

Expression of hydrolase activity, acting on acid anhydrides, catalyzing transmembrane movement of substances in Spot B

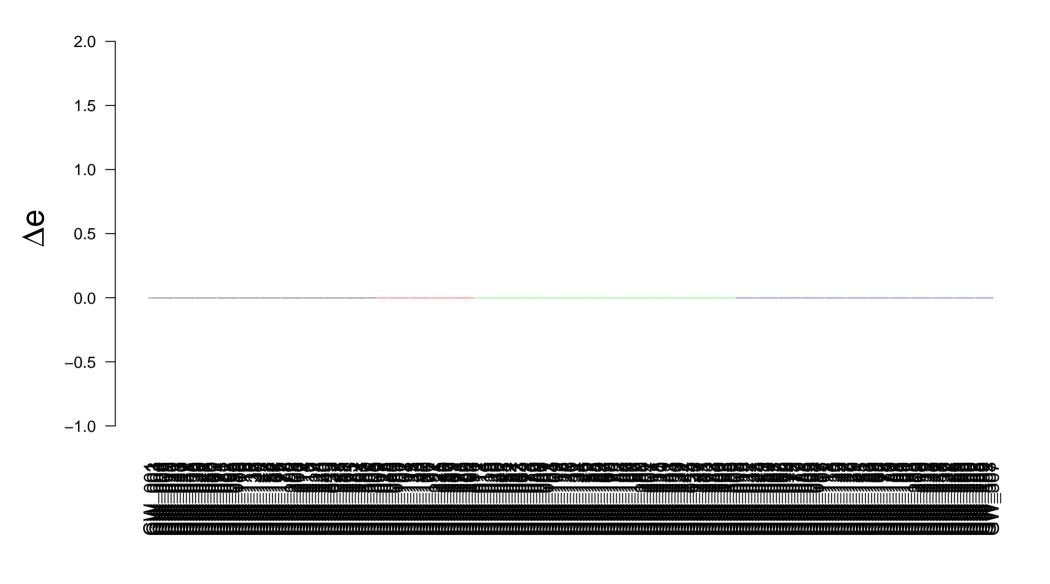

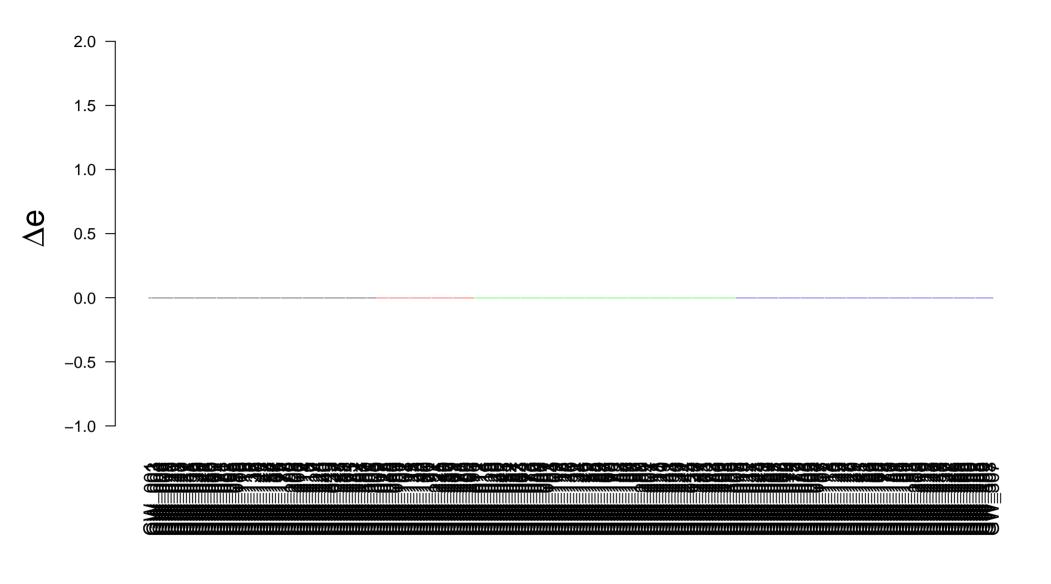

Expression of hydrolase activity, acting on acid anhydrides, catalyzing transmembrane movement of substances in Spot D

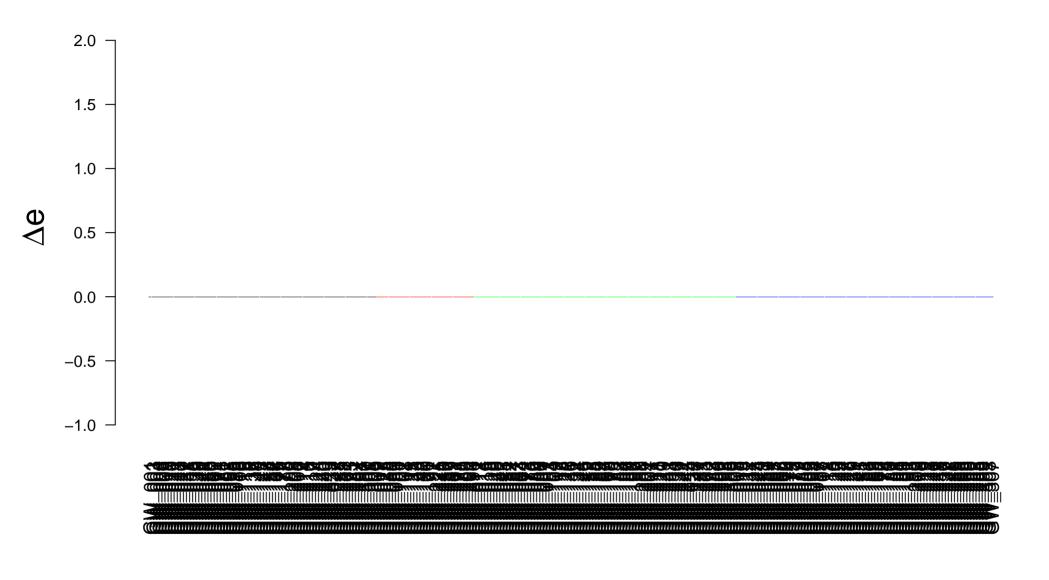

Expression of hydrolase activity, acting on acid anhydrides, catalyzing transmembrane movement of substances in Spot E

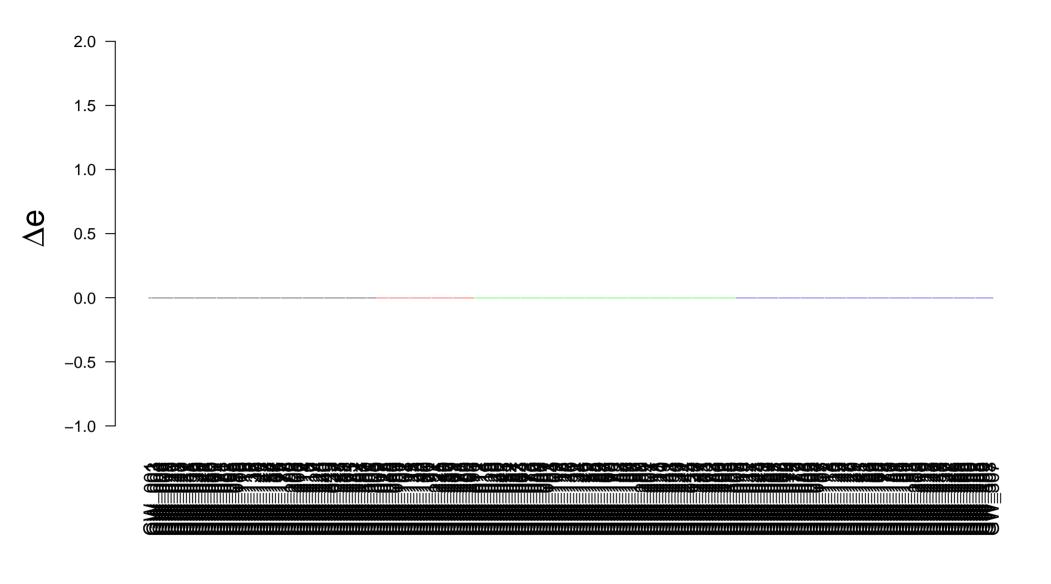

Expression of hydrolase activity, acting on acid anhydrides, catalyzing transmembrane movement of substances in Spot F

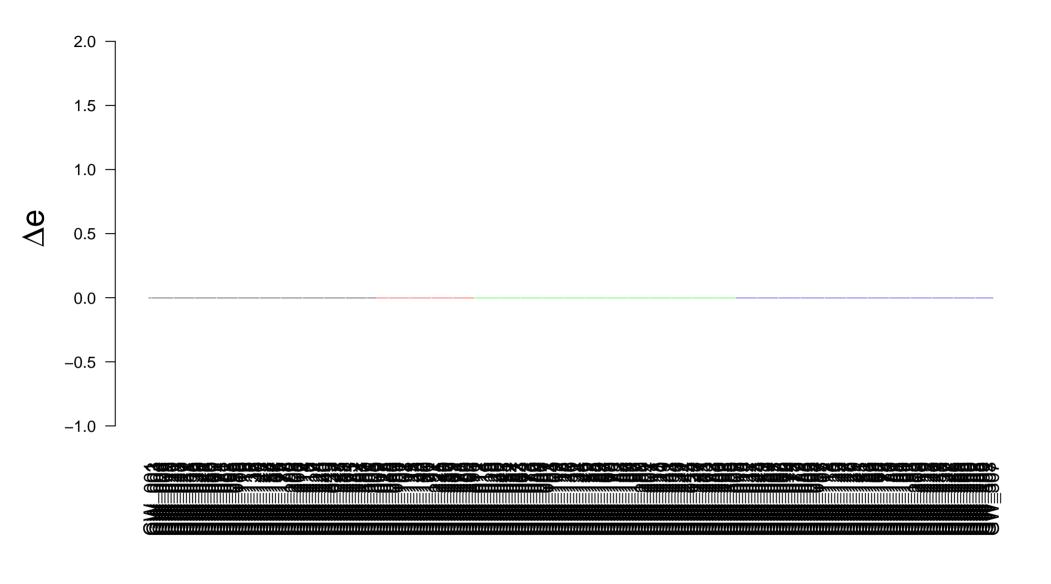

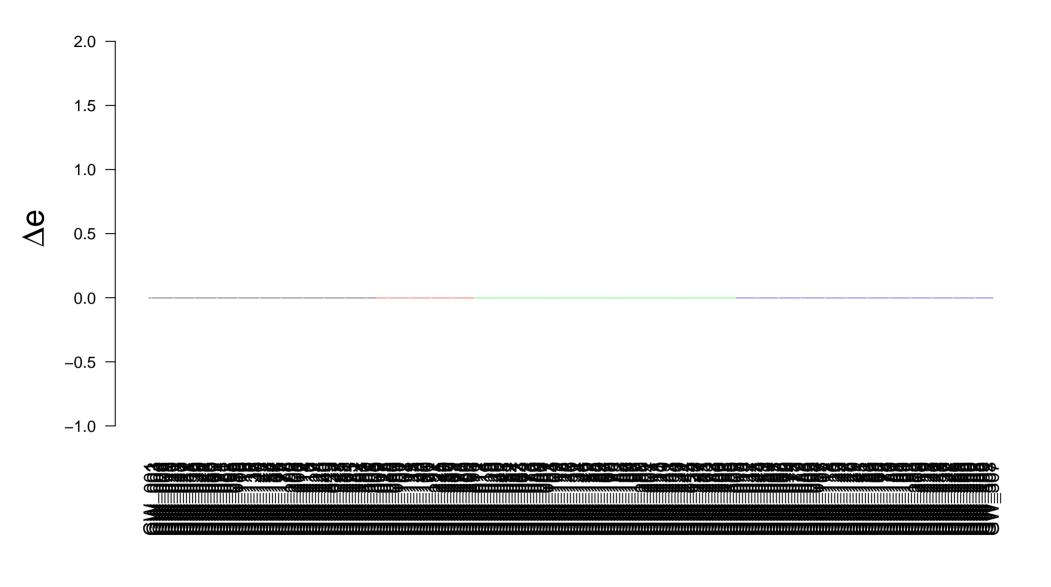

Expression of hydrolase activity, acting on acid anhydrides, catalyzing transmembrane movement of substances in Spot H

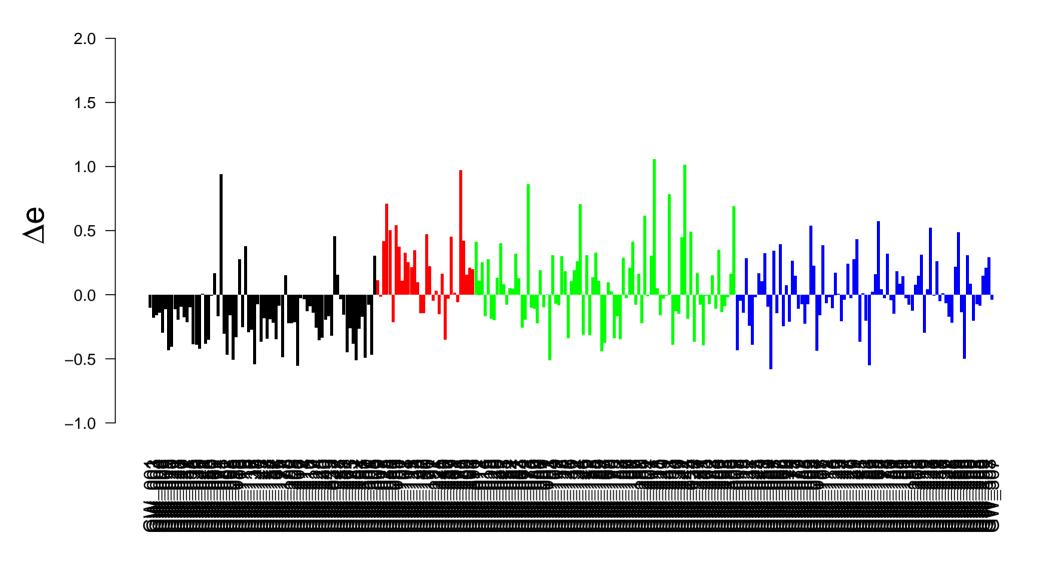

Expression of hydrolase activity, acting on acid anhydrides, catalyzing transmembrane movement of substances in Spot I

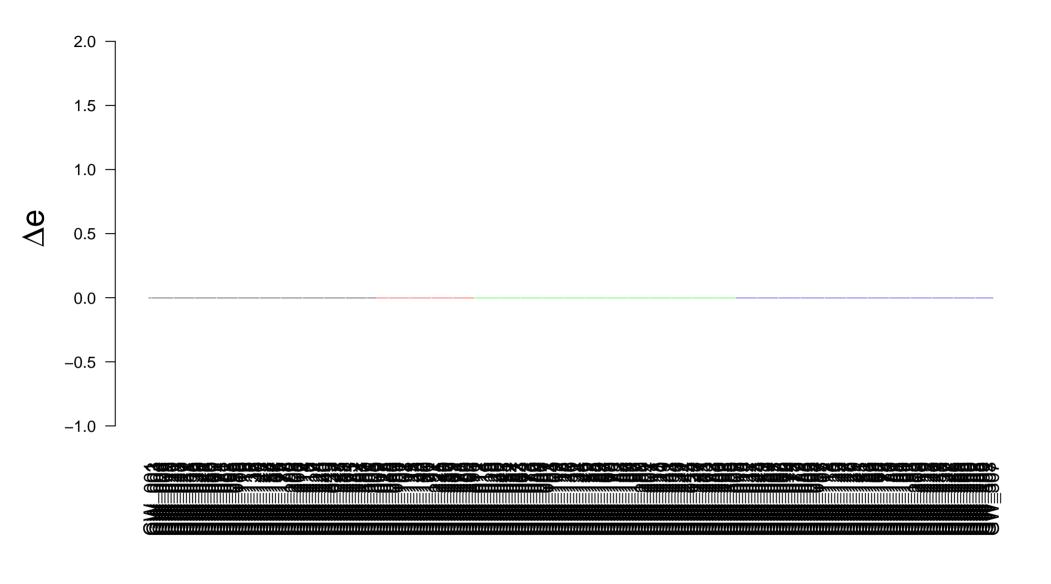

Expression of hydrolase activity, acting on acid anhydrides, catalyzing transmembrane movement of substances in Spot J

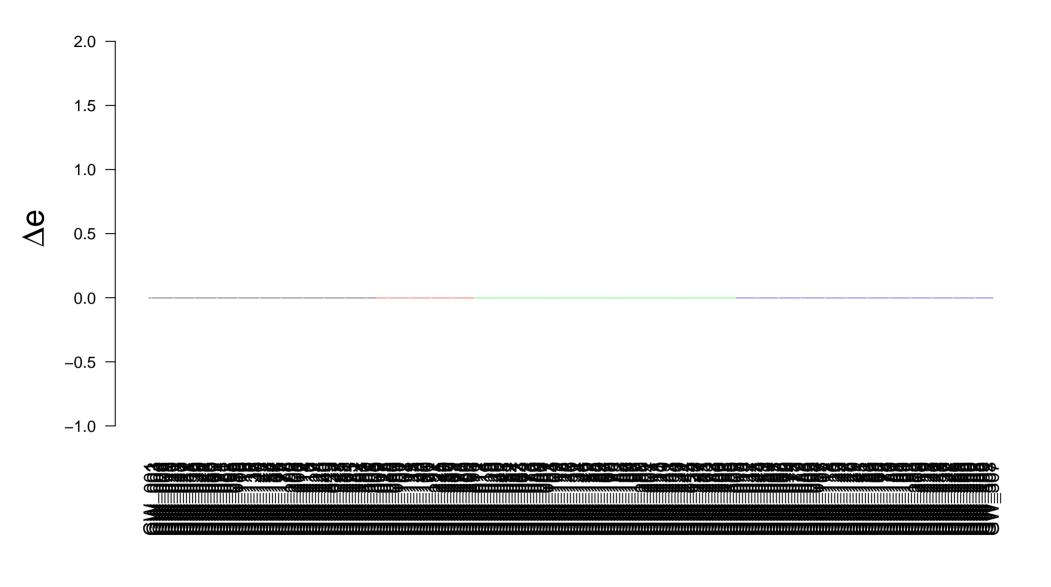

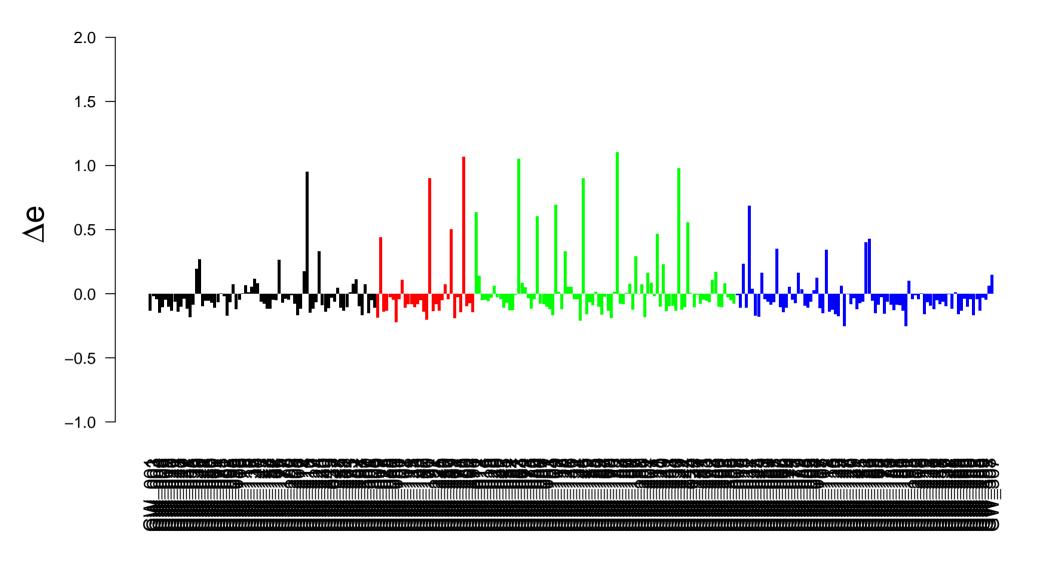

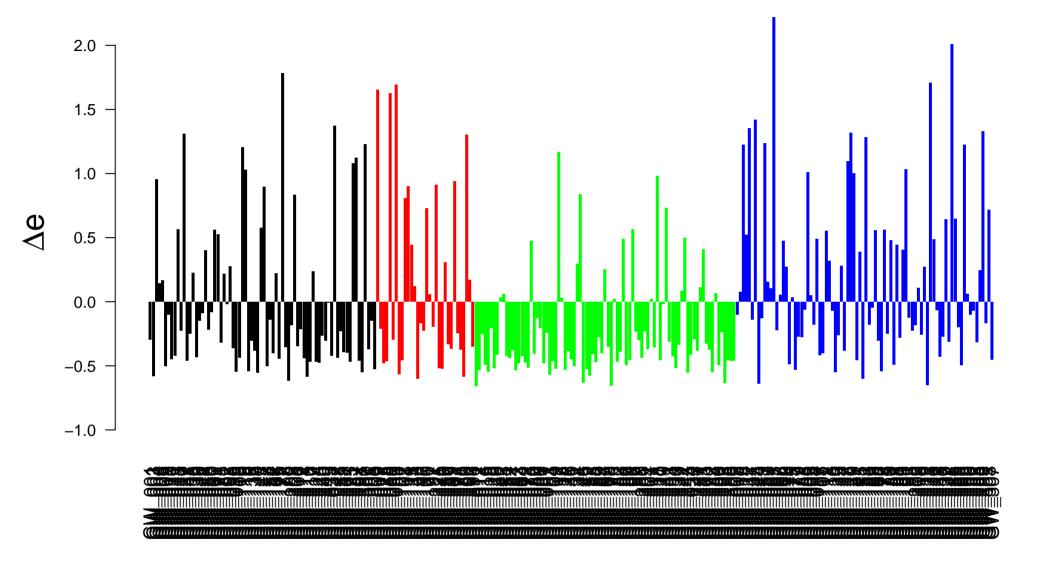

Expression of hydrolase activity, acting on acid anhydrides, catalyzing transmembrane movement of substances in Spot L

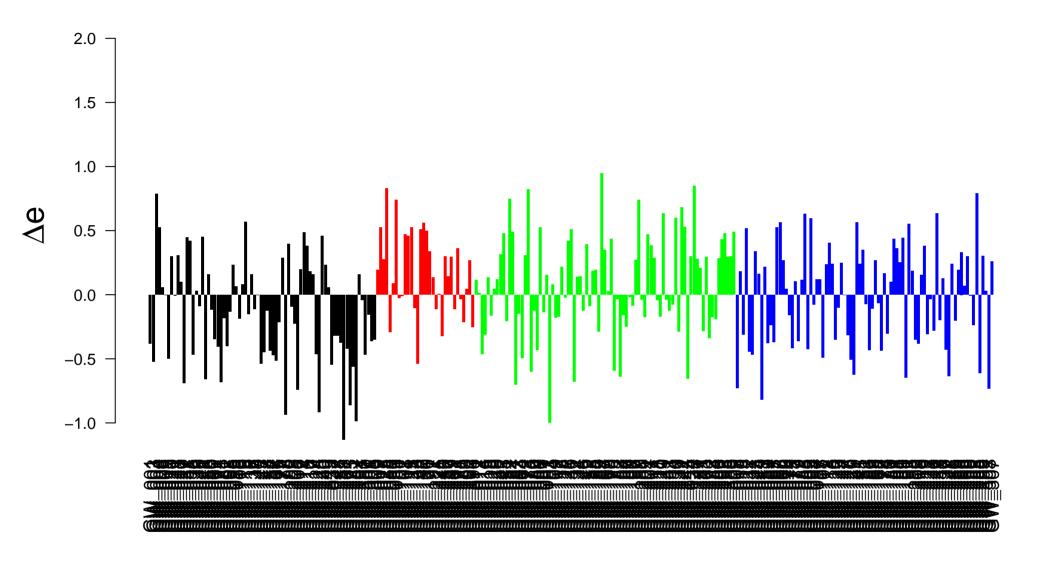

Expression of hydrolase activity, acting on acid anhydrides, catalyzing transmembrane movement of substances in Spot M

Expression of hydrolase activity, acting on acid anhydrides, catalyzing transmembrane movement of substances in Spot Q
