

heparan sulfate proteoglycan binding

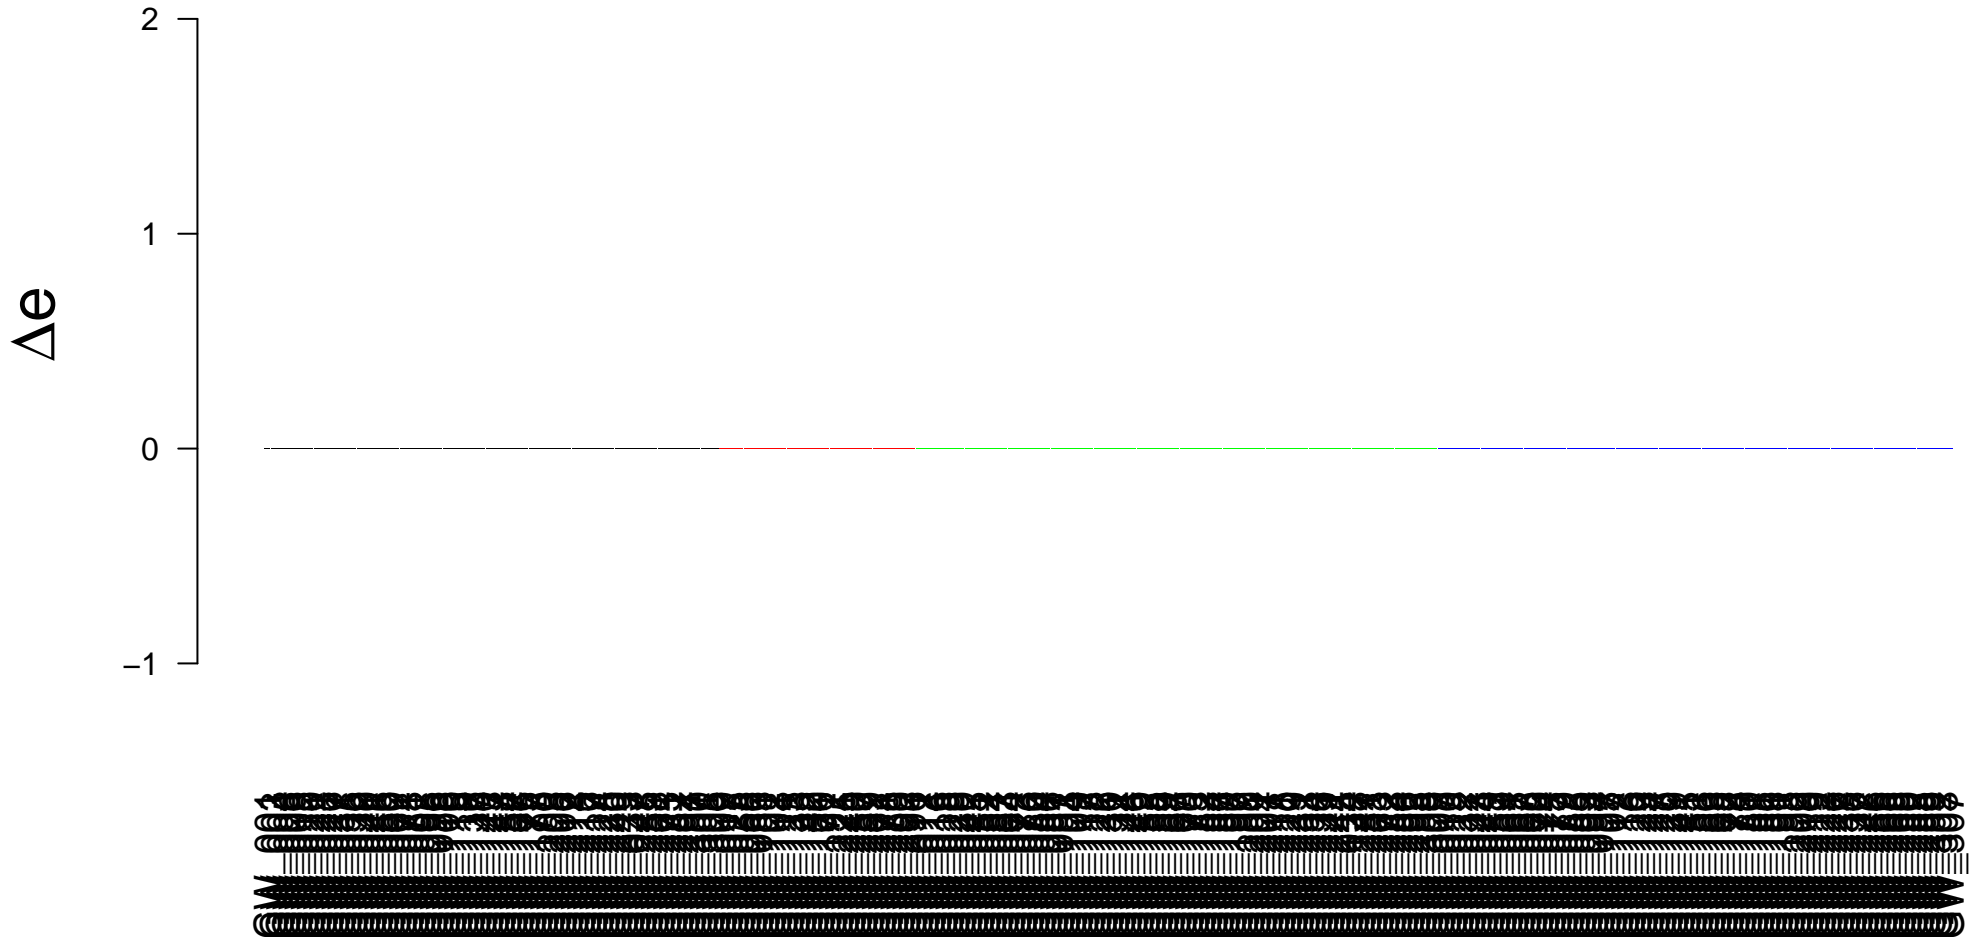

heparan sulfate proteoglycan binding

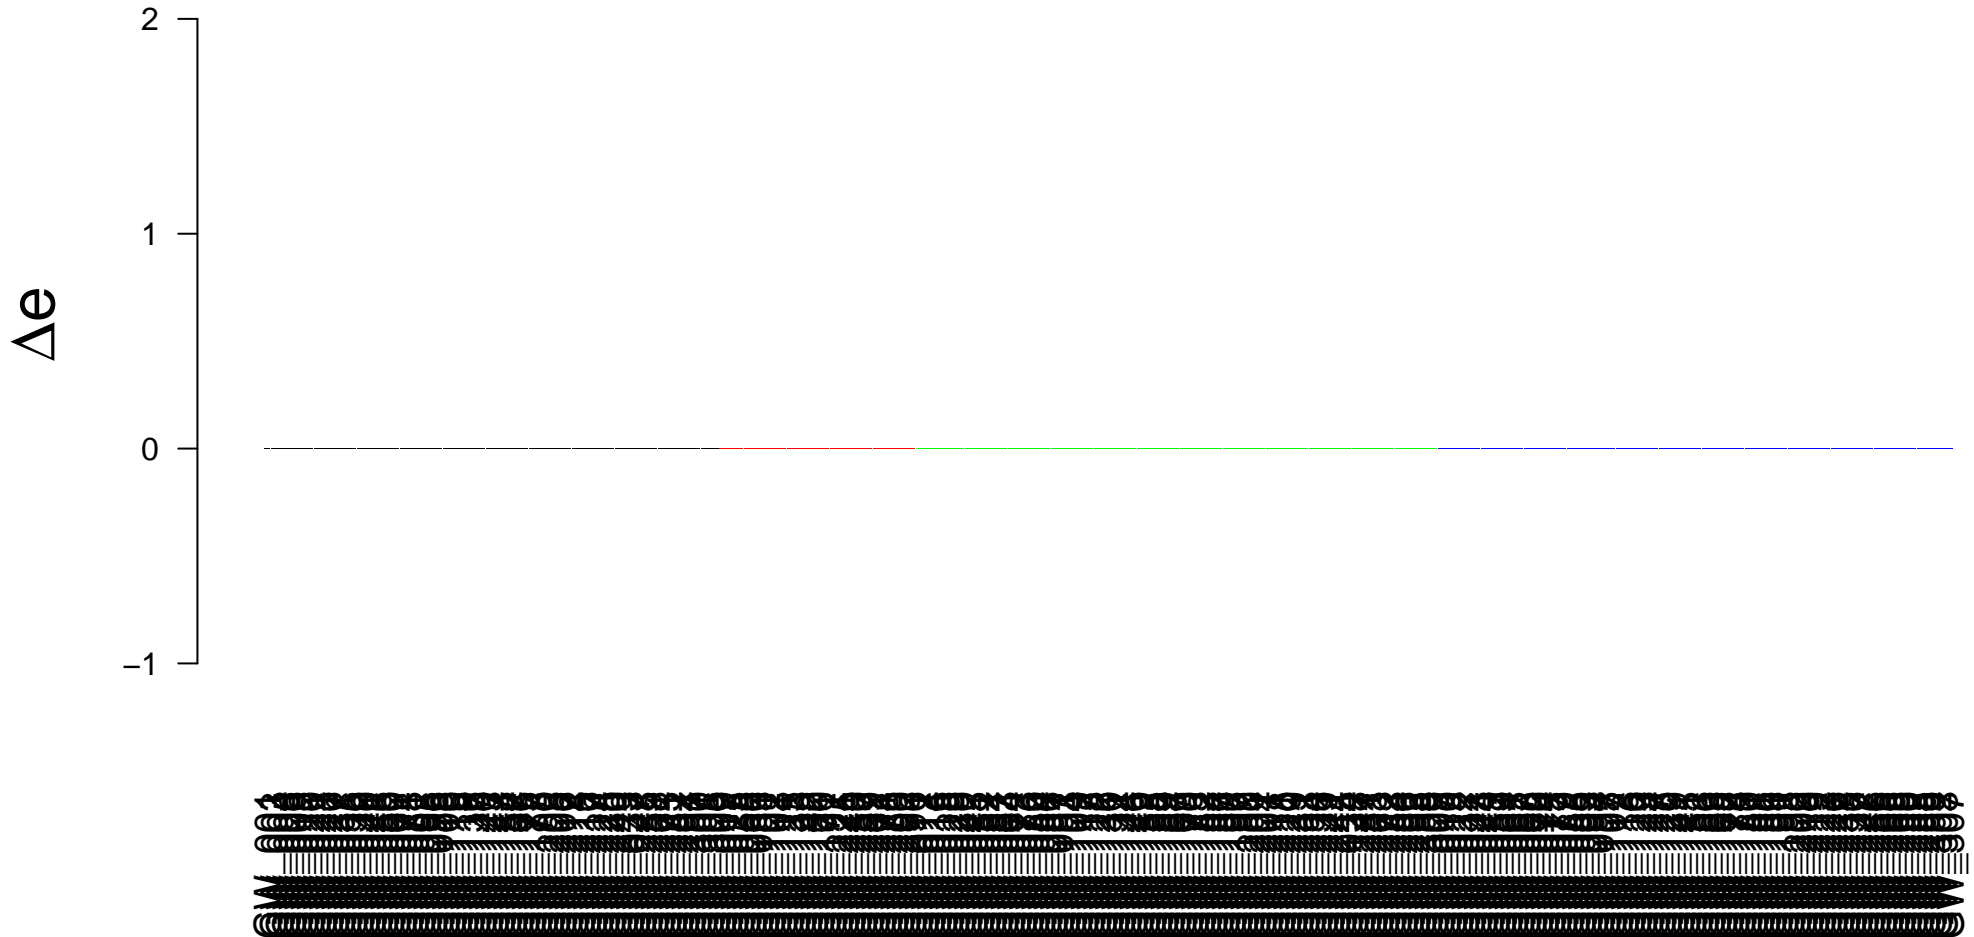

Enrichment in spots: heparan sulfate proteoglycan binding

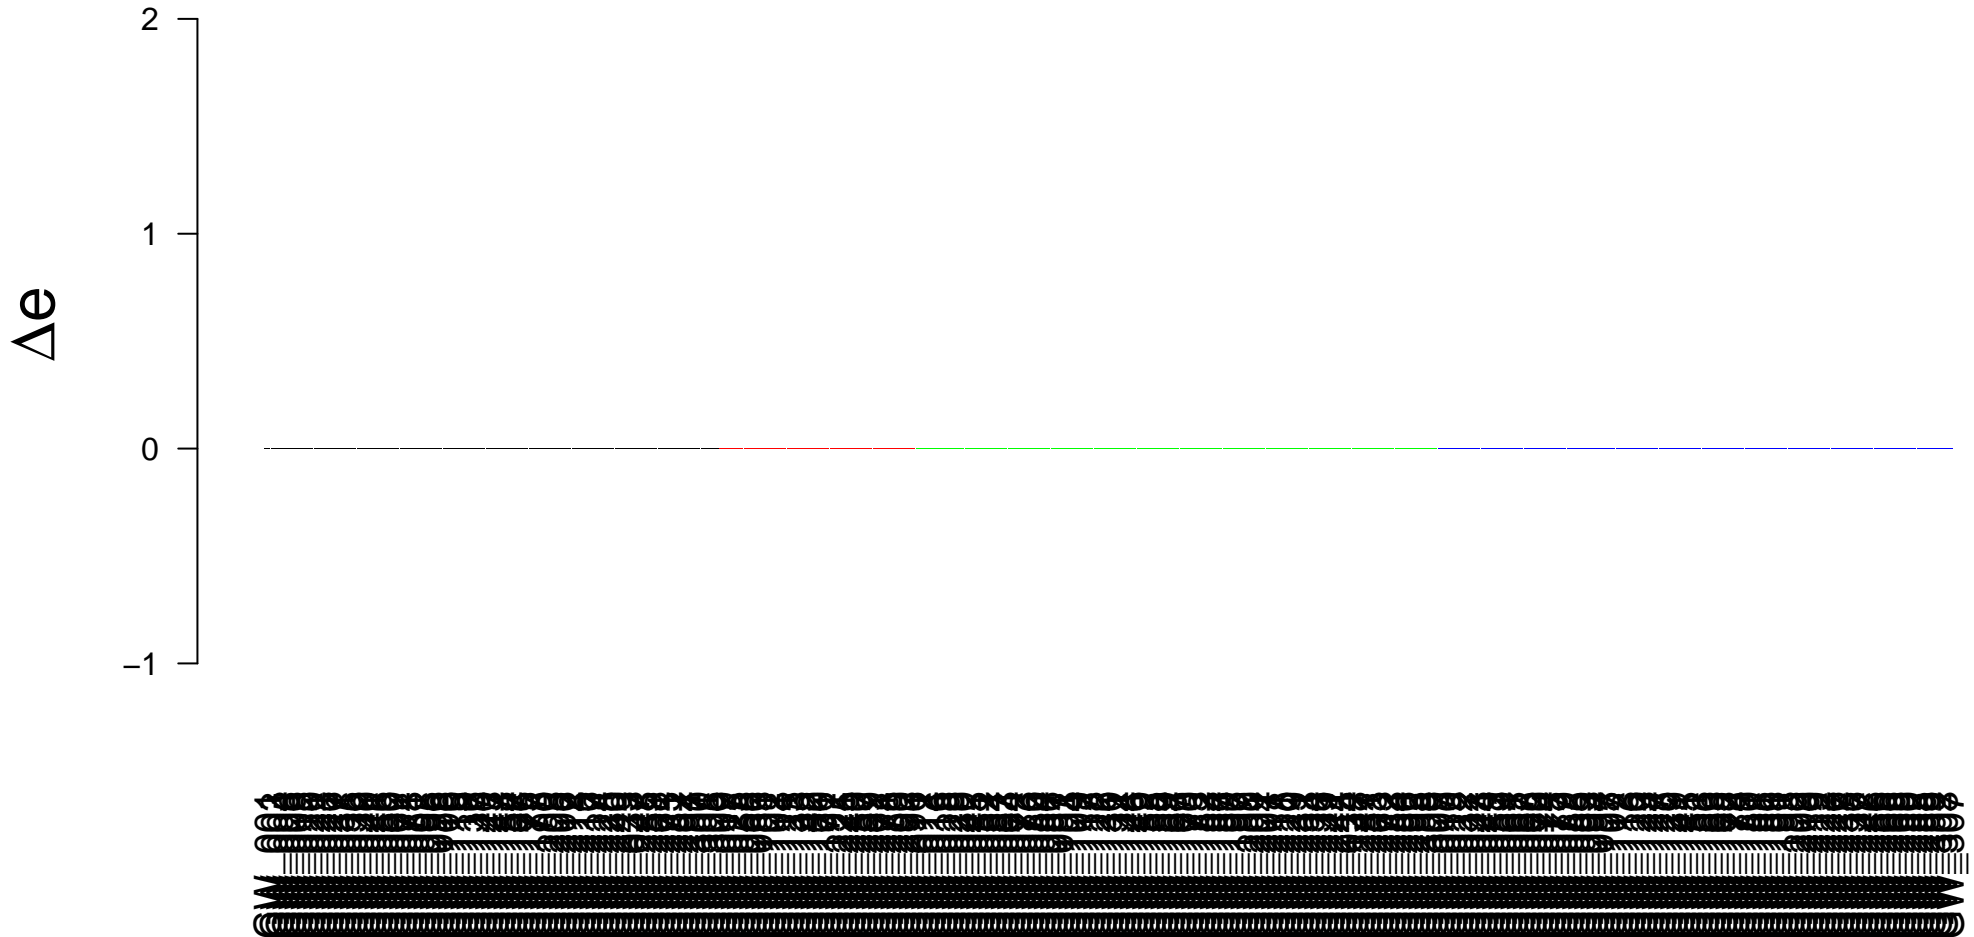

Expression of heparan sulfate proteoglycan binding in Spot A

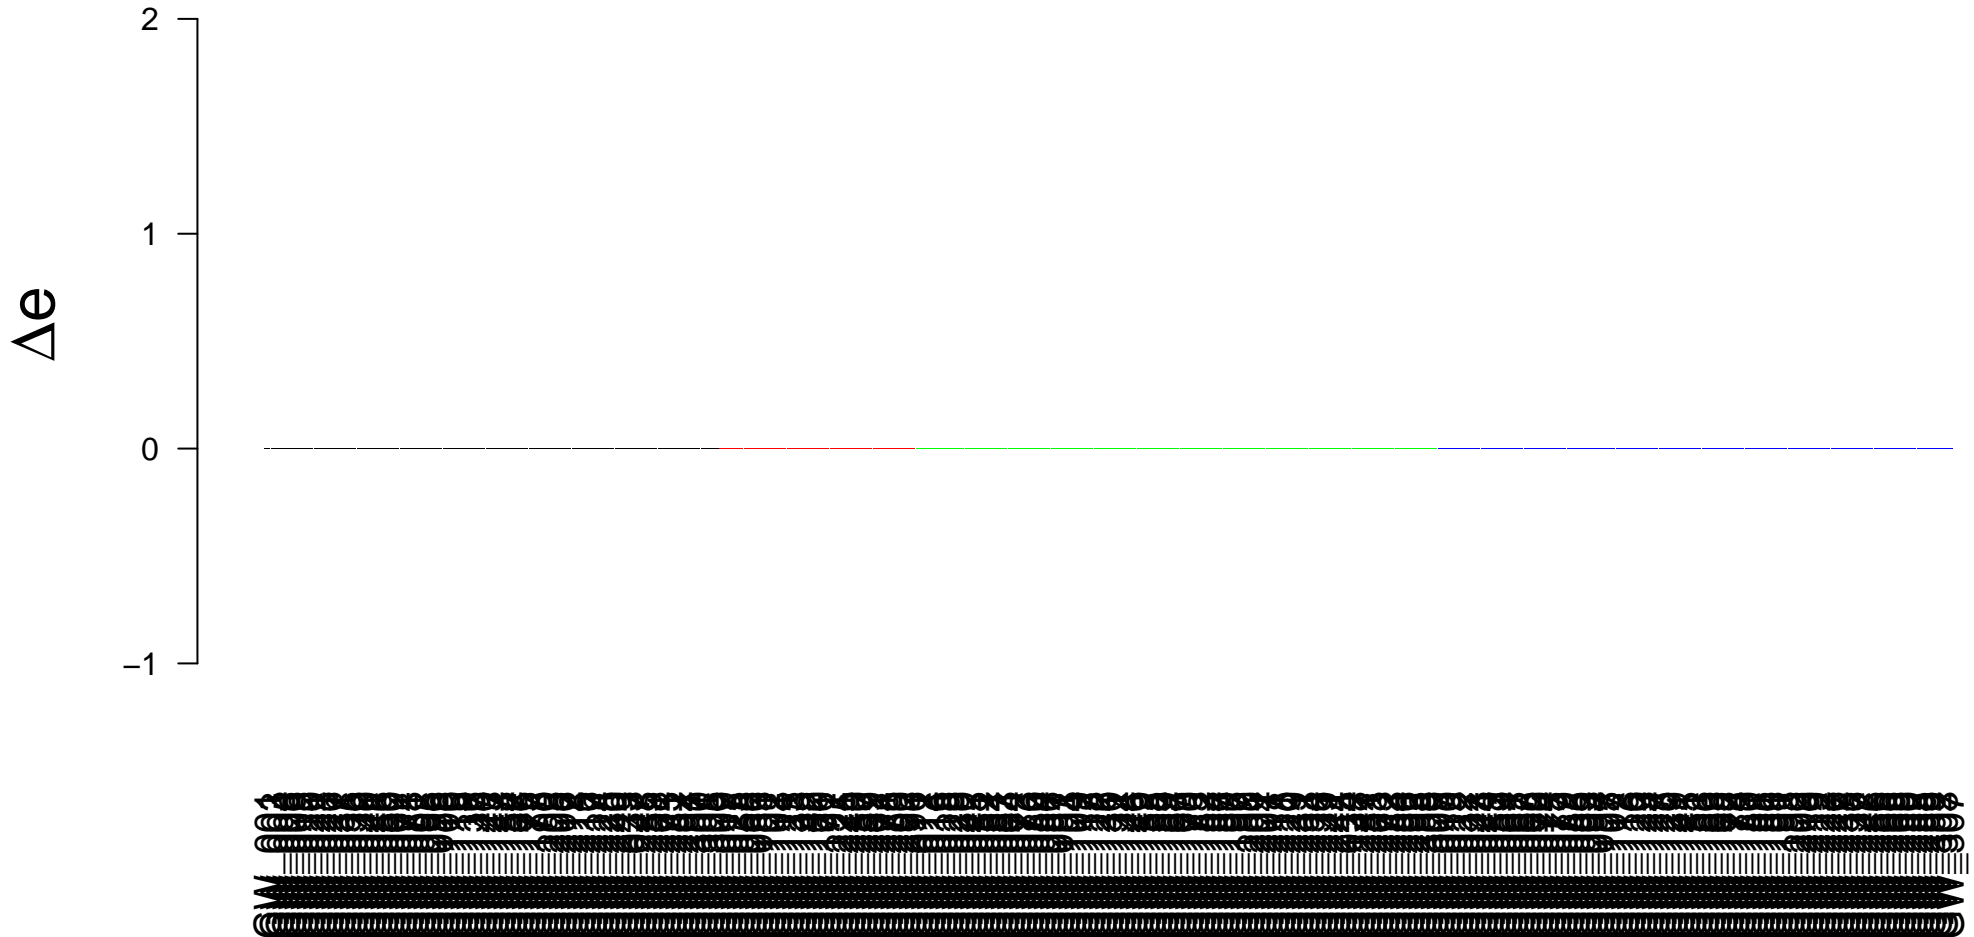

Expression of heparan sulfate proteoglycan binding in Spot B

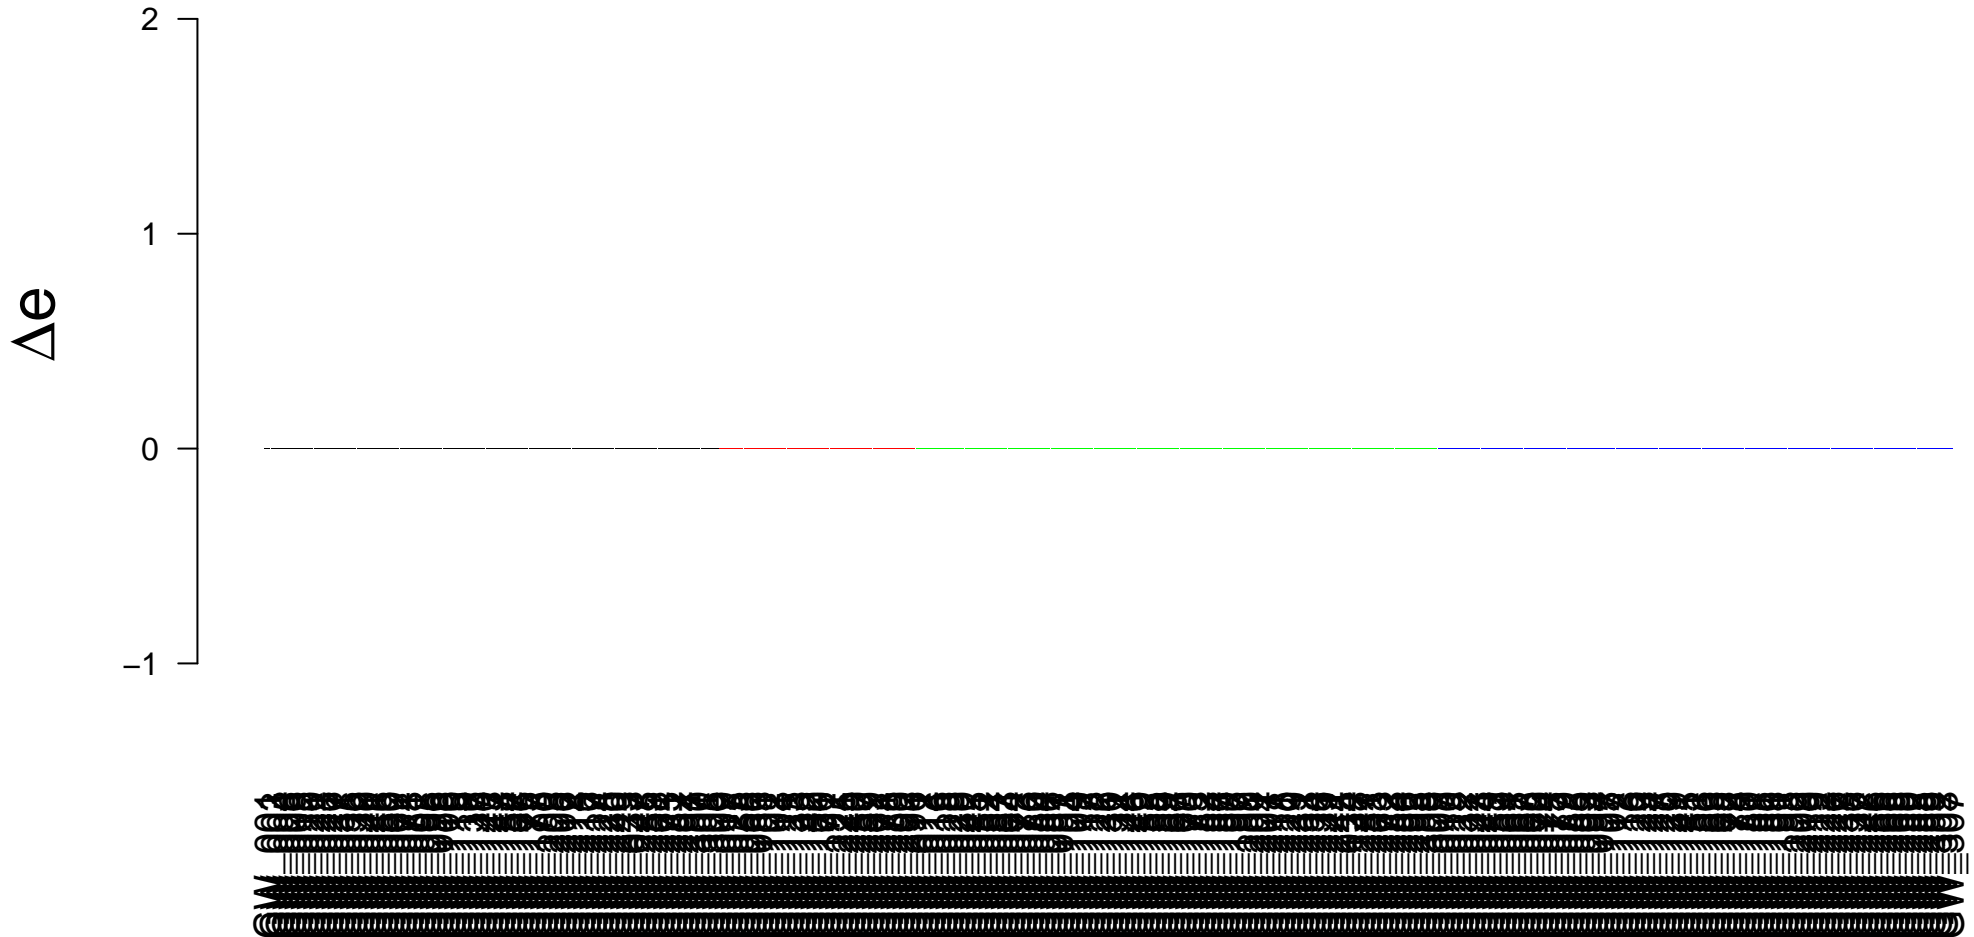

Expression of heparan sulfate proteoglycan binding in Spot C

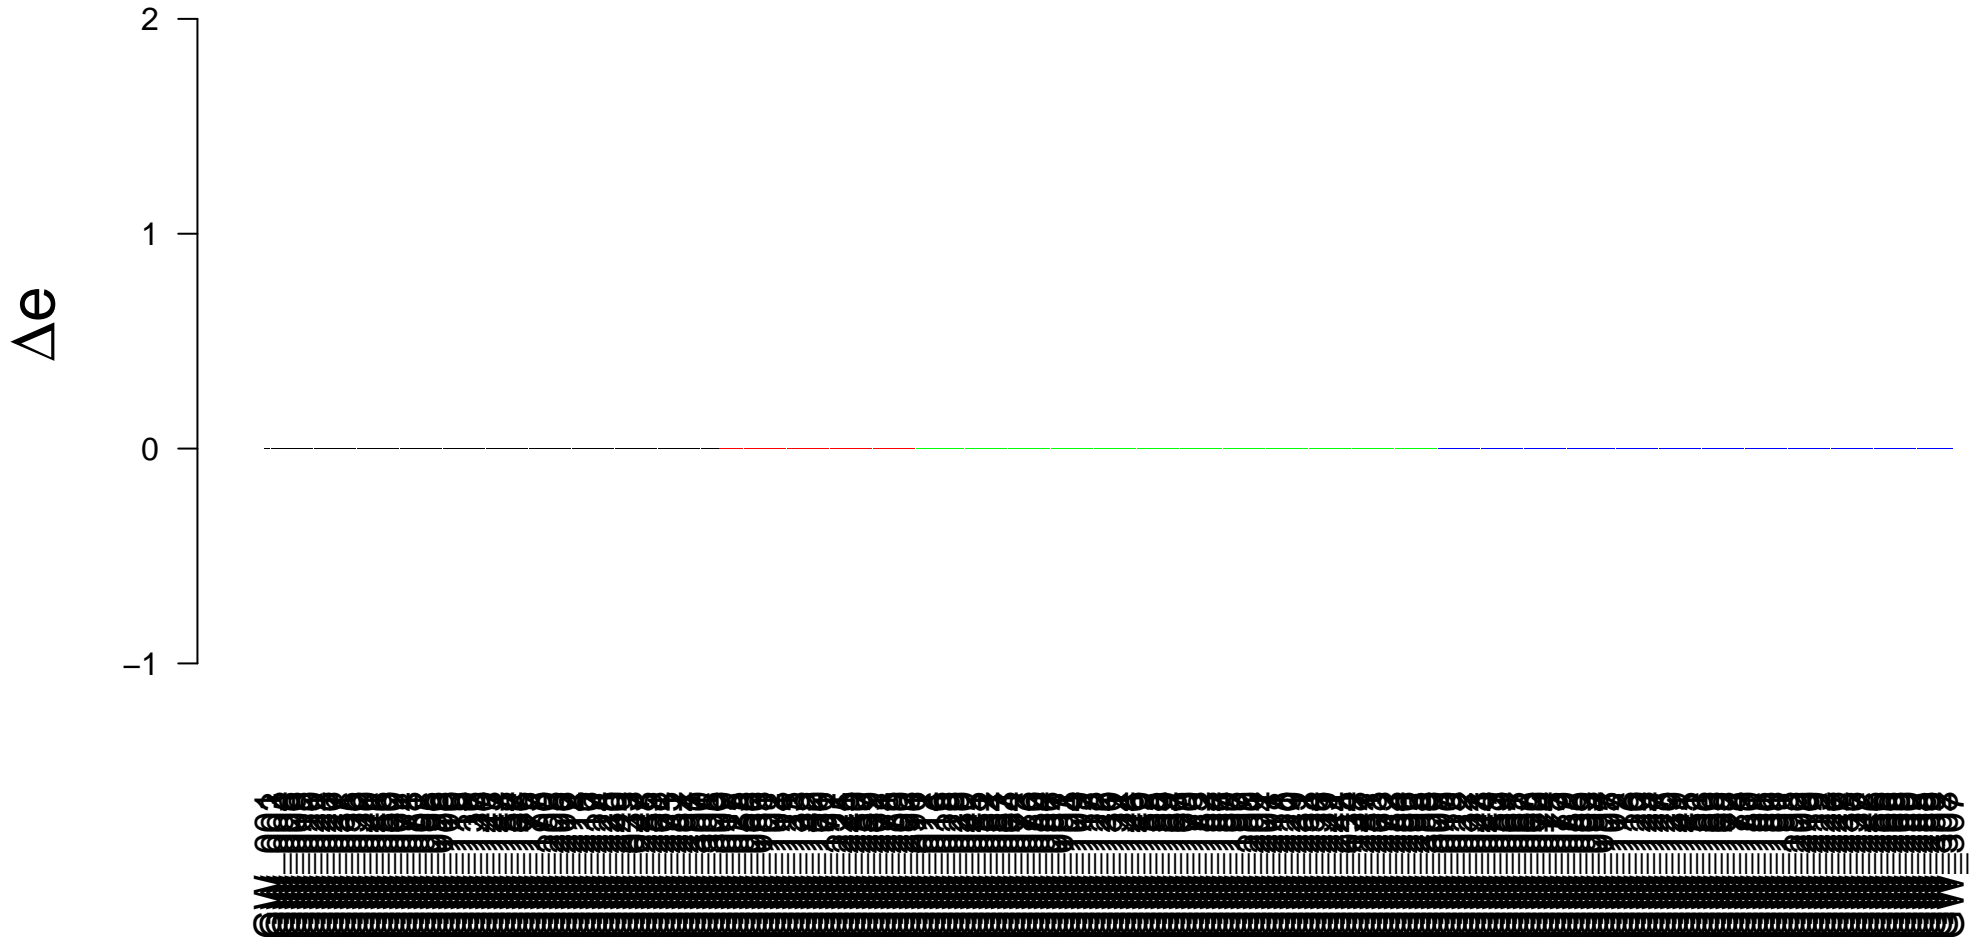

Expression of heparan sulfate proteoglycan binding in Spot D

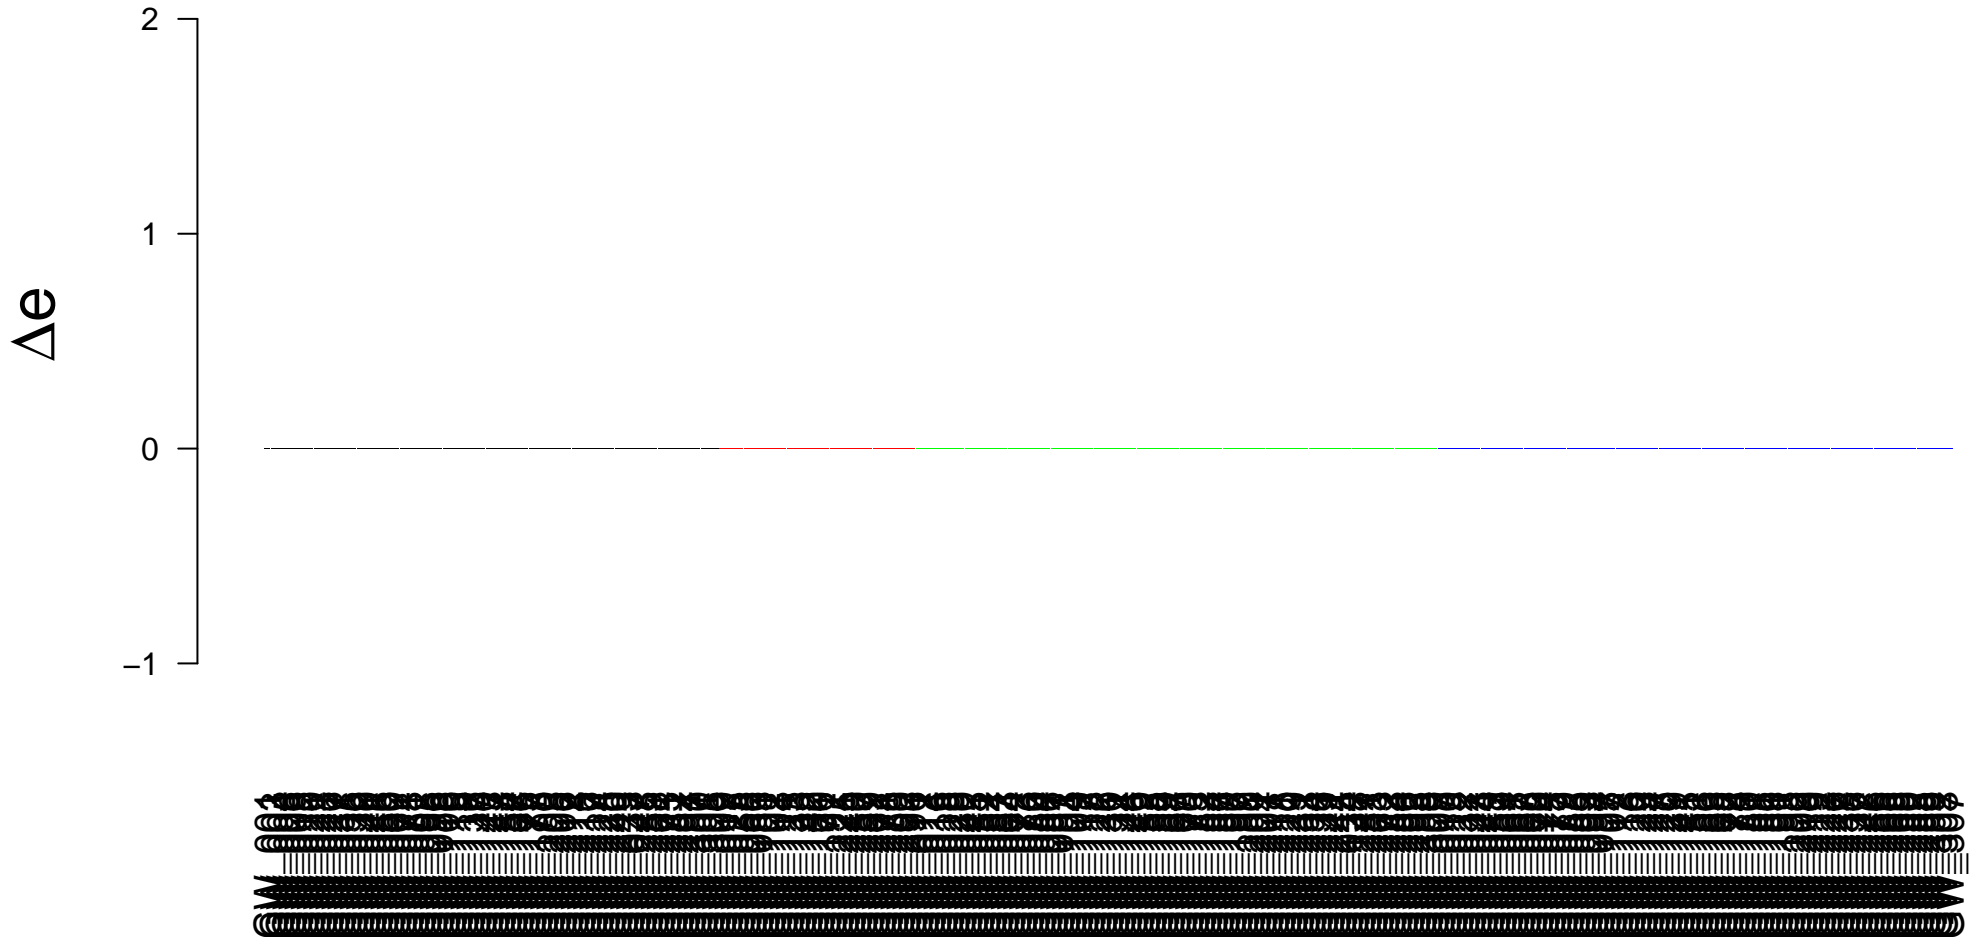

Expression of heparan sulfate proteoglycan binding in Spot E

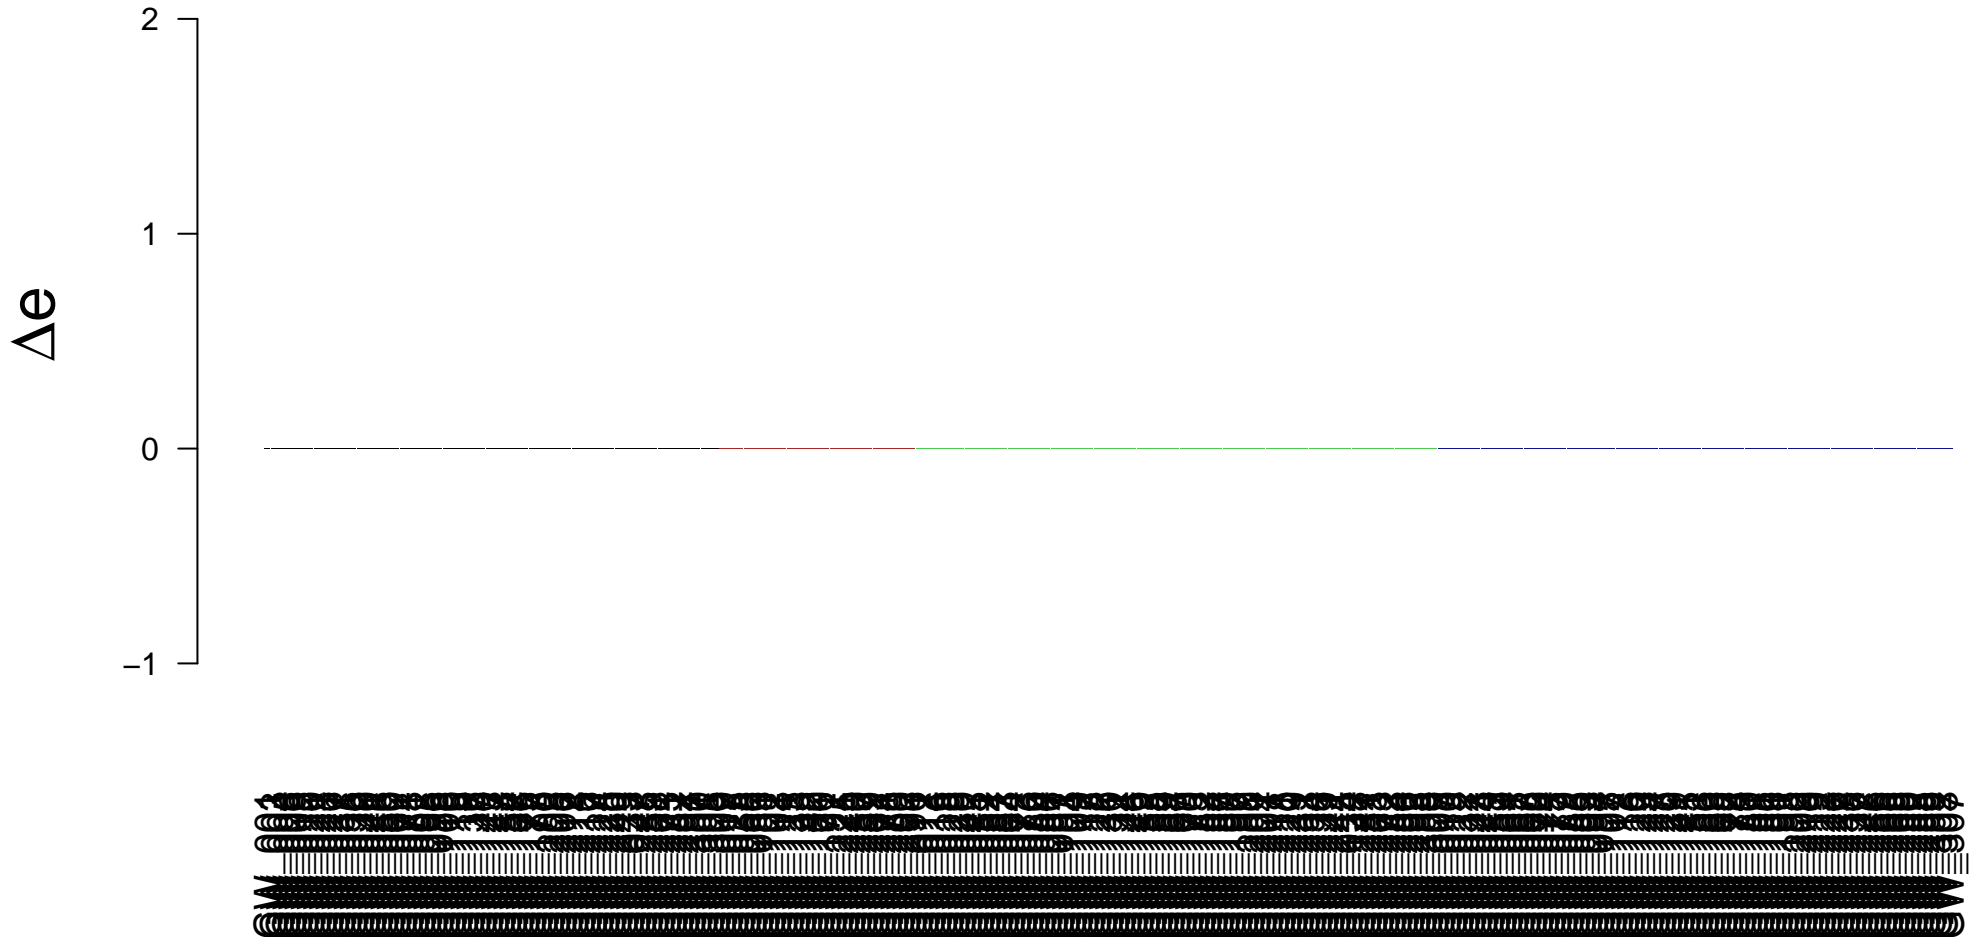

Expression of heparan sulfate proteoglycan binding in Spot F

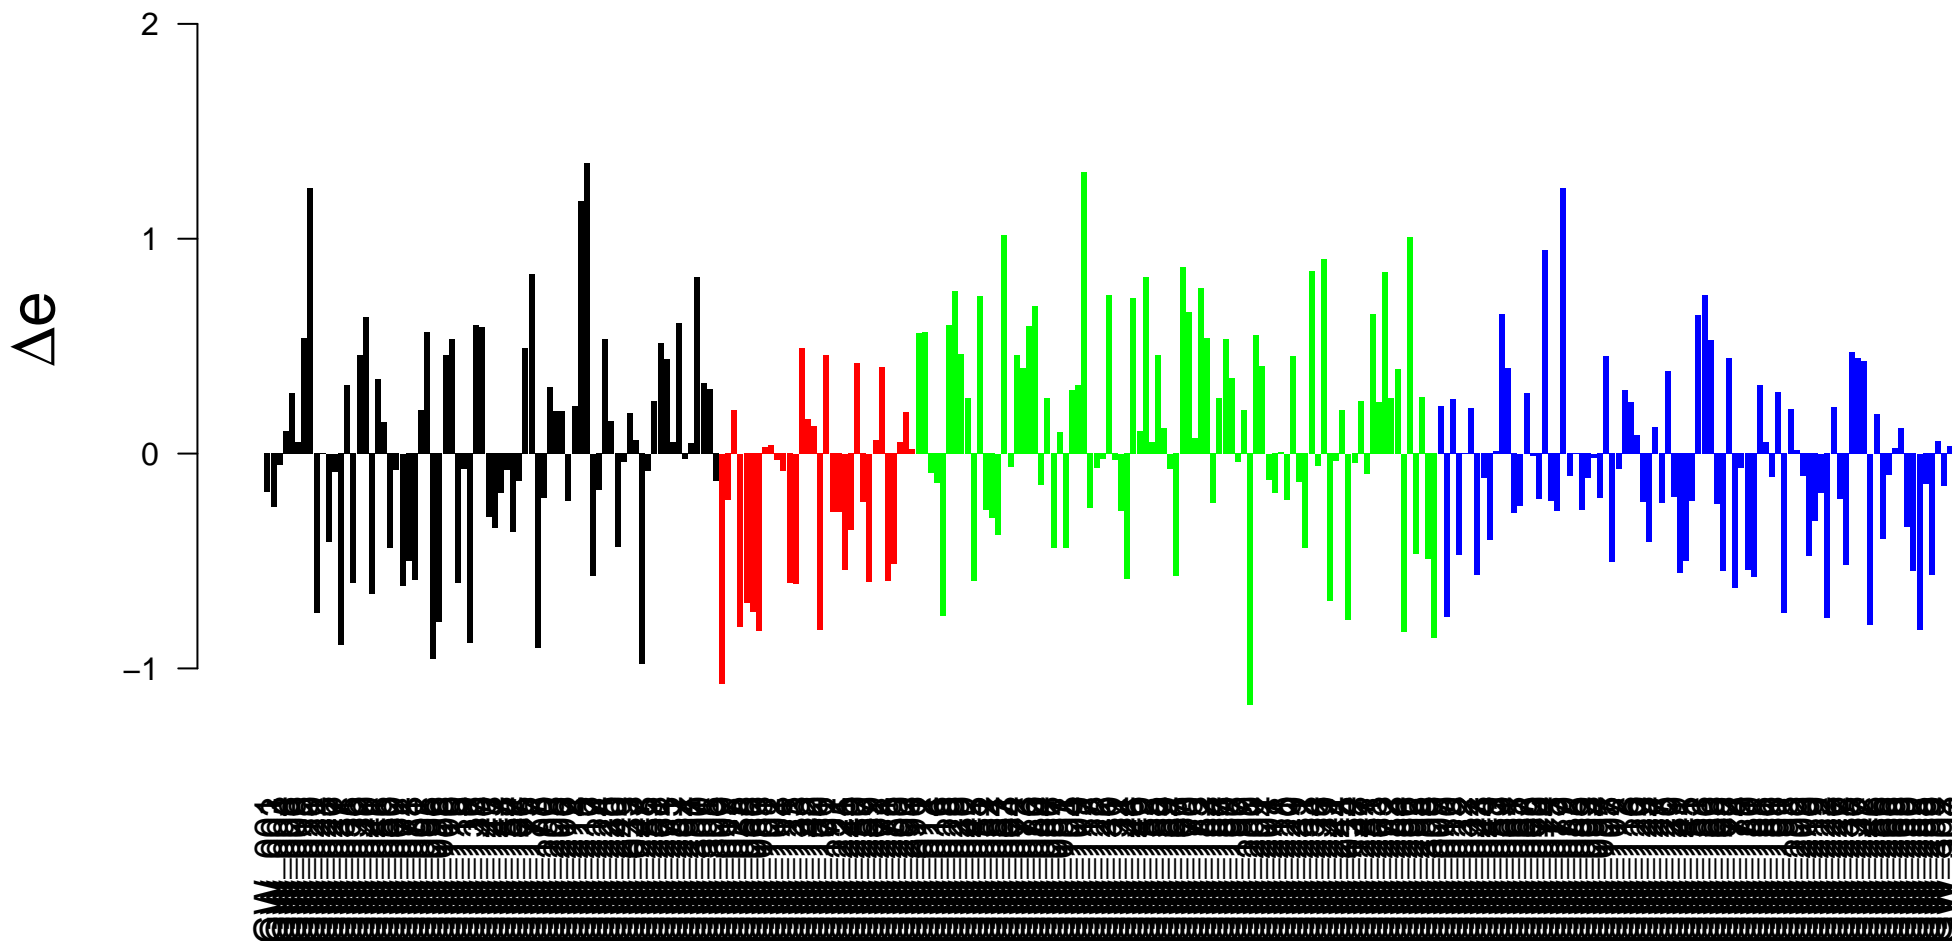

Expression of heparan sulfate proteoglycan binding in Spot G

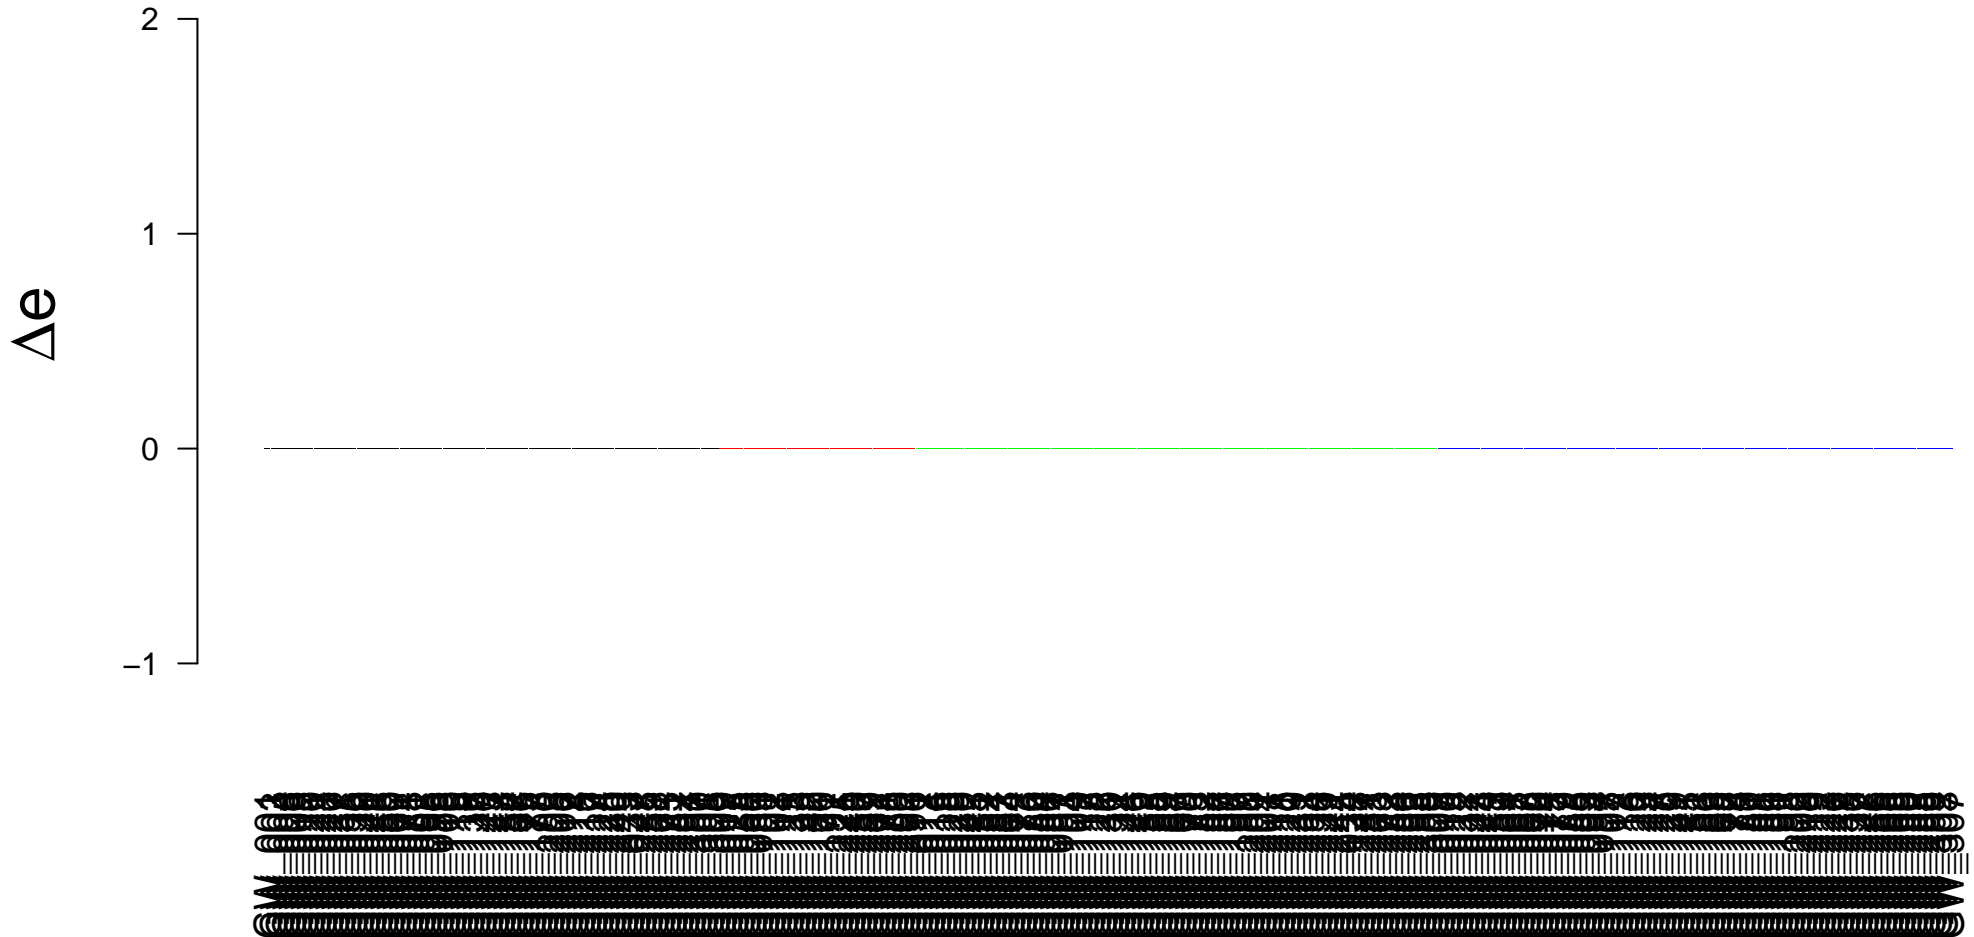

Expression of heparan sulfate proteoglycan binding in Spot H

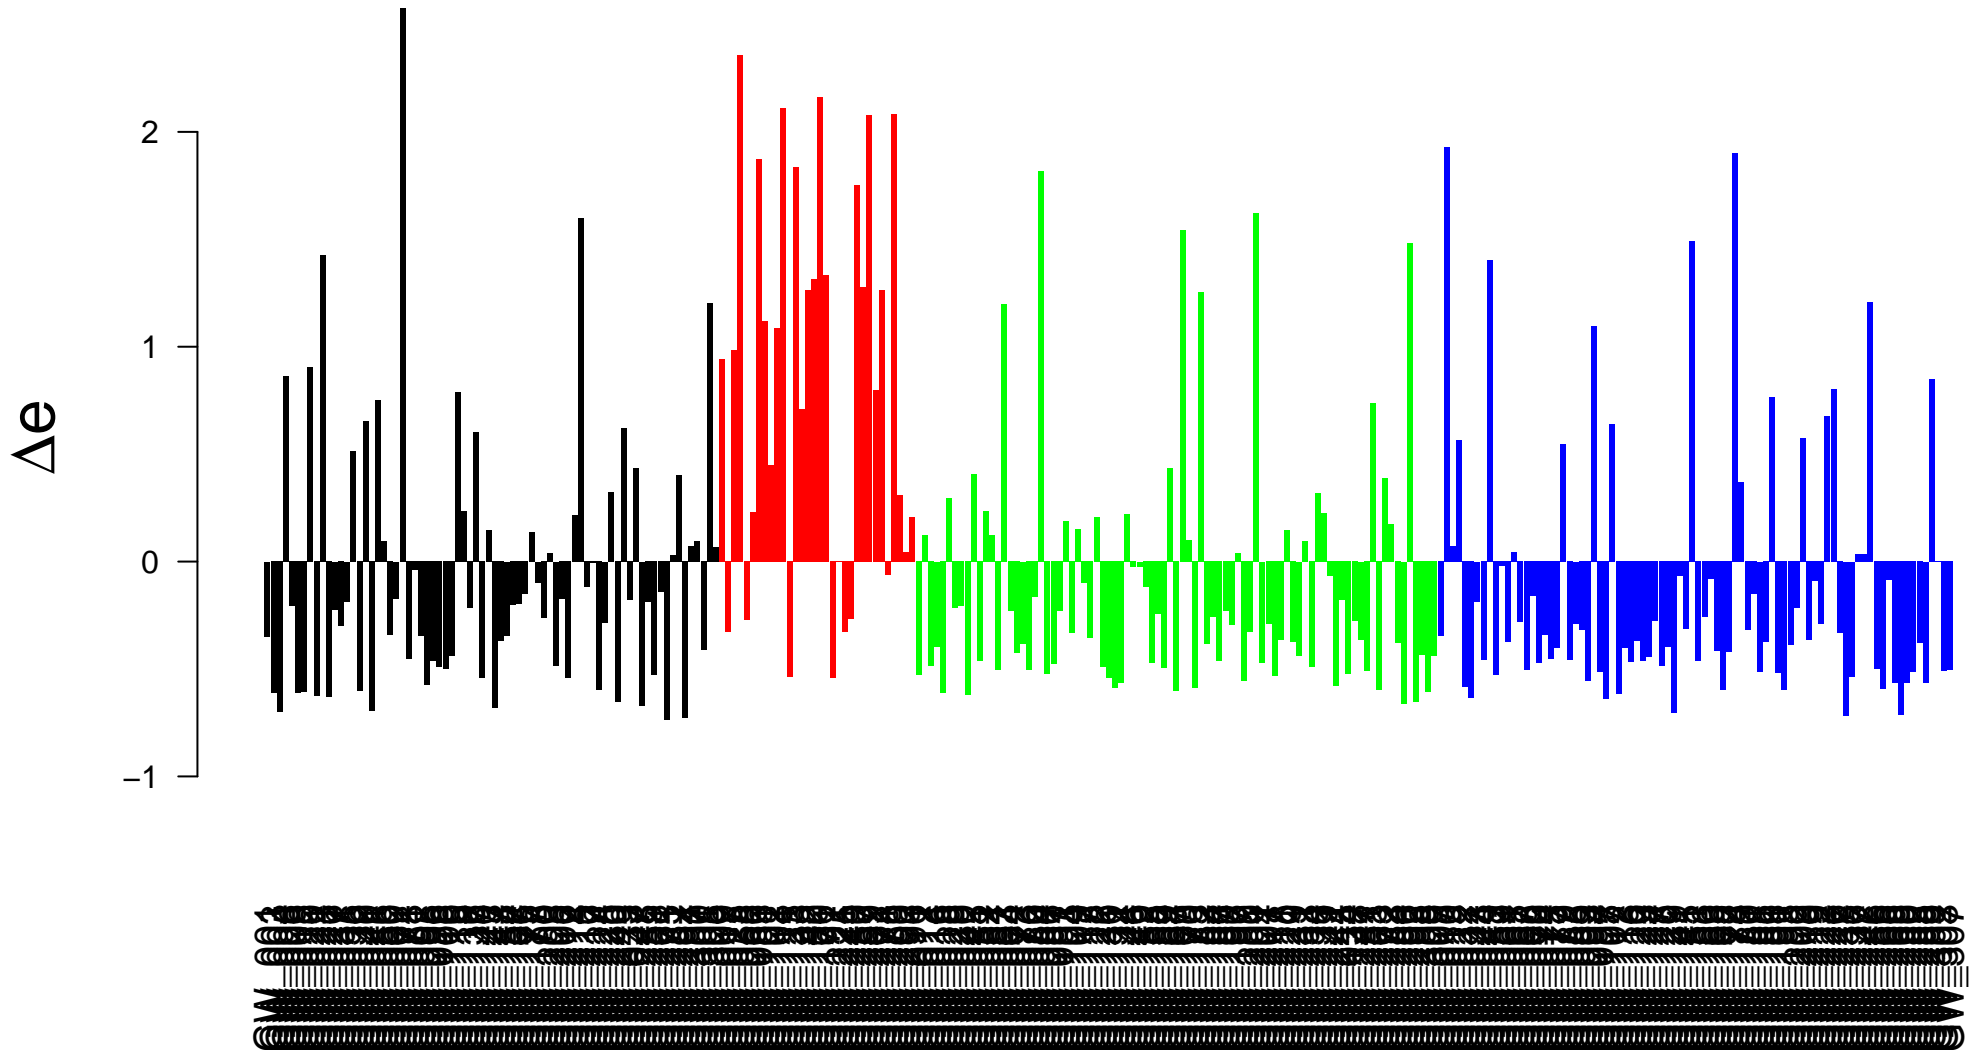

Expression of heparan sulfate proteoglycan binding in Spot I

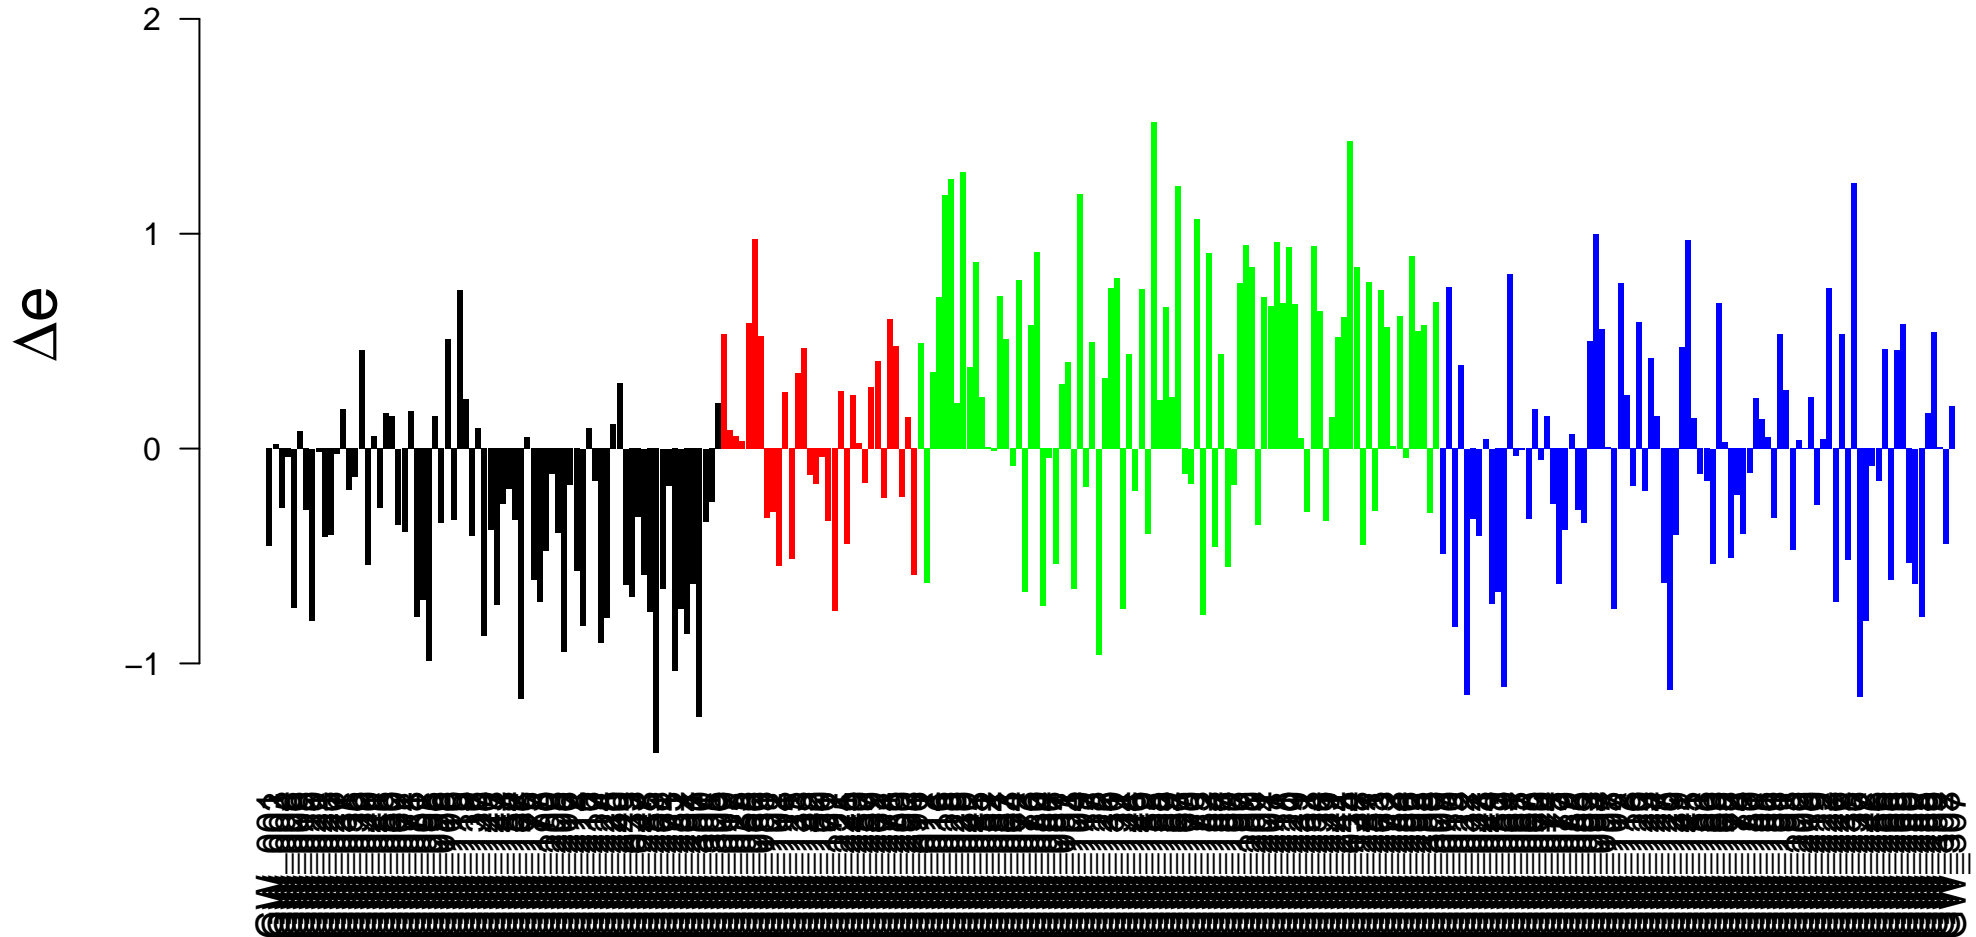

Expression of heparan sulfate proteoglycan binding in Spot J

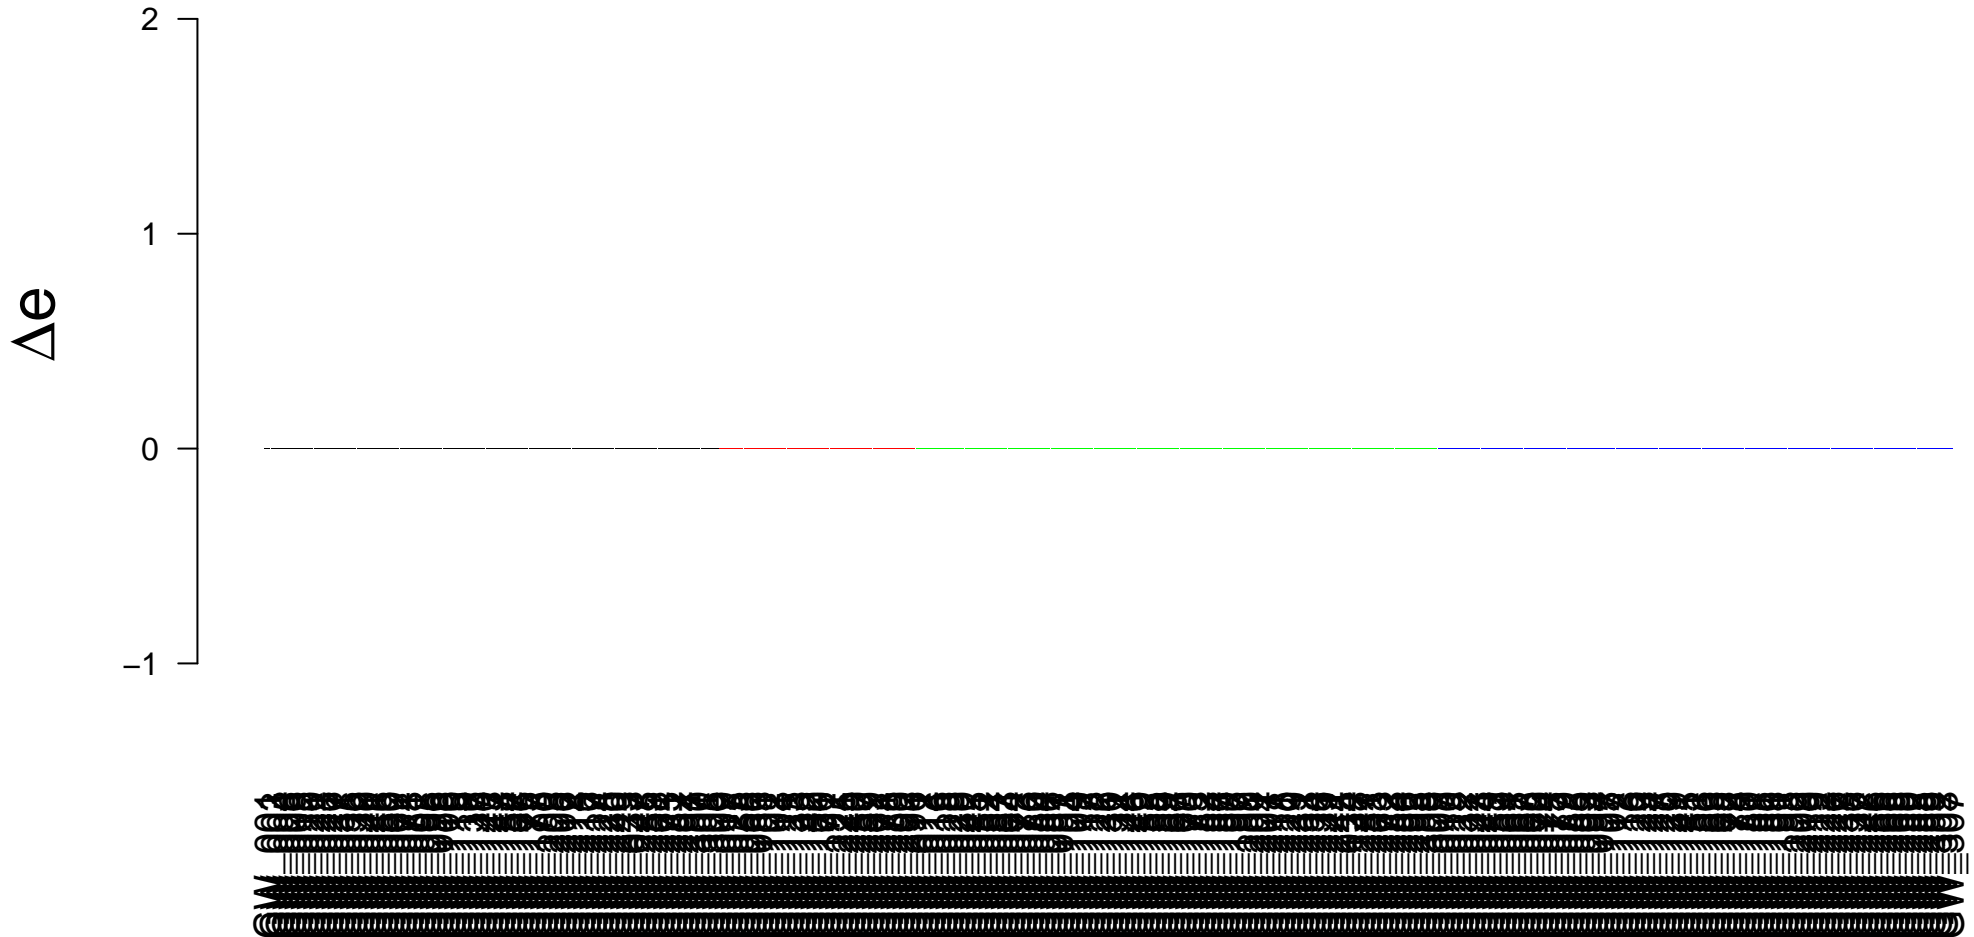

Expression of heparan sulfate proteoglycan binding in Spot K

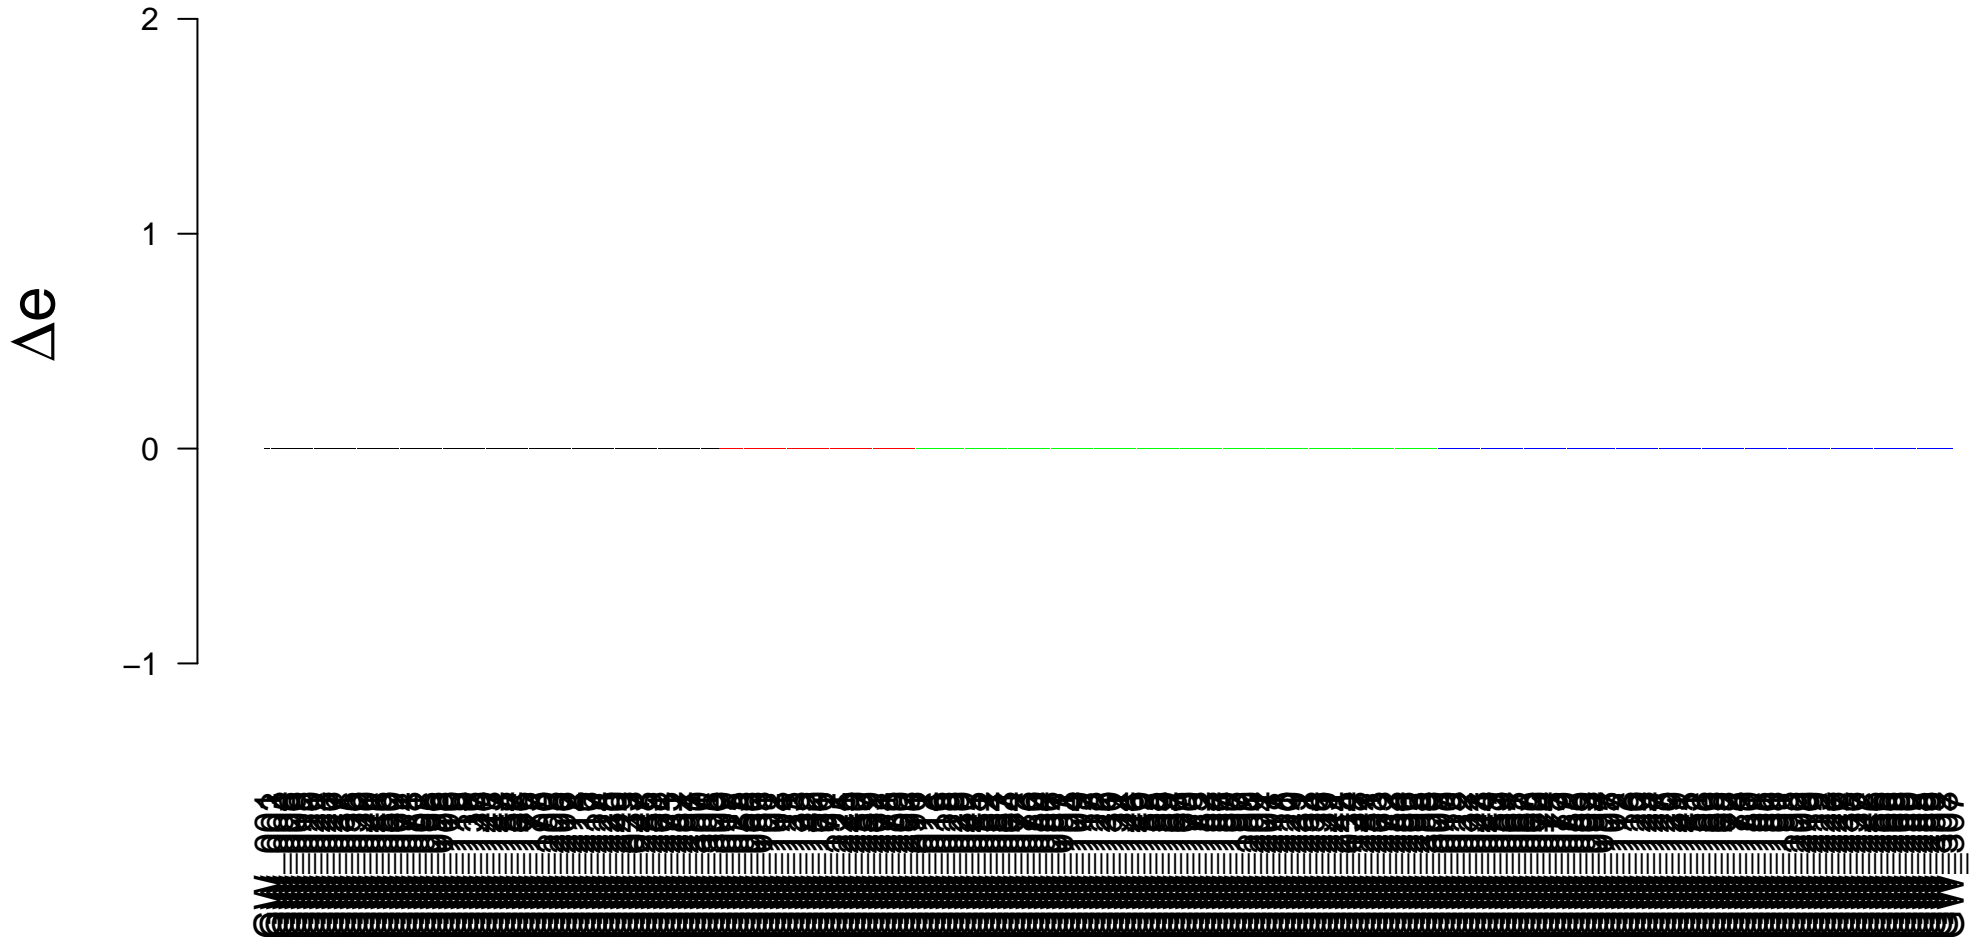

Expression of heparan sulfate proteoglycan binding in Spot L

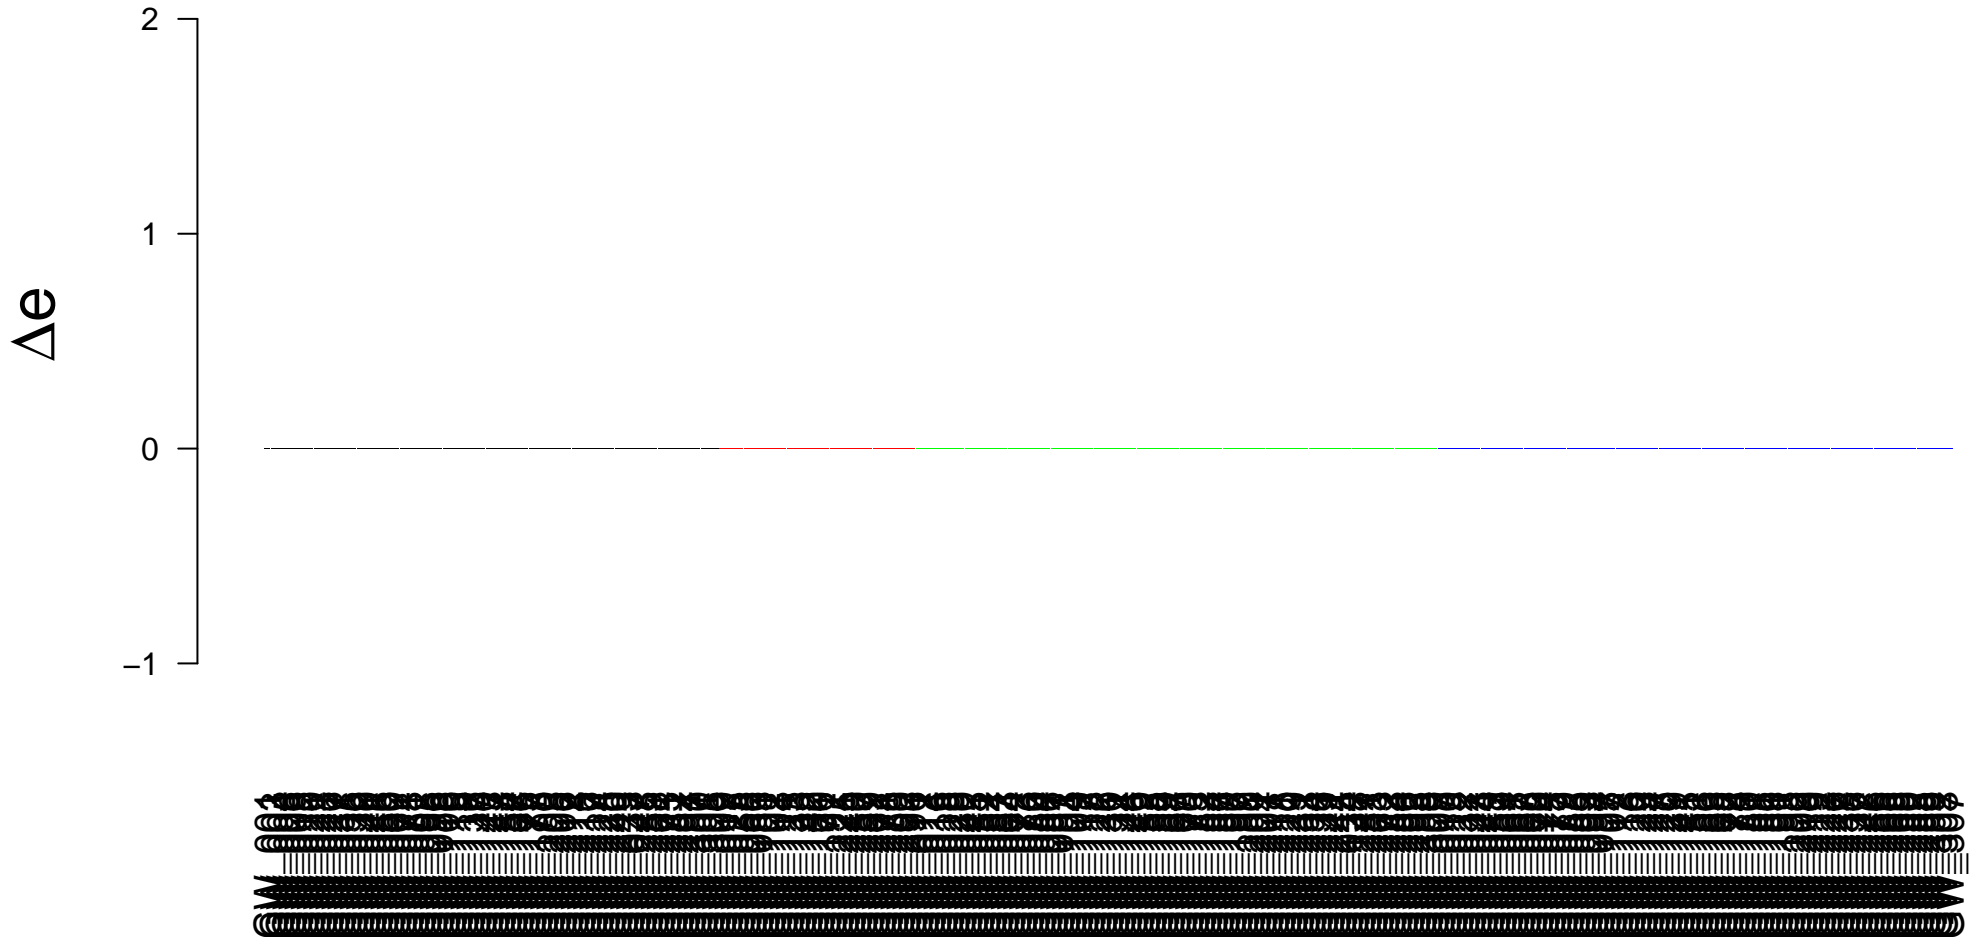

Expression of heparan sulfate proteoglycan binding in Spot M

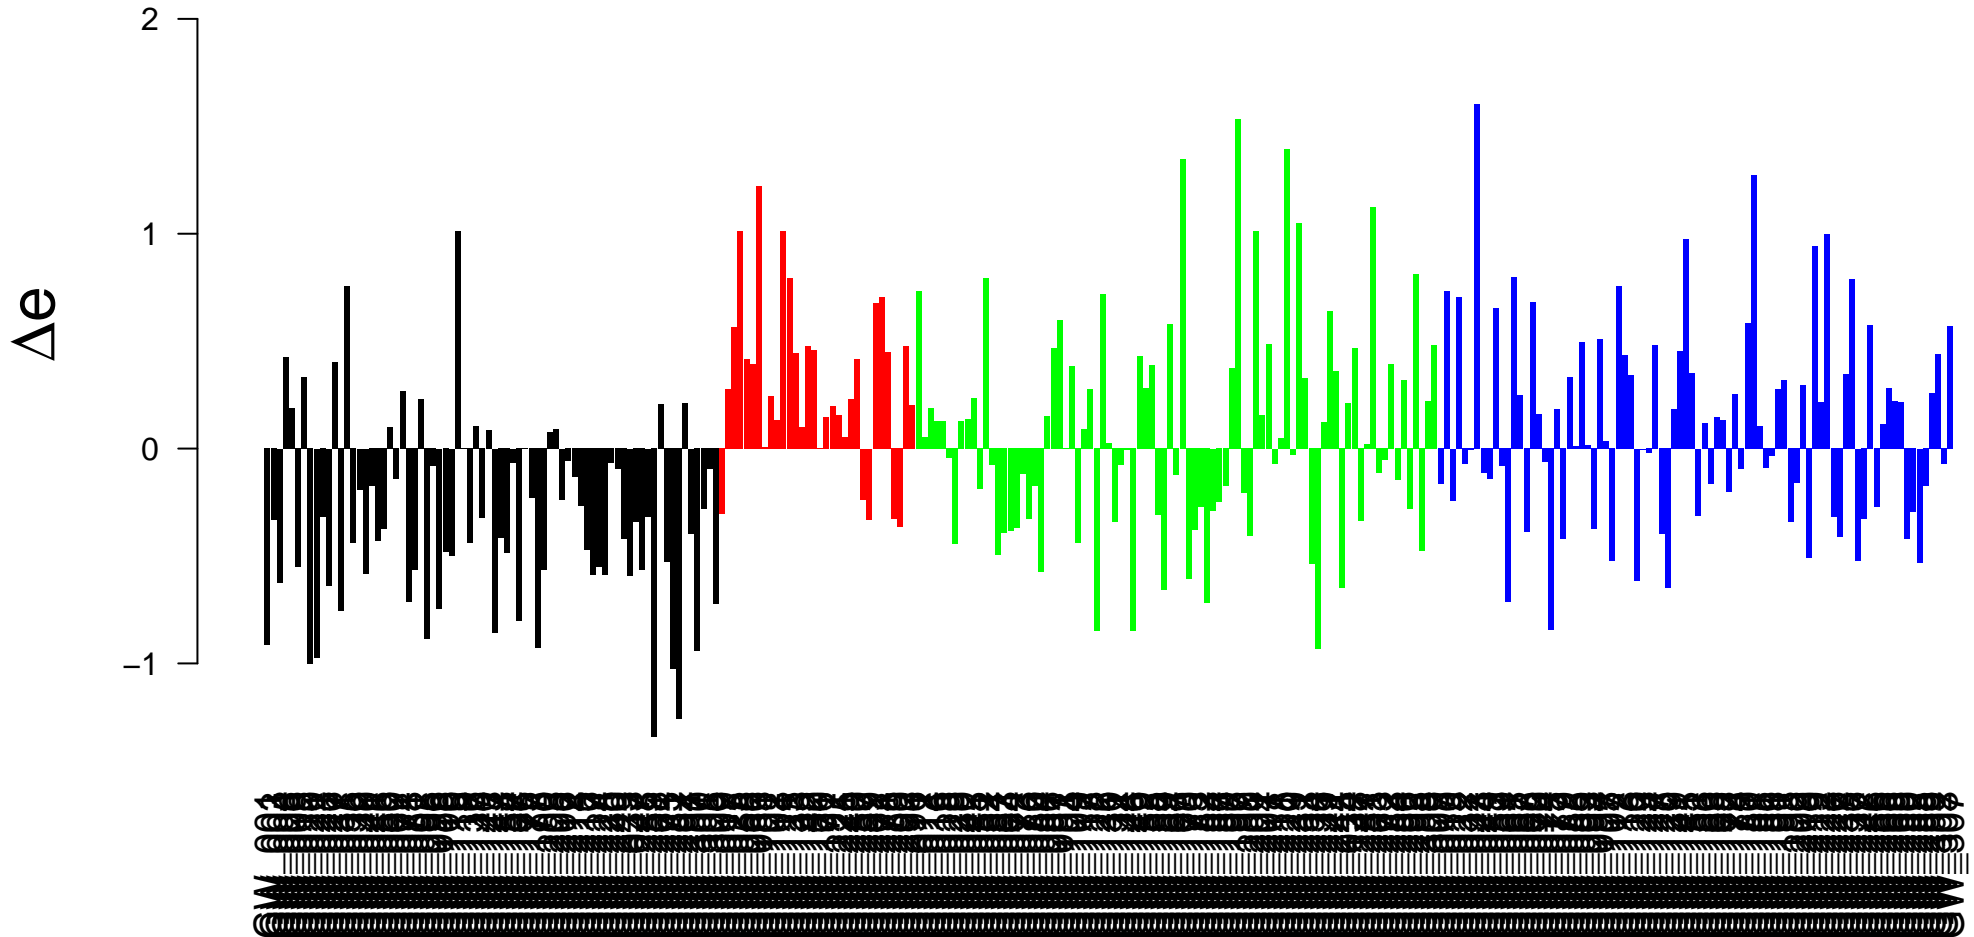

Expression of heparan sulfate proteoglycan binding in Spot N

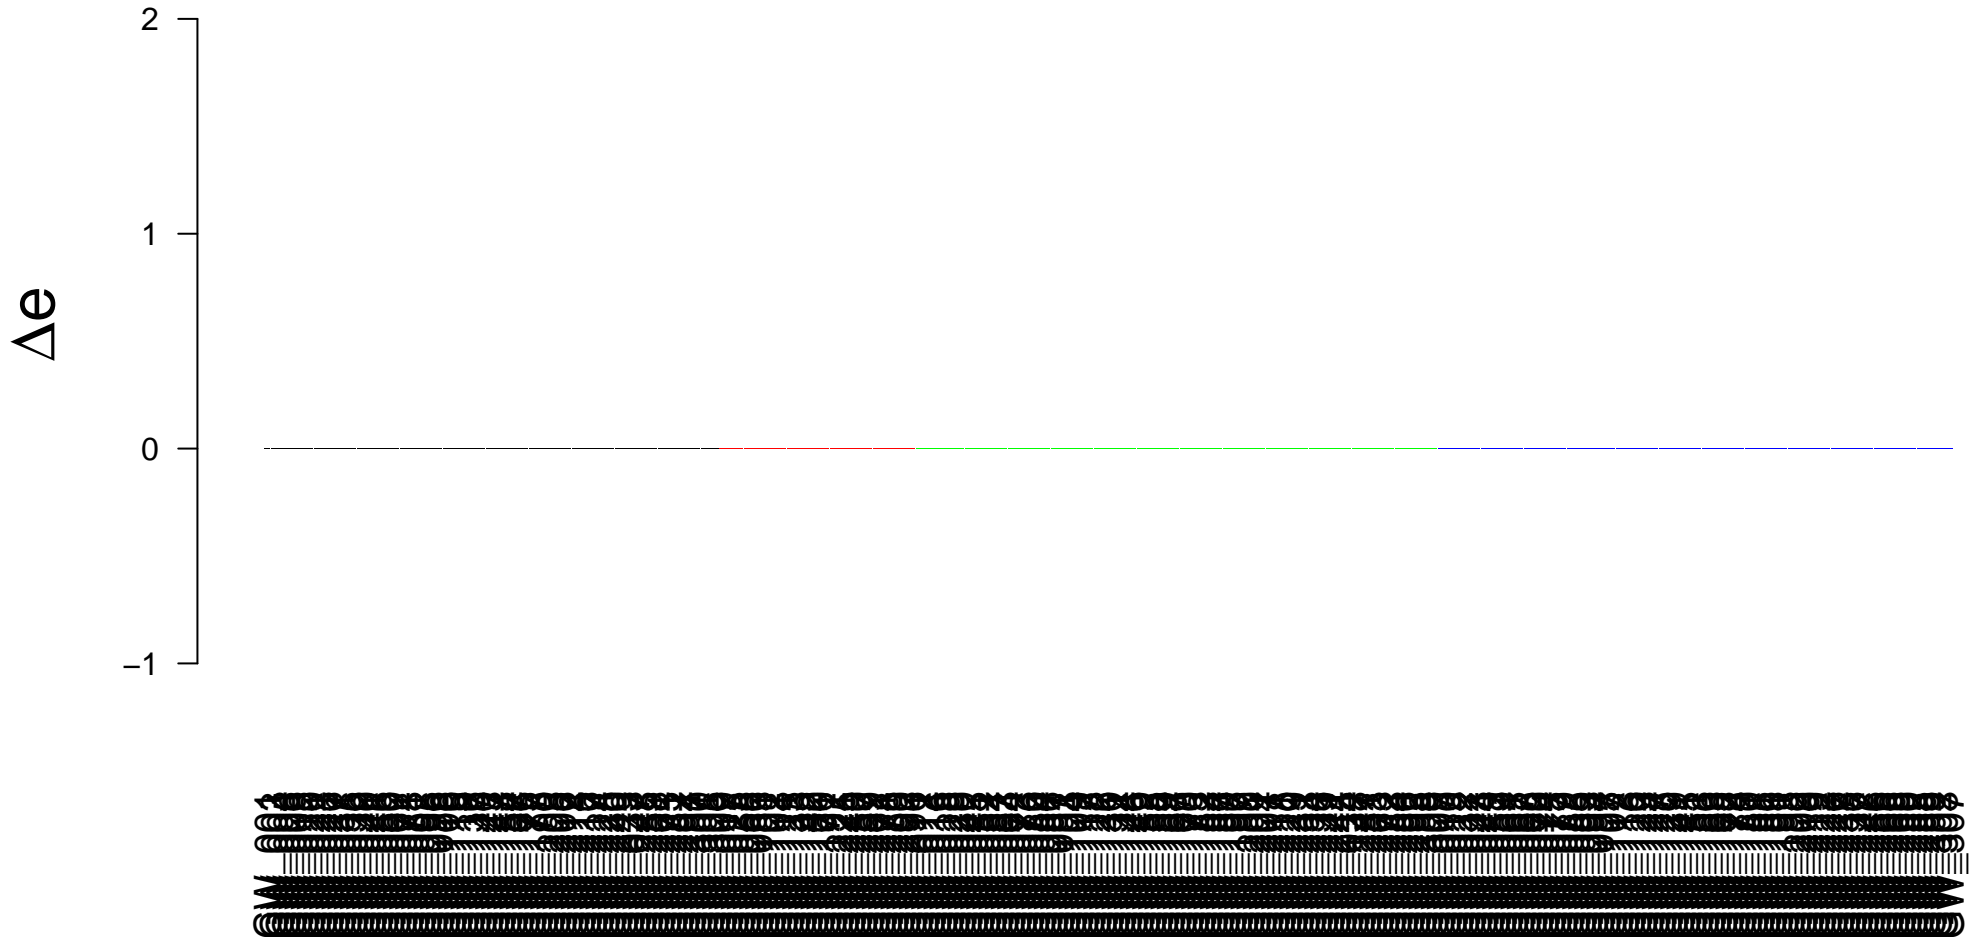

Expression of heparan sulfate proteoglycan binding in Spot O

Expression of heparan sulfate proteoglycan binding in Spot P

Expression of heparan sulfate proteoglycan binding in Spot Q

Expression of heparan sulfate proteoglycan binding in Spot R
