

dystrophin-associated glycoprotein complex

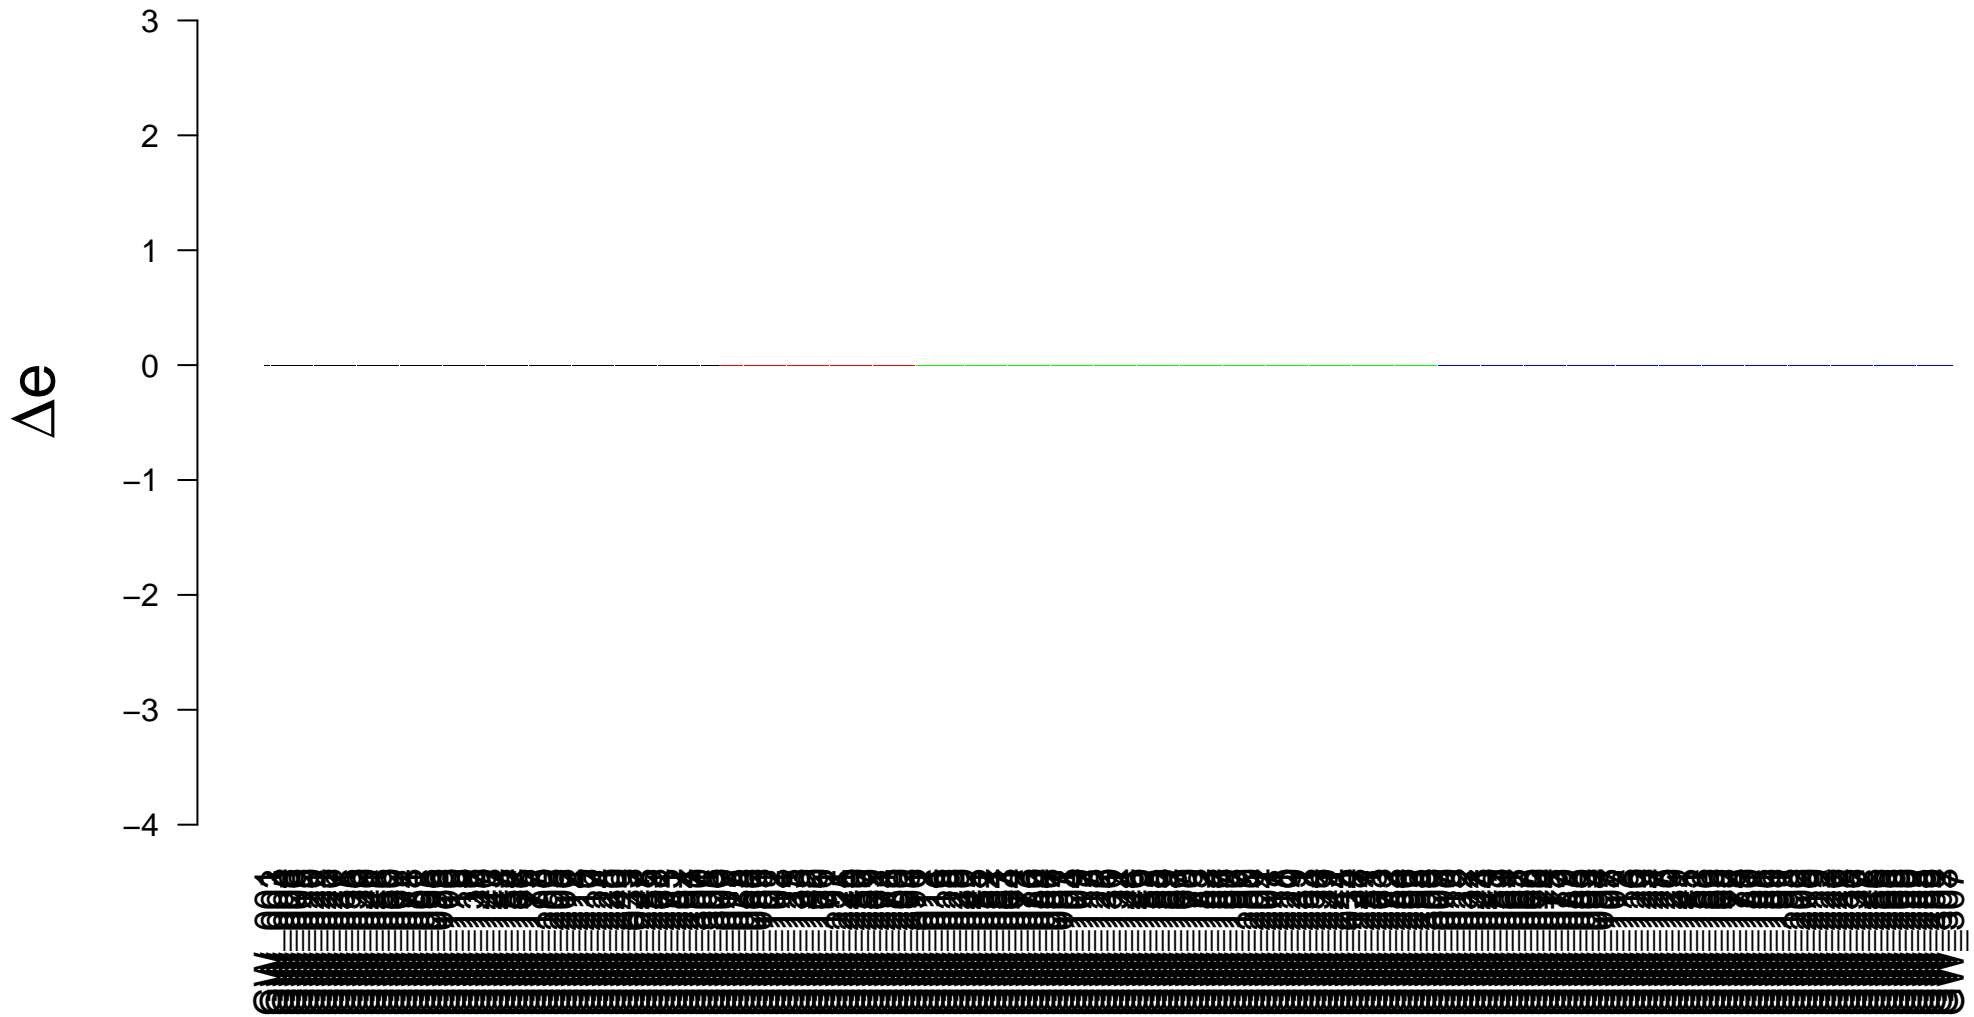

# dystrophin-associated glycoprotein complex

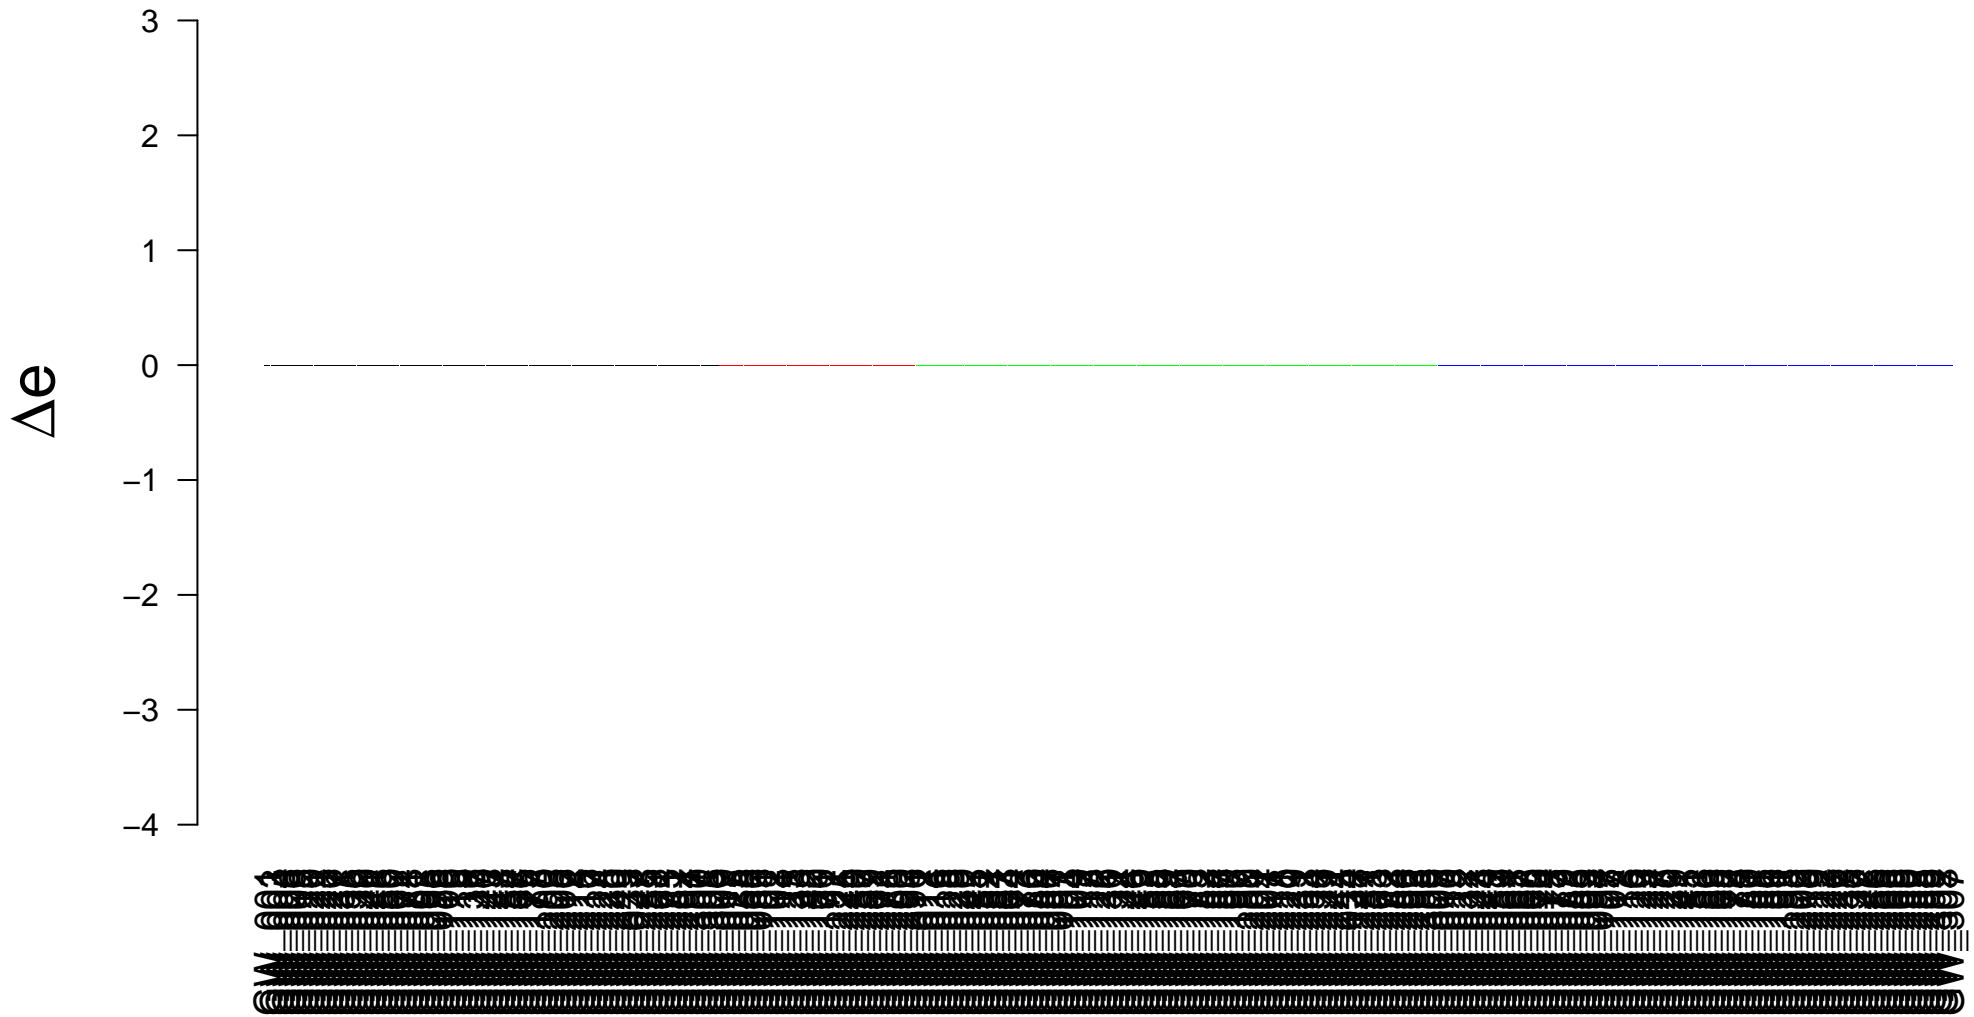

# Enrichment in spots: dystrophin-associated glycoprotein complex

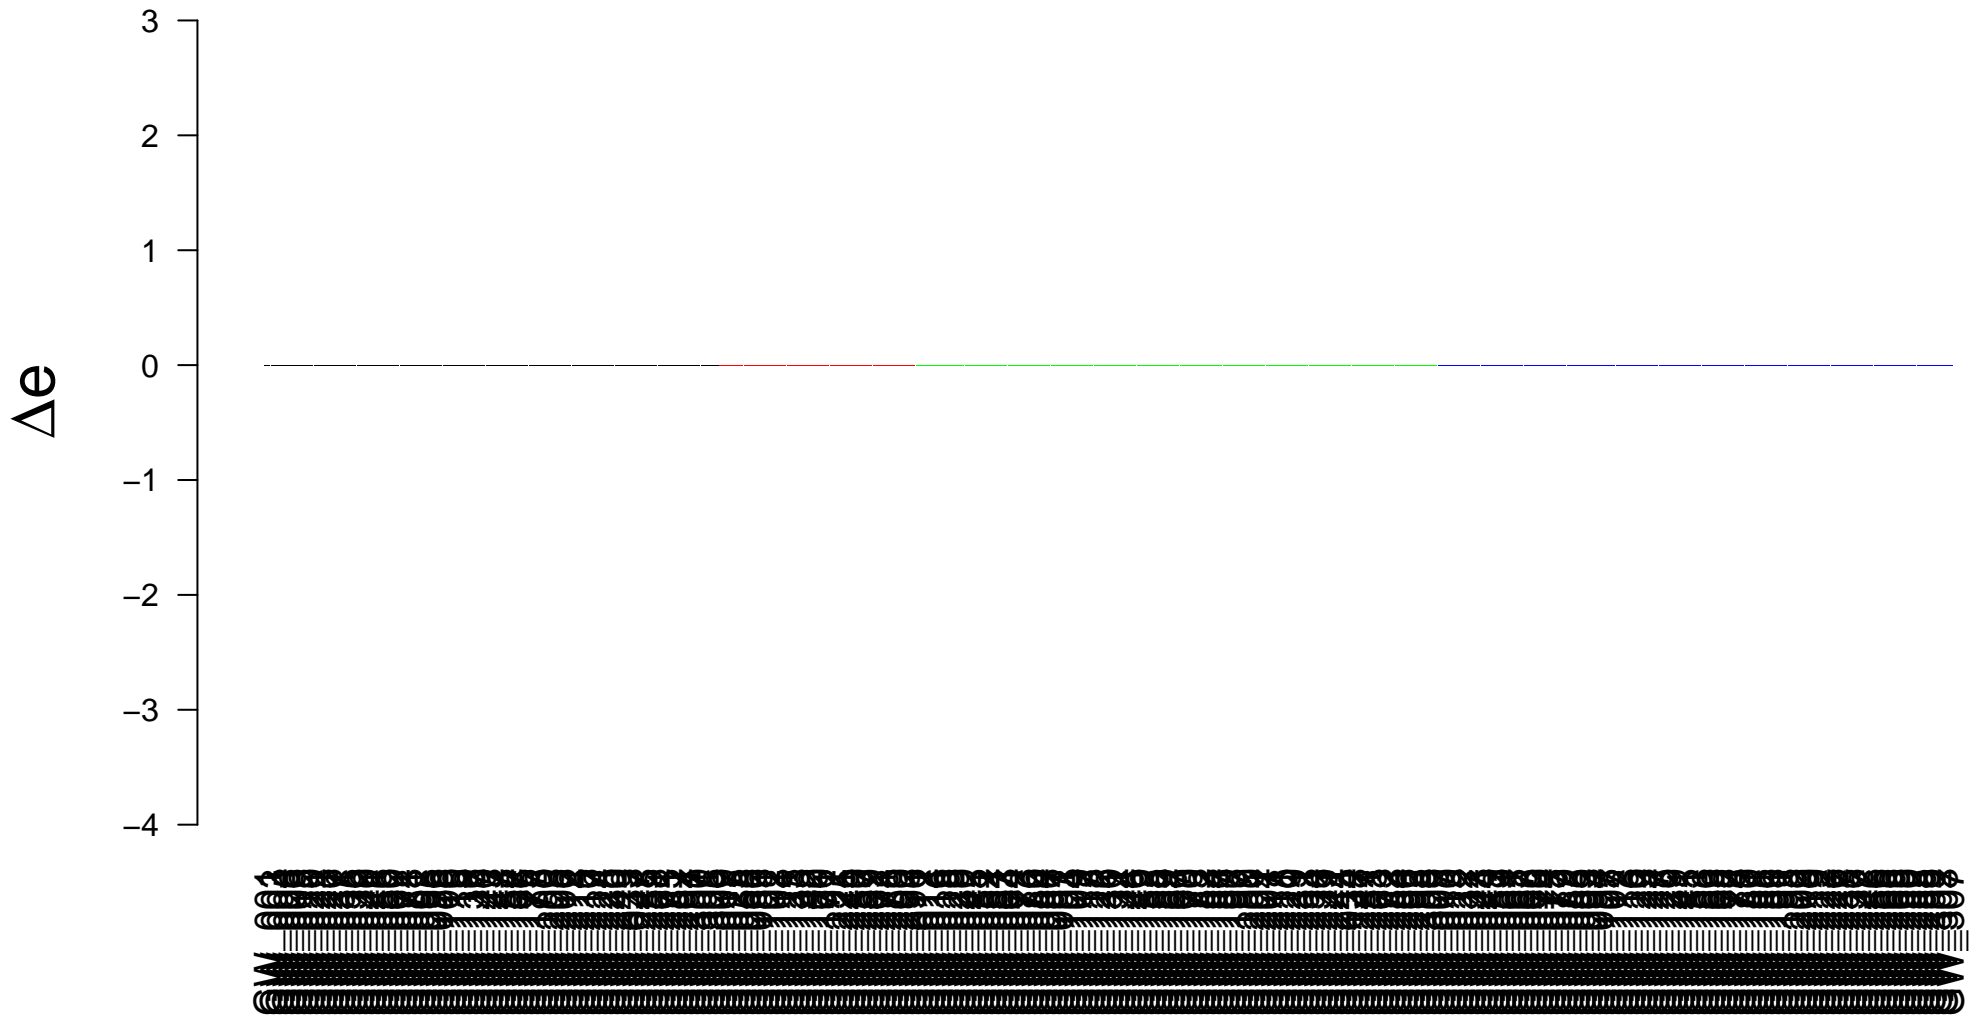

# Expression of dystrophin-associated glycoprotein complex in Spot A

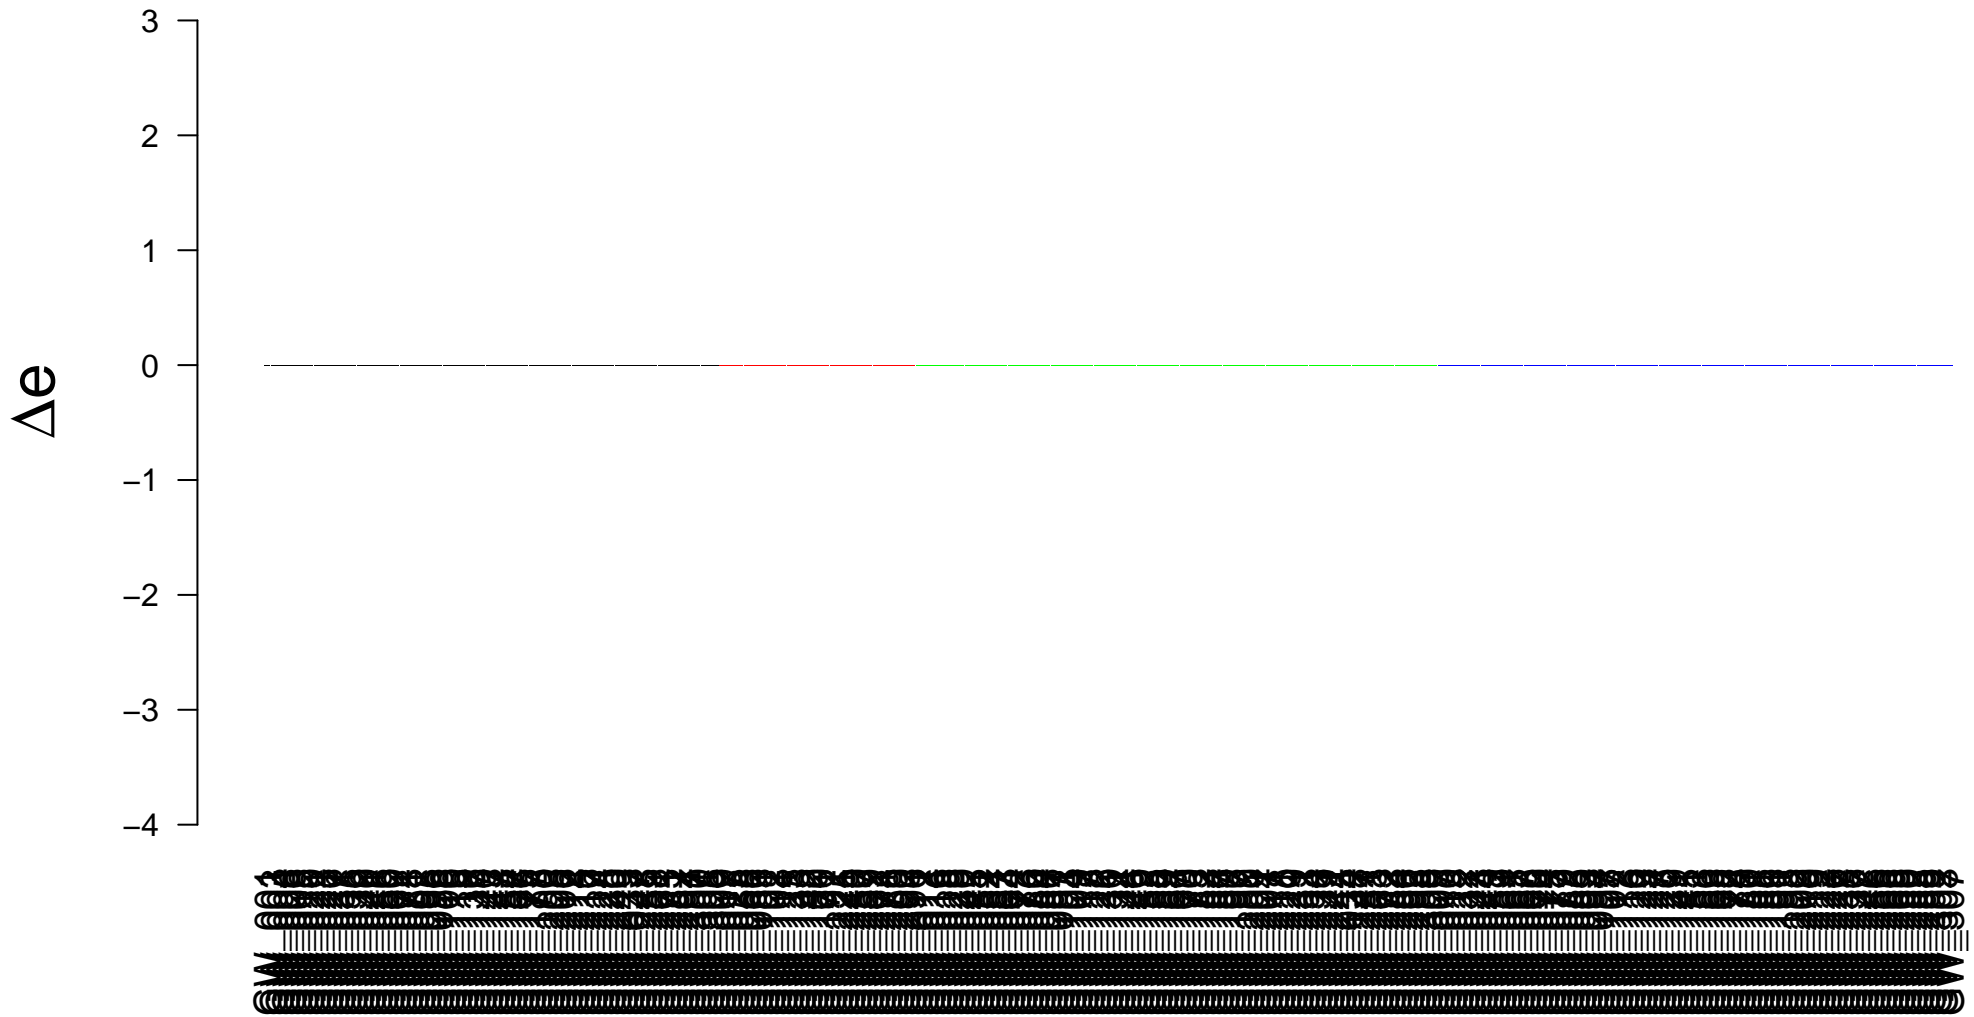

# Expression of dystrophin-associated glycoprotein complex in Spot B

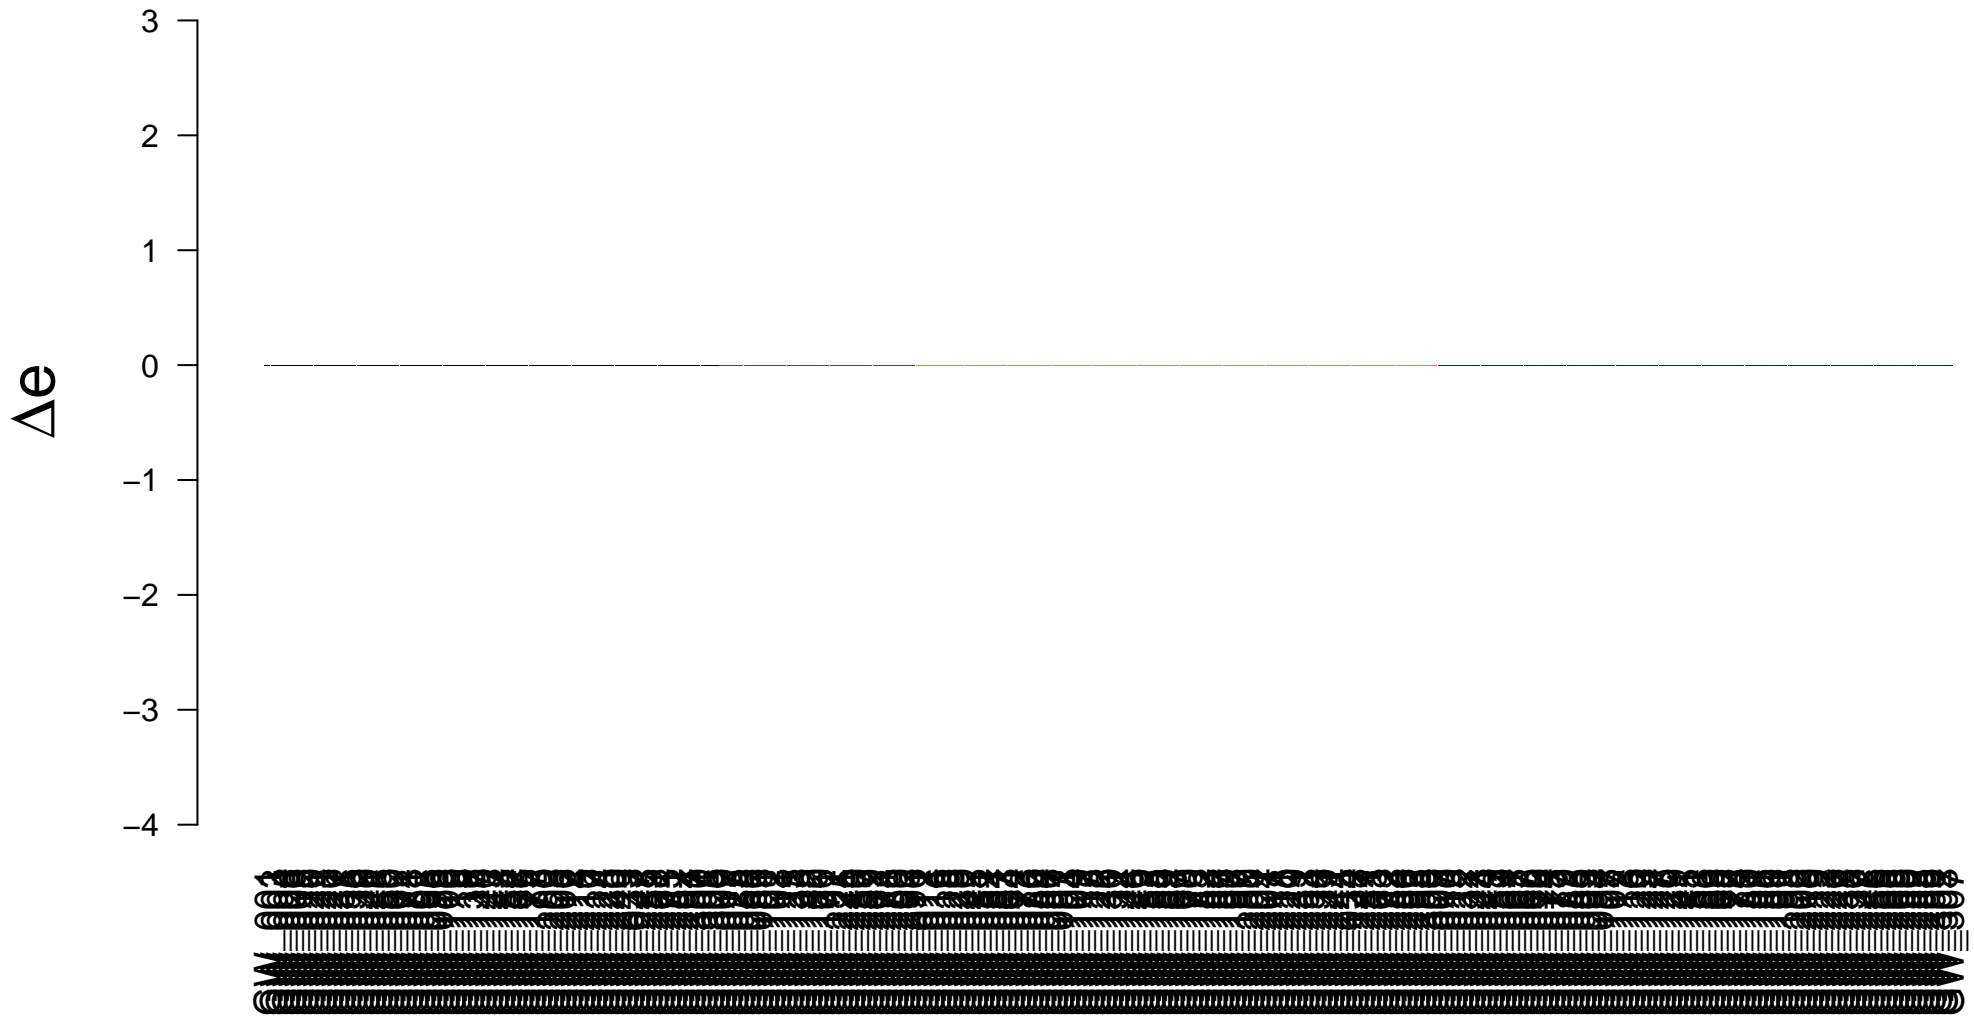

# Expression of dystrophin-associated glycoprotein complex in Spot C

# Expression of dystrophin-associated glycoprotein complex in Spot D

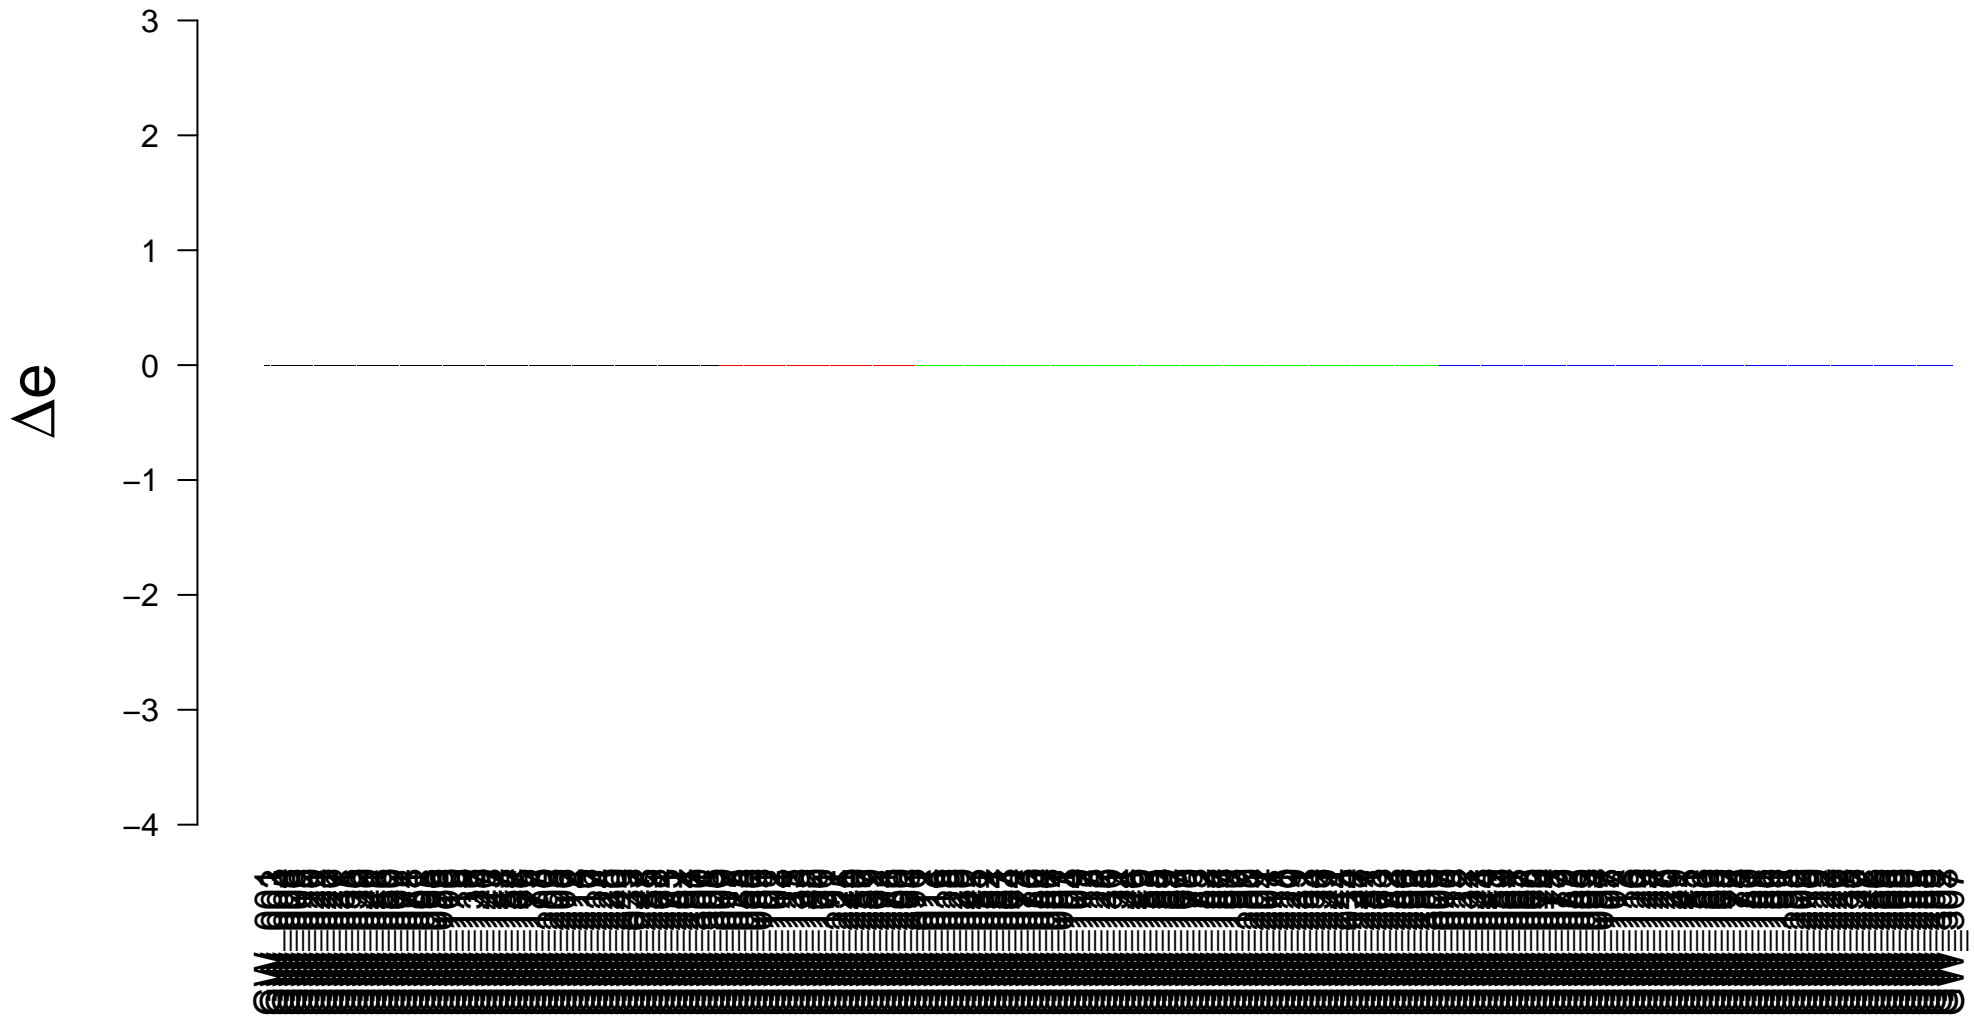

# Expression of dystrophin-associated glycoprotein complex in Spot E

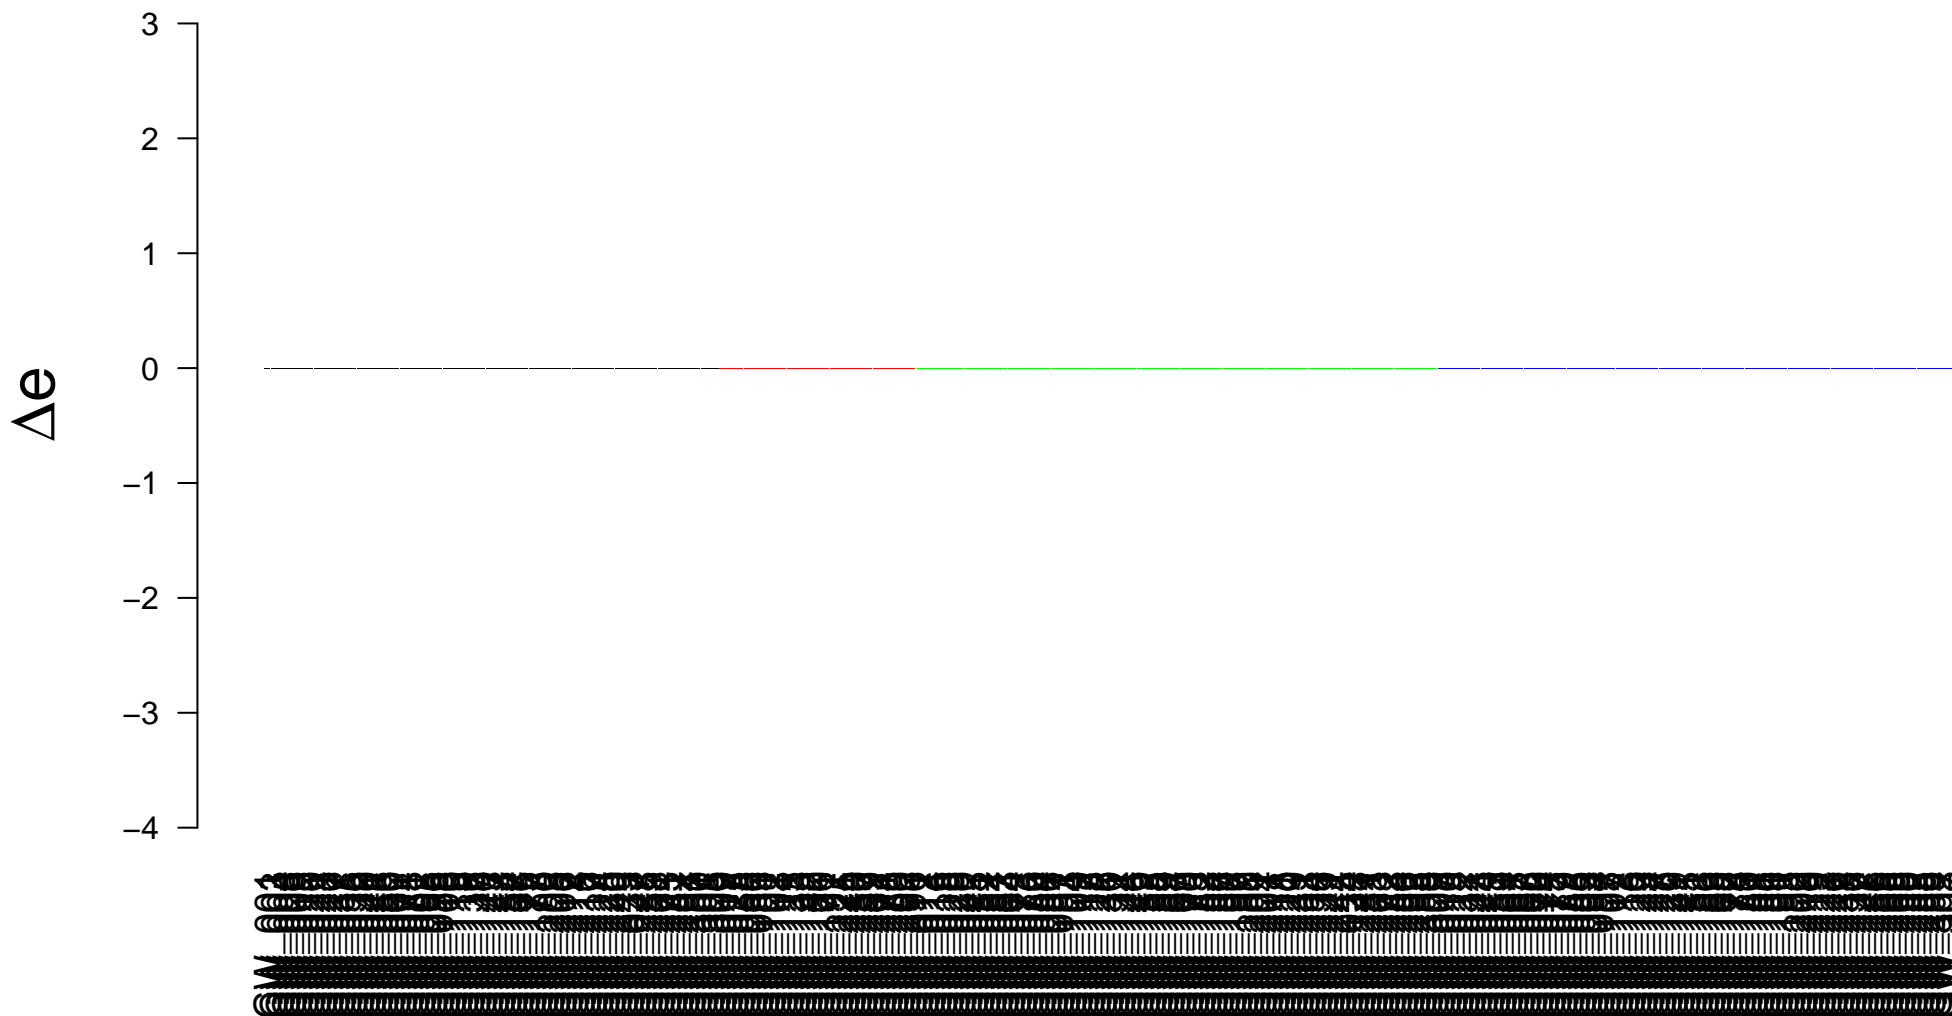

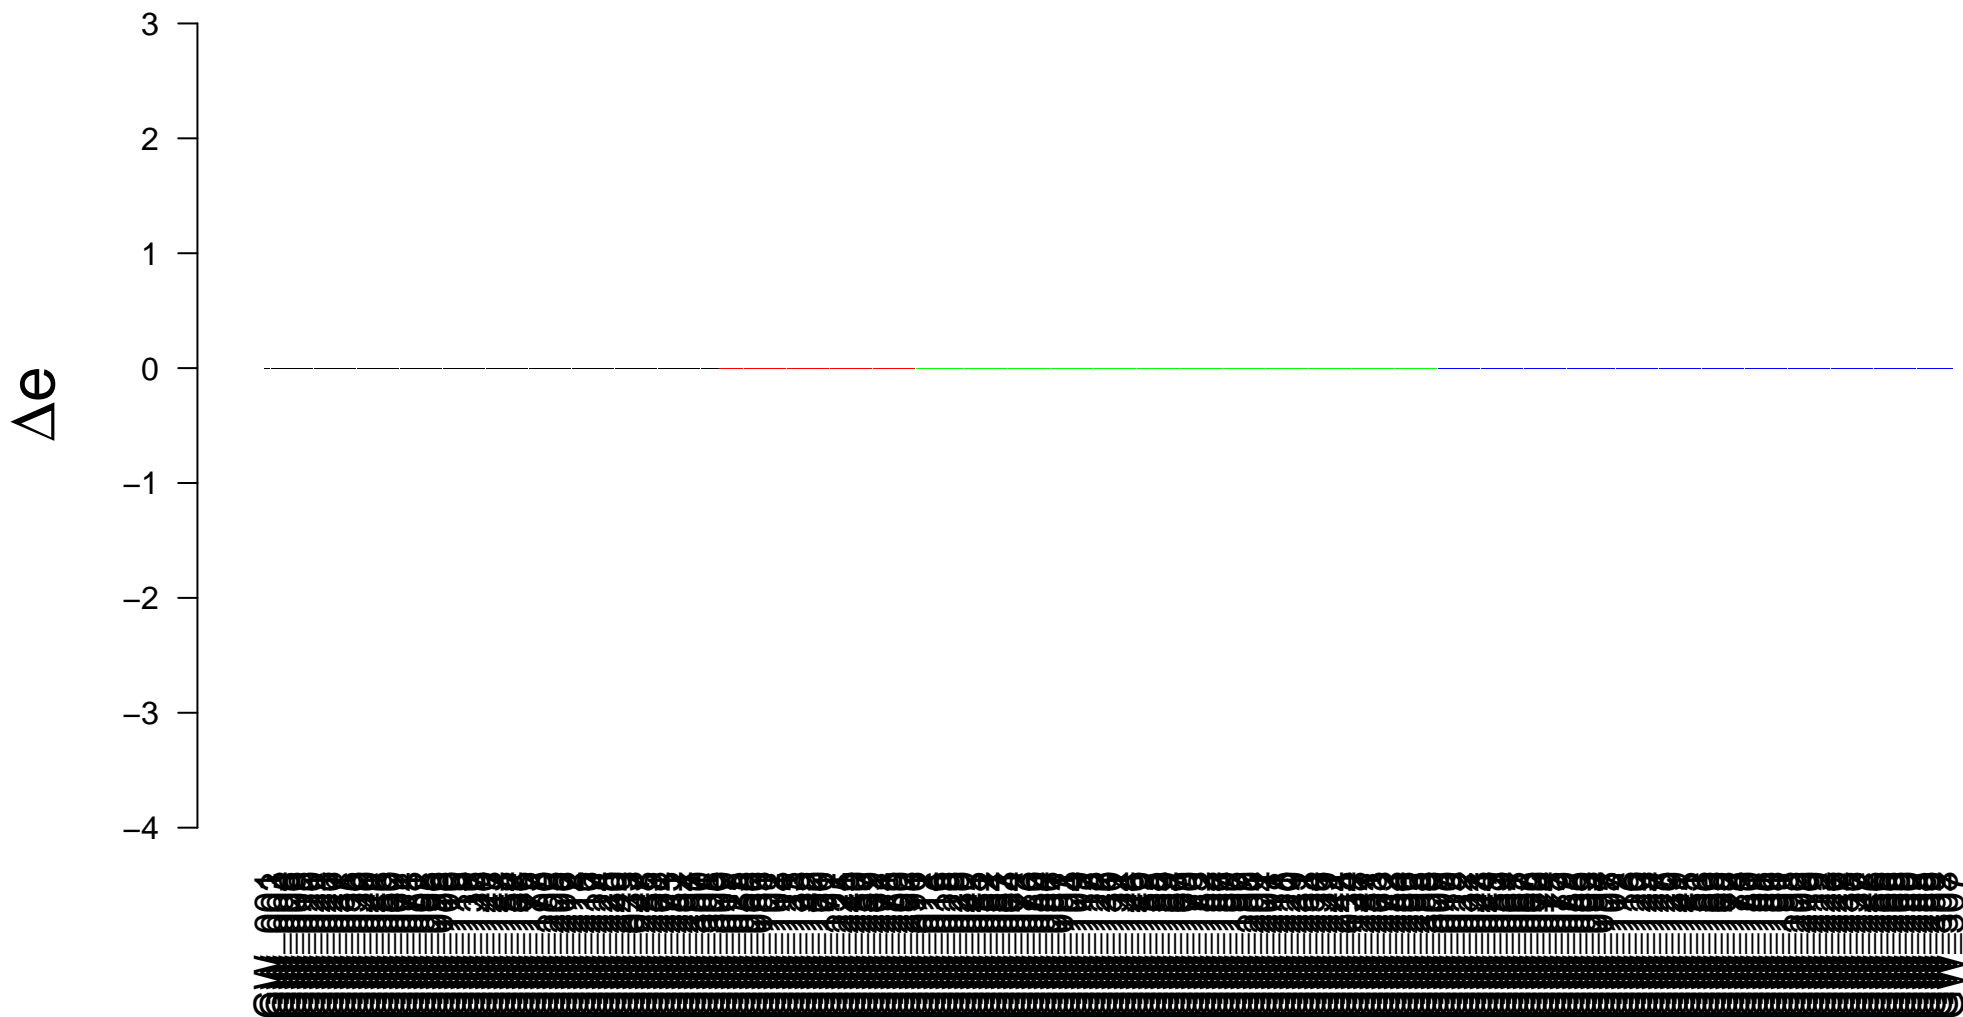

# Expression of dystrophin-associated glycoprotein complex in Spot F

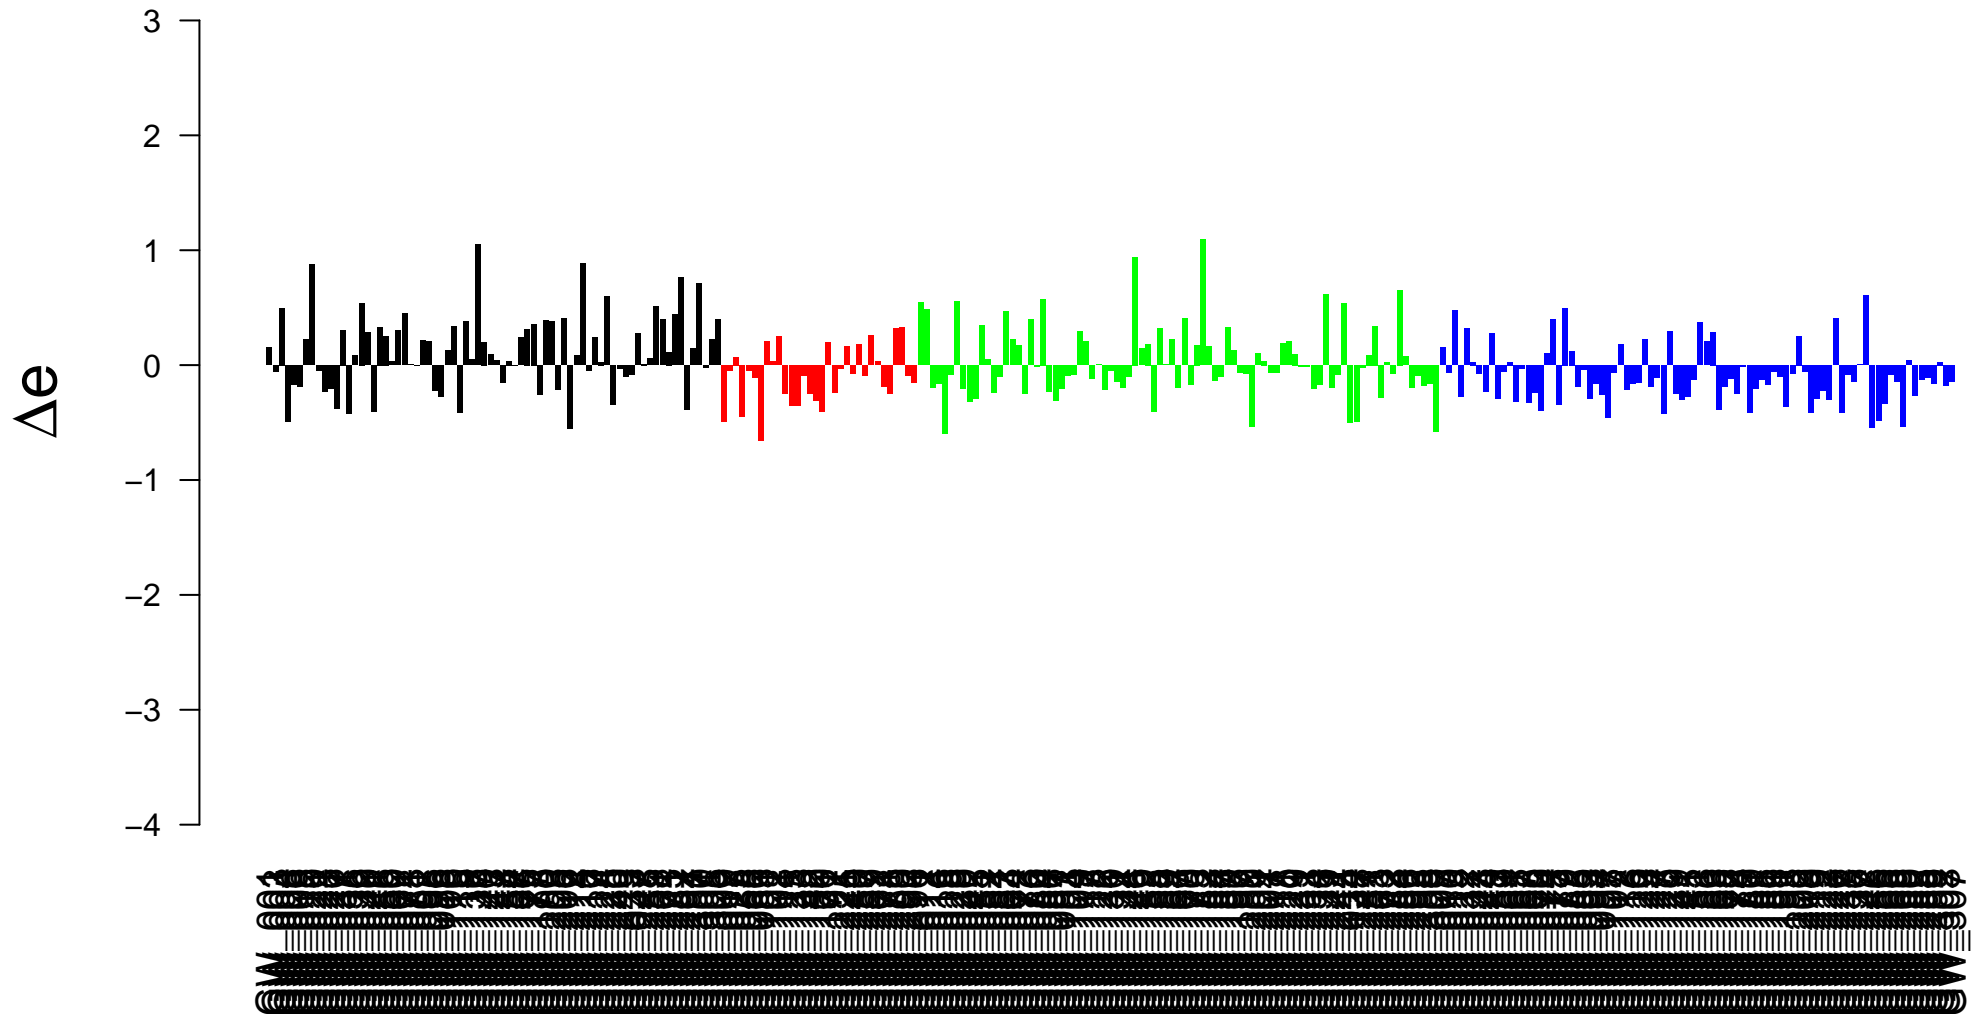

# Expression of dystrophin-associated glycoprotein complex in Spot G

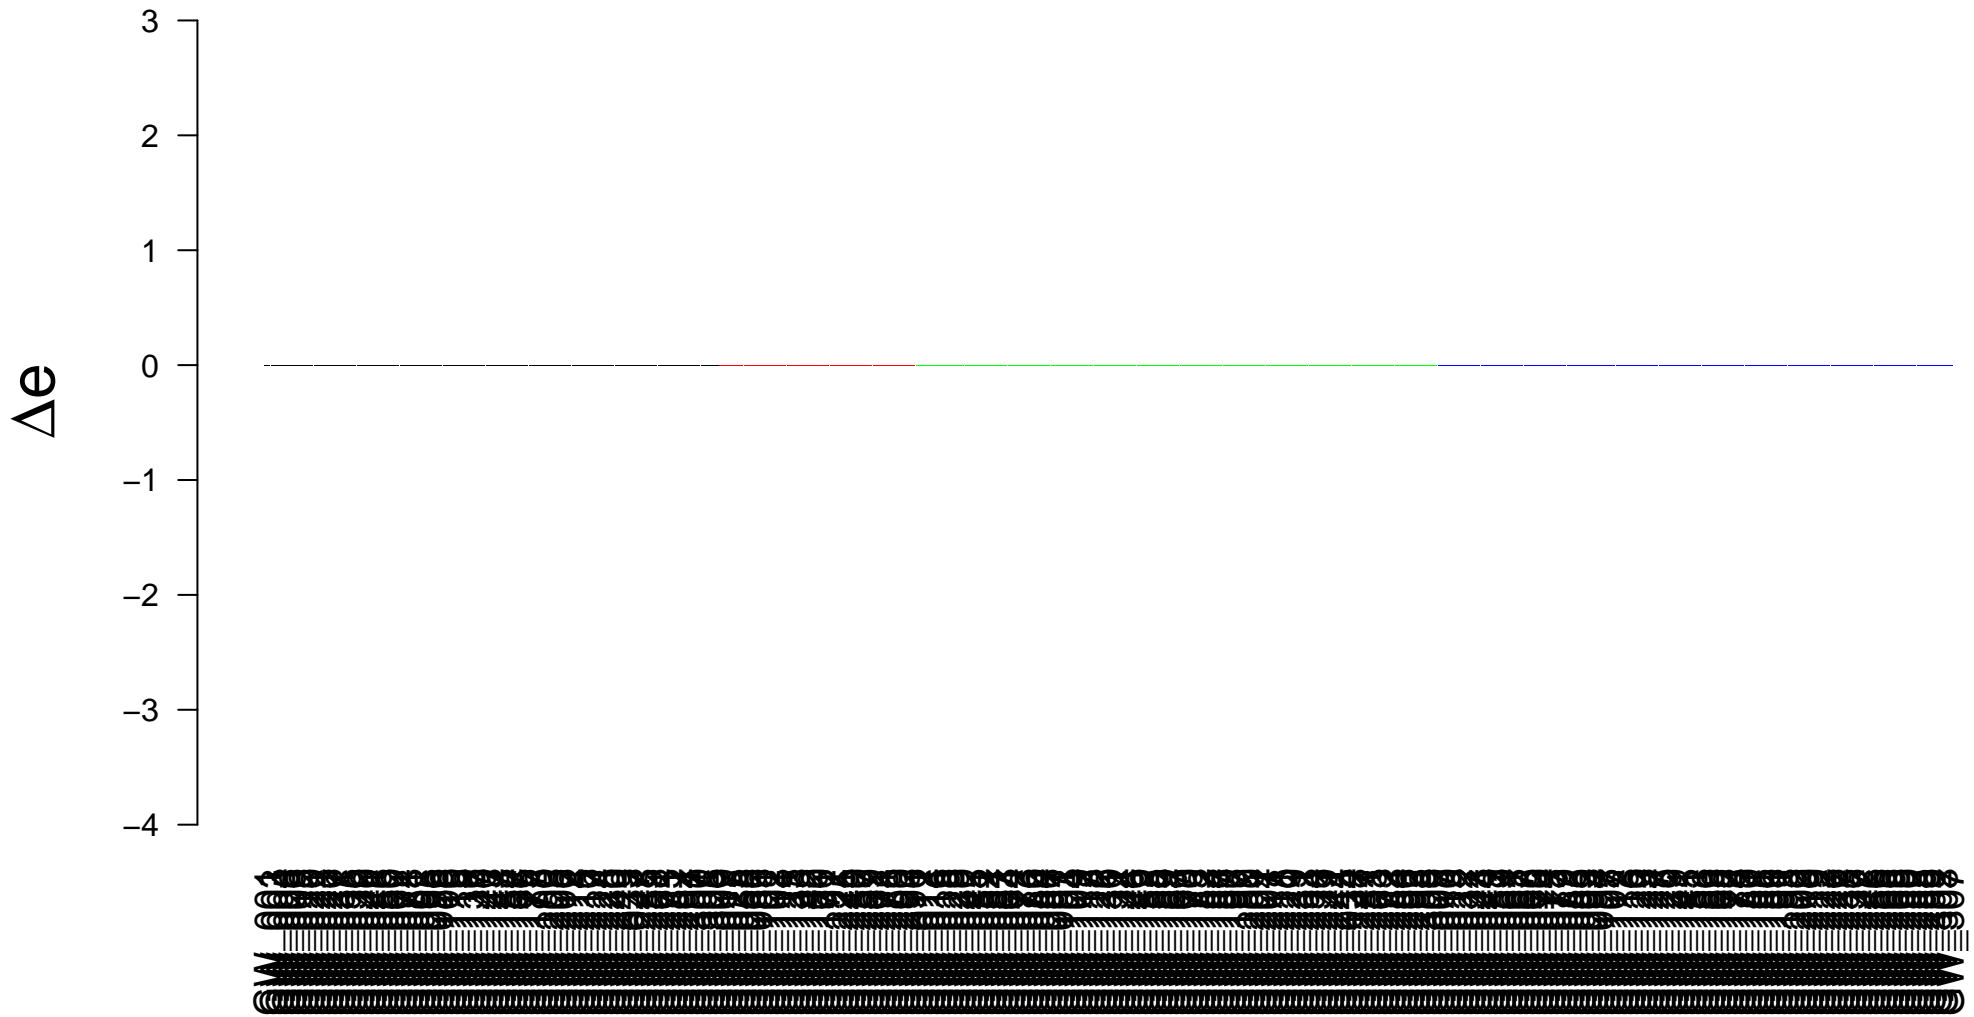

# Expression of dystrophin-associated glycoprotein complex in Spot H

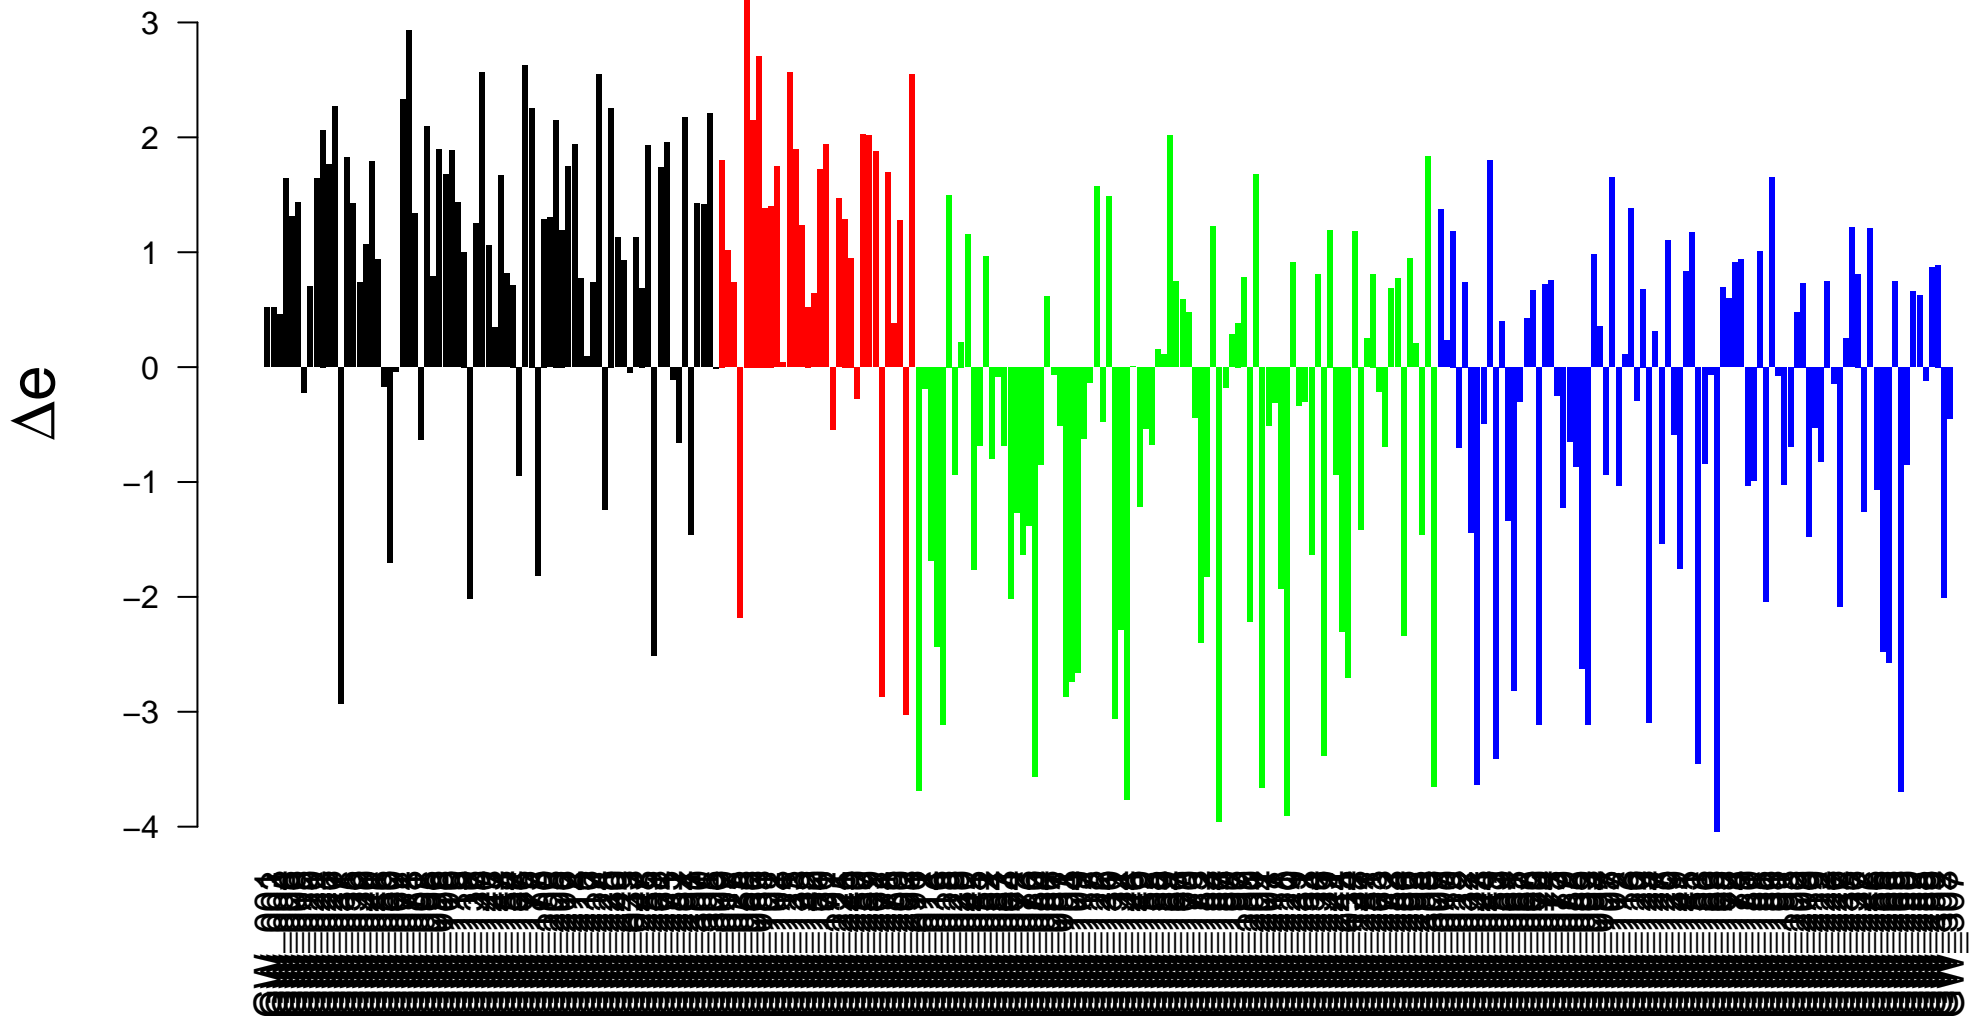

# Expression of dystrophin-associated glycoprotein complex in Spot I

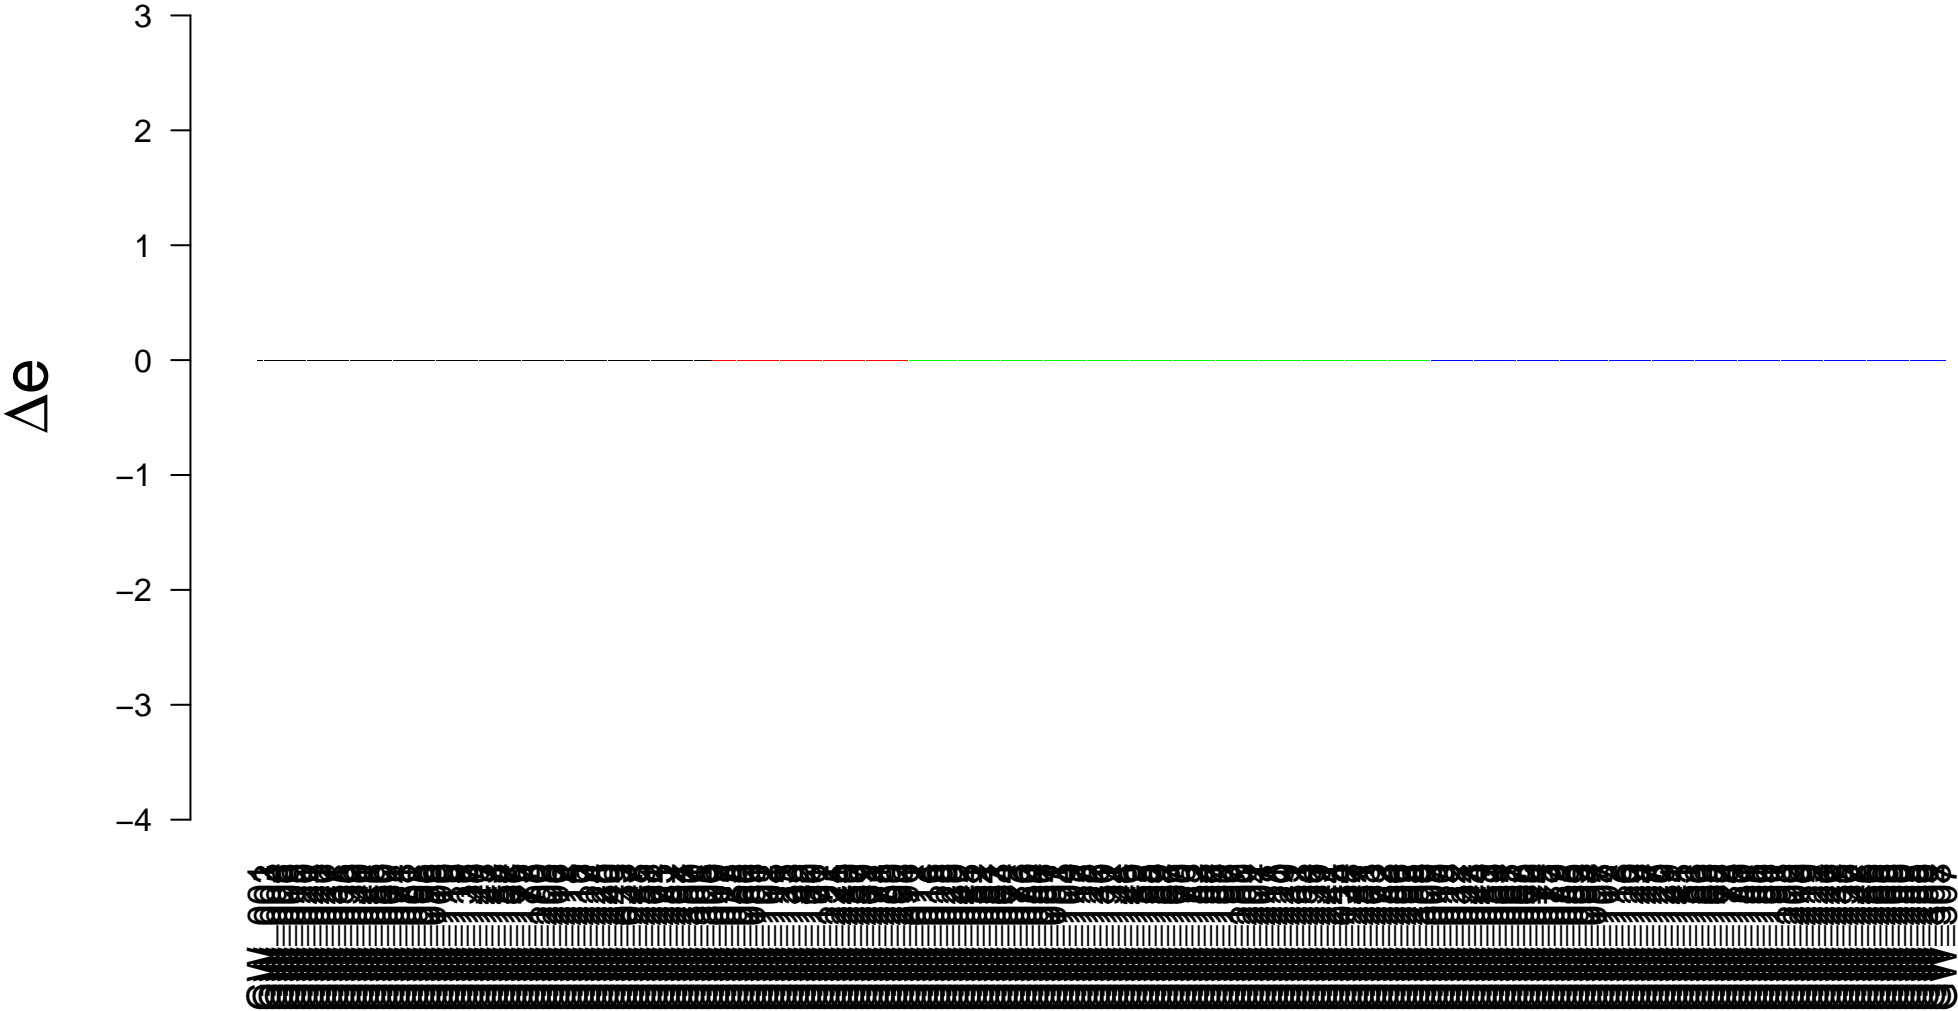

# Expression of dystrophin-associated glycoprotein complex in Spot J

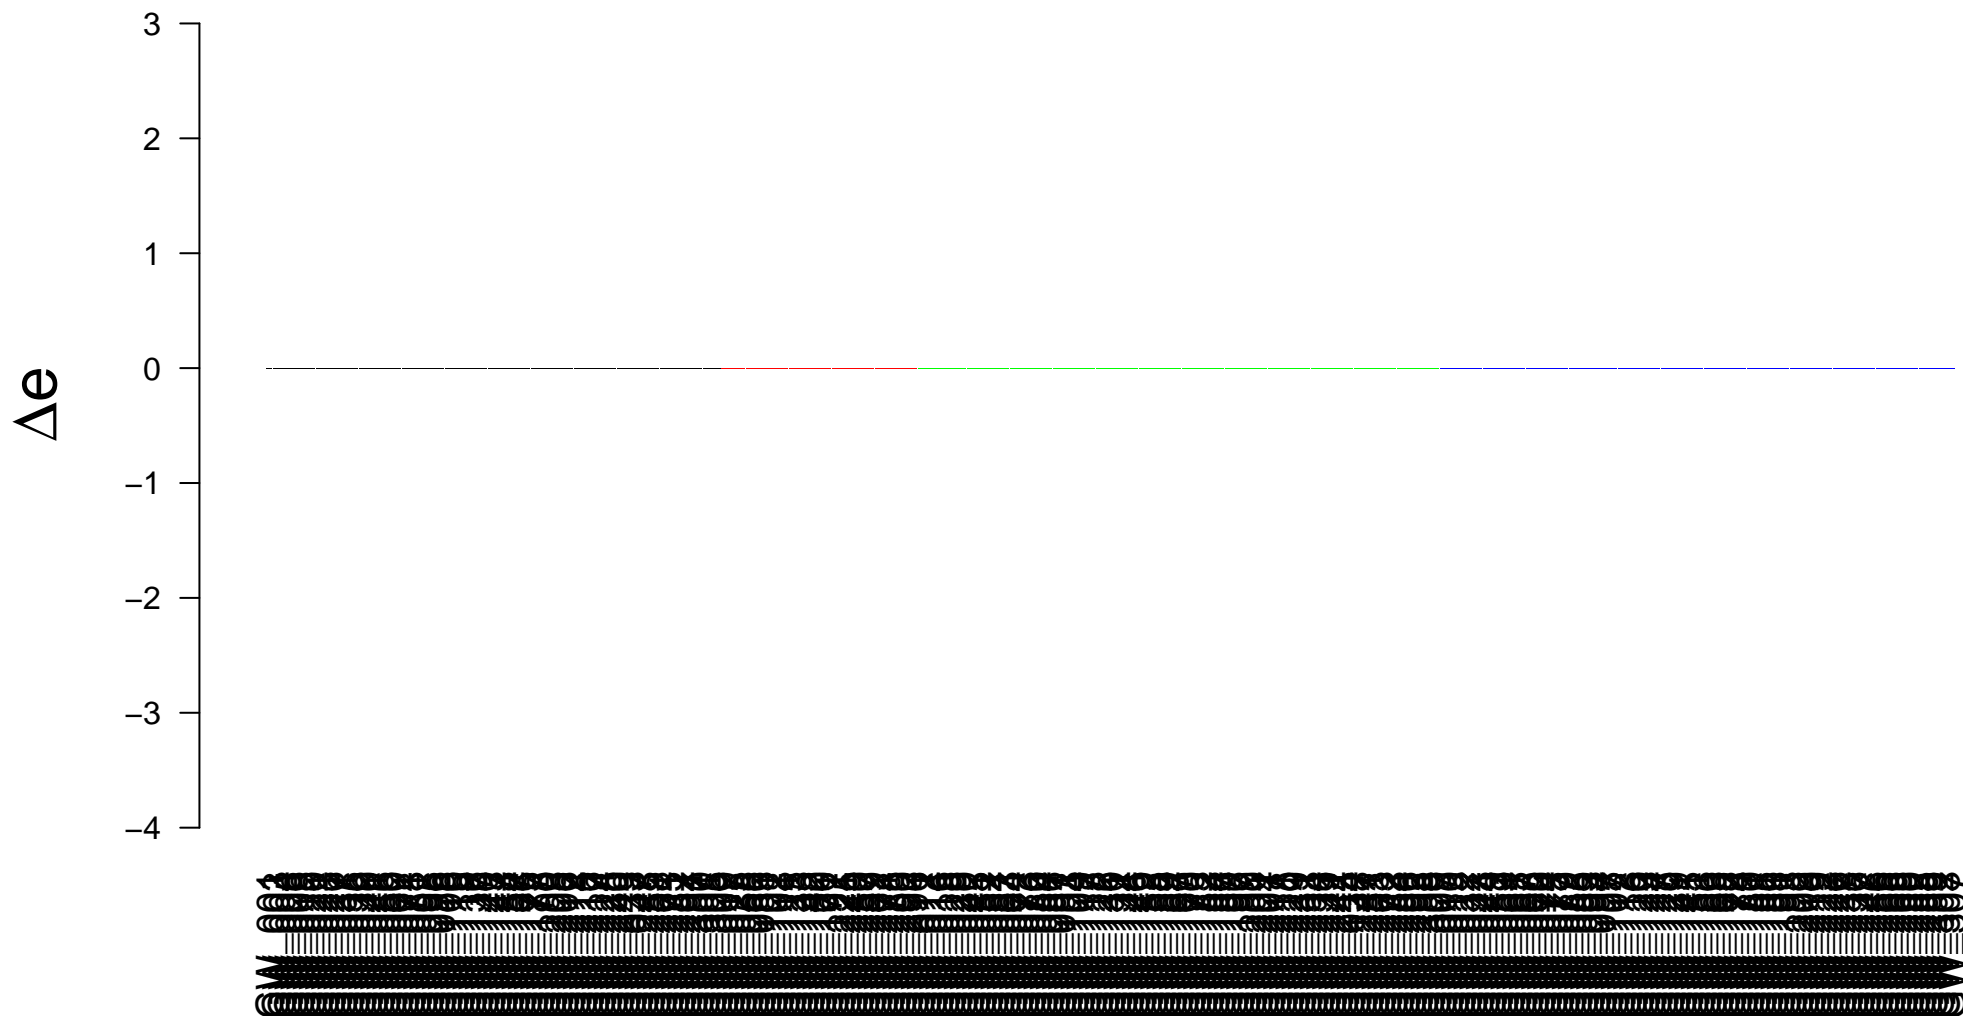

# Expression of dystrophin-associated glycoprotein complex in Spot K

Expression of dystrophin-associated glycoprotein complex in Spot L

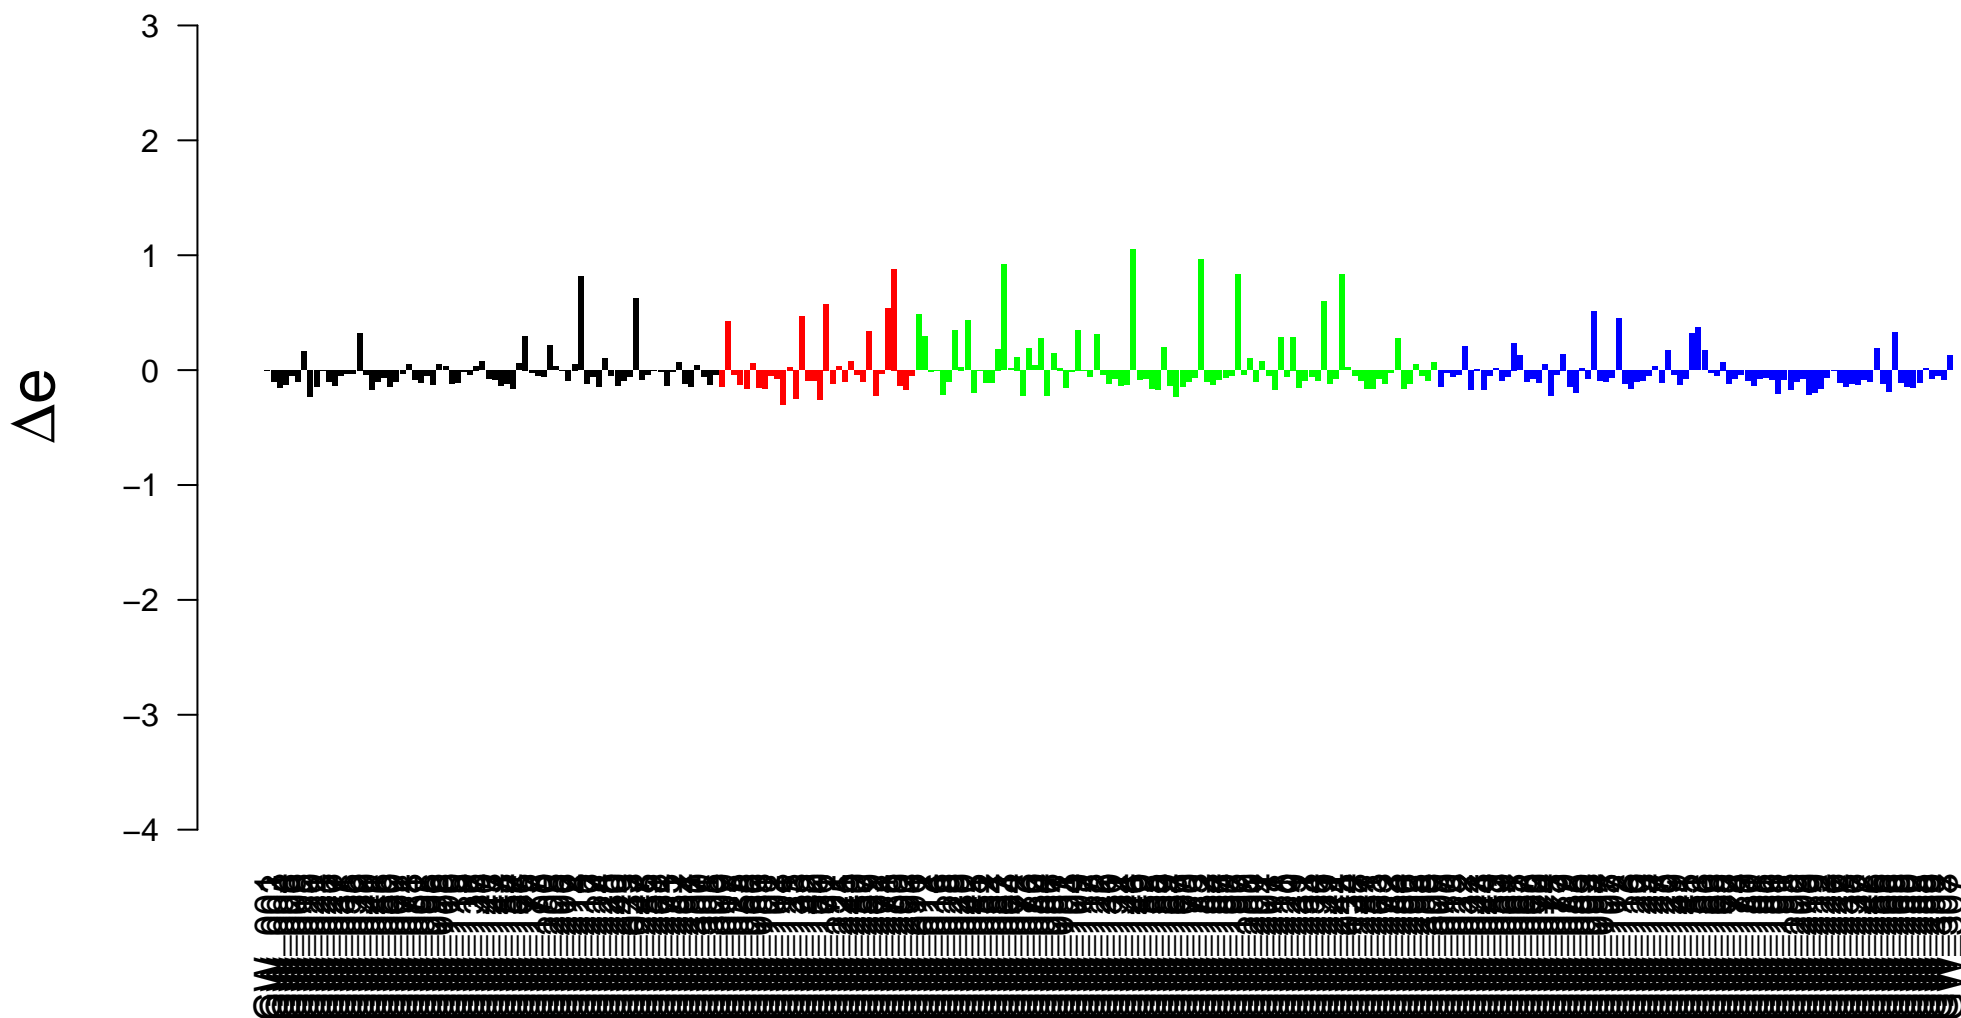

# Expression of dystrophin-associated glycoprotein complex in Spot M

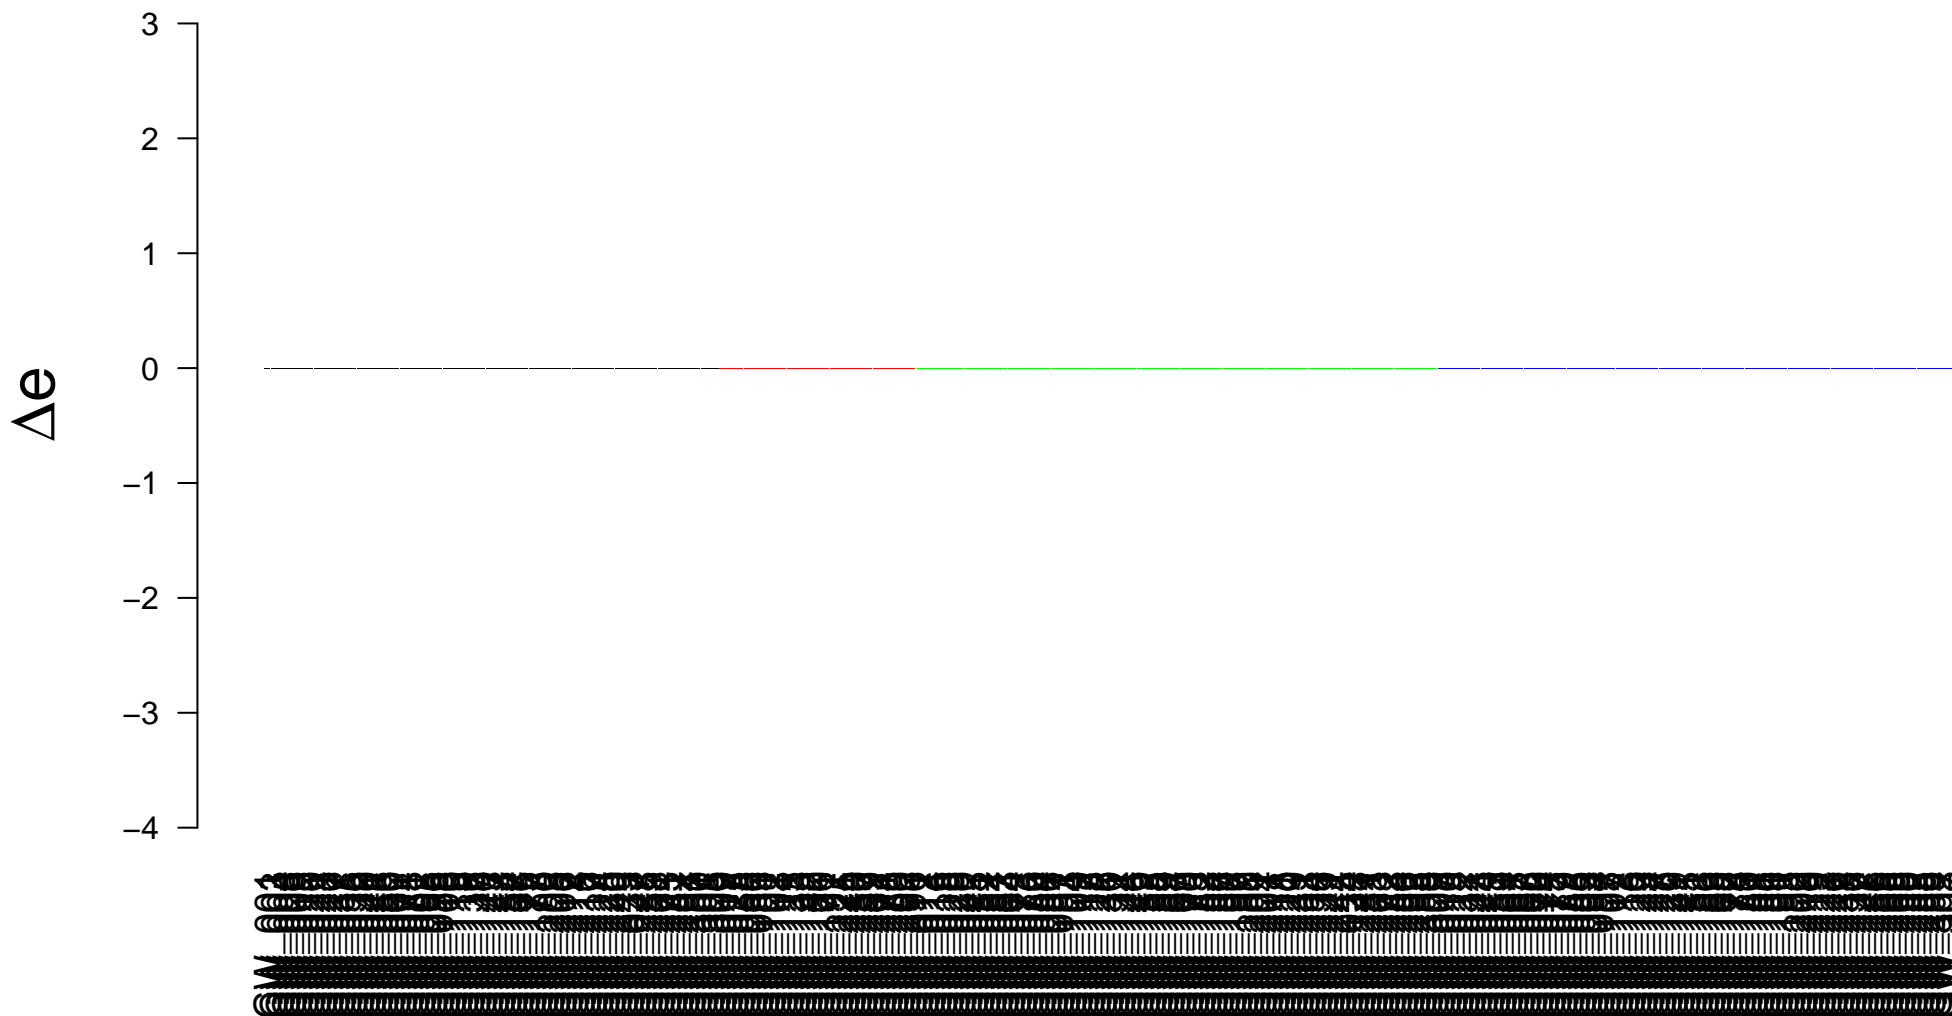

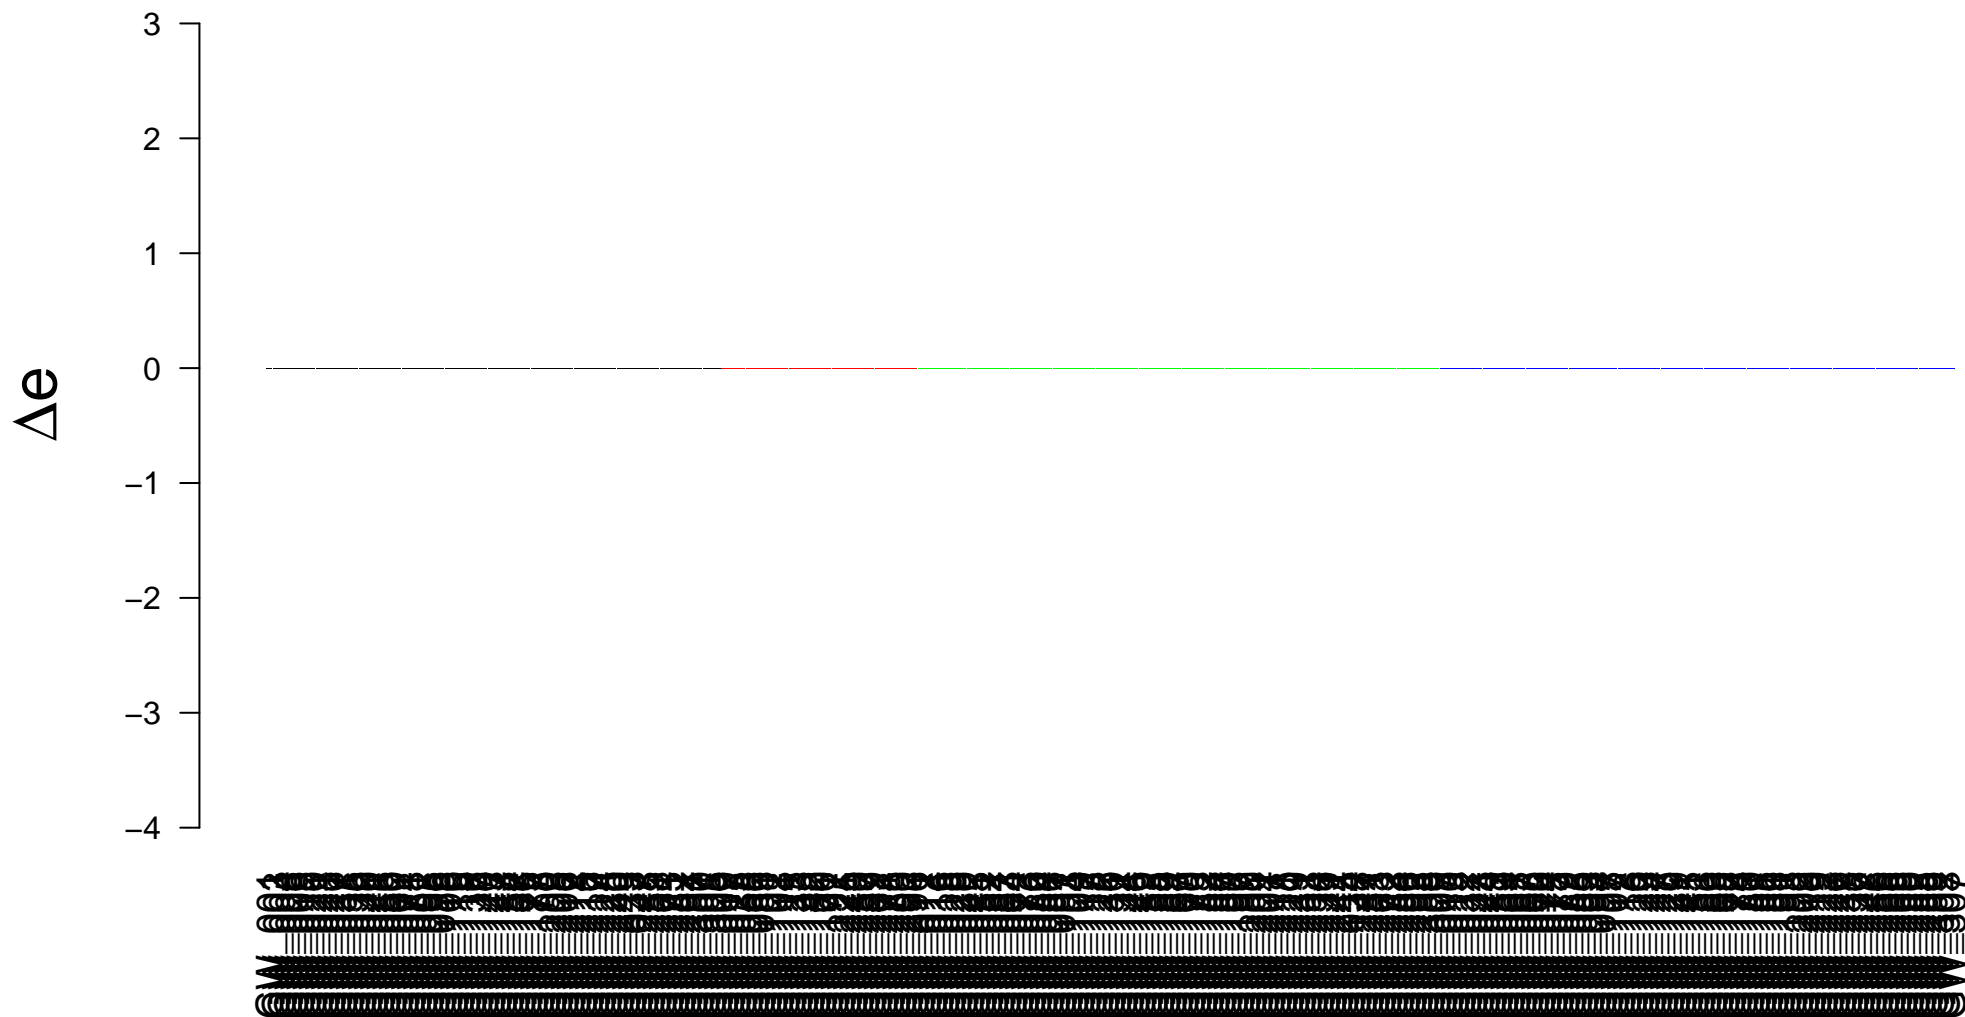

# Expression of dystrophin-associated glycoprotein complex in Spot N

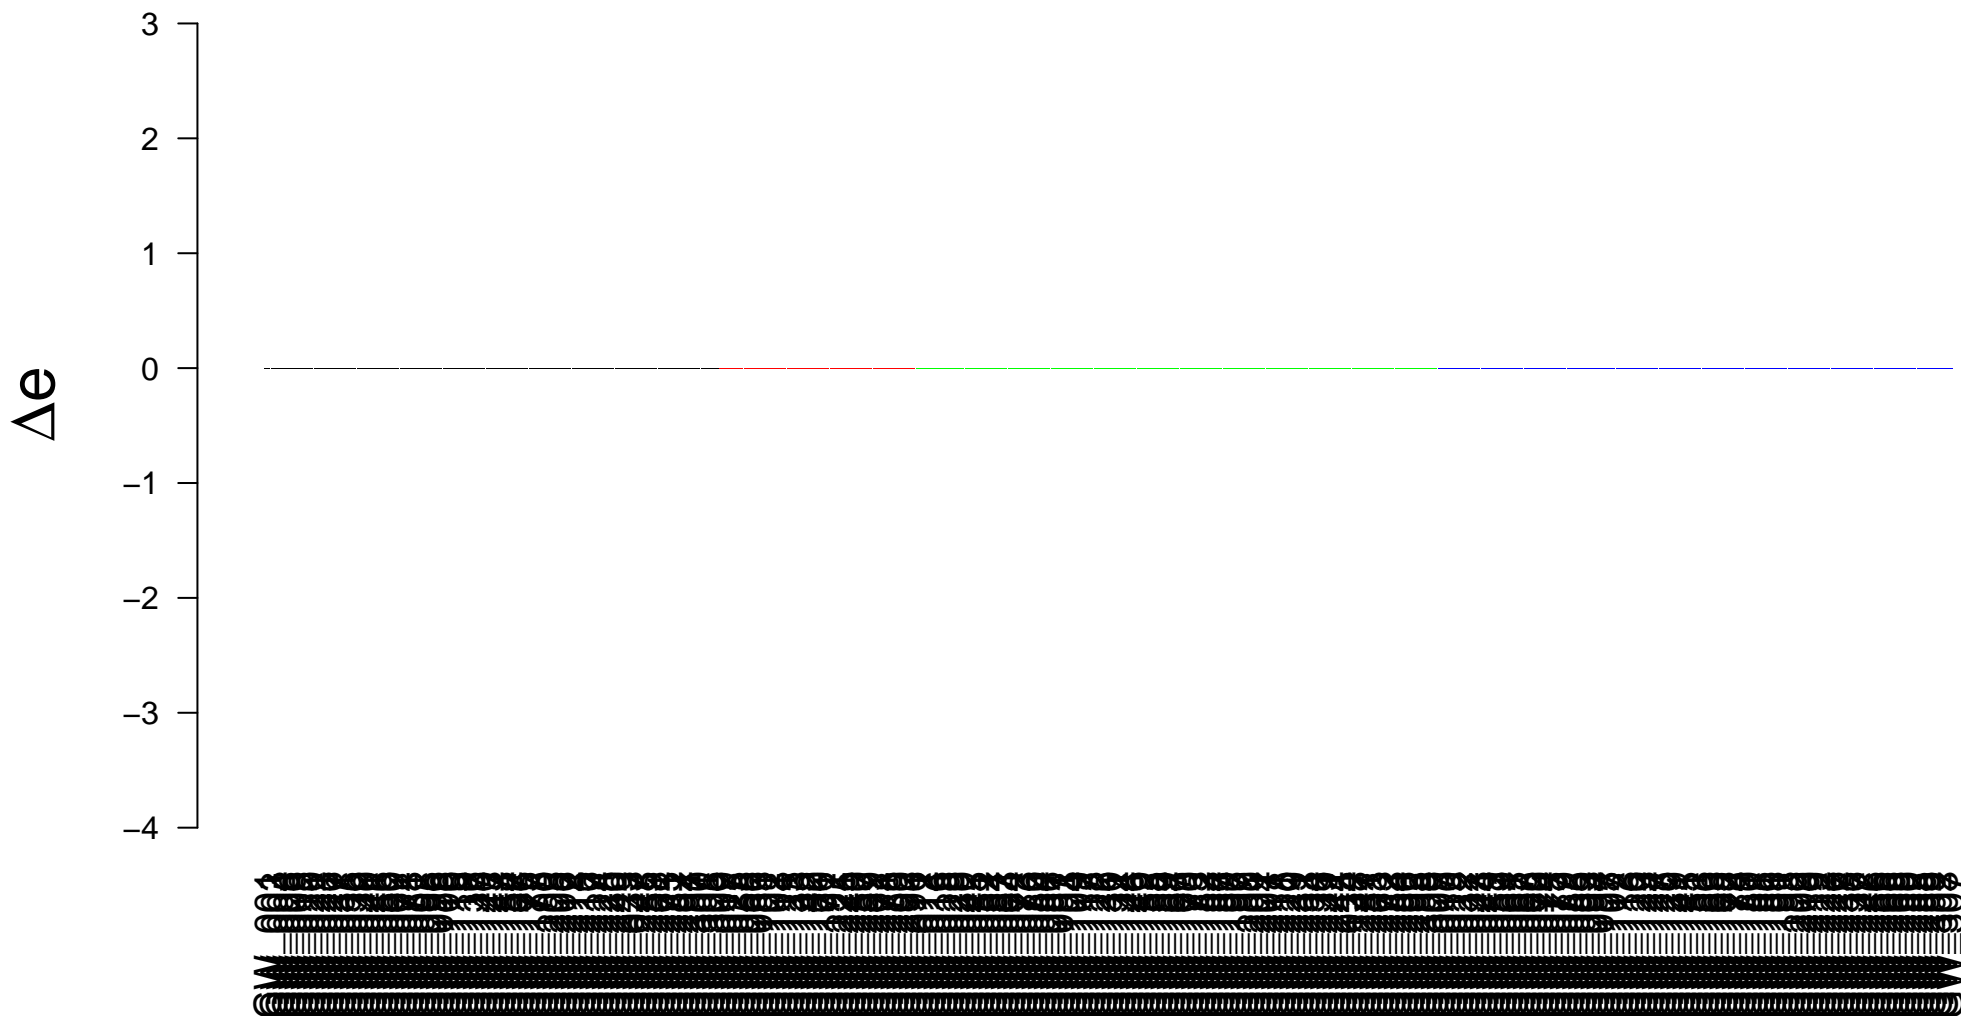

# Expression of dystrophin-associated glycoprotein complex in Spot O

# Expression of dystrophin-associated glycoprotein complex in Spot P

# Expression of dystrophin-associated glycoprotein complex in Spot Q

# Expression of dystrophin-associated glycoprotein complex in Spot R
