

integral to luminal side of endoplasmic reticulum membrane

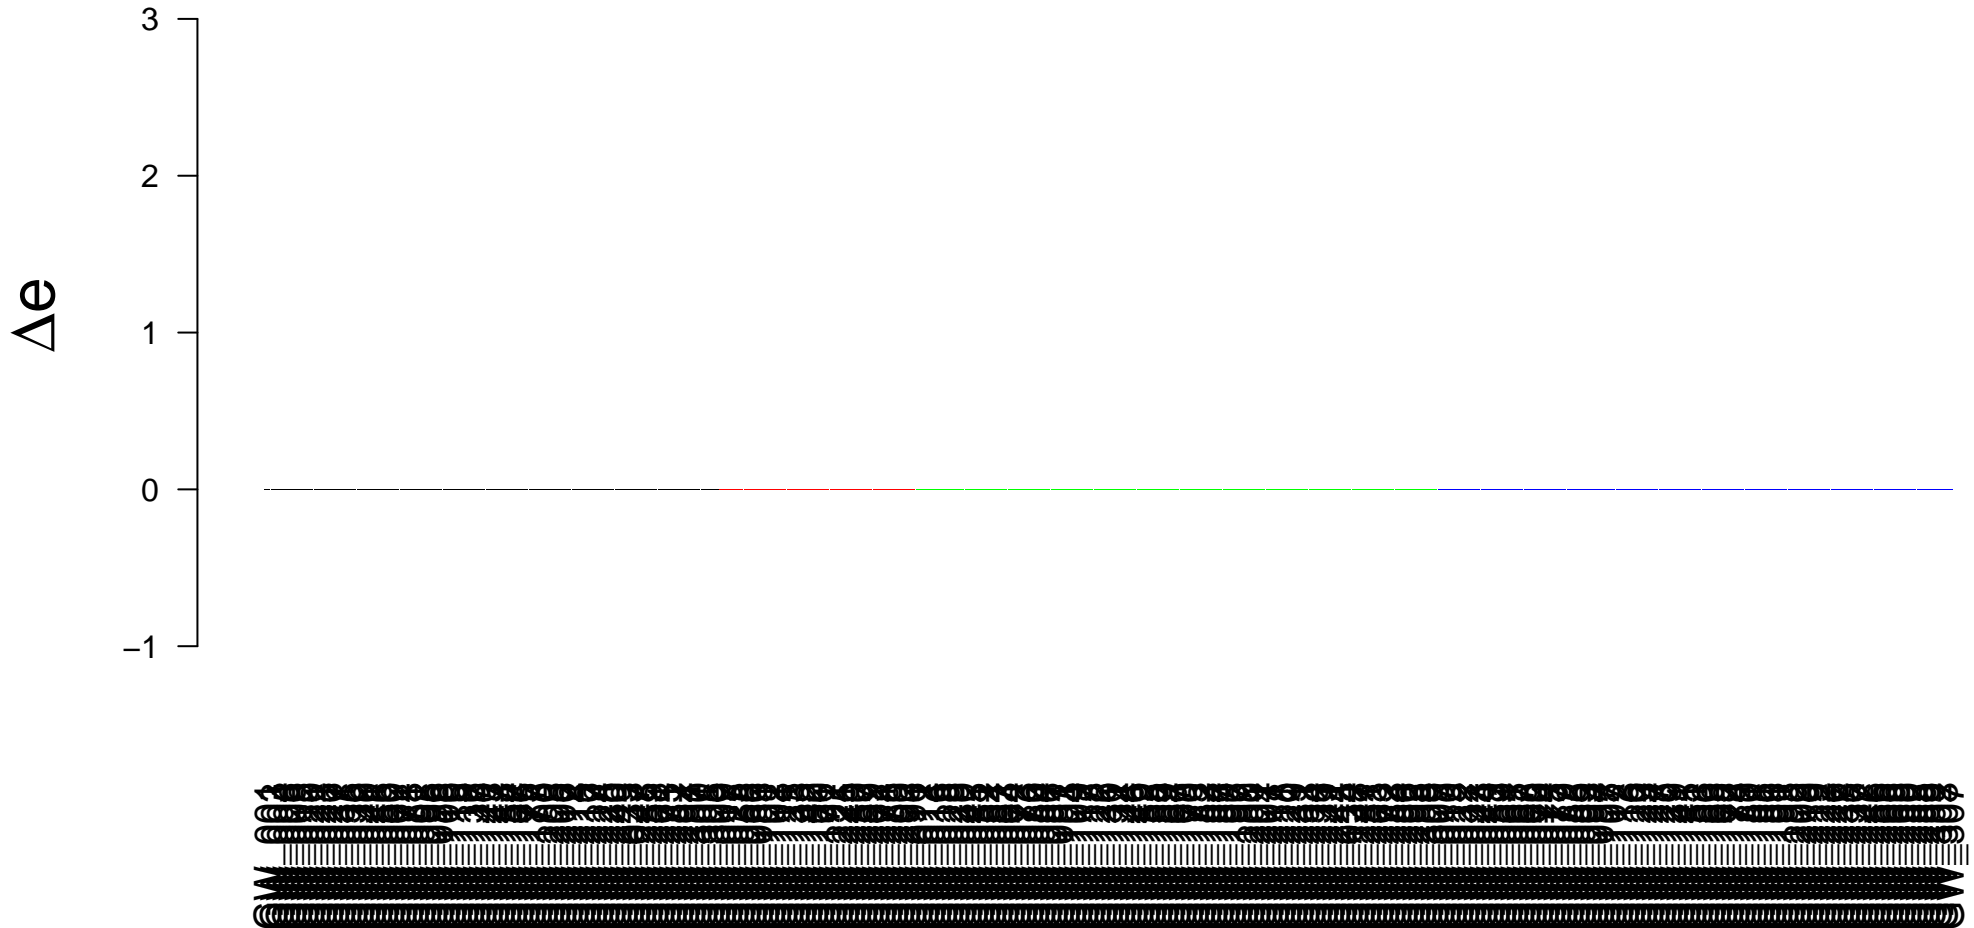

integral to luminal side of endoplasmic reticulum membrane

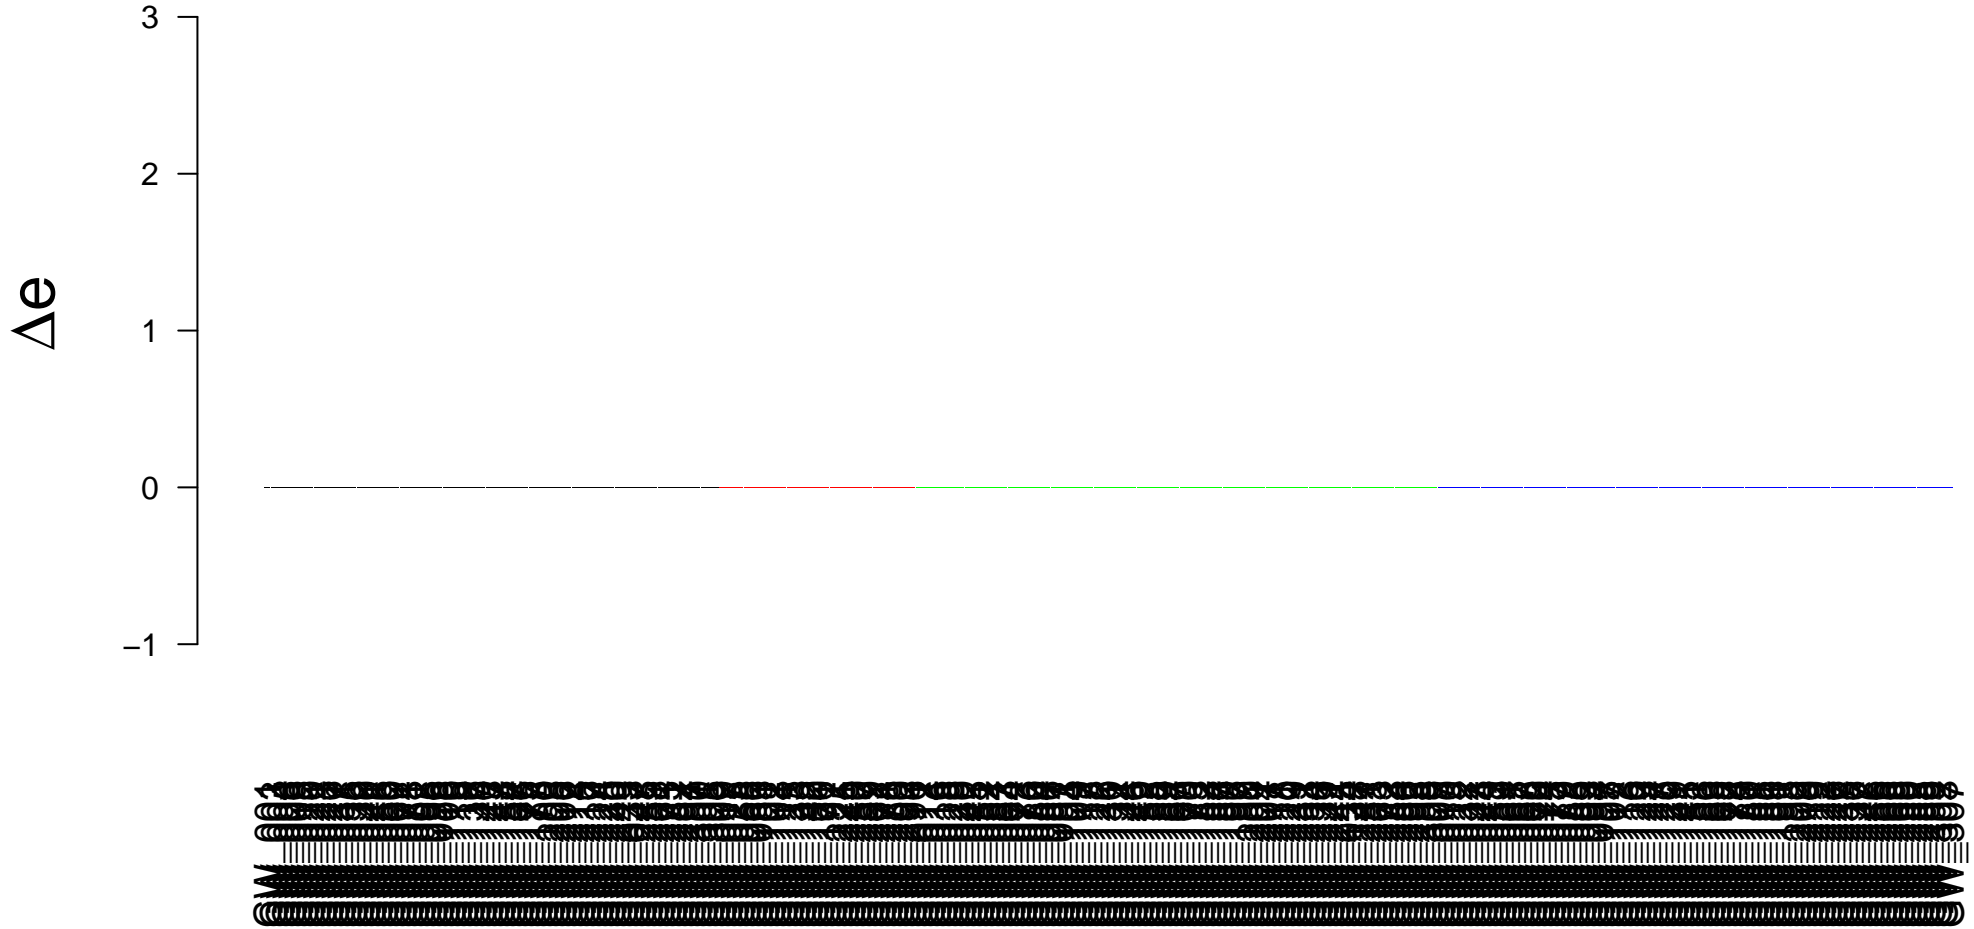

Enrichment in spots: integral to luminal side of endoplasmic reticulum membrane

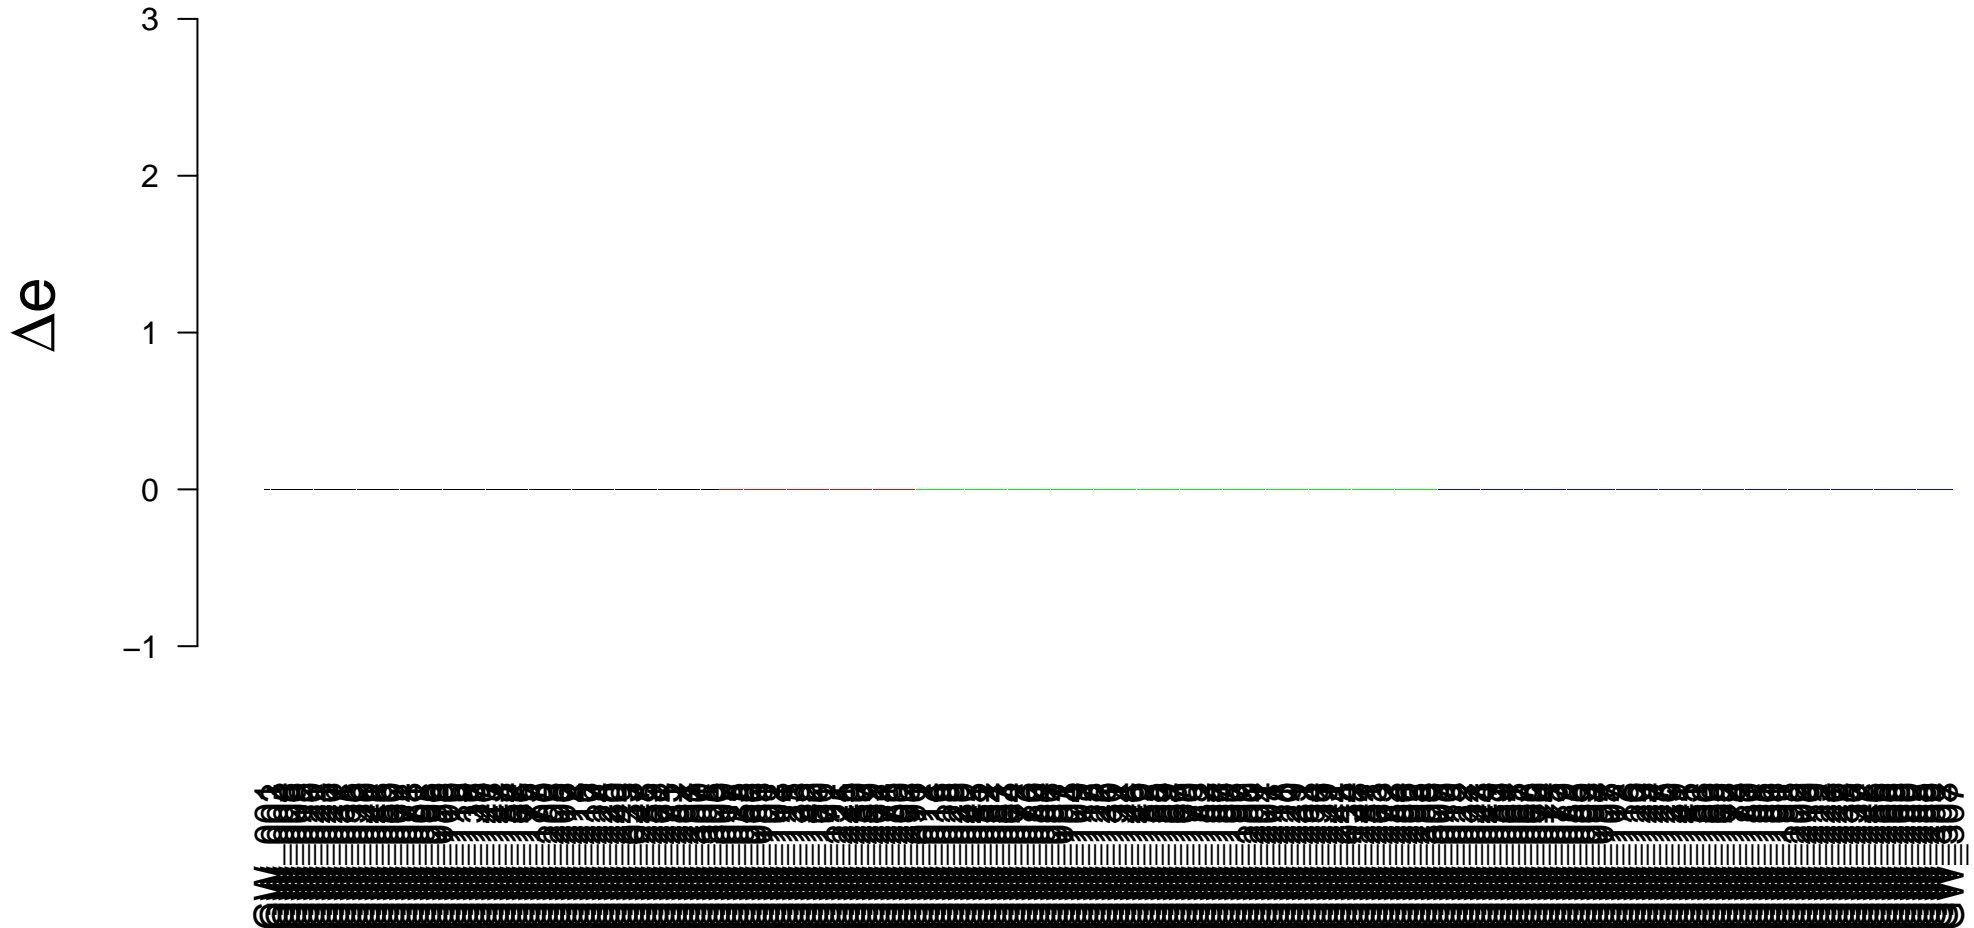

# Expression of integral to luminal side of endoplasmic reticulum membrane in Spot A

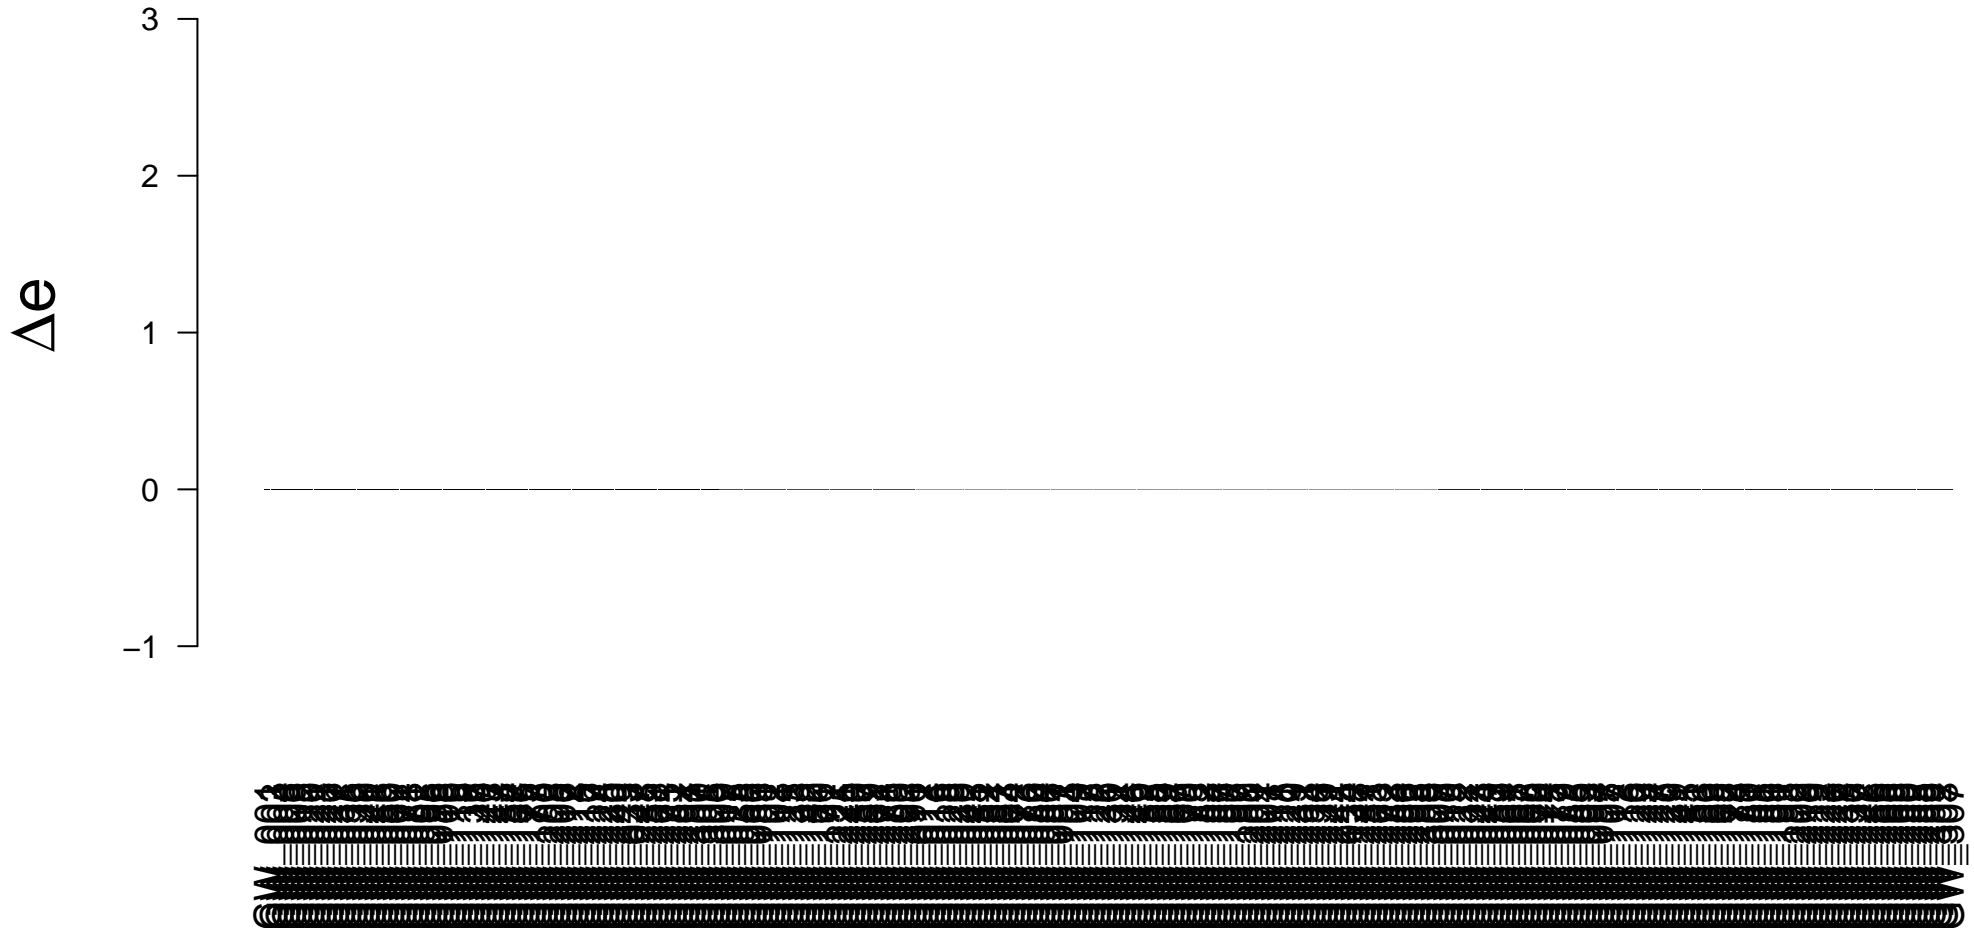

# Expression of integral to luminal side of endoplasmic reticulum membrane in Spot B

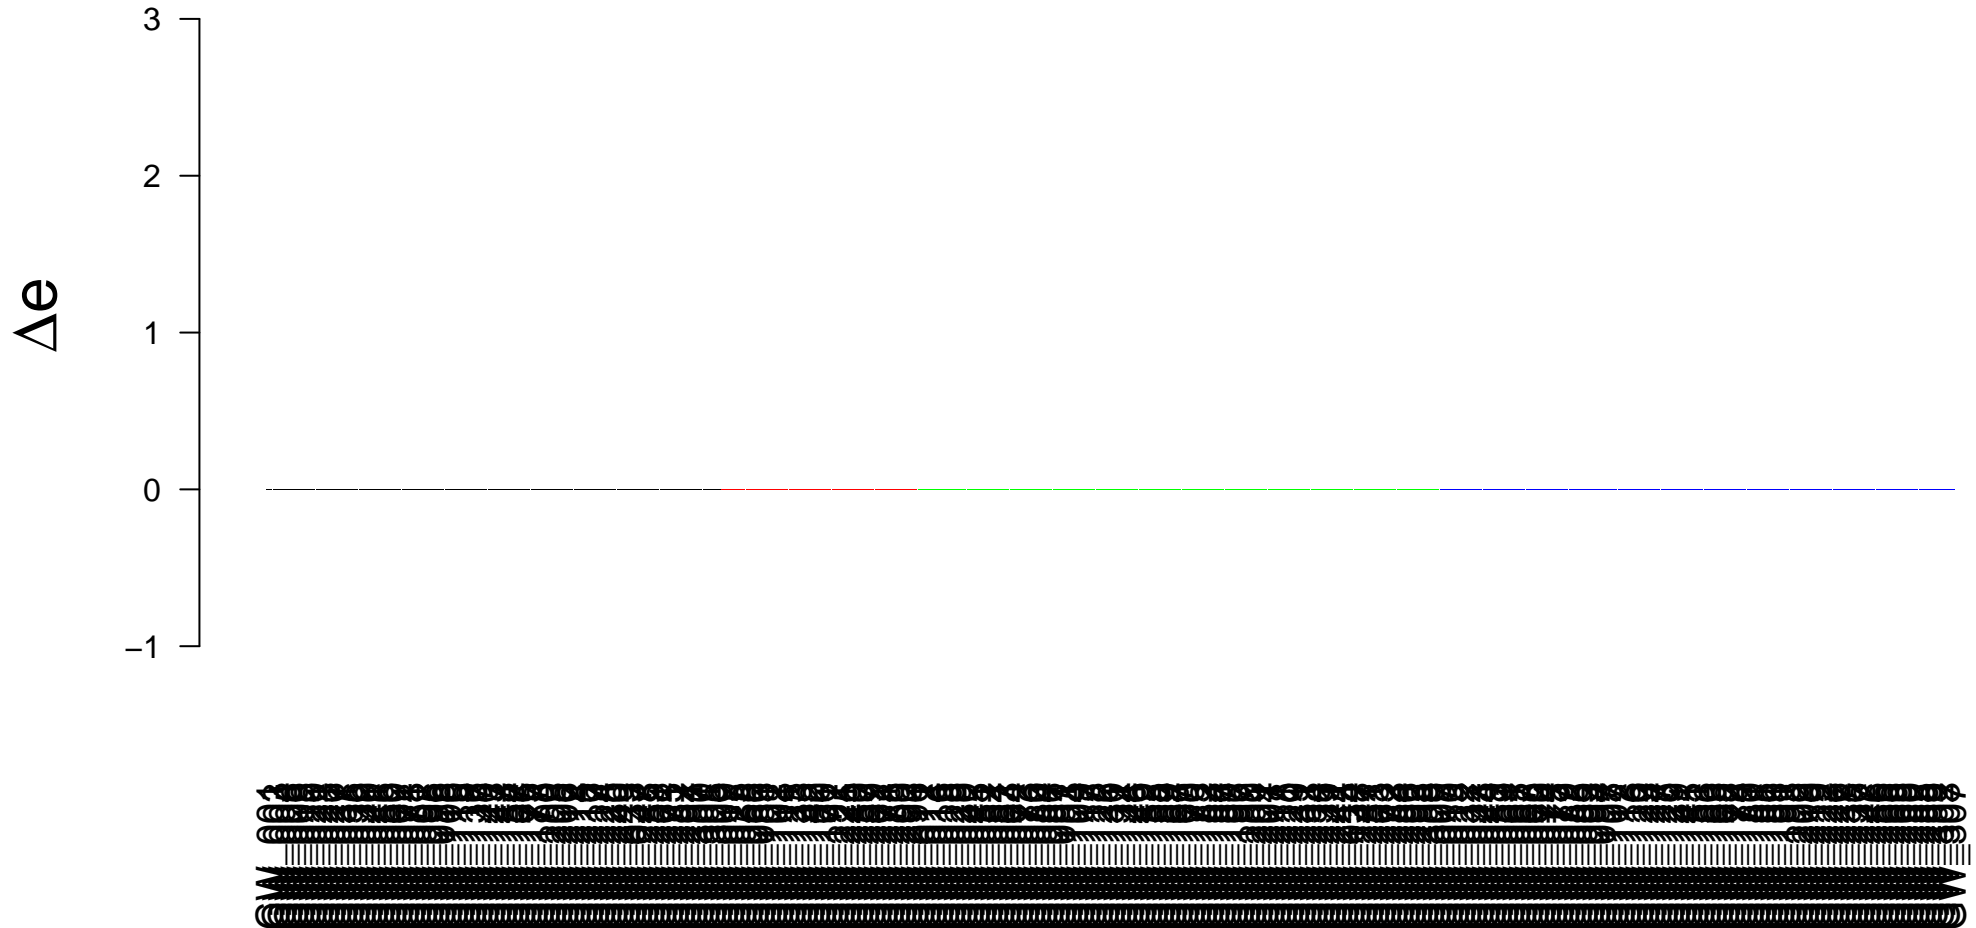

# Expression of integral to luminal side of endoplasmic reticulum membrane in Spot C

# Expression of integral to luminal side of endoplasmic reticulum membrane in Spot D

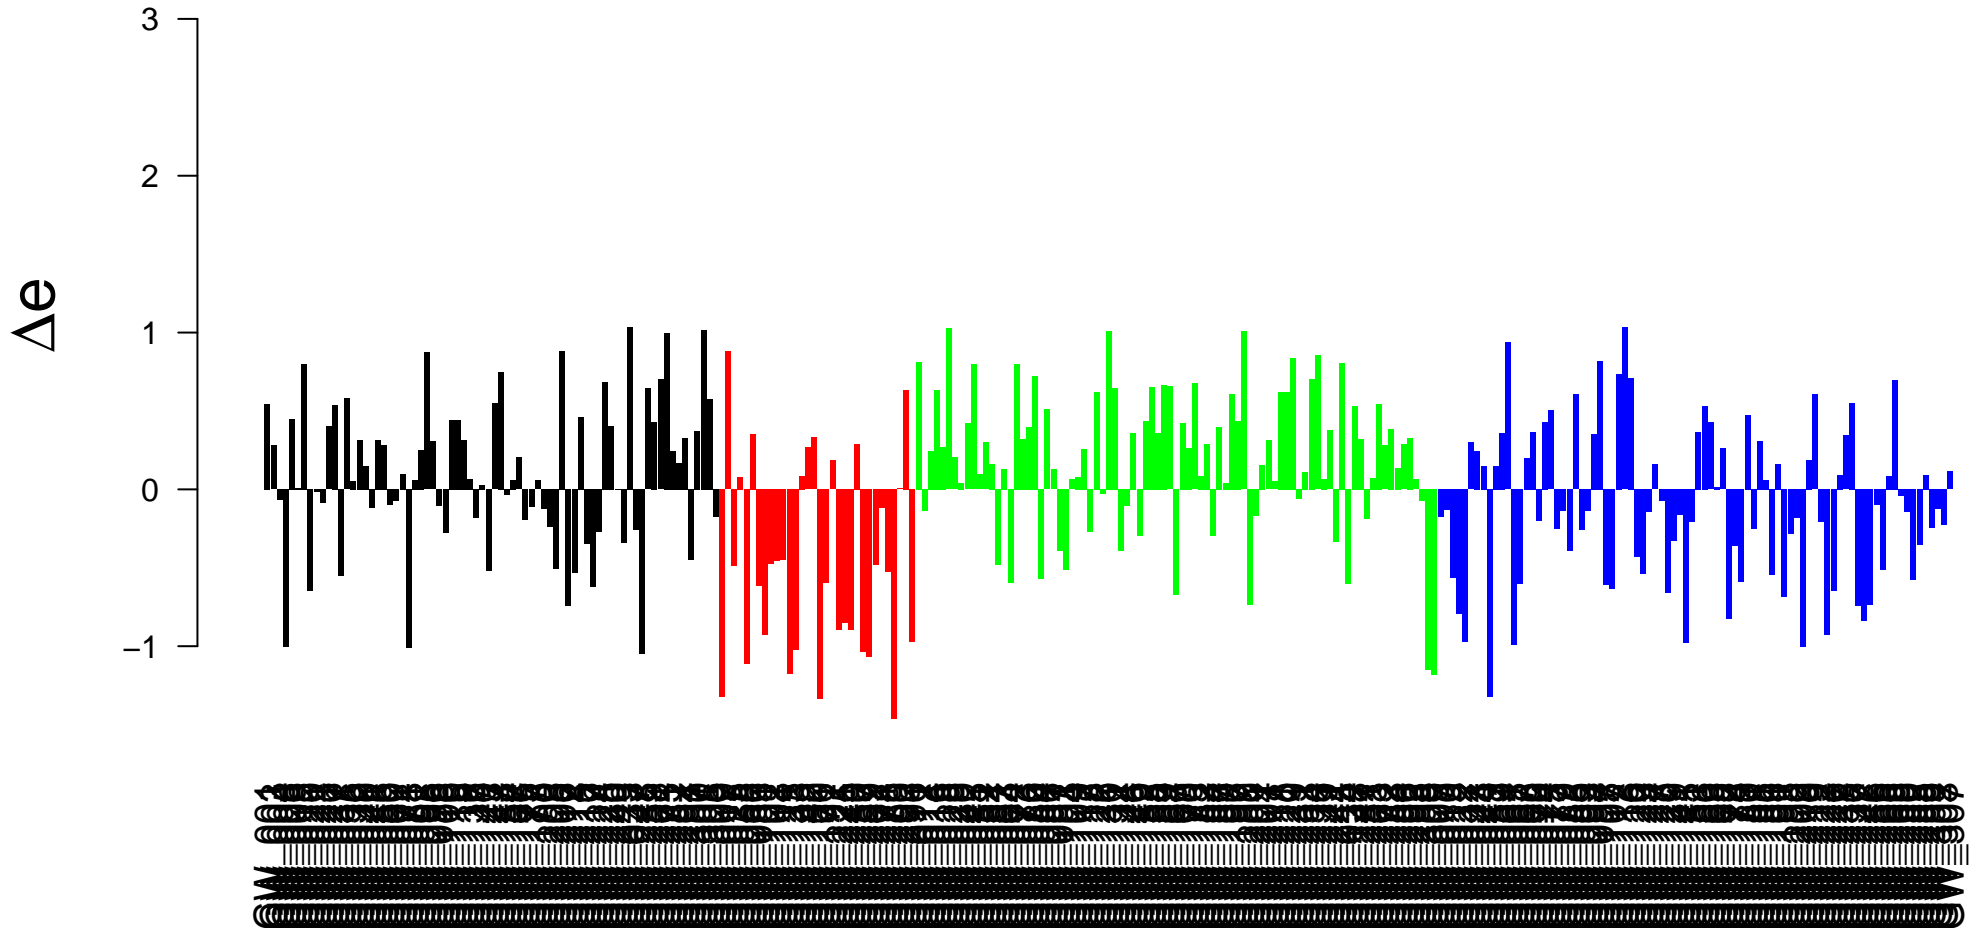

# Expression of integral to luminal side of endoplasmic reticulum membrane in Spot E

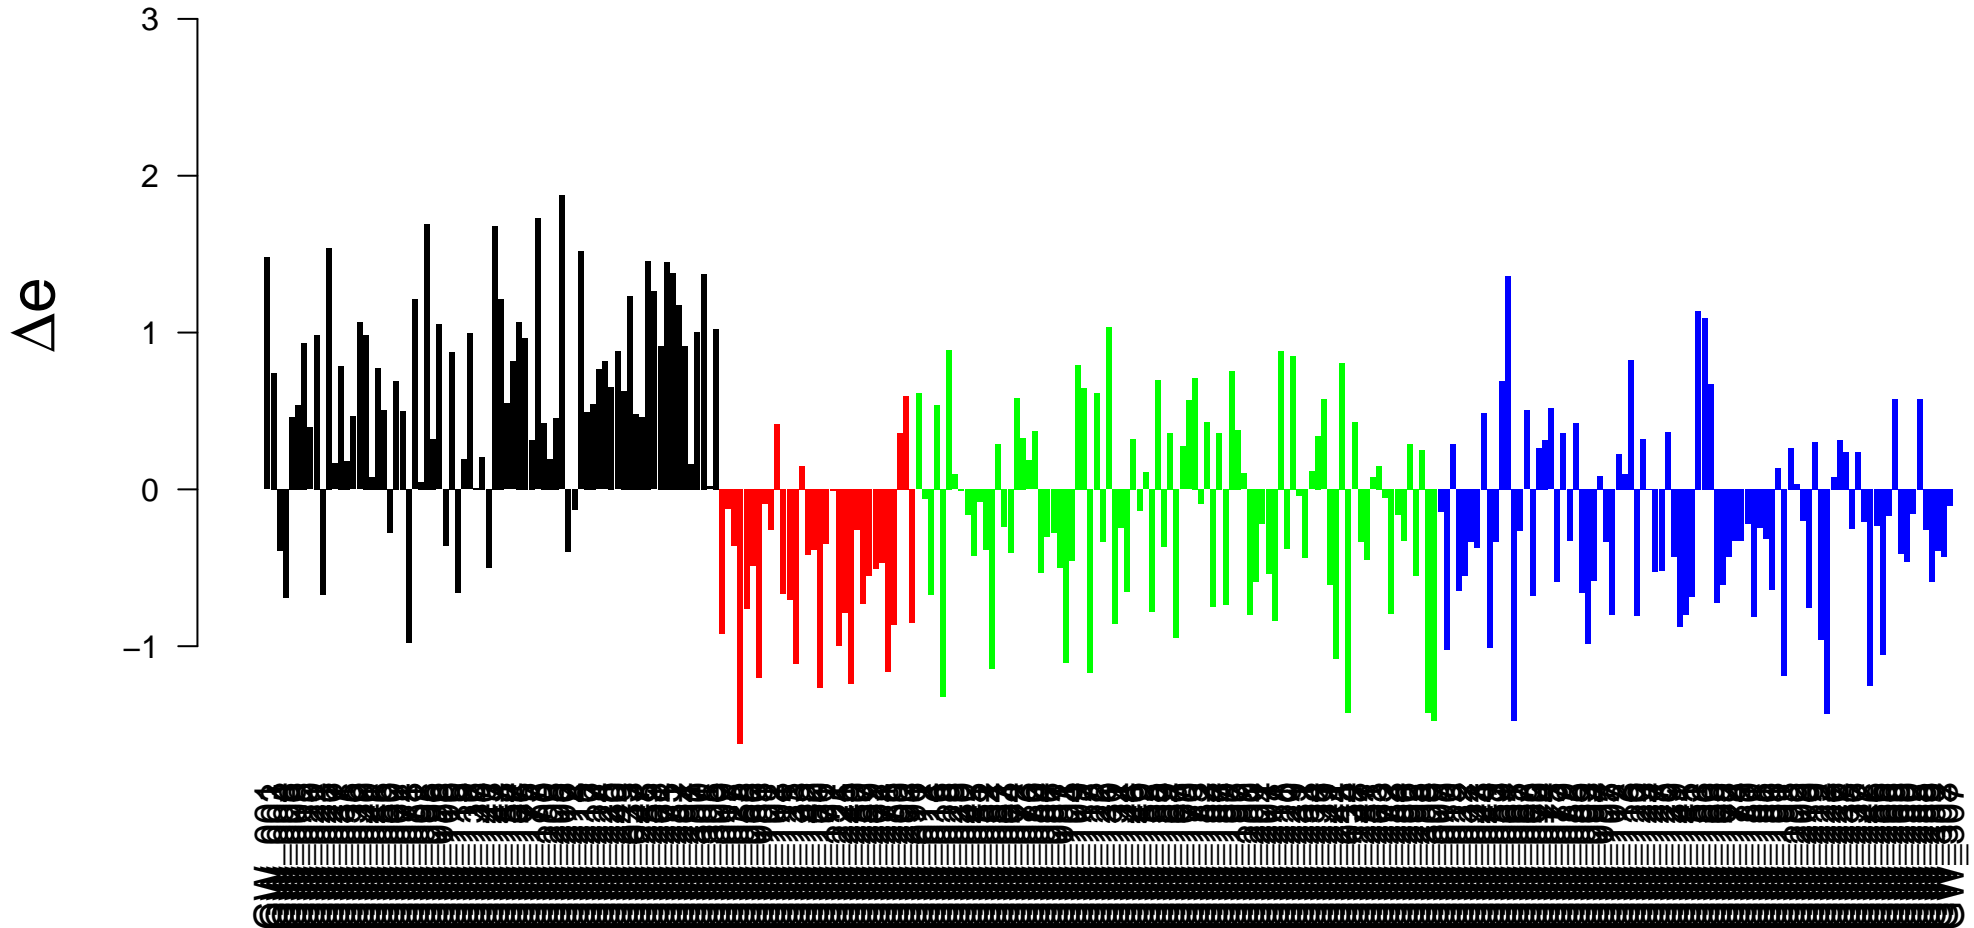

# Expression of integral to luminal side of endoplasmic reticulum membrane in Spot F

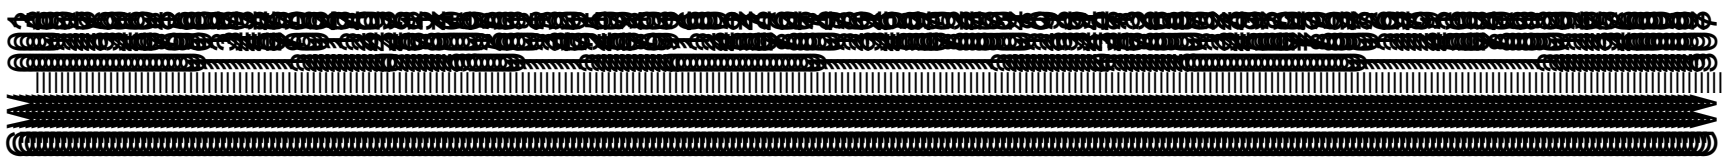

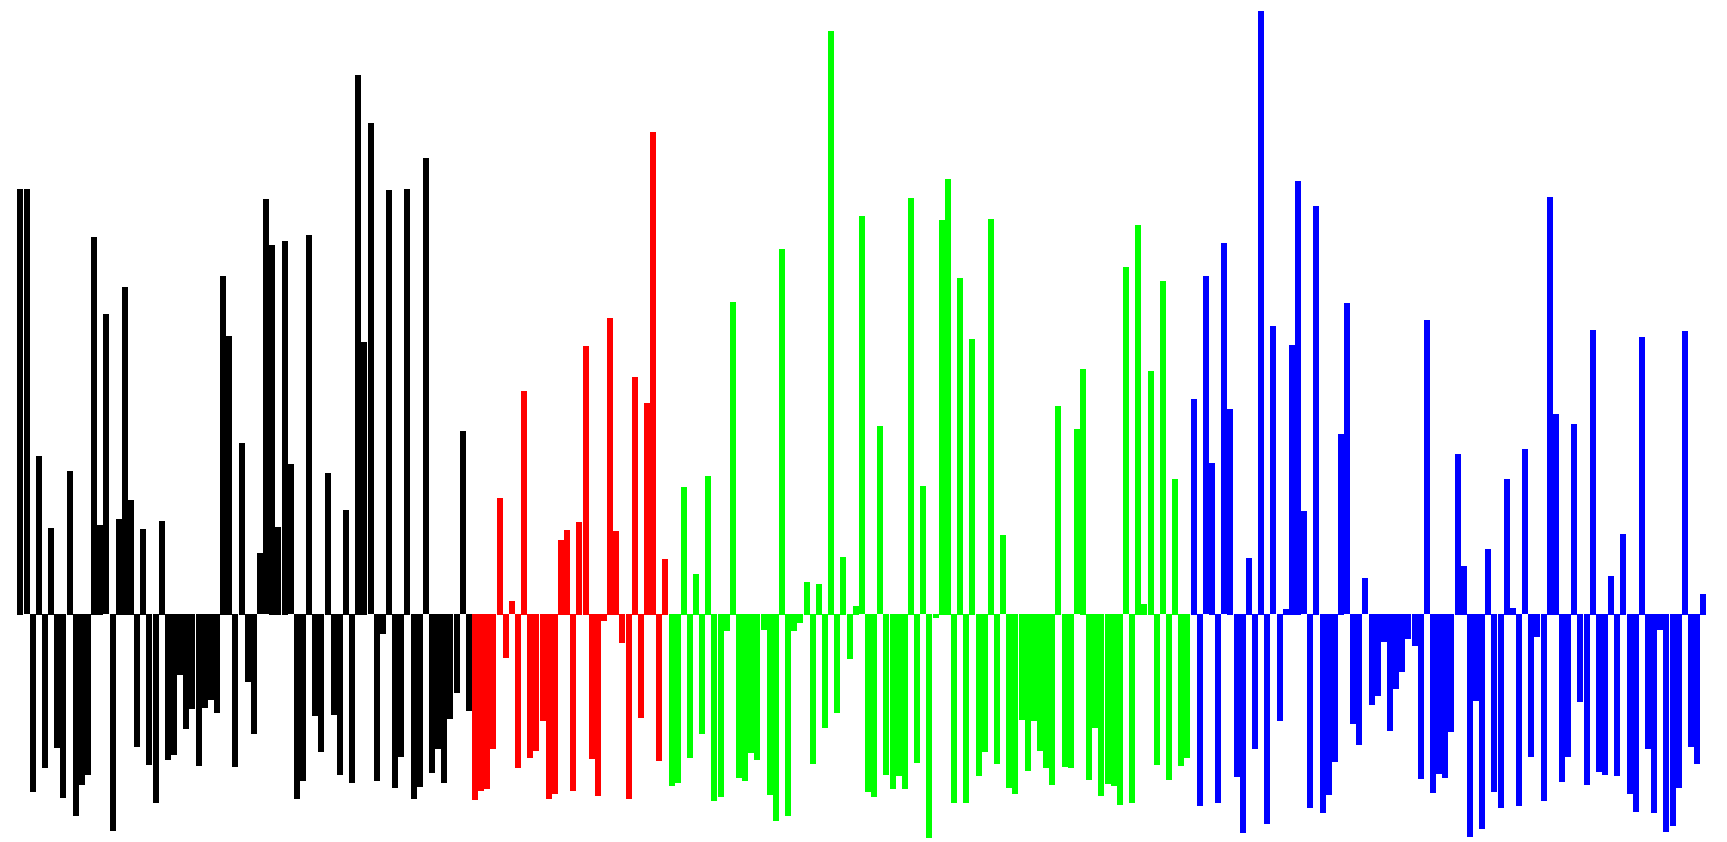

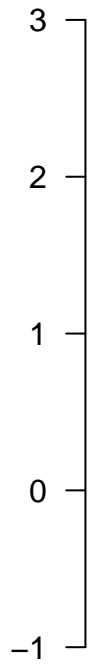

# Expression of integral to luminal side of endoplasmic reticulum membrane in Spot G

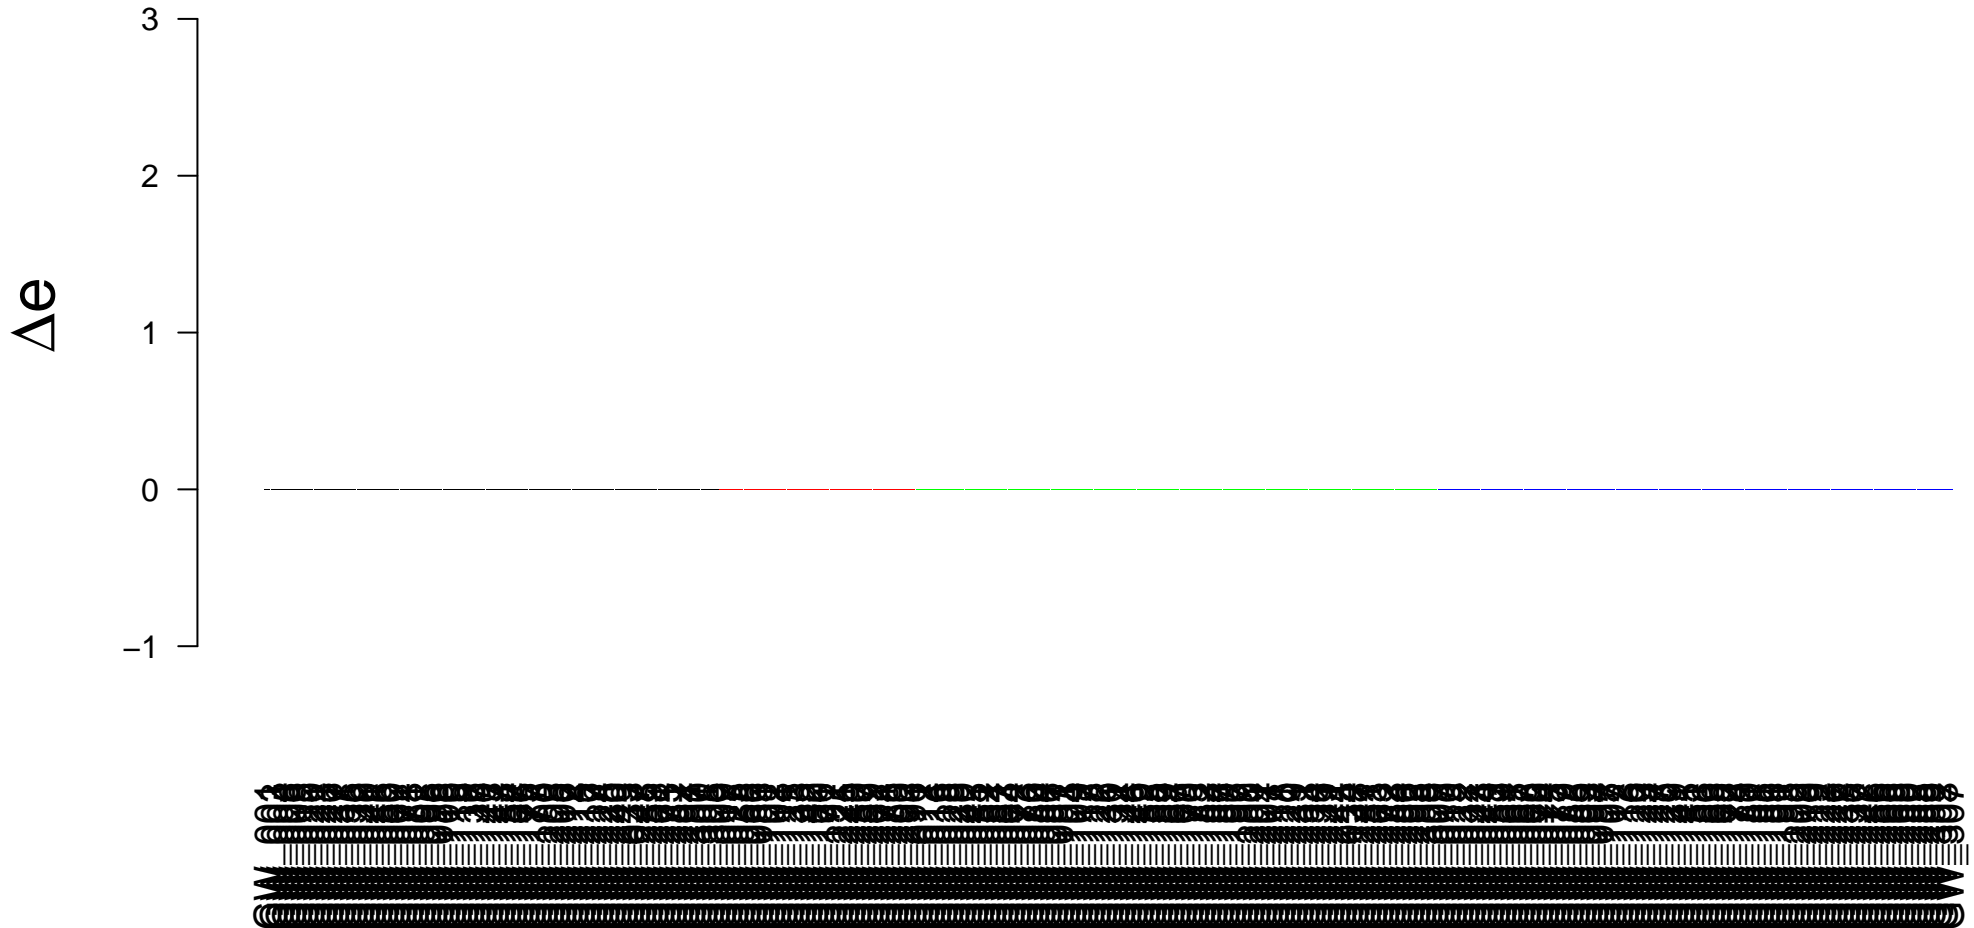

# Expression of integral to luminal side of endoplasmic reticulum membrane in Spot H

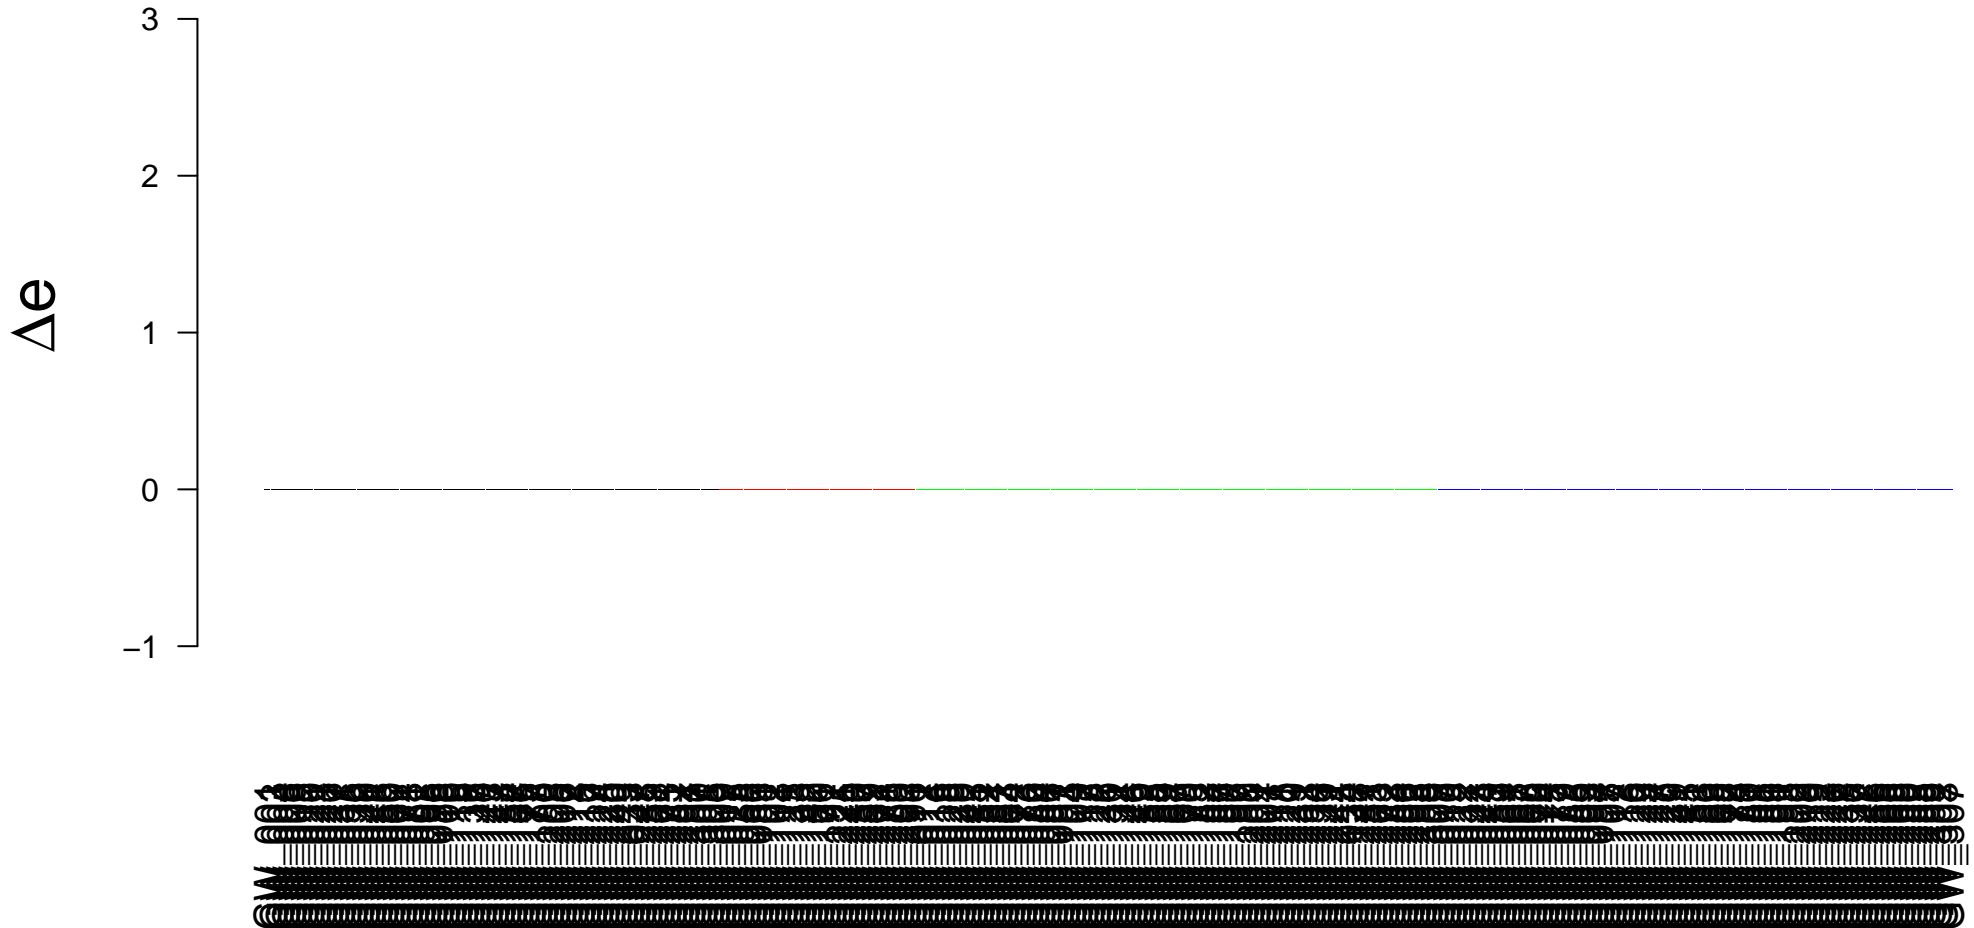

$\Delta e$

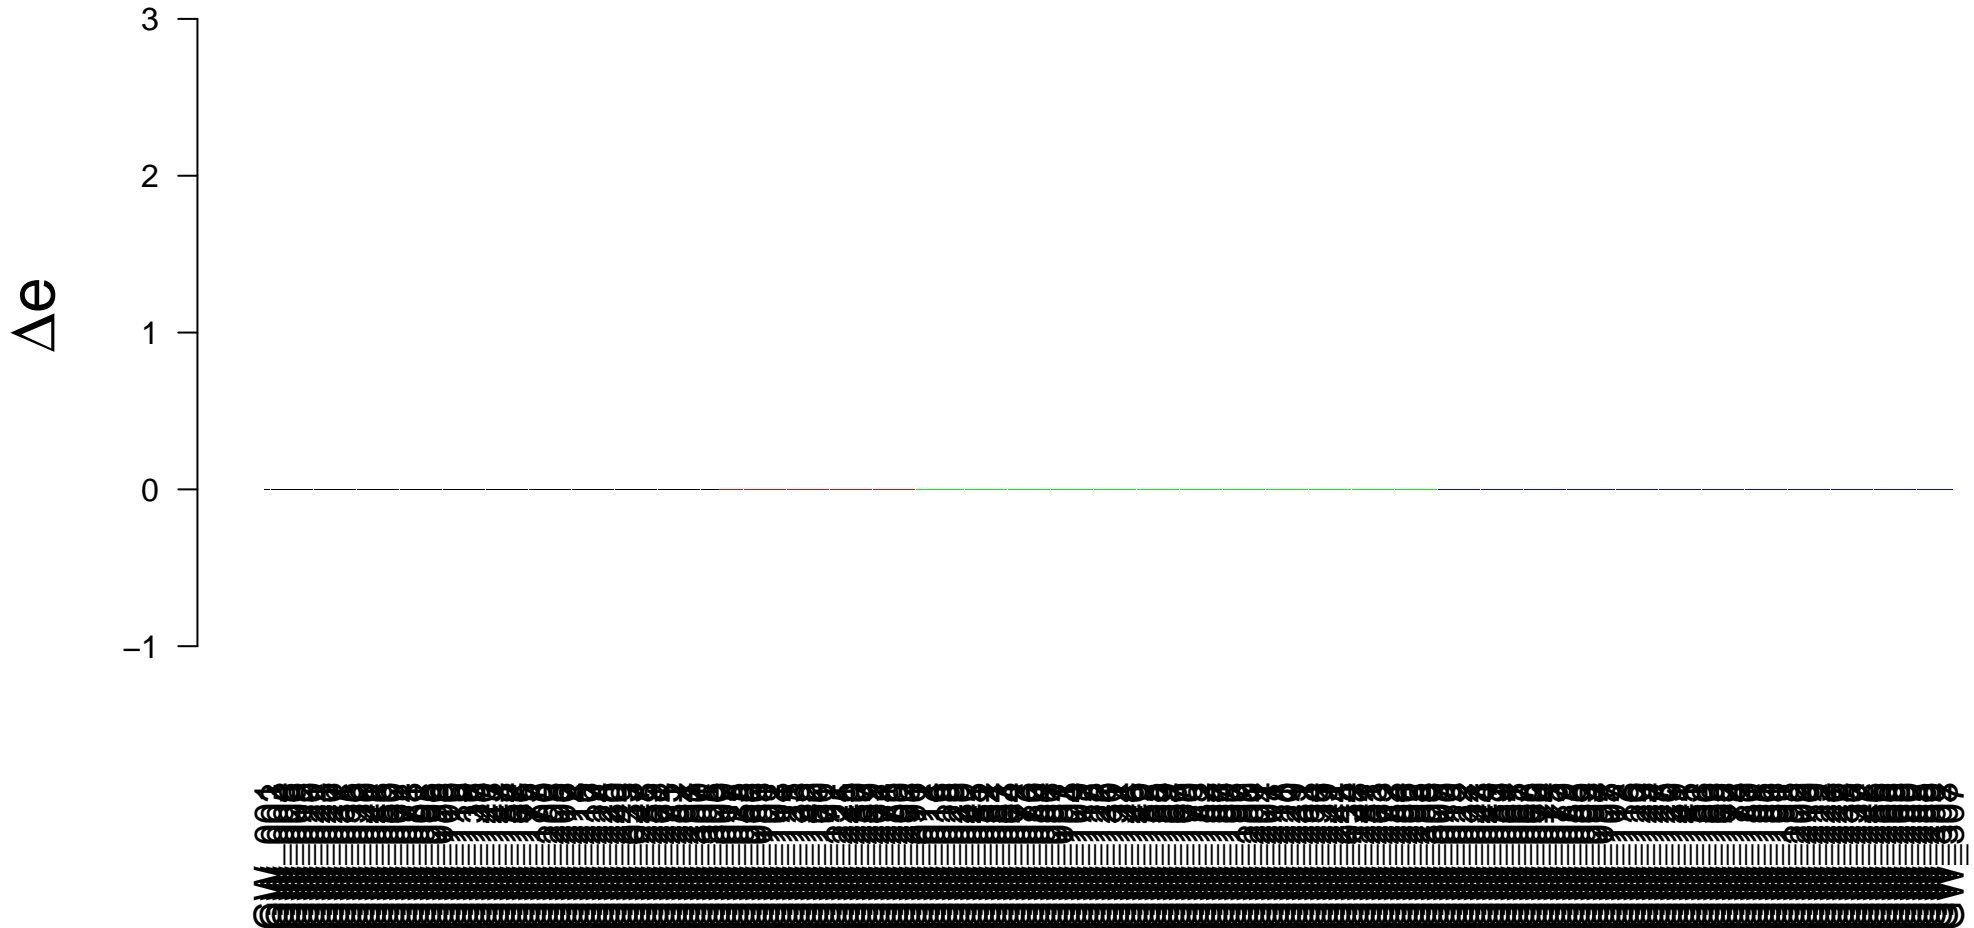

# Expression of integral to luminal side of endoplasmic reticulum membrane in Spot I

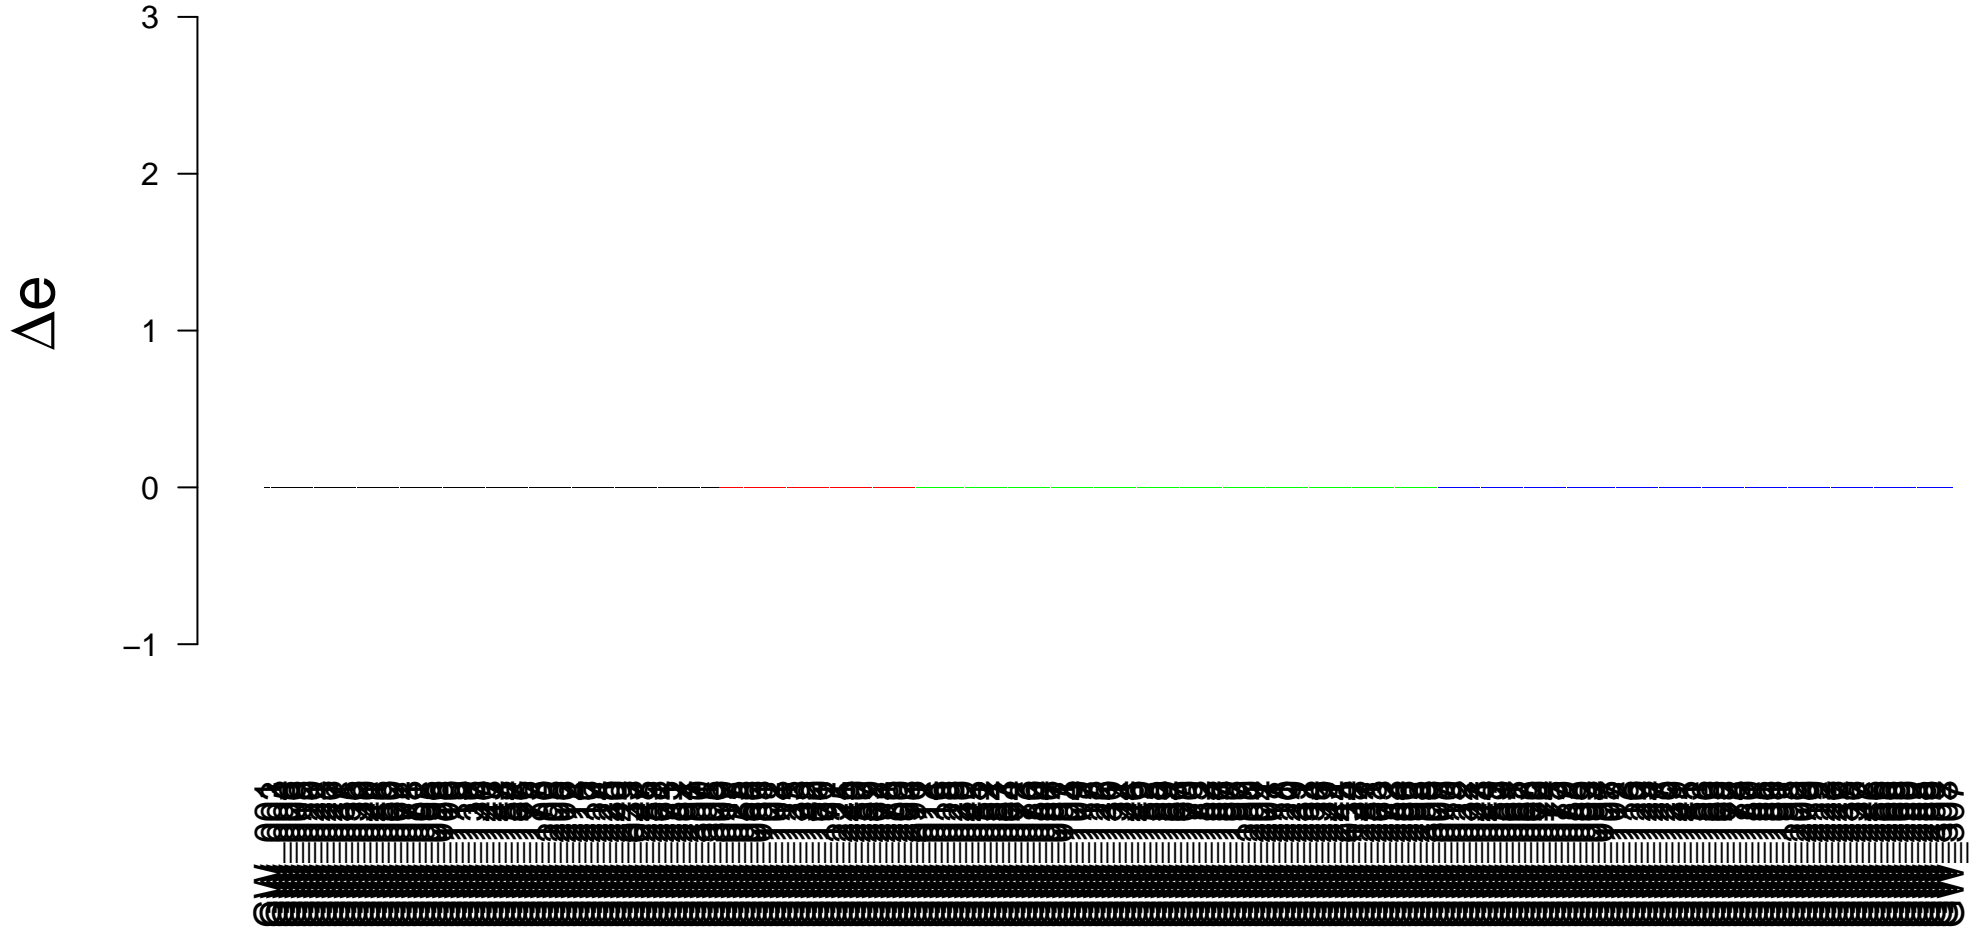

# Expression of integral to luminal side of endoplasmic reticulum membrane in Spot J

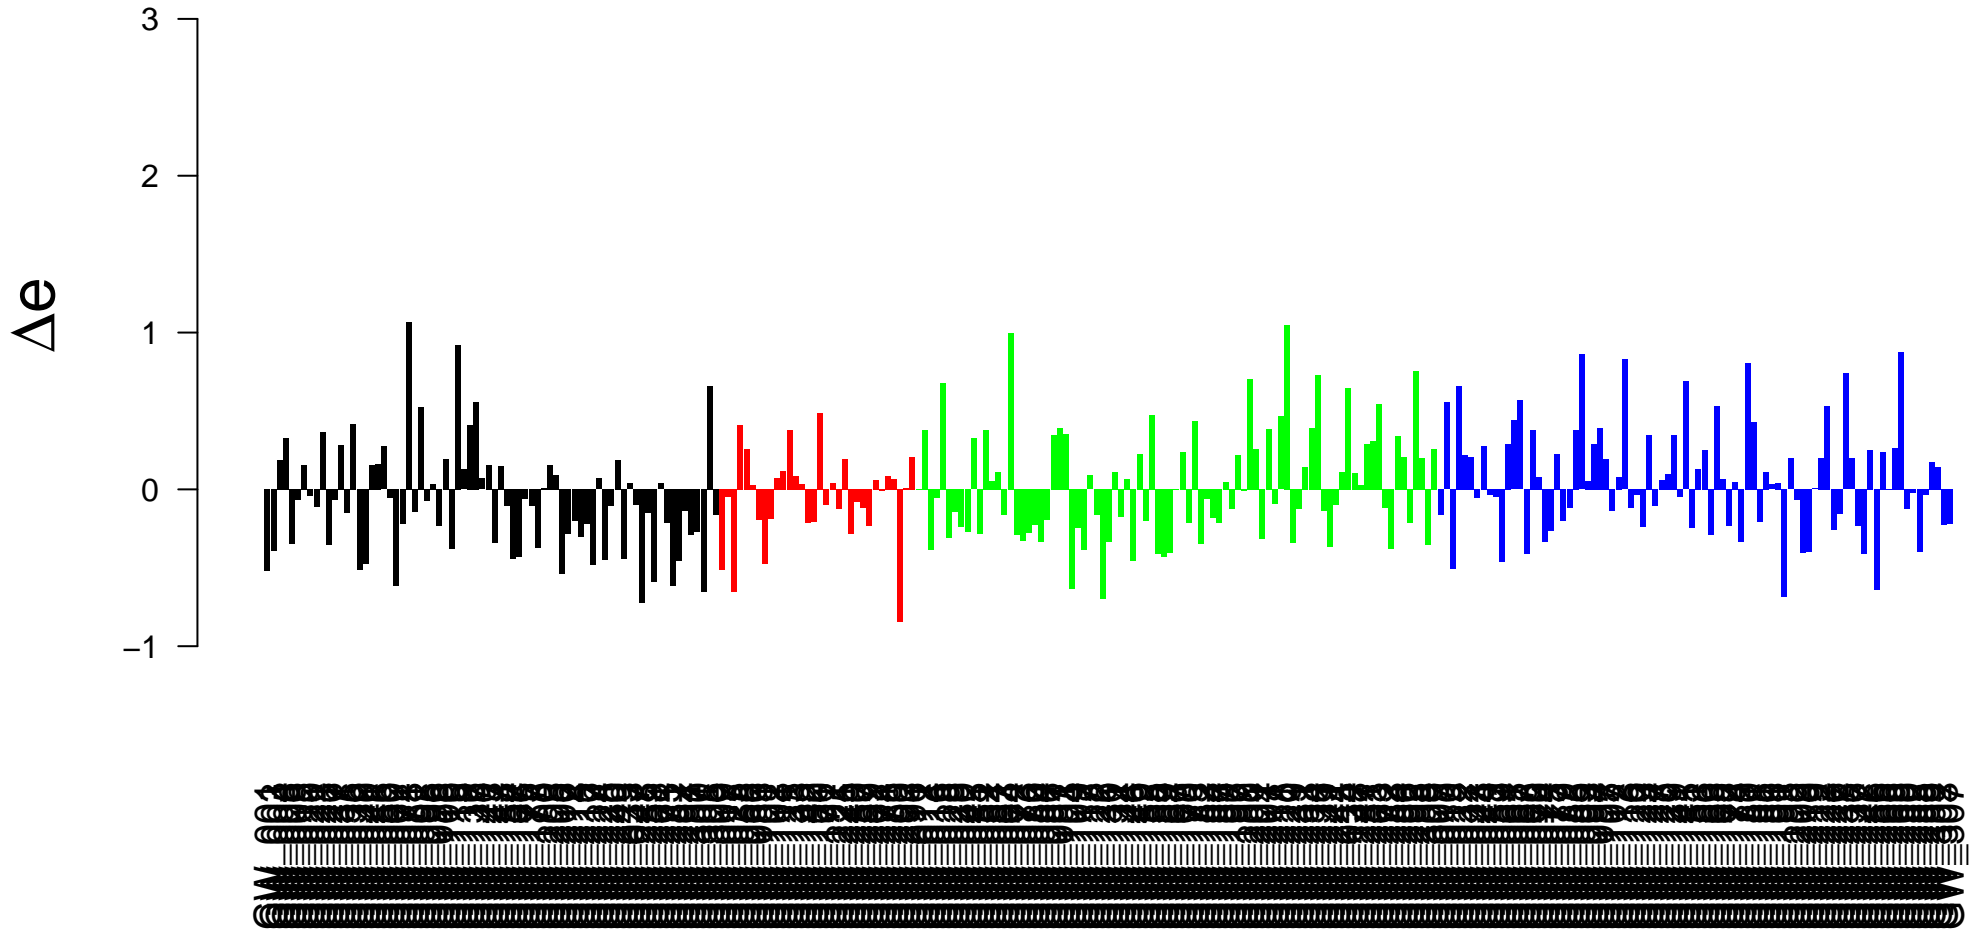

# Expression of integral to luminal side of endoplasmic reticulum membrane in Spot K

# Expression of integral to luminal side of endoplasmic reticulum membrane in Spot L

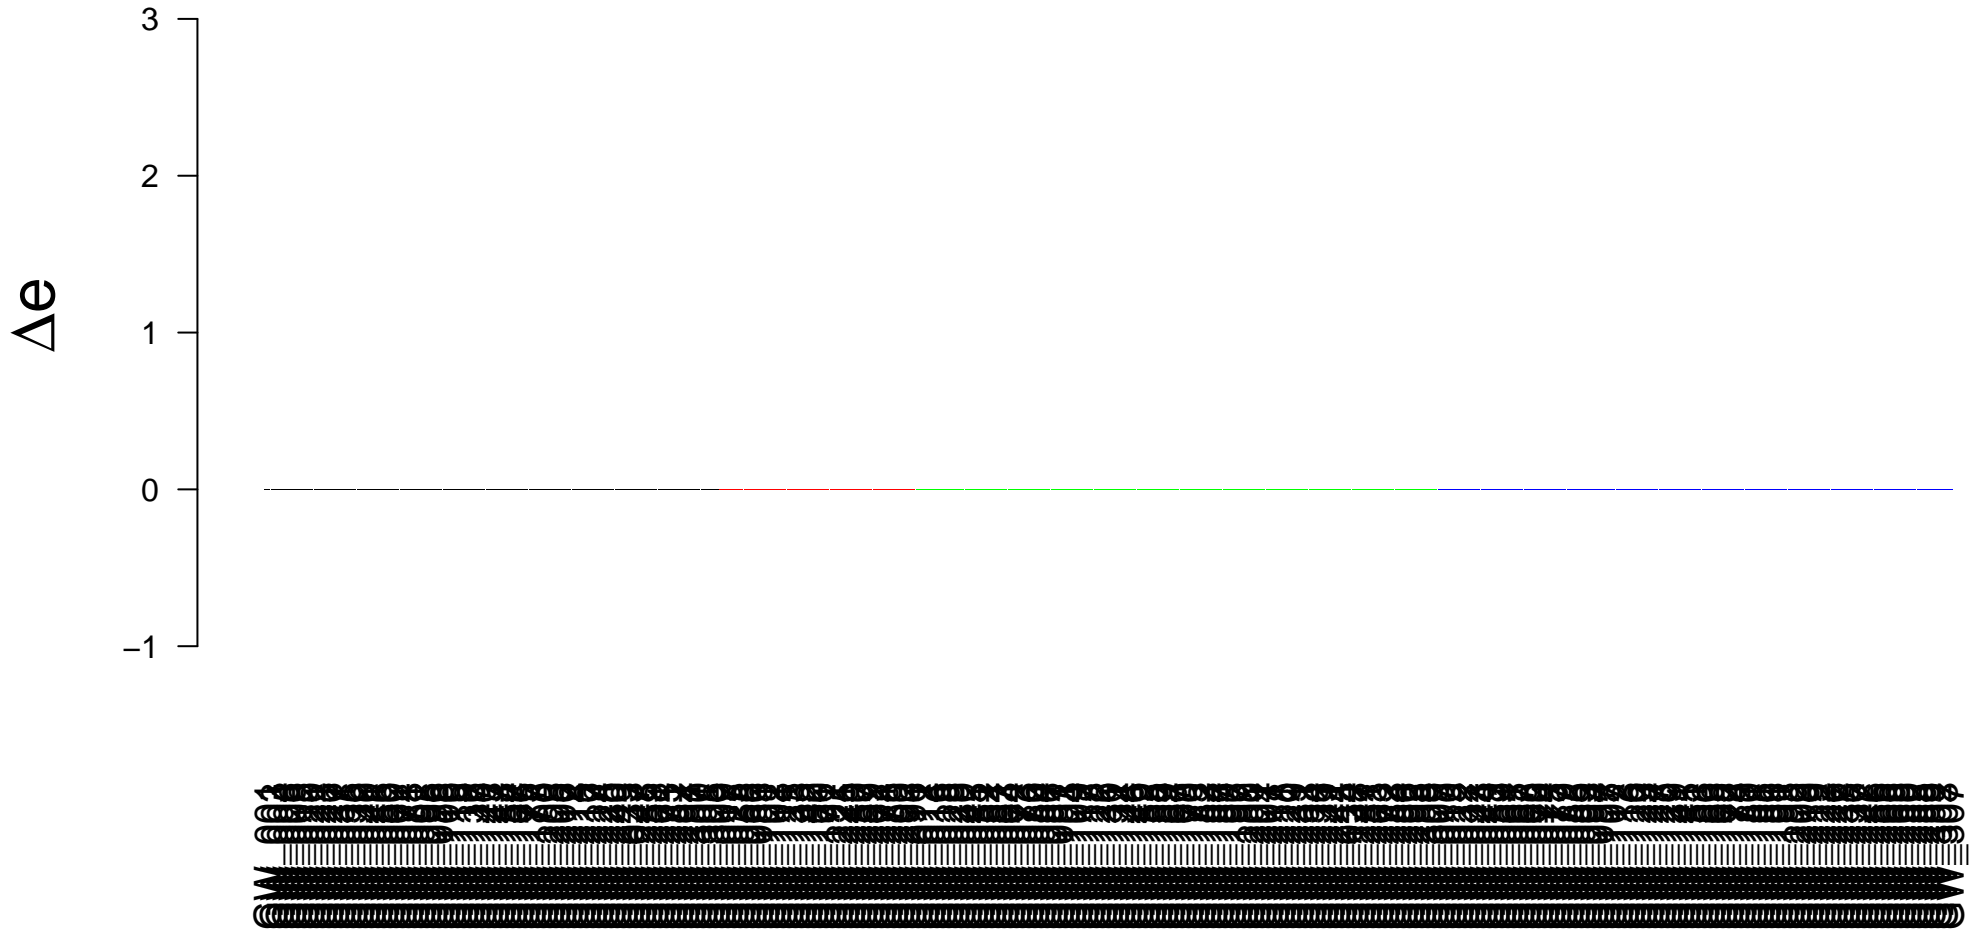

# Expression of integral to luminal side of endoplasmic reticulum membrane in Spot M

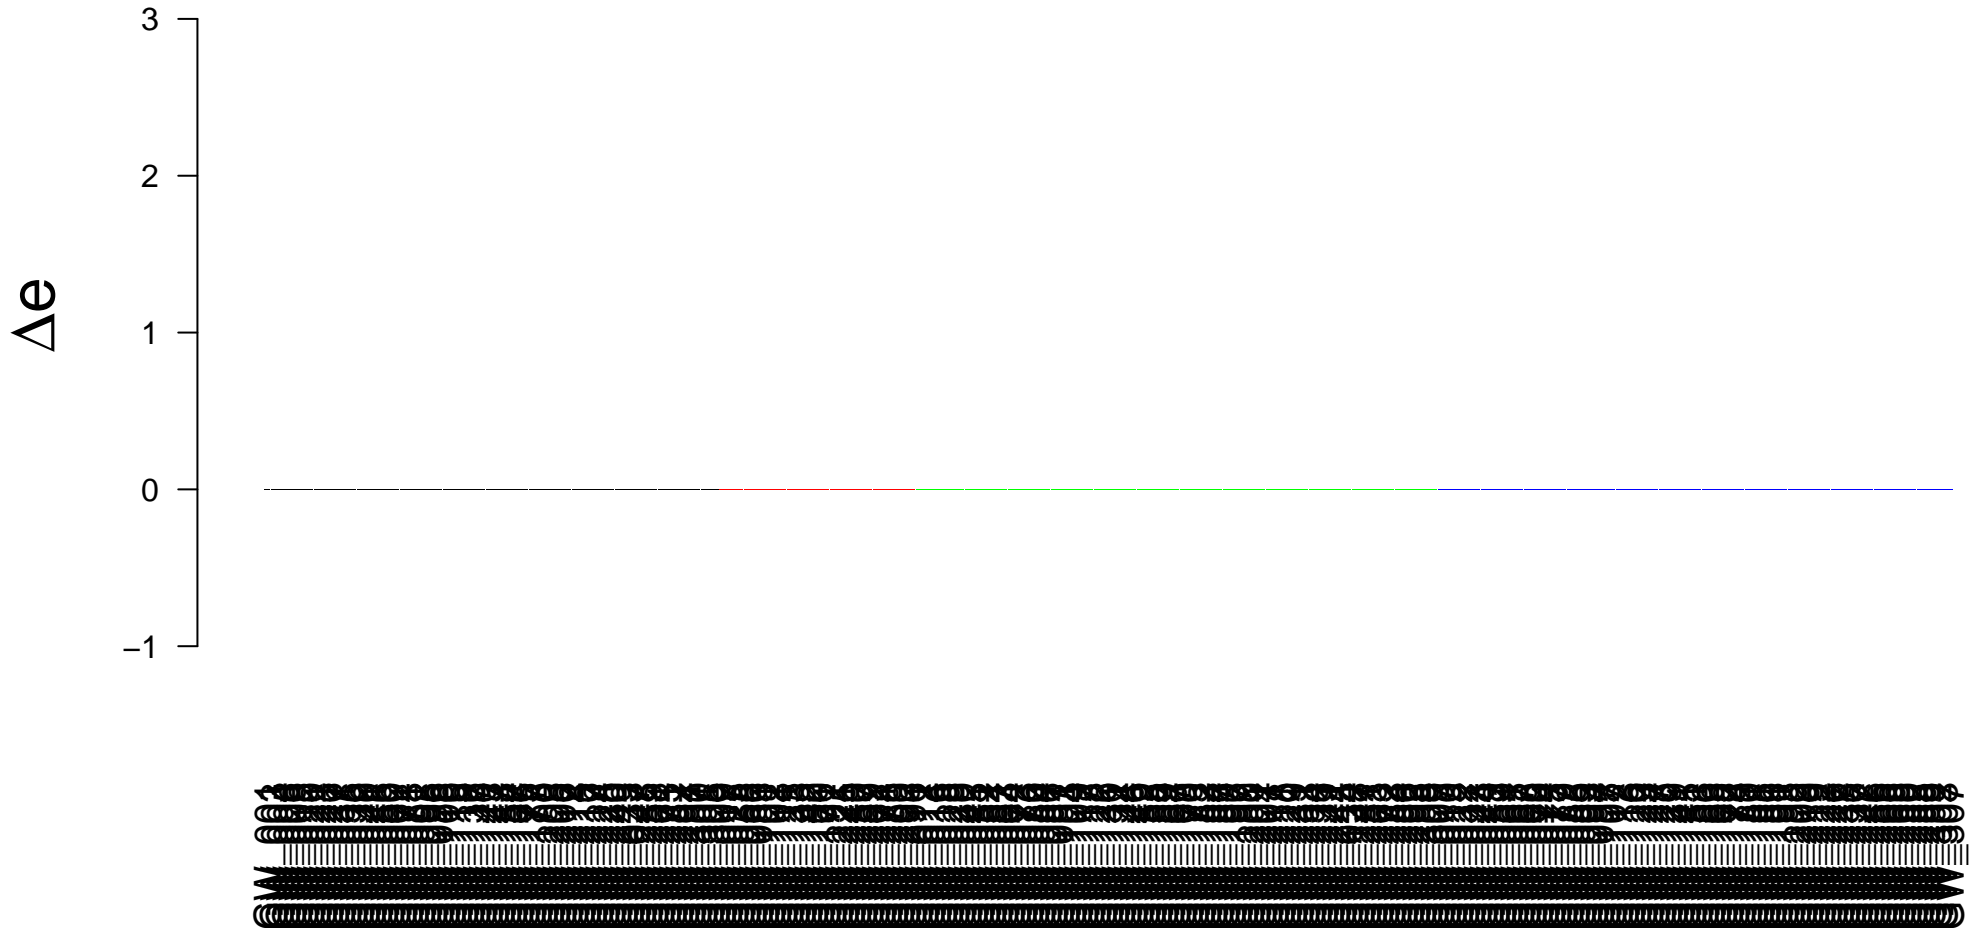

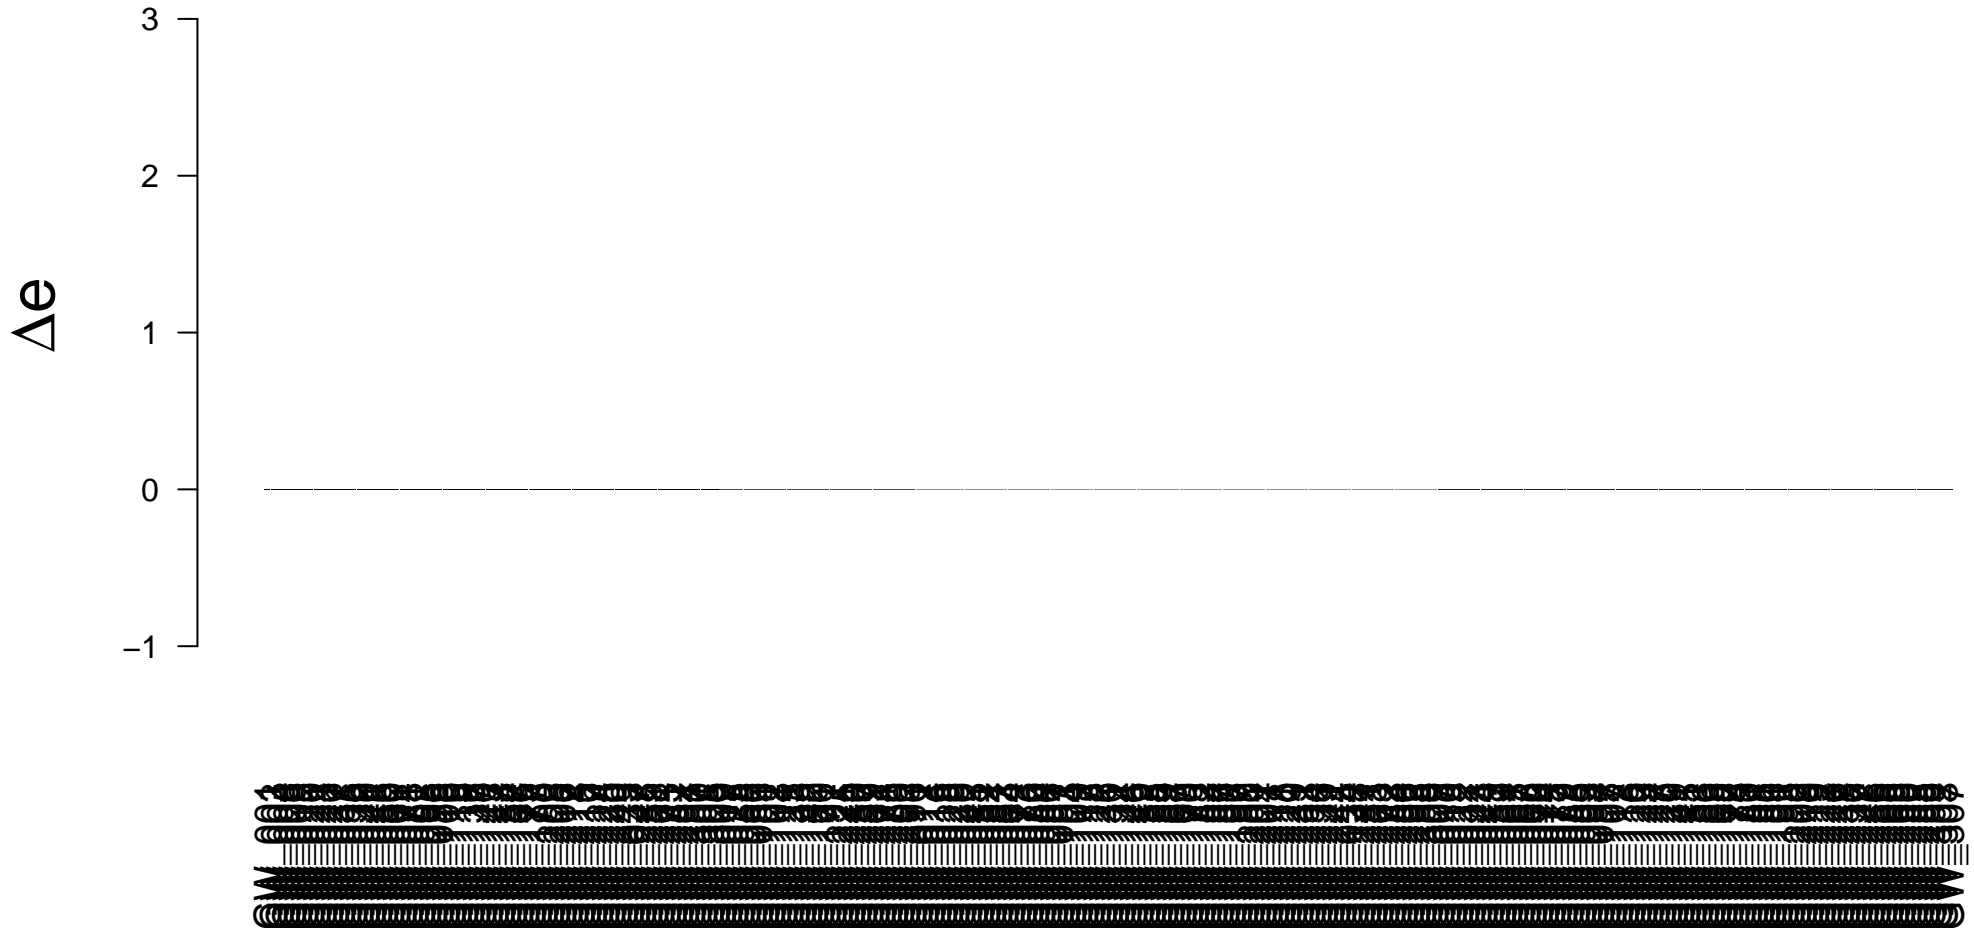

# Expression of integral to luminal side of endoplasmic reticulum membrane in Spot N

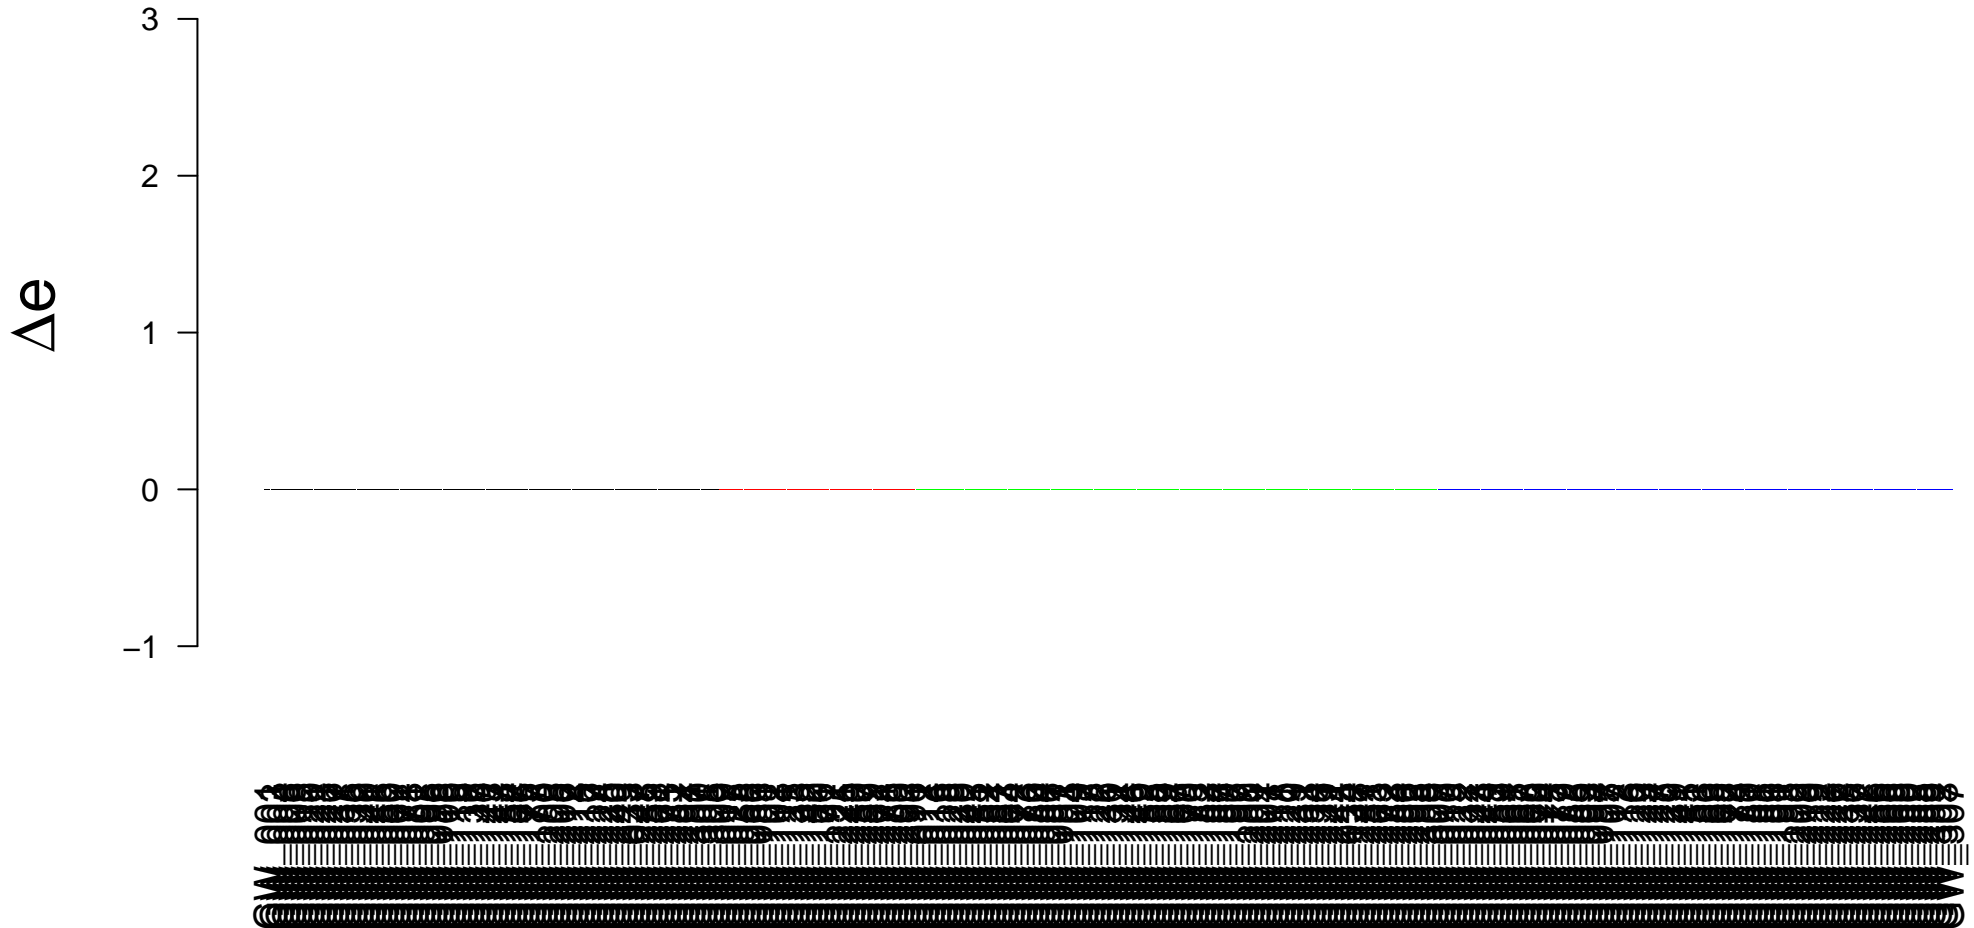

# Expression of integral to luminal side of endoplasmic reticulum membrane in Spot O

# Expression of integral to luminal side of endoplasmic reticulum membrane in Spot P

# Expression of integral to luminal side of endoplasmic reticulum membrane in Spot Q

# Expression of integral to luminal side of endoplasmic reticulum membrane in Spot R
