

inward rectifier potassium channel activity

inward rectifier potassium channel activity

Enrichment in spots: inward rectifier potassium channel activity

Expression of inward rectifier potassium channel activity in Spot A

Expression of inward rectifier potassium channel activity in Spot B

Expression of inward rectifier potassium channel activity in Spot C

Expression of inward rectifier potassium channel activity in Spot D

Expression of inward rectifier potassium channel activity in Spot E

Expression of inward rectifier potassium channel activity in Spot F

Expression of inward rectifier potassium channel activity in Spot G

Expression of inward rectifier potassium channel activity in Spot H

Expression of inward rectifier potassium channel activity in Spot I

Expression of inward rectifier potassium channel activity in Spot J

Expression of inward rectifier potassium channel activity in Spot K

Expression of inward rectifier potassium channel activity in Spot L

Expression of inward rectifier potassium channel activity in Spot M

Expression of inward rectifier potassium channel activity in Spot N

Expression of inward rectifier potassium channel activity in Spot O
