

chemokine receptor activity

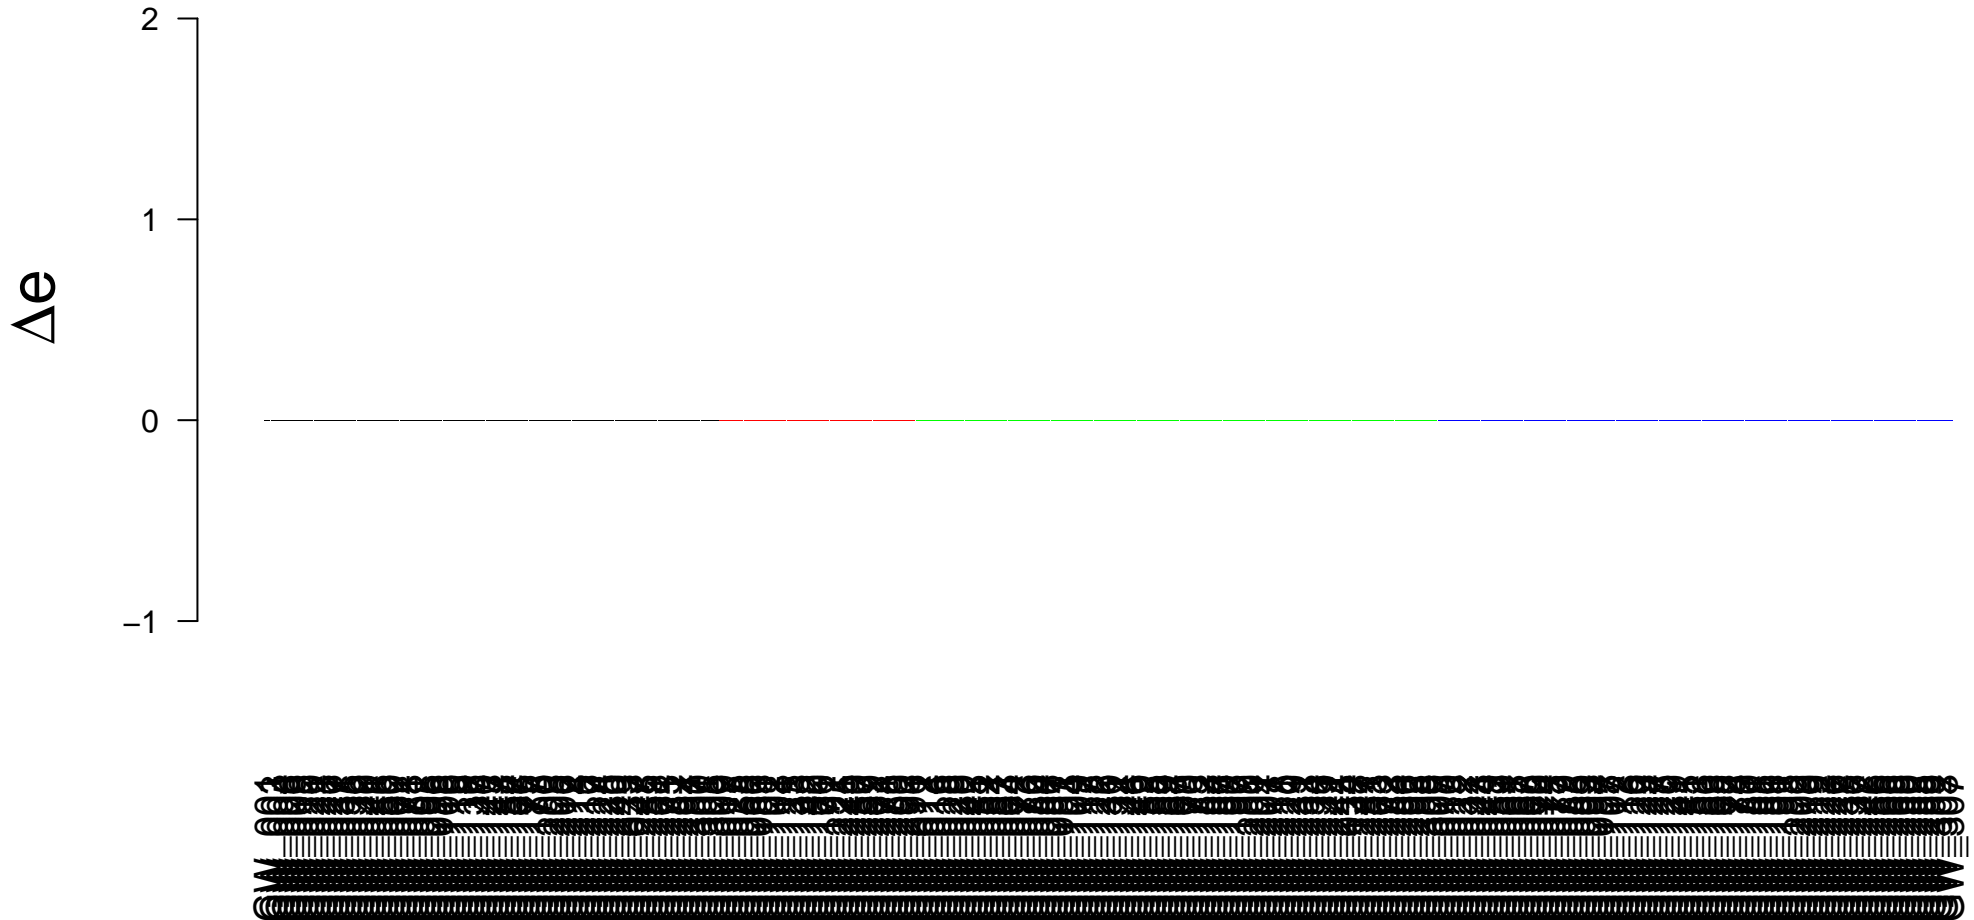

chemokine receptor activity

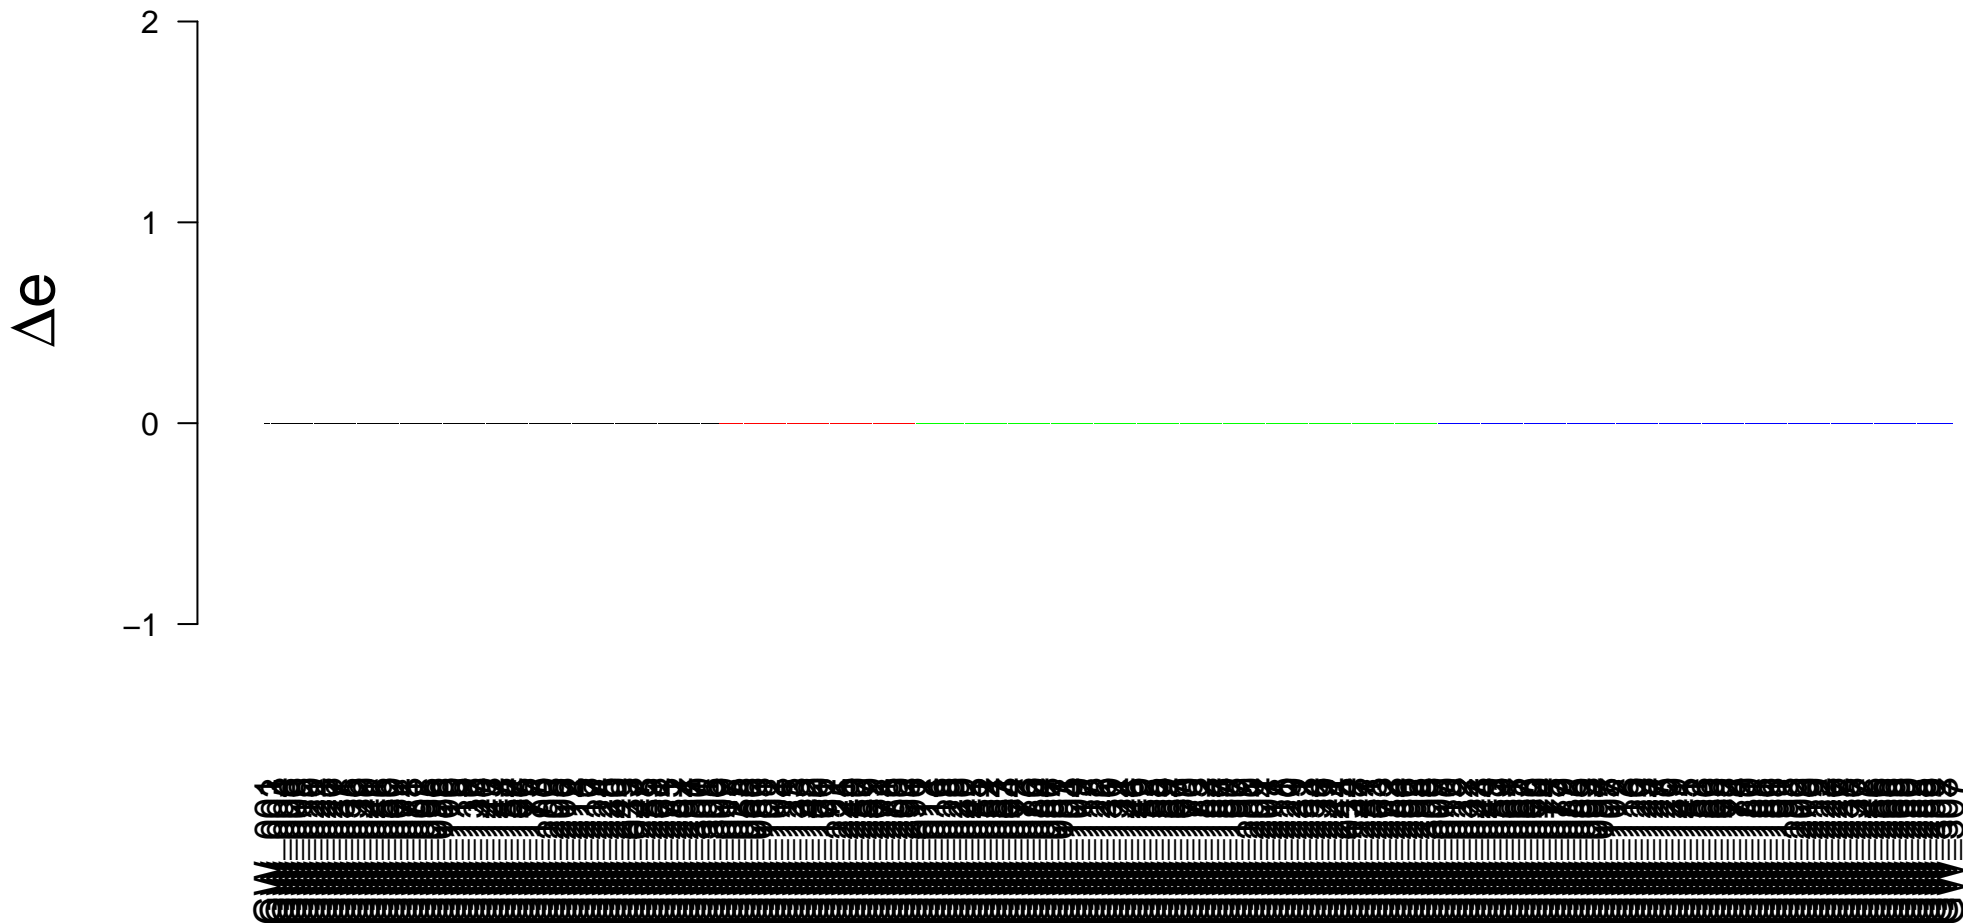

Enrichment in spots: chemokine receptor activity

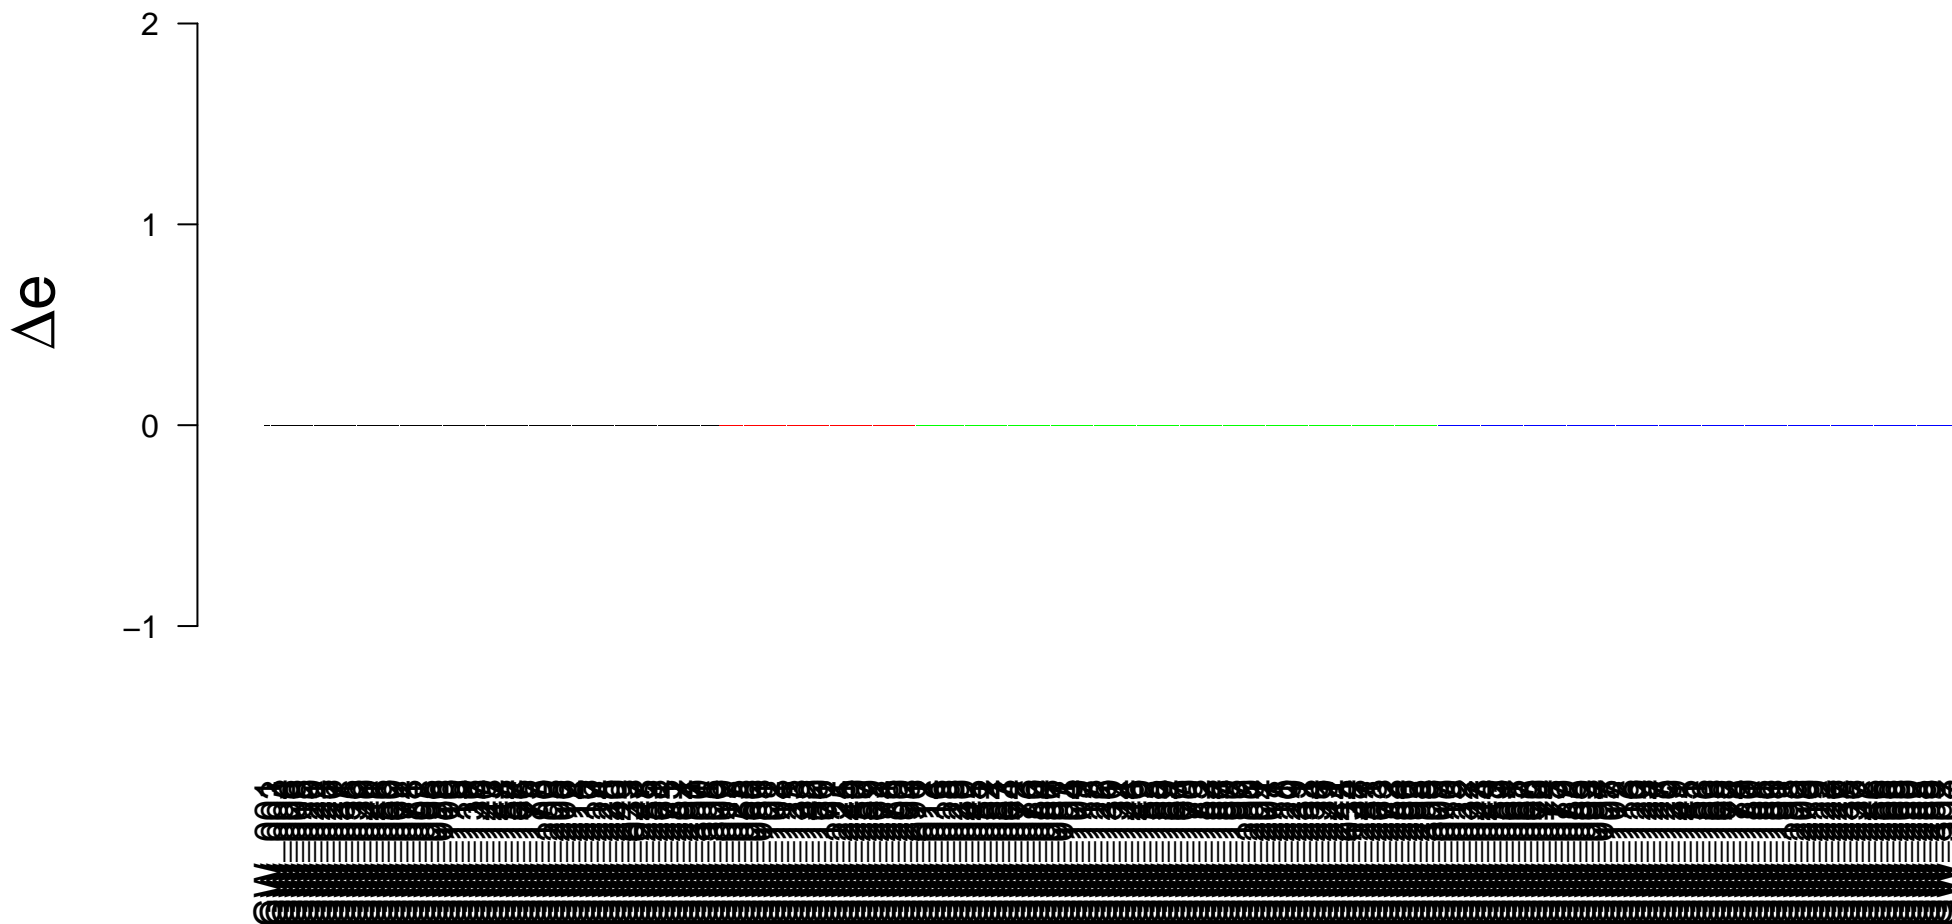

Expression of chemokine receptor activity in Spot A

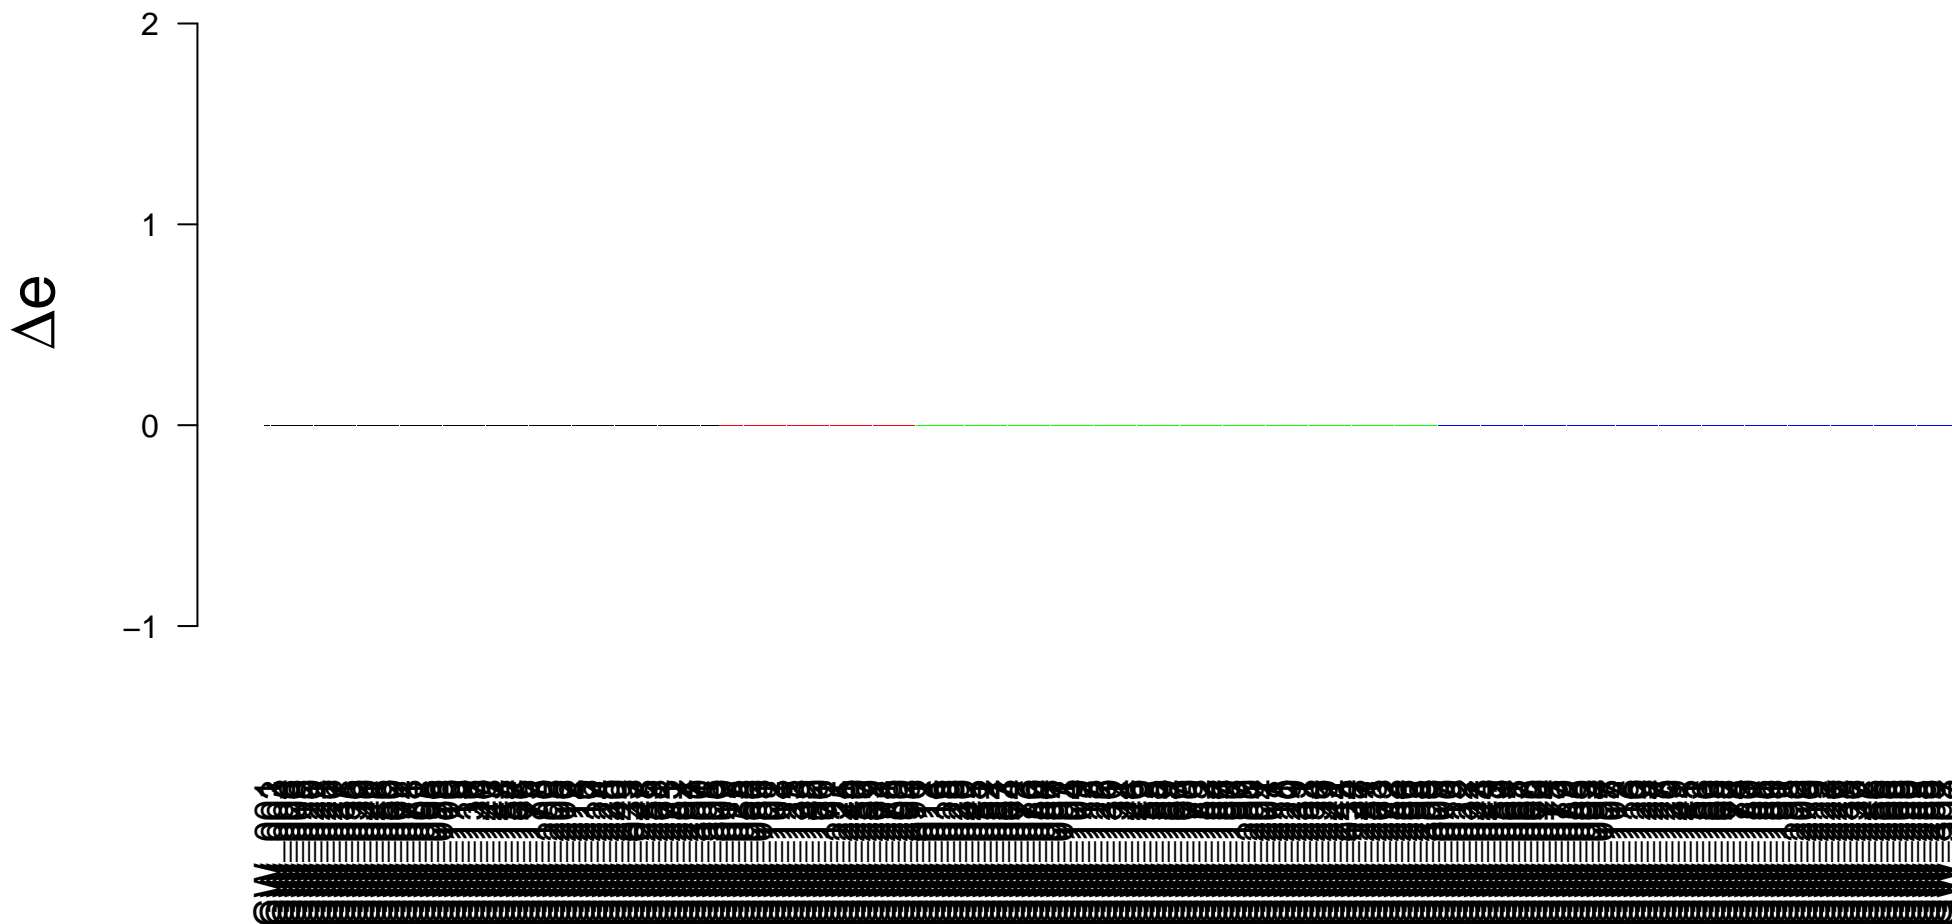

Expression of chemokine receptor activity in Spot B

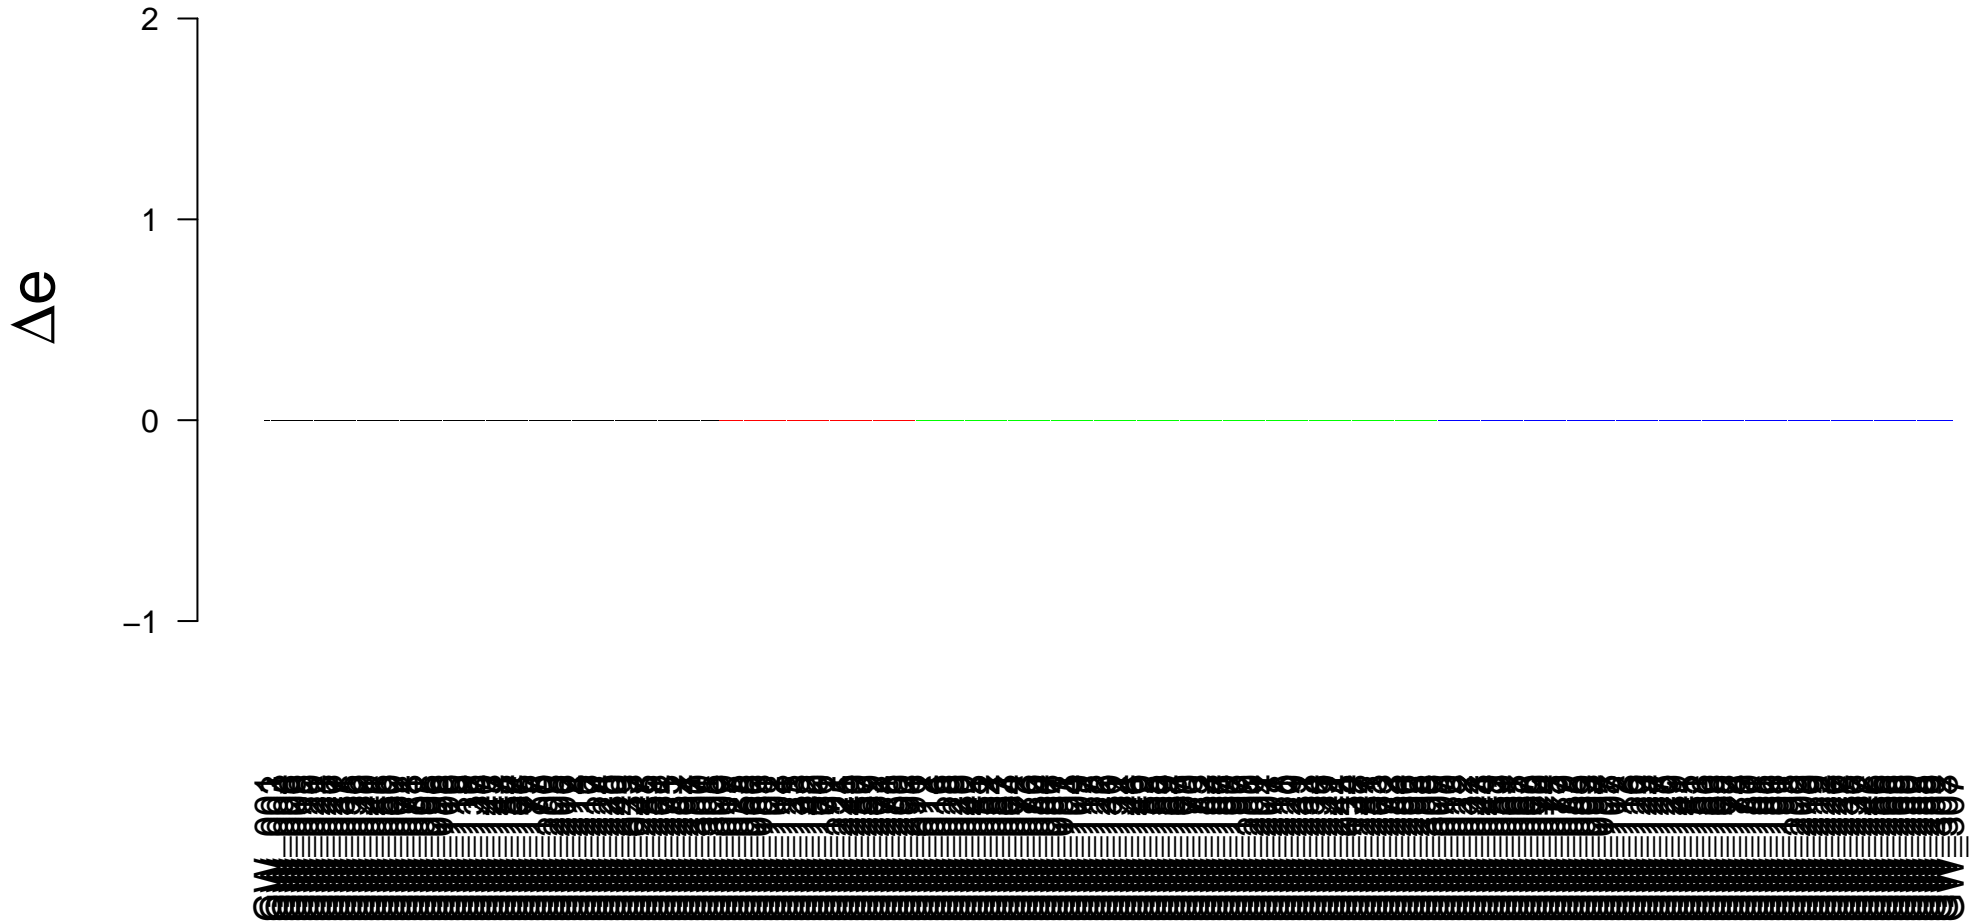

Expression of chemokine receptor activity in Spot C

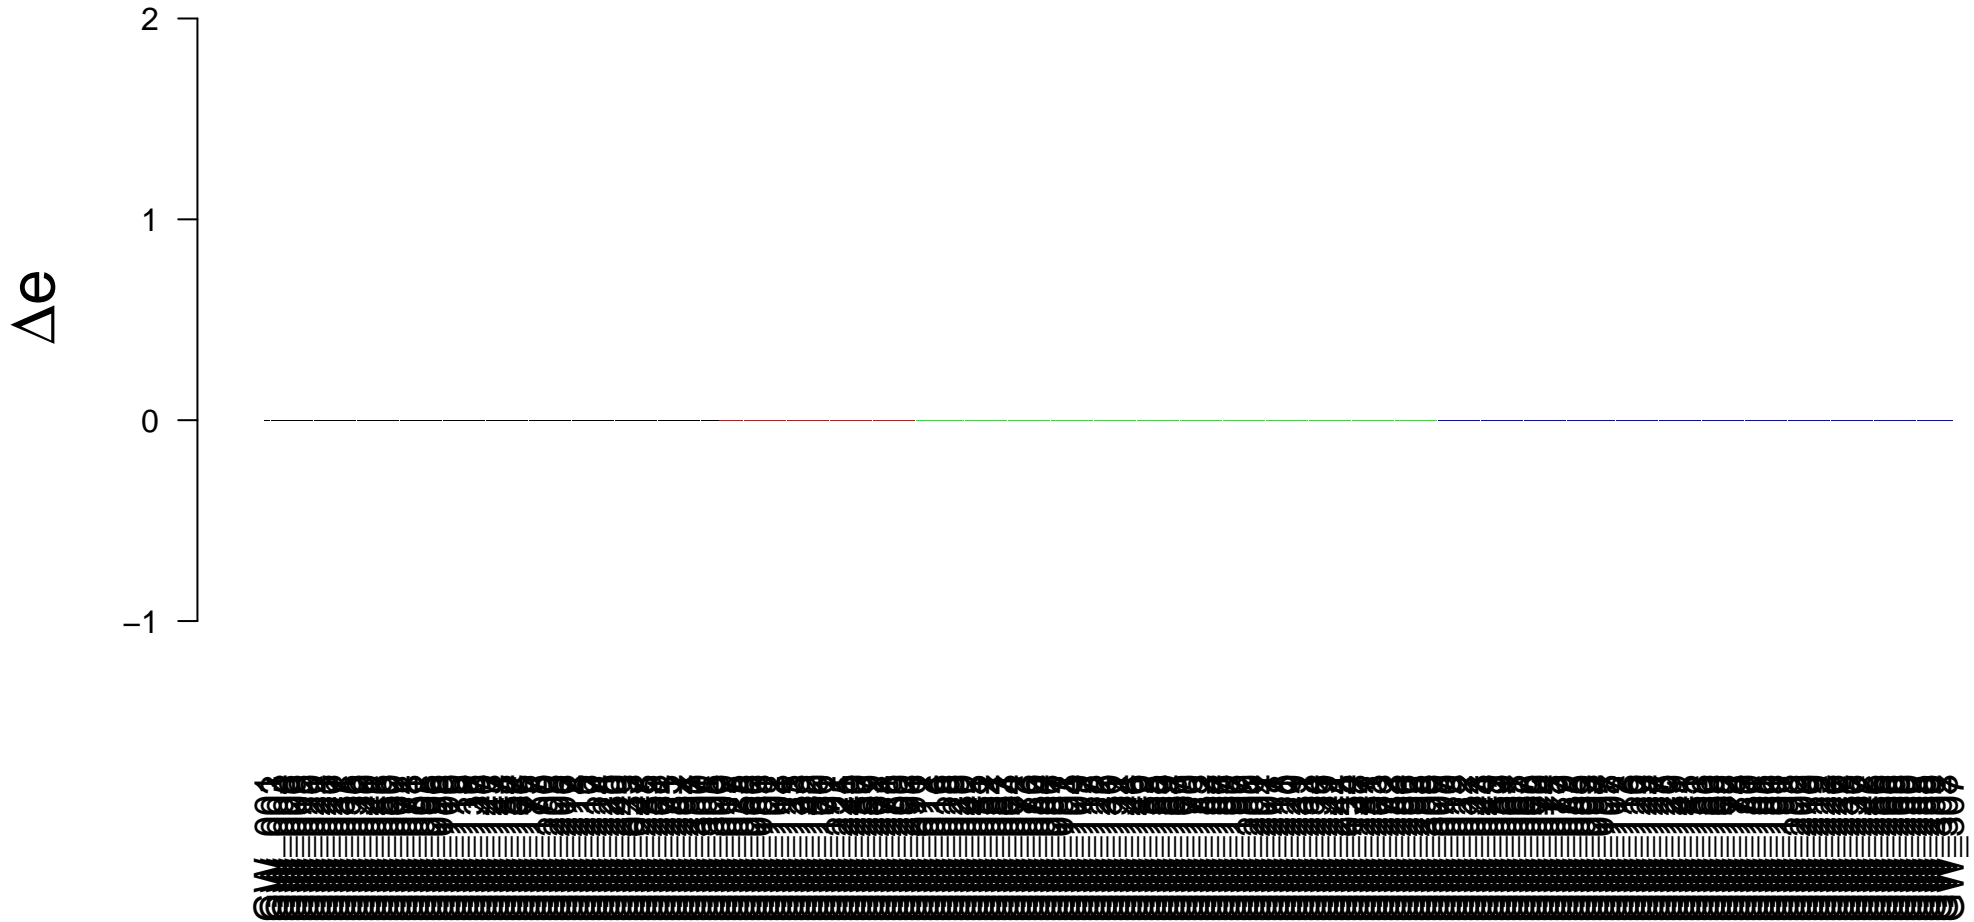

Expression of chemokine receptor activity in Spot D

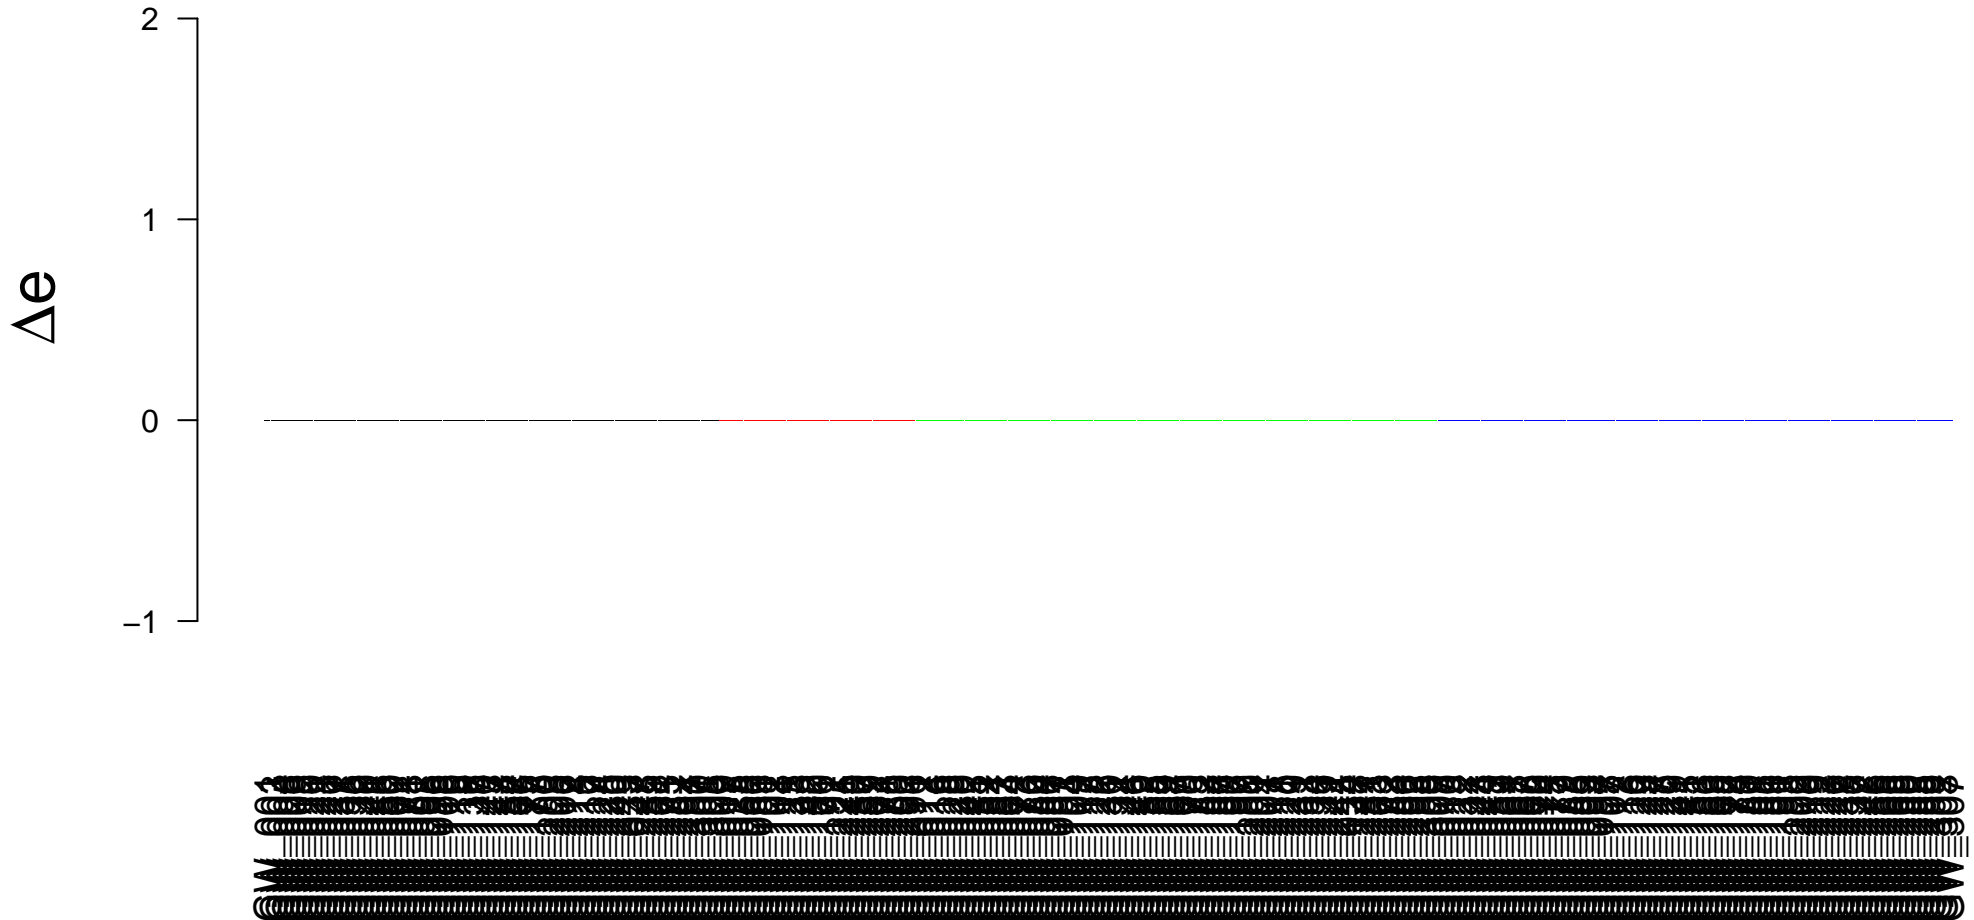

Expression of chemokine receptor activity in Spot E

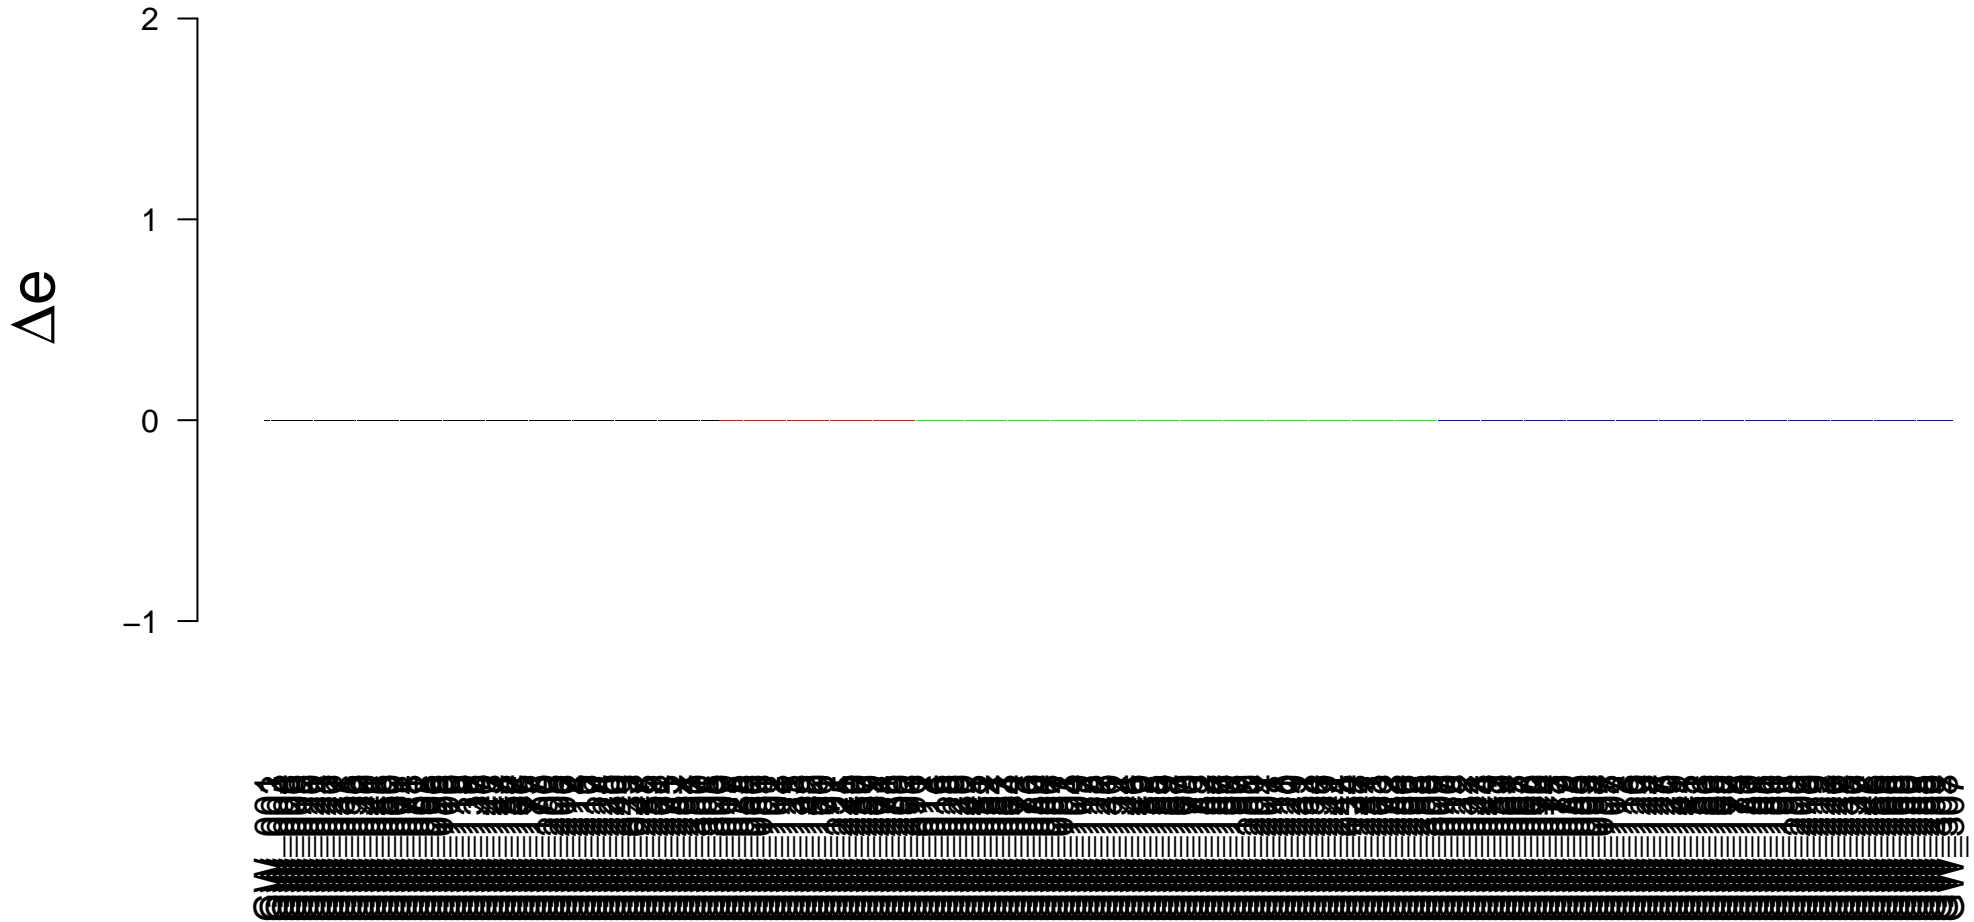

Expression of chemokine receptor activity in Spot F

Expression of chemokine receptor activity in Spot G

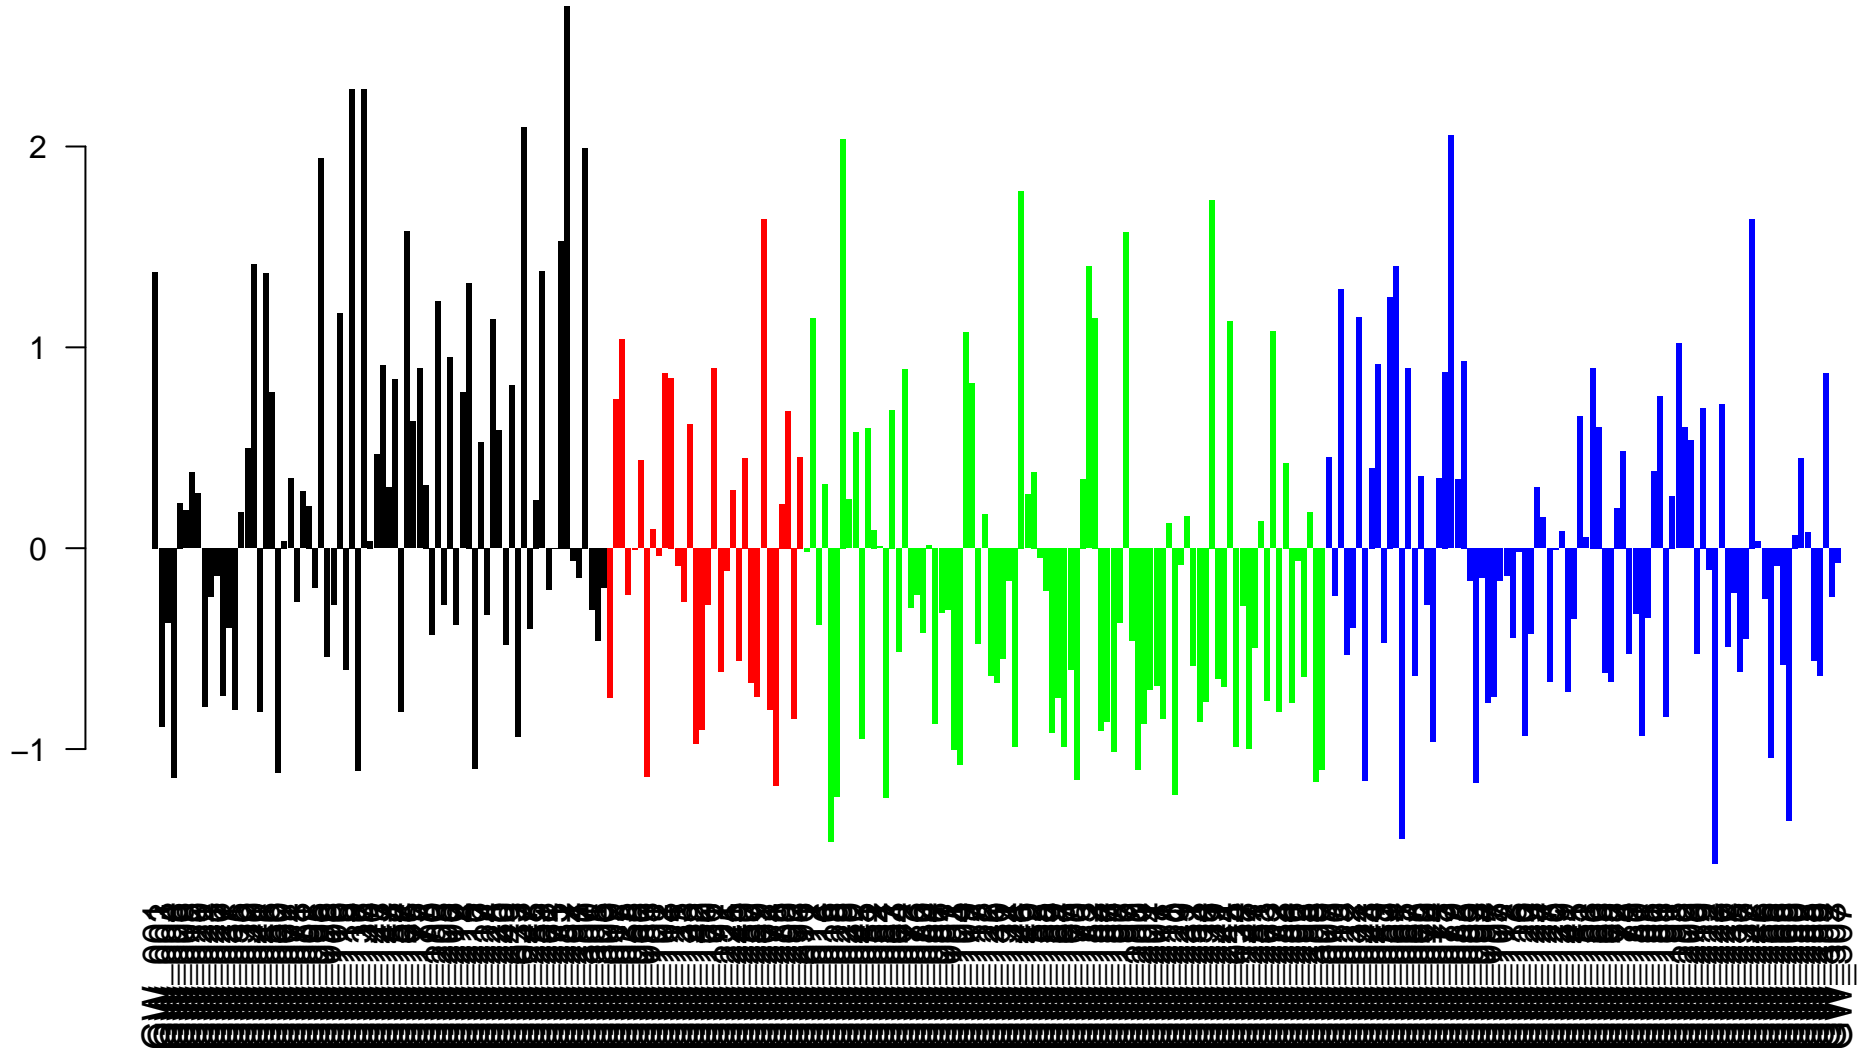

Expression of chemokine receptor activity in Spot H

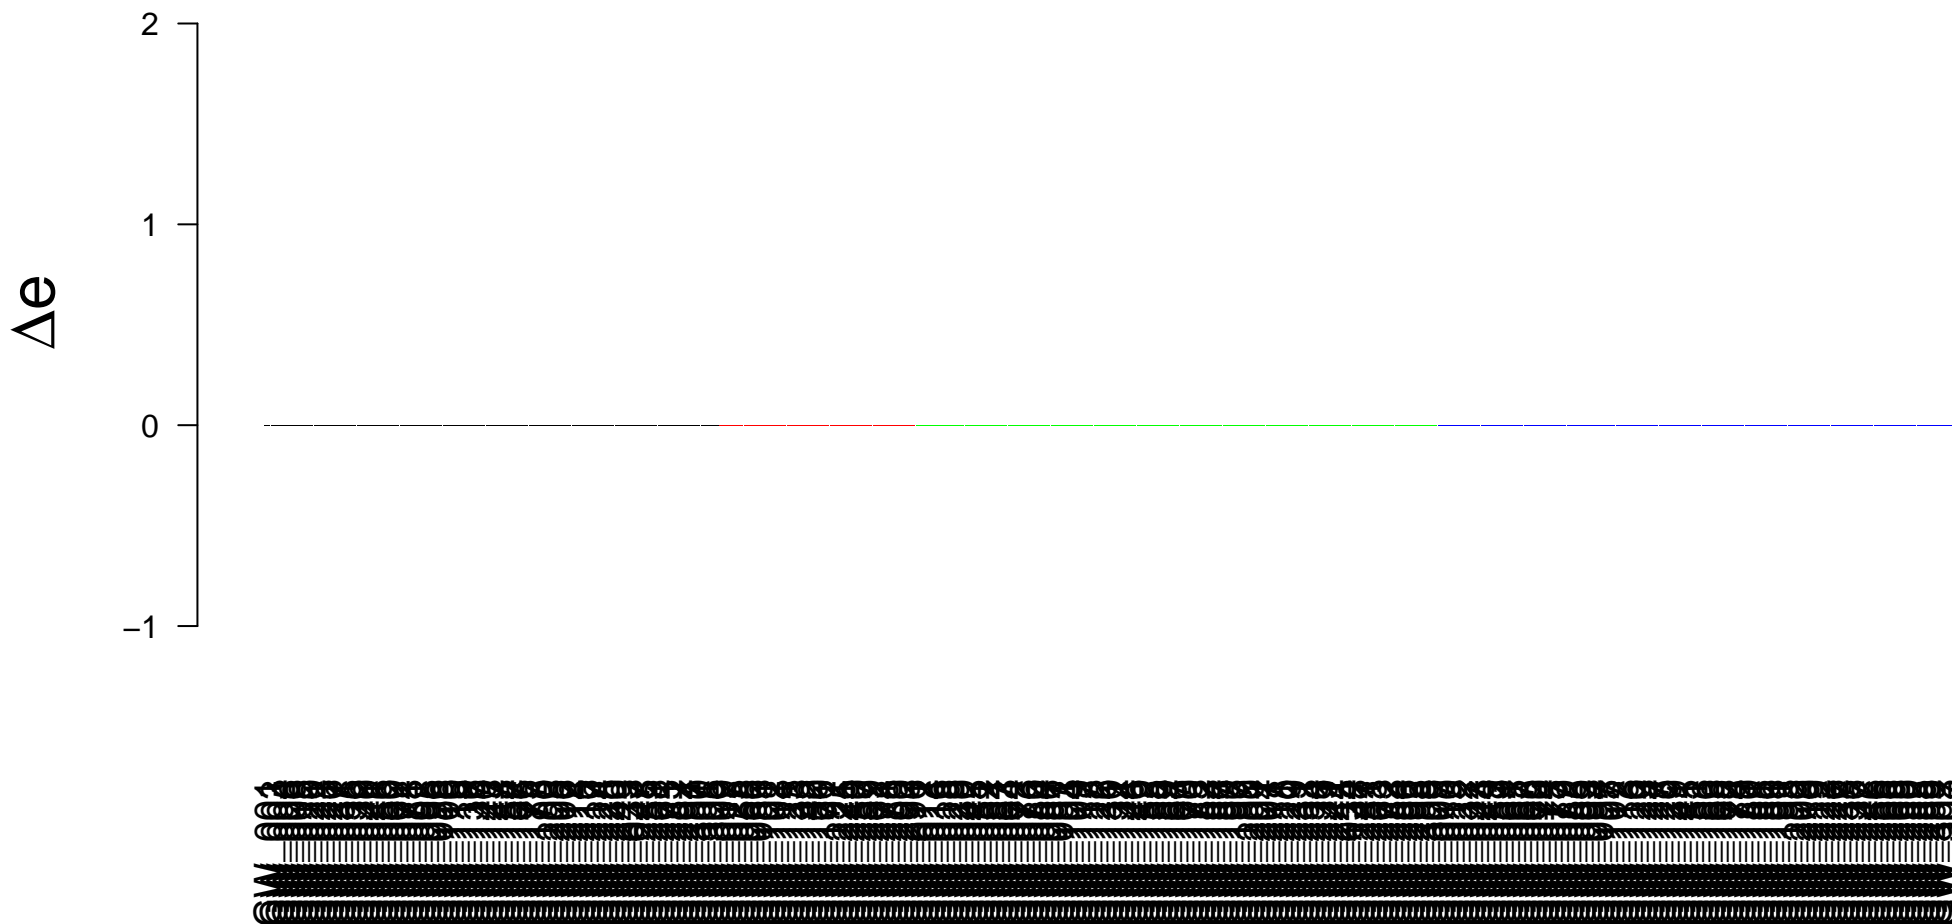

Expression of chemokine receptor activity in Spot I

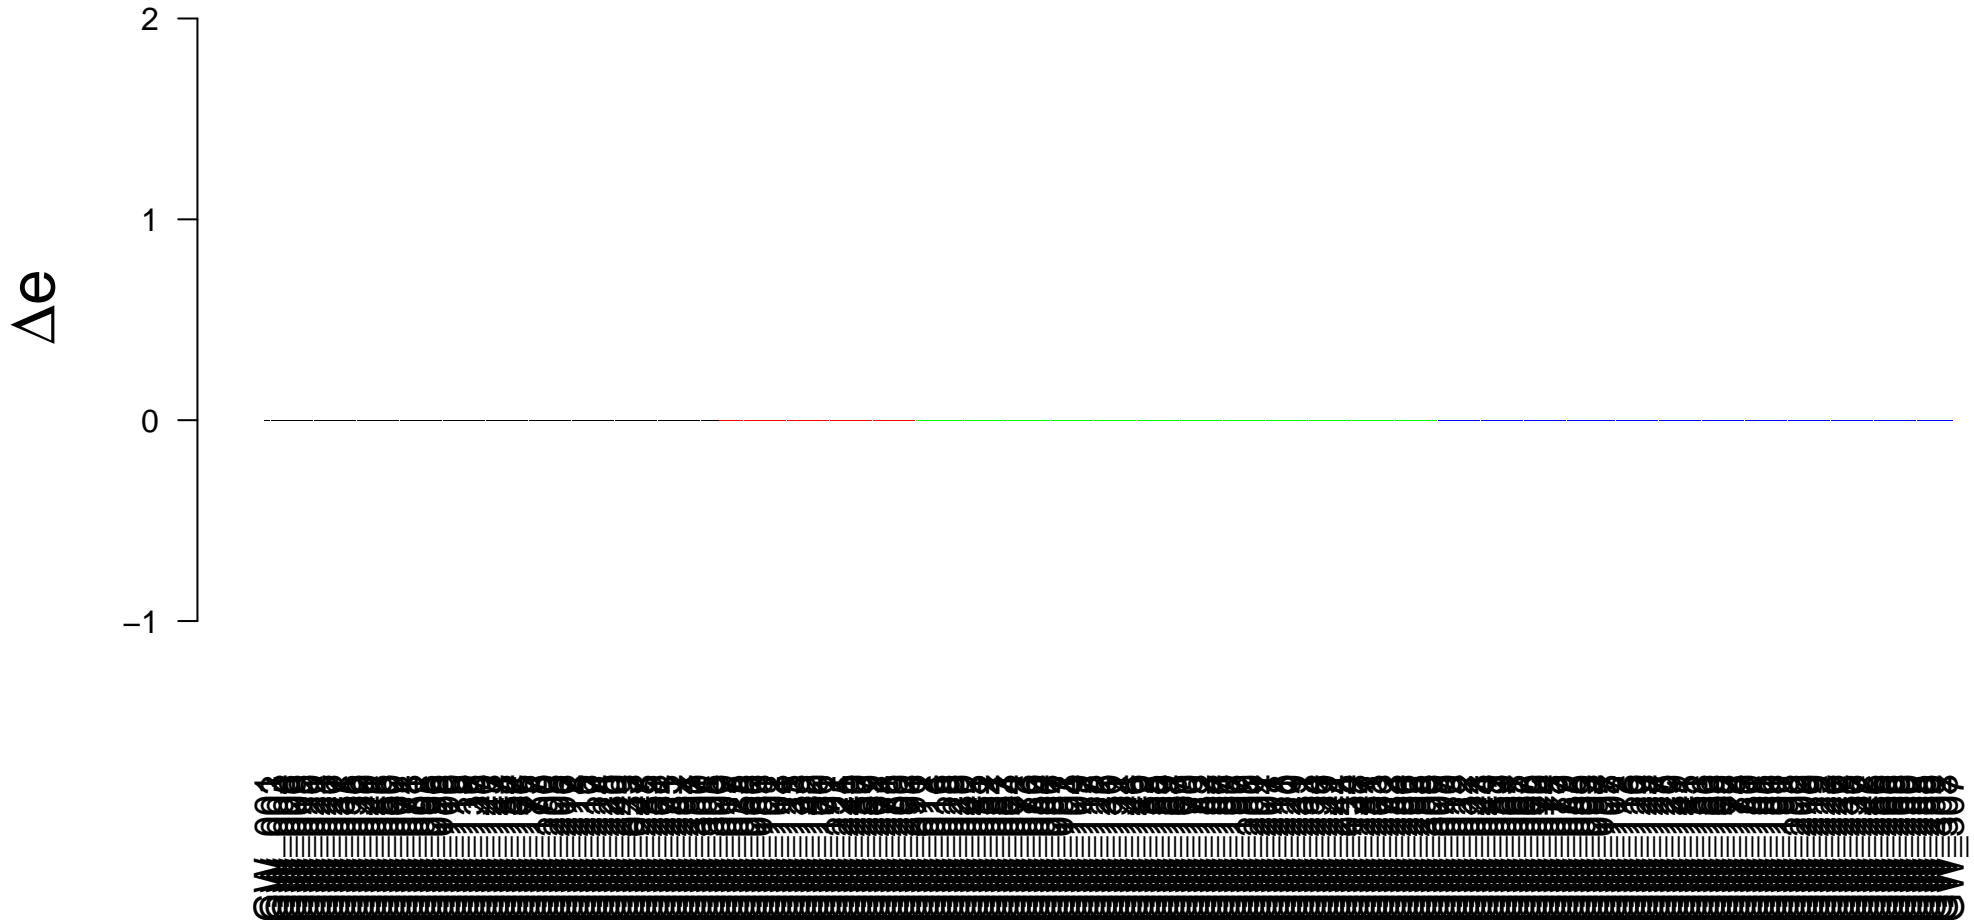

Δe

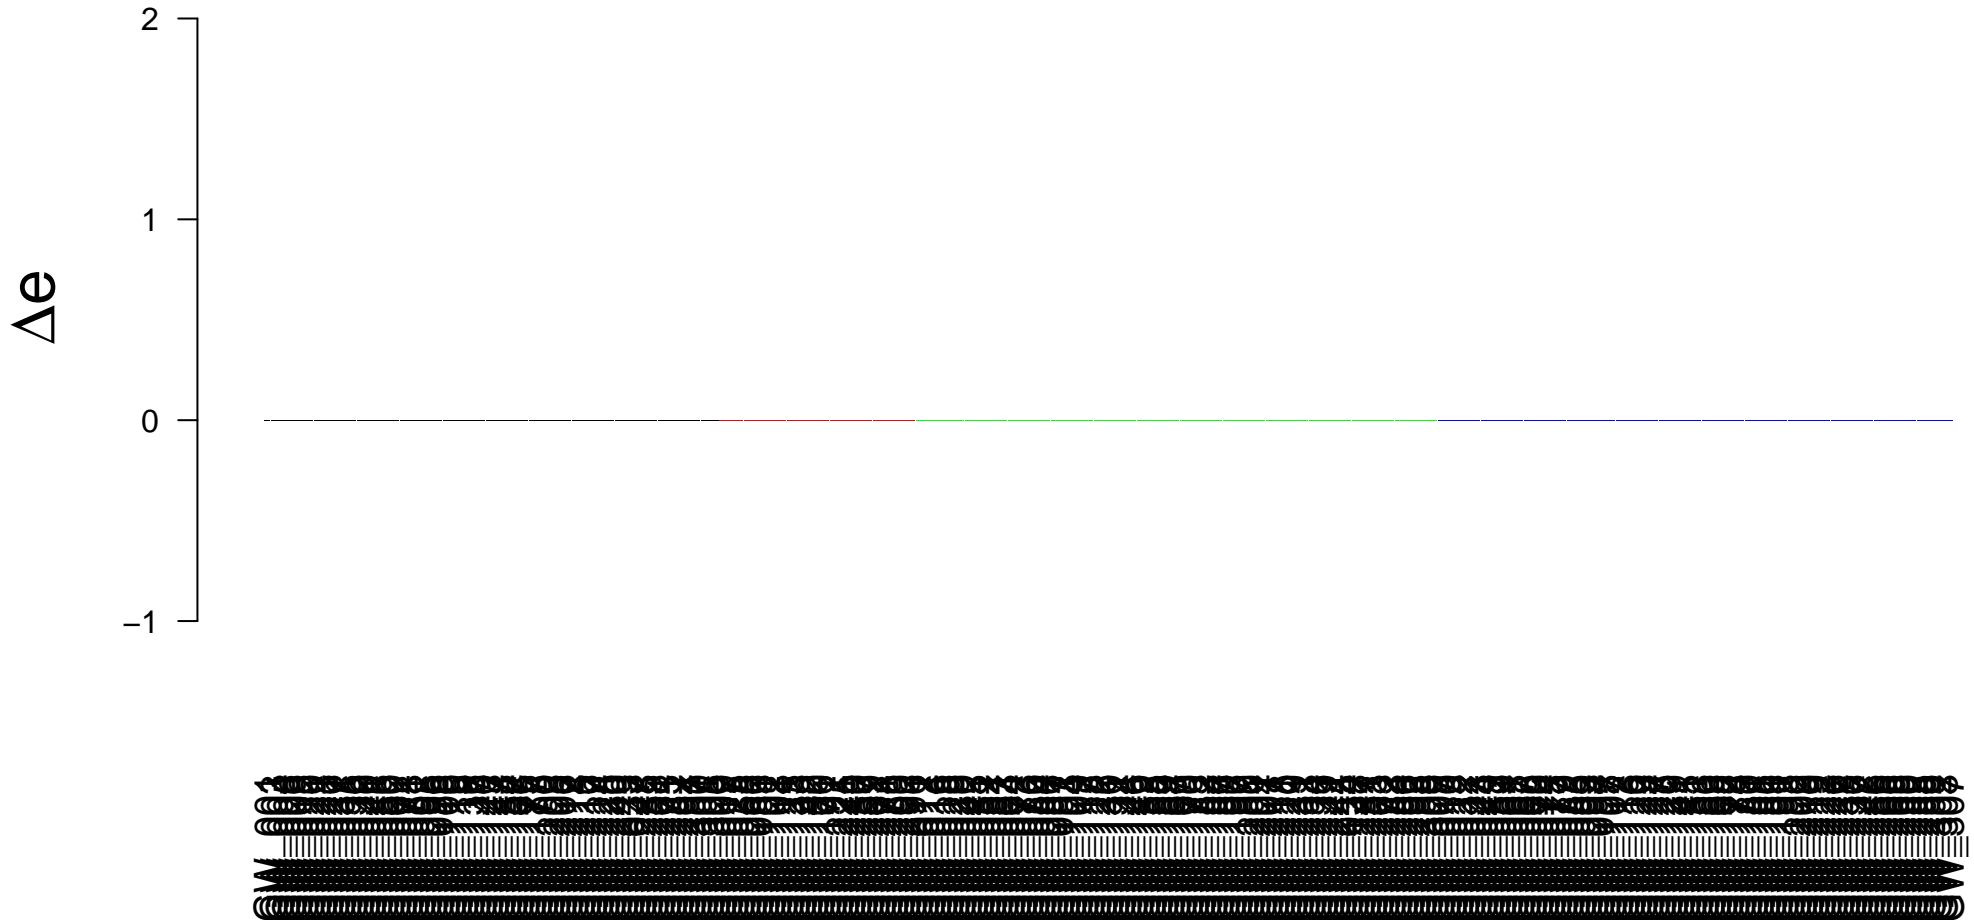

Expression of chemokine receptor activity in Spot J

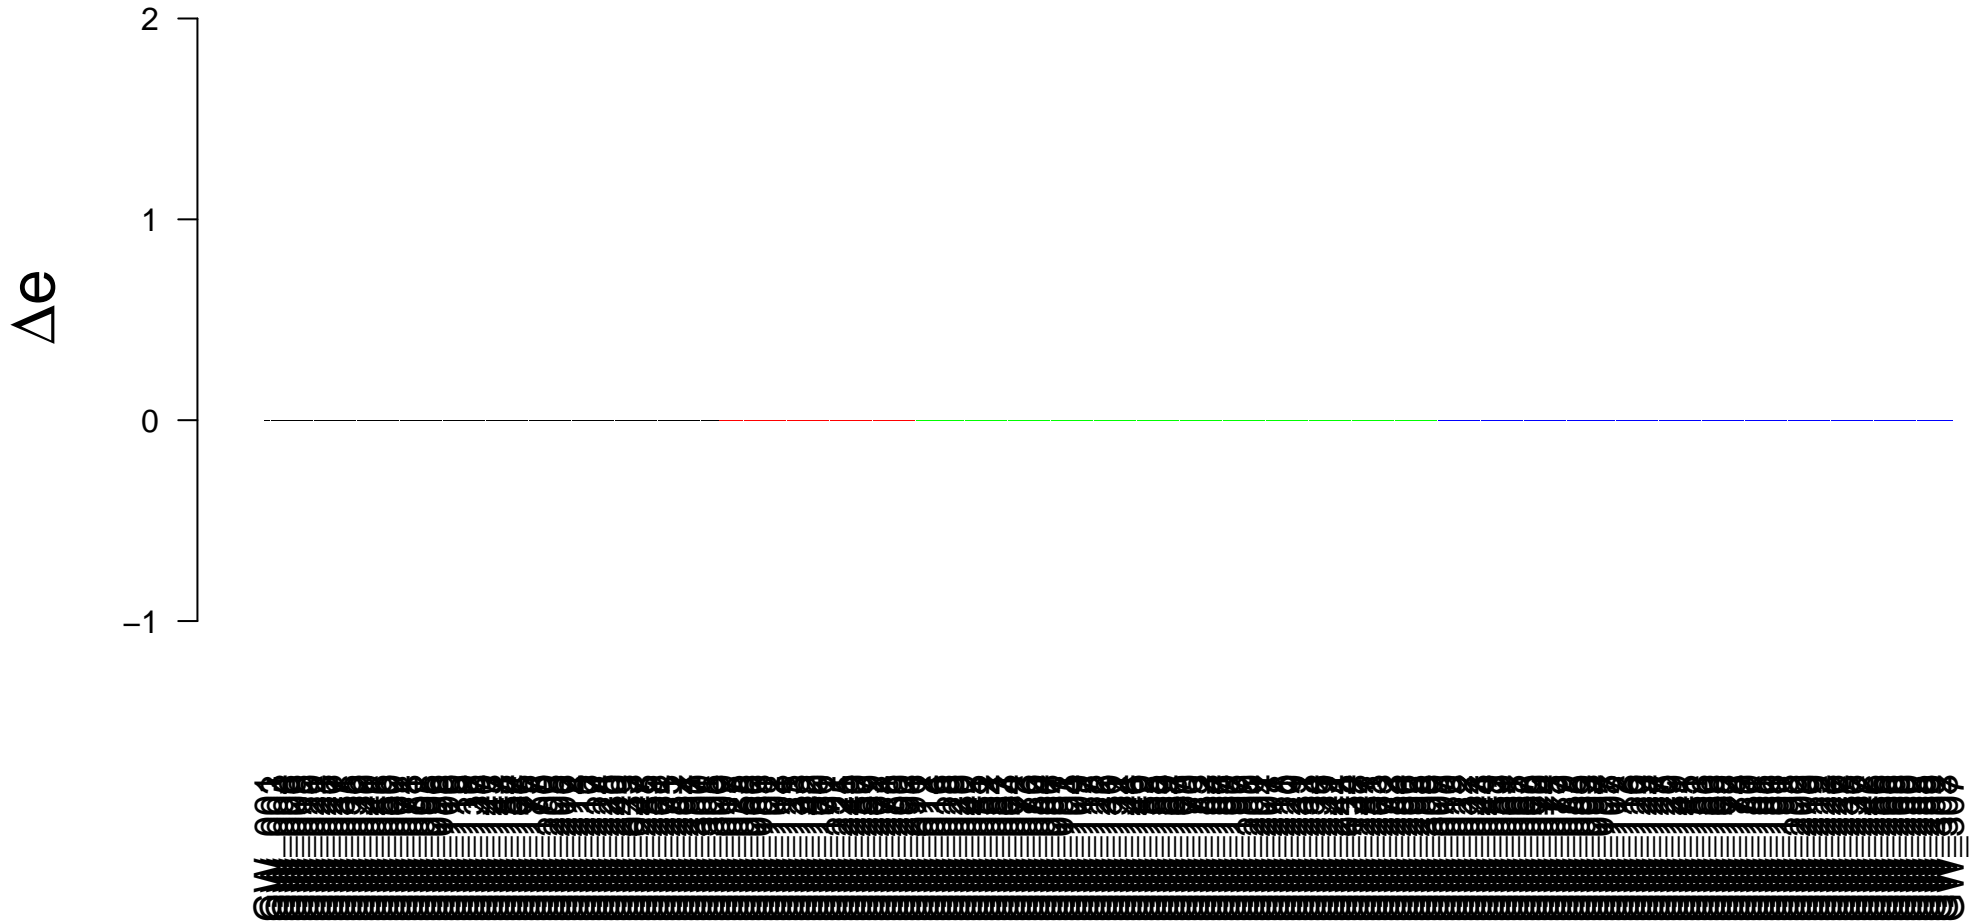

Expression of chemokine receptor activity in Spot K

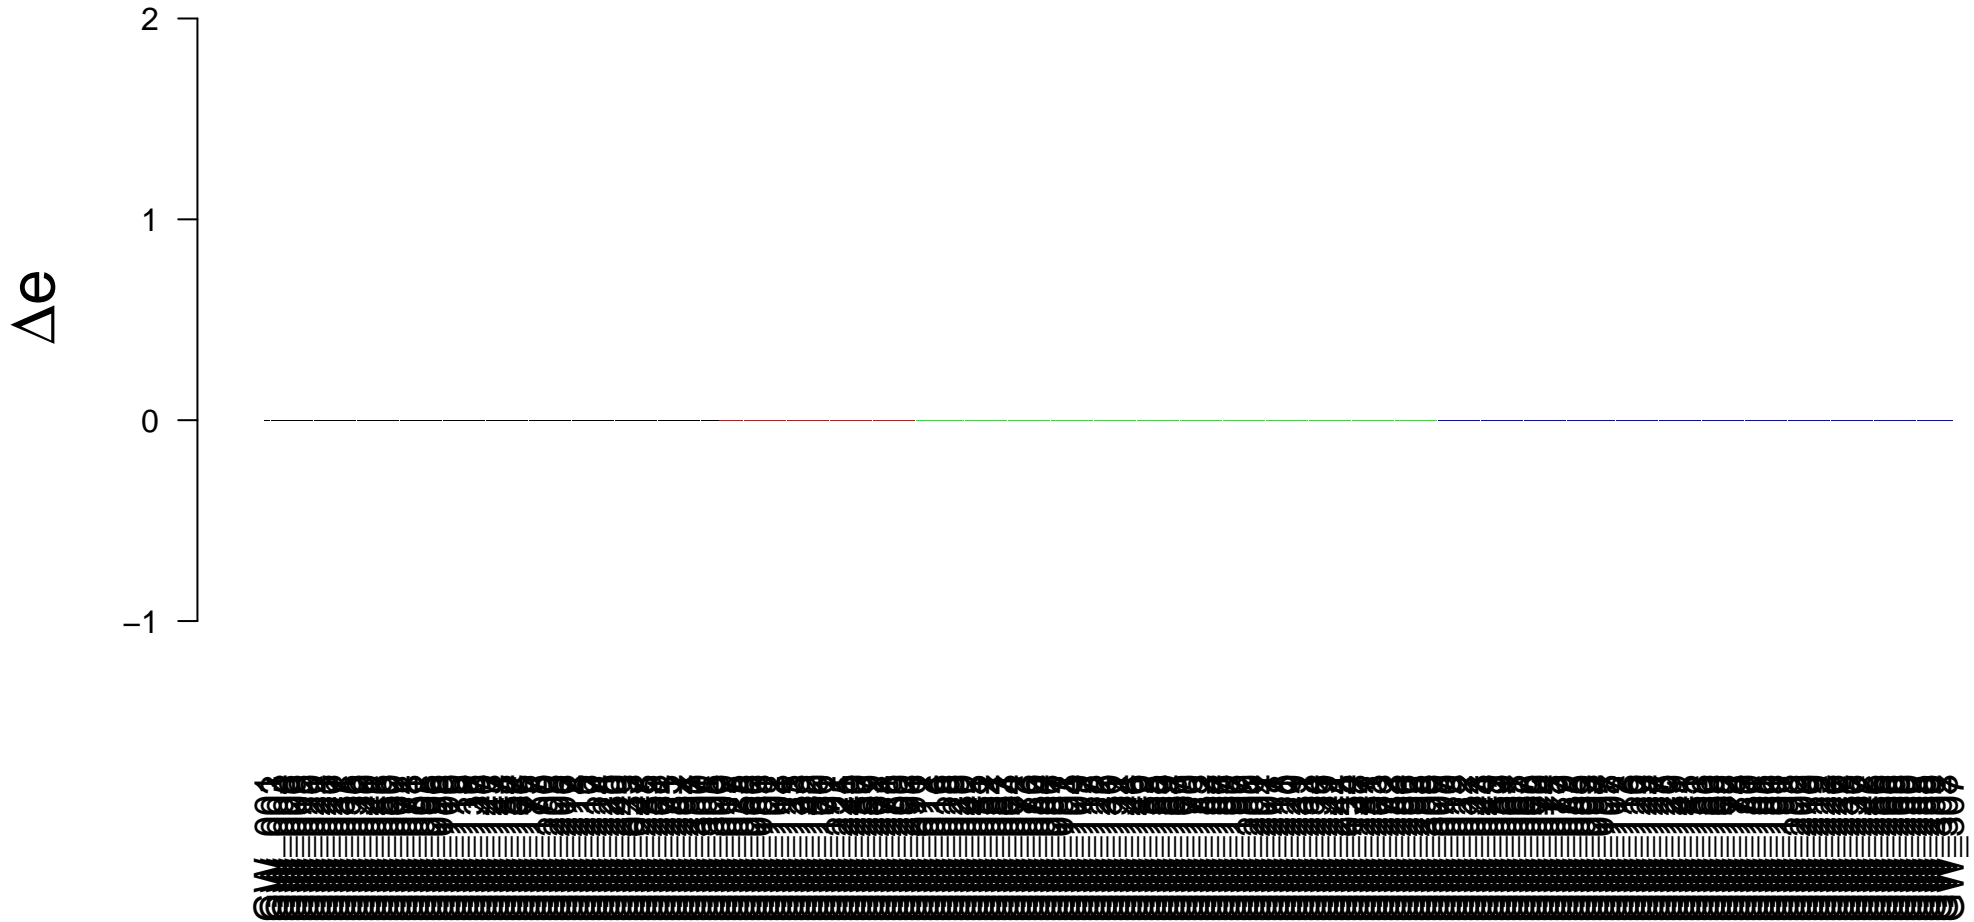

Expression of chemokine receptor activity in Spot L

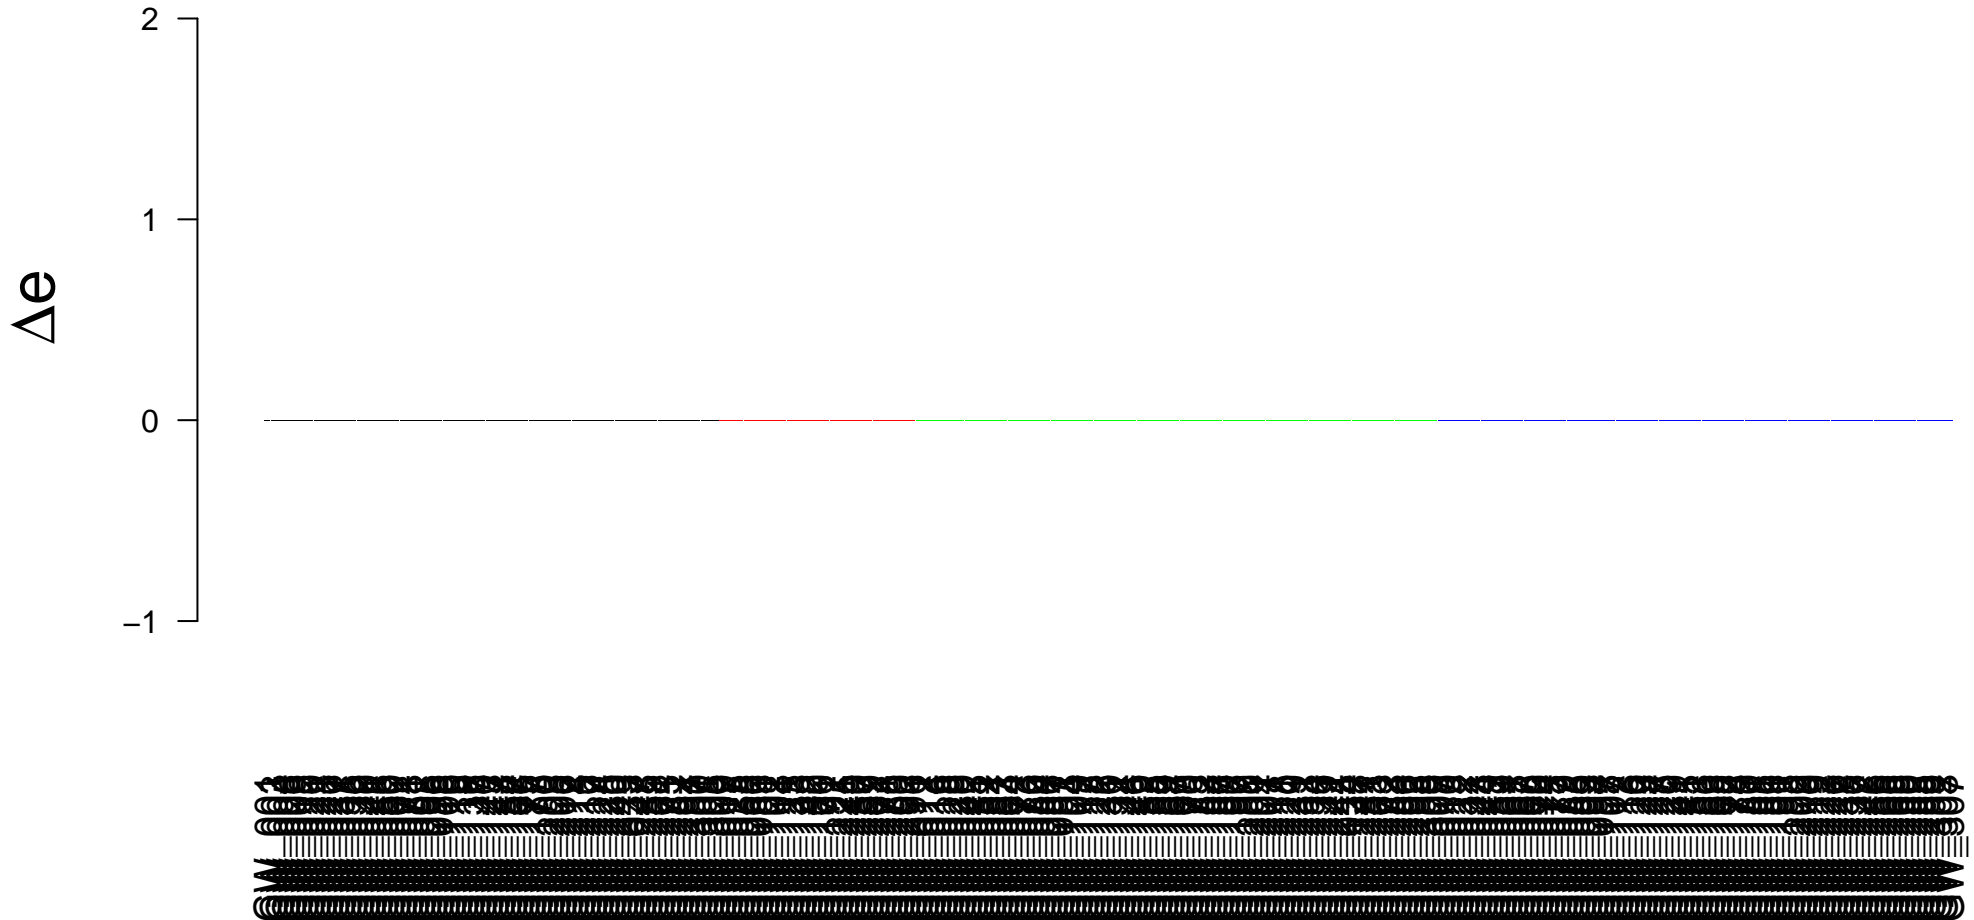

Expression of chemokine receptor activity in Spot M

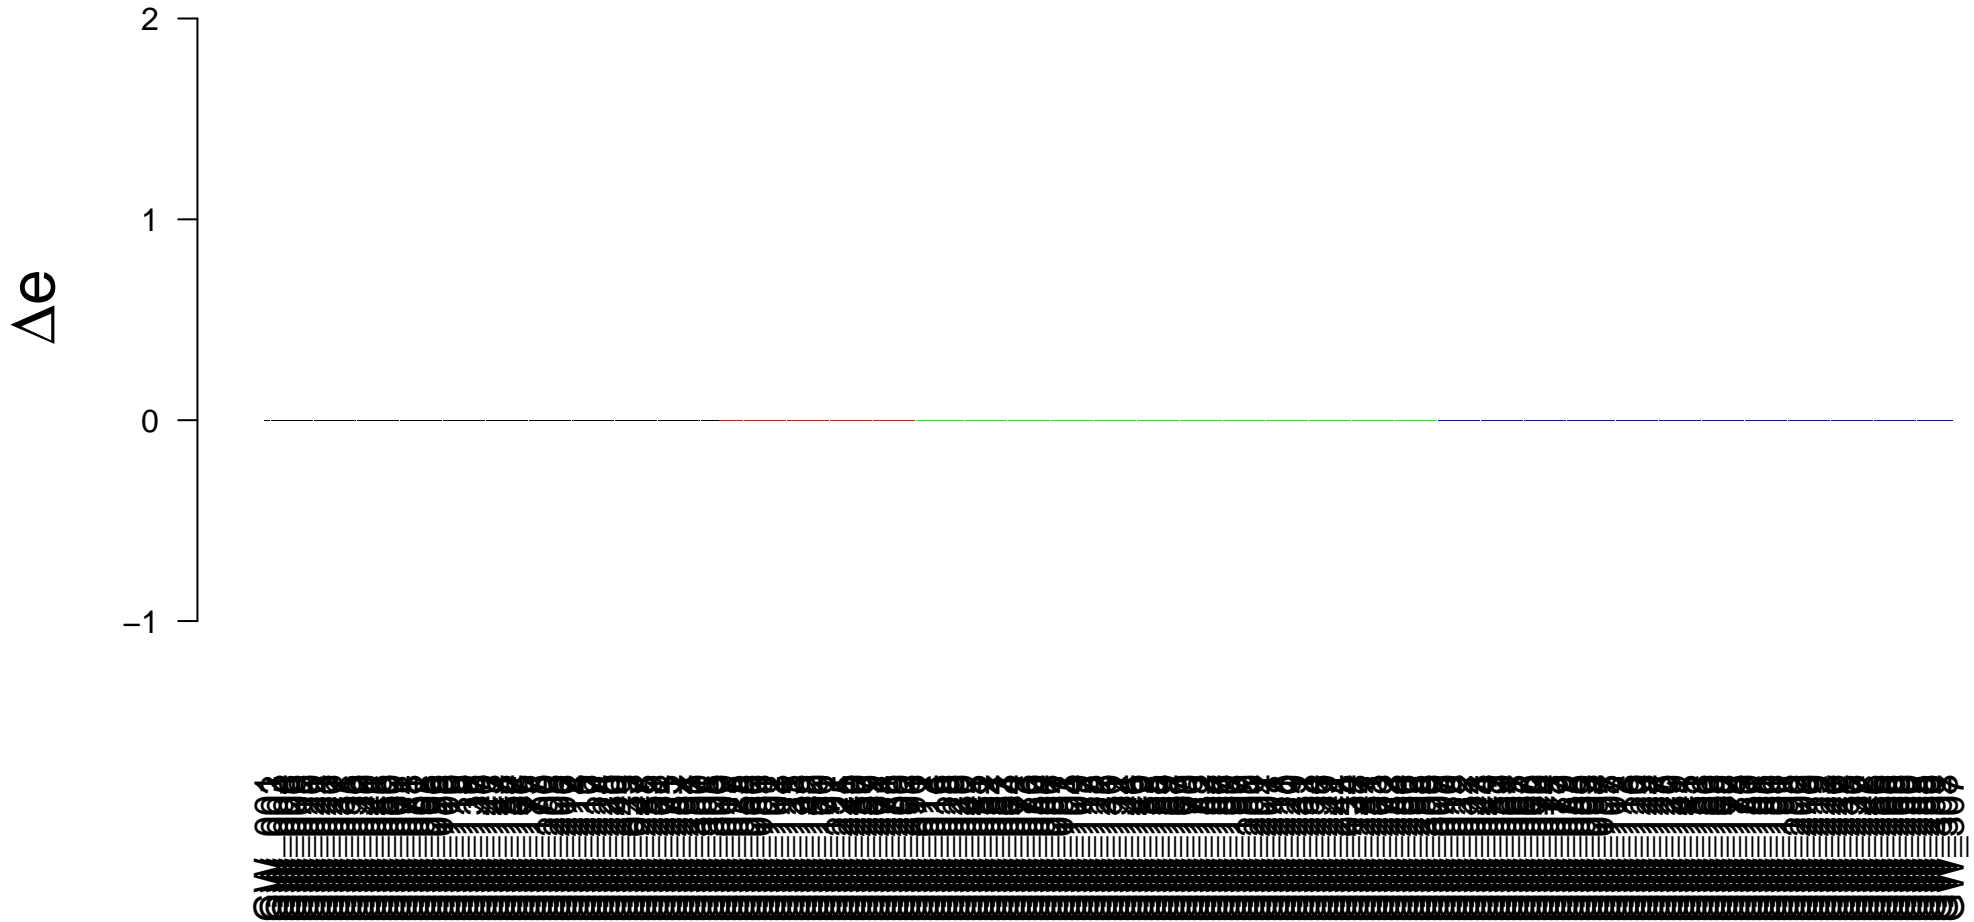

Expression of chemokine receptor activity in Spot N

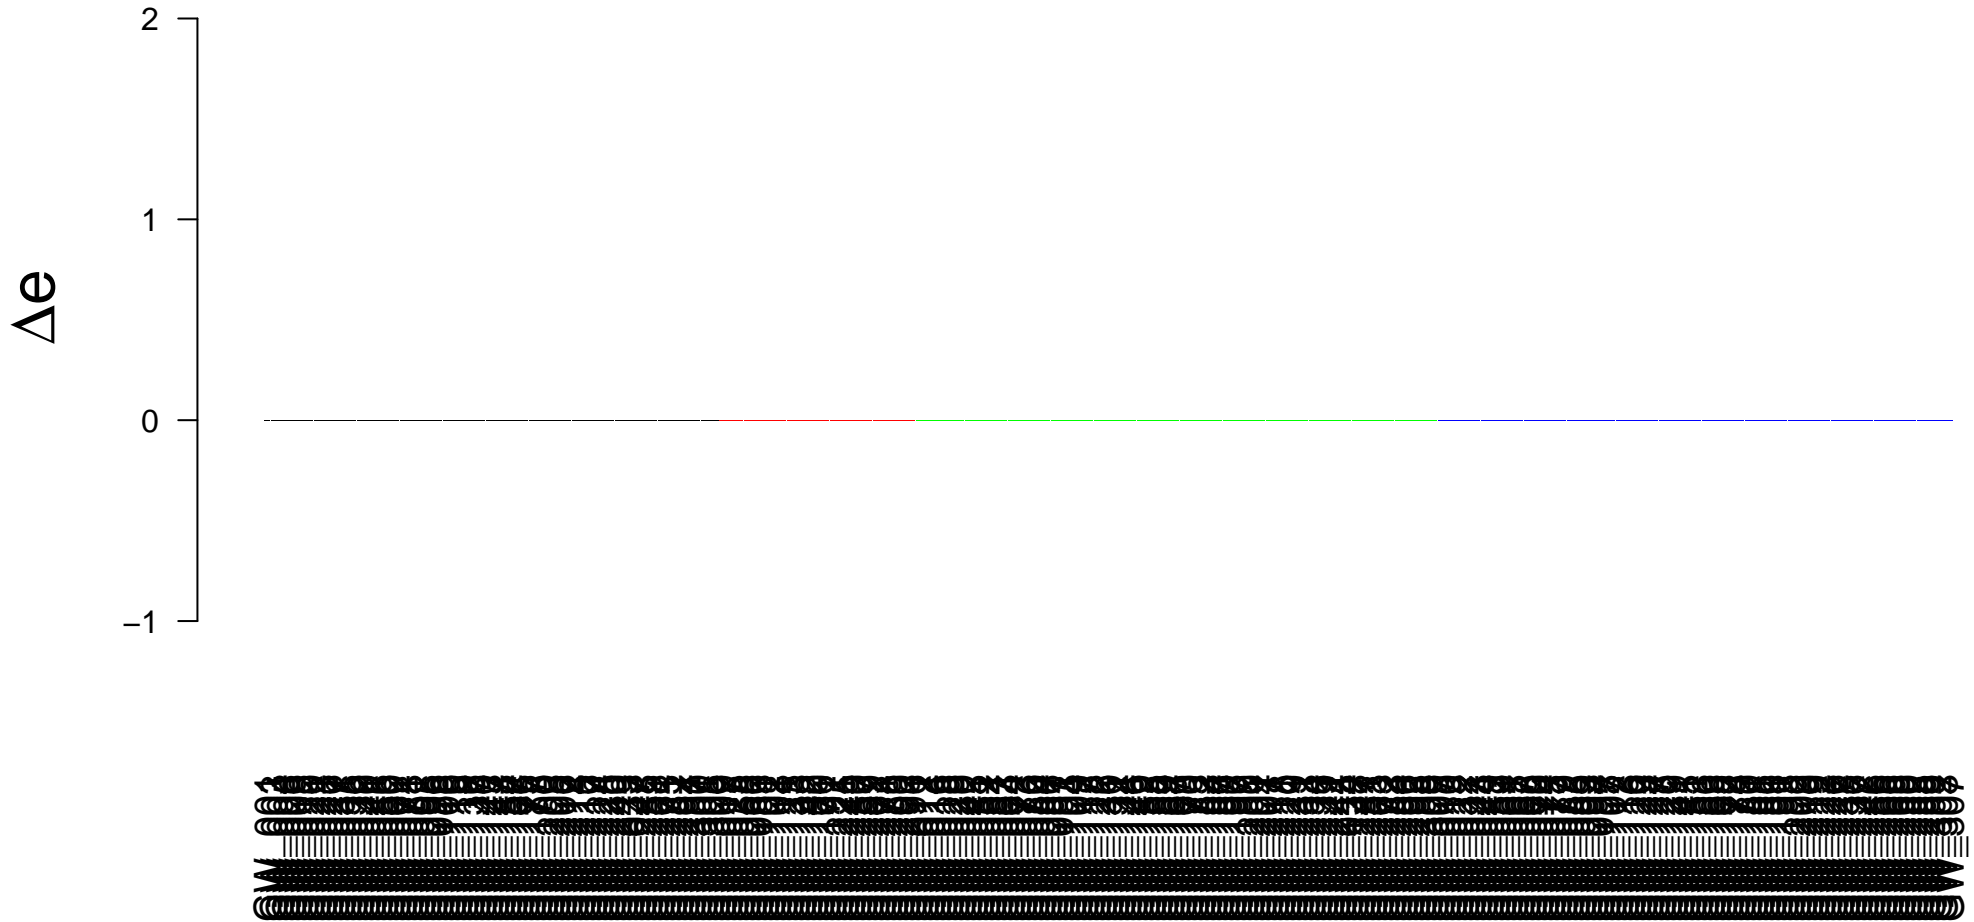

Expression of chemokine receptor activity in Spot O

Expression of chemokine receptor activity in Spot P

Expression of chemokine receptor activity in Spot Q

Expression of chemokine receptor activity in Spot R
