

histone acetyltransferase binding

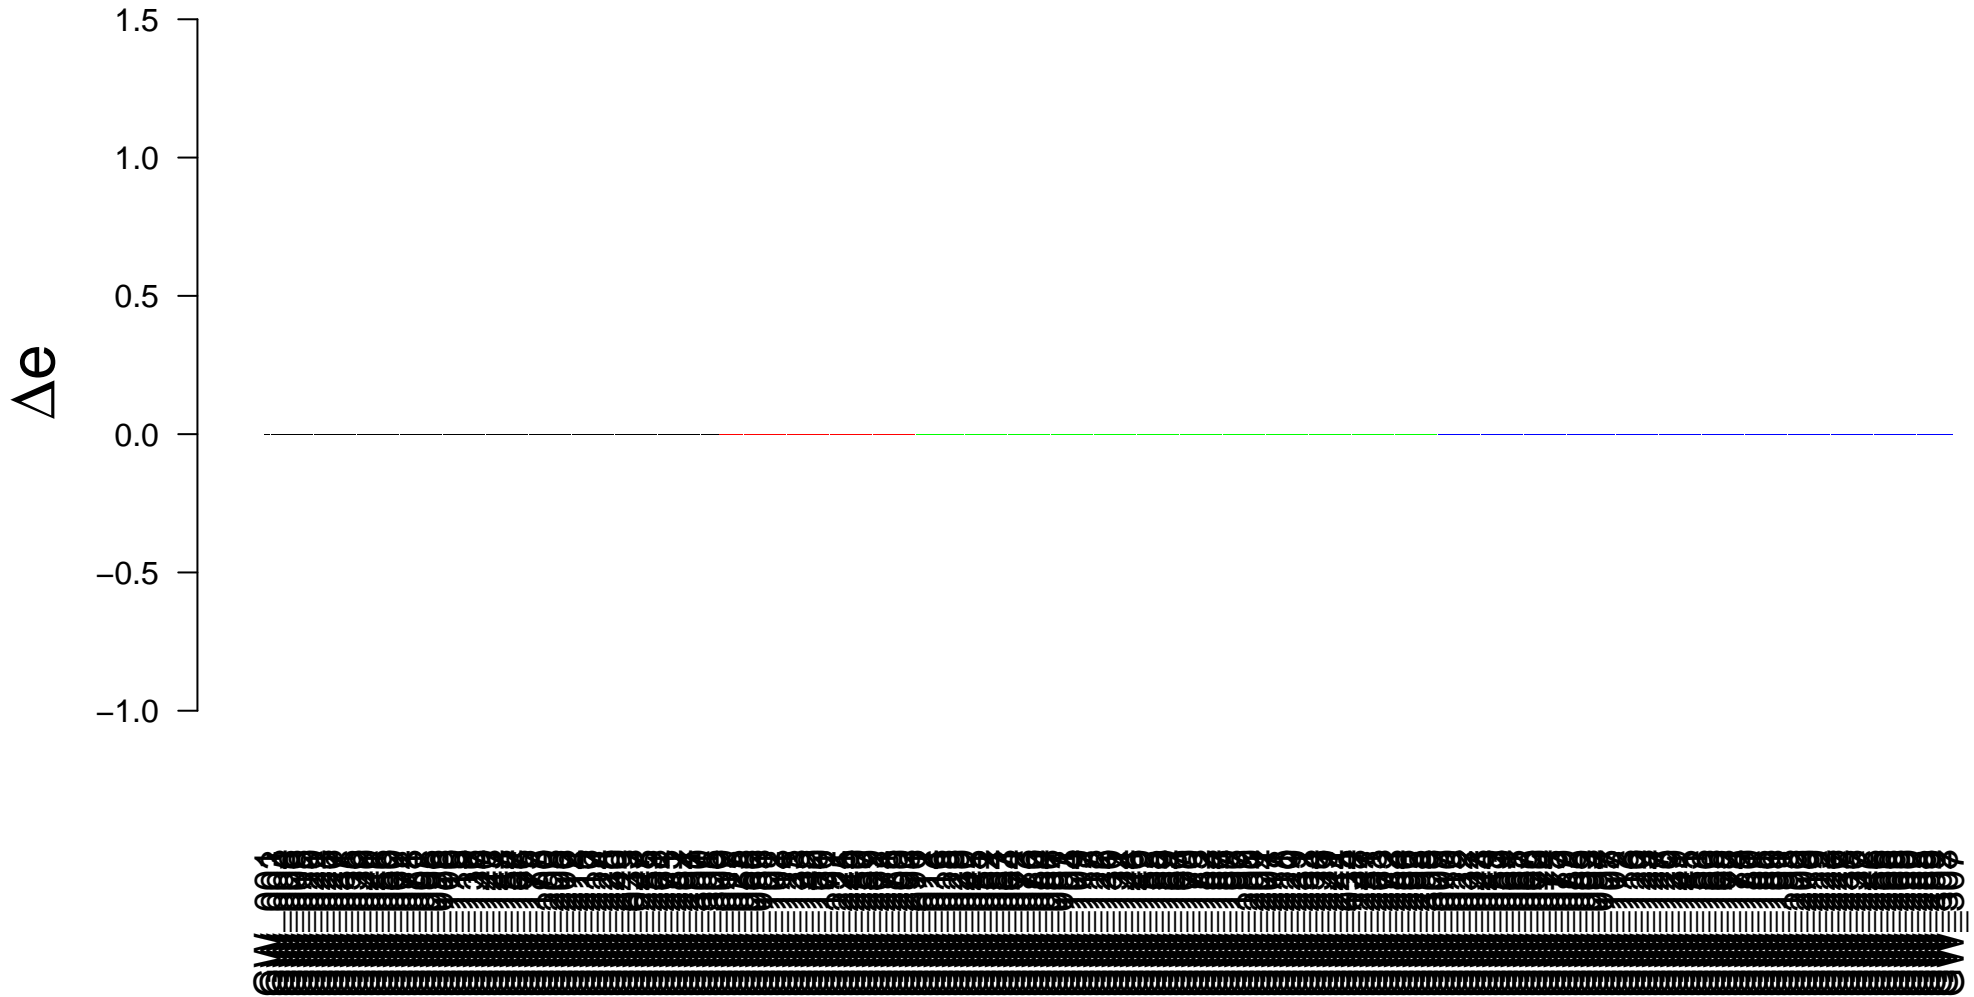

histone acetyltransferase binding

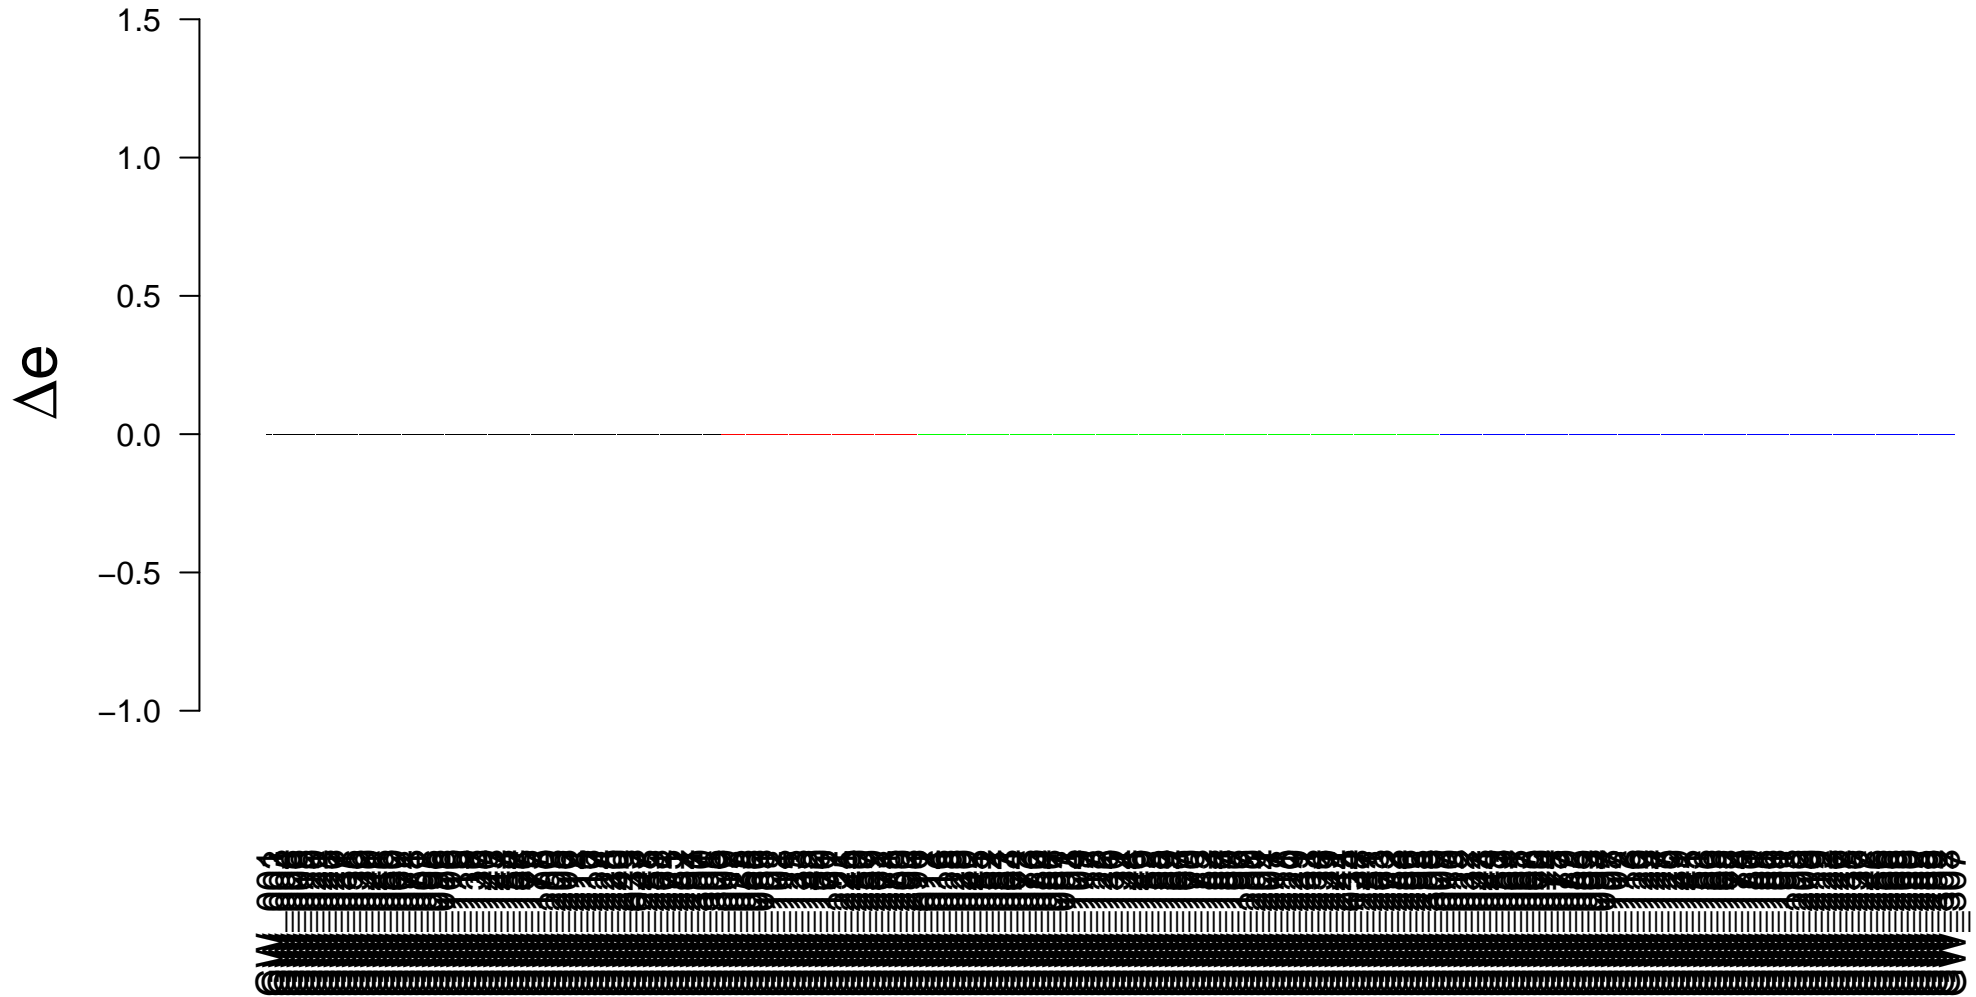

Enrichment in spots: histone acetyltransferase binding

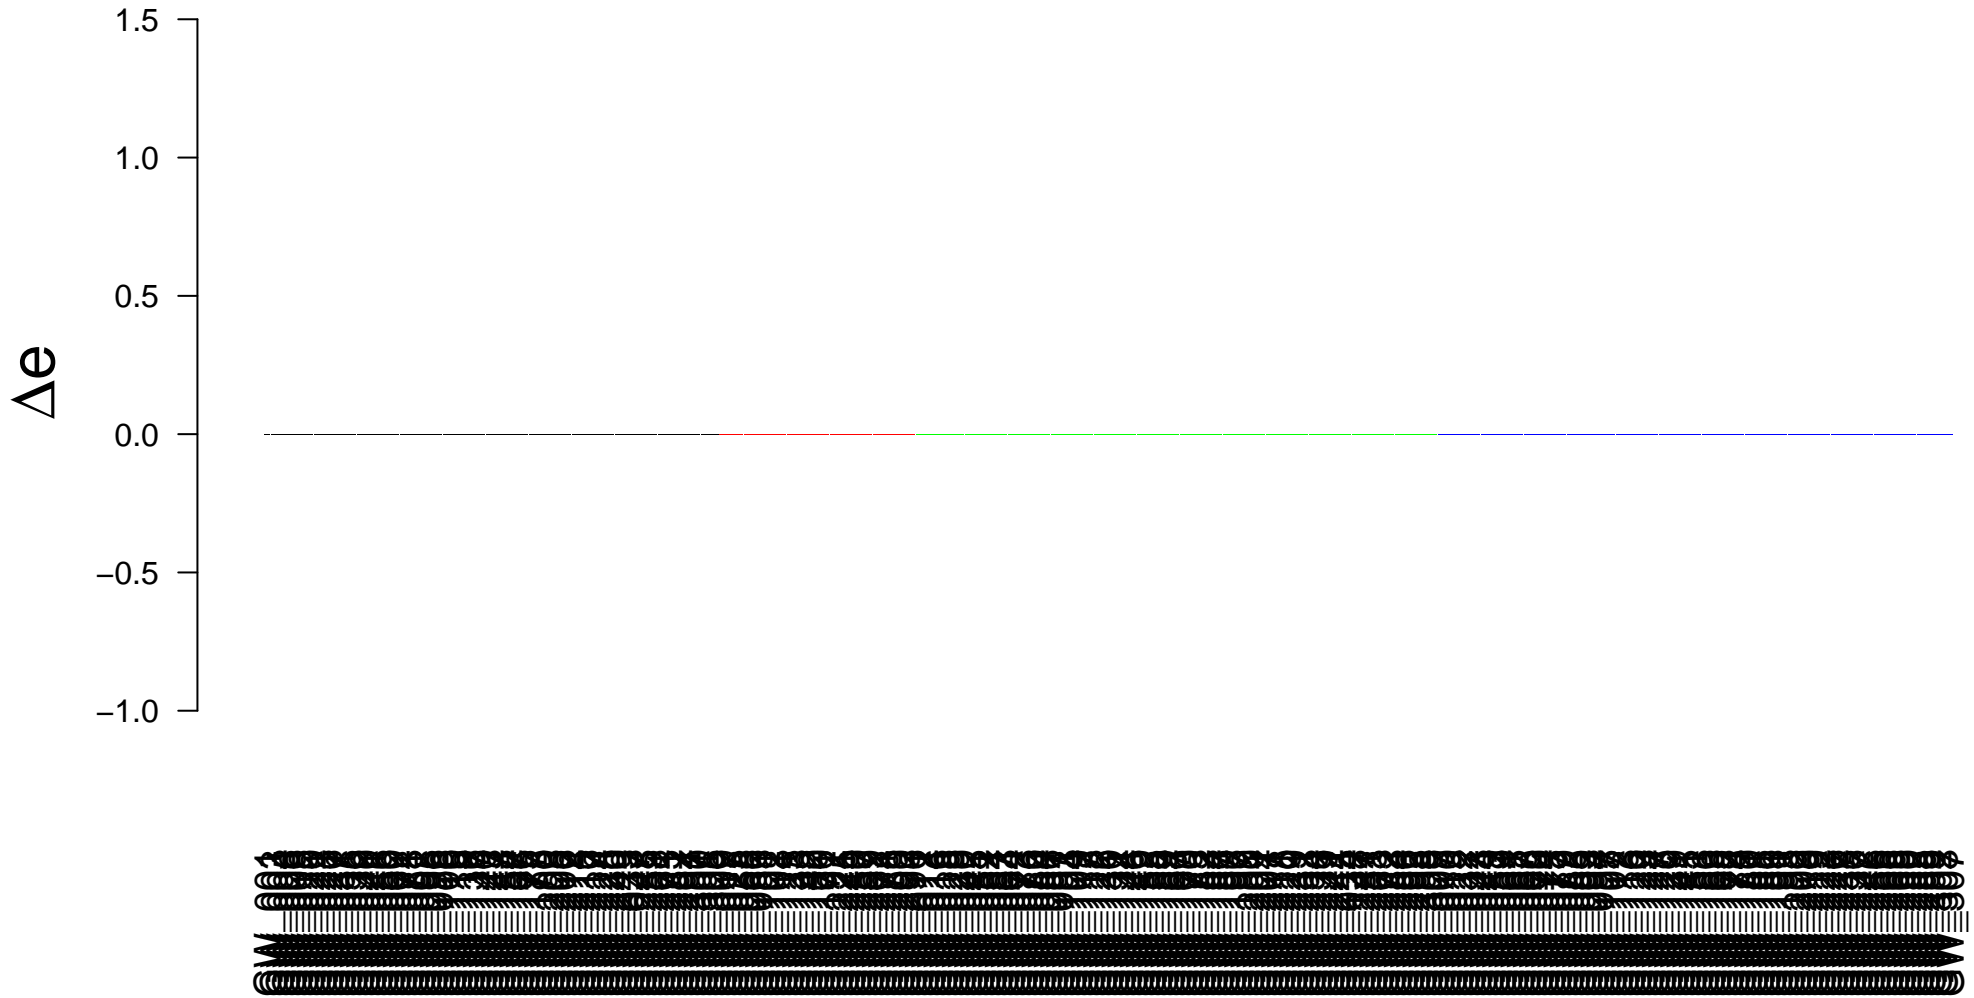

Expression of histone acetyltransferase binding in Spot A

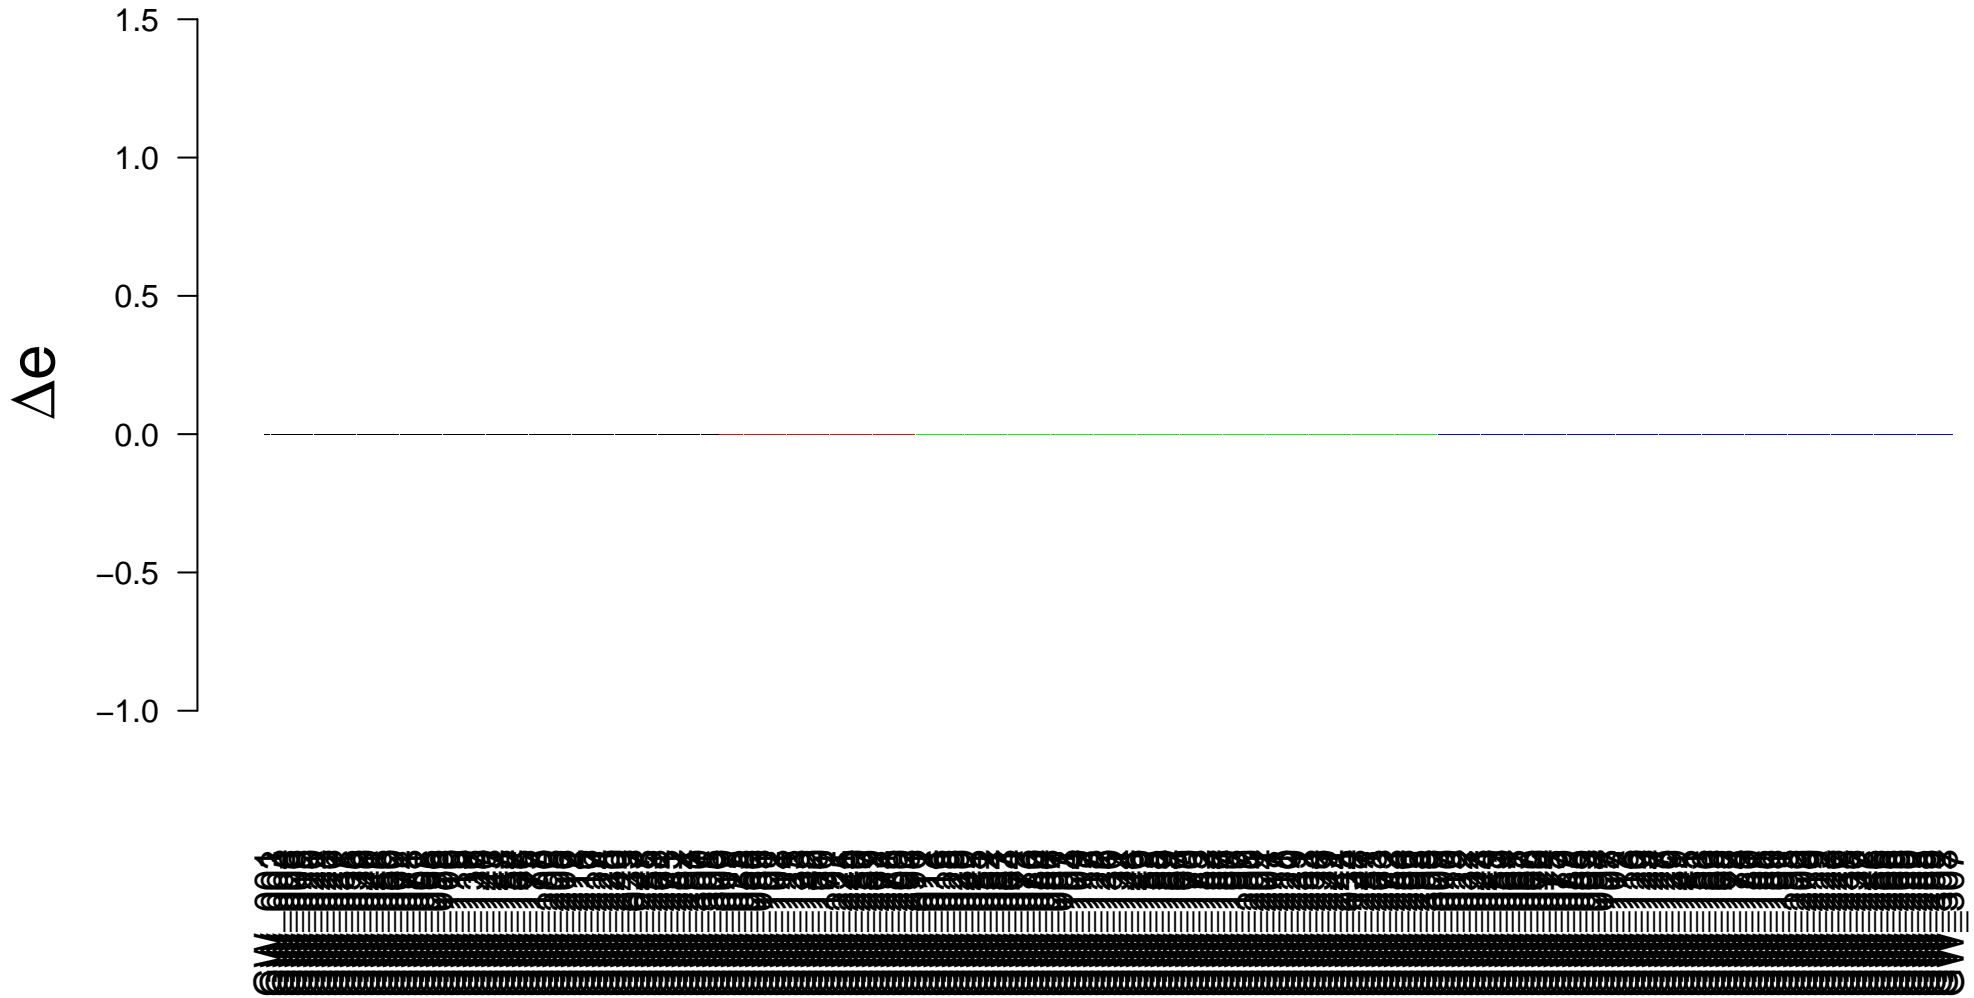

Expression of histone acetyltransferase binding in Spot B

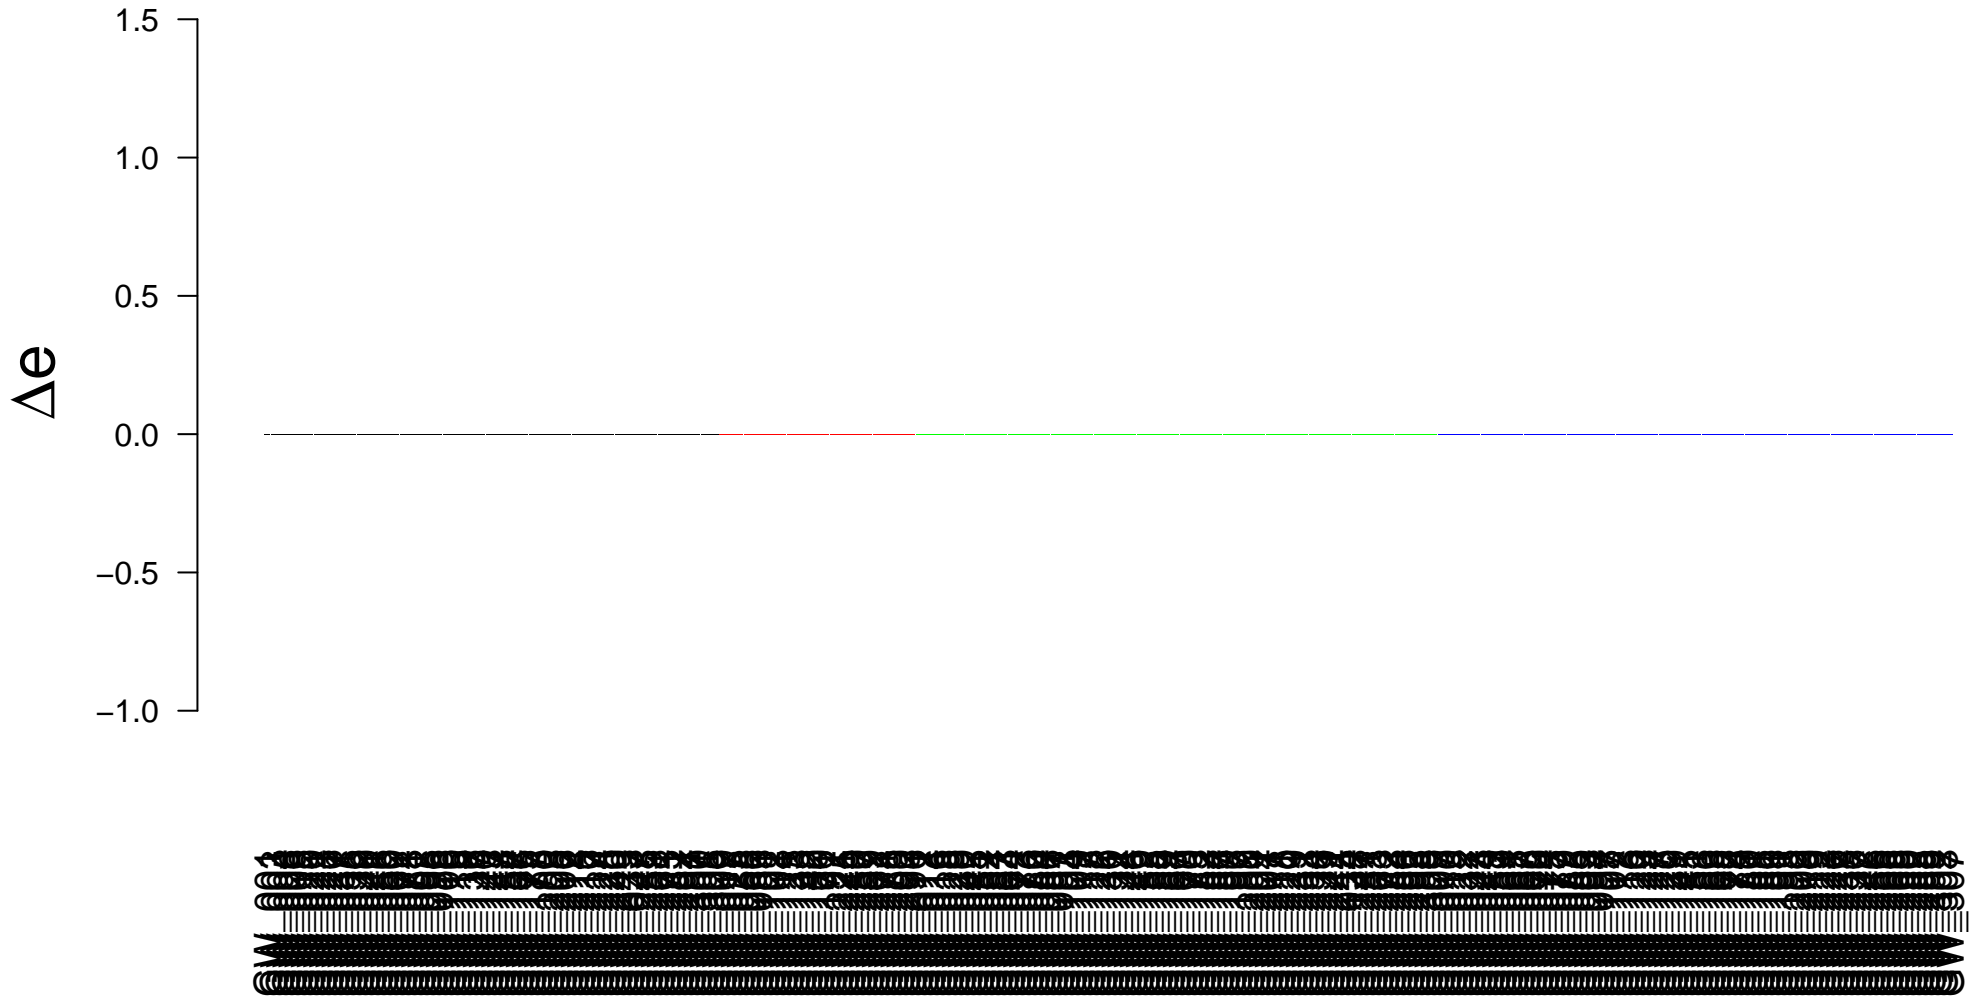

Expression of histone acetyltransferase binding in Spot C

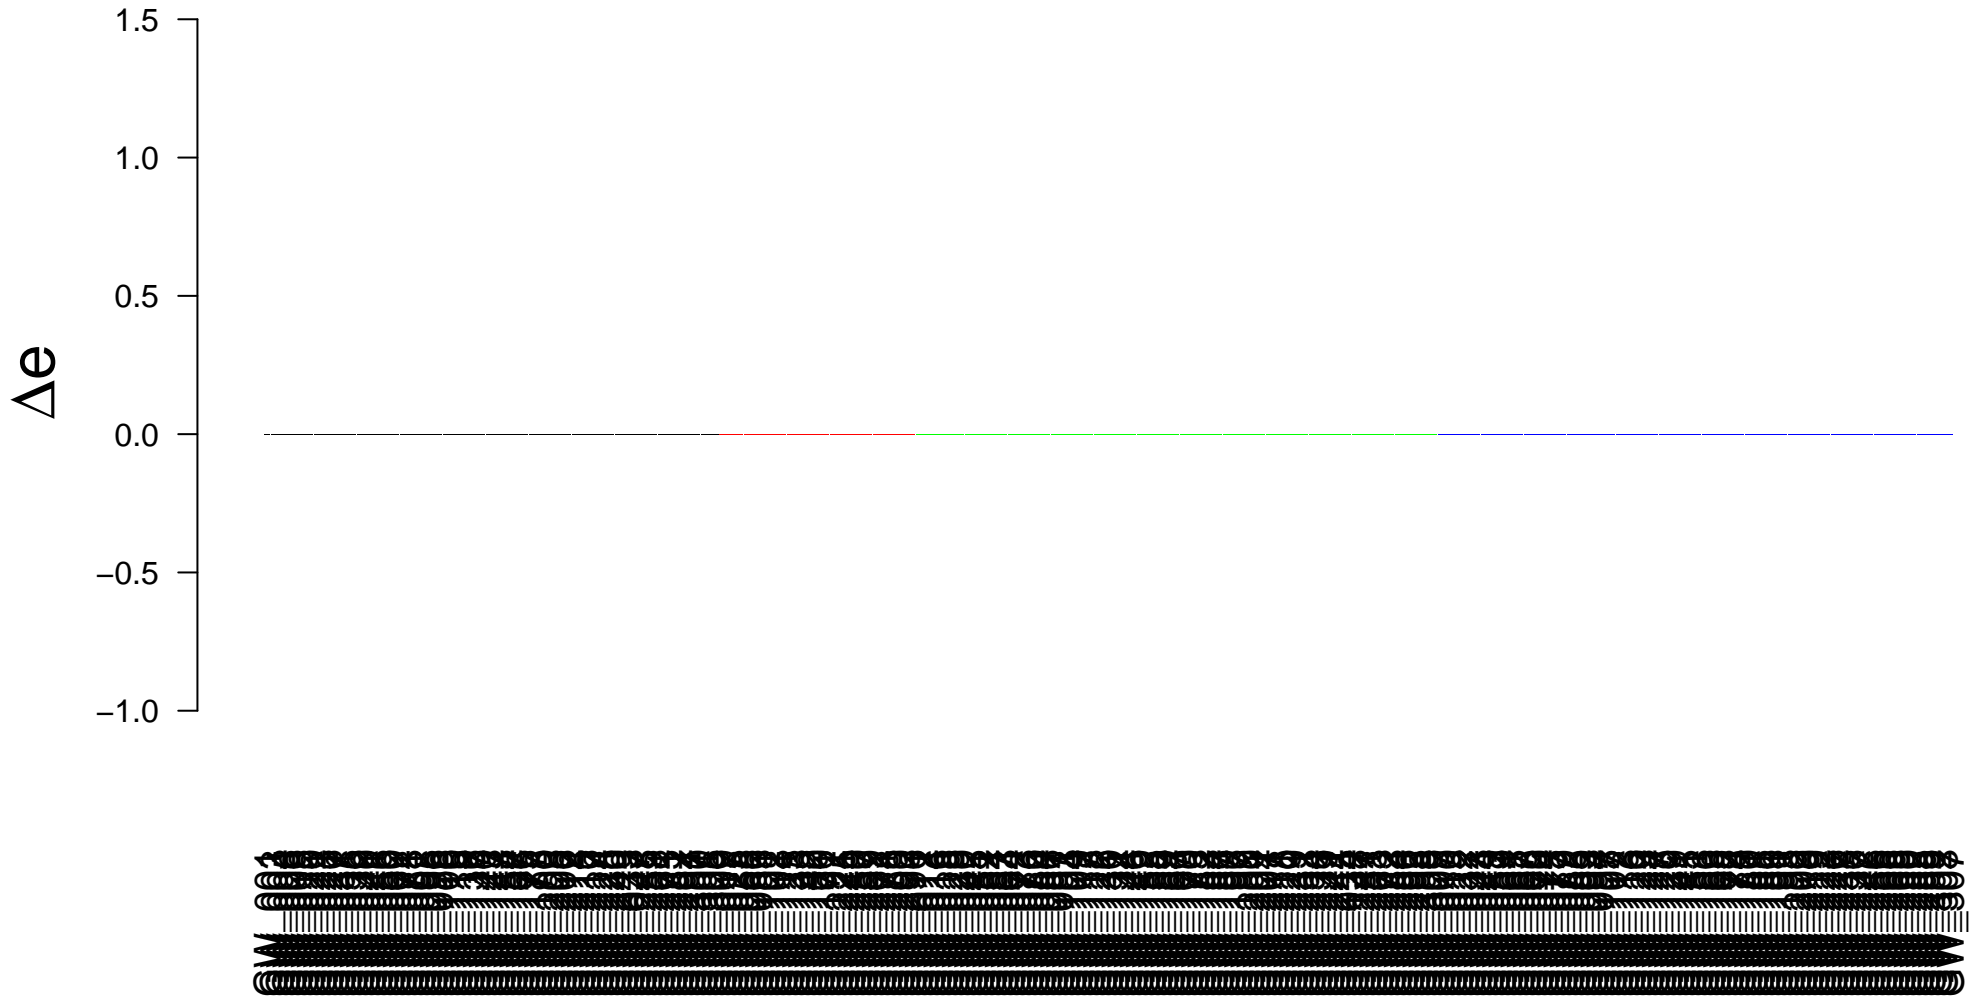

Expression of histone acetyltransferase binding in Spot D

Expression of histone acetyltransferase binding in Spot E

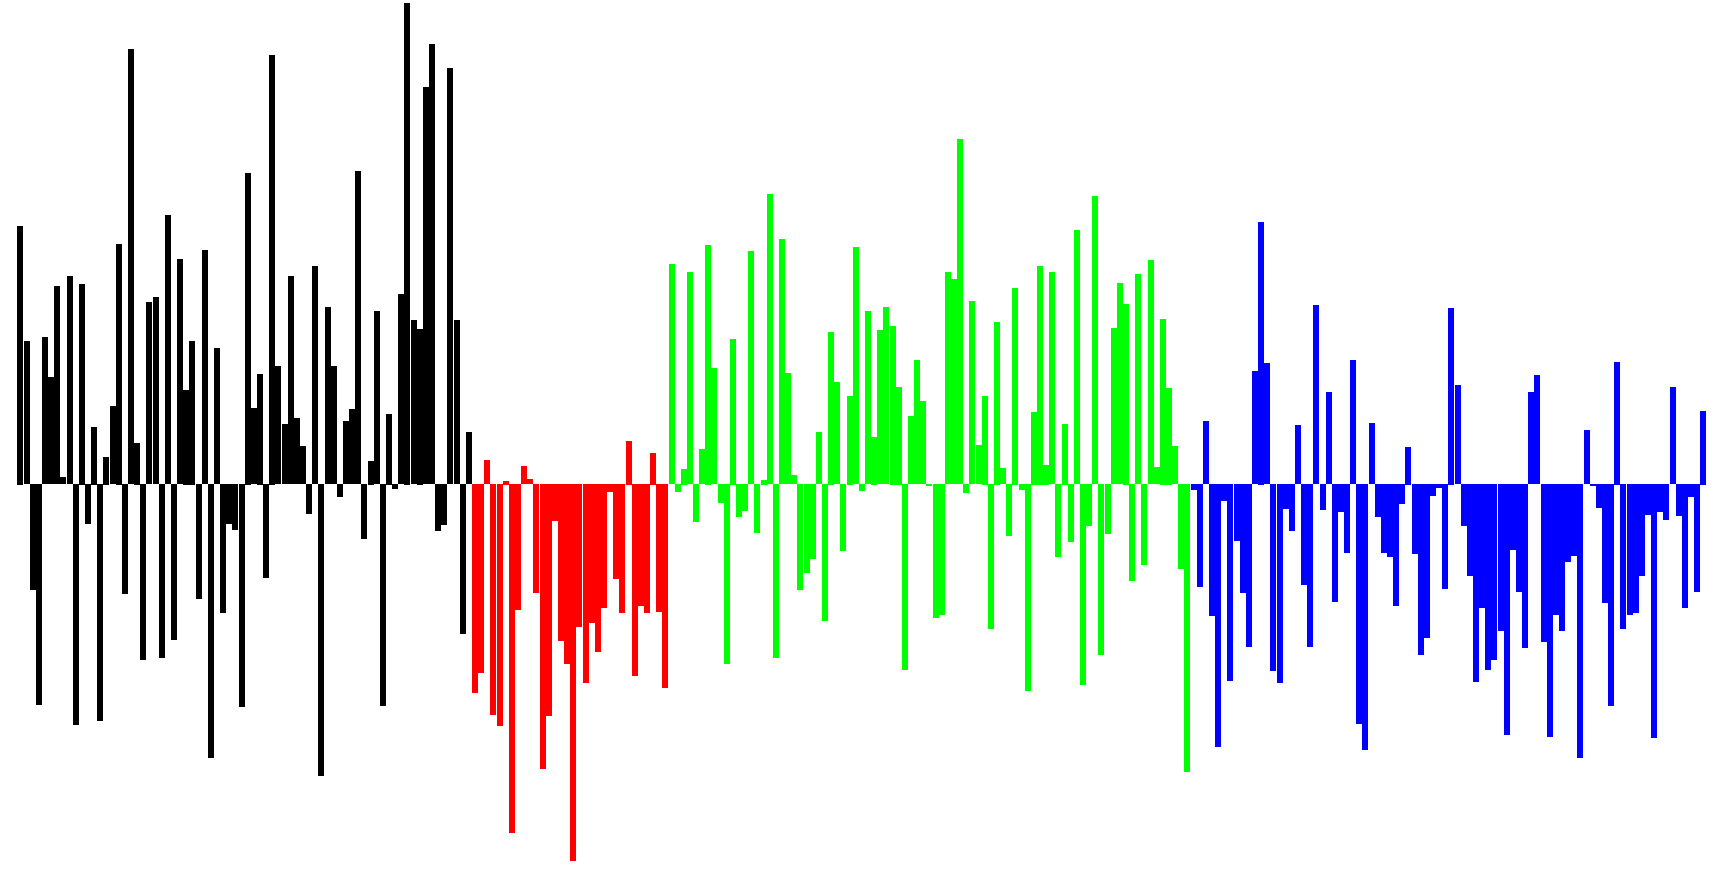

Expression of histone acetyltransferase binding in Spot F

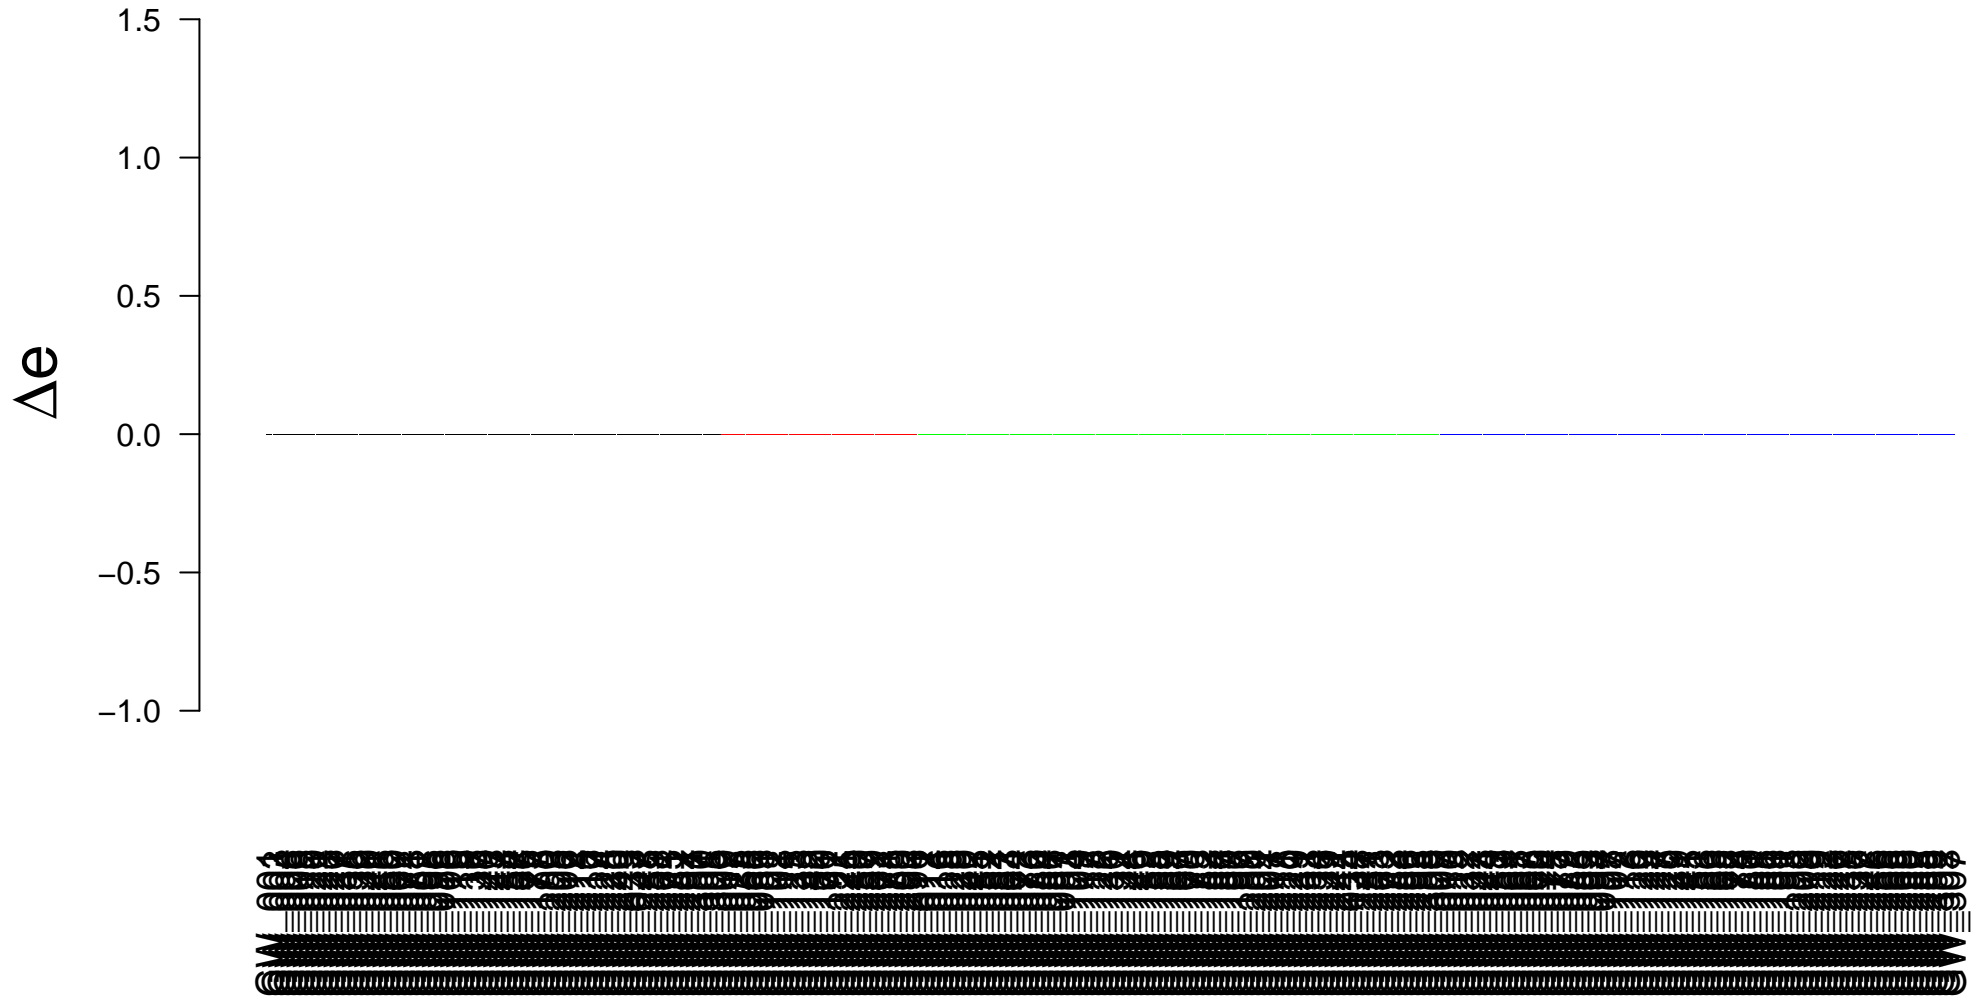

Expression of histone acetyltransferase binding in Spot G

Expression of histone acetyltransferase binding in Spot H

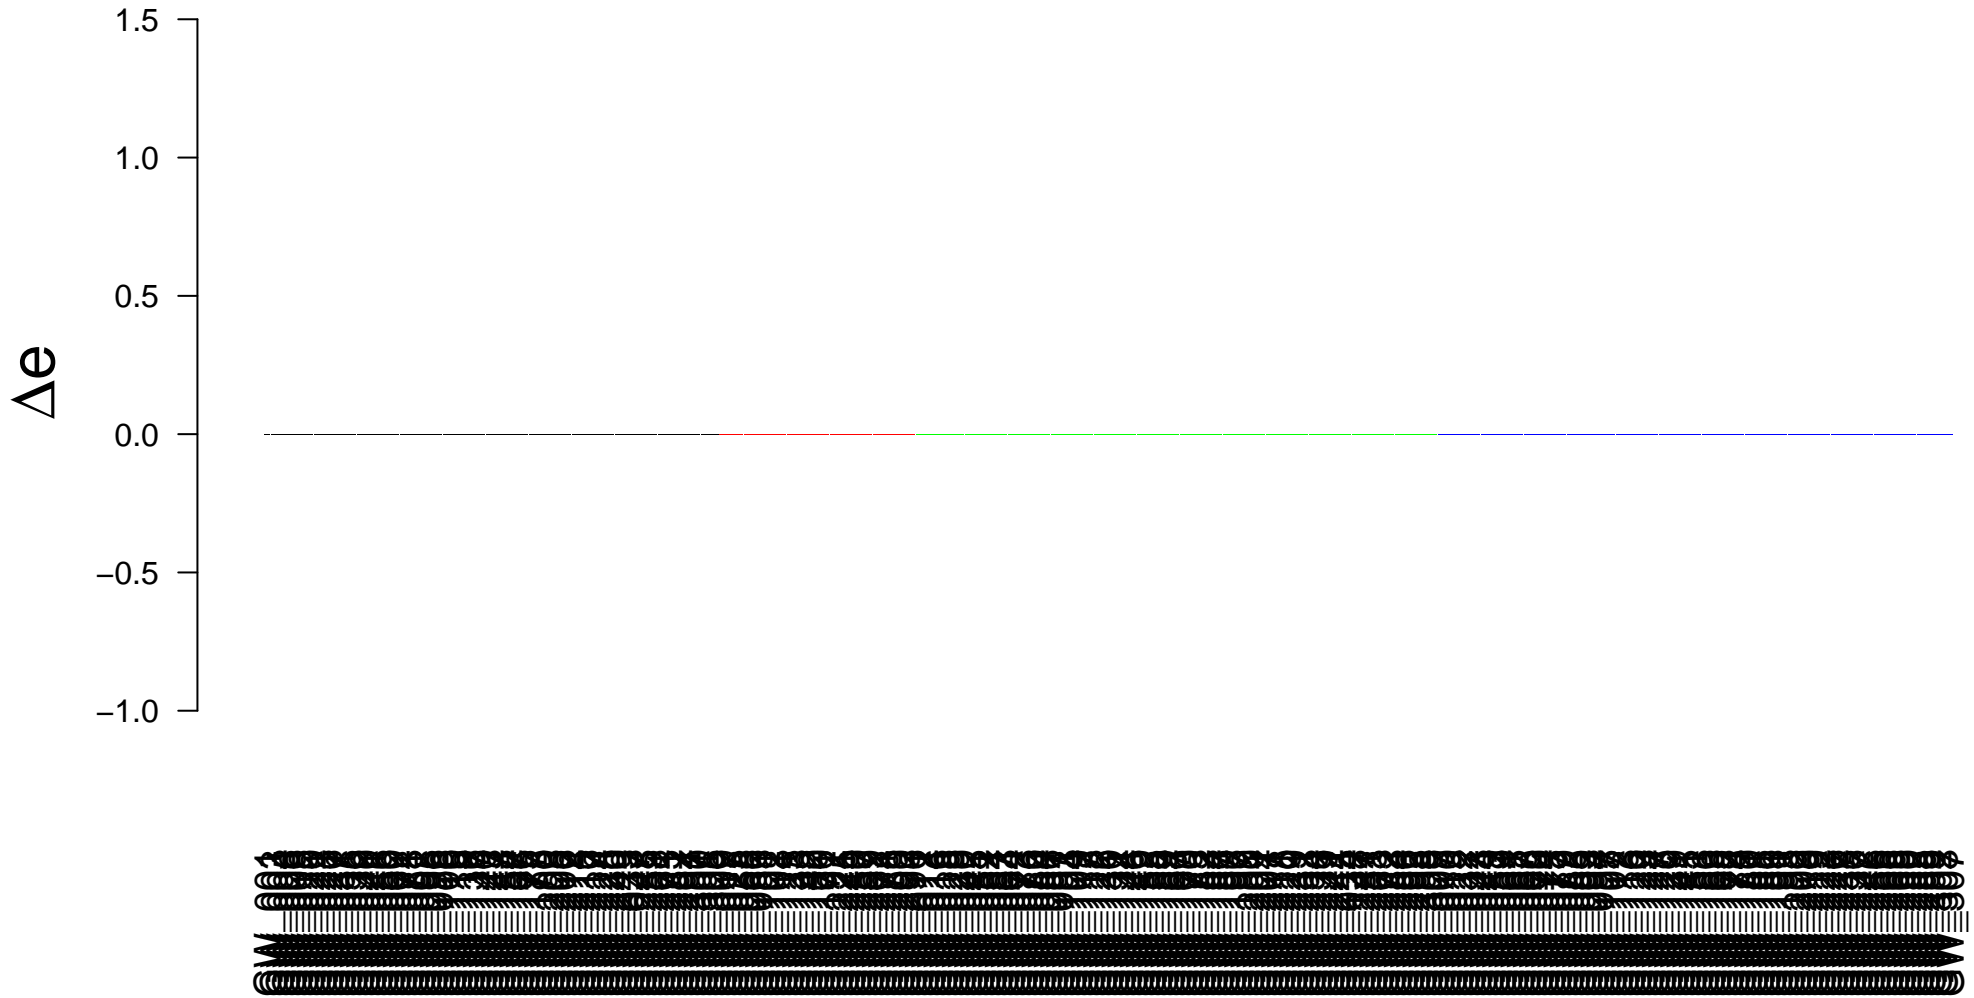

Expression of histone acetyltransferase binding in Spot I

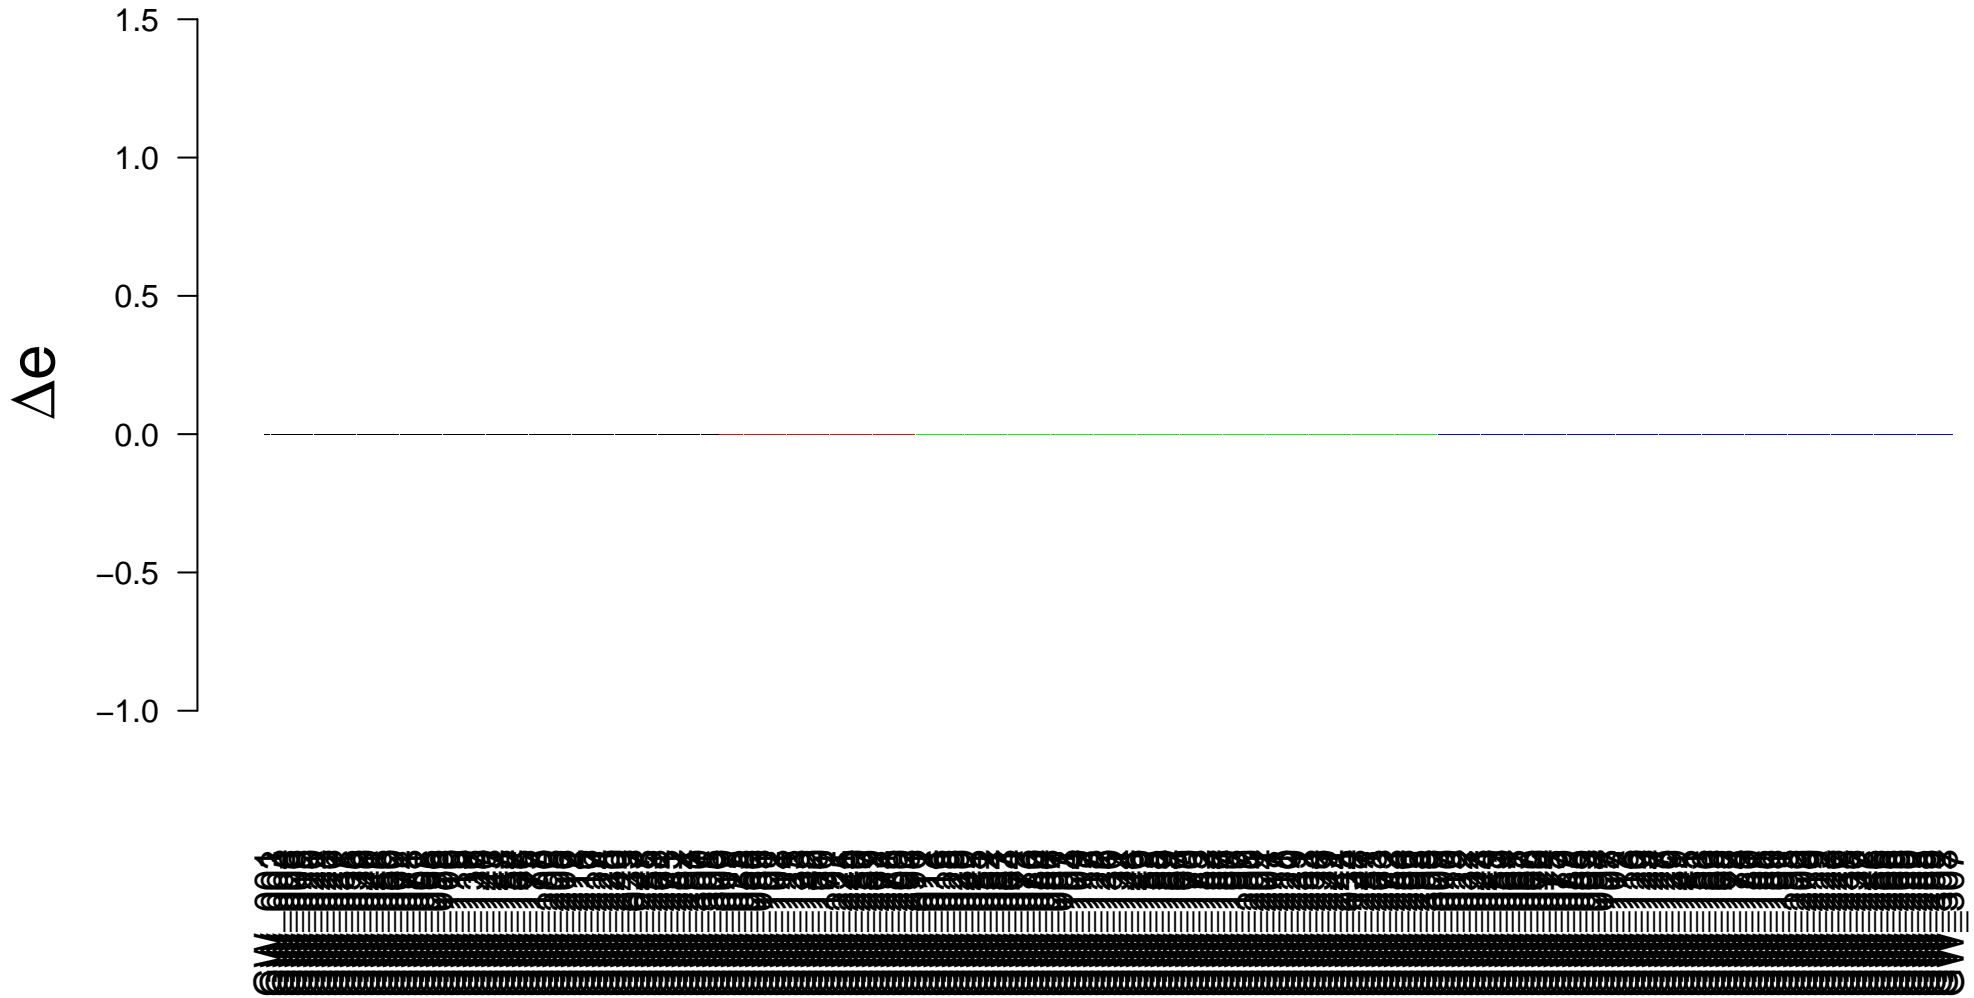

Expression of histone acetyltransferase binding in Spot J

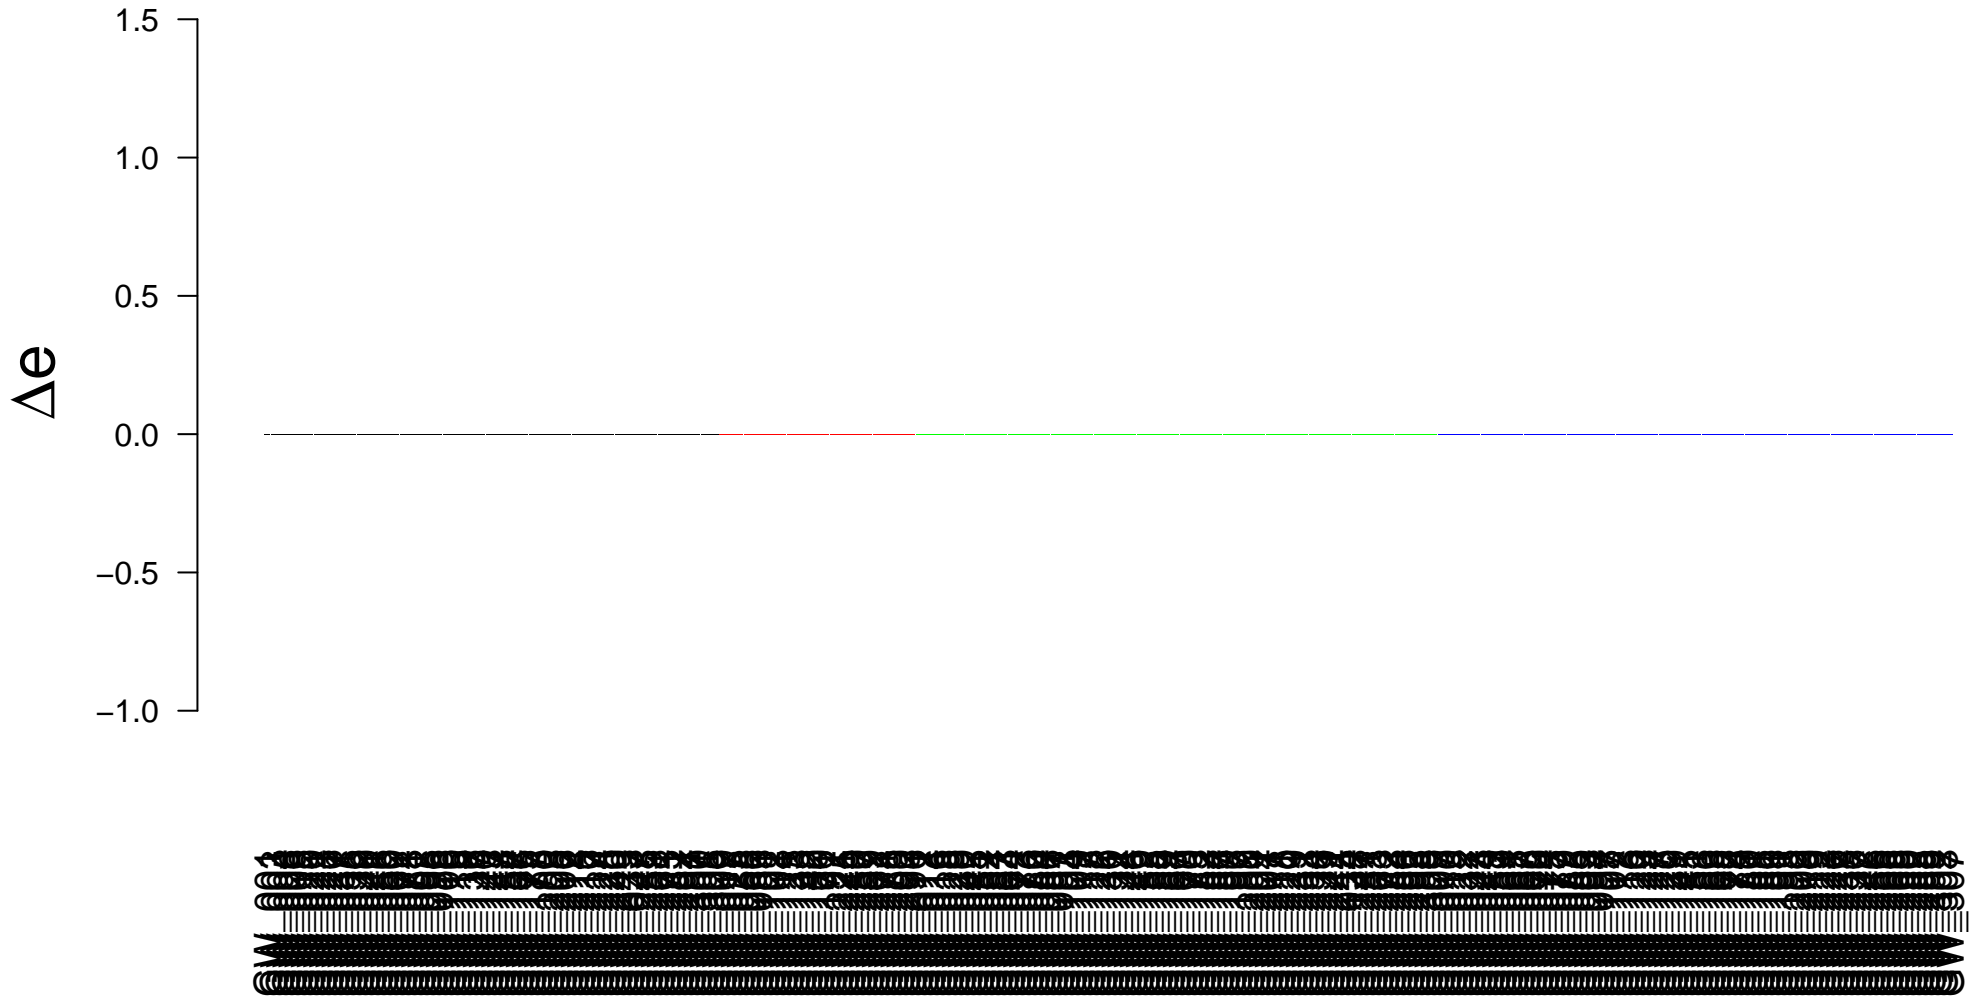

Expression of histone acetyltransferase binding in Spot K

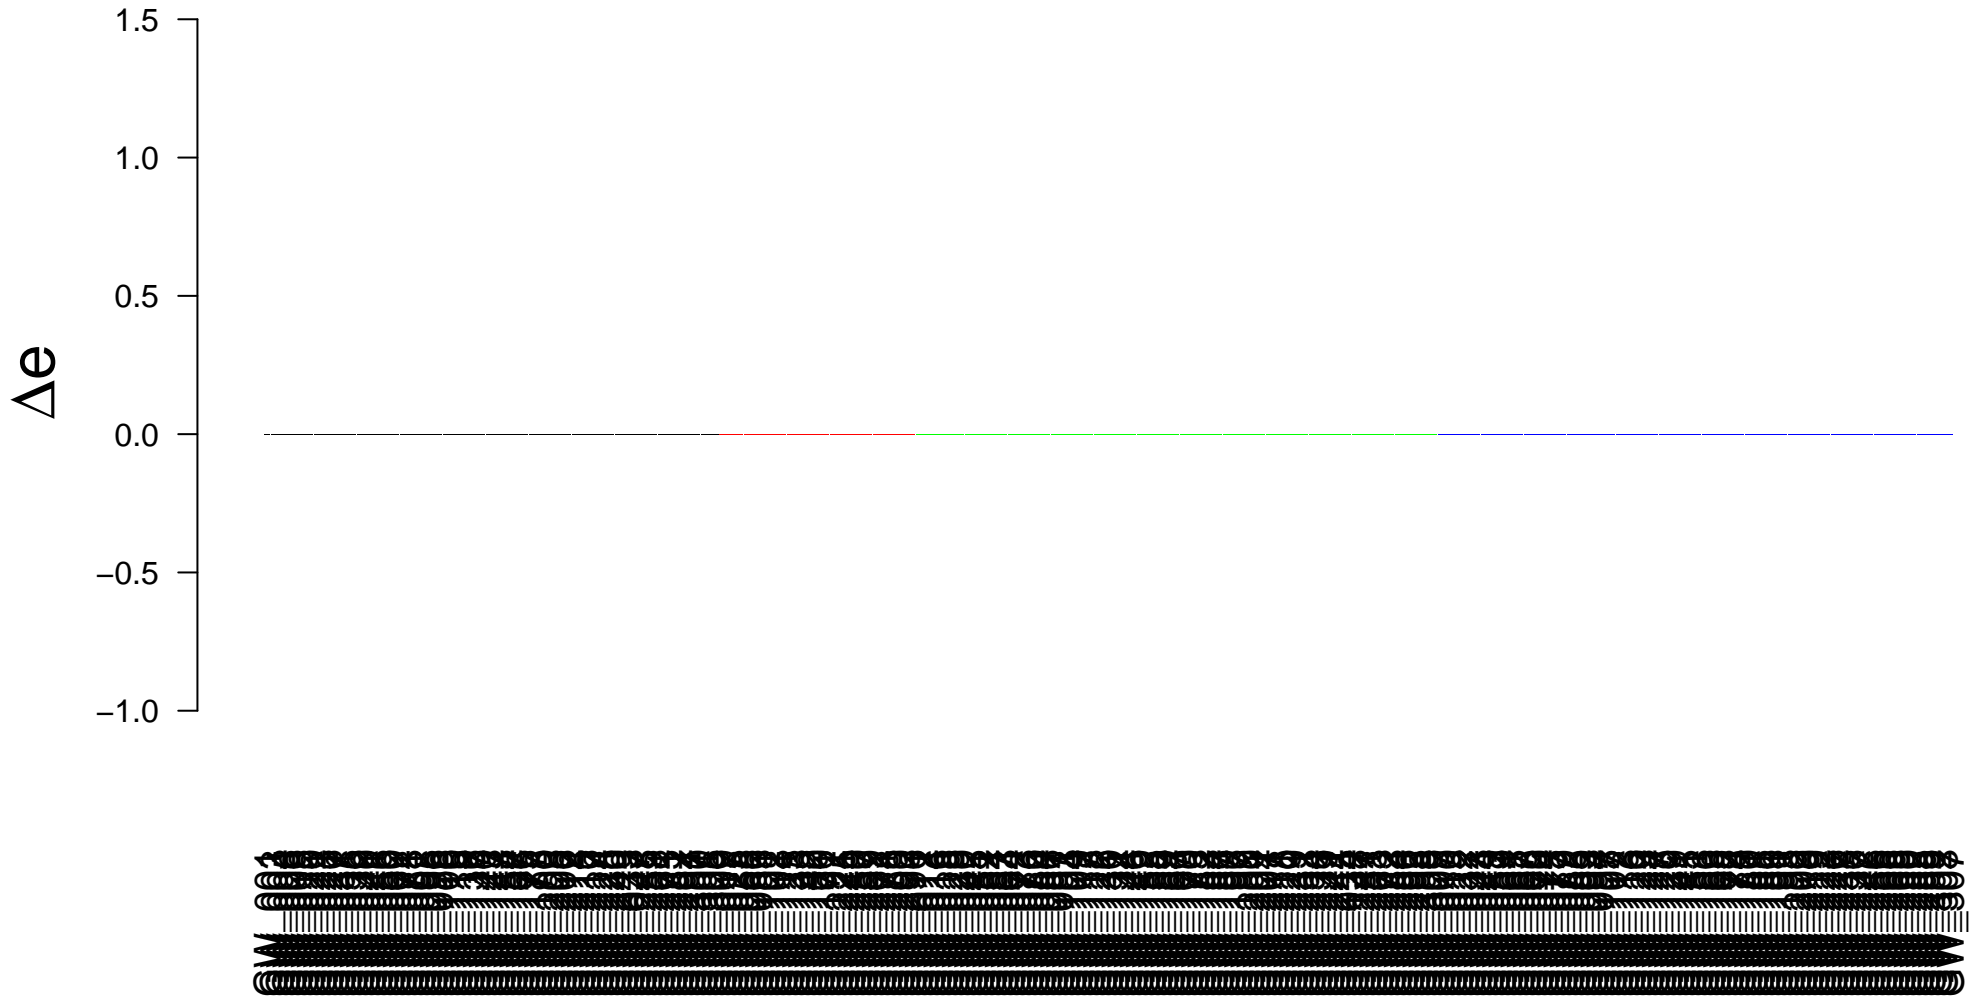

Expression of histone acetyltransferase binding in Spot L

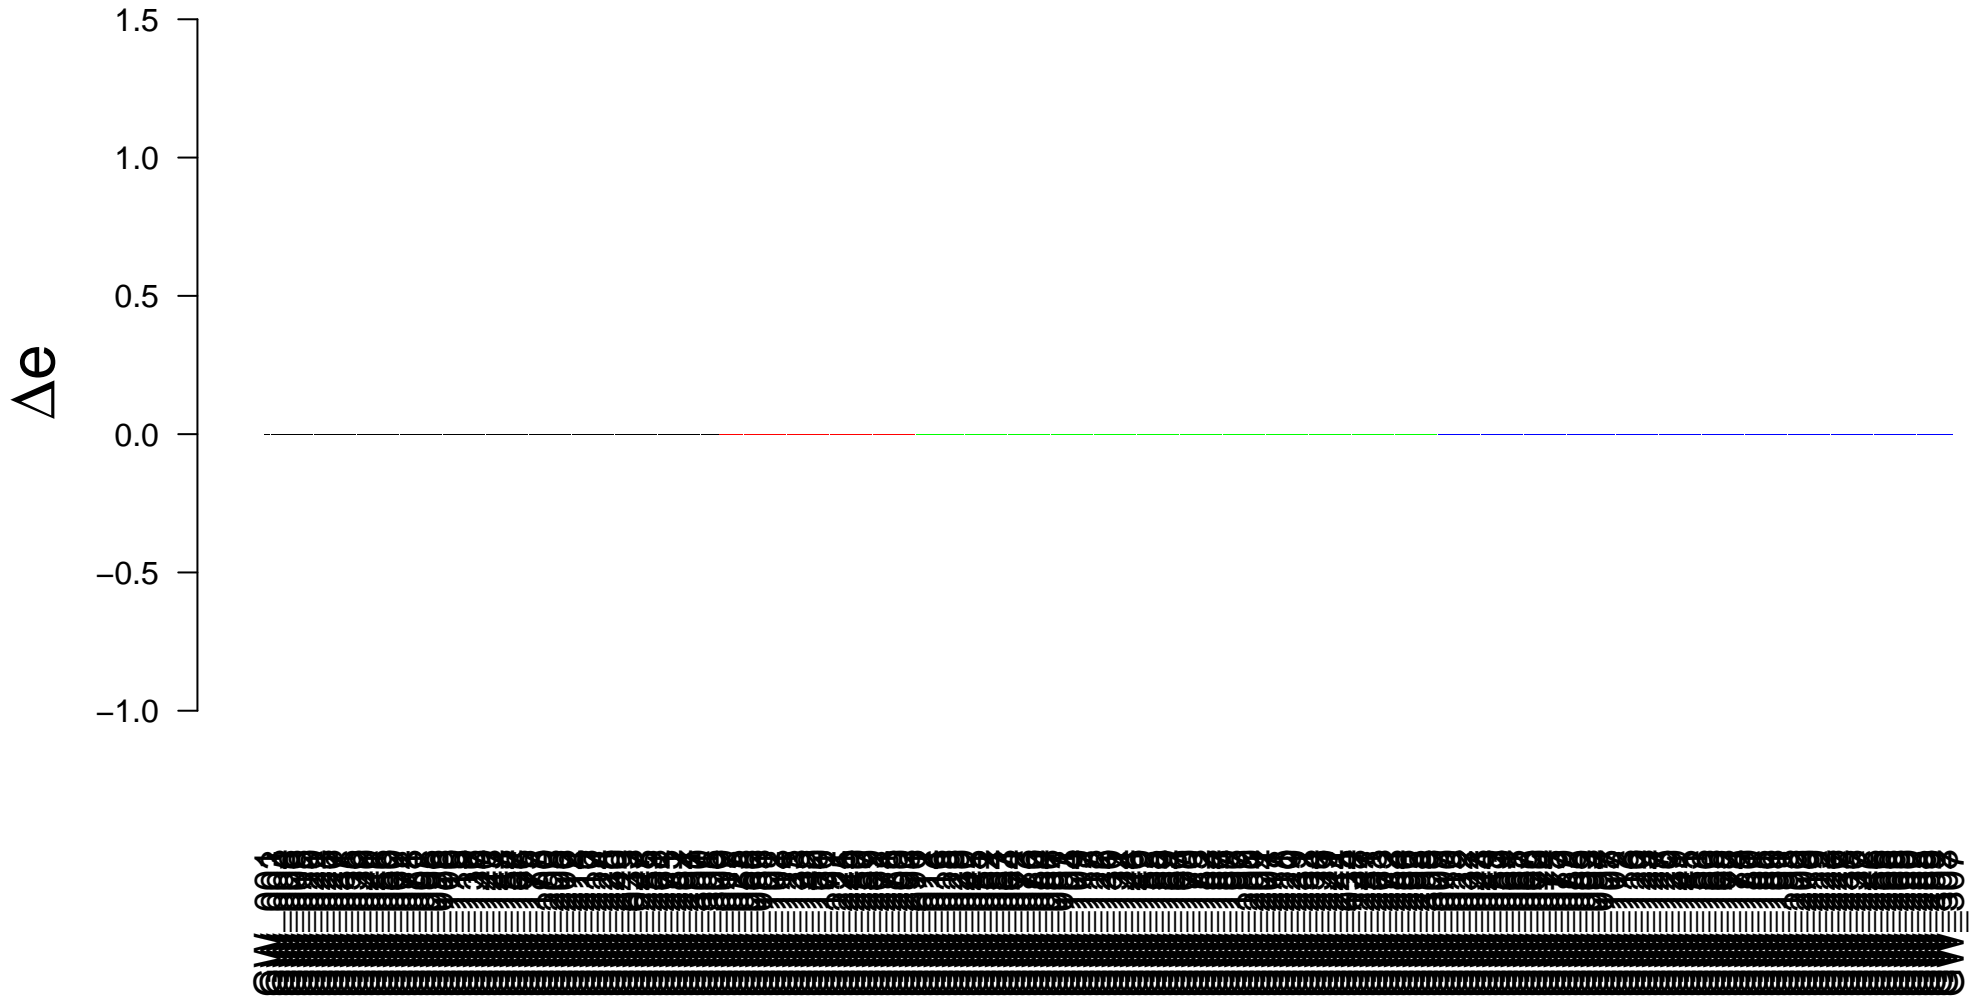

Expression of histone acetyltransferase binding in Spot M

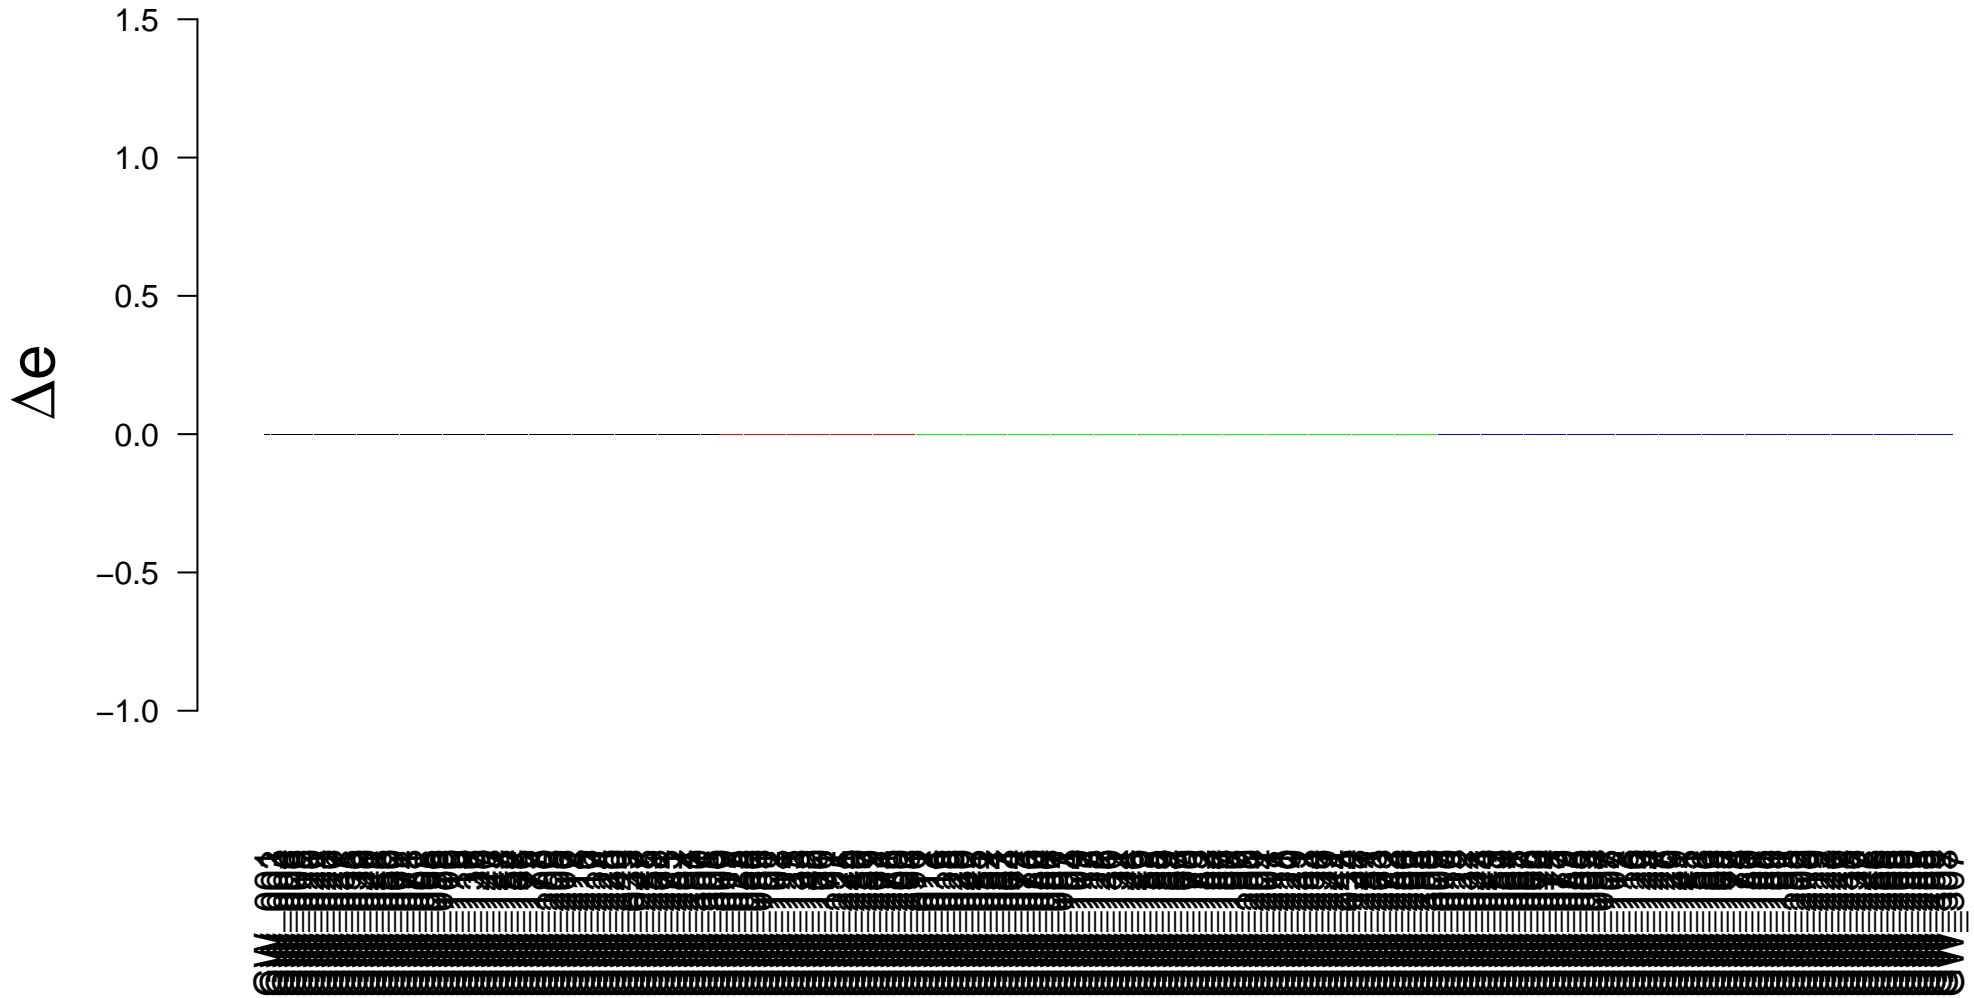

Expression of histone acetyltransferase binding in Spot N

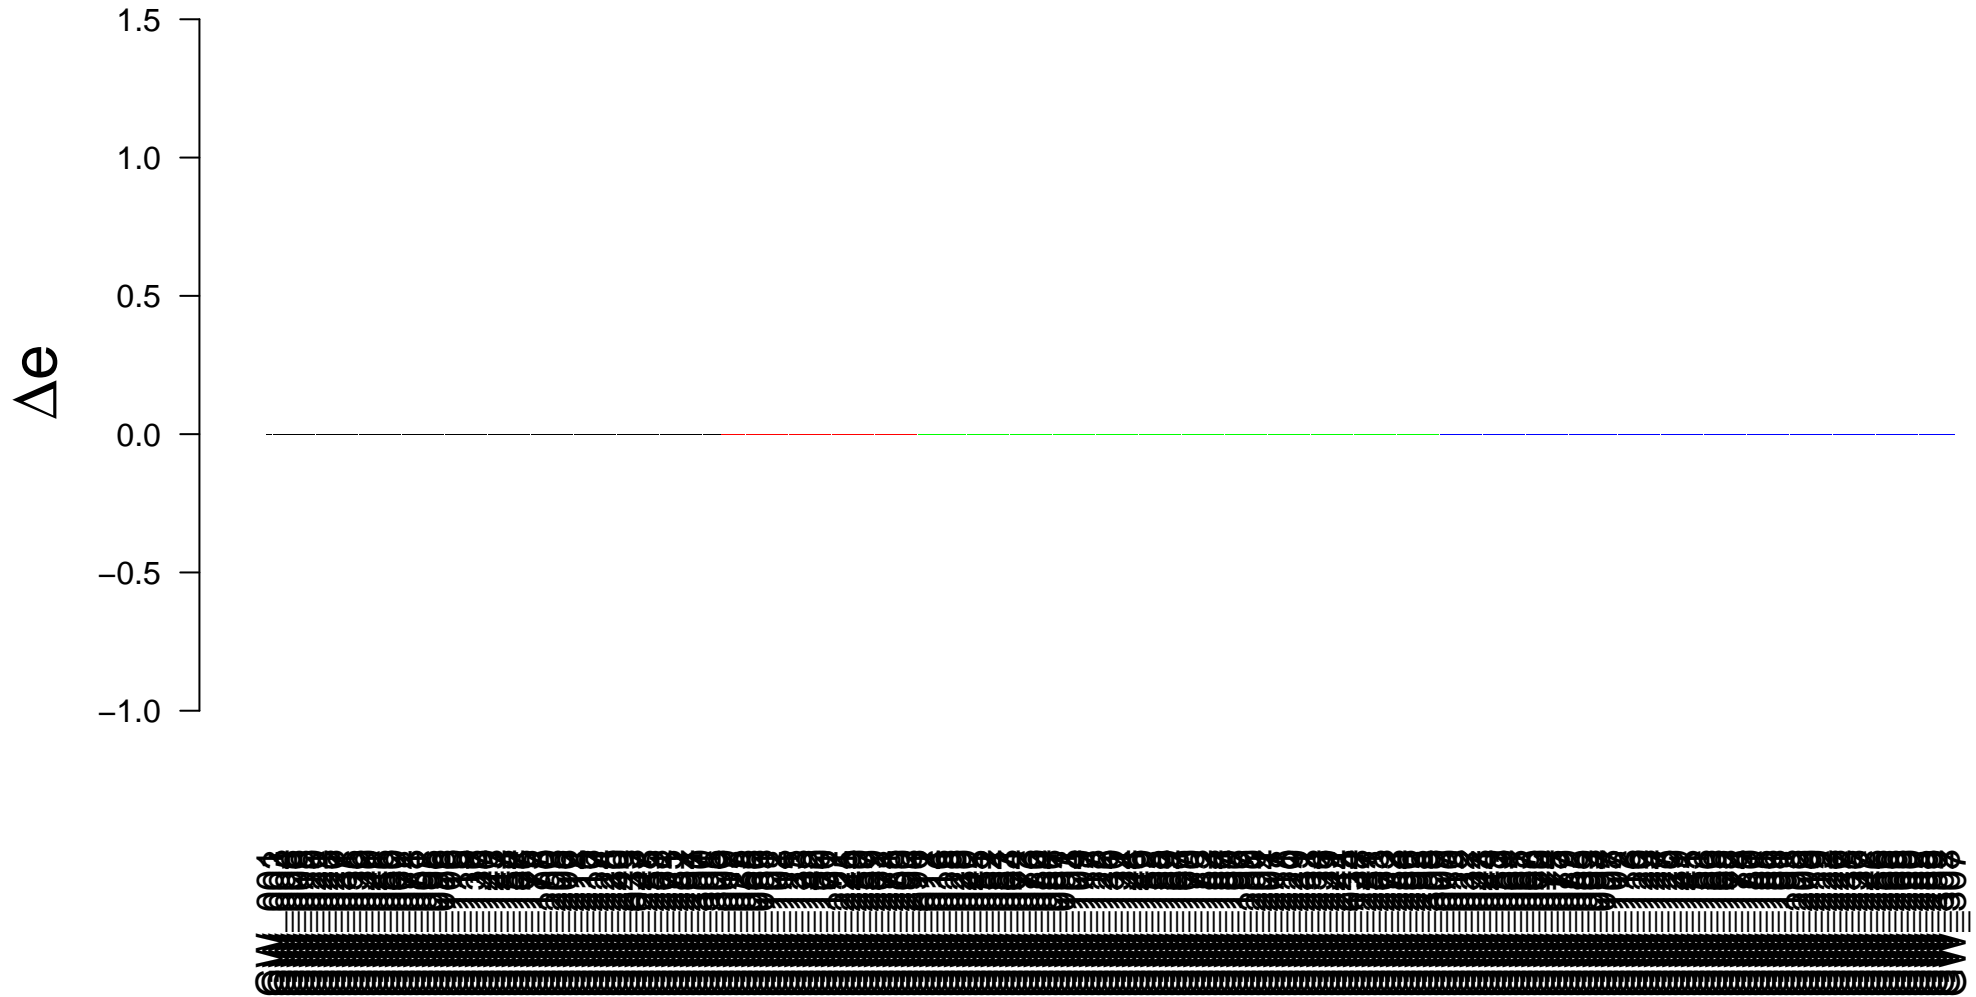

Expression of histone acetyltransferase binding in Spot O

Expression of histone acetyltransferase binding in Spot P

Expression of histone acetyltransferase binding in Spot Q

Expression of histone acetyltransferase binding in Spot R
