

extracellular matrix structural constituent

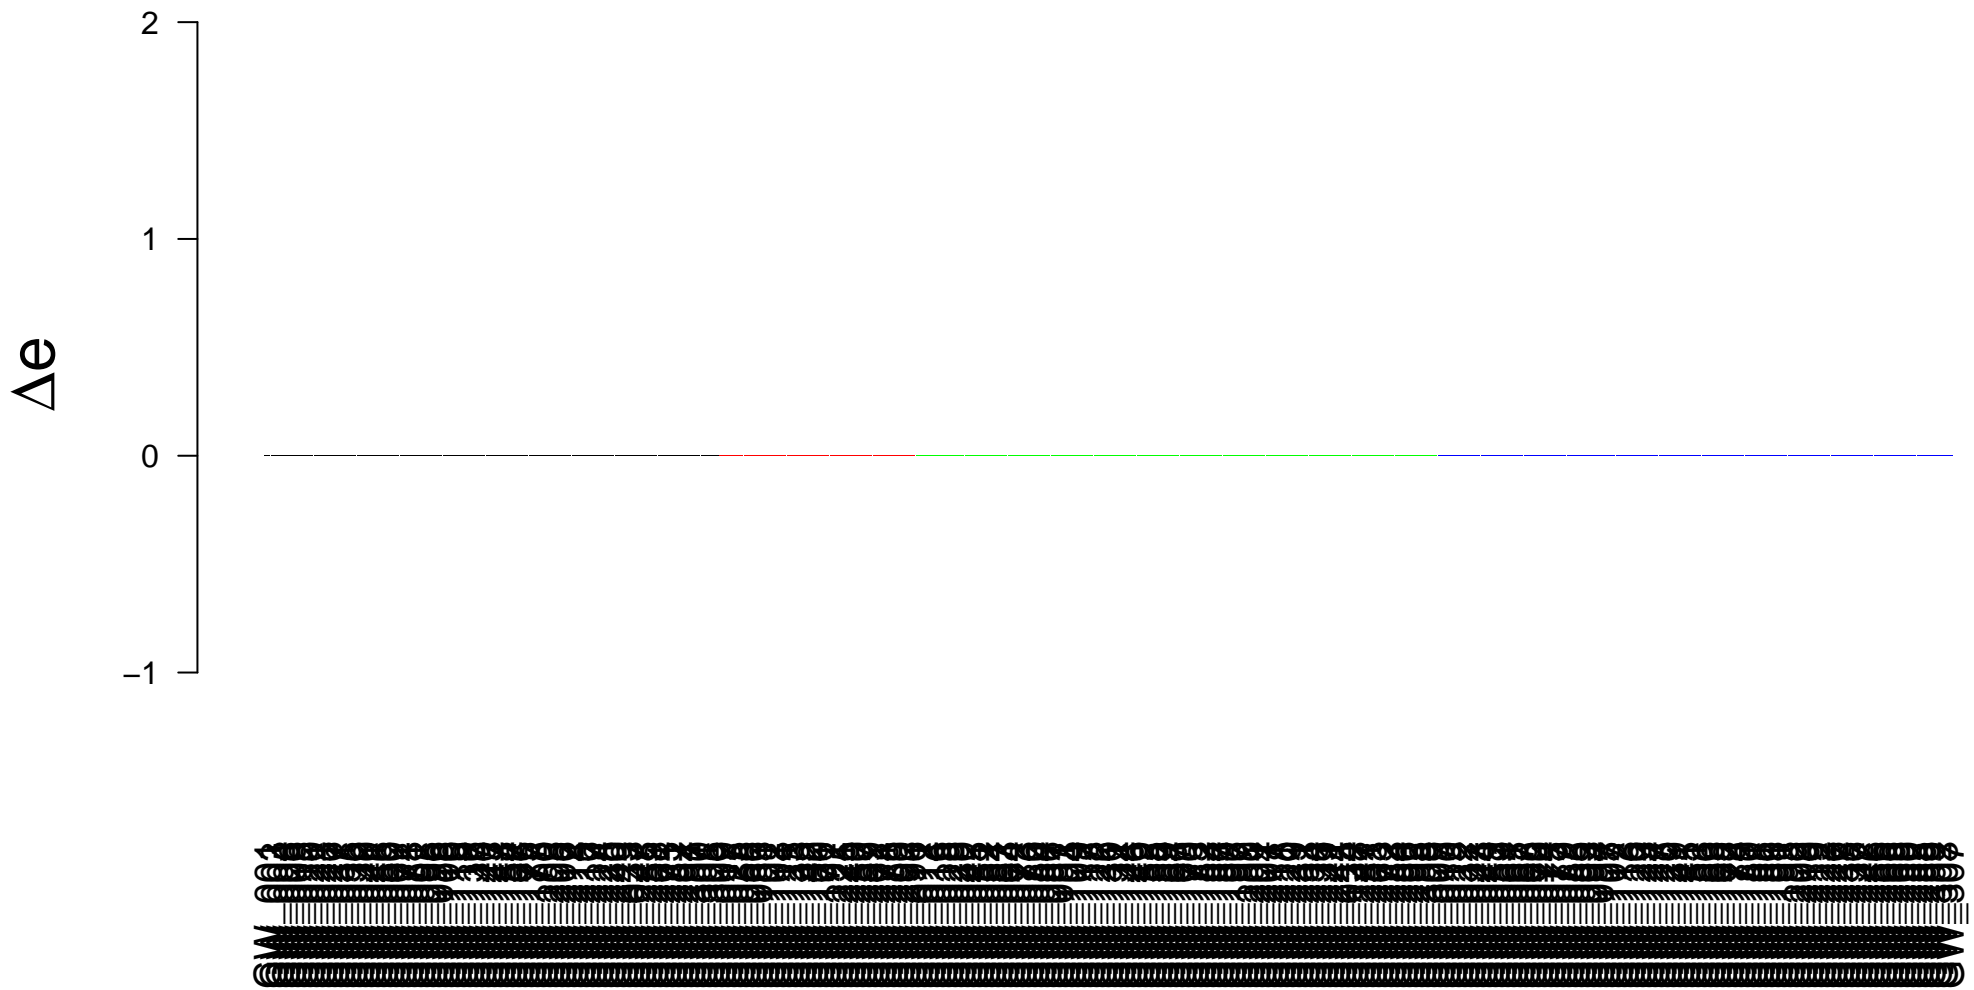

# extracellular matrix structural constituent

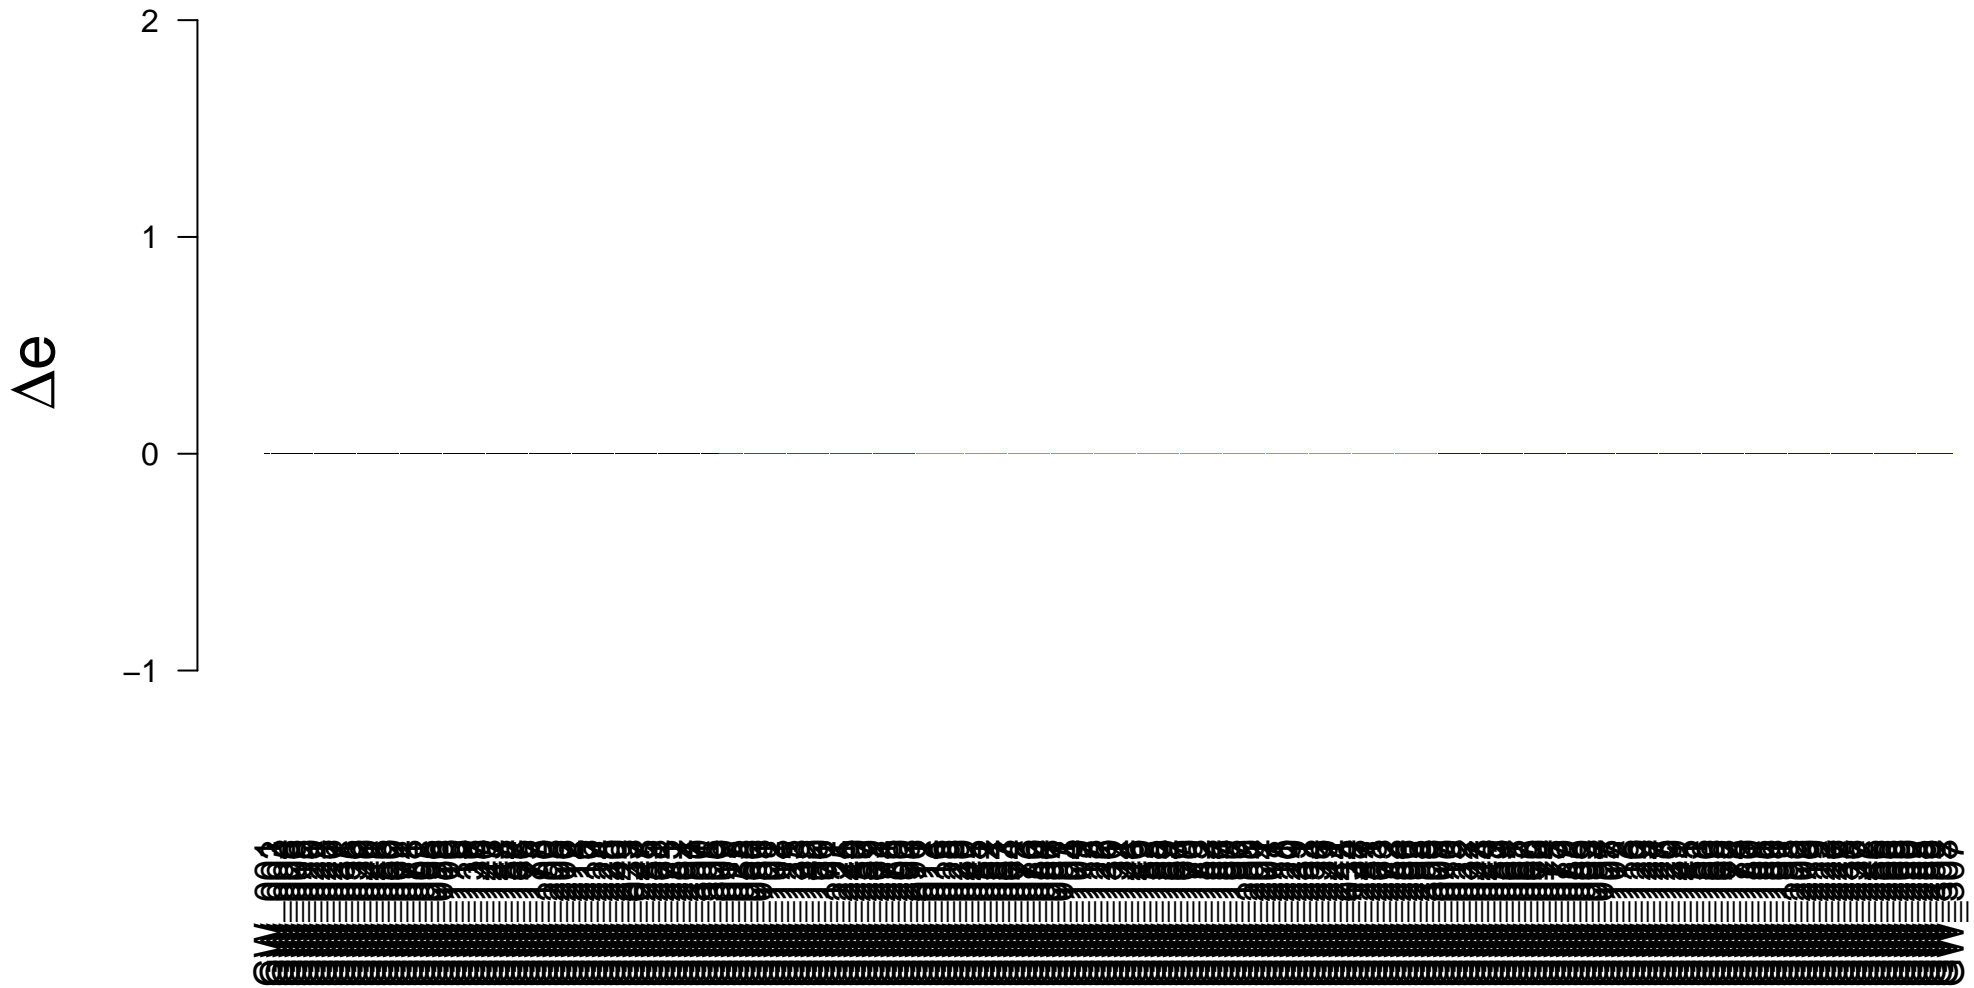

# Enrichment in spots: extracellular matrix structural constituent

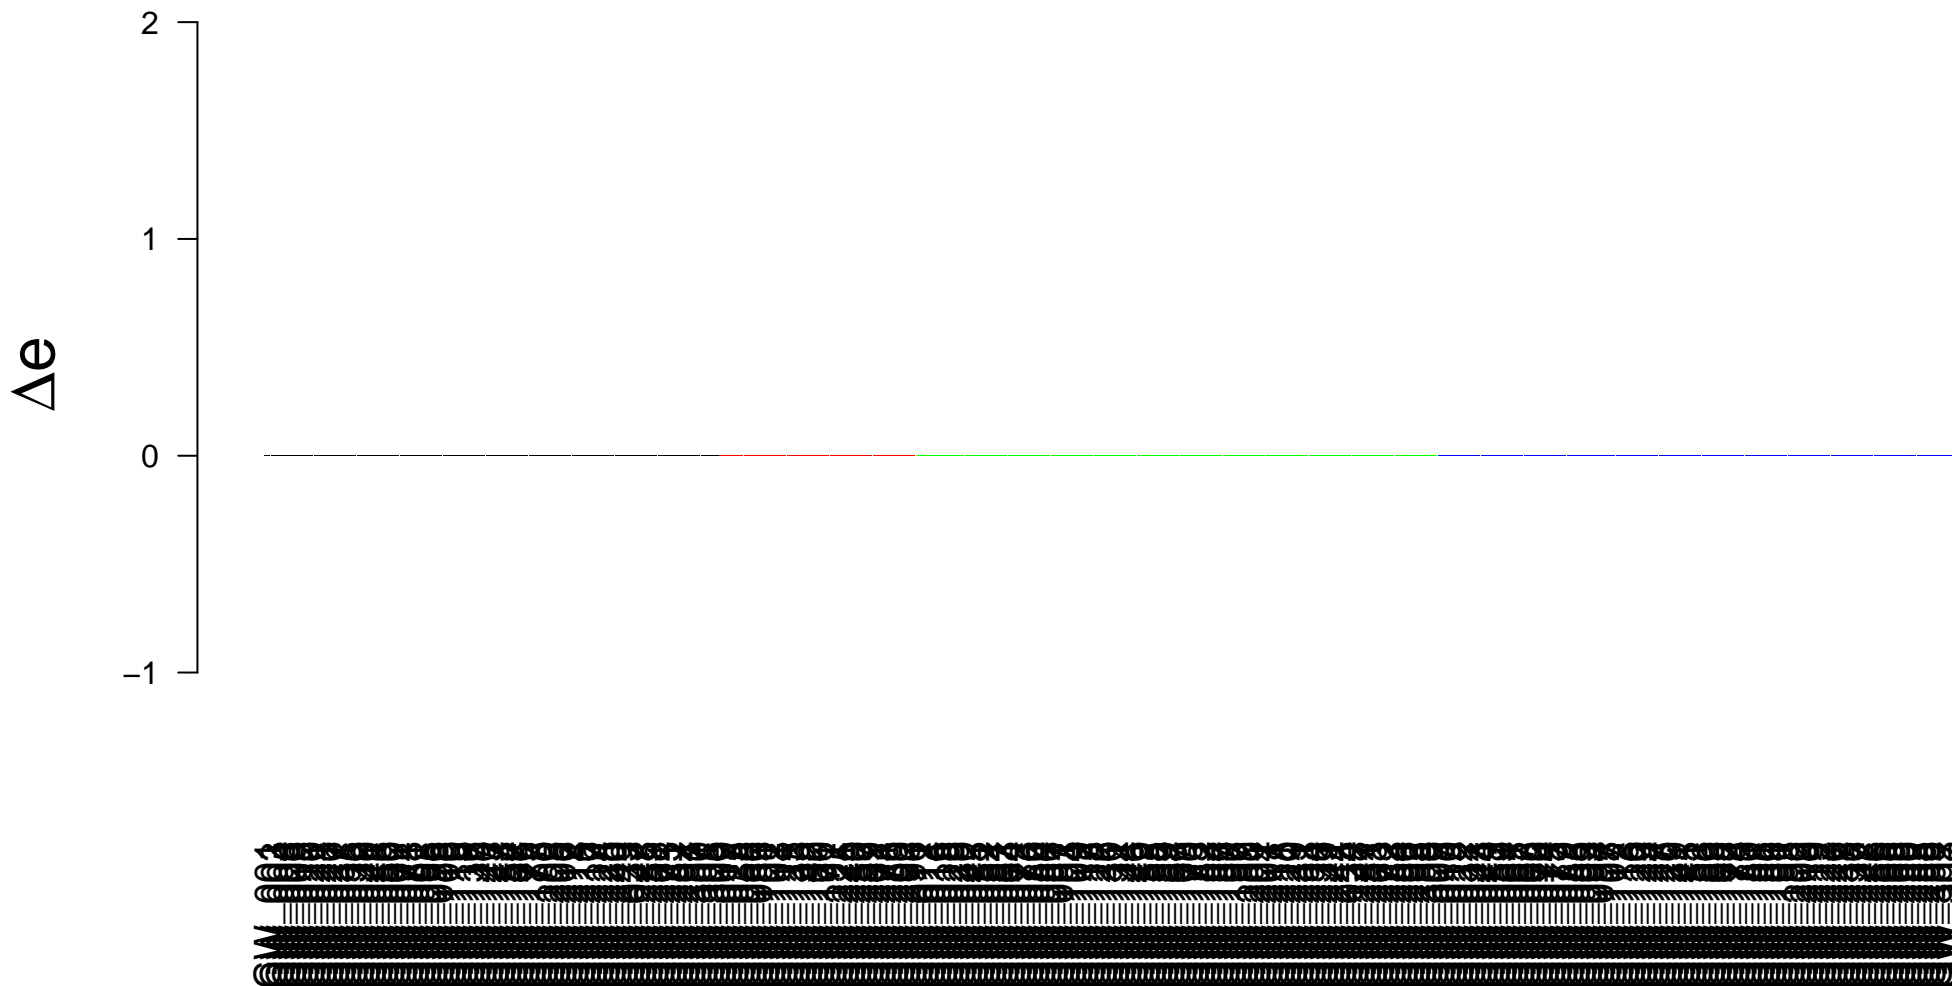

# Expression of extracellular matrix structural constituent in Spot A

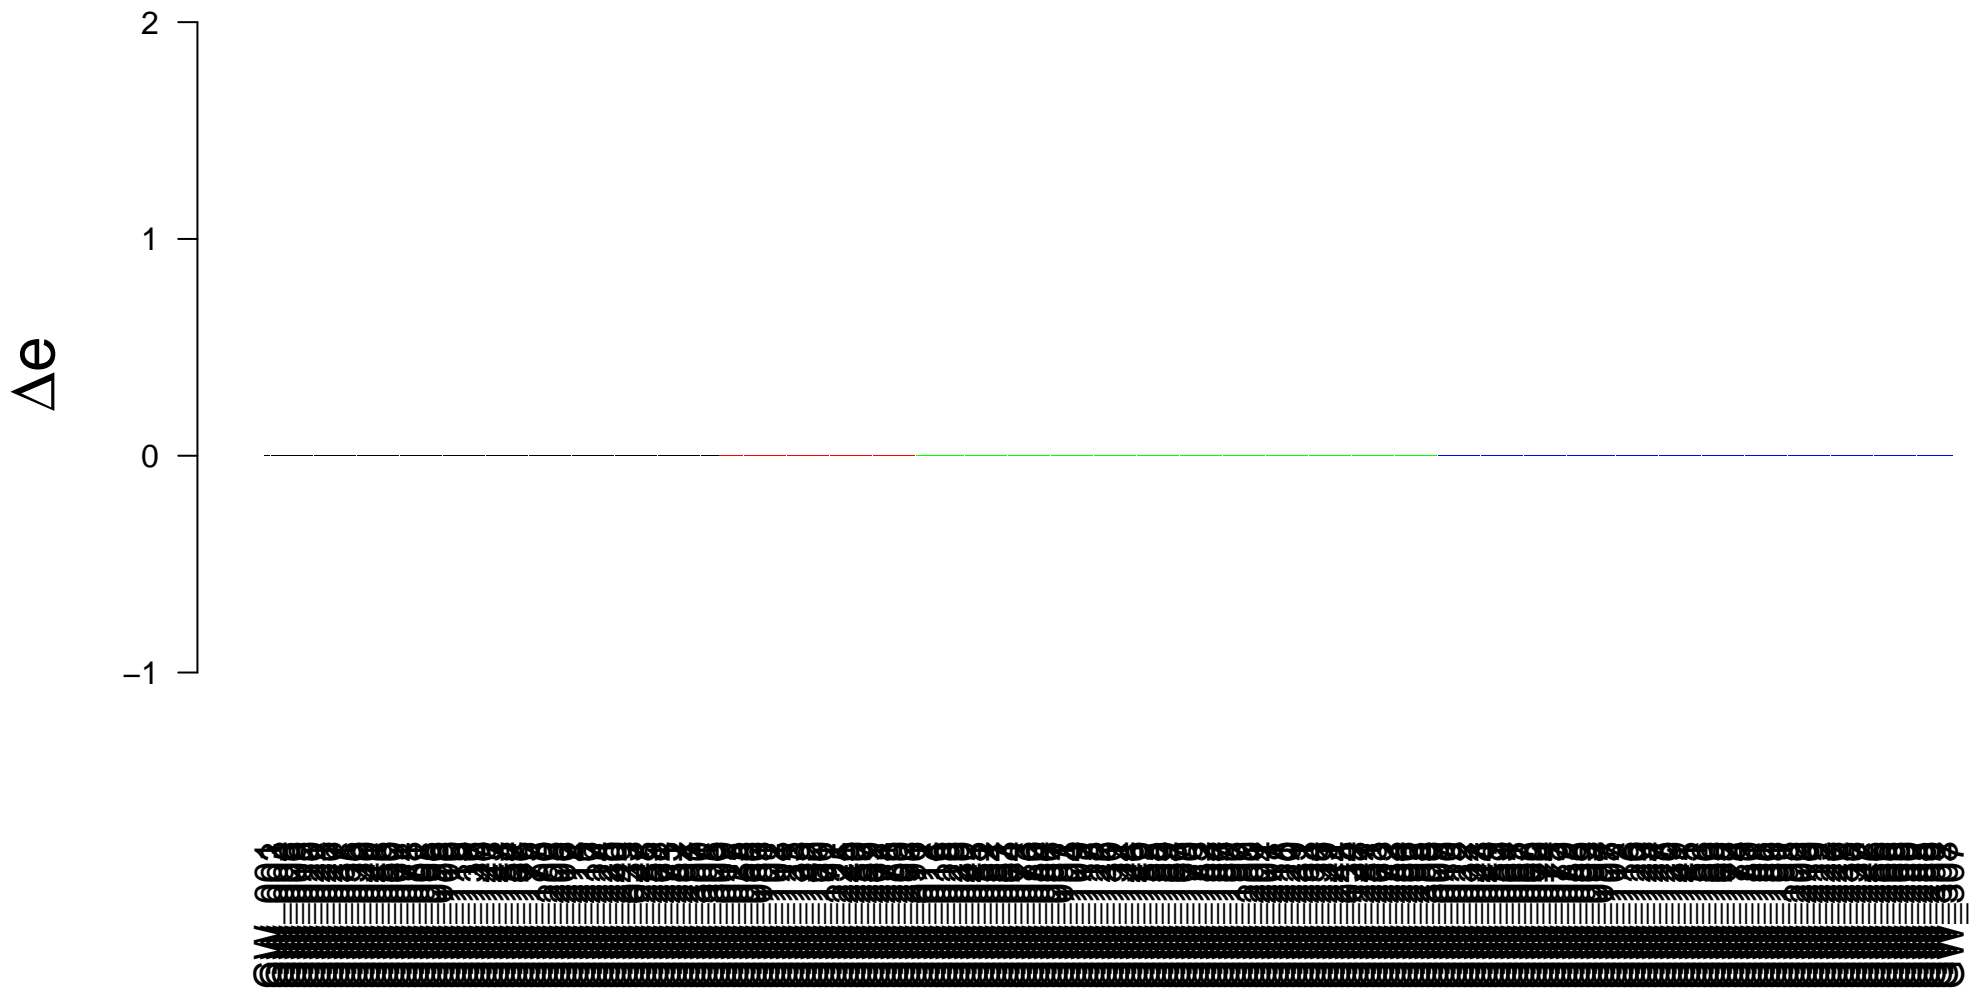

# Expression of extracellular matrix structural constituent in Spot B

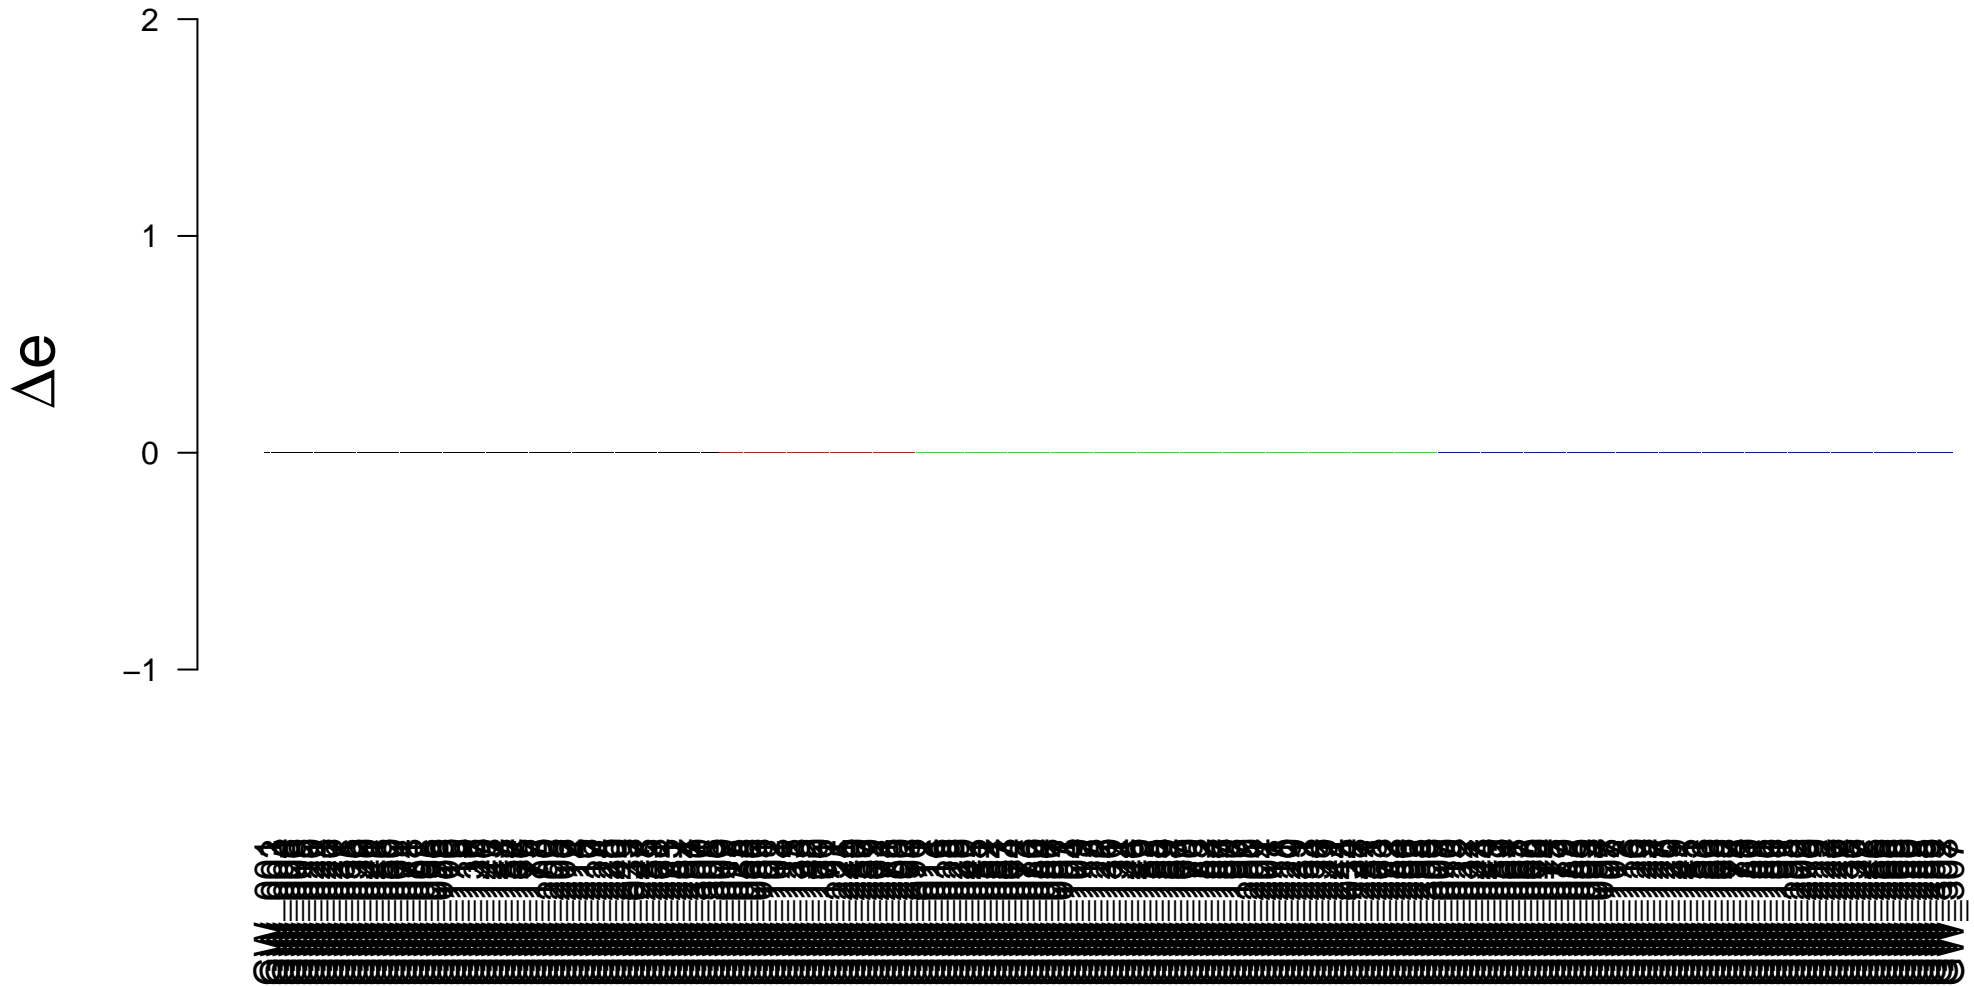

# Expression of extracellular matrix structural constituent in Spot C

# Expression of extracellular matrix structural constituent in Spot D

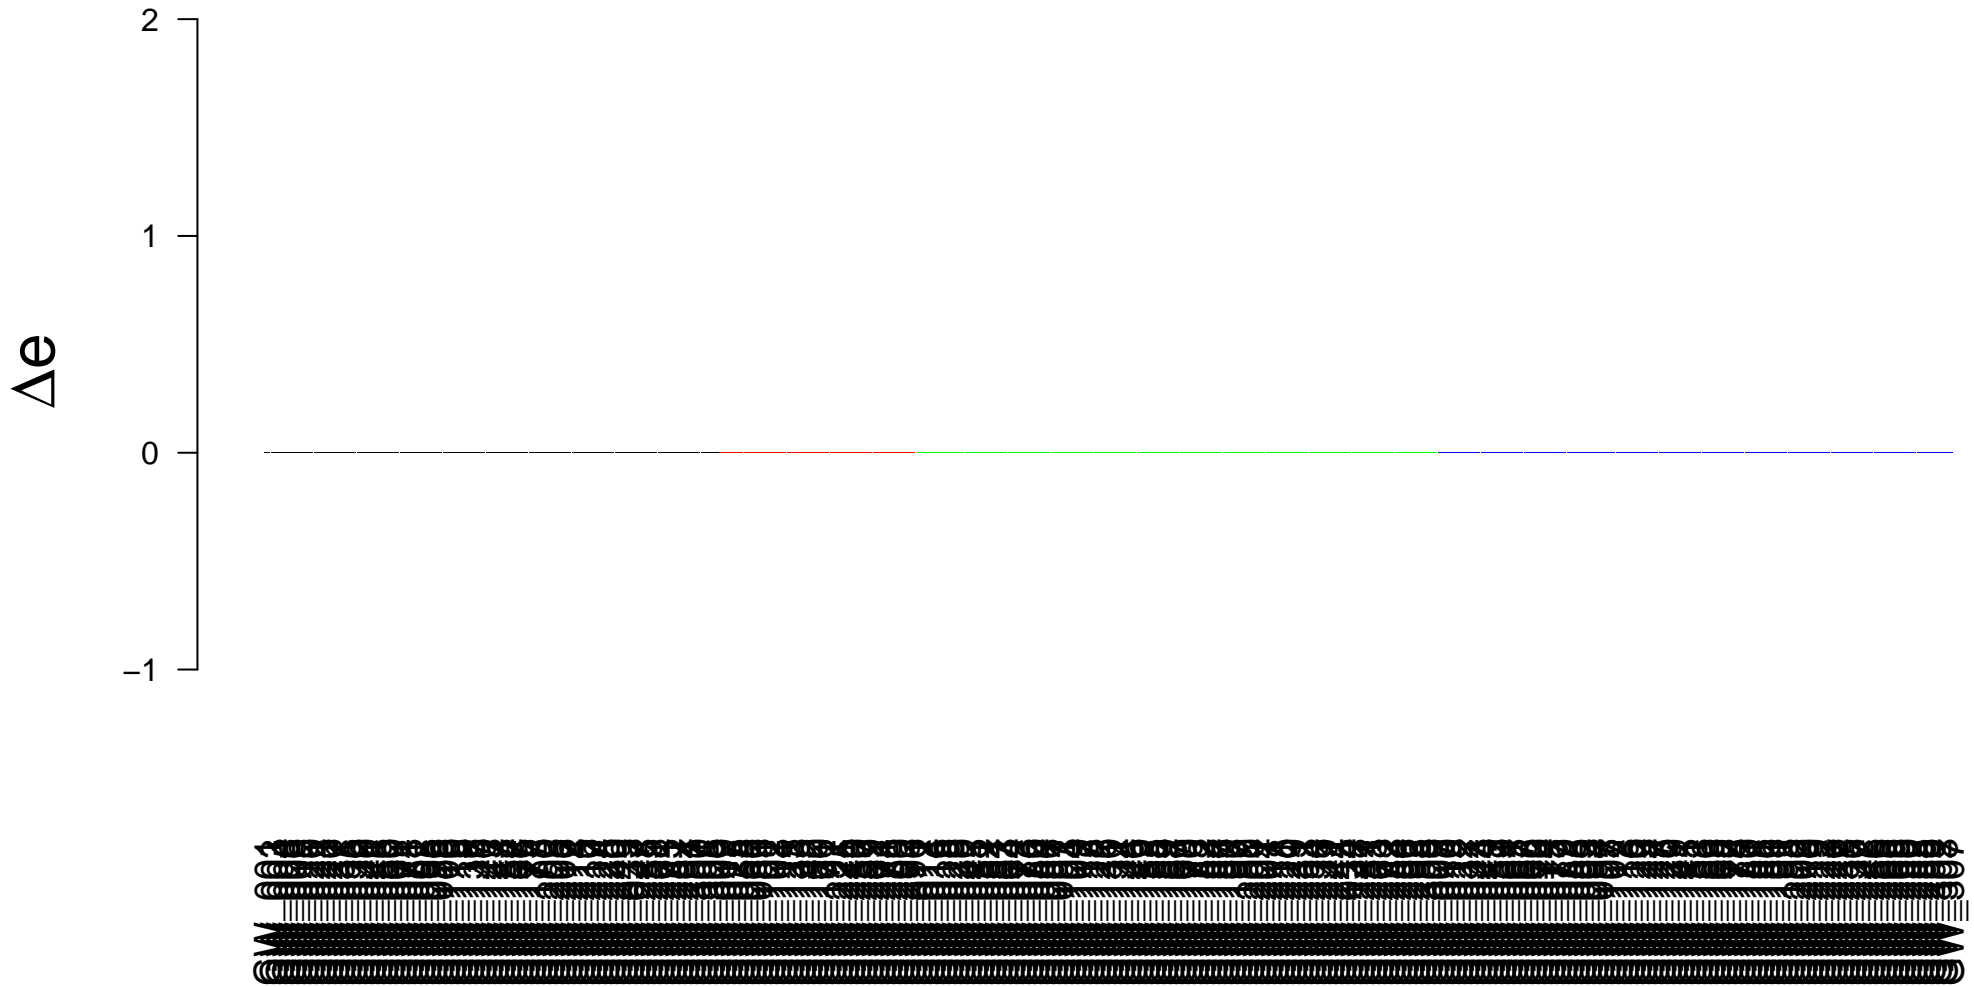

# Expression of extracellular matrix structural constituent in Spot E

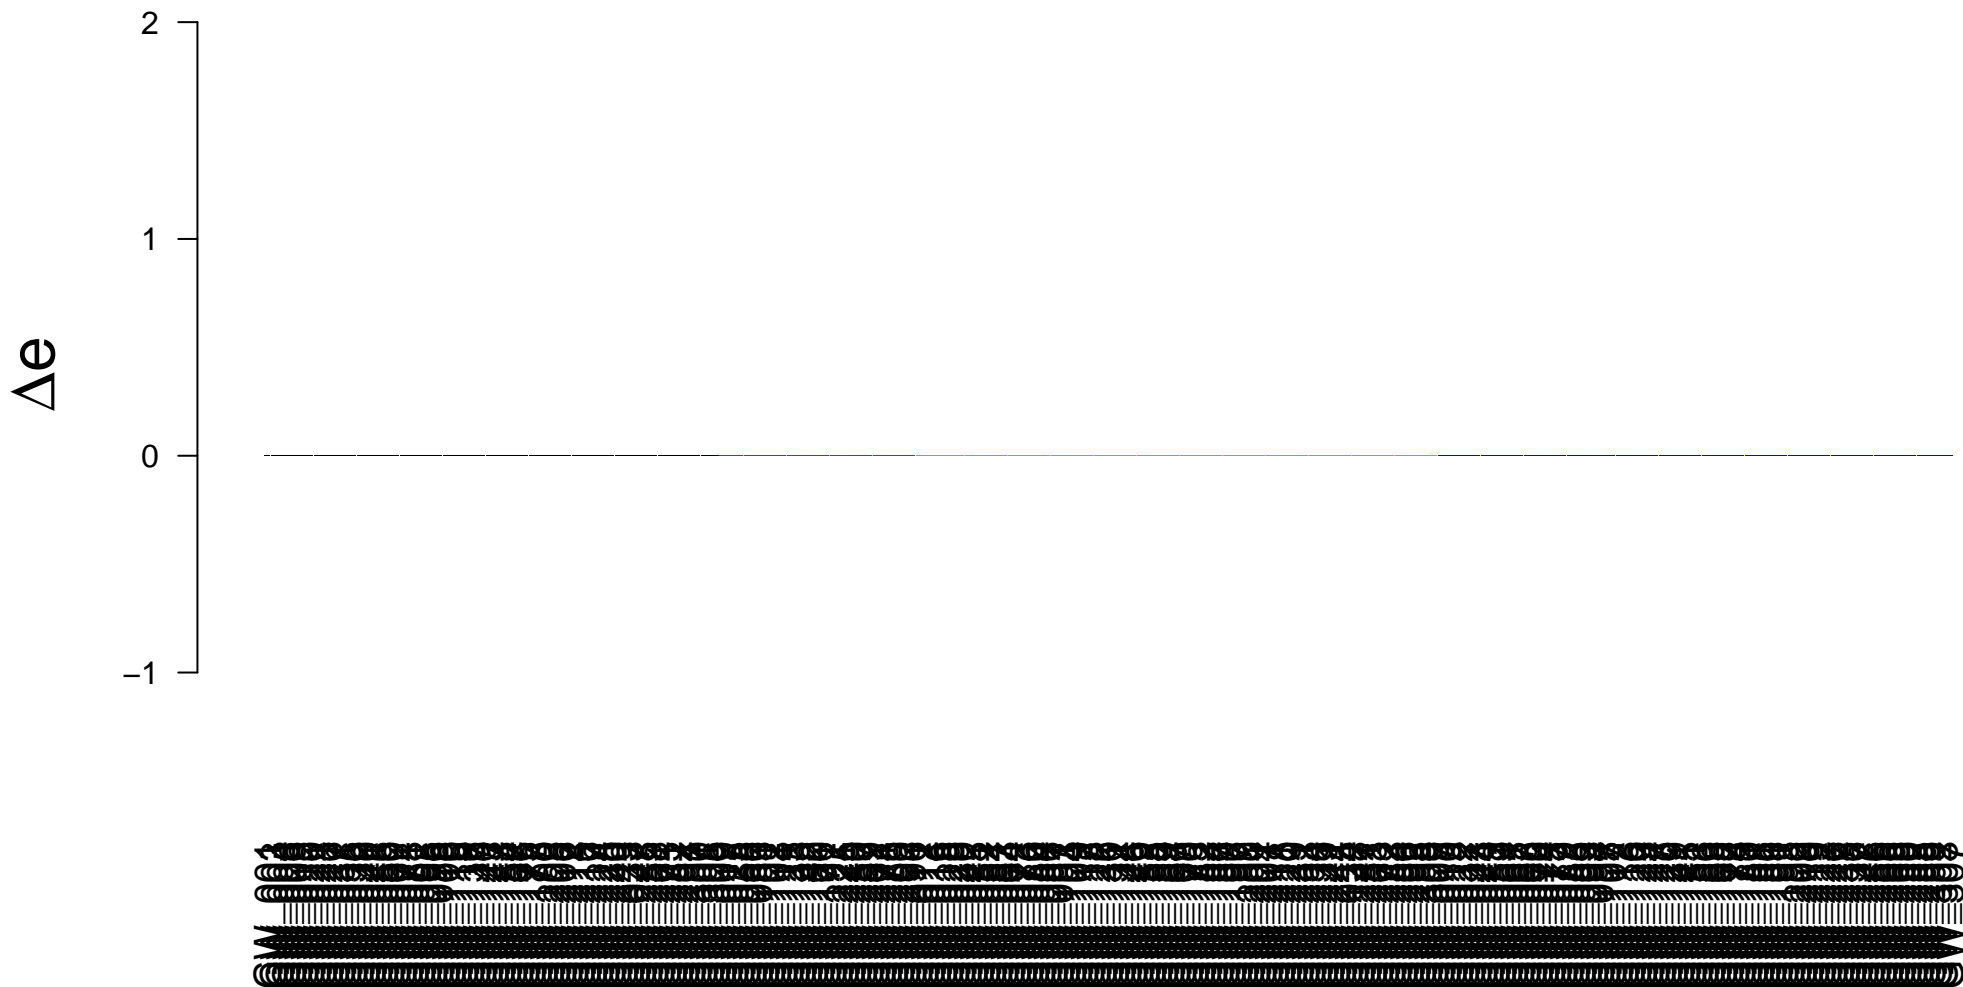

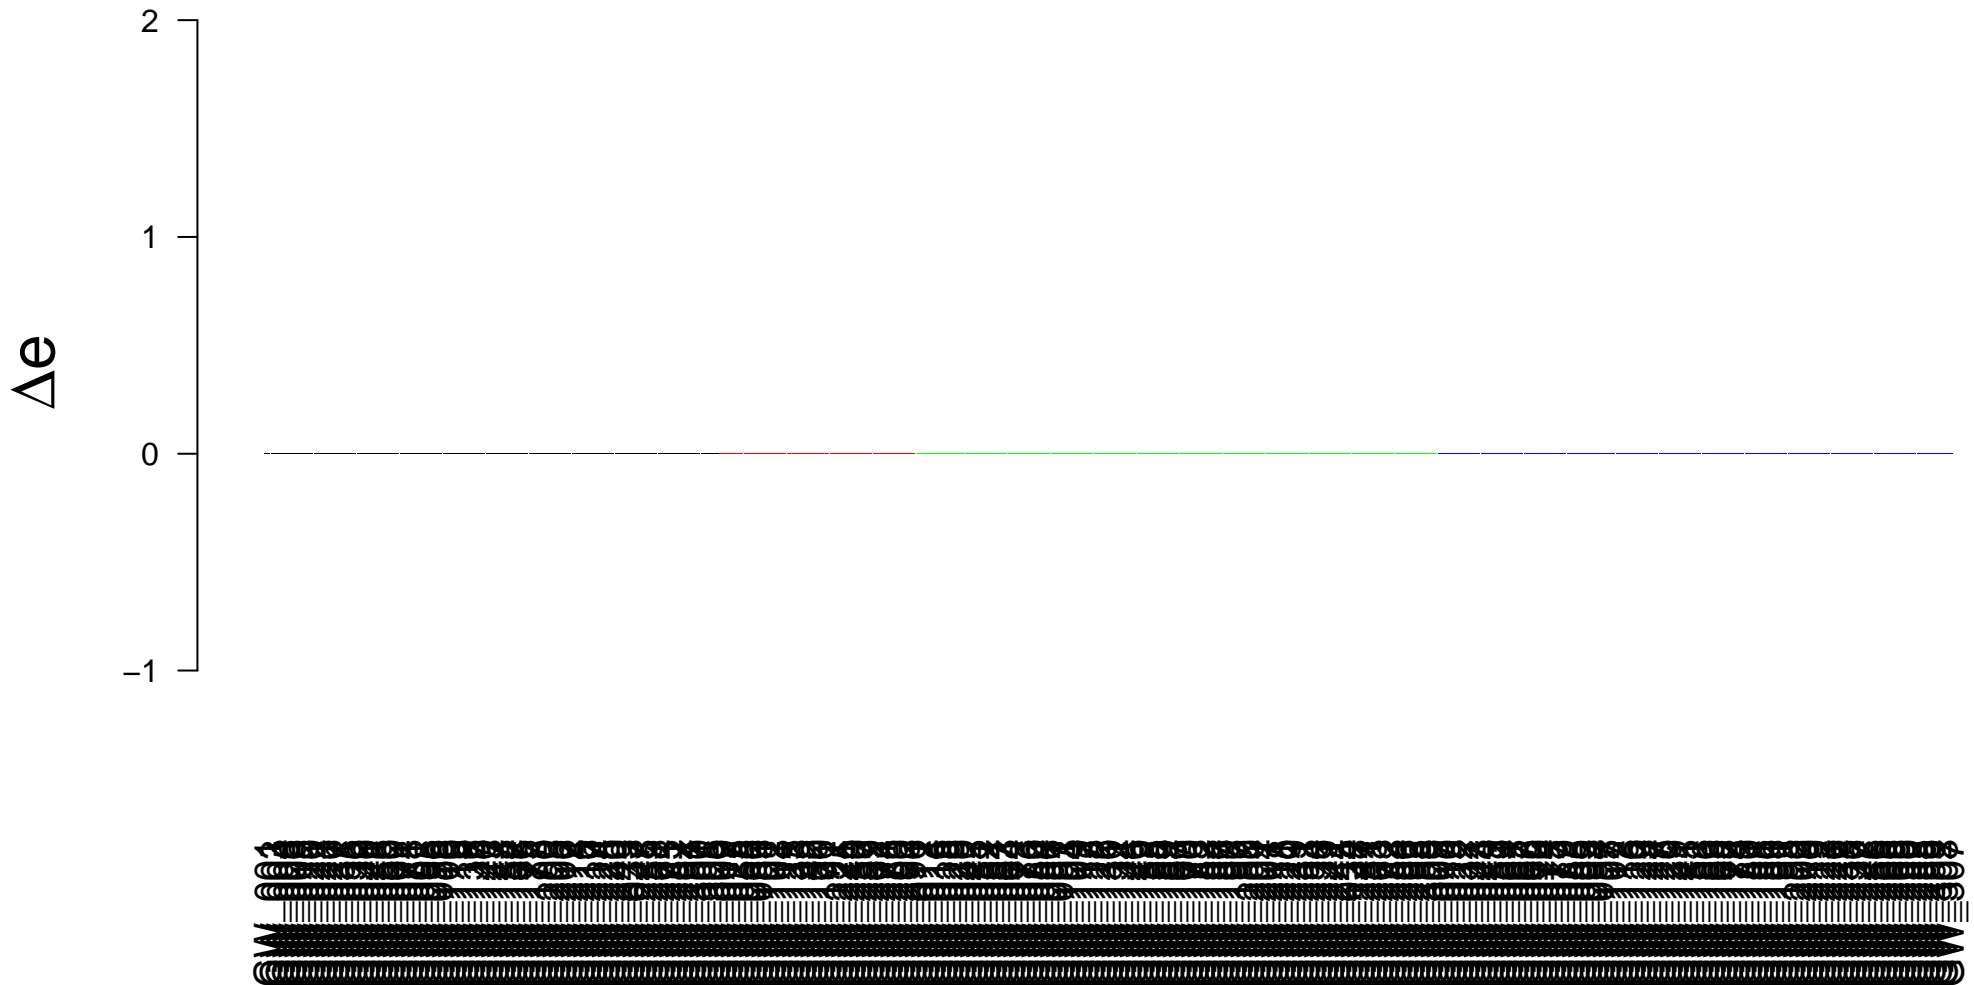

# Expression of extracellular matrix structural constituent in Spot F

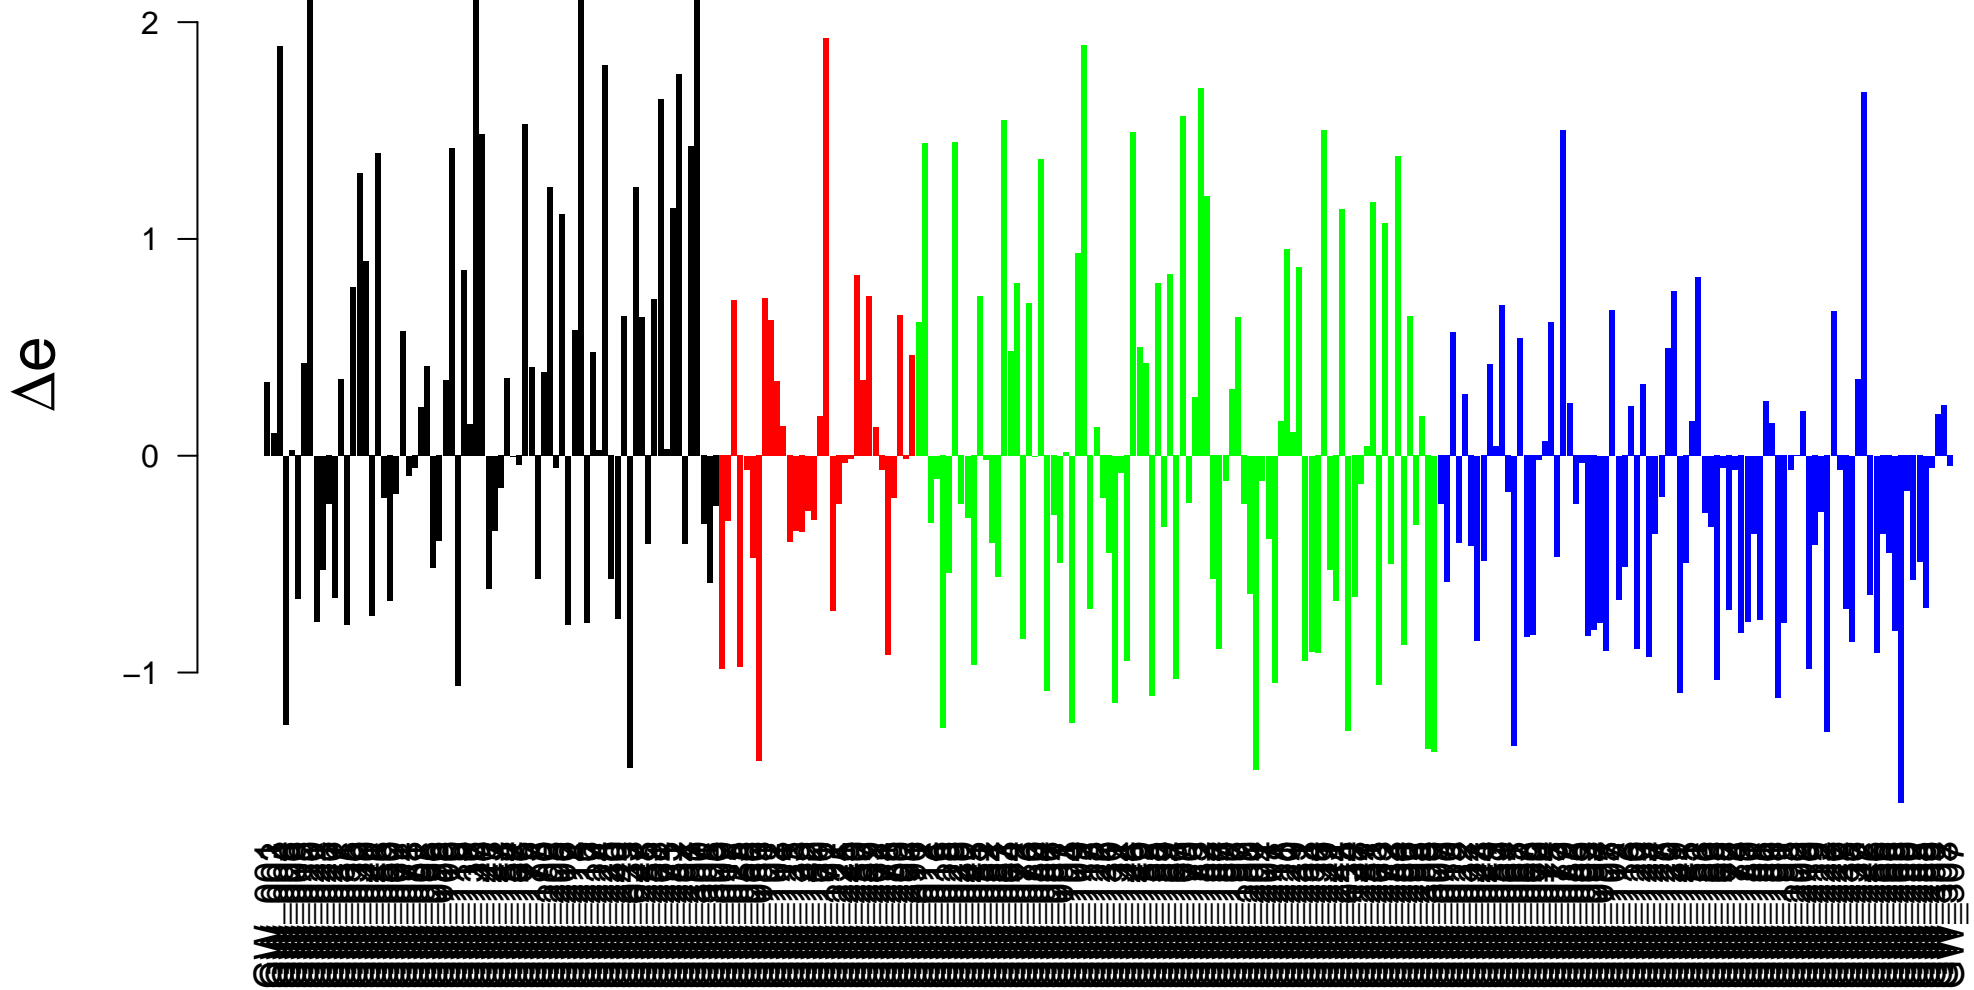

# Expression of extracellular matrix structural constituent in Spot G

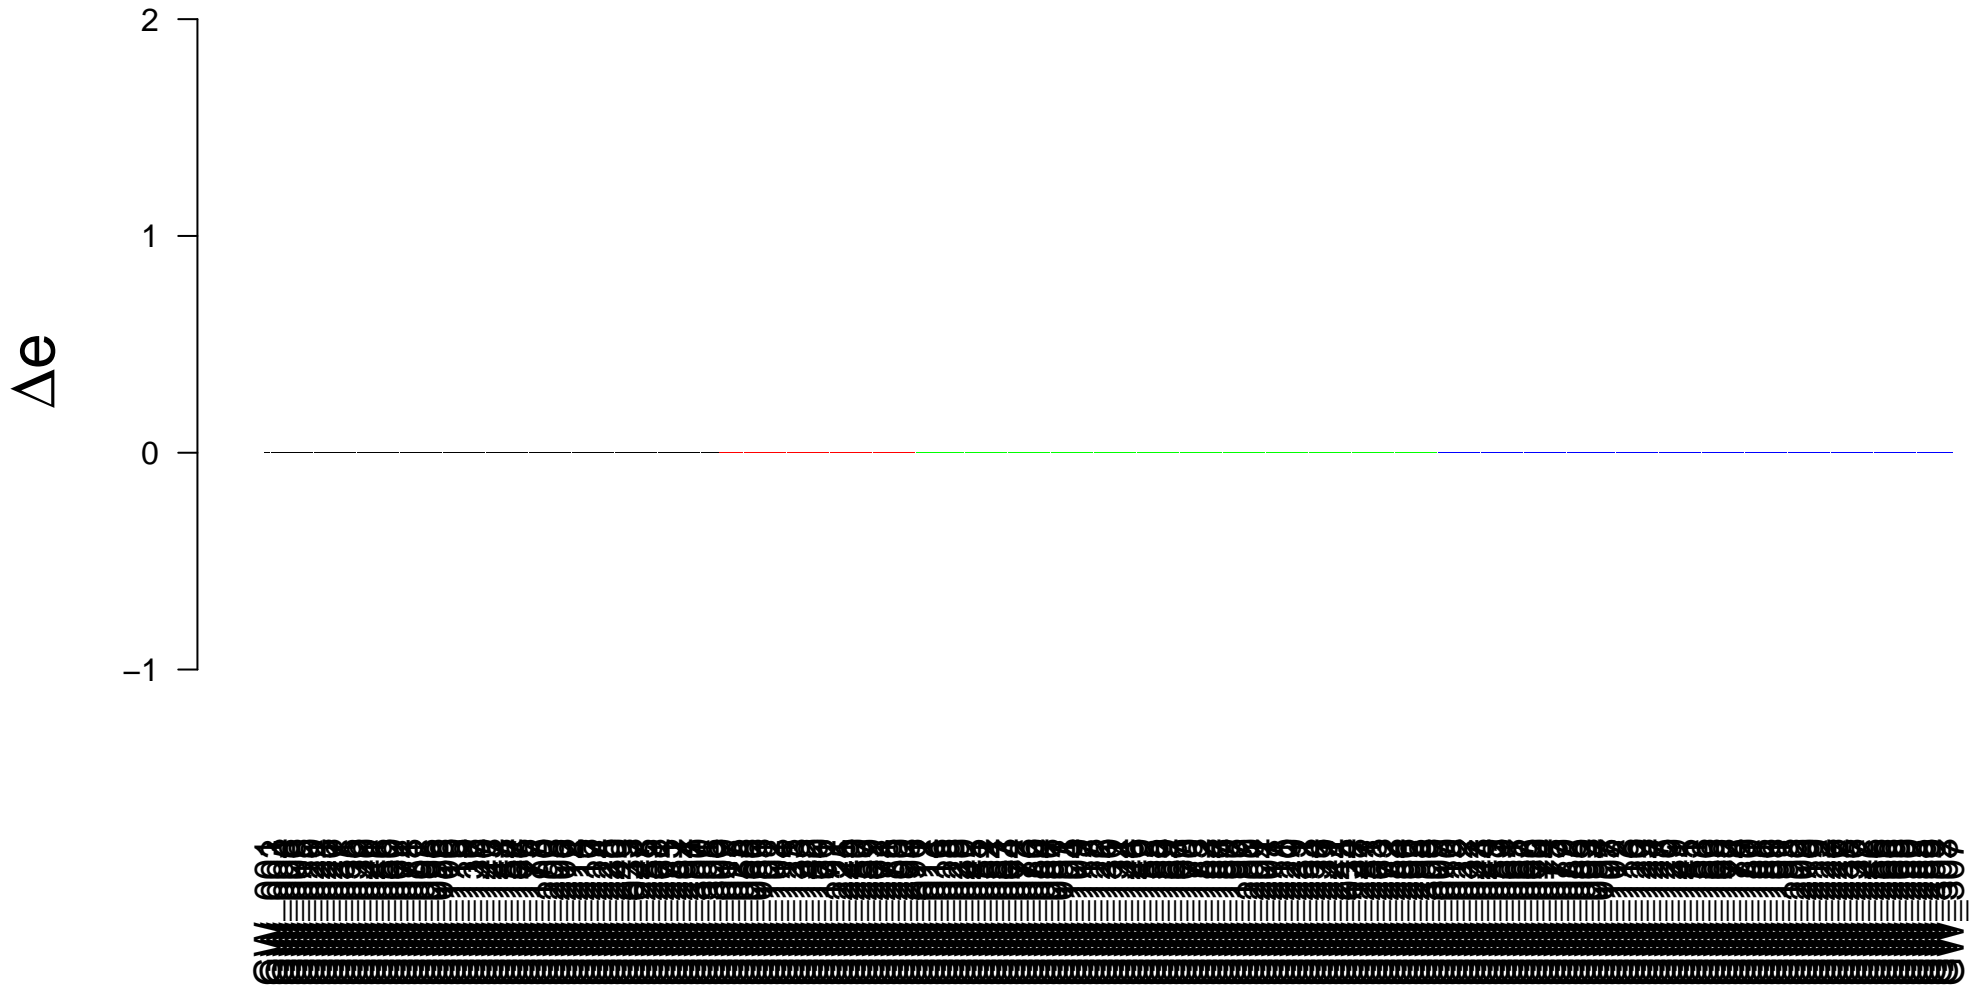

# Expression of extracellular matrix structural constituent in Spot H

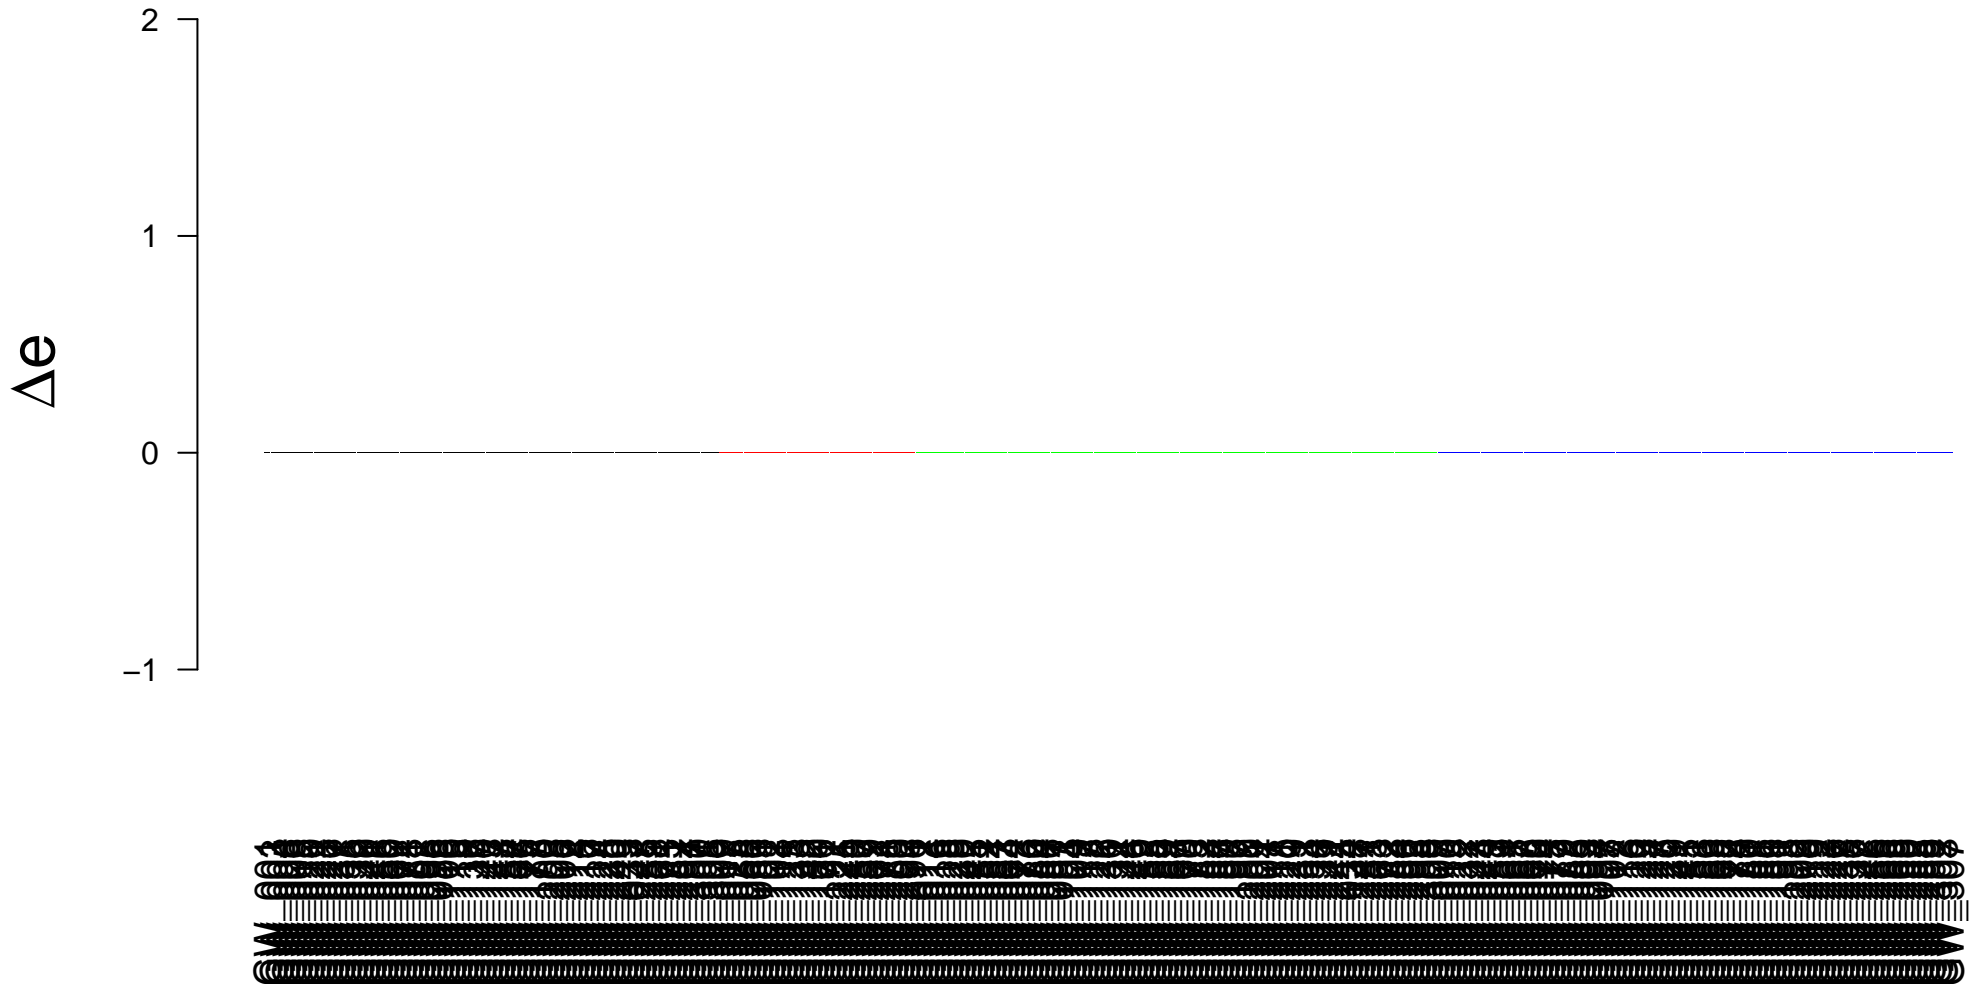

# Expression of extracellular matrix structural constituent in Spot I

# Expression of extracellular matrix structural constituent in Spot J

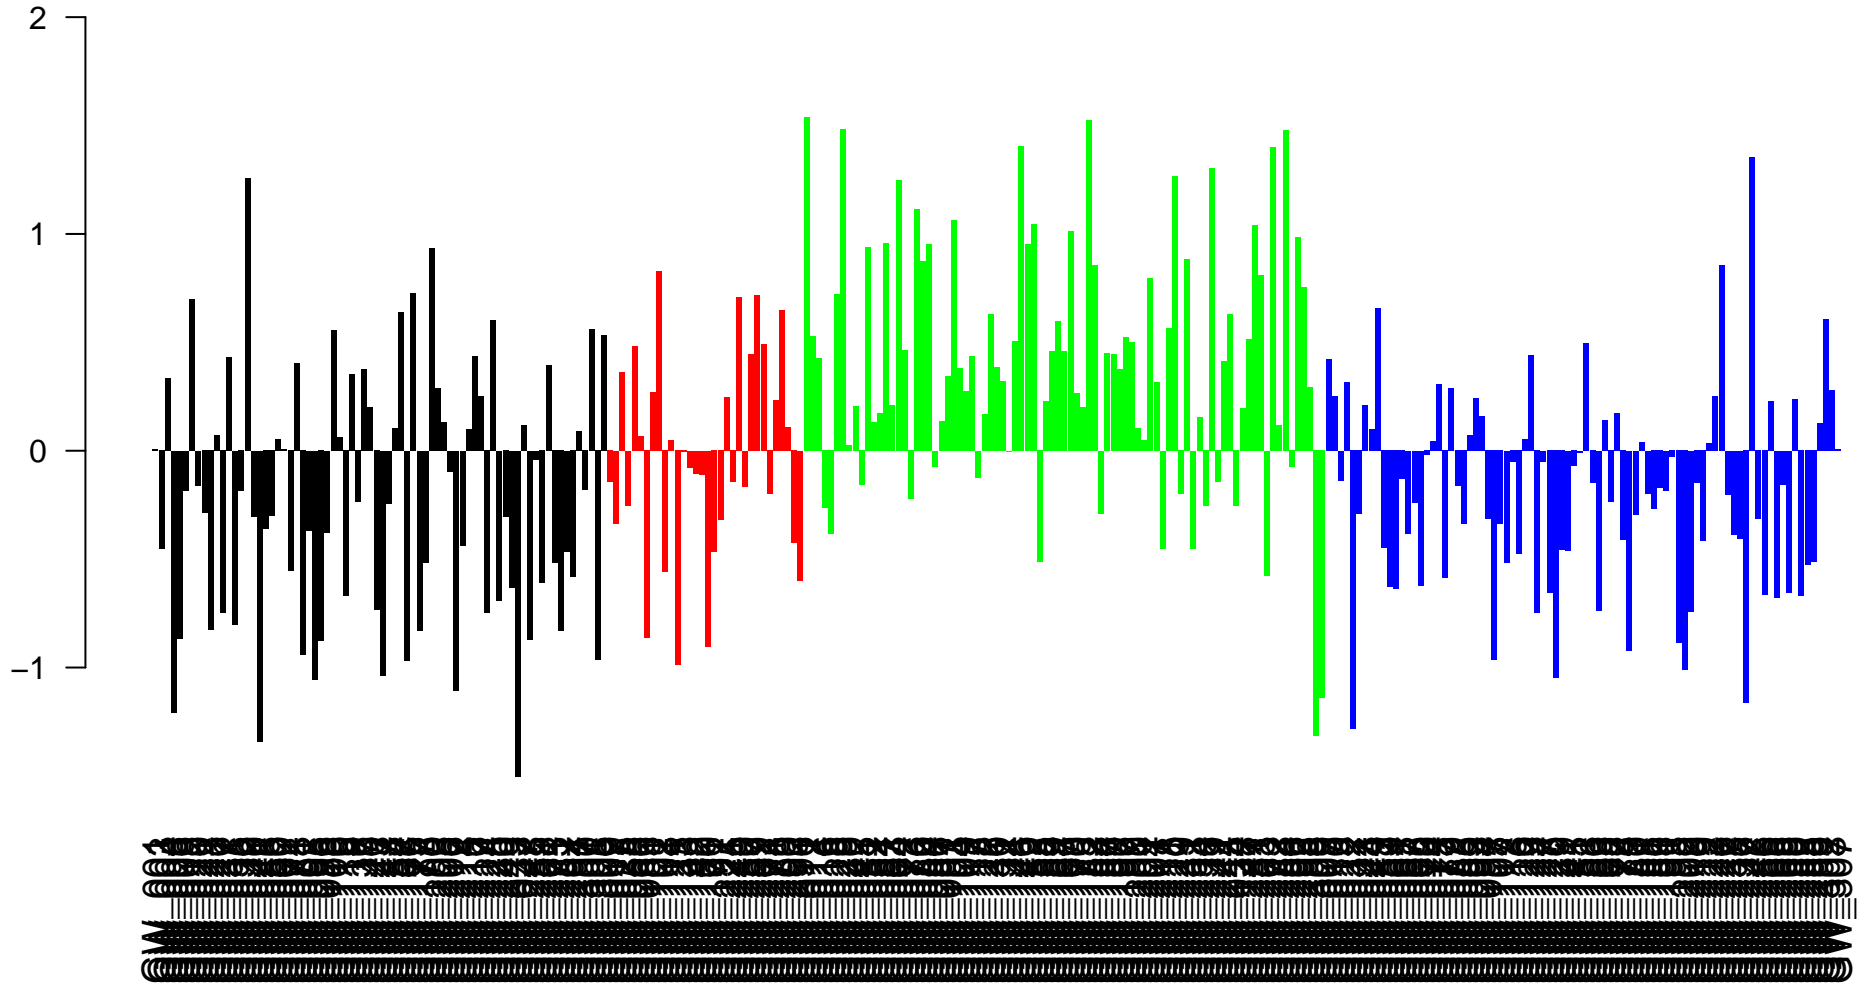

# Expression of extracellular matrix structural constituent in Spot K

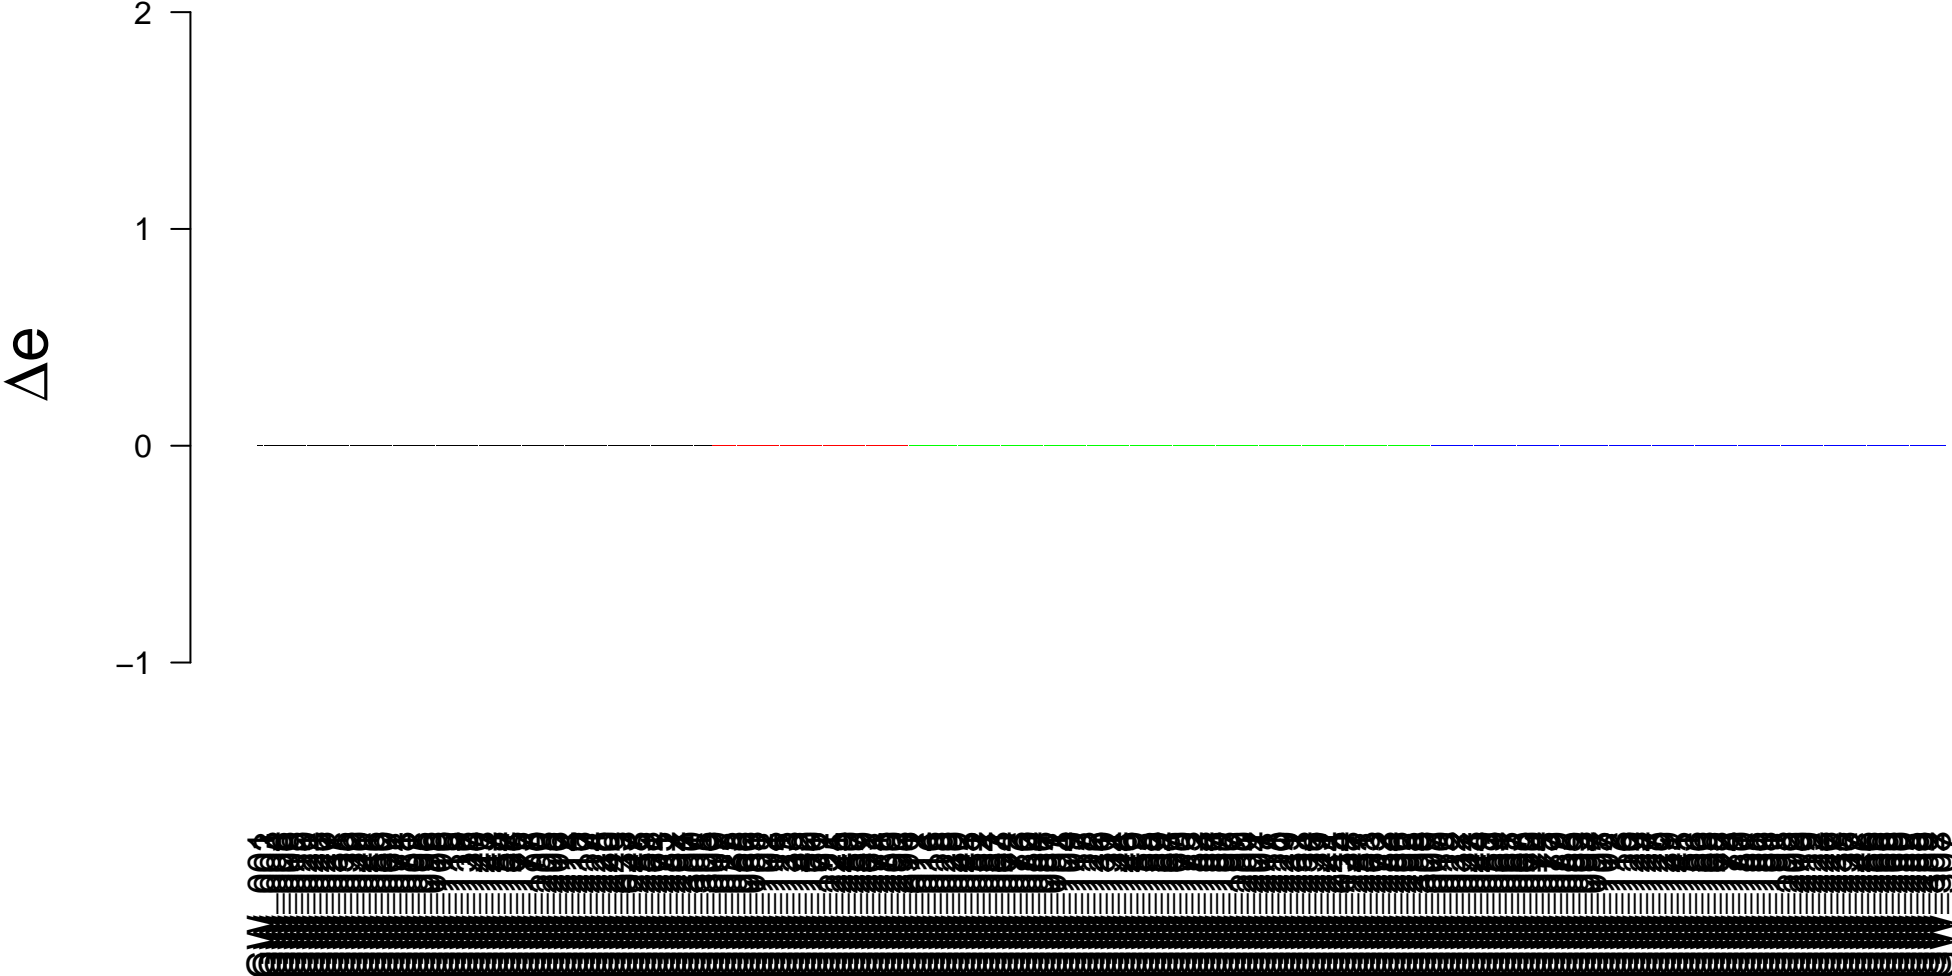

# Expression of extracellular matrix structural constituent in Spot L

$\Delta e$

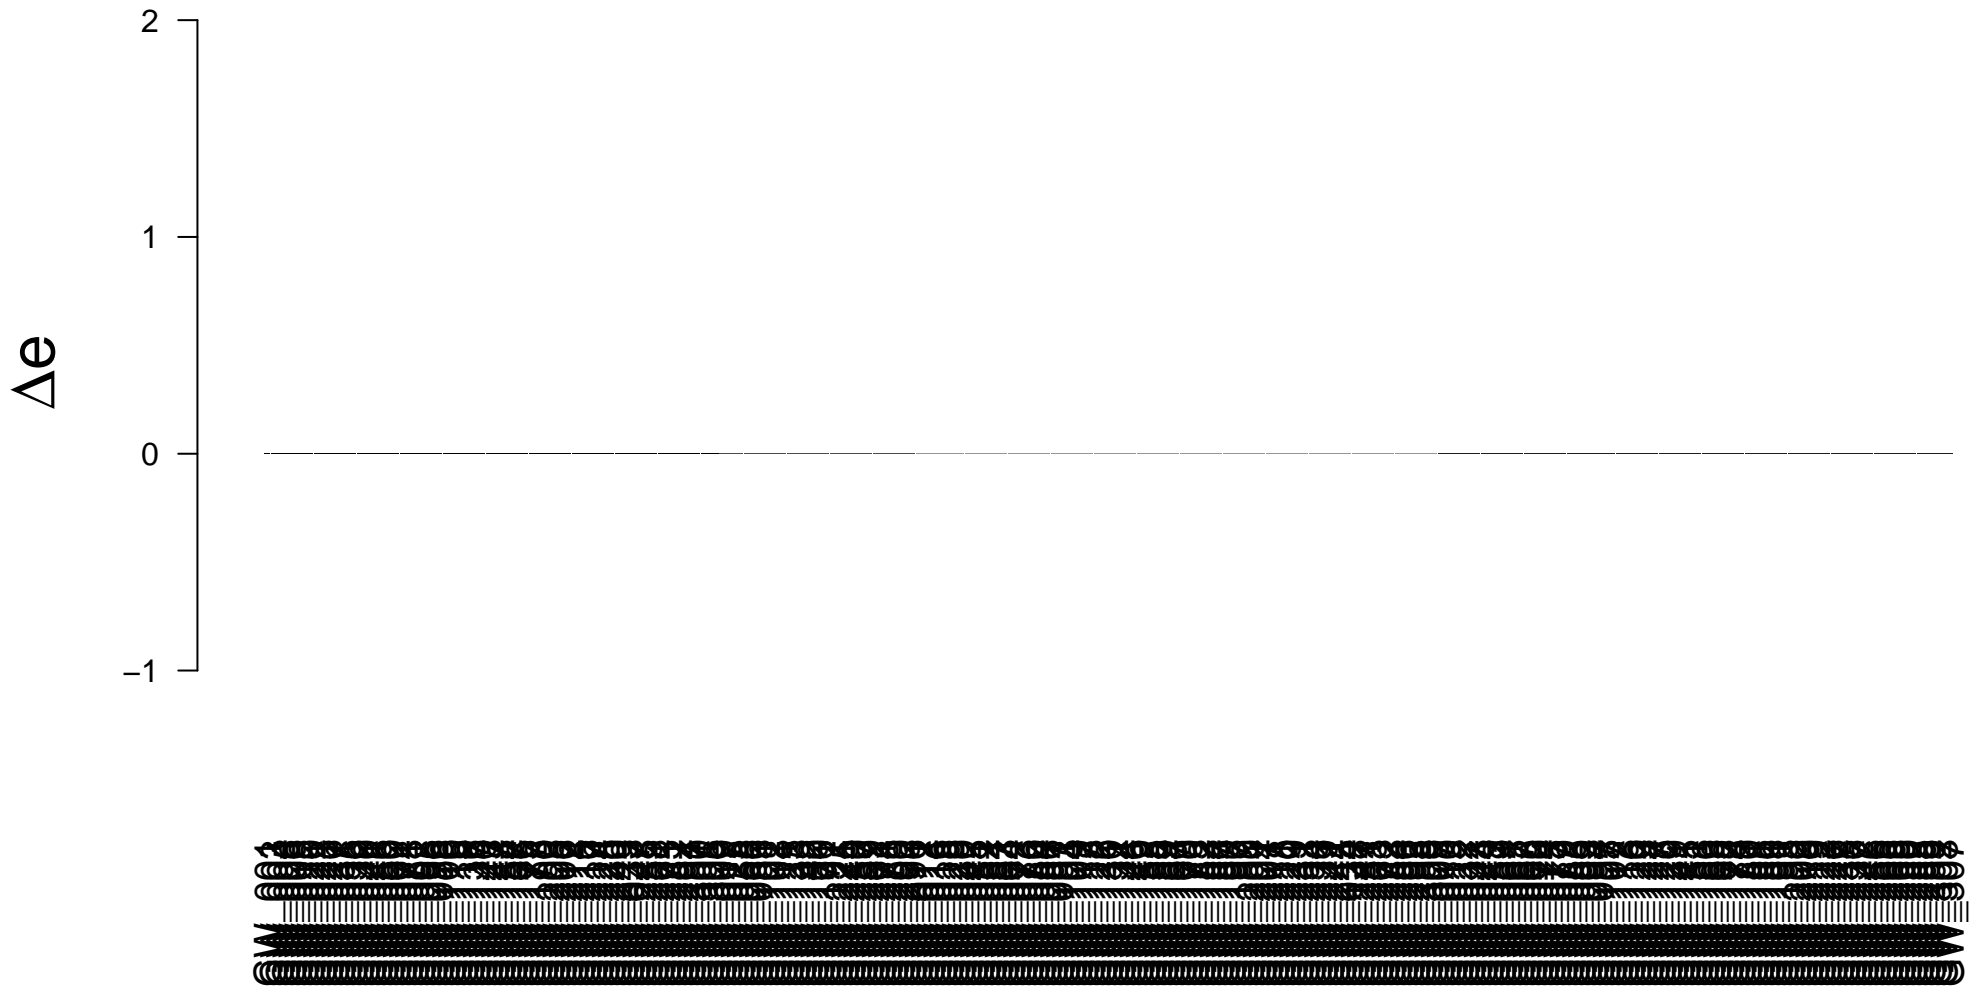

Expression of extracellular matrix structural constituent in Spot M

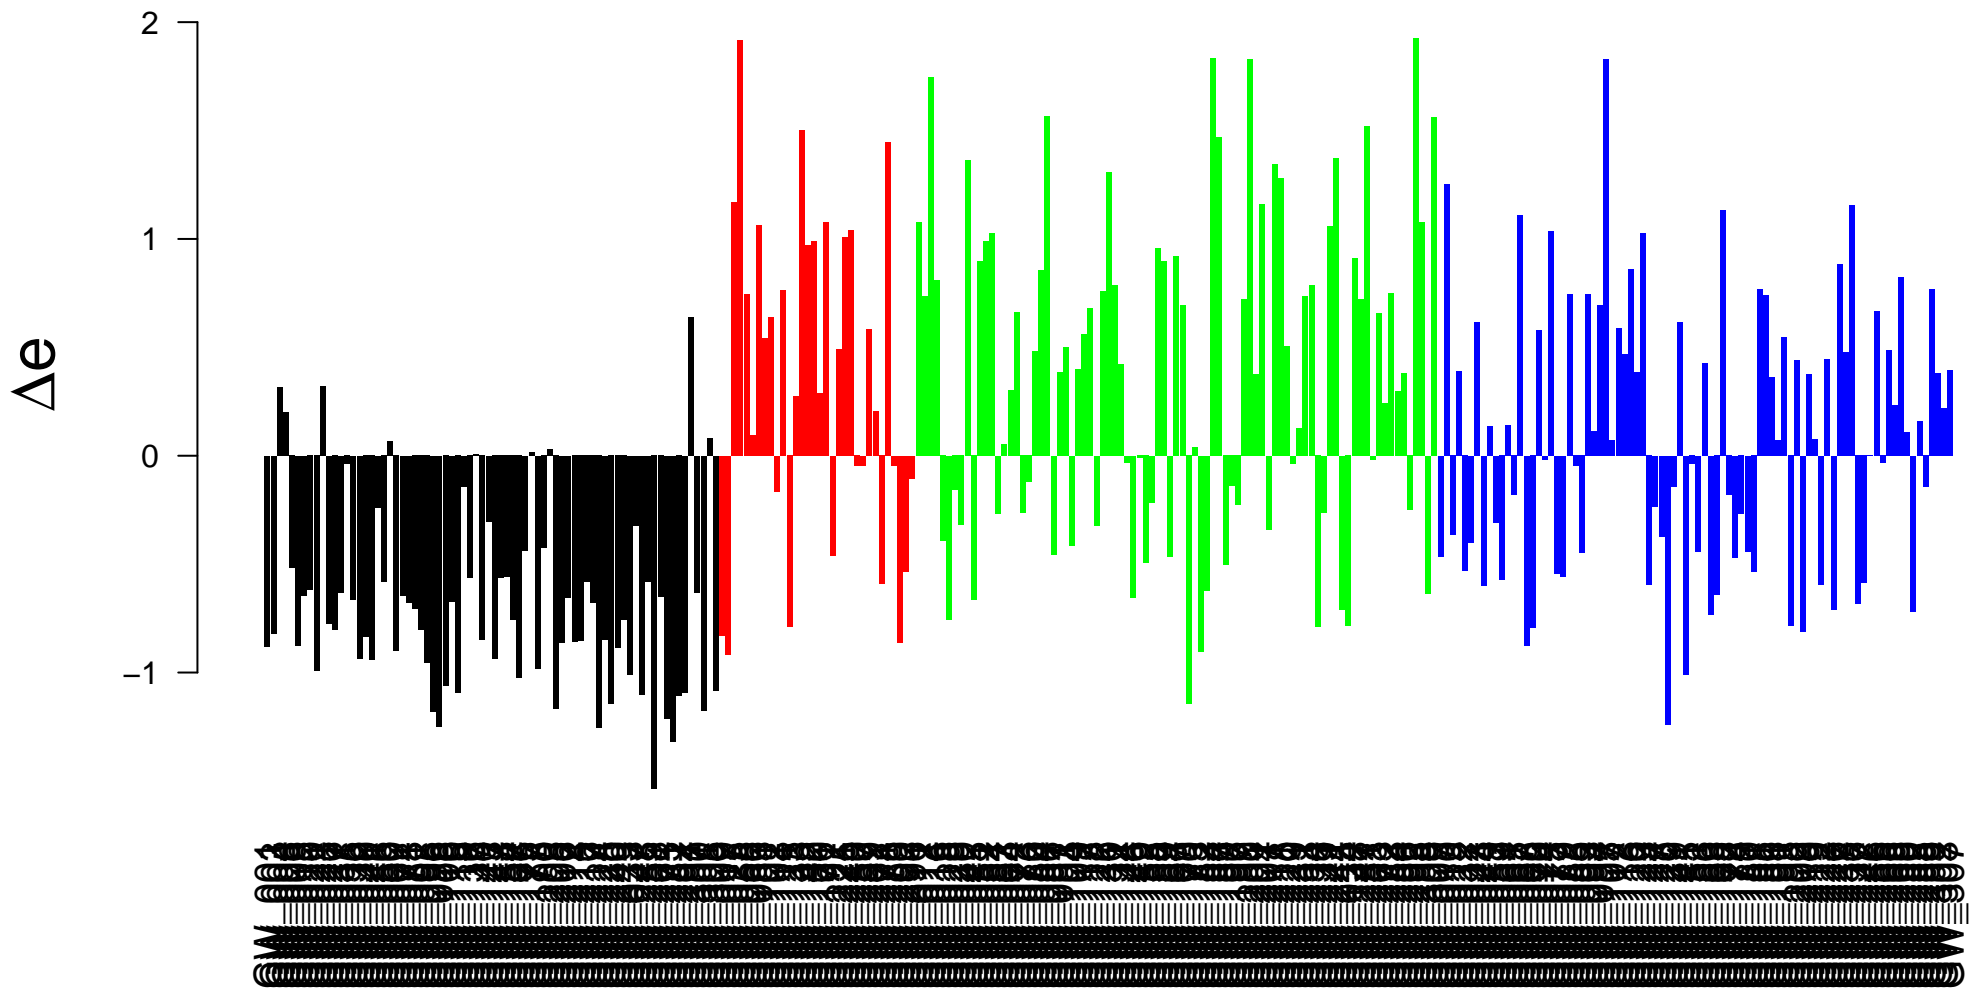

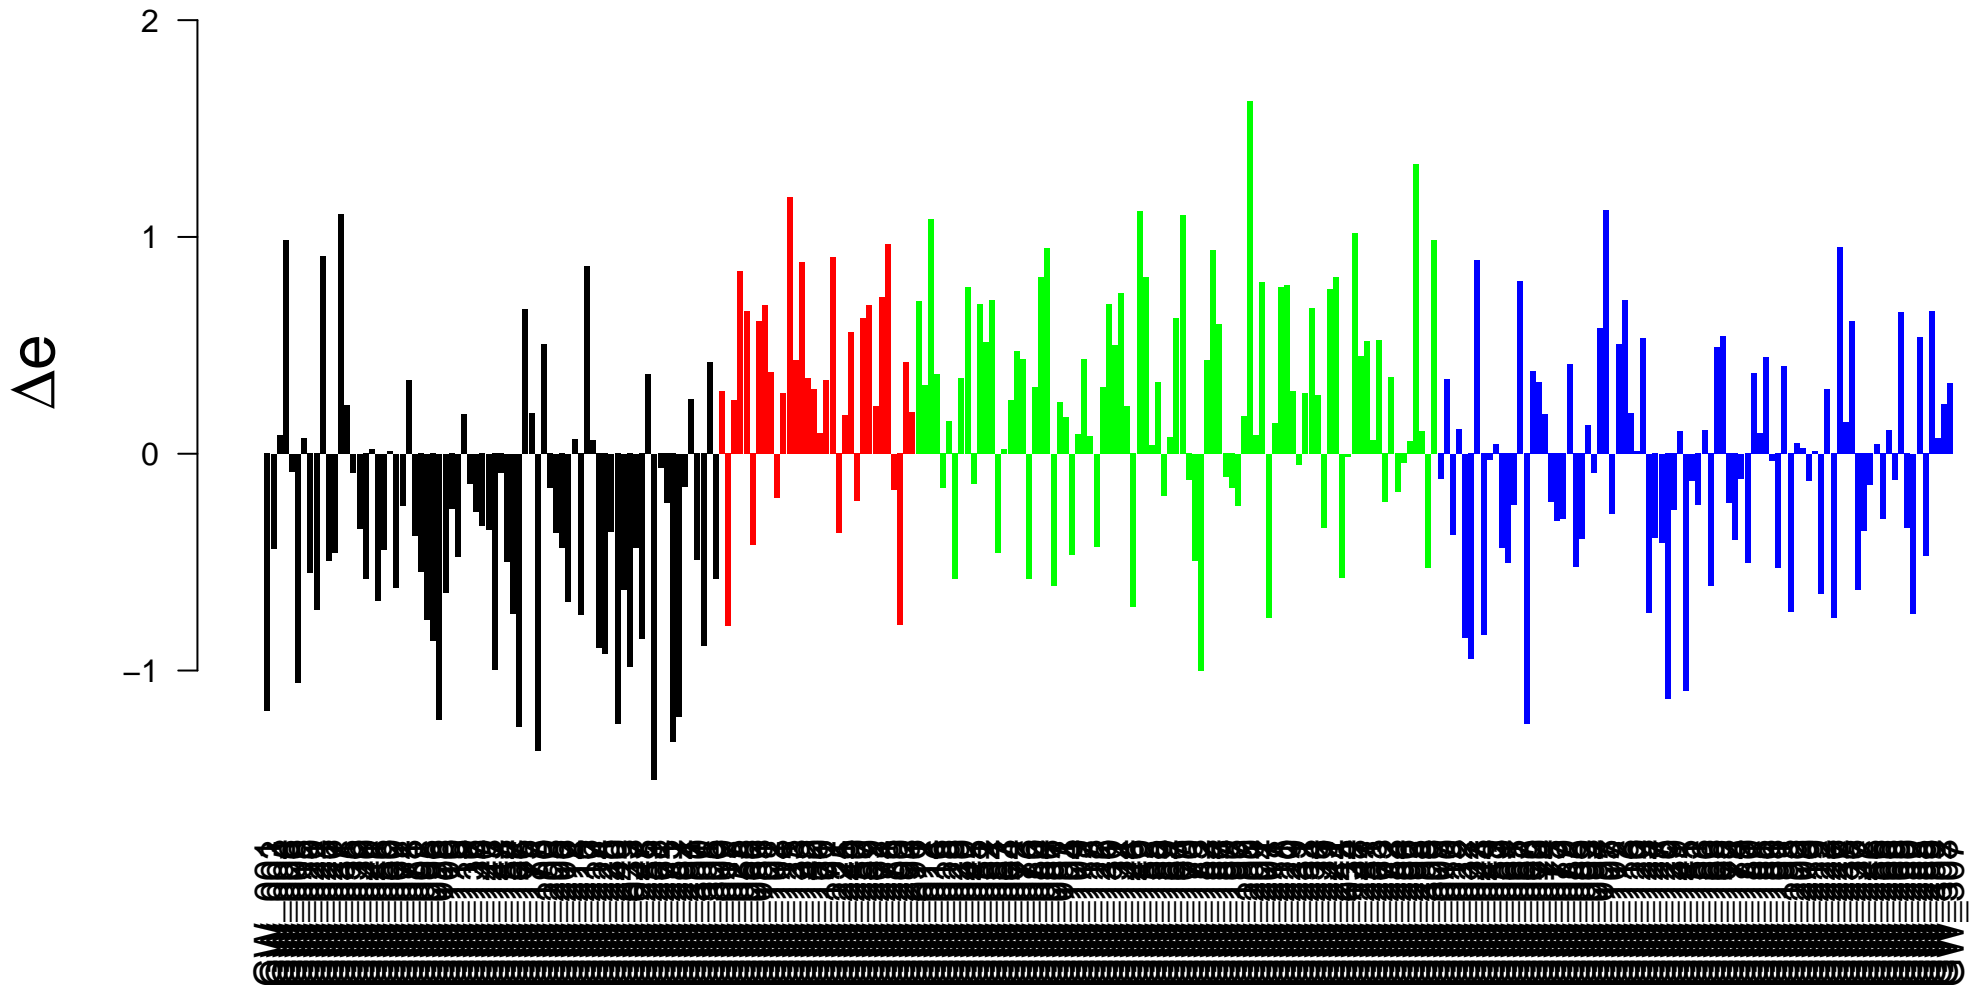

# Expression of extracellular matrix structural constituent in Spot N

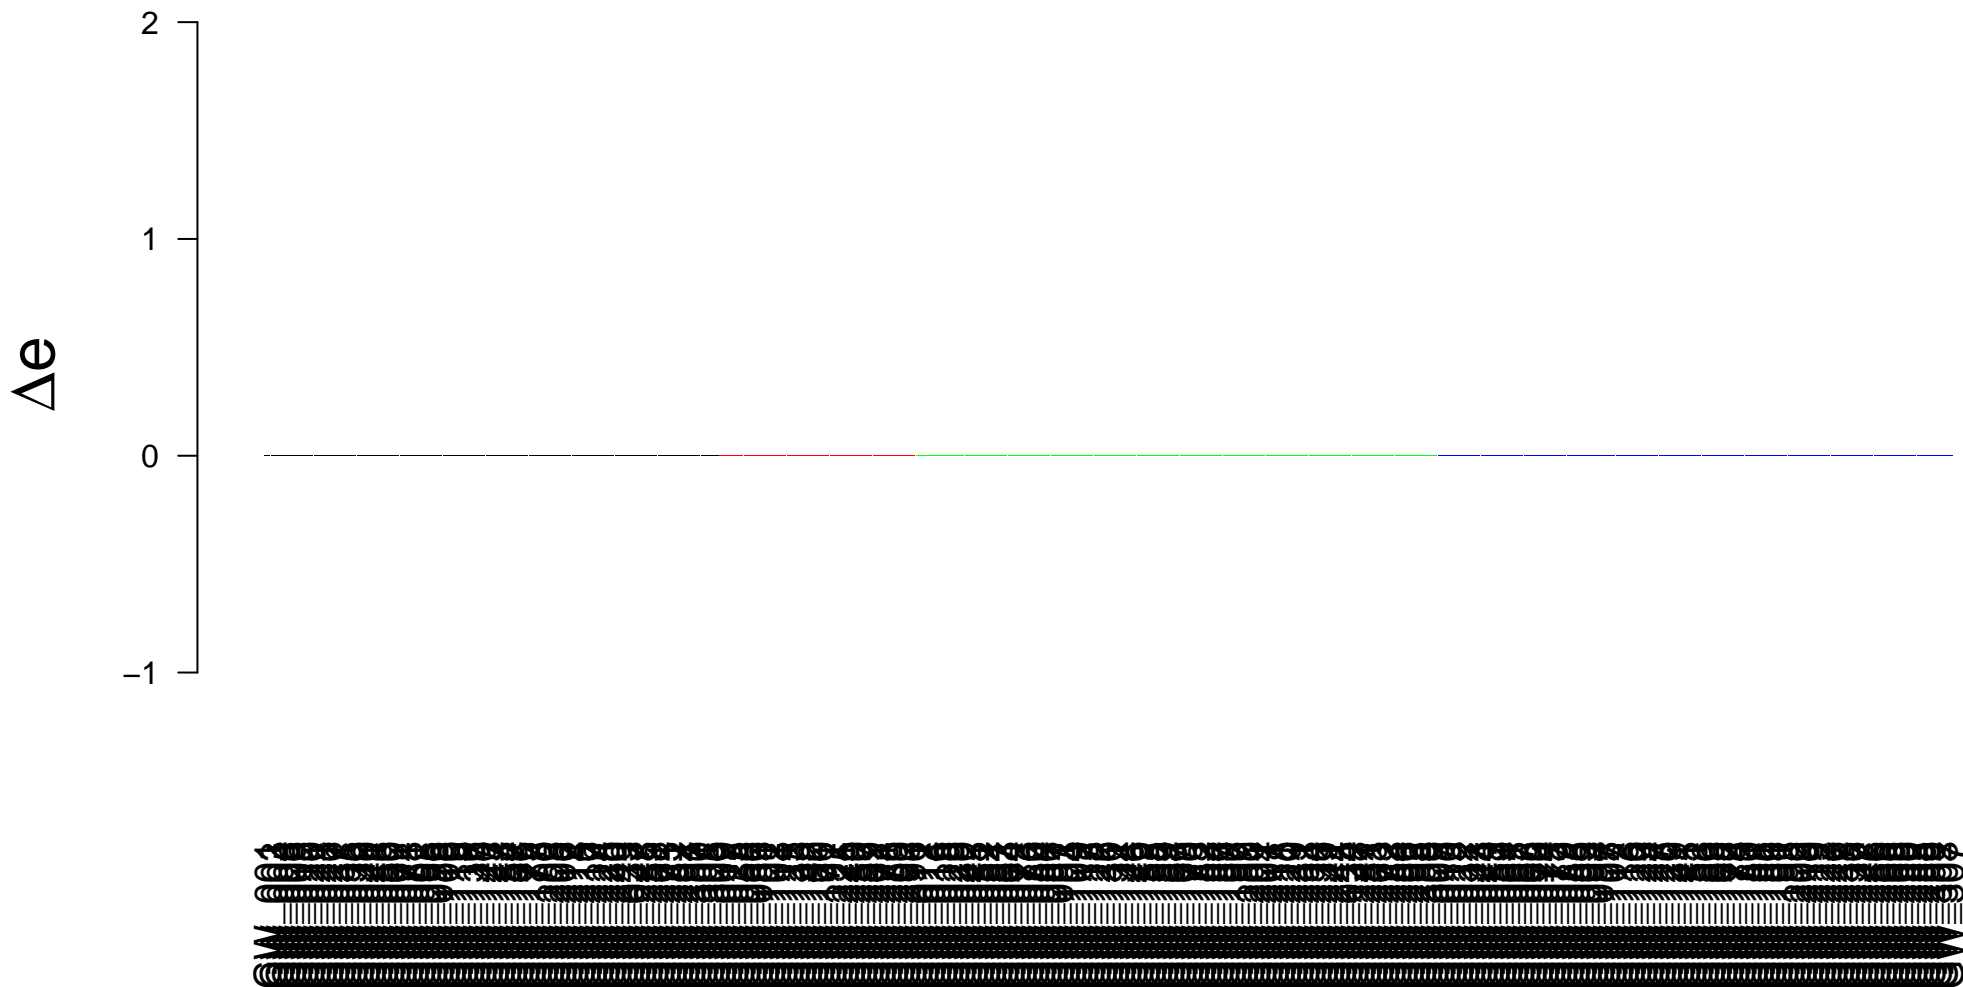

# Expression of extracellular matrix structural constituent in Spot O

# Expression of extracellular matrix structural constituent in Spot P

# Expression of extracellular matrix structural constituent in Spot Q

# Expression of extracellular matrix structural constituent in Spot R
