

central nervous system projection neuron axonogenesis

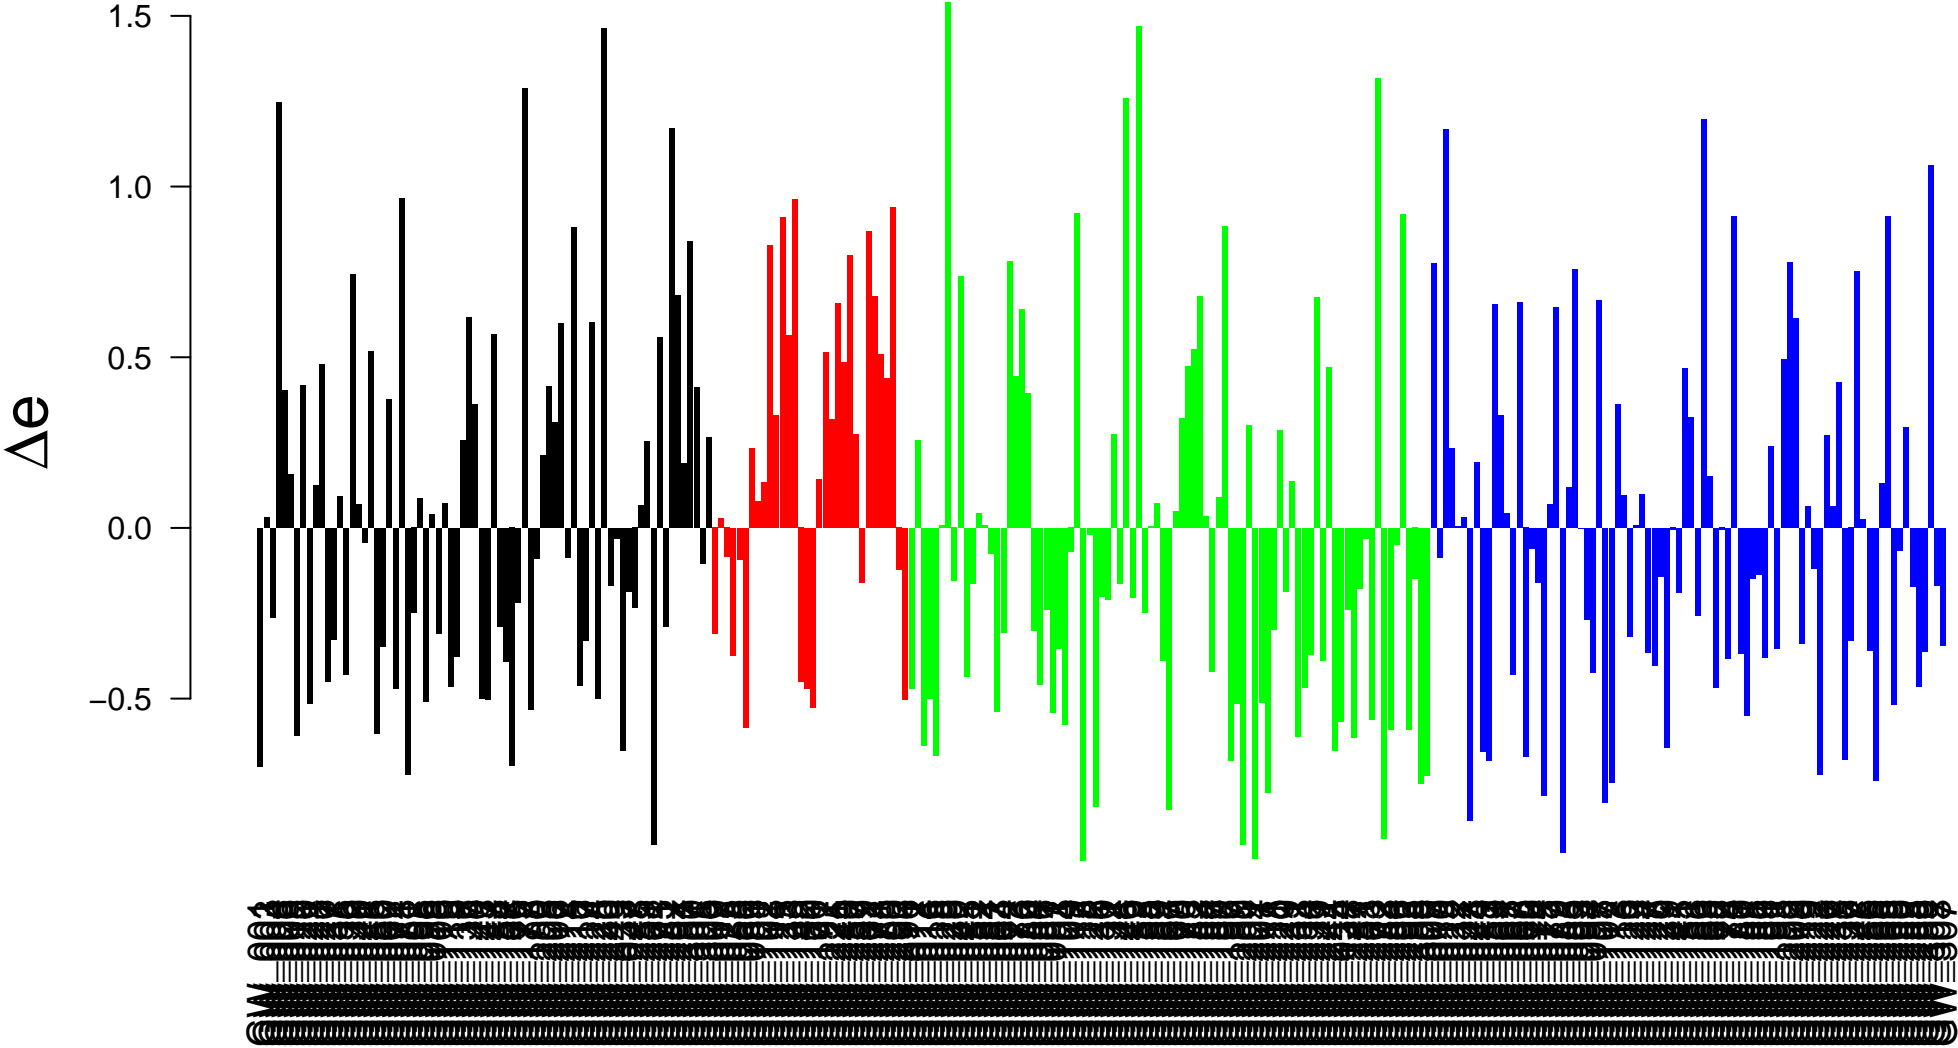

central nervous system projection neuron axonogenesis

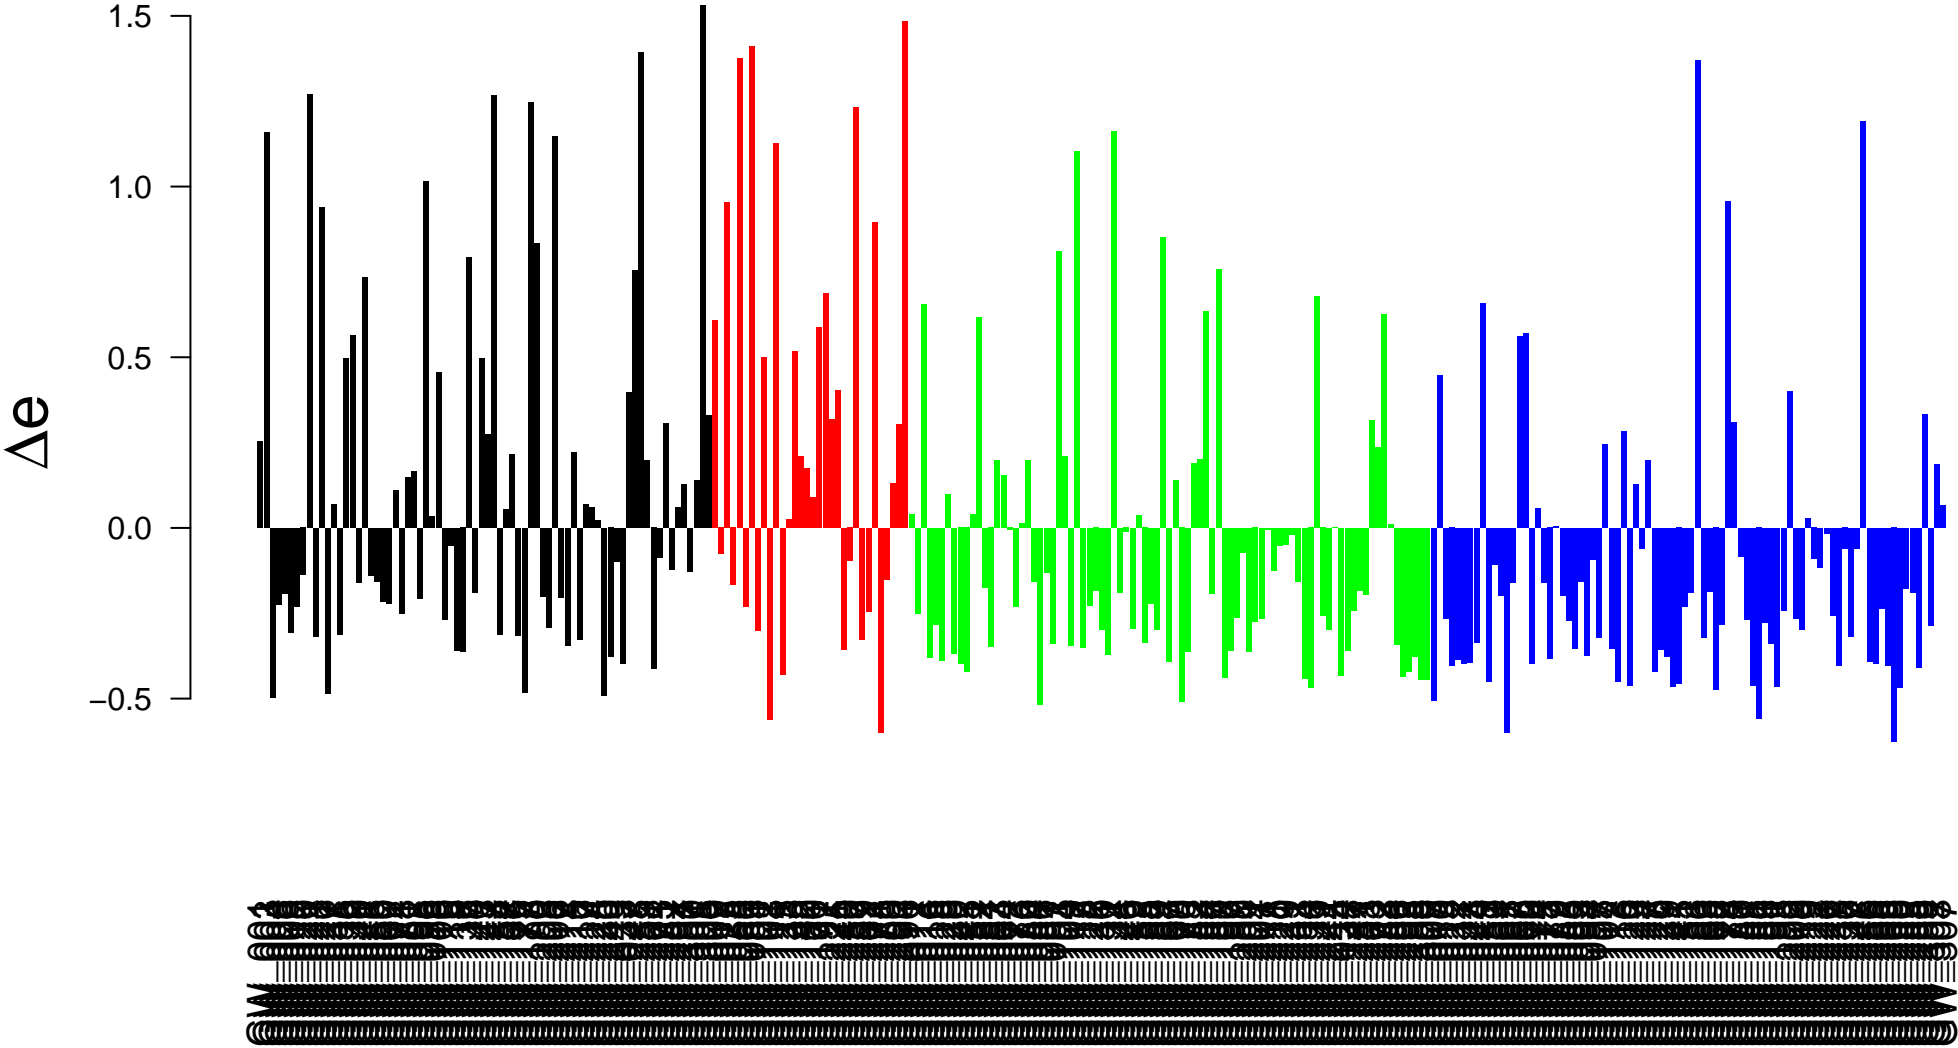

Enrichment in spots: central nervous system projection neuron axonogenesis

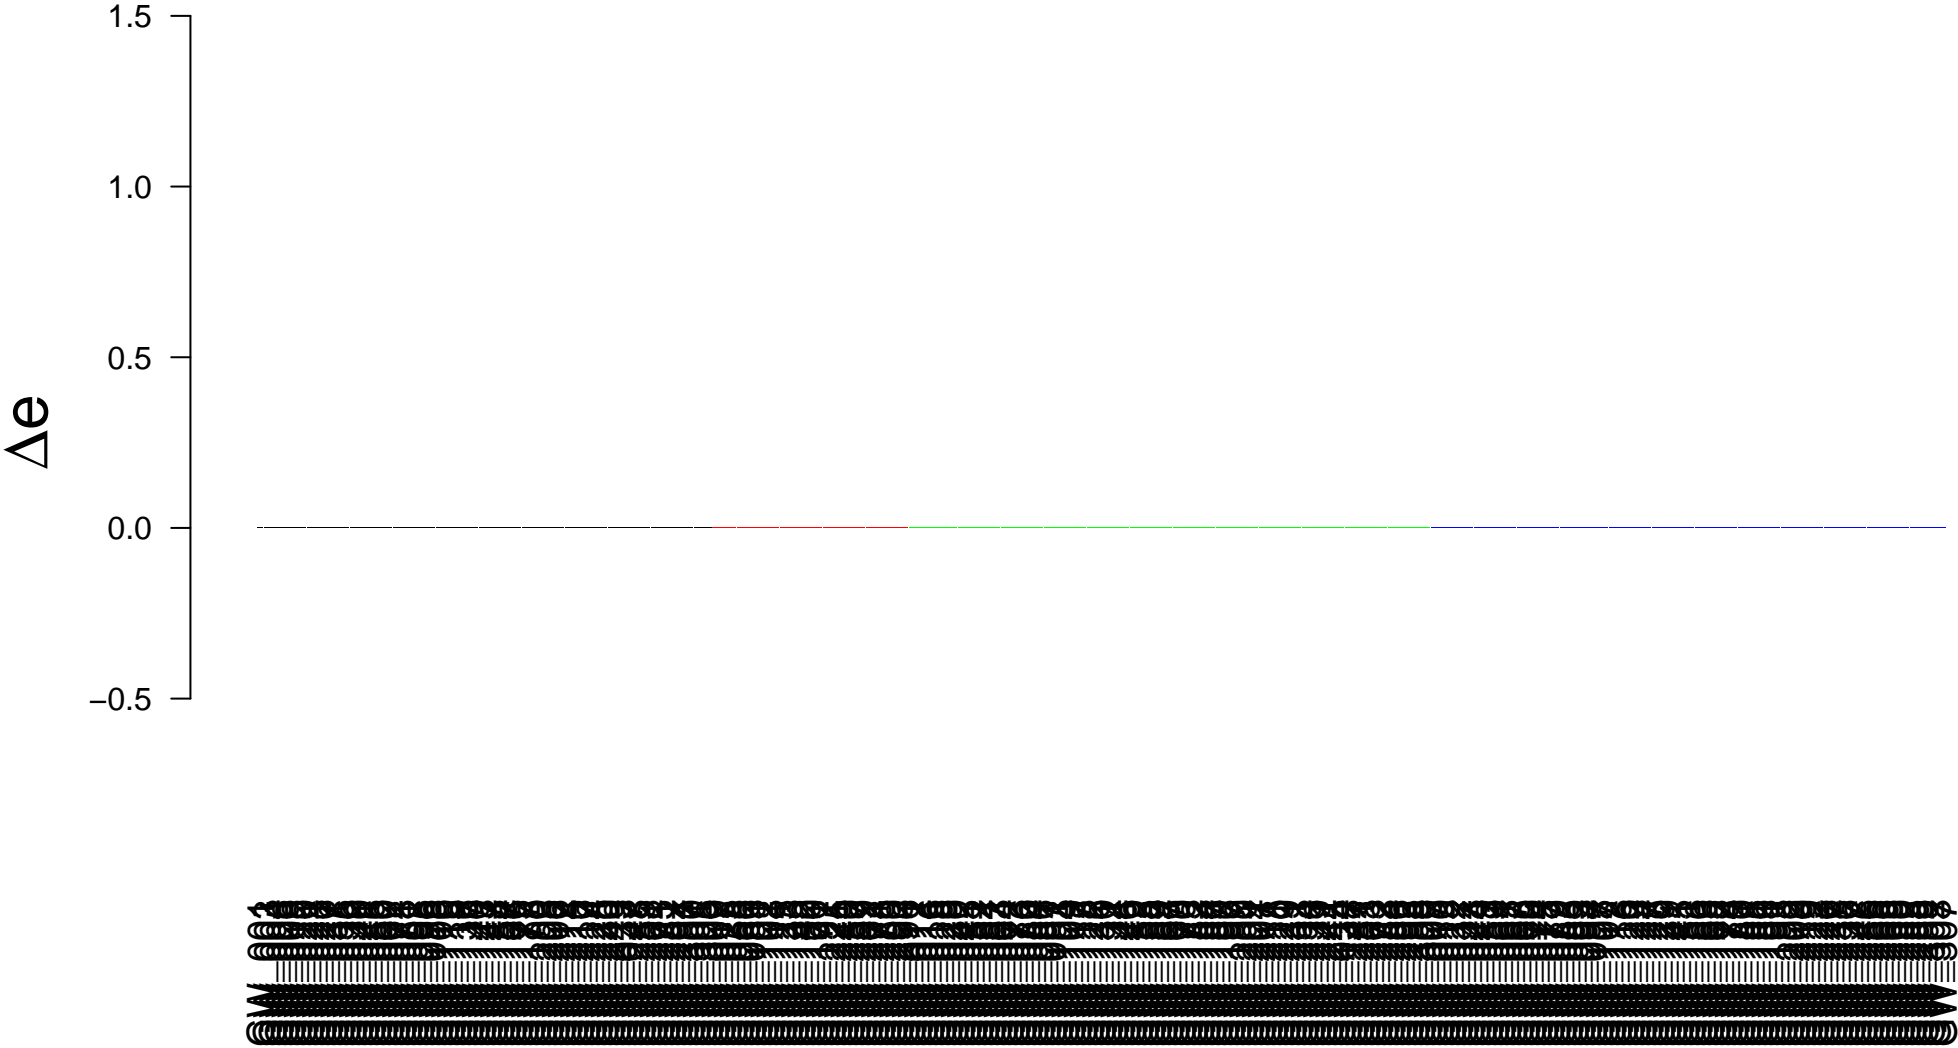

Expression of central nervous system projection neuron axonogenesis in Spot A

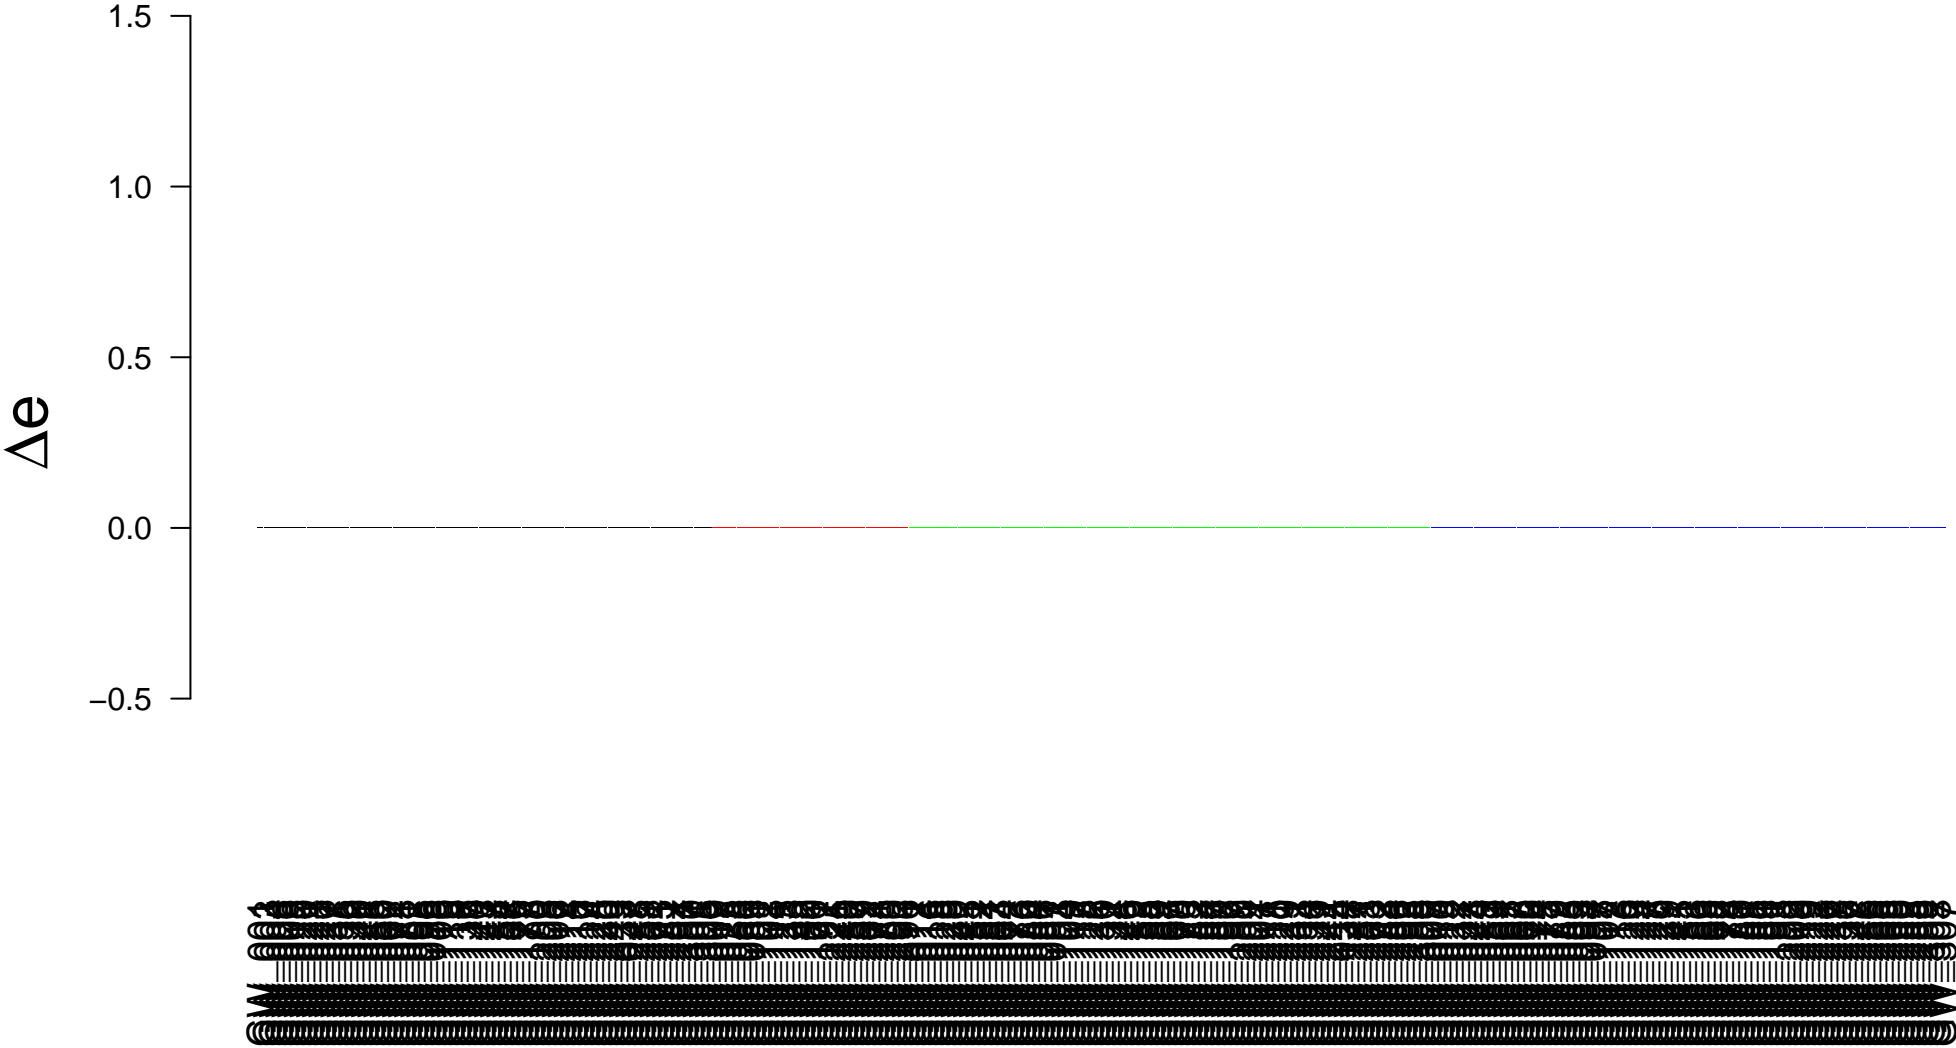

Expression of central nervous system projection neuron axonogenesis in Spot B

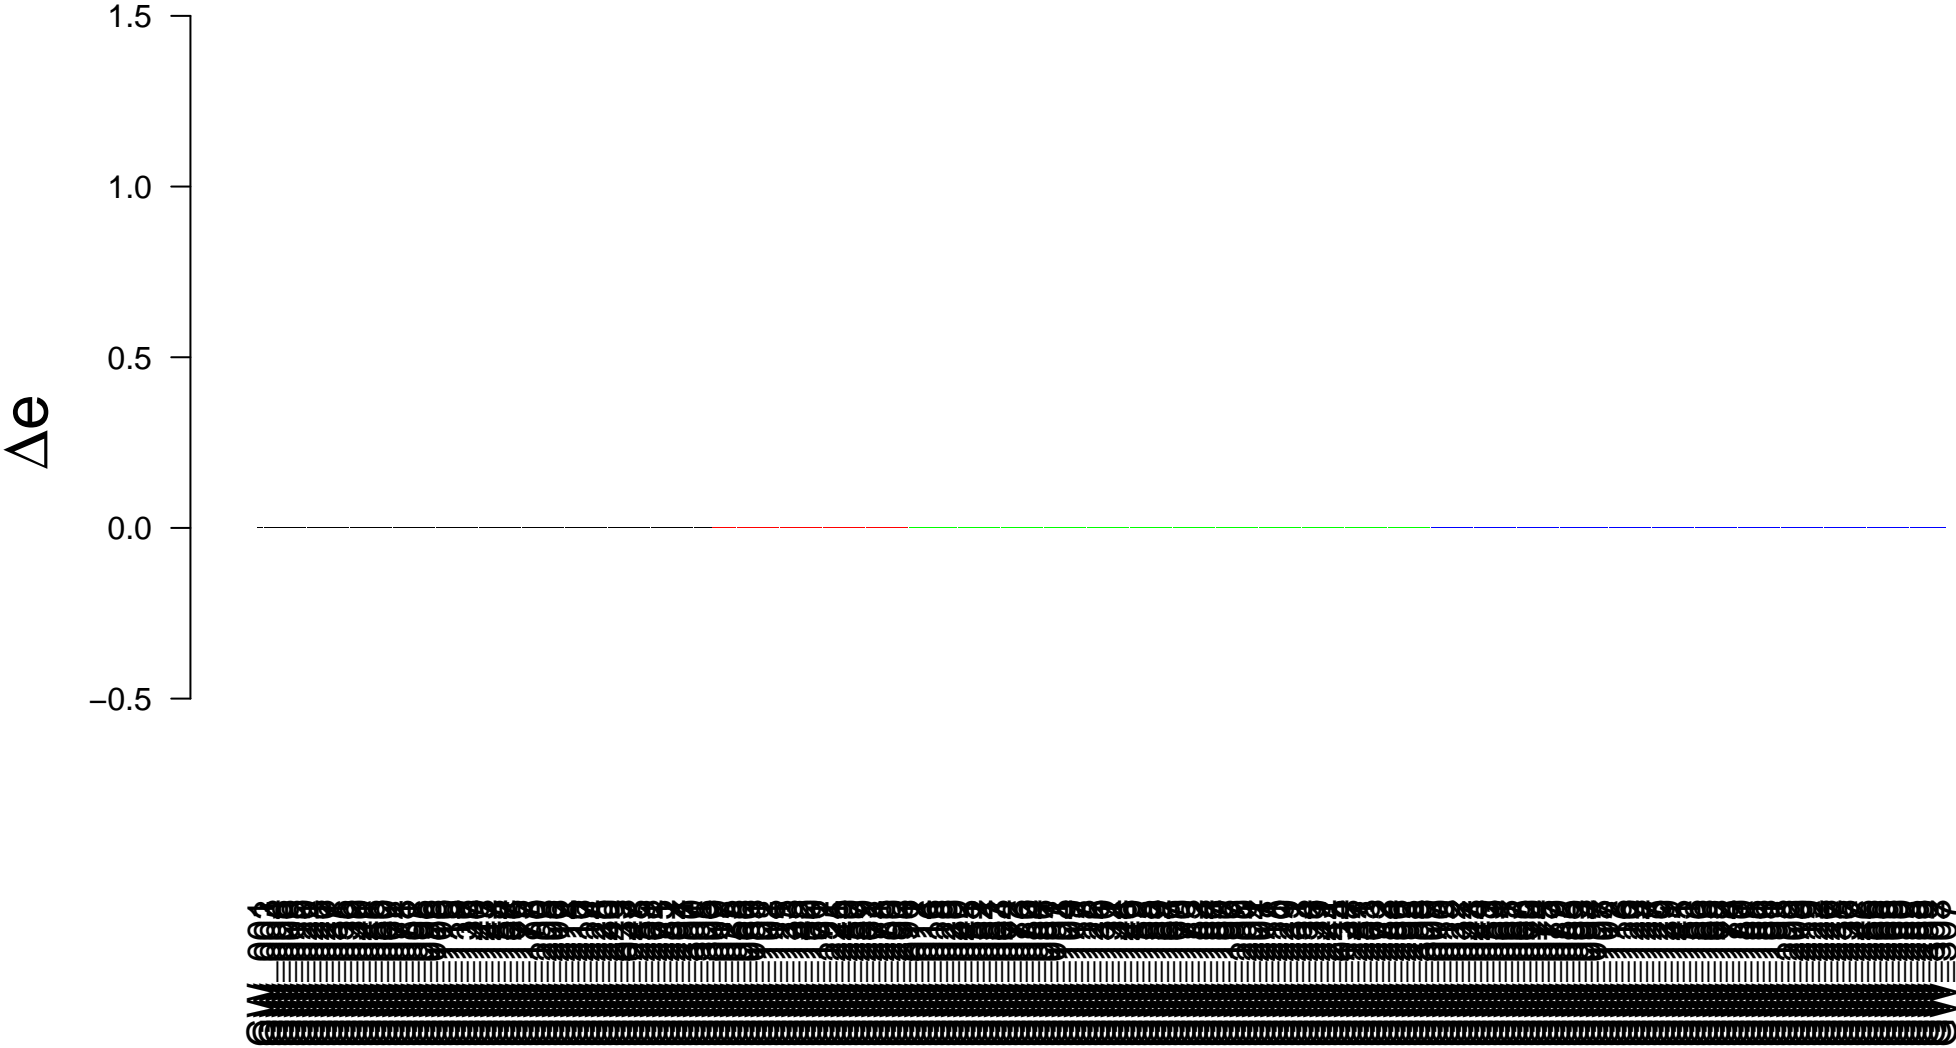

Expression of central nervous system projection neuron axonogenesis in Spot C

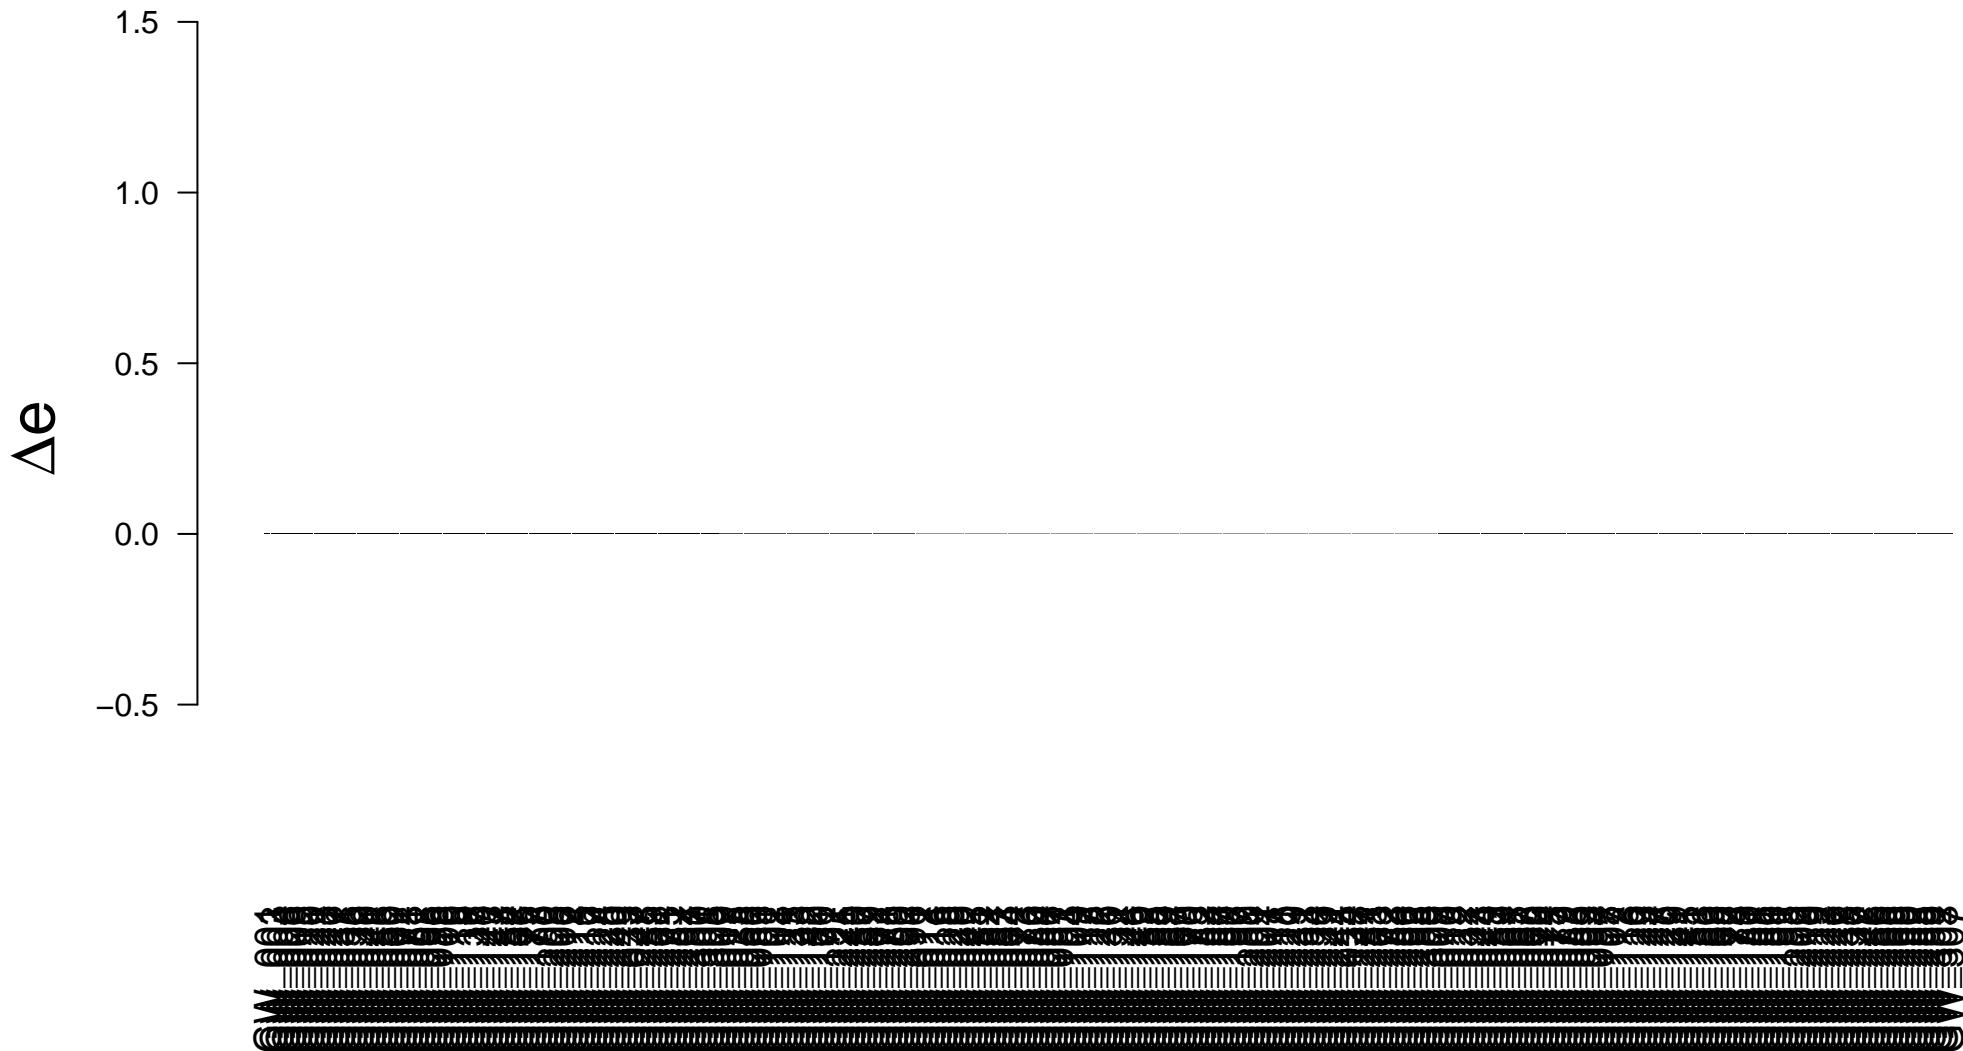

Expression of central nervous system projection neuron axonogenesis in Spot D

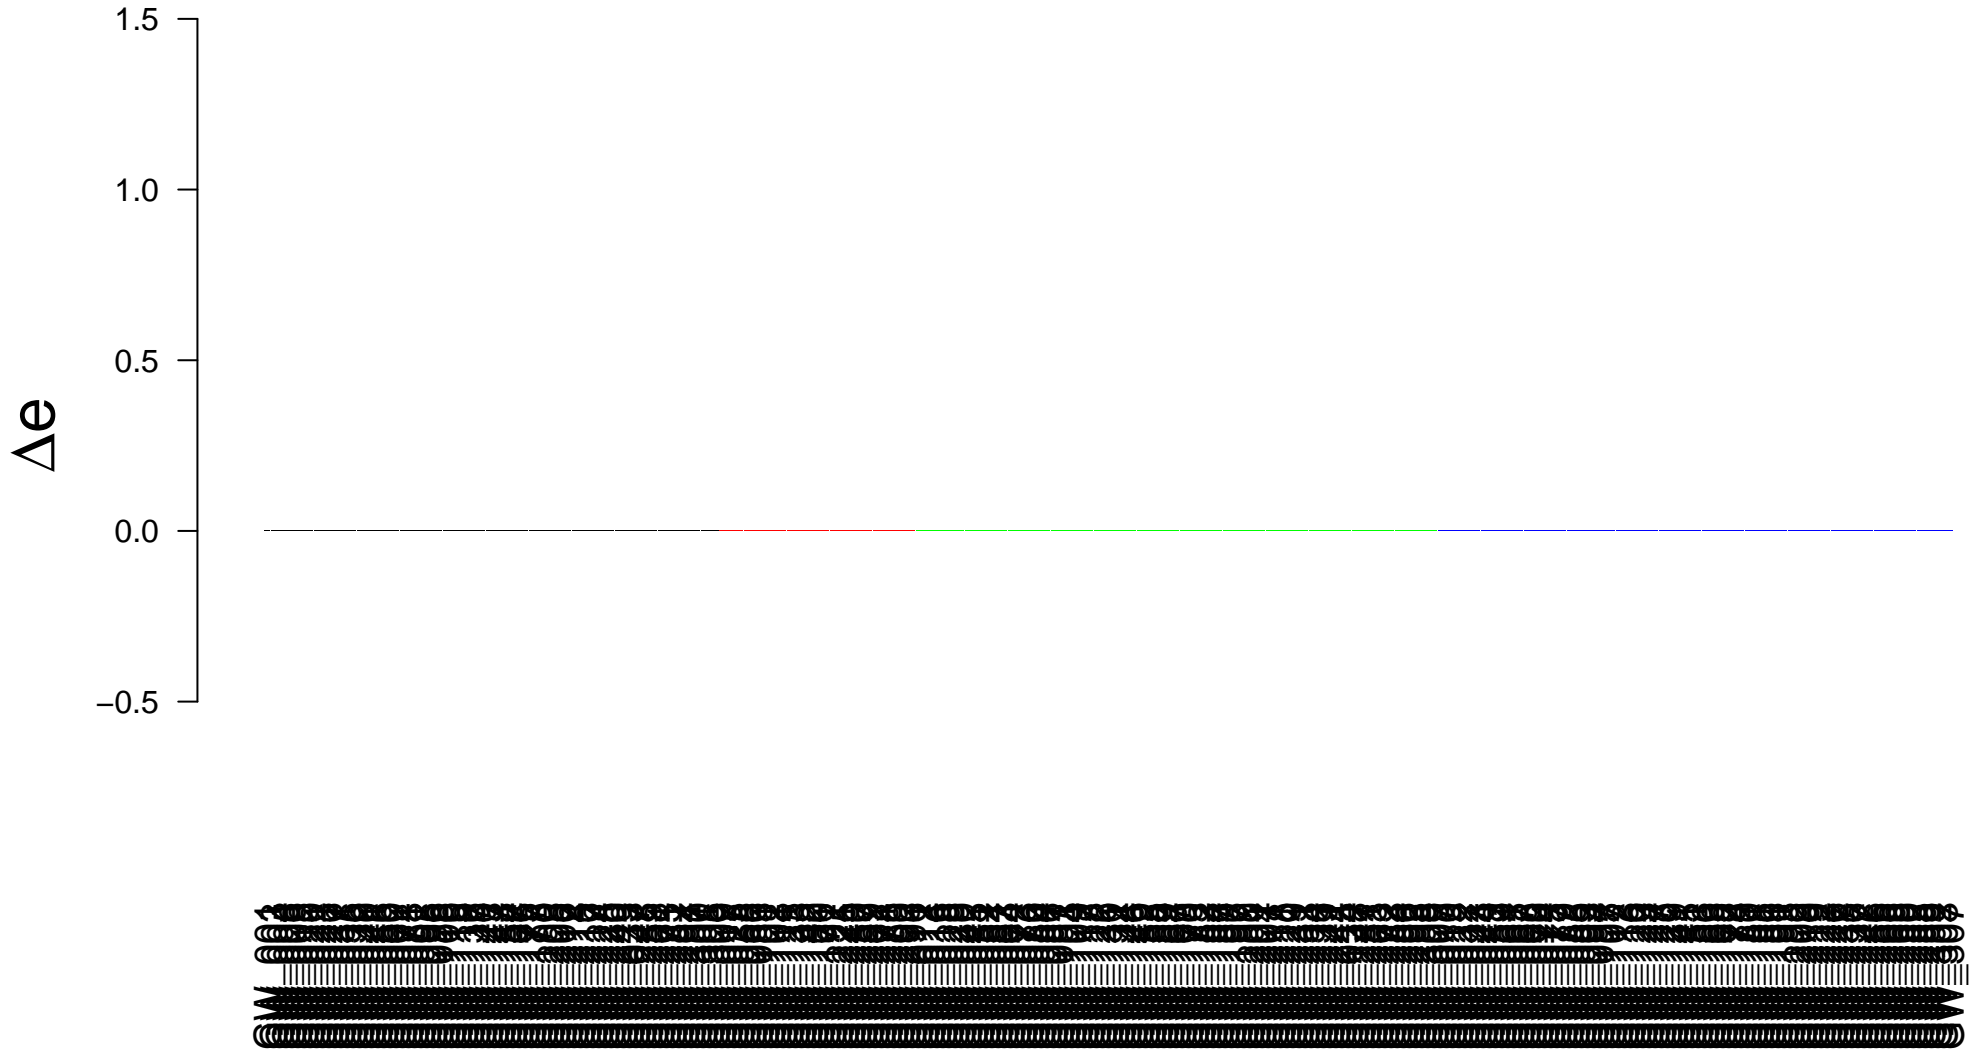

Expression of central nervous system projection neuron axonogenesis in Spot E

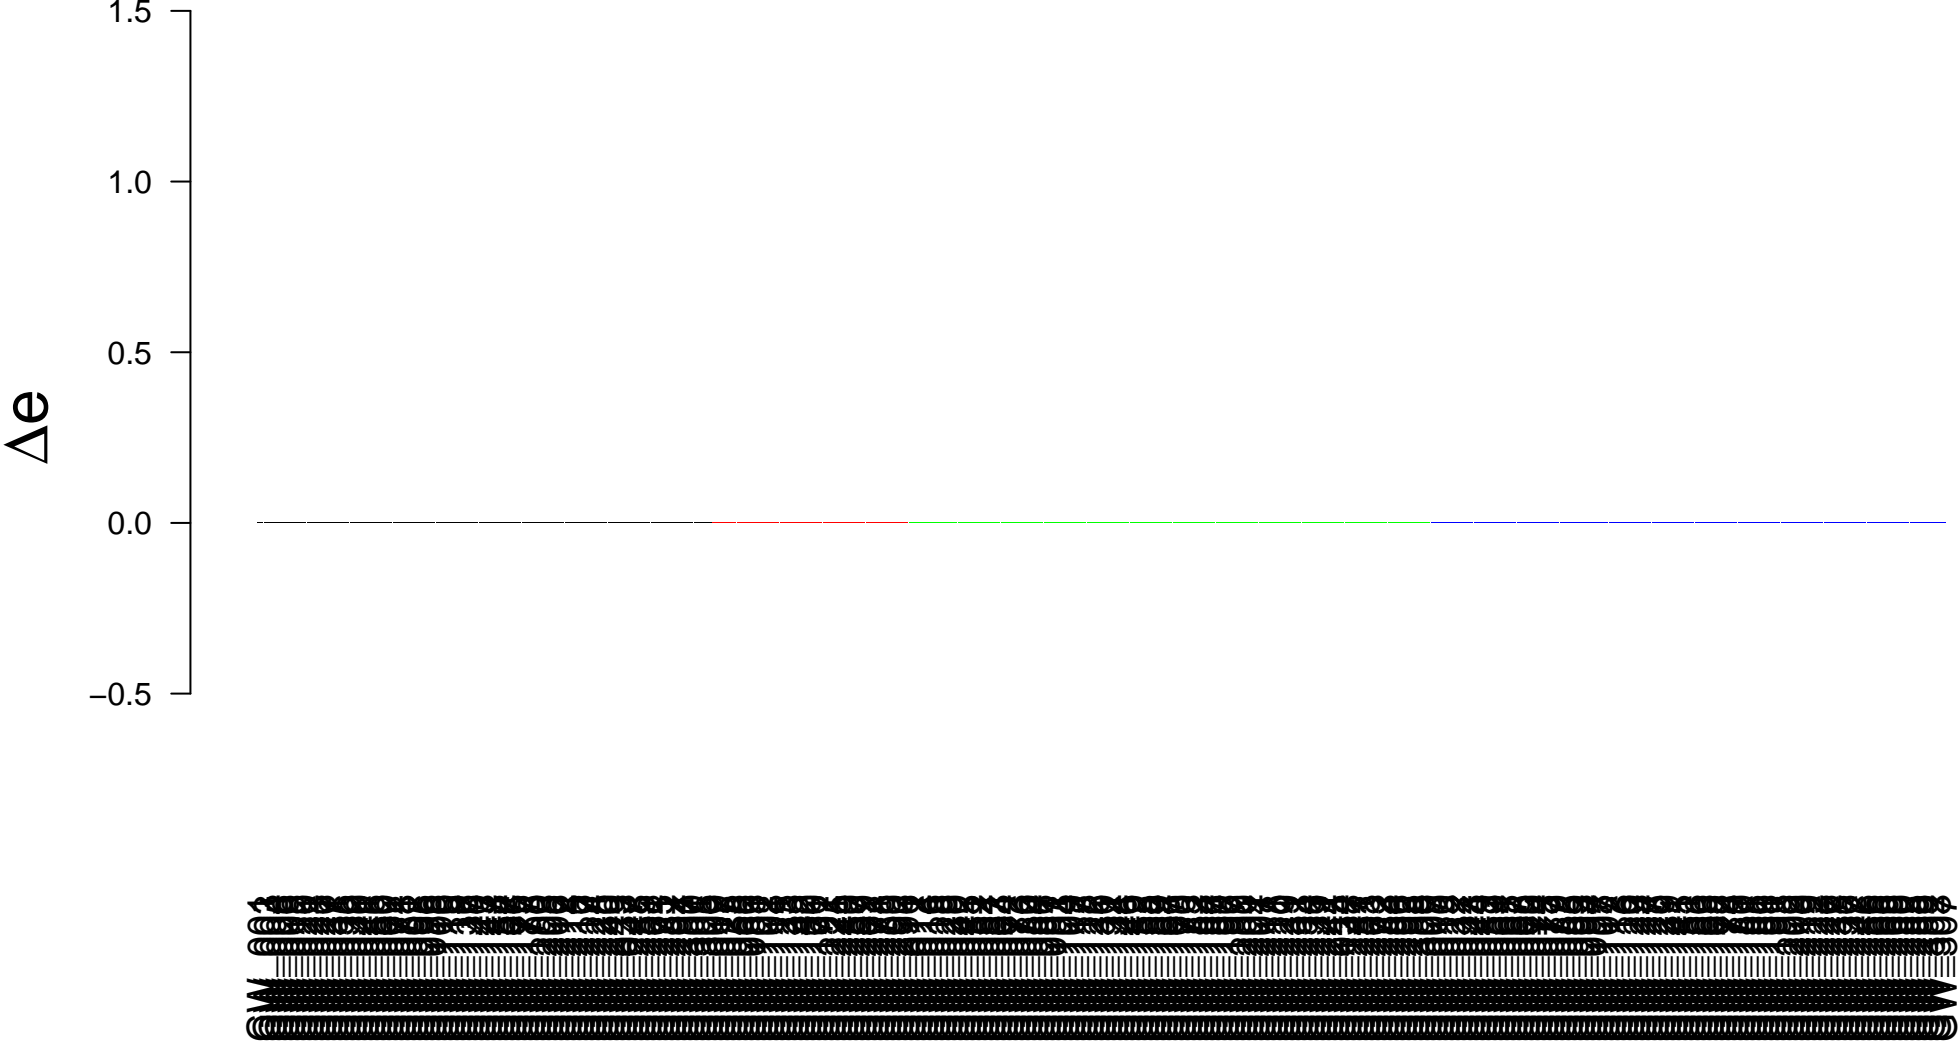

Expression of central nervous system projection neuron axonogenesis in Spot F

Expression of central nervous system projection neuron axonogenesis in Spot G

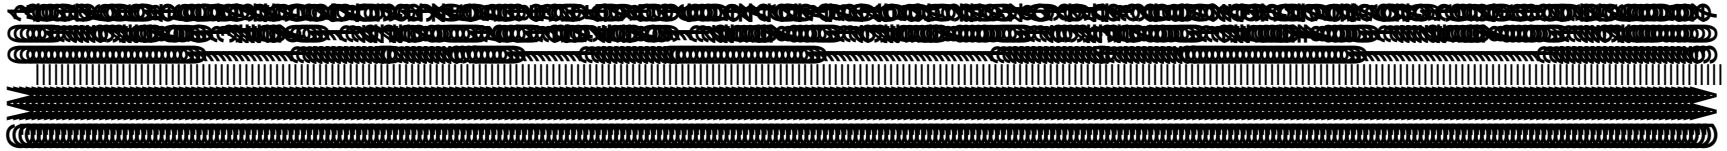

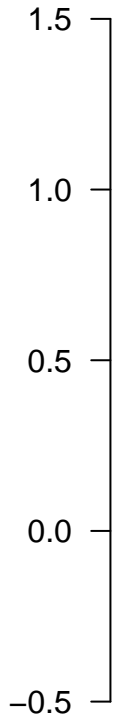

Expression of central nervous system projection neuron axonogenesis in Spot H

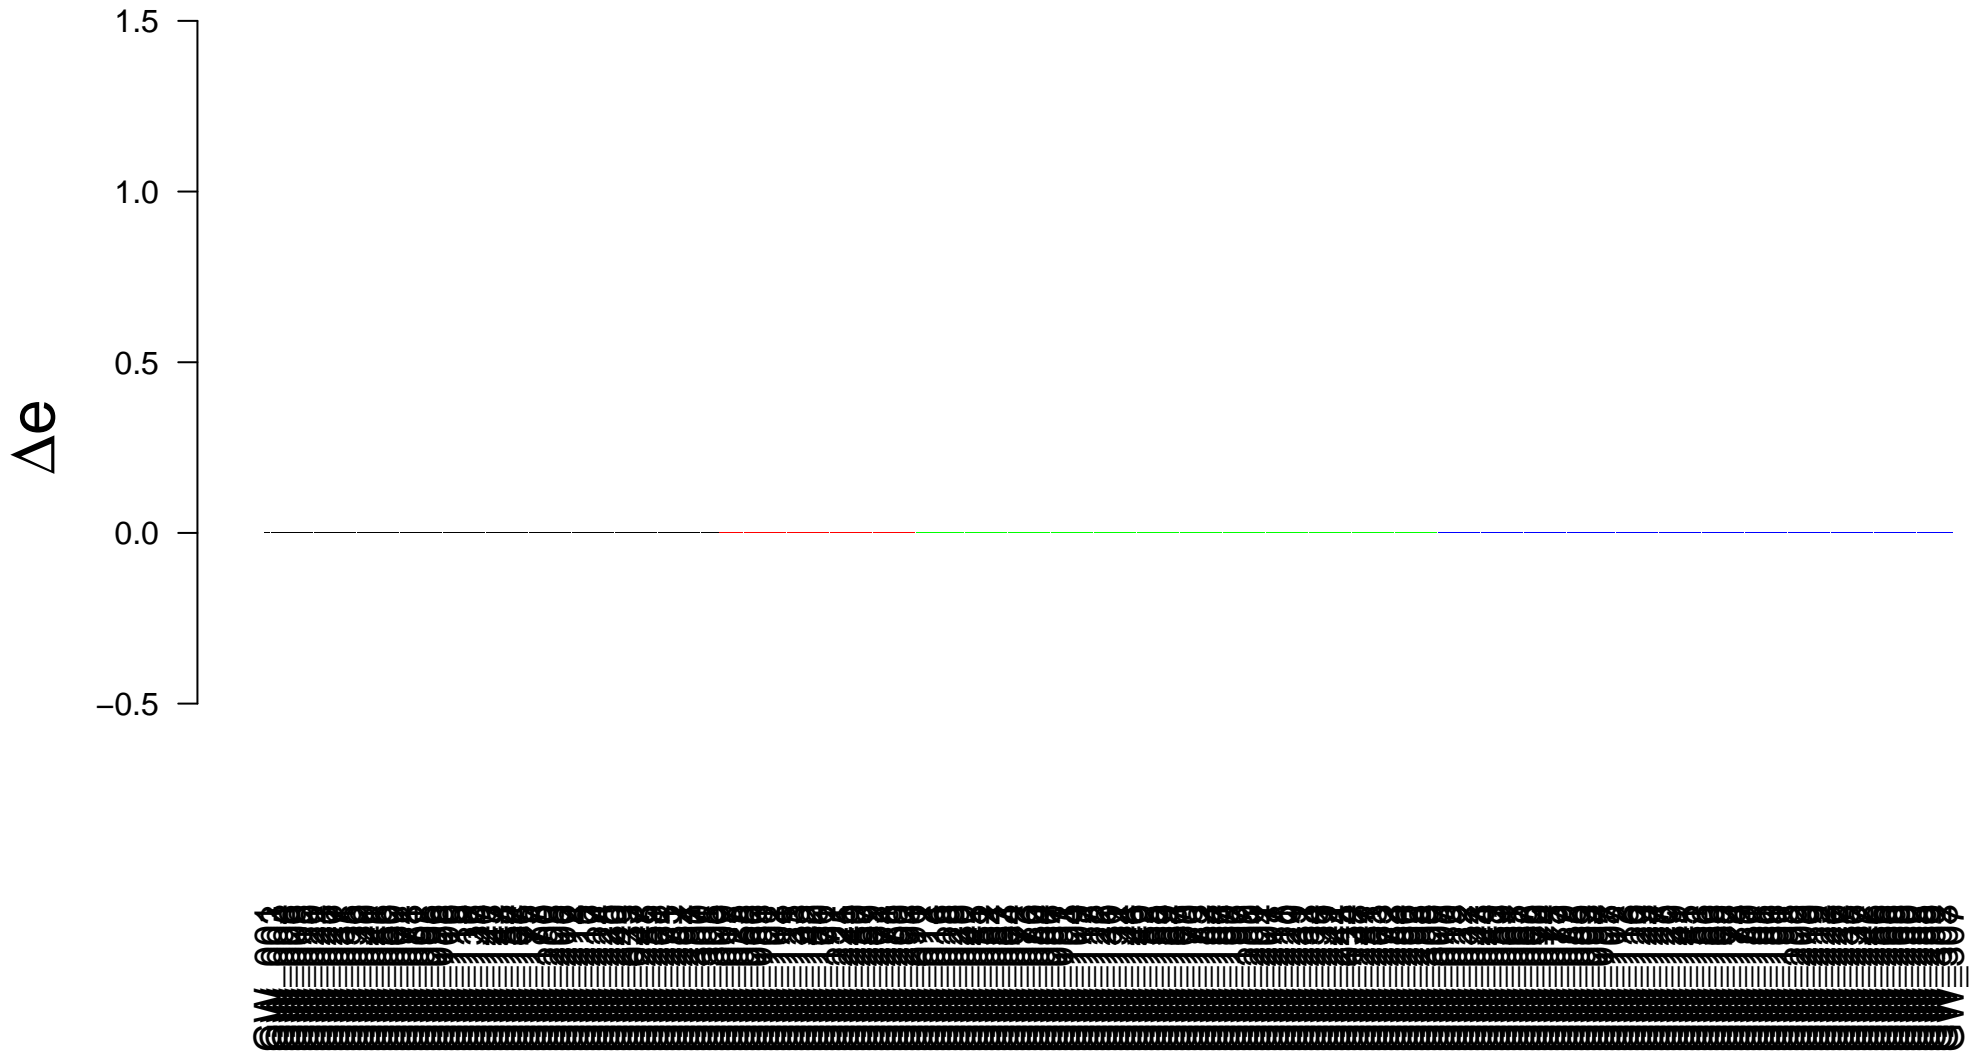

Expression of central nervous system projection neuron axonogenesis in Spot I

Δe

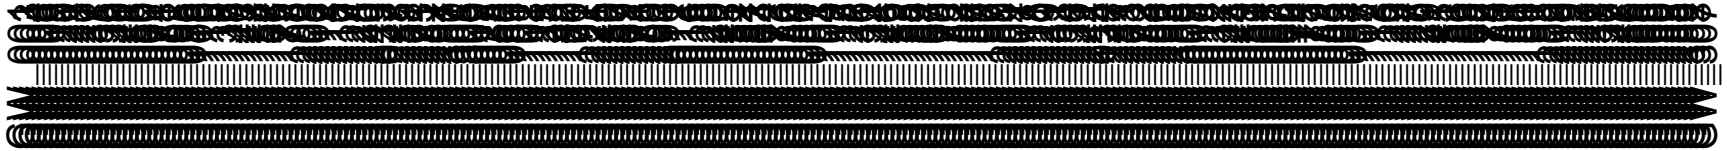

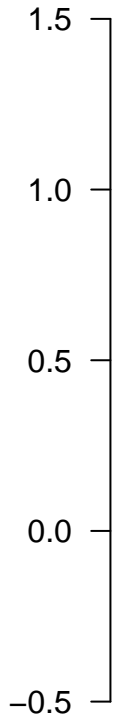

Expression of central nervous system projection neuron axonogenesis in Spot J

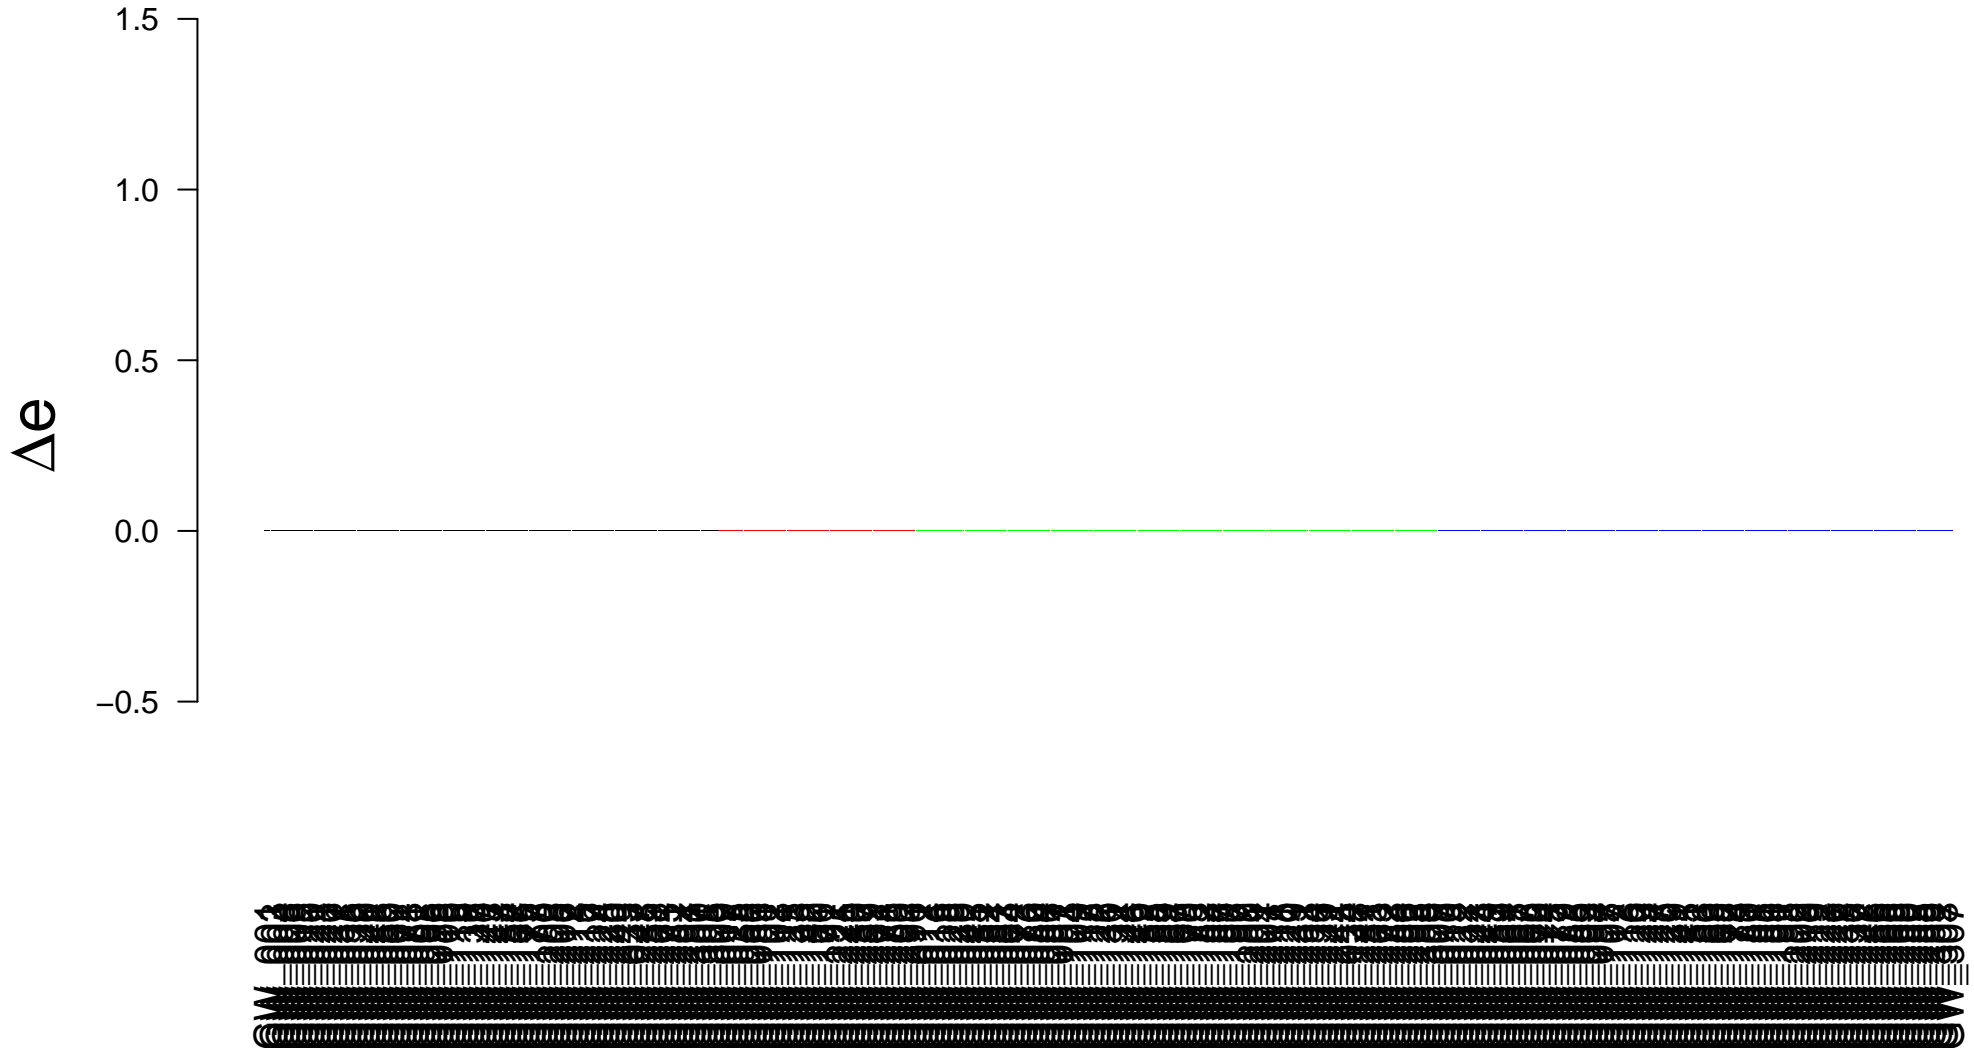

Expression of central nervous system projection neuron axonogenesis in Spot K

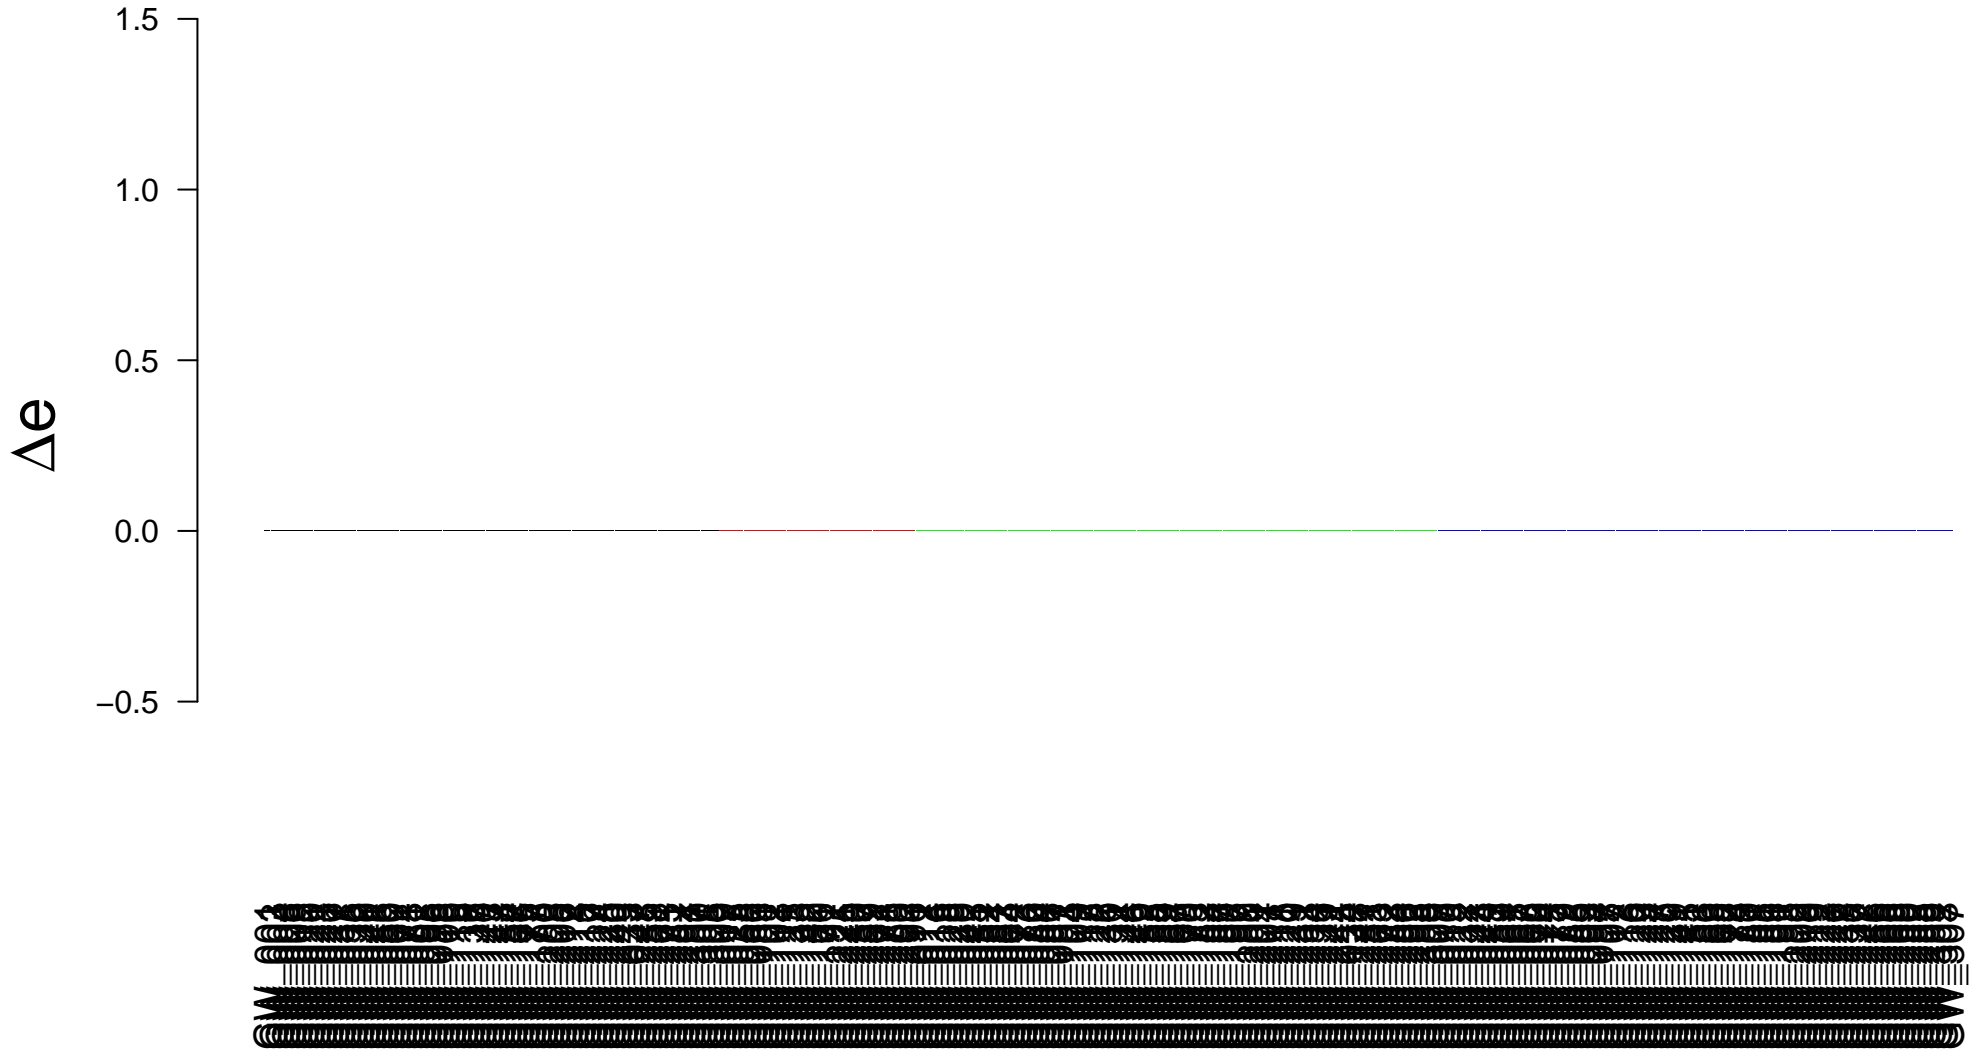

Δe

Expression of central nervous system projection neuron axonogenesis in Spot L

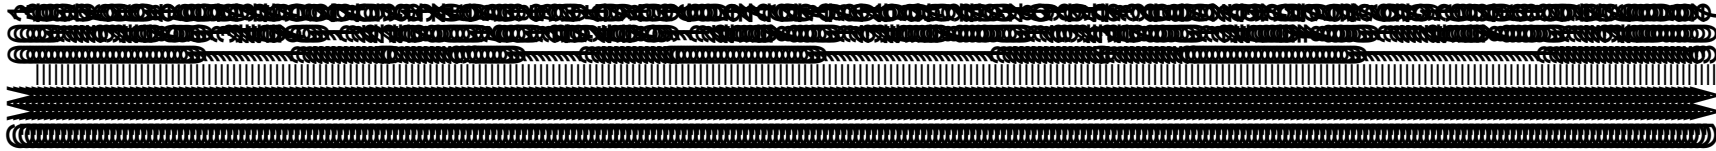

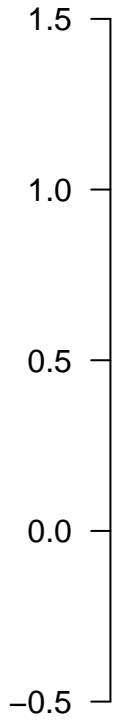

Expression of central nervous system projection neuron axonogenesis in Spot M

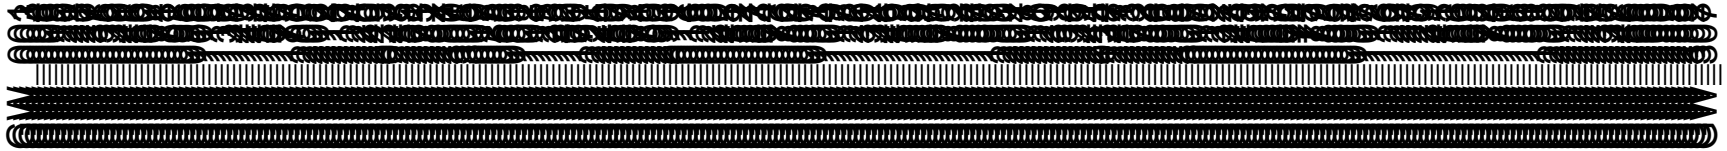

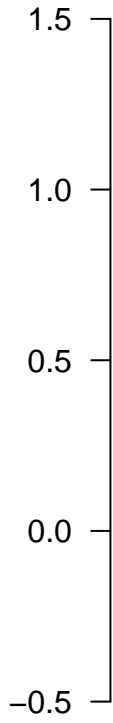

Expression of central nervous system projection neuron axonogenesis in Spot N

Δe

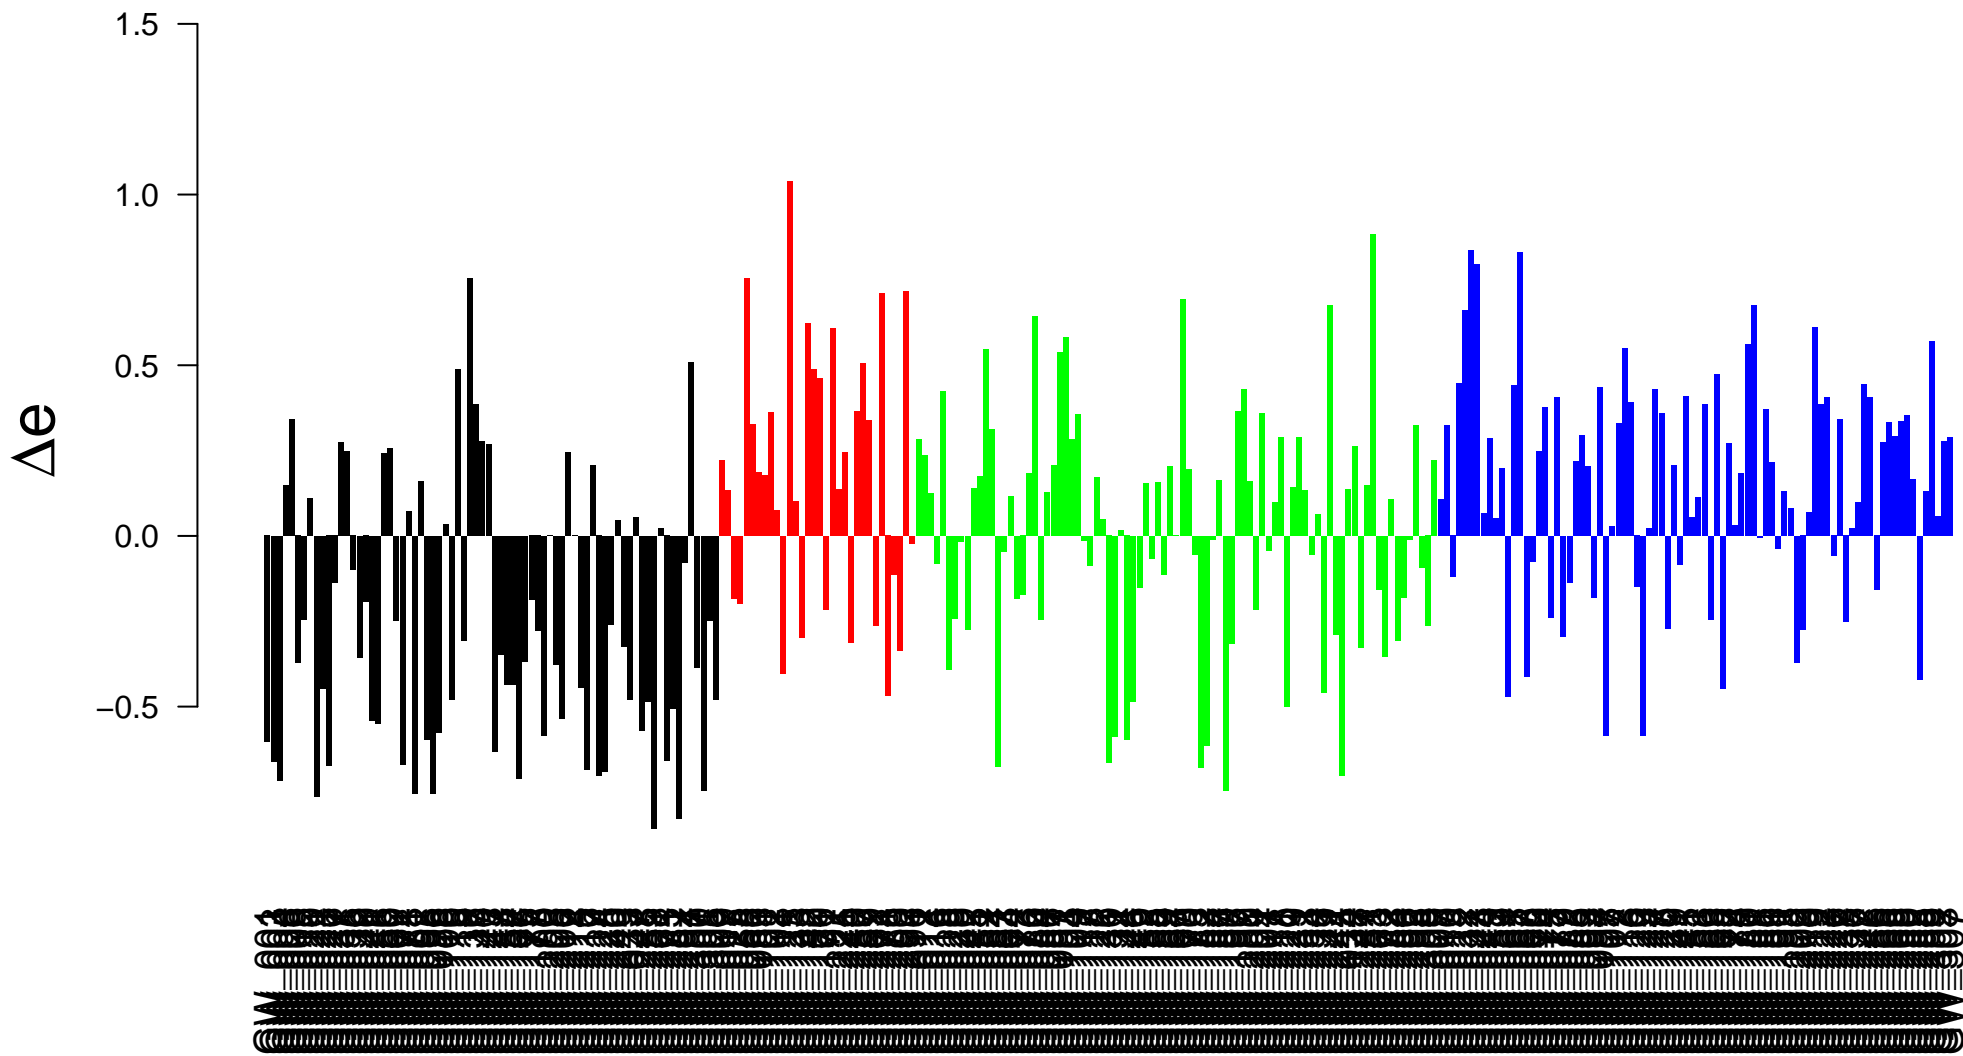

Expression of central nervous system projection neuron axonogenesis in Spot O

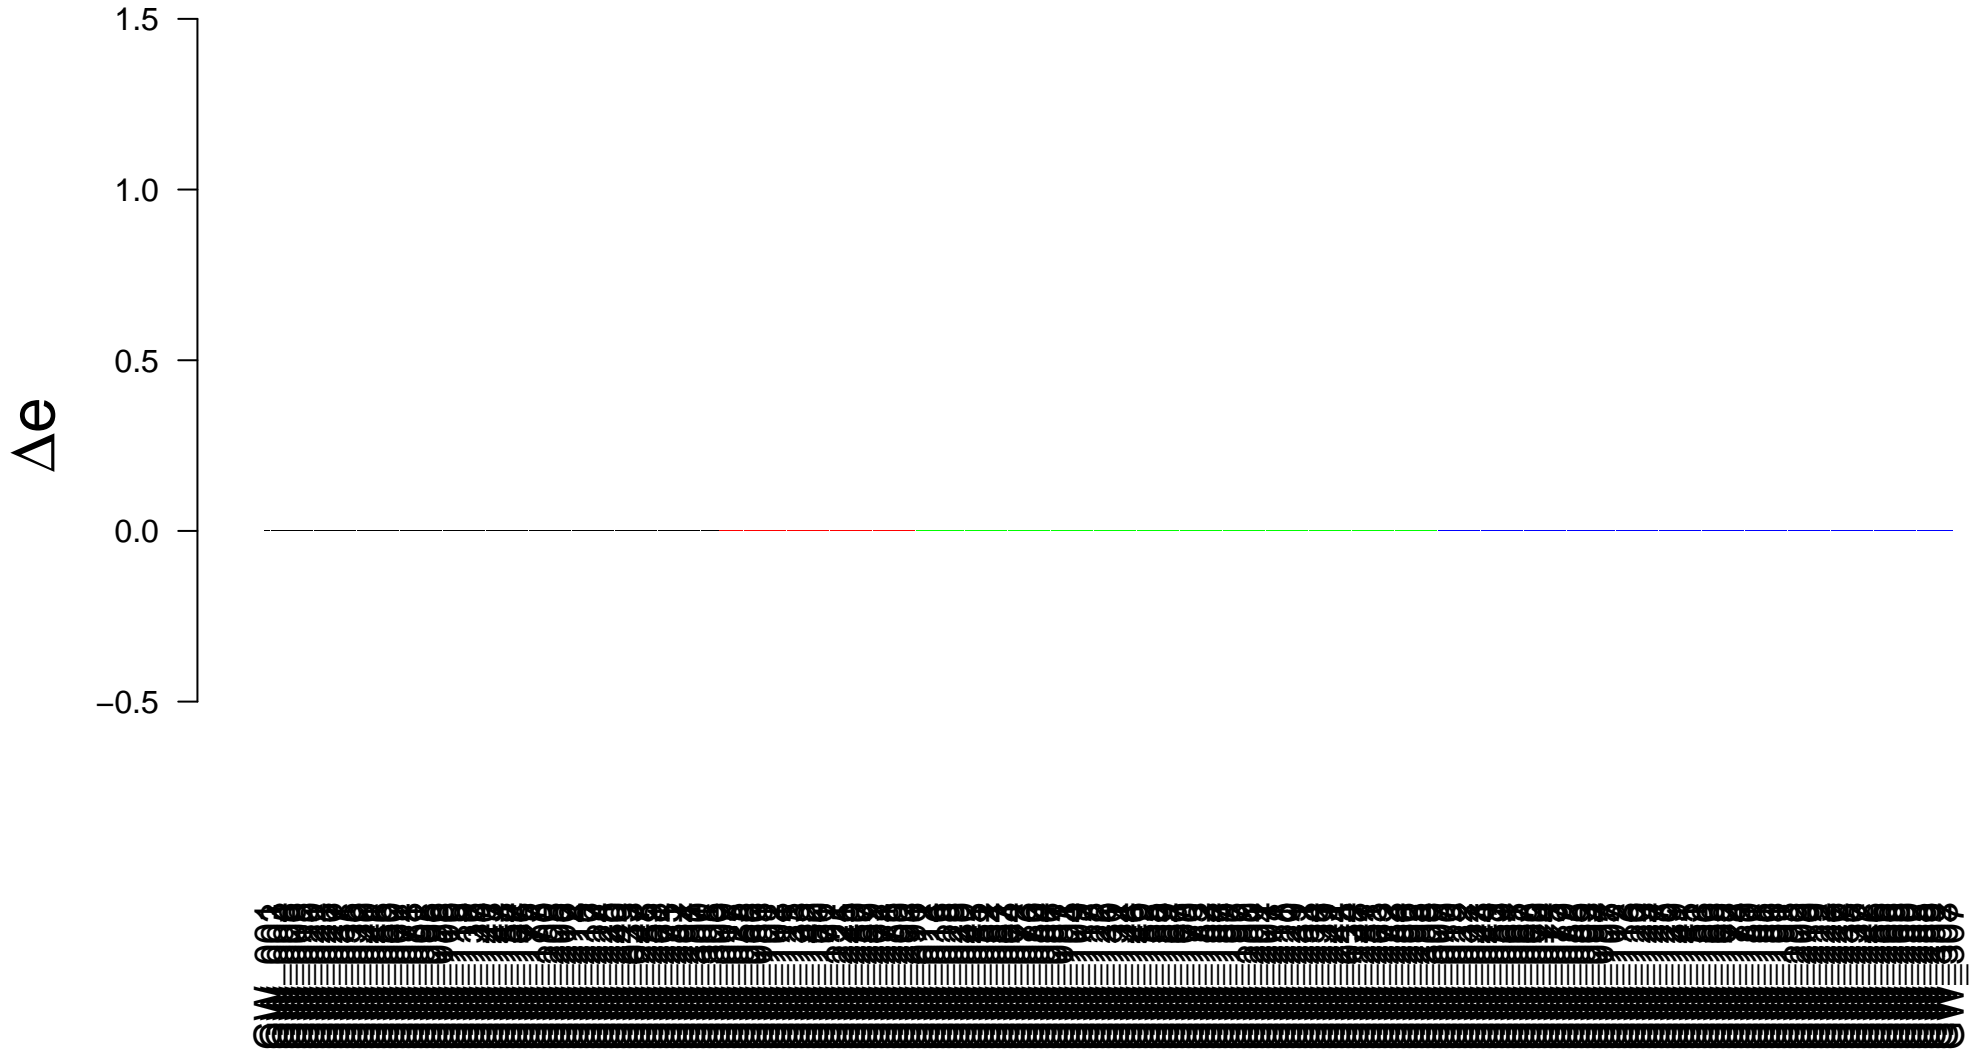

Δe

Expression of central nervous system projection neuron axonogenesis in Spot P

Expression of central nervous system projection neuron axonogenesis in Spot Q

Expression of central nervous system projection neuron axonogenesis in Spot R

Δe
