

insulin-like growth factor binding

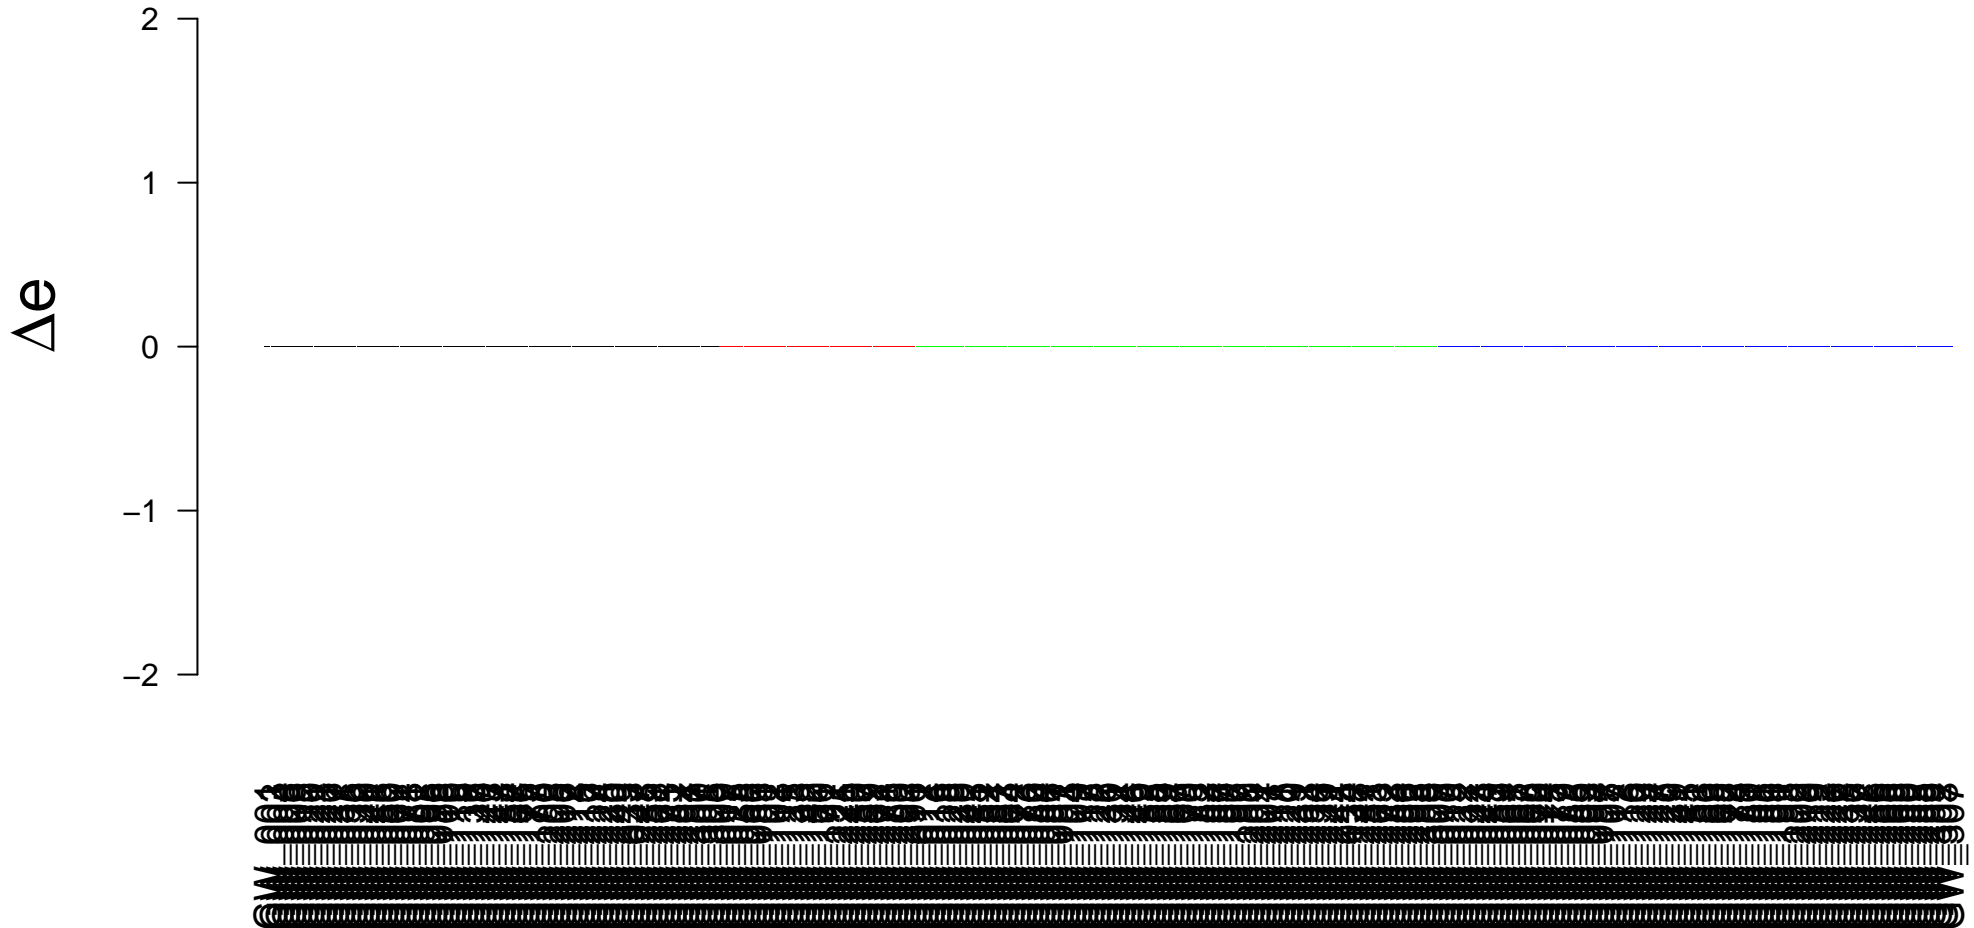

insulin-like growth factor binding

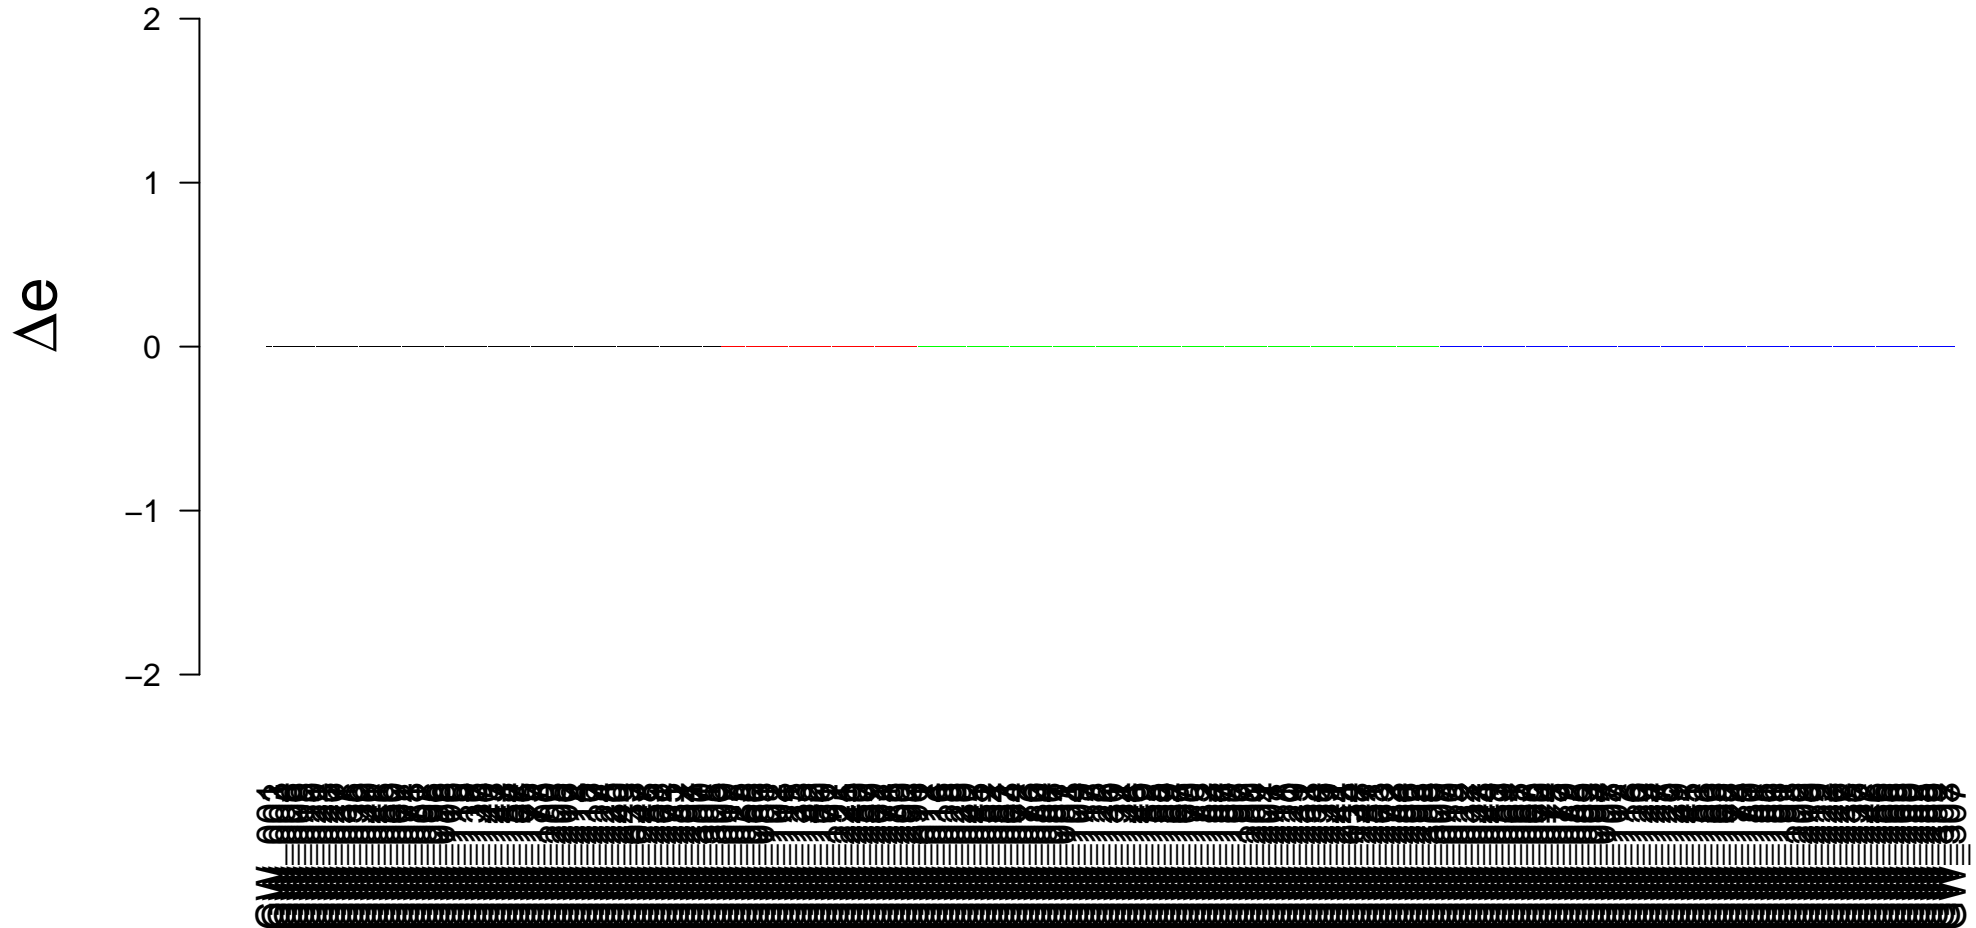

Enrichment in spots: insulin-like growth factor binding

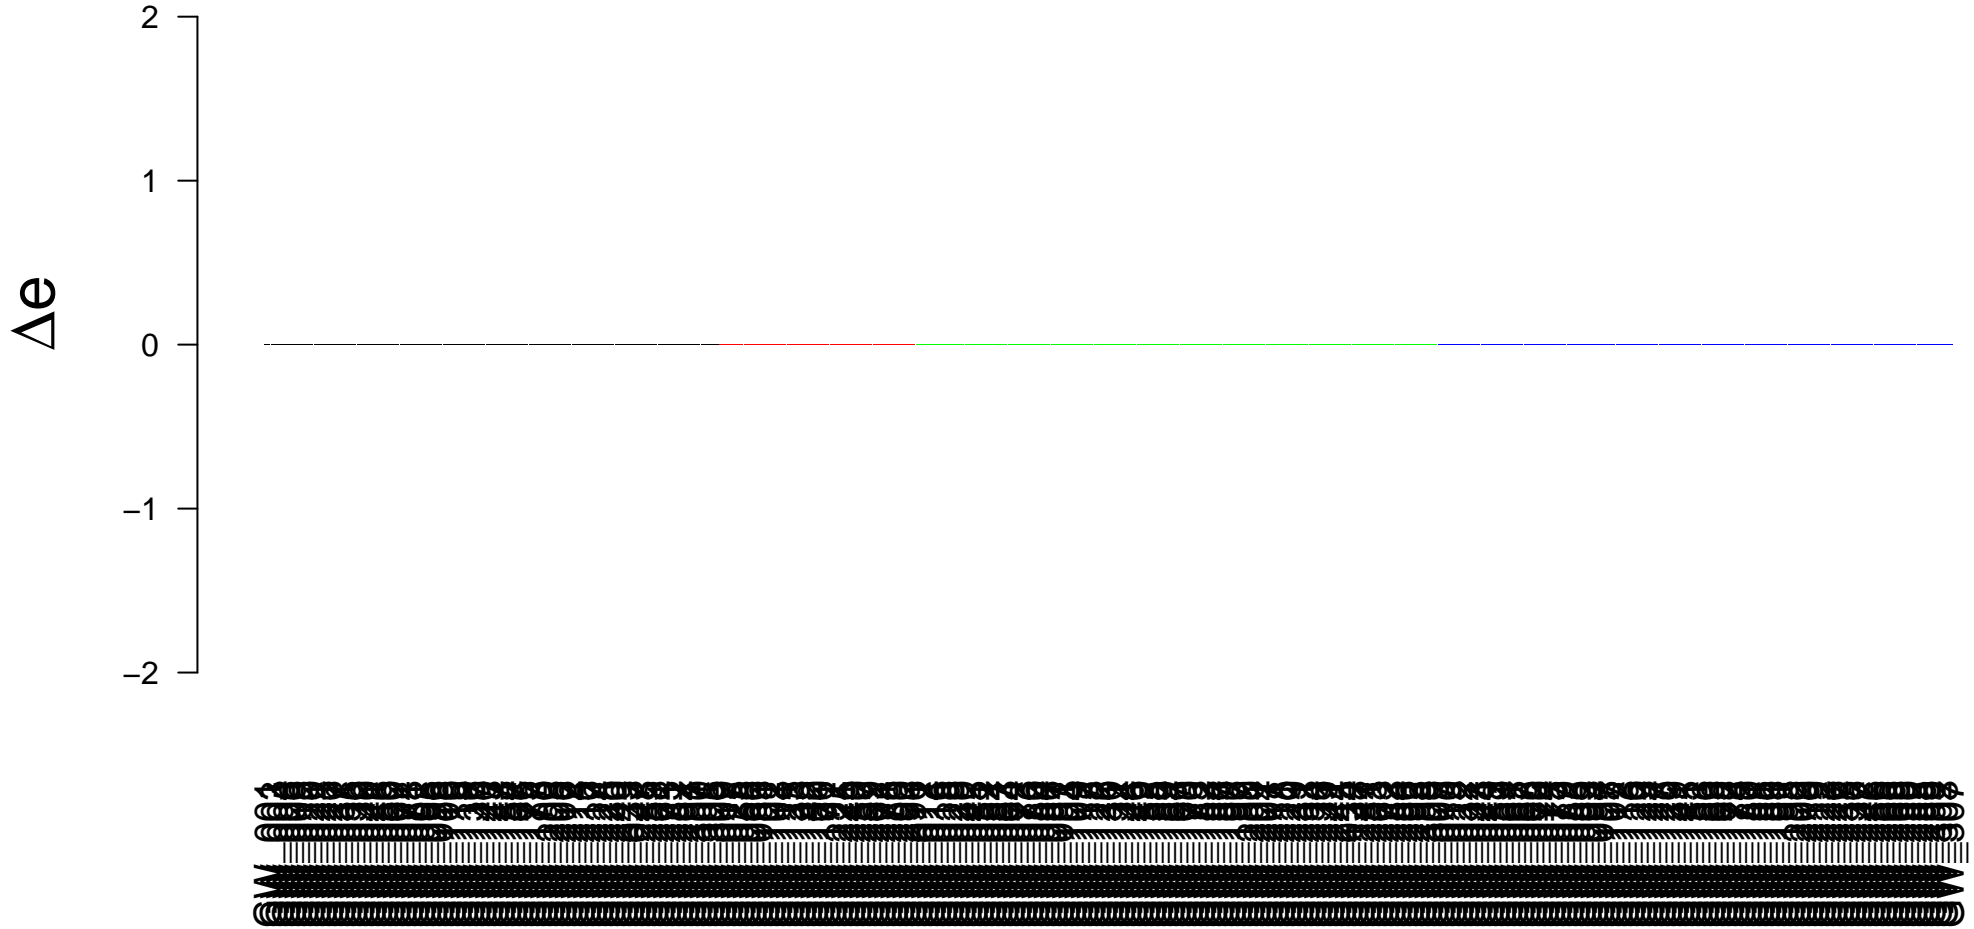

Expression of insulin-like growth factor binding in Spot A

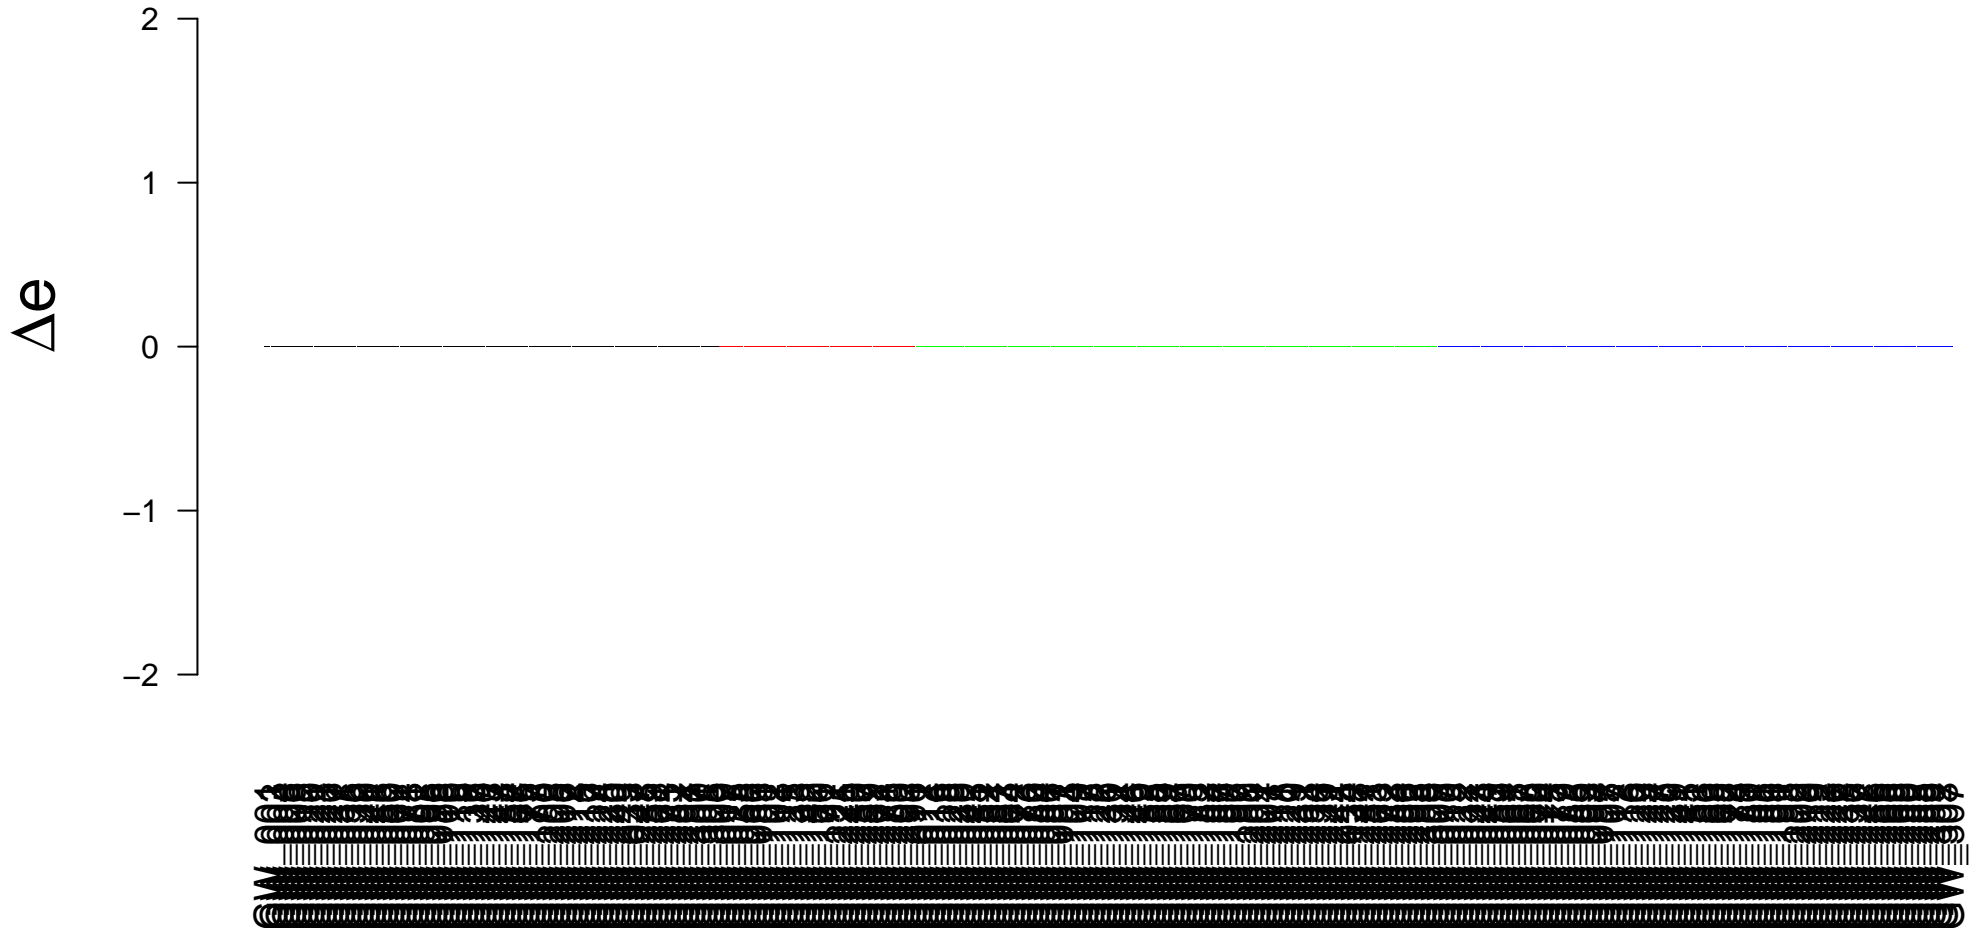

Expression of insulin-like growth factor binding in Spot B

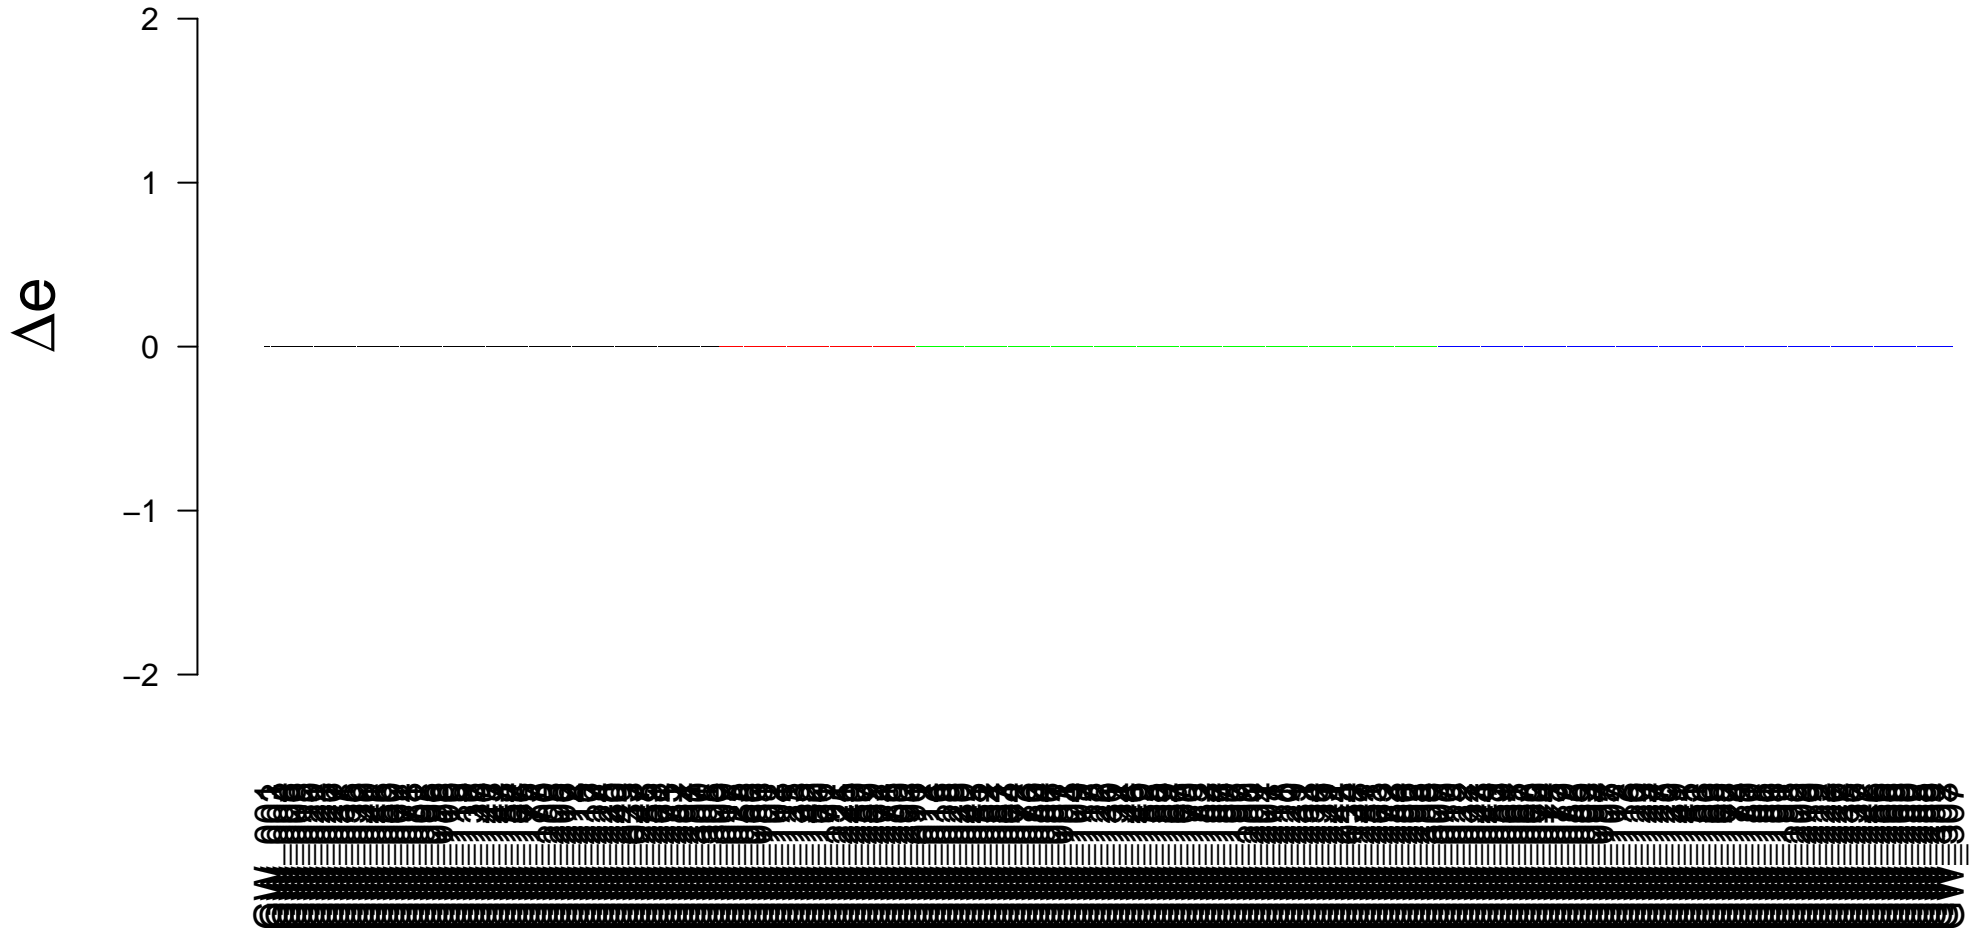

Expression of insulin-like growth factor binding in Spot C

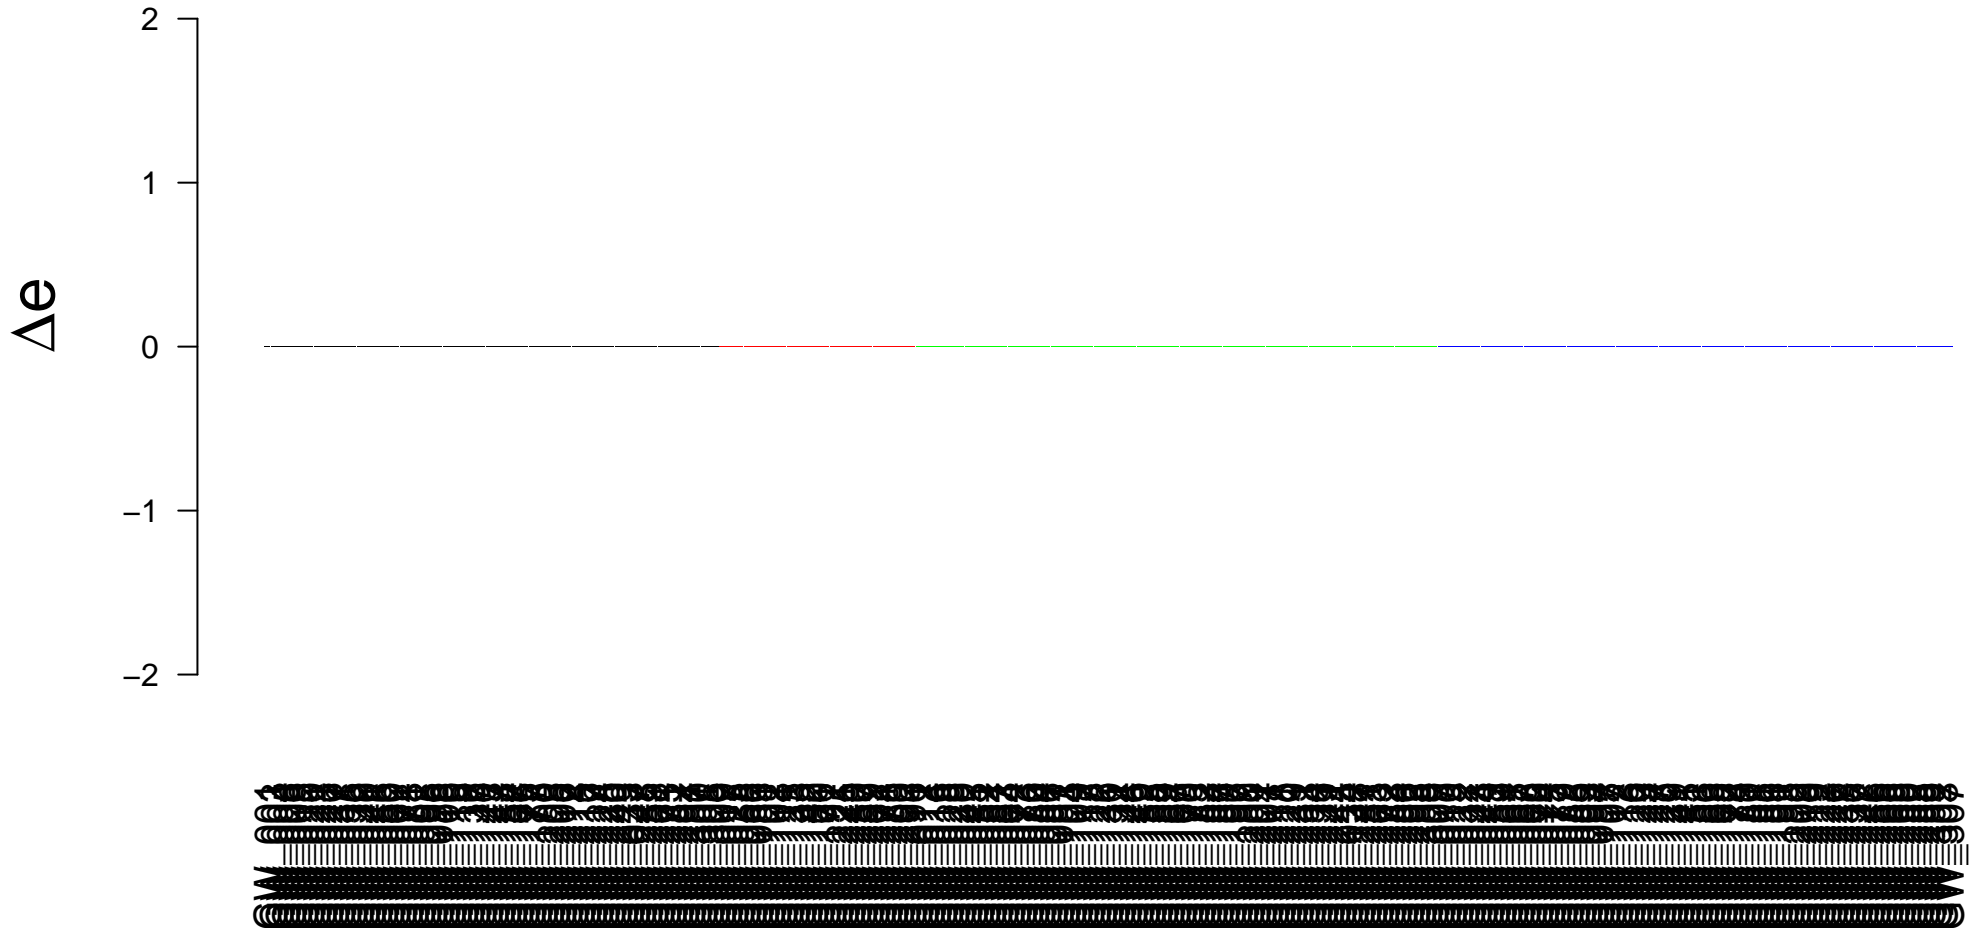

Expression of insulin-like growth factor binding in Spot D

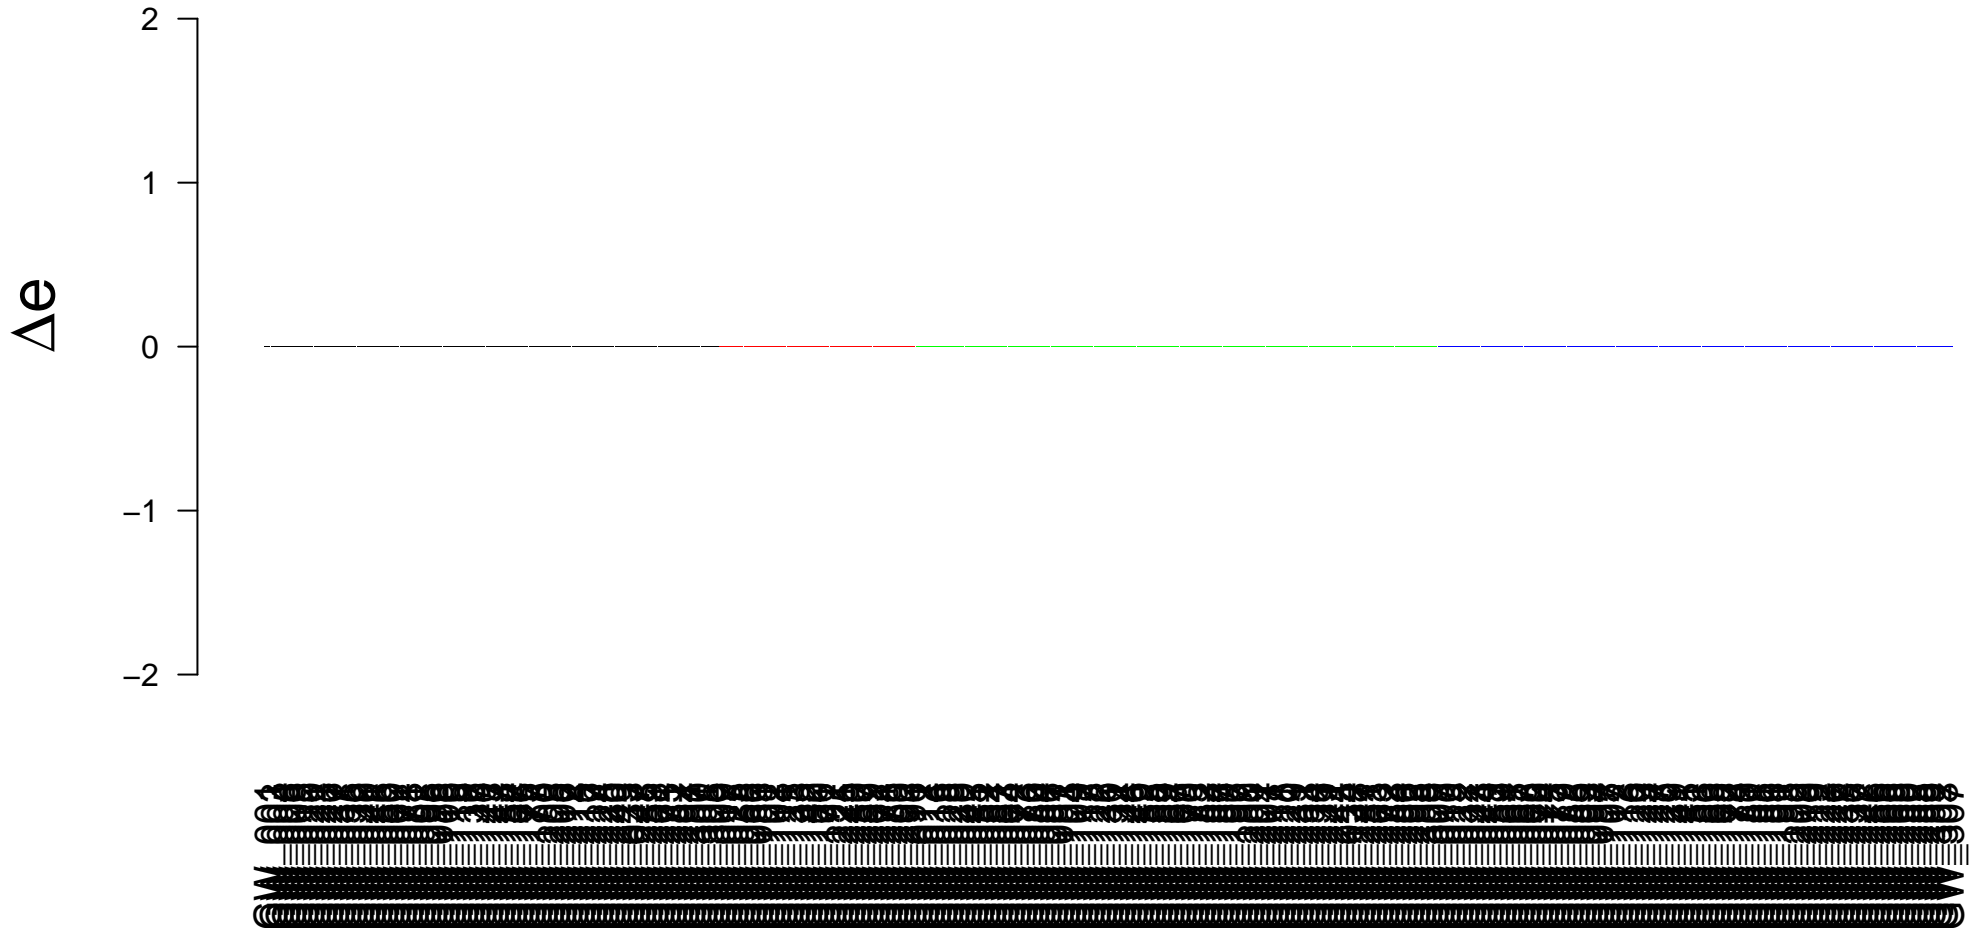

Expression of insulin-like growth factor binding in Spot E

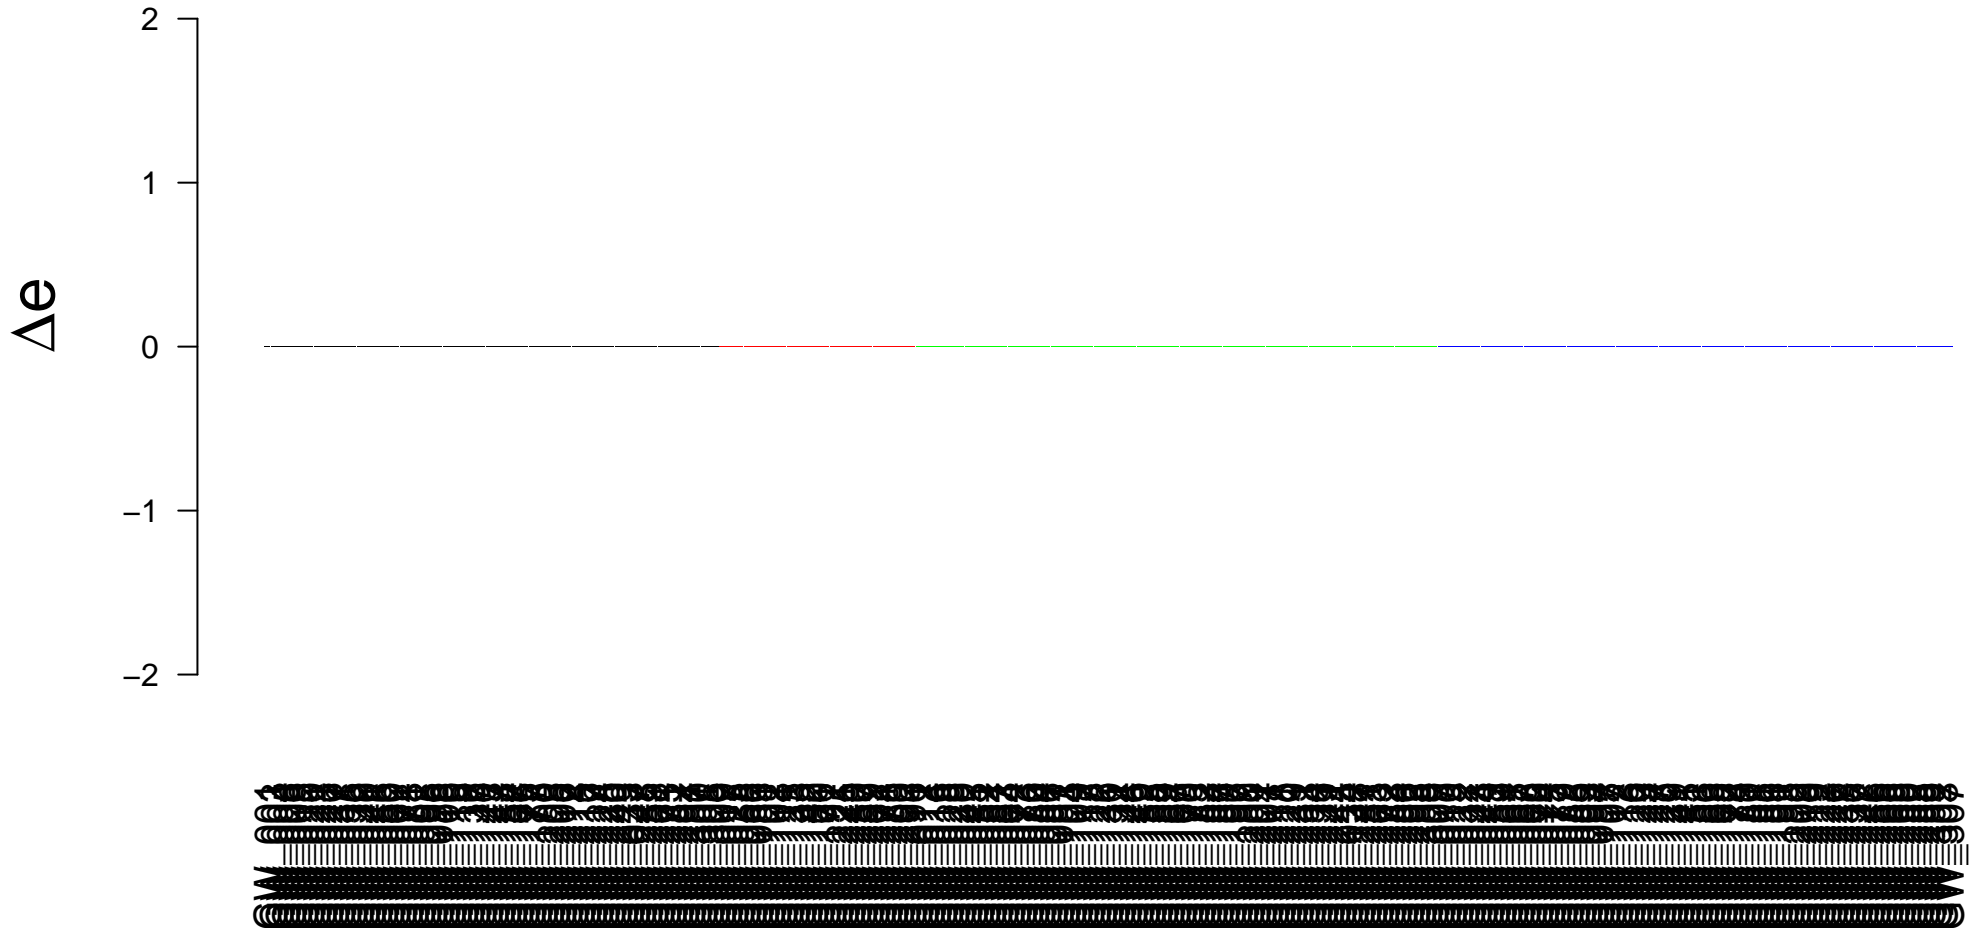

Expression of insulin-like growth factor binding in Spot F

Expression of insulin-like growth factor binding in Spot G

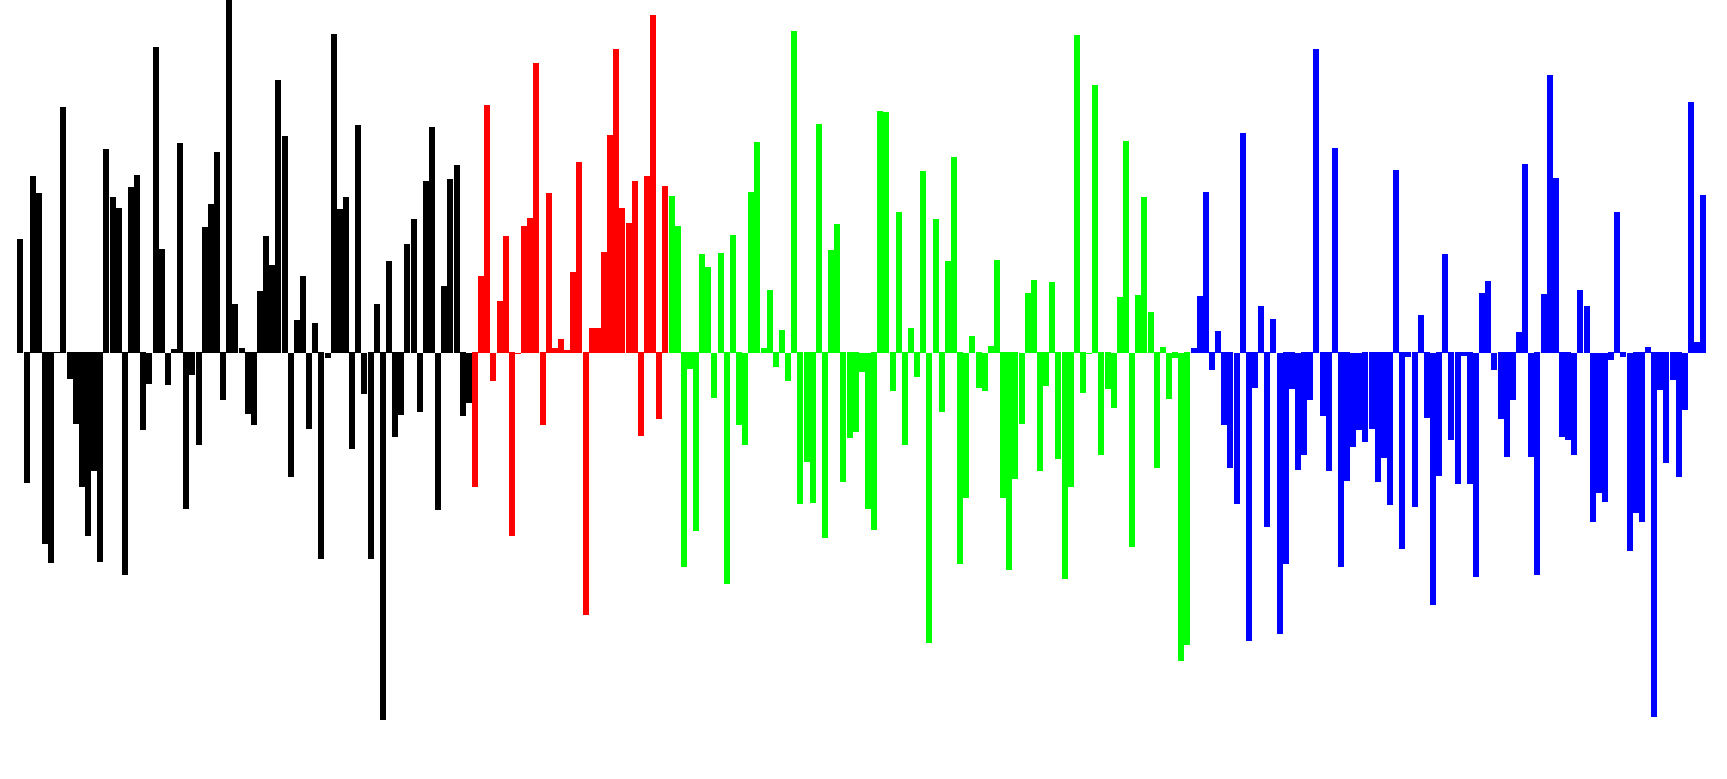

Expression of insulin-like growth factor binding in Spot H

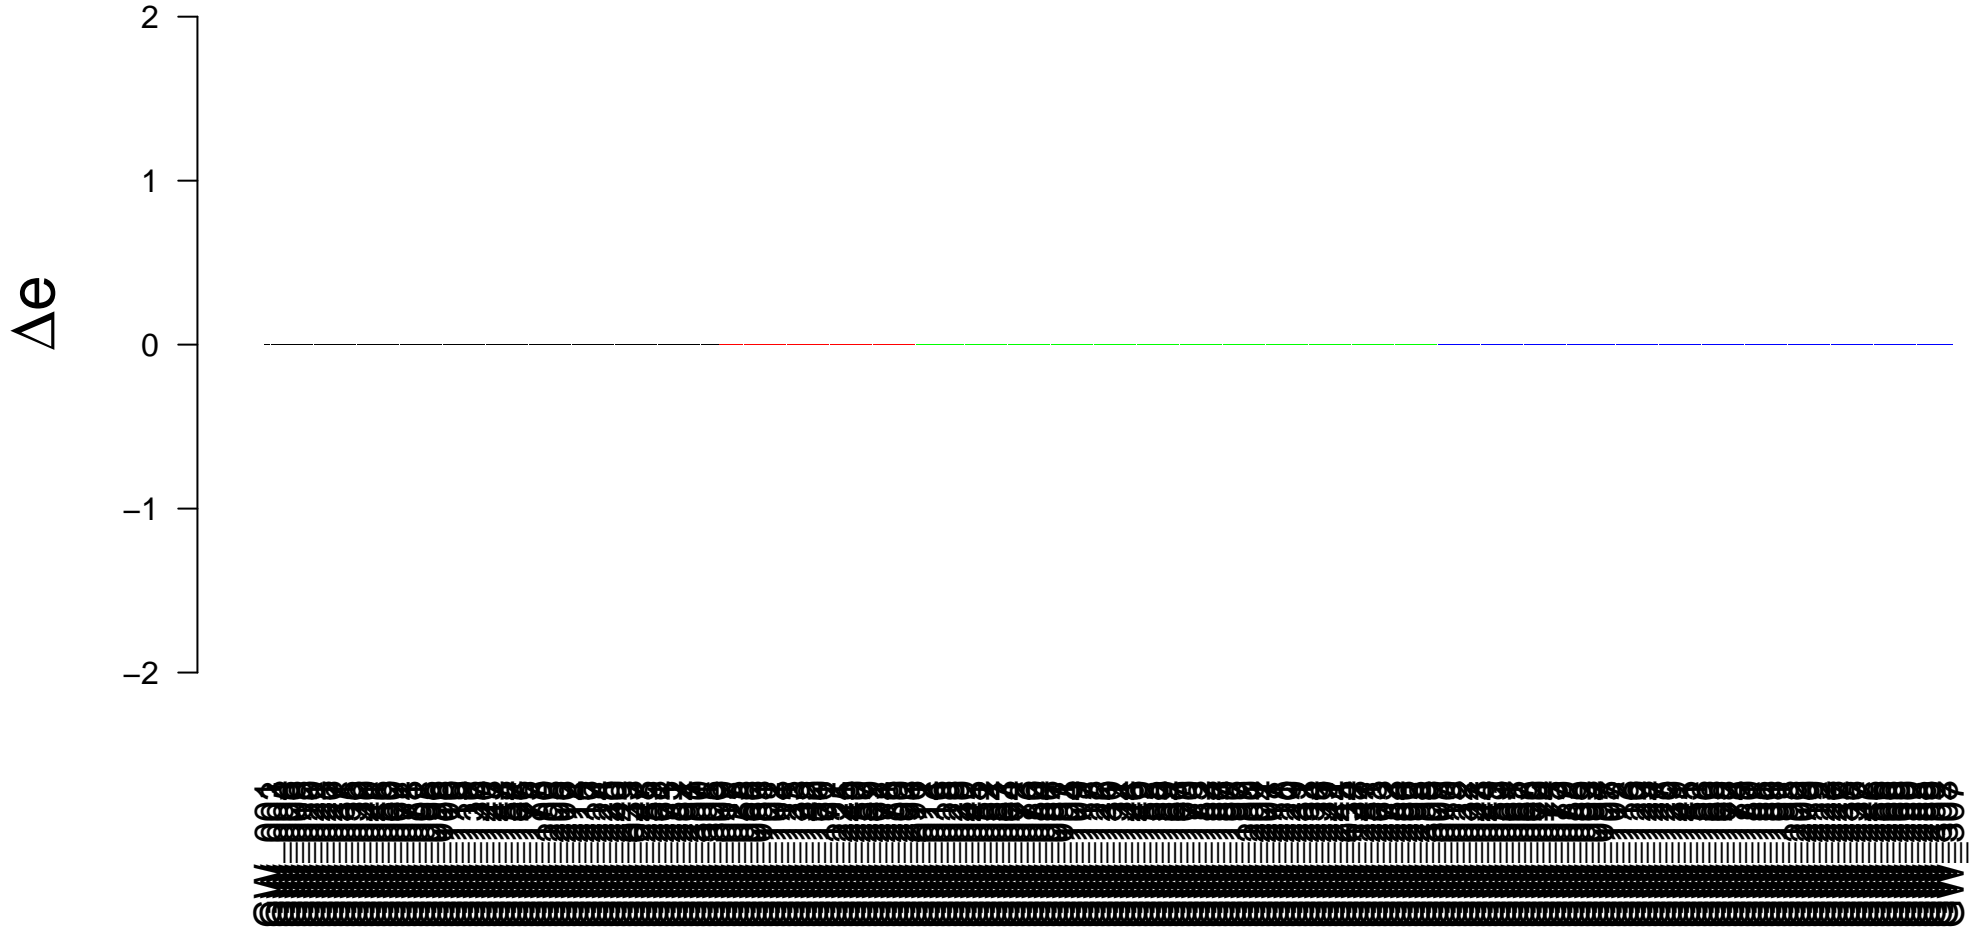

Expression of insulin-like growth factor binding in Spot I
