

epithelial tube branching involved in lung morphogenesis

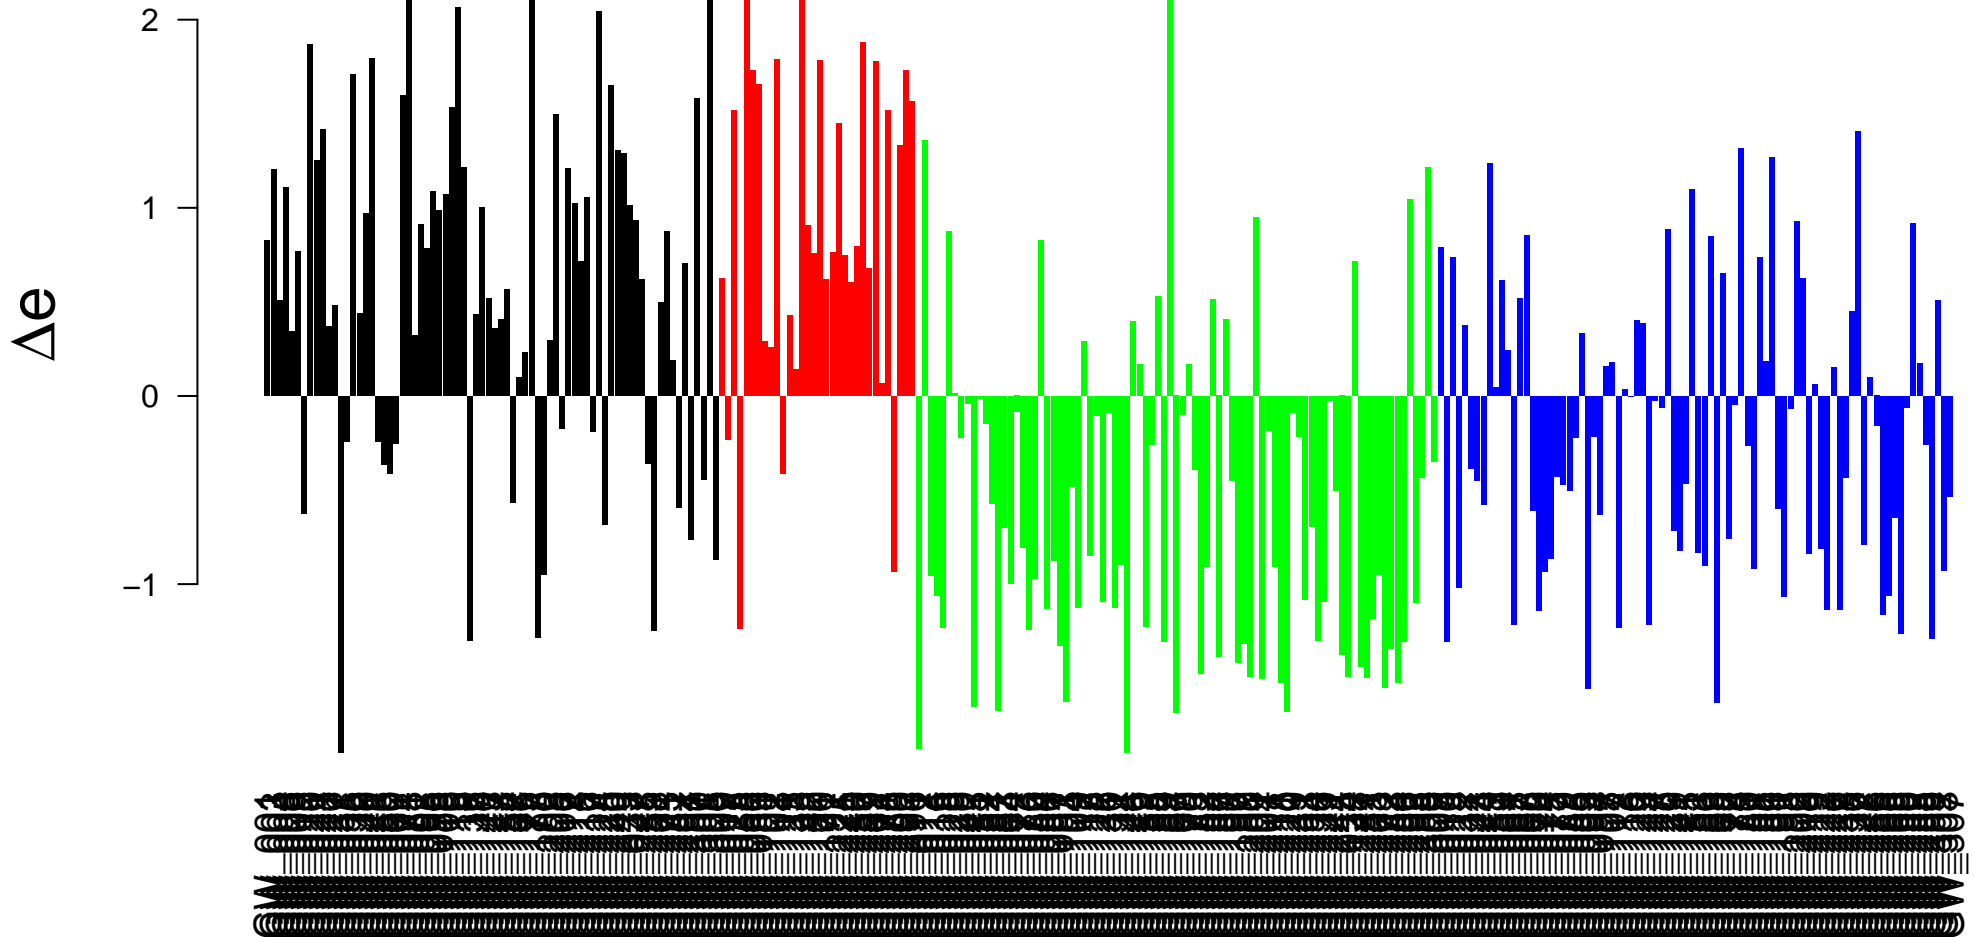

epithelial tube branching involved in lung morphogenesis

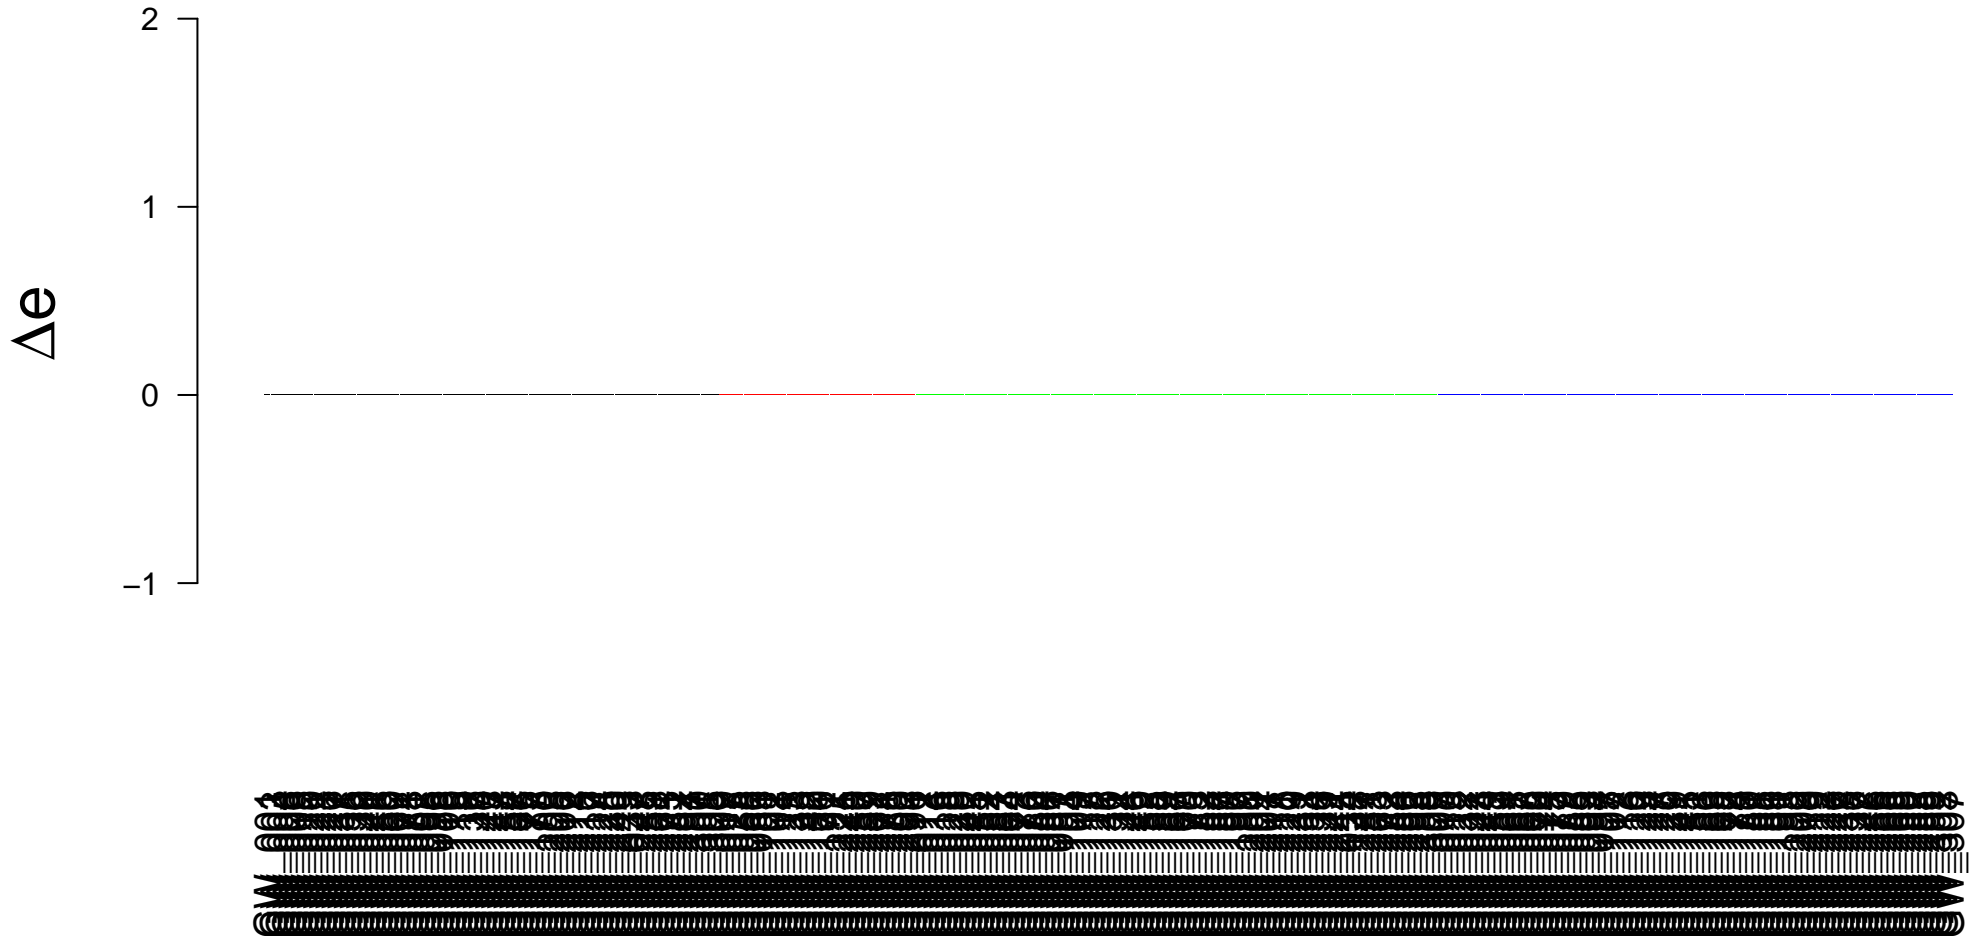

Enrichment in spots: epithelial tube branching involved in lung morphogenesis

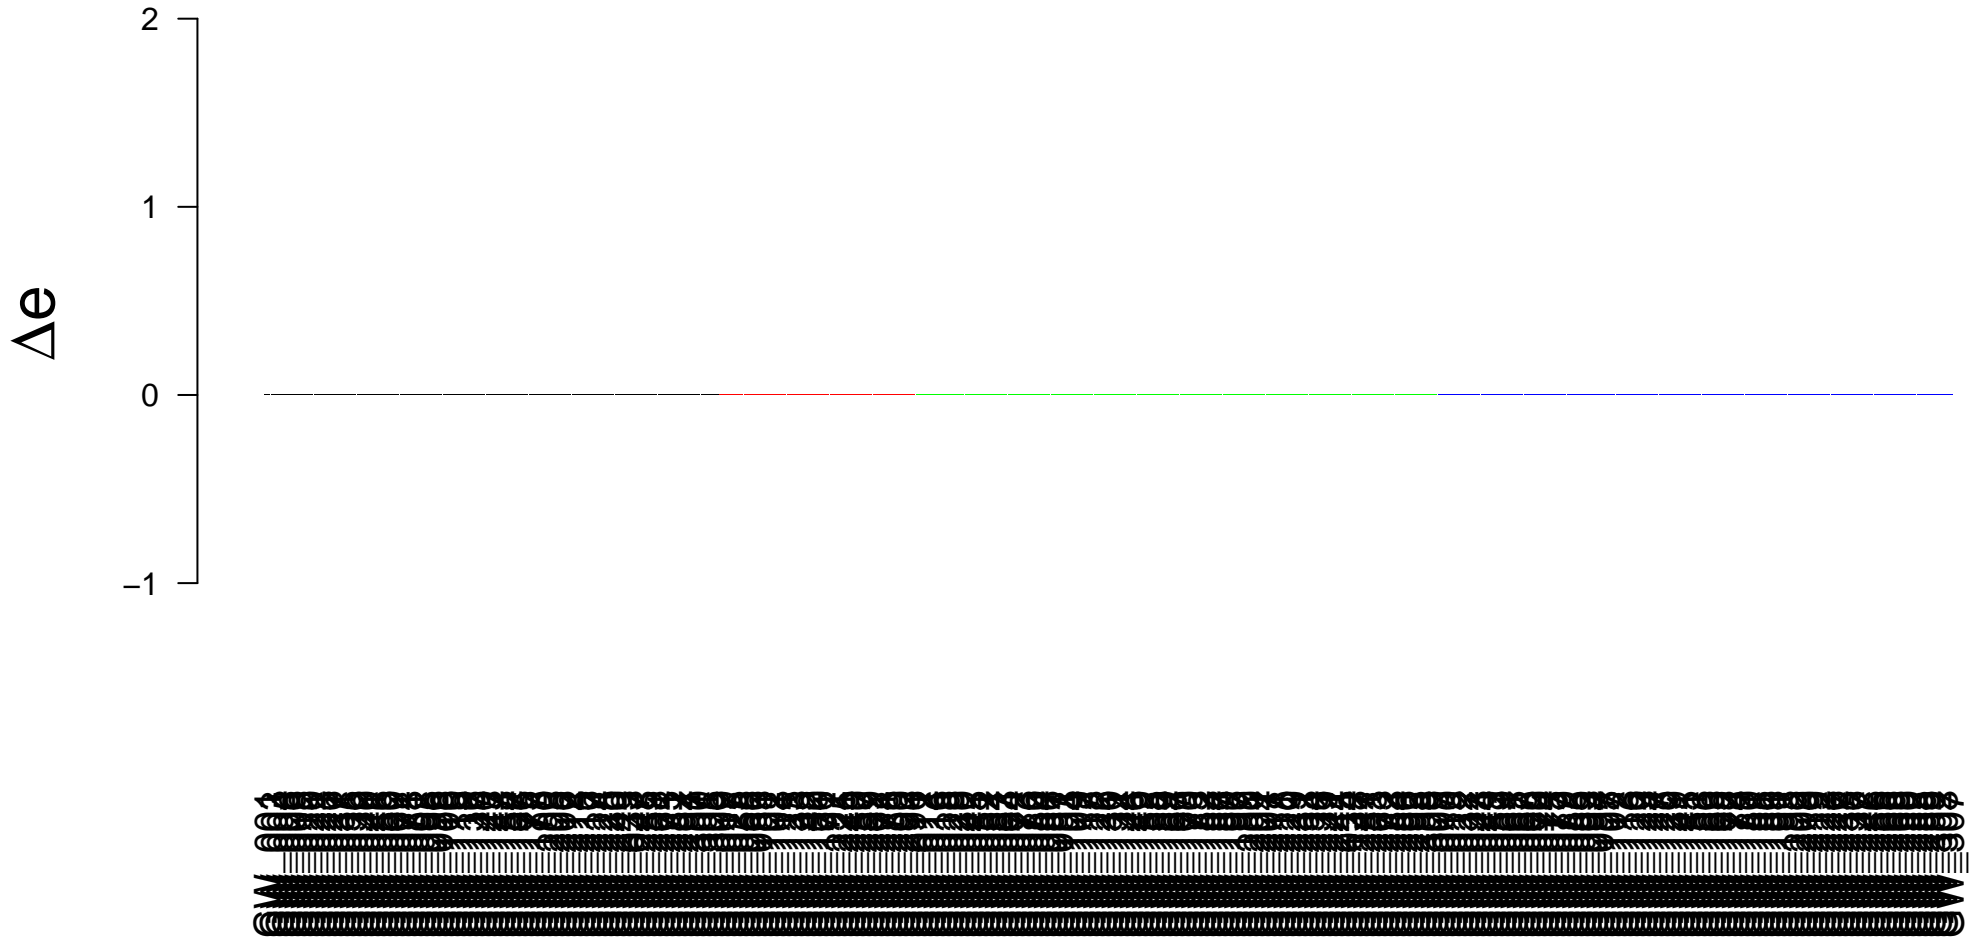

Expression of epithelial tube branching involved in lung morphogenesis in Spot A

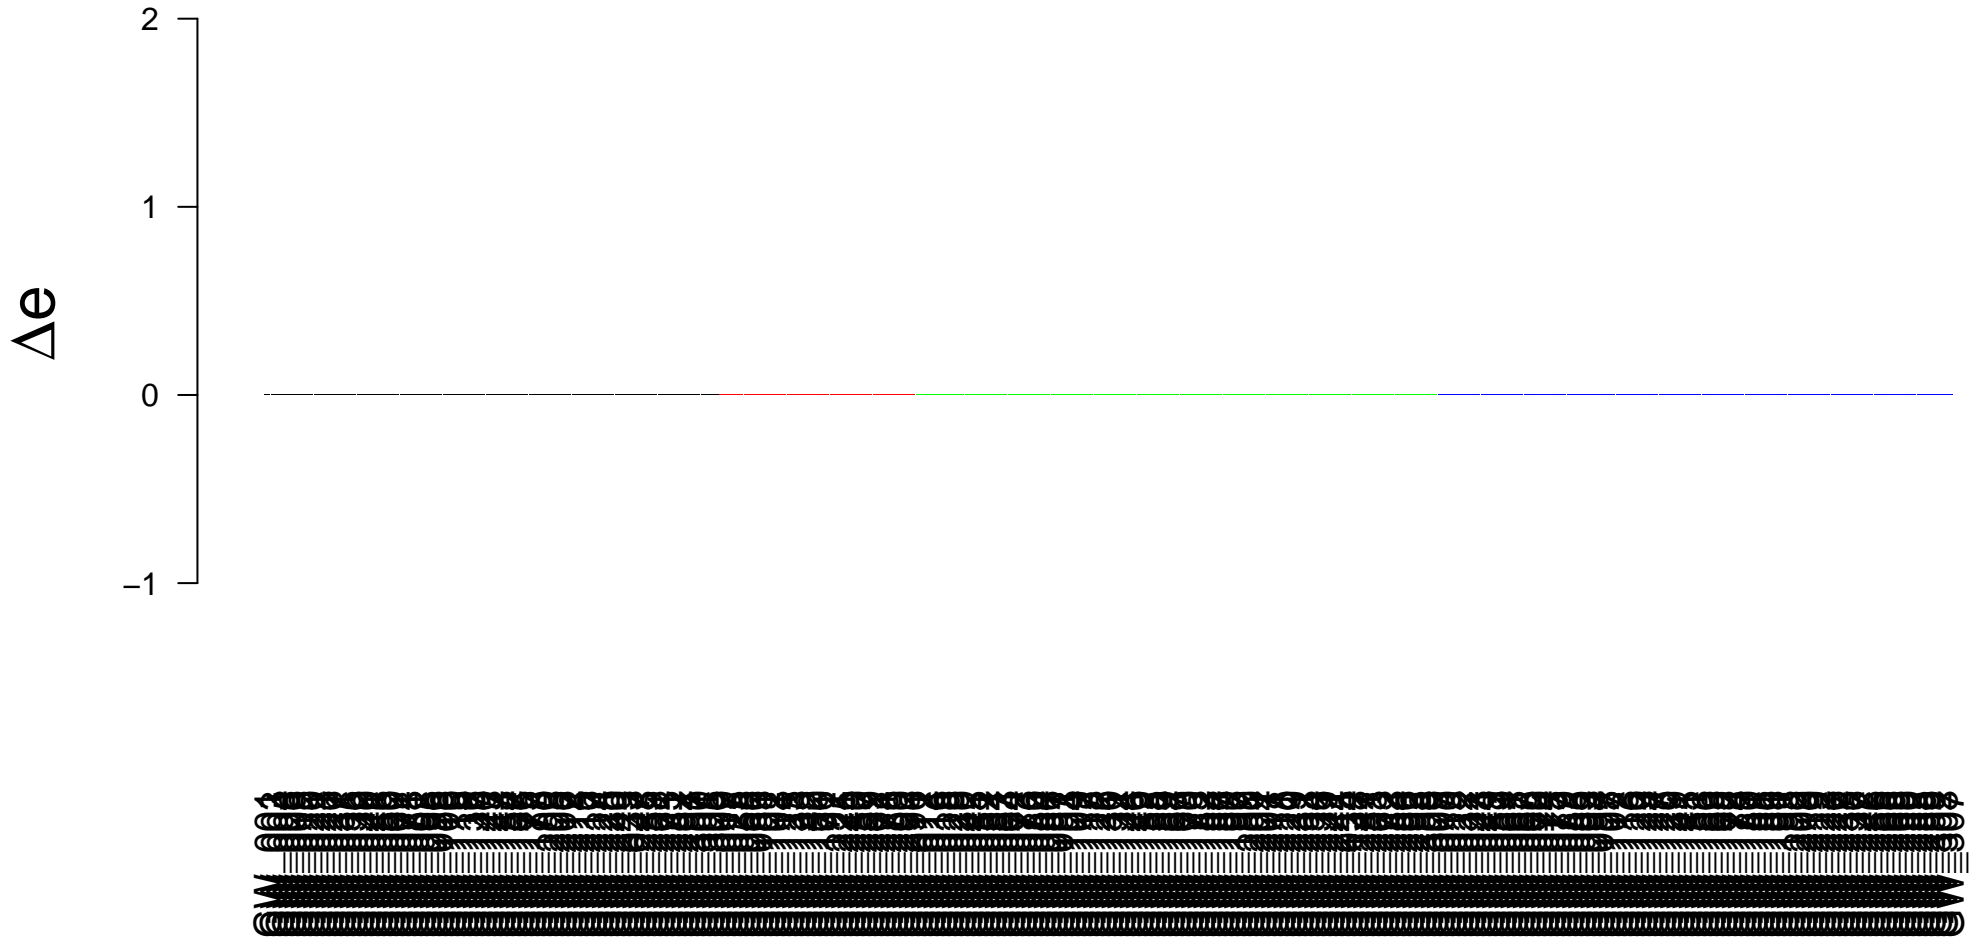

Expression of epithelial tube branching involved in lung morphogenesis in Spot B

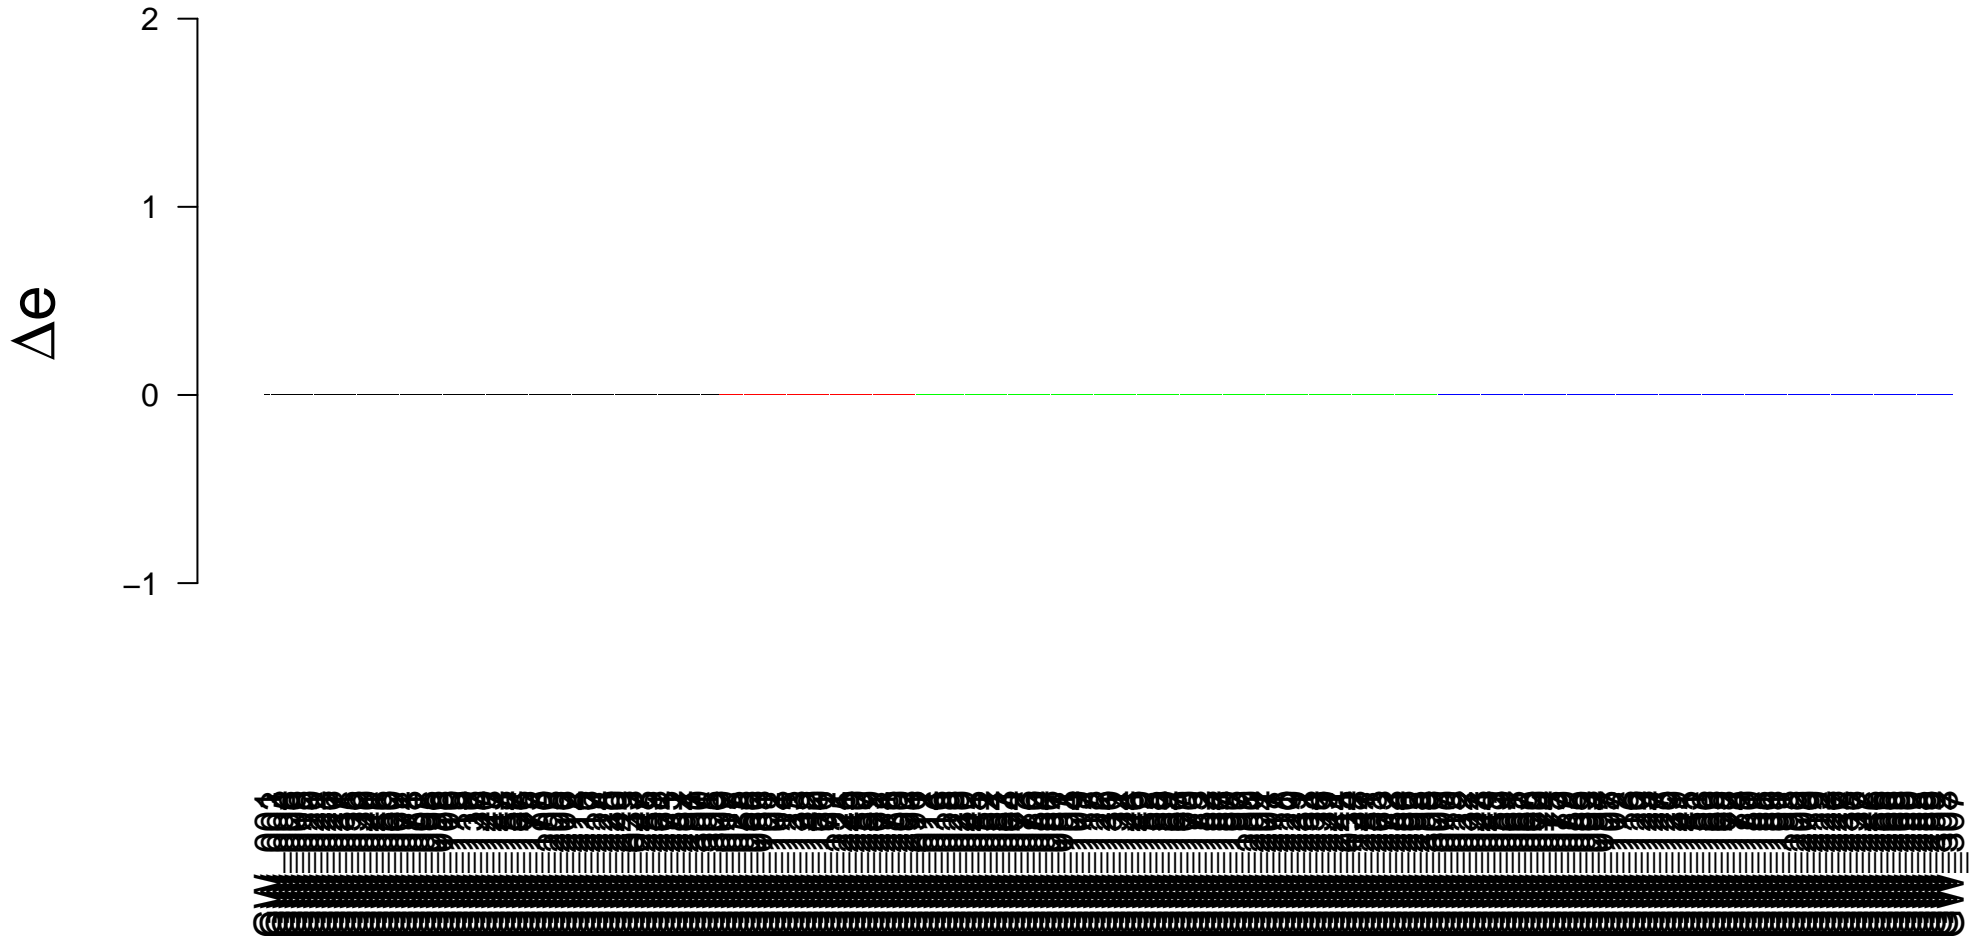

Expression of epithelial tube branching involved in lung morphogenesis in Spot C

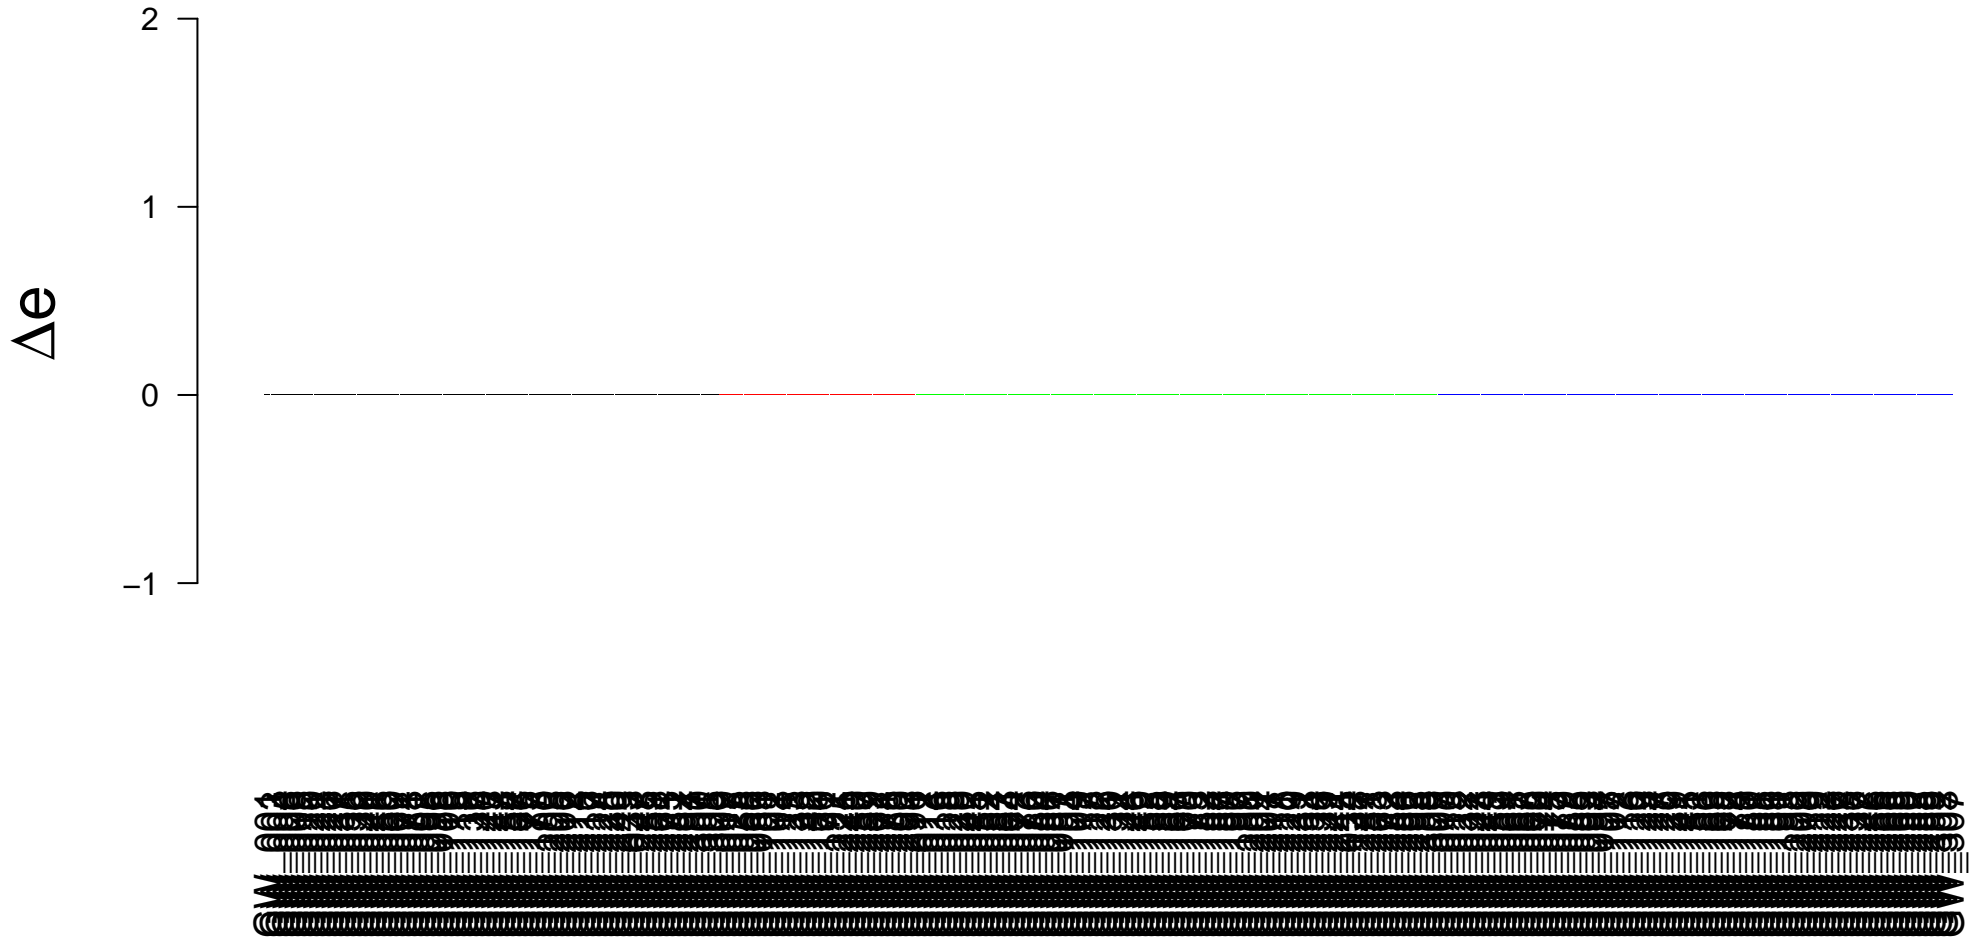

Expression of epithelial tube branching involved in lung morphogenesis in Spot D

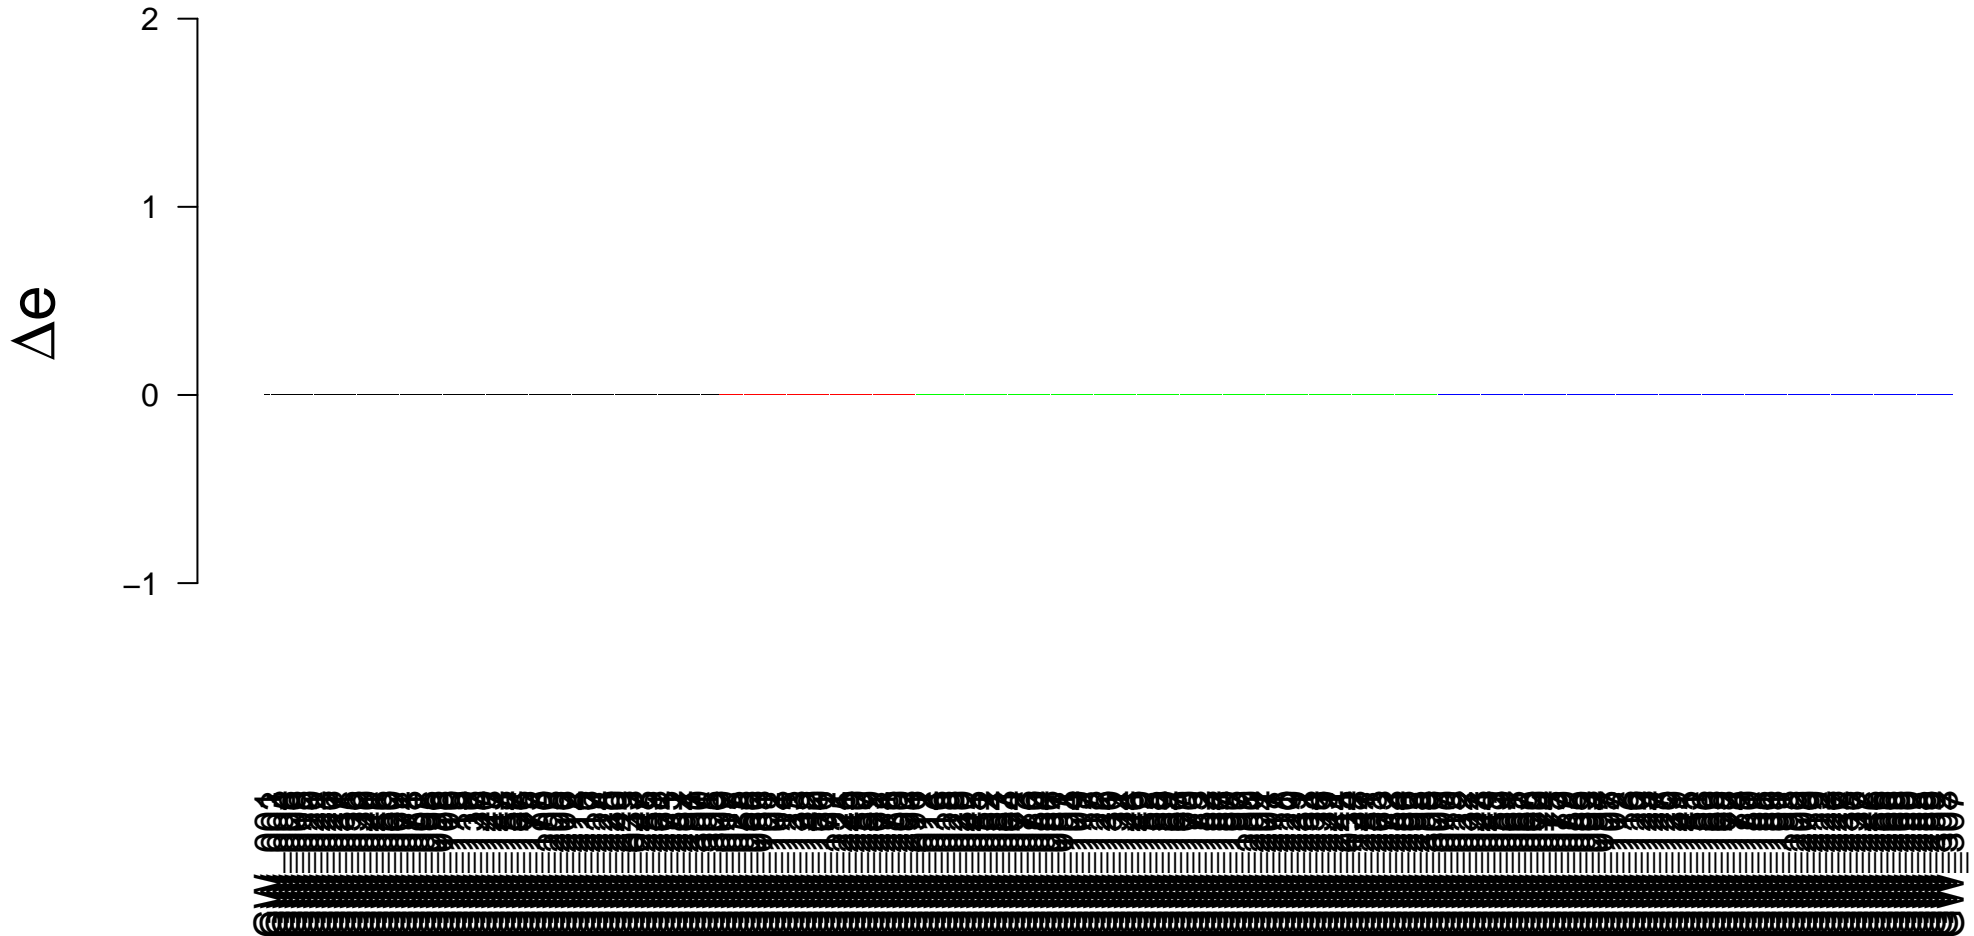

Expression of epithelial tube branching involved in lung morphogenesis in Spot E

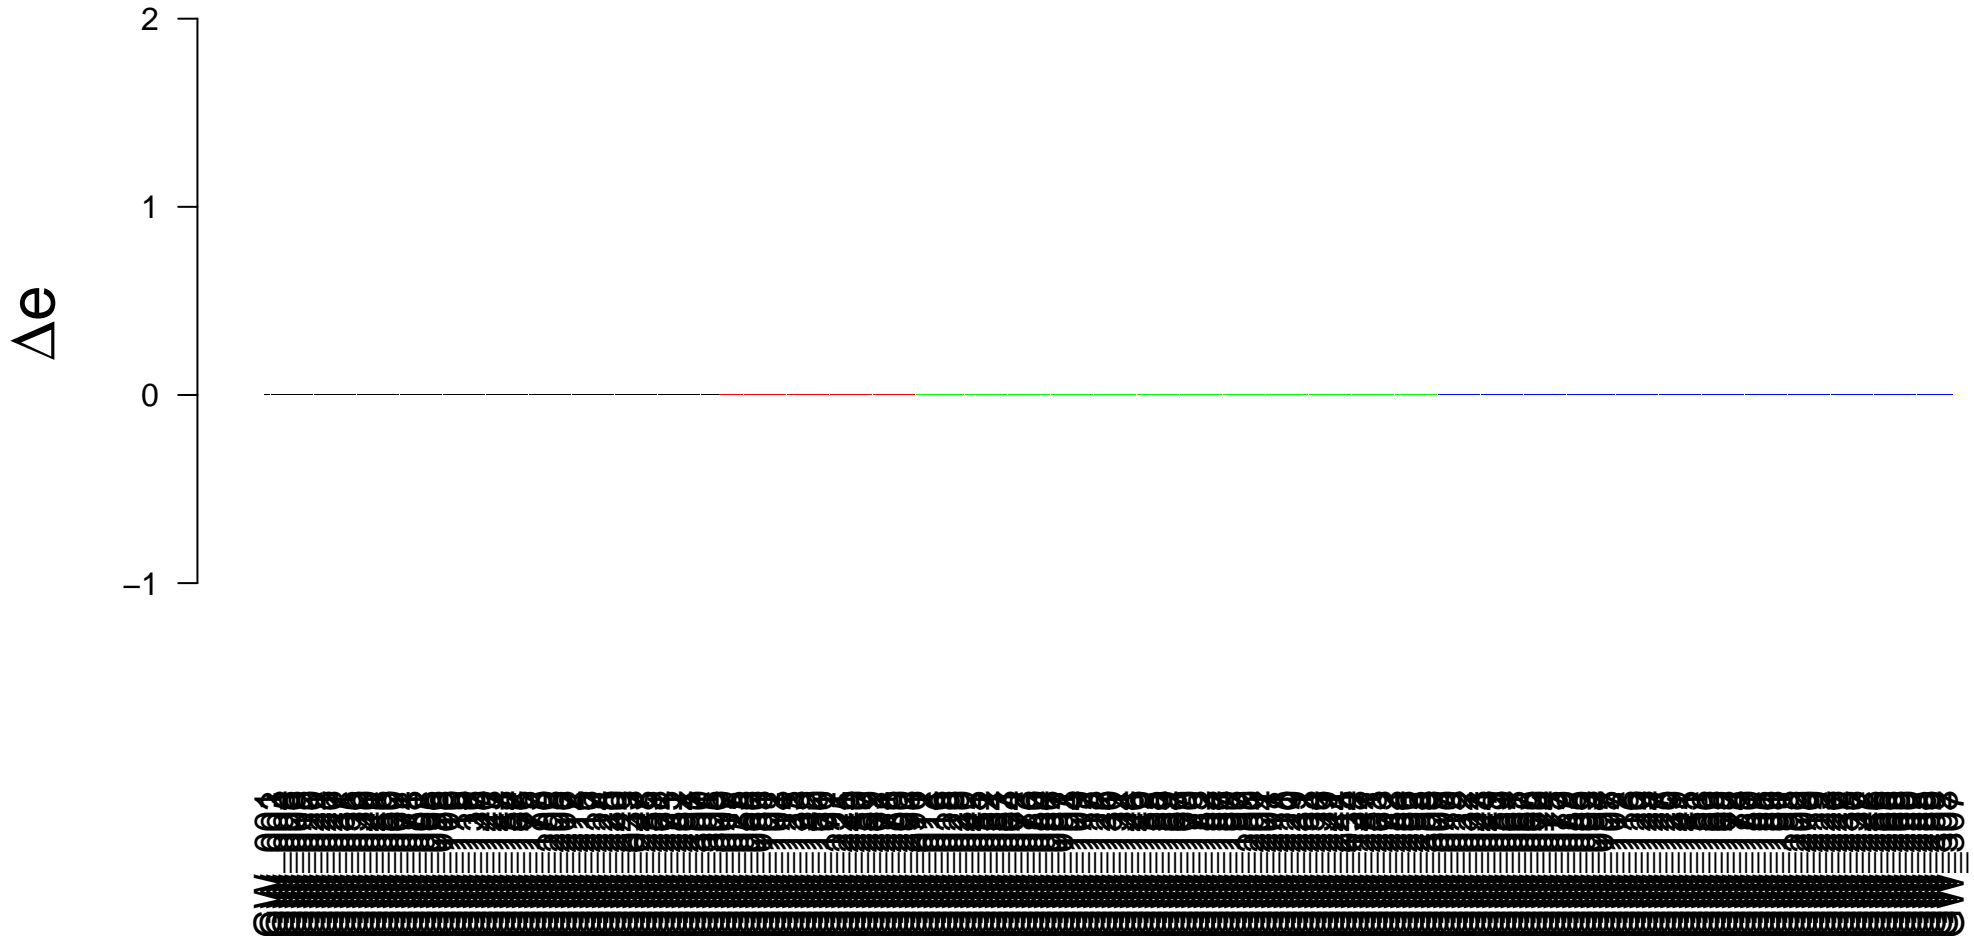

Expression of epithelial tube branching involved in lung morphogenesis in Spot F

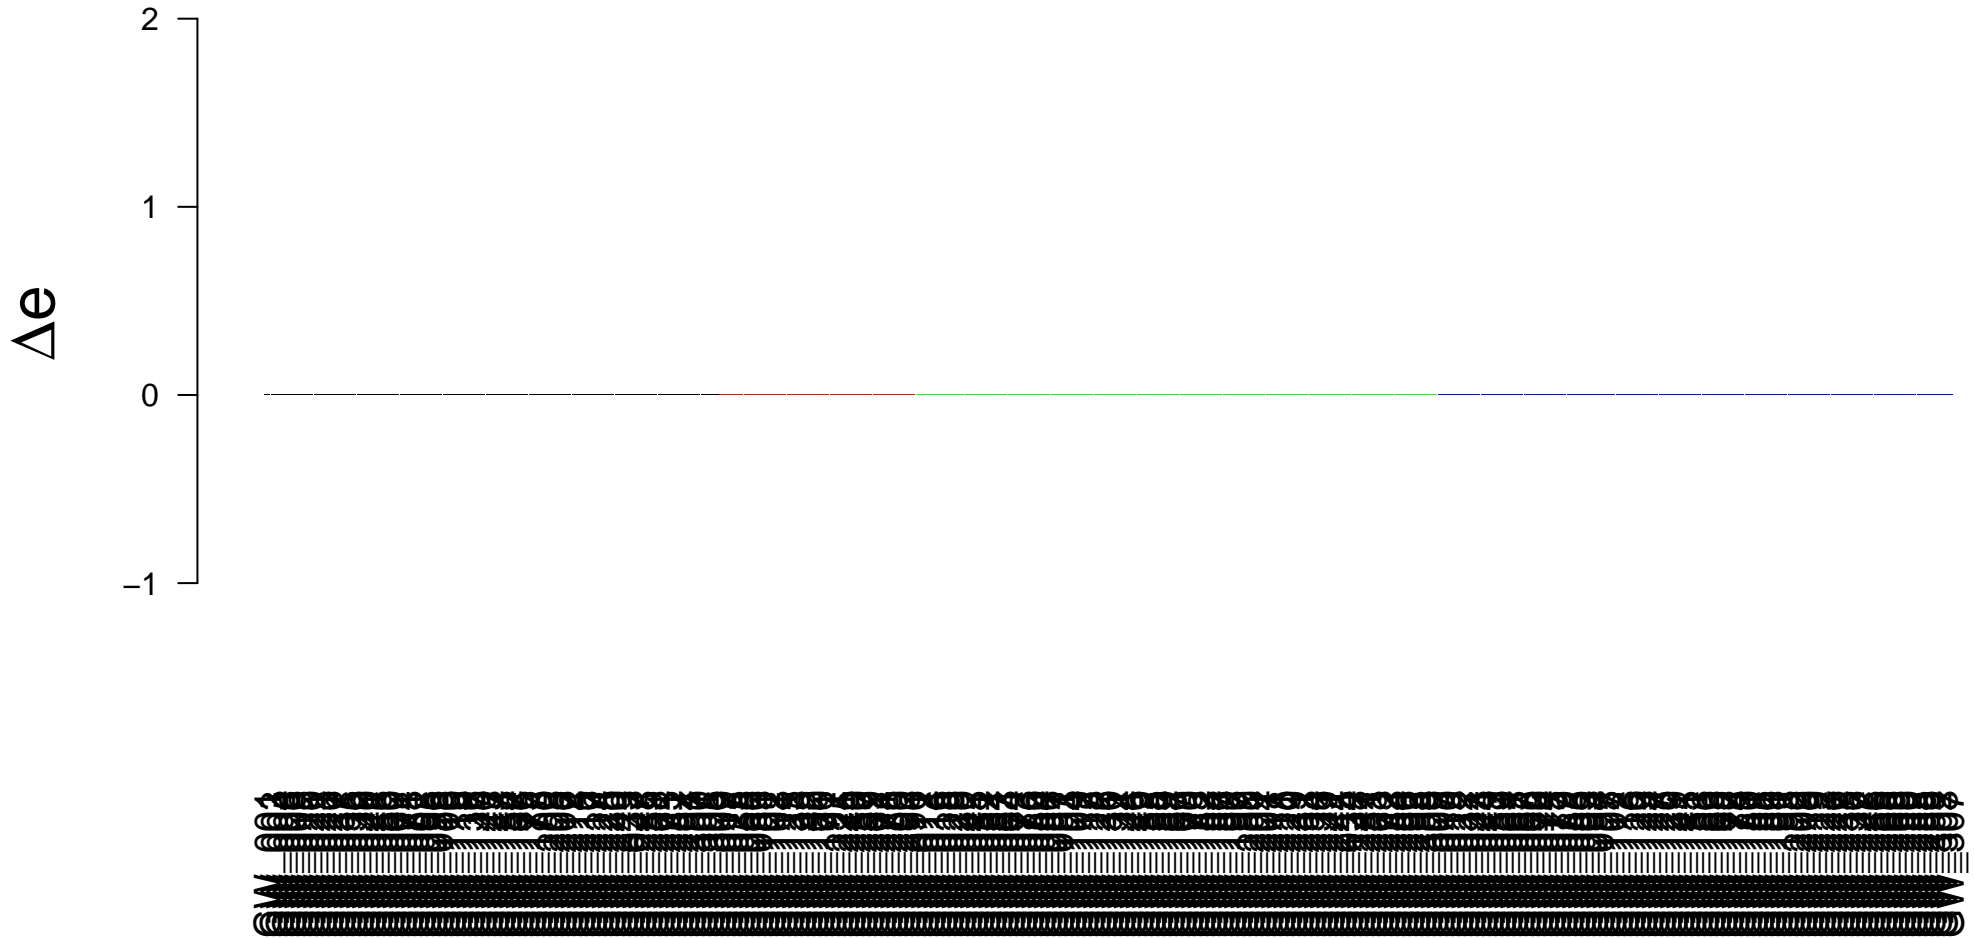

Expression of epithelial tube branching involved in lung morphogenesis in Spot G

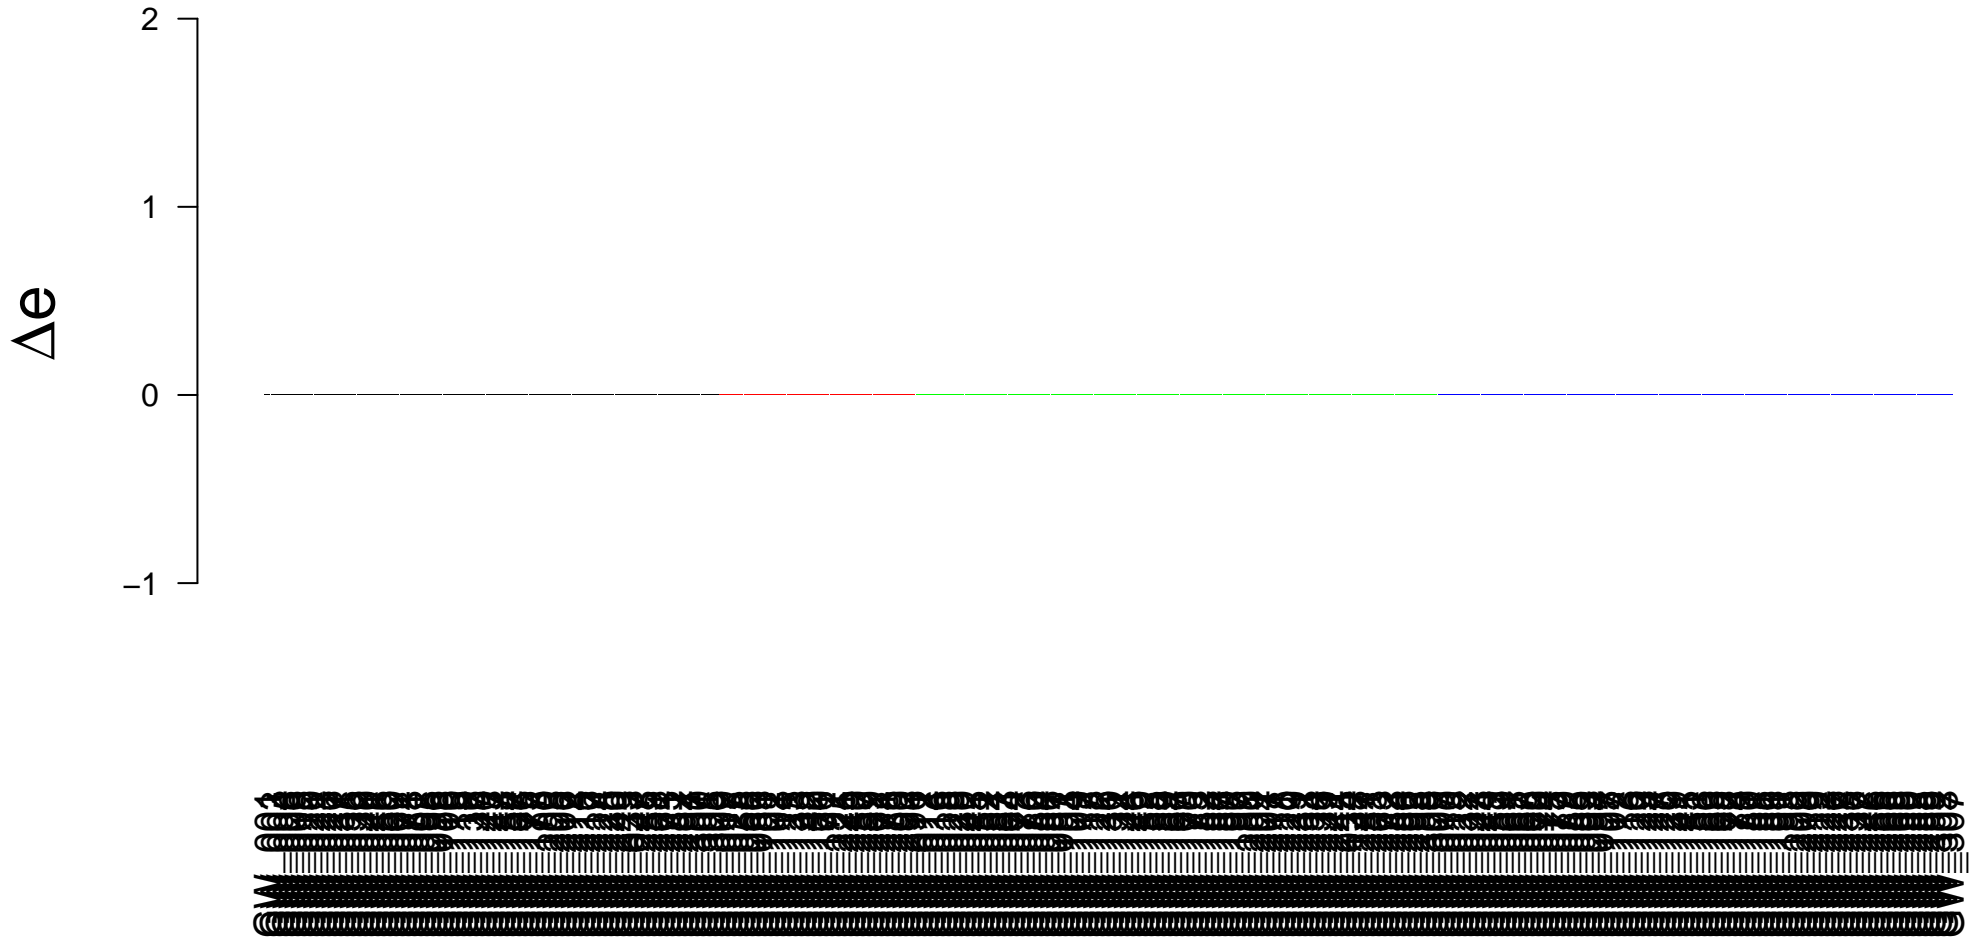

Expression of epithelial tube branching involved in lung morphogenesis in Spot H

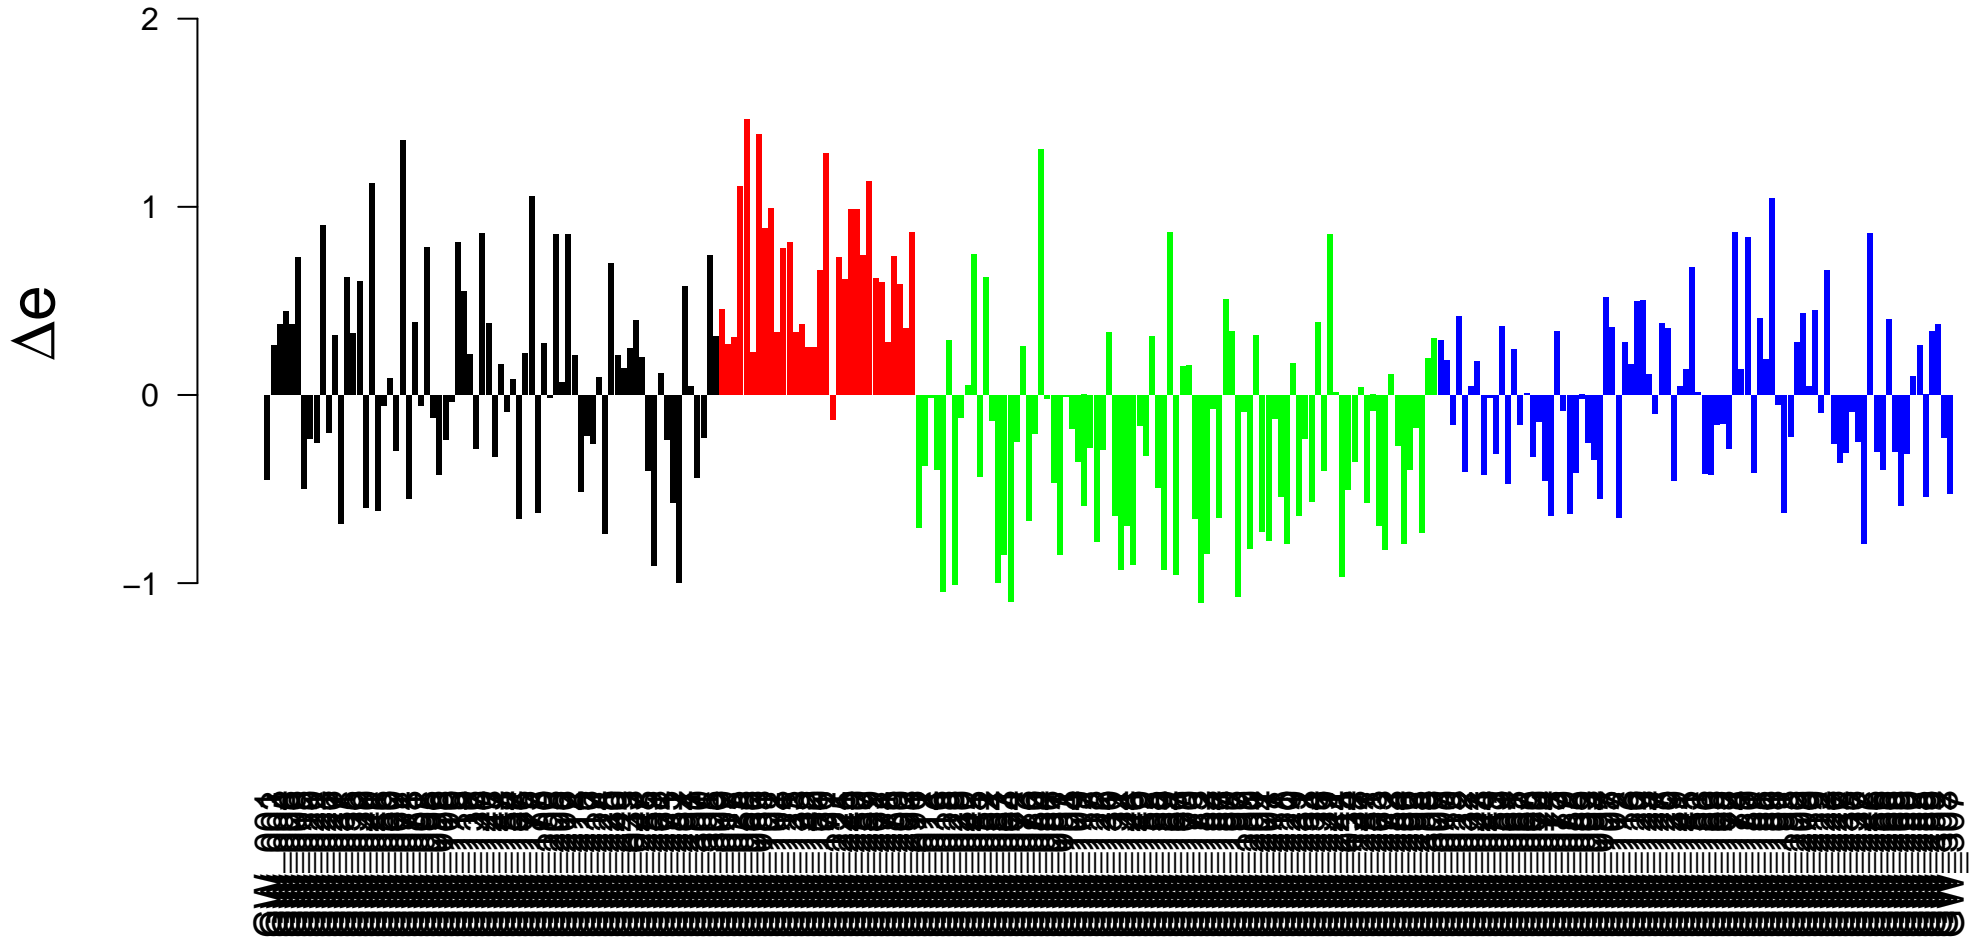

Expression of epithelial tube branching involved in lung morphogenesis in Spot I

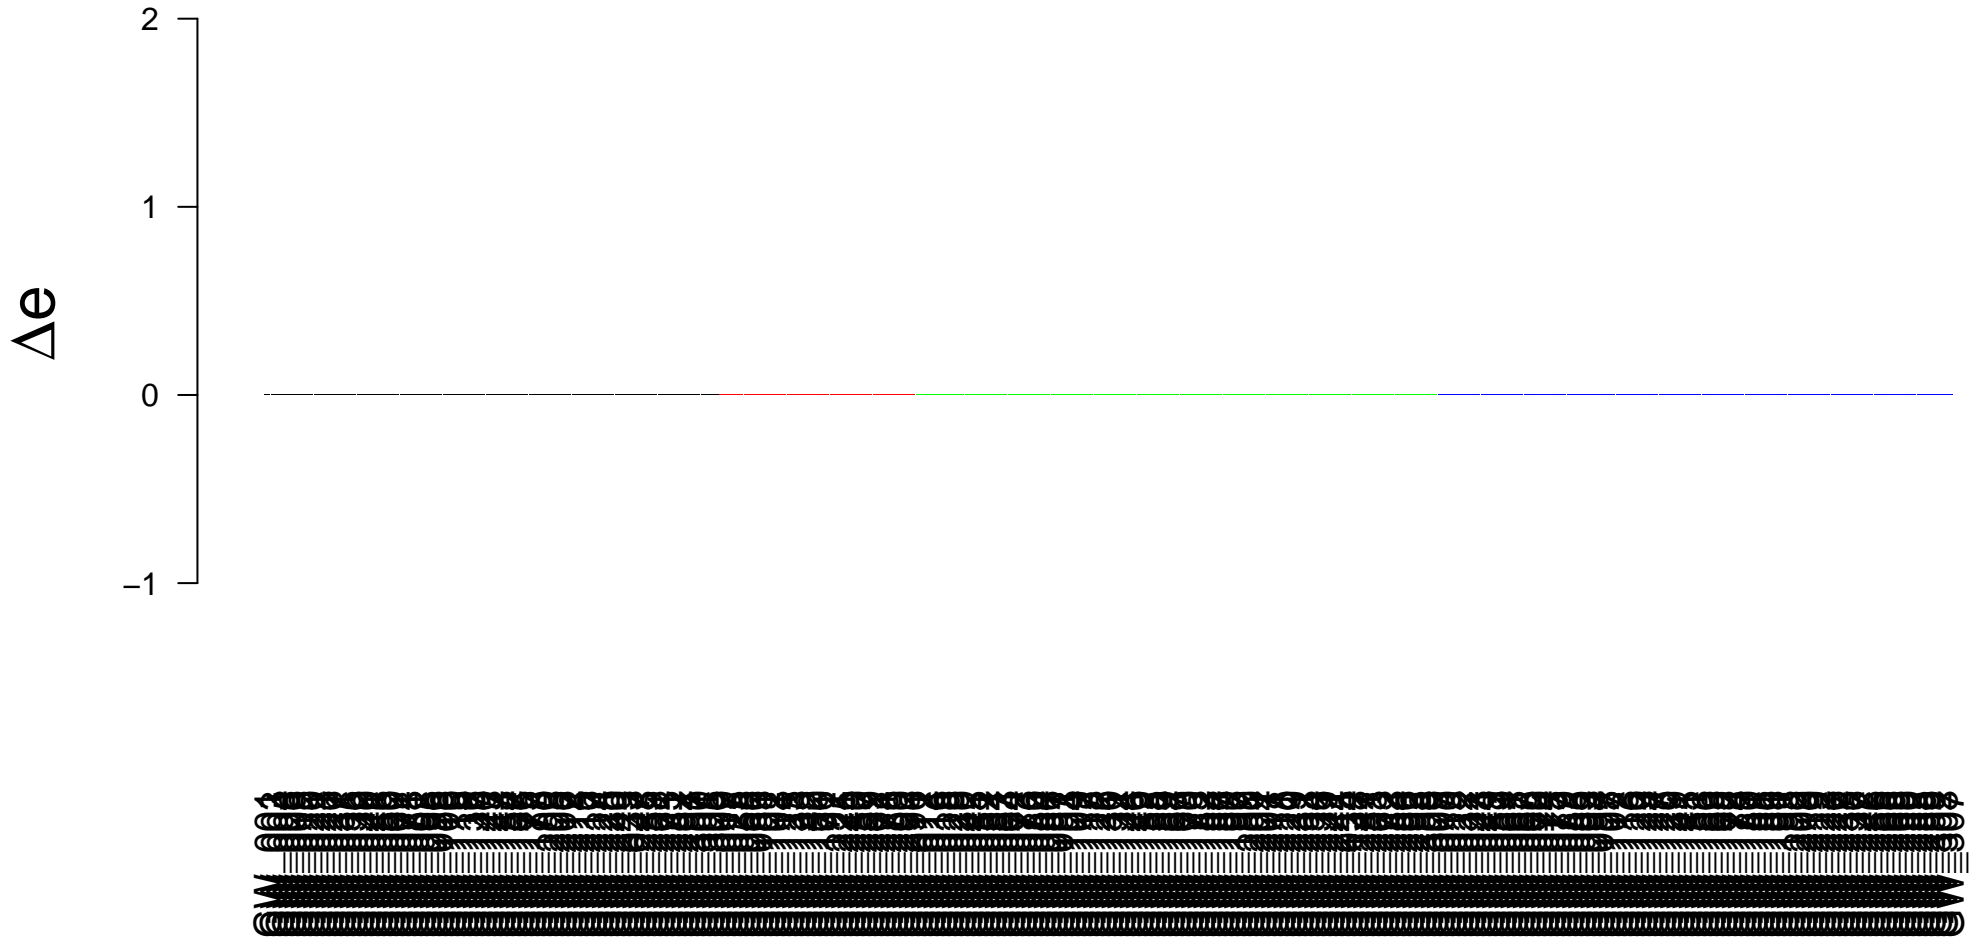

Expression of epithelial tube branching involved in lung morphogenesis in Spot J

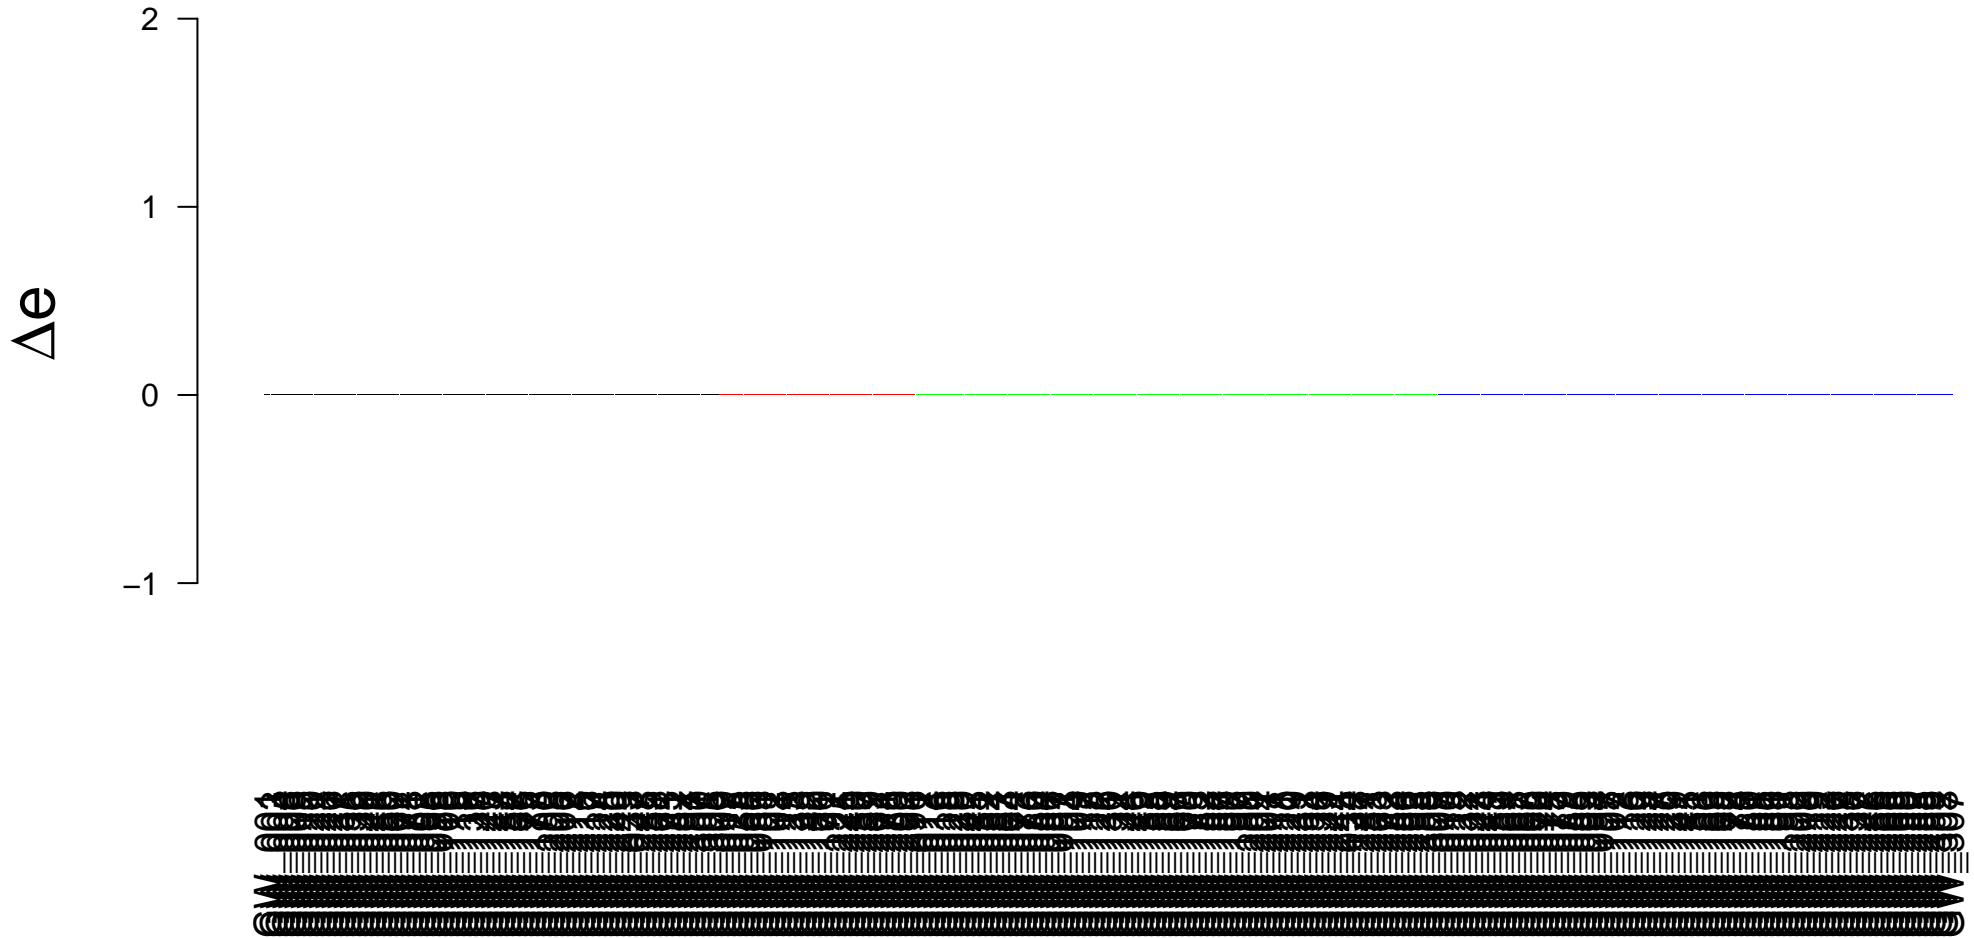

Expression of epithelial tube branching involved in lung morphogenesis in Spot K

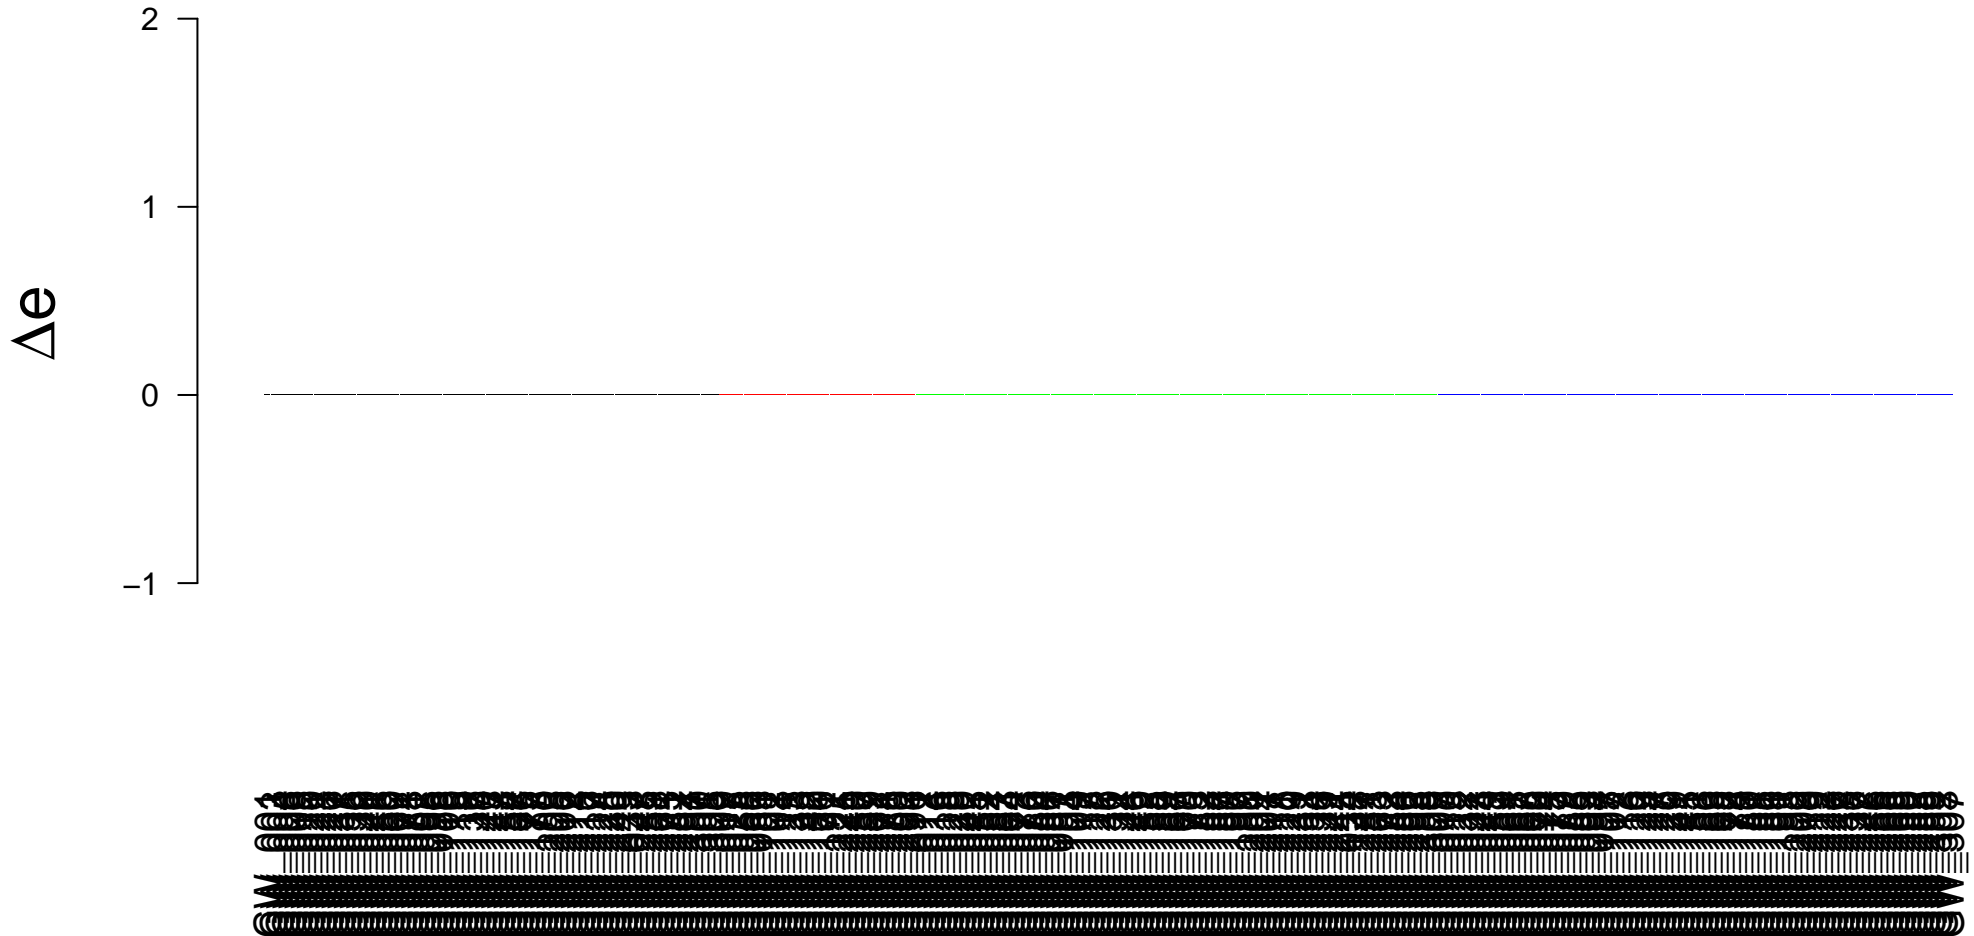

Expression of epithelial tube branching involved in lung morphogenesis in Spot L

Expression of epithelial tube branching involved in lung morphogenesis in Spot M

Expression of epithelial tube branching involved in lung morphogenesis in Spot N

Expression of epithelial tube branching involved in lung morphogenesis in Spot O
