

# long term synaptic depression

# long term synaptic depression

### Enrichment in spots: long term synaptic depression

# Expression of long term synaptic depression in Spot A

# Expression of long term synaptic depression in Spot B

# Expression of long term synaptic depression in Spot C

# Expression of long term synaptic depression in Spot D

# Expression of long term synaptic depression in Spot E

# Expression of long term synaptic depression in Spot F

# Expression of long term synaptic depression in Spot G

# Expression of long term synaptic depression in Spot H

# Expression of long term synaptic depression in Spot I

# Expression of long term synaptic depression in Spot J

# Expression of long term synaptic depression in Spot K

# Expression of long term synaptic depression in Spot L

# Expression of long term synaptic depression in Spot M

# Expression of long term synaptic depression in Spot N

# Expression of long term synaptic depression in Spot O

# Expression of long term synaptic depression in Spot P

# Expression of long term synaptic depression in Spot Q

# Expression of long term synaptic depression in Spot R
