

induction of positive chemotaxis

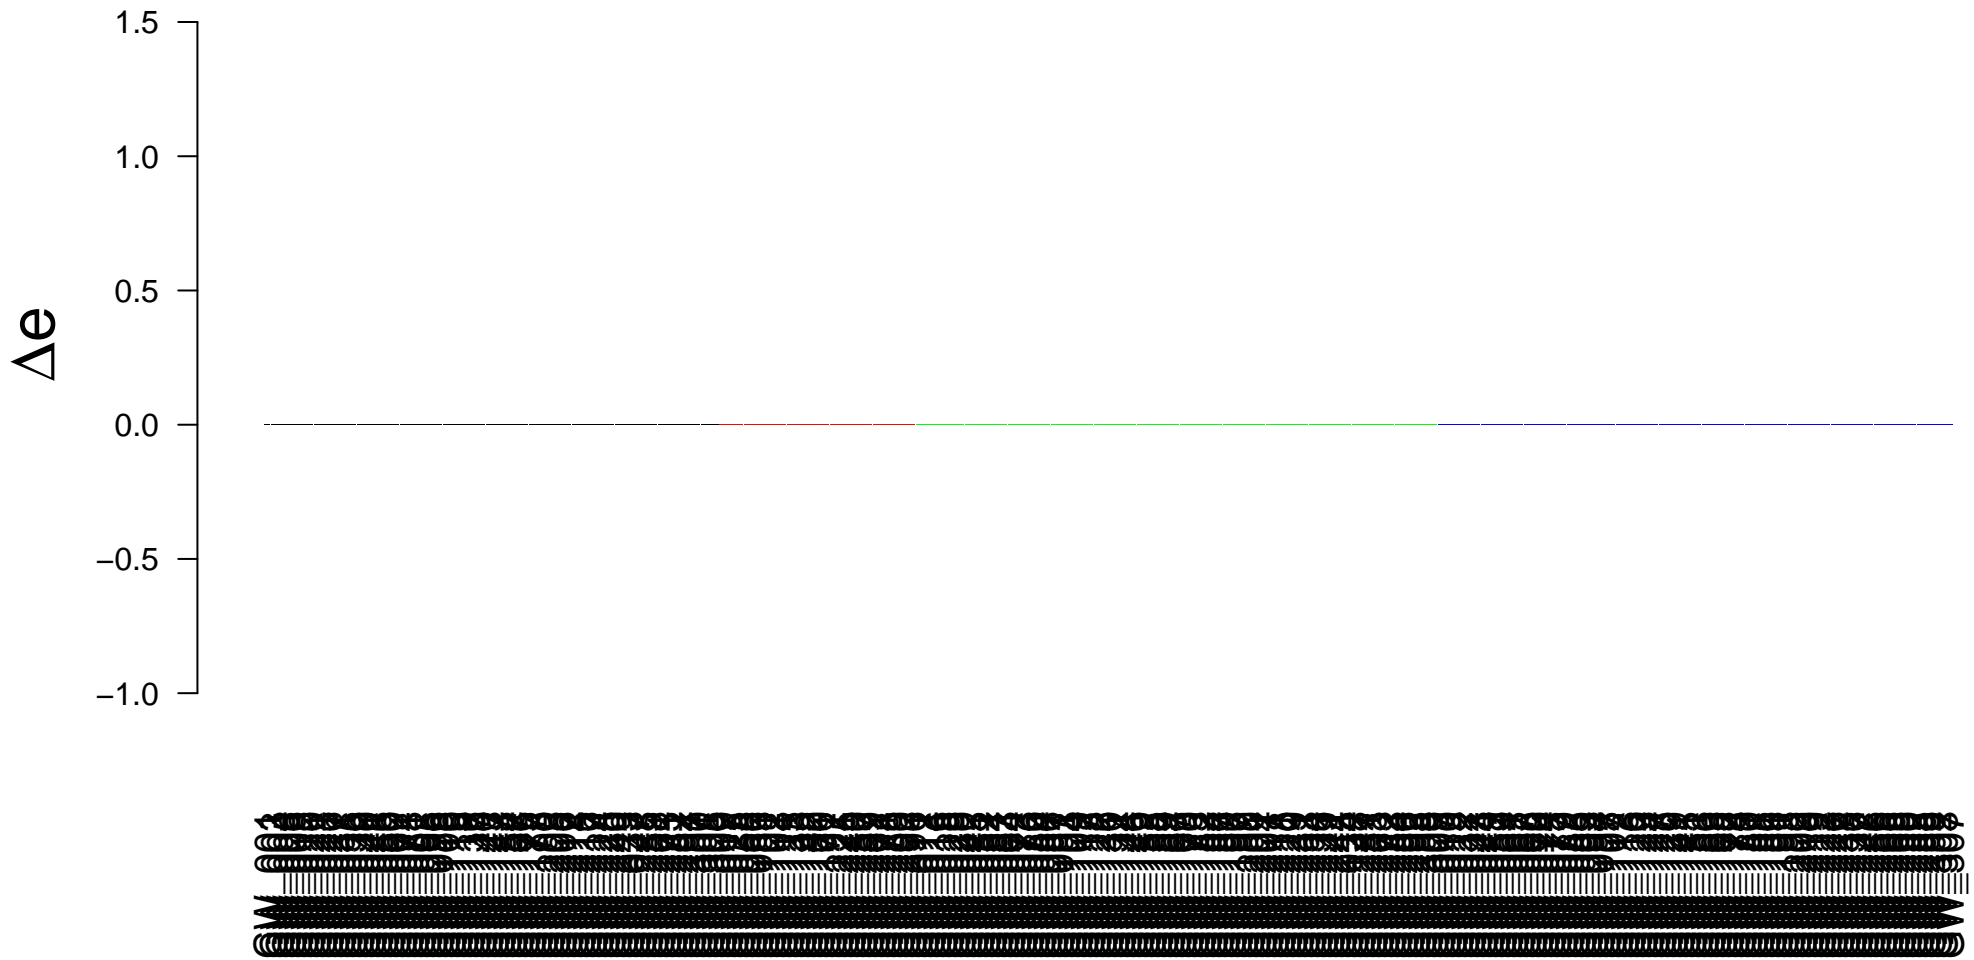

induction of positive chemotaxis

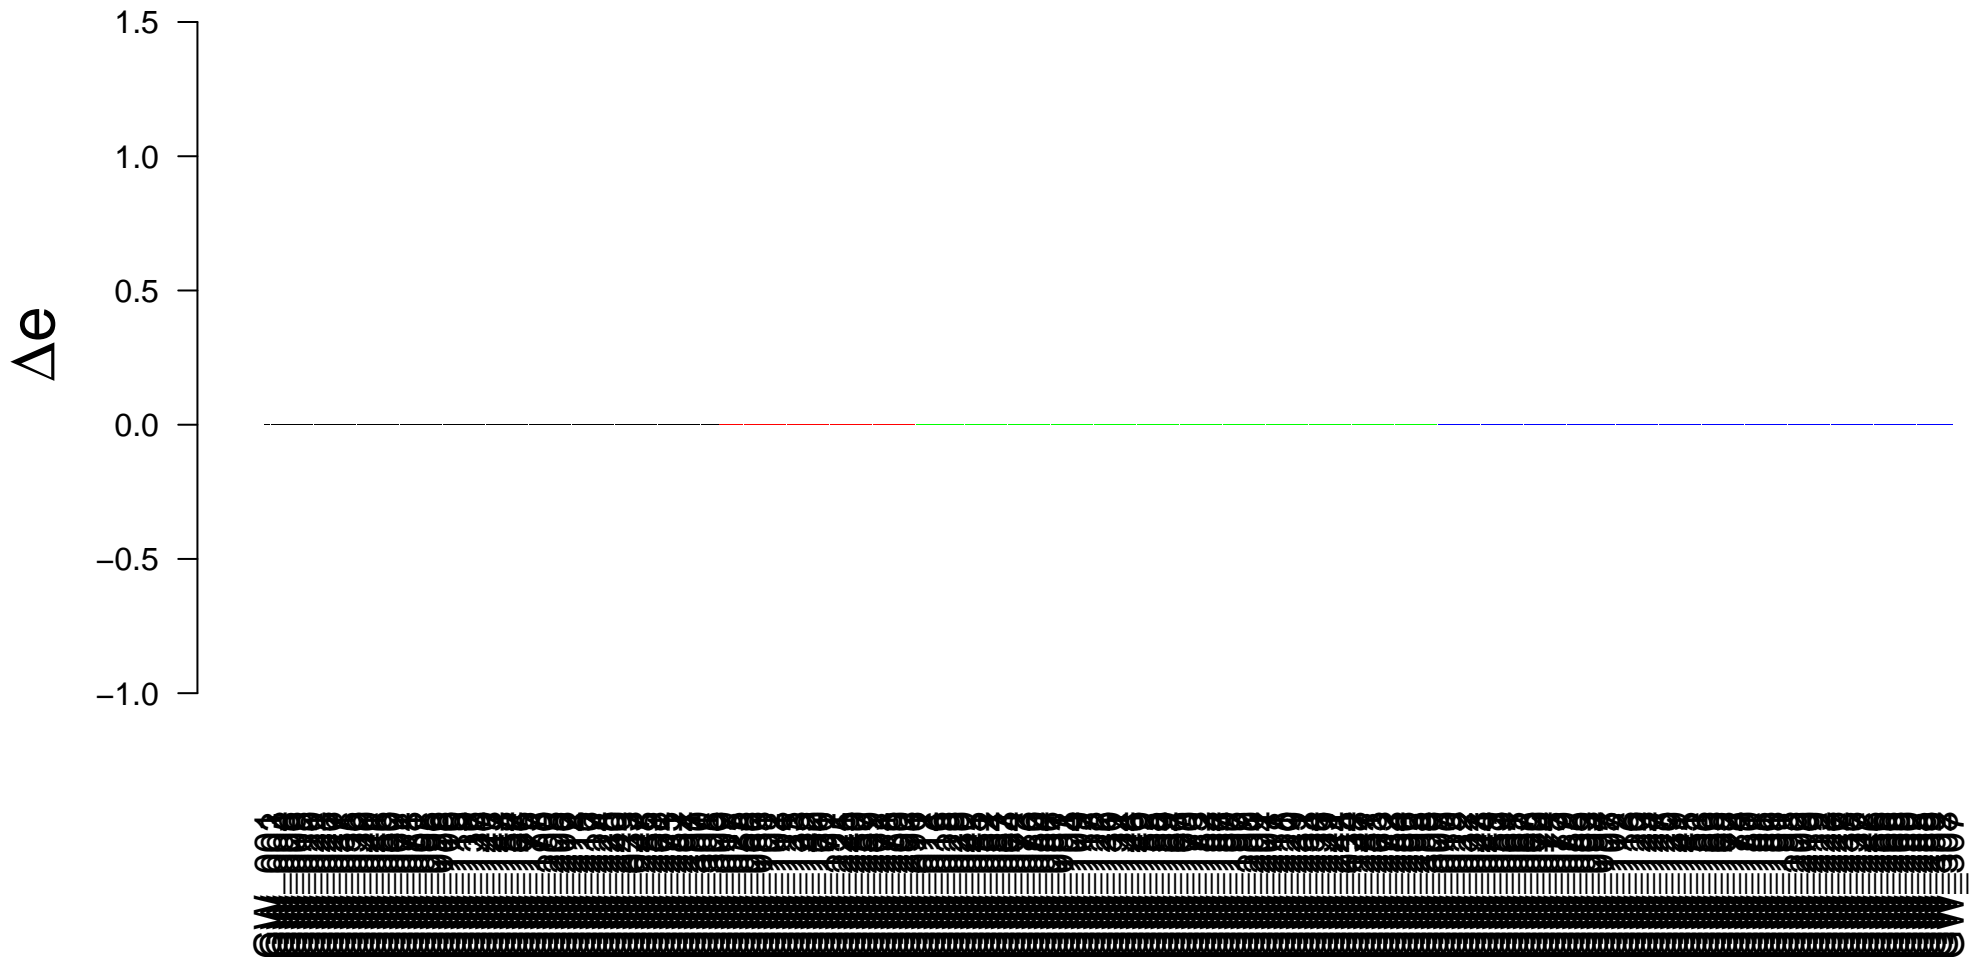

Enrichment in spots: induction of positive chemotaxis

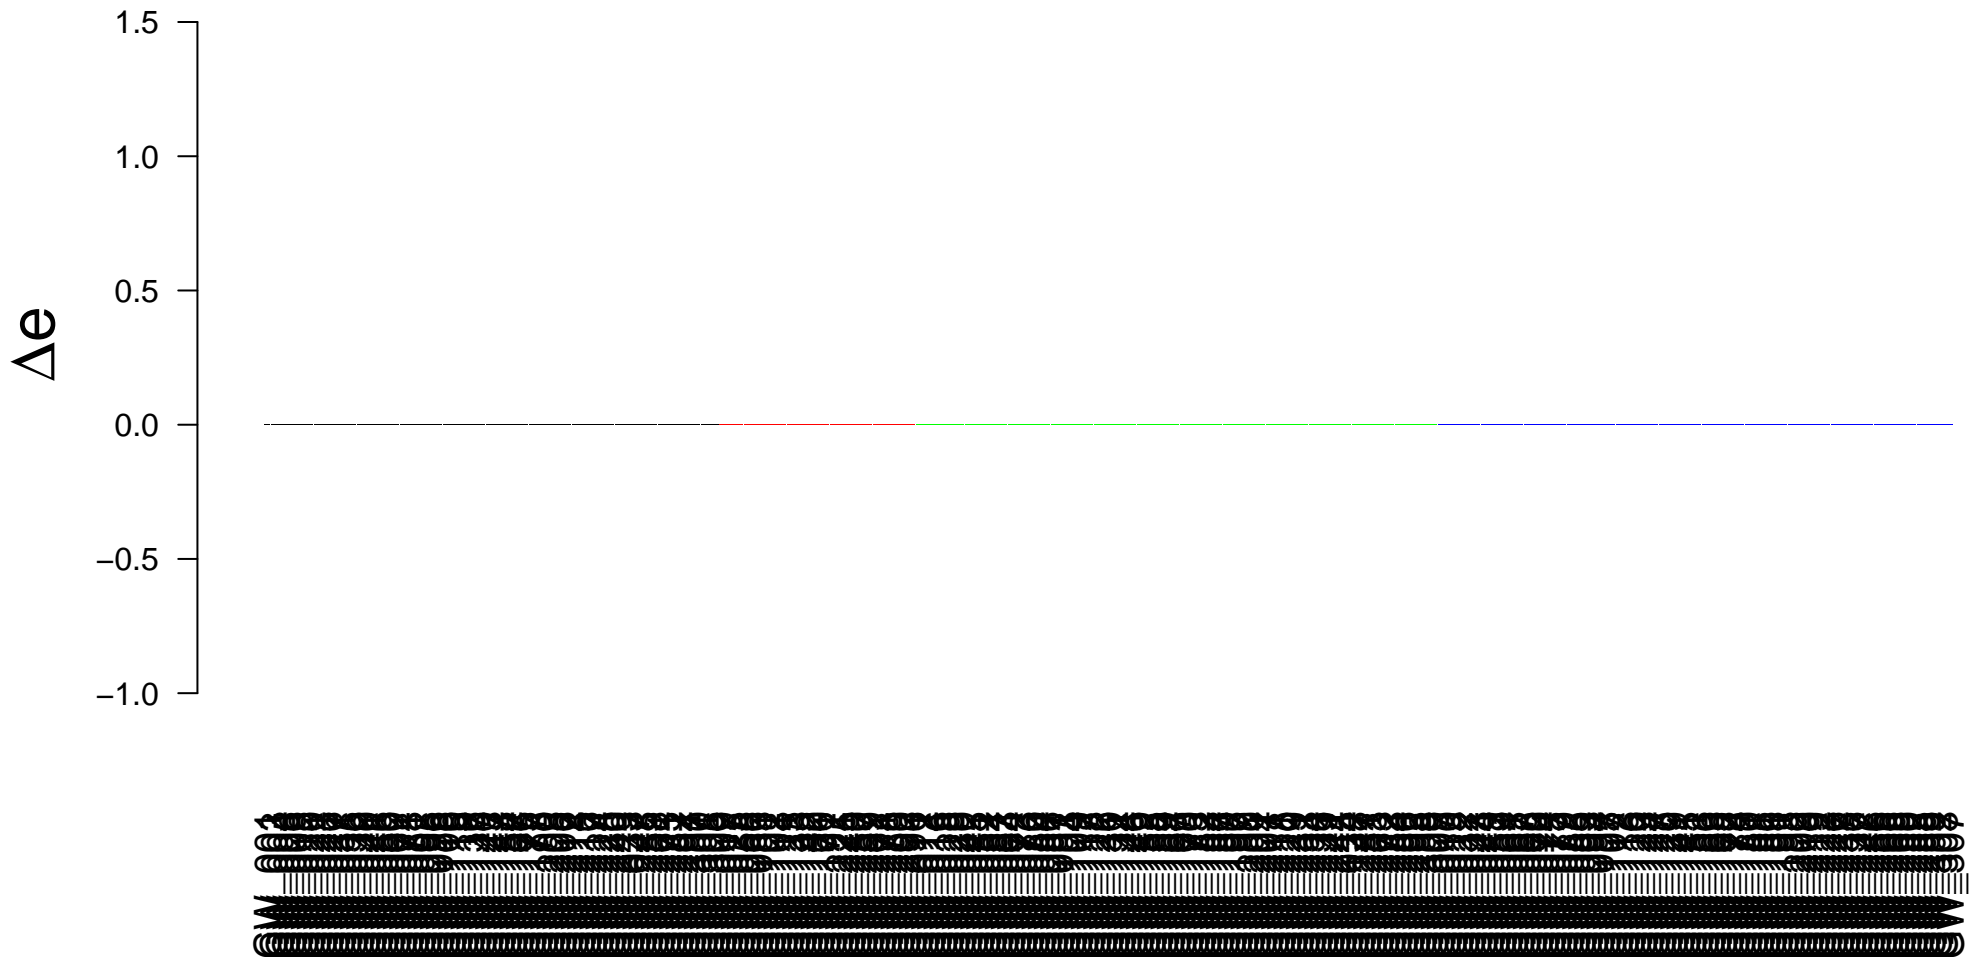

Expression of induction of positive chemotaxis in Spot A

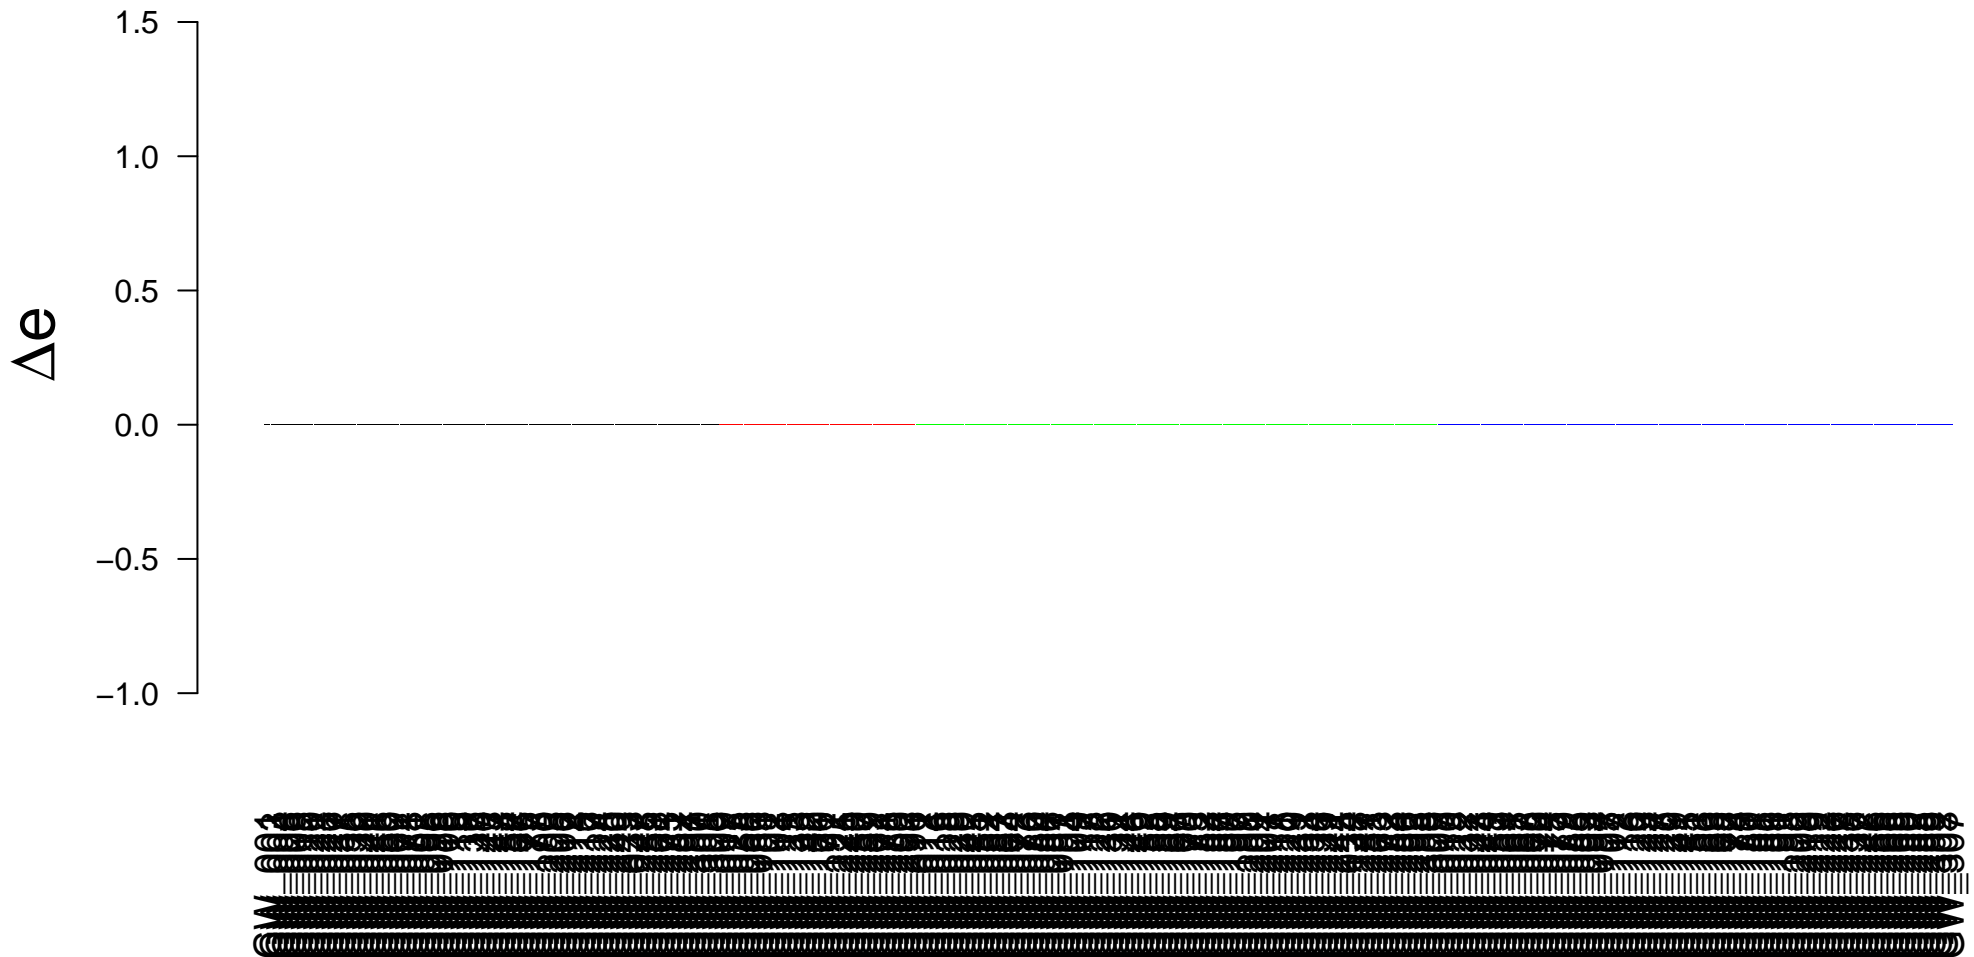

Expression of induction of positive chemotaxis in Spot B

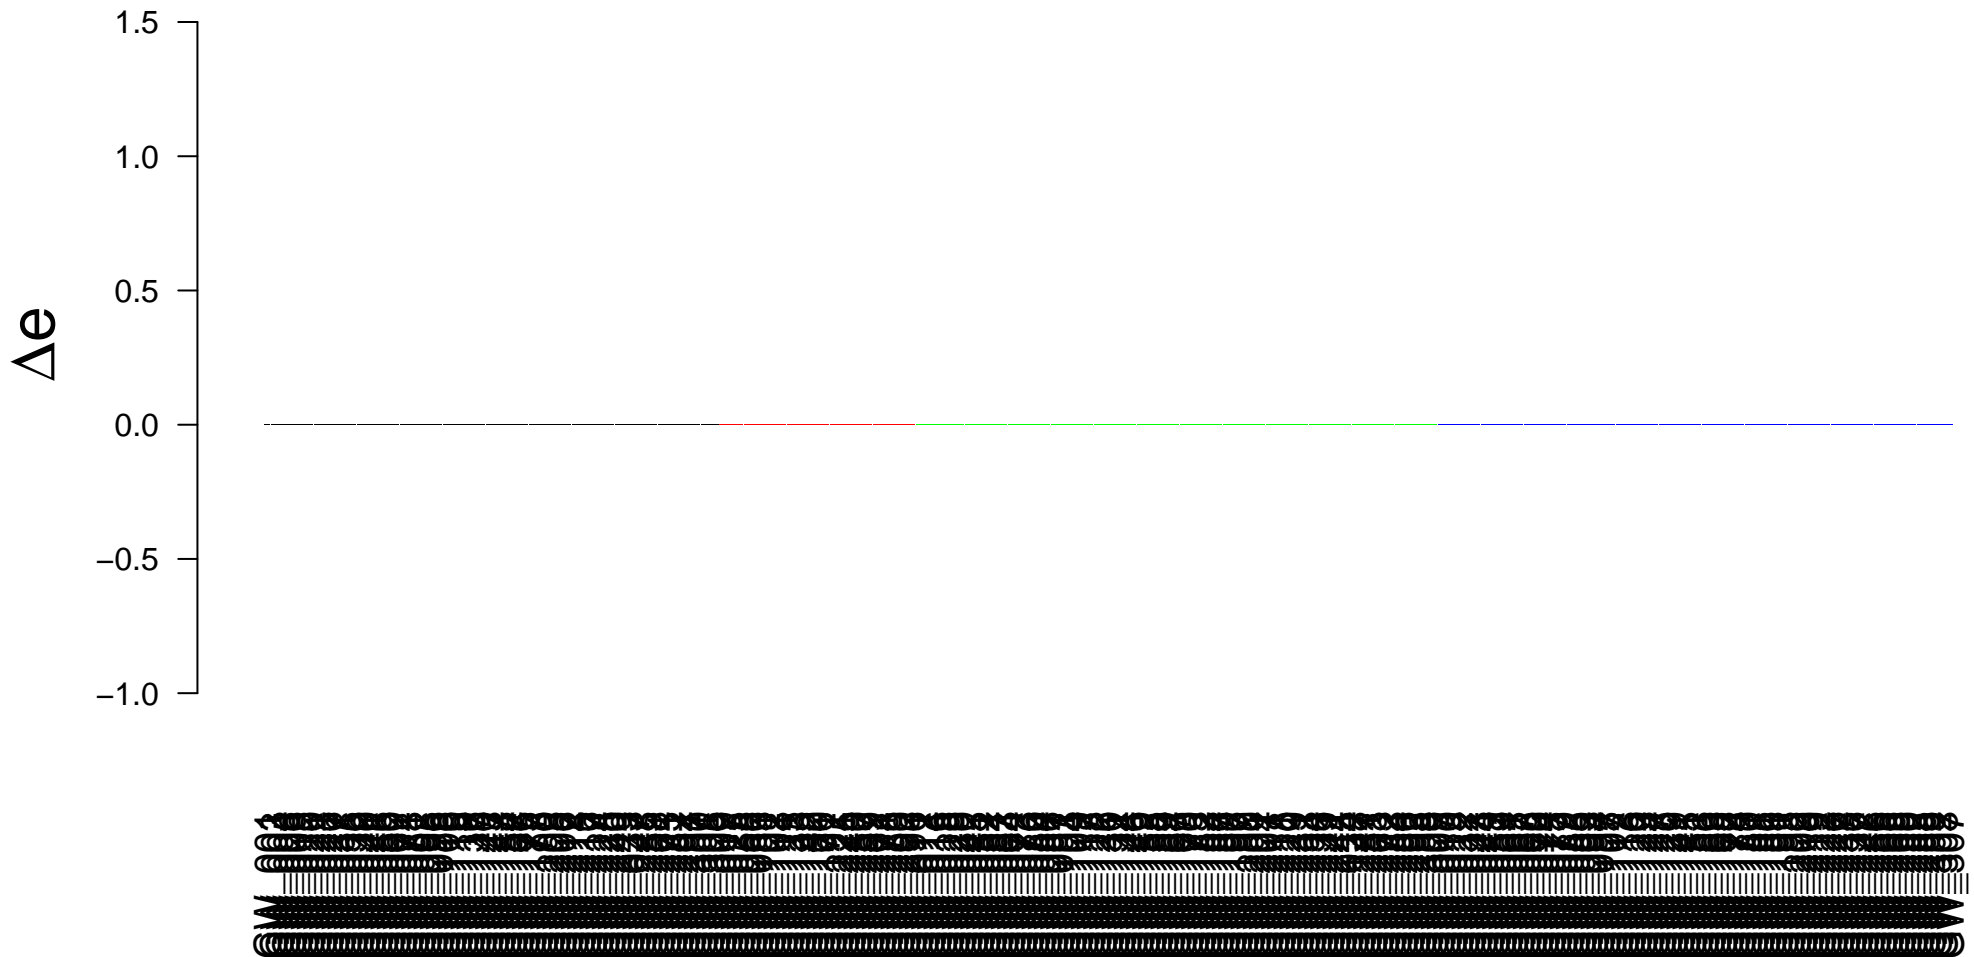

Expression of induction of positive chemotaxis in Spot C

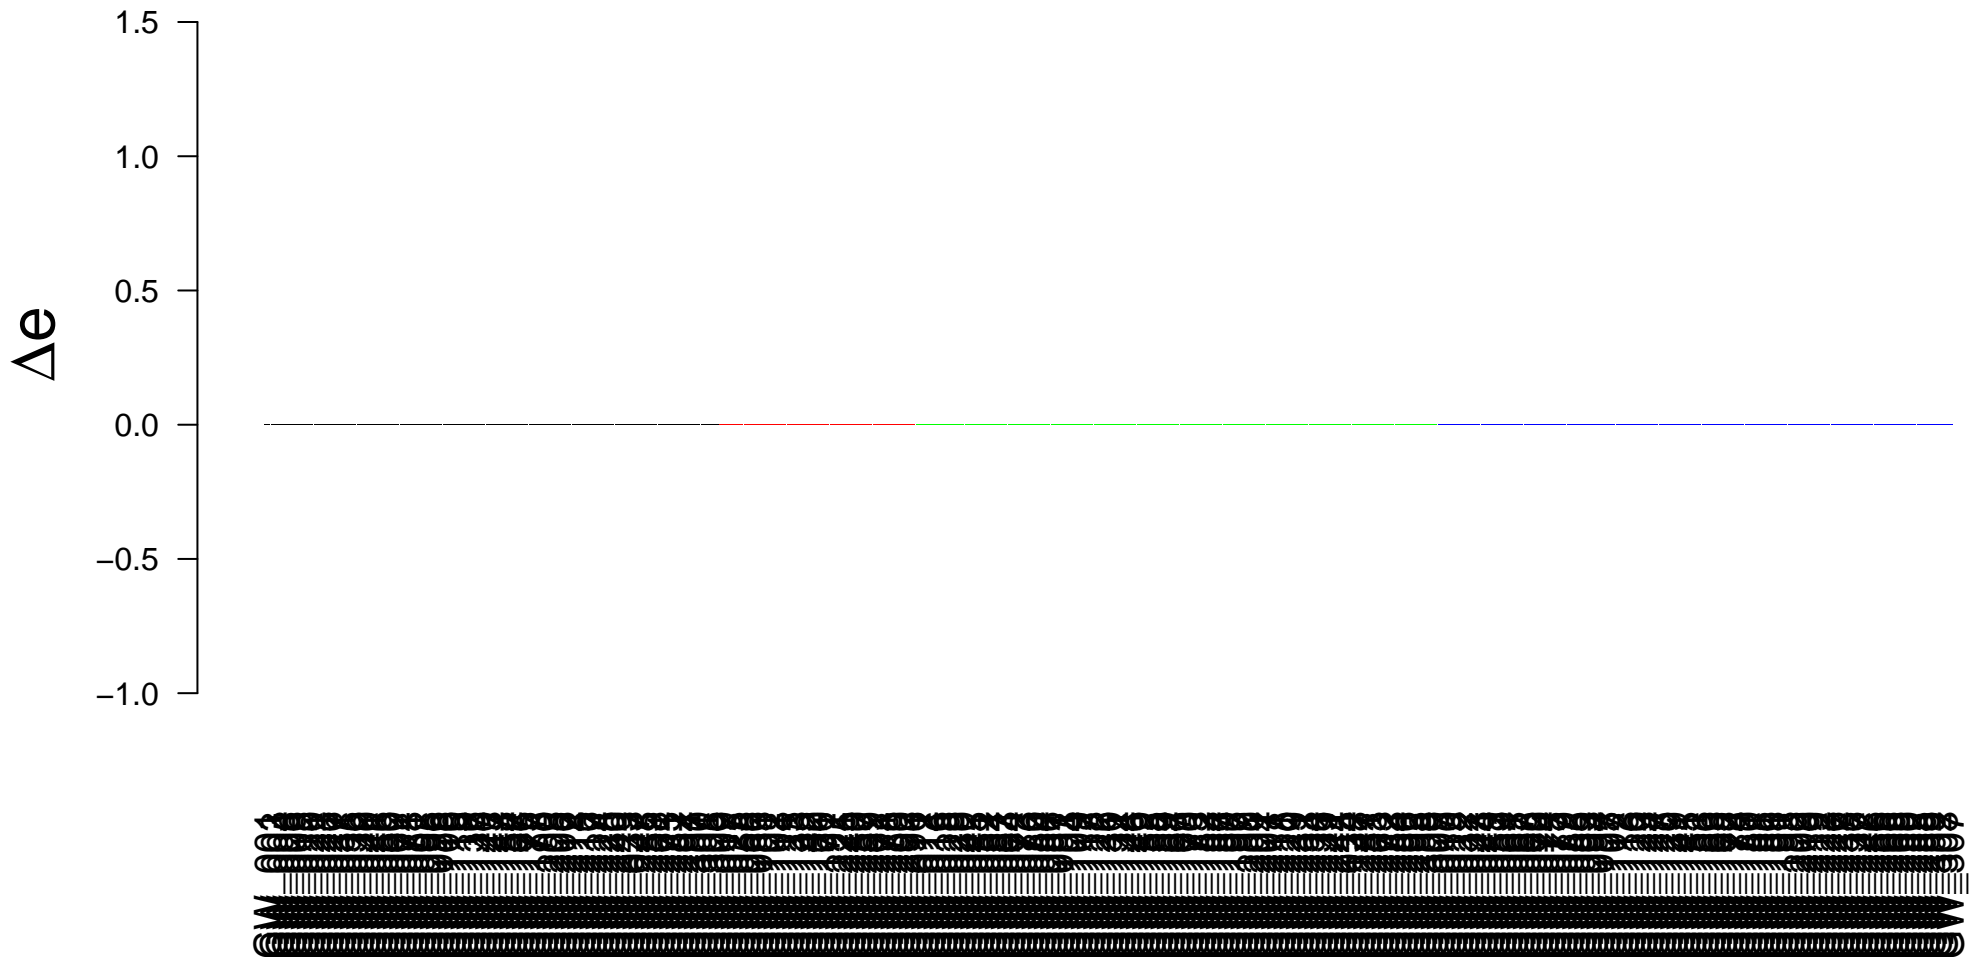

Expression of induction of positive chemotaxis in Spot D

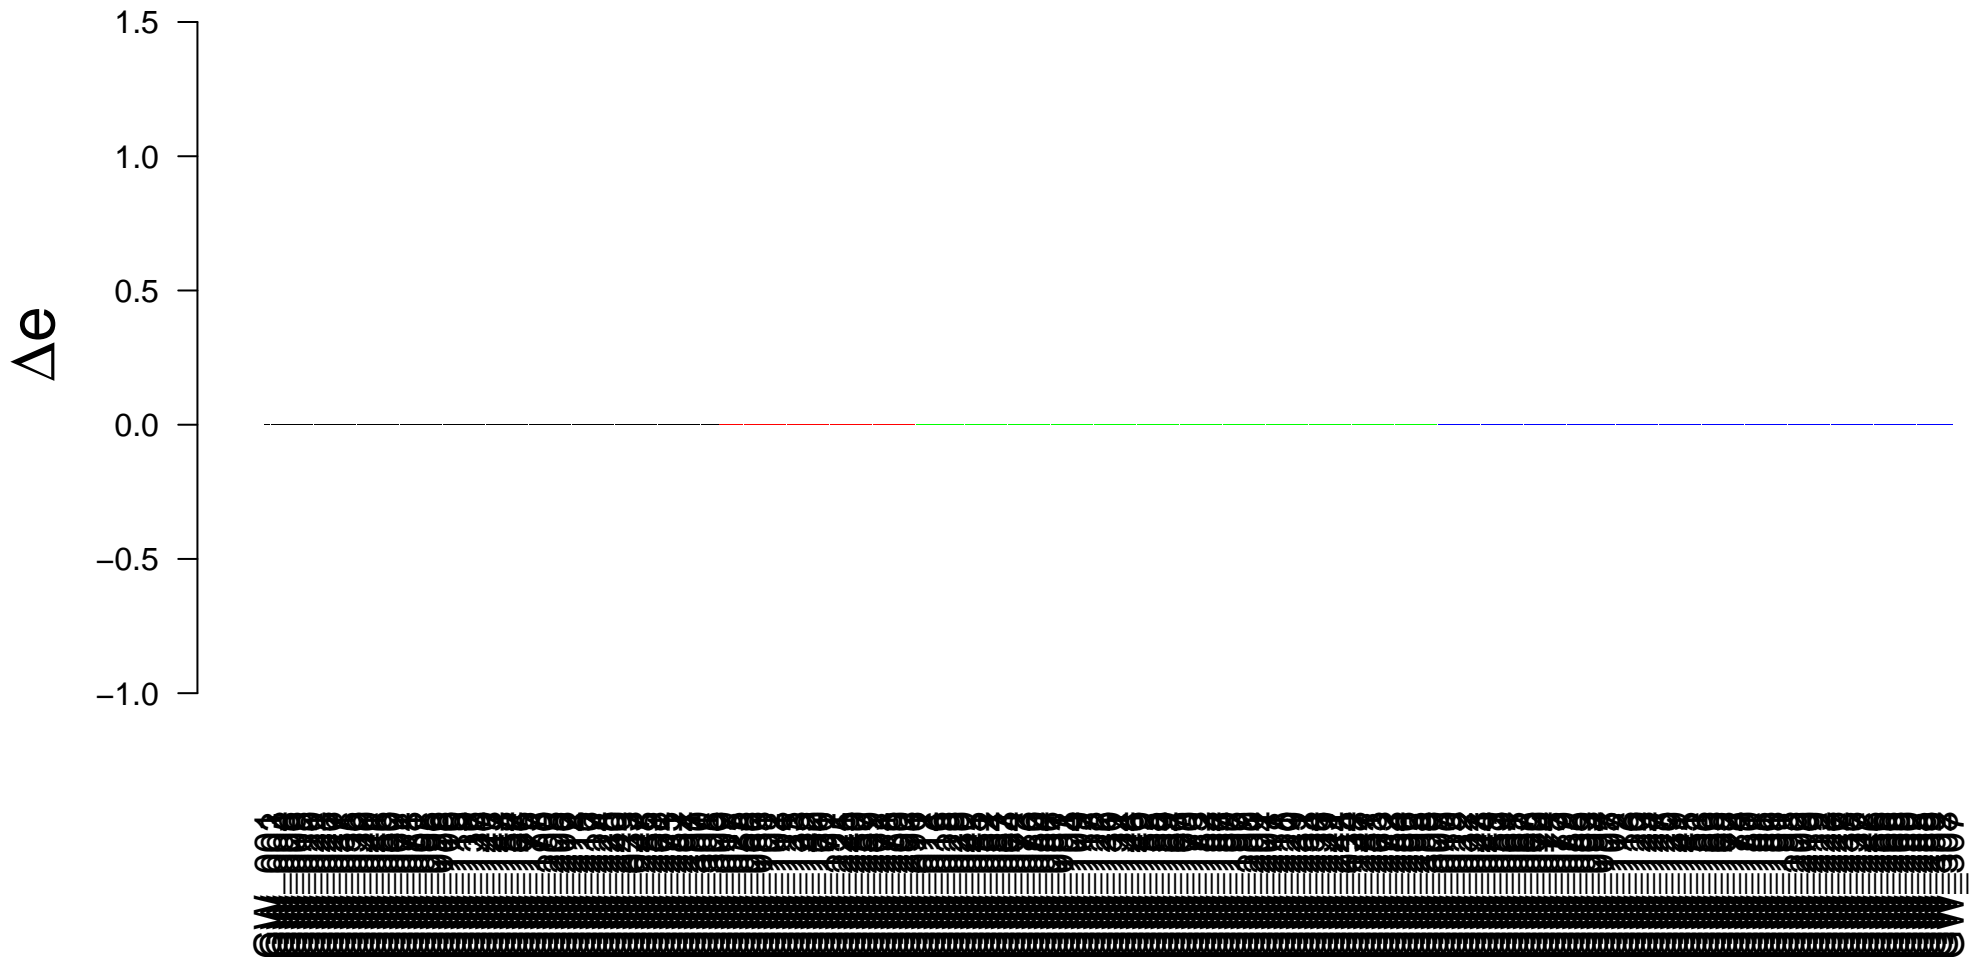

Expression of induction of positive chemotaxis in Spot E

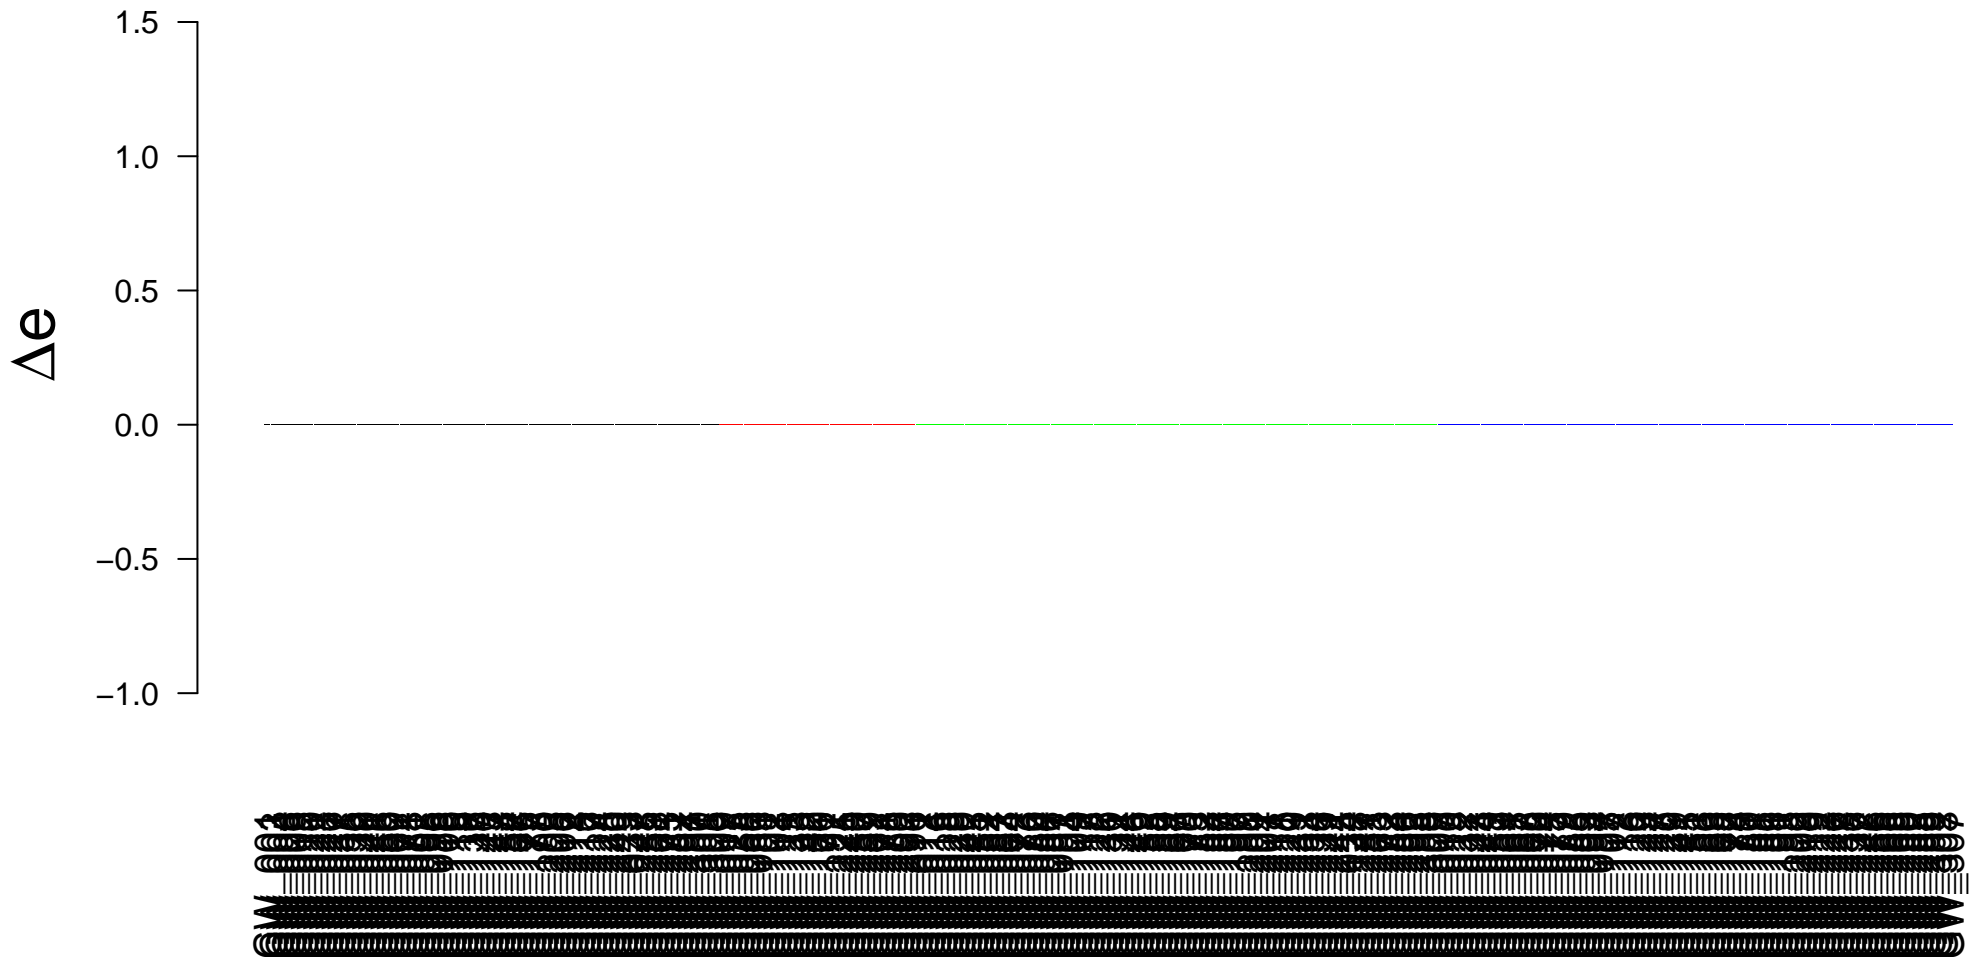

Expression of induction of positive chemotaxis in Spot F

Expression of induction of positive chemotaxis in Spot G

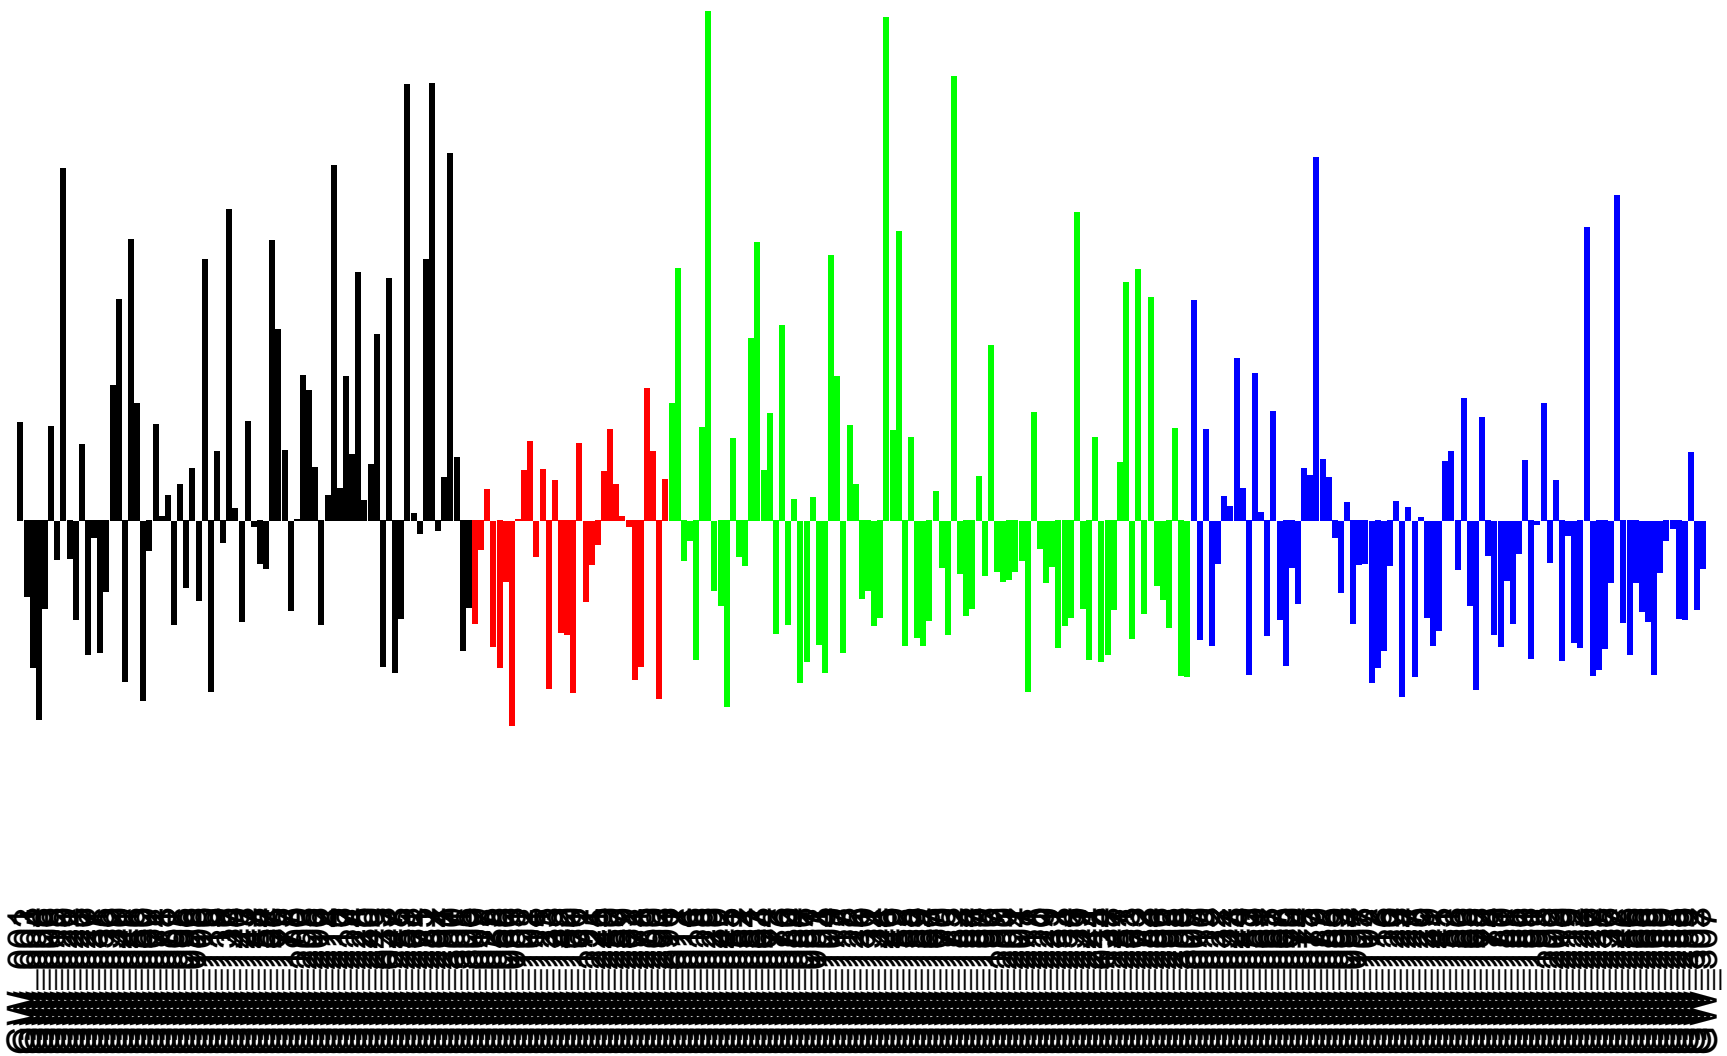

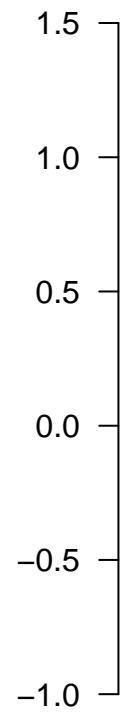

Expression of induction of positive chemotaxis in Spot H

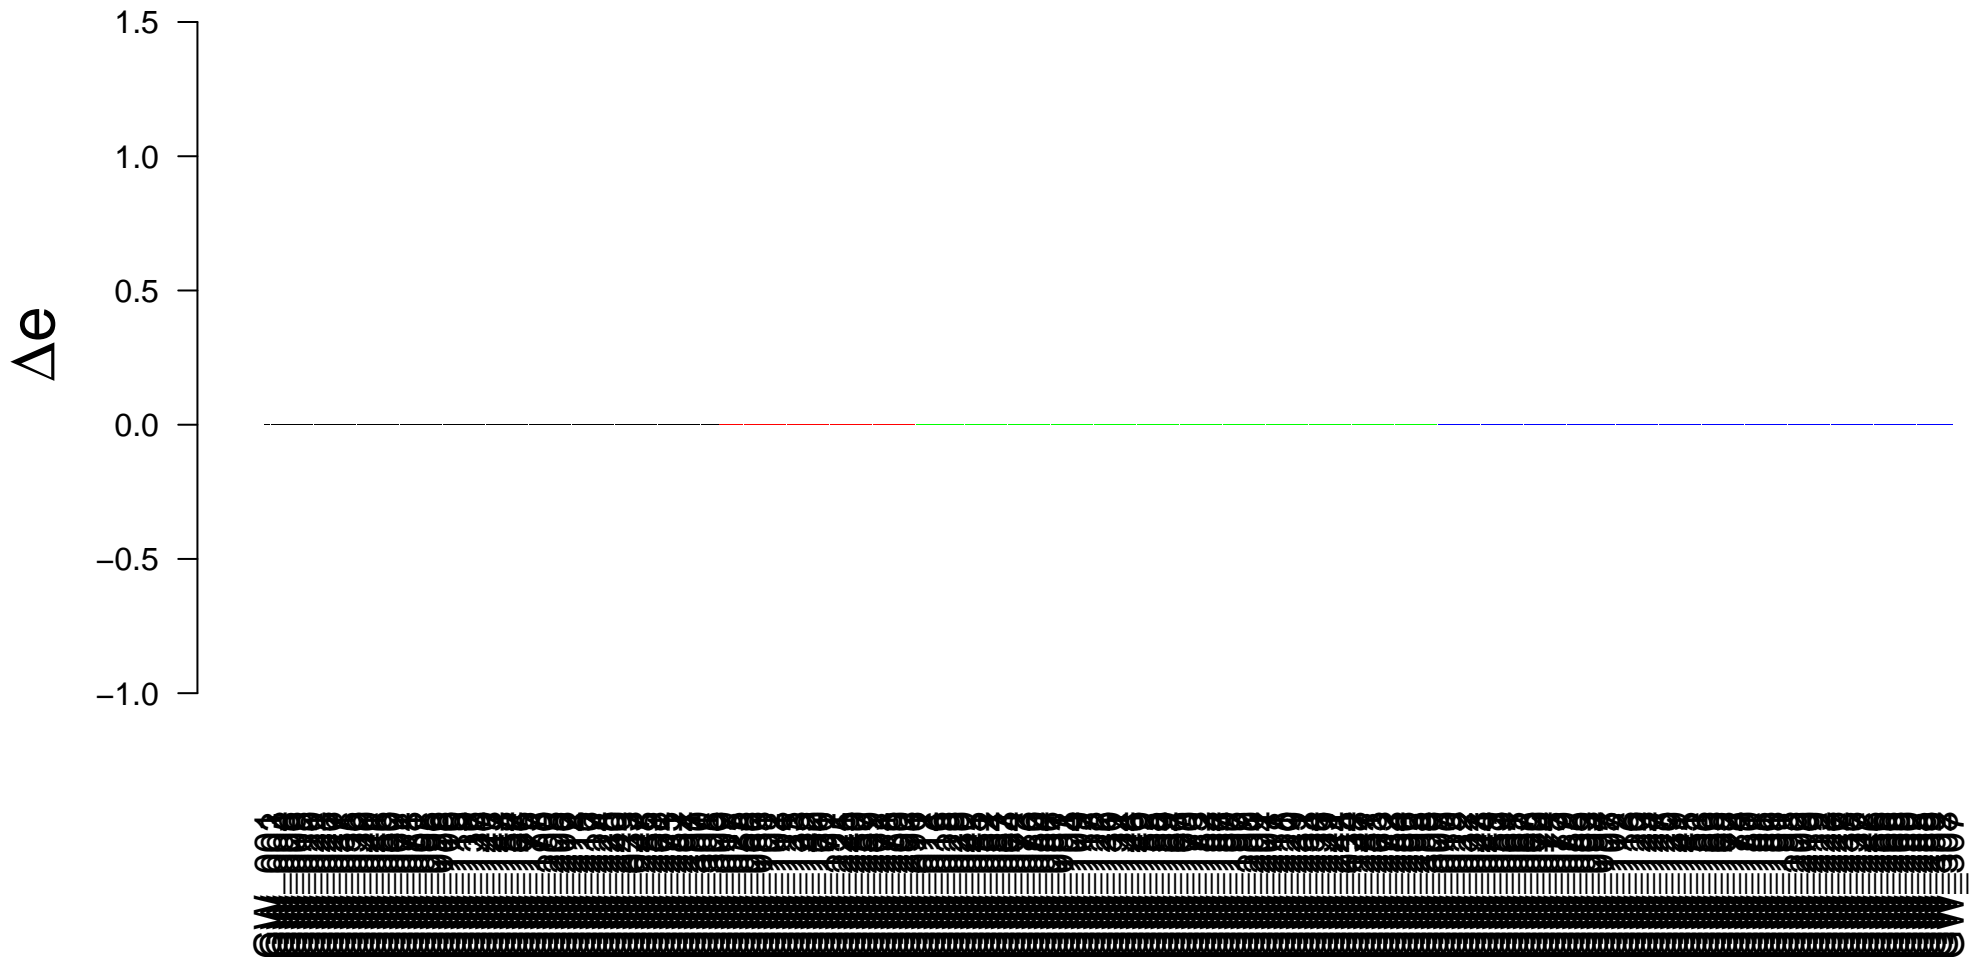

Expression of induction of positive chemotaxis in Spot I

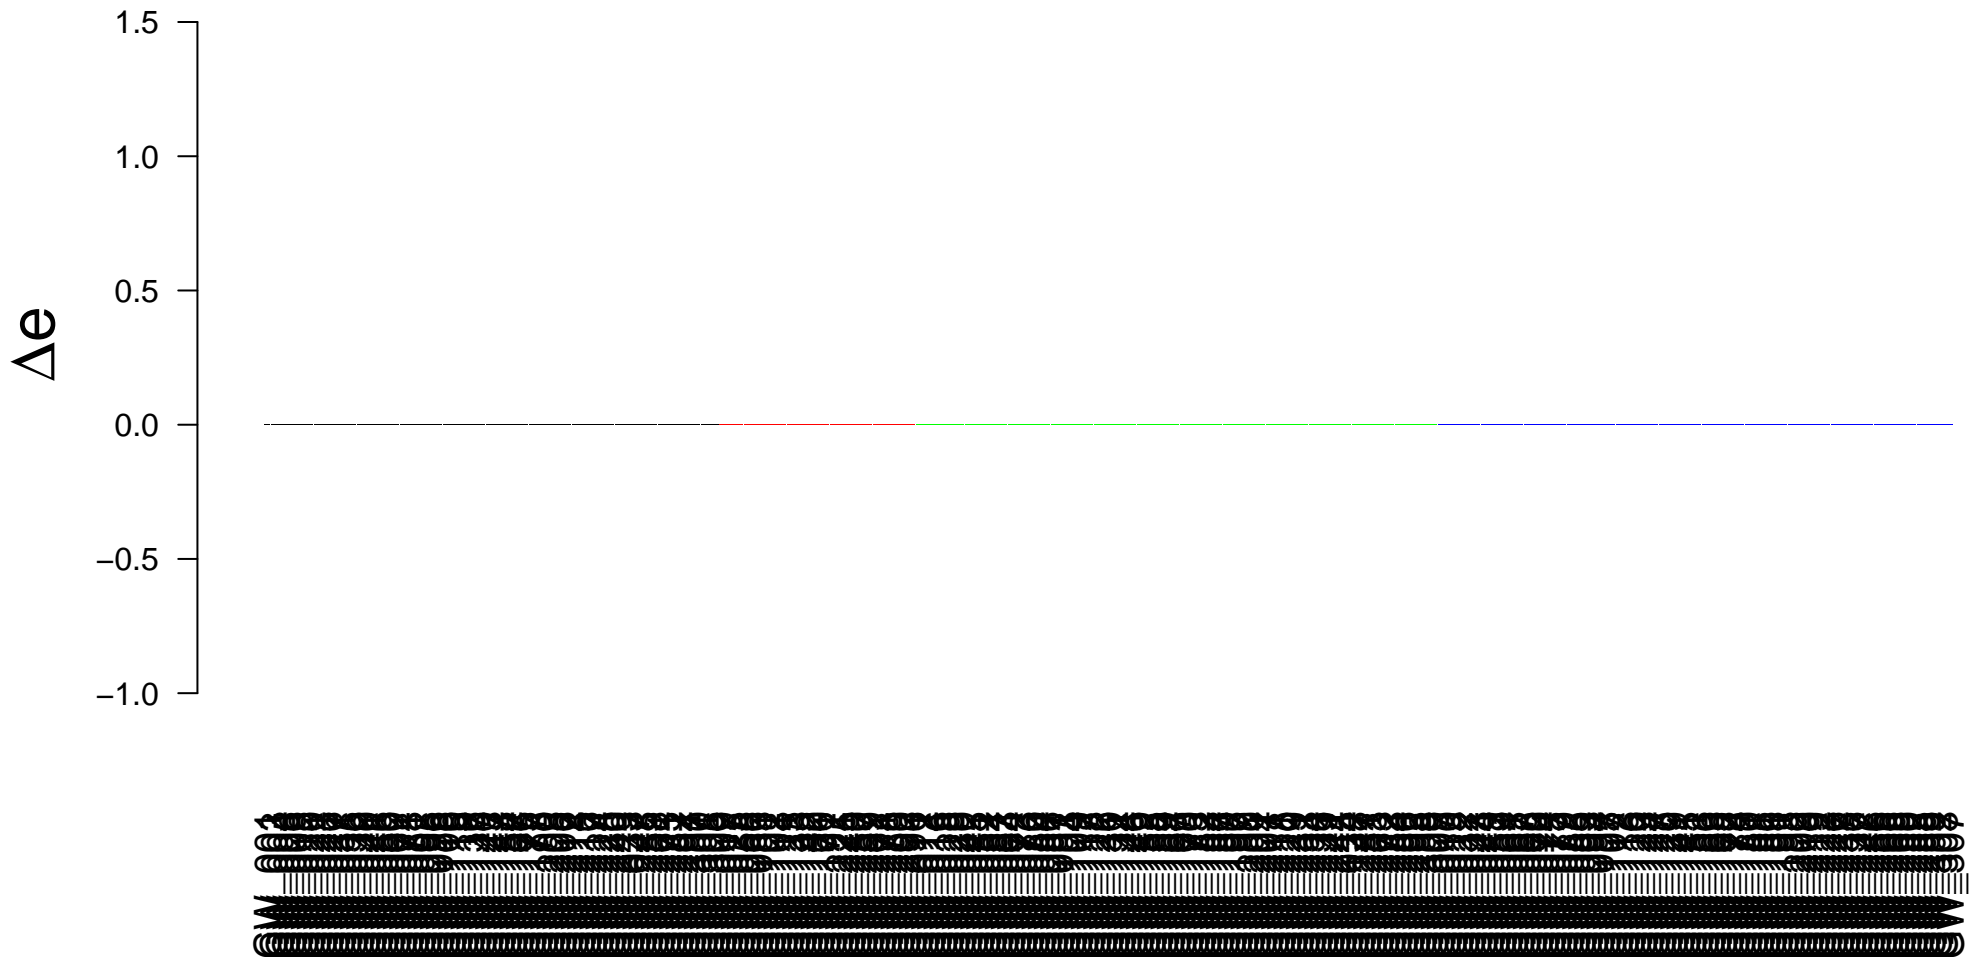

Δe

Expression of induction of positive chemotaxis in Spot J

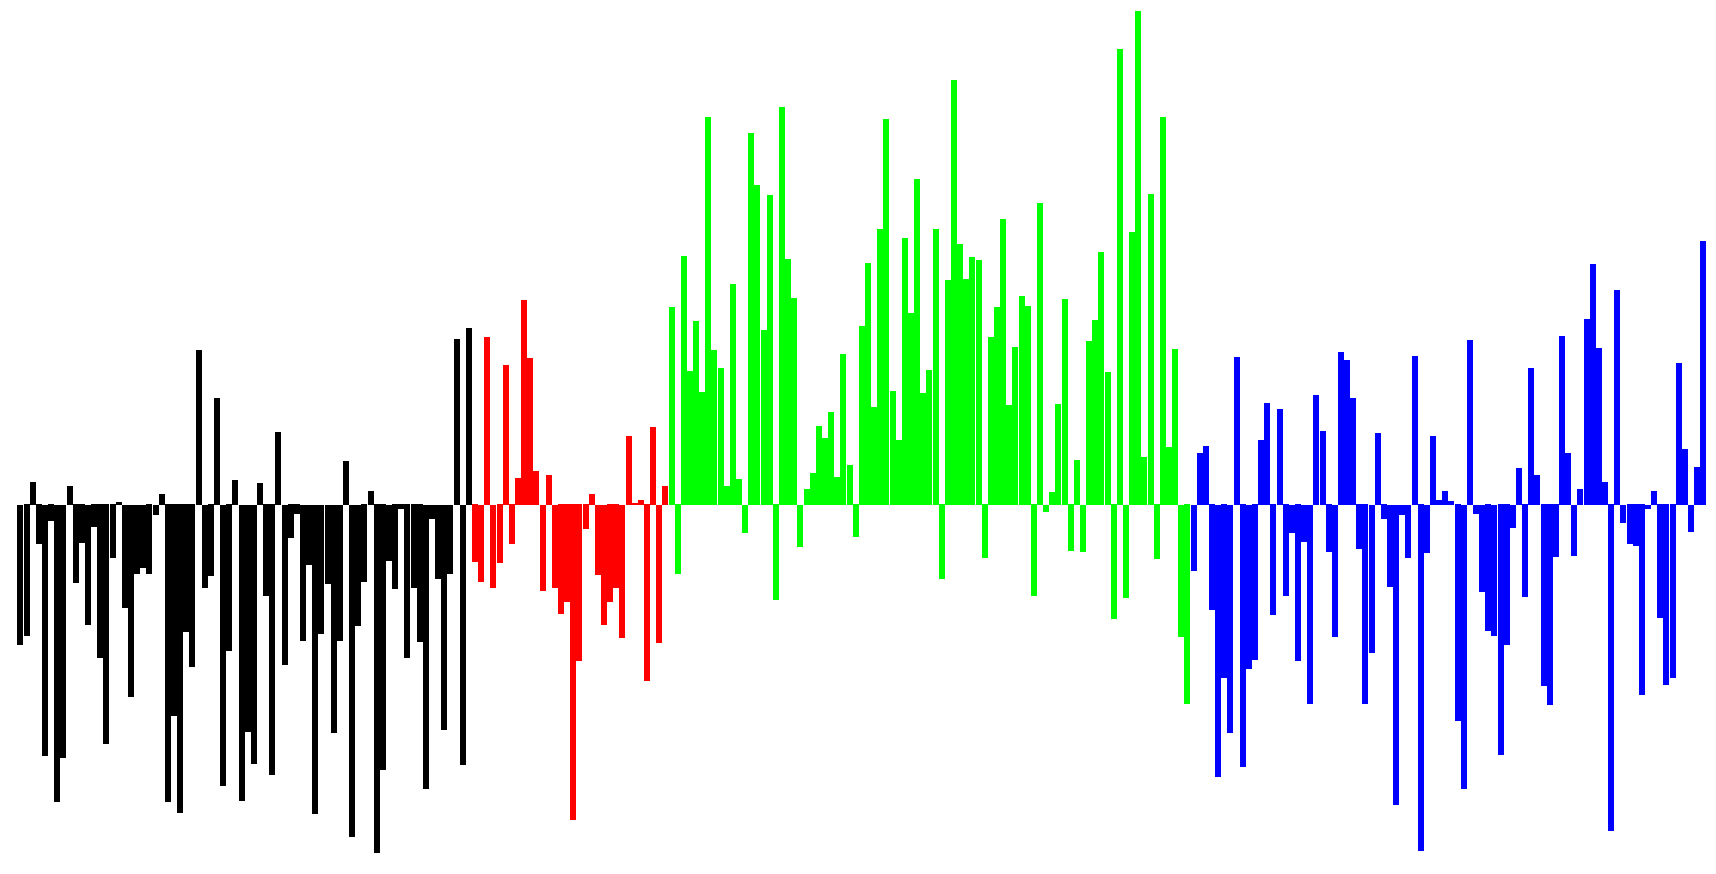

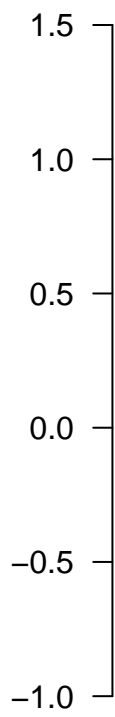

Expression of induction of positive chemotaxis in Spot K

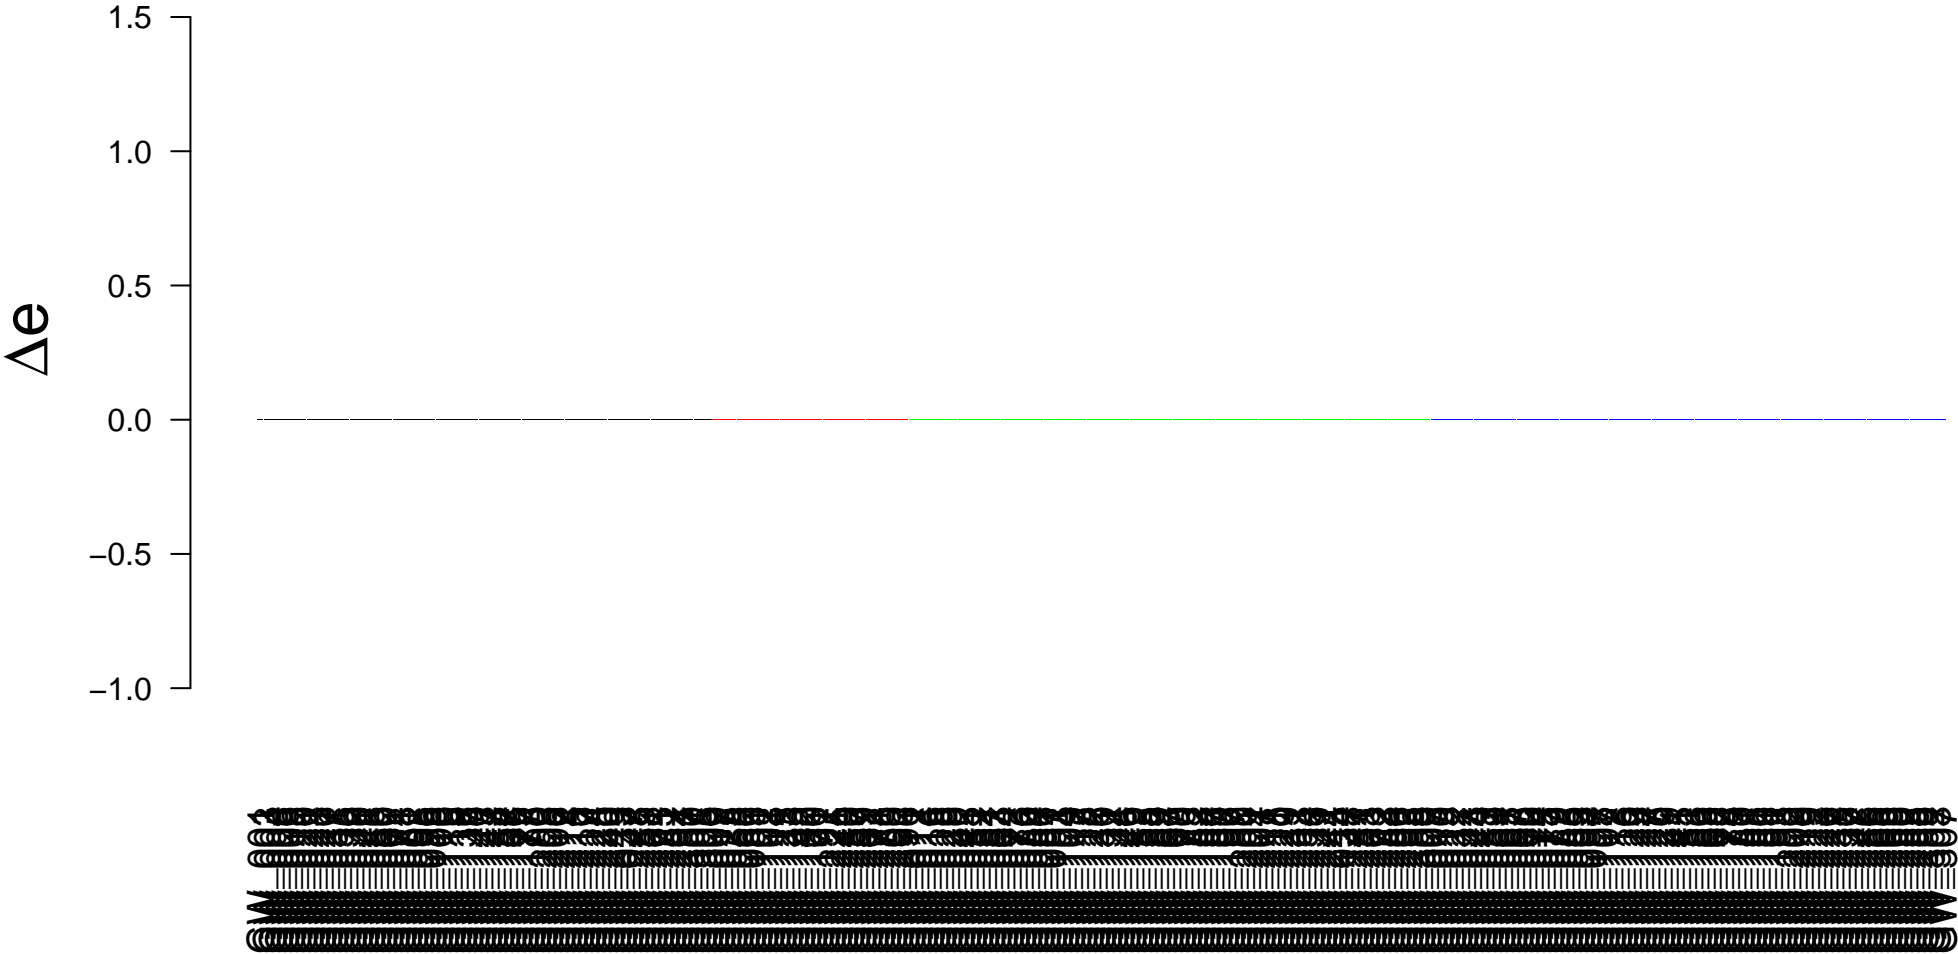

Expression of induction of positive chemotaxis in Spot L

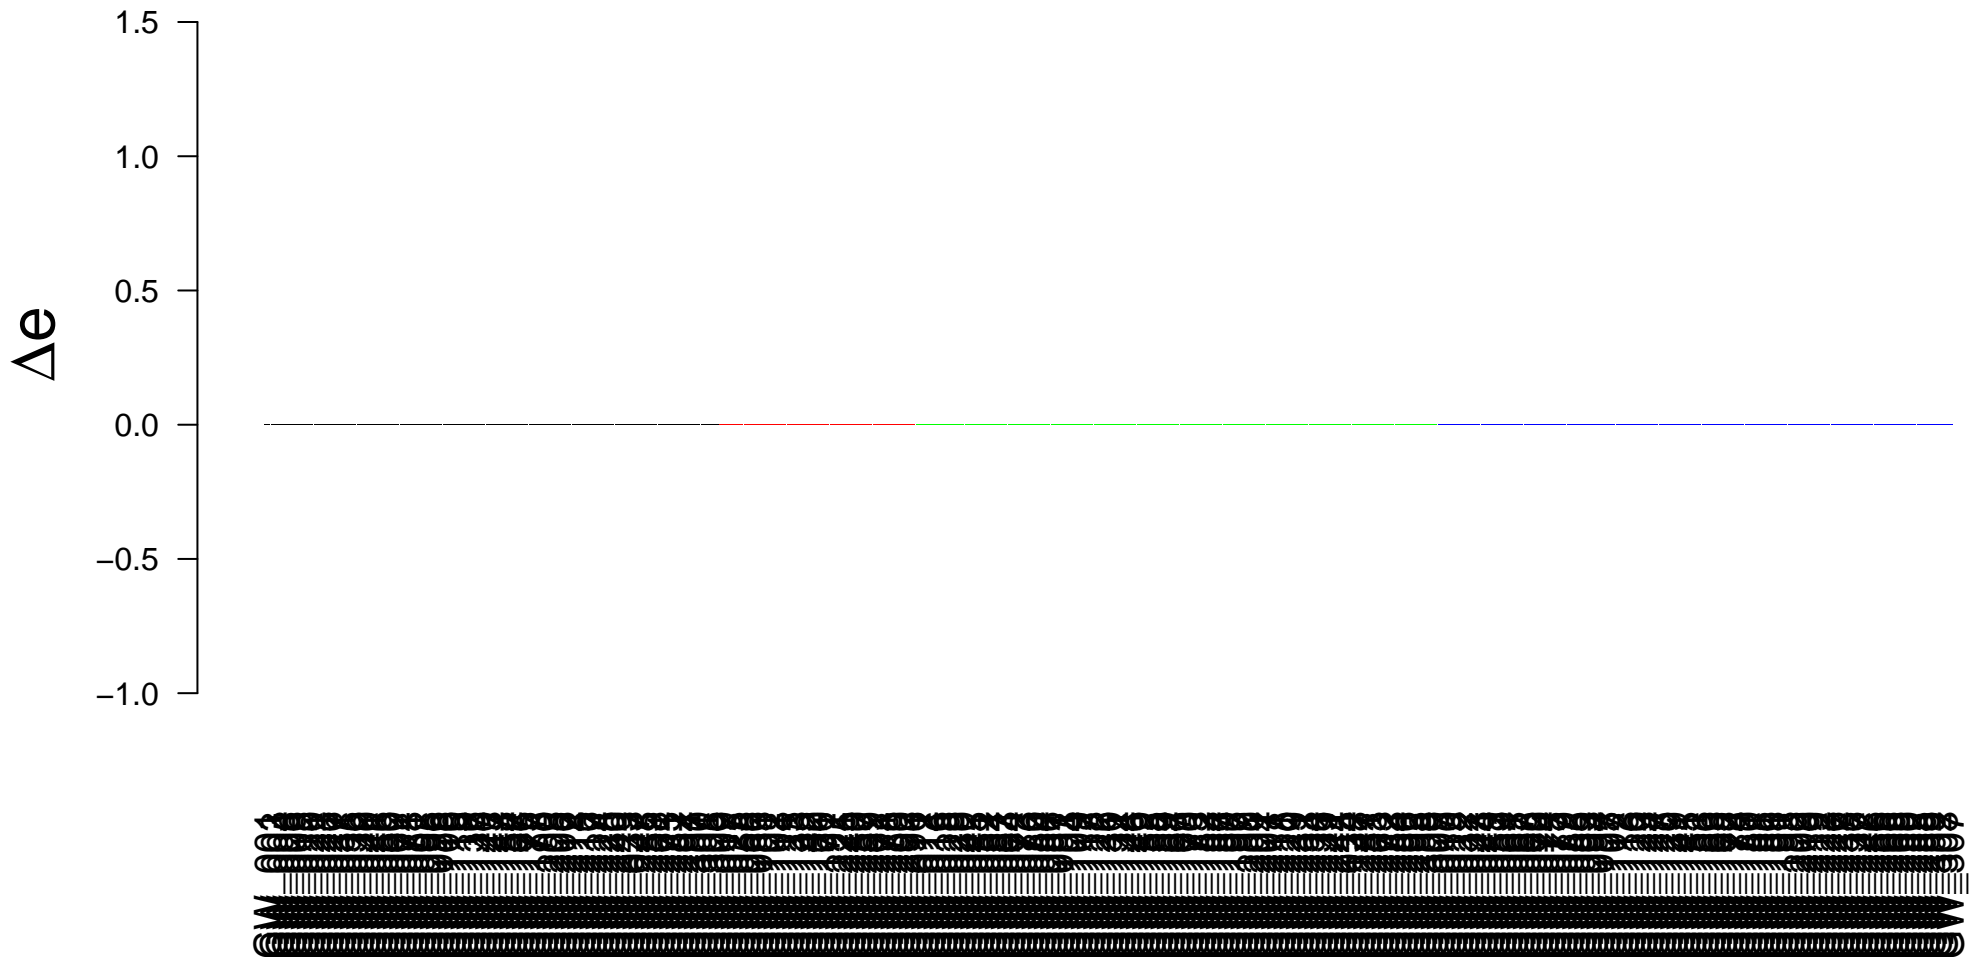

Δe

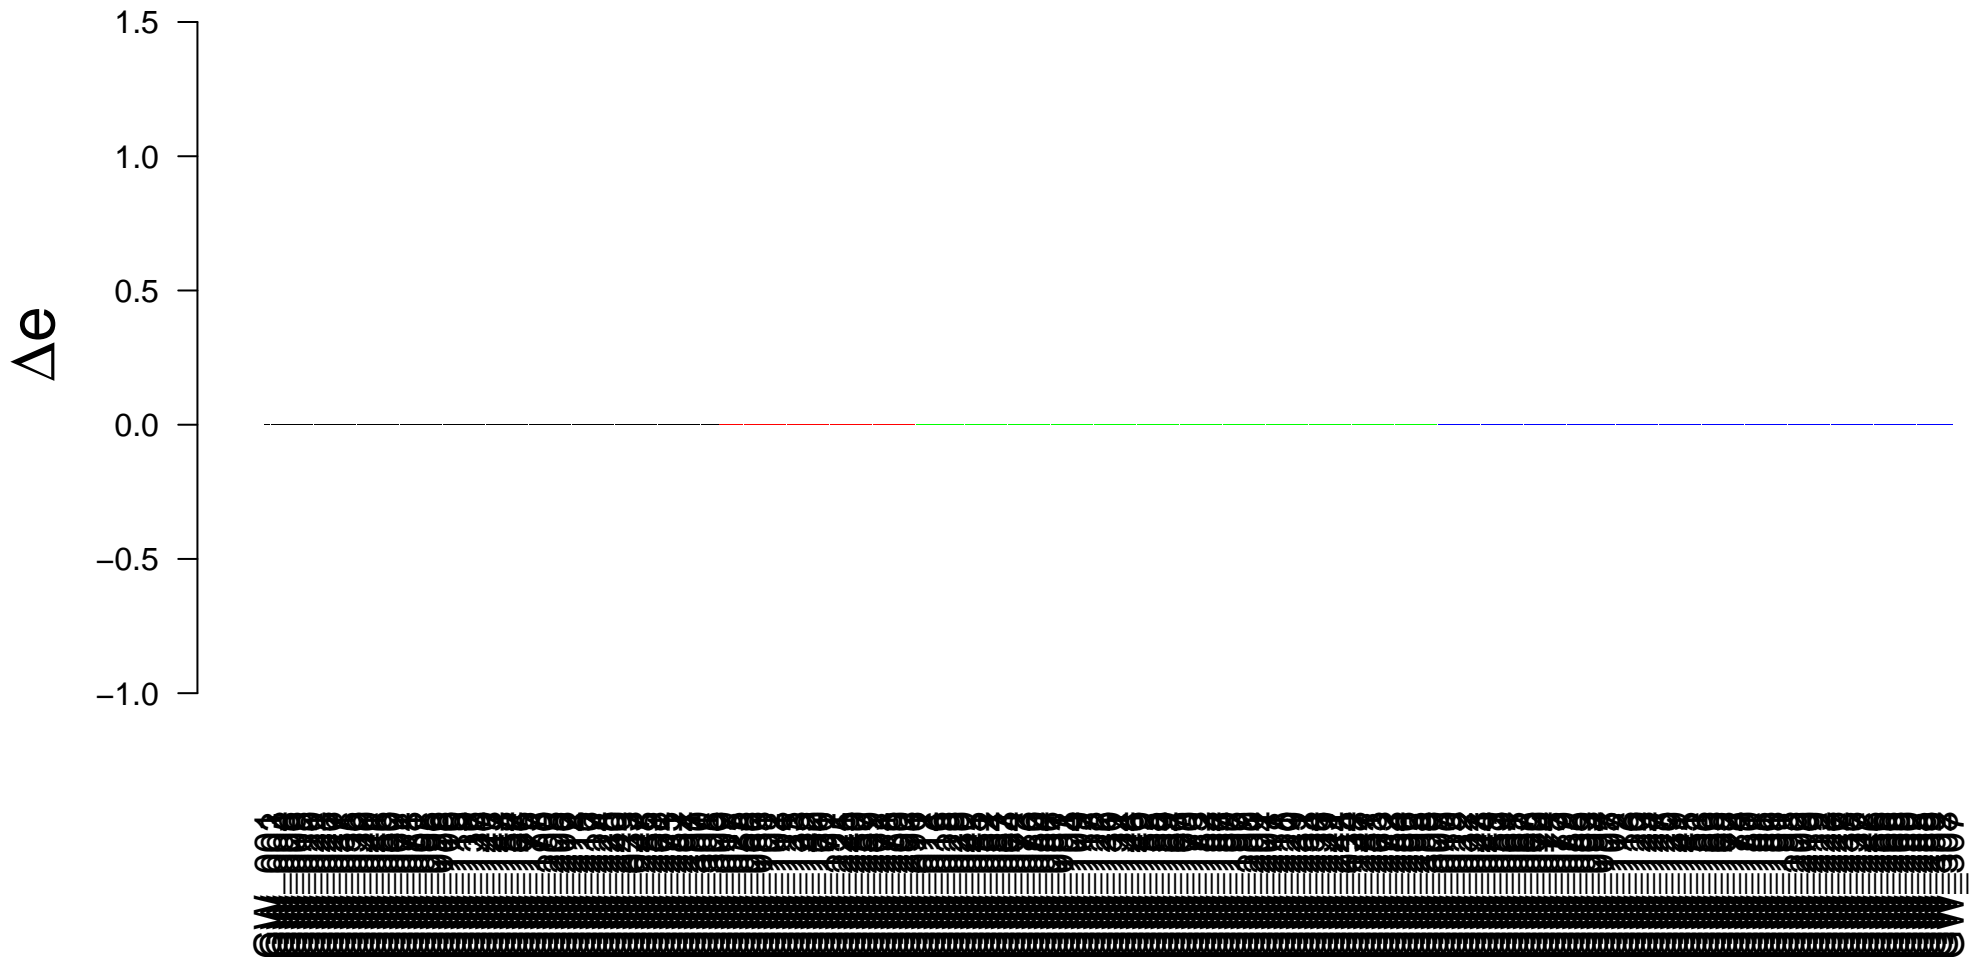

Expression of induction of positive chemotaxis in Spot M

Expression of induction of positive chemotaxis in Spot N

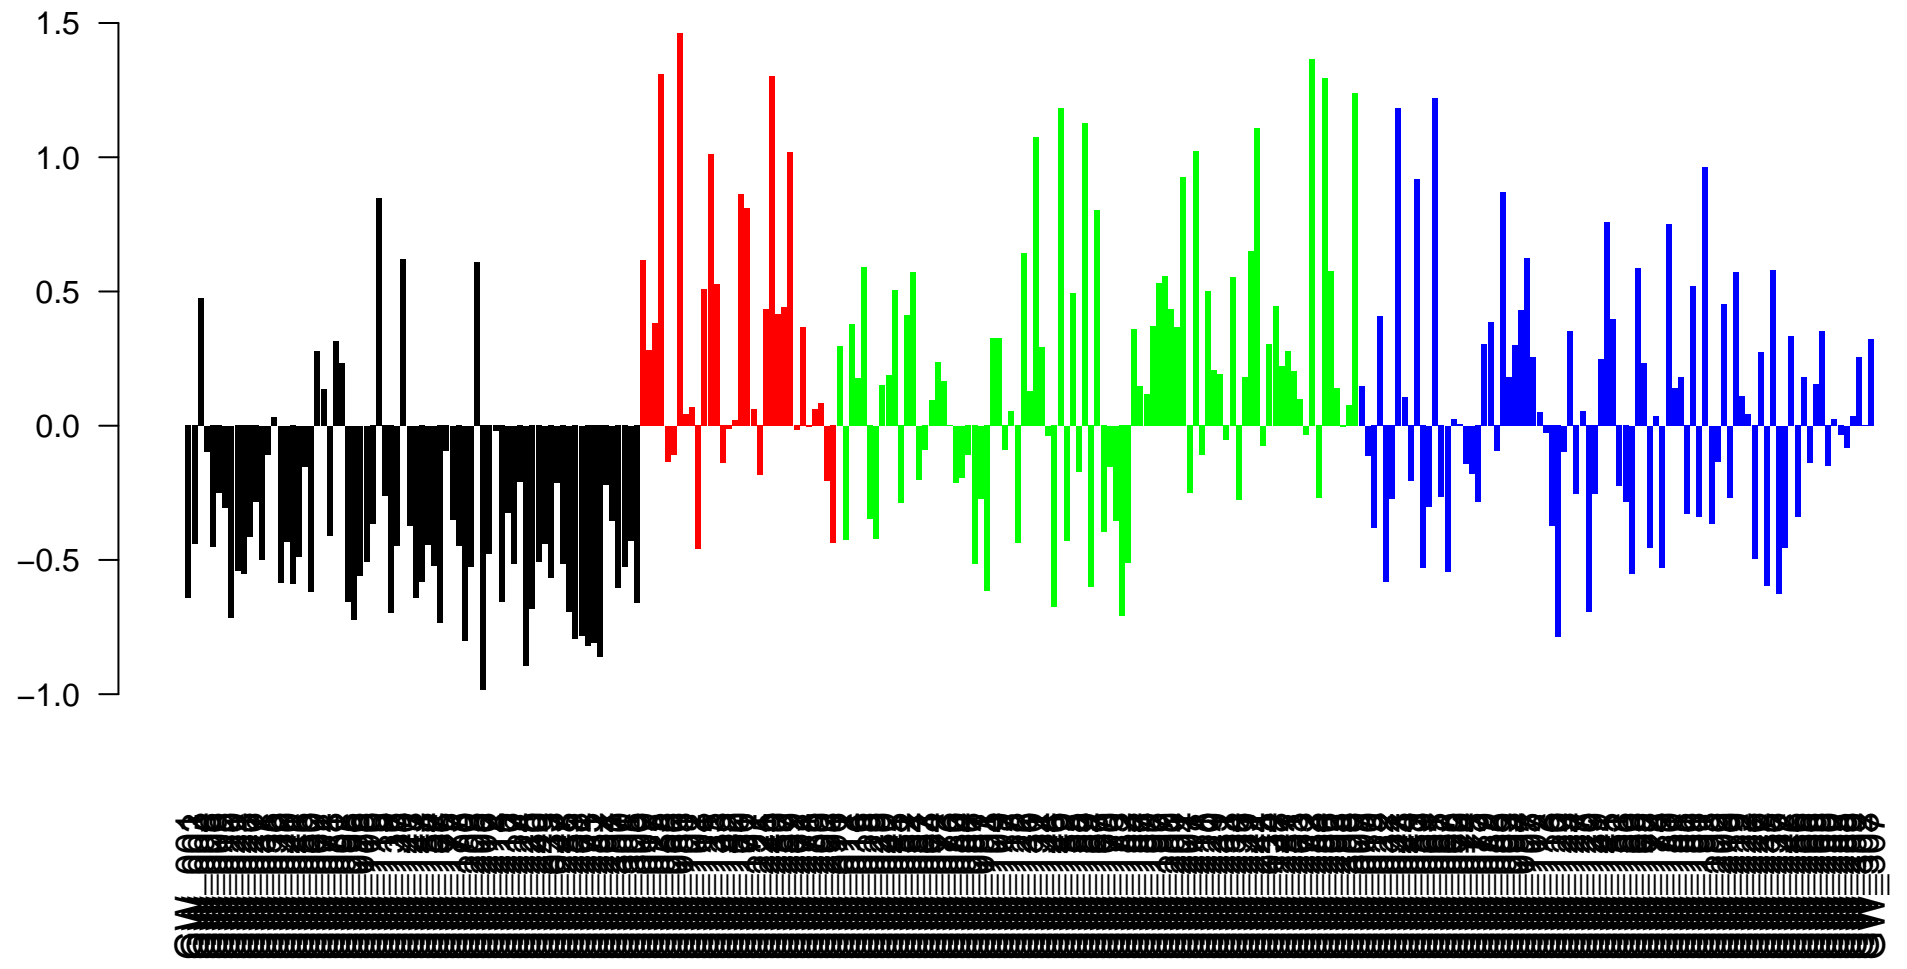

Expression of induction of positive chemotaxis in Spot O

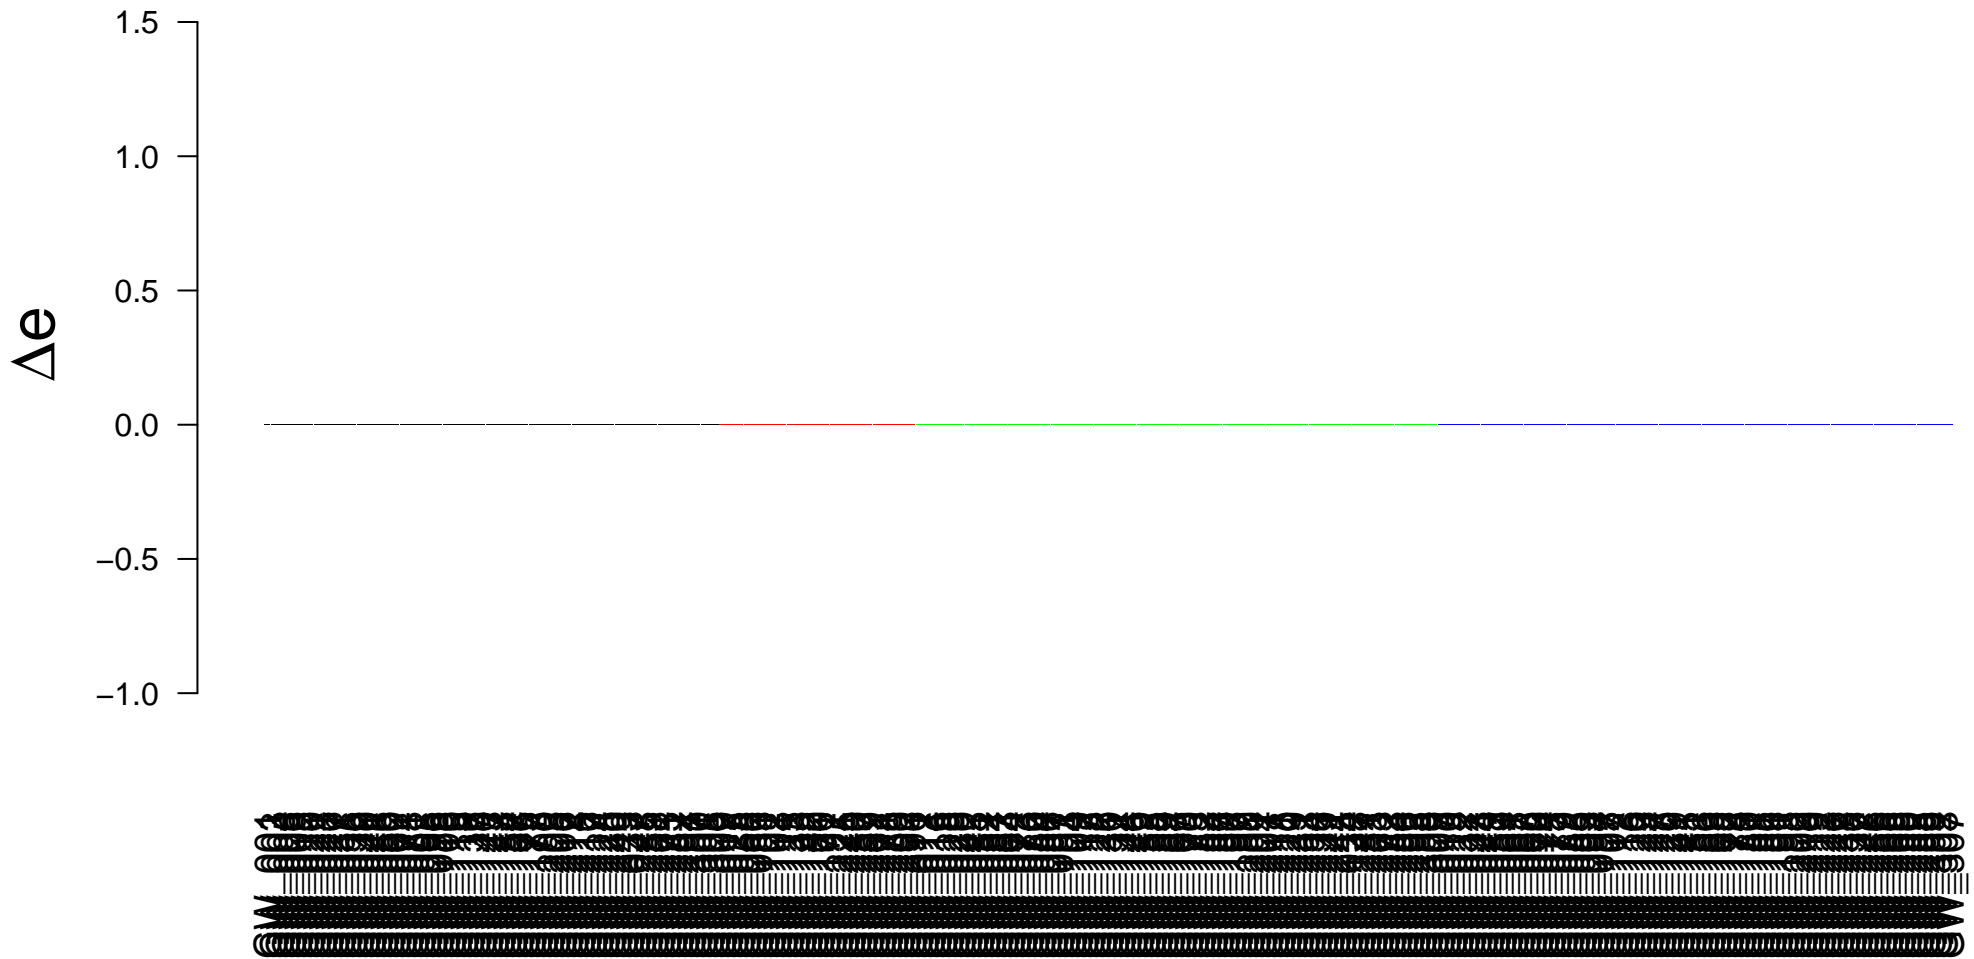

Expression of induction of positive chemotaxis in Spot P

Δe

Expression of induction of positive chemotaxis in Spot Q

Expression of induction of positive chemotaxis in Spot R
