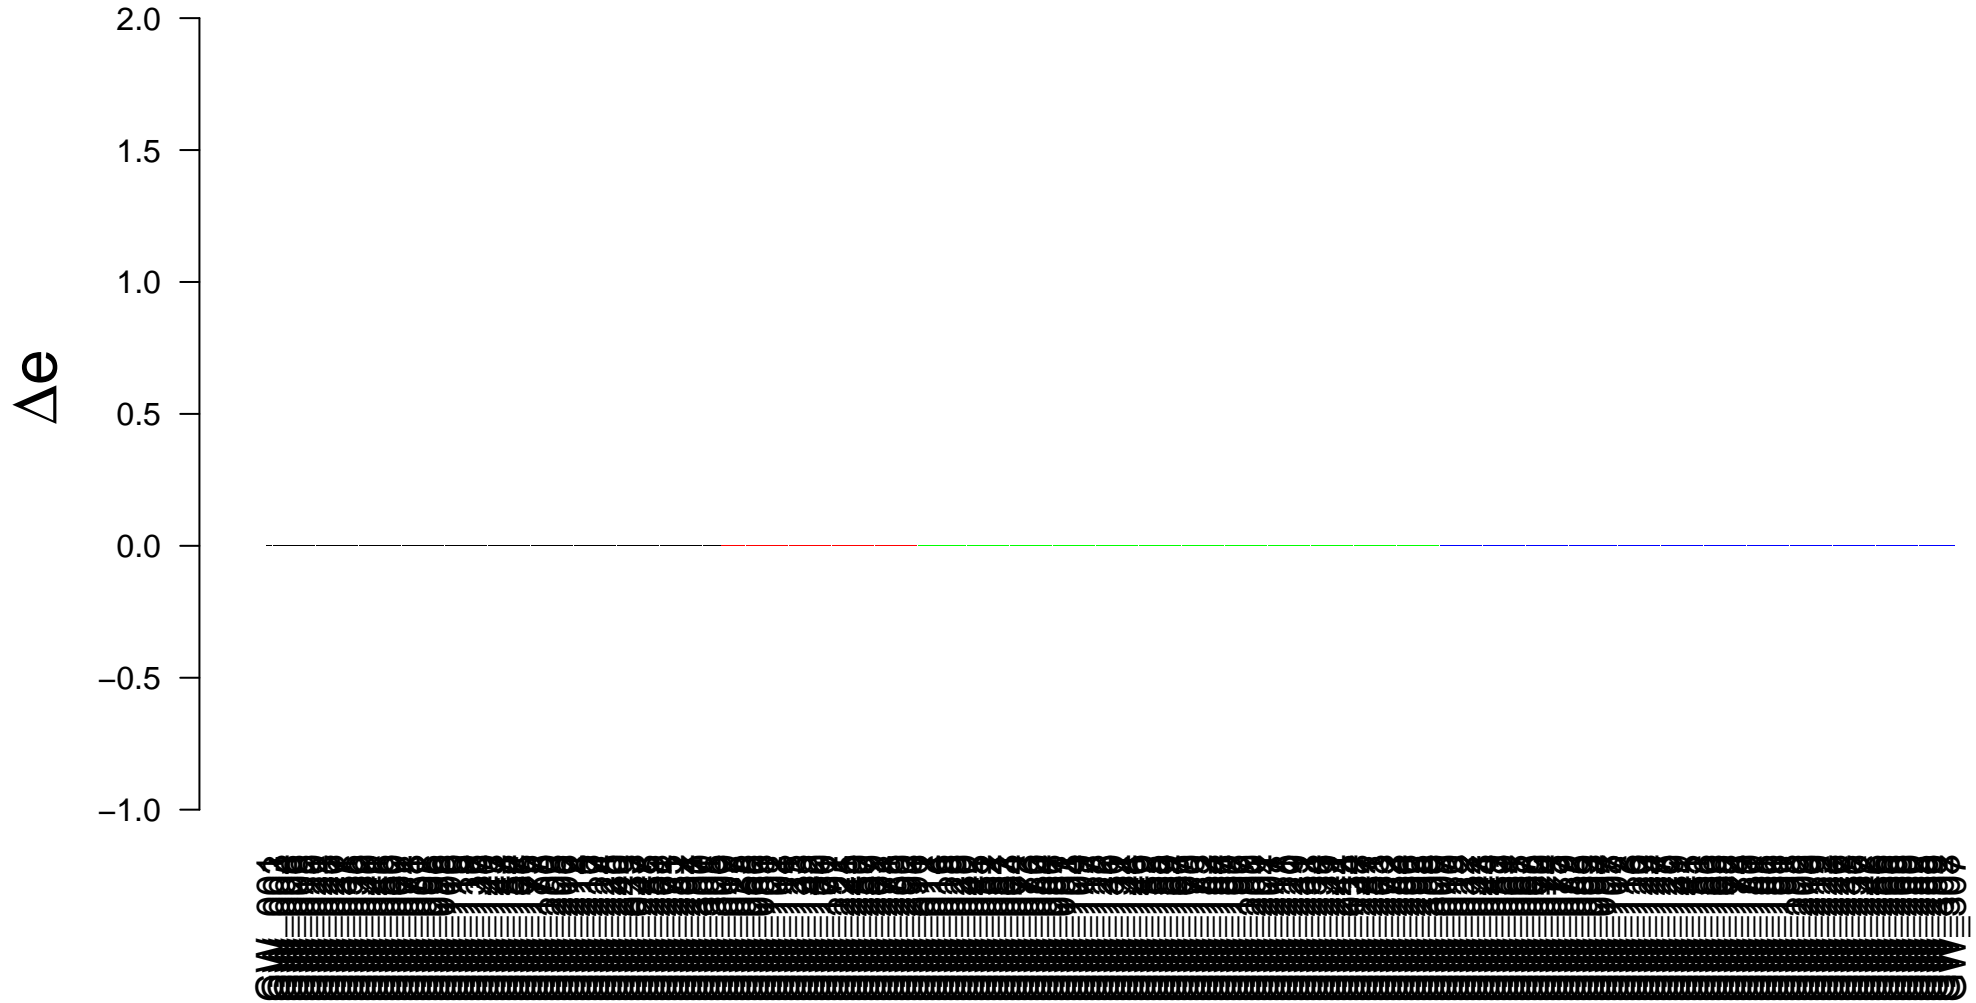

Expression of central nervous system neuron differentiation in Spot B

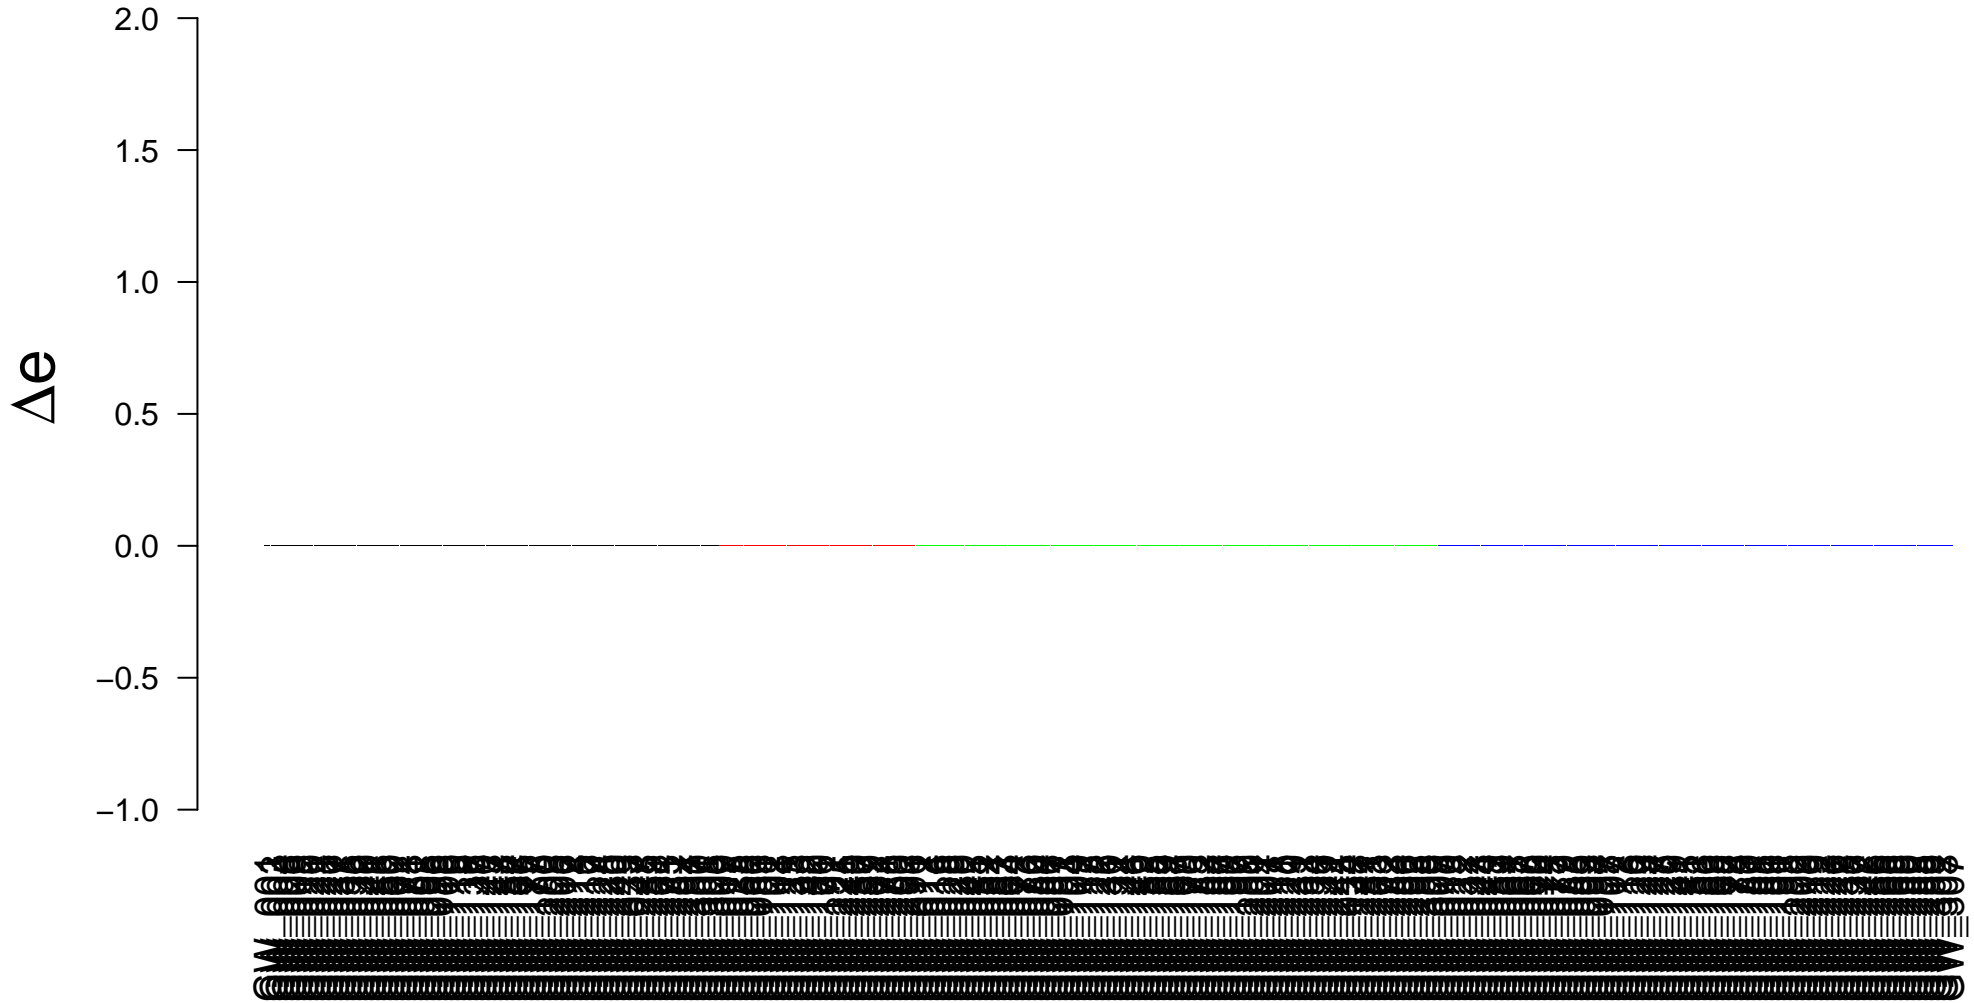

Expression of central nervous system neuron differentiation in Spot C

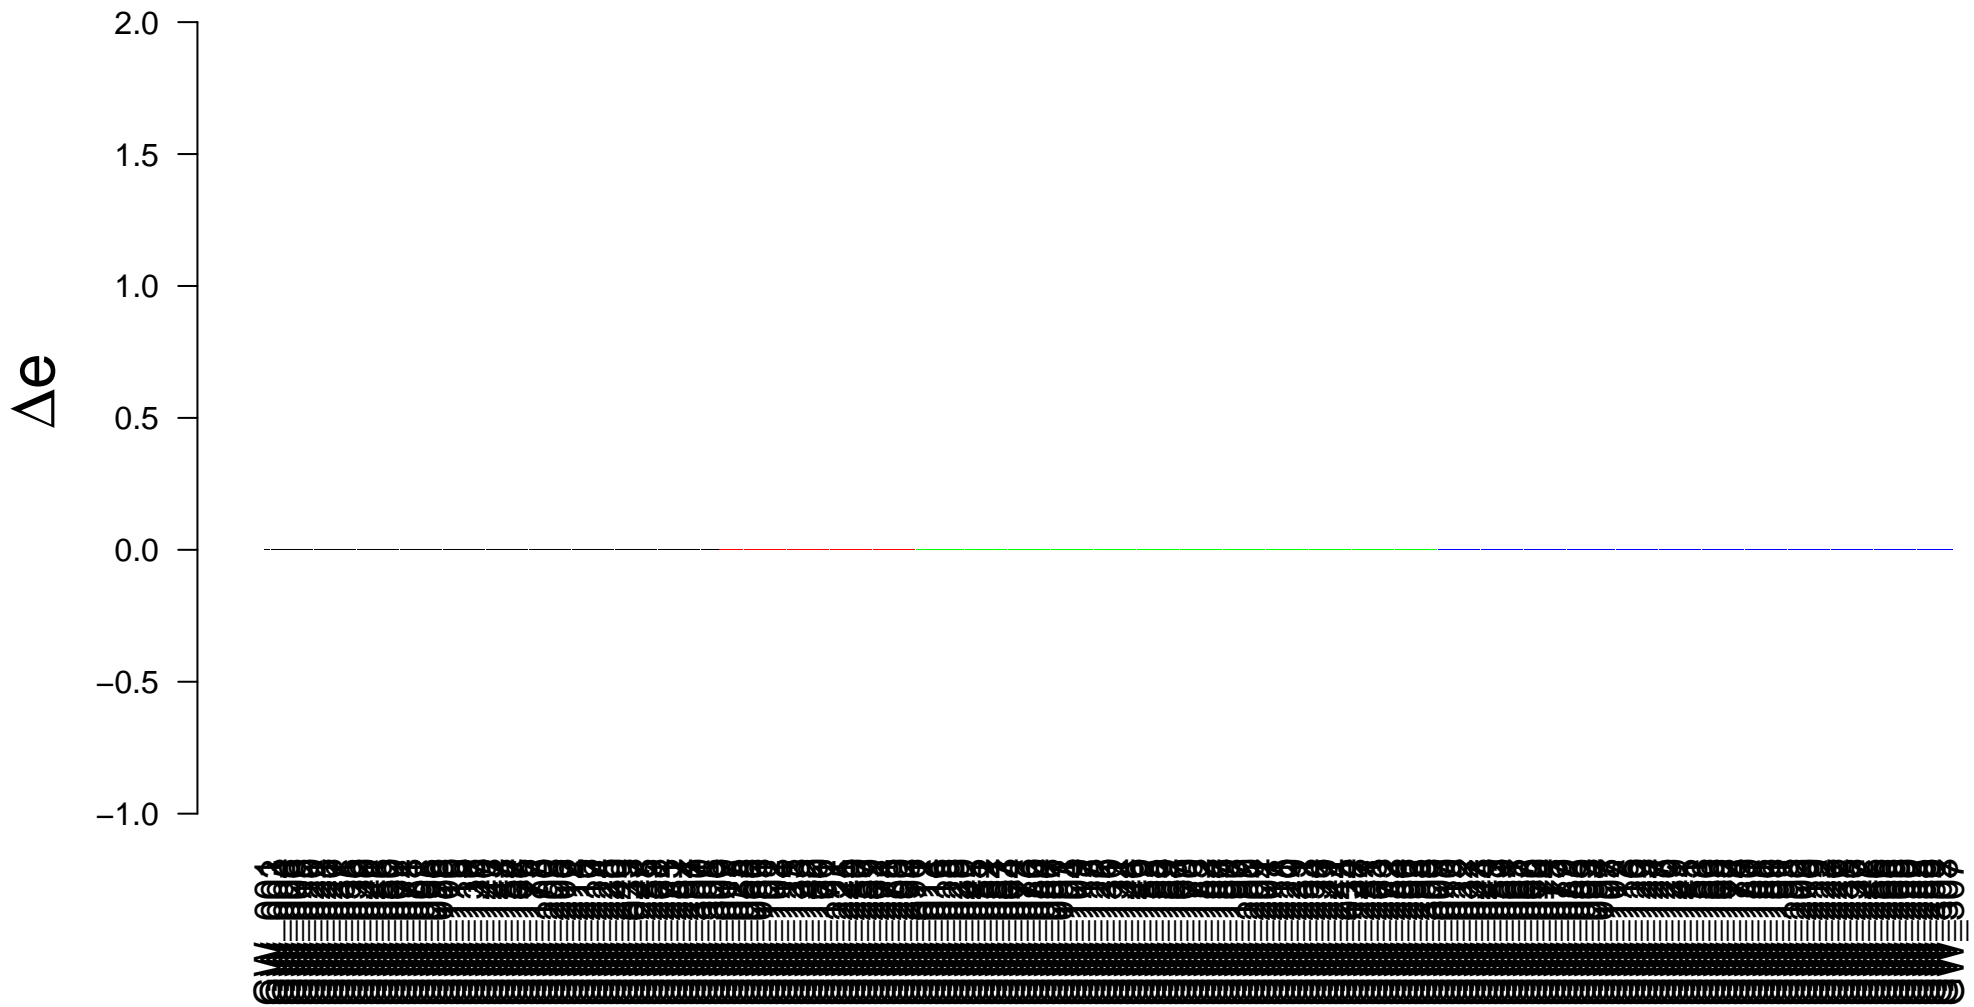

Expression of central nervous system neuron differentiation in Spot D

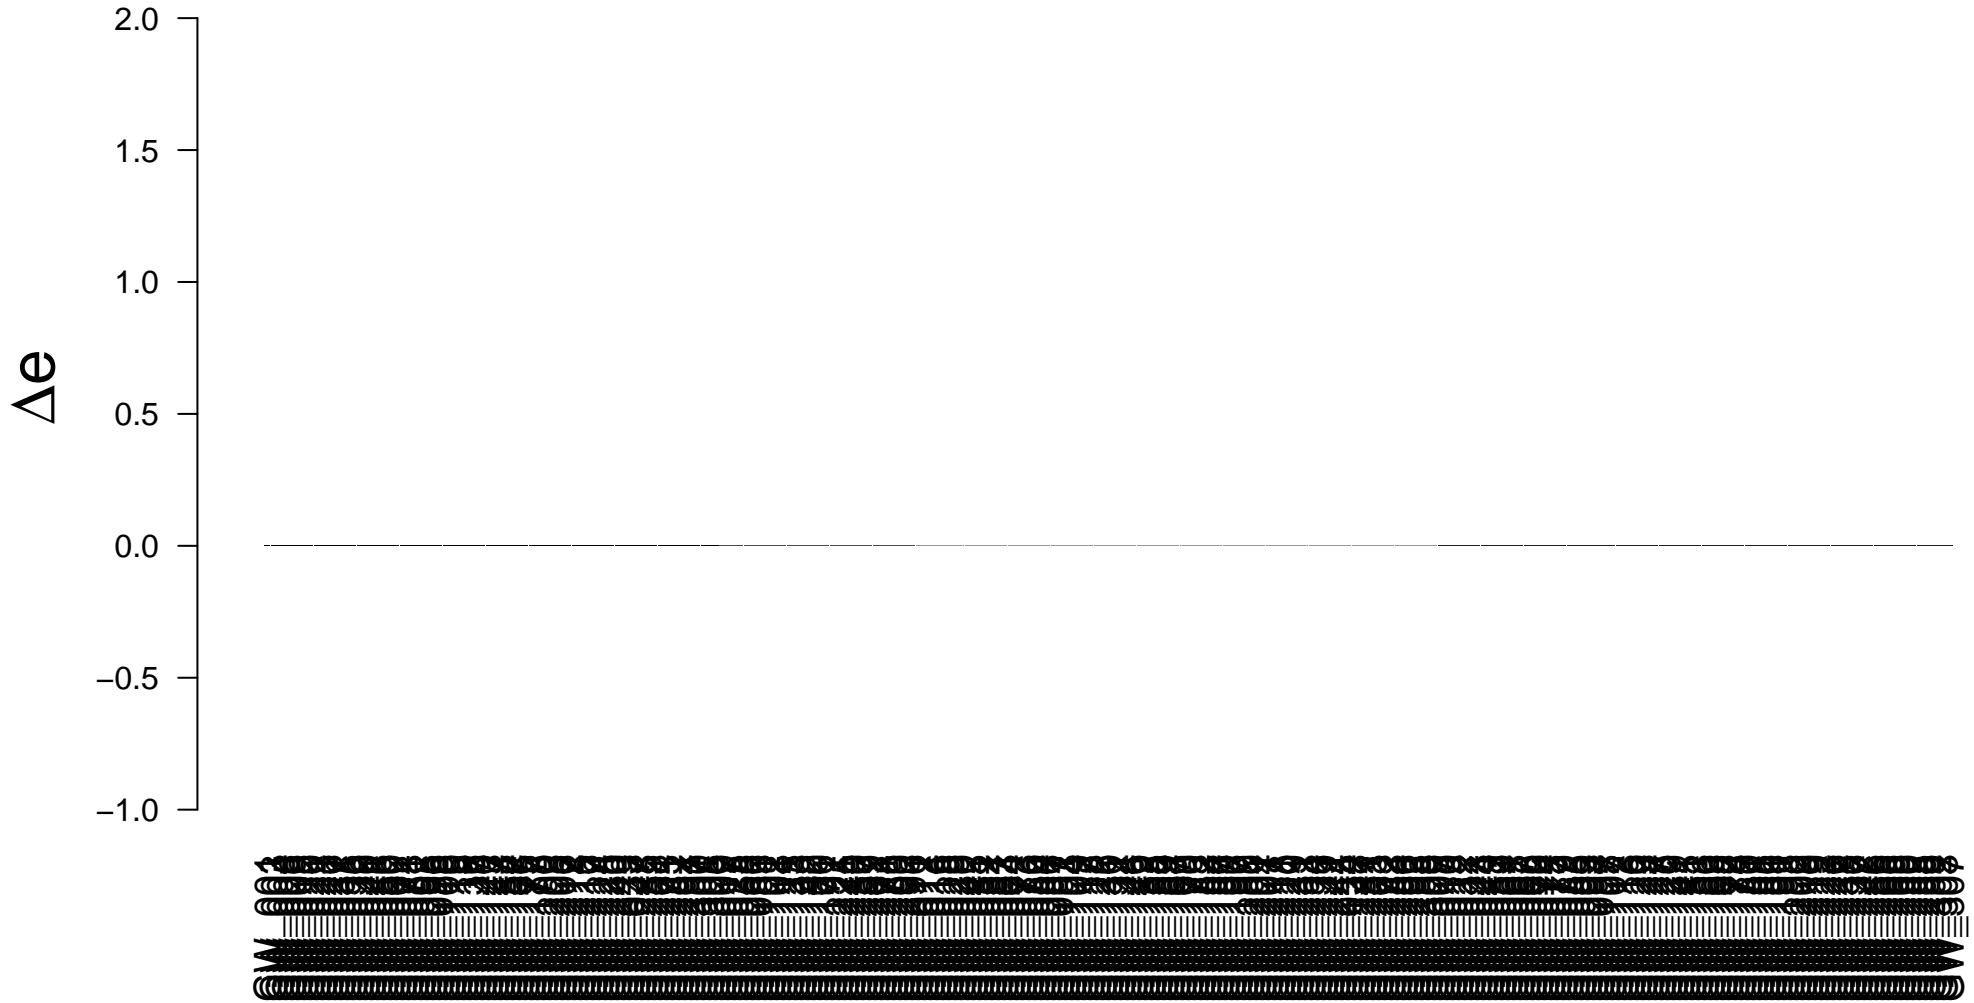

Expression of central nervous system neuron differentiation in Spot E

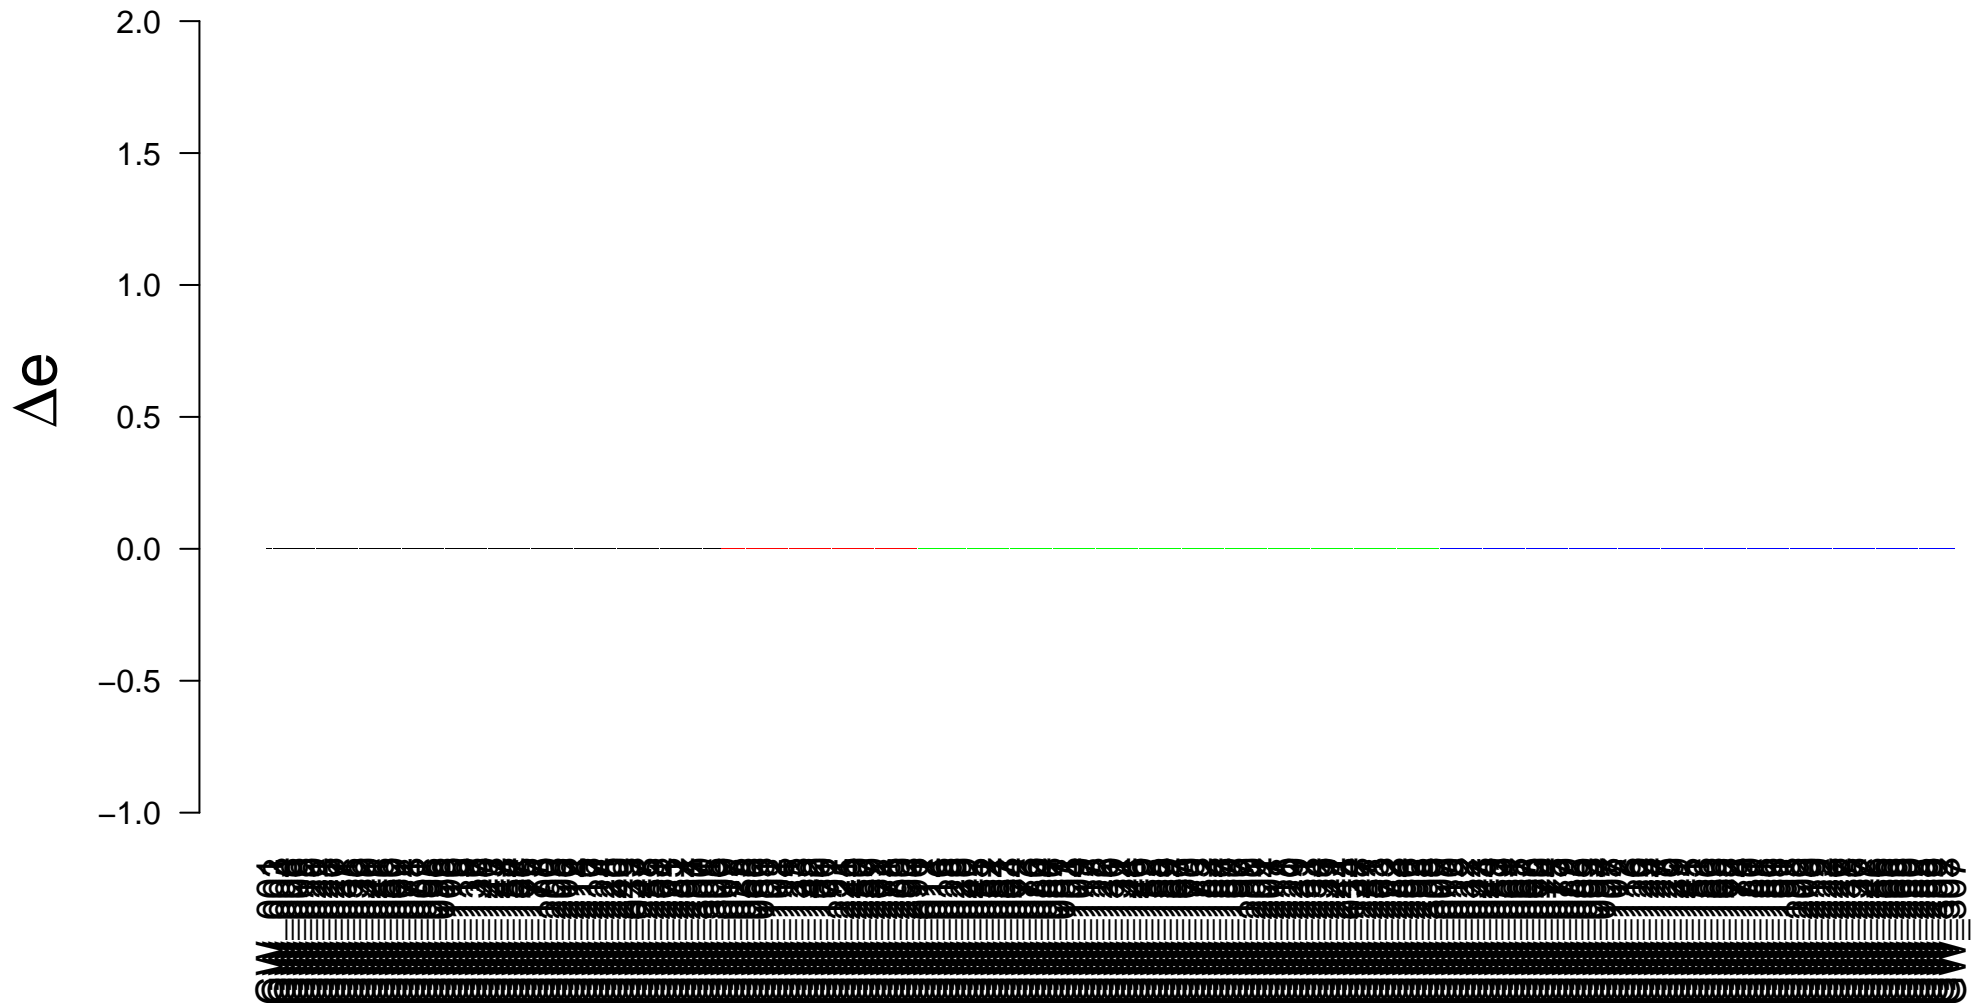

Expression of central nervous system neuron differentiation in Spot F

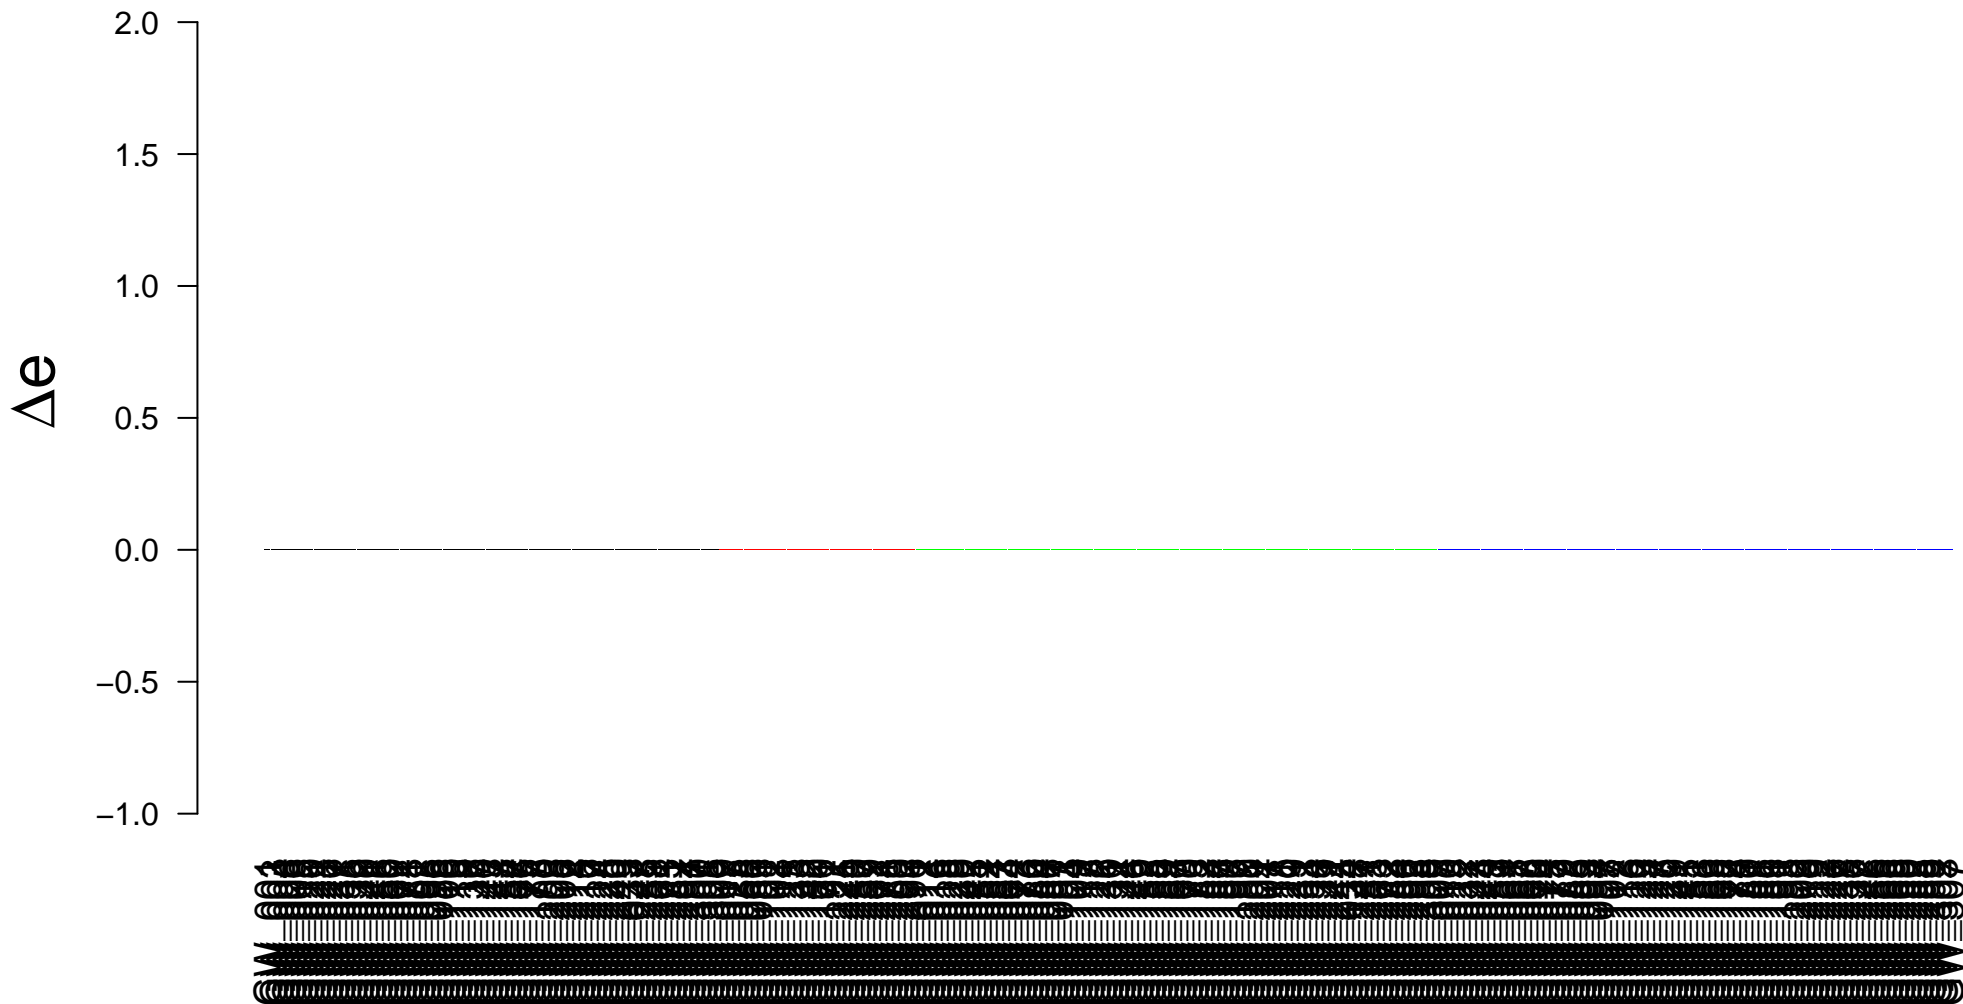

Expression of central nervous system neuron differentiation in Spot G

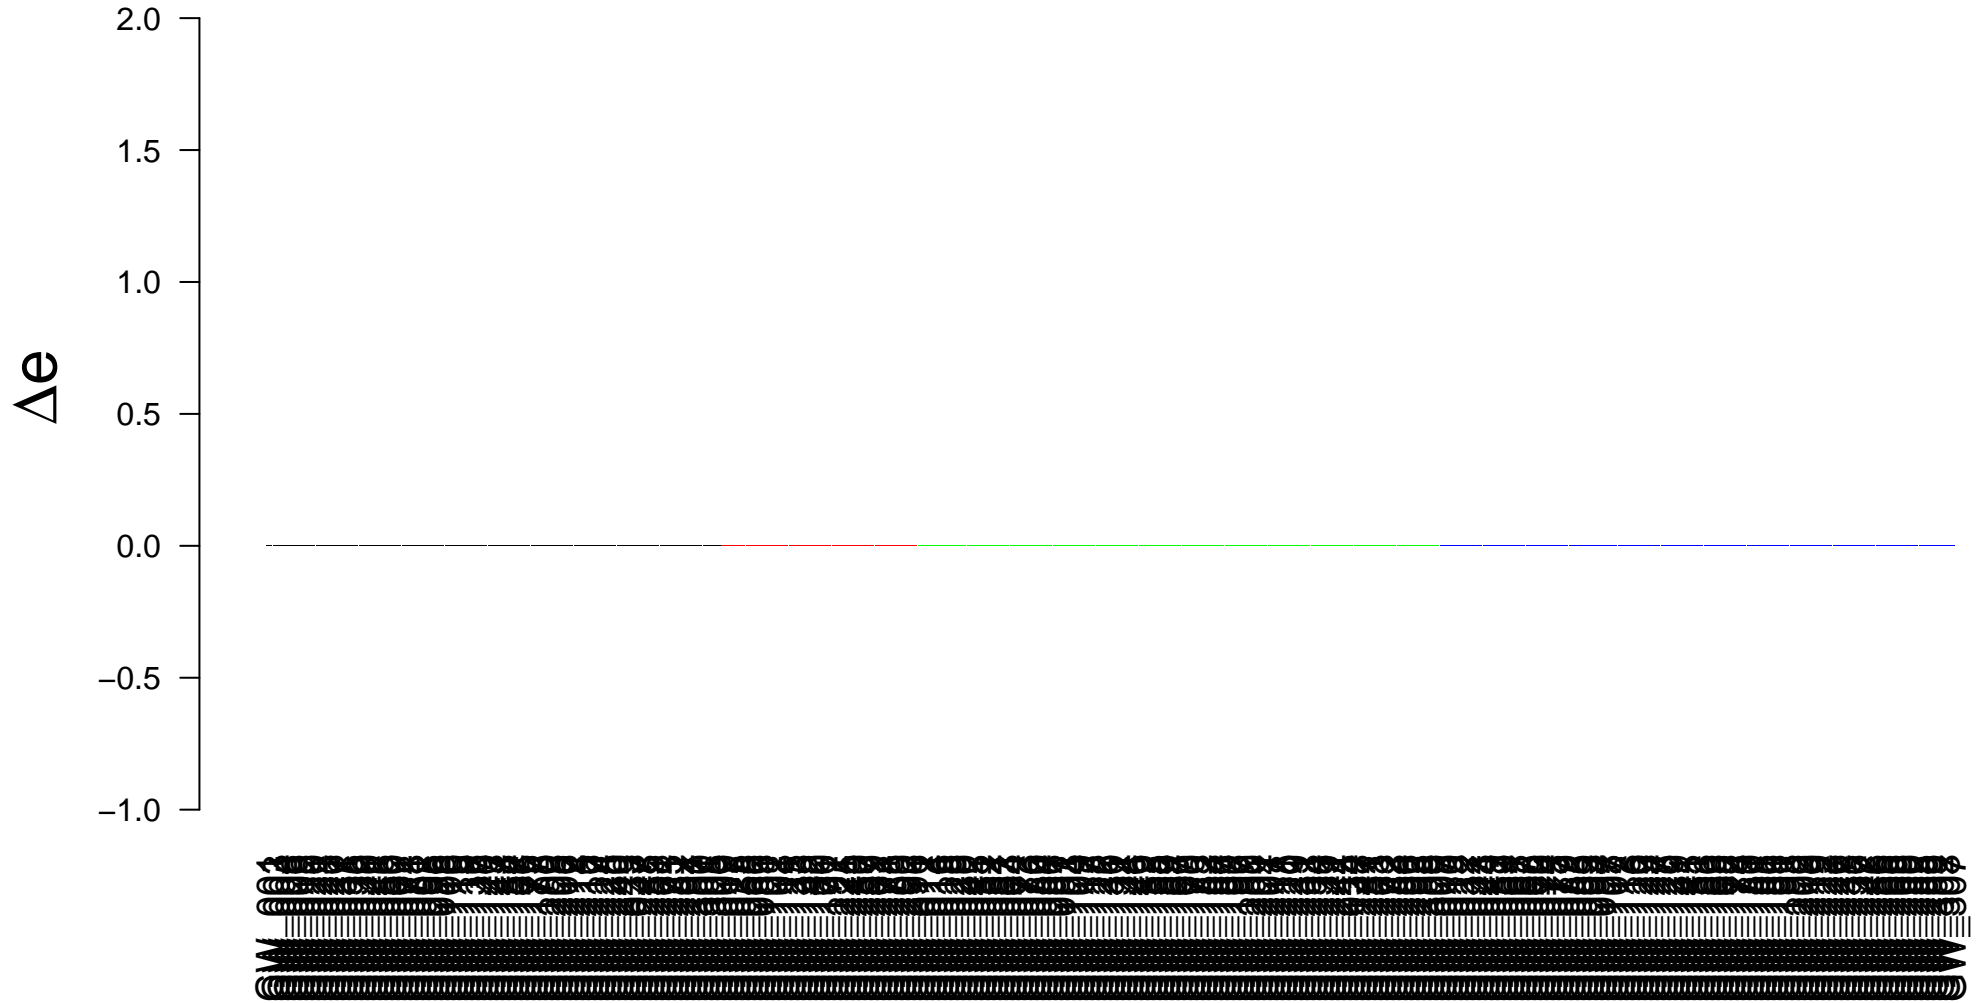

Expression of central nervous system neuron differentiation in Spot H

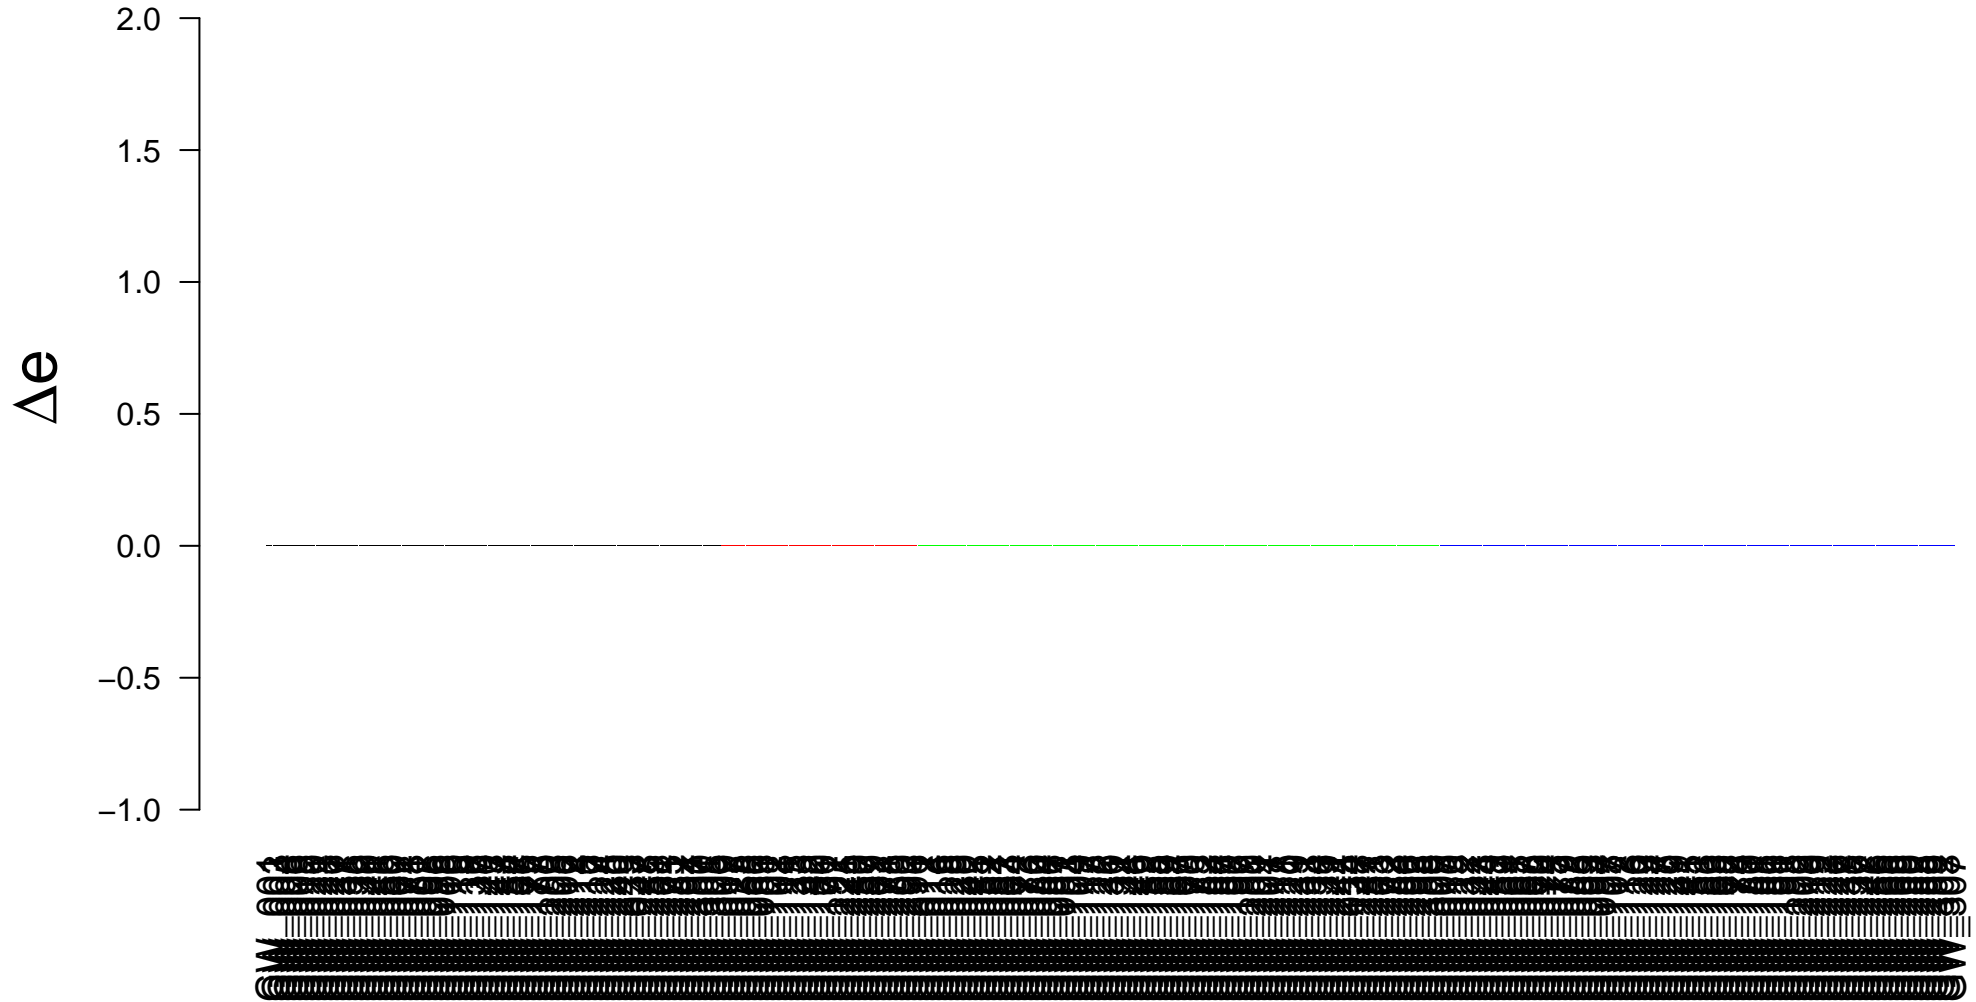

Expression of central nervous system neuron differentiation in Spot I

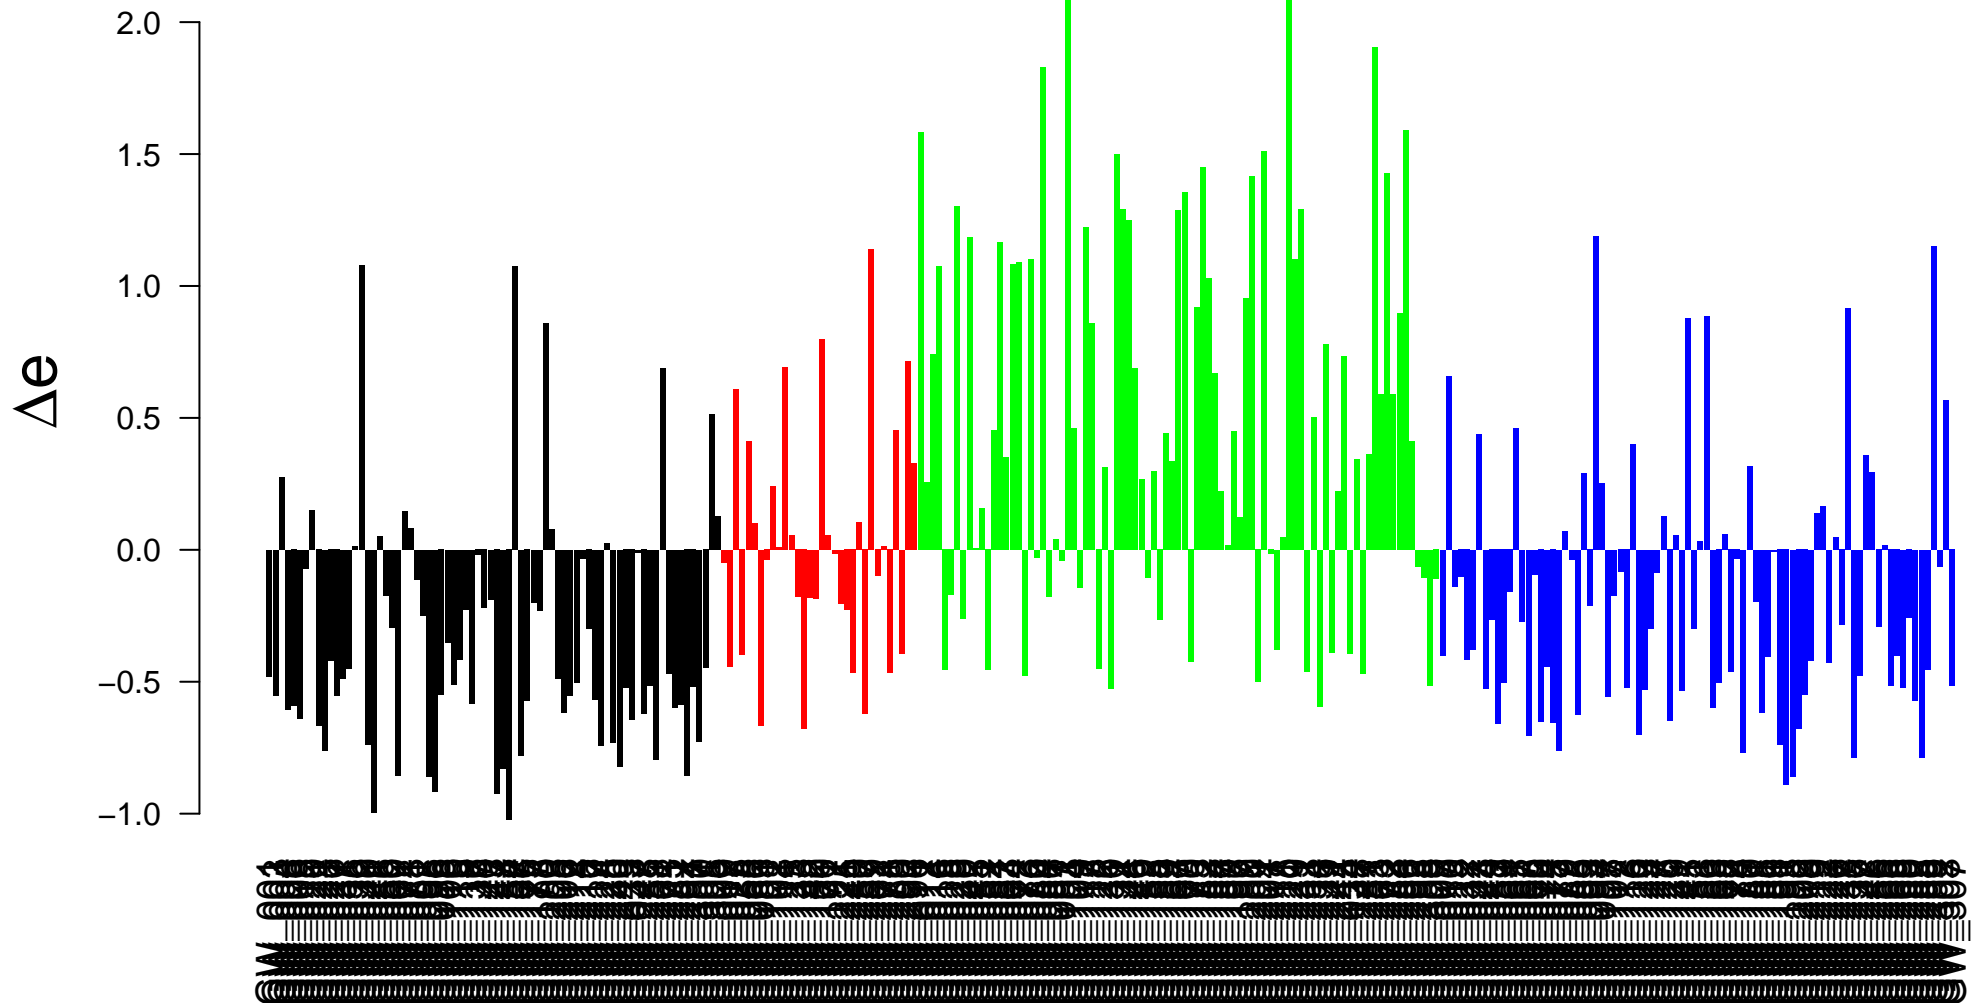

Expression of central nervous system neuron differentiation in Spot J

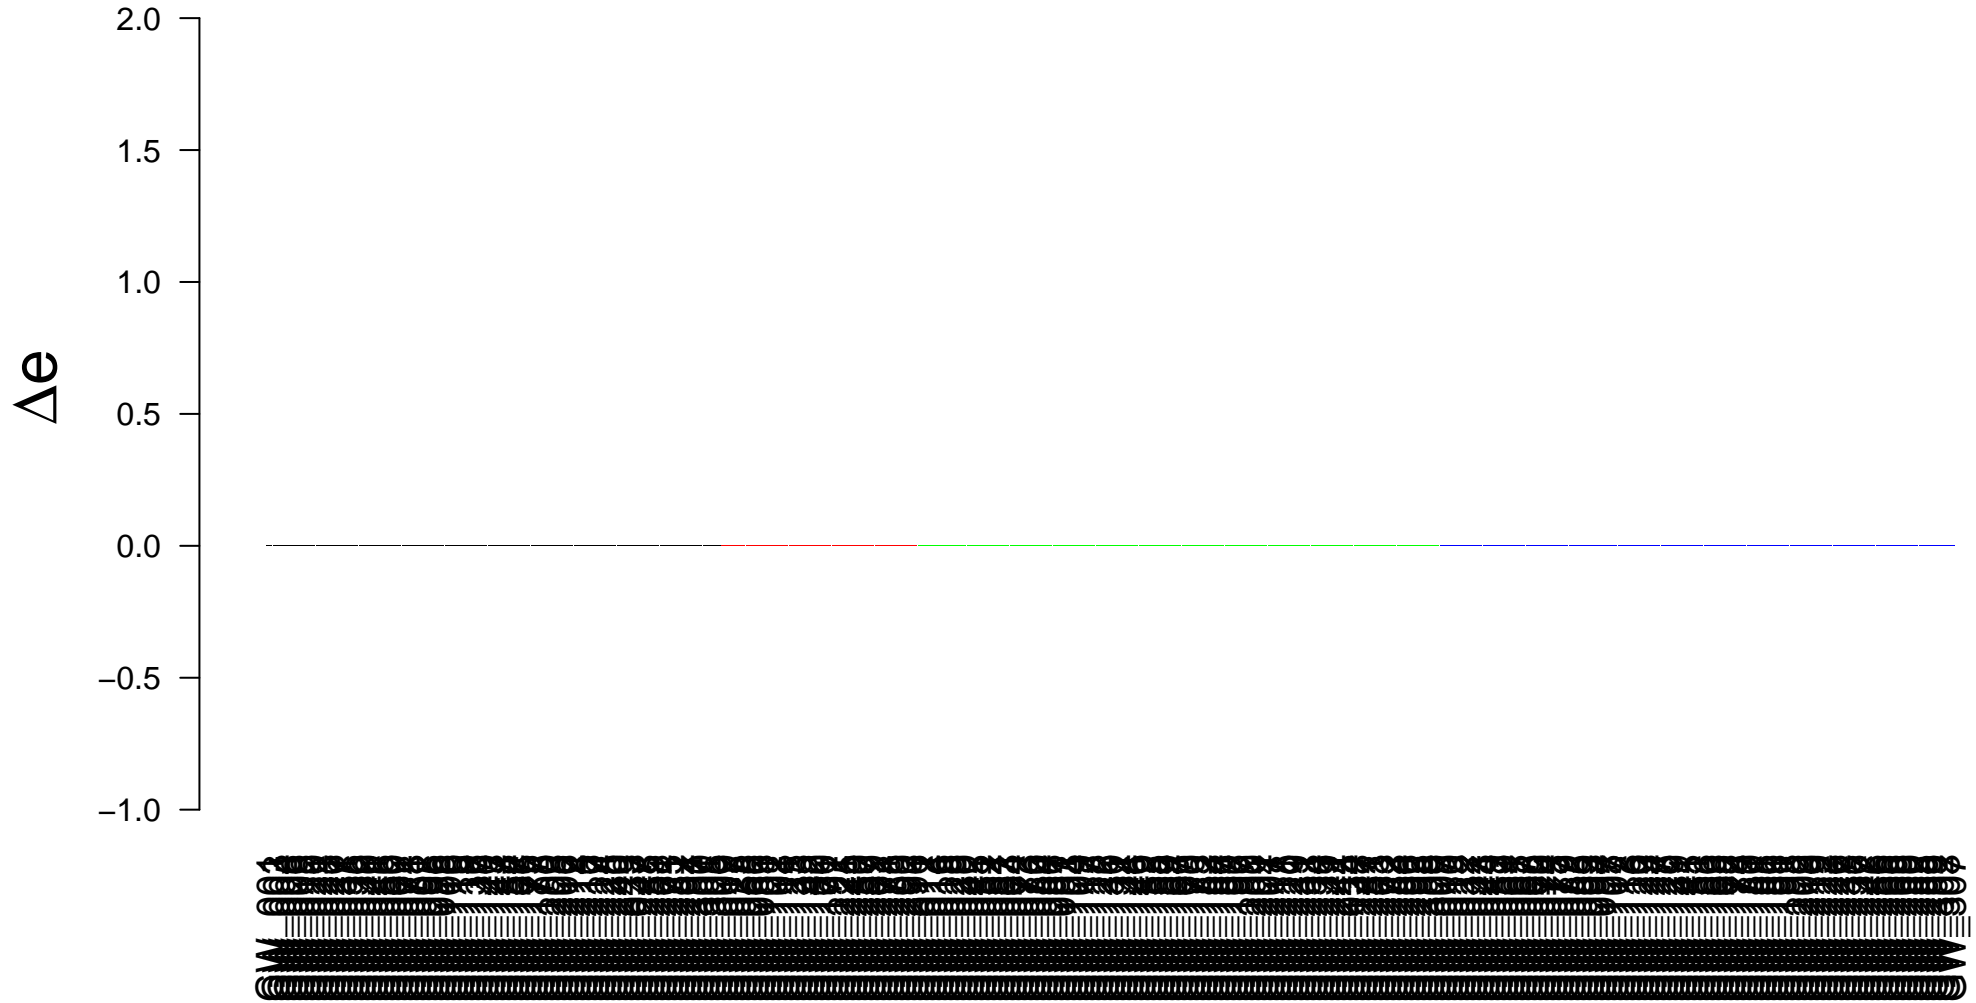

Expression of central nervous system neuron differentiation in Spot K

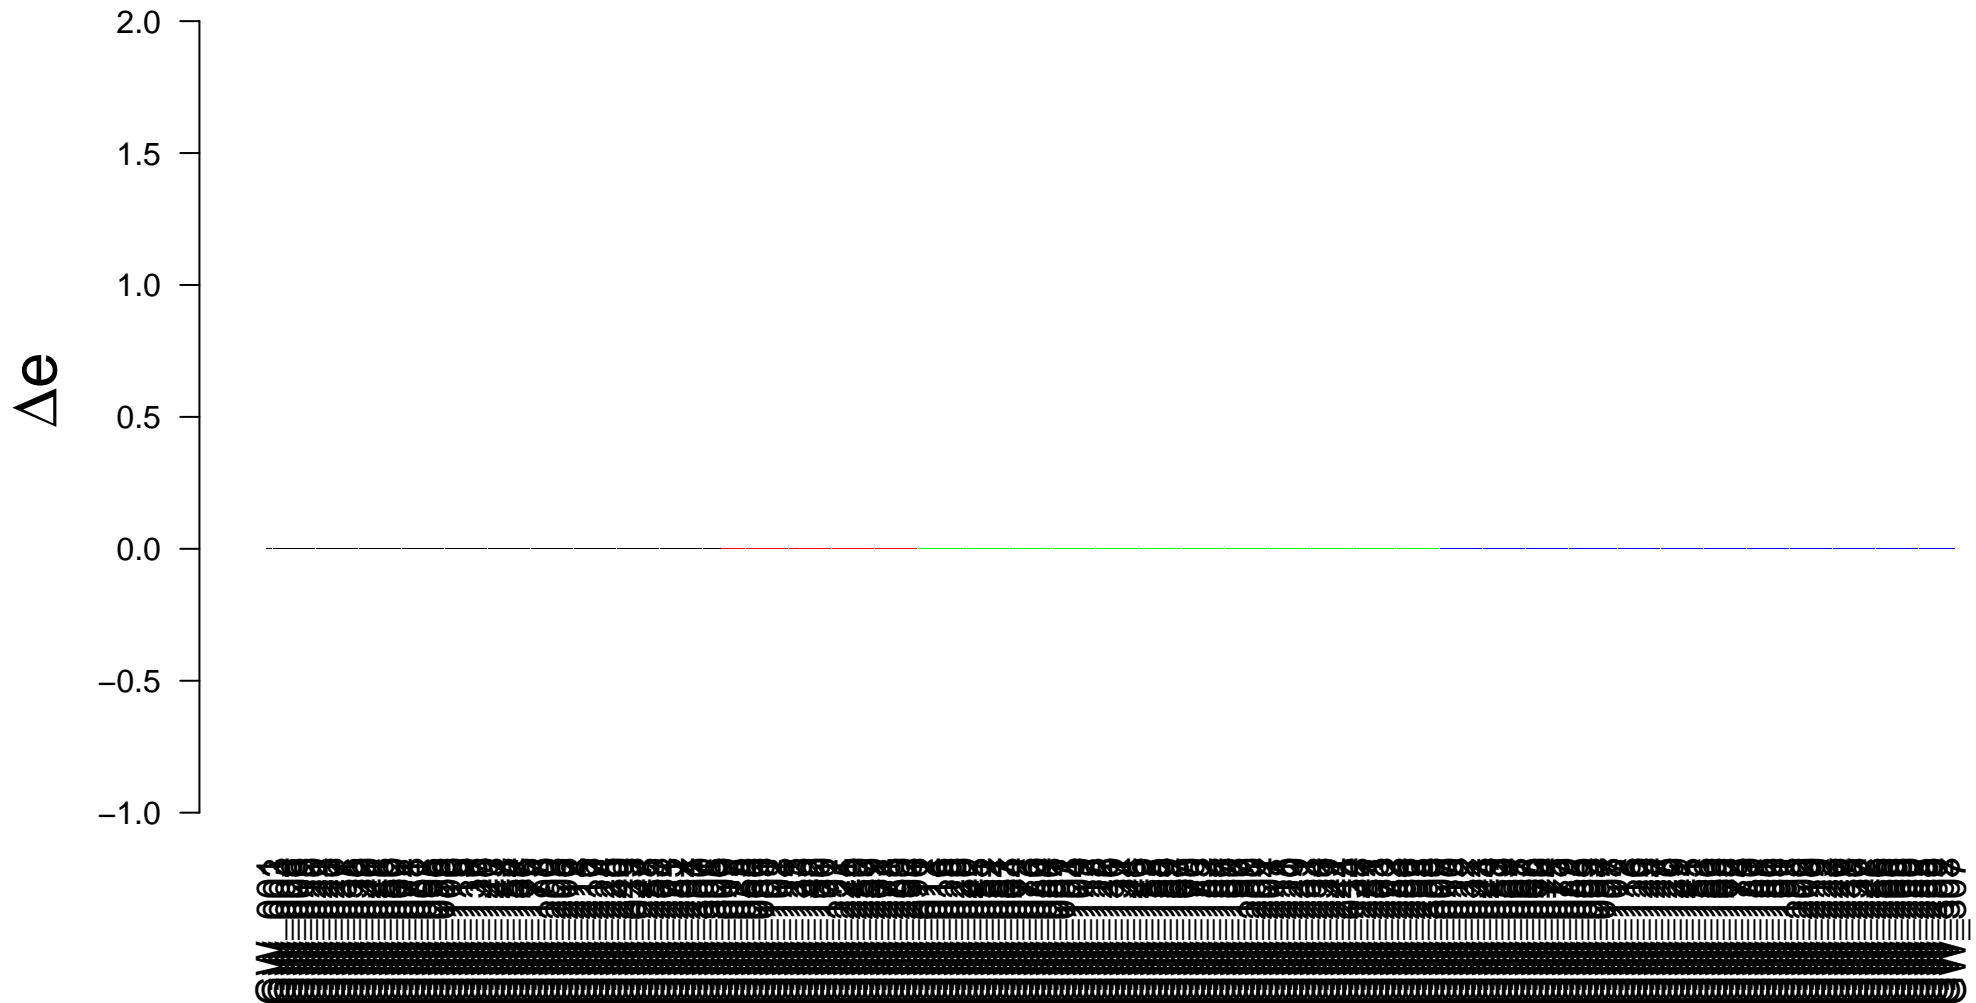

Expression of central nervous system neuron differentiation in Spot L

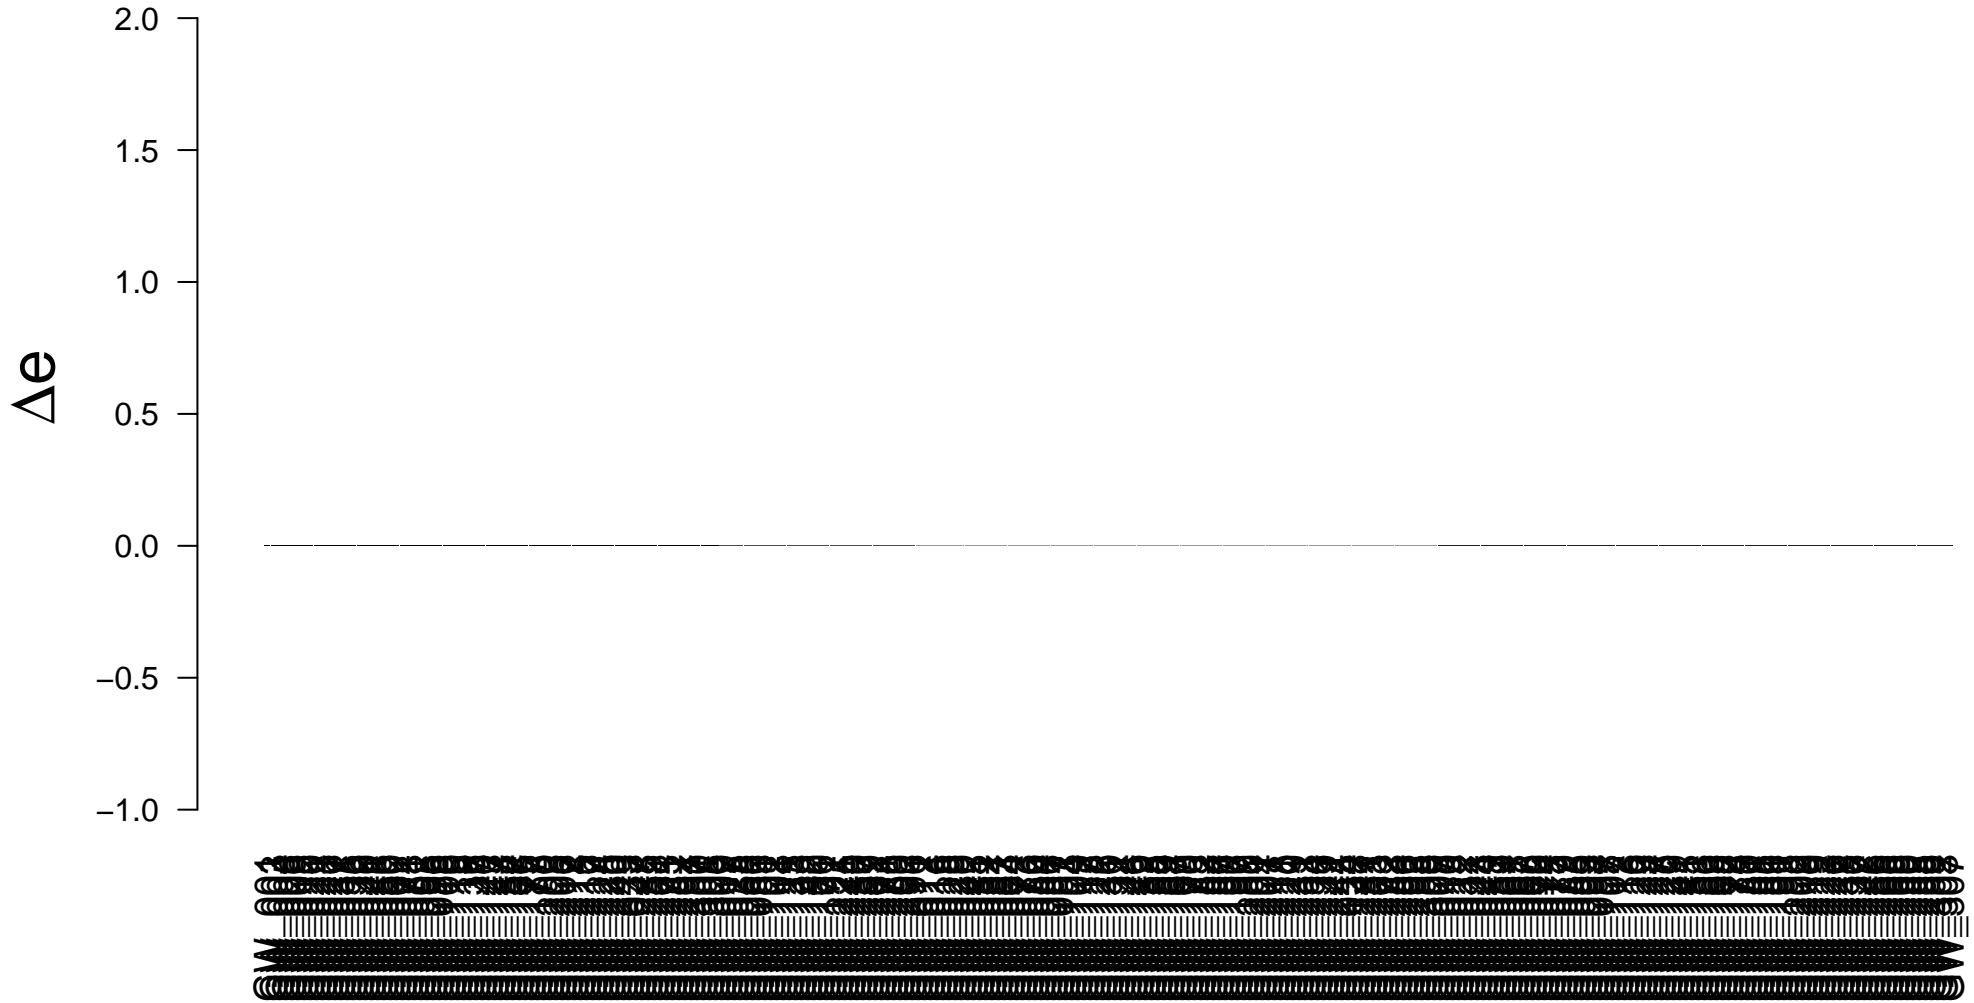

Expression of central nervous system neuron differentiation in Spot M

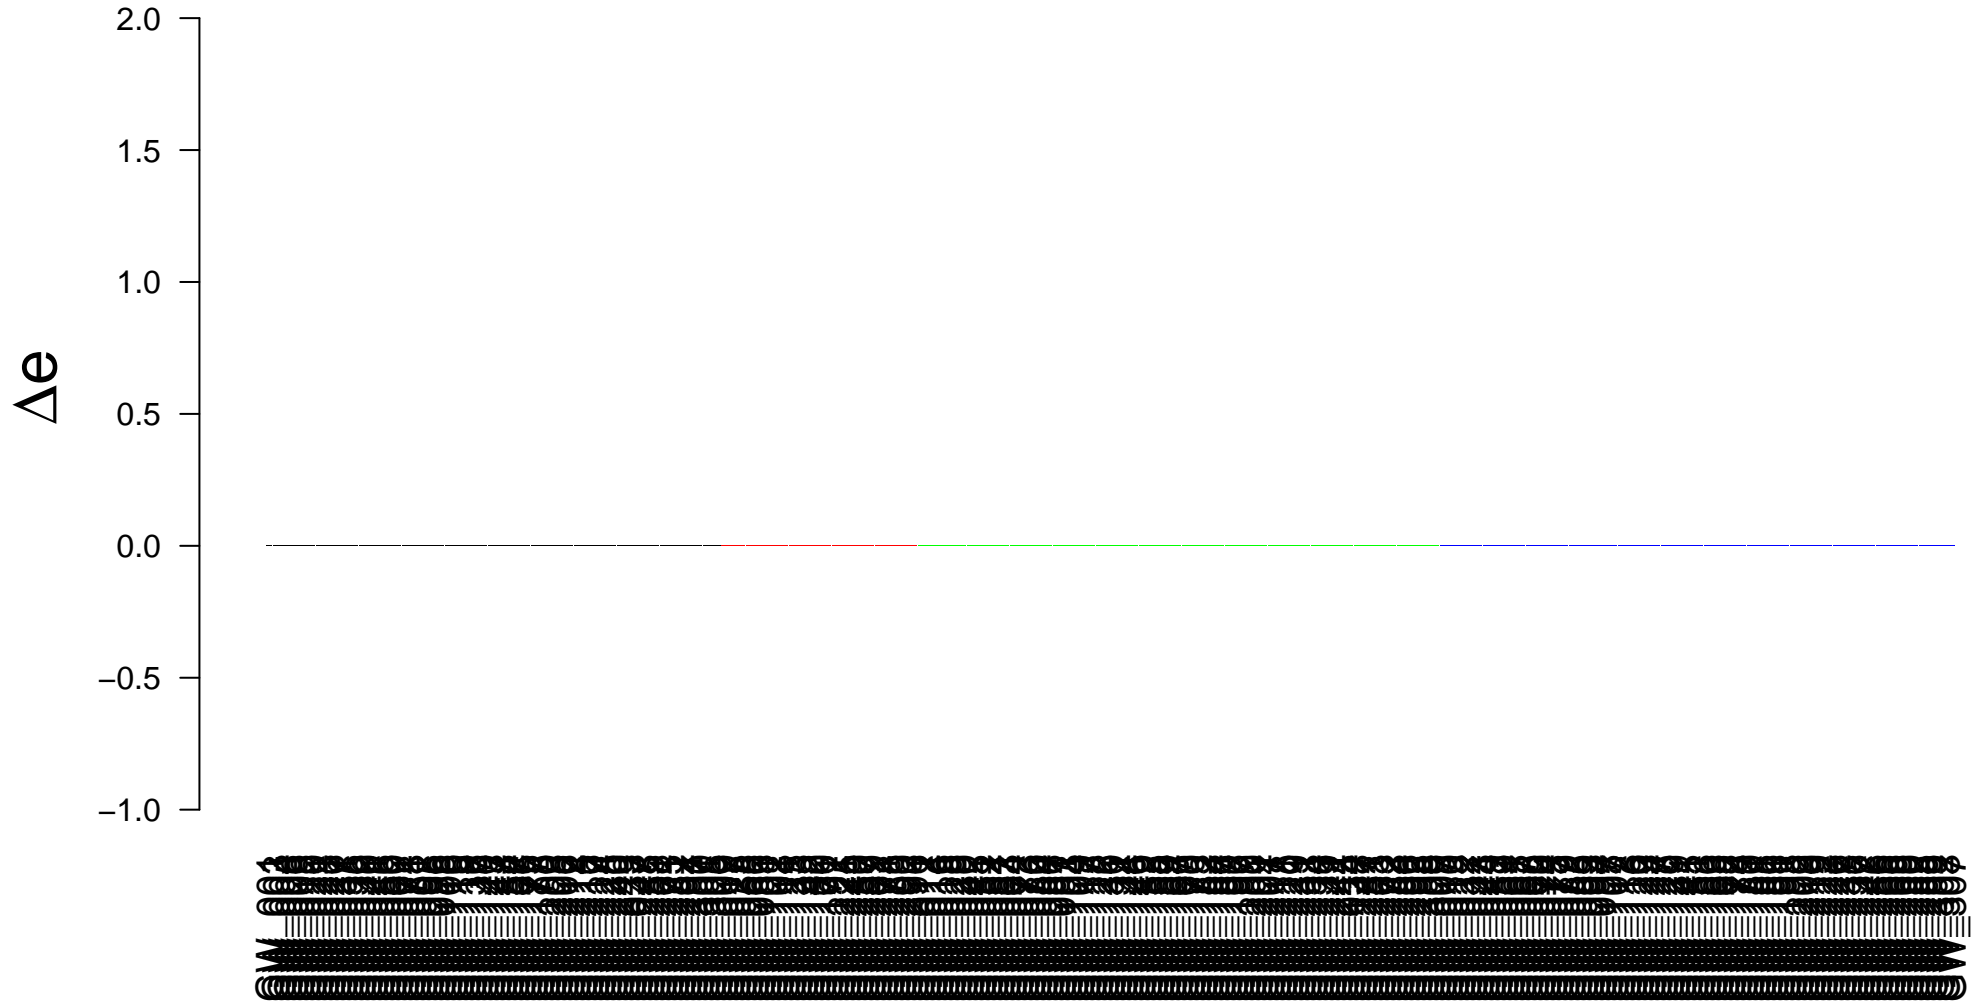

Expression of central nervous system neuron differentiation in Spot N

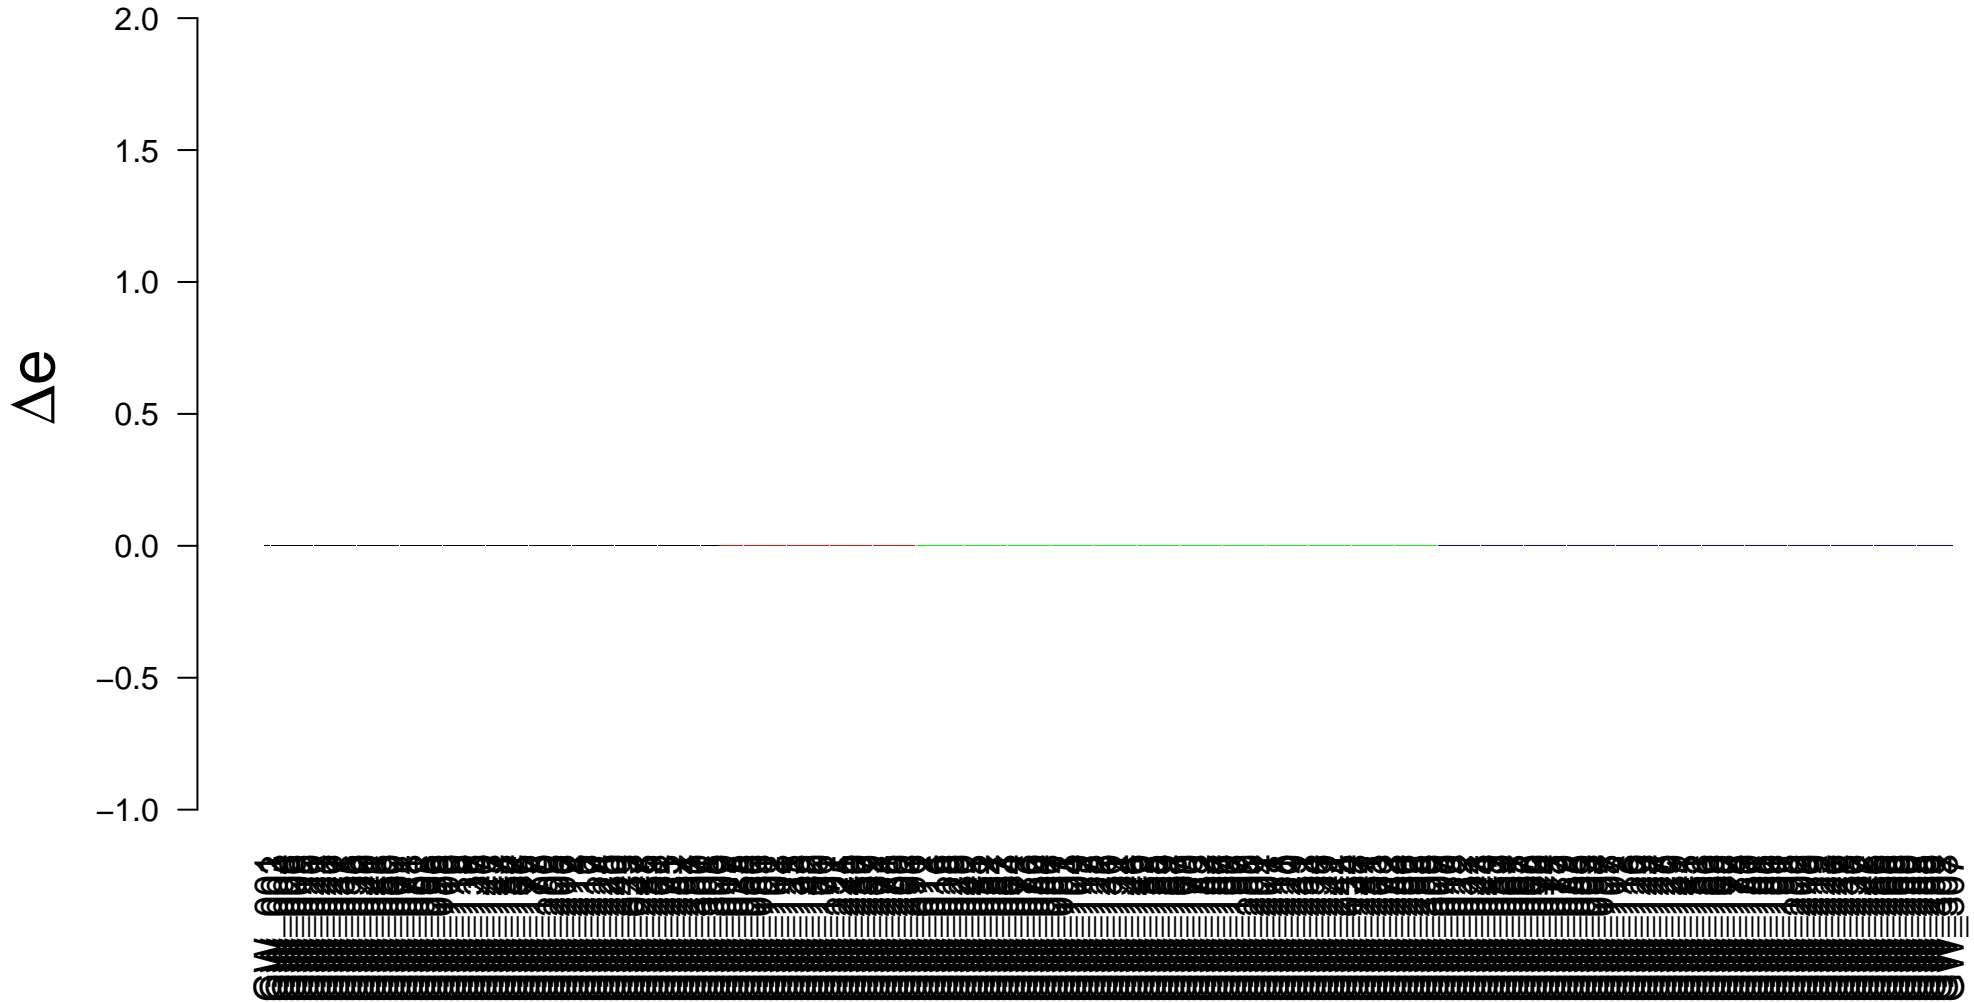

Expression of central nervous system neuron differentiation in Spot O

Expression of central nervous system neuron differentiation in Spot P

Expression of central nervous system neuron differentiation in Spot Q

Expression of central nervous system neuron differentiation in Spot R
