histone methyltransferase activity (H3-K4 specific)

Enrichment in spots: histone methyltransferase activity (H3-K4 specific)

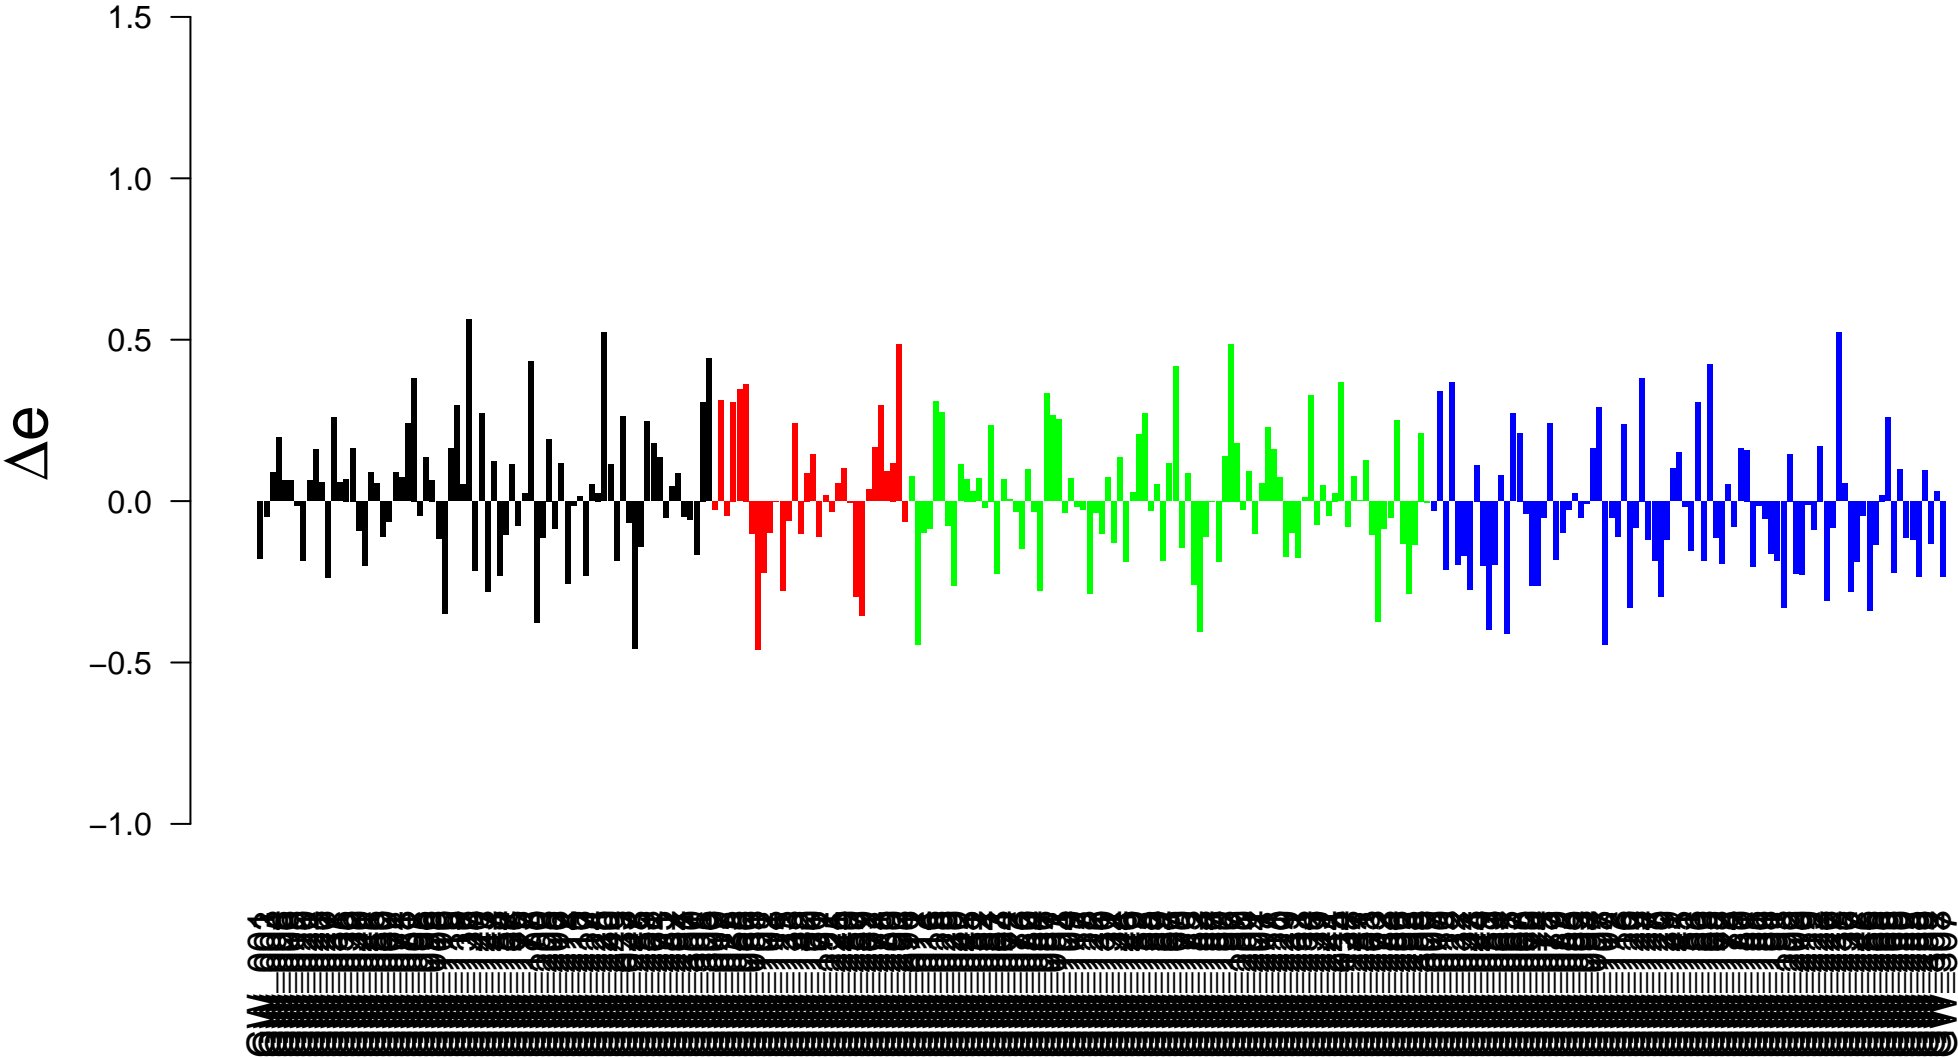

Expression of histone methyltransferase activity (H3-K4 specific) in Spot A

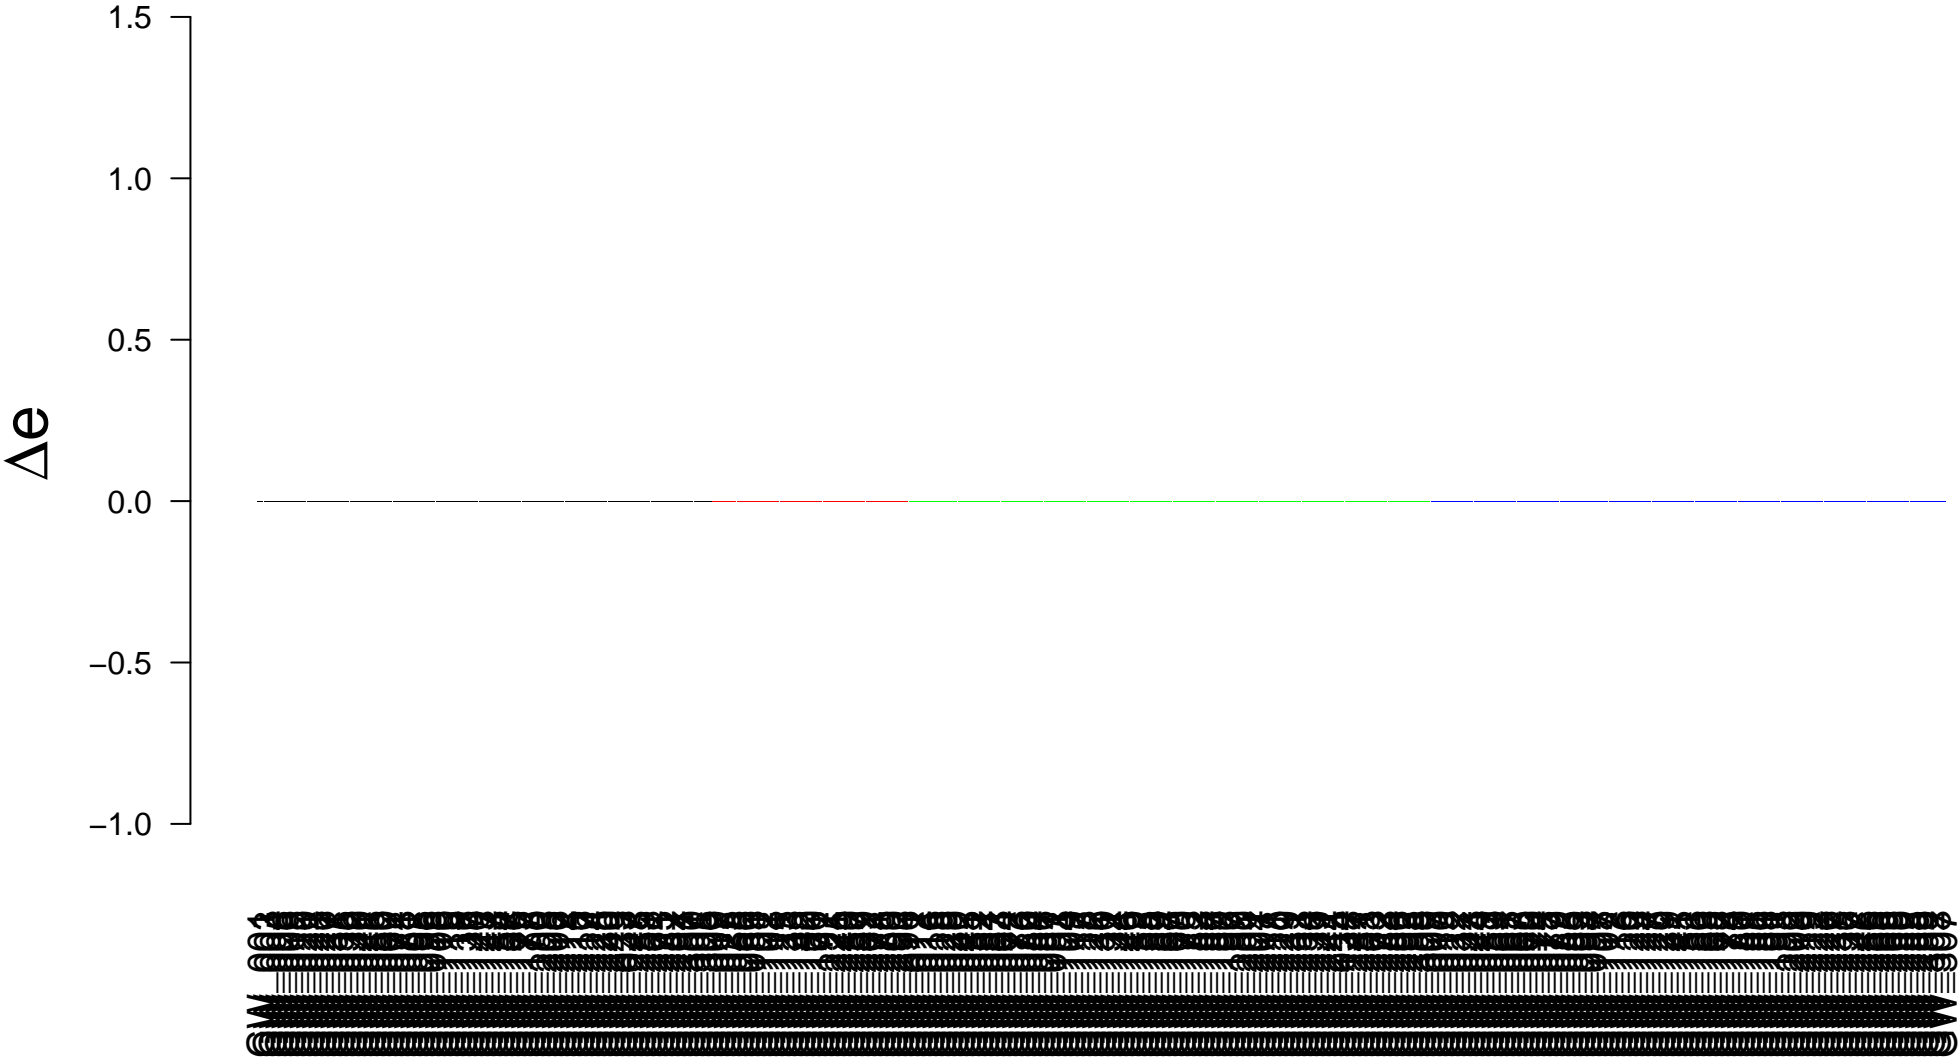

Expression of histone methyltransferase activity (H3-K4 specific) in Spot B

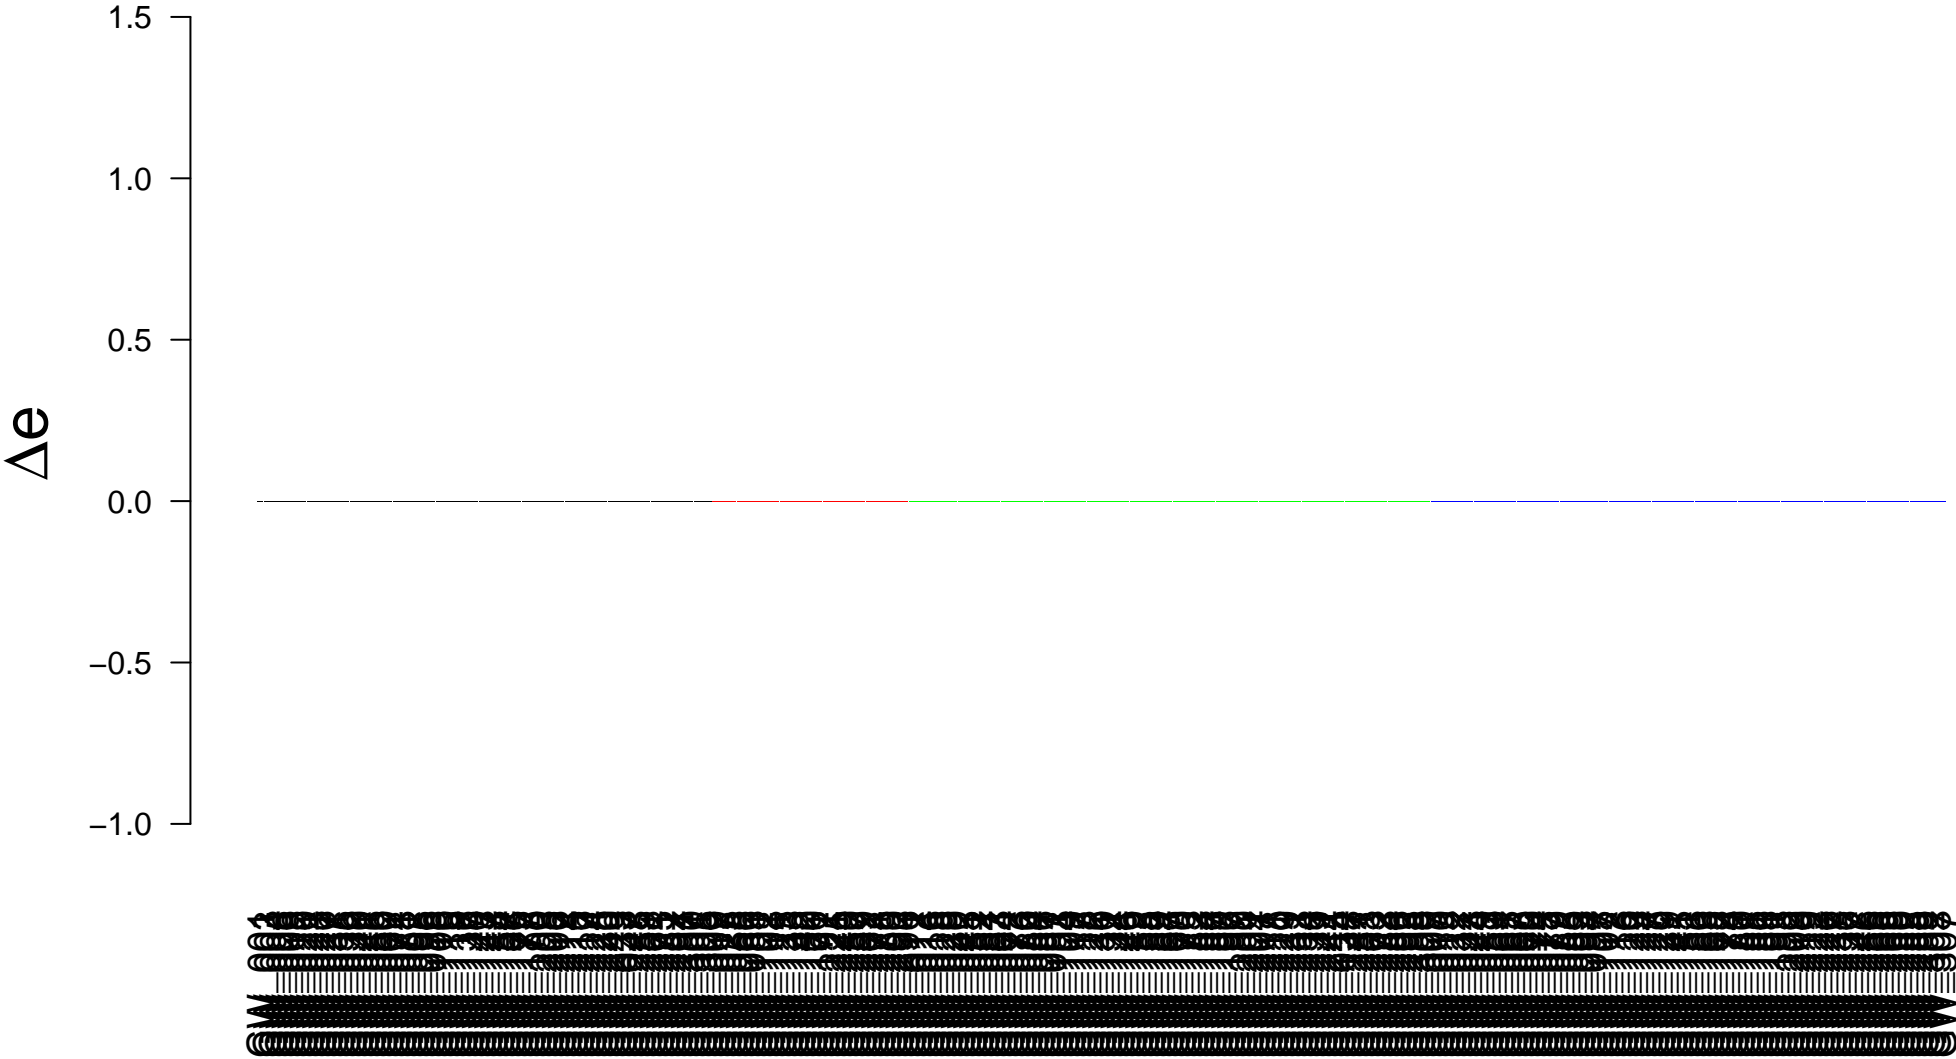

Expression of histone methyltransferase activity (H3-K4 specific) in Spot C

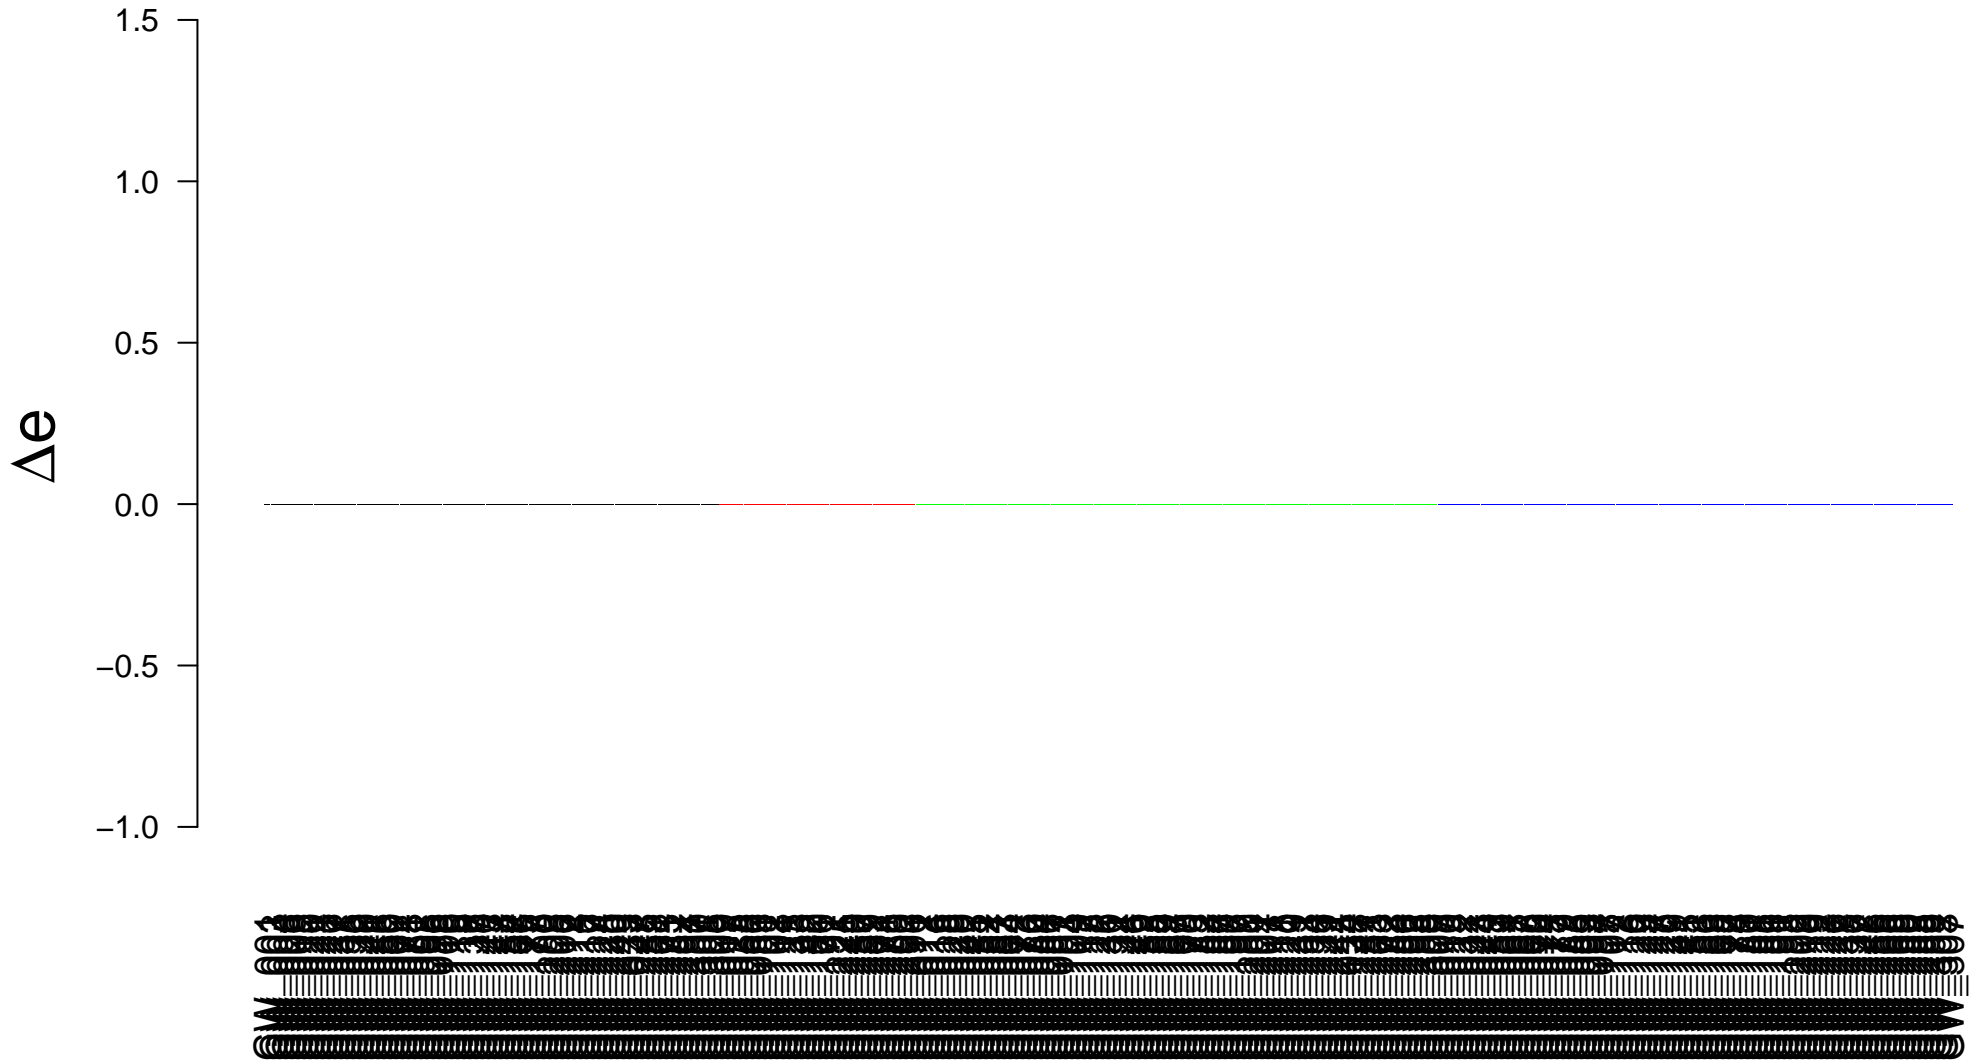

Expression of histone methyltransferase activity (H3-K4 specific) in Spot D

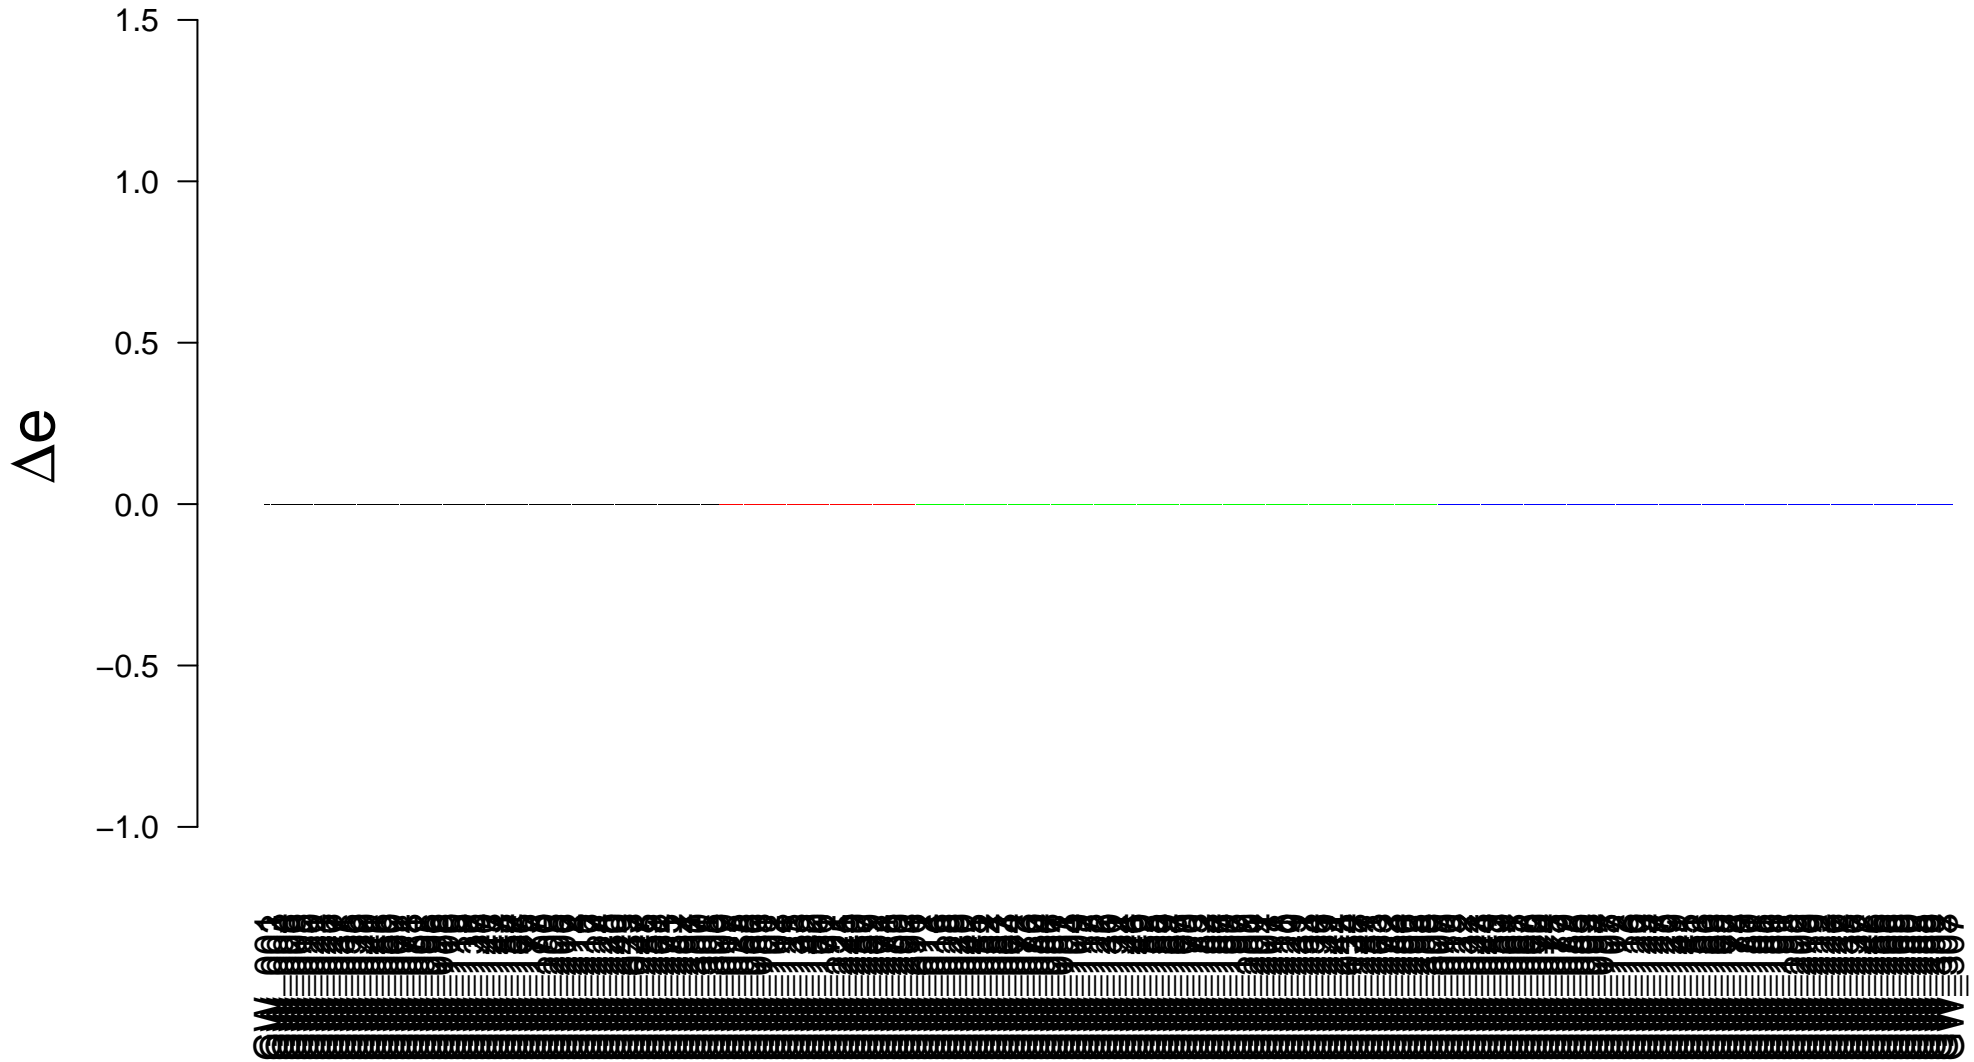

Expression of histone methyltransferase activity (H3-K4 specific) in Spot E

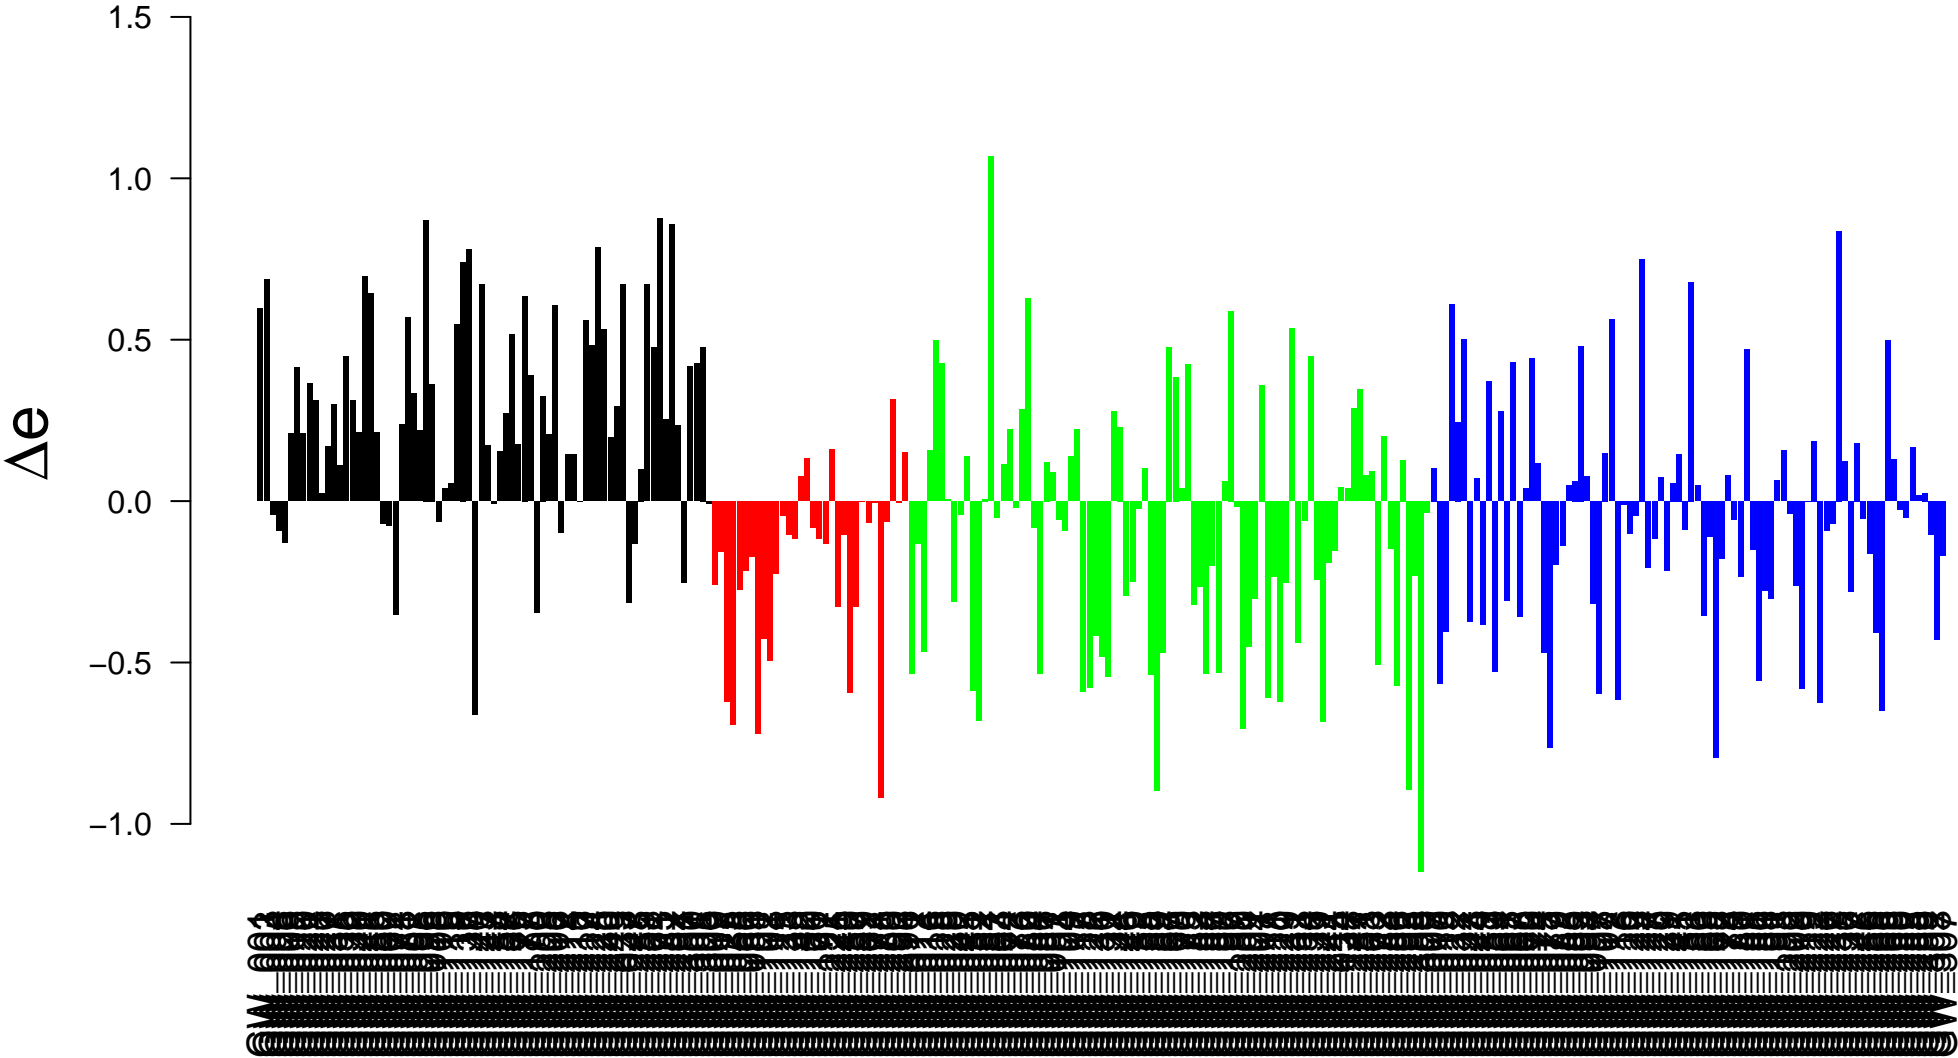

Expression of histone methyltransferase activity (H3-K4 specific) in Spot F

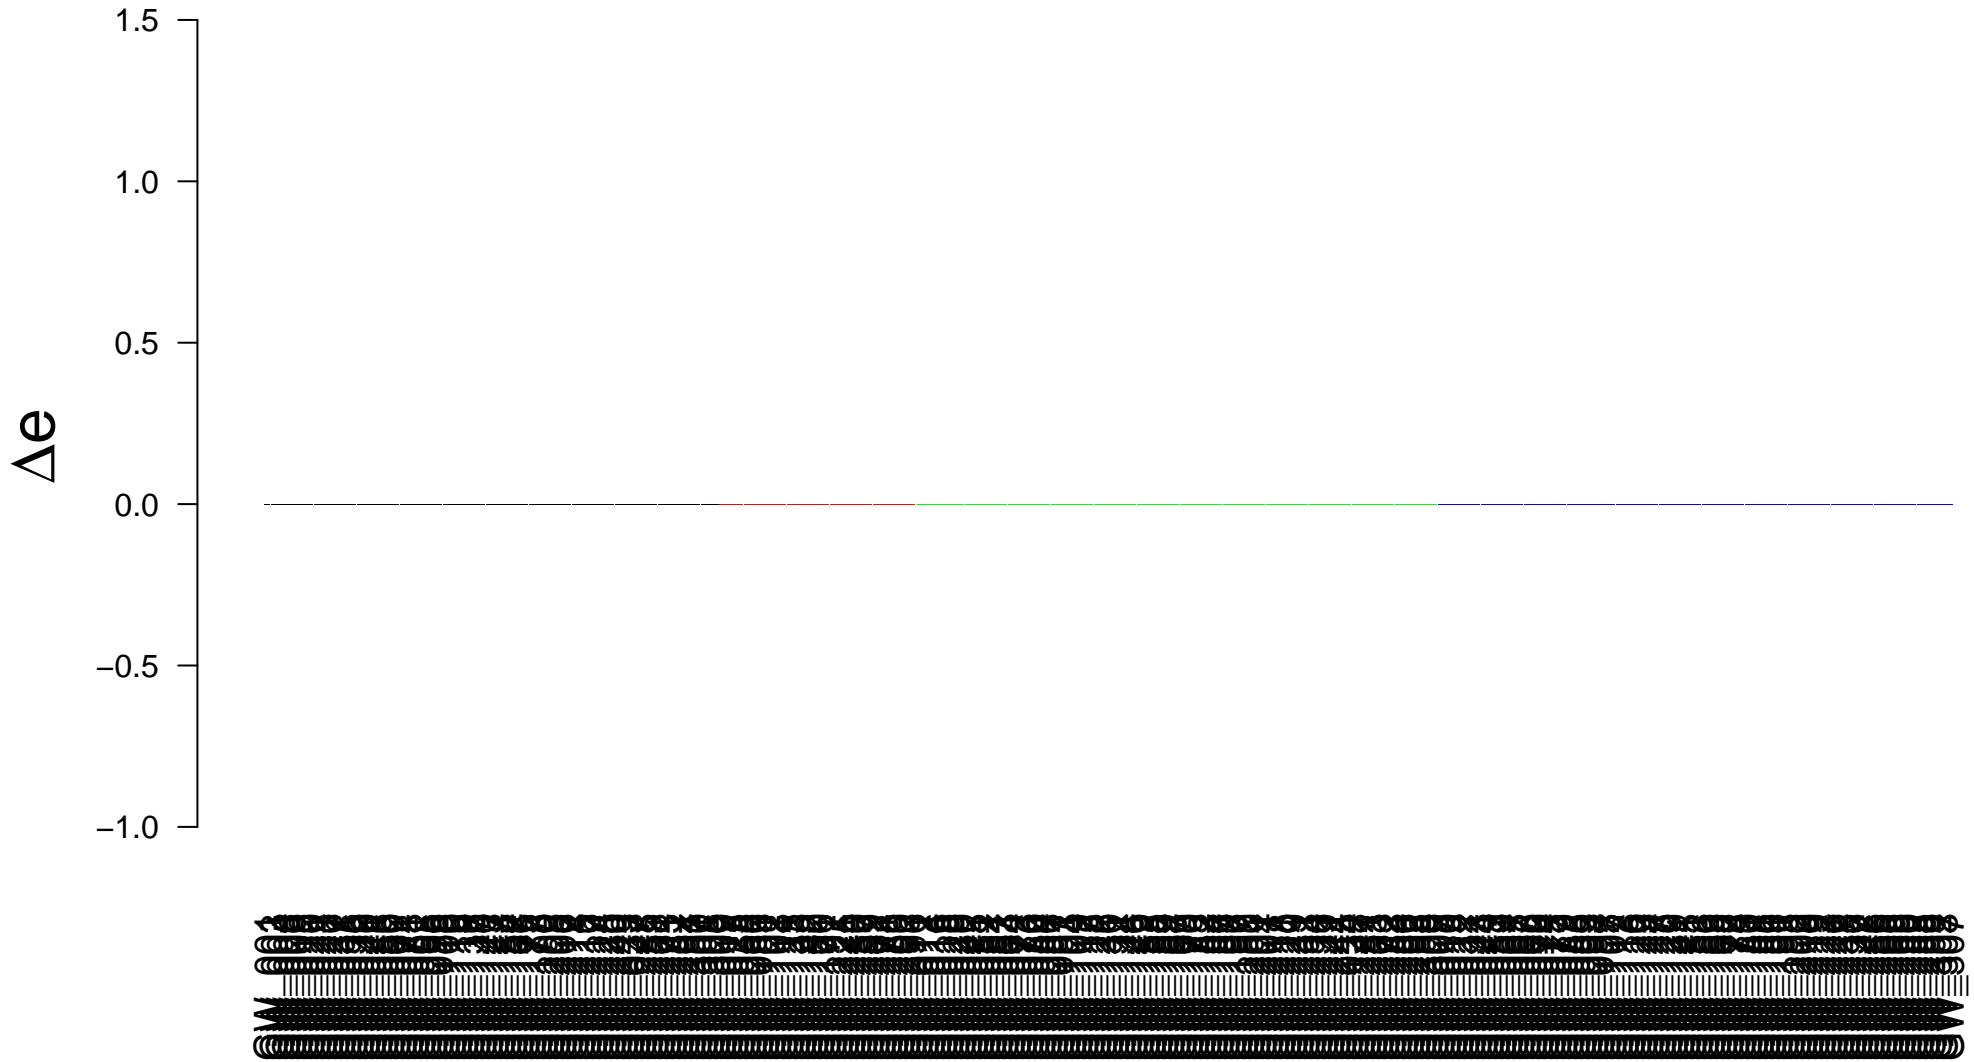

Expression of histone methyltransferase activity (H3-K4 specific) in Spot G

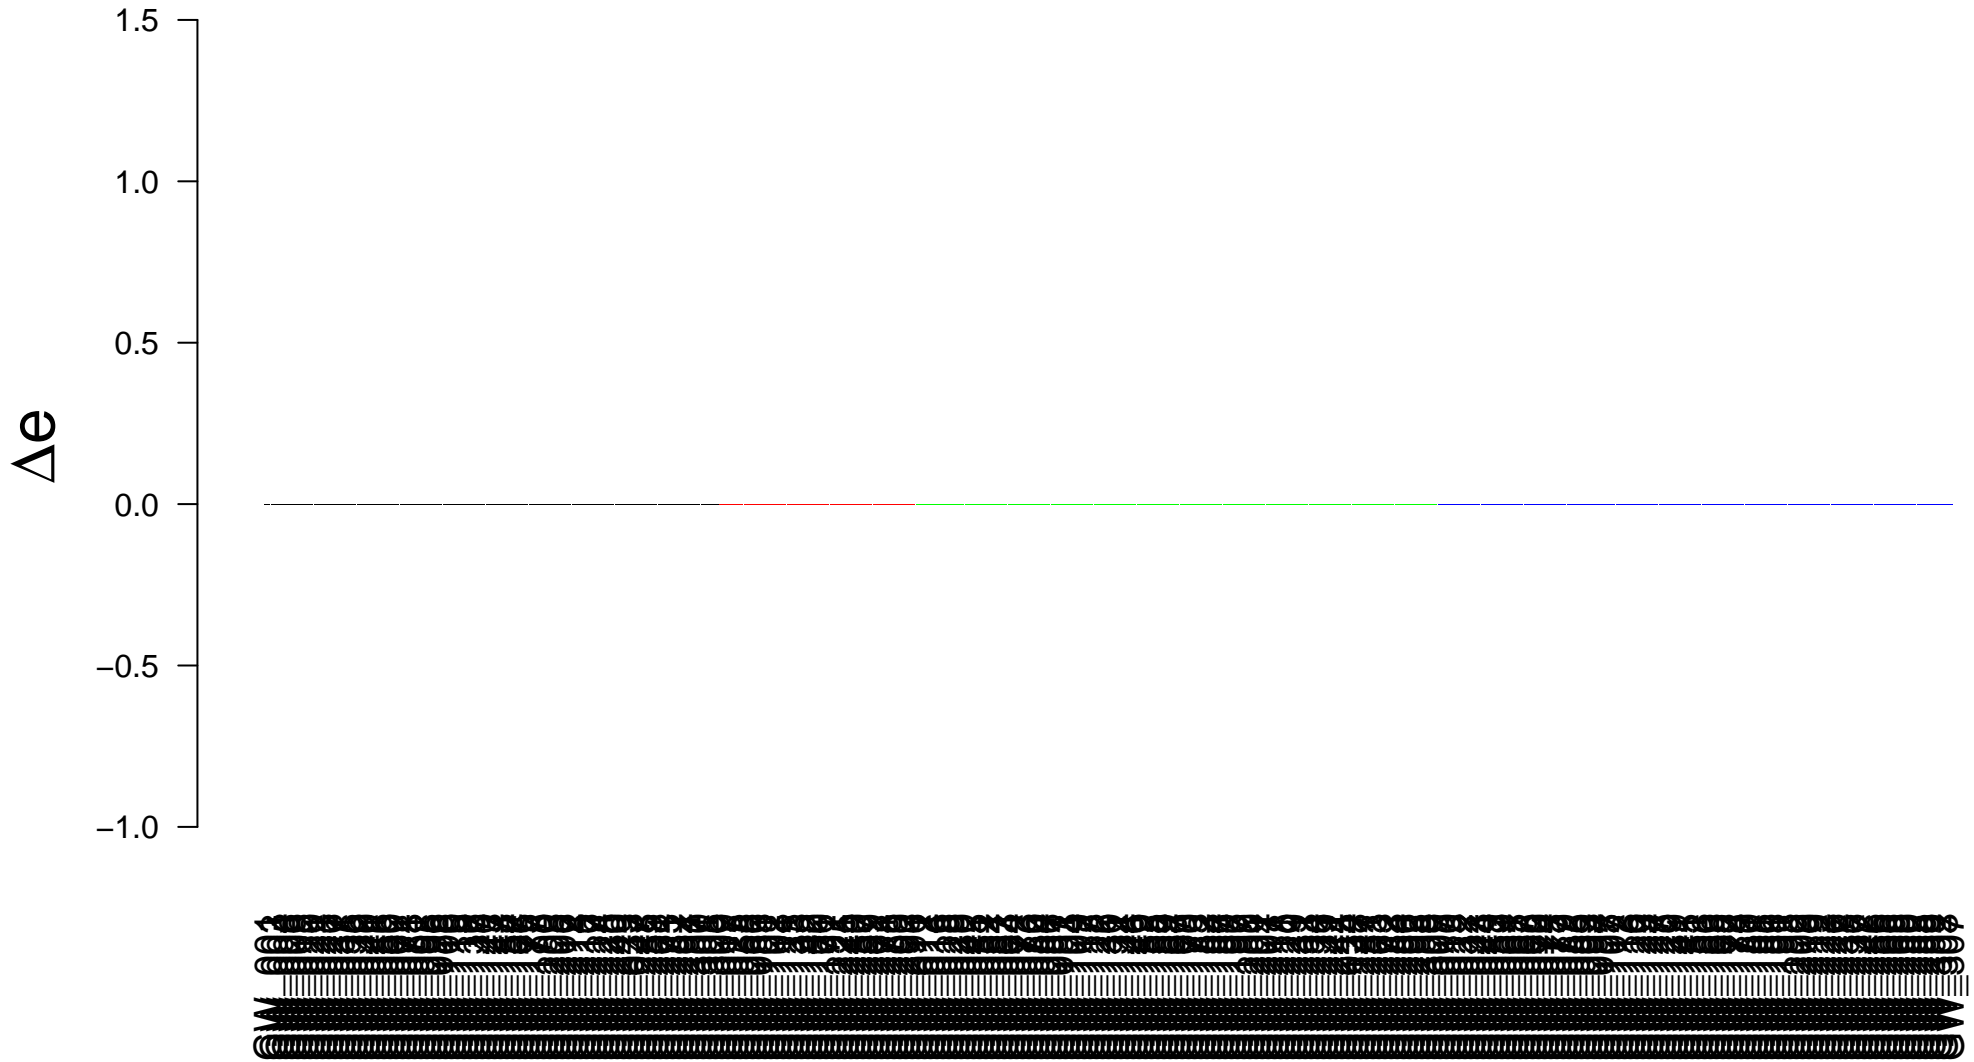

Expression of histone methyltransferase activity (H3-K4 specific) in Spot H

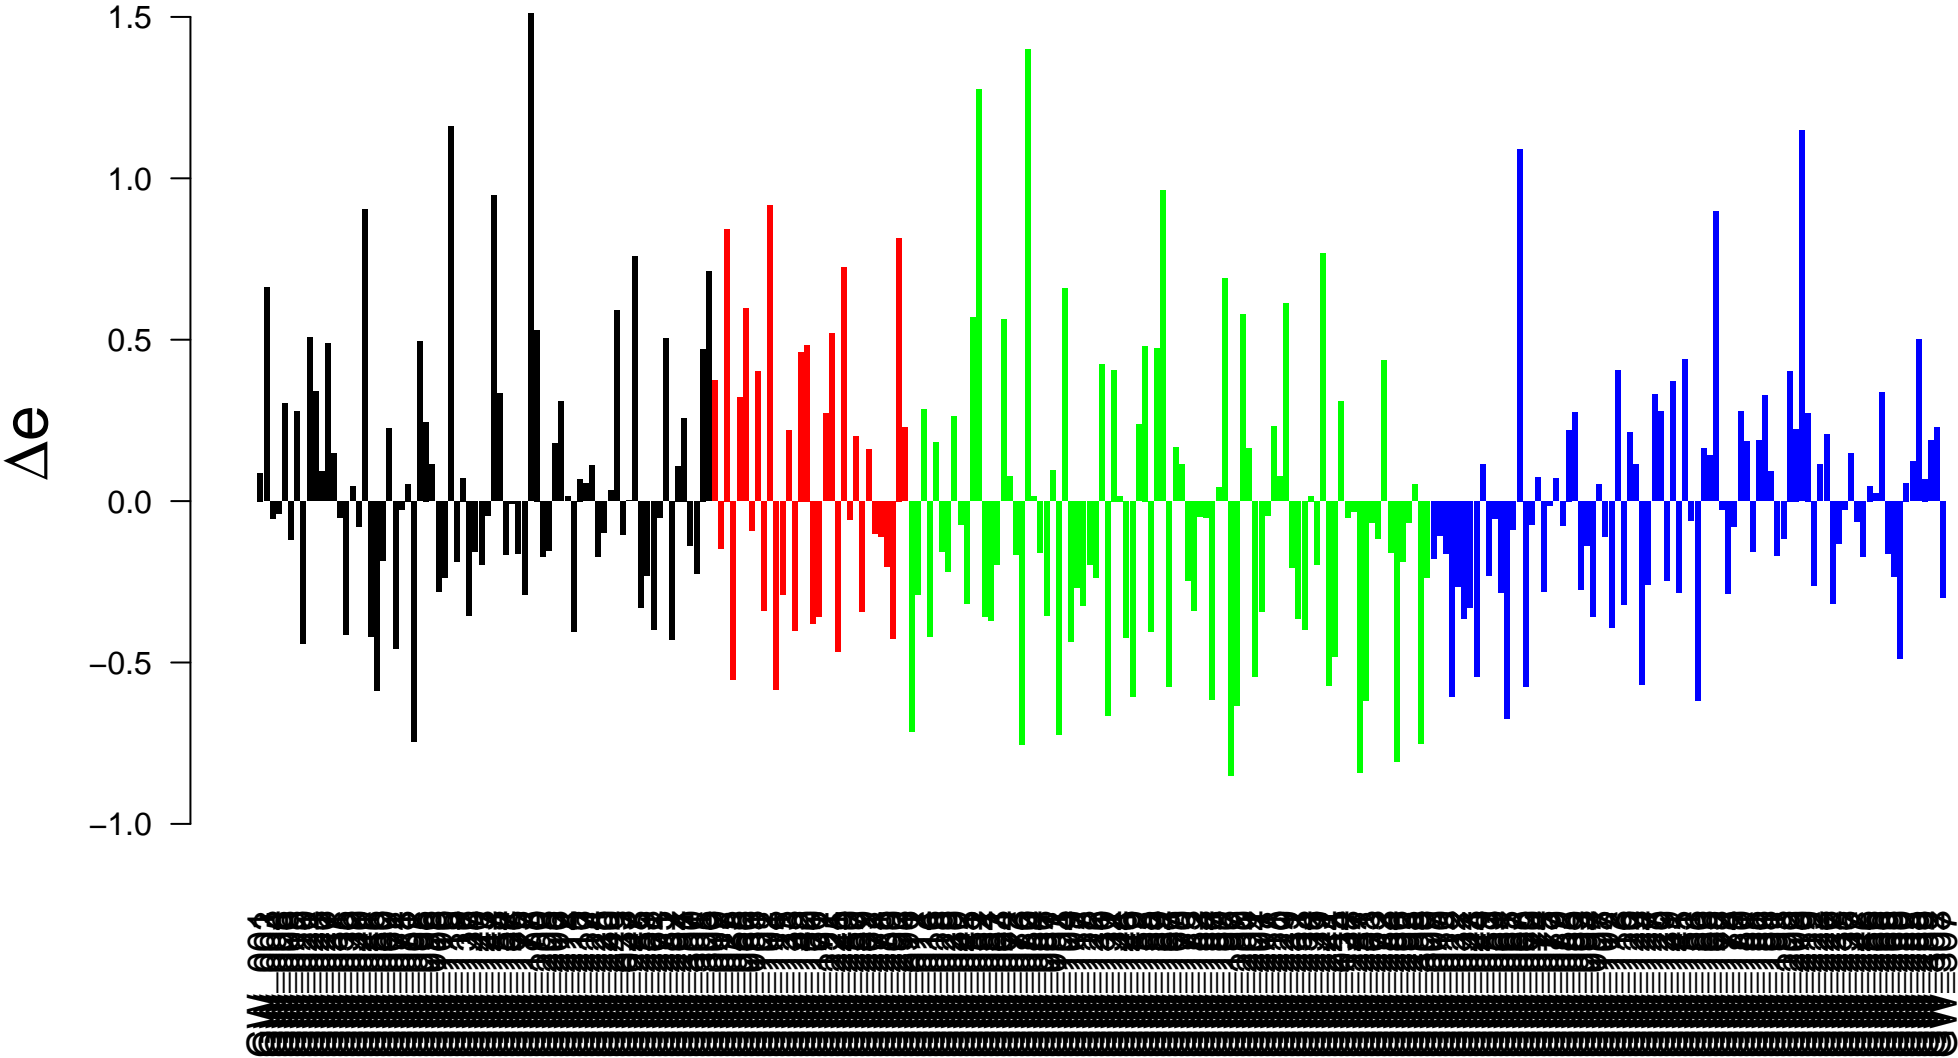

Expression of histone methyltransferase activity (H3-K4 specific) in Spot I

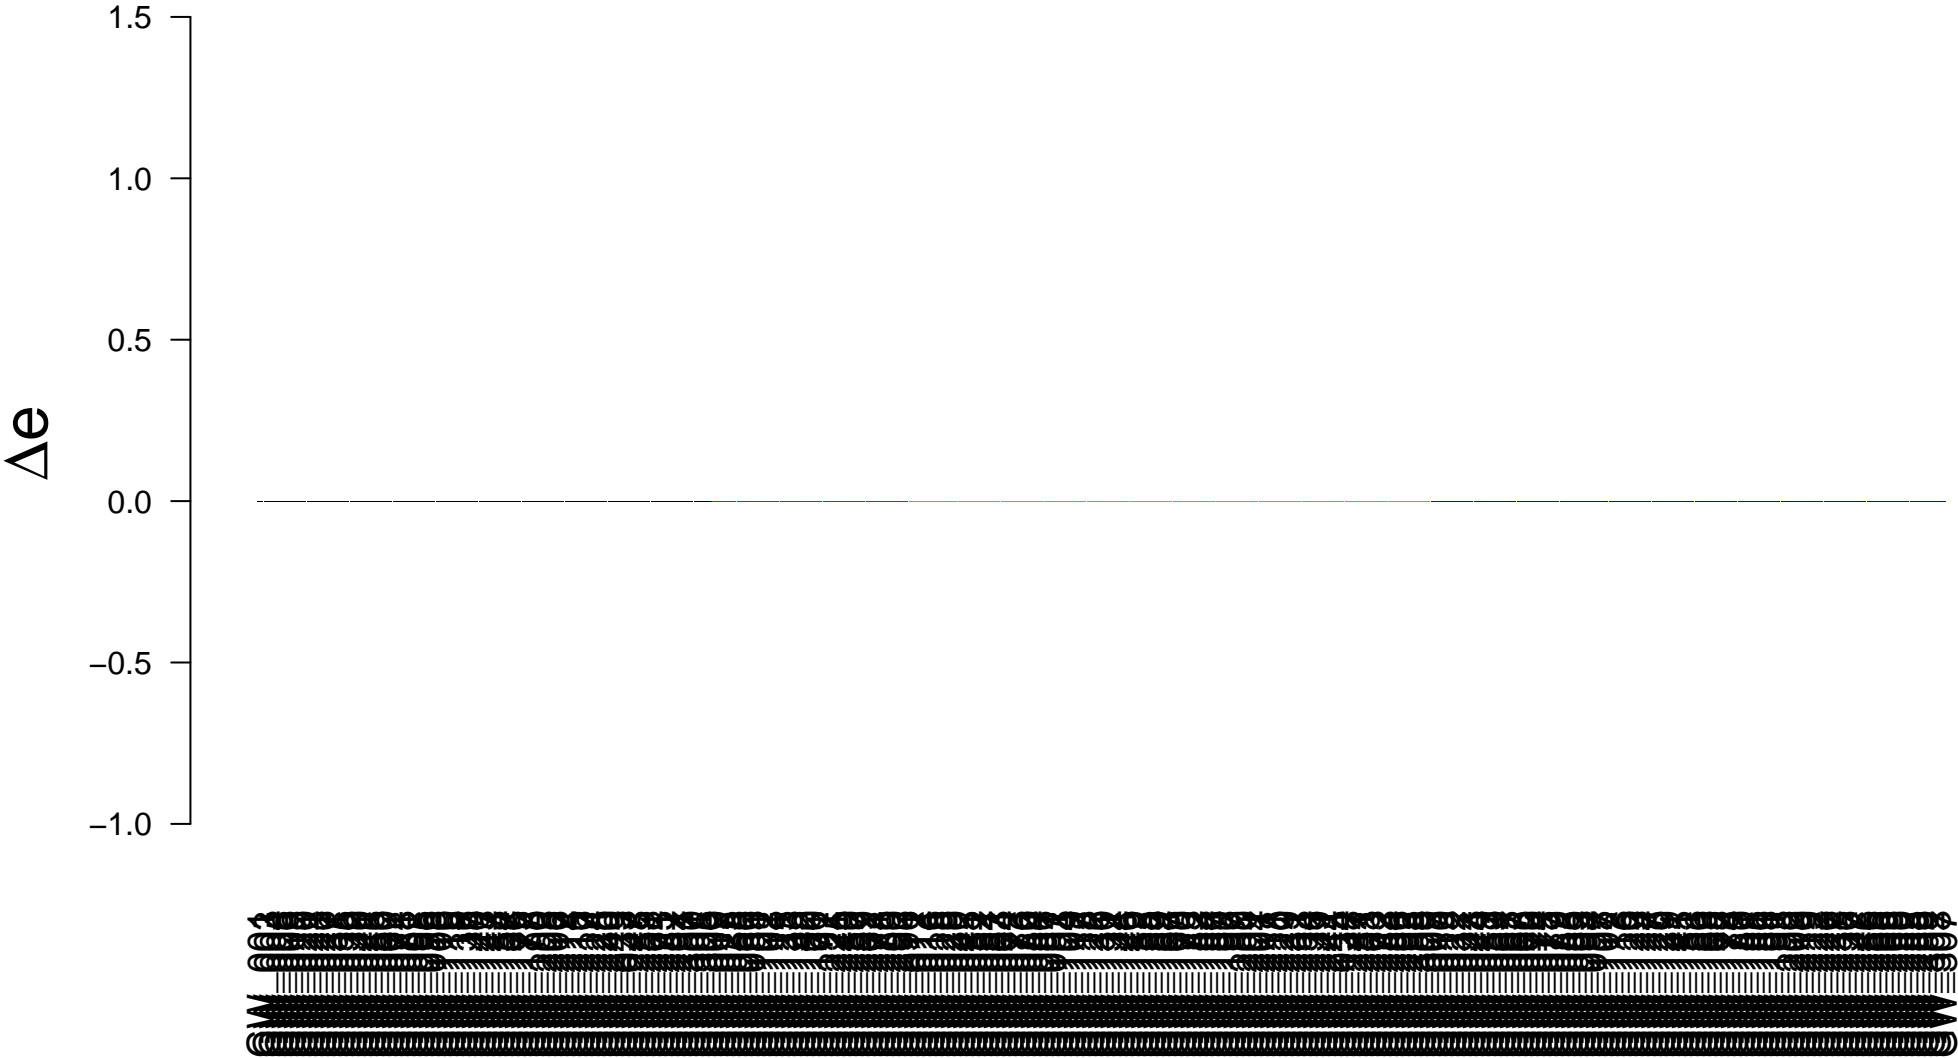

Expression of histone methyltransferase activity (H3-K4 specific) in Spot J

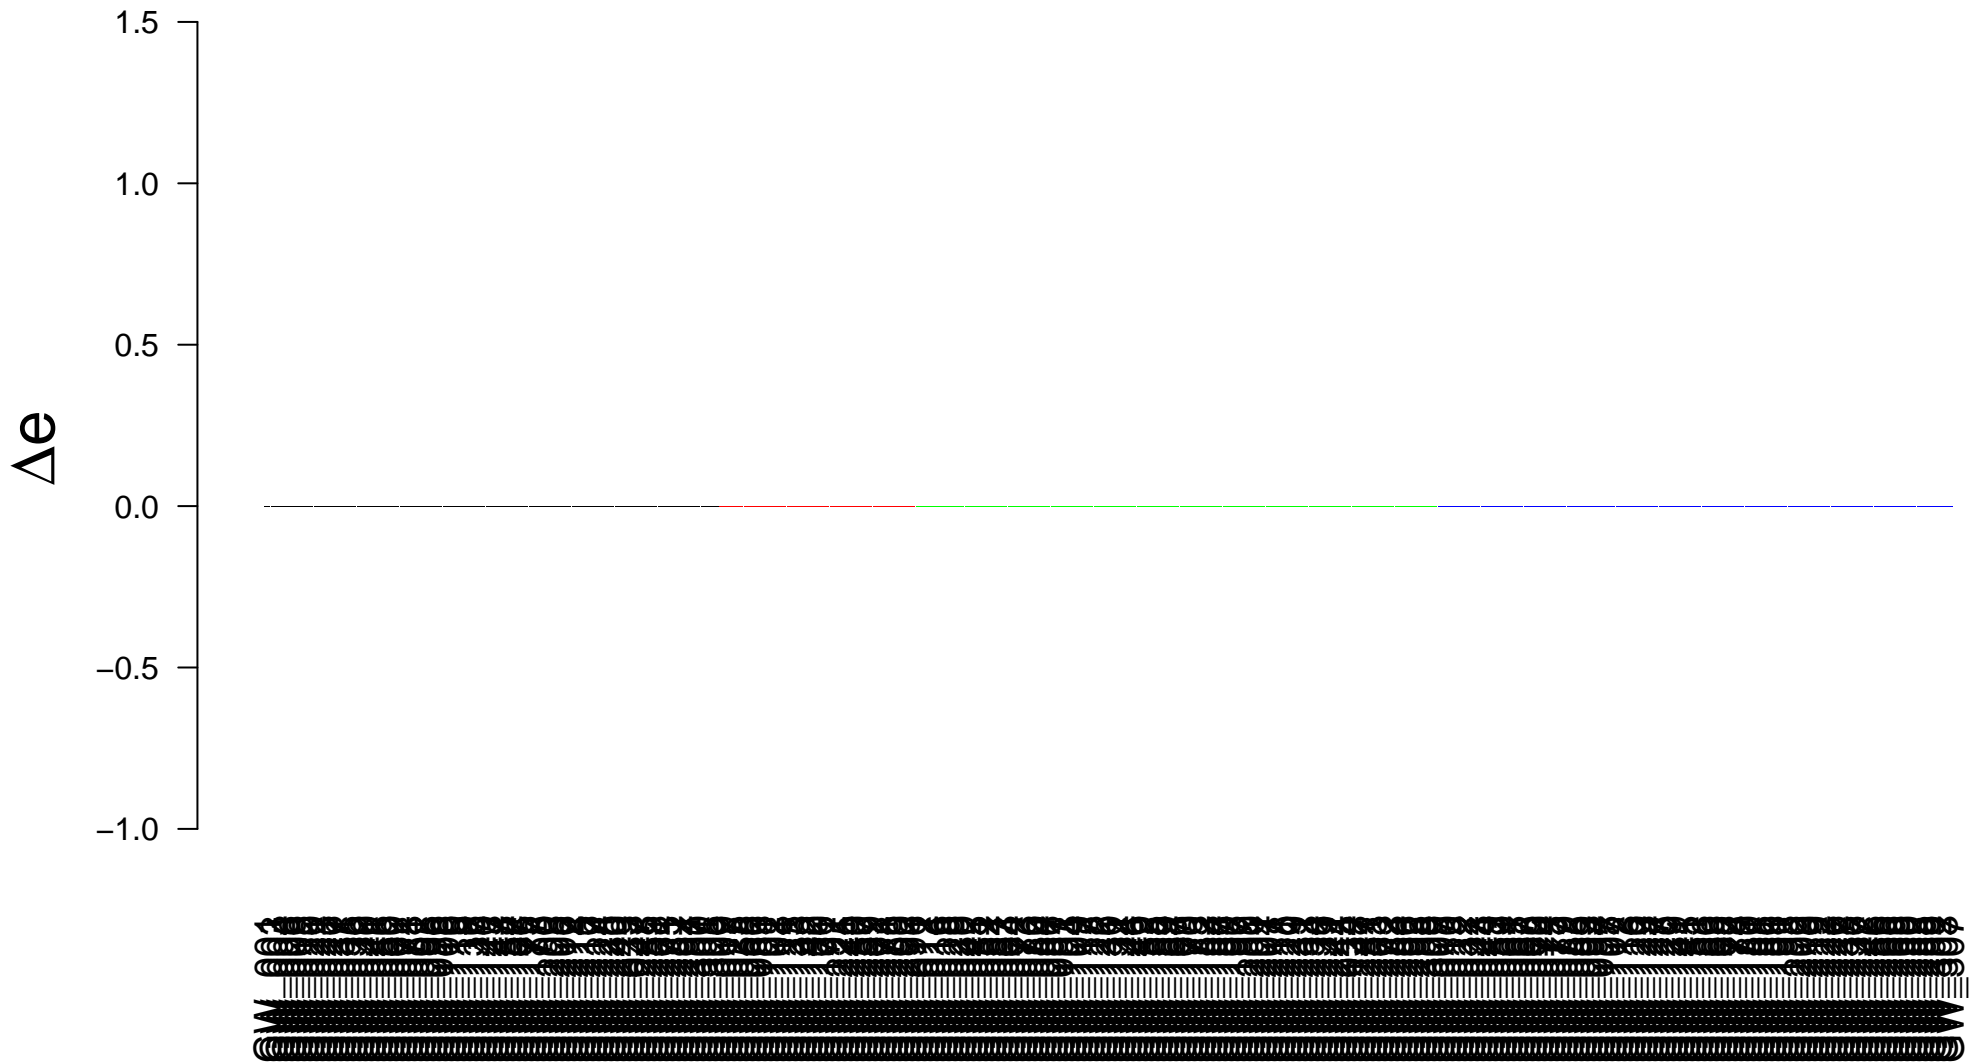

Expression of histone methyltransferase activity (H3-K4 specific) in Spot K

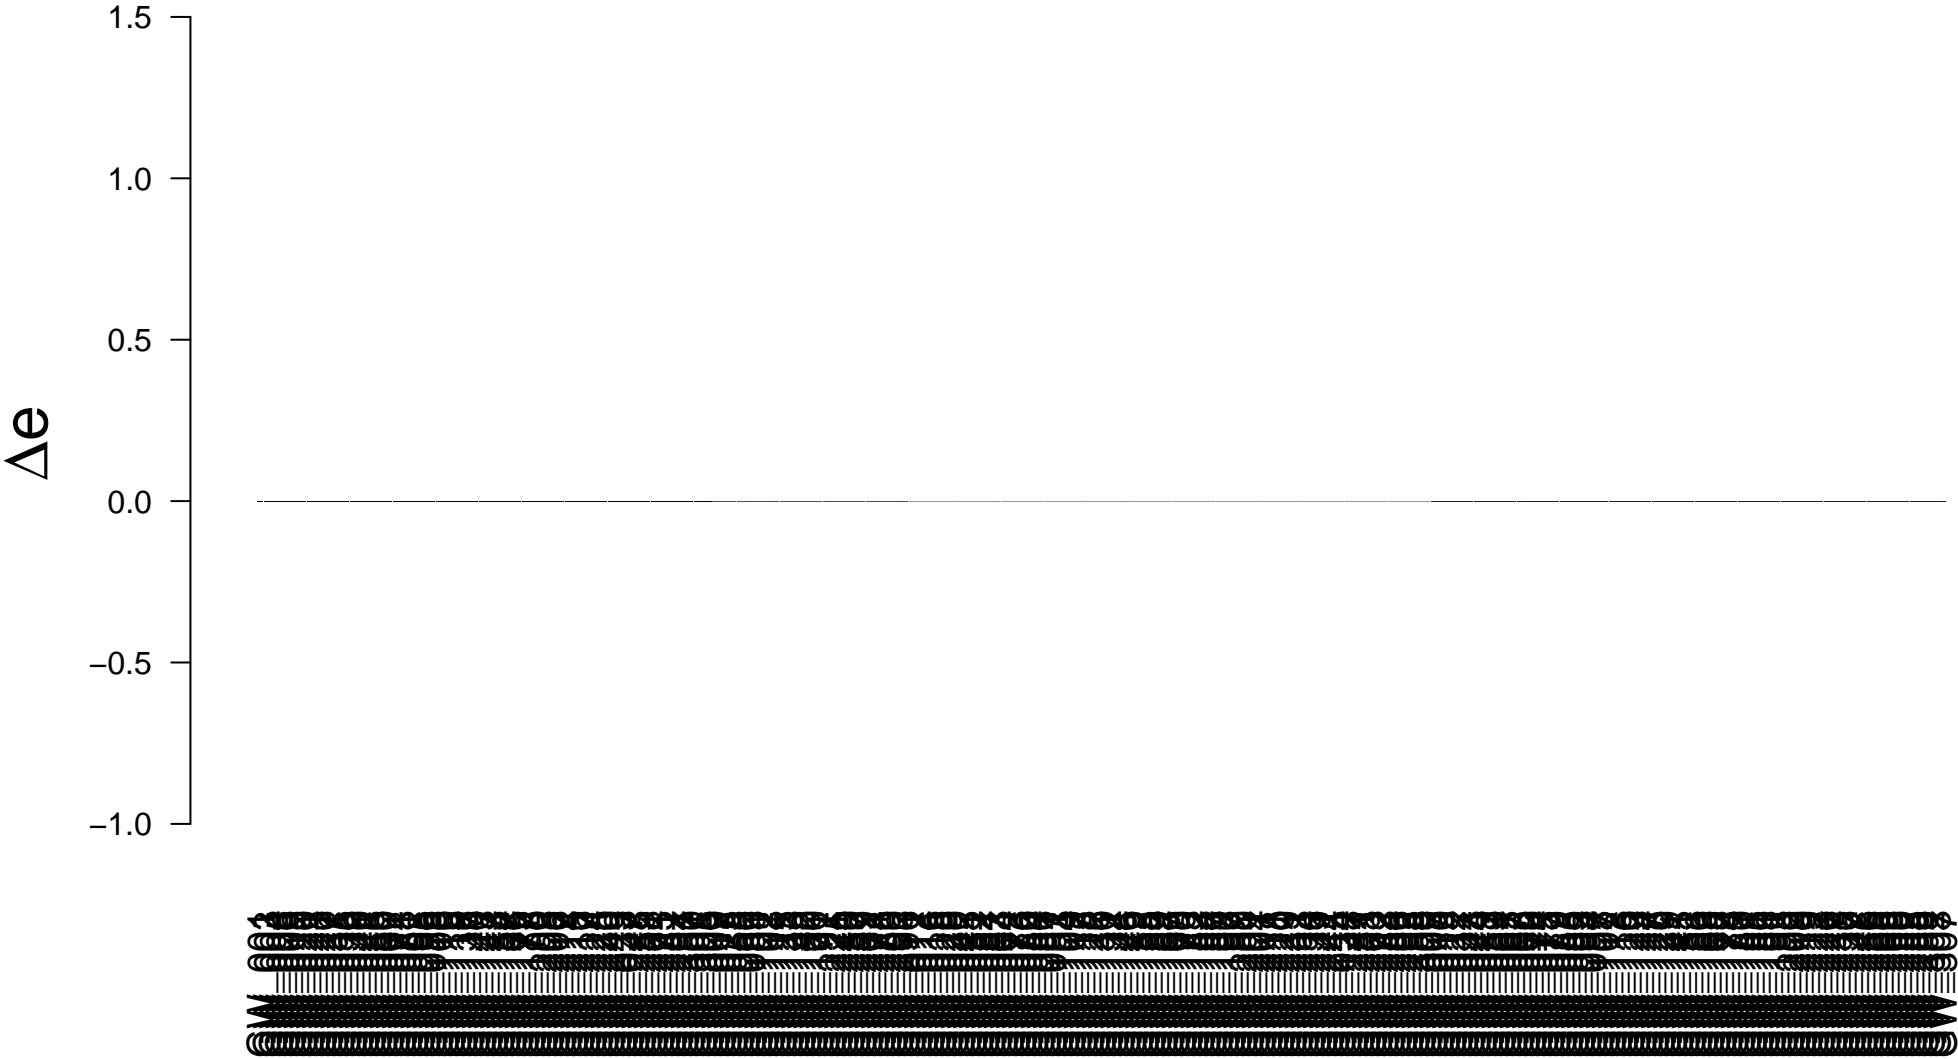

Expression of histone methyltransferase activity (H3-K4 specific) in Spot L

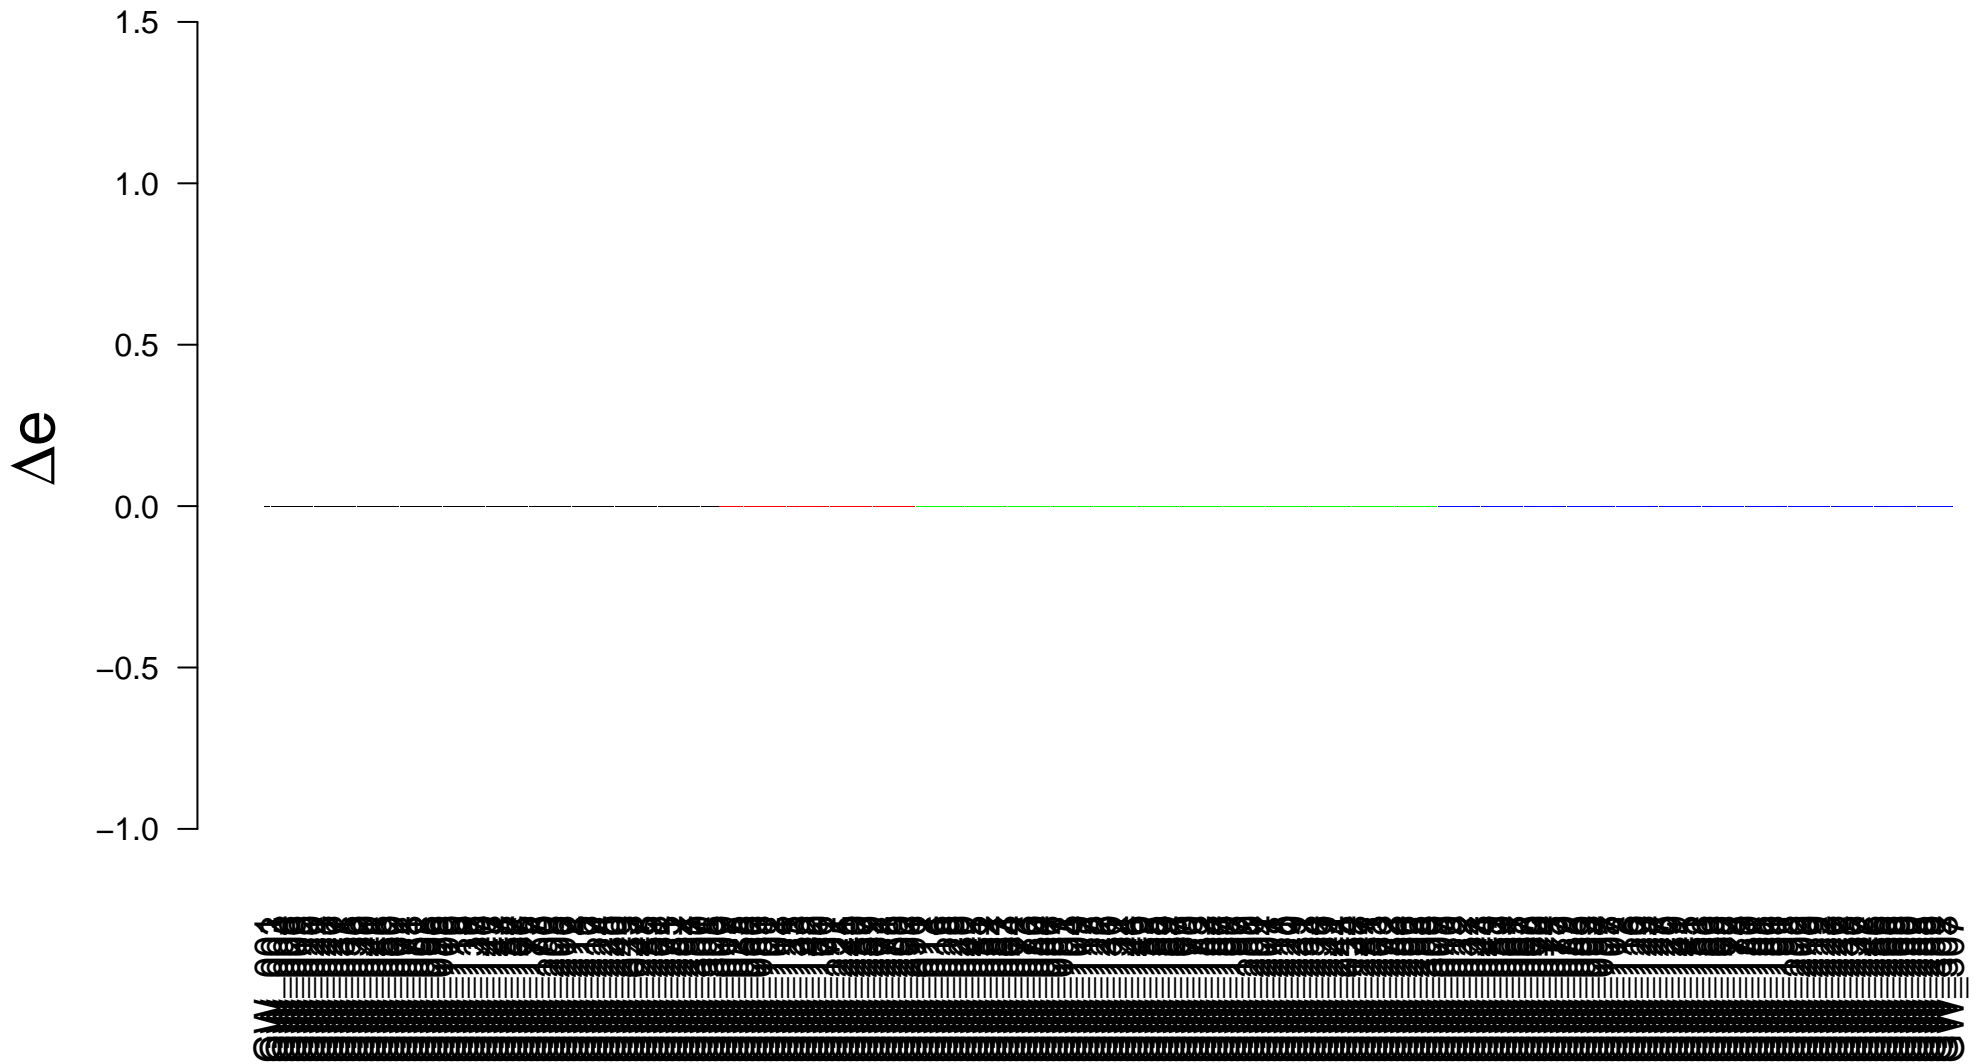

Expression of histone methyltransferase activity (H3-K4 specific) in Spot M

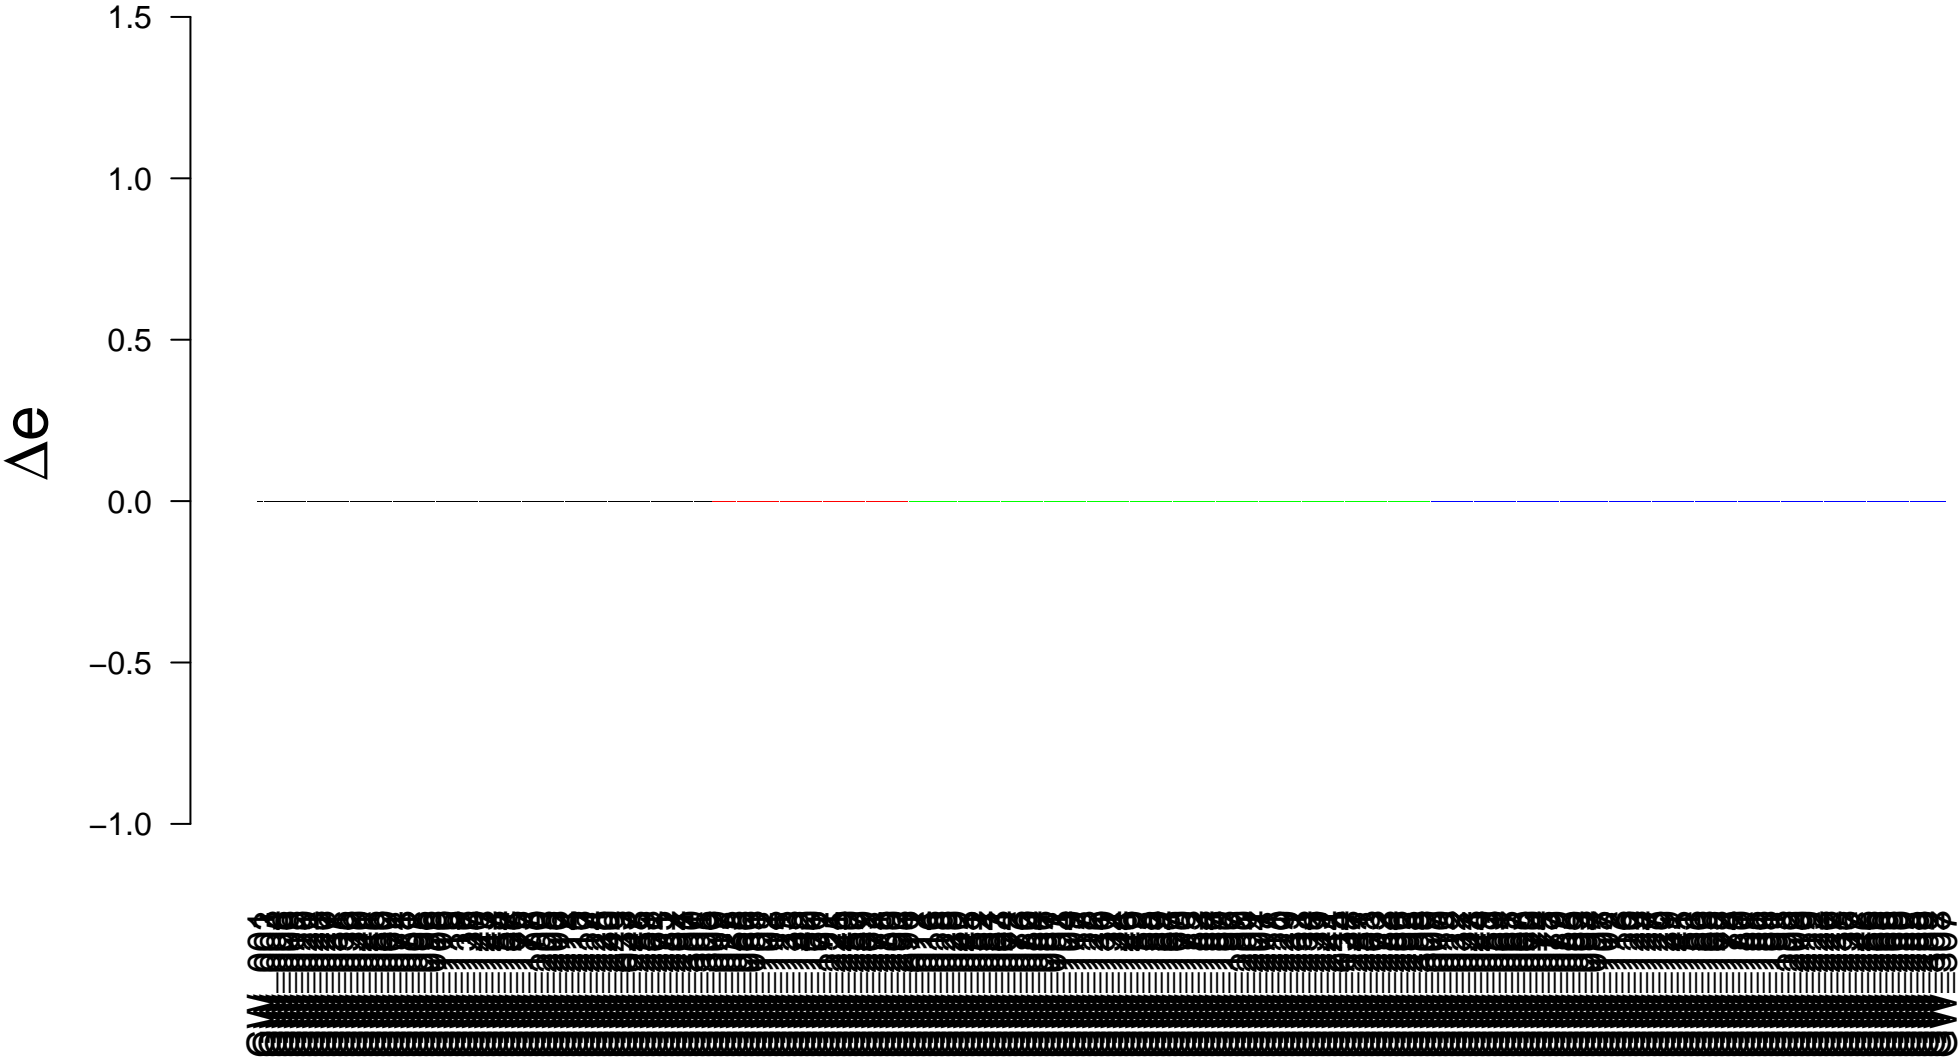

Expression of histone methyltransferase activity (H3-K4 specific) in Spot N

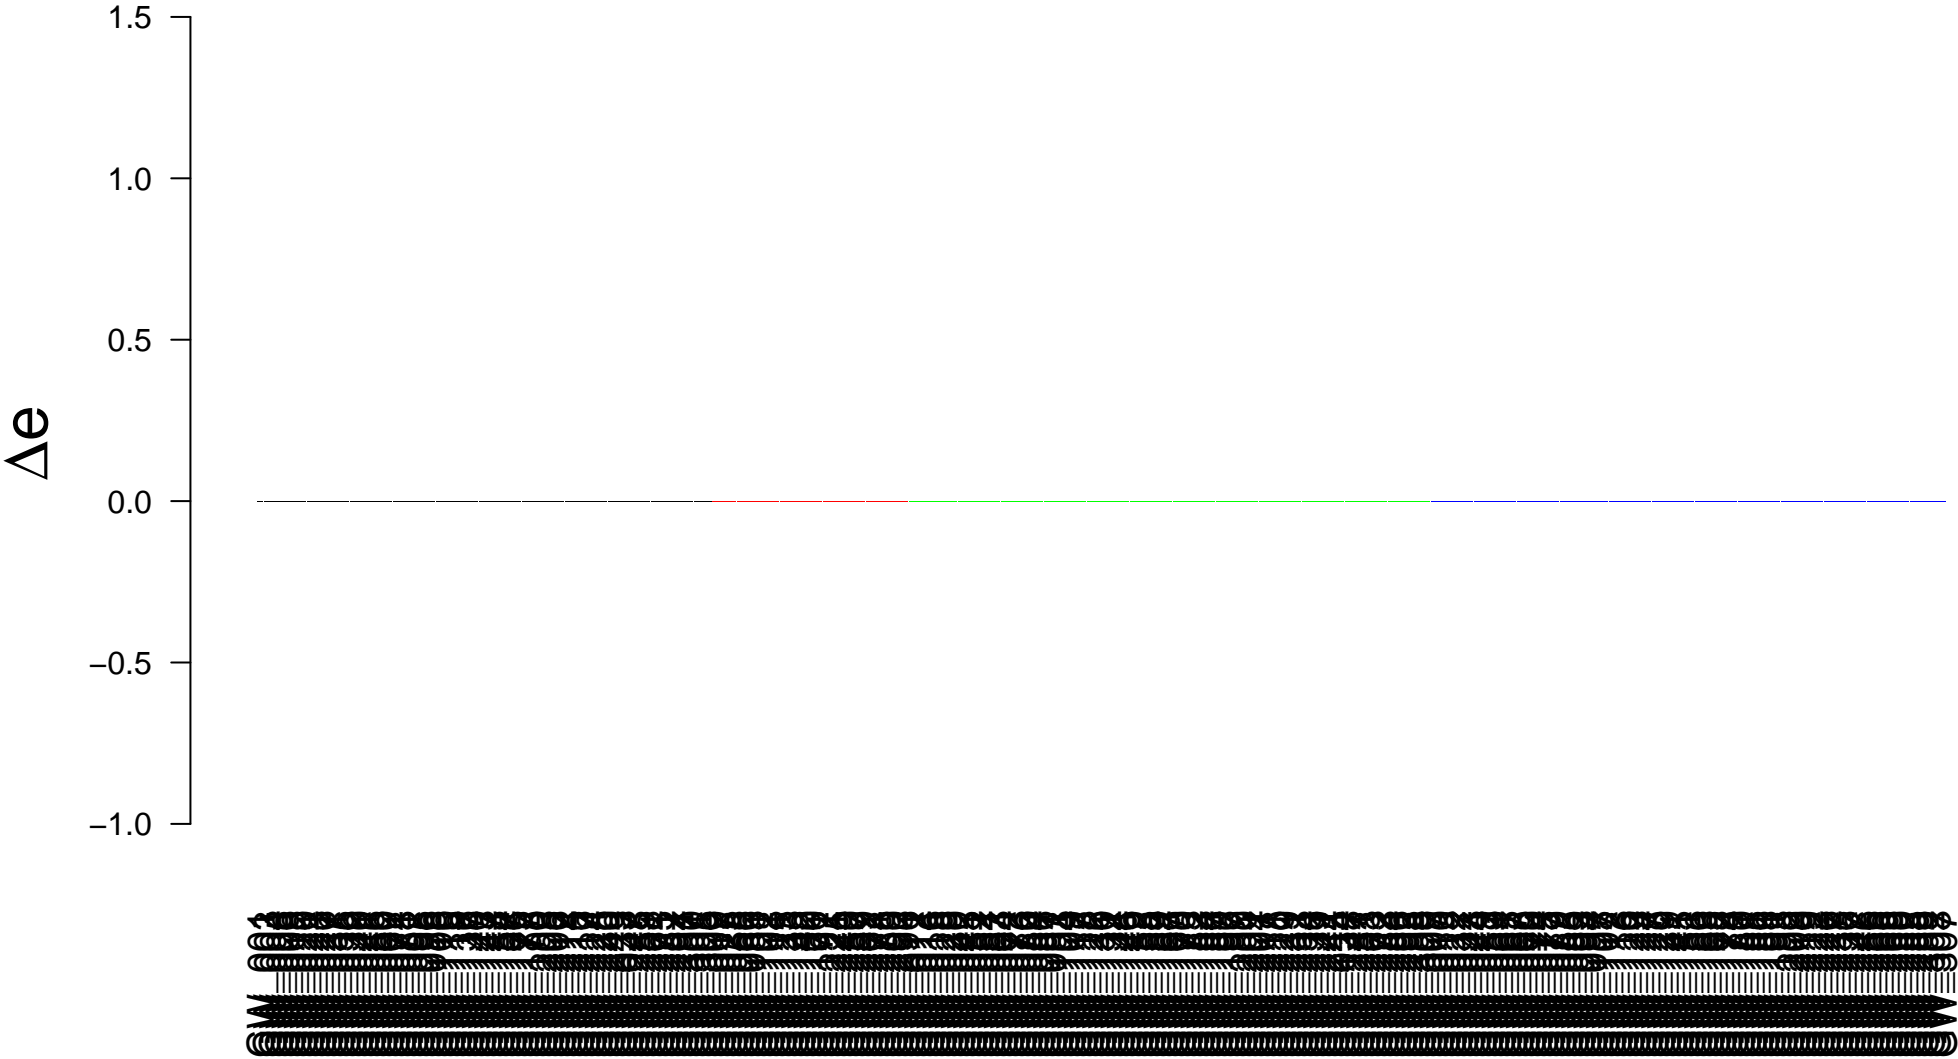

Expression of histone methyltransferase activity (H3-K4 specific) in Spot O

Expression of histone methyltransferase activity (H3-K4 specific) in Spot P

Expression of histone methyltransferase activity (H3-K4 specific) in Spot Q

Expression of histone methyltransferase activity (H3-K4 specific) in Spot R
