

histone deacetylase activity

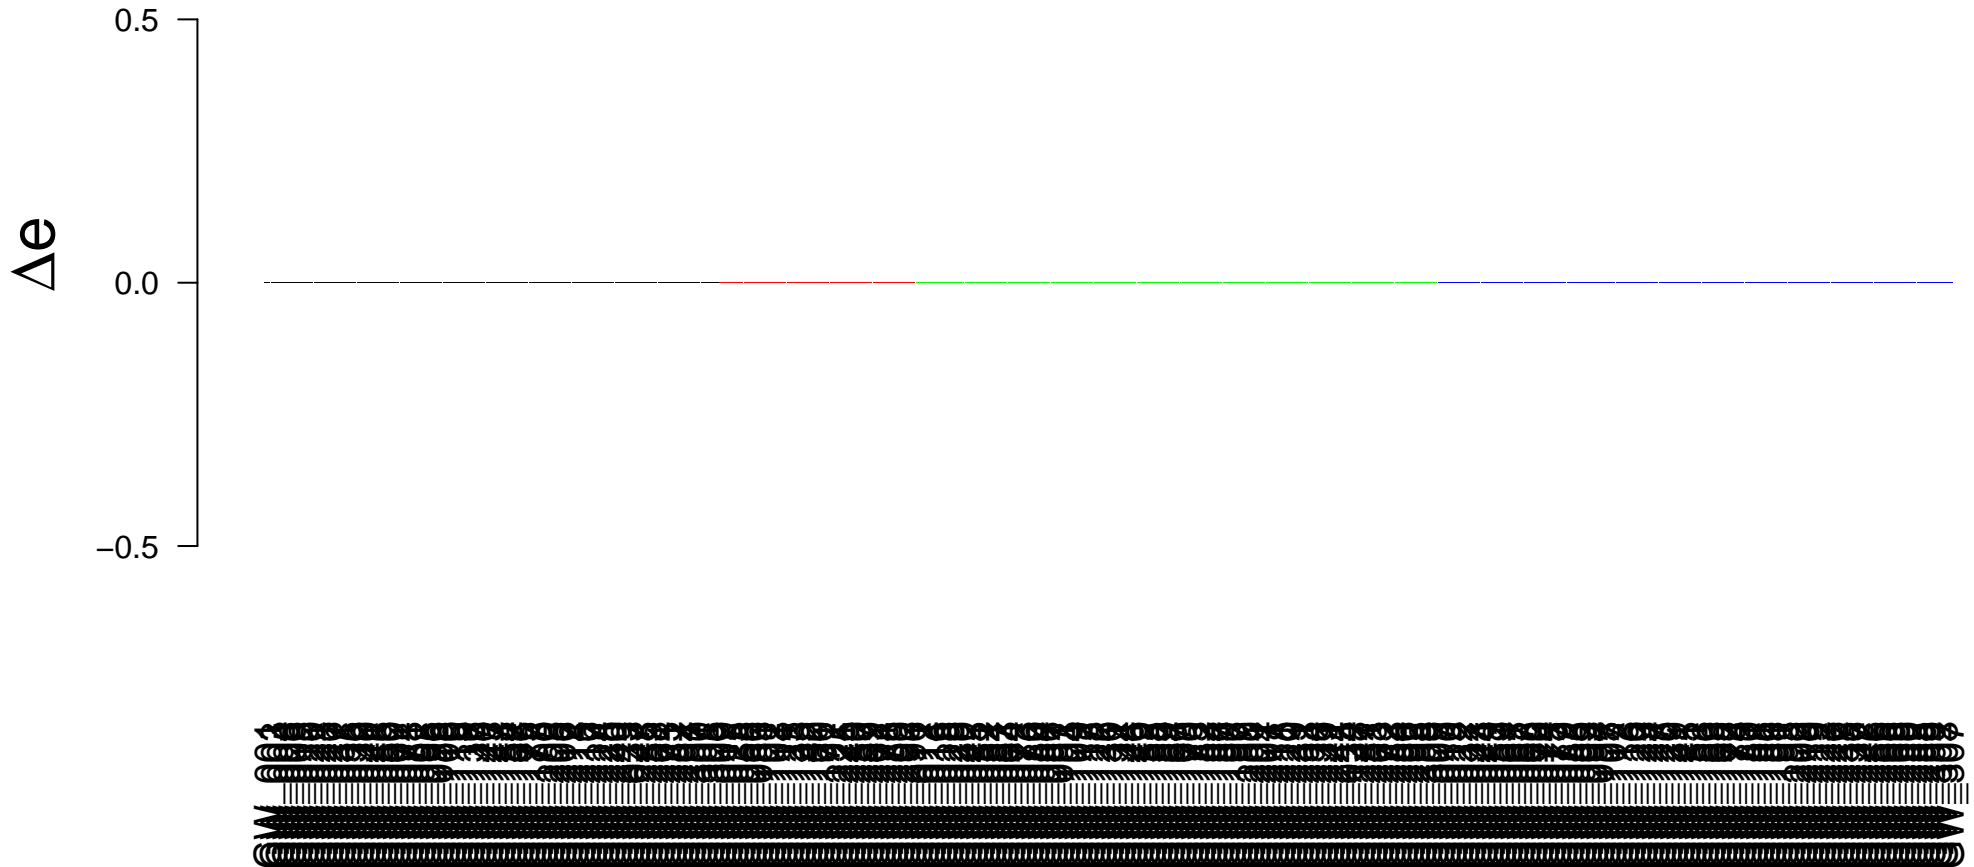

# histone deacetylase activity

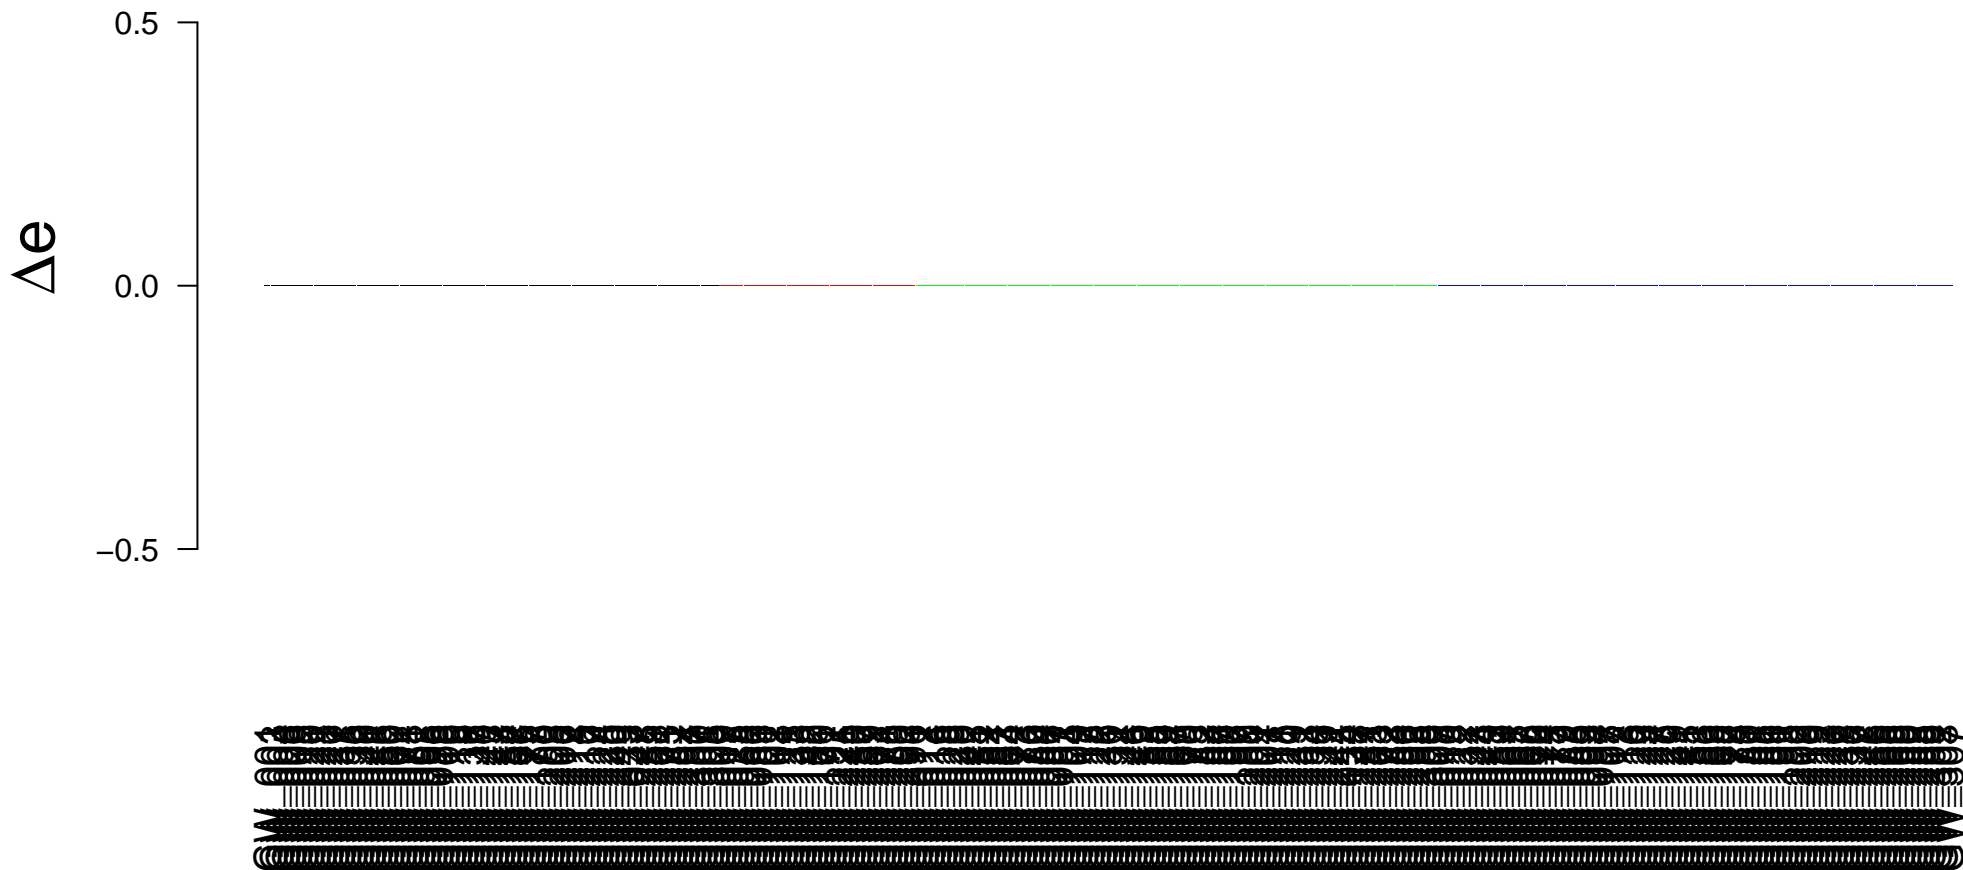

Enrichment in spots: histone deacetylase activity

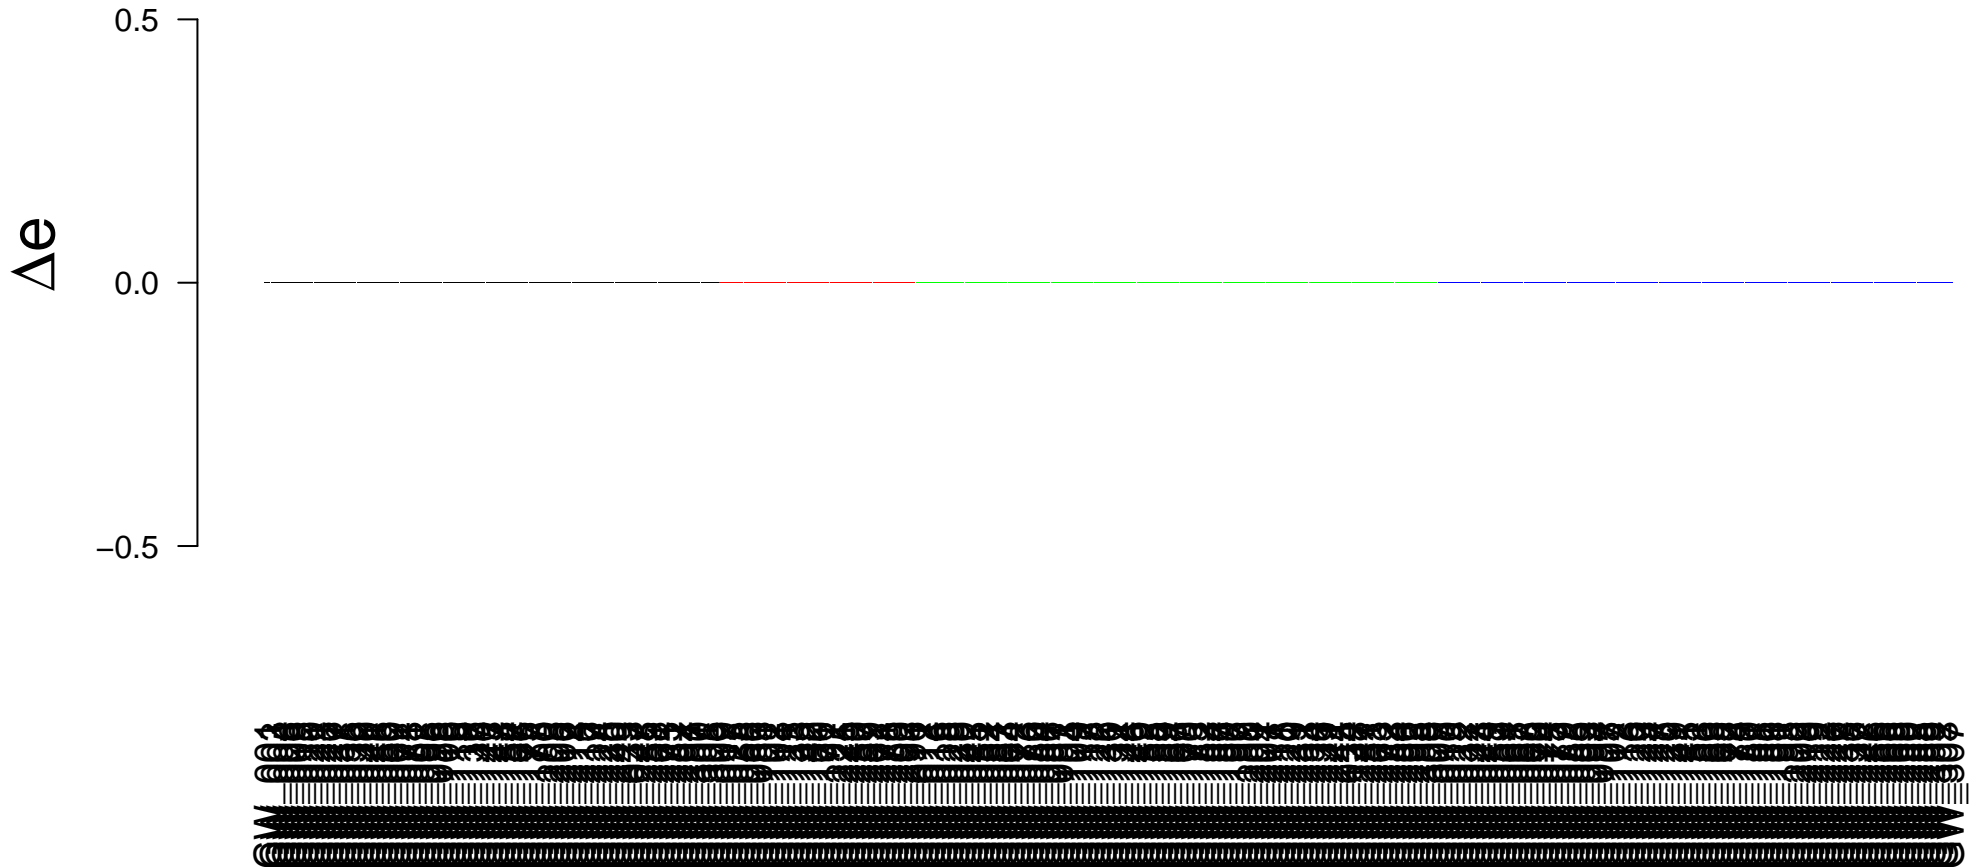

# Expression of histone deacetylase activity in Spot A

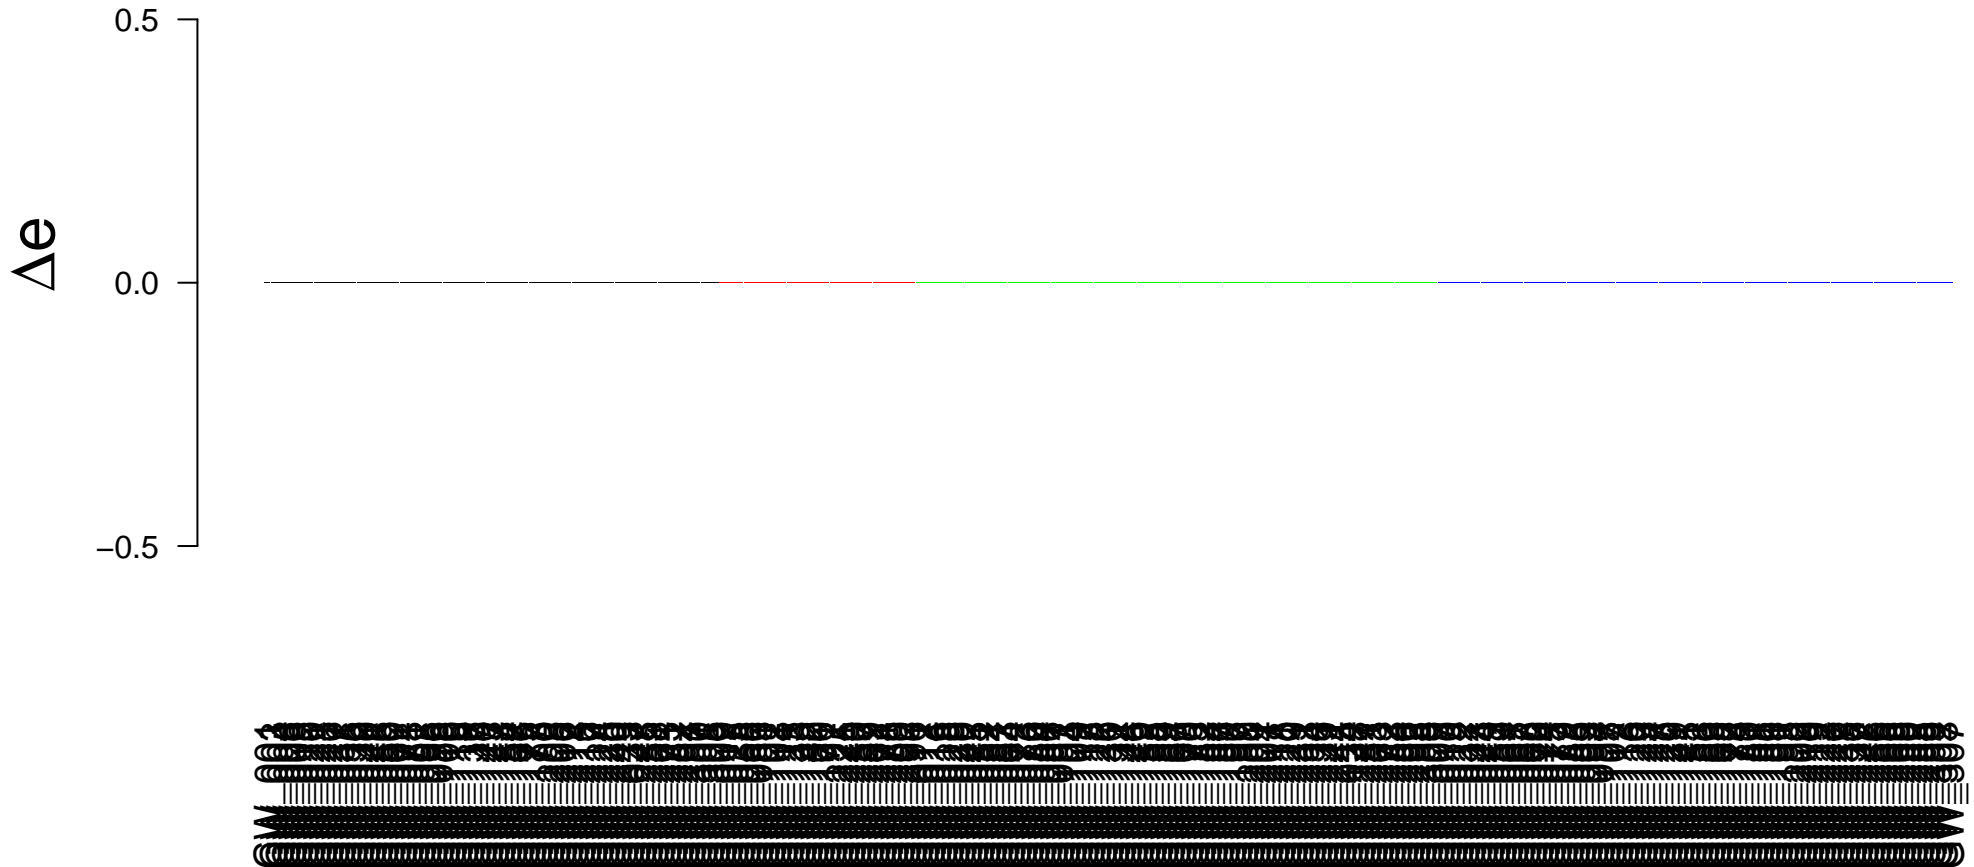

# Expression of histone deacetylase activity in Spot B

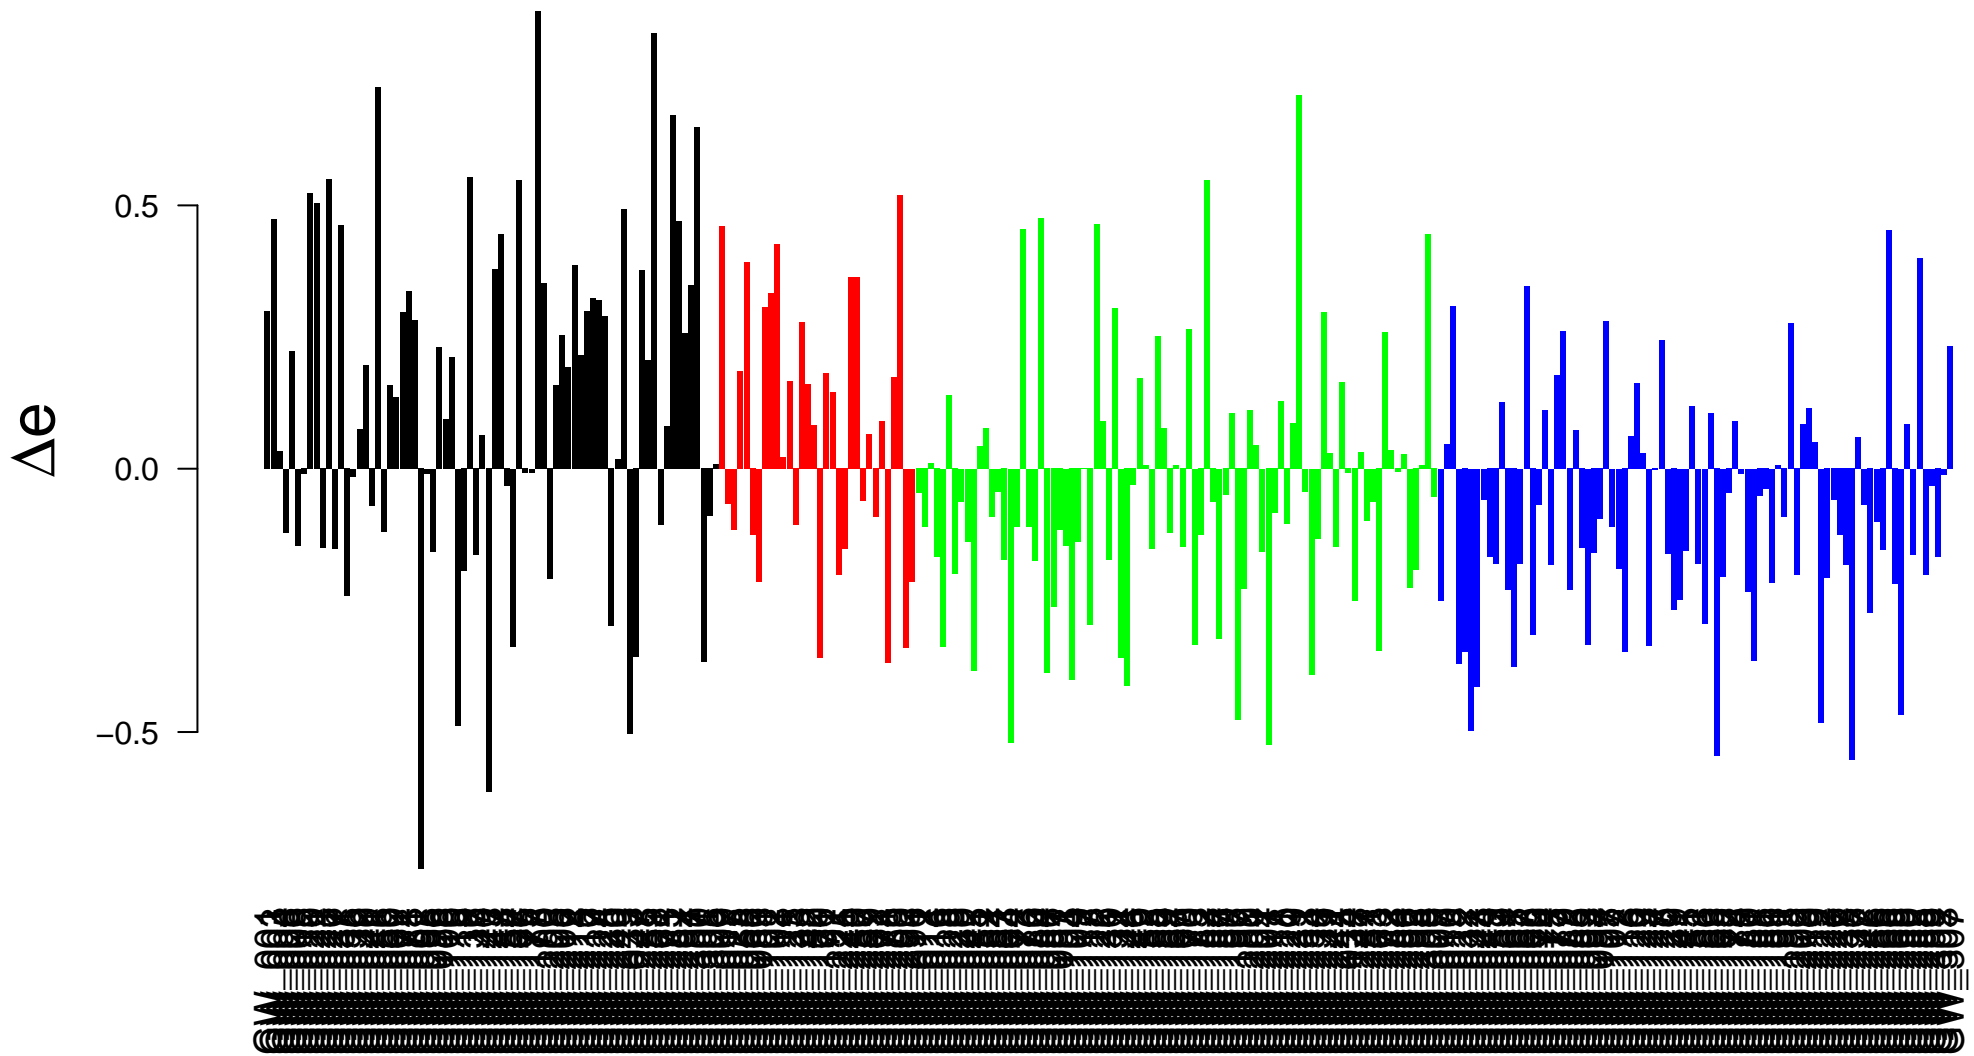

# Expression of histone deacetylase activity in Spot C

# Expression of histone deacetylase activity in Spot D

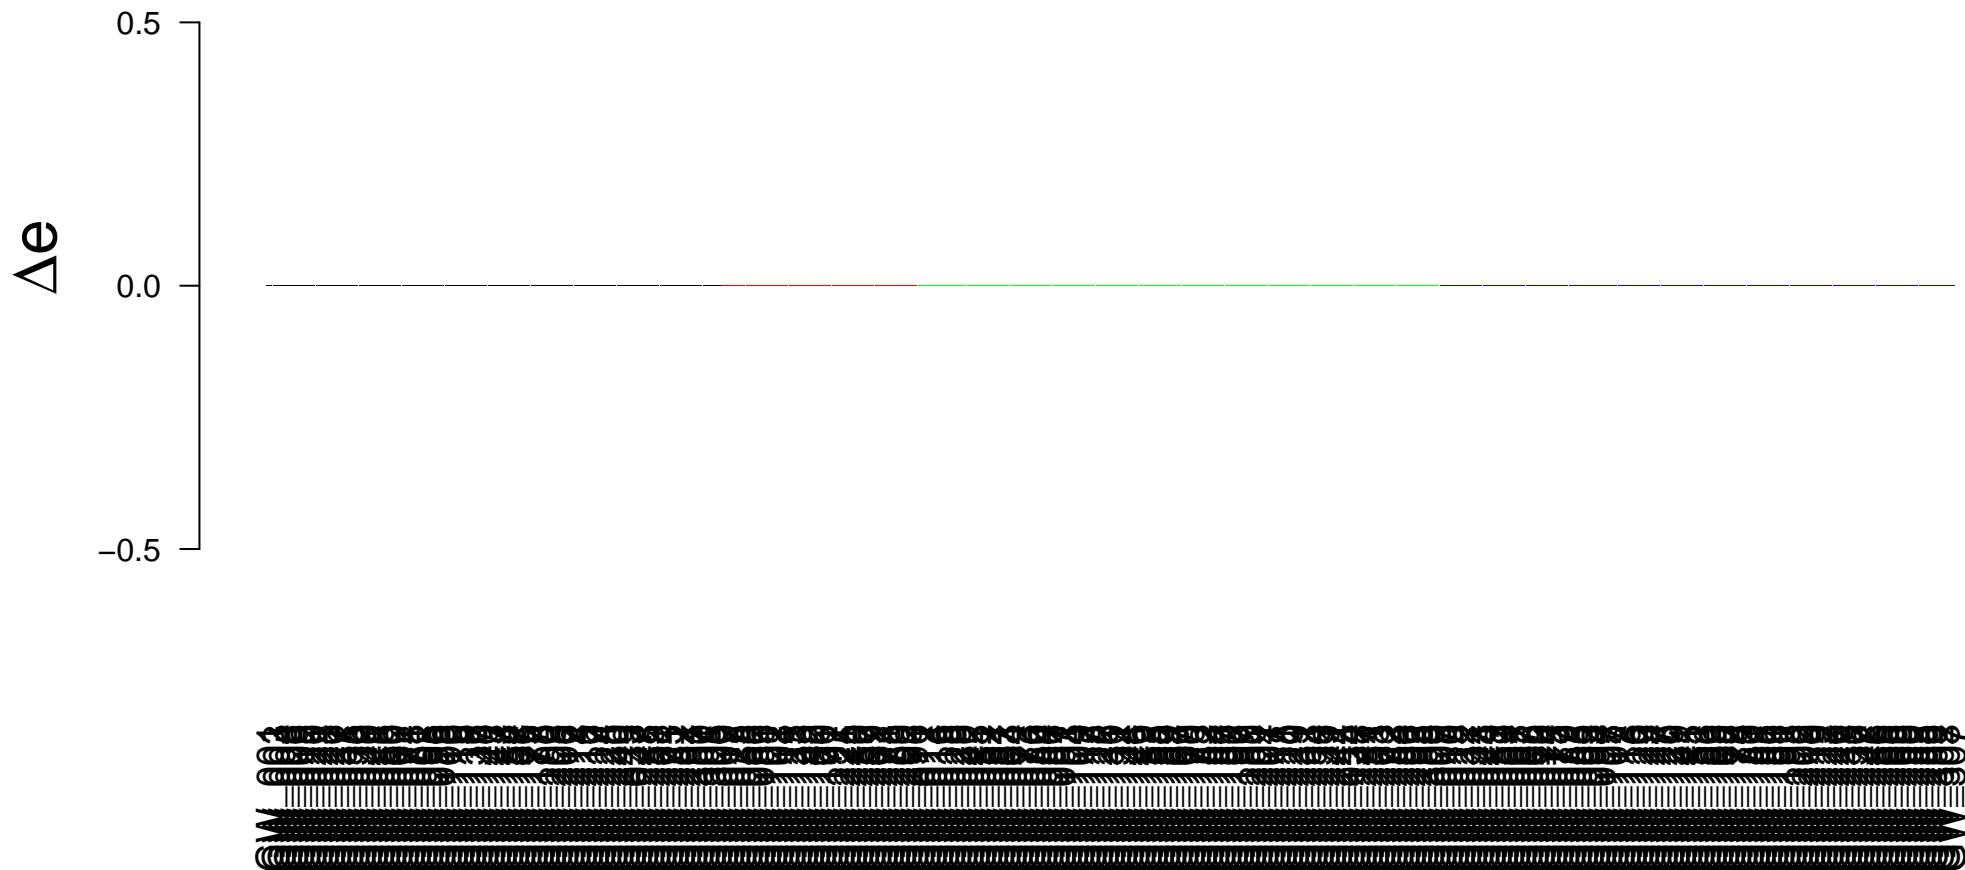

# Expression of histone deacetylase activity in Spot E

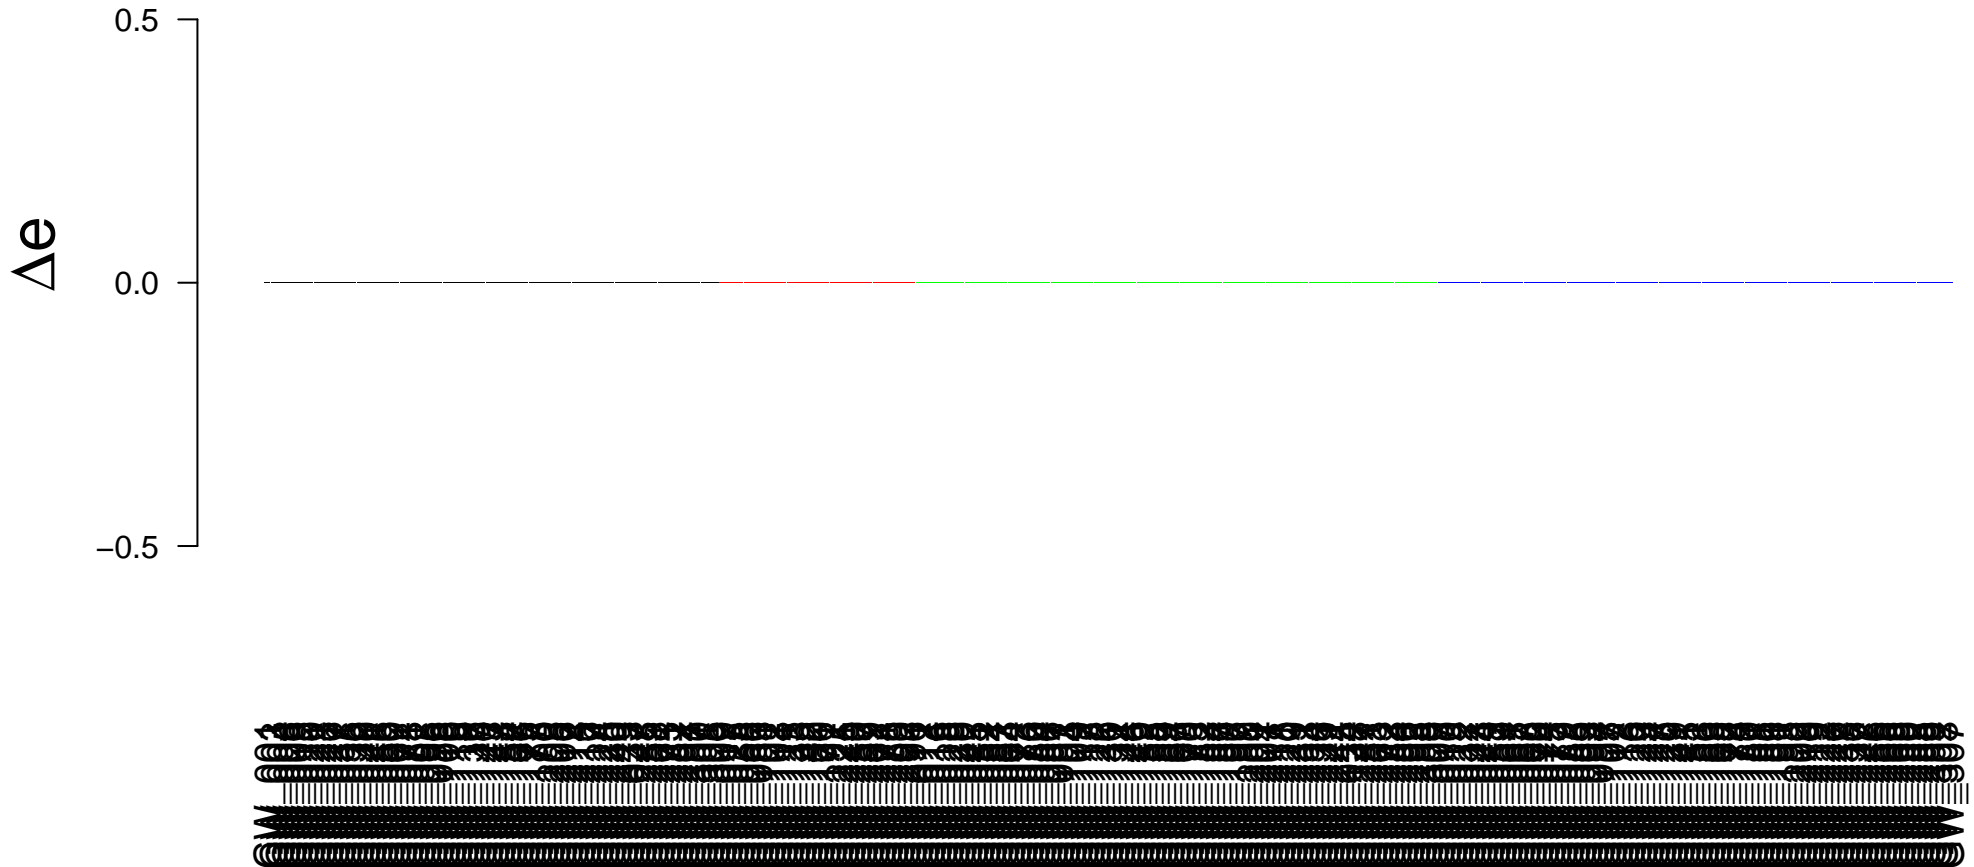

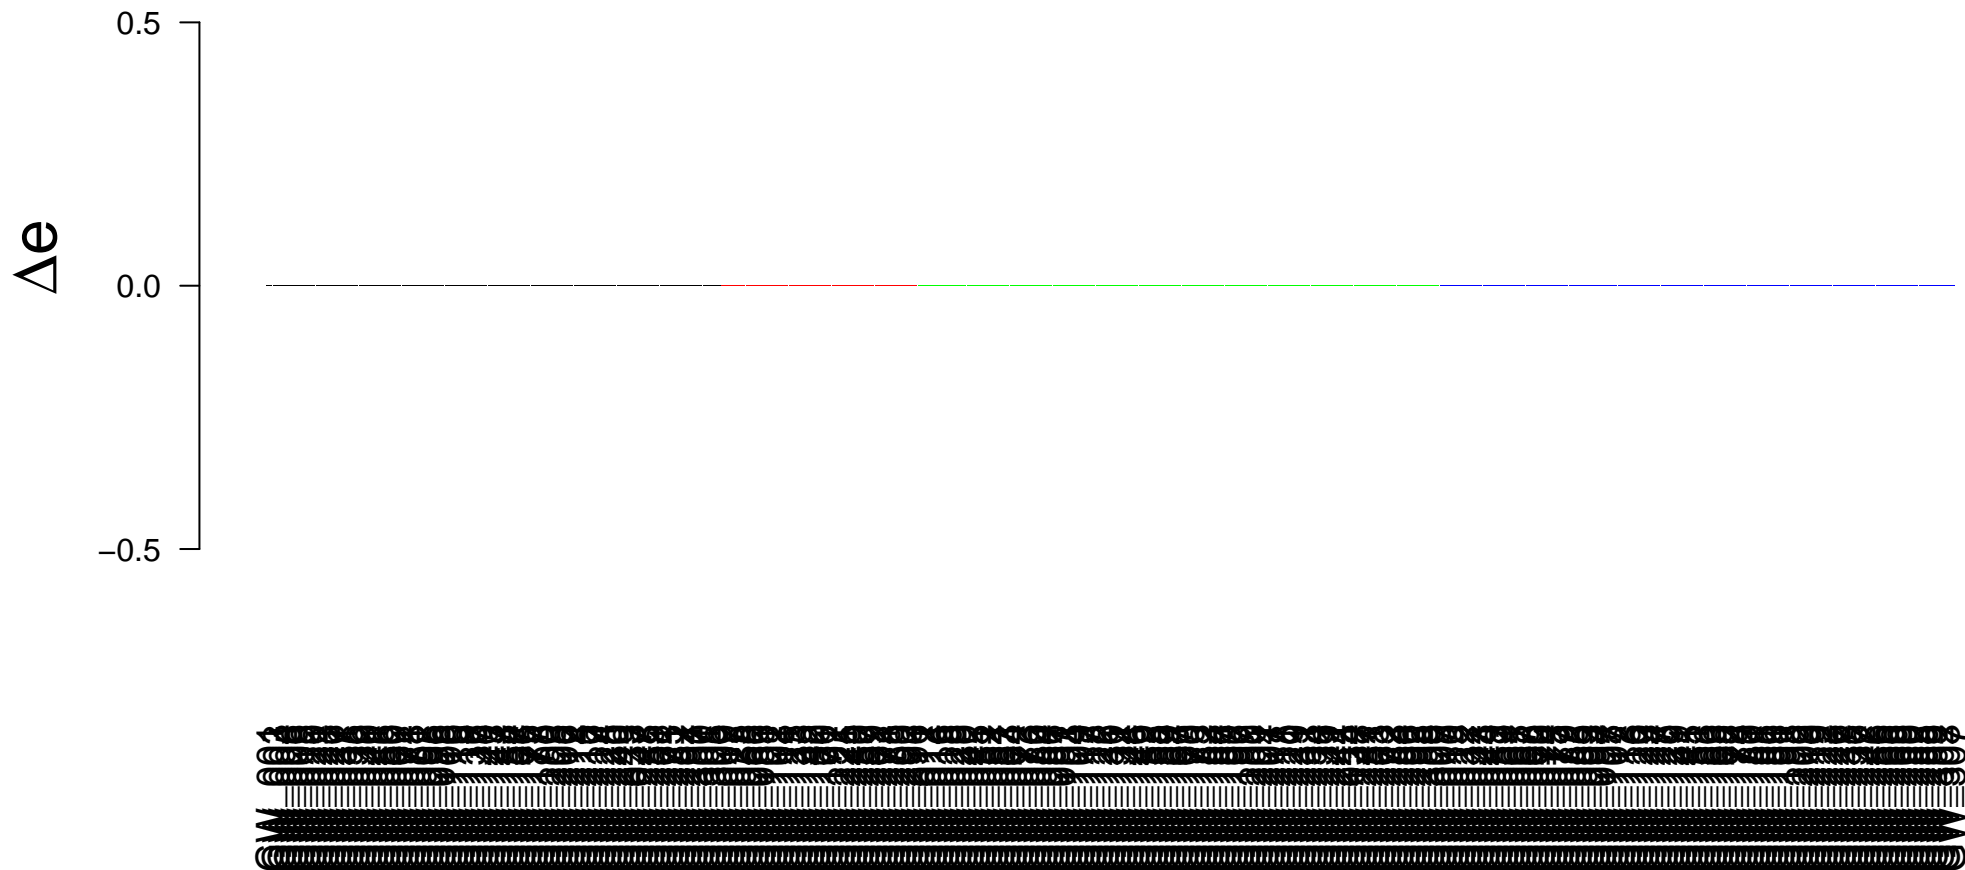

# Expression of histone deacetylase activity in Spot F

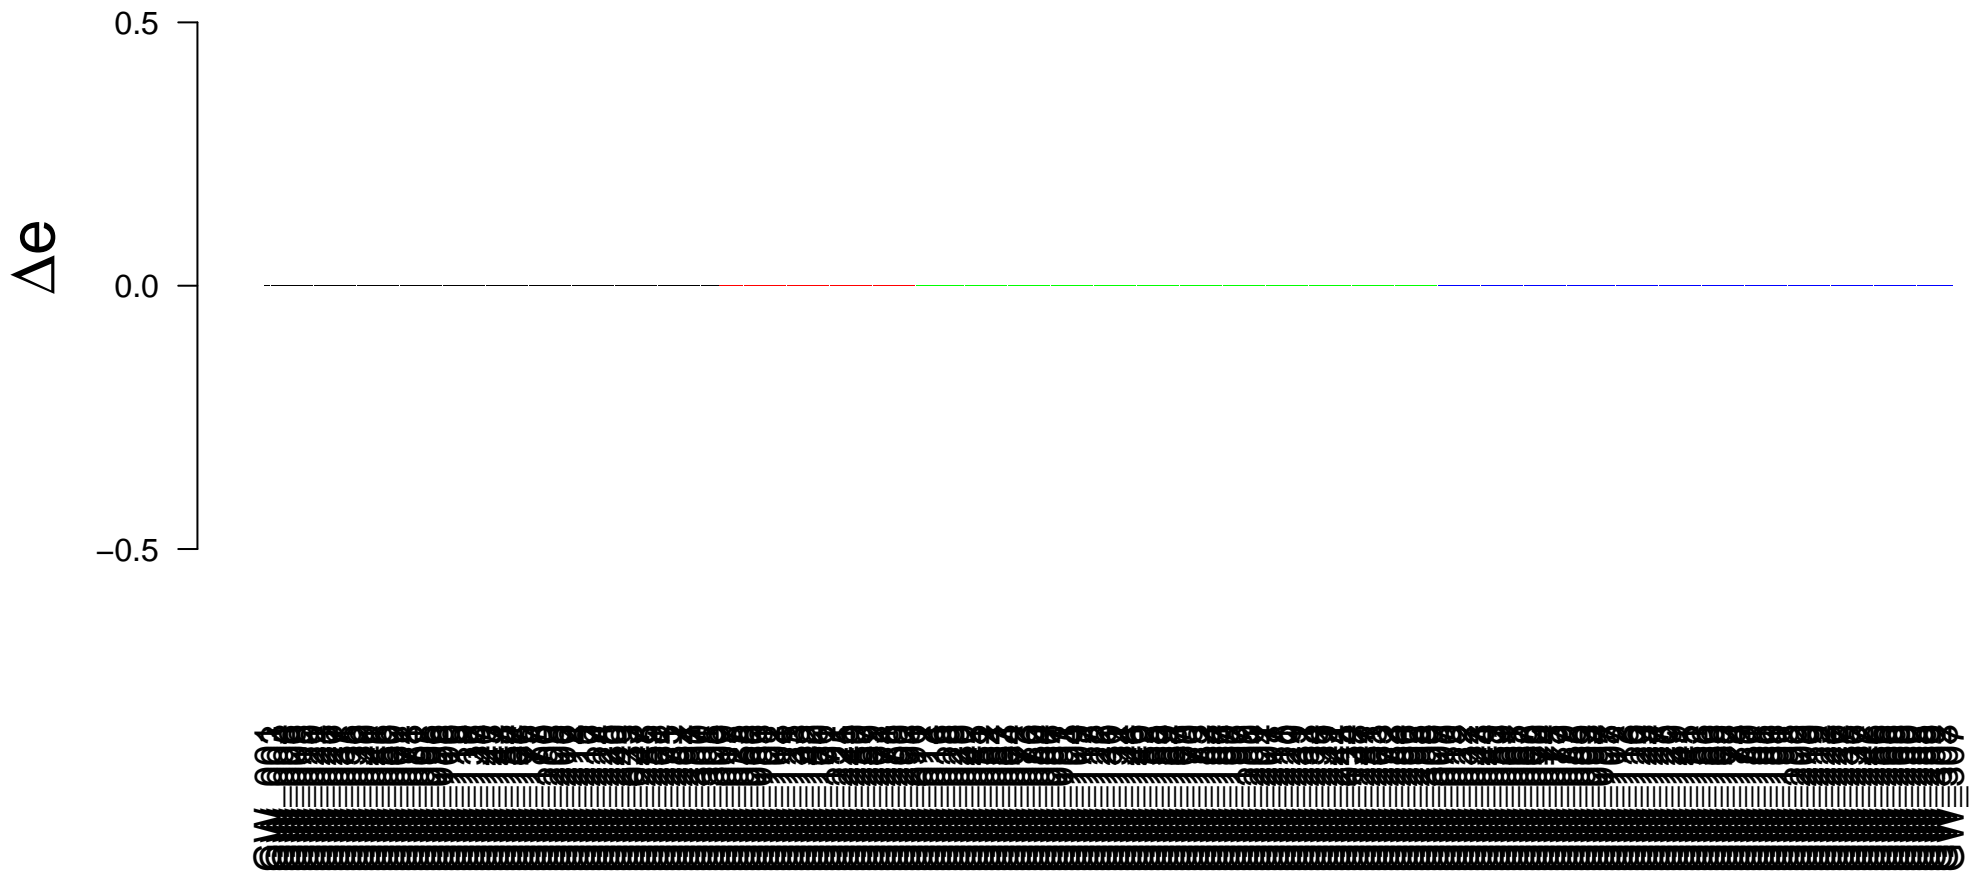

# Expression of histone deacetylase activity in Spot G

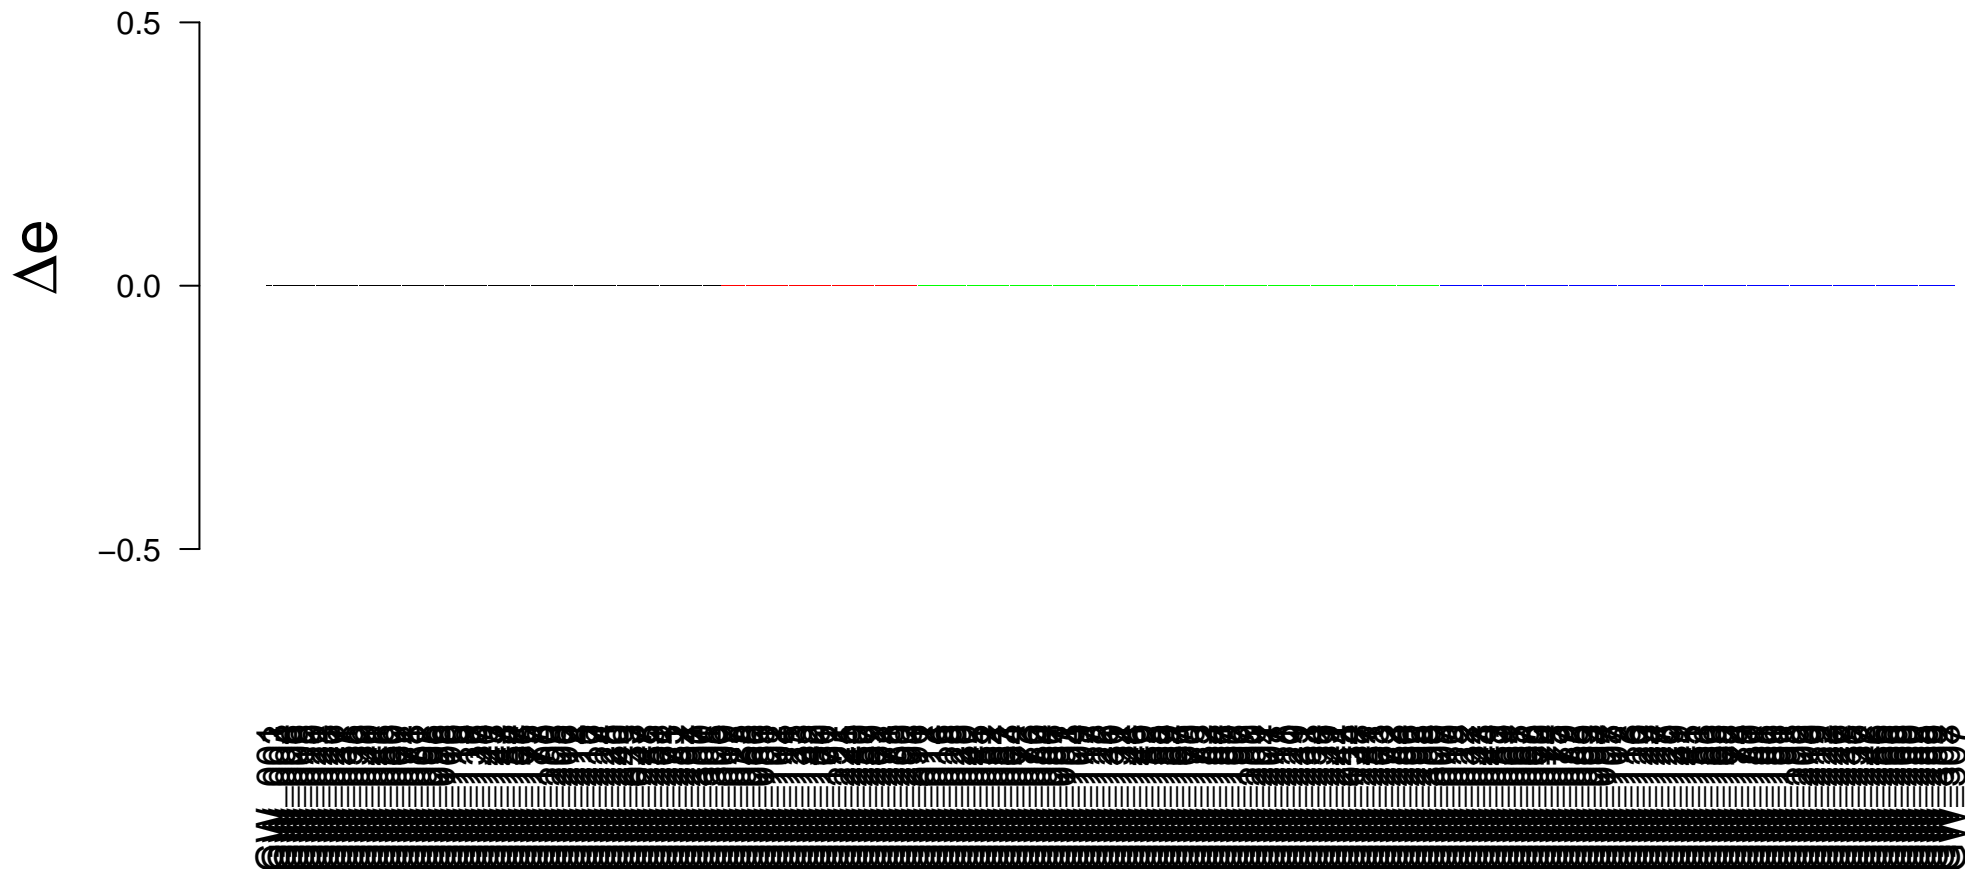

# Expression of histone deacetylase activity in Spot H

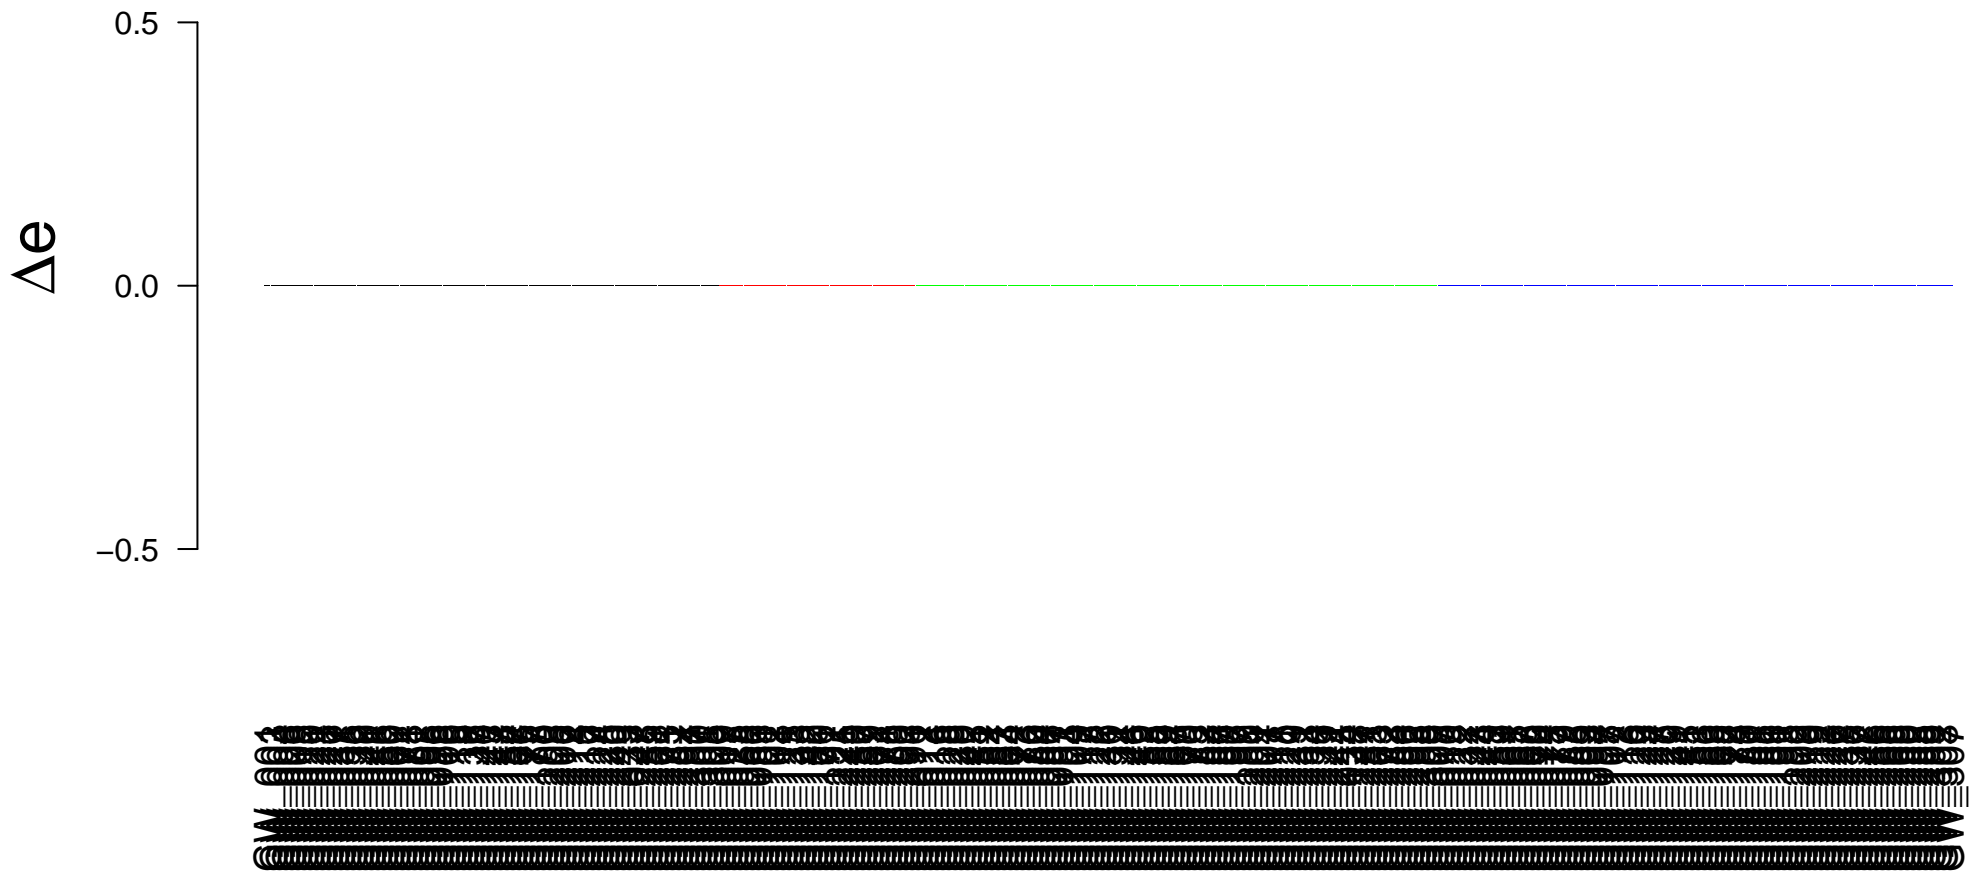

# Expression of histone deacetylase activity in Spot I

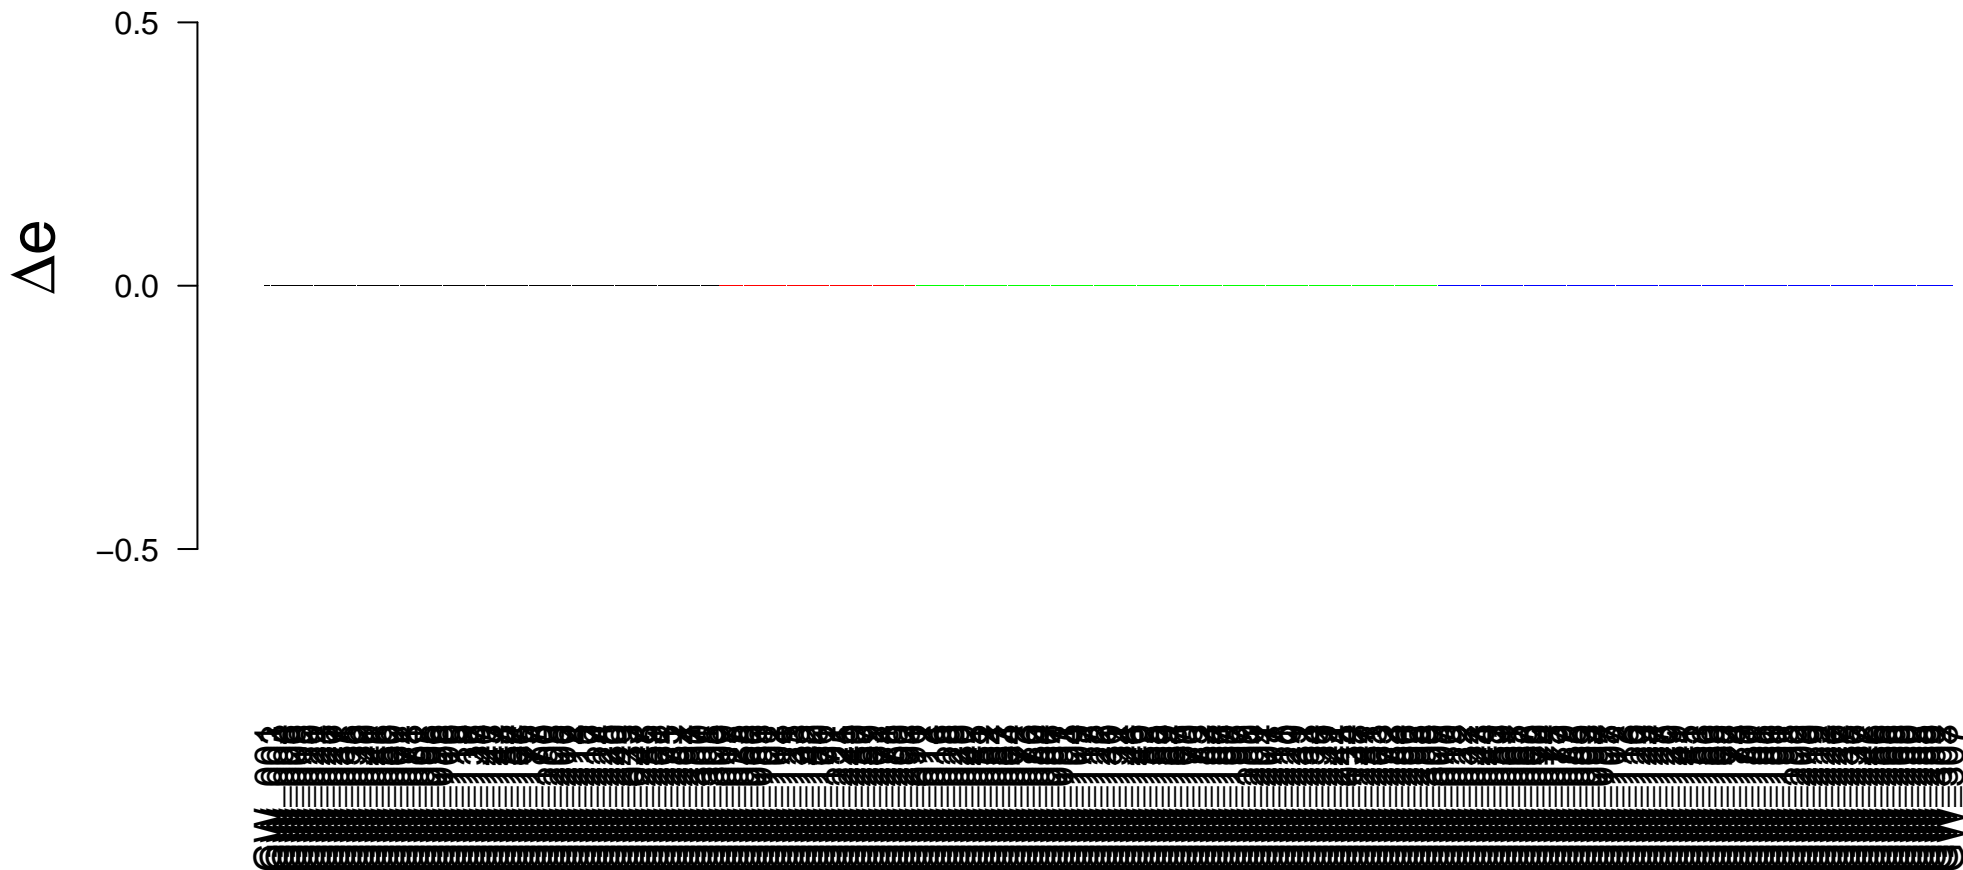

# Expression of histone deacetylase activity in Spot J

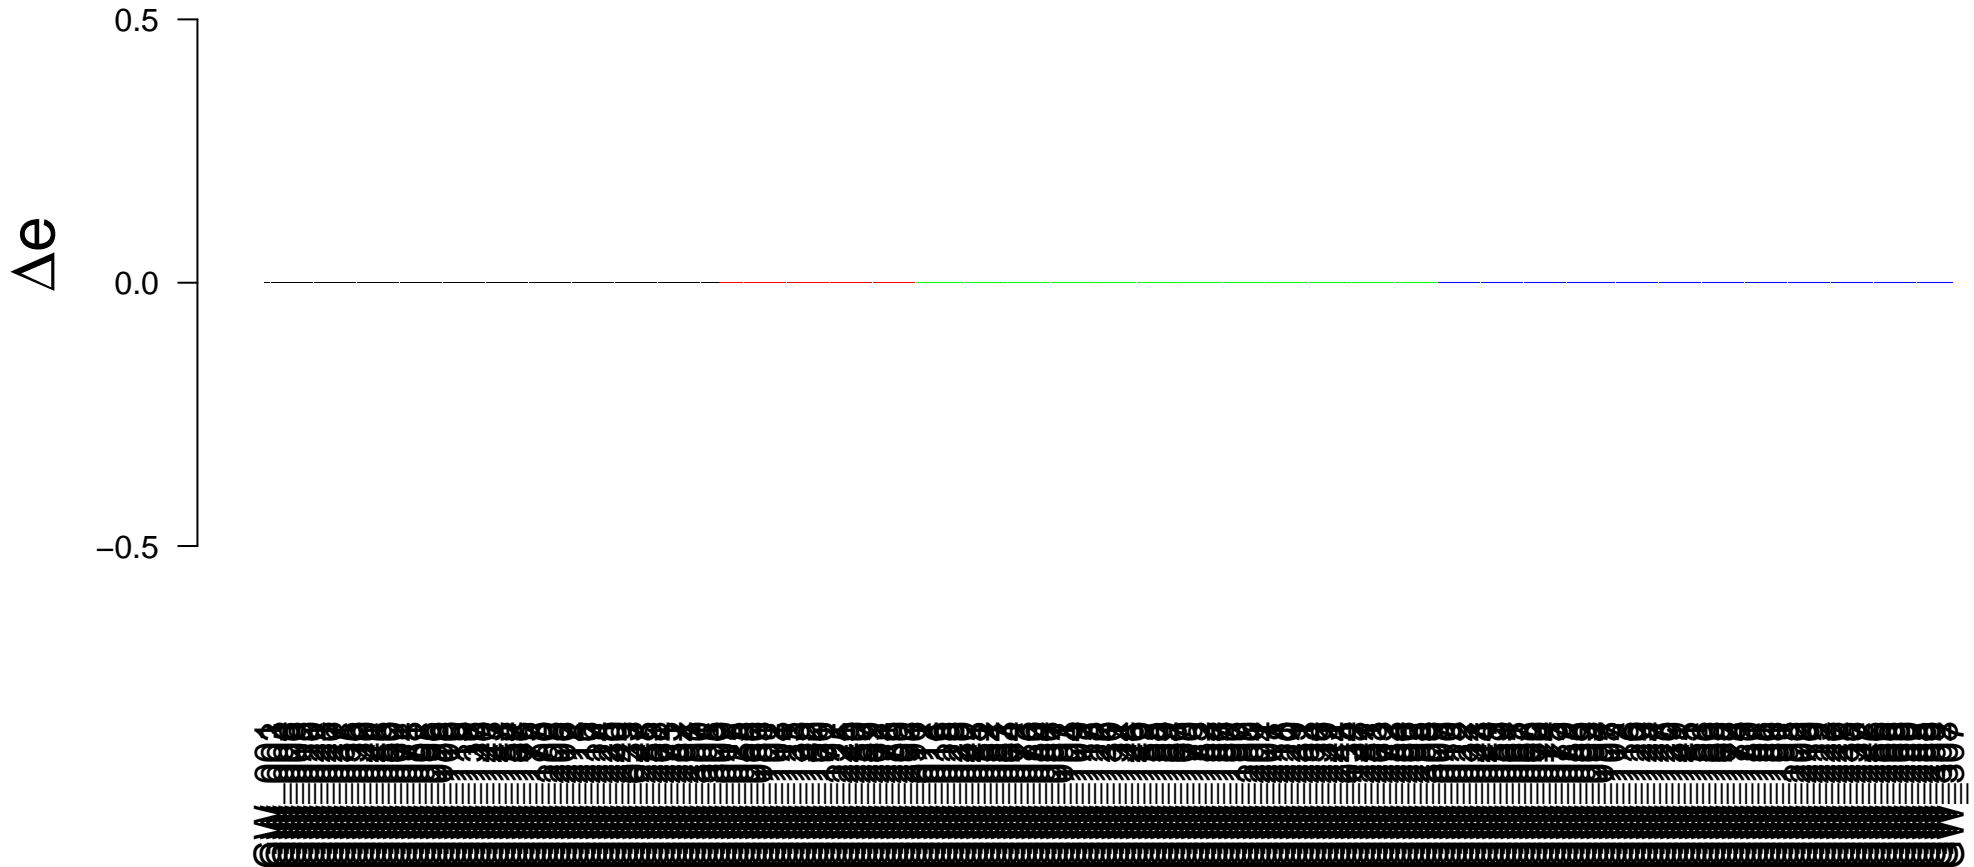

# Expression of histone deacetylase activity in Spot K

# Expression of histone deacetylase activity in Spot L

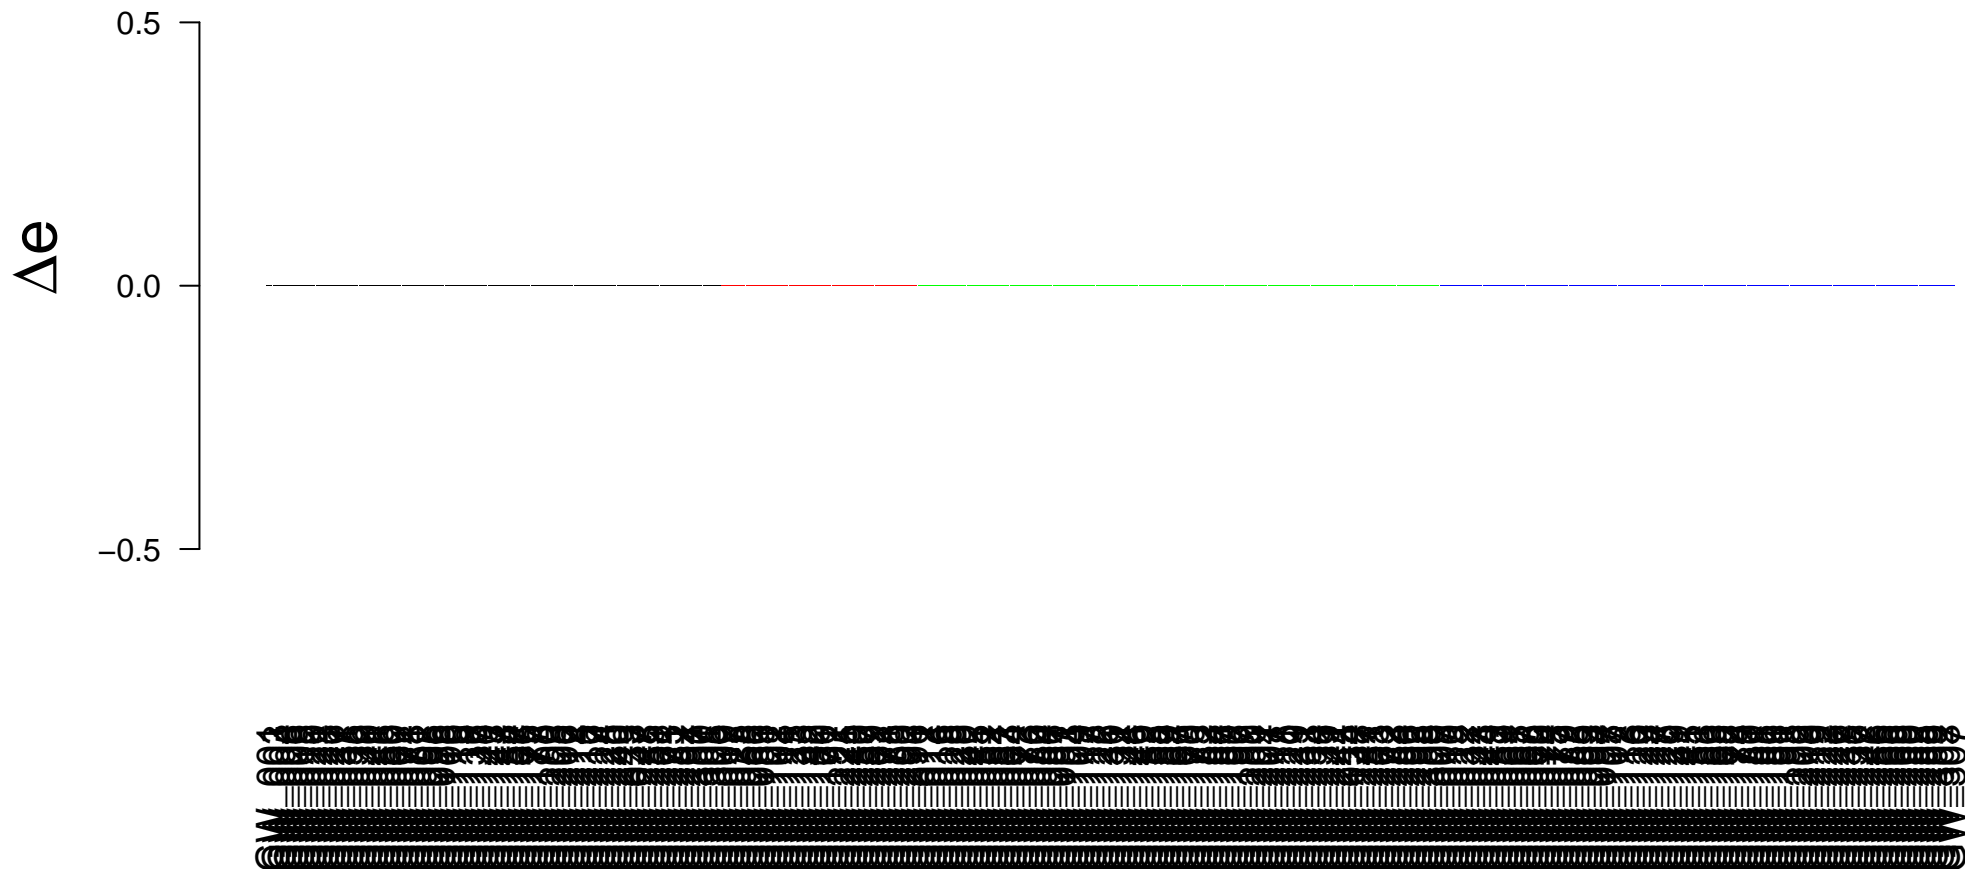

# Expression of histone deacetylase activity in Spot M

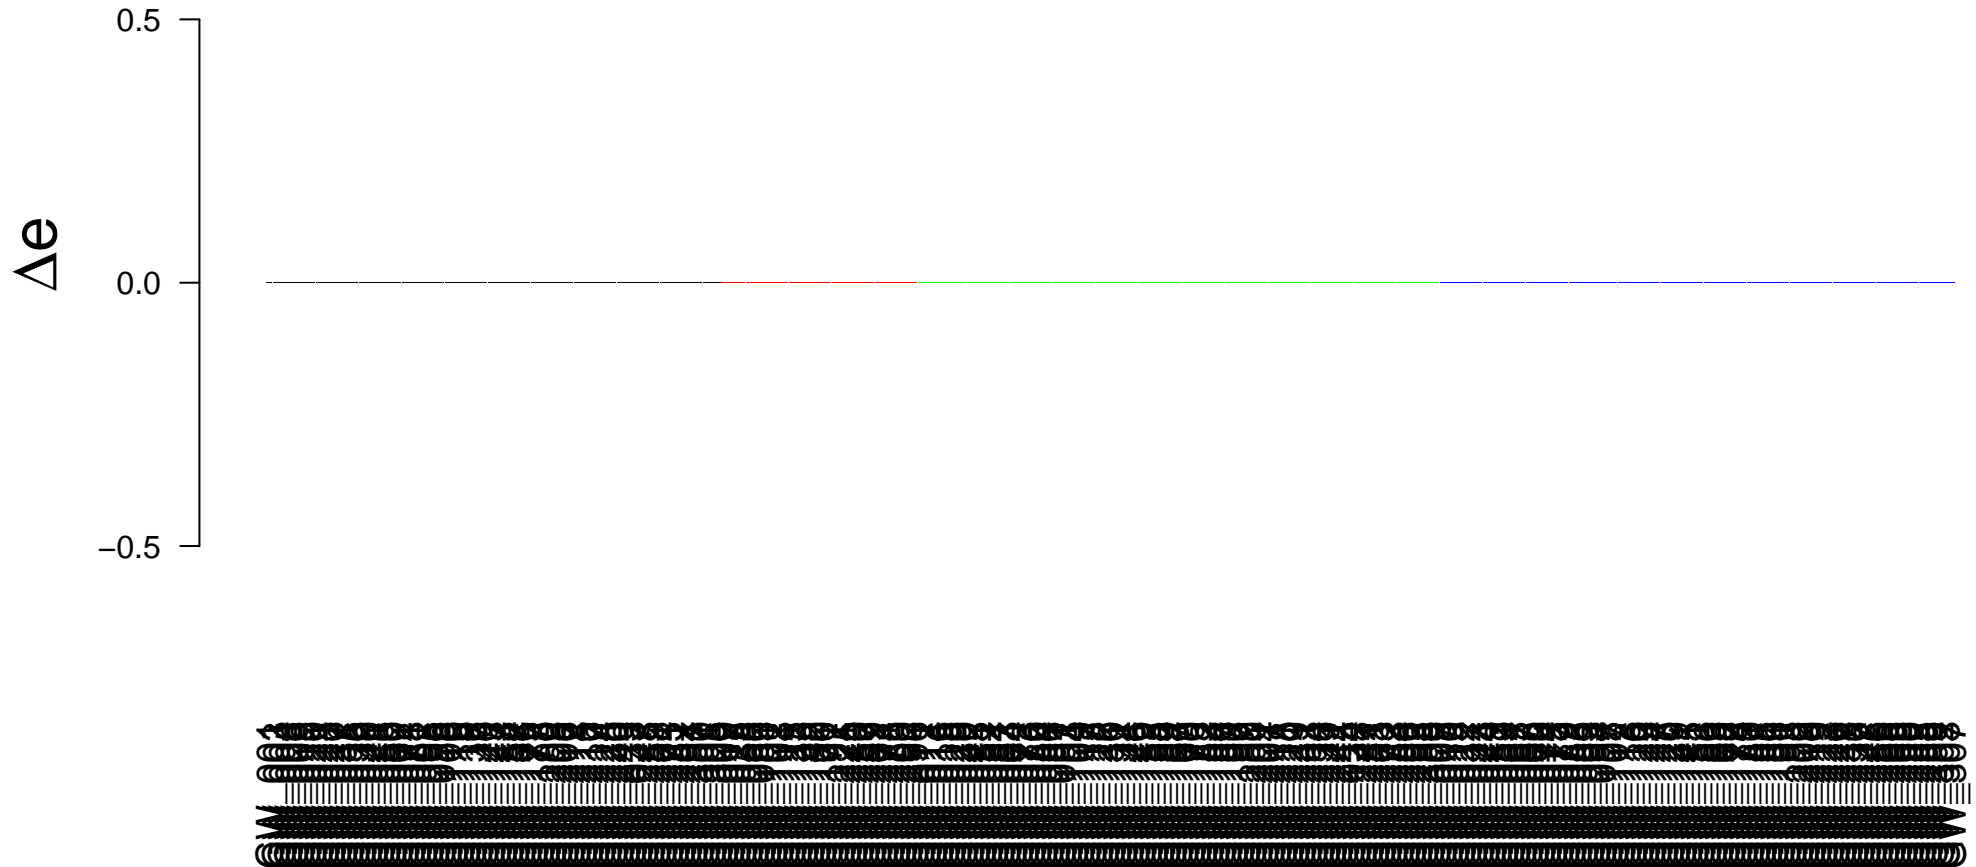

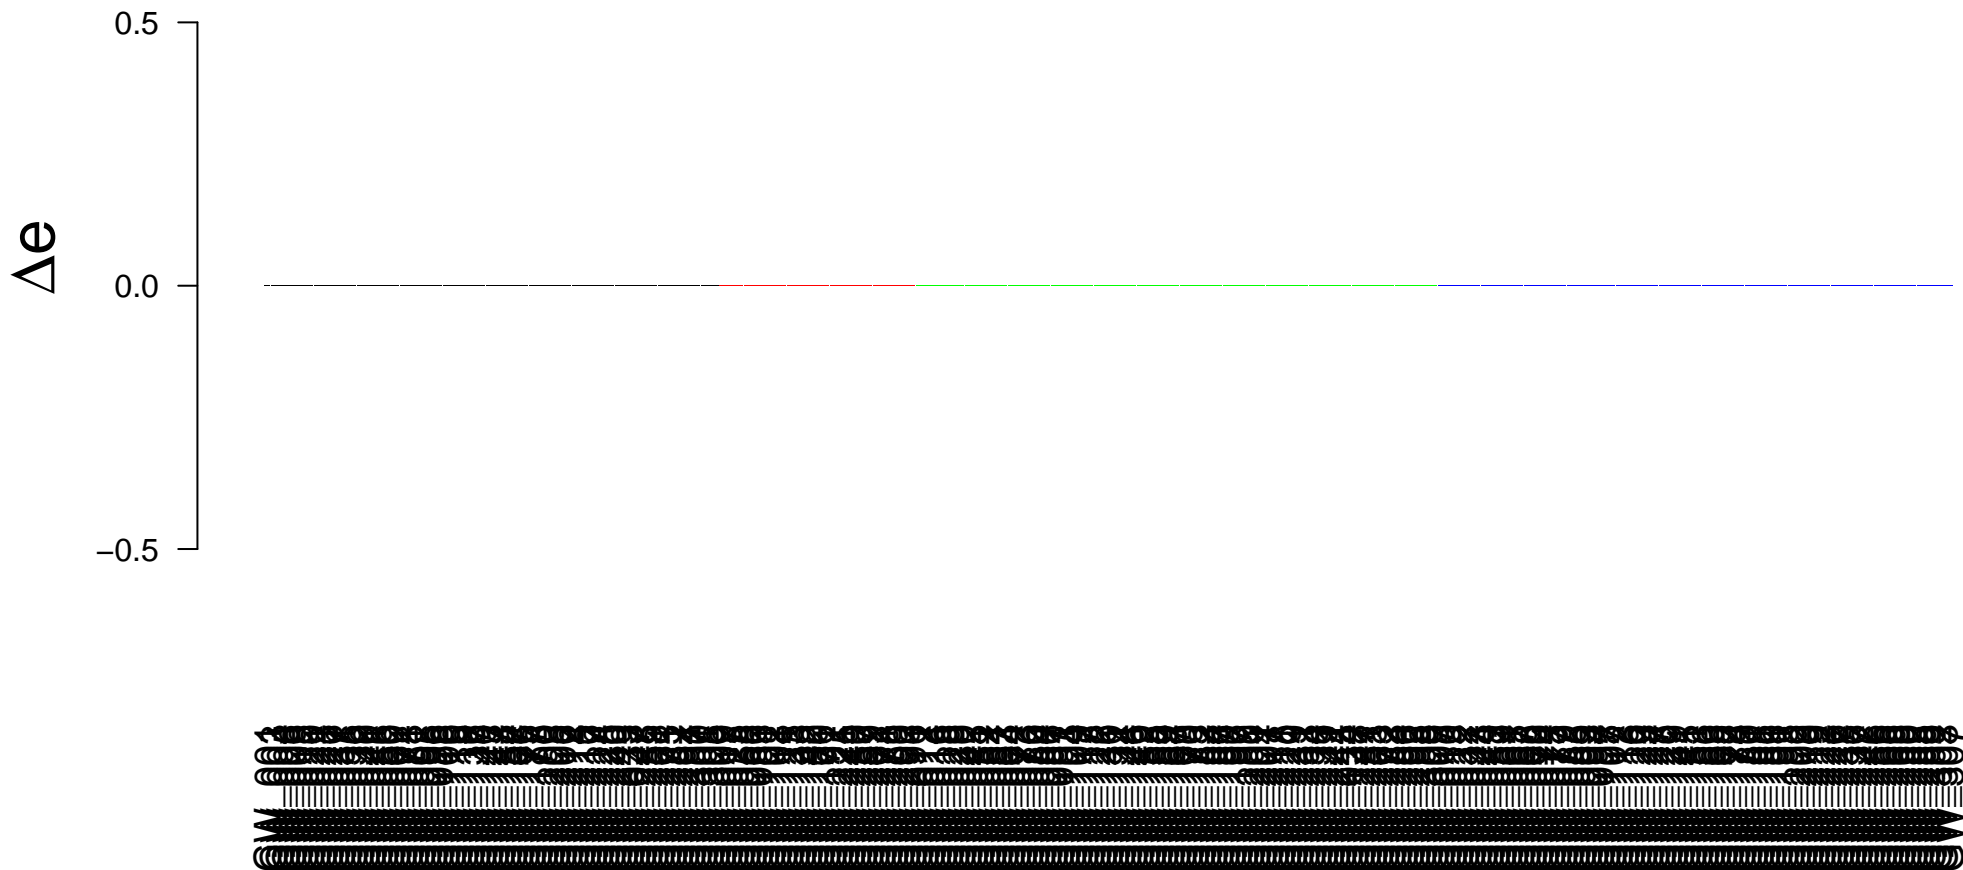

# Expression of histone deacetylase activity in Spot N

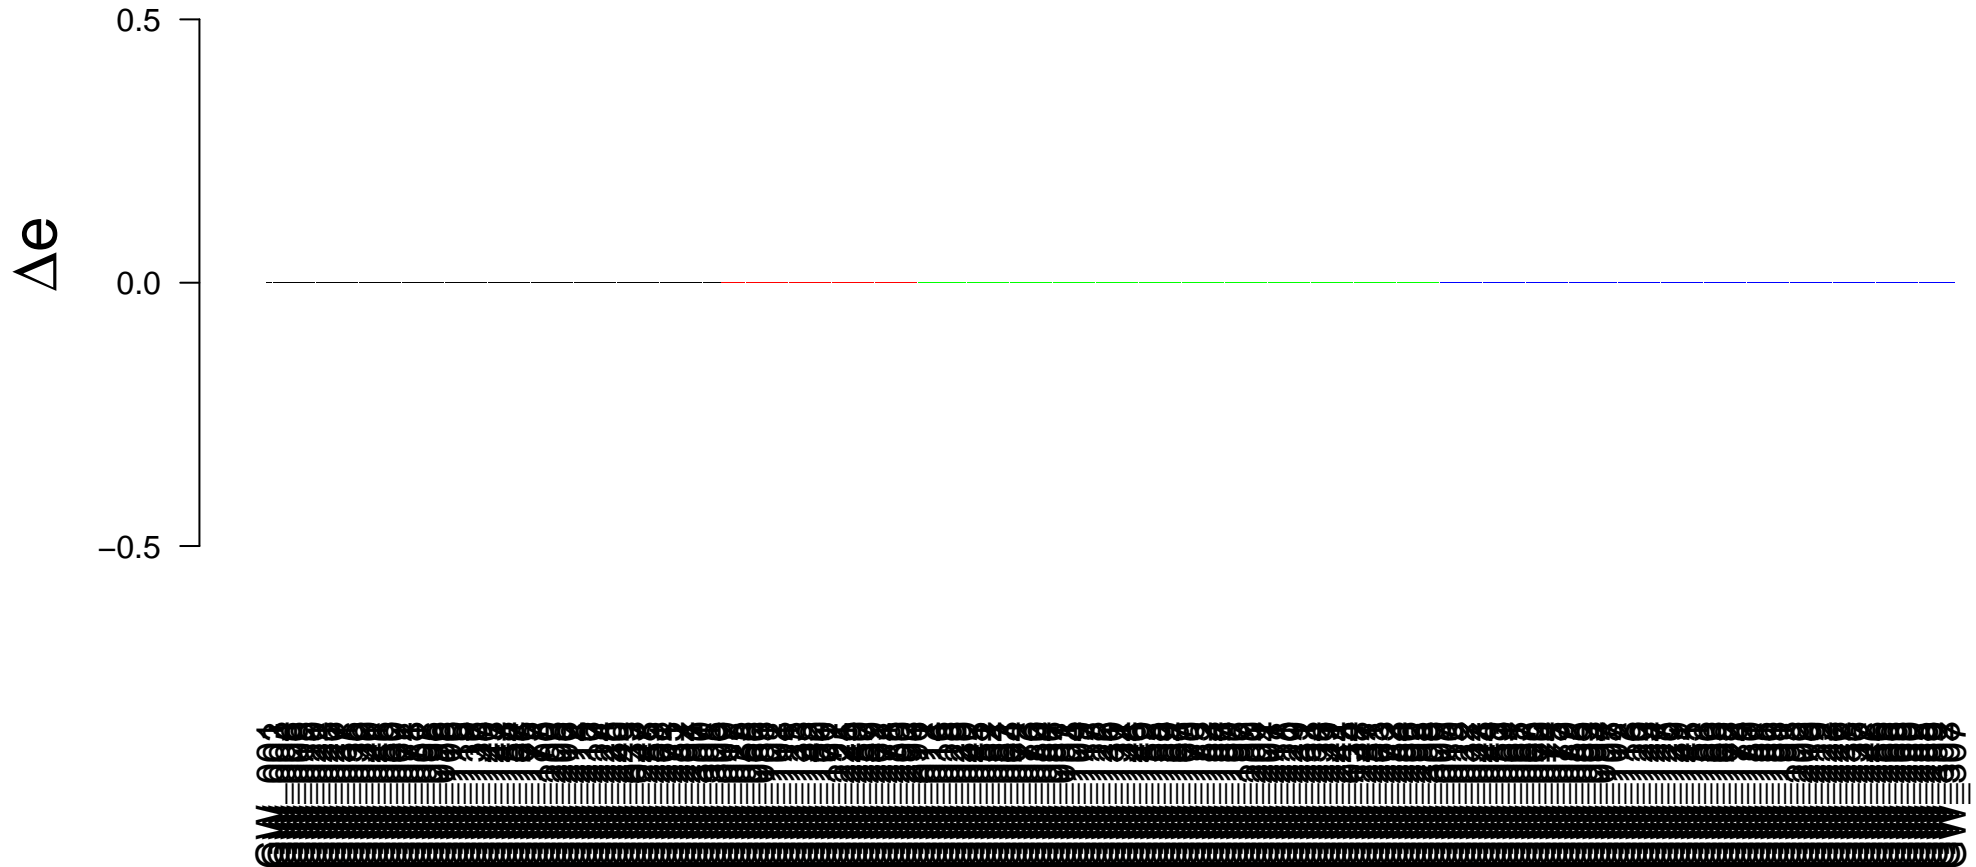

# Expression of histone deacetylase activity in Spot O

# Expression of histone deacetylase activity in Spot P

# Expression of histone deacetylase activity in Spot Q

# Expression of histone deacetylase activity in Spot R
