

lipopolysaccharide binding

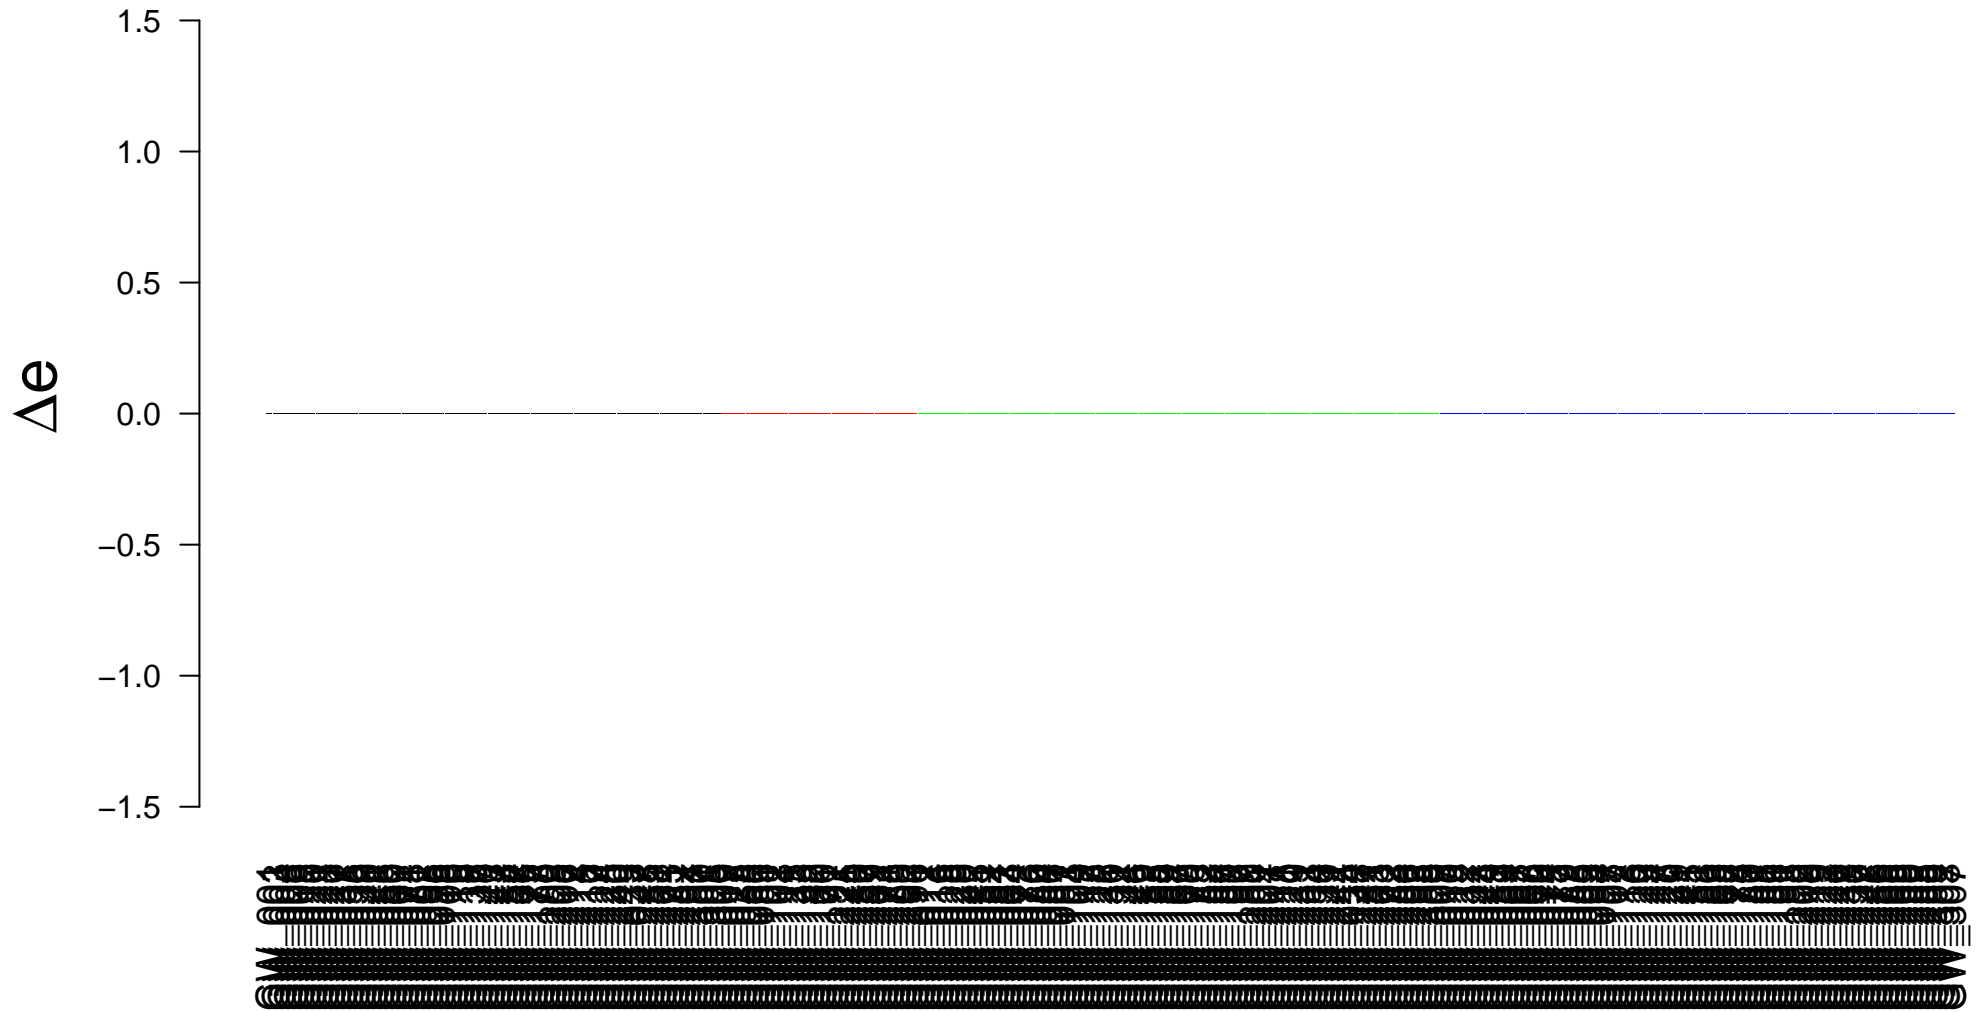

lipopolysaccharide binding

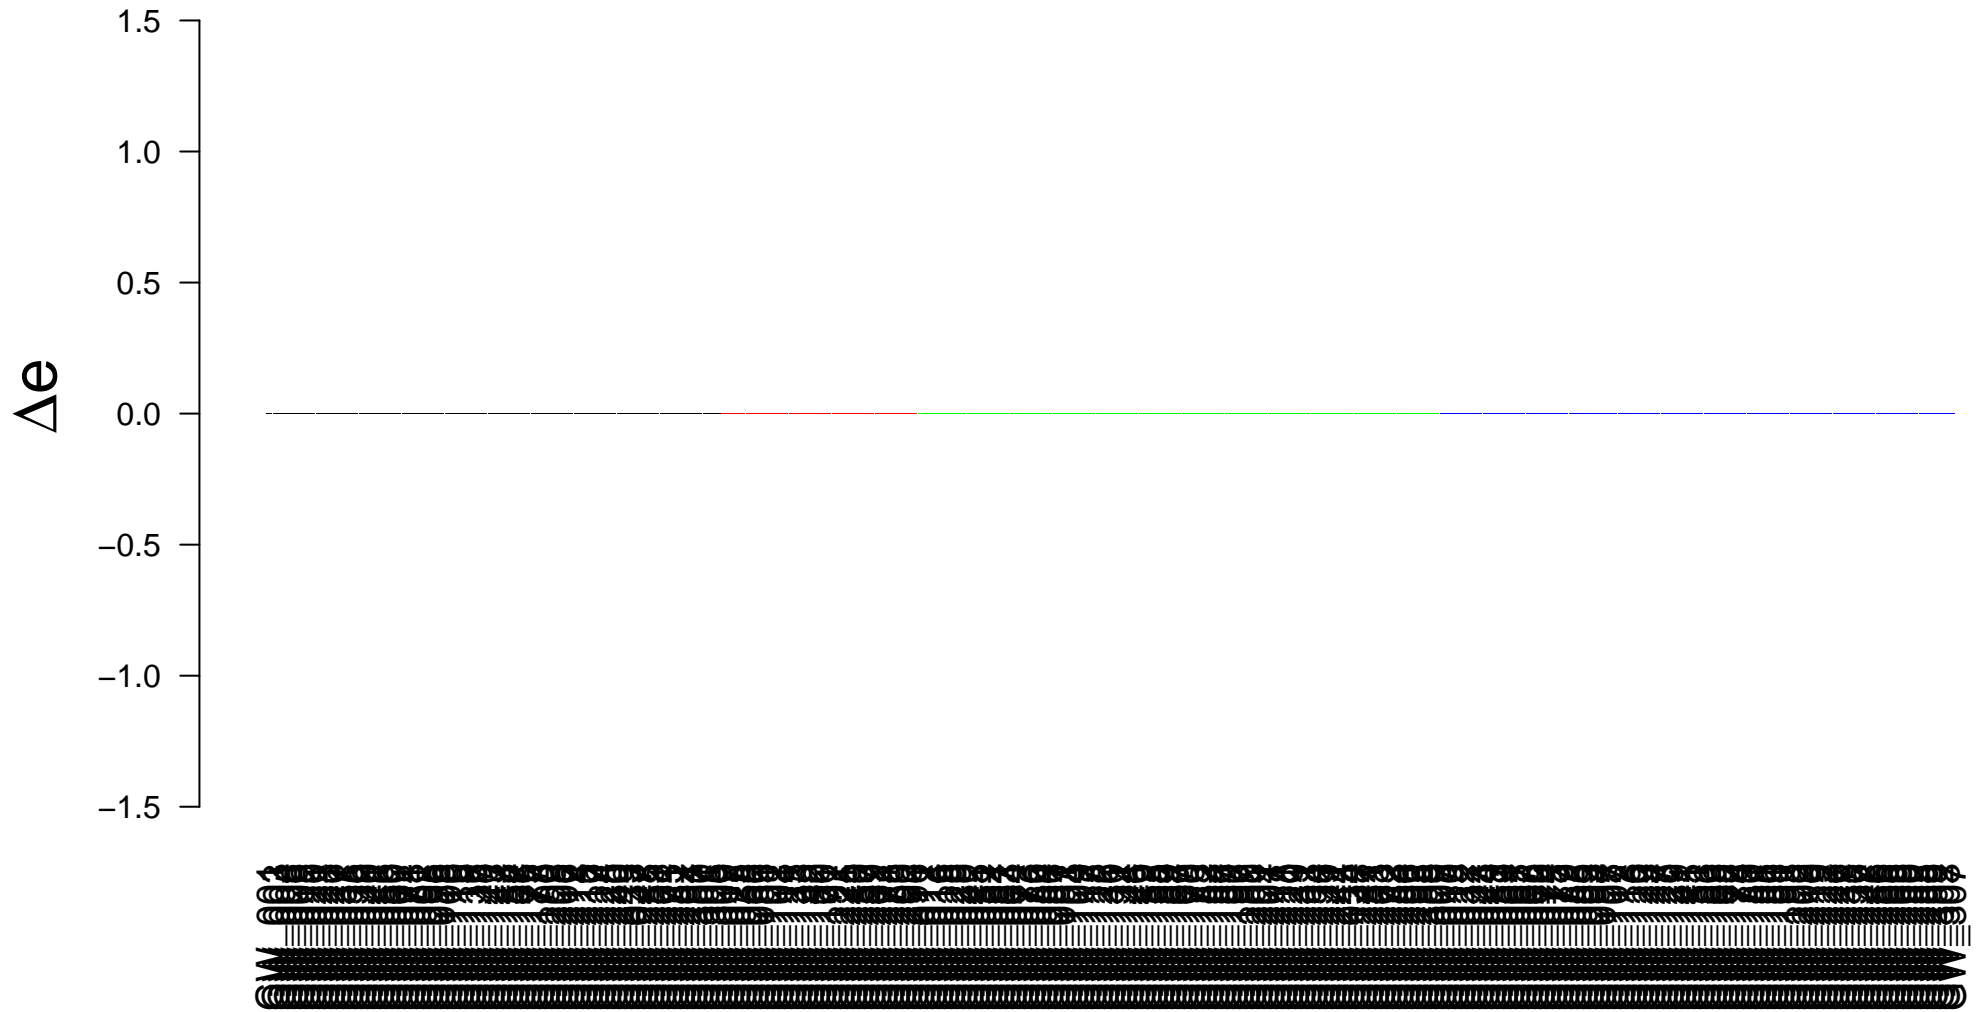

Enrichment in spots: lipopolysaccharide binding

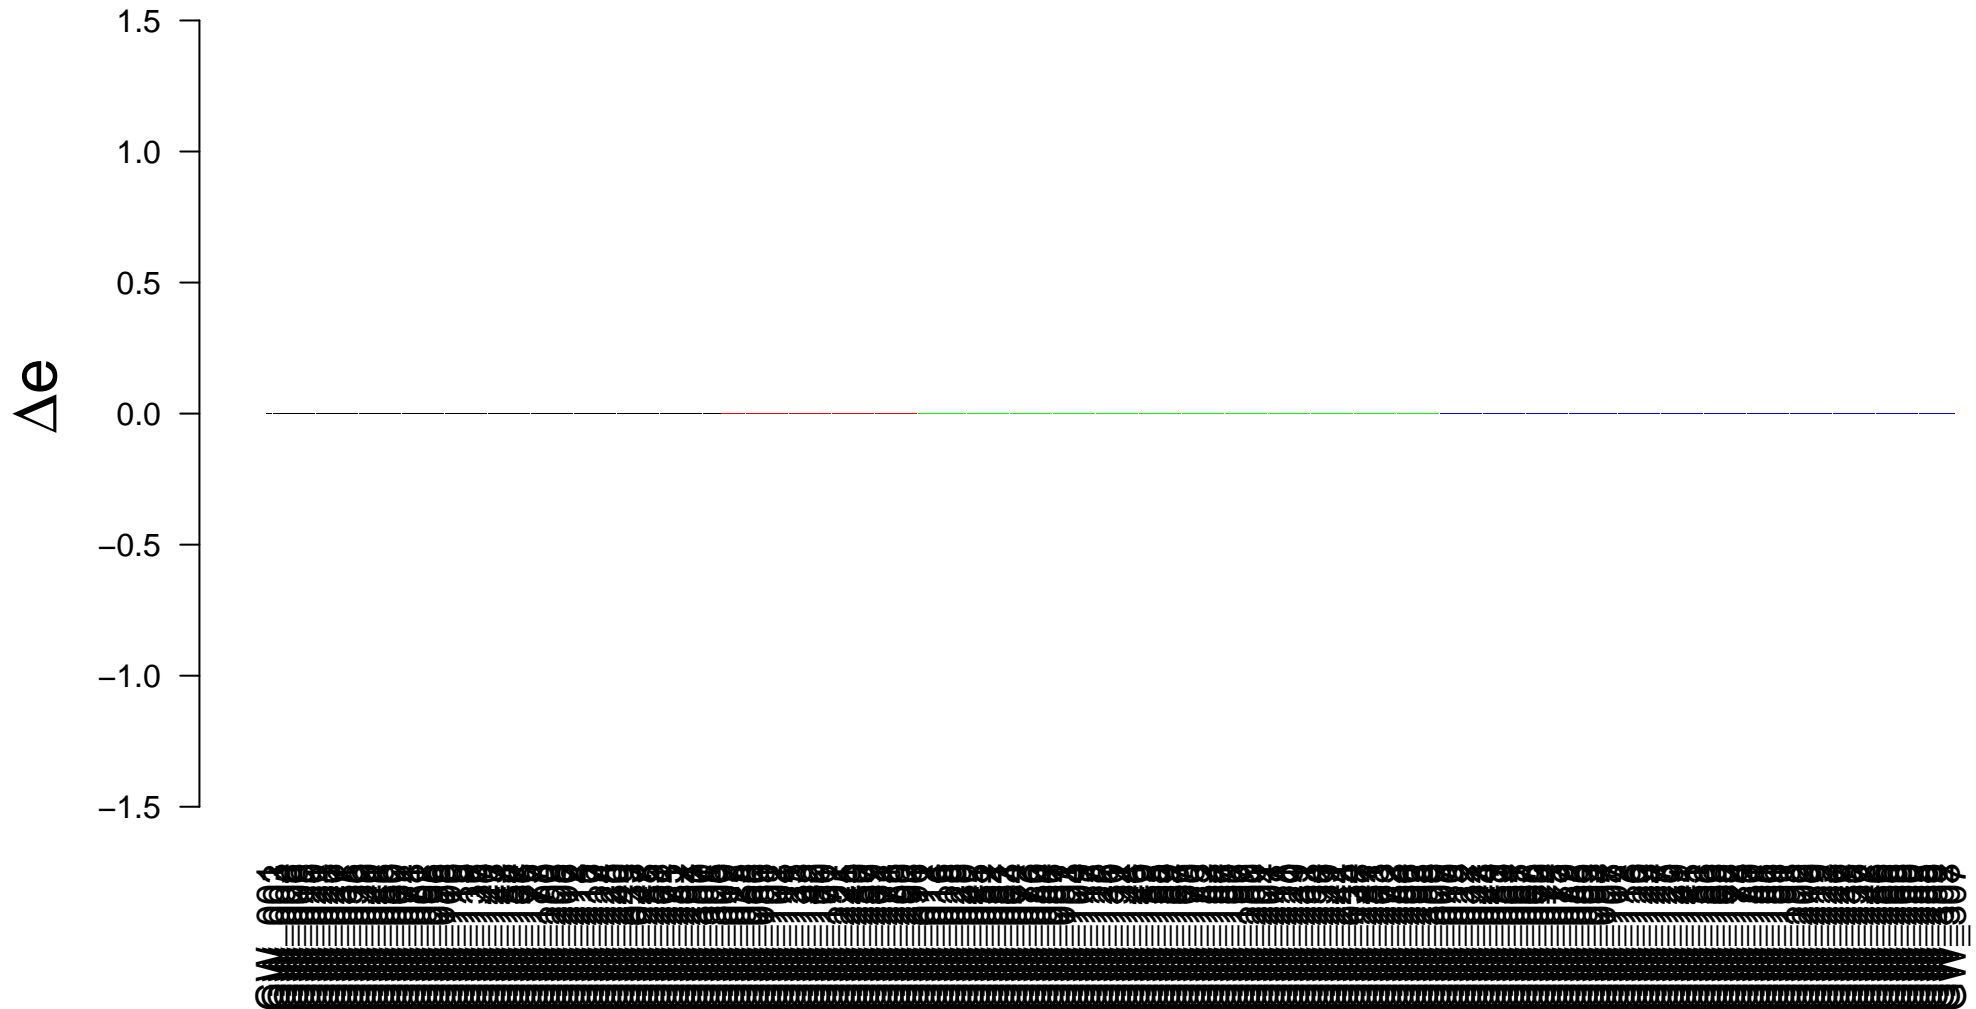

Expression of lipopolysaccharide binding in Spot A

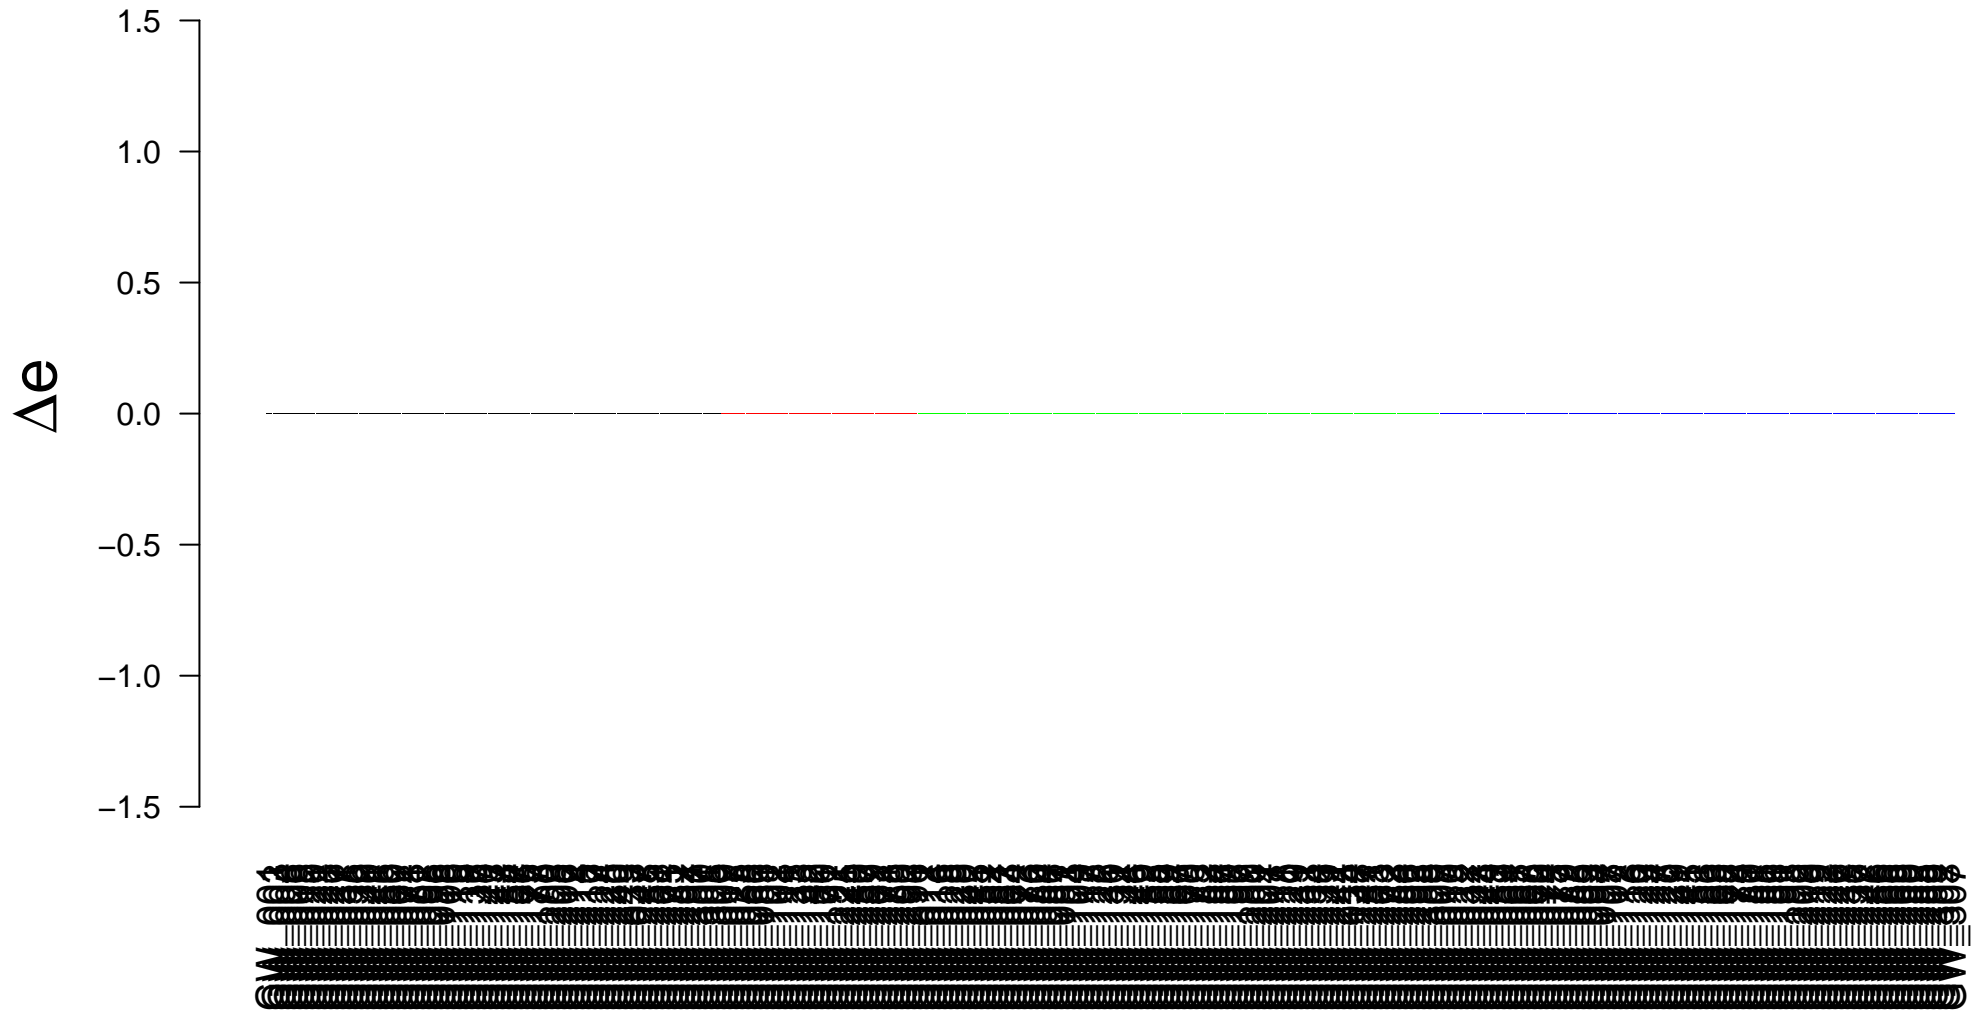

Expression of lipopolysaccharide binding in Spot B

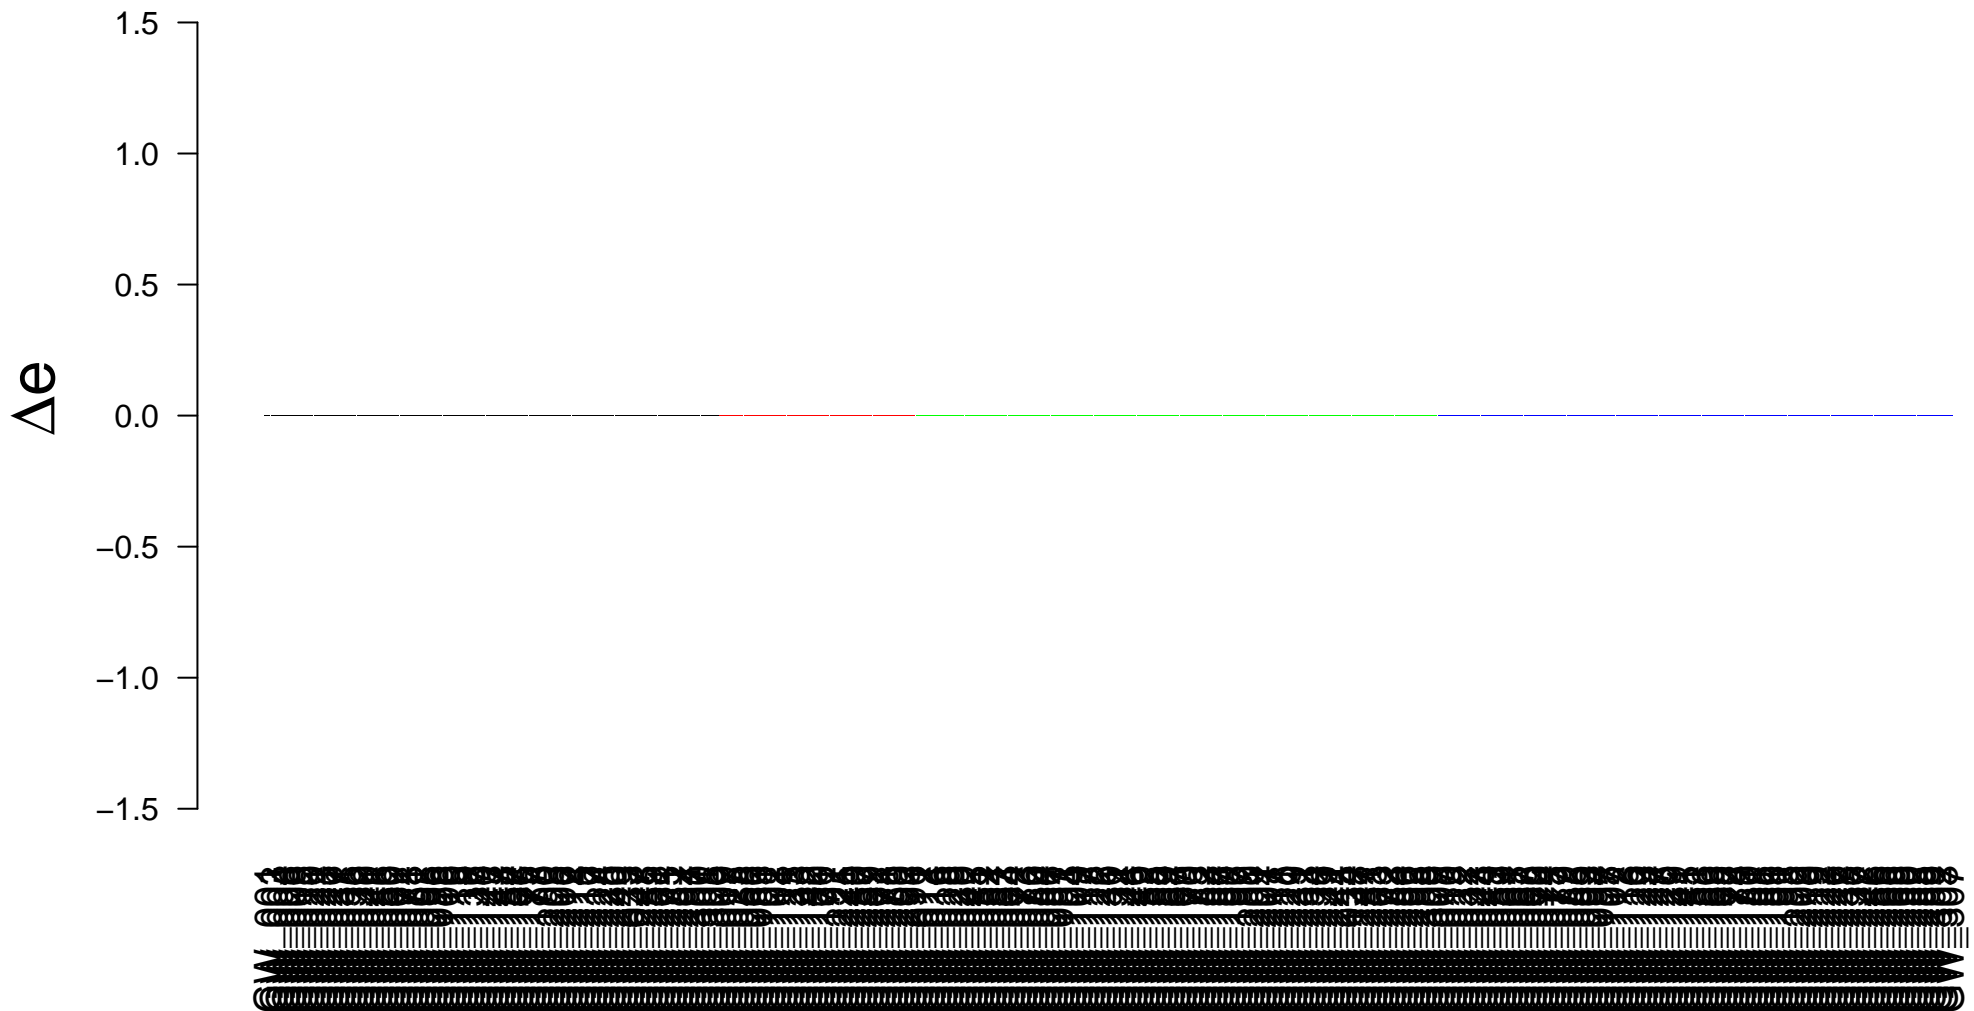

Expression of lipopolysaccharide binding in Spot C

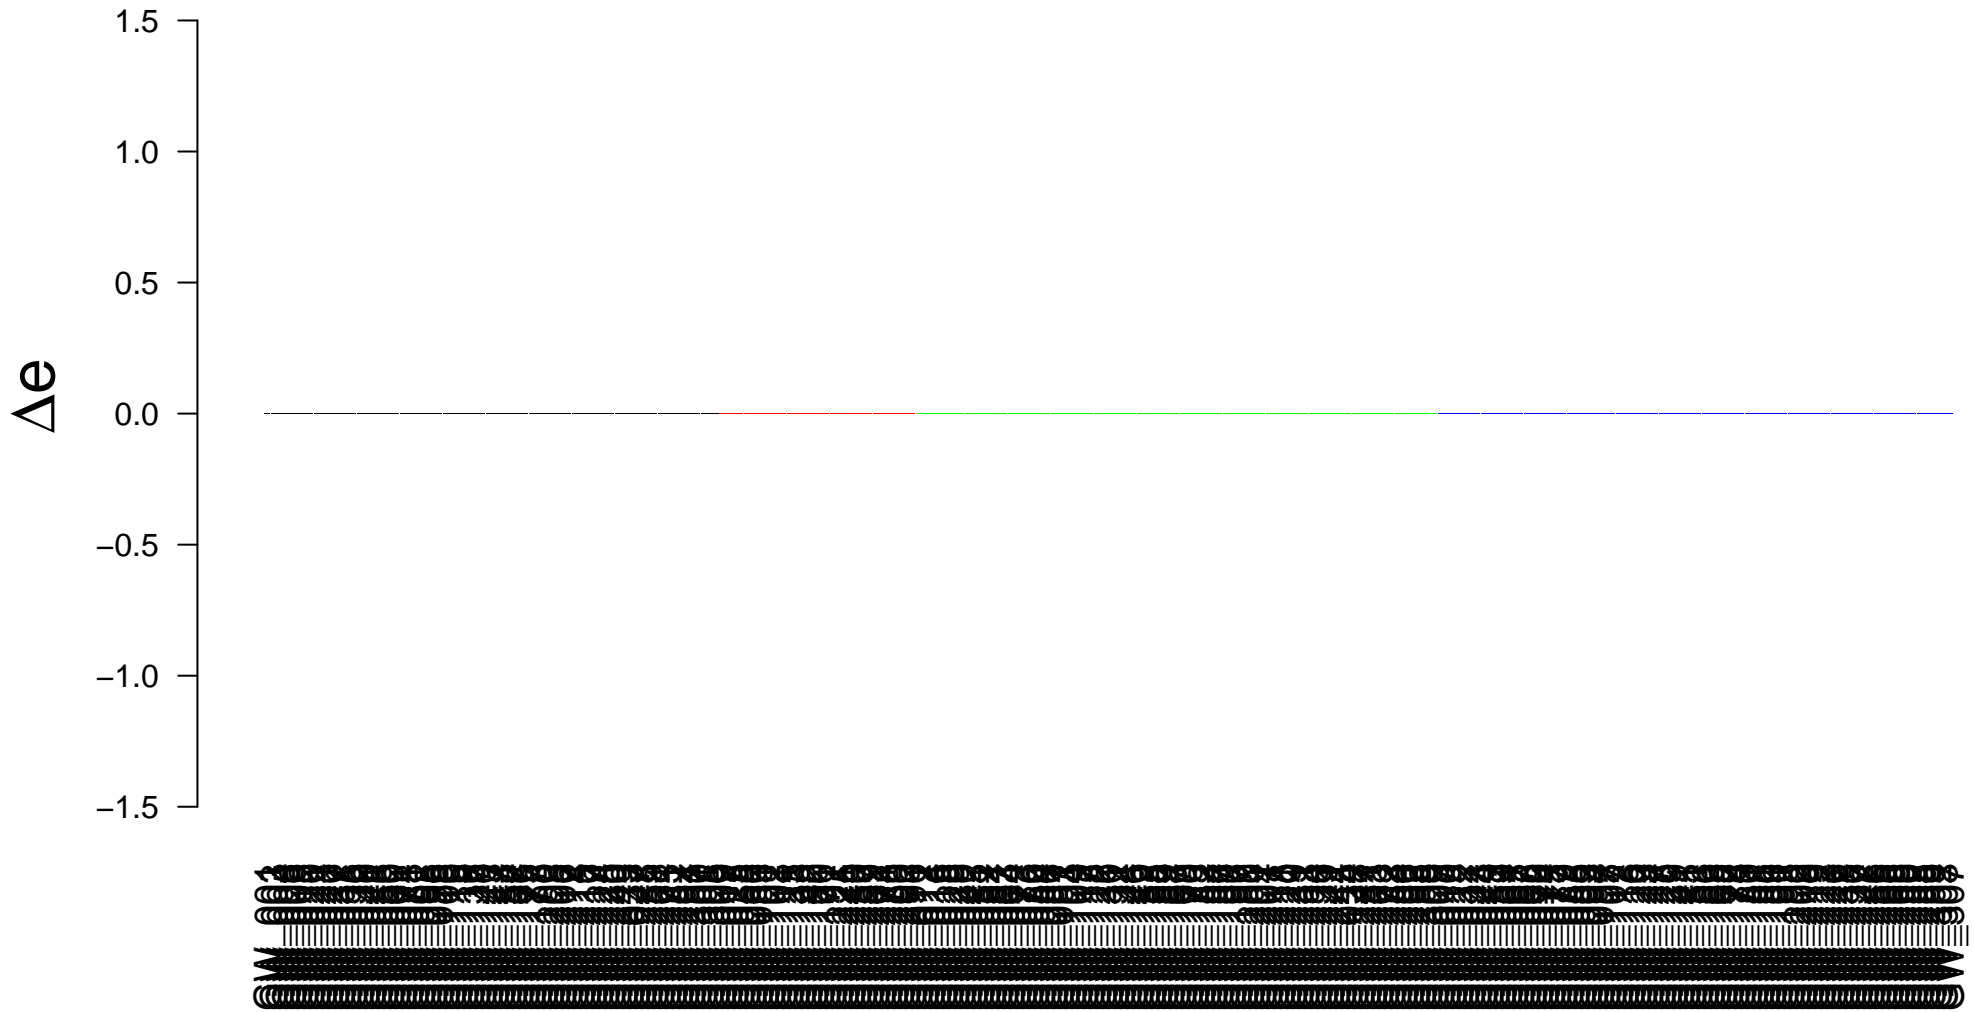

Expression of lipopolysaccharide binding in Spot D

Expression of lipopolysaccharide binding in Spot E

Expression of lipopolysaccharide binding in Spot F

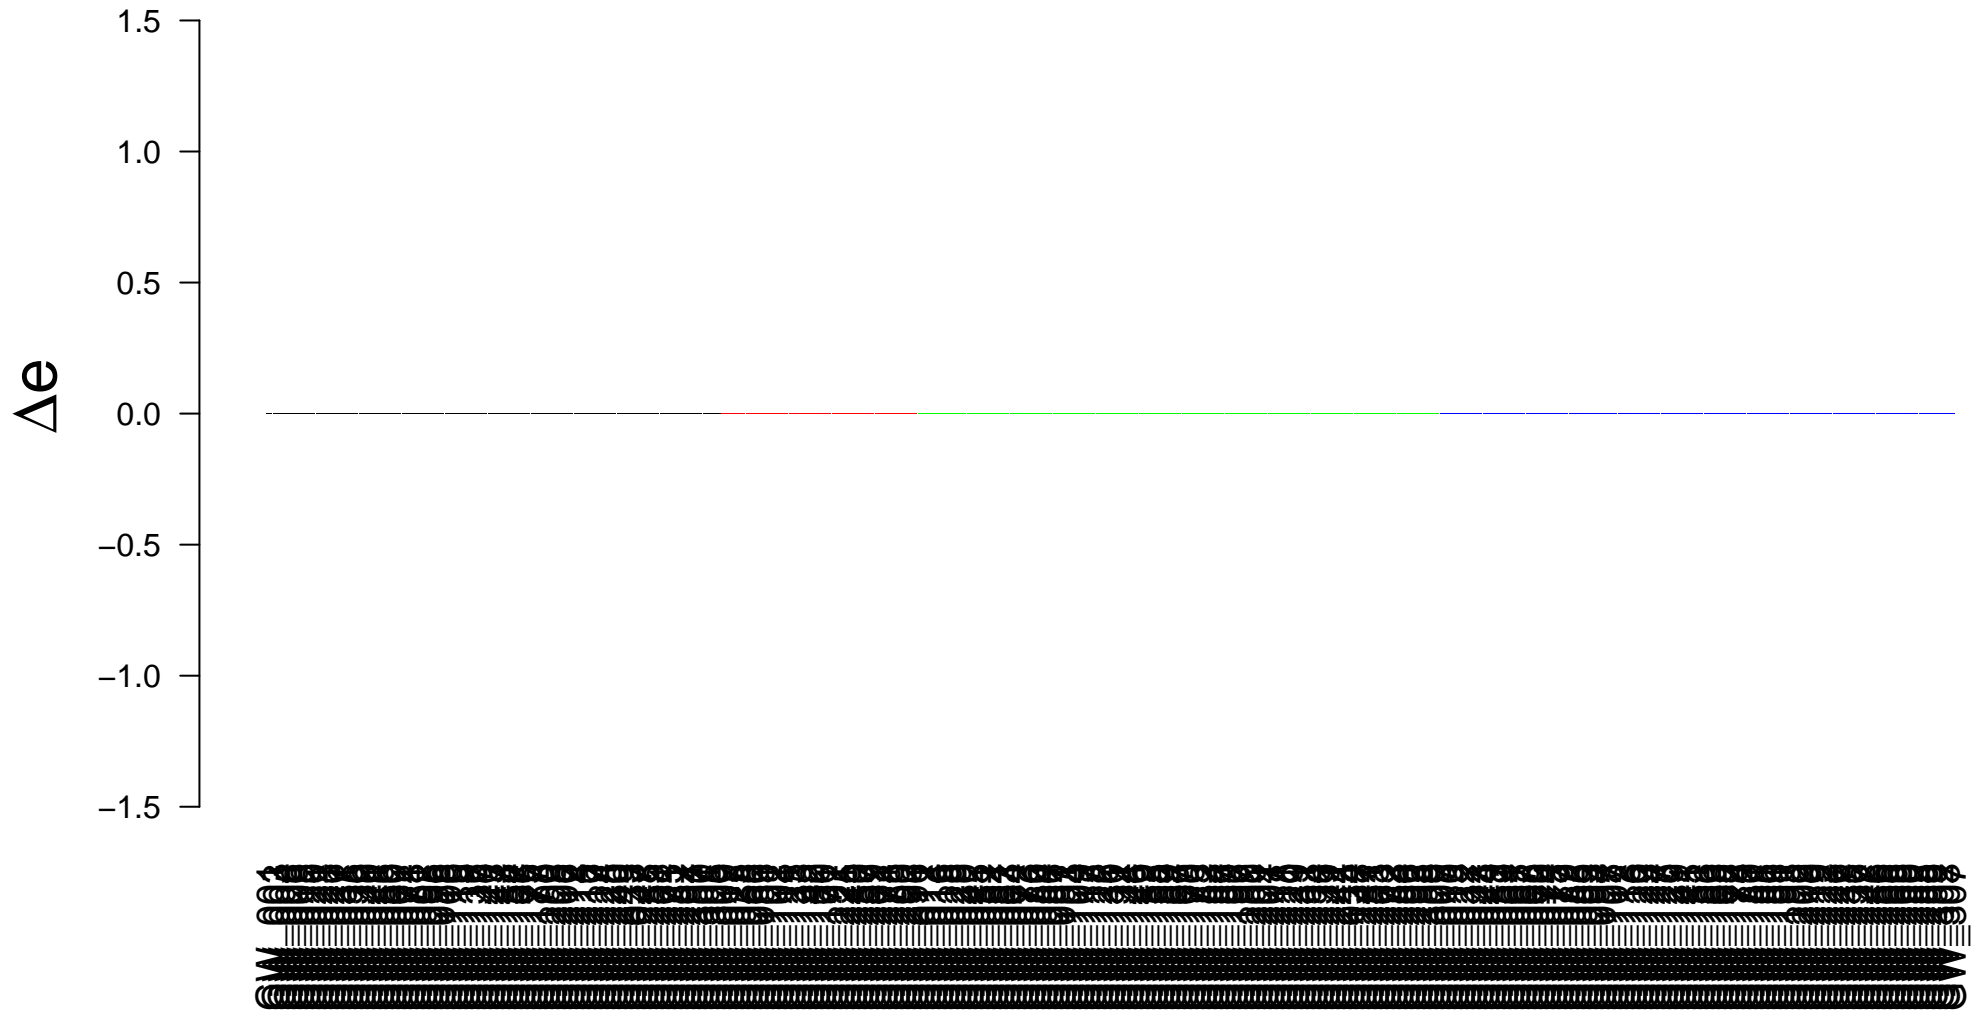

Expression of lipopolysaccharide binding in Spot G
