

# mitotic sister chromatid segregation

# mitotic sister chromatid segregation

# Enrichment in spots: mitotic sister chromatid segregation

# Expression of mitotic sister chromatid segregation in Spot A

# Expression of mitotic sister chromatid segregation in Spot B

# Expression of mitotic sister chromatid segregation in Spot C

# Expression of mitotic sister chromatid segregation in Spot D

# Expression of mitotic sister chromatid segregation in Spot E

# Expression of mitotic sister chromatid segregation in Spot F

# Expression of mitotic sister chromatid segregation in Spot G

# Expression of mitotic sister chromatid segregation in Spot H

# Expression of mitotic sister chromatid segregation in Spot I

Expression of mitotic sister chromatid segregation in Spot J

# Expression of mitotic sister chromatid segregation in Spot K

# Expression of mitotic sister chromatid segregation in Spot L

# Expression of mitotic sister chromatid segregation in Spot M

# Expression of mitotic sister chromatid segregation in Spot N

# Expression of mitotic sister chromatid segregation in Spot O

# Expression of mitotic sister chromatid segregation in Spot Q

# Expression of mitotic sister chromatid segregation in Spot R
