

high-density lipoprotein particle

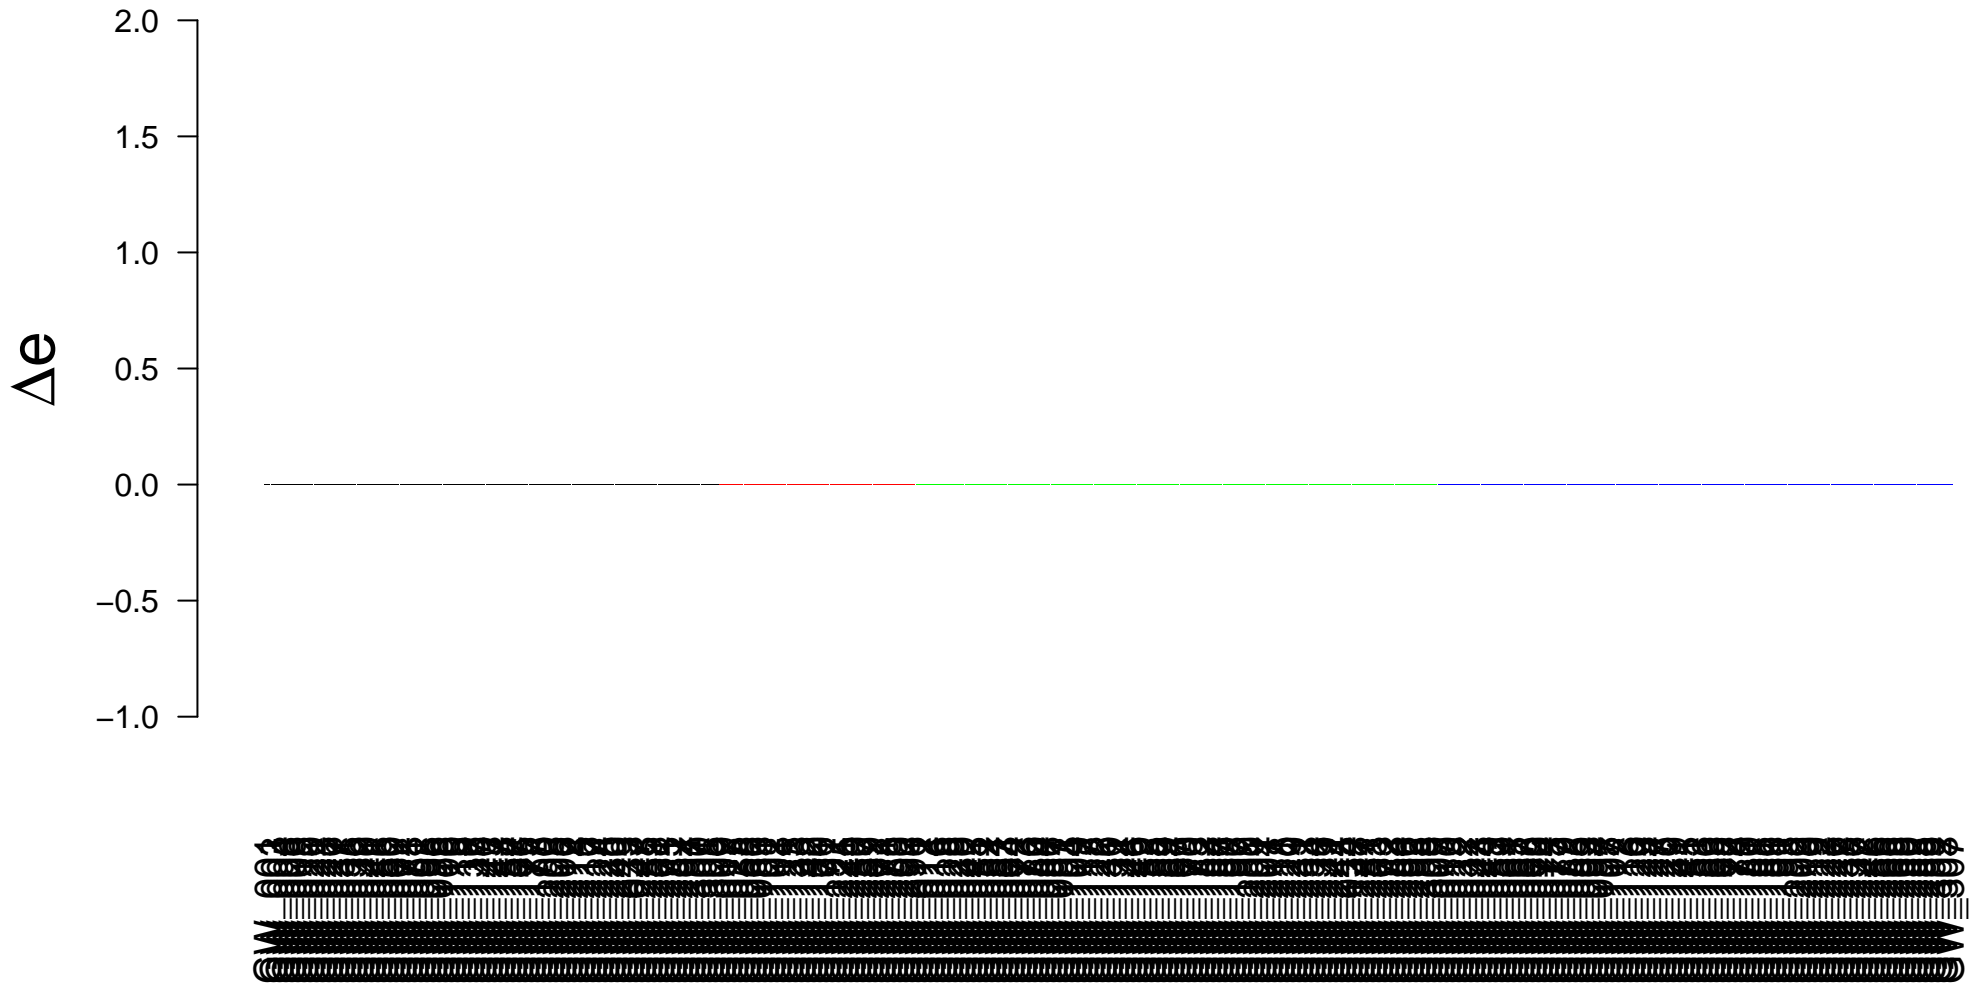

high-density lipoprotein particle

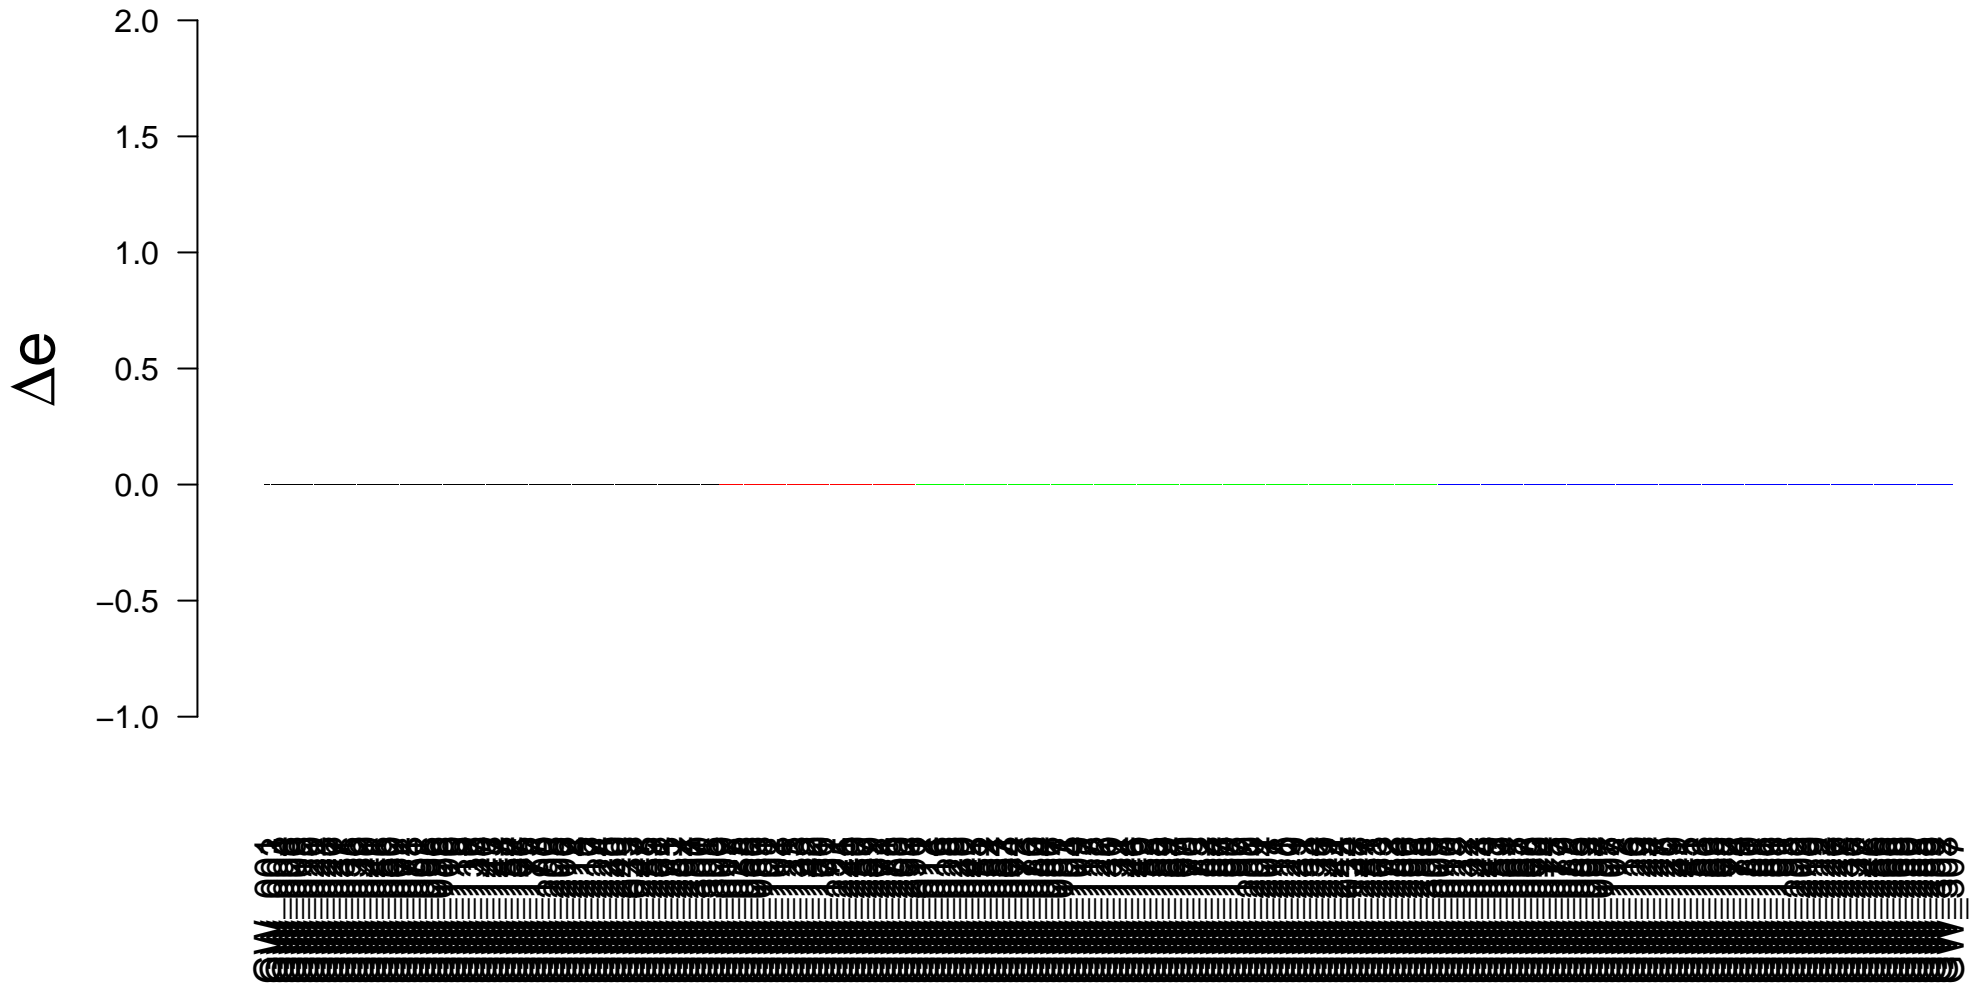

Enrichment in spots: high-density lipoprotein particle

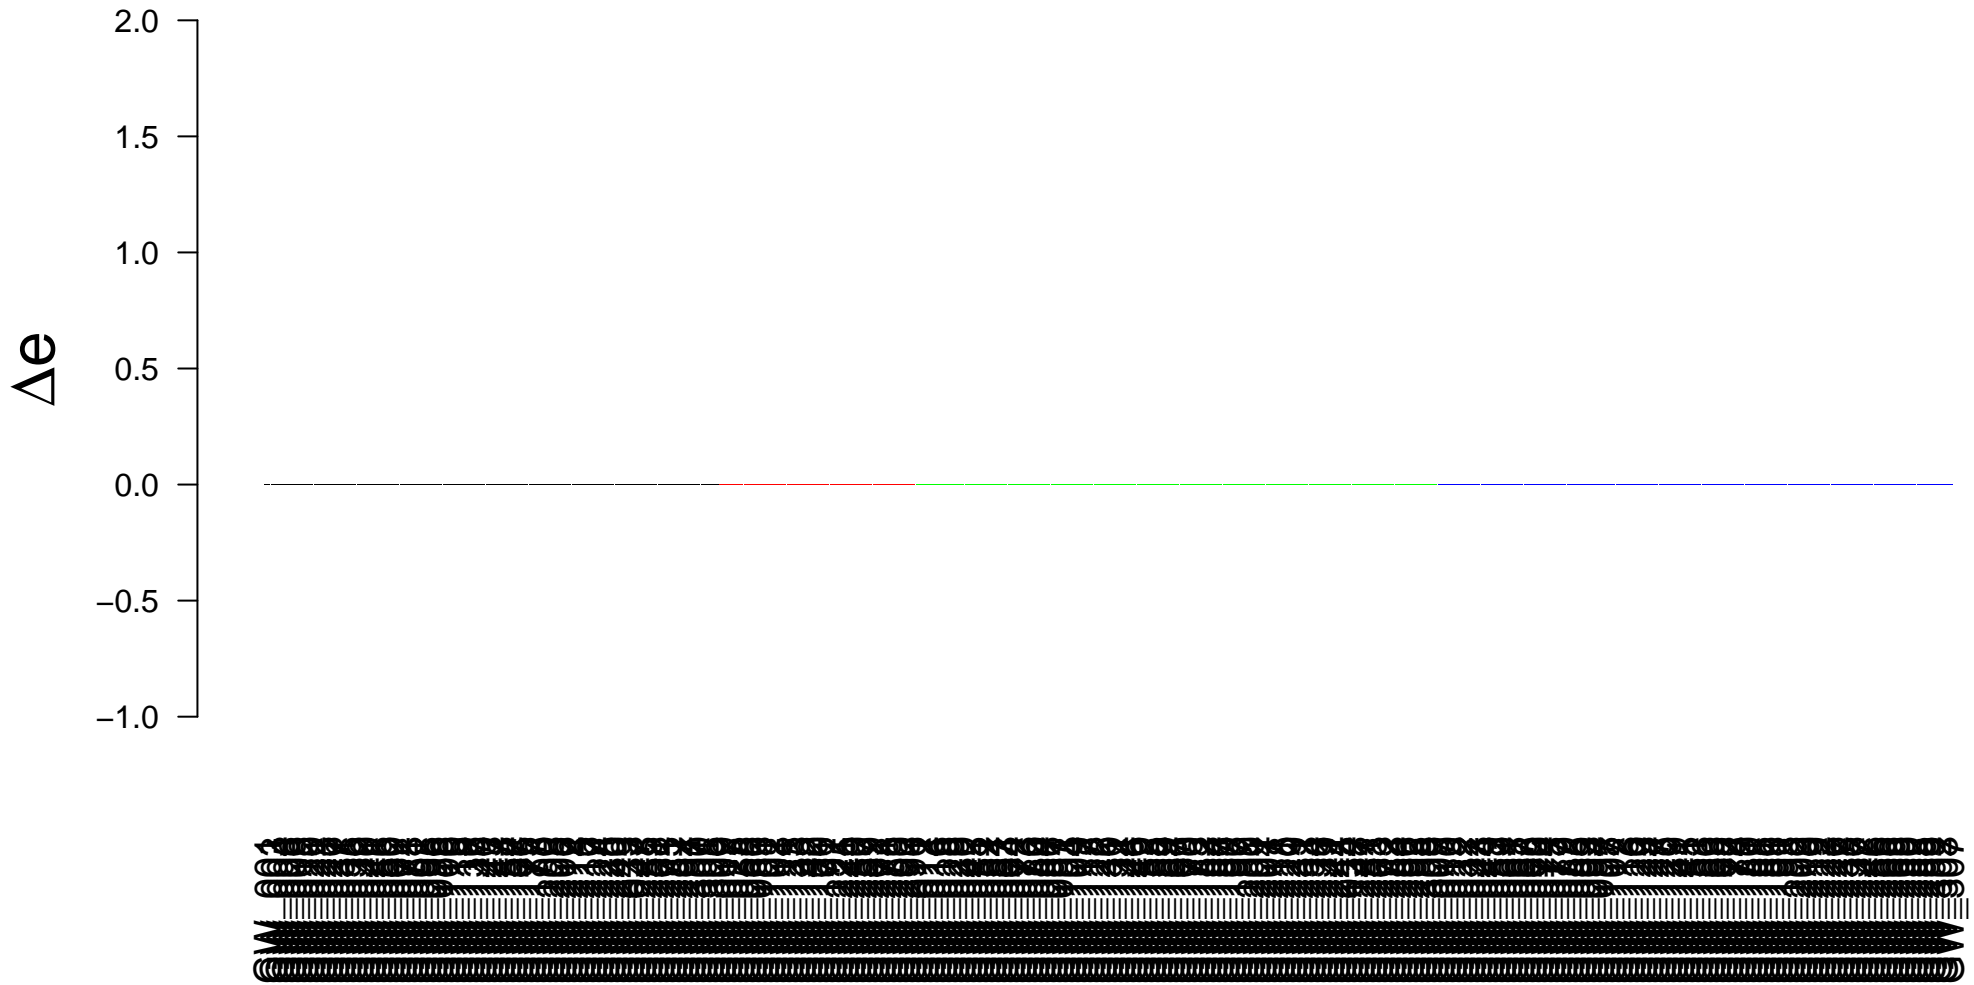

Expression of high-density lipoprotein particle in Spot A

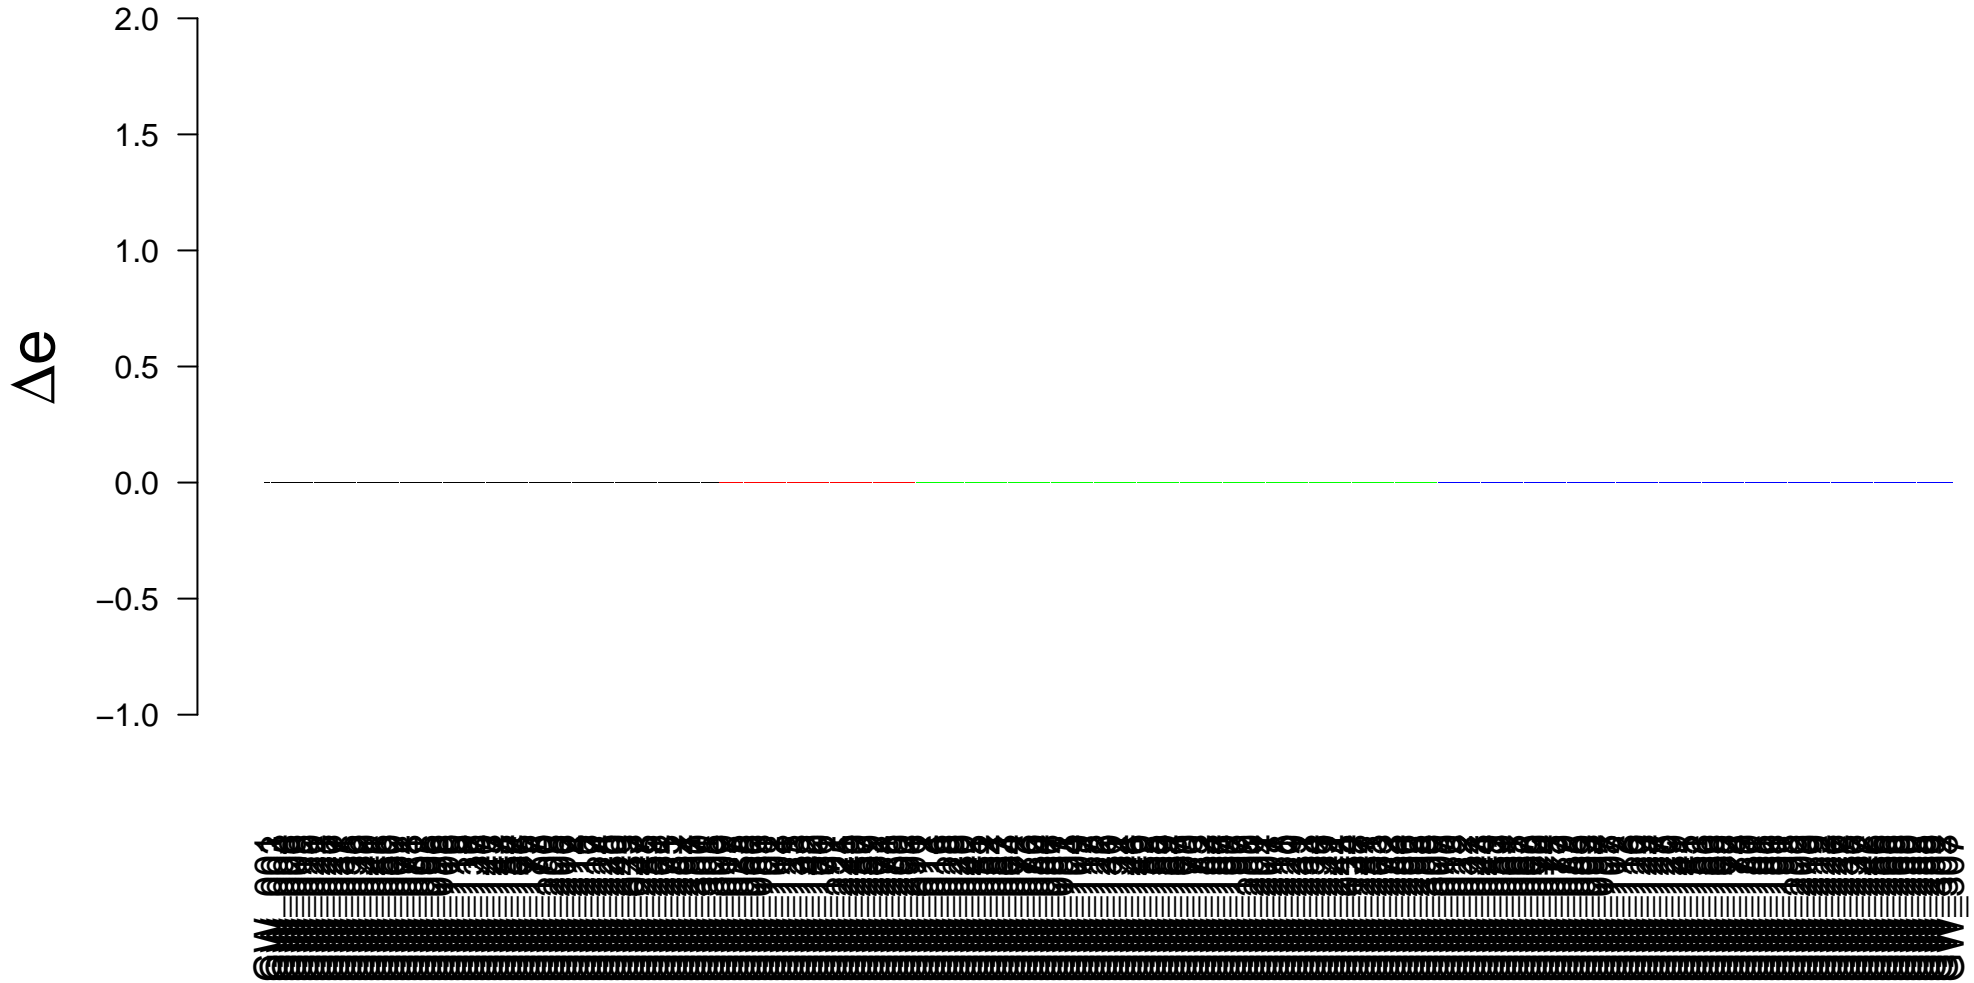

Expression of high-density lipoprotein particle in Spot B

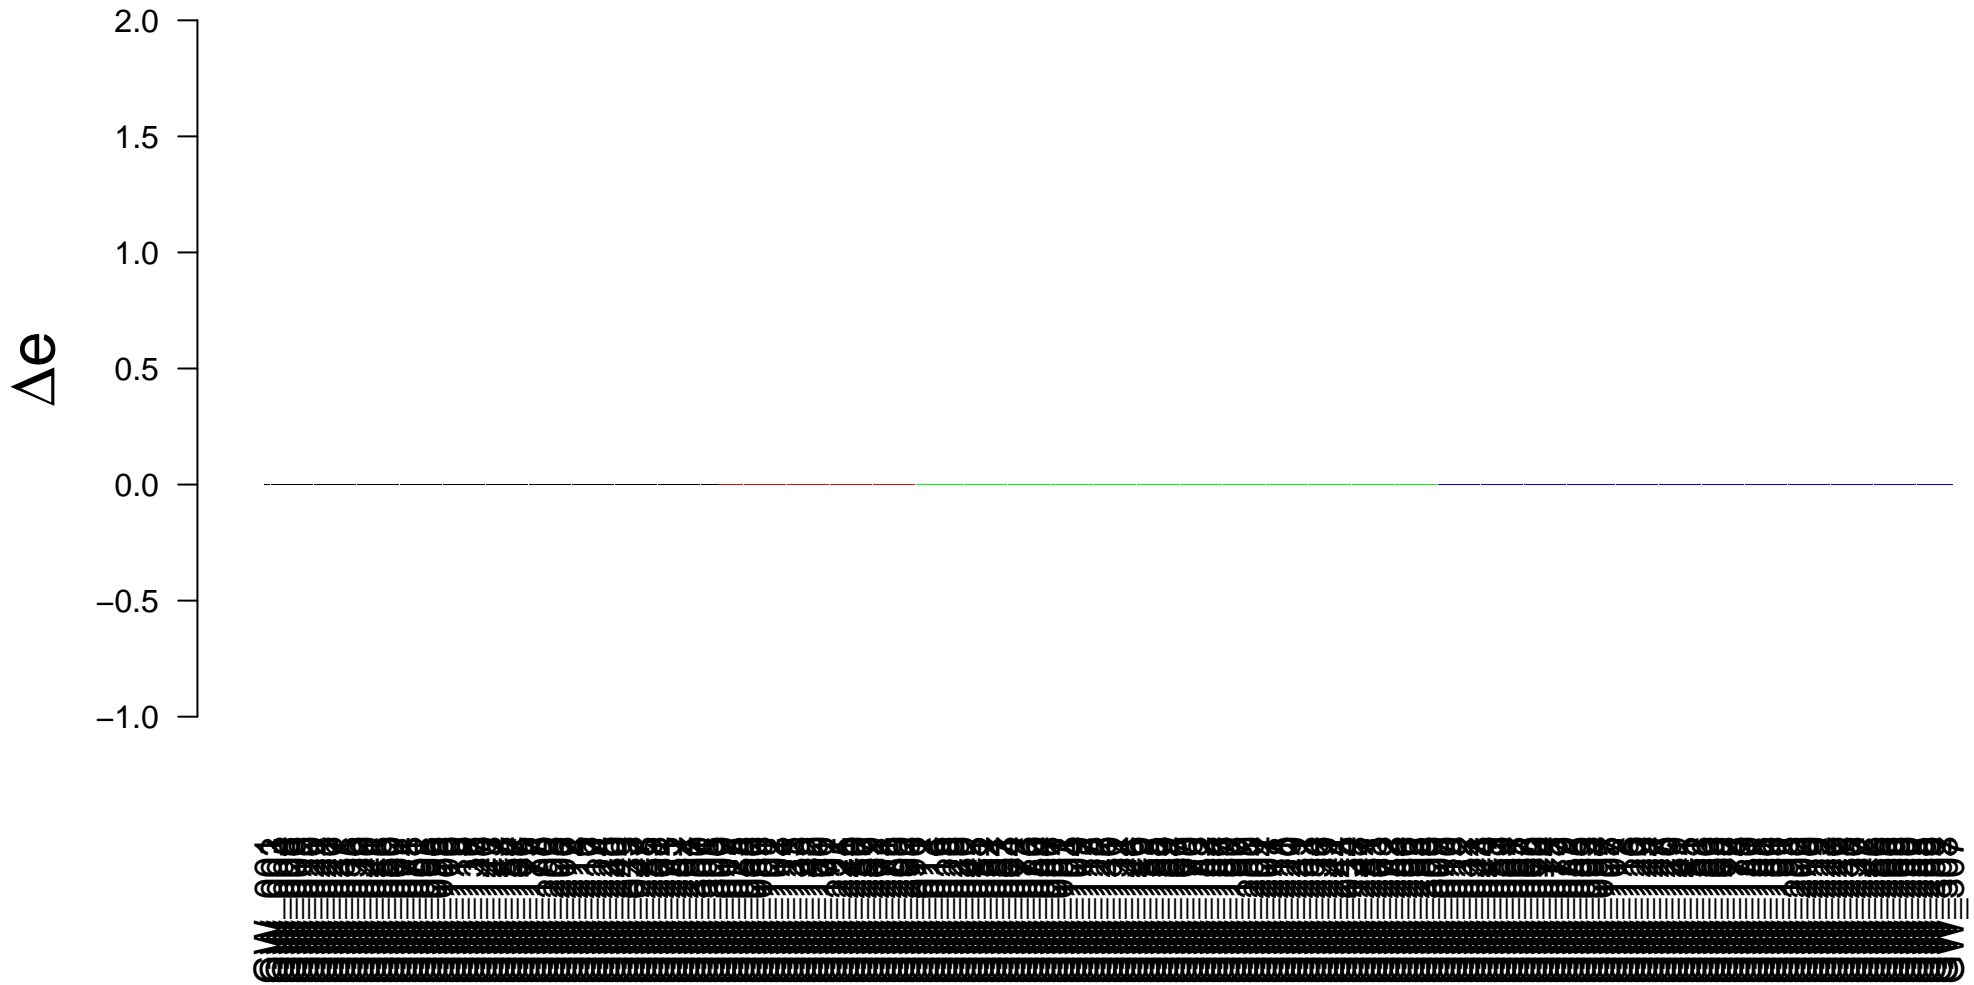

Expression of high-density lipoprotein particle in Spot C

Expression of high-density lipoprotein particle in Spot D

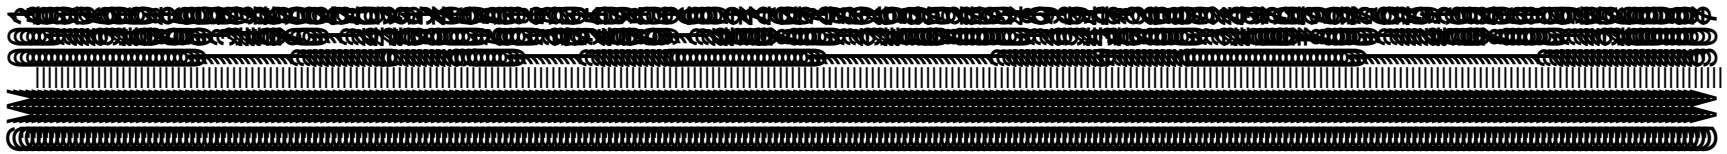

Expression of high-density lipoprotein particle in Spot E

Expression of high-density lipoprotein particle in Spot F

Expression of high-density lipoprotein particle in Spot L

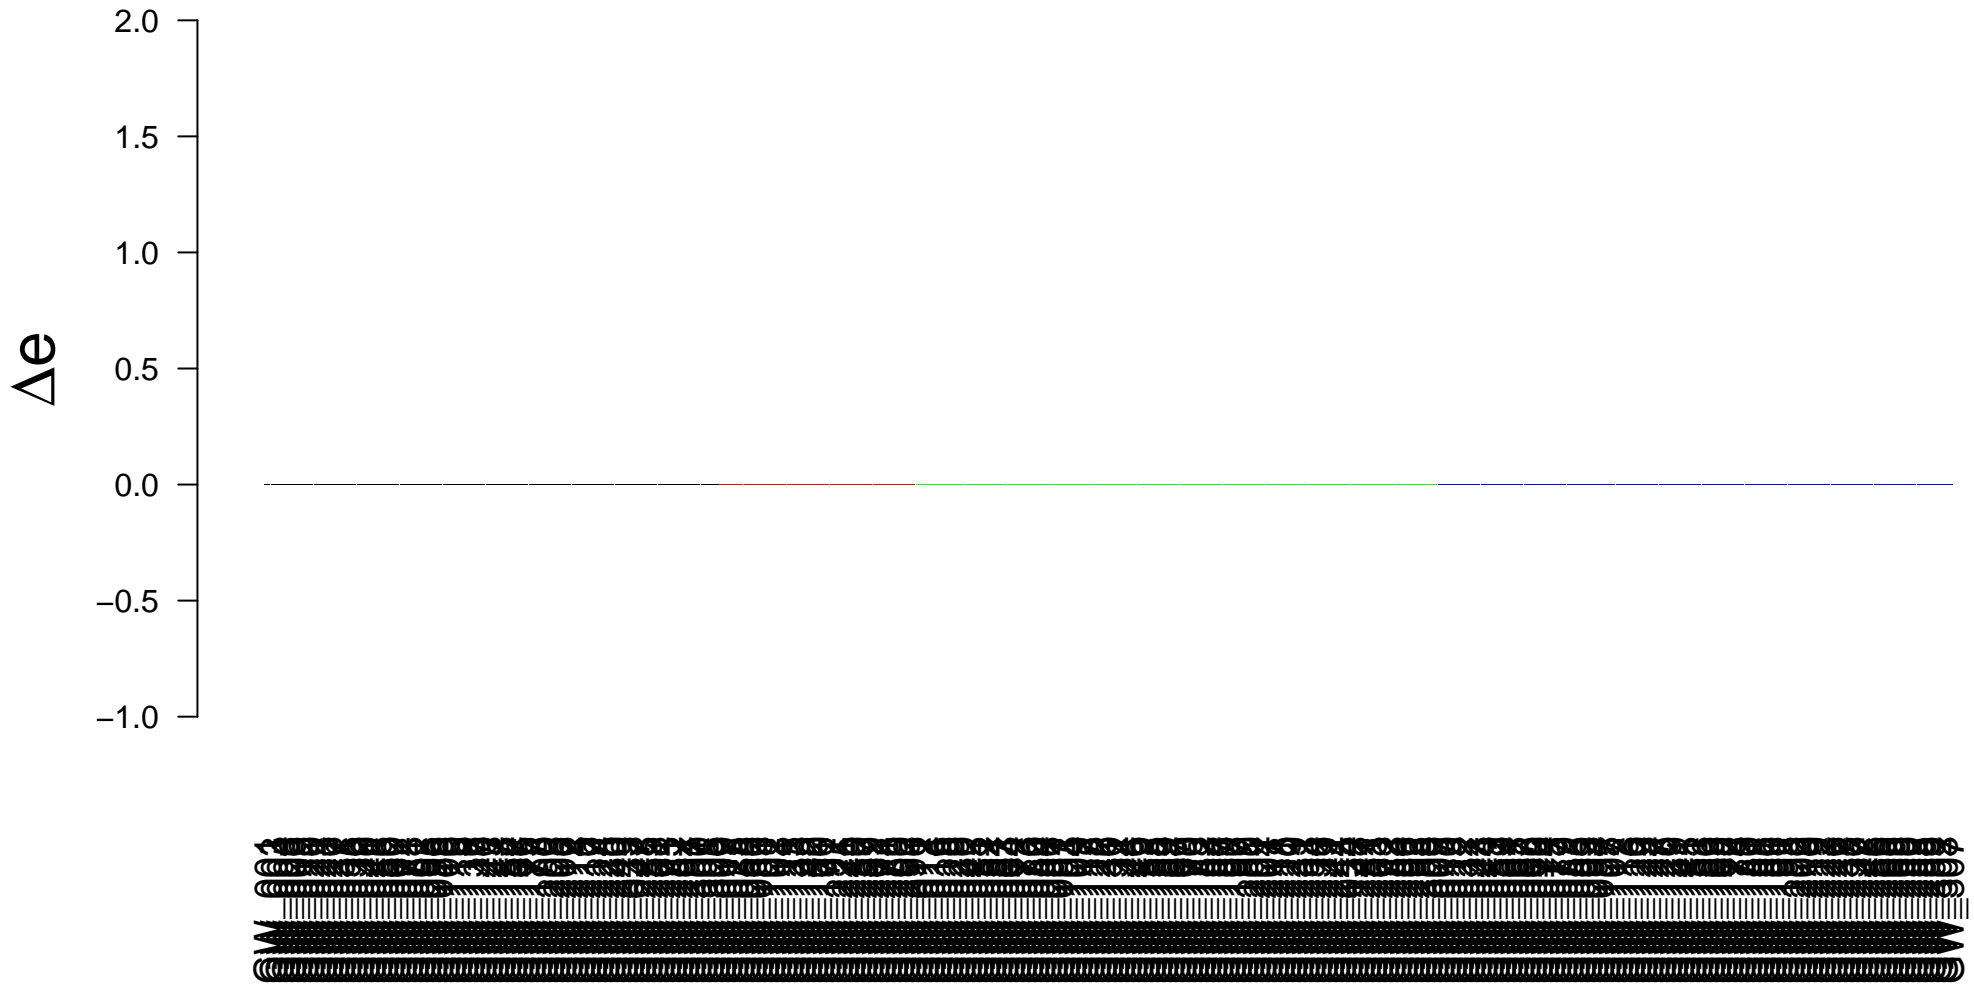

Expression of high-density lipoprotein particle in Spot M

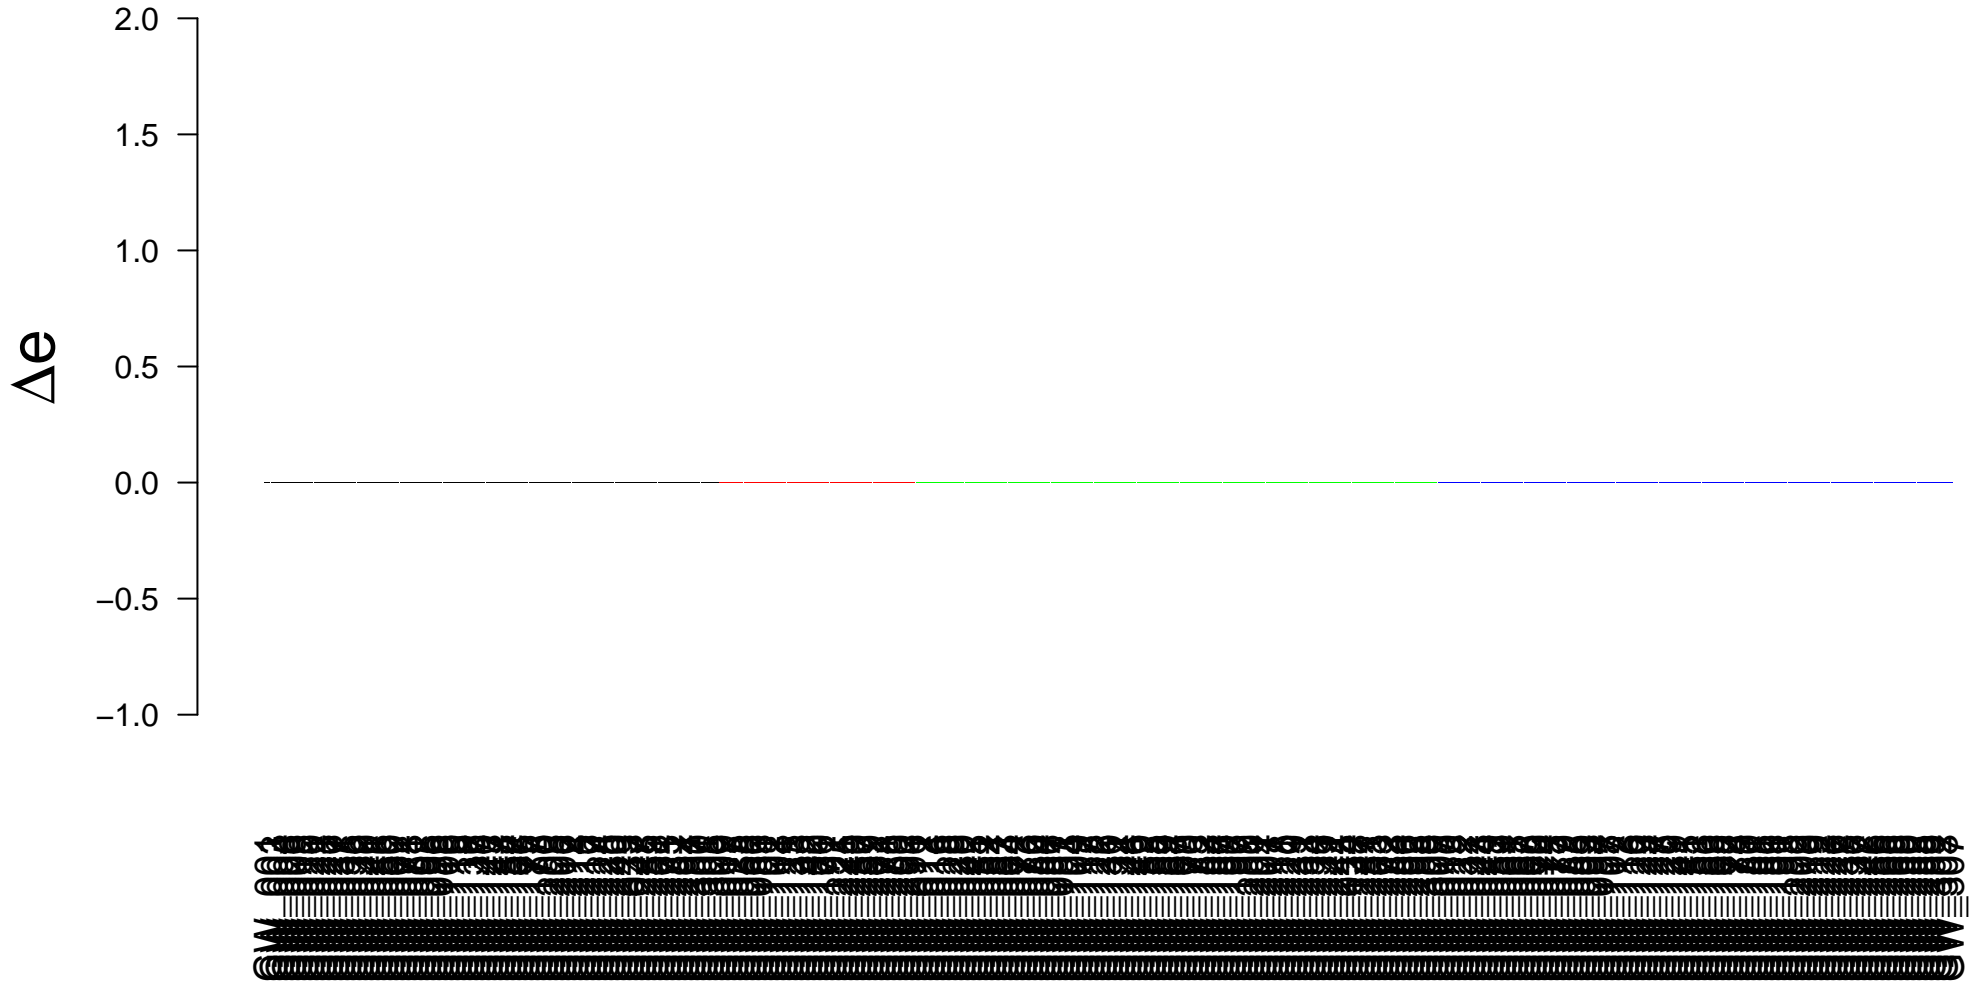

Expression of high-density lipoprotein particle in Spot N

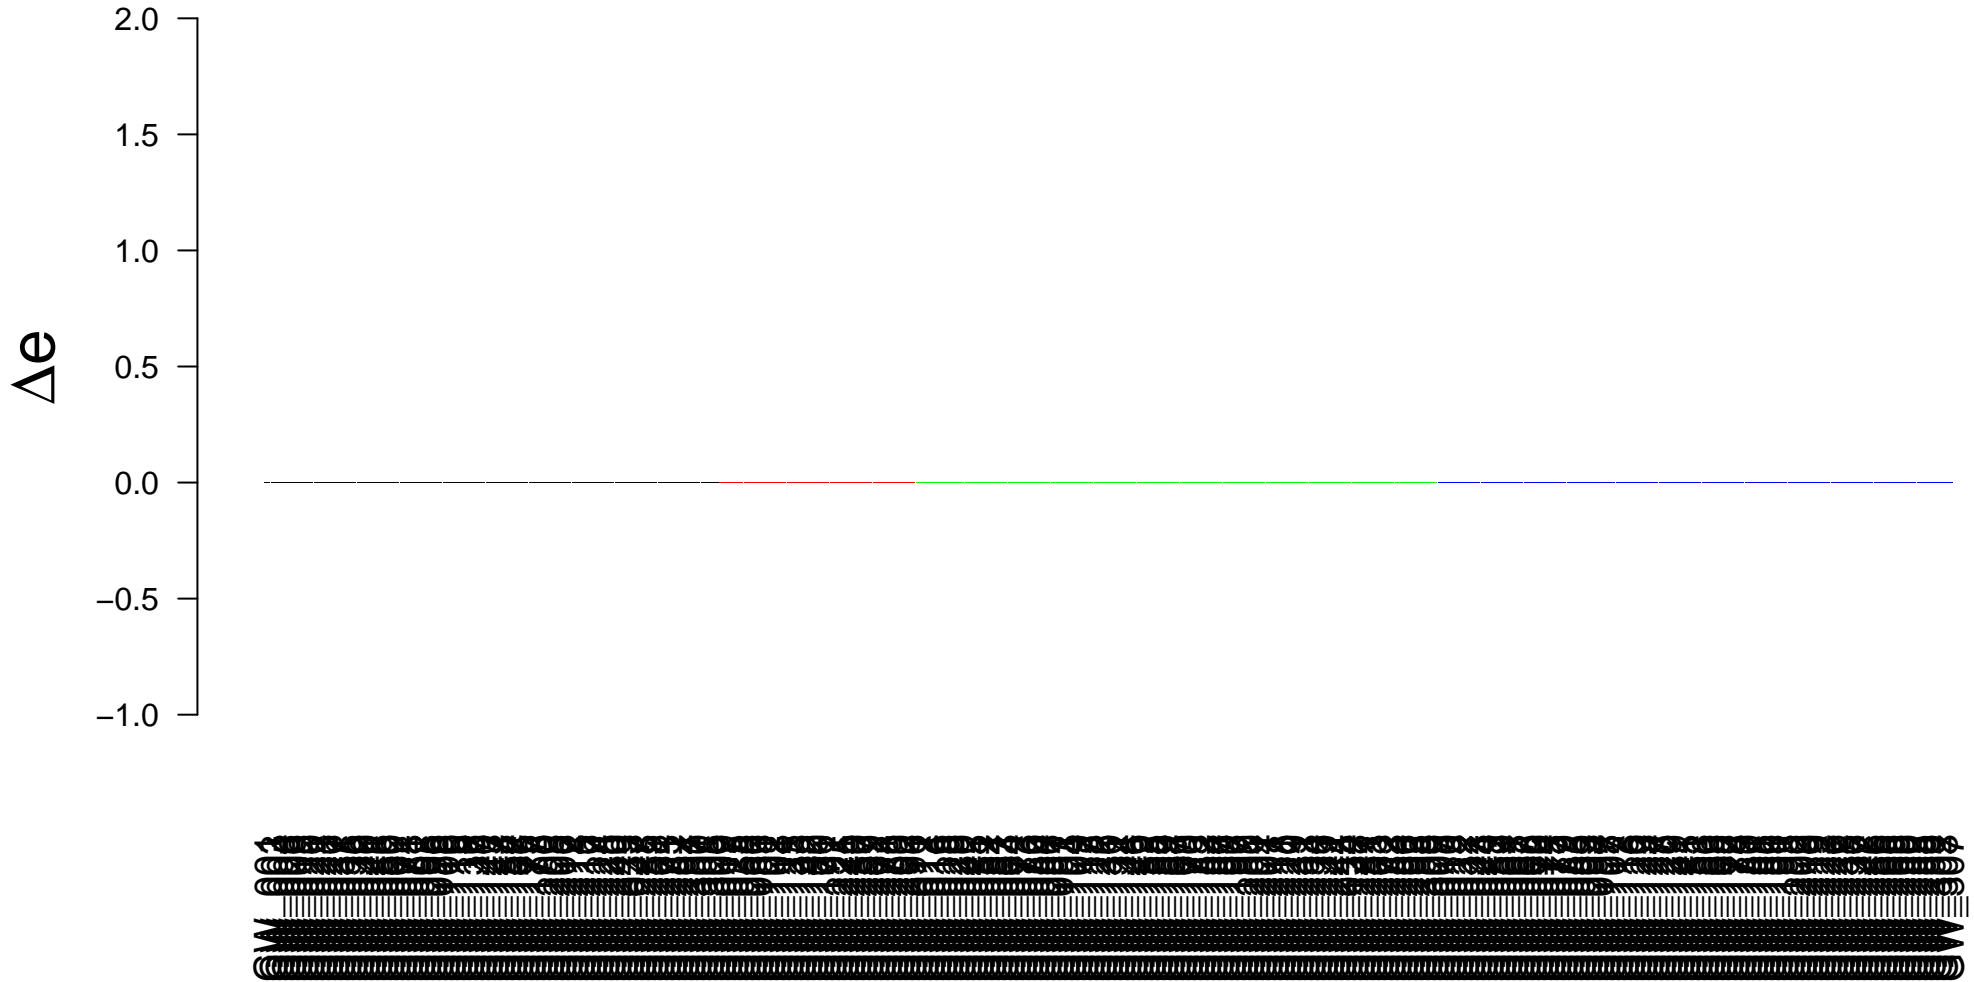

Expression of high-density lipoprotein particle in Spot O

Expression of high-density lipoprotein particle in Spot P

Expression of high-density lipoprotein particle in Spot Q

Expression of high-density lipoprotein particle in Spot R
