

glycosaminoglycan binding

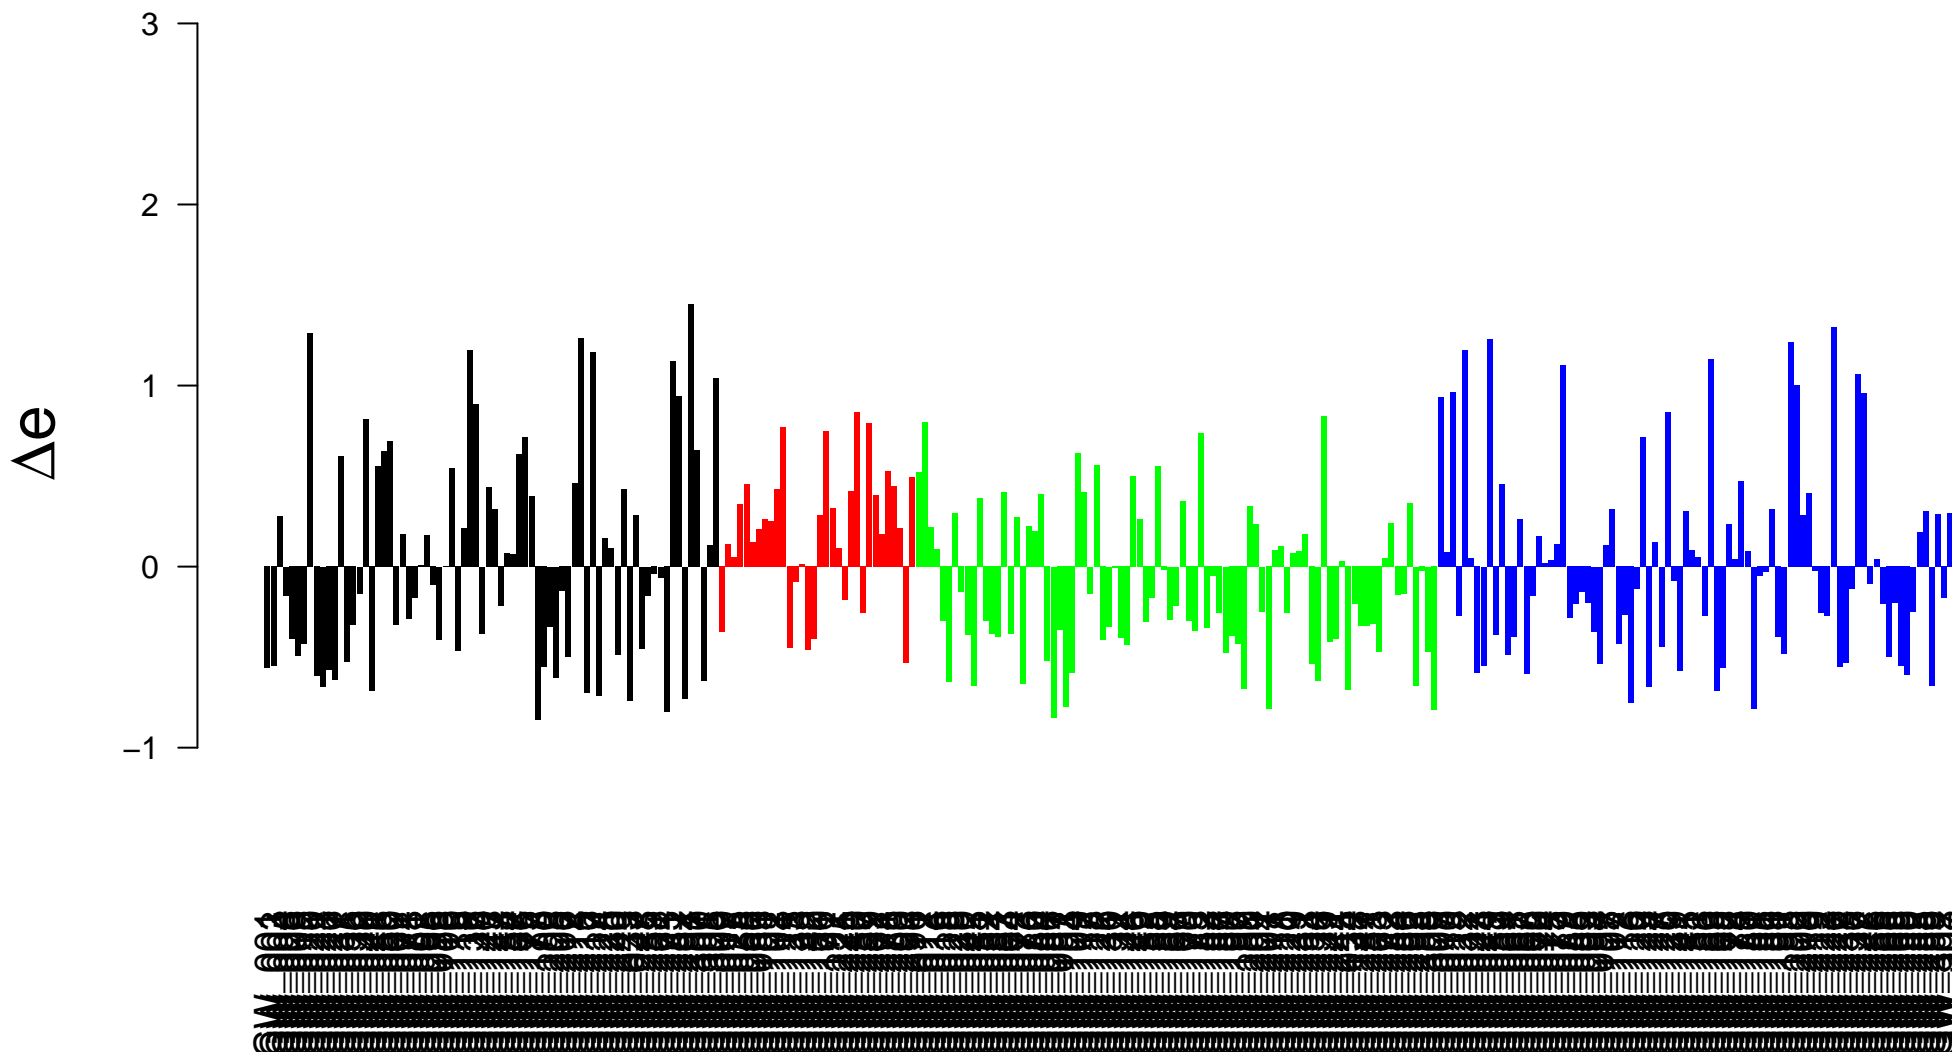

glycosaminoglycan binding

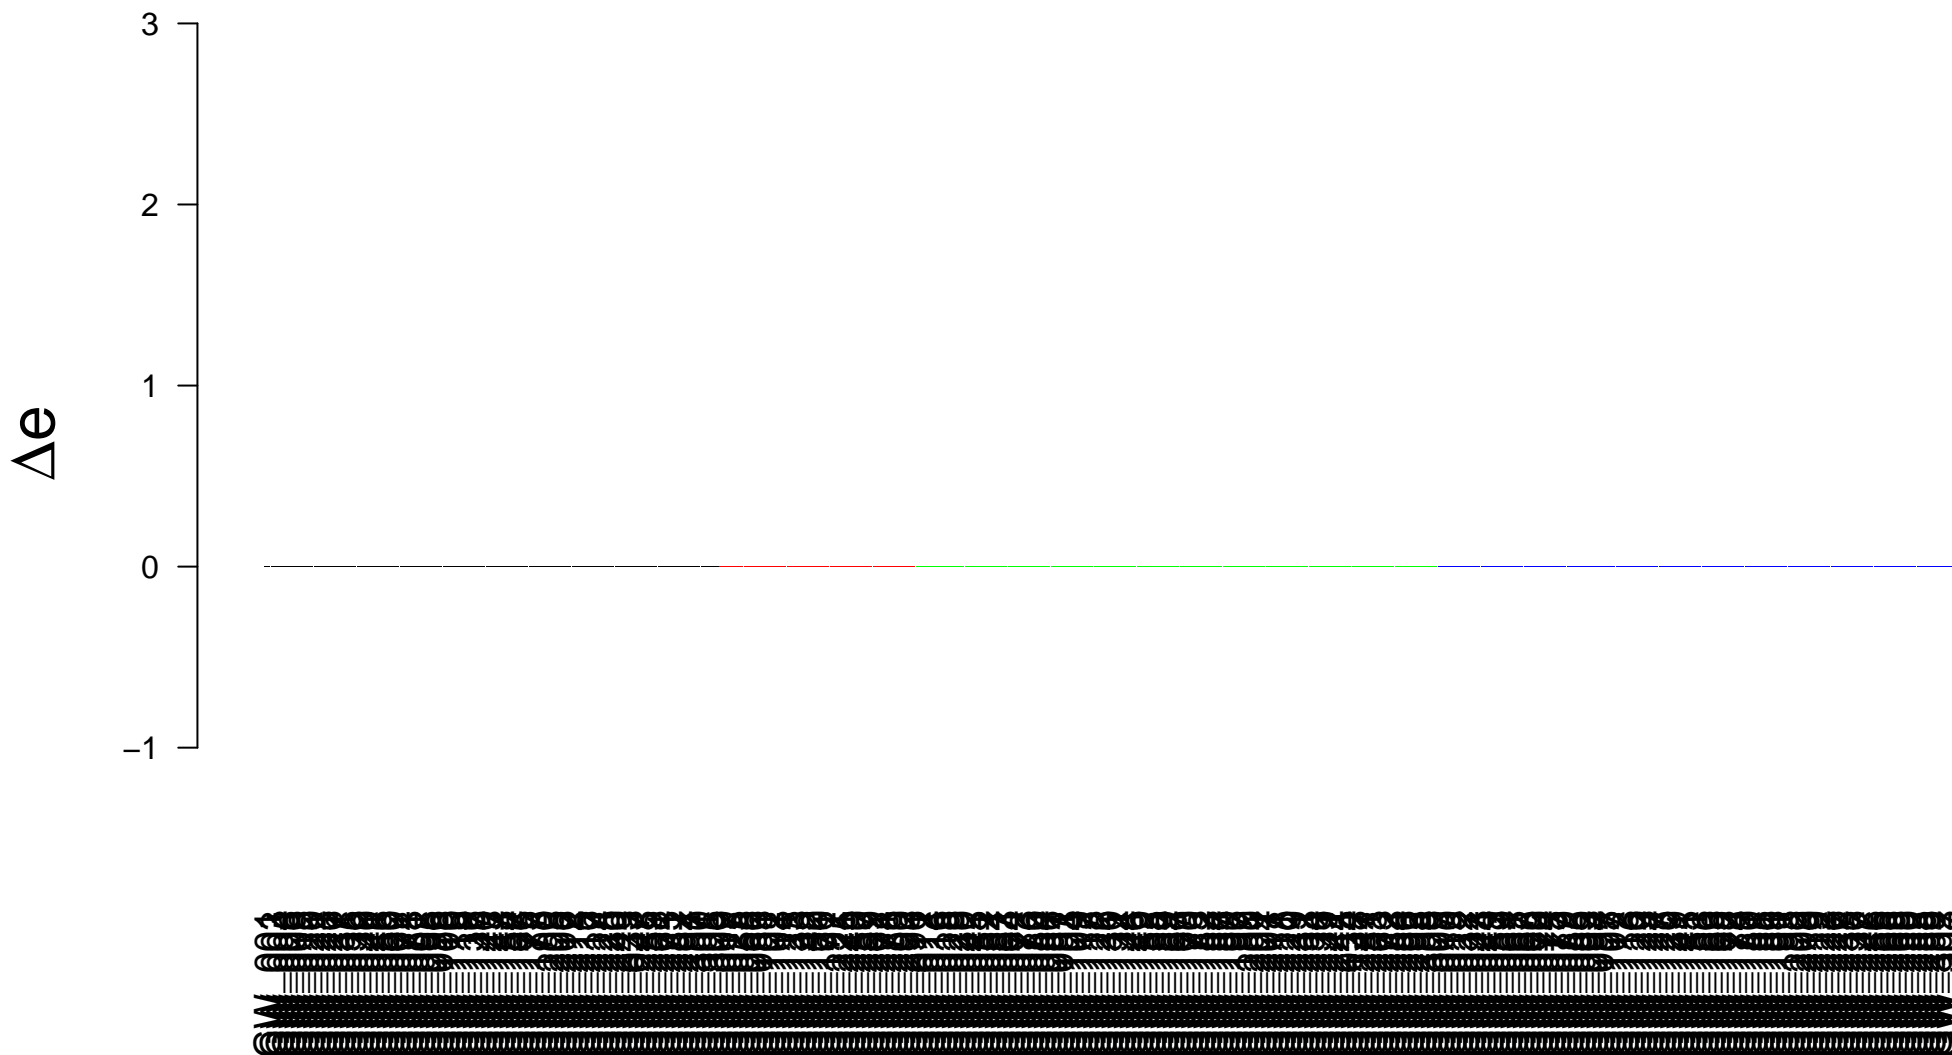

Enrichment in spots: glycosaminoglycan binding

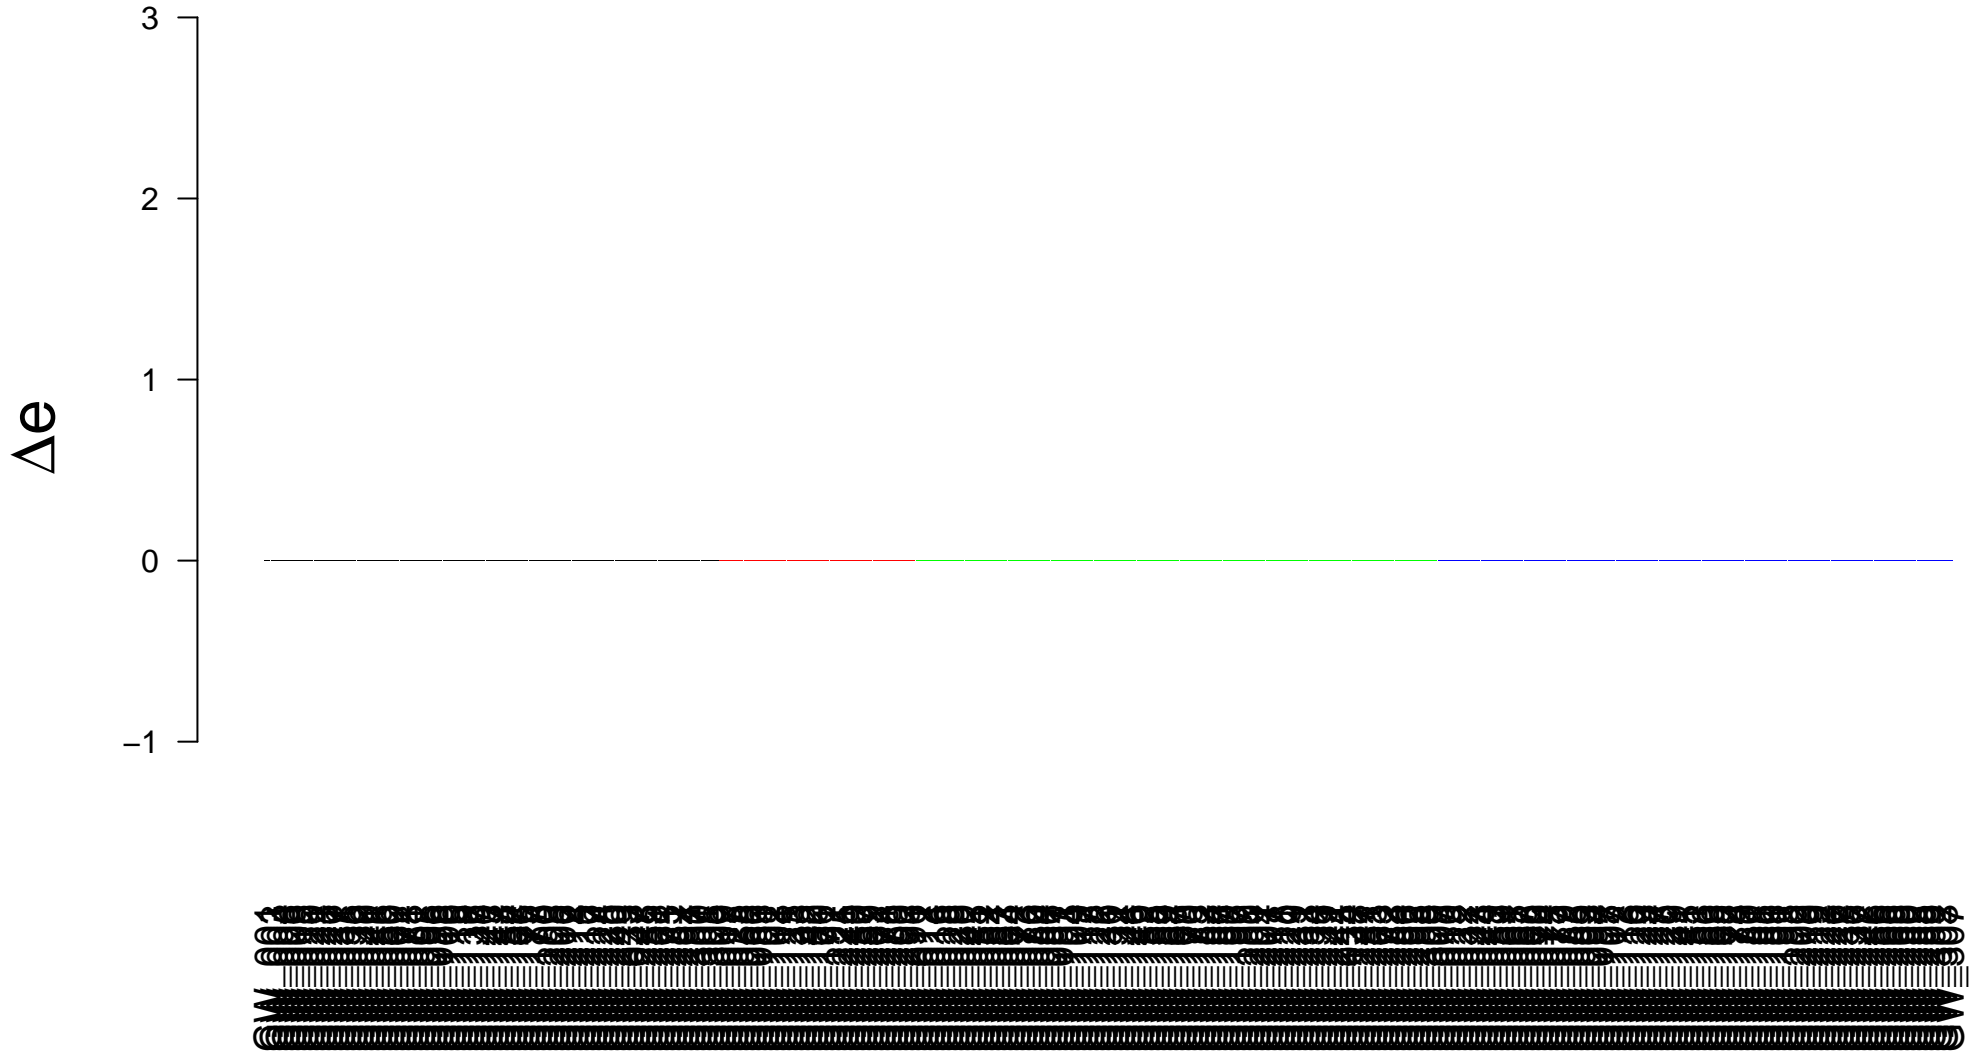

Expression of glycosaminoglycan binding in Spot A

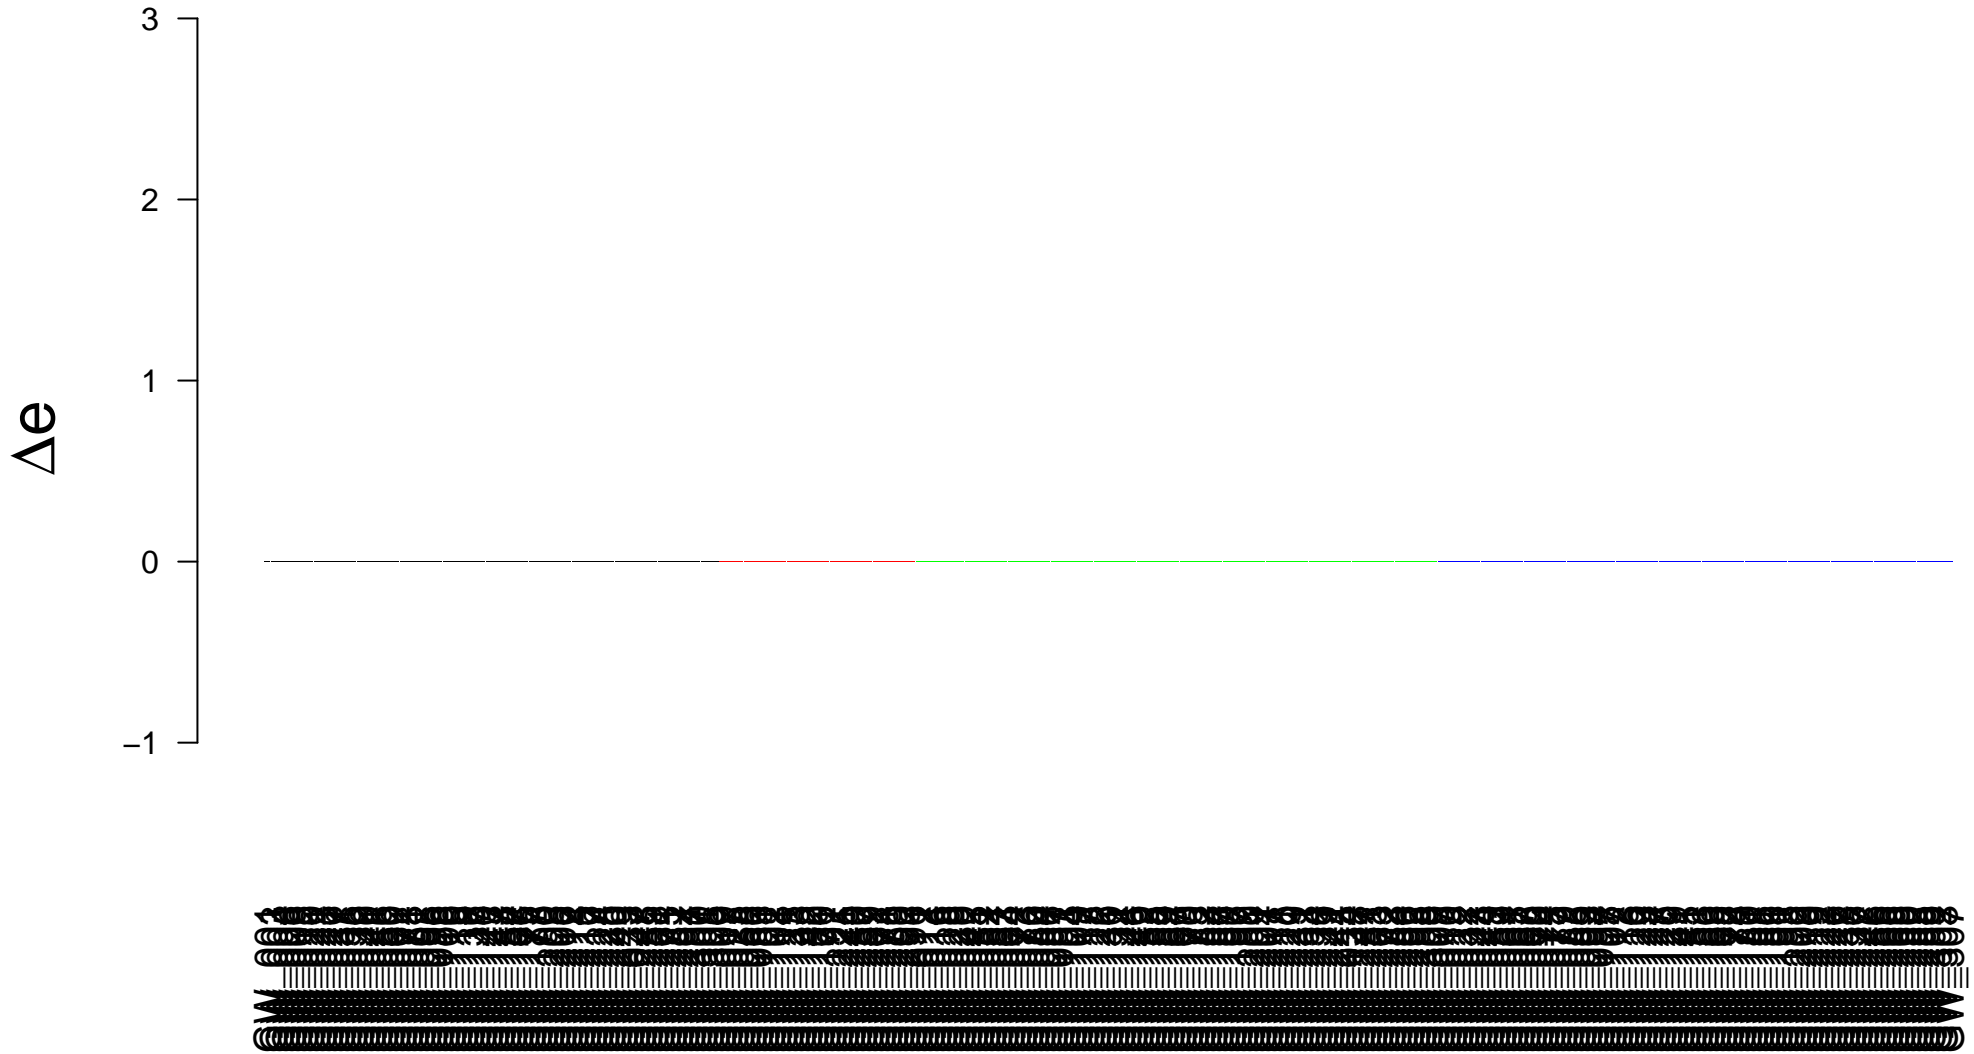

Expression of glycosaminoglycan binding in Spot B

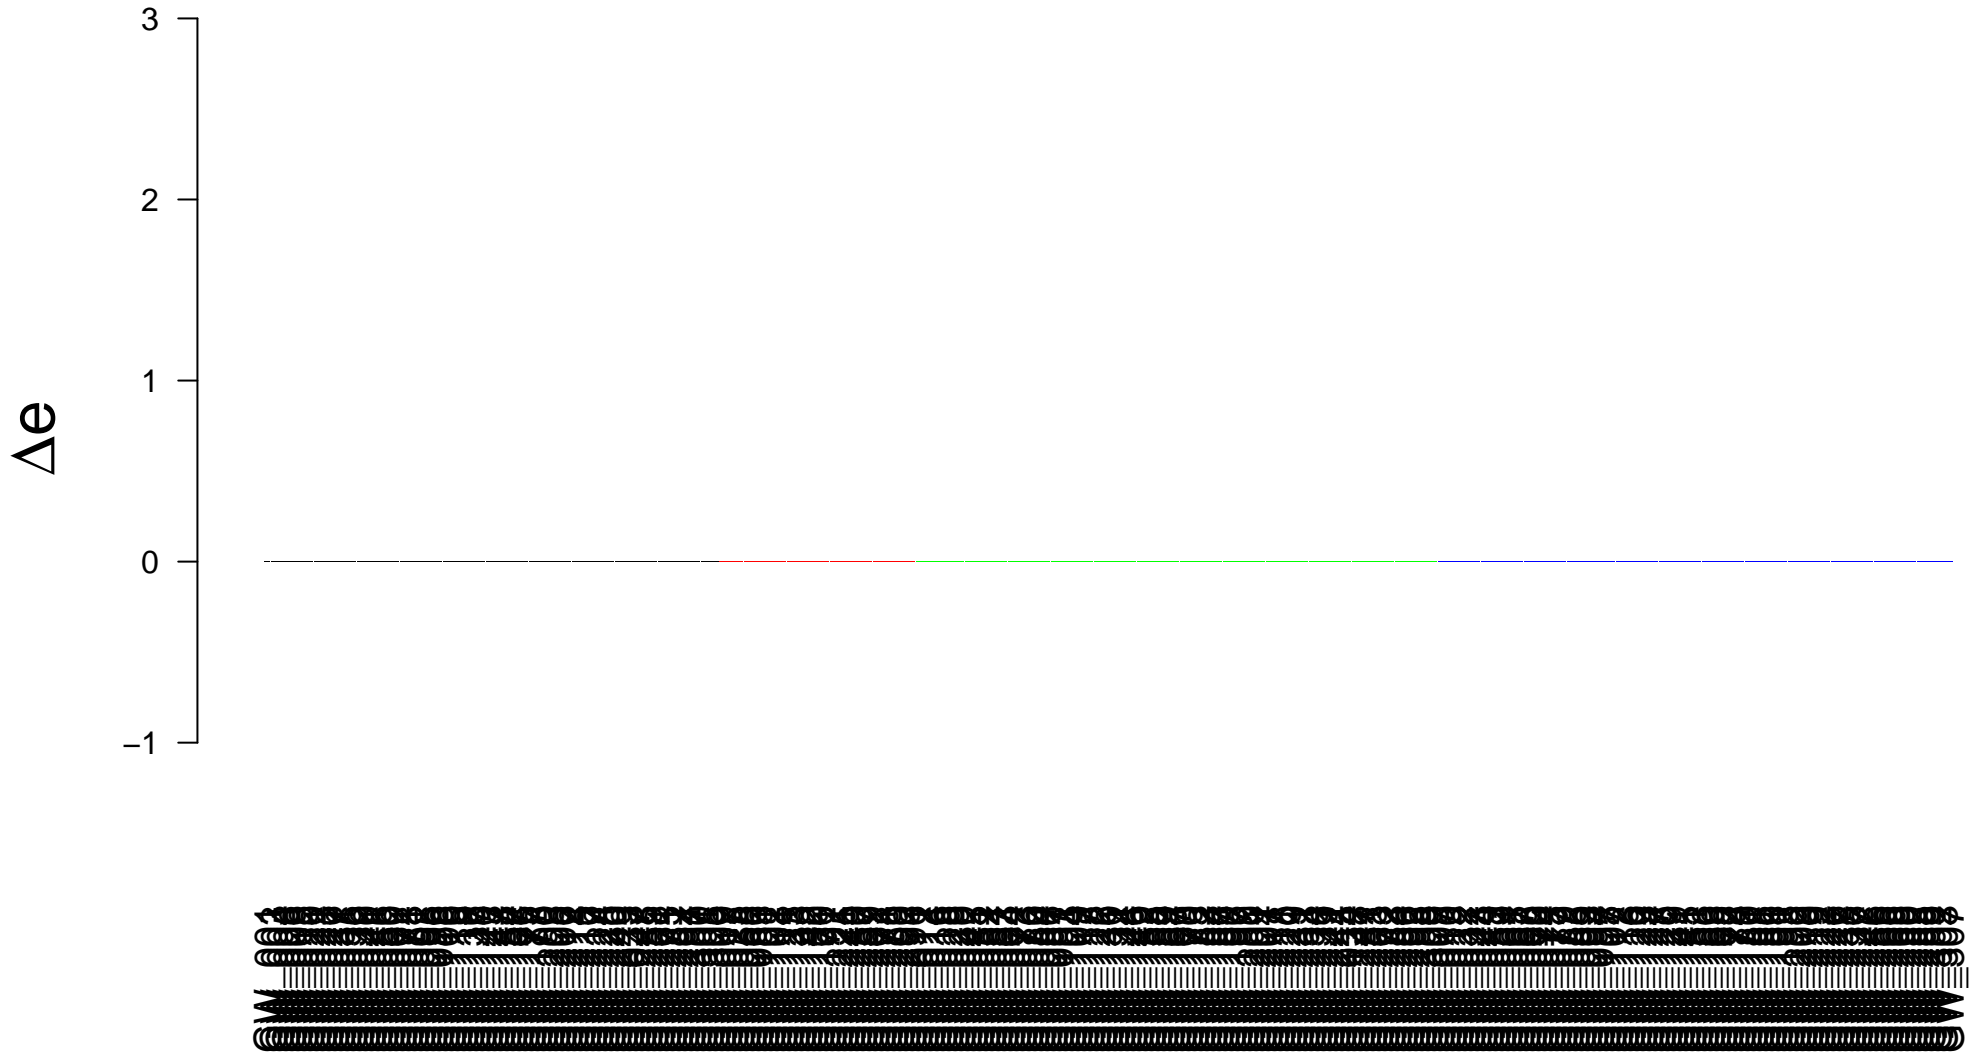

Expression of glycosaminoglycan binding in Spot C

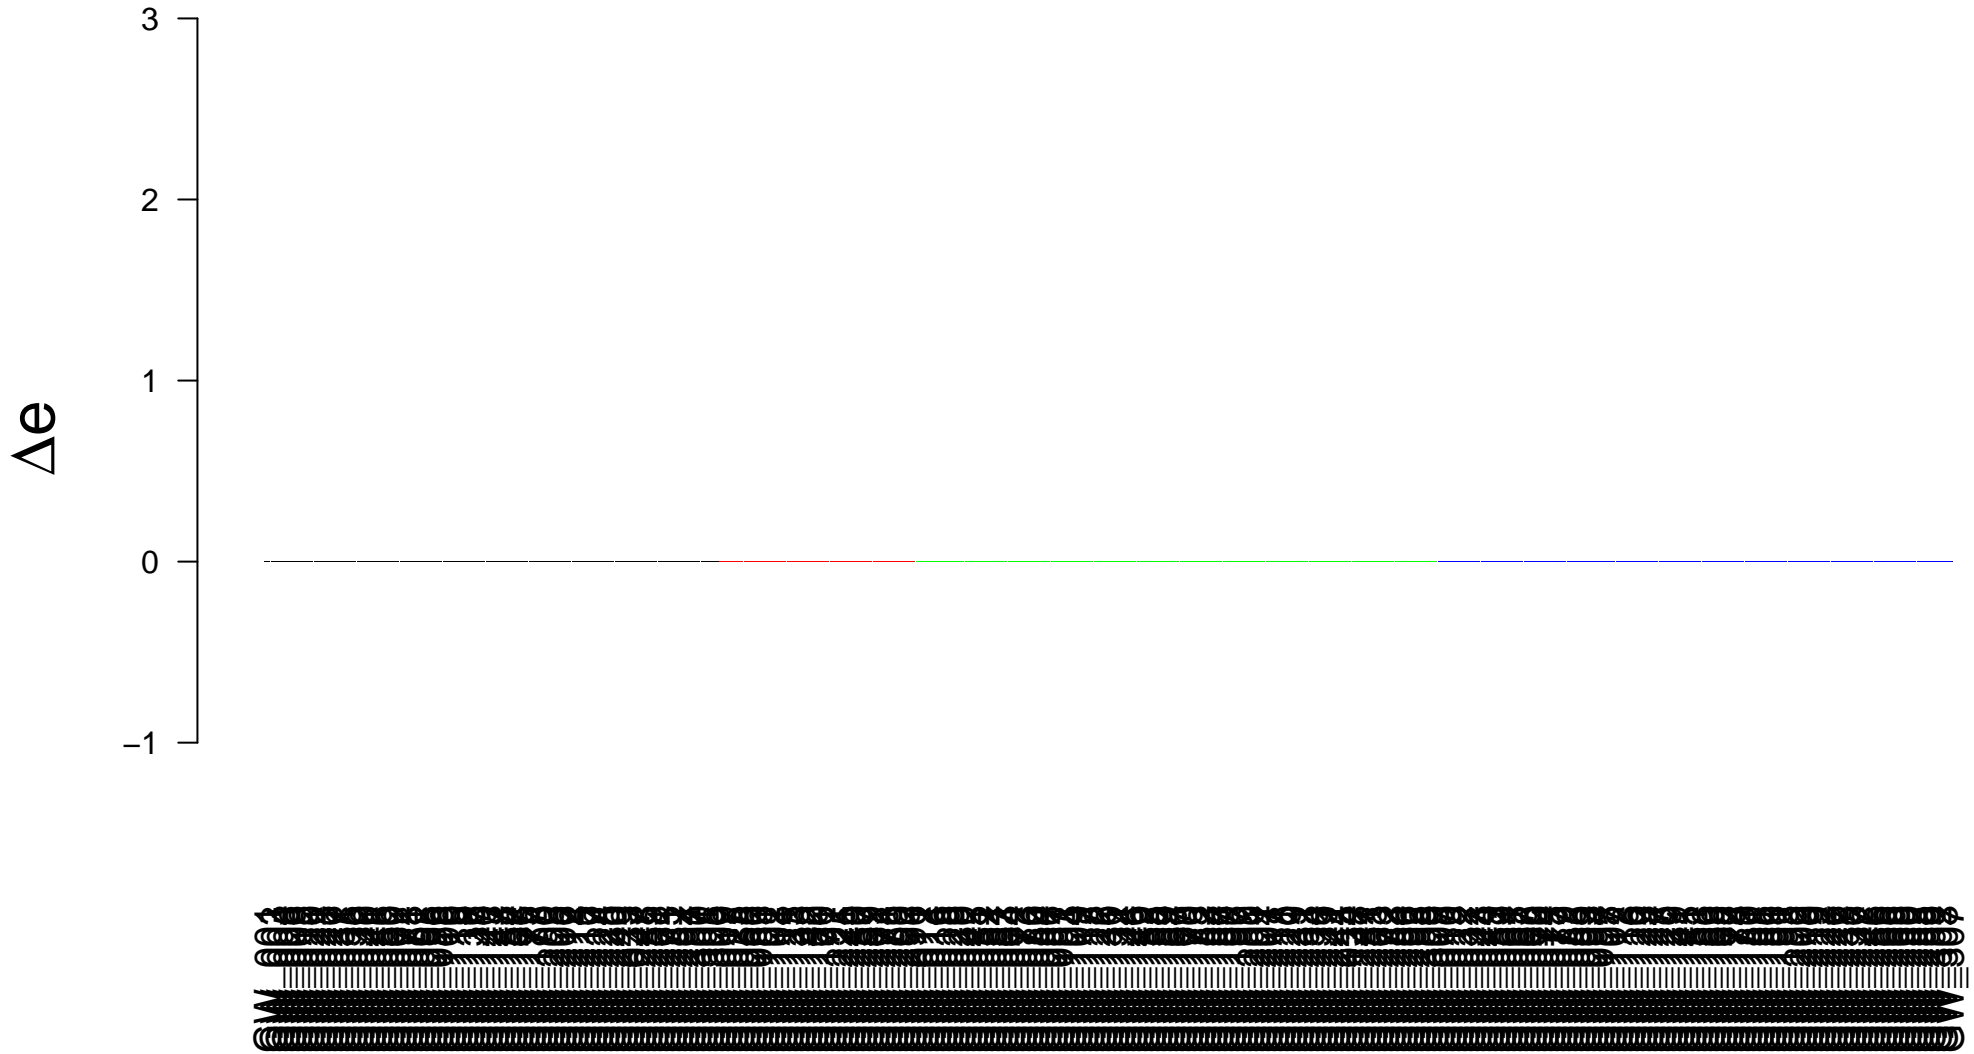

Expression of glycosaminoglycan binding in Spot D

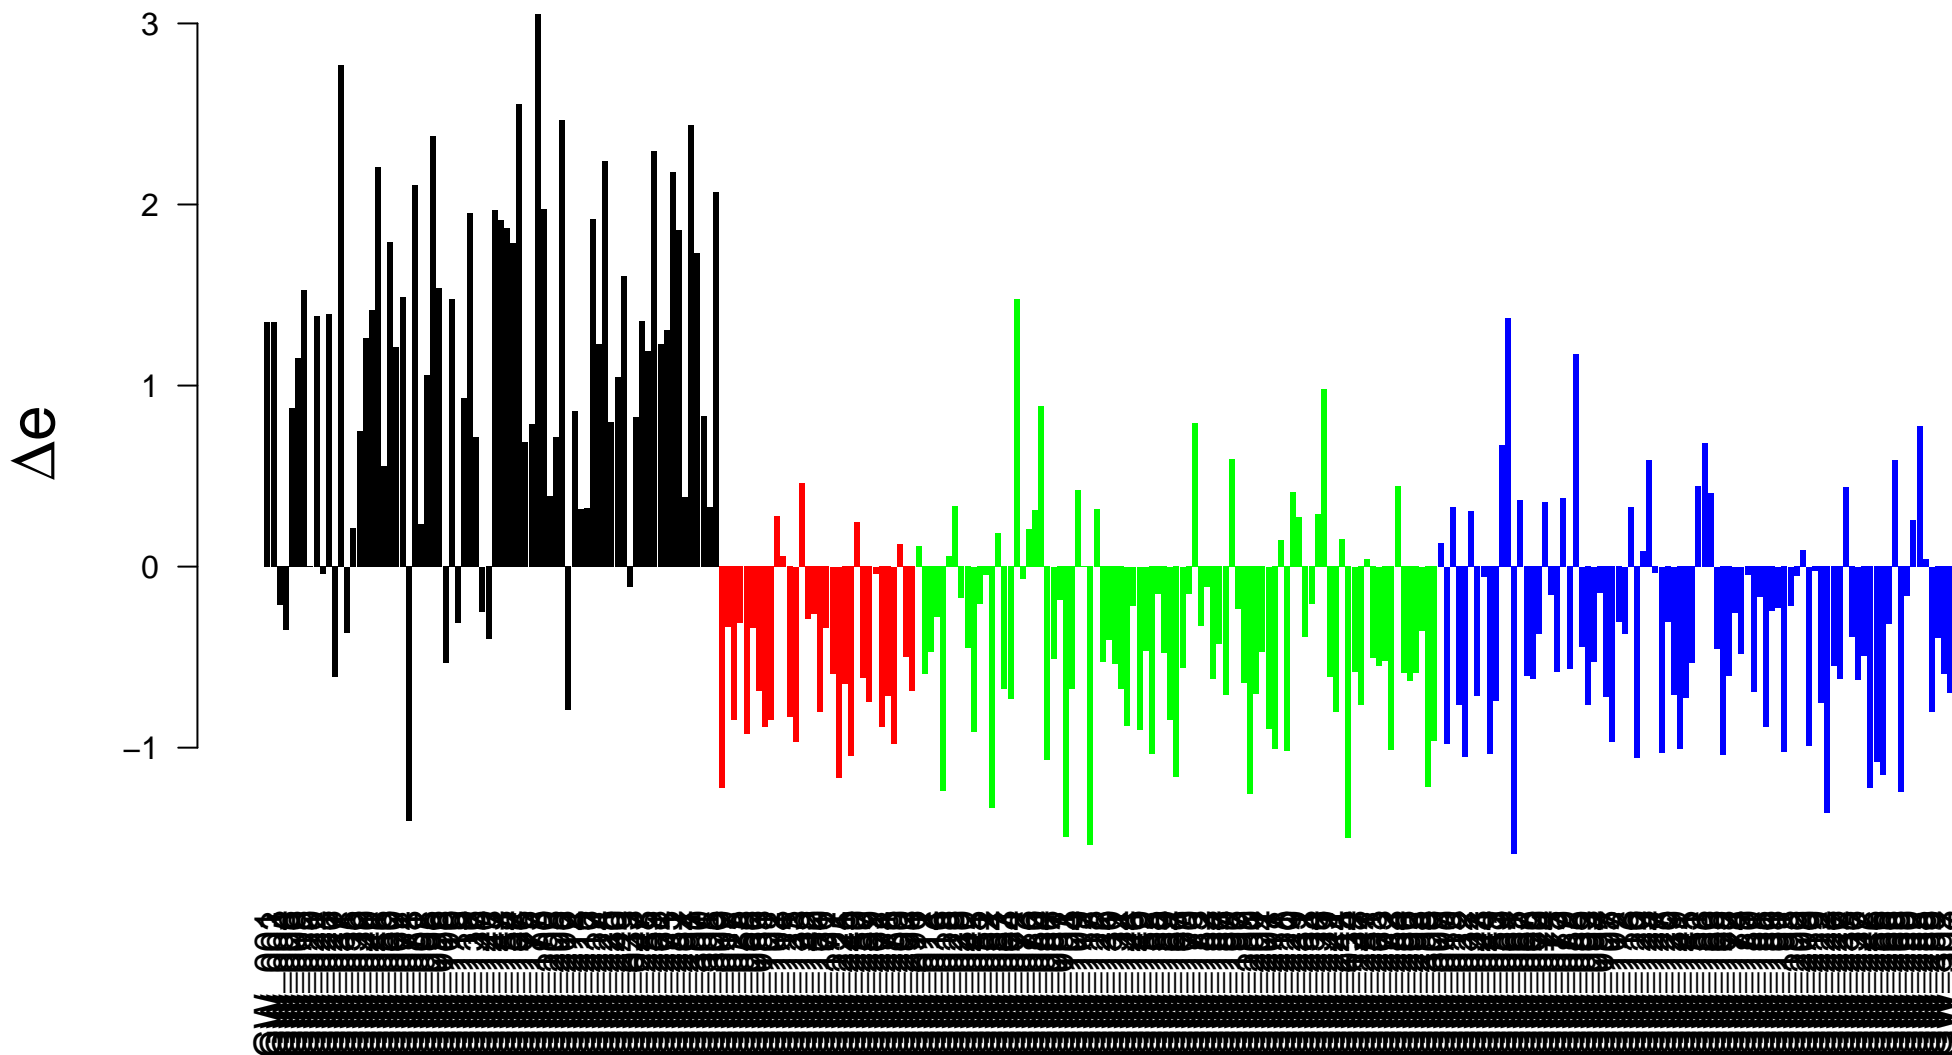

Expression of glycosaminoglycan binding in Spot E

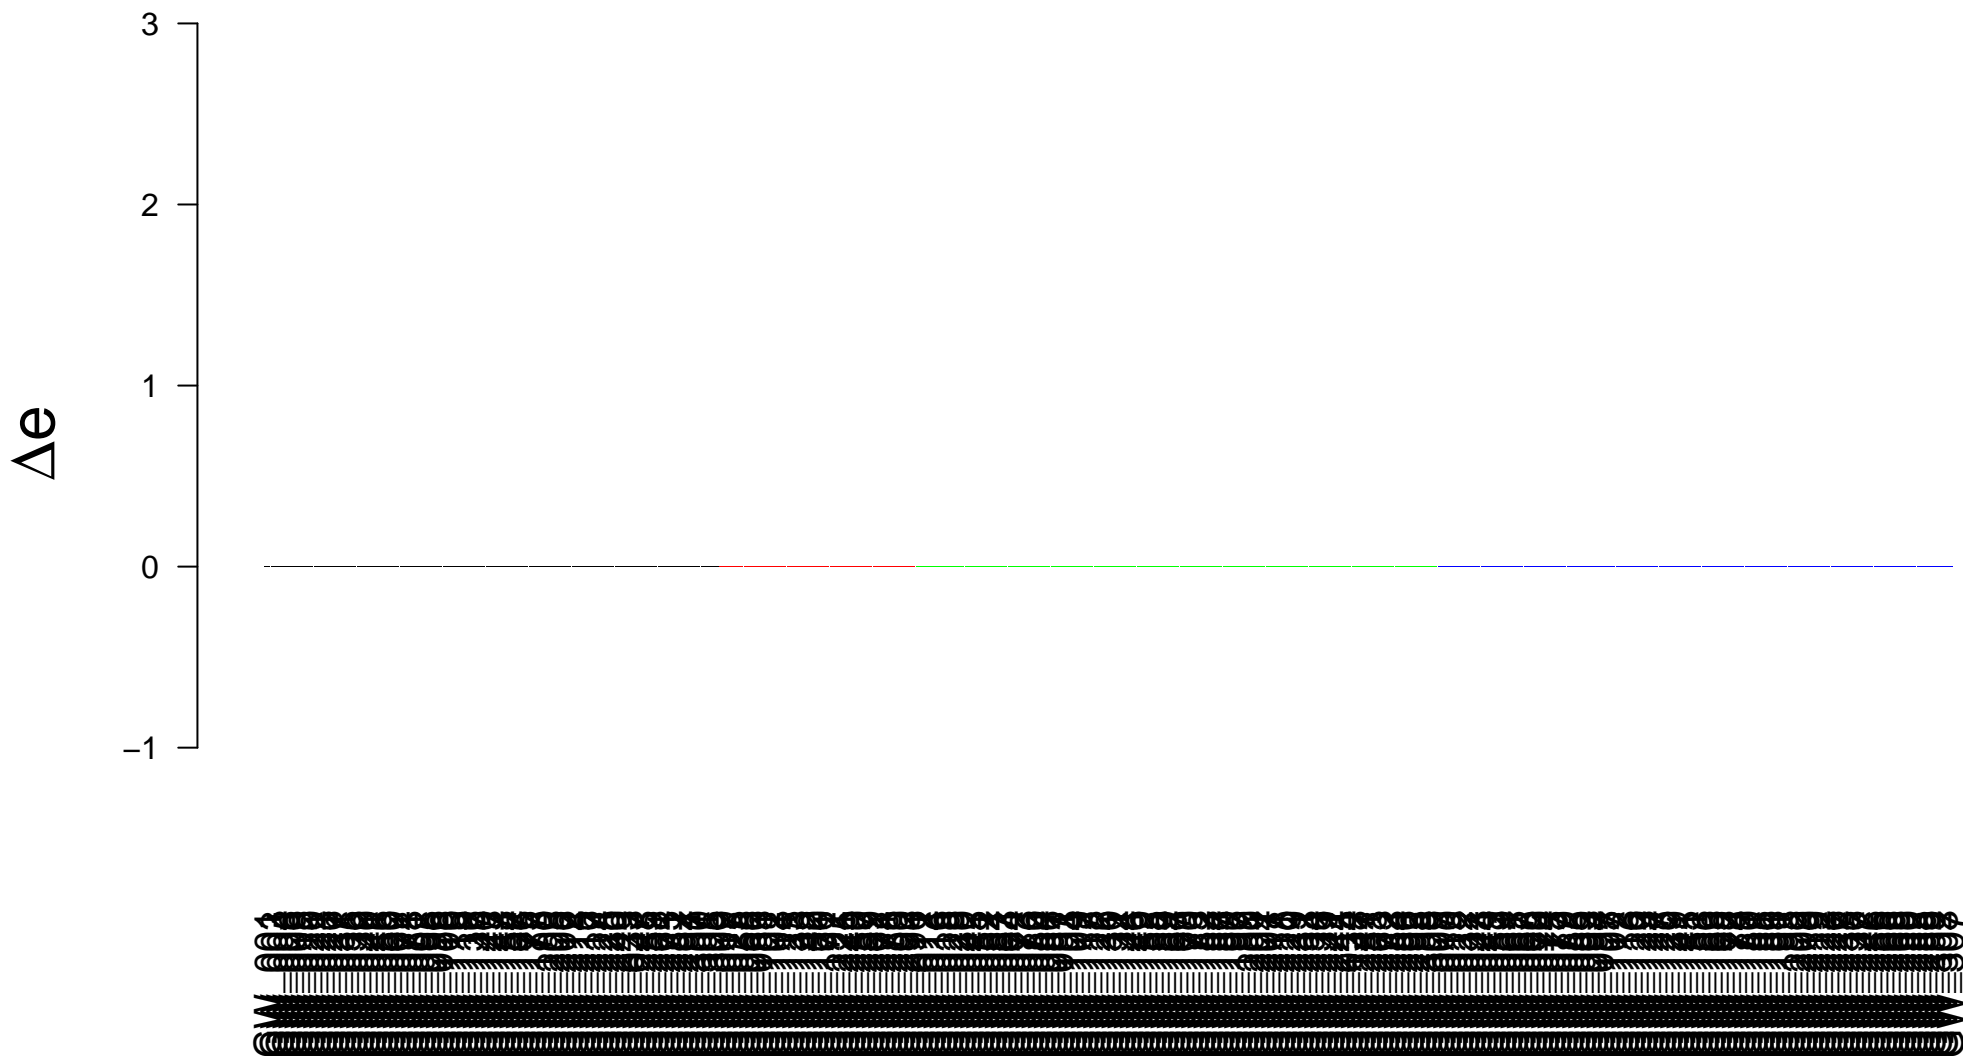

Expression of glycosaminoglycan binding in Spot F

Expression of glycosaminoglycan binding in Spot G

Expression of glycosaminoglycan binding in Spot H

Expression of glycosaminoglycan binding in Spot I

Expression of glycosaminoglycan binding in Spot J

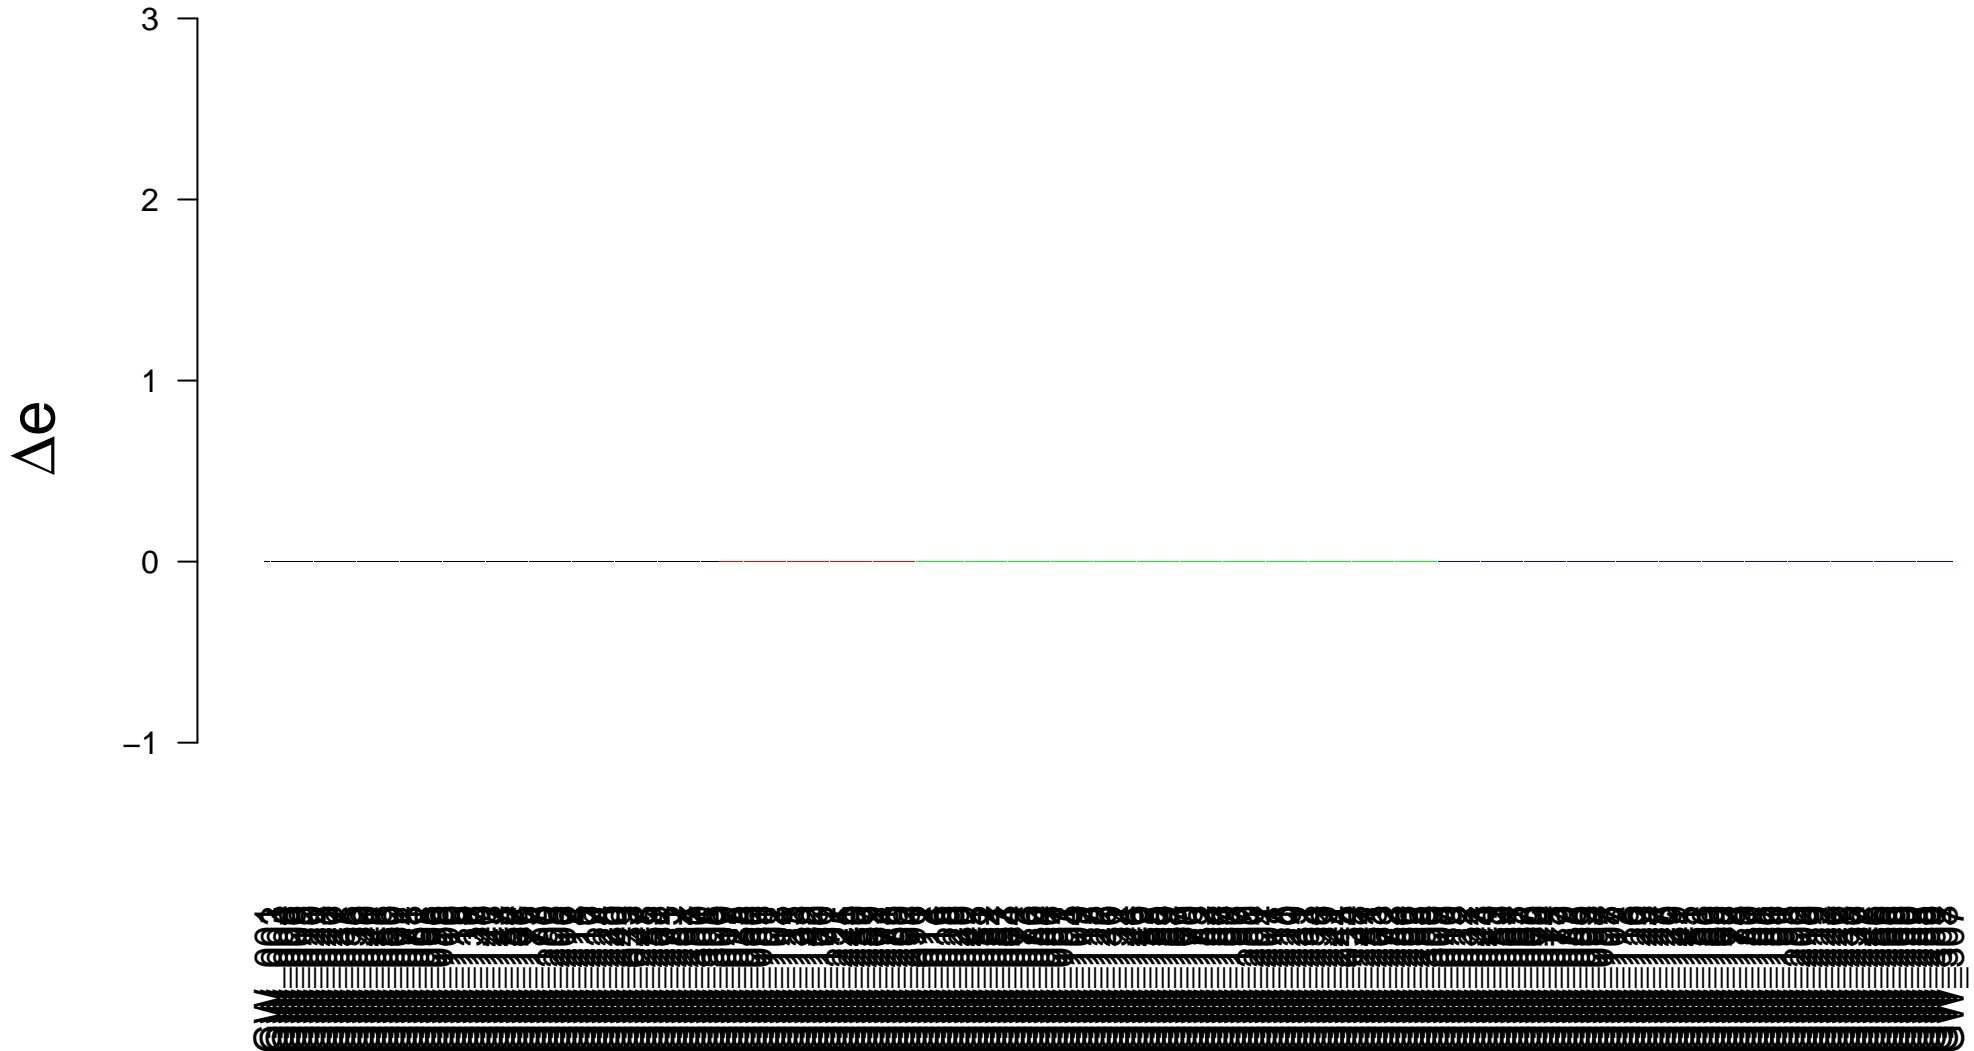

Expression of glycosaminoglycan binding in Spot K

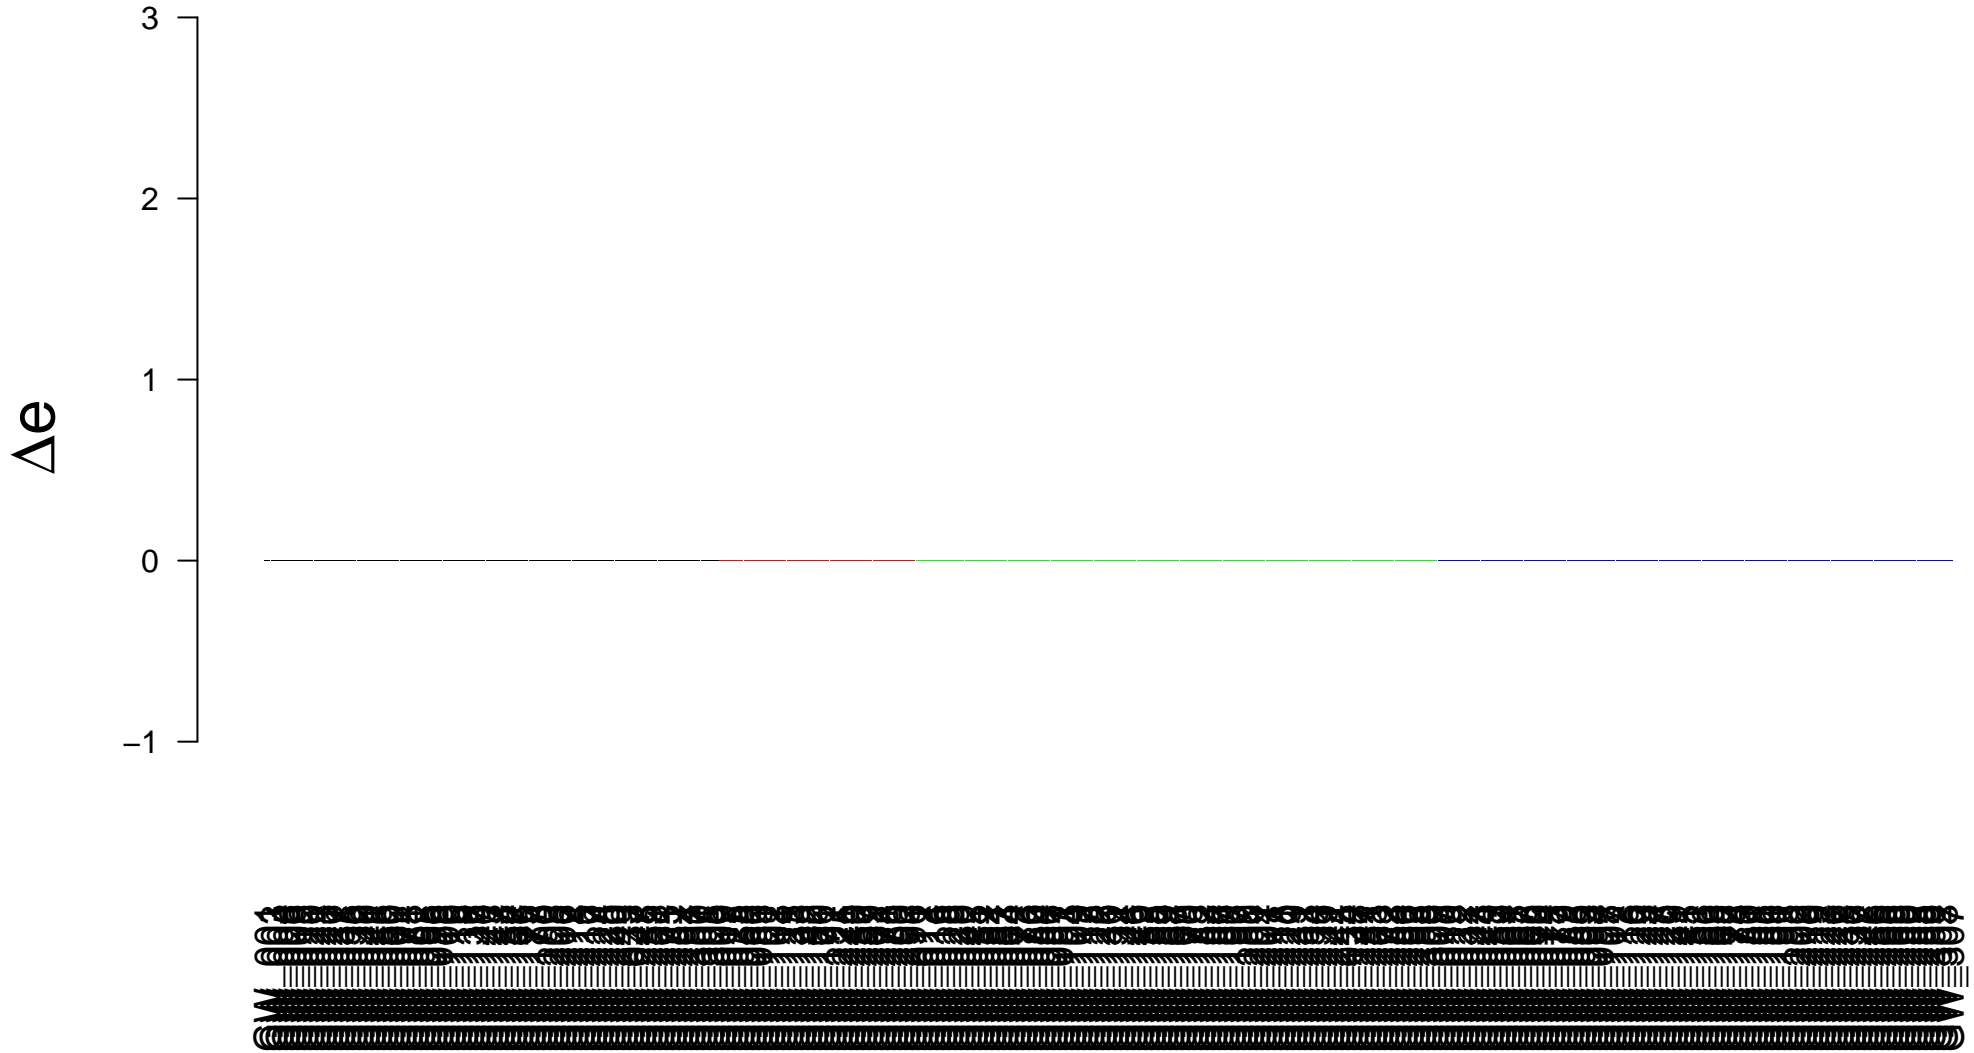

Expression of glycosaminoglycan binding in Spot L

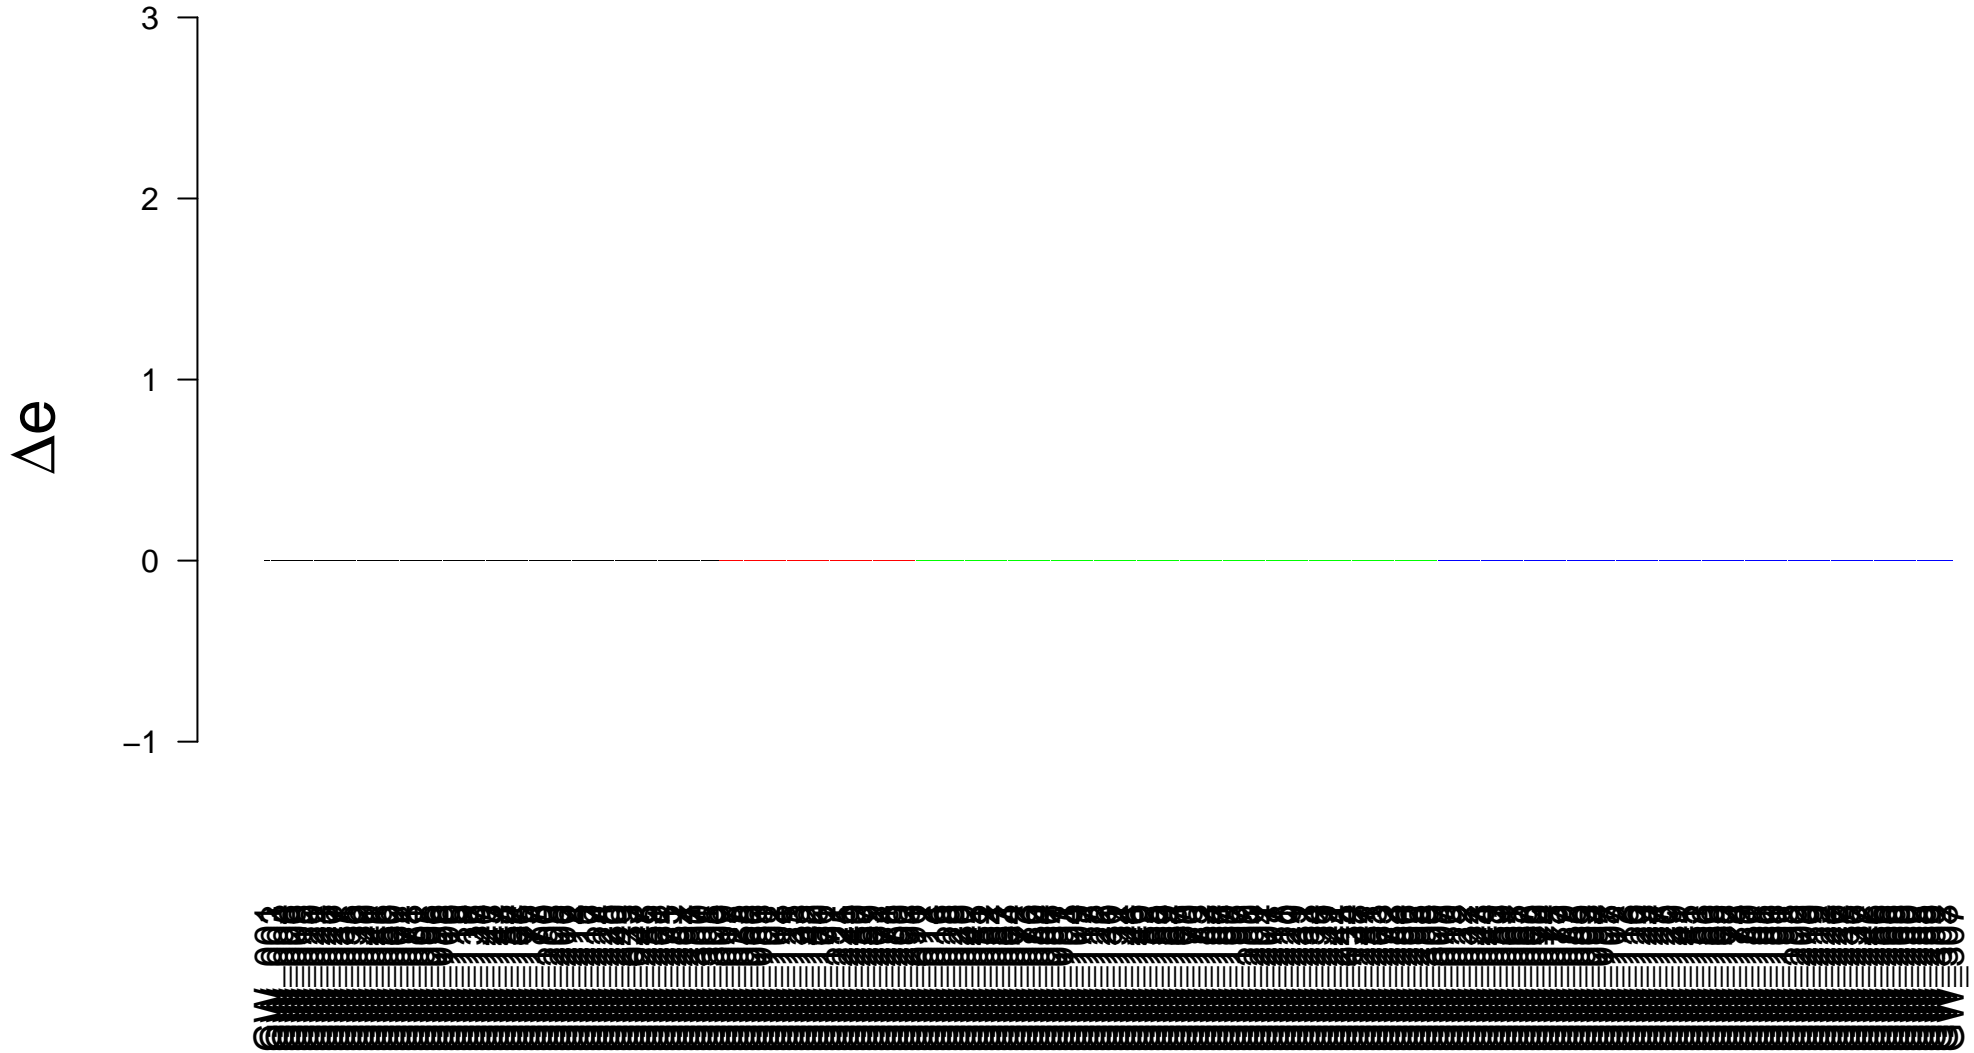

Expression of glycosaminoglycan binding in Spot M

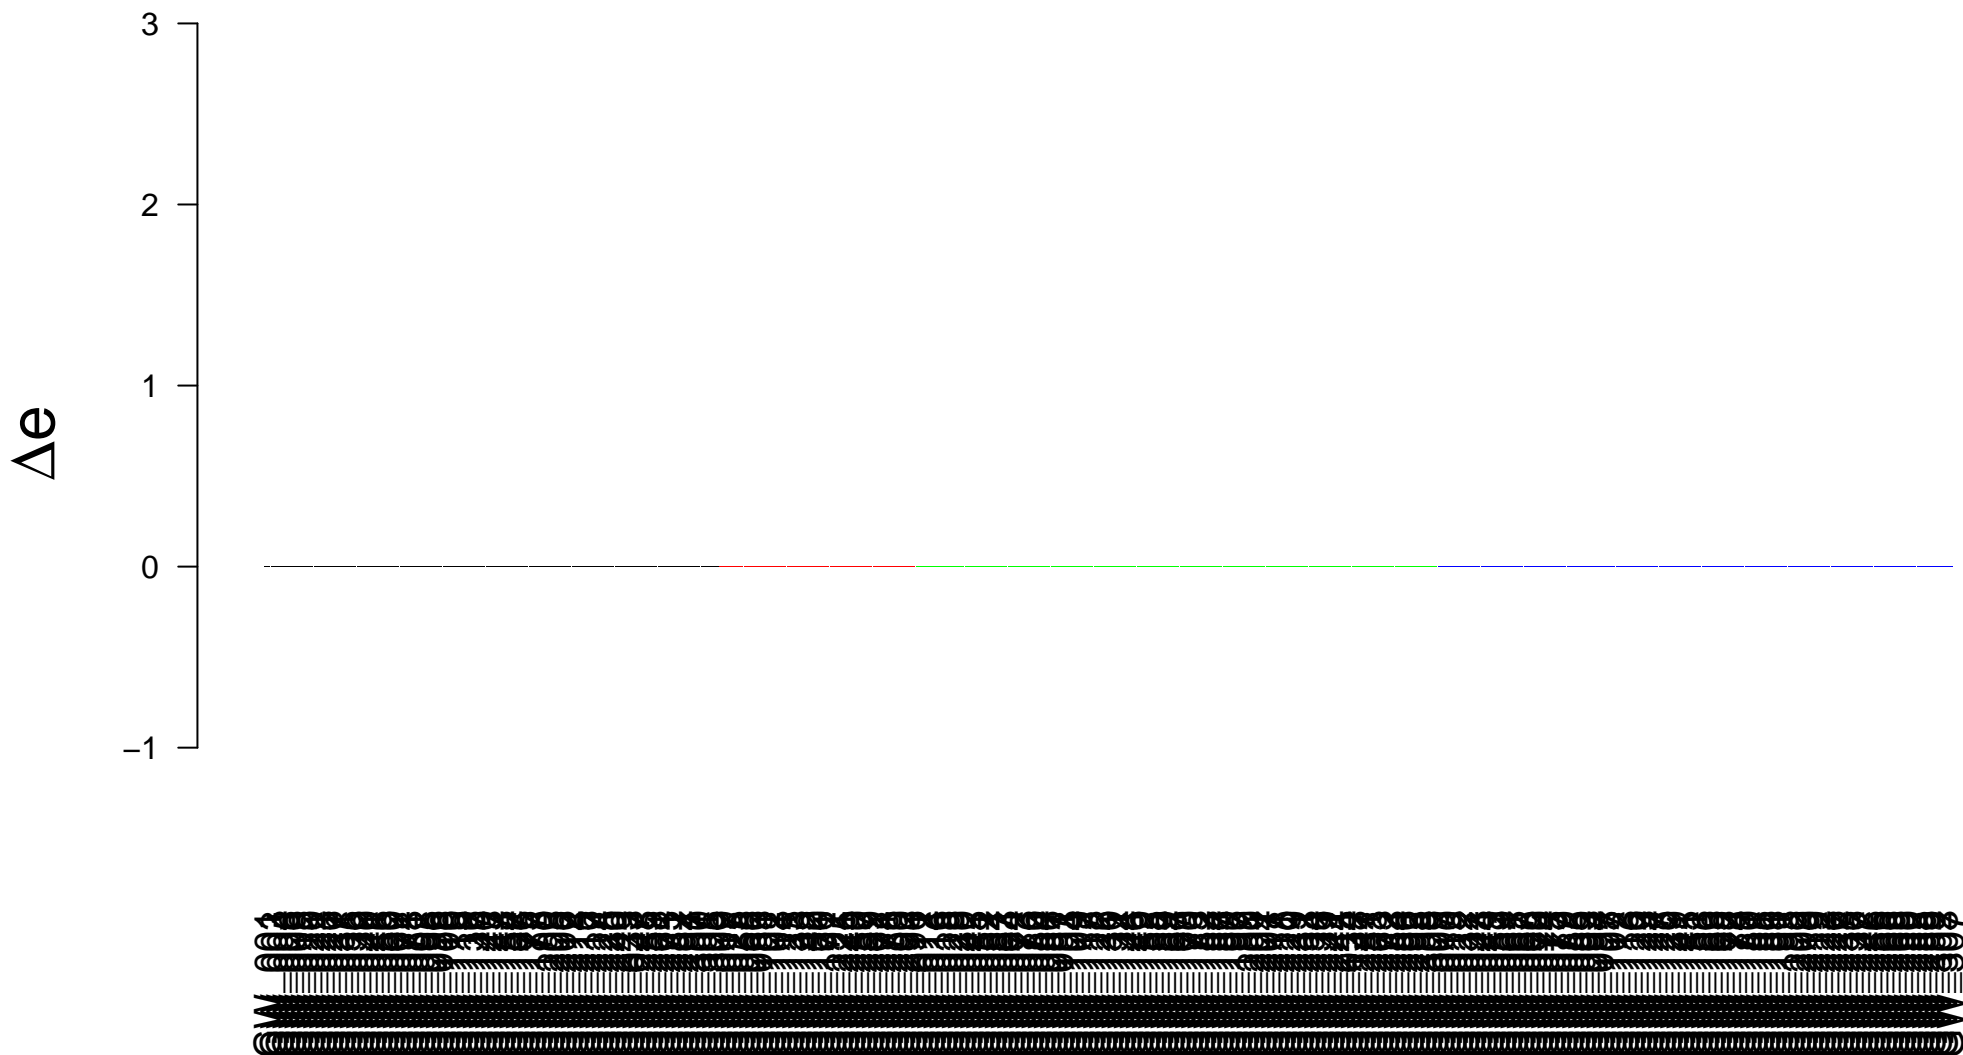

Expression of glycosaminoglycan binding in Spot N

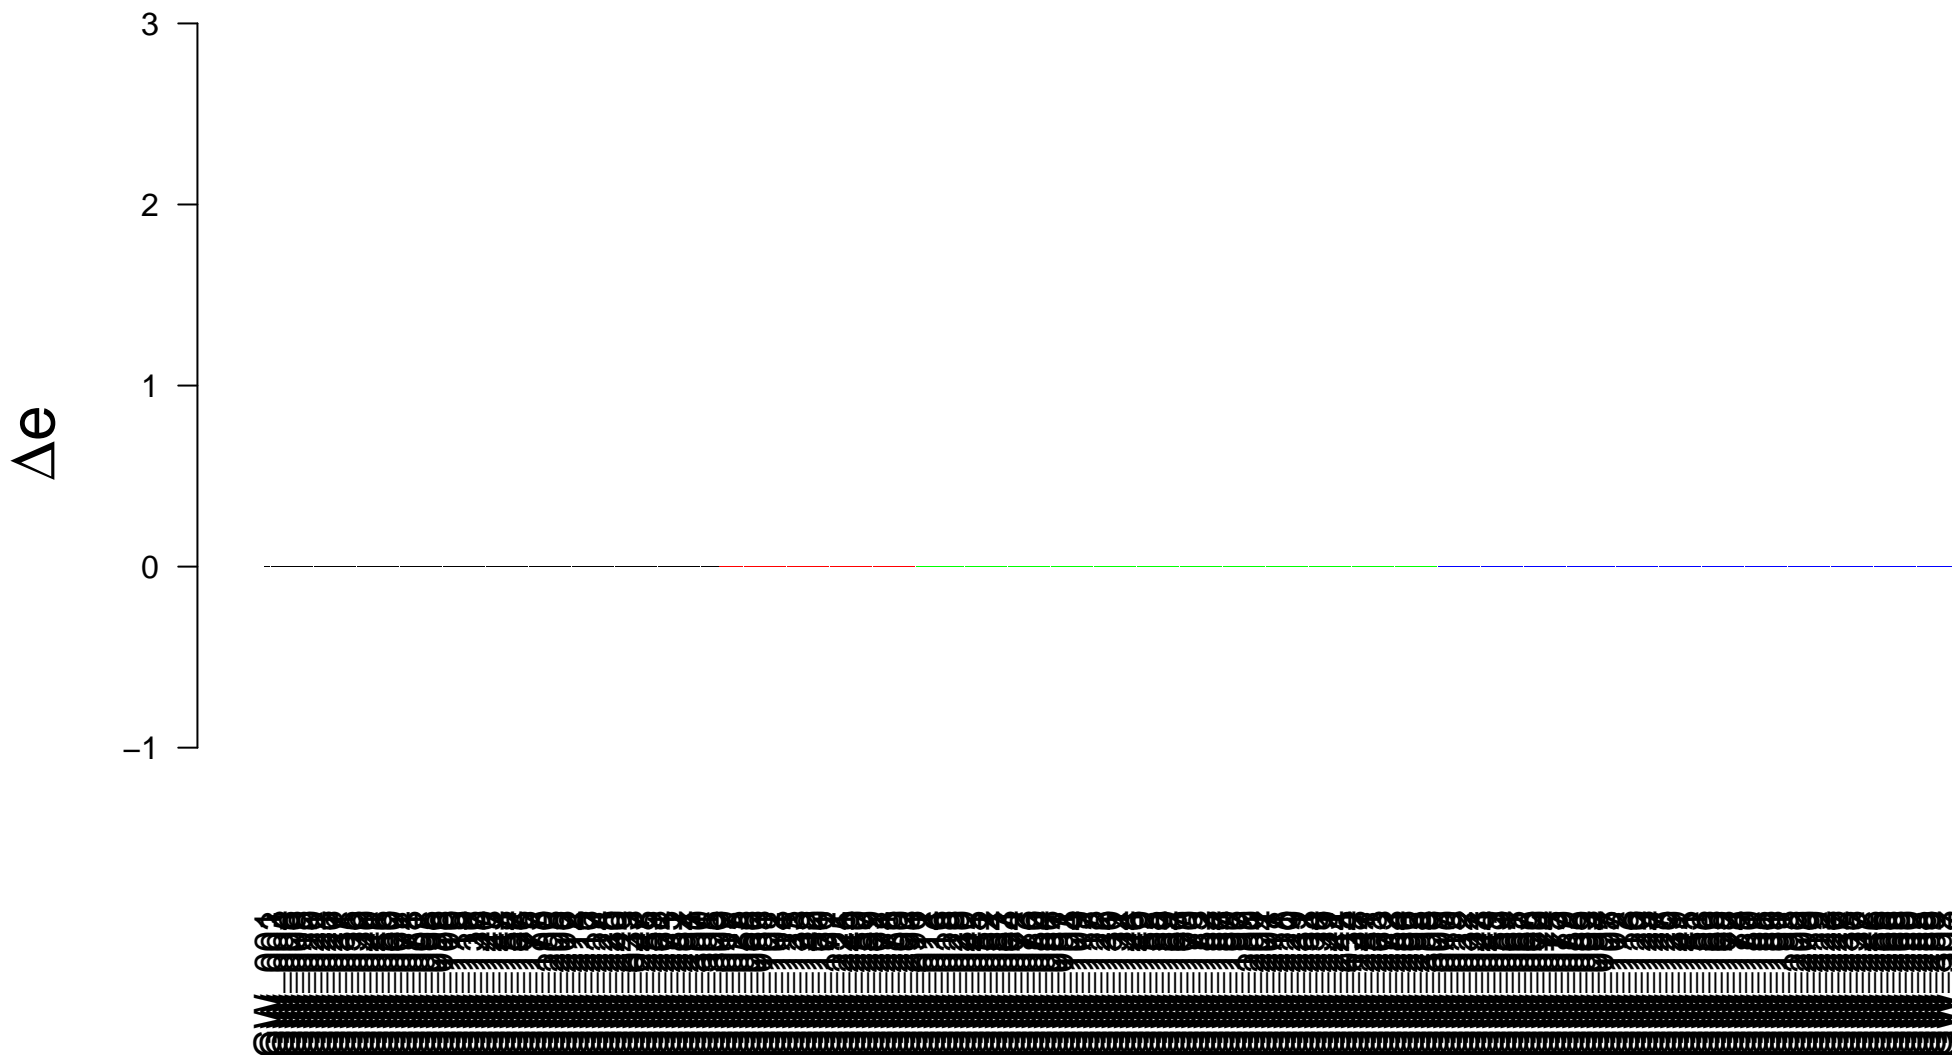

Expression of glycosaminoglycan binding in Spot O

Expression of glycosaminoglycan binding in Spot P

Expression of glycosaminoglycan binding in Spot Q

Expression of glycosaminoglycan binding in Spot R
