

galactosyltransferase activity

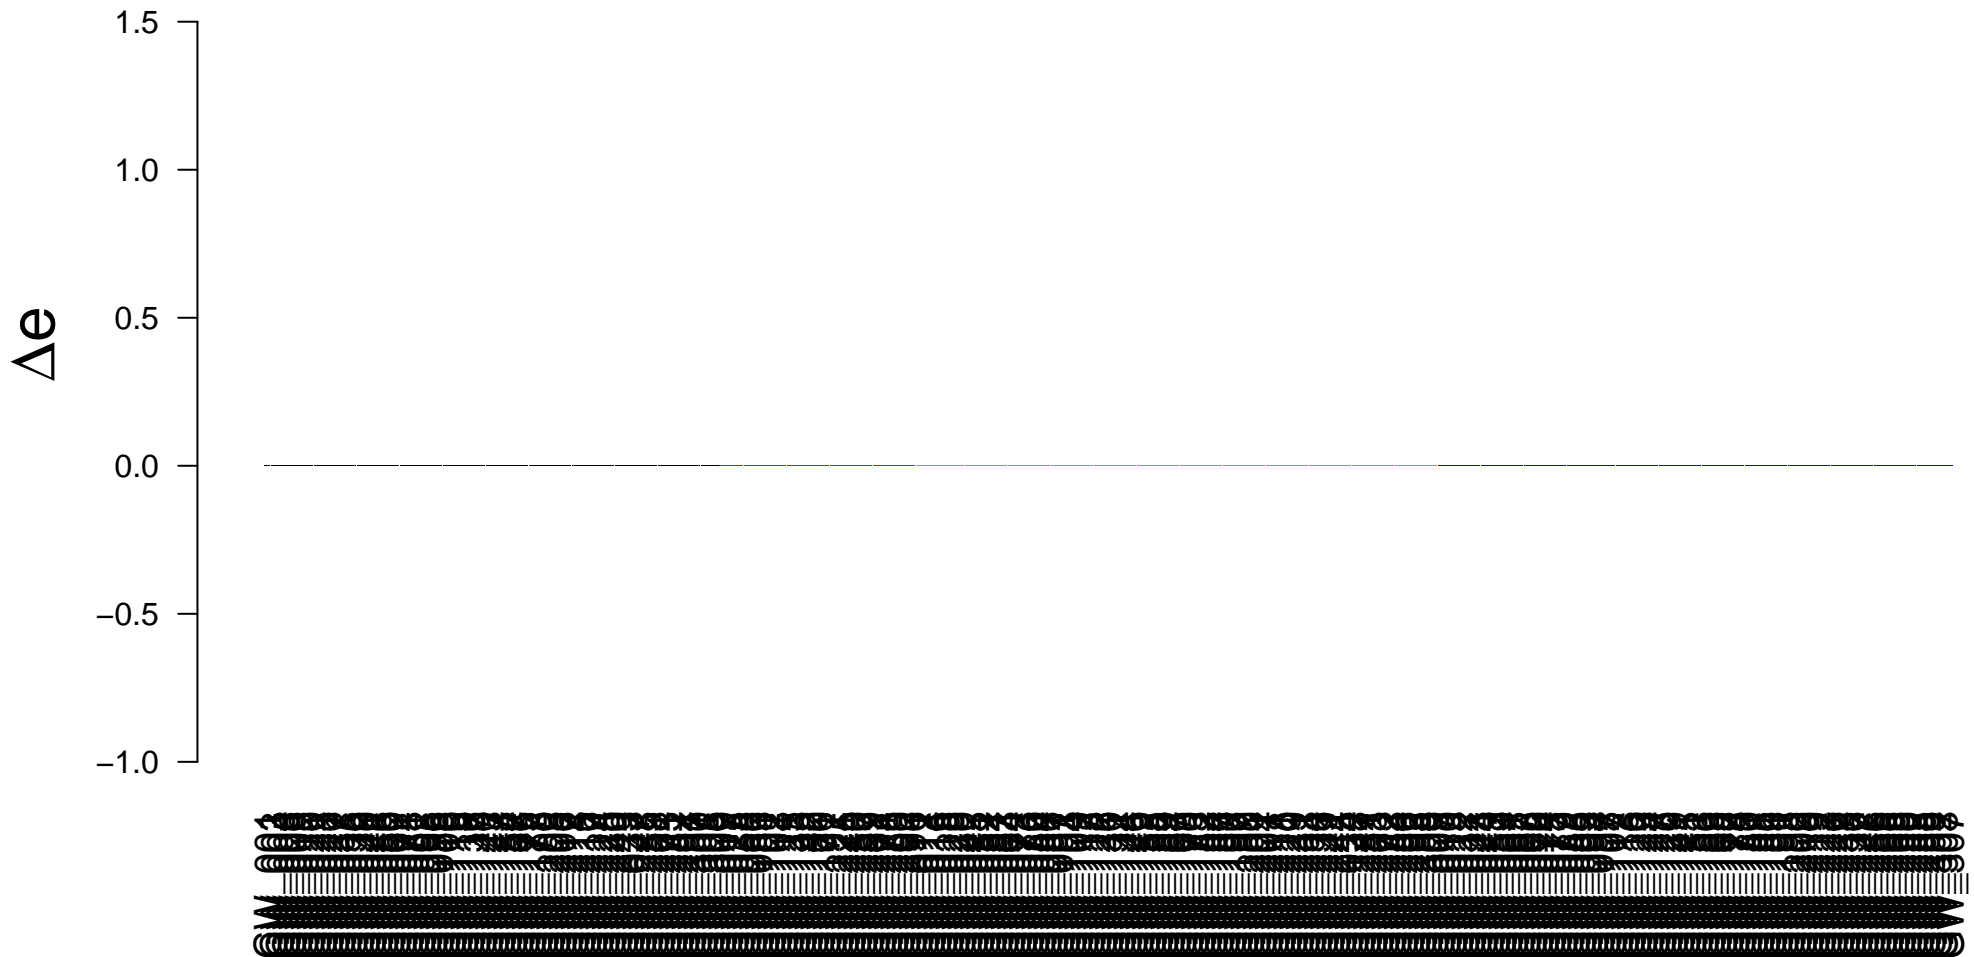

galactosyltransferase activity

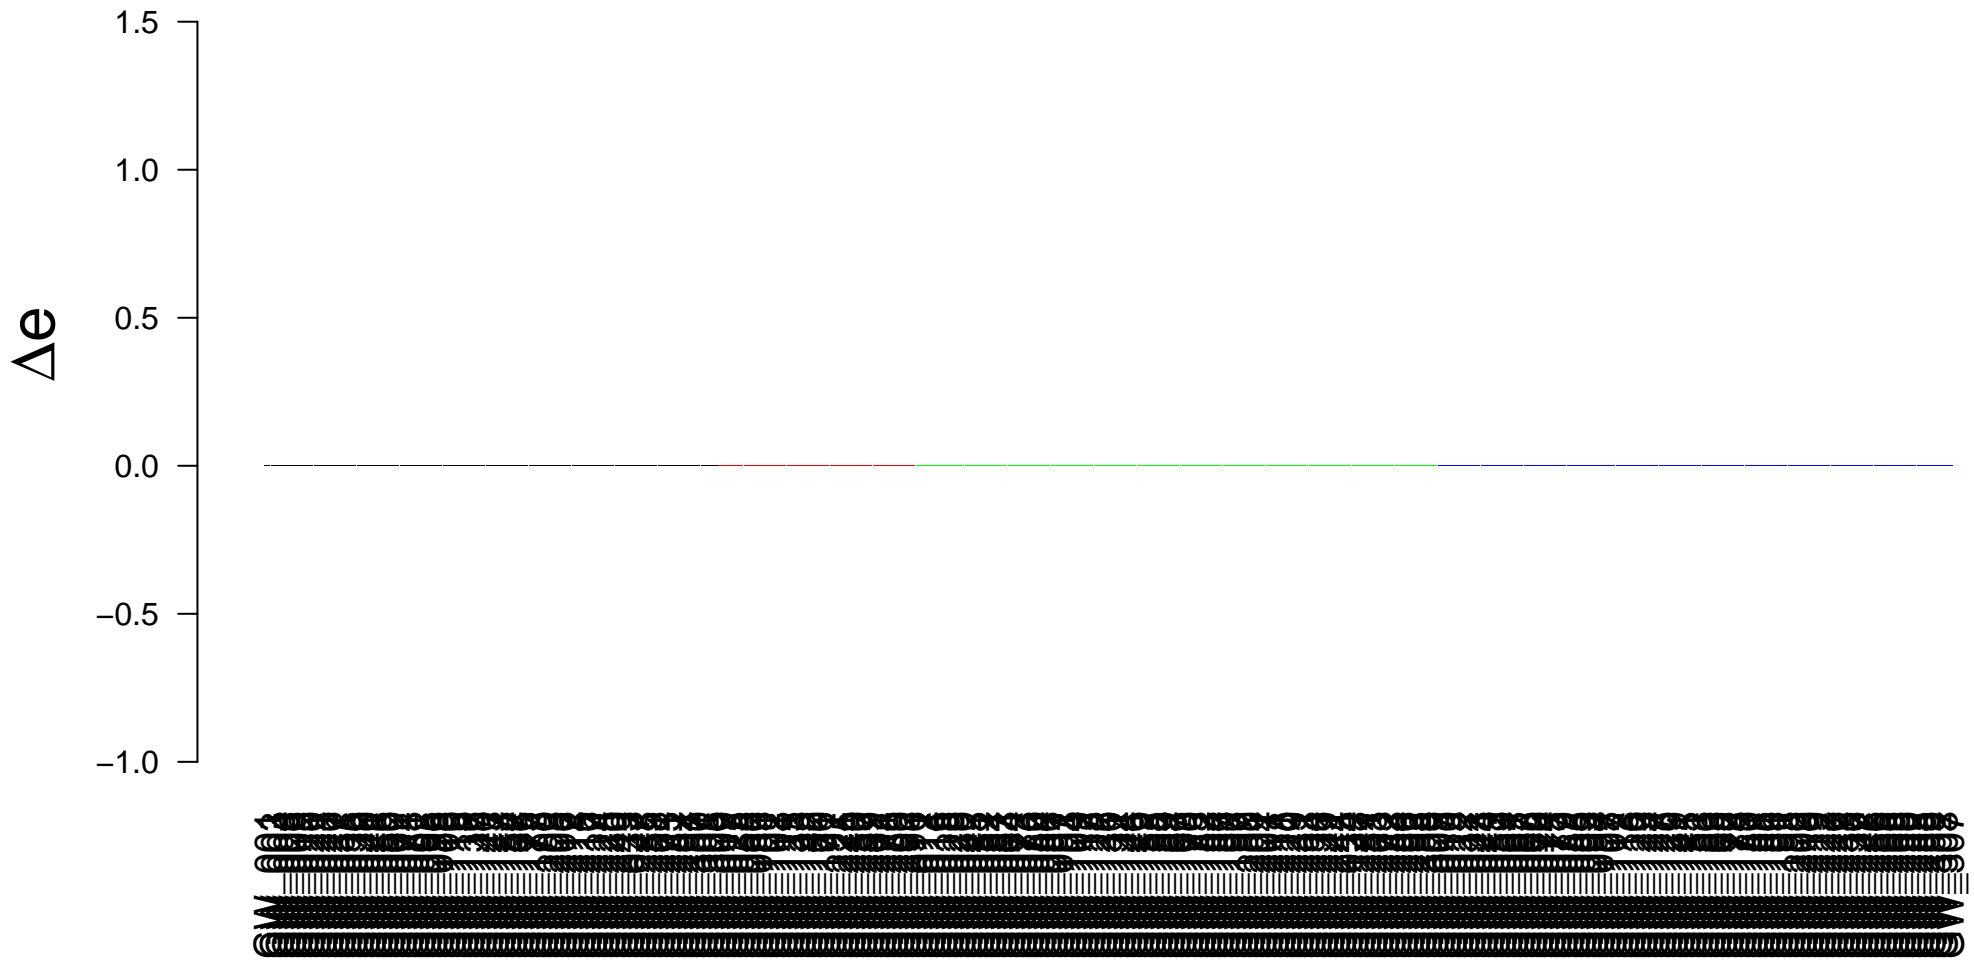

Enrichment in spots: galactosyltransferase activity

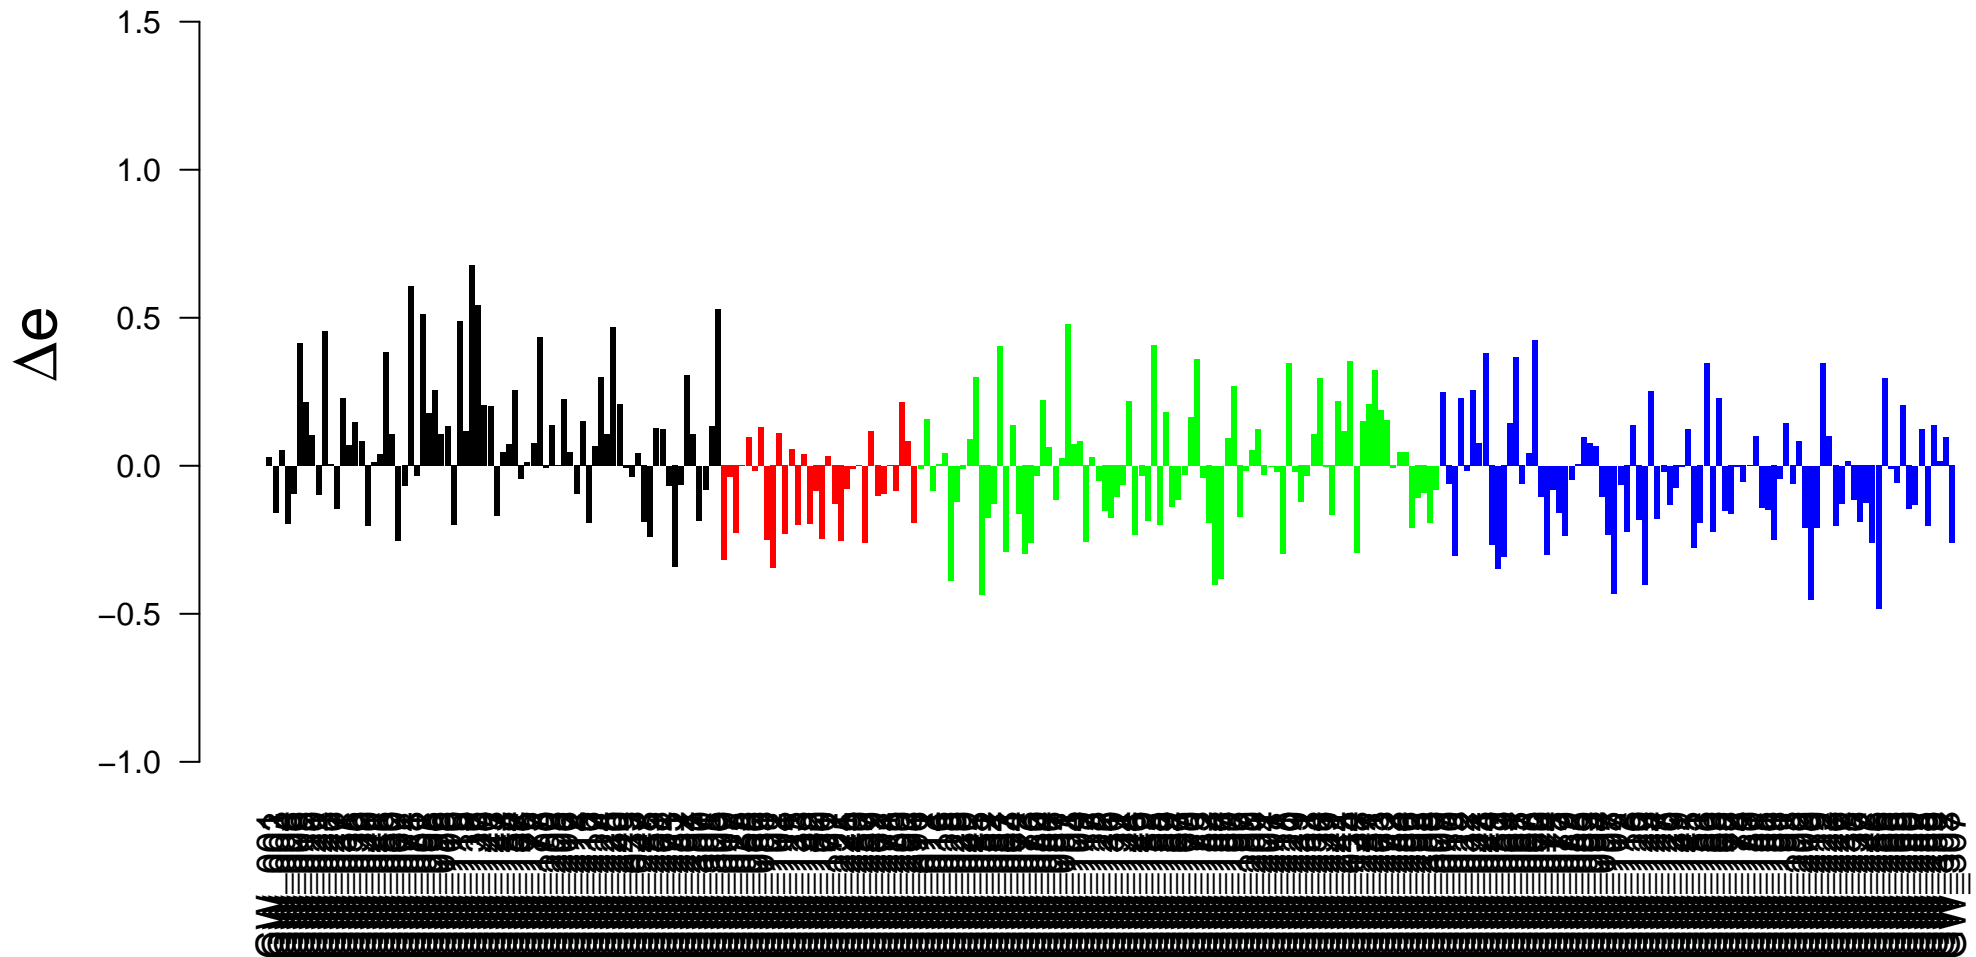

Expression of galactosyltransferase activity in Spot A

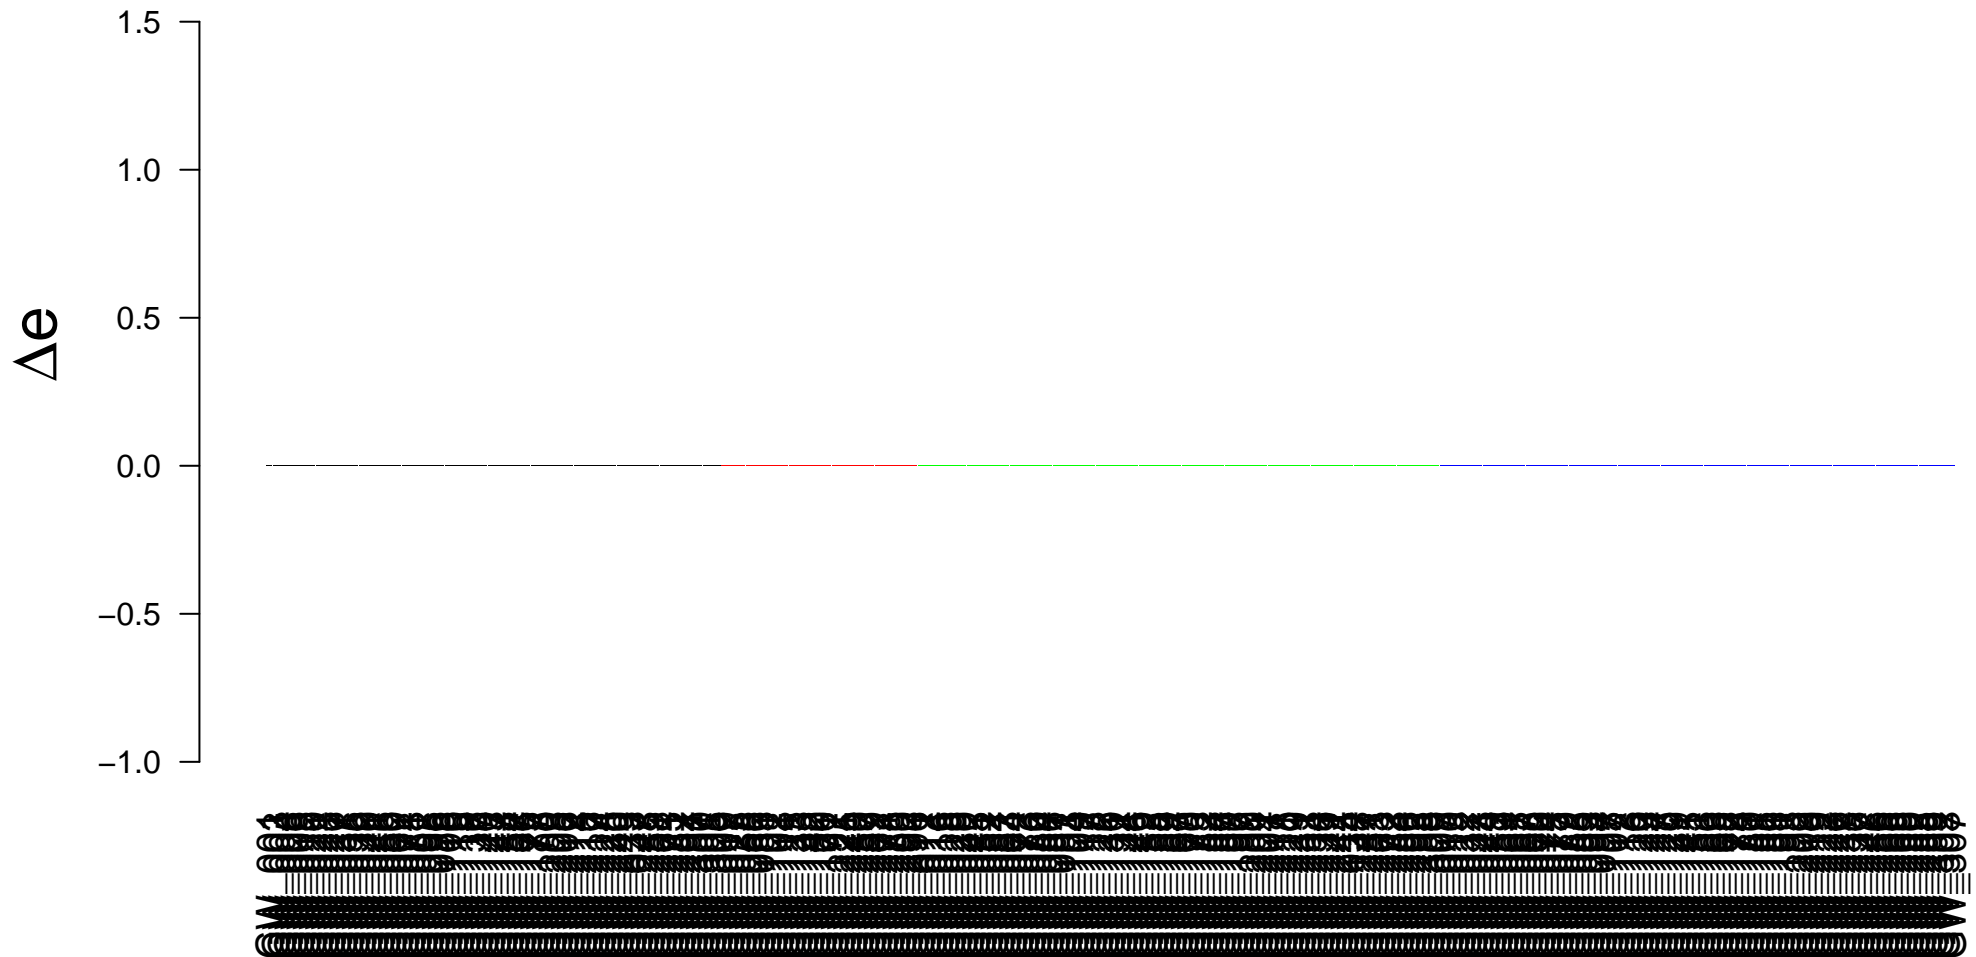

Expression of galactosyltransferase activity in Spot B

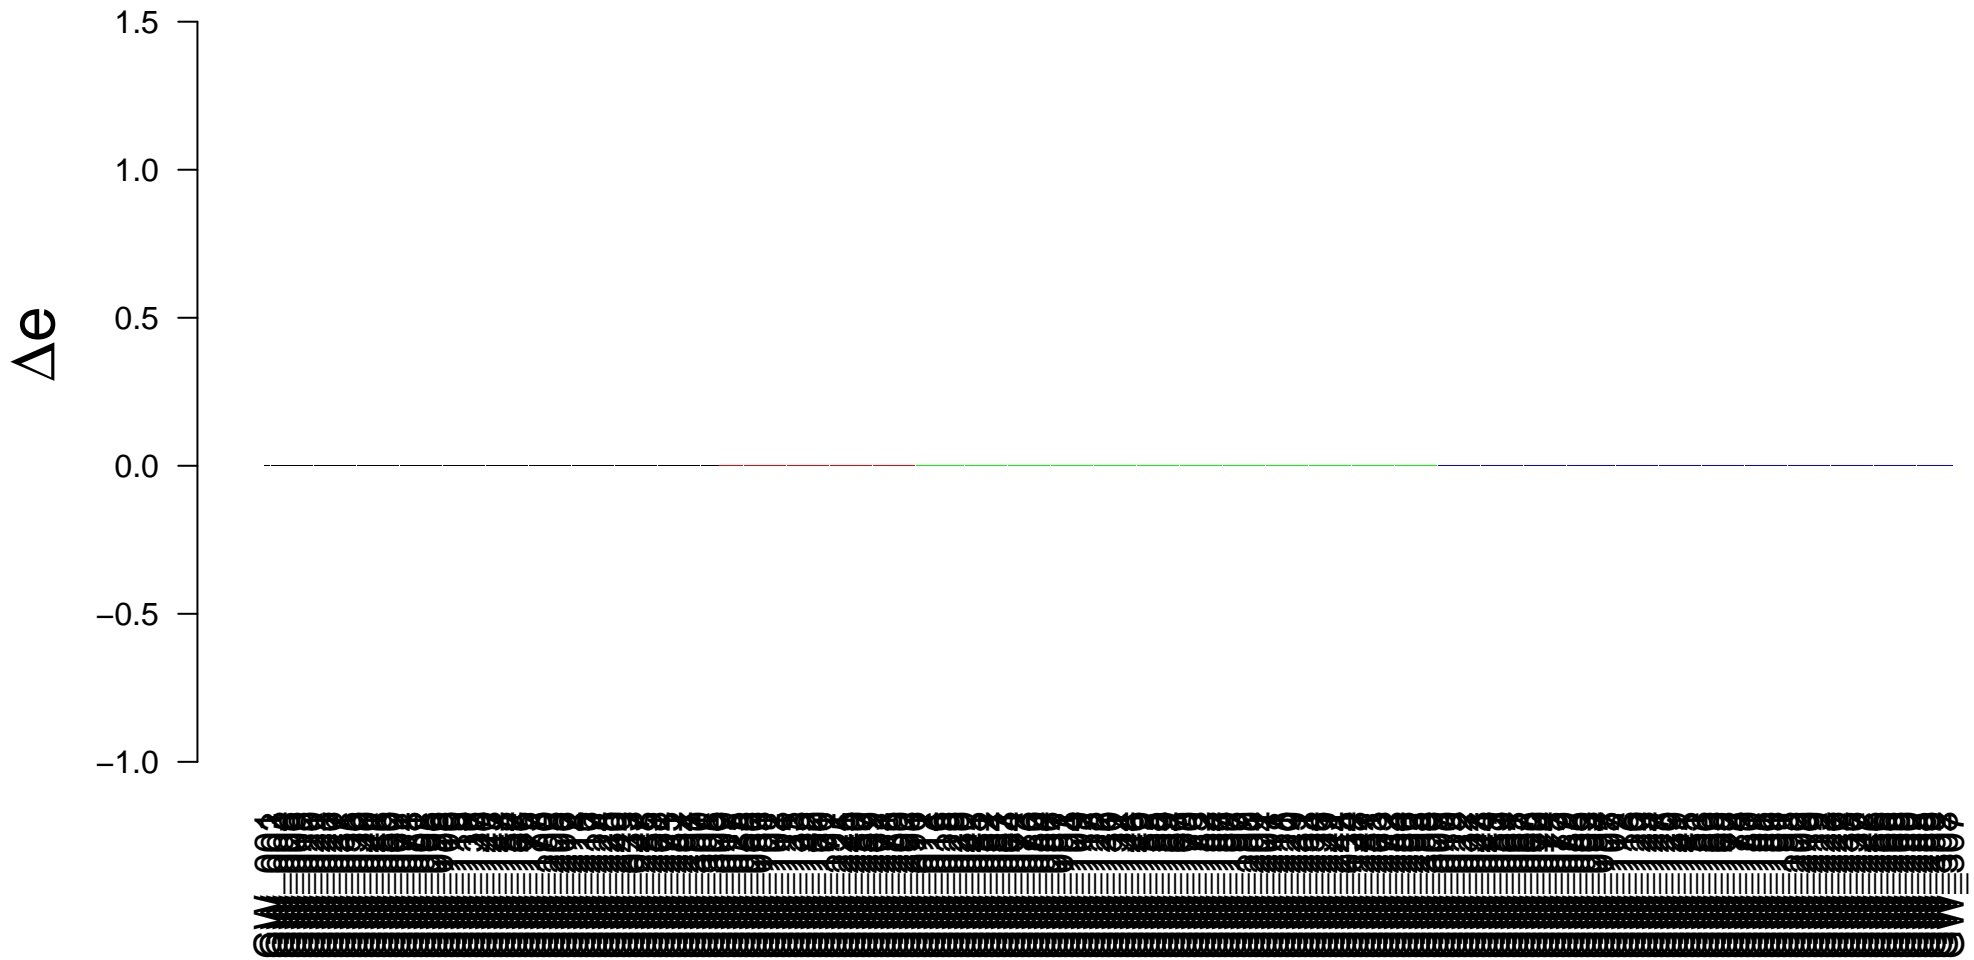

Expression of galactosyltransferase activity in Spot C

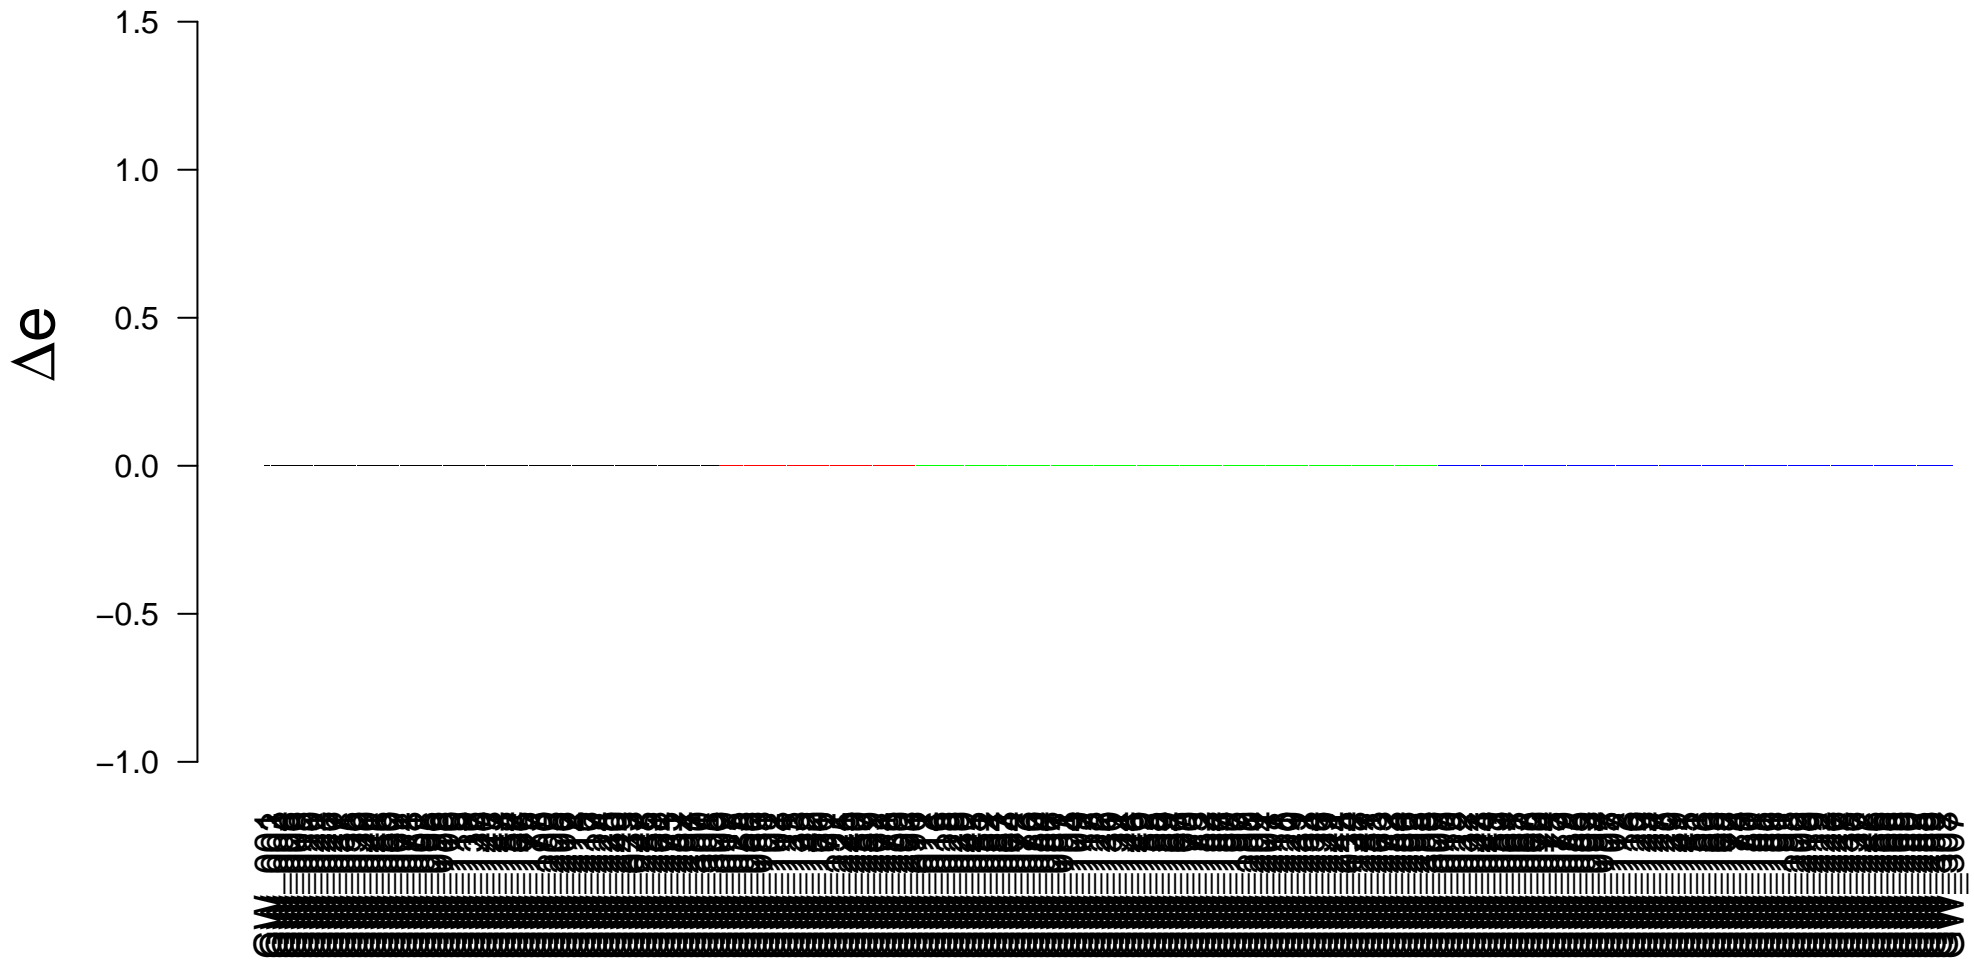

Expression of galactosyltransferase activity in Spot D

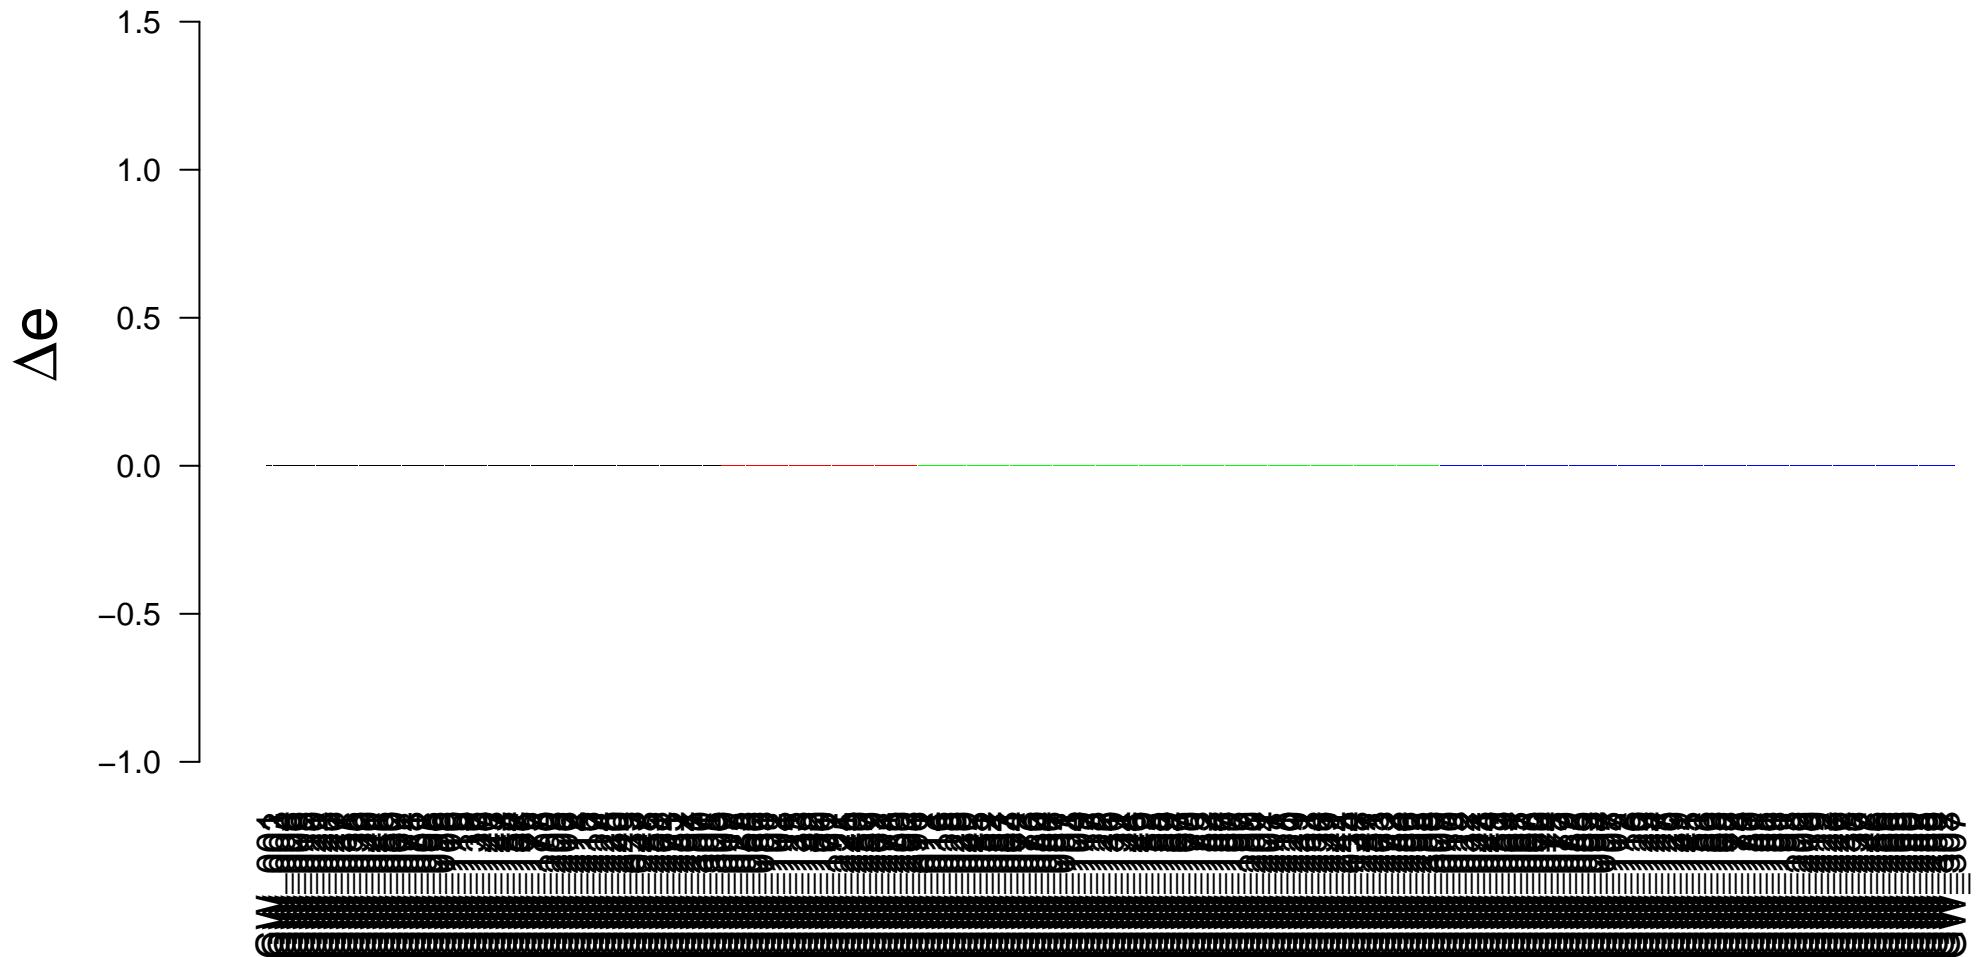

Expression of galactosyltransferase activity in Spot E

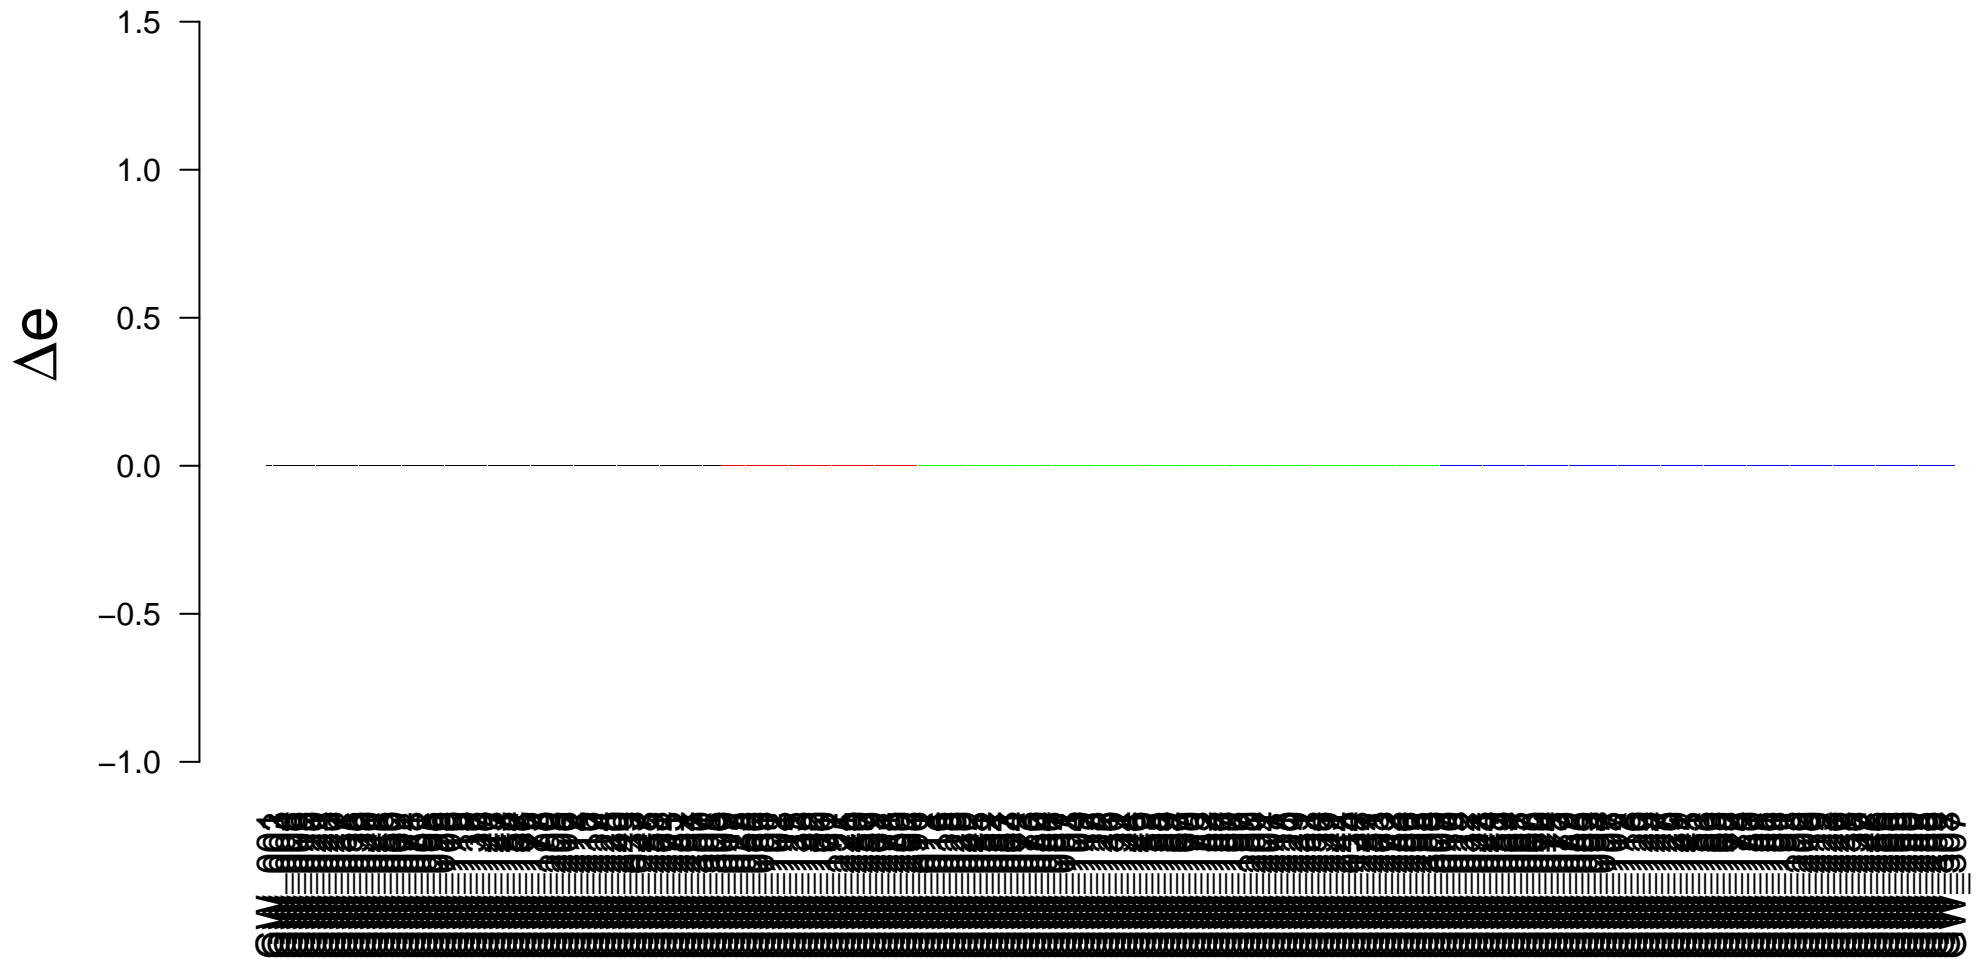

Expression of galactosyltransferase activity in Spot F

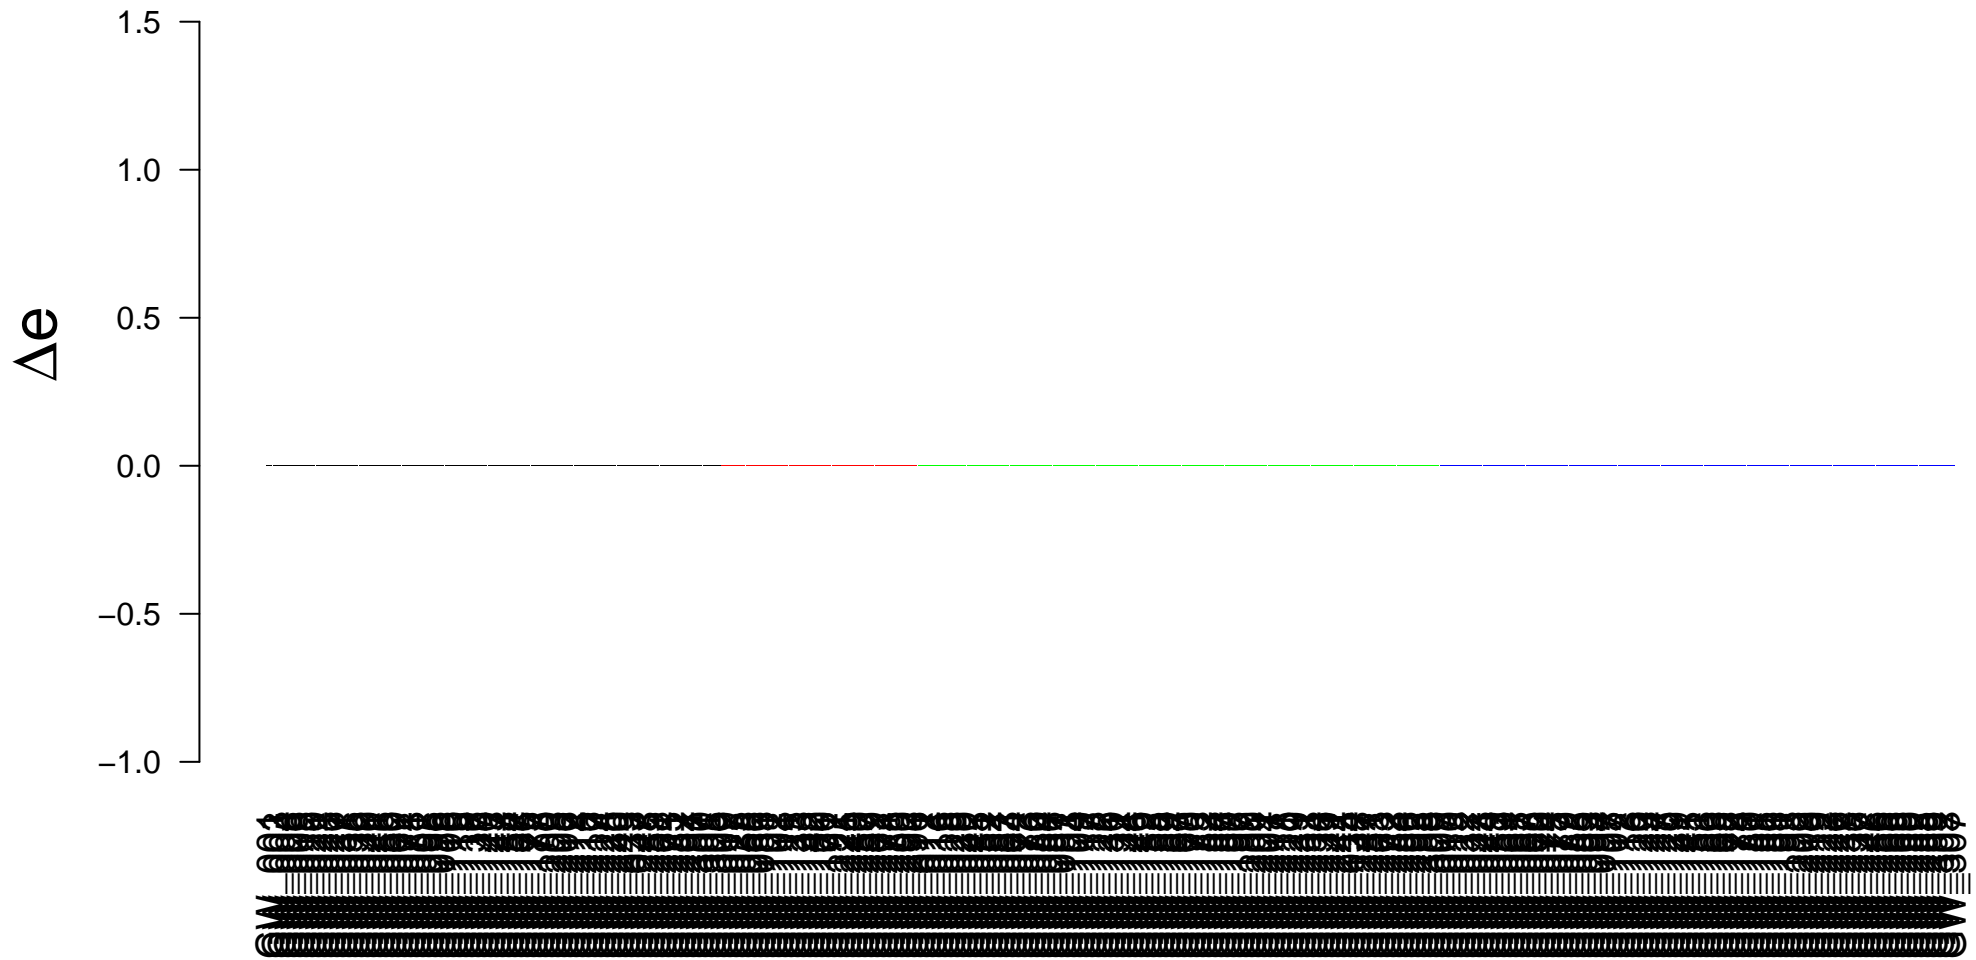

Expression of galactosyltransferase activity in Spot G

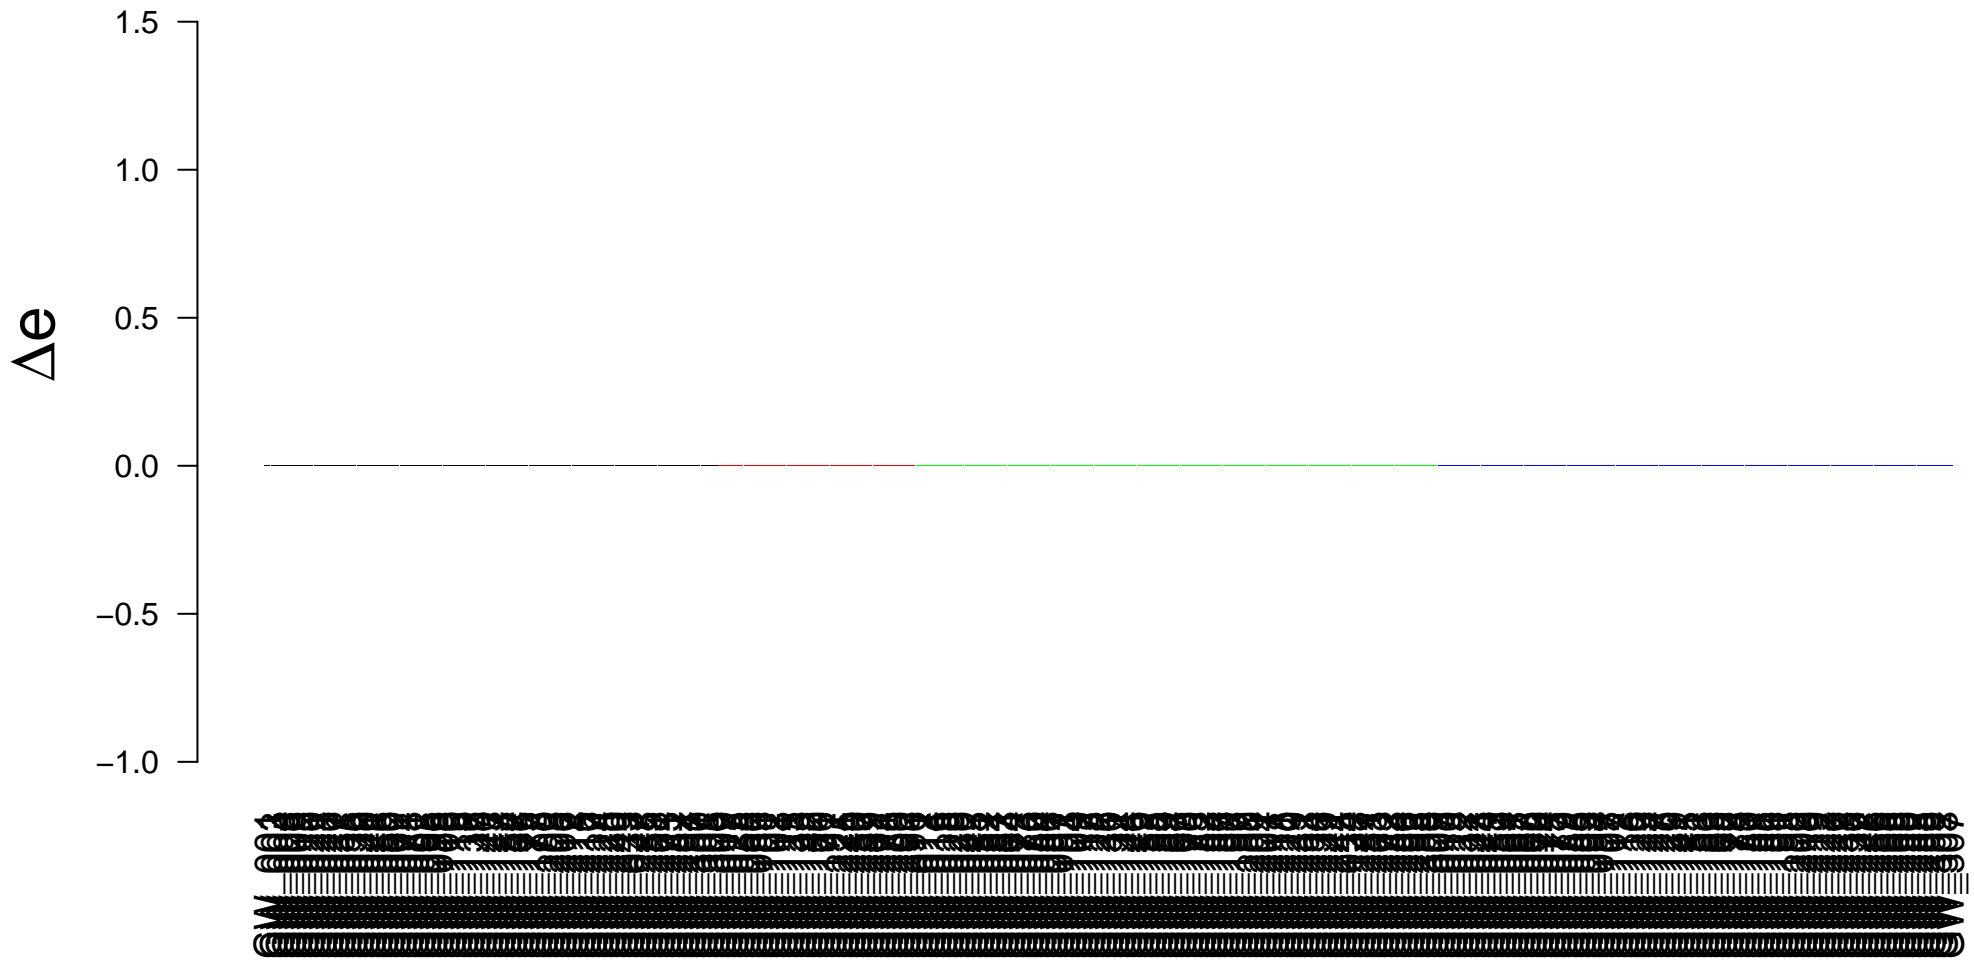

Expression of galactosyltransferase activity in Spot H

Expression of galactosyltransferase activity in Spot I

Expression of galactosyltransferase activity in Spot J

Expression of galactosyltransferase activity in Spot K
