

insulin receptor substrate binding

Enrichment in spots: insulin receptor substrate binding

Expression of insulin receptor substrate binding in Spot A

Expression of insulin receptor substrate binding in Spot B

Expression of insulin receptor substrate binding in Spot C

Expression of insulin receptor substrate binding in Spot D

Expression of insulin receptor substrate binding in Spot E

Expression of insulin receptor substrate binding in Spot F

Expression of insulin receptor substrate binding in Spot G

Expression of insulin receptor substrate binding in Spot H

Expression of insulin receptor substrate binding in Spot I

Expression of insulin receptor substrate binding in Spot J
