

innate immune response

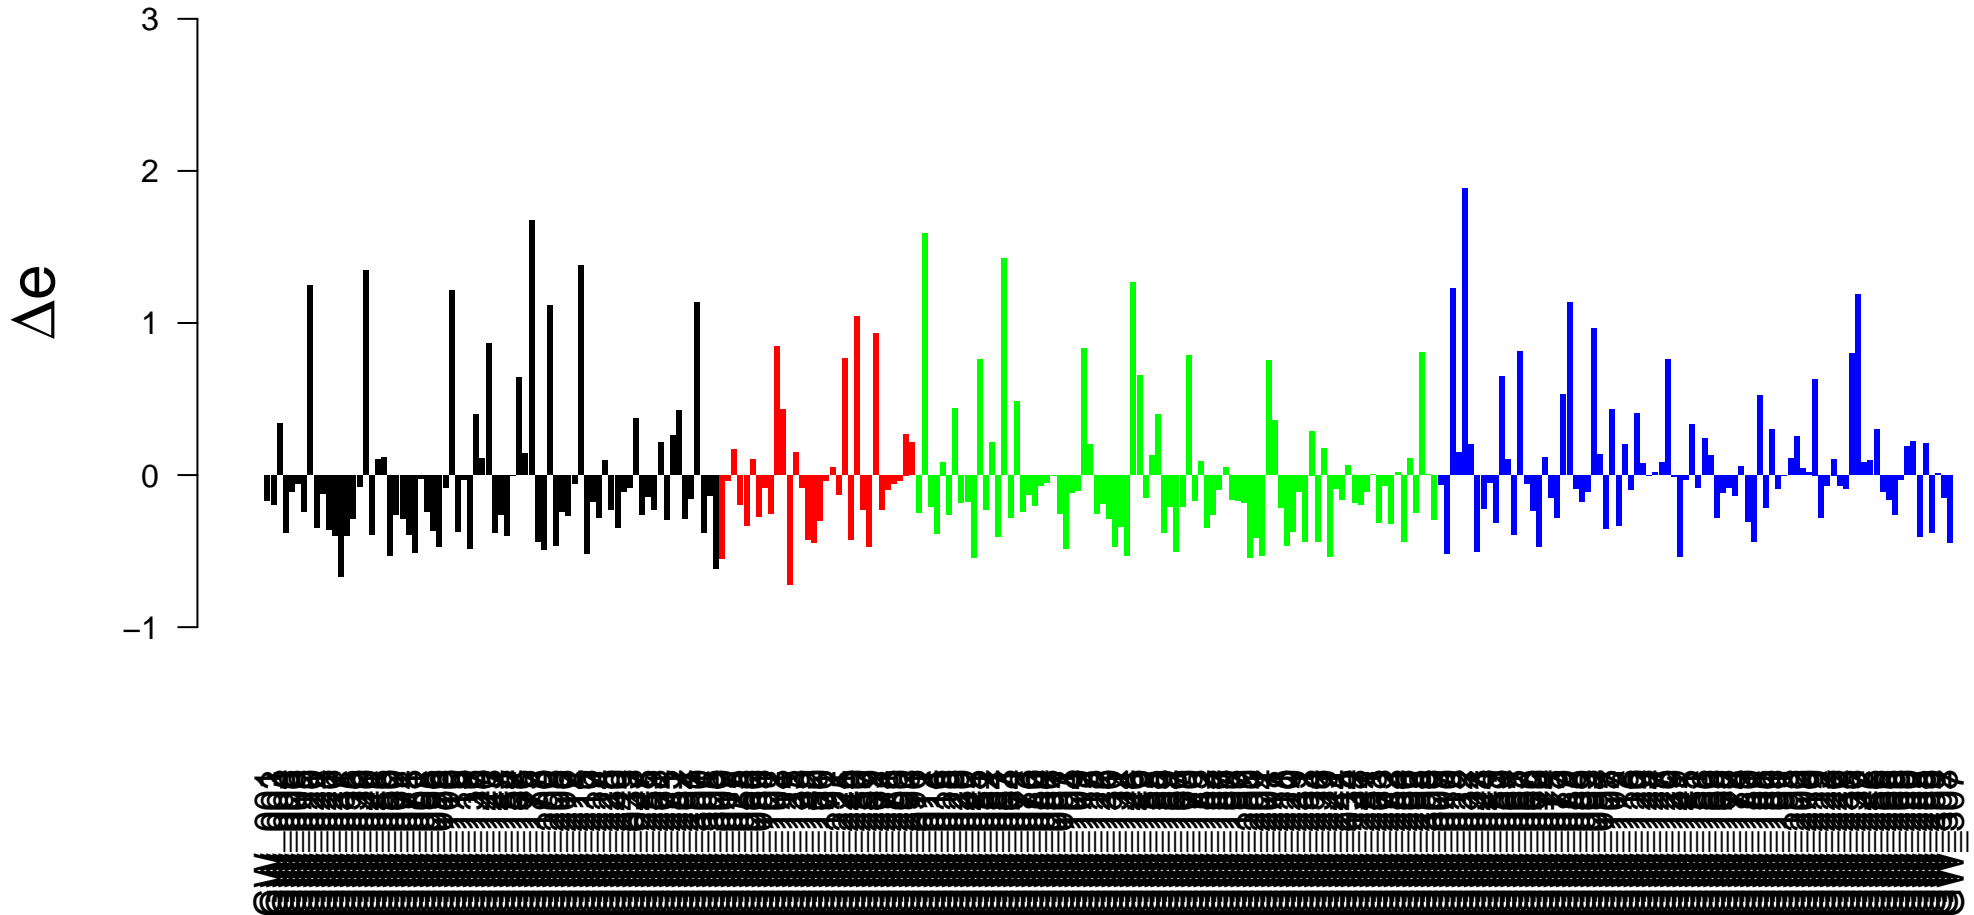

innate immune response

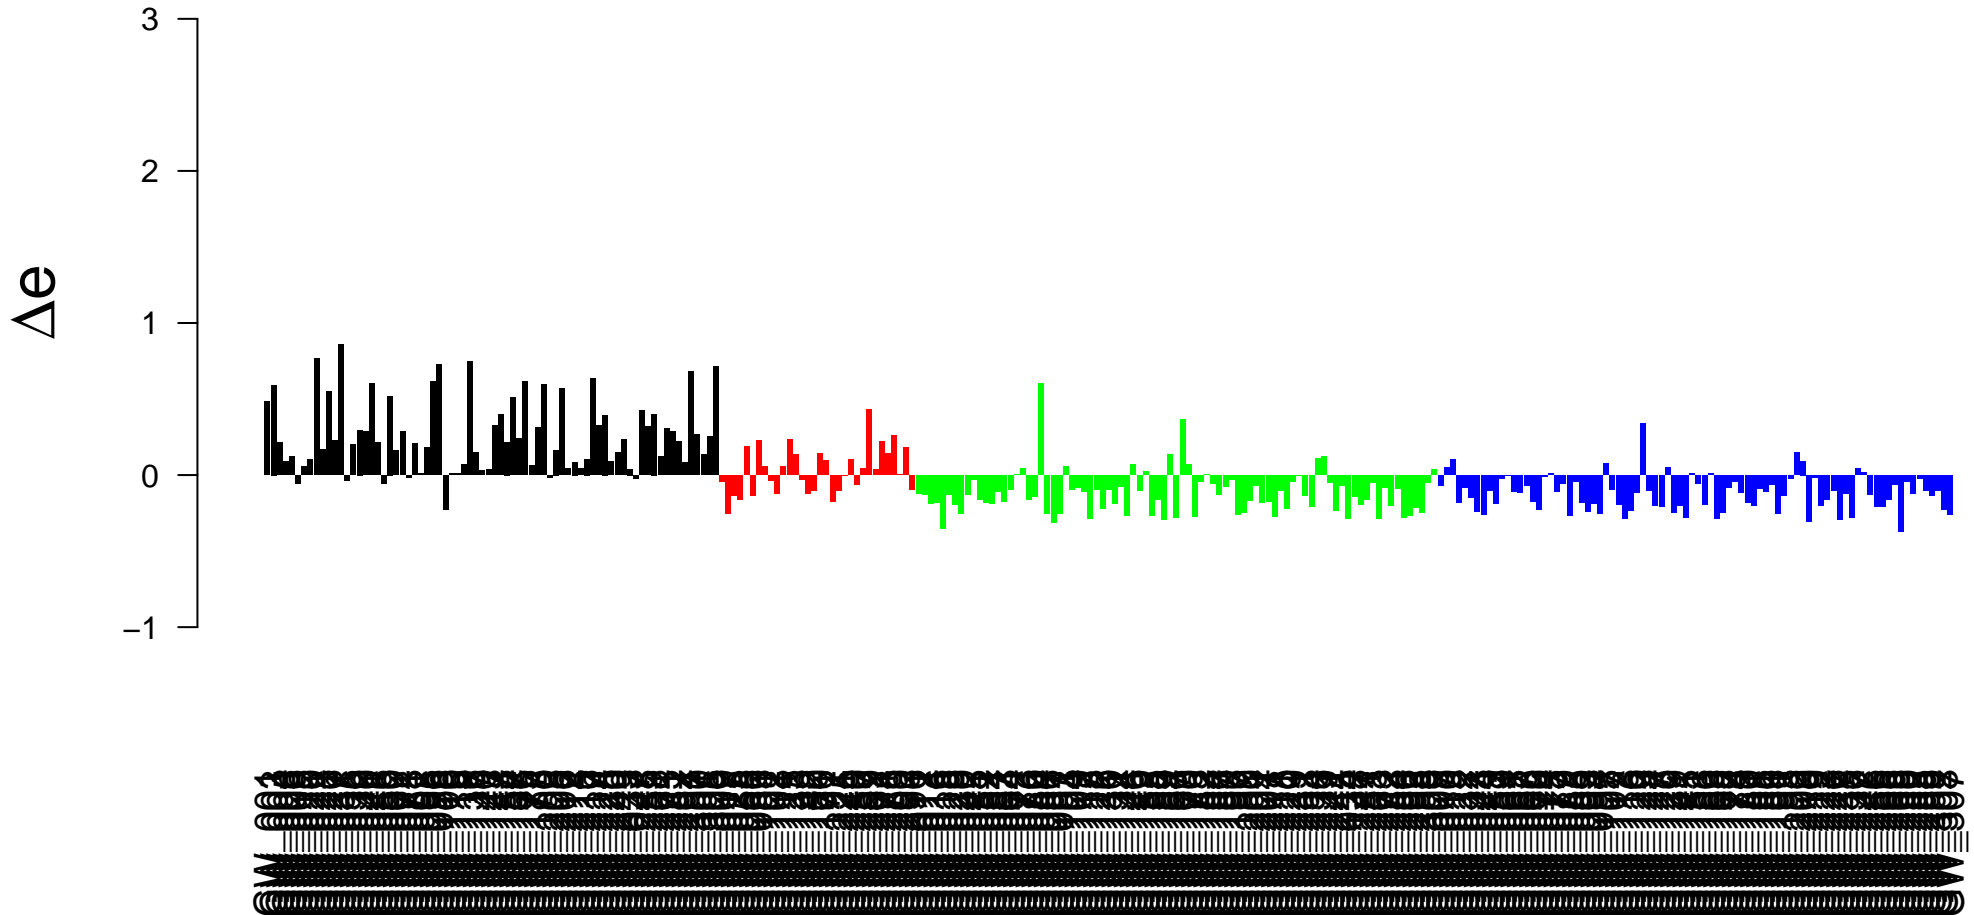

Enrichment in spots: innate immune response

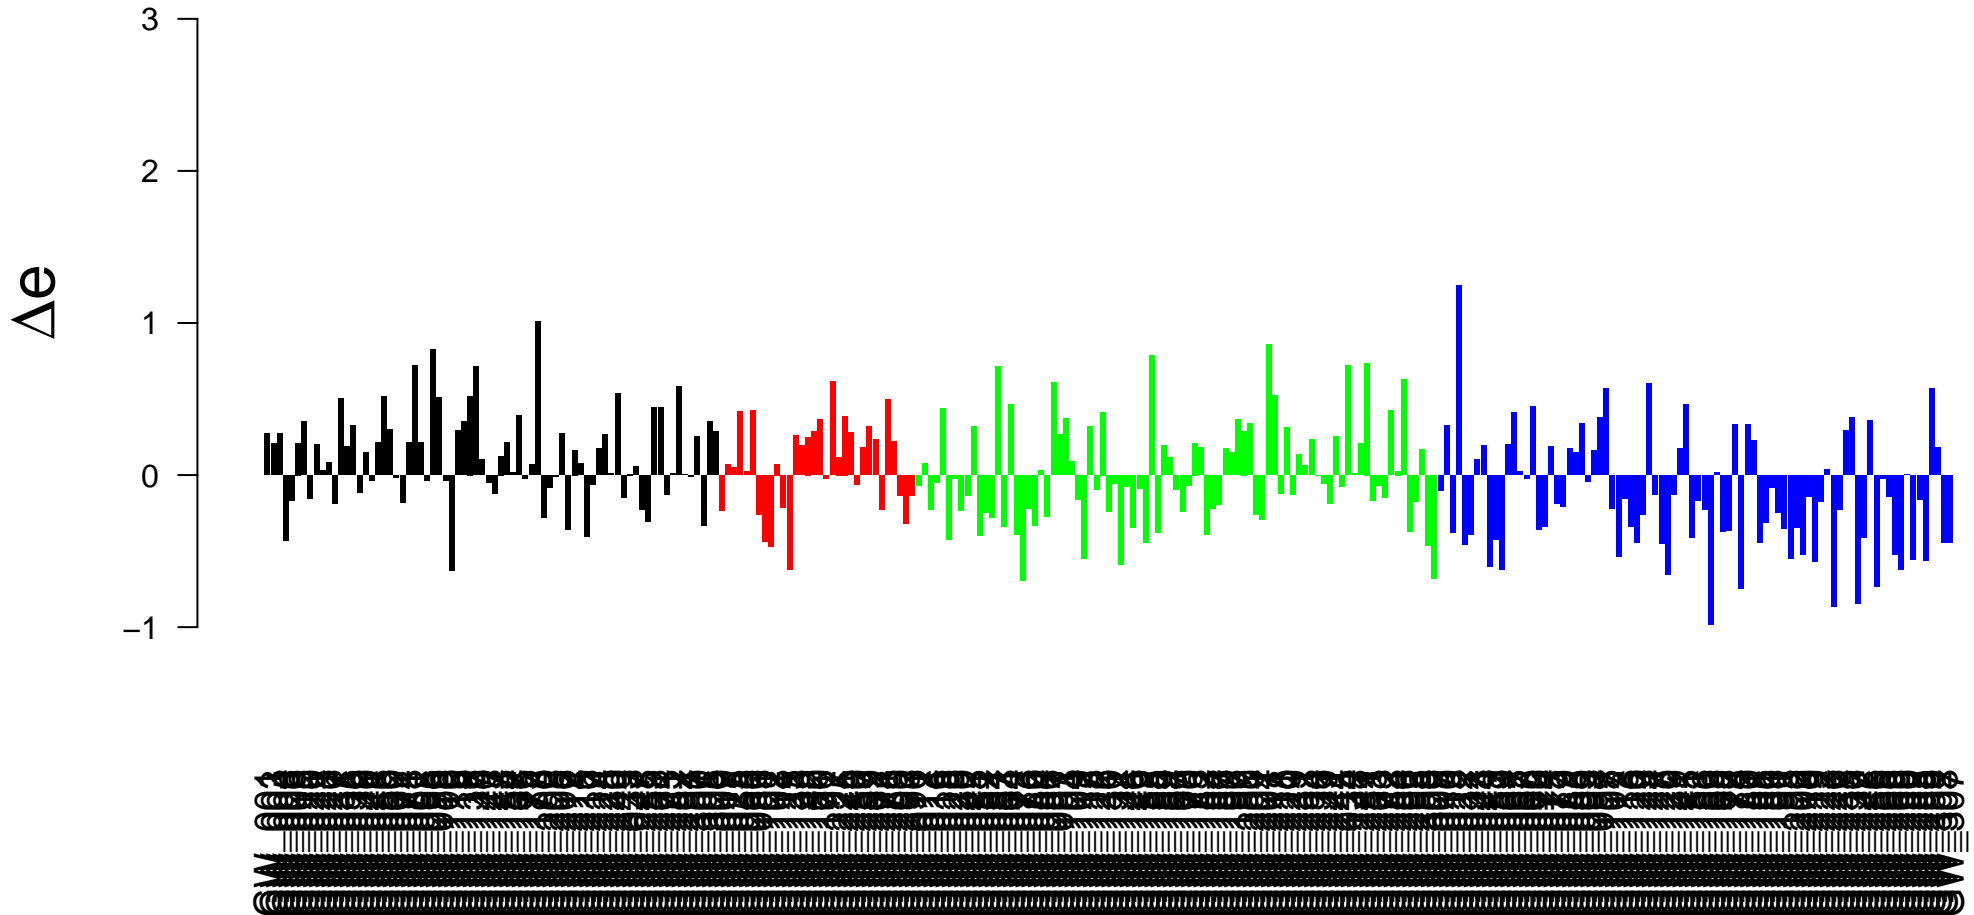

Expression of innate immune response in Spot A

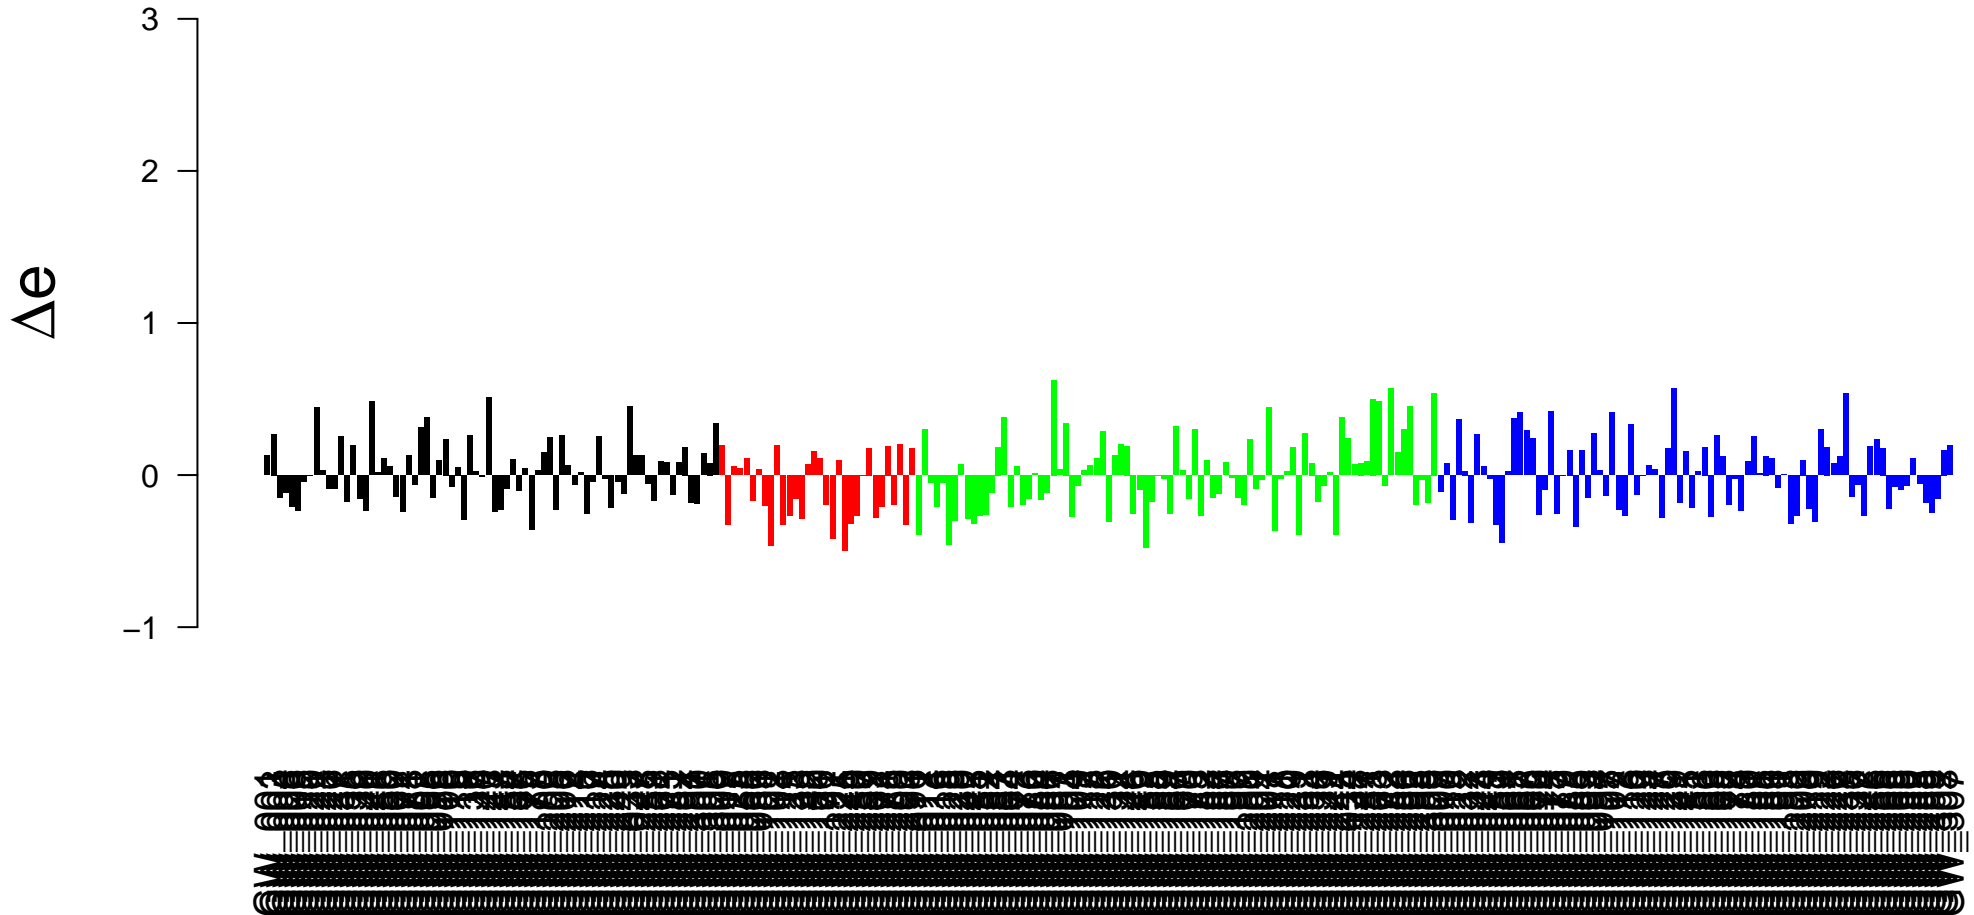

Expression of innate immune response in Spot B

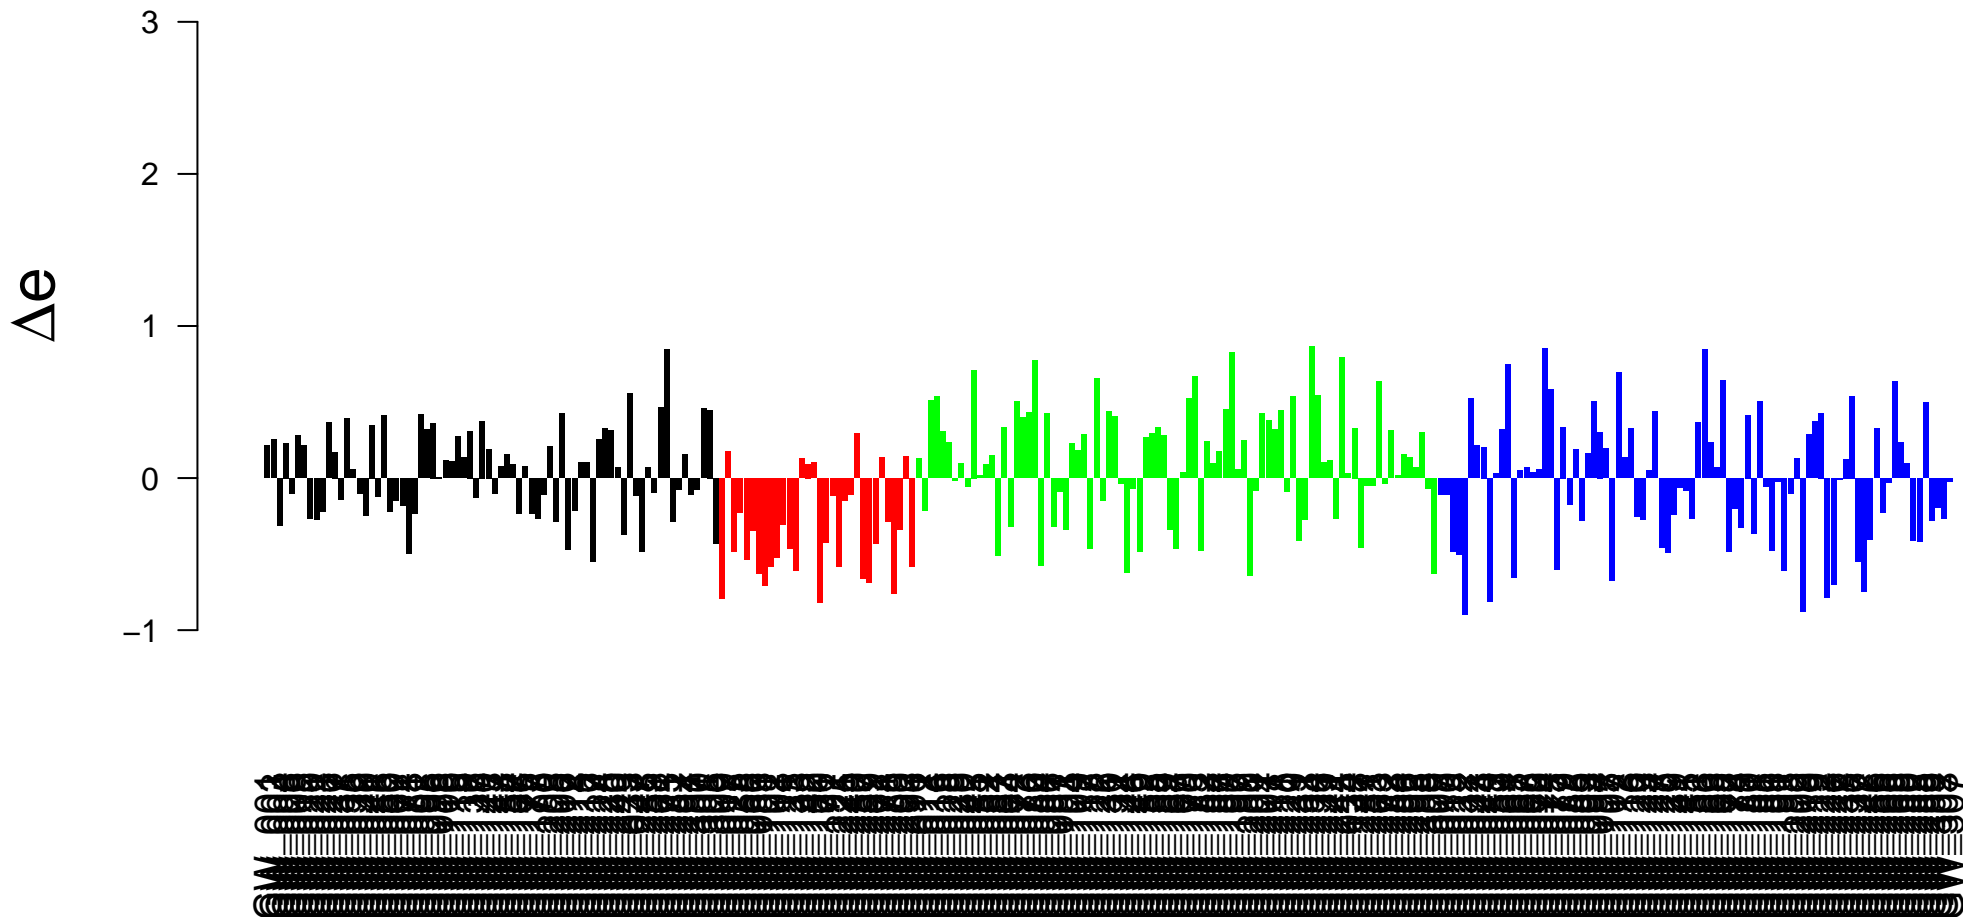

Expression of innate immune response in Spot C

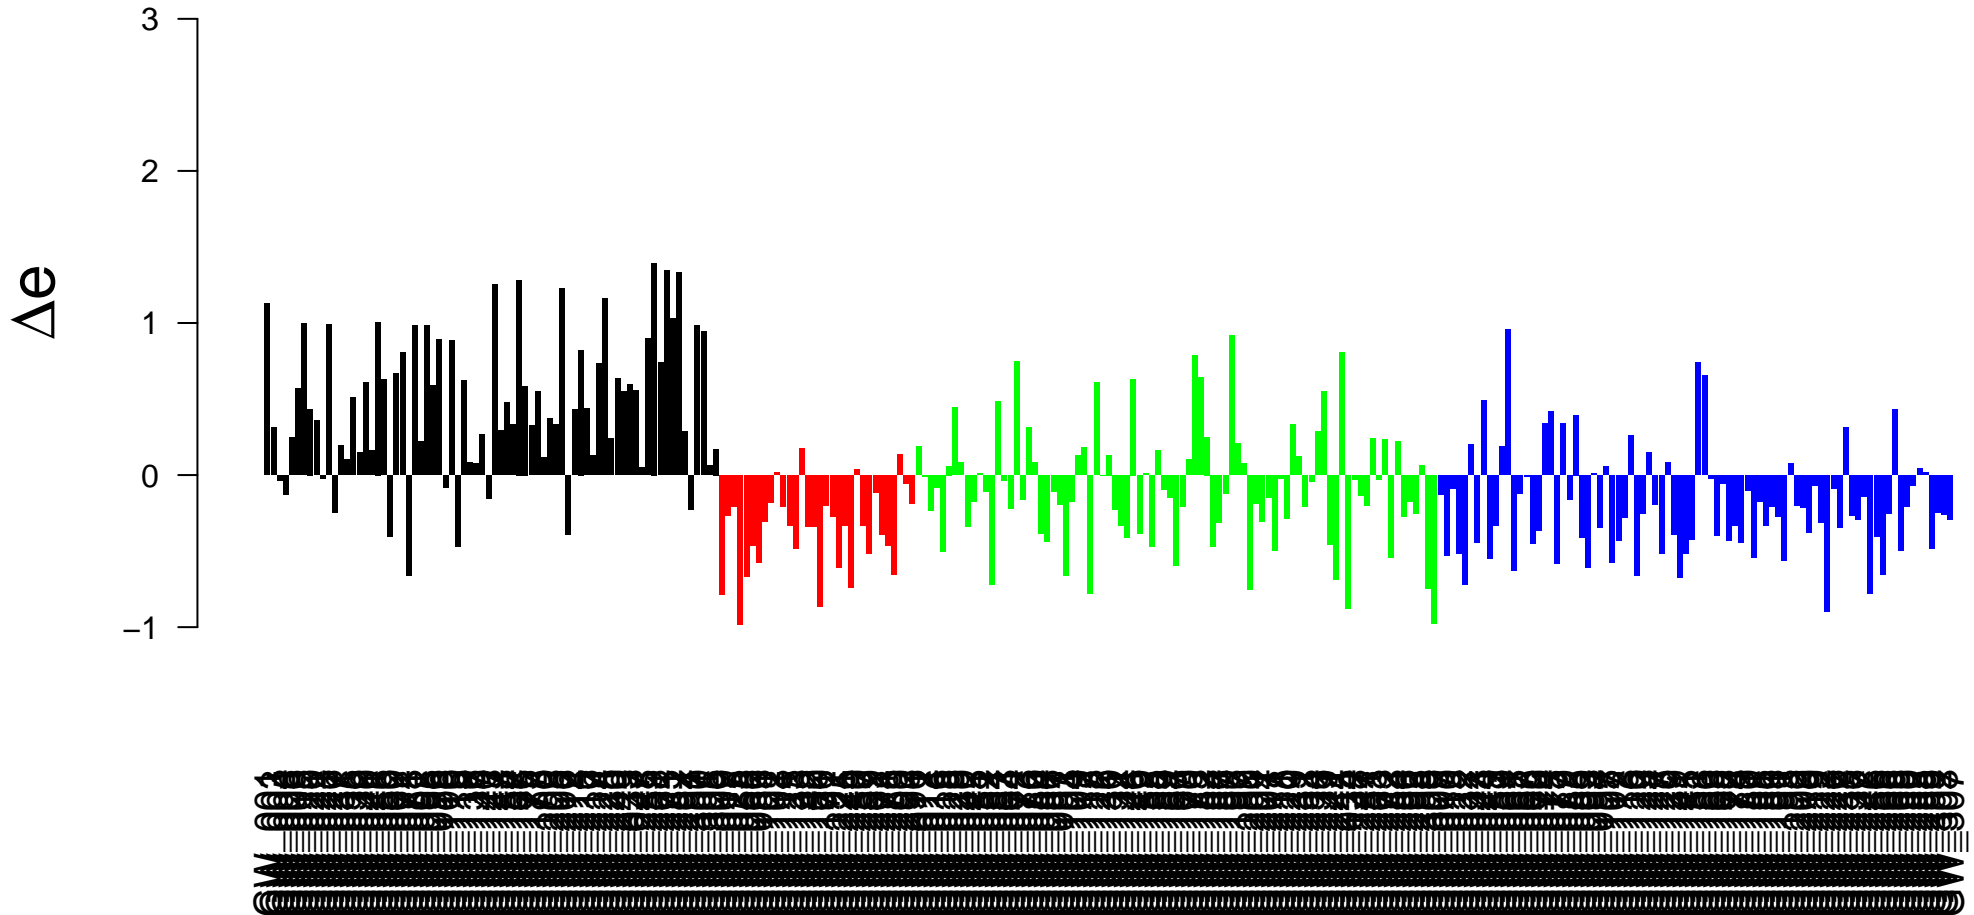

Expression of innate immune response in Spot D

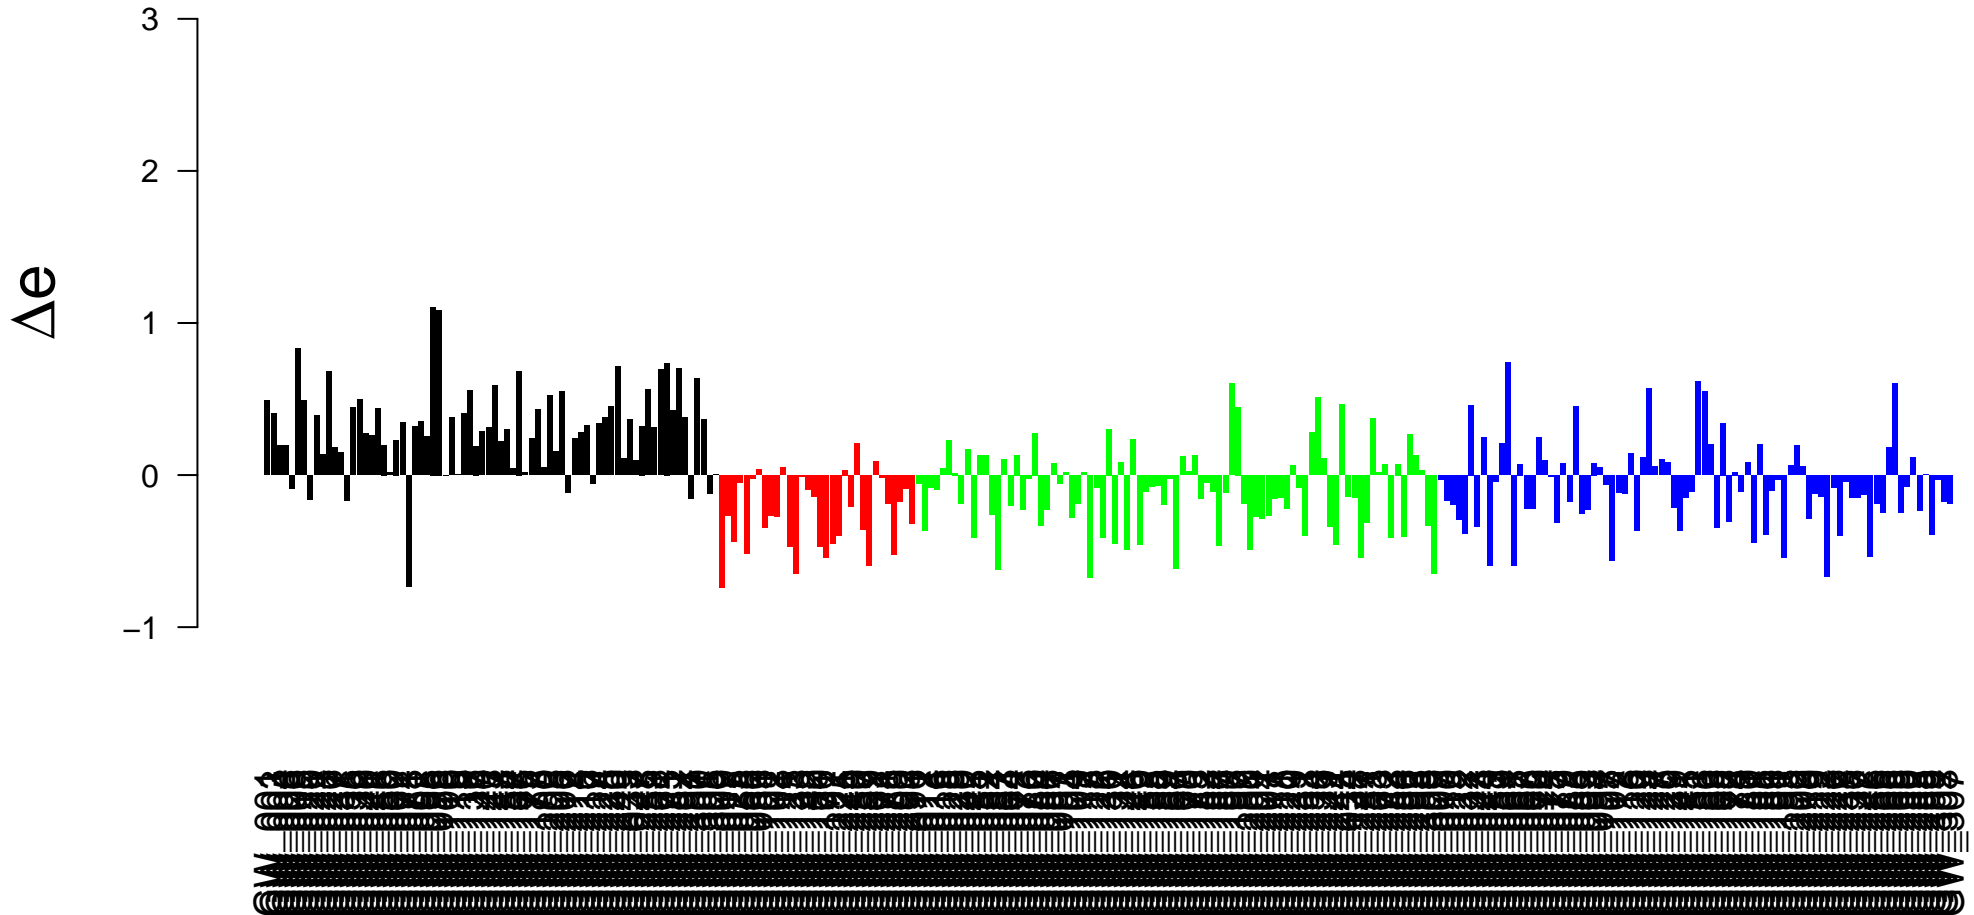

Expression of innate immune response in Spot F

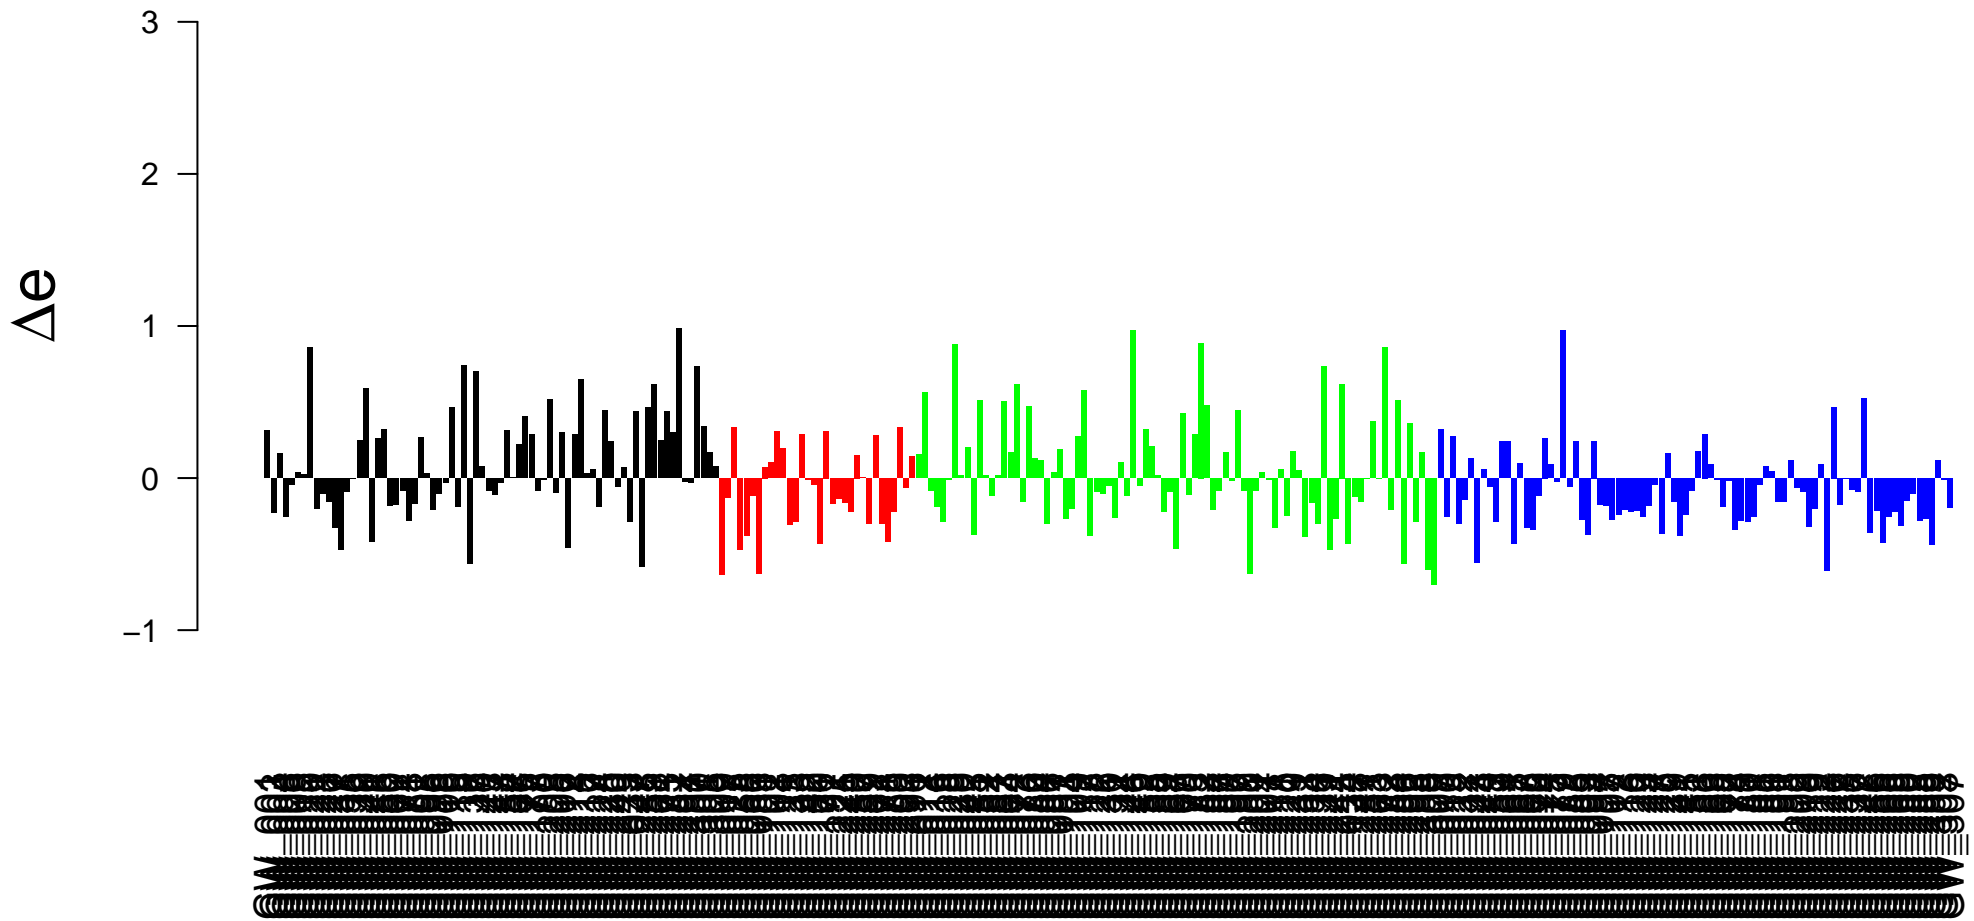

Expression of innate immune response in Spot G

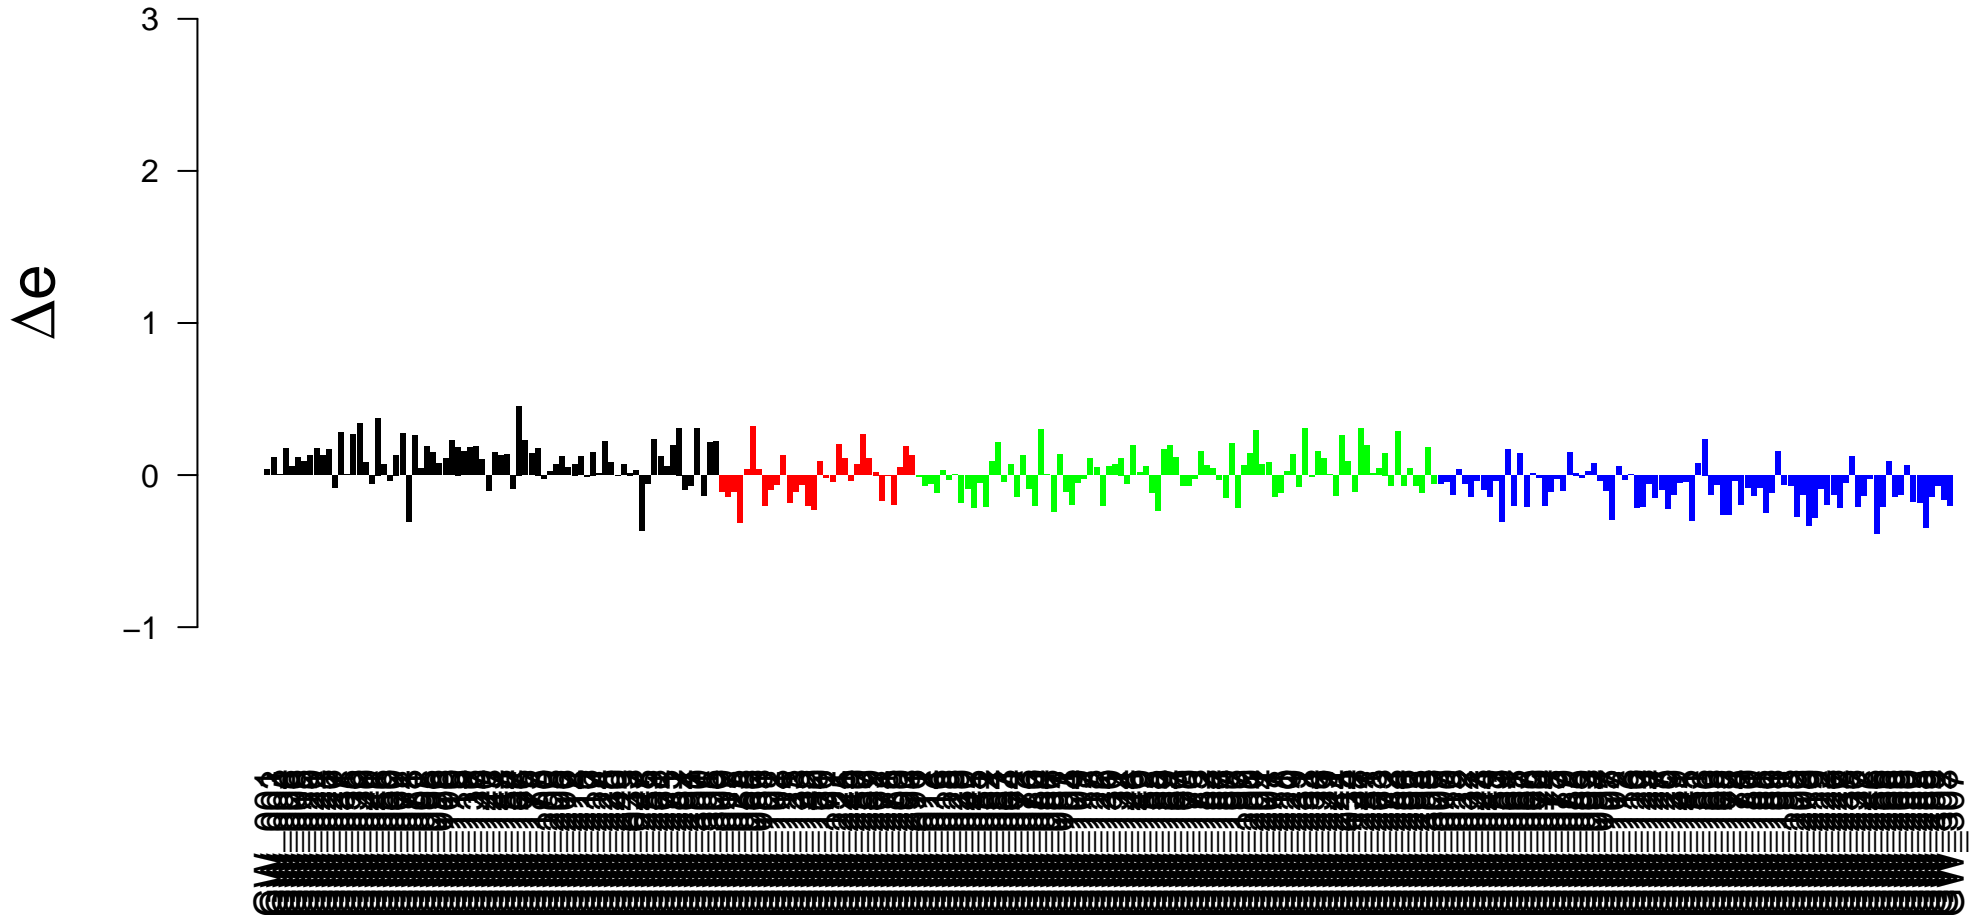

Expression of innate immune response in Spot H

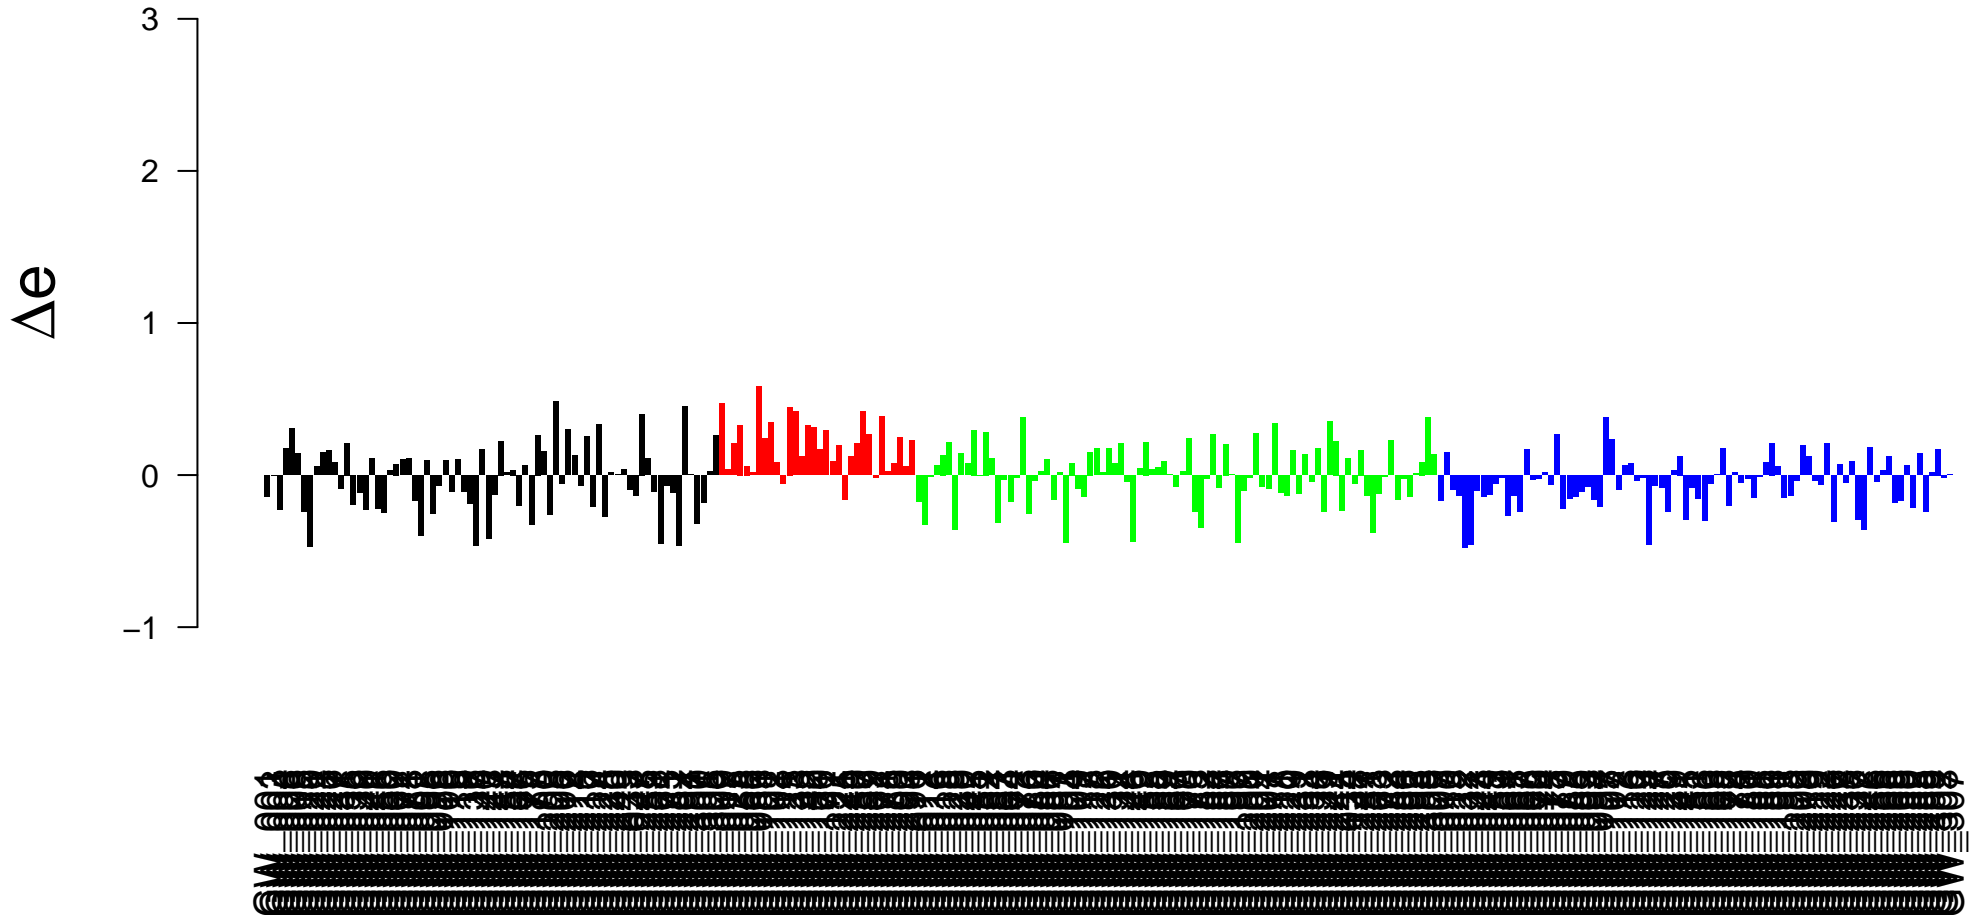

Expression of innate immune response in Spot I

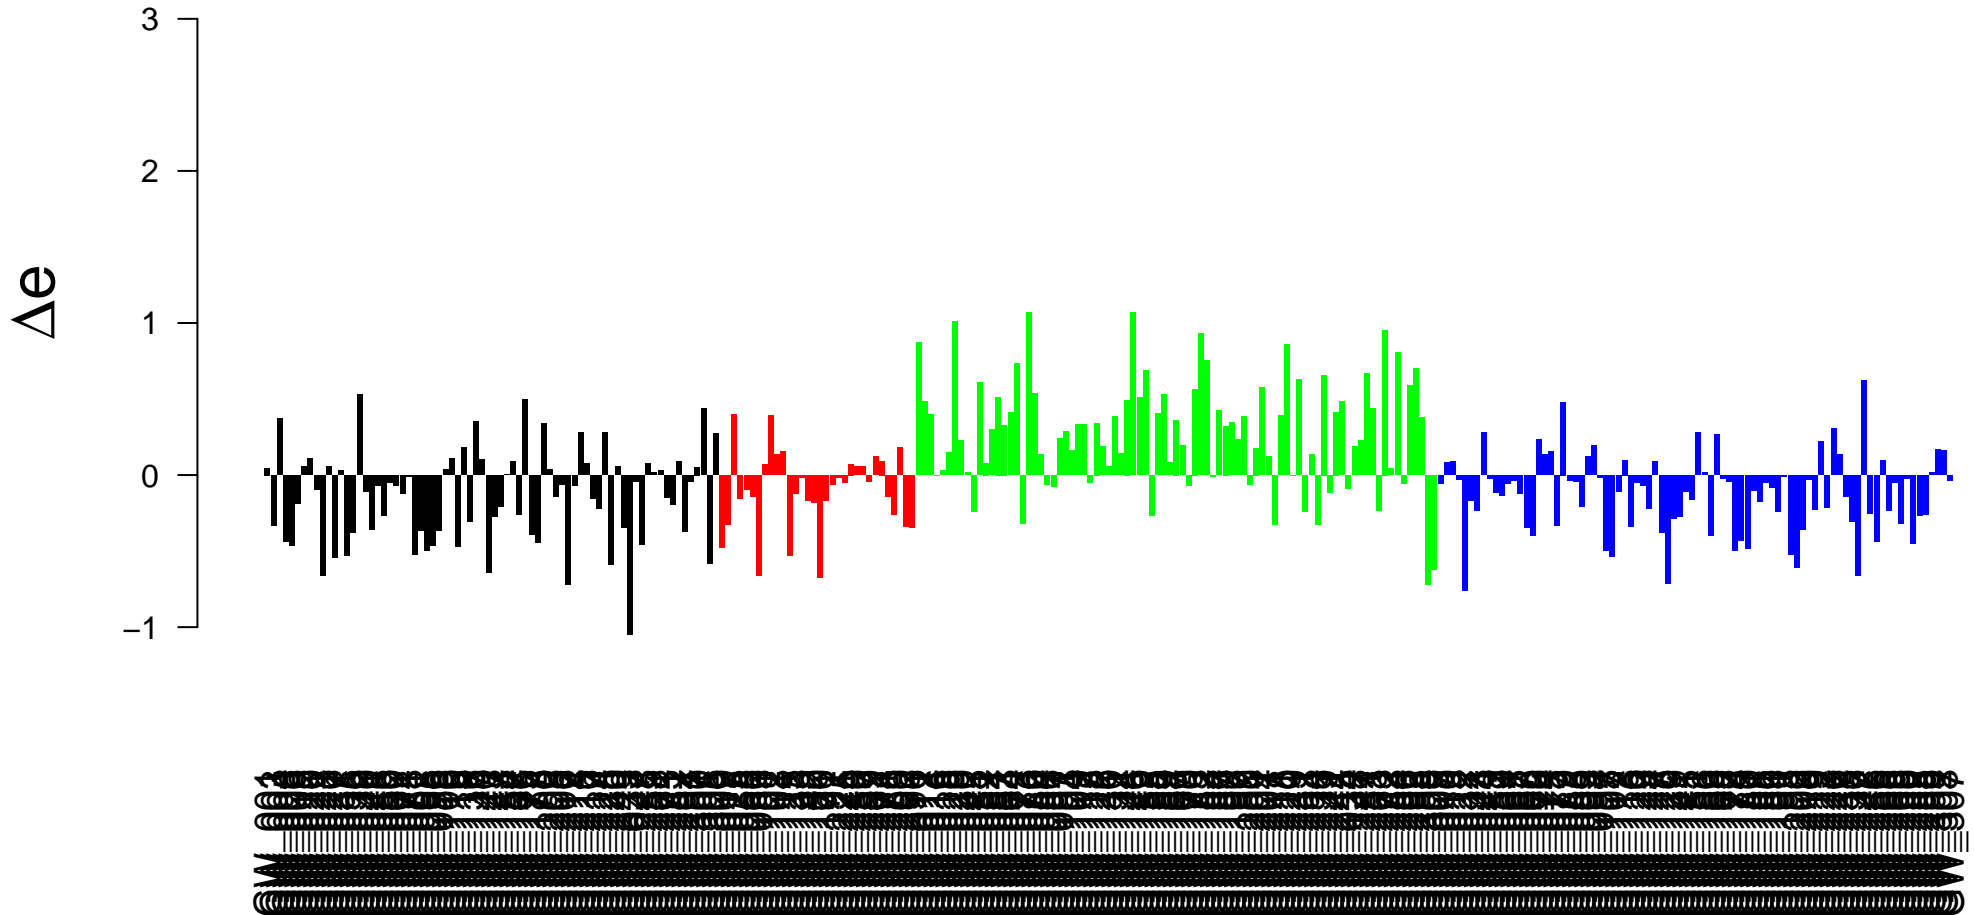

Expression of innate immune response in Spot J

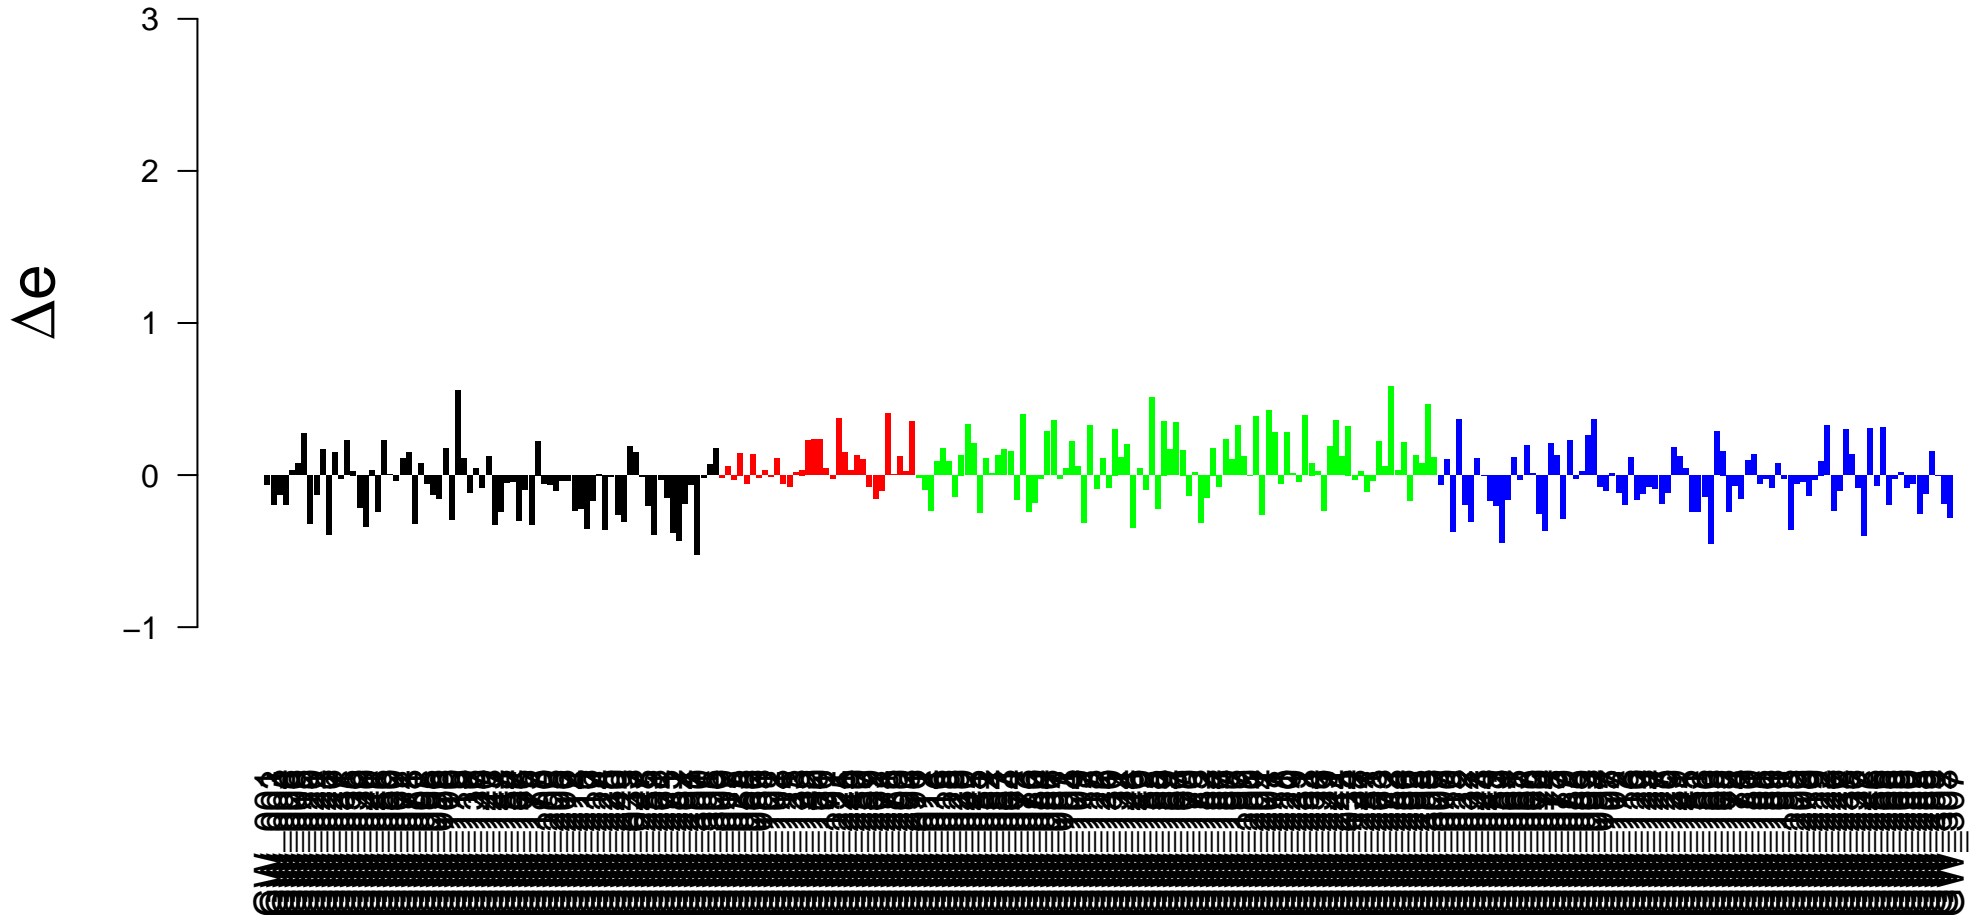

Expression of innate immune response in Spot K

Expression of innate immune response in Spot L

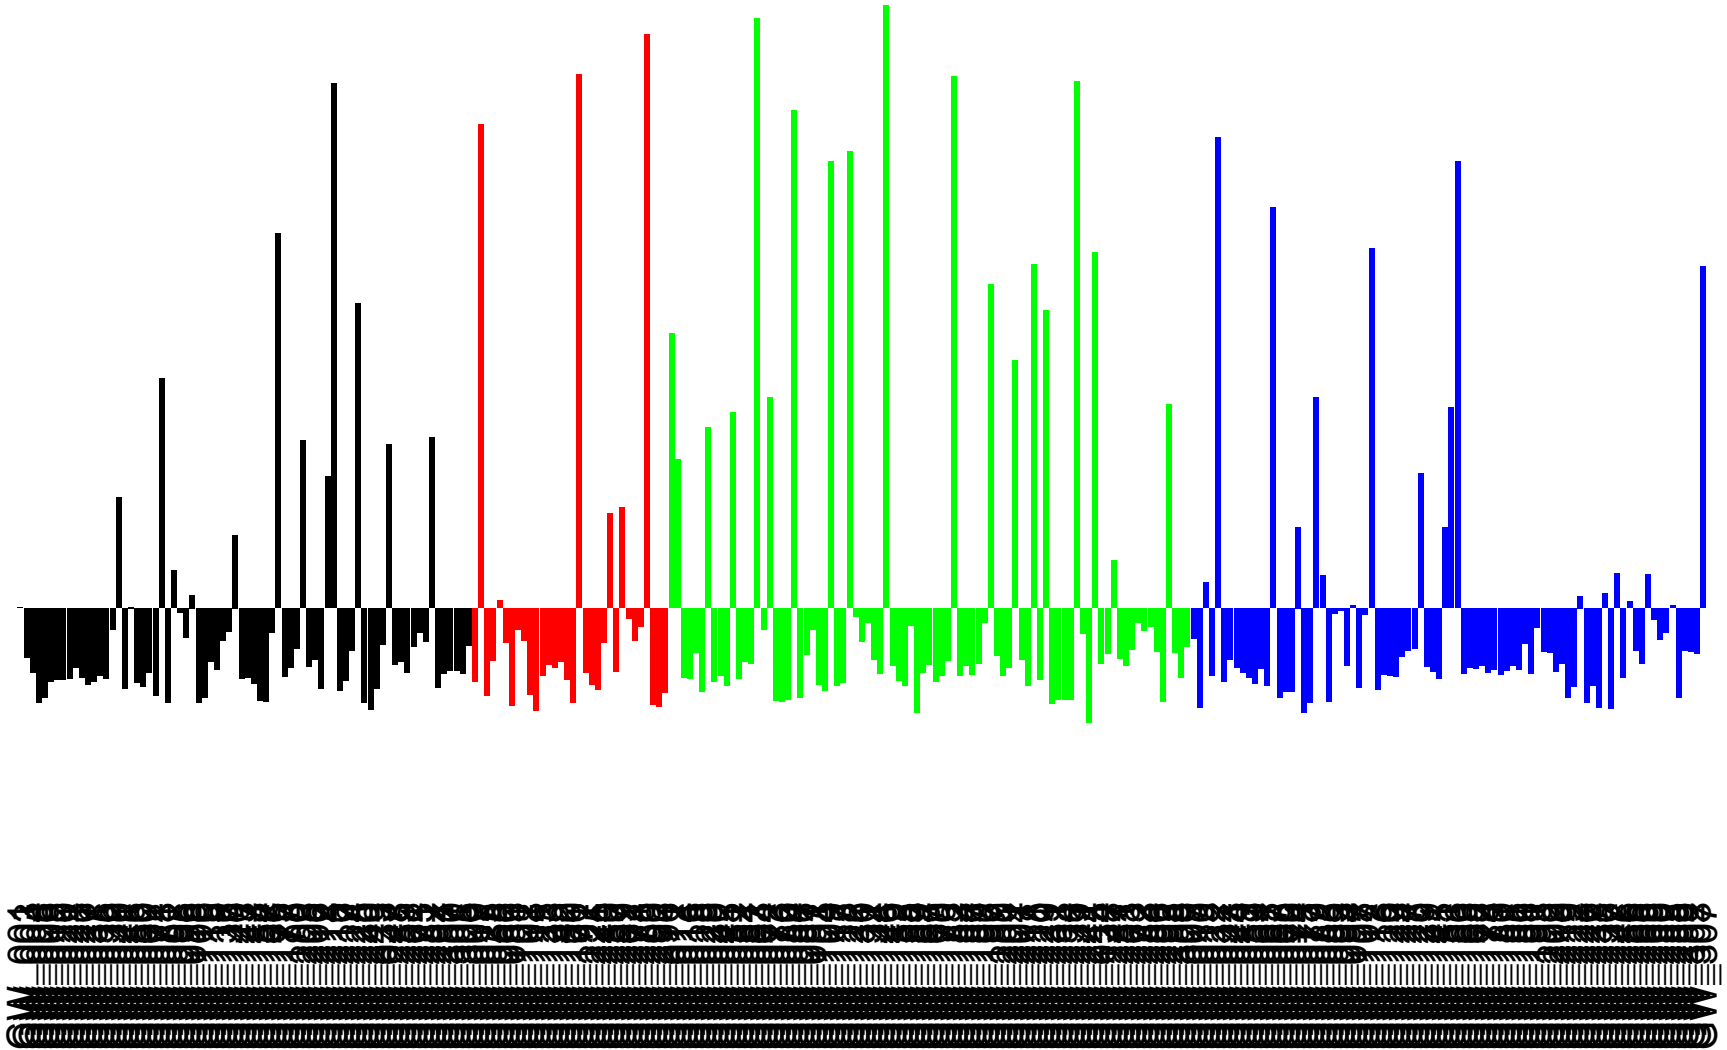

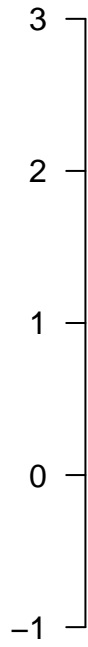

Expression of innate immune response in Spot M

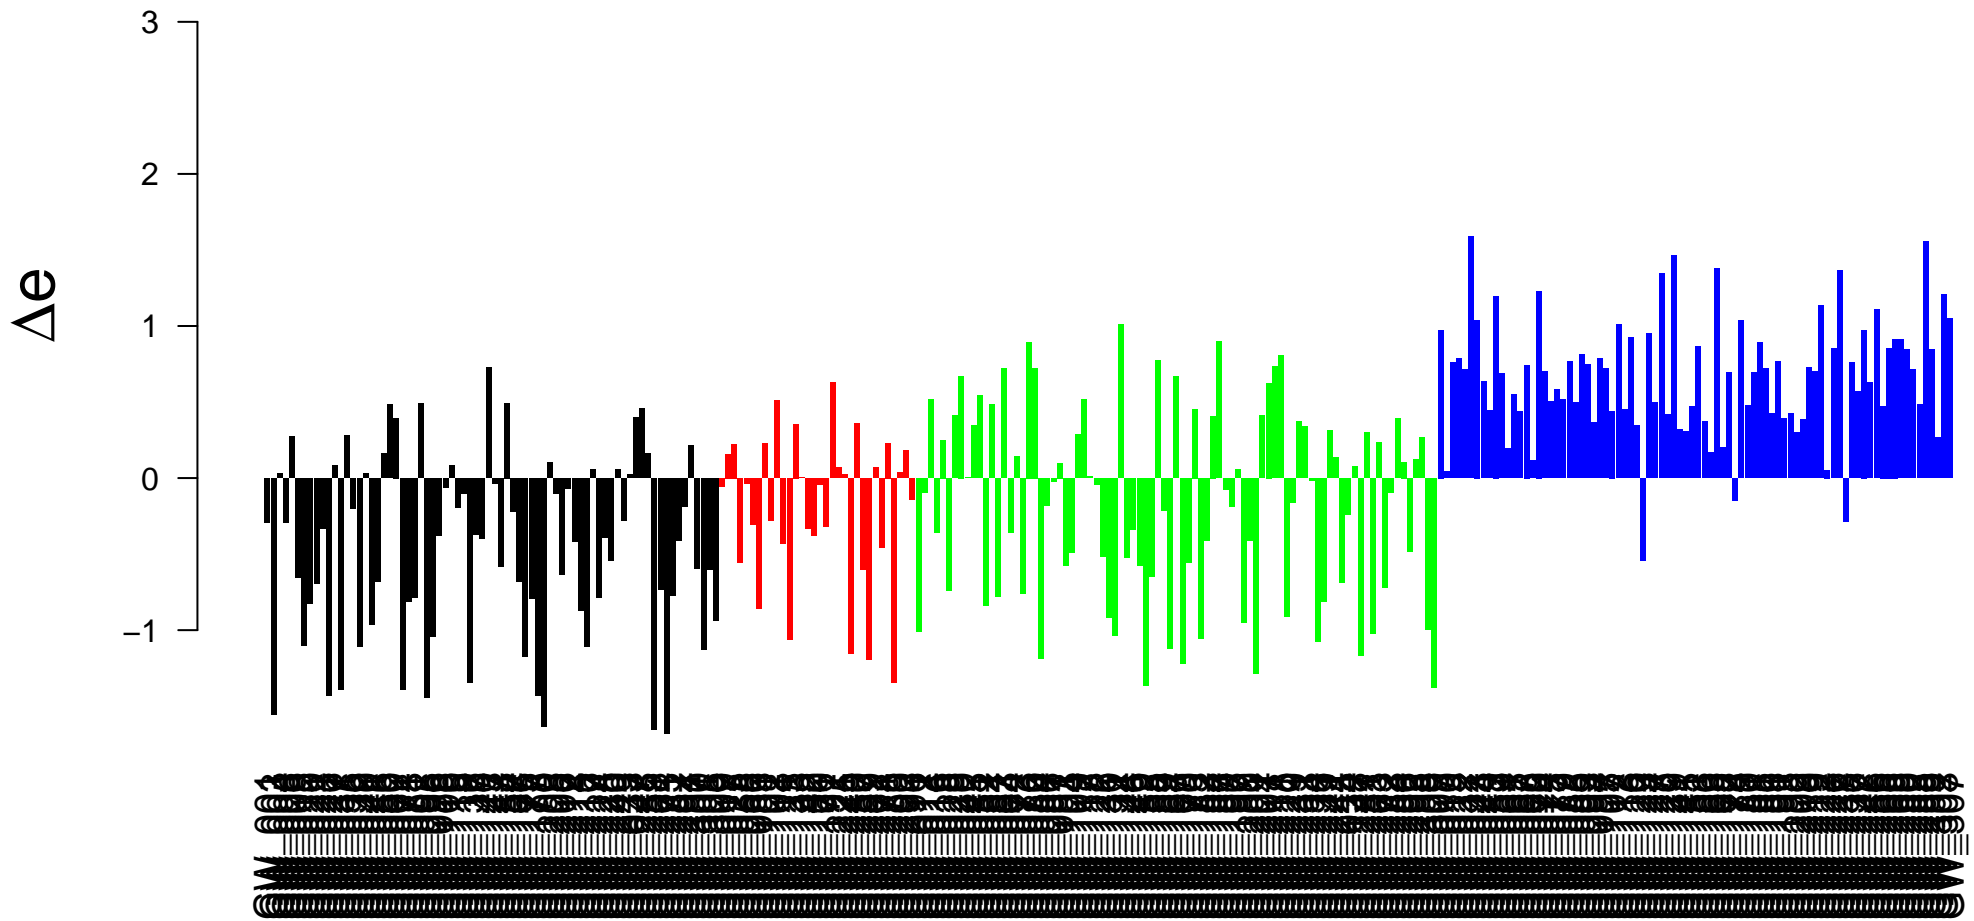

Expression of innate immune response in Spot N

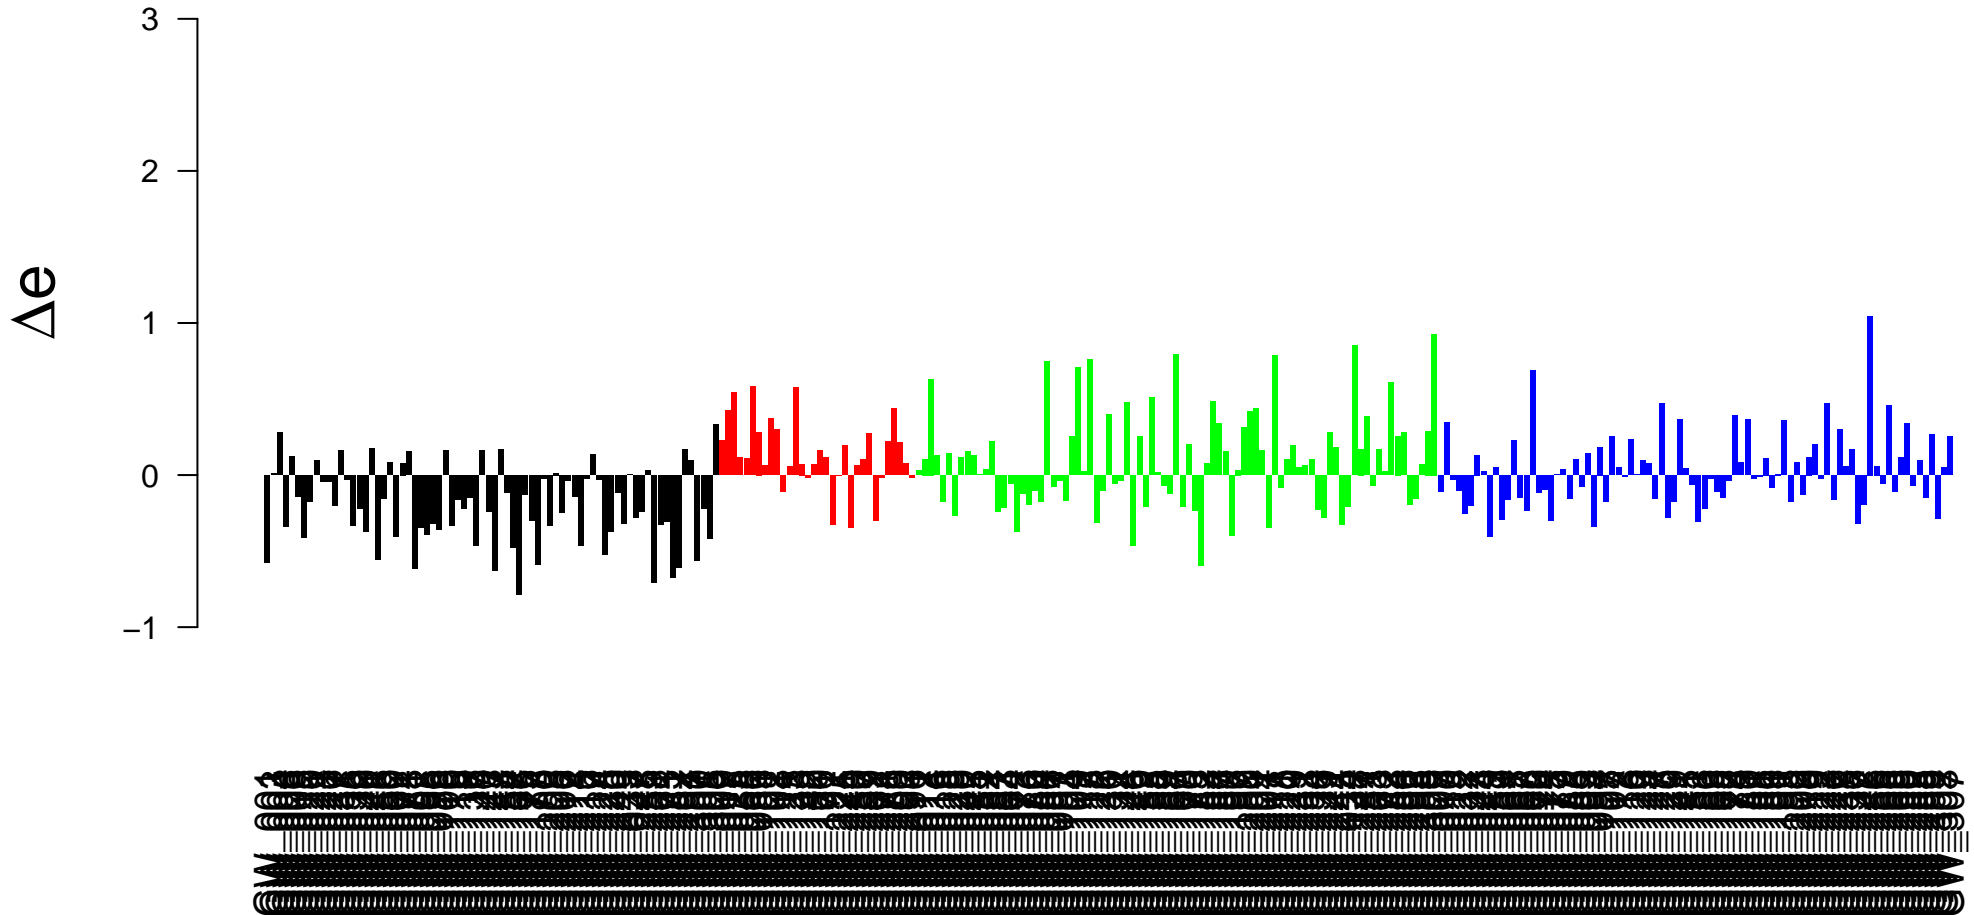

Δe

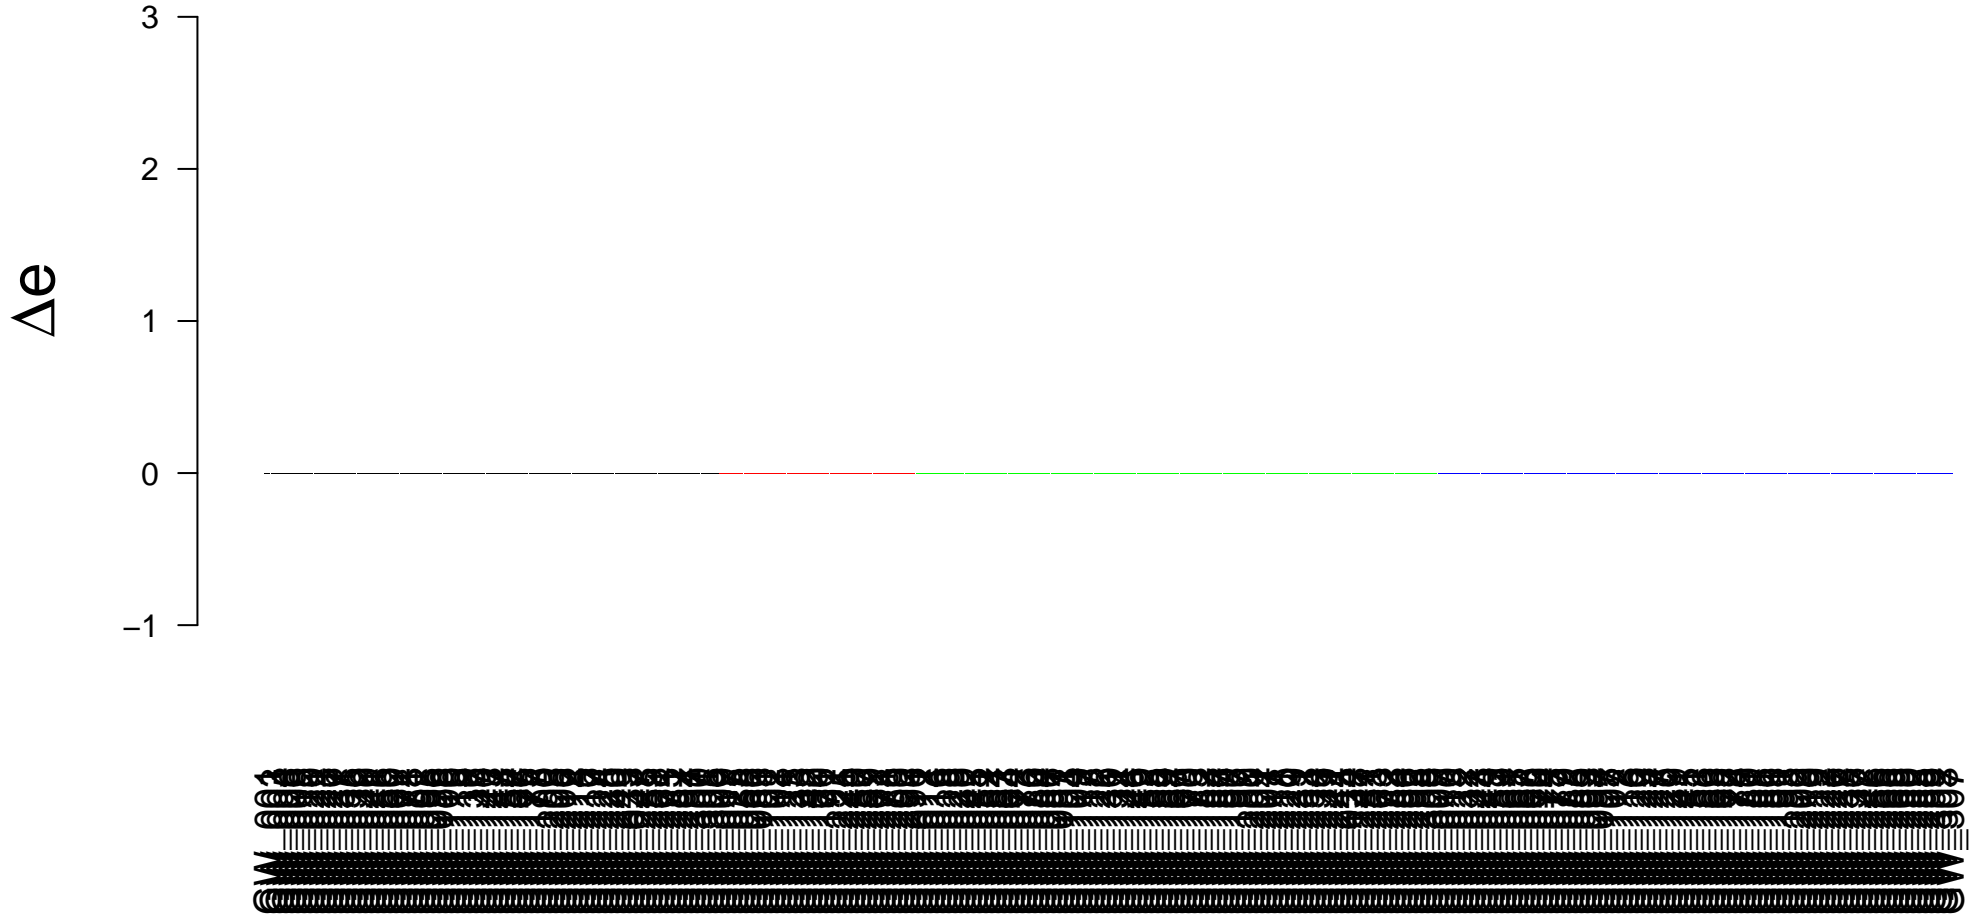

Expression of innate immune response in Spot O

Expression of innate immune response in Spot P

Expression of innate immune response in Spot Q

Expression of innate immune response in Spot R
