

# ionotropic glutamate receptor activity

# ionotropic glutamate receptor activity

# Enrichment in spots: ionotropic glutamate receptor activity

# Expression of ionotropic glutamate receptor activity in Spot A

# Expression of ionotropic glutamate receptor activity in Spot B

# Expression of ionotropic glutamate receptor activity in Spot C

# Expression of ionotropic glutamate receptor activity in Spot D

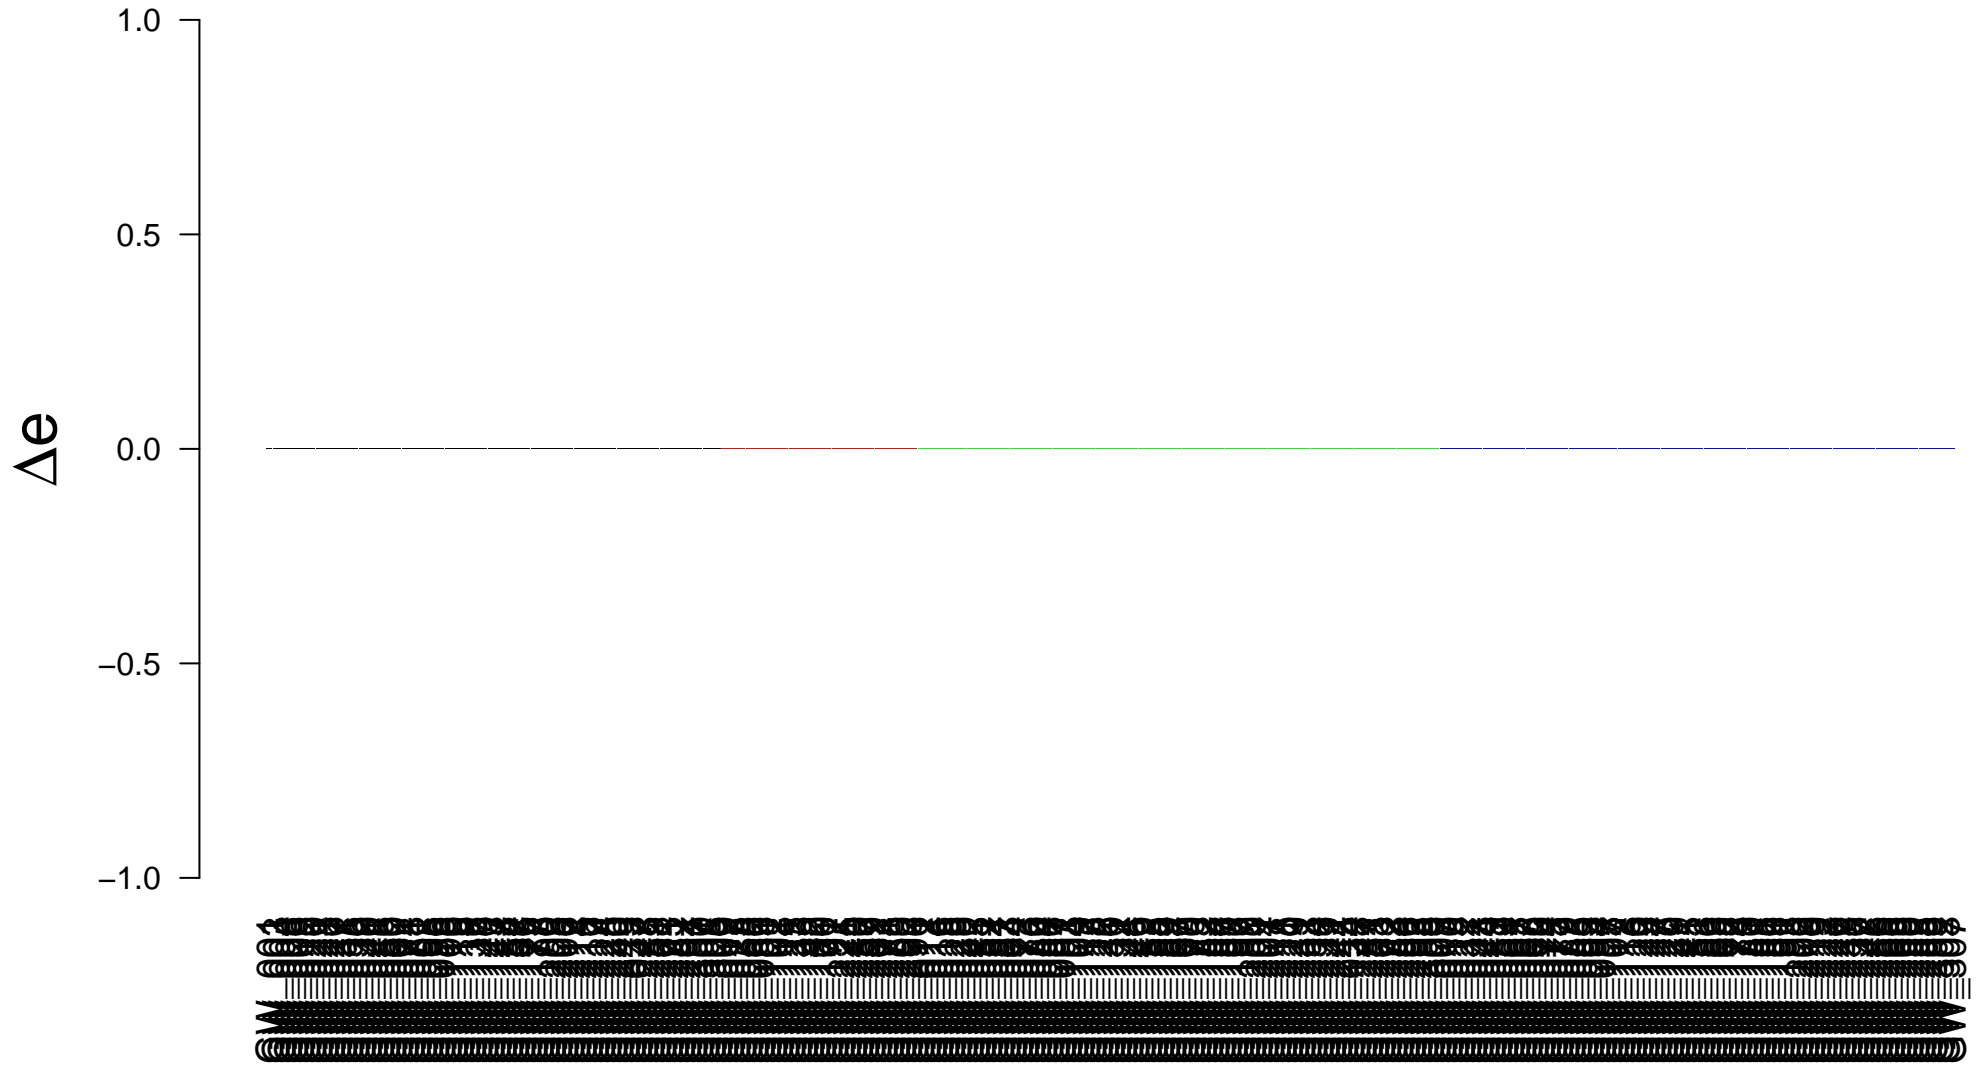

# Expression of ionotropic glutamate receptor activity in Spot E

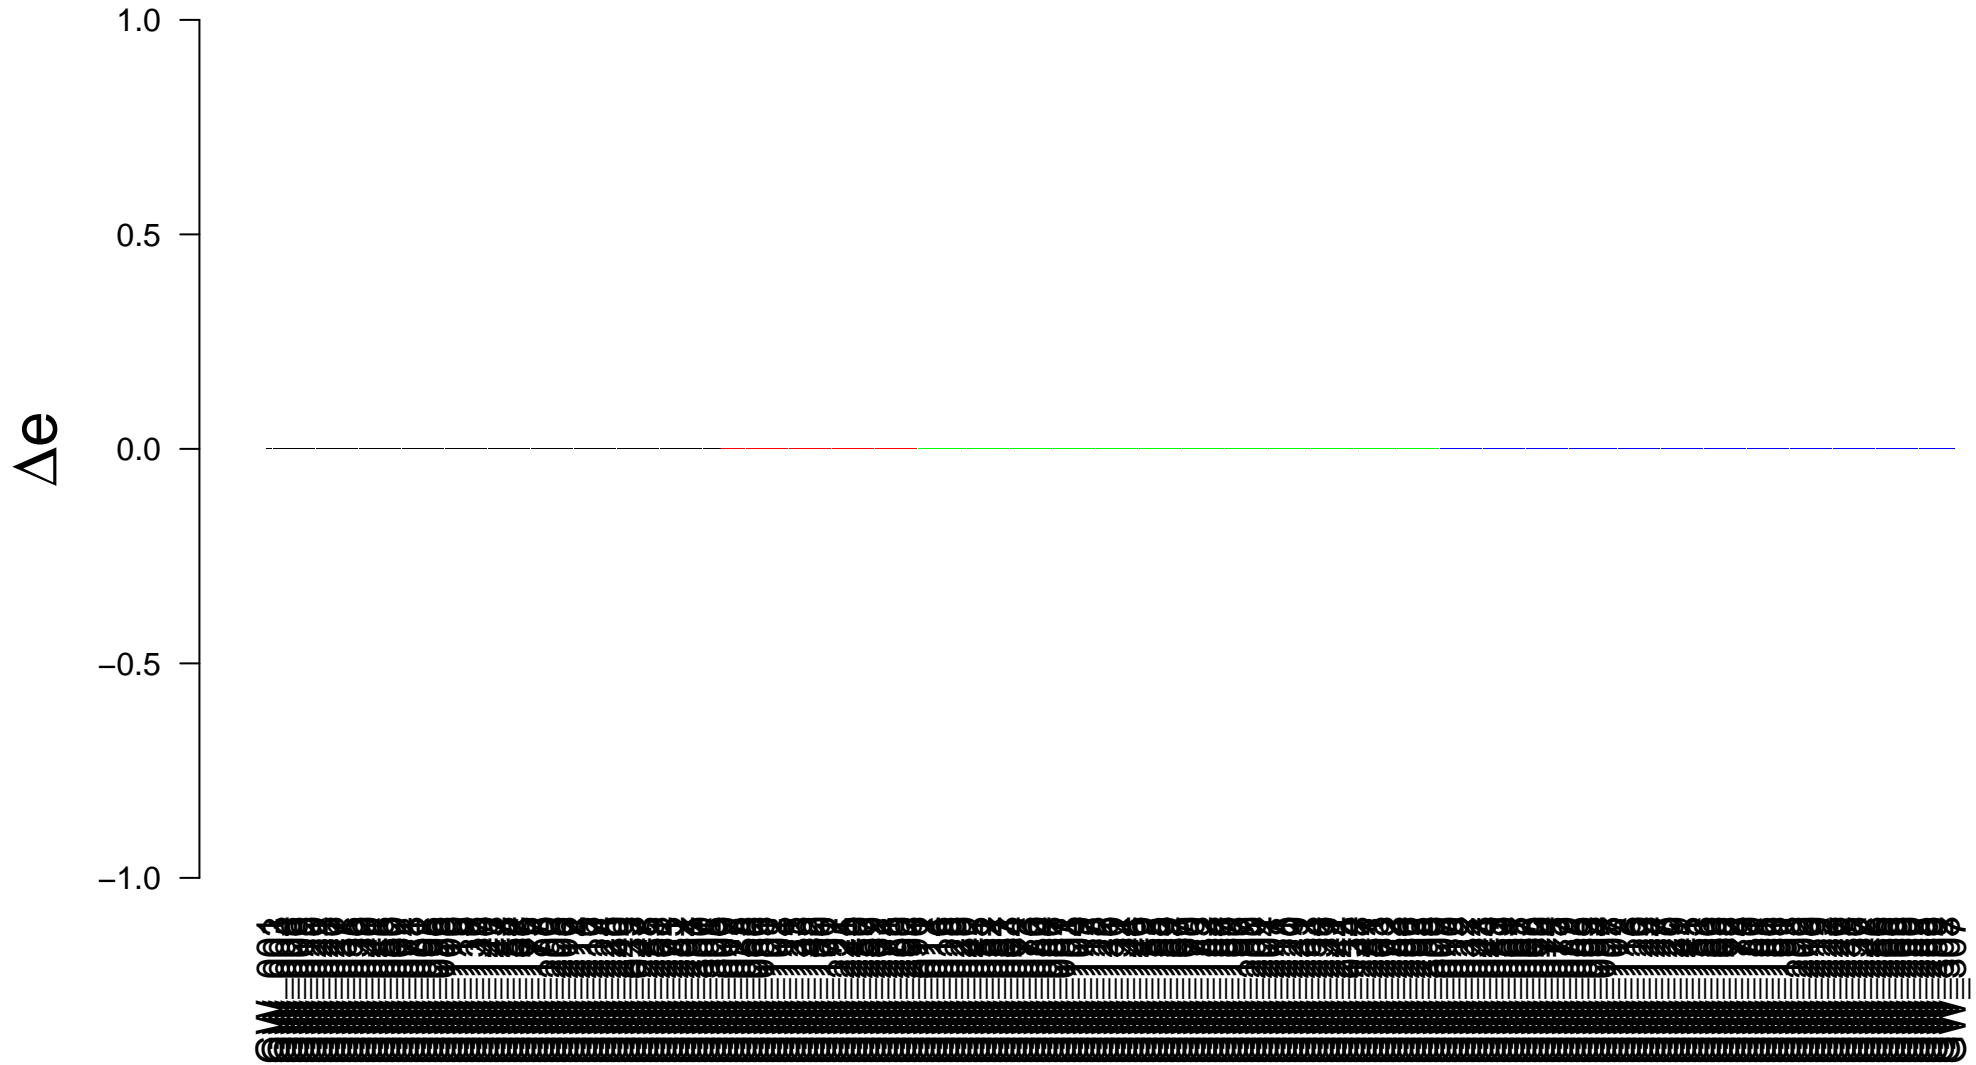

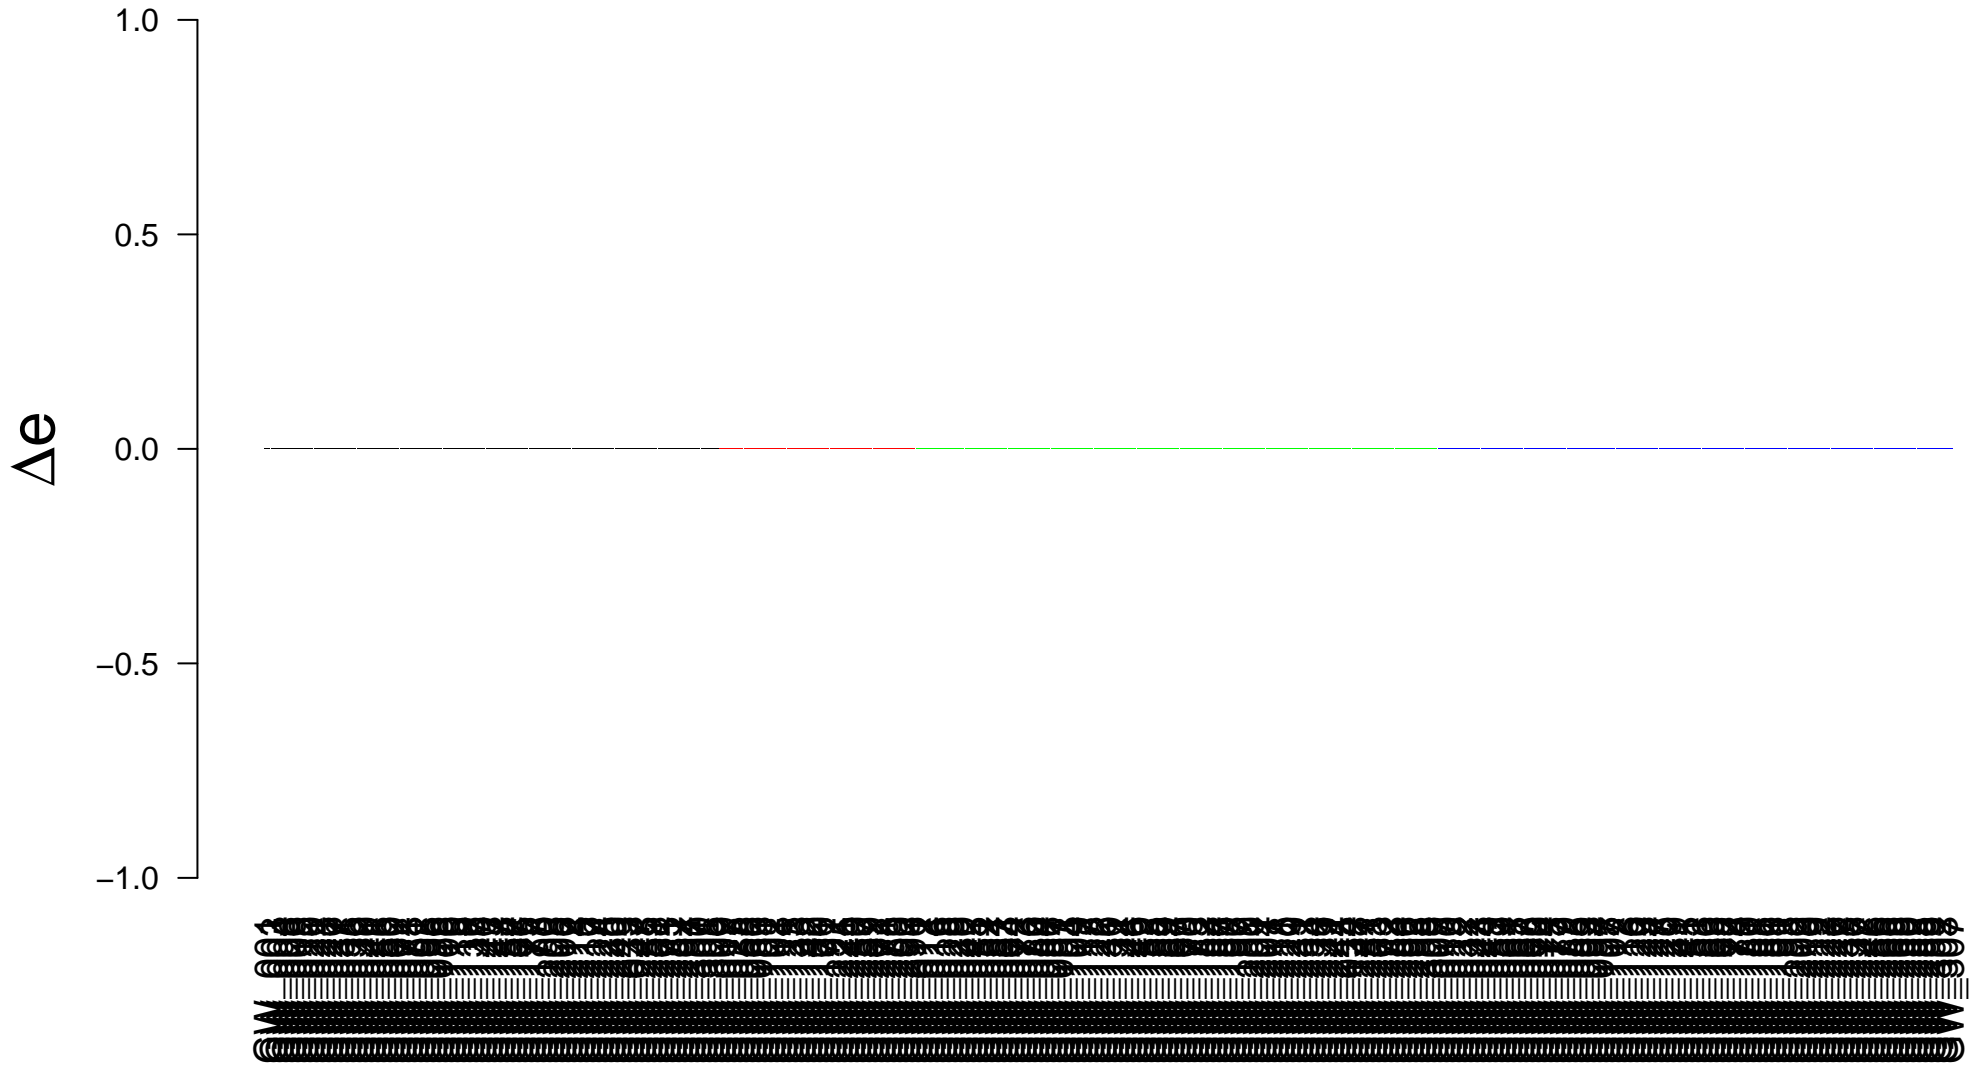

# Expression of ionotropic glutamate receptor activity in Spot F

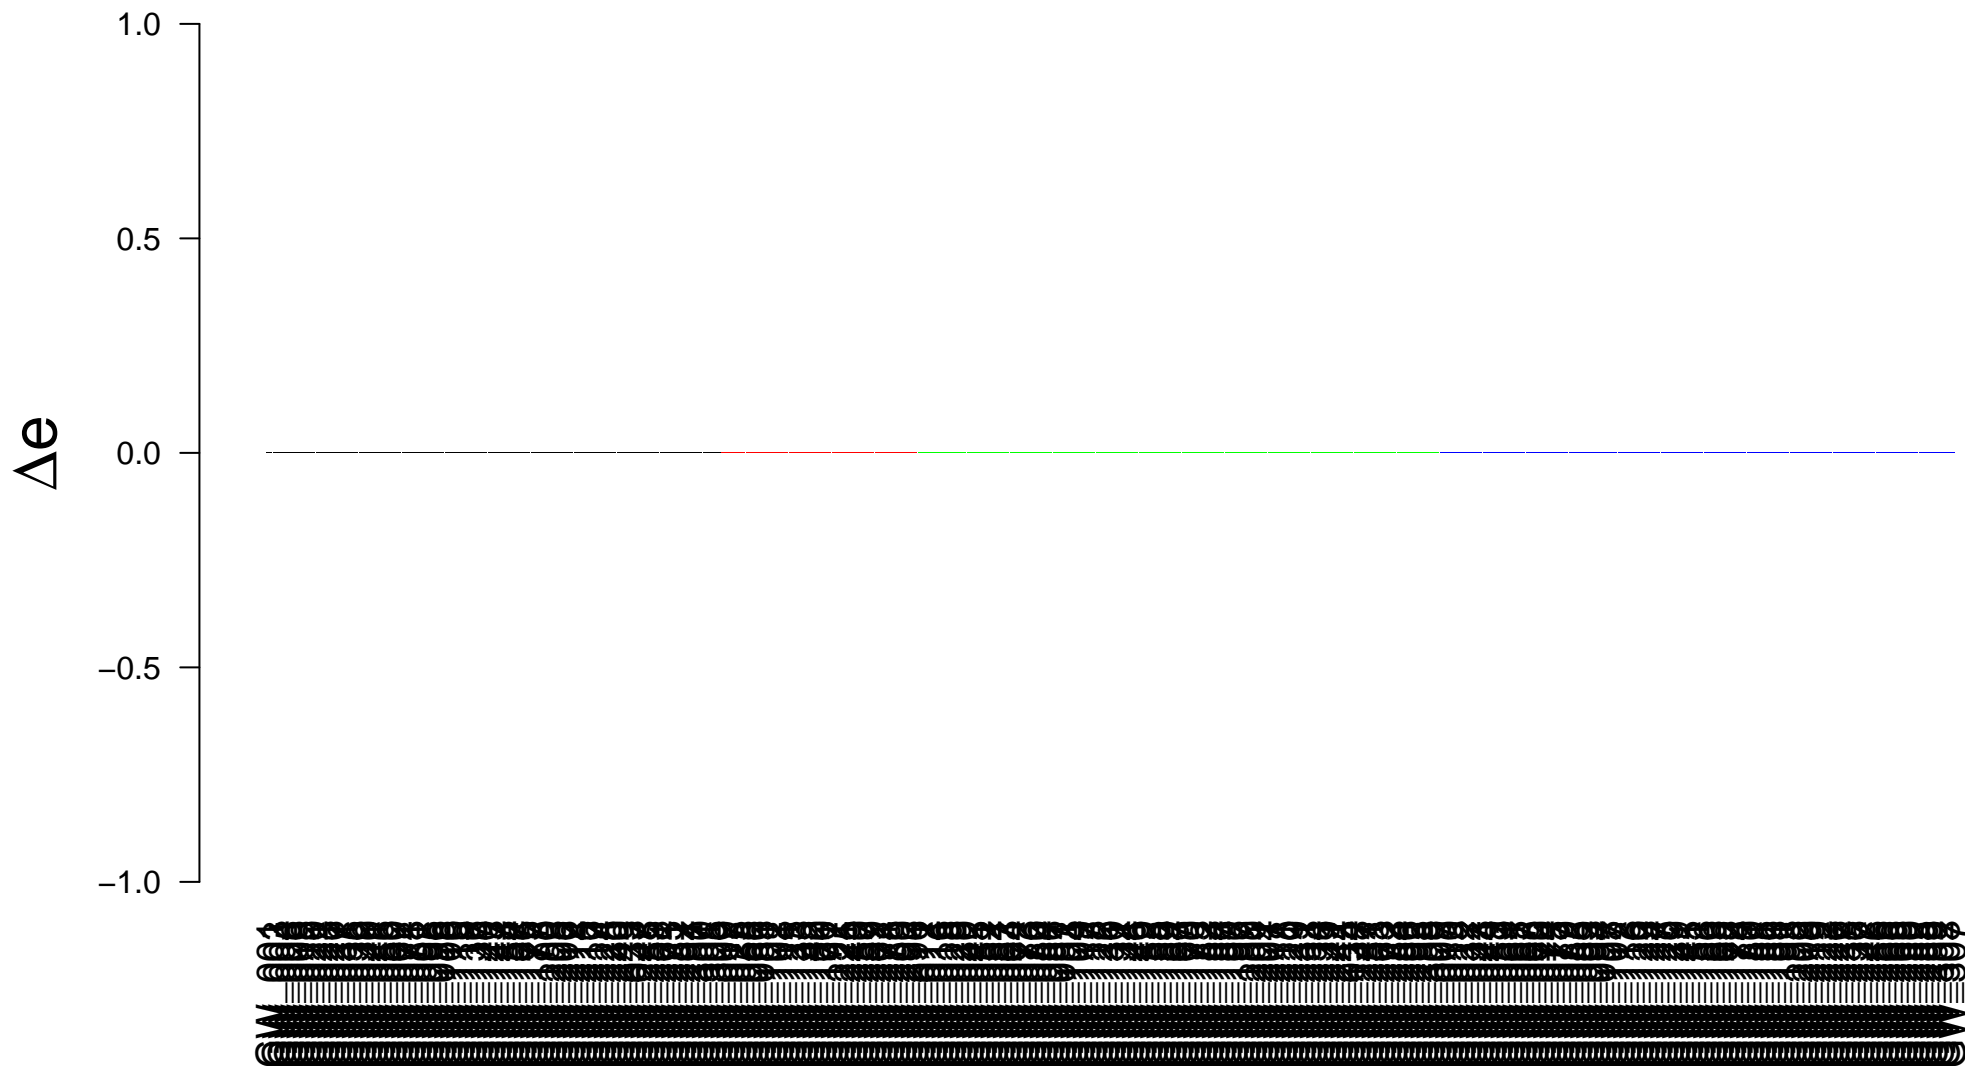

# Expression of ionotropic glutamate receptor activity in Spot G

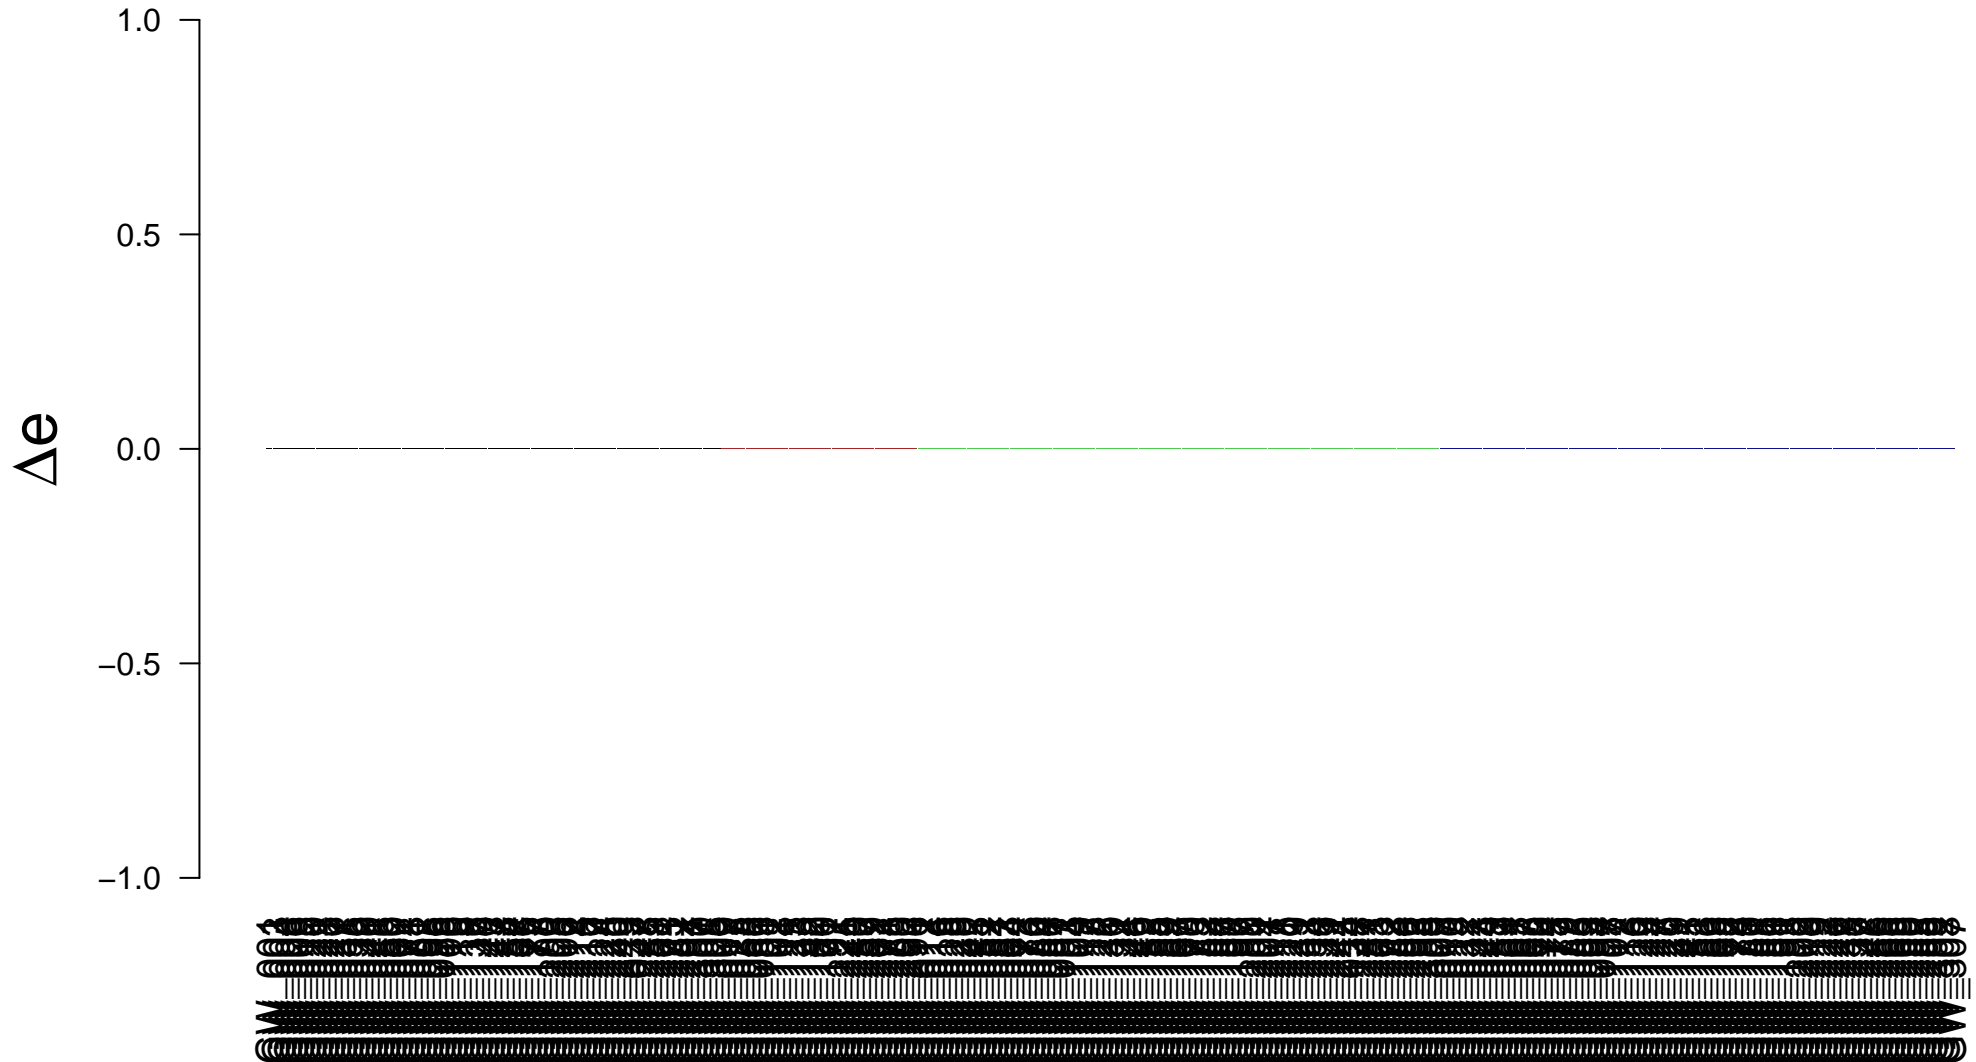

# Expression of ionotropic glutamate receptor activity in Spot H

# Expression of ionotropic glutamate receptor activity in Spot I

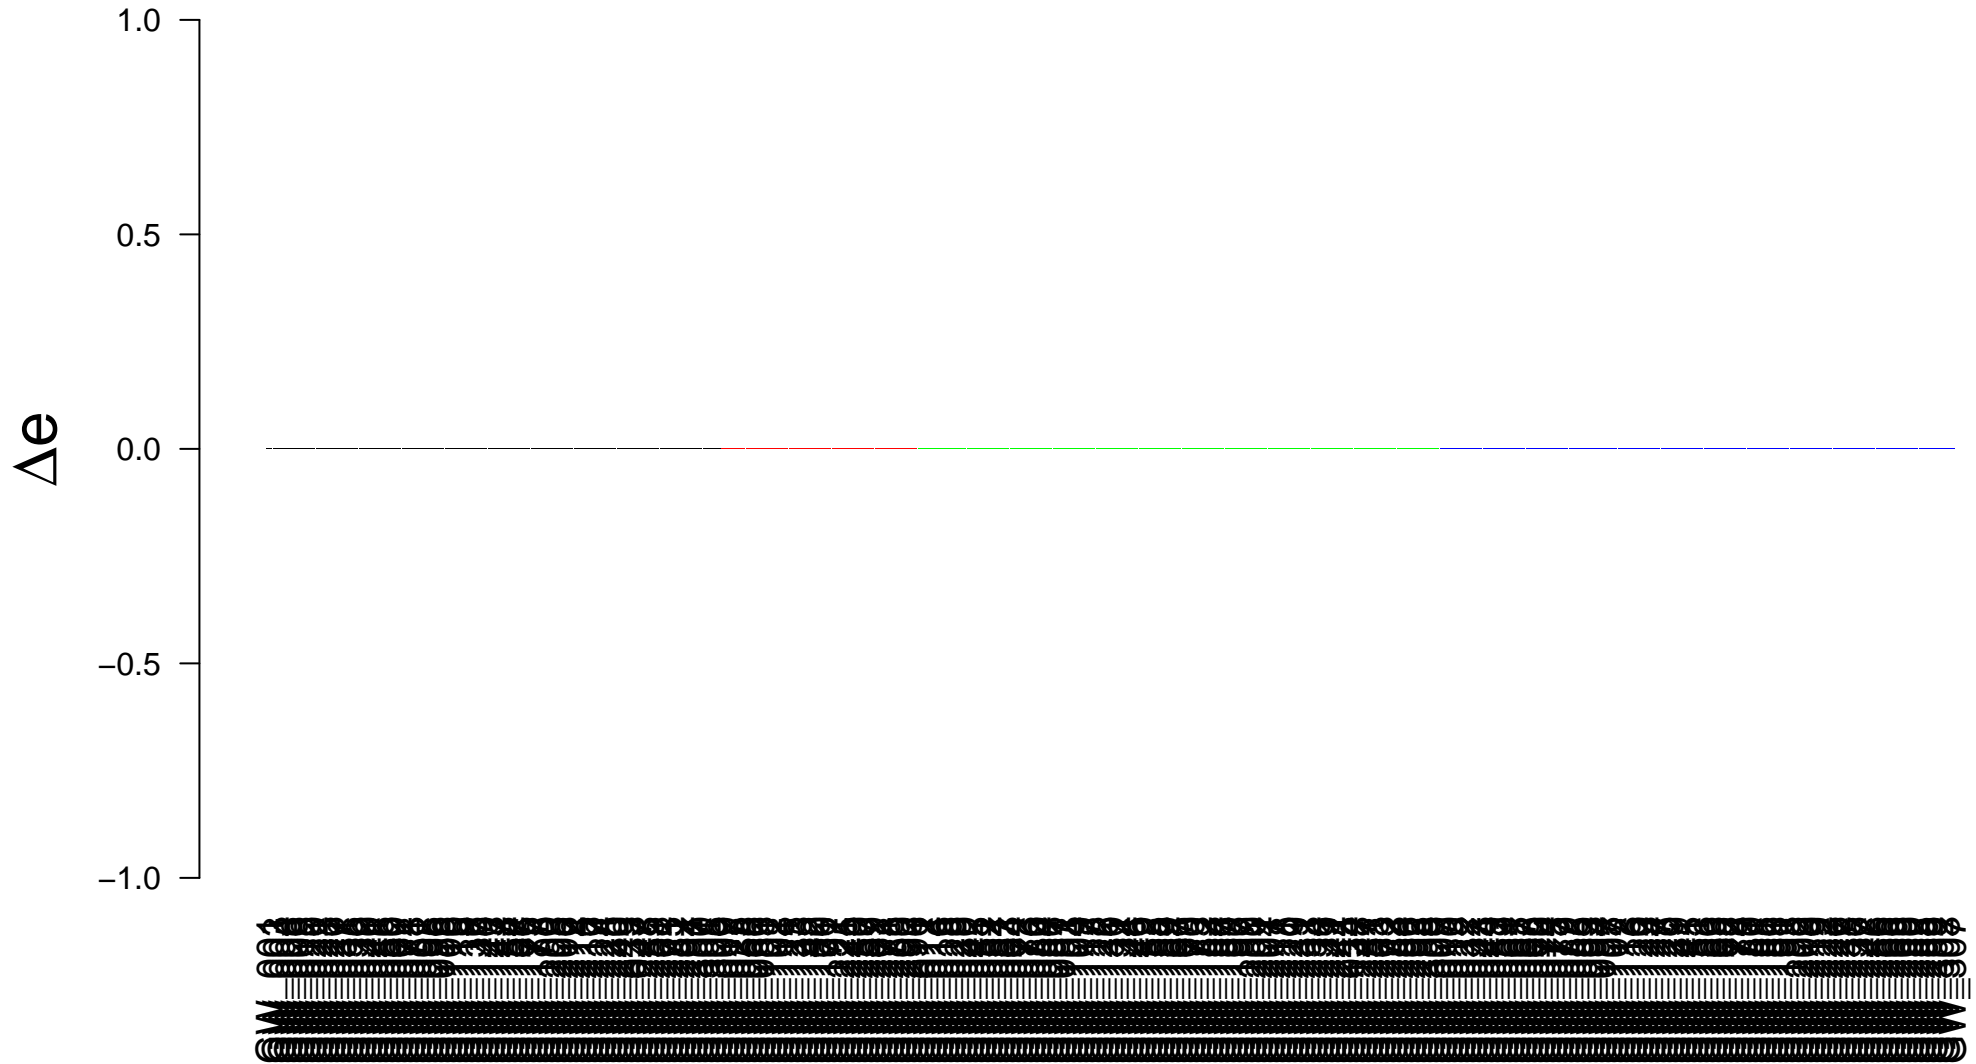

# Expression of ionotropic glutamate receptor activity in Spot J

# Expression of ionotropic glutamate receptor activity in Spot K

# Expression of ionotropic glutamate receptor activity in Spot L

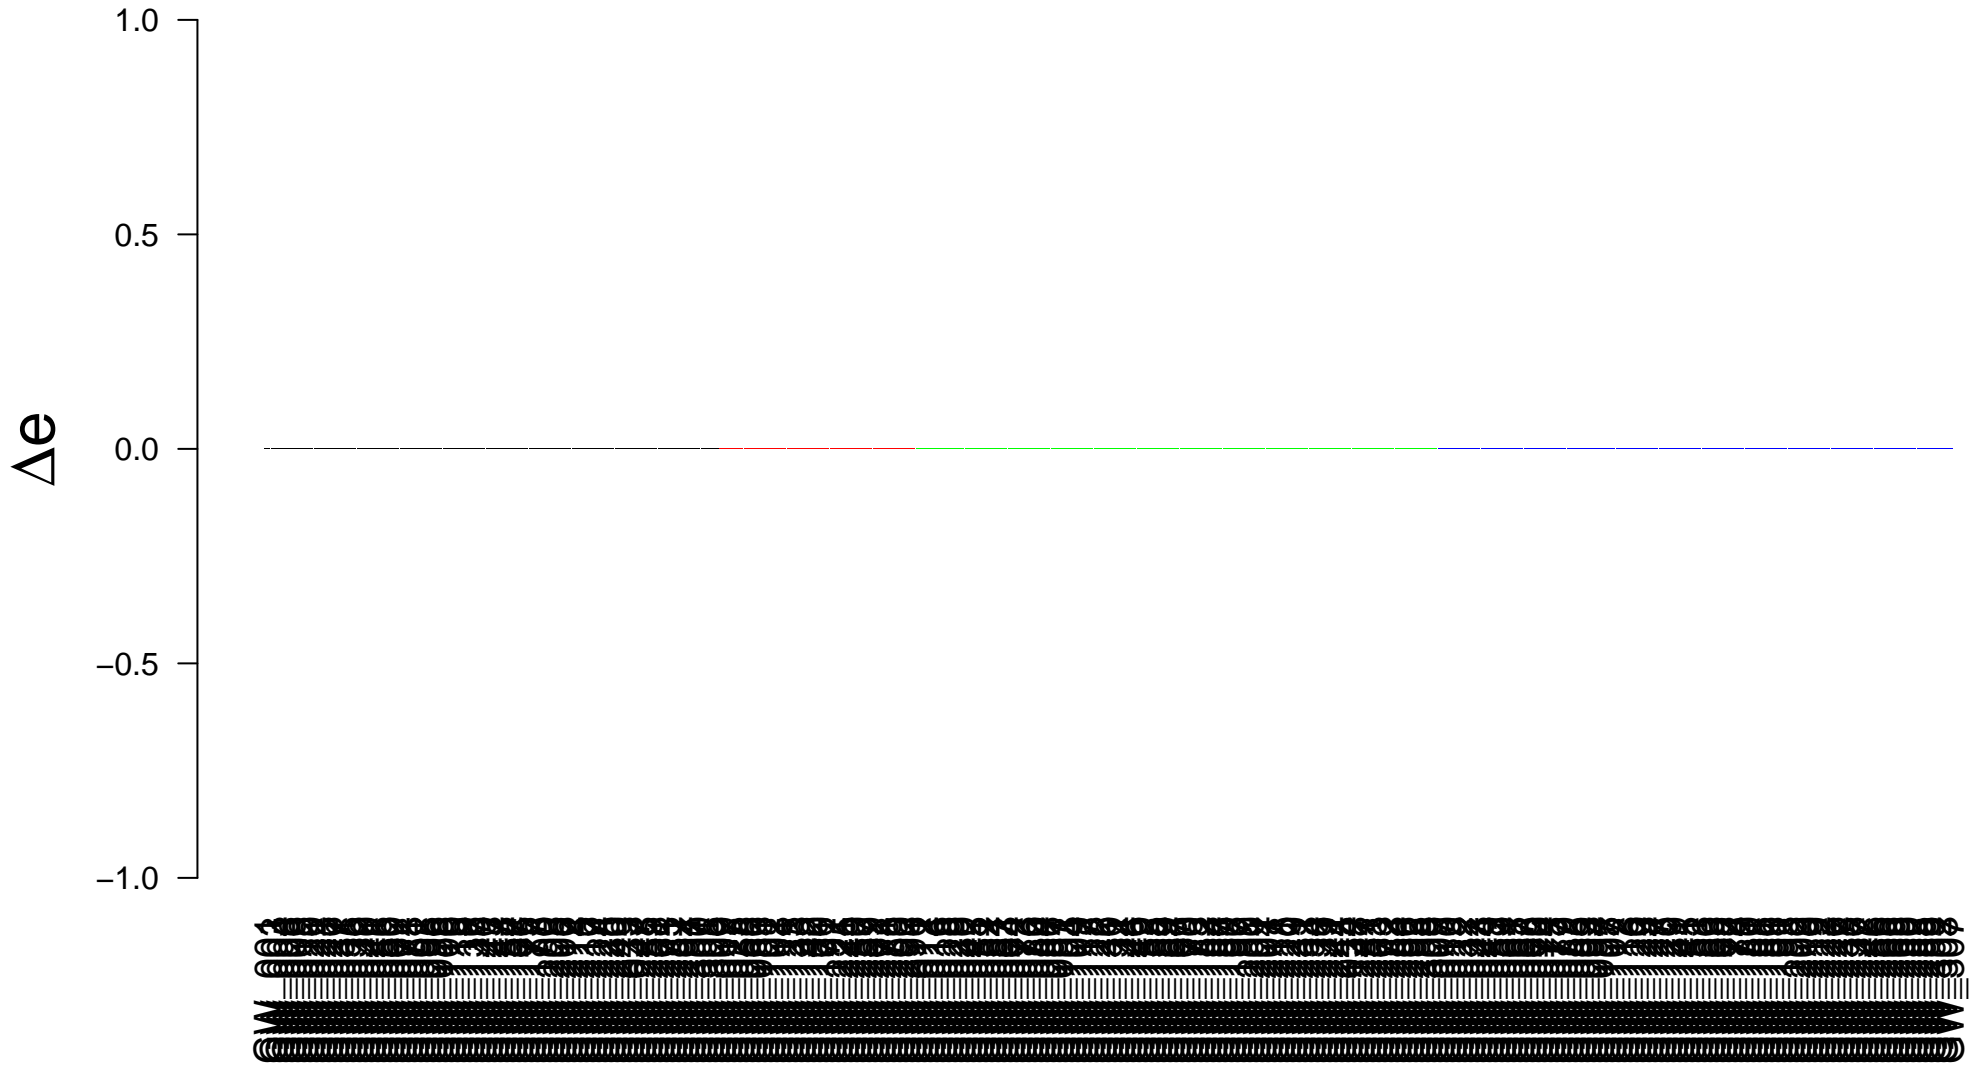

# Expression of ionotropic glutamate receptor activity in Spot M

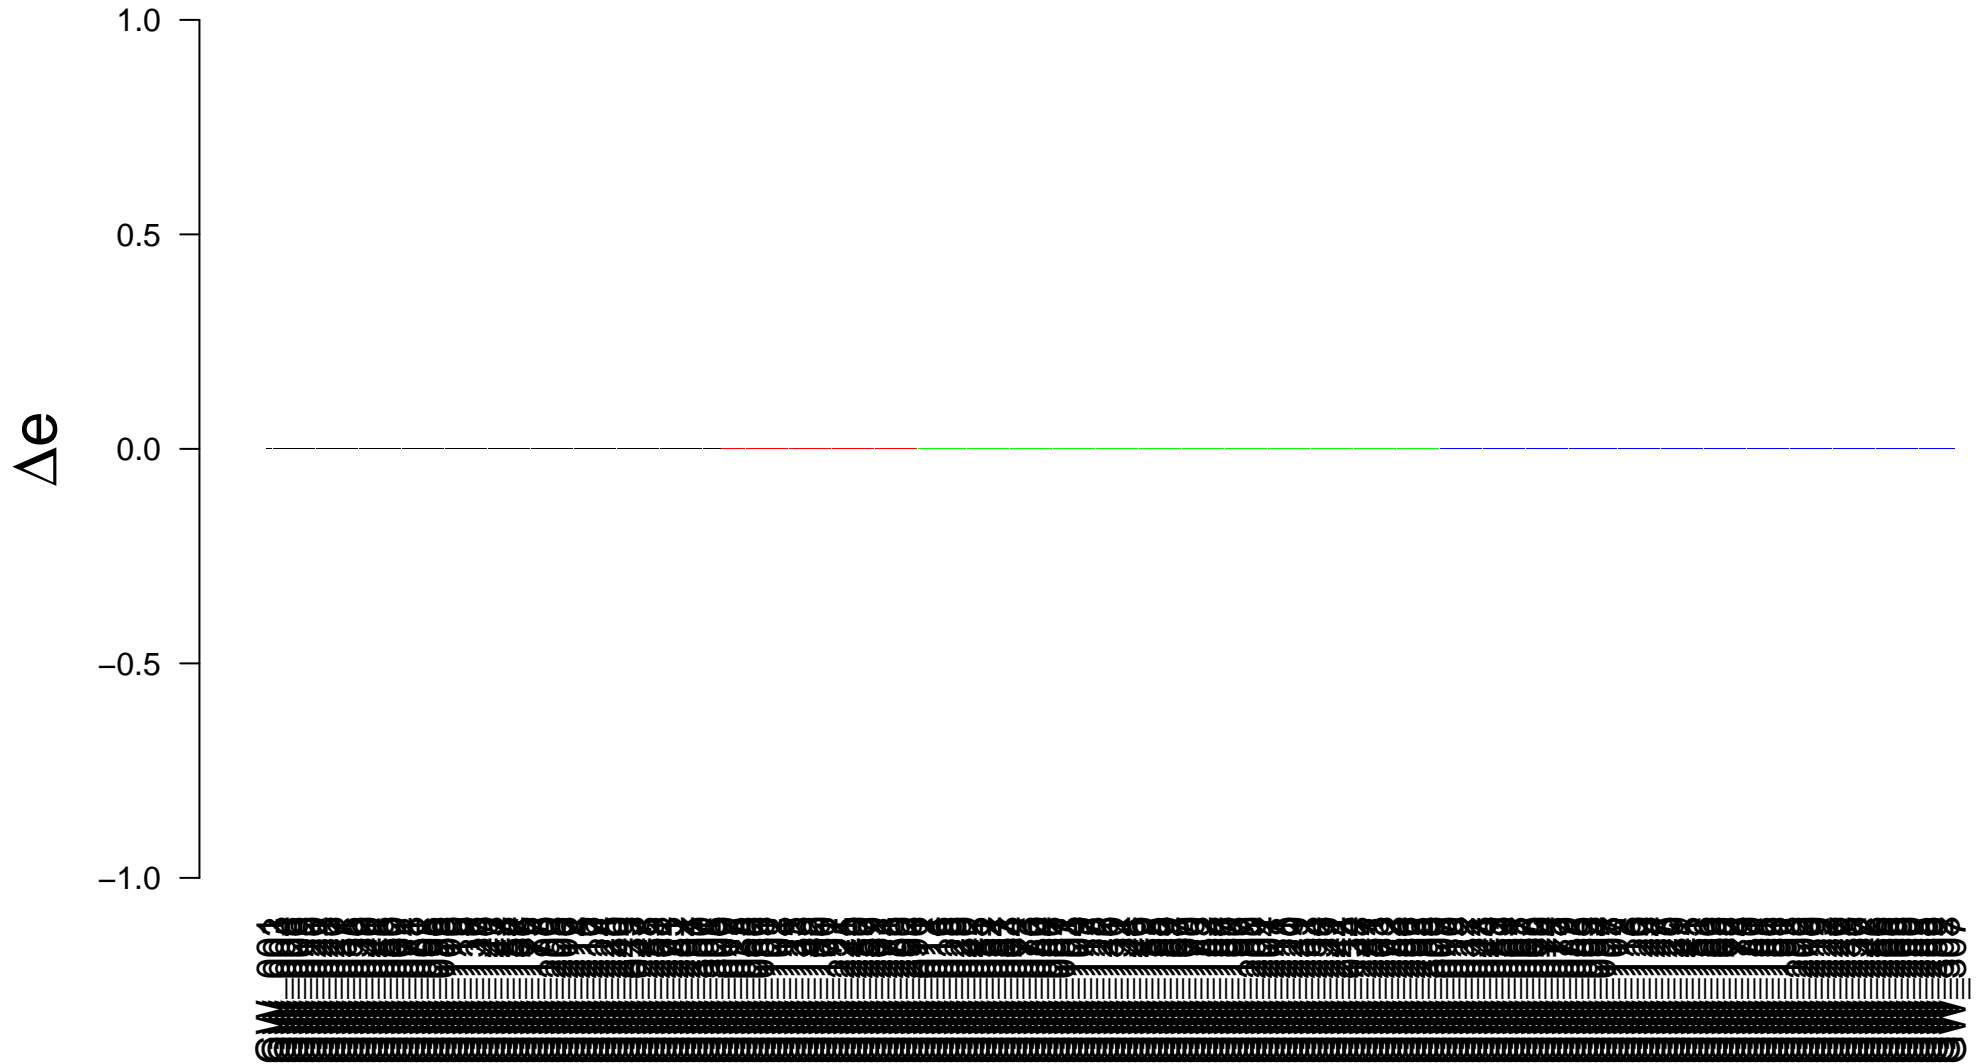

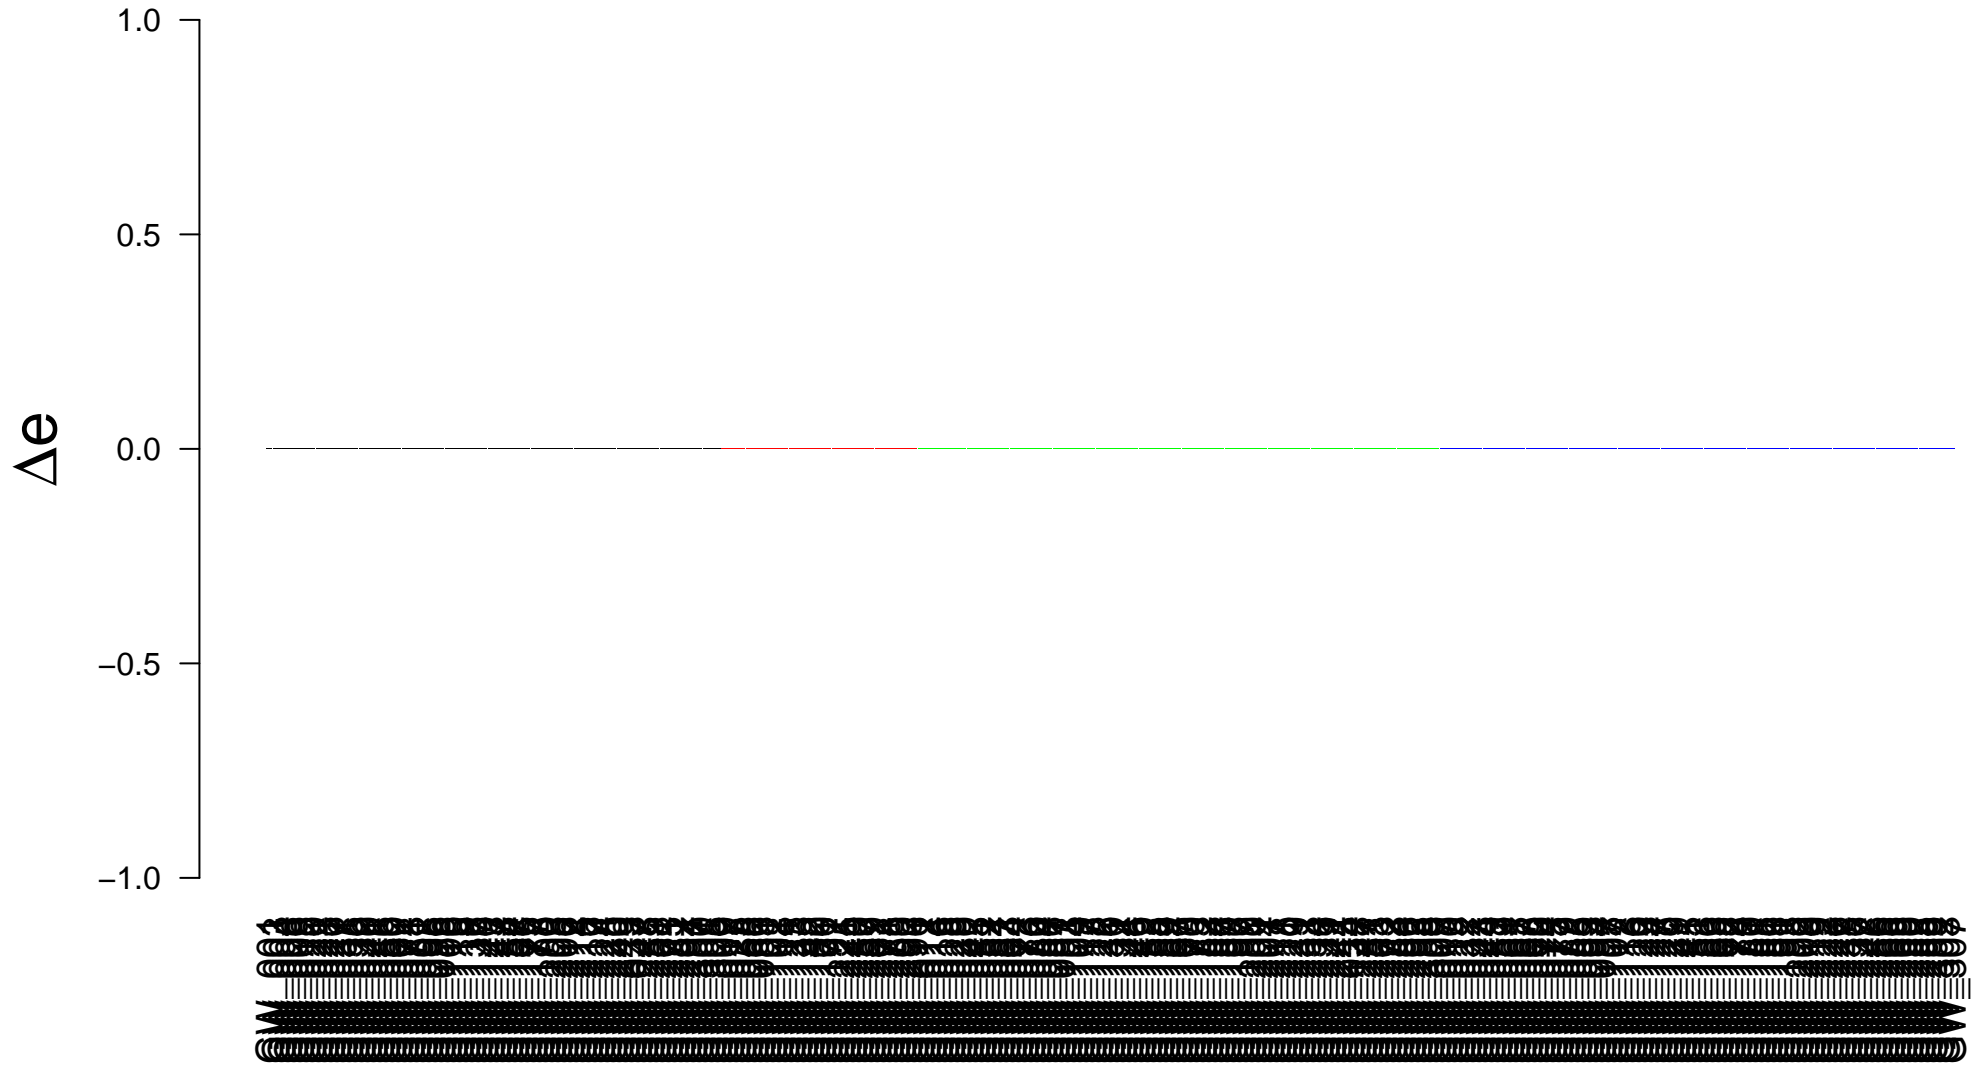

# Expression of ionotropic glutamate receptor activity in Spot N

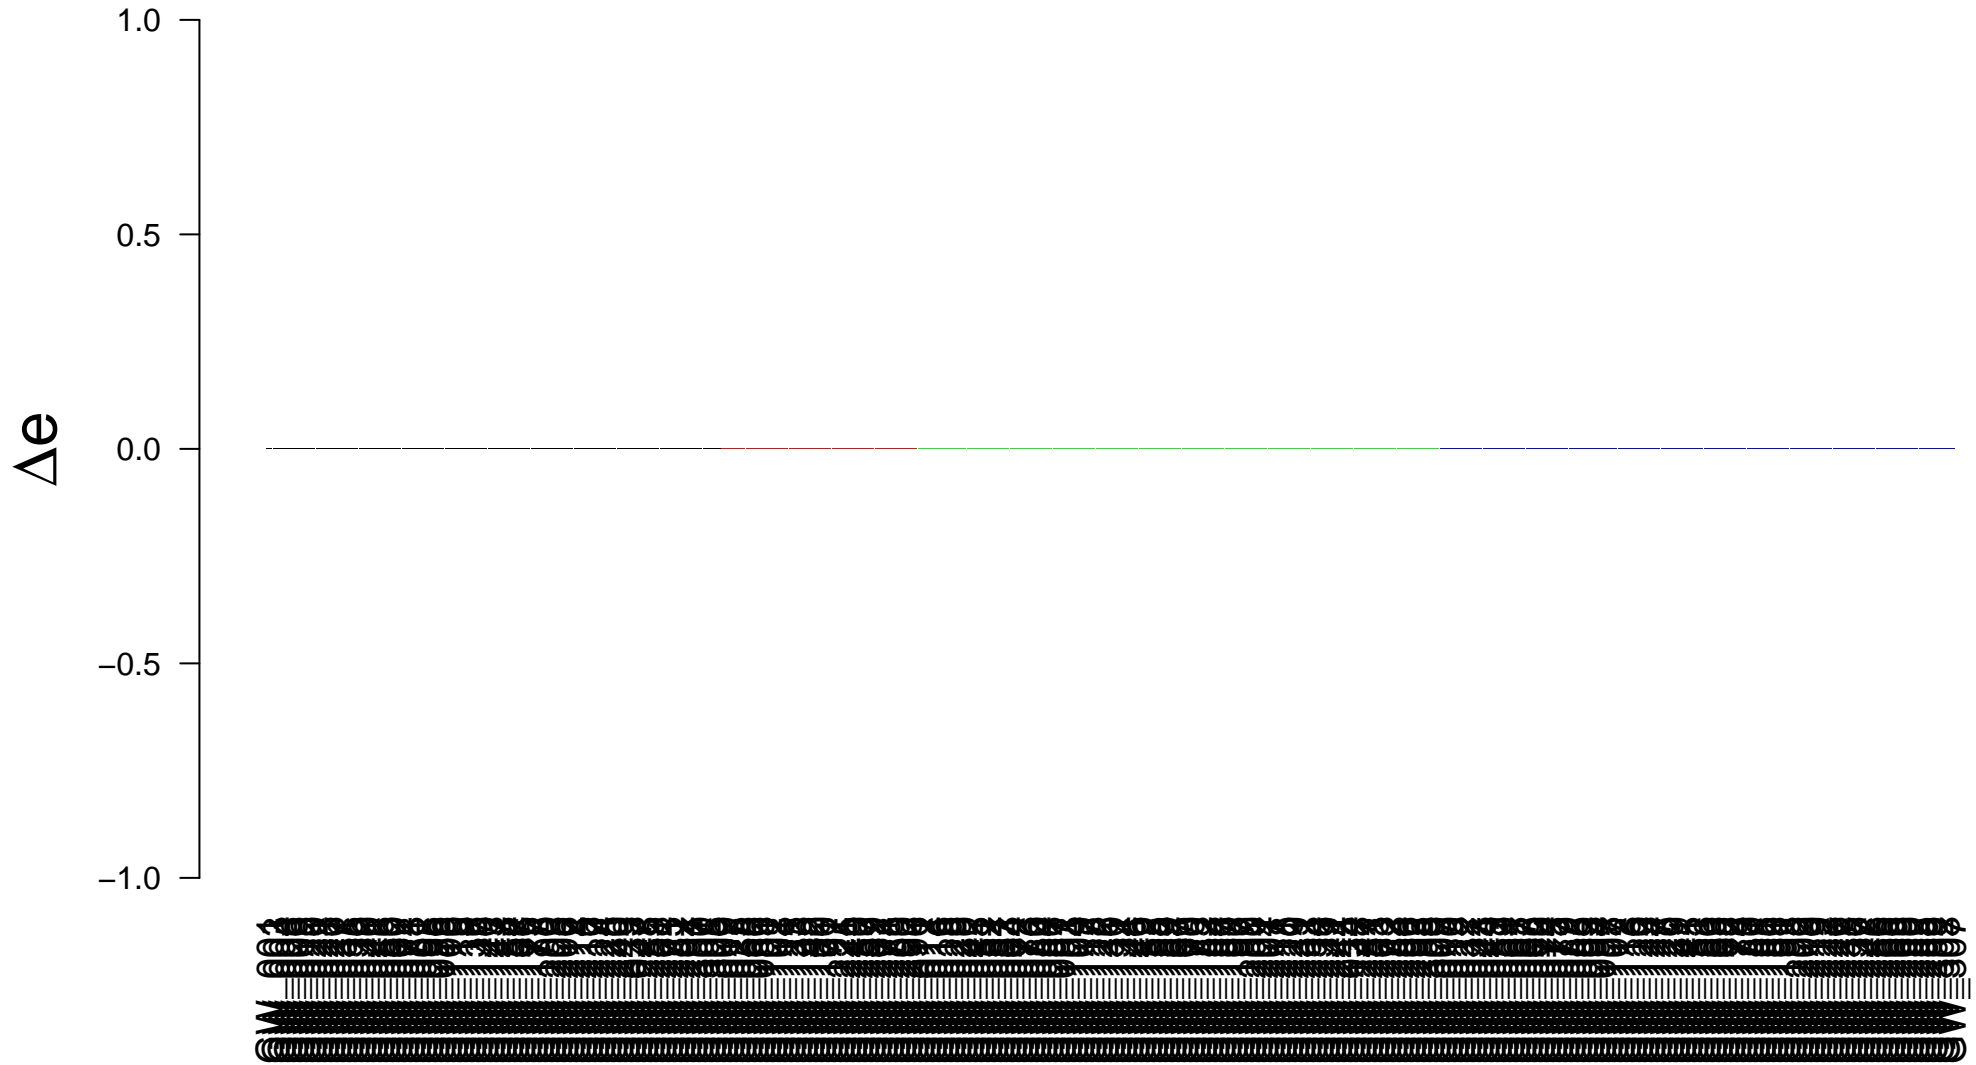

# Expression of ionotropic glutamate receptor activity in Spot O

# Expression of ionotropic glutamate receptor activity in Spot P

# Expression of ionotropic glutamate receptor activity in Spot Q

# Expression of ionotropic glutamate receptor activity in Spot R
