

ligand-dependent nuclear receptor transcription coactivator activity

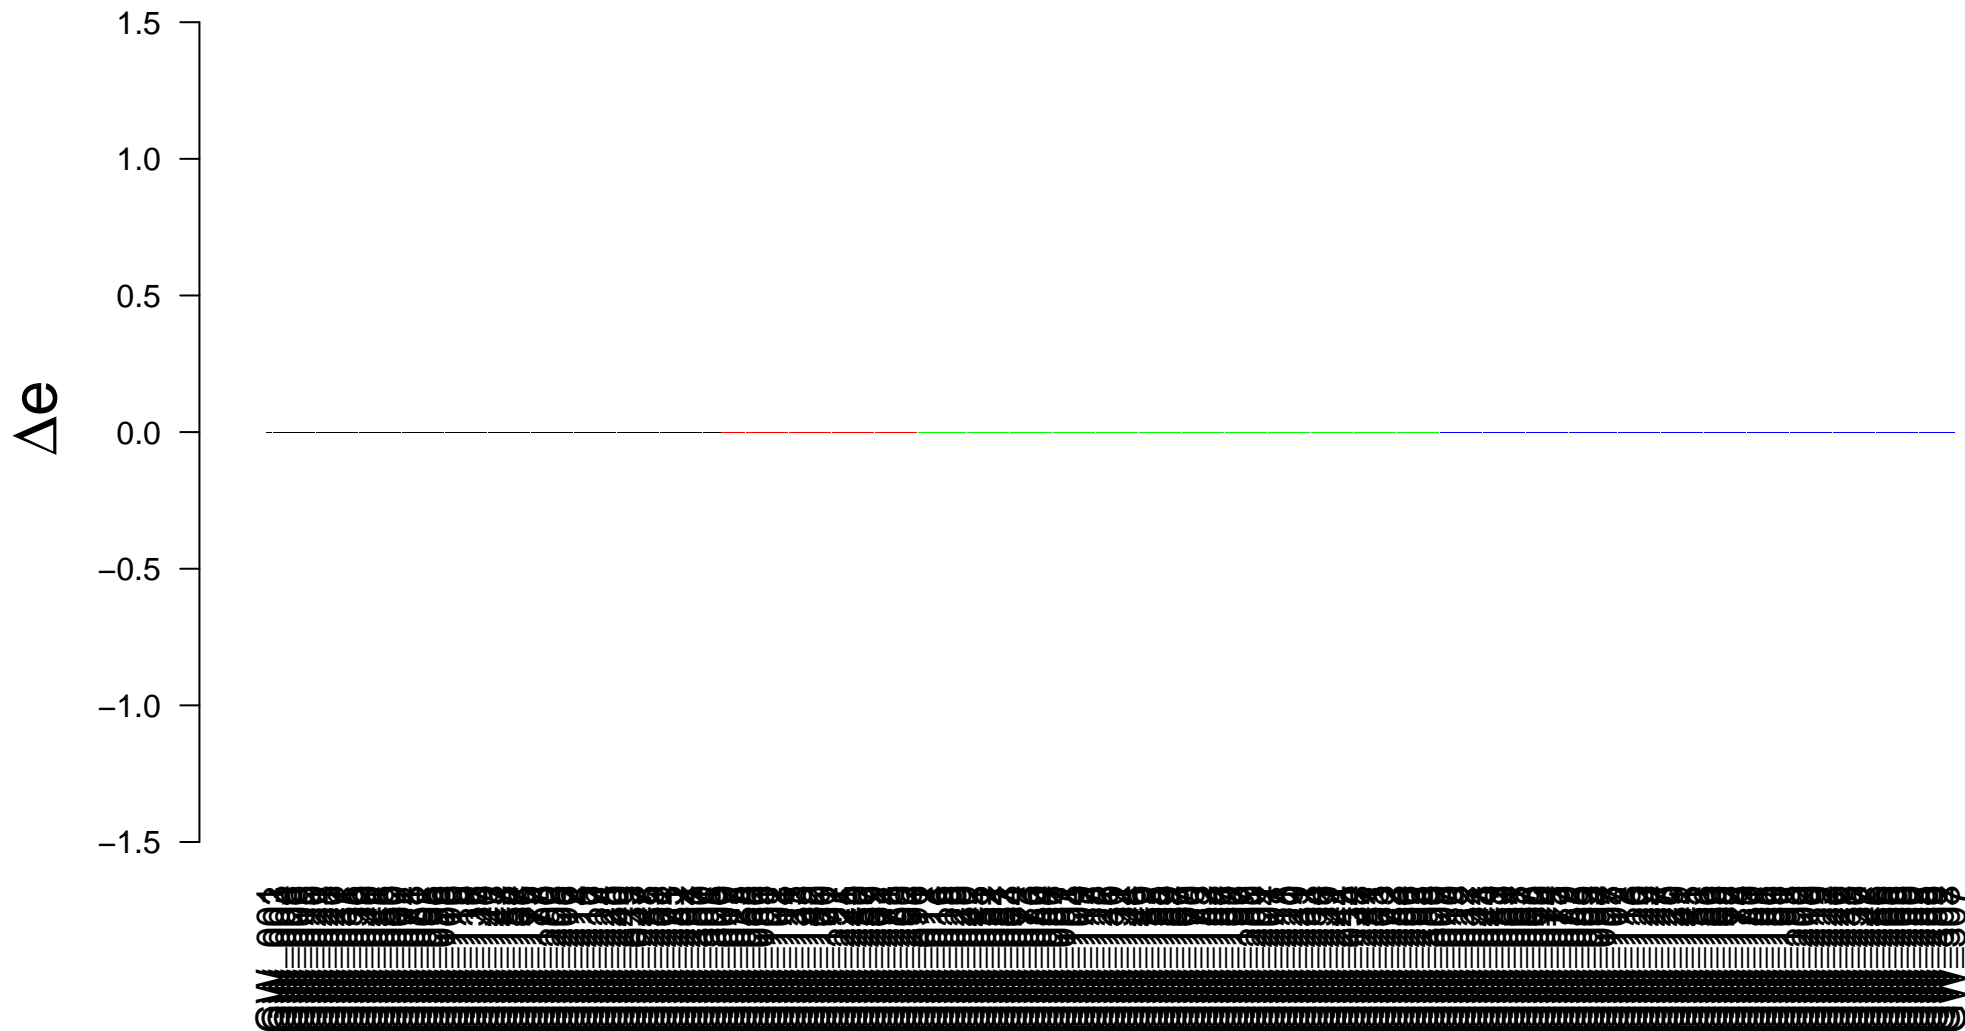

ligand-dependent nuclear receptor transcription coactivator activity

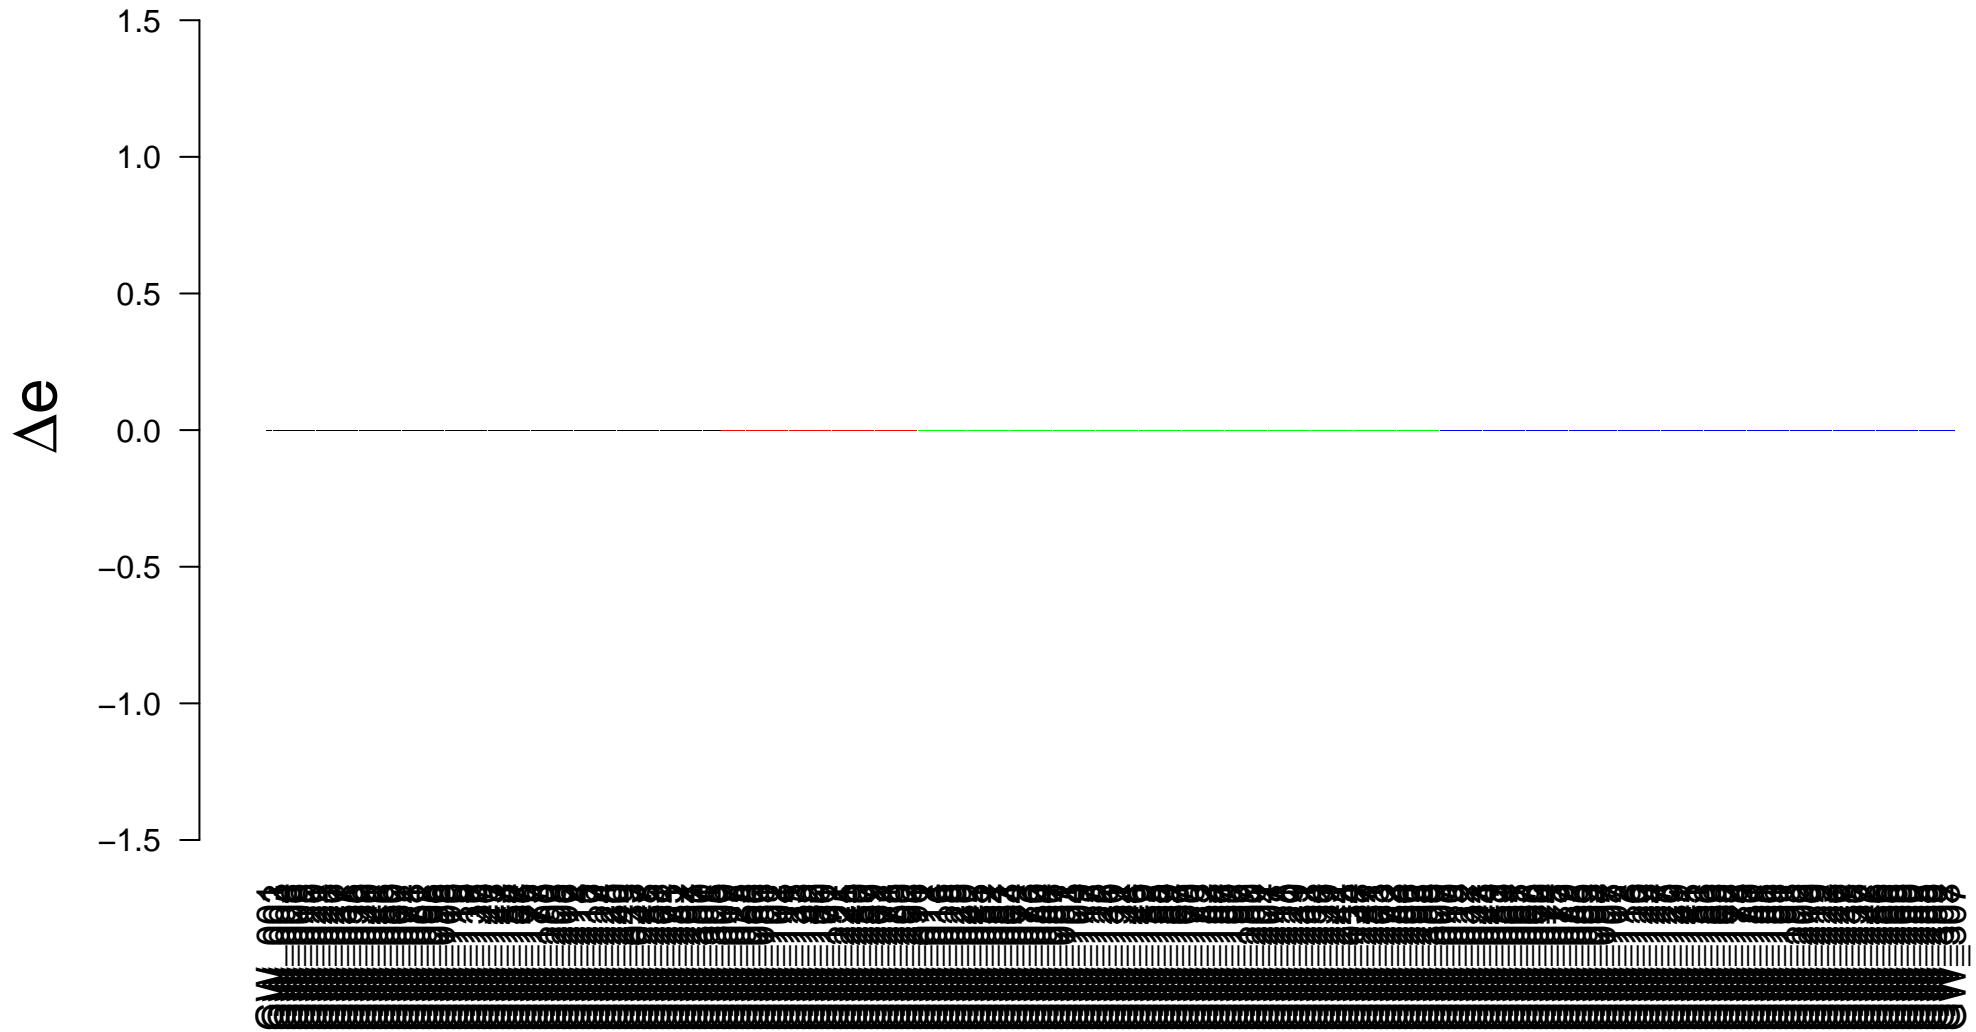

Enrichment in spots: ligand-dependent nuclear receptor transcription coactivator activity

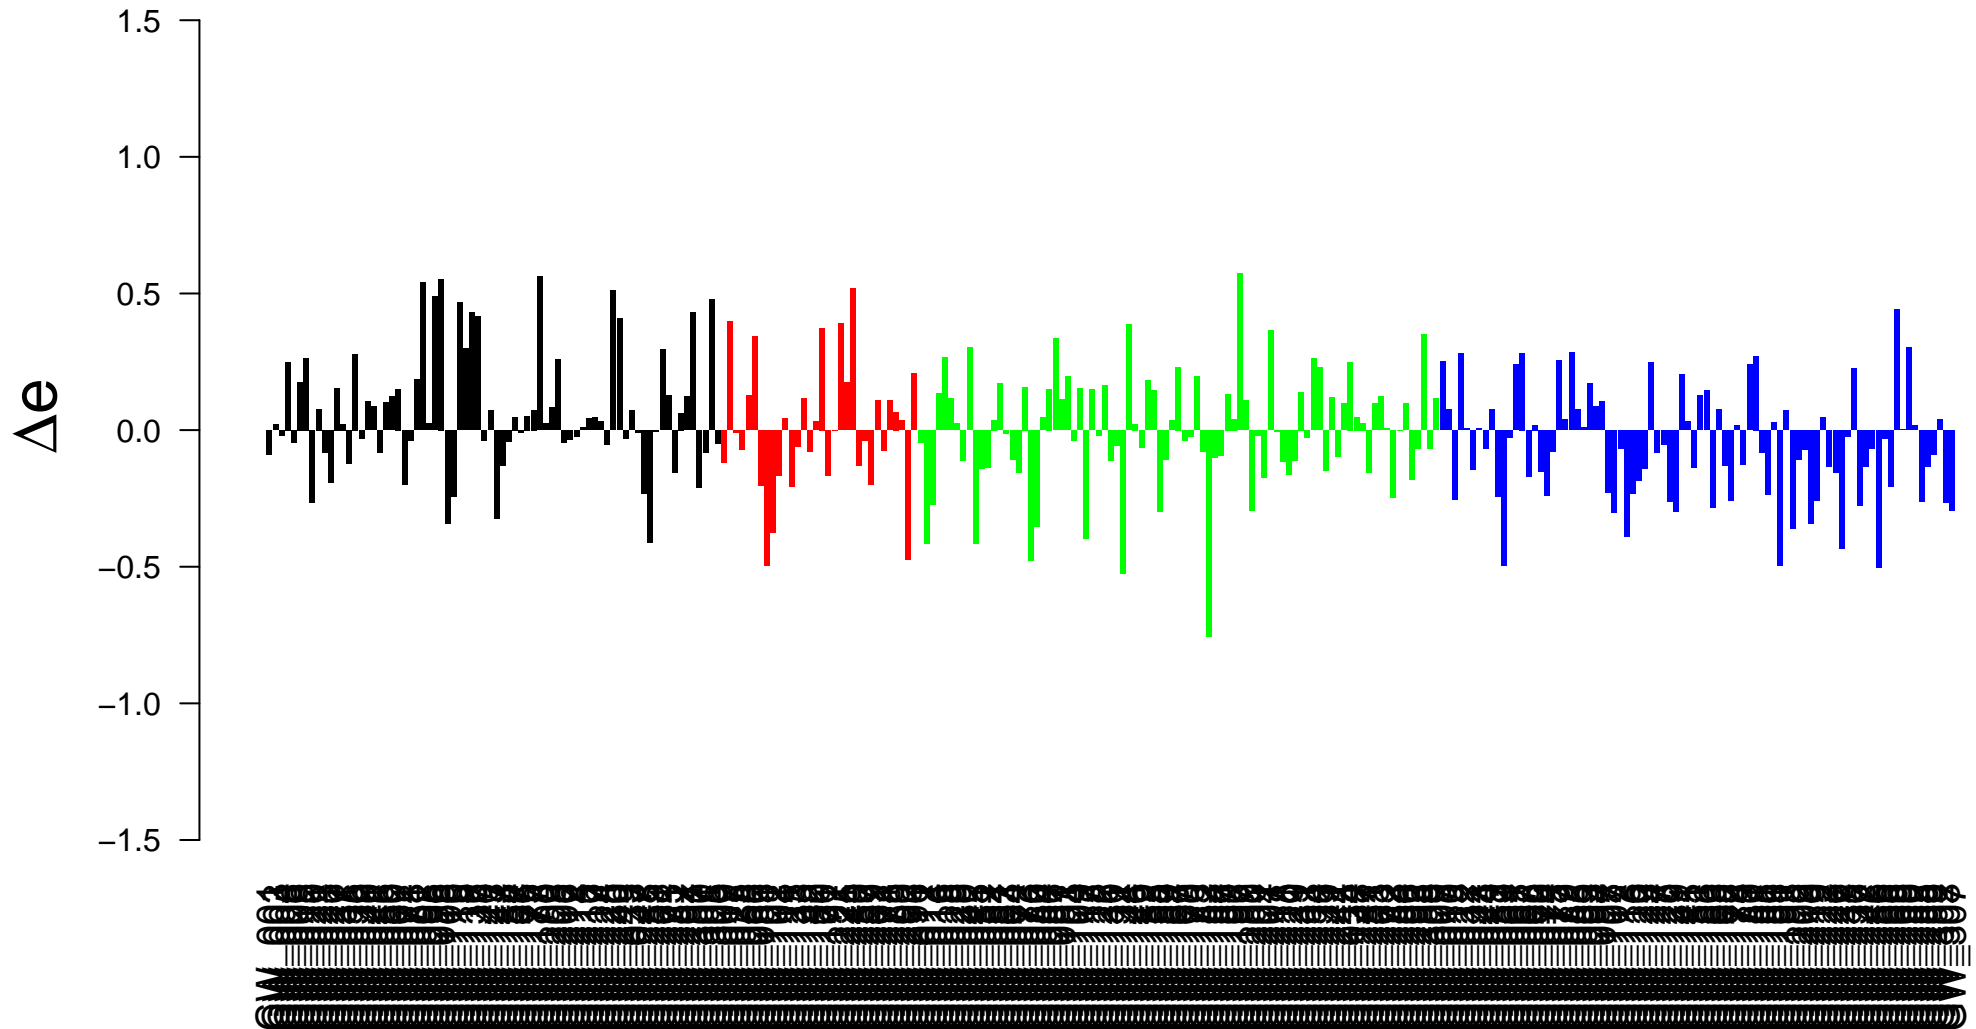

Expression of ligand-dependent nuclear receptor transcription coactivator activity in Spot A

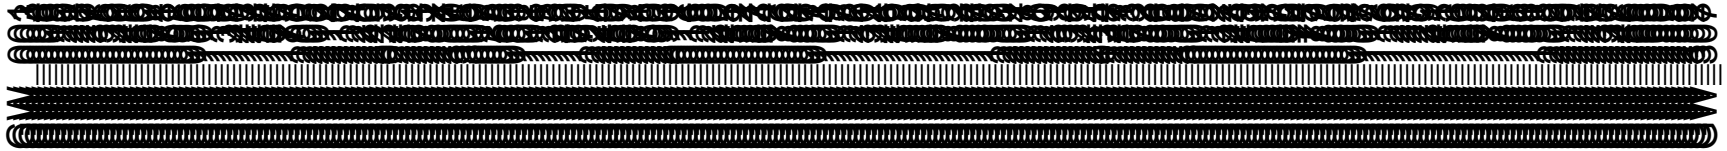

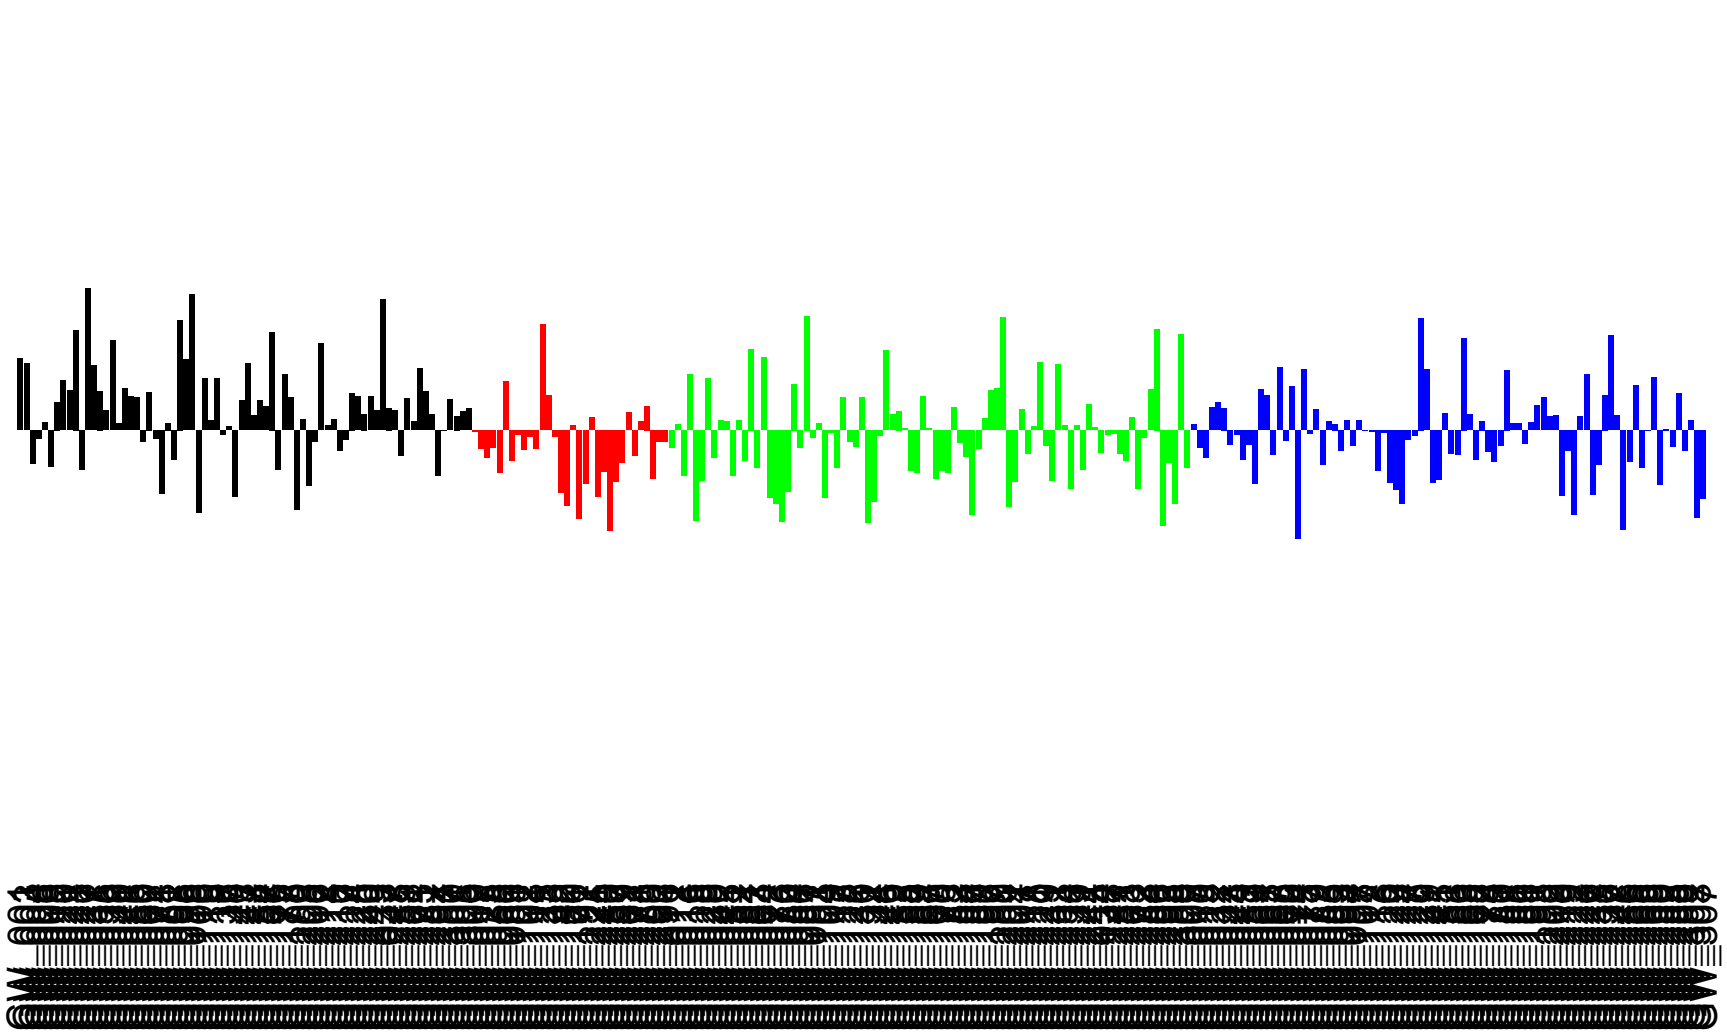

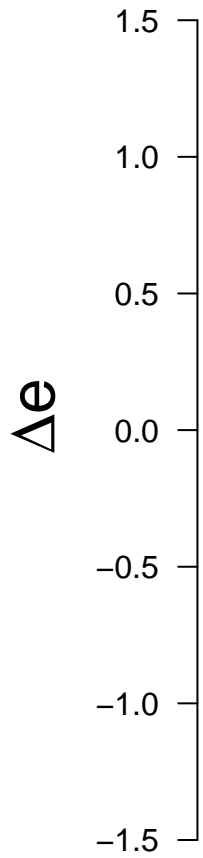

Expression of ligand-dependent nuclear receptor transcription coactivator activity in Spot B

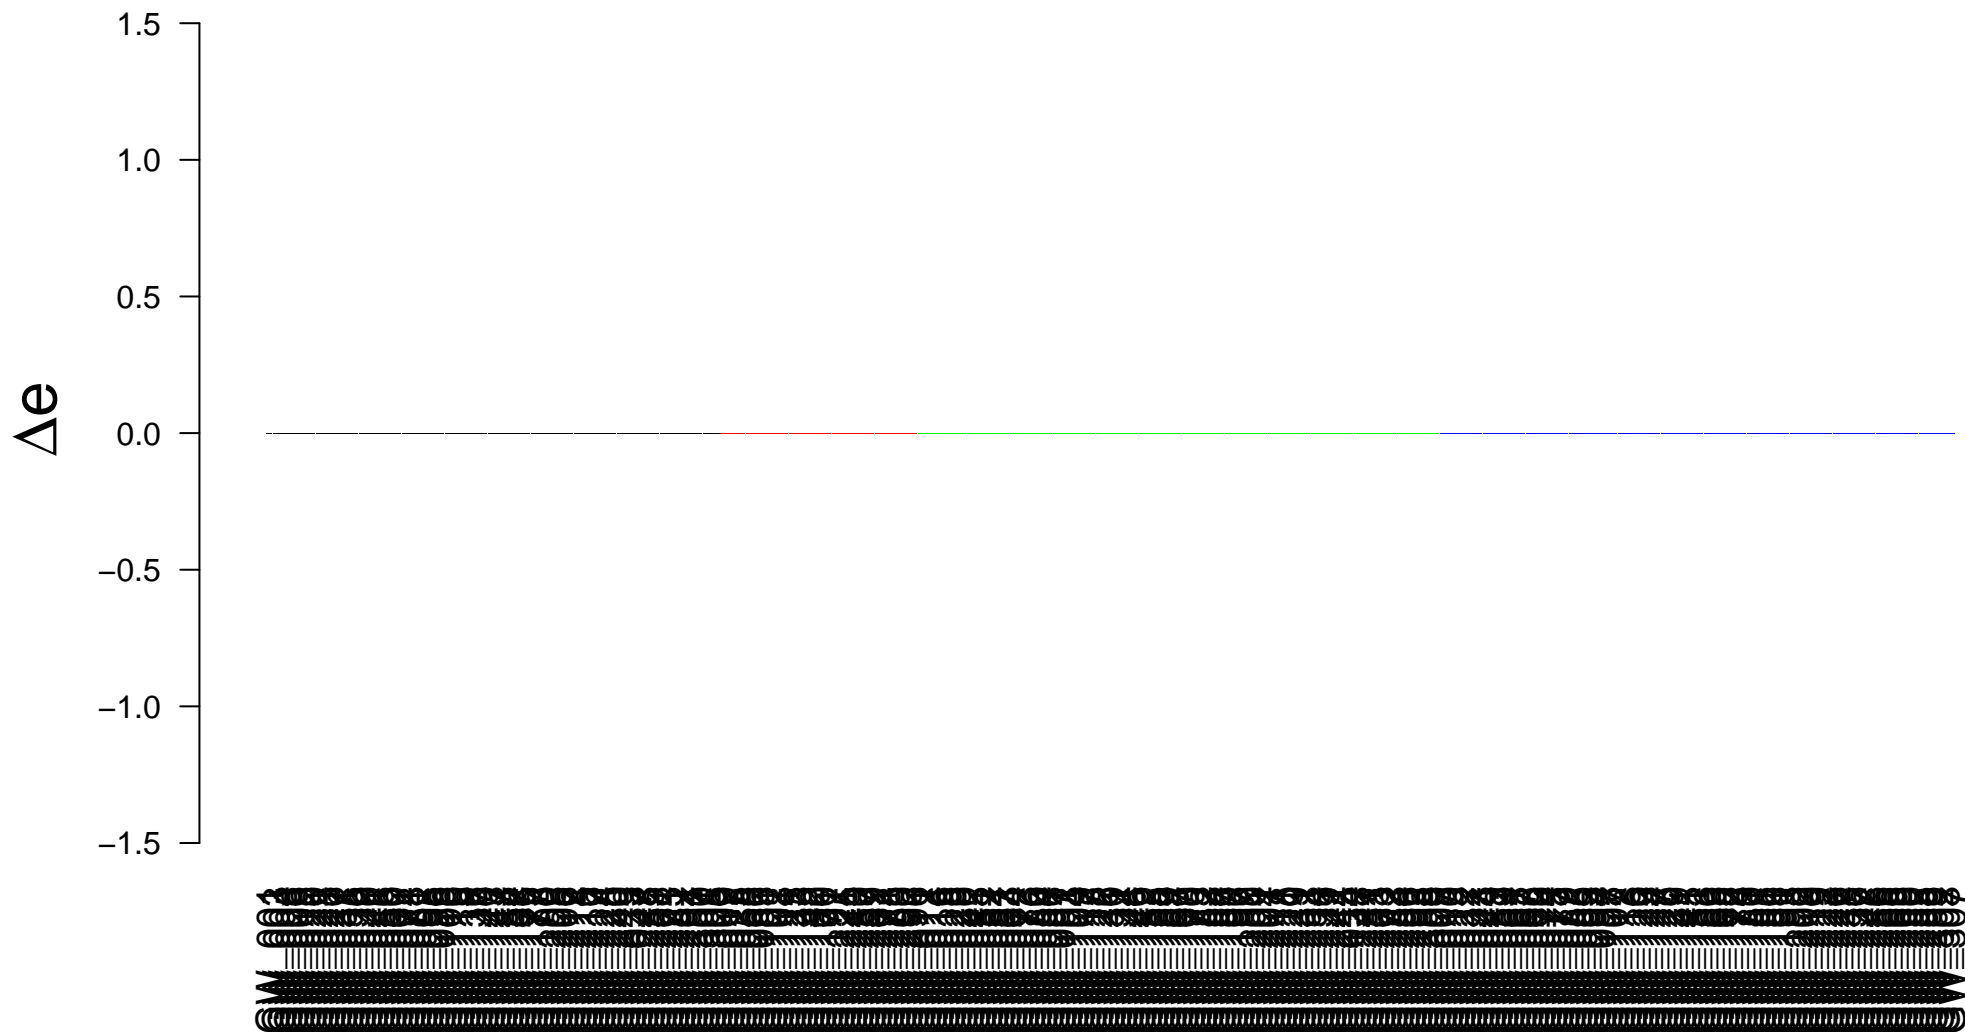

Expression of ligand-dependent nuclear receptor transcription coactivator activity in Spot C

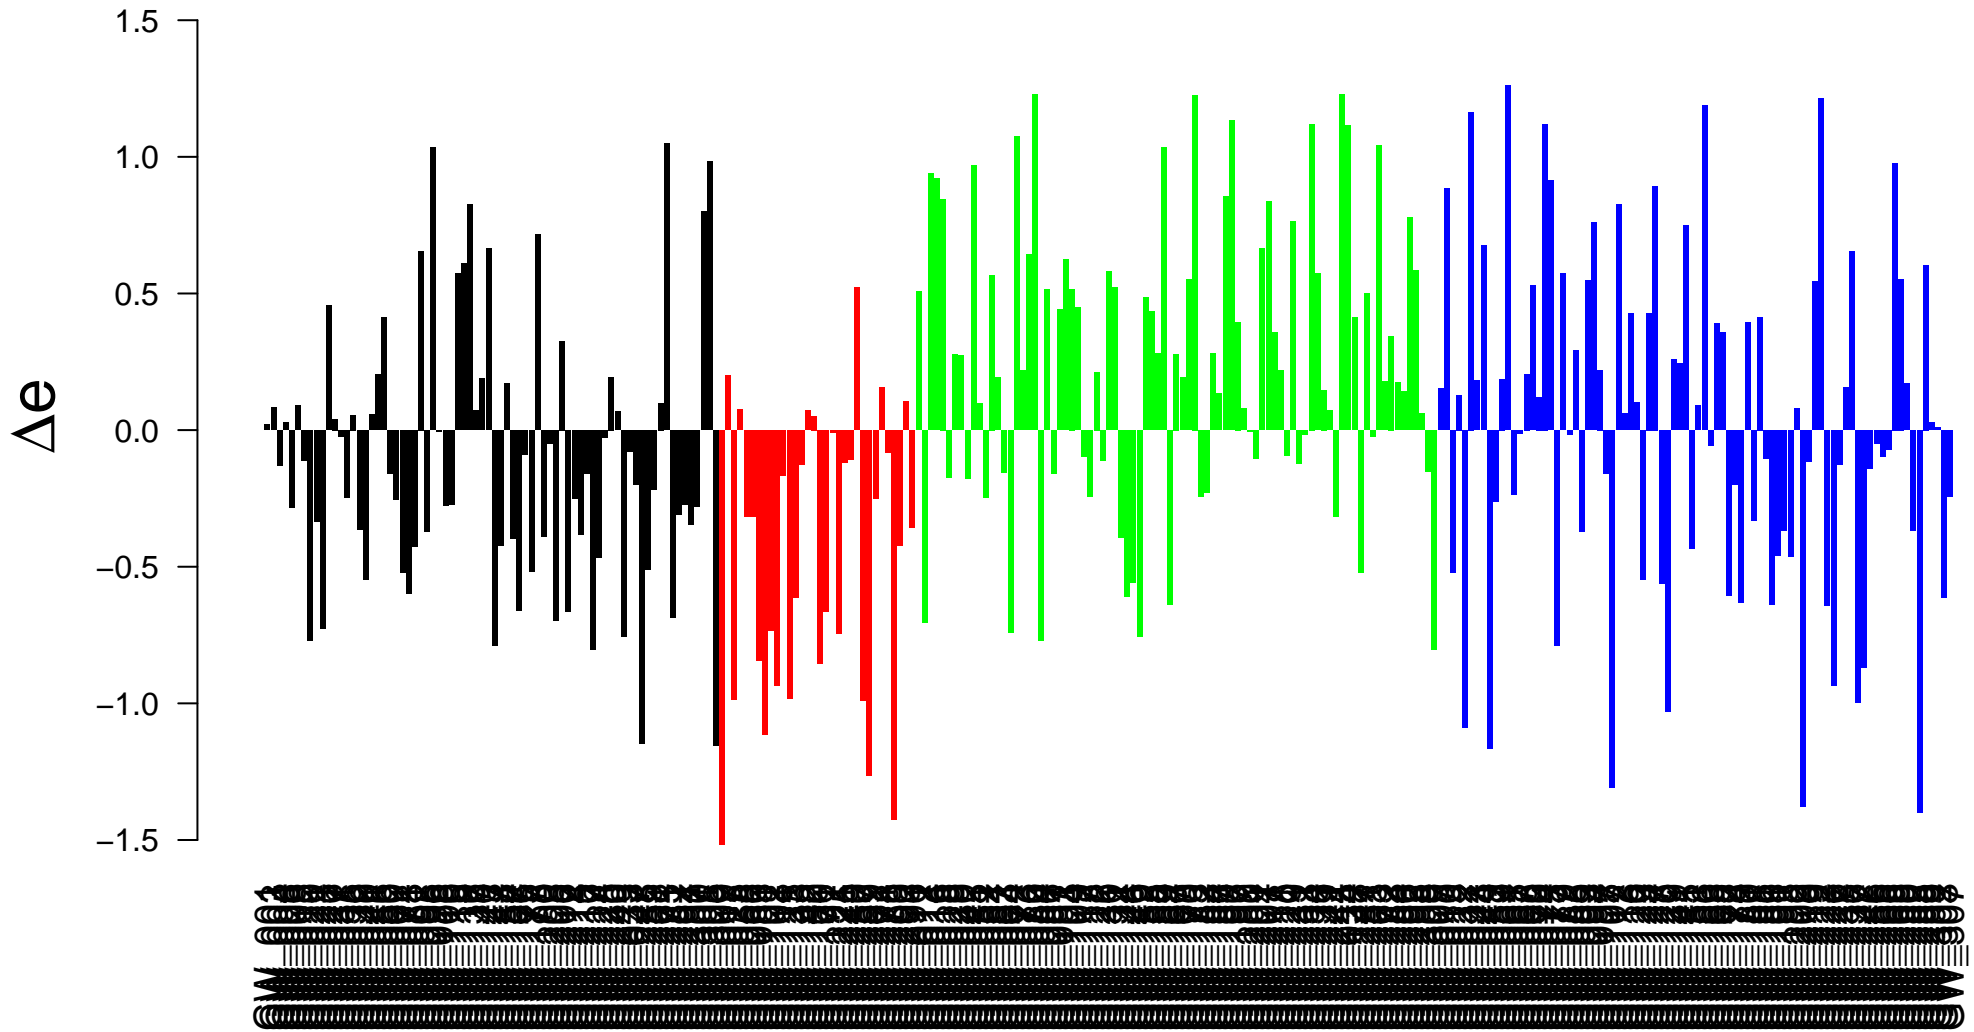

Expression of ligand-dependent nuclear receptor transcription coactivator activity in Spot D

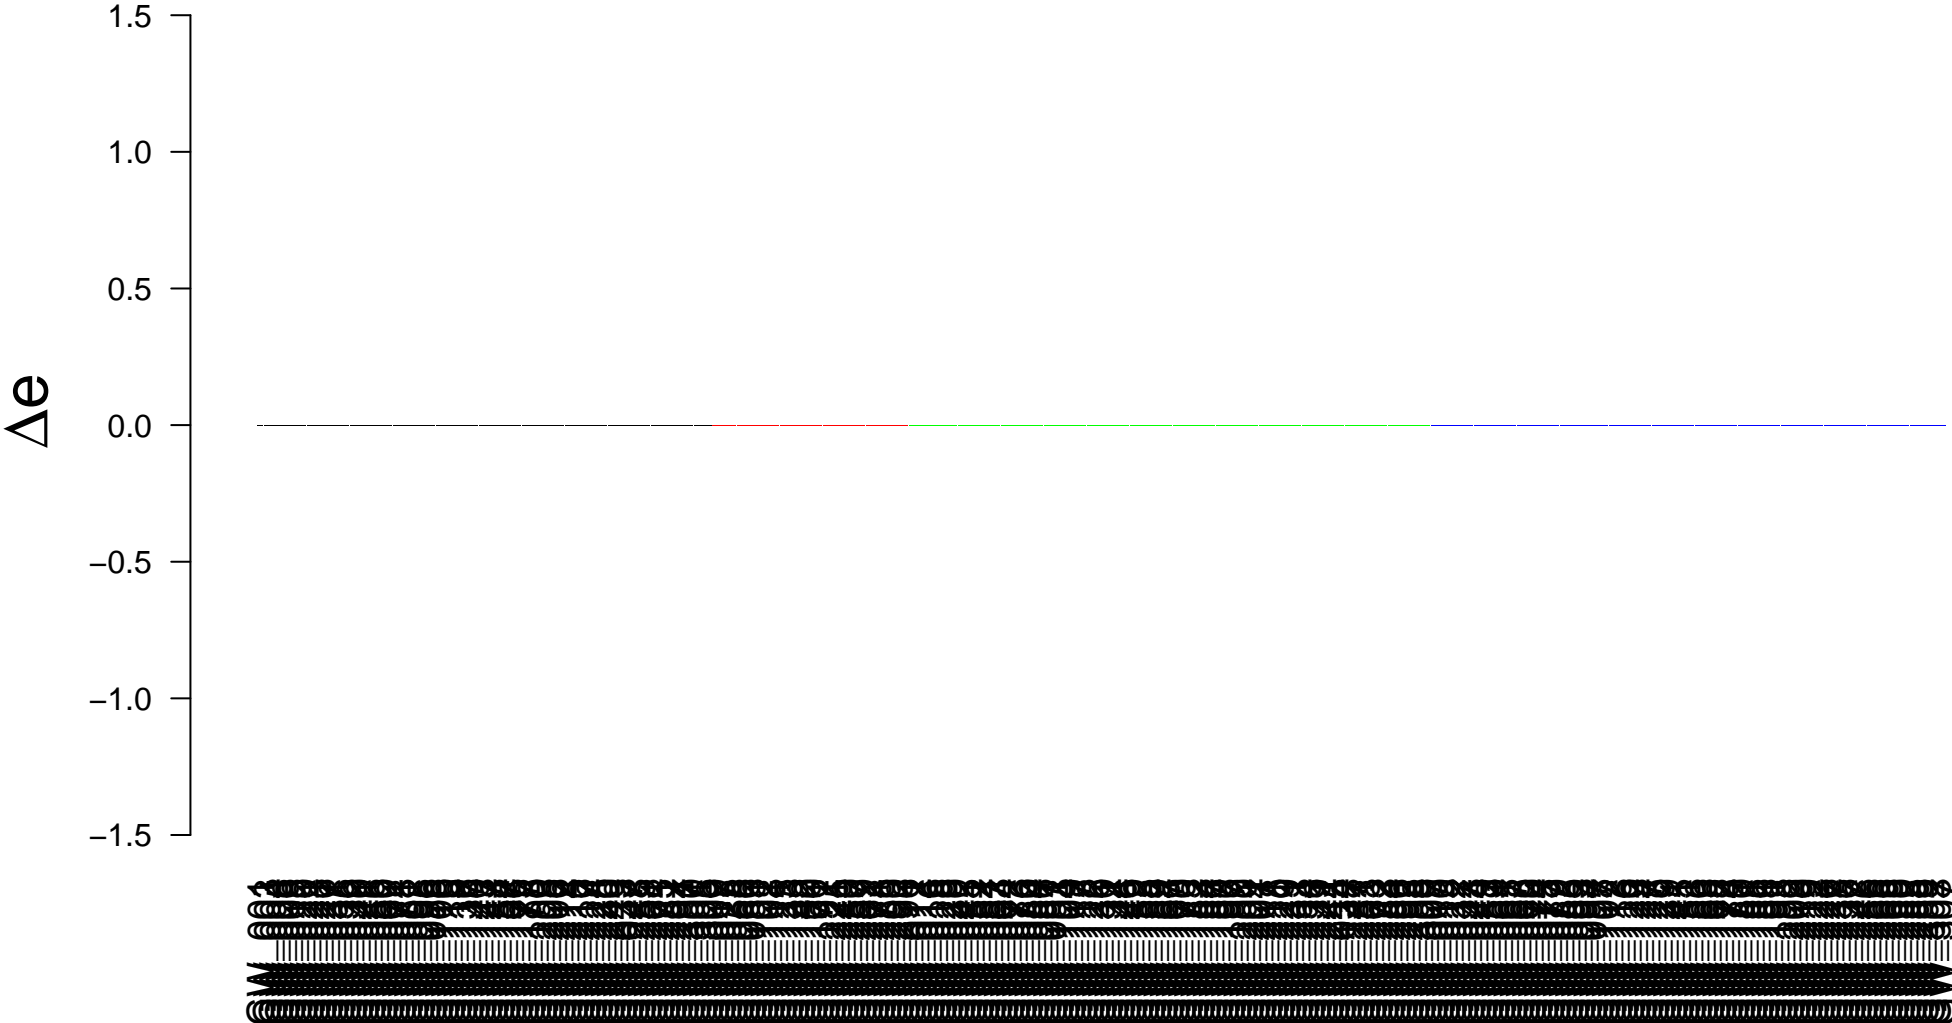

Expression of ligand-dependent nuclear receptor transcription coactivator activity in Spot E

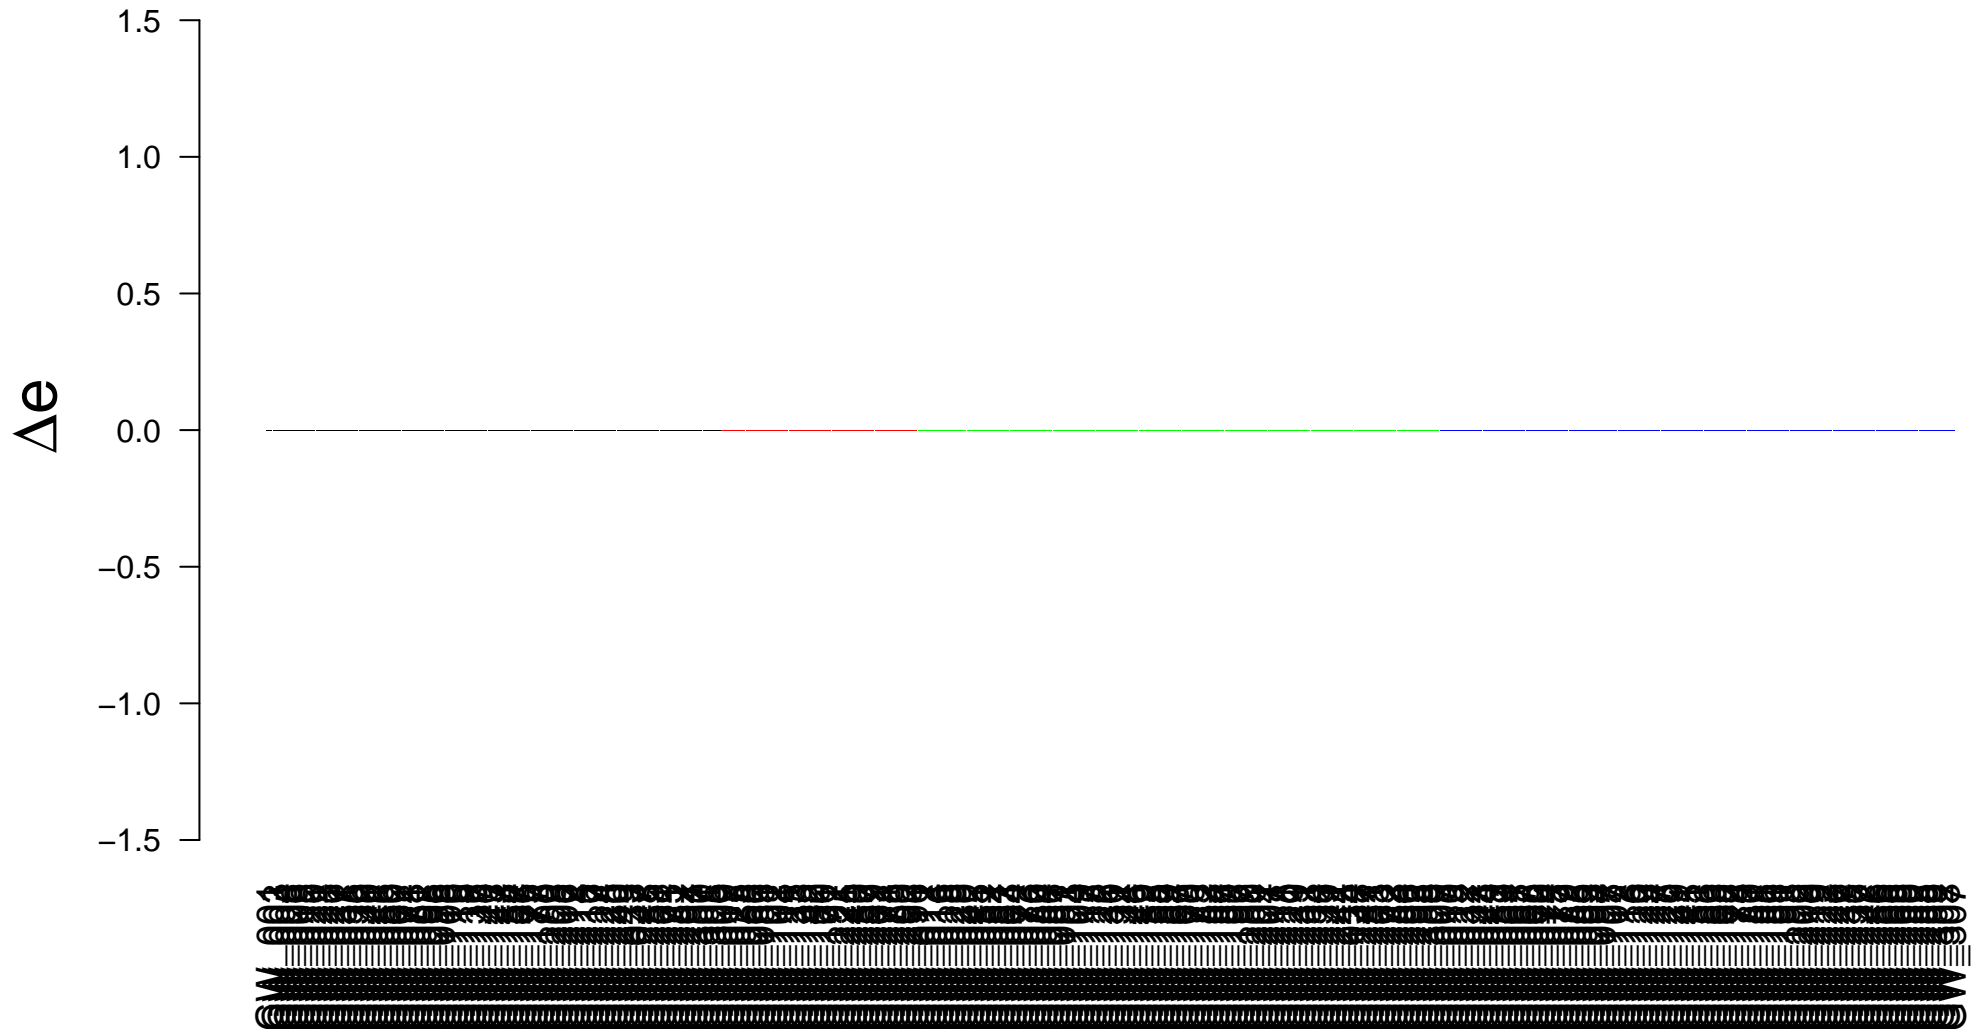

Expression of ligand-dependent nuclear receptor transcription coactivator activity in Spot F

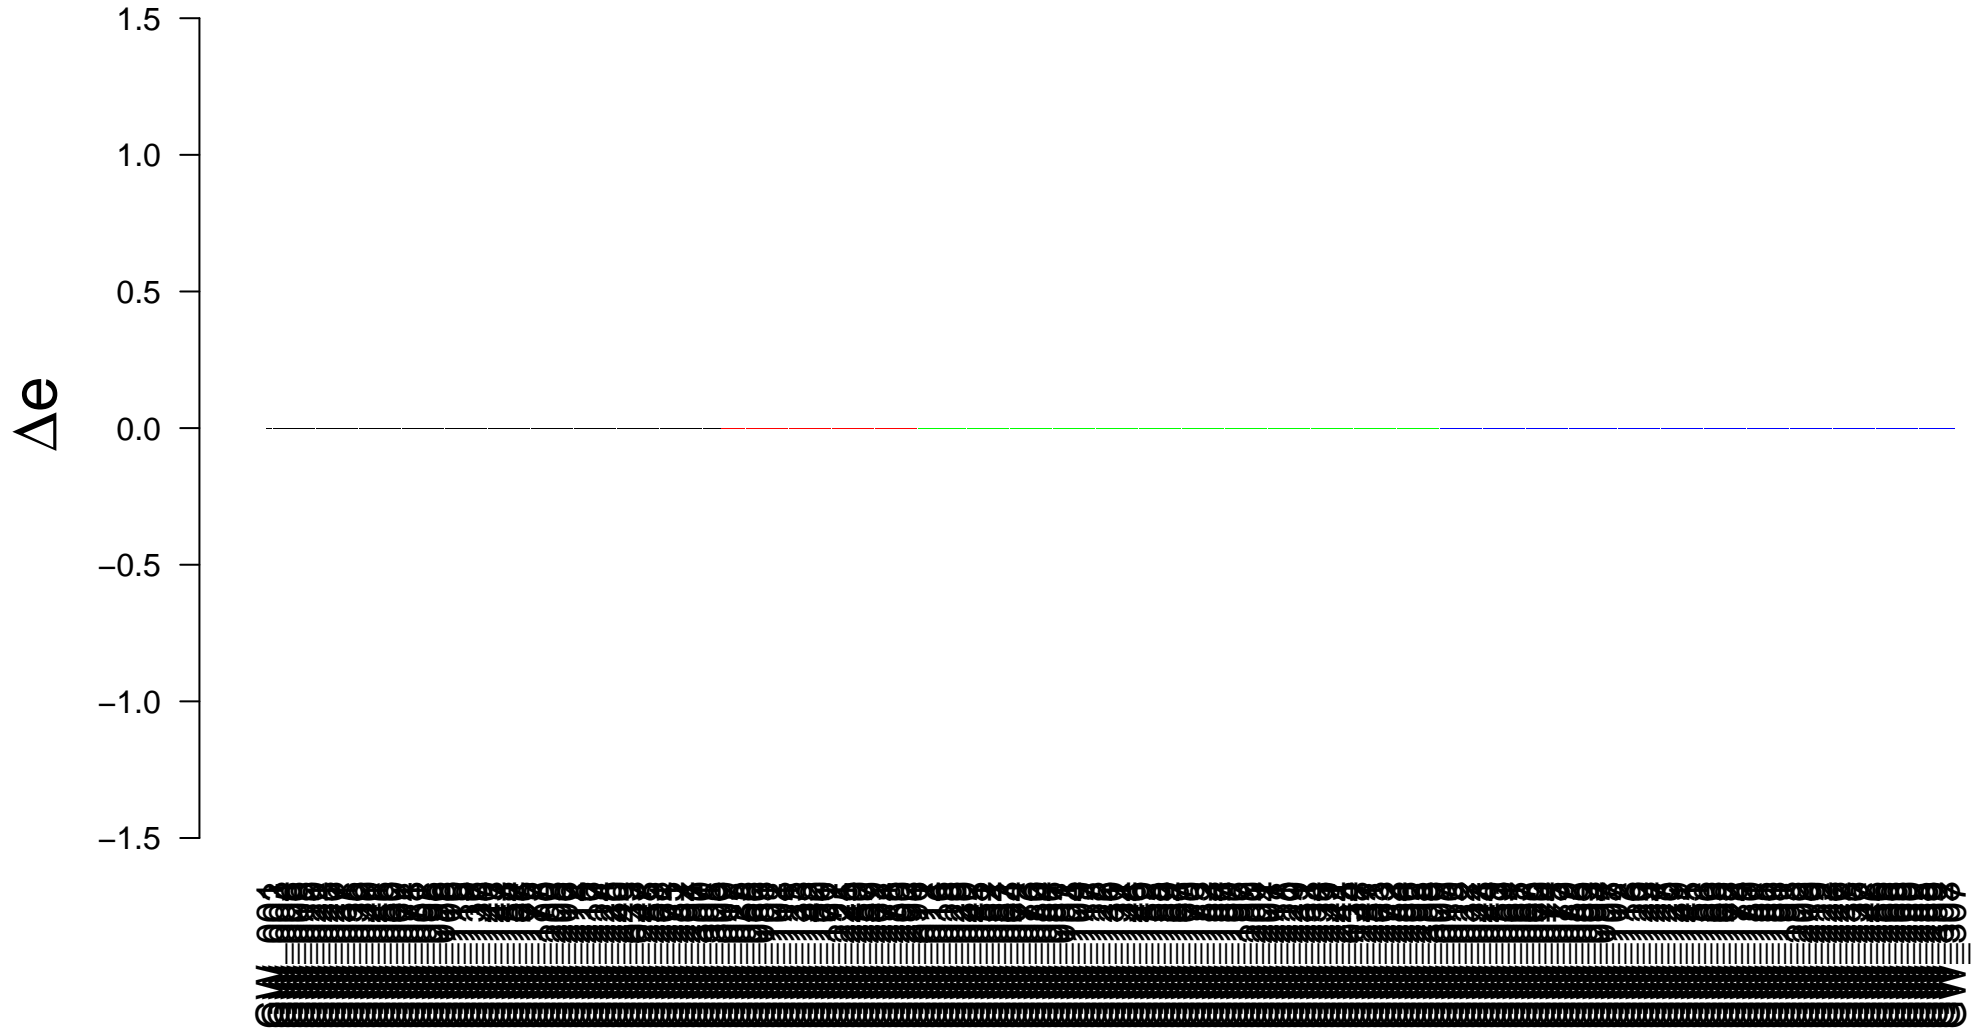

Expression of ligand-dependent nuclear receptor transcription coactivator activity in Spot G

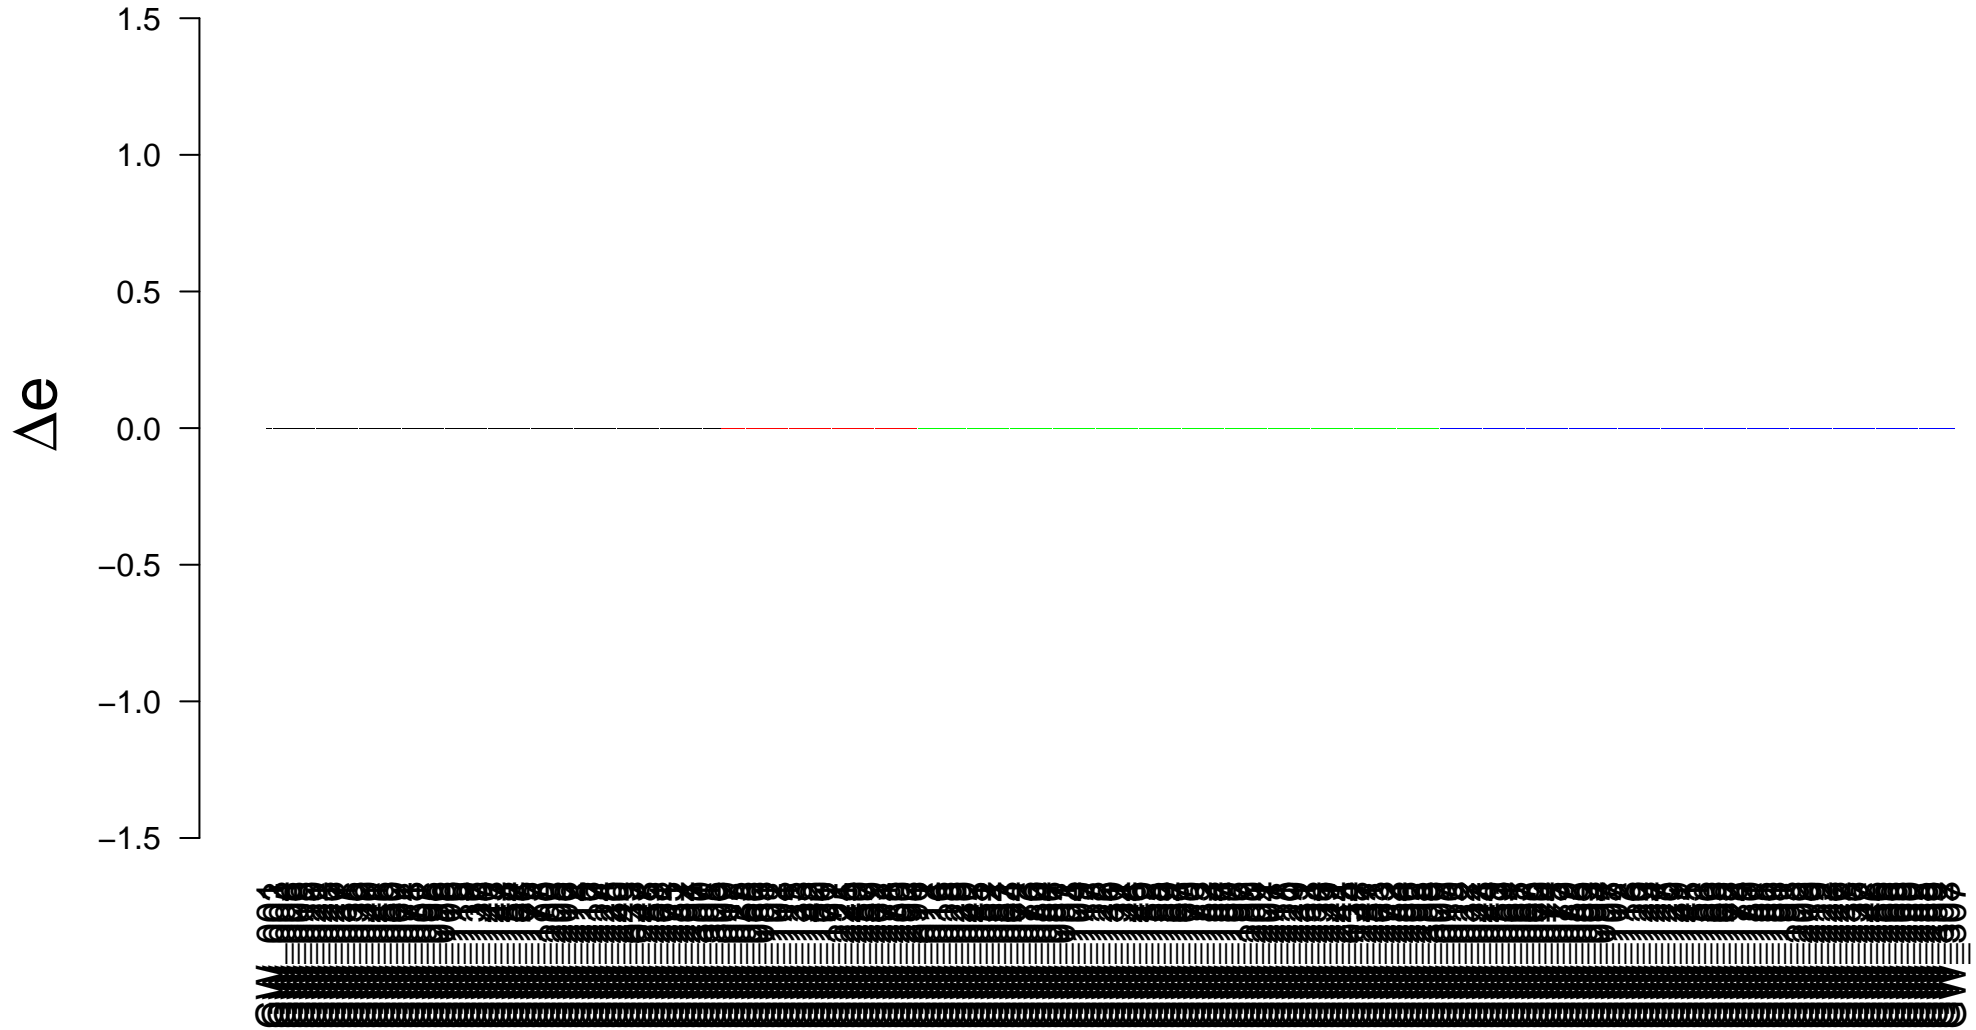

Expression of ligand-dependent nuclear receptor transcription coactivator activity in Spot H

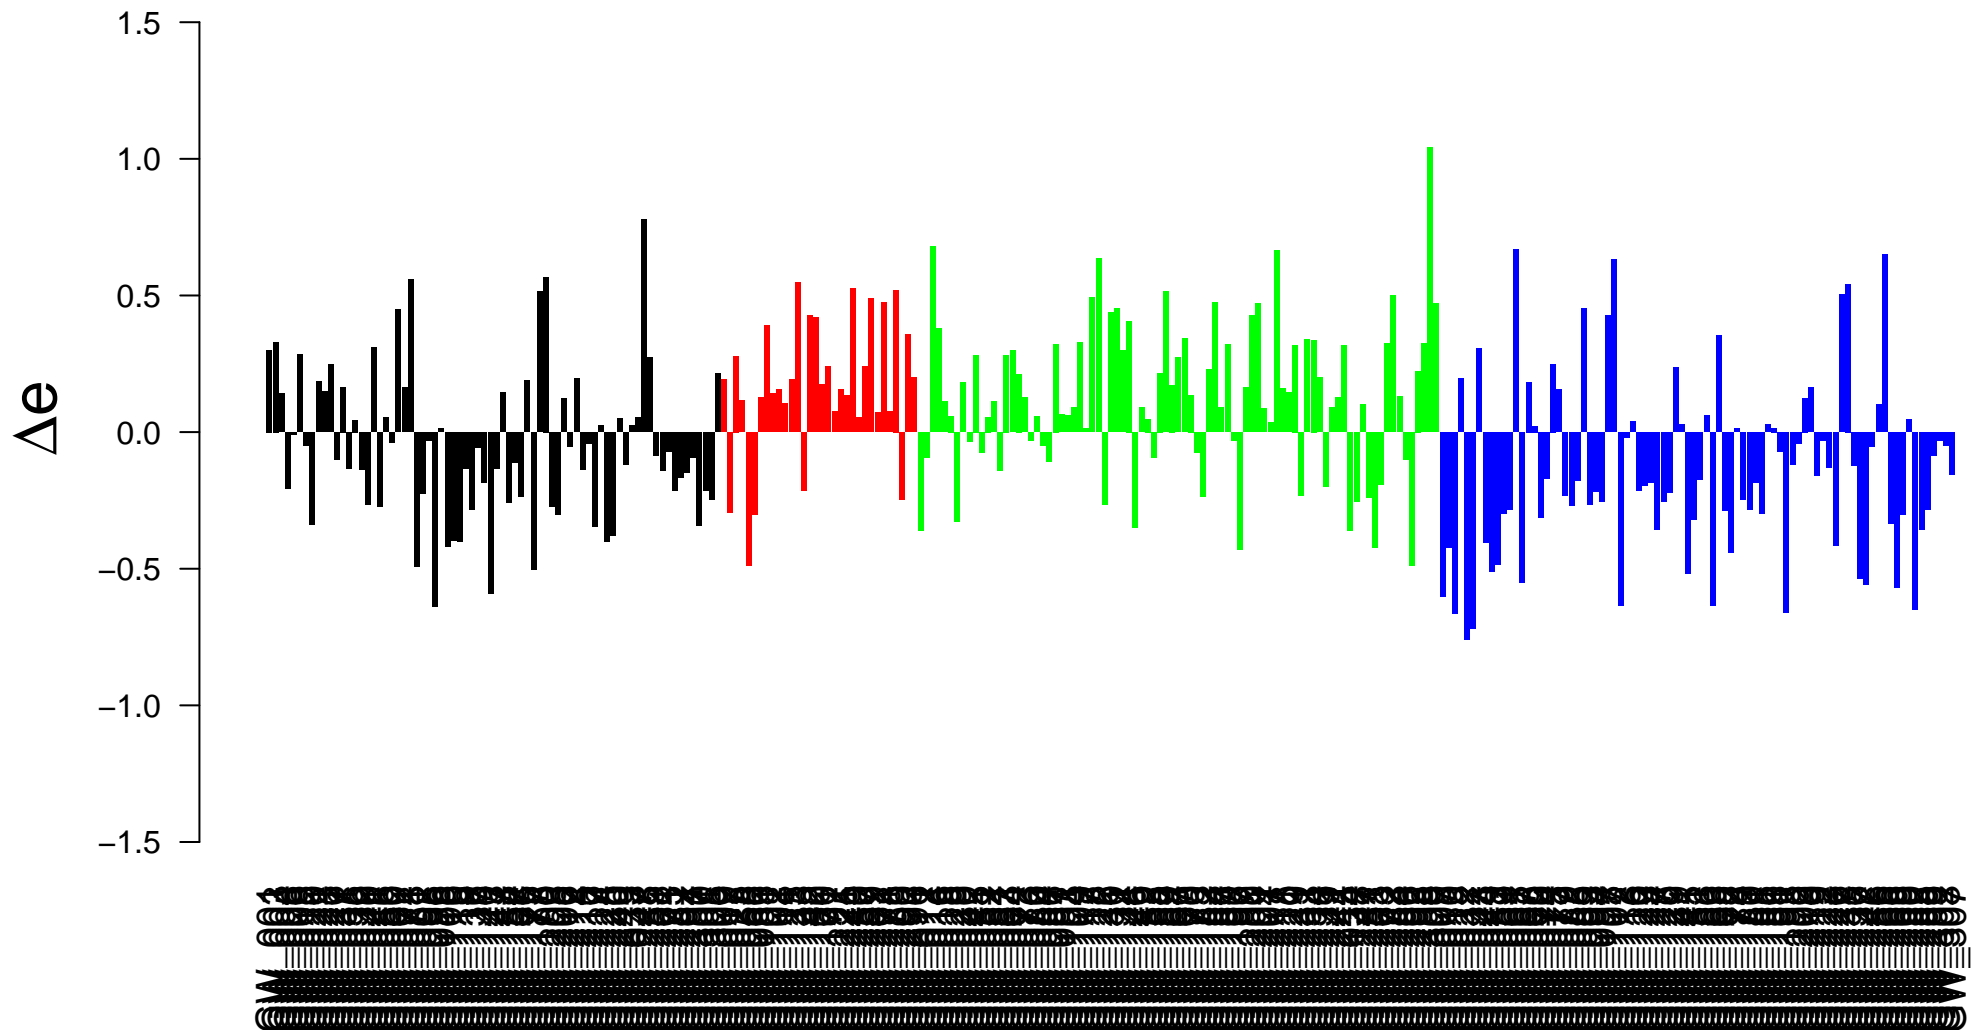

Expression of ligand-dependent nuclear receptor transcription coactivator activity in Spot I

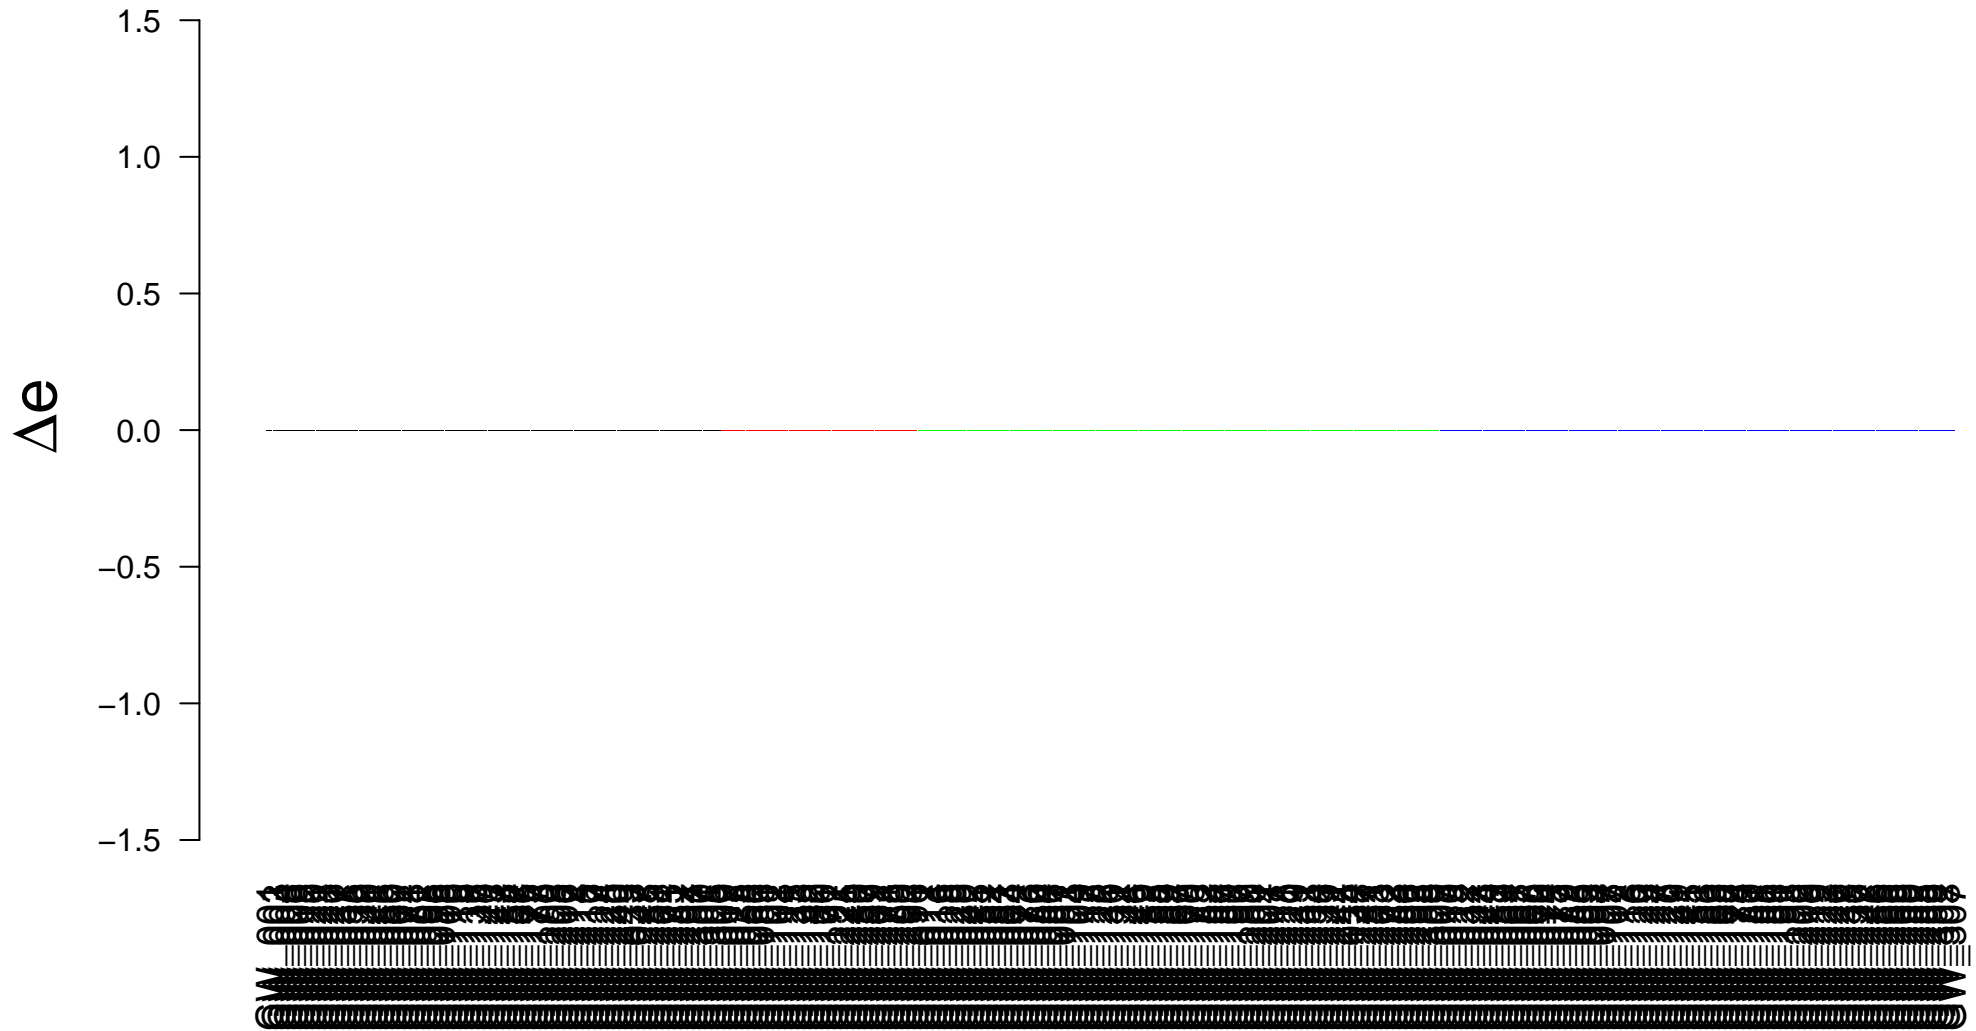

Expression of ligand-dependent nuclear receptor transcription coactivator activity in Spot J

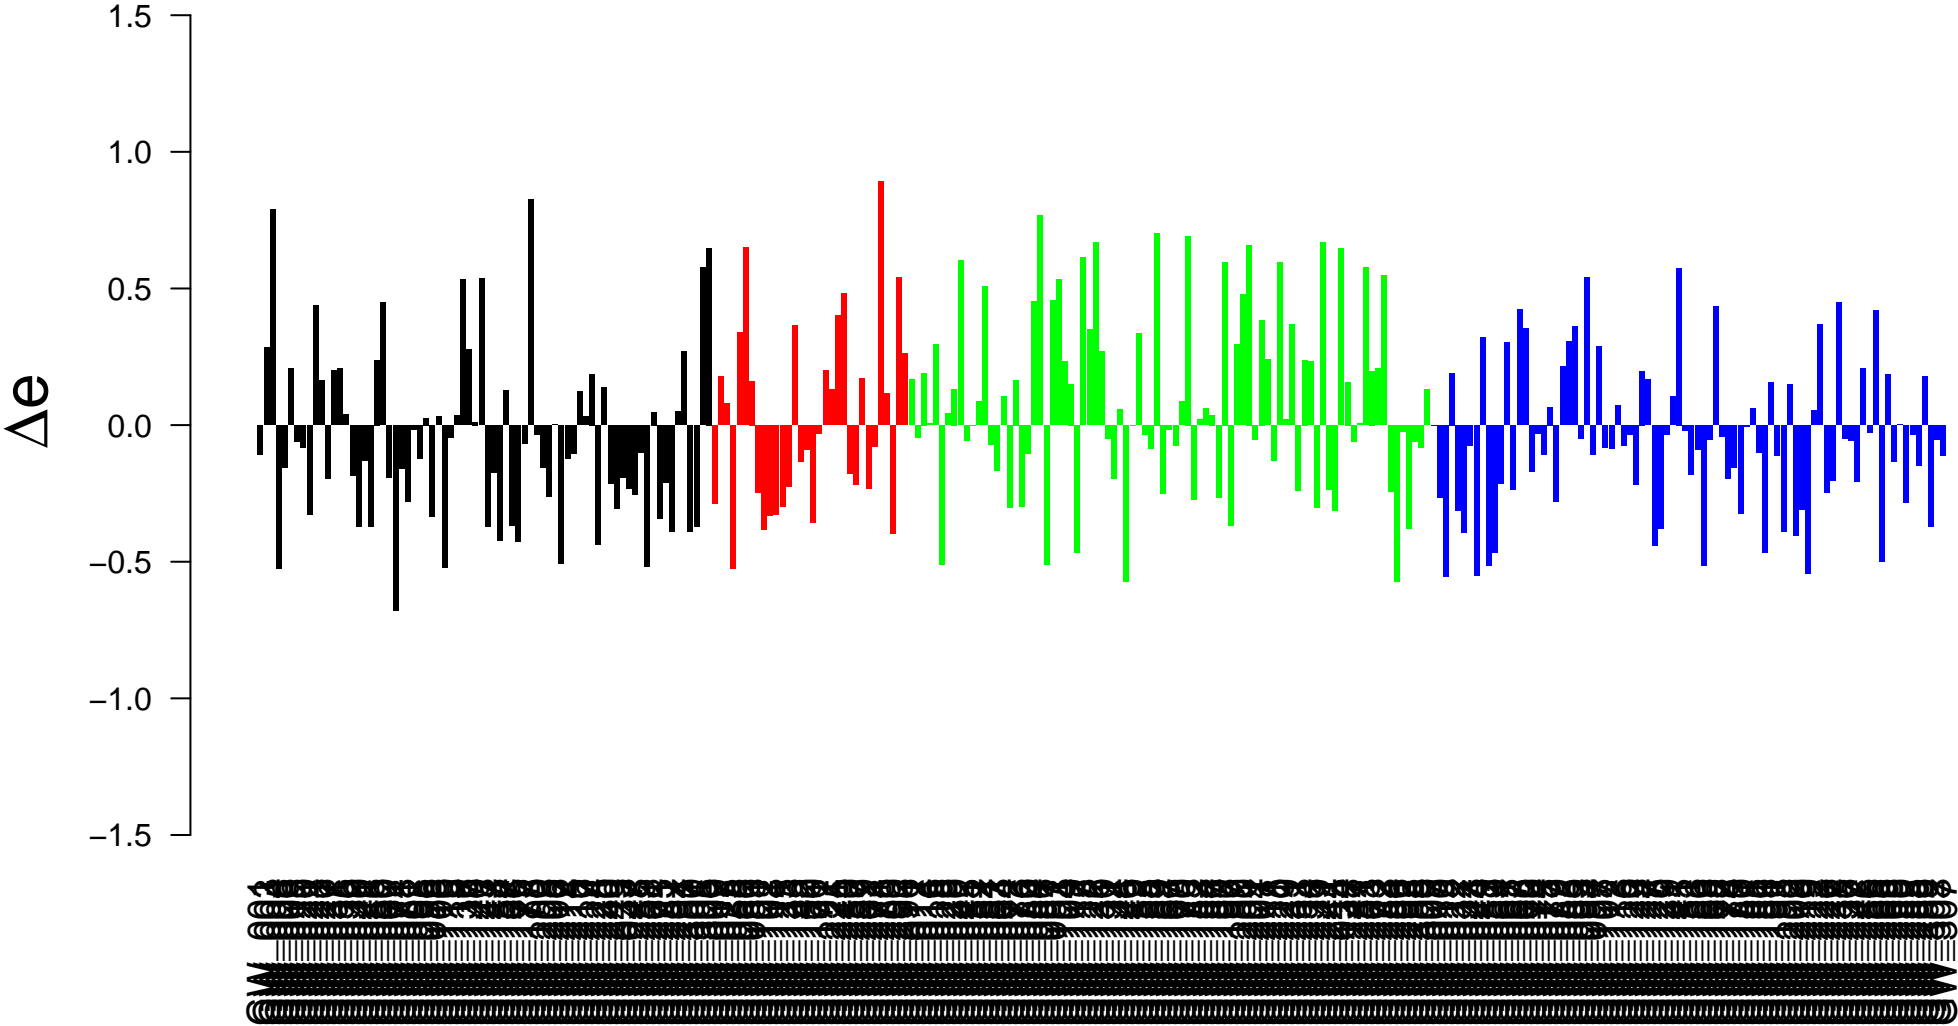

Expression of ligand-dependent nuclear receptor transcription coactivator activity in Spot K

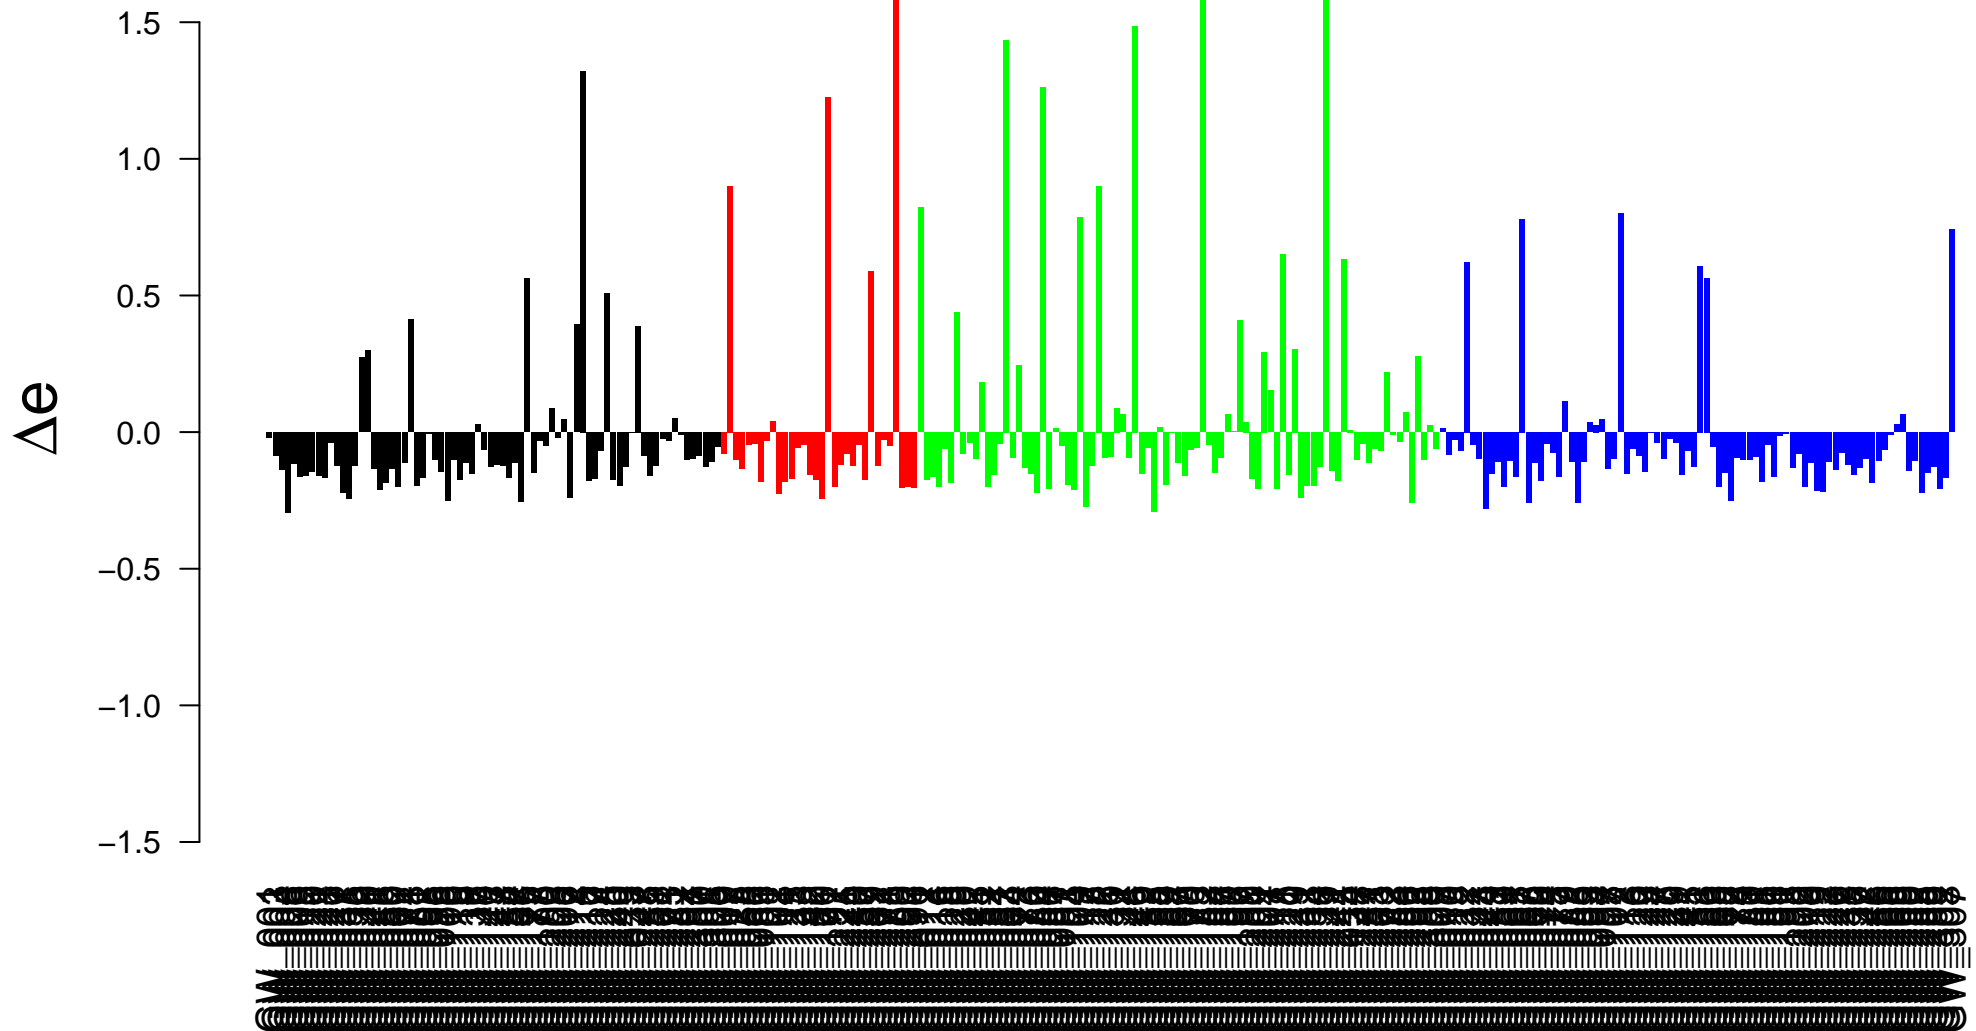

Expression of ligand-dependent nuclear receptor transcription coactivator activity in Spot L

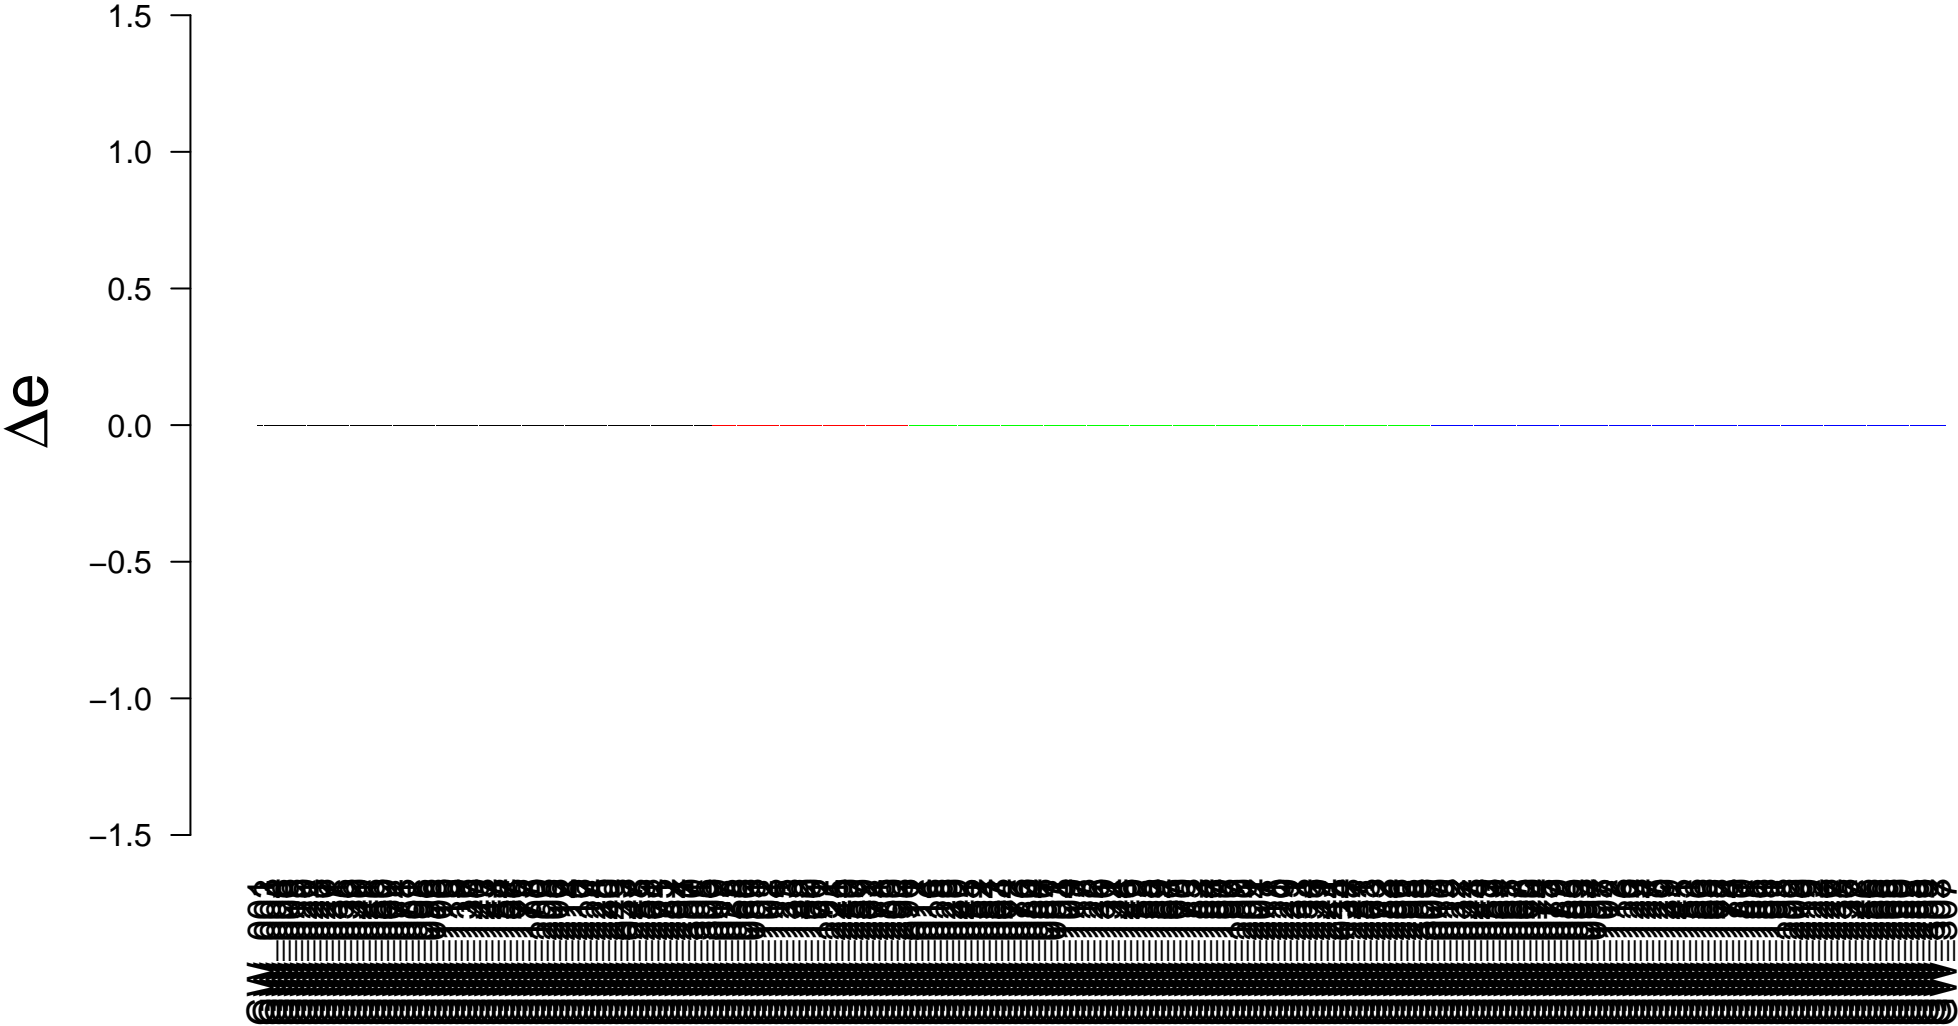

Expression of ligand-dependent nuclear receptor transcription coactivator activity in Spot M

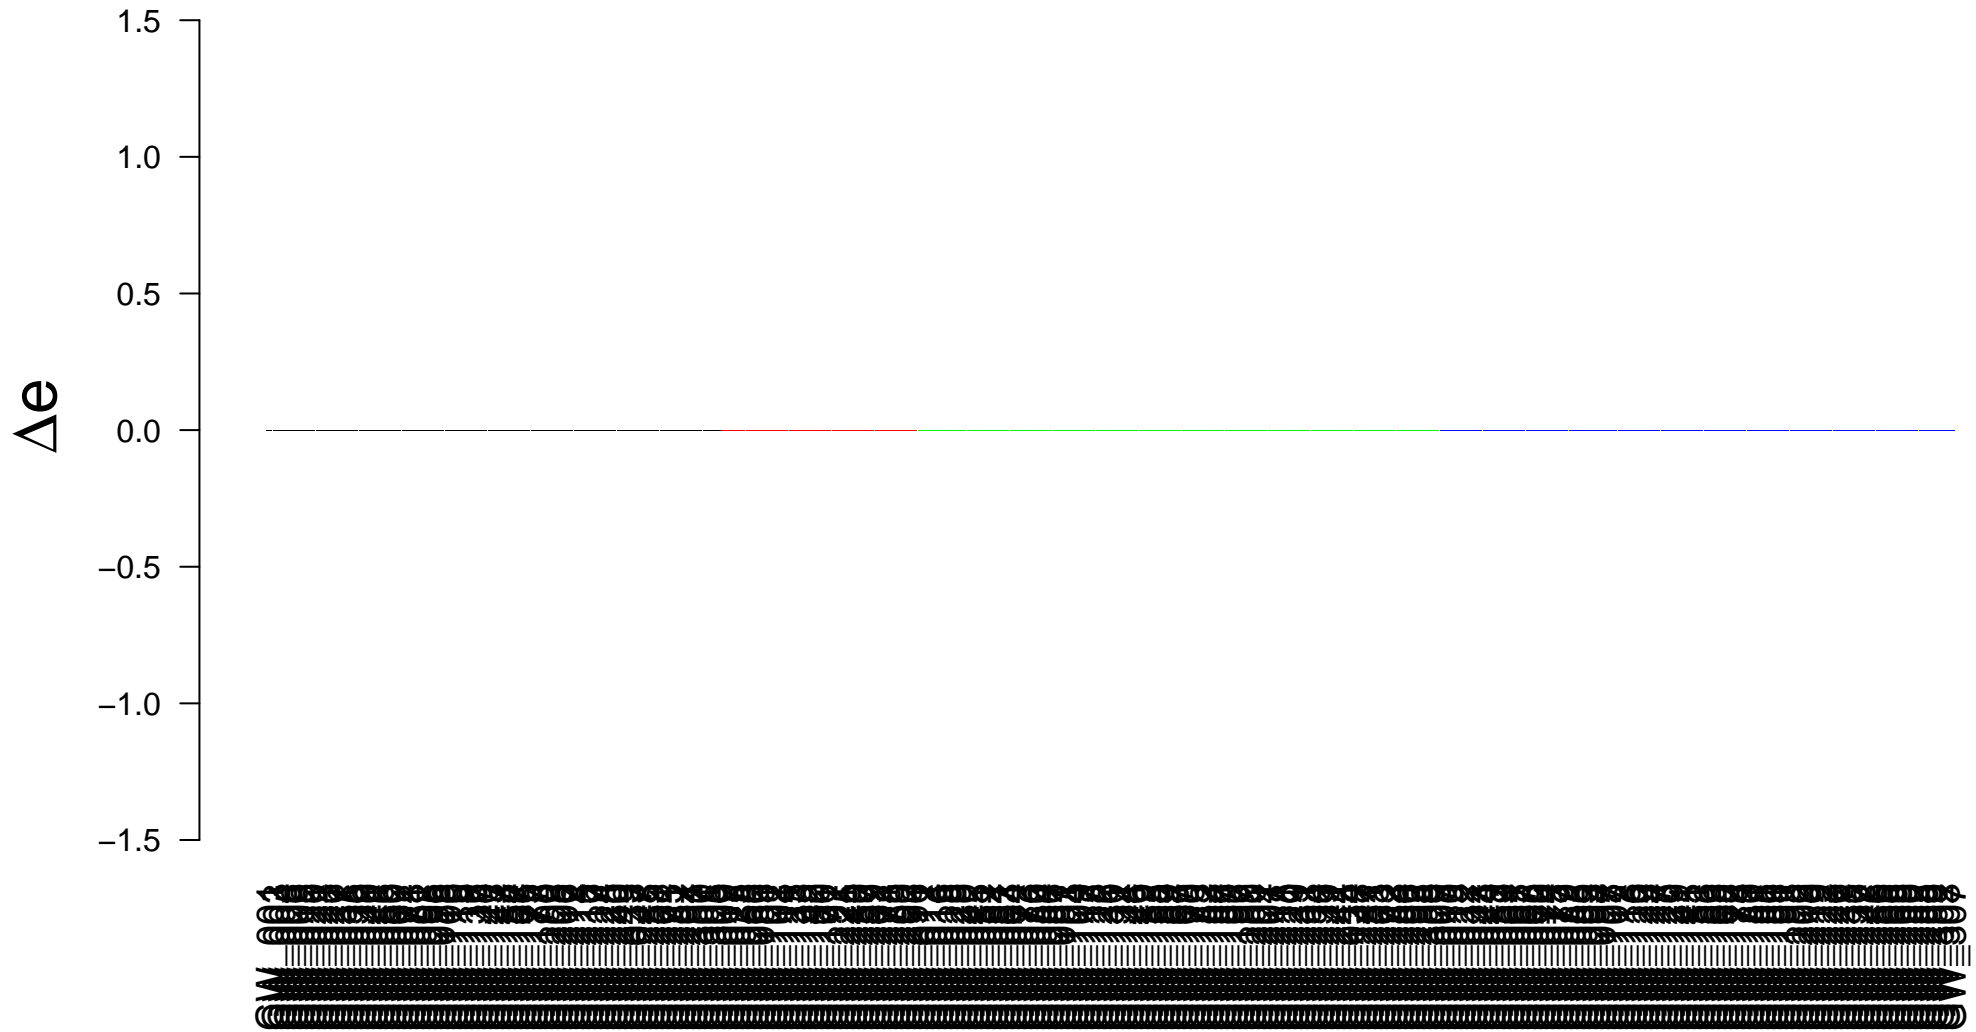

Expression of ligand-dependent nuclear receptor transcription coactivator activity in Spot N

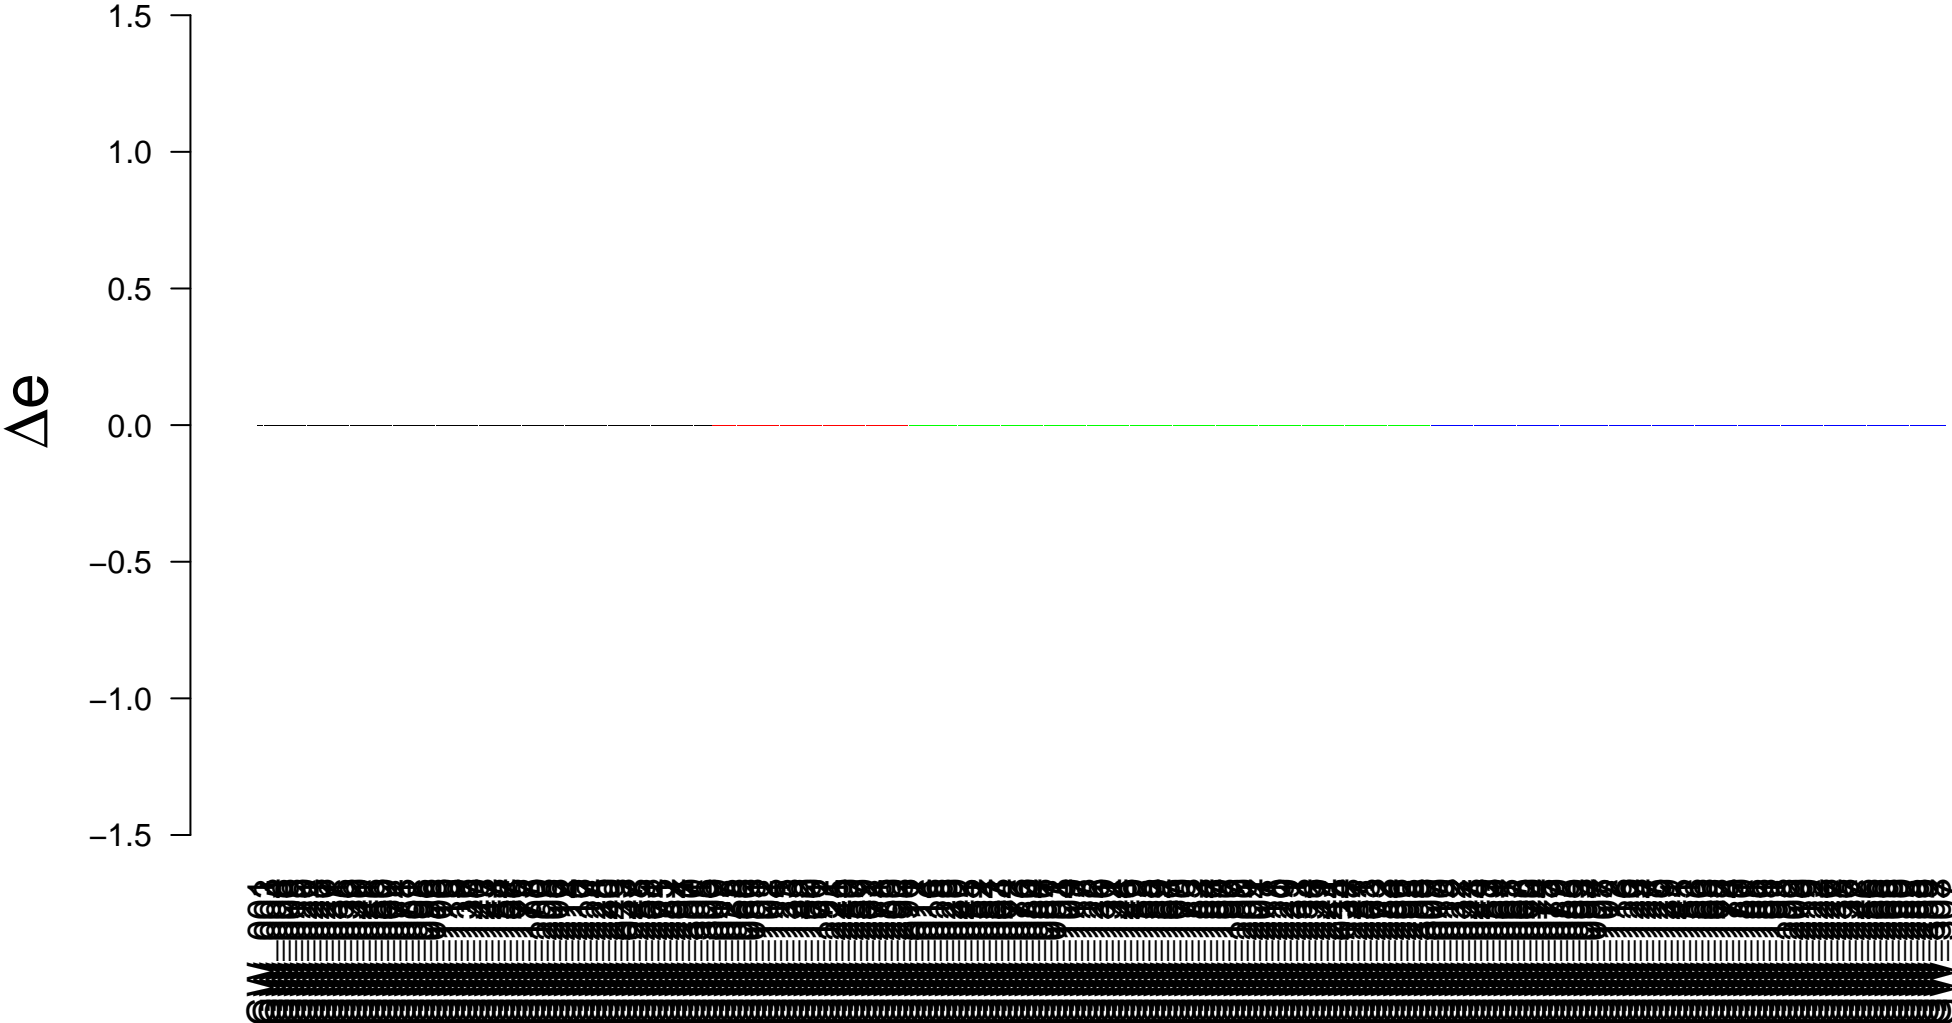

Expression of ligand-dependent nuclear receptor transcription coactivator activity in Spot O

Expression of ligand-dependent nuclear receptor transcription coactivator activity in Spot P

Expression of ligand-dependent nuclear receptor transcription coactivator activity in Spot Q

Expression of ligand-dependent nuclear receptor transcription coactivator activity in Spot R
