

homeostasis of number of cells within a tissue

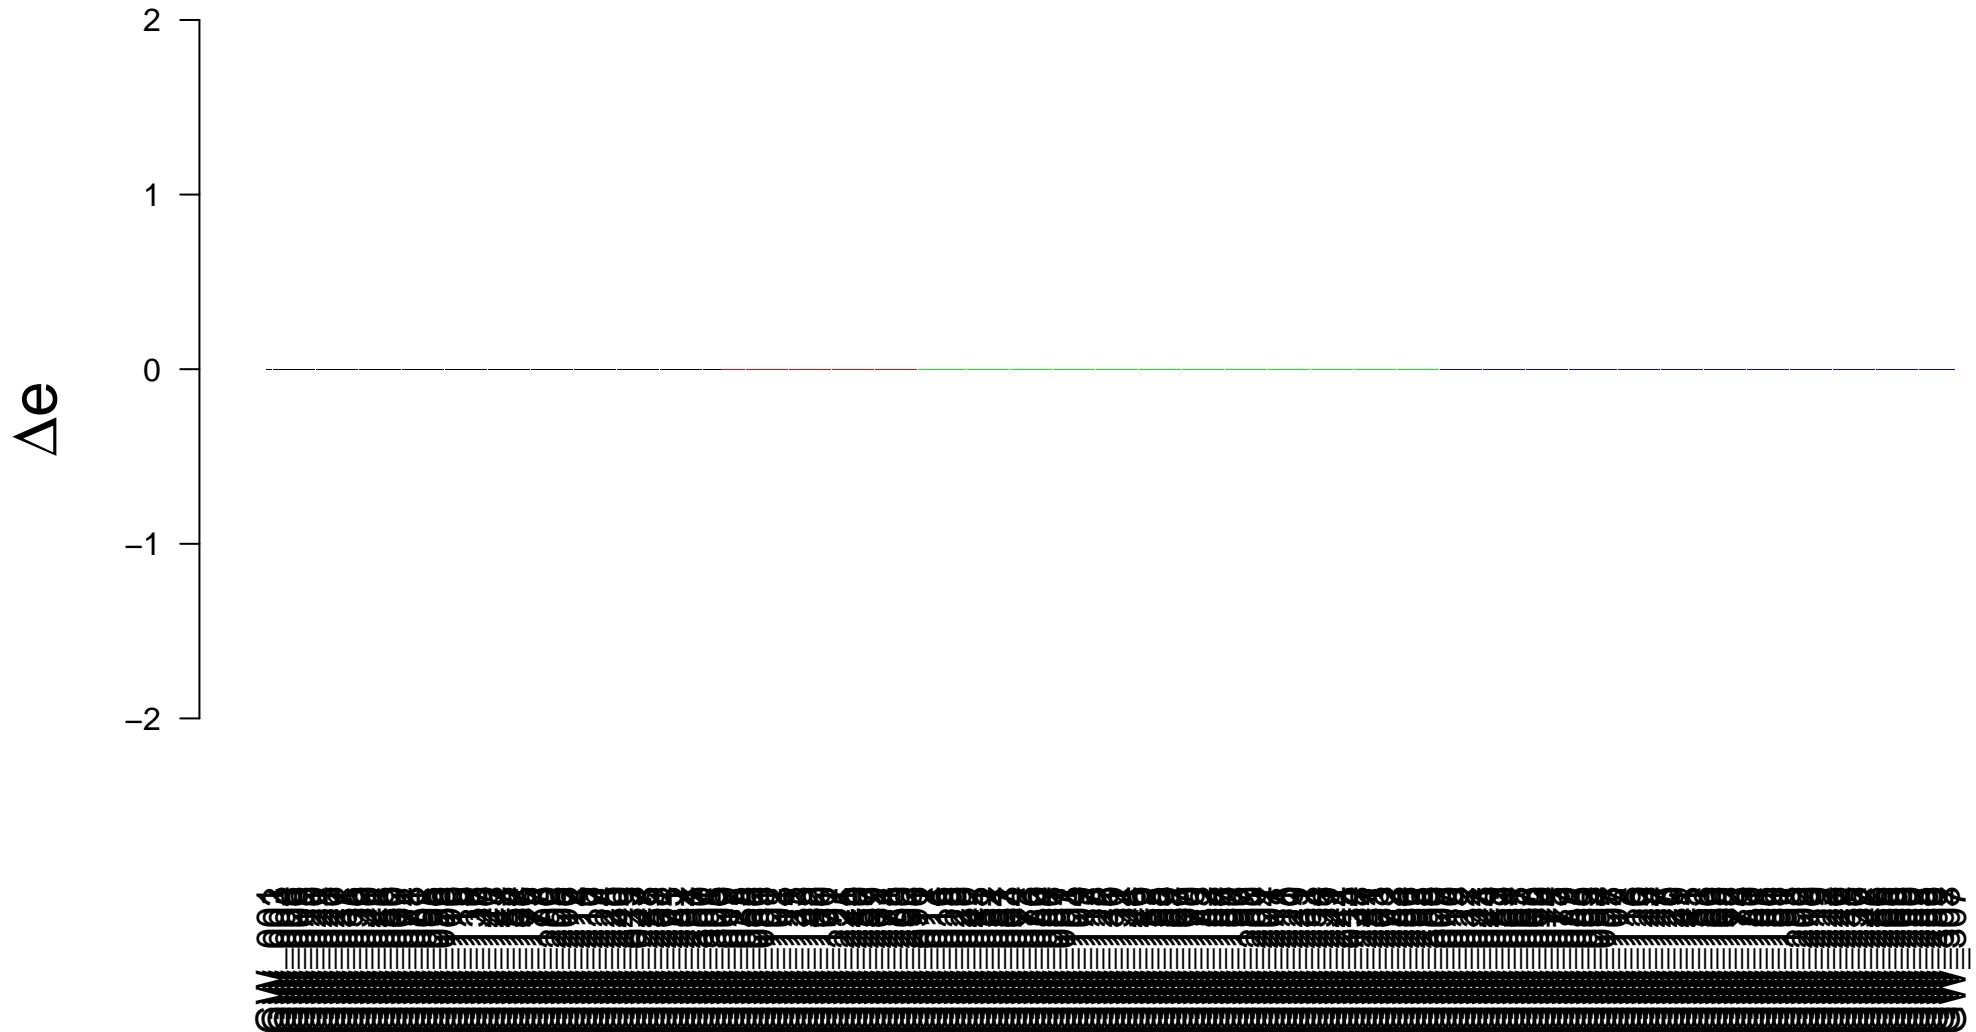

homeostasis of number of cells within a tissue

Enrichment in spots: homeostasis of number of cells within a tissue

Expression of homeostasis of number of cells within a tissue in Spot A

Expression of homeostasis of number of cells within a tissue in Spot B

Expression of homeostasis of number of cells within a tissue in Spot C

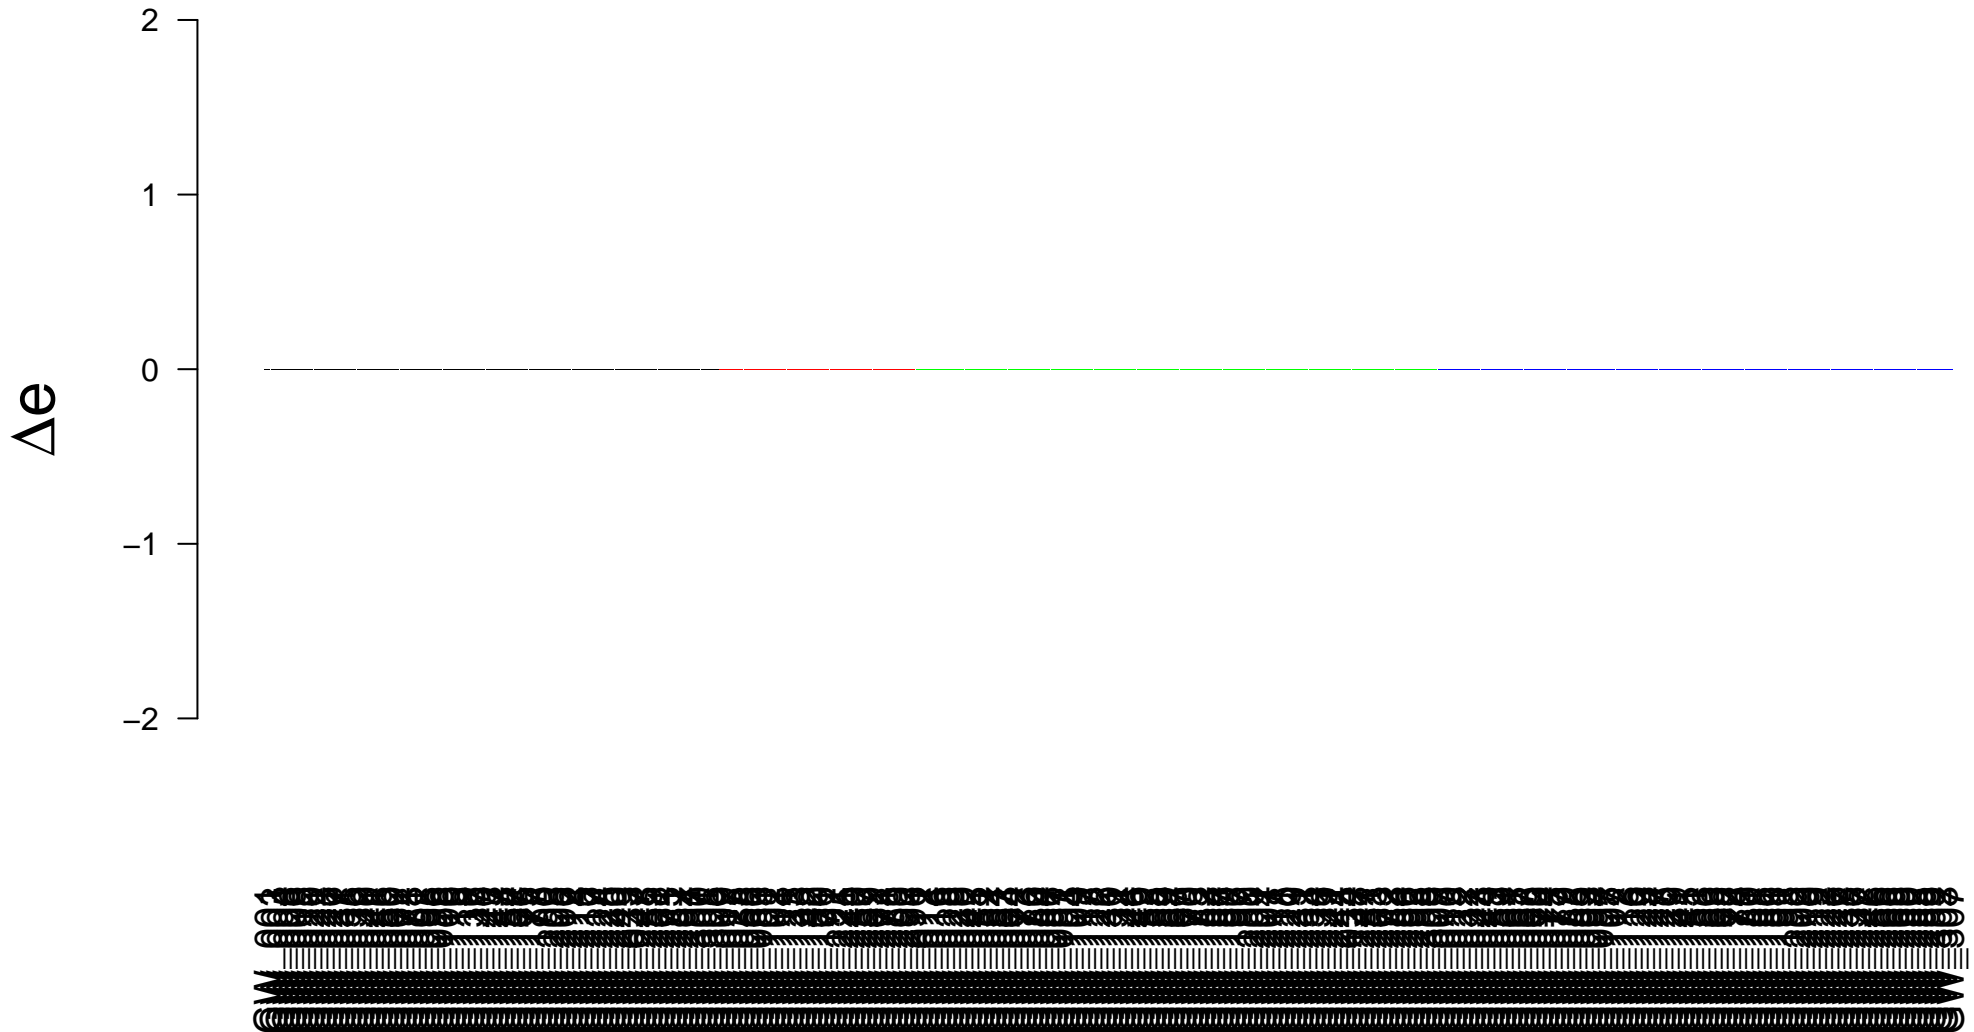

Expression of homeostasis of number of cells within a tissue in Spot D

Expression of homeostasis of number of cells within a tissue in Spot E

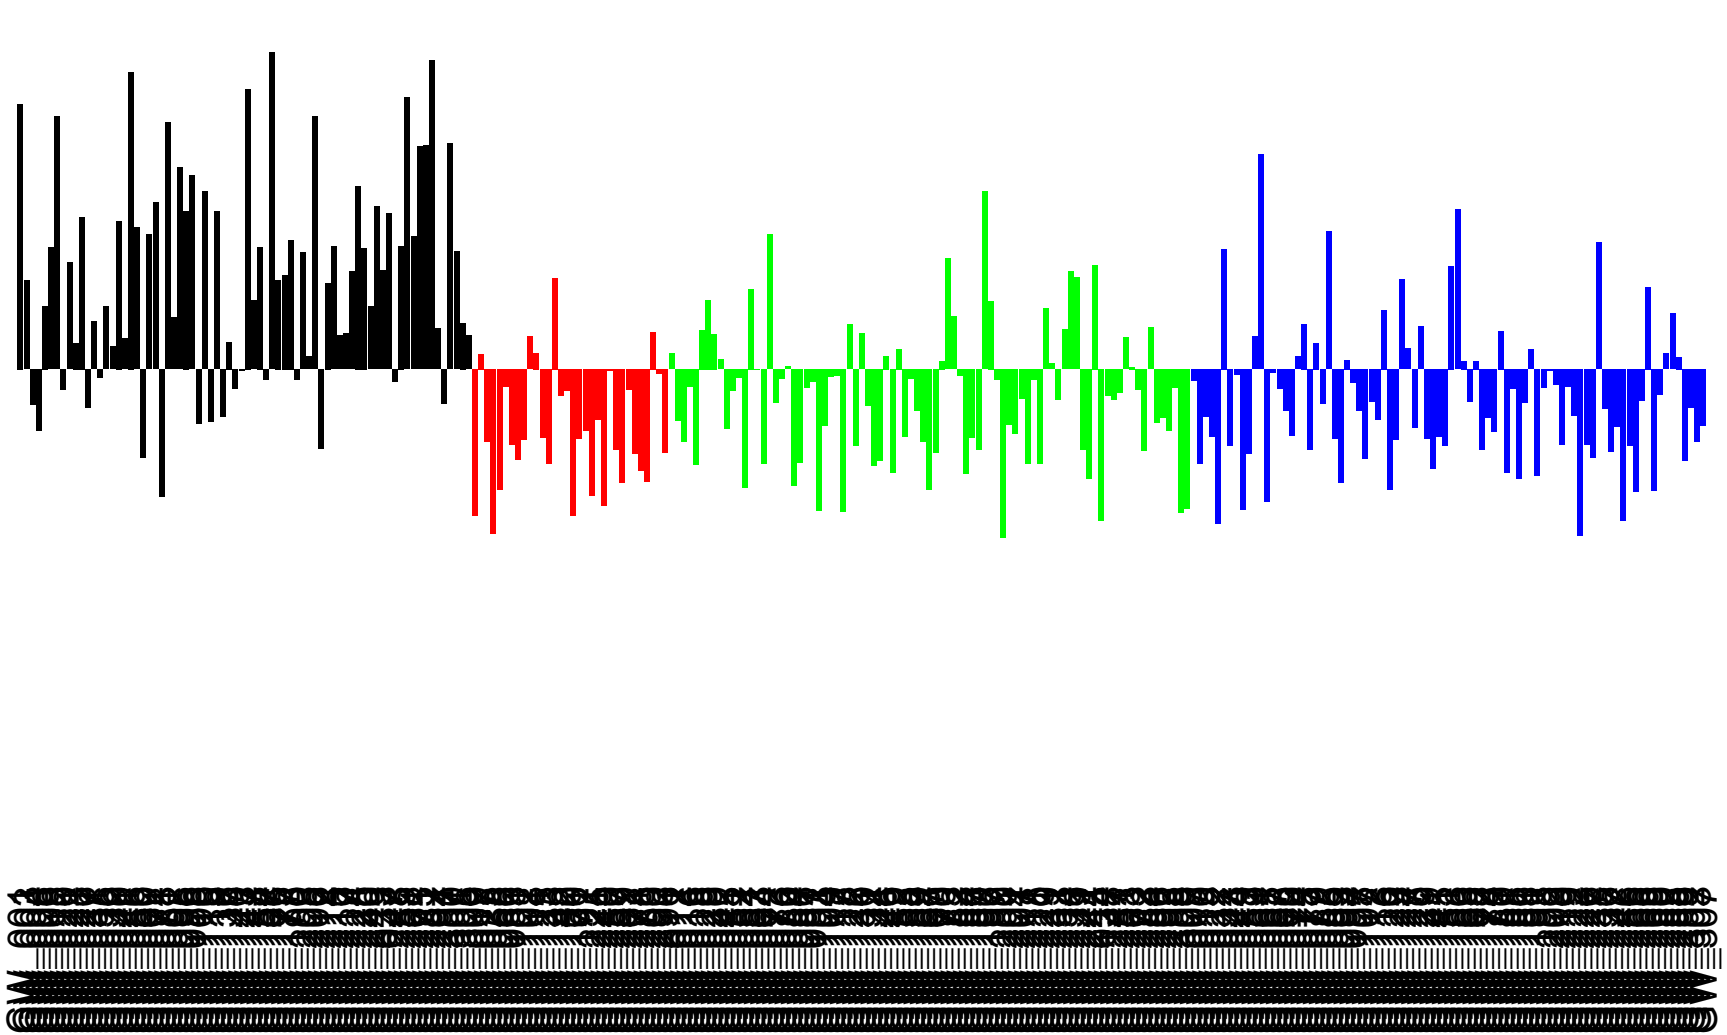

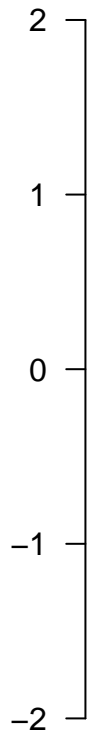

Expression of homeostasis of number of cells within a tissue in Spot F

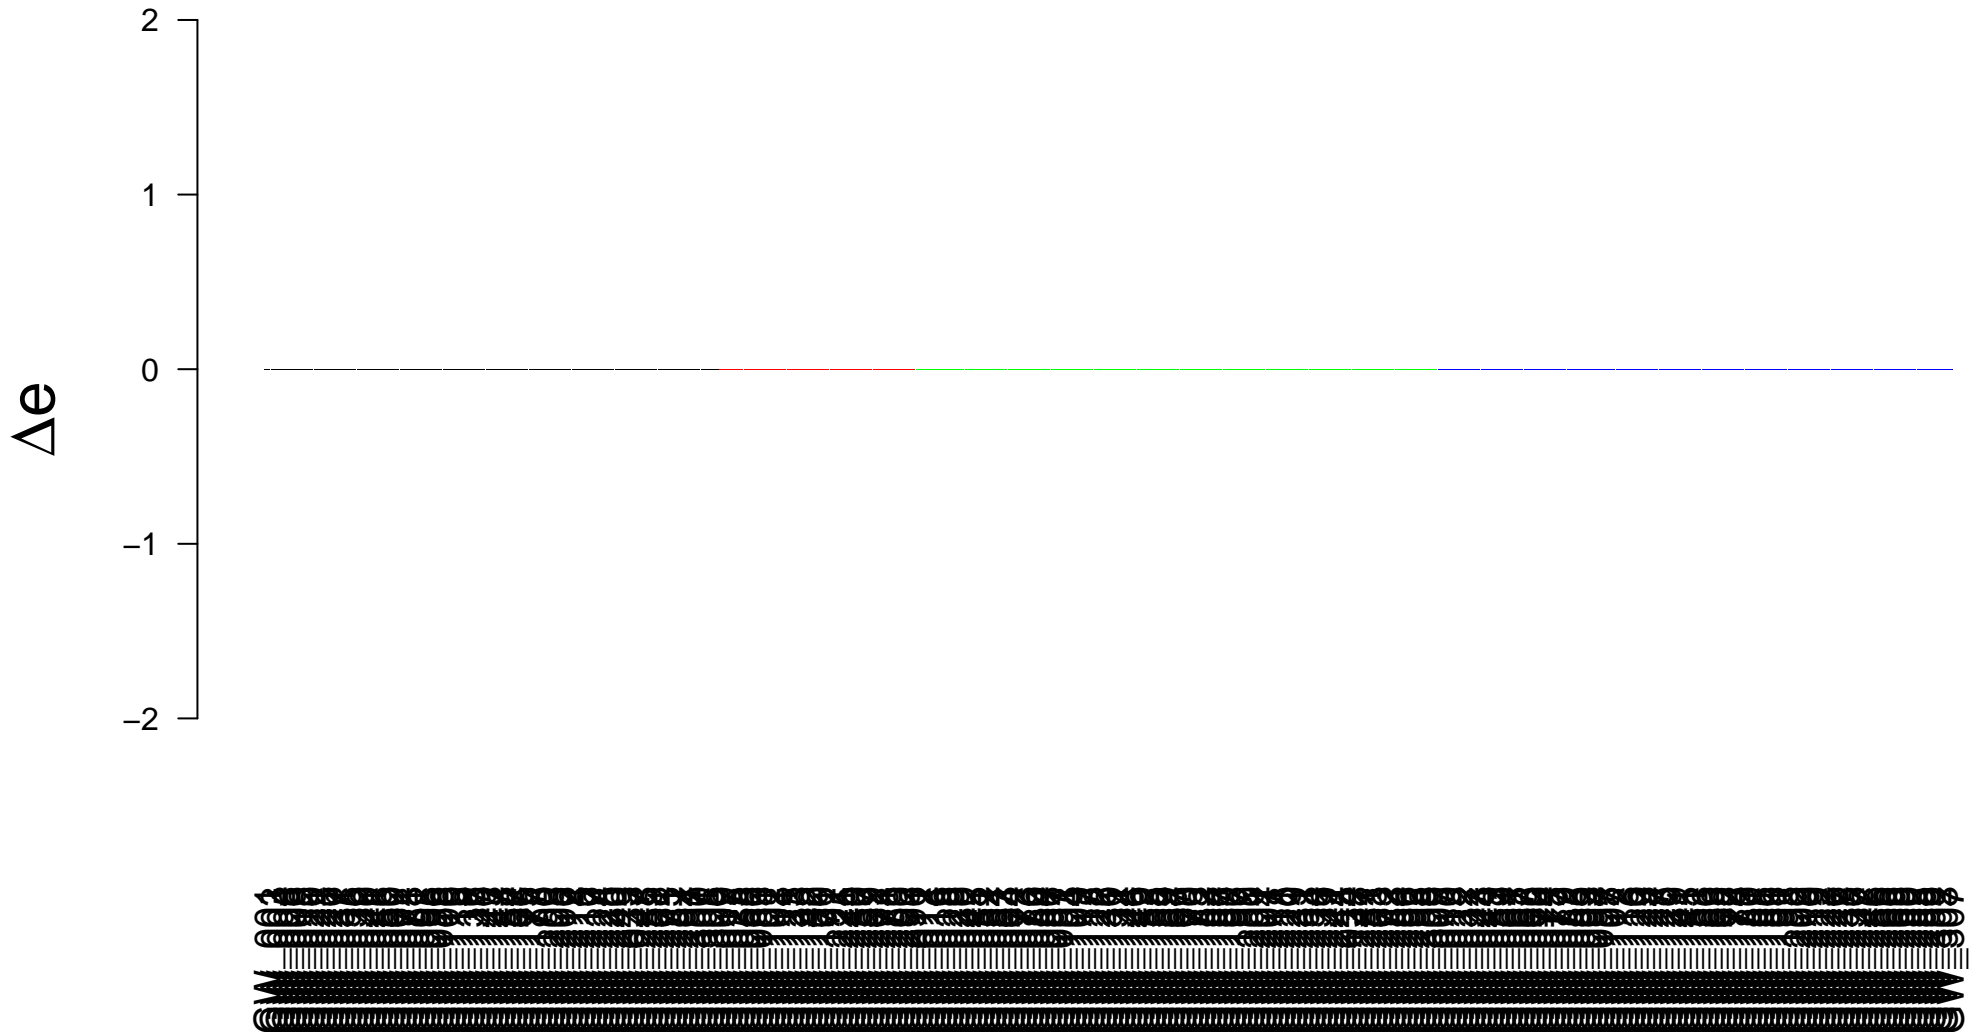

Expression of homeostasis of number of cells within a tissue in Spot G

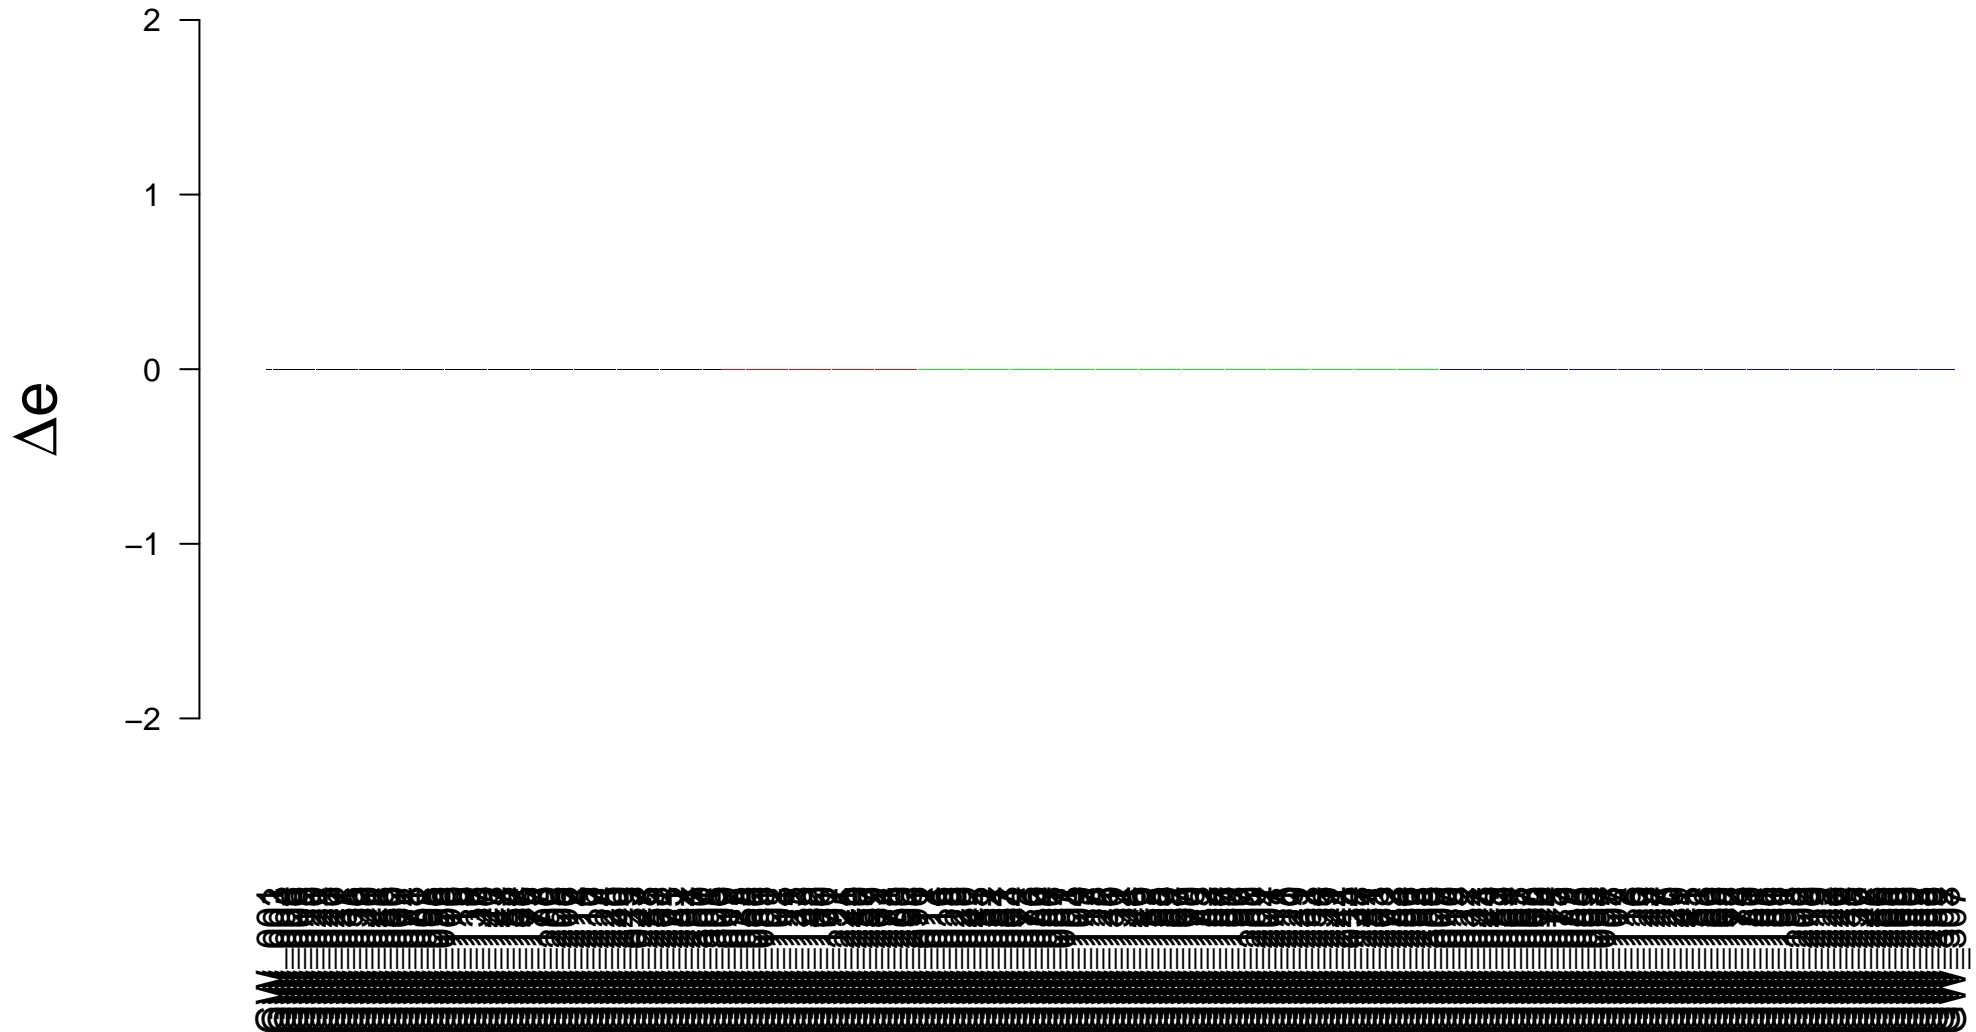

Δe

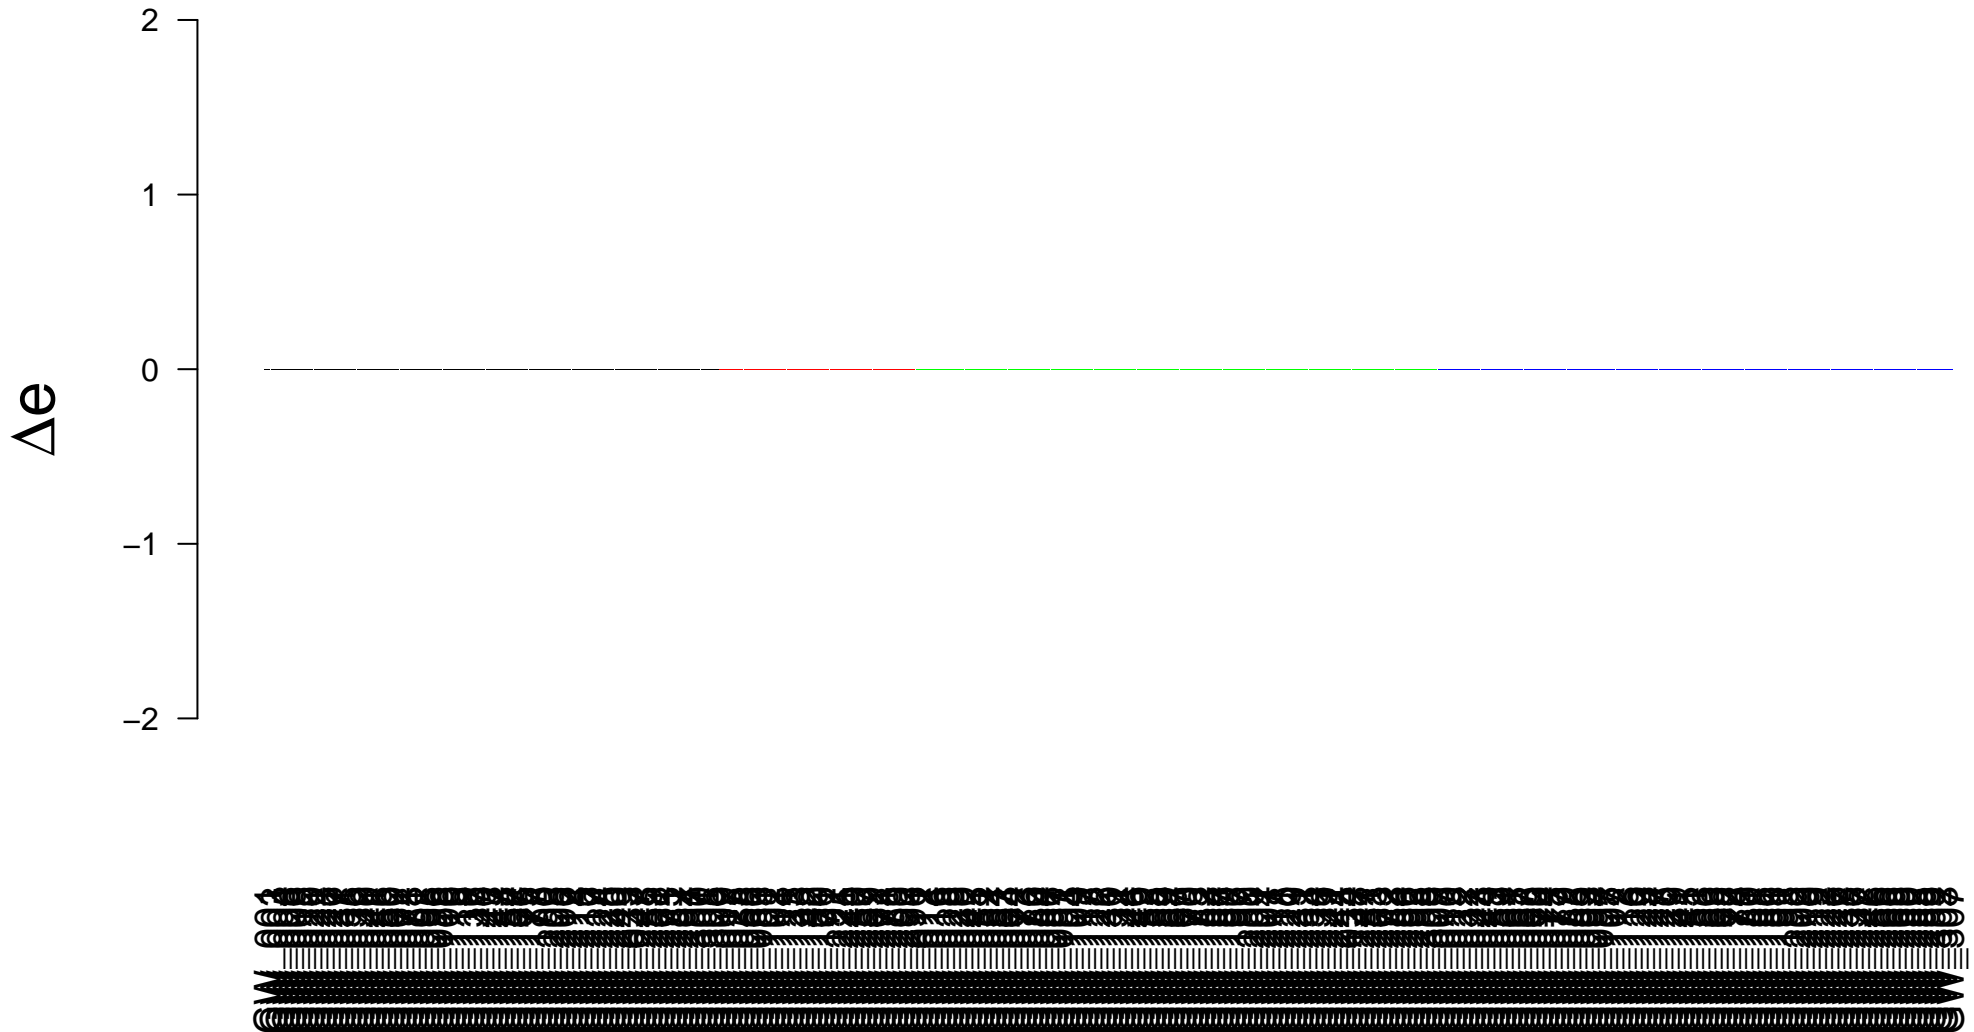

Expression of homeostasis of number of cells within a tissue in Spot H

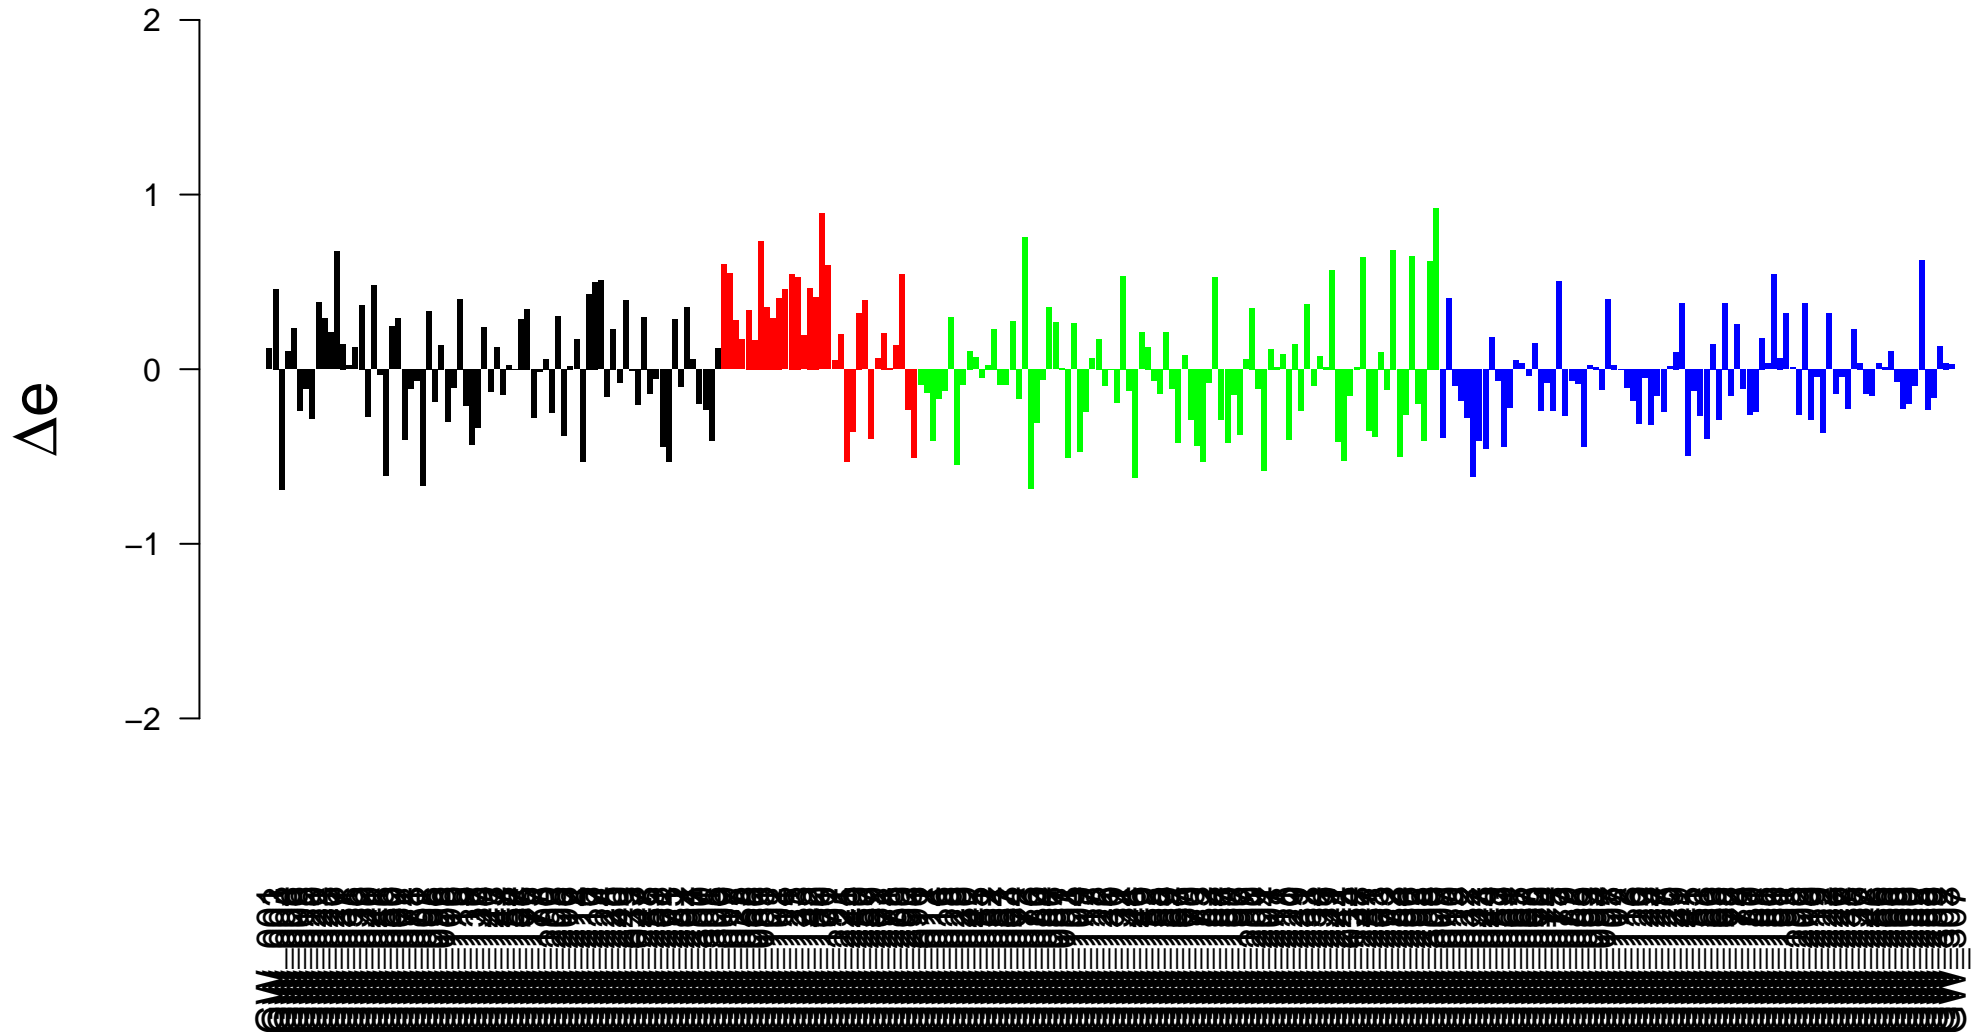

Expression of homeostasis of number of cells within a tissue in Spot I

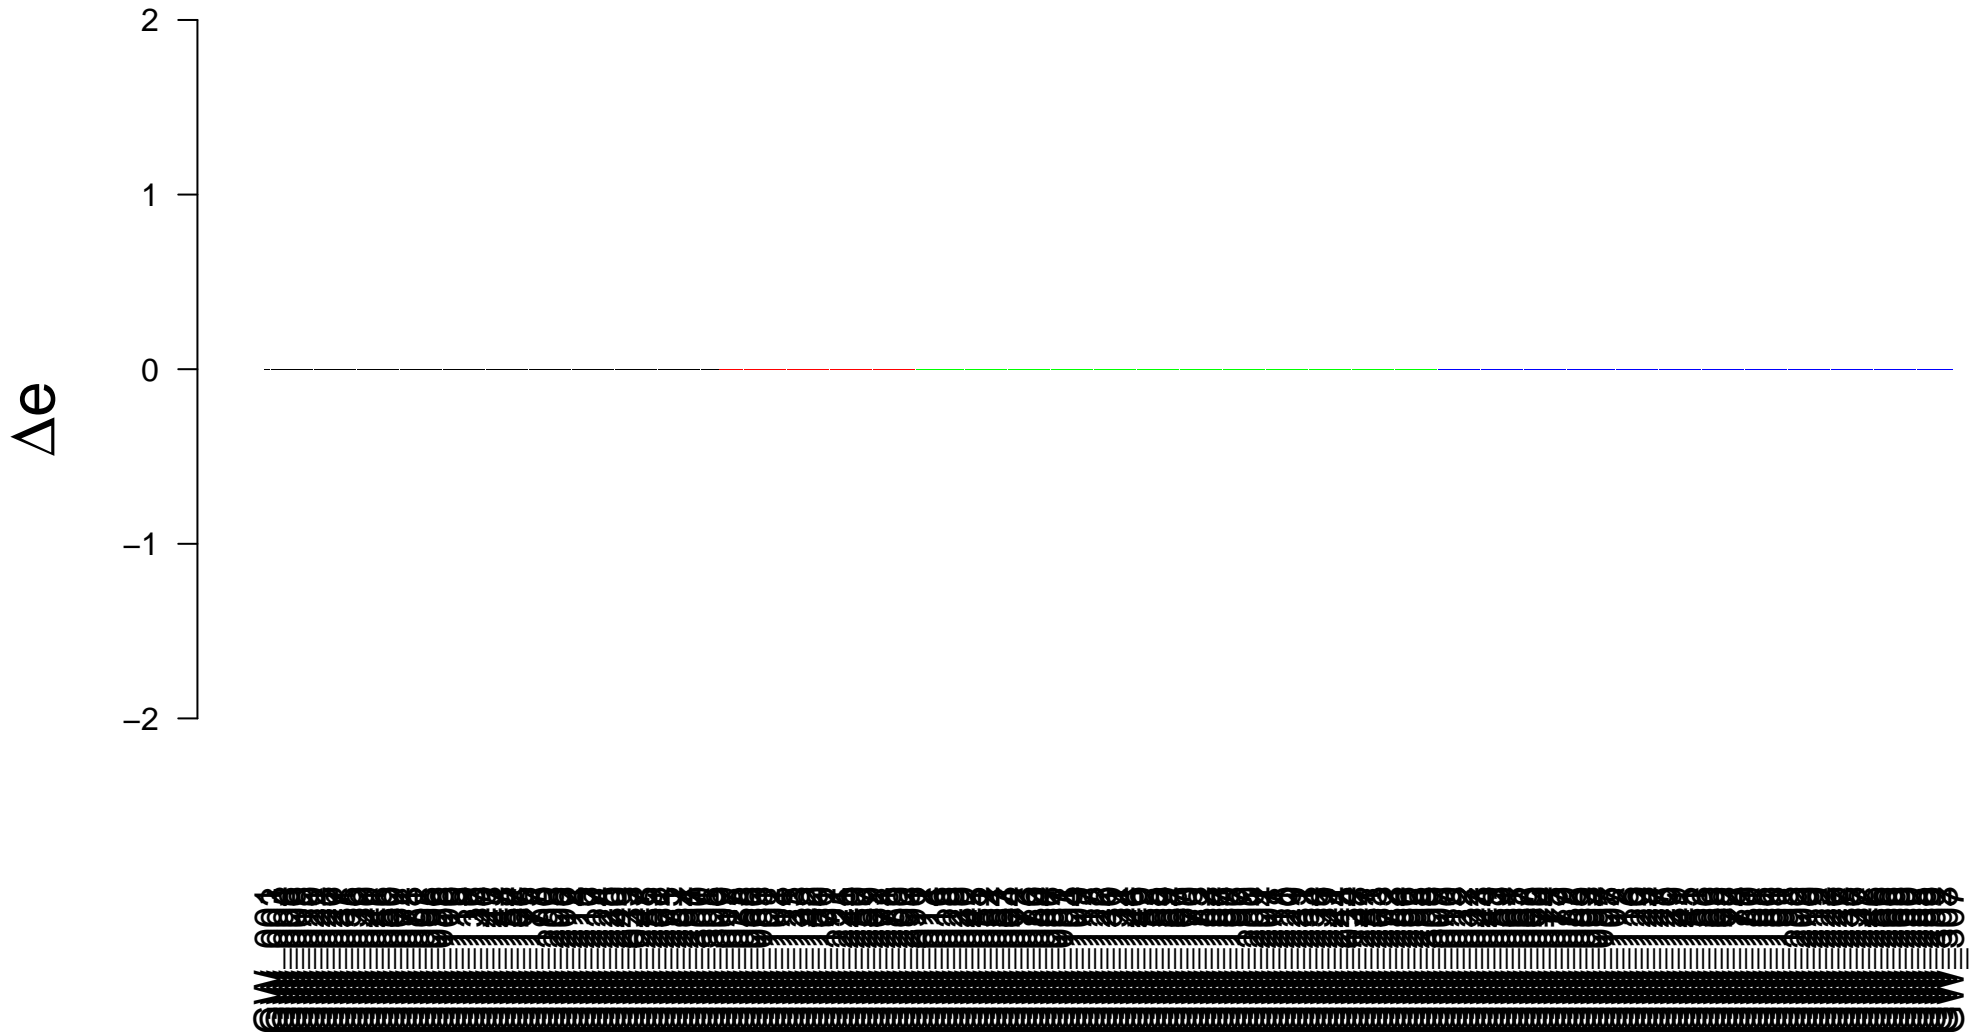

Expression of homeostasis of number of cells within a tissue in Spot J

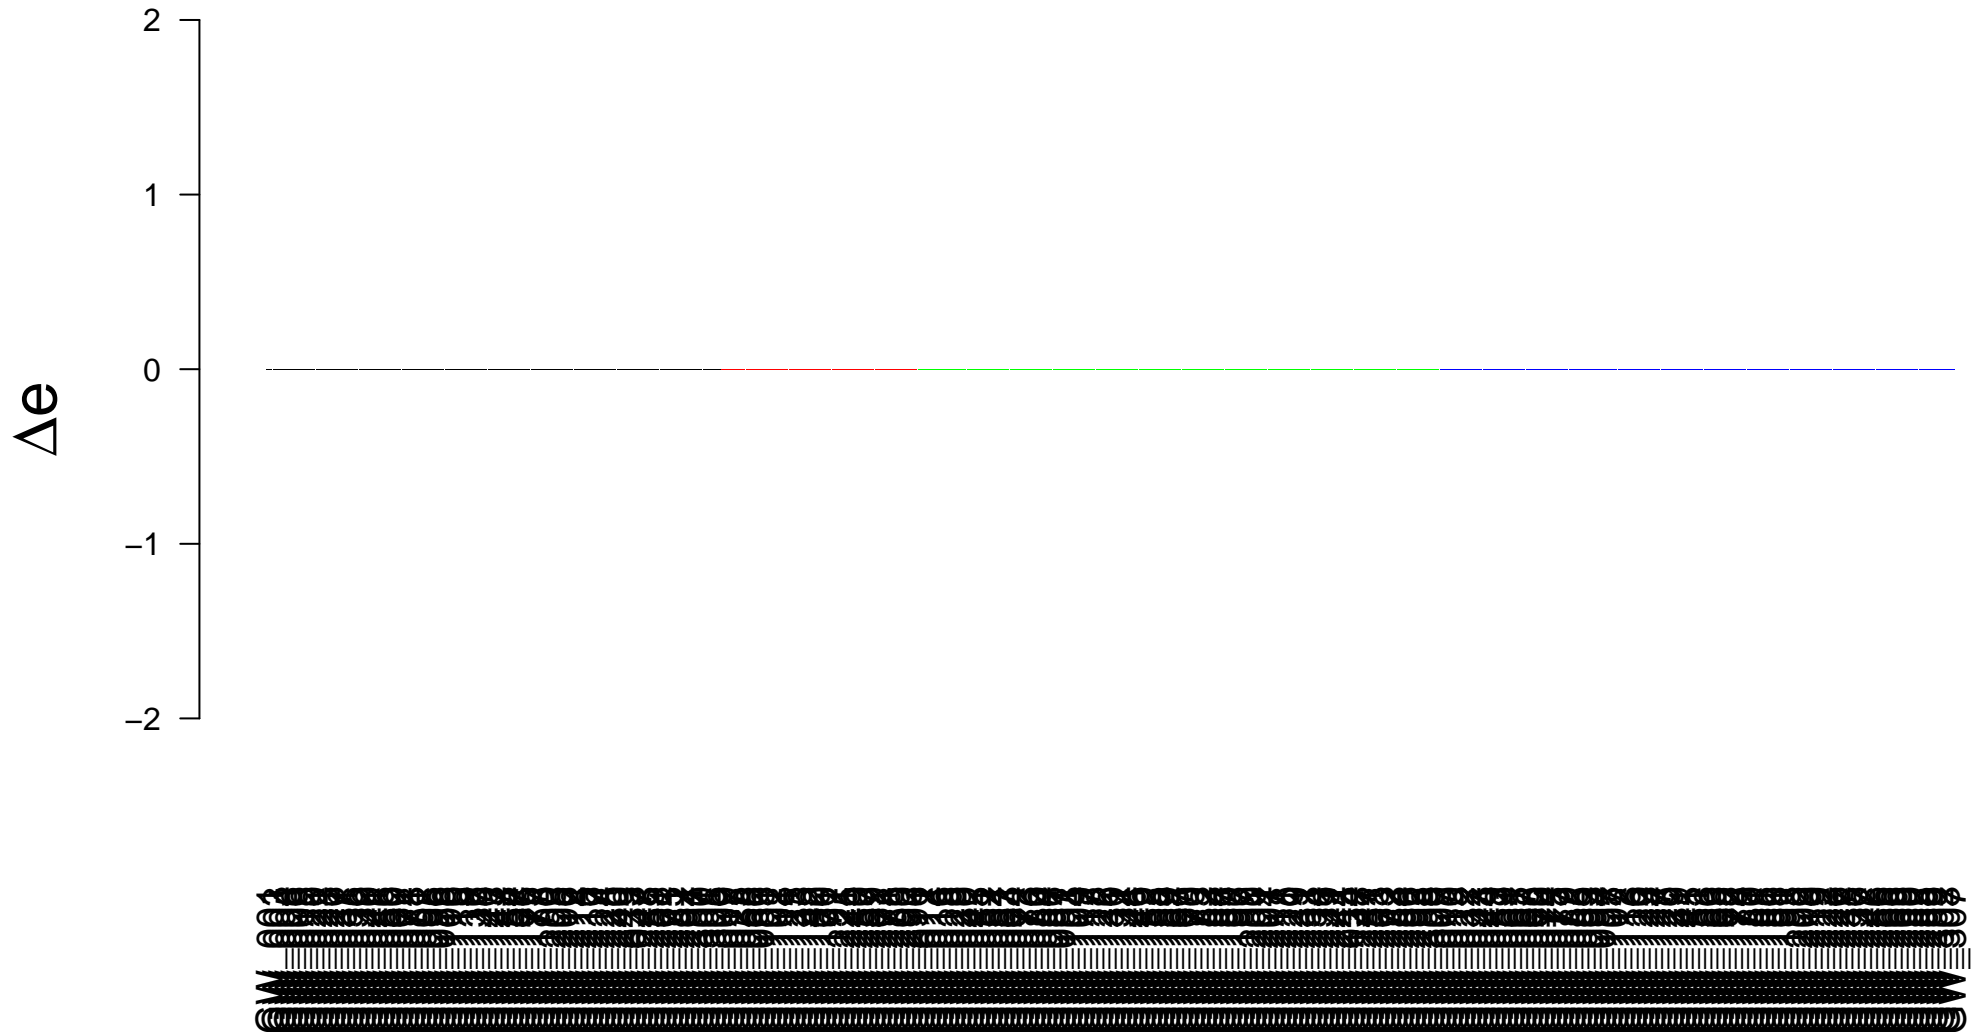

Expression of homeostasis of number of cells within a tissue in Spot K

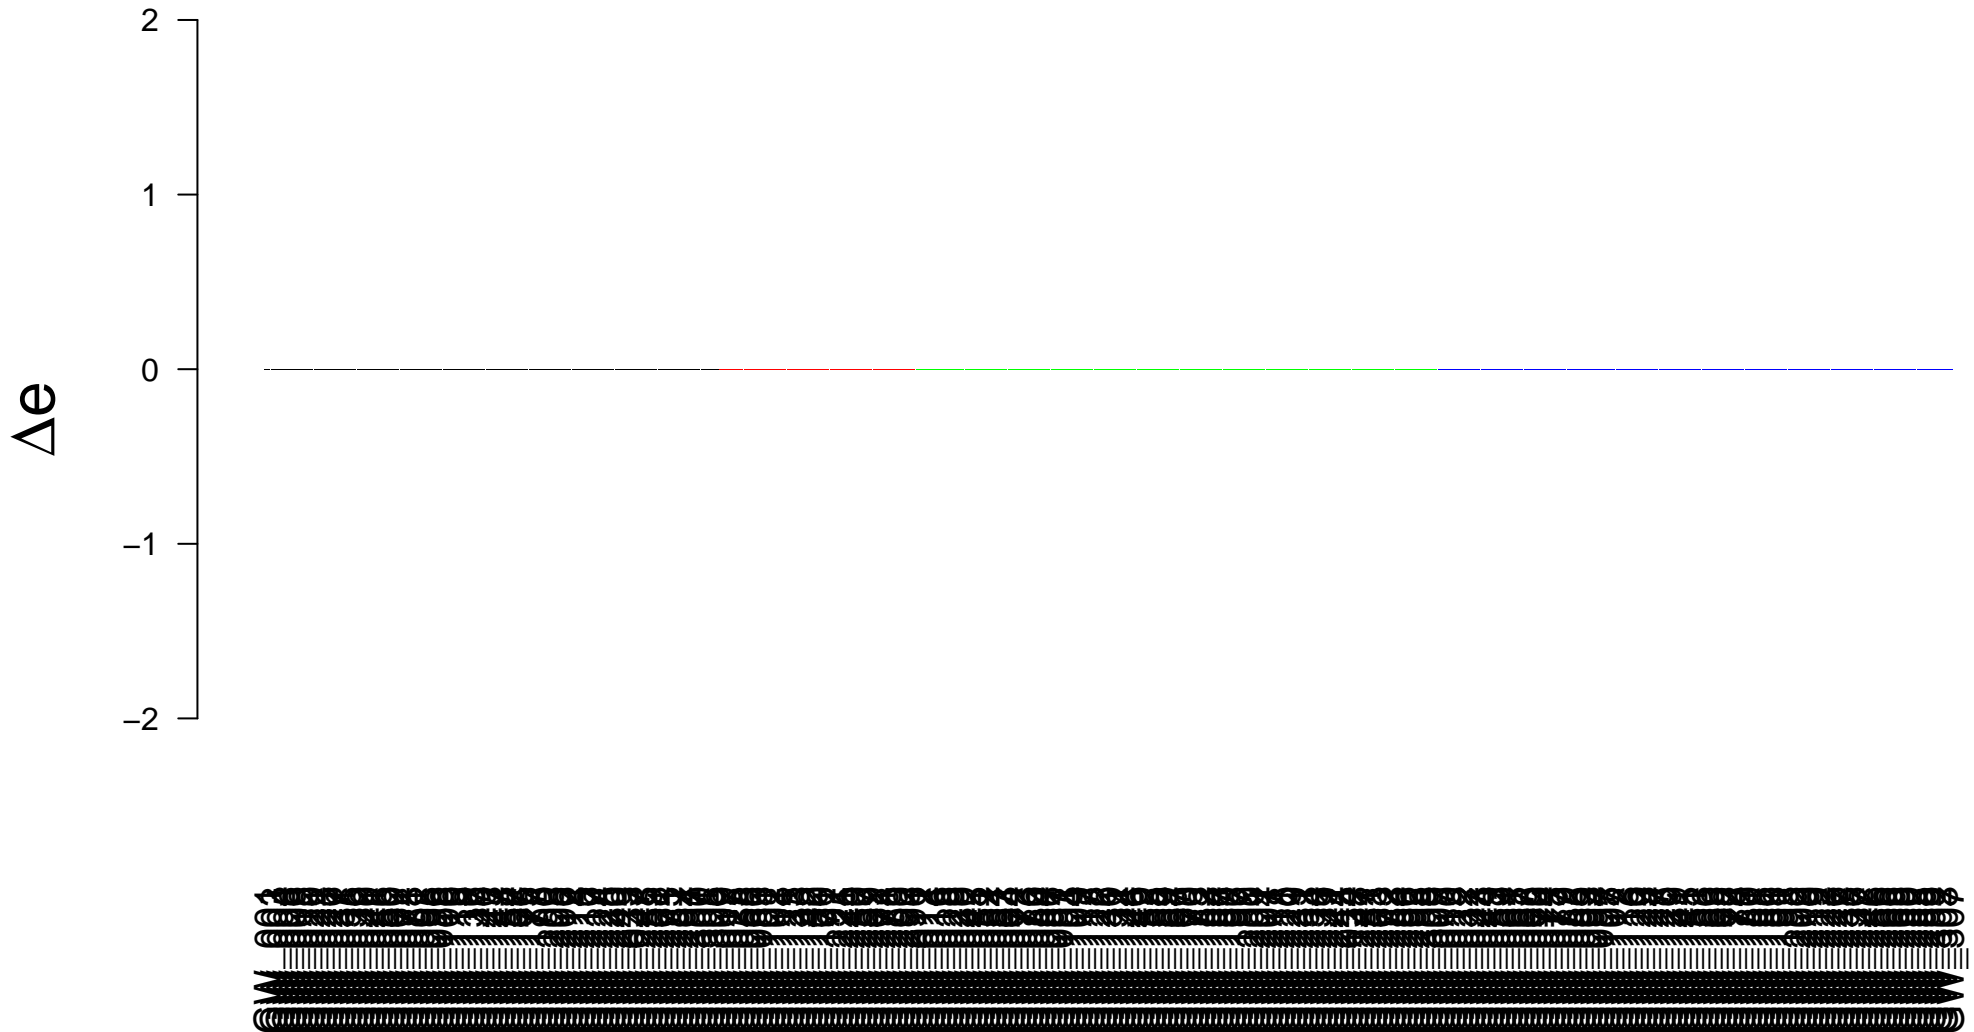

Expression of homeostasis of number of cells within a tissue in Spot L

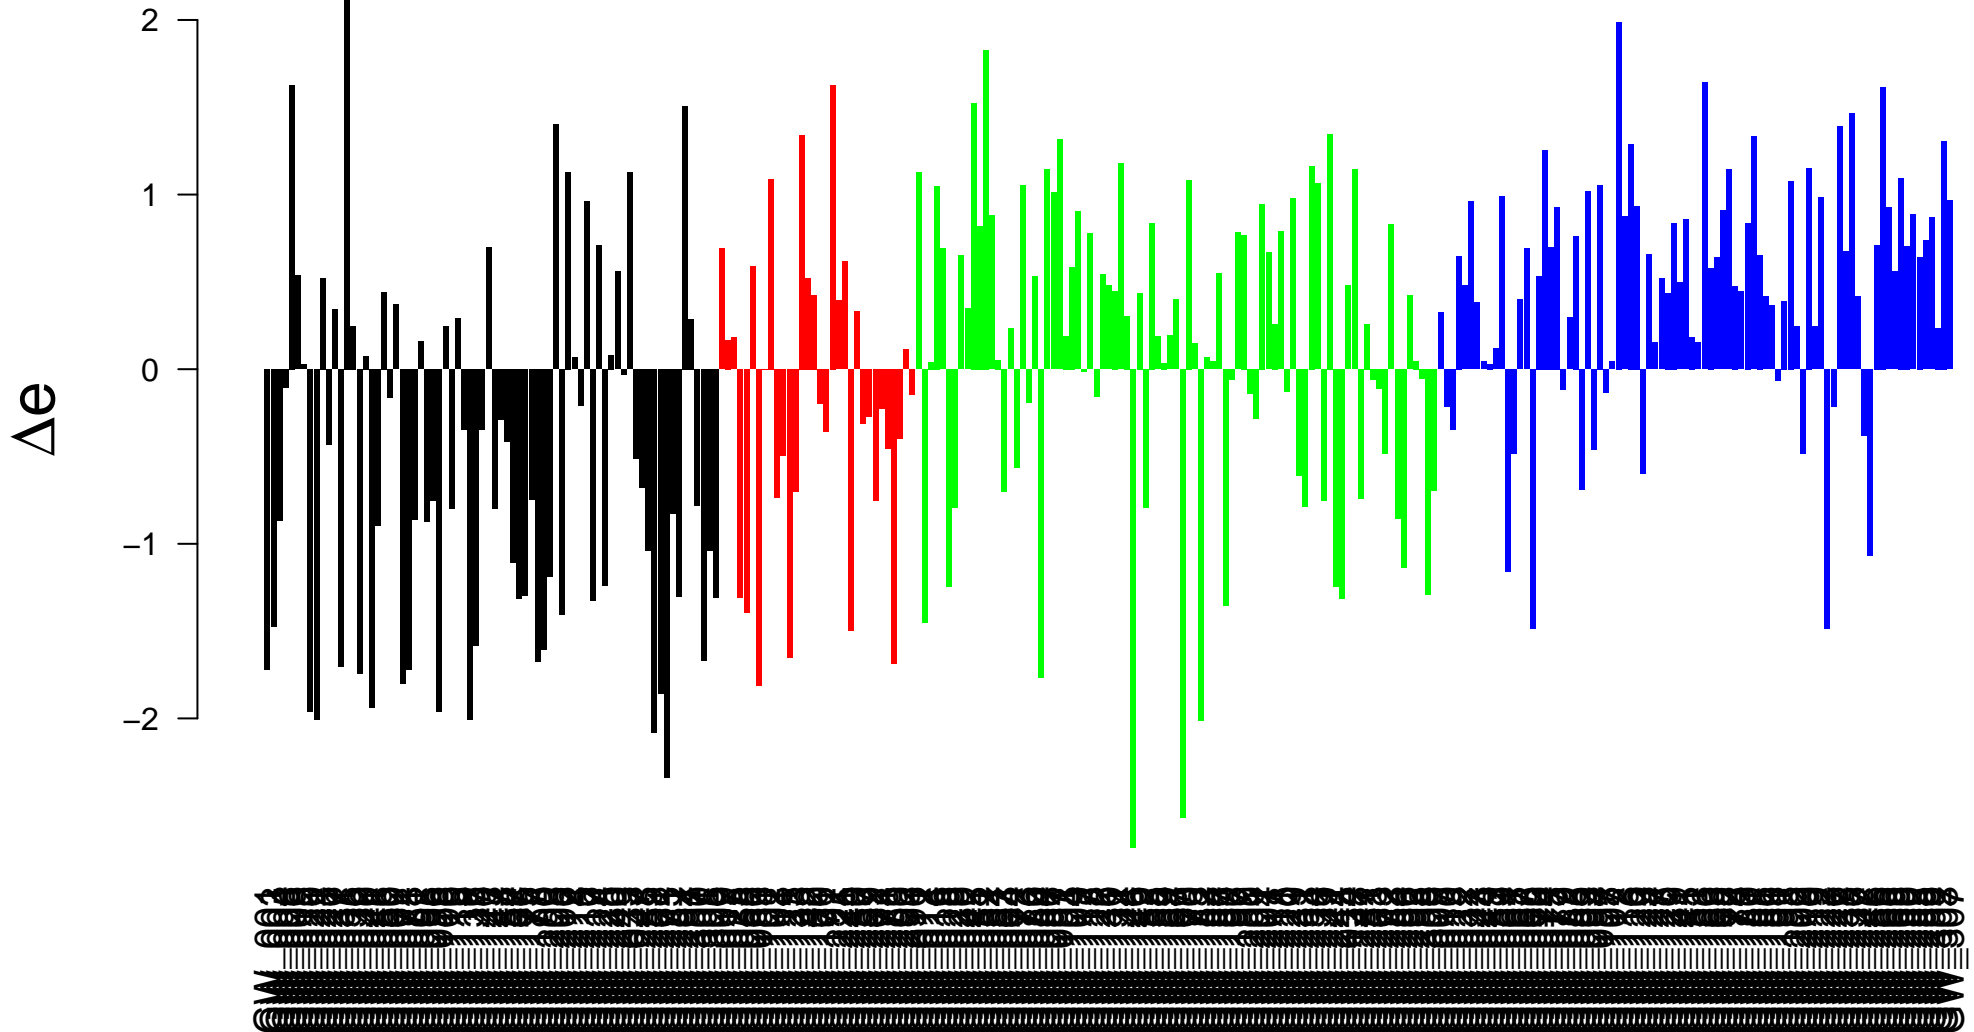

Expression of homeostasis of number of cells within a tissue in Spot M

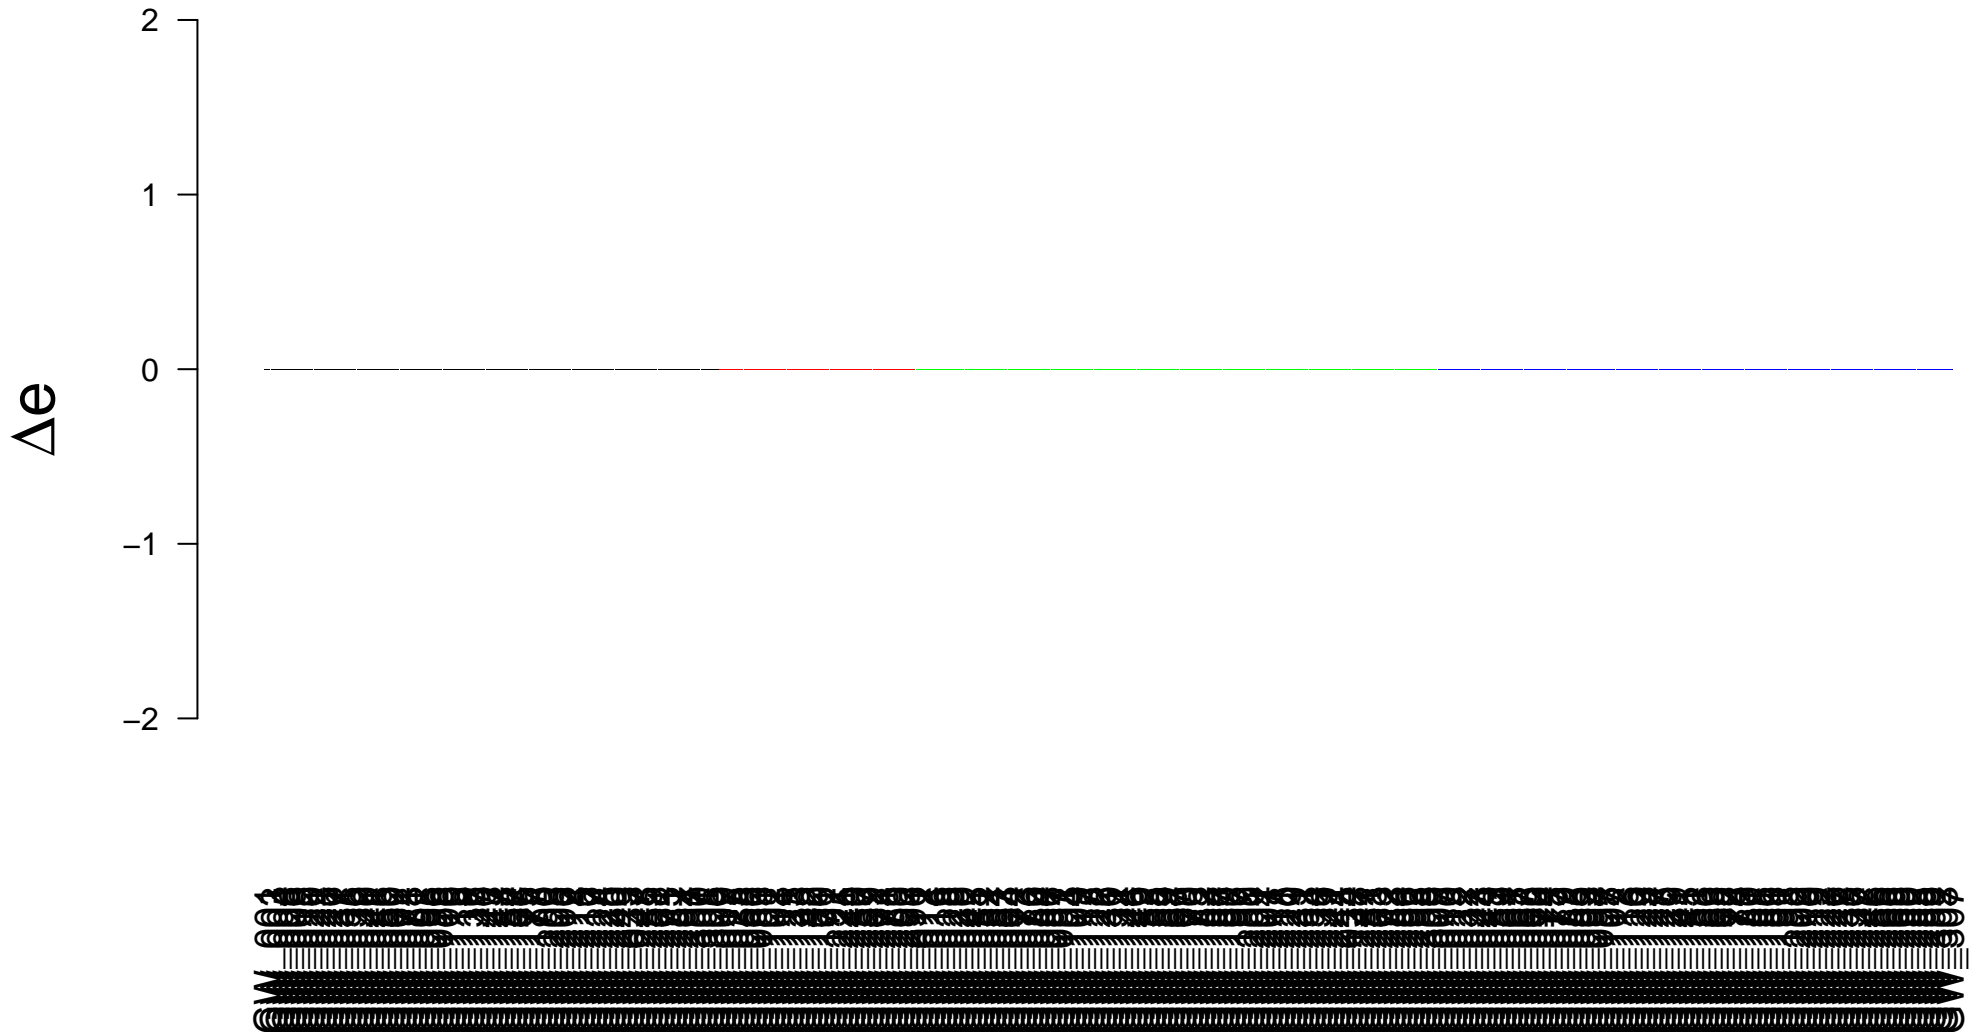

Expression of homeostasis of number of cells within a tissue in Spot N

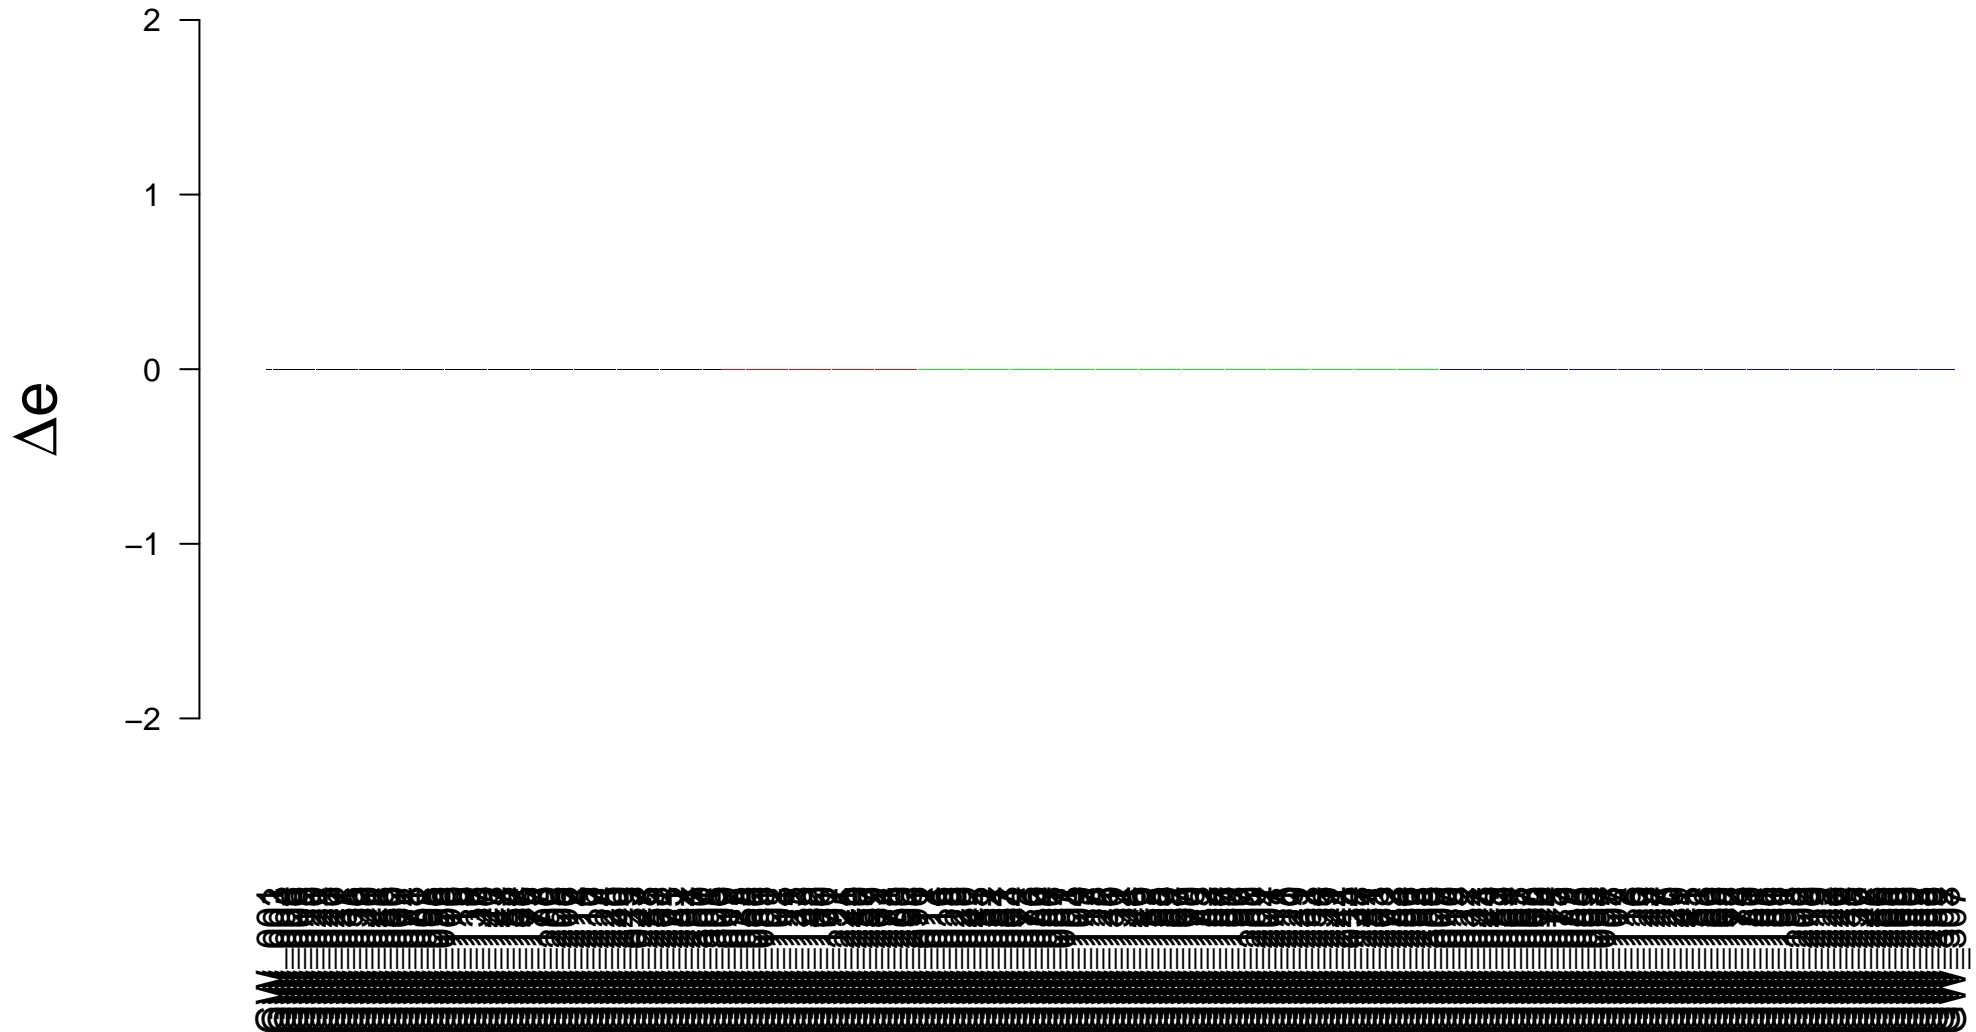

Expression of homeostasis of number of cells within a tissue in Spot O

Expression of homeostasis of number of cells within a tissue in Spot P

Expression of homeostasis of number of cells within a tissue in Spot Q

Expression of homeostasis of number of cells within a tissue in Spot R
