

core promoter proximal region sequence-specific DNA binding

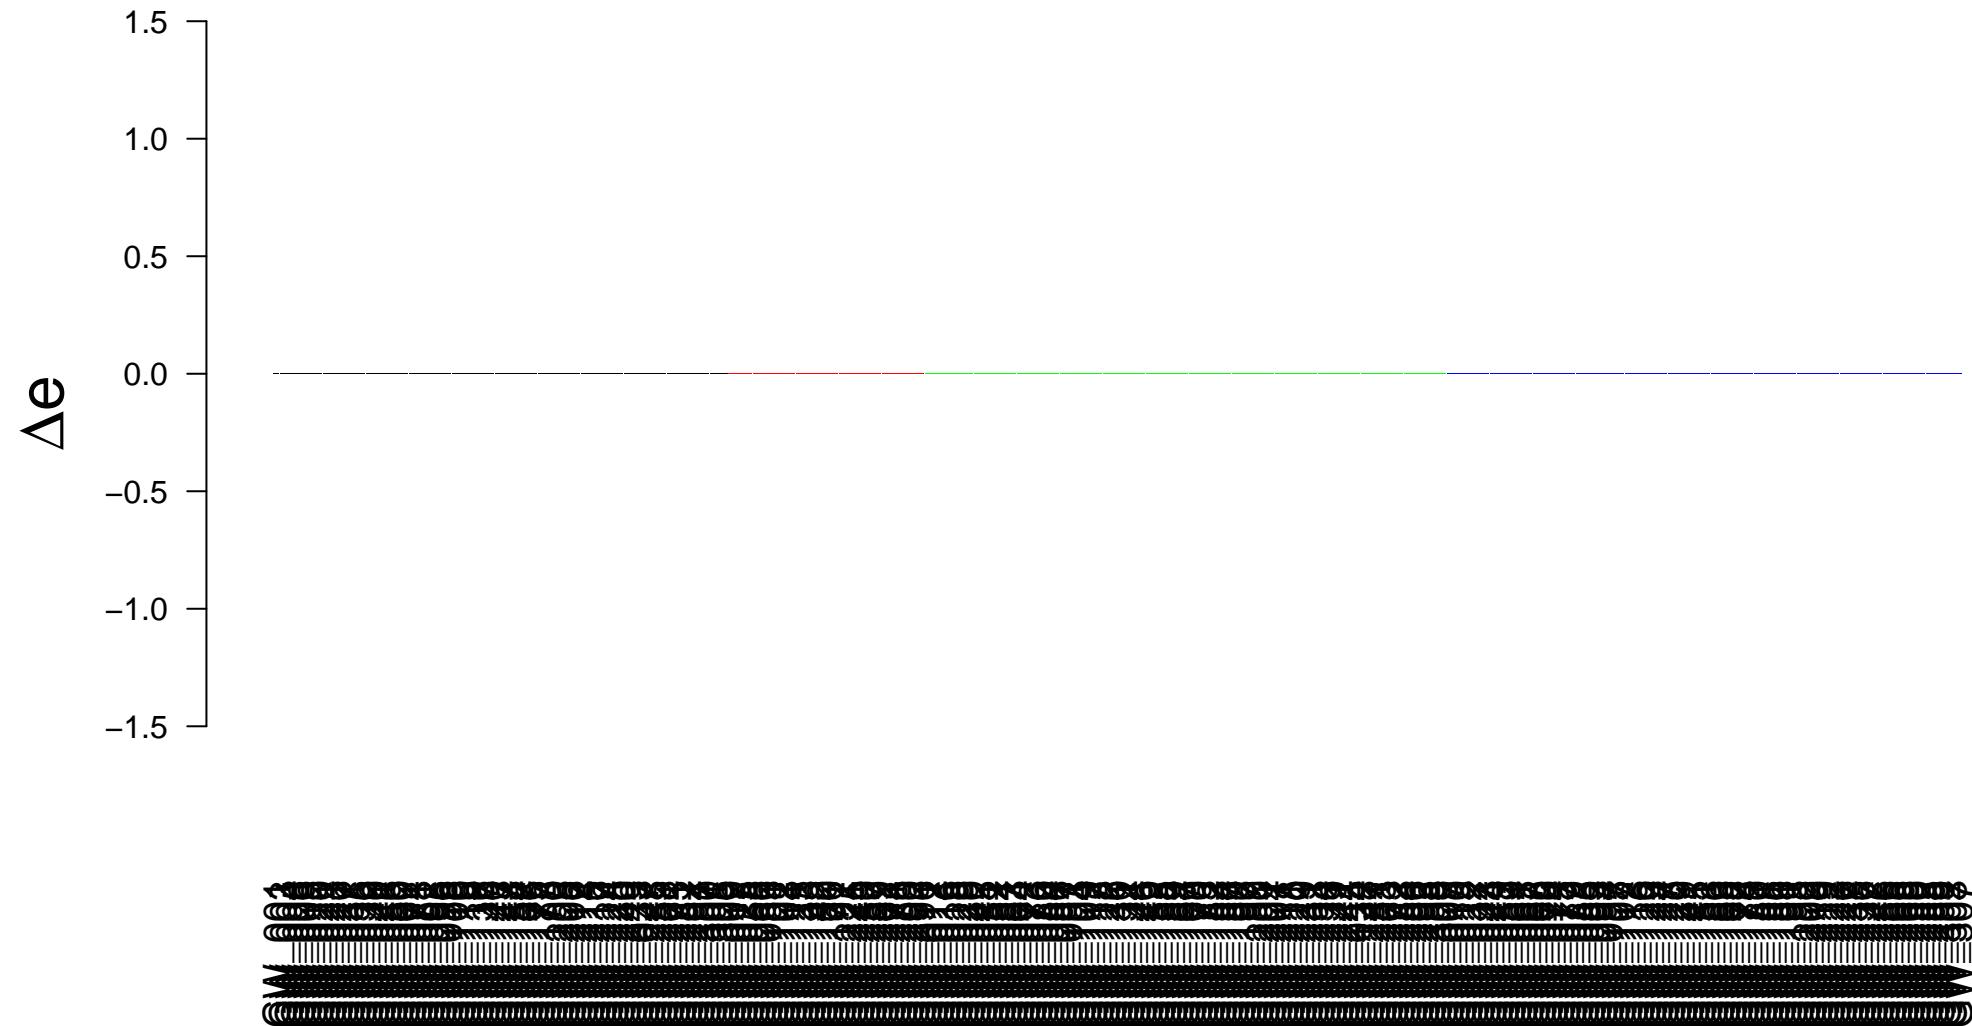

core promoter proximal region sequence–specific DNA binding

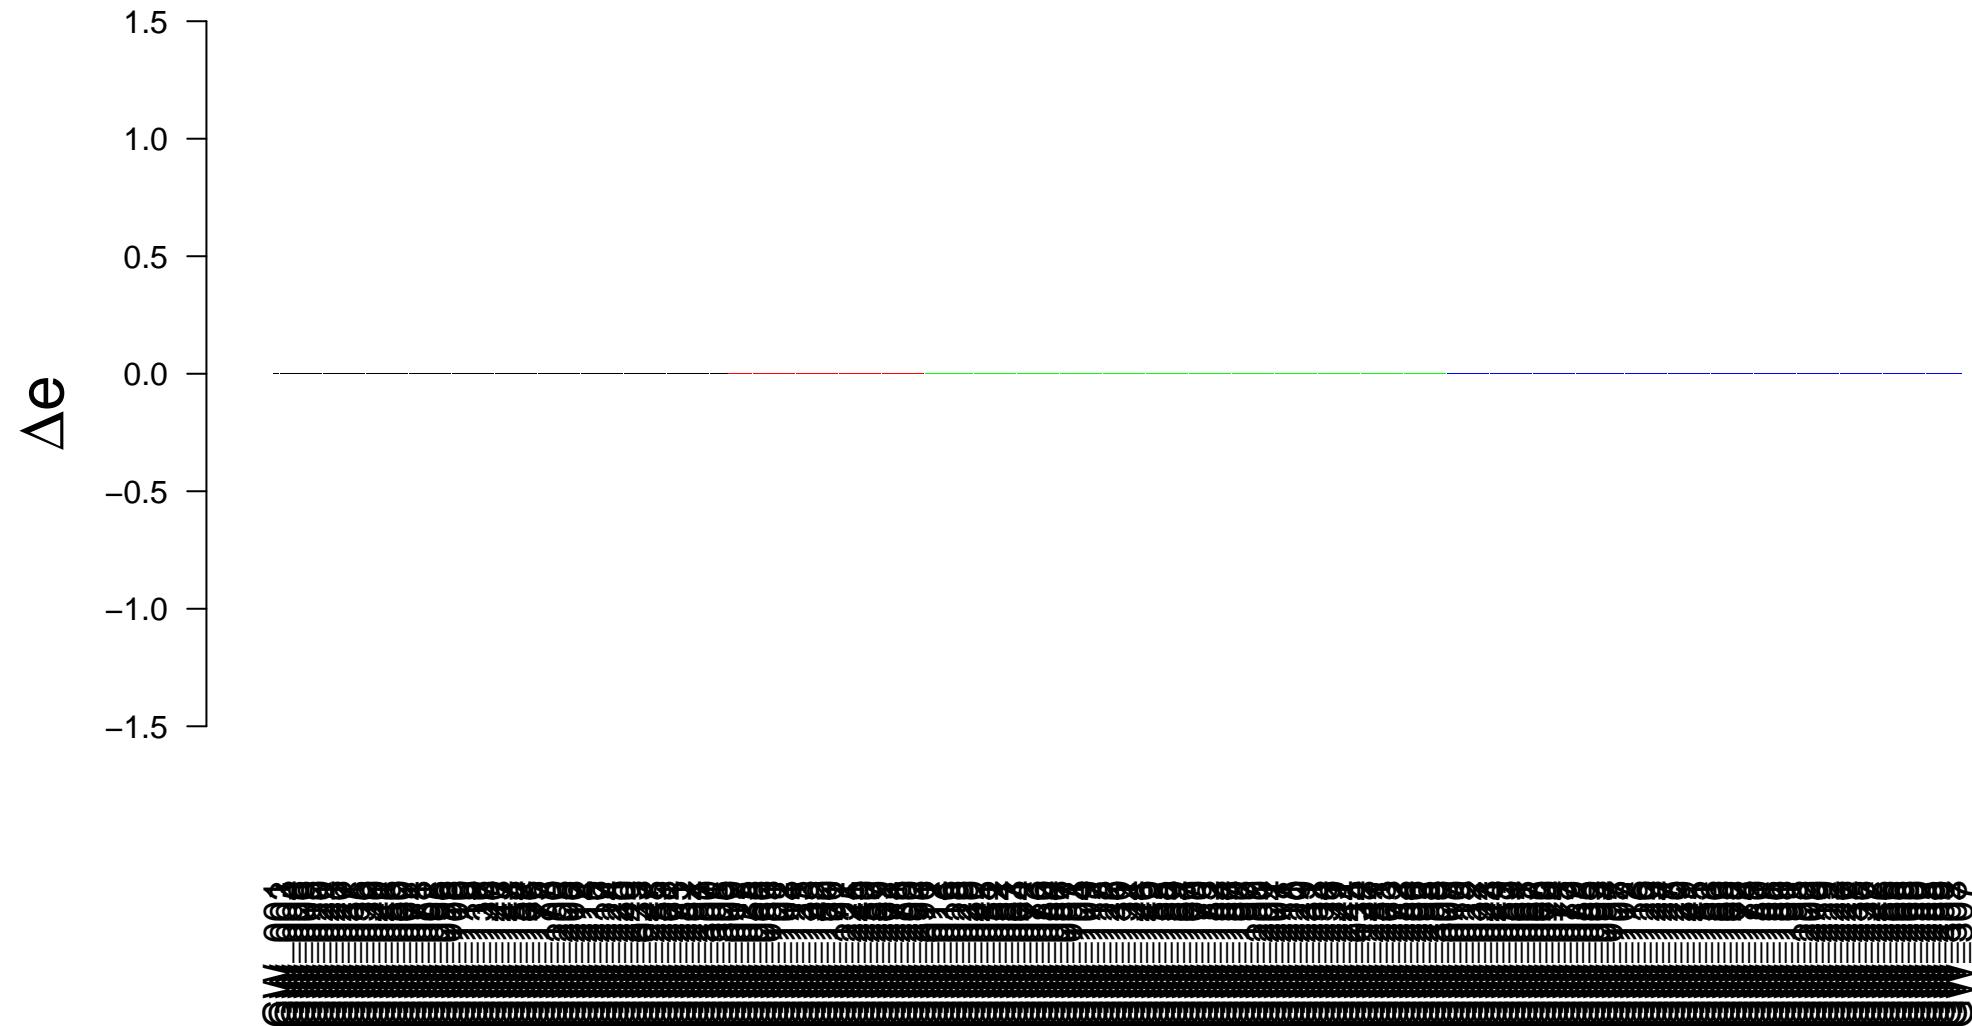

### Enrichment in spots: core promoter proximal region sequence–specific DNA binding

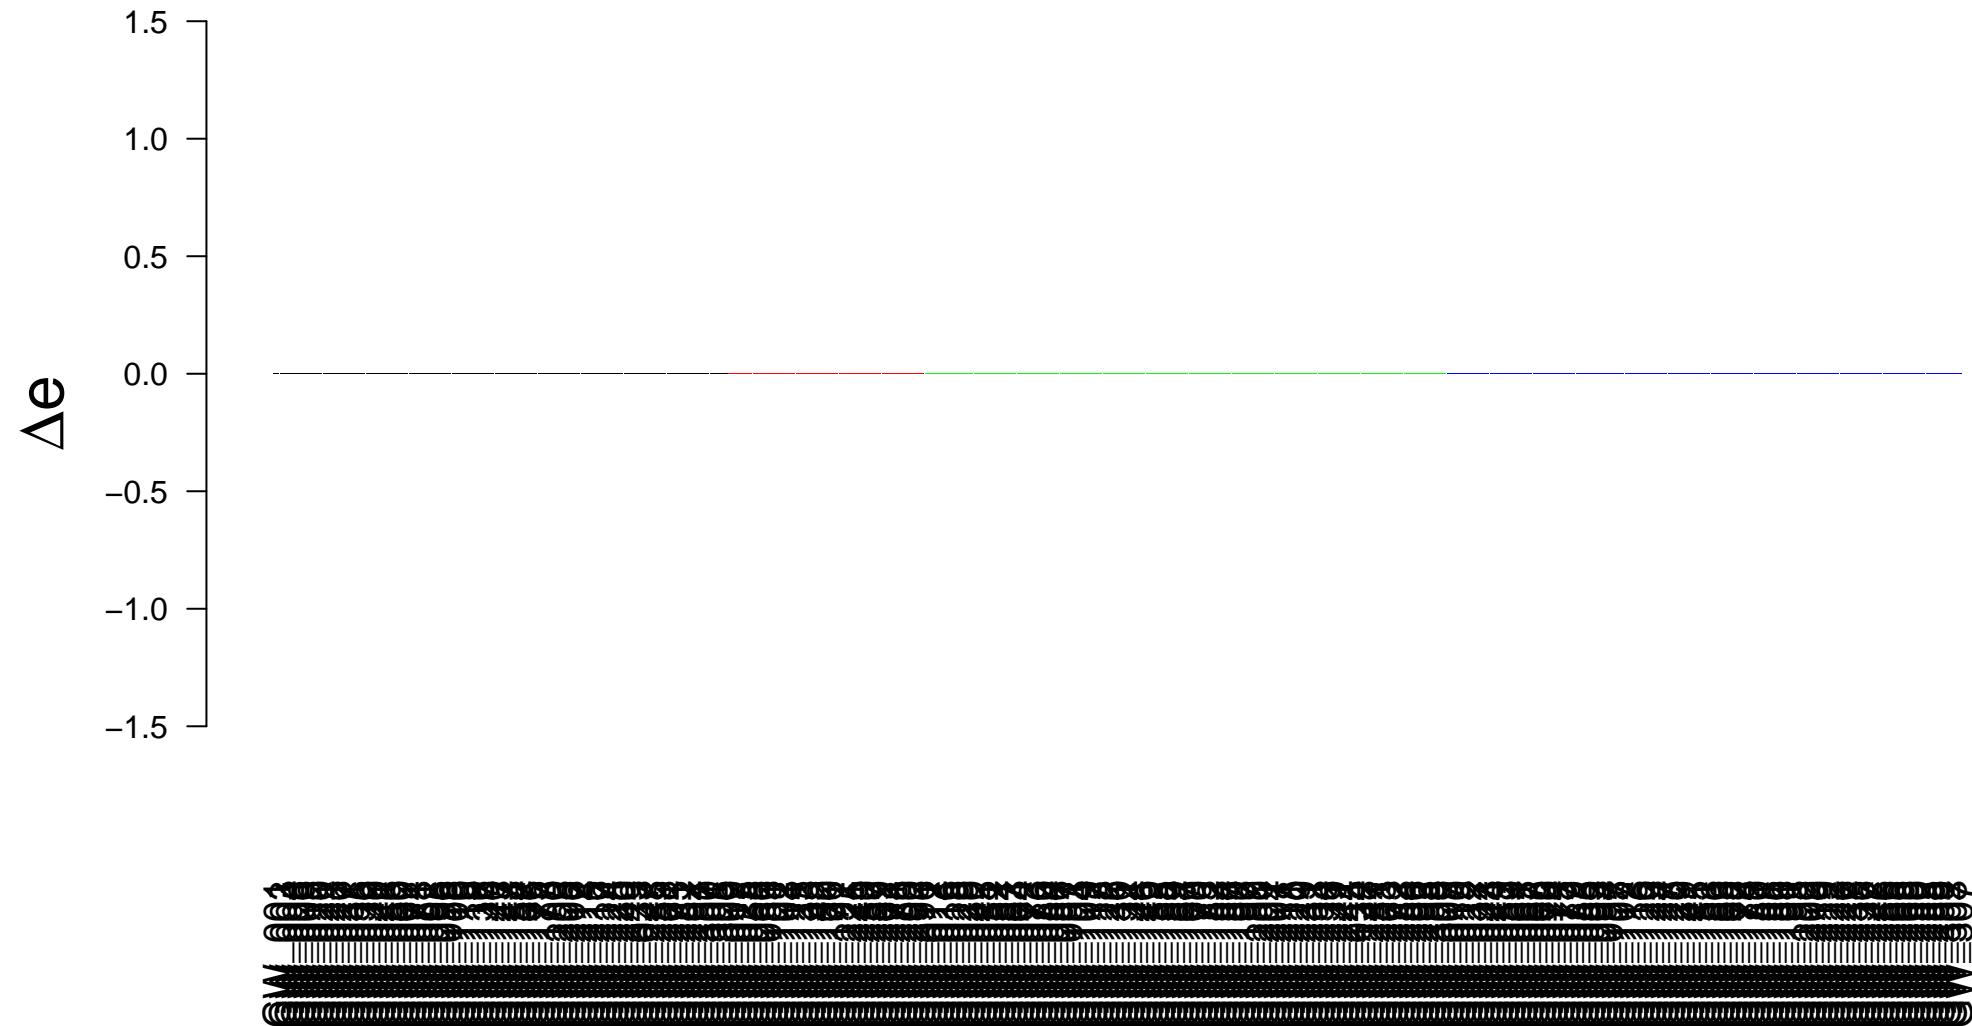

## Expression of core promoter proximal region sequence-specific DNA binding in Spot A

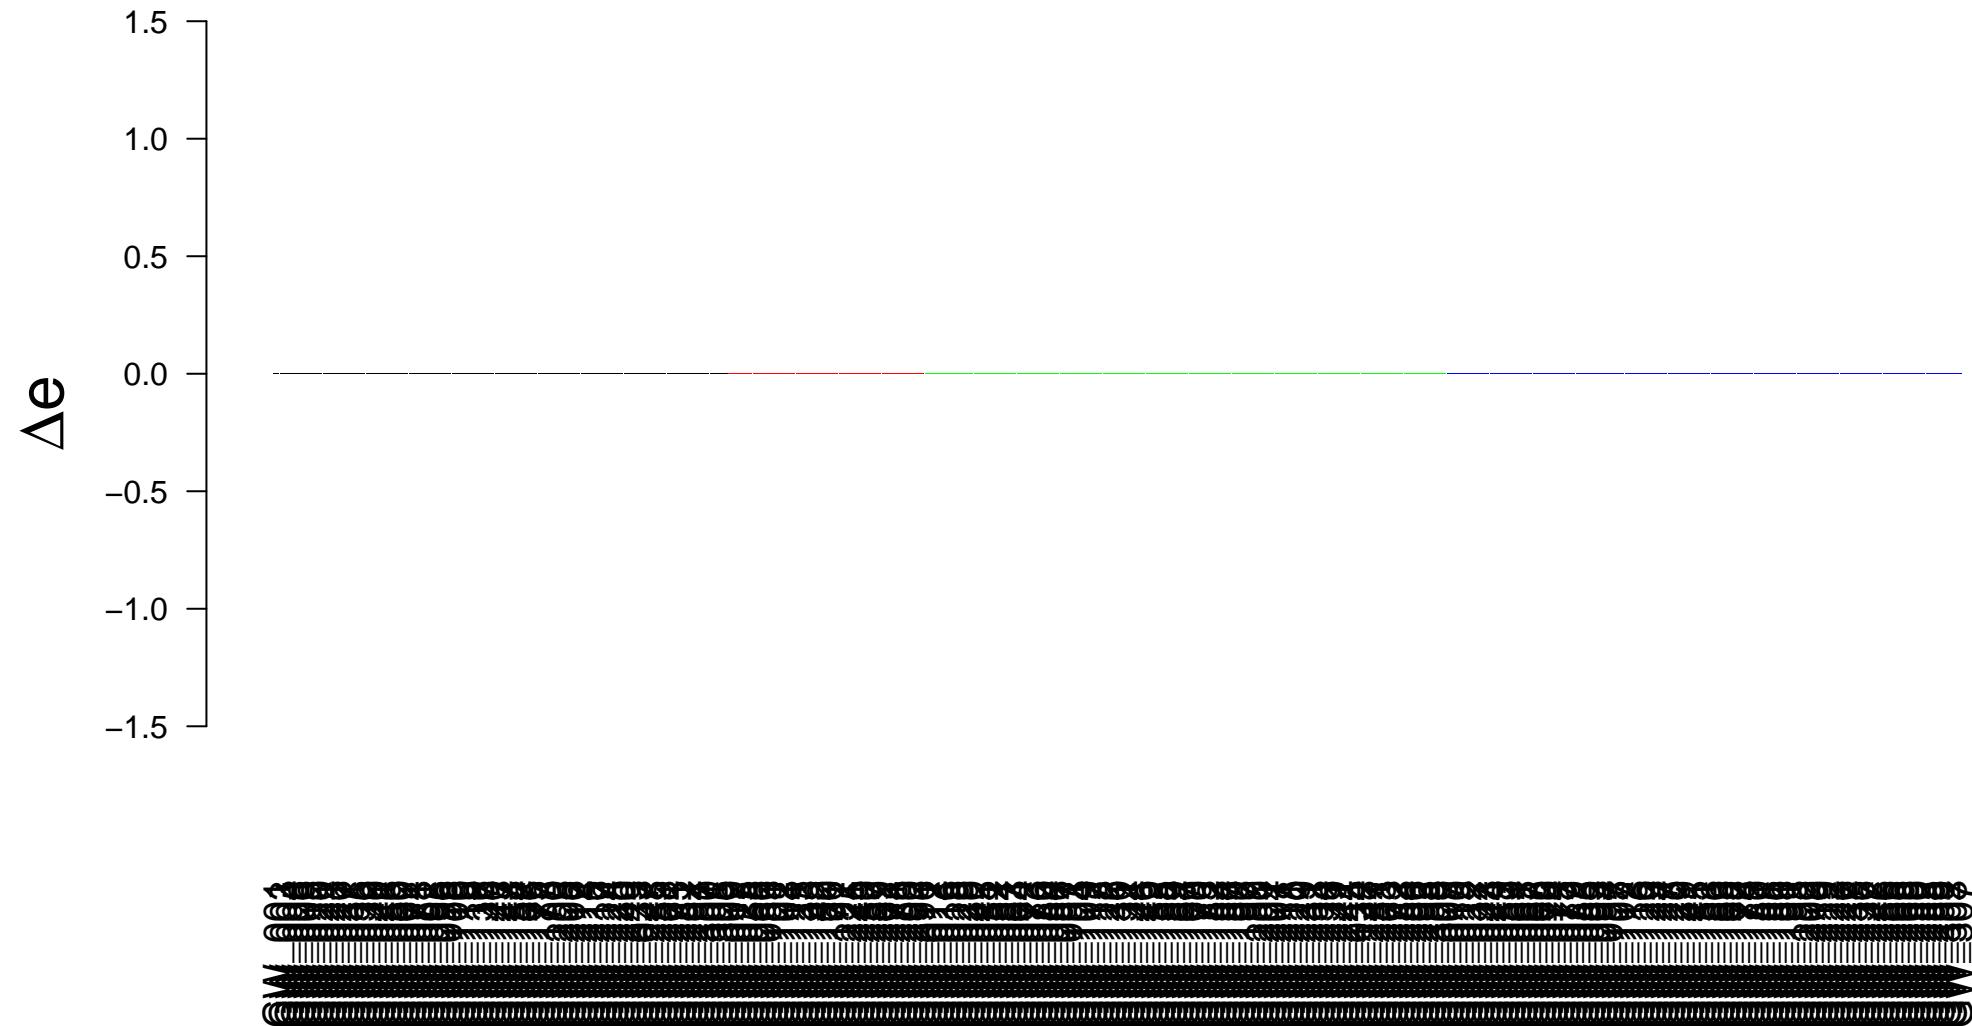

## Expression of core promoter proximal region sequence-specific DNA binding in Spot B

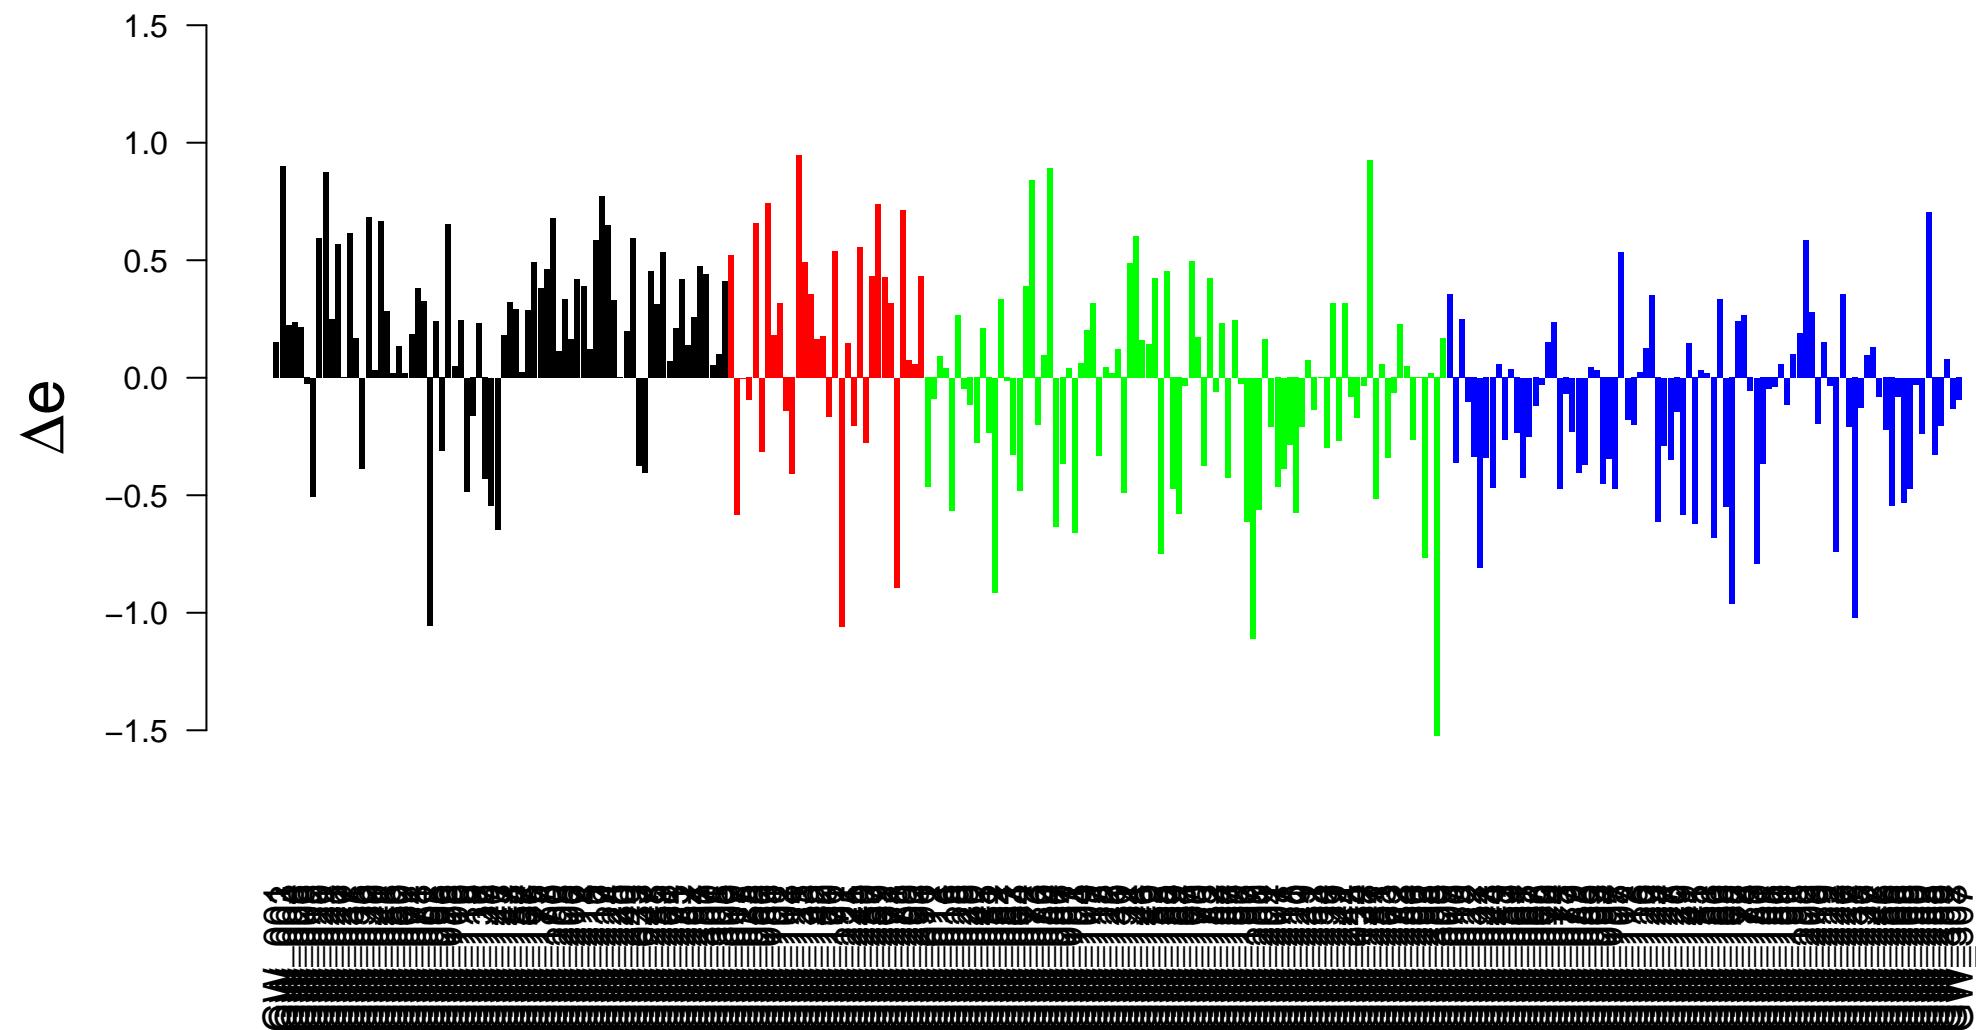

## Expression of core promoter proximal region sequence-specific DNA binding in Spot C

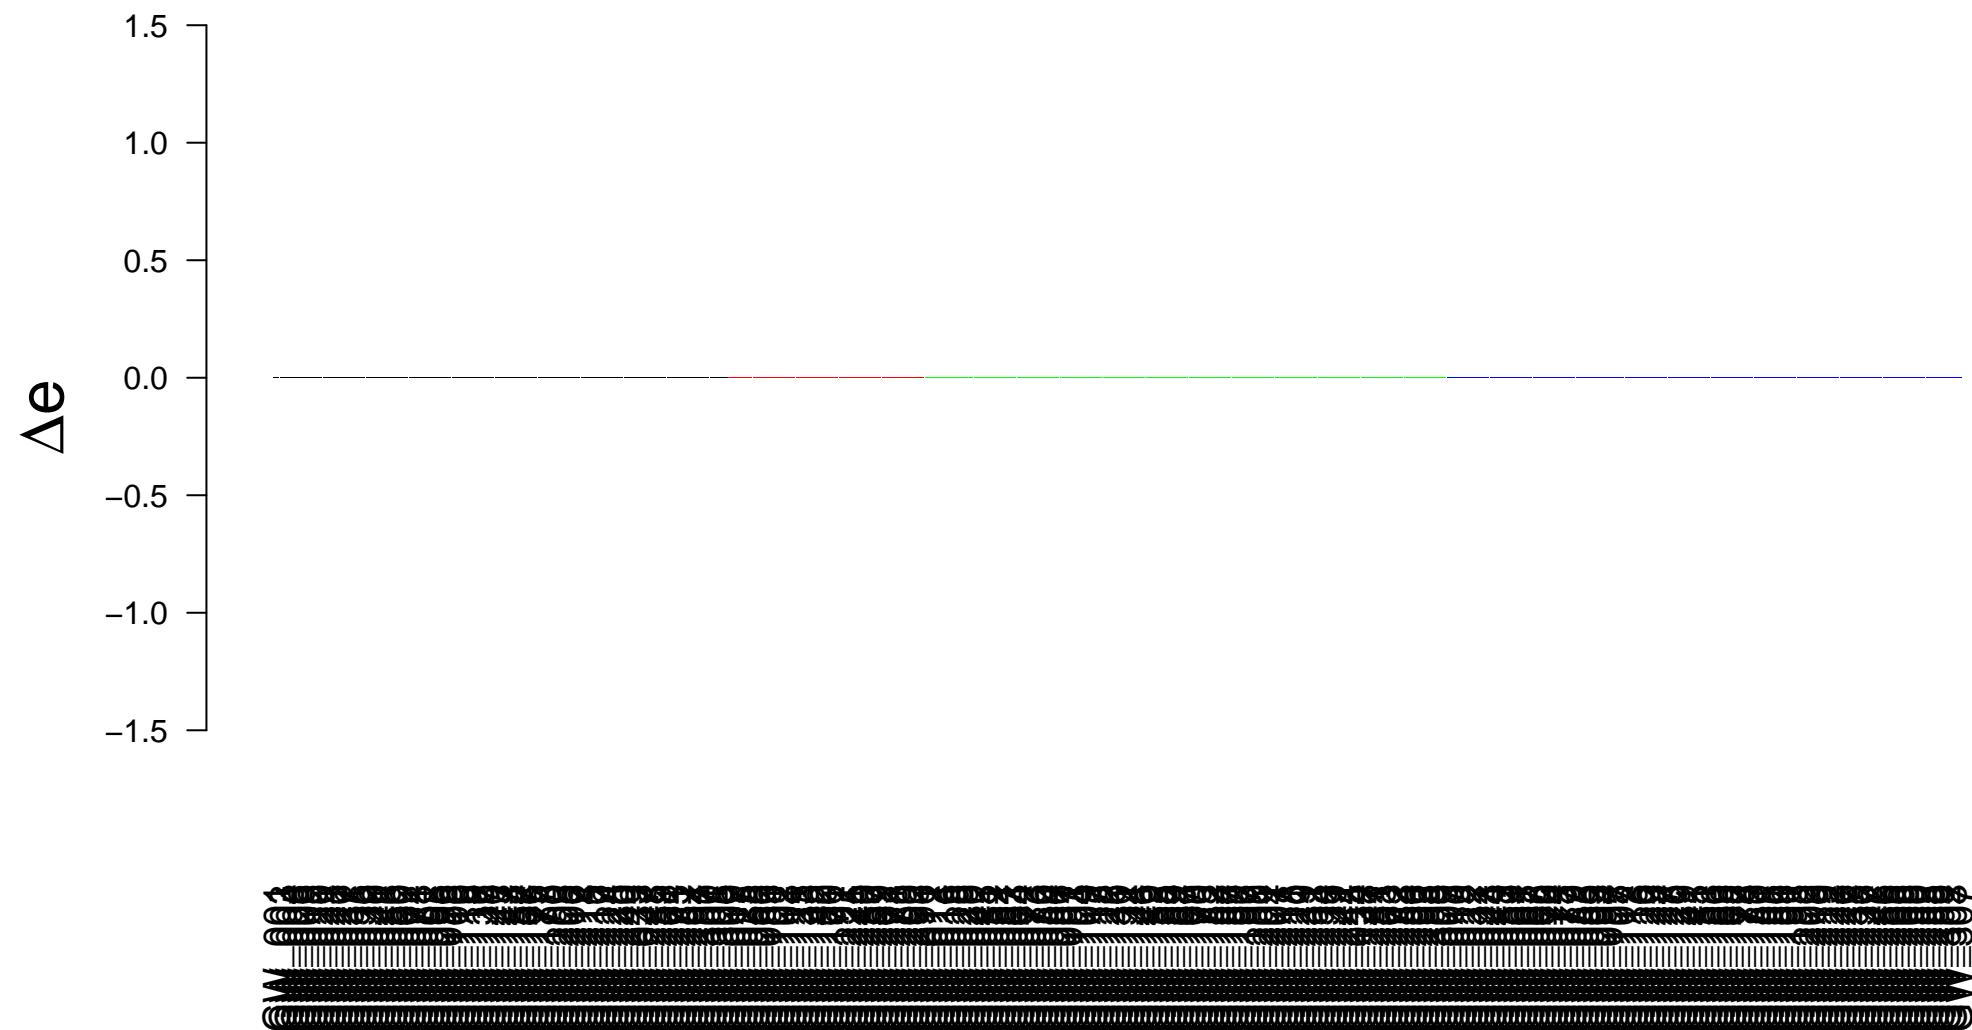

## Expression of core promoter proximal region sequence-specific DNA binding in Spot D

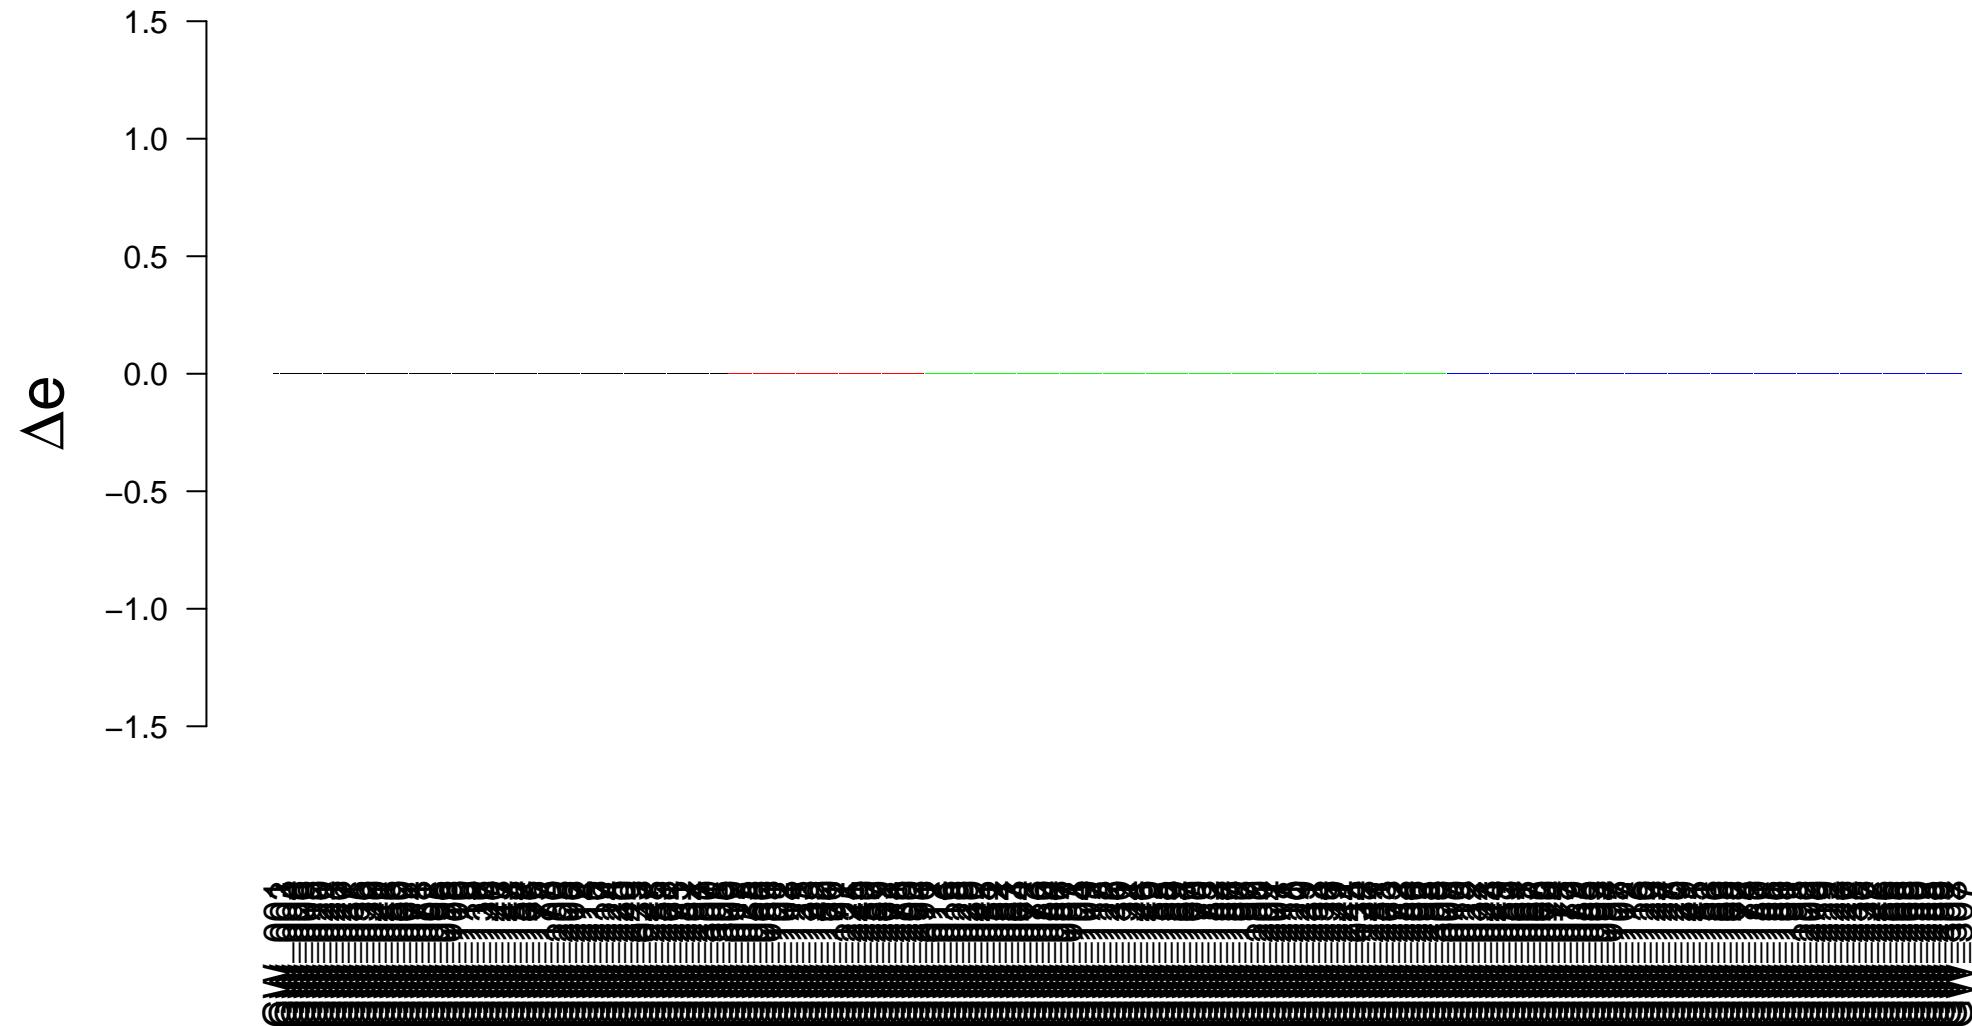

## Expression of core promoter proximal region sequence-specific DNA binding in Spot E

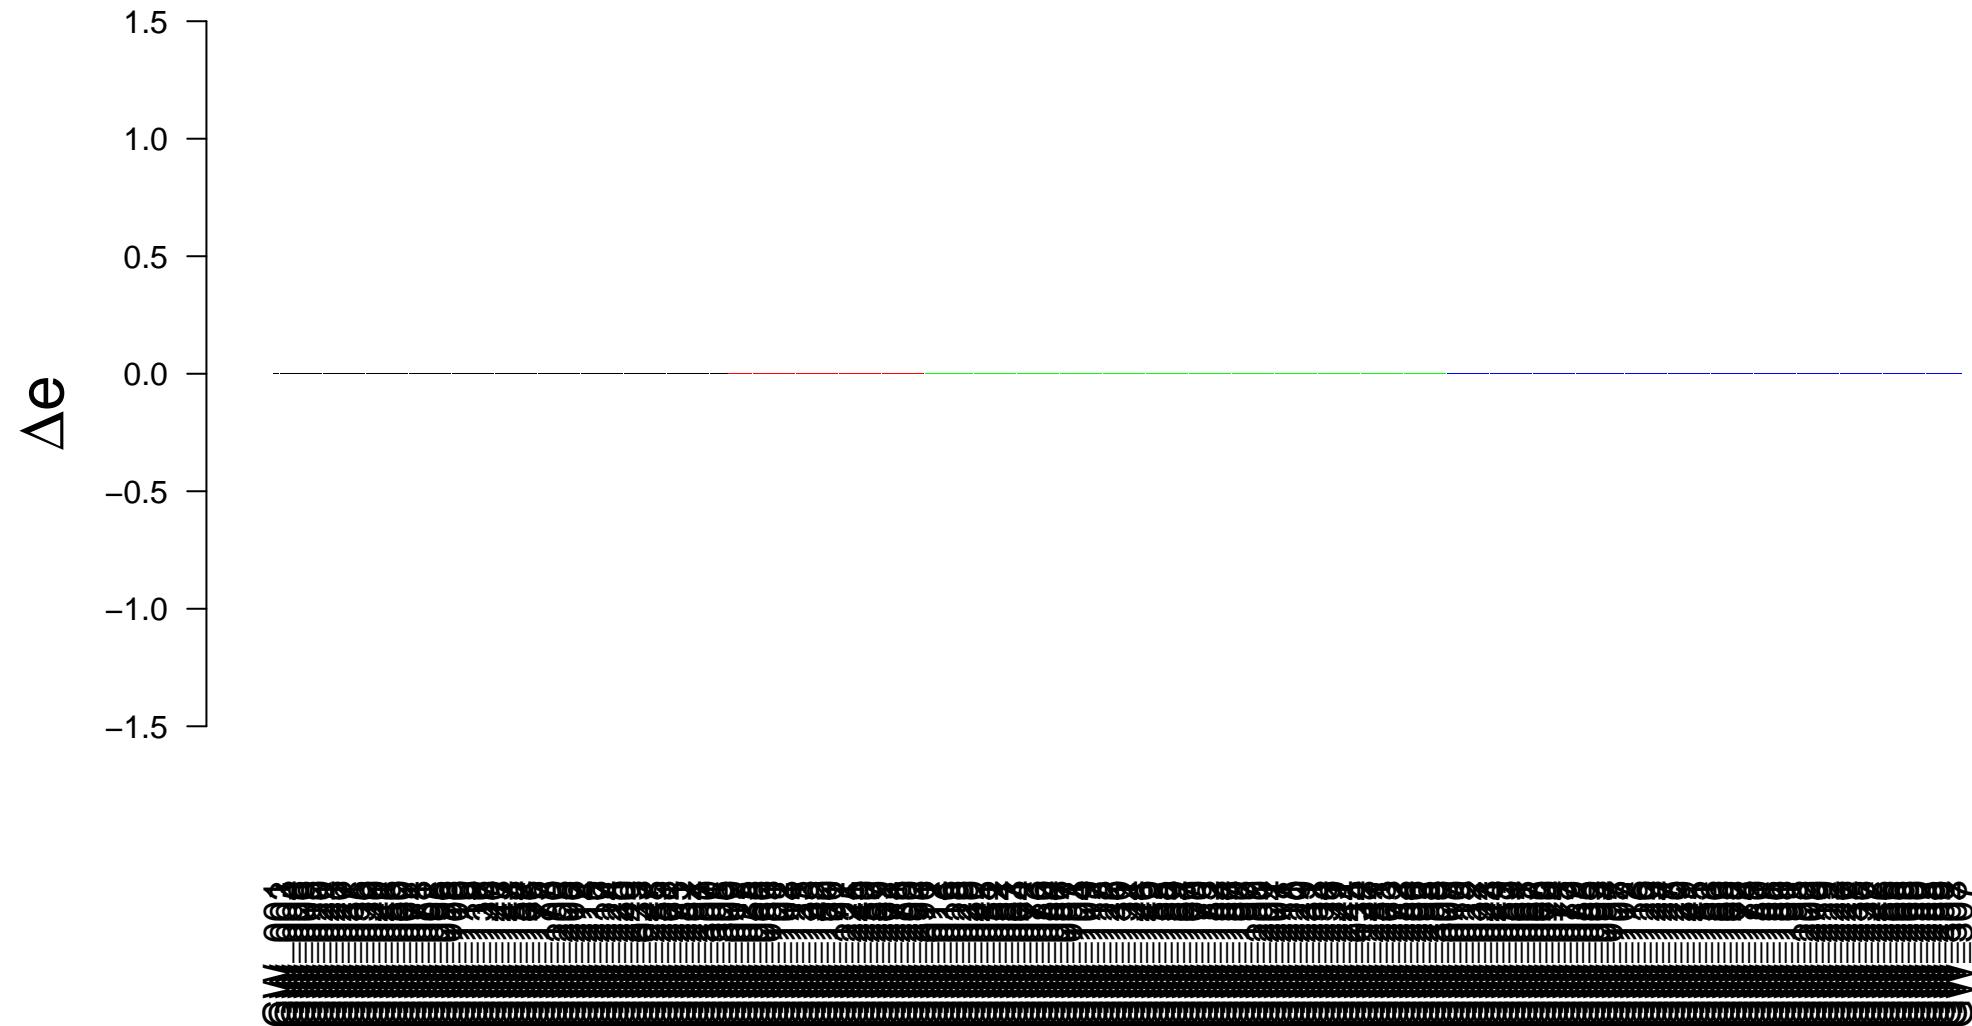

## Expression of core promoter proximal region sequence-specific DNA binding in Spot F

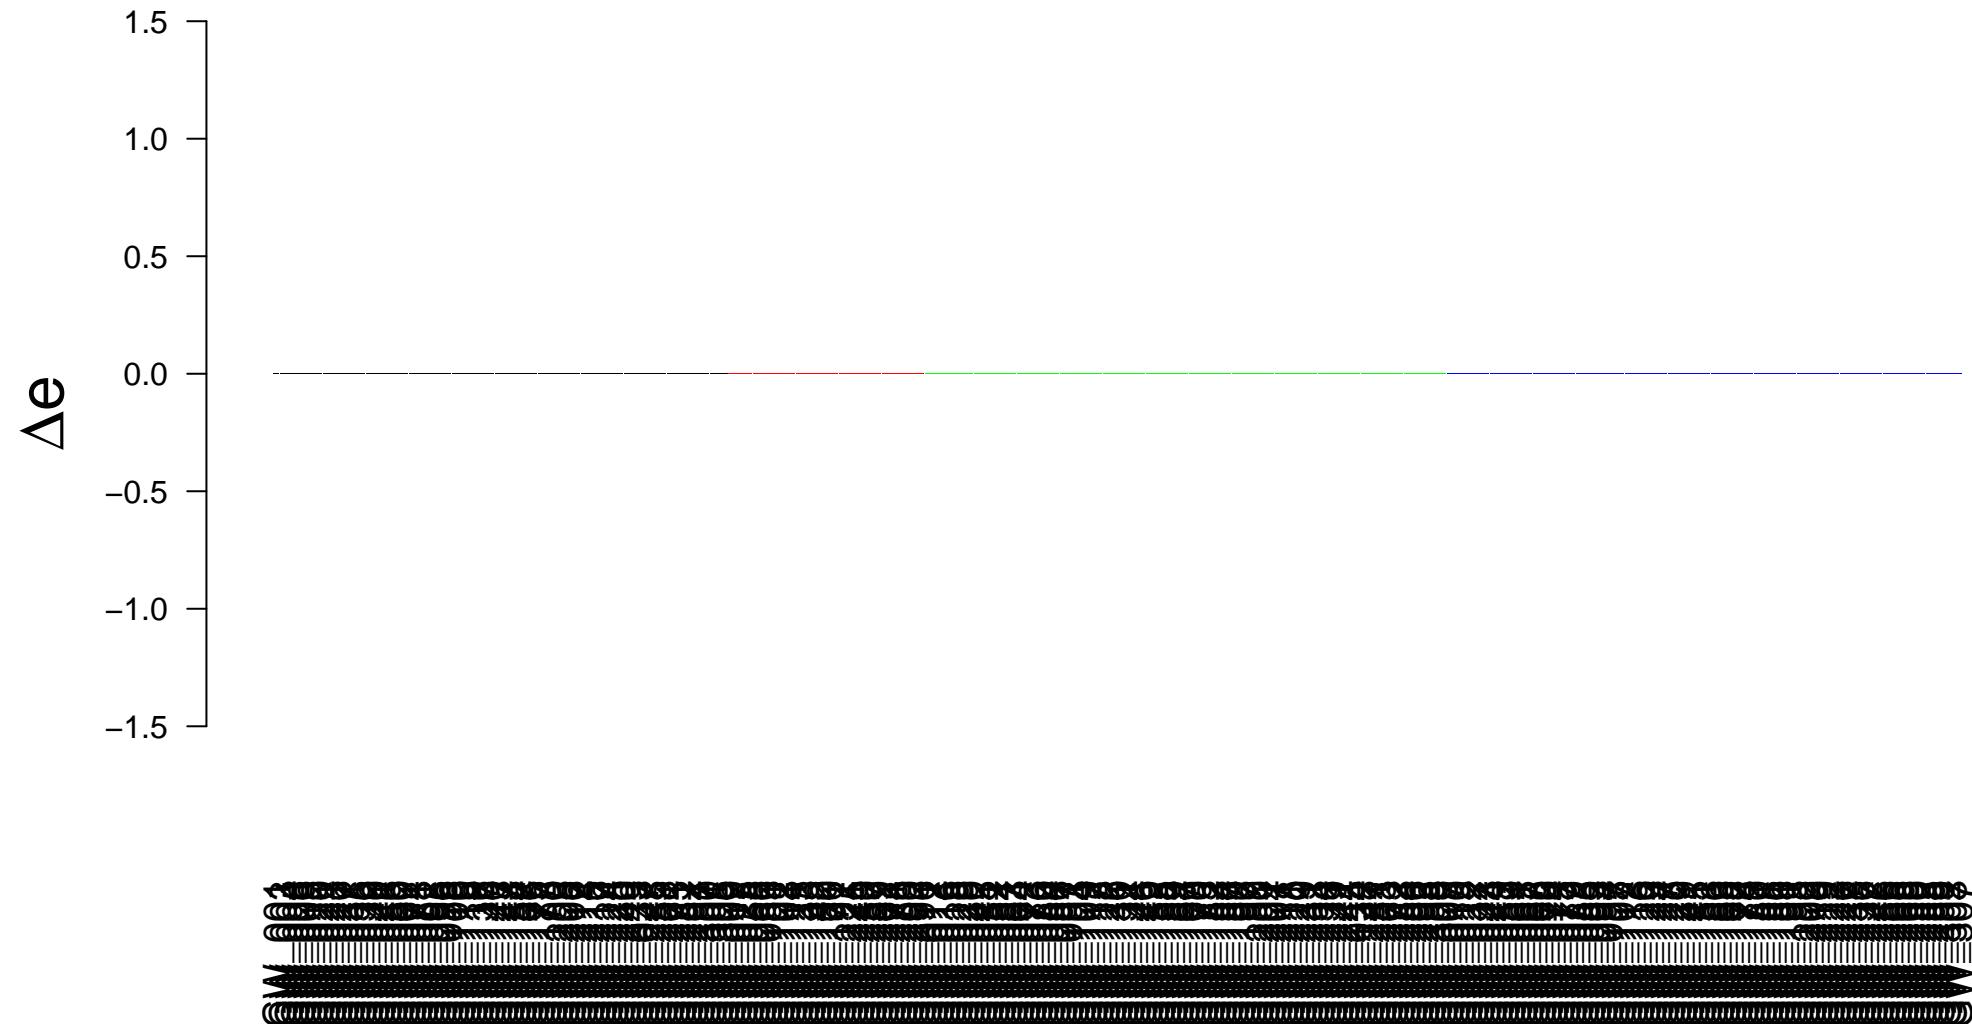

## Expression of core promoter proximal region sequence-specific DNA binding in Spot G

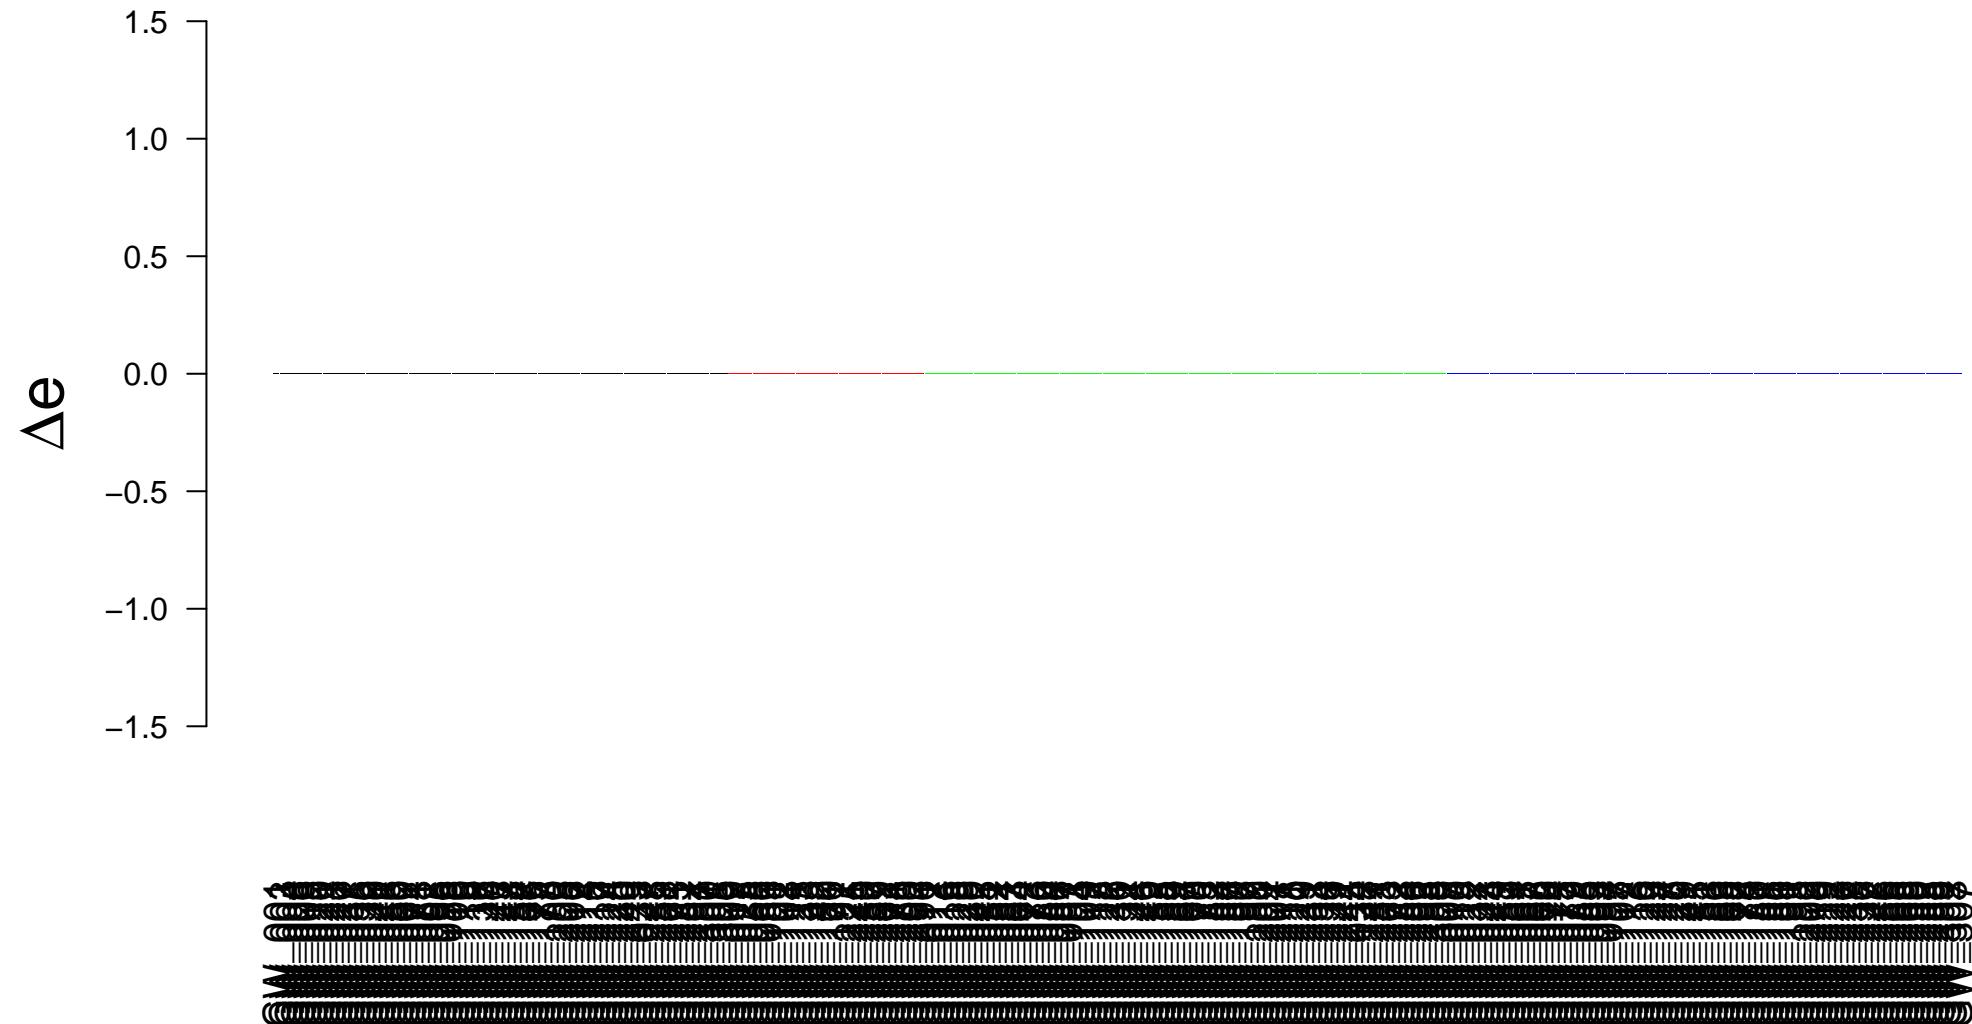

## Expression of core promoter proximal region sequence-specific DNA binding in Spot H

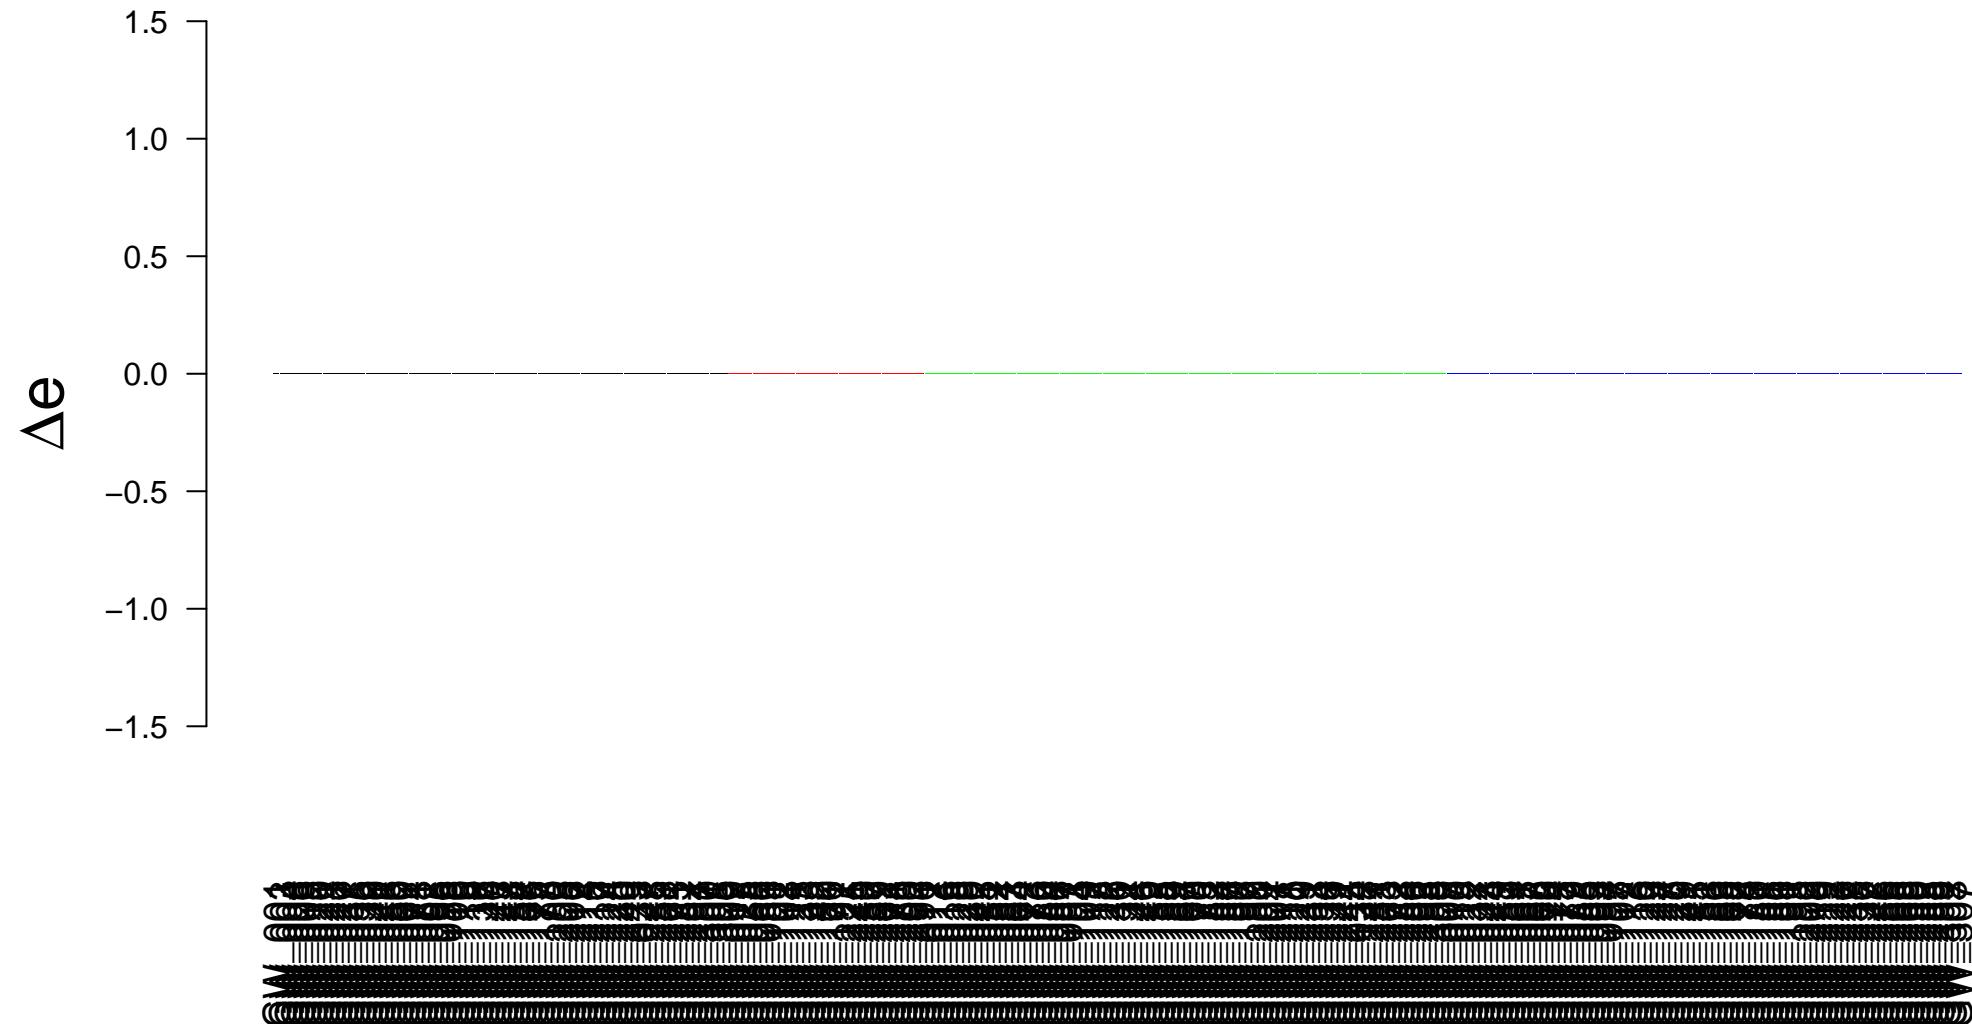

## Expression of core promoter proximal region sequence-specific DNA binding in Spot I

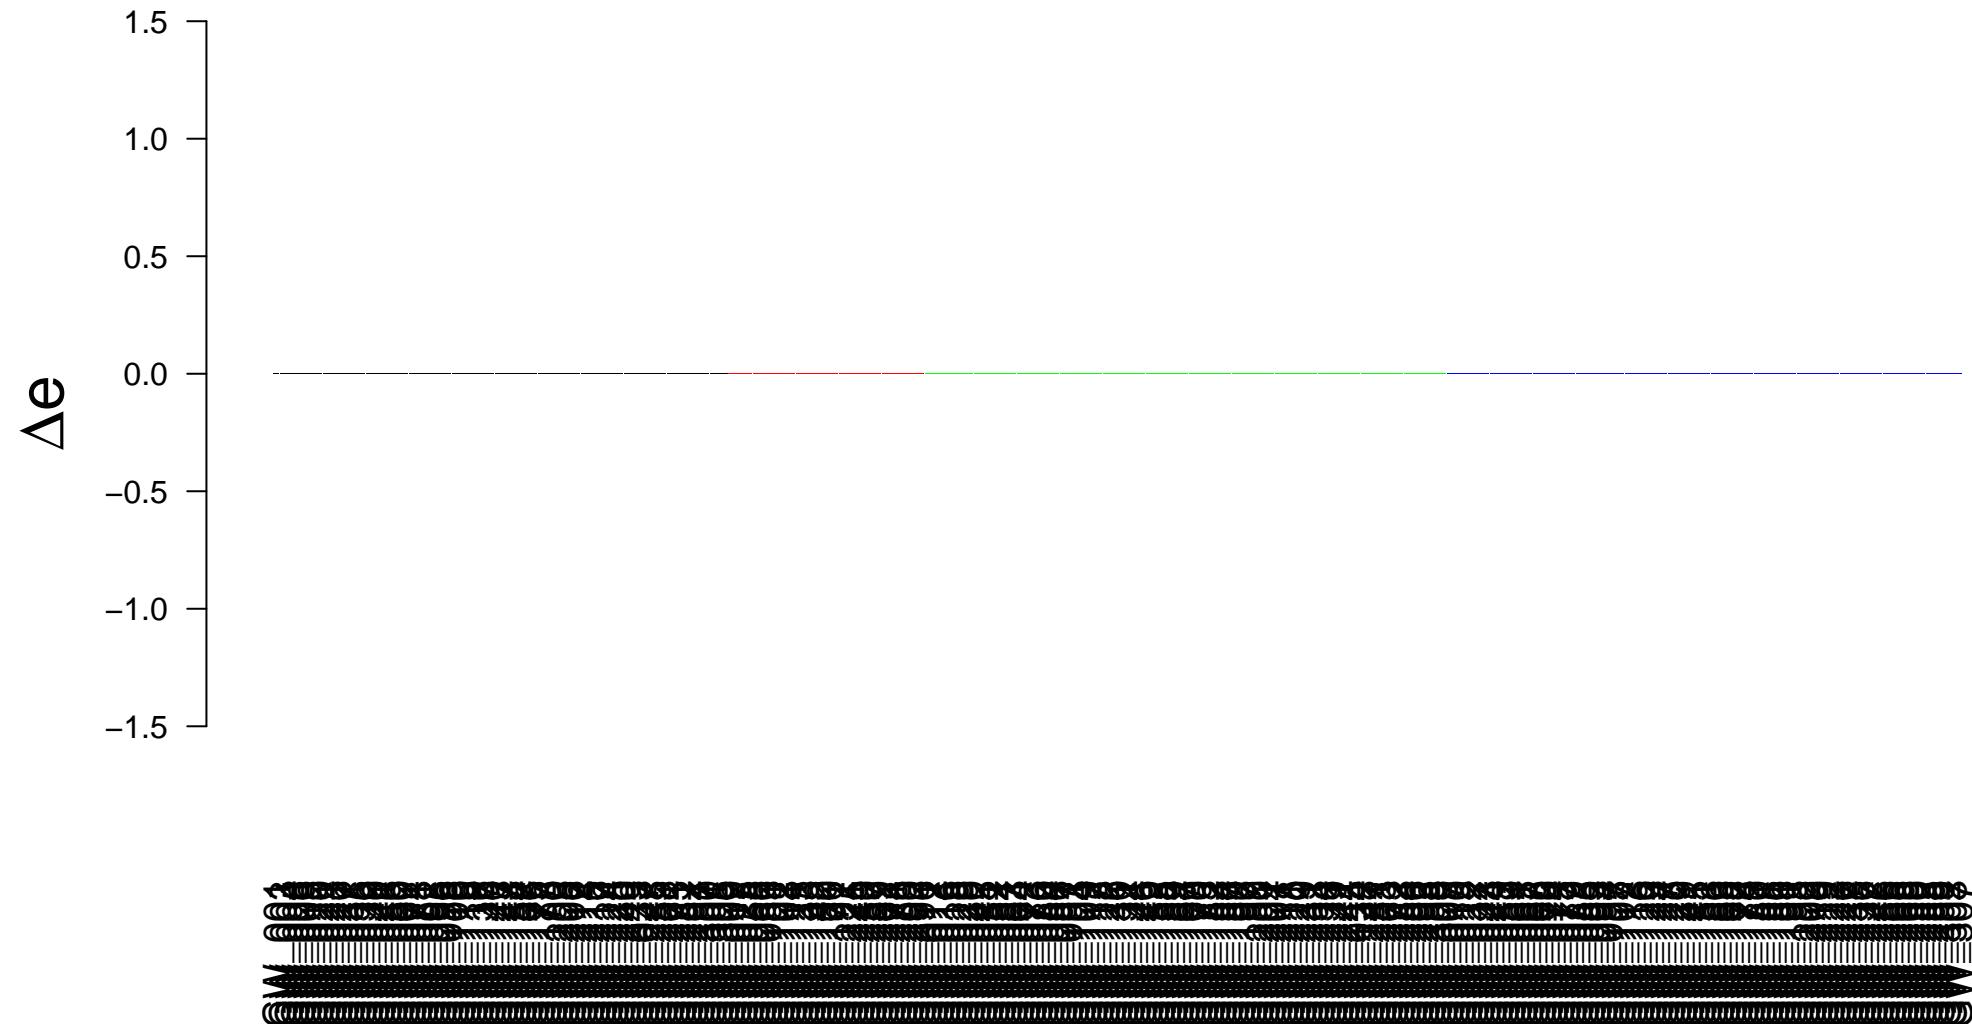

## Expression of core promoter proximal region sequence-specific DNA binding in Spot J

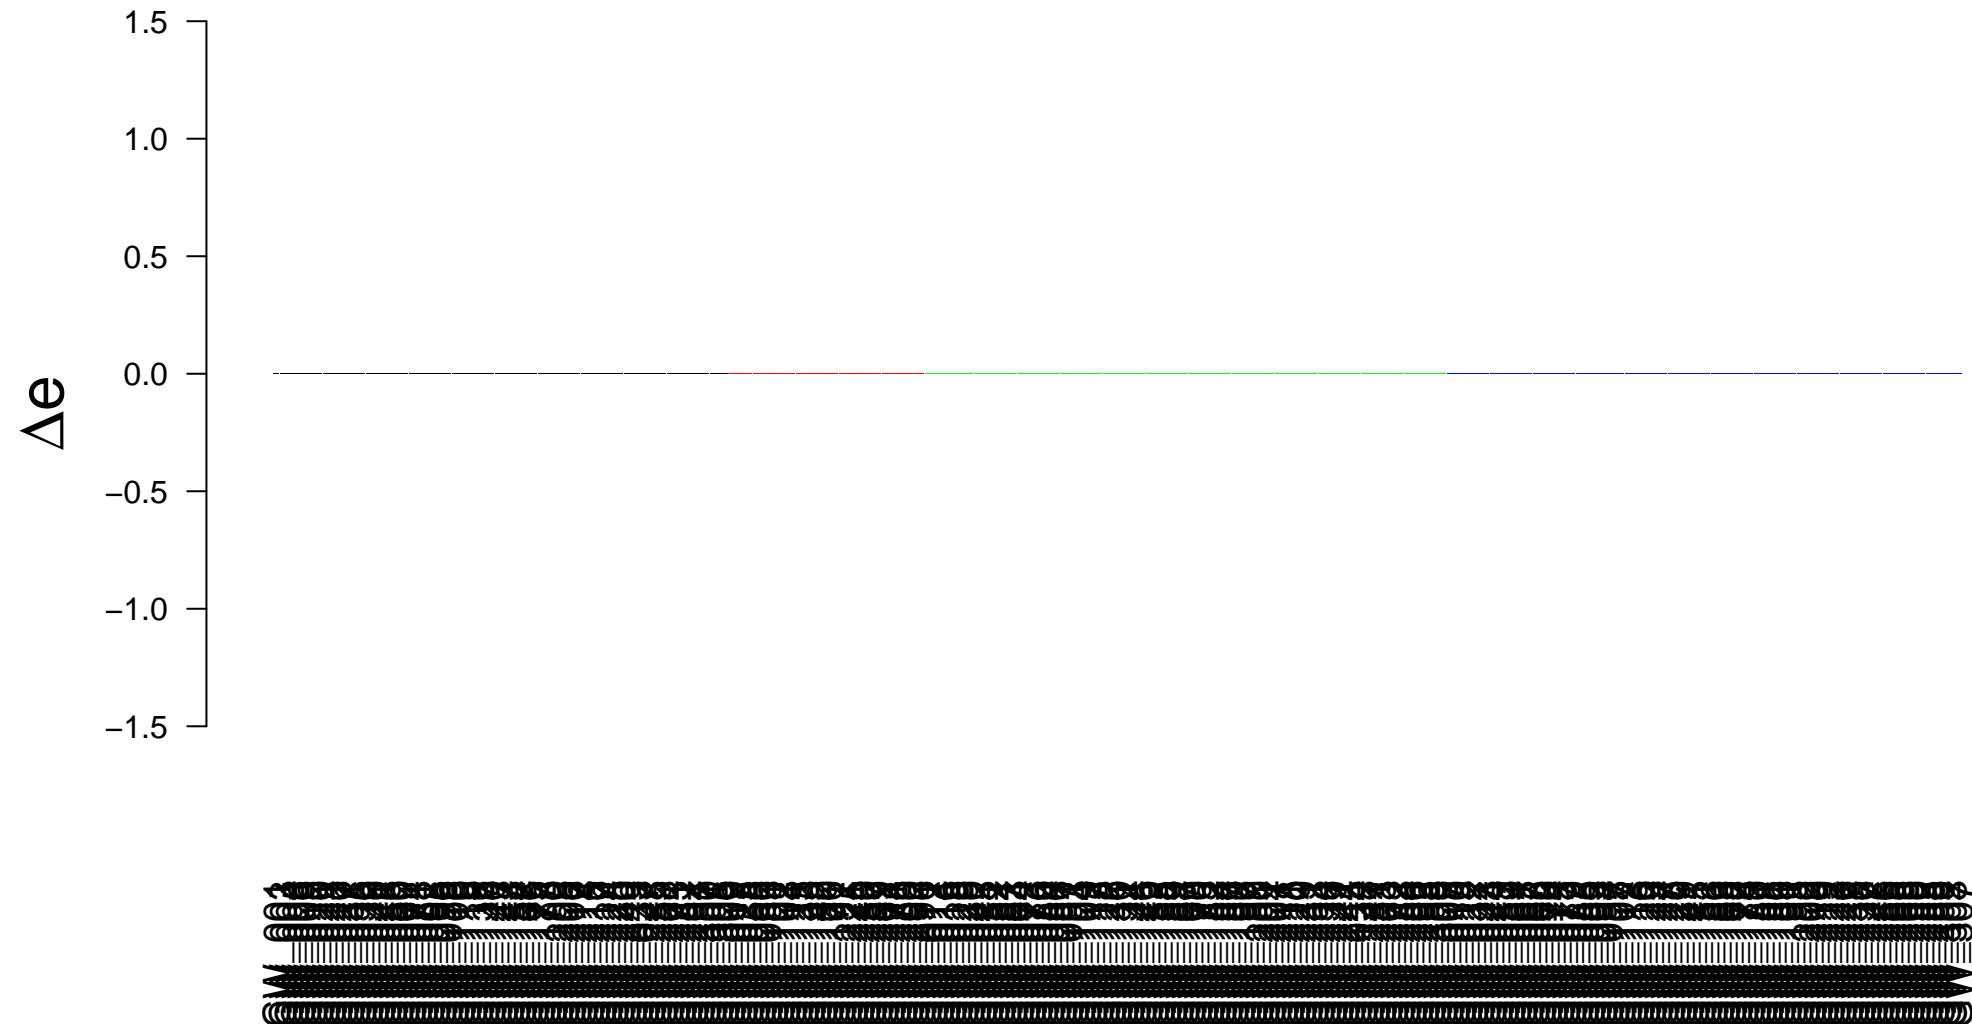

## Expression of core promoter proximal region sequence-specific DNA binding in Spot K

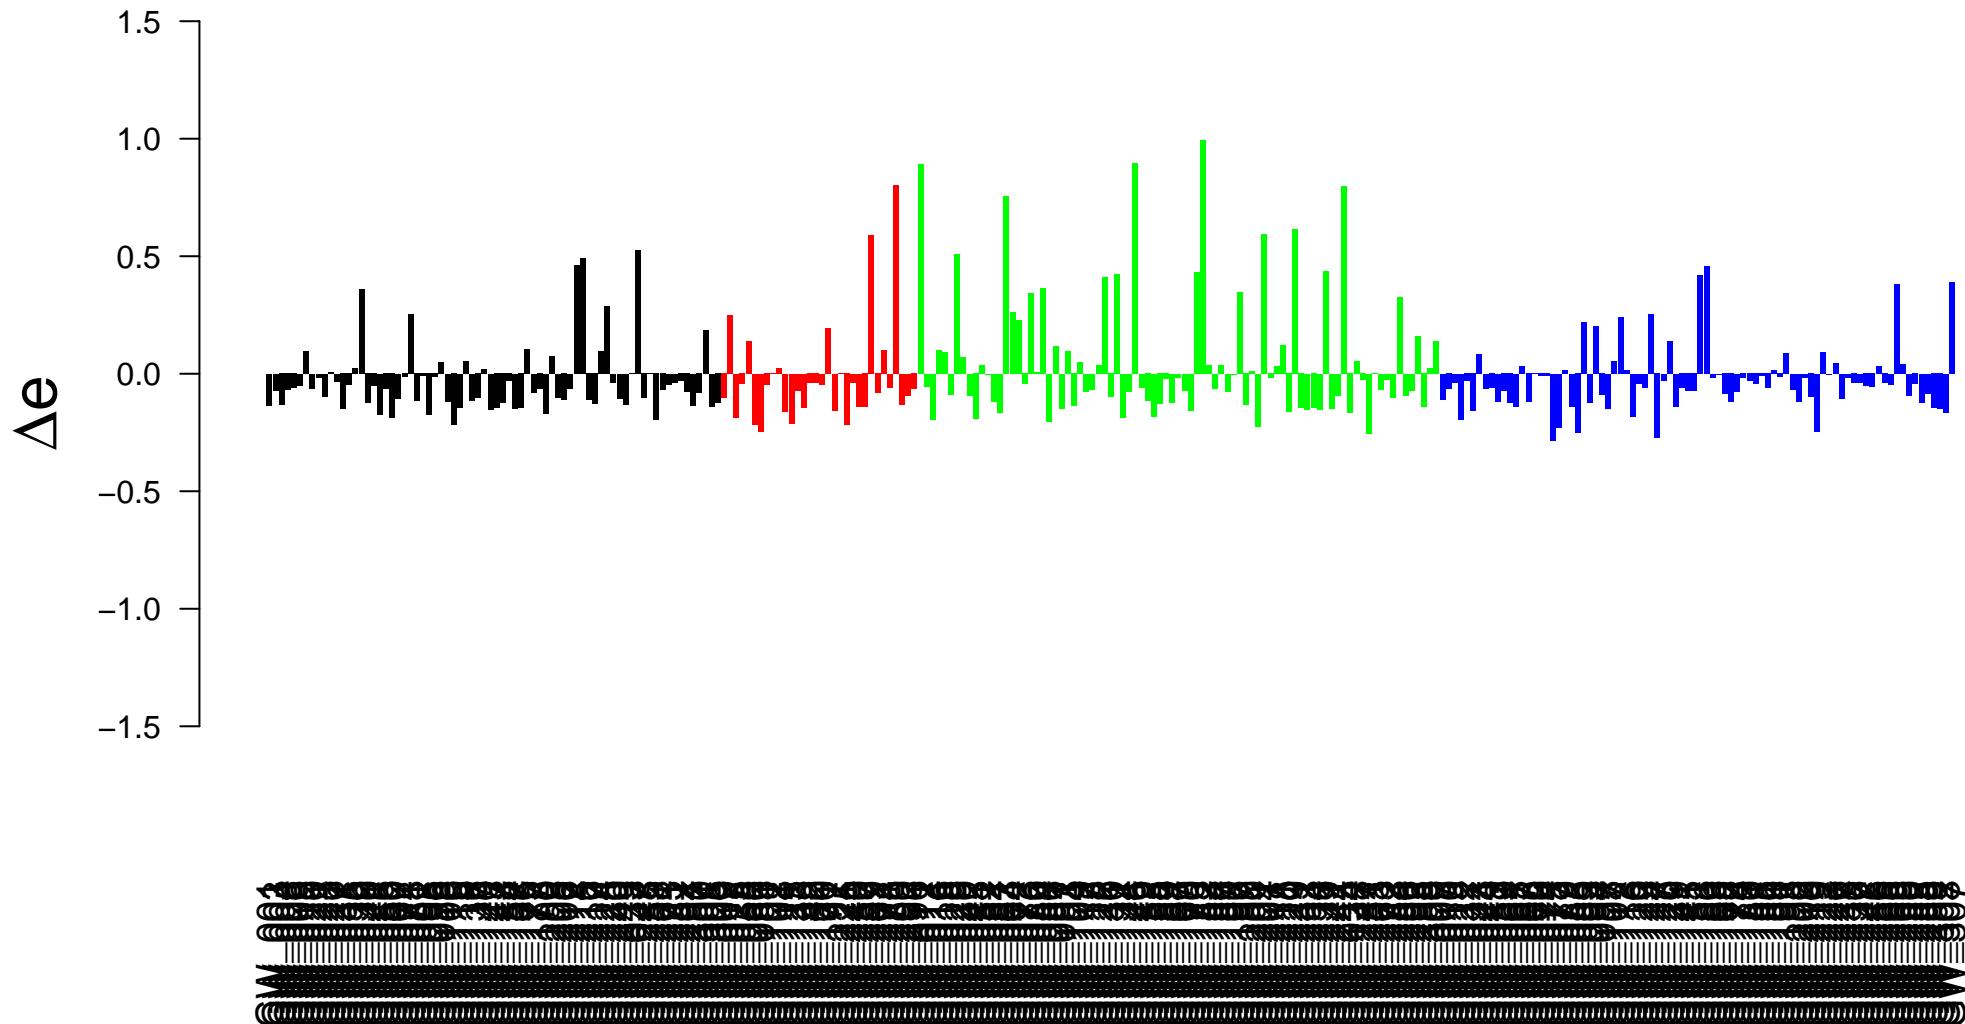

## Expression of core promoter proximal region sequence-specific DNA binding in Spot L

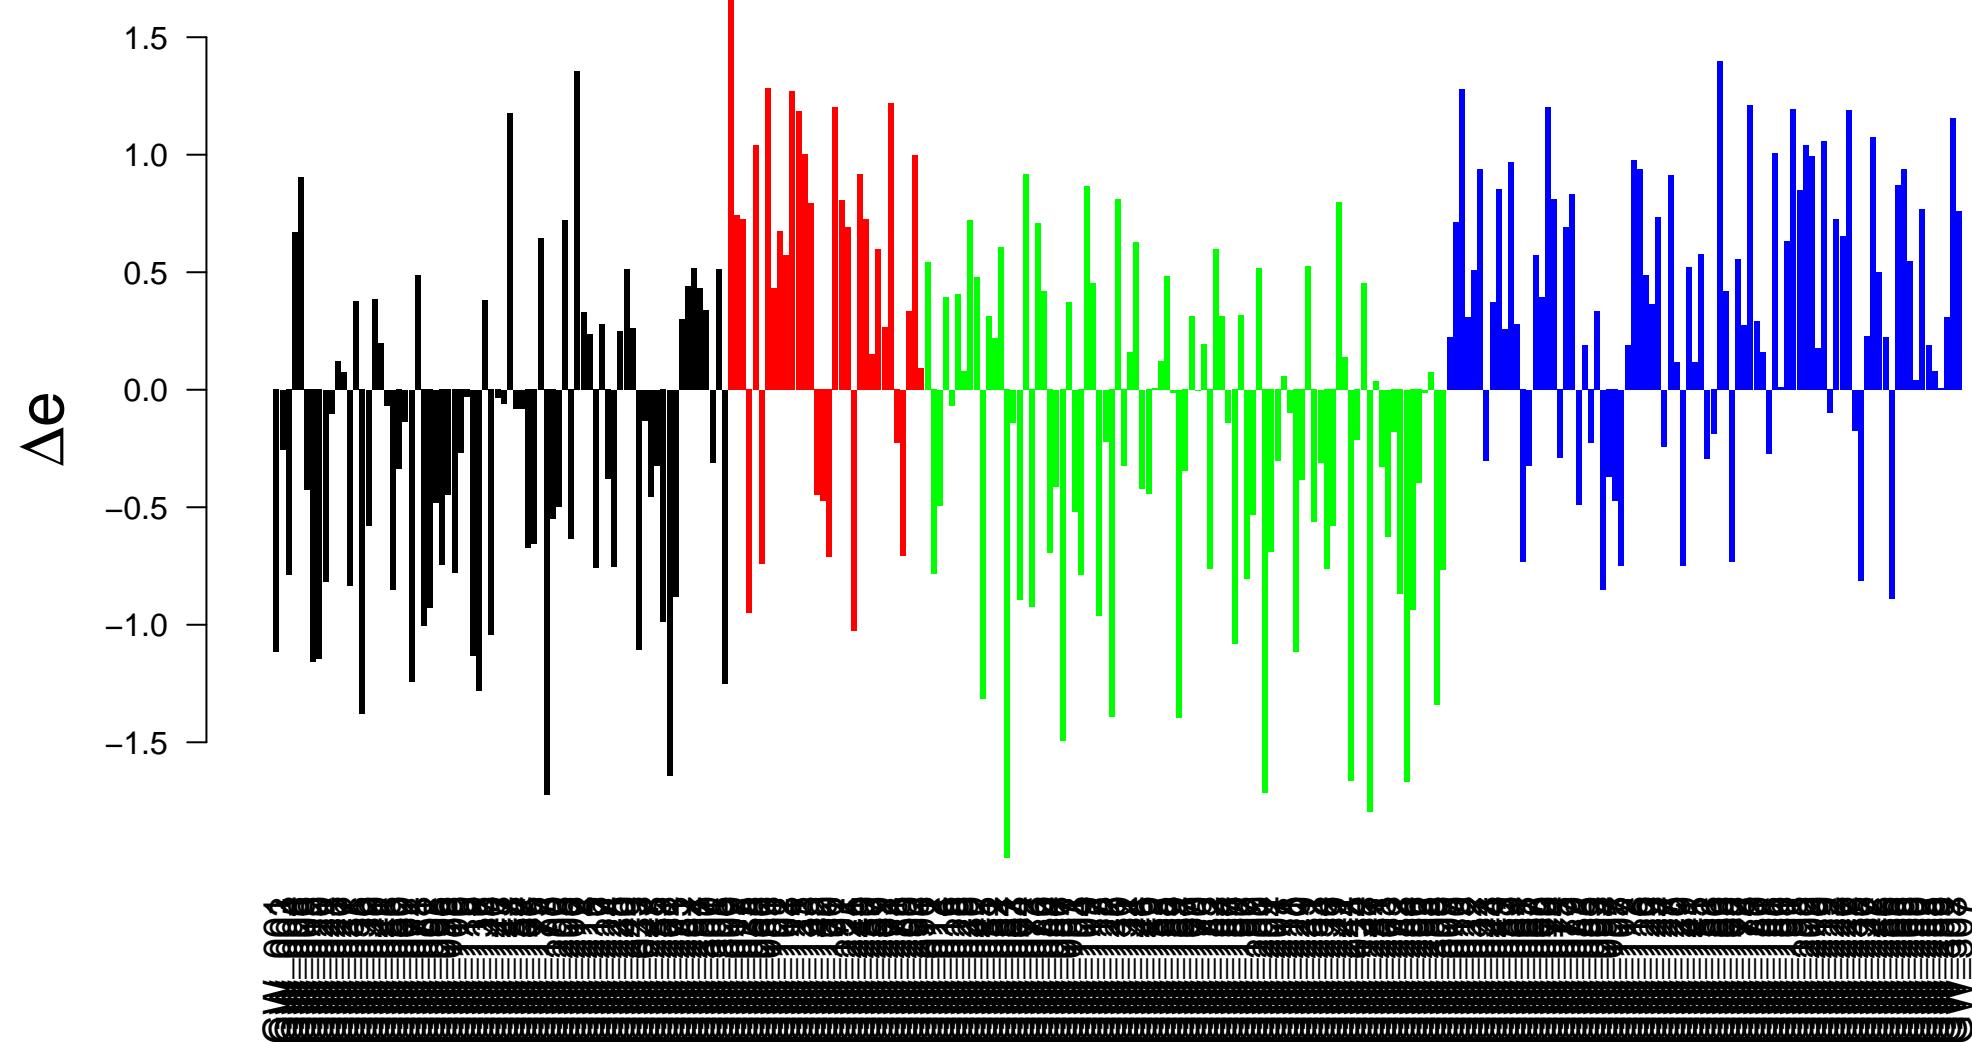

## Expression of core promoter proximal region sequence-specific DNA binding in Spot M

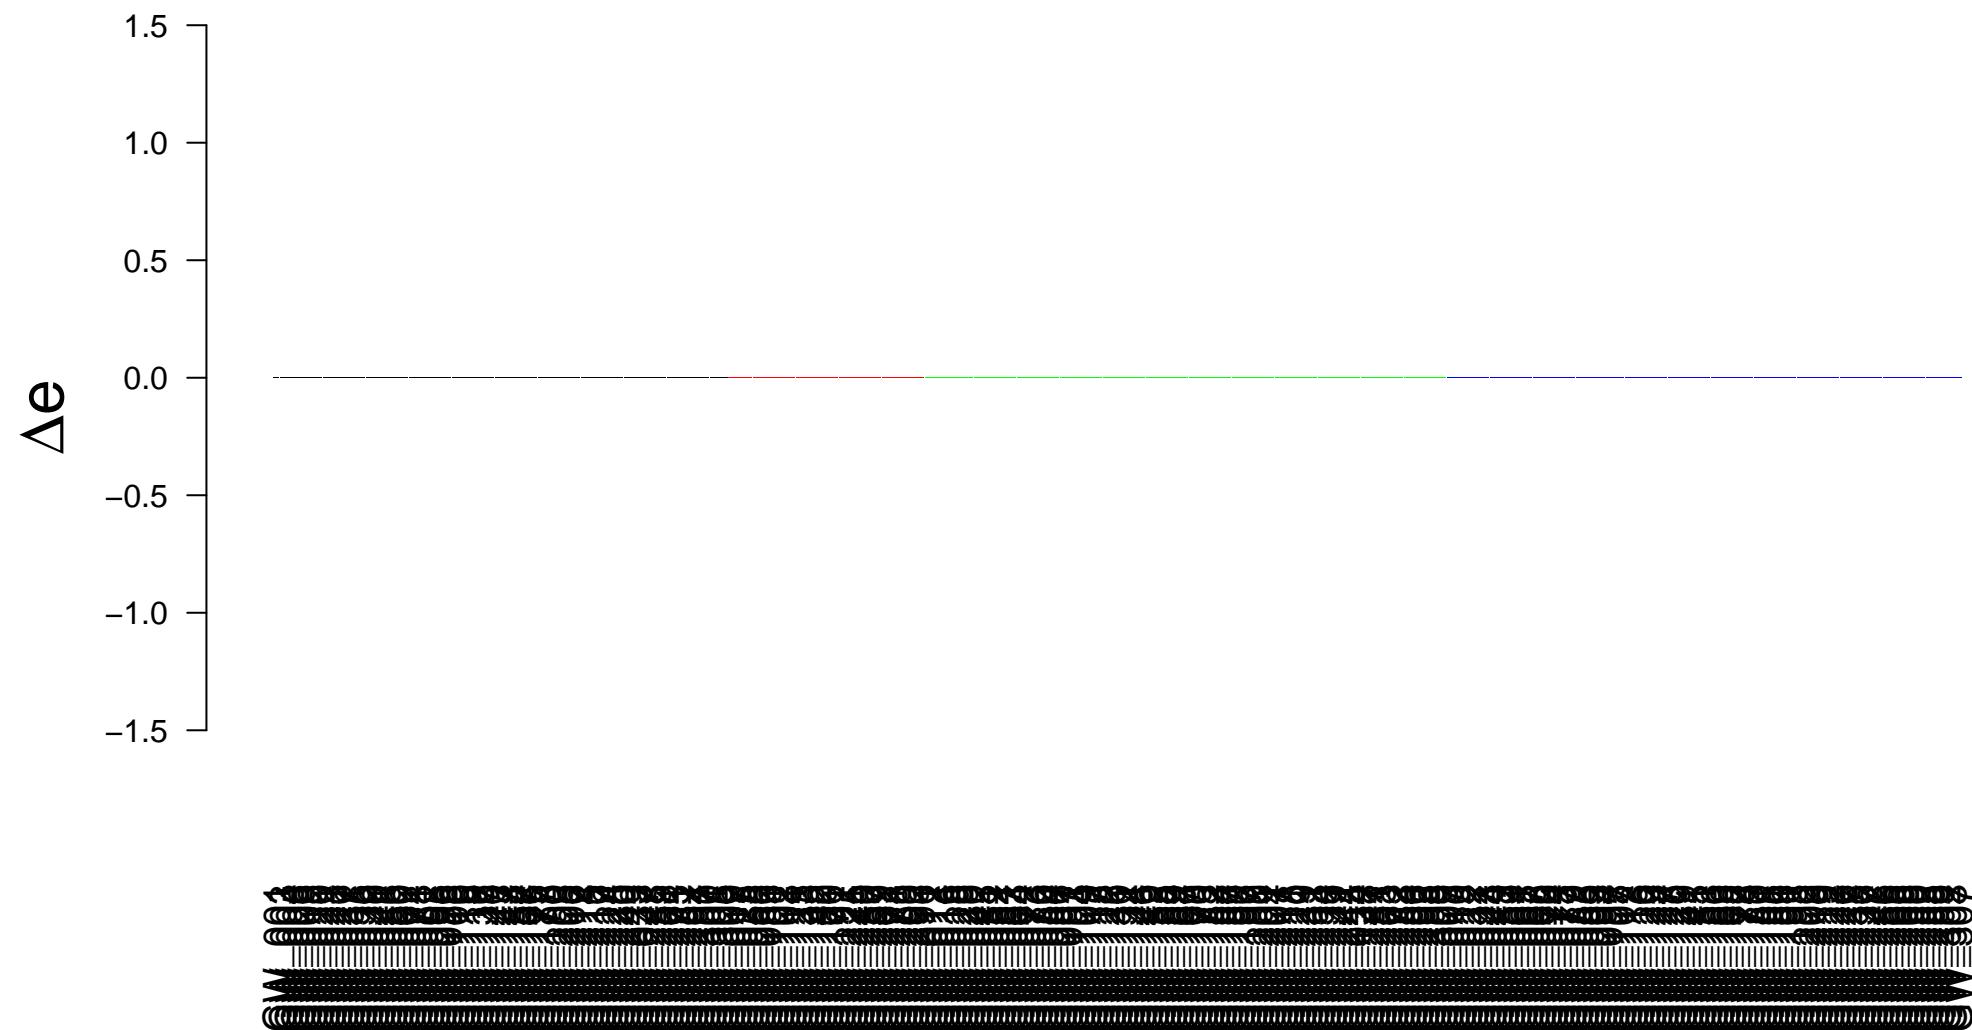

# Expression of core promoter proximal region sequence-specific DNA binding in Spot N

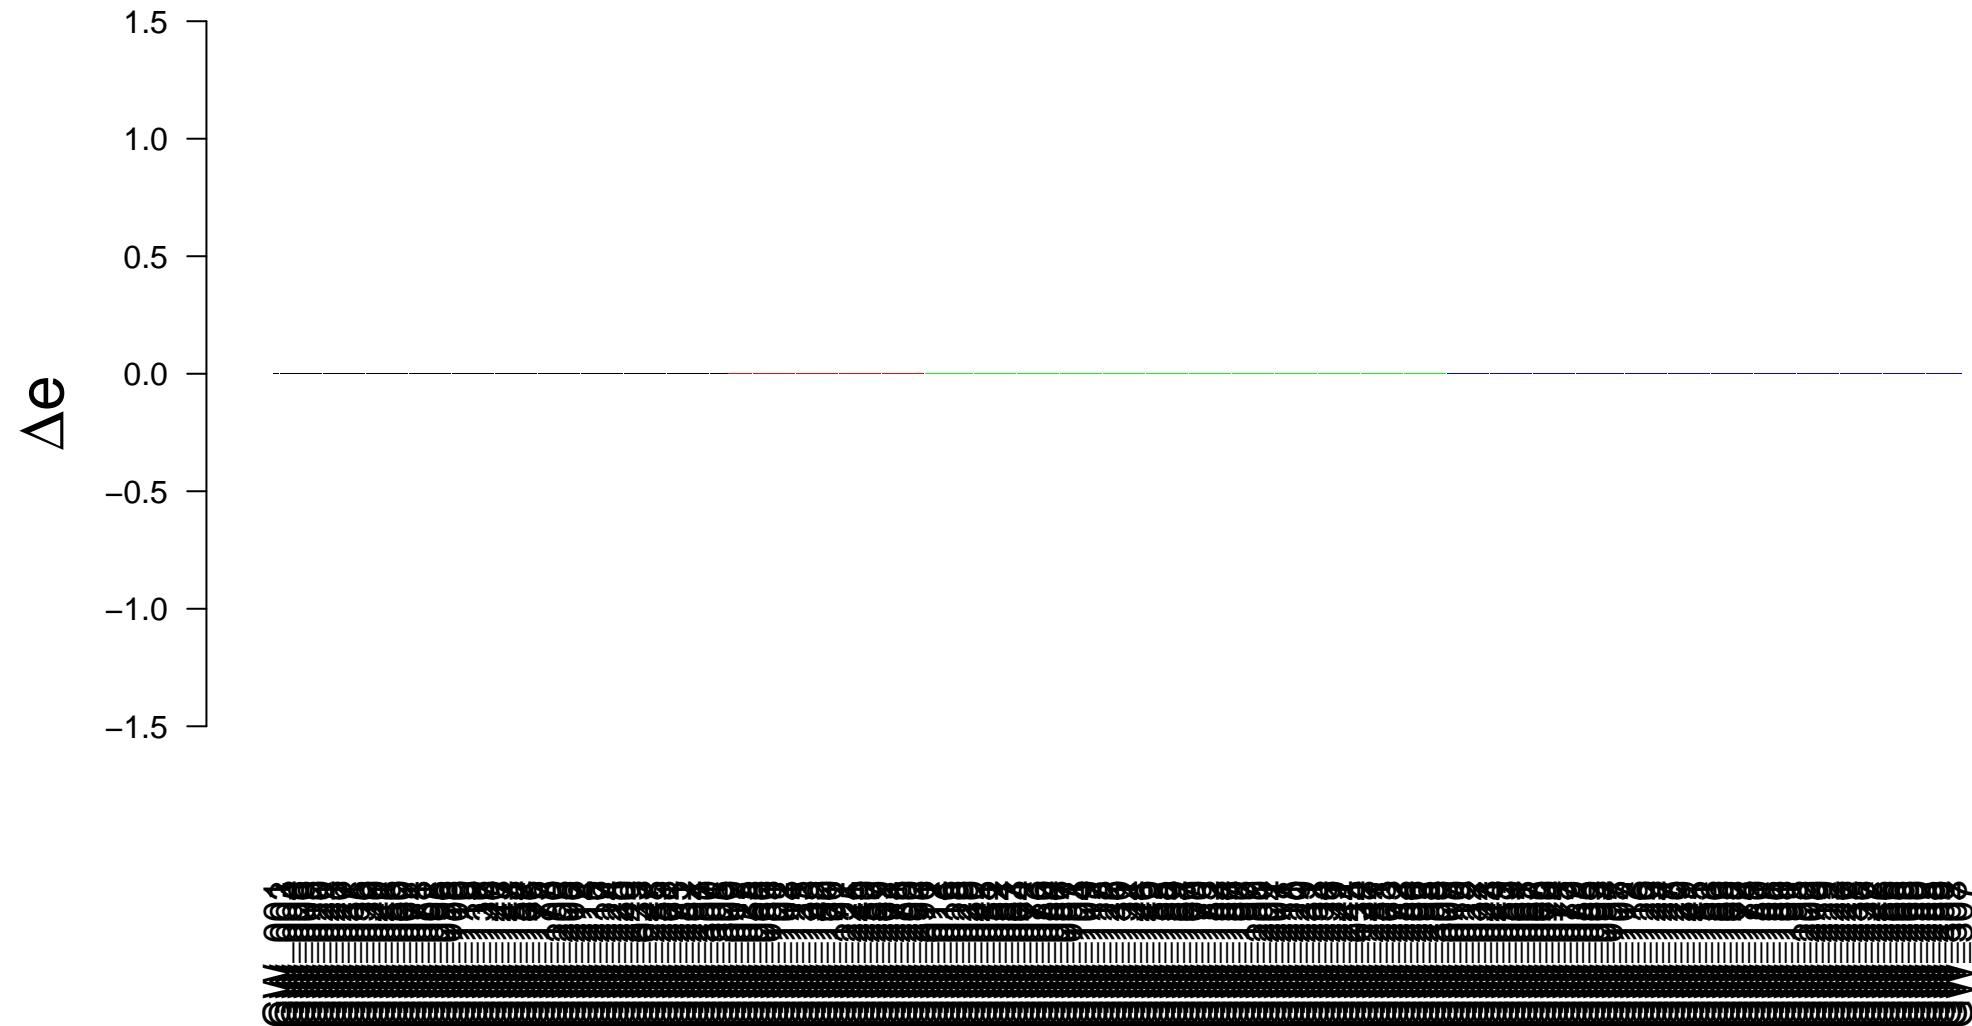

# Expression of core promoter proximal region sequence-specific DNA binding in Spot O

## Expression of core promoter proximal region sequence-specific DNA binding in Spot P

## Expression of core promoter proximal region sequence-specific DNA binding in Spot Q

## Expression of core promoter proximal region sequence-specific DNA binding in Spot R
