

ionotropic glutamate receptor binding

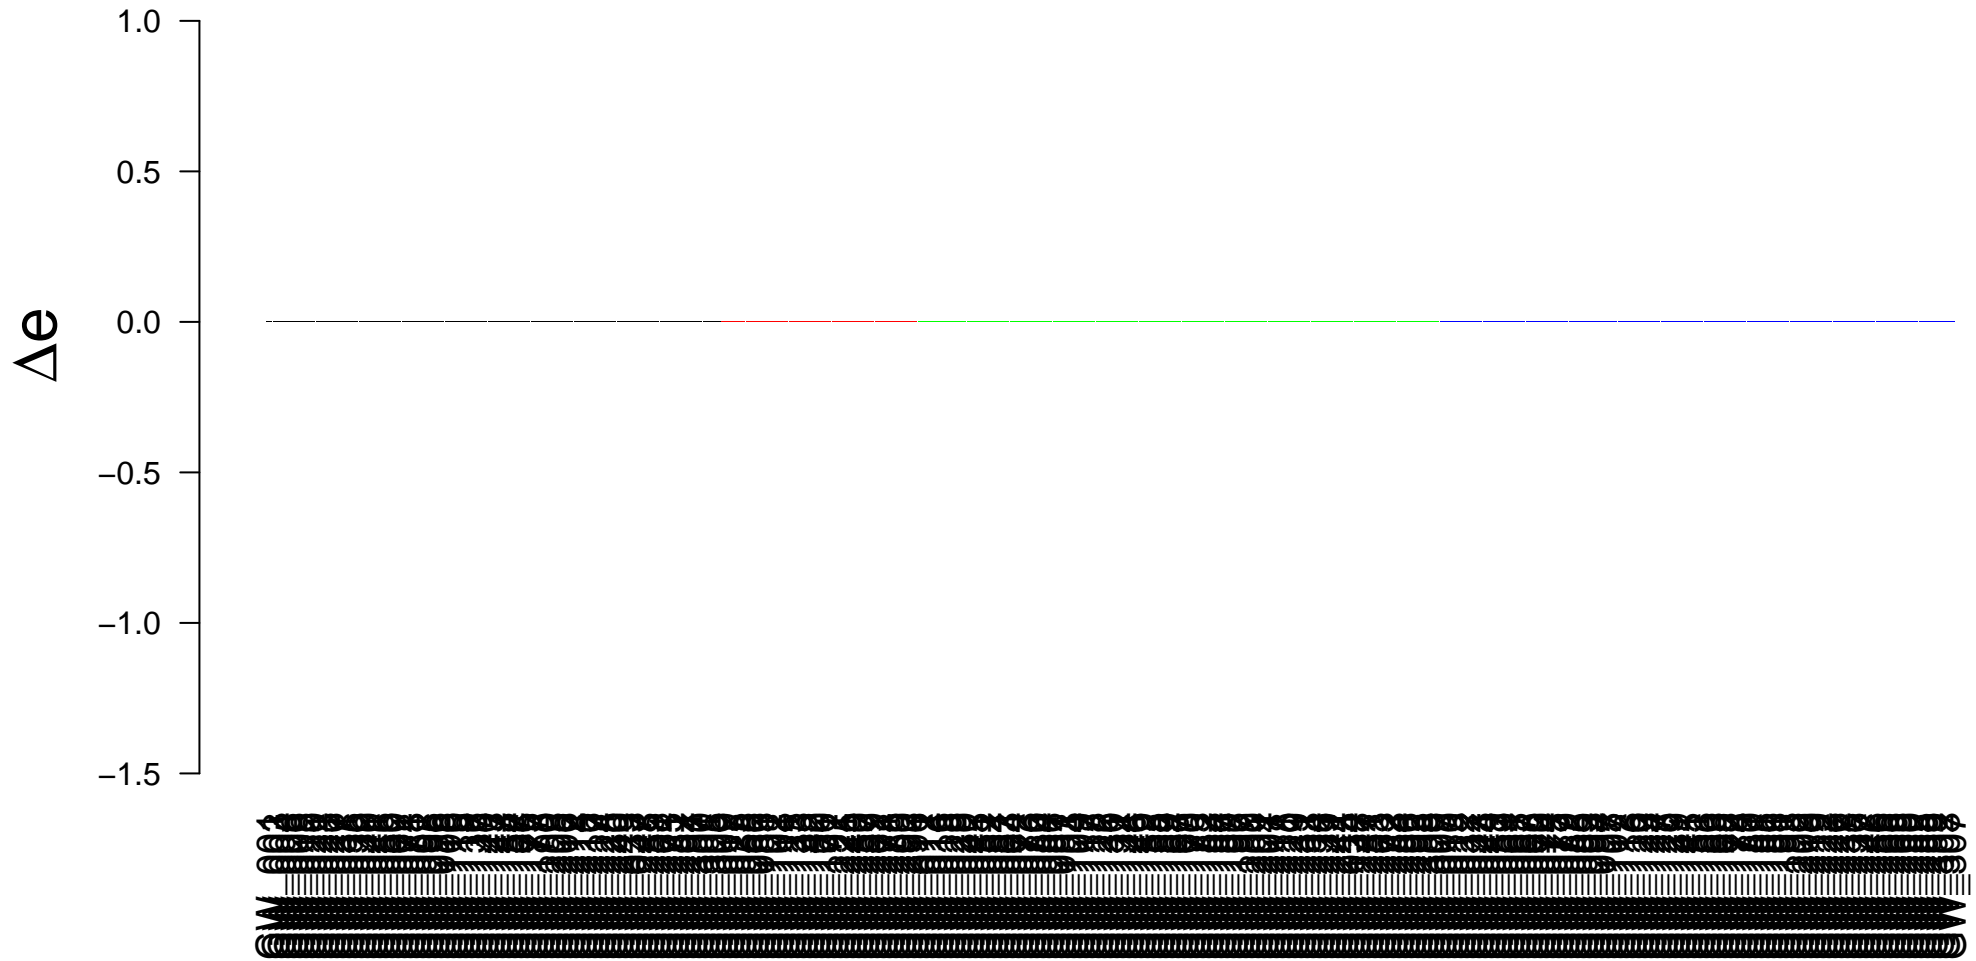

ionotropic glutamate receptor binding

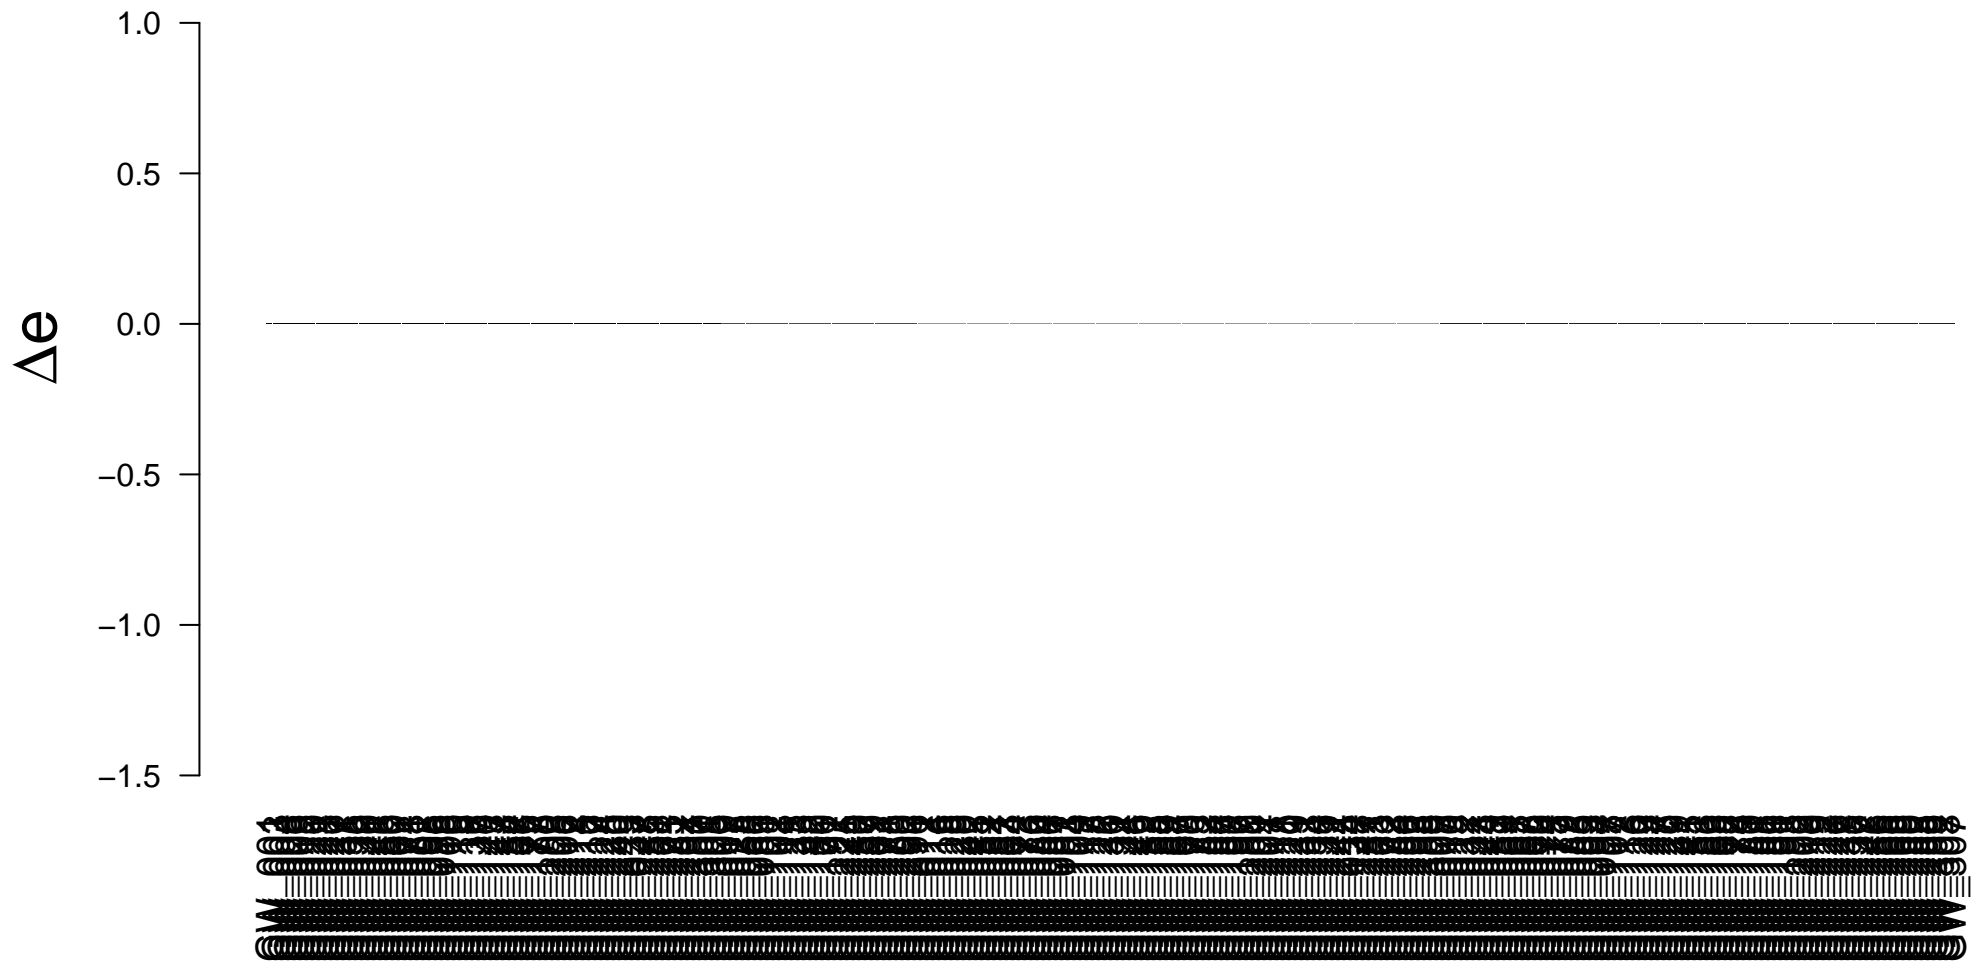

Enrichment in spots: ionotropic glutamate receptor binding

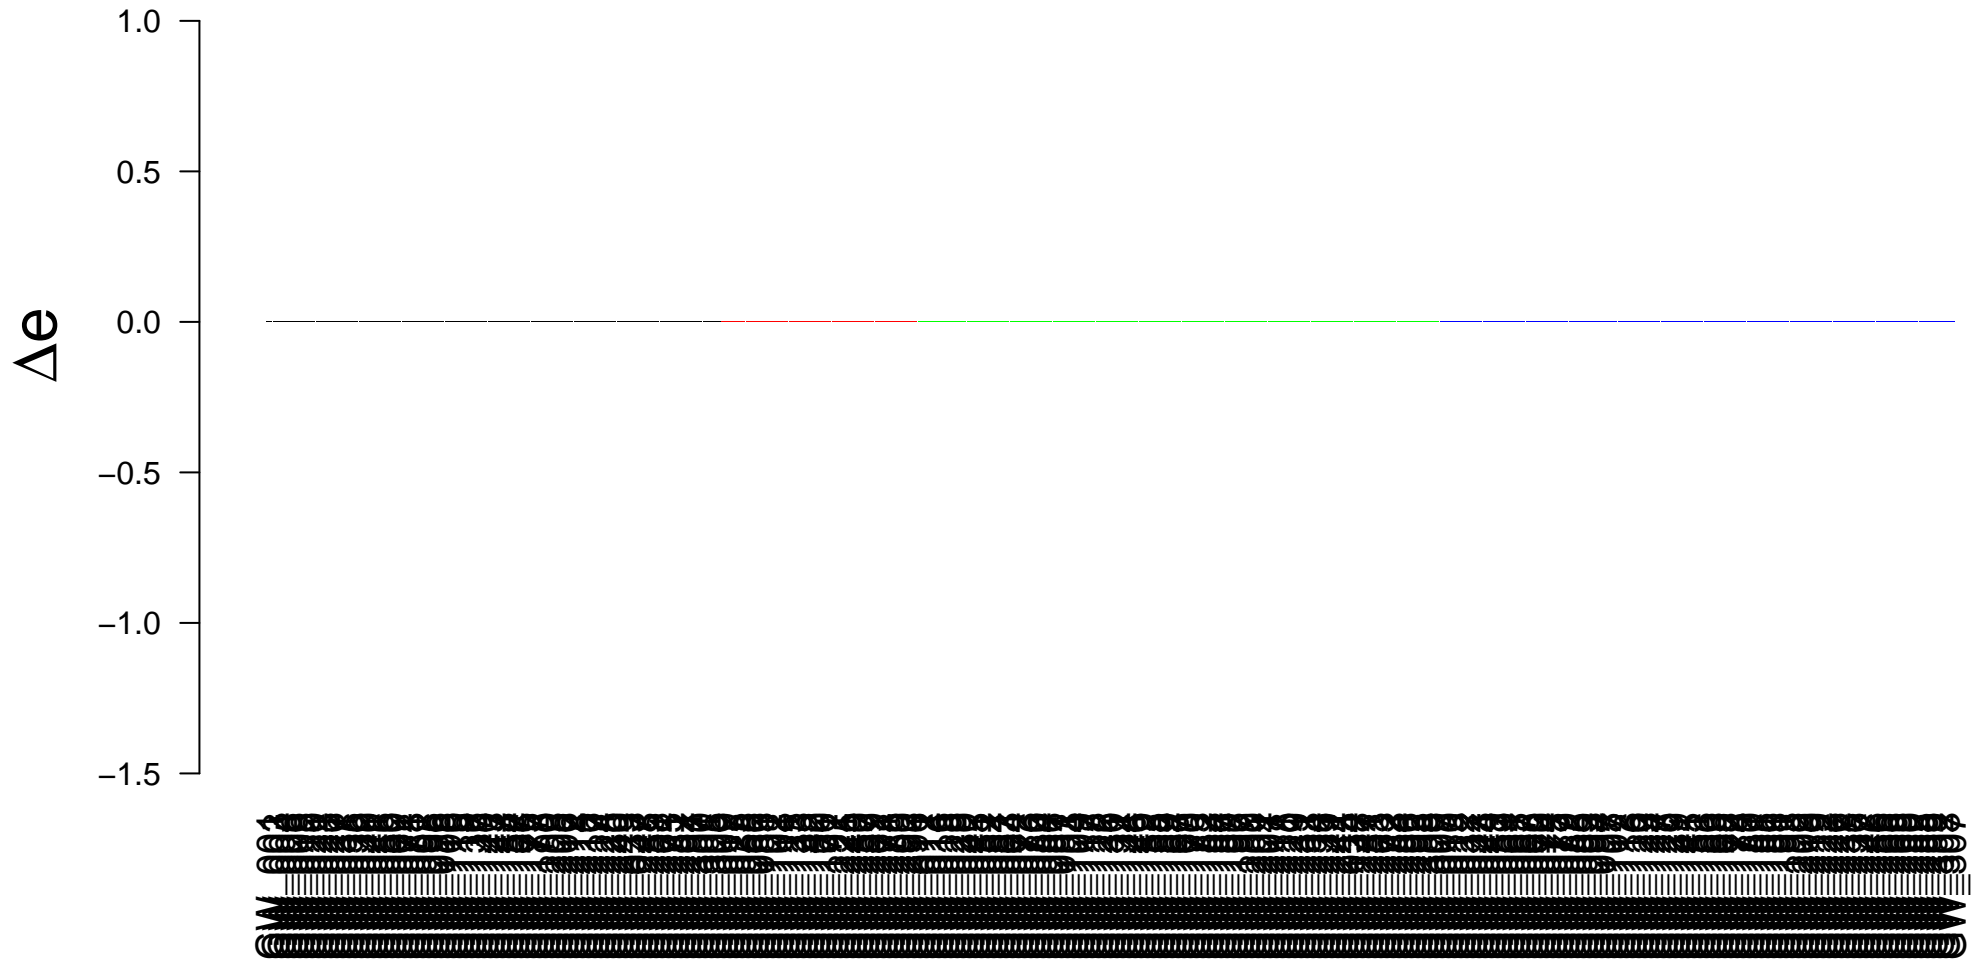

Expression of ionotropic glutamate receptor binding in Spot A

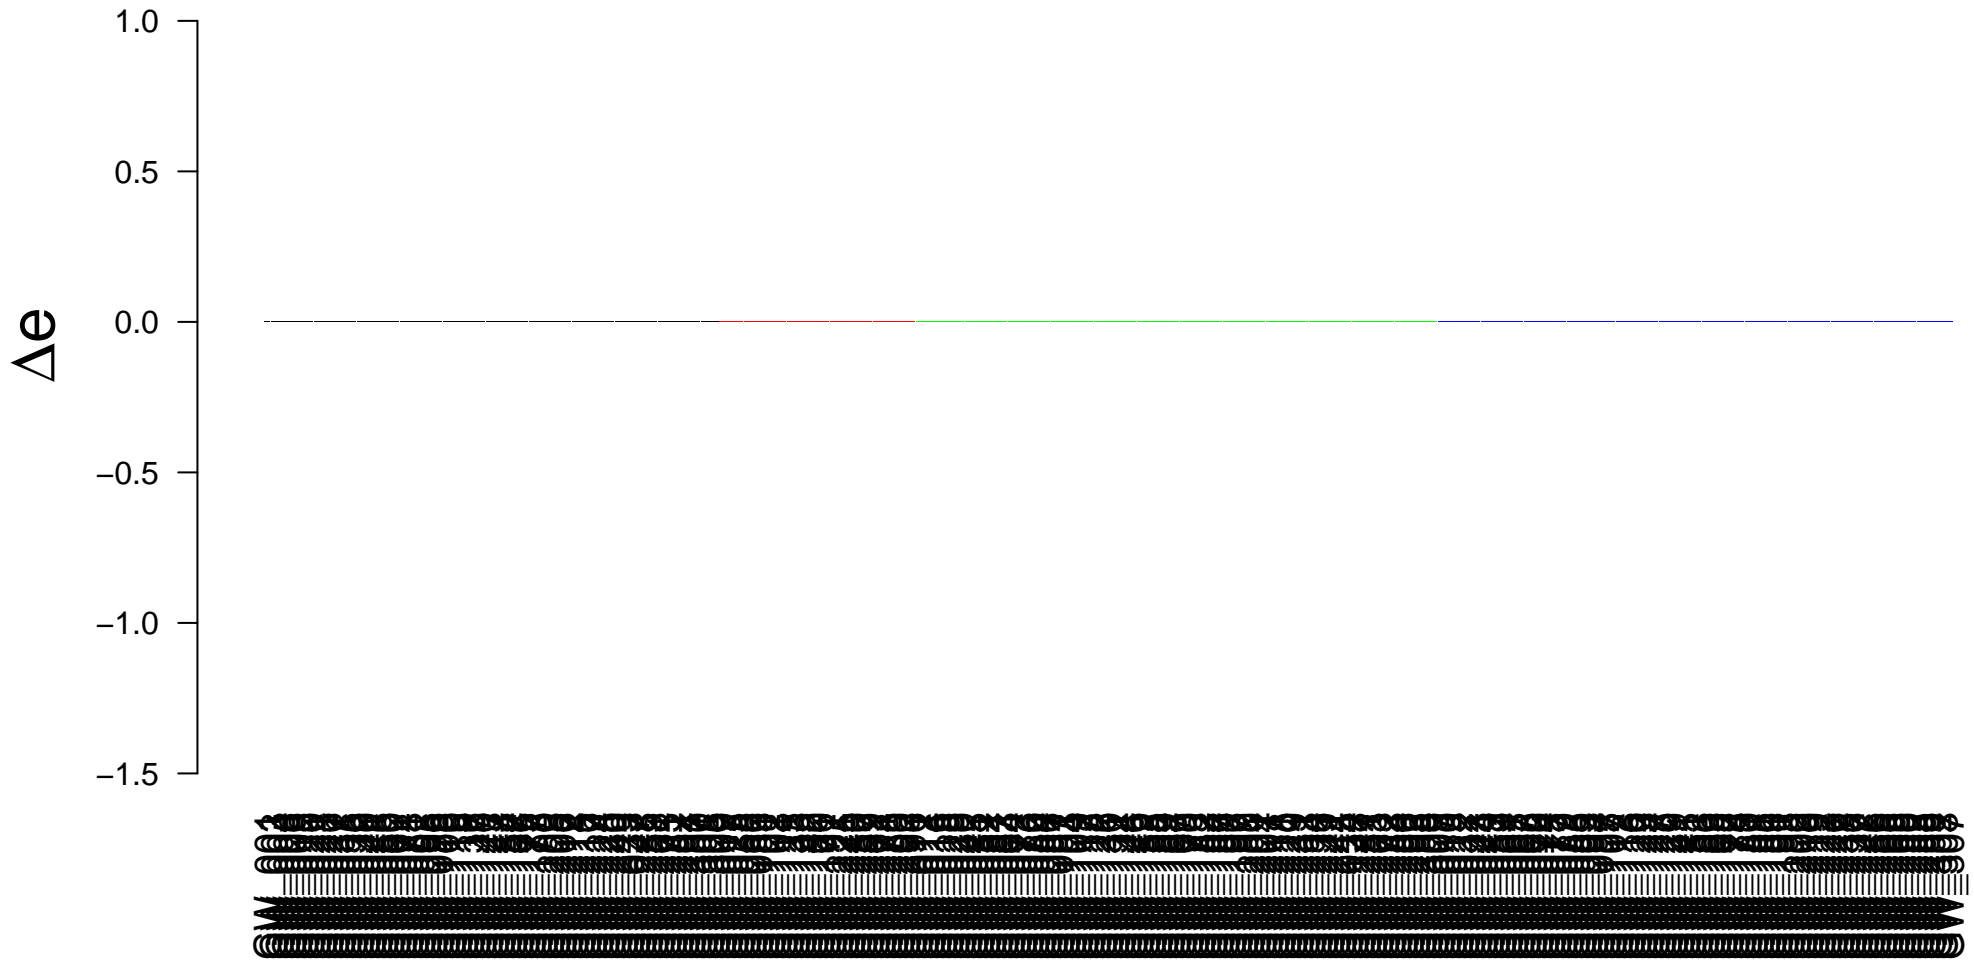

Expression of ionotropic glutamate receptor binding in Spot B

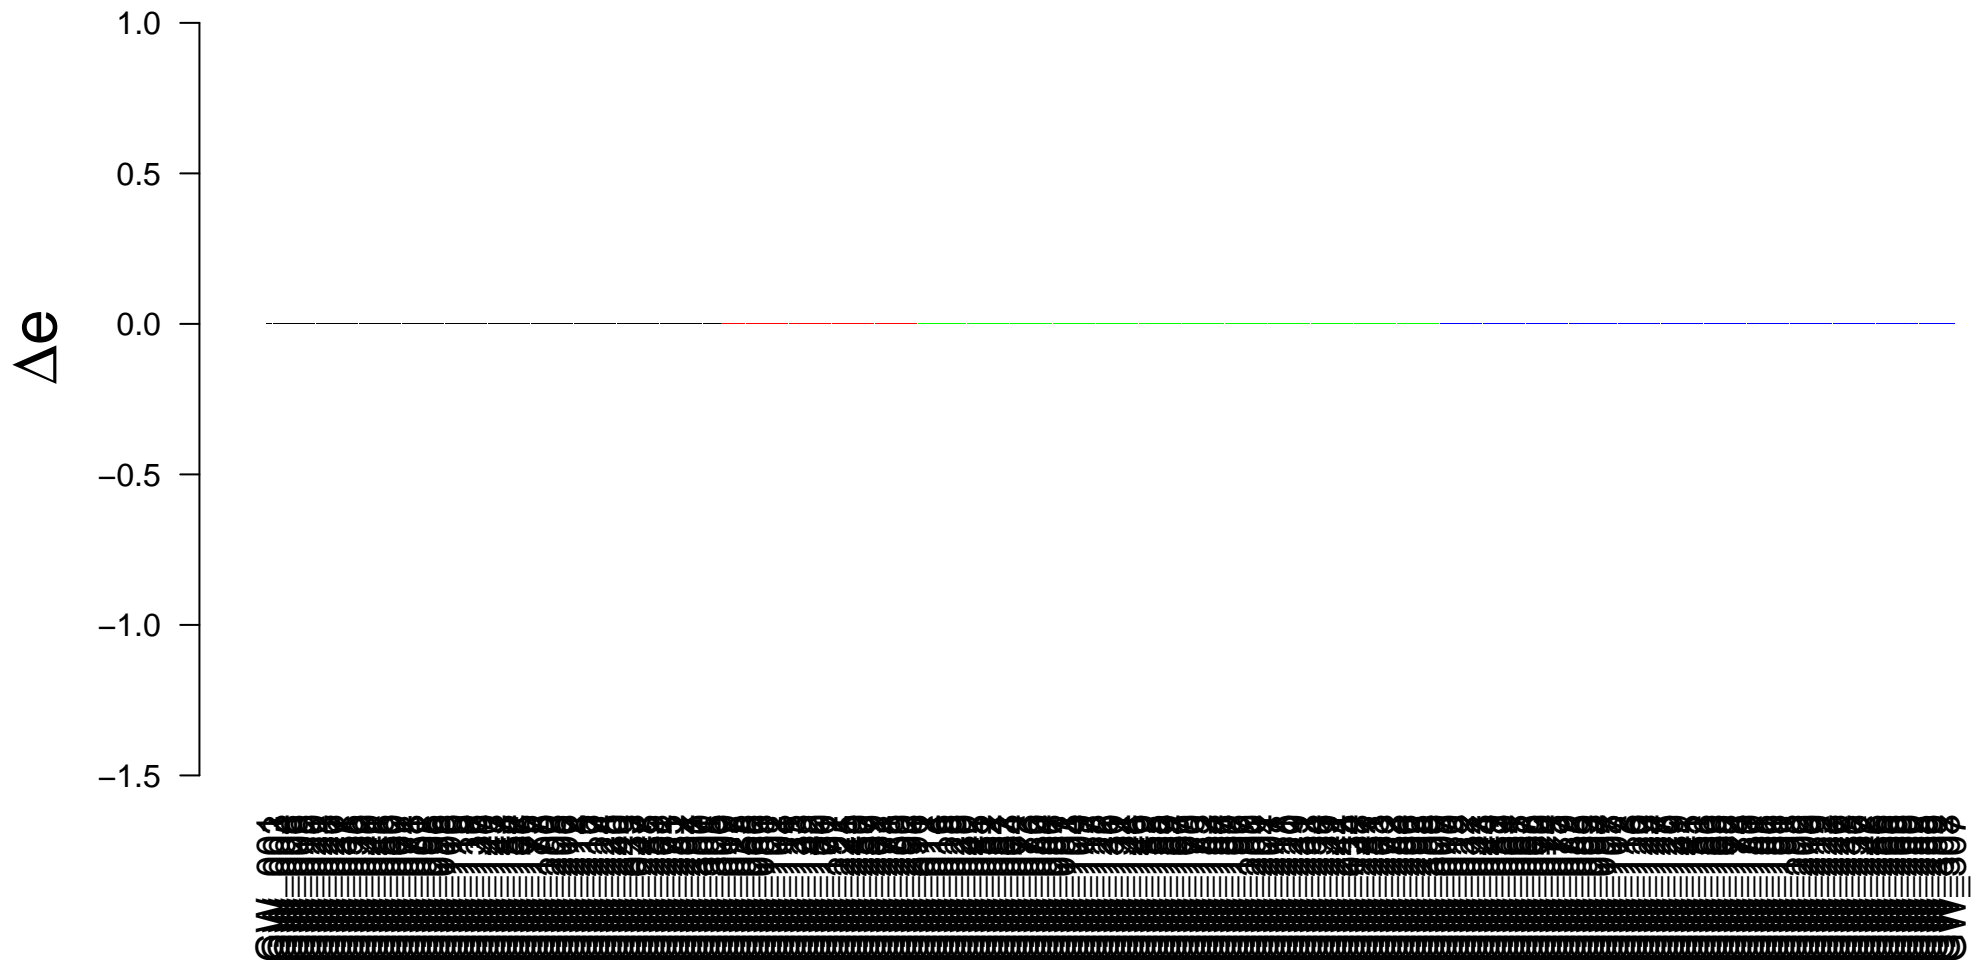

Expression of ionotropic glutamate receptor binding in Spot D

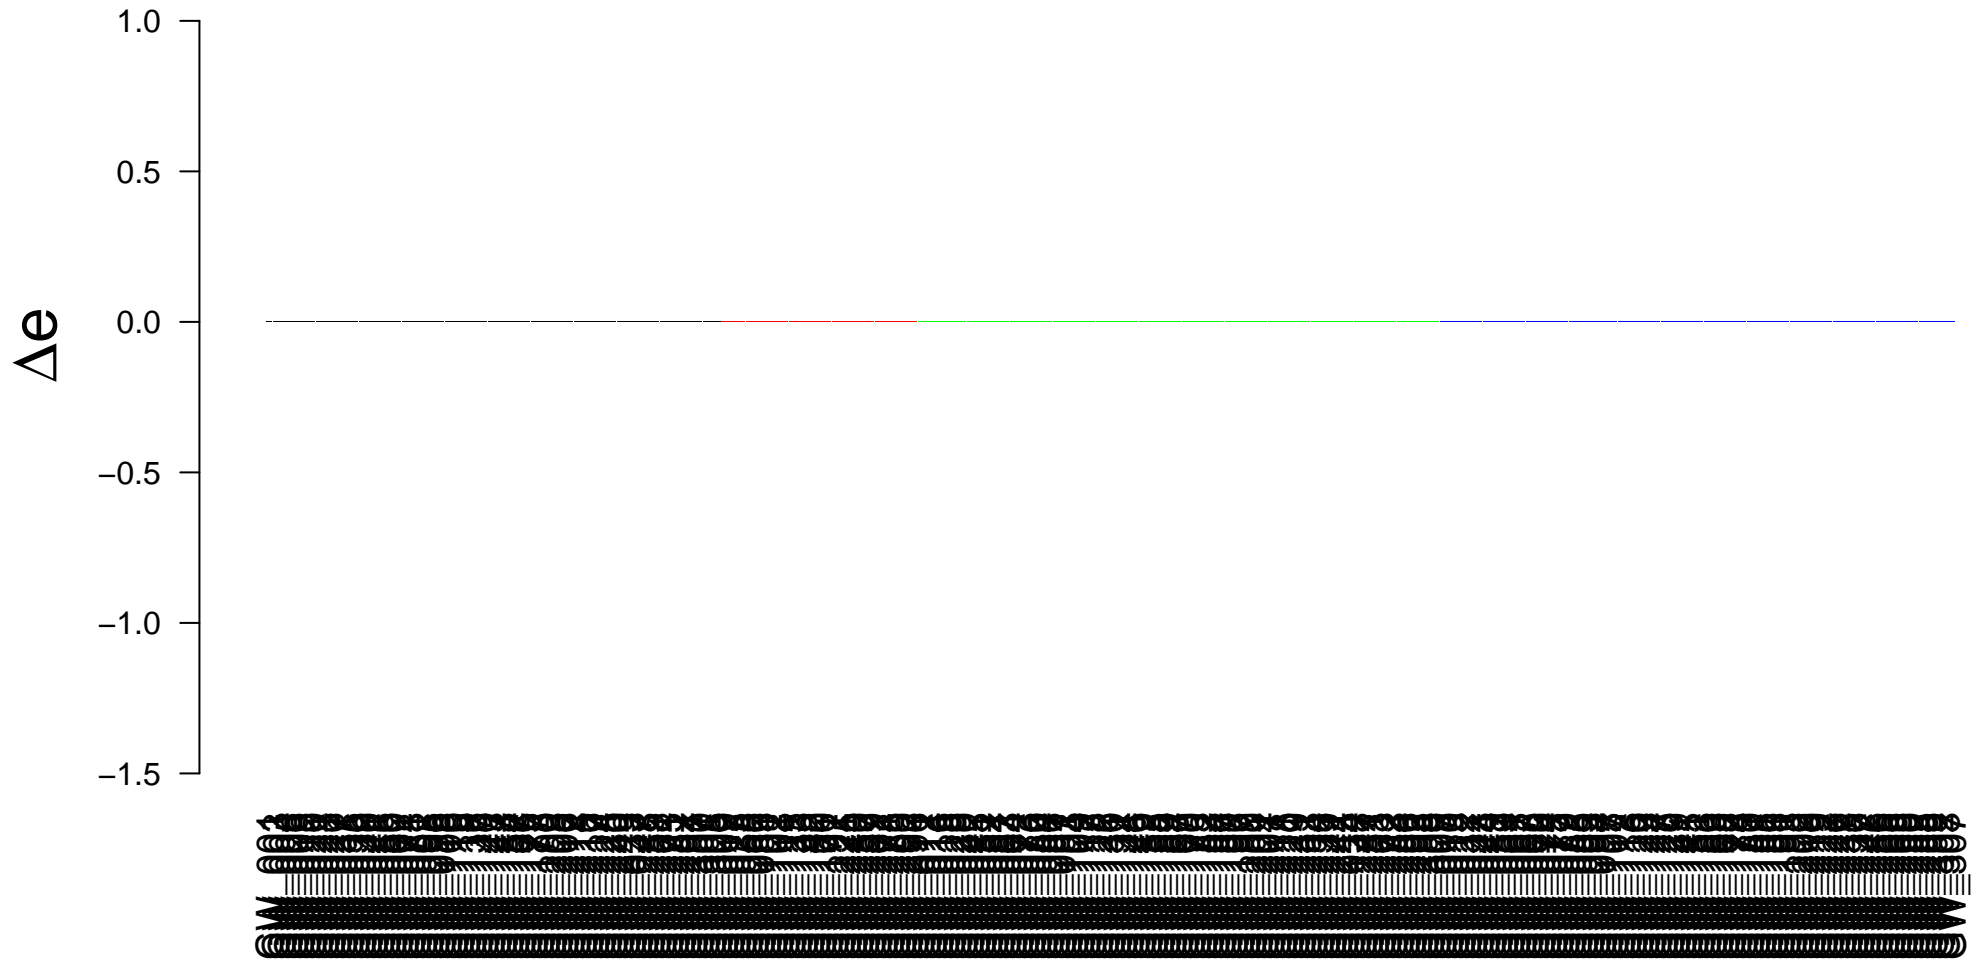

Expression of ionotropic glutamate receptor binding in Spot E

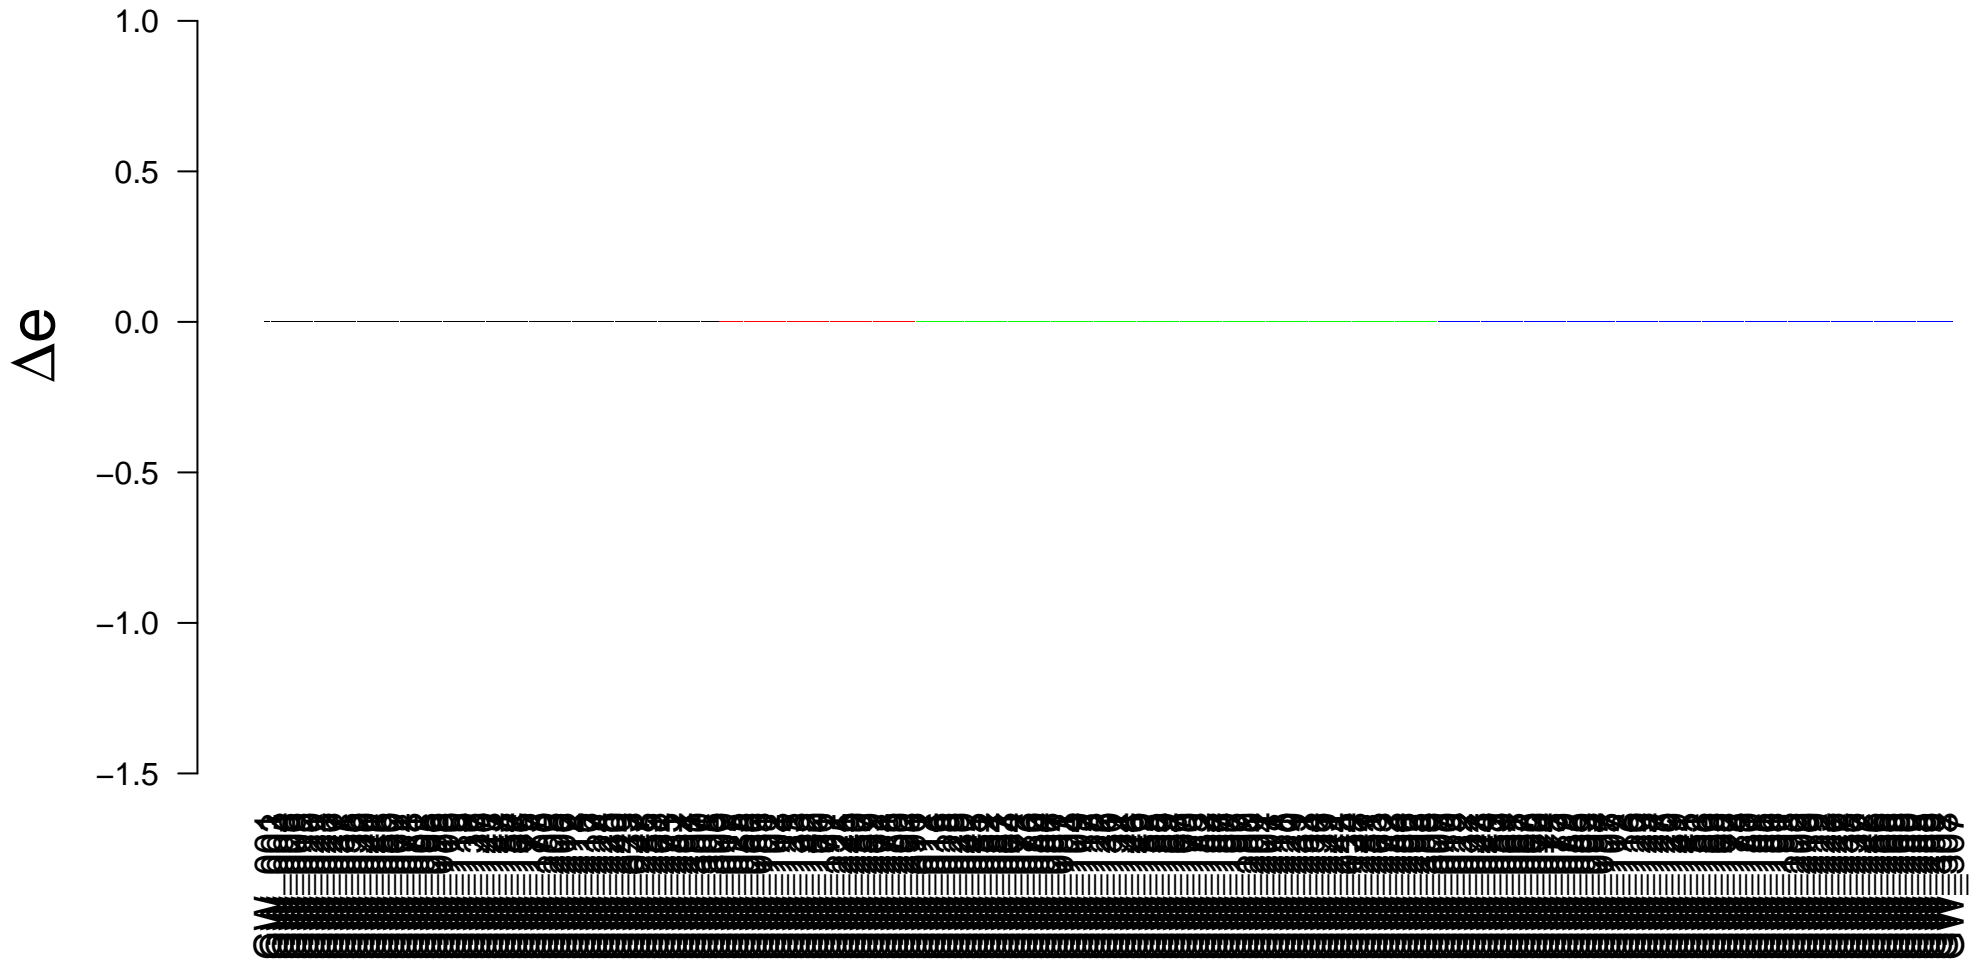

Expression of ionotropic glutamate receptor binding in Spot F

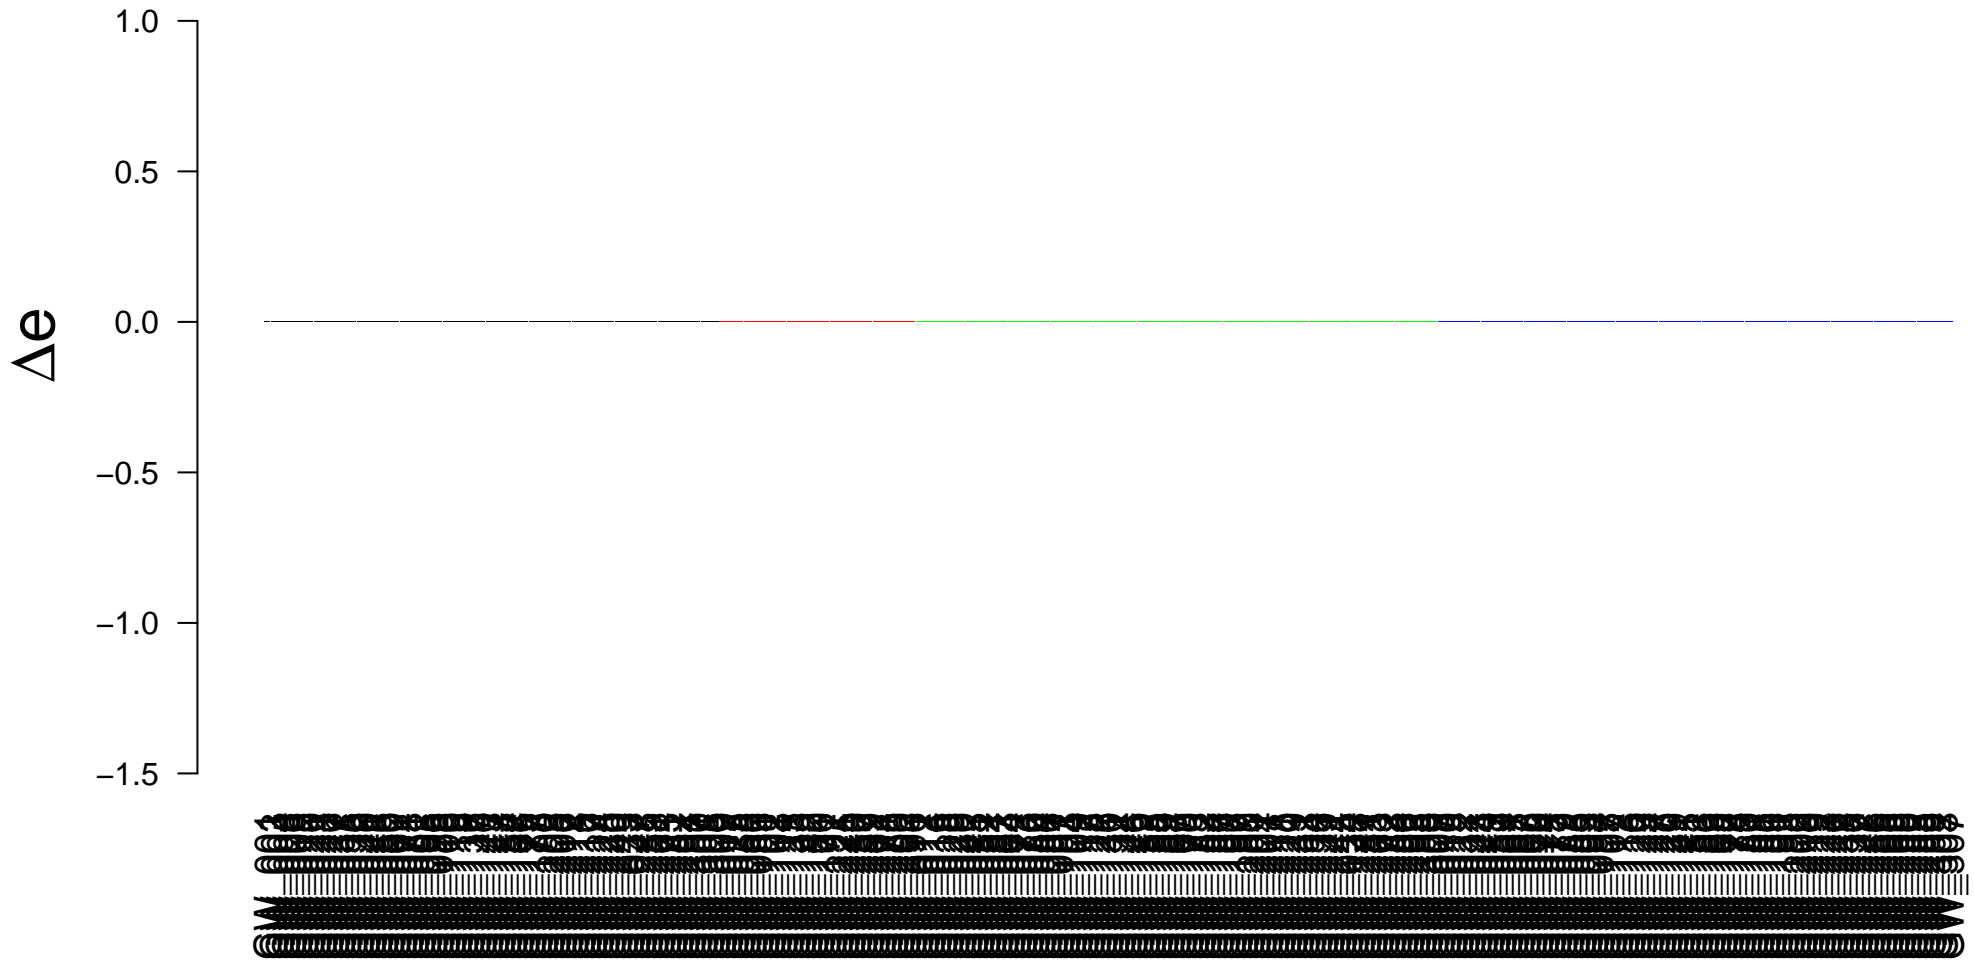

Expression of ionotropic glutamate receptor binding in Spot G

Expression of ionotropic glutamate receptor binding in Spot H

Expression of ionotropic glutamate receptor binding in Spot I

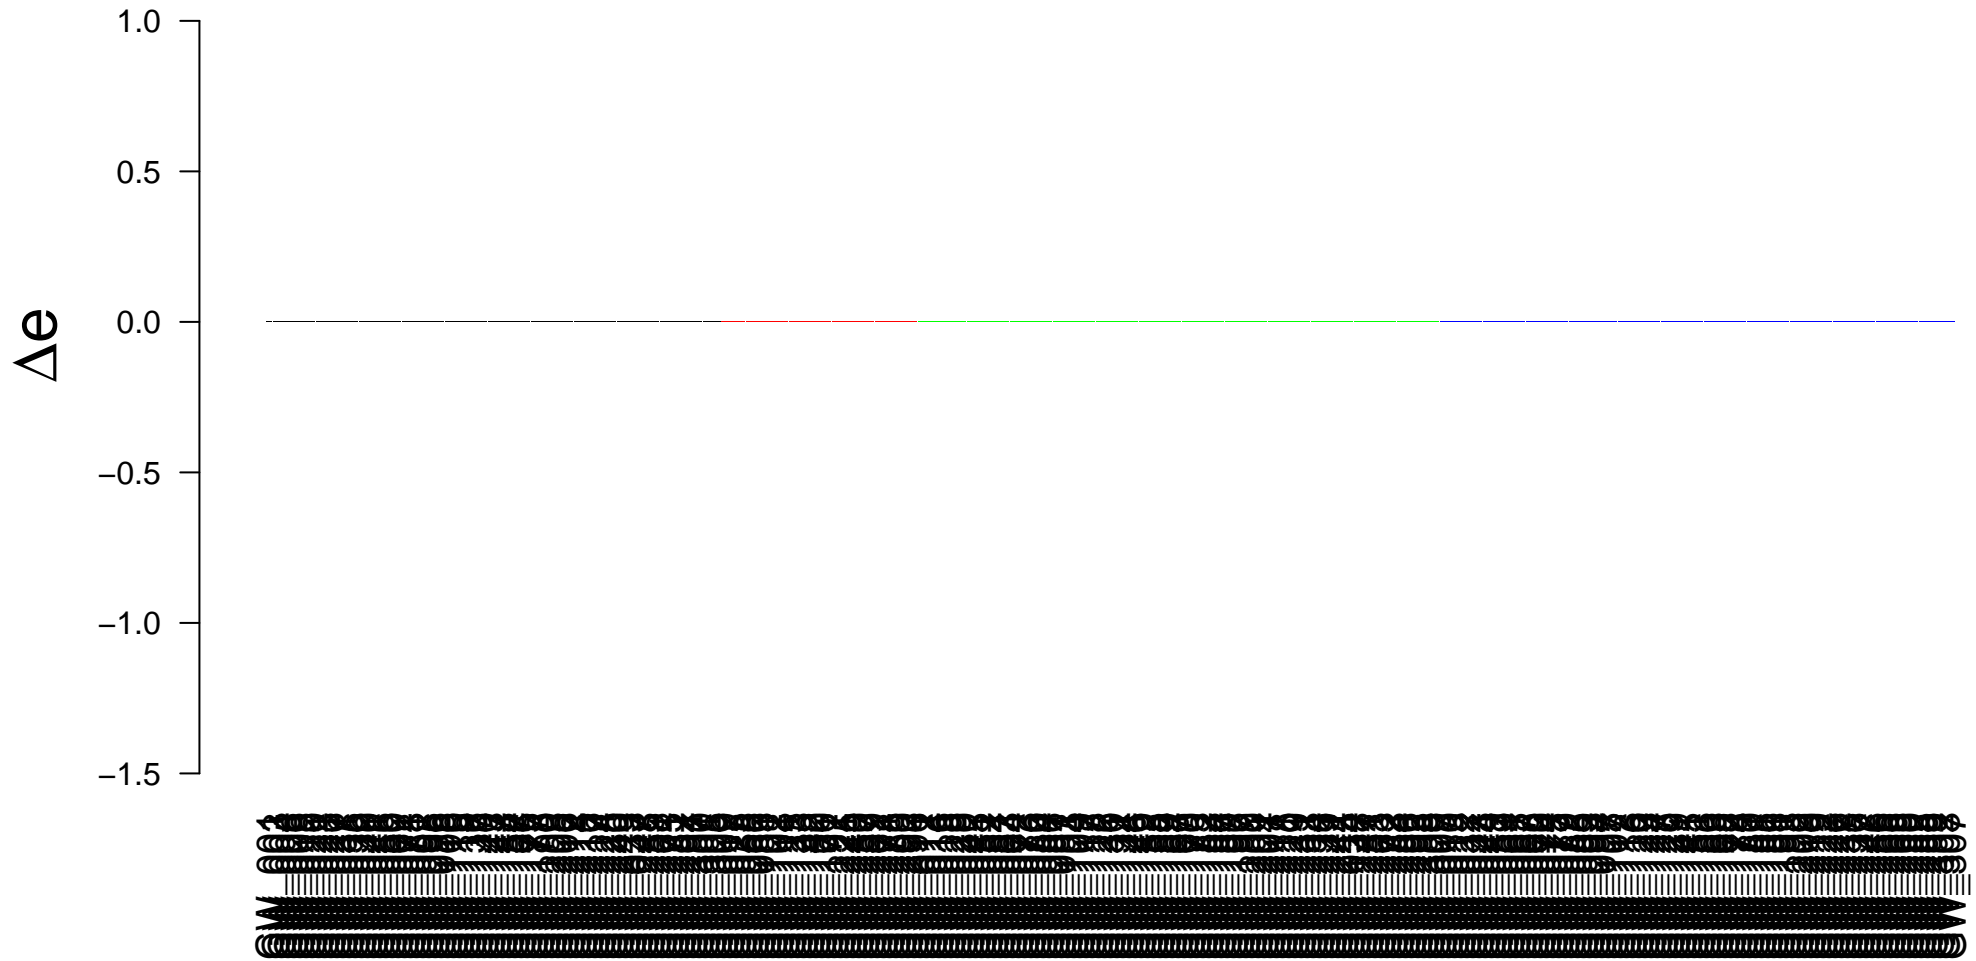

Expression of ionotropic glutamate receptor binding in Spot J

Expression of ionotropic glutamate receptor binding in Spot K

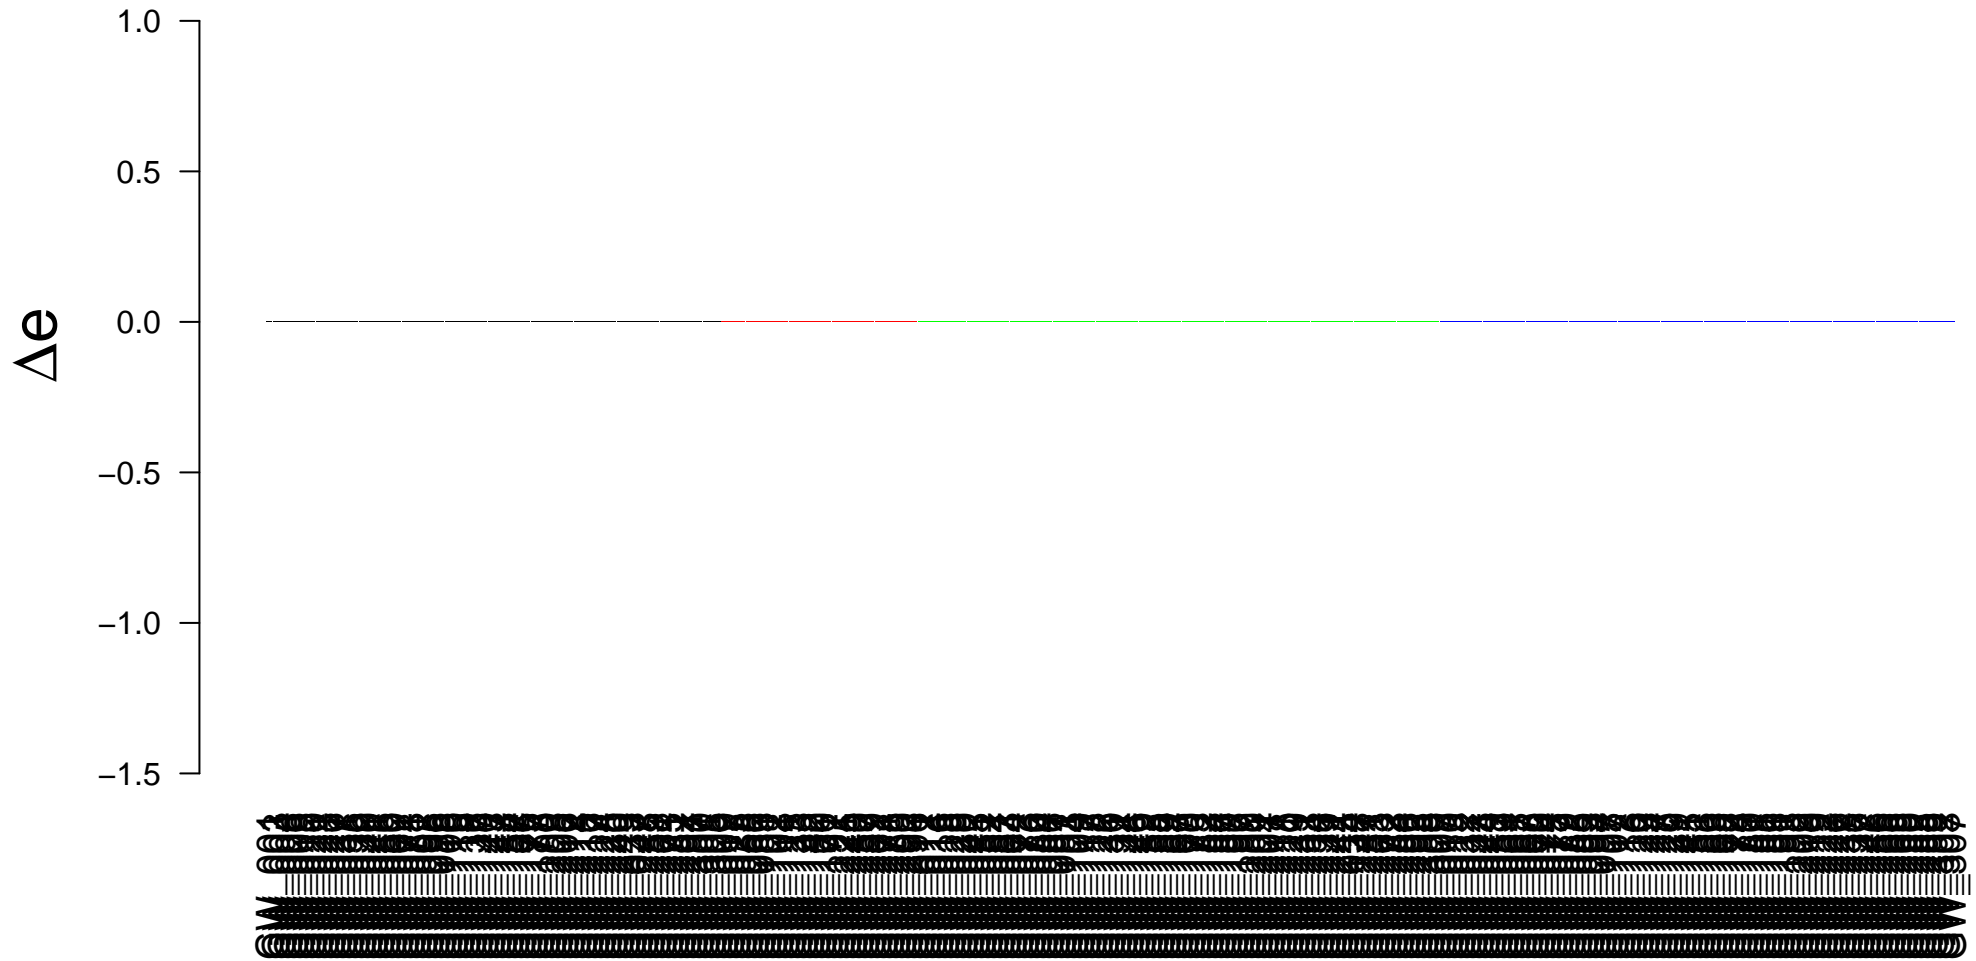

Expression of ionotropic glutamate receptor binding in Spot L

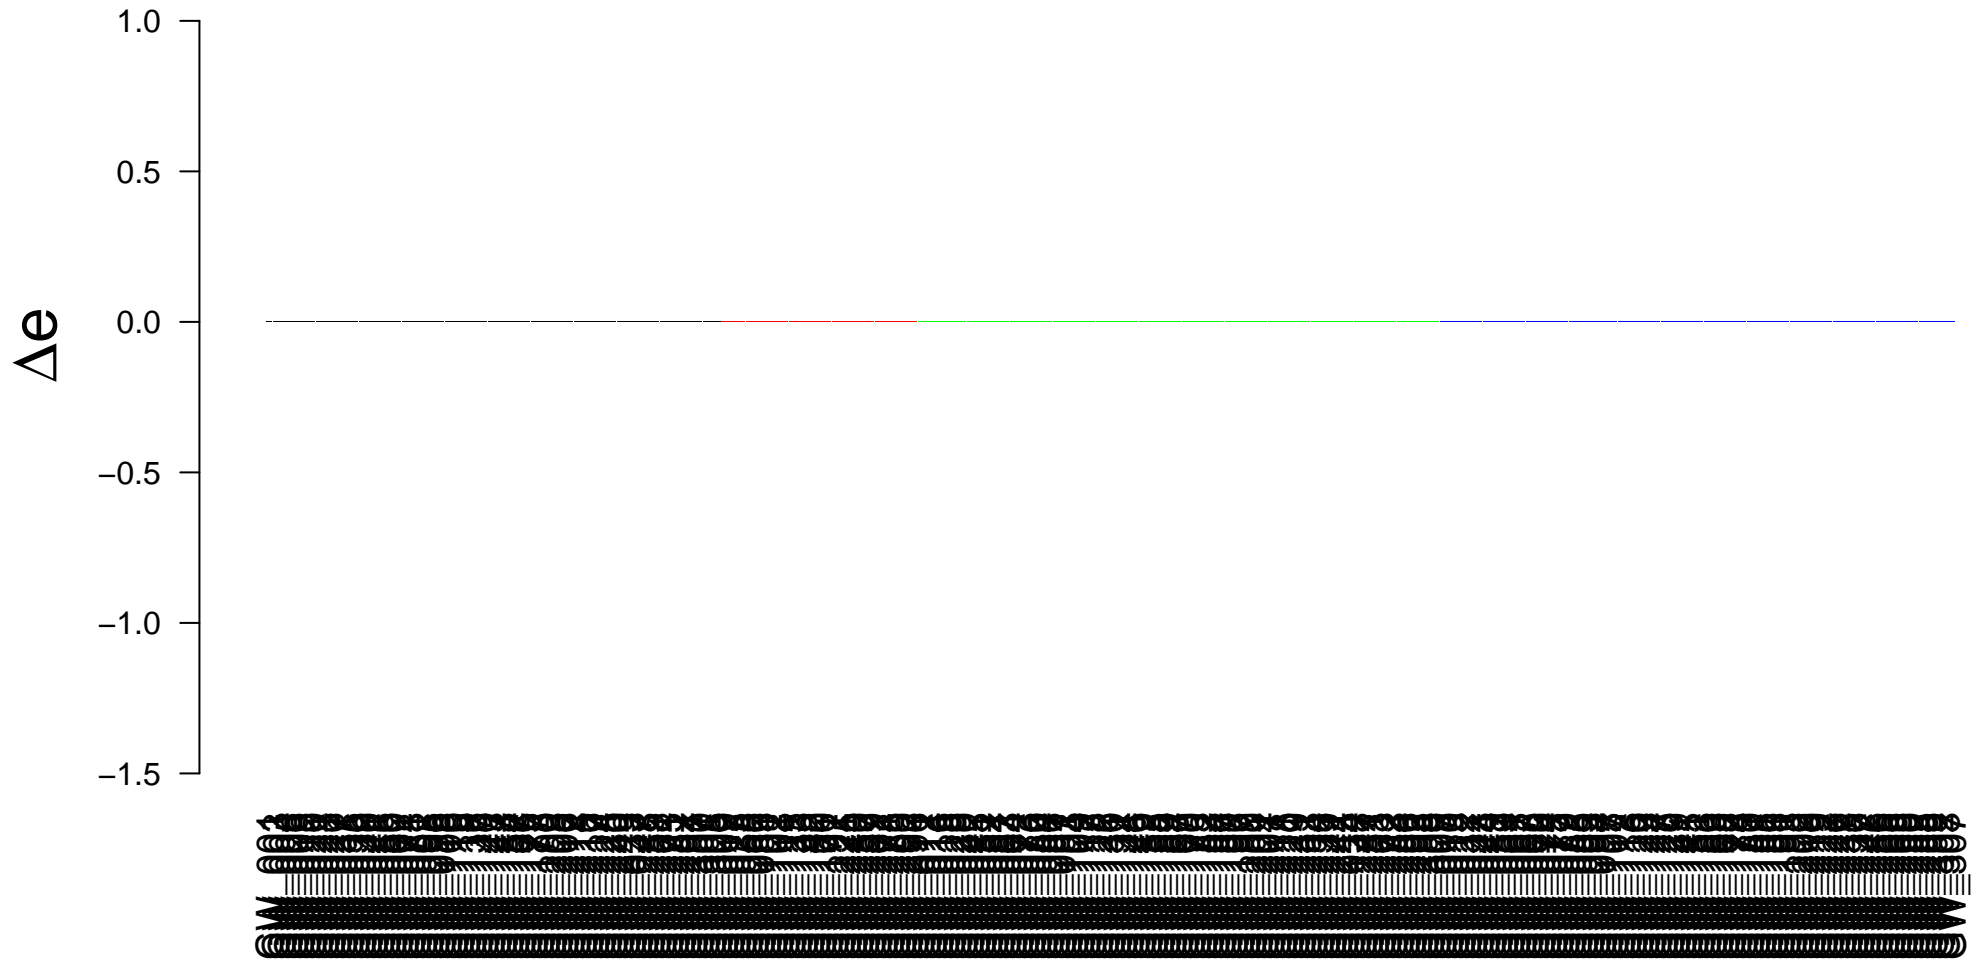

Expression of ionotropic glutamate receptor binding in Spot M

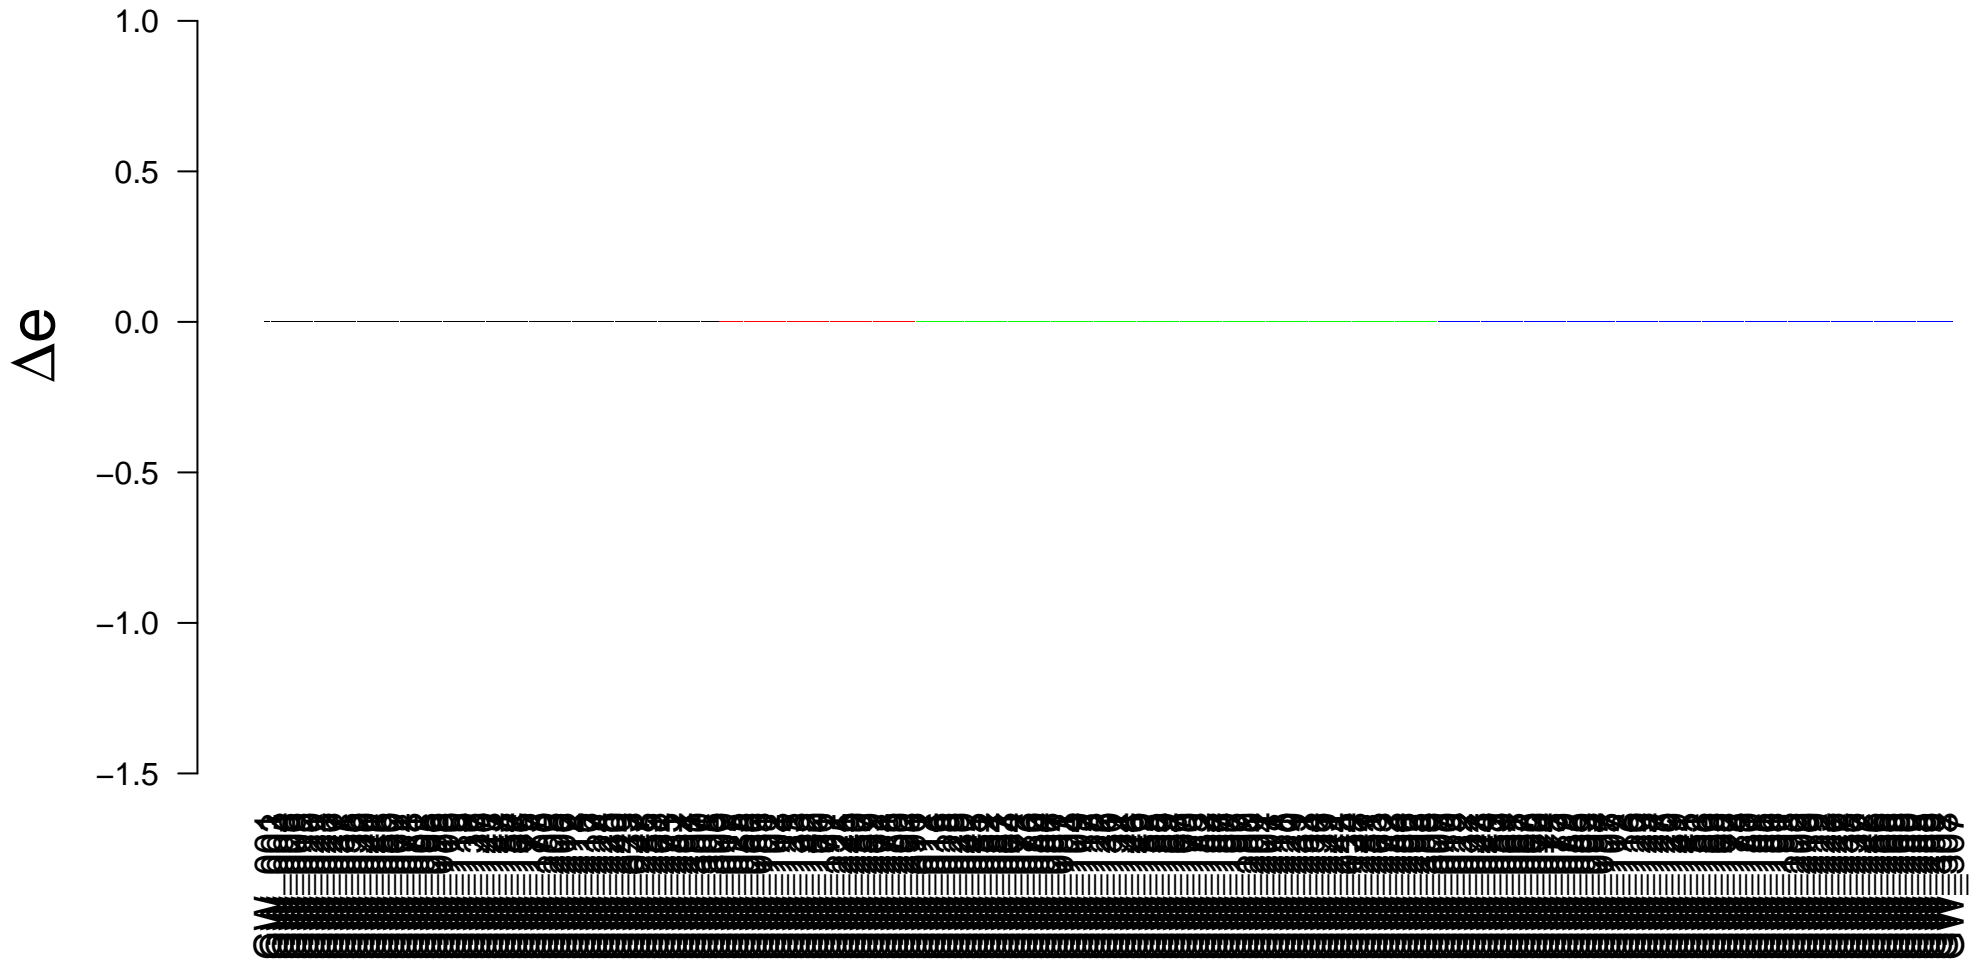

Expression of ionotropic glutamate receptor binding in Spot N

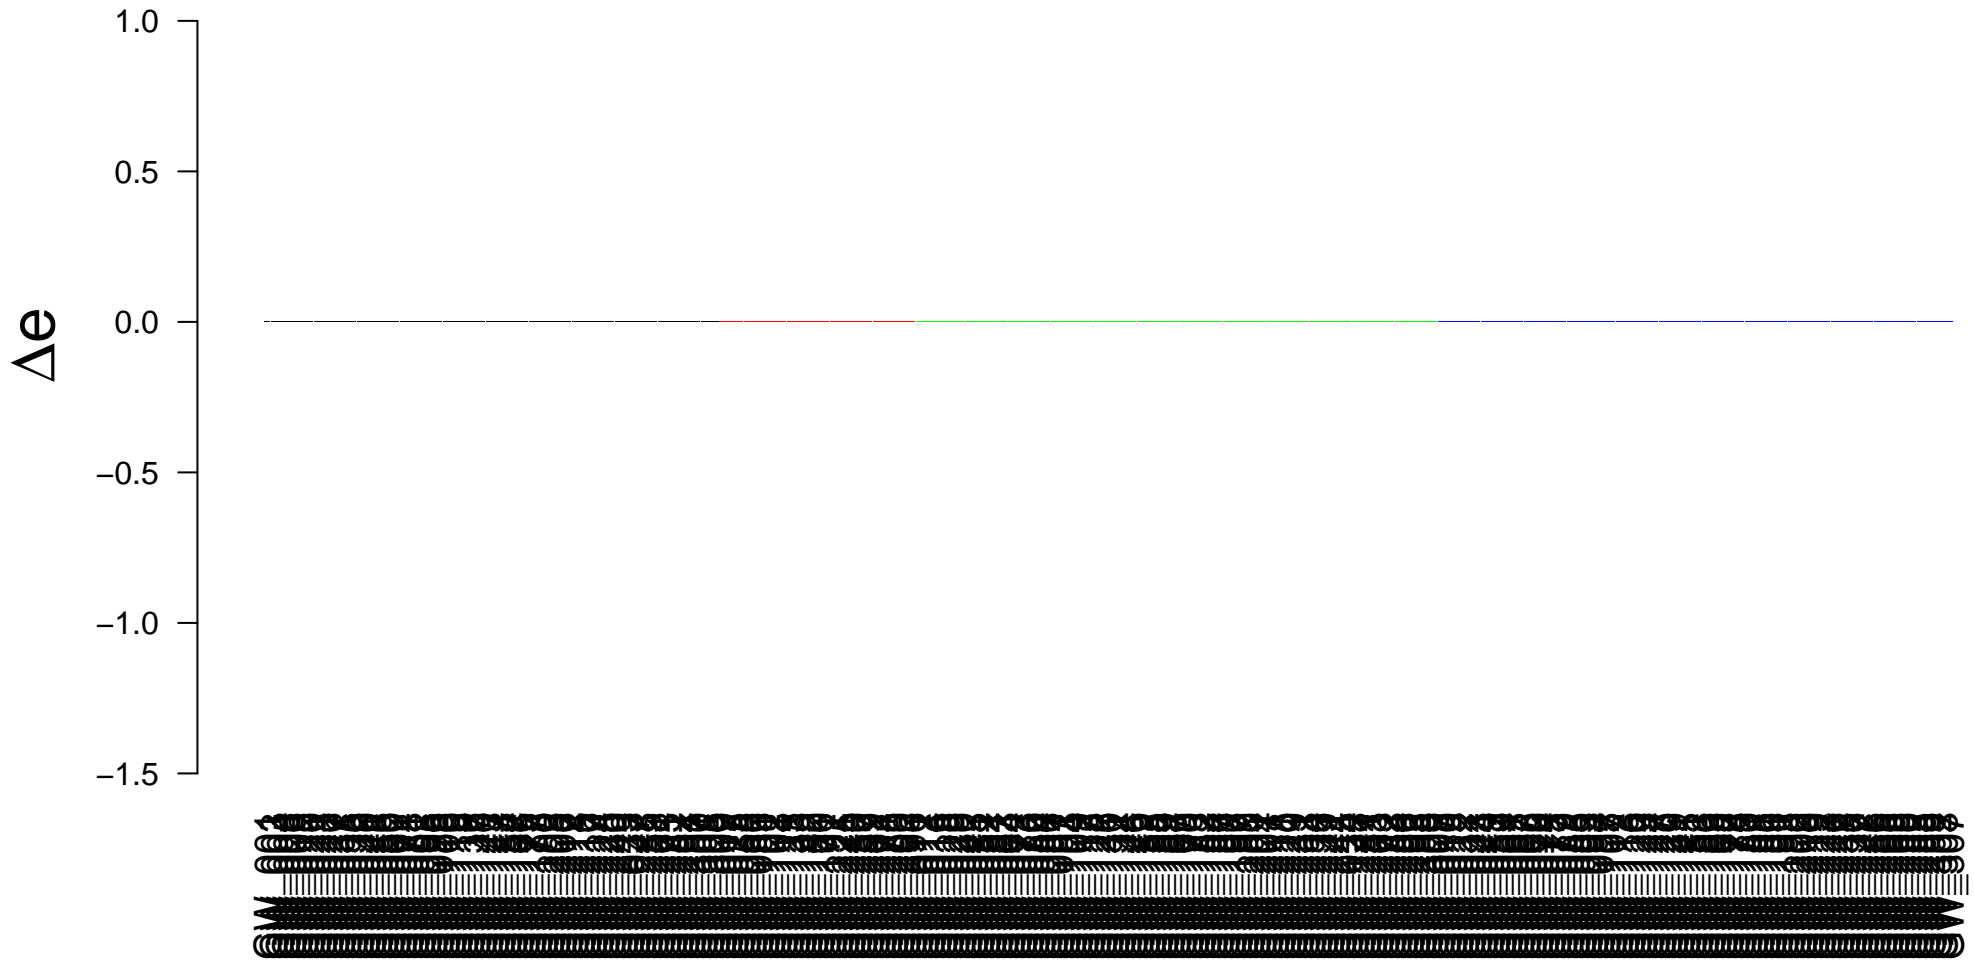

Expression of ionotropic glutamate receptor binding in Spot O

Expression of ionotropic glutamate receptor binding in Spot P

Expression of ionotropic glutamate receptor binding in Spot Q

Expression of ionotropic glutamate receptor binding in Spot R
