

extracellular matrix binding

extracellular matrix binding

Enrichment in spots: extracellular matrix binding

Expression of extracellular matrix binding in Spot A

Expression of extracellular matrix binding in Spot B

Expression of extracellular matrix binding in Spot C

Expression of extracellular matrix binding in Spot D

Expression of extracellular matrix binding in Spot E

Expression of extracellular matrix binding in Spot F

Expression of extracellular matrix binding in Spot G

Expression of extracellular matrix binding in Spot H

Expression of extracellular matrix binding in Spot I

Expression of extracellular matrix binding in Spot J

Expression of extracellular matrix binding in Spot K

Expression of extracellular matrix binding in Spot L

Expression of extracellular matrix binding in Spot M

Expression of extracellular matrix binding in Spot N

Expression of extracellular matrix binding in Spot O

Expression of extracellular matrix binding in Spot P

Expression of extracellular matrix binding in Spot Q

Expression of extracellular matrix binding in Spot R
