

### glycerophospholipid biosynthetic process

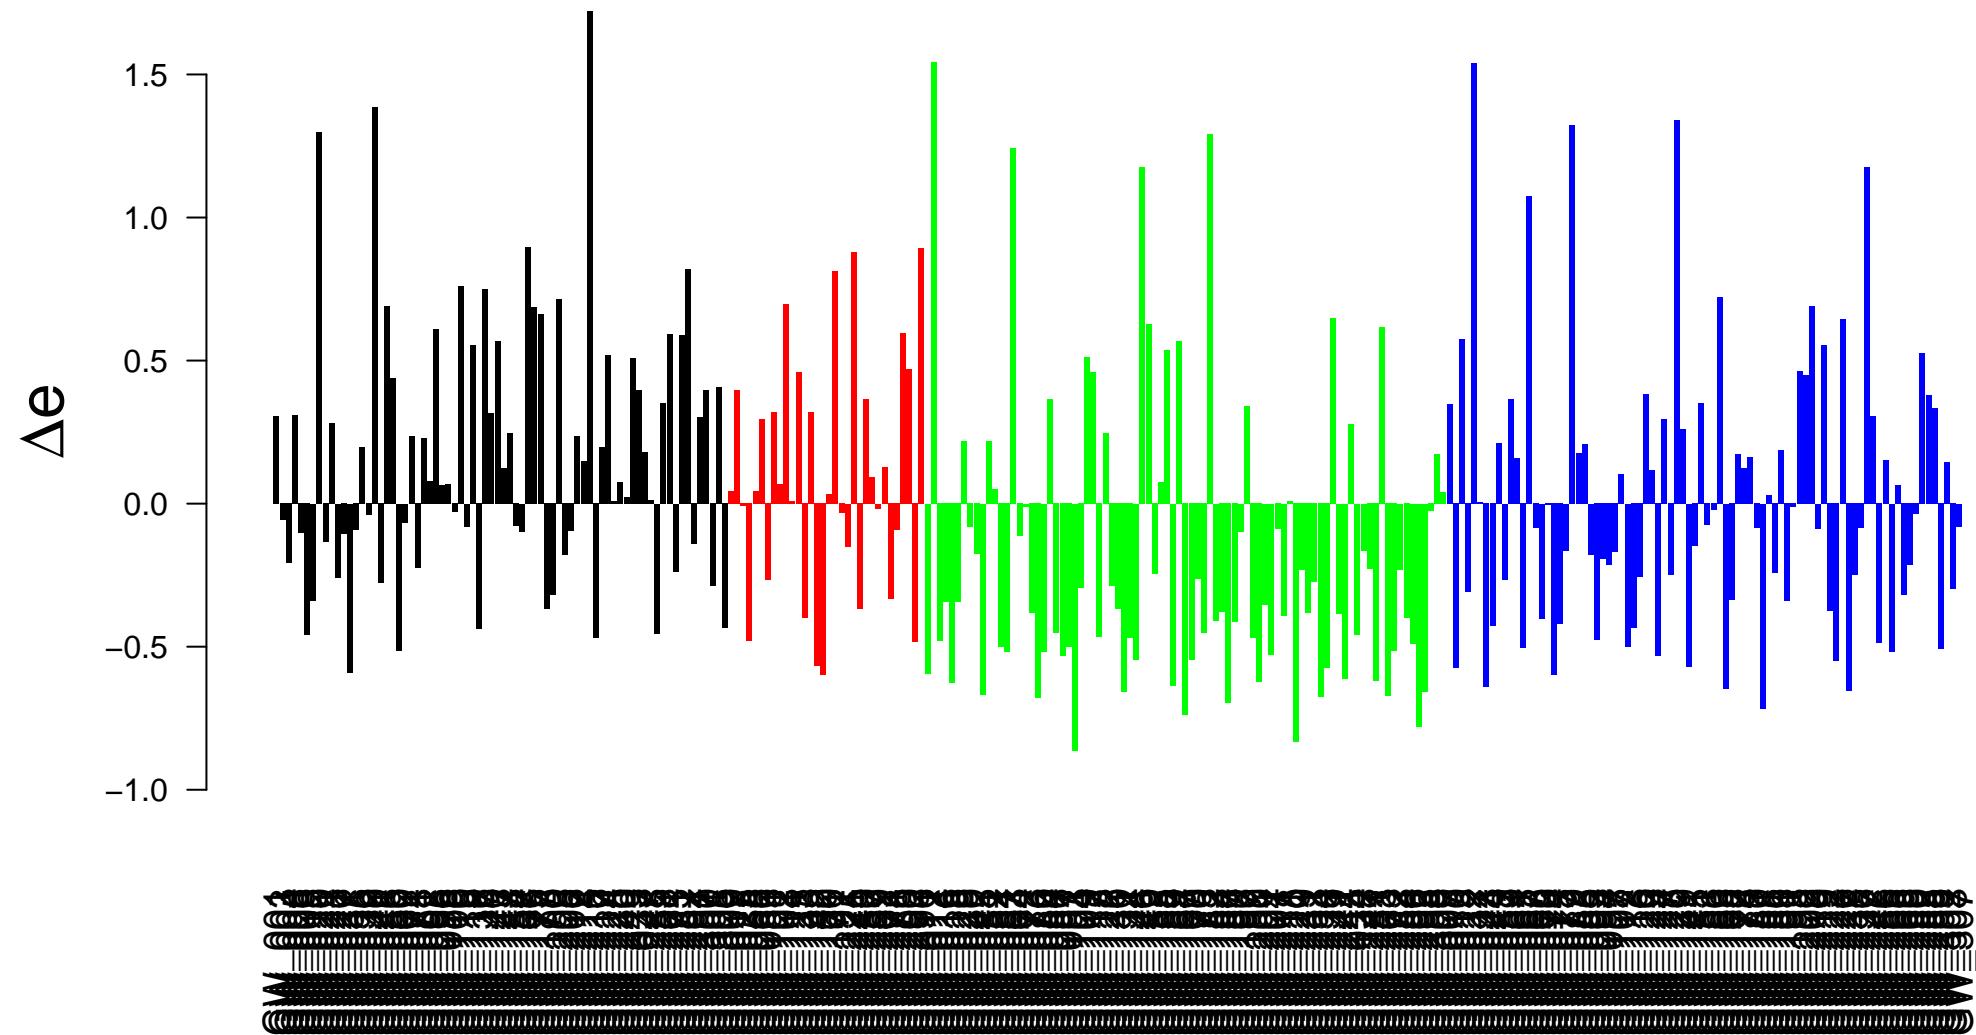

### glycerophospholipid biosynthetic process

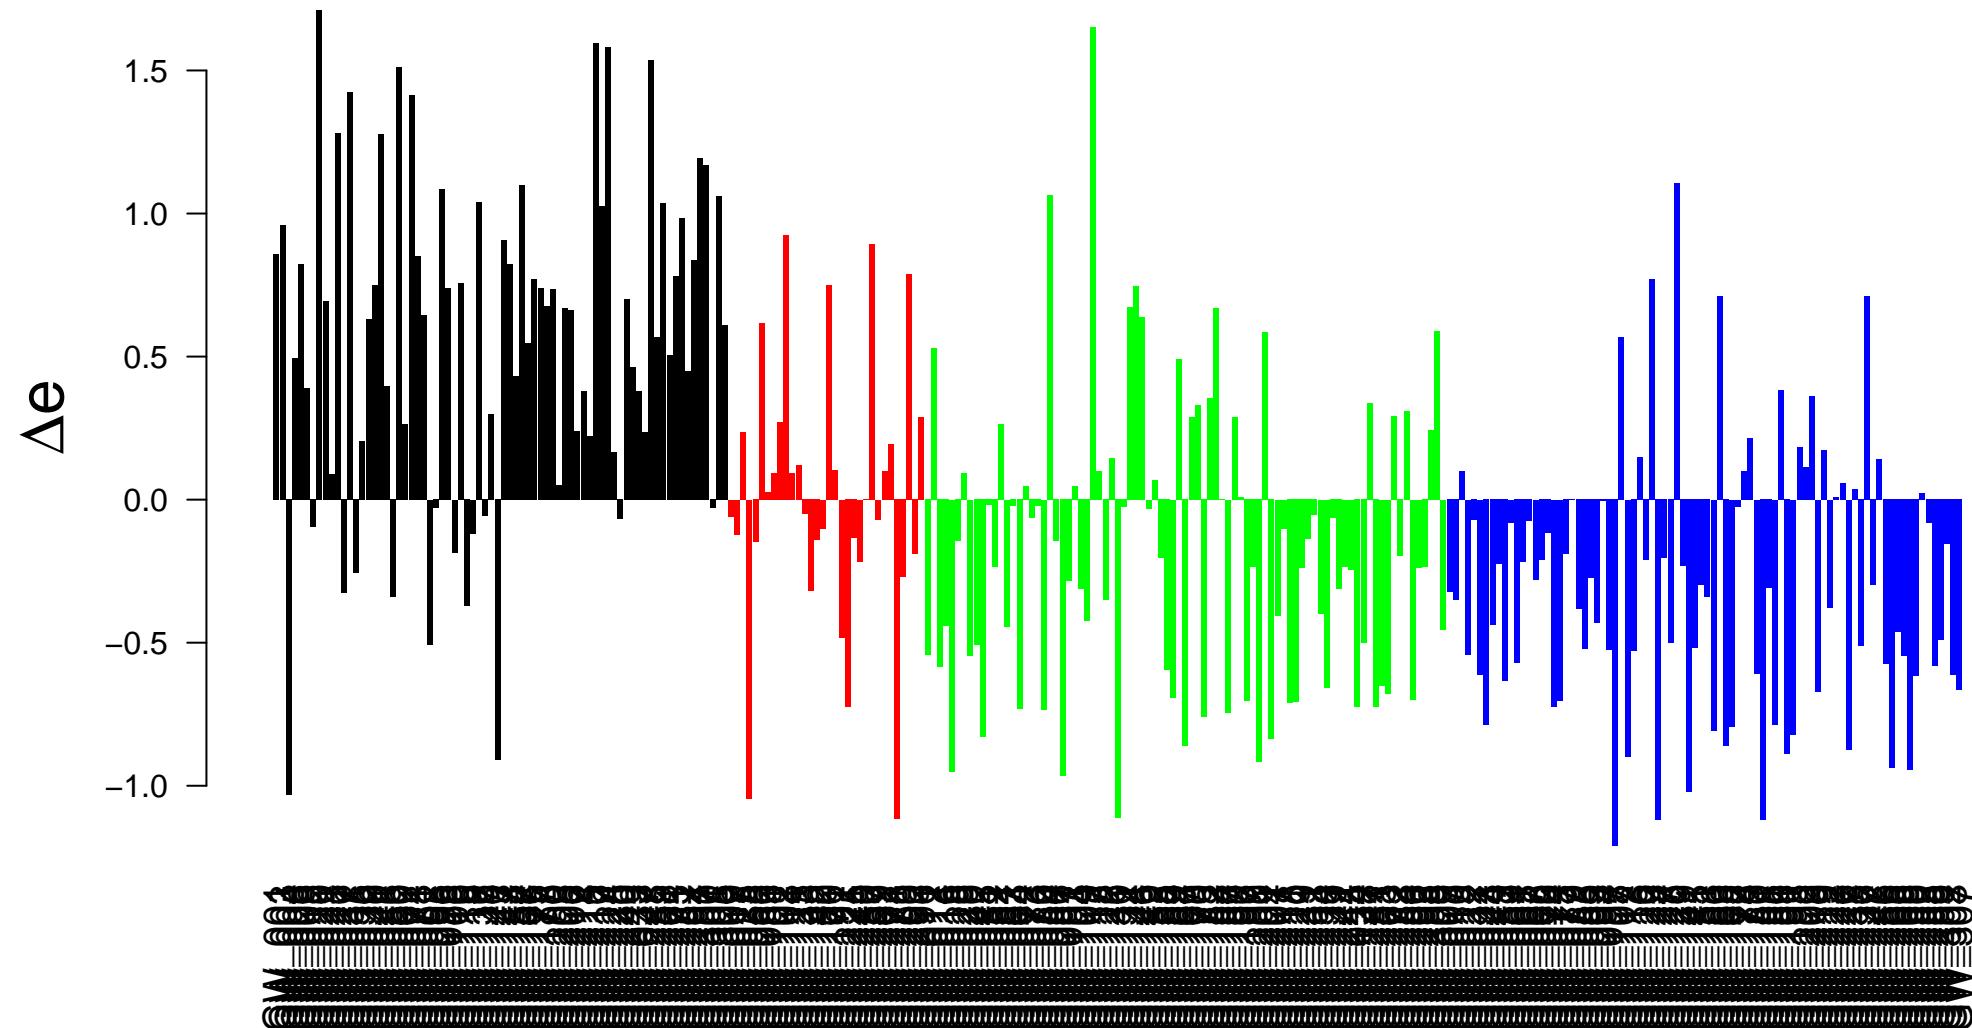

### Enrichment in spots: glycerophospholipid biosynthetic process

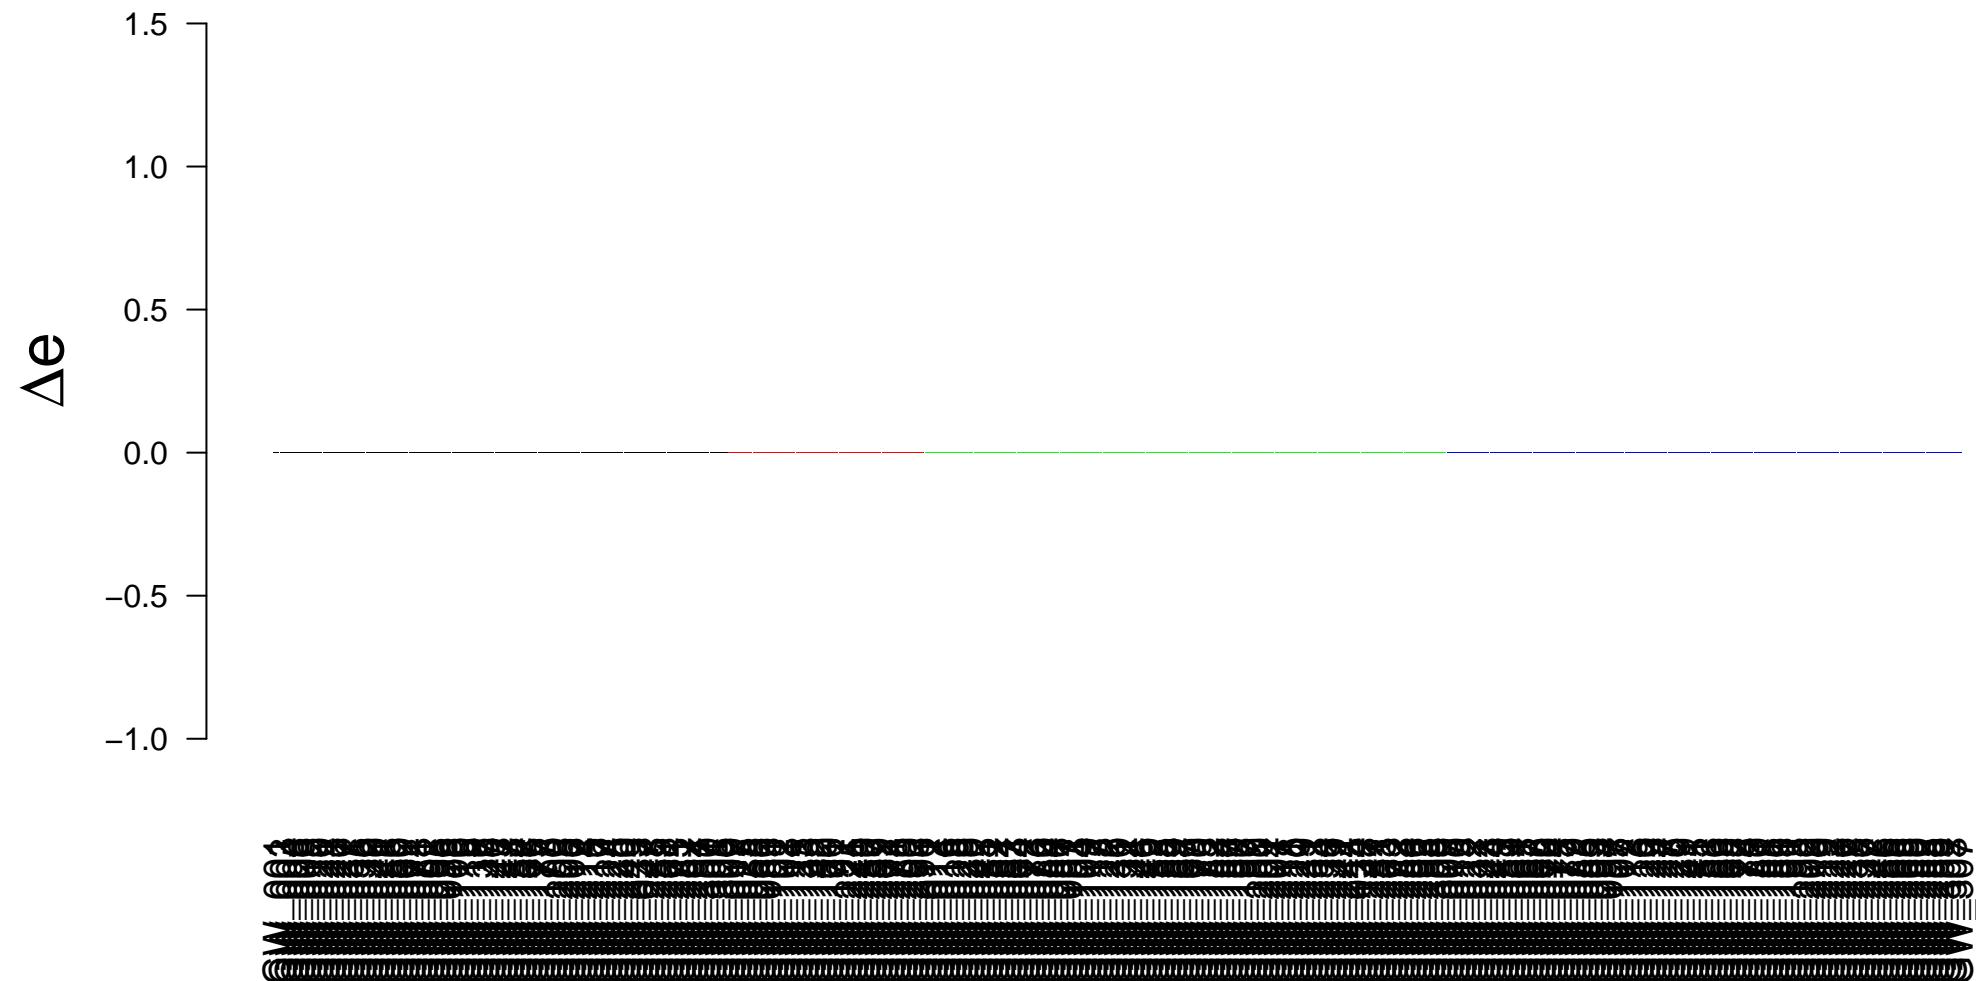

### Expression of glycerophospholipid biosynthetic process in Spot A

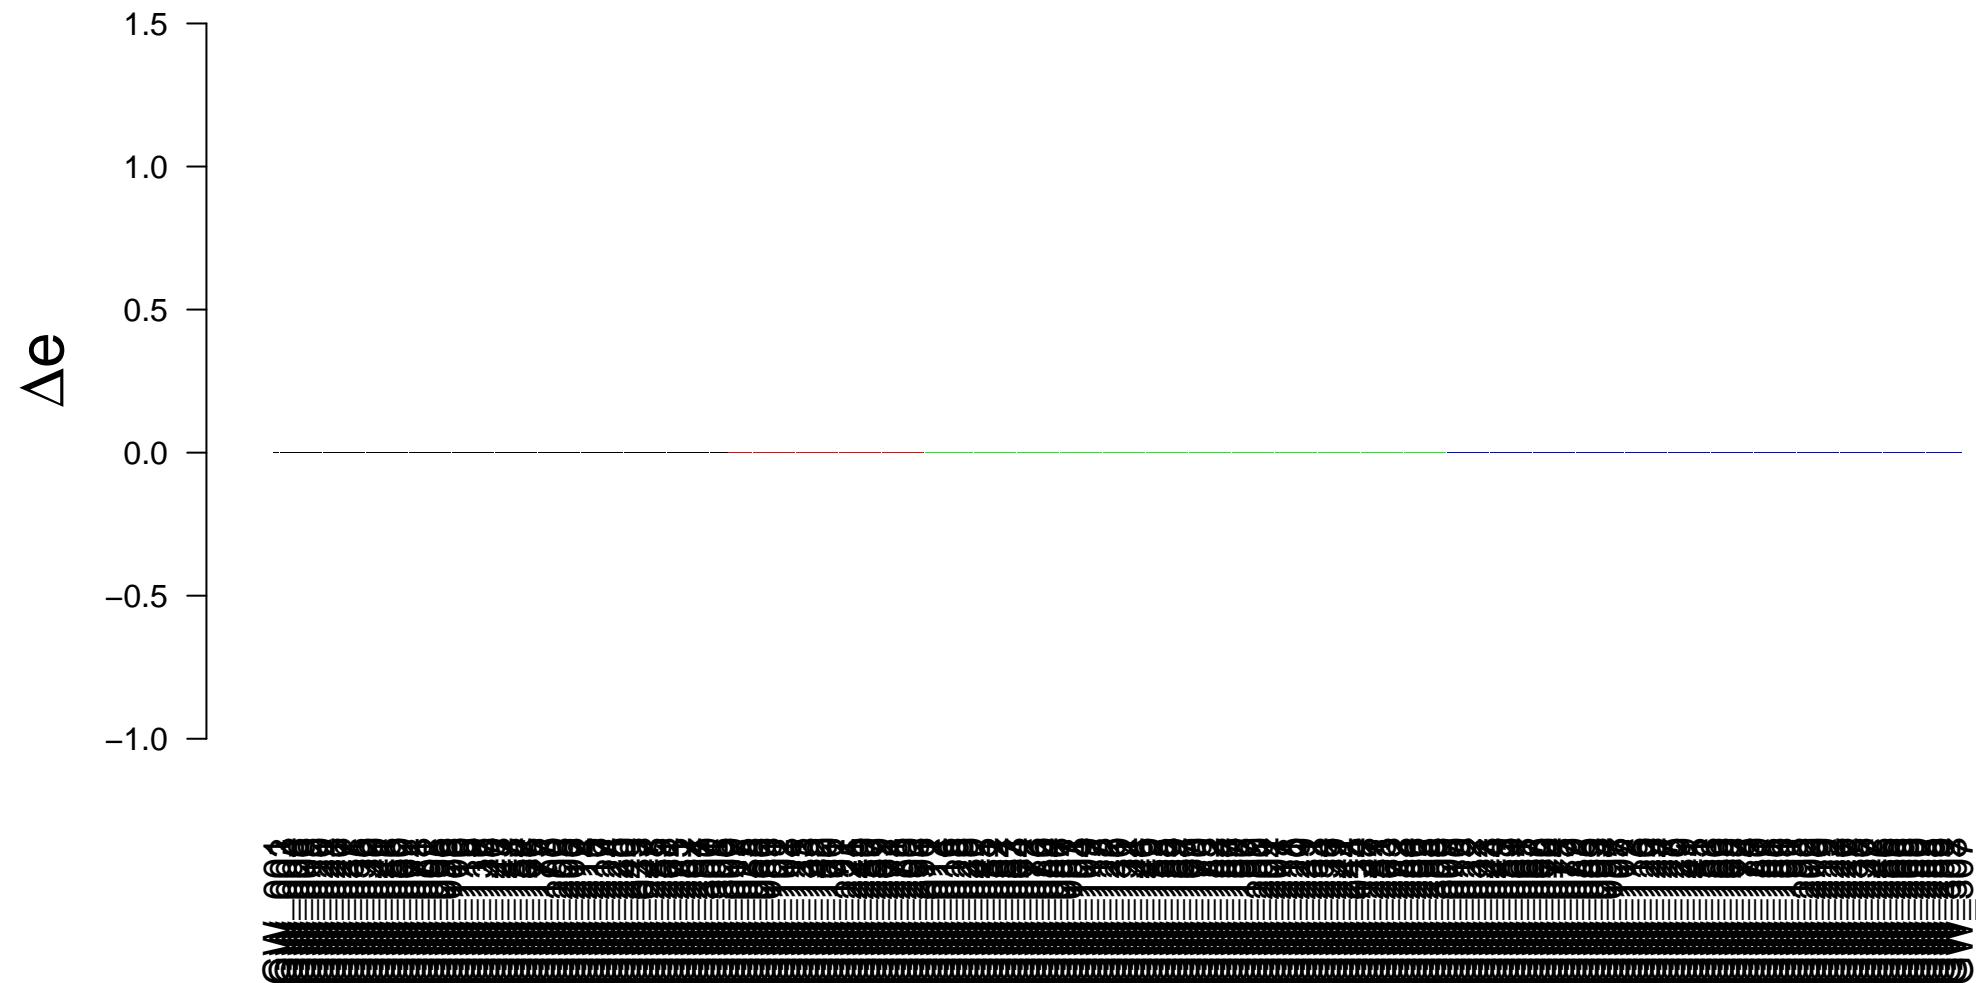

## Expression of glycerophospholipid biosynthetic process in Spot B

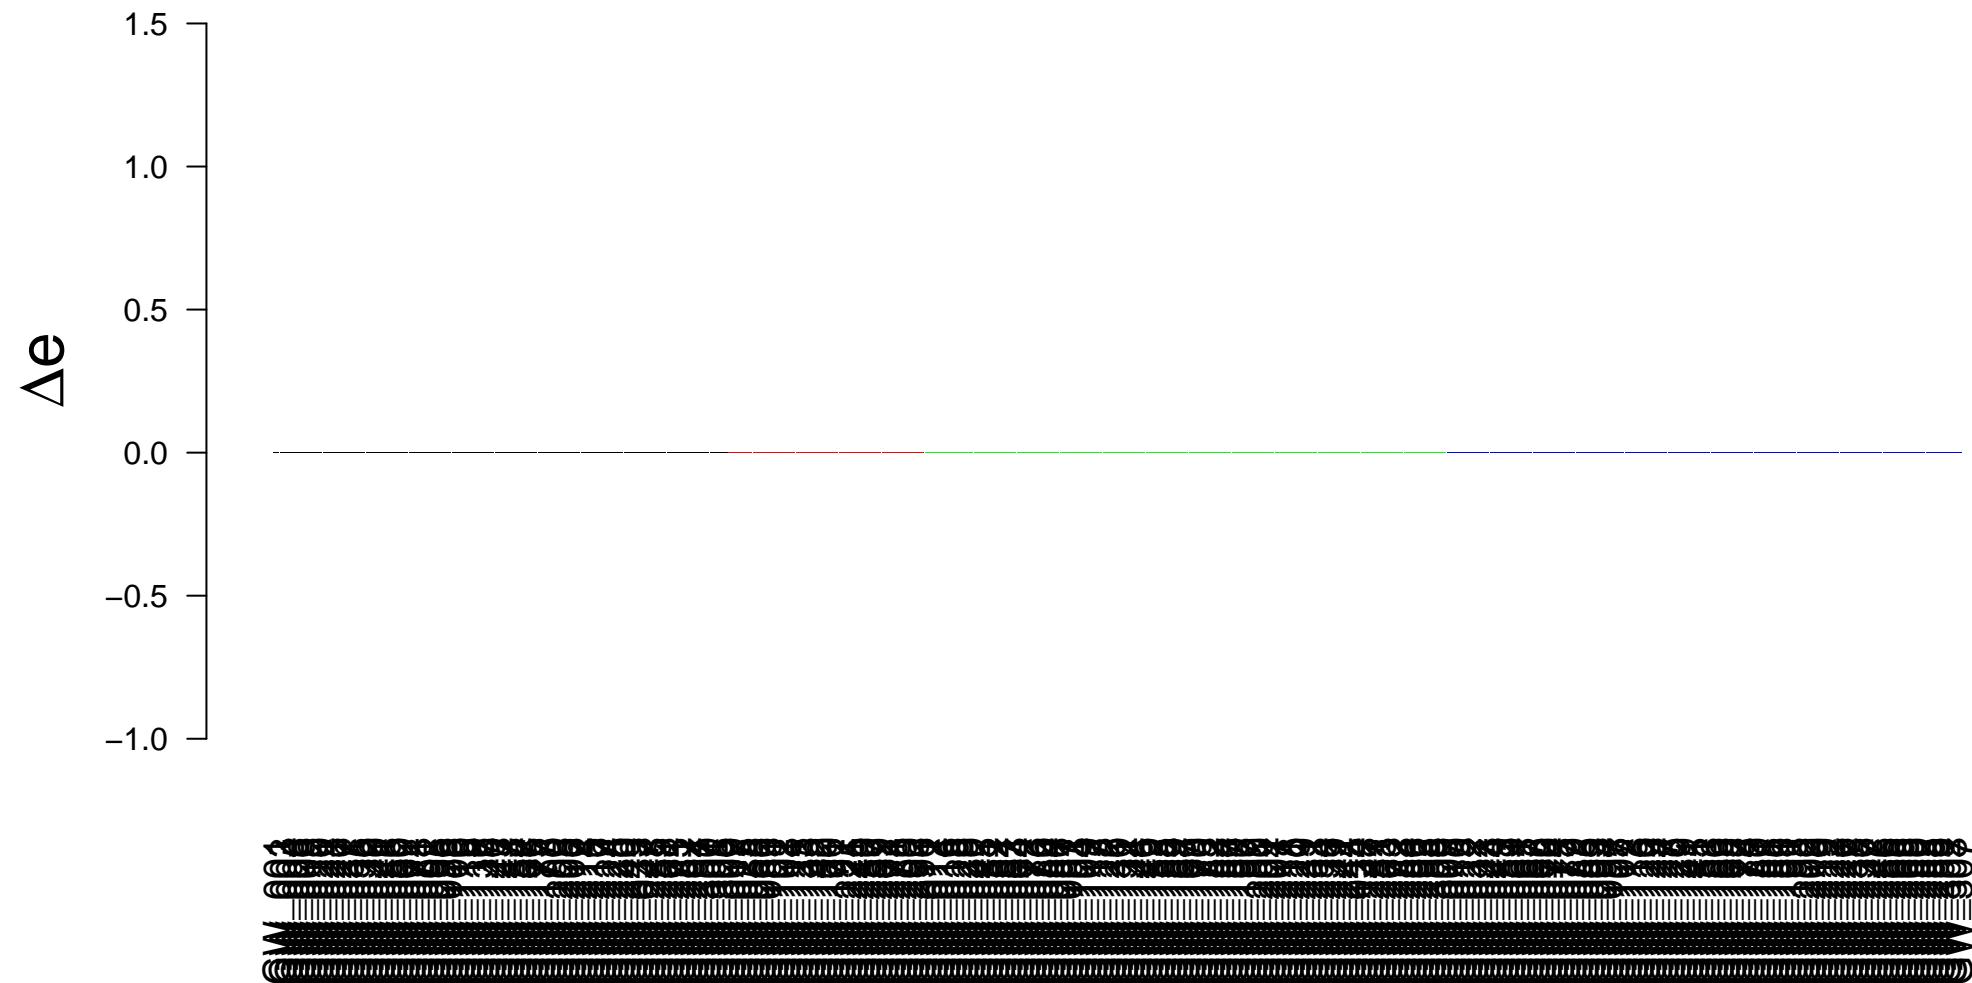

## Expression of glycerophospholipid biosynthetic process in Spot C

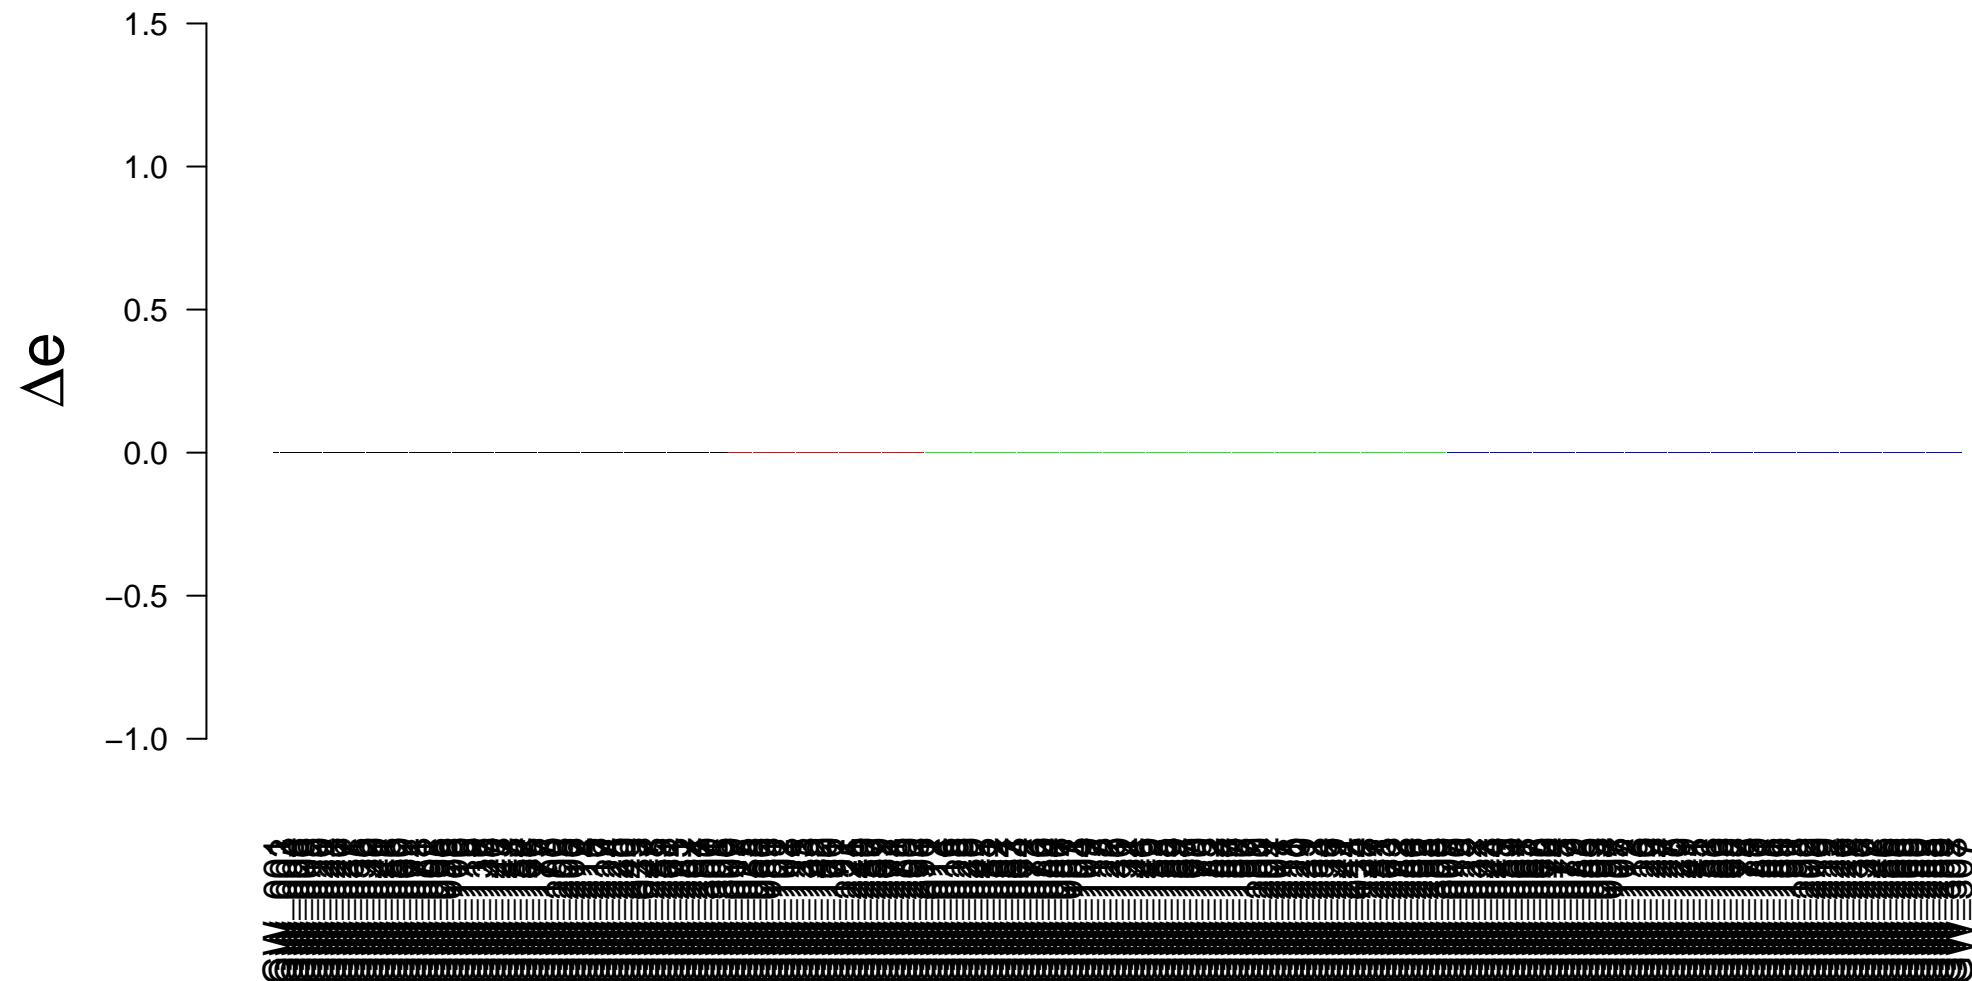

## Expression of glycerophospholipid biosynthetic process in Spot D

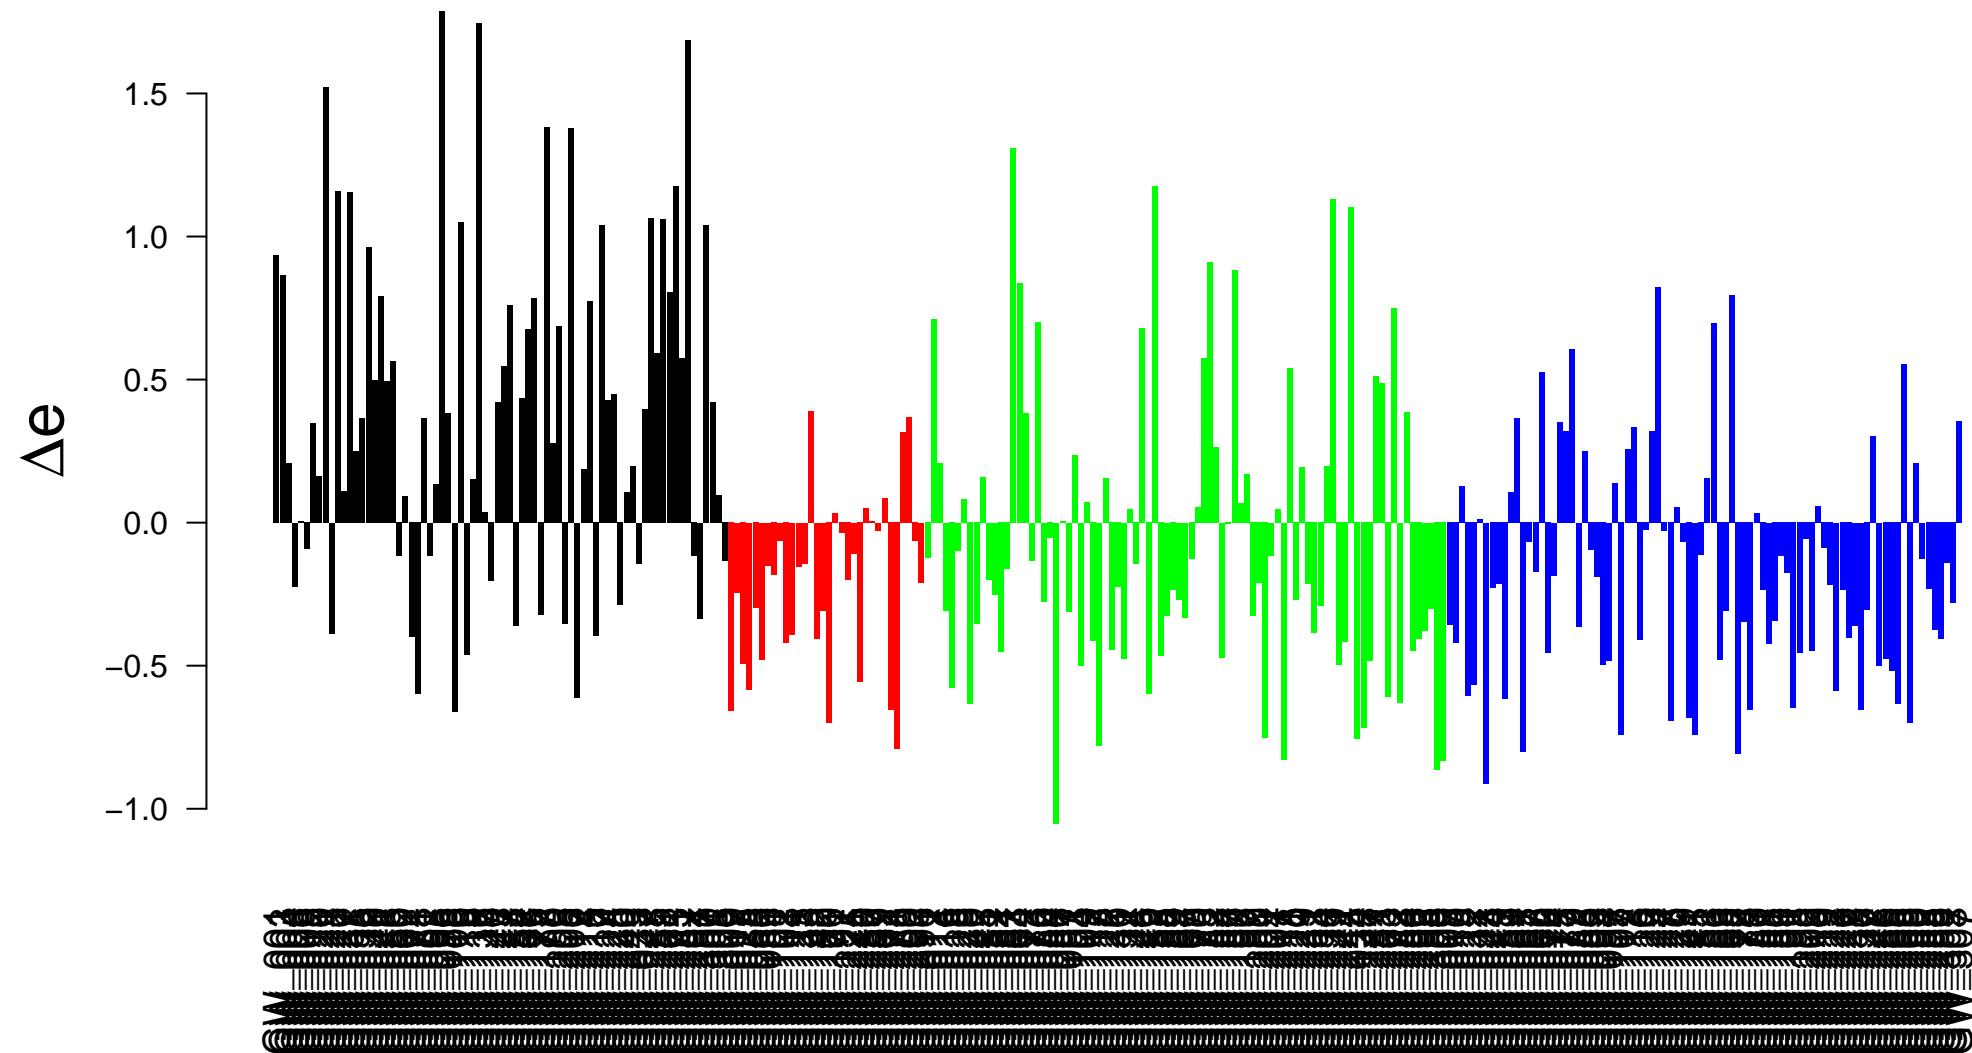

## Expression of glycerophospholipid biosynthetic process in Spot E

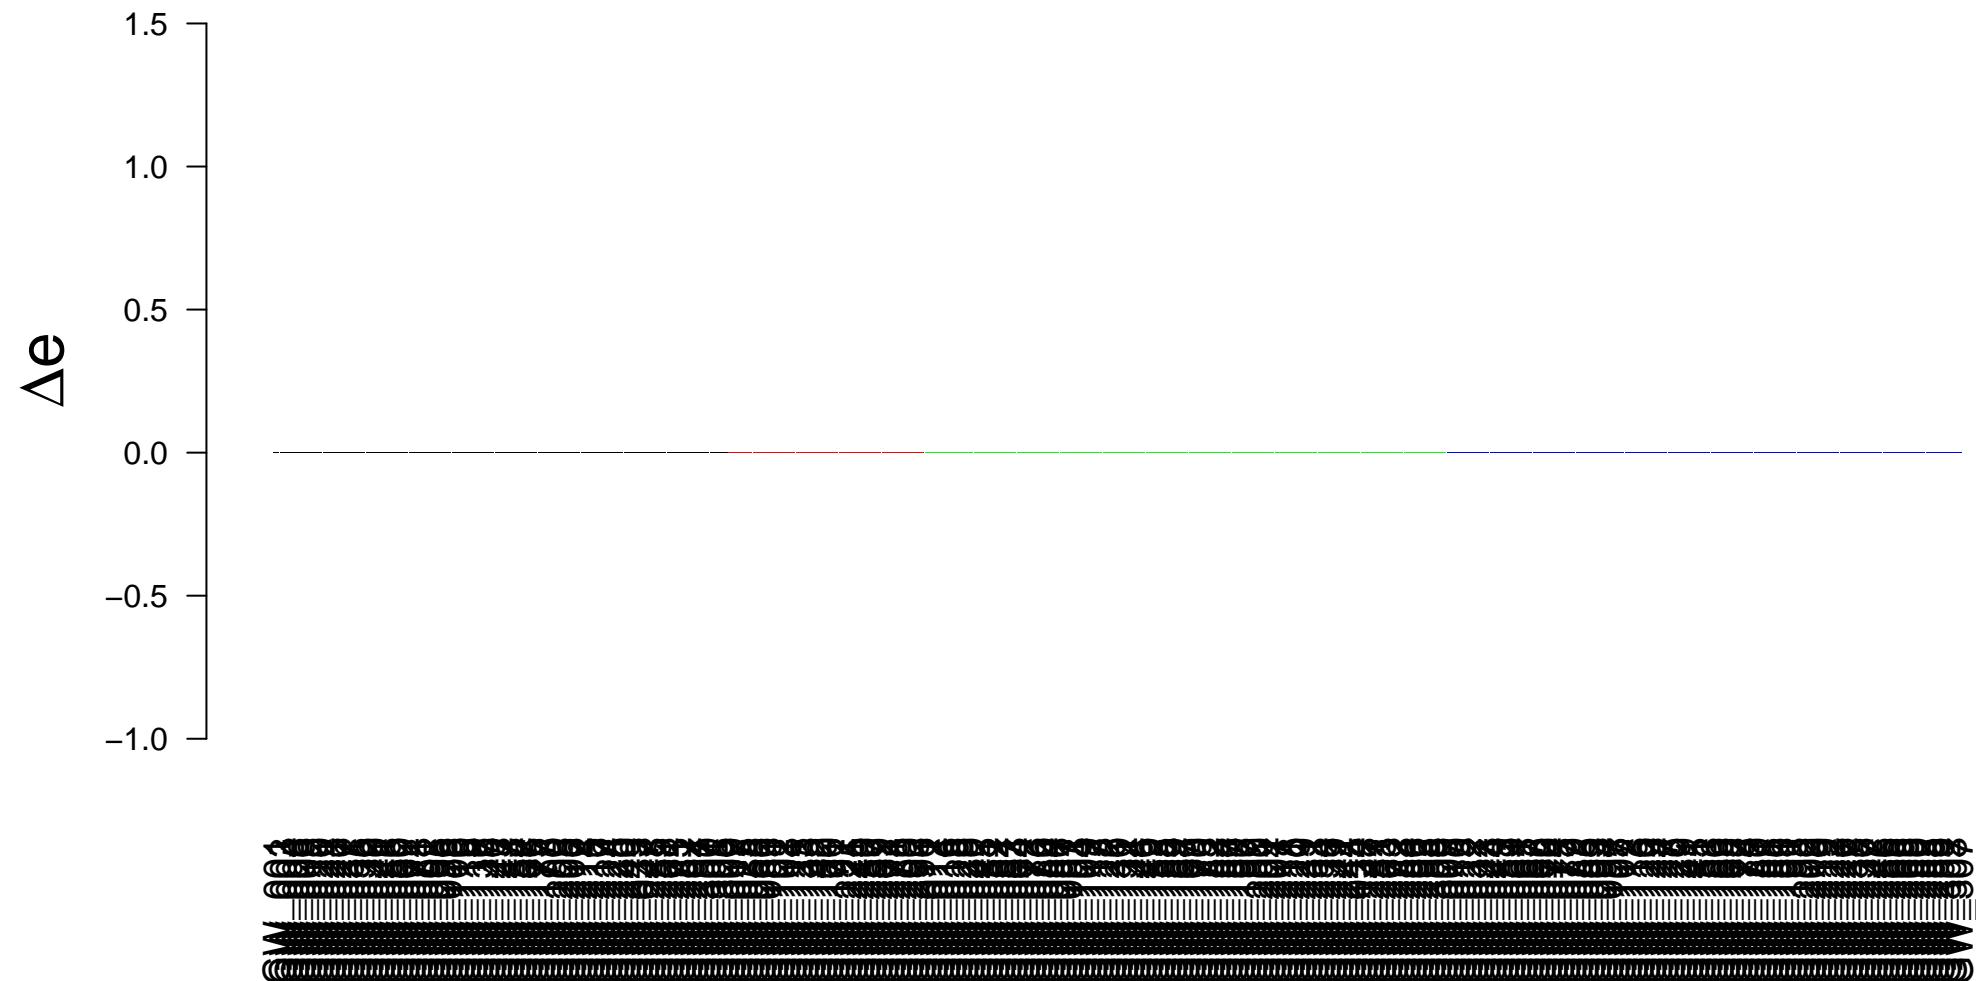

## Expression of glycerophospholipid biosynthetic process in Spot F

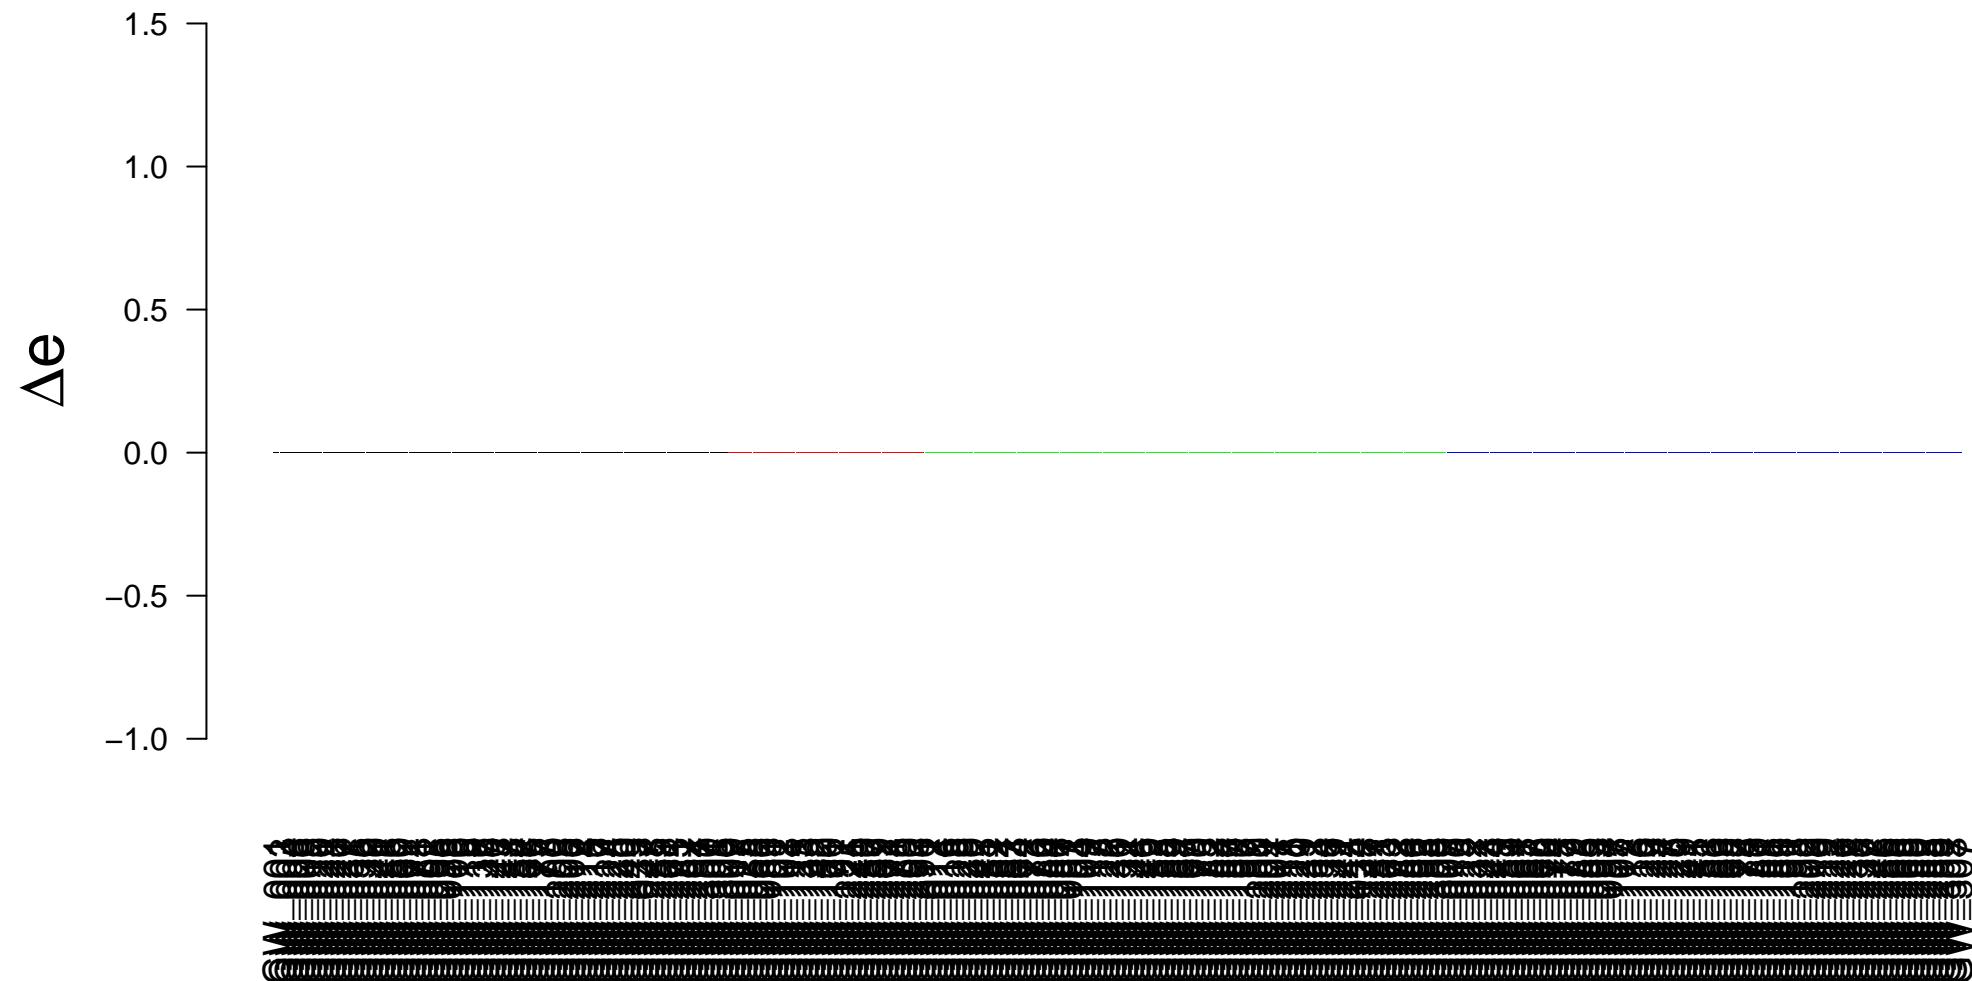

## Expression of glycerophospholipid biosynthetic process in Spot G

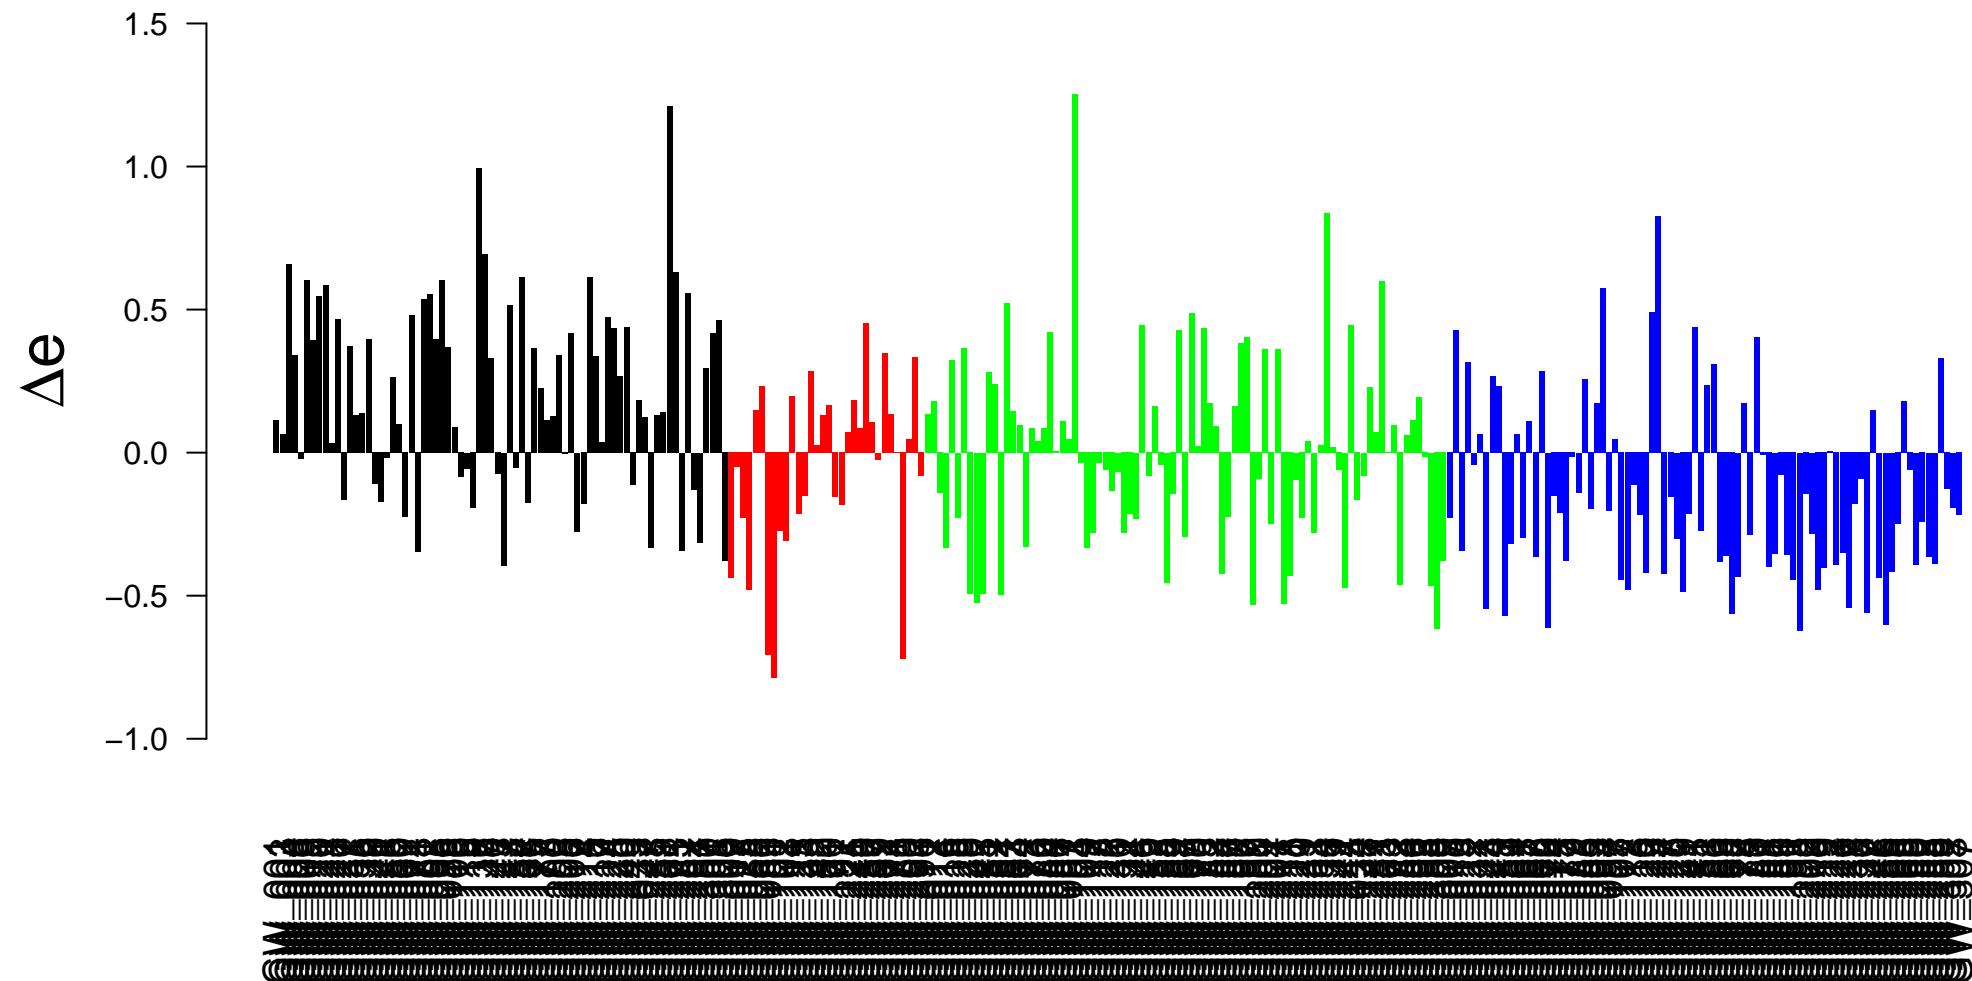

## Expression of glycerophospholipid biosynthetic process in Spot H

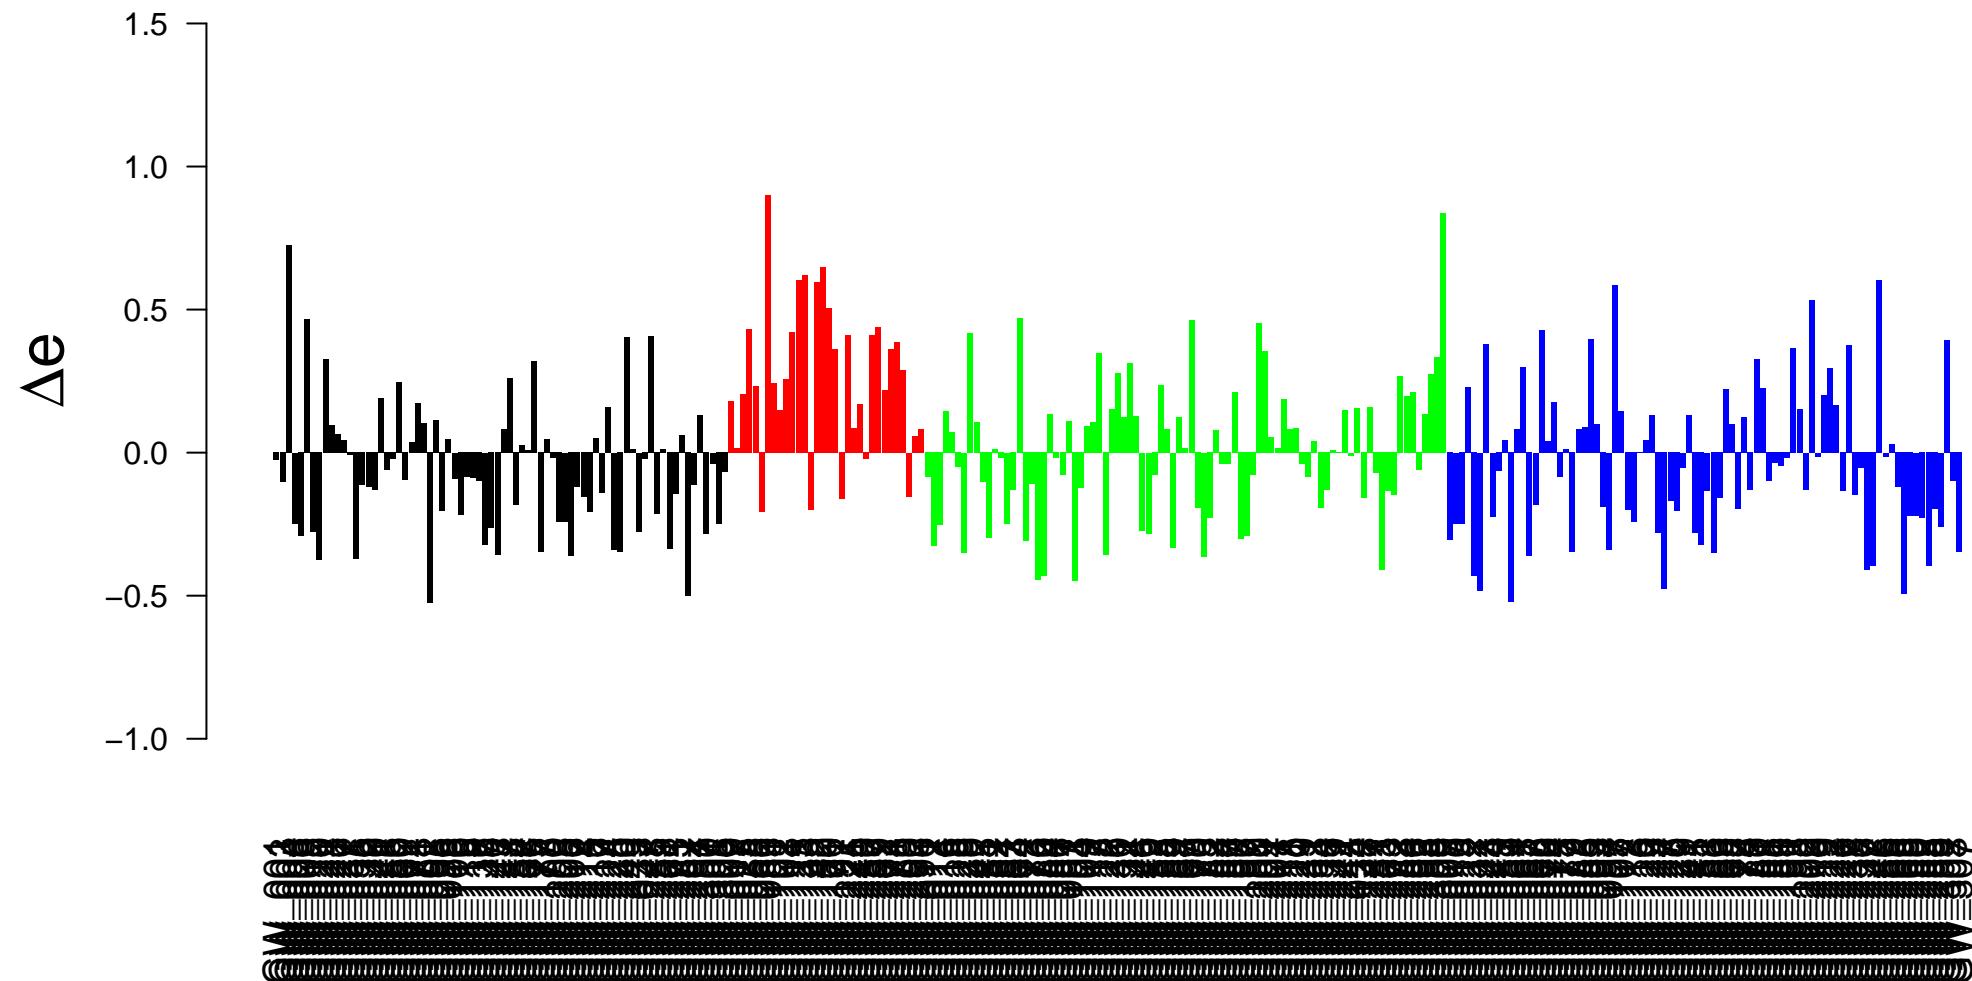

## Expression of glycerophospholipid biosynthetic process in Spot I

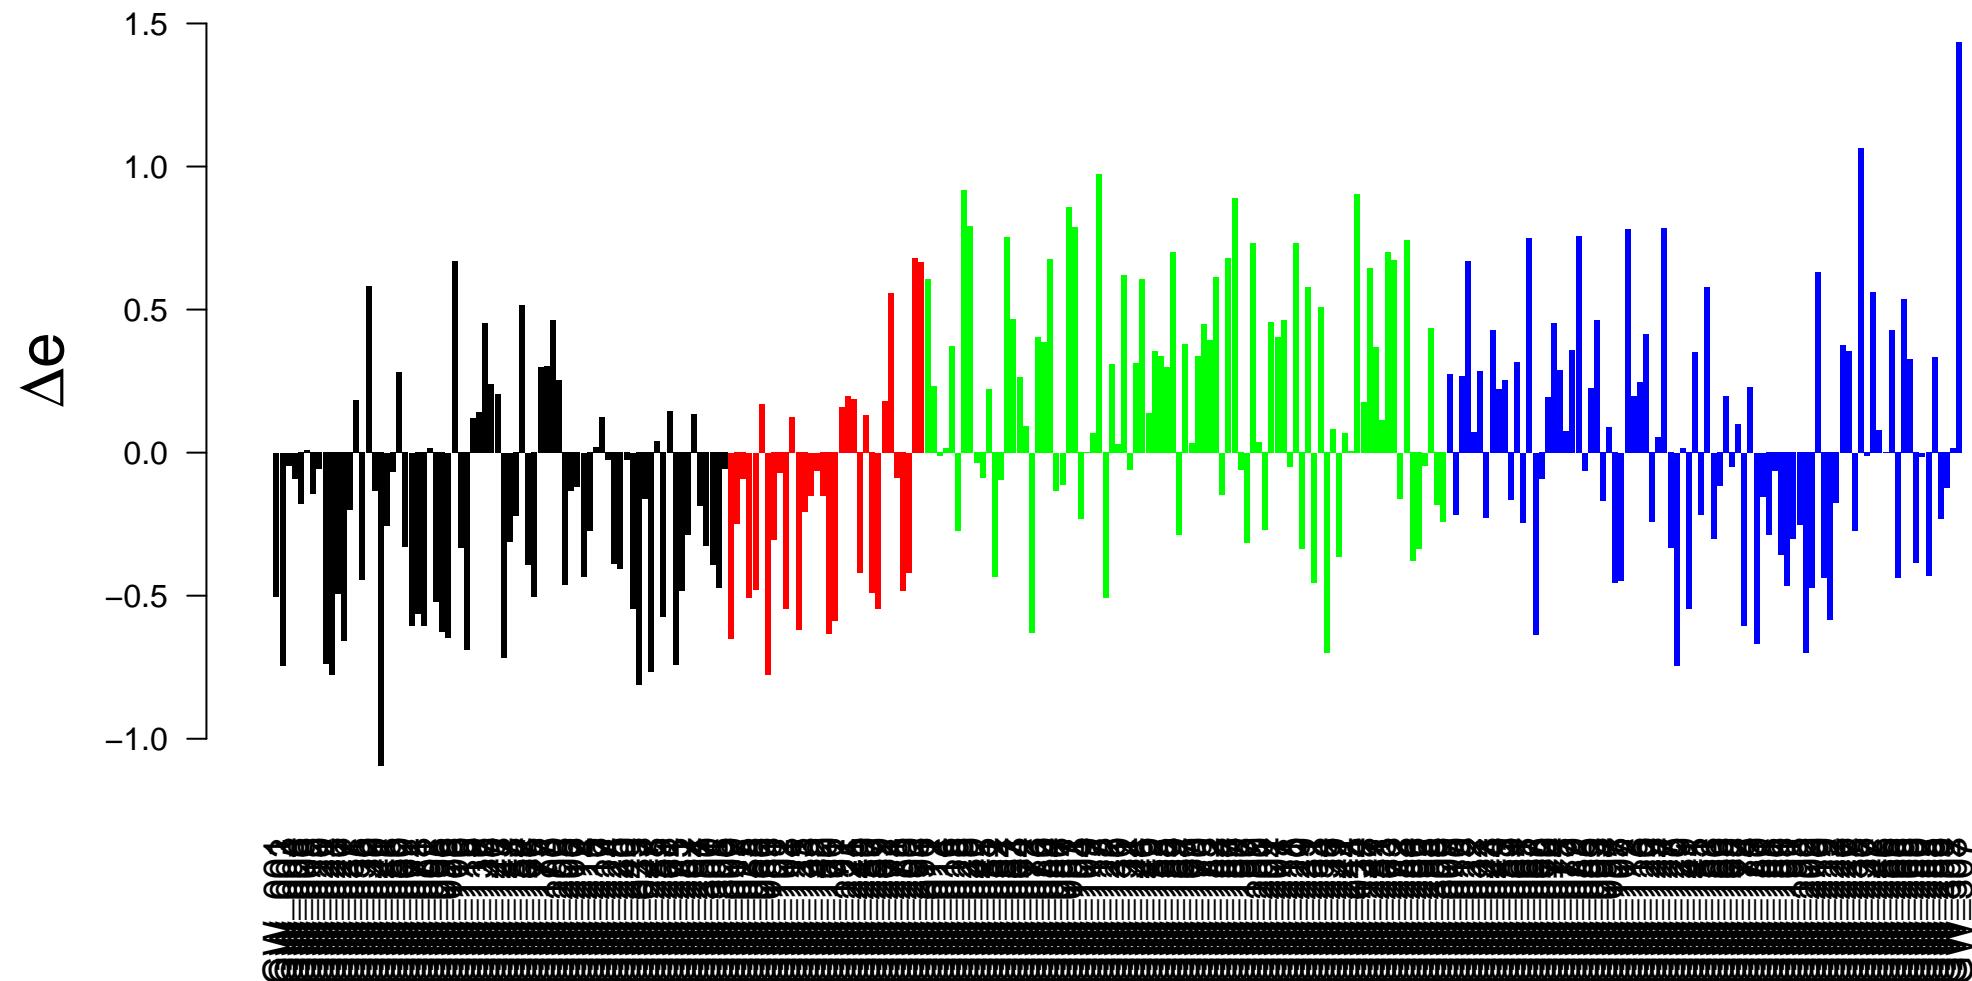

## Expression of glycerophospholipid biosynthetic process in Spot J

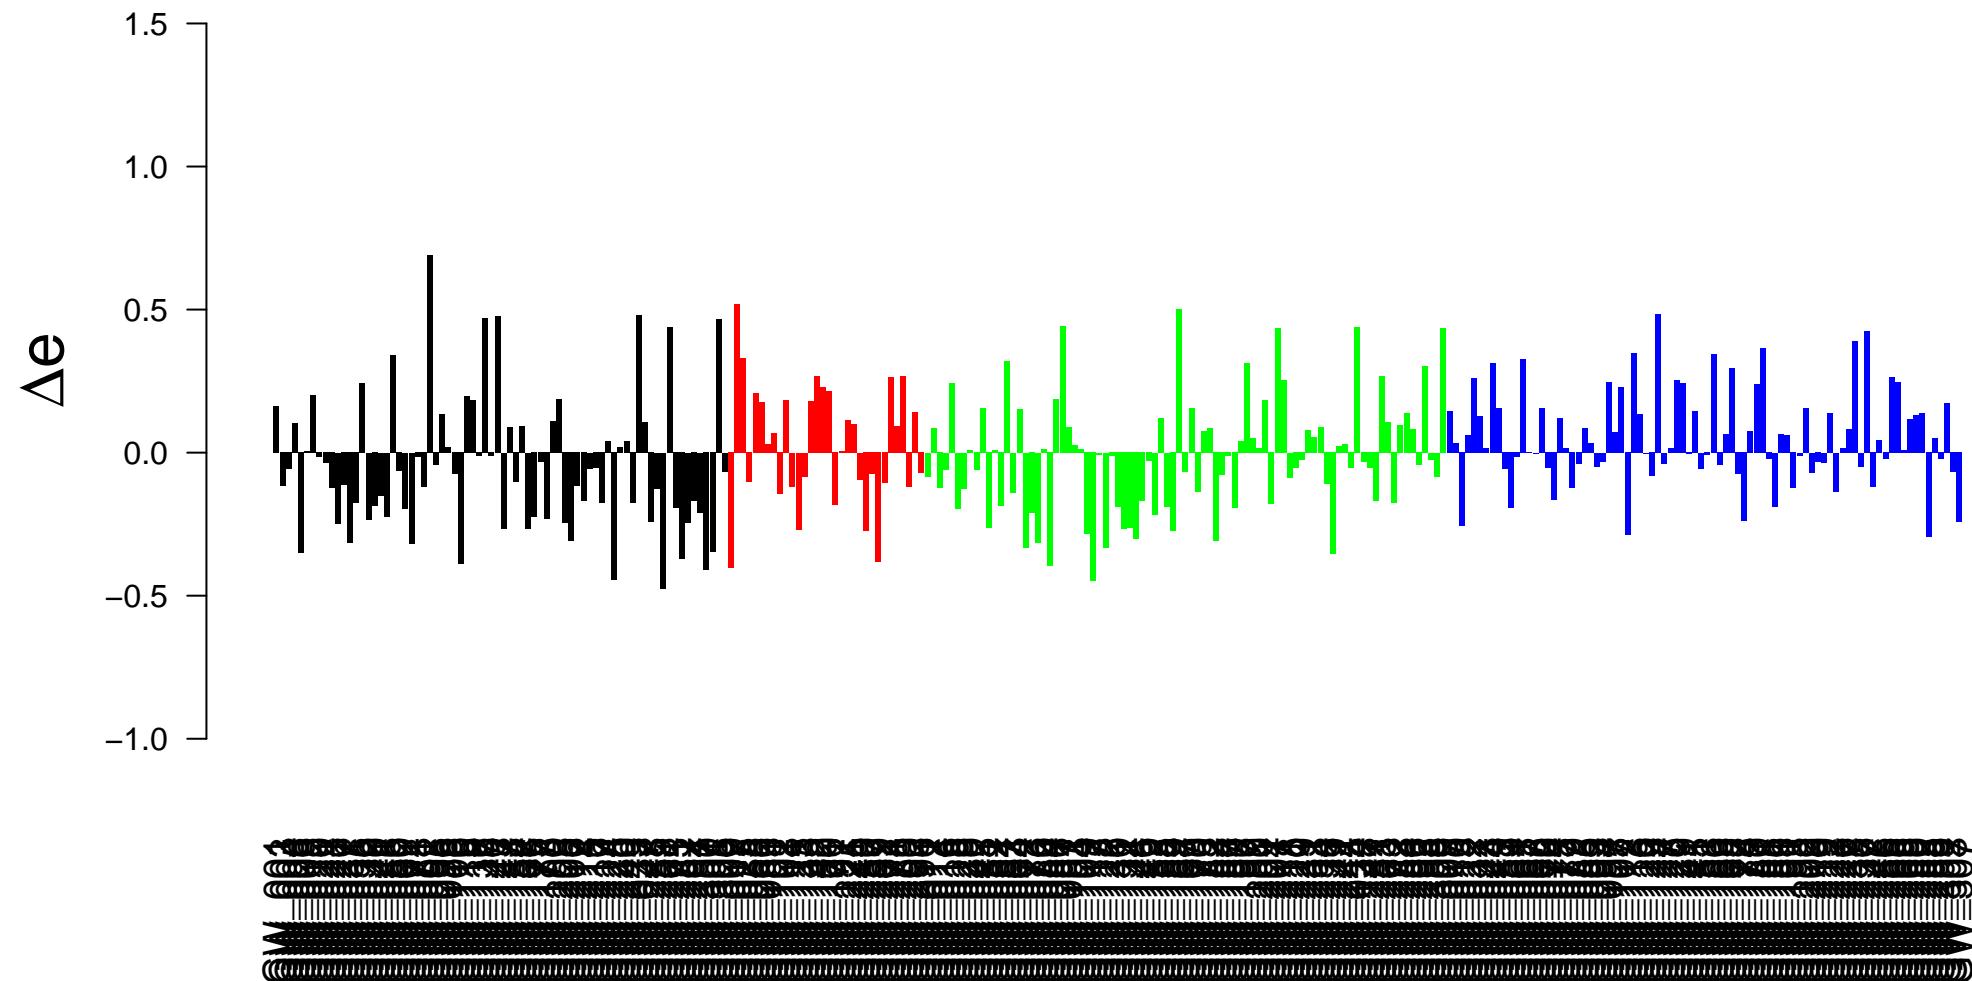

## Expression of glycerophospholipid biosynthetic process in Spot K

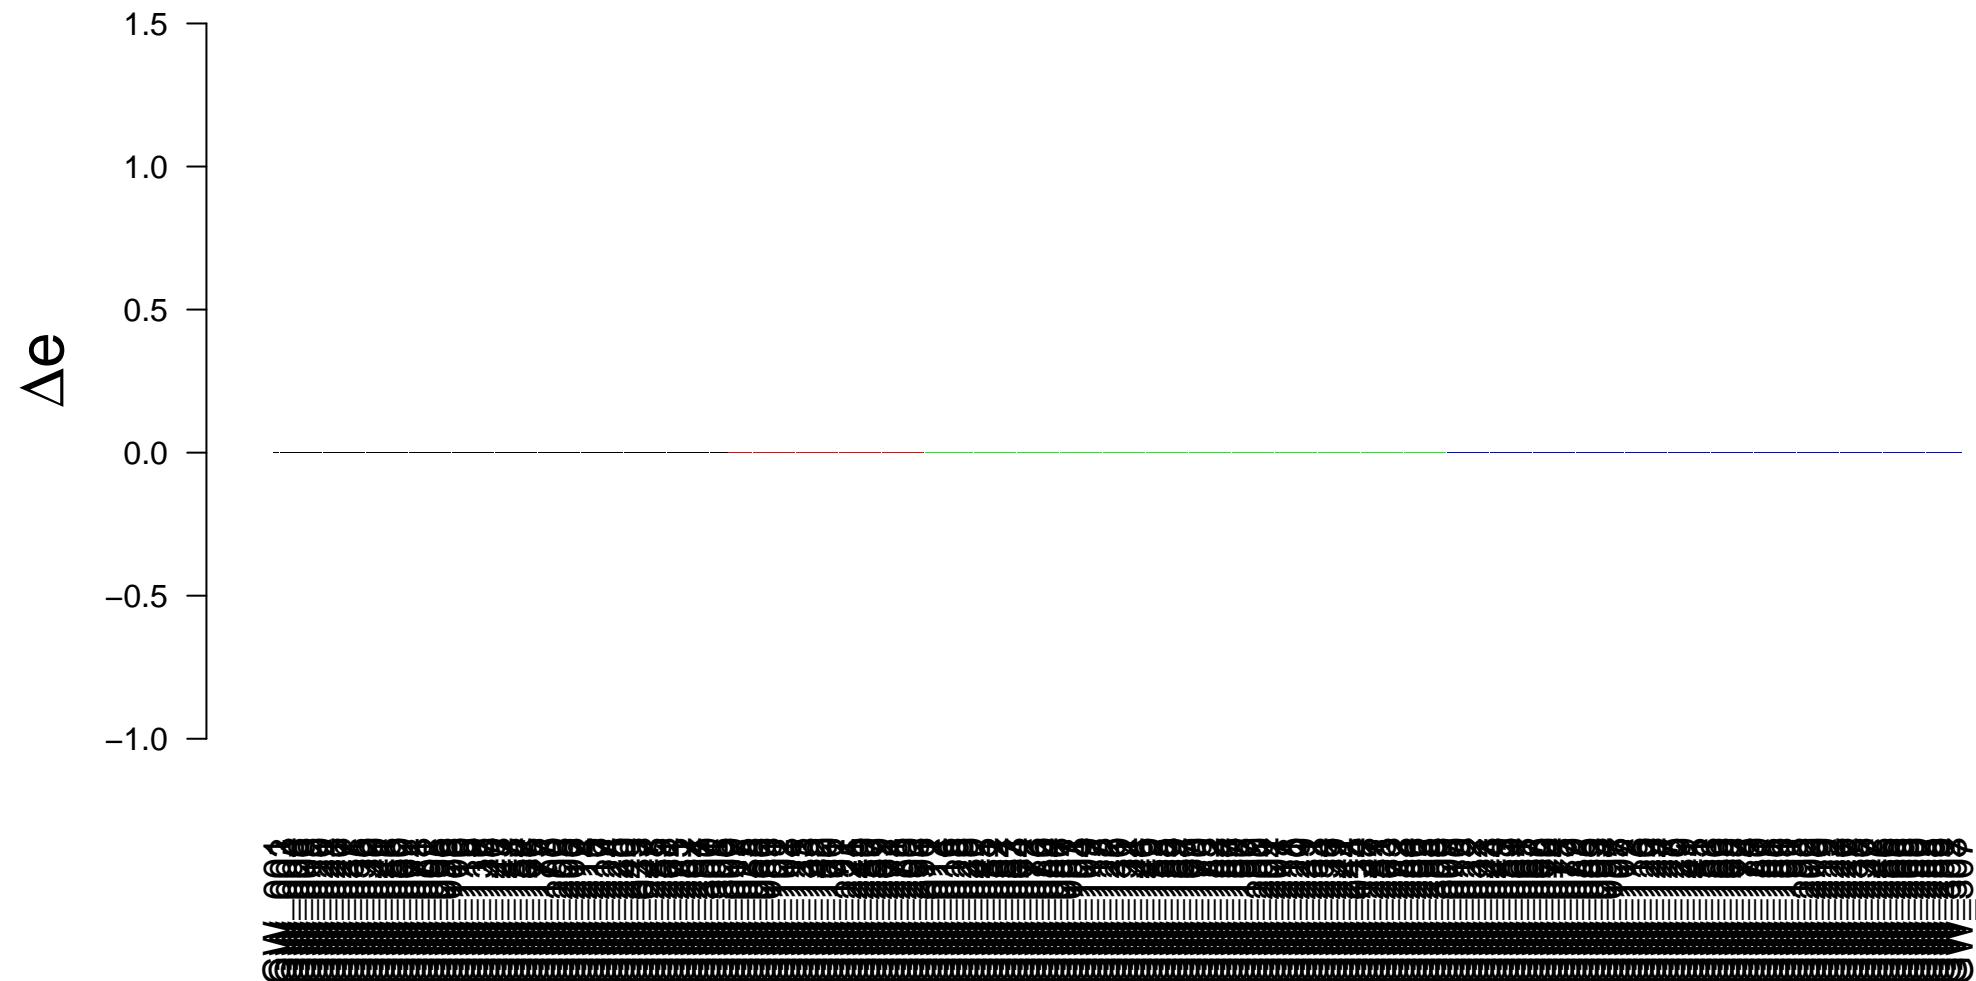

## Expression of glycerophospholipid biosynthetic process in Spot L

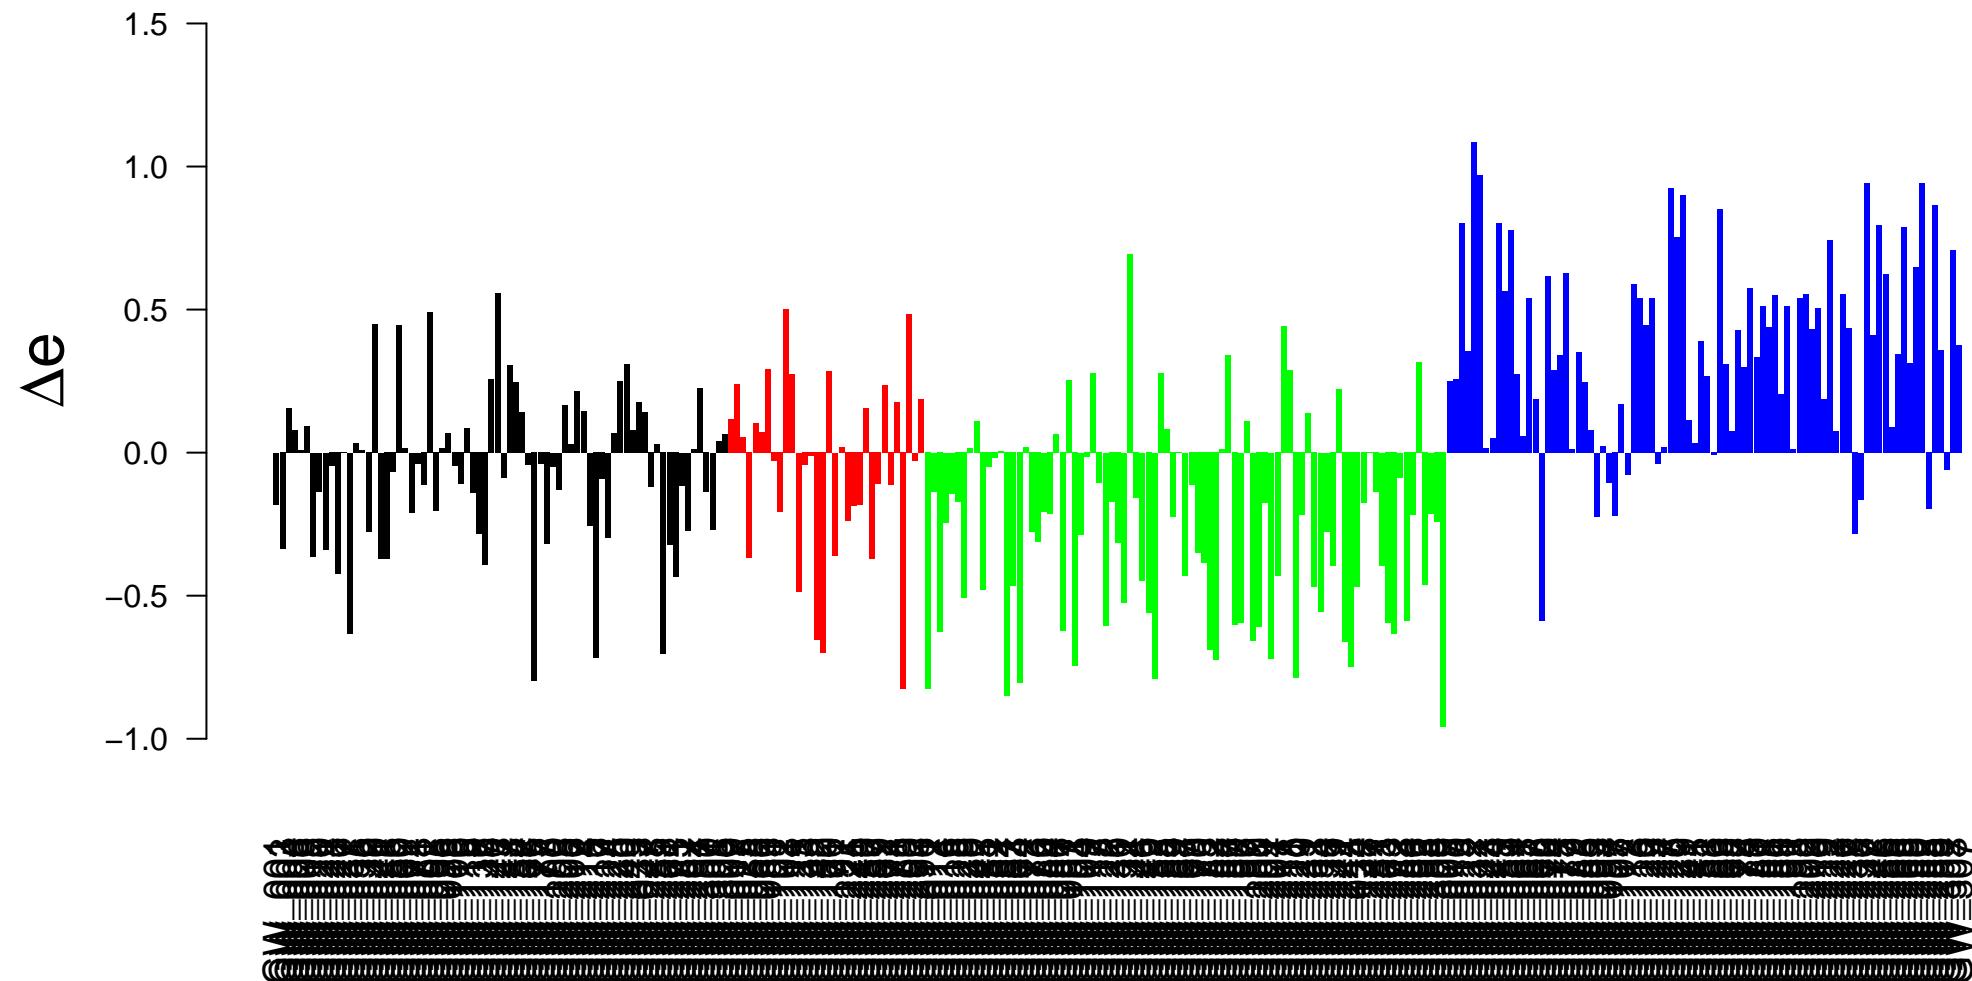

## Expression of glycerophospholipid biosynthetic process in Spot M

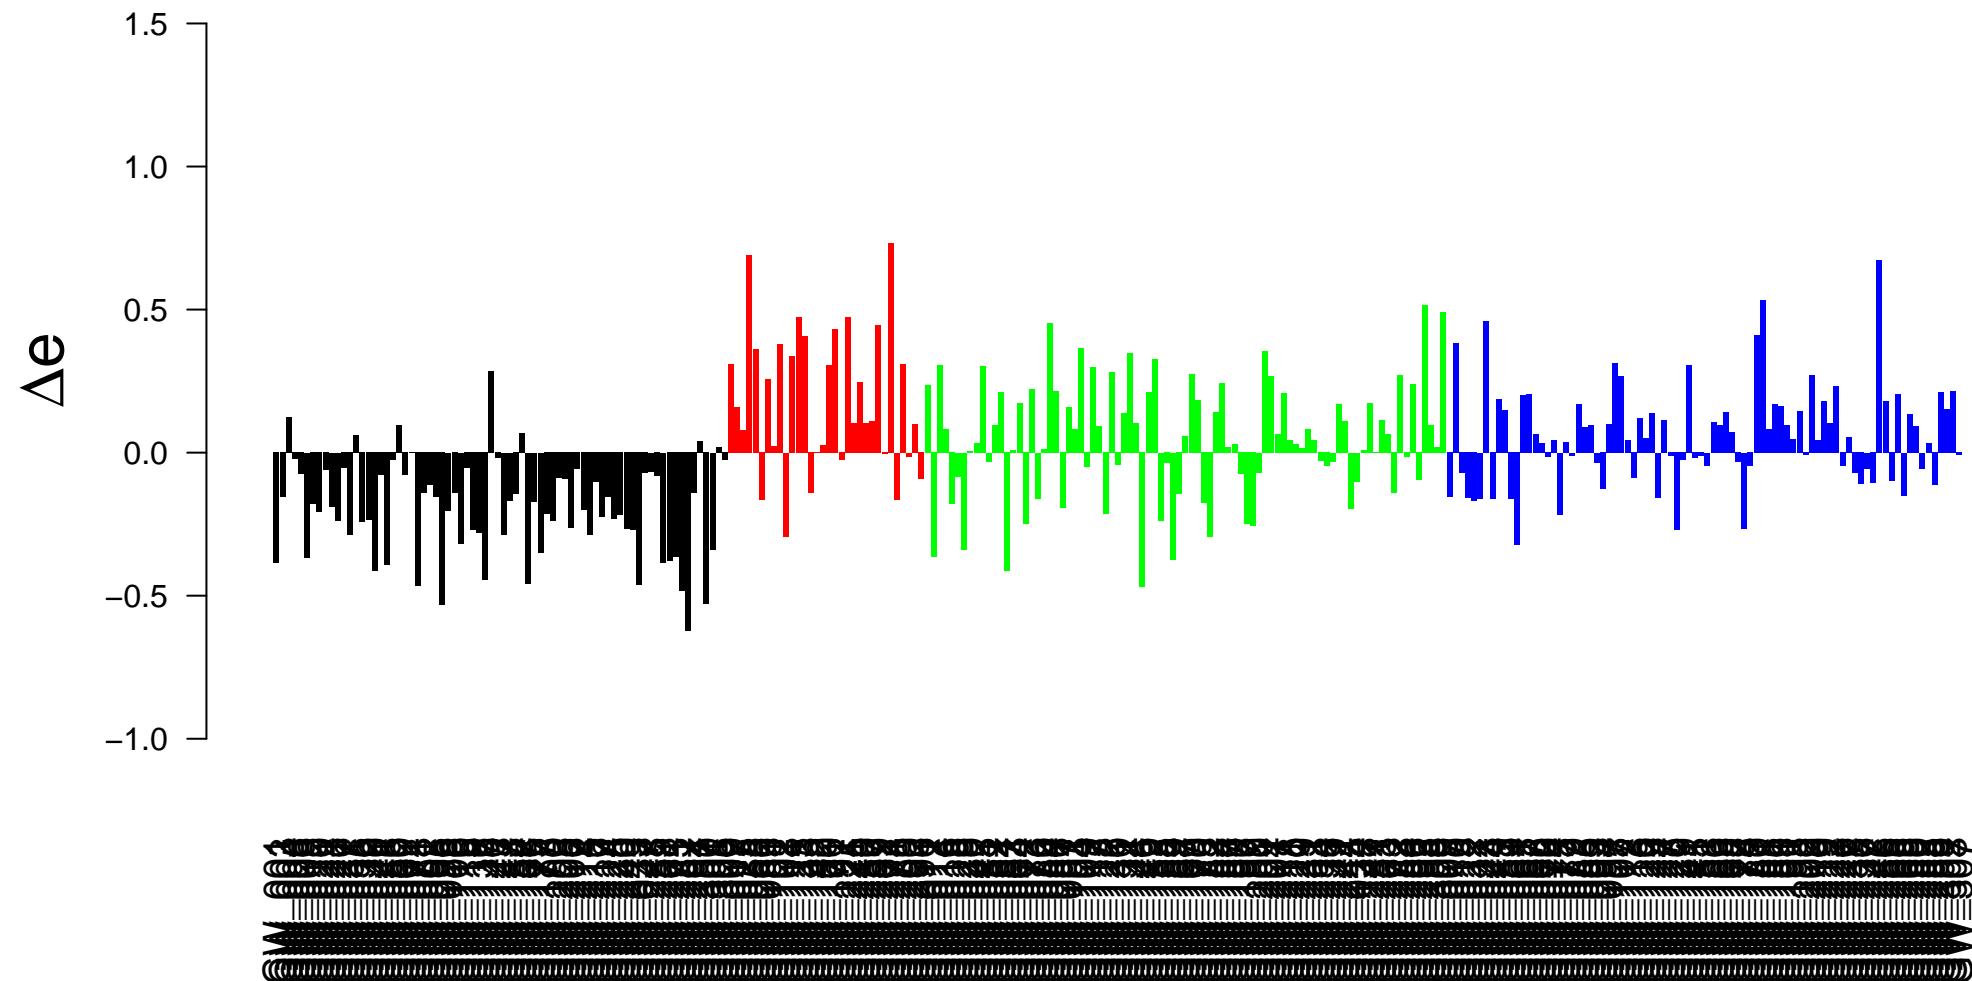

## Expression of glycerophospholipid biosynthetic process in Spot N

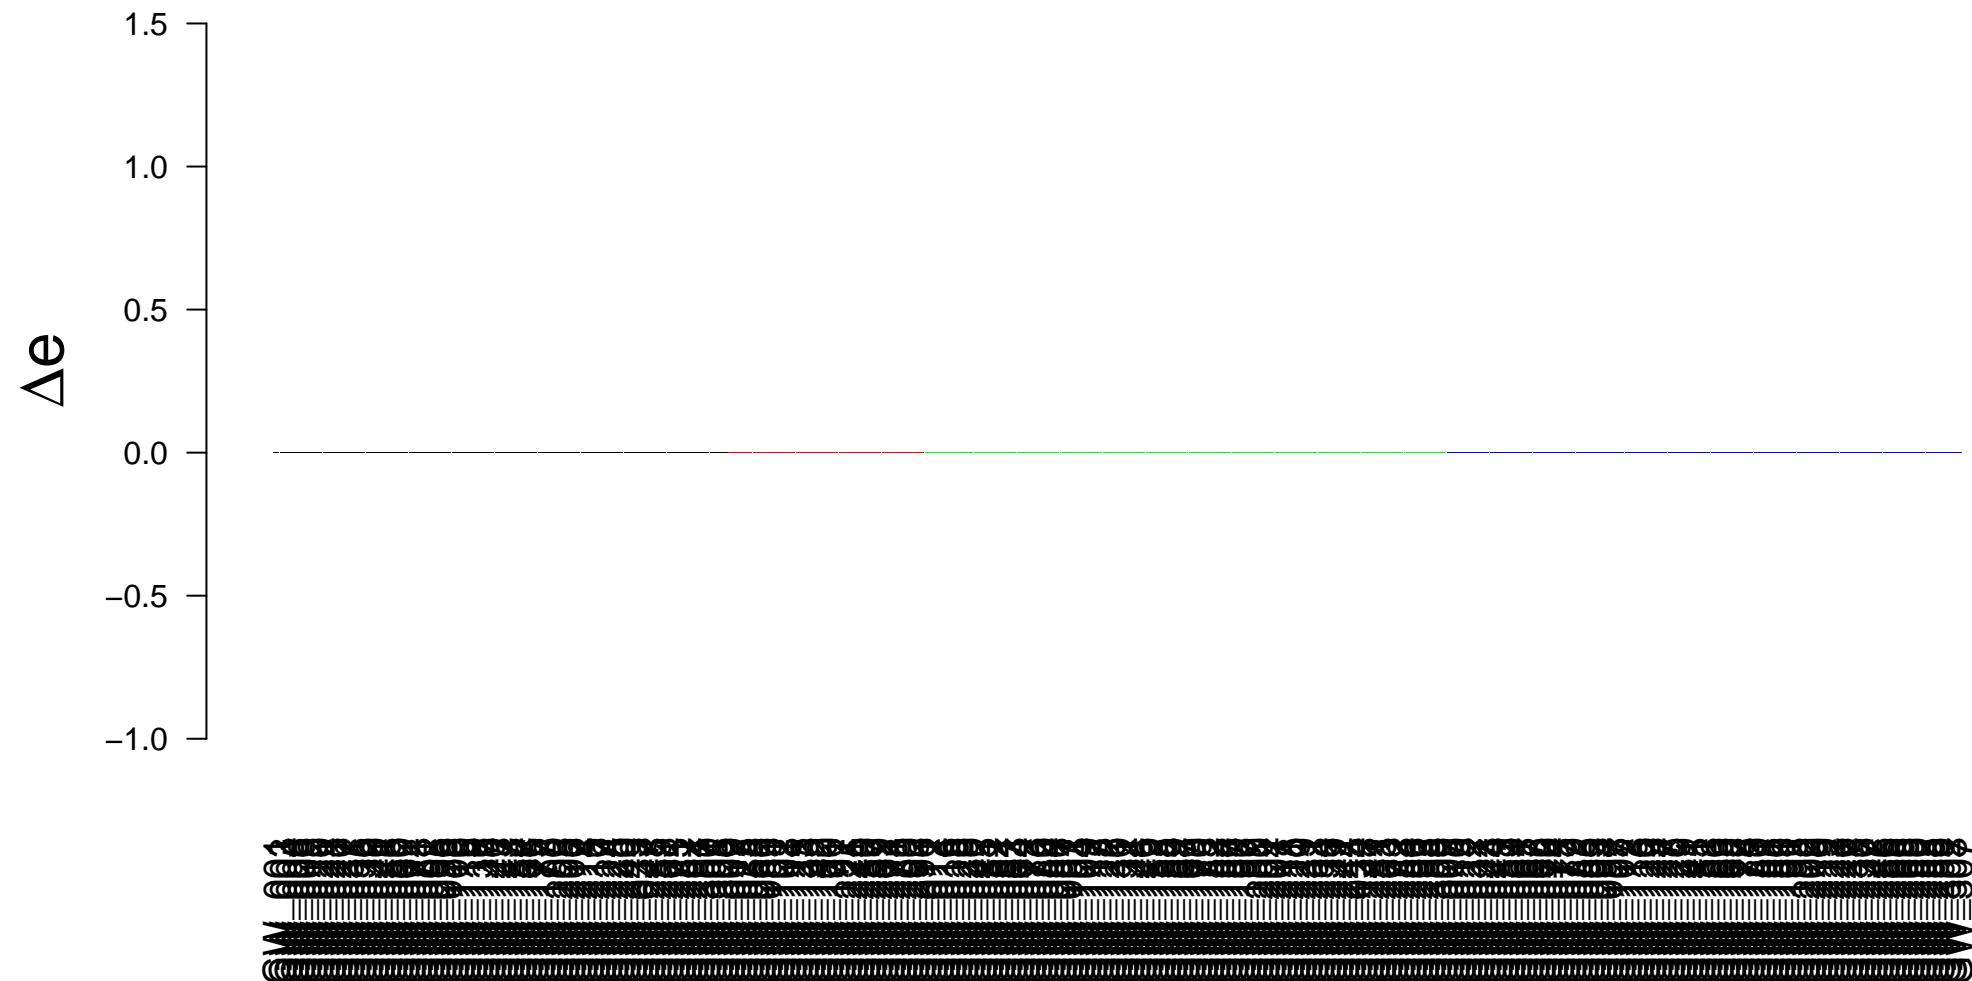

## Expression of glycerophospholipid biosynthetic process in Spot O

## Expression of glycerophospholipid biosynthetic process in Spot P

## Expression of glycerophospholipid biosynthetic process in Spot Q

## Expression of glycerophospholipid biosynthetic process in Spot R
