

death receptor binding

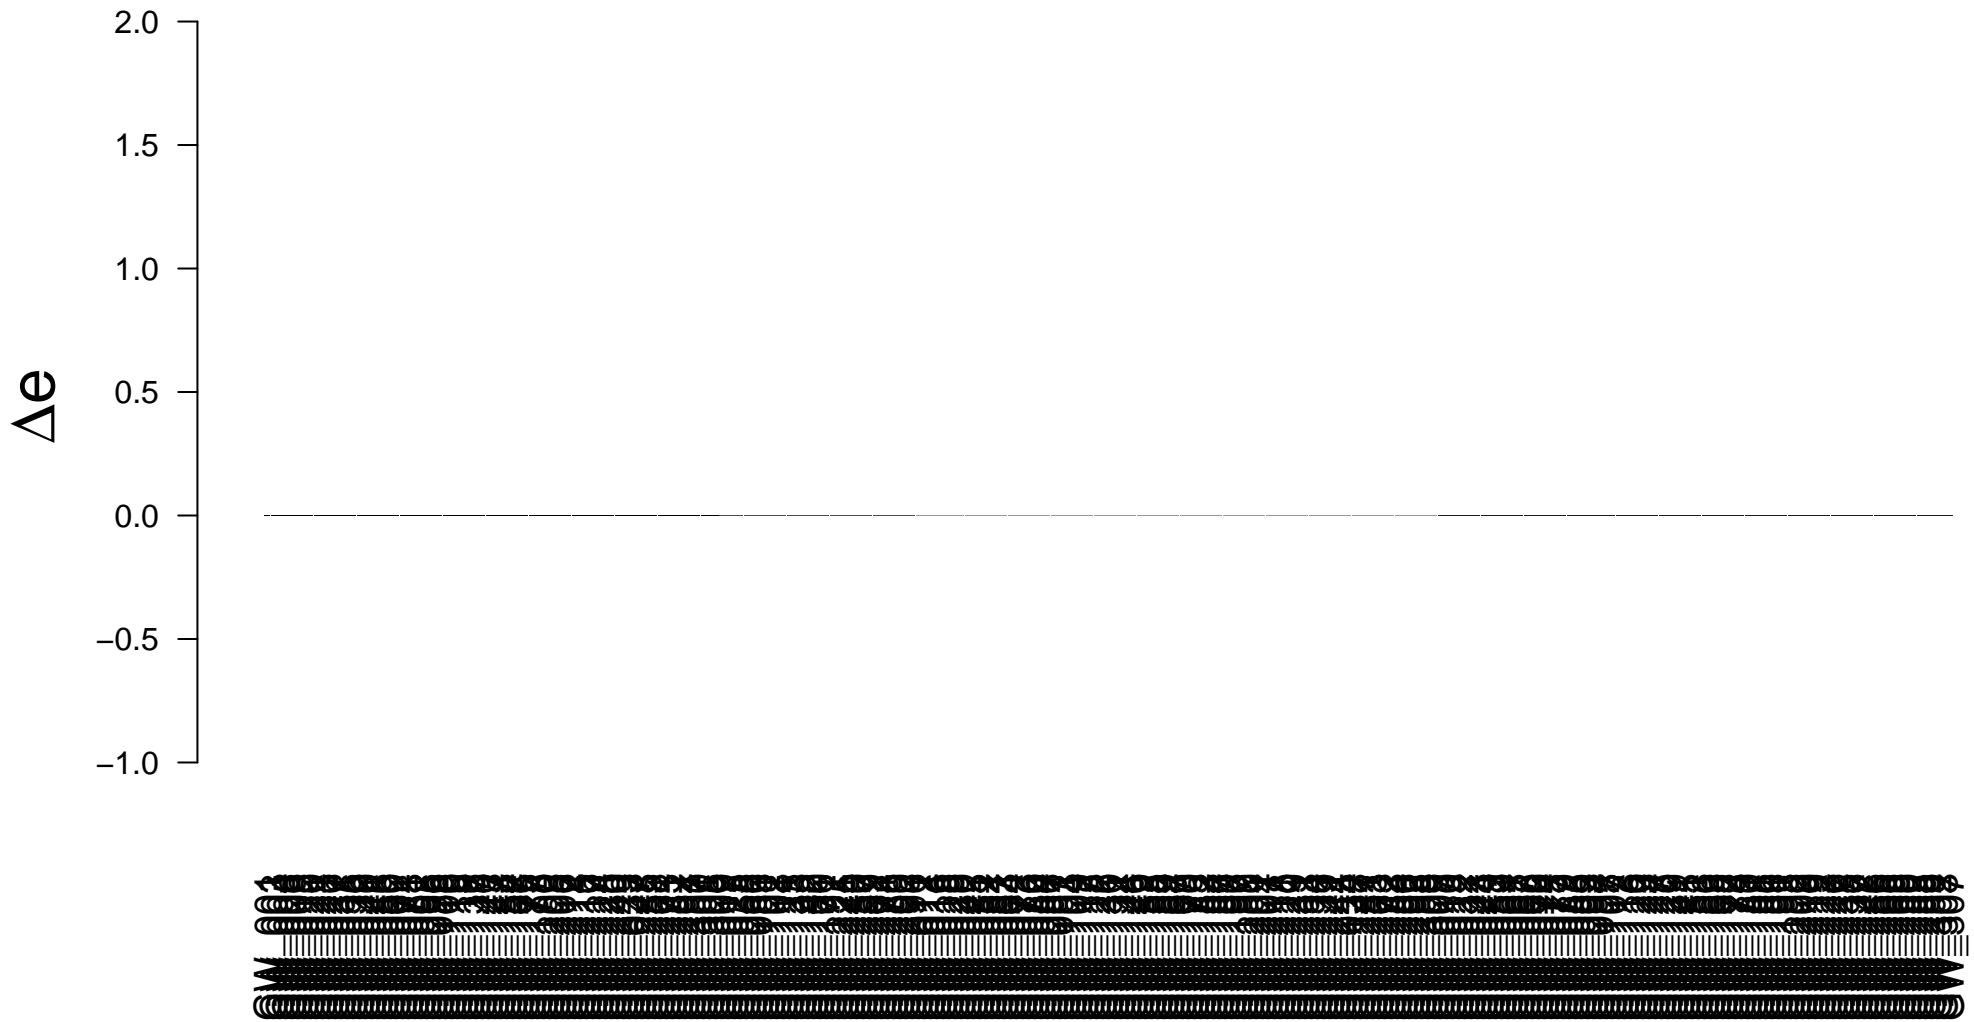

death receptor binding

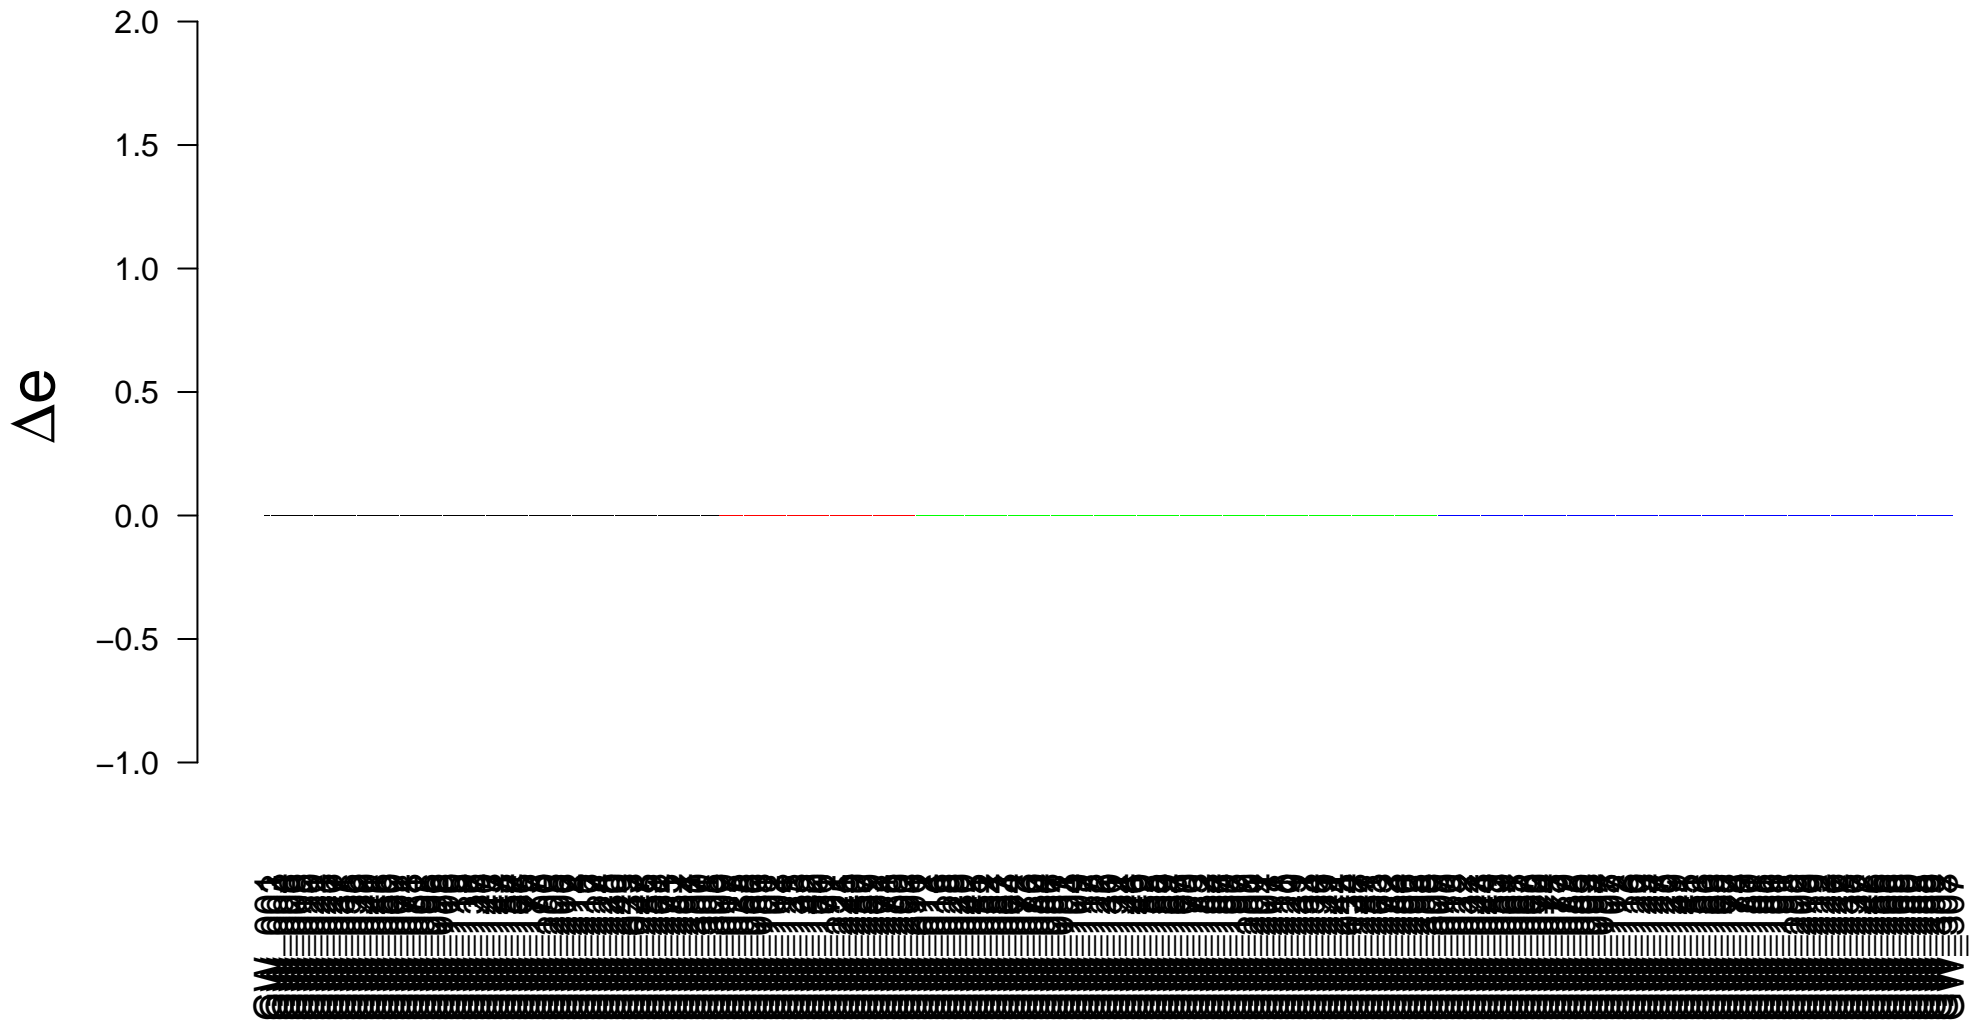

Enrichment in spots: death receptor binding

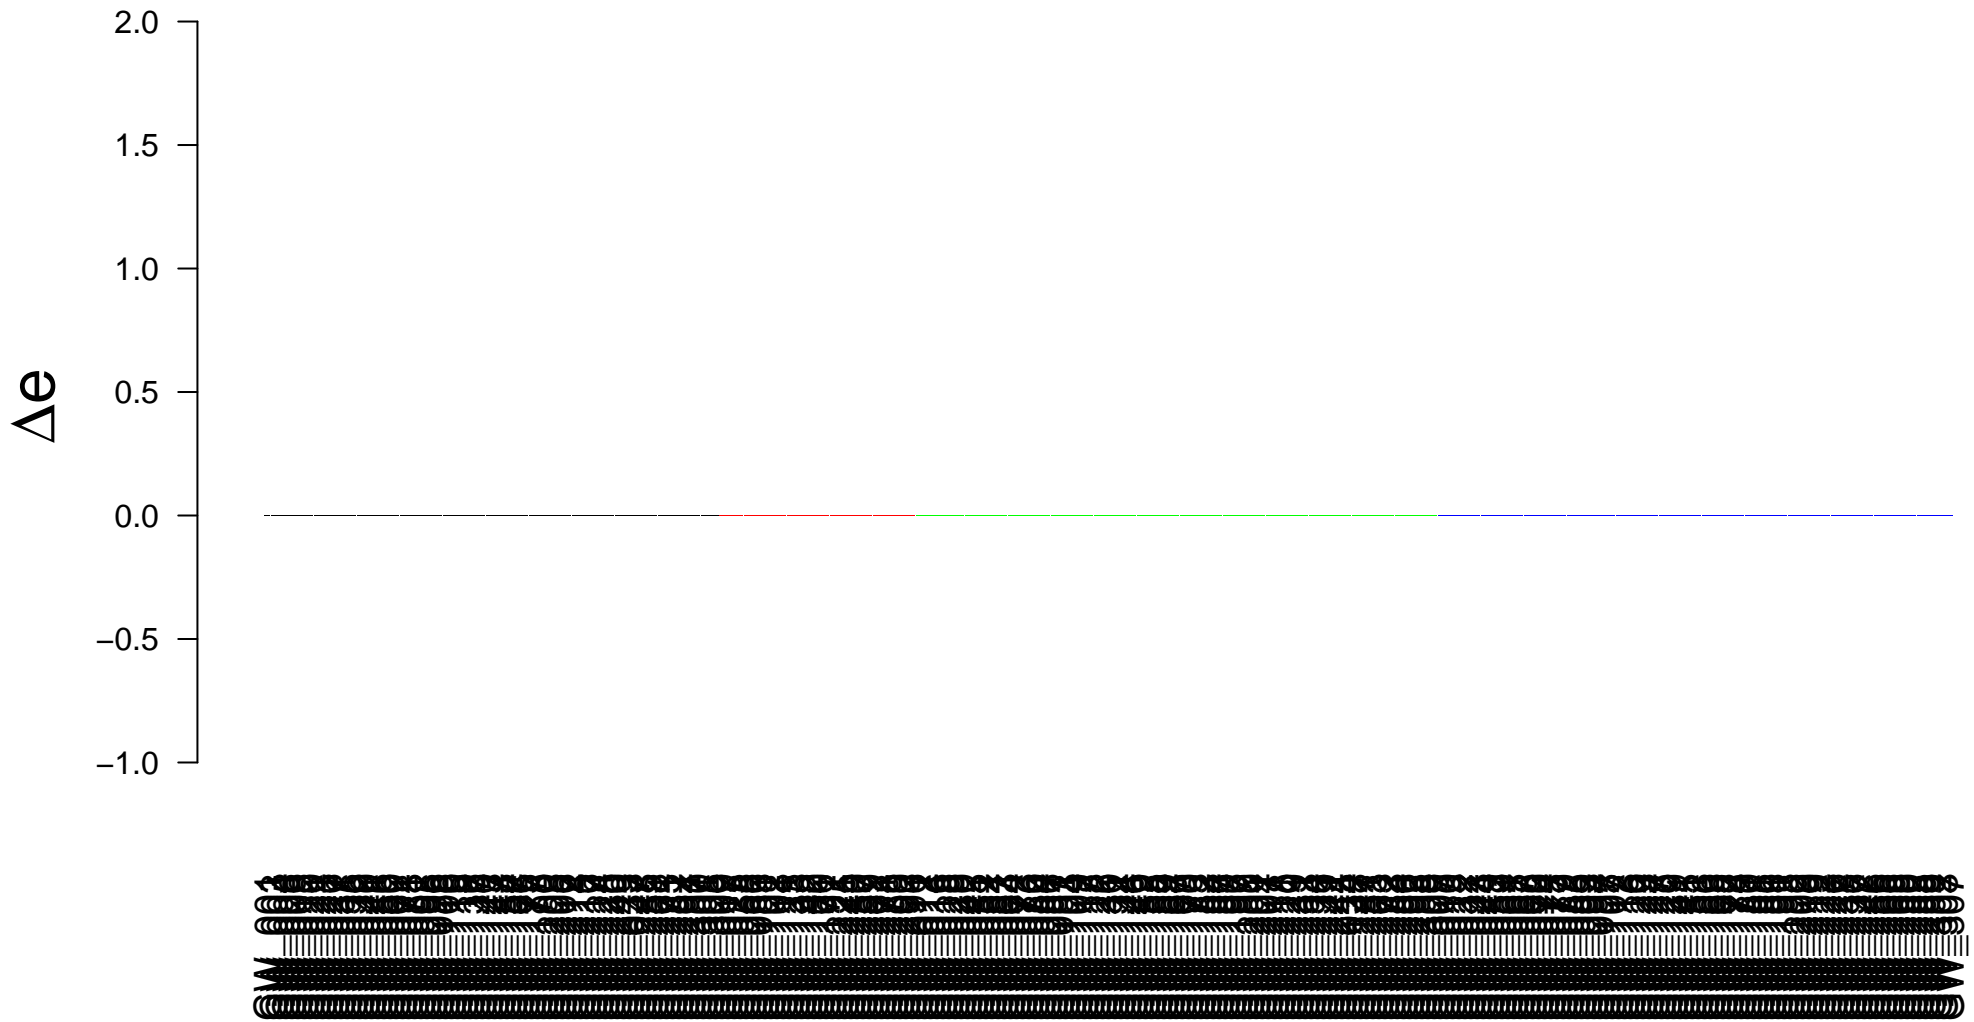

Expression of death receptor binding in Spot A

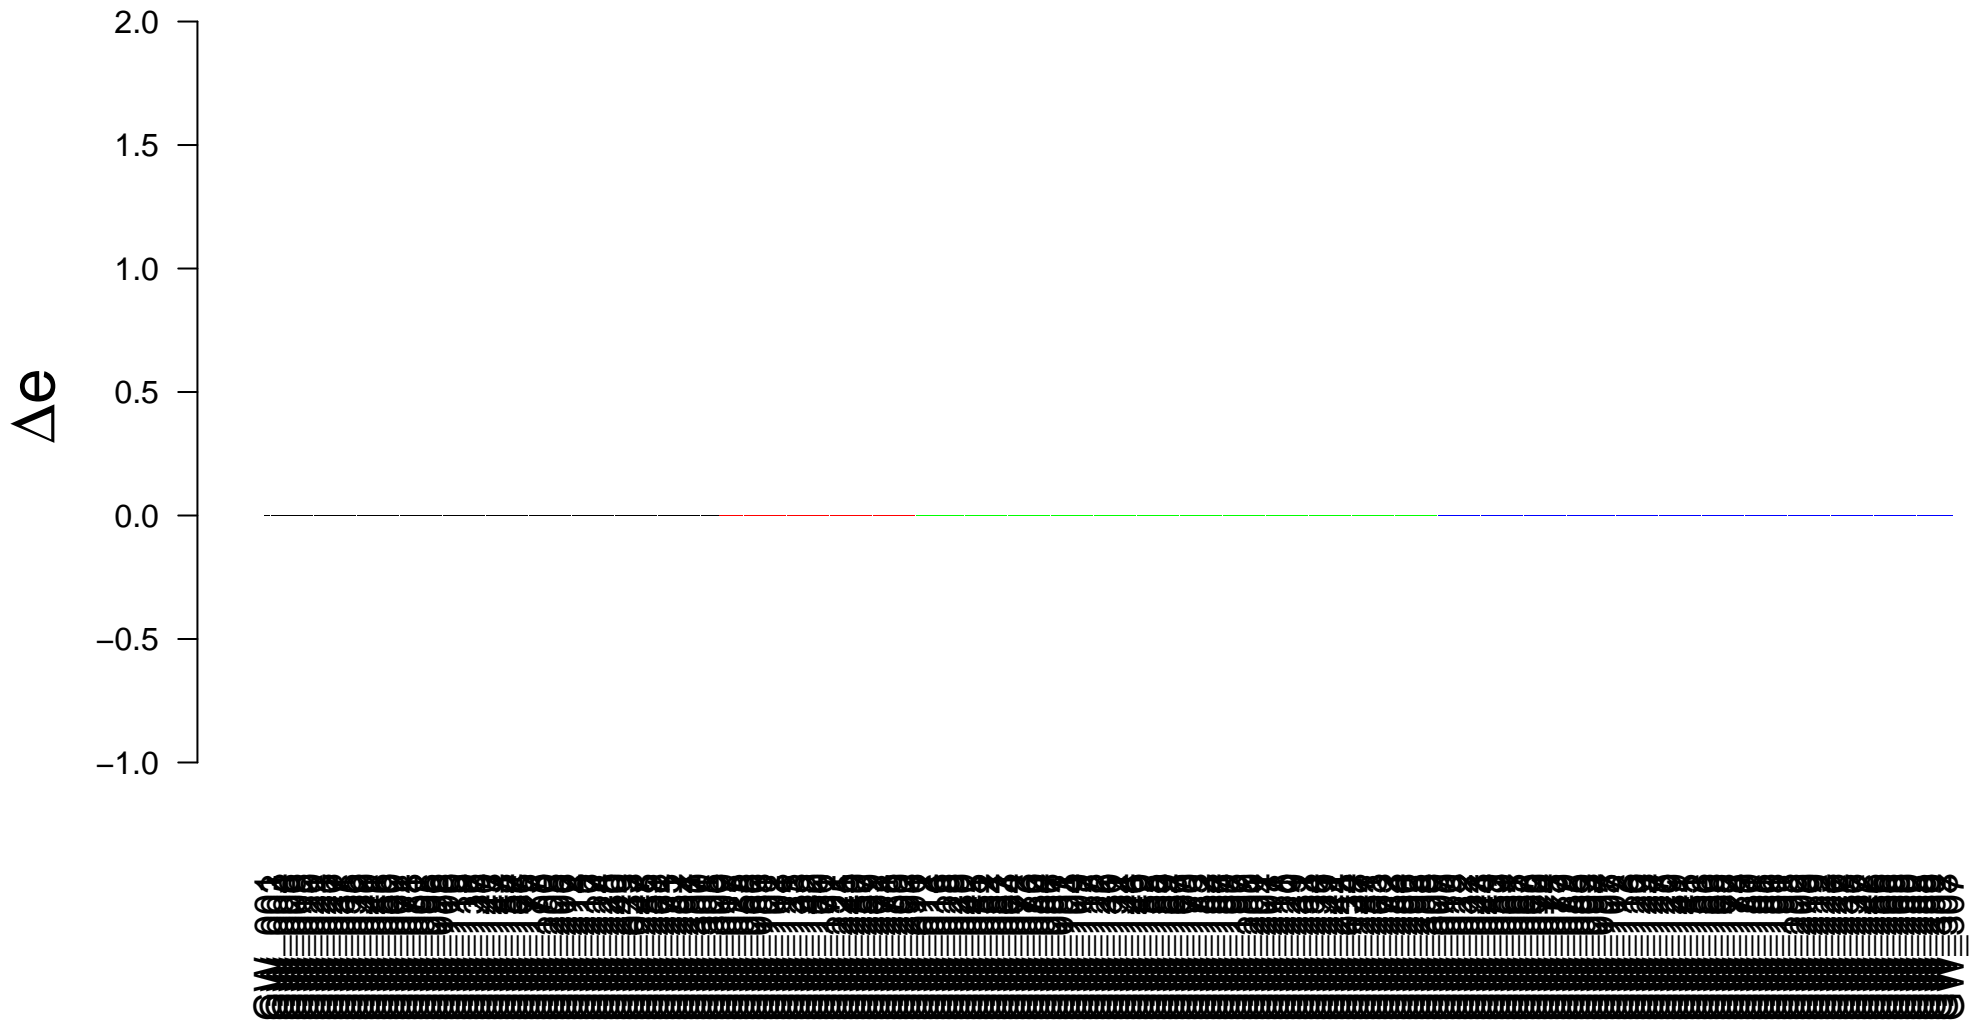

Expression of death receptor binding in Spot B

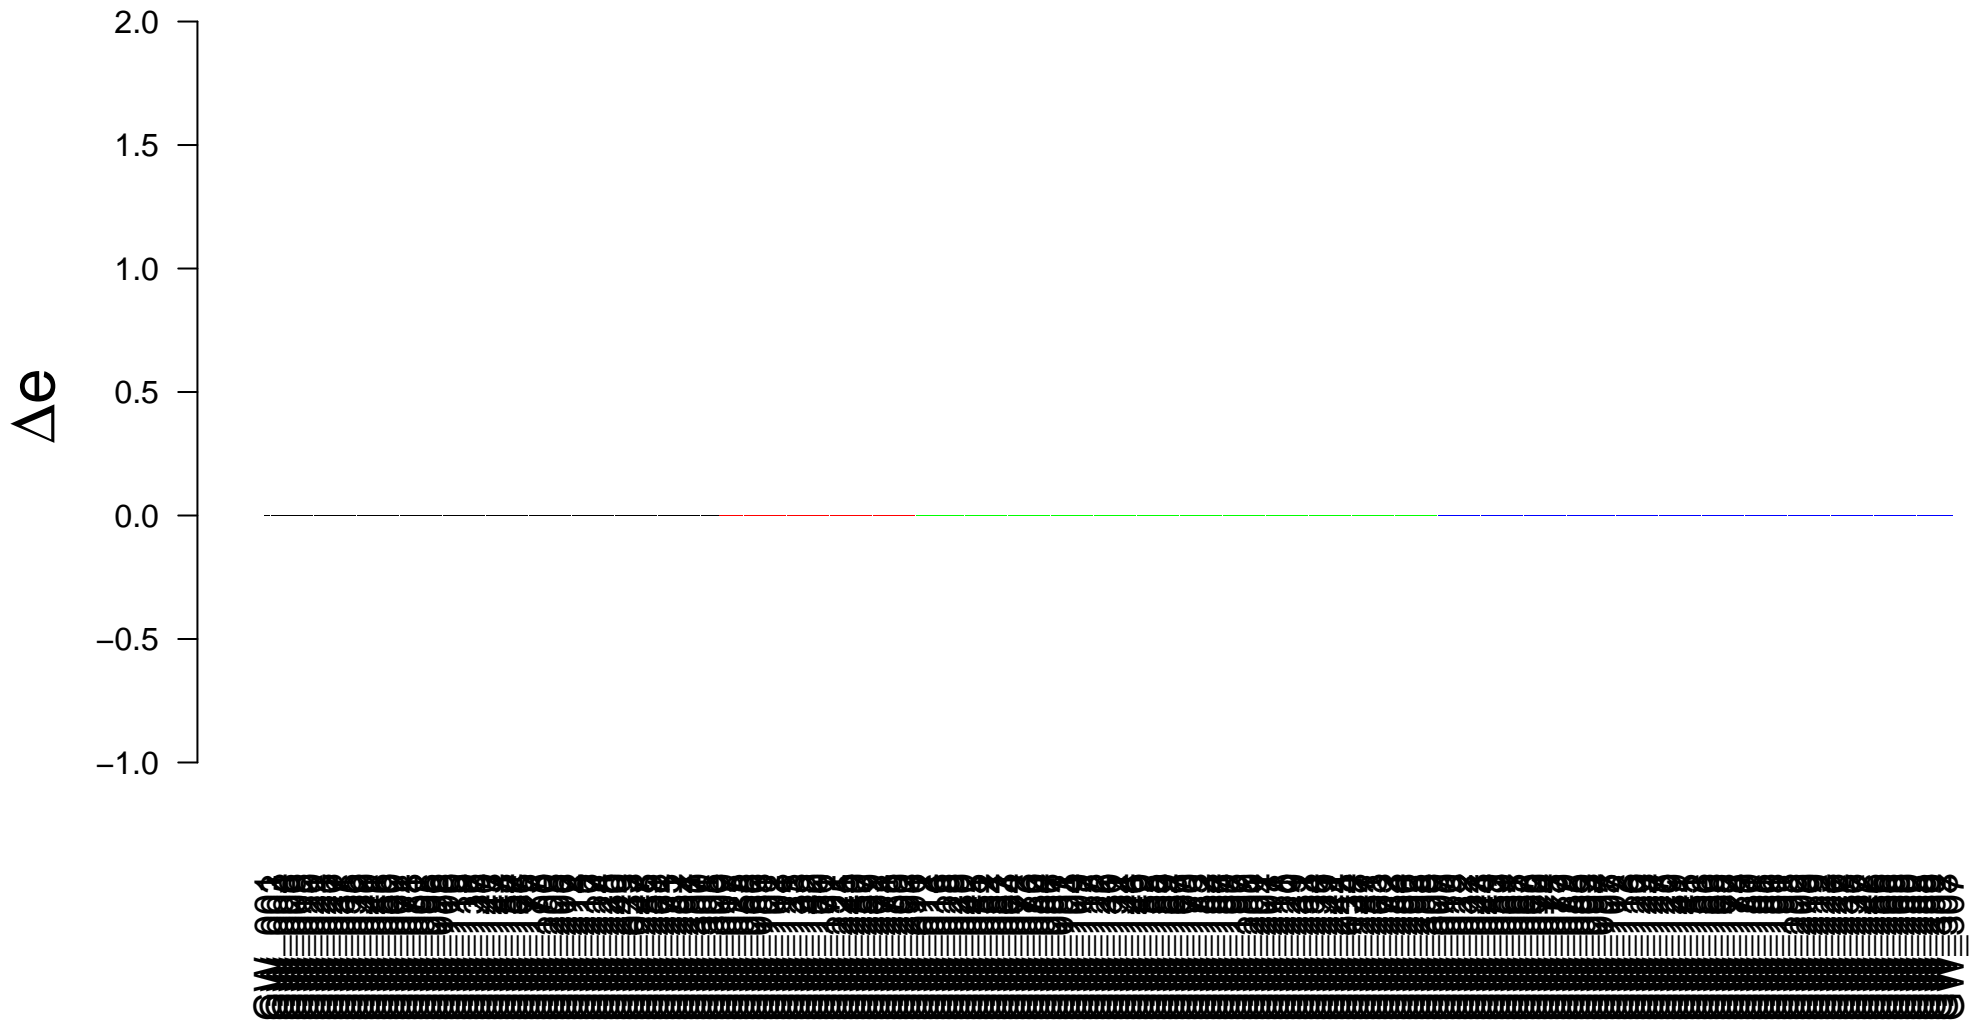

Expression of death receptor binding in Spot C

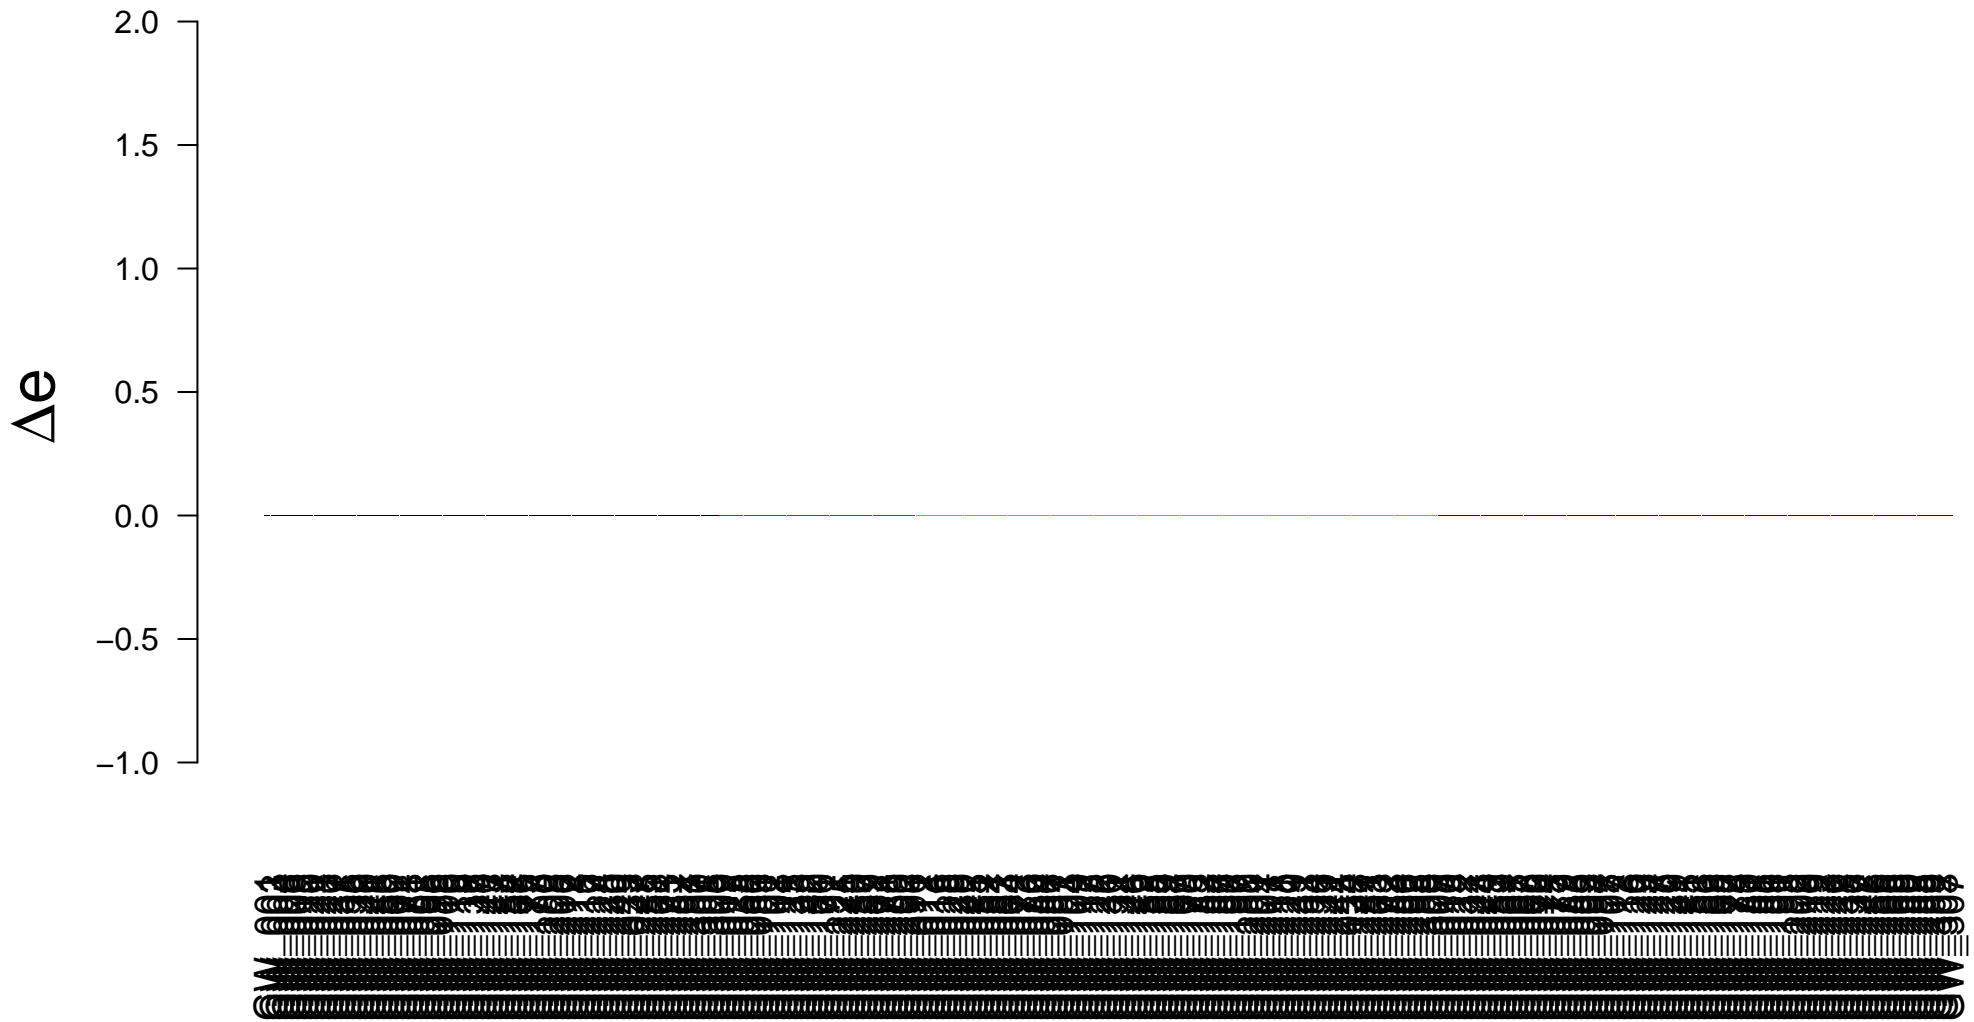

Expression of death receptor binding in Spot D

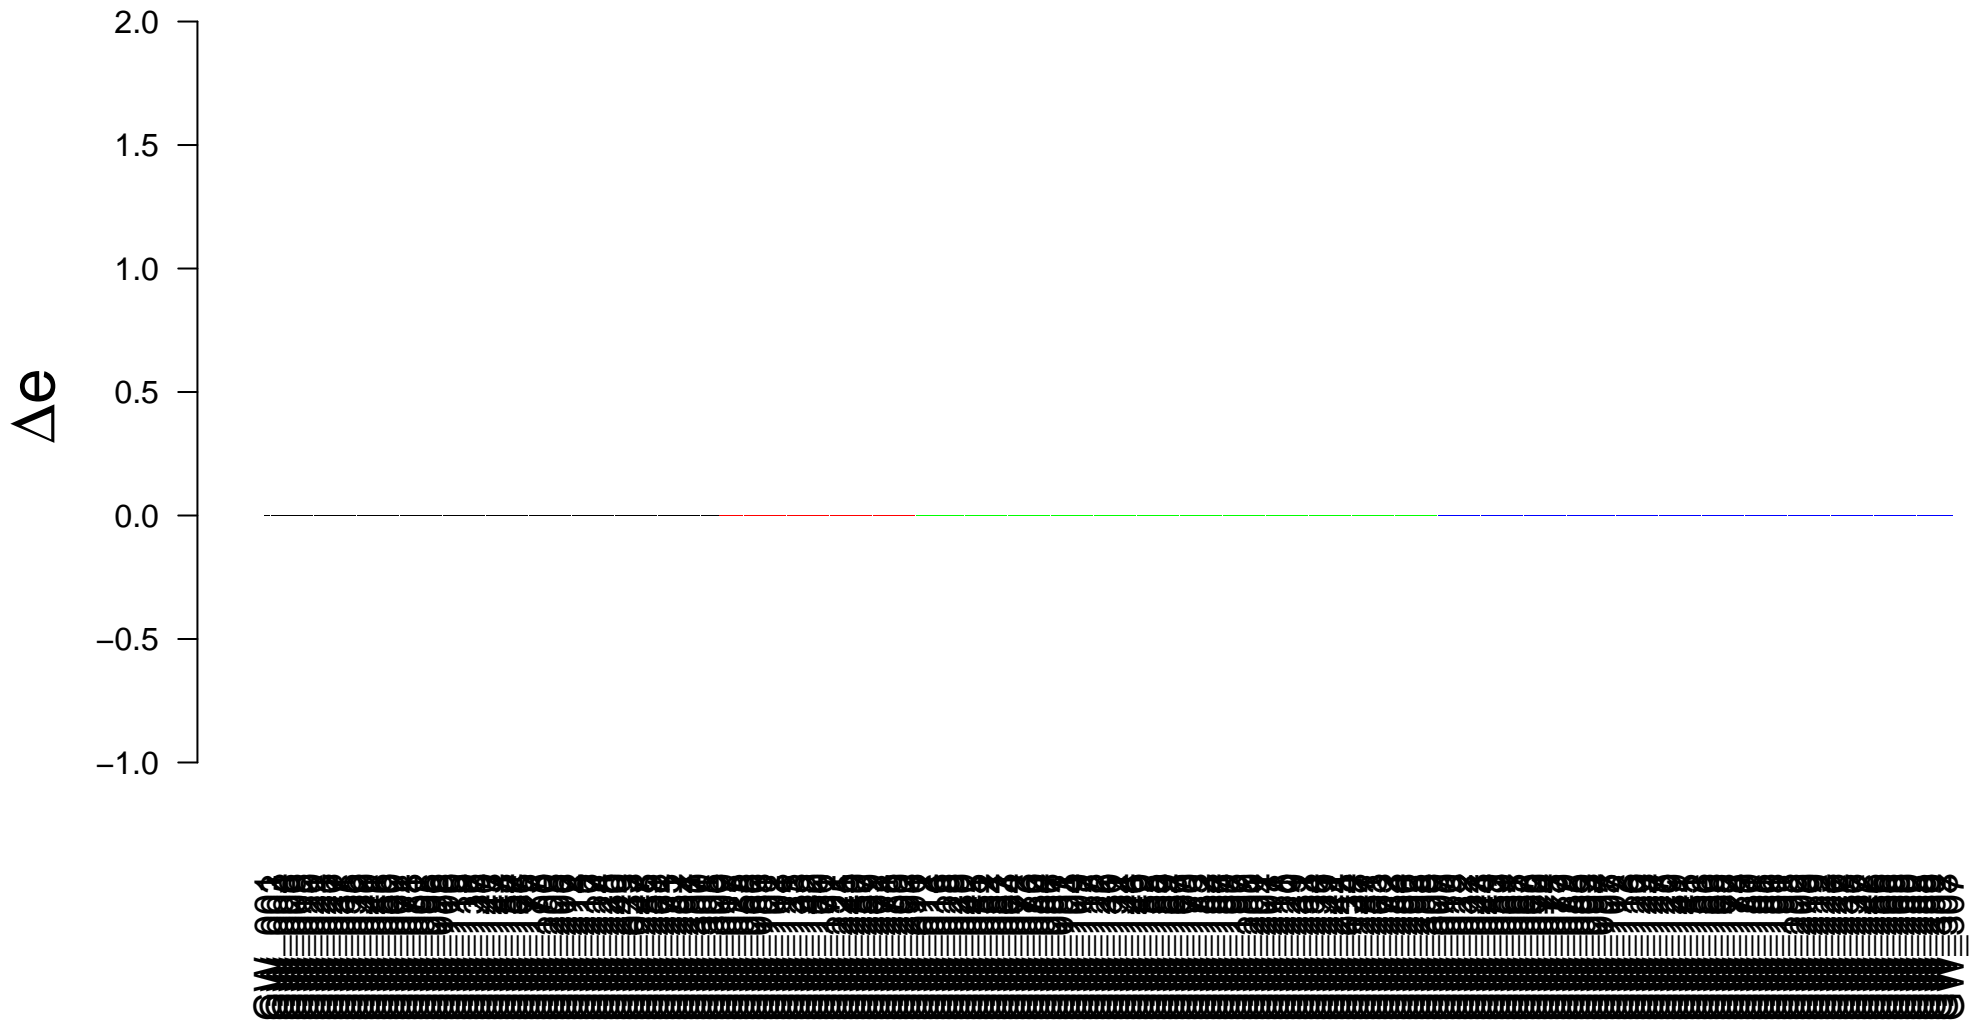

Expression of death receptor binding in Spot E

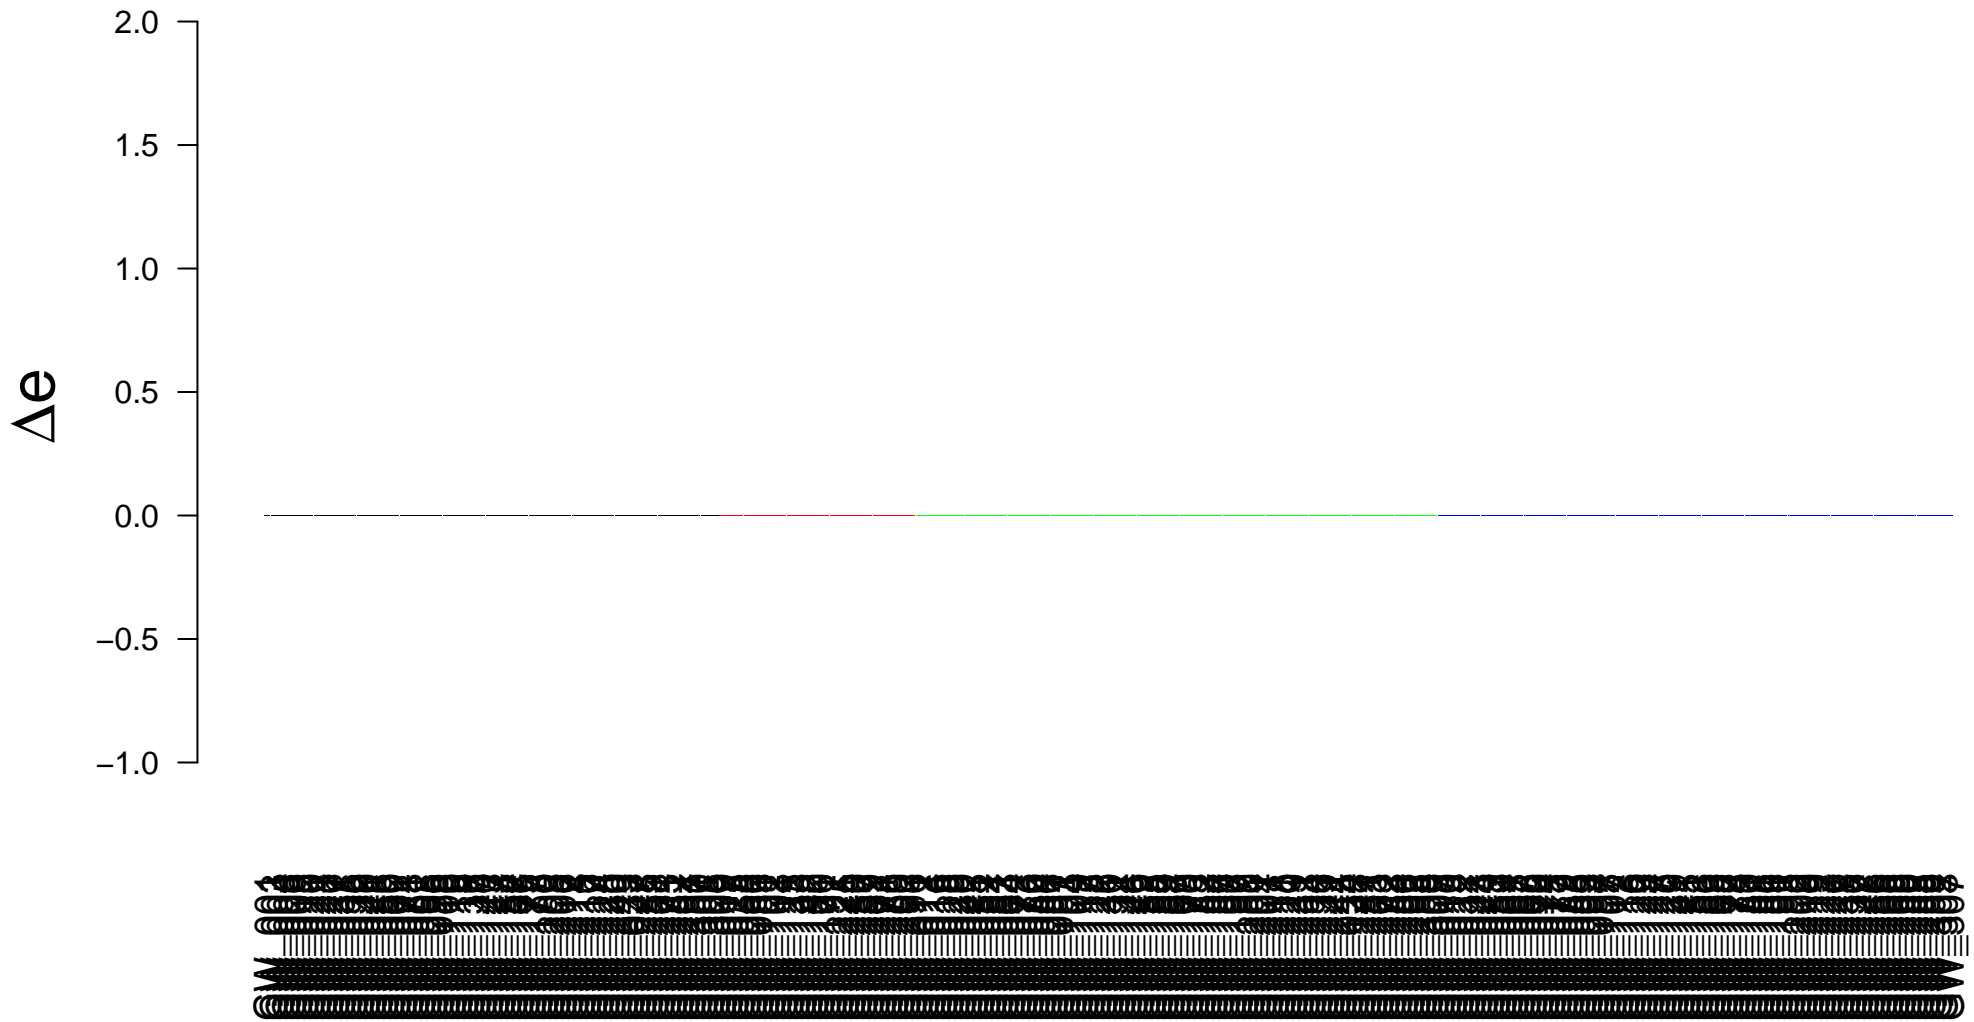

Expression of death receptor binding in Spot F

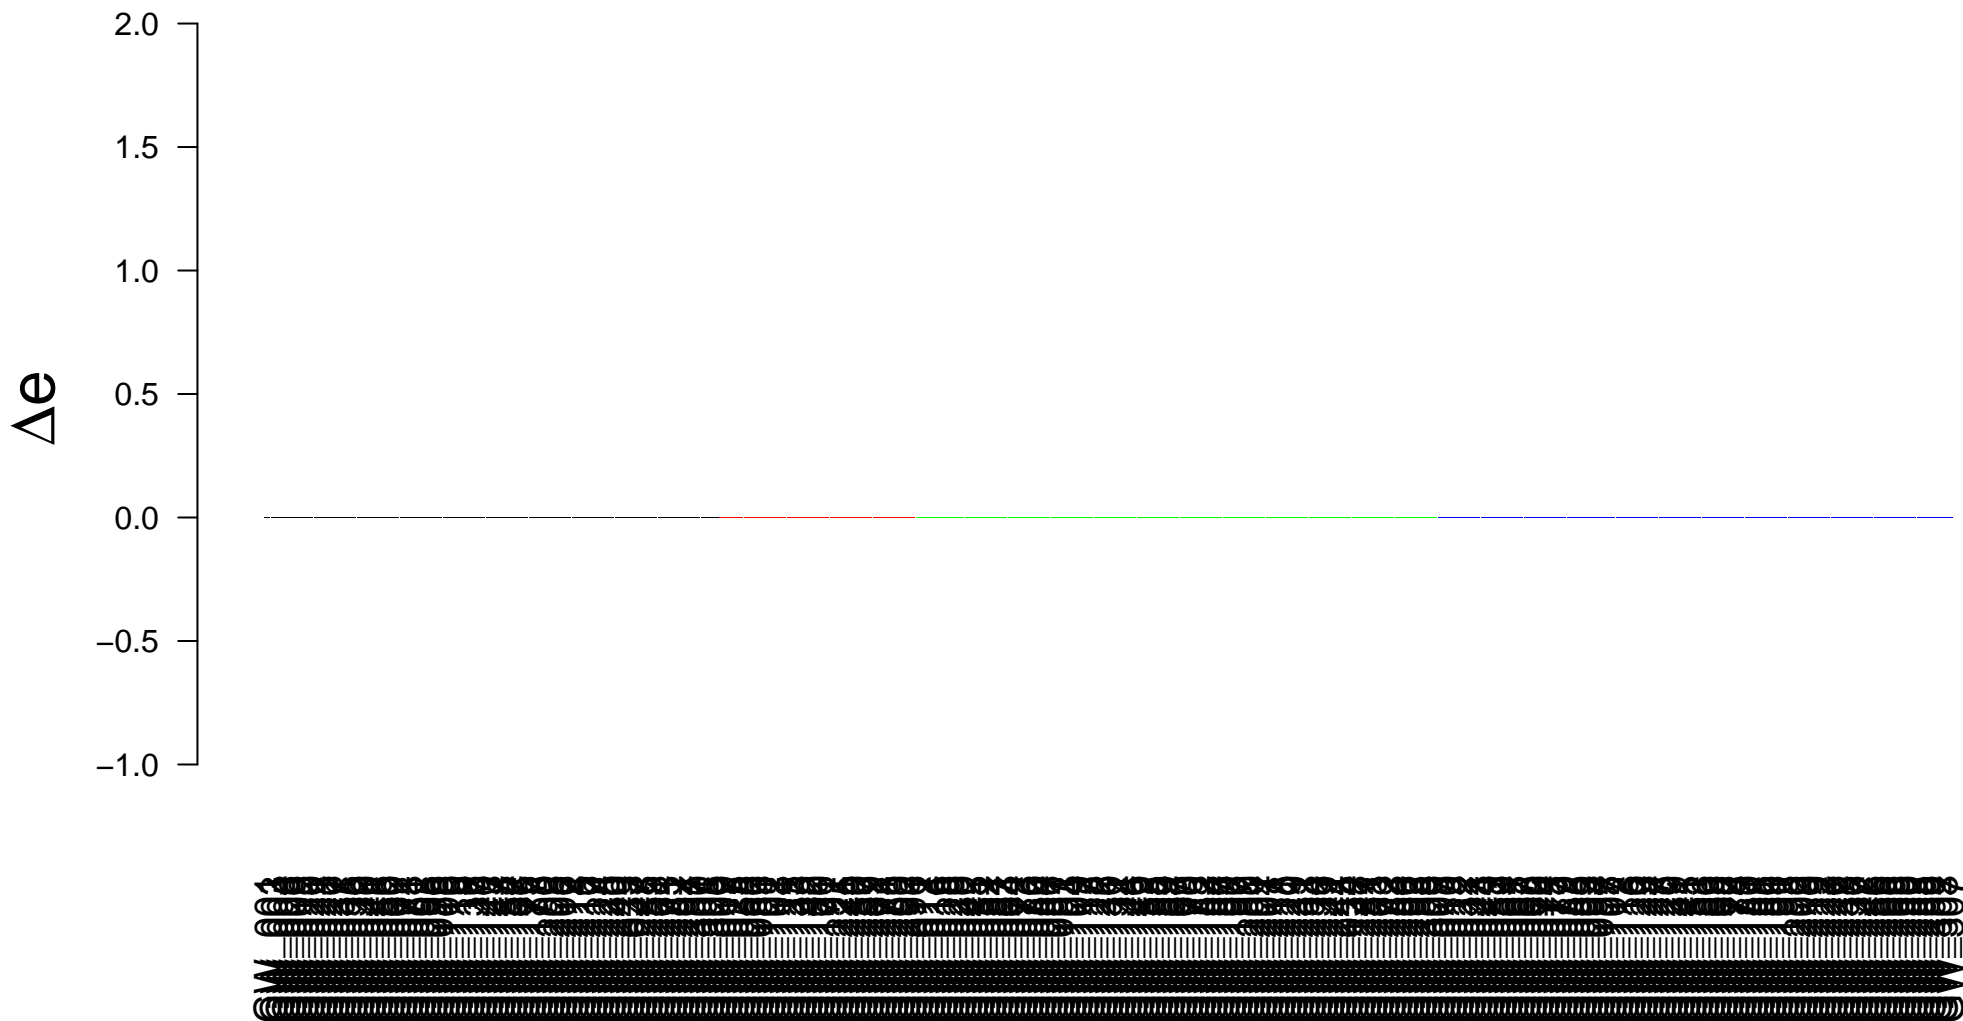

Expression of death receptor binding in Spot G

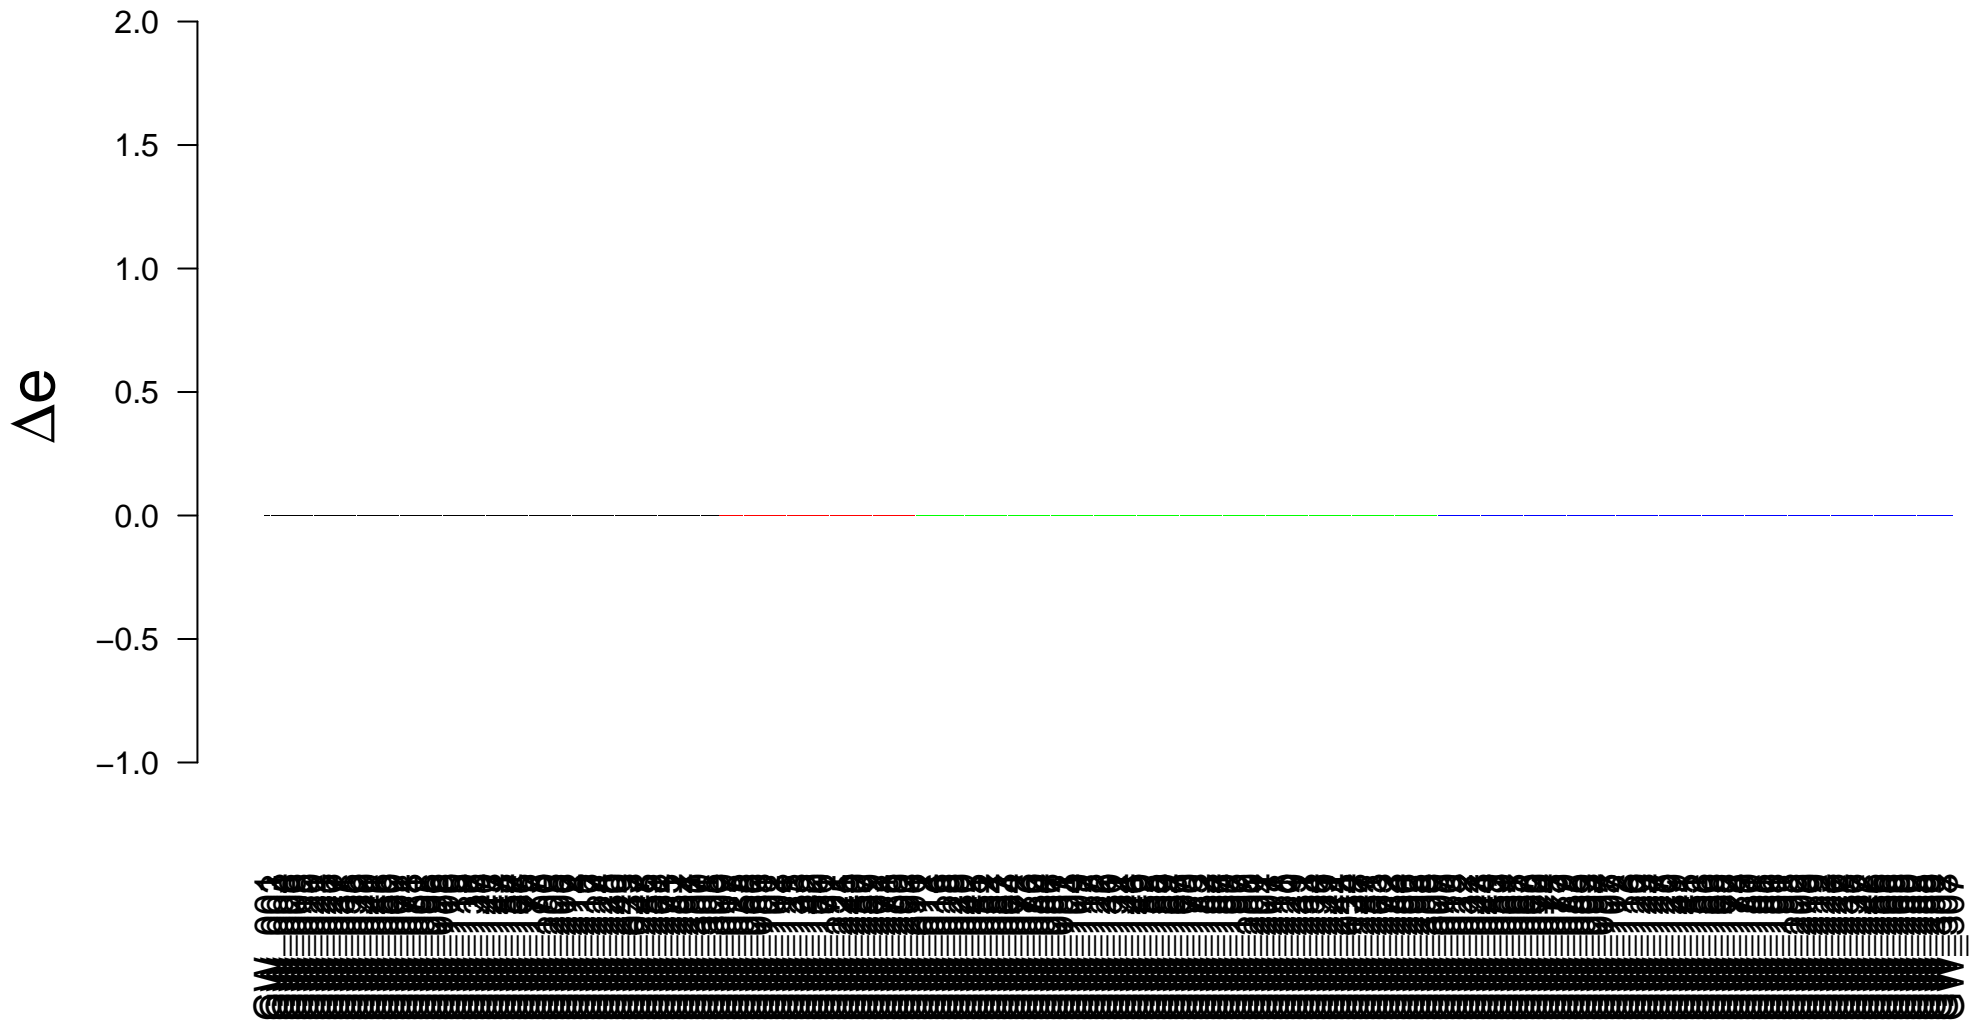

Expression of death receptor binding in Spot H

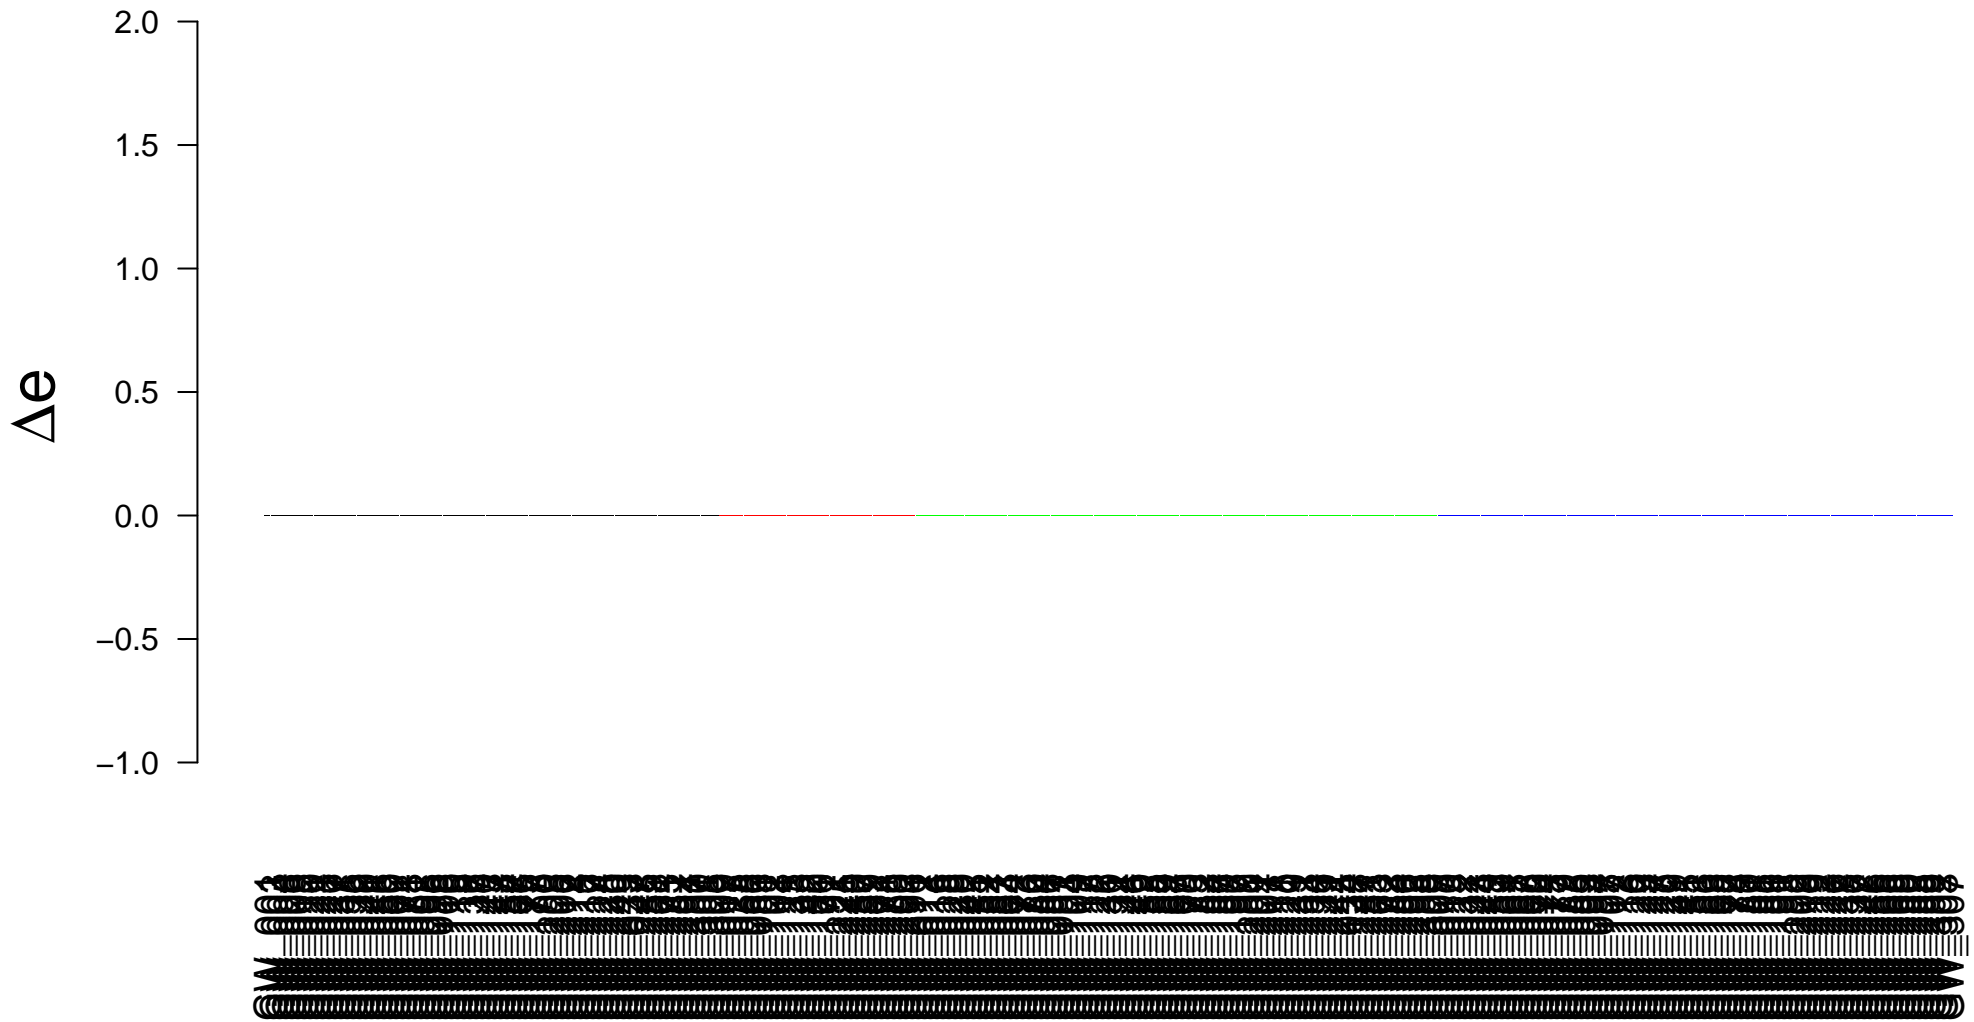

Expression of death receptor binding in Spot I

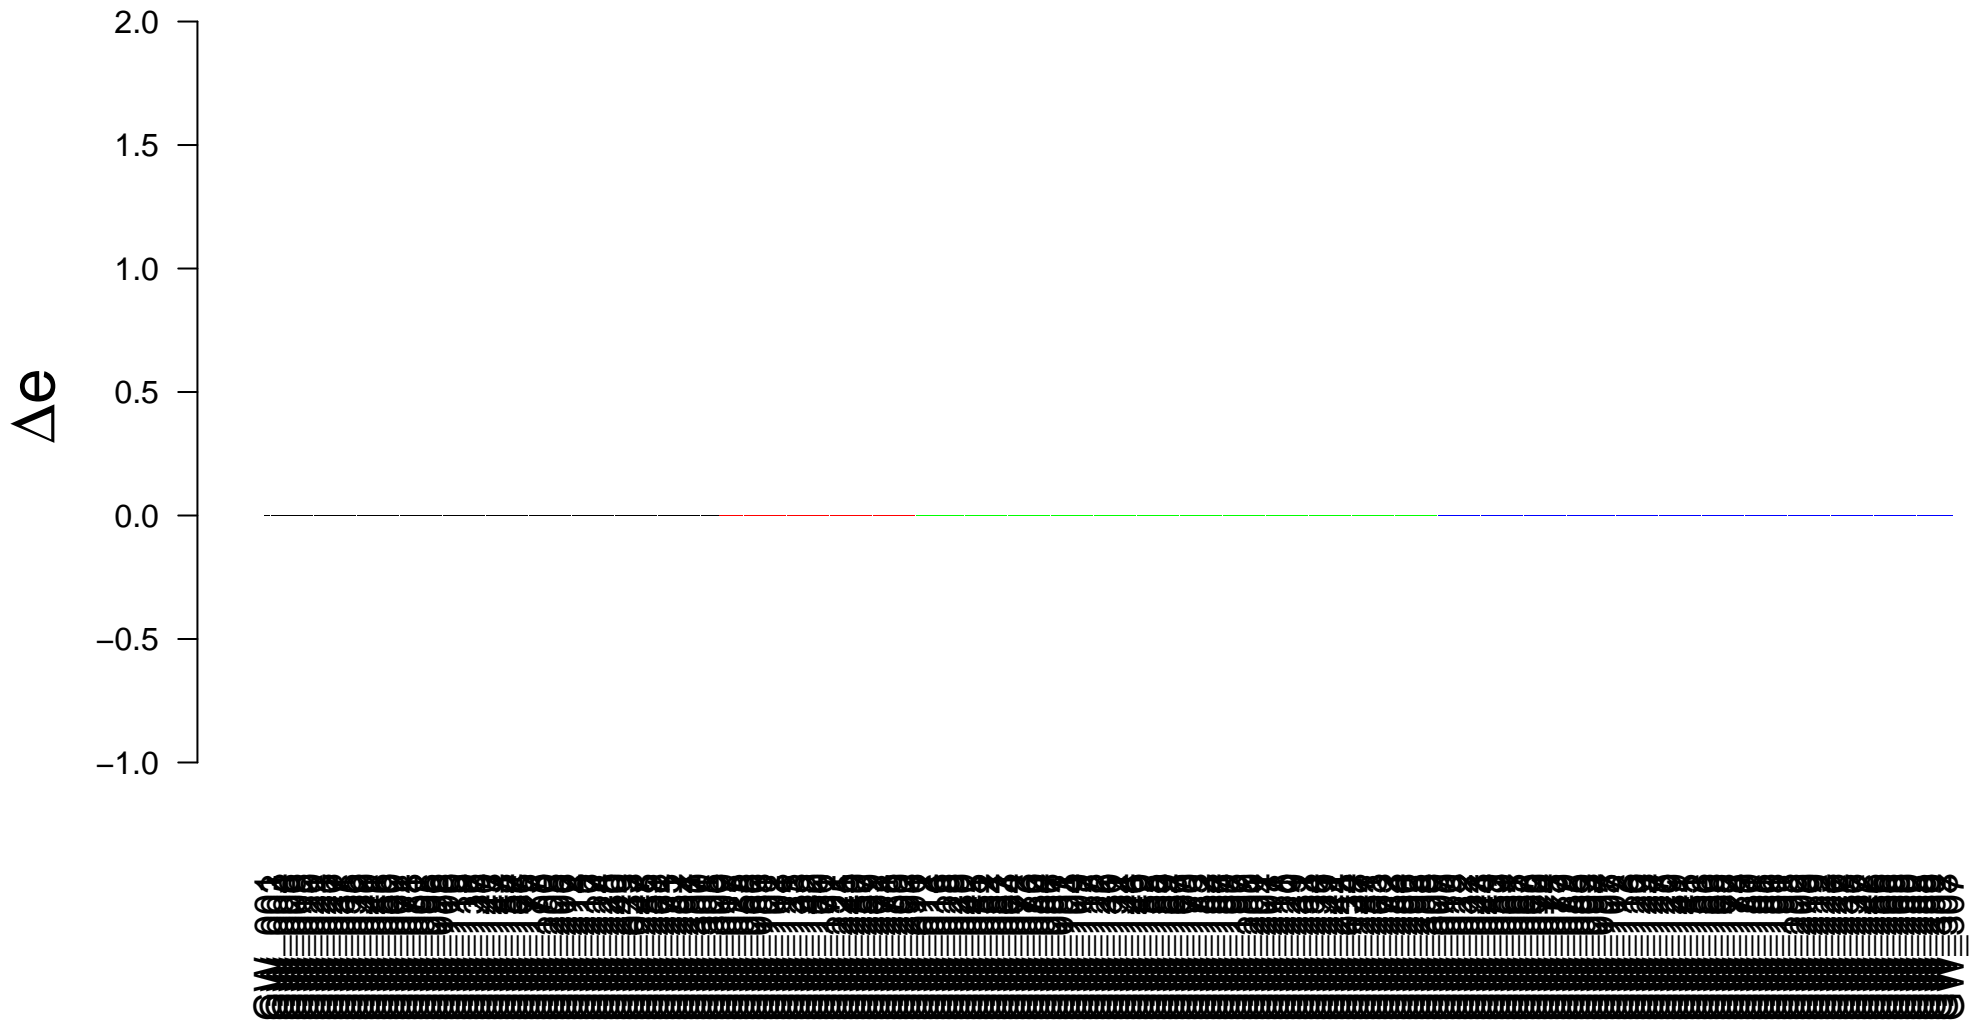

Expression of death receptor binding in Spot J

Expression of death receptor binding in Spot K

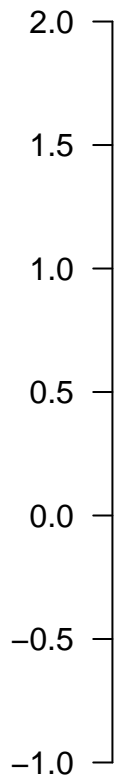

Expression of death receptor binding in Spot L

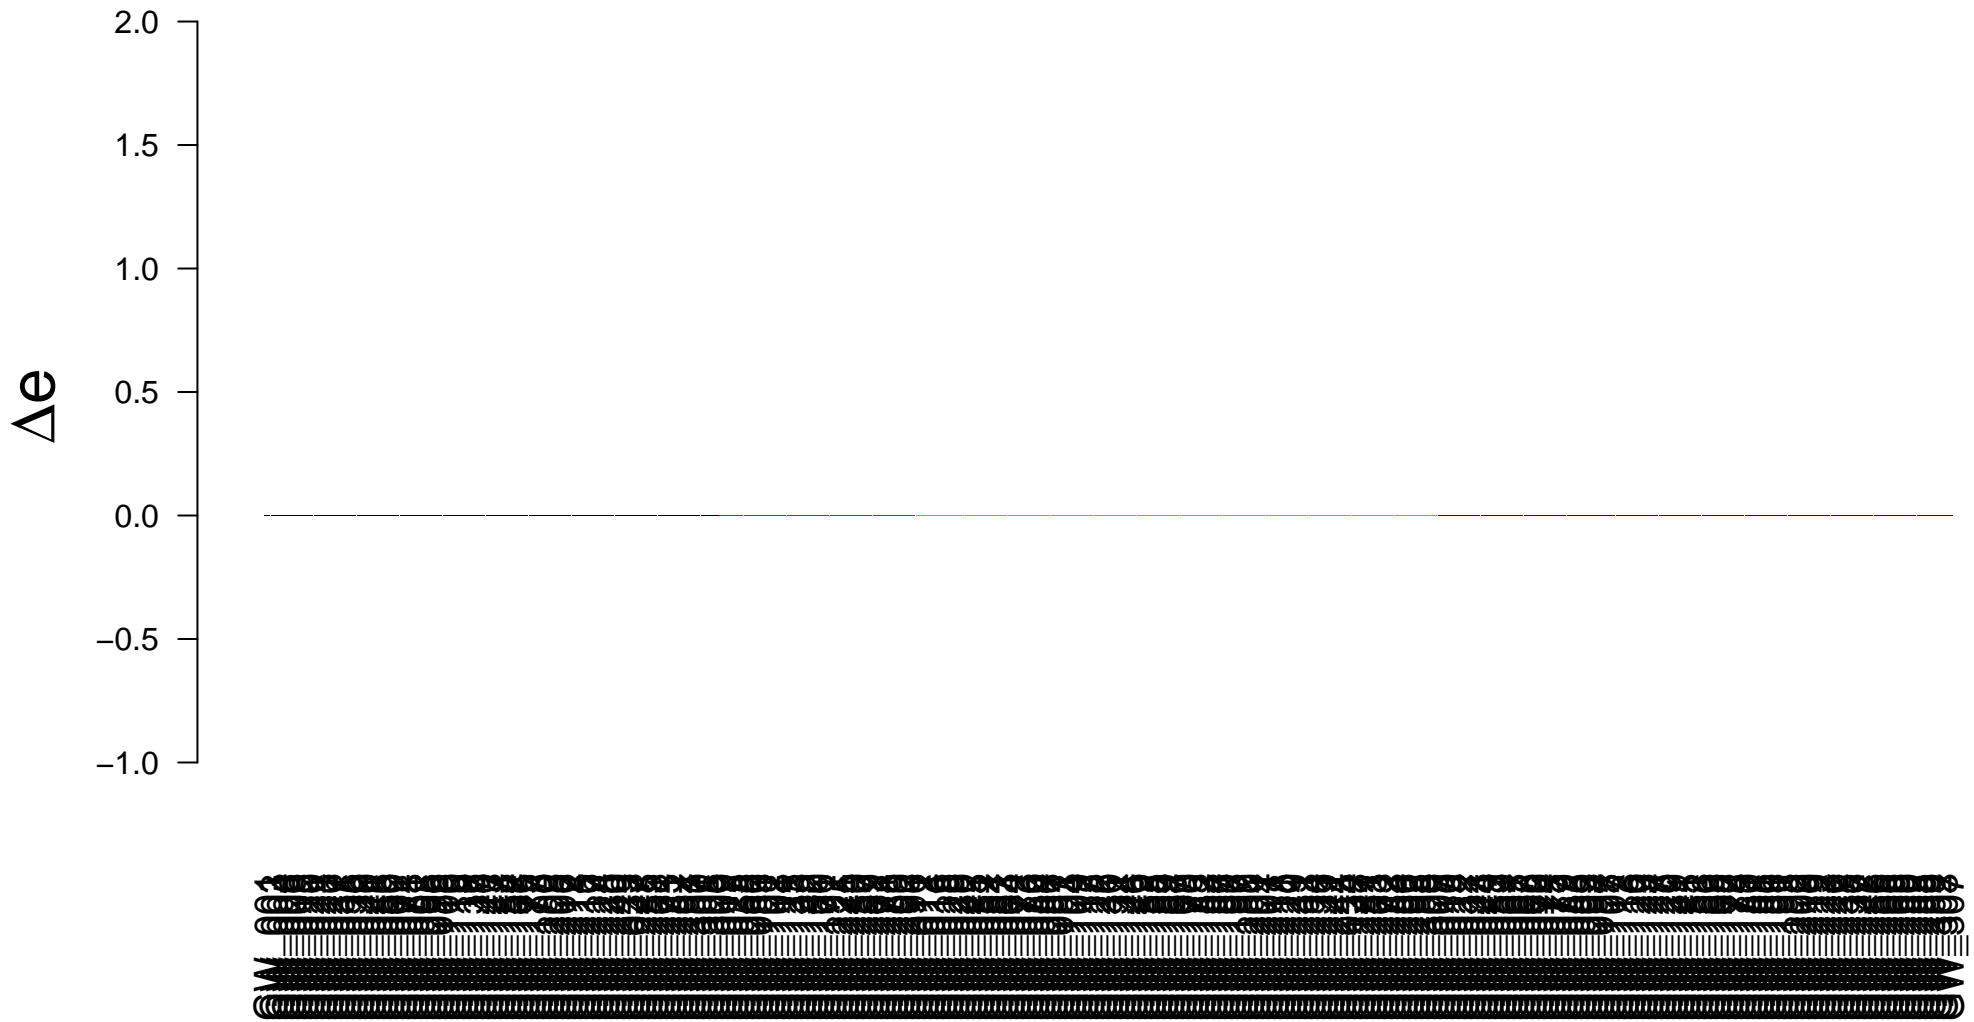

Expression of death receptor binding in Spot M

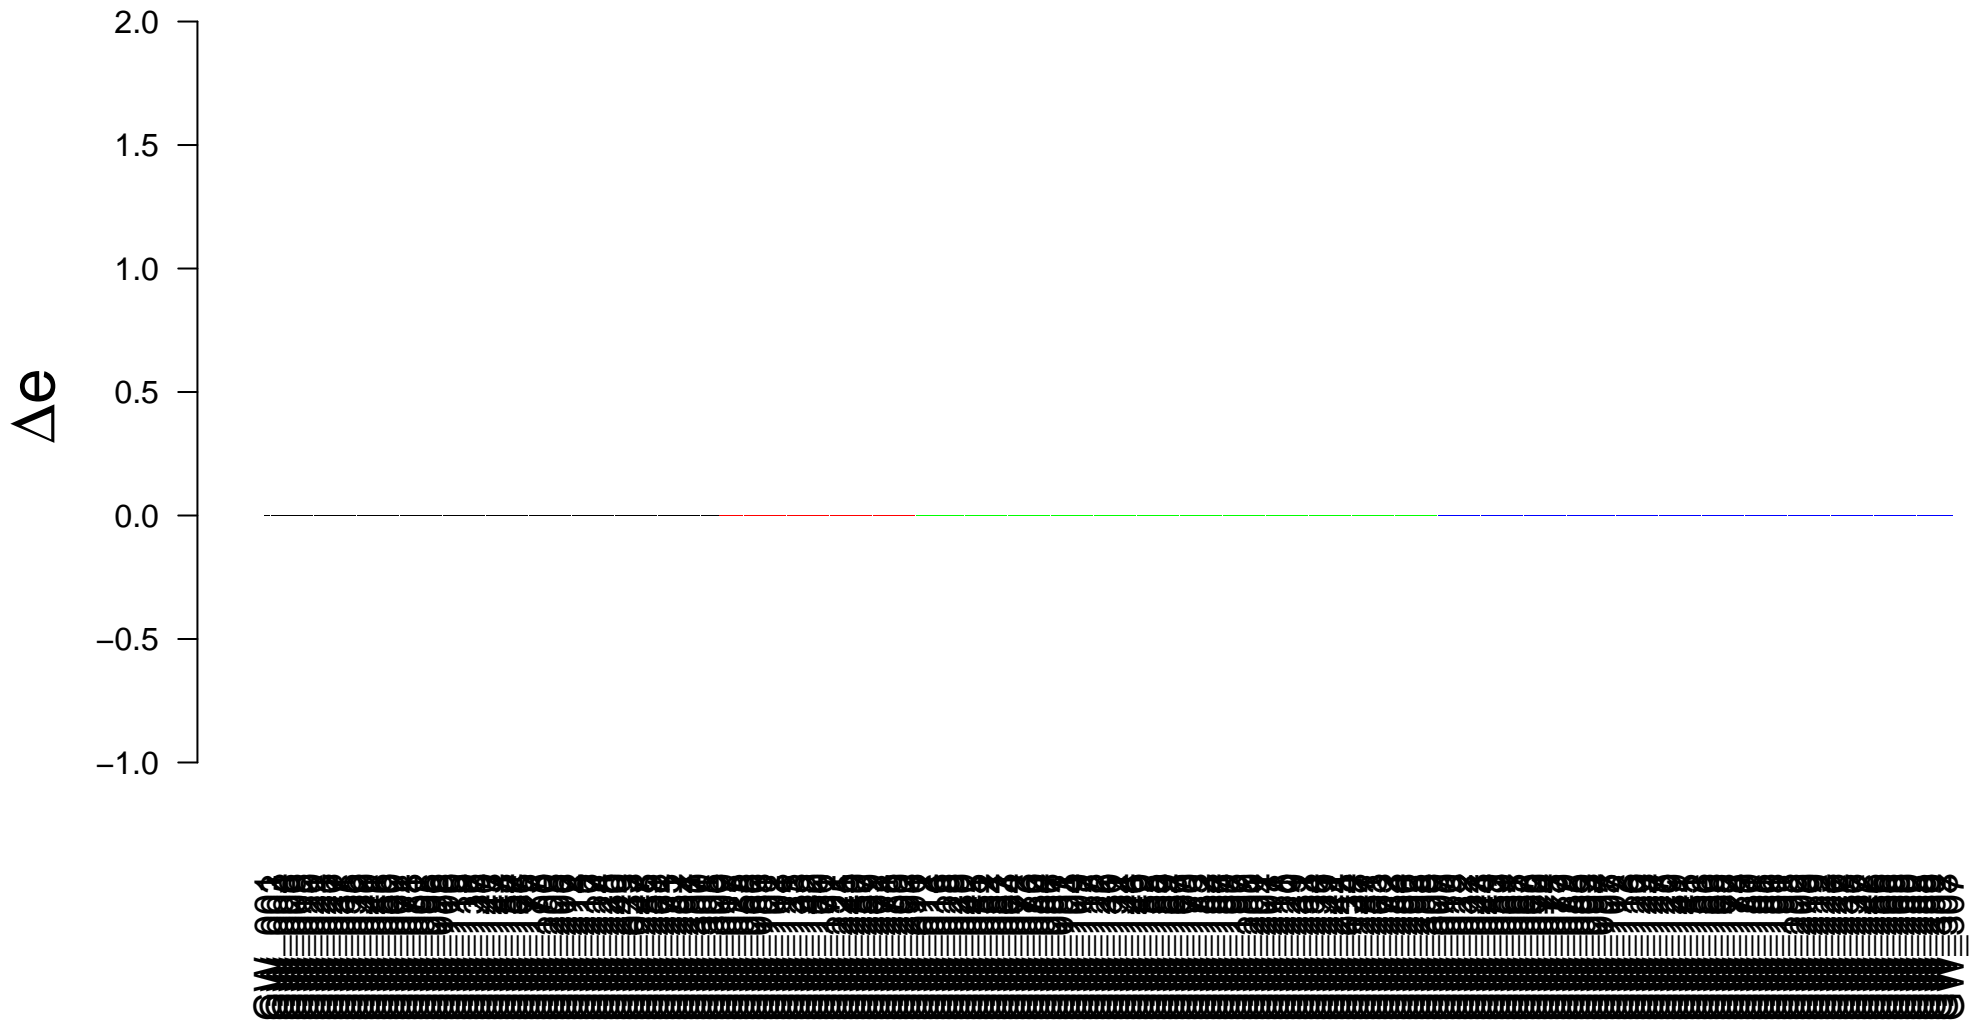

Δe

Expression of death receptor binding in Spot N

Expression of death receptor binding in Spot O

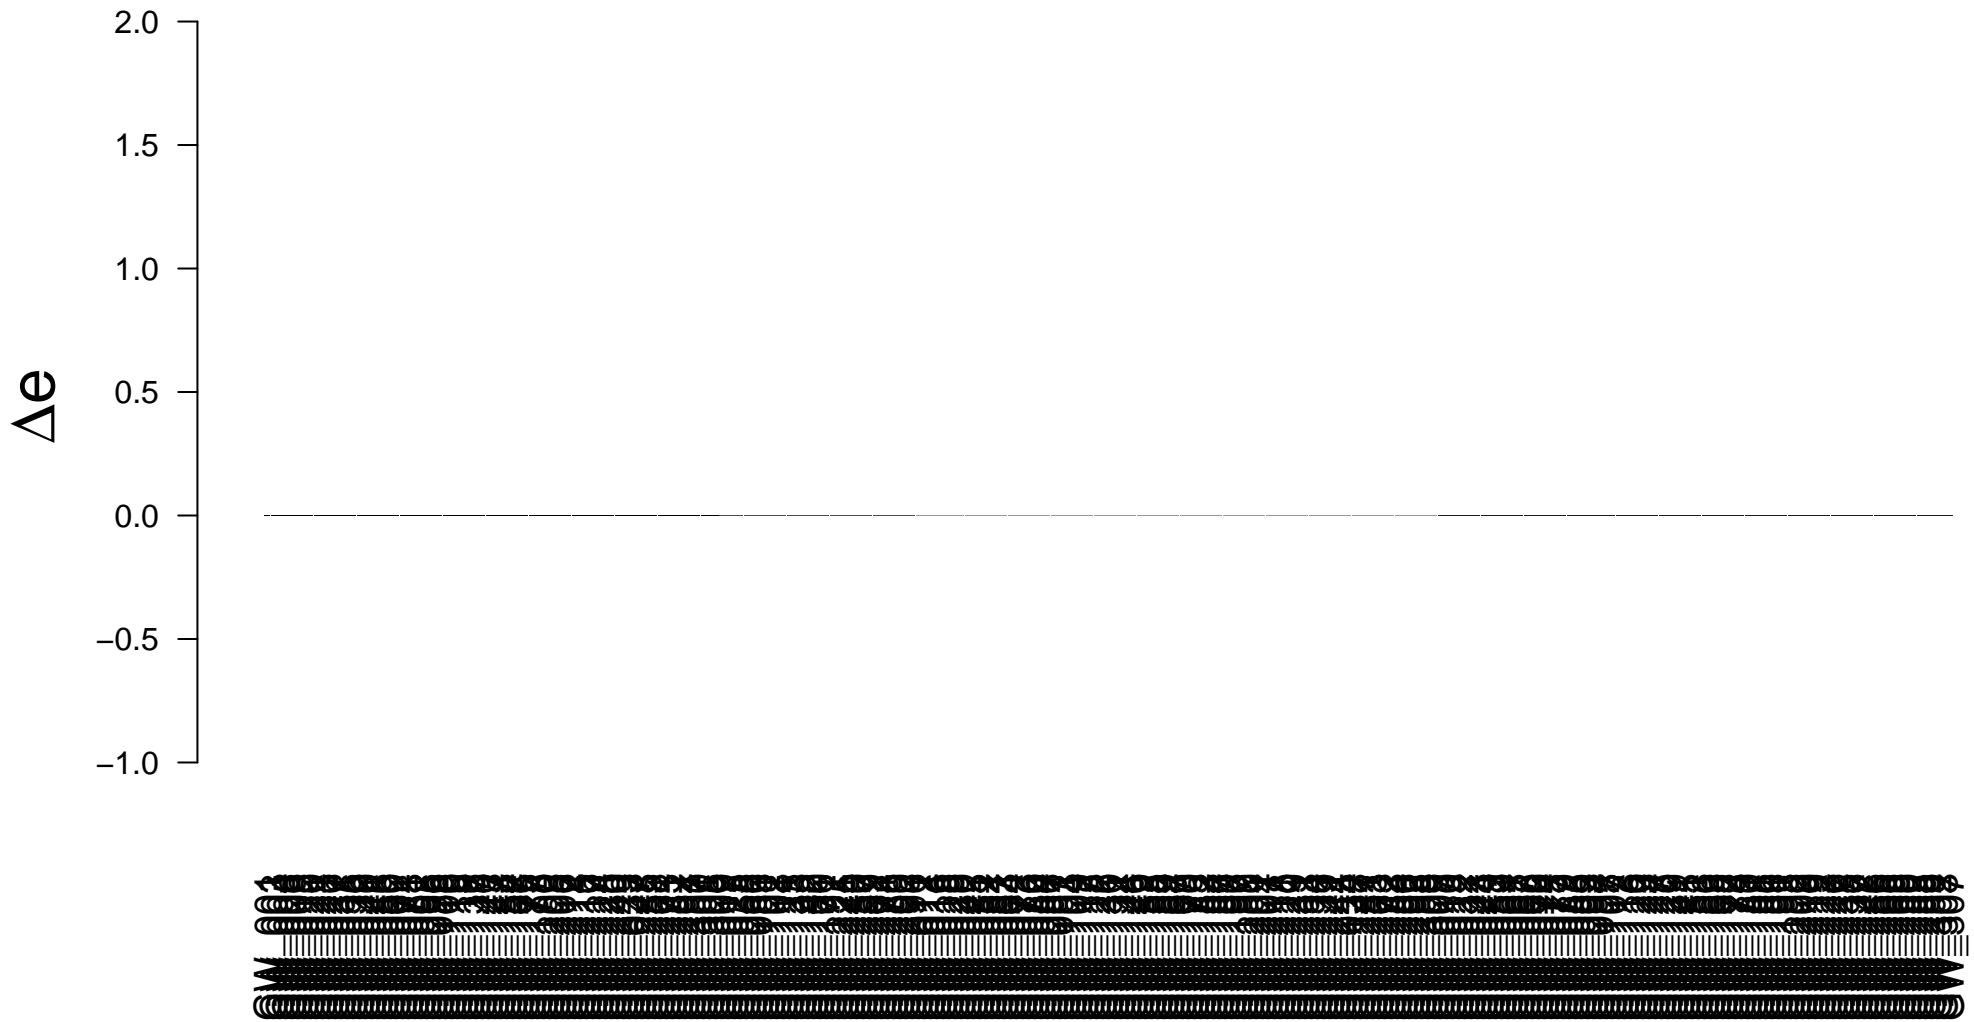

Expression of death receptor binding in Spot P
