

low-density lipoprotein particle

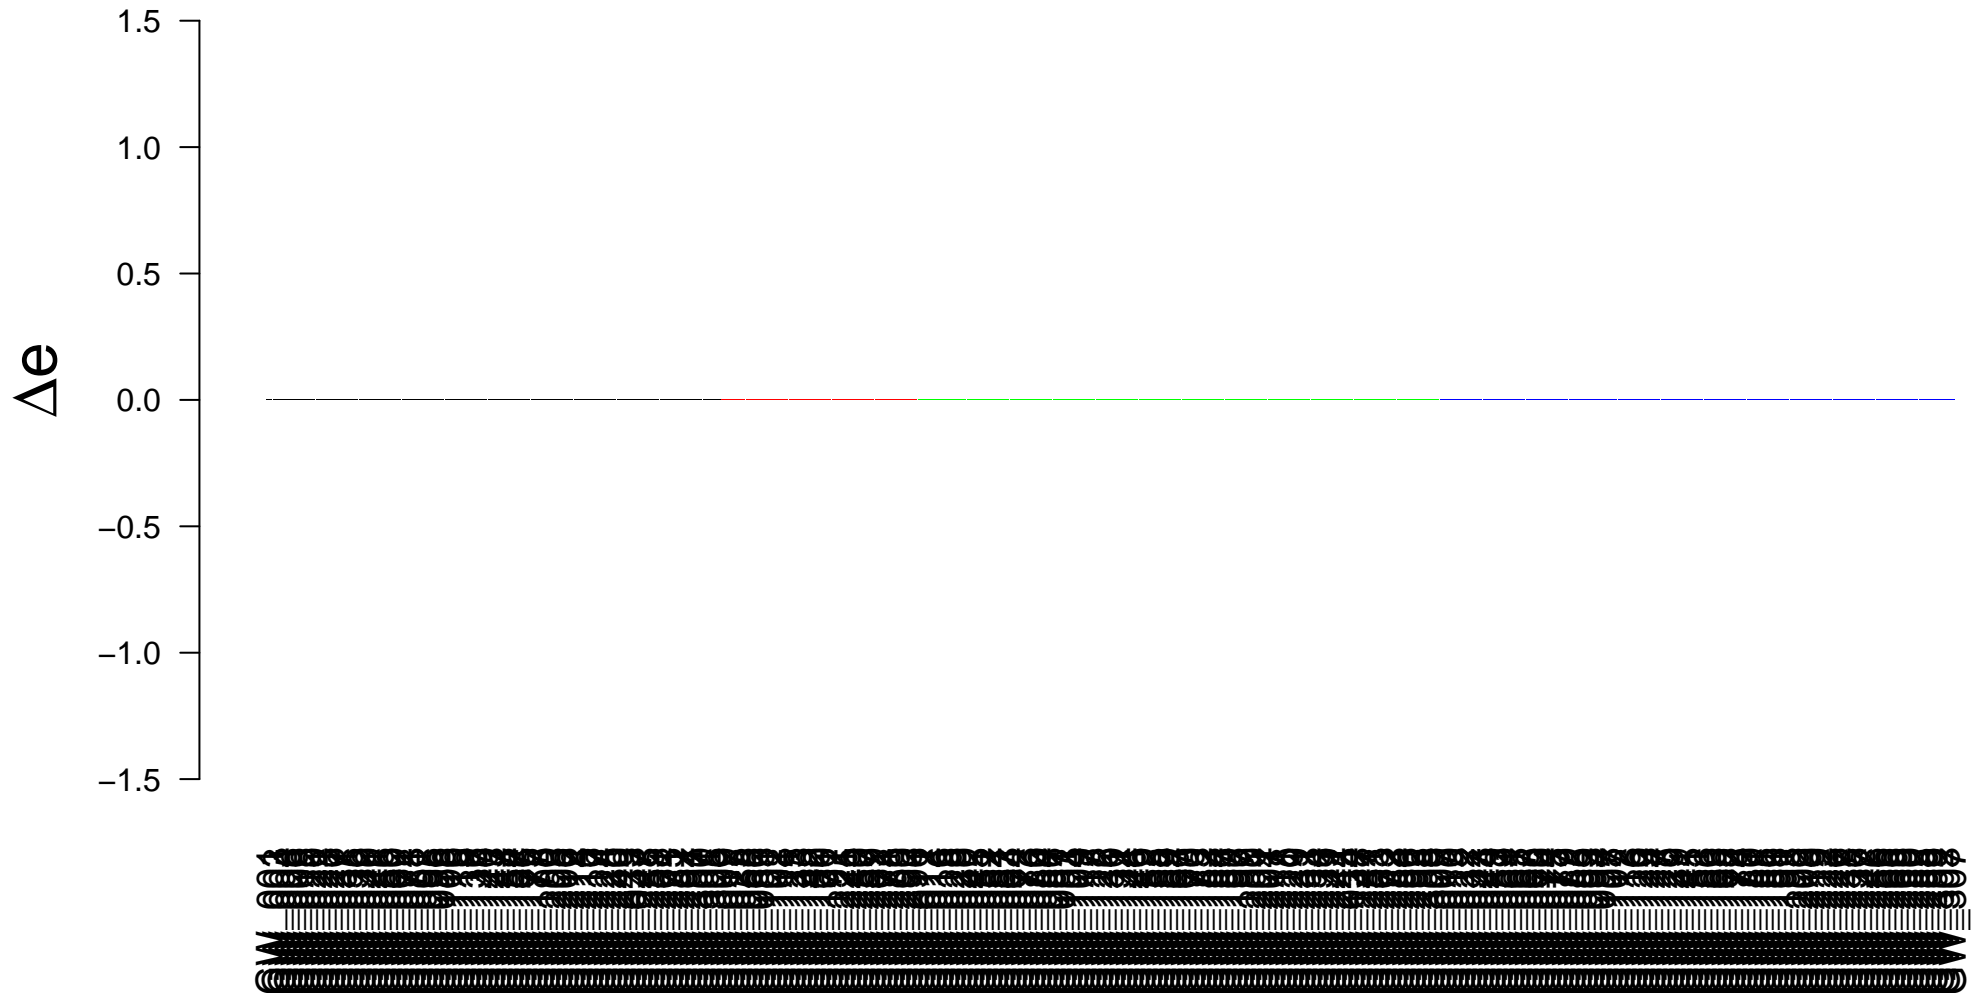

low-density lipoprotein particle

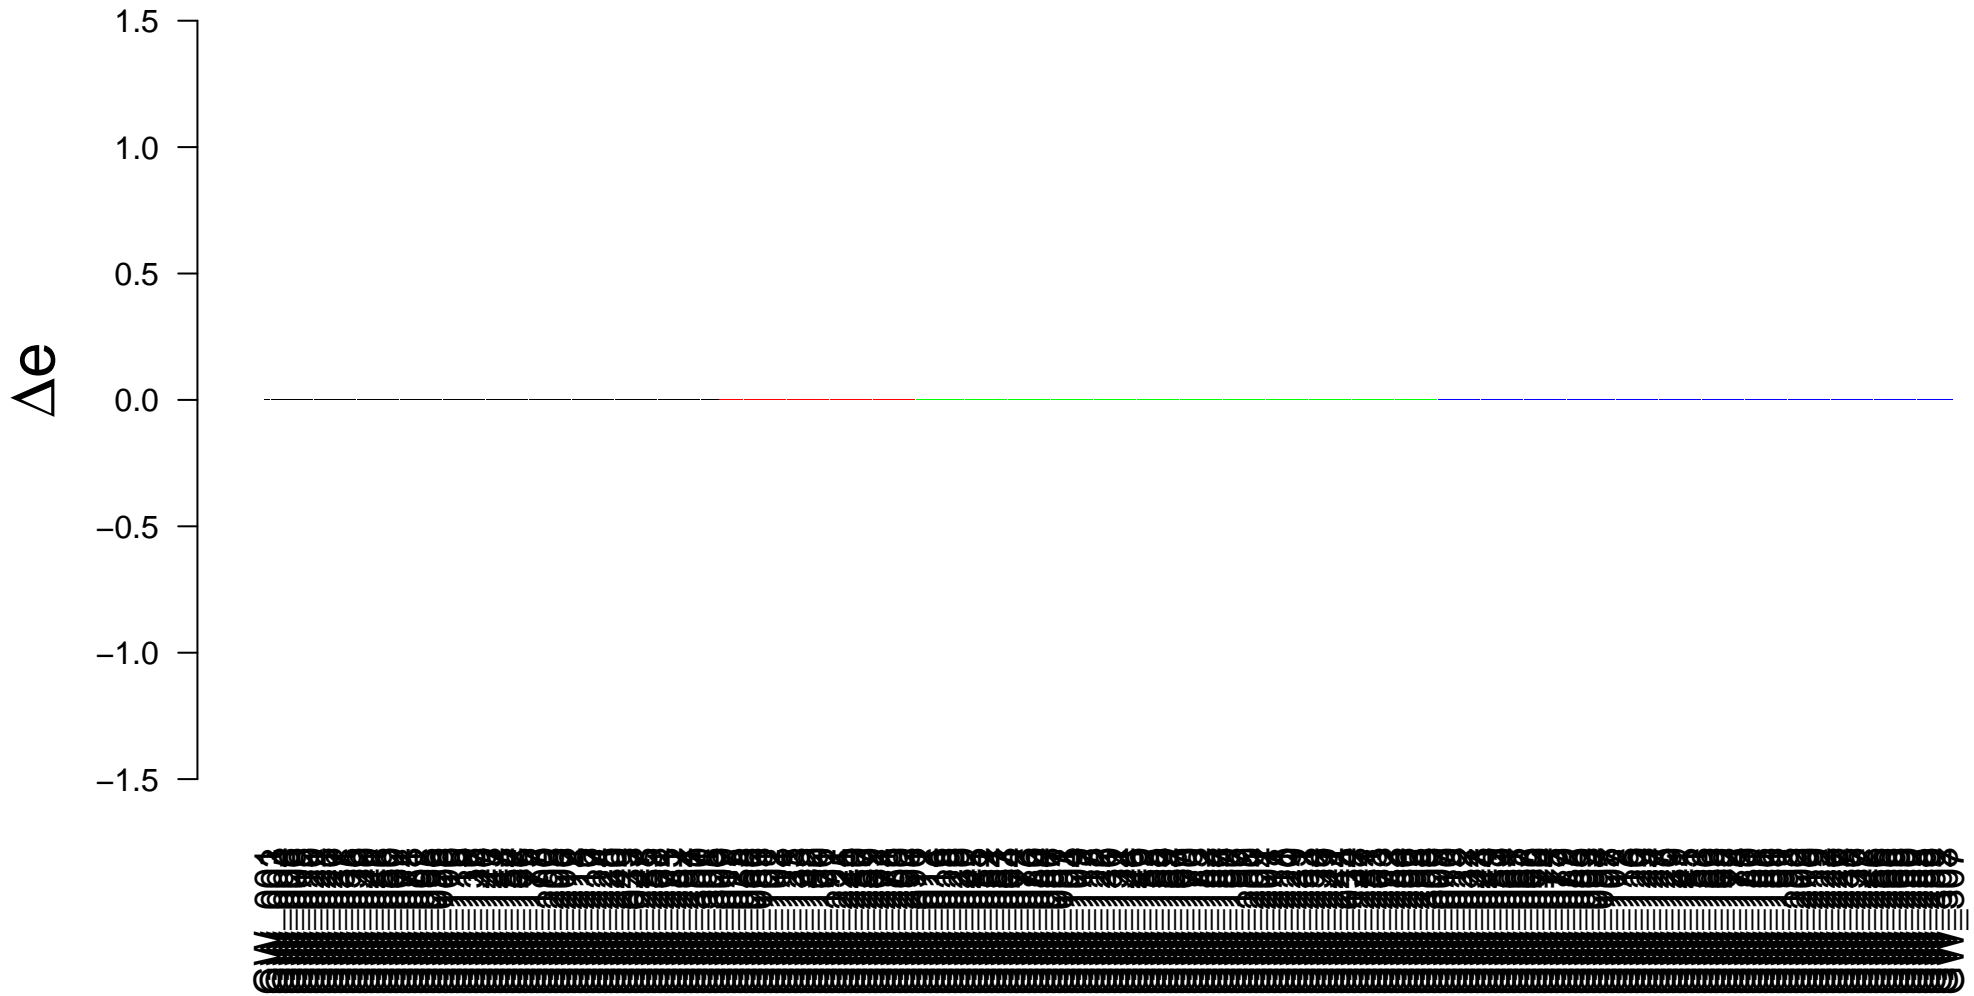

Enrichment in spots: low-density lipoprotein particle

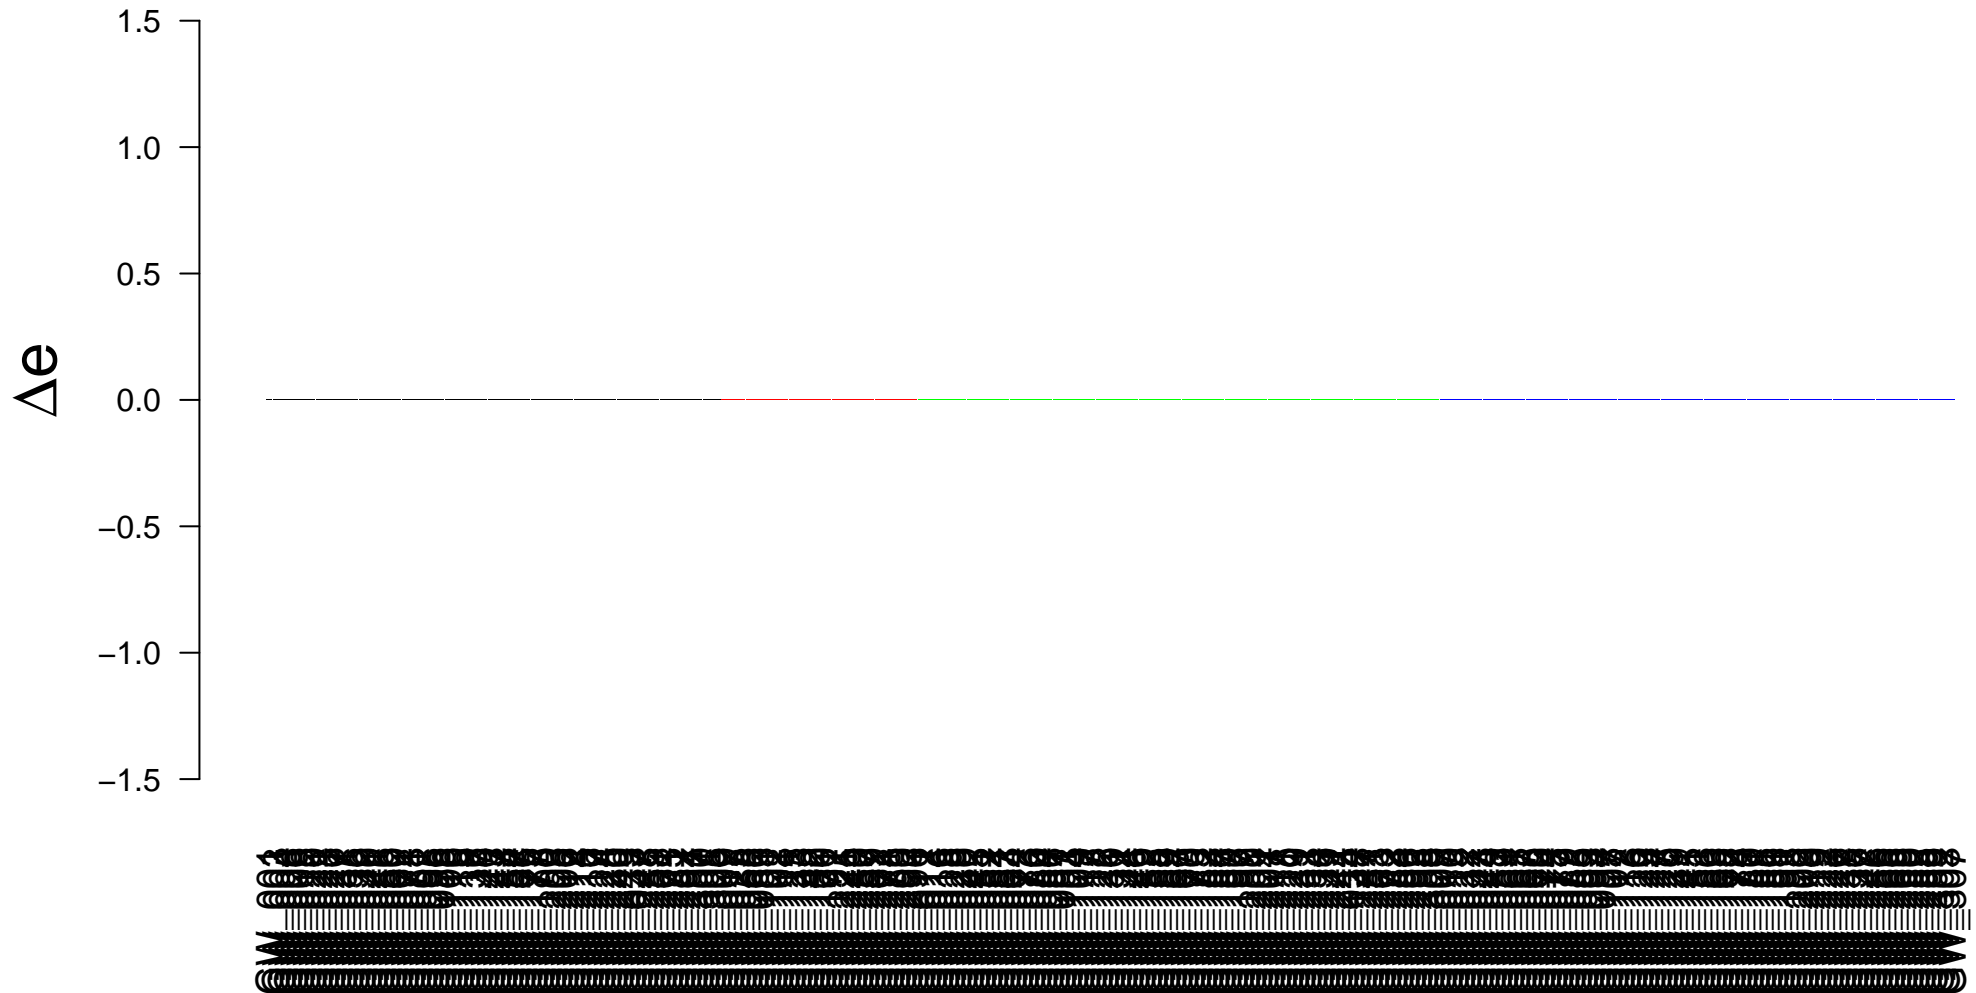

Expression of low-density lipoprotein particle in Spot A

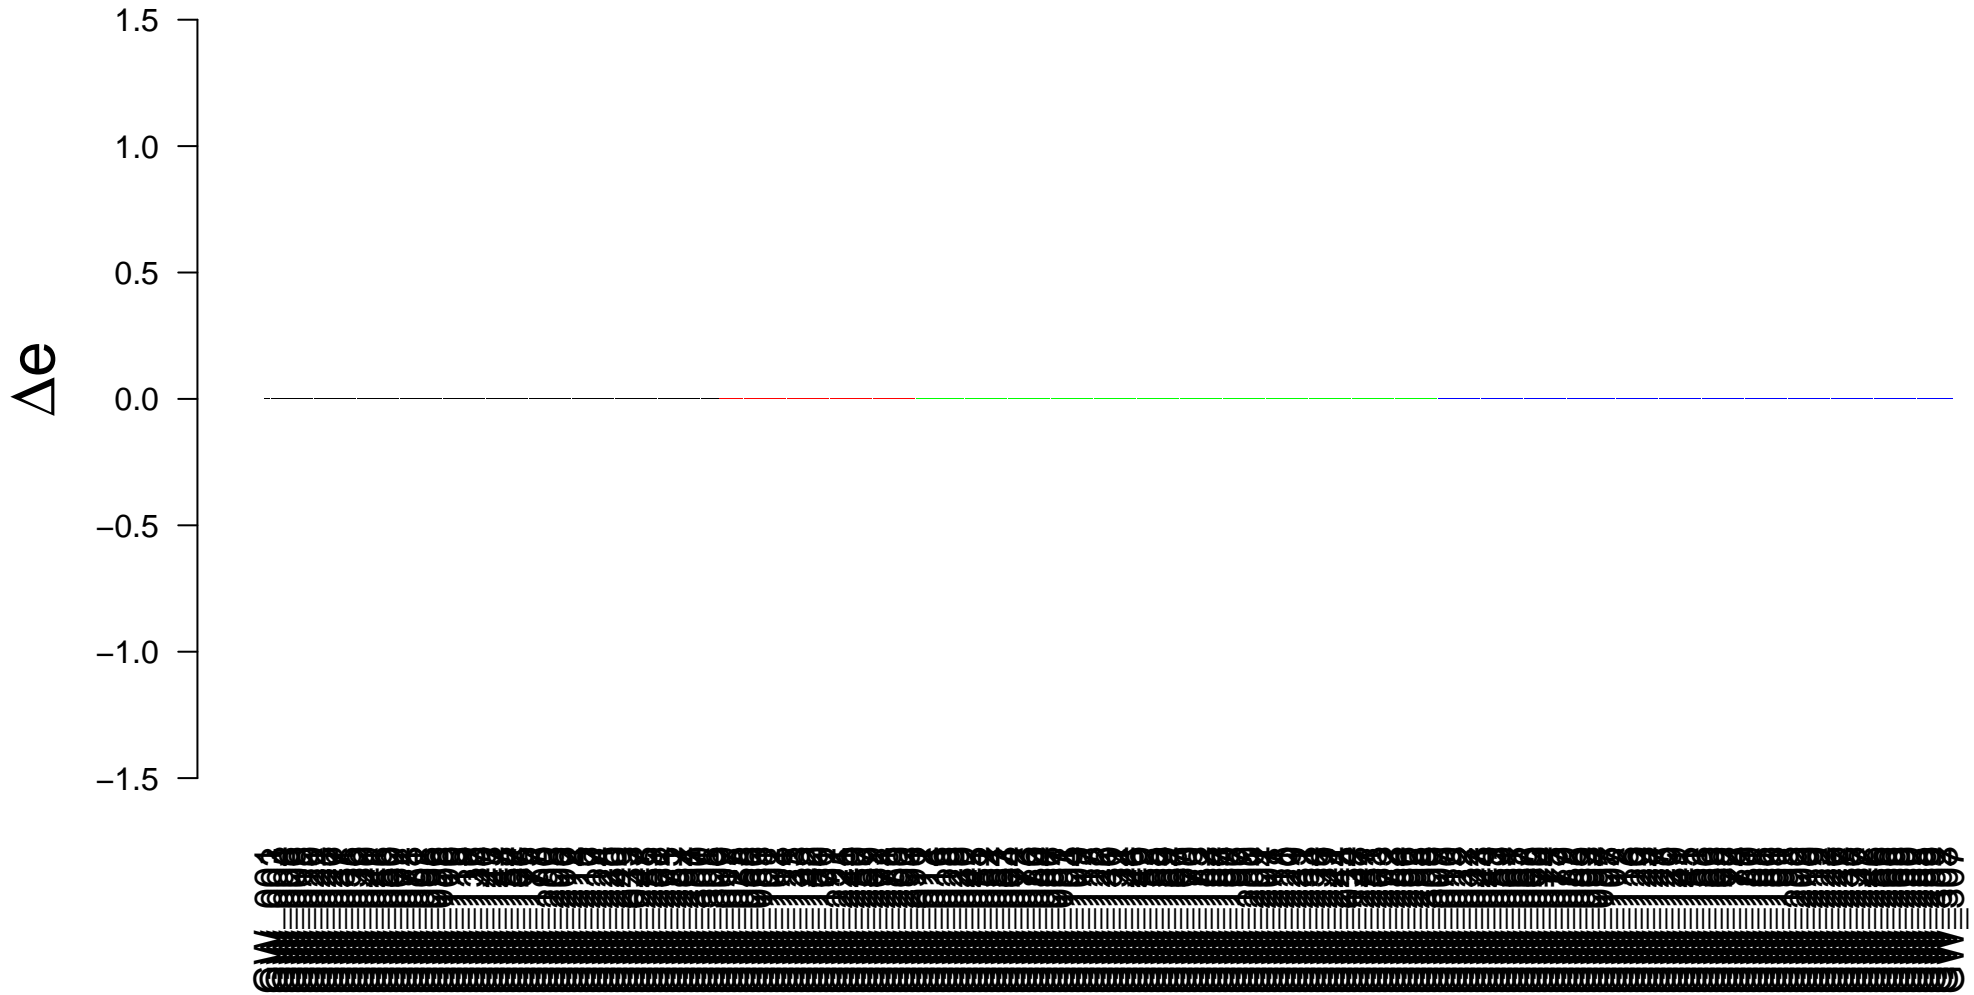

Expression of low-density lipoprotein particle in Spot B

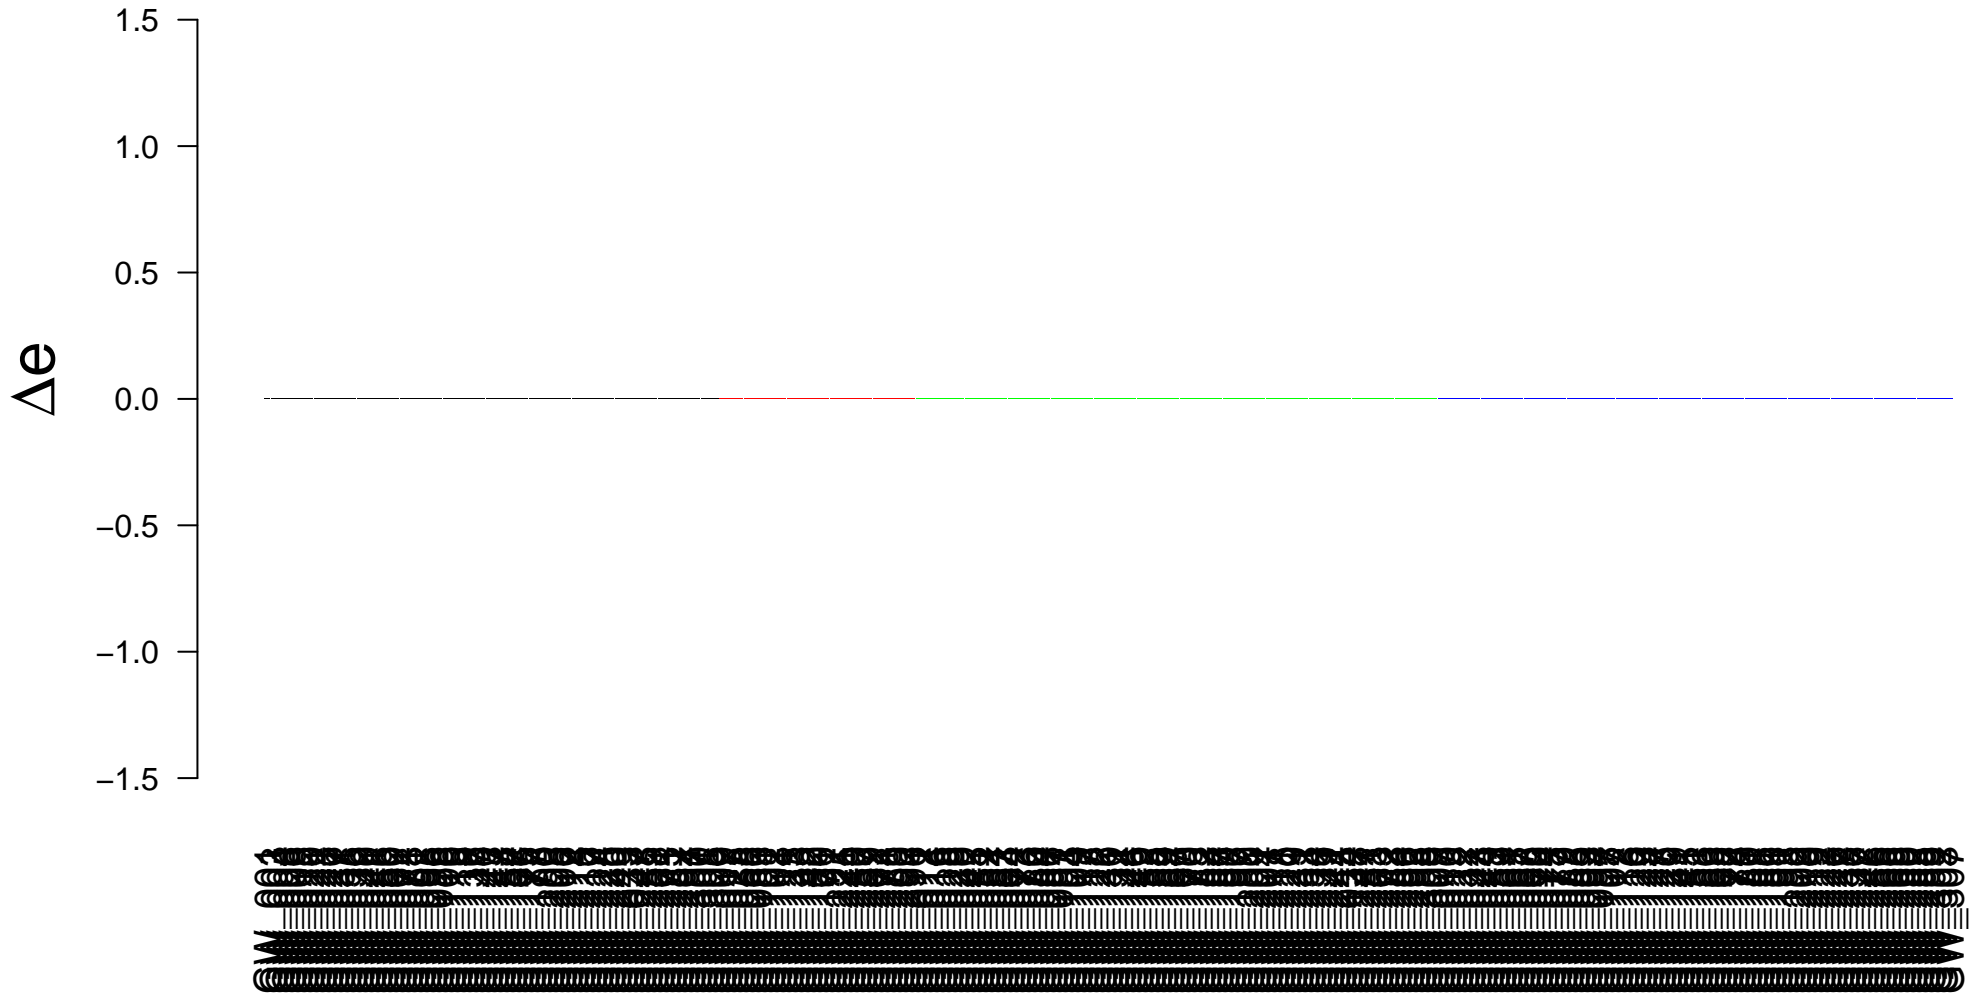

Expression of low-density lipoprotein particle in Spot C

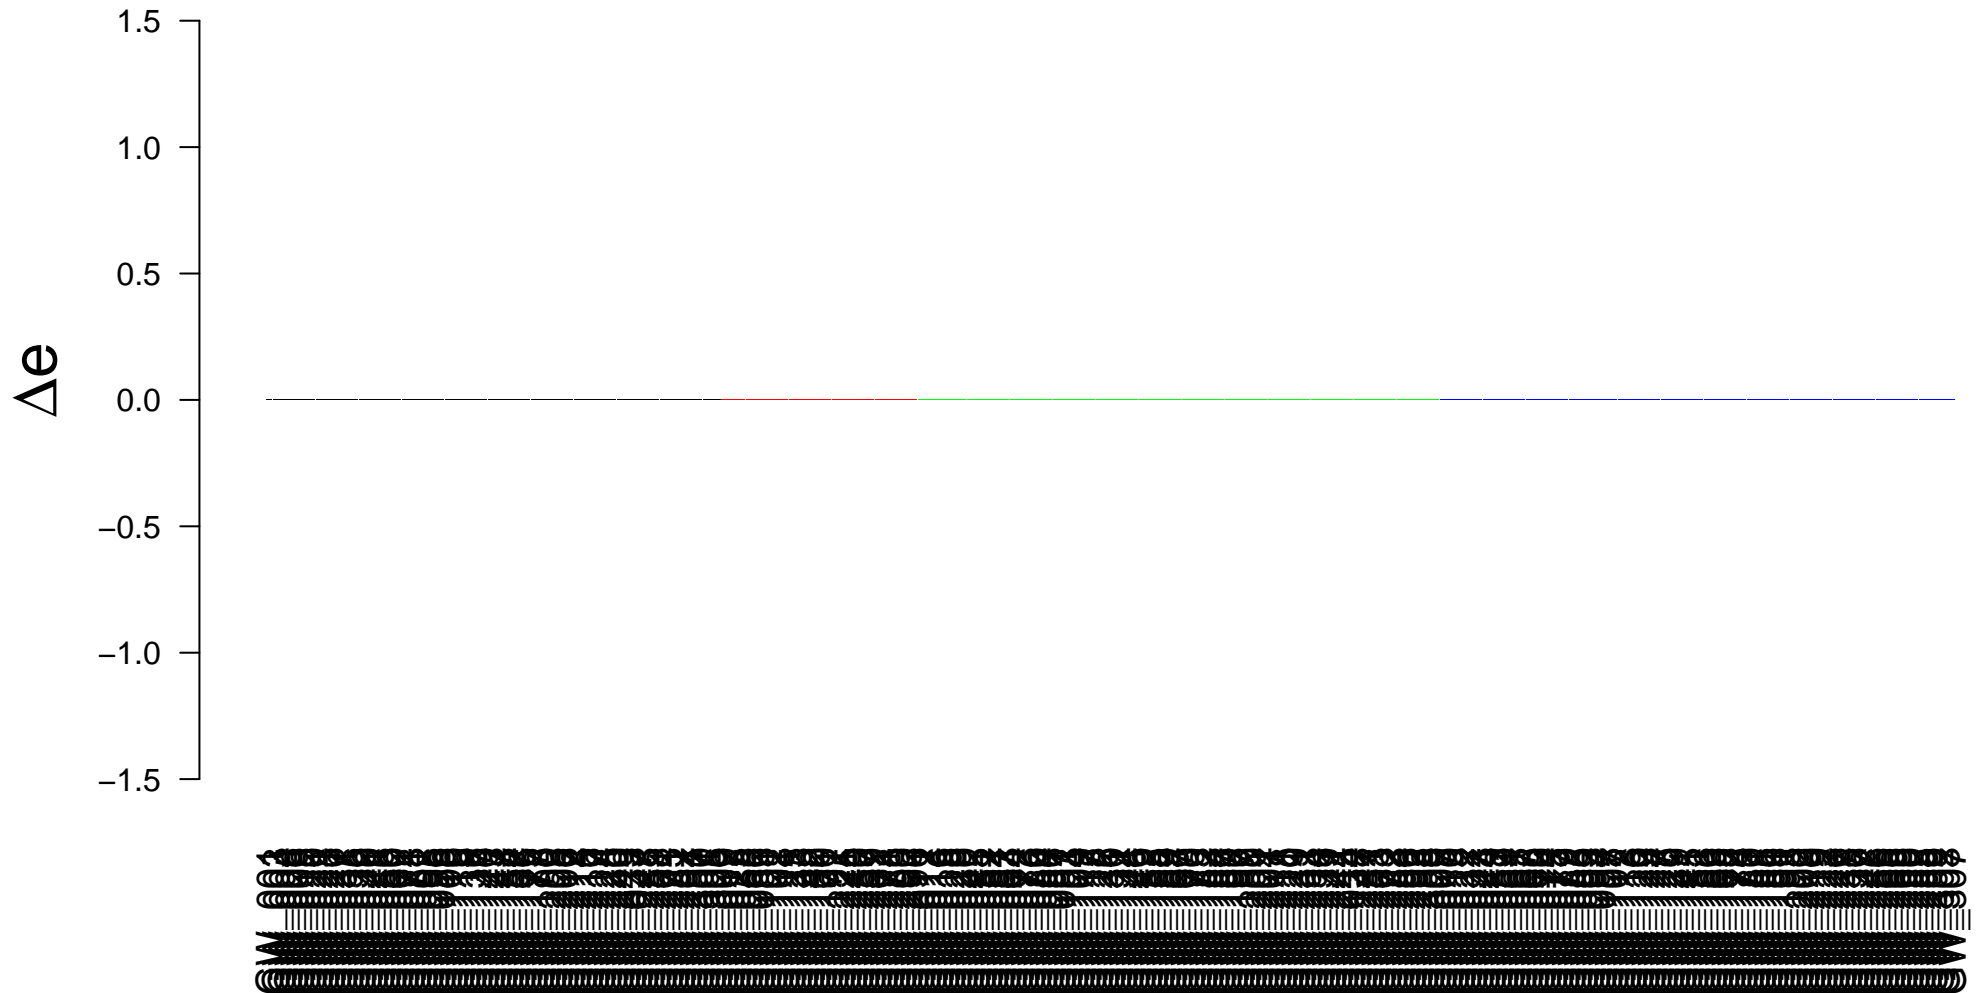

Expression of low-density lipoprotein particle in Spot D

Expression of low-density lipoprotein particle in Spot E

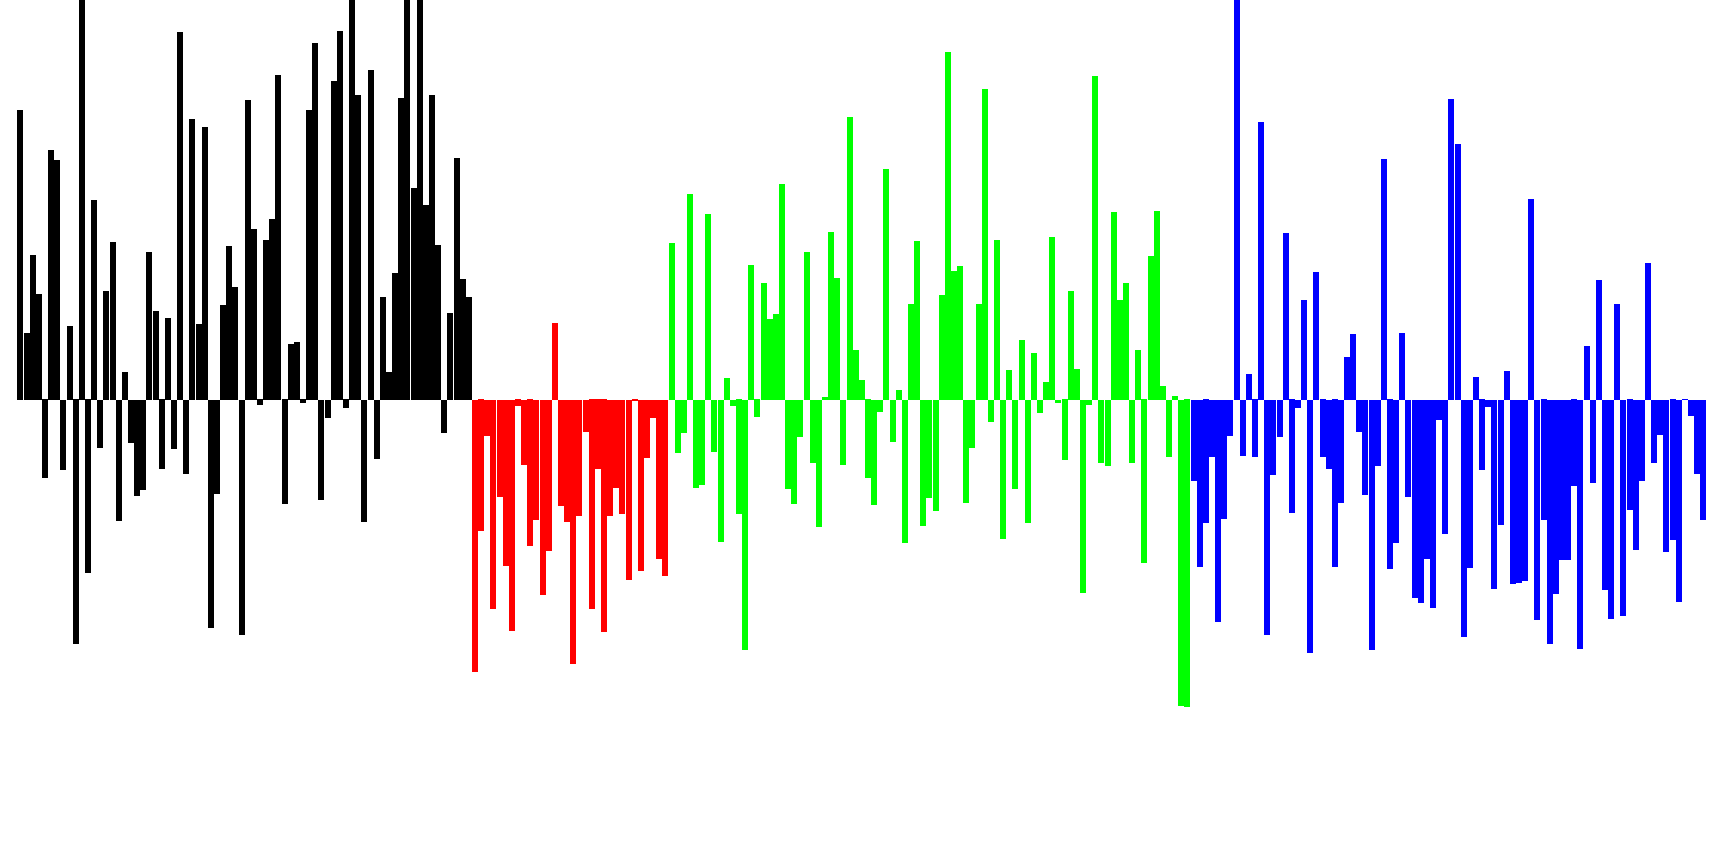

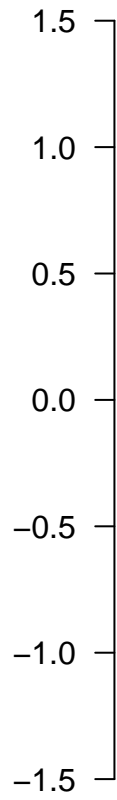

Expression of low-density lipoprotein particle in Spot F

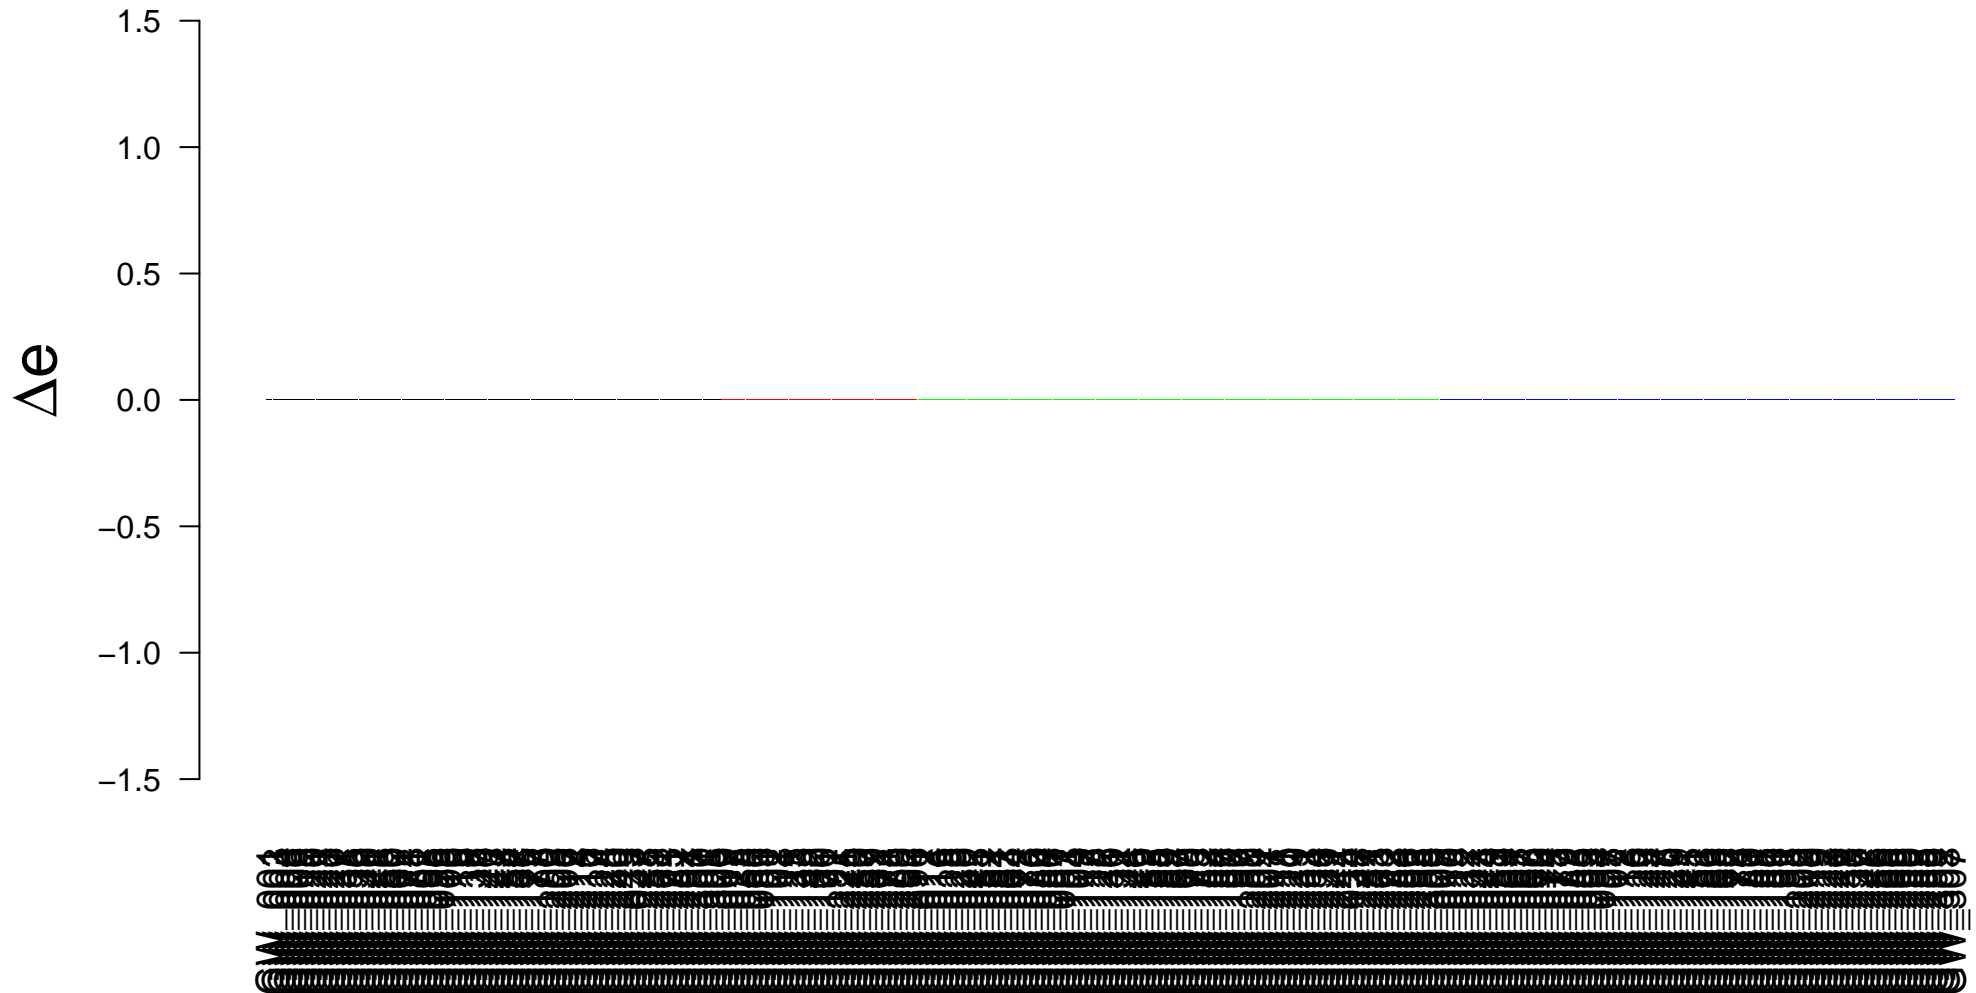

Expression of low-density lipoprotein particle in Spot G

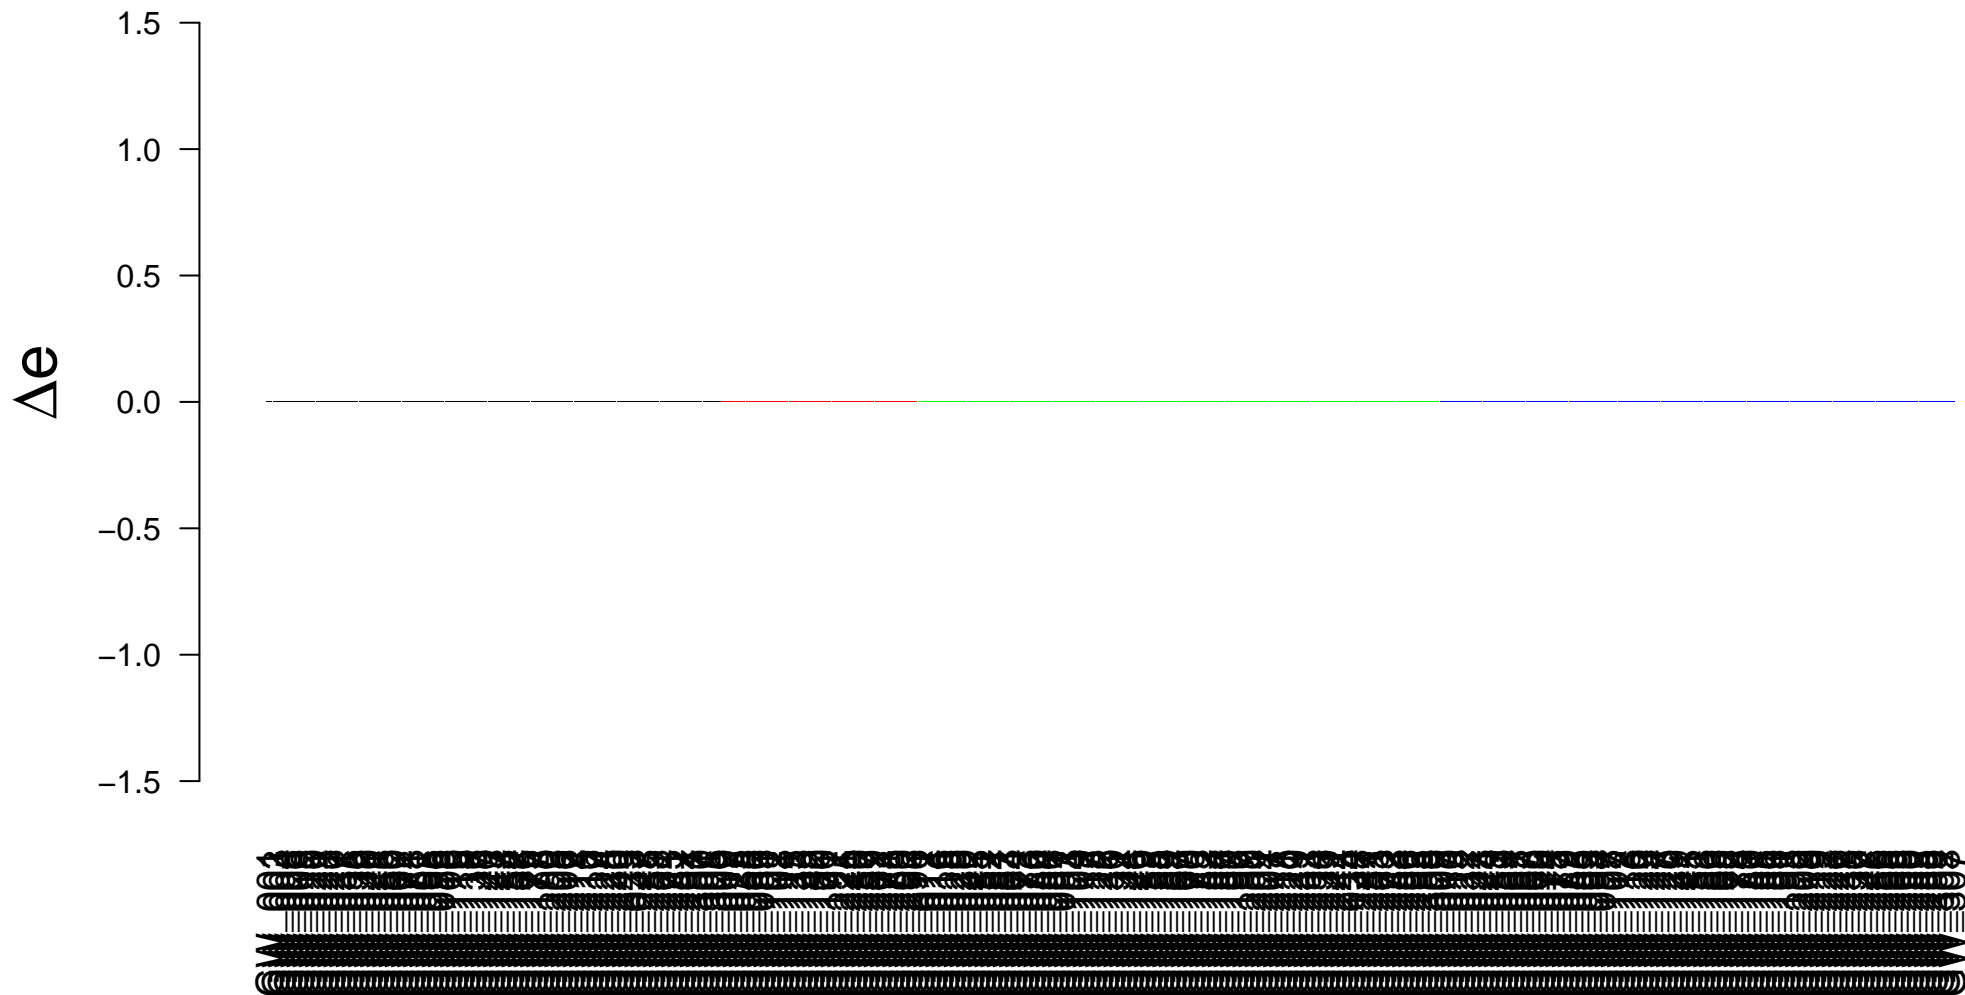

Δe

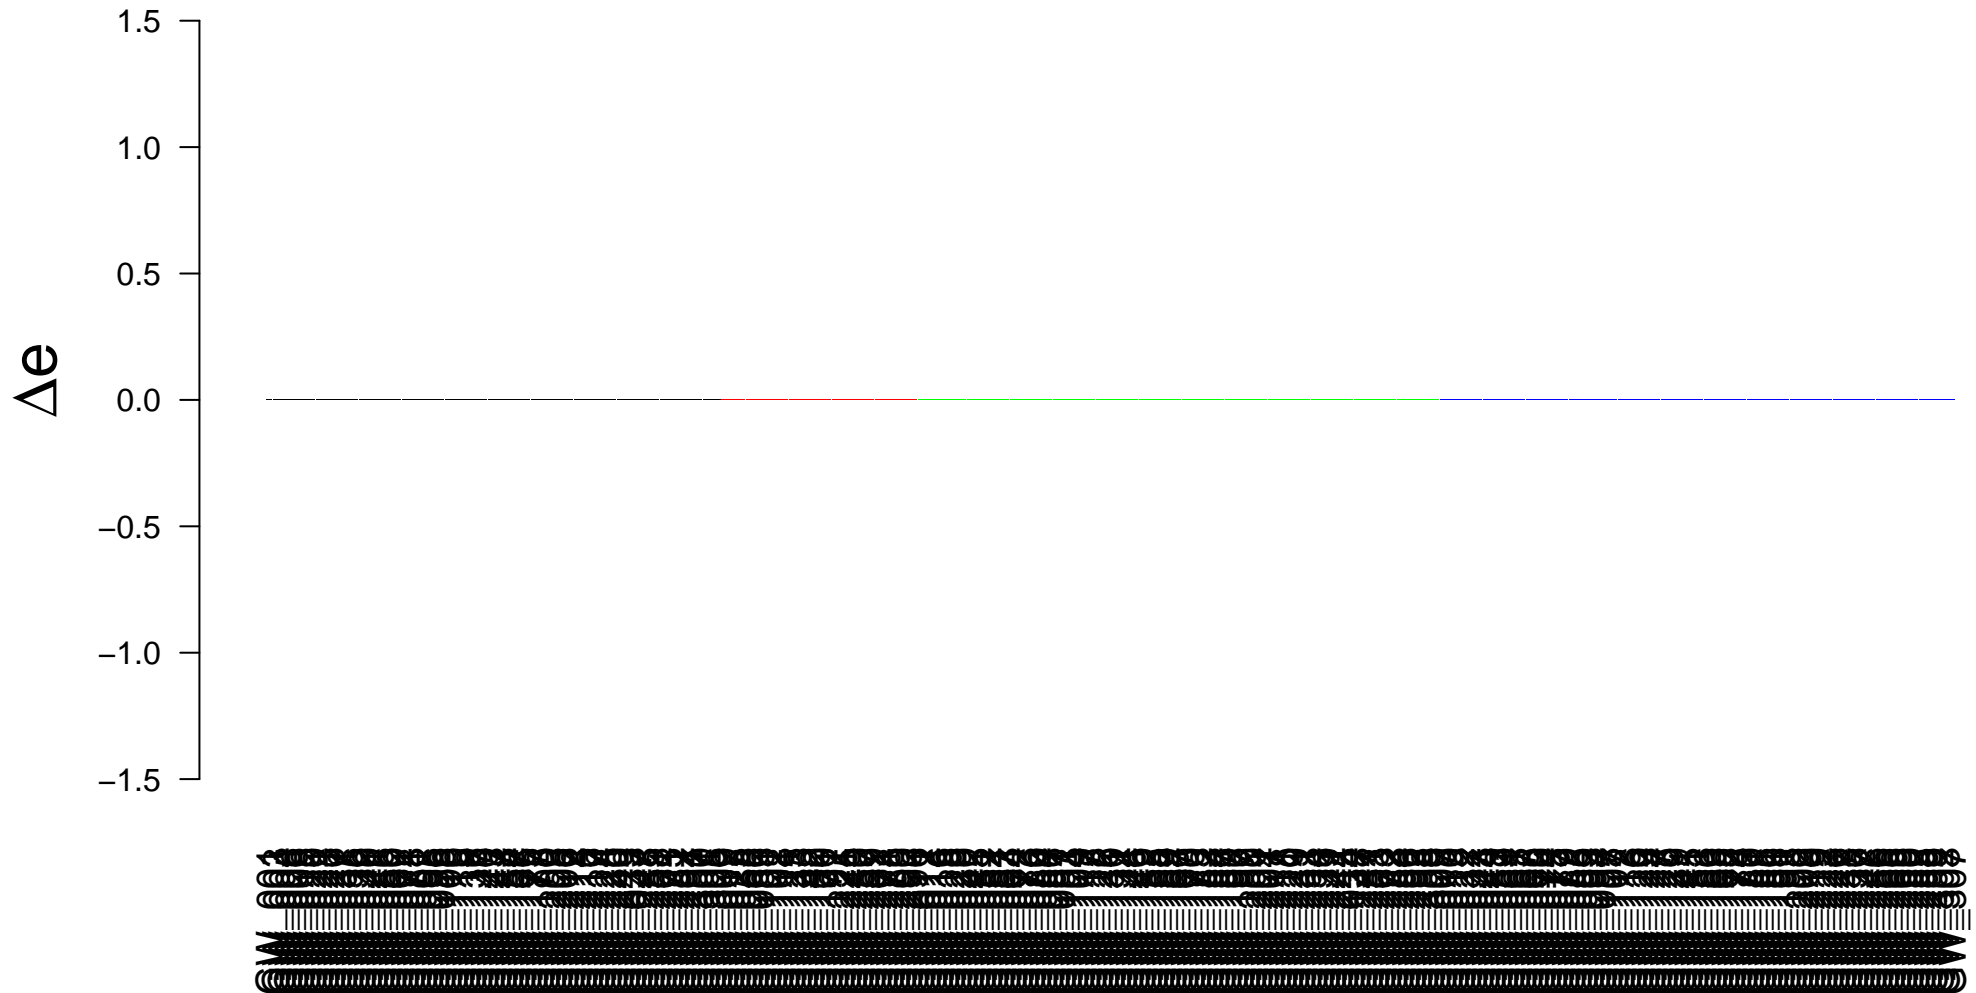

Expression of low-density lipoprotein particle in Spot H

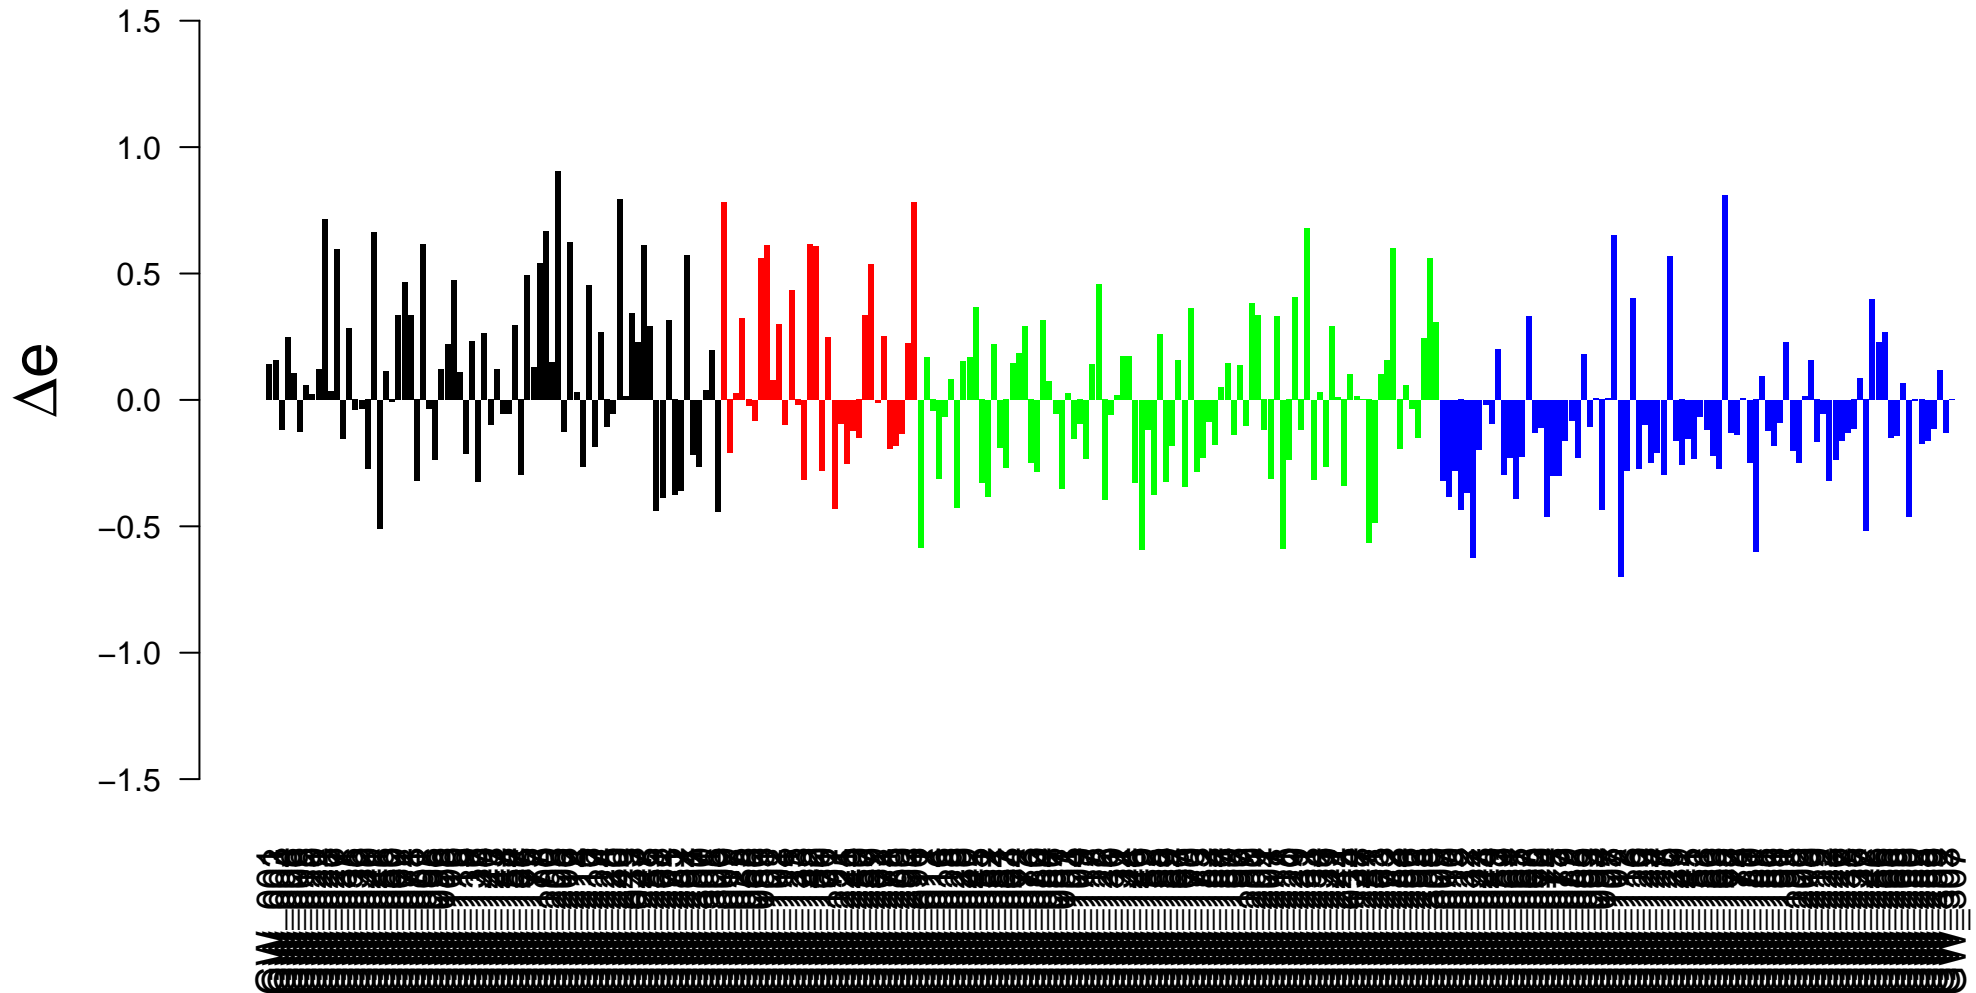

Expression of low-density lipoprotein particle in Spot I

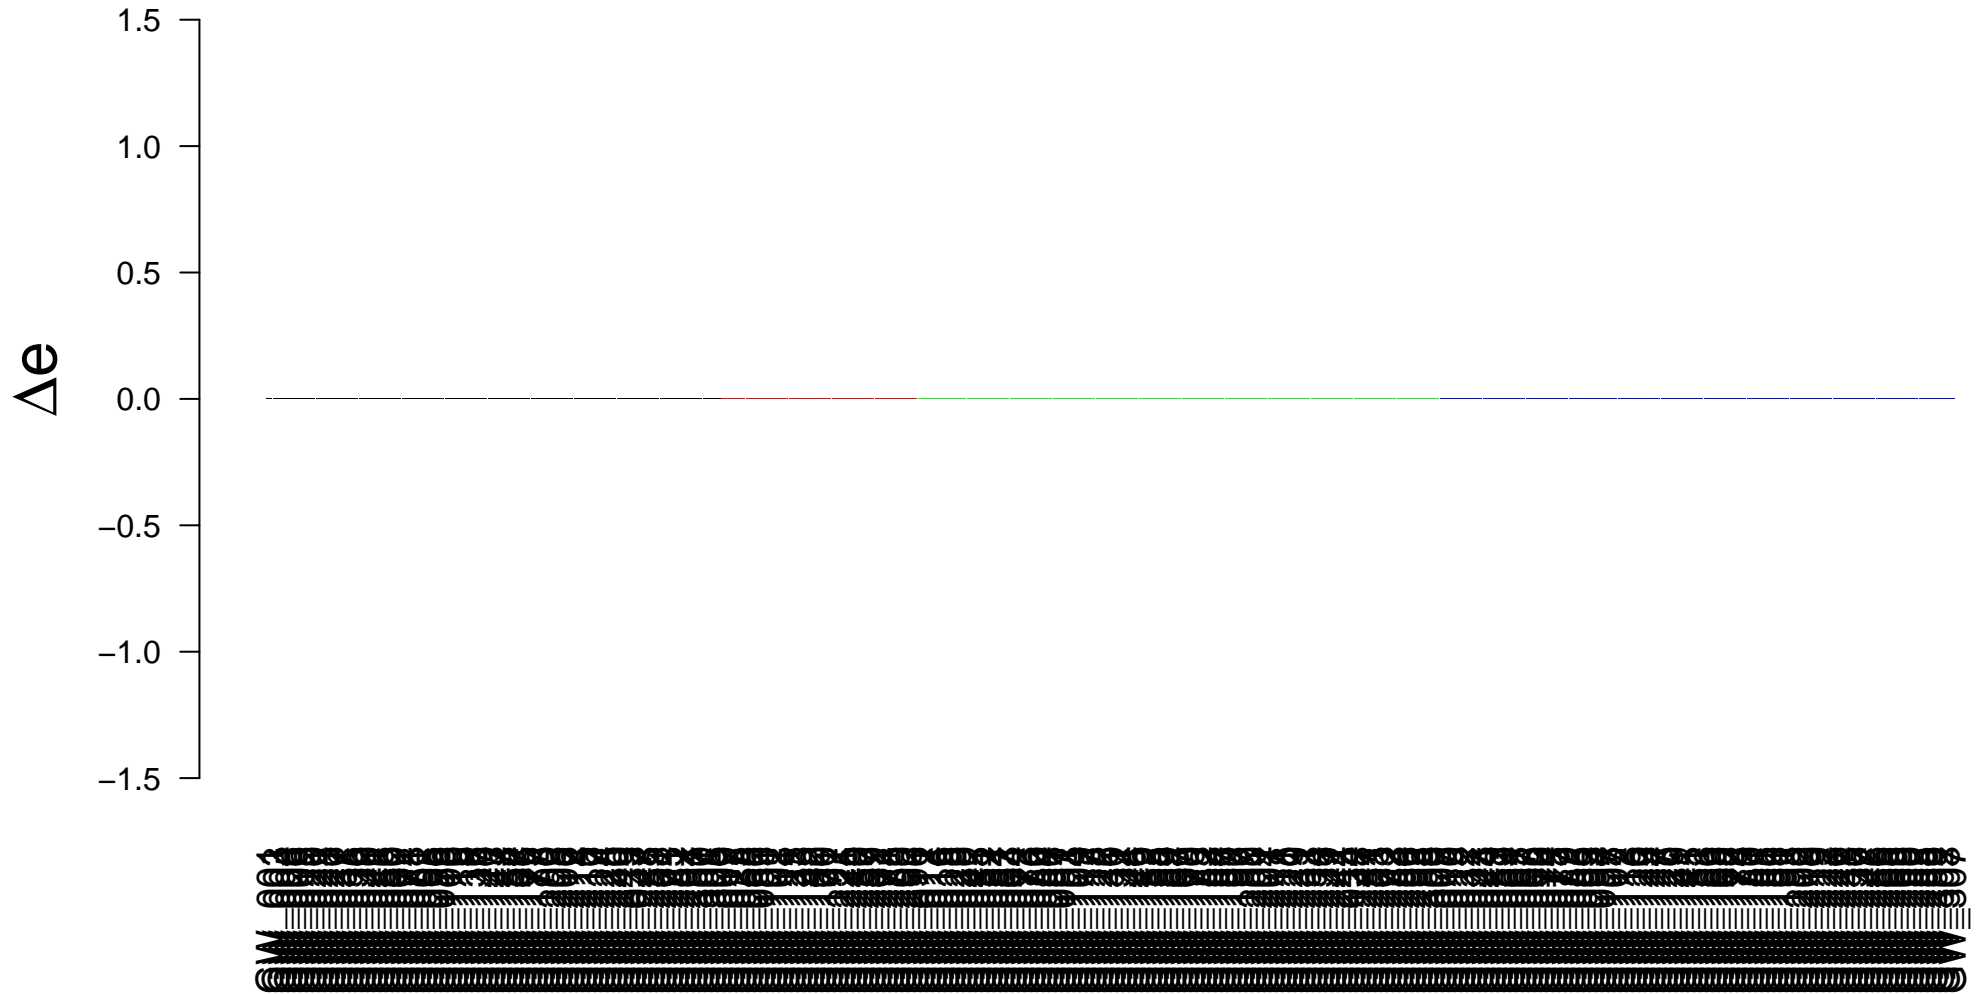

Expression of low-density lipoprotein particle in Spot J

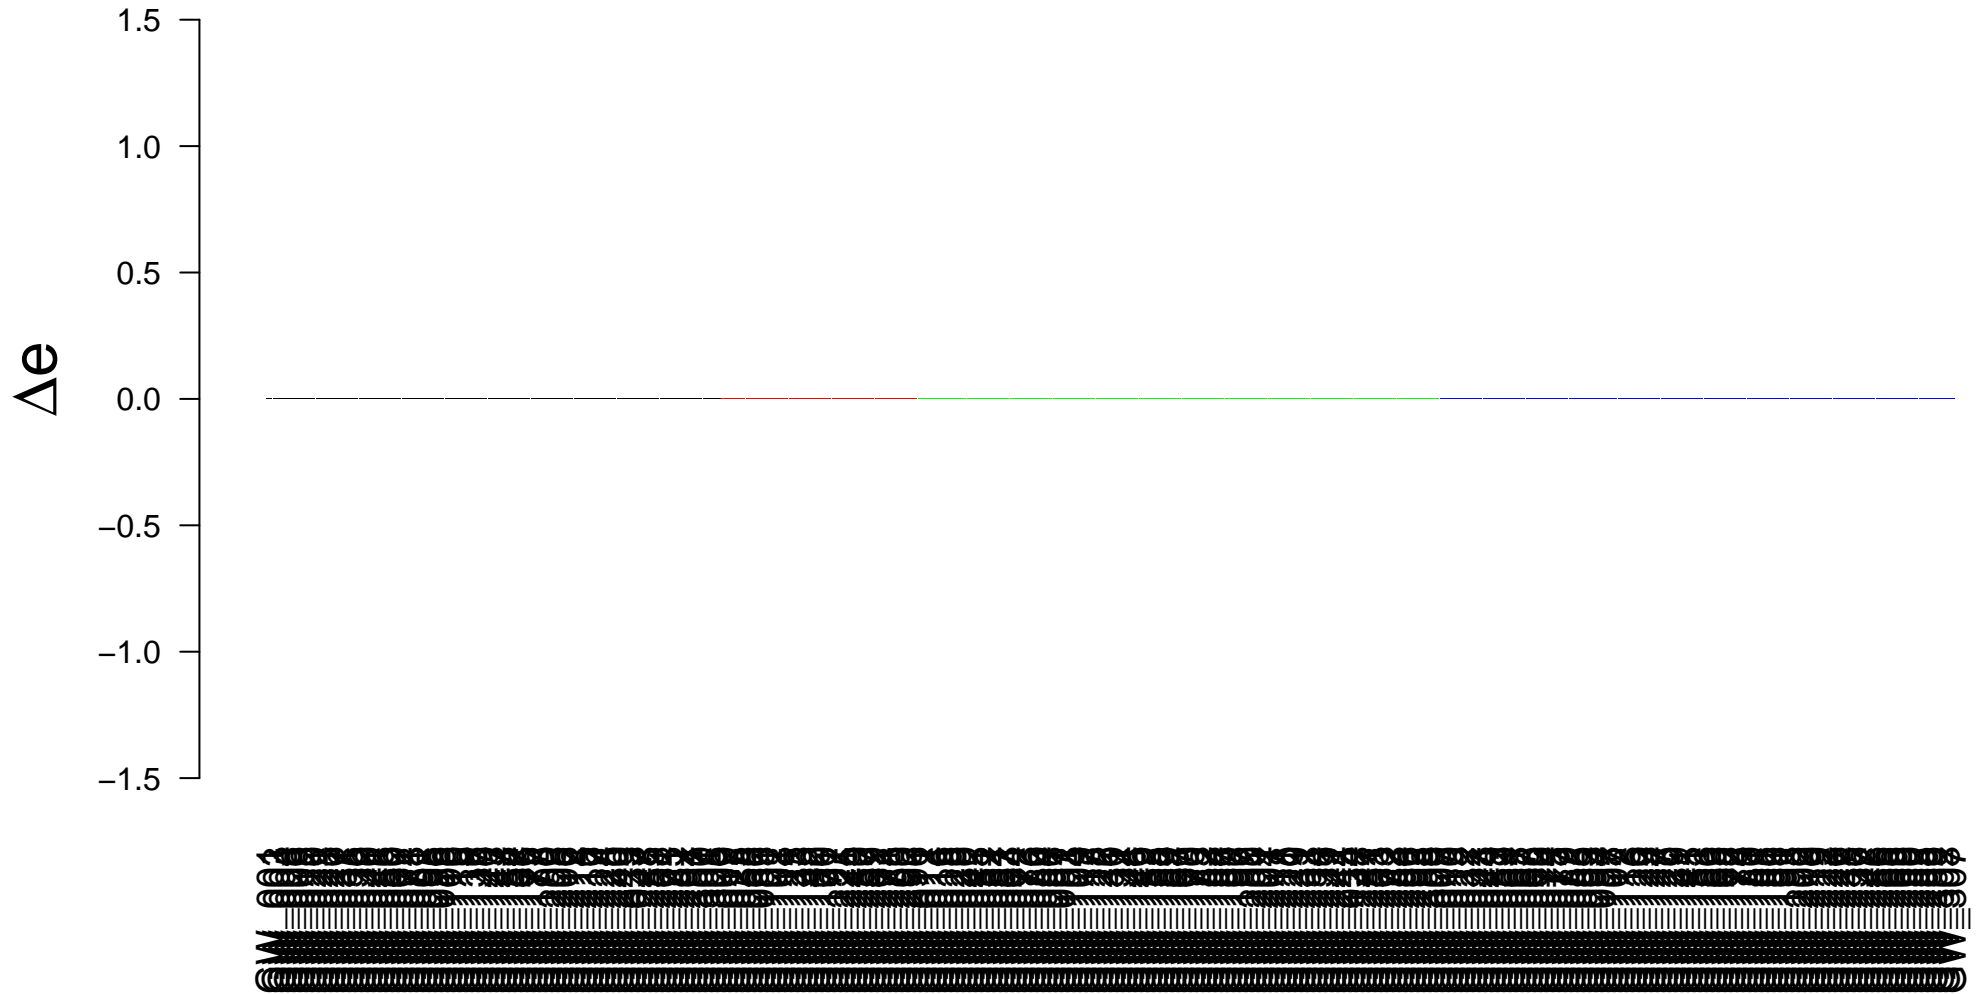

Expression of low-density lipoprotein particle in Spot K

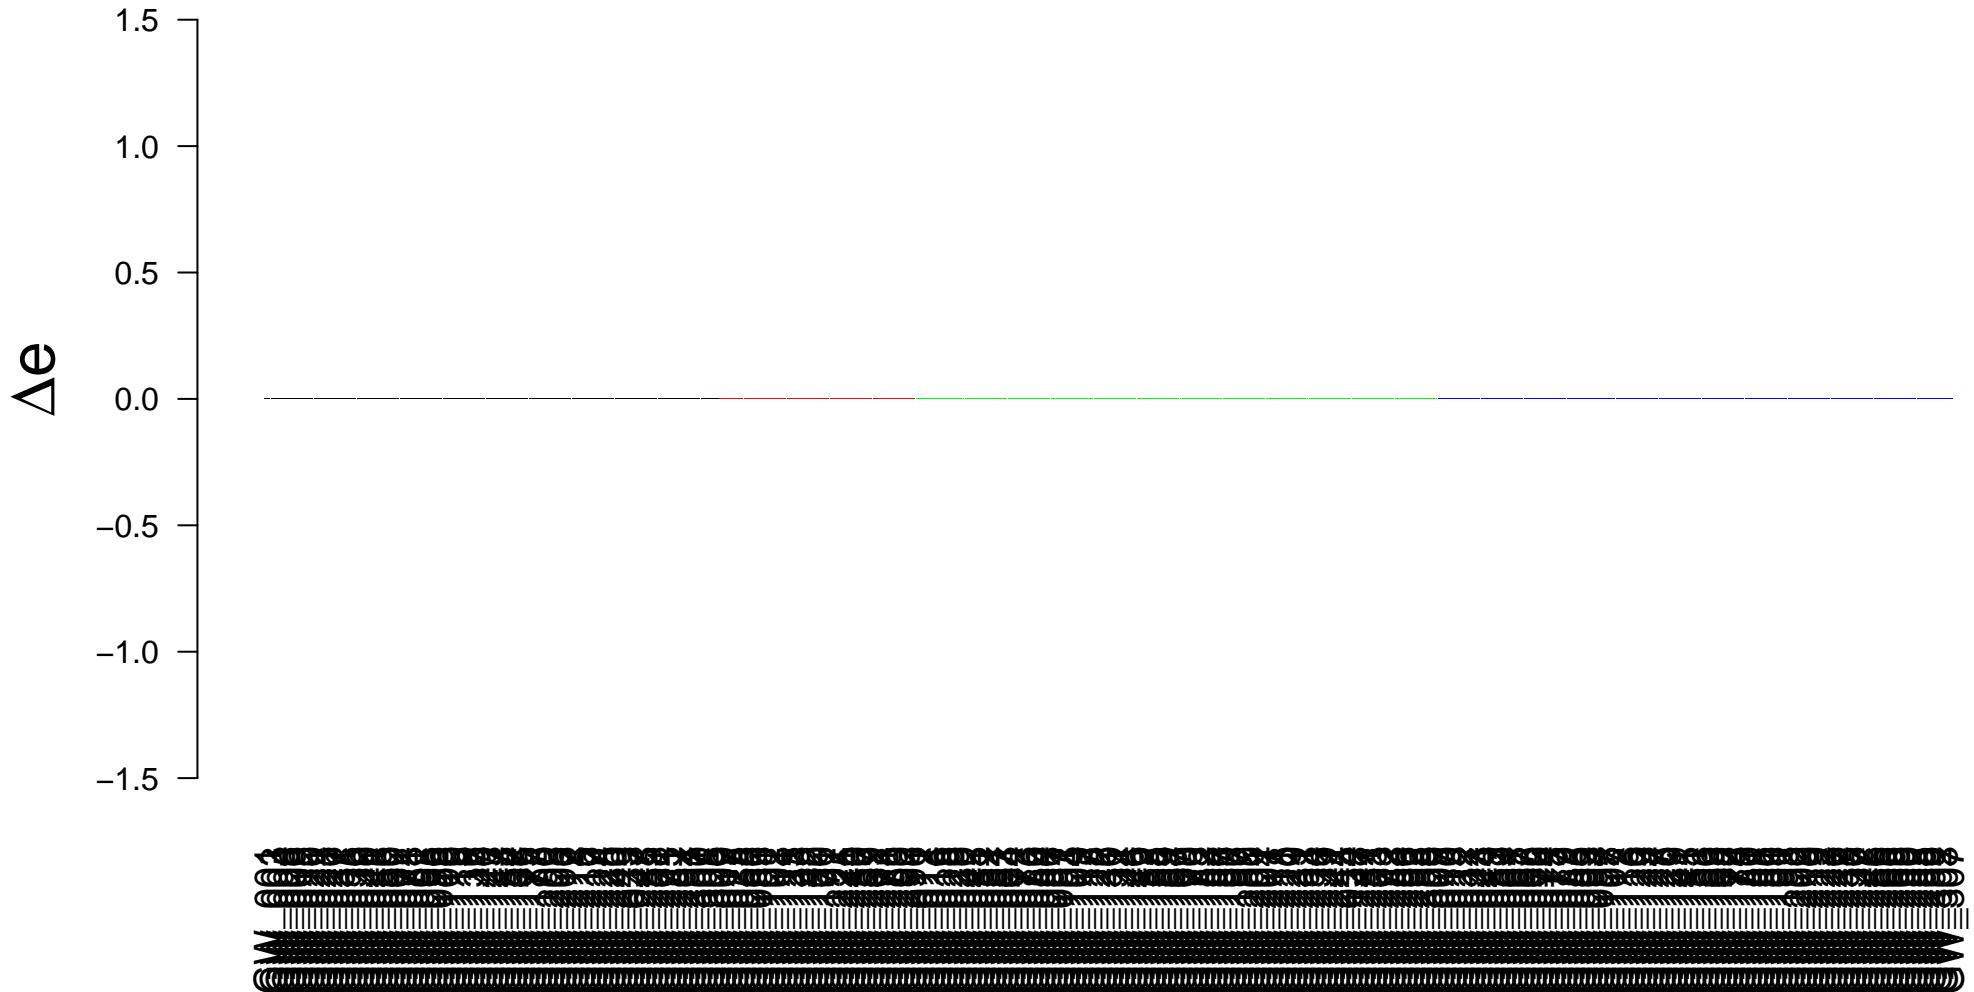

Expression of low-density lipoprotein particle in Spot L

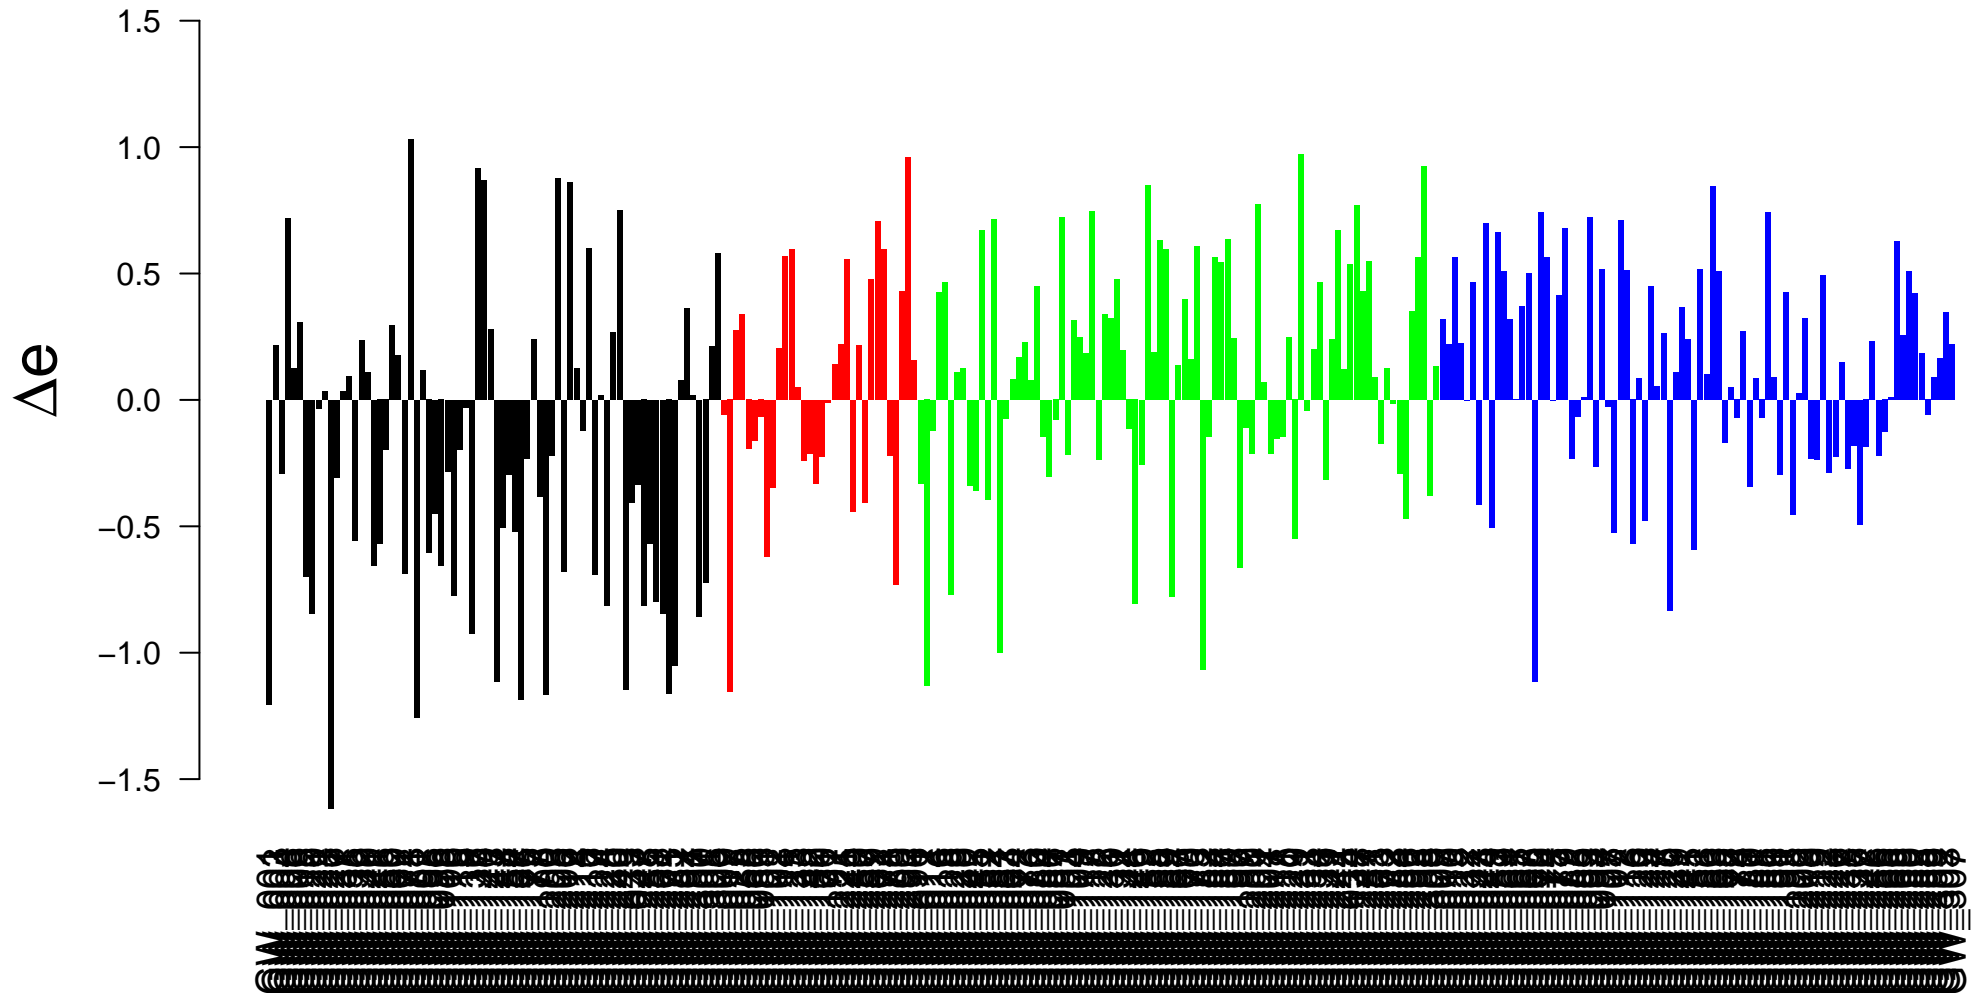

Expression of low-density lipoprotein particle in Spot M

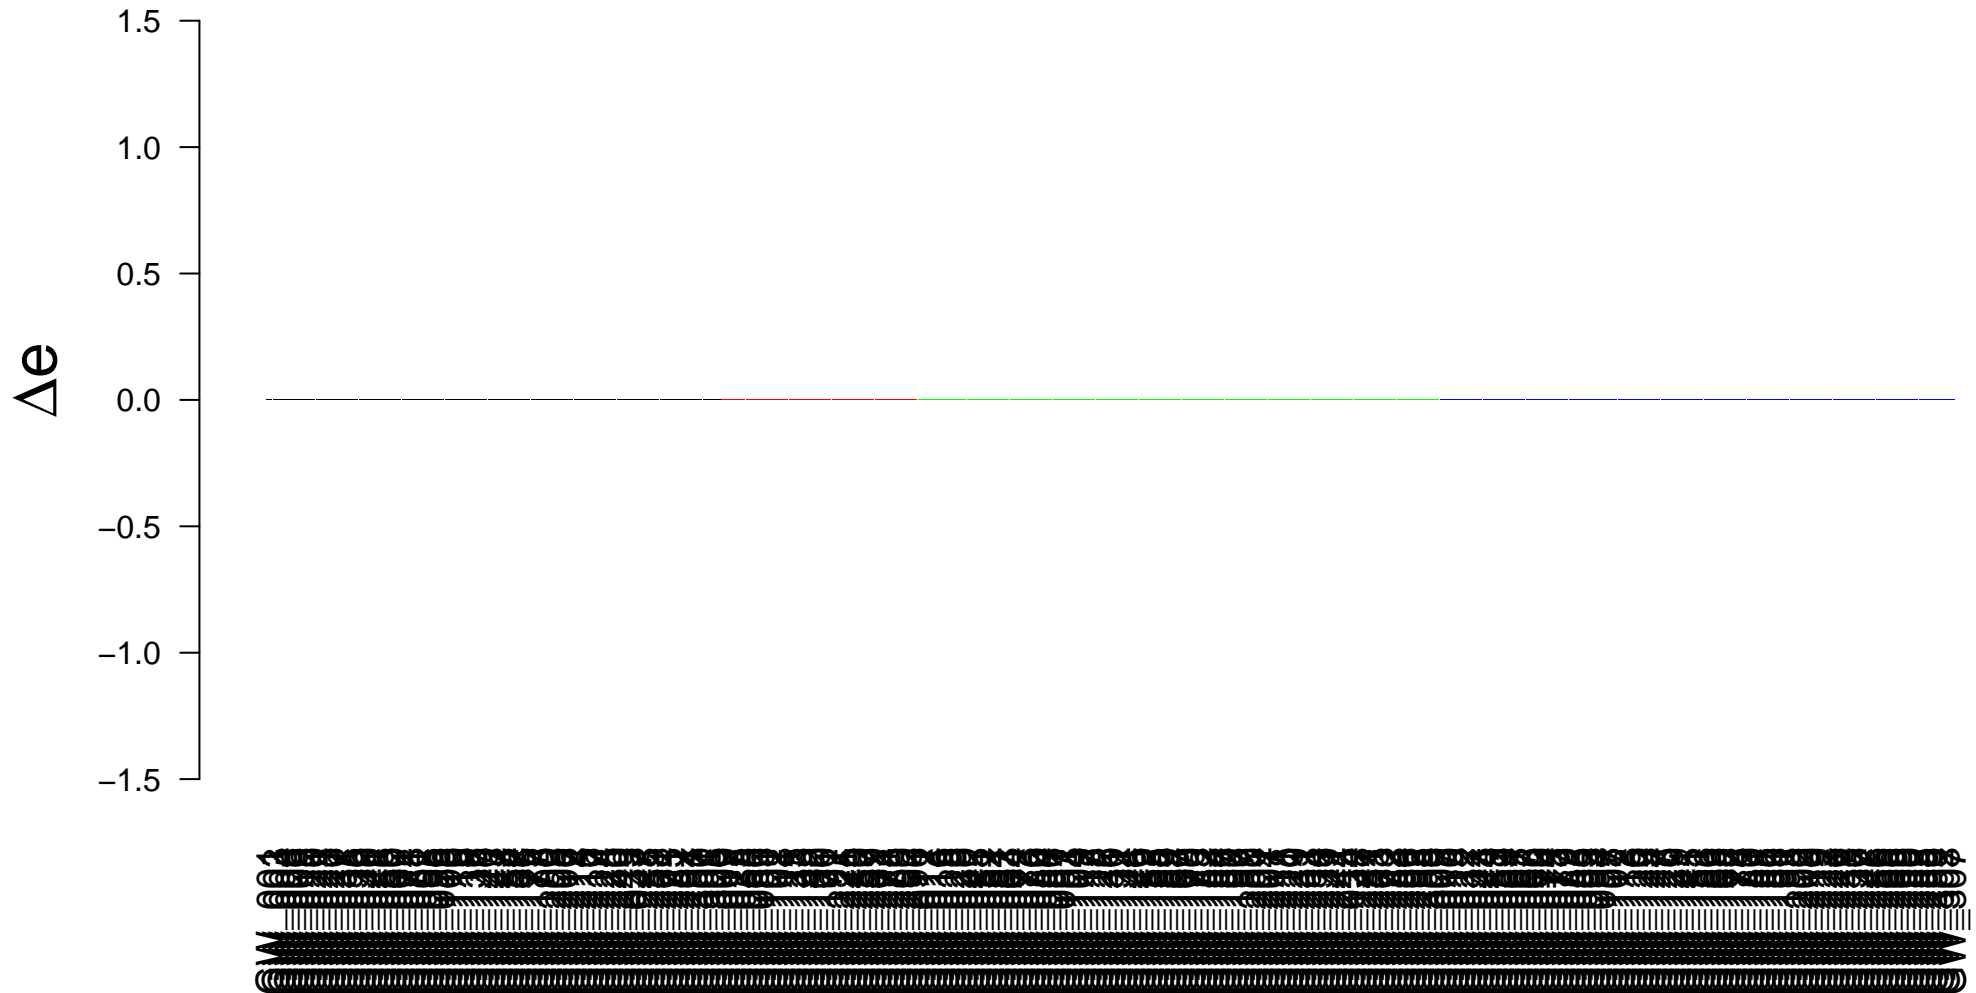

Expression of low-density lipoprotein particle in Spot N

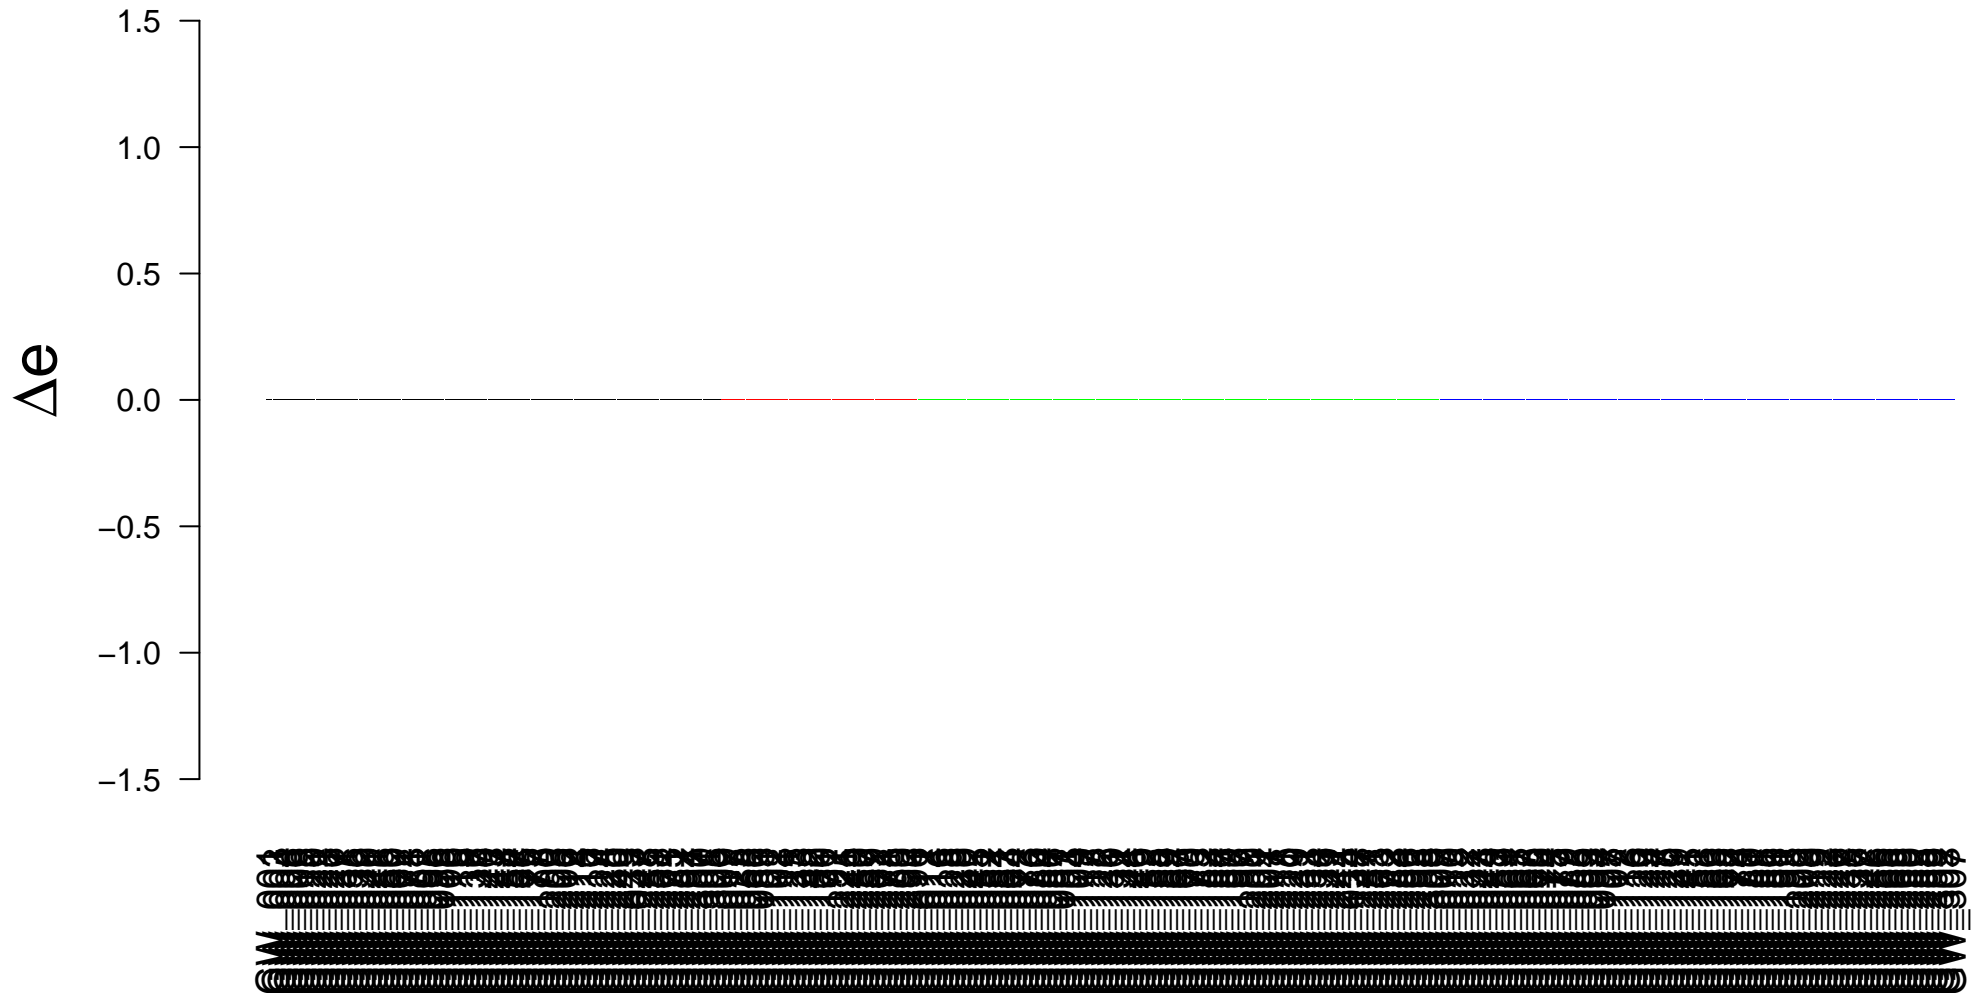

Expression of low-density lipoprotein particle in Spot O

Expression of low-density lipoprotein particle in Spot P

Expression of low-density lipoprotein particle in Spot Q

Expression of low-density lipoprotein particle in Spot R
