

hydrolase activity, acting on carbon–nitrogen (but not peptide) bonds

hydrolase activity, acting on carbon–nitrogen (but not peptide) bonds

Enrichment in spots: hydrolase activity, acting on carbon–nitrogen (but not peptide) bonds

Expression of hydrolase activity, acting on carbon–nitrogen (but not peptide) bonds in Spot A

Expression of hydrolase activity, acting on carbon–nitrogen (but not peptide) bonds in Spot B

Expression of hydrolase activity, acting on carbon–nitrogen (but not peptide) bonds in Spot C

Expression of hydrolase activity, acting on carbon–nitrogen (but not peptide) bonds in Spot D

Expression of hydrolase activity, acting on carbon–nitrogen (but not peptide) bonds in Spot E

Expression of hydrolase activity, acting on carbon–nitrogen (but not peptide) bonds in Spot F

Expression of hydrolase activity, acting on carbon–nitrogen (but not peptide) bonds in Spot G

Expression of hydrolase activity, acting on carbon–nitrogen (but not peptide) bonds in Spot H

Expression of hydrolase activity, acting on carbon–nitrogen (but not peptide) bonds in Spot I

Expression of hydrolase activity, acting on carbon–nitrogen (but not peptide) bonds in Spot J

Expression of hydrolase activity, acting on carbon–nitrogen (but not peptide) bonds in Spot K

Expression of hydrolase activity, acting on carbon–nitrogen (but not peptide) bonds in Spot L

Expression of hydrolase activity, acting on carbon–nitrogen (but not peptide) bonds in Spot M

Expression of hydrolase activity, acting on carbon–nitrogen (but not peptide) bonds in Spot N

Expression of hydrolase activity, acting on carbon–nitrogen (but not peptide) bonds in Spot O

Expression of hydrolase activity, acting on carbon–nitrogen (but not peptide) bonds in Spot P
